

STATE OF HAWAI'I HAWAI'I STATE PUBLIC LIBRARY SYSTEM

'OIHANA HALE WAIHONA PUKE AUPUNI O KA MOKU'ĀINA O HAWAI'I OFFICE OF THE STATE LIBRARIAN 44 MERCHANT STREET HONOLULU, HAWAII 96813

House Committee on Finance Informational Briefing Tuesday, January 10, 2025, 9:00 am State Capitol Conference Room 308

Overview

<u>Mission Statement:</u> The Hawai'i State Public Library System inspires curiousity and creates opportunities for all to read, learn and connect.

Our community hubs in 51 locations on 6 islands and two bookmobiles create equitable access to information, ideas, stories, learning, technology and spaces for all. HSPLS is the community space that supports and welcomes everyone: from families bringing keiki to story times, to building emergent literacy skills, to people writing resumes, to kupuna learning and teaching mahjong.

While our public libraries provide access to traditional collections of printed materials, they are also vital places for people to access technology, internet, WIFI and opportunities to learn digital literacy skills. In some communities, particularly rural, neighbor island communities, the public library is the only place with internet connectivity. Our public libraries are the equalizer.

We measure the effectiveness of our services and programs by gathering data that reflects services and programs provided and usage by our communities. We use the data to continuously improve and evolve with the needs of those we serve. Here are just a few data highlights from FY2024.

| WHAT | FY2024 DATA |
|--|-------------|
| Checkouts of Physical Materials | 3,482,056 |
| Checkouts of Digital eBooks, Audiobooks, | 1,586,560 |
| Magazines | |
| Internet Sessions at the Libraries | 466,313 |
| WIFI Sessions at the Libraries | 143,654 |
| Library Programs Offered | 4,026 |
| Library Program Attendance | 98,584 |
| Library Visits | 2,002,235 |

State-wide Conditions Affecting Operations:

HSPLS recently did a survey to better understand the needs of our communities. Over 13,500 patrons responded, and identified a need for 1) increased hours, 2) increased programming, 3) refreshed website, and 4) upgradeed facilities. Several challenges significantly impact our abilty to operate and provide the vital services for our communities across Hawai'i.

Workforce Levels

Library operations depend on having enough staff to keep the doors open and provide essential services to our patrons. While we continue to face challenges to hiring, we continue to recruit and fill positions so that we can meet the needs of the community. Over the past calendar year, we have been able to fill all of the Library Branch Manager vacancies (4 of 6 total managers) on Kaua'i and we welcomed several others to O'ahu and Hawai'i.

The inability to fill positions is primarily due to a combination of DHRD's antiquated hiring processes and B&F budget restrictions, which force us to operate with less than full funding. Specifically:

- 1. DHRD's method of processing applications and providing them to departments/agencies in a timely manner. Each vacancy takes at least 6-12 months to fill. The manual processes also consume weeks and months of time by the hiring dept./agency which is already limited in staff time. It takes months to receive a list of applicants; by the time the list is received, the applicants have found other jobs and/or the applicant moves from another library position, which creates another vacancy within our system.
- 2. Beginning in 2020, 64 positions (approximately 11% of our position count = \$3.2M) were not fully funded until the current biennium budget. Once we finally had the funding, the DHRD processes and budget restrictions prevented us from filling the positions.
- 3. Budget and Finance (B&F) restrictions of 8-10% each year reduce our budget by another \$4M or \$1M per quarter. B&F only provides ¼ of the restricted budget total to start a fiscal year, which also impacts whether there is sufficient funding to pay for new hires. HSPLS has few choices to operate without full funding either not pay for contractual obligations (i.e. default on service contracts, utilities, health and safety repairs) or slow hiring.

Despite the challenges of filling vacancies and the inadequate staffing for 51 branches and support offices, we continue to be proactive in our approach to staffing. We have repurposed positions into other positions that are more needed to ultimately support library services, and we have been actively participating in job fairs to connect with potential employees.

Pay, Cost of Living, and Locations

We experience the same challenges as the Department of Education with hiring teachers and staff. The pay and cost of living make it difficult for potential candidates to accept the position, or we hire new employees who end up leaving within the first year due to the cost of living and lack of affordable housing. On top of the high cost of living and housing, we also have locations that serve

remote communities. It's been a challenge to find qualified candidates for our most rural communities, like Lana'i and Hāna. While we continue to look for creative alternatives to keep our public library open to the community, staffing is key to our ability to meet our mission to serve the people of Hawai'i.

