

60 residents responded to our request for input, and many of you contacted directly. Thank you!

Urban Affordable Housing

I have supported several measures that increase affordable housing, including HB2018, which would require the Hawaii housing finance and development corporation to develop a plan to build affordable housing at the Aloha Stadium site.

70%

of District 30 list affordable housing as a high priority

Wages and Education

I support the *Minimum Wage Increase Bill, SB2510*, which would increase to \$12 by October 2022 and to \$18 by 2026. In other jurisdictions, minimum wage increases lead to improved living conditions and less state reliance in communities like ours.

Last year, despite our fiscal crisis, we funded:

- Kalihi Waena Elementary's bridge development \$1.28 million
- Airport improvements \$2.24 million

This year, I support:

- Farrington High School Gym Development
- Dole Middle School Innovation Learning Lab
- Linapuni Elementary School Improvements on Playground Structure

Red Hill Water Crisis

Much of our time has been devoted to demanding accountability from the US Navy, and ensuring safe drinking water to you.

Please follow www.boardofwatersupply for the latest developments.

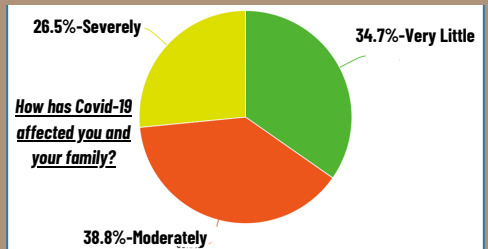

HB2014/SB2544 Relating to Safe Routes to School

The safety of our roads and sidewalks is a continuing concern. We have drafted and supported several bills that would increase funding and add oversight to the Department of Transportation.

Please look these up and testify if you have time!

Assistance

- **Covid 19**- Visit oneoahu.org for current vaccine locations. Free vaccine distribution and testing for all Oahu residents. Please Request FREE TESTS
- **Food Assistance**- Palama Settlement has an "Emergency Food Program" open Monday and Wednesday's by appointment. Visit Palamasettlement.org for more information.
