“There is no question that special interest money has a corrupting influence on politics and government. There is no question that those entities who have the ability to supply the money have a significantly greater amount of influence on government policymakers.”

It is time to abolish big money from our political campaigns. The CISC is in a position to establish a system for citizens to provide money for the campaigns. Please see that you accomplish this very important deed.

Please do it. Do not just investigate the idea....do it tomorrow [June 29, 2022 at 2pm](#).

Our very existence is depending on you to act. One person, one vote depends on your actions tomorrow. I am counting on you to show bravery not cowardly behavior.

If you do your job I will do mine.

Sincerely,
Sandra L. Stokes
