**(1) Statement of its objectives**

The Judiciary Computer System Special Fund provides for an integrated statewide case management system for all courts and case types, which would enable electronic access to court case and other information for judges, attorneys, litigants, the public, the legislature, and other stakeholders through electronic filing, electronic bench warrants, data exchanges and online case search and document purchase; thus re-engineer and modernize the case management processes and standardize processes and legal documents statewide, when possible.

**(2) Measures quantifying the target population to be served for each of the ensuing six fiscal years**

The Judiciary Information Management System (JIMS) has served the following target population:

\* projecting using 2 year average for Bar Applicants

In addition to registered users, the public is able to search case information through eCourt Kōkua which recorded an average 100,000 daily searches in FY23. We do not have more current information at this time, but expect the same volume in the next six fiscal years.

JIMS also allows the public and attorneys to make credit card payments for traffic tickets, filing fees, document purchases and document subscriptions. In FY24, online credit card transactions were recorded for the amount of \$11,745,090.75. Similar volume was recorded last year and the same is expected in the next six fiscal years.

**(4) The level of effectiveness planned for each of the ensuing six fiscal years**

<b>Fiscal Year</b>	<b>Planned Project Activities</b>
FY25	Juror system upgrade, improved security features, contingency planning, and production enhancements, including a new expungement feature for criminal cases
FY26	Traffic case management modernization, updated fiscal reports, and production enhancements
FY27	Trust Accounting and production enhancements
FY28	Online Dispute Resolution integration to case management and production enhancements
FY29	Juvenile Criminal and production enhancements

**(5) A brief description of the activities encompassed.**

The program manages the following activities:

1. **New projects:** New projects are initiated to bring significant functionalities such as new, streamlined case initiation screens for case management system. Projects require significant resources to implement. These projects typically start with project planning, requirement gathering activities with selected key stakeholders, followed by development, testing, training and Production deployment.
2. **Application Production Support and Annual System Modifications:** While new projects are being developed, existing modules that the program supports require continuous enhancements that may be resulting from new legislation passed annually. The scope of

these enhancements are smaller in nature than projects and necessitate less resources to implement.

3. Infrastructure/Hardware Upgrades: In order to support the existing systems as well as provide a development platform for new projects, infrastructure upgrades such as server upgrades or significant version upgrades have to be planned in order to ensure continuous support for production environments. These upgrades require significant amount of testing in order to avoid disruption to the production services.
4. System & Infrastructure Maintenance: Systems and Infrastructure require regular maintenance activities to ensure daily normal operations. Such maintenance activities include security patching.

Name of Fund/Account:	Indigent Legal Assistance Fund
Type of Fund/Account (MOF):	Special Fund
Appropriation Symbol:	S-322-J
Program ID/Title:	JUD 601
Law Authorizing Fund/Account:	H.R.S. § 607-5.7
Year Fund/Account Created:	1996

**Non-general fund program measures reports**

Please note that every biennium, the Judiciary submits a detailed report on the operation and success of the Indigent Legal Assistance Fund (ILAF), and more information can be found in that report supplementing the items described below. The next detailed report will be provided to the 2026 Legislative Session.

**(1) A statement of its objectives**

ILAF was created by the Legislature in 1996 to provide funds for essential legal services for Hawai'i's limited-income people and has operated successfully for more than 25 years. No general funds are involved in the process, and all the funding is generated from surcharges on selected court case filings (no government case filings are surcharged). Legal needs of the limited-income people involve help with critical legal issues such as landlord and tenant, housing, financial situations, medical, family law, child custody and support, and elder law.

**(2) Measures quantifying the target population to be served for each of the ensuing six fiscal years**

HRS § 607-5.7 created a special fund that receives surcharges collected on selected types of civil cases filed in Hawai'i's various state courts. These surcharges are then distributed to qualifying organizations that provide direct civil legal services to those in Hawai'i whose income does not exceed 125% of federal poverty guidelines or who are eligible for free services under the Older Americans Act or Developmentally Disabled Act. The target population of ILAF is determined by statute, and people who meet the qualifications seek out help from the nine organizations currently participating in ILAF. Extensive data is available on the percentage of people in Hawai'i who are at or below 125% of federal poverty guidelines, and this data indicates that the numbers are increasing each year, making services even more critical. For example, over 200,000 Hawai'i residents are now below poverty level. This has increased from 9% in 2018 to 15% in 2022 (Source: Aloha United Way) <sup>1</sup>.

