HAWAIIAN HOMES COMMISSION

TYLER I. GOMES
DEPUTY TO THE CHAIRMAN

**STATE OF HAWAII
DEPARTMENT OF HAWAIIAN HOME LANDS**

P. O. BOX 1879
HONOLULU, HAWAII 96805

Testimony of William J. Aila Jr., Chairman
Hawaiian Homes Commission

Before the House Committee on Finance
on the
2021-23 Biennium Budget Request
of the Department of Hawaiian Home Lands

January 11, 2021

Chair Luke and Members of the House Committee on Finance:

Thank you for this opportunity to provide information on the Department of Hawaiian Home Lands (DHHL) Biennium Budget request for Fiscal Years 2022 and 2023 Operating and Capital Improvement Program Budgets.

Overview

The mission of the department is to manage the Hawaiian Home Lands Trust effectively and to develop and deliver land to native Hawaiians. We will partner with others toward developing self-sufficient and healthy communities. The trust, created by Congress through the Hawaiian Homes Commission Act of 1920, as amended (Act), set aside public lands to be used for the benefit of native Hawaiians (persons of at least 50% Hawaiian blood). Today, the department is responsible for the management of 203,500 acres of these trust lands, 9,959 homestead leases statewide, and 44,096 lease applications¹.

As required by the Admissions Act and as a compact with the United States, the State of Hawaii and the people of Hawaii adopted the Act as a provision of the State Constitution and agreed to faithfully carry out the spirit of the Act for the rehabilitation of the Hawaiian race. These trust responsibilities still remain.

Although DHHL's mission "to develop and deliver land to native Hawaiians" is well-known, the lesser known charge "to manage the Hawaiian Home Lands trust effectively" is equally important. Increasingly, this responsibility is demanding a greater share of DHHL's financial and staff resources to address.

¹ Lease and application count as of 11/30/2020.

In terms of land holdings, Table 1 identifies the land use designation utilized by DHHL. Of the total inventory, less than 5 percent are designated for residential use (including existing residential homesteads), while nearly two thirds of DHHL’s land inventory (63.3% percent or 128,721 acres) are lands designated as General Agriculture or Conservation/Special District². Most of these lands will remain in DHHL’s inventory over the next 20 years with DHHL facing land management issues for this acreage, similar to DLNR and other large private land owners (i.e. trespassing, dumping, fire prevention, etc.)

Table 1: DHHL Lands by Land Use Designation Statewide

	TOTAL	%	
Residential	9,508	4.67%	
Subsistence Ag	6,590	3.24%	
Supplemental Ag	10,199	5.01%	
Pastoral	43,739	21.51%	
Community Use	1,760	0.86%	
Commercial	1,144	0.56%	
Industrial	1,676	0.82%	
General Agriculture	65,218	32.07%	} 63.30%
Special District	33,673	16.56%	
Conservation	29,830	14.67%	
Acres:	203,337		128,721

Finding creative ways to manage this trust resource with beneficiary engagement and participation, while honoring DHHL’s fiduciary responsibilities to act prudently and not place the interests of one beneficiary group above another, is the challenge ahead.

The department administers two (2) programs, HHL 602, Planning and Development for Hawaiian Homesteads and HHL 625, Administration and Operating Support. The objectives of the programs are to develop and manage the designated Hawaiian home lands to create more homesteads for native Hawaiians (as defined by the Act) and generate revenues to address program needs.

Fiscal year 2020 continued a renewed commitment by the State to support the department’s administrative and operating costs through a general fund appropriation of \$18.6 million. This amount, \$18.6 million, of general funds was reduced by restrictions in the amount of \$1.28 million, netting an available appropriation of \$17.35 million for the administration and operating costs for FY 2020.

² The General Agriculture designation identifies lands that are unlikely to be developed within the next twenty years given its remote location or high costs needed to bring in infrastructure to prepare the lands for homesteading.

General funding has allowed the department to allocate revenues it generated from its available lands to the development of new lots and other capital improvement projects on the home lands, a direct benefit to beneficiaries. Interest earnings from the department's general loan fund could also be reinvested into the loan fund, allowing for additional lending to beneficiaries.

