INTRODUCTION OF RESOLUTION

A resolution (H.R. No. 2) declaring the Honorable Henry Haalilio Peters, Representative from the Twenty-First District, and Daniel J. Kihano, Representative from the Twentieth District, as Speaker and Vice Speaker, respectively, of the House of Representatives of the Eleventh Legislature of the State of Hawaii was jointly offered by Representatives Kunimura and Shito and was read by the Temporary Clerk.

On motion by Representative Kunimura, seconded by Representative Shito and carried, H.R. No. 2 was adopted.

The Temporary Chairman appointed Representatives Gene Albano, James Aki, Whitney T. Anderson, Mark J. Andrews, David M. Hagino, Mazie Hirono, Marshall K. Ige, Ken Kiyabu, William W. Monahan,

Frederick William Rohlfing, Eloise Yamashita Tungpalan and Dennis R. Yamada to escort the newly elected Speaker to the rostrum whereupon the Temporary Chairman presented the gavel to the newly elected Speaker.

The Speaker took the Chair and addressed the members of the House and their guests as follows:

"Governor and Mrs. Ariyoshi, members of the House, honored guests, ladies and gentlemen: Welcome to this opening day of the Eleventh State Legislature. E komo mai -- 'please come in, our House is yours.'

Today's Opening Day celebration is doubly blessed for it marks a happy ending as well as the beginning of the first year of a new decade. On behalf of the members of this House, I ask for a private, silent moment of thanksgiving -- thanksgiving for the freedom of those men and women no longer held hostage in a hostile land.

Our hearts reach out to each of them in this moment of brotherhood and boundless joy.

I stand here today with a deep sense of humility and pride -- humility in light of those who have stood here before me, and pride in the knowledge that I am part of this legislative House, part of a system which to me represents the purest form of human liberty on this earth.

For the honor which you, my colleagues, have bestowed upon me as Speaker of this House, I thank you and affirm my deep respect for the continued cooperation and friendship between us. Here in this home of legislative deliberation are centered the hopes, the aspirations, the needs of all the people of this State.

We are charged with the responsibility to meet those needs and help make true those hopes and aspirations. If we are to remain a paradise to some, a home to many, and among the economically strongest, soundest, and vitally most progressive states in this country, we must bid welcome to the challenge and accept our responsibilities vigorously.

Always attuned to our needs, we must become more conscious of the needs of others, for the needs of our State and her people are many, while our resources are few. The

task we face this coming session is to balance competing demands with available resources. And while it is not part of that task to foresee the future, it is nonetheless our responsibility to provide sound planning to enable a better future.

Therefore, I ask that we address the following programs in a spirit of cooperation rather than condemnation, in a posture of problem-solving rather than fault-finding.

I ask the ladies and gentlemen of the media to be aware that the members of this House consider your role during this session as imperative for effective communication. I would not presume to tell you how to do your job in providing coverage of this year's legislature. But in the words of that philosopher-journalist, Walter Lippman, I will repeat his cautionary observations, and I quote: 'When distant and unfamiliar and complex things are communicated to great masses of people, the truth suffers considerable and often radical distortion. The complex is made over into the simple, the hypothetical into the dogmatic, and the relative into the absolute.' The eloquence and appropriateness of his statement requires no further elaboration except to say that if the task were easy, there would be no reason for the comment.

No less easy a task, but equally worthy of the challenge, is the work set before us this session. In education, for example, we don't have the time nor the resources to dwell on whether it's the fault of the schools, the parents, the teachers, or our society -- that our educational system is not as good as it should be. We should spend the time and resources we have to do whatever it takes to improve the quality of our education at our elementary, secondary, and college levels.

In the same way, crime and correction loom large before us. We've heard statistics which infer that our criminal justice system is not working because 70 percent of arrests made over a certain period of time were dismissed for lack of evidence. However, I would like to remind you that under our American system of justice, laws are made to protect the innocent -- from being falsely arrested and falsely accused -- as well as to catch criminals. When we deal with the numerous concerns in this area, let us guard against feeding our fears on strident calls for punishment.

Let us not over-react, and forget not even for a moment that our country was founded on the belief that people are innocent until proven guilty.

We will again tackle recent constitutional amendments relating to our natural resources -- the management and quality of our water, the responsible application of land banking, and the protection of our environment from hazardous substances. In other areas, emphasis will be placed on the planning, management, and development of public policy. Such an emphasis is especially important in the areas of: tourism, transportation, agriculture, and marine resources. The several functional plans mandated by our State Planning Act have been submitted by the State administration. These will be reviewed and considered within the framework of what we believe the future directions of this State ought to be.

We will seek also to strengthen child protective services, improve our system of long-term care facilities, attempt to curb the cost of health care, and expand housing opportunities, especially in view of rising interest rates and rental housing shortages. Our other priorities include improving the quality of life for working people, and reviewing condominium conversions, and the placement of State sponsored art work.

And may I say to you that a number of measures will come before us which simply cost money. These include collective bargaining contracts, recommendations for executive and judicial salary increases, and the disposition of excess revenues through a 'tax rebate or credit.'

These legislative programs and budgetary and financial considerations are some of the major issues which we face. Our expectations for the future are great. So, too, are the expectations we have of each other, of ourselves, and especially of you, all of you, the people of Hawaii.

