December 23, 2024

MEMORANDUM

TO: The Honorable Kyle T. Yamashita  
Chair, House Committee on Finance  
State Capitol, Room 306  
Honolulu, HI 96813

FROM: Keith A. Regan  
Comptroller

SUBJECT: 2025 Budget Briefing Testimony

As requested in your memo dated December 6, 2024, attached is our 2025 budget briefing testimony. An electronic copy of our budget testimony and the corresponding excel spreadsheets will be emailed to your budget staff. Members of my staff and I look forward to the opportunity to discuss our budget testimony with your committee.

If you have any questions, please call me at (808)586-0400 or have your staff call Ms. Miyoko Ng of our Administrative Services Office at (808)586-0699.

Sincerely,

Keith A. Regan  
Comptroller

## HOUSE COMMITTEE ON FINANCE

### FISCAL BIENNIUM BUDGET FISCAL YEAR 2025-2027

#### TESTIMONY OF THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES (DAGS) JANUARY 7, 2025

##### Overview

**A. Mission Statement, Strategic Objectives, Goals and Performance Metrics. How will the agency measure progress? What milestones will be tracked?**

The Department's mission is to attain maximum value for the state taxpayers in providing physical, financial, and technical infrastructure support for state departments and agencies, so they may accomplish their missions.

As a central support agency that provides services to many agencies and departments statewide, the Department strives for quality and consistency in the delivery of essential support services. The Department's activities reflect a continuing commitment towards cost efficiency, productivity, relevancy and timeliness of services:

1. In the area of fiscal procedures and control, the Department's objective is to enhance the effectiveness and efficiency of the State's accounting and reporting systems by developing, maintaining, improving, and controlling the methods, procedures and forms of these statewide systems. The goals for the state's centralized accounting and auditing programs are to provide timely auditing, recording and reporting services, and system enhancement efforts.

The **Systems Accounting Branch** directs its effort towards the development of new statewide accounting systems and major enhancements to existing accounting systems. Activities related to the development of new accounting systems and major enhancements to the existing systems include: coordinating project tasks and activities; defining system functional and internal control requirements; identifying required system design modifications and related system specifications, re-engineering work processes, documents, and document flow; conducting acceptance testing; providing user related training, conversion, implementation, and

post implementation support; and developing policies, procedures, forms and users manuals.

Performance measures include:

- a. % of system development and implementation
- b. % of projects completed for system maintenance/issues/enhancement

Activities to measure and track progress include:

- Number of case issues received;
- Number of training requests received;
- Number of hours – system issues;
- Number of hours – training/system advisory; and
- Number of hours – development of new system (EFS).

The **Pre-Audit Branch** pre-audits payroll, contract and other voucher expenditures of the state government for legality and propriety and issues payments. The objective is to assure State payments conform to established standards of propriety and legality and are made promptly.

Performance measures include:

- a. Average in-house time for payments to vendors
- b. % of late payments
- c. % of payment vouchers processed with no errors

Activities to measure and track progress include:

- Number of payment vouchers processed;
- Number of contracts examined;
- Number of paychecks issued;
- Number of checks (non-payroll) issued; and
- Number of payments made electronically.

The **Recording and Reporting Branch** endeavors to deliver prompt and proper recording of the State's financial transactions, including the timely processing of documents and issuing of reports. Goals include the timely issuance of the State's Annual Comprehensive Financial Report (ACFR) in conformance with generally accepted accounting principles (GAAP), along with the submission of the State's ACFR to the Government Finance Officers Association of the United States and Canada (GFOA) Certificate of Achievement in Excellence in Financial Reporting program.

Performance measures include:

- a. The issuance of the ACFR in conformance with GAAP and Schedule of Expenditures of Federal Awards (SEFA) within six months of the end of reporting period
- b. The issuance of quarterly financial reports within four weeks of the end of reporting period
- c. The review and processing of documents received from all agencies within four business days.

Activities to measure and track progress include:

- The number departments or agencies receiving financial reports distributed regularly; and
- The number of financial reports distributed to departments; and
- The number of allotment documents processed annually.

2. In the program area of facilities construction and maintenance, the objective is to advance our projects through the planning, design and construction phases in the most timely and economical approach available. Our focus remains on those physical facilities, assigned to DAGS, which are needed to support the effective operation of state programs. As such, the Department strives for quality and consistency in planning, design, and engineering services in the construction of public works projects.

The program measures include:

- a. The average variance between estimated and actual bid dates, with a maximum of three months variance as the goal
- b. The average pre-bid construction estimate as a percent of the average bid amount, with a maximum of 100% percent as the goal
- c. The average variance between the estimated and actual construction completion dates, with a maximum of three months as the goal
- d. The average cost of change orders as a percent of the average actual construction cost, with a current goal of three percent, which is far below national averages
- e. The total of CIP funds required as a percent of the funds appropriated, with a goal of 100%.

Activities to measure and track progress include the following:

- Total costs of facilities or projects under design (millions of dollars); and

- Projects under construction during the fiscal year (estimated cost in millions of dollars).
3. The Department's mission to provide technical infrastructure support and governance for executive branch IT projects is accomplished by identifying, prioritizing and advancing innovative initiatives with the greatest potential to increase efficiency, reduce waste, and improve transparency and accountability in state government.

**The Office of Enterprise Technology Services** (ETS) mission is to advance operational excellence of government through trusted collaboration, partnerships and technology leadership through the spirit of ALOHA. Program objectives include information technology management and operation for all State agencies by providing effective, efficient, coordinated, and cost-beneficial computer and telecommunication services such that State program objectives may be efficiently achieved. In addition, the program provides governance for executive branch IT projects to provide the essential State oversight necessary so that intended goals are achieved and positive return on investment (ROI) is realized for the people of Hawaii. The program also seeks to prioritize and advance innovative initiatives with the greatest potential to increase efficiency, reduce waste, and improve transparency and accountability in State government.

ETS continues to increase its catalog of services-oriented infrastructure programs and the growth and adoption of existing enterprise shared services such as network, security, governance, data management, unified communications, and cloud services. As the state progresses with modernization efforts, ETS anticipates the continued growth in areas of cloud (IaaS: Infrastructure-As-A-Service, PaaS: Platform-As-A-Service, SaaS: Software-As-A-Service) and managed services, moving away from legacy towards evergreen expenditure. The state's cyber security program will see vast potential for growth, providing further protection of the state's IT infrastructure and constituent data across the state's IT systems. Large projects such as the Statewide Enterprise Financial System (EFS) and continued enhancement of the Statewide Time and Leave system will provide standardization and efficiency across the entire state.

Implementation milestones are specific to each project and system, and success based on quality of implementation, alignment with the State IT Strategic Plan, alignment with the governor's priorities, user adoption, and ROI towards the

business programs that provide government services to the constituents of the State of Hawaii.

The program measures include:

- a. Request for Information Processing Services (Form S-1) completed within customer negotiated timeframe as a percentage of total requests completed during the fiscal year.
- b. % of mainframe production jobs run as scheduled.
- c. Total mainframe production jobs rerun as a percentage of total mainframe production jobs.
- d. Unplanned mainframe computer down time as a percentage of total 24/7 operational time.
- e. Number of trouble calls resolved as a percentage of total calls received by the Assistance Center during the fiscal year.
- f. % of network infrastructure uptime.
- g. % of Departments using advanced endpoint protection.
- h. Number of page views on state's websites (in millions).
- i. Number of documents electronically signed (in thousands).
- j. Number of critical business processes supported by modern infrastructure and applications.

Activities to measure and track progress include the following:

- Number of unique visitors to state websites under oversight of ETS (in millions).
- Executive branch Departments and attached agencies.
- Beneficiaries of State of Hawaii Government services.
- Total number of devices at the State's Central Computer Facility.
- Total number of applications maintained.
- Average monthly call volume received by the Assistance Center.
- Total number of microwave radio links and land mobile radio sites added or upgraded.
- Average monthly volume of data backed up for offsite storage expressed in terabytes.
- Total number of executive branch email accounts administered.
- % of escalated malware incidents handled.
- Total number of websites supported.
- Total number of help desk tickets received.
- Total number of virtual machines hosted in the Government Private Cloud.

**B. Current state-wide conditions and impacts on departmental operations and ability to meet goals. Identify and discuss notable performance measures, expected outcomes, and recent results.**

Current state-wide conditions, including a challenging labor market, high materials costs, and high energy costs, are impacting the Department's programs.

- 1. Reduced staffing due to retirements, resignations, and challenges in recruiting new staff.*

**School R&M, Neighbor Island Districts:** The major goal for the program continues to be to make improvements in consistently meeting the performance indicators established in the SLA with the DOE. The combined number of current vacancies across the three neighbor islands amounts to approximately 20% reduction in manpower. There are currently no Central Services engineering staff on the neighbor islands as all four positions are currently vacant (two on the Big Island, one on Maui, and one on Kauai). Two of the Engineering Program Manager (EPM) positions are currently vacant (i.e., the EPMs for the West Hawaii District Office and East Hawaii District Office), and the EPM for the Maui District Office is retiring at the end of December 2024. This leaves only the EPM for the Kauai District Office, who is attempting to assist all four neighbor island districts with critical administrative support. Recruitment efforts have been ongoing, but the positions have proven challenging to fill, with limited applicants and applicants declining offers when made. The recent collective bargaining supplemental agreement for engineer classes in Bargaining Unit 13, effective June 2024, will hopefully improve the level of interest and rate of success in these recruitment efforts.

In addition to the vacant engineering positions there are numerous support positions that are also vacant. In the Maui District Office there is one vacant Repair & Maintenance (R&M) Assistant position. In the East Hawaii District there is one Account Clerk III position vacant, and in the West Hawaii District there is one each R&M Assistant position, Account Clerk III position, and Office Assistant III position vacant.

There are also nine vacant trade positions on all islands. This greatly and detrimentally reduces the in-house capacity to meet the repair and maintenance needs for the schools as well as the public libraries and DAGS-managed buildings on

all neighbor islands, as it is anticipated to amount to approximately 2,700 less work orders completed per year.

Responding to emergencies and trouble-calls continues to be the highest priority for all districts. Due to the trade vacancies and resulting reduced workforce, non-urgent work will be deferred as necessary and will take longer to complete. The districts' ability to respond to off-hour emergencies and t-calls is also diminished due to the reduced labor pool. The reduced manpower also results in extending the completion time of larger projects or may be foregone completely due to lack of resources.

The private sector has always been a challenge in the recruitment process on the neighbor islands. The competitive wages attract and draw potential applicants away from state opportunities. The recurring reasons for declining interviews or job offers are that the state wages are too low and on the island of Hawaii, the cost to commute between the east and west side of the island is prohibitive.

Neighbor island districts remain committed to service DAGS facilities in addition to the ongoing needs for public school facilities. Workloads will continuously be reviewed and prioritized, and operations managed within the financial budgets of each district.

**Central Services Division:** The Custodial program remains committed to addressing health and safety concerns, maintaining clean facilities, and navigating the challenges posed by fiscal constraints and previous staffing reductions. As our facilities age and space utilization increases, the workload for Building Management and Janitorial staff continues to grow, even as staffing levels remain limited. Post-pandemic, the program is focused on rebuilding custodial staffing to meet these rising demands and ensure the well-being of building occupants and the public. Recent surveys reveal acceptable satisfaction levels, and the program is dedicated to further enhancing these outcomes in the future.

In recent years, the Grounds Program adjusted its service frequency and prioritized maintenance responsibilities to address health and safety concerns amidst growing demands and reduced staffing due to restrictions and position cuts. Following the pandemic, the program is focused on rebuilding staffing levels to restore the previous frequency of groundskeeping services across existing facilities. Recent surveys have shown acceptable levels of satisfaction, and the program is committed to further improving these outcomes in the future.

Similarly, the Repair and Alteration (R&A) program has prioritized essential building maintenance to address health and safety concerns, often deferring larger, costlier repair projects due to staffing limitations and budgetary restrictions. Post-pandemic, the program is working to rebuild its engineering and trades teams to tackle the challenges that have accumulated over the years. As new staff are brought on board, the program will focus on updating deferred maintenance backlogs and responding promptly to work requests at state facilities. Recent surveys reflect acceptable satisfaction levels, with ongoing efforts planned to enhance these results.

**State Procurement Office (SPO):** The state-wide conditions that are negatively affecting SPO's operations are the highly competitive labor market, magnified by Hawaii's high cost of living. As of January 1, 2025, the SPO will have 13 out of 31 positions will be vacant. As the SPO embarks on implementing Aloha eBUYS and maintaining the current eProcurement System, it is critical to attract and retain qualified staff to oversee this very complex solicitation and implementation process. Staff attrition impacts the SPO; the loss of valuable knowledge and experience, in addition to the lack of personnel, impacts the SPO's ability to provide procurement guidance to the State as well as completion of critical projects, like Aloha eBUYS, Small Business initiative and database, and the Contractor Past Performance database.

**Internal Post Audit:** Although the Audit Division accomplished most of its Audit Plan in 2024, the current state-wide conditions may have an impact in 2025. The Audit Division currently has four vacant positions resulting in delays in completing certain statutory audits in a timely manner and limiting the capacity to conduct special projects requested by the Comptroller. The challenge now is to fill the four positions with qualified individuals. We are currently recruiting for these positions.

