Statement of Objectives

To reduce drug trafficking and drug production in the United States by: (1) facilitating cooperation among federal, state, local, and tribal law enforcement agencies to share information and implement coordinated enforcement activities; (2) enhancing law enforcement intelligence sharing among agencies; (3) providing reliable law enforcement intelligence needed to design effective enforcement strategies and operations; and (4) supporting coordinated law enforcement strategies that maximize use of available resources to reduce the supply of illegal drugs into High Intensity Drug Trafficking Area (HIDTA) designated areas. Hawaii has been a HIDTA designated area since 1999.

The Department of the Attorney General serves as the fiduciary agent for the Hawaii HIDTA, for the purpose of administering an Employer of Record Services contract for the Hawaii HIDTA staff. The Hawaii HIDTA is responsible for meeting the program objectives of the HIDTA program, therefore, the questions listed below are in relation to the Employer of Record Services function.

**Non-General Fund Program Measures Report
for submittal to the 2025 Legislature
Department of: ATG**

Name of Fund: Medicaid Investigation Recovery Fund
 Appropriation Account Number: S-302-N
 Fund Type (MOF): B
 Legal Authority: Section 28-91.5, HRS

Statement of Objectives

The Medicaid Fraud Control Unit (MFCU) conducts a statewide program for the criminal and civil investigation and prosecution of provider fraud against the Medicaid Program and fraud in the administration of the Medicaid Program. Multi-disciplinary investigative teams consisting investigators, auditors, and attorneys with the MFCU work collaboratively to investigate and prosecute cases of fraud, abuse, and neglect throughout the State of Hawaii. MFCUs operate in each of the 50 States, usually as part of the State Attorney General's office, and are constituted as single, identifiable entities separate and distinct from the State Medicaid agency. The federal Office of the Inspector General, in exercising oversight for the MFCUs, annually recertifies each MFCU, assesses each MFCU's performance and compliance with federal requirements, and administers a federal grant award to fund 75% of each MFCU's operating costs. This fund was established to provide for the state's 25% matching share of the MFCU's operating costs and to provide a fund into which all monies that the Unit recovers shall be deposited.

Fund Measures of Effectiveness

	FY 2024-25	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	FY 2029-30
Sufficient appropriations were made from this fund to provide the state's mandated 25% share of the MFCU's operating costs beginning in FY24. As the purpose of this fund is to provide the state's 25% share of the MFCU's operating costs and to provide a fund into which all monies that the Unit recovers shall be deposited, the effectiveness of this fund is determined by its continued ability to provide the 25% matching share of the MFCU's operating costs.	917,739*	968,317	983,338	983,338	983,338	983,338

At full staff, the MFCU currently has 16 full time employees - three attorneys (including the Director), seven investigators (including the supervising investigator), two auditors, one accountant, one paralegal, one legal clerk, and one office assistant. Statement of Objectives

The Attorney General administers and enforces all aspects of Hawaii’s Charitable Solicitations law, chapter 467B, Hawaii Revised Statutes (“HRS”). The Tax and Charities Division (“Division”) represents the Attorney General as parents patriae in proceedings relating to charitable trusts, monitors and provides ongoing oversight of charitable trusts and public charities, and if warranted, commences an investigation or takes appropriate action related to such charitable trusts, public charities, and nonprofit entities. The Division also provides donor and charitable organization education and promotes awareness of important charitable issues through educational and resource materials, amongst others. Revenues derived from annual report filing fees, fines, and other penalties assessed and collected by the Division support this educational component as well as the oversight and regulation of charitable trusts, public charities, and nonprofit entities, including private foundations, to ensure that such organizations are properly informed and fulfilling their charitable purposes.

Statement of Objectives

The Medicaid Fraud Control Unit (MFCU) investigates and prosecutes Medicaid provider fraud and fraud in the administration of the Medicaid Program, as well as the abuse, neglect, or financial exploitation of residents in health care facilities, residents of board and care facilities, and of Medicaid beneficiaries in noninstitutional or other settings. MFCUs operate in each of the 50 States, usually as a part of the State Attorney General's office, employing multi-disciplinary teams of investigators, attorneys, and auditors, and are constituted as single, identifiable entities separate and distinct from the State Medicaid agencies. The U.S Department of Health and Human Services Office of the Inspector General (HHS-OIG), in exercising oversight for the MFCUs, annually recertifies each MFCU, assesses each MFCU's performance and compliance with federal requirements, and administers a federal grant award to fund 75% of each MFCU's operating costs. This fund was established to deposit the 75% federal share of the Medicaid Fraud Control Unit's operating costs received through the federal grant.

---------------	---------------	---------------	---------------	---------------	---------------

The MFCU operates on a budget that is separate from the Department of the Attorney General. A proposed budget is submitted to HHS-OIG with the MFCU's application package in June of every year for the following federal fiscal year. The proposed budget is intended to cover the operating costs for the MFCU for the entire federal fiscal year (October-September). The effectiveness of this fund is determined by the funds ability to provide the 75% federal share of the MFCU's operating costs during the applicable federal fiscal year.	2,753,218*	2,904,951	2,950,015	2,950,015	2,950,015	2,950,015

While the overall caseload varies depending on intake and closure of cases, the MFCU generally has between 180-200 active investigations with roughly 45% being fraud cases and 55% being abuse or neglect. This represents a significant increase in cases over the past three years. At full staff, the MFCU currently has 16 full time employees - three attorneys (including the Director), seven investigators (including the supervising investigator), two auditors, one accountant, one paralegal, one legal clerk, and one office assistant. If the order grants forfeiture in part, denies or dismisses forfeiture all or in part, some of the funds may be returned to an interested party.
