DEPARTMENT OF LAW ENFORCEMENT BUDGET REQUESTS FOR THE FISCAL BIENNIUM 2025-2027

Honorable Chair Yamashita, Vice Chair Takenouchi, and Members of the House Committee on Finance:

My name is Jordan Lowe and I am the Director of the Department of Law Enforcement. Thank you for the opportunity to discuss the Department's budget requests for the fiscal biennium 2025-2027.

OVERVIEW

The Department of Law Enforcement (DLE) is a new Department that was created on July 8, 2022. House Bill 2171, House Draft 2, Senate Draft 1, Conference Draft 1, was signed by the Governor to establish the Department of Law Enforcement, under Act 278, Session Laws of Hawaii (SLH) 2022; and a separate Department of Corrections and Rehabilitation.

On January 1, 2024, the Department of Law Enforcement integrated the law enforcement functions, personnel and assets from the Department of Public Safety, Department of Transportation, Department of the Attorney General, and Department of Defense into DLE and centralized the majority of state law enforcement functions.

The reorganization of state law enforcement functions into a single entity provided the highest level of law enforcement service for the public, state employees, and state properties. Consolidation of state law enforcement responsibilities into a single state

department will improve decision making, promote accountability, streamline communication, reduce duplication of efforts, and provide uniform training and standards.

MISSION STATEMENT

The Hawaii State Department of Law Enforcement stands for safety with respect for all. We will engage in just, transparent, unbiased, and responsive law enforcement, do so with the spirit of Aloha with dignity and in collaboration with the community; maintain and build trust and respect as the guardian of constitutional and human rights.

- RESPECT: Treating everyone with Aloha, honoring the rights of all individuals
- INTEGRITY: As a law enforcement agency of character and principle we are guided by a moral compass in all our decisions
- COLLABORATION: Build strong partnerships with the community and first response agencies for addressing community-wide challenges that impact community welfare
- DIVERSITY: We embrace the strength of diversity in our employees and our communities
- All of LAW's efforts are made in the Spirit of Aloha

STRATEGIC OBJECTIVES, GOALS AND PERFORMANCE METRICS

The DLE will continue to increase public safety, improve decision making, promote accountability, streamline communication, reduce duplication of efforts, and provide uniform training and standards. Its objectives will continue to be:

- (1) Enhancing its partnership with the federal Joint Terrorism Task Force to protect the State from domestic and foreign threats
- (2) Eliminating the narcotics epidemic that plagues Hawaii's communities through its commitment of investigators in the federal High Intensity Drug Trafficking Area task forces
- (3) Expanding the narcotics and explosive canine program
- (4) Reducing gun violence and other violent criminal acts in island communities through participation in the federal Project Safe Neighborhoods program; and its participation in ghost gun investigations.
- (5) Implementation of an Agricultural Crime Enforcement Program.
- (6) Implementation of a Traffic Enforcement Program, to include a commercial vehicle inspection section.

- (7) Continuing the combat against the use and importation of illegal fireworks.
- (8) Continue in the reduction of available firearms for use in crimes through the gun buy-back program.
- (9) Construction of a police facility capable of overnight holding of detainees at the DKI Airport location.
- (10) Construction of a State Training Center.
- (11) Construction of a police facility in Central Oahu to support the agriculture enforcement and traffic enforcement programs.
- (12) Construction of a police facility in Leeward Oahu to fight violent crimes in the communities and to support the agriculture enforcement and traffic enforcement programs.
- (13) Invest in Next Generation law enforcement internet technology solutions that will allow DLE to prioritize innovation and staffing needs. IT enhancement will promote an open, interoperable, reliable, secure, data management systems and reliable communications infrastructure.
- (14) Provide necessary resources to DLE law enforcement officers, to include the implementation of Tasers and body worn cameras.
- (15) Reduce the salary disparity between state law enforcement officers and its county counterparts in an effort to fill staffing shortages.

FEDERAL FUNDS

The Department of Law Enforcement have not lost or at risk of losing federal funds.

NON-GENERAL FUNDS

Please find the non-general fund web link and PDF of the reports to the Legislature at https://law.hawaii.gov/resources/reports/

BUDGET REQUESTS

The process used to develop a DLE budget and prioritize requests for budget changes typically involves several key steps. While the specific procedures may vary by divisions, the following outlines a general framework:

Initial Assessment and Guidance

- Review of Previous Budgets: The agency reviews prior budgets and expenditures to understand historical spending patterns and identify areas for improvement.
- **Guidance from Leadership**: Agency leadership provides direction on budget priorities, strategic goals, and any changes in agency mission or mandates.

Departmental Budget Preparation

- Input from Departments: Individual departments within the agency gather their specific budget needs, including operational expenses, personnel costs, equipment needs, and program proposals.
- **Justification of Requests**: Departments prepare justifications for their requests, outlining the necessity of each item and its alignment with the agency's goals.

Compilation and Review

- Consolidation of Budget Requests: The agency's budget office compiles all departmental requests into a comprehensive budget proposal.
- **Internal Review**: The budget office conducts a review of the compiled requests to ensure they align with the agency's overall objectives and available funding.

Prioritization of Requests

- **Criteria for Prioritization**: The agency establishes criteria for prioritizing requests, which may include:
 - Alignment with strategic goals
 - Urgency or critical need
 - Compliance with legal or regulatory requirements

In the 2006 State auditor's report of the Sheriffs Division, it identified the salary disparity between the Sheriffs Division and its partner county law enforcement departments. Moving forward to 2024, 18 years later, the same issue has not been resolved. If the administration intends to address the inequity soon, DLE respectfully request that funds be allocated for the increases in the upcoming budget submission.

The money will be used to take our Capitol proof of concept and duplicate it across all government buildings and schools. DLE would use the funds to invest in AI to improve policing and analytics in hopes to reduce overall crime. Lastly, DLE would continue its efforts to automate administrative workflows so vacant positions can be removed from the budget.

Funds will also be used for technology to address issues that arise such as agricultural crimes, gun crimes, fireworks, and other issues plaguing our communities.