In 2024, the Audit Division completed all of the quarterly certification letters timely so as to not add to the cash flow problems at the Honolulu Authority for Rapid Transportation (HART); completed the annual verification of money and securities held in the State Treasury; assisted in the implementation of GASB No. 87 – Leases and GASB 96 – Subscription-Based Information Technology Arrangements (SBITAs) on a statewide basis; completed the audits of the Small Estates and Small Guardianship Sections for FY 2021, FY 2022, and FY 2023; completed the review of the policies and procedures over the issuance of contractor permits in State parking lots at DAGS Automotive Management Division; and completed the audit of expenditures of the House of Representatives. Due to vacancies, we still need to

complete the 10 audits of the local school funds at the Department of Education. We plan to complete these audits early next year.

**Public Works – Planning, Design and Construction:** The program is involved in several ongoing and proposed projects of significant size and complexity, including but not limited to the **New Aloha Stadium Entertainment District** (\$350 million), relocation of the **Oahu Community Correctional Center** (\$1 billion), and creation of a new **Medium Security Facility and associated improvements at the Hawaii State Hospital** (\$700 million). The program is expected to deliver these and similar large projects with increasing frequency.

While it was expected that price volatility and supply chain issues would abate with the passage of the pandemic, those issues continue to affect the program's ability to deliver projects within traditional budgetary and schedule expectations.

Increasing complexity and lack of timeliness in construction-related permits and other regulatory authorities significantly contribute to project delays, with the average Honolulu building permit currently requiring more than 550 calendar days. Permitting durations affect projects in ways beyond merely delaying project commencement and completion: for example, permitting delays are regularly cited in contractor claims for material and labor cost escalations due to excessive project durations.

The pool of job applicants continues to lag behind the supply of jobs, and that differential affects all employers, private and public, especially with regard to the professional positions that constitute the largest proportion of the program's authorized positions. Historically, our inability to offer competitive salaries, recruitment and retention bonuses, and similar incentives has placed the program at a significant disadvantage compared with private and federal employers. The Department of Human Resources Development's recent adoption of an Engineer salary schedule, effective 6/1/2024, with significantly increased base salaries has helped with engineer recruitment. We are hopeful that a new salary schedule will be negotiated for architect positions (which perform identical tasks to the program's engineer positions) to incentivize recruitment and retention.

**Accounting System Development and Maintenance:** With the aftereffects of the pandemic, and the vacancies in the department, it's been difficult to recruit personnel. The loss of critical positions has had a severe impact on the program's

ability to support users of newly implemented systems such as the Time & Leave System (T&L), and the rollout for the State's new Enterprise Financial System (EFS).

The ETS's Project Team has been assuming T&L post-implementation technical support responsibilities for the Time and Leave system (T&L), and now with Accounting Division's recruitment of staff, the program is able to begin to assist with support. With the State's new Enterprise Financial System rollout, it is imperative that the Systems Branch be sufficiently staffed to undertake the role of understanding the system efficiently and support all users of the system statewide. With proper and adequate staffing to address the State's business needs, there will be less dependence on consultants.

**Expenditure Examination:** Along with other state programs, the Pre-Audit Branch has experienced a shortage of staff for several years. As a result of that, existing staff have incurred extra overtime to ensure vouchers are processed so that vendors are paid, and payroll is done so employees are paid on time. Actual late payment of 6% is just above the 5% goal for the program. Contributing to that are other state departments being short-staffed and/or having new staff who lack experience and submit incomplete documents. Those submissions have required Pre-Audit Branch staff to spend additional time auditing them and providing guidance/training to department staff. Payroll currently has met the deadlines to produce paychecks on the 5th and 20th pay dates of the month. However, there has been an increase in adjustments due to less time to pre-audit and analyze the gross wages and mandatory payroll deductions. The current number of payroll processing days is four, however, there may be a need to consider adjusting the payroll calendar deadlines to allow for an extra processing day.

**Recording and Reporting:** The program continues to be impacted by staffing shortages and difficulty in hiring qualified personnel. A significant strain has been placed on existing staff due to the continued increase in the volume of documents to be processed and reduced staffing levels. This has resulted in increased processing times and has impacted our overall performance measures. To maintain our level of service, we have relied upon overtime hours to keep up with demands.

2. *Other impacts on departmental operations due to current statewide conditions.*

**Office of Enterprise Technology Services:** There are five major trends affecting the existing program: 1) Funding - the potential lack of funds to properly implement the transformation effort and maintain current infrastructure will result in projects

taking longer to complete, putting service delivery at risk and costing the State more. 2) Procurement - the program continues to work with the State Procurement Office (SPO) to improve purchasing processes and with the Attorney General (AG) to improve contracting processes, which together establish better overall efficiencies for acquisitions and contracting of services. 3) Consolidation and shared services - Hawaii is leveraging best practices, lessons learned and input from the executive branch departments to shape consolidation and shared services efforts to be efficient and successful. 4) Difficulty dealing with change – to continue to modernize legacy systems and infrastructure, the program is implementing proactive measures to involve affected employees and collectively encourage them to consider and adopt new approaches. 5) Reduced staffing - due to the combination of retirements and the deletion of relatively recent vacated positions due to retirements or incumbents leaving State employment, ETS is challenged to deliver critical services that departments depend on.

**Risk Management Office (RMO):** The Maui wildfires have placed a strain on RMO's operations due to the significant time being used to track and coordinate the State's property insurance claim. Additional resources were required to renew the State's insurance policies due to the underwriting requirements from the insurers issuing the policies. This process required multiple meetings with underwriters with presentations for updates of the State's efforts to meet the underwriting guidelines. These meetings and updates yielded multimillion-dollar savings on premiums at the most recent renewal of the policies.

**Enforcement of Information Practices (OIP):** The Maui wildfires in 2023 resulted in an increase in the number of record requests made to Maui and state agencies, which have resulted in additional informal inquiries and formal requests for OIP's assistance. Most of those cases have been closed but a few remain pending and impact OIP's backlog.

OIP strives to timely address the public's informal inquiries and formal requests for assistance in obtaining records, which often prevents cases from escalating to more time-consuming appeals to OIP. Thus, in FY 2024, OIP resolved 97% of all formal and informal requests for its services in the same year, and typically on the same day. Appeals, however, are much more time-consuming, may require written opinions, and comprise the majority of the formal cases pending from prior years. OIP's backlog has decreased slightly from this time last year. OIP does not expect a

significant decrease in its backlog of appeals until a new staff attorney is hired and fully trained, and after amendment of OIP's existing administrative rules.

**Archives:** As our Digital Archives project is based on fees collected on recorded documents at other State agencies, the continued economic downturn on businesses and land recordings (higher interest) has resulted in an approximately 40% decrease in annual revenues collected. This reduction has resulted in the Digital Archives special fund being only able to cover operational costs including 3.00 FTE salaries, ongoing maintenance/support of our digital archives server/storage array. We are nearing end of life on two of our major systems that need to be replaced, but lack the funding stream to be able to afford the replacement costs.

**Office Leasing:** The operations of the program are affected by the overall office market, workforce habits, agency needs, general economic trends, and staffing levels.

According to the 3rd quarter market report by the research division of one of Honolulu's real estate firms, the overall office vacancy rate on Oahu remained relatively stable at 13.13% from 13.57% the prior quarter. With no new office space projected to be available in the near term, there may be additional pressure on the Oahu office market. Some uncertainties remain as offices continue to explore how to best implement telework practices.

The program collects data for determining geographic lease cost, and compiles market data to help steer decisions. The key goals of managing costs while providing services are in keeping with the objectives and policies of the Hawaii State Plan and interim planning documents.

The program will continue to adapt to an ever-changing market and provide support as needed. It works to complete requests in a timely manner.

Staffing for the program and partners limit its ability to provide the full suite of services. However, efforts are being made to secure and retain qualified personnel. Updates to its policies and procedures will help increase overall production.

**Automotive Management:** For the Motor Pool: Car acquisition costs increased about \$10,000.00 per car due to the requirement of energy efficient vehicles. The program must be mindful of operational cost in relation to revenue.

For Parking Control: Revenue increased by \$216,000 or 5.1% in FY24 over the previous year. Revenues generated from public parking and overselling employee

parking spaces contributed to this growth. The program will start addressing deferred maintenance projects from previous years.

**Campaign Spending Commission (CSC):** The Commission believes the number of serious campaign spending law violations should decline as compliance increases as a result of the Commission's publicized investigations, as training sessions increase, as enforcement remains proactive, and as public use of the Commission's website increases.

However, current restrictions applied to the Commission's operating budget may limit the Commission's ability to efficiently administer and enforce campaign finance law. Without adequate funding, it will not be able to contract investigative services to thoroughly investigate campaign finance law violations. Currently, we do not have a full-time investigator on staff and need to contract services to ensure that all cases (some of which are requested by candidates, third parties, or the public) are thoroughly investigated. Moreover, the current budget restriction will affect the Commission's ability to retain hearing officers for contested case hearings. We average 15-20 complaints filed each year, any of which may result in contested case hearing. Because the commissioners are volunteers, the majority of whom have full-time jobs, contracting services for hearing officers would allow for more efficient proceedings and handling so that we are better equipped to manage these matters. The inability to contract hearing officers will significantly impact the Commission's ability to efficiently address contested case hearings as required under HRS §11-407.

**Office of Elections:** Since the 2020 Elections, we have noticed a shift from local issues like ensuring there are enough election volunteers and the potential weather events to national rhetoric particularly as it relates to election integrity. This has impacted our planning and requires more support from other government partners and for infrastructure, like physical security. Additionally, it has impacted the staff including retention and hiring. The changing political landscape has resulted in increasing the volume of public requests for information, by requiring additional research, as well as administrative support for meetings, in turn reducing time to plan for the conduct of elections.

**State Foundation on Culture and the Arts (SFCA):** SFCA continues to find creative and thoughtful ways to reach our priority neighbor islands and those communities within the State that are geographically and economically underserved, including developing online art experiences accessible for all ages and focusing resources on

Maui and those affected by the wildfires. Our agency has a focused approach on re-evaluating and improving our program and operational processes, resulting in savings to support culture and arts programming. Restrictions have presented SFCA with the opportunity to re-examine our efforts and focus on what has the most valuable impact to the community.

The Department is managing its resources in a responsible manner, minimizing negative impacts to the public, employees and other agencies.

### **Federal Funds**

- C. The Department has not identified any program which may lose federal funds for the upcoming fiscal year (FY 26).

### **Non-General Funds**

- D. Web link (URL) to the Department's *Reports to the Legislature on Non-General Funds* pursuant to HRS 37-47 is as follows:

<https://ags.hawaii.gov/wp-content/uploads/2024/12/Report-on-Non-General-Fund-Info-FY2025.pdf>

### **Budget Requests**

- E. **Development and Prioritization**

The DAGS budget process utilizes a bottom-up approach. DAGS operating budget requests originated from the program level, with review by the director and appropriate staff to develop the final requests. The departmental prioritization reflects the scope and degree these requests impact the operational needs of the various programs seeking the additional resources needed to fulfill our mission of providing the physical, financial, and technical infrastructure support for state departments and agencies. Similar to our operating budget development process, our Capital Improvement Project (CIP) requests originated from the program level and address our programs' health and safety initiatives.

Pursuant to instructions in Finance Memorandum 24-10 issued by the Department of Budget and Finance, we are proposing budget requests for the Fiscal Biennium 2025 - 2027 budget for additional resources for critical program needs. As such, we have been deliberate in our review and prioritization of requests for resources needed by our programs to adequately provide services at acceptable levels. Our budget requests,

therefore, reflect our need for critical resources, such as funding to support the Enterprise Financial System (EFS) project, critical program needs, and health and safety CIP projects.

**F. Significant Adjustments and Anticipated Outcomes.**

The Department's Fiscal Biennium 2025 - 2027 budget request (all MOF) represents a net increase of \$231 million in FY 26 and \$225 million in FY 27 over the baseline budget for FY 2025. The CIP budget request includes \$66 million in FY 26 and \$22 million in FY 27.

The significant adjustments to our budget are:

**Operating Budget**

**1. Transfers 10.00 Permanent FTE and \$800,640 from the Office of Enterprise Technology to the Comptroller's Office to support the Business Transformation Office and Enterprise Financial System (EFS) projects.**

The Department's budget request proposes to transfer positions to the newly created Business Transformation Office which guides, directs, and manages business modernization projects, such as the Enterprise Financial System (EFS) project which replaces the existing, decades-old, mainframe financial management system, FAMIS, with an updated modern system to manage accounts payable, budget and finance, travel and expenses and fixed assets. The positions will continue in their current roles to support the EFS project. Transferring these positions is in alignment with the change in statute that now permits exempt positions within the Comptroller's Office specifically to support modernization efforts.

**2. Adds 1.00 Temporary FTE and \$180,000 to convert special project position Business Transformation Project Director to budgeted temporary position.**

The Business Transformation Project Director leads the Business Transformation Office in its efforts to replace FAMIS with the Enterprise Financial System (EFS). The position serves as the definitive expert for the business transformation goals of forthcoming state-wide Enterprise Resource Planning (ERP) initiatives critical to the functions of government, from preparation to deployment, with a strong emphasis on change management. The position provides oversight in evaluating and analyzing inefficiencies and identifying opportunities for new and improved business

processes, policies, solutions, or strategies and works collaboratively with all stakeholders. The creation of this new position is in alignment with the statutory change that allows for exempt positions within the Comptroller's Office specifically related to modernization efforts.

