Term Limits...it is time to remind Congress that they work for the people, not the party. The people of this country are fed up with career politicians who's net worth is 194M on a salary of 174k a year.

Dominance of one party in Hawaii... Institute publicly funded elections. No financing from special interest, unions, large corporations.

Voter education...The most reliable voters are Asian 45-64. Different voters have different learning styles. Internet, social media, print, radio or tv. The State should provide a mailer to each voter with a list of all offices and candidates. A voter guide will encourage participation in the process and allow voters to compare candidates and measures and make more informed choices.

Faithless Elector... laws without the teeth of enforcement are meaningless.

Ranked Choice... No

Unicameral Legislature...Yes

The Supreme Court ruled in 2021 that the tactic of Gut And Replace was unconstitutional, yet it was just used to give HTA \$60M... that's a swindle. Put an end to it and void that legislation.
