INTRODUCTION OF RESOLUTION

A resolution (H.R. No. 2) declaring the Honorable Richard A. Kawakami, Representative from the Fifty-First District, and Emilio S. Alcon, Representative from the Thirty-Eighth District, as Speaker and Vice Speaker, respectively, of the House of Representatives of the Fourteenth Legislature of the State of Hawaii was jointly offered by Representatives Kihano and Kanoho and was read by the Temporary Clerk.

On motion by Representative Kihano, seconded by Representative Kanoho and carried, H.R. No. 2 was adopted.

The Temporary Chairman appointed Representatives Emilio S. Alcon, Whitney T. Anderson, Peter K. Apo, David M. Hagino, Ezra R. Kanoho, Daniel J. Kihano, Michael Liu, Tom Okamura, Joseph M. Souki, Dwight Y. Takamine and Eloise Yamashita Tungpalan to escort the newly elected Speaker to the rostrum whereupon the Temporary Chairman presented the gavel to the newly elected Speaker.

The Speaker took the Chair and stated:

"Thank you very much, Representative Levin. Governor and Mrs. John Waihee; Lieutenant Governor and Mrs. Ben Cayetano; and our very special guests who have found the time to visit us this morning, Governor George Ariyoshi and his wife, Jean; members of the four county councils, distinguished guests, colleagues, friends and fellow citizens -- welcome.

"I stand before you today with a great sense of humility and a deep and abiding commitment to honor your trust, as we who serve together in the Fourteenth Legislature will design and place the building blocks that will be the foundation of Hawaii's 21st century.

"There can be no doubt that we stand at the threshold of a new era in Hawaii's social and political history. At the helm of our state are

a new governor and lieutenant governor -- men of Hawaii whose views were forged in America's social reform years and tested in the less strident, more conservative aftermath. Our seventeen state departments are headed by a host of new directors who were selected for their specialized management skills, and for their commitment to a new beginning in every sector of our government. We have a relatively new president of the University of Hawaii, a new superintendent of the state Department of Education -- both installed at a time when we view education to be among our most compelling priorities. And we congratulate the twelve men and women who join us in the House as new legislators. We welcome you and commend you, your families, and your supporters for your commitment to public service which is reflected in your election to the Hawaii State Legislature.

"The installation of so many new political leaders at this time in our history bears possibilities which far exceed the imagination. My friends, the time to dream what might have seemed impossible before is now. The time has come to plan, to discuss, and to act boldly. Now is the time to dare, to innovate and to ensure the emergence of a society in which economic opportunity, and the dignity and worth of all people regardless of ethnic heritage, gender, class, or age become realities.

"Let us recognize that we are in the midst of a political revolution equal to that which occurred in these islands in the 1950's. For as those of the Burns' era shaped almost three decades of Hawaii's history, so too are we the architects of the destiny of this state as it marches toward the year 2000 and beyond. Let us therefore never forget our responsibility to those who have placed their trust in us. Let us strive to leave a legacy of integrity, compassion, bold innovation, and foresight.

"Centuries ago, all of mankind experienced a revolution of profound ramifications. Believing that the world was flat, our European forebearers lived their lives as if it were. But once it was learned that the earth is round -- not flat -- life was altered in a myriad of ways.

"I ask that we join together, as did a few daring individuals in those centuries past, to examine the issues which come before us with the courage and the willingness to per-

ceive and think in new ways, to extend our vision beyond the horizon of the current century, so that we might prepare wisely for the century ahead.

"We must push ourselves to think anew about the concerns which face our state. We must challenge old premises and replace threadbare paradigms, while retaining as firm anchors those ideological perspectives and fundamental values which reflect the nobility and humanity of mankind.

"Let us therefore pledge to examine the structure and functions of our government bureaucracy -- to streamline its operations where it is unwieldy; to ensure that state and county functions enhance rather than duplicate each other; to build in assurances that will increase government effectiveness, responsiveness, and productivity; and to enable our state to move confidently into the 21st century. And in that process, let us not threaten the livelihoods of those who are loyal public servants. Rather, let us offer them meaningful work and responsibilities which will contribute to the progress of our island community.

"Let us look with eyes anew at our educational policies and affirm our intent to give all those who seek an education the ability to read, write, think, and exercise responsible judgment, and encourage those who are eager and able to achieve to their hearts' desire. Let us cast aside the model in which an education must be obtained in a nine month school year or only between the hours of 8:00 a.m. and 2:00 p.m. and entertain the potential benefits of a longer school year or a longer school day. Education is a profession. Can we not therefore commit ourselves to new career development and incentive programs for teachers?

"Let us declare that we will challenge the myths which have long held that aging will always be equated with illness, loneliness and poverty -- the stereotype which holds that we must view aging as a health domain or a social service phenomenon. Let us suggest instead that aging is a phenomenon in its own right, complete with a full array of the healthy and the ill, the rich and poor, men and women from all walks of life. Let us acknowledge that it is timely for us to adopt policies and programs which recognize the fact that our state has one of the most rapidly aging populations in the nation, and one of the best longevity records in the world.

As we put into place long term care measures, let us insist that we give full attention to community-based, in-home care. Let us support those who generously give care to family members and loved ones, those who are alone, and those who live in rural as well as urban areas. Let us protect those who are vulnerable and at-risk of being neglected or abused. And let us say that aging should not be a privilege, but rather an entitlement for all of our citizens.

"The commitment we have to prepare Hawaii for the demands of the next century must be reflected in policies which foster our state's economic development. The diversification of agriculture is a long discussed imperative. We will make it happen. We will look to such possibilities as agri-energy programs, their research and development with an eye to the long term.

"And as we aggressively pursue programs for agricultural innovations, we must simultaneously undertake economic development efforts with a comprehensive view, looking at how Hawaii can best showcase our unique geographical location, our tropical climate, our products, our expertise, and our most precious resource -- our people -- and market our state aggressively and effectively in the international arena. Few would disagree that a world class convention center is a necessity. You and I can make it happen. And we will develop further our expertise in tourism through strong industry research and training at the University of Hawaii. Last session we made history when we passed the hotel room tax. This year we must follow with provisions which permit some of these revenues to be appropriated to support the visitor industry and our four counties.