**(3) Measures by which the effectiveness in attaining the objectives is to be assessed**

ILAF is administered under contract between the Judiciary and the Hawai'i Justice Foundation (HJF), which has administered the program from the inception in 1996. Quarterly reports are required from each of the participating organizations. More than 10,000 cases are handled in total under ILAF each year. These cases range from full representation in complex cases to providing legal information or making appropriate referrals for assistance. All cases meet the statutory requirements of ILAF, including poverty income guidelines and/or type of case (i.e., elderly or disabled). The current process ensures that all funds collected under the program will be used only for the intended purposes.

**(4) The level of effectiveness planned for each of the ensuing six fiscal years**

The amount of funds distributed to eligible legal service providers each year is determined by the dollar amount of collections during the previous year. From the inception of the program, an extensive application process is undertaken to ensure that the grantees are eligible and that the funds are divided fairly under the ILAF statutory formula. All involved are committed to continuing this process for each of the ensuing six fiscal years, since ILAF is a successful program that involves cooperation and partnership between the Judiciary, HJF, and the participating legal service providers. Best estimates are that Hawai'i is experiencing a significant increase in the numbers of people below 125% of federal poverty guidelines, making this continued effectiveness essential.

**5) A brief description of the activities encompassed**

Each of the nine ILAF grantees handle different legal services needs. Activities vary from information, referral, and legal advice, to direct representation before courts and administrative agencies. Client referrals are often made between the nine grantees to get the client to the legal service provider best able to handle the legal situation involved. Cases vary from landlord/tenant, bankruptcy, divorce, child custody and support, domestic violence prevention, disability rights, elder law, and mediation services. More than 10,000 people annually are helped through these various activities.

**6) The program size indicators**

ILAF involves providing supplemental funding to those legal services organizations qualifying under the statute. Thus, the program "size" is determined by the total size of the participating organizations. Eligible organizations can vary from a staff under 10 to a staff exceeding 150. Currently, there are nine participating, qualifying organizations in Hawai'i.

## **7) The program size planned for each of the next six fiscal years**

COVID-19 had a dramatic impact on the method of delivering legal services during the pandemic, making Zoom and other technological devices essential. As Hawai'i has moved to more in-person interactions with ILAF organizations and eligible clients, many aspects of services provided are easier and more "user-friendly." However, the legal service providers are currently utilizing many of the best aspects of these technological developments in addition to returning to more in-person activities. It is not anticipated that the total program size will vary greatly over the next six fiscal years. The participating organizations will increase or decrease in size depending upon total available funding for each organization. ILAF alone is not sufficient to meet the financial needs of any of the nine participating programs, so program size depends upon all funding sources available to the legal service providers.

Program ID/ Title:	JUD 601
Law Authorizing Fund/Account:	Section 601-3.5, HRS
Year Fund/Account Created:	1990

**(1) Statement of its objectives:**

The Supreme Court Law Library Special Fund was created in 1990 to account for all fines, fees, and other revenues derived from the operations of the Supreme Court Law Library. Act 64, SLH 1993, changed this special fund to a revolving fund and the balance was transferred accordingly. Moneys are used to replace or repair lost, damaged, stolen, unreturned, or outdated library materials and to support and improve library services. The fund continues to serve the purpose for which it was created. Linkage exists between the fees and fines received for lost or damaged library materials and their replacement or repair, as well as providing library services such a public copier and pc printing at a nominal cost. The monies collected also enable the library to introduce new resources and services such as upgrading computer systems to keep pace with the increasing availability of electronic legal resources.

**(6) The program size indicators:**

The Hawai'i State Law Library System, established in 1966, collects, organizes and disseminates information and materials related to legal research and judicial administration. The Supreme

Court Law Library in Honolulu, which serves as the administrative headquarters, and the satellite branches in the Second, Third, and Fifth Judicial Circuits are unified into one system under the direction of the State Law Librarian. The fundamental purpose of the State Law Library System is to provide legal reference and information services to the Hawaii Judiciary (please see table above).