**3. Adds \$5,000,000 for Hawaii Information Portal (HIP) CherryRoad Enterprise expenditures**

This request is for Systems Accounting Branch to take on the management of the HIP Payroll and Time and Leave Maintenance and Operations contract which is currently being funded through ETS. The State of Hawaii fully implemented HIP, a cloud-based Enterprise system including Payroll, Human Resources, and Time & Leave applications in FY21 and currently services 60,000 employees. Funding is necessary for Cloud Hosting, Application Support Services, and PeopleSoft Licensing to maintain and operate the HIP system.

**4. Adds 6.00 Permanent FTE and \$2,920,547 in FY 26 and \$2,923,596 in FY 27 to support the Enterprise Financial System (EFS) Project and to provide additional staffing resources for statewide programs.**

The new EFS project is envisioned to be a Software as a Service (SaaS) system and will need sufficient support staff to implement, maintain and support. Seven new positions have already been established to assist with the development, design and implementation at the beginning stages of the project and upon go-live to provide ongoing maintenance and end user support, which will include defining and configuring business rules, system testing, acceptance testing, user training, user manuals, conversion, implementation, change management and on-going end user support. Six positions have been requested to support the technical requirements of the cloud-based model where software applications are hosted on a subscription basis.

Additional funds are required to support Executive Branch Department Subject Matter Experts (SMEs) in support of daily operational tasks to build capacity for participation with project development design, test scenario development, data gathering and user acceptance testing.

**5 Adds \$1,000,000 for utility cost increases.**

The request is for increasing electricity and utility costs for DAGS-managed State buildings on Oahu. Additional funds are required to pay for increased energy and utility costs. Without these funds, payment may be delayed which may result in service interruption.

**6 Adds 2.00 Permanent FTE and \$1,088,500 in FY 26 and \$1,167,000 in FY 27 to establish the Cemetery Management Office.**

This budget request seeks to establish a new program, the Cemetery Management Office which would carry out the Department's responsibilities under Chapter 110 HRS to manage state-owned cemeteries. This budget request will provide the necessary resources for the Department to properly manage the increasing number of state-owned cemeteries including operation, maintenance, improvement, development, and disposal of state-owned cemeteries; the determination of ownership of plots therein; and the proper maintenance of records pertaining to the cemeteries, including cemetery plot plans, and records of plot ownership, interments, and disinterments. There are currently eight cemeteries on three islands with more than 6,000 graves under the responsibility of the department. Maintenance of these sacred places is limited as there are no specific resources or funding to support these activities. Supporting and funding this request would allow the department to properly and respectfully manage the final resting places of those under our charge.

**7 Adds \$200,000,000 in revolving fund ceiling for the State Risk Management Revolving Fund for Maui Wildfire insurance proceeds.**

A majority of the increase in the department's budget is related to the crucial request to increase the Risk Management Office's revolving fund spending ceiling. All insurance proceeds received from the Maui wildfires will be deposited into the program's revolving fund. Without the increased revolving fund ceiling, the program will be unable to disperse insurance proceeds to State departments affected by the wildfires.

**8 Adds \$2,330,000 in FY 26 and \$ 3,200,000 for Microsoft Enterprise Agreement Subscriptions (EAS).**

ETS oversees the current Microsoft Office 365 platform, delivering essential tools and services such as Microsoft Office applications, Outlook Email, Microsoft Teams, SharePoint, the Power Platform, and other critical functions to Executive Branch departments.

Upgrading to the G5 license enhances this suite with advanced features, including enhanced communication tools like Teams Phone, which has the potential to lower state telephony costs, robust security measures such as a zero-trust framework and integrated threat detection to strengthen compliance and protect sensitive data, enhanced data lifecycle management through automated retention and classification tools, AI governance with compliant and secure integration of tools like Copilot, and data analytics with Power BI for informed, data-driven decision-making across departments.

The state had initiated year one (FY25) of the Microsoft G5 licensing implementation, funded during the 2024 legislative session. To support the transition from G3 to G5, Microsoft provided a 35% discount for the first year and introduced a multi-year cost structure with a gradual ramp-up to the full operational cost. The discount decreases incrementally over the five-year period (35% > 30% > 20% > 10% > 0%). This request seeks funding for years 2 through 5 (FY26–FY29) to align with the proposed price ramp and establish the recurring operational budget required for sustaining G5 licenses.

## **CIP Budget**

### **1. Adds \$35,000,000 in FY 26 for Enterprise Financial System, Statewide.**

The Enterprise Financial System (EFS) is a pivotal statewide CIP information technology (IT) project budgeted under the Comptroller’s Office to modernize the State’s financial business processes and accounting systems, including but not limited to the Financial Accounting and Management Information System (FAMIS). This funding is in addition to \$31,000,000 appropriated to the department in FY 25, bringing the total funding for the EFS project to \$66,000,000. The EFS will allow the state to improve constituent services through faster processes and more accurate and complete information. The State risks a financial catastrophe should this project not be funded and the current system fails.

### **2. Adds \$20,000,000 in FY 26 and FY 27 for Lump Sum Maintenance of Existing Facilities, Statewide.**

Plans, design, construction, and equipment for improvements and maintenance of

public facilities and sites, statewide. Projects include roofing, other repairs, improvements, retro commissioning, and project and construction management services. These construction projects are essential to maintain DAGS-managed public facilities.

**3. Adds \$4,000,000 in FY 26 and \$2,000,000 in FY 27 for Lump Sum Health and Safety, Hawaii Wireless Interoperability Network, Statewide.**

Plans, design, construction and equipment for repairs, modernization, capacity upgrades and expansion of critical communications systems that supports agencies whose mission involves public safety, emergency and disaster response, and law enforcement, including new sites and towers, statewide. This effort supports public safety missions and essential government operations.

**4. Adds \$2,000,000 in FY 26 for Planning for State Capitol Building Rehabilitation and Related Improvements, Oahu.**

Planning for the total renovation of the State Capitol Building and temporary accommodation for occupants and operations. Work includes identification and evaluation of State and private sector options which could be renovated or developed to temporarily relocate occupants and functions from the State Capitol Building, planning for subsequent re-use of any State assets that were utilized, and development of phasing plans and conceptual cost estimates. Work may also include space planning for reconfiguration of spaces and support for IT infrastructure.

**5. Adds \$2,100,000 in FY 26 for Kalamimoku Building, Office Space Optimization, Oahu.**

Plans, design, construction and equipment for renovating various spaces in the Kalamimoku Building to allow for optimization of space and reassignment of various offices in the building. Work includes the decommissioning of the Data Center, repurposing the area as office space, and consolidation of remaining IT infrastructure.

**6. Adds \$1,000,000 in FY 26 for No. 1 Capitol District Building, Site & Accessibility Improvements, Oahu.**

Plans, design, construction, and equipment for improvements to the No. 1 Capitol District Building to accommodate increased and safer access and building use. The improvements include renovation of building walkway and entrance for Americans with Disabilities Act (ADA) access and replacement of broken security gates.

**7. Adds \$2,000,000 in FY 26 for Lump Sum State Office Building Remodeling, Statewide.**

Plans, design, construction and equipment remodeling and upgrade of state-owned offices to accommodate state agencies' operation requirements. Project includes renovation for reorganization, program & staffing changes, and consolidation, as well as improvements for office layouts, energy conservation, lighting, A/C, ventilation, plumbing, electrical, and data/communications systems.

Overall, the Department's requests are essential for enabling efficient operations and delivering services to executive agencies and the public. The specifics of the Department's Fiscal Biennium 2025 - 2027 operating budget requests are outlined in the accompanying briefing tables.

Chair Yamashita, along with members of the Committee, I, along with staff from the Department of Accounting and General Services (DAGS) and our affiliated agencies, are ready to address any inquiries you and your committee members might have regarding our programs and the documents provided for this briefing.

Functions

Division	Description of Function	Activities	Prog ID(s)	Dept-Wide	Statutory Reference
				Priority	
Accounting Division (Systems Accounting Branch)	Develops new statewide accounting systems or major enhancements to existing systems (i.e., FAMIS, Payroll System, Time & Leave System, Central Warrant Writing System, Warrant Reconciliation System, and Data Mart System) and provides related user training, conversion, implementation and post implementation support; maintains and manages existing statewide accounting systems; and establishes, maintains and manages the Statewide Accounting Manual, FAMIS Procedures Manual, and Data Mart Manual and related State Accounting Forms to provide internal control over the accounting functions of the state.	a. Development of new systems / modifications to existing systems. b. Maintenance / management of accounting manuals / forms. c. Support for users of accounting systems.	AGS-101	3	HRS 40-2 and HRS 40-6
Accounting Division (Pre-Audit Branch)	Review voucher claims, payroll claims, and contract documents; disbursement of vendor and payroll checks and related documents; and filing and maintenance of documents.	a. Examine contracts for compliance with State laws, rules, etc. b. Issue paychecks on a timely basis. c. Issue checks (Non-Payroll) on a timely basis. d. Prepare and transmit electronic payments.	AGS-102	2	HRS 26-6, HRS 40-01, HRS 40-03, HRS 40-10, HRS 40-53, HRS 40-54, HRS 40-56, HRS 40-57, HRS 40-58, and HRS 40-68
Accounting Division (Uniform Accounting & Reporting Branch)	Process and record financial transactions and report the results of financial transactions posted.	a. Develop and administer statewide accounting policies. b. Prepare the Annual Comprehensive Financial Report (ACFR) in accordance with Generally Accepted Accounting Principles. c. Prepare the Schedule of Expenditures of Federal Awards (SEFA) in accordance with the Federal Office of Management and Budget (OMB) Circular A-133. d. Maintain the State's Uniform Chart of Accounts and recommend changes and improvements thereto. e. Administer the appropriation and allotment process to ensure that program expenditures do not exceed authorizations. f. Release vouchers for payment. Provide guidance to departmental personnel in resolving errors that prevent their payments from processing. g. Approve statewide transactions processed via journal vouchers. h. Provide guidance to departmental personnel on recording adjustments, inter-entity, and other transactions.	AGS-103	1	HRS 26-6, HRS 40-01, HRS 40-03, HRS 40-04, and HRS 40-05

Functions

Division	Description of Function	Activities	Prog ID(s)	Dept-Wide	Statutory Reference
				Priority	
Audit Division	To achieve complete compliance with the State Comptroller's established accounting procedures and internal controls by the State's executive departments and agencies through financial and compliance audits.	a. Annual audits required by statute or external mandate. b. Annual audits by request. c. State department and agency requests with urgent needs. d. Audits of other departments and agencies not requiring annual audits but scheduled on a cyclical basis. e. Verify that the invoices of the rapid transit authority for the capital costs of a locally preferred alternative for a mass transit project comply with HRS 46-16.8(e).	AGS-104	15	HRS 26-6, HRS 40-2, HRS 40-7, HRS 40-83, HRS 560:3-1214; Act 001, First Special Session 2017
Office of Information Practices	Administer Hawaii's Uniform Information Practices Act (Modified), Chapter 92F, HRS ("UIPA"), which requires open access to government records, and the "Sunshine Law," Part I of the Chapter 92, HRS, which requires open access to public meetings. As part of its UIPA duties, OIP administers the state's Records Report System. Additionally, OIP determines certain appeals from the Department of Taxation, and it assists the State Office of Enterprise Technology Services in implementing Hawaii's open data policy found at Section 27-44, HRS.	a. Promote government accountability and transparency through open access to government records and public meetings. b. As a neutral third party, administer Hawaii's open records and open meetings laws and administrative rules by investigating complaints, informally resolving disputes, and providing legal opinions, guidance, training, and assistance to State and county agencies and boards and to the general public. c. Monitor and recommend legislation, track lawsuits, and prepare annual reports. d. Assist the Office of Enterprise Technology Services in creating open data procedures and standards and encouraging government agencies to electronically post open data. e. Review and rule on appeals from the Department of Taxation's decisions as to what constitutes a written opinion that is available for public inspection and copying.	AGS-105	23	HRS Chapter 92F, HRS Chapter 92, Part I, HRS 231-19(F), and (h), HRS 27-44.3
Archives Division	Collect, preserve, arrange, describe and provide access to the permanent and historical records of State Government; and provide records management training and consultant to promote a more efficient and transparent government.	a. Acquire, appraise, preserve, and provide access to the permanent and historical paper records of State Government at the State Archives' facilities; b. Develop and maintain the State Digital Archives for improved access and long-term preservation of electronic records of permanent value; and, c. Provide records management services, including: consultation, training, records retention scheduling, and vital records protection; provide warehousing of inactive, non-permanent records; and provide storage of master microfilm.	AGS-111	13	HRS 26-6, HRS 94

