of the Department of Hawaiian Home Lands**

January 7, 2015

Chairs Luke and Tokuda and Members of the House Committee on Finance and Senate Committee on Ways and Means.

Thank you for this opportunity to provide information on the Department of Hawaiian Home Lands (DHHL) Supplemental Budget request for Fiscal Years 2016 and 2017, Operating and Capital Improvement Program Budget.

Overview

The mission of the department is to manage the Hawaiian Home Lands Trust effectively and to develop and deliver land to native Hawaiians. We will partner with others toward developing self-sufficient and healthy communities. The trust, created by Congress through the Hawaiian Homes Commission Act of 1920, as amended, (Act) sets aside public lands to be used for the benefit of native Hawaiians (persons of at least 50% Hawaiian blood). Today, the department is responsible for the management of 203,500 acres of these trust lands, including 9,837 homestead leases statewide.

As required by the Admissions Act and as a compact with the United States, the State of Hawaii and the people of Hawaii adopted the Act as a provision of the State Constitution and agreed to faithfully carry out the spirit of the Act for the rehabilitation of the Hawaiian race. These trust responsibilities still remain.

The department administers one (1) program, HHL 602, Planning and Development for Hawaiian Homesteads. The objectives of the program are to develop and manage the designated Hawaiian home lands to create more homesteads for native Hawaiians (as defined by the Act), and generate revenues to address program needs. Fiscal years 2014 and 2015

signaled a renewed commitment by the State to support the department's administrative and operating costs through a general fund appropriation of \$9.6 million annually as provided by Article XII, Section I of the State Constitution. While the general fund appropriation is the largest increase for the department, it is not sufficient to meet the department's administrative and operating costs needs. DHHL has programmed the use of the general fund appropriation to finance its civil service and exempt positions and other administrative and operating costs to support the daily operations of the department.

Although attrition has reduced DHHL's human resource capacity, it does not diminish our commitment to serving our beneficiaries. The DHHL refocus of its staffing in various activities has minimized productivity loss. DHHL is currently filling critical positions and this is alleviating workload and operational issues that have hindered the advancement of the Hawaiian homestead program.

Impact of Current Economic and Fiscal Conditions

The department has been moderately successful in achieving planned goals set in Fiscal Year 2015 considering the constraints on its operating capacity, the prevailing economy, restriction on general fund support, and the increasing costs associated with providing services to beneficiaries. DHHL's program effectiveness is measured in terms of achieving the overall goal of enabling native Hawaiians to return to the lands, or remain on the lands, in order to improve the conditions of native Hawaiians and to support the self-sufficiency and self-determination of native Hawaiians.

Partnerships with Hawaiian organizations, non-profits, government agencies and the business community provide social, economic, educational, and employment opportunities that support in improving the condition of DHHL's beneficiaries. The department has successfully partnered with self-help housing and modified self-help housing organizations to meet the housing needs of low- to moderate-income housing for native Hawaiian families. In addition, the department continues to pursue innovative financing and renovation programs to assist low- and moderate-income beneficiary families with purchasing or building new homes, rehabilitating or renovating existing homes, or restructuring existing loans to minimize losses while keeping families in their homes. In some cases, without these programs, these families would not have realized their goals of home ownership or homesteading.

Maintenance of infrastructure, which includes clearing flood channels, fire protection of non-homestead areas, roads and facilities maintenance, has increased in costs. Further, certain counties have either not accepted portions of newer infrastructure, or have stopped performing needed repair. Sewers are a specific example of infrastructure needing repair and maintenance. Act 227, SLH 2014, clarified and confirmed that operating and maintenance of sewer systems is a county function. DHHL continues to maintain the sewer systems on Hawaiian home lands in the interim until Act 227 can be fully implemented. DHHL cannot meet

its homestead production goals and meet the needs of the beneficiaries on the waitlist if it must also continue to pay for maintenance of infrastructure.