The library system is also “available to all who have need of its resources for legal research and study;” a privilege granted by Rule 12(a) of the Supreme Court rules. The law libraries are thereby open to the public and are committed to enhancing access to justice and ensuring that legal resources are available to all who have need for them through the following types of activities: providing legal reference sources and information services; collecting, organizing, and disseminating information and materials in various formats relating to legal research and judicial administration; providing assistance and training to library users on the use of print and non-print legal resources; and maintaining easily accessible, well-organized collections in as complete and up-to-date manner as is fiscally possible.

The Supreme Court Law Library is comprised of the State Law Librarian, two professional librarians, four paraprofessional staff, one student assistant position, as well as volunteer positions on an “as-needed” basis, including library graduate school internship openings. The neighbor island libraries include one staff member at each location, and they report directly to their respective chief court administrators.

**(7) The program size planned for each of the next six fiscal years:**

The Hawai'i State Law Library System program size will remain stable. When new, updated materials are added, out-dated and no longer useable items are withdrawn. At times, more supplements or volumes will be released; also, cost of library materials can hover between a 5% to 15% increase by various publishers year over year. Staffing levels are also planned to remain stable.

Name of Fund/Account:	Court Interpreting Services Revolving Fund
Type of Fund/Account (MOF):	Revolving Fund
Appropriation Symbol:	S-352
Program ID/ Title:	JUD 601
Law Authorizing Fund/Account:	H.R.S. § 607-1.5
Year Fund/Account Created:	2005

**(1) A Statement of its objectives:**

The 2005 Legislature established the Court Interpreting Services Revolving Fund using fees, charges, and other moneys collected for programs relating to interpreter issues and training, screening and certification of court interpreters, to start a Court Interpreter Certification Program and to support educational services and activities relating to the training, screening, testing, and certification of court interpreters. The fund is not used for other purposes/program activities. Act 184, Section 1, Session Laws of Hawai‘i 2005 (codified as H.R.S. § 607-1.5).

**(2) Measures quantifying the target population to be served for each of the ensuing six fiscal years:**

The target population to be served are the interpreters who enter into and are currently in the Court Interpreter Certification Program (“Program”).

The Program is a significant part of the Judiciary’s ongoing commitment to access to justice for all. The Program is designed to promote and ensure access to justice for limited English proficient (“LEP”) persons by providing the most qualified interpreters available, at no charge to the LEP person, in accordance with federal and state law mandates. The Program establishes minimum standards for court interpreter certification and qualification and screens, trains, and tests interpreters to meet and surpass this standard. As of June 30, 2024, there are 360 interpreters qualified to interpret in the Hawai‘i State Courts.

**(3) Measures by which the effectiveness in attaining the objectives is assessed:**

The Judiciary publishes a Court Interpreter Registry, or list of interpreters, on its website as a public service. The Registry lists all interpreters who have completed the mandatory program requirements and are deemed qualified to interpret in the Hawai‘i State Courts through mandatory training and testing. The Registry is updated at least monthly. Each year, new interpreters are added and some interpreters are removed, due to moving out of state, retiring, or other reasons.

In addition, highly specialized resources are made available in the Law Libraries in each Judicial Circuit to support court interpreter professional development.

**(4) The level of effectiveness planned for each of the ensuing six fiscal years:**

Statistics on the number of interpreters listed on the Court Interpreter Registry, which is published on the Judiciary website, training and testing events scheduled, and court interpreter professional development resources maintained are compiled to evaluate program effectiveness.

	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028	FY 2029
Interpreters listed on Registry (Tier 1-6)	360	380	400	420	440	460
Mandatory court interpreter training events scheduled	19	25	20	20	20	20
Court interpreter resources maintained	46	49	52	55	58	61

**(5) A brief description of the activities encompassed:**

The Court Interpreter Certification Program was launched in July 2007 in accordance with the Hawai'i Rules for Certification of Spoken-Language Interpreters ("Rules") (fka Hawai'i Rules for Certification of Spoken and Sign Language Interpreters) adopted by the Hawai'i Supreme Court. Interpreters must meet the following minimum requirements:

1. Complete a two-day Basic Orientation Workshop that introduces the requirements of the Program, legal terminology, court procedure, ethics, and interpreting skills;
2. Pass two Written Exams. The Written English Proficiency Exam developed by the National Center for State Courts, and the Hawai'i Basic Ethics Exam.
3. Clear a state-based criminal background check.

