"Mr. Speaker, I rise with some reservations on this bill. This bill exempts the proposed Task Force from the sunshine law. I do not see why this is necessary. The Task Force is charged with making recommendations that are important to and will directly affect the entire University community, and indirectly the public at large. Although the bill calls for the Task Force to make a good faith effort to make its proceedings accessible to the public, the way in which it chooses to do so will be entirely within the Task Force's discretion and members of the public will have no recourse if they feel shut out of the proceedings.

"I realize that some may say that the exemption will make the Task Force more efficient, but you can say that about any board or organization subject to sunshine laws. The duties and responsibilities of this Task Force are large enough that it should be subject to the sunshine laws.

"First, this bill exempts the Task Force from the sunshine law. The proposed Task Force is charged with making recommendations that

are important to and will directly affect the entire University community, and indirectly the public at large. So why is it exempt from the sunshine law?

"Second, although the bill calls for the Task Force to make good faith effort to make its proceedings accessible to the public, the way in which its chooses to do so will be entirely within the Task Force's discretion and members of the public will have no recourse if they feel shut out of the proceedings.

"Third, this bill encroaches on the autonomy that was put on the UH. UH has their own budget, why do we have regents? It doesn't seem appropriate."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2978, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 783-08) recommending that H.B. No. 3422, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3422, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Shimabukuro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I just wanted to declare a potential conflict of interest. I'm an employee of the Legal Aid Society of Hawaii. Thank you," and the Chair ruled, "no conflict."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I have a similar potential conflict of interest. I'm on the Board of Directors for the Legal Aid Society. Thank you," and the Chair ruled, "no conflict."

Representative Finnegan rose to speak in opposition to the measure, stating:

"Thank you Mr. Speaker, in opposition. Basically this is increasing either the tax or the filing fees. Actually, the filing fees. And I just wanted to read a short comment from one of the testifiers. We see this more as access to justice being more expensive. Pointed out by Bill Plum representing HSBA Collection Law Section: 'This surcharge is basically a tax on innocent Hawaii residents who are forced to go to court because injustice was done and they're now trying to collect restitution with no guarantee that they will recover their losses.' It's just that we probably hurt the people that we're trying to help as well. Thank you, Mr. Speaker."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm also rising in opposition to this measure. The money collected from these surcharges, which have gone up, some of them more than doubled, goes to the nonprofit organizations like Legal Aid Society of Hawaii, Volunteer Legal Services of Hawaii, Na Loio and others. These taxpayer dollars collected through a State entity are like grant-in-aids are given to nonprofits holding a certain population to help subsidize their costs. But unlike grants-in-aid, these funds come with no strings attached, no structured outline of accountability or reporting requirements.

"Mr. Speaker, I don't think this is a good precedent. All the people that have to file papers with the courts are going to pay and sometimes they will actually be going against some of these indigents that are getting the support of the organizations with money that the taxpayers paid. So I think there are some problems with this measure. Thank you, Mr. Speaker."

Representative Shimabukuro rose to respond, stating:

"Thank you, Mr. Speaker. In support. I just want to point out to the body that CJ Moon has indicated many times in his speeches, and if you look online, this is a huge priority, not just for him, but for the Hawaii State Bar Association in general, who have identified, if you saw on the front page, I think, right around when Session started, that Access to Justice Hui did a study and found that Hawaii is severely lacking in service to the indigent.

"I wanted to also point out that the filing fees envisioned in this bill are for those most able to pay, such as the collection agencies and landowners. We're not talking about all people that file actions in court.

"I just wanted to also say that I'm really happy that this measure has the support of the Hawaiian Caucus and is part of their legislative package. This idea came out of the study. I want to quote that this was, Achieving Access to Justice for Hawaii's People that I mentioned earlier, and I quote the study. It says: 'Hawaii's Legislature should increase the amounts raised through the court filing fee surcharge for the Judiciary's indigent legal assistance fund.'

"So this measure actually came out of a working group that tried to find ways that they could come up with these desperately needed funds to help so many in our society that fall through the cracks and the safety net when trying to get the legal service they desperately need. I also have additional written remarks in support as well."

Representative Shimabukuro's written remarks are as follows:

"Mr. Speaker, I am in strong support of HB 3422 HD2. As the bill's introducer, I am pleased that it has also received the endorsement of our Hawaiian Caucus and is part of its legislative package.

"When the bill was heard by our Committee on Human Services and Housing, and later in Finance, it received strongly supportive testimony from legal and social agencies, outweighing the negative testimony, which came mostly from collection agencies.

"This bill provides additional surcharge fees on court filings – funds which are deposited in the Indigent Legal Assistance Fund – and expands eligibility qualifications for help from the fund. HB 3422 stems from recommendations made in 2007 by the Access to Justice Hui in its report, Achieving Access to Justice for Hawaii's People. Among the recommendations in the report – endorsed by many groups in the legal community, including the Hawaii State Bar Association – was the following: "The Hawaii legislature should increase the amounts raised through the court filing fee surcharge for the Judiciary's Indigent Legal Assistance Fund."

"Additional funding for civil legal services is urgently needed. District and Family Courts have seen a virtual explosion of cases in which people are unrepresented by counsel. The above-mentioned report states that only one-in-five low and moderate-income Hawaii residents have their legal needs met. This is clearly unacceptable.

"By passing this legislation, we can close the wide gap between Hawaii and other states. Nationwide, 45% of state-generated funding for legal services for the poor is from court filing fees and fines. In Hawaii it is only 14% which, in dollars, translated into only $305,000 in 2007 distributed to eight legal service providers. Surely, we can do better than this!

"I urge my colleagues to join me in passing this bill on Third Reading."

Representative Caldwell rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I would also like to declare a potential conflict. I'm on the Board of Directors for the Volunteer Legal Services Corporation. Thank you," and the Chair ruled, "no conflict."

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I am rising in opposition to this measure.

"HB3422 HD2 increases the fees to file legal papers with the court. This surcharge is really a tax on innocent Hawaii residents who are forced to go to court because some injustice was done to them and they are trying to collect restitution, with no guarantee that they will recover their losses. By raising the surcharge, you are raising taxes.

"The Republican Caucus is very committed to open and transparent government. We are very pleased with the new GIA hearing and decision making process and appreciate the opportunity to become a part of those discussions. Last year the Legislature saw fit to award the Hawaii Family Law Clinic $75,000. Legal Aid Society of Hawaii received $810,000, Na Loio received $422,296, and $600,000 went to Volunteer Legal Services Hawaii under Operating GIAs. Additionally, the Domestic Violence Clearinghouse and Legal Hotline, Oahu and Volunteer Legal Services Hawaii, Oahu received $500,000 and $50,000 respectively for CIP GIAs. Kokua Legal Services Inc., Legal Aid Society of Hawaii, No Loio, and Volunteer Legal Services of Hawaii submitted GIA requests this year for an amount totaling $2,668,000.

"Mr. Speaker, I am not opposed to providing low-income people with legal services when they need it. However, I cannot in good conscience support this roundabout way of infusing additional and unaccounted for State monies into the pockets of organizations that are also receiving State funds from the Legislature through the Grant-in-Aid process. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3422, HD 2, entitled: "A BILL FOR AN ACT RELATING TO SURCHARGE FOR INDIGENT LEGAL SERVICES," passed Third Reading by a vote of 45 ayes to 3 noes, with Representatives Ching, Finnegan and Meyer voting no, and with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 786-08) recommending that H.B. No. 2758, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2758, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ching rose to disclose a potential conflict of interest, stating:

"On Stand. Com. No. 786, I just want to declare a potential conflict of interest. My husband works for and has invested in the Hawaii Medical Center," and the Chair ruled, "no conflict."

Representative Cabanilla rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cabanilla's written remarks are as follows:

"Mr. Speaker, I stand in strong support of HB 2758 HD 2.

"The purpose of this bill is to ensure the continued strength of Hawaii's healthcare safety net by requiring the Department of Taxation (DOTAX) to defer General Excise Tax collections for any private hospital located in a county with a population greater than 500,000 that has an annual patient population consisting of 60 percent or more of uninsured, Medicaid, and Medicare patients. The Finance committee changed its effective date to July 1, 2020, to encourage further discussion on the issue.

"Hawaii Medical Center formerly St. Francis Hospitals is the only major Hospital that is paying GET tax in its hospital operations. They were only recently assessed with paying GET when they changed the name from St. Francis Hospitals to Hawaii Medical Center. The need for financial support would assist MHC to make capital improvements, equipment, supplies, materials or working capital. This bill would provide the State with a strategic tool with which it can enable hospitals to respond effectively to Hawaii's need for quality, affordable healthcare to Hawaii's most under-severed patients.

"Hawaii Medical Center West, formerly St. Francis Hospital West is the only major medical provider for the entire Leeward side of the island. The Second City of Kapolei and the entire Leeward and Central Oahu area are growing in population and Hawaii Medical Center formerly St. Francis Hospitals plays a pivotal role in providing critical emergency and medical services for a very large area of Oahu. Its continued existence is vital to the people of West Oahu.

"MHC is struggling to provide services to a large number of Medicare/Medicaid patients whose government reimbursement does not generally cover the cost of care. Currently, 70 percent of HMC's patients are Medicare/Medicaid and uninsured, a higher percentage than other local hospitals are experiencing.

"This deferment is necessary to help keep MHC solvent during this transition period – so we can continue to provide medical services to this underserved population. In return, MHC will be operating like a non-profit, in that it will not be making any distributions during this deferment period, but instead is committed to investing all its resources in its facilities, operations and services in order to continue to serve this rapidly growing destitute patient population.

"The survival of Hawaii Medical Center is critical, as they service 8,000 in-patients for over 75,000 patient days annually. This does not include the thousands of outpatients that are also served annually and the unique services provided by MHC that other hospitals are not able to absorb. In addition, MHC employs over one thousand employees who contribute hundreds of thousands of dollars in federal and State income taxes that help support the economy of our state.

"One year ago, more than 100 local physicians came together to not only save the former St. Francis Hospitals but also to help perpetuate their chartable values. The Sisters' mission was to provide service to the poverty-stricken, poor and economically challenged of the State of Hawaii. However, even with its non-profit and tax-exempt status, St. Francis was in serious financial difficulty.

"Committed to the public interest, the Good Samaritan doctors took the ultimate step of purchasing the hospitals. They discovered the hospitals were in even worse financial shape than had been anticipated. MHC was forced to make hard decisions and difficult sacrifices to keep the hospital going. They have worked long and hard to improve our operations and become more efficient because they did not want to see our community lose these important institutions, nor did we want to deprive patients of affordable healthcare. In addition, we did not want to see our community lose this organization's unique services that are based on the moral and ethical values of serving the poor and needy that had always been the mission of the Sisters of St. Francis.

"They are determined to keep MHC afloat and continue to serve the underserved and financially challenged patients that St. Francis was serving. By extending to Hawaii Medical Center this deferral,

we would be making a wise investment in healthcare for the destitute people of Hawaii. I recognize we are faced with many competing demands for limited state resources. MHC is simply requesting this deferral in order for MHC to continue to serve its high percentage of uninsured and needy patients.

"MHC is only asking for a more even playing field. They have the highest rate of un-served patients and thier predecessor and ALL other hospitals in the State of Hawaii were/are tax exempt. MHC serves a higher percentage of government insured patients compared to others. No other hospital has the burden of the GET. MHC is only trying to continue to operate and provide services to this underserved population without the added burden of the GET just like St. Francis was and all the other hospitals in the State area. I sincerely believe that your support for the HMC's best efforts to serve these underserved patients would be in the best public interest.

"If we are going to solve the health care crisis that confronts our State and provide a safety net for the uninsured and the underinsured, it is going to take a bold vision, creative innovation and timely investment, both public and private. The deferral will help the State ensure that quality, affordable healthcare continues to be available to society's most vulnerable.

"It would ensure the continued existence of important medical assets in the State to ensure many of Hawaii's most vulnerable populations will continue to have access to health care. I sincerely believe that our support for such a deferral program which will result in more money to the State would be in the best public interest. Please help lead the way by approving reasonable excise tax relief to those Medical Centers that provide medical services to the underserved."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2758, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 787-08) recommending that H.B. No. 2238, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2238, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. On Stand. Com. Report 787, in opposition. Thank you, Mr. Speaker. This bill, the HD 1, requires public housing projects and affordable housing funded by county or State funds to remain affordable in perpetuity. And I think in regard to that, the thing that I am uncomfortable with is, perpetuity. Perpetuity is a very, very long time, and the different types of affordable projects have taken place where I think this may interfere with creative solutions that government and people come together to help with.

"I'd like to name the Kukui Garden situation or even the idea of possibly buying an affordable unit and making it your own. Those are steps for people that need these types of homes or rentals to be able to live the American Dream. That's one of the things that home ownership has been known as an American Dream. And I just don't know how this would be affecting those type of situations. Thank you, Mr. Speaker."

Representative Shimabukuro rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. First I just want to say I think that as far as the American Dream, there are plenty of properties out there with all the market price development going on. If you want to pursue the American Dream, you have plenty of chance to do that.

"But I really disagree with HPHA's decision to sell public housing and affordable housing, such as their Section 8 properties, to private developers who are not willing to maintain a perpetual affordability requirement. This bill requires that all sales are made affordable in perpetuity. In Hawaii, housing is so very scarce and to sell our precious State public and affordable housing will cause future generations to forever lose the few areas that we have set aside for the needy. It's very upsetting to me when I hear things like units in Kaka'ako that were only affordable to the first buyer, or I fret when I hear that developers only have to enforce a 10-year buyback provision. What will happen after that? Will we see gated communities and mansions on our precious previous public housing properties?

"I realize the HPHA is in need of money now to do their critical job. However, I think it's short sighted to jeopardize the future of our children and grandchildren for our current benefit. Many organizations like nonprofits and community land trusts are waiting, willing and unable to manage land that is affordable in perpetuity. Mr. Speaker, we really should partner with these groups to do what is right for the future of Hawaii. Thank you."

Representative Finnegan rose to respond, stating:

"Thank you, Mr. Speaker. Just in rebuttal. It took a really creative situation to do Kukui Gardens, and what it did was, the plan is basically to help sustain affordable units. They're mixing it with non-affordable units. This is where I think this may be a little short sighted. We may not be able to take advantage of those types of creative opportunities.

"The other point is, when you have affordable units, not always is that the best social situation. I think we've also heard testimony or people who come and say, 'Hey you know what? It's good to have mixed affordable and non-affordable in the same building, or in the same project.'

"So I don't want to propose any extreme measures, but I do want to say that this does not create the situation that will allow us to do what we want to do, which is to create more affordable housing and keep it sustainable by having creative opportunities to do that. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2238, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC HOUSING," passed Third Reading by a vote of 44 ayes to 4 noes, with Representatives Ching, Finnegan, Marumoto and Meyer voting no, and with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 788-08) recommending that H.B. No. 2512, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2512, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising in support with some reservations. This bill, as originally introduced appropriated $500,000 from the general fund to go to HHFDC to assist developers in contracting for third party review and certification, to expedite the process and issuance of building permits for housing projects that are affordable.

"I'm just concerned, that the agency, HHFDC, was concerned that it is diminishing their budget. But I'm also concerned that there's no

guarantee that this will actually speed up anything. Thank you, Mr. Speaker."

Representative Shimabukuro rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. This bill represents a really rare time when the State and the City are in agreement over how to expedite the processing of affordable housing.

"In my short tenure as your Human Services and Housing Chair, I've seen much discord over this subject with top county and State officials pointing fingers at each other as to why this permit process seems to be failing. And this concept of third party review was suggested to me by the City Department of Planning and Permitting last year. At the time when the discussion various measures such as forcing the City to speed up, give them funds to hire more staff and transferring their duties to the State.

"The counties oppose all of these measures. They did not want unfunded mandates or the sacrificing of their homerule in environmental laws. They even stated that giving them more money to hire staff wouldn't work because of the severe shortage of engineers and architects, and that no matter how much money we give them, they'd never be able to compete with the private sector. But what DPP did do is urge funding of third party review.

"Now this is a process that's already in place and where the counties can certify private entities like engineers and architects to conduct the business of certifying various aspects of the permits. So this prevents having to reinvent the wheel. It does not involve having to hire additional civil servants, and is really a win-win situation.

"HHFDC was in support of this measure and Director Dan Davidson testified that the $500,000 appropriated could pay for approximately 20 projects. So I think that really, 20 affordable housing projects that would be expedited in this manner, and does not offend the county, environmentalists, developers and the like, is truly priceless. And given the small appropriation, this is a measure that really has a lot of 'bang for the buck'. Thank you."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Awana rose in support of the measure and asked that the remarks of Representative Shimabukuro be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2512, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 789-08) recommending that H.B. No. 2513, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2513, HD 1, entitled: "A BILL FOR AN ACT AUTHORIZING THE ISSUANCE OF GENERAL OBLIGATION BONDS AND MAKING AN APPROPRIATION TO THE DWELLING UNIT REVOLVING FUND," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 790-08) recommending that H.B. No. 2514, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2514, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE CONVEYANCE TAX," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

At 11:49 o'clock a.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2978, HD 1
H.B. No. 3422, HD 2
H.B. No. 2758, HD 2
H.B. No. 2238, HD 1
H.B. No. 2512, HD 2
H.B. No. 2513, HD 1
H.B. No. 2514, HD 1

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 791-08) recommending that H.B. No. 2515, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2515, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Kukui Gardens as we all know is an 857 unit low-income apartment complex on the edge of Chinatown. When news of the sale of Kukui Gardens came to light, residents of Kukui Gardens, many who are elderly feared they would have no where to go. This bill provides the second portion of funding that in turn, reduces the debt service stemming from Hula Mae Multi-family revenue bonds issued to finance the purchase of the outstanding portion of Kukui Gardens.

"The bill is an example of how the Governor and members of the government addressed a pressing issue for this for Hawaii citizens. Since then, the Administration has endeavored and it has succeeded in helping to keep half of the property affordable and the other available for mixed use, retail and office purposes.

"Given the shortage of affordable housing, many people were in danger of losing their homes, but because of this Legislature, Members of this Legislature and the Administration, we were able to keep 389 apartments affordable for the next 60 years.

"I vote in strong support of this bill, not only for what it has done for the residents of Kukui Gardens, but also for what this bill represents in terms of what government can represent, working together for the people and making sure that people are taken care of. Thank you to this Legislature, and in particular, the Speaker of the House. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2515, HD 1, entitled: "A BILL FOR AN ACT RELATING TO KUKUI GARDENS," passed Third Reading by a vote of 46 ayes, with Representatives Awana, Cabanilla, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 792-08) recommending that H.B. No. 2558, HD 2, as amended in HD 3, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2558, HD 3, pass Third Reading, seconded by Representative B. Oshiro.

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support of Stand. Com. Rep. No. 792, House Bill 2558. On January 17th of this year, Cyrus Belt, only 23 months old, was thrown from the H-1 freeway pedestrian overpass. According to the City medical examiner, Cyrus died from a 24-foot fall. Earlier in that day police found young Cyrus wandering and brought him back to his house.

"Mr. Speaker, not every child in Hawaii is raised in a safe and loving home. While often we don't realize the children become victims of abuse and neglect, sometimes from the very people they trust the most: their parents and guardians. Child abuse and neglect has a devastating impact on the life of a child that goes beyond immediate physical and emotional harm that is inflicted on them.

"House Bill 2558 authorizes the Department of Human Services to conduct unannounced visits to inspect a parental home in which a household member was convicted or adjudicated for certain offenses of child abuse or neglect. It establishes a Well Child Follow-up Visit Pilot Project. Unannounced visits and the Follow-up Visits Project is a unique preventative approach to assist the needs of our at-risk families.

"This measure could provide the needed safety net to prevent families from re-entering the criminal system as they would be able to address possible child abuse and neglect concerns before they escalate into irreversible harm or abuse. Thank you, Mr. Speaker."

Representative Shimabukuro rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Shimabukuro's written remarks are as follows:

"In support. With the tragic death of Cyrus Belt fresh on our minds, the timing of this measure, which was actually envisioned before his death, could not be more perfect.

"HB2558 was designed with the well being of our *keiki* in mind. When there is potential for abuse of a child we must do all we can to prevent that from happening. By establishing a child follow-up visit pilot project to make more regular and unannounced visits to homes with an abuse potential, it will surely limit the risk factor for our *keiki*.

"Your Committees on Human Services & Housing and Judiciary have heeded the requests of DHS and the Attorney General and made their recommended changes.

"For example, the Judiciary Committee amended this bill by adding a purpose section to clarify the statutory provisions provided for in the bill, and made several other critical changes.

"Our *keiki* are our future and we must do all we can to protect them from harm."

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of H.B. 2558, H.D. 3 that Authorizes the Department of Human Services to conduct unannounced visits to inspect a parental home in which a household member was convicted or adjudicated for certain offenses of child abuse or neglect.

"I believe there are ways to improve the process in which we protect our *keiki* and prevent situations from getting out of hand without infringing on the constitutional rights of our citizens. In my opinion, a program of this magnitude is too expensive and poses numerous legal and liability concerns. Thank you, Mr. Speaker."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I also have reservations on this measure. I think the Department of Human Services said it would take about $6 million to do this and they didn't feel they had the money or the staff to do what this bill calls for."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2558, HD 3, entitled: "A BILL FOR AN ACT RELATING TO CHILD PROTECTION," passed Third Reading by a vote of 46 ayes, with Representatives Awana, Cabanilla, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 794-08) recommending that H.B. No. 2527, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2527, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition to this bill. This bill requires the Department of Land and Natural Resources to establish a system of greenways and trails, and also requires the Office of Planning to coordinate Smart Growth planning. I actually have problems with both of those purposes.

"First I'll address the greenways. The problem with this is that they're asking the DLNR to expand the scope of its Na Ala Hele Program into urban transportation management. The Statewide greenway concept is much larger in scope and function than the Statewide Trails and Access System Program and trying to fit the same programs under the same umbrella may dilute the focus of the Na Ala Hele Program and diminish both the resource management and recreational values derived from this small program. DLNR said this bill goes way beyond the scope and intent of the Na Ala Hele Program and is beyond its staff ability at the present time. Before we consider passing this bill Mr. Speaker, we should have assurances that DLNR has the necessary staff and training to handle the job.

"On the section in the bill that asks for the Office of Planning to act as an advocate and coordinator for Smart Growth principles, I would say we should move a little slowly in this area and that the question is: Is Smart Growth really that smart? Portland, Oregon went into this just big time over the last 20 years, and the strategies that they used have created a situation where their housing crisis skyrocketed and has increased traffic congestion dramatically. This was caused by them drawing lines and saying, 'This is the Smart Growth area. You cannot go beyond this area for urban growth.' They set them up many years ago, but they haven't expanded them and it's created this push and actually not made it a better place to live.

"I think we all read the paper the last couple days where some environmental terrorists set four model homes on fire in Seattle. If you listen to some of the radio news, they are characterizing these people as actually non-sprawl activists. They don't want sprawl. That's one of the key things about Smart Growth, we don't want sprawl, but these people have taken it way out there to limits that we should not, nobody should condone, but you don't hear a hue and cry.

"If these folks had gone after a new affordable housing building, or a new shelter for the homeless and set them on fire. Well, I'm just saying we have to keep things in perspective. People deserve to have choices and I don't think it is always appropriate that the government mandates and thinks that they have the design that fits the purpose for all people. Just this group called the Earth Liberation Front. Obviously they have agendas. They don't want the sprawl, and they want everything to be green. They scrawled on the wall of this

building, 'Build green? Nope, black,' and that gave them enough justification to set up very complex explosive devices that torched these places. Anyway, I'm really worried about Smart Growth, Mr. Speaker. Thank you, very much."

Representative Bertram rose to speak in support of the measure, stating:

"Yes, I rise in strong support. Greenways are a very, very important aspect of preserving our open spaces, as well as preserving our access to it. I agree with the comments about DLNR and the Na Ala Hele Program not being enough, or sufficient to actually create such a program in Hawaii, but they are the right State agency to take the lead in actually facilitating such a program.

"I think the intent behind this bill is to actually create more of a Greenways Commission which would come out of hearings that Na Ala Hele could initiate, that would actually pull together all the stakeholders in creating a good greenway system because it does take more than just the State. It does take more than just a small program of DLNR. It takes the whole community. It takes landowners and other folks who can not only bring their expertise, but their money to the table.

"So it is a good first start, a good first step toward creating a Statewide greenway system, and it gives it the official backing of the government to see this thing get going.

"The other part of Smart Growth is that I think what the previous speaker was referring to regarding urban growth boundaries, which is part of some Smart Growth initiatives, I'm not so sure it's part of this one. But the idea of choices is true, and the choices in Smart Growth actually relate back to that. The idea that we can make choices outside of the sprawl that our current land use laws basically implement, where all the zoning is separated and you can only get from the commercial to the residential to the industrial with your automobile.

"So the idea is that we now push it all back together and create the types of communities that actually provide choices outside of what we have now. Choices where people can live above where they work, and live and work and play and walk in the same communities instead of having to drive everywhere. Right now we don't have those choices. So this is about choices. It is moving forward for greenways for our State, which is something that 70 percent of people in a recent study they did actually a couple of years ago said they support. It's the one bicycling improvement that everyone supports and that is off-road trails. It is the safest way to get around and it also preserves our open space. Thank you."

Representative Cabanilla rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition with a rebuttal to my colleague there from Maui. When I started reading this bill, I realized it was a few pages, maybe about 20 pages of it. And I started out with a very good, warm feeling that this bill is good, well-intended and it affected the work of a lot of people. It is very comprehensive.

"But then when I got to the portion when it started talking about penalties: civil penalties, criminal penalties, and prison sentences. I said to myself, 'No, no, no. I don't think that this should be something on the Floor of the House that we're voting on.' The title says, smart growth. It's not about felony charges. So I think that this is a great plan, but I don't think it belongs in the statutes, Mr. Speaker. I think it belongs in the State Plan, but I don’t think we should be writing prescriptions here on how people live and where they work.

"I think that we should pull back and re-look at this matter and perhaps we need to study this bill more and it should go in a State Plan, rather than us deciding for the future of our people in the manner of where they live and work. Thank you."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support very briefly. I just want to rebut the statement from the Representative from the 47th District to say that Portland's model is not a good one. On the contrary. I think it's a very good one. The reason prices have gone up in Portland is that people want to live there. And the traffic has gotten worse because the population has increased. The last time I checked here on Oahu, the traffic's pretty bad and our housing prices are really high. So I think those statements are misinformed. Mahalo."

Representative Meyer rose to respond, stating:

"Thank you, Mr. Speaker. Just a brief rebuttal. Portland also went into mass transit. A lot of their development was built around the mass transit, and they wanted the mixed use so they had commercial space on ground floor. In many of those buildings they did not make any provisions for parking cars, with this idea that nobody would need a car because the transit was there. The commercial operations on the ground level, they couldn't make enough money because the people that didn't live in the building couldn't drive and park there because there was not adequate parking. Somebody that was an entrepreneur got some land next to some of these buildings and built a parking lot because the people who bought into some of these condominiums with the mixed use, they all had cars and there was no place to park them.

"As far as the congestion, as they move their mass transit out somewhat from the urban core, they went to ground level, surface level and they took streets that previously had been not too congested, but when they got the rail running down the middle and removed two lanes, they created havoc as far as congestion. I think these things can work, but I'm just pointing out some of the problems with them that people didn't consider ahead of time. Some of those condominiums were half-built and left there for years until some developer was able to pick them up at a song, a good price and tried to make them work. But that's because there was poor planning.

"As far as the traffic, I don't know what they're going to do about that. They've eliminated lanes. We saw the previous Mayor of Honolulu do a similar thing. He bought into Smart Growth, started putting in these traffic calming devices into neighborhoods in Kailua that absolutely eliminated a lot of parking stalls, created a dangerous situation on roads with these things that jutted out into the middle of the road.

"I think we have to move slowly, we should look at the problems they've had in other areas and learn from that. But just this idea of the sound bite of the day: 'Smart Growth. Hawaii is for Smart Growth.' Maybe we could just slow down a little bit and see what's happening in other areas. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2527, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SMART GROWTH," passed Third Reading by a vote of 45 ayes to 1 no, with Representative Meyer voting no, and Representatives Awana, Cabanilla, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 795-08) recommending that H.B. No. 2828, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2828, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure, stating:

"Mr. Speaker, I'm sorry I was waiting for my colleague from the 48th District to bounce up because this is a very good bill. This is

Stand. Com. No. 795. It's a bill trying to appropriate money to operate the Super Sucker. I think most of us have read things about it in the paper. It's a very good thing for harvesting alien seaweed and they've been using it with great results. We're also talking about a Junior Sucker. I'm very happy to see this bill."

Representative McKelvey rose to speak in support of the measure, stating:

"In support. And I'd like to say that never let it be said that I didn't support a bill that sucks. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2828, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE SUPER SUCKER," passed Third Reading by a vote of 46 ayes, with Representatives Awana, Cabanilla, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 798-08) recommending that H.B. No. 3391, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3391, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I am voting with reservations. Thank you, Mr. Speaker. In light of our budget and trying to not spend as much money, I'm just not at the point of being convinced that there needs to be this particular report. Basically DLNR does a lot of reports already, and this might be a way that we can save a million dollars. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3391, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AQUATIC RESOURCES," passed Third Reading by a vote of 46 ayes, with Representatives Awana, Cabanilla, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 800-08) recommending that H.B. No. 2259, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2259, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support with a few brief comments. Mr. Speaker, the appropriation in this bill would allow for a feasibility study of a spaceport, a spaceport right here on Oahu. It brings the tourism industry into space tourism. Space tourism is going to be alongside now the surf, the sand and the sun because we've always talked about diversification of the tourist industry, well this is one that's going to do that.

"What's exciting about this is that there are a small number of licenses for spaceports in the U.S. This appropriation will allow Hawaii to have a leg up on one of the next spaceport licenses. And we've already had interest received from Rocketplane, which is an XP plane that will allow residents, as well as visitors to have a weightless experience. The cost is reasonable compared to what it used to be.

"I think that this bill is not only going to bring high skilled jobs and high paying jobs, it's anticipated to bring $200 million in for State revenue. And I mentioned earlier that it's going to be right here on Oahu, because these planes, these space planes actually take off and land horizontal and they can do it right here at the Honolulu International Airport. In conclusion Mr. Speaker, this is the way to diversify our tourism industry and it's really out of this world. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2259, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AEROSPACE DEVELOPMENT," passed Third Reading by a vote of 46 ayes, with Representatives Awana, Cabanilla, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 801-08) recommending that H.B. No. 2473, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2473, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TECHNOLOGY," passed Third Reading by a vote of 46 ayes, with Representatives Awana, Cabanilla, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 802-08) recommending that H.B. No. 2781, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2781, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I'm rising in support of HB2781 with reservations.

"While this bill has a good intent, it seems to be unnecessary as interested parties already have ample opportunities to testify before the Small Business Regulatory Review Board at public hearings on proposed rules. Per DCCA's testimony, they feel that the protections currently in place are appropriate and help ensure that regulations do not slip by without input.

"Furthermore, DCCA notes that some of what is in this bill is already required under the law and that they have never heard a single objection from SBRRB or anyone else associated with the process that agencies are not following the law or not providing the required information.

"It should also be noted that DCCA has testified that they have not heard any explanation as to why this proposal was offered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2781, HD 2, entitled: "A BILL FOR AN ACT RELATING TO SMALL BUSINESS," passed Third Reading by a vote of 46 ayes, with Representatives Awana, Cabanilla, Nakasone, Souki and Takai being excused.

At 12:10 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2515, HD 1
H.B. No. 2558, HD 3
H.B. No. 2527, HD 1
H.B. No. 2828, HD 1
H.B. No. 3391, HD 2
H.B. No. 2259, HD 2
H.B. No. 2473, HD 2

H.B. No. 2781, HD 2

Representative Yamashita, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 806-08) recommending that H.B. No. 3286, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3286, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3286, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MINING," passed Third Reading by a vote of 47 ayes to 1 no, with Representative Carroll voting no, and with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 879-08) recommending that H.B. No. 2766, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2766, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in support of the measure, stating:

"Mr. Speaker, on Stand. Com. No. 879, I would like to speak in favor. This bill is about accountability and protection. Domestic violence situations as we have all learned, are not black and white scenarios. And experts have told the Legislature that a victim does not always want to leave the abuser. However, if a victim does decide to leave, we must hold the abuser accountable. And if he violates a court order of protection, we must further protect the victim from further victimization.

"The purpose of this bill is to allow courts to require electronic monitoring of persons convicted of violating a domestic abuse protective order because many of the people who take out orders of protection are women. I'm very proud that this is passing as a Member of the Women's Caucus who sponsored this measure, and of the Republican Caucus which is over 80 percent female. I'm encouraged to see this bill pass through the House.

"As many of the testifiers have highlighted during the Committee hearings, one of the most important tools to deter abuse is to hold them accountable. And if a TRO is insufficient, we will have to use stronger measures such as electronic monitoring.

"Opponents of this bill have raised objections, arguing that the system is too costly for some. While I do concede this point, perhaps we should all work together toward a reasonable solution to the cost issue. If we do not, we will eventually have to face the stark question of whether another tragic death was worth the penny pinching, $5 a day.

"As a society we cannot turn our backs on the victims, male or female, who have mustered enough emotional and physical strength to live through an abusive relationship. Now it is not too much for these courageous people to expect the Legislature to have enough political strength to provide them with the protection that they need. I ask you all to support this measure. Thank you."

Representative Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I am in strong support of HB 2766 – Relating to Electronic Monitoring.

"Victims obtain Temporary Restraining Orders (TRO) or Protective Orders (PO) as legal means for seeking safety from domestic violence. Statistics show that approximately 75% of women murdered by a partner or former partner had separated from their batterer or told their batterer they planned to leave.

"The intimate nature of these relationships means that the offender is well-versed in the victim's routines, and personal and social affiliations, such as family, friends, and membership in organizations. He knows when and where she works, the school where she waits to pick up the children, her telephone numbers, as well as her travel routes to reach home, work or fulfill other responsibilities, needs or preferences. Such knowledge of her daily routines furnishes the abuser with numerous opportunities to harass, talk intimidate, assault or abuse the victim in violation of protective orders.

"The electronic monitor is a global positioning satellite (GPS) device. Its purpose is to reduce contact between an order violator and the victim. If the order violator enters a court defined exclusion zone, the victim and the police will be notified as to the violator's location.

"Electronic monitoring serves as an additional tool that would assist in protecting victims and their children's safety."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, on behalf of the opposite sex in the Caucus, I wish the comments of the previous speaker to be entered into the Journal as if they were my own."

Representative McKelvey rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. And may I have the words of the previous speaker entered as my own, except for the portion of the Hawaii Republican Caucus. Thank you."

Representative Finnegan rose in support of the measure and asked that the remarks of Representative Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Awana rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I stand in strong support for HB 2766, H.D. 2.

"Electronic monitoring has become an effective tool in ensuring the safety of individuals who have restraining orders against their abusers. The untimely death of 29 year old Janel Tupuola and 39 year old Jenny Hartsock is a testament of abuse that eventually leads to death. Would Janel and Jenny be with us had this bill been implemented? I cannot say. However, I can say that this bill is definitely a step in the right direction. Thank you, Mr. Speaker."

Representative Shimabukuro rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Shimabukuro's written remarks are as follows:

"In support. Although the Judiciary Committee had concerns that this measure may be unnecessary and difficult to implement, the bill

provides the critical appropriations necessary to ensure that domestic violence perpetrators can be electronically monitored.

"My staff contacted the Hawaii State Coalition Against Domestic Violence, Domestic Violence Action Center, Na Loio No Na Kanaka, and VOICES. These advocates strongly feel that although electronic monitoring may already be permitted by the HRS, they have never seen it implemented. They believe this specific bill which mandates the devices would ensure that more abuse cases get the monitoring devices which are desperately needed.

"The recent tragic deaths of many domestic violence victims points to the dire need for this type of protection.

"In many situations the abusers of domestic violence victims comply with the restraining or protection orders and stay away from the victim. However, in some situations the order does nothing to deter the abuser from pursuing and harming the victim. In these cases, the victims need more protection.

"HB2766 allows the courts to require electronic monitoring of persons convicted of violating a domestic abuse temporary restraining order or protective order. The purpose of electronic monitoring is to reduce contact between an order violator and the victim. Electronic monitoring will provide victims and police with an alert that the abuser is near if the order violator enters a court defined exclusion zone. It also will make abusers aware of their actions and possibly make them more accountable.

"Electronic monitoring for temporary restraining and protection order violators would serve as an additional tool that could safeguard victims, and their children. The projected costs for the electronic devices are in no way too expensive when it comes to protecting someone's life."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2766, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTRONIC MONITORING," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 881-08) recommending that H.B. No. 3008, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3008, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of this bill. We all know the importance of having access to quality healthcare. Oftentimes it could mean the difference between life or death, which is why I rise in support of this measure today.

"Low-income or rural communities often have a "small town feel" to them, including the existence of a single healthcare facility for the entire community. In these areas our Federally Qualified Health Centers (FQHCs) are most often than not that healthcare facility. However, because they are government-subsidized facilities their funding needs are not always completely met.

"FQHCs are often the only healthcare facility in low-income and rural areas of our State. They are usually the place responsible for ensuring the health and well-being of their communities.

"Like the rest of the State, these communities are growing and the FQHCs need to be able to grow along with the community in order to continue meeting their health needs. It is also critical that these FQHCs have the tools necessary in order to provide their clients with quality healthcare.

"This bill proposes a tax credit for those FQHCs to be eligible for a tax credit on any monies used to improve their facilities in order to better serve their clients. Some see it as a tax credit. I prefer to call it an investment in our State's health.

"This is not a perfect bill. It needs further discussion to work out clarifying verbiage and issues flagged by the Administration regarding the fiscal impact, but the intent is clear. Private healthcare organizations such as HMSA are required to re-invest any excess profits over a certain amount into healthcare services for their clients. Passage of this bill will help re-invest the money that would have been spent on taxes into increased healthcare for the beneficiaries of the FQHCs.

"The monies that the FQHCs save through this measure can be better spent on providing upfront, preventative and maintenance healthcare which will help us reduce future spending to subsidize the uncompensated care cases that FQHCs and our other hospitals take on because there will be healthier people and less reasons to need emergency care.

"Hawaii is one of the healthiest states in the country. Helping our rural and low-income health care facilities upgrade and improve their facilities and services through a tax credit is consistent with that claim. This bill has great merit. Let's continue the discussions on this measure and re-affirm our commitment to improving the quality of healthcare in our State. Thank you, Mr. Speaker."

Representative Shimabukuro rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Shimabukuro's written remarks are as follows:

"Mr. Speaker, I am in strong support of House Bill 3008, which provides a tax credit for Federally Qualified Health Centers (FQHC).

"I speak not only as the Representative of a district that is served by such a center. I speak also as Chair of a Committee that has heard convincing testimony calling for this kind of support for our health centers in rural and underserved areas throughout Hawaii.

"Hawaii's 14 community health centers are vital safety net providers. They face increasing demands for a variety of free and discounted medical services. The tax credit proposed in this bill has been designed to provide incentives for low-income communities to capitalize on existing private fundraising initiatives and seek non-State dollars for capital improvements and other needs.

"Three House Committees, including Finance, have incorporated amendments suggested by the Department of Taxation, resulting in the HD2 we are voting on today. The amendments will help to minimize revenue loss, reducing considerably the range of financial impact suggested in the Department's testimony. A realistic estimate is that, over a five-year period, the proposed refundable tax credit would be about $25 million and would stimulate nearly $130 million in improvements and expansion for community health centers.

"I urge my colleagues to join me in supporting HB 3008."

Representative Ching rose to disclose a potential conflict of interest, stating:

"I'd just like to pose again, I may have a conflict of interest. My husband works for HMC. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3008, HD 2, entitled:

"A BILL FOR AN ACT RELATING TO QUALIFIED IMPROVEMENT TAX CREDIT," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 884-08) recommending that H.B. No. 3400, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3400, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Shimabukuro rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Shimabukuro's written remarks are as follows:

"In support. This measure provides much needed assistance to a gap group of people. Under current law, you must generally be blood related to a child in order to qualify for welfare assistance.

"Current law leaves out people who, often due to CPS intervention, volunteer to become legal guardians over abused and neglected minors. "Legal guardian" means a person appointed by a court of law to serve as a legal guardian over a minor.

"If the legal guardian is not blood related to the child, they will not qualify for welfare cash assistance.

"HB 3400 requires the Department of Human Services to amend its administrative rules to add "legal guardian" to the definition of a specified relative.

"Please support this critical measure."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3400, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ASSISTANCE," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 887-08) recommending that H.B. No. 2913, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2913, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Awana rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker I stand in strong support. I applaud the commitment of Saint Francis Healthcare system and the National Kidney Foundation of Hawaii in their effort to establish a public/private partnership in the fight against this deadly disease.

"Chronic kidney disease is preventable, but all too often goes undetected until it is too late and the damage is irreversible. Increased screening, patient monitoring and research is needed now to help 20 percent of our population who either have or may develop this disease. I ask all my colleagues to join in this effort to save lives. The need is immediate and the investment is marginal with the greatest of returns. Thank you."

Representative Hanohano rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support of this bill. According to the studies from the Centers for Disease Control, ethnic minorities like Filipinos, Hawaiians, Chinese and Japanese are understudied in the area of medical research. This revolution comes at a time when we are in an epidemic environment related to chronic kidney disease.

"Mr. Speaker, with over 156,000 of Hawaii's population at extreme risk, efforts need to be made now to slow the progression of this disease in our communities. Our people are dying and we can no longer sit on the sidelines. I urge my colleagues in this Chamber and in the Senate to prioritize this bill which supports increased screenings and research in this area. Thank you, Mr. Speaker."

Representative Manahan rose to speak in support of the measure, stating:

"Mr. Speaker, strong support. And may I have the words of the previous speaker entered as my own?"

Representative Brower rose to speak in support of the measure, stating:

"Mr. Speaker, in support. It's my understanding we have among the highest incidences of chronic kidney disease in the nation. Legislation was introduced on this last year with no success. So I would just urge this body to take appropriate action this year to help curb this disease. Thank you."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support of Stand. Com. Rep. 887. Mr. Speaker, as Hawaii recognizes March as National Kidney Month, I join my colleagues in their efforts to increase awareness and to address the devastating effects of chronic kidney disease. Over 156,000 residents of Hawaii Mr. Speaker, 156,000 already have chronic kidney disease, and another 100,000 are predisposed to contracting it.

"Of the five stages of this disease, the most critical is stage five which is end-stage renal disease. More than 2,300 Hawaii residents must receive life-saving dialysis three to four times a week because they're classified in stage five. Their kidneys have failed. Nationally more than 20 million Americans have chronic kidney disease, which is a precursor to kidney failure.

"Patients with kidney disease experience a gradual deterioration of kidney function that eventually progresses to kidney failure. Patients may live with the disease for 10 or more years without any symptoms before their kidneys fail. Once a patient develops kidney failure, his or her kidney function is so low, that without dialysis or kidney transplantation, death will occur from acculmilation of fluids and waste products in the body.

"Mr. Speaker, the main cause of this disease is diabetes and high blood pressure which disproportionately affects minorities. In fact, Hawaii has the highest rate of chronic kidney disease in the nation per capita. Given the fact that early signs of chronic kidney disease have no symptoms, most people do not realize that their kidneys are about to fail. Therefore it is of critical importance that we increase awareness, screen and program so that we can detect and treat kidney disease before it's too late.

"This measure before us Mr. Speaker, provides the St. Francis Healthcare System and the National Kidney Foundation of Hawaii will commit, and this is a solid commitment, $1 million. And they are asking that the State match this amount to implement a three-year pilot project to address chronic kidney disease and kidney failure in the State of Hawaii. Treated early, our residents with kidney disease will experience an improved quality of life and be able to maintain more daily life activities including keeping their jobs.

"Today the House of Representatives will decide if we can support a project to address chronic kidney disease in Hawaii. Mr. Speaker, I respectfully request you and the rest of the Members of this body to support House Bill 2913. Thank you."

Representative Green rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, briefly. For patients on dialysis, it's a very difficult way to live. You have to do three times a week typically. One of the problems that we've run into is that Medicare and Medicaid reimburse pretty poorly, and so programs that run just dialysis tend to lose money no matter what, but they're absolutely life preserving for those individuals. So these programs because the federal government, and in some cases our State government hasn't had enough money for services for people who are on dialysis, end up leaving us in a situation where absolutely life sustaining procedures have to either be supported with outside dollars or grants.

"So that's really where we are. This program will close if we don't do something here as a State. The Department of Health is doing a very good job taking it up. They've asked the Legislature to help. I think it's a good partnership, and we'll definitely save lives with this program. Thank you, Mr. Speaker."

Representative Magaoay rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in strong support for House Bill 2913, Relating to Kidney Disease. As the author and chief introducer of this bill, I'd like the words of my colleagues in support to be entered into the Journal as my own. I would also like to submit written comments.

"We need to look at this earnestly because this is a silent killer that affects everybody, in the walks of life that we have. Again Mr. Speaker, thank you."

Representative Magaoay's written remarks are as follows:

"Thank you, Mr. Speaker. Mr. Speaker, as the author of this bill, I stand in strong support of House Bill 2913, House Draft 1. Mr. Speaker, this measure provides funding for a program to address the dialysis and chronic kidney disease needs of patients in the remote areas of the State of Hawaii. This measure is committed to the goals of better prevention, early detection, treatment, and expanded education efforts.

"Worldwide, there has been a staggering rise in the number of people with Chronic Kidney Disease, largely as a consequence of the aging population and the growing global epidemic of Type II diabetes. In the U.S., there are over 26 million Americans that have CKD that translates to over 150,000 people in Hawaii and over 100,000 more people at high-risk of CKD. Diabetes, hypertension, overweight/obesity constitute the key CKD causes and risk factors. Since these factors are largely lifestyle related, it offers opportunities for effective CKD prevention. All kidney disease risk factors and causes are highly prevalent in Hawaii, especially among certain ethnic groups, such as Hawaiians, Pacific Islanders, Filipinos, and persons of lower socioeconomic status.

"Chronic Kidney Disease is a progressive illness that has a silent, symptomless onset and is characterized by declining kidney function over years. During the later stages of kidney disease, referred to as End Stage Renal Disease, patients will require dialysis treatment or kidney transplantation. Despite numerous guidelines to screen patients at high risk of CKD, many patients remain unscreened or are poorly characterized with respect to the extent of their kidney disease. Chronic noncommunicable disease have now replaced the communicable disease as the leading threat to public health and health budgets worldwide.

"Deaths claimed by infectious disease will decline by three percent over the next decade. In marked contrast, chronic disease – that already account for 72% of the total global burden of disease in people over 30 will increase by 17%.

"In Hawaii, there are over 2,300 people on dialysis. At $65,000 per patient per year, we are spending over $150 million on medical related costs of patients on dialysis.

"Mr. Speaker, I urge my colleagues for passage of this measure as an opportunity to insure early detection and treatment of Chronic Kidney Disease in delaying the progression, prevent and treat complications and produce better healthcare outcomes for the people of Hawaii. Thank you, Mr. Speaker."

Representative Ching rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of H.B. 2913, which awards a grant to St. Francis Healthcare System to support the modified home care and community health demonstration project.

"Up to ten percent of our State's population has chronic kidney disease. The size of this segment of our population forces us to confront and address the challenge of providing the best care to those of our fellow citizens with chronic kidney disease. H.B. 2913 creates an opportunity to insure early detection and treatment of chronic kidney disease to delay its progression, prevent and treat complications of chronic kidney disease and produce better healthcare outcomes for the people of Hawaii."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2913, HD 1, entitled: "A BILL FOR AN ACT RELATING TO KIDNEY DISEASE," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 889-08) recommending that H.B. No. 2005, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2005, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. House Bill 2005 expands the Renewable Energy Technologies Tax Credit to include solar electric energy systems, as well as some wind powered energy systems. The tax credits range from $200 up to $500,000. It includes residential homes, as well as commercial properties.

"I voted no in the Finance Committee because of a provision that was put in the amendment. A Representative here on the Floor spoke earlier about a company. I may not pronounce the name properly, but I think it was SOPOGY. They've asked for a special purpose revenue bond. They are planning to put up solar panels on marginal agricultural lands, and we're talking about many, many acres, and they will qualify probably for this $500,000 tax credit.

"I think the idea of giving tax credits for alternative energy is because we're trying to encourage people to use these technologies so that we use less fossil fuel to make electricity. But in this situation, the representative from SOPOGY wanted the provision put in the bill that they could sell their tax credit to another party who needed tax relief, and they would get cash payment. That just somehow doesn't sit well with me.

"The tax credit is given by the government to encourage people to invest their money in these things and get some kind of break. And here we have a very large operation who's going to put some extra money in their bank account with a tax credit. And I don't think that's

what the tax credit expansion was for. Thank you, Mr. Speaker. I was speaking with strong reservations."

Representative Karamatsu rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Karamatsu's written remarks are as follows:

"I rise in support. This bill would expand the renewable energy technologies tax credit to include solar electric energy systems. The reasoning is solar generated electricity can come from a broader range of technologies than just photovoltaic (PV), such as solar thermal systems that produce electricity. Thank you."

Representative Finnegan rose to speak in support of the measure, stating:

"Mr. Speaker, in support with just short comments. Thank you. An idea came up in testimony to offer low-interest loans to help people purchase these systems, and then repay the loans with savings from electricity bills. I felt that that made a lot of sense, and I hope that we would consider that in the future. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2005, HD 1, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY TECHNOLOGIES," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

At 12:26 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 3286, HD 1
H.B. No. 2766, HD 2
H.B. No. 3008, HD 2
H.B. No. 3400, HD 2
H.B. No. 2913, HD 1
H.B. No. 2005, HD 1

At 12:26 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 1:28 o'clock p.m.

LATE INTRODUCTION

The following late introduction was made to the members of the House:

Representative Mizuno introduced the Honorable Mildred Elayado, Vice-Mayor of San Esteban, Ilocos Sur in the Philipines and her husband, Mr. Ray Elaydo.

Representative Mizuno also introduced some former residents of San Esteban: Dr. Ramon Lores and his wife, Mrs. Violeta Lores; and Mr. Vlademir Valera and his wife, Mrs. Divina Valera. They were accompanied by Dr. Benedito Galindo, Ms. Nena Benitez, Mr. Rey Edralin, and Ms. Cristina Ugale, as well as Representative Mizuno's staff, Mr. Edgar Fernandez.

UNFINISHED BUSINESS

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 891-08) recommending that H.B. No. 2505, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2505, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENERGY," passed Third Reading by a vote of 47 ayes, with Representatives Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 892-08) recommending that H.B. No. 2506, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2506, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of this bill. Several Departments have testified in opposition of this bill for reasons ranging from resource implications to the premature nature of the bill, recommending that Act 253 be allowed to proceed to completion before a reorganization study is commissioned. I am concerned that there are several ongoing actions aimed at addressing energy self-sufficiency and environmental protection, and that we haven’t given these programs an opportunity to present first its findings and second their plan. Reorganizing prior to the fruition of Act 253 may be premature. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2506, HD 2, entitled: "A BILL FOR AN ACT RELATING TO REORGANIZATION OF STATE AGENCIES," passed Third Reading by a vote of 47 ayes, with Representatives Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 893-08) recommending that H.B. No. 2507, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2507, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising in support with some strong reservations on Stand. Com. Report 893. This bill appropriates funds to establish two new positions within DBEDT to support the implementation of Act 234, which requires statewide reduction of greenhouse gases to 1990 levels by the year 2020. I'm concerned about these two new positions.

"The bill does not point out the background requirements that these folks should have. And also, it doesn’t have any provision in there that would make sure that the Chairperson or the executive in charge is independent of any company that they would possibly be regulating. They shouldn't have a conflict of interest. The way the bill is written, I don't think it ensures that can't happen. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2507, HD 1, entitled: "A BILL FOR AN ACT RELATING TO GREENHOUSE GAS EMISSIONS REDUCTION," passed Third Reading by a vote of 47 ayes, with Representatives Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 894-08) recommending that H.B. No. 2510, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2510, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I am voting with reservations on 894 and have short comments. Mr. Speaker I believe that we passed this out in our Legislative Budget in which has since been approved, so I just think this possibly could be duplicative. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2510, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE ENVIRONMENT," passed Third Reading by a vote of 47 ayes, with Representatives Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 896-08) recommending that H.B. No. 2952, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2952, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, this is a bill relating to transportation and to the airports. I am in opposition. Basically this is an additional fee that the Department of Transportation can assess on rental cars. We presently have one for $3 a day, and I think we're considering extending this. So this would be in addition to that. It makes it kind of expensive for people who rent cars: military people, visitors and residents alike.

"This bill pertains to airports Statewide and can be assessed to all airports, and yet the money that will be collected by this is to build a facility here on Oahu. There was a lot of strong opposition to this measure, particularly from other car rental agencies. It was quite strong opposition, which surprised me. We have raided various funds before, especially the Department of Transportation Highway Fund and so I think that this is another Fund that may be a target for the Legislature.

"Also the Director of the Department of Transportation apparently can unilaterally assess this fee and set the fee, or raise it or lower it. And if this is the case, it's another reason why I am in opposition. Thank you."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I am voting with strong reservations and may I have the testimony of the Department of Transportation to the Committee on Finance entered into the record as if it were my own. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I also rise in opposition to this bill. I think it's premature. There's not consensus among the rental car agencies whether it's needed.

"Mr. Speaker I know you and many of us travel through the airport, and when we rent a car, if we have to a get on a bus to get to the rental car, it would seem even more inconvenient. So in view of the visitor industry that we do service, moving all of these rental car agencies off the airport, that may not go well with the fact that we're charging them more.

"We already have a $3 a day charge that we're charging them. So I think this is 'half-baked' and we need to examine this before we really go forward. Thank you."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On that measure, could you note my reservations for similar reasons as mentioned by previous speakers?"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2952, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Third Reading by a vote of 39 ayes to 8 noes, with Representatives Brower, Ching, Green, Marumoto, Meyer, Pine, Thielen and Ward voting no, and with Representatives Nakasone, Sagum, Souki and Takai being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 898-08) recommending that H.B. No. 2301, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2301, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, as I recall this is the anti-Wal-Mart, anti-Costco, anti-'big box' bill that unfortunately speaks to the high cost of living and that we don't want people who are less economically able to afford dentistry because we don't want dentists, according to this bill, to be able to open up a shop or an agency within the confines of those buildings.

"I think that's a constraint of trade. I think it's a punishment to those people who don't have otherwise access to dentists. And I know one of the points in opposition was the notion that if in the middle of the night you're bleeding and you can't get into Costco or to any of these places, there can be other arrangements that can be made for those emergencies. There are many dental offices around. There are many dentists who can attend to those emergencies.

"So I think this bill is again premature, misplaced and a constraint of trade for the sake of the less economically well off in Hawaii. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2301, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DENTISTRY," passed Third Reading by a vote of 46 ayes to 1 no, with Representative Ward voting no, and Representatives Nakasone, Sagum, Souki and Takai being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 899-08) recommending that H.B. No. 2954, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2954, pass Third Reading, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I am rising to express some reservations about this measure. This relates to tow-truck companies, they're probably not the most popular company on the road out there, for people who've had to recover their cars from a tow lot. What this bill

does is it accomplishes a trade-off. It says to the tow companies, you can increase your prices for towing a vehicle, provided you stay open 24 hours a day. That would apply really only to this island.

"It was brought to my attention by a person who sent in an email that some of the tow companies engage in a process called 'roaming' or 'fishing.' They go by an area where they know that people might be parked somewhat illegally. They go ahead and start to hook up the car, when the people happen to come out and say, 'Wait a minute. I was just in there for two minutes. Unhook my car please,' the tow company, at least the one that this person is writing about, the tow company refused. They towed the car, even though the tow company was told by the condominium operator to unhook the car. The tow company refused, towed the car out and it was a $220 fee to recover that vehicle.

"I'm concerned about letting them have more money. I like the idea that they have to be open 24 hours a day on an island with a population of more than 500,000, but I really am concerned about giving them anything more until they start adopting procedures that don't include this roaming or fishing kind of operation. Thank you."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2954, entitled: "A BILL FOR AN ACT RELATED TO TOWING," passed Third Reading by a vote of 45 ayes to 2 noes, with Representatives Green and Pine voting no, and with Representatives Nakasone, Sagum, Souki and Takai being excused.

At 1:42 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2505, HD 2
H.B. No. 2506, HD 2
H.B. No. 2507, HD 1
H.B. No. 2510, HD 2
H.B. No. 2952, HD 2
H.B. No. 2301, HD 1
H.B. No. 2954

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 903-08) recommending that H.B. No. 2211, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2211, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR WASTEWATER PROJECTS," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 904-08) recommending that H.B. No. 2357, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2357, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Belatti rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I am rising with reservations on this and have short comments. This is one of several important agriculture land bills moving through the Legislature, and I believe it is one of the better IAL bills. My main concern however is a fiscal one. At a time when we as a body are asking State government to tighten its belt, the refundable tax credit in this measure sounds like corporate agricultural welfare.

"The Department of Agriculture in their testimony recommended that this credit be made a refundable tax credit, that there be a recapture feature, and that a 10-year sunset date be established. These recommendations, I believe are good in light of the Department of Taxation's revenue loss projections that start off at $12.719 million in fiscal year 2009, and accelerate to $25.28 million in 2013, with a $25.28 million revenue loss projection annually thereafter.

"In light of this, I hope that as this bill moves forward and we tackle the tough issue of important agricultural land, and that we look at some of these recommendations by both the Department of Agriculture and the Department of Taxation. Thank you, Mr. Speaker."

Representative Karamatsu rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Karamatsu's written remarks are as follows:

"I rise in support. The purpose of this bill is to provide incentives to establish and sustain viable agricultural operations on important agricultural lands (IALs). Specifically, this bill, among other things:

1. Excludes from gross income, adjusted gross income, and taxable income, rental income, up to an unspecified maximum amount, derived from agricultural leases on lands designated as important agricultural lands (IALs) under certain conditions;

2. Exempts rental income, up to an unspecified maximum amount, derived from agricultural leases on lands designated as IALs from the general excise tax;

3. Allows landowners to develop, construct, and maintain residential dwelling units for farmers, employees, and their families on IALs under certain conditions;

4. Establishes an IAL Qualified Agricultural Cost Tax Credit;

5. Allows the Chairperson of the Board of Agriculture to guarantee loans made by commercial lenders to agricultural producers for the development and implementation of agricultural projects located on land designated as IALs, under certain conditions;

6. Requires the master irrigation inventory plan of the State Agricultural Water Use and Development Plan to include the identification of sources of water used by agricultural operations, particularly those on lands designated as IALs; and identification of current and future water needs for agricultural operations on lands designated as IALs; and

7. Requires certain agencies that issue permits to implement a procedure for priority processing of permit applications and renewals for agricultural processing facilities that process crops or livestock from certain agribusinesses.

"The goal of the incentives and protections included in this bill is to establish and sustain viable agricultural operations on important agricultural lands. The amount of tax credits is a work in progress as we await revenue updates from the Council on Revenues in order to balance our State budget. Thank you."

Representative Meyer rose to speak in support of the measure, stating:

"Mr. Speaker, I wanted to rise in support of this measure. I know that it's somewhat controversial, but I believe that allowing farmers to build a house on farm land that they are leasing from a property owner would be a good thing in that we want to encourage farmers and that's one of the problems. So much of the agricultural land, they cannot build a home and it makes it hard. They have to cart their tools back and forth, or take the chance of having somebody go onto

that property and help themselves to their crops or take their tools. I think it would encourage more people to get involved in agricultural pursuits. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2357, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL LANDS," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 905-08) recommending that H.B. No. 3177, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3177, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PENALTIES FOR VIOLATIONS WITHIN THE CONSERVATION DISTRICT," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 906-08) recommending that H.B. No. 2739, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2739, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with one reservation on 906-08. Thank you, Mr. Speaker. This House draft allows agricultural businesses to continue to qualify for zone benefits in case of *forced majeure* events, includes lease and jointly employed workers in high rate formulas, changes schedule of hiring increases, counts value-added agricultural product to retail sales toward qualification for tax credits and disallows general excise tax exemption for agricultural product to retail sales.

"My reservation is, instead of using as a measurement, the employment, it should be based on increased revenues. HD 1 still doesn't address the concerns pointed out by the affected parties in the original draft. Mainly, that it is challenging to make the increase and fulltime employee requirements especially when agricultural labor is in short supply. DOA proposed an alternative measurement such as an annual increase in gross income by two percent is something that would be more attainable. Thank you."

Representative Har rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I would like to make brief comments on this measure.

"We all know that tax credits and Enterprise Zones (EZ) are one of the Legislature's primary means of stimulating economic growth. However, by trying to ensure the efficacy of a program, we sometimes get in the way of that program's success. In the case of the EZ program, the shortcoming has been its requirement that businesses make new employee increases throughout the period of their EZ tax benefits, even as those benefits decrease.

"This bill keeps with the intent of Enterprise Zones, which is to create economic development via job creation while alleviating the stress on businesses to increase their workforce during their early years.

"For these reasons, Mr. Speaker, I support this measure. Thank you, Mr. Speaker."

Representative Yamashita rose to speak in support of the measure, stating:

"Mr. Speaker, in support. In response to the Minority Leader, we did pass a measure last year to deal with the two percent increase and currently it's in the Senate. This bill is just another option to meet the actual intent of an Enterprise Zone, which is to increase employment in the area that is suffering economically. So this is just another option. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2739, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE ENTERPRISE ZONES," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 907-08) recommending that H.B. No. 2860, HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2860, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 909-08) recommending that H.B. No. 2972, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2972, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 912-08) recommending that H.B. No. 2985, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2985, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise to speak against H.B. 2985, it's the Hotel Renovation Tax Credit. I have a problem with this. The tax credit doesn't come into effect until 2014. I don't know what our financial situation will be at that point. But if it continues to be on a downward slide we could be at a place where we just can't give out those taxes and we would have locked ourselves into that sort of a thing. Because a hotel will be making plans six years out, or might be making plans six years out and then all of a sudden realize that they can't afford this economically. I just don't think that this is a good idea. Thank you."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you Mr. Speaker, in strong support. Mr. Speaker, we had a similar bill in the late 1990s and we did pass that. Unfortunately Governor Cayetano vetoed it. If that had become law, we would have stopped the conversion of hotel rooms to condos and timeshares.

"We have an aging visitor industry inventory. We compete worldwide. We would be better off with this bill if we made those tax

credits immediate so we could stop those conversions that have cost us employment opportunities and taxes. Thank you."

Representative Manahan rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support and I would like the words of the previous speaker entered in the Journal as my own. And I would also like to add that in the event of an economic downturn, I think that this bill would provide the kind of incentives that would spur the economy and create those jobs. Not to mention it enhances our tourism product, as well provides those opportunities. I speak in strong support. Thank you."

Representative McKelvey rose in support of the measure and asked that the remarks of Representative Herkes be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Pine rose to speak in support of the measure with reservations, stating:

"With strong reservations, Mr. Speaker. Just last year they opened the Beach Walk. The President and CEO of Outrigger Hotels talked about how this is such a great time for the hotels because never before have they had so much equity to use, to play around with their money and to remodel their hotel.

"I'm just a little concerned. We have rail coming in that the City increased taxes for, that is going to provide a lot of jobs. We are talking about completely redoing the UH System and that will stimulate jobs as well. Now we're talking about giving tax credits to big business. At a time when some of our taxes and fees, especially at the City and County level, we have the highest rates for just regular people. I'm just concerned the emphasis this Session is giving big tax breaks to big business, and very little tax breaks to the regular person in Hawaii."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition to this measure. My concern is that I believe the 15 percent tax credit is too generous. I believe that when the Outrigger did all those renovations in Waikiki, I think for some of the years it was a four percent tax credit, and then it was a 10 percent tax credit. They were happy to have that. As the Representative from Ewa said, many of these hotels have a lot of equity. They have a lot of borrowing power. Every time we give a tax credit, we are taking money. We are assuring that less money goes into our treasury. I think we have quite a few projects going as the Representative from Ewa said, and I think we should take another look at this."

Representative Herkes rose to respond, stating:

"To be clear. Our equity in hotels came from the conversion of hotels rooms to condos and timeshares at the cost of taxes and employment opportunities."

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, I am standing in strong support. Mr. Speaker, we've talked about giving tax credits for big business. The purpose of this bill is to use fiscal policymaking to be counter-cyclical to a possible recession.

"Mr. Speaker, if you look at the numbers, and the projections of the potential visitors coming from the US East, as well as our Japan neighbors, the number could be flat or in decline. The goal of this bill is to increase actual spending when the economy is struggling. Allowing enough time for companies to obtain permits and maintain our labor pool with people working during time with a potential recession. This bill, if you look at it, requires foresight and planning.

"The concept behind this is one in which I looked at the cycles of our economy. Looking at the current infrastructure and inventory that are struggling in Hawaii. This bill was drafted with the sole concern that we may enter recession.

"Mr. Speaker, our future, our laborers, our workers should be our primary concern. Typically during a recession period, and for our edification, is signified by two consecutive quarters of decline by our Gross Domestic Product. Members, our GDP is defined as equaling as private consumption plus investment, plus public spending, plus a change in inventories, as well as adding exports minus imports. This bill was an attempt to look at all stimulus factors involving or impacting our tourism industry.

"Mr. Speaker, keeping our workers working is the thing we need to plan for the future. If you do the research and you look at the business cycles, it's estimated that prior to 1945, business cycles lasted 21 months. Currently, after World War II, they average 11 months. Some predict that the current recession pending us will last five years, Mr. Speaker. This bill allows a tax credit to be accessed six years from now. And this is the purpose.

"If you look at and talk with industry leaders and developers, many say it takes a minimum of six years from planning a concept to actual development. Colleagues, what I want you to imagine and look at is the fact that we are planning and allowing private industry to plan renovations, giving them an option to use potential revenues from this cost savings of this tax credit to continue or add additional projects within the hotel, keeping our labor pool working, which will in turn use this income as disposable income, putting back into our economy, buying products from our stores and keeping our inventory moving.

"Mr. Speaker, this is an attempt to make sure we prepare, not two years out, but six years out. Thank you."

Representative Takumi rose to speak in opposition to the measure, stating:

"Thank you very much, Mr. Speaker. In opposition. I am reminded that politics make strange bedfellows on this one. Very interesting.

"As a general principle, I do appreciate the comments made by the previous speaker about looking long term. But as a general principle, we should extend tax credits, abatments, subsidies, holidays and all the rest of it, and when it is strategic, it is an overall goal in mind. I don't quite see it in this bill. I realize it's a work in progress and we will obviously see how it progresses during the Session. Who knows what my support will be at the end of Session.

"My concern is that I don't get the big picture. I don't see how giving the tax credit to a specific industry fits the overall goal of our State economy. We could easily give that to homeowners' renovations. We could give that to any other types of industry, but not just the hotel industry.

"Secondly, the measure doesn't have any conditions for this tax credit. That was my opposition to the previous tax credit we gave to the development out at Ko Olina. A hotel could hire people at minimum wage, whereby actually driving down the construction industry, when in fact the point should be to employ people at good jobs and fair wages.

"And I also believe that the whole issue of tax credits, I believe should be looked at it in a comprehensive way rather than piecemeal, fragmented and certainly benefitting one industry over another. Thank you, Mr. Speaker."

Representative Thielen rose in opposition to the measure and asked that the remarks of Representative Takumi be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Caldwell rose to speak in support of the measure, stating:

"Mr. Speaker, brief comments in support of this measure. Mr. Speaker, I remember when I first got elected, I met with Doc Kelley to talk to him about putting in a tax credit bill for hotel renovation. He said that with the credits that were being proposed at that time, about four years ago, Outrigger instead of doing condo hotels and timeshares would have done hotels which would have generated a lot more jobs in the hotel industry and helped people find jobs in our State. Long-term, good paying jobs, union jobs. Those jobs have disappeared and the industry has gone in the direction, as we've read about in the paper, of condo hotels and timeshares, meaning less people employed.

"The other point Mr. Speaker, is that our tourism has to compete on an international level. And we are watching more and more tourists being sucked away to Asia, places like Thailand, to Australia, Europe, to Africa, to South America, as it should do if they are competing strongly in an international market. We need to compete. We need to rehabilitate our infrastructure. We need to upgrade our hotels or we are going to fall further behind.

"Tourism, whether you like it or not, is our number one employer in our State. It is the number one economic driver in our State. We need to play to our strengths. We need to remain strong, and that means upgrading our hotel infrastructure throughout our State. This bill is a good bill on many levels. I hope people will support it. Thank you."

Representative Marumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of this measure. I must say I agree with both of the Majority Leader and both Chairs of Tourism and Consumer Protection & Commerce. I'll back-up the Majority Leader when he spoke about the Outrigger. My understanding is also that they would have built hotels instead of timeshares. Timeshares are more doable, but our hotel guests had to spend more money per day than timeshare guests. We do need those dollars.

"I've always favored a tax credit to help out the aging Waikiki hotel infrastructure. I opposed the $75 million tax credit that would have gone to one resort, Ko Olina on Oahu. But we need more hotel rooms in the Waikiki area because the Convention Center is dependant on these guests. There are some conventions that are too large for the number of hotel rooms that we have in this area.

"So I would strongly urge that we look at expanding our tourism industry, and we all want that. But you notice there are very few new hotel rooms that are being built in Waikiki. So I urge you to look at this bill favorably. Perhaps 15 percent is too much, but definitely, whatever you could do to help the developers of hotel rooms would be appreciated. Thank you."

Representative Brower rose to speak in support of the measure, stating:

"Mr. Speaker, in support. We've had a lot of great debate on this subject. There are probably a lot of good reasons not to support a tax credit. In this situation, I support it for a couple of main points.

"One, that we do have a lot of hotels being taken out of service. And the simple fact, in addition, is that although beachfront properties can command high room rates, properties that are not beachfront can't. And they may need help if they are going to be developed.

"In addition, I would add that we may want to look into further property development of Kuhio Avenue because this is where a lot of new growth will take place that will need measures like this to stay competitive. Like the Majority Leader mentioned, Hawaii on a State level must compete with countries on an international level for tourism dollars. I think that this is a step in the right direction to preserve our hotels and keep our timeshares in check. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Could I have the words of the Representative from Waialae entered as if they were my own? And just briefly, I had some conversations this summer with several large groups that were doing conventions on the mainland. I asked, 'Why don't you come to Hawaii to do a convention here?' They said, 'You don't have enough hotel rooms for us.'

"This is a real problem. We are losing business. And this is a free-market approach to stimulate more hotel construction. And you want to know why TVRs are such a big issue? No hotel rooms. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2985, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 41 ayes to 7 noes, with Representatives Belatti, Berg, Meyer, Morita, Takumi, Thielen and Wakai voting no, and with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 914-08) recommending that H.B. No. 2807, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2807, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Belatti rose to speak in opposition to the measure, stating:

"I rise in strong opposition to Stand. Com. No. 914-08. There's much that is problematic with this bill. I would like to focus on a provision that allows land owners to satisfy State or county affordable housing assessments in the urban district by providing affordable housing in the rural district.

"The policy of inclusionary zoning or establishing affordable housing requirements for market price developments in the urban district serves to increase the affordable housing stock within a specific community. Inclusionary zoning is not simply about satisfying the Statewide need for affordable housing. It is about the need for affordable housing in a specific location. By allowing developers to fulfill these requirements away from the urban core, this bill directly subverts remedies already in place that work to create more affordable housing where it is needed.

"There is no other area in my mind that represents the urban core more than the Kakaako District. Kakaako is a stone's throw away from two major job centers in our State: Downtown Honolulu and Waikiki. It was heartbreaking to hear an argument, events in a Finance hearing, that this district is best used by developing for rich, outside buyers and that, "Poor people would be better accommodated outside of Kakaako". My question is: better for who? This argument was made in support of a provision that would allow developers to move more affordable housing requirements out of Kakaako and away from market-price housing developments.

"What frightens me about his argument is the implicit understanding that poor people in this scenario are local working people. Middle class folks who are struggling to make ends meet in hopes of buying a home, wheather it is a home in the sky or a house with a backyard. Many of us came to this Legislature as champions for the middle class, fighting for working people. I feel that this measure of expediting rural and urban development at the expense of affordable housing in the urban core hurts Hawaii's middle class by placing middle income, middle class workers, people who are

firefighters, nurses, teachers and policemen away from job and transportation centers. For this reason I am in strong opposition of this measure. Thank you."

Representative Caldwell rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support of this bill. I think the previous speaker misses the point of this bill. This bill deals with the important agricultural lands that lie throughout our State, mainly on the Neighbor Islands. This bill doesn't deal with Kakaako. This bill deals with agricultural lands.

"And workforce housing. Anyone who represents a Neighbor Island district of which neither I nor the previous speaker, nor any of the other Representatives in urban Honolulu represent, they understand, the incredible crisis that these people are facing today. These are middle class, hard working people who don't have housing in the district that they live in. They have to drive over to Kona to find a job, or to Waikaloa. This deals with that issue. It deals with a lot more, but it deals with this issue.

"It's incentivizing private owners to dedicate in perpetuity, 80 percent of their ag lands forever. That's what perpetuity means. In our short lifetimes, many of the peoples of this House, we've watched our ag lands get morgaged away, piecemeal by piecemeal. I can think as a little kid driving in from Waipahu to Liberty House in Downtown Honolulu, and seeing sugar cane growing in Aiea. Now it's housing. That may not be a bad thing, but how much more of our ag land do we let disappear under the current system.

"We have been delegated under the last ConCon of which many people here want to do another ConCon, to deal with the important ag land issue. We're dealing with it here. And were trying to address other issues along the way.

"People should support this bill for that reason. And if you step back Members, this Session, you look at the types of bills we're supporting, it's becoming pretty incredible in terms of the different land bills that we are passing, whether it be ceded lands, whether it be ag to energy, whether it be preserving ag lands, and so many other pieces of legislation. We're trying to focus on preserving what's best about our State and our lands. And instead of letting the perfect get in the way of the good, we should support this bill and we should support the other important ag land bills, and commend those who worked long and hard on it, and make it a legacy for this Session. Thank you, Mr. Speaker."

Representative Karamatsu rose to speak in support of the measure, stating:

"In support. This bill, when the landowner designates 80 percent of their land to IAL, and 20 percent is going to urban renewal, what we are trying to do with the rural statue is support agriculture.

"If we look at it, we have agri-business activities. We include farm worker housing, and we include affordable housing. How will our workers be able to work and live in the same area if the area has million dollar homes? That's what we are trying to do, to create an environment that's supportive of the industry in the rural area.

"As far as the Kakaako issue, that's a separate bill. We're trying to increase the affordable units in those areas. So again, I just want to emphasize that this bill is a comprehensive bill. We are looking at protecting IAL, but at the same time we are trying to include infrastructure that supports the farmers that will be farming the IAL and their employees. Mr. Speaker, may I also have written comments in support?"

Representative Karamatsu's written remarks are as follows:

"I rise in support. The purpose of this bill is to provide incentives for landowners to designate their lands as important agricultural lands (IALs). First, we are allowing a landowner, who has been granted a declaratory order from the Land Use Commission to designate all or some of the landowner's land as important agricultural land, to fulfill a State or county affordable housing assessment by providing affordable housing in lands zoned as rural in lieu of satisfying the assessment in the urban district. "Rural districts" was amended to include agribusiness activities, including horticulture, apiculture, aquaculture, plant nurseries, and the raising and keeping of livestock; farm worker housing; and affordable housing.

"Second, we are revising the landowner petition process for important agricultural land designation by specifying that a farmer or landowner may petition the Land Use Commission for declaratory order to designate lands as important agricultural lands in perpetuity. Farmers or landowners that petition the Land Use Commission for declaratory order to designate lands as important agricultural lands in perpetuity are allowed to seek, in the same petition, a reclassification of land from the agricultural district to the rural district, urban district, or a combination of both, under certain conditions.

"Specifically, under Hawaii Revised Statutes Section 205-45(b), the petitioner may seek a reclassification of land in the agricultural district to the rural district, urban district, or a combination of both; provided that the:

1. Land sought to be reclassified to the rural or urban district is within the same county as the land sought to be designated as important agricultural lands;

2. Reclassification of the land to the rural or urban district is consistent with the relevant county general, development, and community plans; and

3. Total acreage of the land sought to be designated or reclassified in the petition complies with the following proportions:

   a. At least eighty per cent of the total acreage is sought to be designated as important agricultural land; and

   b. The remainder of the acreage is sought to be reclassified to the rural or urban district.

"In a petition for a declaratory order submitted under Hawaii Revised Statutes Section 205-45 that seeks to both designate lands as important agricultural lands and reclassify lands in the agricultural district to the rural or urban district, the lands shall be deemed qualified for designation as important agricultural land if the Land Use Commission reasonably finds that the lands meet at least the criteria of subsection (c)(4), (6), and (8) of this section described below:

1. Hawaii Revised Statutes Section 205-44(c)(4): Land with soil classified by the land study bureau's detailed land classification as overall (master) productivity rating Class A or B; or Class C or D if the land is currently in agricultural production or could be put into productive agricultural use with the implementation of new technology or development of irrigation water;

2. Hawaii Revised Statutes Section 205-44(c)(6): Land with sufficient quantities of water to support viable agricultural production; and

3. Hawaii Revised Statutes Section 205-44(c)(8): Land that contributes to maintaining a critical land mass important to agricultural operating productivity.

"The criteria in identifying important agricultural lands was tightened up for this specific petition for a declaratory order because we wanted to make sure that the agricultural lands being petitioned to be designated as important agricultural lands are good for agricultural productivity in exchange for the agricultural lands being petitioned to be reclassified to the rural or urban district. Thank you."

Representative Berg rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition on this bill and request we change our language and not consider we are not dealing with land, but actually we are looking at how to address the issues of our communities.

"I oppose this bill for the following reasons. And I wish to, after I read a little bit, to enter comments into the Journal. The concept of packaging a designation of important ag lands which is 80 percent with a reclassification of other lands, 20 percent, of the same land owner to urban or rural district is a distorted way to promote either rational whole use planning or the protection of agriculture. While the packaging is supposed to be consistent with land use plans, there is a basic flaw in presuming that affordable housing belongs on land that is currently classified for the ag district. This notion completely ignores the fact that the State Office of Planning recently found that there are tens of thousands of acres of land already classified urban that are available for housing development.

"Disguising attempts to expedite land development for luxury residential subdivision by coupling it with a designation of IAL is neither logical nor wise. It would disregard and undermine the real attempts that are being made right now, of the agricultural attempts of small farms, by ignoring the externalities of allowing reclassification of ag lands with no serious thought of consequences.

"I know we are all deeply concerned about being able to provide the right guidance for our State, but many of the standards and permissible use in the rural district without greater community input is also an invitation to greater social conflicts and expensive litigation in the future. I request to add more comments to the Journal. Thank you."

Representative Berg's written remarks are as follows:

"Mr. Speaker, I rise in opposition of HB 2807. The concept of packaging a designation of Important Agricultural Lands (80%) with a reclassification of other lands (20%) of the same landowner to Urban or Rural District is a distorted way to promote either rational land use planning or protection of agriculture. While the packaging is supposed to be consistent with land use plans, there is a basic flaw in presuming that affordable housing belongs on land currently classified for the Ag District. This notion completely ignores the fact that the State Office of Planning recently found that there are tens of thousands of acres of land already classified Urban that are available for housing development.

"The coupling of 20% of one's land for reclassification to Urban or Rural with the designation of important agricultural land is no more than a gift to speculative investments in what will likely be luxury residential housing and urban or suburban sprawl across this State. It will literally open up the floodgates for more of the same kind of agricultural subdivisions proliferating across the State already, but this time without violating permissible uses in the Ag District. At the very least, it is a transparent attempt to transform an important exercise (identify IAL) with unlocking the door that is supposed to put a cap on urban sprawl and land speculation that ultimately kills off agriculture.

"Furthermore, by exempting this process from the provisions of HRS sec. 205-4, this process will bypass any procedural protections available to communities opposed to this kind of bad development by stripping interested parties of the right to a contested case hearing under HRS chapter 91. This procedure has been the only obstacle to unmitigated devastation of rural communities throughout the State, where money and power will override any rational land use planning or protection of agricultural activities and land. This is one reason alone to kill this bill.

"Disguising attempts to expedite land development for luxury residential subdivisions by coupling it with the designation of IAL is neither logical nor wise. It would disregard and undermine real attempts at sustaining small farms by ignoring externalities of allowing reclassifications of agricultural land with no serious thought of the consequences. Amending the standards and permissible uses in the Rural District without greater community input is also an invitation to greater social conflicts and expensive litigation in the future.

"The only rational approach is to defer all the ad hoc legislation being thrown at the public under the disguise of identifying important ag lands, and invest in a facilitated community-based discussion amongst all important stakeholders in the agricultural and rural sectors to come up with a consensus approach to amending the standards and permissible uses in the Rural District, which will be the key buffer between incompatible Urban land uses and true farming on Ag District lands. That investment will reap more harmony and less conflict in future deliberations over land use in Hawai`i. The failure of the counties to perform this function under Act 205 (SLH 2005) signaled the start of the confusion and ad hoc proposals now being made 3 years later.

"I therefore urge my colleagues to vote against this bill. Thank you."

Representative Tsuji rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. The purpose of the bill is to provide incentives for landowners to designate their lands as important ag lands. A lot of landowners have been granted a declaratory order for the Land Use Commission to designate all or some of the land owner's land as IAL to fulfill the State or county affordable housing assessment by providing affordable housing on land zoned as rural to those satisfying the assessment in the urban district.

"And revising the landowner petition process for IAL designation by one, specifying that a farmer landowner may petition the LUC for declaratory order to designate land as IAL in perpetuity. And also allowing farmers or landowners that petition the LUC for declaratory order to designate land in IAL in perpetuity to seek in that same petition, a reclassification of land from agriculture to rural district, urban district, or a combination of both under certain conditions.

"In addition to offering landowners incentives to designate lands to IAL, these provisions will also provide an opportunity for enhanced usages that are appropriate for rural and designated areas. We envision that this provision represents a significant incentive that will encourage landowners to voluntarily designate the lands into IAL. Thank you."

Representative Evans rose to speak in support of the measure with reservations, stating:

"In support with slight reservations. Thank you. First of all, I want to applaud the Chair of Agriculture for being very creative because I think this is definitely an incentive.

"Just a comment on my slight reservation and that is, on the Big Island, they're doing affordable housing projects and what we are finding in the community is that it really isn't affordable. The main reason is that the cost of putting in the roads, the infrastructure, the sewage treatment, the water, the electrical, the lighting on the streets, it is so expensive that in the end, when they put it out as affordable what we've found is it's really middle income. It won't be low income homes that will be affordable to live there. So I have some concerns.

"The other thing is we just passed the 2050 Sustainability Plan and I believe that one of the things we are looking at is having these affordable housing projects close to the urban core so that they have access to mass transit, good public schools, park systems, and

support services for families. So I have some concerns that what might happen is you'll see these affordable housing projects on potentially marginal land a bit of a distance away from services. And so I'm wondering if we're really serving the affordable housing community. Thank you."

Representative Cabanilla rose to speak in opposition to the measure, stating:

"Mr. Speaker, thank you. Just briefly, I rise in opposition of this bill. Just like the other bills I've read that have been introduced, they sound good, but I'm not comfortable with this. I know the word, in perpetuity, in this Chamber doesn't mean much to me. I know that we have a law that we, one Legislature, can not bind another. We might be voting for that bill today, that this important ag lands will be in perpetuity except for the 20 percent. What I don't know is, two years, or three years from now, what other set of legislators will be here and change all that for me.

"The other thing is that we want to build affordable homes. What is the definition for affordable homes? It's up to $140,000 income per family of four. We all qualify for that Mr. Speaker. Thank you."

Representative Shimabukuro rose to speak in support of the measure with reservations, stating:

"In support, with some reservations. The only comment I want to make was that I really do think that it's great that the ag lands are going to be maintained in perpetuity. I would just like to see if we could encourage with the future drafts of the bill, that we also include the affordable housing component, that they are offered in perpetuity."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2807, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LAND USE," passed Third Reading by a vote of 40 ayes to 8 noes, with Representatives Belatti, Berg, Cabanilla, Carroll, Lee, Luke, Morita and Thielen voting no, and with Representatives Nakasone, Souki and Takai being excused.

At 2:17 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2211
H.B. No. 2357, HD 1
H.B. No. 3177, HD 1
H.B. No. 2739, HD 1
H.B. No. 2860, HD 2
H.B. No. 2972, HD 1
H.B. No. 2985, HD 1
H.B. No. 2807, HD 2

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 917-08) recommending that H.B. No. 3064, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3064, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On SCR 917-08, I am with reservations. Basically, the HD 1 allows a taxpayer with an Adjusted Gross Income of $20,000 or less, to take a refundable tax credit for the purchase and installing of a renewable energy technology which includes solar water heating, photovoltaic and wind systems. And $20,000 of Adjusted Gross Income is not very high at all. So my reservation is just that when looking at someone who makes under $20,000 in Adjusted Gross Income, can they even afford to do this technology and how beneficial would it be? Thank you."

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations on this measure.

"HB 3064 is unworkable. It will allow a taxpayer with an adjusted gross income of $20,000 or less to take a refundable tax credit for the purchase and installation of a renewable energy technology. I don't believe this bill will achieve the goal it has set out to do. First, many people who have an adjusted gross income of $20,000 or less will probably not take advantage of the tax credit. Many people who are in this income bracket are living paycheck to paycheck and will not be able to afford to purchase renewable energy technology equipment for their homes.

"Secondly, according to testimony by the Department of Taxation, they predict that there will be a revenue loss of $41,000 in the next fiscal year if this bill passes. That low level of revenue loss predicts that very few people will avail themselves of this opportunity to receive a tax credit.

"We should look into a low interest loan program to help our citizens with installing renewable energy technology. A program with no-interest or low-interest loans would be far more effective. The State could provide the capital to acquire these devices and the taxpayer could receive a discount of 30% provided by the federal tax credit. The amount of the State loan could then be amortized by the energy savings realized by the taxpayer."

Representative Pine rose in support of the measure with reservations, and asked that the remarks of Representative Finnegan be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3064, HD 2, entitled: "A BILL FOR AN ACT RELATING TO REFUNDABLE RENEWABLE ENERGY TAX CREDIT," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 919-08) recommending that H.B. No. 602, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 602, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"On Stand. Com. Rep. No. 919 dealing with the State Education Facilities Improvement Special Fund, I am in opposition. This bill removes the sunset in June 2008. We call it the SEFI Fund. The State Education Facility Improvement Fund was created more than a decade ago when the State was flushed with cash surpluses. However when the economy went down, the lawmakers took back the GET revenues and replaced the funding source with the proceeds of bond sales. The level of earmarking at that time was $90 million. When pressed for an estimate of how much the DOE could reasonably undertake in the construction of facilities, it was discovered the DOE could only handle about $45 million in projects in any given year. The level of earmarking was thus reduced to $45 million in 1999. Then it increased to $90 million in 2006.

"Mr. Speaker, rather than perpetuating this practice of earmarking tax revenues or bond proceeds, lawmakers should repeal the special funds of the earmarking for this purpose. This would force the DOE to explain why they are not capable of delivering badly needed school facilities on a timely basis. This type of special fund financing is a departure from sound fiscal policy. Special funds are appropriate for the revenue of funds to maintain some direct connection between a public service and a beneficiary of that service. Special funds that merely set aside general funds cannot be justified. This is about the exact same as the bill we voted on earlier today which would funnel off tax revenues directly to a special fund for the University of Hawaii. The SEFI Fund does the same thing for the benefit of the DOE. But that money no longer shows up on the financial statement as revenue because it never reaches the State treasury.

"In February 1991, the State Auditor issued a report that found that the Fund should be repealed and that educational facilities should be funded through the normal CIP appropriation process. We as lawmakers should repeal the automatic funding mechanism and make the administrators justify their expenditures for their construction of education facilities or explain their inability to do so. This would force the Board of Education and the Department of Education to deliver repairs on a timely basis or explain why they could not do the necessary repairs and maintenance. With the automatic earmarking Mr. Speaker, there is no reason to return each year to the Legislature and be held accountable for the lack of action. For those reasons I feel that I must vote no on this issue."

