

Office of Representative Adrian Tam

November 2023

NEW AND IMPROVED OUTDOOR SHOWERS

Kaimana beach is the first to showcase the new and improved outdoor beach showers. The new showers are low-flow showers which means the water pressure is much lighter. It is also timed, powering off after 45 seconds. It has several shower heads with one-foot wash station, located on a concrete pad.

Along with water conservation, the showers are in compliance with the city's storm water run-off permitting requirements, with a drain that the water flows into from the outdoor shower instead of the ocean.