These resources (revenues from available lands and interest earnings) were formerly used to pay for the department's administrative and operating expenses. Homesteading Program Like other state agencies, DHHL's operations were detrimentally impacted by the COVID-19 pandemic. As offices and businesses began to reopen, DHHL revised its lot offering procedures to take into account the required protocols needed to keep beneficiaries and staff safe. Beginning in the October 2020, DHHL began lot orientation meetings and lot offering events utilizing computer technology, social distancing and other public safety protocols.

In calendar year 2021, DHHL anticipates offering approximately 185 lots in the following locations:

- Kapolei, Oahu (Kauluokahai – East Kapolei ph IIB): 37 lots with turn-key developer built homes
- Ka`u, Hawaii (Discovery Harbor): 38 vacant residential lots
- Statewide Pre-owned lots (both residential and agricultural): 50 lots on Hawaii, Molokai, Maui and Oahu
- Kona, Hawaii (Laiopua): -- 60 units will be offered in the first phase of a single-family "rent with option to purchase" project. In 2021, the developer plans to submit a low income tax credit (LITC) application for additional phases. Total build out of this project in Laiopua Village 4 and Village 5 is projected to be 163 units.

In response to requests from our beneficiaries for more opportunities to build their own homes, DHHL expanded the number of vacant lot offerings it provides to both "undivided interest" (UI) lessees³ and applicants on the waiting list so that families can build a home that meets their needs and budget. The department also continues to work with self-help providers on all islands including Habitat for Humanity.

In 2020, DHHL's Subsistence Agriculture homesteading program reached a major milestone when it published its final Environmental Assessment (EA) with a Finding of No Significant Impact (FONSI) for the Honomu Subsistence Agriculture pilot project on Hawaii. These lots will

³ "Undivided Interest" (UI) leases were awarded approximately 15 years ago for specific subdivisions that were planned for development. Upon completion of the subdivision, the UI lessee was eligible to select a lot and convert their UI lease to a standard homestead lease.

consist of agriculture lots ranging in size from one to three acres. Subsistence Agriculture subdivisions in Honomu and Panaewa are currently in design and are planned for construction bids in 2021.

Over 2,000 plus residential, agricultural, and pastoral lots are currently in the pipeline to be developed over the next five years, assuming funding to design and construct these lots are made available.

Rental and Multi-Family

For many native Hawaiian families DHHL's residential homesteading program is the only opportunity they have to be able to own a single-family home in Hawaii. While DHHL's residential homesteading program is a critical part of addressing Hawaii's affordable housing crisis, this housing product type may not address all of the housing needs experienced by the beneficiaries on our waiting list. Further, beneficiaries, legislators, congressional delegation members, and others have inquired as to DHHL's plans to offer something other than single family housing.

In Sept. 2019, Gov Ige signed new Administrative Rules allowing for rentals on Hawaiian Home Lands. DHHL plans to pursue multi-family units including affordable rentals (possibly for kupuna) as an additional housing option for beneficiaries particularly in locations where multi-family density makes sense such as in urban Honolulu. These sites for future multi-family projects include:

- 820 Isenberg Street (former "Bowl-a-Drome") site – in September 2020, DHHL selected Stanford Carr Development and Hawaiian Dredging Construction to implement the redevelopment (270 units);
- Ulu Ke Kukui in Ma`ili (an existing multi-family structure on DHHL lands formerly managed by a Department of Human Services provider);
- East Kapolei (DHHL parcel near the rail station);
- Moiliili – acquisition of Kamehameha Schools real estate in FY 2020. Two apartments with 31 units.

In 2020, DHHL finalized negotiations with Ikaika Ohana to build the first 60 single family homes and manage a rent with option to purchase project in Laiopua, Kona. Funding approval from Low Income Housing Tax Credits and Rental Housing Revolving Fund was secured through finance programs administered by Hawaii Housing Finance Development Corporation (HHFDC).

Note that while rental units provide our beneficiary families with needed affordable housing it will not take an individual off of DHHL's waiting lists. The waiting lists maintained by DHHL are individuals awaiting an award of land and issuance of a lease to that land and not a rental housing unit.