Representative Finnegan rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I would like to speak in opposition and just insert short written comments. Thank you. And just some short comments. I spoke earlier on a similar bill on a method of funneling money away into a special account, a special fund and my written comments will be in regards to the transparency to the people of Hawaii. Thank you."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong opposition of H.B. 602, H.D. 2 that repeals the sunset date for Act 304. The Department of Education is having difficulty managing its current $2.3 billion budget and a management audit by the Legislature must be passed in order to hold the Department accountable.

"Testimony has been submitted opposing this bill stating that, “The Commission found that special funds which merely set aside general funds cannot be justified as such actions restrict budget flexibility, create inefficiencies, and lessen accountability.” The Commission being referenced in the last statement refers to the Tax Review Commission. Earmarking tax revenues or bond proceeds and taking revenue from the general revenue fund limits the ability to fund according to priorities and eliminates transparency.

"Georgina Kawamura, Director, Department of Budget and Finance testified in opposition to this bill stating, “Any proposal to provide mandatory revenue diversion of funds limits the State’s ability to fund priorities and could negatively impact the State’s general fund financial plan.” For these reasons Mr. Speaker, I oppose this bill. Thank you Mr. Speaker."

Representative Har rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. For the edification of the Representative from Laie, as well as the Minority Leader, they seem to miss the point on the SEFI Fund. What this Fund does is create a private/public partnership via a subaccount. The subaccount essentially allows developers the ability to come in and build schools for those of us in districts that are struggling to find the money to build schools expeditiously.

"For the previous speakers to think that this is just funneling off money is absolutely ridiculous, and they clearly do not understand the point of this special fund. It's not about earmarking funds. It's about giving private developers the ability to build schools in partnership with the State, and essentially that is what we need for some of us in district where we can't build schools fast enough. For those reasons Mr. Speaker, I rise in strong support. Thank you."

Representative Meyer rose to respond, stating:

"Thank you, Mr. Speaker. Just a brief rebuttal. In this Committee Report and in this Bill, it says nothing about private/public partnership. The DOE can do that. This money is absolutely in this fund. It's taken straight off. As the tax comes in, it goes into the SEFI Fund. They don't have to lapse it if they didn't spend it all. G.O. bonds go into the same Fund. As I've said, this was started long ago. It is used for new schools. It is used for capital improvements. It is used for repairs. But it has nothing having to do with private/public partnerships. Thank you."

Representative Finnegan rose to respond, stating:

"Thank you, Mr. Speaker. Just short comments. When it comes to building facilities, I don't think anyone, for areas such as Kapolei, I agree that the need for schools in the areas such as those in Mililani where they have multi-track type schools. That's not a good education system in my opinion. We shouldn't make the parents, teachers and kids go through that sort of situation.

"The problem that I have is the method in which we are doing it. And that's all it is. The method in which we are putting this money aside, not being transparent to the taxpayers of Hawaii. Another bill that does a better job I think, for those areas in which they need schools is the Facilities Realignment bill that is somewhere in here or passed already. Thank you."

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. First of all, one point that needs to be made is that transparency is easily obtained by simply logging on to the DOE website, and there you can click onto, I think through the Superintendant's Office, the actual listing of projects that will be undertaken and these endeavors. So there is transparency just by clicking on, or just picking up the phone and calling. If people want more specific information, they can come to my office this afternoon and I'll give them a printout of these projects.

"Just for clarification, there is about $3 million in deferred maintenance backlog in the DOE system, statewide. They need about $75 million a year to stay afloat. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 602, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 46 ayes to 2 noes, with Representatives Finnegan and Meyer voting no, and with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 921-08) recommending that H.B. No. 2792, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2792, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 922-08) recommending that H.B. No. 2076, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2076, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DEPLETED URANIUM," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 924-08) recommending that H.B. No. 2323, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2323, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Herkes rose to speak in opposition to the measure, stating:

"In opposition. I don't have a problem with cleaning the beaches. My problem is with funding source. And may I have written comments?"

Representative Herkes' written remarks are as follows:

"Mr. Speaker, I am in opposition to this bill.

"Mr. Speaker, it is not that I am anti-beach or anti-beach restoration. My concern is the funding source.

"The Hawaii accommodations tax, or 'room tax', was established for the purpose of promoting tourism. Every year, attempts are made to 'raid' this Fund.

"When this 'room tax' was being considered by the Legislature, I advised my colleagues in the visitor industry that I would vote for it if they wished, but warned them that they could not count on past, present or future legislators to keep the commitment made to the industry that this Fund was to be used for visitor promotion and only visitor promotion.

"I cast my no vote as a matter of principle. Thank you, Mr. Speaker."

Representative Rhoads rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I need to get a ruling on a possible conflict of interest. One of my wife's clients is Kyo-ya Hotels who supports and is likely to benefit from this legislation. Thank you," and the Chair ruled, "no conflict."

Representative Bertram rose to speak in opposition to the measure, stating:

"I will be voting against this mainly because there was quite a live reef off of Waikiki. In fact, it was right off the shore before they started doing beach nourishment and all that sand went over and smothered that reef completely. So until they come up with a better way of nourishing these beaches without destroying reefs, especially with this being the Year of the Reef, I can't support something like this. Thank you."

Representative Marumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Marumoto's written remarks are as follows:

"For whatever reason, many of our beaches are shrinking, eroding or shifting. The beach in front of the Sheraton Waikiki is one of those fast disappearing. Kuhio Beach is the most important beach in Hawai'i and is critical to our economy. While other resort destinations around the world have miles and miles of wide sandy beaches, our little beach in Waikiki is "manini". It needs fixing.

"This bill will provide a one-time infusion of maybe $2 million (the figures are blanked out) matched by private funds for a total of maybe $4 million to restore "resort beaches" – areas in front of hotels. The $2 million comes primarily from the Hawaii Tourism Authority and the Tourism Accommodation Tax (TAT), and some of the money may come from the general fund (GF). In addition, the private matching funds, up to $2 million, will be put up by the adjacent hotels.

"Most of these funds are "hotel" money. The TAT is the hotel room tax, and does not come from tour buses, nor bars, restaurants or shops or lei stands – just hotels. So the bulk of the funds needed for this resort hotel beach restoration bill is derived from hotels. I mention this because detractors think that State funds should not be used for a beach that will primarily benefit the adjacent hotel.

"I remind these detractors that beaches in Hawaii are public and open to all. This is another good reason why I'm supporting this measure."

Representative Karamatsu rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Karamatsu's written remarks are as follows:

"I rise in support. This bill would establish within the Beach Restoration Special Fund, a sub-account to be known as the Resort Beach Restoration Fund to be administered by the Department of Land and Natural Resources (department), into which shall be deposited general funds appropriated by the Legislature and revenues from the Tourism Special Fund, which receives moneys from the Transient Accommodations Tax prescribed by section 237D-6.5(b)(2)(C) of the Hawaii Revised Statutes provided that:

1. No funds shall be released for expenditure from the Resort Beach restoration Fund unless matched by non-State funds on at least a one-to-one basis; and

2. No funds shall be released for expenditure from the Resort Beach Restoration Fund unless at least fifty per cent of the funds released are funds transferred from the Tourism Special Fund pursuant to section 237D-6.5(b)(2)(C).

"Moneys in the Resort Beach Restoration Fund shall be used to provide for the development and restoration of visitor area resort beaches, including maintenance of any improvements placed on the visitor area resort beach or in the nearshore waters, as determined by the Department, including debt service on any capital expenditures projects and the contracting for services for those purposes.

"The Resort Beach Restoration Fund is a creative way to get matching funds from the private sector that have a vested interest in restoring beaches fronting or near their resort hotels or tourist destinations. Importantly, the residents of the State of Hawai'i will also get to enjoy restored beaches with their family and friends. Thank you."

Representative Mizuno rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Mizuno's written remarks are as follows:

"Mr. Speaker I stand in support of Stand. Comm. Report No. 924, HB 232, Relating to Beaches.

"Beaches are an integral part of Hawaii's coastal infrastructure. The natural resources and beauty of our beach areas are responsible for a significant amount of public recreation and commercial activity. In fact, our beaches are the number one destination for Hawaii's tourists.

"This bill before us takes the vital step in the pursuit of beach restoration. This measure will support efforts to manage, improve, and protect Hawaii's beaches, which will benefit both the visitor industry and our residents.

"Industry experts provide that restoration of Waikiki Beach could improve the satisfaction rating of tourists, translating to more return visits and millions of dollars in potential revenue.

"The key to this progressive measure for beach restoration – is using a combination of public and private funds.

"It is important to note that "no funds shall be released for expenditure from the resort beach restoration fund unless matched by non-state funds on at least one-to-one basis (calls for at least fifty percent of the funds released to be funds transferred from the tourism special find)."

"This bill also states "visitor area resort beaches" means sandy resort beaches that provide access, including but not limited to: Gray's beach, located in Waikiki on the island of Oahu; and Kaanapali beach located on the island of Maui.

"It's time to take a proactive approach to restore Hawaii's beaches. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2323, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BEACHES," passed Third Reading by a vote of 43 ayes to 5 noes, with Representatives Belatti, Berg, Bertram, Carroll and Herkes voting no, and with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 925-08) recommending that H.B. No. 2373, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2373, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Yamane rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Yamane's written remarks are as follows:

"This bill, regarding the Mookini Heiau in North Kohala, is all about protecting this precious area for future generations and their children.

"This Hawaiian sacred site was where Kamehameha the Great received his blessing and Birthrights in 1758. This is not just another State park, but one rooted in the history of our Native Hawaiians.

"Ms. Leimomi Mookini Lum (a Kahuna Nui) a direct descendent of Kahuna Nui Kuamoo Lookini, has dedicated this area to the children of the world.

"It is important that we protect this 2.915 acre monument with a small appropriation to make this site green.

"Imagine our children visiting this site, seeing brown withered grass over a breathtaking and inspirational view.

"Mr. Speaker, this small appropriation will benefit the children of today, be appreciated generations into our future and show our ancestors that we respect and honor where we came from.

"Mr. Speaker, your Committee on Tourism and Culture reveres and honors what is culturally important to this great State. This appropriation is a small way of honoring our culture."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure, stating:

"Mr. Speaker, in support. May I have the written comments of the Chair of Tourism entered into the record as if they were my own?" and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2373, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR MOOKINI HEIAU," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 931-08) recommending that H.B. No. 2662, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2662, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Belatti rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"I rise with reservations on House Bill 2662, H.D. 2 – Relating to Affordable Housing. As noted by my earlier comments on House Bill 2807 and the importance of enforcing affordable housing requirements, I am deeply concerned that this bill exempts developments from State affordable housing requirements. As noted in the City and County of Honolulu, Department of Community Services' testimony in opposition to this measure, the Department stated that '[o]ther housing projects built without government assistance but utilizing the exemption provisions [of HRS Chapter 201H] have complied with the existing affordability requirements.' In light of the lack of affordable housing available to our local residents, I am not sure allowing an exemption from affordable housing requirements is the right approach to follow."

Representative Shimabukuro rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. This bill encourages public/private partnerships to create affordable housing. This measure provides exemptions to the buy-back provisions and shared depreciation equity. It does limit it to only projects where it's solely on private land and does not have any government financing or subsidies. So hopefully it would accomplish the goal and encourage the private sector to be involved, but it is open for more discussion. Thank you."

Representative Berg rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2662, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Third Reading by a vote of 47 ayes to 1 no, with Representative Sonson voting no, and with Representatives Nakasone, Souki and Takai being excused.

At 2:29 o'clock p.m., Representative Caldwell requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:34 o'clock p.m.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 934-08) recommending that H.B. No. 2583, HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2583, HD 2, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENT OPERATIONS," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Souki and Takai being excused.

At 2:35 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 3064, HD 2
H.B. No. 602, HD 2
H.B. No. 2792, HD 2
H.B. No. 2076, HD 1
H.B. No. 2323, HD 2
H.B. No. 2373, HD 1
H.B. No. 2662, HD 2
H.B. No. 2583, HD 2

At 2:35 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 3:09 o'clock p.m.

At this time, the Chair announced:

"Members, the Chair would like to take action on Standing Committee Report No. 947-08 that was placed at the end of the calendar earlier in the day. We will be taking action now."

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 947-08) recommending that H.B. No. 3367, HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3367, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

At 3:10 o'clock p.m., Representative Finnegan requested a recess and the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 3:11 o'clock p.m.

At this time, Representative Finnegan offered Floor Amendment No. 1, amending H.B. No. 3367, HD 2, as follows:

SECTION 1. House Bill No. 3367, House Draft 2, is amended by is amended by [*sic*] deleting its contents and replacing it with the following language, to read as follows:

"SECTION 1. The legislature finds that despite clear restrictions on expenditures imposed by chapter 138, Hawaii Revised Statutes, and no enabling legislation being passed to authorize such actions, the wireless enhanced 911 board reported in a fiscal year 2007 report that it intends to expend the balance of the wireless enhanced 911 fund ($20,157,156.50 as of December 31, 2007) for projects to expand coverage in rural areas and in-building coverage, and other future technologies not yet identified by the wireless community. Also stated in the report was the board's intention to spend $1,385,000 to retain a consultant to manage the improvement of wireless coverage within public buildings.

The fiscal year 2007 report is deficient in not providing a progress report on each public safety answering point, wireless service provider, and wireline provider, although it does report that the State moved from 14.8 per cent to 89.8 per cent deployment of wireless enhanced 911 service. That being the case and there being a $15,000,000 gap between the current fund balance and the proposed fiscal year 2008 expenditures, the legislature finds that it would appear the fund contains far in excess of the funds the board needs and that the surcharge should be reduced.

The legislature further finds that the wireless enhanced 911 board's administration of the wireless enhanced 911 fund has preempted both the department of health's statutory mandate to assist each county in the development of a 911 emergency telephone system and the county council's role in determining whether provision of wireless enhanced 911 services is a budget priority within their respective jurisdictions.

The purpose of this Act is to:

(1) Reduce the wireless enhanced 911 surcharge to 43 cents;

(2) Provide that funds expended from the wireless enhanced 911 fund for reimbursement of capital costs shall supplement, but not supplant, funds regularly appropriated by the counties;

(3) Require the wireless enhanced 911 board to annualy present a plan to the legislature prior to each regular legislative session that:

(A) Specifies a surcharge no greater than is necessary to meet its expenses and planned expenditures; and

(B) Proposes to refund surplus surcharge funds;

and

(4) Require the Auditor to conduct a financial and management audit of the wireless enhanced 911 fund."

SECTION 2. Section 138-4, Hawaii Revised Statutes, is amended by amending subsections (a) and (b) to read as follows:

"(a) A monthly wireless enhanced 911 surcharge, subject to this chapter, [~~shall~~] <u>may</u> be imposed upon each commercial mobile radio service connection.

(b) [~~The effective date of the surcharge shall be July 1, 2004.~~] The rate of the surcharge shall be set at [~~66~~] <u>43</u> cents per month for each commercial mobile radio service connection. The surcharge shall have uniform application and shall be imposed on each commercial mobile radio service connection operating within the [~~State~~] <u>state</u> except:

(1) Connections billed to federal, state, and county government entities; and

(2) Prepaid connections."

SECTION 3. Section 138-5, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

"(a) After January 1, 2005, every public safety answering point shall be eligible to seek reimbursement from the fund solely to pay for the reasonable costs to lease, purchase, or maintain all necessary equipment, including computer hardware, software, and database provisioning, required by the public safety answering point to provide technical functionality for the wireless enhanced 911 service pursuant to the Federal Communications Commission order. <u>Reimbursements under this section shall supplement but not supplant</u>

the funds regularly appropriated for these purposes. All other expenses necessary to operate the public safety answering point, including but not limited to those expenses related to overhead, staffing, and other day-to-day operational expenses, shall continue to be paid through the general funding of the respective counties. For the purposes of this subsection, "operational expenses" include any charges for ongoing service provided by the local exchange carrier."

SECTION 4. Section 138-6, Hawaii Revised Statutes, is amended to read as follows:

"[~~[~~]**§138-6**[~~]~~] **Report to the legislature.** The board shall submit an annual report to the legislature[~~,~~] no later than twenty days prior to the convening of each regular session of the legislature, beginning with the 2009 regular session, including:

(1) The total aggregate surcharge collected by the State in the last fiscal year;

(2) The amount of disbursement from the fund;

(3) The recipient of each disbursement and a description of the project for which the money was disbursed;

(4) The conditions, if any, placed by the board on disbursements from the fund;

(5) The planned expenditures from the fund in the next two fiscal [~~year;~~] years;

(6) The amount of any unexpended funds carried forward for the next fiscal year;

(7) A cost study to guide the legislature towards necessary adjustments to the fund and the monthly [~~surcharge;~~] surcharge that:

(A) Specifies the level of surcharge necessary to fund the board's expenses and planned expenditures; and

(B) Proposes to refund surcharge funds in excess of the funds necessary to fund the board's expenses and planned expenditures;
and

(8) A progress report of jurisdictional readiness for wireless E911 services, including each public safety answering [~~points,~~] point, wireless [~~providers,~~] service provider, and wireline [~~providers.~~] provider. The report shall include the status of requirements outlined in the Federal Communications Commission Order 94-102 and subsequent supporting orders related to phase I and phase II wireless 911 services."

SECTION 5. The auditor shall conduct a financial and management audit of the wireless enhanced 911 fund to address the following issues:

(1) The role the wireless enhanced 911 board should play in assisting the counties in deployment or operation of wireless enhanced 911 in light of the department of health's duties assigned pursuant to paragraph 321-224(a)(7) and 321-225(a)(6), Hawaii Revised Statutes, and the responsibility of the county councils to determine whether provision of wireless enhanced 911 services is a budget priority within their respective jurisdictions;

(2) Whether the statutory authority to reimburse the public safety answering points and the wireless service providers for costs incurred to deploy wireless enhanced 911 services includes, or should include:

(A) The ongoing cost of operating 911 call centers, including trunking line charges, answering position charges and long distance calling charges assessed by the local exchange carrier;

(B) The cost incurred for acquiring personnel services by contract that would be prohibited if acquired by hiring personnel; and

(C) The cost of equipment that may also be used to process wireline 911 calls;

(3) Whether the wireless enhanced 911 board should be expending funds from the wireless enhanced 911 fund to purchase products for use by the public safety answering points rather than reimbursing the counties for those purchases;

(4) Whether the wireless enhanced 911 fund serves the purpose for which it was created and reflects a clear link between the benefit sought and charges made upon the users or beneficiaries of the program, as opposed to serving primarily as a means to provide the program or users with an automatic means of support which is removed from the normal budget and appropriations process; and

(5) Any other issues pertinent to the audit revealed by its review of the wireless enhanced 911 board's records and interviews of its personnel.

The auditor shall submit a report to the legislature no later than twenty days prior to the convening of the 2009 regular session, containing findings and recommendations, including any proposed legislation and identifying alternative forms of funding concerning how the wireless enhanced 911 fund has been managed and the moneys in the fund are expended.

SECTION 6. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored.

SECTION 7. This Act shall take effect on June 29, 2008."

Representative Finnegan moved that Floor Amendment No. 1 be adopted, seconded by Representative Meyer.

Representative Finnegan rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I appreciate the opportunity to take this amendment up at this time in the day to help us in regards to the 48 hour time period. So, thank you very much.

"Basically, my arguments will be short, in support of this amendment. It is to go to a HD 1 which states basically that we can reduce this surcharge, the 911 Wireless Surcharge down to 43 cents from 66 cents. And Mr. Speaker, it's very simple. It's just wanting to have the cellular users of the State of Hawaii be able to lessen their cost.

"Personally for me, anything that can help us on the level of our home finances would be helpful. We've made significant strides in regards to having 911 wireless service throughout the State that shows in reports back to the Legislature. So basically, this is just looking at ways where we can lessen the expenses on the family budget. For myself, we have about five cell phones within my household. So, maybe I should ask if I have a conflict since we own five cell phones within our household," and the Chair ruled, "no conflict."

Representative Finnegan continued, stating:

"Thank you. But Mr. Speaker, just short comments in support. I think that this will help. And the State Comptroller also said he would still be able to, within the amount of the surcharge, at the

lower amount, that he would still be able to get to the other areas in which, the remote areas in the State, be able to get service to them with the lower amount. Thank you."

Representative Herkes rose to speak in opposition to the proposed floor amendment, stating:

"Thank you. In opposition to the proposed HD 3. This is just Crossover and we have a long way to go on this bill. Let me say this. This deals with the public safety and this State's preparedness for national disaster.

"The E-911 is a two-way street in identifying where you are, if at all possible. And we should be looking at the possibility of a Reverse E-911. And that's the case in my district where huge areas are blanked out. There's no radio, no wireless, there's nothing. People that are stranded or hurt in those areas, you're not going to find them. If you take the people in Ocean View who have put together their own disaster plan, they have developed a Reverse 911. They should be looking at Reverse Wireless 911.

"The purpose of the bill is we want to put a fire under the Wireless Board. We want to make them do their job. We want an audit to come back and say, 'Why aren't you reaching out to these rural areas?' because they're not. They're not. And it's difficult for someone from Oahu to understand what these rural areas are like.

"We aren't prepared. We need to be prepared. We need to make sure that the Wireless Board gets the message. We need an audit. And before we fool around with the money, I would prefer we get them to do their job. And an audit will also tell us how much money they should get and what the rates should be. Again, I ask you to vote the proposed amendment down."

The motion that Floor Amendment No. 1, amending H.B. No. 3367, HD 2, entitled: "A BILL FOR AN ACT RELATING TO WIRELESS ENHANCED 911," be adopted, was put to vote by the Chair and failed to carry with Representatives Nakasone, Sonson, Souki and Takai being excused.

(Main Motion)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3367, HD 2, entitled: "A BILL FOR AN ACT RELATING TO WIRELESS ENHANCED 911," passed Third Reading by a vote of 47 ayes, with Representatives Nakasone, Sonson, Souki and Takai being excused.

At 3:16 o'clock p.m., the Chair noted that H.B. No. 3367, HD 2, passed Third Reading.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 937-08) recommending that H.B. No. 937, HD 2, as amended in HD 3, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 937, HD 3, entitled: "A BILL FOR AN ACT RELATING TO ELECTRICAL AND PLUMBING TRADES," passed Third Reading by a vote of 47 ayes, with Representatives Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 938-08) recommending that H.B. No. 2908, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2908, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On Stand. Com. Report No. 938, I do have some reservations. It seems like we are asking the Auditor to do something in addition to what she already does, which she could do without us asking it.

"Many bills and resolutions ask the Auditor to do audits, and oftentimes she can't get them all done in the one year period between Sessions. This kind of looks like a 'make work' project and those are my reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2908, entitled: "A BILL FOR AN ACT RELATING TO AUDIT RECOMMENDATIONS," passed Third Reading by a vote of 47 ayes, with Representatives Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 940-08) recommending that H.B. No. 2134, HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2134, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm rising in opposition to this measure. This is the bill that extends the sunset date from July 2009 to July 2010 for the deposit and disbursements of certain licensing fees in the Compliance Resolution Fund to the credit of the Center for Nursing Special Fund.

"Earlier in hearings, there were nurses that testified against this bill. They weren't here when the initial bill was passed. But these fees are charged to nurses and that's the money that goes to the University Center for Nursing. The rank-and-file nurses were against it. We heard this bill again in Finance. No nurses were there, so it was a question for me. It didn't appear that anything had been changed, but there were form letters from advanced practicing RNs, most of them in the Hawaii Health Systems Corporation.

"My personal feeling is that we still haven't heard where the rank-and-file nurses are. I did receive a notice today that the Nurses Association still opposes this bill. They did not show up at the Finance Committee because they thought it was only decision making and that they'd missed the opportunity to testify, but they are still against this bill. Thank you."

Representative Cabanilla rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I just want to state a potential conflict. I'm a licensed nurse," and the Chair ruled, "no conflict."

Representative Cabanilla rose to speak in support of the measure, stating:

"Thank you. And with that, I support the bill and I want to say that most of the nurses I've spoken to that are rank-and-file say the fee is not a big amount for them."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support of SCR 940-08. In 2003 the Legislature established the Hawaii State Center for Nursing and placed that in the School of Nursing & Dental Hygiene at the University of Hawaii at Manoa. It became operational in April 2005.

"The Center benefits nurses and lawmakers by collecting and analyzing data for our current and future status and trends of nursing workforce. I can go on for days, but I will keep this succinct. The focus of this bill and the Nursing Center is to retain nurses to address the nursing shortages.

"To address the prior speaker's concern about the Hawaii Nursing Association, Ms. Craft, the Vice President of that Association testified to your Committee on Health. The bill was first heard by Higher Education, and they repealed the sunset date from 2009 to 2014. When it was heard by your Committee on Health, the outstanding Chair of Health changed the bill to 2010. At the hearing, I talked to Ms. Craft, the Vice President that represents the Nursing Association and she said the date, if it's 2010, they are okay with it.

"We went to the Finance Committee and there was no one from the Hawaii Nursing Association that came in person to oppose this measure. And again I believe it's attributed to the fact that we did change it to 2010 and they're okay with it. For those reasons, I stand in strong support of this measure. Thank you, Mr. Speaker."

Representative Evans rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I am in support with reservations. The mission as spoken by a previous speaker, is to collect and analyze data. My reservation is that these people, I believe, need to work themselves out of a job. They need to analyze data. They need to make recommendations, and then it needs to sunset. I just don't want to see the Center in perpetuity, analyzing how to solve the problem. I think it's up to the private sector. I'd like to see the private sector really work on this issue. Thank you, very much."

Representative Lee rose to speak in support of the measure, stating:

"I am rising in support and want to insert written comments. But I just want to comment on who was there at the Finance Committee hearing. There were quite a number of nurses, but the time went by and at the end there were only a couple of people there. But the testimony was presented by a broad cross section of people including staff nurses, people from the University, and I think of note was the former President of the Hawaii Nurses Association. I think there were a fair number of people there. So I would support this bill."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I am in support of this measure.

"Several years ago when the shortage of nurses was first identified as a serious problem, the information needed to address the problem was incomplete, scattered, and sometimes conflicting. As a result, decisions to increase the supply of nurses could not be made with much confidence.

"In 2003, the Legislature passed Act 198, to create the Hawaii State Center for Nursing. The Center was given the mandate to collect and analyze data, and make recommendations regarding the current status and trends of the nursing workforce; conduct research in best practices and quality outcomes; develop a plan for implementing strategies to recruit and retain nurses; and research, analyze and report data related to the retention of the nursing workforce. We can see in the work that the Center for Nursing has produced that they have very ably done what was asked of them. The data and evidence collected by the Hawaii State Center for Nursing is invaluable in making workforce, policy and resource decisions. This information is well worth the costs born by the nurses in the State to support the Center.

"The Hawaii State Center for Nursing is currently affiliated with 33 other state centers for nursing that are also doing vital work on workforce development, nurse retention, supporting nursing education and access to education in nursing. The ability to share and collaborate for good data and outcomes is of great benefit to our community.

"This bill allows the Center to continue receiving funds by extending by one year the sunset date for the deposit of certain nursing fees into the Center for Nursing Special Fund. In light of an ongoing nursing shortage in the state and in the nation, it just makes good sense to continue the funding mechanism for the Center.

"I urge my colleagues to support the bill."

Representative Meyer rose to respond, stating:

"Mr. Speaker, I would like to rebut what the Vice Chair of Health just said. I spoke to Mrs. Craft's sister about this just today because I wanted to know where they stood. And she said she had spoken with her sister, and they have not changed their position. They are not in favor of this bill. Thank you."

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. Mr. Speaker, at this point, I have heard from individual nurses and they do oppose the bill. So I'm going to be voting no on it at this point. Thank you."

Representative Pine rose to disclose a potential conflict of interest, stating:

"I just want to disclose a potential conflict. My mother is a nurse. Thank you," and the Chair ruled, "no conflict."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations with short comments. Mr. Speaker, I was ready to vote just straight up in support of the bill. But with the information from the Representative from Kahaluu, it causes me pause because you have a Nurses Association and for the most part you would hope that in a situation like this, a Nursing Center would benefit them. And why would they come out here and spend the time to oppose it if it wasn't something that was something they really did not like. For that reason, I'm voting with reservations. Thank you."

Representative Mizuno rose to respond, stating:

"Thank you, Mr. Speaker, still in support. Mr. Speaker, the Hawaii Nursing Association has 4,000 members. 4,000 members. But at the Finance Committee hearing, we didn't see one. I spoke to their Vice President, Ms. Craft. She said that she can live with the 2010 date. She didn't want it to go to 2014. But if we had the sunset date on 2010, they could live with it.

"She did say this, and maybe I should have clarified this the first time. She would like to work with the Nursing Center. She felt that if the employers would pay half of their $40 fee, every two years there's a $40 nursing fee that they have to pay, for the Center. If the employers would pay half, and they would pay half, she thought that would be a little more fair. She's not against the Center.

"So again, to clarify. I spoke to the Vice President and she did say they're okay with the 2010 date. They do want to work on some things together. They say this is a work in progress. Thank you very much, Mr. Speaker."

Representative Pine rose to speak in opposition to the measure, stating:

"In opposition. Clearly there are two Mrs. Crafts around here today. And because of that, I'm going to have to vote no. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2134, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE CENTER FOR NURSING," passed Third Reading by a vote of 44 ayes to 3 noes, with Representatives Meyer, Pine and Thielen voting no, and with Representatives Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 944-08) recommending that H.B. No. 2588, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2588, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," passed Third Reading by a vote of 47 ayes, with Representatives Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 945-08) recommending that H.B. No. 2664, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2664, pass Third Reading, seconded by Representative B. Oshiro.

Representative Pine rose to speak in opposition to the measure, stating:

"In opposition on Stand. Com. No. 945, Mr. Speaker. I'm concerned about this bill. Perhaps of all the bills that have taken away the Governor's power, this one will actually, potentially hurt the people of Hawaii the most.

"I've summarized the Attorney General's testimony, as well as the Director of DAGS. The bill will turn the clock on Emergency Management Law in Hawaii back 57 years. It significantly hampers the Governor's ability to respond to emergencies and disasters. Sections 127-1 to 127-9 of the Hawaii Revised Statutes have been suspended since 1951. And for the last 57 years, virtually all of the Governor's emergency management powers and capabilities have been found primarily in Chapter 128 of the Hawaii Revised Statues.

"This bill effectively terminates that suspension for this Governor only. It leaves the Governor with two very separate and distinct Chapters for emergency management, and it dangerously hampers the Governor's ability to respond to emergencies and disasters. Basically, it severely limits the Governor and the Governor's ability to exercise emergency power for disasters not caused by an enemy attack. This means the Governor will be limited in almost all disasters as enemy attacks fortunately, seldom occur.

"It is impractical for the Governor to first find and declare through an Emergency Proclamation that tangible and measurable harm or damage has resulted as a consequence of the disaster. And the disaster relief could not otherwise be achieved in legislation enacted in the next Regular Session of a Legislature or Special Session of the Legislature called by the Governor for the purpose of providing such relief. This would therefore Mr. Speaker, precluded the Governor from exercising the Governor's emergency powers for imminent, potential disasters such as a hurricane coming or a tsunami coming. The Governor would need to wait until the disaster occurs before putting all the people in place to protect the people of Hawaii. And in the aftermath of the disaster, the Governor would need to find and declare tangible and measureable harm, and determine if relief could be achieved through legislation.

"In other words, this bill would make her, before she does anything and calls out the Department of Defense and all the people that would help the people of Hawaii, you're making her come back to us. So all the Neighbor Island Representatives would have to come back from wherever they are and we would have to call a Special Session before helping the people of Hawaii. If so, the Governor would be compelled again to call a Special Session, as I mentioned. Meanwhile whatever harm has occurred would mean that any health or safety problems will fester until the Legislature passes the appropriate legislation.

"In an emergency, the Governor as the both Chief Executive and Commander in Chief of the State must able to take action swiftly as a situation warrants. This bill will prevent the Governor from acting on the advice of experts in disaster prevention and response from ensuring the health and safety of the State's citizenry.

"In addition to hindering the Governor from taking timely action this bill will create problems for the Governor even when the Governor is able to provide disaster relief without legislation. In these cases Mr. Speaker, the relief that is provided would terminate at the end of the next Legislative Session, unless the Legislature adopts by Concurrent Resolution or enacts a law to authorize the continued disaster relief.

"This would be disruptive as relief projects often take over a year to complete and precious resources would be diverted to justifying the continuance rather than the continuing of the relief. There may be dozens or hundreds of projects involved to help the people of Hawaii. There may also be impacts on cost recovery and federal and State aid. For those reasons, Mr. Speaker, I just simply cannot support this bill. It would truly hurt the people of Hawaii."

Representative Caldwell rose to speak in support of the measure, stating:

"Mr. Speaker, in support of this measure. I was afraid we would hear the argument that this was another take-away by the Legislature with the current Governor. But when you think about it Mr. Speaker, the Governor has actually taken power away from the Legislature in the example of declaring an emergency regarding homelessness, not once, but twice in the past year.

"Mr. Speaker, when you think about it, when we passed legislation giving the power to the Governor to declare an emergency, it was done with the intention of enemy attack, terorism, natural disasters, spread of disease, and those kinds of issues. What made homelessness become an emergency? This is something our State has been dealing with for many, many years as many communities throughout our country have been dealing with it. And it's not going to be solved immediately. We're going to continue to struggle with it. We started last year with the Chair of Housing & Human Services, and again as a part of the Majority Package again this year. But Mr. Speaker, what we're talking about …"

Representative Meyer rose, stating:

"Mr. Speaker. Could the speaker stay to the content of this bill. It seems like he's gone a little bit astray."

Representative Caldwell continued, stating:

"I think I'm staying within the content. This bill is designed in part to counter the abuse we've seen in the past year with the Governor's misuse of emergency powers on the issue of homelessness. And that's why I'm talking about homelessness.

"But Mr. Speaker, what would prevent the Governor from exercising emergency powers because there are traffic problems? What would prevent the Governor from exercising emergency power because she failed to release funds for our high schools and elementary schools for repair and maintenance? That is a crisis today and perhaps she could use the same ..."

Representative Meyer rose, stating:

"Mr. Speaker, he's way off the topic of this bill, talking about traffic. This is not what we are talking about. We are talking about changing the way the Governor can declare emergencies."

The Chair responded, stating:

"I think Representative Caldwell is within line as he is talking about whether traffic could be declared as a possible emergency disaster."

Representative Caldwell continued, stating:

"Thank you, Mr. Speaker. I'm just trying to make a point, as where do you define what an emergency is. And the abuse we've seen in the past year, not once, but twice regarding homelessness. So this bill is designed to address that problem. And it's crafted I think, to protect the public.

"I think what we've heard in terms of the arguments so far is taking the arguments to extreme. That's not what is going to occur here. What we are concerned about Mr. Speaker, is when an emergency is declared, the procurement laws no longer apply. Those laws are finely crafted to protect the public. They are there to protect the public. And we want to make sure that if an emergency is declared, that it is truly an emergency, and then the procurement laws can be overlooked.

"Something like homelessness, that was not a reason to get around the procurement laws. How do we know what kind of abuse may have happened? If there is any abuse, we won't know. And therefore we are trying to address that situation. I hope people would support this measure. I think its good government. It has nothing to do with a take away. And if it does, someone must argue it's a take away by the Executive Branch from the Legislative Branch. Thank you."

Representative Thielen rose to speak in opposition to measure, stating:

"Mr. Speaker, I'm personally offended by those comments. I oppose the bill, Mr. Speaker. And I'm personally offended by the comments that say homelessness is not an emergency. That speaker has a roof over his head, a very nice roof up in Manoa. There are people out there on the street. There were people that were evicted by the Mayor, out of the City park. The Governor stepped forward and gave those people a temporary shelter calling it the Next Step so they didn't feel so degraded by the experience of being homeless without any place to go. I've been down to the Next Step a number of times. I saw the people that came out and volunteered their time to set that up so the people would have a place to stay. So their children wouldn't be out there without any shelter whatsoever. I saw the people that really cared and stepped forward in this emergency. Being homeless is an emergency. That is the most heartless comment that I've ever heard in this Chamber, that homelessness is not an emergency.

"Mr. Speaker, our Governor stepped forward and did something that gave people dignity. It gave the volunteers that stepped in to help create the shelter, that helped feed the people, to come down and help give parties for the children. And the people that were there participating in that gave such aloha to the families and the individuals in that homeless shelter. Homelessness is an emergency and we have a Governor that recognized that, stepped forward and acted.

"Now when our side of the island gets a hurricane Mr. Speaker, or I hope not, but possibly a tsunami, I don't want to say to our Governor, 'Sorry, you have to sort of look around and declare that this looks like an emergency, and then call the Legislature back into Session.' For those of us who had been subjected to the tsunami or the hurricane, would be pretty unlikely to show up here because we'd be in our communities to try and help people with that emergency.

"This is the most mean spirited, wrongly devised bill that will hurt our people. And I hope I never ever hear any one else in this Chamber again say that homelessness is not an emergency. Go out there and be with them. And see what that's like and tell me that that's not an emergency in those people's lives. I think this was disgraceful. Disgraceful, Mr. Speaker."

Representative B. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. And unfortunately I will be the one to say that homelessness is not an emergency because I'm looking at HRS 127-1, Definitions for disaster, and that doesn't qualify under that definition. I can read it to you if you want. It's about ten lines long. But unfortunately, homelessness does not qualify because it basically has to be something in relation to, or primarily responsible for disaster caused by fire, flood, tidal wave, volcanic eruption, earthquake or other natural causes, or an enemy attack, sabotage or other hostile actions.

"So while I really believe homelessness is a significant issue and something we do have to deal with, it doesn't qualify as an emergency. Chapter 127 specifically defines it. I apologize to the Representative from Kailua if she's affronted by that. Maybe next time she should put that in a bill so that maybe we could amend this section and actually put that in the definition.

"But if you read the definition, if you read what we are doing in this bill, we are only touching Chapter 127. There's a definition. And I'm surprised she doesn't realize that definitions control the scope of law. That's what we're doing. We're basically saying, when we do come to potential disaster, and she wants to declare an emergency, then she or he, the Governor, whoever they may be at the time, needs to follow a certain procedure. Because we've found in the past that there are times where while Chapters 127 and 128 are supposed to be liberally construed, there are definitions and they need to be within the scope of definitions. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"I also rise is opposition. Mr. Speaker, this bill is entitled, 'Disaster Relief'. But given the context as it's worded, it is disaster creation. Why I feel strongly about this is that we are extremely overreacting.

"If you have a fly in your house, you don't take out a Howitzer and blast it. If you've got a problem with homelessness, you don't say all the powers except, unless there's an enemy declaration of terrorism or attack and things of that sort. We've gone overboard with this, especially when we have to be consulted to know the mindset of what otherwise the Governor has.

"But let's be mindful ladies and gentlemen. We are the Legislative Branch, and that's the Executive Branch. That's the Executive Branch's job. The Legislative Branch is to make policies. If the policies literally handcuff the Executive, I think we have to be mindful of the lives and the property of the people, and that's where it's going to be harmful. If there are lives and property involved, which there are in disasters, particularly of the homelessness that my colleague from Kailua with such righteous indignation just spoke of. Those are real lives.

"So maybe it doesn't meet the technical letter of the law that the Majority Floor Leader spoke of, but the spirit of the law, the lives of those homeless people that the Mayor and other circumstances allowed to be in jeopardy, the Governor saved.

"The bottom line, Mr. Speaker. There's no other way to conclude this. That this is an attempt by an irrational fear of Lingle to do something which is otherwise against the people and we think through this bill, it is against her. It's going to blow up in our face. Thank you, Mr. Speaker. And that would be a disaster."

Representative Evans rose to speak in support of the measure, stating:

"I stand in support. I wasn't the author of the bill, but I was the Chair of the Committee that heard the bill. And I think as policy makers, people bring ideas to you. You debate and then you determine if they are worthy of moving forward. And as we all know in this body, it's through experience and people's ideas that we even have legislation. Or we wouldn't even be here. We wouldn't even have a job.

"So having said that, people brought this forward because of something that happened in the last year or two. Now when I heard the bill, I didn't know about this homelessness. Or I didn't see it as the driver for this. So having said that, I want to do some clarification on this bill.

"House Bill 2664 clarifies when the Governor may exercise emergency powers for a disaster not caused by enemy attack. As a prerequisite to exercising emergency powers for a civil disaster the Governor is required to first find and declare through an emergency proclamation that tangible or measurable harm or damage has resulted because of the disaster.

"And number two, disaster relief cannot be otherwise achieved through legislation enacted in the next occurring Legislative Session or a Special Session called by the Governor. Tangible and measureable harm or damage is defined as harm or damage that has already occurred, and that unless immediately acted upon would otherwise be irreparable, result in the immediate loss of life, or pose an immediate health or safety hazard to humans or the environment.

"House Bill 2664 also provides for the termination of a Disaster Relief Proclamation on the adjournment *sine die* of the following Regular Session unless extended by the Legislature through the adoption of a Concurrent Resolution or enactment of law.

"Under present law, the Governor has broad discretion to define and declare when a disaster has occurred and suspend laws that may impede or be detrimental to providing relief for that disaster. Since June 2006, the Governor has used these powers to issue emergency proclamations to address problems. Through the proclamations the Governor has suspended the Procurement Code, County Zoning Ordinance, environmental impact review laws, land use laws and water quality laws. The Governor also transferred appropriations to homeless projects.

"Now I want you to know that that was given to me knowing that we were going to debate this, because that did not come up in Committee.

"While I do not dispute the public benefits of addressing homeless problems or other projects, I feel that this disaster relief bill should be addressed and at least be considered and debated by this legislative body this Session.

"House Bill 2664 is intended to authorize the Governor to use expansive gubernatorial emergency powers only when absolutely necessary to provide immediate relief for sudden civil disaster. The bill continues to allow the Governor to issue Emergency Proclamations, suspend laws to provide relief for when earthquakes, floods, or tsunamis occur.

"The bill is not intended to hamper or restrict the Governor in any way to address those types of disasters. As such, the bill maintains the Governor's power to expeditiously and effectively react to sudden civil disasters when immediately necessary, while preserving the legislative lawmaking and appropriation powers to address known problems raised through the more deliberate legislative process.

"My colleagues, I ask for your support to continue this discussion on this bill. Thank you."

Representative Pine rose to respond, stating:

"Just in rebuttal and still in opposition. The Majority Floor leader talked about how this should be limited to hostile actions. Previous speakers also talked about how this should be limited to flood, fire, tidal wave, volcanic eruption, etc., etc. But everyone seems to leave out the ending sentence of the statute, which also allows the Governor to declare a disaster from major disasters caused by man.

"I think what's been revealed today is the philosophy that the Governor, and of course our side of the aisle, differ on. We believe that the neglect of the homeless issue for the last 40 years has been a hostile act by man. We believe that it's a hostile act for 40 years to not care for people who do not have homes. We believe that it was a hostile act for the Mayor to kick people out of a place that they were living. So if we are going to debate statute, lets really talk about the whole statute, not just one half of a sentence. The Governor was correct.

"So this is really just a policy decision. We believe that homelessness needs to be fixed. And the Majority believes the same as it has the last 40 years, that the homeless issue is not a crisis and doesn't need to be fixed because we wouldn't be in this situation declaring disaster if we had funded it for all those years."

Representative Caldwell rose to respond, stating:

"Mr. Speaker, my second time with brief comments in support. I just don't want to leave the impression with anyone in this Chamber, that I as a Majority Leader, as an individual Representative in Manoa, and no matter what kind of house I live in, that I don't care about homelessness; that my wife doesn't and that my daughter doesn't; that anyone else in this Caucus doesn't care about it.

"As I pointed out earlier, this Caucus in the past two years and in this Session have Majority platforms on homelessness. Major platforms, last year and again this year. And not only that, but the House and Senate, your Joint Package has platforms on homelessness. We believe that it is a very important issue and we are trying to address it.

"But to get back to the point that the Majority Floor Leader made so clearly is that we are dealing with policy here. And we have a policy in place dealing with disaster declarations. It's clear. It's unambiguous. There is a broad opening at the end to give greater flexibility. But it's designed this way to prevent abuse. And that's what this point is about. It's not about whether we don't have great concern about homelessness. And many of us have volunteered our free time helping on that issue. It's about protecting the public. This is what this is about, straight and simple. Thank you very much, Mr. Speaker."

Representative Cabanilla rose to speak in support of the measure, stating:

"In support, Mr. Speaker. I would just like to elaborate more on what my colleague from Ewa Beach has said about the last portion of the definition of disaster. That it's something that is caused by man and is occurring. We from Ewa Beach know what disaster is. We've been suffering from a traffic crisis, traffic disaster for many, many years. Especially in the last two years, as a matter of fact. I just hope the Governor will see it as well. That there is a man-made disaster in Ewa and it be declared as such so that it is also a disaster and treat it in the same magnitude as the homeless.

"I think there is selectivity here, and if you are going that route of declaring homeless as a disaster, then we should look at the traffic condition in Ewa. I just hope my colleagues would look at it as such and would fight with me in securing a resolution for that disaster.

"Before I conclude Mr. Speaker, if it's considered that I'm not violating any Rules of the House, I think my college from Ewa at one point stood up and described to us in this Chamber, the four types of homeless people, and we'll see if that is something that can be remedied through an immediate or emergency funding.

"So if I may, I'd like her to repeat that description of what homeless people are, or what makes them homeless."

Representative Pine rose stating:

"I don't really understand the question, but I'll try to respond to the comments if I may. By voting for this bill today you will not be declaring traffic as a disaster. So I guess I am consistent with my opposition to this bill."

The Chair addressed Representative Pine, stating:

"Representative Pine, the prior speaker asked for you to clarify the four types of homelessness. You have reached your limit since you already spoke twice."

Representative Pine: "I don't know if there are four. There's varying types. There are people like some members of my family who lost their jobs unfortunately, unexpectedly and who are unable to pay their rent because they are living paycheck to paycheck.

"There are those who are mentally ill who unfortunately, cannot live a stable life and therefore cannot have a stable job, and are unable to have a stable home.

"There are those who are homeless veterans who have Post Tramatic Stress Disorder from other acts of war.

"And I don't really know the fourth one. Oh, excuse me. Drug addiction."

Representative Thielen rose to respond, stating:

"Yes, still in opposition, Mr. Speaker. I wish that we could spend productive time on solving the homeless problem. Mr. Speaker the Majority Leader said the Majority has platforms on homelessness. There's a big difference. Governor Lingle saw the emergency and did something about homelessness, and then this bill is trying to slap her down for doing that."

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. I'd just like to point out some facts for the Members to consider. We talk about the homeless. But let's think about what Proclamations have been issued in the past five years. I have the data from 2003 to 2007, and does anyone here know how many Proclamations have been issued by the Governor? Let's just think about it.

"We know about the Windward floods. We know about the Kakaako homeless shelter. We know about the Leeward Coast homeless. We know about the Ala Wai Canal. And we know about Kauai homeless. So right off the top of my head as far as these emergency declarations, I can mention that there are five emergency conditions that existed in our State, if we include homelessness despite the literal reading of the law.

"It kind of puzzles me because when I look back at the record the Governor actually issued 42, 42 emergency declarations. Mr. Speaker, I'm hard pressed just to name these five, and that's why I'm supporting this. Thank you."

Representative Finnegan rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. You know I've been in opposition to this bill in it's earlier times on the Floor. And I continue to be in opposition to this bill. My only questions is, and I would guess, the majority of the people out there in our State, residents of Hawaii would have the same answer. My question is: do you want to be a constituent or resident of Hawaii where your Governor is free to respond to emergencies? Or do you want to be a resident of Hawaii where your Commander in Chief is handcuffed until the Legislature decides to use the key and open up the handcuffs? Because that's what this bill basically does.

"Some of those Emergency Proclamations that were mentioned before, the 42. I know some of them also had to do with rock fall mitigation. Which one of us would be the one who would talk to a family who may have had their family member killed by a falling rock coming off the mountain? And which one of us would be able to explain to that particular family, if you could just wait for that rock to fall before we remove it during the next Legislative Session. Then maybe we would have prevented that. It's a really hard thing to do.

"I'm not willing to go out there and explain to them that we stopped, as a Legislature, it definitely wasn't the seven of us Republicans. We don't want to be responsible for things that we can take care of under the Emergency Proclamations. There are rocks falling everyday. We know from the times we travel over to the North Shore. These are Emergency Proclamations that happen, and emergency appropriations that happen because it's a dangerous situation.

"There's not much more to say. Platforms are platforms. Action is action. When I talk to people on the Leeward Coast, family and friends because I have a lot of them on that side of the island, many say, 'This is the first time that we feel government actually taking an intersest in homelessness.' That there is action being done. And the tent cities and the families and the children that it serves, providing them with a safer environement, those were things that they approved of, and approved of the Governor for doing that.

"So Mr. Speaker, I speak again in opposition and I hope that we reconsider what I think the Legislature is basically saying, that we wanted to spend that money. We wanted to tell the Governor what to do with that money. And when she did something different than what we wanted her to do, we decided that we would do a blanket policy. A blanket policy that endangers the people of Hawaii. I don't agree wth that, Mr. Speaker."

Representative B. Oshiro rose to respond, stating:

"Mr. Speaker in support, just very briefly. I just wanted to counter the argument that this is in any way a handcuff. Again if people just read the bill ..."

Representative Meyer rose, stating:

"Mr. Speaker. Mr. Speaker. I believe this is his third time up on this issue."

The Chair responded, stating:

"No, it's his second time. The other time was Representative Marcus Oshiro."

Representative B. Oshiro continued, stating:

"She's out of order, so she can sit down. At this point, I want people to read the bill. If they took a look at pages 1 and 2, all it has is a proviso and it just says that all the Governor needs to do is make a finding that this could not otherwise have been cured through a Legislative act, whether through a Special or Regular Session. It's just a finding in the Proclamation. That's all that has to be done.

"To say that there is a handcuff, or anything else, and that she's going to issue a Proclamation anyway. Or he's going to issue a Proclamation anyway. So we're just requiring one more sentence. One more finding. I don't see how difficult that is.

"But what this does do is make sure that they really take a look at whether their exercise of an emergency power truly is an emergency power. That's all we're asking for. It's that extra special monitoring to

make sure the actions they take are in accord with Chapters 127 and 128. Thank you."

At 3:59 o'clock p.m., Representative Takumi requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 4:00 o'clock p.m.

At this time, the Chair announced:

"Members, we've spent a good half an hour on this measure. I will recognize Representative Ward as the final speaker. Anyone else can submit written comments after that."

Representative Ward rose to respond, stating:

"Mr. Speaker, I request if the Chair of Finance would submit to a question regarding the Proclamations that he elaborated on.

"He left the Floor? I just wanted to ask what he didn't like about the results of what the Governor did when she did it; whether it be homelessness or floods. Was there a problem with the results? Or was it the procedure which we are arguing is handcuffing the Governor."

Representative Brower rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, just please note my reservations on this issue. As someone who is one paycheck away from an emergency and disaster, I look forward to optimistic comments on this issue in the future. Thank you."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ching rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in opposition to H.B. 2664, which proposes that any emergency powers in force prior to the effective date of this measure, expire at the end of the 2008 Legislative Session unless reauthorized by the Legislature.

"H.B. 2664 would severely restrict a Governor's ability to take action when immediate and decisive action may be needed regardless of the cause for the emergency. In the words of Governor Linda Lingle's Senior Policy Advisor Linda Smith, this measure impairs the State's ability to provide immediate assistance when it is necessary and warranted by the facts. Further, this bill would slow down the process for requesting a Governor's Emergency Proclamation to protect life and property and to prevent suffering by requiring the State Civil Defense agency to determine if disaster relief to affected residents can be achieved through legislation enacted in the next regular session or by special session. By requiring the Governor to first declare through an emergency proclamation that tangible harm occurred as a result of the disaster, this measure would prohibit the Governor from taking any pre-emptive action to mitigate and prevent damages. This bill, if passed into law, would severely interfere with the responsibilities the Governor has been elected to fulfill."

Representative Thielen rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Thielen's written remarks are as follows:

"What made homelessness an emergency? Here is my answer:

"A family sits in the rain at Ala Moana Beach Park. It has been raining for more than 30 days. The children still attend school, despite the hardships of living outside. Imagine the desperation of those parents who are unable to afford a house to live in and a place for their children to study. Now imagine being told by the Mayor that you must move all of your meager possessions, because the tourists and the residents of this State no longer want to see the homeless in their parks. This is an emergency. The fact that the issue of homelessness and the lack of affordable housing have been callously ignored for many years makes it no less an emergency. In fact this created the emergency.

"Families who are experiencing homelessness must constantly be thinking about food and other resources for their families along with their safety. When you live on the beaches and on the streets, you are constantly aware of your vulnerability. When the Mayor shut down Ala Moana Beach Park and Leeward Coast parks with little warning and more importantly with no alternative location to go to, he created an emergency.

"Our Governor was brave when she declared an emergency related to homelessness. She declared that those who are experiencing homelessness are not to be ignored, but rather recognized as part of our community. With her creation of emergency shelters and more focus placed on the creation of affordable housing, we moved from ignoring the issue of homelessness toward ending homelessness and the prevention of future homelessness. Agencies now have partnered with the emergency shelters to assess the needs of individuals and give them a helping hand to move to the "next step". I applaud the Governor's response to these emergencies and strongly oppose the misguided efforts of the Majority to curb her emergency powers."

Representative Finnegan rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Tokioka rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tokioka's written remarks are as follows:

"Mr. Speaker. Some of the members in the Minority Caucus, particularly the Representative from Kailua made comments about Mayor Hannemann kicking people out of county beach parks.

"I think it's important to clarify that the Mayor of Honolulu moved caringly and carefully when he began a concerted effort to clean Honolulu's City parks. When he announced that Ala Moana Beach Park would be cleaned and closed at night, he offered Roberta Derby Park as a place where homeless could stay. He waited for the State to build shelters on the Waianae Coast before moving to clean Maili Beach Park and others in the area. In fact, the State did not embark on a shelter program until the Mayor moved to clean parks.

"Now, thanks to the Mayor's efforts, many of the parks on Oahu are cleaner, and the homeless have shelter, a win-win situation for Oahu residents."

Representative Caldwell rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Caldwell's written remarks are as follows:

"I am commenting in support of House Bill 2664, A Bill for an Act Relating to Disaster Relief.

"Disaster relief as defined by our law (Chapter 127) includes disaster caused by fire, flood, tidal, wave, volcanic eruption, earthquake, or other natural causes or by enemy attack, sabotage or other hostile actions. This is a very important law, which ultimately gives the Governor special powers to act with immediacy and flexibility in the most dire of times. In providing relief, it allows for the suspension of certain governmental requirements ranging from meeting environmental standards to following the State Procurement Code.

"Important as this law is, questions of good government are raised if a Governor decides to determine that an emergency exists outside the definition of law, and apply this suspension of laws in addressing an issue. House Bill 2664 essentially ensures that the disaster relief applies to legally defined disasters.

"As we all know, there are many highly critical problems facing our State. These range from fixing our educational facilities, to homelessness and housing, to traffic, to facing the prospects of a recession and many more. These problems require a variety of approaches from long range planning to short, more immediate actions. This is all part of government responsibility and service.

"But unless a situation is a disaster, as defined by statute, planning must follow the appropriate laws. Serious as many social issues are, they do not fit within the scope of the disaster relief laws. Abuse can occur if a Governor declares something an emergency when it is outside the legal definition, in order to avoid following the laws that are suspended under HRS 127-10.

"We can do a better job of addressing critical issues like homelessness if we plan forward and follow our procurement laws to ensure money is spent wisely and fairly.

"Thus the need for this amendment, which ultimately sets the standard that State government does the right things the right way."

Representative Awana rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I stand in support with reservations on HB 2664.

"As the Representative from the Big Island had stated earlier, I believed this bill was relating to disaster relief, as well as clarifying the emergency powers of the Governor. I find it quite interesting that much discussion has centered on the homeless situation. I represent a community in which the Governor's Emergency Proclamation on homelessness has benefitted many, yet at the same time, it has created a dilemma for some.

"Those from other areas have moved onto the beaches and beach parks of my district – seeking homeless services. If we want to talk about Emergency Proclamation on homelessness, let's designate the entire State instead of one community so that all homeless will be able to benefit from such measures.

"I would like to close with this statement: Sometimes, good intentions lead to unintended consequences and sometimes unintended consequences lead to legislation. Thank you Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2664, entitled: "A BILL FOR AN ACT RELATING TO DISASTER RELIEF," passed Third Reading by a vote of 37 ayes to 10 noes, with Representatives Bertram, Ching, Finnegan, Green, Marumoto, McKelvey, Meyer, Pine, Thielen and Ward voting no, and with Representatives Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 946-08) recommending that H.B. No. 2685, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2685, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Third Reading by a vote of 47 ayes, with Representatives Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 948-08) recommending that H.B. No. 2456, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2456, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 47 ayes, with Representatives Nakasone, Sagum, Souki and Takai being excused.

At 4:04 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 937, HD 3
H.B. No. 2908
H.B. No. 2134, HD 2
H.B. No. 2588, HD 1
H.B. No. 2664
H.B. No. 2685, HD 1
H.B. No. 2456, HD 2

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 949-08) recommending that H.B. No. 2922, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2922, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Pine rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"Mr. Speaker, I rise in opposition to this bill. This measure takes money away from the State Highway Fund; and this automatically results in us losing our 4 to 1 federal matching funds when we raid money from the State Highway Fund to pay for things other than what the fund is intended for. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2922, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FUEL TAX," passed Third Reading by a vote of 44 ayes to 1 no, with Representative Pine voting no, and Representatives Magaoay, Mizuno, Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 950-08) recommending that H.B. No. 3406, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3406, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support with short comments. On Stand. Com. Rep. No. 950, I believe the working group, the HUG, or the Harbor User Group basically worked really, really hard at coming to a compromise on this bill with regard to all the different stakeholders, and with regard to this harbors bill.

"The only thing I'm concerned with is I know it's a common practice to take out numbers within a bill, especially the dollar amounts, but I think the people that worked with this bill spent a lot of time coming up with those numbers. So I hope that it doesn't necessarily mean that those numbers will be juggled around, and that it will stay with, or as close as possible, to the numbers that they had submitted in the bill. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3406, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COMMERCIAL HARBORS MODERNIZATION," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Mizuno, Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 959-08) recommending that H.B. No. 3410, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3410, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm rising in opposition to the bill. Thank you. Mr. Speaker, this bill relates to biodiesel. I mentioned earlier on another bill that was addressing somewhat the same subject, that there is a worldwide concern about the impact that biodiesel could have.

"The bill gives a preference for biodiesel that is at least 20 percent locally grown and produced; 20 percent from here in Hawaii. But the question is, where does the 80 percent come from? It could be from Indonesia or Malaysia, and could be palm oil from recently destroyed rain forests, and then that mixture is not environmentally friendly.

"The problem also is that if we end up having a State law that defines a fuel to be green if it has any biomass in it, no matter how much fossil fuel was needed to grow it, ship it or process it, or use it to convert into biodiesel, then we're not really moving ahead.

"The *New York Times*, February 8, 2008, hearalded that: Biofuels Deemed a Greenhouse Threat. Almost all biofuels used today cause more greenhouse gas emissions than conventional fuels. I think there's another article in the *Wall Street Journal*, November 28, 2007, and it is: Ethanol craze cools as the doubts multiply.

"We really should be taking a harder look at this. I know there's a real big rush to say, let's be green. But while we're trying to be green, we may end up causing a lot more damage to our climate, to our environment and actually to the world economy, which we're impacting negatively with this rush toward biodiesel. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of the bill and Stand. Com. No. 959. As a brief rebuttal to my colleague. We must differentiate between Malaysian palm oil and Indonesian palm oil. Now, being that I was in the Peace Corps in Malaysia, I know that they are eco-friendly. They have reforestation. They have labor standards. It's not the same as those rainforest devastations, 'slash and burn' techniques that are used in many other countries.

"Having said that, I would go back to what was a pineapple and a prosperous sugar agricultural industry of which is now the fact is we're growing weeds on that property. That is probably the least use we should have. And I wish as my colleague from Kailua, we should never grow fuel to replace food. Food is of primary importance. However, if and until the day that we can stop growing weeds, let's give biofuels a chance.

"And remember, if it's Malaysian palm oil, it's safe, it's certified and it's good for the economy. Thank you."

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I'm rising in opposition to HB 3410, Relating to Biodiesel.

"I believe this bill is premature. The incentives in this bill have merit, but it would be better that these incentives be reconsidered upon the completion of the comprehensive renewable biofuels planning framework presently being developed by DBEDT.

"I am also concerned by the limitation to agricultural lands with a productivity rating of A or B. These agricultural lands are the best overall agricultural lands and most State lands with high-grade designation are already encumbered by long term leases or permits. On the other hand, there are vast amounts of C, D, and E rated agricultural lands that remain fallow and unencumbered. We need to look at using these low-rated lands as possible areas to expand to biodiesel crops because they are more regularly available. Also, displacing other diversified food crops from such lands could adversely impact the State's constitutionally mandated mission of protecting and promoting agriculture."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3410, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BIODIESEL," passed Third Reading by a vote of 43 ayes to 2 noes, with Representatives Meyer and Thielen voting no, and with Representatives Magaoay, Mizuno, Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 960-08) recommending that H.B. No. 3444, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3444, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I was going to vote with reservations, but for now I'm going to vote in opposition. This is basically a tax increase, and I know that it means to do well with the money. Basically let me just read what it is: 'It establishes the Energy Security Special Fund.'

"But this tax is going to be paid by the distributor of the petroleum products. So I'm guessing with what seems to be looming over our heads just around the corner is a $4 a gallon price tag for gas. And I'm just worried when we want to do things like this and we decide to have a tax increase that it will put a lot of pressure to push that increase to our residents, in which they still need to transport, they still need to go back and forth to jobs and home. So Mr. Speaker, I'm in opposition."

Representative Morita rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. On the same measure, I rise in support. Just for the edification of this body, what the tax will amount to is approximately one-third of a penny per gallon. That equates to about $3.89 per person and that's not including the burden that will be passed on to the tourists.

"So for $3.89 a year we can invest toward energy security. And that $3.89 can be avoided easily by doing things that promote energy efficiency and conservation. For example, if people have properly inflated tires, they can probably save that additional amount. If they consolidate their road trips, they can save a couple of gallons and easily save $4 plus. So I'd like to insert additional comments in the Journal. Thank you."

Representative Morita's written remarks are as follows:

"Mr. Speaker, thank you for the opportunity to speak in strong support of this measure. With the price of oil over $100 per barrel the State of Hawaii needs to be extra aggressive in promoting energy self-sufficiency, security, and efficiency. I urge my colleagues to pay heed to the purpose clause of this measure. We can succeed in meeting our long-term energy strategy only if we are willing to invest resources toward this strategy. The tax increase in this measure is a small investment towards Hawaii's future and the quality of life for our residents and businesses. The fifteen cents increase can be broken down to an annual cost of $3.85 per resident. This does not take into account the tourist population, who as a group, consume more energy than the average resident and therefore, if adjusted would lower the cost per resident. This annual cost can be broken down to a per gallon cost of one-third of a penny or approximately $0.0036 and will generate approximately $5,400,000 per year.

"However, this tax increase can easily be offset through energy efficiency and conservation. For example, consolidating errands and road trips to save one gallon of gasoline per year will offset the tax increase. Making sure that tires are properly inflated to ensure maximum mileage can also offset the tax increase. Giving up one cup of specialty coffee per year will offset the tax. So there are many opportunities for Hawaii residents not to be affected by this increase.

"Again, Mr. Speaker, this tax is not unduly burdensome on Hawaii's residents. However, the lack of action in addressing a long term energy strategy will be far more costly to Hawaii's residents. This measure is a small investment for the betterment of Hawaii's future."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition to this measure. The bill increases the tax on a barrel of gas, oil, from 5 cents to 20 cents, so that's four times what it was before. The money in that Environmental Response and Energy Security Tax was really for emergency use in oil spills, and now what we're doing is expanding the use of this to take care of costs for people doing their job. It may only be a small amount per gallon of gas, but it also is passed on in every can of oil that you buy. It's just an increase in the costs of things in Hawaii and for that reason I look at it as an additional tax and can't support it. Thank you."

Representative Finnegan rose to respond, stating:

"Thank you. Short comments Mr. Speaker, still in opposition. I realize that when we break this down it ends up being like 2 cents a day, or whatever it ends up being. But the total amount that the Department of Taxation is saying that we get from this created Fund is going to be $5.2 million annually. Five point two million dollars coming into this Fund and probably most of that amount will be from what we spend on gas.

"Mr. Speaker, this is not the only thing that adds up to all of those costs that we pay. There are tons of little things that we charge our residents, and that's why it makes it so hard for them to enjoy life here in the islands. I just want to make sure that people understand that these little things add up and soon it becomes hundreds and hundreds of dollars in a monthly budget. Thank you."

Representative Ward rose in support of the measure with reservations, and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Mr. Speaker, I rise in reserved support, with strong reservation on HB3444, HD2. While we all are in favor of developing clean energy, reducing Hawaii's reliance on fossil fuels as well as reducing greenhouse gas emissions, we cannot impose yet another rise in taxes.

"Mr. Speaker, the cost of living in Hawaii continues to spiral out of control. I have attached a chart that indicates that Oahu's cost of living has risen by an average of 86.5% over the last five years. This House needs to stop squeezing the people of Oahu for additional tax revenue every time somebody has a good idea!

"Mr. Speaker, Hawaii residents already suffer from the highest price of gasoline in the United States; this tax would eventually trickle down to increase the cost per gallon that the average consumer pays.

"Mr. Speaker, I am very much in favor of focusing our attention on reducing our dependence on foreign oil, but I cannot support increasing taxes our citizens must bear. Therefore, Mr. Speaker, I support this measure with strong reservations."

Governor's office

Representative Ching rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3444, HD 2, entitled:

"A BILL FOR AN ACT RELATING TO ENERGY," passed Third Reading by a vote of 39 ayes to 6 noes, with Representatives Brower, Ching, Finnegan, Marumoto, Meyer and Pine voting no, and with Representatives Magaoay, Mizuno, Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 961-08) recommending that H.B. No. 2137, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2137, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Mizuno, Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 963-08) recommending that H.B. No. 2759, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2759, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ching rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I just want to again ask for a potential conflict on Stand. Com. No. 963, Relating to General Excise Tax. My husband works for HMC. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2759, HD 2, entitled: "A BILL FOR AN ACT RELATING TO GENERAL EXCISE TAX," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Mizuno, Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 964-08) recommending that H.B. No. 3146, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3146, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Rhoads rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I just need to request a ruling on a possible conflict of interest. My wife is on the Board of Directors of Mental Health Kokua and they are a service provider for mental health services with the Department of Health. Mahalo," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3146, HD 2, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE DEPARTMENT OF HEALTH FOR THE ADULT MENTAL HEALTH DIVISION," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Mizuno, Nakasone, Sagum, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 970-08) recommending that H.B. No. 2248, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2248, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Mizuno, Nakasone, Sagum, Souki and Takai being excused.

At 4:18 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2922, HD 1
H.B. No. 3406, HD 1
H.B. No. 3410, HD 2
H.B. No. 3444, HD 2
H.B. No. 2137, HD 2
H.B. No. 2759, HD 2
H.B. No. 3146, HD 2
H.B. No. 2248, HD 2

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 972-08) recommending that H.B. No. 3213, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3213, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I just want to speak on Stand. Com. No. 972, on air pollution fees. I am in support with strong reservations. We already pay sky high fees. I am concerned that when they get hit with these fees, they will then pass it on and it will cost us more for electricity."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3213, entitled: "A BILL FOR AN ACT RELATING TO AIR POLLUTION," passed Third Reading by a vote of 47 ayes, with Representatives Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 973-08) recommending that H.B. No. 1979, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1979, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE SALARIES," passed Third Reading by a vote of 47 ayes, with Representatives Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 974-08) recommending that H.B. No. 2481, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2481, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, in support. But I do have reservations on 974-08. We all know this is the VEBA Trusts, and even though I do support this measure and I probably will support it all the way through with a reservation. The reservation basically represents my being uncomfortable with what it does for the remainder of the EUTF because it does affect the costs for the others, not only employers, but for the other unions that will be getting their health insurance from the EUTF. Thank you."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On the same measure, I would just have the words of the previous speaker and note that I have strong reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2481, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 47 ayes, with Representatives Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 975-08) recommending that H.B. No. 2929, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2929, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Marumoto's written remarks are as follows:

"This bill seeks to require that the independent medical examinations and permanent impairment rating examinations must be performed by mutually agreed upon physicians and not solely by the employer. I am in opposition to HB 2929 and these remarks are based on the testimony of the Chamber of Commerce of Hawaii before the House Committee on Finance. I agree with the arguments of the Chamber.

"I oppose this measure for the following reasons:

"The independent medical examination (IME) is an essential part of the employers' discovery process to ensure proper treatment and to justify incurred costs. The right for an employer to select the physician of their choice to determine whether or not an injury is work related should not be subjected to the delay and costs associated with this procedure.

"The employers and insurance carrier pay for the cost of the IME, therefore should have the choice of the IME physician. The employee chooses his or her own treating physician, so the employer should be able to obtain a second opinion for his or her protection. Furthermore, it is the employee's treating physician, and not the IME physician, that is conducting the actual medical treatment. The IME physician's role is to merely evaluate the injury and treatment.

"Proponents of the bill believe that this change may decrease the adversarial nature that arises during disputes and eliminate the impression of bias in the IME. However, the vast majority of IMEs are conducted without incident or dispute.

"Safeguards exist for IMEs. Hawaii's work comp law requires full disclosure of the IME report to the injured employee. As a result, the employee will be able to determine whether the evaluation was accurate. The employee or his or her personal physician will have the opportunity to contest the report.

"The Department makes a determination based upon the evidence presented to the hearings officers. This bill appears to suggest that the IME report is the final say regarding the injured employee."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2929, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Third Reading by a vote of 43 ayes to 4 noes, with Representatives Ching, Finnegan, Marumoto and Meyer voting no, and with Representatives Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 976-08) recommending that H.B. No. 2964, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2964, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Takamine rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Takamine's written remarks are as follows:

"Mr. Speaker, I rise to support this measure.

"Many times this body is caught between employer and employee interests that conflict and we are called upon to choose sides. This measure allows us to see the interdependence between the interests of employees and employers and how we assist both when we support workforce development. For many reasons this is an important policy call.

"Workforce development involves the development of the best educated and best skilled workforce. This attracts new industry and good paying jobs for our working people and represents a significant investment. Therefore, it is good for the entire community and particularly for the younger members of the workforce. We are told that educational attainment is the single most important factor in determining a person's potential income earning capacity. These are the kinds of concerns that will be addressed through support of this legislation.

"I want to specifically thank all of those who not only voiced their support for this bill, but who have worked together to help develop the kinds of programs that will be supported by this measure. It will no doubt make a positive difference in the lives of many working people.

"Mr. Speaker, I fully support this bill, and urge my colleagues to do likewise."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2964, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT SECURITY," passed Third Reading by a vote of 47 ayes, with Representatives Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 977-08) recommending that H.B. No. 3029, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3029, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Marumoto's written remarks are as follows:

"Mr. Speaker, I rise in opposition to the bill. This measure is duplicative in nature. According to the Department of Labor's testimony, their Administrative Rules already require that any building or structure on State or county land under private contract must follow Chapter 104D. So I do not see why we have this bill if DLIR can already do this.

"I am also concerned that this bill will take us down a slippery slope on how we legislate through Chapter 104D. Chapter 104 is set up to monitor public contracts. Its purpose is not to act as a construction regulation law. If regulation in the construction industry is what is wanted, then it should be addressed in other places in the law instead of trying to make private projects into "public works" by using a broad definition that ignores the purpose and intent of the law."

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in opposition.

"'Public works' projects are intended to be those projects constructed for use by the State or county or are paid for with State or county revenues. This bill, however, would subject leasees of public lands to all the requirements of public works projects notwithstanding the fact that the leasee is a private entity operating a private business.

"Chapter 104 is set up to monitor public contracts where a governmental contracting agency is a party to the agreement. Its purpose is not to act as a construction regulation law. If regulation in the construction industry is what is wanted, then it should be addressed in other places in the law instead of trying to make private projects into 'public works' by using a broad definition that ignores the purpose and intent of the law."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3029, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC WORKS," passed Third Reading by a vote of 43 ayes to 4 noes, with Representatives Ching, Marumoto, Meyer and Thielen voting no, and with Representatives Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 978-08) recommending that H.B. No. 3030, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3030, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"I am rising in opposition. This is another bill trying to rein in the Governor's powers. It clarifies that the Governor may not suspend statutes relating to wages and hours on public works projects unless a state of emergency is declared under the provisions of section 127.

"We had a great deal of debate on this section 127-10 and I don't want to bring all that up, but the Governor declared the emergency in the instance of the homeless because of health and safety concerns. Because it was an emergency, you didn't have to stick with the wages and hours in public works projects. And because of that, she was able to put up some temporary shelters. She was able to house over 1,000 people in a fairly short time.

"There are reasons why under an emergency situation, you shouldn't have to follow the wages and hours on public works projects because you're trying to provide housing, you're trying to put up a wall, you're trying to take care of a dangerous situation. And if you went through procurement and did all the things, crossed all the t's, dotted the i's, people would all be laying out in the water and nothing would be done.

"There are times when it's appropriate and we can't say when those times will be, but we have plenty of problems in this State and if we can solve some there is no question in my mind that the situation out there on the Waianae Coast was a health hazard and a safety hazard. People that lived there wouldn't even go to the beach. Or all the problems with people going to the bathroom outside, and you didn't know what was happening. That's a health issue. It's the kind of thing you find in a third-world country. So for those reasons and many more, I'm going no on this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3030, entitled: "A BILL FOR AN ACT RELATING TO LABOR," passed Third Reading by a vote of 42 ayes to 5 noes, with Representatives Ching, Finnegan, Marumoto, Meyer and Thielen voting no, and with Representatives Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 980-08) recommending that H.B. No. 2672, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2672, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PARKING," passed Third Reading by a vote of 46 ayes to 1 no, with Representative Meyer voting no, and Representatives Magaoay, Nakasone, Souki and Takai being excused.

At 4:26 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 3213
H.B. No. 1979, HD 1
H.B. No. 2481, HD 1
H.B. No. 2929, HD 1
H.B. No. 2964, HD 1
H.B. No. 3029, HD 1
H.B. No. 3030
H.B. No. 2672, HD 2

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 984-08) recommending that H.B. No. 2596, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2596, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. I stand in support of Stand. Com. Report 984. I feel compelled to provide a spoken statement. Thank you very much, Mr. Speaker. I know first hand from my work with communities that drug abuse has devastating consequences, not only to the individual abusers, but to their families, friends and their community.

"Drug abuse has a tendency to tear families apart. The collateral damage from drug abuse is compelling. In addition to the break up of families, we see physical abuse to household members, divorce, crimes and substantial neglect to our children. House Bill 2596 requires the Department of Human Services to investigate reports of drug use in the home with a child within 24 hours.

"On a personal note, my work as a special investigator at the Department of Human Services, I feel compelled to state without

hesitation, that had the Cyrus Belt file been placed on my desk, it would have gotten another investigator and we would have done a complete site visit within 2 hours. This measure will ultimately help the parent or legal custodian to attain the needed substance abuse treatment, which will produce long-term sobriety goals, improved family relationships, keep our parents or legal custodians in school or gainfully employed.

"Now at the Human Services and Health joint informational briefing on January 30th of this year, the DHS representative stated that they will try to work harder with the police and State agencies to address reported drug abuse and possible child abuse cases. Mr. Speaker, it's time for DHS to abide by the representation. They need to step up to the plate. Illegal drug use in Hawaii is an epidemic that poses great cost to the State and to our families. It's time for DHS to step up and do the right thing. Thank you, Mr. Speaker."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"I'm rising on the same issue. I'm in favor, but with some serious concerns. This bill as written would require the Department of Human Services to investigate reports of drug use by a parent or legal custodian in the home of a child within 24 hours. This is a bill that is well-intentioned. It comes on the heels of the very unfortunate situation where that poor little boy was thrown off the bridge. But drug dependency is a chronic, relapsing disease which cannot be resolved in the same manner for all individuals. Comprehensive treatment programs that do not separate mothers from children are cost-effective compared to the financial and social cost of separation. This bill implies that you would be called. If that parent is doing drugs, I don't know if that includes marijuana, but drugs. And in 24 hours the Department of Human Services will be up there and I guess to pick up this child and get them out of harm's way. It's simply not realistic. For those reasons, those are my reservations."

Representative Mizuno rose to respond, stating:

"Thank you Mr. Speaker, still in support. I'd just like to address the previous speaker's comments. Again, when I worked at DHS, had I got that file, there's no doubt in my mind this could have been done within 24 hours. I'm kind of perplexed that the Department of Human Services representatives have indicated that it might be a quagmire for them to do this. That's simply incorrect.

"I do want to state for the record that I am concerned. The Department of Human Services transferred out monies, and if you're looking at child out-of-home payments, they transferred approximately $8 million. They transferred that to another department. That may be part of their concerns, that they might lack the financing, and that's my concern about their transfers of monies. Child protection has to be one of the top priorities. DHS stands for Department of Human Services, not 'Do nothing and it might get better'. They need to stand up and protect our families and our children. Thank you Mr. Speaker."

Representative Shimabukuro rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Shimabukuro's written remarks are as follows:

"HB2596 requires the Department of Human Services to investigate reports of illegal drug use in the home of a child within 24 hours. One full year of substance abuse treatment must be completed by a parent, legal custodian, cohabitant or caregiver that has tested positive before being awarded full custody of a child or being allowed to solely supervise the child. This measure establishes a system for the Department of Human Services to allow children to continue to reside in pre-existing caregivers' safe homes rather than enter into foster care, in certain conditions.

"Having the responsible adult who has failed a drug test complete one full year of treatment prior to regaining sole custody of the child is in the best interest of the child. The lack of contact between the adult and child during this period has been brought into question, but having the drug abusing parent figure out of a child's life for a period of time may be far less detrimental to a child than by having a drug abusing parent figure around. Although the parent, legal custodian, cohabitant or caregiver in question may have great desire to care for the child, once they take drugs their judgment is off. Drugs are addictive and the addiction is not easily cured, even when the abuser has all intentions to quit. Requiring a full year of treatment will potentially lead to less people making jeopardous mistakes that could lead to children being injured or exposed to unreasonable risk or neglect."

Representative Yamane rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I am standing in support with reservations. As a social worker that actually works with these families, actually works with other individuals who do the fieldwork, that are actual social workers and work the front line, I do think that there is some concern about the ability of DHS to meet this mandate within 24 hours.

"Mr. Speaker it's great that we can set policy here, that doesn't come with money, and resources, and appropriate commitment by both the Administration and this body to deal with the problem, which includes not only issues relating to substance abuse, but physical and sexual violence and intimidation, and domestic violence. Mr. Speaker, I think if we're truly committed, then I would like to see some appropriation language in this bill. Thank you."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I do have reservations on this bill as well. One of the things that I remember and throughout my experience here in the Legislature, is the former Representative from Nanakuli really got me to think about situations like this. There was testimony after testimony about broken families, and about how kids were affected by sometimes DHS, and their want to basically pull children out of homes and that sort of thing.

"And as much as I want to protect kids, because I think we all do, in fact I know we all do, in the different Legislation that I've seen passed. But I have to be mindful of those experiences, of those families. And the kind of language that you have in here requires a parent or legal guardian, cohabitant or caregiver all to be free of drugs, which in a setting I guess, I would totally agree with that. What will happen if you do take away these kids from the homes?

"So I just move forward with reservations that we might be moving too quick in response to an unfortunate incident. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2596, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CHILDREN," passed Third Reading by a vote of 46 ayes, with Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

Representative Evans, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 986-08) recommending that H.B. No. 2675, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2675, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Berg rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Lee rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Green rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. This is just a task force. We've looked at a lot of different issues on medical marijuana and we've decided that a task force would be the language that we would agree to. I think the Chairwoman of Military Affairs did an excellent job dealing with a lot of the kind of pro and con testimony.

"So it's just a task force Members, and I wouldn't expect anything differently than that this Session on this matter, but everyone should of course, weigh in how they feel about medical marijuana."

Representative Bertram rose to speak in support of the measure, stating:

"Yes, I feel compelled to stand and speak in strong support of this measure. This is a promise that we made to sick people back in 2000. We were the first Legislature to legislate this, rather than coming from the people. So it is incumbent on this Legislature to step forward eight years later now to address the flaws in this law. And the flaws are directly related to the patients that this is supposed to be serving.

"Ninety-nine percent of the arrests for marijuana are made at a local level, 99 percent. That means if the State and local authorities stopped arresting medical marijuana users, we would get rid of 99 percent of those arrests. People are hurting because we made a promise to them that they could have this medicine to help them and we have not kept true to that promise.

"What we got was testimony from all the county police officers saying they did not even believe that there was a medical efficacy to medical marijuana, regardless of what the State policy states. So we need to look at these laws, and we need to make adjustments to it. If it's to serve the people that it's meant for, which are these patients, we either fix it or we take it away.

"So it's real important that this task force go forward. And even as we move it to the Senate, that somehow we adjust and make it the lowest enforcement priority for law enforcement agencies on medical marijuana patients. Thank you."

Representative Finnegan rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong opposition of H.B. 2675, H.D. 2, which creates a medical marijuana task force to discuss issues regarding adequate supplies of medical marijuana for qualified patients, the value of constructing secure growing facilities for medical marijuana patients to use to produce their medicine, and study inter-island travel issues related to medical marijuana.

"My extent of support ends at the availability and opportunity to grow marijuana in its current form of law. I don't agree with establishing a medical marijuana task force to essentially discuss mass producing an illegal substance and the illegal transport of a controlled substance. I would be more apt to establishing a task force to study the impacts of medical marijuana usage on the community and the potential dangers involved with the misuse of such programs. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2675, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL MARIJUANA," passed Third Reading by a vote of 41 ayes to 5 noes, with Representatives Ching, Finnegan, Marumoto, Meyer and Ward voting no, and with Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 989-08) recommending that H.B. No. 2386, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2386, pass Third Reading, seconded by Representative B. Oshiro.

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker I am in opposition to Stands Com. No. 989, and also Nos. 990, 992 and 993, and I will be very happy to insert remarks against these measures. But I will just note that the worker's comp bills are all very unfair to the employer and heavily weighted in favor of employee. And if the employee is a malingerer, it would really increase costs to everybody concerned and create extra work for the other workers in the firm. This impacts the small businesses more than anyone else. Thank you, Mr. Speaker."

Representative Marumoto's written remarks are as follows:

"This measure provides a disincentive for an employee to return to work and continue to collect temporary total disability payments. It is unfair to employers and only allows an employee, not an employer, to file a request for a return to work hearing.

"These remarks are based on the testimony of the Chamber of Commerce of Hawaii, but many employers share its sentiments.

"The Chamber had concerns with the language that limits the termination of benefits only if the employee's own treating physician says he can return to work. While this is the case in limited situations, it is the employer's physician that often determines if the employee is capable of returning to work. An employee's own doctor will probably not provide authorization that the employee can return to work in any capacity if the employee wants to stay out on disability.

"This language may create a disincentive to return to work because he or she will not get penalized for refusing to return to work especially as the measure increases the weekly benefit amount to 70% of the average weekly wage.

"If the worker is not back on the job, the other employees are forced to shoulder the burden. This adversely affects business – especially small business - that often operates on limited resources.

"This bill does not allow the employer to file a request for hearing with the Department of Labor to terminate TTD benefits. Instead, only the worker can request a hearing. This is will lead to an unfair law and increased costs of work comp premiums."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2386, entitled: "A

BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Third Reading by a vote of 38 ayes to 8 noes, with Representatives Ching, Evans, Finnegan, Marumoto, Meyer, Pine, Thielen and Ward voting no, and with Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 990-08) recommending that H.B. No. 2387, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2387, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2387, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Third Reading by a vote of 42 ayes to 4 noes, with Representatives Ching, Finnegan, Marumoto and Meyer voting no, and with Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 992-08) recommending that H.B. No. 2479, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2479, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Marumoto's written remarks are as follows:

"I oppose this measure because it will increase utilization of vocational rehabilitation thus raising the cost of the workers' compensation program and causing insurance premiums to rise as a result. Currently Voc Rehab is specified for injured employees who cannot return to their jobs and who therefore require training for another type of job. If it is available to all injured employees, it would greatly expand the program and increase the cost of insurance.

"Hawaii's work comp system is expensive because of our liberal presumption clause that assumes that almost all injuries are work related. This measure before us would stretch the use of the work comp program."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Meyer rose to speak in opposition to the measure, stating:

"Mr. Speaker. On Stand. Com. No. 992, worker's compensation and vocational rehabilitation. Thank you, Mr. Speaker. I'm rising in opposition to this measure. This measure expands on its ability for it to give vocational rehabilitation to worker's who are deemed unable to return to their regular jobs and not offered work at the pre-injury earnings level.

"I'm concerned that it might be inconsistent with our Administration's rules, policies and procedures, and collective bargaining agreements which govern salary changes when moving from one position to another. Also this bill should be amended to protect workers from employers who do make *bona fide* offers for suitable work, but simply offer temporary employment to end the payment of temporary total disability in the attempt to lay-off or terminate the employee's employment. Also this proposal will allow an injured worker who has not suffered in a work related permanent disability to receive the vocational benefits to include TTD during the period of the injured worker that's in a vocational rehabilitation plan.

"This proposal may require the employer to pay vocational rehabilitation costs and a corresponding increase in worker's compensation premiums for employees. Those are some of the reasons I cannot support this bill. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2479, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Third Reading by a vote of 42 ayes to 4 noes, with Representatives Ching, Finnegan, Marumoto and Meyer voting no, and with Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 993-08) recommending that H.B. No. 2927, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2927, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2927, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC WORKS," passed Third Reading by a vote of 45 ayes to 1 no, with Representative Marumoto voting no, and Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 994-08) recommending that H.B. No. 3163, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3163, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE SPECIAL FUND FOR DISABILITY BENEFITS," passed Third Reading by a vote of 46 ayes, with Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

At 4:42 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2596, HD 2
H.B. No. 2675, HD 2
H.B. No. 2386
H.B. No. 2387, HD 1
H.B. No. 2479, HD 1
H.B. No. 2927
H.B. No. 3163, HD 1

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1000-08) recommending that H.B. No. 3211, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3211, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Har rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations. I agree with the intent of this bill: we should ensure that Hawai`i homeowners have the right to save money and energy by using the hot sun and trade winds to dry their clothes. However, we should also respect those homeowners who have chosen to live in neighborhoods that bar clotheslines for aesthetic reasons and who have signed legal documentation in acknowledgement of these restrictive covenants.

"In those particular neighborhoods, known as homeowners associations, homeowners should certainly have the freedom to place clotheslines in their backyards, behind hedges or visual screens so that they may be hidden and out of view. This is an easy and acceptable compromise that I hope my colleagues will also feel is in order. Thank you."

Representative Yamane rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I would also like to register my vote with reservations and I'll make a brief comment. My concern is that those that live in a planned community, residents who buy into the community sign a contract. That might be in conflict with this. Thank you."

Representative Finnegan rose in support of the measure with reservations, and asked that the remarks of Representative Yamane be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Caldwell rose to speak in support of the measure, stating:

"Mr. Speaker in support. I hope this bill hangs us all out to dry."

Representative Lee rose to speak in support of the measure, stating:

"In support with written comments which actually talk about some of the concerns our community of Mililani has. Thank you."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of HB 3211, Relating to Solar Energy and clotheslines.

"The purpose of this measure is to reduce our dependence on electricity produced by fossil fuels by providing an alternative to our reliance on electric clothes dryers. This bill allows the use of clotheslines by owners of privately-owned single family residences and townhouses.

"A constituent in my community has concerns regarding this measure. He regards the proposed language as being detrimental to the continued success of Mililani's planned community. He is suggesting that the language be revised to require screened clotheslines to block the view of the clothes drying from neighboring streets and properties with the Association's approval of the planned construction. As the language now stands, it would defeat restrictive covenants already existing in planned communities."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3211, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CLOTHESLINES," passed Third Reading by a vote of 44 ayes to 2 noes, with Representatives Herkes and McKelvey voting no, and with Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1005-08) recommending that H.B. No. 2661, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2661, HD 2, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL PURPOSE REVENUE BONDS TO ASSIST INDUSTRIAL ENTERPRISES," passed Third Reading by a vote of 46 ayes, with Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1008-08) recommending that H.B. No. 3243, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3243, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Har rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure. As you are probably aware, opponents from our very own State government have deemed this bill unnecessary. Mr. Speaker, the issue in this case is not only the appreciation of the talented corps of musicians that make up our symphony, but the timeliness of their endowment.