"We have heard much in the last several years about Hawaii's role in the Pacific. We must take this responsibility and role seriously and ensure that we develop the expertise to knowledgeably lead the rest of the nation and the world toward mutually beneficial economic, political, and social ventures. Just as there is a local way of doing things in Hawaii, there are Pacific and Asian ways. We insist that the integrity and welfare of the peoples of the Pacific and of Asia be honored. It is not enough for us to claim a kinship to these nations and territories. We must strengthen our discussions and actions, our counsel, and our inquiries with knowledge of these lands, their people, and their cul-

tures.

"The agenda we have before us is a very challenging one. I know that we will meet the challenge. As we do so, let us remind ourselves and others that we must ensure that our spending limits be observed and that we exercise sound financial responsibility.

"Finally, let us not forget that this is the year of the Hawaiian -- a year in which we will commemorate a people, who with their rich tradition and their loving culture, have given the world a living concept -- aloha -- from which our agenda for the 21st century springs.

"Permit me to close with a vision of the kind of society which we will join together in creating. One that embodies aloha and is so eloquently described by Judy Chicago in the following lines: 'And then all that has divided us will merge; And then compassion will be wedded to power. . .; And then all will care for the sick and the weak and the old; And then all will nourish the young. . .; And then all will live in harmony with each other and the earth; And then everywhere will be called Eden once again.'

"Thank you for the honor which you have bestowed upon me, and for entrusting me with the speakership of this House. I will strive always to maintain the integrity of this office, as we design and implement legislation which will set the foundation for our island state in the 21st century. God be with you and bless the destiny of Hawaii and its people.

"Together we will succeed.

"Thank you very much."

The Chair then recognized Representative Okamura, Majority Leader, who rose and responded:

"Thank you very much, Mr. Speaker. Honored guests, family and friends, we welcome you on behalf of the Majority caucus.

"Mr. Speaker, your remarks this morning exemplify the new leadership style and tone that will guide us throughout the session and we look forward to the establishment of a new and vigorous spirit. As we embark on the challenges of this Fourteenth Legislature, each and everyone of us should be mindful of our real purpose for being here.

"On behalf of our House members, we thank you for the opportunity to serve the people of Hawaii. You have entrusted us with the task of making critical decisions which will directly affect their lives -- decisions that will determine what kind of communities they will live in and the overall quality of life for you and your children. The trust and responsibility that the voters have placed in us must never be abused or taken lightly. We are not here to seek individual glory or personal gain. In fact, we as individuals cannot accomplish much here. Our strength lies in our willingness to work together through cooperation and compromise and, of course, with the belief that our constituents are the most important people in the state.

"In order to carry out the tasks before us, the Majority members of the House stand ready to provide both the vision and the innovative solutions to the issues we face.

"As we begin our work, I issue a challenge to the members of the Republican caucus to challenge and to question and to demand the very best from us so that we may all find the most workable solutions to the problems of this state. It is your job to keep us on our toes.

"We have the talent and experience to provide the leadership necessary to do what needs to be done, Mr. Speaker. It is my pleasure to inform you and the other members of this body that your Majority members are organized and ready to serve as the honored trustees of the people of this state.

"Thank you."

The Chair recognized Representative Liu, Minority Leader, who rose and responded:

"Mr. Speaker, my congratulations on behalf of the Republican caucus on your election. We trust that you will lead us well -- with understanding, courage and strength. Differences there will be, but let those differences be kept on the level of ideas and policy, and not degenerate into petty partisan politics. To Governor and Mrs. Waihee, Lieutenant Governor and Mrs. Cayetano, Chief Justice Lum, Governor and Mrs. George Ariyoshi, other distinguished guests, to my colleagues, and to those who we work for -- the people of Hawaii -- my greetings also; aloha.

"For someone like myself who when

he thinks of classic songs remembers, 'She Loves You' and 'Love Me Do' by the Beatles, it is with great humility that I, too, stand here before you. . .but it is with no less conviction, and no less intensity than that of my predecessors, that I declare today: That while the Republican caucus shall respect the leadership of this House, and the numerical advantage held by the Democrats, we will never wilt nor bend, nor give up on our responsibility to point out the weaknesses in the Majority position, to provide reasoned alternatives unfettered by concerns of patronage; to articulate the themes of Republicanism that find root in Lincoln's affirmation of individual rights, and opportunity for all, regardless of one's color, sex, religion, or years of citizenship in this country or any state -- we are all Americans, we are all people of Hawaii.

"What we do in the Fourteenth Legislature and how we start it in 1987 should set the stage for the drama developing before us: That of a unique island entity entering an era of untested leadership, economic uncertainty, and social diversity.

"The year 2000, as you have stated Mr. Speaker, the 21st century, is only thirteen years away; so the question we do certainly ask ourselves is: Will we be ready. . .will we be a participant on the national and international scene, or will we be relegated to the world of spectator, watching other states and nations move ahead of us? I cannot say for sure what will happen if we do not enter that field, but I am sure that if we do not, if we continue as we have for the last fifteen years, we will never become real participants in a changing world order. We can aloha, good-bye, to the age of the Pacific; we can say aloha to high-tech development; aloha to better and more jobs for the 14,000 high school seniors who enter our labor force every year.

"We must have the fortitude and guts to risk making policy choices and sticking to them, even if it means alienating entrenched special interests.

"Will a decision on a convention center site be made in 1987 or will it languish in a quagmire of provincial concerns that the past administration could never come to grips with?

"Will this administration be able to make a decision on a reliever airport site and make life safer for the thousands who fly in and out of this

state?

"Will our traffic woes, on all our islands be any less so in 1988 or 1990, or will they be worse?

"Will land use changes be instituted to bring down the cost of land and housing?

"Will the offensive be taken on the war against drugs so that we will shut down the largest cash crop in the islands -- marijuana -- by providing the manpower needed to patrol our harbors, our airports and our state lands?