More than any other state in the Union, or perhaps any other place in this world, the citizens of this State share a richness anchored in diversity. Through these differences of heritage and tradition, we find a common meeting place for the qualities of tolerance and compassion. However, under the pressures of 'earning our daily bread' and in our haste to gather the fruits of material success, we sometimes forget these qualities which keep all of us very 'special.'

For a man may be distinguished by his intelligence and knowledge, but all men are defined by their compassion and love for one another. We should start first with ourselves and our families. The child being the father of the man must be brought up in surroundings which are in accord not only with his own cultural lifestyle, but which also allow and nurture understanding and tolerance to the differences of others.

In closing, I am reminded of a recent description of this period in our history given by the chief economist for the Bank of America. He called it a 'decade of destiny.' So as we take our first steps toward our destiny, my fervent hope is that we have the head to conceive it, the hands to implement it, and perhaps, most important, the heart to guide it.

Mahalo to all of you. Thank you very much."

At this time, the Chair presented the Vice Speaker of the House of Representatives, Representative Daniel J. Kihano, to the members of the House and their guests and stated: "I would be honored if you would join me at the rostrum this morning."

Representative Rohlfing then rose and stated:

"Mr. Speaker, Lieutenant Governor King, Mr. Chief Justice: On behalf of the Republican minority this morning, it is my privilege to extend our aloha to the guests of this House and to the people of Hawaii on this colorful opening day.

Our Minority Leader, Kina'u Boyd Kamali'i, would customarily present remarks on this side of the House but she is in Washington, D.C. today following the inauguration of President Ronald Reagan. Her absence today, however, is an indication of the changes, and public attitude, and expectations about government which were recently endorsed nationally. Although these changes are clearly not as dramatically evident in this State, I believe that we, in these islands, are also engaged in re-evaluation of the role of government and the problems of matching public expectations to inherent limits.

In striking contrast to our national counterparts, we, on this side of the aisle, are truly in the minority -- 39 to 12 is tough odds in any league.

But with the passing from power of the vocal Democratic member from City Hall, we and our eight Senate colleagues assume a greater responsibility as the only formally organized political alternative force. Our views may not yet be endorsed by a majority but we do speak for a great many citizens, be they Democrats, Republicans or independents from our respective districts. And, though we offer the fullest cooperation in constructing a sound legislative program, our primary responsibility is to present creative alternatives to what we believe may be outmoded or non-responsive approaches to the problems of modern day Hawaii.

The people of Hawaii recently served a similar notice on all of the elected officials of our State. While there may be an overwhelming numerical dominance by a single party, the restrictions imposed by the 1978 Constitutional Convention demonstrate a public determination to place some constitutional checks and balances on overwhelming power. That convention, Mr. Speaker, as you know, sought, amongst other things, to limit government spending, reform our regressive tax system, provide opportunities for the underprivileged, and to preserve the heritage of our aina and our people. While I do not have the time today to deal in specifics, I must note that our Republican legislative programs, when introduced, will be reflective of these same basic themes of government.

As we begin this session together, Mr. Speaker, let us mark well this time of renewal of our commitment to America and our beloved Hawaii. Let us dare to dream of and work for a society more tolerant than ever of ethnic and cultural diversity, but less in fear of those who would prey upon our physical or economic freedom. We all share a special heritage -- those of us who were born here as well as those who have freely chosen to live and work with us from overseas. There should be no second-class citizens amongst us. As you have so eloquently outlined, the beauty of these islands and our Hawaiian heritage is the cement -- the sustaining element -- of this uniquely privileged society. The unity of purpose of our nation was so recently exemplified by the orderly transfer of power in Washington, and President Reagan's selection of Mr. Carter as his representative to greet the hostages sets a tone for us too.

While I believe this State badly needs a more viable two party system, I also believe that service to all of our people comes before party. We are

Americans and Hawaiians first.
We Republicans in this House dare
to dream of a better Hawaii for all.
We will work with all of you to achieve
it.

Mahalo, Aloha Pumehana."

Representative Yamada then rose
and stated:

"Mr. Speaker, thank you very
much.

Mr. Speaker, Lieutenant Governor
King, Mr. Chief Justice and honored
guests:

Mr. Speaker, your Democratic
majority caucus has fulfilled its
obligation to organize this House
and will present to this honorable
body the chairmen, vice chairmen
and committee members of whom
you can be proud. Our majority
caucus represents a welcome balance
of experience, talent and innovation.
Our forthcoming Democratic majority
program will address those issues
and concerns you have highlighted
with the compassion and balance
that you seek.

We extend the hand of cooperation
with our colleagues across the aisle.
We invite their participation in supporting
our efforts to chart the course of
our State and its people.

Mr. Speaker, your Democratic
majority will view no problem as
being too complex, no issue as being
too parochial for consideration by
this House. We take pride in knowing
that our long-held democratic values
are more than adequate to meet
the challenge of a new decade or,
as you have alluded to this morning,
a decade of destiny. Mr. Speaker,
your Democratic majority caucus
stands ready to work with you in
the weeks that lie ahead of us which
will benefit all of us.

Thank you."