Functions

Division	Description of Function	Activities	Prog ID(s)	Dept-Wide Priority	Statutory Reference
Office of Enterprise Technology Services - Governance and Innovation	Provides governance for executive branch IT projects to provide the essential State oversight necessary so that intended goals are achieved and positive return on investment (ROI) is realized for the people of Hawaii. Also seeks to prioritize and advance innovative initiatives with the greatest potential to increase efficiency, reduce waste, and improve transparency and accountability in State government.	<p>IT Governance — Develops, implements and manages statewide IT governance and State IT strategic plans. Develops and implements statewide technology standards, including working with each executive branch department and agency to develop and maintain multi-year IT strategic and tactical plans and roadmaps, coordinate IT budget requests, forecasts, and procurement purchases to ensure compliance with all the above.</p> <p>Provides centralized computer information management and processing services; coordination in the use of all information processing equipment, software, facilities, and services in the executive branch; and consultation and support services in the use of information processing and management technologies to improve the efficiency, effectiveness, and productivity of State government programs.</p> <p>Establishes, coordinates and manages a program to provide a means for public access to public information and develop and operate an information network in conjunction with overall plans for establishing a communication backbone for State government.</p>	AGS-131	4	HRS 27-43 , HRS 27-44
		<p>Cyber Security — Establishes cyber security standards, maintains the security posture of the State government network, and directs departmental remedial actions to protect government information or data communication infrastructure.</p>			HRS 27-43.5
		<p>Open Government — Builds on established open data and transparency platforms to facilitate open government mandates outlined in statute.</p>			HRS 27-44
		<p>Personal Information — Protects personal information that is collected and maintained by State and county government agencies (i.e., Information Privacy and Security Committee).</p>			HRS 487N-5
		<p>Internet Portal Services — Provides services through centralized web portal and Internet presence (hawaii.gov) that allow citizens to conduct business electronically with the government, in accordance with statute (i.e., Access Hawaii Committee).</p>			HRS 27G

Functions

<u>Division</u>	<u>Description of Function</u>	<u>Activities</u>	<u>Prog ID(s)</u>	<u>Dept-Wide Priority</u>	<u>Statutory Reference</u>
Office of Enterprise Technology Services - Operations and Infrastructure Maintenance	Supports the management and operation of all State agencies by providing effective, efficient, coordinated, and cost-beneficial computer and telecommunication services such that State program objectives may be efficiently achieved.	<p>Production Services – Operates a centralized computing facility and a distributed data communications network that provides comprehensive and efficient computing services to all State agencies.</p> <p>Systems Services – Provides systems software support and control programming; database management and operational support; installation and maintenance services for distributed systems; development, implementation, and maintenance of specialized systems software used in support of applications and control systems; and analyses to improve the efficiency and capacity of computer systems and security of information.</p> <p>Telecommunications Services – Plans, designs, engineers, upgrades, and manages the State’s telecommunication infrastructure that delivers voice, data, video, microwave, and radio communications services to State agencies.</p> <p>Client Services – Provides application systems development and maintenance services to statewide applications and department or agency specific applications.</p>			HRS 27-43
Administrative Services Office-Risk Management Office	Protect the State against catastrophic losses and minimize the total cost of insuring risk and operate a comprehensive risk management and insurance program.	<ul style="list-style-type: none"> <li>a. Purchase property, liability, cyber liability, and crime insurance based on analysis of premium cost (including deductible limits) relative to funds available in the State Risk Management Revolving Fund.</li> <li>b. Review and update as necessary the basis and information for the Risk Management Cost Allocation.</li> <li>c. Investigate, negotiate, and settle tort, auto, crime and cyber claims and other insurance related incidents reported.</li> <li>d. Initiate and resolve property and liability claims with insurance companies.</li> <li>e. Establish minimum insurance requirements for various contractual obligation from third parties such as contracts. Assist State departments with compliance of such requirements.</li> </ul>	AGS-203	14	HRS 26-6, HRS 41D

State Foundation on Culture and the Arts	<p>The State Foundation on Culture and the Arts (SFCA) mission is to promote, perpetuate, preserve, and encourage culture and the arts, as central to the quality of life of the people of Hawaii. The SFCA offers statewide grants to support funding for projects that preserve and further culture and the arts, history and the humanities; administers a statewide arts in public places program; conducts an apprenticeship program to perpetuate cultural traditions; collaborates with organizations and educational institutions on arts education projects; conducts workshops, and provides staff resources to strengthen communities and develop nonprofit arts organizations; and bolsters the careers of local artists through commissions and purchases for the Arts in Public Places Collection.</p> <p>KKCC: coordinate, plan, and administers the annual King Kamehameha Celebration throughout the State by working with State, County, and private agencies.</p>	<p>a. Statewide administration of the Art in Public Places Program.                      b. Manage and operate the Hawaii State Art Museum.                      c. Provide arts education for public schools statewide through the Artists in the Schools program and professional development for DOE teachers and teaching artists.                      d. Administer the SFCA Biennium Grants Program in accordance with federal partnership with the National Endowment for the Arts.                      e. Manage and operate community projects and initiatives in accordance with federal partnership with the National Endowment for the Arts.                      f. KKCC: Provide cultural presentations to honor and perpetuate the life and deeds of King Kamehameha I during a Statewide celebration of traditional arts, crafts, skills, customs, and lores of Hawaii's various ethnic groups.                      g. KKCC: secure consistent funding resources to sustain program and activities for the King Kamehameha Celebration.</p>	AGS-881	25	SFCA: HRS 9 and HRS 103-8.5 KKCC: HRS 8-5
Enhanced 911 Board	<p>The Board oversees the implementation of Enhanced 911 service by wireless and VOIP connection service providers and the PSAPs by administering policies and statutes applicable to the Board; collecting assessments from the wireless and VOIP phone users; and distributing funds to the PSAPs and wireless carriers to upgrade and maintain the 911 system to be able to identify and locate wireless 911 callers.</p>	<p>a. Administrative functions to attain goals and objectives of the Board.                      b. Surcharge collections.                      c. Reimbursing the Public Safety Answering Points and Wireless Service Providers.</p>	AGS-891	24	HRS 138
State Building Code Council	<p>The State Building Code Council establishes and implements state building codes on a timely basis so that building owners, designers, contractors, and code enforcers within the state would be able to apply consistent current standards. The Council currently is not receiving any State funding in the budget.</p>	<p>a. Establish the Hawaii state building codes.                      b. A subcommittee comprised of the four council members representing county building officials whose duty is to recommend any necessary or desirable state amendments to the codes and standards identified in Section 107-25, HRS to the Council.                      c. Adopt, amend, or update codes and standards through the Hawaii Administrative Rules process on a staggered basis as established by the State Building Code Council.</p>	AGS-892	28	HRS 107-21, HRS 107-22, HRS 107-23, HRS 107-24, HRS 107-25, HRS 107-26, HRS 107-27, HRS 107-28, HRS 107-29, HRS 107-30, and HRS 107-31

Functions

Division	Description of Function	Activities	Prog ID(s)	Dept-Wide	Statutory Reference
				Priority	
Comptroller's Office/District Offices -	Under the general direction of the Governor of the State of Hawaii, plan, direct and coordinate the various activities of the department within the scope of laws and established policies and regulations.	Provide administrative and management oversight of the department.	AGS-901/AA	6	HRS 26-6
Administrative Services Office	Provide the department with internal management, fiscal and office services and administer the statewide Risk Management Program. Provide general internal management assistance to the Comptroller in exercising responsibilities as executive of the department, including staff studies, reviews, and reports on organizational structures, work processes, procedures, and policies established for the department.	Provide budgeting, fiscal, and administrative support to the divisions, offices, and attached agencies of the department.	AGS-901/AB	6	HRS 26-6
Personnel Office	Administer the personnel management program for the department to include position classification and compensation, employee relations, recruitment and evaluation, selection and placement, labor relations, employee training and development, safety, affirmative action and equal employment opportunity, personnel transactions and maintenance of personnel records.	Provide human resource management support and services to the Department's divisions, offices, and attached agencies.	AGS-901/AC	6	HRS 26-6, HRS 76, HRS 78, HRS 89, HRS 89c
Systems and Procedures Office	Systems and Procedures Office - Coordinate and advise the Comptroller on all functions pertaining to computer applications, local and wide area networks. The office has the functional responsibility for the development, implementation, and maintenance of computer systems under the administrative control of the Department of Accounting and General Services; formulate information processing policies and procedures; plan, coordinate and conduct systems analysis design and computer programming by utilizing available resources to support the computer and networking needs of the department; and operate and maintain the departmental minicomputer, local and wide area networks.	Provide the department with software and hardware to meet specific business unit requirements.	AGS-901/AE	6	HRS 26-6

AGS231	FB	FE	1	4	Add Funds for ESCO Lease Payment	The Hawaii District Custodial program is obligated to make Energy Service Company (ESCO) lease payments of over \$400,000 per year for the Ameresco energy.	A	-	-	\$ 433,700	-	-	\$ 433,700
AGS901	AA	FY	1	5	Add Funds for Full Year Funding for 2.00 Permanent FTE	Requests full year funding for new positions that were half-funded in FY25. Positions provide critical managerial and administrative support to the West Hawaii District Office.	A	-	-	\$ 128,004	-	-	\$ 128,004
AGS232	FF	FY	1	6	Add Funds for Full Year Funding for 1.00 Permanent FTE Groundskeeper I	Requests full year funding for new position that was half-funded in FY25. Position provides critical grounds maintenance services.	A	-	-	\$ 25,320	-	-	\$ 25,320
AGS807	FO	FY	1	7	Add Funds for Full Year Funding for 5.00 Permanent FTE	Requests full year funding for new positions that were half-funded in FY25. Position provides critical administrative support and R&M services.	A	-	-	\$ 138,858	-	-	\$ 138,858
AGS807	FP	FY	2	8	Add Funds for Full Year Funding for 1.00 Permanent FTE Painter I	Requests full year funding for new position that was half-funded in FY25. Position provides critical R&M services.	A	-	-	\$ 33,948	-	-	\$ 33,948
AGS240	JA	FY	1	9	Add Funds to Extend Small Business Initiative for the State Procurement Office	Request is to extend funding for the Small Business Coordinator. This request is in accordance with Act 168, SLH 2022, appropriating funds for a five-year period.	A	-	-	\$ 126,000	-	-	\$ 126,000
AGS101	CA	AP	1	10	Add Funds for Hawaii Information Portal (HIP) CherryRoad Enterprise expenditures	This request relates to maintenance and operations costs for the State of Hawaii's Hawaii Information Portal (HIP) system. The State of Hawaii fully implemented HIP, a cloud based Enterprise system including Payroll, Human Resources, and Time & Leave applications in FY21 and currently services 60,000 employees. Funding is necessary for Cloud Hosting, Application Support Services, and PeopleSoft Licensing to maintain and operate the HIP system. The program is also anticipating additional funding may be needed to update configurations from legacy system programming to EFS system programming to align the integration/interface of the States Payroll and Time and Leave system with the Enterprise Financial System.	A	-	-	\$ 5,000,000	-	-	\$ 5,000,000
AGS101	CA	AP	2	11	Add Funds and 6.00 Permanent FTE, and Supplemental Resources to Support Enterprise Financial System (EFS) Project	Service on a Fee Basis - EFS Project - DAGS Subject Matter Expert (SME) support - Retain third party services to backfill and support DAGS project SMEs to enable their participation in the design build, review, collaborate, validate deliverables, examine test results, etc. Service on a Fee Basis - EFS Project - State of Hawaii Department SME support - Retain third party services to backfill and support Department project SMEs to enable their participation in the design build, review, collaborate, validate deliverables, examine test results, etc. Equipment - Computers and peripheral equipment needed for additional staff, project system testing, training, and digitizing equipment. Personal Services - Positions are needed for EFS project go-live and system startup (hypercare) support.	A	6.00	-	\$ 2,920,548	6.00	-	\$ 2,923,596
AGS901	AA	AP	2	12	Convert 2.00 FTE Special Project Positions to Permanent and Add Funds	The Business Transformation Office guides, directs, and manages business modernization projects, such as the Enterprise Financial System (EFS) project which replaces the existing, decades-old, mainframe financial management system, FAMIS, with an updated modern system to manage accounts payable, budget and finance, travel and expenses and fixed assets.	A	-	1.00	\$ 180,000	-	1.00	\$ 180,000
AGS231	FA	HS		15	Add Funds for Electricity Costs	Additional funds are necessary to cover the cost of electricity in DAGS managed facilities. The electricity bill is a must-pay bill to keep all DAGS managed facilities operational.	A	-	-	\$ 1,000,000	-	-	\$ 1,000,000
AGS231	FA	HS		16	Add Funds for After Hours Security Guard Contract for Kakuhihewa Bldg	The homeless encampment problem has resulted in the degrading of the Kakuhihewa Building (Kapolei) entrance which primarily occurs after normal business hours. Resulting urine, human feces, and rubbish have created additional workload for the state custodian and grounds personnel to clean up on a daily basis. Homeless individuals have also threatened program staff by displaying their knives and machetes which has been posing safety issues to our staff.	A	-	-	\$ 120,000	-	-	\$ 120,000