"Our Honolulu Symphony members have been creating innovative new programs to aid education, appreciation, and expansion of the arts here in Hawai`i. The Honolulu Symphony is rich in tradition and continues to enrich our lives by bringing great music to the Hawaiian Islands. Unfortunately, however, the Honolulu Symphony has experienced a shortfall in funding for its operations and programs due to circumstances beyond its control. For all that the Symphony has done for us, in return, it behooves us to support these artists for enhancing the quality of life of the people of Hawai`i.

"I urge my colleagues to support this bill to show our appreciation and support of our own Honolulu Symphony. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3243, HD 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE HONOLULU SYMPHONY AND ITS PROGRAMS," passed Third Reading by a vote of 46 ayes, with Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1013-08) recommending that H.B. No. 3358, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3358, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of H.B. 3358, H.D. 1 that creates a high technology park on the Island of Oahu.

"I agree with testimony provided by Theodore Liu from the Department of Business, Economic Development, and Tourism. He

testified before the House Committee on Economic Development and Business Concerns in support as long as the passage of such a bill "does not replace or adversely impact priorities as indicated in the Executive Biennium Budget."

"He also makes five suggestions that I believe should be considered if an investment in a technology park is a priority of the State. The testimony specifically addresses the requirement of a business plan, the expeditious completion of the project, and exhausting funding options other than the State's general fund prior to appropriating funds. Thank you, Mr. Speaker."

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in opposition to HB3358.

"I do not think it is necessary for us to spend hard earned taxpayer dollars on a new high technology park on Oahu. As a state, we already have a technology park in Mililani and another on Maui. I agree that having a strong technology-based sector in Hawaii would benefit Hawaii, but we should not be solely responsible for funding such a venture. The private sector should also be involved in this type of project. If businesses think they can make a profit by doing business in Hawaii, they will build this park. The State may and should work with these companies to ensure they receive the right incentives to build such a park.

"We should be looking at ways to make Hawaii a more small-business friendly place, where businesses can thrive without being overtaxed. As a gateway to Japan and China, Hawaii should take advantage of its location and show high-technology businesses that we want them to come here. We can offer tax break incentives and land deals to encourage businesses to set up here in Hawaii."

Representative Yamashita rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Yamashita's written remarks are as follows:

"Mr. Speaker, I rise in strong support of HB 3358, SCR1013-08.

"Hawaii has struggled long and hard to develop a viable high technology industry. However, as we near the sunset date of Act 221, our biggest high technology tax incentive, we must develop new methods for maintaining our high technology sector. One such incentive is the creation of an infrastructure upon which technology companies can start and thrive.

"This bill instructs the Department of Business, Economic Development, and Tourism, in cooperation with the High Technology Development Council to plan for the establishment of a high technology park somewhere on the Island of Oahu. It also appropriates funds for the construction of an infrastructure at that park so that the State can partner with both the federal government and private sector in sustaining the technology industry in Hawaii. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3358, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HIGH TECHNOLOGY," passed Third Reading by a vote of 45 ayes to 1 no, with Representative Meyer voting no, and Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1014-08) recommending that H.B. No. 2509, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2509, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of H.B. 2509, which establishes a State program for collection, recycling, enforcement, and monitoring of covered electronic devices, and establishes program funding through the Electronic Device Recycling Fund.

"I am reluctant in funding a program like this while there are opportunities for private funding through companies such as Apple. In October 2006 the University of Hawaii coordinated a one-week statewide educational e-waste disposal program, responsibly removing approximately 1.2 million pounds of e-waste from Hawaii.

"The University of Hawaii recently began discussions with Apple, planning another e-waste disposal effort that included governmental entities. Upon introduction of H.B. 2509, Apple asked discussions to be put on hold simply because if the Legislature decided to mandate disposal programs, Apple would have to redirect its resources into other e-waste disposal programs. Thank you, Mr. Speaker."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm voting no on this. I really believe that the private sector can handle this. I don't think we need to create a new recycling program at the State level. Thank you."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I am in support with reservations. I was just going to go straight up, but it was brought to my attention at the last minute that many nonprofit charity groups use this as a way to raise money so I think that needs to be addressed. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2509, entitled: "A BILL FOR AN ACT RELATING TO ELECTRONIC DEVICE RECYCLING," passed Third Reading by a vote of 45 ayes to 1 no, with Representative Meyer voting no, and Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1015-08) recommending that H.B. No. 2581, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2581, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Carroll rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Carroll's written remarks are as follows:

"The purpose of this bill is to improve accessibility to and availability of adult residential care homes and long-term care facilities in Hawaii by establishing the Home and Community Based Services Care Home and Long-term Care Home Facility Repair and

Renovation Loan Guarantee Program (Program) to provide loans to repair or renovate facilities.

"It establishes the Home and Community Based Services Care Home and Long-term Care Home Facility Repair and Renovation Loan Guarantee Revolving Fund; and appropriates funds.

"Any owner of a home and community based services care home or long-term care home facility who intends to repair or renovate the home or facility and whose construction plans for repair and renovation have been approved by the director of health pursuant to section 321- shall be deemed an eligible applicant who may apply for a loan guarantee to carry out the repair and renovation. An applicant for a loan guarantee shall submit an application to the office on a form to be provided by the office.

"This program will offer our many long term care home facility operators an opportunity to renovate and repair their homes so they will be able to operate their home and community based services appropriately.

"With the rising number of our aging population and increased need for medical services and hospitalization, we are faced with the unavailability of hospital beds. This measure provides us the opportunity to address this issue.

"In addition, the Department of Health requested that this program be changed to a grant program versus a guarantee loan program. They requested that this Legislature appropriate $6 million each year for this grant program. This grant program would only help those who operate an adult foster care home and a limited amount of people with a loan of a maximum of $25,000. However, I support a Renovation Loan Guarantee Revolving Fund so we can continue to have funding in our revolving fund to help not only adult foster care homes, but also adult residential care homes, assisted living and all other categories that qualify under home and home based communities services care home or long term care facilities.

"The creation of a guarantee loan program for long term care facilities offers one solution to addressing the issues of renovation and repairs to these facilities. More importantly, the Maui Health Initiative Task Force created through legislation and supported by this Legislature identified and made recommendations such as this guarantee loan program in their report to the Legislature.

"For this reason, I support this measure and ask my colleagues to join me in supporting this important bill, HB 2581."

Representative Shimabukuro rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Shimabukuro's written remarks are as follows:

"Mr. Speaker, I am in support of House Bill 2581, which creates a Repair & Renovation Loan Guarantee Program. The program, by means of a revolving fund, will enable owners to fix community-based services care homes and long-term care homes. The program will be administered by an office to be created within the Department of Human Services. Subject to availability of funds, the office will guarantee up to 90% of loan made to an eligible applicant by a private lender. Safeguards are provided in the bill to limit the State's liability.

"One result will be to improve accessibility to, and availability of, adult residential care homes, as well as long-term care facilities. We are all aware of the need for facilities that will provide decent shelter and professional services to our elderly population and persons with disabilities.

"Several organizations and individuals provided supportive testimony at Committee hearings. I urge my colleagues to join me in supporting HB 2581."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2581, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LONG-TERM CARE FACILITIES," passed Third Reading by a vote of 46 ayes, with Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1016-08) recommending that H.B. No. 2897, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2897, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR ASSET BUILDING," passed Third Reading by a vote of 46 ayes, with Representatives Cabanilla, Magaoay, Nakasone, Souki and Takai being excused.

At 4:47 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 3211, HD 2
H.B. No. 2661, HD 2
H.B. No. 3243, HD 2
H.B. No. 3358, HD 1
H.B. No. 2509
H.B. No. 2581, HD 1
H.B. No. 2897, HD 1

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1017-08) recommending that H.B. No. 3352, HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3352, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Awana rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in support of Standing Committee Report No. 1017-08, House Bill 3352, HD 2, Relating to an Audit of the Hawaii Disability Rights Center.

"Requiring the Auditor to perform a financial and management audit of the Hawaii Disability Rights Center is necessary to determine whether the agency is performing according to the mandate for which it was created. Audits are not meant to be a fault finding but rather, should be viewed as a mechanism to review and correct flaws and weaknesses to improve the system. Transparency and accountability are necessary in the use of government funds to erase all doubts and suspicions on the integrity and capability of the agency to provide a balanced and impartial service to its clientele.

"Thank you, Mr. Speaker."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Mizuno rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Mizuno's written remarks are as follows:

"Mr. Speaker, I rise in support of the Standing Committee Report No. 1017-08, House Bill No. 3352, HD2, Relating to an Audit of the Hawaii Disability Rights Center.

"This bill seeks to address the growing concern on the capability of Hawaii Disability Rights Center to continue to function as Hawaii's Protection and Advocacy (P&A) System. The conduct of a financial and management audit will resolve once and for all, any negative impressions or feedback in regard to the management and operation of the Center. The financial and management audit will likewise be an avenue to review and assess existing policies and procedures, whether the same are attuned to the times and consistent to mandates of the Hawaii Disability Rights Centers. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3352, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AN AUDIT OF THE HAWAII DISABILITY RIGHTS CENTER," passed Third Reading by a vote of 44 ayes to 2 noes, with Representatives McKelvey and Rhoads voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1021-08) recommending that H.B. No. 2974, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2974, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition with a few brief comments. Democracy owes a debt of gratitude to unions. It goes back to the democracy movement in Poland, in which Lech Walesa and his dock workers literally helped take down the iron curtain, the Berlin Wall and bring the freedom that's rushed into Eastern Europe. But they did it in a democratic fashion and I think democracy by card check, by which this bill is now asking is contrary to that spirit. And I think that the unions deserve the rights by which they helped build democracy, and that that same spirit of democracy should be built into their unionization. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2974, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LABOR," passed Third Reading by a vote of 38 ayes to 8 noes, with Representatives Ching, Evans, Finnegan, Marumoto, Meyer, Pine, Thielen and Ward voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1022-08) recommending that H.B. No. 2429, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2429, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I will be voting no on this measure, on Aloha Stadium. I am hoping that at the end of the Session I can vote for this measure. I flag it out at this time.

"This measure will transfer the operations of Aloha Stadium to the University of Hawaii and the existing Stadium Authority will be *kaput*. The new Stadium Corporation will take its place and the stadium, come July 1, will be administratively attached to the University and will be 'run like a business.' Aloha Stadium may indeed do better on their new leadership. Revenues could increase. Behind the leadership of banker Tony Guerrero, UH football could move into the big time. I commend these business leaders who want to help UH football and other athletic programs, but is there a hitch?

"Aloha Stadium needs fixing and it needs it bad. I hear that our beloved 'rust bucket' venue will require $120 to $150 million to improve its health and safety. The members of the new Corporation are asking us legislators to pay for these repairs and then they will take it from there. The Corporation can make further improvements by issuing general obligation and revenue bonds. They can also sell the name of the Stadium. They could build skyboxes and sell them to corporations and big-time fans. They contend that they could do a better job negotiating TV rights and marketing the place. Then when all is said and done they might even turn excess revenues over to UH athletics. It sounds wonderful, if it works.

"What if the Stadium doesn't make money? What if the UH football team suffers a slump and fans stay away? Will skyboxes continue to sell? Will national TVs still be interested? If revenues fall or are lackluster, there will be no funds for UH athletics. The bill says the Board of Directors may transfer monies to the University of Hawaii and its intercollegiate programs. Who will get stuck with the revenue loss and/or CIP debt service? If I were President McClain, I would be most concerned about the financial liability of this venture. The stadium loses money now and I fear we'll always lose money in the future. Perhaps this is an unlikely scenario, but one that we, as legislators, have to consider.

"Let's take a step back and look at the big picture. What are our plans for the Stadium? Do we fix it up for one or two decades? Do we eventually build a new stadium at the present site or somewhere else? Are we going to build a transit station near the present Stadium? What will happen to attendance and the parking lot while the station and commercial areas are being built? Alas, I do not know these answers, but don't you think the Legislature, or UH, or the public should know the plan before we turn the Stadium over to a new entity?

"House Draft 2 is an improved version of the previous manifestation. House Draft 1 cut the Board of Regents and the UH Administration out of the actions. It ignored the Governor and the Department of Budget and Finance, to approach the Legislature directly to ask for money. House Draft 1 summarily dismissed union employees. It was an arrogant take away and an unforgiveable giveaway. I need not remind my colleagues that past provisions can re-emerge in Conference Committee deliberations. There is also the possibility that the Senate would adopt this version without amendment. In that case Mr. Speaker, absent a veto, the Stadium Corporation will take over on July 1, in just four months.

"I vote no out of concern for the University, my *alma mater* and the *alma mater* of my four children. Are we considering all the intended and unintended consequences of this far reaching proposal? Are we not moving too fast? This institution is too important to our State to jeopardize its reputation or financial standing. Should the measure be enacted however, I would wish the Corporation great success and financial vindication. That would be good news to the football team, and the Athletic Department, and the entire University System, with its thousands of administrators, faculty members, students and alumni. Thank you."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. This really works toward privatization and I think the real question is, who would you rather have running the stadium: Tony Guerrero or Russ Saito?"

Representative Chang rose to speak in support of the measure, stating:

"In support. The success of the football season brought the spotlight not only to our outstanding football team, but also on the deplorable conditions of our athletic facilities. The question in the public's mind is, who is responsible? The UH Administration? The Board of Regents? The Legislature? The Governor? Why was this

not brought to our attention earlier instead of waiting until Colt Brennan complained about the lack of soap in the shower room? Unfortunately the answer may be, all of the above.

"Do we fault the Board of Regents or UH Administration for earmarking and giving higher priority for funding much needed repair and maintenance to the Upper Campus? Education of our students is of course, our highest priority. With limited funds to maintain the State's highest educational institution, it is no wonder that attention to athletic facilities may have been falling on the wayside for so many years. This bill is just the start and as written, may not be the answer to funding our athletic departments throughout the University of Hawaii System. But we need to think out of the box, be innovative and harvest ideas from the private and business sector who will not be handcuffed by government bureaucracy.

"Can this new Stadium Corporation do a better job of operating, maintaining and managing and generate more income than the present Aloha Stadium Authority? Can this new Corporation generate enough net income to transfer into the intercollegiate athletics program of the University? This bill specifies that the Legislature shall use its discretion to determine whether the debt service on the general obligation bonds would be reimbursed by the newly created Aloha Stadium Special Fund, or paid only with general funds.

"I ask Members of this body to give this bill a chance as it moves on to the Senate where it will be scrutinized by both the UH System Administration, and the Education and Ways and Means Committees. This is another funding source for the University of Hawaii to help level the playing for our other intercollegiate athletic competitors. This bill will also help the core academic mission of the University by making available more funds for the Upper Campus."

Representative McKelvey rose to speak in support of the measure, stating:

"Yes, just in support with real brief comments. To those who wonder if this is going to work, all they need to do is look to Boise State. After Boise State won the Orange Bowl, they took the money and sunk it into their stadium, putting in skyboxes and media boxes. These are multi-year contracts. And as a result, even though they didn't have a winning season last year, the skyboxes were full. And because of the better media facilities, they had better TV coverage which resulted in media contracts, that brought in even millions of more dollars.

"So I think this will work. I think Boise State has shown it will work. And so we need to hopefully move this on. Thank you."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition. I don't know about Boise State, but I know they won the Fiesta Bowl and I think that did a lot for them. That was two years ago. And I don't know the condition of their stadium, but our stadium needs a lot of work. And according to this bill, the University's just going to take it over and they're not going to have the responsibility of any of the costs to refurbish or maintain the facility.

"Of the $9 million plus that came in last year from the Stadium, the University's games only represented 13 percent of the revenues. I think you could find any number of people who would like to take over the Stadium on these terms. The deal that's presented here in this bill is this: Keep all the revenues and don't pay any of the expenses. It's a pretty sweet deal. The State will still be stuck with all the expenses and the big repairs.

"We've been told that it would cost $160 million to bring the Stadium back up to a really great state and it would be another good 25 years. These are not facilities that have short lives. Look at Fenway Park. It's over 100 years old. So I just don't see the benefit here for the State, and I don't really even know what this Corporation is going to do. It seems like such a one-way street. I don't know what they're bringing to the party. They're not paying anything. They're keeping all the revenues, and the State's still stuck with all the costs. Thank you, very much."

Representative Karamatsu rose in support of the measure and asked that his written remarks and the remarks of Representative Chang be inserted in the Journal as his own, and the Chair "so ordered." (By reference only)

Representative Karamatsu's written remarks are as follows:

"I rise in support. The Legislature finds that Aloha Stadium is a public asset with major structural deficiencies yet untapped potential. The Legislature further finds that transferring jurisdiction over Aloha Stadium to a public body with corporate powers is in the public interest. The Legislature believes that such a corporation would be better able to maximize the use and, consequently, income of Aloha Stadium and generate support for the capital improvement of Aloha Stadium to substantially extend its useful life.

"The Legislature also believes that placing Aloha Stadium under a corporation may result in the generation of net income transferable to the University of Hawaii's intercollegiate athletics program.

"The purpose of this bill is to create the University of Hawaii Stadium Corporation and transfer jurisdiction over Aloha Stadium to the Corporation. The primary duty of the Stadium Corporation is to operate, maintain, manage, and improve Aloha Stadium with the University of Hawaii as the major tenant. The secondary duty is to generate net income from Aloha Stadium that may be transferred to the intercollegiate athletics program of the University of Hawaii.

"The Stadium Corporation will be headed by a Board of Directors consisting of 11 members: the University of Hawaii President, five members appointed by the University Board of Regents, and five other members appointed by the Governor, subject to the confirmation of the Senate. All Board Members must have experience in business, marketing, accounting, economics, engineering, architecture, or sports administration.

"This bill also provides the Stadium Corporation with a certain degree of autonomy and flexibility to perform its duties. Thank you."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Yes, in support with reservations. I liked this idea when we first heard about it. As a Republican, we always trust business more than government. But I think in listening to the testimony, it really reflected in summary what Representative Meyer said, that they didn't want any of the expenses, but only the profits. Just from that point alone, I could not see us supporting this if it stays that way."

Representative Yamane rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm standing in support. I understand that you want brief comments to be inserted, but I need to make a couple comments regarding this bill. Mr. Speaker within the bill, the fact was highlighted that the intent was to have this new entity have the responsibility, and let me quote what is in the bill. 'The corporation for the operation, maintenance, management and the improvement of Aloha Stadium.'

"So Mr. Speaker, this entity again, will be responsible for the operation, maintenance, management and improvements of the Stadium. No entities will just get the money and be able to use it on their own behalf.

"Also Mr. Speaker, during our discussions both with the University, with UH Athletic Department and with other entities that are actually excited about this private, potential opportunity to become more involved and use this nexus to expand the range and influence of our University System.

"Mr. Speaker, I understand why people are concerned. We've addressed several concerns, those of the labor unions and the issue of the procurement process. Mr. Speaker, as the process goes on it'll show that this is an opportunity to also enhance our ability for the University of Hawaii to succeed, not only in athletics, but also academically. Thank you."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I am rising with reservations and very short comments. Privatization, when I first heard of it, I too was in support. But two of the major parts of privatization I thought were procurement and labor issues. So again, it's hard to grasp what this is going to look like, so I'm going to remain optimistic that maybe we can find something that will work."

Representative Ward rose to speak in opposition to the measure, stating:

"In opposition. It's too short to put down in written comments. Those of us who were here in the 90s Mr. Speaker, heard similarly the optimism of which the Hawaii Hospital System Corporation, if it was given a chance to get into the private sector, to privatize, to get joint ventures. And we know now that's a $25 to $50 million burden that the State is taking on. But it had the same conceptual notion that we're looking at the Stadium. What it brings to the table is very little, and how we're going to turn the corner in terms of probability is very, very remote. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2429, HD 2, entitled: "A BILL FOR AN ACT RELATING TO RECREATION," passed Third Reading by a vote of 40 ayes to 6 noes, with Representatives Belatti, Berg, Marumoto, Meyer, Morita and Ward voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1024-08) recommending that H.B. No. 2388, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2388, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I am rising in opposition to this bill. HB 2388 is similar to one that the Governor vetoed last year.

"Mr. Speaker, this bill requires an employer or employer's insurer to continue to pay for medical treatment even after the employer or employer's insurer considers the continued treatment to be inappropriate AND after an independent examiner has concluded the employee is ready to go back to work.

"Requiring an insurer to pay for medical services that were determined unwarranted or unnecessary with no substantive right to recovery until the parties are notified of the Director's decision denying the benefits, will likely result in higher workers' compensation premiums, since this adds to the workers' compensation risk exposure of all businesses in Hawaii.

"There are already adequate safeguards within the statute, Administrative Rules, and current practices to insure that an individual receives appropriate medical care. If the treatment being provided is no longer related to the industrial injury, then those services should be billed to the private medical carrier and not be a burden on the workers' compensation system.

"Over the past year, our businesses have seen their workers' comp premiums decrease due to safer workplace environments throughout the State. I don't see any reason why this Legislature would want to "punish" employers for having safer work environments by passing this bill that will increase their workers' compensation premiums. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2388, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Third Reading by a vote of 41 ayes to 5 noes, with Representatives Ching, Finnegan, Marumoto, Meyer and Pine voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1025-08) recommending that H.B. No. 3174, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3174, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FEDERAL FISHERIES REGULATIONS," passed Third Reading by a vote of 46 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1026-08) recommending that H.B. No. 7, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 7, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of H.B. 7, H.D. 1, which directs the Governor to establish the State of Hawaii's participation in the I-SaveRx prescription drug program. I can appreciate the intent of this bill which tries to lower the cost of prescription drugs, but the importation of unapproved drugs is prohibited under federal law.

"Testimony from the State Attorney General also states that, “the interstate shipment of any prescription drug that lacks required FDA approval is also illegal.” The same testimony also provides details on the drug distribution network for legal prescription drugs within the United States that protects the public from receiving unsafe, ineffective, or poor quality medicine. Federal law also prohibits any person other than the original manufacturer of a drug originally manufactured in the United States to receive imported drugs. Thank you, Mr. Speaker."

Representative Takumi rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Takumi's written remarks are as follows:

"Mr. Speaker, I am in support of this measure. Let's be clear. This measure is not the best solution to lower the cost of prescription drugs in our State. But it's become clear that expecting the federal government to do something is wishful thinking.

"States can and must take action and this measure is one example of what we can do. The bill enables the State to participate in the I-SaveRx program that is currently in effect in five states.

"I-SaveRx is a prescription drug reimportation program whereby a pharmacy benefits manager, a PBM, works with member states to enable its residents to access discounted drugs through the internet and a toll-free number. Illinois alone saves its residents over $100 million a year through this program.

"What kind of savings are we talking about? Let me give two examples.

"Lipitor is an anti-statin drug for those who have high cholesterol and is taken by over 26 million Americans. A 90-day supply from Long's will set you back $393.85 For those who have access to I-SaveRx, their cost would be $234.14, a savings of almost $150.

"Or take Nexium, the well-known proton pump inhibitor used to treat acid reflux or heartburn. (And after today's session some of us may need a dose.) Go to Long's and be prepared to pay $499.30 for a 90-day supply whereas I-SaveRx will cost you $211.70 or 57 percent less.

"Why shouldn't the residents of Hawaii have the ability to access prescription drugs at a lower cost that will improve their quality of life?

"HB7 HD1 is a modest attempt to do just that."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 7, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE I-SAVERX PRESCRIPTION DRUG PROGRAM," passed Third Reading by a vote of 46 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1027-08) recommending that H.B. No. 12, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 12, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Takumi rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Takumi's written remarks are as follows:

"I am in support of this measure. In 1993, Minnesota became the first state to ban certain gifts and require the disclosure of marketing tactics employed by the drug industry to doctors. Minnesota did this out of concern that the pharmaceutical industry does not compromise patient health and safety by aggressive marketing practices.

"The measure before us does not ban gifts, but merely creates transparency to benefit consumers and ensure that medical decisions are made based on sound medical judgment and evidence.

"Last year, The New York Times reported extensively on the data collected as a result of the Minnesota law. It revealed conflicts of interests, suspect clinical decisions, and marketing tactics that raised serious concerns.

"Of course, there is nothing illegal about these practices and nothing should be implied or inferred that suggest this. However, as the article reported, ". . . research shows that doctors who have close relationships with drug makers tend to prescribe more, newer and pricier drugs—whether or not they are in the best interests of patients."

"That said, we should join Minnesota, Vermont, West Virginia, the District of Columbia, and Maine in enacting this measure which will benefit our residents and ensure that medical decisions are not based upon marketing ploys, but sound medical reasons."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 12, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PRESCRIPTION DRUG COST CONTAINMENT AND AFFORDABLE ACCESS," passed Third Reading by a vote of 46 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

At 5:05 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 3352, HD 2
H.B. No. 2974, HD 2
H.B. No. 2429, HD 2
H.B. No. 2388, HD 1
H.B. No. 3174, HD 1
H.B. No. 7, HD 1
H.B. No. 12, HD 2

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1028-08) recommending that H.B. No. 2504, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2504, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LIGHTING," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1029-08) recommending that H.B. No. 2863, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2863, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. On Standing Committee Report 1029, I wanted permission to put the remarks of the Sierra Club into the Journal. I'm in opposition to the bill. Thank you."

Representative Thielen submitted the following testimony:

"The remarks of the Sierra Club, Hawaii Chapter are as follows:

HB 2863, HD 2 Permit deadlines for renewable energy projects
While we greatly appreciate the intent behind the measure – ostensibly to expedite the development of renewable energy sources in Hawai'i – we fear that faulty decision making may result if agencies and commissions are forced to expedite energy permits at the expense of reduced public input and deliberation. The State or our environment may be liable if a crucial environmental issue – say a habitat conservation plan for an endangered bird – delays a project. First, it has been our experience in tracking clean energy developments in Hawai'i that the environmental disclosure and permitting hurdles are lower on the list than the obstacles such as financing, land acquisition, and interconnection agreements with the

electricity utility. In fact, interconnection agreements seem to be the biggest roadblock. Second, our existing permitting process protects the environment and the public's right to provide input in the decision making. This usually makes for better sitting and development decisions. Given that many of our indigenous energy resources will be harnessed in remote or ecologically sensitive areas proper permitting and analysis are crucial. In the case of the Kaheawe pastures on Maui, the existing permitting process produced and agreement to protect the Nene and other species. But expediting permitting of new renewable energy facilities – particularly those that are located in wild areas – may cause important resource protection measure to be overlooked. Third, some of the "renewable energy facilities" contemplated in HB 2863 HD1 may be truly fossil fuels facilities in disguise. A recent proposal to produce bio fuel by Kauai ethanol LLC sought a covered source air permit to burn imported coal at the facility to convert molasses to ethanol. In lieu of this measure, the Sierra Club would fully support bills to provide a renewable energy facilities coordinator at DBEDT (an ombudsman of sorts) to help shepherd projects, priority processing of renewable energy permits, and any other measure s to cut bureaucracy – as long as the existing public input and environment process remain intact."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2863, HD 2, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Third Reading by a vote of 42 ayes to 3 noes, with Representatives Luke, Saiki and Thielen voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1030-08) recommending that H.B. No. 2256, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2256, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Third Reading by a vote of 44 ayes to 1 no, with Representative Finnegan voting no, and Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1032-08) recommending that H.B. No. 3279, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 3279, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"I'm rising just with reservations on this particular issue, Stand. Com. No. 1032. This is a budget grant-in-aid for the Hawaii United Okinawa Association. My only concern is that we are going to handle grants-in-aid in a different way this year. And so I thought that maybe all the grants-in-aid would be considered the same way. But yet this one comes as a bill, so that separates it out from the rest of the flock. And that's my only reservation. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3279, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII UNITED OKINAWA ASSOCIATION," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1033-08) recommending that H.B. No. 2520, HD 2, as amended in HD 3, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2520, HD 3, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I am in strong support of HB2520, a bill which supports strong families, strong workplaces and strong communities by providing employees with "time to care" for a family member who suffers a "serious health condition."

"Mr. Speaker, this Legislature tasked the Joint Legislative Committee on Family Caregiving to look for solutions – one aspect of this was to look for how we can assist the family caregiver, who is still an active employee, to be able to remain in the workforce while still discharging caregiving duties.

"Balancing the demands of job and family is a tremendous challenge for working people today. Under current conditions, it is often insurmountable and the caregiver gives up his job, however, states have led the way in fostering family friendly workplaces.

"More women with children, as well as dependent parents, work than ever before. People who must work to provide for their families increasingly find themselves torn in two directions. Meanwhile, many businesses find it hard to recruit, train and keep skilled workers. Without paid time, too many people can't discharge their caregiving duties when the recipient has an emergency illness, surgery or accident.

"Paid family leave would be a big investment in Hawaii's workers and its economic prosperity.

"Hawaii's existing Temporary Disability Insurance system (TDI) offers a perfect solution to build upon. The TDI system must evolve to accommodate the changes of the workforce and family lifestyles. TDI already provides partial wage replacement to people who need time off for illness or injury. Expanding TDI would require only a modest increase in cost and could be paid either by the employer or passed on to the employee.

"The increased cost cannot be compared to the cost of hiring a new employee and providing training or the impact of the loss of a key and experienced employee.

"The time has come for everyone in our community to begin to take responsibility for the increased responsibilities of an aging community.

"The family caregiver in Hawaii provides 15% of the elder care in Hawaii compared with 5% on the U.S. mainland. The family caregivers in Hawaii are a tremendous economic asset to the State – the time has come to let them know we care.

"Opponents have said this bill is contrary to the intent of the TDI law. However, I feel it is completely consistent as it allows people to get back to work. What this does is amend 392-2 HRS, which is the findings and purpose section of the TDI law, to include providing reasonable compensation for wage loss caused by the need to care for a family member with a serious health condition.

"Some may say we would increase the cost of doing business, but in reality this is a policy decision which strengthens the work force and in turn strengthens our state. Hawaii is currently experiencing a labor shortage. The cost of extending TDI benefit payments for

caregiving purposes should always be weighed against the benefit of maintaining a robust work force.

"A national poll conducted in 2007 by Lake Research Partners shows that 76% of voters support paid family leave. Support is strong across geographic, demographic and party lines. In an earlier poll, 4 out of 5 working women said that access to paid family leave is more important than increased pay, promotions or job flexibility.

"The bill gives ample time for the Labor Department to work out administrative details until 2009 and yet another year, until 2010, to implement.

"Let's follow the lead of states like California, Washington and New Jersey—New Jersey specifically places this into TDI. I urge the Members' support."

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I'm rising in opposition to House Bill 2520.

"Employers should not be mandated to provide wage replacement benefits by way of Temporary Disability Insurance (TDI) for employees unable to work due to caring for a family member.

"TDI is meant to cover an employee when they can not come to work due to a personal injury. By extending TDI to cover an employee's absence from work due to caring for a disabled family member, we will surely increase the cost of TDI to businesses.

"I am also concerned that this bill would pose a great hardship on employers if employees are out week after week. Also, this bill won't really help people who are caring for elderly parents because such care requires a substantial amount of time far more than this bill would allow."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2520, HD 3, entitled: "A BILL FOR AN ACT RELATING TO CAREGIVERS," passed Third Reading by a vote of 43 ayes to 2 noes, with Representatives Meyer and Pine voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1034-08) recommending that H.B. No. 396, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 396, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 396, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE PROCUREMENT CODE," passed Third Reading by a vote of 44 ayes to 1 no, with Representative Meyer voting no, and Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1035-08) recommending that H.B. No. 2961, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2961, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Yamashita rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Yamashita's written remarks are as follows:

"Mr Speaker, I rise in strong support of HB 2961, SCR1035-08.

"With the passage of Act 206, SLH 2007, this measure gives the Director of the Department of Taxation additional information to evaluate the economic impact of each existing and proposed tax incentive and to report back to the legislature on its findings every year until 2012.

"As lawmakers, we currently grant many tax incentives, but we must have a clear understanding of how the tax incentives are impacting our economy and annual revenues. Passage of this measure will give us that clear understanding. Thank you."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you. With reservations, Mr. Speaker. I believe this bill sunsets all existing tax credits, so I just wanted to note my reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2961, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1036-08) recommending that H.B. No. 2186, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2186, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of H.B. 2186, H.D. 2, which extends from 90 days to one year of a unilateral special education placement, the time allowed for parents or guardians or the Department of Education to request an impartial hearing regarding reimbursement for the costs of a child's placement.

"I understand that the system is difficult to work through at times. I would rather see the process improved to respond and help guide parents or guardians to a fair outcome. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2186, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

At 5:10 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2504, HD 2
H.B. No. 2863, HD 2
H.B. No. 2256, HD 2
H.B. No. 3279, HD 1

H.B. No. 2520, HD 3
H.B. No. 396, HD 2
H.B. No. 2961, HD 2
H.B. No. 2186, HD 2

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1037-08) recommending that H.B. No. 2973, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2973, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you Mr. Speaker. I rise in support with reservations on H.B. 2973, H.D. 2, which establishes an early learning system in the State and creates the Early Learning Council to develop and administer the system.

"This is a very good bill. My reservations stem from the fact that the governance structure is not included and the program is administratively attached to the Department of Education. I would rather see it attached to the Department of Human Services or the University of Hawaii. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2973, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EARLY LEARNING," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1038-08) recommending that H.B. No. 1745, HD 2, as amended in HD 3, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 1745, HD 3, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong opposition of H.B. 1745, H.D. 3, which establishes job security requirements upon the sale, merger or other transfer of a business establishment that employs 100 or more persons. I believe enacting a law of this nature could be detrimental to Hawaii's economy.

"I agree with testimony from The Department of Labor and Industrial Relations that it would not be in our best interest to dictate to private companies on who they should hire and terminate under certain circumstances. Private companies making an investment would naturally look at retaining personnel that represent the best interests of the company. They don't necessarily have to be told who to keep, they already know because of the extensive research that is done prior to buying the company or business.

"On the other side of the coin, if a business isn't sold because of the unattractive requirement of keeping all the employees, the likelihood of the business going under is greater. The mechanism put in place in attempt to keep all jobs actually jeopardizes them all. Thank you, Mr. Speaker."

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in opposition to this bill. HB1745 is just another bill introduced by this Legislature to increase regulations and place restrictions on the private sector. I don't know what business would in its right mind acquire a failing business if it was forced to retain all the employees of the failed business. A company buying another company will naturally want to keep the good employees, and remove the employees that do not fit into their plans. That is the way the private sector works.

"This bill also interferes in the new employer's right to select employees appropriate for their goals and objectives. As a result, it may have an adverse consequence of discouraging capital investment in Hawaii because purchasers will be more reluctant to acquire companies in Hawaii as a result of the ureasonable requirements and mandates.

"I urge my collegues to vote in opposition on this measure. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1745, HD 3, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT," passed Third Reading by a vote of 39 ayes to 6 noes, with Representatives Ching, Evans, Finnegan, Marumoto, Meyer and Thielen voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

At 5:13 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2973, HD 2
H.B. No. 1745, HD 3

THIRD READING

H.B. No. 2216, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, H.B. No. 2216, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC AGENCY MEETINGS," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

H.B. No. 2217, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, H.B. No. 2217, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE OFFICE OF INFORMATION PRACTICES," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

H.B. No. 1978, HD 1:

Representative Caldwell moved that H.B. No. 1978, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Evans rose to speak in support of the measure with reservations, stating:

"Yes, with reservations. May I have the words that I spoke on Second Reading inserted in the Journal for Third Reading," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and H.B. No. 1978, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ORDER," passed Third Reading by a vote of 44 ayes to 1 no, with Representative Thielen voting no, and Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

H.B. No. 2730, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, H.B. No. 2730, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LEGAL REQUIREMENTS FOR NEIGHBORHOOD BOARD MEETINGS," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

H.B. No. 3013, HD 1:

Representative Caldwell moved that H.B. No. 3013, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong opposition of H.B. 3013, H.D. 1, which adds a new section to Chapter 14, Hawaii Revised Statutes, to enact agreement that allows member states to determine the winner of a presidential election by "national popular vote." The Electoral College was set up for small states to have a voice and we shouldn't be so willing to give that up. Thank you, Mr. Speaker."

Representative Pine rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Berg rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Berg's written remarks are as follows:

"I rise today to speak in opposition to HB 3013 HD1, Relating to the Agreement Among the States to Elect the President by National Popular Vote.

"This bill would, in effect, amend the U.S. Constitution to bypass the role of the Electoral College in future presidential elections. It would, on the basis of minimal public discussion and debate, overturn two hundred years of constitutional law.

"Whether the Electoral College still serves its original purpose is certainly a legitimate question. But this bill has generated little public debate here in Hawaii, has drawn virtually no public testimony in support or opposition, and has not been subjected to the scrutiny that we should rightly expect for such a significant change in our constitutional system of government.

"HB 3013 HD1 has been guided through this Legislature by well-known lobbyists, who have done an effective job at moving it ahead with little public notice. That may be good lobbying, but it is not good public policy.

"This bill also raises the potential both for unintended consequences and setting an unfortunate precedent. Would this bill strengthen Hawaii's voice in the presidential selection process or reduce it to insignificance? If this measure shunts aside this one constitutional provision by a simple majority vote and without the protections built in to the process of amending the Constitution, will other aspects of the Constitution become fair game in the future?

"For these and related reasons, I will cast my vote today against HB 3013, HD1."

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in strong opposition to this measure.

"House Bill 3013 attempts to circumvent the procedures already set in place by our founding fathers in the US Constitution. The Electoral College is a sacred and important voting mechanism. It has served our State well over the years. The Electoral College protects small states from becoming irrelevant to the election process. If we require Hawaii's Electoral College to cast its votes to the Presidential candidate that wins the popular vote, Hawaii's electoral college will no longer be seen as a voice of the people and will be seen as a "pawn" of larger more populated states who may have voted for a candidate the voters of Hawaii did not want as President. For example, Hawaii voted for John Kerry for President in 2004, but under this law, Hawaii would have to give its electoral votes to President Bush because he won the popular vote. I believe the Electoral College is important and allows Hawaii to voice its preference for President and this bill could remove Hawaii from relevance during a presidential election."

Representative McKelvey rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 3013, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE AGREEMENT AMONG THE STATES TO ELECT THE PRESIDENT BY NATIONAL POPULAR VOTE," passed Third Reading by a vote of 36 ayes to 9 noes, with Representatives Belatti, Berg, Ching, Finnegan, McKelvey, Meyer, Pine, Saiki and Thielen voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

H.B. No. 1968, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, H.B. No. 1968, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC MEETINGS," passed Third Reading by a vote of 45 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki, Takai and Ward being excused.

At 5:16 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2216, HD 1
H.B. No. 2217, HD 1
H.B. No. 1978, HD 1
H.B. No. 2730, HD 1
H.B. No. 3013, HD 1
H.B. No. 1968, HD 1

H.B. No. 2355, HD 1:

Representative Caldwell moved that H.B. No. 2355, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations on SCR 710.

"I understand that HB2355 was drafted to stop "fake farms" from receiving special permits to drill wells. I have strong reservations because there is no provision for a farmer to receive a permit for a well. A 5-year moratorium could create a real hardship for a real farmer who could benefit from a well. Being a farmer in Hawaii is hard work and I think this Legislature should continue to work with farmers to make sure they get the help that they need.

"The Commission on Water Resource Management has testified that under the common law in the State of Hawaii, in areas that have not been designated ground-water management areas under §l74C-4l, Hawaii Revised Statutes, landowners have an established correlative right to drill a well and take some water underlying their lands. This is provided that there are insignificant impacts to other nearby existing wells and ground- and surface-water resources. It is unclear how this bill would affect such correlative rights. So I hope that the Legislature will work with the Commission on Water Resource Management to address their concerns so our farmers will not be negatively impacted."

The motion was put to vote by the Chair and carried, and H.B. No. 2355, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WELLS," passed Third Reading by a vote of 44 ayes to 2 noes, with Representatives Herkes and Sagum voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 2243, HD 1:

Representative Caldwell moved that H.B. No. 2243, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Luke rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure. Although the testimony may muddy the water in regards to why this bill is necessary, it may be helpful for the Members to have some background on this bill. This measure is designed to fix a particular anomaly in land use law. The problem arises specifically from a Maui Corporation Counsel opinion that in the case of an invalidated zoning, the permissible uses of the property would be those that were valid under the previous classification. Thus, certain parcels that were reclassified as urban by the LUC, when zoned as something different by the County Council, would revert to the original classification.

"Land use law presented a sweeping policy change in the late 1950s, and it is a testament to the vision of the legislators at the time that we have not encountered major difficulties in the present system. This bill is a lead indicator of another great shift in land use law. With major changes in the way land is traditionally owned in Hawai`i, this measure seeks to help eliminate bureaucratic entanglements. I hope my colleagues can support this measure to demonstrate to the public that we do have a clear vision for what we would like Hawai`i to become."

The motion was put to vote by the Chair and carried, and H.B. No. 2243, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LAND USE," passed Third Reading by a vote of 43 ayes to 3 noes, with Representatives Berg, Saiki and Thielen voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 1975, HD 2:

Representative Caldwell moved that H.B. No. 1975, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations.

"Mr. Speaker, when a dignitary from another country visits the Islands, I think the Legislature should make sure we honor our guests with the highest respect and the warmest aloha possible. However, I do not think this is a primary duty of the Legislature.

"I believe it is the duty of the Executive Branch to handle protocol arrangements. Our current Governor has honored many guests from other countries and has also visited many countries during her term in office. Her office is more than capable to arrange for our special guests from foreign countries.

"If any of our Legislators want to honor special guests personally, I feel we have enough of a generous allowance to entertain these guests during their visit. This fund is unnecessary."

The motion was put to vote by the Chair and carried, and H.B. No. 1975, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INTERNATIONAL AFFAIRS," passed Third Reading by a vote of 46 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 2874, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, H.B. No. 2874, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE PARKS ON KAUAI," passed Third Reading by a vote of 45 ayes to 1 no, with Representative Finnegan voting no, and Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 2956, HD 1:

Representative Caldwell moved that H.B. No. 2956, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Belatti rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"I am opposed to House Bill 2956, H.D. 1 because it strips communities and individuals of their current rights under H.R.S. Chapter 91 to influence the rulemaking process that will affect areas within their neighborhoods.

"This measure is a short-sighted, dangerous reaction to Tanaka v. State of Hawaii, 2007 WL 4572956 (Haw. App. 2007), a court decision in which the Intermediate Court of Appeals held that the Department of Land and Natural Resources (DLNR) must follow the administrative rulemaking procedure set forth in H.R.S. Chapter 91. This process includes requirements of notice and opportunity to be heard.

"First, I am concerned that this measure is short-sighted because while the current Board may promulgate rules that are favored by a community or one constituency within the community, what

safeguards exist that future Boards promulgate rules that are favored by the community? Without public hearings and the opportunity for the public to be heard under H.R.S. Chapter 91, people will only be able to speculate as to why hunters got a favorable outcome over homeowners or vice versa. Specific constituencies and the public-at-large will be left out of the decision-making process with little recourse for rulemaking gone afoul. I am not sure we are prepared to tell our constituents that their thoughts on rules no longer matter.

"Second, I believe that this measure, although restricted at this time to only rulemaking over lands managed by the DLNR, it sets a dangerous precedent of taking away the rights and abilities of communities and individuals to be involved in the rulemaking process over resources. Giving the Board this amount of discretion to create rules for hunting, may lead to greater discretion in creating rules under other areas of DLNR jurisdiction. We may even have to worry about other agencies requesting the same kind of flexibility.

"The rights of the public to know and to be heard before administrative agencies are important. Because House Bill 2956, H.D. 1, as drafted, erodes these rights, I cannot support this measure at this time."

At 5:19 o'clock p.m., Representative Caldwell requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 5:20 o'clock p.m.

The motion was put to vote by the Chair and carried, and H.B. No. 2956, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HUNTING," passed Third Reading by a vote of 41 ayes to 5 noes, with Representatives Belatti, Berg, Carroll, McKelvey and Takamine voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

At 5:22 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2355, HD 1
H.B. No. 2243, HD 1
H.B. No. 1975, HD 2
H.B. No. 2874, HD 1
H.B. No. 2956, HD 1

H.B. No. 2732, HD 1:

Representative Caldwell moved that H.B. No. 2732, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you. Mr. Speaker. I'm rising with some serious reservations about this bill. Thank you. This is relating to the Kakaako area and it is taking a present requirement for lower income housing in any residential development from a 20 percent level to a 25 percent level.

"We were told by the people that are the most likely to be able to develop that area that it was, and I quote, "a massive disincentive to develop." So if we haven't been able to develop at the 20 percent level, I don't see how we accomplish getting housing out there for people that need it by raising the percentage to 25 percent. That just doesn't make sense. Thank you."

Representative Belatti rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"I rise with serious reservations on House Bill 2732, H.D. 1 – Relating to Kakaako. As noted by my earlier comments on House Bill 2807 and the importance of enforcing affordable housing requirements, I am deeply concerned that this bill introduces a new mechanism into Hawaii's marketplace that allows the transfer, crediting or banking, and sale of affordable housing or reserved housing requirements in lieu of the actual building of affordable or reserved housing units. In light of the lack of affordable housing available to our local residents, I am not sure allowing this transfer, crediting or banking, and sale of affordable housing requirements is the right approach to follow."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Shimabukuro rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Shimabukuro's written remarks are as follows:

"Over the years, the cost of land and housing in Hawaii has risen to unattainable levels, especially for those members of our community who fall in the low and moderate income levels. The dreams of our residents and the future generations of having their own homes is out of reach.

"Without affordable housing, our future generations will not remain here to help in the building and development of Hawaii's future. I love this land, and aloha is what we perpetuate in our relationship with each other and in the way we've been taught to care for this special place.

"Housing built in the urban core can greatly add to a household's quality of life. With its proximity to retail shopping, restaurants, entertainment, and parks, Kakaako would be fulfilling a vision for a quality urban community. Kakaako is the only urban area that has the infrastructure capacity to accommodate a high density initiative.

"This bill will increase the percentage of area designated as reserved housing and encourage the private sector to develop much needed low, moderate, and workforce housing that will become a livable community and provide housing opportunities for young couples and families.

"By allowing developers to build vertically, the cost per unit can be significantly lowered thereby giving developers the financial incentive needed to undertake the risk of building projects with such affordable housing requirements while simultaneously allowing for more open space.

"With the remaining undeveloped lands in Kakaako, estimated at 100 acres, it would be possible to develop approximately 15,000 affordable housing units or 50 more residential projects."

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I'm rising in favor of HB 2732, HD1 with some strong reservations.

"Mr. Speaker, this bill by changing the rules for particular lots, changes HCDA's plans without deliberating the broader impact of the overall planning context or consequences. This bill fails to recognize that HCDA's reserved housing programs have historically delivered a balanced blend of housing alternatives in Kakaako. Over 27% of housing built in Kakaako since 1982 have targeted those who are in the affordable housing income range. The present rules provide a sufficient mandate for landowners and developers to construct even more additional affordable housing units in Kakaako.

"This bill creates a burdensome requirement for Kakaako by imposing an extraordinarily high reserved housing percentage on a broadened range of development projects.

"With our ever expanding need for affordable housing, we need to make sure we allow the HCDA to be as flexible as possible. I urge my colleagues to work with the HCDA and allow them to continue their redevelopment plan for Kakaako."

Representative Berg rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 2732, HD 1, entitled: "A BILL FOR AN ACT RELATING TO KAKAAKO," passed Third Reading by a vote of 45 ayes, with Representatives Cabanilla, Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 2204, HD 1:

Representative Caldwell moved that H.B. No. 2204, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I'm rising in opposition of House Bill 2204.

"There is no reason why government entities should be excluded from the current section of HRS 663-9.5 making gun owners absolutely liable for their actions. I believe government entities should be held to the same standard as private individuals.

"This bill amends HRS 663-9.5 by specifying that "owners shall not include government entities." What about the Police, DLNR Resource Agents, Deputy Sheriffs, etc? They need to be held liable for carelessness or inappropriate accidents involving firearms.

"I believe in the 2nd Amendment right to keep and bear arms and I don't believe we should exempt all government entities from liability."

The motion was put to vote by the Chair and carried, and H.B. No. 2204, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE LIABILITY OF A FIREARM OWNER," passed Third Reading by a vote of 42 ayes to 3 noes, with Representatives Finnegan, Marumoto and Meyer voting no, and with Representatives Cabanilla, Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 2391, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, H.B. No. 2391, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LEGAL SERVICE," passed Third Reading by a vote of 43 ayes to 2 noes, with Representatives Finnegan and Meyer voting no, and with Representatives Cabanilla, Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 2476, HD 1:

Representative Caldwell moved that H.B. No. 2476, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ching rose to speak in support of the measure, stating:

"Mr. Speaker, very quickly, in strong support. Dogs provide valuable services to the people. They provide aid, protection to the blind, aid in prosecution, prevention of drug crime, besides providing comfort and companionship. Nationally they aid in national security efforts.

"It's time we respect that dog is man's best friend because the character of the dog has earned it that honor, and this bill will replace the offense of cruelty to animals with a more comprehensive prohibition of dog fighting."

At 5:25 o'clock p.m., Representative Meyer requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 5:25 o'clock p.m.

Representative Mizuno rose in support of the measure and asked that the remarks of Representative Ching be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative McKelvey rose in support of the measure and asked that the remarks of Representative Ching be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Finnegan rose in support of the measure and asked that the remarks of Representative Ching be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and H.B. No. 2476, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CRUELTY TO ANIMALS," passed Third Reading by a vote of 45 ayes, with Representatives Cabanilla, Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 2557, HD 1:

Representative Caldwell moved that H.B. No. 2557, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in support of the measure, stating:

"Mr. Speaker, I will rise in support of this measure. Thank you, very much. Everyday we rely on the media for information. Some of the information we get is mundane, and some information is extraordinary. As citizens we rely on newspapers, radio and TV news to keep us in touch with what is going on all around us, and as a result, across the State holds a place of distinction within our democracy. For this reason we should protect the means by which the media obtains information through a journalistic shield law so as to allow our democracy to function as our Founding Fathers intended.

"When there was corruption or illegality afoot, it is oftentime the media that exposes it to the light of day. It is the media that serves as a watch dog for us all by investigating injustices that we either do not see, or do not wish to see. Shield laws help in protecting whistleblowers in fighting crime and rooting out corruption and uncovering cover-ups, such is the importance of our free press. To get that information however, is not always easy. Given the sensitive subject area of some newsworthy stories, it is not surprising that those who go to the media to break a story often do so under the condition that the reporter will not reveal the source of his or her information. Because of the benefit they provide to society I believe that journalists, newscasters and other members of the traditional media should undoubtedly be protected.

"I question however, whether all bloggers should enjoy the protection that the traditional media will have under this proposed bill. Members of the traditional media have professional and ethical standards of ethics to which they must adhere. They are accountable to their editors, as well as to their reading, listening and viewing public. While some bloggers have established reputations and followings, others in contrast, are unknown to their public and are accountable to no one. Because of the ambiguous and varying

standards that bloggers hold themselves to, we should carefully examine whether all bloggers should serve our democracy in the same way as traditional media and are deserving of total immunity under the shield law.

"Although I have not completely resolved the issue of whether all non-traditional reporters and bloggers are deserving of the same treatment, I and Members of this Caucus nonetheless support this bill because we support a robust democracy that our media helps to provide. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure and would like to submit written comments. But I have a few brief comments to commend the Majority Floor Leader for this bill that he introduced, and for the consideration he took in consideration of my bill.

"I think what's being worked on is something that's going to come out somewhere in between with those information overload vis-à-vis bloggers because right now Mr. Speaker, there's probably no perspective you can't get off the Internet. You name it, you can pull it out. And I think we need now more than ever this notion of First Amendment shield law, the freedoms would otherwise have been abused and sometimes government like us will become a bit forceful.

"So this is a very good bill. I hope it moves along, gets polished, get feather-edged and comes out to be a fine piece of work for all of us."

Representative Wards' written remarks are as follows:

"Mr. Speaker, I rise in support for HB2557, HD1, which limits compelled disclosure of sources or unpublished information for journalists, newscasters and persons participating in collection or dissemination of news or information of substantial public interest. This measure is commonly referred to as the "Shield Law."

"Mr. Speaker, this is a very important issue that must be addressed to reinforce the First Amendment Rights of journalists across the media spectra and I authored a similar measure in HB1986.

"I do have a reservation for this measure; however, as it has a rather large loophole that could be used by law enforcement and the Judiciary to compel testimony. As it is currently worded, journalists would be compelled to reveal their sources, "*if the person claiming the privilege has committed, is committing, or is about to commit a crime; is a witness to the commission of a crime, or if in a civil matter, the source or information is necessary or relevant to the claim or defense asserted.*" While well intentioned, this exception would preclude a journalist from receiving any type of information from government sources. For example, as it may be recalled, "Deep-Throat" was violating the law by talking to Woodward and Bernstein as he was revealing classified information. They, in turn, were witnessing the commission of a crime.

"In addition as the bill is currently written, it has not taken into account the change that technology has brought to the profession of journalism. I would recommend that the definition of journalists be expanded to include those whose principal transmission medium is via the Internet.

"Mr. Speaker, freedom of the press is essential to a functioning democracy. A clear shield law is necessary to protect journalists' ability to report on various elements of society, without concern for arrest or detention.

"Mr. Speaker, I support HB2557, HD1 as an excellent start to providing journalists the protection they need to conduct their profession and to protect our democracy."

The motion was put to vote by the Chair and carried, and H.B. No. 2557, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EVIDENCE," passed Third Reading by a vote of 45 ayes, with Representatives Cabanilla, Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

At 5:31 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2732, HD 1
H.B. No. 2204, HD 1
H.B. No. 2391, HD 1
H.B. No. 2476, HD 1
H.B. No. 2557, HD 1

H.B. No. 3355, HD 1:

Representative Caldwell moved that H.B. No. 3355, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition to this bill. Mr. Speaker, this bill will permit the investigators of county liquor authorities, the liquor investigators, to possess electric guns.

"There's real concern about that. Number one, just the wisdom of arming liquor inspectors. And the other point is that there have been some number of deaths that are associated with use of these electric guns or taser guns. There's a lack of independent studies on several critical safety issues and the policy allowing the use of those weapons. I think when you involve weapons with alcohol and in that kind of situation, we could be creating more trouble than we could be preventing. Thank you."

Representative Yamashita rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Very quickly, the person that asked me to introduce this bill said that the liquor control investigators currently have the same powers as police officers. So they currently carry guns. He felt that a taser might be a safer way to go. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 3355, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTRIC GUNS," passed Third Reading by a vote of 37 ayes to 9 noes, with Representatives Belatti, Berg, Bertram, Cabanilla, Ching, Finnegan, Green, Meyer and Thielen voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 1075, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, H.B. No. 1075, HD 1, entitled: "A BILL FOR AN ACT RELATING TO REAL PROPERTY," passed Third Reading by a vote of 46 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 2920:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, H.B. No. 2920, entitled: "A BILL FOR AN ACT RELATING TO FRAUD PREVENTION," passed Third Reading by a vote of 46 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 2872:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, H.B. No. 2872, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," passed Third Reading by a vote of 46 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

At 5:34 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 3355, HD 1
H.B. No. 1075, HD 1
H.B. No. 2920
H.B. No. 2872

H.B. No. 2540, HD 1:

Representative Caldwell moved that H.B. No. 2540, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations on SCR No. 869. HB 2540, which provides an income tax and GET exemption to companies that provide potable water.

"According to the Tax Foundation testimony it is unclear who this particular measure would benefit and how the operation is structured. The Tax Foundation went on to testify that a separate nonprofit that has been set up to provide potable water is not what the federal law originally addressed in 501 (c) (12) which applies to benevolent life insurance associations of a purely local character, mutual ditch or irrigation companies, mutual or cooperative telephone or electric companies Ditch and irrigation companies do not provide potable water and, therefore, it is curious to whom this proposal would apply.

"I am also concerned that this bill targets only a small number of businesses because they are considered doing something special. If companies like these are struggling, then they should improve their business plan because I don't think the State can benefit from only helping a few select companies."

The motion was put to vote by the Chair and carried, and H.B. No. 2540, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 44 ayes to 2 noes, with Representatives Berg and Finnegan voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 2737, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, H.B. No. 2737, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WATER RESOURCES," passed Third Reading by a vote of 46 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 3259, HD 1:

Representative Caldwell moved that H.B. No. 3259, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 3259, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ALA WAI WATERSHED," passed Third Reading by a vote of 46 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 2099, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, H.B. No. 2099, HD 1, entitled: "A BILL FOR AN ACT RELATING TO INCOME TAX CREDIT," passed Third Reading by a vote of 46 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 2942, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, H.B. No. 2942, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 44 ayes to 2 noes, with Representatives Pine and Ward voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

H.B. No. 266, HD 2:

Representative Caldwell moved that H.B. No. 266, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Sonson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"I'd like to ask for ruling on a potential conflict. At my law firm we do represent OHA on certain matters, but nothing related to this bill. Thank you," and the Chair ruled, "no conflict."

Representative Karamatsu rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Karamatsu's written remarks are as follows:

"I rise in support. The purpose of this bill is to most effectively and responsibly meet the State's constitutional obligations to Native Hawaiians with regard to the benefits from the lands in the public trust referred to in Article XII, Sections 4 and 6, of the Hawaii Constitution (public trust lands). Among other things, this bill:

1. Conveys certain parcels of land in Kakaako Makai and Kalaeloa Makai on Oahu and on Hilo Banyan Drive on the Island of Hawaii, and pays $13,189,860 to the Office of Hawaiian Affairs (OHA) for the period from November 7, 1978, to July 1, 2008, as a result of a re-examination of the State's constitutional obligation to native Hawaiians;

2. Establishes a method for determining for each fiscal biennium, beginning in fiscal biennium 2009-2011, the amount of income and proceeds that OHA is to receive from the public trust lands;

3. Finds that the amount of income and proceeds OHA is to receive from the public trust lands for fiscal year 2008-2009 is $15,100,000 and mandating the disbursement of the sum to OHA;

4. Authorizes the Chairperson of OHA to appoint an additional member to the Hawaii Community Development Authority (HCDA); and

5. Exempts the Kakaako Makai lands conveyed to OHA from certain powers that HCDA has over those lands.

"Thank you."

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I'm rising in support with reservations on this bill relating to Hawaiian Affairs. I am glad to see that the Governor and OHA have come to an agreement to settle a long standing dispute over land and payments due from the State to OHA.

"However, I do have some reservations on this bill. I am worried that the State may be giving up important land that could be used for other things. The state has spent over $200 million to improve the Kakaako and Kewalo Basin area. According to the settlement, I believe the price put on the property is too low. We should look at using other lands for the settlement because we have invested such a large sum of taxpayer dollars to improve this area and there are other lands that are considered more important to Native Hawaiians than the Kakaako lands."

The motion was put to vote by the Chair and carried, and H.B. No. 266, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HAWAIIAN AFFAIRS," passed Third Reading by a vote of 44 ayes to 2 noes, with Representatives Luke and Takamine voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

At 5:38 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2540, HD 1
H.B. No. 2737, HD 1
H.B. No. 3259, HD 1
H.B. No. 2099, HD 1
H.B. No. 2942, HD 1
H.B. No. 266, HD 2

At 5:38 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 5:52 o'clock p.m., with the Speaker presiding.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 876-08) recommending that H.B. No. 2350, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 2350, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to this bill. Mr. Speaker the district that I represent is known for its boulders rolling down the hill, going through houses, sometimes injuring people and property as a regular occurrence. This bill would then excuse that occurrence and say that, 'Well it's your fault that you live underneath these natural conditions.'

"I believe this is a cop-out, it's unfair and it's dangerous the way that we're going to let what otherwise, if you're a big land owner and own the mountains you would think that the liability for those that are below would be something you would want to be cognizant of. But this bill says, 'Hey, free ride. Don't worry about it'.

"So I think this is bad policy, and I hope as this is First Crossover that as we crossover this thing over, it will be crossed out."

Representative McKelvey rose to speak in opposition to the measure, stating:

"Mr. Speaker, I am in strong opposition. Let me just say that first of all, can I have the words of the previous speaker adopted as if they were my own, minus the boulders crashing into the houses.

"Also let me note that for Maui Meadows, we just had the floods there and a big land owners have had boulders and mud and debris wipe several people's houses out. Under this bill, they would have no recourse. So I have to oppose this measure. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2350, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LANDOWNER LIABILITY FOR NATURAL CONDITIONS," passed Third Reading by a vote of 33 ayes to 13 noes, with Representatives Belatti, Berg, Ching, Finnegan, Marumoto, McKelvey, Morita, Pine, Saiki, Sonson, Thielen, Wakai and Ward voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

At 5:56 o'clock p.m., the Chair noted that H.B. No. 2350, HD 2, passed Third Reading.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1020-08) recommending that H.B. No. 2823, HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2823, HD 2, entitled: "A BILL FOR AN ACT RELATING TO DAM SAFETY," passed Third Reading by a vote of 40 ayes to 6 noes, with Representatives Finnegan, McKelvey, Pine, Saiki, Sonson and Thielen voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

At 5:58 o'clock p.m., the Chair noted that H.B. No. 2823, HD 2, passed Third Reading.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1039-08) recommending that H.B. No. 3440, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that notwithstanding the recommendations contained in Standing Committee Report No. 1039-08, that H.B. No. 3440, HD 2, be recommitted to the Committee on Finance, seconded by Representative B. Oshiro.

[Note: Floor Amendment No. 2 was received and subsequently withdrawn before being offered.]

The motion was put to vote by the Chair and carried, and H.B. No. 3440, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE ISLAND OF NI‘IHAU," was recommitted to the Committee on Finance, with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1041-08) recommending that H.B. No. 466, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that H.B. No. 466, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Pine rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine asked that the remarks of Representative Sonson on Second Reading be entered in the Journal as her own. (By reference only.)

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in opposition to House Bill 466.

"I am in strong opposition to this measure because it does not leave any room for a moral exemption. Because of its religious tenets, St. Francis Healthcare System does not provide abortion services, including "emergency contraception" which may induce early abortion. Although St. Francis no longer operates its two medical centers, the Sisters continue to maintain its religious tenets and therefore, including these tenets as a condition of the sale and lease of the land under the two medical centers. As part of the purchase agreement, Hawaii Medical Center has agreed to comply with the Ethical and Religious Directives for Catholic Health Care Services. I think this agreement should be observed because the people at the Hawaii Medical Center testified they would transport patients who wanted the "morning after" pill to other hospitals at the hospital's expense so they could receive the treatment. I think forcing a hospital to commit to a procedure they find "morally wrong" is not right, and then fining them is unconscionable.

"I do support requiring hospitals to provide education on all options available to a patient, but I do not support requiring hospitals to perform procedures that are against their religious beliefs."

Representative Ward rose in opposition to the measure, and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Mr. Speaker, thank you for the opportunity to offer my opposition to House Bill 466, which would force all of Hawaii's hospitals, including Catholic hospitals against their religious beliefs to provide emergency contraception for sexual assault, to provide emergency contraception services.

"House Bill 466 would force all medical staff to offer information regarding emergency contraception and provide these procedures, even if a staff member opposes such practices on religious grounds. Undoubtedly, incidents of sexual assault are terrible events, in which perpetrators should be brought to justice and victims should receive very extensive physical and emotional care.

"However, those who are treating these victims should not be forced to violate their religious beliefs. For medical staff members or religious medical centers that oppose emergency contraceptive measures, this bill is tantamount to a denial of religious freedom; without a religious exemption, it violates the First Amendment of the Constitution, specifically the Free Exercise Clause. The fairest thing that can be done with this bill is to exempt the Hawaii Medical Center which is in an operational agreement with St. Francis Hospitals and holds strong religious beliefs as an institution and by its nuns who work at the hospital.

"Once again, I oppose this bill as is it written, without exemptions for those who oppose emergency contraceptive procedures on religious grounds.

"Thank you for this opportunity to offer my opposition to this measure."

Representative Yamane rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I would like a ruling on a potential conflict. I'm a social worker that works in the emergency room. Thank you," and the Chair ruled, "no conflict."

Representative Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of HB466, HD1, which would require hospital emergency rooms to provide medically accurate information on emergency contraception to survivors of sexual assault and to offer emergency contraception (EC) if requested.

"Mr. Speaker, I believe this is not only a patients' rights issue, but also an issue of victims' rights.

"When a victim of a violent crime that results in physical injury is seeking medical attention, the system should do everything possible to respond, and do everything that is medically necessary. There should be no question about this.

"Why then are we having this debate? Has sexual violence against women become acceptable in our society? Does the sometimes negative treatment rape victims receive indicate the underlying assumption that perhaps the victim was at fault in some way?

"Sexual assault, or rape, is a crime that is violent, traumatic and the ultimate intimate violation, in which a woman loses all her sense of personal control, decision making and dignity. Physically and psychologically, she is ripped apart.

"So what are the responsibilities of healers to this victim? She must be informed about procedures being followed to ease her pain, provided information critical to decisions regarding her injuries, be informed of the risk of sexually transmitted disease, asked to provide evidence that she may have been given substances without her knowledge before the assault and given honest information about the risks of possible pregnancy. She should also be offered emergency contraception.

"No providers of any kind of care have the right to make decisions for her about health care treatment related to the rape – or to withhold information that would allow her to make an informed decision. No one has the right to refuse to provide emergency contraception.

"Some may confuse RU486 with emergency contraception. This is unfortunate. Emergency contraception is a safe, effective back up birth control method that can prevent pregnancy after unprotected intercourse. Emergency contraceptive pills contain high dosages of the same hormones found in daily birth control pills-estrogen and progestin. RU486 is a completely different drug. EC helps to prevent pregnancy while Mifeprex RU486 terminates pregnancy. The fact is – EC helps to reduce the need for abortion.

"Across the nation more than 212 Catholic non-profit hospitals dispense EC to rape victims. A for profit corporation seeking a religious exemption would not qualify under the standard set in Hawaii related to contraceptive services, and surely would not be exempt if seeking public funds.

"However, the public policy issue we face here today is that the victims of sexual assault deserve the fullest and best care available. The public policy we endorse in this bill is the assurance that all hospital emergency personnel are properly trained in handling the special needs of these victims. The public policy here is a patient's right to self-determination in the exercise of control over her own

body, and to determine whether or not to accept lawful medical treatment."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 466, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 39 ayes to 7 noes, with Representatives Ching, Finnegan, Manahan, Meyer, Pine, Sonson and Ward voting no, and with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

At 5:59 o'clock p.m., the Chair noted that H.B. No. 466, HD 1, passed Third Reading.

H.B. No. 1758, HD 1:

By unanimous consent, action was deferred one legislative day.

H.B. No. 3041, HD 1:

By unanimous consent, action was deferred one legislative day.

FINAL READING

H.B. No. 987, H.D. 1, S.D. 2:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the House agreed to the amendments proposed by the Senate to H.B. No. 987, H.D. 1 and H.B. No. 987, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO POLICE OFFICERS," passed Final Reading by a vote of 46 ayes, with Representatives Magaoay, Nakasone, Nishimoto, Souki and Takai being excused.

At 6:01 o'clock p.m., the Chair noted that H.B. No. 987, HD 1, SD 2, passed Final Reading.

ANNOUNCEMENTS

Representative Caldwell: "Mr. Speaker, on behalf of the Caucus I'd like to thank everyone for their cooperation in working with the Consent Calendar. I know it's still a work in progress, but I think we're getting better at it. I want to thank the Minority for cooperating with us, particularly the Minority Leader. Thank you."

Representative Meyer: "Thank you, Mr. Speaker. I'd like to on behalf of our Caucus, thank you for your hospitality and the wonderful lunch that you've provided. We appreciate it very much."

Representative Evans: "Mr. Speaker, thank you. Tomorrow is a recess day, but we have two big events in the State Capitol. We have the Historic Preservation Awareness Day, and we have the Hawaii Science and Technology Day here at the State Capitol. So there will

be a lot of exhibits, and a lot of opportunities to mingle and have a lot of fun. Thank you."

Representative Waters: "Thank you, Mr. Speaker. At the appropriate time, could we have a moment of silence for the death of tort reform?"

Speaker Say: "No, we will not."

LATE INTRODUCTION

The following late introduction was made to the members of the House:

Representative Rhoads introduced Mr. Fetu Kolio of the Kalihi-Palama Neighborhood Board.

ANNOUNCEMENTS

Representative McKelvey: "Mr. Speaker, on Tuesday Maui lost one of its own radio pioneers, Mr. Greg Everett. Greg Everett was the one who started the first call-in show for political and government affairs on the island of Maui. He was also the Past President of the Maui Chamber of Commerce. He was really well loved by the community.

"He was struck with a heart attack and passed unexpectedly. He leaves behind many sad and sorrowed people. So I'd like to ask if we could observe a moment of silence at the close of session for him. Thank you."

Representative Ward: "Mr. Speaker, a reminder from Robert Frost is that 'a diplomat is a man who always remembers a woman's birthday, but never remembers her age.' I have the honor, being the only male, to introduce the birthday of Colleen Meyer that's coming up very, very, very shortly, in a few hours. Happy birthday Colleen, from all of us."

Representative Pine: "I would also like to wish a happy birthday to the single male in our Caucus and his birthday is this Sunday. Representative Ward"

Representative Ward: "Mr. Speaker if I can rebut and reciprocate. I just happen to have the same birthday as the Maui gentleman, Mr. Angus McKelvey. Happy birthday Angus, this Sunday."

Representative Meyer: "Mr. Speaker, I want to thank Members for acknowledging my birthday. I share the same birthday with Bob Nakasone. I don't know if Bob is here today, but I certainly wish him well and I am happy to see another birthday. Thank you."

Representative Evans: "Thank you, Mr. Speaker. I wanted to invite the Members of this Chamber to Room 329 for some ice cream and a time to talk story with our Paniolo visiting today. Thank you."

At this time, the House of Representatives stood for a moment of silence in memory of the late Mr. Greg Everett.

ADJOURNMENT

At 1:02 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the House of Representatives adjourned until 12:00 o'clock noon, Monday, March 10, 2008. COMMITTEE REASSIGNMENT

The following bill was re-referred to committee by the Speaker:

S.B. No.	Re-referred to:
2579, SD2	Committee on Judiciary, then to the Committee on Finance

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 143) was announced by the Clerk and the following action taken:

H.R. No. 143, entitled: "HOUSE RESOLUTION COMMENDING MALIA CALDWELL AND MALIA FYFFE FOR THEIR CONTRIBUTIONS TO THE CITIZENSHIP PROGRAMS OF KEALAKEHE HIGH SCHOOL AND FOR WINNING THE ANNENBERG FOUNDATION TRIP TO THE UNITED STATES SUPREME COURT," was offered by Representative Green.

Representative Green moved that H.R. No. 143 be adopted, seconded by Representative Berg.

Representative Green introduced the honorees, Ms. Malia Caldwell and Ms. Malia Fyffe who were seated on the floor of the House, and acknowledged their contributions to citizenship programs and congratulated them on winning the Annenberg Foundation trip to the United States Supreme Court.

Representative Berg further recognized Ms. Caldwell and Ms. Fyffe and introduced Mr. David Huitt, Social Studies teacher at Kealakehe High School, who was also seated on the floor of the House.

The motion was put to vote by the Chair and carried, and H.R. No. 143 was adopted with Representatives Cabanilla, Carroll, Har, McKelvey and Nakasone being excused.

The following resolution (H.R. No. 144) was announced by the Clerk and the following action taken:

H.R. No. 144, entitled: "HOUSE RESOLUTION HONORING SEAL DELIVERY VEHICLE TEAM ONE AND SEAL-NAVAL SPECIAL WARFARE FOUNDATION-HAWAII AND ITS FOUNDING BOARD MEMBERS FOR THEIR OUTSTANDING CONTRIBUTIONS, ACCOMPLISHMENTS, AND SERVICE TO OUR STATE AND NATION," was jointly offered by Representatives Mizuno, Brower, Karamatsu, Magaoay and Souki.

Representative Mizuno moved that H.R. No. 144 be adopted, seconded by Representative Brower.

Representative Mizuno recognized the Navy SEAL Delivery Vehicle Team One and commended the SEAL-Naval Special Warfare Foundation – Hawaii support group, and introduced their Board Members who were seated on the floor of the House:

President, Mr. Ron Seiple; Vice President, Mr. Brian Barbata; and Directors, Mr. Dennis Gaughan and Mr. Chad Buck.

Representative Brower also commended the Navy SEAL Delivery Vehicle Team One.

Representative Chang then introduced the honorees representing the Navy Special Forces who were also seated on the floor of the House:

Sr. Chief Brian Mulholland, and LCDR Russ Geraldi.

Representative Ward further commended Hawaii's Navy SEALs.

Representative Finnegan further thanked the SEAL-Naval Special Warfare Foundation for the support and assistance to Hawaii's SEAL members and families.

The motion was put to vote by the Chair and carried, and H.R. No. 144 was adopted with Representatives Cabanilla, Carroll, Har, McKelvey and Nakasone being excused.

At 12:46 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 12:56 o'clock p.m.

LATE INTRODUCTION

The following late introduction was made to the members of the House:

Representative Awana introduced Ms. Mary Beth Seiple, wife of retired Captain Ron Seiple, president of the Naval Special Warfare Foundation.

SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the rules were suspended for the purpose of considering certain bills on Third Reading on the basis of a modified consent calendar. (Representatives Cabanilla, Carroll, Har, McKelvey, Nakasone, Nishimoto and Wakai were excused.)

THIRD READING

H.B. No. 2700, HD 1:

Representative M. Oshiro moved that H.B. No. 2700, HD 1, pass Third Reading, seconded by Representative Lee.

Representative Waters rose to speak in support of the measure, stating:

"In support, Mr. Speaker. Thank you. I'm happy and thankful to the Finance Chair, Vice Chair and Committee members for their hard work on the Judiciary budget, as well as the staff upstairs.

"I just wanted to point out a couple highlights of what this bill contains. It has an additional $1.4 million for guardians *ad litem*. Guardians *ad litem* as you know, take care of our most vulnerable members of society: our kids, our *kupuna* and our mentally challenged. It has an additional $278,000 for a new judgeship in the Hamakua-Kohala area; an additional $219,000 for equality and access to courts for the Court Interpreter Program; an additional $451,000 to expand the drug court on Maui; an additional $682,000 for repair and maintenance of aging facilities; and an additional $416,000 to increase psychiatric and psychological exams.

"Once again, this is a solid bill. It's not everything that the Judiciary asked for, but it's a good solid step in achieving their goals. Thank you."

Representative Finnegan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Just short comments in support. Mr. Speaker, I would like to submit written comments, but I do just have one thing that I did bring up with the Finance Chair with regard to the Judiciary budget in general. It's basically with regard to the federal maximization, and that the Judiciary bill that we were going through earlier, how we would be able to possibly add on another $3 million in federal maximization revenues if the Judiciary cooperated with the Department of Human Services.

"So I would like to just mention that as we are having this supplemental bill for the Judiciary that that's something that we should also take a look at. Thank you."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of H.B. 2700 H.D. 1 which appropriates funds to the Judiciary. As we appropriate more funds to the Judiciary, I believe it is their

responsibility and obligation to at the very least apply for this type of additional revenue to our State. My reservations lie not with appropriating funds, but with the danger of losing an opportunity of receiving federal funds for similar programs. Worth exploring is testimony that was provided to the chair of House Committee on Human Services and Housing on H.B. 3135, relating to federal revenue maximization in the Judiciary. Director Lillian Koller testified that, “It is therefore, critical that the State maximize its claims for Federal reimbursements before the block grant conversion occurs.” She felt it was imperative that the Judiciary continue to pursue federal reimbursements for our children within our court systems to free up millions of dollars in the State’s general revenues before access is limited.

"Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.B. No. 2700, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," passed Third Reading by a vote of 46 ayes, with Representatives Cabanilla, Carroll, Har, McKelvey and Nakasone being excused.

H.B. No. 2500, HD 1:

Representative M. Oshiro moved that H.B. No. 2500, HD 1, pass Third Reading, seconded by Representative Lee.

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker I rise in support of this measure. Mr. Speaker, I'm standing in support of House Bill 2500, HD 1, the Executive Budget. First, let me thank the Committee Chairs for their contribution to this measure. Their insight and prioritization of programs were invaluable in crafting this budget before us this afternoon.

"And thank you also the Members of the Finance Committee. They began the careful review of the Governor's Supplemental Request four months ago in December and I believe used the Department budget briefings as opportunities to analyze and prioritize the thousands of expenditure decisions that make up the Executive Budget. Mr. Speaker they have been diligent with their responsibilities as Members of the Finance Committee and have suffered long hours without complaint, but indeed kept attentive to the hard choices before us and always respectful of differing opinions. Each in their own way Mr. Speaker, has been instrumental in prioritizing the expenditures and making these reductions. And all of them Mr. Speaker should be very proud of the work product we have before us today.

"Mr. Speaker I would like to also thank the House Finance Staff, and I'm glad they're here in the gallery with us today, for all their hard work this Session. This budget is a combination of the efforts of many, and although the budget analysts are the ones most directly involved, there are many issues in the budget that tie back to bills that we recently decked about a week ago. And none of these efforts could be possible without the backbone of the office, the young men and women who you see in the front office day-in and day-out.

"And so if you would indulge me for some time Mr. Speaker, they're in the gallery with us this afternoon and I'd like to introduce them. First the front office and please stand when your name is called: Allison Lee, Mary Ann Kawano, Jeff Yamashiro, Casey Ching, Jo Hamasaki and Tracy Kubota. Also with us are the Researchers: Nicolette Rowe, Akio Adams, Erik Abe, Stacey Tagala and Randall Hiyoto. And of course our Budget Analysts who work closely with the Finance Committee Members: Leslie Goo, Lauren Endo, Daniel Han, Hunter Gradie, Jonathan Conner, Shaun Kindred, Stan Kubota, CIP expert Puna Chai, Eric Nouchi and Michael Ng. A round of applause please.

"Thank you, Mr. Speaker. And of course the Budget Chief who's not here, Nandana Kalupahana. Mr. Speaker special recognition is also due to the Vice Chair, Representative Marilyn Lee, as she ensured that Members were well-fed, maintained their health and reminded all of us to avoid too much salt, to exercise regularly and attend to nature when she calls. She kept us moving forward during my brief absence and no better Vice Chair could one hope for.

"Mr. Speaker a year ago this Legislature was looking at robust revenue projections, and there was a lot of buzz about large surpluses. At the same time, however, there were several warning signs that the economy was beginning to slow. At this time last year, the Council on Revenues was projecting a growth at 6 percent."

Representative Luke rose to yield her time, and the Chair, "so ordered."

Representative M. Oshiro continued, stating:

"Thank you. However, your Committee did not believe it would last. As such last year we began the difficult task of scaling back State expenditures, while at the same time ensuring that critical programs were provided with responsible, sustainable funding.

"We ended the 2007 Regular Session with a package of bills and a budget that didn't spend everything. We left a healthy ending balance, knowing that it would be needed if revenues did not meet projections: $200 million by FY 2009, versus the Executive's $43 million. Mr. Speaker we were socially progressive, but fiscally conservative. But even that, to some, was not enough.

"Surprisingly, our actions brought a lot of criticism from the Administration. In op-eds and commentaries in local newspapers and blogs, several people in the Administration were saying that my cautious attitude about revenues was spreading 'doom and gloom' and creating unnecessary panic. They were asking: 'Why didn't we spend more? Why didn't we give bigger tax breaks? Why can't we have it all?' Mr. Speaker, politicians often get the bum rap for 'not looking ahead' or not being able to look beyond the next election. The plain and simple truth is that the budget we passed last year, set us on a solid path to avoid whole-scale, debilitating cuts to State government this year.

"Mr. Speaker, I have also heard that the Committee Report attached to this budget offends some people. If any Member of this Chamber feels offended, let me offer my sincere apology. Please know that any criticism therein was directed to the Executive Branch and not this Chamber, nor the one across the way.

"Furthermore Mr. Speaker, and importantly, it was not meant to provoke, but simply to set the record straight. Everything written in the Committee report comes from published government reports, newspaper articles, written commentaries, press releases and public speeches. It is not conjecture. It is not theory or conclusion. It is not open to interpretation. It is simple fact. And I am calling a spade, a spade.

"Mr. Speaker, as I mentioned earlier, we ended the 2007 Regular Session with a revenue projection of 6 percent for FY 2007. When the Council met at the end of May 2007, they revised that projection downward from 6 percent to 4 percent, causing an $80 million loss in projected revenue for FY 2007; and in total, a $290 million loss in projected revenue for FY 2009, the end of our budgeting cycle. When we got to the end of the fiscal year, June 30, 2007, actual revenues came in even lower than what was projected. Instead of the 4 percent projected by the Council, revenue came in at 3.4 percent. This meant that we actually collected about $100 million less than what had been projected when we ended the Session. That loss would translate out to more than $350 million by FY 2009.

"For FY 2008, revenue projections went from 6 percent at Sine Die last year, to 5.7 percent in September 2007, to the current 4.9 percent right now. In total, when you compare the Council on Revenue's

projections that we worked with last year to where we are today, there is a $414 million loss in revenue by the end of FY 2009.

"Mr. Speaker as you know, the Council is meeting again in two days. So I ask all of us in this Chamber, what do you think the Council will do? What will be the revised projections? What impact will it have upon the Budget and Financial Plan?"

Representative Mizuno rose to yield his time, and the Chair, "so ordered."

Representative M. Oshiro continued, stating:

"Thank you, Mr. Speaker. Thank you, Representative. Mr. Speaker this is not the time to say, 'I told you so.' It is also not the time to point fingers at one another. It is time to prepare ourselves for a slowing economy, make do with what we have, and live within our means. It is time to face reality. We must hope for the best, but we must prepare for the worst.

"This operating budget totals $5.3 billion in general funds, and $10.7 billion in all means of financing. Mr. Speaker, this budget cuts State government by $67 million, approximately 1.3 percent. Mr. Speaker, the budget before you cuts State government. And so people may ask, 'what are the impacts of these cuts and how will it affect people?' To be quite honest, unfortunately I don't know the particulars. I wish I did. But, I do know that someone's 'ox will be gored'. You see Mr. Speaker, I asked the Governor and her Administration to work with us, and I was told they could not reply to our request for information. In the coming days and weeks I'm sure that we'll see exactly what the impacts of these cuts are going to be. But I continue to hope that we can work together on this. It is what the public demands and expects of each and every one of us.

"Mr. Speaker, this is an honest budget. It doesn't create false expectations, or make empty promises. Moreover, I expect my counterpart in the Senate to conduct her own due diligence and independent review of this budget. I also expect she will apply the Council on Revenues March projections to the financial plan. In other words Mr. Speaker, I do not expect a 'rubber stamp' approval of the Senate.

"In closing, there will be tough economic times ahead and especially tough decisions to be made. Therefore, let us put aside false expectations and personal legacies, and brace ourselves for the inevitable economic downturn and its effects. With courage and compassion, being cordial and honest, let us pledge ourselves to work together to ensure that core government services are maintained for the health, safety and welfare of all Hawaii's people. To this end, I humbly ask for the unanimous support of all Members. Thank you, Mr. Speaker."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you Mr. Speaker. I'm rising in support with some reservations. I too would like to thank the Finance Committee and all their staff. They have been very helpful. I think this has probably, as far as the budget briefing; it was the best I've ever sat through. You were there. And it was very helpful for everybody, all Members of the Committee.

"I also appreciate the good cheer of the staff that stays late hours; they're always helpful. And the Vice Chair definitely does make sure we have food to eat and I'm particularly fond of someone in her office that fixes fabulous salads and great soups, and so we are eating healthy over there. So that's a good thing.

"In January after the Governor submitted the Supplemental Budget, the State Council on Revenues downgraded their State revenue forecast from 5.7 percent to 4.9 percent which translates into approximately $37 million less revenue. Therefore, at a minimum, we in the House knew that we would need to trim at least $37 million from the budget. The Council on Revenues predicted a reduced growth rate, but State revenues are still growing. We are projected to take in over $5.3 billion in State taxes this fiscal year. Next year the number is closer to $5.5 billion. We are projected to cross the $6 billion threshold in four fiscal years. These numbers hold true even if the Council on Revenues revises their projections lower next week.

"But these numbers can increase if the State Department of Taxation continues to collect delinquent taxes. And the Department of Education and the Judiciary follow through in compliance with the laws we passed to task them to maximize federal revenues. And we have mentioned the latter to the Finance Chair and we will work collaboratively to make this a reality.

"But what do these revenue numbers mean? Simply, we don't have a revenue problem moving forward. Growth rates are moderate but our revenues are growing. We have a spending problem and it isn't a problem that is easily fixed. According to the Department of Budget and Finance's February 19 letter to the Chair of Finance, 83 percent of the $5.3 billion in revenue we take in, or approximately $4.5 billion rounded off, is dedicated to non-discretionary spending; that is salaries, benefits, debt service, and other entitlements such as worker's compensation, insurance, consent decrees and other mandates.

"I guess one of my reservations that I have has to do with not making certain policy decisions. I feel that we could make some different policy decisions that could help our budget situation. Let's take a look at one area. According to the same letter from the Budget Director, $169 million, and that's rounded up, is being paid out in health insurance premiums to the EUTF or the Employer-Union Trust Fund. These are the health benefits to our State workers.

"How do we reduce costs like this? One proposal we have advocated for is medical liability insurance reform. This is a prime example of how legislation has fiscal consequences and consequences on this budget bill. Proponents of medical liability reform stated earlier this Session that in Texas, which recently passed medical liability insurance reform, insurance premiums dropped from 8 percent to 16.4 percent. We know from the examples of others…"

Representative Caldwell rose to a point of order, stating:

"Mr. Speaker, point of order. I didn't know we were debating medical liability tort reform this afternoon. I think we're talking about the budget."

The Chair then stated:

"Yes. But the Chair will allow the Minority Floor Leader to continue her dissertation based on the fact that it is tied to the budget. Please proceed."

Representative Meyer continued, stating:

"Thank you, Mr. Speaker. This is just an example of how we could cut some costs. We know from the examples of other States that medical liability insurance premiums, healthcare prices and health insurance premiums drop when medical liability insurance reform is enacted. So let's take the lower number, 8 percent. If that reduction in medical liability insurance premiums translates into a 2 percent in health insurance premiums, guess what? On our current health insurance price tag, that translates into a $3.4 million reduction in the amount we have to pay into the EUTF. And that's a big number."

Representative Ching rose to yield her time, and the Chair, "so ordered."

Representative Meyer continued, stating:

"Add that to the $10 million in potential federal revenue that the Department of Education is not drawing, and the $3 million in potential federal revenue that the Judiciary is not even attempting to

draw, and you're looking at a revenue increase of approximately $16 million, or almost half of the currently projected revenue shortfall. That's just one of my concerns. Thank you, Mr. Speaker."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Yes Mr. Speaker. I also want to thank the Finance Chair and the staff for their hard work. I do support this budget with some reservations.

"As I mentioned in the budget Committee, I did have a lot of reservations that cuts were made and things were added that were not the priority of the various departments that often know their departments better than us.

"I expressed a lot of concern about the $50 million reduction in the Dwelling Unit Revolving Fund. There is talk that the Conveyance Tax was going to infuse more money, but in speaking with the Governor's Office, they said they already made that calculation and needed this additional $50 million so they can eventually transfer the people that are in the current homeless shelters to affordable housing, and they needed to start building those right away to make that transfer.

"I'm very concerned that $50 million, instead of funding affordable housing, that we decide for the same amount of money to fund a high-technology park that's listed in our budget on page 87. This is not a priority of any department, and we already have a high-tech park in Mililani.

"I'm very concerned about the 50 percent reduction in the maintenance of dams, which would amount to $7.265 million. I know that not every legislator has a dam in their district, but it wasn't that long ago that the Kaloko Dam incident took place. So I'm very concerned about that cut.

"I'm also concerned about the reduction in funding to program areas such as in EDN 400 and EDN 500, which supplies funding for School Food Services for our *keiki*, as well as transportation and after-school programs for our *keiki* as well.

"On page 5 of the Conference Committee Report it says, 'This budget does not contain any frivolous new proposals, but fulfills the basic needs to ensure sustainability. Such sustainability is needed, for as Hawaii's economy continues to grow, there are the signs on the horizon. Indeed your Committee would be remiss if it failed to soberly face the challenges ahead. As a result, your Committee has crafted a balanced budget that reflects the economic realities before us, while providing for the critical needs and demands of our communities.'