The Speaker presented to the members of the Eleventh Legislature, the Honorable George R. Ariyoshi, stating:

"Members, ladies and gentlemen, it gives me a personal privilege to introduce to all of you the Governor of the State of Hawaii, the Honorable George Ariyoshi."

Governor Ariyoshi addressed the Joint Session as follows:

"Mr. Speaker, Mr. President, Lieutenant Governor King, Mayor Anderson, members of the Eleventh Legislature, my fellow citizens:

"I feel privileged to come before you to discuss the affairs of our State of Hawaii on this very special day when, happily, our nation offers thanks for the return of our fellow citizens from their captivity in Iran.

"Perhaps no other event in recent years has rekindled our nation's awareness of the meaning of freedom as did the imprisonment of our fellow American citizens in a country that does not share our heritage or sense of fairness or reason.

"Through the hostages' experience,

we better appreciate our cherished freedom to express our thoughts; our freedom to act upon our convictions; and our freedom to influence our own destiny.

"Through our nation's efforts to secure their release, we have all been reminded of the responsibilities of those who seek to establish or maintain freedom.

"Freedom is born in strength and its restrained use.

"Freedom is nurtured by compassion, and by consideration for others.

"Freedom is given substance by the participation of those willing to work together for the public good.

"Freedom endures through the development of wisdom and patience.

"Our citizens are finding renewed strength to address other challenges to freedom, represented by the inflation weakening our economy, and the political instability found abroad. We realize now, as perhaps we have not before, that we must improve our productivity and we must expand our influence for peace and prosperity throughout the globe.

"And while it is important that America maintain its close relations with the nations of Europe, we must increasingly focus greater attention on the Pacific-Asian region. It is in this region--so much nearer Hawaii--that great change and development is occurring, and enormous potential exists.

"Japan has become an economic giant in our world. China is opening itself up for the first time in decades. Taiwan and Korea grow stronger, the ASEAN countries are developing, and the Pacific Islands are beginning to play a global role. America and these nations have much to share with one another, and this must occur in a way beneficial to all parties.

"In the past, Hawaii served logically as an intermediary point geographically for travel between the Mainland and the Pacific-Asian region. In the future, we have the opportunity to serve as the dynamic trade and cultural intermediary for these same lands.

"It is a great opportunity, and a unique one. It is not however, one that can easily be achieved.

"We must demonstrate that we can draw upon the values of many cultures in the creation of a vital society. We

must show respect to all whom we come into contact with, and above all, we must show that the spirit of cooperation is a greater force than that of dissension and strict self-interest.

"The specific topics I wish to discuss with you today deal with the challenges of Hawaii's future and problems we face now.

"The census figures for 1980 have shown that many more people now live in Hawaii than in 1970.

"While other States may have experienced a higher rate of growth, few of them share our problems of limited land and natural resources.

"We are fortunate that we have addressed our growth problems and have begun to come to grips with them. I always have believed that one of the great strengths of our State and County governments has been in the area of planning. Due to our size and associated problems, we have had little choice but to excel in this field. But we can do even better.

"I have said, and I truly believe, that our Hawaii State Plan, which was enacted into law by this body, represents the second most important document in our State, subordinate only to the Constitution.

"The Hawaii State Plan offers a blueprint for our future unparalleled by that of any other State.

"Now the time has come to implement the specifics of this plan as we submit for your consideration the 12 State Functional Plans which will advance the process of making our State Plan a reality. These 12 plans are in the areas of tourism, energy, water resources, conservation lands, historic preservation, recreation, education, higher education, health, housing, agriculture, and transportation.

"It would be naive to expect every detail of every plan to please every legislator, county official, or citizen. But I do feel it is imperative that you adopt these Functional Plans, with modifications you may deem appropriate, so that we can confidently move ahead with programs to help us achieve our preferred future.

"Already, in many areas, we have waited too long.

"Already, things have been done

that cannot be feasibly undone.

"Already, growth has occurred where growth may not have been appropriate.

"Already we have waited too long to safeguard properly some of the lands for our people today and for those who will follow us.

"In my State-of-the-State address to this body four years ago, I said that Hawaii is a national treasure, but a very fragile treasure, one that can be easily destroyed.

"This was not merely rhetoric.

"In the ensuing four years, much has been proposed, and much has been accomplished, related to that awareness of our State's beauty.

"In agriculture, through our agricultural parks programs, we are beginning to set aside more land for farmers.

"We now have an extensive State Parks System which complements the recreational efforts of the Counties.

"We have accomplished much in preserving our historic sites, our conservation lands, our coastal zones, and our water resources.

"We have had an aggressive land acquisition program.

"We are working on an extensive planning effort for Kakaako, an underutilized area near Honolulu's waterfront which has been allowed to fall into decay.

"These achievements are significant, and we believe the Hawaii State Plan is the cornerstone of our efforts to manage our growth in the future. Your adoption of the 12 State Functional Plans will further these efforts and will create a structure for the future of Hawaii based upon sound planning.

"In addition to the Functional Plans, we will be sending to you several proposals dealing with our concern over the preservation of our land and water resources.

"Article Eleven of the State Constitution mandates the Legislature to establish standards and criteria for the reclassification and rezoning of important agricultural lands by the State and Counties. We are recommending legislation which will update our land use statutes on agricultural land classifications, and also make certain that activities on such lands be primarily agricultural.