In fiscal year 2014, DHHL has focused on reforming its loans program to improve its operations and address findings raised in the Office of the Auditor's "Audit of the Department of Hawaiian Home Lands' Homestead Services Division." DHHL is refocusing on long-standing issues, such as mortgage loan delinquencies and sufficient loan capitalization, which affect the viability of DHHL's mortgage loan program. In fiscal year 2014, DHHL managed a total of 5,201 outstanding loans, issued 12 direct residential loans, processed 281 Federal Housing Administration insured loans, processed 76 HUD Guarantee Loans (HUD Section 184A) and addressed 1,046 delinquent mortgage loans. Each of these loans represents an opportunity for a native Hawaiian to return to trust lands or to remain on these lands.

Also, since the Homestead Services Division is the heart of the day-to-day interaction between DHHL and its beneficiaries, in fiscal years 2014 and 2015, with general fund support, DHHL digitized its homestead services documents to increase operational efficiency and program effectiveness. We expect to complete other phases of the digital record project by the end of fiscal year 2015 and anticipate increase program efficiency and effectiveness.

Continuing DHHL's capacity to generate revenues through its general leasing program and other land dispositions provides a stable and reliable source of funding to sustain the activities necessary to place qualified native Hawaiians on Hawaiian home lands. DHHL is reforming some of its non-homestead disposition programs to ensure the trust earns an appropriate return. DHHL is also committed in its pursuit of energy sustainability as part of its revenue generation and homestead development plan and strives to contribute to the State of Hawaii's goal in advancing its alternative energy initiatives.

While there are tremendous challenges in front of us, the department is positioned to play an integral part in our State's economy through its CIP projects. We look forward to coordinating our efforts with the Legislature.

Federal Funds

DHHL is the recipient of the Native Hawaiian Housing Block Grant (NHHBG), CFDA 14.873, as part of the Native American Housing Assistance and Self Determination Act (NAHASDA). These funds support housing activities for beneficiaries at or below the 80% area median income. The current sequestration does not have a significant impact to these funds, but the overall NAHASDA program is subject to re-authorization this year. If the program is not re-authorized, or if it is re-authorized without the NHHBG, DHHL may risk losing these federal funds.

Biennium Budget Request

Background: DHHL Sufficient Fund Biennium Budget – FB 2015-17

Article XII, Section 1 of the State Constitution states “The legislature shall make sufficient sums available for the following purposes: (1) development of home, agriculture, farm and ranch lots; (2) home, agriculture, aquaculture, farm and ranch loans; (3) rehabilitation projects to include, but not limited to, educational, economic, political, social and cultural processes by which the general welfare and conditions of native Hawaiians are thereby improved; (4) the administration and operating budget of the department of Hawaiian home lands....”

On October 19, 2007, several beneficiaries filed a lawsuit against the State and the Hawaiian Homes Commission claiming that the State violated its constitutional duty to sufficiently fund the Department of Hawaiian Home Lands.

On March 9, 2012, the Supreme Court affirmed the Intermediate Court of Appeals judgment in part that the courts can determine what constitutes “sufficient sums” for the DHHL’s administrative and operating expenses to carry out the purposes of the Hawaiian Homes Commissions Act, 1920, as amended.

The Supreme Court also determined that “sufficient sums” for (1) development of lots, (2) loans, and (3) rehabilitation projects are political in nature and could not be judicially determined.

Based on the advice of counsel and the Court’s ruling, the Hawaiian Homes Commission, has a fiduciary responsibility to ask for amounts the Commission considers “sufficient sums” for the Department’s four purposes, including purpose no. 4 “the administration and operating budget of the department of Hawaiian home lands..”.

The Hawaiian Homes Commission request is formulated in two parts:

- a) Administrative and Operation costs relating to the Supreme Court ruling regarding purpose no. 4 of Article XII, Section I. This part also includes repair and maintenance (R&M) costs associated with existing infrastructure projects. As a result of insufficient resources, these deferred R&M items have now, in many instances, become capital improvement issues.
- b) Costs aligned with purposes numbers 1, 2 and 3, of Article XII, Section I, of the Hawaii State Constitution relating to: ...(1) development of home, agriculture, farm and ranch lots”; (2) home, agriculture, aquaculture, farm and ranch loans; and (3) rehabilitation projects to include, but not limited to, educational, economic, political, social and cultural processes by which the general welfare and conditions of native Hawaiians are thereby improved....” which the Supreme Court ruled as political in nature and, therefore, could not be judicially determined.