Budget Restrictions

Approximately 80% of our budget is for payroll and the remaining 20% is for current expenses (i.e. utilities, maintenance, supplies, purchasing materials) to operate 50 libraries (51 with Lahaina), two administrative office spaces and one delivery logistics operational space.

At the start of each fiscal year, budget restrictions of 8-10% are imposed, impacting our ability to plan on full funding for the fiscal year; additionally, funding is released one quarter at a time. In order to operate within the budget, we must either suspend hiring new staff or not pay for ongoing operational expenses or contractual obligations, such as utilities.

In FY2024, our total general fund budget appropriation is approximately \$43 million, with almost \$33 million allocated for payroll. After a budget restriction of \$3.9 million at the start of the fiscal year, our annual payroll allocation is approximately \$29 million, or approximately \$7 million for the first quarter payroll. Having only one quarter of funding (minus restrictions) means that we have to start the hiring process *before* we know whether B & F will release the restricted funds that ensures the new employee can be paid for the entire fiscal year. This situation creates an inaccurate impression to the Legislature that we don't need the vacant positions and/or that we're not working hard enough to fill vacant positions. The inability to access funding that had been appropriated by the Legislature and DHRD's long processing time to hire new staff limits our ability to meet our mission and is demoralizing to current staff.

Statewide Mental Health and Drug Addiction Challenges

Our public libraries are open to all. We serve everyone no matter where they come from, how much money they have, or whether or not they have a home. In a thriving democracy, it's essential that public libraries serve everyone so all have access to the same information, ideas, opportunities and connections.

Our public libraries are continuing to experience more challenges with patrons who have mental health issues or are on drugs. On occasion, these individuals verbally or physcially threaten our staff. The behaviors are disruptive to the comfort and safety of other patrons and staff, and more and more frequently, we require the assistance of police to resolve the situation. Patrons have told us they will not visit certain libraries because they do not feel it is safe to bring their families.

On the exterior of our buildings, we have challenges with the destruction of lights, doors, irrigation systems, windows, power outlets, trees and theft. At many libraries, staff arrive every morning to garbage, human waste, and on occasion drug paraphernalia. Increasing the base budget for HSPLS' repair and maintenance is needed to repair damage done to our facilities, as well as address additional improvements to increase security. There is also a cost to our staff who help to keep our facilities safe for our communities. While they are compassionate, they also experience frustration

and sometimes helplessness, with the ongoing problem.

We continue to deploy multiple strategies to address these situations in our communities – safety training, partnerships, fences, and facility modifications to discourage poor behavior – but we need more focused statewide strategies to address these systemic issues. We stand ready to partner with others to support positive change.

Federal Funds

HSPLS now receives approximately \$1.5 million through its only source of federal funds, the Library Services and Technology Act (LSTA), provided by the Institute of Museum and Library Services (IMLS). The Grants to States LSTA funding is distributed to all states based on a population formula; it requires a Maintenance of Effort (MOE) agreement and matching general funds from the State.

HSPLS relies on general funds to meet our State MOE and matching requirements, and any reduction in our budget directly reduces the amount of federal funds Hawai'i receives. LSTA funds directly support our technology, connectivity, integrated library system, online information database subscriptions for the public, and training for staff. All of these services are vital to maintaining library operations and providing digital access to resources for Hawai'i's communities.

Due to increases in our allotment and the overlapping nature of the federal grants (each allocation year may be spent over a two-year period), we are requesting a permanent, rather than one-time, increase in the ceiling of the authority to spend up to \$4,634,756, which is an increase of \$634,756. Without increasing the ceiling, due to overlapping grant years, we would be restricted from spending all of the federal funds that are allocated to HSPLS.

Non-General Funds

HSPLS reports to the Legislature may be viewed at: https://www.librarieshawaii.org/about-us/reports/

Budget Requests

The process we use to develop and prioritize our budget request is based on a review of our prior budget and actual expenditures for previous years. We take the data and review it against our framework for providing services (people, place, collections and services/programs) and determine how to best meet our four areas of focus: strengthening literacy, igniting our digital future, creating opportunities for life enrichment, deepening community relationships. Areas of greatest need and potential impact on our ability to provide public library services to our communities are carefully balanced. Lastly, we consider how the budget requests correspond with our long-term priorities to meet the future needs of our communities.

Our budget requests focus on our places and services.

General Funds (see attachment A):

1. Security (Guard Services)

HSPLS went through the process to identify a new security guard service in FY23; the new contract went into effect in January 2024. The cost of the new services is double what we were paying before. We need an additional \$1,200,000 in our base budget to meet the total increased cost of security guard services.

2. Temporary Service Locations

HSPLS has several upcoming construction projects that will temporarily close libraries in high-usage areas, requiring us to open temporary service locations.