"Article Eleven also calls for the establish-

ment of a water resource agency that shall set overall water conservation, quality and use policies. We are submitting three proposals to fulfill this mandate.

"The first authorizes the Department of Land and Natural Resources to begin formulating a State Water Code over a three-year period.

"The other proposals would empower the Board of Land and Natural Resources to assume the Statewide regulation of our water resources, including surface water, and control of in-stream uses.

"Presently, the Land Board is limited to regulation of ground water development and use only in areas where water supplies are critical, or are near a critical stage.

"We feel that this proposal will eliminate the overlapping and conflicting duties of the various agencies responsible for water resource management and control. In addition to fulfilling the constitutional mandate, we feel the intent of the proposal is consistent with our overall State planning efforts.

"Last year, I followed with great interest the first election of the Board of Trustees for the Office of Hawaiian Affairs. I believed then, as I do now, that this instrument of the Hawaiian people will be put to use in a positive and constructive way and will foster a better understanding by all our people of the needs, the desires, and aspirations of our Hawaiian community.

"I am sure the Trustees share with me the belief that we are stewards over this land and its bounties. It is our responsibility to serve the collective will of our people. Inherent in this stewardship is our common obligation to preserve and nurture the dignity of our people and our land so that one day, we may hand down to those who follow us, a richer more rewarding life than that which was passed on to us by our predecessors.

"In another vein, I hope that the Trustees of the Office of Hawaiian Affairs will--at some time in the future--look at what role the Hawaiian people might play in the development of Hawaii's relations with other Pacific nations, and what we might learn from their cultures.

"In regard to our activities in the Pacific, there have been several

exciting developments during the past year in our effort to enhance our relations with the countries and territories of the Pacific.

"Following a successful conference early last year, Hawaii, American Samoa, Guam and the Commonwealth of the Northern Marianas entered into a partnership to form the Pacific Basin Development Council. The Council has established an office in Honolulu and is now working on a priority list of mutual concerns which include fisheries development, alternate energy development, and small business assistance programs.

"Hawaii and the Council also have become participants in a newly formed organization called the Pacific Island Conference which includes in its membership nearly all of the Pacific Island nations and territories. We believe that Hawaii will establish important links with these South and Central Pacific nations through this organization.

"We must take careful steps to work on programs of mutual concern and to help one another. Hawaii has much to offer in technical expertise, education and market opportunities. Others, in turn, can offer us much in cultural enrichment and reciprocal trade opportunities.

"Because of our limited lands, one of our major concerns is the issue of Federal ownership, or control of lands, within our State. It is one I intend to deal with immediately, and vigorously.

"I will request that all Federal surplus lands either be turned over to the State, to the Counties, or to the Office of Hawaiian Affairs, for the long-term benefit of our people.

"On ceded lands, I will continue to seek the speedy return by the Federal Government of unrequired lands they now hold.

"I also intend to renegotiate some of the agreements that we entered into during our Territorial-status days and in the early years of Statehood.

"In this regard, I will seek a clearer agreement on the Island of Kahoolawe.

"I fully understand, and support, the present needs of the Navy, but just as surely I support the proposition that when these needs cease, this land will be returned to the State of Hawaii.

"The holding by the United States Government of lands and facilities, beyond original needs and intents, has occurred in certain areas at Piers 39 and 40, and

I intend to pursue the matter of their return as vigorously as possible.

"I believe very strongly in our national defense effort, and the obvious need for it. Many times, in answer to critics of my policies regarding the military, I point out that every citizen, and every State, must make sacrifices for the protection and well-being of this nation.

"Because of our geographic location, we may be called upon to make disproportional efforts on behalf of our nation's defense, and to endure disproportional inconveniences. I think every citizen of this State realizes this and is willing to make these sacrifices.

"At the same time, I think the pride of our citizens, and their heritage, must be jealously guarded, and it is for this reason that I want to insure the return of such Federal lands and properties to the jurisdiction of the State of Hawaii at the appropriate times.

"In another land matter, our consultants for the Aloha Tower Plaza project will soon complete their feasibility study. As you review this document, you will find that we have a genuine opportunity to create a project that will transform underutilized and valuable Honolulu waterfront property into a showcase for international trade and public-use activities.

"Based on the findings, we are seeking your authorization to proceed on this important project.

"We are proposing the creation of a development corporation, to direct redevelopment activities for the area. The corporation would be charged with the responsibility of supervising the development of an international trade center, modernizing the area's maritime facilities, enhancing the beautification of the downtown waterfront, and providing public access to this area.

"During this session, I will submit a concurrent resolution for your consideration which would permit us to enter into discussions with private enterprises for the development of an industrial park in the Keehi Lagoon area. It would be located in the vicinity of the Airport's reef runway.

"Obviously, prime considerations in any such proposal are not confined to economics, but also encompass environmental and social concerns.

"The development concept, if it proves feasible, would assist greatly in strengthening our overseas trade, since it would be strategically positioned close to ocean and air transportation facilities.

"In the field of alternate energy, I am happy to report that Hawaii has made considerable progress in developing electrical energy from several sources--biomass, direct solar, wind, ocean, as well as the earth's heat--some of these are on line now or will be shortly. This has been due largely to your efforts and the efforts of many State agencies including the University of Hawaii, the Counties, and the private sector to come up with workable, economical solutions.