Interpreters who meet these minimum requirements are deemed qualified to interpret in the Hawai'i State Courts and are listed on the Court Interpreter Registry, which is published on the Hawai'i State Judiciary's website as a public service.

Interpreters who meet the mandatory minimum requirements may elect to take an oral interpreting exam, if one exists in their language. The oral exam measures the interpreter's ability to speak both English and the non-English language fluently, and to accurately transfer meanings between both languages. Interpreters who attain the requisite score on

an oral exam attain a higher tier designation status and commensurate higher pay. The “Certified Court Interpreter” credential is only available in 16 languages of national need. Certified interpreters are classified as Tier 4 or Tier 6.

In addition to conducting the interpreter training and testing events listed above, other, non-mandatory interpreter training events may be offered from time to time.

Moreover, court interpreter resources have been purchased and made available in the Law Libraries in each Judicial Circuit to support court interpreter professional development. These resources are updated and new resources purchased as needed.

**(6) Program size indicators:**

Please see #4 above.

The Court Interpreter Certification Program is managed by the Judiciary’s Office on Equality and Access to the Courts (OEAC), which is part of Judiciary Administration. OEAC currently has a staff of four: Program Director, Court Interpreting Services Coordinator, Equality and Access Program Specialist, and Research Statistician.

**Background Information:**

On September 9, 1966, the United States Congress adopted the Highway Safety Act of 1966. The Act established a coordinated nationwide highway safety program by providing financial assistance to States that adopted accelerated highway traffic safety programs. The Act was motivated primarily by the growing public concern over the rising number of traffic fatalities in the United States. The Federal Highway Safety Act of 1966 required that a highway safety program be self-sustaining and that the program be approved by the Secretary of Transportation. The program's design was to reduce traffic accidents and deaths, injuries, and property damage resulting from traffic violations.

The State of Hawai'i established the Driver Education and Training Fund, through the Hawai'i Revised Statute 286G-2, to meet the federal mandate. The funds collected were to be used as a matching funds for grants received from the Federal Government for highway safety projects coordinated by the Hawai'i State Department of Transportation.

In Fiscal Year 2024, the Judiciary, Driver Education program, furnished matching funds to implement the Department of Transportation's Motor Vehicle Safety Office, Highway Safety Program.

The State of Hawai'i Legislature approved the Hawai'i Highway Safety Act of 1967. Through this act the Driver Education (DE) program was established. The mission of the program was to create a safer environment for all motorist and pedestrians.

The first driver improvement course, which had 12 students, was conducted on June 26, 1968. The first Driving While Intoxicated Counterattack Course was conducted in 1974.

In FY2023, the Driver Education program serviced 6333 students. The Driver Education program has statewide offices located on each of the islands. The office includes Hilo Driver Education, Kona Driver Education, Kaua'i Driver Education, Maui Driver Education, and O'ahu Driver Education.

In 2023, the Department of Transportation reported 92 traffic-related deaths on Hawai'i's roads, down from 112 in 2022. Driving under the influence, speeding, and distracted driving are the top contributors to Hawai'i's fatalities. The Driver Education program works with the Department of Transportation to strategize traffic safety community education. The program also sits on the Zero Fatality Task Force, which works to promote a safer community.

**(1) A statement of objectives:**

The program objectives were to provide traffic offenders with counseling, formal driver education instructional classes, and public education. The counseling and education aimed to reduce traffic offenses, avoid collisions, save lives, prevent injuries, and reduce recidivism.

**(2) Measures quantifying the target population to be served for each of the ensuing six (6) fiscal years:**

The Driver Education program has six (6) target populations: (1) Offenders violating HRS 291E-61 Operating a vehicle under the influence of an intoxicant; (2) Juvenile offenders violating HRS 291E-64; (3) Offenders violating 291C-105 Excessive Speeding; (4) Offenders violating HRS 291-11.5 Child Passenger Restraints; (5) HRS 291-2 Reckless Driving of Vehicle; and (6) Traffic-Related Violations/Offense(s) referred by the court to the DDE to benefit the offender i.e. involuntary manslaughter.