"Can this administration and Legislature find the political will to make the tough choices? You of course, Mr. Speaker, know best the intentions of your caucus. To the people of Hawaii, we Republicans assure you that we do have the will to move on these issues.

"We also have the will to deal with the specifics of quality education of lowering the cost of living, and 'working together.' To give these words a definition, Mr. Speaker, we ask that you and the administration support plans to put education policy squarely on the shoulders of the Governor and the Superintendent of Education, by considering doing away with the elected Board of Education that has shown that despite its best efforts, that it cannot provide for a satisfactory education system for all of Hawaii's people.

"Quality education should also, by statute and budget priorities, entail reduced class size in as many grades as possible, in order to allow teachers to teach and kids to learn.

"Some are saying that Japan has larger classes than U.S. schools and their students do better than ours. But we must temper that by recognizing that for many cultural and social reasons, the Japanese family spends much more time together with their children on their school work than do American families, including those in Hawaii, and until that changes, we must provide a smaller classroom environment for teachers and students to interact in. And in any case, Hawaii does not even measure up to the Japanese average of 22 students per teacher. Our average is just over 26.

"To transform the words 'lower cost of living' into something more than a campaign slogan for all of us, we in the Minority hope that we will finally

persuade our Democratic brethren that Republicans have been right for over twenty years in proposing the elimination of the excise tax on food.

"And finally, as an example of 'working together' with all groups in society, should we not listen to doctors who ask for a re-examination of tort law? Their problems translate into people in Kona not being able to get the health care they need; doctors' liability problems translate into expecting Molokai mothers having to still travel to Oahu and Maui to have their babies delivered; doctors' problems with current medical liability law translates into one-third of all Hawaii doctors reconsidering their medical careers, and ultimately, this problem is a cause of higher medical bills for every man, woman and child in this state.

"But none of these and a myriad of other pressing issues will be resolved unless we take action to test strategies, theories, and learn from our mistakes, and unless we decide to be open and different to do things in a way that perhaps we have never tried before. Again to be participants rather than spectators.

"For instance, we will not solve the medical liability law issue unless we do the unheard of -- overhaul a law we passed within a year -- last summer's so-called Tort Reform Act.

"Another for instance -- the Governor has spoken about shaking up the bureaucracy and instilling a new can-do spirit, but to accomplish this, a restructuring of state government employer-employee relations will have to be examined. Changes in contracts and interpretation of laws are needed that will give both the employee and employer more flexibility to deal with specific problems in order to really solve those problems.

"And in order to eliminate an elected Board of Education, something will have to be taken away from an interest group which is just the kind of thing that rarely has happened in this state in the last ten years.

"In short, Mr. Speaker, I believe that if we turn our backs on the politics of insularity of the status quo, and instead create an ethic that values experimentation, competence, and initiative, that we will become participants in the world scene, that we will find the political courage to make the hard choices that cannot please everyone, and we will make

breakthroughs than on our policies on education, taxes and jobs.

"I know this is more easily said than done because the human mind can be the strongest fortress against change.

"But, Mr. Speaker, as an optimist and a Republican, and I think those two things are synonymous in this state, I feel that Hawaii's people want change, would welcome it, and because they understand that unless we try, we will never reach the potential or destiny that we know in our hearts can exist for this state. It can happen -- it must happen, Mr. Speaker. Let us all make it happen.

"Thank you very much."

Representative Anderson: "I hope that he means that I'm going to be a shining light as far as my ability to take care of the job and not 'my head.'"

Representative Apo: "Now that I have a new seat, I was hoping Representative Anderson would stay in the back row."

ORDER OF THE DAY

INTRODUCTION OF RESOLUTION

A resolution (H.R. No. 7) recognizing Mr. Anthony Quinn for his masterful contributions to the fields of entertainment and of fine arts was jointly offered by Representatives Say, Shon, Tam, Yoshimura and Hashimoto and was read by the Clerk.

On motion by Representative Say,

seconded by Representative Shon and carried, H.R. No. 7 was adopted.

Representative Say then rose to introduce the honoree, stating:

"Mr. Speaker and honorable colleagues, I can see from your faces and those in the gallery, including many legislative staff women here, that they are aware of the presence of a very important artist in our midst. This artist excels in two fields -- that of the entertainment field and that of the fine arts. Yes, our guest of honor this morning is none other than 'Zorba the Greek' that we saw on television and at the movie theaters, or should I say the fisherman Pope, or many other appropriate names. He has won two Academy Awards in 1952 and again in 1956, and this year the Cecil B. DeMille Award by the Hollywood Foreign Press Association for outstanding contributions to the entertainment field."

Representative Say then asked the honoree, Mr. Anthony Quinn, to stand and be recognized. Accompanying Mr. Quinn were his wife; Lynn Cook of the Visitor Industry Education Council; Miss Irene Dessewffy, a friend of Mr. and Mrs. Quinn; and William Mett of the Center Art Gallery.

An ilima and maile leis were presented to the honorees by Representatives Hashimoto and Horita; and carnation leis were presented to Mrs. Quinn, Lynn Cook, Miss Dessewffy and Mr. Mett by Representatives Yoshimura, Shon and Anderson, respectively. A certified copy of the resolution was presented to Mr. Quinn by Representative Taniguchi.

Representative Say then asked members of the family and friends of Mr. and Mrs. Quinn who were seated in the gallery to stand and be recognized.

Representative Marumoto then rose and stated:

"Mr. Speaker, I should have spoken in favor of the resolution. I think Mr. Quinn is a great talent -- an enormous talent. When I saw him on Broadway in 'Zorba the Greek', his talent filled the entire stage, and thanks to the good offices of Miss Irene Dessewffy, I was able to visit you back stage, and even after the

performance you were so fresh; it was simply marvelous. You are an inspiration to all of us and to all seniors, and we won't tell people how old you are but you look much younger than you are, sir.

"Thank you for gracing Hawaii with your presence in the Capitol today. It's truly an honor to be able to meet you.

"Thank you very much."