"In order to provide greater support for these efforts, I am proposing that an Energy Division be created in the Department of Planning and Economic Development. This new division can offer better coordination for the various State energy programs than is now available.

"I have spoken of our preferred future, of our desire to determine our own destiny through cooperation and planning, not by leaving it to chance.

"I wish to speak to you now about some special problems we face in Hawaii today, and to offer you proposals to deal with those problems.

"While we may not be in total agreement about the specifics of each issue, I ask that we all bear in mind that we share a common responsibility to provide a future for Hawaii that is as sustaining, as hopeful, and as free as any we have known.

"Meeting these responsibilities will not be easy, but the tasks ahead of us can be facilitated through mutual respect and through cooperation.

"In the critical area of crime, I met recently with the Mayors, Prosecutors and Chiefs of Police of our four Counties, representatives of the Judiciary, and other officials involved in our criminal justice system.

"The meeting lasted many hours, and I was tremendously encouraged by its accomplishments and by the recommendations emerging from it.

"I said that I did not expect that a one-day meeting would provide all the solutions to crime in Hawaii. But we did make a start, and a very significant start, in this essential fight against elements and situations that greatly

concern our people.

"We must address this problem with all the resources and innovativeness at our disposal.

"My Administration, the Counties, and the Judiciary are all committed to doing what is necessary, in all areas of criminal justice, to make our Islands once again a safe place to live, a safe place to raise children, and a safe place to visit.

"Significant as the proposals emerging from the conference were, the greatest importance, I feel, rested in the fact that at long last, most of the people involved in criminal justice in this State finally were conferring with one another. You should expect greater coordination of effort. And I earnestly request that you give utmost consideration to the crime bills to be presented to you by public and private agencies so deeply involved in and knowledgeable about these issues.

"Another concern of importance to our people is the availability of affordable housing.

"Through your past authorizations, we have been able to construct thousands of low and moderate income units for sale throughout the State. We also have built many rental units for those--including the elderly--who could not afford to purchase a home.

"While we will continue these efforts, we are recommending an expansion of one of the more successful programs, the mortgage revenue bond program known as HULA MAE.

"Since the first bonds were sold last year, nearly 1,300 families and individuals--who otherwise would not have qualified for conventional mortgage loans--were able to purchase their own homes.

"We have sent you a status report on this program and, based on its success and effectiveness, we are requesting an additional authorization of 250 million dollars. We will submit a proposal which will allow more potential homeowners on the Neighbor Islands to participate in this program.

"Another area of considerable importance, and considerable concern to everyone in our State is our visitor industry.

"With tourism to our Islands levelling

off, and with airline fares continuing to spiral because of ever-increasing energy costs, it is imperative that we take action now to improve our Island visitor attractions and properties if we are to maintain, and enhance, this essential business.

"A number of tourist areas--particularly Waikiki--have been allowed to fall into discouraging neglect. I am sure all of us are ashamed of the tawdry appearance, of the lack of cleanliness, of the smut peddlers, the traffic, the hawkers, and the general atmosphere from which millions of persons each year form their opinions of Hawaii and its people.

"It is important that government work cooperatively with the private sector to safeguard and enhance this immense resource.

"Therefore, I am asking for your favorable consideration of 5 million dollars for improvements to Waikiki.

"In addition to the 5 million dollars in improvements, there are other steps we need to take to strengthen the visitor industry throughout our State.

"Several months ago, along with tourist industry leaders, I proposed the creation of a program to promote Hawaii's tourism. This program, called 'Hawaii '82,' is a 4 million dollar promotion effort aimed at revitalizing our softening visitor market. Except for \$200,000, all the funds will come from the private sector. However, this is a one-time promotional effort and we must find a way of better promoting Hawaii in the future on a more systematic basis.

"Tourism is one of the fastest growing industries in the world today. Each year, competition for the international and domestic tourist dollar becomes keener. We strongly believe that this promotional effort, along with the needed and long overdue improvements to our visitor destination areas, will go far to safeguard and enhance this vital Island industry.

"Last year, the Legislature authorized the expenditure of cash to acquire land for historical, agricultural and recreational purposes.

"This was a major step in preserving open spaces for the economic and esthetic benefit of all our citizens and visitors. I now propose a new permanent program of land acquisition--that each year we set aside a portion of our capital

funds to acquire important parcels of land.

"On another land matter of critical importance, I urge you once again to take definitive action on establishing the site of another airport on the island of Oahu.

"I pray that it will not take a major air disaster to produce action to relieve the potentially lethal mix of airliners and private planes at Honolulu International Airport.

"I have suggested an area at Poamoho as the most feasible one for an alternate airport. This decision was not easily arrived at, nor was it accomplished without discussion, dissension, and some discord.

"No one wants an airport in their area, and I have not been immune from the protests of those now in the Poamoho area. I am certainly not unsympathetic to those protests. Some speak eloquently of their concern.

"But the persistent question remains, if not Poamoho, then where?

"I cannot believe anyone in this Legislative body doubts the daily danger existing at Honolulu Airport. I cannot believe that anyone in this body can conscientiously deny the imperative need for another airport.