Department of Accounting and General Services  
Proposed Budget Additions

								Pos (P)	Pos (T)	\$\$\$	Pos (P)	Pos (T)	\$\$\$
AGS231	FA	HS		17	Add Funds and 1.00 Permanent FTE Janitor II & Equipment for Wahiawa Civic Center	The expansion of the Wahiawa Civic Center is expected to be completed by FY27, increasing the custodial serviceable area by 50% with another building. This necessitates an additional Janitor II position to provide janitorial services to the new clientele that will occupy the expanded Wahiawa Civic Facility. In addition, custodial equipment needs to be purchased, i.e.. Floor machine, vacuum cleaner and small miscellaneous custodial equipment.	A	-	-	\$ -	1.00	-	\$ 50,320
AGS233	FK	HS	1	18	Add Funds for Fencing Contracts to Protect State Facilities	The homeless problem has resulted in the degrading of the outside infrastructure of state facilities and the grounds surrounding them with property intrusion issues occurring after normal business hours. Resulting urine and human feces needing to be remediated at the various DAGS-managed facilities and grounds have added to the workload for the custodial and grounds personnel on a daily basis. In addition, sprinkler heads at the State Capital grounds and other state facilities within the Civic Center have been uprooted and damaged. Safeguarding state facilities/grounds surrounding state facilities after normal business hours has become a health and safety issue. Fencing the entrance and/or perimeters will prevent and deter the homeless from encampment at state facilities and the grounds surrounding the buildings.	A	-	-	\$ 250,000	-	-	\$ 150,000
AGS807	FO	NG	3	19	Increase Ceiling for Fringe Benefits	Requests interdepartmental transfers (MOF U) ceiling increase for fringe benefits for positions funded by the Department of Education (DOE).	U	-	-	\$ 140,000	-	-	\$ 140,000
AGS111	DA	AP	1	20	Add Funds and 1.00 Temp FTE for Archives Modernization Initiative	The State Archives implemented a RFID barcode inventory system at the State Records Center in FY23. To provide better accountability of the most important records of State Government, speed up the process of responding to researcher requests, and ensure that records are not misfiled, that State Archives is requesting to incorporate the Archives into the same RFID system that has been successfully used at the Records Center. As part of the RFID process, a FULL inventory of every box and folder will be conducted and compared to the known, updating and expanding on the inventory to provide better, more complete access to the public. This work would be conducted by student interns from UH Library/Archives and Computer Science programs. Along with the modernization of the inventory system, the State Archives requests to fully implement the Azure AI prototype that was successfully rolled out in January 2024, which implements AI services to Audio/Video/Photo files that would provide unprecedented access to the permanent holdings at the Archives, and would automate the creation of some searchable indexes. Lastly, the cost of procuring and shipping of needed archival supplies has dramatically increased over the past three years, so an increase in supplies allotment is included to account for the increase in costs, along with the increase in the amount of archival records being stored at the Archives.	A	-	1.00	\$ 130,000	-	1.00	\$ 90,000
AGS203	AD	WR	1	21	Increase Revolving Fund Ceiling for Insurance Proceeds	This ceiling increase request is required to expend \$200,000,000 in anticipated insurance proceeds expected to be collected from the State's property insurers for the Lahaina wildfire.	W	-	-	\$ 200,000,000	-	-	\$ 200,000,000

AGS234	CS	AP	1	22	Add Funds and 2.00 Temporary FTE for Cemetery Management Office	Pursuant to HRS Ch. 110-1, the comptroller shall be responsible for the operation, maintenance, improvement, development, and disposal of state-owned cemeteries; for the determination of ownership of plots therein; and for the proper maintenance of records pertaining to the cemeteries, including cemetery plot plans, and records of plot ownership, interments, and disinterment. Currently, DAGS Central Services Division provides grounds maintenance services at various cemeteries. To better manage the cemeteries, it is necessary to establish a new program dedicated to state-owned statewide cemetery management.	A	2.00	-	\$ 1,088,500	2.00	-	\$ 1,167,000
AGS131	ED	AP	1	23	Add Funds for Microsoft Enterprise Agreement Subscription (EAS)	The state has currently executed year one (FY25) of the Microsoft G5 licensing implementation, which was budgeted for in the 2024 legislative session. Microsoft has provided the state a 35% discount to ease the state's transition from G3 to G5 and proposed a 5-year price ramp to true cost. This request is seeking funding for years 2 through 5 (FY26-FY29) to get the state to the true recurring operational budget needed for the G5 licenses. This request seeks to centralize all G5 licensing funding to ETS. Currently, ETS covers 12,000 G5 licenses as the base for state employees. Any additional G5 licenses needed above the 12,000 is currently paid by the departments. ETS projects that total G5 licensing needs of the state would be 14,500 licenses, which would also provide a small amount of spare capacity to sustain the state's growth throughout the year.	A	-	-	\$ 2,330,000	-	-	\$ 3,200,000
AGS131	EG	AP	2	24	Add Funds for Cybersecurity Risk Mitigation	The primary goal of the ETS cybersecurity program is to protect the state infrastructure and its data. Common threats include data breaches, distributed denial of service (DDoS), and ransomware. The Cybersecurity Risk Mitigation initiative intends to incrementally improve on the existing measures to further address the remaining risks identified across participating state agencies.	A	-	-	\$ 1,600,000	-	-	\$ 1,600,000
AGS131	EF	AP	3	25	Add Funds for HIWIN Telecommunication System Maintenance and Warranty	ETS has the responsibility for the operations, maintenance, and support of the statewide radio telecommunications systems and supporting infrastructure. This includes radio sites, the microwave system of digital links, and the Hawaii Wireless Interoperability Network (HIWIN) which traverses them. These critical systems are housed within facilities and radio sites, most of which are maintained by State ETS operational funds. Lease costs have been minimized through the use of partnerships with other agencies to gain access to their facilities in exchange for access to State facilities, saving lease costs for both parties. However, as sites are added and as leases enter timeframes where automatic increases are enacted, lease costs have increased beyond the operational budget constraints.	A	-	-	\$ 630,000	-	-	\$ 630,000
AGS131	ED	AP	4	26	Add Funds for Adobe Enterprise Term License Agreement (ETLA)	The state is currently in the final year of a 3-year Adobe Enterprise Term License Agreement (ETLA) with fixed pricing. Upon renewal of the ETS Adobe ETLA for FY26, the state will be subject to price increases for various Adobe software licenses such as Adobe Sign, Acrobat Pro DC, Creative Cloud Single App, and Creative Cloud All Apps SKUs. Additional funding for ETS is needed to continue providing the Adobe Sign platform and the license and contract management components of the statewide Adobe ETLA. Each department is responsible for the costs of the licenses they consume via the ETS Adobe ETLA, aside from Adobe Sign. ETS reconciles the amount of Adobe licenses used by each agency on an annual basis and the departments reimburse ETS for their portion.	A	-	-	\$ 150,000	-	-	\$ 150,000

								Pos (P)	Pos (T)	\$\$\$	Pos (P)	Pos (T)	\$\$\$
AGS131	EG	AP	5	27	Add Funds for Advisory Services	These services will provide critical support in several key areas: Informed Decision-Making: Access to up-to-date research and expert advice will enable ETS to make well-informed decisions on system upgrades, technology integration, and infrastructure management. This will minimize risks and ensure IT investments are cost-effective and aligned with the State's goals. Change Management: Expert guidance in change management will ensure smooth transitions during system upgrades and new implementations. By applying best practices, training, and user adoption that continuously evolves, ETS will effectively manage organizational changes and improve IT initiative success. Mitigating Risks in Technology Adoption: As the State explores emerging technologies such as artificial intelligence, cloud computing, and automation, our proactive approach and expert guidance will help ETS follow best practices and industry standards. This reduces the risk of failed implementations and ensures secure, efficient adoption. Optimizing Vendor Relationships: Managing contracts and relationships with various technology vendors is crucial. Advisory services will provide insights into vendor performance and contract negotiations and ensure solutions meet the State's requirements. This request will allow ETS to continue modernizing and optimizing the State's IT systems, enhancing security, reliability, and efficiency. This proactive investment will help avoid costly pitfalls, improve operational performance, and demonstrate the State's readiness to sustain and grow its IT enterprise.	A	-	-	\$ 280,000	-	-	\$ 285,000
AGS131	EC	AP	6	28	Add Funds for Datacenter Decommission and Migration Services	This request will allow ETS to continue modernizing and optimizing the State's IT systems, enhancing security, reliability, and efficiency. This proactive investment will help avoid costly pitfalls, improve operational performance, and demonstrate the State's readiness to sustain and grow its IT enterprise.	A	-	-	\$ 1,600,000	-	-	\$ -
AGS131	EG	AP	7	29	Add Funds for Independent Verification and Validation (IV&V)	The EFS Project is a critical initiative in modernizing the State of Hawaii's financial systems, design the EFS Project is a critical initiative in modernizing the State of Hawaii's financial systems, designed to improve transparency, efficiency, and fiscal management. IV&V services play a crucial role by offering third-party oversight to improve transparency, efficiency, and fiscal management. IV&V services play a crucial role by offering third-party oversight to: - Conduct independent evaluations of deliverables and processes. - Identify and mitigate risks before they become significant issues. - Ensure the project remains aligned with its scope, budget, and timeline. - Validate compliance with applicable state and federal financial regulations.	A	-	-	\$ 1,000,000	-	-	\$ 1,000,000
AGS131	ED	AP	8	30	Add Funds for Microsoft 365 Cloud Data Backup and Disaster Recovery Solution	While Microsoft 365 offers some level of data redundancy and recovery, its built-in backup options are limited. Microsoft's primary focus is on service availability and uptime, not comprehensive backup and recovery. ETS is seeking funding for a cloud backup solution for data within the Microsoft 365 cloud for the following reasons: Data Loss Scenarios, Regulatory Compliance, and Advanced Features. Failure to provide funding for a cloud data backup solution for data within O365 poses several risks, including data loss from accidental deletion, malicious attacks (e.g., ransomware), or system outages. This can lead to potential loss of critical business information, and extended downtime, which could impact operational continuity and increase recovery costs in case of data corruption or breaches.	A	-	-	\$ 310,000	-	-	\$ 325,000

								Pos (P)	Pos (T)	\$\$\$	Pos (P)	Pos (T)	\$\$\$
AGS131	EA	AP	9	31	Add Funds and 1.00 Permanent FTE for a Data/AI Equity Manager	This new position is authorized by Act 203, SLH 2024 to address language barriers and to ensure equitable access to information and assistance for all residents, especially those with limited English proficiency, as stated in Act 203, SLH 2024, and as required by title VI of the Civil Rights Act of 1964, Executive Order No. 13166, Executive Order No. 14031, and chapter 321C, Hawaii Revised Statutes. The Data/AI Equity Manager ensures equity to all our citizens which is critical in all data/AI solutions we will be developing to include initiatives to address homelessness, housing, healthcare, recovery and resilience etc. This position will develop and update multilingual accessibility standards and provide technical guidance to state entities regarding public access to vital information and documents. This position will also work with departments and technical teams to recommend/select/utilize tools to drive equity in data and AI solutions on an ongoing basis to best serve our citizens with diverse background and needs to empower us to serve our citizens equally.	A	1.00	-	\$ 102,000	1.00	-	\$ 100,000
AGS131	EA	AP	10	32	Add Funds to Establish Data/AI Office and AI Risk Management Tools & Geospatial License Renewal	There is a very high risk with improper use of data/AI and poor data quality on trust, equity, privacy protection etc. which impact accuracy and fairness of our decisions and public trust. Data silos and lack of holistic view of our citizen needs across departments impact our government efficiency, inter-operability, and transparency. Departments are aligned with the Data/AI office on the new State data/AI vision and strategy to drive trust, transparency, efficiency, citizen satisfaction, privacy protection, inter-operability, equity, and ethical use of data/AI. Some (DLE, DLIR, DOH Family Health Services etc.) with different sources of budget have agreed to share cost of the state data/AI tools to gain volume discount at the state level while following the same statewide policies and standards. Combining statewide data including geospatial data with AI/ML functions in a statewide platform will drive efficiency and responsiveness across the departments and enable timely evidence-based decisions for top state initiatives including disaster readiness, recovery and resilience, wellness and resilience, housing, homelessness, emergency response, safety, sustainability, education, and economic growth.	A	-	-	\$ 1,613,000	-	-	\$ 1,613,000
AGS131	ED	AP	11	35	Add Funds for Government Private Hybrid Cloud	ETS is seeking additional funds to continue the expansion of the Government Private Cloud (GPC) to the public cloud to greatly reduce our current reliance on state-maintained physical hardware, where hardware support ended October 2024. ETS does not plan to refresh any of the current physical hardware of the GPC. Funding for the ongoing migration to the public cloud environment with on-island infrastructure capabilities will be needed to continue migrating servers and workloads from physical hardware to the cloud-based datacenter. The GPC will ultimately be managed through infrastructure-as-a-service cloud subscriptions with no reliance on physical hardware.	A	-	-	\$ 400,000	-	-	\$ -