Impact of Current Economic and Fiscal Conditions and Other Challenges

There are several challenges DHHL faces with respect to meeting the mission of homesteading. These include, but are not limited to, the following:

- (1) DHHL can only develop where it has lands. Most of DHHL's lands are located on the neighbor islands in rural or more remote locations. The greatest demand (longest waiting list) is for residential property on Oahu (9,935⁴). Yet, DHHL has the least amount of land holdings on Oahu (3.3% of total lands).
- (2) Reliable funding. The cost for infrastructure (roads, water, sewer, drainage, electrical, etc.) to prepare DHHL lands for homesteading is high. The development process is also long requiring environmental compliance, planning, design, and construction phases. To keep a steady production of lots requires a reliable stream of funding to keep lots in every phase of development. This reliable funding also gives families waiting for an award of a lot (both applicant families on the waiting list or UI lessees) some certainty to plan and prepare financially to take a lot.
- (3) Competing needs. In addition to developing new homesteads, DHHL also has other critical, albeit lesser known responsibilities. Like a county, DHHL maintains and repairs existing infrastructure (e.g. clearing of flood channels and drainage, fire protection of non-homestead areas, roads and facilities maintenance, sewer emergencies and repairs, etc.) In certain counties, the county has either not accepted portions of newer infrastructure, or has stopped performing needed repair. One examples is sewer systems. Act 227, SLH 2014, clarified and confirmed that operating and maintenance of sewer systems is a county function. However, DHHL continues to maintain the sewer systems on Hawaiian home lands in the interim until Act 227 can be fully implemented in subdivisions completed after the mid-1990's.

⁴ As of November 30, 2020

In addition to County-like responsibilities, DHHL also performs water utility functions. DHHL owns and operates three regulated public water systems: Hoolehua, Molokai; Anahola, Kauai; and Kawaihae, Hawaii⁵. Together, the systems have a total of 826 meters serving approximately 2,500 individuals (not including the schools and airport that are supported by the Hoolehua system.) DHHL also owns and operates non-potable water system for stock purposes in Puukapu and soon to be constructed non-potable water system in Honokaia, both on Hawaii Island. These non-potable water systems service over 200 connections.

If DHHL trust resources are spent to address these critical functions for existing homesteads and lessees, it will not have the resources needed to maintain its homestead production goals and meet the needs of beneficiaries on the waiting list.

Capital for Mortgage Financing

DHHL continues to address the challenging issue of providing capital for mortgages to families that reside on trust lands and providing support to families facing mortgage loan delinquencies. In fiscal year 2020, DHHL managed a total of 4,516 outstanding loans, processed 295 Federal Housing Administration insured loans and 61 Section 184A Native Hawaiian Housing Loan Guarantees (loans guaranteed by the U. S. Department of Housing and Urban Development's (HUD) Office of Native Hawaiian Programs), 18 Veteran Affairs and 12 U.S. Department of Agriculture Rural Development loans and addressed in excess of 954 delinquent mortgage loans. Each of these loans represents an opportunity for a native Hawaiian to return to trust lands or to remain on these lands.

In December 2020, the Hawaiian Homes Commission approved a pilot loan program and related trust fund budget for an initiative that will provide applicants on the DHHL wait list with down payment assistance for a fee-simple residential purchase off Hawaiian home lands on Oahu.

As DHHL expands the number of vacant lots it awards, the need for financing options for non-traditional housing product increases.

Efforts to Support Progress

(1) Focus on subsistence agricultural lots. For Maui, Hawaii, Kauai, and Molokai, the waiting lists for an agricultural lot is longer than a residential lot. Given this strong apparent demand for agricultural lots and DHHL's extensive agricultural land inventory on the

⁵ DHHL also owns and operates a fourth non-potable system that feeds its pastoral homestead lots in Puukapu, Hawaii.

neighbor island, DHHL has gone through consultation with our beneficiaries and conducted public hearing with the community to amend our rules to include a new type of award of leasehold. The Subsistence Ag award will allow the department to award a lease up to three acres in size to address those on the Agricultural Waiting List.