"So let us move this session to resolve this question. It is a difficult issue, one that never will be resolved with universal acceptance, but one that cries out for solution by you. I have made a difficult decision in selecting a site. I ask all of you, in the name of millions of people who use our International Airport, to accept the challenge of reality and make a decision.

"Now, I do not pretend that the solutions to these persistent and troublesome problems are easy. But we must, jointly, share in the responsibility to make Hawaii a better and safer place to live.

"Since we share in the responsibility of resolving society's problems, so may we share in society's accomplishments.

"For example, the test scores of our students, on a national scale, show significant improvement. This is heartening in light of the ever-increasing budget allotted to the Department of Education, and the dedication of thousands of educators determined to give

our youngsters a superior education and the motivation for a successful life.

"Both the Department of Education and the University system play an important role in the development of our community. They require and merit our support, our understanding and our encouragement.

"In other fields, Hawaii continues to be an innovator and a leader--especially in alternate energy, diversified agriculture, and aquaculture.

"Our Administration has tried to be an Administration of the people, sensitive to their needs and to their desires.

"I am very proud of what has been accomplished, with your assistance, in upgrading our hospitals and general health care; in strengthening the welfare system to provide for those truly in need, but denying benefits to those who would cheat the system; in providing a more humane system under which those who formerly would have been placed in care institutions--probably for life--now have the opportunity for a more normal and happy life in a community environment; and in more and better programs for our elderly, so that they can live with greater comfort and dignity and purpose.

"I could go on and on enumerating programs which have benefitted our people. Never, I suggest, have any of us spent dollars more wisely, or more productively, than in helping people to help themselves.

"I do take considerable pride in that we, working together, have succeeded in maintaining a strong financial foundation for this State. We only have to look around us to judge, by comparison, just how well we have succeeded.

"As of today, we have a surplus of \$179 million.

"The accumulation of this surplus from \$2.4 million at the end of the 1977-1978 fiscal year is due both to our responsible fiscal policies and to an unanticipated rise in revenues.

"The State Constitution requires that you in our Legislature establish an expenditure ceiling which limits appropriations to the estimated rate of growth in our economy. This ceiling was enacted by you last year, and provides that expenditures be limited to the average three-year growth rate of State personal income, to appropriations starting with the 1978-1979 fiscal year.

"Faced with this ceiling, we prepared

a balanced budget for your consideration. This was not an easy task, and difficult choices had to be made. While it was not possible to recommend funding for all programs, we believe this budget does provide for the improvement of programs and services essential to the growth and prosperity of our economy and the health and well-being of our citizens.

"All of us can take considerable pride that a surplus exists, because it represents successful stewardship of our taxpayers' money.

"It has obviously been very important that our State exercise prudence in its expenditures. It has been important, too, to define, and to redefine, the priorities of our government, if we are to maintain this sound fiscal management and responsibility.

"To follow such frugal policies was not a happy task, either personally or politically, but it was one I accepted in the name of financial solvency for this State.

"Now, we have the task of how best to return the fruits of our efforts to the taxpayers.

"I will send proposals to this legislative body to enact a permanent tax credit of \$50 for each resident of this State. This would mean an additional \$200 annually for an average family of four, not just this year, but every year. It is designed to return most of the taxes paid on food and drugs.

"I feel this program is most equitable and will do the most good for those in the greatest need of assistance, namely the elderly and others on fixed incomes.

"I strongly recommend such a plan as being the most prudent and progressive of all the alternatives.

"Certainly, there are other proposals.

"One is the elimination of the excise tax on food and drugs.

"I do not consider this to be the best, or the fairest, solution because those who are not residents of Hawaii, and who are not subject to our income taxes, but yet who reside here for long periods, would be freed from paying one of the few taxes they now pay.

"The tax credit, to bona fide residents of Hawaii, is the fairest, most equitable, way to return our surplus dollars.

"In closing, I would like to note that two significant inaugural ceremonies have taken place during this past month.

"One occurred on the lawn of Honolulu Hale.

"The other, on the steps of the Capitol in Washington, D. C.

"I attended both, and was moved by both.

"In Washington, Ronald Reagan was inaugurated as our 40th President.

"He is a man dedicated to change. He comes into office with an overwhelming mandate from the American people who have expressed a desire for new directions.

"President Reagan is not a member of my party, and indeed did not receive the majority of votes from the citizens of Hawaii. But I think all of us, regardless of ideology or party affiliation, can pray for the success of this man and his Administration, as he assumes the world's most difficult job.

"I am an American first, and a Democrat second, and I have pledged to President Reagan my support as all of us work toward common goals.

"In Honolulu, Mayor Eileen Anderson, in her inaugural address, called the City and County of Honolulu a very special place.

"I think many of us would expand that description to encompass all of Hawaii, for this, truly, is a very special place of all places in our world.

"It is a place where diverse cultures, and ethnic heritages, and different values, have come together to create a people with a common understanding and a common purpose.

"Hawaii is a place where the dignity of every human being, regardless of ancestry or economic status, has been raised to possibly the highest level in the history of man.

"Hawaii is unique in this world, not just because of our sun, and beaches, mountains and valleys, but most importantly, because of our people, and what they stand for, and what they represent.