At 11:17 o'clock a.m., the Chair declared a recess, subject to the call of the Chair, "so that the members will have the opportunity of meeting our guests, an actor, a fine artist in his own right -- 'Zorba the Greek'."

Upon reconvening at 11:25 o'clock a.m., the Chair directed the Clerk to note the presence of Representatives Hayes and Jones.

ANNOUNCEMENTS

Representative Souki: "The Finance Committee will be holding a public hearing in Room 306 on higher education at 1:30. All members of the House who are interested are welcome to attend."

Representative Bellinger: "Earlier this morning, a group of us accompanied Representative Crozier and we

had no doubt in his ability to get us all into prison. But we were delighted that he was able to get just about all of us out after our tour. Those three members that you had as absent. . . well, they didn't make it. But it was a very informative and educational tour and Representative Crozier I think is to be commended for it."

Representative Tam: "I have been asked by several of you, 'When is Chinese New Year?' Chinese New Year is next week, the 29th. For your pleasure tonight, Chinatown will be having their festivities, starting from 6:00 p.m. to midnight -- lion dance, fireworks throughout Chinatown."

Representative Hayes: "I have a brief footnote on the Opening Day ceremonies. Any of you who saw the Channel 9 news program and noticed the two-year old blonde twisting in the aisle -- that was my granddaughter."

ADJOURNMENT

At 11:29 o'clock a.m., on motion by Representative Apo, seconded by Representative Anderson and carried, the House of Representatives adjourned until 10:00 o'clock a.m. on Monday, January 26, 1987.

The Lieutenant Governor of the State of Hawaii, the Honorable Ben Cayetano; the Chief Justice of the Supreme Court, the Honorable Herman Lum; former governor of the State of Hawaii, the Honorable George Ariyoshi; the Honorable William F. Quinn, former governor of the State of Hawaii, and Mrs. Quinn.

The Honorable Frank F. Fasi, Mayor of the City and County of Honolulu; the Honorable Niklaus R. The Speaker also welcomed all the honored guests who were present.

The Chair then appointed Representatives Alcon, Okamura, Apo, Liu, and Anderson and Senators Young, Hagino, Blair, Henderson and George to escort the Honorable John Waihee, Governor of the State of Hawaii, to the rostrum.

Representatives Hayes, Fukunaga, Hirono, Horita, Hashimoto, Isbell, Tungpalan and Marumoto and Senators Solomon, George, Ikeda, A. Kobayashi, McMurdo, Young and Fernandes-Salling then presented Governor Waihee with ilima leis on behalf of the Senate and the House of Representatives.

The Speaker then presented to the members of the Fourteenth Legislature, and guests, the Honorable John Waihee, stating:

"Members of the Fourteenth Legislature, ladies and gentlemen, please join me in extending our warmest aloha and welcome to the Governor of the State of Hawaii, the Honorable John Waihee."

The Governor addressed the Joint Session, stating:

"Thank you.

"I used to always wonder what Governor Ariyoshi felt like with all of these leis. I feel like falling forward. Thank you very much for this token of friendship and fellowship.

"Senate President Wong, Speaker Kawakami, members of the Fourteenth State Legislature, Aloha.

"It is a privilege for me to stand before you today to offer my new administration's view of tomorrow.

"Today as we look ahead, one thing is crystal clear. The 21st century is the Pacific century. Rapidly moving world events have shifted the focus of economic activity from Europe and the Atlantic to the dynamic nations of Asia and the Pacific. The United States and Japan now account for almost one half of the free world's output and nearly one fourth of total world trade.

"These are imposing magnitudes. On top of them, real dynamism is also found in the newly-industrializing areas of Korea, Taiwan, Singapore and Hong Kong and the resource-rich countries of Indonesia, Malaysia, Thailand, and yes, the new Philippines. In addition, China with her accelerated reform and modernization program, will become a formidable force in the years ahead.

"Indeed, the Pacific century is already here, and the 21st century, in which most of Hawaii's people will be earning their living and aspiring to their dreams, is just around the corner.

"The real question is: Are we ready to take up the challenge; are we willing to assert our initiatives; and are we able to devote our energies to making the 21st century, Hawaii's century?

"We have all heard the rhetoric before--Hawaii, the Hub of the Pacific. It's a catchy cliché, and in its better days, a justifiable one.

"But it is now time to bury it.

"Yes, Hawaii is in the center of considerable economic activity, but ships are passing us by and planes are flying over and beyond. And yes, Hawaii is used as a center for communications between East and West, but if we do not master the new technologies, the age of information and telecommunications will easily elude us.

"And yes, Hawaii is a multi-cultural society with strong ties to Asian-Pacific countries, yet, our foreign language instruction has been lacking. We cannot help the rest of the world break down the communications barrier without first crossing the language barrier ourselves.

"And, yes, Hawaii is a beautiful place to live and visit, but Pacific

wide businesses are still more likely to play here than to stay here and work.

"Too long we have been at the hub--at the center--in the middle.

"Now it is time to seize upon new opportunities and to move into the forefront. If we want the 21st century to be our century, we must move to the cutting edge of Pacific affairs and make it our century.

"To do this we must turn the corner of this century with authority. We must lead the way rather than merely beckon for attention. To do this we must make an investment in our people, our human capital, by re-energizing our educational system from top to bottom. We must recognize forthrightly that we are living in an era of limitations, and yet we have great strength in our natural resources. Hawaii's future is in her people, her land, her ocean, and yes, her sky.

"Just as with our natural resources, there are limits to what government can do. I will not use this day to recount the decline of federal aid to local governments. Suffice it to say that for more than a long while now, state and county governments are on their own.

"But lead we must, and lead we will. And that means knowing the problems and allocating resources at our disposal in measured priority. It means strategic planning from the smallest county office to the fifth floor of the State Capitol. It means governmental partnerships with our educational institutions, business, labor and the community to chart a course of action which will get us where we want to be, when we want to be there.

"Having set this context, I would like to discuss with you the major actions this Administration proposes which you will be seeing in a more detailed form in the days ahead:

First, if we are going to lead in the Pacific century, we must invest in our future.