"So what did we cut? We particularly focused on the Department of Education. We eliminated the funding for Kapaa Elementary School's library, which is number 24 on the DOE's priority list. This is one of my many disagreements with the new House version of the budget.

"It eliminated funding for Konawaena Middle's locker room building, which is number 28 on the DOE's priority list.

"The new budget eliminated design funds for Kaunakakai Elementary School's new classroom buildings, which is number 24 on the DOE's priority.

"The new budget eliminated planning and design funds for Kapolei II Elementary School, which is a concern I know from the Kapolei Representative, but she's not here so I'll speak for her in protest of this cut. This was number 26 on the DOE's priority list.

"The new budget also eliminated from the Governor's budget all funding for Kihei High School, which is number 33 on the DOE's priority list.

"Together these projects account for $41,530,000 that were priorities in the Governor's budget. Our Report said that there's no frivolous things being spent, but I have to disagree.

"So instead of funding these needed things for various schools, this new budget provides $1.7 million for a new synthetic turf field for Leilehua High School's stadium. It gives $930,000, almost $1 million for another synthetic turf field for Mililani High School stadium, and another turf field for Castle High School's football field for another $700,000.

"I'm very concerned about what was cut and what's being funded in its place. Again I highly respect the Committee Members and those who worked hard on the budget, but I respectively disagree with these cuts."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with a few brief comments in support. Mr. Speaker, I first applaud the fiscal conservativeness as expressed by the Chair of Finance. It's greatly appreciated. I certainly applaud his macro-financial perspective, it's very encouraging. I don't always agree with some of the micro perspectives that's following that, but it's very appreciated in the approach that was taken by this budget.

"And the approach that was filled with energy and openness, that was especially refreshing and thanks to the Chair and the staff and all the people who were very helpful to make sure that we know what we are talking about. Mr. Speaker, you and I know, as you've been the past Chair of the budget, there's a lot of mystery and 'mumbo-jumbo' if you will, in the budget. It's still not fully transparent. We are getting closer, and it's very, very encouraging, even with the GIA full-day session on Saturday. We're progressing. Someday there may be a one-stop website to show all government spending under one Internet address.

"But with that Mr. Speaker, I think we have a long way to go, and I want to express two disappointments with this budget. Number one is timing. In a matter of 48 hours, the Council on Revenues is going to meet. Why do we have to have such important discussions as we are today, two days away from what otherwise they may cut a percentage or two percentage? One percentage cut is about $50 million. So in a way, we're all kind of talking speculative, in that the Constitution says the Council on Revenues are the ones that dictate how much money we are going to spend. So I feel like structurally, yes we're going to get our leg up and get the Senate to know and react and the Executive. But there seems to be a better way of timing in order to get that information using objective, factual information from the Council on Revenues before we do this.

"My second disappointment in a way was kind of cut in half by the apology from the Finance Chair. I thought the tenor and tone of the Finance Committee Report for the budget was just scurrilous, it was just harsh, it was critical. But the good gentleman, the Finance Chair has apologized and I think that's sufficient, however I would like to see his floor speech inserted in the Committee budget as a way of compensating what otherwise was full with IFL-phobia, that is the 'irrational fear of Lingle' that kind of got written all over the budget report Mr. Speaker.

"And I want to thank you for sitting in on the session on the Saturday before last, and that added to I think the objective production in this process. For those reasons Mr. Speaker, I will vote with reservations."

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker I'd like to speak in favor of the budget. Mr. Speaker, our State and our nation have enjoyed unprecedented prosperity over the past decade. However, world events including a prolonged war in

Iraq costing over $10 billion a month, unstable conditions in the Middle East, coupled with steady increases in the price of oil, have resulted in a weakening U.S. economy, the fall of the dollar to a record low of 1.51 against the Euro, and a less positive outlook for our State in the near term.

"Hawaii has escaped the brunt of the sub-prime mortgage crisis and resultant credit freezes, and according to recent reports, many businesses are thriving. Still there is concern about declining revenues, a downturn in construction and real estate sales, and fears that worsening conditions on the mainland may impact Hawaii soon. Most of us, as we have heard, are awaiting the coming projections of the Council on Revenues with increasing anxiety because as we know each percentage up or down means $45 million.

"Yet there is room for optimism and good reason to support this thoughtful and carefully prepared budget. Members of Finance will tell you they had an opportunity to look at the budget line by line, and to make suggestions at that time. Departments and the Administration were also clearly asked for their input and in many cases, more than once. Members heard budget wish lists during the Budget briefings. Priorities were set such as the strong support for lower and higher education, the environment, homelessness and affordable housing, and improved access to emergency and medical services, addressing Hawaiian issues, promoting sustainability and energy conservation.

"No credible budget in the House would be possible if it were not for the amazingly talented, bright and patient Finance staff. The opportunity to work with them is golden, and I do mean it. However, budgets such as this in the year of declining revenues and increased costs will need the full cooperation of all, not only in coming forth with full disclosure, but also looking at ways to increase productivity without increasing costs.

"In closing, Mr. Speaker, kudos to the Chair of Finance whose can-do attitude constitutes the heart of this budget. I urge the Member's support. Thank you."

Representative Wakai rose to speak in support of the measure, stating:

"Thank you Mr. Speaker. I rise in support of the budget. Mr. Speaker it's easy to criticize those who come up with the State budget. The Representative from Hauula was correct when she said the State has a spending problem. So let's explore that statement.

"Governor Lingle came into office after the 2002 General Election. The budget submitted at that time was $3.47 billion. The budget submitted by Governor Lingle this year was $5.3 billion. Over the six years with Governor Lingle, the budget has grown by $1.9 billion or about 9 percent per year. Under the Cayetano Administration, the budget grew from $3.12 billion, to $3.43 billion. Under his eight years as governor, Governor Cayetano's budget grew by $319 million or about 1.2 percent.

"The State budget has grown nearly seven times as much under Governor Lingle's Administration and we still have two more years to go. So the numbers don't lie. The Administration certainly has and does have a spending problem and needs to be placed on a South Beach spending diet.

"After the past six years, the Legislature has been hard pressed to keep the size of the government from actually ballooning over the past six years, and this is certainly a new beginning for Hawaii. Under the Administration, we are moving Hawaii forward, forward into deeper and deeper debt. Thank you, Mr. Speaker."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you Mr. Speaker, with reservations. I wanted to comment in regard to, or make a quick response in regard to it's the Governor's fault that we have all this increased spending. But I thought that it was the Legislature that controlled the House purse strings, as we have been reminded over and over and over and over again on this House Floor, how we have the control, how we are the people who appropriate cash or any money. So I just want to keep that in mind that if that's what you want to say, it takes two for that dance.

"But I do want to talk about this a little more. I do want to say that I think that there was a lot of thoughtfulness and this budget was put together very carefully. I appreciate, not only the intent, but all of the work that was put into this from everyone here. I also do have to thank at this moment our House Minority Staff because they really worked hard for us. We don't have that big of a staff, but we do a lot with them and that's with Boyd Akase and all the team members upstairs and I'd like to put in all of their names individually since they're not here for me to recognize. But they really worked hard on this, in combination with working on all the other Committees at the same time.

"Mr. Speaker what I would like to comment on is just elimination of vacancies and those position. And just in my reservations talk about some of the things that we are eliminating and just does not have an explanation as to why we are doing it, but in the making of this budget, because I realize it is a process and it's not going to end until later on in this Legislative Session that I wanted to bring up a couple things. The Department of Commerce and Consumer Affairs, I don't understand why they're targeted with the reduction in vacancy for positions that are notoriously difficult to fill due to the specific job requirements.

"First as everyone knows in this Chamber, or should know, they are funded through the Compliance Resolution Fund, the special fund into which all their fees are deposited. Secondly, we are still running at a very low unemployment number, still below 3 percent. Again the specific and technical nature of some of the 32 vacancies eliminated under the DCCA and the small labor pool, it would make sense that these vacancies would have gone unfilled for some time. The point with making is that that's not a part of the general fund. So if there are plans to do like raiding of the Compliance Resolution Fund to put it into the general fund, that should be made known. If not, then those vacancies shouldn't be eliminated.

"Mr. Speaker also while it is understandable to reduce General Fund appropriations from the departments, why would you reduce federal funding authorization from the Department of Human Services, the Department of Health and the Attorney General? Some of these vacancies are also of a technical nature, making them difficult to fill, but these vacancies are also funded with federal money. Are we contemplating giving the $1.5 million in federal money back, rather than providing social services, healthcare and law enforcement services? Mr. Speaker, I think we've come across that before in the past with the elimination of these federal funded positions. We came across that in years past and I just want to remind us that we are still facing those same situations of federally funded vacancies.

"And then the third thing in regard to vacancies is just as it was explained in testimony in the Finance Committee from my understanding that some of these vacancies actually have warm bodies. Somehow there are warm bodies in these positions, or some are currently in the recruitment process, or some of them, offers have been made and maybe they're under negotiations. So what may look like vacancies to us are not necessarily vacancies to these different departments. So as we move forward in this budget in the making, I just would appreciate maybe some of the review of some of these issues. Thank you."

Representative Finnegan submitted the names of the House Minority Research Staff as follows:

Boyd Akase, James Delavan, Nadine Nishioka, Michele Van Hessen, Candace Kelsey, Anthony Davis, Jayna Reynon, Tracy Okubo, Krystal Leong, and Rito Saniatan.

Representative Bertram rose to speak in support of the measure with reservations, stating:

"Thank you. I rise in support with a reservation of course, for the elimination of Kihei High School funds from the budget. Kihei has been without a high school for a really long time. Right now traffic congestion is terrible from having to bus and drive these folks over to the other side of the island, up to 1,000 kids.

"However, actually, one of the things that I keep telling my constituents is, don't rely on the State. The State really doesn't have the money. We don't. And the thing that we've done is we've worked with private developers. We built our middle school this way. He built the school. He financed it and then leased it back to the Department of Education. That's actually the way we wanted to go with our high school. Unfortunately the DOE stepped up and wanted to do it the normal way. If anything, this reiterates that this is not the way to do it anymore. We really do have to look at public-private partnerships to accomplish anything. I'm only hoping that this is going to inspire us to work with the developer who did do our middle school to actually step forward and help us reiterate and get a new project together to actually build our school ourselves.

"I think more and more that as communities realize the tight financial situations we're in, it really is going to take that kind of dedication toward public-private partnerships that's going to make the difference. So I actually thank them for eliminating it at this point just to encourage more and more of these types of situations. Thank you."

At this time, Representative Saiki called for the previous question, seconded by Representative Sagum, and by unanimous consent, the motion carried.

The motion was put to vote by the Chair and carried, and H.B. No. 2500, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Third Reading by a vote of 46 ayes, with Representatives Cabanilla, Carroll, Har, McKelvey and Nakasone being excused.

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 171) was announced by the Clerk and the following action taken:

H.R. No. 171, entitled: "HOUSE RESOLUTION RECOGNIZING MARCH 2008 AS AMERICAN RED CROSS MONTH," was offered by Representative Yamane.

Representative Yamane moved that H.R. No. 171 be adopted, seconded by Representative Yamashita.

Representative Yamane recognized the contributions of the American Red Cross and introduced the following honorees seated on the floor of the House:

Mr. John Henry Felix, Chairman Emeritus for the Hawaii Chapter;
Ms. Coralie Chun Matayoshi, Chief Executive Officer; and
Ms. Cindy Tanaka, Chief of Staff.

Representative Ward further recognized the American Red Cross and Chairman Emeritus Felix.

The motion was put to vote by the Chair and carried, and H.R. No. 171 was adopted with Representatives Carroll, Chang, Har, Magaoay, Nakasone, Sagum and Saiki being excused.

At 12:26 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 12:33 o'clock p.m.

STANDING COMMITTEE REPORTS

Representative Cabanilla, for the Committee on International Affairs presented two reports:

(Stand. Com. Rep. No. 1057-08), recommending that H.R. No. 19, be referred to the Committee on Public Safety & Military Affairs; and

(Stand. Com. Rep. No. 1058-08), recommending that H.C.R. No. 19, be referred to the Committee on Public Safety & Military Affairs.

Representative Caldwell moved that the reports of the Committee be adopted, and that H.R. No. 19 and H.C.R. 19, be referred to the Committee on Public Safety & Military Affairs, seconded by Representative B. Oshiro.

Representative Cabanilla rose to disclose a potential conflict of interest, stating:

"I'm just rising to get ruling on a potential conflict. I'm a U.S. veteran of Filipino ancestry," and the Chair ruled, "no conflict."

Representative Cabanilla continued in support of both measures, stating:

"Thank you. And with that I stand in strong support. There were a lot of Filipinos during World War II, Mr. Speaker, who were very effective in having the United States win the Pacific battle by assisting against the occupation of the Japanese, as well as fighting for them to leave the island. And they were actually the backbone of the United States armed forces in winning the war in the Philippines. I encourage my colleges to support the measure. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 19, entitled: "HOUSE RESOLUTION URGING THE CONGRESS OF THE UNITED STATES TO ENACT LEGISLATION TO EXEMPT CHILDREN OF FILIPINO WORLD WAR II VETERANS FROM IMMIGRANT VISA LIMITS," was referred to the Committee on Public Safety & Military Affairs with Representatives Belatti, Carroll, Chang, Har, Magaoay, Nakasone, Sagum and Saiki being excused; and

H.C.R. No. 19, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE CONGRESS OF THE UNITED STATES TO ENACT LEGISLATION TO EXEMPT CHILDREN OF FILIPINO WORLD WAR II VETERANS FROM IMMIGRANT VISA LIMITS," was referred to the Committee on Public Safety & Military Affairs with Representatives Belatti, Carroll, Chang, Har, Magaoay, Nakasone, Sagum and Saiki being excused.

Representative Cabanilla, for the Committee on International Affairs presented two reports:

(Stand. Com. Rep. No. 1059-08), recommending that H.R. No. 22, be referred to the Committee on Public Safety & Military Affairs; and

(Stand. Com. Rep. No. 1060-08), recommending that H.C.R. No. 22, be referred to the Committee on Public Safety & Military Affairs.

Representative Caldwell moved that the reports of the Committee be adopted, and that H.R. No. 22 and H.C.R. No. 22, be referred to the Committee on Public Safety & Military Affairs, seconded by Representative B. Oshiro.

Representative Ching rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. In strong support. We know that the contributions of our veterans of Filipino ancestry are great and we appreciate it. And this is a good way to start showing that we understand and appreciate them for all their sacrifices and contributions.

"But as people who might travel up the Pali Highway might take into consideration too and remember Filipino veterans, the variety of their contributions. When you pass the Filipino Consulate, one of the most beautiful, beautiful architectural buildings in the State of Hawaii, the fact that that would have been knocked down had it not been for the Filipino veterans who scrapped together what meager, little amount of money they had to come forth to save one of the last examples of that beautiful type of home. It now serves as the consulate for the Philippines. It's just a very beautiful part of our State, and its thanks to them."

Representative Mizuno rose in support of both measures and asked that the remarks of Representative Ching be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Marumoto rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. I rise in favor of these Resolutions. I think we all appreciate the role that the Filipino troops played in fighting alongside our American troops during World War II. But I just want to add a postscript to that, I feel that they deserve the same pension, burial and other veterans' benefits that American troops have received. They have been promised many of these benefits, but it was rescinded in the late '40s. I feel very badly that they have never been restored. Hopefully they will be in the very near future before they all pass away."

Representative Ward rose in support of the measure and asked that the remarks of Representative Marumoto be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 22, entitled:

"HOUSE RESOLUTION PROCLAIMING THE MONTH OF JUNE 2008 AS FILIPINO VETERANS APPRECIATION MONTH," was referred to the Committee on Public Safety & Military Affairs with Representatives Belatti, Carroll, Chang, Har, Magaoay, Nakasone, Sagum and Saiki being excused; and

H.C.R. No. 22, entitled: "HOUSE CONCURRENT RESOLUTION PROCLAIMING THE MONTH OF JUNE 2008 AS FILIPINO VETERANS APPRECIATION MONTH," was referred to the Committee on Public Safety & Military Affairs with Representatives Belatti, Carroll, Chang, Har, Magaoay, Nakasone, Sagum and Saiki being excused.

Representative Cabanilla, for the Committee on International Affairs presented two reports:

(Stand. Com. Rep. No. 1061-08), recommending that H.R. No. 39, as amended in HD 1, be referred to the Committee on Judiciary; and

(Stand. Com. Rep. No. 1062-08), recommending that H.C.R. No. 39, as amended in HD 1, be referred to the Committee on Judiciary.

Representative Caldwell moved that the reports of the Committee be adopted, and that H.R. No. 39, HD 1, and H.C.R. No. 39, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Ward rose to speak in support of both measures, stating:

"I rise in support of Stand. Com. Nos. 1061 and 1062, Condemning the Human Rights Atrocities Against the Children of Northern Uganda. In strong support. First to thank Representative Mizuno for the compassion that he initiated this with, with HPU students, with Kalani and with the sense of what otherwise is invisible to many people's eyes in too many parts of the word. To draw attention on something that is going on as we speak, Mr. Speaker.

"Growing up in some parts of Africa is hard enough in and of itself. But growing up in Uganda, particularly Northern Uganda around the Gulu area is really difficult. In the middle of the night you can find yourself kidnapped, raped, dragged, thugged, have a rifle stuck in your hand and suddenly you're a mercenary solider at the whim of the Lord's Army. What these Resolutions do Mr. Speaker, is tell the Lord's Army that what has been going on for decades against Musuveni and whoever has been there, to cease and desist. It asks the Congress to continue with humanitarian aid.

"Having been a United Nations advisor in Uganda for a couple of months, I know personally that some of these atrocities are real, some of the things that are said in these Resolutions are actual. And some of the things in fact are even worse. The bottom line is that this is for the sake of the children in Uganda. It's what we have in one of our communities, *kodomo no tame ni*, for the sake of the children. We sacrifice, we provide for them and this Resolution is one gesture in that direction. Thank you, Mr. Speaker."

Representative Mizuno rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker, in support of Stand. Com. Nos. 1061 and 1062. Thank you, Mr. Speaker. I'd like the thank the good Representative from Hawaii Kai who did an outstanding job crafting the House Draft 1 for both the House Resolution and House Concurrent Resolution. I think it's an example of a bi-partisan work product. Both working well together in crafting a very good Resolution. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 39, HD 1, entitled: "HOUSE RESOLUTION CONDEMNING THE HUMAN RIGHTS ATROCITIES AND VIOLENCE AGAINST CHILDREN IN NORTHERN UGANDA AND URGING CONGRESS TO LEAD THE INTERNATIONAL COMMUNITY IN EFFORTS TO PROTECT THE CHILDREN OF UGANDA," was referred to the Committee on Judiciary with Representatives Belatti, Carroll, Chang, Har, Magaoay, Nakasone, Sagum and Saiki being excused; and

H.C.R. No. 39, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION CONDEMNING THE HUMAN RIGHTS ATROCITIES AND VIOLENCE AGAINST CHILDREN IN NORTHERN UGANDA AND URGING CONGRESS TO LEAD THE INTERNATIONAL COMMUNITY IN EFFORTS TO PROTECT THE CHILDREN OF UGANDA," was referred to the Committee on Judiciary with Representatives Belatti, Carroll, Chang, Har, Magaoay, Nakasone, Sagum and Saiki being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1063-08) recommending that S.B. No. 988, SD 2, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 988, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PHOTOVOLTAIC ENERGY," was referred to the Committee on Finance with Representatives Belatti, Carroll, Chang, Har, Magaoay, Nakasone, Sagum and Saiki being excused.

INTRODUCTION OF RESOLUTIONS

By unanimous consent, the following resolutions (H.R. Nos. 145 through 170) and concurrent resolutions (H.C.R. Nos. 171 through 201) were referred to Printing and further action was deferred:

ANNOUNCEMENTS

Representative Lee: "This is a poem.

While counting down, let's give a cheer.
The Easter Bunny is almost here.
The baskets are growing day by day,
And it will soon be time to give them away.
There's still time on the clock, so don't you worry,
You can complete a basket if you hurry.

"I have some examples on my desk, and we'll see you on May 20 at 1 p.m. in the Chamber Level. IHS will be there to pick up the completed baskets. Now this project is not limited to the Women's Legislative Caucus. You are all invited. We would like to thank the people who have contributed so far. Thank you very much."

Representative Green: "I don't know if this is an announcement, but I want to offer an apology to a colleague, the Representative from Kaneohe. During a hearing I think I misrepresented accidently, his intentions on a bill during a discussion we had. I didn't mean to suggest anything negative about him. I do appreciate his leadership here at the House of Representatives. And it's my fault that he and I were five or ten minutes late today because he appropriately asked me to clarify my position. So I offer my apologies to the Representative from Kaneohe for that discussion."

Representative Ito: "Mr. Speaker, apology accepted."

Representative Berg: "Thank you, Mr. Speaker. I have an announcement for tomorrow, for our colleagues. Tomorrow is Human Right's Day. Some affectionately call it Human Relations Day. We are also going to be hosting 80 Leaders For a Day, essay winners, and I invited my colleagues to join us at 9 a.m. in the Auditorium as Jonathan Kathrein, for the Future Leaders of Peace will be conducting a dialog with these young people. Thank you."

Representative Pine then recognized the following seated in the gallery:

First Place Winners of the "Tell Me a Story" category in the 2008 Island Movie Contest: Mr. Sherwin Acidera, Ms. Erin Gamil, and Ms. Evelyn Obamos; and

Members of the Varsity Girls Basketball Team.

Representative Marumoto further recognized the accomplishments of James Campbell High School and their honors programs.

The motion was put to vote by the Chair and carried, and H.R. No. 311 was adopted with Representatives Brower, Cabanilla, Magaoay, Manahan, Morita, Nakasone, Sagum, Souki, Thielen, Tokioka, Yamane and Yamashita being excused.

At 12:41 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 12:51 o'clock p.m.

STANDING COMMITTEE REPORTS

Representative Shimabukuro, for the Committee on Human Services & Housing presented a report (Stand. Com. Rep. No. 1065-08) recommending that S.B. No. 3061, pass Second Reading and be referred to the Committee on Labor & Public Employment.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3061, entitled: "A BILL FOR AN ACT RELATING TO THE FIRST-TO-WORK PROGRAM," passed Second Reading and was referred to the Committee on Labor & Public Employment with Representatives Cabanilla, Evans, Magaoay, Morita, Nakasone, Sagum, Sonson, Souki and Thielen being excused.

Representative Shimabukuro, for the Committee on Human Services & Housing presented a report (Stand. Com. Rep. No. 1066-08) recommending that S.B. No. 2818, SD 2, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2818, SD 2, entitled: "A BILL FOR AN ACT RELATING TO HUMAN TRAFFICKING," passed Second Reading and was referred to the Committee on Judiciary with Representatives Cabanilla, Evans, Magaoay, Morita, Nakasone, Sagum, Sonson, Souki and Thielen being excused.

Representative Shimabukuro, for the Committee on Human Services & Housing presented a report (Stand. Com. Rep. No. 1067-08) recommending that S.B. No. 2715, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2715, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COURT-APPOINTED COUNSEL AND GUARDIANS AD LITEM IN FAMILY COURT," passed Second Reading and was referred to the Committee on Judiciary with Representatives Cabanilla, Evans, Magaoay, Morita, Nakasone, Sagum, Sonson, Souki and Thielen being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1068-08) recommending that S.B. No. 2841, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2841, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"I'm registering a no vote on SB 2841. This is a bill that would require retail dealers with more than 75,000 square feet of retail space to operate redemption centers. I think that we had a lot of problems in the beginning with the redemption centers, but I think now the recycling centers are like small business and they are doing pretty well. This I think will create costs going up in these large stores, and I don't think it's necessary. Thank you."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"I am voting with reservations on this particular measure. The large stores, any store, do not want the extra hassle of the redemption center, of having bottles around that attract cockroaches and other pests. I'm voting for this measure, but I suggest that since we pay a tax on this and money goes to the State, and the State has maybe $34 million in the Fund now, that the State provide the stores with some resources so they are able to deal with the problem of the bottles. Thank you."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations, and asked that the remarks of Representative Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2841, entitled: "A BILL FOR AN ACT RELATING TO THE DEPOSIT BEVERAGE CONTAINER PROGRAM," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representative Meyer voting no, and with Representatives Cabanilla, Evans, Magaoay, Morita, Nakasone, Sagum, Sonson, Souki and Thielen being excused.

Representatives Yamane and Yamashita, for the Committee on Tourism & Culture and the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 1069-08) recommending that S.B. No. 2273, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Labor & Public Employment.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and S.B. No. 2273, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DIGITAL MEDIA," passed Second Reading and was referred to the Committee on Labor & Public Employment with Representatives Cabanilla, Evans, Magaoay, Morita, Nakasone, Sagum, Sonson, Souki and Thielen being excused.

Representative Chang, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 1070-08) recommending that S.B. No. 2831, SD 1, pass Second Reading and be referred jointly to the Committee on Health and the Committee on Human Services & Housing.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2831, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII CENTER ON AGING EDUCATION AND RESEARCH," passed Second Reading and was referred jointly to the Committee on Health and the Committee on Human Services & Housing with Representatives

Cabanilla, Evans, Magaoay, Morita, Nakasone, Sagum, Sonson, Souki and Thielen being excused.

Representative Yamashita, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 1071-08) recommending that S.B. No. 2480, SD 2, as amended in HD 1, pass Second Reading and be referred jointly to the Committee on Higher Education and the Committee on Human Services & Housing.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2480, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TECHNOLOGY WORKFORCE AND DEVELOPMENT," passed Second Reading and was referred jointly to the Committee on Higher Education and the Committee on Human Services & Housing with Representatives Cabanilla, Evans, Magaoay, Morita, Nakasone, Sagum, Sonson, Souki and Thielen being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1072-08) recommending that S.B. No. 2314, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2314, SD 1, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Pine rose to speak in support of the measure with reservations, stating:

"I am rising with reservations on Stand. Com. No. 1072. This is the measure that would allow insurers to bundle several different services and products together. I've been getting a lot of feedback from people in my community. They are just really concerned that this bill would force a consumer to purchase one product as a prerequisite to purchasing another. And they are really concerned to what this might lead to. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of the bill. Mr. Speaker, in the beginning it was the small guys helping the small business people and it morphed a bit. For the edification of the speaker that gave an excellent floor presentation today, it's now open to all insurers who can do the bundling which is essentially only for sole-proprietors and only for independent personal individuals. So it's kind of an open season, but it was really meant to have one particular insurer who has only five percent of the insurance business, versus the others who have 65 and 70 percent. So I think it's going to help the small guys still. But it's like an open competition."

Representative McKelvey rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2314, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Second Reading and was referred to the Committee on Judiciary with Representative McKelvey voting no, and with Representatives Cabanilla, Evans, Magaoay, Morita, Nakasone, Sagum, Sonson, Souki and Thielen being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1073-08) recommending that S.B. No. 2845, SD 2, pass Second Reading and be referred to the Committee on Legislative Management.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2845, SD 2, entitled: "A BILL FOR AN ACT RELATING TO REORGANIZATION OF STATE AGENCIES," passed Second Reading and was referred to the Committee on Legislative Management with Representatives Cabanilla, Evans, Magaoay, Morita, Nakasone, Sagum, Sonson, Souki and Thielen being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1074-08) recommending that S.B. No. 2932, SD 3, as amended in HD 1, pass Second Reading and be referred to the Committee on Economic Development & Business Concerns.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2932, SD 3, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL RESPONSE TAX," passed Second Reading and was referred to the Committee on Economic Development & Business Concerns with Representatives Cabanilla, Evans, Magaoay, Morita, Nakasone, Sagum, Sonson, Souki and Thielen being excused.

Representative Chang, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 1075-08), recommending that H.R. No. 101, be referred to the Committee on Finance.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.R. No. 101, entitled: "HOUSE RESOLUTION URGING THE UNIVERSITY OF HAWAII TO BEGIN REBUILDING THE SCHOOL OF PUBLIC HEALTH BY 2012," was referred to the Committee on Finance with Representatives Cabanilla, Evans, Magaoay, Morita, Nakasone, Sagum, Sonson, Souki and Thielen being excused.

Representative Chang, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 1076-08), recommending that H.C.R. No. 119, be referred to the Committee on Finance.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 119, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE UNIVERSITY OF HAWAII TO BEGIN REBUILDING THE SCHOOL OF PUBLIC HEALTH BY 2012," was referred to the Committee on Finance with Representatives Cabanilla, Evans, Magaoay, Morita, Nakasone, Sagum, Sonson, Souki and Thielen being excused.

Representative Chang, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 1077-08), recommending that H.R. No. 43, as amended in HD 1, be referred to the Committee on Legislative Management.

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 312) was announced by the Clerk and the following action taken:

H.R. No. 312, entitled: "HOUSE RESOLUTION CONGRATULATING B.J. PENN THE CURRENT LIGHTWEIGHT ULTIMATE FIGHTING CHAMPION ON HIS SUCCESSFUL MARTIAL ARTS CAREER," was offered by Representative Chang.

Representative Chang moved that H.R. No. 312 be adopted, seconded by Representative Yamane.

Representative Chang congratulated and introduced the honoree, UFC Lightweight Champion, Mr. BJ Penn who was seated on the floor of the House.

Representative Tsuji then introduced Mr. Jay Dee Penn, BJ Penn's brother and manager who was also seated on the floor.

Representative Chang also introduced family members seated in the gallery:

Parents, Mr. J.D. Penn and Ms. Lorraine Shin;
Sister-in-law, Ms. Jody Penn;
Brother, Mr. Reagan Penn; and
Photographers, Mr. Hoyt Uyehara and Ms. Tracy Lee.

Representative Meyer further recognized Mr. Penn and the sport of Mixed Martial Arts.

Representative Yamane also recognized Mr. Penn for his mastery of Brazilian Jiu-Jitsu and in the Octagon.

The motion was put to vote by the Chair and carried, and H.R. No. 312 was adopted with Representatives Awana, Bertram, Magaoay, Nakasone and Thielen being excused.

The following resolution (H.R. No. 313) was announced by the Clerk and the following action taken:

H.R. No. 313, entitled: "HOUSE RESOLUTION COMMENDS AND CONGRATULATES THE AMERICAN CANCER SOCIETY HAWAII PACIFIC, INC., ON ITS 60 YEARS OF DILIGENT AND DEDICATED SERVICE TOWARDS THE GOAL OF NO MORE CANCER IN HAWAII THROUGH RISK REDUCTION, EDUCATION, RESEARCH, AND ADVOCACY," was jointly offered by Representatives Brower, Lee and Mizuno.

Representative Brower moved that H.R. No. 313 be adopted, seconded by Representative Mizuno.

Representative Brower recognized the work of the American Cancer Society Hawaii Pacific, Inc., and congratulated and thanked them for 60 years of prevention and support programs for the people of Hawaii.

Representative Mizuno then introduced the honorees who were seated on the floor of the House:

Ms. Beverly Wong, District 1 Lead Volunteer;
Ms. Bernie Sakoda, District 2 Lead Volunteer;
Mr. Chris Pablo, Immediate Past Chair;
Ms. Jackie Young, Chief Staff Officer and former Vice Speaker of the House of Representatives;
Ms. Jackie Earle, Chair of the Board; and
Ms. Virginia Pressler, President of the Board.

Representative Herkes recognized the American Cancer Society for their work in prevention education and encouraged everyone to get screened.

The motion was put to vote by the Chair and carried, and H.R. No. 313 was adopted with Representatives Awana, Luke, Magaoay, Nakasone, Sagum and Thielen being excused.

At 12:49 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 12:58 o'clock p.m.

STANDING COMMITTEE REPORTS

Representative Yamane, for the Committee on Tourism & Culture presented a report (Stand. Com. Rep. No. 1079-08) recommending that S.B. No. 3030, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3030, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MIXED MARTIAL ARTS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Awana, Magaoay, Nakasone, Sagum, Saiki and Thielen being excused.

Representative Green, for the Committee on Health presented a report (Stand. Com. Rep. No. 1080-08) recommending that S.B. No. 3083, SD 2, pass Second Reading and be referred to the Committee on Finance.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3083, SD 2, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker, on Stand. Com. Rep. 1080. I'm speaking in support with some concerns because of something that I heard today about the PACE program at Maluhia which comes under HHSC. It's the first one in the nation to close. And this is a real concern because this is a program that takes people out of the hospital, provides day care and medical care, and supports family caregivers. And with the number of family caregivers we had here at the State Capitol today, I think we ought to really look at this closely."

Representative Ching rose to speak in support of the measure, stating:

"Thank you. I am in strong support and would like the words of the Representative of Mililani as my own."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, on Stand. Com. Rep. No. 1080, I would like a ruling on a potential conflict of interest. At my law firm, I represent HHSC. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3083, SD 2, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE HAWAII HEALTH SYSTEMS CORPORATION," passed Second Reading and was referred to the Committee on Finance with Representatives Awana, Magaoay, Nakasone, Sagum, Saiki and Thielen being excused.

Representative Green, for the Committee on Health presented a report (Stand. Com. Rep. No. 1081-08) recommending that S.B. No. 3031, SD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3031, SD 1, entitled: "A BILL FOR AN ACT RELATING TO DISPENSING OPTICIANS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Awana, Magaoay, Nakasone, Sagum, Saiki and Thielen being excused.

Representative Green, for the Committee on Health presented a report (Stand. Com. Rep. No. 1082-08) recommending that S.B. No. 2064, SD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2064, SD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Rhoads rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, on Stand. Com. Rep. No. 1082, I just wanted to vote with reservations. It's not that I don’t think psychologists deserve a jury service exemption any less than any of the other groups that have it now. I just don't think anybody should have a jury service exemption. Mahalo."

Representative Meyer rose in support of the measure with reservations, and asked that the remarks of Representative Rhoads be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Evans rose in support of the measure with reservations, and asked that the remarks of Representative Rhoads be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Brower rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. Perhaps psychologists would be the best to serve on a jury. Thank you."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cabanilla rose to speak in opposition to the measure, stating:

"In opposition for the same reason. Mr. Speaker, I think we all have the obligation to participate in the process. So any bill of this nature that requires an exemption I think, is a move in the opposite direction. We are all needed. We're all important and we all should serve our people the best way we can. With something like jury duty, we need the expertise of all, such as psychologists. Thank you."

Representative Green rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I recognize the very sound judgment on all the comments that were just made. Just to give people the rationale so they can make up their final decisions later. The rationale for exempting psychologists was the continuity of care issues so that a psychologist sometimes will be seeing someone with severe mental illness in coordination with a psychiatrist or on their own. If they do end up getting sequestered for extended periods of time, they could be away from their patient base. As we know, people with mental health disorders are very uncomfortable going and seeing a new provider suddenly in the middle of treatment. And so that's the rationale. But I don't begrudge people in opposition. I do think we need everyone on jury duty when possible."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2064, SD 1, entitled: "A BILL FOR AN ACT RELATING TO JURY SERVICE," passed Second Reading and was referred to the Committee on Judiciary with Representative Cabanilla voting no, and with Representatives Awana, Magaoay, Nakasone, Sagum, Saiki and Thielen being excused.

Representative Green, for the Committee on Health presented a report (Stand. Com. Rep. No. 1083-08) recommending that S.B. No. 3021, SD 1, as amended in HD 1, pass Second Reading and be referred jointly to the Committee on Consumer Protection & Commerce and the Committee on Judiciary.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. Representative Shimabukuro, for the Committee on Human Services & Housing presented a report (Stand. Com. Rep. No. 1084-08) recommending that S.B. No. 2150, SD 2, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2150, SD 2, entitled: "A BILL FOR AN ACT RELATING TO ADULT PROTECTION," passed Second Reading and was referred to the Committee on Judiciary with Representatives Awana, Magaoay, Nakasone, Sagum, Saiki and Thielen being excused.

Representative Shimabukuro, for the Committee on Human Services & Housing presented a report (Stand. Com. Rep. No. 1085-08) recommending that S.B. No. 1343, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 1343, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PENAL CODE," passed Second Reading and was referred to the Committee on Judiciary with Representatives Awana, Magaoay, Nakasone, Sagum, Saiki and Thielen being excused.

Representative Shimabukuro, for the Committee on Human Services & Housing presented a report (Stand. Com. Rep. No. 1086-08) recommending that S.B. No. 2977, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2977, SD 1, HD 1, entitled: "A BILL

FOR AN ACT RELATING TO CHILD SUPPORT ENFORCEMENT," passed Second Reading and was referred to the Committee on Judiciary with Representatives Awana, Magaoay, Nakasone, Sagum, Saiki and Thielen being excused.

Representative Ito, for the Committee on Water, Land, Ocean Resources & Hawaiian Affairs presented a report (Stand. Com. Rep. No. 1087-08) recommending that S.B. No. 2196, SD 2, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2196, SD 2, entitled: "A BILL FOR AN ACT RELATING TO COMMERCIAL ACTIVITIES ON OCEAN WATERS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Awana, Magaoay, Nakasone, Sagum, Saiki and Thielen being excused.

Representative Ito, for the Committee on Water, Land, Ocean Resources & Hawaiian Affairs presented a report (Stand. Com. Rep. No. 1088-08) recommending that S.B. No. 2482, SD 2, pass Second Reading and be referred to the Committee on Higher Education.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2423, SD 2, HD 1, pass Second Reading and be referred to the Committee on Tourism & Culture, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising with some reservations on Stand. Com. Rep. No. 1089. The bill still has eminent domain in it, which I would not want to see happen. Thank you."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, on Stand. Com. Rep. No. 1089, I would like a ruling on a potential conflict of interest. At my law firm I represent the community groups suing Turtle Bay. Thank you," and the Chair ruled, "no conflict."

Representative McKelvey rose to speak in support of the measure, stating:

"Mr. Speaker on Stand. Com. Report 1089, may I just stand in strong support. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2423, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LAND ACQUISITION," passed Second Reading and was referred to the Committee on Tourism & Culture with Representatives Awana, Magaoay, Nakasone, Sagum, Saiki and Thielen being excused.

Representative Pine rose to speak in support of the measure with reservations, stating:

"Yes, I'm just standing with reservations on Stand. Com. Rep. No. 1114-08 which relates to loss mitigation for earthquakes. I'm just a little concerned because it does take money out of the Hurricane Relief Fund and it is not for hurricanes.

"I was very concerned for many years that this body took money out of the Highway Fund for things that did not relate to highways and now, we are currently in a problem where we have very little money to build any highways at all. We already decided in previous Legislatures to give the interest to the general fund from the Hurricane Relief Fund, and currently that'll be $6 million. So it makes more sense to take money from the $6 million that we're giving to the general fund instead of the principle of the Hurricane Relief Fund."

At 1:08 o'clock p.m., Representative Caldwell requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:34 o'clock p.m.

Representative Green, for the Committee on Health presented a report (Stand. Com. Rep. No. 1126-08) recommending that S.B. No. 2160, SD 2, as amended in HD 1, pass Second Reading and be referred jointly to the Committee on Consumer Protection & Commerce and the Committee on Judiciary.

Representative Caldwell moved that notwithstanding the recommendations contained in Standing Committee Report No. 1126-08, that S.B. No. 2160, SD 2, HD 1, be recommitted to the Committee on Health, seconded by Representative Luke.

At this time, Representative Finnegan requested a roll call vote on the motion to recommit.

The request for a roll call vote was put to vote by the Chair and upon a show of hands, failed to carry.

Representative Belatti rose to speak in opposition to the motion, stating:

"I stand to be recognized and speak in opposition to this motion to recommit. Thank you, Mr. Speaker.

"Mr. Speaker I stand in strong opposition to this motion to recommit. We're elected to do the work of the people. We're elected to take on the difficult issues and to find solutions. In the hearing on this bill a lawyer stood before us, a lawyer and a patient, and he talked about the need …"

The Chair addressed Representative Belatti, stating:

"Representative Belatti, you are out of order."

Representative Belatti: "Mr. Speaker, I am talking about the procedure regarding debate and …"

Speaker Say: "Yes, the procedure that is before us is the recommittal motion. Confine your remarks to the motion of the recommittal. Please proceed."

Representative Belatti: "This motion to recommit is a motion to stifle debate and consideration. Again I urge these Members in this Chamber not to squander this opportunity to find a solution to the problems of healthcare that are facing citizens and the people of this State.

"I know my call may not be heeded, but I want to register my vote of opposition to this motion to recommit. The call for change will echo far beyond these Chambers and the public may dare well respond to that call. I do not want it on my consciousness, on my record that I shirked my duty. So I stand in opposition to this motion to recommit, Mr. Speaker. Thank you."

Representative Finnegan rose to speak in opposition to the motion, stating:

"Thank you, Mr. Speaker. I strongly am heeding the advice of the previous speaker and would also like to vote no."

Representative Pine rose to speak in opposition to the motion, stating:

"Mr. Speaker I speak in opposition to the recommittal. Mr. Speaker, we've tried to kill this type of legislation over and over in the Legislature. I've never seen it really be put to vote by the entire House of Representatives on a Third Reading. It never made it out of the Judiciary Committee last year. I think the people of Hawaii have a right to see what their legislator feels about this issue.

"And so my feeling in opposition is that we continue to stifle conversation on this issue, and to me, stifling conversation stifles democracy and that is not good for the people of Hawaii."

Representative Meyer rose to speak in opposition to the motion, stating:

"Thank you, Mr. Speaker. In strong opposition to the motion to recommit. This is not a new bill. I mean, it's not a new idea. We've been working toward something like this for a lot of years. There's been a lot in the papers about the fact that many, many doctors are leaving."

The Chair addressed Representative Meyer, stating:

"Representative Meyer, could you confine your remarks to the motion to recommit; on the procedure and process of recommittal."

Representative Meyer continued, stating:

"Well I think it's a crime what we're doing here; to recommit this. It's as if we are deaf and dumb. We don't listen. We don't read the papers. We don't know what's going on.

"The good Chair of Health, he's a doctor. He's in tune with the problems there and for us to do this, we're doing a huge disservice to the people of Hawaii."

Representative Ward rose to speak in opposition to the motion, stating:

"Thank you, Mr. Speaker. I rise in opposition to this recommittal. Mr. Speaker, I don't think it's wise what we're doing, and those who are going to vote for it I think are probably going to regret it later. It sends the wrong message. We're in politics. Politics is perception. Perception is reality. The perception of recommitting is hiding. The perception of recommitting something is running away from it. The perception of recommitting is that we're really not committed to what we were supposed to be doing when it was alive and well, Mr. Speaker.

"What I'm saying is we're not doing the right thing, because if we're going to recommit it, that usually means it's going to die. If you say recommitment, it means we're going to come and recommit it to the Committee. I would like to see the Chair of one of the Committees that it is being recommitted to, to stand up and deny that. Otherwise I think it's going to hurt us.

"We're here to represent the people, not a special interest group. And recommitment means that we're siding with one group over the other. Thank you, Mr. Speaker."

Representative Ching rose to speak in opposition to the motion, stating:

"Thank you I also oppose the recommitment of this bill."

Representative Tokioka rose to speak in support of the motion, stating:

"Thank you, Mr. Chair. I stand in support of the recommittal, Mr. Speaker. This is the second time in this Session that I've heard the comment, 'deaf and dumb'. As a father of a son who is deaf, I would appreciate if the Members of this body do not use that term. Thank you, Mr. Speaker."

Representative Marumoto rose to speak in opposition to the motion, stating:

"Mr. Speaker, I am in opposition to recommitting this bill. It's bottling it up. It's not allowing any debate on the issue which is a very important one to this State. So I would argue very strongly that we allow an airing of this issue and a vote on this issue. I think it's very important. It deserves that much."

Representative Green rose to speak in opposition to the motion, stating:

"Thank you, Mr. Speaker. I stand in opposition, respectfully. I'd like to ask that the words of the Representative from Makiki be entered as my own. But I will only say this very briefly. You win some, you lose some. We will accomplish good things still this Session on healthcare reform, and I'm optimistic we'll all come together. Thank you, Mr. Speaker."

Representative Rhoads rose to speak in support of the motion, stating:

"In support. Mr. Speaker, I've been here 18 months and I can't think of an issue that's been more debated, more discussed in the halls of this building than medical malpractice changes, and I think recommittal makes perfect sense. There's been plenty of discussion on this. There's been plenty of discussion, lots of discussion, more discussion on this issue than any other that I can think of in my brief tenure here. Mahalo."

At this time, Representative Green called for the previous question, and by unanimous consent, the motion carried.

The motion was put to vote by the Chair and carried, and S.B. No. 2160, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," was recommitted to the Committee on Health with Representatives Belatti, Ching, Finnegan, Green, Marumoto, Meyer, Pine and Ward voting no, and with Representatives Awana, Berg, Cabanilla, Chang, Magaoay, McKelvey, Nakasone, Sagum, Saiki, Thielen and Wakai being excused.

The Chair then announced:

"For the edification of this Chamber, the motion has been carried. This particular measure has been recommitted to the Committee on Health. Representative Caldwell, let's proceed on."

Representative Lee rose, stating:

"Mr. Speaker I don't believe that we had an opportunity to vote on the measure with Stand. Com. No. 1125."

The Chair responded, stating:

"We did have a voice vote."

Representative Lee: "Can I just make a brief comment?"

Speaker Say: "Not at this point. You'll probably have an opportunity after the Legislative Management Committee, if it survives."

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1127-08) recommending that S.B. No. 2292, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2292, entitled: "A BILL FOR AN ACT RELATING TO AUTOMATED TELLER MACHINES," passed Second Reading and was placed on the calendar for Third Reading with Representatives Awana, Berg, Cabanilla, Chang, Magaoay, McKelvey, Nakasone, Sagum, Saiki, Thielen and Wakai being excused.

ANNOUNCEMENTS

Representative Ward: "Mr. Speaker, 35 years ago today, March 14, 1973 a man who served five and a half years as a prisoner of war was repatriated to our shores. If I mention his name, I may be ruled out of order, but I think we know who it is. He's running for President. Thank you, Mr. Speaker."

Representative Ching: "Mr. Speaker, this coming weekend represents the last weekend that a very talented group of dramatic players will be presenting *Aladdin Junior*. The Saint Louis High School players present *Aladdin Junior* and this is its last weekend. One of our esteemed Representative's son is in it, and that is the Representative from the North Shore. His son is in this."

Representative Sonson: "Mr. Speaker, I stand on a matter of personal privilege. Mr. Speaker, we deal with a lot of emotional issues in this particular Chamber. It saddens me that we all get carried away. A few minutes ago I lost my temper with another Member. I think that it was bad and I think that we should all be very patient in the work that we do here at the Legislature. Because the only thing that we have left when we say good bye to one another is our respect for ourselves, and the work that we've done and for colleagues. Thank you."

ADJOURNMENT

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2396, SD 1, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Evans rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, on Standing Committee Report 1133-08, Senate Bill 2396, SD 1, HD 1, Relating to Mental Health. I'm in support with reservations. There are two parts to the bill. My one reservation is in increasing the penalty to a Class C felony for making an assault on a person employed at a State operated or State contracted mental health facility. My concern is the bill does not have any language addressing the impacts it will have on the Department of Public Safety. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2396, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MENTAL HEALTH," passed Second Reading and was referred to the Committee on Judiciary with Representatives Belatti, McKelvey, Nakasone and Takumi being excused.

Representative Awana rose and asked that the Clerk record a no vote for her on all four measures, and the Chair "so ordered."

Representative Yamane rose to speak in opposition to all four measures, stating:

"On those same measures, with strong reservations. I enjoy my Diet Pepsi. Thank you."

Representative Ward rose to speak in support of two measures with reservations, stating:

"Mr. Speaker, with reservations on 1136 and 1137. With the notion that Dr. Chiyome Fukino is probably one of the brightest and best intellectually that we have, but it's almost an impossible task which these resolutions ask for her to do. I don't think the CDC and all the things in Washington are going to be overpowered by what we do here. I see the intent behind this, but what can actually be done by Dr. Fukino is probably very limited. Thank you."

Representative Lee rose and asked that the Clerk record an aye vote with reservations for her on all four measures, and the Chair "so ordered."

Representative Evans rose and asked that the Clerk record an aye vote with reservations for her on all four measures, and the Chair "so ordered."

No. 132, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DIRECTOR OF HEALTH TO FORM A WORK GROUP TO EXPLORE THE NEED TO BAN OR BETTER LABEL PRODUCTS CONTAINING THE ARTIFICIAL SWEETENER ASPARTAME," was referred jointly to the Committee on Economic Development & Business Concerns and the Committee on Consumer Protection & Commerce with Representatives Awana, Cabanilla, Rhoads and Tokioka voting no, and with Representatives Belatti, McKelvey, Nakasone and Takumi being excused.

Representative Takumi, for the Committee on Education presented a report (Stand. Com. Rep. No. 1138-08) recommending that S.C.R. No. 57, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.C.R. No. 57, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THAT PAHOA HIGH AND INTERMEDIATE SCHOOL DEDICATE ITS GYMNASIUM IN HONOR OF FORMER REPRESENTATIVE HELENE H. HALE, BY CHANGING THE NAME OF THE GYMNASIUM TO "HELENE H. HALE GYMNASIUM"," was adopted, with Representatives Belatti, McKelvey and Nakasone being excused.

SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the rules were suspended for the purpose of considering a bill on Third Reading on the basis of a modified consent calendar. (Representatives Belatti, McKelvey and Nakasone were excused.)

THIRD READING

S.B. No. 2292:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, S.B. No. 2292, entitled: "A BILL FOR AN ACT RELATING TO AUTOMATED TELLER MACHINES," passed Third Reading by a vote of 48 ayes, with Representatives Belatti, McKelvey and Nakasone being excused.

At 12:58 o'clock p.m., the Chair noted that S.B. No. 2292, passed Third Reading.

ANNOUNCEMENTS

Representative Herkes: "Members, please note that the CPC hearing won't begin until 3:30 p.m. We were waiting for the arrival of bill jackets and so that's why we were late filing."

Representative B. Oshiro: "Mr. Speaker, at this time I'd just like to make a short announcement. My office again is sponsoring another Hawaii Foodbank fundraiser. This time it's going to be called the Penny War, which kicked off last week. Basically at this time we only have about 37 of the offices participating, so if anybody else wants to join in, please contact my office.

"Let me briefly explain what it is. Every single penny that is collected in the jars is worth one point. Every single silver coin and/or dollar that's put in that jar is a minus of the number amount of points that are collected. And so at the end of period, which is March 31st, we'll be tallying how many points each office has. The winning office will get a pizza party. All the proceeds will be going to the Hawaii Foodbank, and basically all the pennies and dollars and silver coins that are put in. So please contact my office if you're interested.

"At this point, I just wanted to let people know, and I'm not really into sabotaging any particular office, but there is one office that's way ahead of everybody else. They're actually on their second jar and if you want to go see it, it's in Room 441. Thank you."

Representative Shimabukuro: "Thank you, Mr. Speaker. I just wanted to invite everyone to a reception we're having for Konishiki and his supporters in Room 329, right after this."

Representative Yamashita, for the Committee on Economic Development & Business Concerns requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing S.B. No. 2394, Relating to Technology, with a proposed HD 1, to be held on Wednesday, March 19 at 8:30 a.m. in Room 325, with decision making to follow, and the Chair, "so ordered."

Representative Finnegan: "Thank you, Mr. Speaker. Just a quick reminder that tomorrow at 6:45, we have our House Activity

Tuesday on the lawn. We'll have some kickboxing tomorrow, and some self-defense. So if you can join us, it'd be great."

Representative Caldwell: "Mr. Speaker, as part of the Foodbank effort, my office is sponsoring an ice cream sundae fundraiser up in Room 437 this afternoon. Come by and we'll even give a free one Mr. Speaker, to the Minority Leader."

Representative Thielen: "Thank you, Mr. Speaker. I see some delightful Easter baskets on Representative Lee's desk and I was hoping she would make an announcement about that."

Representative Lee: "Just a reminder that on Thursday, IHS will be coming to pick up the Easter baskets, so you still have time to gather up your supplies. The people at IHS will be happy."

ADJOURNMENT

At 1:02 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the House of Representatives adjourned until 12:00 o'clock noon tomorrow, Tuesday, March 18, 2008. (Representatives Belatti, McKelvey, Nakasone and Takai were excused.)

"I speak in favor of SB 2212, HSCR 1164. This bill is actually the product of two years of work by the Anti-trafficking Task Force. It is not a pure anti-trafficking bill, however, many facets of it will help in our fight against trafficking.

"In Washington, D.C., the Congress is about to pass a proposed amendment to the Trafficking Victims Protection Reauthorization Act of 2008 – to "establish a temporary victims' protection period." This is progress and it is heartening that our State is also taking action.

"Some concerns were heard in the Senate related to penalties which might be applied to consensual sex between adults.

Amendments to the Senate bill would probably not be enough to make the bill ineffective for exploited persons. I urge the Members' support."

(Stand. Com. Rep. No. 1184-08) recommending that H.C.R. No. 16, be adopted.

Representative Caldwell moved that the reports of the Committees be adopted, and that H.R. No. 16 and H.C.R. No. 16, be adopted, seconded by Representative B. Oshiro.

Representative Finnegan rose in opposition to both measures, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong opposition to these resolutions. I have concerns with the composition of the Convention on the Elimination of all forms of Discrimination Against Women (CEDAW). It has been reported that its language can be misinterpreted and used to pressure countries to force pro-life, healthcare professionals to do abortions in violation of their consciences. These types of misinterpretations by official agencies such as the U.N. CEDAW Committee condemn limitations on abortion, claiming that restrictions on abortion constitute discrimination against women. I believe that the CEDAW, if ratified would condemn many abortion-related laws enacted by this very body including partial birth abortions.

"Thank you, Mr. Speaker."

Representative Lee rose to speak in support of both measures, stating:

"In support of Stand. Com. Nos. 1183 and 1184 and just if I could make some brief comments. In 1999, a resolution to support CEDAW was included as part of the House Majority package, interestingly called Change. In 1993 a resolution requesting the Congress to pass CEDAW was passed on the Floor of this House, it came out of the International Relations Committee when Helene Hale was Chair. And here we are again passing a resolution asking Congress to pass CEDAW.

"It's just amazing to me that almost 10 years have gone by and the Congress of the United States and the Senate have not passed this. The conditions in the world for women have really gotten dramatically worse in some cases; I'd like to cite the cases of human trafficking and poverty around the world. So hopefully our resolution, though it's a small step, will help to realize this goal. Thank you."

Representative Meyer rose to speak in support of both measures with reservations, stating:

"Thank you, Mr. Speaker. On this measure, Stand. Com. Rep. 1183 and 1184, while there are many worthy provisions in this, the real sticking problem that I have is that the United Nations document calls for abortions for women at any time at all during a pregnancy and I don't think that is something that we should support. I stand with strong reservations."

Representative Pine rose to speak in opposition to both measures, stating:

"No vote. And I just wanted to rebut. The reason why our Congress of the United States, both Democrat and Republican, have not passed this, is because it does promote partial birth abortion to some people who are against the bill."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the reports of the Committees were adopted and H.R. No. 16, entitled: "HOUSE RESOLUTION REQUESTING THE UNITED STATES CONGRESS TO RATIFY THE UNITED NATIONS CONVENTION ON THE ELIMINATION OF ALL FORMS OF DISCRIMINATION AGAINST WOMEN," was adopted, with Representatives Finnegan and Pine voting no, and with Representatives Bertram, Brower, Nakasone, Shimabukuro, Sonson and Ward being excused; and

H.C.R. No. 16, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE UNITED STATES CONGRESS TO RATIFY THE UNITED NATIONS CONVENTION ON THE ELIMINATION OF ALL FORMS OF DISCRIMINATION AGAINST WOMEN," was adopted, with Representatives Finnegan and Pine voting no, and with Representatives Bertram, Brower, Nakasone, Shimabukuro, Sonson and Ward being excused.

Representative Shimabukuro, for the Committee on Human Services & Housing presented a report (Stand. Com. Rep. No. 1185-08) recommending that H.R. No. 93, as amended in HD 1, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.R. No. 93, HD 1, entitled: "HOUSE RESOLUTION URGING HAWAII'S CONGRESSIONAL DELEGATION TO SUPPORT LEGISLATION SUPPORTING INCENTIVES FOR PUBLIC HOUSING TENANTS TO TRANSITION INTO PERMANENT HOUSING," was adopted, with Representatives Bertram, Brower, Nakasone, Shimabukuro, Sonson and Ward being excused.

Representative Shimabukuro, for the Committee on Human Services & Housing presented a report (Stand. Com. Rep. No. 1186-08) recommending that H.C.R. No. 111, as amended in HD 1, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 111, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING HAWAII'S CONGRESSIONAL DELEGATION TO SUPPORT LEGISLATION SUPPORTING INCENTIVES FOR PUBLIC HOUSING TENANTS TO TRANSITION INTO PERMANENT HOUSING," was adopted, with Representatives Bertram, Brower, Nakasone, Shimabukuro, Sonson and Ward being excused.

Representative Caldwell moved that the report of the Committees be adopted, and that S.B. No. 3009, SD 2, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Sonson rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'd like to record a no vote on Stand. Com. Rep. No. 1195-08 on page 4, SB 3009, SD 2, HD 1, Relating to Money Transmitters. I'd like to say a few words regarding this particular bill.

"Mr. Speaker, this is an anti-competitive bill. Look at the numbers. If we want to raise taxes this is the way to do it. This is attacking a small community of transmitters that are in competition with the large banks and large money transmitters such as Western Union, etc. They're focusing on the Filipino transmitters that transmit hundreds of dollars to their families in the Philippines.

"When this legislation first came out and was being pushed by the large money-men, large banks and for example the Philippine Bank, Land Bank of the Philippines, Western Union and those large corporations that do business in this area. They were saying that monies were being transmitted to fund terrorism. There's no evidence that has ever been presented that there is money being transmitted to any terrorists by these families that live in Hawaii trying to help their families in the Philippines.

"Money transmitting business today, without this law, is very difficult to enter into because of the regulations, the over-regulations promoted from the existing in law. This measure does the following: first, it now will increase the fee from up to $15,000 to open a transmitting business, just to get a license, up to $15,000 to get a license. In addition to that, if you obtain your license by November you have to renew the license by December of that year. That's an additional $15,000.

"Also, the reporting requirements are draconian. Who does this? What does this? They have to report and if they fail in any way to report, to report their financials to the Commissioner, the Commissioner can examine them. The licensed person, the delegates, the shareholders, etc., will be examined. The bill requires that the licensee pay for the cost of the examination, plus pay for the per diem in mileage and other expenses of the Commissioner going to examine the site. What businesses do we regulate in this manner and at this cost?

"There are also criminal penalties, as well as civil penalties. There's reporting requirements by the Commissioner to report to the Attorney General, to the Prosecutor, and to federal and State agencies. It's ridiculous. There are also other fees that are being requested.

"Let me go to the penalties. Civil penalties for any violation in the existing law and as being amended by the measure will now cost $500 per day, plus State's costs in expenses for investigation and prosecution of the matter, plus attorney's fees. Now, what are they trying to do here? Obviously it's to avoid the competition because these small-time businesses that are opening up around the State literally to help. I'm using the example of Filipinos, but Mr. Speaker, I'm saying this is for all money transmitters that go through other countries. They also send to Samoa, Micronesia and other nations.

"These small transmitters are obviously doing a great job because it's costing a lot less to transfer $100 from point A to point B. They can't stand the competition and they come to us under the guise of protecting the public. What consumer are we protecting here? We're protecting big business. Consumer protection? No. There is no such evidence that this is harming any consumer out there. If there is a huge problem out there, we've had this law for a while. Is there a complaint? Look at the testimony that's being offered. Testimony is only coming from the financial institutions. It's ridiculous. I'm sorry Mr. Speaker, but I urge my colleagues out there to read this bill. Look at it. Look at the provisions, it's draconian. We don't do this to any other businesses. I would dare to say that this is anti-business, and I dare to say it's anti-Filipino in this case. Thank you very much."

Representative Cabanilla rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm speaking against this measure. I'm speaking for the small businesses in our State. There are a lot of small money transmitters in Kalihi and Waipahu. And for some grandmother that wants to send a small amount of money to the Philippines or to Micronesia or to Samoa, they can pay a small fee for the small amount.

"Now the big institutions, banks and financial institutions in our State charge a much larger fee. And of course they are exempt in this measure; they are not subject to this bill. I spoke against this measure when it came up about a year ago, but in the final vote, I voted yes with reservations. I spoke with the lobbyist on this matter and he assured me that these fees mentioned on page 12 will never go up. They will not go up. I asked him, 'Are you not coming back next year and ask for these fees to go up?' and he said, no.

"So I'm taking this on a personal basis, Mr. Speaker, because somebody lied to me. Besides I don't see the point why a non-refundable application fee needs to go up from $1,000 to $2,000 in a year's time, plus $100 to $300 for each location that they have. And now the aggregate amount they have to pay in the previous bill that I supported with reservations was $4,000. Now it's $15,000. They're obviously creating a barrier for the small businesses.

"Furthermore Mr. Speaker, money transmissions go to foreign countries involving foreign currencies used by immigrants. I feel that the right thing to do for this bill is to recommit it to the International Affairs Committee. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank, you, Mr. Speaker. That's a bill I think that has a lot of problems. I am standing in support with reservations. I think there's still time to improve it and get rid of some of the more troublesome parts of it. Thank you."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I will be voting no on Stand. Com. Rep. No. 1208 and the attached measure. I think this would assess a fine on the procurement officer in the State and I'm not sure whether it's just the Chief Procurement Officer or one of its designees. There's a procurement officer in every department, and I believe even in the House and the Senate. This would assess fines on them for certain violations and I don't think its right to fine our public servants especially when they might be following the directives of their bosses. So I think this bill is in need of drastic surgery. Thank you, very much."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker I, also rise with reservations on this measure. We are big on this side of the aisle on individual responsibility, be accountable for your actions, but when this is an institutional, particularly a public body, to say the individual who wrote the bid gets hit with the fine, I think that's a little bit draconian. Thank you, Mr. Speaker."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On Stand. Com. Rep. 1211, I will vote with reservations and this has to do with the Natural Energy Laboratory of Hawaii. This is a request for a little more autonomy and I think it is desired, and NELHA desires and perhaps is deserving of this greater autonomy. However NELHA is not a private entity, but a public one and so it does require a degree of oversight and in this case by the Department of Business and Economic Development. They may have certain issues with the Department, but I don't think they should be sprung free as much as this bill would allow it. If NELHA, this one agency, receives this type of treatment, I think other agencies will also follow suit. Thank you, very much."

Representative Berg rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose in support of the measure with reservations, and asked that the remarks of Representative Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Belatti rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"I support Senate Bill 2579, Senate Draft 1 with reservations. My primary concern with this measure is that it erodes the ability of the Campaign Spending Commission to operate independently and free from political pressures.

"As drafted, this measure: (1) increases penalties for failing to file required campaign spending reports or for filing substantially defective or deficient reports; (2) increases the amount that may be designated on an income tax return to be placed into the Hawaii election campaign fund from $2 to $3; and (3) provides that campaign spending penalties and fines be deposited into the general fund rather than the Hawaii election campaign fund.

"The first two provisions strengthen Hawaii's campaign spending laws. Timely filing of complete and accurate campaign spending reports is essential to help the Campaign Spending Commission monitor candidates and committees' compliance with campaign spending laws. Increasing the voluntary income tax check-off is also positive inasmuch as this is the primary source of funding for the Commission that allows the Commission to operate effectively.

"The third provision, however, that moves penalties from the campaign election fund into the general fund, potentially erodes the ability of the Commission to operate effectively if no regular source of revenue is identified to replace these penalties. Previously, the Commission was required to request funds on an annual basis from the very people the Commission regulates. It would be detrimental to the Commission's ability to act independently if the Commission had to return to this practice."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2579, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN SPENDING," passed Second Reading and was referred to the Committee on Finance, with Representative Nakasone being excused.

ANNOUNCEMENTS

Representative Carroll: "Thank you, Mr. Speaker. On behalf of the Hawaiian Caucus, we want to invite all of you to lunch in Room 329. On your desk you will see there's a program and your ticket to enter for your lunch. And also just an announcement for the Hawaiian Caucus Members, if we can take some pictures after session right outside the Caucus room. Thank you."

Representative Ito: "Mr. Speaker, the Committee on Water, Land, Ocean Resources and Hawaiian Affairs, and the Committee on Agriculture will have decision making in the Auditorium at 1:45 p.m. Thank you."

Representative Brower: "Mr. Speaker, just a reminder. Committee Members of the Agriculture and Committee Members of Agriculture Committee at heart, we are reconvening our hearing from 9:00 a.m. and it will take place at the Capitol Auditorium today at 2:00 and at issue is Senate Bill 958."

Representative Lee: "Mr. Speaker, on behalf of the Women's Caucus, I'd just like to announce that there's one more day to participate in this year's Easter basket project. And you can't help but smile when you look at the beautiful baskets that are in the offices. Many offices have completed multiple baskets and for that we're very grateful. And I know it will bring smiles to the faces of those that receive them.

"Thank you all for your generosity and please bring your completed baskets tomorrow, March 20 at 1:30 p.m. to the Chamber level turn around area entry. IHS will be there to receive them and I encourage you to join us if we are finished with session. Thank you very much."

Representative Takai: "Thank you, Mr. Speaker. Today marks the fifth year since the start of the War on Terror. We're all familiar with what has happened over the past five years and regardless of how we feel about the war, we need to know that over 30,000 U.S. troops have been injured, and nearly 4,000 have lost their lives.

"And as we've done the last three years, or the last two years, this marks the third year; the Hawaii State Legislature will be coming together in joint session. I wanted to remind our colleagues of this because people keep on asking me today: When is the ceremony? What time? And all the other things.

"It's going to be next week Tuesday, March 25th. Instead of being in the morning it's going to be in the afternoon at 2:00 p.m. I think we need to be aware of this because of this event, we'll be blocking off parking for the entire day and coordination of this event through the Clerk's Office and the Sergeant-at-Arms Office, as well as the Speaker's Office and Representative Cindy Evans' office, has made it possible for us to do this, but it is going to take some effort on the part of all of us.

"So as we reflect on the past five years I just wanted to mention once again that we need to prepare ourselves and encourage friends and family who have been touched by this war to join us at our session next week Tuesday. Thank you, Mr. Speaker."

ADJOURNMENT

At 1:24 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the House of Representatives adjourned until 12:00 o'clock noon tomorrow, Thursday, March 20, 2008. (Representative Nakasone was excused.)

"EXECUTIVE CHAMBERS
HONOLULU
March 19, 2008

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 987

Honorable Members
Twenty-Fourth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 987, entitled "A Bill for an Act Relating to Police Officers."

The purposes of this bill are (1) to clarify the meaning of "acts done in the performance of the officer's duty as a police officer" for the purposes of determining if a police officer who is prosecuted or sued must be represented by an attorney provided by the county and (2) to specify that the police commission's request for a recommendation by the county attorney or corporation counsel regarding the entitlement of the police officer to counsel at county expense shall be responded to within seven working days.

Section 52D-8, Hawaii Revised Statutes, provides that whenever a police officer is prosecuted criminally or sued civilly for acts done in the performance of the officer's duty, the officer shall be represented at county expense or by the county. The amendment made by this bill will define the acts done in the performance of the officer's duty as a police officer to include any action while in a duty status or while the police officer is on duty, any action performed by an off-duty police officer while effecting an arrest or performing any other police duty, and any action performed by the police officer while on special duty status.

As written, this bill is overly broad and could place the counties in a position that they would have to defend a police officer when he committed a criminal act. The bill very clearly provides that whenever there is a criminal case or civil case against an officer, and the acts the officer is claimed to have committed occurred while the officer was on regular or special duty, the counties must provide an attorney to represent the officer. Thus, an officer who, while on patrol, engaged in a drug deal or robbed a bank, would have an absolute entitlement to a county-paid attorney if criminally charged with possession of an illegal substance or bank robbery. As this bill is written, there are no exceptions -- so long as the officer is on duty, the officer gets a county-paid lawyer, regardless of the acts the officer commits.

We recognize the need for officers to be provided with legal representation when in the performance of their duties. However, there may be acts committed by a small minority of officers while in the performance of their duties that are not in the scope of an officer's authority as a police officer, i.e., activities such as the sale of narcotics, sexual assault, domestic violence, burglary. Officers should not be provided with legal representation in these or similar instances. Automatically affording officers legal representation would violate the trust bestowed by the citizens they are sworn to protect. Further, legal representation paid for by the individual counties in instances when a law enforcement officer commits criminal acts would blemish the reputation and integrity of all law enforcement officers and endanger the public's support in their Police Departments.

Additionally, the seven day timeline for a county's corporation counsel or county attorney to submit a recommendation to the police commission is, in the judgment of the counties, unrealistic and could cause the county police commissions to make decisions without proper recommendations and without the relevant investigative information. A proper investigation often takes weeks to complete.

We acknowledge that police officers' work places them in confrontational situations, which may lead to allegations of civil and criminal wrongdoing. We are sympathetic to the concerns expressed by police officers and by the State of Hawaii Organization of Police Officers, who are not confident that all deserving officers receive legal representation, and are concerned about the potential consequences of lawsuits and criminal charges and the effect on officers' morale and the manner in which they may carry out their duties. I understand the State of Hawaii Organization of Police Officers has worked with the counties over the past week to craft language that addresses the concerns of the counties, while ensuring representation for police officers when it is truly warranted.

I would support a bill that made it more likely that deserving officers would receive legal representation. I cannot support this bill with the serious language flaws described above.

For the foregoing reason, I am returning House Bill No. 987 without my approval.

Respectfully,
/s/
LINDA LINGLE
Governor of Hawaii"

Representative Meyer rose to speak in opposition to the measure, stating:

"Mr. Speaker, I wanted to speak in opposition to Senate Bill 2334, SD 2. Thank you, Mr. Speaker. This bill repeals the exemption from civil service of the First and Second Deputy Sheriff. It requires the Deputy Sheriff for Law Enforcement and the Sheriff to be graduates of a law enforcement academy.

"I'm concerned that this bill would limit the ability of the Governor and the Director of Public Safety to appoint candidates of their choice to the positions. It is critical for the successful operation of any department that the leaders and the administrators work together as a unit. Therefore it is critical that the Governor and the Director of Public Safety have the opportunity and the capacity to select those administrators that will work well within the current system. Thank you, Mr. Speaker."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak against Standing Committee Report 1282 and Senate Bill 2828, which is relating to emergency powers under disaster relief.

"Mr. Speaker, this bill is either identical to or very similar to House Bill 2664, which restricts the Governor's powers. I would like to quote from the Attorney General on this matter and I quote, 'This bill would turn the clock on emergency management law in Hawaii back 57 years and significantly hamper the Governor's ability to respond to emergencies and disasters.' This was said by Attorney General Mark J. Bennett.

"Mr. Speaker, I would like to ask that my remarks on House Bill 2664 be inserted in the Journal in opposition to this bill, which shows the incorrect activity of this Legislature in doing this, in trying to rein in the Governor's powers. I would hope that Members would think seriously before letting this bill move forward.

"I believe that there's an editorial on this effect in the *Advertiser*. The *Honolulu Weekly* similarly has put in a piece on this matter. It makes me more than puzzled. It makes me be amazed that people can be so partisan in this body to try to rein in the well-used powers of Governor Linda Lingle. I think that our people out there who will bear the brunt of the action here in the Legislature, and the people will not be happy. Thank you"

Representative Ward rose to speak in opposition to the measure, stating:

"I rise in opposition. In continuation of the remarks from my colleague, I think if I was in the Majority, I would really think twice about voting for this bill. In fact if you want to take powers away from the Governor, go ahead, but don't do this one. This one goes against the people of Hawaii. This is the one where you have to be an Executive to execute decisions quickly and firmly. It's the difference between being on the Board of Directors, versus being the President of the company. You have to make decisions. You can't go to a committee. As they say, a committee is a horse designed as a camel, or a camel turns out to be a horse when it comes into a committee.

"And when the Governor, whose job is to execute, she can't refer to the Legislature as a reference point. Mr. Speaker, you have the prerogative as the Majority to do these kinds of things, but this one is probably the least wise of all. As I said it goes against the governed, not the Governor. It's against the people of Hawaii. And there's only one way to explain it, and that's what has been coined as IFL, the IFL-phobia. Not the fear of high towers, like the Eiffel Tower in Paris, but the irrational fear of Lingle is the only way to explain it Mr. Speaker."

Representative Rhoads rose to speak in support of the measure, stating:

"In support. Mr. Speaker, when we had this debate a few days ago, it struck me that the difference in opinion has to do with the definition of an emergency. One of the examples given by the Minority Party was homelessness on the Leeward Coast. Well there's

been homelessness on the Leeward Coast for many years. And yes, for those who are experiencing it, it is an emergency, just as for those who are involved in an automobile accident are part of an emergency that's bigger than just themselves. You have hundreds of automobile accidents every year, but it's been going on for 50 years. Is it still an emergency after 50 years?

"Like I say, it's an emergency to those that it's happening to, but in the broad scheme of things, it's not something we can resolve in five minutes or if somebody's rushed to the hospital everything's going to be okay. It's a policy decision about how to handle homelessness, and in that area the Legislature certainly has a role to play. Of course it's easier not to have a Legislature. Dictatorship is the most efficient form of government, but is it the best form? I would argue that it's not. Mahalo."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you Mr. Speaker. I'm rising in opposition to that measure. I would take exception to some of the things said by the previous speaker. In that the example of the homeless problem on the Leeward Coast, it was not just an emergency, it was a health and safety problem. It would not make any of us proud that it was allowed to get in the state that it was in because people simply looked the other way for so many years.

"And as far as health and sanitation, it was a problem for the residents of the Leeward Coast that they were now held out, they couldn't even use the public parks that were there for their pleasure and use. So I don't think there was any question this was an emergency. I think that's enough. Thank you."

The Chair then announced:

"Members, this measure will be going to the Finance Committee, so may we move on?"

Representative McKelvey rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ching rose in opposition to the measure and asked that the remarks of Representative Meyer be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Green rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"On Senate Bill 2779, the Labor Wages and Hours, I'm not clear what this bill is trying to do. It's unclear what the intent is, but by including one specific section of authority to suspend Chapter 104 HRS, it can be construed that the Governor is limited in the authority to suspend requirements under any other disaster statutes. For example the current Civil Defense and Emergency Act, Chapter 128 HRS, I'm just not sure what this bill is going to do. So I'm going to vote with reservations."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I am in opposition to Stand. Com. Rep. No. 1303, Senate Bill 2780, SD 2, HD 1, Relating to Public Works. This bill would cover projects used on State or county lands, but they would cover private projects. So you'd have to come under the Little Davis Bacon Act, even if the lessee is a private entity operating a private business, and the lessee's operations are not funded by government revenues, nor are the leases entered for purpose of the lessee's constructing improvements to be used or occupied by governmental agencies.

"Unlike construction contracts for true public work projects, DLNR would have to act as a passive landlord in the leases that it manages and would not be able to dictate, oversee, or participate in the lessee's operations or management, let alone get involved in personnel issues and decisions. So as such it would be inappropriate, in fact well near impossible for DLNR to monitor and enforce any proposed wage and hour provisions in this business.

"The bill also requires a government agency leasing the land to be the contracting agency for the construction on the site. This requirement would impose an unreasonable burden on government agencies who act as passive landlords by obligating them to be bound by the terms of the construction contract for purely private purpose in which they have no interest or control, but for the fact it is situated on public land. This would effect every department that leases land and I think it's a very difficult burden that we would put on our State government. Therefore, I will be voting no."

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Evans rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

ANNOUNCEMENTS

Representative Lee: "Mr. Speaker, just to remind everyone that at 1:30 we will present the baskets to IHS, so everyone is welcome to come. Again, thank you to everybody for your participation. Thank you."

Representative Meyer: "It's not an announcement, but maybe it's a challenge. I don't know when the Penny War is over, but I've got a whole bunch of pennies. So if you want to make sure I don't win, stop by my office."

Representative B. Oshiro: "I have another announcement. It is related to the Penny Wars. I must apologize to Representative Nishimoto, because unfortunately there's been a theft that has occurred in his office. I'm not sure if it was prank or not.

"But I would just like to let the thief know that it is theft in the Third Degree if it is an amount over $100. Otherwise it's theft in the Fourth Degree which is punishable as a petty misdemeanor. So I

would suggest that whoever took it, return it before we end up prosecuting. Thank you."

Representative Meyer rose to speak in support of both measures with reservations, stating:

"I'd like to register an aye vote with reservations. This is a resolution requesting the University of Hawaii's John A. Burns School of Medicine to provide admission preference to students that mirror the demographics of rural health professional shortage areas.

"I'm just not comfortable with this preferential admission. I think that the school should not be doing this. I have to confess, I don't have the resolution in front of me and I don't know how much detail they go into to describing this, persons that fit the preferential profile. But I think that our medical school should be looking for the best and brightest. That's what I think is appropriate. Thank you. "

Representative Green rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. I am in support of my resolutions. The point of this is to open up a dialog. Historically, as we know, we've been talking a lot about the shortage of physicians in rural Hawaii, especially in the health profession shortage areas.

"The Medical School does a great job in admitting our best and brightest, no question about it. On average, for the last decade plus, the number of Neighbor Island students that have been admitted to the Medical School has been six out of a class of about 60. So when you're only admitting about six students from all the Neighbor

Islands, and the other 50 some are from Oahu, and then four or five from the mainland, what the effect is, is a wonderful thing. We have young doctors coming in from Oahu and they tend to stay in Oahu. But it does perpetuate that shortage.

"It's a very difficult situation to recruit young doctors back in our communities. And also we spend a lot of time talking about having our best and brightest from the Neighbors Islands, homegrown, our physicians coming to JABSOM and thriving. So I think that there's no question that we can find some happy medium of getting enough doctors from those public schools, especially some of the private school on the Neighbors Islands, getting them into the Medical School and sending them back to the Neighbor Islands to where we need them the most. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 193, entitled: "HOUSE RESOLUTION REQUESTING THE UNIVERSITY OF HAWAII'S JOHN A. BURNS SCHOOL OF MEDICINE TO PROVIDE ADMISSION PREFERENCE TO STUDENTS THAT MIRRORS THE DEMOGRAPHICS OF RURAL HEALTH PROFESSIONAL SHORTAGE AREAS OF THE STATE TO ADDRESS THE SHORTAGE OF PHYSICIANS ON OUR NEIGHBOR ISLANDS," was referred to the Committee on Higher Education with Representatives Cabanilla, Carroll, Chang, Evans, Nakasone and Tokioka being excused; and

H.C.R. No. 226, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE UNIVERSITY OF HAWAII'S JOHN A. BURNS SCHOOL OF MEDICINE TO PROVIDE ADMISSION PREFERENCE TO STUDENTS THAT MIRRORS THE DEMOGRAPHICS OF RURAL HEALTH PROFESSIONAL SHORTAGE AREAS OF THE STATE TO ADDRESS THE SHORTAGE OF PHYSICIANS ON OUR NEIGHBOR ISLANDS," was referred to the Committee on Higher Education with Representatives Cabanilla, Carroll, Chang, Evans, Nakasone and Tokioka being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1365-08), recommending that H.C.R. No. 50, as amended in HD 1, be referred to the Committee on Legislative Management.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 50, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO PERFORM A STUDY TO DETERMINE WHETHER WEDDING AND MODEL PHOTOGRAPHERS SHOULD BE LICENSED BY THE DIRECTOR OF COMMERCE AND CONSUMER AFFAIRS," was referred to the Committee on Legislative Management with Representatives Cabanilla, Carroll, Chang, Evans, Nakasone and Tokioka being excused.

Representative Green, for the Committee on Health presented a report (Stand. Com. Rep. No. 1366-08), recommending that H.R. No. 127, be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.R. No. 127, entitled: "HOUSE RESOLUTION URGING HAWAII'S HEALTH INSURERS TO PROVIDE COVERAGE FOR FEES CHARGED FOR LETTERS PROVIDED BY A PHYSICIAN AS VERIFICATION OF A PATIENT'S DISABILITY OR OTHER CONDITION FOR WHICH SUBSTANTIATION IS NECESSARY," was referred to the Committee on Consumer Protection & Commerce with Representatives Cabanilla, Carroll, Chang, Evans, Nakasone and Tokioka being excused.

Representative Green, for the Committee on Health presented a report (Stand. Com. Rep. No. 1367-08), recommending that H.C.R. No. 148, be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 148, entitled: "HOUSE CONCURRENT RESOLUTION URGING HAWAII'S HEALTH INSURERS TO PROVIDE COVERAGE FOR FEES CHARGED FOR LETTERS PROVIDED BY A PHYSICIAN AS VERIFICATION OF A PATIENT'S DISABILITY OR OTHER CONDITION FOR WHICH SUBSTANTIATION IS NECESSARY," was referred to the Committee on Consumer Protection & Commerce with Representatives Cabanilla, Carroll, Chang, Evans, Nakasone and Tokioka being excused.

Representative Green, for the Committee on Health presented two reports:

(Stand. Com. Rep. No. 1368-08), recommending that H.R. No. 202, as amended in HD 1, be referred to the Committee on Legislative Management; and

(Stand. Com. Rep. No. 1369-08), recommending that H.C.R. No. 239, as amended in HD 1, be referred to the Committee on Legislative Management.

Representative Caldwell moved that the reports of the Committee be adopted, and that H.R. No. 202, HD 1, and H.C.R. No. 239, HD 1, be referred to the Committee on Legislative Management, seconded by Representative B. Oshiro.

Representative Souki rose to speak in support of the measure with reservations, stating:

"I wish to speak with some minor reservations on SCR 1368-08. This is for a study on St. Francis providing kidney care to patients at all five stages. We are all aware that St. Francis is one of the leading healthcare institutions and providers now of kidney care throughout the State. However, I am kind of at a loss and wonder why we are looking particularly at this disease and this institution. And therein lies my concern.

"As far as the medical impact, you can look at the impact of cancer, the impact of heart disease, the impact of any other major disease that we have. But choosing this institution and this disease lead me to some concern. So I would like the Chair and the maker of this resolution possibly to speak on it and kind of enlighten me a little bit. Thank you, very much."

Representative Green rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In deference to Speaker Emeritus, the purpose of this resolution is mainly to look at this institution because they have been providing, not just advanced care in renal disease, but in providing dialysis in a very important way to much of this State. Recently, economics have threatened their ability to continue to provide that service. If it goes down because it is not economically feasible based on whatever may happen, low reimbursements from State and federal, and so on, we lose one of our main hubs to treat renal failure.

"And so I think that was the purpose of the focus on this organization. But I think all of the points that were made were very well taken."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in favor of the resolution. Having spoken to one of the health officials in one of the major hospitals this morning, they said that it's very, very important that that particular service be maintained. It's in jeopardy within the next five to six months. That it could be seriously in jeopardy, which means this resolution is very timely. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 202, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE LEGISLATIVE REFERENCE BUREAU AND THE DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT, AND TOURISM TO CONDUCT STUDIES ON THE POTENTIAL FINANCIAL AND ECONOMIC IMPACTS TO THE STATE AND THE STATE'S HEALTHCARE SYSTEM OF PROVIDING CARE FOR PATIENTS WITH CHRONIC KIDNEY DISEASE AT ALL FIVE STAGES," was referred to the Committee on Legislative Management with Representatives Cabanilla, Carroll, Chang, Evans, Nakasone and Tokioka being excused; and

H.C.R. No. 239, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE LEGISLATIVE REFERENCE BUREAU AND THE DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT, AND TOURISM TO CONDUCT STUDIES ON THE POTENTIAL FINANCIAL AND ECONOMIC IMPACTS TO THE STATE AND THE STATE'S HEALTHCARE SYSTEM OF PROVIDING CARE FOR PATIENTS WITH CHRONIC KIDNEY DISEASE AT ALL FIVE STAGES," was referred to the Committee on Legislative Management with Representatives Cabanilla, Carroll, Chang, Evans, Nakasone and Tokioka being excused.

At 12:55 o'clock p.m., Representative McKelvey requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:56 o'clock p.m.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1370-08) recommending that H.R. No. 57, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.R. No. 57, entitled: "HOUSE RESOLUTION SUPPORT OF SURPLUS LINES INSURANCE MULTI-STATE COMPLIANCE COMPACT," was adopted, with Representatives Cabanilla, Carroll, Chang, Evans, Har, Nakasone and Tokioka being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1371-08) recommending that H.C.R. No. 66, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 66, entitled: "HOUSE CONCURRENT RESOLUTION SUPPORT OF SURPLUS LINES INSURANCE MULTI-STATE COMPLIANCE COMPACT," was adopted, with Representatives Cabanilla, Carroll, Chang, Evans, Har, Nakasone and Tokioka being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1372-08) recommending that H.R. No. 102, as amended in HD 1, be adopted.

No. 102, HD 1, entitled: "HOUSE RESOLUTION RECOMMENDING THAT REALTORS PROMOTE THE PRINCIPLES OF UNIVERSAL DESIGN," was adopted, with Representatives Cabanilla, Carroll, Chang, Evans, Har, Nakasone and Tokioka being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1373-08) recommending that H.C.R. No. 120, as amended in HD 1, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 120, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION RECOMMENDING THAT REALTORS PROMOTE THE PRINCIPLES OF UNIVERSAL DESIGN," was adopted, with Representatives Cabanilla, Carroll, Chang, Evans, Har, Nakasone and Tokioka being excused.

Representative Green, for the Committee on Health presented a report (Stand. Com. Rep. No. 1374-08) recommending that H.R. No. 7, as amended in HD 1, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.R. No. 7, HD 1, entitled: "HOUSE RESOLUTION A RESOLUTION TO COMMEMORATE MARCH

13 AS WORLD KIDNEY DAY AND THE MONTH OF MARCH AS KIDNEY AWARENESS MONTH IN THE STATE OF HAWAII," was adopted, with Representatives Cabanilla, Carroll, Chang, Evans, Har, Nakasone and Tokioka being excused.

Representative Green, for the Committee on Health presented a report (Stand. Com. Rep. No. 1375-08) recommending that H.C.R. No. 6, as amended in HD 1, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 6, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION A RESOLUTION TO COMMEMORATE MARCH 13 AS WORLD KIDNEY DAY AND THE MONTH OF MARCH AS KIDNEY AWARENESS MONTH IN THE STATE OF HAWAII," was adopted, with Representatives Cabanilla, Carroll, Chang, Evans, Har, Nakasone and Tokioka being excused.

SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the rules were suspended for the purpose of considering certain bills on Third Reading on the basis of a modified consent calendar. (Representatives Cabanilla, Carroll, Chang, Evans, Har, Nakasone and Tokioka were excused.)

THIRD READING

S.B. No. 2748, SD 1, HD 1:

Representative Caldwell moved that S.B. No. 2748, SD 1, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, thank you very much. I will be voting for this Senate Bill 2748, SD 1 HD1, with reservations. I think the bill is greatly improved. It started out as something that had many testifiers in opposition. It would have required bidders to submit verifiable proof of all applicable trade licenses along with the bids, when they are proposals. And it has been changed to say upon award of contract which is some improvement. And it gives the bidders a lot more time in getting their list of subcontractors together.

"But because of the large amount of testimony, and because we have not been able to hear from these testifiers since this last Committee Report, I will be voting with reservations and will see what happens in Conference Committee. Thank you, very much."

Representative Finnegan rose in support of the measure with reservations, and asked that the remarks of Representative Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ching rose in support of the measure with reservations, and asked that the remarks of Representative Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 2748, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PROCUREMENT CODE," passed Third Reading by a vote of 45 ayes, with Representatives Cabanilla, Carroll, Chang, Evans, Har, Nakasone and Tokioka being excused.

S.B. No. 2827, SD 1, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, S.B. No. 2827, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC CONTRACTS," passed Third Reading by a vote of 45 ayes, with Representatives Cabanilla, Carroll, Chang, Evans, Har, Nakasone and Tokioka being excused.

S.B. No. 2395, SD 2:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, S.B. No. 2395, SD 2, entitled: "A BILL FOR AN ACT RELATING TO LANGUAGE ACCESS," passed Third Reading by a vote of 45 ayes, with Representatives Cabanilla, Carroll, Chang, Evans, Har, Nakasone and Tokioka being excused.

At 12:59 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2748, SD 1, HD 1
S.B. No. 2827, SD 1, HD 1
S.B. No. 2395, SD 2

ANNOUNCEMENTS

Representative Ward: "Mr. Speaker, I'd like to add a very important addendum to my commending of the veterans who now serve in this body. I overlooked a very proud four-year Marine. Someone who we know, who probably explains why he was a Marine. And he is Representative Alex Sonson. My apologies for overlooking your four years in the Marine Corps."