"This society has come to us through the dedication, the understanding, and the sacrifices of those who preceded us. Let those of us now in a position of leadership accept the challenges of the present, along with the promise of the future, and make certain that

this very special place called Hawaii will endure, and with God's help, will prosper in freedom, and in righteousness.

"Mahalo and Aloha."

Senate President Wong then rose and stated:

"Governor, you have outlined for us your goals and aspirations for a better Hawaii. We of the Eleventh State Legislature commit ourselves in a spirit of cooperation in attaining a better life for our people here in Hawaii.

"Thank you very much, Governor.

"There being no further business, I adjourn this Joint Session of the Eleventh State Legislature."

At 11:15 o'clock a.m., the joint session with the Senate adjourned and the House stood in recess, subject to the call of the Chair.

Upon reconvening at 11:37 o'clock a.m., the Chair directed the Clerk to note the presence of Representatives Kunimura and Lacy.

A resolution (H.R. No. 156) extending congratulations to Robin Otagaki, Earth and Marine Science teacher at Moanalua High School, for being designated Hawaii's Teacher of the Year 1981 was jointly offered by Representatives Waihee and Albano.

On motion by Representative Waihee, seconded by Representative Albano and carried, H.R. No. 156 was adopted.

Representative Waihee then rose and stated:

"Mr. Speaker, I would like to say a few words about the honoree this morning.

Mr. Otagaki instituted the Marine Science Program at both Castle and Moanalua High Schools, and in doing so, he developed the first such program in the State of Hawaii. The design of the materials and the curriculum is based on the premise that the study of the ocean gives an opportunity for

children at all learning levels to be engaged in interdisciplinary study of scientific inquiry.

Mr. Otagaki has been active in the sponsorship of many science clubs and May Day programs. The basis of his philosophy is that good teaching starts with good communication with his students."

Representative Waihee then presented the honoree, Mr. Robin Otagaki, and his wife, Sharon, to the members of the House.

Representative Hashimoto presented Mr. Otagaki with a red carnation lei while Representative Albano gave Mrs. Otagaki a floral bouquet. Representative Waihee presented the honoree with a certified copy of the resolution.

Representative Anderson then rose to say a few words about these two gentlemen:

"Mr. Speaker, I have had the distinct pleasure, for the past 20 years, to be a member of the Association of Hawaiian Civic Clubs and the Kailua Hawaiian Civic Club. The reason I have stayed on is because of people like these two gentlemen.

Uncle Hobie has given his whole

life to help promote Hawaiians to a better education, to stand in the community on their own two feet, and to be productive.

Mr. Lake, through his efforts and his belief that the children of Hawaii should have their roots explained to them, has done it through so many ways, as you have heard this morning. . . through his music and teaching of the culture."

Representative Anderson then asked a group of Mr. Lake's students from Saint Louis High School who were seated in the gallery to stand and be recognized.

Representative Anderson presented the honorees, Mr. John Lake and Mr. E.C. Hobron Van Gieson, "a very dedicated gentleman and I really love him dearly."

Red carnation leis were presented to Mr. Lake by Representative Marumoto and to Mr. Van Gieson by Representative Isbell while certified copies of the resolutions were presented to the honorees by Representatives Rohlfing and Segawa, respectively.

Representative Kamali'i then rose and stated:

"Mr. Speaker and members of the House, it is not very often that we are given the privilege to honor the memory of such a beautiful person. For those of us who have had the opportunity to have been in the presence of this lady, we will always remember and never forget. For those of us who were here in this House when George Helm was given the privilege to address us regarding the island of Kahoolawe, it was at that time that, for me, my life changed, and it was during those years and those months that I spent with Auntie Emma up at the Queen Emma Palace that she taught me what it means to be a Hawaiian and, today, we honor her memory.

She will always live with me and with everyone here, whether you are a hanai or a blood relative; we are all her children. She died as a true Hawaiian. She picked her spot, and her people took her to the shores of Kaaawa, and even in today's modern world, it happened, and I thank all of those who were responsible for that very kind gesture.

Today, I would like to introduce Auntie Emma's family, her "ohana" and mine, and I think this is also her first."

Representative Kamali'i proceeded to introduce the following: Mrs. Marion Peters, Auntie Emma's aunt and matriarch; her sisters, Aunt Esther Smythe, Marion Espinal, Kekauilani Kalama

and Violet Anakalea; her hanai daughter, Olga Mitchell; her brothers, brother Henry de Fries, brother Danny, brother Victor; and John, her nephew; and Charles Sham.

Representative Kamali'i then asked other members of the "ohana" seated in the gallery to stand and be recognized: "Auntie Frenchy De Soto. . . will all of you please rise so that we all can share in this memory of a lady that we love, and for the members of the Daughters of Hawaii that are here, aloha."

Representative Tungpalan presented Mrs. Peters with a red carnation lei while Representative D. Hagino presented certified copies of the resolution.

In response, Kekaulani Kalama, sister of Auntie Emma, offered a chant.

Representative Kamali'i then asked brother Frank "to pay further tribute to Auntie Emma at this time", whereupon Frank Kawaikapuokalani Hewett, Auntie Emma's hanai son and protege, offered a chant.

At 11:35 o'clock a.m., the Chair declared a recess, subject to the call of the Chair, "for the purpose of extending our aloha and mahalo to our loved ones and family of Auntie Emma for coming down and sharing this very warm, heartfelt moment with all of us."