The quantifying measure(s) that will be used for the target population:

- (1) Number of offenders referred to DDE;
- (2) Number of students enrolled into classes; and
- (3) Number of students completed classes.
- (4) Provide 100% match of grant funds for the Hawai'i Highway Safety Programs.

<b>Year</b>	<b>Number of Referrals</b>	<b>Total Number of Students Enrolled In Classes</b>	<b>Total Number of Student Completion</b>
<b>2023</b>	<b>6333</b>	<b>3612</b>	<b>2620</b>
2022	6487	4036	3012

2020	2756	3071	2250
2019	4477	4888	3582

**(3) Measure by which the effectiveness in attaining the objectives is to be assessed:**

The Driver Education program measures its effectiveness based on students' compliance with counseling and instructional class requirements and the matching of grant funds for the Hawai'i Highway Safety Programs.

**(4) The level of effectiveness planned for each of the ensuing six fiscal years:**

- 1. Increase student compliance to driver education classes;
- 2. Increase public awareness through certified car seat installation; and
- 3. Provide 100% matching of funds for Hawai'i Highway Safety Programs.

**(5) A brief description of the activities encompassed:**

**Child Passenger Restraint Course (CPRC):**

All Driver Education Assistant (DEA) instructors are certified by the National Child Passenger Safety Board as Child Passenger Technicians. Our Kona DEA is a certified Child Passenger Instructor, and our Kaua'i DEA is in the process of obtaining the Instructor status. According to the law, individuals convicted of Child Passenger Restraint offenses must attend a four-hour course developed by the educational officers of the Division of Driver Education.

In 2022, the Driver Education program joined the Community Outreach Court and began installing child car and booster seats. The program technicians continue to install the seats and provide participants with safety seat instructions. They assist the court participants with outstanding traffic cases and cases involving the Administrative Driver's License Revocation Office (ADLRO).

The program's technicians work closely with the Keiki Injury Prevention Coalition (KIPC). They participate in the "Click It or Ticket," DUI traffic stops, and Kids' Day events. The driver education technicians provide installations and education.

**Defensive Driving Program (DIP):**

All Driver Education instructors hold certifications from the National Safety Council (NSC) and AARP, with the NSC providing the curriculum. They are also certified "Car Fit" Technicians under AARP's program designed for senior drivers. The Driver Education program collaborates with various military branches to advance the "Keep Hawai'i Roads Safe" initiative through education. Guest speakers from organizations such as the Hawai'i Bicycling League (Malia Harunaga), American Medical Response (AMR) (Danny Kau), and Alcoholics Anonymous Hawai'i are invited to educate students on the impact of excessive speed and reckless driving.

**Operating a Vehicle under the Influence of an Intoxicant (OVUII) or DUI:**

All instructors with the Driver Education program are certified by the Prevention Research Institute (PRI). This widely-utilized curriculum is recognized by 17 states and all branches of the military. It is an evidence-based program that provides students with the most up-to-date and accurate information and is legally mandatory, requiring a 14-hour class. Guest speakers from AMR, MADD, and AA/NA offer students insights into victims' trauma. Driver Education instructors are required to undergo annual recertification and stay updated on national and state highway safety practices and statistics.

**Substance Abuse Assessments:**

The law requires that a substance abuse assessment be conducted for all DUI cases. The Driver Education program is in partnership with the Alcohol Drug Abuse Division (ADAD) of the Department of Health (DOH) to maintain and provide Certified Substance Abuse Counselors who conduct assessments for all referred offenders.

The Driver Education program was the pilot program for the Web Infrastructure for Treatment Service (WITS), a database that collects, analyzes, and reports information from behavioral health

service providers and is used statewide. Punahale Pires, the Assistant Driver Education Administrator, played a crucial role in delivering statewide user training and providing troubleshooting support.