Hawaiian Homes Commission Biennium Budget Requests – Fiscal Years 2016 and 2017

On September 23, 2014, the Hawaiian Homes Commission (HHC) approved the following biennium budget request at its regular meeting.

Administrative and Operating Costs: Purpose 4 of Article XII, Section I

The HHC biennium budget request for administrative and operating costs total \$28,478,966 annually for fiscal years 2016 and 2017.

DHHL’s initial CIP general obligation bond request relating to R&M costs associated with existing infrastructure is made as a lump sum request under the title of “Hawaiian Home Lands Development, Statewide” totaling \$40,169,981 annually. The existing infrastructure projects have a long standing history of operational, maintenance and repair issues that have become capital improvement issues.

Hawaii State Constitution: Purposes 1, 2, 3 of Article XII, Section I; Lot Development, Loans and Rehabilitation Projects

The HHC biennium budget request for Purposes 1, 2, 3 of Article XII, Section I (Lot Development, Loans and Rehabilitation Projects) total \$144,614,375 and \$227,014,375 for fiscal years (FY) 2016 and 2017, respectively. Summarized below is the department’s biennium budget request for FY 2016 and FY 2017:

Hawaiian Homes Commission Budget Request: Purpose no. 4 - State Constitution, Article XII, Section 1		
	FY 2016	FY 2017
	(261.00)	(261.00)
Administrative and Operating Budget Request	\$28,478,966	\$28,478,966 (A)
HHC Capital Improvement Budget: For Existing Infrastructure	\$40,169,981	\$40,169,981 (C)
Total HHC Administrative and Operating Budget Request	\$68,648,947	\$68,648,947
Means of Financing: (A) = General Fund; (C) = General Obligation Bond		

Hawaiian Homes Commission Budget Request: Purposes no. 1, 2, 3, State Constitution, Article XII, Section 1		
	FY 2016	FY 2017
HHC Capital Improvement Budget: For Lot Development, Loan Capitalization, and Rehabilitation Projects	\$144,614,375	\$227,014,375 (C)(A)
Means of Financing: (A) = General Fund; (C) = General Obligation Bond		

Operating/CIP Budget: HHC Federal Fund Request

Separate from the “sufficient sums” request is an operating budget request for authorization to expend \$23,317,601 in Federal funds annually as provided by the U.S. Department of Housing and Urban Development (HUD) through the Native American Housing Assistance and Self Determination Act (NAHASDA) program. In addition, DHHL request a \$20 million authorization annually for its Federal Fund CIP budget request for its NAHASDA program.

Executive Biennium Budget Requests – Fiscal Years (FY) 2016 and 2017

Operating Budget Request for Fiscal Years 2016 and 2017

Governor’s Executive Biennium Budget request for DHHL reflects a status quo request using amounts as financed by Act 122, SLH 2014 as a current funding level, after adjustments for collective bargaining increases. Sources of funding are from general, special, trust and federal funds. Because budget proviso Section 17 of Act 134, SLH 2013 (the General Appropriations Act) provided general funding of \$9.6 million as a non-recurring cost, DHHL is requesting general funds as a new request in FY 2016 and 2017. The Governor’s Executive Biennium Budget request for FY 2016 and FY 2017 is summarized in Tables 2 and 3 in the attachments.

Capital Improvement Program Request (CIP) for Fiscal Years 2016 and 2017

The Governor’s Executive Biennium Budget request is comprised of eight (8) CIP projects. Seven (7) CIP projects, totaling \$15,000,000, seeks financing through general obligation bonds to improve or remediate existing infrastructure on Hawaiian home lands and directly relates to the administrative and operating needs of the department. DHHL prefers that the funding of these projects be reflected as a lump sum request to provide flexibility and commitment to the “sufficient sums” purpose. The other CIP budget request is funded by Federal Funds through the HUD NAHASDA program and seeks authorization to expend \$20 million annually.

Summary

We are most appreciative of the support given by the Legislature to the Hawaiian homes program throughout the years. We again thank the Committees for the opportunity to brief you on our biennium budget request. We have prepared and submitted our tables in accordance with the format and briefing instructions provided by the House Finance and Senate Ways and Means Committees. We would be pleased to respond to any questions the Committees may have.