INTRODUCTION OF RESOLUTIONS

The following resolutions (H.R. Nos. 210 and 245 to 247) were read by the Clerk and were disposed of as follows:

Hagino, Hashimoto, Hirono, Ige, Isbell, Levin, Matsuura, Monahan, Morioka, Nakamura, Nakasato, Okamura, Sakamoto, Say, Segawa, Stanley, Takitani, Taniguchi, Toguchi and Peters.

On motion by Representative Kunimura, seconded by Representative Yamada and carried, H.R. No. 210 was adopted.

Representative Kunimura then rose and stated:

"So often in life, Mr. Speaker, we have people moving into the community, and we welcome new people and we welcome them with open arms, but so often they take more out than bring into the community, and once in a very, very rare moment, we find a person coming into the community and totally giving of himself or herself for the benefit and the growth of the people and

the culture of the community. And, this is the man we have with us this morning. He has come to Kauai and lived amongst us and has given so much, not only to us who are older, but to the young people of Kauai -- the students.

And, Mr. Speaker, we are very proud that in a very small community on Kauai, we have such a beautiful and outstanding museum because man is no different than the other animals that walk on the face of this earth except that man look back, and man has history, and he can relate to the past as well as look to the future. Man do not exist alone but man lives, and this is the kind of person Mr. Gahrn has been and the kind of example he has set for us on Kauai."

Representative Kunimura, at this time, presented Mr. Gahrn to the members of the House and audience.

Representative Tungpalan presented the honoree with a red carnation lei while Representative Kawakami presented him with a certified copy of the resolution.

At 11:45 o'clock a.m., the Chair declared a recess, subject to the call of the Chair, "for the purpose of extending our personal gratitude and aloha to our honored guest."

Upon reconvening at 11:50 o'clock a.m., the Chair directed the Clerk to note the presence of Representatives Ikeda, Levin and Taniguchi.

A resolution (H.R. No. 245) congratulating Laura Omoto for her achievements in the 4-H program was jointly offered by Representatives Hashimoto, Aki, Albano, Anderson, Andrews, Baker, Blair, Chun, de Heer, Dods, Fukunaga, D. Hagino, G. Hagino, Hirono, Honda, Ige, Ikeda, Isbell, Kamali'i, Kawakami, Kihano, Kiyabu, Kunimura, Lacy, Levin, Liu, Marumoto, Matsuura, Medeiros, Monahan, Morioka, Nakamura, Nakasato, Narvaes, Okamura, Rohlfing, Sakamoto, Say, Segawa, Shito, Stanley, Takamine, Takitani, Taniguchi, Toguchi, Tungpalan, Waihee, Wong and Yamada.

On motion by Representative Hashimoto, seconded by Representative Tungpalan and carried, H.R. No. 245 was adopted.

A resolution (H.R. No. 246) congratulating Stephanie Anbe for her achievements in the 4-H program was jointly offered by Representatives Hashimoto, Aki, Albano, Anderson, Andrews, Baker, Blair, Chun, de Heer, Dods, Fukunaga, D. Okamura, Rohlfing, Sakamoto, Say, Segawa, Shito, Stanley, Takamine, Takitani, Taniguchi, Toguchi, Tungpalan, Waihee, Wong and Yamada.

On motion by Representative Hashimoto, seconded by Representative Tungpalan and carried, H.R. No. 246 was adopted.

A resolution (H.R. No. 247) eulogizing John Lennon, musician, artist, writer, and prophet was jointly offered by Representatives Aki, Andrews, Blair, de Heer, Fukunaga, G. Hagino, G. Hagino, Hashimoto, Hirono, Isbell, Kobayashi, Levin, Liu, Marumoto, Nakasato, Okamura, Sakamoto, Say, Stanley, Takitani, Taniguchi, Toguchi, Tungpalan, Waihee, Chun, Honda, Ige, Matsuura, Narvaes and Rohlfing.

Representative Takitani moved that the resolution be adopted, seconded by Representative G. Hagino.

Representative D. Hagino then rose and stated:

"Mr. Speaker, the last album of John Lennon was titled, 'Double Fantasy', and it seems somehow ironic, but yet appropriate, that the hit single is called 'just like starting over.'"

There is a review written by Dale Araki in the University of Hawaii Ka Leo newspaper which I would like to read: 'His message is simple and sentimental, but it is honest. Lennon asks us to keep peace with ourselves, be optimistic, keep looking ahead, and cherish the ones we love.'

This is wonderful advice for our times.

Thank you very much."

The motion was put by the Chair and carried, and H.R. No. 247 was adopted by a rising vote.

For many years we have been strong critics of some of things that went on, and there's lots to be desired. Although I'm ready, willing and able to help celebrate the fiftieth anniversary, certainly I'd like to wish the new Dean of the College of Education many happy returns in his endeavor, that I know with our cooperation, that he can make the College of Education a much better place. We have been, in my estimation, graduating alot of puppets out of the College, and I hope that the new Dean will produce thinking people, and people with great love and warmth in their hearts, so they can turn on our students and make them human beings rather than human computers. I urge all members to vote with a loud, resounding aye for this resolution this morning."