"As Aristotle said years ago, '...the fate of states, empires, and nations depends on the education of youth.'

"If we are going to achieve educational excellence, we need to make a substantial commitment to education. I am prepared to do that; but I will

not be content to simply transfer ever-increasing sums of money in the vague and certainly misguided hope that this alone will make the difference. We must see that each additional dollar generates a measurable improvement in the quality of our educational product.

"The question of the hour is: How can we give new life to our educational institutions that will free a child's imagination, renew a teacher's commitment, satisfy a parent's yearning, and inspire a people's support?

"Obviously, the answer requires that certain essentials be tended to. In the budget before you and in the supplemental budget to come, you will find appropriate sums set aside for repair and maintenance and the purchase of needed equipment.

"However, the full answer to that question requires more, much more--it requires innovation and leadership from all concerned with the educational process. We cannot satisfy today's concerns by merely expanding yesterday's responses. We cannot grasp tomorrow's possibilities by restricting our sight to today's limitations.

"We must unshackle our educational institutions, permit them to innovate, and hold them accountable for the results. It is that desire for and commitment to creativity and vision which can be found in our educational institutions that I intend to nurture and support.

"Last week, President Simone testified that the University of Hawaii has attained a position from which, with proper support, it could become a world-class university in a number of selected programs where its comparative advantage allows it to fill a special niche. Furthermore, the university could be regarded throughout the state and the world as outstanding in every program it offers.

"The university could become the premiere university in the Pacific rim.

"What a possibility!

"Well, President Simone, I accept your challenge. Let's do it. Let's build the University of Hawaii into the kind of premiere Pacific institution that our people's destiny deserves.

"This will not be an easy task since the resources of this state are not infinite. However, we can do it, if

we are willing to make the hard decisions that lead to educational progress. Among the hardest decisions to make are those which reallocate existing resources for new initiatives...but times change and budgets constructed to meet older concerns must be adjusted to reflect newer needs and changing priorities.

"We will have adequate resources to achieve our goals only if in addition to new monies, we are willing to reallocate existing resources from lower priority programs to higher priority ones. To do this, I propose to form a new partnership with the university.

"I am prepared to allocate \$30 million dollars over the biennium for new and enhanced initiatives at the University provided that the university funds one-third (1/3) of that amount (\$10 million) through the reallocation of its existing resources.

"In the spirit of partnership, the initiatives to be funded with this allocation will be left to the university's discretion subject to the condition that such initiatives be consistent with the vision of a Pacific university and the university's strategic plan.

"Likewise, I make the same proposal to the governing authorities of our public school system: review your programs, plans, and priorities for those initiatives and innovations that will enhance the quality of education in our schools, and for every dollar that you reallocate from the existing budget to support these efforts, I will recommend an investment of two matching dollars, up to a maximum of \$20 million.

"Let the Department of Education take advantage of this opportunity to deal with the nagging problems of our educational system:

. If more individualized attention would improve our students' verbal abilities, then consider reducing the size of English and writing classes;

. If the reduction of class size and lengthening of learning time are priorities, then at least pilot the concept of year-round schools. We all know that reducing class size across the board while adhering to the traditional school year would require resources far greater than we have;

. If learning centers, which have been tried with great success thus far, hold the potential for reducing duplication in course offerings, while offering the enrichment of curriculum, then promote them.

"The specific programs to be founded by this proposal should be appropriately left to the discretion of our superintendent and the board of education. However, we must insist that each new initiative produces measurable results.

"We must launch a concerted effort to introduce progressive and constructive change into our institutions, that they may respond vigorously to the altered circumstances in which we find ourselves. And as yesterday's headlines bear witness, there is no area in which change must be brought to bear more rapidly than in education.

"In partnership with the University of Hawaii and the public school system, we can begin to transform our educational system to meet today's problems and to take advantage of tomorrow's possibilities. This is well worth our investment.

"The students of today want jobs for tomorrow. And so, truly, if we are to move to the forefront of the Pacific, we must take strong and immediate economic action.

"Our first economic initiative must be to strengthen our existing industries within the global economies which surround us.

"For tourism, this means an international convention center. This center would be designed not only to meet the needs of our vital visitor industry, but also to augment Pacific trade and services. Our convention center will be able to serve all potential customers. It will have a positive international outlook and it will be designed to meet the language and informational needs of international participants. I envision a center which will enable us to achieve both our goals in quality tourism and in Pacific-wide trade and commerce.

"My friends, so long as the issue is the location of the center, we will have no center. I will submit to you a proposal for an international convention center authority. This authority will have a specific mandate and deadline to determine the nature, site, funding mechanisms, and management structure of the center. The

authority will gather data and hold public hearings to accomplish this. I propose that we get this authority into business by session's end.

"Last session, you enacted a transient accommodations tax. It is sound economic policy and just common sense that a reasonable portion of the revenues collected through this tax be designated to programs and projects which enhance the visitor industry. I propose that not less than 40 percent of the funds realized from this tax should be designated in budget appropriations for programs and projects that will support our state's number one industry.

"We must also move forward to strengthen and diversify our island's economic genesis, agriculture. For agriculture is not only a business with considerable value and potential, it is a way of life for our people and a way of life for the land itself.

"To do this, we propose:

- . increased marketing and promotions of our islands and their products.

- . improvements in our pesticide programs, including a biological control program with an arsenal of non-chemical weapons to fight agricultural pests and weeds.

- . and the upgrading and consolidation of neighbor island agriculture facilities for more effective one-stop service for our farmers.

"Agriculture and tourism have long served us well and deserve our continuing support. But we have given considerably less attention to a thriving, bustling segment of our economy, small business, which is responsible for so much of our job formation. We must not neglect existing and developing businesses which has served us well, and which has demonstrated its commitment to these islands.

"For many in the private sector, obtaining the necessary resources for growth is an impediment in capital-short Hawaii. Moreover, financial instruments which are available in other locations do not exist in these islands.

"To aid in the financing of business development, I propose an adequately funded, innovation loan program for business startup and expansion, and

a modified capital loan program, which is flexible enough to fund larger, less restrictive loans in cooperation with established financial institutions.