### **Driving While Impaired (DWI) Court:**

The Driver Education program conducts 14-hour Operating a Vehicle Under the Influence of an Intoxicant (OVUII) classes for offenders within the Driving While Impaired (DWI) Court program. The division also furnishes DWI Court with regular progress and completion reports for each participant.

### **Public Education:**

The Driver Education program participates in a variety of community service projects to educate the public on driving and pedestrian safety. The Driver Education Assistants volunteer for the MADD Walk, Click It or Ticket, OVUII checkpoints, State of Hawai'i Kids Day (car seat checks), and AARP Car Fit.

### **Reporting:**

The Driver Education program provides the Courts with comprehensive status reports that confirm the fulfillment of a wide range of requirements, including attending classes, completing assessments, and meeting other court-ordered obligations. These services are extended to the ADLRO and the Adult Client Service Branch (ACSB) probation units. The program also submits reports to the Court for defendants who have relocated out of state or abroad, ensuring that their court obligations are met and providing verification for the same.

### **Community Outreach Court:**

The Driver Education program actively participates in the Community Outreach Court, aiming to assist the needs of individuals in the homeless community. The program offers certified child seat installation services and collects donated car seats, which are installed following court hearings. Additionally, the program provides traffic safety instructions and driver education counseling. Both the Community Outreach Court and the Driver Education program collaborate with the Department of Transportation to promote traffic and pedestrian safety.

The Community Outreach Court, in partnership with Driver Education and the Adult/Juvenile Community Service Restitution Unit (A/JCSRU), has collaborated to support participants who are unable to engage in traditional community service due to physical limitations. The Learning Empowerment Action Program (LEAP) was developed to provide these individuals with a comprehensive series of classes covering relevant topics such as resume building, financial literacy, budgeting, basic computer skills, self-care, and stress management. The Driver Education program provides comprehensive sessions in LEAP that cover various aspects of driver and pedestrian education. Additionally, the program offers a thorough review of the driver's manual to help participants who would like to obtain their license prepare for the permit test.

**Bike Safety:**

The Driver Education program closely collaborates with the Bicycle League to educate students on bike and helmet safety. The program regularly updates its curriculum to incorporate any changes in traffic laws.

**(6) The program size indicators:**

The program received 6,333 referrals, which is 154 less than 2022.

**(7) The program size planned for each of the next six fiscal years:**

The program's funding comes from the Driver Education Training Fund. Relying solely on this revenue has created a precarious situation. To manage costs, 12 out of the 35 statewide Driver Education positions have been left vacant.

The program has successfully adapted to the reorganization to become a part of the Specialized Program Services Section. It has also established partnerships with the Sections two (2) other units: the Adult/Juvenile Community Service Restitution Unit and the Community Outreach Court.

**Conclusion:**

The Driver Education program is mandated by law and plays a crucial role in our community. The educational and counseling efforts of the program are widely acknowledged across the state, and the dedicated staff is committed to enhancing the safety of the streets and highways in the State of Hawai'i for our children, seniors, and the community.

The SCASA supplements funds that supports the following: services to survivors of DV, intervention to those who have committed DV, as well as services to children and youth who have been exposed to DV. The SCASA also provides the matching funds for grants that support supervised visitation and safe exchange for families where DV is/has been a concern as well as activities that support the Judiciary’s role in addressing DV such as training for judges, probation officers, other court staff and stakeholders. Finally, the SCASA funds miscellaneous expenses such as the maintenance of DV risk assessments in a database.

**(6) The program size indicators:**

Number served by DV survivor services

Number served by DV intervention for those who cause harm

Number served by DV services for children and youth

Number of families served by supervised visitation and safe exchange

Number of attendees to grant funded activities such as trainings and meetings

**(7) The program size planned for each of the next six fiscal years:**

For DV services, the program size is dependent on the number of referrals to the services. For the number of attendees to grant funded activities such as trainings and meetings, the program size is dependent on the type of training (virtual vs. in person) and the number of trainings/conferences and meetings that meet grant purpose areas. It is expected that the program size for the next six fiscal years will remain somewhat similar to the numbers shown in the response to number (2) above.

### Background Information

The Parent Education Special Fund was established by the 1997 Legislature, State of Hawai‘i, through Act 274. On May 2, 2003, HRS 607-5.6 was amended to increase the fund’s surcharge from \$35 to \$50 for Family Court matrimonial cases and to add the surcharge to paternity actions.

