State Capitol, Room 431
Honolulu, Hawaii 96813

Re: Hawaii State Department of Education Annual Report on Special Education and
Title I-Funded Prekindergarten Programs

Dear President Kouchi, Speaker Nakamura, and Members of the Legislature:

For your information and consideration, a copy of the annual Special Education and Title I-Funded Prekindergarten Programs report is being transmitted, pursuant to Section 302A-450, Hawaii Revised Statutes (HRS). In accordance with Section 93-16, HRS, the report may also be viewed electronically at: <https://www.hawaiipublicschools.org/VisionForSuccess/SchoolDataAndReports/StateReports/Pages/Legislative-reports.aspx>

Should you have any questions, please contact Ken Kakesako, Director of the Policy, Innovation, Planning and Evaluation Branch, Office of Strategy, Innovation and Performance, via email at ken.kakesako@k12.hi.us or by phone at (808) 282-3430.

Sincerely,

Tammi Oyadomari-Chun
Deputy Superintendent of Strategy

Annual Report on Special Education and Title I-Funded Prekindergarten Programs

December 2024

Section 302A-450, Hawai'i Revised Statutes, requires the Hawai'i State Department of Education to annually report on special education and Title I-funded prekindergarten programs to include, as related to each type of program:

1. The number and location of classrooms;
2. Numbers of students served as of the date on which the official enrollment count is taken and aggregated by birth month;
3. Sources of funding for each classroom;
4. Quality of teacher-child interactions relating to social-emotional support, classroom structure, and quality of learning experiences, as assessed using a formative assessment tool; and
5. Child outcomes relating to all areas of childhood development and learning, including cognitive, linguistic, social, and emotional approaches to education and health and physical development, as assessed using a formative assessment tool.

**Hawai'i State Department of Education Annual Report
Relating to Special Education and Title I-Funded Prekindergarten Programs
School Year (SY) 2023-2024**

1. The Name of School and Number of Classrooms

The following table includes school information regarding Special Education (SPED) and Title I preschool classrooms in the Hawai'i State Department of Education (Department).

Table 1. Preschool Classrooms

School	Number of SPED Preschool Classrooms	Title I Preschool Classrooms
'Aiea Elementary	1	0
'Aikahi Elementary	1	0
'Aina Haina Elementary	1	0
Ala Wai Elementary	1	0
Āliamanu Elementary	2	0
Ali'iolani Elementary	1	0

Total	256	0

2. The Number of SPED Preschool Students Served and Aggregated by Birth Month

The following provides information regarding the number of SPED preschool-aged students as of August 31, 2024, Official Enrollment Count for SY 2023-2024.

Table 2. Number of SPED Preschool Students Served and Aggregated by Birth Month

Birth Month	Age on 08/21/2023				Total
	2	3	4	5	
Jan		62	76		138
Feb		56	80		136
Mar		54	56		110
Apr		47	72		119
May		45	80		125
Jun		42	68	1	111
Jul		42	60		102
Aug	2	47	90	47	186
Sep	3	70	85		158
Oct		86	95		181
Nov		70	70	1	141
Dec		57	95		152
Total	5	678	927	49	1,659

5-year-olds must be enrolled in kindergarten, but a few 5-year-old students were enrolled in SPED pre-kindergarten.

3. Sources of Funding for Each Classroom

The SPED preschool classrooms are funded by program ID 17100, general funds. There were no Title I-funded preschool classrooms in SY 2023-2024.

4. Quality of Teacher-Child Interaction

The Department uses Teaching Strategies GOLD (GOLD), a formative assessment system, to collect data on preschool students ages three to five years. The GOLD is aligned with the Hawai'i Early Learning and Development Standards and is used by all SPED preschool teachers when observing and documenting children's development and learning.

The GOLD aids SPED preschool teachers with program planning and delivering high-quality instruction. Growth for the SY 2023-2024 using GOLD (preliminary) data in the areas of social-emotional support, classroom structure, and quality of learning experiences are indicative of quality teacher-child interaction and are reflected in the tables below:

Table 3a. Social-Emotional Support

Socio-Emotional Area	Percentage of Children Below Growth Range	Percentage of Children Meeting or Above Growth Range
Establishing and sustaining positive relationships <ul style="list-style-type: none"> Forms relationships with adults 	16%	84%

Table 3b. Classroom Structure

Socio-Emotional Area	Percentage of Children Below Growth Range	Percentage of Children Meeting or Above Growth Range
Regulates own emotions and behaviors <ul style="list-style-type: none"> Follows limits and expectations 	41%	59%

Measuring a child’s growth in “following limits and expectations” reflects their ability to adapt to and respond to classroom structure.

Table 3c. Quality of Learning Experiences

Cognitive Area	Percentage of Children Below Growth Range	Percentage of Children Meeting or Above Growth Range
Motivation to learn <ul style="list-style-type: none"> Shows curiosity and motivation 	52%	48%

Assessing a child’s growth in “curiosity and motivation” toward learning has been identified as an effective indicator of the quality of learning experiences provided.

5. Child Outcomes Relating to All Areas of Childhood Development and Learning

Table 4. Child Outcomes Relating to all Areas of Childhood Development and Learning

Area of Development	Percentage of children demonstrating growth in each area
Social-Emotional	69%
Physical	84%
Language	73%
Cognitive	63%
Literacy	61%
Mathematics	69%

This table addresses all areas of child development.

The Department also uses GOLD assessment results to report on federal requirements regarding outcomes of SPED preschool students on the State Performance Plan/Annual Performance Report Indicator 7. Indicator 7 is the percentage of preschool children with individualized education programs who demonstrate improved outcomes during their time in a Department preschool program. The following are the specific outcome areas measured:

- A. Positive social-emotional skills (including social relationships);

- B. Acquisition and use of knowledge and skills (including early language/ communication and early literacy); and
- C. Use of appropriate behaviors to meet their needs.

The following table provides two summary statements for each of the three outcome areas reported to the Federal government for SY 2023-2024. Percentages may not total 100% due to children exiting the program prior to the data collection dates.

Outcome A

Positive social-emotional skills (including social relationships)	Percentage Meeting Criteria
A1. Of those preschool children who entered or exited the preschool program below age expectations in Outcome A, the percent who substantially increased their growth rate by the time they turned six years of age or exited the program.	58%
A2. The percentage of preschool children who were functioning within age expectations in Outcome A by the time they turned six years of age or exited the program.	51%

Outcome B

Acquisition and use of knowledge and skills (including early language)	Percentage Meeting Criteria
B1. Of those preschool children who entered or exited the preschool program below age expectations in Outcome B, the percent who substantially increased their growth rate by the time they turned six years of age or exited the program.	59%
B2. The percentage of preschool children who were functioning within age expectations in Outcome B by the time they turned six years of age or exited the program.	46%

Outcome C

Use of appropriate behaviors to meet their needs	Percentage Meeting Criteria
C1. Of those preschool children who entered or exited the preschool program below age expectations in Outcome C, the percent who substantially increased their growth rate by the time they turned six years of age or exited the program.	56%
C2. The percentage of preschool children who were functioning within age expectations in Outcome C by the time they turned six years of age or exited the program.	53%