"These initiatives will not conflict with conventional sources of financing, but they will provide much needed stimulus to the vital small business sector of our economy.

"In the same vein, I propose that we implement a progressive reduction of the trigger for unemployment compensation assessments. The compensation fund is sound and has adequate resources, and reducing the level of assessments will allow capital to remain in the private sector and finance growth.

"These proposals are designed to stimulate existing business. We would be remiss, however, if we did not recognize the private sector's complaints that government has not been responsive to business.

"Business needs a friend in government to advocate its needs and interest. When we say, 'Hawaii Means Business,' we need an advocacy-oriented department to prove it.

"Thus, I propose to you legislation which will reorganize the Department of Planning and Economic Development, leaving the department free to lead the way and set the pace for business growth and development in Hawaii. As a watchdog for business, the department will review all proposed state rules to measure their impact on the economy.

"Our second economic initiative is the creation and expansion of new industries. We propose a combination of research and development, accelerated marketing programs, and new industry initiatives to accomplish this.

"First, in keeping with our desire to assume a position of leadership in technology, I have set in motion the necessary planning for the development of a satellite launching facility on the Big Island which can take advantage of Hawaii's unique geographical advantages.

"This is not a speculative venture. I intend to see ground broken in five years.

"To get the project moving, however, I will appoint a special committee, a working group, to come up with a solid plan for implementation.

"This summer we will sponsor, in

concert with a conference being organized by Senator Matsunaga, a governor's conference on space which will have access to international experts on the subject.

"Out of the conference and the committee's work, I expect to obtain a detailed blueprint for action on the development of a spaceport, the particulars of which I will submit to you upon the convening of the 1988 regular session, together with multi-year funding requests and authorizing legislation designed to put the project on the ground.

"I might add that we must also expand our burgeoning ocean industries, through needed CIP at the Natural Energy Lab and the Hawaii Ocean Science and Technology Park at Keahole, Kona.

"The new industrial opportunities we seek will not come to us without effort on our part. The time has passed when we can afford to rest content that the rest of the world would beat a path to our door.

"We have become in recent years highly competent at promoting Hawaii as a place to visit. Now it is time for us to turn those skills to the proposition that Hawaii is a great place in which to invest and to work.

"We must have a strong and effective marketing program both to advertise Hawaii as a place to do business and to improve the sales of our products. We must carry this effort overseas. We must knock on doors of potential partners in growth. As a part of this effort, I recommend that we staff promotional offices overseas, as do some 30 other states.

"One of our growing new industries is film. The section of the industry which makes commercials and other independent productions is worth in excess of 50 million dollars a year, with even greater potential. Yet, it is hamstrung by an onerous permit system. I recommend to you that we give the state's film office the authority to issue all necessary permits on a one-stop basis.

"Our third economic initiative involves the impact of taxes on business. I think that we are all in agreement that part of our economic malaise stems from the weakness of our domestic manufacture. We need to create more goods for export.

"Yet, Hawaii is one of the few states which taxes exports. Addi-

tionally, we need to encourage business to develop in Hawaii. However, we tax the sale of capital goods within the state and we tax the importation of such goods.

"We will submit to you a proposal to relieve our businesses from these taxes.

"No discussion of our economic future would be complete without a commentary on one of the most basic aspects of economic activity, the ability to move people and goods from one place to another.

"Thus, we are proposing major capital improvements for airports, highways and harbors for the upcoming biennium.

"Regarding ground transportation highlights for Oahu, the sooner we get started building H-3, the faster we can finish. I would like to see us start in June and finish in six years.

"We will also be undertaking many other ground transportation projects on Oahu, and I am determined that the state and city together can beat the bottlenecks and get traffic flowing.

"To help us, I have asked Lieutenant Governor Cayetano, the author of a 1977 bill on staggered hours, to investigate creative ways that we can alter work and behavioral patterns, so that everyone isn't trying to get to the same place at the same time.

"We will also move forward with major work on state airports and neighbor island roads. With the new Lihue Airport being opened next month and a new terminal being completed at Kahului, I look forward to the expansion of the airfield at Keahole as a highly significant new undertaking.

"If we are to bring about the change we want in the world in front of us, we have to change government. I have appointed a cabinet of changemasters. Let me share with you now our view of what government must be, if it is to be on top of tomorrow. For there is no better place to make changes than within government itself.

"One area of government that affects us all is taxation. As you know, the enactment of tax reform at the federal level has placed the burden on Hawaii to adopt federal provisions. Although neither we nor the Federal government can determine

the actual impact of the Tax Reform Act, the act creates a need and an opportunity to restructure Hawaii's tax system.

"One tax that has troubled many of us is the excise tax on food, because it is levied against one of the basic necessities of life. This tax constitutes a regressive burden on those least able to pay: the poor, the young couple trying to get a start in life, the senior citizens trying to survive on a fixed income.

"Because this is such a basic issue, I am proposing relief in the form of a new \$50 dollar tax credit per person for food items, in effect a rebate on the taxes paid at the supermarket.

"In addition, we must restructure the income tax rates and brackets to minimize the negative impact of the Federal Tax Reform Act.

"With respect to government organization, we will submit to you a bill for the creation of the Department of Public Safety.

"As you know, tougher laws and sentences have put our corrections system to a desperate test. We are now working on the first and second increments of the Halawa Medium Security Facility which is scheduled for opening in the summer of this year, and this will provide us with our first full measure of relief from the overcrowding at Oahu Community Correction Center. You will review budgets to fund positions to staff these new facilities, as well as CIP proposals for additional facilities on Oahu and Maui.

"But we need an appropriate organizational structure to house a program which has grown so large as to overshadow its parent agency. The Department of Public Safety will: provide more effective administration of our prisons, consolidate all elements of incarceration in one single agency, and place the appropriate focus and accountability in one department.

"It is also time to reconsider our planning activities, by separating these functions from DPED and establishing an office for strategic and long-range planning.