### The Purpose of the Fund

The Parent Education Special Fund is used to administer education programs to families currently involved in divorce cases in the state of Hawai‘i. Parties litigating custody matters as well as children of unmarried or never-married parents living in the same household are also required to attend. Parents attending the divorce-education programs are encouraged to refocus on their children’s needs by learning how continued fighting negatively impacts their children. They are also encouraged to mediate rather than litigate their custody conflicts. The programs emphasize that:

- family violence is never appropriate and is extremely harmful to children;
- children will thrive if they live in safe homes and are loved by both parents;
- the court takes into account the safety of victims and children in making custody and visitation decisions.

Children between the ages of six (6) and seventeen (17) also attend to learn how to cope with changes in their family. The programs emphasize that children are not the cause of parental separation, that parents do not divorce their children, and that there are many families going through similar experiences. Children and teens participate in age-appropriate discussions and activities focused on helping each child identify and understand their emotions.

After an opening statement given by a Family Court judge, parents and children watch *The Purple Family* (1999), a timeless film which gently broaches themes of divorce and separation. The film is unique in that the words “divorce” or “separation” are never used explicitly to describe the family’s situation. The programs distribute parenting guides with island-specific information on resources for counseling, domestic violence, parenting, and anger management classes. The website [www.kidsfirsthawaii.com](http://www.kidsfirsthawaii.com) is also available to provide island-specific program and contact information to families.

### Parent Education Programs

Each circuit administers its own parent education program. In the First (O‘ahu), Second (Maui), and Fifth (Kaua‘i) Circuits the program is called *Kids First*. Third Circuit (Hawai‘i) has two programs, the program in Kona is *Children First* and the program in Hilo is *Children in Transition*.

The O‘ahu *Kids First* program is held most Wednesday evenings and alternates weekly between Ka‘ahumanu Hale in Honolulu and the Ronald T.Y. Moon Court Complex in Kapolei. The Maui *Kids First* program is held on the second Wednesday of the month at Hoapili Hale in Wailuku. On Hawai‘i island, Kona’s *Children First* program is held on the third Wednesday of the month at the West Hawai‘i Civic Center, and Hilo’s *Children in Transition* program is held at Hale Kaulike on the second Tuesday of even-numbered months as well as the second and fourth Tuesday of odd-numbered months. Kaua‘i’s *Kids First* program is held on the second Wednesday of the month at Pu‘uhonua Kaulike Building in Lihu‘e.

In March of 2020- August 2022, the COVID-19 pandemic caused unprecedented interruptions across the State of Hawai‘i. The *Kids First* program and other court programs were suspended temporarily until alternate programming could be developed. During the month of April 2020, *Kids First* O‘ahu created innovative online programming. The online program launched in May of 2020 and has since been utilized by families on O‘ahu. The online program includes pre-recorded presentations by Family Court judges and *Kids First* licensed psychologists. The judges speak to parents about what to expect in Family Court and the presenters talk to parents about ways to minimize risks during the divorce or separation process. The programming also includes the *Purple Family* film, as well as a presentation by a licensed psychologist and interactive activities for children. Parents are asked to complete a feedback form and encouraged to ask questions, which are then forwarded to *Kids First* staff and licensed psychologists.

In April of 2022, the Fifth Circuit, Kaua‘i, resumed in-person programming once a month.

In May of 2022, *Kids First* O‘ahu added a Zoom class for kids, twice a week on Tuesday and Wednesday evenings, and a parents’ Zoom class was added in October 2022 on Wednesday evenings.

In October of 2023, the O‘ahu *Kids First* program resumed in-person classes at the Ronald T.Y. Moon Court Complex in Kapolei and Hale Hilinai in Honolulu.