These leases will not be required to have as extensive infrastructure improvements that would be expected with a residential lease award. With lower infrastructure requirements, the department will be able to award more lots with less cost.

Projects have commenced on Hawaii Island, Kauai, Molokai and Oahu to provide Subsistence Ag lots.

- In Honomu, on Hawaii Island the master planning has commenced and engineering for the initial phase of lots is under design. In Panaewa, the department is subdividing a ten (10) acre ag lot into smaller subsistence ag lots.
- On Kauai, lands in Hanapepe will utilize CIP funding to master plan lots, including Subsistence Ag lots, and seek to engineer necessary infrastructure including water, drainage and roads.
- On Molokai the CIP funding will allow subdivision of larger Ag lots into smaller Subsistence Ag lots. The funding will also allow for extending much needed infrastructure to more lots.
- On Oahu, again CIP funding has allowed for the design of Subsistence Ag lots in Waimanalo. The engineering for the water, electrical, drainage and roadways has commenced.

(2) HALE program. In Sept 2020, DHHL revamped its HALE program with expanded financial support services. Initially established by the Department in 2012, the HALE program aids lessees and applicants with financial literacy education and support services. DHHL has expanded on HALE's foundational concepts to new services that include Financial Planning 101, Post-Home Maintenance, Medicare/Medicaid, the Affordable Care Act, Vacant Lot Construction, and Owner Builder Process. Previous services like Lease Cancellation Prevention and Homebuyer Education will continue. Classes conducted online and onsite classes will be considered upon the expiration of social distancing restrictions.

(3) Legislative support for repair and maintenance. The funding for the Papakolea Slope Stabilization and Sewer work is being deployed. The slope stabilization has been completed and the sewer lines at the top of the slope will soon be replaced. Sewer lines are being

replaced and rehabilitated along several other streets and sewer easements in Papakolea. The design of the next phases has commenced.

- (4) Sewer Assessment. The legislature passed Act 227, SLH 2014 to allow the turning over of sewer infrastructure that is in DHHL subdivisions to the county after the systems are brought up to the approve standards. Sewer spills continue occur and plague the homesteaders.

The department continues to work with the City and County of Honolulu to have systems that have met that standard to be turned over to the county for maintenance. Some the CIP funding has been used to have engineers inspect the existing systems, locate sections that need replacement, repair or cleaning and determine what needs to be done to have the systems inspected and turned over to the county. In September 2020, DHHL has conveyed the sewer lines in Kaupuni Village, Oahu to the City and County of Honolulu in the first of what will be several line transfers stemming from the implementation of Act 227, SLH 2014. We request continued funding to allow the design and construction of the needed improvements.

- (5) Drainage Improvements. The storms in April 2018 caused flooding and damage to our drainage channels and homesteads. The department worked with FEMA to address clean-up and pinpoint improvements that would prevent or reduce future flooding. Some the CIP funding has been utilized to address the construction to needed repairs and improvements (such as the construction remediation of the first phase of the Anahola, Kauai Reservoirs in July 2020 and the construction commencement of the Nanakuli Flood Control Improvements in July 2020).

- (6) Successful partnerships. Hawaii Community College has agreed to continue the successful partnership with the department by agreeing to a multi-year agreement to build one home a year in Keaukaha. This year the 51st home was constructed by the students and awarded to a beneficiary family. In addition, several of the homestead associations including Kapolei Community Development Corporation, Waiohuli Hawaiian Homestead Association, Laiopua 2020, Kailapa Hawaiian Homestead Association, Waimea Hawaiian Homestead Association, Nanakuli Hawaiian Homestead Association and others saw milestones accomplished with their community based initiatives located on Hawaiian home lands, in some cases funded with Grant-in-Aid or other CIP resources secured from the Legislature.

Other Notable Achievements (Water)

Beyond homestead development, calendar Year 2020 saw other notable achievements at DHHL particularly in the area of water. After the approval of the State Water Projects Plan Update (focused on DHHL's comprehensive future needs) by the Board of Land and Natural Resources –

House Committee on Finance
January 11, 2021

a 4-5 year collaborative project with Commission on Water Resource Management (CWRM) DHHL secured approved water reservations for DHHL's foreseeable groundwater needs statewide from the Council on Water Resource Management (CWRM). These reservations are significant for future development on Hawaiian home lands because they clearly articulate to current and potential future users of water what amounts must be set aside and protected now for DHHL's future use.