								Pos (P)	Pos (T)	\$\$\$	Pos (P)	Pos (T)	\$\$\$
AGS131	ED	AP	12	37	Add Funds for Website Accessibility Training Program	ETS is seeking funding for an Enterprise Success Plan with a partner to provide a statewide accessibility training schedule, accessibility maturity assessments, manual accessibility testing, expert resources for technical accessibility consulting, and a self-paced online training platform to support the digital accessibility efforts of the state. Pursuant to the purposes of Act 172, SLH 2022 ("Act 172"), the Office of Enterprise Technology Services, in consultation with the Disability and Communication Access Board, is required to convene a Working Group to assist in drafting the Hawai'i Electronic Information Technology Disability Access Standards ("Access Standards"). Act 172 requires the Access Standards to be implemented by all State entities. The Access Standards will require all electronic information technology developed, purchased, used, or provided by a State entity to be accessible to people with disabilities.	A	-	-	\$ 200,000	-	-	\$ 220,000
AGS131	EC	AP	13	38	Add Funds for Digitization of Control and Client Services Binders	ETS is requesting funding to support a digitization effort so that we may create a digital twin of every paper document sitting in our ETS facility. This means scanning, logging, and cataloging each document we have today. From there, the documentation will be virtually placed into a redundant SharePoint site that can be referenced via any ETS owned device from any location. This will drastically reduce our susceptibility to losing mission critical documentation that allows us to support users and keep running business as usual. In addition to having a digital twin with higher availability and redundancy, these documents can also be searchable and editable should there be a need for updates or edits once uploaded into the file. This allows ETS to ensure their documentation stays current and up to date with the ever-changing technological environment.	A	-	-	\$ 150,000	-	-	\$ -
AGS879	OA	AP	1	41	Add Funds for Voting System Contract, Digital Voter Information Guide, and Electronic Registration Information Center (ERIC)	The Office of Elections is requesting funds for the voting and vote counting systems contract used to program, produce, count, and tabulate ballots and operate and maintain the voting equipment for each election. This includes contract modifications related to the number of voter service centers and equipment determined by the Offices of the County Clerk's, envelope specifications and quantities to address weather, design, and mailings, as well as warehousing and storage of the voting equipment. The Office is also requesting funds for the following: Digital Voter Information Guide (Act 115, SLH 2023) which includes a photograph and short statement of less than 150 words of each candidate running for public office. Electronic Registration Information Center (ERIC), (Act 190, SLH 2024), the office of elections and each county office that administers elections shall use information and services made available by ERIC, to verify their respective voter registration rolls.	A	-	-	\$ 3,978,275	-	-	\$ 125,000

								Pos (P)	Pos (T)	\$\$\$	Pos (P)	Pos (T)	\$\$\$
AGS871	NA	AP	1	42	Add Funds for 2.00 Permanent FTE and Electronic Filing System Upgrade	Currently, there are only 5 CSC staff members who oversee 700+ committees that have anywhere from 1-3 officers who contact the CSC for assistance. Over the years, the number of candidate committees has almost doubled from 300 to over 550 and the number of noncandidate committees has grown from 200 to over 300. These numbers continue to increase rather than decrease with each election period. Of significance is that with each election, there are hundreds of new candidates and noncandidate committees that do not understand how to comply with the various requirements of campaign finance law (e.g., registering; filing disclosure reports, fundraiser notices, electioneering communications, etc.; having disclaimers on advertising; reporting contributions, expenditures, loans, durable assets, etc.; terminating registration) thereby generating hundreds of staff hours assisting committees over the phone, in-person, and by email as well as a number of enforcement actions for violations. Depending on whether it is an election year (which is in every even-numbered year), these 700+ committees file anywhere from 2-8 mandatory reports with the CSC and the number of reports will increase in specific situations (i.e., public funding, late contributions/ expenditures).	A	2.00	-	\$ 1,115,000	2.00	-	\$ 380,000
						Each of these reports must be reviewed and the committees must be contacted if there is a reporting problem or a violation which means the assessment and collection of a fine(s) as well as the employment of subsequent administrative proceedings/hearings for non-compliance. Based on the current law, each candidate and/or office may have a different reporting period thereby making it even more complicated. As a result of the 12 campaign finance bills that were enacted from the 2023 legislative session, the volume and scale of CSC staff duties have significantly increased. As such, CSC requires a 1.0 FTE Elections Assistant.							
AGS871	NA	NG	2	43	Increase Trust Fund Ceiling for Hawaii Election Campaign Fund (HECF)	The Campaign Spending Commission ("Commission") requests a \$700,000 increase to its trust fund budget ceiling to keep the current ceiling of \$1,043,732 as a recurring amount to sustain the availability of public funds to all qualifying candidates. Public funds have been disbursed since 1980 with the highest amount disbursed at \$859,765.59 in 1994 and the lowest amount at \$1,000 in 1980. Public funding distributions are unpredictable and time sensitive. It is unknown who will qualify for public funding and HRS §11-431 requires public funds be distributed to qualifying candidates within twenty days from the date the candidate's application is approved by the Commission. Thus, the Commission must allocate maximum amounts to timely provide enough public funding to meet the State Constitutional mandate to distribute public funding to all eligible candidates (see Article II, Section 5, under the State of Hawaii Constitution), and a permanent increased ceiling would facilitate that effort.	T	-	-	\$ 700,000	-	-	\$ 700,000
AGS891	PA	NG	1	44	Increase Special Fund Ceiling for Next Generation 9-1-1 Projects	The State of Hawaii 911 Board (Board) is requesting a permanent ceiling increase starting in FY 2026 in the amount of \$5,000,000 over the current ceiling of \$9,012,858 for an adjusted ceiling of \$14,012,858. Due to increases in maintenance and recurring costs of the Public Safety Answering Points (PSAPs) to maintain and operate the current 911 system. Next Generation 9-1-1 transition is projected to be completed in 2026. In preparation The Board is requesting a permanent ceiling increase to fund further enhancements to the Next Generation 9-1-1.	B	-	-	\$ 5,000,000	-	-	\$ 5,000,000

AGS881	LA	NG	1	45	Increase Special Fund Ceiling for Works of Art Special Fund	The growing cost of State construction has resulted in increased revenue to the works of art special fund. Despite the fund balance growth, the SFCA is unable to address the rising demands of contributing State Departments for culture and arts programs and services because the budget ceiling remains static. Increasing operational demands on the Works of Art Special Fund include a fund assessment by Budget and Finance, repair and maintenance of the collection, vertical infrastructure projects such as the State Capitol, Civic Centers, NASED, etc. With a higher budget ceiling, SFCA could meet the statewide demand. The current ceiling set in 2019 limits the SFCA's ability to fulfill the obligation to carry out the intent of HRS 103-8.5. An increase in the SFCA's budget ceiling would not increase the R&M or CIP budgets of contributing departments but would be drawn from the available fund balance.	B	-	-	\$ 2,000,000	-	-	\$ 2,000,000
AGS244	JC	NG	1	46	Surplus Property Office Fringe Benefit Adjustment	This request is to increase the budgeted fringe benefits for the Surplus Property Office. The current budgeted fringe benefit is \$129,458. This adjustment will allow the Surplus Property Office to properly budget for fringe benefits.	W	-	-	\$ 51,607	-	-	\$ 51,607
AGS244	JC	NG	2	47	Reclassification for Surplus Property Office	The State Procurement Office (SPO) is requesting to reclassify and reprice two positions within the Surplus Property Office, to better align with industry standards and increased duties.	W	-	-	\$ 14,772	-	-	\$ 14,772
AGS221	IA	VP	1	48	Reduce 5.00 Permanent FTE and Add Funds for Consultant Services	Deletes long term vacant positions and funds consultant services required to enable the program to accomplish its mission of providing centralized planning, design, and construction services for critical state facilities and functions. FY 2023 - FY 2025 Restrictions

Table 7

Fiscal Year	Prog ID	Sub-Org	MOF	Budgeted by Dept	Restriction	Difference Between Budgeted & Restricted	Percent Difference	Impact
2023	AGS-101	CA	A	\$ 1,647,829	\$ 244,782	\$ 1,403,047	85.15%	Restriction was met by lowering Other Current Expenses primarily through decreased Datamart contractor usage. Enhancements or fixes to Datamart were deferred or not performed.
2023	AGS-102	CB	A	\$ 1,544,582	\$ 190,212	\$ 1,354,370	87.69%	Impacts were absorbed through vacancies and delays in hiring.
2023	AGS-104	BA	A	\$ 940,511	\$ 94,052	\$ 846,459	90.00%	Restriction covered by vacancy savings until positions were planned to be filled in the second half of FY 2023.
2023	AGS-131	EA	A	\$ 12,193,112	\$ 28,360	\$ 12,164,752	99.77%	No impact to ETS operations. ETS restriction release was approved by the Governor on October 12, 2022. This amount is a restriction on project funds appropriated for DOTAX and DHRD. A memo was submitted for the Governor's approval to release the restriction for the DOTAX project in the amount of \$60,225.
2023	AGS-203	AD	A	\$ 27,137,995	\$ 15,000	\$ 27,122,995	99.94%	Alternative sources of funding were used for the restricted amounts.
2023	AGS-211	HA	A	\$ 801,836	\$ 50,184	\$ 751,652	93.74%	The 10% restriction resulted in keeping Office Assistant III position vacant and negatively affected the program's ability to provide quality land surveying services in a timely manner.
2023	AGS-221	IA	A	\$ 6,599,589	\$ 659,958	\$ 5,939,631	90.00%	Impacts absorbed through denial of overtime, vacancies, delays in hiring, de facto requiring staff to take on excessive workloads, project delays, and cancellation of bidding/award affecting selected projects for which there was insufficient staff support. In addition, and due to staff vacancies, for certain critical projects the program engaged private consulting services to perform construction management tasks that would otherwise be performed by staff; those services were paid out of the CIP budgets of the affected projects and involved costs more than 2.5 times greater than the associated staff costs.
2023	AGS-223	IB	A	\$ 5,444,873	\$ 544,488	\$ 4,900,385	90.00%	With the long-term economic impacts of COVID continuing into FY2023, there were additional unbudgeted building operating costs for increased labor and supplies needed to disinfect the interior and common areas of the buildings, which were charged to the building tenants. Fortunately, lessors had taken steps to minimize the impacts of those increased costs. Impacts were absorbed through vacancies, delays in hiring, and negotiation of favorable lease provisions.
2023	AGS-240	JA	A	\$ 1,579,010	\$ 157,902	\$ 1,421,108	90.00%	SPO was able to meet the restriction because we were unable to fill our vacant positions. In FY23, we filled one position, but also lost one position as the incumbent retired.
2023	AGS-807	FP	A	\$ 2,467,989	\$ 246,800	\$ 2,221,189	90.00%	The restriction impacted the ability to purchase needed materials for work to be done on DOE Schools and facilities. For larger purchases and work contracted out, DOE was asked to help fund these costs.
2023	AGS-807	FQ	A	\$ 1,917,538	\$ 263,306	\$ 1,654,232	86.27%	Vacancy savings covered majority of restriction, and DOE was asked to help with the purchasing of materials, supplies and/or contracted out work.
2023	AGS-807	FR	A	\$ 1,369,966	\$ 136,996	\$ 1,232,970	90.00%	Restriction covered by vacancy savings.
2023	AGS-881	KA	A	\$ 59,860	\$ 5,986	\$ 53,874	90.00%	Funds were available from within the department to cover the restriction.
2023	AGS-881	LA	A	\$ 765,594	\$ 76,560	\$ 689,034	90.00%	The 10% restriction reduced funding by \$76,560 in total operations from the General Fund; this reduction was applied to Biennium Grants, Arts Education and Administrative Support areas. The restriction placed on the Biennium Grants, Arts Education, and Folk and Traditional Arts programs impacted our ability to reach neighbor islands and service the underserved communities within the state.
2023	AGS-901	AA	A	\$ 1,974,646	\$ 381,292	\$ 1,593,354	80.69%	Restriction covered by vacancy savings
2024	AGS-101	CA	A	\$ 2,383,836	\$ 209,384	\$ 2,174,452	91.22%	Restriction was met by creating capacity for system support by digitizing manual processes and through staff analysis of procedures and cross training. SAB was able to close down a contract for vendor support of the HIP Time and Leave system. SAB staff was able to take responsibility of this task to make up for the restriction.
2024	AGS-102	CB	A	\$ 1,591,459	\$ 159,146	\$ 1,432,313	90.00%	Impacts were absorbed through vacancy savings and delays in hiring.
2024	AGS-103	CC	A	\$ 1,199,770	\$ 112,976	\$ 1,086,794	90.58%	Impacts were absorbed through vacancy savings and delays in hiring.
2024	AGS-104	BA	A	\$ 992,642	\$ 99,264	\$ 893,378	90.00%	Restriction covered by vacancy savings.
2024	AGS-105	RA	A	\$ 1,234,122	\$ 123,412	\$ 1,110,710	90.00%	Restriction covered through vacancy savings due to six-month delay in establishing two new positions.
2024	AGS-111	DA	A	\$ 1,471,156	\$ 73,558	\$ 1,397,598	95.00%	In addition to vacancy savings, the program reduced archival supplies expenditures and software/hardware expenditures to meet the restriction amount.
2024	AGS-131	EG	A	\$ 21,858,170	\$ 549,372	\$ 21,308,798	97.49%	No impact to ETS operations. ETS partial restriction release was approved by the Governor on November 28, 2023.
2024	AGS-211	HA	A	\$ 868,010	\$ 47,800	\$ 820,210	94.49%	The 10% restriction resulted in keeping Office Assistant III position vacant until 4/16/2024 and negatively affected the program's ability to provide quality land surveying services in a timely manner.