Representative Karamatsu "I'd like to make an announcement. Your Committee on Water, Land, Ocean Resources & Hawaiian Affairs Committee will be continuing our 10:30 Agenda, we are going to have decision making in Room 312. We also have the 11:00 a.m. Agenda jointly with Water, Land and Agriculture at 2:00 p.m. in Room 312 with decision making."

Representative Sonson: "Thank you for the correction from the Representative from Aina Haina. I'd also like the body to know and for the particular Representative to note that the Representative from Mililani also served in the Navy as a nurse during her younger days as a Lieutenant. Thank you, very much."

Representative Nishimoto: "Thank you, Mr. Speaker. Your Committee on Transportation will be holding decision making at 2:00 p.m. in Room 309. Thank you."

ANNOUNCEMENTS

Representative Chong: "Thank you, Mr. Speaker. I'd like to make an announcement. On Thursday, March 27 from 10 a.m. to 11 a.m.

the Clerk's Office will be having a Taste of the Clerk's Office. There will be hot dogs, soups, salads, cookies, pies by the slice and an assortment of delectable treats. All proceeds to benefit the Hawaii Foodbank.

"Also they will be having a silent auction of various hats made by the staff. I'm told that whoever buys these and wears these in this election is bound to win. So I'm told. I would just like to remind everybody of this event. Thank you."

Representative Ching: "Thank you. Tomorrow is Prince Kuhio Day. I just want to announce that it is Prince Kuhio Day and we're off tomorrow in memory of Prince Kuhio.

"I wanted to share a little bit. Prince Kuhio was Ke Alii Makaainana, known as Prince of the People or the Citizen Prince. And I'm sure as the Representative of Lanai and others of the Caucus who put on a beautiful Hawaiian Caucus Day know, he was responsible for the 1920 Hawaiian Lands Homelands Act. And he was also the one who resisted and tried to preserve things for his people.

"So when we enjoy tomorrow which is in honor of Prince Kuhio Kalanianaole, brother of Kawananakoa, I just wanted to remind everybody why we have this holiday. It is in honor of Prince Jonah Kuhio. Thank you."

Representative Lee: "Mr. Speaker, I just want to remind the members of Finance that we will be working tomorrow beginning at 10:00. Thank you."

At 12:19 o'clock p.m., the Chair declared a recess and the House of Representatives stood in recess, subject to the call of the Chair, and in accordance with House Concurrent Resolution No. 61, met in Joint Session with the Senate, for the Hawaii Medal of Honor Ceremony.

JOINT SESSION

The Joint Session of the House of Representatives and the Senate of the Twenty-Fourth Legislature was called to order at 1:59 o'clock p.m. by the Honorable Calvin K.Y. Say, Speaker of the House of Representatives.

The Speaker addressed the Chamber, stating:

"The Joint Session called pursuant to a Concurrent Resolution adopted by the members of the House and the members of the Senate is called to order.

"This is indeed a momentous occasion. We honor members of the Armed Forces of the United States, with ties to Hawaii, who fought and died bravely, in a combat zone designated by Presidential Order.

"On behalf of the Senate President and all the Members of the Hawaii State Legislature, I convey our deepest condolences to our very special guests – the family, friends and colleagues of loved ones, who have lost their lives overseas in the Middle East. Our prayers are with you, and we are honored by your presence here today.

"Please rise for the posting of colors by the Joint Service Color Guard and the Hawaii Air National Guard, Royal Guard, and remain standing for the singing of the National Anthem and Hawaii Pono'i by, United States Air Force Staff Sergeant Richard Vasquez, which will be followed by the invocation by Ms. Mahealani Wong and Lanakila of Na Wa'a Lalani Kahuna 'O Pu'u Kohola.

"Joint Service Color Guard and Royal Guard, please present the colors."

The members of the House, guests, and audience rose for the presentation of our Nation's and our State's Colors by the Joint Service Color Guard and the Hawaii Air National Guard, Royal Guard. The singing of the National Anthem and *Hawaii Pono'i* was led by United States Air Force Staff Sergeant Richard Vasquez, thereafter the invocation was delivered by Ms. Mahealani Wong and Ms. Lanakila Tuggle of Na Wa'a Lalani Kahuna 'O Pu'u Kohola.

The Speaker then addressed the Members, guests and audience as follows:

"Mahalo Joint Service Color Guard, Royal Guard, Staff Sergeant Vasquez and Ms. Wong. Your participation in today's ceremony is greatly appreciated.

"Honor. Loyalty. Duty. Courage. Simple words to most of us. But these words have gained greater meaning over the last several years to describe the qualities of a rare group of combatants, who are willing to face unimaginable challenges and perform the most difficult of wartime tasks. Combatants who, without hesitation, stand in harm's way to protect a nation, so that its people can live under the warmth of the blanket we all know as freedom.

"Throughout our history, Americans have always shown an unwavering resolve, especially in the wake of crisis and great personal tragedy. The loss of a loved one is always painful, but it is especially horrific when it happens on a battlefield, thousands of miles from home.

"Here, once again, we must call upon our inner strength to accept that our sons, our daughters, our mothers, our fathers, and our valued friends sacrificed their lives to allow the rest of us to live with freedom as our constant companion as we traverse though life.

"There is famous saying, "No greater love has a man, than to lay down his life for his friends." I'd like to take that a step further and say, "No greater love has a man, than to lay down his life for those he does not know."

"This year marks the third year since the Hawaii Medal of Honor was first presented. It is hoped that the Medal will convey our deepest appreciation to the military personnel, who made the ultimate sacrifice for our State and our nation.

"A sacrifice leaves an immeasurable void that a medal, admittedly, does not fill. We should not feel hollow from our loss. Rather, we should fill that emptiness with the knowledge that their courage has gifted us with a promise for a better and richer tomorrow.

"We must honor those brave men and women by carrying on as best as we can. We should exercise freedom whenever opportunity exists. Take personal pride in community and country. Speak the truth. And make choices that are reflective of strength of character and integrity. We have an obligation to meet the challenges of the 21st century, no matter how daunting the tasks may be.

"These are our duties. Duties that are not just empty words or promises. These duties will present adversity and require our perseverance. We must move forward, as they marched on for us. Live life to its fullest, to honor a life cut short by a conflict on a distant battle ground. Live honorably, so that these gallant men and women may not have died in vain. We all owe them this."

At this time, the Speaker of the House introduced the following dignitaries seated on the floor of the House:

The Honorable Linda Lingle, Governor of the State of Hawaii;

The Honorable James R. Aiona, Jr., Lieutenant Governor of the State of Hawaii;

Major General Robert G.F. Lee, the Adjutant General, Hawaii Department of Defense;

The Honorable Mazie K. Hirono, United States House of Representatives;

Colonel Retired Walter Kaneakua, representing the Honorable Daniel K. Inouye, United States Senator;

Mr. Kekoa Kaluhiwa, representing the Honorable Daniel K. Akaka, United States Senator;

Mr. Lloyd Nekoba, representing the Honorable Neil Abercrombie, United States House of Representatives;

Admiral Timothy Keating, Commander, United States Pacific Command, and Mrs. Wandalee Keating;

Lieutenant General Benjamin Mixon, Commanding General, United States Army Pacific, and Mrs. Rhonda Mixon;

Major General Vern Miyagi, Mobilization Assistant to the Commander, United States Pacific Command;

Major General Dana Atkins, representing the Pacific Air Forces;

Brigadier General Gary Ishikawa, Deputy Adjutant General, Hawaii Department of Defense;

Rear Admiral Townsend G. "Tim" Alexander, Commander, Navy Region Hawaii, and Mrs. Kathleen Alexander;

Brigadier General Robert Brown, Acting Commander, United States Army 25th Infantry Division;

Mrs. Holly Bednarek, wife of Brigadier General J. Michael Bednarek, 25th infantry Division Headquarters;

Lieutenant Colonel Steve Liszewski, representing United States Marine Corps and Marine Forces Pacific; and

Captain John J. Hickey, representing United States Coast Guard and the Fourteenth Coast Guard District.

The Speaker called upon the Honorable Linda Lingle to deliver her remarks as follows:

"Good afternoon and Aloha. Lt. Governor Aiona, Madame President, Mr. Speaker, all of the Legislators, Admiral Keating and all of our special guests, especially the family and friends of those we've come to honor. I'm filled today with both sadness and gratitude. Sadness for the loss of life. Grateful for the sacrifices that these individuals made; these very special people and what they gave to the rest of us.

"Last August, I attended a memorial service for the ten Schofield soldiers lost in a helicopter crash in Iraq. These ten brave men are among the 31 we honor today. At that time the service was full of very powerful emotions, profound grief and tremendous pain because of the loss. But there was also an incredible sense of pride and a sense of reverence for their sacrifice. And I know those same feelings are running through this Chamber today and through all of us.

"I want to focus today on honoring these 31 brave Americans. And I want to speak directly to the family and friends of these 31 patriots. First of all, on behalf of the people of Hawaii, I want you to know how thankful we are that you made the effort to be here with us today. Some of you came from around this Island of Oahu. Some of you came from the Neighbor Islands. And some of you came from locations very far away. But we are glad you could be here with us today for this tribute. Because sincerely, the people of Hawaii are so sorry for your loss.

"Today we honor the service and sacrifice of your loved ones who were defending democracy, and they were defending our way of life. Not just defending our country as a physical place, but our country as an ideal that people the world over just wish they could be a part of. We are fighting for the freedom of other people. People that we didn't even know, as the Speaker said, and there's nothing more noble that anyone can do than that. Our nation was created and continues to be strengthened because of remarkable individuals like these 31 who were willing to sacrifice for the rest of us.

"For those of you not from Hawaii, you may not know the very special place that the military plays in our lives here in Hawaii. Hawaii was so proud of your loved ones because for a short while perhaps, they were a part of our *ohana* here in Hawaii. Our family. Soldiers, Marines, Airmen, Sailors and Coastguardsmen are stationed here in Hawaii, they become a part of us and we embrace them as our own. And that's why it's so important for us to have you here to honor your loved ones with this State Medal of Honor. It is a small token of an enormous debt of gratitude that we know we can never repay. Like all of America's fallen heroes, these 31 are not truly gone.

"As poet Henry Wadsworth Longfellow wrote, "They are dead; but they live in each Patriot's breast, And their names are engraven on honor's bright crest." Mahalo and God Bless all of you and God Bless America."

The Speaker then called upon Major General Robert Lee to deliver his remarks on behalf of the military as follows:

"Thank you, Mr. Speaker. Good afternoon and Aloha. This war we are engaged in falls heavy upon all classes of people. But it falls most heavily upon the soldier. For it has been said, all that a man has, he will give his life. And while all contribute of their substance, a soldier puts his life at stake and often uses it for his country's cause. The highest merit then is due to the soldier. These words in a speech by President Abraham Lincoln 144 years ago this week and some five thousand miles away resonate through time and distance and have great meaning for us here today.

"The highest merit is indeed due to the soldiers which include the Marine, the Sailor, the Airman and Coastguardsman who puts his or her life on the line in service to our country. Thousands of Hawaii's sons and daughters have answered our nation's call in the war against terrorism. And as in previous generations they have endured the deprivations that only those who wear the uniform can understand. Extreme desert heat, the freezing mountain cold, the dust, the sweat, the monotony often followed by jolting adrenalin. But most of all the sacrifice of time away from families who will lament in missed birthdays, anniversaries, holidays and thousands of other daily events that could have been. From among those thousand who have answered the call, are 31 members of the United States Army, Marine Corp, Navy and Air Force with ties to Hawaii who have paid the ultimate price this past year.

"It's often said that soldiers fight, not for some high ideal or political objective, but for their buddies. Those who we honor today have clearly done so for an ideal enshrined in our Constitution. It is an ideal each swore to support and defend. It is an ideal to which each promised to be of true faith and allegiance. And it is an ideal that each thought worthy of defending. While they more than fulfilled their obligations that they owed to us, our only obligation today and everyday is to honor them.

"The State Medal of Honor is Hawaii's way to remember the ultimate sacrifice and to show our appreciation to their families and friends. We share their loss and to assure them they will always be a part of this State's *ohana*. The *kalo*, or taro leaves in the medal, is emblematic of the embrace of the people of Hawaii. Whether a fallen Soldier, Marine, Sailor or Airman grew up in Hawaii or were members of units based in Hawaii, they are still embraced as part of our *ohana*.

"Following American tradition, in past wars, a gold star was often displayed to let the neighborhood know that the life of a hero who had grown up there had been lost. Today the gold star in the medal coat of arms represents the 50th State on the American Flag, and also represents the person who is being honored today.

"The attachment device in the red and yellow ribbon is a rendering of the ancient *puela*, or flag, that the Hawaiians raised at sea above the sail of their canoes. All who saw the *puela* from afar knew that a person of the highest rank or honor was coming. Today this service ribbon and the *puela* will remind us that these families and friends are of the highest rank and honor.

"There is no greater sacrifice a family can make than the loss of their Soldier, Sailor, Marine, Airman or Coastguardsman while in service to our nation. And there is no greater honor the people of Hawaii can bestow upon them to symbolize the sacrifice. So to the families and friends of the fallen heroes, I humbly ask that you accept this Hawaii Medal of Honor on behalf of the people of Hawaii who today and forever shall be your devoted *ohana*. Mahalo and may God Bless all of you. And may God continue to bless the United States of America."

President Hanabusa gave her closing remarks as follows:

"As a citizen of this great land, born with the freedom to speak, to believe and to dream, free to express personal thoughts without fear of recrimination or reprisal, to protest and participate in government, I am thankful to be a part of this ceremony in honor of our fallen heroes.

"In protecting all we treasure, in defending all we hold dear, and in preserving those values which distinguish us as proud Americans, no man and no woman stands sentry alone. We stand as a nation and a community, beside them in spirit and with them in a shared commitment.

"And just as surely as we will not see them stand alone, we will not allow them to fall alone. We stand together in their name, by pausing to reflect on the unshakable duty and unquenchable bravery that have marked their passage among us. We share the pride of countrymen, and share the tears of brothers, sisters, mothers, fathers and friends.

"Today, we recognize and honor heroes. We gather to award the Hawaii Medal of Honor as an expression of our immeasurable gratitude for the sacrifice of these courageous individuals.

"In reflecting on another day marked with great bravery and great sacrifice, Shakespeare wrote, "This story shall the good man teach his son." We owe no less a duty to out honorees and to future generations. These names and deeds shall remain etched in our State's shared history. And we will each say to a companion, young or old, at a moment of great pride or great sadness, "I have heard a story of brave Americans."

"A grateful state best honors and remembers the sacrifices of those who have served out nation by living our lives in the deepest appreciation of our freedom. That is what they defended. That is what they fought for and died for.

"Today we remember, in moments of quiet reflection, each and every one of these heroes. We stand united to honor their memory and express our profound gratitude for their ultimate sacrifice. On behalf of the State of Hawaii, we say, Mahalo."

The President of the Senate then called on the Joint Service Color Guard and the Hawaii Air National Guard, Royal Guard for the retiring of the Colors, and at 2:53 o'clock p.m., declared the Joint Session of the House of Representatives and the Senate adjourned.

From House Bill 8, designated as Act 21,
Session Laws of Hawaii 2005:

"The purpose of this Act is to provide for a Hawaii Medal of Honor that would help express the deep appreciation and gratitude of the People of Hawaii to the loved ones of members of the military who sacrificed their lives in defense of our nation and its freedoms."

Symbolism of the Hawaii Medal of Honor

The Hawaii Medal of Honor was designed by Sergeant First Class Aaron Pollick from the Hawaii Army National Guard. This medal consists of the following six components, superimposed on each other:

Circle of Kalo Leaves: The kalo leaves represent the family or Ohana. The leaves are designed in an encircled fashion and represents the concept of Ohana, which we strive to embrace.

Coat of Arms: The Great Shield is the keystone of the design. The eight bars represent the eight major islands of the State of Hawaii. The kapu sticks, or Pulo‘ulo‘u, symbolize authority and protection. The star in the center of the medallion is the Star of Hawaii, the 50th star on the flag of the United States. This star also represents the honorees of this prestigious award.

Maltese Cross: The Maltese Cross represents the four directional axes of the globe, denoting Hawaii as the Crossroads of the Pacific.

Sun Rays: The irradiant sun is symbolic of the new era. Its position in the center of the Maltese Cross represents our sunny shores and warm hearts ever shining on all the corners of the world.

The Neck Drape: The neck drape is red and golden yellow in color. These colors symbolize the royal monarchy that once ruled these islands. The red represents courage and strength. The golden yellow depicts the honor that the recipients have brought to our islands.

Service Ribbon & Attachment: The service ribbon represents distinguished service. Its colors are identical to the colors of the neck drape. The attachment device at the middle of the ribbon is an ancient flag or puela of Hawaiian Chiefs. In olden times, the puela was raised above the sail of the ancient Hawaiians' canoes while at sea. Our puela signifies that the person receiving this medal is of high rank or honor.

Representative Evans rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. In support of Stand. Com. Nos. 1403 and 1404, HR 18 and HCR 137. I wish to put into the record that the Korean Veterans have spent many, many years taking care of the Korean and Vietnam War Memorial that's here on the Capitol grounds. They are getting very old and they really would like to not have to continue to do that because they are just getting older.

"The other thing they have brought to our attention is that there is a lot of homelessness, a lot of needles, and a lot of trash and garbage that they find. They've said that over the last few years it's been getting worse and worse. So that is why we have this Resolution today and hopefully our Sheriff's Department and our Department of Accounting and General Services will take really good care of that Memorial.

"Again, I just want to thank the Korean Veterans for all they've done for us over these last years taking care of that memorial. Thank you."

Representative Ward rose to speak in support of both measures, stating:

"Mr. Speaker, I wish the words of the previous speaker to be entered as my own, as a Vietnam Veteran, with great appreciation. And Mr. Speaker, it seems as though that because of it's location it seems to attract some people who sleep overnight. I won't say that they are homeless, but it tends to be an area that if you didn't have those individuals, you may not need this. But now it's in dire need, as the speaker from the Big Island mentioned. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 118, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES AND THE DEPARTMENT OF PUBLIC SAFETY TO MAINTAIN AND CLEAN THE KOREAN AND VIETNAM MEMORIAL ON THE GROUNDS OF THE HAWAII STATE CAPITOL," was referred to the Committee on Finance with Representatives Ching, Nakasone, M. Representative Awana rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in strong support. Growth continues on the Waianae Coast. During times of natural disasters or hurricanes, one of the first, if not the first action that takes place is to close the only roadway that physically connects us to the outside world. Now you have two options. First, locate your nearest shelter; and second, head for the mountains and find your own shelter.

"The existing emergency shelters are not sufficient. I believe that this measure is a simple request. Civilian use of the Lualualei Naval Magazine takes a common sense approach to a complex situation. There are three different entrances from the Waianae side of the Magazine which would assist those living in Waianae, Lualualei, Maili and Nanakuli. It is centrally located and entrances are easily accessible. Now that most if not all of the ammunition has been relocated, we should seriously look at reinventing this extremely important site for civilian use during times of emergency.

"Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 97, entitled: "HOUSE RESOLUTION REQUESTING THE CIVIL DEFENSE DIVISION OF THE DEPARTMENT OF DEFENSE TO CONDUCT A STUDY TO DETERMINE THE FEASIBILITY OF ALLOWING THE FACILITIES AT LUALUALEI, WHICH ARE OWNED BY THE UNITED STATES NAVY, TO BE USED AS AN EMERGENCY SHELTER FOR CIVILIANS," was adopted, with Representatives Ching, Nakasone, M. Oshiro, Pine, Saiki and Takamine being excused; and

H.C.R. No. 114, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE CIVIL DEFENSE DIVISION OF THE DEPARTMENT OF DEFENSE TO CONDUCT A STUDY TO DETERMINE THE FEASIBILITY OF ALLOWING THE FACILITIES AT LUALUALEI, WHICH ARE OWNED BY THE UNITED STATES NAVY, TO BE USED AS AN EMERGENCY

SHELTER FOR CIVILIANS," was adopted, with Representatives Ching, Nakasone, M. Oshiro, Pine, Saiki and Takamine being excused.

Representative Evans, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 1424-08) recommending that H.R. No. 163, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.R. No. 163, entitled: "HOUSE RESOLUTION REQUESTING THE U.S. NAVY TO CLEAR THE COASTLINE OF LOWER WAIPAHU UNDER THEIR JURISDICTION FROM INVASIVE PLANT-LIFE AND EXCESSIVE FOLIAGE FOR SAFETY AND AESTHETIC PURPOSES," was adopted, with Representatives Ching, Nakasone, M. No. 194, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE U.S. NAVY TO CLEAR THE COASTLINE OF LOWER WAIPAHU UNDER THEIR JURISDICTION FROM INVASIVE PLANT-LIFE AND EXCESSIVE FOLIAGE FOR SAFETY AND AESTHETIC PURPOSES," was adopted, with Representatives Ching, Nakasone, M. Oshiro, Pine, Saiki and Takamine being excused.

Representative Evans, for the Committee on Public Safety & Military Affairs presented two reports:

(Stand. Com. Rep. No. 1426-08) recommending that H.R. No. 88, as amended in HD 1, be adopted; and

(Stand. Com. Rep. No. 1427-08) recommending that H.C.R. No. 106, as amended in HD 1, be adopted.

Representative Caldwell moved that the reports of the Committee be adopted, and that H.R. No. 88, HD 1, and H.C.R. No. 106, HD 1, be adopted, seconded by Representative B. Oshiro.

Representative Ward rose to speak in support of both measures with reservations, stating:

"Mr. Speaker, I rise with reservations on Stand. Com. No. 1426. I know it's only a plan, but to have prisoners not be able to smoke, I think is a bit harsh. And I think if we have equity in that if we have other people by 2011 stop smoking, I think then it's fair. This is a group of individuals who are troubled. They are in a troubled incarcerated situation. To say that there is no smoking, I think is a bit above the board of which otherwise inhumane treatment would be given. And with that I have reservations."

Representative Brower rose to speak in support of both measures, stating:

"Mr. Speaker, in strong support. Thank you. We have a situation now in correctional facilities where prison guards have to light the cigarettes of inmates because inmates can't have matches or cigarette lighters. And some of these guards light anywhere from 50 to 100 cigarettes per shift. And the prison guards are telling us in news reports on TV that the inmates are purposely blowing the smoke back into their faces and they feel degraded.

"I've been following this bill. I that it has some good initiatives and one is to offer a program to help the inmates or anyone incarcerated quit smoking. Currently, we have a no smoking policy in our State prisons, but not at OCCC. I had the chance to visit there and see all the smoking that is going on. And I think what's important about this measure is that it brings up an interesting question.

"Currently we don't have smoking in State facilities. We don't have smoking in restaurants and other private sector businesses. Soon we may not have smoking on the beaches. And without this measure, the only legal place to smoke may be in prisons. So I think that just calls an interesting question to our society. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 88, HD 1, entitled: "HOUSE RESOLUTION URGING THE DEPARTMENT OF PUBLIC SAFETY AND DEPARTMENT OF HUMAN SERVICES TO DEVELOP A PLAN FOR A COMPLETE BAN ON SMOKING IN ALL STATE CORRECTIONAL FACILITIES BY 2011," was adopted, with Representatives Ching, Nakasone, M. Oshiro, Pine, Saiki and Takamine being excused; and

H.C.R. No. 106, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE DEPARTMENT OF PUBLIC SAFETY AND DEPARTMENT OF HUMAN SERVICES TO DEVELOP A PLAN FOR A COMPLETE BAN ON SMOKING IN ALL STATE CORRECTIONAL FACILITIES BY 2011," was adopted, with Representatives Ching, Nakasone, M. Oshiro, Pine, Saiki and Takamine being excused.

Representative Evans, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 1428-08) recommending that S.C.R. No. 47, SD 1, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.C.R. No. 47, SD 1, entitled: "SENATE CONCURRENT RESOLUTION RESPECTFULLY REQUESTING THE UNITED STATES POSTAL SERVICE TO COMMEMORATE THE HONORABLE SERVICE OF THE U.S. NAVY'S F-14 TOMCAT IN DEFENDING FREEDOM," was adopted, with Representatives Ching, Nakasone, M. Oshiro, Pine, Saiki and Takamine being excused.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'd like to register my reservations on Stand. Com. Report No. 1431. And in this Mr. Speaker, there are two concerns that I have. One is that we need to be very careful about keeping a balance between the desire to increase Hawaii's agricultural base as a renewable energy resource, and food production. Those of us who have a chance to visit the Agricultural Day exhibits on the Fourth Floor, you know how important it is to keep land in rural agricultural production.

"The second thing that was brought up was by the Department of Planning and Permitting of the City and County of Honolulu. It was concerned that this ten percent of land should have to go through the special permit process to allow for discretionary review. And the reason that would happen is that if you allow ten percent of your agricultural land to be devoted to agricultural energy facilities, you can create buffering, visual, traffic safety and other issues. And therefore a special permit process can address those things and make sure that the land use is done appropriately. So I do have those concerns. I would ask Members look at this as they go into Conference on it. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2849, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL LANDS," passed Third Reading by a vote of 44 ayes, with Representatives Ching, Nakasone, M. Oshiro, Pine, Saiki, Takamine and Takumi being excused.

At 12:26 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1035, SD 1, HD 1
S.B. No. 2441, HD 1

ANNOUNCEMENT

Representative Green: "Thank you, Mr. Speaker. A little bit of an unconventional announcement. As everyone is well aware, there have been eruptions at Kilauea and I wanted to alert people to communicate with their communities. What I've been seeing in the emergency department is a profound change over the last eight years to included work in both Pahala, right down wind of the volcano, and also on the other side of the island in Kohala.

"This year very, very significant changes are occurring. I'm seeing a lot more people with severe reactions to the vog. Severe enough that we've even actually seen some of this in our Chambers. Many of us have been affected with upper respiratory infections and extra difficulty breathing. I think we are getting good information from the Department of Health, but I think that it's going to be imperative in the coming weeks that we communicate with our communities, especially with those that have chronic lung conditions to take extra precautions. Thank you, Mr. Speaker."

ANNOUNCEMENTS

Representative Takai: "Thank you, Mr. Speaker. With your permission, I'd like to acknowledge some of the people that participated and assisted with the ceremony on Tuesday.

"Thank you, Mr. Speaker. First of all, thank you for giving me the opportunity to once again coordinate the Hawaii Medal of Honor ceremony, as well as the preparations prior. But it took many, many people and I'd like to acknowledge the people who made all this happen.

"I'd first like to thank all of our staff here and in the Senate. House Chief Clerk Pat Mau-Shimizu and her staff; Senate Chief Clerk Carol Taniguchi and her staff; House Sergeant-at-Arms Kevin Kuroda and his staff; Senate Sergeant-at-Arms Ben Villaflor and his staff; and Linda Oamilda, House Majority Staff Office and her staff.

"We did get a lot of support and assistance from the military. And I would like to recognize Dennis Fujii from the US Pacific Command, who helped us with coordinating the ceremony participants, and Leighton Siu from the Governor's office, who helped us with protocol.

"I also wanted to mention some individuals who helped us throughout the year in identifying the people that we recognized on Tuesday. From the Army, we had Jane Loftis from USARPAC; Kole Miller, Chief of Protocol from the 25th Infantry; and Captain George M. Keller, also from the 25th Infantry. From the Navy, we had Grace Hew Len and Eleanor Sade. From the Air Force, we had Minnie Lanier. And from the Marines, we had Sergeant Edgar E. Dogan.

"In addition Mr. Speaker, as all of you noticed, the Medal itself is beautiful and I wanted to acknowledge Sergeant First Class Aaron Pollick from the Hawaii National Guard who came up with the initial design that has come to symbolize each servicemember we honor.

"But with that, a lot of other people participated, and I wanted to acknowledge Brady Pilster and Richard Goodman from Symbol Arts who minted the Medal. We had Kent Untermann and Valerie Wang from Pictures Plus who did the assembly and framing. Rose Lee from Rose Lee's Alterations who helped with the sewing of the ribbons. And Ty and Cindy Tamanaha from Awardline who helped us with the plaques.

"In addition Mr. Speaker, I would like to acknowledge those who help us enrich the experiences for the families who traveled here to attend this event. We worked very closely with the Pearl Harbor Historic Sites, the Bowfin, the Missouri, the Arizona and the Pacific Aviation Museum, and they came through with support for the families. The Hale Koa Hotel and the Polynesian Cultural Center also came through, and we worked specifically with the Hawaii Hotel Association to provide discounted hotel rates at participating hotels for the honoree families. All of these organizations and entities helped us as we helped the families make this a special visit to Hawaii.

"We also had a beautiful reception following the ceremony. I wanted to thank Ms. Pat Mau-Shimizu and her staff, and especially Micah Young from Representative Sylvia Luke's office for coordinating this effort. A big mahalo also goes to Senator Inouye's staff, Representative Evans' staff, Representative Har's staff, Representative McKelvey's staff, Representative Sonson's staff, Senator Tsutsui's staff, and Senator Espero's staff for their assistance with the reception. In addition, Grace Kawano and the Girl Scout Council of Hawaii for their gift of Girl Scout cookies distributed to not only the families being honored, but to all of us.

"Many people were asking about the 'Olelo Broadcast and I wanted to make mention once again, Mr. Speaker, that Capitol TV will be graciously providing a DVD for each family, both present and not present, as well as to each of us.

"Mr. Speaker, I wanted to recognize the Planning Committee. Senate President Colleen Hanabusa, you Mr. Speaker, Senator Lorraine Inouye, and Representative Cindy Evans. In addition, we got support from Major General Robert Lee and Colonel Retired Emerick Kaneshi from the State Department of Defense.

"Mr. Speaker, we all know as Representatives that much of our success and the things that we do in this Chamber, as well as in our communities, are the direct result of our staff. And I wanted to at this time acknowledge the staff from Senate President Hanabusa's office, your office Mr. Speaker, Senator Inouye's office and Representative Cindy Evan's office. And from my staff in particular, I wanted to recognize Marnelli Joy Basilio and Torano Harris.

"And finally Mr. Speaker, as I did last year and the year prior, I want to thank Lisa Vargas, my office manager. As I said before, our staff makes us what we are, and they do much of the work we do here at the Capitol. Lisa Vargas, on behalf of all of us, helped to make this year's ceremony, as well as the last two years, exceptional ceremonies and a good representation of what the State of Hawaii has to offer. This has become an ongoing project over the last three years and Lisa continues to work with the military throughout the year to identify servicemembers and contact every single family we have had the privilege to honor and award the Hawaii Medal of Honor.

"This Medal went and continues to go to families with Hawaii ties. So far, as of February 1, 2008, a total of 217 Medals have been awarded. Unfortunately, however, the list of honorees continues on and Hawaii will continue to honor the sacrifices of the fallen.

"So Mr. Speaker, at this time I'd like to ask the Members of this body to once again thank all of the people involved in the planning and preparation of Tuesday's activities. Thank you, Mr. Speaker. Can we all give them a hand?"

Representative Ward: "Mr. Speaker, could we give Representative Mark Takai a round of applause for what he did in all the planning and implementation. A job well done.

"Mr. Speaker, as we are giving kudos and thank yous, I would be remiss if I didn't think that this morning's ceremony, a very moving ceremony commemorating the 65th anniversary of the 442nd in the Lt. Governor's office, to thank Representative Marumoto, Representative Mizuno, Representatives Wakai, Ito, Yamane and

others who had relatives in the 442nd who spoke of the spirit and strength of what they did.

"Fortunately, the Kajiyamas came early and had a chance to participate. They were very inspired by that. Because I think he would do for the disabled what the 442nd did for the honor of the community here. Thank you, Mr. Speaker."

"On Standing Committee Report 1505-08, in support. And I'd like to thank the Members for supporting this Resolution. This is very important for my community and for the Hawaiian community. This resource is so significant to our State, but it represents more than just being Hawaiian. It's a cultural site. It's a religious site. And it's a symbol of the strength of our community. So I stand in support of this Resolution and will submit additional written comments in strong support."

Representative Sagum's written remarks are as follows:

"Mr. Speaker, I rise in strong support of HCR 117.

"The historic value of the Hanapepe Salt Ponds is priceless. Generations of families have been continuing the tradition of Hawaiian salt making for at least 50 years. Culturally, Hawaiian salt plays a big part in the life of native Hawaiians.

"Unfortunately, over the past fifty years, there have been negative impacts on the salt beds due to the development in the surrounding area. I believe that the Hanapepe Salt Ponds are the only viable salt ponds left in the State of Hawaii, and it is imperative that we protect this important cultural part of Hawaii.

"To address this problem, I would like all State, County and community agencies to meet and develop a Hanapepe Salt Pond resource management plan, which this HCR will do.

"Thank you, Mr. Speaker."

Representative Mizuno rose to speak in support of the measure, stating:

"Mr. Speaker I also stand in strong support for Stand. Com. Rep. 1505-08 and if I can have the words, not the written comments but the words that were stated by the previous speaker placed into the Journal as if they were my own. And I just wanted to say, it truly was a blessing for us to take a site visit and to see the Hanapepe salt ponds and understand that generation after generation have worked on that. It's a devotion that truly represents the awesome spirit of Aloha. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3203, SD 1, HD 1, pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative B. Oshiro.

Representative Evans rose to speak in opposition to the measure, stating:

"Thank you. On Standing Committee Report 1524, Senate Bill 3203, SD 1, HD 1, I stand in opposition. Thank you. I think there's some good intention here, but I'm very concerned about really the outcome if we pass this bill. This came about because in Kaka'ako there's a homeless woman, that I don't know how she did it, but she got animal cages and she stacks them up and I think she has 20 or 30. The community is not very happy seeing that, and I think she lives in an alley with these pets.

"People are really concerned that the City and County of Honolulu hasn't taken any action. If we have to pass a State law to deal with this so be it, but I voted no in Committee because I felt that we're dealing with a homerule issue. The City and County needs to go out

and deal with someone who possibly doesn't understand what she's doing.

"But I also want to point out, the more I think about this bill I remember in West Hawaii, I had people approaching me in tears saying the Humane Society was not taking care of the animals humanely. So I think the Humane Society should be careful because they may be under a misdemeanor themselves for this. The way the bill is written it says 'a person knowingly possesses more than 20 dogs, cats or a combination of dogs and cats and doesn't provide the necessary sustenance for each dog or cat.'

"When I question the person who really wanted this bill and I got into a lengthy discussion with him, he said if you approach this homeless woman she truly felt she was providing sustenance and love to these animals that were probably feral or abandoned animals. She felt she was doing the right thing. So I just have concerns about this law. Thank you."

Representative Brower rose to speak in support of the measure, stating:

"Thank you Mr. Speaker. In support. Just a few short comments. I want to thank the Chairs for hearing this measure. I just passed by this woman a few days ago. She is on State land and has about 30 to 40, if not more, small cages with shopping carts. And these animals are kept on the sidewalk in that area. I just want to encourage Members to support the measure and it may be a 'cruel to be kind' situation. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3203, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ANIMAL HOARDING," passed Second Reading, and was placed on the calendar for Third Reading with Representative Evans voting no, and with Representatives McKelvey, Nakasone and Takai being excused.

No. 2402, SD 1, entitled: "A BILL FOR AN ACT MAKING VARIOUS HOUSEKEEPING AMENDMENTS TO VOLUME 11 OF THE HAWAII REVISED STATUTES FOR THE PURPOSE OF CORRECTING ERRORS AND REFERENCES, AND CLARIFYING LANGUAGE," passed Third Reading by a vote of 48 ayes, with Representatives McKelvey, Nakasone and Takai being excused.

S.B. No. 2434, HD 1:

Representative Caldwell moved that S.B. No. 2434, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker I rise in opposition to SB 2434. Thank you, Mr. Speaker. I rise following the inspiration of that floor presentation and the Chair of Finance who really got us charged up and the *haka* that really put us in place as the previous quarterback and co-captain, it was the gist of what a contact sport is made of which is why I want to stand vehemently opposed to this bill.

"This is a bill that's premised on, I've called it IFL-phobia. On the Eiffel Tower you look down and you get fearful, when we look up to the Fifth floor we get fearful, it's the irrational fear of Lingle. This is another way of curtailing the Governor's power, Mr. Speaker. If we attack the problems of homelessness, affordable housing and other things as vigorously as we have attacked the Governor, I think we would be much better off.

"But Mr. Speaker the wisdom or the test of the pudding is in the tasting, as one of my learned colleagues from the Finance Committee said last week, the real test of what we're doing today will be if and when another Democrat becomes Governor, and how long that these bills will last. That will be the test of what we're doing today, Mr. Speaker."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm in opposition to this particular measure. In Senate Bill 2434, this seeks to change the Stadium Authority from nine members to 11 Members. I consider it a court packing bill. The Governor now picks seven of the nine members and two of them serve *ex officio*, the Superintendant of schools and the UH President, that brings it up to nine.

"Under this bill the Governor will only be able to pick three outright and then further select three more, but from a list from the Senate and another three more from a list from the House. Therefore the Governor goes from selecting seven of his or her choice, down to three members.

"In my estimation this bill sets forth an appointment cycle that would set in motion the first two-thirds, or the first six of the

authority vacancies will be determined by a list provided by the Senate and the House before the Governor could directly appoint the Governor's 7th, 8th or 9th members. That would be a long time away and I'm very sure we'll have a different governor by that time.

"But really it reduces appointment power of the Governor and DAGS has said this is an unnecessary bill. Although the purpose clause talks about importance in the large amount of money churning through the Stadium, there is no change required in the selection of this bill. No change in criteria or qualification for Authority members.

"I think this is a not so transparent attempt to chip away at the various powers allowed our Governor. Sometimes I question the motives of the introducer of these bills and I will remind you that the Senate will have two bites of this particular apple. They will be providing names to the Governor and also have advise and consent powers. So I think this is a bill where the Legislature starts intruding into Executive functions and the running of an Executive office and I think we should stick to our legislative powers and business. Thank you."

The motion was put to vote by the Chair and carried, and S.B. No. 2434, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STADIUM AUTHORITY," passed Third Reading by a vote of 41 ayes to 7 noes, with Representatives Ching, Finnegan, Marumoto, Meyer, Pine, Thielen and Ward voting no, and with Representatives McKelvey, Nakasone and Takai being excused.

At 1:07 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1809
S.B. No. 2402, SD 1
S.B. No. 2434, HD 1

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 328) was announced by the Clerk and the following action taken:

H.R. No. 328, entitled: "HOUSE RESOLUTION CONGRATULATING KUALOA-HE`EIA ECUMENICAL YOUTH (KEY) PROJECT ON IT'S 40TH ANNIVERSARY," was offered by Representative Meyer.

Representative Meyer moved that H.R. No. 328 be adopted, seconded by Representative Thielen.

Representative Meyer congratulated the Kualoa-He'eia Ecumenical Youth Project on its 40th anniversary, and introduced the honorees seated on the floor of the House:

Mr. Charles Toguchi, KEY Project Board President;
Ms. Jacqueline 'Stookie' Mellow, Board Member;
Mr. Eldean Kukahiko, Pastor of Hope Chapel, Kahaluu; and
Mrs. Ann Kalahiki representing her husband, Mr. Randy Kalahiki, one of the founders of KEY Project.

Representative Thielen then introduced Mr. John Reppun, Executive Director of the KEY Project who was seated on the floor of the House.

Representative Meyer then introduced some of the Board Members and staff of the KEY Project who were seated in the gallery:

Ms. Emma Frias, Ms. Vicky Phillips, Ms. Leiana Manutai, Ms. Trixy Gasper, Ms. Michelle Heaviside, Ms. Lanette Mahelona, Ms. Darling Kukahiko, Mr. Kamuela Kalai, Ms. Velma Wong, Mr. David Knox, Mr. Elwin Spray, Mr. Richard Vermeesch, and Mr. Kevin Chang.

The motion was put to vote by the Chair and carried, and H.R. No. 328 was adopted with Representatives Caldwell, Nakasone, M. Oshiro, Saiki and Takai being excused.

The following resolution (H.R. No. 329) was announced by the Clerk and the following action taken:

H.R. No. 329, entitled: "HOUSE RESOLUTION RECOGNIZING AND HONORING THE SISTERS OF SAINT FRANCIS FOR THEIR NUMEROUS AND OUTSTANDING ACHIEVEMENTS AND THE TREMENDOUS ALOHA AND CARE THEY HAVE SHOWN TO THE PEOPLE OF HAWAII OVER THE PAST 125 YEARS," was jointly offered by Representatives Magaoay, Carroll, Ito, Karamatsu, McKelvey, Mizuno and Tsuji.

Representative Magaoay moved that H.R. No. 329 be adopted, seconded by Representative Ito.

Representative Magaoay commended and thanked the Sisters of St. Francis for their service to the people of Hawaii over the past 125 years, and introduced the honorees seated on the floor of the House:

Sister Agnelle Ching, Chief Executive Officer;
Sister William Marie Eleniki;
Sister Alicia Damien Lau;
Sister Joan of Arc Souza; and
Sister Ancilla Yim.

Representative Magaoay also introduced Sisters of St. Francis who were seated in the gallery:

Sister Francis Regis Hadano;
Sister Norise Kaiser;
Sister Agatha Perreira;
Sister Marie Jose Romano;
Sister Rose Annette Ahuna;
Sister Rose Fatima Leite;
Sister Miriam Dionise Cabacungan; and
Sister Jovita Agustin.

Representative Magaoay then introduced other members of the St. Francis family: Cheryl Tamura, Pam Witty-Oakland, and Jerry Correa. They were accompanied by his legislative staff, Judy Fomin.

Representative Ching also thanked and commended the Sisters of St. Francis for their work and service to the people of Hawaii.

The motion was put to vote by the Chair and carried, and H.R. No. 329 was adopted with Representatives Nakasone, M. Oshiro and Takai being excused.

At 12:39 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 12:47 o'clock p.m.

STANDING COMMITTEE REPORTS

Representative Cabanilla, for the Committee on International Affairs presented a report (Stand. Com. Rep. No. 1528-08), recommending that H.C.R. No. 90, be referred to the Committee on Economic Development & Business Concerns.

Representative Caldwell moved that the report of the Committee be adopted, and that H.C.R. No. 90, be referred to the Committee on Economic Development & Business Concerns, seconded by Representative B. Oshiro.

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Takumi rose to speak in opposition to the measure, stating:

"Thank you very much, Mr. Speaker. I am in opposition to Stand. Com. Rep. No. 1528-08, HCR 98. I have talked during the past few years on international trade agreements and I do believe that trade agreements are a good thing if it's based on fair trade. This is an example of quite the opposite. And I hate to take time on Second Reading. I know it goes to another Committee, but I just flag it out to the next Committee.

"I guess I could talk about how this particular trade agreement is based upon the model that CAFTA/NAFTA was drafted upon which has left 3 million manufacturing jobs out of the United States, affected trade deficits and caused a downturn in wages and working conditions for both workers in the United States and the affected countries.

"I guess I could also talk about how this particular trade agreement will impact Korean consumers. If you read carefully, the section on the pharmaceuticals and the medical devices chapter allows big drug companies in the United States to basically enter the Korean market and push brand-name drugs over generics.

"I guess I could also talk about why this is modeled after the U.S. Peru Trade Agreement which our two Congressional Representatives have voted no on, and why this particular Trade Agreement was passed on the last day and fast tracked on June 30, 2007. It still has to be submitted to the Congress, in which time they have 90 days to vote up or down.

"But what's most troubling about the U.S.-Korea Free Trade Agreement Mr. Speaker, is the lack of democracy for free speech that has accompanied this Agreement. Not so much in the United States because most Americans have never heard about the U.S.-Korea Free Trade Agreement, but in Korea itself. I think all of us know the demonstrations the rice farmers have had in '06 and '07 over this, and how car manufacturers are also concerned. But more importantly the steps that the Korean government has taken. I think we all know the state-run media has banned advertisements on Korean television that oppose the Trade Agreement. The current Administration has declared that they would cut off any government subsidies for organizations that oppose the Trade Agreement. And in fact, they have outlawed public demonstrations for anyone that opposes the agreement.

"I think all of us should be concerned when you cannot have a free and democratic dialogue on whether or not a trade agreement is good for your country. We should oppose that, not just on the basis of workers' rights, but also on the basis of democracy. Thank you, Mr. Speaker."

Representative Ward rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker I rise in support of the Resolution with a few comments, and a request to insert comments in the Journal. First of all free trade actually promotes freedom and if you look at the trail of democracies, we have increased our number of democracies over the last 30 years by 50 percent. Free trade in that same period has increased all over the globe. So the disadvantages of free trade that the previous speaker spoke of I think are a bit disproportionately overly stressed.

"Secondly, free trade is really what … How can I put it best? It is what much of the United States is trying to do with many places in the world to combat what the free block of traders in the Eastern European block have made. We have been able to do free trade as a way of exporting a group of countries with the United States to make it more possible if you will, to go against the $250 million that the European Union has done. In terms of promoting democracy, free trade has actually opened up countries. It's made it easier to speak of global peace.

"And the bottom line Mr. Speaker and my last point is that globalization is reality. Trade barriers and protectionism are what led to wars. It started wars. It's kept people warring with one another. And the mindset of isolationism on the economic front is something that we have to avoid. Hawaii is in the global economy.

"The United States is in the global economy. The more relationships we have with people, with free and open trade, not protectionism and not all of these things that you've got to go on are similar of full standards. Of course we want to have labor protections; we want to have environmental protections. But we don't want to go back to our isolationism that led to so many of the conflicts in the past. And history is very clear on that. The rest of my remarks Mr. Speaker, will be inserted in the Journal. Thank you."

Representative Ward's written remarks are as follows:

"Mr. Speaker, I rise in support of HCR 90, supporting the Free Trade Agreement with Korea (KORUS FTA). The KORUS FTA will be the most significant FTA in 15 years for the US, and will enhance trade, promote economic growth, and eliminate tariffs and non-tariff barriers to trade in goods and services.

"Mr. Speaker, Korea is the United States' 7th largest trading partner, importing 17% of Korea's exports. Between 2005 and 2006 there was an increase of 16.9% of exports from the United States to Korea. Within 3 years of entry into the agreement, 95% of the consumer and industrial products will become duty free. Products include industrial and consumer electronic machinery and parts, auto parts, power generation equipment, the majority of chemicals, medical and scientific equipment, motorcycles, and certain wood products. Korea will also allow remanufactured goods that will include medical equipment, machinery and auto parts.

"In addition, Mr. Speaker, $1.6 million of US exports to Korea will become duty-free immediately. This list includes wheat, corn or feed, soybeans for crushing, hides and skins, and cotton, along with a range of high value agricultural products that include almonds, pistachios, bourbon whiskey, wine, raisins, grape juice, orange juice, fresh cherries, frozen french fries, frozen orange juice concentrate, and pet food.

"This expanded market benefits US farm products with two-year phase-out tariffs on avocados, lemons, dried prunes, and sunflower seeds. Those with five-year tariffs are chocolate and chocolate confectionary, sweet corn, sauces and preparations, other fodder and forage, breads and pastry, grapefruit, and dried mushrooms.

"Farm products that will benefit through tariff rate quotas include skim and whole milk powder, whey for food use, cheese, dextrin and modified starches, barley, popcorn, and soybeans for food use. Market access was also expanded for beef and pork products, pears, apples, grapes and oranges.

"The agreement also ensures that US automobiles can compete in Korea on a level playing field with the immediate elimination of Korean tariffs on most US priority passenger vehicles and trucks. There will also be an overhaul on the Korean system for taxing cars based on "engine displacement", including the Special Consumption Tax, the Annual Vehicle Tax, and the Subway/regional Development Bond. Korea has also agreed to address specific auto non-tariff barriers, including current standards, to ensure they do not impede the market access of US autos. An Auto Working Group is to be created to serve as an early warning system to address regulatory issues that may develop. The agreement has an innovative expedited dispute settlement process for auto-related measures that violate the FTA, with a full snapback of MFN car tariffs in the case of a violation.

"Under this agreement, apparel products made in South Korea will qualify for preferential treatment if they use US or Korean fabric and yarn, which would support US fabric and yarn exports and jobs. Customs cooperation will allow for verification of claims of origin. A special textile tax safeguard will provide temporary tariff relief.

"Korea will take measures to ensure that anticompetitive practices by private parties and by government established monopolies do not undermine the benefits of the FTA, while ensuring due process protections. There will be stable legal framework for US investors operating in Korea. Investors will have the right to establish, acquire, and operate investments on an equal footing with local investors. They will be backed by a transparent, binding international arbitration mechanism.

"Korea will also provide market access commitments across all major service sectors, with significant progress in express delivery services, creating greater and more secure access to international delivery. Foreign legal services will be opened up for the first time. Research and development, legal, accounting, maintenance and repair of equipment, education, health, environmental, telecommunications, audio-visual, and services incidental to mining.

"Korea will make significant improvements in broadcasting and audiovisual services, including allowing within 3 years 100% foreign ownership of program providers by US firms, reducing quotas on animation and film, and increasing allowable content from a single country.

"Korea has committed to permit the US controlled companies to own 100% of Korean phone companies. Dominate phone companies provide cost-based interconnection and access to essential facilities, including submarine cable landing stations.

"Korea and the US agreed to non-discriminatory and duty-free treatment of all digital products, whether imported in physical form or over the internet.

"The agreement also ensures transparent, predictable, and non-discriminatory pricing and reimbursement of innovative and generic pharmaceutical products and medical devices. It would also enhance ethical business practices; improve predictability and transparency of the pricing and reimbursement system, and establish a Medicines and Medical Devices Committee. The agreement requires Korea to create an independent mechanism to review pricing and reimbursement decisions.

"The agreement between the US and Korea calls for protection and enforcement of a broad range of intellectual property rights, including trademarks, copyrights and patents consistent with US standards and will provide protection for emerging technologies. These standards include protections for product such as US software, music, text, and videos; and a more comprehensive protection for patents, trademarks and test data. A commitment to a patent linkage system to ensure adequate enforcement of pharmaceutical patent rights will be established.

"The FTA commits each country to enforce their own domestic environmental laws and adopt, maintain, and implement laws, regulations, and all other measures to fulfill obligations under the seven covered multilateral environment agreements (MEAs).

"On the issue of labor rights, the FTA creates an enforceable reciprocal obligation to adopt and maintain fundamental labor rights as stated in the 1998 International Labor Organization Declaration on Fundamental Principles and Rights at Work, including prohibition on the worst forms of child labor, which neither party may waive. A

cooperative mechanism for the governments to develop cooperative activities aimed at promoting and advancing fundamental labor rights also shall be established. Korea will provide US firms with non-discriminatory access to nine Korean central government entities that are not covered under the Agreement on Government Procurement (GPA).

"Strong transparency obligations including proposed regulations by the respective governments in advance, allow opportunity to comment on the proposed regulations, address significant substantive comments received, and publish regulations in an official journal of national circulation. Dispute settlement mechanisms provide for open public hearings, public access to documents, and the opportunity for third parties to submit views.

"The FTA's Technical Barriers to Trade build upon and reinforce Korea's commitments in the WTO Agreement on Technical Barriers to Trade. It promotes transparency in the way governments develop and apply technical regulations and related conformity assessment procedures. It also addresses concerns relating to specific emissions and safety issues.

"It also includes commitments on customs administration, rules of origin, and origin procedures that will ensure that the US and Korean private sector stakeholders lock-in and maximize the benefits of the FTA, including provisions on transparency and publication, efficient release of goods, automation, express shipments, advance rulings, importer focused origin procedures, and comprehensive product-specific rules of origin.

"Mr. Speaker, for all the reasons stated, I stand in support of this measure."

Representative Takamine rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Cabanilla rose to speak in support of the measure, stating:

"In support Mr. Speaker, and just a short comment. Korea has been a very important ally to the United States. As a member of the Armed Forces, I have seen what they've done for this country. They have fought for us since World War II.

"And as far as trade agreements go, they're the sixth largest economy in the world now. They have moved on and actually, they do billions of dollars worth of trade with the United States currently. Putting this into statute, if you just legitimize what we currently have with them. We now do trade agreements with Korea and whether we like it or not, they are here to stay and have contributed to our economy. And so I stand in support, Mr. Speaker."

Representative Berg rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition and want to register a no vote. I ask that the words of the Representative from Pearl City be entered as my own. What I've been learning over the last few years here is the adverse impact of trade agreements on Hawaii. We've already had our honey bees compromised, and evidently according to the recent statement by the Department of Agriculture Director, the Department of Agriculture apparently feels hamstrung by the existing trade agreements to put measures in place that would protect our taro.

"So I think we need to be very deliberate about Hawaii's role and protecting especially Hawaii's trade, and I rise in opposition. Thank you."

Representative Morita rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I also rise in opposition. And I guess the real operative word here is we want 'fair trade', not 'free trade'. We want fair trade that addresses social justice, labor and environmental issues. Thank you."

Representative Belatti rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 90, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE UNITED STATES CONGRESS TO SUPPORT THE KOREA-UNITED STATES FREE TRADE AGREEMENT," was referred to the Committee on Economic Development & Business Concerns with Representatives Belatti, Berg, Morita, Takamine and Takumi voting no, and with Representatives Nakasone, Sonson and Takai being excused.

Representative Caldwell moved that the report of the Committee be adopted, and that H.C.R. No. 43, HD 1, be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support of this Committee report, and HCR 43, HD 1. In 2007, our Heisman Trophy candidate and team leader Colt Brennan complained about the athletic department's failure to provide soap for its athletes. As we were to learn this was only the tip of the iceberg.

"Right after the 2008 Sugar Bowl game, head football coach June Jones announced that he was leaving for Southern Methodist University. Why did Coach Jones want to leave the University of Hawaii after leading the football team to their first undefeated regular season and first outright WAC title in school history?

"Mr. Speaker on March 27, 2008 before your Committee on Legislative Management, our new athletic director, Jim Donovan actually apologized to our Committee Members at that hearing. He had indicated that previous information provided to the Legislature in May of 2007 was not correct. In fact, Mr. Donovan went on to describe the information as, 'evasive and inaccurate financial information' which the athletic department provided the State lawmakers in May.

"I applaud our new athletic director for his candor. According to Donovan, the financial accumulated debt of the University of Hawaii athletic department over the past five years was approximately $4.4 million, and not the $2 million that Frazier and other administrators had indicated.

"For all of the foregoing reasons, I support the management financial audit of the UH Athletics Department, which will ultimately improve the Department's operations and benefit our new athletic director by identifying the Department's strengths and areas of

concerns and providing a starting point to manage on. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 43, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING A MANAGEMENT AND FINANCIAL AUDIT OF THE UNIVERSITY OF HAWAII AT MANOA'S ATHLETIC DEPARTMENT," was referred to the Committee on Finance with Representatives Nakasone, Sonson and Takai being excused.

Representative Cabanilla, for the Committee on International Affairs presented a report (Stand. Com. Rep. No. 1548-08), recommending that S.C.R. No. 52, as amended in HD 1, be referred to the Committee on Tourism & Culture.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.C.R. No. 52, HD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT, AND TOURISM AND THE HAWAII TOURISM AUTHORITY TO IMPLEMENT PROGRAMS TO INCREASE VISITORS FROM TAIWAN, AND REQUESTING THE SECRETARY OF HOMELAND SECURITY TO EXPAND THE VISA WAIVER PROGRAM TO INCLUDE TAIWAN," was referred to the Committee on Tourism & Culture with Representatives Nakasone, Sonson and Takai being excused.

Representative Cabanilla, for the Committee on International Affairs presented a report (Stand. Com. Rep. No. 1549-08), recommending that S.C.R. No. 53, SD 1, as amended in HD 1, be referred to the Committee on Economic Development & Business Concerns.

Representative Caldwell moved that the report of the Committee be adopted, and that S.C.R. No. 53, SD 1, HD 1, be referred to the Committee on Economic Development & Business Concerns, seconded by Representative B. Oshiro.

Representative Rhoads rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, on Stand. Com. Rep. No. 1549, Requesting the President of the United States to Enter into a Free Trade Agreement with Taiwan, I'd like to request that my vote be recorded with reservations and if I could just make a couple comments too, please. Thank you.

"With regard to free trade agreements an argument was made earlier that free trade agreements actually spread democracy around the world. I think the jury is really still out on that. I think the freer the trade has gotten with the People's Republic of China, there's not any appreciable political change. It's still a totalitarian government. And in fact there's an academic argument these days that indicate that the free trade and the increased prosperity has resulted in, at least for some of the population in China as a result of trade with the United States, has resulted in the People's Party being able to hang on to power easily when they could without it.

"So I'm not sure that the argument that free trade promotes democracy actually holds up. Mahalo."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker I rise in support of the measure with just a couple of brief points about China. First of all I think we've learned from history, engagement is containment. As you engage people in trade, in diplomacy, in cultural exchanges, you tend to contain their more authoritarian or totalitarian tendencies and that's one of the ways that Glasnost and the whole movement of the Soviet Union to where it is today in which we are now in the process of doing with China.

"China of course is 5,000 years old. To move in 50 years, since Mao Tse-tung is probably a little bit more difficult to expect, but I think we should know and this body should know that mayoral races and below are all free and democratic.

"The peasants of China elect their own elected officials. If it goes to the mayor and above, it's all appointed. But it is evolving. Even Hong Kong, I think in 2019, is going to be able to elect its own Parliament and not have appointments from Beijing mixed with local elections that are right now in the Hong Kong populace.

"So it takes time to be democratic, it took us a long time before we kind of came out of the caves and became Jeffersonians and Hamiltonians and others. But I think the rest of the world as I said, statistically 50 percent in the number of countries that have been democratic in the last 30 years, is a definite march toward freedom, and free trade is one of the drivers of that. Thank you."

Representative Takumi rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. This Resolution merely asks the President, and I don't know if he's really going to listen to us, but this is not talking about a trade agreement that has been concluded. I will obviously wait until, if and when a trade agreement is concluded with Taiwan, to see whether or not it contains the kind of aspects of a trade agreement that we can all be proud.

"And one last point about Korea. The fact of the matter is trade has happened with Korea before, and it will happen after. Even if this trade agreement is passed, or not passed. We trade with Korea to the tune of $74 billion a year; that's not going to change any time soon. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 53, SD 1, HD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE PRESIDENT OF THE UNITED STATES TO ENTER INTO A FREE TRADE AGREEMENT WITH TAIWAN," was referred to the Committee on Economic Development & Business Concerns with Representatives Nakasone, Sonson and Takai being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1550-08), recommending that H.C.R. No. 349, be referred to the Committee on Legislative Management.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 349, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO STUDY THE EFFECTS OF MEDICAL TORT REFORM ON ACCESS TO HEALTH CARE," was referred to the Committee on Legislative Management with Representatives Nakasone, Sonson and Takai being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1551-08), recommending that H.C.R. No. 231, be referred to the Committee on Legislative Management.

Representative Caldwell moved that the report of the Committee be adopted, and that H.C.R. No. 231, be referred to the Committee on Legislative Management, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Mr. Speaker I'm rising to cast a vote with serious reservations on HCR 231, which is requesting the Legislative Reference Bureau to study the cost of convening a

Constitutional Convention in 2010. I have serious reservations and Mr. Speaker I would like to just explain why.

"The Resolution is asking for what has been called the 'Cadillac of Constitutional Conventions'. I guess I should say the BMW or the Mercedes Benz, or the Jaguar of Constitutional Conventions. And by phrasing it that way, what it means is that the cost is going to come back to be significantly high. Instead, what the Resolution should do is to put together a group that could work out different ways of holding a Constitutional Convention where we could utilize existing government buildings, not have to pay lease rent for the period of time and also be able to utilize some of the existing staff.

"The difficulty I find with asking for a Jaguar or Mercedes Benz cost analysis is that there have been surveys that have been conducted that show that the higher the cost of a Con Con, the less likely the voters are to vote to hold a Con Con. So if you want to stop a Con Con from being held, you go and set up a system that's going to make the cost be very high. And I think that's a wrong way to do it.

"I think that people will really see through that, but why do that? Why have us pass a Resolution that's going to set up a high cost for holding the Con Con because then people will vote against it. Thank you."

Representative Belatti rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I also rise in support with reservations similar to the speaker before, and just ask to make a few comments. I support the intent of this Resolution which is to determine the cost of convening a Constitutional Convention. As this Resolution moves on to your Committee on Legislative Management, I hope we take this opportunity to craft an even better approach and process to consider a Resolution that draws on a broader group of government representatives and citizens to come up with a cost figure that is reliable, and draws on the best sources of information we have available. Thank you, Mr. Speaker."

Representative Finnegan rose in support of the measure with reservations, and asked that the remarks of Representative Thielen be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Takumi rose to speak in opposition to the measure, stating:

"Mr. Speaker, I guess I don't support this Resolution. The concerns I have are obviously, this is putting the cart before the horse. You might as well ask the Legislative Reference Bureau to figure out the cost of pork bellies in 2010, because the Legislature, if and when the citizens of the State vote to have a Constitutional Convention, then this body and the Legislature will determine the parameters, the conditions, the length, the number of delegates, where it's going to be held, the whole bit, probably in the '09 session. Until we know exactly what that is, it's very difficult, in my mind, to ask anyone to throw some tea leaves up in the air and decide it's going to come at this price or that price.

"Now frankly I think the reason for this is, if it comes on the high end and those who oppose a Con Con can point to it and say, 'Look, it's going to cost too much.' If it comes out on the low end, and those who support a Con Con can say, 'Look it's not going to cost all that much.' But in fact whatever number the LRB comes up with is going to be a squishy number, because it's going to be determinant upon us to decide how much this thing is going to cost, and the cost is going to be determined again, where it's held, how much people get paid, the number of delegates, where they're going to be housed, and the whole. So I just don't know what the whole point of this Resolution is. It's far too premature. Thank you, Mr. Speaker."

Representative Meyer rose in opposition to the measure and asked that the remarks of Representative Takumi be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Caldwell rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I ask all the Members to read the Resolution. It's actually a well-written, well-documented Resolution. It lays a lot of Whereases in terms of the history of Con Cons, where they've been held in the past, what kind of cost, what kind of funding we've done. I don't know where they come up with this analogy of, I heard before a Cadillac, now it's a BMW or a Mercedes, Jaguar. I haven't driven any of those cars, so I don't understand the analogy here.

"But Mr. Speaker, what we are talking about here is telling the people of our State before they vote, what they're voting for in terms of cost. And that's I think a fair and reasonable thing that we can ask all of us to support. To ask someone to take a leap of faith and say, 'I support a Con Con' without knowing some basic costs is unreasonable, and I think is something that we should do to inform the public.

"We've done it before. LRB is the logical one to do it. They've worked on previous Con Cons, they have the institutional knowledge and history. And to think that somehow we're going to put together a citizens' taskforce that's going to meet, convene and come up with solid recommendations by September of this year is dreaming. We've got a resource. We work with them all the time. They're solid. They can put together this report, and it's not going to cost any money. Thank you very much, Mr. Speaker. I urge all Members support it."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Mr. Speaker, any of us who have been in sales and marketing know that if you ask the price, it means you can't afford it. And what we're doing here is putting out the price as a Trojan Horse to make sure it looks like it can't be afforded, because already the surveys have correlated that the more the cost, the less likely to have a Con Con.

"For thirty years we have not had a Con Con. This just feeds the fire of doubts, and if people have doubts, they blank votes. What did the Supreme Court say about blank votes? Blank votes are counted as, no. So what we're doing is really sabotaging this thing by talking about it, putting a price tag on it, and telling the people they can't afford it.

"Well I think it's the opposite. We can't afford not to have one. We can't afford not to have new ideas, new people. Some of the people sitting here actually came in from the Con Con in 1978: Representative Marumoto, Representative Souki, etc. These are good for democracy. It's good for governance.

"What we've got here, we're going show up on a bulletin board of here's how much it's going to sock you, because we're bleeding the people of Hawaii with the cost of living that this body year after year ..."

The Chair addressed Representative Ward, stating:

"Representative Ward, you are out order. Please refer …"

Representative Ward: "The cost of living is not going up in Hawaii?"

Speaker Say: "We're not talking about the cost of living."

Representative Ward: "Because this Resolution is going to scare the people and say, 'Well, we can't really afford it.' That's my point, Mr. Speaker."

Representative Morita rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I was going to vote for this Resolution, but I'd like to cast a no vote. For the record, I don't support a Con Con, but the price of a Con Con shouldn't be used as a reason to hold, or not to hold one. If our Constitution was flawed, we should be holding a convention to fix it, at any price.

"But I don't believe our Constitution is flawed. I don't believe there is anything in our Constitution that is broken. So again, we shouldn't let the cost of a Constitutional Convention drive our decisions. Thank you."

Representative Souki rose to speak in support of the measure, stating:

"Mr. Speaker, I wish to vote in favor, but let me explain. I'm actually opposed to the Constitutional Convention, but hearing the very sagacious remarks by the gentleman from the other side that this is going to probably be the 'poison pill' that's going to kill a Convention, then I will vote yes on this measure. Thank you, very much."

Representative Ching rose in support of the measure with reservations, and asked that the remarks of Representatives Takumi and Thielen be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. I would just like to respond to the Majority Leader's remarks about the Cadillac, or BMW, or Mercedes aspect. If it were really going to be fair, there would be a change on page 3, line 34. Go back to the Whereas, and it talks about when the original Con Con was held in '78 and how the government buildings were used to hold the sessions. The Honolulu Office of the IRS, old court rooms for committee meetings, auditoriums and conference rooms at the State Capitol.

"But you go into what LRB is asked to assume, and the Legislative Reference Bureau is to assume that the Con Con will be held at a leased facility in Honolulu. That's dollars. I mean, that's major dollars. So right off the bat it's setting up the stage to come back with a very high ticket price, and I think that that is wrong, and I think it's deceptive. Thank you."

Representative Finnegan rose, stating:

"Thank you, Mr. Speaker. I would just like to note my no vote. I would like to change it from an aye with reservations, to a no vote."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

At this time, Representative Meyer moved that H.C.R. No. 231, be recommitted to the Committee on Judiciary, seconded by Representative Thielen.

Representative Finnegan then requested a roll call vote at the appropriate time on the motion to recommit, and upon a show of hands, failed to carry.

The motion that H.C.R. No. 231, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO STUDY THE COST OF CONVENING A CONSTITUTIONAL CONVENTION IN 2010," be recommitted to the Committee on Judiciary was put to vote by the Chair and failed to carry with Representatives Nakasone, Sonson and Takai being excused.

(Main Motion)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 231, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO STUDY THE COST OF CONVENING A CONSTITUTIONAL CONVENTION IN 2010," was referred to the Committee on Legislative Management with Representatives Finnegan, Meyer, Morita, Pine, Takumi and Ward voting no, and with Representatives Nakasone, Sonson and Takai being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1552-08), recommending that H.C.R. No. 267, as amended in HD 1, be referred to the Committee on Legislative Management.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 267, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE OFFICE OF ELECTIONS TO PROVIDE AN INFORMATIONAL BRIEFING AND DEMONSTRATION TO THE APPROPRIATE SENATE AND HOUSE COMMITTEES REGARDING THE OPERATION AND USE OF NEW ELECTRONIC VOTING SYSTEMS AND TO PROVIDE INFORMATION PRIOR TO CONTRACTING TO PURCHASE ANY NEW VOTING SOFTWARE OR EQUIPMENT RELATED TO ANY NEW VOTING SYSTEM," was referred to the Committee on Legislative Management with Representatives Nakasone, Sonson and Takai being excused.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.R. No. 260, entitled: "HOUSE RESOLUTION URGING THE UNIVERSITY OF HAWAII TO EXTEND ITS LAND LEASE WITH THE HIGH TECHNOLOGY DEVELOPMENT CORPORATION TO CONTINUE TO OPERATE THE MANOA INNOVATION CENTER," was adopted, with Representatives Nakasone, Shimabukuro, Sonson and Takai being excused.

Representative Yamashita, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 1554-08) recommending that H.C.R. No. 312, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 312, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE UNIVERSITY OF HAWAII TO EXTEND ITS LAND LEASE WITH THE HIGH TECHNOLOGY DEVELOPMENT CORPORATION TO CONTINUE TO OPERATE THE MANOA INNOVATION CENTER," was adopted, with Representatives Nakasone, Shimabukuro, Sonson and Takai being excused.

Representative Yamashita, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 1555-08) recommending that H.R. No. 208, as amended in HD 1, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.R. No. 208, HD 1, entitled: "HOUSE RESOLUTION ENCOURAGING THE DEVELOPMENT OF GOOD FAITH VALUATION STANDARDS AND NEGOTIATING PRACTICES FOR LONG-TERM INDUSTRIAL

AND COMMERCIAL REAL ESTATE LEASES IN HAWAII," was adopted, with Representatives Nakasone, Shimabukuro, Sonson and Takai being excused.

Representative Yamashita, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 1556-08) recommending that H.C.R. No. 246, as amended in HD 1, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 246, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION ENCOURAGING THE DEVELOPMENT OF GOOD FAITH VALUATION STANDARDS AND NEGOTIATING PRACTICES FOR LONG-TERM INDUSTRIAL AND COMMERCIAL REAL ESTATE LEASES IN HAWAII," was adopted, with Representatives Nakasone, Shimabukuro, Sonson and Takai being excused.

Representative Evans, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 1557-08) recommending that H.R. No. 22, as amended in HD 1, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.R. No. 22, HD 1, entitled: "HOUSE RESOLUTION RECOGNIZING THE COURAGEOUS CONTRIBUTIONS AND SERVICE OF THE FILIPINO VETERANS OF WORLD WAR II," was adopted, with Representatives Nakasone, Shimabukuro, Sonson and Takai being excused.

Representative Evans, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 1558-08) recommending that H.C.R. No. 22, as amended in HD 1, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 22, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION RECOGNIZING THE COURAGEOUS CONTRIBUTIONS AND SERVICE OF THE FILIPINO VETERANS OF WORLD WAR II," was adopted, with Representatives Nakasone, Shimabukuro, Sonson and Takai being excused.

Representative Green, for the Committee on Health presented two reports:

(Stand. Com. Rep. No. 1559-08) recommending that H.R. No. 309, be adopted; and

(Stand. Com. Rep. No. 1560-08) recommending that H.C.R. No. 373, be adopted.

Representative Caldwell moved that the reports of the Committee be adopted, and that H.R. No. 309 and H.C.R. No. 373, be adopted, seconded by Representative B. Oshiro.

Representative Carroll rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Carroll's written remarks are as follows:

"There are instances in the course of history where governments of all types and sizes carry out programs with the best of intentions that in fact hurt the public they are charged to protect. With the benefit of hindsight and further research in the field of medicine, we as a state can see now that the century-long policy of segregating those afflicted with Hansen's Disease to the Kalaupapa Peninsula was one of those acts.

"The fear and hysteria surrounding the spread of Leprosy at the time separated thousands of families from each other, disconnected mothers and daughters, fathers and sons, and husbands and wives. These *'ohana*, these *kama'aina*, these children, were thrust into a new world, all alone, with only each other to comfort. Out of this heinous policy of segregation and isolation the people of Kalaupapa bound together, found strength in one another and Ke Akua, and set out to be a model to the rest of Hawaii and the world of the fortitude of the human spirit.

"The story of Kalaupapa is known around the world, not for the disease or the policy that brought it there, but for the conviction, determination, and faith the people of the peninsula had and still carry with them today. The priests and volunteers who helped them in the early days and the residents who remained strong through the adversity and built upon the foundation they were given will always be remembered.

"With this resolution we recognize the mistakes of the past, honor those who came before, and express our gratitude and our thankfulness for all those who were sent to Kalaupapa, their families and descendents so that we may learn from the past."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 309, entitled: "HOUSE RESOLUTION EXPRESSING GRATITUDE TO THE RESIDENTS OF KALAUPAPA AND THEIR FAMILIES FOR THE SACRIFICES THEY MADE LIVING IN ISOLATION ON THE ISLAND OF MOLOKAI AND FOR BEING SEPARATED FROM SOCIETY," was adopted, with Representatives Nakasone, Shimabukuro, Sonson and Takai being excused; and

H.C.R. No. 373, entitled: "HOUSE CONCURRENT RESOLUTION EXPRESSING GRATITUDE TO THE RESIDENTS OF KALAUPAPA AND THEIR FAMILIES FOR THE SACRIFICES THEY MADE LIVING IN ISOLATION ON THE ISLAND OF MOLOKAI AND FOR BEING SEPARATED FROM SOCIETY," was adopted, with Representatives Nakasone, Shimabukuro, Sonson and Takai being excused.

Representative Ito, for the Committee on Water, Land, Ocean Resources & Hawaiian Affairs presented a report (Stand. Com. Rep. No. 1561-08) recommending that H.R. No. 210, as amended in HD 1, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.R. No. 210, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES AND THE CITY AND COUNTY OF HONOLULU TO EVALUATE THE POSSIBILITY OF USING A CONSERVATION LAND TRUST IN THE ALA WAI WATERSHED AREA," was adopted, with Representatives Nakasone, Shimabukuro, Sonson and Takai being excused.

Representative Ito, for the Committee on Water, Land, Ocean Resources & Hawaiian Affairs presented a report (Stand. Com. Rep. No. 1562-08) recommending that H.C.R. No. 248, as amended in HD 1, be adopted.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 248, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES AND THE CITY AND COUNTY OF HONOLULU TO EVALUATE THE POSSIBILITY OF USING A CONSERVATION LAND TRUST IN THE ALA WAI WATERSHED AREA," was adopted, with Representatives Nakasone, Shimabukuro, Sonson and Takai being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented two reports:

(Stand. Com. Rep. No. 1563-08) recommending that H.R. No. 230, be adopted; and

(Stand. Com. Rep. No. 1564-08) recommending that H.C.R. No. 271, be adopted.

Representative Caldwell moved that the reports of the Committee be adopted, and that H.R. No. 230 and H.C.R. No. 271, be adopted, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of both measures with reservations, stating:

"Thank you, Mr. Speaker. On Stand. Com. Report 1563 and 1564, I would like to register a vote with reservations. This is a Resolution that's urging the prevention of the sale of oil and gas leases and drilling in the Chukchi and Beaufort regions of Alaska. While I have not looked at a map to see exactly where they are, Alaska is one of our States and I think if we're looking for energy security, we need to look at where we can. If it's a gas lease, you're talking natural gas and it's probably the majority of electric generating plants on the Mainland use gas and that would be a very simple thing to do.

"As far as oil that's more controversial, but I think we should be looking for more oil within the United States of America. Thank you."

Representative McKelvey rose to speak in support of both measures with reservations, stating:

"Mr. Speaker, just real briefly in support with reservations. To me, the issue is actually not about oil or gas, but about self-determination of indigenous people. I guess I just share the same opinion of our Senior Senators in that this is for the decision of the native tribes to make as to whether or not they want to enter into leases. So I am with reservations."

Representative Ward rose to speak in support of both measures with reservations, stating:

"Mr. Speaker, with reservations. I think it's more on the issue of national security that I would have the reservations. And that Mr. Speaker, aside from Canadian oil, and I think another country basically most of the countries that we're getting our oil would rather see the demise of the United States, rather than the continuation of it. So we've got to get off of oil dependency.

"As we know, this body is very committed, the Governor is very committed, to renewable energy and using what we have and this is one way of using what we do have. Thank you."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative B. Oshiro rose to speak in support of both measures, stating:

"Mr. Speaker, in support. I'll be very brief. If people would actually read the Resolution, what this is about is the failure of the Department of Interior, the federal government through the Fish and Wildlife Service, to actually properly evaluate the effect that this will have on potentially threatened polar bears and Pacific walruses and other endangered and indigenous species.

"And unfortunately, because of political 'mearangerings' going on, the Department of Interior has refused to do its duty. So what this Resolution is asking is that until and unless the Department does its proper evaluation as to the potential effects this has on these threatened species, that it engage and not go down this road which could have potential and permanent affects on these endangered species. Thank you."

Representative Souki rose to speak in support of both measures with reservations, stating:

"Mr. Speaker, I have strong reservations on these measures. We have a scarcity of oil. The price of oil in the world is high, and because of that we should not be looking in curtailing the production of oil, but rather increasing it.

"Now this sounds blasphemous to the environmentalists, and I would like to see that we maintain the beautiful *aina* and not spoil it. But I just want to make mention that I've been to Alaska a few times. I've been to Prudhoe Bay. I flew over in a very low area so I could take a good look of the terrain and the land, and I was very impressed. I didn't see any spoilage of any of the land in that area. What I witnessed was caribou migration, thousands of caribou migrating from one area to the other, with the wolves and fox on the side. I witnessed polar bears around Prudhoe Bay. The oil lines have not damaged the area, but we have benefited from the oil.

"Until we can find some better alternative energy, we're going to still be dependent upon fossil fuel whether we like it or not. I would prefer to have solar. I would prefer to have hydro. I would prefer to have windmills. But that alone will not take care of the needs that we have for this community and for the nation. So Mr. Speaker, until we develop some other alternatives, we need to continue to explore and to use fossil fuel.

"Let me make mention that some of the foreign countries that are not that dependent on fossil as we are, like France and Japan and Asia, they use atomic energy. Now when we talk about atomic energy, everybody screams. Heavens what are we going to do? We're going to blow up the whole state. France has beautiful lights. You go to Paris. It's the City of Lights, lit up with atomic energy. Now I'm not saying that we should have that, but this is what they have.

"I think we're being kind of narrow in our thinking; that we cannot go beyond the windmills. And remember the fellow who tried to attack the windmills, Don Quixote. I think we have got to get away from that paradox and live in reality. The reality is that we need energy to continue to foster the welfare of this nation. Thank you."

Representative Morita rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Morita's written remarks are as follows:

"Mr. Speaker, I rise in support of these resolutions. Some Members have concerns regarding this measure because of self-determination issues. I wanted to share with this body an opinion piece I wrote back in 2001 regarding the Arctic National Wildlife Refuge which addresses the issue of self-determination and the energy policy of the United States and its effect on indigenous cultures.

Several months ago full-page advertisements appeared in Hawaii's newspapers thanking U.S. Senator Daniel K. Akaka for his support of the Native Alaskan Inupiat and their right to self-determination with regard to their desire to drill for oil within the Arctic National Wildlife Refuge.

Each vote in the U.S. Senate is critical to defeat oil drilling in ANWR. Both Hawaii U.S. Senators seem to be placed in a difficult position. They are both champions for the right to self-determination for native Hawaiians and other indigenous groups and both are continuing the legacy of the late U.S. Senator Spark Matsunaga's vision for hydrogen and related clean energy issues. Now these laudable causes have converged to create a conflict where our Senators seem to be "caught" in the middle. But, the decision is difficult only if one wants to craft the issue of self-determination as exclusive to the Inupiat.

While I want to respect the right to self-determination of the Inupiat it should not be at the expense of other native peoples or based on a flawed energy policy. The Bush energy policy will signal the death of many other indigenous peoples of the world, especially Pacific Islanders suffering the effects of global warming and rising sea levels. Oil drilling in ANWR represents the continuation of over-consumption by the United States of finite resources without regard to the impacts on other areas or people of the world. The moral issues and consequences of the Bush energy policy is too great to use Native Alaskans as pawns in this debate pitting the interests of one indigenous peoples against another or to use Hawaii's own sovereignty issues as bargaining chips for the future. In the larger global picture, the United States must lead the world in seeking solutions surrounding climate change issues or we will be directly responsible for the genocide of indigenous cultures as the land base, the root and foundation of self-determination, of these island cultures cease to exist. And, of course, Hawaii being an island State may face the same perils in the near future.

The United States has the technology and resources to move towards a clean energy future. Our congressional leaders' role is vital at this critical time. They can and must separate the "red herrings" from the national energy policy debate. ANWAR is a red herring that will not enhance the U.S. position to build energy security.

The right of Native Alaskans to offer their ancestral lands for oil development should be debated at another time. The larger issue before us is the United State's ability to lead the world in clean and sustainable energy policy that offer real energy security and prosperity as its benefits reflects our moral obligations to other inhabitants of this earth. These mandates should be the essence of a national energy policy and the test of true vision and leadership."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to Stand. Com. Rep. No. 1580 relating to the agreement. I just want to say that we're small. We shouldn't be inferior about it, but we should be proud. And I'll submit the rest of my comments in the Journal."

Representative Ward's written remarks are as follows:

"Mr. Speaker, I rise in strong opposition to this measure and appreciate the opportunity to speak against its passage.

"The Electoral College has been serving American politics for more than 200 years. But recently, due to a close election for the U.S. Presidency, some people at both the local and national level have been advocating a change in the way we elect our Presidents.

"So, Mr. Speaker, here we go again! This time the Senate has sent over SB2898 that will take away the advantage that a small state like Hawaii has over big states.

"This bill, like HB3013, is another misinformed attempt to enable the winner of the presidential election to be determined by national popular vote rather than the Electoral College. The bill adds a new chapter to the Hawaii Revised Statutes, to enact agreement that allows member states to determine the winner of a presidential election by "national popular vote."

"Our founding fathers knew better. They understood the nuances of political contests, particularly the importance of small states and the possible tyranny of large states overwhelming national presidential elections. They understood especially how small states could be affected if only the popular vote counted. For example if one voted in Hawaii's 2004 presidential election, it was a likely vote for John Kerry, but under the proposed new system, your vote would have gone to George W. Bush.

"Likewise, if someone in Hawaii's 1988 presidential election voted for Michael Dukakis the vote would have only counted for Bush (Senior), and in Hawaii 1968 presidential election between Hubert Humphrey and Richard Nixon, a vote for Humphrey would have become a vote for Nixon. Is this the kind of 'kapakahi' results we want in Hawaii?

"The best description in understanding the Electoral College is a sports analogy. In baseball's World Series, for example, the team that scores the most runs overall is like a candidate who gets the most votes. But to become the World Series champion, it is the team that wins the most games who becomes the winner of the series. So no matter how many runs (votes) you get, you still have to win the most games (state ballots). No one calls the World Series unfair just because the team that got the most runs loses, right? It is all about the games, just like in politics it is all about the states.

"Another downside for our nation with a proposed plurality ballot would be that "urban America," particularly the large states on the east coast (e.g. New York) and west coast (e.g. California) will be the dominant player at the expense of "rural America." Stated differently, imagine the urban core of Honolulu deciding for the entire state of Hawaii who should be our next governor and you can see how this allows a national advantage of large states and large cities to dominate. I believe the values of farmers and small town Americans are just as important (if not more important) as big city values and voters, so the Electoral College is the best way to filter for these differences.

"The current Electoral College strengthens the status of minority groups, because the votes of small minorities within a state may make the difference between winning all of a state's electoral votes or none of them. It enhances the political stability of the nation by promoting a two-party system that protects that presidency from impassioned but transitory third party movements, and forces the major parties to absorb the interests of small states and minorities; and it maintains the federal system of government and representation. Each state is allocated a number of Electors equal to the number of its U.S. Representatives, plus its two senators, so Hawai`i has four electoral votes. All states have at least three electoral votes, no matter how small they are.

"Hawaii needs more tax relief for our over-burdened families, expanding access to quality healthcare while reversing the financial problems plaguing our doctors and hospitals, developing more transitional shelters and affordable housing while fixing potholes, harbors and airports; we do not need some national agenda about a grudge match to distract us from the tasks at hand.

"As one of the smallest states in the nation, it does not seem strategically wise to give up our comparative advantage offered us by the Electoral College. Senate Bill 2898 SD1 asks us to do this. Last year a similar bill was vetoed by Governor Lingle. The only thing left to say about this bill is: "Mahalo for your veto, Governor, get your pen ready for this year too." Thank you, Mr. Speaker."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I am voting with reservations, in spite of the op-ed that was written by a colleague."

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2499, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Morita rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Morita's written remarks are as follows:

"Mr. Speaker, I rise in support with some serious reservations about this measure in its current form. Mr. Speaker, I wholeheartedly support correcting the defective date in current statutes to make the *kalo* our State plant upon passage of Senate Bill 2499. However, the language in the House Draft 1 leaves me perplexed as to what the underlying motive is to further the delay making *kalo* our State plant.

"The House Draft 1 states that the "Act shall take effect only upon the completion of community dialogue with native Hawaiians and students from all islands and those who identify themselves as Hawaiians, to be completed by the department of education through its existing curriculum." The House Draft 1 puts the Department of Education in an unfair, difficult position with an unfunded mandate. When House Bill 659 was signed into law as Act 36 last year, there was no opposition to this measure during the numerous public hearings held on this measure. Unfortunately, this bill was adopted with a defective effective date.

"I need not remind this body the significance of the *kalo* to our Hawaiian culture. How can simple recognition of the significance of this one plant to our Hawaiian culture and its symbolism of sustainability turn into a political football putting the Department of Education right in the middle? Simply put, this is real *lolo*."

ANNOUNCEMENTS

Representative Herkes: "Thank you, Mr. Speaker. Mr. Speaker I can't let this day pass without remembering what happened 62 years ago this morning when a major tsunami hit these islands and caused deaths on all major Hawaiian Islands.

"Mr. Speaker, I saw that wave and I saw it wipe out a 100-ton span of railroad bridge on the Wailuku River in Hilo. That wave destroyed Hilo. We learned from that wave and we moved all buildings *mauka* of the road. Then came the 1960 wave and it wiped out all those buildings.

"After the 1960 wave, I helped clean up our hotel after that. The force of the water is unbelievable. There was sand embedded in sealed liquor bottles. There was a straw stuck in a telephone pole.

"This morning I was watching the History Channel and they were talking about the 2004 tsunami that killed 250,000 people. Mr. Speaker, what have we learned since then? I'm not sure. We're updating our tsunami inundation maps, but when are we going to use this information to amend our land use maps, our building codes to protect our people and our belongings from all major disasters that impact these islands?

"We seem to have a preoccupation with hurricanes and things like hurricane clips. They'd sure do a lot of good in a tsunami. And I have read that a crisis is a terrible thing to waste, but we've wasted them year after year after year. When are we going to learn?

"The events of the 1946 and 1960 tsunamis are seared into my brain, and that's why I sound like a broken record on this issue. Thank you, Mr. Speaker."

Representative Caldwell: "Mr. Speaker, no matter what one's age it's very difficult when you lose a parent, and during the last year and this year several of us have lost parents, and we know what it's like to have that experience.

"Yesterday, the Governor of our State, Governor Linda Lingle lost her mom, and so at the end of today's session, I'd like to request, with the Speaker's permission, to have a moment of silence to reflect on that and to extend our sincerest condolences to the Governor. Thank you, very much."

Representative Souki: "Mr. Speaker, I would like to request a waiver of the 48-hour notification, please. The waiver is to hold a public hearing on the Aloha Airlines bankruptcy. It will be held at the Auditorium at 8:30 a.m. tomorrow. You will have the Committees on Transportation, Tourism, and Labor jointly holding the hearing. We hope to have representatives from the airlines, from the Governor's office, from the Hawaii Tourism Association, from the Hotel Association, and also from DBEDT. We hope that we'll have some enlightenment from the bankruptcy that has happened through this public meeting.

"Again, this informational briefing will be held in the Auditorium at 8:30 a.m., prompt. Thank you, Mr. Speaker."

Representative Yamane: "Mr. Speaker, just to clarify. This is an informational briefing and not a hearing. It will be held in the Auditorium."

Representative Ward: "Mr. Speaker, I have a national day announcement. On April 1, 1979 the nation of Iran was formed. Its 71 million people is larger slightly than the State of Alaska. And of it's many contributions oil, energy and the sport of kings, polo. Thank you, Mr. Speaker."

Representative Luke: "Mr. Speaker, on the Members' desk there is a notice for a Foodbank fundraiser and a *natto* sale. Our office is not selling *natto*. Clearly, the Majority Leader has too much time on his hands. So I beg you to give him more things to do so he doesn't waste his time doing an April Fool's joke. Thank you."

At this time, the House of Representatives stood for a moment of silence in memory of the late Ms. Mildred Cutter, mother of the Honorable Governor Linda Lingle.

ADJOURNMENT

At 1:35 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the House of Representatives adjourned until 12:00 o'clock noon tomorrow, Wednesday, April 2, 2008. (Representatives Nakasone, Shimabukuro, Sonson and Takai were excused.)

SUSPENSION OF RULES

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the rules were suspended for the purpose of considering bills on Third Reading on the basis of a modified consent calendar. (Representatives Belatti, Herkes, Magaoay, Morita, Nakasone, Sonson and Thielen were excused.)