DHHL water system infrastructure will be undergoing major repairs.

In November 2020, DHHL held a groundbreaking to mark the beginning of a \$37 million capital improvement project to upgrade the 80 year old Ho'olehua Water System on the island of Molokai. The project is funded in part by a \$19 million allocation from the United States Department of Agriculture.

In December 2020, DHHL broke ground on its next phase of the Anahola Farm Lots Water Project (Phase 2) on the island of Kauai. DHHL's \$12.9 million project is funded in part by the United States Department of Agriculture and will upgrade the Anahola Water System by replacing old infrastructure and ensuring that operation follow Safe Drinking Water Act standards.

In addition to these reservations, DHHL collaborated with the University of Hawaii Law School to host and sponsor a series of statewide workshops for beneficiaries to understand water issues associated with DHHL and to provide for more informed advocacy. These workshops were well received by those who attended. The success of these workshops has resulted in discussions for further collaborative projects with UH in the future.

While there are tremendous challenges in front of us, the department is positioned to play an integral part in our State's economy through its CIP projects, particularly as private projects near completion and the construction industry starts to cool down. We look forward to coordinating our efforts with the Legislature.

Federal Funds

DHHL is the sole recipient of Native Hawaiian Housing Block Grant (NHHBG) funds, CFDA 14.873, as authorized by Title VIII of the Native American Housing Assistance and Self Determination Act (NAHASDA). These funds support eligible affordable housing activities for beneficiaries at or below the 80% area median income. For the fiscal year ending June 2019 and June 2020, DHHL received \$2 million each year of federal funding. For the current fiscal year, the amount DHHL anticipates receiving \$2 million. However, because HUD is one of the federal departments impacted by the federal shutdown, the final amounts that DHHL will receive is still undetermined.

House Committee on Finance
January 11, 2021

Upon a recent site visit by a D.C. based HUD official, HUD expressed satisfaction with DHHL's progress in spending down its accumulated balance and encouraged DHHL to request additional funds beyond the \$2 million.

In DHHL's FB 2021-2023 Federal Fund request, it is requested that a revolving loan fund be authorized in the amount of \$7 million to allow the financing of direct loans from its Federal Fund HUD grant.

Current Operations and Impact

The DHHL Oahu and Neighbor island offices reopened to the public starting in the middle of June 2020. Beneficiaries seeking services were on an appointment-only basis and are asked to call their respective offices ahead of time for an appointment.

Walk-in payments and deliveries were accepted started in the middle of June 2020, except at the Kauai District Office where an appointment will be needed. Office hours are from 7:45 a.m. to 4:30 p.m., Monday to Friday. Mail in payments are accepted.

DHHL COVID-19 Emergency Rental Assistance Program: DHHL provided rental relief for DHHL Applicant Waiting List beneficiaries and was launched on May 11, 2020, in partnership with the Aloha United Way. Eligible native Hawaiians on DHHL's Applicant Waiting List who experienced loss of income or job as a result of COVID-19 may receive assistance for the payment of their security deposit and/or rent up to 12 months. The program is administered by AUW.

DHHL Direct Loan Deferral: The Hawaiian Homes Commission approved an emergency postponement of mortgage payments for DHHL direct loans and loans assigned to DHHL effective with the April 2020 payment. This deferral was extended to March 31, 2021.

Under the circumstances, DHHL has been able to address the homestead program needs and its capital project schedules in a timely manner.

Sufficient Sums Biennium Budget Request

Background: DHHL "Sufficient Sums" Biennium Budget Request

Article XII, Section 1 of the State Constitution requires that the Legislature make sufficient sums available for development of (1) homestead lots, (2) homestead loans, (3) rehabilitation projects and for (4) DHHL administrative and operating expenses. Although what is "sufficient" for DHHL's administrative and operating expenses is still under dispute as part of the Nelson case, what is clear is DHHL's obligation to request from the Governor and the Legislature the

amounts it deems sufficient to meet the four purposes of the Hawaiian Homes Commission Act as outlined in the Hawaii State Constitution. Therefore, on October 20, 2020, the Hawaiian Homes Commission (HHC) approved the following “Sufficient Sums” biennium budget request at its regular meeting.