<u>Fiscal Year</u>	<u>Prog ID</u>	<u>Sub-Org</u>	<u>MOF</u>	<u>Budgeted by Dept</u>	<u>Restriction</u>	<u>Difference Between Budgeted &amp; Restricted</u>	<u>Percent Difference</u>	<u>Impact</u>
2024	AGS-221	IA	A	\$ 14,330,669	\$ 733,066	\$ 13,597,603	94.88%	Impacts absorbed through denial of overtime, vacancies, delays in hiring, de facto requiring staff to take on excessive workloads, project delays, and cancellation of bidding/award affecting selected projects for which there is insufficient staff support. In addition, and due to staff vacancies, for certain critical projects the program engaged private consulting services to perform construction management tasks that would otherwise be performed by staff; those services were paid out of the CIP budgets of the affected projects and involved costs more than 2.5 times greater than the associated staff costs.
2024	AGS-223	IB	A	\$ 5,561,435	\$ 556,144	\$ 5,005,291	90.00%	With the long-term economic impacts of COVID having continued into FY2024, there were additional unbudgeted building operating costs for increased labor and supplies needed to disinfect the interior and common areas of the buildings, which were charged to the building tenants. Fortunately, lessors had taken steps to minimize the impacts of those increased costs. Impacts were absorbed through vacancies, delays in hiring, and negotiation of favorable lease provisions.
2024	AGS-231	FA	A	\$ 20,143,805	\$ 1,121,298	\$ 19,022,507	94.43%	Restriction was met due to stable oil prices which resulted in lower than expected electricity costs.
2024	AGS-231	FB	A	\$ 1,557,685	\$ 160,463	\$ 1,397,222	89.70%	Restriction amount impacted our ability to pay our utility bills throughout the fiscal year along with purchase of necessary custodial supplies (i.e. toilet paper, hand towels, etc.).
2024	AGS-231	FC	A	\$ 1,128,381	\$ 43,691	\$ 1,084,690	96.13%	Encountered a shortfall and used restrictions to help meet budget needs.
2024	AGS-231	FD	A	\$ 987,097	\$ 95,258	\$ 891,839	90.35%	Majority of restriction covered by vacancy savings. Remaining restriction met via deferral of all stripping and waxing in DAGS-managed buildings (work needs to be done on overtime) and deferral of exterior building maintenance (e.g., upper story window washing, power washing of walls, walkways, etc.).
2024	AGS-231	FW	A	\$ 275,384	\$ 27,538	\$ 247,846	90.00%	Restriction was met by lower than anticipated special events held at Washington Place.
2024	AGS-232	FE	A	\$ 1,959,749	\$ 150,000	\$ 1,809,749	92.35%	Restriction was met due to less than anticipated vandalism and sprinkler repair damages attributed to the homeless both in the Civic Center and Outlying Areas.
2024	AGS-232	FG	A	\$ 260,658	\$ 35,548	\$ 225,110	86.36%	Routine tree trimming was reduced.
2024	AGS-232	FH	A	\$ 138,484	\$ 17,300	\$ 121,184	87.51%	Restriction covered by vacancy savings.
2024	AGS-233	FK	A	\$ 3,143,386	\$ 664,338	\$ 2,479,048	78.87%	Restriction was met due to less than expected vandalism incidents at state buildings due to the worsening homeless situation.
2024	AGS-233	FL	A	\$ 206,718	\$ 19,582	\$ 187,136	90.53%	This restriction impacted our capabilities of purchasing materials to do repair work for public buildings.
2024	AGS-233	FM	A	\$ 122,910	\$ 8,766	\$ 114,144	92.87%	Experienced a shortfall and utilized restrictions release.
2024	AGS-233	FN	A	\$ 118,586	\$ 11,858	\$ 106,728	90.00%	Deferred repair and maintenance work at DAGS-managed buildings due to reduced available funding for materials and supplies.
2024	AGS-240	JA	A	\$ 2,286,888	\$ 228,688	\$ 2,058,200	90.00%	SPO was able to meet the restriction with vacancy savings.
2024	AGS-807	FP	A	\$ 2,850,718	\$ 285,072	\$ 2,565,646	90.00%	This restriction impacted our capabilities of purchasing materials to do repairs at DOE school facilities. This led to deferment of repairs that could evolve into large projects and compromise the health and safety of staff and students.
2024	AGS-807	FQ	A	\$ 2,039,459	\$ 201,700	\$ 1,837,759	90.11%	Vacancy savings covered majority of restriction and DOE was asked to help with the purchasing of materials, supplies, and/or contracted out work.
2024	AGS-807	FR	A	\$ 1,451,032	\$ 145,104	\$ 1,305,928	90.00%	Restriction covered by vacancy savings.
2024	AGS-879	OA	A	\$ 6,169,276	\$ 308,464	\$ 5,860,812	95.00%	Partial restriction release was requested and approved to conduct the 2024 Elections as funds were used for the voting and vote counting system contract. The Office of Elections is responsible for conducting candidate filing; printing, counting, and tabulating ballots; as well as maximizing voter registration. Additionally, personnel budget was also impacted which impaired our ability to hire seasonal staff who work during the election year.
2024	AGS-881	KA	A	\$ 63,063	\$ 6,306	\$ 56,757	90.00%	Funds were available from within the department to cover the restriction.
2024	AGS-881	LA	A	\$ 10,267,471	\$ 985,221	\$ 9,282,250	90.40%	The 10% restriction reduced funding by \$1,026,748 in total operations from the General Fund; this reduction was applied to Iolani Palace, Bishop Museum, Biennium Grants, Arts Education and Administrative Support areas. The restriction placed on the Biennium Grants, Arts Education, and Folk and Traditional Arts programs impacted our ability to reach neighbor islands and service the underserved communities within the state. Iolani Palace and Bishop Museum adjusted expenditures to meet the restriction amount.
2024	AGS-901	AA	A	\$ 1,682,531	\$ 566,508	\$ 1,116,023	66.33%	Restriction covered by vacancy savings.

Department of Accounting and General Services  
FY 2023 - FY 2025 Restrictions

Table 7

Fiscal Year	Prog ID	Sub-Org	MOF	Budgeted by Dept	Restriction	Difference Between Budgeted & Restricted	Percent Difference	Impact
2025	AGS-101	CA	A	\$ 3,556,869	\$ 355,686	\$ 3,201,183	90.00%	Restriction will be covered by a more deliberate approach to the EFS project. Greater state resource involvement, by taking on staff that have the skill set in the analysis of workflow, operational and system needs. Utilizing programs that promote internships via federally funded programs through departments such as DLIR and DOD, that could eventually lead to permanent state employment.
2025	AGS-102	CB	A	\$ 1,624,096	\$ 162,410	\$ 1,461,686	90.00%	Restriction will be covered by vacancy savings.
2025	AGS-103	CC	A	\$ 1,382,505	\$ 138,250	\$ 1,244,255	90.00%	Restriction will be covered by vacancy savings.
2025	AGS-104	BA	A	\$ 1,017,713	\$ 101,772	\$ 915,941	90.00%	Restriction to be covered by vacancy savings. Vacant positions planned to be filled in second half of FY 2025.
2025	AGS-105	RA	A	\$ 1,258,905	\$ 125,890	\$ 1,133,015	90.00%	OIP will be able to meet the restriction due to vacancy savings.
2025	AGS-111	DA	A	\$ 1,574,902	\$ 157,490	\$ 1,417,412	90.00%	Budget restriction negatively impacts ability of the program to procure needed archival supplies necessary for the Archives to execute on its mandate to preserve and make records accessible to the public; conduct shredding of expired records that are eligible for destruction - leading to increased legal exposure and staff time needed to retrieve; facilitate transfer of inactive records located in office space to the State Records Center for free, managed storage; and procure needed support of existing software/hardware along with upgrades to existing systems.
2025	AGS-131	EA	A	\$ 6,962,726	\$ 673,743	\$ 6,288,983	90.32%	There is a negative impact to ETS operations with the 10% restriction in place. ETS paid for an upgrade from G3 to G5 licenses in October 2024 for 12,000 Executive Branch users and is still waiting for allotment approval of \$1.25M. Projects will be deferred such as the Identity Management and upgrading the UPS (backup power supply) to the mainframes systems that support statewide departments such as the Department Labor & Industrial Relations, Unemployment Insurance Division, the Department of Accounting & General Services that provides statewide vendor payments and employee paychecks as well as unemployment to the State of Hawaii. ETS is planning to request for a release of restrictions.
2025	AGS-131	ED	A	\$ 5,423,151	\$ 502,000	\$ 4,921,151	90.74%	
2025	AGS-131	EE	A	\$ 1,687,517	\$ 20,560	\$ 1,666,957	98.78%	
2025	AGS-131	EF	A	\$ 4,524,802	\$ 50,000	\$ 4,474,802	98.89%	
2025	AGS-131	EG	A	\$ 21,388,737	\$ 3,161,215	\$ 18,227,522	85.22%	
2025	AGS-211	HA	A	\$ 906,360	\$ 86,800	\$ 819,560	90.42%	A 10% restriction will result in a delay in hiring and negatively affect the program's ability to provide quality land surveying services in a timely manner.
2025	AGS-221	IA	A	\$ 8,083,178	\$ 768,318	\$ 7,314,860	90.49%	The impacts will include denial of overtime, vacancies, delays in hiring, and excessive workloads for staff, leading to project delays and the cancellation of bidding/awards for select projects with insufficient support. Due to staffing shortages, private consulting services will be hired for critical projects' construction management, funded by the affected projects' CIP budgets. These services will cost over 2.5 times more than staff-managed tasks.
2025	AGS-223	IB	A	\$ 5,573,123	\$ 557,312	\$ 5,015,811	90.00%	For FY25, the ongoing economic impacts of COVID on the commercial office space market continue to result in unbudgeted building operating costs, including higher labor and supply expenses for disinfecting interior and common areas, which are passed on to building tenants. However, lessors have taken measures to reduce the effects of these increased costs. The impacts are being managed through vacancies, hiring delays, and the negotiation of favorable lease terms.
2025	AGS-231	FA	A	\$ 20,441,319	\$ 1,727,744	\$ 18,713,575	91.55%	A major function of this program is to make payment on all utility bills for the DAGS owned buildings. This restriction could impact the ability to make this payment if the cost of oil fluctuates upwards, which will lead to higher electricity payments which the program might not be able to pay. In addition, other non-contractual repairs on air conditioning and elevator services could be impacted with this restriction.
2025	AGS-231	FB	A	\$ 1,485,493	\$ 148,550	\$ 1,336,943	90.00%	With this restriction amount, it impacts our ability to pay our utility bills throughout the fiscal year along with purchase of necessary custodial supplies (i.e. toilet paper, hand towels, etc.).
2025	AGS-231	FC	A	\$ 1,144,058	\$ 98,739	\$ 1,045,319	91.37%	Projecting a shortfall if restrictions remain and will seek restriction release if needed.
2025	AGS-231	FD	A	\$ 998,834	\$ 87,839	\$ 910,995	91.21%	Restriction to be partially covered by vacancy savings. Remaining restriction to be covered by deferral of all stripping and waxing in DAGS-managed buildings (work needs to be done on overtime); deferral of exterior building maintenance (e.g., upper story window washing, power washing of walls, walkways, etc.); deferral of any major air conditioning and elevator repairs; deferral of payment of electricity bills if there are insufficient funds; may limit restocking of various janitorial supplies (i.e., toilet paper, hand towels, soap, etc.).
2025	AGS-231	FW	A	\$ 283,124	\$ 28,312	\$ 254,812	90.00%	The restriction will impact the ability to properly maintain the aging and historical Washington Place facility. In addition, the Governors residence could be negatively affected given the program's already limited operating funds.