UNFINISHED BUSINESS

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1594-08) recommending that S.B. No. 2169, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2169, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LIQUOR LICENSES," passed Third Reading by a vote of 44 ayes, with Representatives Belatti, Herkes, Magaoay, Morita, Nakasone, Sonson and Thielen being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1595-08) recommending that S.B. No. 2080, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2080, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TEACHER LICENSURE," passed Third Reading by a vote of 44 ayes, with Representatives Belatti, Herkes, Magaoay, Morita, Nakasone, Sonson and Thielen being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1596-08) recommending that S.B. No. 2373, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2373, SD 1, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Har rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I stand in strong support of SB 2373, SD1, HD2.

"Mr. Speaker, in 2005, the Legislature enacted The Uniformed Controlled Substances Act, which effectively limits the sale and purchase of non- prescription pseudoephedrine and pseudoephedrine-containing products. Pseudoephedrine is a methamphetamine and can be dangerous when consumed in larger doses. It is not only considered a precursor to turbulent methamphetamine use and subsequent addiction but is also used in the actual processing of the street-drug itself. This body can attest to the devastating effects that meth use has had on our *ohana* here in the State of Hawaii. Combating the production, sale and use of methamphetamine is a day to day battle. Fortunately, we are winning the war. I applaud the Legislature for taking action by passing this crucial piece of legislation.

"Since its inception, The Uniformed Controlled Substances Act has aided in reducing the number of clandestine methamphetamine drug labs in the State from 17 in 2005 to merely 2 in 2007. The current law requires that all purchasers of pseudoephedrine show proper identification, including address, to be recorded into the pharmacy or retail store's log for further reference. In 2006, the Legislature approved Act 171, making it even more difficult for large quantities of methamphetamine to reach our streets; however, the test of time has revealed a glitch in the current system.

"SB 2373 would effectively close a reporting loophole, by further requiring pharmacies and retailers to maintain an electronic log of sales of pseudoephedrine and related products and transmit the information to the Department of Public Safety Narcotics Enforcement Division on a monthly basis. This would inhibit purchasers from "shopping" for pseudoephedrine by purchasing the allotted amount at different locations in order to remain under the radar of drug enforcement. Accordingly, I stand in strong support of SB 2373, SD1, HD2. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2373, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PSEUDOEPHEDRINE SALES," passed Third Reading by a vote of 44 ayes, with Representatives Belatti, Herkes, Magaoay, Morita, Nakasone, Sonson and Thielen being excused.

At 1:29 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2169, SD 1, HD 1
S.B. No. 2080, SD 2, HD 2
S.B. No. 2373, SD 1, HD 2

STANDING COMMITTEE REPORTS

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1606-08) recommending that S.B. No. 2082, SD 2, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2082, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations on this bill. I support the intent of the bill wholeheartedly, but I am concerned about the cost of returning these female prisoners, as well as where we will house them once they return. I agree that a strategic plan needs to be developed, but also believe that the lack of facilities and the resources necessary to ensure proper reintegration are bigger issues.

"The Department of Public Safety has testified that they lack the bed space in existing facilities and there are no community based housing options. There is also the potential requirement of having to take into custody offenders that get their parole or probation revoked. To ensure the success of a program of this magnitude, we need to prioritize this by deciding to commit real funds to these movements. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2082, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Third Reading by a vote of 45 ayes, with Representatives Belatti, Finnegan, Morita, Nakasone, Sonson and Thielen being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1607-08) recommending that S.B. No. 2088, SD 1, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2088, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ADVANCED FLIGHT SIMULATOR TRAINING," passed Third Reading by a vote of 45 ayes, with Representatives Belatti, Finnegan, Morita, Nakasone, Sonson and Thielen being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1608-08) recommending that S.B. No. 2493, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, and the report of the Committee was adopted and S.B. No. 2493, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR COLLECTIVE BARGAINING COST ITEMS," passed Third Reading by a vote of 45 ayes, with Representatives Belatti, Finnegan, Morita, Nakasone, Sonson and Thielen being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1609-08) recommending that S.B. No. 2583, SD 1, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2583, SD 1, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE HAWAII CAPITAL CULTURAL DISTRICT," passed Third

Reading by a vote of 45 ayes, with Representatives Belatti, Finnegan, Morita, Nakasone, Sonson and Thielen being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1610-08) recommending that S.B. No. 2783, SD 2, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2783, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. On Stand. Com. No. 1610, I'd like to register a no vote. I don't believe that this is an appropriate use for the Hurricane Relief Fund. I think it just creates a disturbing precedent. It gives money away to people who buy things; it gives some private businesses a price subsidy for their products and services. Mitigation devices contemplated by this grant program for property loss reduction, not life-safety purposes. Earthquake mitigation has a different purpose from the Hawaii Hurricane Relief Fund. I think this is not an appropriate use of the money. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2783, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LOSS MITIGATION," passed Third Reading by a vote of 43 ayes to 2 noes, with Representatives Meyer and Pine voting no, and with Representatives Belatti, Finnegan, Morita, Nakasone, Sonson and Thielen being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1611-08) recommending that S.B. No. 3227, SD 2, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3227, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Mizuno rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. For Stand. Com. Report No. 1611, I am in support with reservations. Mr. Speaker, Hawaii's economy depends upon an efficient harbor system as over 98 percent of Hawaii's import goods come through our commercial harbors. Mr. Speaker, there is no doubt that the modernization of State harbors needs to be a priority and I completely support this. This measure before us will provide for expedited implementation of approximately $842 million for critically needed commercial improvements within a six-year period.

"This is my concern. The bill expands upon a partnership between the Department of Transportation Harbors Division and the Aloha Tower Development Corporation authorized through Act 127 passed by the Legislature in 2007. I'm extremely concerned when our Department of Transportation is delegating the authority for implementation of this complex, statewide harbor modernization plan to an agency that in its 27 year history has been involved in lawsuits and failed development projects.

"First let me expound on the lawsuits that the Aloha Tower Development Corporation has been involved in. In 1988, developer Honolulu Waterfront LP sued Aloha Tower Development Corporation for breach of development agreement executed in 1986. To my knowledge this case has been settled. However, in 2002 the developer, Aloha Tower LP sued Aloha Tower Development Corporation for breach of development contract agreement pursuant to their concerns with their marketplace parking. This lawsuit Mr. Speaker, is still pending.

"In 2007 Hughes Development LP sued Aloha Tower Development Corporation for breach of development agreement executed in 2004. This case is set for hearing this May.

"I did find one development agreement that didn't end up in lawsuit. This is in October of 2001. A presentation for New World Divers was provided to ATDC and five years later they did enter into a legal and binding development agreement effective June 2006. However this past December 2007, the development agreement with New World Divers was terminated by the Board. So in its 27 year history, the Aloha Tower Development Corporation has entered into four development agreements, three of which culminated in lawsuits and one which was terminated.

"My last point, Mr. Speaker is if I may make an analogy to the 2002 lawsuit against Aloha Tower Development Corporation by developer Aloha Tower LP, which is still pending. And in 2007 also by Hughes Development LP, which is set for hearing this May. These lawsuits are like torpedoes ready to explode on the Aloha Tower Development Corporation.

"Mr. Speaker I don't think its good policy to have a partnership and substantially rely on Aloha Tower Development Corporation as set forth in this bill when they haven't settled these pending lawsuits. Moreover this measure calls for $842 million which is critically needed to improve our harbors within a six-year period. This partnership of Aloha Tower Development Corporation may jeopardize such funding.

"I respectfully ask this body support the passage of this measure, but send a clear message to the perspective Chairs and Conferees should this measure be in Conference, to have our Department of Transportation seek a partnership with an organization or entity that is qualified and able to truly address the needed improvements to our commercial harbors. Thank you, Mr. Speaker."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. Notwithstanding the flaws, mistakes, fatalities, I'm of the opinion and having gone through the hearing, that there have been some lessons learned. There has been a learning curve. And if they haven't, and if everything proves to be otherwise, certainly it should be changed.

"But I think they took on such a big project that they were a bit over their head. My assumption is, and this giving them the benefit of the doubt, that they're ready now to take on the project after having learned a lot of lessons on the Aloha Tower frontage here. Particularly regarding parking. I asked them, 'Are you going to build something similar and not have any parking so it's not going to succeed?' Because that's one of the structural flaws that injured that project. You can build something, but if people can't park at it, you can't make it work. So hopefully Mr. Speaker, this is going to be lemonade out of lemons. Thank you."

Representative Bertram rose in support of the measure with reservations, and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Bertram 's written remarks are as follows:

"Mr. Speaker, I rise to speak in support with reservations to SB 3227, SD2, HD1, Relating to Harbors.

"The Aloha Tower Development Corporation was the subject of a State audit in 1987 by the Auditor, whose Report No. 87-13, found in

pertinent part: "The Aloha Tower redevelopment project is a concept that is flawed, and it should be shelved," citing a litany of systemic problems and erroneous assumptions.

"A management, performance, and financial audit of the Aloha Tower Development Corporation is appropriate at this time.

"The audit should include, but not be limited to, a study of the aforementioned three litigated cases against the Aloha Tower Development Corporation, and on whether Chapter 206J, Hawaii Revised Statues, relating to the Aloha Tower Development Corporation, should be repealed or amended before we put our harbors in the hands of ATDC."

Representative Manahan rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Yamane rose to speak in support of the measure with reservations, stating:

"Following my Vice Chair, I vote with reservations."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Awana rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in support with reservations.

"In lieu of the comments that were previously made by the Representative from Kalihi, I am forced to question why decisions are being made and supported to grant statewide jurisdiction to an agency that continues to flounder with their existing responsibilities. As a member of the Finance Committee, testimony provided only praise and support for this measure. With the information provided to me at that time, I voted up. I still believe our harbors need to be addressed and so I stand in support with reservations. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3227, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HARBORS," passed Third Reading by a vote of 45 ayes, with Representatives Belatti, Finnegan, Morita, Nakasone, Sonson and Thielen being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1612-08) recommending that S.B. No. 3087, SD 1, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3087, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONTRACTOR SUSPENSION ON PUBLIC WORKS PROJECTS," passed Third Reading by a vote of 45 ayes, with Representatives Belatti, Finnegan, Morita, Nakasone, Sonson and Thielen being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1613-08) recommending that S.B. No. 2780, SD 2, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2780, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, very much. I'm rising in opposition to Stand. Com. Rep. 1613. This is a bill that includes as public works, private construction contracts being built on public lands for commercial or for profit activity.

"The language contained in this bill seems to expand Chapter 104 in HRS into areas not envisioned or intended by the original crafters. Chapter 104D is intended to ensure fair bidding for public works projects where the State or county was funding the construction of a new facility. The Legislature has already expanded Chapter 104 in areas not originally envisioned such as SPRBS and into areas where the State or county is leasing 50 percent or more of the assignable square footage in a building. This expansion has already caused a certain amount of uncertainty as to which projects are public works and which are not.

"I'm concerned with the practicality of such a requirement. This measure requires that the governmental agency that leases that land would be the contracting agency. However this would be ineffective because that agency, like DLNR who has quite a lot of land, they would have no authority over the project as they are not a party to the contract between the private entities, and yet they would have to be overseeing the job. They're not involved in any way. They have no money to cover the work that they would have to do to provide the kind of payroll, backup that's required for public works. So this bill as written, seems very unworkable. Thank you, Mr. Speaker."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I am also in opposition to this measure and would like to have the words of the previous speaker taken as my own. I feel that it will be a great disservice to many departments that lease out lands to commercial entities such as Transportation, Agriculture, and Health. Perhaps the land department would handle all these certified weekly payrolls that they could have to deal with when there are construction projects over a half million dollars. But this really would slow down a lot of beneficial construction projects. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2780, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC WORKS," passed Third Reading by a vote of 42 ayes to 3 noes, with Representatives Marumoto, Meyer and Ward voting no, and with Representatives Belatti, Finnegan, Morita, Nakasone, Sonson and Thielen being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1614-08) recommending that S.B. No. 2824, SD 2, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2824, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PROCUREMENT," passed Third Reading by a vote of 43 ayes to 2 noes, with Representatives Meyer and Ward voting no, and with Representatives Belatti, Finnegan, Morita, Nakasone, Sonson and Thielen being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1615-08) recommending that S.B. No. 868, SD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 868, SD 2, entitled: "A BILL FOR AN ACT RELATING TO BOARDS AND COMMISSIONS," passed Third Reading by a vote of 42 ayes to 3 noes, with Representatives

Ching, Meyer and Pine voting no, and with Representatives Belatti, Finnegan, Morita, Nakasone, Sonson and Thielen being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1616-08) recommending that S.B. No. 2163, SD 1, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I've got some strong reservations on this bill. In essence, whether you had a long-term care person in that bed, or somebody who had just come out of the operating room, this bill mandates that Medicaid would have to pay at the highest amount, as if it was an acute-care bed. I think that will cause a lot of problems for DHS and just elevate the cost dramatically. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3258, SD 3, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAID HOSPITAL AND LONG-TERM CARE REIMBURSEMENTS," passed Third Reading by a vote of 45 ayes, with Representatives Belatti, Finnegan, Morita, Nakasone, Sonson and Thielen being excused.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.C.R. No. 49, HD 2, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE MAYOR AND COUNTY COUNCIL OF MAUI TO EVALUATE AND, IF LEGALLY PERMISSIBLE AND PROPER UNDER STATE LAW, TO IMPLEMENT VARIOUS MEASURES REGARDING MEDICAL MARIJUANA IN THE COUNTY OF MAUI," was adopted, with Representatives Belatti, Finnegan, Herkes, Morita, Nakasone, Sagum, Sonson, Thielen and Tokioka being excused.

Representative Meyer rose and stated:

"Mr. Speaker, on Stand. Com. Report 1630, HCR 49, HD 2, I would like to register a no vote."

The Chair then responded:

"We are finished with the vote on that measure. We are now on Third Reading."

THIRD READING

S.B. No. 2882, SD 1, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, S.B. No. 2882, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONTROLLED SUBSTANCES," passed Third Reading by a vote of 41 ayes, with Representatives Belatti, Finnegan, Har, Herkes, Morita, Nakasone, Sagum, Sonson, Thielen and Tokioka being excused.

S.B. No. 2459, SD 2, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, S.B. No. 2459, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO REMOTE DISPENSING," passed Third Reading by a vote of 41 ayes, with Representatives Belatti, Finnegan, Har, Herkes, Morita, Nakasone, Sagum, Sonson, Thielen and Tokioka being excused.

S.B. No. 1617, SD 1, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, S.B. No. 1617, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LIMITING CIVIL LIABILITY," passed Third Reading by a vote of 41 ayes, with Representatives Belatti, Finnegan, Har, Herkes, Morita, Nakasone, Sagum, Sonson, Thielen and Tokioka being excused.

S.B. No. 2301, SD 1, HD 1:

Representative Caldwell moved that S.B. No. 2301, SD 1, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support of Stand. Com. Report 1585. This measure is intended to confer added protection to pregnant women by amending HRS section 706-662 by adding the classification of a pregnant woman to a select group people. It deserves special consideration.

"This special group consists of three different categories. The first category will be those that are 60 years or older. The second category will consist of people that are either handicapped or blind. And the

third will be a minor who is 8 years or younger. Again this will just add a fourth class for pregnant women. Moreover we already include pregnant women as a protected class as it relates to our employment laws under HRS section 378-2 subsection 1(a).

"If I can quote the words under that section: 'Discriminatory practices made unlawful; offenses defined. It shall be unlawful discriminatory practice because of race, sex, sexual orientation, age, religion, color, ancestry, disability or marital status, for an employer to refuse to hire or employ or to bar or discharge for employment or otherwise discriminate against any individual in compensation returns, conditions or privileges of employment.'

"In fact, the Department of Labor and Industrial Relations goes further to define pregnancy under disability and provides in their Administrative Rules section 12-46-106, 'females should not be penalized in terms of conditions of employment because they require time away from work on account of disability resulting from pregnancy or related medical conditions.'

"Mr. Speaker, we already recognize pregnancy as a protected class, as it relates to employment. Therefore I respectfully ask that we support the passage of this bill to put this category pursuant to HRS 706-662. Thank you."

The motion was put to vote by the Chair and carried, and S.B. No. 2301, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CRITERIA FOR EXTENDED TERMS OF IMPRISONMENT," passed Third Reading by a vote of 41 ayes, with Representatives Belatti, Finnegan, Har, Herkes, Morita, Nakasone, Sagum, Sonson, Thielen and Tokioka being excused.

S.B. No. 2436, SD 1, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, S.B. No. 2436, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CRIME," passed Third Reading by a vote of 41 ayes, with Representatives Belatti, Finnegan, Har, Herkes, Morita, Nakasone, Sagum, Sonson, Thielen and Tokioka being excused.

S.B. No. 2456, SD 2, HD 1:

Representative Caldwell moved that S.B. No. 2456, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Karamatsu rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Karamatsu's written remarks are as follows:

"I rise in support. Since the 2005 Legislative Session, I have been working on bills to update our harassment and stalking laws to include "computer communication." In addition, I have been working to create a new law to discourage impersonation. The reasoning is that more people are being harassed, stalked, and impersonated on the Internet. It has already happened to a couple of my friends.

"Senate Bill 2456 is the companion to my House Bill 2319, which proposed to add computer communication as a form of nonconsensual contact in the offense of harassment by stalking. However, Senate Bill 2456, Senate Draft 2, House Draft 1 has changed to include the policy goal of discouraging impersonation, which is from another bill of mine, House Bill 2320. Impersonation can cause irreparable damage by ruining one's reputation and even placing one in fear of his or her safety.

"The Judiciary Committee went further by creating a new definition of "harassment by impersonation." Under this definition, "A person commits the offense of harassment by impersonation if that person poses as another person, without the express authorization of that person, and makes or causes to be made, either directly or indirectly, a transmission of any personal information of the person to another by any oral statement, any written statement, or any statement conveyed by any electronic means, with the intent to harass, annoy, or alarm any person." Harassment by impersonation would be a petty misdemeanor. Thank you."

Representative Marumoto rose to speak in support of the measure, stating:

"Mr. Speaker, I'd like to make some comments in favor of Senate Bill 2456. I'm in favor of this particular bill relating to harassment. Some of you may have read in the paper a few months ago that local attorney, Marvin Dang, was embarrassed by hundreds of emails sent out under his name. Mr. Dang might have lost business as a result of this. It may have damaged his reputation, and maybe even lost some friends. But the penalty in this bill, although it started out as a Class C felony, has dwindled down to a petty misdemeanor.

"Mr. Speaker I think we should rethink this action in Conference. As politicians, we wouldn't like to be harassed or damaged in this fashion. So I think it's a more serious offense. Thank you."

Representative Ching rose in support of the measure and asked that the remarks of Representative Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and S.B. No. 2456, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HARASSMENT," passed Third Reading by a vote of 40 ayes to 1 no, with Representative Cabanilla voting no, and with Representatives Belatti, Finnegan, Har, Herkes, Morita, Nakasone, Sagum, Sonson, Thielen and Tokioka being excused.

S.B. No. 2784, SD 1, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, S.B. No. 2784, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE POWER OF ARREST," passed Third Reading by a vote of 41 ayes, with Representatives Belatti, Finnegan, Har, Herkes, Morita, Nakasone, Sagum, Sonson, Thielen and Tokioka being excused.

S.B. No. 2895, SD 1, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, S.B. No. 2895, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO OFFENSES AGAINST PUBLIC ORDER," passed Third Reading by a vote of 39 ayes to 2 noes, with Representatives Cabanilla and Evans voting no, and with Representatives Belatti, Finnegan, Har, Herkes, Morita, Nakasone, Sagum, Sonson, Thielen and Tokioka being excused.

S.B. No. 3182, SD 1, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, S.B. No. 3182, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EXTENDED SENTENCING," passed Third Reading by a vote of 40 ayes to 1 no, with Representative Cabanilla voting no, and with Representatives Belatti, Finnegan, Har, Herkes, Morita, Nakasone, Sagum, Sonson, Thielen and Tokioka being excused.

S.B. No. 3200, SD 1, HD 1:

Representative Caldwell moved that S.B. No. 3200, SD 1, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, very much. On Stand. Com. Report 1591, Relating to Governmental Retention of Attorneys, I'm going to register a no vote.

I think the Judiciary and the Legislature, if they feel that the AG's Office has a conflict, they can go get an attorney. With this bill, they want to get their own attorney, but they want the AG's Office to pay for it and that just seems wrong.

"The AG's office can maybe look at the qualifications of the counsel outside of theirs, but for them as if the Attorney General would hire them, they have to pay while they represent this other department like the Legislature or the Judiciary when those departments should pay for the attorney. And that's the problem I have with this bill. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"I rise in opposition, Mr. Speaker. I say this essentially, this bill, is much ado about nothing, and is part of the IFL-phobia syndrome. It's another way of reaching out and saying that we the Legislature want to put powers back, and make sure that those who work with and for the Governor are accordingly tamed. Thank you."

The motion was put to vote by the Chair and carried, and S.B. No. 3200, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENTAL RETENTION OF ATTORNEYS," passed Third Reading by a vote of 37 ayes to 4 noes, with Representatives Marumoto, Meyer, Pine and Ward voting no, and with Representatives Belatti, Finnegan, Har, Herkes, Morita, Nakasone, Sagum, Sonson, Thielen and Tokioka being excused.

At 1:52 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2882, SD 1, HD 1
S.B. No. 2459, SD 2, HD 1
S.B. No. 1617, SD 1, HD 1
S.B. No. 2301, SD 1, HD 1
S.B. No. 2436, SD 1, HD 1
S.B. No. 2456, SD 2, HD 1
S.B. No. 2784, SD 1, HD 1
S.B. No. 2895, SD 1, HD 1
S.B. No. 3182, SD 1, HD 1
S.B. No. 3200, SD 1, HD 1

ANNOUNCEMENTS

Representative Lee, for the Committee on Finance, requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing the following measures at 2:30 in Room 308, and the Chair "so ordered."

COMMITTEE REASSIGNMENT

The following concurrent resolution was re-referred to committee by the Speaker:

H.C.R. No.	Re-referred to:
56	Committee on Water, Land, Ocean Resources & Hawaiian Affairs

At this time, the Chair announced:

"Members, please note the that S.B. No. 2454, SD 1, HD 1 has been re-referred solely to the Committee on Consumer Protection & Commerce per Committee Referral Sheet No.73 that was placed on your desk yesterday. The Committee on Judiciary waived its referral to this measure and therefore it is appropriate for the House to consider action for adoption."

SUSPENSION OF RULES

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the rules were suspended to reconsider action previously taken on S.B. No. 2454, SD 1, HD 1. (Representatives Bertram, Green, Morita, Nakasone and Thielen were excused.)

RECONSIDERATION OF ACTION TAKEN

Representative Caldwell moved that the House reconsider its action previously taken pursuant to the recommendation contained in Standing Committee Report No. 1192-08, recommending referral to the Committee on Judiciary, seconded by Representative B. Oshiro and carried. (Representatives Bertram, Green, Morita, Nakasone and Thielen were excused.)

SUSPENSION OF RULES

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the rules were suspended for the purpose of considering bills on Third Reading on the basis of a modified consent calendar. (Representatives Bertram, Green, Morita, Nakasone and Thielen were excused.)

UNFINISHED BUSINESS

S.B. 2454, SD 1, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, S.B. No. 2454, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MORTGAGE FORECLOSURES," passed Third Reading by a vote of 46 ayes, with Representatives Bertram, Green, Morita, Nakasone and Thielen being excused.

At 12:31 o'clock p.m., the Chair noted that S.B. No. 2454, SD 1, HD 1, passed Third Reading.

At this time, the Chair announced:

"Members, again, please note the that HR No. 118 and HCR No. 137 have been re-referred solely to the Committee on Public Safety and Military Affairs per Committee Referral Sheet No.74 that was placed on your desk today. The Committee on Finance waived its referral to this measure, and therefore it is appropriate for the House to consider action for adoption."

SUSPENSION OF RULES

Representative Caldwell moved to suspend the rules of the House to reconsider action previously taken on H.R. No. 118 and H.C.R. No. 137, seconded by Representative B. Oshiro and carried. (Representatives Bertram, Green, Morita, Nakasone and Thielen were excused.).

RECONSIDERATION OF ACTION TAKEN

Representative Caldwell moved to reconsider action taken pursuant to the recommendations contained in Stand. Com. Rep. Nos. 1403-08 and 1404-08 in referring H.R. No. 118 and H.C.R. No. 137 to the Committee on Finance, seconded by Representative B. Oshiro and carried. (Representatives Bertram, Green, Morita, Nakasone and Thielen were excused.).

ADOPTIONS

Representative Caldwell then moved that H.R. No. 118 and H.C.R. No. 137 be adopted, seconded by Representative B. Oshiro.

Representative Ward rose to speak in support of both measures, stating:

"Mr. Speaker, I rise in support of this measure as a Vietnam veteran. And I can't speak for all, but I know that the veterans have tried for more than ten years and have done a reasonably good job at maintaining the shine and the cleanliness of that Memorial. But I do think it's time now that DAGS take over. It'll be another couple of hours a week at most. It's pretty much self-maintaining. It's a beautiful addition to our Capitol and I think it's a beautiful way of extending it into the future. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.R. No. 118, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES AND THE DEPARTMENT OF PUBLIC SAFETY TO MAINTAIN AND CLEAN THE KOREAN AND VIETNAM MEMORIAL ON THE GROUNDS OF THE HAWAII STATE CAPITOL," and

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1603-08) recommending that S.B. No. 2886, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2886, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CHILD ABANDONMENT," passed Third Reading by a vote of 45 ayes, with Representatives Bertram, Green, Morita, Nakasone, Souki and Thielen being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1604-08) recommending that S.B. No. 2867, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2867, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII PUBLIC PROCUREMENT CODE," passed Third Reading by a vote of 45 ayes, with Representatives Bertram, Green, Morita, Nakasone, Souki and Thielen being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1605-08) recommending that S.B. No. 2825, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2825, SD 1, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"I'm standing in opposition to Stand. Com. Rep. No. 1605, Senate Bill 2825, Relating to Procurement. I will be voting no on this. This bill, in my estimation, is unnecessary as there are already provisions in the Procurement Code that calls for violators of the Code to be subject to administrative fines or removal from office. The punishment that this bill would impose just because the process takes longer than the bill's author would like, is unnecessary and would discourage the kind of dialogue that can improve the application of the Code.

"The bill in its current form, also inserts a provision requiring the Comptroller to become an ex-officio, non-voting member of the State Procurement Policy Board. I don't believe there's a basis in the bill's language or the Committee Report for taking away the Comptroller's vote. The State Procurement Code applies to State and county agencies. The State Procurement Policy Board adopts rules to implement the State Procurement Code. The Board has seven members, all with voting rights. Two members are government employees: one representing the counties; and one, the Comptroller, representing the State. The other five members are not State or county employees. If the Comptroller's vote is taken away, there will be only one vote representing the government agencies to whom the State Procurement Code applies. These are just some of the reasons I can't support the bill. Thank you, Mr. Speaker."

Representative B. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. Very briefly, just to counter that last argument. If the Member would read the Standing Committee Report for the HD 1, 'as such, your Committee has amended this measure by deleting the section making the Comptroller an ex-officio, non-voting member.' So that is no longer in the bill and so that argument is now moot.

"The second point is that this about corrective action. By definition, correction means that something was wrong. And if something is wrong, I don't see why we should have to wait longer than 30 days in order for any Chief Procurement Officer to make the correction. And 30 days seems to be a reasonable amount of time. Thank you."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm also in opposition to this measure. I was aware, yes, that the Comptroller's vote was restored. But nevertheless, the rest of the bill is very trying for the Department of Accounting and General Services and for the Procurement Office because they said 30 days is sometimes not enough time to resolve an issue amicably. And given enough time, they don't need to resort to instant penalties and fines. Thank you, very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2825, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PROCUREMENT," passed Third Reading by a vote of 39 ayes to 6 noes, with Representatives Ching, Finnegan, Marumoto, Meyer, Pine and Ward voting no, and with Representatives Bertram, Green, Morita, Nakasone, Souki and Thielen being excused.

At 12:37 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2054, SD 2, HD 2
S.B. No. 2730, SD 2, HD 2
S.B No. 2886, SD 1, HD 2

Representative Evans rose to speak in support of the measure with reservations, stating:

"On Stand. Com. Report No. 1714, just a few comments with reservations. I'll make my comments now instead of on Third Reading. I just have some concerns because we just looked at a bill that was relating to Kaka'ako where we want to do some reserved housing for affordable housing. And yet when we look at 1714, it's saying we're going to allow someone to meet affordable housing requirement in an urban area and they can actually now go into the rural district to meet their urban district affordable housing requirement.

"So I have some concerns that we're not promoting affordable housing in the urban, high density areas by doing this. It's affordable housing that people have issues with, as well as cars and public transportation. So this kind of counters what we're trying to accomplish in Stand. Com. No. 1712. So I just have some reservations. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations on this bill. The purpose of the tax credit or refund as mandated by the Hawaii Constitution is to put money back into the pockets of the people of Hawaii. You have to ask yourselves why the Constitution was set up to provide a tax credit or refund if the balance of the general fund exceeds five percent of general fund revenues for two consecutive years. In laymen's terms it means that for two years the State's tax structure has generated more than what was needed to run the government. In light of a slowing economy, don't you think we should give back to the taxpayers of Hawaii? What better way to stimulate the economy than to put money back into their pockets?

"Thank you, Mr. Speaker."

ANNOUNCEMENT

Representative Souki, for the Committee on Transportation, requested a waiver of the 48-hour notice requirement to hear HCR 105, HD 1, on Wednesday at 9:00 a.m. in Conference Room 309, and the Chair "so ordered."

Representative Souki: "This has to do with allowing the State of Hawaii to regulate the airline industry, and requesting the Congress to provide the enabling legislation. Thank you, very much."

At this time, the Chair announced:

"Members of the House, before we move to the Consent Calendar, are there any Members of the House who would like to disclose their potential conflicts of interest at this point in time?"

Representative McKelvey rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. On all bills pertaining to important agricultural lands or agricultural land jurisdiction, I live on an agricultural lot. Thank you," and the Chair ruled, "no conflict."

Representative Green rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. On all bills relating to health, specifically the Hawaii Health Systems Corporation, I'm a contracted emergency room doctor for them. Thank you, Mr. Speaker," and the Chair ruled, "no conflict."

Representative Sonson rose to disclose a potential conflict of interest, stating:

"Thank you very much, Mr. Speaker. On S.B. 3009, Relating to Money Transmitters, I have a potential conflict. My godson is a money transmitter, and my best friend is also a money transmitter. Thank you very much," and the Chair ruled, "no conflict."

Representative Mizuno rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. My wife works part-time at HHSC."

The Chair then stated:

"I believe that measure will be on the Regular Calendar so at that point, you may disclose your potential conflict."

Representative Mizuno: "Thank you for the clarification. Thank you."

Representative Luke rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. Mr. Speaker on S.B. 2961, the Claims Against the State, the firm that I work for has a claim in this bill. Thank you," and the Chair ruled, "no conflict."

Representative Meyer rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. On Senate Bill 3174, which is relating to affordable housing and funding for self-help housing, I may have a conflict of interest. I'm the President of the Self-Help Housing Corporation of Hawaii. Thank you," and the Chair ruled, "no conflict."

Representative Rhoads rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I am requesting a potential conflict ruling on S.B. 3068, which is making an emergency appropriation for the Department of Health for the Adult Mental Health Division. My wife is on the Board of Directors of Mental Health Kokua, which is one of the major services providers. Thank you," and the Chair ruled, "no conflict."

Representative Pine rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, on any of the bills relating to veterans or homelessness, I may have a conflict. I work at a homeless veteran shelter. Thanks," and the Chair ruled, "no conflict."

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you. I request a ruling on two potential conflicts. I own an insurance brokerage firm, and I'm also a member of the Hawaii Army National Guard. Thank you, Mr. Speaker," and the Chair ruled, "no conflict."

Representative Cabanilla rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I just wanted to disclose that I'm a registered nurse and a member of the Army Reserves. Thank you," and the Chair ruled, "no conflict."

Representative Ching rose to disclose a potential conflict of interest, stating:

"Regarding S.B. 945, my sister did work for me in my office," and the Chair ruled, "no conflict."

SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the rules were suspended for the purpose of considering bills on Third Reading on the basis of a modified consent calendar. (Representatives Nakasone, Sagum and Waters were excused.)

CONSENT CALENDAR

UNFINISHED BUSINESS

At this time, the Chair announced:

"Members at this point there will be no discussion as these are items agreed to by this body for placement on the Consent Calendar."

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1634-08) recommending that S.B. No. 2668, SD 2, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2668, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of S.B. 2668, S.D. 2, H.D. 1 which amends the law relating to the Candidate Advisory Council for the Board of Regents of the University of Hawaii

"I am pleased that this legislation retains language relating to the confidentiality of information required by the Regents Candidate Advisory Council. The Candidate Advisory Council testified that some candidates expressed concern about the potential public disclosure of personal information that the Regents Candidate Advisory Council may become aware of during the candidate review process. Because of this, confidentiality language is needed to insure that highly qualified and interested individuals will be willing to be considered as potential regents. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2668, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1635-08) recommending that S.B. No. 2831, SD 1, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2831, SD 1, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure.

"During 2007, various studies and surveys related to Hawaii's aging population and the wants and needs of family caregivers were presented to the Joint Legislative Committee for Family Caregiving (JLCFC). The studies emphasized the importance of conducting additional research, education, and training in forming a family caregiving and "aging in place" support system to address the issues of elderly care in this state, and to avoid more costly and sometimes unavailable alternatives such as institutionalized care.

"A center on aging research and education will recognize the important role of aging in the future of our State and officially establishing a research center focusing on aging at the university level elevating the importance of this issue.

"The JLCFC, in its report to the Legislature, recommended an appropriation for the University of Hawaii Center on Aging Education and Research (UHCARE) because of its expressed commitment to serve as an inclusive, information sharing, interdisciplinary center on aging. The appropriation would allow for additional faculty positions to assist UH CARE in carrying out its

mission of establishing a research, education, and training center on eldercare issues for the benefit of the entire State.

"I urge my colleagues to support this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2831, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII CENTER ON AGING EDUCATION AND RESEARCH," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1636-08) recommending that S.B. No. 2961, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2961, SD 2, HD 2, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1637-08) recommending that S.B. No. 3006, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3006, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BUSINESS REGISTRATION," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1638-08) recommending that S.B. No. 3019, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3019, SD 1, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of S.B. 3019, S.D. 1, H.D. 2 which amends current provisions of the insurance investment statutes. This bill would provide insurers with more flexibility in their investments and would replace current existing law with more current regulatory standards.

"The current insurance law relating to the investments insurers may hold has been in place since the late-1980s and does not reflect the investment opportunities that insurance companies currently have. While it is important to remember that investment restrictions are in place to ensure the viability of insurers, it is also important to recognize that an industry must adapt to the current economic and financial developments so that insureds can be efficiently and effectively served. This bill, by allowing insurance companies to take on investments more aligned with their mainland counterparts, will assist insurance companies in developing in a competitive marketplace.

"However, I do think that the comments of the Attorney General should be heeded. We should reconsider reinserting the language "and one hundred per cent of its ceded reinsurance premium payable" to protect Hawaii policyholders. Oftentimes, insurers buy re-insurance for themselves to protect themselves in cases where there is a catastrophic event and the insurers cannot pay out the claims on their own. In these cases, when the claims are larger than what the insurer can sustain, the reinsurer, not the local insurer, is the entity that actually pays out the claim. Reinsurance, therefore, is a financial liability to the insurance company, but one that benefits insureds.

"If the insurer is not required to retain 100% of the premium payable to the reinsurance company, then it is possible that the Hawaii insured will not be fully protected in the case of a catastrophic event due to non-payment of the premium by the insurer. According to the Attorney General, reinsurance companies, when not paid their premium in full, may choose to either (1) not honor the reinsurance agreement; or (2) reduce the reinsurance recoverable by an insured by the amount of the premium owed to the reinsurance company. Neither of these scenarios are desirable outcomes.

"It is important that this bill address both the needs of the insurance company, as well as the insured. Insurance companies need the flexibility to invest in a way that will allow them to serve more people in a more cost-effective manner. However, that should not be done at the risk of exposing insureds to a reduced (or even non-existent) compensation when an insurable event actually occurs.

"Nonetheless, because a vibrant insurance industry is necessary for the protection of Hawaii insureds, I support this bill. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3019, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1640-08) recommending that S.B. No. 1491, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 1491, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CONTROLLED SUBSTANCES," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1641-08) recommending that S.B. No. 2034, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2034, HD 2, entitled: "A BILL FOR AN ACT AUTHORIZING THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST OCEANLINX HAWAII LLC," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1642-08) recommending that S.B. No. 2816, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2816, SD 1, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of S.B. 2816, S.D. 1, H.D. 2. This bill requires DLNR to assign priority mooring space to any intra-county ferry service regulated by the PUC that serves the people of Maui County. This legislation will provide for a more reliable service between Maui and Lanai by allowing the intra-island ferry to be given priority to moor at Maalaea Harbor. With the recent closure of Aloha and ATA Airlines, it is important that we make sure our citizens have adequate means to travel between the islands and the mainland. This bill gives our citizens another tool for more efficient travel between the islands of Maui County.

"I do have a concern that if DLNR puts this intra-county ferry at the top of the list without working with those already on the list that it will cause unrest in the Maalaea Harbor.

"Hopefully the introducers of this bill have already discussed this with the community affected. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2816, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INTRA-COUNTY FERRY SERVICE," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1644-08) recommending that S.B. No. 2528, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2528, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE PARKS ON KAUAI," passed Third Reading by a vote of 47 ayes to 1 no, with Representative Finnegan voting no, and Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1646-08) recommending that S.B. No. 3030, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3030, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MIXED MARTIAL ARTS," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1647-08) recommending that S.B. No. 3174, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3174, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan's written remark are as follows:

"Thank you Mr. Speaker. I am in strong support of SB 3174, relating to affordable housing. This bill makes meaningful strides to alleviate the lack of housing for low- and moderate-income families. This bill would extend the dedication of 50 percent of the conveyance tax revenues for the Rental Housing Trust Fund ("Fund"). It would also provide for an infusion of $25 million in G.O. bond funds for the Fund. The Fund is important because it provides equity gap financing for the development and/or preservation of affordable rental housing.

"Self-help housing has been effective in helping low- to moderate-income families become homeowners. The HHFDC has provided land, financing to acquire land, and development assistance to self-help housing organizations statewide to assist them in this mission. Prior to the dedication of the conveyance tax revenues, the Fund was not consistently funded. It is this consistent funding, however, that is critical. On-going funding is necessary for affordable housing.

"The lack of affordable housing touches everyone in our community – from the young children facing homelessness with their parents to the elderly who must make a choice between shelter and medicine. It is for these people that we, as elected officials, must take the long-term view and ensure that there are moneys both now and in the future to fund projects such as self-help housing to ensure that developers have funds available to build affordable housing units.

"The Self Help Housing Corporation of Hawaii has completed 42 projects for 544 low income families on Oahu, Kauai, Maui, and Molokai. These families not only have a home, but they also have a chance at a better life, a chance at the American dream. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3174, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1648-08) recommending that S.B. No. 3190, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3190, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Karamatsu's written remarks are as follows:

"I rise in support. The development of clean electricity from a renewable and abundant resource, the sun, at a price lower than the market price and independent from oil price fluctuations will help Hawai'i become more self-sustainable and less reliant on fossil fuels. Sopogy, Inc., specializes in the development, manufacture, and distribution of its proprietary concentrated solar power systems that generate electricity.

"This bill would allow the issuance of $35,000,000 in special purpose revenue bonds to assist Sopogy, Inc. in its planning, designing, construction, equipping, and operating of a solar farm power plant on the Island of Oahu. I am proud to see this Hawai'i company play a role in developing our renewable energy industry. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3190, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST SOPOGY INC., IN THE DEVELOPMENT OF RENEWABLE ENERGY ON THE ISLAND OF OAHU," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1650-08) recommending that S.B. No. 2986, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2986, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO REFUNDABLE RENEWABLE ENERGY TAX CREDIT," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1652-08) recommending that S.B. No. 2652, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2652, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1654-08) recommending that S.B. No. 2041, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2041, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Magaoay's written remarks are as follows:

"Mr. Speaker, S.B. 2041 H.D. 1 is of vital importance to our State's most vulnerable residents who are recipients of Medicaid coverage. This bill will ensure that the necessary State funds will be appropriated to match federal funding, thereby guaranteeing that the $7,500,000 federal Medicaid disproportionate share hospital (DSH) grant for 2008-2009 will be secured.

"The importance of State funding required to match this grant cannot be minimized. The combined federal and State funds will help meet the rising health care costs and provide the quality health care that is so necessary within our communities.

"Thank you, Mr. Speaker. I respectively request my colleagues to support this important bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2041, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1655-08) recommending that S.B. No. 3074, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3074, SD 1, HD 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE DEPARTMENT OF HEALTH FOR THE EMERGENCY MEDICAL SERVICES AND INJURY PREVENTION SYSTEM BRANCH," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1657-08) recommending that S.B. No. 3255, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3255, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LONG TERM CARE," passed Third Reading by a vote of 47 ayes to 1 no, with Representative Cabanilla voting no, and Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1660-08) recommending that S.B. No. 644, SD 3, HD 2, as amended in HD 3, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 644, SD 3, HD 3, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition of S.B. 644, S.D. 3, H.D. 3. This measure requires the installation of solar energy devices in new residential single family homes. While requiring the use of solar energy for water heating is laudable, this mandate will merely add to the up-front cost of new residential dwellings, making the purchase for first-time homebuyers even more of a challenge.

"Although I am in favor of becoming more energy efficient and reducing Hawaii's reliance on foreign fossil fuels, this bill would take away consumer choice, something that I believe will hurt our economy in the future. Consumer choice is the driving force of our economy. Consumer choice is how the market corrects itself. By mandating that all new homes use solar water heating for their water heaters, we are taking away a choice. Solar energy may be the cleanest and most efficient energy sources we have.

"This mandate will also work a detriment to current home buyers. A mandate would effectively eliminate the $1000 utility rebate and 35% State tax credit for solar water heating systems installed in residential new construction. This would increase the price of a new solar water heating system to a new homeowner by $2,600. Regulatory requirements state that utility customers who are required to install energy efficient devices are precluded from taking advantage of incentive measures provided under demand side management programs.

"Government does not need to intervene in this way. Mandates should not be the role of government, especially when the government intervention goes beyond its basic role of providing for our public health, safety or welfare. Consideration should be given to the staffing and resources required to monitor and enforce this program, including some type of process to adjudicate situations where there is non-compliance.

"I am also against this bill because if there must be a mandate by the government regarding solar energy, it should be a mandate large enough to make an impact. If the use of solar energy is to be required, then government should require photovoltaic panels, not just water-heating solar panels. I would support a mandate using photovoltaic technology that will make a significant impact on our reliance on fossil fuels. This would also enable the much higher cost of a photovoltaic system to be amortized over the life of a mortgage. The savings from electric bills could very well make up for the increase in the purchase price of the home.

"For these reasons, I am opposed to this bill. Thank you, Mr. Speaker."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in opposition to this bill.

"This measure would require the installation of solar water heating devices in all new residential single family homes constructed after December 31, 2009. The rising price of oil and gas has made many of us start thinking about how we can reduce our dependence on fossil fuels. The increased costs of electricity will encourage people to go to solar or quick recovery heaters. Hawaii already leads the nation in solar water heating installations.

"I believe that incentives, not government mandates are the way government can encourage certain behavior. When government intervention goes beyond its basic role of providing for our public health, safety and welfare; it has gone too far. Limiting choice in the housing market by adding mandates will increase the costs of building a home, thus increasing the costs and making houses even less affordable than they are now. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 644, SD 3, HD 3, entitled: "A BILL FOR AN ACT RELATING TO ENERGY RESOURCES," passed Third Reading by a vote of 44 ayes to 4 noes, with Representatives Cabanilla, Finnegan, Marumoto and Meyer voting no, and with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1661-08) recommending that S.B. No. 3185, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3185, SD 2, HD 1, entitled: "A BILL

FOR AN ACT RELATING TO CANCER," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1664-08) recommending that S.B. No. 2273, SD 2, HD 2, as amended in HD 3, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2273, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO DIGITAL MEDIA," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1665-08) recommending that S.B. No. 2433, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2433, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO IOLANI PALACE," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representatives Herkes and Waters, for the Committee on Consumer Protection & Commerce and the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1669-08) recommending that S.B. No. 3015, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and S.B. No. 3015, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE PATIENTS' BILL OF RIGHTS AND RESPONSIBILITIES ACT," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative Sonson, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 1670-08) recommending that S.B. No. 2449, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2449, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1671-08) recommending that S.B. No. 2782, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2782, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan's written remarks are as follows:

"Mr. Speaker, I rise in support of Senate Bill 2782 S.D. 2 H.D. 2.

"Mr. Speaker, Senate Bill 2782 SD2 HD2 is created to monitor scrap metal resale and creates a new misdemeanor offense to theft of stainless steel beer kegs or simply beer kegs.

"The theft of beer kegs has become a problem in recent years. Our local wholesaler here in Hawaii has gone from losing 30 beer kegs in 2006 to over 350 beer kegs in 2007. The beer industry loses over 300,000 kegs per year, which equals to $15 million due to theft and resale of beer kegs. Beer kegs or stainless steel beverages containers are one hundred percent recyclable; thus making these containers attractive for individuals for redemption into cash at scrap dealerships. Each beer keg can be redeemed for approximately $150.00 to $180.00. The cost to the companies is approximately $50.00 and most beer kegs last for 20 years.

"To aid in the deterrence of criminal activity we have included the theft of stainless steel beverage containers, otherwise known as beer kegs, in laws intended to prevent theft and resale. The passage of this bill will help deter theft and bring the numbers of stolen beer kegs back down to a manageable or non-existent number.

"As a side note, I hope that we tighten up the language in conference committee. Currently there is no difference between a steel coffee cup and a steel beer keg. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2782, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO METAL," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1672-08) recommending that S.B. No. 3092, SD 1, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3092, SD 1, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto's written remarks are as follows:

"I favor this bill that would require the use of only the last four digits of social security numbers for the Bureau of Conveyances, Land Court or on judgments and orders. In these days when identity theft is rampant and damaging, it makes a great deal of sense to prevent the pilfering of SSNs. The use of four numbers coupled with names, addresses and other information, accuracy seems assured.

"However, there was testimony from the consumer Data Industry Association representative that was compelling. In cases where entities are required to loan sometimes a great amount of money, they want to insure that a person is credit worthy and that the use of all nine digits of the SSN gives greater assurance of that person's identity.

"Because it is important to protect individuals from ID theft, I am weighing in on the side of advancing SB 3092."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3092, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SOCIAL SECURITY NUMBER," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1674-08) recommending that S.B. No. 3240, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3240, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE DRIVER'S LICENSE," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1676-08) recommending that S.B. No. 1487, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 1487, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto's written remarks are as follows:

"Mr. Speaker, I rise in support of SB 1487, but would like to express my concerns regarding an omission in this bill. I am rather disappointed that a hallucinogen called 'salvia divinorum' and 'salvia A' have been deleted from this present draft. Five states have already added it to their controlled substance lists and another 14 states have introduced legislation to ban the possession or sale of Salvia. Hawaii is the 15th state to consider this legislation.

"The substance, salvia, is being smoked by individuals to induce hallucinations, the effects of which are described by its users as similar to mescaline, ketamine or psilocybin. Presently it is for sale legally in specialty or 'head shops'. It is also widely touted on Internet sites aimed at young adults and adolescents. We know that this group is eager to experiment with these types of dangerous hallucinogenic drugs.

"We understand that it was omitted because of lack of a federal 60-day notice, but what is indeed unfortunate is that we must now wait until the 2009 Session to add this to the list of controlled substances. The Narcotics Enforcement Division of the Department of Public safety is also disappointed because it had wanted to 'get ahead of the curve' and prevent more young people from experimenting with this new drug, Salvia."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1487, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CONTROLLED SUBSTANCES," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1677-08) recommending that S.B. No. 2094, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2094, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO DRIVER LICENSES," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1679-08) recommending that S.B. No. 2212, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2212, SD 1, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of SB 2212, S.D.1, H.D. 2, relating to crime. Although this bill is no longer worded to strengthen the laws prohibiting sexual exploitation of a minor and certain activities associated with human trafficking, I continue to support this bill because it clarifies the offense of Promotion of Prostitution.

"Prostitution is an activity that affects all parts of Hawaii's society. It not only attacks the very moral fabric of our community, but it also robs us all of the contributions of the men, women, and children, forced into prostitution. We should not forget that many times, prostitution is not merely money-in-exchange-for-sex, but rather exploitation.

"As such, it is not enough to prosecute those who solicit prostitutes, but it is also important to prosecute those who force prostitution onto others. For some, prostitution is not a choice. There are instances where people are forced, coerced, or intimidated into prostitution. Those exerting the wrongful force, coercion, or intimidation should not be exempt from the law merely because they were not present at the moment of the illegal prostitution act.

"For this reason, I support SB 2212. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2212, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CRIME," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1681-08) recommending that S.B. No. 2900, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2900, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1682-08) recommending that S.B. No. 3050, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3050, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ADULT PROTECTIVE SERVICES," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1685-08) recommending that S.B. No. 2768, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2768, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF REVENUE BONDS TO ASSIST THE MAUI REGION OF THE HAWAII HEALTH SYSTEMS CORPORATION," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1686-08) recommending that S.B. No. 2857, SD 2, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2857, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Magaoay's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of SB2857 S.D.2, H.D.1.

"Mr. Speaker, SB2857 S.D.2, H.D.1, will protect the health, safety and rights of clients of home care agencies. Many families who must contract healthcare should be assured that those individuals providing care are properly trained and licensed by the Department of Health, and that the individuals and agencies are held to a high standard of quality care.

"Thank you, Mr. Speaker. I respectively request my colleagues to support this important bill."

Representative Tsuji's written remarks are as follows:

"This bill seeks to ensure standards of quality for the growing home care industry by requiring licensure of home care agencies by

the Department of Health (DOH) and appropriating funds for a position in DOH to assist with licensure and monitoring of home care agencies.

"Hawaii has a large elderly population and the health care services sector has evolved to respond to consumer demand in the community based provider markets. The elderly and disabled people desire to remain living in their homes.

"Home care agencies are differentiated from home health agencies in that they provide supportive services in the home. Some examples may include among other tasks - personal care services, companion services, social services, etc. All involve direct contact with the elder or disabled individual. Home care agencies are not licensed. The only requirement for operating a home care business in Hawaii is a general excise tax license.

"Ensuring a minimum level of competence for service providers is prudent so as not to compromise consumer safety especially since consumers in these cases are frail and/or elderly. It is our responsibility to assure them of freedom from potential abuse, exploitation, and improper care."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2857, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HOME CARE AGENCIES," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1690-08) recommending that S.B. No. 988, SD 2, HD 2, as amended in HD 3, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 988, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO PHOTOVOLTAIC ENERGY," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1693-08) recommending that S.B. No. 2262, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2262, SD 1, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of S.B. 2262, S.D. 1, H.D. 2 which extends the sunset date for the Voluntary Employees' Beneficiary Association (VEBA) Trusts Pilot Program one year to July 1, 2010.

"I think this bill is a fair compromise for both supporters and opponents of this bill because it does not repeal the sunset date permanently, but it will give more time to see if the program warrants an extension.

"This bill will also allow for the completion of the comprehensive study required by SCR 178 passed last year that will document and validate the merits of the VEBA Trusts and issue a conclusion to whether an extension beyond the new sunset date is warranted.

"I believe this bill will allow the EUTF and the VEBA Trust to both identify their needs and accomplishments, so when the comprehensive study is completed in the coming months, we the Legislature, will be able to gauge as to whether the VEBA Trust program needs to be continued or incorporated into the EUTF. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2262, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1694-08) recommending that S.B. No. 2150, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2150, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ADULT PROTECTION," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

No. 1720, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL PURPOSE REVENUE BONDS TO ASSIST JACOBY DEVELOPMENT, INC., A PROCESSING ENTERPRISE," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1740-08) recommending that S.B. No. 2151, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2151, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LONG-TERM CARE OMBUDSMAN," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1741-08) recommending that S.B. No. 2157, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2157, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1742-08) recommending that S.B. No. 2396, SD 1, HD 2, as amended in HD 3, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2396, SD 1, HD 3, entitled: "A BILL FOR AN ACT RELATING TO MENTAL HEALTH," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1743-08) recommending that S.B. No. 2542, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2542, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC HEALTH," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1744-08) recommending that S.B. No. 2830, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2830, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Magaoay's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of SB 2830 S.D.2, H.D.2.

"Mr. Speaker, this bill will greatly enhance the Committee on Family Caregiving.

"SB 2830, S.D.2, H.D.2, will further the existence of the Joint Legislative Committee on Family Caregiving by changing the Committee's name to the Joint Legislative Committee on Aging in Place (JLCAP). This change will allow for JLCAP to develop a model for a cash and counseling project. In the State of Hawaii, *kupuna* raising grandchildren and community-based family caregivers have relatively limited resources. SB 2830, S.D.2, H.D.2, will provide necessary services in the areas of volunteers; education and training; financial assistance and incentives; establishes a task force to focus on the needs and issues of grandparents raising grandchildren; appropriates funds to the Kupuna Care Program. SB2830, S.D.2, H.D.2, will provide caregivers and *kupuna* with the invaluable resources they need and deserve.

"Thank you, Mr. Speaker. I respectively request my colleagues to support this important bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2830, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CAREGIVING," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1746-08) recommending that S.B. No. 3080, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3080, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAII HEALTH SYSTEMS CORPORATION BACKGROUND CHECKS," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1747-08) recommending that S.B. No. 3228, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3228, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ADJUSTING THE ANNUAL PENSIONS OF RETIRED PATIENT EMPLOYEES AT HANSEN'S DISEASE FACILITIES," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2785, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DISTRICT COURT JURISDICTION," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1752-08) recommending that S.B. No. 2218, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2218, SD 1, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of SB 2218 regarding Electronic Monitoring.

"The purpose of this bill is to protect victims of domestic violence from convicted offenders who violate temporary restraining orders or protective orders. It appropriates funds to the Judiciary to cover associated costs for offenders who are unable to afford the monitoring device.

"The bill will allow the court to do the following: (1) prohibit contact with the victim by establishing court-defined geographic exclusion zones; and (2) require the offender to wear a global positioning satellite tracking device.

"In January of this year, two domestic violence incidents occurred which ended in brutal murders. The first incident was Jenny Hartsock who was murdered by her husband. She was stabbed multiple times and was left to die outside her apartment with a 14-inch knife protruding from her chest. The second incident was Janel Tupuola who was murdered by her boyfriend. He pursued her while she was driving, crashed into her car, chased her around the car, then, bludgeoned her to death using the butt of a rifle.

"These two murders prove that even though the court grants a temporary restraining order or protective order it does not keep women safe from their abuser.

"I recently received a letter from a woman who thanked me for proposing this bill. This woman was in a physically abusive relationship with her ex-boyfriend for over ten years. In December 2002, he beat her so severely that she finally realized he would eventually kill her. This woman took positive steps in mitigating the situation by enrolling in programs at the Family Peace Center. The Center offers programs for adults and children in order to provide peace to Hawaii's families by offering safety, support, empowerment and accountability to survivors, offenders and child witnesses to domestic violence. She chose the Maluhia Victim/Survivor Family Component program that serves survivors of domestic violence. This loving mother chose for her daughter, the Haupoa Family

Component program that works with children who have witnessed domestic violence in the family.

"Although it has been five years since the temporary restraining order was granted, she still has "encounters" with the ex-boyfriend. This woman and her daughter still fear for their safety and as a consequence, have curtailed public outings.

"This woman's story has touched me so much. Now, more than ever, I definitely believe an electronic monitoring device will serve as an additional tool that would assist the court in protecting victims and their children's safety.

"I urge the members to support this bill."

Representative Evans' written remarks are as follows:

"Mr. Speaker, I'm in support, but I have some concerns. My concerns are a result of a hearing that was held in the Public Safety and Military Affairs Committee, which I am the Chair. Our Committee listened to a bill regarding electronic monitoring in lieu of incarceration or for individuals with community-based custody status. I wish to bring to your attention those two concerns discussed in our Committee.

"First, the technology for electronic monitoring is improving, but there are many areas around the State where GPS cannot pick up the signal to determine the location of the individual. Thus, a victim of abuse may become too confident on the monitoring system and stop taking necessary precautions to protect themselves.

"Second, the cost for the individual to wear an electronic monitoring device is estimated at $25 per day. If one wants to get a warning on their cellular phone that the individual wearing the device is nearby, there is another charge of up to $25 a day. I'm concerned the cost is too high.

"The technology continues to improve and maybe we are premature in thinking this device will keep someone safe. For these reasons, I'm in support with some concerns."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2218, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTRONIC MONITORING," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1758-08) recommending that S.B. No. 2956, SD 1, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2956, SD 1, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in support. This bill will provide an even playing field for these local businesses. Both the Department of Agriculture and the Hawaii Farm Bureau Federation supported this bill in the Finance Concerns.

"With the recent closure of the last dairy on Oahu and only two dairies left in this State, this measure comes at a time when our industry needs all the support they can get. My only regret is that this bill was not passed sooner. Thank you, Mr. Speaker."

Representative Tsuji's written remarks are as follows:

"This Bill ensures the state's dairy producers are paid a price commensurate with the quality of milk they produce. It would establish that 100% of local producers' milk produced within their quota will be used for fluid consumption, rather than for Class II purposes. The measure also calls for the Department of Agriculture to engage stakeholders of the Hawaii milk production industry in collaborative discussions to establish recommendations for short and long term initiatives. This would play an important role in the revitalization of our state's dairy industry.

"Hawai'i's dairy industry is in a critical state. There are only two dairies remaining in the state and this measure would provide much-needed support to a vital industry that is struggling to survive."

Representative Ward's written remarks are as follows:

"Mr. Speaker, thank you for the opportunity to offer my strong support for Senate Bill 2956, which would promote the Hawaiian dairy industry and insure that these producers are paid a price commensurate with the quality of the milk they produce. Senate Bill 2956 will remove the twenty-percent quota limit set for Hawaiian producers and redefine Class I milk as Hawaiian produced fresh milk. This bill provides much needed support for the Hawaiian dairy industry, which has receded to the point of near extinction, by allowing them to produce higher quantities of milk and potentially increasing their market share.

"Mr. Speaker, this bill not only strengthens the Hawaiian milk industry, but it also is a great benefit to all the people in our State, as local consumers will now be able to purchase the freshest milk available in higher quantities. So this bill is a win-win, a good decision for our State, and I offer it my strongest support.

"Thank you for this opportunity to offer my support to this measure."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2956, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MILK," passed Third Reading by a vote of 47 ayes to 1 no, with Representative Bertram voting no, and Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1760-08) recommending that S.B. No. 3001, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3001, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENERGY EFFICIENCY," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1761-08) recommending that S.B. No. 2660, SD 3, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2660, SD 3, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Takamine's written remarks are as follows:

"Mr. Speaker, I rise to speak in favor of S.B. 2660, S.D.3 H.D.2.

"Mr. Speaker, we both know that the cost of a college education has shot beyond the financial means of many families in Hawaii. That is why this Legislature has sought to pursue various options to make a college education more affordable for more families. One of those options has been the Hawaii College Savings Program.

"This measure provides a strong financial incentive by creating a maximum deduction against taxable income, for contributions made to the college savings program. Any assistance, *especially financial assistance*, that enables more families to provide a college education to their children moves us in the right direction.

"The experts tell us that if a student earns his or her high school diploma, they can earn up to 1.2 million dollars during their working life. If they acquire an associate's degree from a community college, it raises their earning power to 1.6 million dollars. A college degree will allow a person to earn over 2.1 million dollars over their lifetime.

"Mr. Speaker, it is clear that educational attainment is a critical workforce development issue, and encouraging greater educational attainment is our responsibility. However, we must also invest in our higher educational institutions, so that they can do the best job possible.

"That is why we must question the wisdom of the Governor's refusal to release all of the 18.2 million dollars that was approved by the Legislature for Hawaii Community College. That funding would have gone a long way in providing newer and better opportunities for the many students that are current or future enrollees of Hawaii Community College.

"We know that the community college plays a critical role in providing opportunities to many in our community. Many times it provides a "second chance" to single moms who are trying to make a better life for their families, or ex-offenders who are ready to rebuild their lives. The community college also provides that important bridge for many to move into a four year college experience.

"For way too long we have neglected to invest in the necessary infrastructure at Hawaii Community College. Yet through sheer dedication and determination the faculty and students have been able to rank in the top 20 community colleges in some national comparisons. Probably due to this kind of success, there currently is a shortage of room for students who want to improve their chances at success, by enrolling in Hawaii Community College.

"Mr. Speaker, a college education is an important tool in developing the best educated and best skilled workforce. This bill will take us one step further along that path."

Representative Marumoto's written remarks are as follows:

"Constituents of the 19th House District are not very demanding. They pay taxes – a lot of taxes – State, federal income taxes and property taxes. However, they are very concerned about education. As a middle to high socioeconomic district, residents know that the key to success is through education. They often make too much to qualify for financial aid or need scholarships, and they are not rich enough to shell out college tuition easily.

"After requests to fill potholes, I get queries for tax credits or deductions for private school tuition. Though I see the need for them, I do not think the Legislature would enact such legislation until Hawaii freezes over. The next best benefit would be a State 529 Program that grants deductions for college tuition. After paying private school tuition for lower education, parents are in need of some relief for higher education.

"SB 2660 would help parents cope with the high cost of college and Hawaii taxes and our cost of living."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2660, SD 3, HD 2, entitled: "A BILL FOR AN ACT RELATING TO COLLEGE SAVINGS PROGRAMS," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1763-08) recommending that S.B. No. 3023, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3023, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto's written remarks are as follows:

"I am strongly in favor of SB 3023 to keep Hawaii's captive insurance industry healthy and competitive. Allowing the establishment of special purpose financial captive insurance companies would keep us competitive with eight states plus the District of Columbia that already allow these entities.

"It is important that Hawaii captives provide reinsurance to insurers to help share risk. It is also vital that the Legislature retain and provide Hawaii captives the ability and flexibility to match other venues. The growth of our captive companies is a financial success story, and we should not allow any weakening of this healthy and well-regulated industry."

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3023, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Waters being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1764-08) recommending that S.B. No. 3171, SD 2, HD 1, as amended in HD 2, pass Third Reading.

"Members of the House, I would also like to remind you that you need to let the Clerk know which Senate Bills on the Consent Calendar you will be inserting your written comment on for the Journal. This must be done before the adjournment of today's Floor Session."

At 9:23 o'clock a.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 9:41 o'clock p.m., with Vice Speaker Chong presiding.

ANNOUNCEMENT

Representative M. Oshiro, for the Committee on Finance, requested a waiver of the 48-hour notice requirement to hear the following resolutions on Wednesday, April 9, at 1:00 p.m., Agenda 1A:

HR 71, HD 1, and HCR 62, HD 1, Urging the Board of Education to only Purchase or Lease Large School Buses that have an Operable Seat Belt Assembly at all Designated Seating Positions and Seatbelt Positions at least 24 inches in Height.

Representative M. Oshiro: "The reason for this waiver Mr. Speaker, is that originally this House Resolution was set on the decision making agenda. It is now moved to the hearing agenda, Agenda 1A, and that's the reason for the waiver. Thank you," and the Chair "so ordered."

ORDINARY CALENDAR

UNFINISHED BUSINESS

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1631-08) recommending that S.B. No. 1526, SD 2, HD 2, as amended in HD 3, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 1526, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO JUDICIARY," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1632-08) recommending that S.B. No. 2146, SD 2, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2146, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition to Senate Bill 2146. We heard this bill. We had a House version and now we're voting on the Senate version. This bill was originally enacted into law as Act 198 without the express knowledge or consent of the bedside care nurses.

"The cost is negligible at $40 every two years. However, the problem the nurses have with it is that the inception of the measure along with its exclusivity, making nurses the sole funding source for the Center for Nursing, that is the thing that they really object to.

"In looking at some testimony from Keith McCloskey, an RN, he's goes into some history that in '02 and '03, the nurses were striking at various hospitals. They had to also fight a takeover of their union by a California nurses union. So they were very busy and also many of them were fired from their jobs after the strike. So it was a very tumultuous time for the nurses, and they were not really present here when we were considering this.

"In testimony, I thought it made sense. They felt that the major beneficiary of this Nurses Center, if they do come up with data and figure out a way to get more people into nursing, it would be the hospitals and the various medical facilities. Yet they are paying nothing in the support of this Center. So it was spotty in Committee hearings. In one Committee hearing, there were nurses that vehemently objected to it, and in other Committee hearings, they were not present.

"But I've seen enough testimony. I've talked to enough of these nurses that have made clear that they don't want this bill to go on and on. And they also question the results. It's been five years. We haven't seen a report with all this data. So for those reasons, I'll be voting no. Thank you, Mr. Speaker."

Representative Evans rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Evans's written remarks are as follows:

"Mr. Speaker, please note my vote with reservations. I've been consistent in voicing my reluctance to support this effort whenever it has come before the House. Why? Because the administrators of hospitals and the faculty of higher education should be addressing the shortage of nurses and determining what it will take to attract more people into nursing and patient care.

"On another note, I wonder why it is going to take five years to look at the profession, new graduate registered nurses turnover, and best practices for the retention of nurses.

"Finally, it seems wrong to totally count on monies from nurses to fund the Center.

"The only reason I'm casting an aye with reservations is due to the aging of our population and the need for more nurses. We have to find solutions immediately to avoid a crisis in the not so distant future."

Representative Belatti rose to disclose a potential conflict of interest, stating:

"Thank you. I request a potential conflict ruling. My husband is a nurse and would be subject to the fees," and the Chair ruled, "no conflict."

Representative Belatti continued in support of the measure with reservations, stating:

"Thank you. Can I note my reservations and just add that my reservation is based on the fact that maybe the cost of the Center for Nursing could be shared among the hospitals as suggested by earlier speakers. Thank you."

Representative Pine rose to disclose a potential conflict of interest, stating:

"I would like to disclose a potential conflict. My mother is a nurse," and the Chair ruled, "no conflict."

Representative Pine continued in opposition to the measure and asked that the remarks of Representative Meyer be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Mizuno rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in support of Stand. Com. Rep. No. 1632. Thank you. The average age of registered nurses in the State of Hawaii is 49 years, underscoring the need to train additional nurses to replace those who are retiring or will be retiring soon. Hawaii's long-term care facilities also face a shortage of licensed practical nurses. In fact, so important is the nursing profession in Hawaii that our Governor, Governor Lingle states that the demand for registered nurses in Hawaii is expected to increase significantly over the next fifteen years.

"This bill highlights two important issues. First there's an urgency, an urgency to get more nurses and retain our current nursing pool. Second, this bill represents a fundamental established principle that we can all agree upon. We support healthcare and we support those that need it the most: our *kupuna*, our *keiki* and our disabled. Also I wanted to talk about the financial implications of this measure.

"Mr. Speaker the Nursing Center provides its services on a University of Hawaii campus. They're allowed to use these facilities free of charge. This amounts to approximately $100,000 in in-kind donation for that use per year. In addition, they have secured grants approximately $400,000. So we're looking at about a half million dollars that this Nursing Center has been able to secure. Without it,

this wouldn't exist. Without it, the Nursing Center wouldn't exist and we wouldn't be able to retain or seek more nurses for the State of Hawaii.

"Finally if I can add to this. Governor Lingle states that nurses are invaluable members of our healthcare system, both for their medical knowledge and compassion. I agree with the Governor. We should support our nurses and we should support this Nursing Center. Thank you, Mr. Speaker."

Representative Finnegan rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition and just some comments please. Mr. Speaker, I think everyone realizes that the nurses are very instrumental to healthcare. We value them as mentioned in the Governor's comments previously mentioned.

"I think the issue here, and we have to raise an eyebrow when the nurses themselves, and the amount that they're paying which is $40, I think, per year, that they're questioning the worth of this Center. They're saying no. They fully know that that could mean the demise of this particular Center and yet they're speaking out very strongly that they'd be okay with one more year, but not necessarily five.

"Mr. Speaker when those words come from these very same nurses that are on and in hospitals, in doing this hard work, you have to wonder why. And I just wonder if they can see the value in that $40 per year. Thank you."

Representative Cabanilla rose to speak in support of the measure with reservations, stating:

"First of all, Mr. Speaker I'm rising in support with slight reservations. But I also want to disclose that I'm a registered nurse. So I've paid $40 every two years, which is $20 every year. And I think because we have so many problems with nursing being that we are in short supply, that the Center would help us research what needs to be done with the profession so we can move on and be able to analyze and implement what needs to be done with the profession.

"And I agree with the Representative from Kalihi and what he said about nurses. It is true. But I also want to err on the side of reservation. And as noted by my colleague from Makiki, the Center should be partly supported by the private companies also who stand to benefit from a good supply of nurses.

"So I'm voting in support, but I think there is something that we need to go back and work on next year, and that is to incorporate the funding from the private companies as well. Thank you, Mr. Speaker."

Representative Mizuno rose to respond, stating:

"Thank you, Mr. Speaker. Still in support. I just wanted to address some of the concerns by the previous speakers. The $40 fee is actually for two years, not one year. That $40 fee paid by those licensed nurses comes out to be $1.66 per month.

"Second of all, when we are stating nurses, the ones that have some concerns about the measure are actually from the Hawaii Nursing Association. They represent approximately 4,000. If we're looking at the nursing workforce as a whole in the State, they come out to about over 18,000 nurses. So when we use the word 'nurses', we should probably clarify where they're coming from or what organization they represent.

"Again, we have been talking to the new Executive Director, Stuart McKinley and he has interest to work on a measure that would be beneficial and acceptable to his organization. Again, he's the new Executive Director for the Hawaii Nurses Association. Thank you, Mr. Speaker."

Representative Takai rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of this measure. I just wanted to just briefly describe the course of the reason why the Center for Nursing is here in the first place. About five years ago, if you recall there was a strike, a nursing strike that basically polarized our medical facilities and specifically Queen's right across the street. And it was at that time, after 10 years of trying, that the nurses, the medical facilities, and a whole bunch of other people came together and said, 'You know what? We've got to right this wrong,' and we created the Center for Nursing because the Center for Nursing will play a vital role in determining once and for all, what the staffing needs for these facilities are, the retention concerns and the recruiting issues facing this profession.

"It was the nurses that begged us for 10 years prior to passage, to create this Center and I think that we should heed the advice of the Vice Chair of Health only because I think that the Hawaii Nursing Association has gone through significant transitions in the past couple of years. I think that now, with the new Executive Director, there is some stability in the organization and they can take a look at once again the purpose of the Center for Nursing, and why that Center is going to help them in the future.

"I think if you take a look at this particular measure, and people have already said that it's only $40 for two years. But I think more importantly, it creates, I think from the standpoint of the nursing profession, an example for the other professions throughout the State.

"I just hope that we can keep this Center alive and allow the Center to do what the bill now says for them to do, not only to study the implications of the nursing occupation longitudinally for five years, but more importantly to look for additional ways to support the Center outside of fees for nurses. I urge the Members to support this measure. Thank you."

Representative Pine rose to respond, stating:

"Just briefly, I just wanted to clarify in my opposition in response to the Vice Chair of Health. I'm very much in support of nurses. I was raised by one all my life and I know the struggles that they go through, and so I support them. And I'm voting no because I support the Hawaii Nurses Association that redirects from having their salaries used to pay administrators for data to be collected, that some of them believe they could collect themselves for free. Thank you."

Representative Meyer rose to respond, stating:

"Thank you, very much. I think what I'm concerned about is when the nurses were there, and have to come to hearings, and they've expressed their unhappiness about being the only funding source for this Center. It's as if we are not listening to them. They objected to us extending the sunset, and on this bill this was to sunset on July of '09 to figure it out. They came to the point where they said, 'Okay, that's all right,' but now we're extending it to 2014 and that's really like a slap in the face for them.

"I hope that perhaps in the Conference process, we can perhaps get somebody else to help fund this and maybe reduce what the nurses have to pay, but make some kind of a compromise, not just discount this whole group of bedside nurses. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2146, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE CENTER FOR NURSING," passed Third Reading by a vote of 44 ayes to 5 noes, with Representatives Finnegan, Marumoto, Meyer, Pine and Thielen voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1633-08) recommending that S.B. No. 2314, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2314, SD 1, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Belatti rose to speak in opposition to the measure, stating:

"Mr. Speaker I rise in opposition to Senate Bill 2314, HD 2. This measure purports to find ways to improve the insurance marketplace by providing an exception to the anti-bundling provisions of the Insurance Code, allowing mutual benefit societies to condition the issuance of renewal health insurance policies on the purchase of dental and vision insurance. What this measure does however, is weaken our State's anti-bundling provisions of Insurance Code at the expense of consumers.

"Ultimately this measure forces consumers to purchase one product as a prerequisite for buying another product that they may not want or need. The main advocate of this bill, the Hawaii Medical Insurance Association argues, and the underlying Finance Committee Report adopts the reasoning, that because federal anti-trust case law allows tying arrangements like those used by HMAA that we as a State should adopt this policy. I would argue that we as a State, pride ourselves on providing protections to our citizens, sometimes more stringent than the federal government, and that we do not simply follow federal case law in crafting policies that are intended to protect Hawaii consumers.

"I urge my colleagues to vote no on this measure and to take a closer look at the testimony, especially the testimony of the State Insurance Commissioner that has been submitted in opposition to this measure in the underlying Committees. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2314, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Third Reading by a vote of 45 ayes to 4 noes, with Representatives Belatti, McKelvey, Pine and Thielen voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1639-08) recommending that S.B. No. 3257, SD 3, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3257, SD 3, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations. Thank you, Mr. Speaker. I did want to recognize the work of the Department of Human Services under the leadership of its Director for making strides in the past years that she's been Director, in regard to this situation of Medicaid presumptive eligibility, and getting more people that need help onto the rolls of Medicaid.

"My concern with this is basically, we do have some very good processes in place and it's hard to collect from people who are presumed eligible if they end up not being eligible after the fact. It's not like you are able to say, 'Hey you know what? Let's collect from you.' These people, if they are on this list, you would guess it would be difficult from them.

"The other thing is when there is this presumptive eligibility and someone maybe does not qualify, I think its 45 days, that would be money used for people that aren't eligible before, and not able to be used for people who are eligible because money is tight. And so with those reasons, I will be voting with reservations, but I'd also like to submit written comments. Thank you."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of S.B. 3257, S.D. 3, H.D. 2 which requires the Department of Human Services to provide presumptive eligibility to Medicaid or QUEST eligible waitlisted patients. My reservations stem from testimony provided by the Department of Human Services, stating that mandating presumptive eligibility for waitlisted individuals will not address the problem because the barriers are not Medicaid eligibility related. We should be cautious in subsidizing non-medicaid waitlisted patients if we don’t know how many there are. Presumptive eligibility could cost the State around $15 million annually. Thank you, Mr. Speaker."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. On that same measure, I'm going to be voting no. The real sticking point is that only State general funds will be used to pay the providers on the health plans because federal funds cannot be accessed until a person is determined Medicaid eligible. So it's presumptive eligibility, and they're getting medical attention until they get the final determination, only State general funds can be used. And then if they're not eligible, that's it. They pay it. This is going to draw down on our State funds.

"The other thing is that the Department of Human Services has started, just in March 1 of this year, an expedited eligibility that they can actually do in five days. So those are the reasons why I can't support it. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"I rise in support, Mr. Speaker. Just briefly. This is one tool that we may use to assist the hospitals to move the waitlist of patients off of acute care. It's something that's desperately needed by the hospitals. I realize there's some problems related to it, but I think we ought to consider this bill strongly. Thank you. And written comments in addition."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I speak in support. Some days there are as many as 275 persons in Hawaii waitlisted for transfer to longterm care, taking up bed space in our acute care hospitals. The higher cost of these beds results in a fiscal loss for the hospitals, not to mention a poor quality of life for the patients.

"In 2007, the Legislature adopted SCR198 requesting the Healthcare Association of Hawaii (HAH) to study the waitlist problem. With the aid of a consultant, HAH found that establishing a Medicaid presumptive eligibility process would reduce the period of time patients would be required to stay in acute care.

"The Department of Human Services Eligibility Branch has stated they are beginning a new process whereby eligibility would be determined in five days. Even with this plan, it seems a presumptive eligibility process would help to break the log jam that exists and get waitlisted patients out to community care more quickly. This problem has been around for more than 10 years and needs action from the Legislature.

"In addition, we must address the issues of reimbursement, capacity, government regulations and workforce. If we do not act, hospitals may be forced to close or to turn away acutely ill patients.

"I urge the members support."

Representative Finnegan rose to respond, stating:

"Thank you, Mr. Speaker. Still with reservations. And I just wanted to follow up on that comment and reiterate from the Representative from Kahuku, the Minority Floor Leader, that beginning March 1, 2008, presumptive eligibility is not necessary for hospital acute care patients waitlisted for non-hospital based long-term care services because the Department has just implemented a five-day expedited process determining eligibility for Medicaid applications from hospital waitlisted patients. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3257, SD 3, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDICAID PRESUMPTIVE ELIGIBILITY," passed Third Reading by a vote of 47 ayes to 2 noes, with Representatives Marumoto and Meyer voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1643-08) recommending that S.B. No. 2394, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2394, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Mr. Speaker, on Stand. Com. Rep. No. 1643, I'm going to be voting no on this measure. This is a bill we heard in the Finance Committee. I was concerned that the University of Hawaii is the largest science and technology organization in the State of Hawaii, and yet they're not included in this bill.

"The University was not counted in the consideration of this measure. That was troubling to me. The technology master plan, is a much more comprehensive plan that includes various stakeholders, calls for biannual reviews, and will assist the Legislature in maintaining an overall framework to guide the development of science and technology, including the development of new technology parks.

"This bill actually amended an Act we passed in 2007, but which had an appropriation of $150,000. That was removed and $400,000 was put in there for a new tech park which was not identified. Where it would be, or exactly who would be operating it. It just seemed like a real vague framework and the fact the University of Hawaii wasn't even part of it, that was troubling to me. Thank you."

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of S.B. 2394, H.D. 2 which amends Act 150, providing funds to the High Technology Development Corporation (HTDC) to prepare a science and technology master plan for Hawaii and for planning of a technology park. Is this the best use of our resources at this time? We are proposing the allocation of $400,000 for HTDC to plan for a technology park and to prepare a master plan for the State. Much has been done in this area. I believe the direction and plan is already in place. Enough thinking, it is time to do. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2394, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HIGH TECHNOLOGY," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Meyer voting no, and Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1645-08) recommending that S.B. No. 2843, SD 2, HD 2, as amended in HD 3, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2843, SD 2, HD 3, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with reservations. Mr. Speaker I would be remiss if I didn't point out the folly, or footnote at least, of this particular bill which is about recycling electronic devices. It names just about every electronic device you can imagine, except for those that are on our tables. That is the computer. It doesn't mention computers. This is something that came out in the Finance Committee. For some reason it was not noted and changed, but is something that's really a big flaw and it makes us all look like we're absent-minded in terms of our recycling responsibilities to computers. It says, 'computer printers', but it doesn't say 'computers'. So Mr. Speaker whoever is going to be on the Conference Committee hopefully they'll take full recognizance of that. Thank you."

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in opposition to SB 2843 SD2, HD3, Relating to Electronic Device Recycling.

"This measure is redundant in that certain companies and manufacturers have already implemented their own recycling and "take back" programs. Should this measure pass, it may negatively impact these programs which often collect wireless equipment for refurbishing and reuse.

"In addition, the Department of Health has serious concerns about funding and prefers a program that is privately run and does not require the establishment of a new State program.

"If this Legislature insists on performing a task that private industry has apparently been willing and very able to accomplish, the Texas E-waste Law should be used as a model. In that program, manufacturers selling computer equipment implement a recovery plan for recycling devices. Manufacturers pay to carry out their own plans. There is no collection fee and they may select from a variety of options. They then submit reports to the State documenting recycling and reuse efforts.

"Because private industry is doing a more than adequate job at promoting the recycling of electronic products and government will not likely be able to match the efficacy of private industry recycling programs, I oppose SB 2843 SD2, HD3, Relating to Electronic Device Recycling."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2843, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO ELECTRONIC DEVICE RECYCLING," passed Third Reading by a vote of 47 ayes to 2 noes, with Representatives Finnegan and Meyer voting no, and with Representatives Nakasone and Sagum being excused.

At 10:07 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1526, SD 2, HD 3
S.B. No. 2146, SD 2, HD 1
S.B. No. 2314, SD 1, HD 2
S.B. No. 3257, SD 3, HD 2
S.B. No. 2394, HD 2
S.B. No. 2843, SD 2, HD 3

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1649-08) recommending that S.B. No. 2842, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2842, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. On Stand. Com. Report No. 1649, I'll be voting no. My main issue is that the Department of Health already has a program, and I don't think we need to create a new one. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2842, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LIGHTING," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Meyer voting no, and Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1651-08) recommending that S.B. No. 2313, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2313, SD 1, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker in regard to Stand. Com. Report No. 1651, I rise Mr. Speaker, with reservations. This bill discontinues the Insurance Division's Insurance existing Fraud Investigations Unit, and establishes a new Insurance Fraud Investigations Branch to prevent, investigate and prosecute insurance fraud in all lines of insurance except workers' comp.

"Mr. Speaker, I realize that this bill or bills like these have had trouble in the past because of the workers' comp issue. And so although I do believe that this is still a good bill without workers' comp, I do have vote with reservations because that's one of the main areas in which I believe, business would like to see fraud investigations take place. Thank you."

Representative Herkes rose to speak in support of the measure, stating:

"In strong support. As far as worker's comp, the biggest cost driver in workers' comp fraud is from business. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations on this measure.

"This bill discontinues the Insurance Division's existing Fraud Investigation Unit and establishes a new Insurance Fraud Investigations Branch to prevent, investigate, and prosecute insurance fraud in all lines of insurance except workers' compensation.

"Mr. Speaker, I support the idea of prosecuting people who commit insurance fraud and believe they should be punished. However, I do not understand why we would exempt workers' compensation from being investigated. Workers' compensation is one of the most prosecuted insurance crimes in the country. If we are serious about eliminating insurance fraud in Hawaii, we must allow the Investigative Branch to investigate all types of insurance, including worker's compensation. Thank you."

Representative Marumoto rose in support of the measure with reservations, and asked that the remarks of Representative Finnegan be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2313, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1653-08) recommending that S.B. No. 2663, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2663, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in opposition to the measure, stating:

"In regard to Stand. Com. Report No. 1653, I am in opposition. Mr. Speaker, this stems out of a disagreement between the Governor and I think the Legislature, in regard to who can send names to the Governor to be considered nominees for the Hawaii Teacher Standards Board. What the Hawaii Teachers Standards Board, of course, does is license teachers and approve teacher preparation programs.

"The issue was that the Governor was also using other organizations to send down and accept proposals. This is what it does, it basically says that the only people that can forward names are any State chapter of national professional organizations that represent teachers or school administrations or the exclusive representative for public school teachers or the exclusive representative for public school administrators and the HAIS, which covers private school teachers. And I believe that everyone has to be a working teacher.

"One of the issues in regard to this is that I think recommendations were made by Hawaii School Charter Network and others. You wouldn't be able to take the PTSAs in regard to actual licensed teachers being able to forward those names to the Governor. I think this really narrows it down. One of the reasons why we have Charter Schools is because they're incubators for doing things a little differently, and to be able to take their recommendations of licensed teachers and be able to use them, I think, would be a positive thing for the Hawaii Teachers Standards Board. By focusing and funneling

it so we just have a few organizations, I think would be a disservice. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2663, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII TEACHER STANDARDS BOARD," passed Third Reading by a vote of 47 ayes to 2 noes, with Representatives Finnegan and Meyer voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1656-08) recommending that S.B. No. 3076, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3076, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with reservations regarding the epidemiology bill. Mr. Speaker, over the past years, I've learned a few things about epidemiology. As the Peace Corps Director in East Timor where disease was running rampant, one of my biggest jobs was to protect the lives of my 46 volunteers. Because of our proximity to Indonesia and Vietnam where SARS had been, and where avian flu was spreading, and even though it was only going from animals to human, not human to human, I had to have each of my volunteers given Tami flu, which if the outbreak of avian flu did take place they would inject themselves.

"This bill is similar in the sense that, I myself had a physician's assistant who was in epidemiology. This bill asks for epidemiology in the Department of Health, headed by the imminent Dr. Fukino. Instead of granting the request of Dr. Fukino, this bill says, 'Well, we're going to limit the epidemiology request to two.' Now two would seem to be enough, but it's rather short sighted and myopic in my opinion.

"Our State is visited in one year, by people from literally over a hundred countries. The possibility of SARS, avian flu and other virulent bacteria or viruses is very easily conceivable. The Department of Health needs our support to fully, not half-way, be prepared to do the right thing if and when such an outbreak would take place.

"Mr. Speaker, my request is that the Conference Committee would seriously go back to the original version of this bill, and that is where Dr. Fukino simply wanted to say give me more epidemiologists without specifying it or limiting it to two. Whoever is on the Conference Committee, I think can trust Dr. Fukino's judgment, and from there the original bill should be given serious consideration so we are protected from what otherwise, being isolated in the middle of the Pacific, we're very vulnerable to those very virulent bacteria and diseases. Thank you, Mr. Speaker."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm just voting with reservations. I would just want a broader classification in this bill. It is a good bill and it's a start, but if expanded, it would be better. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3076, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EPIDEMIOLOGISTS," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1658-08) recommending that S.B. No. 3009, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3009, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Cabanilla rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in strong opposition to this measure. This bill is about money transmitters, and we passed this measure last year. Now the Department is coming back to us asking for four full-time positions, Mr. Speaker.

"There are two things that are said about the State of Hawaii that I've heard repeatedly. One, we are the number two largest government size per capita; and we are anti-small business. Going back to number one, this bill asks for four full-time positions. And the thing that bothers me also with this is that the companies, the big companies that were once affected by this have already got an exemption. Banks, bank holding companies, credit unions, savings and loan associations, all have an exemption, which means the cost of the four full-time positions is now down to 29 members in which 12 of them are local businesses.

"I think that this is imbalanced, skewed and I dare say, scaring the small guy. An increase of fees up to 750 percent. I have never seen that before, Mr. Speaker. Furthermore, that cost will be passed on to the local users for the small people that send money to their loved ones. Those that use this small convenience to send a small amount of money and they will be charged a large fee.

"These four full-time positions are not needed for 29 companies. I can see them combing these businesses with a fine-tooth comb looking for trouble. One of the arguments given to me was that if they are doing right, they don't need to be worried. But yet Mr. Speaker, if you put four people out there, will they sit in their office and do nothing? No, they will be going out there looking for justification for their salaries every month. This is a cost of about $400,000 a year for those 29 companies.

"Lastly Mr. Speaker, I want to stage my protest again. This bill has something to do with international banks, international currencies, sending money to outside the United States, and dealing with immigrants. It should have been with the Committee on International Affairs. I urge the Members to vote no."

Representative Sonson rose to speak in opposition to the measure, stating:

"I do have to state my strong opposition to this measure. I know I spoke on Second Reading, and I need to express my opposition again and really explain to the body how I arrived at my decision and coming to the conclusion that this is bad public policy.

"Basically, public policy means a course of action or inaction chosen by us public officials to address a certain issue. We could express this in a body of laws, regulations, or in our decisions as a government. I've developed a test called the Sonson's Public Policy Analysis Machine or SPPAM, and it has four components. First we take a look at the elements of the issue, which is public issue, address the goal we're trying to accomplish, and the tools that we choose to use to the impact this issue, and of course it's effects.

"First, the issue. The issue, why this is before us is because banks are closing accounts of money transmitters. The reason for that is that there is a federal compliance provision that they have to fulfill in which they are in doubt where these monies are coming from, and what is it used for. Locally, that issue is we don't want to take cash because we cannot verify where this money comes from. Imagine one transmitter making it with a revenue stream of $25 million, and

if it's all in cash you have to wonder when this particular transmitter goes to the bank, the bank goes, 'Uh oh. You know, the Bank Secrecy Act. If it's over $5,000, we have to report it.' It's extra work. The bank can either charge them more, or hire more people to comply with federal law, or not take it at all.