General Funds/General Obligation Bonds

Operating Budget – DHHL Administrative and Operating Expenses (Purpose 4):

The proposed biennium budget request for administrative and operating costs total \$212,199,012 and \$86,764,012 for fiscal years 2022 and 2023, respectively (Attachment A).

In light of the COVID 19 pandemic, the “sufficient sums” request for fiscal biennium 2021-2023 were adjusted.

“Personal Services” category costs were based on 206 (FTE) positions as authorized for Fiscal Year 2021, pursuant to Act 9, SLH 2020. 60 positions were reduced from the 266 positions as previously requested in the FB 2019 – 2021 sufficient sums request to the Legislature. The reduction of the 60 positions does not preclude the department from requesting the 266 positions when the economy recovers. Fringe benefit costs are absorbed by a separate Department of Budget and Finance general fund appropriation. The annual personnel costs request represents an aggregate of the annual base salaries.

In the proposed FB 2021-2023 request, the DHHL’s fiscal year 2021 budget for the “Other Current Expenses” category was used as a base line and adjusted to exclude costs related to development of homestead lots, loans, and rehabilitation projects. Consequently, the base budget was adjusted for debt service costs, loans, grants in aid and grants. The annual “Other Current Expenses” category totaled \$17,780,378. Attachment A-1 provides the “Other Current Expenses” category approved by the Commission relating to the Administrative and Operating Costs, with adjustments, to determine the “sufficient sums” amount.

Ongoing repairs and maintenance for infrastructure on Hawaiian home lands totaled \$5,823,000 and \$4,323,000 for fiscal years 2022 and 2023 respectively and is requested as a separate general fund “Repair and Maintenance” request in the “Other Current Expenses” category (See Attachment B-2).

DHHL’s initial CIP general obligation bond request relating to repair and maintenance of infrastructure on Hawaiian home lands is made as a lump sum request under the title of “Hawaiian Home Lands Development, Statewide” totaling \$175,935,000 and \$52,000,000 for fiscal years 2022 and 2023, respectively (See Attachment B-1). The infrastructure projects have

a long-standing history of operational, maintenance and repair issues that have become capital improvement issues.

Attachments "A" provides a summary recap of the discussion.

Hawaiian Homes Commission Budget Request: Purpose no. 4 - State Constitution, Article XII, Section 1			
	FY 2022	FY 2023	
	(206.00)	(206.00)	
Administrative and Operating Budget Request	\$30,441,012	\$30,441,012	(A)
Operating Budget: Repairs and Maintenance of Infrastructure	\$5,823,000	\$4,323,000	(A)
CIP Budget: Repairs and Maintenance of Infrastructure	\$175,935,000	\$52,000,000	(C)
Total HHC Administrative and Operating Budget Request	\$212,199,012	\$86,764,012	
Means of Financing: (A)= General Fund; (C) = General Obligation Bond			

Hawaii State Constitution: Purposes 1, 2, 3 of Article XII, Section I; Lot Development, Loans and Rehabilitation Projects

The proposed biennium budget request for Purposes 1, 2, 3 of Article XII, Section I (Lot Development, Loans and Rehabilitation Projects) total \$254,868,100 and \$175,469,100 for FY 2022 and 2023, respectively. Details of the request are shown in Attachments "B-1" (Lot Development), "D" (Loans), and "C" (Rehabilitation Projects).

Hawaiian Homes Commission Budget Request: Purposes no. 1, 2, 3, State Constitution, Article XII, Section 1			
	FY 2022	FY 2023	
Purpose 1: Lot Development	\$114,725,000	\$31,225,000	(C)
Purpose 2: Loans	\$73,100,000	\$73,100,000	(C)
Purpose 3: Rehabilitation Projects	\$52,524,000	\$56,440,000	(C)
Rehabilitation Projects	\$14,519,100	\$14,704,100	(A)
Total	\$254,868,100	\$175,469,100	
Means of Financing: (A) = General Fund; (C)=General Obligation Bond			

In August 2018, DHHL participated in a Puwalu discussion in Maui that brought native Hawaiian beneficiary leaders state-wide together regarding priorities in their communities and programmatic needs. These needs provided by the beneficiaries were identified and sorted according to the purposes provided by Article XII, Section 1 of the State Constitution and included in the FB 2022-2023 request. These projects are identified in Attachment "C".