<b>FY 2023-2024 Cases by Circuit</b>	<b>Divorce</b>	<b>Paternity</b>	<b>Civil Union</b>	<b>Total Cases</b>
First (O‘ahu)	2,970	571	2	3,543
Second (Maui, Moloka‘i, Lana‘i)	439	143	1	583
Third (Kona and Hilo)	515	212	1	728
Fifth (Kaua‘i)	149	73	0	222
<b>Total:</b>	<b>4,073</b>	<b>999</b>	<b>4</b>	<b>5,076</b>

The percentage of filings for each circuit closely mirrors the population distribution for the State of Hawai‘i. The majority of the cases were filed on O‘ahu with 2,970 new divorce cases (73% of state total) and 571 paternity filings (57% of state total). Additionally, two (2) civil union divorces were filed on O‘ahu (50% of state total).

Statewide, divorce-education classes were held serving a total of 4,352 individuals (2,624 parents and 1,728 children). In FY 2023-2024, *Kids First* O‘ahu serviced a total of 3,137 individuals (1,966 adults and 1,171 children).

<b><i>FY 2023-2024 Attendance by Circuit</i></b>	<b><i>Adult Attendance</i></b>	<b><i>Children Attendance</i></b>	<b><i>Total Attendance</i></b>
First (O‘ahu)	1,966	1,171	3,137
Second (Maui, Moloka‘i, Lana‘i)	306	218	524
Third (Hilo and Kona)	202	248	450
Fifth (Kaua‘i)	150	91	241
<b>Total:</b>	2,624	1,728	4,352

Statewide revenue during FY 2023-2024 totaled \$116,137, which includes an interest amount of \$15,951. Total expenses including the encumbered amounts were \$92,330.

The Parent Education Special Fund began collecting filing fee surcharges and donations beginning July 1, 1997. The attached financial report reflects the 27th year of collections. The Parent Education Special Fund continues to support all five of the State of Hawai‘i Judiciary’s parent-education programs.

**(1) The statement of its objectives**

To administer education programs and provide support to families going through divorce and separation proceedings in the State of Hawai'i.

**(2) Measures quantifying the target population to be served for each of the ensuing six fiscal years**

The total number of parents and their children that the court refers to the program. In FY 2023-2024, divorce education classes served 2,624 parents and 1,728 children, totaling 4,352 in the State of Hawai'i.

**(3) Measures by which the effectiveness in attaining the objectives is to be assessed**

The total number of adults and children that complete/attend the program is a method to measure the effectiveness of attending/viewing the online program. The adults that complete the online program are required to complete and return/email a Feedback Form to the program. The Feedback Form allows the parents an opportunity to provide comments and questions related to the program. The children are also encouraged to complete one or more of the activities about their understanding of what is taking place and their understanding of the family dynamics. This has been a very good way to start conversations with the parents and between the parents and children, which may not have occurred, if they did not attend the program. Additionally, parents can request information on how to participate in external mediation services or other resources to help their children or themselves.

**(4) The level of effectiveness planned for each of the ensuing six fiscal years**

Programs, including the online platform and in-person sessions, are developed to meet the needs of the different target populations and are continually updated and improved.

The objective of the education program is for parents to gain an understanding of the importance of peacefully co-parenting and developing an awareness to refocus their attention on their children's needs. For children, the objective of the program is to provide an understanding that they are not the only family going through a divorce and that divorce is never their fault.

Utilization of the online platform for *Kids First* O'ahu started in May 2020 and continues in 2024. In May 2022, *Kids First Zoom* for children was launched. In October 2020, Maui joined O'ahu's platform with a hybrid of the online program and a link on O'ahu's web page using some of O'ahu's programming.

Currently, O'ahu has returned to in-person classes three times per month with up to five online classes per week. Maui and Kaua'i have returned to in-person classes once per month with no online classes. Hawai'i island continues to provide online classes only utilizing O'ahu's online platform with its own link on O'ahu's web page and many of its own videos using some of O'ahu's programming.

**(5) A brief description of the activities encompassed**

Please refer to Parent Education Programs on page two (2) of this report.

**(6) The program size indicators**

The number and percentage of adults and children that participate in the program in-person and online, and the total number of adults and children that finish/complete the program.

**(7) The program size planned for each of the next six fiscal years**

Over the past five years, 6,000 to 7,000 divorce, paternity and civil-union cases have been filed within the State of Hawai'i each year, even during the pandemic. These numbers will likely remain consistent in the future.

Therefore, the program intends to continue providing the services to the estimated 6,000 to 7,000 filing yearly.