"Unfortunately, the mainland experience for money transmitters has been pretty bad. If you Google this particular public issue, it's actually on a national level. It's huge in the other states. They're wondering where the monies are coming from, and we know this from these money transmitters, especially from California, New York and these big states. In the discussions in the hearing of this particular measure last year, when we passed the law of regulation in the State of Hawaii, it was the testimony of DFI that said that there are issues such as money laundering that we have to be concerned about. However evidence of money laundering was not before the Committee because they could not provide it. They merely said, 'We have money laundering. We have issues. We have problems like that. The FBI said so.' However the Commissioner was not able to provide any particular evidence for the benefit of those who are concerned.

"I spoke with, and I think this is from a very credible person in the banking industry. I won't say his name, but he does work with a lot of us. It is a local bank called First Hawaiian Bank; the bank that says, 'Yes'. He identified the issue locally as really, if they only didn't bring cash to us, it would not be a problem at all. This issue, if you localize it further and ask the transmitter who is promoting this particular measure, he would say, 'Banks are closing our accounts and they don't tell us why.' Well the reason is because you're bringing in a lot of cash, and making them do a lot of work. The reason is that cash cannot be trusted and that is why you need this law.

"The promoter, one of the money transmitters who is strongly in favor of this particular measure will say, 'I don't want my accounts closed. I'm hoping that with regulation, my accounts will remain open. I'm willing to pay. I don't care what I have to pay. I don't want the banks to close my accounts.' It's true that some banks do close accounts, and they have. American Savings Bank for one, closed accounts. First Hawaiian Bank has not. And other banks have not. This measure does not guarantee that banks will not close accounts. It will not address the issue of banks closing accounts.

"If the issue is banks closing accounts, the best way to fix that would to be to use a simple tool, which is to require that people that want money transmitted bring checks. Banks will not have to process these and will not have an issue with the federal law if you only bring checks. So the public policy tool that we use or are using here is over-regulation. It is too much and not necessary."

Representative Lee rose to yield her time, and the Chair "so ordered."

Representative Sonson continued stating:

"Thank you very much, Representative. It is not necessary. It is overkill. And it's an expense to the businesses. And as stated, there used to be hundreds of 'mom and pop' money transmitters in the State of Hawaii. We only have 12, according to the Commissioner. No, we only have 11.

"The reason for this, of course, is because it's very difficult to enter the market now. Licensing fees are up to $2,000. We were talking about $40 licensing fees for nurses earlier and that was too much. What about $2,000? But that is not all. It also includes a $4,000 auto-fee that is required in order to apply for license and again for re-license. In addition to that there's a cost in examination, which will cost $7,000 on average. The proponent of this measure, which is a money transmitter said, 'I volunteered for this because I'm so scared you're going to close my account and it's going to cost me $7,000 to do an examination.'

"Who does this examination, Mr. Speaker? It's not the four people that were mentioned earlier, which are the four people being requested in this particular measure. These people who are going to make an average of $79,000 each for a total $317,000 to employ four more people in our government democracy. It does not include that because the people who are doing the examination, who are charging these license transmitters $7,000 are bank examiners, who will be paid by, who? To be paid, not by DFI. They're not employed by DFI to do this. Well, they are employed at DFI to do this of course, but the fees are paid for by the money transmitter.

"What it boils down to Mr. Speaker, is that we have a public policy that is anti-business in particular. It increases our government bureaucracy. It is a measure that's flawed in such a way that it does not fulfill the goal which is to not close accounts. And certainly it doesn't do a service to the community who are benefiting from the money transmitters. The benefit Mr. Speaker, is that it used to be before we have regulations that a person working in Hawaii would be able to send money to their loved ones.

"If I may, I'll use the country, the Philippines, because it's very common here. They send money to their loved ones in the Philippines to support them, whether they're in school, whether they are sick. They send money to them very efficiently and very cost effectively. The average cost to send money Mr. Speaker is $15, $5 would be for the banks in the Philippines so that they can, after the money is transmitted to the Philippines that cost is a given $5. Five dollars would be for the money transmitter here, and $5 for the workers. That's all.

"With this measure, I think it is unworkable. It went through the SPPAM test and it fails. Therefore I urge my colleagues to take a look at this again. If it does come back from Conference Committee, and I hope that it will be a better way to create public policy that's more useful to our constituency. Thank you, very much."

At 10:27 o'clock a.m., Representative Cabanilla requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:28 o'clock a.m.

Representative Belatti rose to speak in support of the measure with reservations, stating:

"Thank you Mr. Speaker I'd just like to note my reservations, and in light of my esteemed colleague's comments, I hope that as this proceeds to Conference that maybe looking at the fee structure and how to make it more reasonable in consultation with DCCA, might be an avenue that we can take. Thank you, Mr. Speaker."

Representative Ching rose to speak in support of the measure with reservations, stating:

"With reservations for similar concerns. Thank you."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I will be voting with reservations. It's nice to see that the Representative from Waipahu is doing a lot better and well now. We miss his passionate debate. Mr. Speaker, I would also like to vote with reservations, as I will go through in more detail using his SPPAM analysis. Thank you."

Representative Evans rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with slight reservations. Based on the previous speakers on the Floor today, I want to make sure there is a balance. I do know that this is about protecting the consumers too, and that didn't come up in the speech. But I do think there's possibility of some merit to their argument on how it is impacting the people who want to be licensed. Thank you."

Representative Manahan rose to speak in support of the measure, stating:

"Mr. Speaker, I'd just like to stand in support. I did meet with the concerned money remitters last night, and we're working through the bill and through these issues. But I'd like to shed some light and hopefully we can address these issues during Conference. I just wanted to shed some light with regard to the fee structure and how much actually these money remitters are handling and the volume they're actually doing.

"This is from DFI, the Department of Financial Institutions. Audited financial statements for the year that ended in December 31, 2006, the money remitters disclosed that, out of the eleven, nine money transmitters reported positive net incomes; and two money transmitters reported losses. However all eleven money transmitters reported new positive net worth. So everybody made a profit.

"Operating reports from the three months ending November 30, 2007, average number of remittances, for each remitter over a period of three months is 1,405 transactions. Every dollar amount of remittance over three months is about $678,000 to $999,000. That's over three months, so each of them are doing about $200,000 of remittances a month.

"Average dollar amount of each remittance over a period of three months is about $483. And the average number of operating locations over three months is two.

"The largest three money remitters in this business for one year report an average number of remittances each over three months is $8,412 and these are the larger money remittance of the so-called, 'mom and pops'. The average dollar amount remittance is over $3,419,309, and the average amount of each remittance is about $406. And I'd like to insert additional written comments please. Thank you."

Representative Manahan's written remarks are as follows:

"Mr. Speaker, because Hawaii has a relatively large immigrant and ethnic population, with many of our residents having friends and families in foreign countries, money transmitters provide a valuable service in sending money overseas. This industry, however, has great potential for fraud, and it is important that the State place adequate regulations on money transmitters in order to protect consumers. When it comes to money, our first priority must be to ensure that these businesses are trustworthy.

"I support this bill, SB3009, which proposes more effective regulation. There is an irrational fear that the bill will somehow hurt "mom and pop" licensees, and make it unaffordable for them to stay in business. This is not true. Instead, this bill creates a more even playing field between the large non-banks money transmitter and the mom and pop operations, and provides much more assurance that they will be able to stay in business and serve the public in a professional manner for the long-term.

"Until 2006, money transmitters in Hawaii were not even regulated. In that year, the State Legislature passed Act 143, which required that money transmitters be licensed and regulated by the State Department of Commerce and Consumer Affairs. Currently, there are a little more than 40 licensed money transmitters in Hawaii, and out of that, there are 12 licensees that are headquartered locally.

"The bill does increase fees for the application, license and renewal license fee to $2000, and increases the fee for an additional location in the State to $300 plus increase of DFI Audit fee from $40 to $65 an hour. It also increases the maximum fee cap to $15,000. These increases are reasonable and affordable, even for the mom and pop operations. I talked with a licensee who has nine agents; they do approximately $20 million in transmissions per year, and they are considered small compared to the large non-banks money transmitter.

"Further, in order to reach the $15,000 maximum fee cap, a business would have to have 43 agents under one licensee. That is a fair maximum level considering the amount of money brought in by the number of business transactions.

"Local money transmitters should realize that their competition is not the large banks nor large non-banks money transmitter. The real competition is the banks that are Philippine-based. Because some of them are subsidized, these banks are able to charge less and operate at a loss for a period of time long enough to develop a customer base. Because they are subsidized, they can do business for years by undercutting our Hawaii money remitters until they gain the customer's loyalty.

"The large non-banks money remitter in Hawaii, because of the sheer number of their agents, are bearing most of the cost, about $375,000, of implementing the money transmitter program through SB3009. This program is essential to help ensure that Hawaii's money transmitters comply with all state and federal laws, and can assist local businesses, large and small, with information and best practices.

"For example, money transmitters must be in compliance with the Bank Secrecy Act of 1970, the BSA, otherwise known as the Currency and Foreign Transactions Reporting Act. Specifically, the Act requires financial institutions to keep records of cash transactions exceeding $10,000, and to report suspicious activity that might signify money laundering, tax evasion, or other criminal activities. Several anti-money laundering acts, including provisions of the U.S. Patriot Act, have been enacted to amend the BSA.

"In the aftermath of 9-11, money exchanges face greater scrutiny. Banking rules to prevent money laundering have been strengthened, particularly on the international stage. Communication between law enforcement and financial institutions has been expanded, and there are increased requirements for recordkeeping and reporting. The maximum penalty for counterfeiting foreign currency has been quadrupled. It is no exaggeration to say that our local money transmitters must operate under these elevated requirements if they wish to stay in business and out of trouble.

"I support SB3009 because it is precisely what the money services industry needs in order to help business with government compliance, maintain competition from abroad, and most importantly, to protect the consumer."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3009, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MONEY TRANSMITTERS," passed Third Reading by a vote of 46 ayes to 3 noes, with Representatives Bertram, Cabanilla and Sonson voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1659-08) recommending that S.B. No. 2850, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2850, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising in support with some reservations on this measure. This bill will statutorily establish the Department of Agriculture Biosecurity Program, and it also provides funding for the program and for the planning of an interim permanent joint inspection biosecurity facility.

"I'm concerned about the appropriation with the economic climate that we're in right now. The Department of Agriculture is already

filling in the gaps in invasive species prevention systems, making this measure duplicative of the existing program. The bill is ambitious, but I think just a little premature. This bill may not pass, but I just have to take what we're looking at today. We do have a well-equipped and recently built inspection facility in the Kahului Airport. It is expected to greatly improve the capability of the Department of Agriculture to unload containers in a secure environment for inspections, as well as provide on-site inspections. So those are just the reservations that I have. Thank you."

Representative Tsuji rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tsuji's written remarks are as follows:

"This bill is part of the Joint House/Senate Majority Caucus Package, acknowledging the need to prevent and control the importation and spread of pests and would statutorily establish the Department of Agriculture's Biosecurity Program.

"Our State is in dire need of the legal ability and the workspaces to protect Hawai'i. SB 2850 would provide Department of Agriculture with the necessary tools to implement an effective biosecurity program by ensuring that it has the ability to conduct inspections on more than just incoming agricultural products. It would better ensure that the Department can accurately identify cargo that needs inspection and provide funds for the planning and building of a new joint Federal-State inspection and quarantine facility at the Honolulu International Airport. Any steps to protect and preserve our environment are prudent and this body should forge ahead in this effort by passing this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2850, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BIOSECURITY," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1662-08) recommending that S.B. No. 2779, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2779, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to this measure. Mr. Speaker this is one of three IFL-phobia bills that we will be debating today. For those that have forgotten, IFL-phobia is when we look up, we have an irrational fear of Lingle.

"This bill relates to limiting the Governor's powers to suspend prevailing wages when an emergency is declared. Having declared homelessness as an emergency has created again, another breakout of the IFL-phobia to the extent that some in this body said she may in the process of declaring every social and traffic situation in the State of Hawaii as an emergency, and thereby limiting the prevailing wages, as one of the reactions this bill addresses. The bill is conceived in false and deceptive premise. It's redundant because the Governor is already restricted in what she can do in terms of exempting prevailing wages when there is an emergency declared.

"Mr. Speaker, the formula for curing IFL-phobia is one, take a deep breath, count to seven, and then admit that the Fifth Floor knows what it's doing. Mr. Speaker, this bill is entirely unnecessary and it's entirely political. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2779, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LABOR," passed Third Reading by a vote of 42 ayes to 7 noes, with Representatives Bertram, Ching, Finnegan, Marumoto, Meyer, Thielen and Ward voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1663-08) recommending that S.B. No. 2876, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2876, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm standing in opposition to this bill. This bill will appropriate $2 million from the Unemployment Trust Fund to the Hawaii Workforce Investment Board to improve employer outreach and services, labor force pool expansion, capacity building, and to fund some shared costs for the operations of the One-Stop Career Centers within Hawaii County. That's my problem with this is that it's just going to go to Hawaii County.

"This bill was introduced in the beginning of the Session. It's my understanding Mr. Speaker, that the Reed Act money is really to be used for times when you have a big spike in unemployment, which I believe we're looking at right now with the close of Molokai Ranch, Aloha Airlines and ATA. I think it's not appropriate to take this $2 million and take it to the Big Island. I think it should be used where the largest group of unemployed people need to be serviced. Thank you."

Representative Takamine rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Takamine's written remarks are as follows:

"Mr. Speaker, I rise to stand in support of SB 2876 HD2. This bill would appropriate $2 million to increase workforce development opportunities by tapping into Reed Act money and stimulating job growth.

"To build the brightest economic future, we need to have the strongest workforce possible. This means the best educated and the best skilled workforce which will be qualified to secure higher paying jobs and promote new industry in the State.

"As Mayor Harry Kim explained in his testimony to the House Labor & Public Employment Committee during a hearing on March 11th, 'In 2006, this Legislature appropriated $10,000,000 (Act 190) for the four counties Workforce Investment Boards (WIBs). Of that amount $1,900,000 came to Hawai'i County. We believe that we have allotted the money to projects that the Legislature would be pleased with, including Going Home (our prison-to-community re-entry initiative); Huiana, an island-wide high school student leadership program; and an initiative to directly serve and strengthen our work places through business center and business service representatives.'

"Due to the Hawaii Workforce Investment Board's successful management of the 2006 Reed Act monies, these new programs are helping hundreds of people develop the skills needed to attain better jobs. HWIB has learned how to use this money efficiently and effectively. If SB 2876 is passed, HWIB will be able to tap into their experience and expand their programs to help even more people.

"Though this bill originally appropriated Reed Act monies to all of the counties, it was amended to focus on Hawaii only because the others counties were not ready to proceed quite yet.

"Therefore, I stand in support of SB 2876, HD2, because it will increase support for the business community and contribute to the Big Island's economic health."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2876, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT SECURITY," passed Third Reading by a vote of 47 ayes to 2 noes, with Representatives Finnegan and Meyer voting no, and with Representatives Nakasone and Sagum being excused.

At 10:38 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2842, SD 2, HD 2
S.B. No. 2313, SD 1, HD 2
S.B. No. 2663, SD 2, HD 2
S.B. No. 3076, HD 1
S.B. No. 3009, SD 2, HD 2
S.B. No. 2850, SD 2, HD 2
S.B. No. 2779, HD 2
S.B. No. 2876, HD 2

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1666-08) recommending that S.B. No. 2293, SD 1, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2293, SD 1, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Belatti rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, thank you. I'd just like to note my reservations on Stand. Com. Report No. 1666-08. My reservations are that there are a number of bills concerning affordable housing, Kaka'ako, in urban and rural development. And as these bills proceed forward, I hope that we look at how these bills are interacting with each other, including this bill, and make sure that we are in fact supporting the development of affordable housing. Thank you, Mr. Speaker."

Representative Evans rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Evans' written remarks are as follows:

"Mr. Speaker, I am voting aye with reservations.

"The Chair of Housing has worked hard to find ways to stimulate the building of affordable housing, but the way this bill is structured may be a short-term solution with some unintended long term consequences. This bill would allow developers who meet certain criteria to be exempt from the Corporation's shared appreciation equity program; and notwithstanding sections 201H-47 and 201H-49, be subject to the transfer restrictions and occupancy requirements of sections 201H-47 and 201H-49, for three years instead of ten years.

"This is one of those instances where we should, 'be careful of what you ask for because you may not like the results'. I'm hoping that we are diligent in watching how these incentives will be used and if these developments will be affordable. I definitely do not want incentives to build housing that will not be affordable after three years."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2293, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1667-08) recommending that S.B. No. 2982, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2982, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Pine rose to speak in support of the measure with reservations, stating:

"I just want to note my support with reservations on this bill. This bill started off as allowing the resale of reserved housing units by the Hawaii Community Development Authority and it was supported by many people in the affordable housing community.

"Before I move on I do want to declare a possible conflict. In my work with homeless veterans, we do deal with another side of the company that deals with affordable housing," and the Chair ruled, "no conflict."

Representative Pine continued, stating:

"It was amended in Finance to basically say that they can resell the units, but it has to remain affordable in perpetuity. At first glance, I was very supportive of that because I do believe there is a problem that we create affordable housing units and then it just allows someone else to resell it for a higher profit in the future, and then we don't have enough affordable housing units left. However, just in talking to the different people in the affordable housing and homeless community, there is a problem in binding the hands of future Legislatures and the HCDA. For example there has been a lot of concern with some of the nicer affordable housing units that are in some of the nicer buildings in Kaka'ako, the newer ones like Hokua and people do not want to sell that back to HCDA, and then have them sell for a higher price. And that sounds very reasonable.

"However in this tough economic time that's starting, and it will be even worse to come if certain forecasts hold true, it really would tie the hands of HCDA from, for example, selling that housing unit in Hokua at a higher price, at such a price that they would be able to from that one unit create 10 affordable housing units where more families could benefit. So I can see how that would really prevent us from helping future Legislatures and the HCDA from helping more people. So that's just my concern, and I guess we can discuss this as this bill moves forward."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I do have reservations and would like to have short comments. Along the previous speaker's line of reasoning is that this bill would stifle our ability I believe, in the ability of the Legislature and the Governor and private industry to work together to come up with creative solutions to the affordable housing problem.

"A perfect example in which this House participated in is the collaborative effort with the Kukui Gardens, and I think I've mentioned this before, but it was really 'out of the box' thinking. And to have language like, 'in perpetuity' automatically doesn't set in onto a course of learning what you could do. It basically says that this unit has to remain in affordable. And that's where we create I think, our own boundaries and our own disincentives to creating these types of affordable opportunities.

"So as we do move forward, I would like for this body to take a look at that. And also know that there are already enough protections in place that HCDA has to follow, like the buy-back provision and shared appreciation. And noting that, looking back on our previous bill, which is Stand. Com. Report No. 1666-08, and following and being in line with one message as to how we want to deal with affordable housing, it seems like it's saying one thing in one bill, and another thing in another bill. Thank you."

Representative Shimabukuro rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Mr. Speaker, I guess I would just respond to the previous remarks by pointing out that right now in Kaka'ako, it's a huge struggle that we're going to talk about I'm sure in a bill that's coming up later. The current requirement of 20 percent of affordable units has fallen far, far short from the original plan that Kaka'ako was supposed to produce thousands of affordable units. We have just a fraction of that right now.

"Mr. Speaker, I was just really disheartened to learn that under the way that the reserved housing units work now, truly it's really an affordable unit only for the first buyer. The first buyer gets a great deal and then after waiting out I think it's about a two year buy-back period, they can make a windfall on this unit and that's why now no one can afford to live in Kaka'ako. This bill is going to come up later where the landowners in Kaka'ako are fighting tooth and nail on a requirement that's going to increase their affordable housing requirement by only 5 percent. I was really happy that we passed that bill out because others that are in the affordable housing market say it's totally possible. You can still make a profit. You can still do very well with an increase in affordable housing requirement.

"Mr. Speaker, another thing that we need to point out to this body is to use the example of Kukui Gardens and HCDA, those are two very different animals. Kukui Gardens was a private project that was run by a private company, and the State is now looking to jump in and try to help these poor seniors that are going to look at being displaced and not be able to afford to live there anymore.

"On the other hand, if you're talking about Kaka'ako, Kapolei and other places under the HCDA jurisdiction, our State taxpayers have contributed and paid a lot into those projects. The infrastructure cost millions to put in, to run the HCDA office and all of its staff, our taxpayers are paying money for this too. And I think that to require that these units remain affordable in perpetuity is something we owe to the taxpayers. I think to leave it to the private market and to say, if we just let them do what they want and have a temporary buy-back provision we're going to be taking care of it. It's not happening now. So without us taking a strong stand to protect our taxpayer investment, it is not going to happen. Thank you."

Representative Pine rose to respond, stating:

"I just want to clarify my thoughts. I think it is very right that we should say that we should have a certain percentage of affordable housing units in a certain area. I think that is the intent of the law. However as a suggestion, as this bill moves along, is to give HCDA the buy back so that that first buyer, for whatever reason has to leave that unit, say their income increased dramatically and they are no longer qualified for that affordable housing unit, the suggestion I would make is allow HCDA to have the first right of refusal to get another person into that affordable housing that met the original requirements of the first buyer. This just allows flexibility, and if for some reason we're in an economic bind where we can no longer put money into the Rental Housing Trust Fund the way that we'd like to because conveyance taxes are low, perhaps this would give the HCDA an option to look at possibly, selling this unit for another to create more units maybe down the street in Kaka'ako somewhere. Just flexibility is all they need. Thanks."

Representative Finnegan rose to respond, stating:

"Thank you, Mr. Speaker. I am still with reservations. I don't get it. It's still not happening with the, quote-unquote incentives that are taking place currently. As I mentioned earlier, the incentives to these developers, are actually disincentives. They're having difficulty meeting the 20 percent. So in turn what we do is we create a higher goal of 25 percent. If they're not coming forward on the 20 percent, what makes us think just because we're going to say it that people are going to come into 25 percent affordability units. That's what puzzles me.

"It puzzles me that these developers are already saying it's already difficult as it is, and if we want these developers to come in with investments it's not going to happen if we make it even tougher to pencil out these developments. So you have some issues in regard to buy back or shared appreciation, then tinker with that. But putting it in perpetuity is a very long time. It gives no ability for creativity. And I do have to disagree that if we can do something like Kukui Gardens and be flexible in our thinking and creative in our solutions, then we can do the same with apartments or units that we do invest directly in with our State taxpayer. In fact, I would make the argument that even more so we should be doing that with our own taxpayer dollars. Thank you, Mr. Speaker."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support. It's a complicated issue, so some of these arguments get convoluted sometimes, but I think the reason that the Human Services & Housing Committee, the reason that we supported this was that because raising the reserve from 20 to 25 percent still allows the developer to make money, and it also gives the developer an excuse to go back to their shareholders or their trust beneficiaries and say that the government has stepped in and says this is the most money we can make in this situation, but it doesn't eliminate profits.

"In fact, on an affordable housing project, a private developer can still make money. It's just that they're never going to be able to make as much money as they can producing luxury homes. And of course, the problem we have in Hawaii is that we compete on an international market for luxury homes. And so our citizens who make the average median, government income in Honolulu county is about $70,000. Well, we're competing with people who come in and buy a $1.2 million house and it's a second home, and they think nothing of it. So the private sector has to step up in the situations where they can still make money, but they have to understand too that we're never going to be able to compete with millionaires from around the world, and we need something other than luxury housing. Thank you, very much."

Representative Shimabukuro rose to respond, stating:

"Mr. Speaker, in support again. Just to respond that the argument that having a perpetuity requirement would have eliminated this great opportunity we had in Kukui Gardens to me is a completely backwards way of looking at it. If Kukui Gardens had been affordable in perpetuity we wouldn't have had to bail it out. We would be $50 million richer in GO bonds that we could have spent on other projects.

"To me, I think Kukui Gardens is the perfect example of why we need perpetuity. If we hadn't come to the rescue for all these seniors, they could have been homeless. It cost us a ton of money, the community group FACE had to go through an extremely stressful time. There were lawsuits filed. The Legal Aid Society had to get involved, all because we don't have perpetuity. And this is what I'm talking about. If we don't require perpetuity, Carmel Partners is going to come in and offer a higher price and evict all these people and they'll be on the streets, or they'll be in Waianae on the beach.

"The argument that these developers with the disincentives, I wish that these people opposing the measure had been at the hearing on Kaka'ako. There was developer after developer actually that stood there urging us to increase these affordable housing requirements. Marshall Hung was there, Ken Matsuura, Central Pacific Bank, Momi Cazimero, all of them came and urged us to increase it because they said that the argument that affordable housing eliminates profit is totally untrue. As my Vice Chair aptly pointed out, yes, you are not going to make millions, the $350 million profit that you would have if you're all luxury homes. But you can still

make quite a big profit even when you do affordable housing. Thank you."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Sonson rose to speak in support of the measure with reservations, stating:

"I'm just voting with reservations. I'm concerned about the provision that would make it three years instead of ten years on line 14, which does erode our market of affordable housing out there. I think it's going the wrong way. The 201H process is a way for developers to expedite building and that's how they can save money because time is money. The financing need is money. They can make a lot of money if we lessen the time for them to build these projects.

"The 201H process is great, it's made it possible for developers in Waipahu to circumvent land use laws and City & County permitting laws so that they can bring more affordable housing to the community. But by this measure when you exempt them from the ten year requirement and go to three years, it's going the wrong way. We should actually increase it to 15 years and find other ways to speed up the process so that the developer can make money at the outset when they're doing this, and at the same time we keep more affordable housing affordable for the people of Hawaii. Thank you."

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of S.B. 2982, H.D. 2 which allows the Hawaii Community Development Authority to sell reserved housing units in fee simple. I am concerned with using the term “perpetuity” in conjunction with reserved housing units. Affordable housing remains a top concern of mine as we address cost of living issues for our constituents. Requiring the units to remain affordable in perpetuity constrains creative thinking when faced with affordable housing issues. We all know that change is inevitable; and as change occurs we need to remain flexible when coming up with effective solutions.

"Hawaii Administrative Rules, Title 15, Subtitle 4, Chapter 22, Subchapter 4 specifically addresses reserved housing requirements and alternatives. These alternatives include making cash payments in lieu of providing such reserved housing units. Subchapter 7 governs the sale, rental or development of reserved housing units. These rules were established by the Hawaii Community Development Authority to govern all developments and use of properties within specific areas. Controls based on the purpose and intent of chapter 206E, Hawaii Revised Statutes, have been established to protect affordable housing units.

"In rebuttal and for clarification of the Chair of Housing’s point about the two-year buy back restriction for affordable housing units being too short. The two year buyback restriction is based upon income levels agreed upon when purchasing a unit and is the minimum HCDA can do. However, the buyback restrictions range from two to ten years and I can only remember one occasion where the two-year buyback took place.

"The bottom line is that locking affordable units in perpetuity takes away any flexibility we might have when making decisions that might affect bigger housing issues. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2982, HD 2, entitled: "A BILL FOR AN ACT AUTHORIZING THE RESALE OF RESERVED HOUSING UNITS BY THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representatives Herkes and Waters, for the Committee on Consumer Protection & Commerce and the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1668-08) recommending that S.B. No. 2896, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committees be adopted, and that S.B. No. 2896, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Cabanilla rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'm standing in support with strong reservations for S.B. 2896, SD 2, HD 2. I do appreciate the intent of this bill that deals with unlicensed contractors, but my strong reservation is with the cease and desist orders up front. I do know that I have constituents who are posing out there to be licensed contractors when they are not, and I think we should have a means to stop them and penalize them.

"But my concerns are that those customers, their clients, those homeowners that are taken by them and have paid advance money for their work. Now this is going to stop the process until they get their license. And we all know how long it takes to get a license. And probably they'll never be able to get a license because that's why they're posing as licensed contractors when they're not. So my reservations are that we should have a way to protect them or have them finish their work until we issue the cease and desist orders.

"And furthermore there are people out there too that would take an unlicensed contractor because of the promise of a cheaper cost, which I think that that's their choice. There still are people who do that. So we need to I think, work on this bill for consumer protection. Thank you, Mr. Speaker."

At 10:56 o'clock a.m., Representative B. Oshiro requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:56 o'clock a.m.

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"On Stand. Com. No. 1668, I would also vote with reservations. I agree with the previous speaker in that this will unduly harm the owner or whoever is doing the renovations or construction. In addition, I feel that the penalties are quite harsh in this measure. Thank you."

Representative Sonson rose to speak in support of the measure, stating:

"Mr. Speaker, in very strong support. This issue here is regarding unlicensed contractors doing the work. There are a lot of unlicensed contractors doing the work out there, or else this bill wouldn't be here. And as a policy I think, and as a body we should make sure that there is an even playing field out there and also law abiding contractors out there. We license them for a reason. It's for the safety of the consumers. We already have a law that says you have to be licensed, however it's not enforced.

"The purpose of this particular measure going forward today Members is to strengthen it to ensure that the Department, when they catch these unlicensed contractors doing these licensed activities, that they should be issued a citation right away, and issue cease and desist orders so that they cannot continue. The reason for that of course is because we have to assume that to be licensed, you have to be qualified. And if you don’t have a license there must be a reason you

are not qualified. If it's because you can comply with the law that's one thing. If you are not qualified, and you don't have those skills, that's another thing. We have to protect the consumers or those are benefiting from the work of contractors.

"So as a body I think, we can all agree that we value licensed work because we can trust it and depend on it. We can make sure that they deliver what they are supposed to be delivering as a product. This measure has a cease and desist order because what has happened is there are people who know that they are supposed to be licensed, however they do it anyway because they will not get caught, or because it takes a long time to enforce the law if they are caught. And if you don't have a cease and desist order right away, they can finish the job. They can finish their job and still make a profit.

"Now there is no penalty provision here because we're trying to negotiate that and it will go to Conference. But the reason why there should be a large money penalty is because it is better to have something that will deter unlicensed people to even try to obtain a job to begin with, knowing that if they do obtain the job, knowing that they don't have a license and therefore they're not qualified to do it. They are faced with a large fine. Right now there's no large fines so to speak. The current law is ineffective because there is no such thing as contracts with them. It calls for 40 percent of the contract as the penalty, but since unlicensed contractors do not go into contracts, the $500 a day that is currently in law is insufficient.

"The proponent of this measure deals with this issue everyday out there. The proponent of this measure I can tell you, I'm not going to mention his name, but he deals with steel. What he's saying is that we have contractors who are law-abiding, and we have these unlicensed contractors who are not dealing fair. Maybe because there is nothing to deter them, they can keep doing it over and over. Therefore put a $10,000 a day fine so it will it deter them so if they get caught, when they get caught, they will face this. And hopefully the next person will think twice before they try to obtain a job without having a license. Thank you for your indulgence."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, rising in support with pretty strong reservations. There are a lot of licensed contractors. Well, not a lot. I can't quantify the number. But say a small contractor who does large job and doesn't get paid. He puts a lien on that particular job. Every year when the contractors renew their license, they have to get a tax clearance, and if they owe any money to the State of Hawaii, they can't get a tax clearance and they are essentially out of business which is a pretty tough thing to take.

"There are some contractors and subcontractors who have been in financial jams and can't get their license renewed. That doesn't mean they're unqualified, that they don't know what they're doing. They've been licensed in the State of Hawaii, but they are unable to renew their licenses because they owe taxes to the State of Hawaii. I am not for people being unlicensed, but this bill with the kind of fines that were in there at one point. There is one proponent who thinks $10,000 let's slap them down, I don't think we should all be listening to that one person. We need to have some thought about what is equitable and not just punish them. So those are my concerns and I hope that what we do pass in the end will be something more reasonable. Thank you."

Representative Awana rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in support. This measure helps to ensure the safety and welfare of construction workers. Recent incidents at a Downtown Honolulu site enforces the fact that this bill is not only needed, it discourages unscrupulous activities from taking place in which State and federal laws are broken. Thank you, Mr. Speaker."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On the same measure, with strong reservations. Some of the most vehement opposition to unlicensed contractors comes from licensed contractors. As I look at what happened in Committee and I look at the opponents on this measure, you have the Subcontractors Association of Hawaii, BIA Hawaii, RSI, and General Contractors Association of Hawaii. I would guess especially for BIA, in which I've had some opportunity to talk to on past measures, and General Contractors Association of Hawaii, that they would be in full support of something that would hurt or have consequences on unlicensed contractors.

"My concern on this is the unintended consequences. Say, if a subcontractor does not renew or lets their license lapse, that that would have the unintended consequence of cease and desist on the contractor. I would also think that these heavy fines, what the fears are of these different organizations is that these fines are really heavy, the previous bill where it stated the $10,000 are really heavy. They're more fearful of something like that than they are of the unlicensed contractors. So as we move forward on this particular bill Mr. Speaker, maybe we can think of something else that would get to the problem of the unlicensed contractor. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2896, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CONTRACTORS," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1673-08) recommending that S.B. No. 2245, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2245, SD 1, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Awana rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise in support with reservations on Stand. Com. Rep. No. 1673-08, Senate Bill 2245, SD1, HD 2. This bill is needed in light of an incident that took place where vehicles were stolen and an unattended child or infant was strapped into their seat. I have some concerns regarding the five minutes or longer stipulation as it takes less than five minutes for a vehicle to be stolen, in which case the child's welfare would still be in jeopardy. That is the whole reason behind this bill. But under this measure would not be a violation. Thank you, Mr. Speaker."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of Stand. Com. Rep. No. 1673. Children are often victims of non-traffic, non-crash incidents as parents and caregivers sometimes may forget the risk presented by leaving children unattended in their cars. The temperature is 80 degrees which is quite common in Hawaii. The temperature inside a car receiving direct sunlight can reach 110 degrees in five minutes. When a child's body reaches 106 degrees, he or she can die or suffer permanent disability from heat stroke. Compelling was the testimony from Mrs. Deona Ryan who provided in relevant part: I am testifying for one child that died in Hawaii. In 2004, my daughter Aslyn Ryan, our little girl Aslyn, died February 7, 2004 from hypothermia from prolonged exposure to extreme

environmental conditions in our car. I ask that you help honor the child, the children, who have died, by promoting prevention.

"The second concern I have is that young children under the age of 9 left unattended in a vehicle may be at great risk for injury as he or she may touch the vehicle controls which may also pose a great risk to others.

"Senate Bill 2245 follows the same philosophy as giving a ticket to someone who does not wear his or her seatbelt. People understand or may understand the inherent dangers, but sometimes it takes legislation to change such dangerous behavior. For these reasons, I humbly ask all Members to support this measure. Thank you, Mr. Speaker."

Representative Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure. This is the seventh time I have introduced a bill on this subject. Unfortunately, many still do not understand or acknowledge that leaving a child unattended in a car can have tragic consequences: heat stroke/death, strangulation in a car window, injury from setting a car in motion, or abduction by a stranger.

"In 2007, media reports show that more than 35 children were known to have died across the nation from injuries sustained by being left alone in a car. These numbers do not include those who were left in a hot car and saved just in time, or those who have suffered but have not died as a result of being left in cars. Far too many children have lost their lives or suffered when it is completely preventable.

"This bill will help protect innocent lives by prohibiting operators and adult passengers of motor vehicles from leaving the vehicle with an unattended child under the age of nine inside for more than five minutes, and makes such conduct a violation of the statewide traffic code.

"This prohibition provides one more tool with which law enforcement, firefighters, or rescue team personnel may take concrete action in protecting Hawaii's children by allowing personnel to use whatever means necessary to protect and remove endangered, unattended children from the vehicles.

"Law enforcement, firefighters, or rescue team personnel will be required to immediately report this violation to the police if the guardian of the unattended child cannot be located within a reasonable time.

"In addition, there is an educational component, which requires the examiner of drivers to test license applicants for knowledge of this offense. And the requirements and penalties of leaving a child unattended in a motor vehicle shall be printed on a card, which shall be placed in the glove compartment of every rental motor vehicle offered to the public.

"I urge my colleagues to support this bill."

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of S.B. 2245, S.D. 1, H.D. 2 which makes it a violation of the statewide traffic code to leave a child unattended in a motor vehicle. The bill does not delineate between infant/toddler and child. I would be more supportive if the bill was more specific in regards to the targeted age. You would be in violation if you left your eight year old and an eleven year old together in the car doing homework. There are many parents out there who think that this situation is no different than having these children walk to or from school or allowing these pre-teens to walk around in a store unattended. I believe an educational campaign would be just as effective in reducing risk of injury or death. I will support this bill but feel the infant/toddler is different than an older eight year old child. Thank you, Mr. Speaker."

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations on this bill.

"Mr. Speaker, this measure makes it a violation of the statewide traffic code to leave a child unattended in a motor vehicle. The problem with this bill is with enforcing it. The bill does not take into account circumstances where someone might leave a child in the car. For example, a mother might leave her sick eight-year old in the car to run into the pharmacy to get the child's medicine.

"The Honolulu Police Department testified that there are other laws that could be applied if a person leaves a child in a car with the intent to harm. I think this bill would put police in an unenviable position having to decide if the child left in the car is at risk, when they do not know how long the child has been there, and for what reason the parent is absent. Currently, the HPD will come to the assistance of a child left in a car if there is a complaint. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2245, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO UNATTENDED CHILDREN IN MOTOR VEHICLES," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1675-08) recommending that S.B. No. 6, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 6, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of S.B. 6, H.D. 2 which prohibits the selling or offering for sale of opihi. Prohibiting the sale of opihi is an extreme measure in an effort to conserve a resource that has shown no sign of shortage. The Department of Land and Natural Resources has testified with concerns that a ban would create an underground or illegal market for opihi. I would prefer to see management programs that propose area closures or seasonal restrictions. Thank you, Mr. Speaker."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 6, HD 2, entitled: "A BILL FOR AN ACT RELATING TO OPIHI," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Marumoto voting no, and Representatives Nakasone and Sagum being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1678-08) recommending that S.B. No. 2170, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2170, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LAND," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1680-08) recommending that S.B. No. 2263, SD 2, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2263, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I have reservations on Stand. Com. Rep. No. 1680. Thank you. For the University of Hawaii, we want to make sure we attract the best and brightest to the highest administrative levels. This legislation goes against this idea by requiring the University to disclose proposed compensation or changes in compensation for executive managerial positions filled by excluded employees. They must be disclosed in an open meeting of the Board of Regents for public comment.

"First of all, let's get rid of the phrase, 'newly hired' in this measure. I believe it's meaningless. This bill refers to proposed compensation so it pertains to people who have not yet been hired. The University in its testimony strongly opposed disclosure of salaries before actual hiring on the grounds of privacy. This measure would make it more difficult for the University to hire desirable employees. Potentially interested individuals would not want to apply in fear that it might endanger their present employment. Many prospective employees request that their application be handled confidentially until an offer is made and accepted. This is because when you apply for job you may not want your current employer to know, and so your present job might be jeopardized. The treatment of excluded executive employees under this bill invades their privacy and violates their right to equal protection.

"Under University polices and procedures, applicants for most positions can ask for and receive confidentially in the hiring process until an employment decision is made. In addition, proposed changes in excluded executive employees' compensation and the reasons for such changes are also confidential until a final decision is made. Since changes in current employees' compensation are generally performance based, pre-decisional confidentiality protects employees' privacy and the University's interest in providing candid feedback without subjecting prospective employees to possible public embarrassment.

"For those concerned about compensation and public notification, existing law already creates a careful and appropriate balance between the public's right to know and agencies' need to keep certain matters confidential. This balance is incorporated into Hawaii's Uniform Information Practices Act, HRS Chapter 92F, which includes an exception from the general rule of public disclosure in order to protect pre-decisional materials created during an agency's deliberative process. Once a compensation decision is made, executive employee's compensation of course is public information under current law and the University makes salary information available to the public as required. So let's stick to what works. Mahalo, Mr. Speaker."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with reservations. Mr. Speaker this body should be commended in that it is very receptive and reactive to things that occur in the environment and we are quick to respond to them. This bill was a reaction to June Jones, once people realized what his salary was, they said this is too much. It's something we've got to open up everything to. And what we're doing is throwing the baby out with the bath as my previous colleague noted.

"My point is we have to be deliberative while we are at the same time reactive and responsive. I think this bill is going too far and too much because there's three hundred plus people who make more money than the Governor right now. And if we want to keep the best and brightest here, we can't have them publically exposed. Imagine one of us going for an interview and we don't want our constituents to know because we're going to resign our seat. Can you imagine the disclosure and the downside of which because of June Jones we're overreacting. I think we're going to put things out of kilter.

"The Constitution says we have given autonomy to the University of Hawaii, they are operationally and fiduciarily responsible for what they do. We're taking that back with measures such as this, saying that you guys have to tell us every dollar and cent that you offer somebody. Isn't that a little bit over-reactive? Isn't this policy something that we need to contemplate and seriously change before it gets out of this House in a matter of weeks? Thank you, Mr. Speaker."

Representative Chang rose to speak in support of the measure, stating:

"In support. First, this bill provides the public the opportunity to comment on the compensation being offered to or paid to top University of Hawaii executives. Up to 1985, the salary of the UH President was set by statute, but then the Legislature delegated this decision making authority to the Board of Regents. Since then, the top UH executives covered by this bill are more numerous than ever before and they are being paid more than ever before.

"Hawaii taxpayers and students are now paying the highest tuition rate increase in UH's 100 year old history and they deserve the right to know and to comment on the amount of monies promised to top administrators before the Board of Regents makes its final decision.

"This bill is also forward looking. Within a year, the Board of Regents will be searching for a new UH President. David McClain was appointed President in March 2006 on a three-year contract. Hawaii's Sunshine Law does provide that a Board may hold a closed door meeting to consider the hiring of an official where consideration of matters affecting privacy will be involved. However erroneously, the Board of Regents has stretched the privacy rationale for a closed door meeting to cover the amount of public funds being promised to compensate prospective hires and current executives. Secrecy surrounding the Board of Regents' decision making creates suspicion, undermines public trust, and historically has provided much negative publicity and embarrassment to the University and the State. Thank you very much."

Representative Sonson rose to speak in support of the measure, stating:

"Thank you, very much. In strong support and may I adopt the words of the previous speaker as if they were my own? In addition I'd like to also state that the number is actually 473 individuals in the UH System that make a lot more than the Governor. I think we cannot stress enough the concerns of the students and the faculty that don't make as much money for one, and the concerns of our parents who have to pay for their children's tuition. We have a right to know. And I don't think this is too much as one of the prior speakers said, that it is way too much to ask. This is taxpayers' dollars, nothing is too much to ask. But there are some limits maybe, I haven't seen one yet, but this particular bill is certainly not too much.

"First, the process that exists today allows for a public meeting anyway. What this bill does is just gives another six days. Just six days before the actual disclosure so it will give the public a meaningful time to take a look at what's going to be proposed at the meeting so that they can respond. It is really hard, really difficult to respond to arguments when we are right there. We don't remember when we go to Committee and all of a sudden you face a stack of papers that are the testimonies that you are going hear. Some people may not have come to testify so you are responsible for this. It's really difficult for us to do our job, and I think that's why the Members of the other side of the aisle are always saying, 'Can we have the testimonies in advance?' Well I know why. You want to always be prepared.

"So what the proponents of this measure want is to be prepared in order to make sure that they can ask the proper questions, so that they can represent their constituency in the best way they can. There is nothing wrong with providing information in advance. It doesn't violate the Sunshine Law. It does not impact the negotiations behind closed doors. That's still allowed. What it only does is give that small window of time. Six days. I don't think that's too much. Thank you, Mr. Speaker."

Representative Ward rose to respond, stating:

"Second time, with some reservations, Mr. Speaker. I think it's a clear hypothesis and proven that education is a driver of our economy. We want to seek excellence at the University of Hawaii, throughout the State System, throughout the Community Colleges. If we look at the faculty wages, we are not out of sync with the United States. The only difficulty is we have a cost of living 40 percent higher than the United States, yet we pay the same wages. None of the wages that we have in large numbers more than the Governor are out of line with what otherwise as a nation we actually pay.

"The difficulty is when you try to get a professor here who has to buy a house from $600,000, to $800,000, to $1 million, they think twice. If the salary is going to be the same that they're making back, in fact you can ask our good doctor from the Big Island, why are doctors not coming here? The wages are comparable, even though I believe you would submit that they are lower, but they have to have a cost of living and the school system, etc. are the bigger variables.

"The point is if we want education as a driver of our economy, if we want to have the best and the brightest, and as we honored on the Floor here for a hundred years of excellence at the University of Hawaii, if we want to proud of these people we have to pay them. If we're going to pay them we want to be able to have a procedure that gives autonomy to the Board of Regents to attract them to stay here. This in the guise of disclosure. Yes, it's great. It sounds like we're beating the drums of democracy and openness. But in the effect of it, if it goes contrary to us, we still start putting the University on a downhill path. Mr. Speaker, nobody wants that.

"We want to get into science, technology, engineering and math. We want to be better. We want to turn our tourism economy into a mind and an intellectual based economy where we've got proprietary discoveries in science and biology and all the other things. So we're going to get the people here to teach our kids, we've got to be able to attract them here, this is one of the methodology we've used; it's one of the things that we're going to take away if this continues in it's present run. Thank you."

Representative Takai rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker I rise in support of this measure. I'd like to the words of the chair of the Higher Education Committee adopted as if they were my own. First, I'd like to clarify something said by the Representative from East Honolulu. He said that we gave the University constitutional autonomy and that is not true. The voters of the State, I believe it was the year 2000, voted for a constitutional amendment for the University, but all that amendment did was it gave the University what I call, constitutional flexibility. The University of Hawaii is not autonomous in the State of Hawaii. In fact we should all know that because there are so many bills coming through our House. There are so many requests for funding items. We still play a vital role as to how much general funds they get. We dictate to some extent, how they use their special and revolving funds. They do not have constitutional autonomy.

"But this bill is not about constitutional autonomy. This bill is about providing the public, and in this case the University faculty, students, University community, and also the general public with the opportunity to know how much someone is going to get paid if they're going to work at the University and to be able to comment on that. That's akin to a few years ago the other side of the aisle requesting information about our budget. They wanted to know how much this was going to cost. And today we have a very open budget process with details that are available to not only our Members, but also to the public. If we can do it in this House and the Senate can do it in that house, I think the UH Board of Regents can do it as well for any potential hire. And to give the public an opportunity, six days, to know how much the new President is making, or how much the new Vice President is making, or how much the new Chancellor is making, to me, is totally appropriate.

"The other thing that this bill does is it requires the Board of Regents once again to disclose the budget documents as they discuss them. Last year you may know, I believe it was in August, the UH Board of Regents went about its process to approve the budget that was sent not only to us, but also to the Governor. At that meeting the discussion was cryptic and without any information shared to the public. And I think the University of Hawaii Professional Assembly representing the faculty objected to that process, and they changed, the UH Board of Regents and the UH Administration changed their process because they were made aware that that type of procedure should not have occurred. This bill makes sure that once and for all, the budget decisions that are being addressed by the Board of Regents on the University's biennial and supplemental budget will be available to the public when they're discussing it. These two things are fair. I think these two things are items that we all have requested over our tenure as legislators in our own process, and we do do it.

"So I think whoever is concerned about this particular measure should read it and put yourself in the position of the public, the UH faculty, the UH community out there who I believe, have a much bigger stake in the success of our University than we do here at the Capitol. Thank you, Mr. Speaker."

Representative Marumoto rose to respond, stating:

"Thank you. Just to respond to the previous speaker. Yes, it is true we did not give the University of Hawaii total autonomy, but we did give them autonomy in their internal affairs and how they run the UH System. When it comes to hiring, hiring is definitely an internal matter, so I would still maintain that this bill is flawed in terms having to disclose, forcing them to disclose salary before people are hired. Thank you."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I stand with reservations. My concern is with the policy or the precedence that we are creating, I believe that there are maybe even legislative and civil service jobs throughout the State that pay more than the Governor, and we are going to have public hearings to have people comment on those jobs?

"I don't think that we make those jobs public and what people get paid. So if we're going to have some kind of policy like that, be open to the questions that may open up more transparency I guess with all jobs that pertain to the public. Thank you."

Representative Ward rose, stating:

"Just a brief rebuttal."

The Chair addressed Representative Ward, stating:

"No. Representative Ward, you've spoken twice already on this measure."

Representative Ward: "So a rebuttal is not considered. As the Constitution says we give them autonomy I was just going to say …"

Representative Takai rose to a point of order, stating:

"Mr. Speaker, the speaker is out of order."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

At 11:25 o'clock a.m., Representative Say requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:25 o'clock a.m.

Representative Finnegan rose, stating:

"Thank you, Mr. Speaker. I just wanted to make a comment in regard to the former speaker from Hawaii Kai being ruled out of order. I believe that speaking on the third time has been done before. We've done it in the past and that it was up to the Speaker to determine. So I just wanted a clarification on that issue."

The Chair responded, stating:

"I think we've had a lot of discussion on this issue."

Representative B. Oshiro rose to a point of order, stating:

"Point of order. I believe, no, we've never done that actually. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2263, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

At 11:26 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2293, SD 1, HD 1
S.B. No. 2982, HD 2
S.B. No. 2896, SD 2, HD 2
S.B. No. 2245, SD 1, HD 2
S.B. No. 6, HD 2
S.B. No. 2170, SD 1, HD 1
S.B. No. 2263, SD 2, HD 1

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1683-08) recommending that S.B. No. 3008, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3008, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE CODE OF FINANCIAL INSTITUTIONS," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1684-08) recommending that S.B. No. 3252, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3252, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On Standing Committee Report, 1684 I stand with reservations. This bill, relating to teachers, contains a number of initiatives and appropriations that are in place in order to attract and retain teachers here in Hawaii. And although these initiatives and appropriations are very good, we may not have enough money to fund all of them. And more importantly it only takes small steps toward addressing the teacher shortage.

"Mr. Speaker, I would submit that there are day-to-day practices that would make the profession of teaching much more attractive and we need to look at some of those day-to-day situations, the added bureaucracy, and what we put teachers through, and whether they're satisfied and happy in their job. I think that that's a big part of it. My thoughts are that what if people are constantly taking jobs in the private schools that pay less, but maybe we should look at what they're doing to make the teachers more satisfied.

"In addition one of the biggest battles to teacher recruitment continues to be more recognition of out-of-state teacher licenses, and I think we need to take a look at that. Thank you, Mr. Speaker."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"On that same measure, I'm rising in support, but with strong reservations. I would like to have the words of the previous speaker inserted into the Journal as if they were my own, and also add additional remarks. Thank you."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations on this measure.

"Mr. Speaker, I understand we have a teacher shortage in Hawaii and we should make a concerted effort to encourage young people to become teachers. But what this bill does is appropriates a lot of general funds. Money for new programs such as housing assistance, teacher training, pilot programs, and even more money per pupil for special coaches, for robotics, speech, and debate. It looks like a very expensive wish list.

"Mr. Speaker, I believe the biggest barrier to hiring more teachers is the DOE's policy of not accepting teachers' credentials from out of state. Why should a trained teacher have to take classes here to be accredited in Hawaii when they have been teaching for years in the public schools in other states?"

Representative Finnegan rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of S.B. 3252, S.D. 2, H.D. 2 which addresses the teacher shortage in the State through various initiatives. This bill appropriates unspecified amounts of money into various programs. The Department of Education testified that it supports the bill but feels the Board of Education's Supplemental Budget Request is more important.

"I would also like to point out that not all solutions have to involve money. I've seen teachers who don't feel supported leave the Hawaii Public School System in favor of jobs that pay less. Some flock to private schools and some take on whole new careers.

"In our current economic state where money is so constrained lets take steps to address the non-fiscal issues. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3252, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TEACHERS," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1687-08) recommending that S.B. No. 2196, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2196, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm rising in opposition to this measure. DLNR currently issues commercial use permits for the State small boat harbors, launch ramps and related facilities, as well as requiring all equipment used for commercial purposes on State waters to be registered with DLNR. By requiring DLNR to regulate commercial activities originating in public and private property would be very burdensome, and difficult for the Department. They don't really have the staff to handle that at this point in time. For those reasons, I'm voting no."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2196, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO COMMERCIAL ACTIVITIES ON OCEAN WATERS," passed Third Reading by a vote of 47 ayes to 2 noes, with Representatives Marumoto and Meyer voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1688-08) recommending that S.B. No. 2644, SD 1, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2644, SD 1, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. On Stand. Com. No. 1688, in regard to the State historic preservation officer and its qualifications. Mr. Speaker I'll be voting no in regard to this measure and it's mainly because this is a very difficult position to fill, and it's strapped with a lot of difficult issues. And to make the qualifications, to lay out qualifications I think, doesn't give the flexibility to the Administration to be able to fill that position in whatever way that they need to.

"I also believe that we are connected and accountable to the federal government on this matter as well. I have some additional written remarks, but those are my main concerns."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition of S.B. 2644, S.D. 1, H.D. 1 which specifies the required qualifications for a State historic preservation officer and deputy historic preservation officer and adds requirement that notice of the appointment of a State historic preservation officer be given to the legislature.

"I believe this crosses the bounds of separation of powers between legislature and government. Thank you, Mr. Speaker."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in opposition to this bill.

"This bill requires that any person who is appointed by the Governor as the Historic Preservation Officer (SHPO) must meet the required standards established by the United States Secretary of the Interior. Mr. Speaker this bill is unnecessary. The current practice of having the Chairperson of DLNR and the administrator serve as the Deputy SHPO meets the required federal guidelines.

"The current organizational setup of the State Historic Preservation Division (SHPD) has the Chairperson of the Department of Land and Natural Resources serving as the SHPO while the State Historic Preservation Division Administrator serves as the Deputy SHPO. Having the Chairperson serve as the SHPO allows for the oversight over the State Historic Preservation Division and staff's work with federal entities. Because this bill is unnecessary, I urge my colleagues to vote 'no' on this measure. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2644, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE HISTORIC PRESERVATION OFFICER," passed Third Reading by a vote of 46 ayes to 3 noes, with Representatives Finnegan, Meyer and Pine voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1689-08) recommending that S.B. No. 3206, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3206, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO KAWAI NUI MARSH," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1691-08) recommending that S.B. No. 3215, SD 3, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3215, SD 3, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak against Senate Bill 3215, Relating to Biodiesel. I can do this rather briefly and I'm going to quote from Tax Foundation of Hawaii's testimony, and I quote:

> As we are all learning the efficacy of using biomass fuels has now been brought into question where some studies show that the road to the production and use of biomass could produce far more greenhouse gases than biomass purportedly saves. Granting tax breaks to technologies that have yet to be proven to be beneficial is like handing out good grades for homework poorly done.

"I've cautioned before in this House that we should be very careful about jumping on the bandwagon for biofuels. Right now we're

seeing some deforestation that is now accounting internationally for 20 percent of greenhouse gases. The deforestation is, of course, because of the biodiesel crops and we are doing severe damage in many rainforest areas.

"I think this bill is probably very well meant, and very well intended, but I also think that people need to look at the broader impact, the negative impact from granting this preference for biodiesel crops.

"And the other comment that I would have is that we need to treat food production really on a higher plane because we need to have food for our local people here, and in the event that we take the wrong steps and we can't rely upon imports from other areas, we have to be sure that we have protected our own food source locally for our people. Thank you."

Representative Evans rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Evans' written remarks are as follows:

"Mr. Speaker, I rise in support with reservations. It's a good thing our technology is moving us away from dependence on oil. But, my reservations come from wanting our society to understand more on the costs to produce biodiesel, the costs to the consumer, and a better understanding of potential impacts on our natural environment."

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in opposition on this measure.

"Mr. Speaker, this bill requires the Department of Agriculture's Energy Feedstock Program to support market development for biodiesel feedstock. If this bill passes, the Department of Agriculture will need to request significant funding, CIP funds to build storage facilities, funding to purchase crops, and funds for new personnel with expertise in fuel trading and processing.

"This bill's tax exemption is vague and unclear. Does it apply to 100% of income derived from the processing of oil seed produced in the State, or to 100% of all income from any facility that processes any amount of oil seed produced in the State? One cannot tell. Rather than singling out a particular area for tax relief, efforts should be made to improve Hawaii's business climate to "grow" the economic prospects for all businesses.

"I am also worried about the impact this bill would have on the environment. Some studies show that the production and use of biomass could produce far more greenhouse gases than biomass purportedly saves. Biomass is not as environmentally friendly as many scientists have claimed. Thank you."

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker I rise in strong support and I would like to thank my colleague from Kauai for introducing this bill."

Representative Pine rose in support of the measure with reservations, and asked that the remarks of Representative Thielen be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3215, SD 3, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BIODIESEL," passed Third Reading by a vote of 46 ayes to 3 noes, with Representatives Marumoto, Meyer and Thielen voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1692-08) recommending that S.B. No. 2933, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2933, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise in support with reservations on Standing Committee Report 1692-08, Senate Bill 2933. Mr. Speaker, this bill allows the use of clotheslines by owners of privately owned family residences and provides restrictions on the locations of clotheslines. The purpose of this Act is to prohibit contracts and other binding agreements from precluding the erecting and the use of clotheslines on a premises of single family dwellings, and to prohibit rules on the placement of clotheslines from being unduly or unreasonably restrictive.

"First let me make clear that I applaud the intent of this bill which is to reduce the use of clothes dryers to decrease the amount of electricity that households use and thereby reduce the amount of fossil fuels used to generate electricity. My issue with this bill however is threefold.

"First the language in this bill is tenuous in that it states, quote: 'No person shall be prevented by any covenant, decoration, bylaws, restriction, deeds, etc. from erecting and using a clothesline for the purpose of drying clothes on a premise of any single family residential dwelling or townhouse that a person owns provided that rules that facilitate the placement of clotheslines shall not be unduly or unreasonably restrictive.' Mr. Speaker the terms, 'unduly' or 'unreasonably restrictive' are simply relative and difficult to interpret. I submit that it is bad public policy to be passing laws with tenuous language because it will lead to lawsuits for interpretation by a court of law thus increasing litigation.

"My second issue with this bill is that some communities in Hawaii are guided by Homeowner's Associations. For example the Villages of Kapolei, the town of Mililani, the towns of Waikele, Village Park and Royal Kunia are all under the auspices of Homeowner's Associations. As such people living in these communities are bound by project documents such as the declaration of Covenants, Conditions and Restrictions also known as CCRs. Restrictive covenants therefore are rules which homeowners must follow as part of the upkeep of the neighborhood. While the Legislature purports that it is simply aesthetics, I submit that it is for another reason. It's for the property values of a homeowner to keep up that property value by being bound by these restrictive covenants.

"I live in a Homeowner's Association and chose to live in a community under the auspices of a Homeowner's Association because I wanted to live in a planned community with restrictive covenants to keep among other things, the value of my property. I can support this bill wholeheartedly if the clotheslines were screened off and not in plain view because that would achieve the intent of this bill while also including the upkeep of one's property value and the aesthetics of the community. That was a simple compromise to this measure and I'm sorry that it was not inserted into this bill.

"Finally Mr. Speaker when homeowners sign their project documents upon purchasing their home in a Homeowner's Association, a legally binding contract was entered into between the developer and homeowner. By passing this law we're arguably

interfering with contractual relations. For these reasons Mr. Speaker, I stand in support with strong reservations. Thank you."

Representative Karamatsu rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'm rising in support with reservations. I too have a district that has several planned communities which include Waikele, Royal Kunia and also Village Park. I have reservations and concerns, but I support the intent. I would like to adopt the words from the previous speaker from Kapolei as my own," and the Chair "so ordered." (By reference only.)

Representative Morita rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of the measure. I represent the Princeville area which is I believe the second largest planned community in the State. And of course I ran the language of the bill by the Homeowner's Association which found no problems with the language, and actually allows people to dry their clothes outdoors. They didn't find it overly burdensome.

"I just wanted to point out to the Members that this community probably has the highest property values in the State, and in one of the most beautiful areas in the State along the golf course with numerous resort complexes within this planned community. So again, they found no problems with this measure. Thank you."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition to this measure. Mr. Speaker I don't think it's appropriate for the Legislature to try to preempt contract law. These Associations, as the speaker from Kapolei said, many of the buyers of these properties with restrictive covenants, they sign a paper saying they agree to those covenants. And some of the covenants actually run with the land. They're included in the deed. These are recognized documents that hold water and everybody agrees to it. For us to just pass a bill and say 'Nope, that means nothing. We know what's good for you,' I don’t think that's appropriate.

"Some covenants have a short period on them, maybe 20 years, 15 years. Some can be amended. We have Associations, Homeowner Associations, and these folks can decide what they want in their neighborhood. But for us to send out this edict that we don't recognize any of these contracts, covenants, declarations, bylaws, they mean nothing to us. The greater good is you hang out your laundry. I don't think that's appropriate, Mr. Speaker."

Representative McKelvey rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I would like a ruling on a potential conflict. I'm a member of a community association that would be affected by this measure. And another one. I own a clothes dryer," and the Chair ruled, "no conflict."

Representative McKelvey then asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Yamane rose in support of the measure with reservations, and asked that the remarks of Representative Har be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Souki rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I want to speak in favor with some minor reservations. My only reservation is that we don't have a tax credit for a clothesline. We have a tax credit for everything else. Why not for clotheslines?

"It brings back memories when I had a clothesline in my home years back, and watching the sun shine on the clothes. And in the evening you had to look out for some weirdoes who came out and took the women's underwear. Anyway, I'm sorry, Mr. Speaker. I think that we should encourage more of this activity with a tax credit. Thank you."

Representative Cabanilla rose to speak in support of the measure, stating:

"I'm rising still in support Mr. Speaker, but I would like to make a few comments. I represent Ewa, and one of the biggest blessings that Ewa has is sunshine, about 300 days a year. Furthermore, I represent an area with community associations and condominium associations, and I was really elated when I heard about this bill that was introduced by my colleague from Kauai, because I didn't have to introduce it. A lot of my constituents have been harassed by these community associations because they want to hang their clothes outside. So I'm expressing the sentiment in my district, but they do favor clotheslines. Thank you."

Representative Pine rose to disclose a potential conflict of interest, stating:

"I just wanted to disclose a conflict. I'm a member of a community association as well," and the Chair ruled, "no conflict."

Representative Pine continued in support of the measure, stating:

"I'm in strong support, and I would love to have clotheslines in my backyard, but I'll put them below the gate so that those people that are opposed to it are not mad about it."

Representative Takai rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker I rise in support of this measure. Just briefly, I represent a community in Aiea, and in fact live in Newtown, one of our planned community associations in that area. But I also am the President of another condo association in Waiau, and I just want to remind the Members that it took either an act of Congress or an act of the Legislature to allow homeowners to put up solar water heater panels, and to also put up satellite TV dishes. And it's because of progressive people before us that saw the benefits of those two items that we now have it as standard regardless of covenants and deeds and things like that.

"I understand the concerns of some of the colleagues in respecting the rights and privileges of Associations, and I think we can work on this a little bit more. But it's going to take a law to allow members of our communities to save energy and utilize clotheslines. I just wanted to also mention, if you don't have a solar water heater, water heaters are the number one utilizer of electricity, and I think number two, followed very closely, are clothes dryers. So I think this is going to save a lot of electricity. Thank you."

Representative M. Oshiro rose in support of the measure, stating:

"Mr. Speaker, I stand in strong support."

Representative Ward rose to speak in support of the measure with reservations, stating:

"I want to thank the Representative from Maui for interjecting levity into the debate on the Floor today. But my position is with reservations because of the falsity of government that I think is behind this."

Representative Evans rose to speak in support of the measure, stating:

"Thank you Mr. Speaker I'd like to submit written comments in support and also note I'm also a member of the community association," and the Chair ruled, "no conflict."

Representative Evans' written remarks are as follows:

"Mr. Speaker, in strong support. Clotheslines were a way of life before clothes dryers. With the high cost of electricity and what it takes to produce electricity, I strongly support the use of clotheslines. I personally do not find offensive the sight of clothes hanging. But, I'm sure many do find them offensive. Therefore, putting restrictions on where clothes can be hung is reasonable, as long as clothes can be hung. It's important to point out sometimes our laws are too vague and those who control decisions in planned community associations and homeowner associations can pass rules that reflect their own personal values instead of the good for all. We must be sure our intent is clearly understood."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'd like to vote in support, but with reservations and ask that the words of the Representatives from Kapolei and Aiea be entered as my own. I would also like to disclose that I am also on board of a community association," and the Chair ruled "no conflict."

Representative Finnegan rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition of S.B. 2644, S.D. 1, H.D. 1 which allows the use of clotheslines on any privately owned single-family residential dwelling or townhouse. Contracts should be taken seriously. Government shouldn't haphazardly make laws that change the terms of an agreed upon contract. I'm sure there are other ways to achieve the goals of this bill. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2933, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HOUSEHOLD ENERGY DEMAND," passed Third Reading by a vote of 47 ayes to 2 noes, with Representatives Finnegan and Meyer voting no, and with Representatives Nakasone and Sagum being excused.

At 11:48 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 3008, SD 2, HD 1
S.B. No. 3252, SD 2, HD 2
S.B. No. 2196, SD 2, HD 2
S.B. No. 2644, SD 1, HD 1
S.B. No. 3206, SD 2, HD 1
S.B. No. 3215, SD 3, HD 2
S.B. No. 2933, SD 2, HD 2

At 11:48 o'clock a.m., Representative Thielen requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:51 o'clock a.m.

LATE INTRODUCTION

The following late introduction was made to the members of the House:

Representative Manahan introduced the 7th and 8th grade students of St. Anthony School in Kalihi. They were accompanied by Mrs. Thorp and Sister Imelita.

UNFINISHED BUSINESS

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1696-08) recommending that S.B. No. 2720, SD 2, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2720, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I am in strong support. Thank you."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, on Stand. Com. No. 1696, I'm in support with reservations because this money was not included in the budget."

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, regarding the question of the previous speaker. Yes, these positions are not in the budget, but we're hoping that through the budgetary process that we can get our colleagues to see the future value of these positions and how it would impact the overall expansion of the fire-safe cigarettes, as well as potential fire mitigation plans and potential supporting of additional issues relating to fireworks. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2720, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE FIRE COUNCIL," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1698-08) recommending that S.B. No. 2341, SD 1, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2341, SD 1, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition to this measure. This is a bill that requires contracts made directly between the State and a non-governmental entity or through an interstate compact that provides for the incarceration or detention of Hawaii prisoners outside the State to have a contract or provide access to the same information as is required of the Department of Public Safety in the Sunshine Law. It includes the same remedies for the failure of the contractors to provide information as required by government agencies in the Sunshine Law.

"The problem I see is that these private prisons on the mainland are non-governmental entities performing a government function and I question whether they're subject to the UIPA requirements. The measure requires a private corrections contractor who contracts to house Hawaii's State inmates to submit to procedures required by State agencies under HRS 92F simply because they contract with the Public Safety Department of the State of Hawaii.

"I'm concerned that if this law passes, we will not have any private business who will want to contract with us. This could create a real problem for the State if suddenly we had to bring all our prisoners home. We have elected to send them to the mainland rather than build new prisons here, but if we put out a requirement that the private prisons are not going to follow, they're not going to bid for our business. And I think having all the prisoners come home would really be a crisis situation. Thank you, Mr. Speaker."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising in support. The previous speaker I think did well in teaching us what this bill is all about. But really, what it's about is we have people housed on the mainland and their parents, their family members, their loved ones, people who are advocates for people in our prison system who want to make sure that what we pay for is what we get. And I believe that having access to information to what's in the contract, have it readily available to the people that are housed in these facilities as well as the family members is very important to make sure that our inmates are treated with respect and fairly and in accordance with the contract that we're paying.

"You could argue that we don't want some of our laws applying to the 'private sector,' but this is about our people, our brothers and sisters and members of our community that are living in another State under the control of someone else. So I think having this visibility is very appropriate.

"I really don't agree with the argument that it's going to keep the private sector from bidding on this because this is for profit and we're finding out they're making a good profit, these private prisons. So having the contract readily available, I don't see that as a problem. Thank you."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I will vote with reservations on that same bill and submit written comments. I do believe that this will discourage the private contractors from bidding and if so we should be prepared to monetarily support these prisoners returning.

"We all know that that's going to be a large amount. We all know that it's been a very huge struggle for the people of Hawaii, for our Legislature, for the Governor to find a place where we can build or expand our prison. If we go into measures like this, the unintended consequence could be the return of all of the prisoners then we need to be prepared for it and it needs to show up in the budget. Thank you."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition of S.B. 2644, S.D. 1, H.D. 1 which requires out-of-state detention facilities holding Hawaii prisoners under a contract with the State to make public information about the operation of the prison. This would discourage private vendors from bidding. Realistically, where will we put our prisoners if contracts aren't renewed? The unintended consequence of this bill is that all our prisoners return upon non-renewal of private prison contracts. This in affect ensures that "ALL" services and programs are lost for the prisoners, over crowding our current facilities, and seriously compromising safety. Thank you, Mr. Speaker."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2341, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Meyer voting no, and Representatives Nakasone and Sagum being excused.

Representative Magaoay, for the Committee on Legislative Management presented a report (Stand. Com. Rep. No. 1735-08) recommending that S.B. No. 2129, SD 2, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2129, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. This is in regard to Standing Committee Report No. 1735. I am standing in opposition. The purpose of this bill is relating to elder affairs. The purpose of this bill is to promote the well-being of elder citizens of the State by ensuring that the recommendations and positions of the policy advisory board for elder affairs are disseminated, unaltered and unedited. This bill authorizes PABEA to testify before the Legislature on any matter related to its duties and responsibilities.

"Mr. Speaker, when you read those words and purposes, as well as what the actual legislation or what the bill says it does, it basically insinuates that they have no voice; that they're being under the thumb of the Governor and that they cannot speak. The Board cannot speak outside from speaking to the Governor and that the Legislature doesn't get truthful information is what I gather from this bill. And in speaking with and in front of us, when we had the Director of the Office on Aging speak on this bill, she did say that they have good working relationships, and that the PABEA actually has the ability to testify on their views on different issues and different pieces of Legislation.

"The only thing is that the Governor's Office, in handling some coordination in regard to seeing the testimony, and I think that that's fair. That is out of the Department of Health and that that information should be shared with the Governor's Office. One of the things when asked was can they basically testify with their own positions and as long as there is a disclaimer on there that basically says that this doesn't represent the views of the Governor or some kind of language like that, that they're okay to go ahead and testify with that information. I believe that that is fair.

"So by passing the piece of legislation or a bill like this, in the end, I just don't know what it does. We did change the effective date so this looks like it's going fast track forward, and the language just to restate what the language is in the bill, is the Board may testify before the Legislature on any matter related to it's duties and responsibilities in which they can do now. Thank you, Mr. Speaker."

Representative Takumi rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. I stand in support. To respond to the comments made by the Minority Leader, this in fact is a real issue and I've had the privilege and the pleasure of working with PABEA over the years, particularly with prescription drug issue. I've been to many of their meeting and in fact, that is the concern. There has been a chilling effect on the ability of PABEA to come testify at the Legislature, free and clear.

"I think it really strikes the heart of their concern, and that is, does PABEA represent the interest of the elderly in the State, or should they represent the Administration? They believe it's the former and they were told that their testimony has to reflect the concerns and positions of the Administration.

"I believe this bill really clarifies that they have an independent position within government that they can come here and testify, representing themselves. If it's not needed, why not just have it

anyway so that it's clear to everyone that they are an independent voice representing seniors in our State? Thank you, Mr. Speaker."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I also have reservations on this matter and I would like to adopt the words of the Minority Leader. In addition I believe this bill is unnecessary and I don't believe we want a law of this type on our books. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2129, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ELDER AFFAIRS," passed Third Reading by a vote of 47 ayes to 2 noes, with Representatives Finnegan and Meyer voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1736-08) recommending that S.B. No. 2480, SD 2, HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2480, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I have reservations. Just to point out that currently, I realize that the money from TANF was taken out of the bill, but I still have reservations because it's actually asking for money from DHS for STEM. I don't quite know how those dots connect, so if you can just note my reservations on that."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2480, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TECHNOLOGY WORKFORCE AND DEVELOPMENT," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1737-08) recommending that S.B. No. 2202, HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2202, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PARTIAL PUBLIC FINANCING OF ELECTIONS," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1738-08) recommending that S.B. No. 651, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 651, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. This is a bill dealing with the recycling of plastic bags and I'm rising in opposition for a lot of the same reasons that the Sierra Club had. I'm going to read from their testimony.

As it is currently written, the proposed Senate Bill 651, HD 2 simply requires certain stores to take back clean bags. This is a good thing. The customers are not required to take back their bags. Customers have little incentive to bring their bags back to the store aside from the sense of environmental stewardship, and stores are not required to actually recycle the bags.

"In looking at the bill and it seems like a lot of busy work and a lot of expense. We're going to create a new program with the Department of Health. It is estimated it might cost about $200,000 for the positions. The stores are going to have to send in reports for a minimum of three years. I'm not quite sure what they're reporting on. I guess they're going to have to count these bags to talk about how many bags that people are bringing back.

"And there are fines. I guess they can get fined because they don't send in reports. I'm not sure, but maybe they don't put out a receptacle for people to put their old bags in. And the fines are $100 for the first violation; $200 for the second violation; and $500 for the third. And it doesn't call for any particular recycling. It doesn't say what they're doing with these bags. But I feel for these store people that have to count all these bags that come in. They're supposed to be clean. Some people are careful, some people not, and you know what meat does in a bag.

"I think that this is an expense. It's maybe the beginning of something greater, but just the way it is now I certainly can't support it."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Berg rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I too rise in opposition to this measure for different reasons than the Minority Floor Leader. With all due respect to the efforts of those Committees who were working on this in the House, and looking at ways in which we can curtail the use and the abuse, I guess, on the whole issue of plastic bags. The section that I have most difficulty with in this bill has to do with conflict in other laws.

"It appears to be fairly unnecessary to state that unless expressly authorized by this part, a county or other public agencies shall not adopt, implement or enforce any ordinance or rule, regulation that one, requires a store that is in compliance to collect or transport. So it appears as if this is somewhat redundant. I don't think it's necessary to restate that if a store is in compliance with what we're asking them, that a county cannot implement or enforce other ordinances.

"In addition I think that it is not correct, and I believe perhaps not legal to preempt the counties' abilities to do this. And so for that reason, I'm going to vote against this and request that further comments be inserted in the Journal. Thank you."

Representative Berg's written remarks are as follows:

"Mr. Speaker, I rise in opposition to SB 651 SD 2 HD 2.

"The language in this draft limits and pre-empts the ability of our county governments to work out solutions to the problems of plastic bags that best fit the needs of their local communities. While this proposed draft measure significantly departs from the original language and intent of the bill, it does little to curtail the use of oil-based plastic bags.

"The environmental problems associated with the wide-spread use of plastic bags are becoming monumental. Our public spaces, waterways, and oceans are being choked by our inability to manage an appropriate disposal method of plastic bags. The current draft of SB 651, SD2, HD2, appeases the retailers and food industry members by providing them a time-frame in which they can create plastic bag recycling programs. It also effectively limits the efforts of those who offer sound alternatives to plastic bags and pre-empts county efforts that provide opportunities for communities to work

authentically toward a sustainable environment and prosperous economy.

"The current language of this bill does not inform the stakeholders – citizens, government and business – on appropriate methods for recycling. Currently, consumers who regularly place their bags in the limited number of recycling containers are unaware of the real disposition of those bags and that those bags are routinely sent to the H-power facility to be incinerated.

"The definition of "store" further limits the recycling efforts by not requiring all retailers to participate in plastic bag recycling programs. It allows retailers to opt out of the requirements by claiming "financial hardship." In the current state of our economy, we can argue that most businesses can make a claim of financial hardship, and this argument becomes redundant.

"We have begun conversations, on a community and county level, regarding the important issues of consumer and business behavior on our environment. I hope that these discussions continue to move forward, and I believe this bill will bring a resounding halt to these important efforts.

"The most troubling amendment in the proposed SB 651, SD2, HD2, however, is the prohibition on public agencies and counties to adopt rules or ordinances that actually require the recycling of plastic bags or that impose a plastic bag usage surcharge. Policies initiated at the county level could be far more beneficial in reducing plastic bag waste and litter. This bill would disallow a county process and circumvent the opportunity for public input.

"I believe that Hawaii can join other cities and countries around the globe in offering leadership regarding self-sufficiency and thrive-ability – this bill sets us back, Mr. Speaker. Thank you."

Representative Yamashita rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. In support. Mr. Speaker in response to the previous speaker, the retail merchants and the retailers in general have stepped up and said that they want to implement a recycling program. The amendment that Finance put in to a put a timeline as to what the counties are looking at, trying to ban plastic bags, we set a time limit of two years that they have to come up with a program that is working.

"So I think this is a very good bill moving forward where we've allowed private sector to step up and come up with policies that will help our environment, and also allow the public to also step up and take responsibility in recycling their bags, with maybe government at this point setting the timeline and the framework of this policy. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with reservations on said bill, plastic bags. Mr. Speaker, I think the intention is well stated. The structure of the incentives need to be examined both for the consumer, as well as for the retailers. And without a properly thoughtful structure of incentives, I think this thing is going to go through as a mandate, and it's going to probably fall on its face unless it's sketched out in much more detail.

"I think it's a good discussion piece, but in terms of finalization, I think the Conference Committee and the timelines and the other referral things hopefully will give it a lot more thought. I think it really needs to be recycled at this moment. Thank you."

Representative Shimabukuro rose in support of the measure with reservations, stating:

"Mr. Speaker, I rise with reservations and would like to adopt the words of the Representative of East Honolulu as my own. Thank you," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 651, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO RECYCLING," passed Third Reading by a vote of 43 ayes to 6 noes, with Representatives Belatti, Berg, Finnegan, Meyer, Shimabukuro and Takai voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1745-08) recommending that S.B. No. 2864, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2864, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

At 12:10 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2720, SD 2, HD 1
S.B. No. 2341, SD 1, HD 1
S.B. No. 2129, SD 2, HD 1
S.B. No. 2480, SD 2, HD 2
S.B. No. 2202, HD 1
S.B. No. 651, SD 2, HD 2
S.B. No. 2864, SD 2, HD 2

At 12:10 o'clock p.m., Representative Thielen requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:18 o'clock p.m.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1749-08) recommending that S.B. No. 2829, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2829, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Belatti rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker and colleagues. I rise in opposition to Senate Bill 2829, HD 2. This measure requires the Department of Taxation to evaluate a plethora of tax credits and tax exemptions and report to the Legislature on whether these credits and exemptions should be continued, modified or permitted to expire. Next this measure provides for the automatic repeal of these credits and exemptions.

"I oppose this measure because it takes a sledge hammer to automatic repeal of credits and exemptions to fix a problem that requires a more precise and thoughtful approach. I appreciate the intention of the proponents of this bill who question the necessity of credits and exemptions, and who appear to want more uniformity, accountability and fairness injected into our tax system. However I think we must pay attention to testimony of agencies and organizations like the Department of Taxation, the Tax Foundation of Hawaii and the Chamber of Commerce of Hawaii who warn us about the danger of using an automatic repeal of tax incentives as a tool to reform the tax system.

"This automatic repeal will likely have a serious impact on businesses and the overall economy by creating volatility and uncertainty in the marketplace as businesses try to plan for the future. At a time when the nation is in the midst of a financial meltdown and our State is facing tough economic times, I think this measure, as well intentioned as it is, will have unintended consequences and a debilitating effect on our State.

"As a final note, it is curious to me that the general excise tax exemption for public utilities, motor carries and contract carriers, the general excise tax exemption for amounts received as salaries or wages for services rendered by an employee to an employer, the public service company tax credit for lifeline telephone service, and the ethanol facility tax credit were given a reprieve from the automatic repeal provision. What entitles the beneficiaries of these exemptions and credits at this time to be saved from the legislative sledge hammer in comparison to those beneficiaries, equally deserving entities that qualified for the low-income housing tax credit or exemptions as nonprofit charitable, scientific and educational organizations? Thank you, Mr. Speaker."

Representative Ward rose to speak in opposition to the measure, stating:

"My second time? Some things are equal, and some things are unequal. But I'll accept that because I'm only going to speak once against this particular measure which the previous speaker stated very well, except I would add Mr. Speaker, that businesses go where they are asked, but they stay where they are welcome. This is pulling the mat from underneath a lot of our businesses because some of the structure and the incentive is to bring them here is going to be pulled out from underneath them.

"Business, more so than even politicians, need predictability. When you put an investment in place, you have to be able to measure the risks against the benefits. But unless this is just an anti-business bill, let's look at who's going to be affected. Not only the high technology corporations, but also hospitals, homeless shelters, affordable housing, conference and conventions, trade shows, schools, nonprofits, medical and other insurance polices, pensions, employees. It's across the board; the baby out with the bath. All the good and the bad. The problem is that it gives automatic repeal dates for something that we should be a little more rational with. Why the repeal dates are in the bill, I have no idea. If we're going to study it and measure it; then that makes a lot of sense.

"Lastly Mr. Speaker, I would say if there's overwhelming support for this bill, we should really look at it. But for all of us in this room who've been elected, we know that the majority usually runs superior to the minority, and right now we've got almost 100 people who are opposed to this with one group for it. So if we talk about the will of the people in terms of what we want to do, and in terms of tax incentives, there's not one organization except for one in this whole State that is for this bill.

"What we've got to do is rethink this. We shouldn't throw the baby out with the bath. We should look at the real incentives that have brought real progress to this State, and not go backward by pretending that we're going forward. Thank you, Mr. Speaker."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support. For those who suggested that this is a 'sledge hammer' approach, it's very difficult to get rid of a tax credit once it's been put in, or a tax deduction. I think at least a threat of a sledge hammer is probably necessary to make any progress on a bill like this.

"Just as a matter of simple economics, any tax deduction or tax credit is a distortion of the market because it reduces the cost of doing business for making a particular product or providing a particular kind of service. And I think every once and a while we need to go out and look at all the exemptions and deductions and decide whether or not we still need to keep them in place and because there is a special, and almost by definition, there's a special interest backing each one of these deductions or exemptions you do have to have a sledge hammer approach.

"So I support the bill. I don't know if this is the final form it will end up in, but the concept is a good one. Mahalo."

Representative Yamashita rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. In support. And I'd like to adopt the words of the previous speaker as if they were my own. Mr. Speaker, this measure also came from the recommendation from the Tax Review Commission. Currently most tax credits or incentives that we put in place today had sunsets. These reviews are for measures or policies that we had put in place in the past that don't have a sunset. So as we go forward, and we know times have changed, and we know we need to look at our policies going forward, I think this is prudent to kind of look at our tax structure and see if it really is working for the benefit of the people of this community, Mr. Speaker. And just another note. It does not affect the high tech community. Thank you, very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2829, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 40 ayes to 9 noes, with Representatives Belatti, Berg, Bertram, Ching, Finnegan, Meyer, Pine, Thielen and Ward voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1750-08) recommending that S.B. No. 2803, SD 1, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2803, SD 1, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising with some serious concerns. I'll be voting in support of this, but I think we ought to really rethink in today's era. I believe that there was an article in today's paper about the IRS and there's a concern that hackers are going to be able to get information they submitted when one files one's taxes as now required through the Internet.

"This bill would create a report, a one stop shop which would really be available for interested hackers who are trying to target personal information in Hawaii. And the problem I find is that any value in creating such a report is far outweighed by the risks that that new public report would have up there and available for hackers to access this personal information.

"So I would like to have, as this bill moves into Conference Committee, I would like to have the Conferees rethink this particularly when we're taking steps in other legislation to only allow the last four digits of Social Security numbers to be used. This may be a very imprudent way to proceed. Thank you."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Karamatsu rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Karamatsu's written remarks are as follows:

"I rise in support. The purpose of this bill is to protect the personal information collected and maintained by State and county agencies through the implementation of the recommendations of the "Hawaii Identity Theft Task Force Report" of December 2007. I served on the taskforce and through this bill we hope to reduce identity theft. The bill:

(1) Requires each state and county agency to designate an employee to ensure the agency's compliance with requirements relating to the security of personal information;

(2) Establishes the Information and Privacy Security Council to be placed administratively within the Department of the Attorney General and appropriates funds for three staff analyst positions to support the Council;

(3) Changes the effective date of Chapter 487J, Hawaii Revised Statutes, relating to social security number protection, to July 1, 2009;

(4) Requires conditions on third party personal information use to be included in contracts between government agencies and third parties that provide support services on behalf of the agency;

(5) Requires state and county agencies responsible for human resource functions to develop and distribute to agencies, guidelines to minimize unauthorized access to personal information;

(6) Requires state and government agencies to develop a written policy regarding notification of security breaches of personal information; and

(7) Defines the terms: "government agency," "personal information," "personal information system," "records," and "security breach."

"The current draft of this bill was amended to take out the requirement that:

(5) Requires state and county agencies that collect, maintain, or disseminate documents with personal information to:

(A) Develop and implement a plan to protect the personal information; and
(B) Develop a written plan to eliminate unnecessary collection and use of social security numbers;

"Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2803, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PERSONAL INFORMATION," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1751-08) recommending that S.B. No. 3165, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3165, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Belatti rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations on Senate Bill 3165, SD 2, HD 2. Thank you, I'll be very brief. I guess in light of the bill we just previously spoke on which would ax out and remove many of these tax exemptions and tax credits. Here with this bill, what we're doing is implementing a tax exemption that appears to be premature in light of the fact that we don't have the details of the transit route and the system has not been finalized.

"I'd like to quote testimony from the City and County of Honolulu which says: 'We're not against these types of tax exemptions, but financial tools and incentives should be considered broadly and in the context of the community needs and wants in transit oriented development projects in specific neighborhood.'

"In light of that, I just stand with reservations and I hope as this moves forward we look more closely at all the financial incentives that could be implemented at DOT and that would consult with the City and County of Honolulu. Thank you, very much."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I am in opposition to this measure for the same reasons stated by the previous speaker. I agree with her that I'm not sure this is the right time for the measure. It is probably premature since details of the mass transit project have yet to be finalized. I don't think I have a problem with granting a GET exemption to community healthcare facilities, but housing projects may require more scrutiny.

"I'm not sure that this legislation is even necessary because there already exists the GET exemption for affordable rental housing projects certified under HRS 201G-116. Those projects are already exempt in the GET under HRS 237-29. According to the Department of Taxation testimony, there is nothing to suggest that the current exemptions could not be extended to these projects if they were determined acceptable by the housing agencies. This type of mixed use housing project may also be exempt under Chapter 206-E, so perhaps this measure is unnecessary. Please know that the planning, design, sale and lease of these health facilities and affordable housing units are also exempt from the GET. So I ask for your closest scrutiny of this bill and urge my colleagues to vote no. Thank you."

Representative Shimabukuro rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Shimabukuro's written remarks are as follows:

"Mr. Speaker, I rise in strong support of SB 3165, SD2, HD2, relating to General Excise Tax exemptions for mixed-use transit-oriented joint development projects that provide affordable housing and community health care facilities.

"I realize that building a transit system is an expensive proposition. Our taxpayers have already begun to pay through the increased GET earmarked for Oahu's proposed transit—even though it is years before we will see such a system in operation.

"For this reason, I am pleased that this bill prohibits counties from exempting any and all joint development projects that might be proposed in conjunction with transit. I am even more pleased that the bill does provide exemptions for two types of projects that are sorely needed throughout our State, but particularly in urban areas that will be served by mass transit.

"In short, mass transit implies more than transportation issues alone. It will strongly impact housing and healthcare. Hopefully the impact will be favorable, if done properly and with sufficient advance planning. This bill provides an opportunity to look to the future. It gives the City & County of Honolulu a chance to serve our low- and middle-income, and elderly Hawaii residents – and to avoid over-commercialization and the proliferation of luxury housing for wealthy and out-of-state owners."

Representative Rhoads rose to speak in support of the measure, stating:

"In support. Mr. Speaker, there were several objections and let me try to address them quickly. First the Representative from District 25 makes a very good critique of my position, but I don't think it's inconsistent. My support from the two bills previous is based on the fact that a lot of these exemptions have been around forever and no one's really questioned whether they're still useful or not. The exemption that would be offered here would help our society provide two very important things: affordable housing, and healthcare especially for our *kupuna*. The fact that the transit route has not been finalized is why we need to do this now.

"What happens when the transit route is finalized is when the speculation begins and as soon as the speculation begins the prices go up and pretty soon all you have are wealthy people living along transit lines because it's more convenient. What this bill hopes to do is lock in some affordable housing on the transit lines because a transit line is the best place to put affordable housing because people who are poor are the most likely to give up their cars and use transit and they're the ones that need to do that the most because of their financial situation. So the fact that it's not finalized is an argument in favor of this bill, not against it.