Separate from the “sufficient sums” request, that is also included in Attachment “C”, are grants-in-aid (GIA) projects that were brought up in the Puwalu discussion. DHHL will provide information to the Administration and the Legislature on GIA projects that may be coming forward. The GIA requesters will still need to go through the normal GIA process to secure funding.

While a Puwalu discussion was not held in 2020 because of COVID-19, the projects identified as part of the prior Puwalu in 2018 continue to be a priority in communities statewide. In addition, DHHL updates regional plans documenting current conditions and trends as well as analyzing state and county plans to identify a prioritized list of projects important to the community. Since the Puwalu in August 2018, the following regional plans have been updated or are in process: Waianae & Lualualei Regional Plan (December 2018), Molokai Regional Plan (2019), Kealahou – Kai Opua Regional Plan (May 2020), and Papakolea Regional Plan Update (2020).

	FY 2022	FY 2023
Purpose 1: Lot Development	\$114,725,000	\$31,225,000
Purpose 2: Loans	\$73,100,000	\$73,100,000
Purpose 3: Rehabilitation Projects	\$67,043,100	\$71,144,100
Purpose 4: Administrative and Operating Costs	\$212,199,012	\$86,764,012
	<u>\$467,067,112</u>	<u>\$262,233,112</u>
Means of Financing:

Executive Biennium Budget Requests – FB 2021-2023

The attached tables reflect the Governor’s budget request on behalf of DHHL. DHHL’s Non-General Fund Report is posted to the following link: <https://dhhf.hawaii.gov/dhhl/reports/>

Summary

We are most appreciative of the support given by the Legislature to the Hawaiian homes program throughout the years. We again thank the Committee for the opportunity to brief you on our biennium budget request. We have prepared and submitted our tables in accordance with the format and briefing instructions provided by the House Finance Committee. We would be pleased to respond to any questions the Committee may have.

Department of Hawaiian Home Lands
 Purpose 4: Administrative and Operating Costs
 FY 2022 and FY 2023
 Budget Request Summary

	FY 2022 Budget Request to HHC	MOF	FY 2023 Budget Request to HHC	MOF
State Constitution, Article XII, Section 1, Purpose 4: Administrative and Operating Costs				
Personnel Costs	\$12,660,634	A	\$12,660,634	A
Other Current Expenditures	\$17,780,378	A	\$17,780,378	A
Subtotal Administrative and Operating Costs	\$30,441,012		\$30,441,012	
Repair and Maintenance of Infrastructure	\$5,823,000	A	\$4,323,000	A
Repair and Maintenance of Infrastructure	\$175,935,000	C	\$52,000,000	C
Subtotal R&M of Infrastructure	\$181,758,000		\$56,323,000

Department of Hawaiian Home Lands
Organization Changes

Table 18

<u>Year of Change</u> <u>FY22/FY23</u>	<u>Description of Change</u>
	<p>The Land Development Division (LDD) proposes a reorganization by creating efficiencies and accountability through an organizational structure that maps clear delineation of responsibilities based on expertise. The Master Planned Community Branch will rename and repurpose from the Master Planned Community Branch to the Master Planned & Other Services Branch that would create two sections, Administrative Support and Special Projects to allow for greater diversification, manage the administrative aspects of projects and manage special development projects. The Housing Project Branch functions will transfer to another division and be replaced with the Repair and Maintenance and Lessee Support Services Branch creating a single point of contact, consolidated responsibility, and increased accountability for repairs and maintenance of all DHHL facilities Statewide, including the handling of beneficiary complaints and concerns related to maintenance. Minor changes to the Design and Construction Branch identifying responsibilities defined by phases of projects, thus aligning LDD's functions more efficiently.</p>