- a) Wahiawa: FY26 \$200,000 (rental and fees) and FY27 \$200,000 (rental and fees)
- b) Pearl City: FY26 \$150,00 (rental and fees) and FY27 \$150,000 (rental and fees)
- c) Makawao: FY26 \$84,000 (rental and fees) and FY27 \$84,000 (rental and fees)

3. Librarian IV position – new Waikoloa Public Library in FY27

HSPLS is working on the design and construction of a new library in Waikoloa. We will need to hire the new branch manager in FY27 to help with the building design process, including the ordering of furniture and fixtures and building a new library collection. We are requesting six months of the first-year salary at \$31,548, as advised in Finance Memo No. 24-10.

4. Repair and Maintenance (R&M)

We are requesting an increase of \$500,000 to the current base budget of \$1,000,000 for Repair and Maintenance starting in FY26. The increase is needed for an increase in large repair costs for issues such as elevators, as well as to address deferred and preventive maintenance.

5. Automated Material Handling System (AMHS)

Funding for this equipment will allow us to sort materials more quickly and efficiently for delivery. We are requesting \$500,000 in FY26 and \$250,000 in FY27. The current processes are manual and inefficient. Eventually, the acquisition of this equipment will allow our limited staff to provide more direct public service service.

Capital Improvement Projects (see attachment B):

To ensure that we are taking care of our building assets and community spaces, we are requesting the following in new Capital Improvement Projects (CIP) funding:

| CIP PROJECTS | FY26 BUDGET REQUEST | FY27 BUDGET REQUEST | | | | |
|----------------------------------|---------------------------|---------------------------|--|--|--|--|
| Health and Safety | \$25,000,000 | \$25,000,000 | | | | |
| Kapa'a Planning & Design Funding | \$2,000,000 | | | | | |

HSPLS is requesting CIP Health and Safety funding of \$25,000,000 in both FY26 and FY27. This funding ensures that projects already in progress will be able to proceed to construction without delay due to lack of funding, as well as allow us to initiate new projects without delay. The increase in funding will also allow us to move forward with construction projects that were projected to go out to bid during FY25; the funding for these projects was deleted from our budget in Act 230, Session Laws of Hawai'i 2024.

We must continue to invest in our public libraries. Our communities rely on these spaces as places for reading, learning and connecting with their families and each other. Strong public libraries support thriving and strong communities.

Mahalo for your review and consideration.

SUPPLEMENTAL BUDGET REQUEST FY25

The Hawai'i State Public Library System's Biennial Budget request for FB25-27 is based on our Strategic Framework and Areas of Focus.

Strategic Framework

The <u>Strategic Framework</u> provides a simple map for how we think about our organization in relation to the work we do to serve our communities. Our libraries are about people, places, collections and programs/services.

Areas of Focus

The Areas of Focus help us to fine tune our yearly goals, prioritze our work, and allocate our resources to better meet the needs of our communities.

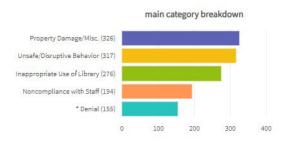

This FY25-27 request focuses on Places, which are vital spaces for access to books, information, technology, internet, learning and connections that strengthen our communities.

PLACES

Our public libraries are valued spaces for our communities. We must continue to care for them and ensure that they are safe spaces.

1. Security (Guard Services) - \$1,200,000

Since the beginning of 2024, we have had 782 security incidents reported by our libraries statewide. The chart below breaks down the types of incidents that our staff have been experiencing:

Sadly, we continue to see more individuals who are not able to self-regulate their behavior or words. This year, we had two library staff members physically assaulted by unstable patrons. In order to create safe spaces for the public and our staff, we need to have qualified and trained security guards. The additional funding will address the increase in cost for security guard services.

For several years, a security guard company procured through the low-bid process was not responsive to the needs of our libraries. They did not have enough guards and many were not trained. In January 2024, we switched over to the State price list vendor for security services; these rates are 50% higher than our former contract. Our request for additional \$1,200,000 to our base budget is necessary to address this increased cost of security services statewide.

2. Temporary Service Locations

We are grateful to governors Green and Ige, and the Hawai'i State Legislature, for supporting several building projects to improve our library spaces for our communities. We have three upcoming projects that will require us to close well-used branches and to provide temporary locations during construction.

| LIBRARY | FY26 | FY27 |
|---------------------------|-----------|-----------|
| Wahiawa Public Library | \$200,000 | \$500,000 |
| Pearl City Public Library | \$150,000 | \$150,000 |
| Makawao Public Library | \$84,000 | \$84,000 |

The requested funding will be used to lease space required for each temporary location.

