Aloha,

It gives me great satisfaction to share with you that my Administration is releasing the following Capital Improvement Project (CIP) funds for work in your District:

Lump Sum CIP Improvements at State Parks, Statewide (Mauna Kea
State Recreational Area, \$350,000)

I understand how important these projects are to the people you serve in your District. Thank you for your work in securing these projects and I look forward to working together to see its completion.

As I said in my State of the State address, my Administration is dedicated to accelerating our economic recovery through a broad-ranged series of capital improvement actions: I hope that together we can work to decrease unemployment, jumpstart business activity, and get our people back to work while strengthening our communities across Hawai'i.

If you have any further questions or need additional detailed information regarding this project or any capital improvement project, please contact Marvin Wong, Special Assistant to the Governor at (808) 586-0043.