"While these changes are occurring, we also will be examining closely the Department of Health, which is ripe for change. I anticipate new arrangements to give flexibility to the state-county hospital system. We

must also examine carefully the best arrangement for our environmental protection programs, but this is the work of more than one session.

"Also, all government service from business registration to Medicaid payments will be improved through our proposal to computerize government operations. This will require a total of \$38 million dollars in federal and state funds. In addition, we are now undertaking to integrate state government voice communication, which is primarily the telephone at present, with our electronic data processing activities to fully harness the new technologies for a more responsive government.

"But we can't treat state government as if it exists in a vacuum. It is a partner with local government in the delivery of services.

"The Legislature has been working hard to make the government product better. Over the last two years, committees of the House and Senate have worked with the administration and the counties to discover needless overlaps in state and county programs and recommend improvement.

"To continue this process, I'm pleased to announce that I have appointed former city managing director and new state director of transportation, Ed Hirata, to chair an executive task force of cabinet members, whose departments have county overlaps, to work with you to take the all important next steps.

"A significant part of the task is to do away with state and county territorial disputes that serve no one. There is a dramatic case in point on the doorstep of our city--Magic Island State Park--which is completely surrounded by the city's Ala Moana Park. There is no point in making a distinction between state and city jurisdiction here, so as a demonstration that I mean business, I offer Magic Island Park to the city to be incorporated in their city parks system. From that initiative, we should move on to a more comprehensive and mutually agreeable division of responsibility for the administration of state and city parks.

"Similarly, I call for discussion between the executive and legislative city and state branches to return revenues generated by traffic enforcement to the county governments. To my way of thinking, such an action is in order, provided that county governments are prepared to

take responsibilities commensurate with the funds that they receive. What is important is that we begin to review these issues to move forward together to improve government for all of us.

"In facing the larger social problems, the different levels of government must be able to join together with one another and the community at large or we will not prevail. On that count, it is difficult for any of us to talk about plans for tomorrow, when we may lose our children to the perils of drug abuse.

"I want to thank the various community groups who are involved with the drug education programs, 'Just-Say-No' programs as well as the concerted efforts of our law enforcement authorities. I ask you now to do even more, and I offer you the support of my office. I am asking my attorney general, in concert with each county prosecutor and other law enforcement authorities, to discover new means and resources for ending the drug industry in our state.

"Finally, it would be incongruous for us to talk and dream about a Pacific century without acknowledging the Hawaiian foundation upon which our visions are built. So it seems entirely appropriate that we would begin this new era in the Year of the Hawaiian. We honor those who first came to these precious shores and who, in turn, embraced later arrivals in a bond of aloha that unites us today as one people, one state.

"I would be remiss, however, if I failed to mention that while there are many descendants of Hawaii's original people who have been and are doing well in our state, there are many who feel lost in the land of their ancestors. To these individuals, we must reach out and say that your government has not forgotten you.

"In the months ahead, the Department of Health will institute new initiatives to combat the high incidence of disease among Hawaiians.

"Special funds should be allocated from the state budget to cover certain administrative costs for the Department of Hawaiian Home Lands freeing trust funds monies to be reallocated for infrastructure and economic development purposes.

"I was there at the birth and creation of the Office of Hawaiian Affairs. I have no illusions that easing OHA'S difficulties will be easy

or always pleasant; but we do no one any justice by avoiding the tough issues. For example, it is time that we start negotiating a fair settlement to the issue of ceded land revenues that protects the public's interest while allowing OHA to carry out its fiduciary responsibility.

"In closing, indulge me this reminder. In our determination to bring about change in our educational system, economy and government, let us be guided by one premise that does not change. We are here for people, most especially those who do not have the same opportunity to embrace life as we do.

"As we enter a new era of social and political history in our state, we have an extra burden to insure that the changes we do make do not come at the expense of the less fortunate. For government with no heart is no government at all.

"We are here for the handicapped, the disabled, and the needy. This commitment will not change.

"What we must change is the manner in which we honor this commitment. New solutions and new partnerships are at hand and we merely need to seize the opportunity. Just last Friday, state government, city government, the university, and the Hawaii Ecumenical Housing Corporation joined together in a spirit of non-partisanship and without concern for territoriality to create a temporary residence housing project on Kokea Street for people uprooted by urban renewal. This is a commitment of government.

"And we are not here merely to build buildings and make capital improvements. We are here to build attitudes and make improvements in our human capital. By statement and deed, we must demonstrate that not only are all men created equal, but that all men and women are equal.

"And we are here to honor the island tradition of respect, reverence, and care for the elderly. As we move forward with public policy formulation in a rapidly changing world, we will not jettison one of the most basic of human values---'Honor Thy Mother and Thy Father.'

"We are here for people because government is people. Yet, there are those in our society who feel that they have no voice in their government and fail to participate. If the participation base of government is

narrowing, then we have got to broaden it. We need a political system which is more exciting, open, and responsive. One solution is the presidential primary proposed by Lieutenant Governor Cayetano. Let's bring choice to the people.

"Our vision of all of Hawaii's people moving forward to reach their Pacific destiny is pretty heady stuff.

"But my friends and colleagues, I say that the only thing between us and the realization of this vision is the critics who say we can't do it.

"Well, I have these words for those 'nay' sayers.

"I heard the Speaker of the House, and he says we can do it.

"And I heard the President of the Senate, and he says we can do it.

"And I heard the words of our Republican leadership on both sides of the Legislature, and they say we can do it.

"And there are 76 of you who ran for office because you had a dream for the people you serve and the guts to go out on the line for it.

"And you believe that we can do it.

"We cannot let the tough and challenging deliberations ahead diminish these dreams. For these dreams are the marrow of our ideals, the fiber of our courage, and the fuel for our tomorrow.

"As we embark upon a difficult journey through a world of change, our destination is the future, our traveling companions the hopes and aspirations of the people of Hawaii.

"Let's test our dreams and stretch our imaginations. Let's do it! Let's go for it!

"Thank you."