4. Librarian IV Position for new Waikoloa Public Library - \$31,548

For more than 15 years, the Friends of the Waikoloa Public Library have been advocating and fundraising for a public library in the growing village of Waikoloa. Their closest public library is at least 20 miles away. After years of work and the support of governors Green and Ige, Hawai'i State Legislature, Department of Land and Natural Resources, and the County of Hawai'i, we finally have land and funding to build a new library.

The Librarian IV will be the Branch Manager for the new library upon completion of construction. However, prior to opening, there are a number of tasks and coordination that must be done in order to have all of the pieces in place to open the library to the community. Similar to the opening of the Nānākuli Public Library, hiring the branch manager ahead of construction will ensure that the transition into a new location is smooth. The branch manager will work directly with the Office of the State Librarian to monitor the construction project, hire staff, build the library's collection, work with the community and prepare the new library for opening.

We are requesting partial year funding in FY2027; in the subsequent fiscal year, we will be requesting full funding for the position, which is estimated at \$63,096 annually. We anticipate requesting funding for the remaining staff positions in the next biennium budget.

5. Repair and Maintenance - \$500,000

The Hawai'i State Public Library System is made up of 51 branches and 2 administrative offices. With sixty percent of our buildings being built before 1970, and too many years of neglect, we need additional funds to help us address large repair projects, including elevator repairs and additional preventive maintenance projects. We are requesting an increase to our base budget of an additional \$500,000 to bring our total Repair and Maintenance budget to \$1.5 million, which will help us maintain safe and healthy buildings.

6. Automated Material Handling System (AMHS) – \$500,000 in FY26 and \$250,000 in FY27 This funding will be used to purchase and implement an AMHS equipment for our statewide library system. AMHS equipment will take advantage of the Radio Frequency Information Technology system that went live statewide in April 2024. In the first phase of conversion to the RFID system (from the old bar code system), improvements were made within the branch libraries: the entire library book and material collection (approximately 2.7 million items) were tagged with RFID tags; almost all libraries were equipped with RFID-compatible security gates; and all libraries were provided with new checkout equipment for staff and self-checkout equipment for library patrons.

As the next phase of improvements, AMHS equipment will provide us with a significant increase in efficiency in our circulation of over 3 million items throughout the State each year. More efficiency in our delivery system will allow for increased usage of the current collection items and shorten wait times for library materials for library patrons.

Currently, sorting and delivery of all library books and materials in our statewide system is handled manually. This means that on any given day, branch library staff and delivery drivers are manually sorting returned materials for re-delivery. This funding will allow us to purchase and initiate use of AMHS equipment at our main delivery points on each island.

| JOB No. | LIBRARY | TITLE | SCOPE | STATUS as of Dec 2024 |

| Pahoa TOD Project and Public Library | Pahoa Public and School Library | County of Hawaii | This project proposes a new public library to be built adjacent to the proposed new County Pahoa Transit Hub. The library would replace a small existing library that is located on the campus of Pahoa High School. The population in the Puna District has outgrown the size of this library and its location on the school campus creates security issues for both the library and students. EA for site has been completed. County has not yet negotiated for land acquisition, but has some funding for land acquisition. | |
|--|------------------------------------|------------------|--|--|
| Kahului Civic Center | Kahului Public Library | DAGS | DAGS is looking to build a new Kahului Civic Center and provide new library services on the ground floor. HSPLS would create innovation/maker space for public use; traditional library services would remain at the current site. The 2nd floor is scheduled to be the DOE Adult School and other spaces will be utilized by DAGS and other State departments/agencies that are currently leasing private office space. | |

| EDN407 | QM | FY | 1 | 1 | identified vacant positions | F.M. No. 24-10 dated September 26, 2024 from the Director of Finance instructed all departments and agencies that all positions that had not been filled in 5 years will be considered long-term vacancies and that they would be deleted from the Governor's proposed FY26-28 budget. During the Exec Branch budget review process - after HSPLS appealed for restoration of all the position funding, Governor agreed to not cut vacancy funding. As a result, there is no impact to the HSPLS base budget for staff in Governor's FY26-28 budget. | A | | \$ 2,009, | 268 | | \$ 2,009,268 |
| EDN407 | QD | ТО | 2 | 2 | Trade-Off, Janitor II, BC02A, Position #45980 | Janitor II for Hana Library - Requesting trade off of the half-time Janitor II of Salt Lake Library, | А | (0.50) | (25, | 320) (0.5 | 0) | (25,320) |