Department of Accounting and General Services  
FY 2023 - FY 2025 Restrictions

Table 7

Fiscal Year	Prog ID	Sub-Org	MOF	Budgeted by Dept	Restriction	Difference Between Budgeted & Restricted	Percent Difference	Impact
2025	AGS-232	FE	A	\$ 2,018,929	\$ 201,894	\$ 1,817,035	90.00%	The restriction will limit the program's ability to respond to vandalism and sprinkler repair damages attributed to the homeless challenges in both the Civic Center and Outlying Areas. In addition, the normal cycle of tree trimming and coconut cutting may have to be lengthened if funds are not available which is a health and safety issue.
2025	AGS-232	FF	A	\$ 332,763	\$ 102,294	\$ 230,469	69.26%	This restriction will impact our ability to perform tree maintenance in East and West Hawaii districts.
2025	AGS-232	FG	A	\$ 269,821	\$ 26,982	\$ 242,839	90.00%	Routine tree trimming will be reduced or eliminated.
2025	AGS-232	FH	A	\$ 89,989	\$ 21,043	\$ 68,946	76.62%	Restriction to be covered by vacancy savings.
2025	AGS-233	FK	A	\$ 3,225,886	\$ 322,588	\$ 2,903,298	90.00%	The restriction will limit the programs ability to adequately and effectively repair and maintain our aging State buildings. In addition, we are experiencing an increase in vandalism and damage due to the worsening homeless situation and will affect the number of minor and selected major repairs carried out at our facilities.
2025	AGS-233	FL	A	\$ 212,885	\$ 21,288	\$ 191,597	90.00%	This restriction will impact our capabilities of purchasing materials to do repair work for public buildings.
2025	AGS-233	FM	A	\$ 125,994	\$ 17,595	\$ 108,399	86.04%	Projecting a shortfall if restrictions remain and will seek restriction release if needed.
2025	AGS-233	FN	A	\$ 121,760	\$ 12,176	\$ 109,584	90.00%	Deferral of repair and maintenance work at DAGS-managed buildings and public libraries due to reduced available funding for materials and supplies.
2025	AGS-240	JA	A	\$ 2,313,491	\$ 231,350	\$ 2,082,141	90.00%	SPO will tightly monitor our spending for what we can control, especially for non-personnel matters. The vacancies for the first half of FY 25 will also provide savings in our budget spending. We will continue to try to fill all of our vacancies to the best of our abilities, however over 80% of our budgeted allocation for this fiscal year is for personnel costs. We will continue to be very mindful about offering overtime and temporary assignments, and closely monitor spending in those areas.
2025	AGS-807	FO	A	\$ 1,248,710	\$ 94,299	\$ 1,154,411	92.45%	This restriction impacts our capabilities of purchasing materials to do repairs at DOE school facilities. This will lead to deferment of repairs and could evolve into large projects and compromise the health and safety of staff and students.
2025	AGS-807	FP	A	\$ 1,923,791	\$ 153,933	\$ 1,769,858	92.00%	This restriction impacts our capabilities of purchasing materials to do repairs at DOE school facilities. This will lead to deferment of repairs and could evolve into large projects and compromise the health and safety of staff and students.
2025	AGS-807	FQ	A	\$ 2,114,397	\$ 222,112	\$ 1,892,285	89.50%	Vacancy savings will cover majority of restriction and DOE will be asked to help with the purchasing of materials, supplies, and/or contracted out work.
2025	AGS-807	FR	A	\$ 1,500,003	\$ 150,000	\$ 1,350,003	90.00%	Restriction to be covered by vacancy savings.
2025	AGS-871	NA	A	\$ 642,314	\$ 64,232	\$ 578,082	90.00%	This program is responsible for regulating campaign finance violations through the administration and enforcement of the campaign finance laws and rules. If the restriction is not released, it will limit the program's ability to contract for investigative services to investigate campaign finance law violations and to retain hearing officers for contested case hearings to ensure efficient proceeding and handling of contested matters. Program will seek restriction release as needed.
2025	AGS-879	OA	A	\$ 2,471,761	\$ 247,076	\$ 2,224,685	90.00%	The restriction will impact the office from meeting our Maintenance of Effort (MOE) which is currently at \$2,299,552.00.
2025	AGS-881	KA	A	\$ 64,806	\$ 6,480	\$ 58,326	90.00%	Program will seek restriction release as needed as the program's budgeted amount is made up entirely of staff salary.
2025	AGS-881	LA	A	\$ 10,520,750	\$ 1,052,076	\$ 9,468,674	90.00%	The 10% restriction reduced funding by \$1,026,748 in total operations from the General Fund; this reduction was applied to Iolani Palace, Bishop Museum, Biennium Grants, Arts Education and Administrative Support areas. The restriction placed on the Biennium Grants, Arts Education, and Folk and Traditional Arts programs will impact our ability to reach neighbor islands and service the underserved communities within the state. The 10% restriction on Iolani Palace will reduce the funding towards operating costs critical to the care of the 142 year old Palace, impacting building repair and maintenance, essential staff salaries and wages, and reoccurring costs for security and accessibility. Bishop Museum will reduce operating support critical to the work of the Bishop Museum by impacting IT infrastructure, essential staff salaries and wages, reoccurring utilities and maintenance essential to collections care, and support for programming. Program will seek restriction release as needed.
2025	AGS-901	AA	A	\$ 6,733,549	\$ 81,032	\$ 6,652,517	98.80%	Restriction to be covered by vacancy savings.

Program ID Sub-Organizations

Table 17

<u>Program ID</u>	<u>Sub-Org Code</u>	<u>Name</u>	<u>Objective</u>
AGS101	CA	ACCOUNTING SYSTEM DEVELOPMENT AND MAINTENANCE	To develop, maintain and improve the State financial accounting and reporting system, and control the methods, procedures and forms of the accounting system.
AGS102	CB	EXPENDITURE EXAMINATION	To assure State payments conform to established standards of propriety and legality and are made promptly.
AGS103	CC	RECORDING AND REPORTING	To assure that the State's financial transactions are promptly and properly recorded and reported.
AGS104	BA	INTERNAL POST AUDIT	To achieve compliance with State laws by the State's Executive departments and agencies on accounting procedures and internal control systems through financial and compliance audits.
AGS105	RA	ENFORCEMENT OF INFORMATION PRACTICES	Provide legal guidance, training, assistance, investigations, dispute resolution, and monitor legislation and lawsuits regarding the Uniform Information Practices (UIPA) (Chapter 92F, HRS) and Sunshine Law (Part I of Chapter 92, HRS); maintain the Records Report system; and determine appeals under Chapter 231, HRS, from the Department of Taxation's written opinions.
AGS111	DA	ARCHIVES - RECORDS MANAGEMENT	To ensure open government by preserving and making accessible the historic records of state government and by partnering with state agencies to manage their active and inactive records.
AGS131	EA	ENTERPRISE TECHNOLOGY SERVICES - OPERATIONS AND INFRASTRUCTURE MAINTENANCE - ADMINISTRATION	Information Processing and Communication Services (IPCS also known as ICSD) strives to improve the management and operation of all State agencies by providing effective, efficient, coordinated, and cost-beneficial computer and telecommunication services such that State program objectives may be more efficiently achieved.

Department of Accounting and General Services  
 Program ID Sub-Organizations

Table 17

<u>Program ID</u>	<u>Sub-Org Code</u>	<u>Name</u>	<u>Objective</u>
AGS131	EB	ENTERPRISE TECHNOLOGY SERVICES - OPERATIONS AND INFRASTRUCTURE MAINTENANCE - SYSTEMS SERVICES	Provides systems software support and control programming; database management and operational support; development, implementation, and maintenance of specialized systems software used in support of applications and control systems; analyses to improve the efficiency and capacity of computer systems; security of information; and guidance in the effective and efficient use of systems software.
AGS131	EC	ENTERPRISE TECHNOLOGY SERVICES - OPERATIONS AND INFRASTRUCTURE MAINTENANCE -PRODUCTION SERVICES	Operates a centralized computing facility and a distributed data communications network that provides comprehensive and efficient computing services to all State agencies. Manages and implements production activities associated with electronic information processing. Plans, designs, implements, installs, and manages a physical security program to protect equipment, hardware, and software media.
AGS131	ED	ENTERPRISE TECHNOLOGY SERVICES - OPERATIONS AND INFRASTRUCTURE MAINTENANCE -TECHNICAL SUPPORT SERVICES	Provides planning, design, management, maintenance, coordination, and technical consulting and support for the State's emerging technologies programs. Provides technical consulting and expertise in computer hardware and software for the establishment and proper operation of local area networks, office automation, Internet, and Intranets. Provides support services to clients in the selection and utilization of public and government access systems and services to obtain information.
AGS131	EE	ENTERPRISE TECHNOLOGY SERVICES - OPERATIONS AND INFRASTRUCTURE MAINTENANCE - CLIENT SERVICES	Provides application systems development and maintenance services at two levels: statewide applications and department or agency specific applications. Provides systems analysis, systems design, and computer programming, application systems installation and client training, as well as post installation support; provides assistance to clients in developing analytic and technical capabilities to enable them to plan and maintain their own systems and applications.

Department of Accounting and General Services  
Program ID Sub-Organizations

Table 17

<u>Program ID</u>	<u>Sub-Org Code</u>	<u>Name</u>	<u>Objective</u>
AGS131	EF	ENTERPRISE TECHNOLOGY SERVICES - OPERATIONS AND INFRASTRUCTURE MAINTENANCE - TELECOMMUNICATION	Plans, designs, engineers, upgrades, and manages the State's voice, data, video, and radio communications networks. Operates and manages the communication systems for public and private access to public and private information systems
AGS131	EG	ENTERPRISE TECHNOLOGY SERVICES - GOVERNANCE AND INNOVATION	Establish governance processes, policies and methodologies that guide the management and oversight of the State's Information Technology (IT)/IRM investments, acquisitions, and projects (including system development, implementation, and critical infrastructure improvements). Institute enterprise shared services and a consolidated IT/IRM infrastructure to address internal-facing, shared support services, data management services, infrastructure and systems on an enterprise-wide basis as the technology foundation for future work.
AGS203	AD	STATE RISK MANAGEMENT AND INSURANCE ADMINISTRATION	The objective of this program is to operate a comprehensive risk management and insurance program to protect the State against catastrophic losses and to minimize total cost of risk.
AGS211	HA	LAND SURVEY	To assist in protecting the rights of public and private land ownership by providing field survey services and descriptions of surveyed lands.
AGS221	IA	PUBLIC WORKS - PLANNING, DESIGN AND CONSTRUCTION	The objective of this program is to ensure provision of approved physical facilities necessary for the effective operation of State programs by providing timely and economical design and construction services within assigned areas of responsibility.
AGS223	IB	OFFICE LEASING	The objective of this program is to provide centralized office leasing services to user agencies in the acquisition of office space in non-state-owned buildings in compliance with Section 171-30, Hawaii Revised Statutes
AGS231	FA	CENTRAL SERVICES - CUSTODIAL SERVICES - OAHU	To maintain assigned public buildings in a clean and safe condition by providing a variety of custodial services.
AGS231	FB	CENTRAL SERVICES - CUSTODIAL SERVICES - HAWAII	Same as above for Hawaii.

AGS232	FE	CENTRAL SERVICES - GROUNDS MAINTENANCE - OAHU	To maintain the grounds surrounding assigned public buildings in a neat and attractive condition by providing a variety of grounds maintenance services.
AGS232	FF	CENTRAL SERVICES - GROUNDS MAINTENANCE - HAWAII	Same as above for Hawaii.
AGS232	FG	CENTRAL SERVICES - GROUNDS MAINTENANCE - MAUI	Same as above for Maui.
AGS232	FH	CENTRAL SERVICES - GROUNDS MAINTENANCE - KAUAI	Same as above for Kauai.
AGS233	FK	CENTRAL SERVICES - BUILDING REPAIRS AND ALTERATIONS - OAHU	To maintain assigned public buildings in a safe condition and at a high level of utility by providing repair and maintenance services and by making minor alterations.
AGS233	FL	CENTRAL SERVICES - BUILDING REPAIRS AND ALTERATIONS - HAWAII	Same as above for Hawaii
AGS233	FM	CENTRAL SERVICES - BUILDING REPAIRS AND ALTERATIONS - MAUI	Same as above for Maui
AGS233	FN	CENTRAL SERVICES - BUILDING REPAIRS AND ALTERATIONS - KAUAI	Same as above for Kauai
AGS234	CS	CENTRAL SERVICES - CEMETERY MANAGEMENT OFFICE	To operate, maintain, improve, and redevelop State-owned cemeteries. Determine ownership of plots, maintain records pertaining to cemeteries, including cemetery plot plans, and records of plot ownership, interments, and disinterment.

Department of Accounting and General Services  
 Program ID Sub-Organizations

Table 17

<u>Program ID</u>	<u>Sub-Org Code</u>	<u>Name</u>	<u>Objective</u>
AGS240	JA	STATE PROCUREMENT	The objective of this program is to promote economy, efficiency, effectiveness, and impartiality in the procurement of commodities, services and construction for State and County governments through development, implementation and maintenance of policies and procedures that provide for broad-based competition, accessibility to government contracts, fiscal integrity and responsibility in the procurement process; to procure or supervise the procurement of commodities and services to meet the State's need through economical purchases and inventory control.
AGS244	JC	SURPLUS PROPERTY MANAGEMENT	The program coordinates the transfer of State surplus property and Federal surplus property available through the Federal Surplus Property program to eligible "donees" (state/local government, non-profit organizations that serve or promote a public purpose, qualified small minority owned businesses, tax-exempt educational and public health institutions or organizations). To achieve the greatest economical use of State and Federal property declared surplus by providing a viable source of surplus goods for re-utilization.
AGS251	GA	AUTOMOTIVE MANAGEMENT - MOTOR POOL	The objective of the program is to support State agencies by providing safe motor pool vehicle transportation required to perform their official duties.
AGS252	GB	AUTOMOTIVE MANAGEMENT - PARKING CONTROL	The objectives of the program are to maintain and allocate parking spaces, assess and collect parking fees, and control parking on State lands under the jurisdiction of the Comptroller.
AGS807	FO	SCHOOL REPAIR AND MAINTENANCE, NEIGHBOR ISLAND DISTRICTS - WEST HAWAII	The program will strive to provide timely, responsive, quality, cost effective, and innovative repair and maintenance services to public schools on the islands of Hawaii, Kauai, Maui, Molokai, and Lanai.
AGS807	FP	SCHOOL REPAIR AND MAINTENANCE, NEIGHBOR ISLAND DISTRICTS - EAST HAWAII	See objective for West Hawaii.