"The prematurity argument is essentially the same thing. It's not premature because as soon as the transit stops are proverbially set in concrete, land speculation begins and the tendency on all of the projects of this nature on the mainland and other countries is that the transit line makes it a prime piece of real estate and people who need affordable housing lose out. So it's not premature.

"With regard to it not being necessary, it is true that there are already provisions for both the County and the State to build affordable housing and you do need GET exemptions for that, but that's not what this bill does. First of all it adds community healthcare, which is not currently available as far as I know. But this bill is a bigger carrot than that. It would exempt the entire project, a TOD, transit orient development project would exempt the entire project from GET. So if you have a $100 million project and only $50 million of it is housing or healthcare, then the entire project is exempt from that and that's a bigger carrot and in the environment that we seem to be operating in terms of building affordable housing, it is a necessary one. Mahalo."

Representative Meyer rose to speak in opposition to the measure, stating:

"Mr. Speaker I am rising in opposition to this measure. At the Department of Planning and Permitting, their primary concern is that this bill is premature and an infringement on homerule, and that's a concern of mine. This bill interferes with the free flow of development ideas offered by the community under a community based planning effort and does nothing to compliment the transit oriented development. Rather it is an attempt to dictate and/or impose uses in our transit development as evidence by section 3 of the bill that prohibits the counties from granting GET exemptions to mixed use transit oriented joint developments.

"I guess my biggest concern is on the homerule issue. The whole transit thing is homerule and most of the land on the side of the stops will be City and County and this is sort of like a mini HCDH, where the State just decides what can be done in certain areas even though it is something that is usually under the purview of the City and County of Honolulu. Thank you."

Representative Rhoads rose to respond, stating:

"Mr. Speaker, still in support. Just a quick rebuttal on the homerule issue. Despite the admittedly confusing legalese in the bill, this measure does require the County to approve any of these TOD projects. So the county is not cut out of it. On the contrary, the county is explicitly included and they have to approve the project. Mahalo."

Representative Belatti rose to respond, stating:

"Thank you, Mr. Speaker. Just a quick rebuttal to my neighbor and colleague of District 26. I just wanted to say again that my reservations are with respect to applying this singular tax exemption at this time. I do agree that we need to look at these financial tools to encourage development of healthcare facilities and affordable housing, but if that's the case, then let's talk about requirements of affordable housing along transit orients of development or any other number of measures and not simply this one measure.

"And one last point in rebuttal. Speculation is going on now as we speak with regard to lots of properties along lots of proposed rail transit lines, so with that argument in support of this I don't believe that. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3165, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 46 ayes to 3 noes, with Representatives Bertram, Marumoto and Meyer voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1753-08) recommending that S.B. No. 2828, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2828, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm rising to speak against this bill. Mr. Speaker what this bill does is tie the hands of the Governor at a time when she most will be needed by the people of Hawaii to be able to act quickly and decisively. Instead the bill says that in case of an emergency, the Governor will have to stop, find and declare through an Emergency Proclamation that tangible and measureable harm or damage has resulted, and that would be obvious to anyone with common sense, which this bill lacks. Anyway, tangible and measurable harm has resulted, or is about to result as a consequence of a disaster and that the disaster relief can't be achieved through legislation enacted in the next Session or in a Special Session called by the Governor. I mean, that's just stupid.

"In my mind, when you have an emergency and you have a leader of this State that was elected by the people to be in charge and to be able to act in an emergency, we have no business tying her hands and saying she has to first create this Proclamation and ask us for permission to be able to go ahead and act. I mean it's just absolutely foolish.

"The other thing that is very disturbing about this bill, there are certain areas carved out where she's going to be allowed to act, but there's not an area where there's an emergency and the Governor would need to, for example, transport time-sensitive medicine supplies to the Neighbor Islands in a case where other planes are not flying and she would have to bring in the National Guard to do it. That's not one of the emergencies.

"A big problem about saying, 'Well, wait a minute. We'll allow her to act when there are these five different things, but nothing else is included.' That's pretty foolish because we will not have covered all of the emergencies, and when you look at the bill you realize they aren't all covered. We may have a massive blackout. We may have bridge collapses. We may have massive sewage spills. All of these will then say to the Governor, those are not one of the categories where you can go ahead and use your emergency powers. You have to come back and ask us, issue a Proclamation, and bring us into Special Session. Or if we're in the Regular Session, then come to us

to say, 'May I?' Well that's no way to run a State. That's no way to keep our people safe.

"But the cruelest thing in this bill is, were this bill to pass and stand, it shuts down the homeless shelters. We had quite a discussion a few weeks ago on this bill, and the idea that the Majority side, you all said that the Governor should not have treated homelessness as an emergency. So now you're really driving a nail into the coffin. You're shutting down the homeless shelters upon the enactment of the legislation. And not only is that cruel, I think it's reprehensible.

"Those shelters were put up by the Governor to deal with an emergency situation. The Next Step shelters have helped people throughout our community that needed help, and they've given them dignity. And now the Majority wants to shut them down, handcuff the Governor, prevent her from being able to help the people of Hawaii immediately when there are emergencies and use her authority as the Executive, duly elected by an overwhelming majority; the Executive of our State. And you all now want to slap her down and prevent her from acting as the leader of our State. I believe you all should be ashamed."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to this measure. As the previous speaker stated, this is clearly the example of an irrational fear of Lingle, IFL-phobia. As I said there was one before, this is second case of IFL-phobia. But it's perhaps the biggest bout of all because it puts us, the Legislature, first, before the people of Hawaii in an emergency. And I think regardless of the political advantage you get from that, that's not right public policy.

"As the bill is written, right now, falling rocks serve as an emergency. Falling rocks, not homelessness. We're putting rocks ahead of people. As my colleague also indicated, if perchance Aloha Airlines Cargo shuts down, and many colleagues from the Neighbor Island who depend on their food, their everything, from medicine to their basic lifeline through cargo. If Aloha Airlines and all their cargo ceases, the Governor, and say we're not in Session, would have to have a state of emergency declared. Would she then wait for us to do that, or would she put the people first? I think you and I know the Governor well enough that she would put the people first.

"But this bill is putting us first instead of the people of Hawaii, Mr. Speaker. That's what's wrong. It's bad policy. Again as I said, let's count to seven. Take a deep breath. Let the Governor govern, and let this kind of legislation that's a tit for the tat politically, go away, especially in these disaster relief situations. Thank you."

Representative Souki rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. After much deliberation, I would like to speak against this measure. With due respect to the Chairman of Public Safety, the intent is very good, however I think it's misdirected. In the case of emergency, you don't have the time for issuing Proclamations and calling the Legislature in Session. You need to act right away.

"So Mr. Speaker, in order to save some time, I wonder if you would mind me incorporating the remarks of the Representative from Kailua, with the exception of the part about being reprehensible. I don't think the members of the Majority are reprehensible. I think the intent was good, however possibly misdirected. Thank you, very much."

Representative McKelvey rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. And to save everyone's time that is precious, and because the remarks of the Speaker Emeritus are to the point, I'd like to adopt his words as if they were my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Caldwell rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. And we've heard a lot of emotion on this issue and I'd like to preface my remarks with, 'Let's ramp it down a bit on the rhetoric, and let's talk about what the bill is about.' Read the bill and see what it is we're trying to do.

"There's not a person in these Chambers Mr. Speaker, who doesn't recognize the seriousness and the human suffering from homelessness, as an issue. We've all fought together on many fronts to try to address this issue and the Majority, over the past couple of Sessions, has made it part of a Majority Package. The Chair of Human Services has worked very hard to try to address the issue. And unfortunately we all, all of us in this Body, have a lifetime of battle in front of us to deal with this issue. I want to say thank you and mahalo, to all of us here for our collective efforts, and our hearts and minds, in trying to address the homeless issue. It's a sad, long-term, on-going problem that we need to address and work with the Governor on, and with each other.

"But this measure, Mr. Speaker, is not about homelessness. It's just not. It's about the proper use of emergency powers and the integrity of our checks and balances system. We need to remember that we're the Legislative branch, not the Executive branch. This is not about the fear of the Governor. It's about our duties as the Legislative branch of government. More importantly, this bill continues to support the Governor's powers to respond to disasters. It does not take away her powers. Existing State law in disasters includes conditions caused by fire, flood, tidal wave, volcanic eruption, pandemic illness, earthquakes and other natural causes. And it also addresses man-made disasters such as massive oil spills, nuclear accidents, airplane crashes, civil disturbances, enemy attacks and acts of terrorism. It covers about everything possible that we can imagine.

"So let us be clear. This bill will continue to provide the Governor with the powers needed to manage disaster relief. It does not take away those powers. This measure will also mandate the Governor to include one additional finding in the Emergency Proclamation for any disaster not caused by an enemy attack. It's something the Governor does every time she declares a disaster. She makes findings and we're asking her to make one more finding. This finding is that the disaster has caused tangible and measurable harm, and that disaster relief could not otherwise be achieved through the Legislature in Regular or Special Legislative Session. She just needs to make that finding her Proclamation.

"And remember, the Governor can convene a Special Session at any time, if for some reason she wanted to have it addressed through policy. That is all we're talking about here. Nothing more, nothing less. One additional finding in the Emergency Proclamation that is currently required to be issued for any disaster relief. The Governor must already make these specific findings as mentioned. Nothing in this bill would impair the Governor's authority to respond to any disaster when conditions rise to the level of true emergency such as a nuclear accident on a sub in Pearl Harbor, or major oil spill. The Governor will continue to be able to suspend any law that impedes, or tends to impede the expeditious and efficient execution of disaster relief. These suspensions would typically include waiving environmental laws, bid requirements, procurement laws, and legal notices in the event of a disaster such as a hurricane or major oil spill. The Governor will continue to have the extra powers to protect life and property in the State of Hawaii.

"I explain all of this because there are many other serious conditions that can exist, that do not rise to the level of the disasters that I mentioned. It doesn’t mean these conditions aren't critical, Mr. Speaker. These situations most likely exist because of the serious long-standing societal problems ranging from the degeneration of our public housing, to homelessness, to in some cases overcrowded

classrooms. Serious as these problems are, they are multi-faceted and must be dealt with through planning functions of the Executive branch and the Legislative branch, and we try to do that every Session. We all work on it.

"If this specific law, such as those for environmental protection, government procurement or legal notice have become barriers to good government that prevent government from doing its job, then these laws should be corrected, not abandoned.

"In closing, this bill merely requires the Governor to include one additional finding when issuing a disaster proclamation. The Governor need only to determine that the disaster could not have been managed through normal Executive and Legislative processes. The bill incorporates the principles of checks and balances Mr. Speaker, and the separation of powers that we need hold so dear and we continue to need to enforce without unreasonably impeding the Governor's ability to swiftly respond to true disasters. Thank you, Mr. Speaker. I urge our colleagues to support this measure. Thank you."

Representative Sonson rose to speak in support of the measure, stating:

"Thank you, very much. In strong support. This bill and the previous bill that also deals with the prevailing wage, and also dealing with this particular section of our laws in sections 127 and 128. I do agree with the Majority Leader. This is not a means in any way to minimize the issues of homelessness. However it is actually this body that has to decide the definition that we must give to what is homelessness. Some of us strongly believe that this falls as an emergency under 127 and 128, and maybe it does rise to that level. But are we ready to accept that so readily, or can we debate it. That's what we're doing.

"I believe that emergency situations do not include homelessness. Homelessness is found everywhere. My son just took a trip to Greece and he told me that a society as old as Greece still has graffiti and homelessness, and lots of it. He happened to be there during a time of a labor dispute also and there's garbage all over the place. That's not the kind of picture that we normally think of with Greece. We look at Greece historically as a leader, with beautiful cities and art, and politics. So homelessness is not a dirty word, and it is not necessarily a bad thing.

"And it's not really stupid to question whether or not this is an emergency. I don't think I'm being stupid. I think that there's a lot of opinions out there in the community, as well as this Chamber. And I think we should be allowed to express them without being labeled as such. It's unfortunate that we have to sit here and listen to that garbage talk, and that's why I'm standing up. I wasn't going to stand on this, but I also strongly believe that the Governor, the way she handled the situation of the homelessness, was acting under the guise of an emergency in order to accomplish policy goals that she wanted to accomplish in circumventing the process, which is the Legislative process, to address the issue of homelessness. And that is the reason why this bill is here.

"People complain, people out there who are constituents. These people are directly impacted by her decision to label homelessness as an emergency under sections 127 and 128. I think she's wrong, and I believe those people who are proponents of this measure also believe the same thing. Homelessness will be with us, with or without this emergency action done by Governor. I think it's going to be a continual problem.

"As the Majority Leader stated, this measure does not handcuff her. It does not label homelessness as any less of a social issue and policy that we must continue to work at. It merely says that when she does declare an emergency, and again, she does have to declare an emergency, she has to proclaim it according to sections 127 and 128. The previous speaker I believe, believed that making a Proclamation is something you don't have to do when there's an emergency situation, and that's wrong. When an emergency occurs, the Governor must proclaim it. This bill adds one line that says that it must be noted in the Proclamation that it is a situation that cannot otherwise be achieved through legislation enacted in the next occurring Legislative Session. I agree with the Majority Leader in this case. Thank you, very much."

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, thank you. I am in support of this measure. To move everything along, I'd just like to make a couple of points.

"First of all, this measure does provide accountability for the Legislative branch to review the emergency declarations issued by the Governor so that the Proclamation will lapse at the following Regular Session, unless extended by the Legislature through an enactment of law or by Concurrent Resolution. In other words Mr. Speaker, this gives us the opportunity, let's say this particular Session to review the last Emergency Proclamation of the Governor to agree with her or disagree with her, and if we do agree with her to issue, by a Concurrent Resolution a support for the emergency declaration, and allow for the extension of it.

"And say the termination date for emergency declaration allows us to reexamine the assets of the State that are being used to address the emergency, and also the transfer of any monies that might have been appropriated per the emergency declaration. And I think in this particular instance, considering what is going on, on the Leeward Coast, the Proclamation that was issued three times, now on its third leg of its powers, and in particular the Maili Homeless Shelter. I think the Administration would welcome this provision that allows us to support them and their endeavors on the Leeward Coast.

"I also think that we need to not forgot that these powers that are before us are legislative appropriation powers, and certainly as your Finance Committee Chair, I do recognize the responsibility that we have vis-à-vis the Executive budget, to pay attention to the expenditure of public monies and the use of those monies.

"Under the emergency powers, the Governor can go and set aside procurement laws, land use laws, health permitting laws, and even county ordinances, to name a few. When you look at the facts Mr. Speaker, that the Governor did use these powers to divert some of the prior legislative appropriations that we made to the Employee Union Trust Fund and that occurred October 2006 through December 2007. And I think these facts alone indicate that this issue of homelessness, if it was a true emergency according to the Governor, she should have come to us in the last Session, the 2007 Regular Session, to seek specific appropriations for this purpose.

"In fact the biggest transfer of $8.9 million occurred April 20, 2007, just about a year ago. And I believe back then we were still in Session. We were probably going into Conference at that time. And at that point in time, it could have been taken up as an emergency appropriation request for that fiscal year. And all the issues regarding the development and land transfer issues of the Maili Transitional Homeless Shelter, could have, or should have been addressed by us.

"And I mention this Mr. Speaker, only to bring to light what I learned over the last several weeks. Maybe even the Minority Caucus was kept in the dark of these transfers. The transfer was made for $8,955,000 from the EUTF Fund on April 20, 2007. An additional $800,000 was transferred in August of 2007. And in December of 2007, a transfer of $2 million, for a total last year of $14.2 million under the Emergency Proclamation.

"Let's focus on the Maili Homeless Shelter and why it's relevant to discussion right now. When she issued this Proclamation, she was able to set aside certain laws regarding land use, ERS, procurement, health permits, water use, public hearing requirements, just to name a few."

Representative Lee rose to yield her time, and the Chair "so ordered."

Representative M. Oshiro continued, stating:

"This past summer, the Finance Committee had the opportunity to tour various sites throughout the State. In December of last year, we did go out to the Leeward Coast to visit some of the homeless transitional shelters and facilities. And when we went out there to Kalaeloa, we did meet with 'head czar' of the homeless efforts out there and we did speak to them about the different projects going on out there. And one of projects they did bring to mind was the Maili Homeless Shelter and the status of the facility. They were boasting that it was brought about by the Emergency Proclamations, that in nine months it was up and running, and that they've addressed several of the needs of the community.

"Interestingly Mr. Speaker, about three weeks ago, last March, I met with the Governor's Chief of Staff, Russ Saito, and a member of the Governor's Office and we did talk about the problems that they're facing out in Maili right now. Let me just kind of highlight a few of them.

"First of all, the parcel of land that the shelter was built upon is currently under the management of the Voice of America and it's a federal entity under the federal government. The idea is that now it is going to be transferred to Department of Land and Natural Resources from the federal government. And then the Department of Land and Natural Resources will then transfer the parcel to the Department of Hawaiian Homelands for the purposes of the beneficiaries. And the Department of Hawaiian Homelands working with the Department of Land and Natural Resources was going to receive transfer property, Molokai High School property on the Island of Molokai. And then ultimately the Department of Hawaiian Homelands was going to assume control of the parcel and develop the parcel on behalf of the Department of Hawaiian Homelands beneficiaries.

"I don't believe any of that has happened to this day. But because of the Governor's actions Mr. Speaker, and the use or abuse of these emergency powers, these are some of the things I do know. Some of the people in the community are not happy for they are not involved in discussion on the siting of this homeless facility in their backyard.

"Number two, I believe that there is some unhappiness with the DHHL beneficiaries who were not consulted in the use of their lands. And further Mr. Speaker, what would happen when the emergency powers under the Proclamations expires June 30, 2008? A concern that I heard from the Administration is that because the sitting Senator in that area, and some of the members of the Hawaiian Homestead community oppose the project, they may take it to court and shut it down.

"So Mr. Speaker, I look at this bill and this measure and the Concurrent Resolution authority therein, to actually maybe help the Governor finish this project. For these reasons, I stand in strong support. Thank you."

Representative Souki rose to respond, stating:

"Mr. Speaker, I find it very distasteful that I must speak against some of the Majority leaders. But this body, especially the Majority, must understand that Parties and Governors come and go. Who is in power should not be the consideration. The consideration is what is the most expeditious way of handling this. Yes, we could have handled it in an emergency funding, but Members, if you would look at the bill there is emergency funding right now that has not passed this body yet, and that came out early in the Session. Where's the expediting on that?

"My understanding is on the Big Island, they're ready to go bankrupt at the hospitals, and they still don't have emergency appropriations. So what I am asking this body here is to look within yourself, and look into the possibilities of: Am I being intrusive? What is best for the State? Yes, the homeless project maybe was handled incorrectly. However that's rather petty if we're going to be looking at the major issue to come up with a bill of this nature. I don't want the State to look at us as really spiteful because of action that was taken. So let's re-examine ourselves, and again my apologies to the Majority. Thank you, very much."

The Chair then stated:

"Before we proceed, Members we've had a lot of discussion. It's been 30 minutes, so if you are going to speak further, please confine your discussion to things that have not already been brought up."

Representative Rhoads rose to respond, stating:

"Mr. Speaker, very quickly in support. I think it's clear that the Republican party has controlled Congress until recently, and the President of the United States …"

Representative Thielen rose, stating:

"Mr. Speaker that has absolutely nothing to do with the bill."

Representative Rhoads: "I have the floor, Mr. Speaker. It has everything to do with the bill."

Vice Speaker Chong: "Representative Thielen, the Chair has called on Representative Rhoads to make his connection ."

Representative Thielen: "That has nothing to do with the bill."

Representative Rhoads: "Yes it does."

Vice Speaker Chong: "Representative Thielen, please sit down."

Representative Thielen: "It's the people here in Hawaii, and it's the Democrat Party …"

Vice Speaker Chong: "Representative Thielen, please sit down. Representative Rhoads, please proceed."

Representative B. Oshiro rose to a point of order, stating:

"Point of order, Mr. Speaker. You've made a ruling."

Representative Rhoads: "Mr. Speaker, obviously the President of the United States and the Republicans in Congress did not see this as an emergency because if they had, they would not have …"

Representative Thielen: "Mr. Speaker, the President of the United States has nothing to do with this bill …"

Vice Speaker Chong: "Representative Thielen, please sit down."

At 1:03 o'clock p.m., Representative Souki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:05 o'clock p.m.

Representative Rhoads: "Mr. Speaker, I was just going to make the point that the Republicans in Congress and President Bush have systematically cut the budget from the Department of Housing and Urban Development, and if they hadn't done that, it probably …"

Representative Thielen: "Mr. Speaker, this has nothing to do with the bill…"

Vice Speaker Chong: "Representative Thielen, you're out of order. Please sit down."

Representative Rhoads: "It's quite possible there wouldn't have been a need for the Governor of this State to declare an emergency for housing because the Department of Housing and Urban Development's mission is to build housing for those that need it the most. Mahalo."

Representative Pine rose to speak in opposition to the measure, stating:

"In opposition, and definitely in rebuttal. I don't know any Republican in Congress. I don't think I've met a Democrat in Congress except Abercrombie, but I see all the Democrats here that are causing this problem against homelessness. I can only affect here. And this is about homelessness because people have already said they disagree with how the Governor handled it. So when we say we're due for checks and balances of our government, I'm sorry I see no check on us. This super Majority has prevented us from doing really great things for Hawaii.

"It's been said earlier that it is not an emergency if it can be fixed, a problem can be fixed, by planned actions of the Legislature. As I mentioned earlier, I disclosed a conflict because I work with a homeless shelter. I can tell you from the people that I see and that I know everyday, and they came to this Legislature saying that you need to plan and take action on the homeless problem because we're going to have a very huge problem.

"Before I took office, Hao Bush or Oneula Beach Park, there were 200 people living in the bushes and they took over our parks and many of us wanted to help them, those that wanted to be helped. But we had no place to put them. All the shelters were overbooked. And sadly the crime element went into those communities and preyed on those people and caused even bigger problems for us. We're finding needles and drugs on the beaches where kids played. We're finding feces all over causing health problems.

"Let me tell you about some of the people that I've met in my other profession. I've met so many single mothers who lost their jobs for whatever reason. It had nothing to do with President Bush or Republicans there. She had no place to go because it had everything to do with this Legislature, this Democrat Legislature failing to provide funding so that she could have housing. And you know what? This one lady, she was given a free scholarship and she's going to college now. She has a locked room where she and her children can be safe instead of on the beach where all the drug dealers are at, and she's so happy. So you can disagree with how the Governor appropriated the money, it was completely legal.

"My grandmother is neighbors with former Lieutenant Governor who the law school is named after, William Richardson, and she'd tell me stories when our State was founded and she talked about that first Constitutional Convention and how they were really for creating a government that was balanced, truly balanced and a government that really put the people first. This measure, according to a student, would say that this does not put the people first. It puts politics first. I looked into the Constitution of the State of Hawaii and what powers that they give the Governor to expend money. It really doesn't even say disasters, it says: 'no public money shall be expended except pursued to appropriations made by law except when the Governor publically declares that public health, safety or welfare dispersing as provided by law.'

"I would say that my community, that the health, safety and welfare of a lot of people were threatened, when this Legislature, this Democrat Majority Legislature failed to act to provide them homes."

Representative Ward rose, stating:

"Mr. Speaker, a point of information. Would the Majority Leader submit to a question regarding this bill?"

The Chair addressed Representative Caldwell who responded,

"No."

Representative Meyer rose to respond, stating:

"I just wanted to respond to some comments made by the Representative from Waipahu that I take great exception to when he indicated that the word, 'reprehensible' was garbage talk. Reprehensible is a perfectly fine word. It's just an opinion, that this is unfortunate. Another word that the Speaker Emeritus used was that he felt this bill was misguided or misdirected.

"Our Member said, 'reprehensible', and I don't think any of those words that I've just said are garbage talk, and so I thought it was a very poor choice of words on his part. Thank you, Mr. Speaker."

The Chair then stated:

"Members, we've had a lot of discussion so the Chair is going to ask that anyone, from now on, submit written comments."

Representative Finnegan rose, stating:

"Mr. Speaker I didn't have a chance to speak on this bill and I would like some short comments in rebuttal. This would be my first time. Thank you, Mr. Speaker.

"This bill definitely concerns me because I do see it from the public safety issue from what people are saying from the outside in regard to responding to an emergency, and I think that this bill does not help the public in emergency situations. Having said that, I wanted to make sure that the Majority is fully aware that the construction and planning of shelters will stop, and the shelter in Maili will be brought to a standstill. You have accomplished what you wanted to accomplish. All who think you need this bill continue to work with that, these things will stop. If you want them, if you think that decision is the decision of things you want to prevent, those things are being prevented right now without taking the emergency powers away from the Governor.

"Mr. Speaker, this is a sad occasion for me, as much as possible. Even as the Minority Leader, I try to stay away from what I think is the politics of a situation, the negative term in which the public sees it. And by bringing up the Republicans in Congress, and by bringing up the Bush cuts in the housing arena, and by stating that this is what the Legislature is supposed to do, but the Governor went and didn't allow the Legislature to do this, it's moving on the road of a power grab or has that feeling, I would because that's what I'm feeling right now. And I would just want to boost the idea of staying outside of politics in the negative term and stick to what is best for the people of Hawaii. And I want to commend the former speaker for saying that."

Representative Sonson rose, stating:

"Just for clarification, and still in support. I apologize if someone heard me say that word, 'reprehensible' is garbage. I actually meant to say, and if I didn't say it, I meant that the word, 'stupid' was garbage talk. I think that's what I meant. If I misspoke, I apologize for those who heard me wrong. Thank you."

Representative Cabanilla rose, stating:

"I apologize Mr. Speaker, but I would like to speak."

Vice Speaker Chong:

"Written comments only please. We need to move on. It's 1:15. Would you like to insert written comments in support or against?"

Representative Cabanilla responded, stating:

"No, that's okay, Mr. Speaker."

Representative Awana rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations. When collaboration is possible, the outcome is that of this measure. It allows the Executive Branch to utilize their powers while being cognizant of the Legislative Branch and its process in also providing remedial assistance in times of disaster relief.

"The concerns that I have relate to ongoing projects which may be jeopardized or suspended, initiated by an Emergency Proclamation, but not completed by the Proclamation expiration date. Thank you, Mr. Speaker."

Representative Evans rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Evans' written remarks are as follows:

"Mr. Speaker, I'm in support and have some comments. From my own experience with a natural disaster in West Hawaii, I know how important the Governor's emergency proclamation is. In fact a wildfire came within 100 feet of homes and when the county called for an evacuation, there was only one way out of the community. In this instance the Governor chose not to declare an emergency and took the risk that another wildfire would not threaten Waikoloa. The community asked for an emergency proclamation; it did not happen.

"So what will this bill do? I believe the Legislature provides policy guidance. This bill will assist the Governor discern what is or is not an emergency. This bill does not, and I want to emphasize, does not keep the Governor from declaring an emergency. The authority remains with the Governor unless disaster relief could not otherwise be achieved through legislation enacted in the next occurring Regular Session of the Legislature or a Special Session of the Legislature called by the governor for the purpose of providing for the relief.

"Earlier in the Session there was a Floor debate in our House Chambers. The bill we are looking at today reflects the concerns mentioned. I believe they are good amendments which clearly sets policy on the remedying of periodic or longstanding societal inequities or circumstances that may arise over the course of time that could otherwise be contemplated and remedied through the enactment of law under the legislative process."

Representative Pine rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Finnegan rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2828, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO DISASTER RELIEF," passed Third Reading by a vote of 35 ayes to 14 noes, with Representatives Belatti, Berg, Bertram, Cabanilla, Ching, Finnegan, Green, Marumoto, McKelvey, Meyer, Pine, Souki, Thielen and Ward voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1754-08) recommending that S.B. No. 2569, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2569, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE MUSEUM OF HAWAIIAN MUSIC AND DANCE," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1755-08) recommending that S.B. No. 3138, SD 1, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3138, SD 1, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I believe that there is a DLNR report that is due later on this month, and in the interest of not wanting to expend more either resources or the Department's time or any other cost, that we take a look at that. It might be duplicative. Thank you."

Representative Har rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I stand in Strong Support of SB 3138, SD1, HD1, HSCR 1755.

"Mr. Speaker, this bill proposes to amend Act 6, SLH Special Session 2005, by requiring an interim report on the baseline environmental study of the Waianae Coast to be submitted to the 2008 Regular Session of the Legislature and the final report to the 2009 Regular Session; it appropriates moneys to the Department of Land and Natural Resources for continuing preparation for the study. I support this measure for several reasons.

"Mr. Speaker, to be perfectly frank, the purpose of this bill is to allocate more time for the DLNR to complete its baseline environmental study of the Waianae Coast. Previous testimony from those at the DLNR indicated that the final report would be completed by the end of the 2008 Regular Session. The Legislature has since learned that the completion of the final report is tentatively set for June of 2008 at the earliest. I applaud the Legislature for taking an initial response to concern regarding the future of the Waianae Coast, by enacting Act 6. In order to ensure that the study is done with the same attention to detail as proposed in Act 6, I urge the body to support this measure.

"Since the passing of Act 6, which requested a baseline environmental study of the Waianae Coast be conducted, local fishermen have grown to support this study and have aided in providing vital information to bring the study to a foregone conclusion. Unfortunately, this useful information has revealed relative gaps in crucial data, thus requiring additional research and testing to be administered.

"The results of a baseline environment study are of paramount concern to the communities along the Waianae Coast including the developing area of Kalaeloa, formerly known as Barber's Point. Kalaeloa is a community within my district that has marvelous plans to be a thriving place to live, work and play. This study will determine the future of Kalaeloa's smart growth.

"According to Act 6, in the 2005 Special Session, the Legislature "found it a matter of concern that along the Waianae coast, the growing population of west Oahu and the visitor industry are affecting the traditional uses of the area and are having cumulative economic, environmental, social, and cultural effects on the many communities along this coastline." The future of the Waianae Coast will be deeply impacted by population and subsequent economic growth.

"The significance of this study will determine appropriate action to both foster development of the area while implementing measures to ensure the vitality of our marine life and ocean resources. A study of this magnitude and importance certainly must not be rushed in order to meet an unrealistic deadline. Accordingly, I rise in strong support of the measure. Thank you, Mr. Speaker."

Representative Awana rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support. An Ocean Resource Management Area has been established for all areas of Oahu except for the area listed in this bill: Kalaeloa Point to Kaena Point. Currently there are no guidelines or regulations. Boaters and jet skis operate dangerously near surfers, fisherman, dolphins and endangered sea turtles. This measure helps to move along the process providing the baseline environmental study for our ocean recreation on the Waianae Coast. Thank you Mr. Speaker."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3138, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE WAIANAE COAST," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1756-08) recommending that S.B. No. 2198, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2198, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Karamatsu rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Karamatsu's written remarks are as follows:

"I rise in support. This bill encourages the protection and preservation of land in the State by establishing a Land Conservation Incentives Tax Credit (Tax Credit).

"Specifically, this bill allows taxpayers to deduct 50 percent of the value of the interest in lands donated in perpetuity or sold in a bargain sale for conservation purposes to the State or a conservation agency; or 50 percent of the amount invested in the management of lands for conservation purposes under an agreement with a conservation purpose, up to $2,500,000, from their net income tax liability. Thank you."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2198, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LAND CONSERVATION," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1757-08) recommending that S.B. No. 2421, SD 2, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2421, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Caldwell rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I just want to declare a potential conflict. The bank where my wife works is the trustee for Galbraith Trust, and my law partners are also beneficiaries of the Galbraith Trust," and the Chair ruled, "no conflict."

Representative Finnegan rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition of S.B. 2421, S.D. 1, H.D. 2 which authorizes the Governor to acquire lands owned by the Galbraith Estate in Central Oahu. According to the "Report on a Request to Establish a Task Force to Study the Feasibility of Establishing a Freshwater Fishery at the Wahiawa Reservoir, Oahu," prepared by the Department of Land and Natural Resources in 2003, it is documented that Task Force participants, including our esteemed Finance Chair, identified the Galbraith Estate as a piece of property the Wahiawa community would like the State to purchase, as they see its potential for increased commercial activities, such as tours, guides and park expansions, all of which I believe do not fall under Galbraith Estate's zoned AG-2 requirements.

"The Task Force also made mention of transferring the Galbraith Estate lands to the Housing and Community Development Corporation of Hawaii (HCDCH at the time) in DBEDT in order to expand the park, also an inappropriate use. Our housing agencies should be focusing on the development and management of affordable housing and taking care of our homeless, not administering a park.

"I am also deeply disturbed with the 2002 Task Force report's repeated mention of the increased liability for the reservoir and dam that sit on the Galbraith Estate. At one point the report actually states that, "once the State acquires the dam, the maintenance responsibility will also be the State's and the State does not have the money to maintain or improve the dam." This was four years ago and nothing has changed to date. The Administration has repeatedly cited their concerns about the liability in every single bill this Legislature has seen proposing to purchase the Galbraith Estate.

"Recently the Agri-business Development Corporation (ADC) conducted a study on the liability issues of Lake Wilson and the Wahiawa Dam confirming that the safety and liability issues pointed out time after time still have yet to be addressed.

"In Finance this bill was amended to provide the Governor with the same powers and "tool kit" that the Legislature provided in the form SB 2423, H.D. 1; to protect and preserve culturally valuable property in and around the Turtle Bay Hotel and Resort for the Turtle Bay purchase.

"However the Galbraith Estate and the Turtle Bay property differ greatly in the respect that the Galbraith Estate is already zoned as AG lands and therefore already under protection for preservation. Turtle Bay, on the other hand, is zoned as development lands and we have actually seen the viable threats to this last piece of "Old Hawaii". As the Governor said in her sixth State-of-the-State Address earlier this year, this is "a once-in-a-generation chance to preserve both a lifestyle for thousands of residents, and a part of Hawai'i that millions the world over have come to love and identify as the real Hawai'i."

"Furthermore, the Department of Land and Natural Resources believe that this proposed acquisition should be subject to the scrutiny of the Legacy Lands Conservation Commission in order to ensure that it is compatible with the State's priorities for acquiring valuable lands as established under Chapter 173A, Hawaii Revised Statutes.

"The State cannot and is not in the position to be purchasing every single significant piece of property in our legislative districts. The Galbraith Estate is in the position where it can be acquired and preserved as the community wants by private owners and State intercession is not necessary.

"We need to exercise fiscal prudence and make sure that we choose wise investments for our taxpayers' dollars' futures. At this time, with our economic condition as it is and the outside factors that I previously mentioned, I must oppose this bill. Thank you. Mr. Speaker."

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in opposition to this bill.

"Mr. Speaker, we should not consider acquiring Galbraith Estate lands until there is resolution in the courts on the distribution of assets to the Estate's beneficiaries. According to testimony, many people, including the beneficiaries, have questioned the management and administration of the Estate by its current trustees, including the previous sale of Galbraith Estate lands.

"According to county records, the estimated value of the Galbraith Estate is $100 million. DLNR has testified that they have concerns with the budgetary implications this bill will have on their budget. With our economy slowing, I don't believe this is the time to spend $100 million for this property that has serious liability problems. Mahalo."

Representative Magaoay rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Magaoay's written remarks are as follows:

"Thank you, Mr. Speaker. Mr. Speaker, I rise in support of Senate Bill 2421 SD2, HD1. Mr. Speaker, this piece of legislation proposes to appropriate funds for the acquisition of land in Wahiawa, Oahu, currently owned by the George Galbraith Estate, or to acquire the property through outright purchase, cooperative agreement, or exercise the State's power of eminent domain.

"The Galbraith Estate is comprised of 2,100 acres of agricultural-zoned land. These lands are made up of 20 individual contiguous parcels next to Wahiawa near Lake Wilson and Schofield Barracks. This Estate has some of the best and most productive agricultural lands in the State. If the State can purchase and manage these lands, we will ensure that agriculture in Hawaii will increase in productivity.

"As development pressures and urban sprawl increase on Oahu, our local community has become increasingly concerned about land use, food self-sufficiency and security, natural resource depletion, and economic dependency on imported food and products. The people of Hawaii have agreed that agricultural preservation and self-sufficiency are important and embodied these values in our State Constitution in article XI, Section 3 saying that, and I quote, "The State shall conserve and protect agricultural lands, promote diversified agriculture, increase agricultural self-sufficiency and assure the availability of agriculturally suitable lands."

"Mr. Speaker, urban development continues to encroach on agriculture, the State has a responsibility to help protect valuable agricultural-zoned lands from development and to preserve it for future agricultural production. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2421, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LAND ACQUISITION," passed Third Reading by a vote of 47 ayes to 2 noes, with Representatives Finnegan and Meyer voting no, and with Representatives Nakasone and Sagum being excused.

At 1:20 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2829, SD 2, HD 2
S.B. No. 2803, SD 1, HD 1
S.B. No. 3165, SD 2, HD 2
S.B. No. 2828, SD 2, HD 2
S.B. No. 2569, HD 1
S.B. No. 3138, SD 1, HD 1
S.B. No. 2198, SD 2, HD 2
S.B. No. 2421, SD 2, HD 1

At 1:20 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 3:22 o'clock p.m., with the Speaker presiding.

At this time the Chair announced:

"Members, at this time it is 3:23, and the Senate finished at 2:00. Let's try our best to finish by 5:30 for the next five pages."

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1759-08) recommending that S.B. No. 2646, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2646, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I am rising to speak against Senate Bill 2646, Relating to Important Agricultural Lands. Mr. Speaker it is because of part three, and I believe that we're looking at HD 2, is not providing a specific percentage. This is a concern because any housing allowed in the agricultural land is a slippery slope toward housing development.

"Under the current draft, housing can be built for the farmers' families and employees, which makes a lot of sense. But once you put that land into residential, then you are really ending up with more of an urban approach to agricultural lands. There's no limit on the specific number of houses that can be built, and there should be a sum certain per acre to ensure open space and agricultural districts. I know there's a great deal of effort to move all ag matters forward. I just think we need to be careful in not creating any urbanization areas on these lands. So at this point, I'm a no."

Representative Shimabukuro rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Shimabukuro's written remarks are as follows:

"I stand in opposition to SB 2646, SD2, HD2.

"The intent of this bill is to provide incentives and protections to establish and sustain viable agricultural operations on important agricultural lands, or "IAL," and provides for the designation of IAL's on public lands.

"This bill provides tax relief for rental income for agricultural leases only, not for agricultural income. Why should it cover only

lease income? In that sense, it targets the wrong activity, or at least too little of the income generation directly attributable to agricultural activity. It favors the large landowners over small farmers.

"Will leases for biofuel, or GMO crop production be included, meaning the State will be subsidizing those activities that may not produce food, or questionable GMO crops that can cross pollinate with valuable food crops we grow and want to keep pure?

"The provisions for farmer housing in this measure are too general. Extended family members can live on residences designated as IAL, something not allowed on regular agricultural lands.

"Part III allows residential housing on an unspecified percentage of lands deemed "important," which is contrary to our State's Constitutional charge to protect agricultural lands.

"The counties historically have been lax in defending the land use law and preventing rural sprawl on agricultural lands. Due to weak enforcement of agricultural land protection, farmland has been subject to the type of real estate speculation that drives up the price of land further out of reach for local residents and farmers. This measure will further weaken our protection of agricultural land and reduce public input.

"Additionally, SB 2646 repeals the tax credit for educational and training facilities at Ko Olina Resort and Makaha Resort for the benefit of the residents of the Wai`anae Coast.

"It is for these reasons that I stand in opposition of this measure."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Karamatsu rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Karamatsu's written remarks are as follows:

"I rise in support. The purpose of this bill is to provide a comprehensive set of incentives to establish and sustain viable agricultural operations on lands designated as important agricultural lands (IALs). This bill, among other things:

(1) Excludes income from certain agricultural leases on lands designated as IALs from the income tax;

(2) Exempts income from certain agricultural leases on lands designated as IALs from the general excise tax (GET);

(3) Allows landowners who have designated their agricultural lands as IALs to construct residential dwellings for farmers, employees, and their families on the IALs, subject to certain conditions;

(4) Establishes an IAL Qualified Agricultural Cost Tax Credit (IAL Tax Credit) for qualified agricultural costs incurred by taxpayers, up to an unspecified maximum amount per year for each taxpayer;

(5) Authorizes the Chairperson of the Board of Agriculture to guarantee agricultural loans for agricultural projects located on IALs;

(6) Requires the Department of Agriculture (DOA) to include the water needs of IAL agricultural operations when developing the Water Use and Development Plan;

(7) Requires the priority processing of permit applications for agricultural processing facilities submitted by an agribusiness, where the majority of the agribusinesses' lands are designated as IALs; and

(8) Requires:

(A) DOA and Department of Land and Natural Resources (DLNR) to collaborate to identify and map public lands that should be designated as IALs;

(B) The Land Use Commission to designate these lands as IALS; and

(C) Management of such lands to be transferred to DOA.

"Thank you."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Awana rose in support of the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in strong support.

"Our agricultural lands are in trouble. More and more ag lands are being zoned to provide housing. Housing which is necessary, but comes at a cost to increased importation of mainland and foreign food stocks. This bill is a step in the right direction. In addition, the provisions included help to ensure these lands continue to be used for the purposes intended. Thank you, Mr. Speaker."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2646, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO IMPORTANT AGRICULTURAL LANDS," passed Third Reading by a vote of 44 ayes to 5 noes, with Representatives Berg, Hanohano, Morita, Shimabukuro and Thielen voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1762-08) recommending that S.B. No. 2055, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 2055, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO FAMILY COURT," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1765-08) recommending that S.B. No. 711, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 711, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative Waters, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1768-08) recommending that S.B. No. 3103, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3103, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENDANGERED SPECIES," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Thielen voting no, and Representatives Nakasone and Sagum being excused.

At 3:25 o'clock p.m., Representative B. Oshiro requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 3:30 o'clock p.m.

Representative Tsuji, for the Committee on Agriculture presented a report (Stand. Com. Rep. No. 1769-08) recommending that S.B. No. 958, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 958, SD 1, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

At this time, Representative Tsuji moved that S.B. No. 958, SD 1, HD 2, be recommitted to the Committee on Agriculture, seconded by Representative Brower.

The motion was put to vote by the Chair and carried, and S.B. No. 958, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO GENETICALLY MODIFIED ORGANISMS," was recommitted to the Committee on Agriculture, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1773-08) recommending that S.B. No. 1780, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 1780, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Meyer rose to speak in opposition to the measure, stating:

"Mr. Speaker I'm rising in opposition to this measure. This bill will move us in the opposite direction we need to go with collective bargaining. This bill would limit the duration of each collective bargaining unit to no longer than two years. When the bill was heard in Finance, not one testifier was in support of the legislation. If you look at the testimony from the Finance Committee, you can see that allowing the State to negotiate in multi-year contracts only benefits the State as a whole. But contracts for longer than two years would allow for labor stability and the ability to plan for long-term operations mandating a two-year duration for all public employee contracts would remove the parties flexibility in order to arrive at a mutually agreeable contract.

"Mr. Speaker, this is one of the few times I find myself agreeing with the unions. The Hawaii Firefighter Association testified against this bill because this measure usurps the ability of the employers to enter into mutually agreed terms with respect to the duration of the contract. I believe this bill is moving forward because of the multi-year contract the HSTA signed in 2007 with the State, and now they are trying to get rid of the drug testing requirement negotiated in their contracts. It appears that the Legislature is using this measure to get the HSTA out of a jam. I don't think we should use this bill to bail out one union because they negotiated poorly, and their members are not happy. Thank you, Mr. Speaker."

Representative Belatti rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to Senate Bill 1780 HD 2. This measure places an onerous condition on the collective bargaining process between public employers and public employees bargaining units such that agreements could not be for longer than a period of two years.

"I really appreciate the attempt of the advocates to reassert authority of this branch of government in the collective bargaining process. In fact, in the Finance Committee I voted with reservations on this bill because at that time I was persuaded by the line of questioning of my colleagues to identify the extent of our authority to impact the collective bargaining process. However after more reflection and further review of the submitted testimony, I've come to the position of agreeing with the many opponents of this measure that this draft unnecessarily limits the flexibility in designing compensation and benefit packages in the course of collective bargaining negotiations. It is highly unusual to have a measure where both employers and public employee unions are in agreement in their vehement opposition to the bill. In light of this opposition and the reactive nature to impinge on collective bargaining negotiations, I am in opposition to this measure. Thank you."

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. The reason why on this particular measure you wouldn't receive supportive testimony from other than the employers and the unions is clear. Only the employers and the unions are involved in the collective bargaining process. The rest of the branches here at the Legislature and the respective County Councils are not involved in the collective bargaining of the contracts. We get handed a bill after the Executive branch or the Mayors settle these matters with respective bargaining units.

"For example the police recently sided with the counties and that's a four year contract. Similarly with the firefighters who settled with the counties and the State in the four year contract. And I believe this summer the teachers, as well as the University professors, the United Public Workers and the Hawaii Government Employees Association will be sitting down to discuss and settle with the respective Executive officers. So that's the reason why we didn't receive any supportive testimony from them.

"But the point of this bill Mr. Speaker, and the reason it is before this body, is perhaps as a tool to educate all of us. The State Constitution, Article VII, Section 11, reads as follows: 'All the appropriations for which the source is general obligation bond funds or general funds shall be for specified periods. No such appropriation shall be made for a period exceeding three years …'

"And that's the power of the purse that we have, but also the restriction so that we cannot bind the future Legislatures. And the reason this is appropriate right now, Mr. Speaker is that I don't want our public servants to be under the misguided belief that this Governor currently negotiating with them can enter into a multi-year binding biennial contract and force future Legislatures to pay on those contracts. Whether it be for four years or six years, there's no way we can bind future Legislatures.

"And in fact, I had a quick discussion with the head of the Office of Collective Bargaining and Managed Competition last night. She was frank enough to admit to me that there is a degree of uncertainty in this area. It is uncertain whether a partial funding by one Legislature is in fact, ratification of the terms and conditions of cost items within the collective bargaining contract and the arbitration award, so it binds future Legislatures. She suggested that I contact the Attorney General's Office.

"So that's where we are today, Mr. Speaker. But as far as I can read in the Constitution, we are limited in our powers and we are limited

in our appropriation powers, and we cannot bind any future Legislatures. So I just wanted to let everyone know that, and that the Administration should also know that, and keep that in mind when they sit down and bargain with our public workers. Thank you."

Representative Finnegan rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition of S.B. 1780, S.D. 2, H.D. 2 which requires the public employer and the exclusive representative for each bargaining unit to include provisions in their respective collective bargaining agreement that provide for a duration not exceeding two years.

"I think the reasoning behind changing collective bargaining agreements to no more than two years does not really make sense. Many of my colleagues do not think we should allow our unions to negotiate for longer contracts because we do not know what fiscal implications it will have on our future budgets or because collective bargaining agreements expire every two years. However, if you look at HRS Section 89-10, a bargaining agreement shall expire on June 30th of “EVERY” odd number year.

"Collective bargaining is a dynamic process and it involves two parties playing a game of “give and take” in order for everybody to compromise on what is best for each group. If we take away that flexibility, then both negotiating parties may not achieve the best deal available.

"Some of my colleagues argue that long-term agreements could have a negative fiscal impact on our State budget, but if you look at collective bargaining agreements; they are much more than just money. Money is just one part. One of the benefits of long-term agreements are they allow each group to plan for the future and that allows for better agreements between the parties because not all of the concessions by negotiating parties are affected by budget constraints. The University of Hawaii Professional Assembly and the Hawaii Fire Fighters Association have both benefited from long term collective bargaining agreements that they would have not had if they were limited to only two year agreements.

"I urge my colleagues to vote “NO” on this measure. Thank you, Mr. Speaker."

Representative Sonson rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, please note my reservations. I guess there is a defective date. I hope that it will have more airing out there. There's some work to be done. I certainly don't remember this measure going to my Committee and it does impact labor. But I apologize for not catching it."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1780, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT," passed Third Reading by a vote of 43 ayes to 6 noes, with Representatives Belatti, Finnegan, Marumoto, Meyer, Pine and Thielen voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1774-08) recommending that S.B. No. 2334, SD 2, as amended in HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2334, SD 2, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations.

"This bill would eliminate the ability of the Governor and the Director of Public Safety to appoint candidates of their choice to the First and Second Deputy positions in the Sheriffs Department. It is critical for the Sheriffs Department to work together as a unit. Therefore, I think it is important that the Governor and the Director of Public Safety have the ability to select those administrators that work well within the current system.

"I am also concerned with the requirement that the Deputy Director for Law Enforcement and Sheriff must be graduates of a law enforcement academy. Mr. Speaker, according to DHRD, this is an unusual requirement because past experience has shown that individuals without such training have been able to function satisfactorily in those positions.

"I support our law enforcement men and women and I want to make sure that the best qualified individual gets the job, but I have a problem with this measure as written. Thank you."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2334, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Pine voting no, and Representatives Nakasone and Sagum being excused.

At 3:40 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2646, SD 2, HD 2
S.B. No. 2055, SD 2, HD 2
S.B. No. 711, HD 2
S.B. No. 3103, SD 1, HD 2
S.B. No. 1780, SD 2, HD 2
S.B. No. 2334, SD 2, HD 1

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1775-08) recommending that S.B. No. 2423, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 2423, SD 2, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Har rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in support of SCR 1775-08, SB 2423 SD2 HD2 with strong reservations.

"As this body knows, this bill comports with the Governor's plan for the State to purchase Turtle Bay Resort as discussed during the Governor's State of the State Address. As an initial matter Mr. Speaker, I would like to applaud the Governor for this bold move and for her vision to preserve and protect some of the last remaining open

space along the North Shore. I also want to recognize and commend the many individuals who came before the Finance Committee to testify in support of this measure including Professor Denise Antollini from the Richardson School of Law, a former law professor of mine.

"My reservations, however Mr. Speaker, stem from three main reasons. The first being, priorities. It is our job to determine the priorities of government when funding projects. This becomes even more paramount when the State economy is slowing down.

"This bill allows the State to, among other things, issue General Obligation Bonds for the purchase of Turtle Bay. As this body knows, the State floats GO bonds to build schools. As my district has two of the four multi-tracked schools in the State and we cannot build schools fast enough because of budgetary constraints, I submit that many of my constituents strongly believe that building schools in the fastest growing district in the State is a higher priority than purchasing Turtle Bay.

"This bill would further allow the Governor to exercise the State's powers of eminent domain if an agreement to acquire Turtle Bay is not reached "in a reasonable time" as determined by the Governor. On this point, I refer to the testimony of Nicola Jones, CEO of Kuilima Resort Company, the owner of Turtle Bay Resort. Specifically, Ms. Jones states, "Kuilima cannot support any proposed legislation which suggests that the State of Hawaii acquire the Turtle Bay Resort by exercising the power of eminent domain, as such action would clearly interfere with Kuilima's vested legal rights." My reservations with this measure not only deal with priorities but deal with the fact that should this measure pass, and should the Governor exercise the State's power of eminent domain, we are inviting a potential lawsuit against the State for interfering with Kuilima's vested legal rights. That is not good public policy.

"Finally Mr. Speaker, my reservations stem not only from priorities and the potential of litigation from this bill, but from the Governor's Senior Policy Advisor who herself admitted that this is a complicated measure. In other words, this is not a simple land transaction involving a purchase of property by the State. Instead, there are many issues that will have to be addressed that preclude this from being a simple land transaction. For example, the bill states, "the land to be acquired shall include the unimproved lands that are not used for the hotel and resort proper or any appurtenant uses thereto, including but not limited to golf courses, stables, condominiums, parking areas, nurseries, and physical plant."

"What this means is that the purchase could include things such as the golf courses, stables, condos, parking areas, nurseries and physical plant which inevitably will lead to additional costs and subsequent issues for the State such as management agreements. Again I refer to the testimony of Ms. Jones, the CEO of Kuilima who states, "the governor and many others who have testified in support of this measure recognize the importance of maintaining the current Resort operations for employment, recreation opportunities, and the economic benefit to the region of the visitor draw. A VERY IMPORTANT ISSUE TO BEAR IN MIND IS THE COST, OVER AND ABOVE THE OPERATING INCOME, OF KEEPING THE RESORT GOING, INCLUDING THE COST OF NECESSARY CAPITAL IMPROVEMENTS AND DEBT SERVICE." (emphasis added).

"When I asked the Governor's Senior Policy Advisor in the Finance Committee hearing as to what the Administration envisioned for handling these issues, she acknowledged that this was a complicated bill because of these types of issues.

"Again Mr. Speaker, I support the intent of this bill, as well as my colleague from the 46th representative district, and particularly with all due respect to my colleague representing this district, but because I don't believe that purchasing Turtle Bay is a priority at this time, because I believe this bill could lead to litigation against the State, and because of the additional costs associated with the purchase of Turtle Bay, I must respectfully vote with reservations. Thank you, Mr. Speaker."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, on 1775, S.B. 2423, I would like a ruling on a potential conflict. At my law firm, I am representing the community that has sued Kuilima. Thank you," and the Chair ruled, "no conflict."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On Stand. Com. Report 1775, I'm voting aye with some reservations. Mr. Speaker, I've represented the people of Punaluu and Hauula for 14 years, and the residents of Laie for eight years. I'm very aware of the years of public meetings that took place between Kuilima and the community, and they've work diligently to work out concessions with the developer that would benefit all the people in the area.

"The development at Kuilima, now known as Turtle Bay, was seen as a place were many North Shore residents could find a job and their children as well, living and working close to their homes. I am concerned that the resort as it exists today may have a difficult time staying solvent if they are not able to build at least one more hotel. My fears are backed by the fact that the last two operators have not done as well as they would like. It is a matter of economies of scale. Another hotel, I believe, would make the whole resort work. With our economy slowing down and fewer airplane seats available for tourists, as well as a downturn in the mainland's economy, this bill which allows for purchase by eminent domain may scare away potential hotel operators that the State would need to operate or purchase the improved resort properties if the sale goes through.

"With all that said, I believe this has the potential of being a real win-win and I'm very grateful that the Governor has put together the Turtle Bay Advisory Working Group, intelligent people bringing together a mix of experience and expertise who will serve the Governor well in her efforts to strike a balance in acquiring this revered property for the public's use, while still allowing the improved resort to flourish. Thank you, Mr. Speaker."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Magaoay rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Magaoay's written remarks are as follows:

"Thank you, Mr. Speaker. Mr. Speaker, I rise in support of Senate Bill 2423, SD2, HD1, Relating to Land Acquisition. Mr. Speaker, the purpose of this bill is to appropriate funds and authorize the Governor or the Governor's designee to acquire the area commonly known as Turtle Bay Hotel and Resort and the accompanying underdeveloped property.

"The Turtle Bay property includes about five miles of coastline, much of which is pristine and undeveloped and other large tracts that remain in their natural state. The property is also a critical piece in maintaining a rural character of the North Shore. Acquisition of the Turtle Bay property will protect this area and allow the community as a whole to shape its future.

"As most of us in this room are probably aware, the ownership of the Turtle Bay Resort property and hotel has changed hands several times since the 1970s. Currently, Oaktree Capital Management is the owner. Oaktree acquired the resort with all its 880 acres, including the Kuilima Estates West in 1998.

"Mr. Speaker, if the State fails to act now that the property is being foreclosed, it is possible for another developer to come along and build more resort units. This is a once in a generation chance to preserve both a lifestyle for thousands of residents, and a part of Hawaii that millions the world over have come to love and identify as the real Hawaii. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2423, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LAND ACQUISITION," passed Third Reading by a vote of 46 ayes to 3 noes, with Representatives Berg, Herkes and Wakai voting no, and with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1776-08) recommending that S.B. No. 3102, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and S.B. No. 3102, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE LAND CONSERVATION FUND," passed Third Reading by a vote of 49 ayes, with Representatives Nakasone and Sagum being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1777-08) recommending that S.B. No. 3202, HD 1, pass Third Reading.

Representative Caldwell moved that the report of the Committee be adopted, and that S.B. No. 3202, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to Stand. Com. No. 1777. Mr. Speaker this bill proposes an amendment to the Constitution to extend the mandatory retirement age from 70 to 80 for justices and judges. Mr. Speaker, it's kind of like *déjà vu* all over again. It harkens back to what less than two years ago, the people of Hawaii overwhelmingly voted down. They didn't want this, and here we are, a stone's throw away, saying, 'Well we want that'.

"There was a debate historically in America regarding the Hamiltonians and the Jeffersonians. The Hamiltonians wanted to have the elites, and the learned, and the rich, and the smart, and the educated, telling the other people what to do. And Jefferson said, 'No. The common sense of the common people, for the common good is what we should be doing. Listen to the people, whether they're elected, or they're landed, or they're rich, or they're smart, or otherwise.' Mr. Speaker this bill flies directly in the face of that true belief in grassroots democracy.

"The people told us, 'We don't want to do this.' And now we're turning around and doing it. This is a slap in the face of the voters. In fact, it's an insult to their intelligence. The other issue is we're going to have another ballot about whether the age of the Governor should be put down to 25. That's going to confuse people. Put one age up, one age down. It's not going to be simple. The point is we've already gone through this. Been there, done that. And now we're recycling it and I, quite frankly, I think it's an insult to the people of Hawaii."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I am speaking with reservations. But prior to that, I have a potential conflict of interest. I am at the awkward age where I'm called a 'senior citizen,' and the Chair ruled "no conflict."

"Thank you, very much. Mr. Speaker and Members, I believe the contents of the bill make it a good bill, but there are two things that I'm not in favor of. I know that they are trying to arrive at a compromise, but I believe with due respect to the Chairman, my Chairman and Members of the Committee who voted for it, including me, it's a poor compromise. And the fact that it's prospective and not to take care of the current judges, and there is a limitation on the age of 80.

"If we're truly concerned about fairness in terms of age limits, we would look at age discrimination. The federal government has no such thing. We have federal judges that are far beyond the age of 80, and still continuing to practice, as long as they have the mental capability to do so.

"So what makes us so different that we need to have an age barrier? In fact we who are proponents and honor affirmative action and non-discrimination continue to discriminate with the aged. In fact, as I recall, as a Member of the Constitutional Convention, there was an amendment in there that provides for the security and welfare and non-discriminatory practices for the aged.

"In fact Mr. Speaker and Members, I wrote that very amendment in 1978, so I have every interest in protecting that, especially now. For that matter, at some point in time, they're going to say, 'Joe Souki, you're past the age to be serving the House anymore. Here you are. You're of a certain age and you can't continue to serve as a legislator.' But the judge out there, who's probably younger than you will be able to serve.' It does provide a context of problems for someone even like me, and for those of you who may be so fortunate to reach the awkward age. So Mr. Speaker, with this, I vote in reservations. Thank you."

Representative Waters rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Thank you for the previous speaker's comments and he's absolutely right that an age limit is discrimination. Any way you put it, it is discrimination. And we unfortunately, our Constitution does discriminate.

"However, what the Judiciary Committee did was amend the bill to make it prospective. So it's anti-IFL if you will, because the Governor, Governor Lingle, will be able to appoint judges that can serve until 80. And the current judges who were appointed prior to the effective date of this bill will have to retire at 70. Thank you."

Representative Lee rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, in support with reservations. I'd just like to say that I think we should abolish the mandatory retirement age. Thank you."

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. I vote with reservations and may I have the words of the speaker of Wailuku adopted as if they were my own? I want to also thank the Judiciary Chair. When the bill first came out, there were a lot of problems with it and he worked with the Committee to make this prospective which took the politics out of the issue. But I guess I have to heed the words of my 80-year-old mother weighed into it because, 'What? I'm not as cognizant as I was a year ago?'

"So I think if we're going to go ahead and do this, we should just not put a cap and just make it just like driver's licenses perhaps, and just test every year. Mahalo."

Representative Ward rose to respond, stating:

"Mr. Speaker very briefly. I'm glad the speaker from Waimanalo noted that it was conceived in ill will of the IFL-phobia, that was to

be against the Governor. It was prospective as a way of getting out of that. But the point is it was conceived in that, and the perception from the public is that this is something that they voted on and we changed our mind. But in effect what was initially ill-conceived is still living on. If we waited for another two, or three years, or four years, I think it would be understandable. Right now Mr. Speaker, it's a bit of a fresh open wound."

Representative Evans rose in support of the measure with reservations, and asked that the remarks of Representatives Souki and McKelvey be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Awana rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations. I would like to have seen this measure take a closer look at the ability of justices instead of their age. Exams to ensure the competency of justices may be a better option. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3202, HD 1, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO THE HAWAII CONSTITUTION TO EXTEND THE MANDATORY RETIREMENT AGE FOR STATE JUSTICES AND JUDGES FROM SEVENTY TO EIGHTY YEARS OF AGE," passed Third Reading by a vote of 44 ayes to 5 noes, with Representatives Bertram, Cabanilla, Finnegan, Meyer and Ward voting no, and with Representatives Nakasone and Sagum being excused.

S.B. No. 3202, HD 1, passed Third Reading in the following form:

S.B. No. 3202, HD 1

A BILL FOR AN ACT PROPOSING AN AMENDMENT TO THE HAWAII CONSTITUTION TO EXTEND THE MANDATORY RETIREMENT AGE FOR STATE JUSTICES AND JUDGES FROM SEVENTY TO EIGHTY YEARS OF AGE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that in today's society, individuals are living longer, healthier lives, as evidenced by the growing number of older individuals throughout the United States and the world. The legislature further finds that a benefit of our aging society is the wisdom, experience, and skills that these older individuals possess, which should be both valued and respected, particularly in the workforce.

The legislature determines that the age restriction placed upon Hawaii's justices and judges, who are highly educated individuals who have served as learned members of the bar and now the bench, should be reconsidered. The wealth of knowledge and experience in interpreting Hawaii's laws that is retained by these individuals is invaluable to the residents of Hawaii.

The purpose of this Act is to propose an amendment to article VI, section 3, of the Constitution of the State of Hawaii to extend the mandatory retirement age for newly appointed state court justices and judges from seventy to eighty years of age.

SECTION 2. Article VI, section 3, of the Constitution of the State of Hawaii is amended to read as follows:

"**APPOINTMENT OF JUSTICES AND JUDGES**

Section 3. The governor, with the consent of the senate, shall fill a vacancy in the office of the chief justice, supreme court, intermediate appellate court and circuit courts, by appointing a person from a list of not less than four, and not more than six, nominees for the vacancy, presented to the governor by the judicial selection commission.

If the governor fails to make any appointment within thirty days of presentation, or within ten days of the senate's rejection of any previous appointment, the appointment shall be made by the judicial selection commission from the list with the consent of the senate. If the senate fails to reject any appointment within thirty days thereof, it shall be deemed to have given its consent to [~~such~~] the appointment. If the senate [~~shall reject~~] rejects any appointment, the governor shall make another appointment from the list within ten days thereof. The same appointment and consent procedure shall be followed until a valid appointment has been made, or failing this, the commission shall make the appointment from the list, without senate consent.

The chief justice, with the consent of the senate, shall fill a vacancy in the district courts by appointing a person from a list of not less than six nominees for the vacancy presented by the judicial selection commission. If the chief justice fails to make the appointment within thirty days of presentation, or within ten days of the senate's rejection of any previous appointment, the appointment shall be made by the judicial selection commission from the list with the consent of the senate. The senate shall hold a public hearing and vote on each appointment within thirty days of any appointment. If the senate fails to do so, the nomination shall be returned to the commission and the commission shall make the appointment from the list without senate consent. The chief justice shall appoint per diem district court judges as provided by law.

QUALIFICATIONS FOR APPOINTMENT

Justices and judges shall be residents and citizens of the State and of the United States, and licensed to practice law by the supreme court. A justice of the supreme court, a judge of the intermediate appellate court and a judge of the circuit court shall have been so licensed for a period of not less than ten years preceding nomination. A judge of the district court shall have been so licensed for a period of not less than five years preceding nomination.

No justice or judge shall, during the term of office, engage in the practice of law, or run for or hold any other office or position of profit under the United States, the State or its political subdivisions.

TENURE; RETIREMENT

The term of office of justices and judges of the supreme court, intermediate appellate court and circuit courts shall be ten years. Judges of district courts shall hold office for the periods as provided by law. At least six months prior to the expiration of a justice's or judge's term of office, every justice and judge shall petition the judicial selection commission to be retained in office or shall inform the commission of an intention to retire. If the judicial selection commission determines that the justice or judge should be retained in office, the commission shall renew the term of office of the justice or judge for the period provided by this section or by law.

Justices and judges shall be retired upon attaining the age of [~~seventy~~] eighty years[~~. They~~], with the exception of justices or judges first appointed prior to November 5, 2008, who shall be retired upon attaining the age of seventy years. Justices and judges shall be included in any retirement law of the State."

SECTION 3. The question to be printed on the ballot shall be as follows:

"Shall the mandatory retirement age for all state court justices and judges be extended from seventy to eighty years of age for those state court justices and judges appointed after November 4, 2008?"

SECTION 4. Constitutional material to be repealed is bracketed and stricken. New constitutional material is underscored.

SECTION 5. This amendment shall take effect upon compliance with article XVII, section 3, of the Constitution of the State of Hawaii.

At 3:53 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2423, SD 2, HD 2
S.B. No. 3102, SD 2, HD 1
S.B. No. 3202, HD 1

The Chair then announced:

"Members, please note the 10-day notice for Stand. Com. No. 1778-08 and S.B. No. 966 as listed on page 18."

At 3:53 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 3:53 o'clock p.m.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1778-08) recommending that S.B. No. 966, pass Third Reading.

In accordance with Article XVII, Section 3, of the Constitution of the State of Hawaii, consideration of Stand. Com. Rep. No. 1778-08 and S.B. No. 966, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE V, SECTION 1, OF THE HAWAII CONSTITUTION, TO CHANGE THE AGE QUALIFICATION FOR THE OFFICES OF GOVERNOR AND LIEUTENANT GOVERNOR FROM THE AGE OF THIRTY YEARS TO THE AGE OF TWENTY-FIVE YEARS," was deferred.

THIRD READING

S.B. No. 1961, SD 1, HD 1:

Representative Caldwell moved that S.B. No. 1961, SD 1, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations on this bill.

"Mr. Speaker, while this bill appears to provide comprehensive measures for bail bond agents, sureties, and the bail bond process, it actually does not make any effort to consider and work with the existing HRS 804. According to the Attorney General, the provisions in this law are completely inconsistent with HRS 804.

"Bail is used to address the defendant's danger to the community and risk of flight and to assure the defendant's appearance in court. When a bail bond agent assists a defendant with a bond to obtain the defendant's release, the bail bond agent is taking responsibility for the defendant's appearance in court. The bail bond agent accepts the risk if the defendant does not show up in court. However, in this bill, provisions are being proposed to allow sureties to avoid responsibilities and this could have a detrimental impact on the criminal justice system. I am hoping that as this bill moves forward, the concerns of the Attorney General will be addressed in the Conference Draft version. Thank you."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Likewise, I will be voting with reservations and if you would please allow me to express my reservations. The bill proposes to provide a comprehensive oversight and regulation of bail bond agents. It would establish procedures for the exoneration of bail bond agents, sureties from bond liabilities, and enforcement procedures for compensated sureties. The two affected agencies, the Attorney General and the Department of Commerce and Consumer Affairs, in particular the Insurance Division, are uneasy with the way this bill is drafted.

"The problems with the bill are as follows: It does not conform to the existing law, HRS 804; and it will detrimentally impact the criminal justice system by establishing a procedure for the exoneration of bail bond agents and sureties from bond liabilities and enforcement procedures. Under current law, bond sureties can avoid liability only if they make a showing of good cause why the bond should not be forfeited.

"Under this bill, some provisions of the bill will more easily allow bond sureties to get off the hook. Allowing this avoidance of liability is contrary to the whole purpose of allowing defendants to post bond and be released. They're supposed to take responsibility for criminal defendants when they post bond for the defendants. Bond sureties ensure that they will show up for all court appearances. By allowing sureties to slide away, they have less of an incentive to ensure that defendants make their court dates because under this measure, if criminal defendants don't show up for their court appearances, sureties will not suffer any loss. Let's keep them responsible. Do not allow this proposal to advance without amendments. Thank you."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 1961, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BAIL," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Saiki being excused.

S.B. No. 2400, SD 1, HD 1:

On motion by Representative Caldwell, seconded by Representative B. Oshiro and carried, S.B. No. 2400, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DECRIMINALIZATION OF MINOR OFFENSES PURSUANT TO ACT 124, SESSION LAWS OF HAWAII 2005," passed Third Reading by a vote of 48 ayes, with Representatives Nakasone, Sagum and Saiki being excused.

At 3:57 o'clock p.m., Representative Caldwell requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 3:58 o'clock p.m.

S.B. No. 945, HD 1:

Representative Caldwell moved that S.B. No. 945, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Green rose, stating:

"Thank you, Mr. Speaker. Forgive me for this is. Is this time that I ask for a re-referral? I make a motion for a re-referral."

The Chair responded, stating:

"I believe you are out of order at this point, Representative Green."

Representative Green: "I apologize Mr. Speaker."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'm rising with serious concern about this bill and actually to ask the Members to take a look at this as to whether or not we should even move this forward.

"As I read Section 4 of the bill it states, in part: 'No legislator shall enter into any contract for services with any entity that receives any State funding.' Right off the bat Mr. Speaker, this means Representative Shimabukuro from Waianae, Makaha …"

Representative Takai: "Point of order, Mr. Speaker. I think Mr. Speaker you were going to cover it. Thank you."

The Chair addressed Representative Thielen, stating:

"Representative Thielen, please confine your remarks and not mention the name of the elected official, but the district that they represent."

Representative Thielen continued, stating:

"Certainly, I'll mention them by the district. The Representative from District 45 who works for the Legal Aid Society, and Legal Aid Society receives money, State funding. Then we go on to the Representative from the 37th District, Waipahu, Mililani who I believe his occupation is social worker, and I believe in providing social work, some of those entities receiving State funding. Some I am not sure about, but that Representative would know himself. District 31, Moanalua Valley, Moanalua and Salt Lake, and the occupation is public relations consultant …"

Representative Yamane rose to a point of order, stating:

"Mr. Speaker, point of order. What is the purpose of naming the Representatives, as well as their profession?"

The Chair responded, stating:

"I believe the Representative is naming the district that Representatives are from and inferring that this particular measure may be affecting their livelihood."

At 4:01 o'clock p.m., Representative Takai requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 4:05 o'clock p.m.

Representative Thielen continued, stating:

"Thank you, Mr. Speaker. I'll continue calling legislators by their district number. We also look at others that this measure could impact. In District 34, Newtown, Waiau and Pearl City; the Hawaii Army National Guard is funded with State money."

Representative Takai rose to a point of order, stating:

"Mr. Speaker, point of order. I believe the Representative from the Windward side is not correct on that. Federal law and State law allow me to serve in the Hawaii Army National Guard."

Representative Thielen: "I'm going to continue Mr. Speaker, because all of these legislators whom I am naming could be impacted by this bill, and I think this is something of which of the Members should be aware."

Speaker Say: "Representative Thielen, I think a lot of Members are aware of that, so would you like to submit it for the Journal?"

Representative Thielen: "No, I would not. I'd like to say it, Mr. Speaker. District 10, Lahaina, Kaanapali, Kapalua; Vice President, publishing and graphics firm, may or may not generate …"

Representative McKelvey rose, stating:

"Mr Speaker. Just to the edification of the Representative and my friend from the Windward side. I have no State business, no State contracts, never had it, never will."

Representative Thielen: "Okay, we'll cross him off."

Representative Yamane: "Point of order, Mr. Speaker."

Speaker Say: "Representative Yamane, at the point when she is finished, if she mentions any of you who are impacted by her statements, you will be given an opportunity to correct what she's stated for the record."

Representative Yamane: "But I'm not currently employed."

Speaker Say: "I realize that, but you can state that after she finishes her list."

Representative Thielen: "District 46, Schofield, Mokuleia, North Shore; electrical engineer and I would assume as electrical engineer, he does work on State projects. District 38, Mililani, Mililani Mauka; registered nurse, may or may not be working at a hospital that receives State funding. District 41, Waipahu, Village Park, Waikele; attorney and business man, may or may not be doing work with entities that receive State funding. District 6, North Kona, Keahou, Kailua-Kona; a physician who I believe is doing work for a hospital or hospitals that receive State funding. District 24, Manoa, the Majority Leader; attorney of which he's a partner does do work with Galbraith which may be receiving State funding if that bill goes ahead and through the Session. District 42, Waipahu, Honouliuli, Ewa; occupation, registered nurse, may or may not do nursing at a hospital or other place that receives State funding. District 11, Makena, Wailea, Kihei; Director, Greenways Maui nonprofit, may or may not receive State funding. District 18, Niu Valley, Aina Haina; educator and small business owner, may or may not do work with entities that receive State funding.

"I believe that I have picked out everyone that may be impacted by this bill, but now I would certainly welcome people standing up and saying, 'not me.' I'll reserve my remarks in closing after people indicate whether they are or not impacted by this."

Representative Green rose, stating:

"Mr. Speaker, is this the appropriate time? I said, re-referral. I meant recommittal. That was my intention in my previous statement. May I ask for a re-committal, Mr. Speaker?"

At this time, Representative Green moved that S.B. No. 945, HD 1, be recommitted to the Committee on Judiciary, seconded by Representative Sonson.

At this time, Representative Yamane requested a roll call vote at the appropriate time on the motion to recommit.

The request for a roll call vote was put to vote by the Chair and upon a show of hands, the roll call was approved.

Representative Green rose, stating:

"Point of personal privilege, Mr. Speaker. Mr. Speaker, I was confused. I was wondering if we would be discussing the motion, or am I incorrect."

The Chair responded, stating:

"You are incorrect at this time. The motion to recommit is just the motion to address the recommittal. I think we have the number of votes to have a roll call vote on the recommittal. If there is a discussion, it will be on the main motion which is not before us at this time. This is the motion to recommit."

Representative Green rose to speak in support of the motion to recommit, stating:

"Thank you, Mr. Speaker. I stand in support of the motion to recommit. I'll try to be brief. The reason I believe this bill should be recommitted falls into two categories. One of which is that this bill, when it was passed from the Judiciary Committee, that the bill was not in its previous form. It wasn't about what it is now. That was my concern. I know we will take this up when we discuss the greater body of bills. I won't dwell on it, except to say that this was added on in the end.

"Specifically, I think that this bill, because we are a part-time Legislature, will negatively affect the ability for virtually all of us to participate in society in a productive way. I certainly have nothing against strong ethics laws, whether they were in their original forms, calling for drug testing or the other pieces of the bill. But we're here for four months basically of the year, and so many, in fact I'm sure the majority of us have other things that we have to do, in a small State there are very few other options.

"I'll take this up at much greater length if we discuss this matter for passage. But suffice it to say that in many places, there is nothing but government services that can be offered. And the current laws, as they stand, if you want to work for a government agency, you go through a rigorous process where the bill and information is posted."

Representative Caldwell rose to a point of order, stating:

"Point of order. I thing the speaker is straying into the merits of the main motion and not the recommittal."

Speaker Say: "Correct. But the Chair will allow him to finish up with his comments, since this is not the main motion before this body."

Representative Green: "Thank you Mr. Speaker, I apologize. I will just sum up because I think my comments are more pertinent to the main bill, and that I think that this current bill is going to do great damage to the ability for almost all of us to contribute to society, Mr. Speaker."

Representative Yamane rose to speak in opposition to the motion to recommit, stating:

"Thank you, Mr. Speaker. I am standing in opposition to the recommittal. Mr. Speaker, the reason why I'm standing in opposition to this bill is that, we come here. We are here representing our constituents. We're held to a higher standard sometimes, that is fair and sometimes its unfair, Mr. Speaker.

"The issue of ethics is something that we've been trying to tackle for many years. I think there's some good pieces that I would hate to see die. Mr. Speaker, we get accused of being influenced by different entities from both people from this aisle, as well as those across the aisle, from those who are in our districts, or from special interest groups. Mr. Speaker this is a way of us that we are willing to work on our own House to address some of the concerns of people who feel that we may be influenced through the issue of employment or subsidy.

"Mr. Speaker, I ask Members to consider the fact that this is an ethics measure addressing openness, and I hope that people vote in opposition."

Representative Cabanilla rose to speak in support of the motion to recommit, stating:

"Mr. Speaker, I rise in support of the recommittal. And the reason why I'm standing up in opposition is not because I don't believe in good government or clean government, but on this particular motion today I do not agree that the intent is good; that the intent is pure. But I perceive it as a clear intention for repercussion for the Members that vote and believe otherwise. I have communications that clearly made me feel that this is intended for me for a stance I believe in.

"When this bill came forward, although I know that the language is recent, I supported it because I believe in good government. And I have only spoken in these Chambers with total honesty in what I believe, disregarding who introduced the bill, or how they feel about it. And I have always believed that my colleagues will take me at my word because it's what I honestly believe in. But today, I feel I'm being punished for it and that's why I'm asking for recommittal and support for the recommittal because there are other ways to make good government. Good government can be with good intentions, and should not be disguised as clean and open when it is otherwise. Thank you, Members."

Representative Pine rose to speak in support of the motion to recommit, stating:

"In support of recommittal. I think in a bill that's about ethics, we should strive our hardest for the public to have the perception that we are being the utmost ethical. And recent developments, I guess behind the scenes and now have been made public, will give the public a perception that certain Representatives are being targeted because truly they would, by this bill not being recommitted and being passed, could possibly no longer have their jobs or keep their jobs as a legislator.

"So for the perception of the public who may think that something has been unethical in trying to pass this bill by targeting certain Representatives for retribution ..."

The Chair addressed Representative Pine, stating:

"Representative Pine, it is all Representatives. All those that may have contracts with State government."

Representative Pine continued, stating:

"All Representatives, especially those that work at hospitals would be targeted. So for that, I support the recommittal."

Representative Marumoto rose to speak in support of the motion to recommit, stating:

"Mr. Speaker, I am in favor of recommittal. I think that if we recommit this particular bill it would save us a lot of grief. The Majority was in Caucus for an hour and a half, an extraordinarily long time. I'm not privy what was discussed. Apparently it was the bill of which we would like to recommit. I think if do not recommit it and we vote on it, and discuss that, it might be quite divisive and maybe not a very pretty debate. I think we could get rid of the whole situation by recommitting the bill right now."

Representative Finnegan rose to speak in support of the motion to recommit, stating:

"Thank you, Mr. Speaker. I am in favor of the recommittal. Mr. Speaker, the reason why I'm in favor for the recommittal is basically because of the timing of this issue. Looking at not having seen this language before and coming in at the last minute, as well as not being privy to a long Caucus of really debating this issue out, the goods and the bads. And hearing this for the first time with very open and listening ears, the timing of the issue, how it's come from what would probably be considered left field. And being that the Minority has basically, Session after Session, has been pushing for measures like this. Let's make good ethics laws that clarify conflicts of interest and all of these other things. So to be able to have a substantial piece

added to this ethics bill with virtually no real debate, is questionable to me, Mr. Speaker."

The Chair then stated:

"Thank you, very much. You will have that opportunity on the main motion, Representative Finnegan.

"For those who support the recommittal, say aye. For those who oppose …"

Representative Thielen rose, stating:

"Mr. Speaker, we're at a roll call."

Speaker Say: "Yes, and I'm stating the motion before the body, Representative Thielen. For those who support the recommittal, say aye. For those who oppose the motion to recommit, say nay. Madame Clerk, please call the roll."

Roll call having been approved, the motion that S.B. No. 945, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ETHICS," be recommitted to the Committee on Judiciary was put to vote by the Chair and failed to carry on the following show of ayes and noes:

Noes, 29: Awana, Brower, Caldwell, Chang, Chong, Evans, Har, Ito, Karamatsu, Lee, Luke, Magaoay, Manahan, McKelvey, Mizuno, Nishimoto, B. Oshiro, M. Oshiro, Rhoads, Saiki, Say, Shimabukuro, Takai, Tokioka, Tsuji, Wakai, Waters, Yamane and Yamashita.

Ayes, 19: Representatives Belatti, Berg, Bertram, Cabanilla, Ching, Finnegan, Green, Hanohano, Herkes, Marumoto, Meyer, Morita, Pine, Sonson, Souki, Takamine, Takumi, Thielen and Ward.

Excused, 3: Representatives Carroll, Nakasone and Sagum.

(Main Motion)

Representative Green rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I speak in opposition to the bill. Mr. Speaker, this bill is about ethics. Its title is ethics, Relating to Ethics, that is. In it original incarnation it was about requiring financial disclosures of justices and judges, and then it became a bill about drug testing. Both bills I supported. Then it became a bill about nepotism, again a piece I support. In the 11th hour without a hearing, meaningful or otherwise, sections were added, which I feel makes this bill untenable. In others makes this bill not just a bad bill, but much worse. It makes this bill, contrary to the title, an absolutely unethical abomination.

"Mr. Speaker the language of this bill right now, and I'm going to read a small section of the bill. It says that, 'No legislator, or business in which a legislator has a controlling interest shall enter into or seek to enter into a contract that's value is greater than $10,000.' And then it just briefly goes on to say that, no multiple contracts to exceed the $10,000 with any State agency or any body, corporate or public, instrumentality by the law.

"Mr. Speaker it's not contention with special interests, special interests that people can find out about, they can look into, had decided for whatever reason they have, that this section had to be added to the bill. And I'd like to explain what the effect of that is. The effect of that bill makes it impossible for me, a doctor who lives on the Big Island to work as a doctor at the Hawaii Health Systems Corporation hospitals if I intend to enter into a contract. It's good that we have ethics laws that prevent a conflict of interest. It is because we are here to represent all of the people and that's what we do. And that's obviously what I believe I do when I'm here. And then the rest of the year we go out to serve the people in our capacity as workers just like all the rest of them.

"In a single case here on the Big Island, all of the hospitals with one exception are public hospitals that are run in a quasi-governmental way by HHSC. We have a small part in their budget. Over the years, to be safe, I've asked you whether I have a conflict of interest many, many times, and it's always been ruled that I didn't have a conflict of interest. At your advice, and the advice of colleagues, I have pursued the advice of our legal counsel to make sure, and again they assured me in writing and whatnot, that I didn't have a conflict of interest because I was working as a contract doctor. To be sure again, I sought the opinion of the Attorney General because I never thought that I wanted to have any appearance of a conflict of interest. Again the Attorney General said that, 'As a doctor, you don't have a conflict of interest. You're just taking care of people.'

"Now this language. This language proposes to keep me and others in this Legislature, and I'm sure they'll speak up, from working in any capacity if there is a connection, corporate or with the State or any State agency, or body corporate or public instrumentality established by the law.

"Now Mr. Speaker, six or eight months ago I was doing a shift in the emergency department for the people of Pahala at Ka'u Hospital. After a five-day shift, which is about 120 hours, I learned that one of my colleagues was thrown from a horse, a 65-year old was thrown from a horse and broke a bone in his back. His name is Dr. Dow. He's a wonderful physician committed to the community, just like I try to be. There was no one else to get because all other doctors that would possibly be available, the other four doctors that help cover the hospital, live in California, or St. Louis, or couldn't be available.

"But I was there, I was not in the Legislature at the time so I didn't have an extra commitment, and Marilyn, the CEO of Ka'u Hospital, the Administrator said, 'Can you stay, because otherwise we have to shut down. Literally shut the hospital down because we would not have a doctor.' I was the only doctor available. And I agreed to stay. And for the work that I do, I'm obviously paid as a doctor to work in these hospitals. At the advice of the Attorney General, at the advice of legal counsel, at the advice of the Speaker's rostrum."

Representative Nishimoto rose to yield his time, and the Chair "so ordered."

Representative Green continued, stating:

"But under this bill, I would not have been available to take care of that patient if it was a conflict of interest. It was actually exactly the opposite. It was at the interest of working in that area where they had no doctor. A patient came in during that shift that was dying, as they always do and I did my best with the nurses that were working there to try to help our community. So in this example that I've just given you, what could possibly be the benefit? Unless I'm mistaken, the accusation is that by working with one of these hospitals that is partially State funded, I'm committing an act of either conflict of interest, or worse still, corruption. And I say that because it's addressing the notion that I'm getting special treatment, or any one of us would be getting special treatment if we also, when we're not here, had a contract to work with these agencies.

"I'm greatly disappointed that this is what we feel is necessary for an ethics standpoint because there are so many things that we can do that would augment the ethics laws. But all this does is prevent us from actually taking care of the people who are working for the people. As it currently stands, if a person wanted to get a contract, it would go through procurement and it would be posted; everyone would see it. I'm happy to tell everyone and anyone exactly what my contract shows. But this bill, whoever was behind the addition of that language, whoever it was. And as we know there have been very big controversies this legislative Session, so there's plenty of reason to believe people wouldn't like me to be working any longer and have to

choose my medical work over legislative work. And that could be very true of any number of us.

"But that language being added and not debated, not discussed, posted yes on the Web, that language only serves to prevent me at least in this case, and I'll allow other people on their own behalf, from doing what I love and doing what I do best, which is trying to practice medicine. And I defy anyone to see the sense, and I defy anyone to say that that was a fair process, or an appropriate process to dump that into the bill at the end.

"Mr. Speaker we have so many problems with people trusting us there is no doubt about it. But what I can say about this ethics bill is this would definitely serve the exact counterproductive agenda of an ethics bill in general. What this will do is make people wonder why on earth did we try to say that doctor can't work, or that nurse can't work. It doesn't make any sense. It was unethically passed, and I'm absolutely opposed to it, Mr. Speaker."

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, I am standing in support. Mr. Speaker I am one of those that would be affected by a measure like this, Mr. Speaker. It's not that I currently have a job as he did earlier. It's just that if I did try to work as a social worker, many of the jobs that I would apply for, or potentially qualify for would result in potentially being employed through a nonprofit or a pseudo-governmental agency. But Mr. Speaker, today I am standing in strong support of this measure.

"Mr. Speaker, if you look on MSN Encarta it describes ethics as, the noun version as, 'the study of moral standards and how they affect conduct.' And they describe conflict of interest as, 'a conflict between public and private interests of somebody in official position or conflict between a number of public positions.'

"Mr. Speaker, when I read this bill I immediately, probably selfishly thought, it was related to myself. I went and researched it and I questioned what was behind it. And then I began to think Mr. Speaker, about the people in my constituency, the issues I decided to run on. This bill doesn't say a name. It doesn’t say any profession here. There's no profession. It doesn't say a district or an entity. It doesn't say anything except the issue that we have been talking about for a number of years, about a code of conduct and ethics.

"I've heard a lot today that it was written about certain contracts and how certain people are affected. Well, I'm going to be affected. Today, some of you may know that I was temporarily employed at a federal agency and through a federal act called the Hatch Act, I had to choose in January of this year, between remaining a legislator or doing this new part-time job, which I enjoyed. It was a financial decision where I to had to choose, Mr. Speaker. And my commitment to the people of Hawaii to do what is right, regardless of the financial implications.

"In the federal government, I had no impact on their budget. I had no impact on anything that federal agency does, except that I was a State official as an employee. And so I was given a choice, and I chose to leave to prevent any question about impropriety or undue influence. So Mr. Speaker I stand today being affected by this, willing to take the sacrifice because I want to go back and tell my constituents and look at their faces and say, as a public servant, did I suffer to do this job? And the answer would be, absolutely yes."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm rising in opposition to the main bill Mr. Speaker, because of this provision. And the prior speaker spoke just fine and said he had to make choices. But ask the people in Kona and that rural district over there, whether those patients want to give up their doctor because this bill is being passed by this Legislature.

"It's a whole different thing when you live in Mililani. I mean, you're in a pretty populated area. You have hospitals all around the place on this island. The Big Island doesn't. This is a punitive bill against a legislator who has worked for tort reform, and what this bill does it goes right in his face to say, 'Dr. Green, you no longer can practice medicine if you want to continue your work in the Legislature.'

"We do some pretty disgraceful things here, but this is about as low as we can get …"

Representative Waters rose to a point of order, stating:

"Point of order, Mr. Speaker. The speaker is out of order."

The Chair addressed Representative Thielen, stating:

"Representative Thielen, can you confine your remarks and address the rostrum."

Representative Thielen: "I will look at you, Mr. Speaker. I'm sorry about that. I'm feeling very, more than disturbed that people in this Chamber will be so petty, so vindictive …"

Speaker Say: "Representative Thielen. You are out of order. Representative, you are out of order with the statement that you just made."

Representative Thielen: "I'm talking about the bill."