Senate President Richard Wong then rose and stated:

"Thank you very much, Governor Waihee, for sharing your visions and aspirations for Hawaii with us today. I think we here in the Legislature share a great many of the goals that you have set, and we look forward to working together with you and your Cabinet to help to bring them into reality. I am sure that in the next few months here at the session, you will be sending to us specific imple-

menting-type of legislations and proposals. I think, for our part, that we pledge to you that we will give them full attention and consideration.

"Again, Governor, thank you very much for appearing today before us and if there being no further business by the members of the Senate and the House of Representatives, I now declare the Joint Session adjourned."

At 11:26 o'clock a.m., the Joint Session with the Senate adjourned and the House stood in recess, subject to the call of the Chair.

ELEVENTH DAY

Wednesday, February 4, 1987

The House of Representatives of the Fourteenth Legislature of the State of Hawaii, Regular Session of 1987, convened at 11:30 o'clock a.m., with the Speaker presiding.

The Divine Blessing was invoked by Reverend Bill Terbeek, Secretary of the Hawaii Council of Churches, after which the Roll was called showing all members present with the exception of Representatives Cavasso, Hayes, M. Ige, Leong, Peters, Shito, Shon, Souki, Tam and Tom, who were excused.

The Clerk proceeded to read the Journal of the House of Representatives of the Ninth Day.

On motion by Representative Apo, seconded by Representative Anderson and carried, reading of the Journal was dispensed with and the Journal of the Ninth Day was approved.

At this time, the following introductions were made to the members of the House:

Representative Ihara introduced Mr. Jack Richardson, "a small businessman and chairman of the Democratic Party of Hawaii."

Representative O'Kieffe introduced Robert and Judy Dold, "dear and long-time friends of mine are here to organize their convention for the National Pest Control Association headquartered in Washington, D.C. This is to be held in our state, October 25th through 30th. This is a significant convention in that over 2500 people will be coming in from the mainland as well as over 500 people coming in from Pacific rim countries. The mission of the Association is the protection and health of property to people. I am sure the other mission is to be sure that our unofficial state bird, the cockroach, becomes an endangered species." They were accompanied by Mrs. O'Kieffe.

Representative Souki introduced Mr. and Mrs. Angie Cityweather, "good friends of mine and former residents of Maui."

INTRODUCTION OF RESOLUTIONS

The following resolutions (H.R. Nos. 35 to 37) were read by the Clerk and were disposed of as follows:

A resolution (H.R. No. 35) congratulating and commending Alapati "Al" Noga upon his selection to the 1986 Associated Press First Team All-America Football Squad was jointly offered by Representatives Arakaki, Anderson, Cachola, Hagino, Hayes, Honda, Horita, Ihara, Kihano, Marumoto, Pfeil, Say, Shito, Shon, Takamine, Taniguchi and Kawakami.

On motion by Representative Arakaki, seconded by Representative Taniguchi and carried, H.R. No. 35 was adopted.

Representative Arakaki rose and stated:

"Mr. Speaker and members of the House, in a few minutes I will have the pleasure of introducing a very special young man to you. A few years ago, I had the pleasure of coaching another special young man who came to me as a ten-year old who just arrived from Samoa. Just to show you how good a football coach I was, I just stuck him in the middle of the line because he was my biggest kid. I am a little embarrassed but also proud to say that this young man turned out to be Nu'u Fa'aloa who is a professional running back for the New York Jets.

"Over the years I have learned as a coach that one's heart is desire and determination and are more important than one's physical attributes. I have also learned as a coach that games and athletics are means and not an end in itself. We who work with youngsters should recognize sports as a means of impressing upon them the values of teamwork, cooperation, striving for and working to achieve excellence. These are values that are highly regarded in the work-a-day world and even here in the State Legislature. It is a real tribute to our collegiate coaches that they strive to develop personal character as well as athletic skills.

"We honor such an example of personal character today.

"Here is an athlete who has received national recognition but who humbly and willingly returns to Kalihi Valley Homes where he grew up, to Kaewae, Dole and Farrington where he attended school, all in the hopes

of inspiring those kids who look up to him.

"Mr. Speaker, there are few people who can say that they are former Governors serving in the House of Representatives. So, in behalf of another former Farrington Governor, Representative Dwight Yoshimura, we proudly introduce another Governor, an AP All-American, the Samoan sack-man, Mr. Alapati 'Al' Noga."

Representative Arakaki then asked Mr. Noga to stand and be recognized. Accompanying the honoree were coaches, Daryl Edralin and Rowen Tupuivao, and Mr. Eddie Inouye, Sports Information Director.

Carnation leis were presented to the honorees by Representatives Tungpalan, Hirono, Horita and Fukunaga, respectively, while Representative Arakaki presented Mr. Alapati Noga with a certificate.

Representative Arakaki then asked members of Al's family who were seated in the gallery -- Mr. Falaniko Noga, brother and currently a professional player with the St. Louis Cardinals, and Mrs. Noga; Petelo Noga, brother, and a senior at the University of Hawaii and a member of the Rainbow football team; and Leilani Noga, sister -- to stand and be recognized.

A resolution (H.R. No. 36) congratulating and commending the Brigham Young University-Hawaii Women's Volleyball Team upon their winning the 1986 NAIA National Volleyball Championship was jointly offered by Representatives Bellinger, Alcon, Anderson, Andrews, Apo, Arakaki, Bunda, Crozier, Hashimoto, Hayes, Hemmings, Hiraki, Hirono, Horita, D. On motion by Representative Bellinger, seconded by Representative Oshiro and carried, H.R. No. 36 was adopted.

Representative Bellinger rose and proceeded to introduce the honorees, stating:

"It is indeed my pleasure to have with us today all the members of the national championship volleyball team from BYU. You know, volleyball is one of the fastest growing sports in the nation. It takes a tremendous amount of dedication, hard work and agility and as you will note by the members of the team, it also helps to

have a dazzling amount of beauty to keep the crowd under control. These ladies and their coaches are a credit to our State. During the year, oftentimes you would hear the rumblings of hard work and the pounding of the volleyball around the court and it just sort of lent a tremendous amount of excitement to the air of Windward Oahu, and I am delighted to have them here today as my guests."

Representative Bellinger then asked the members of the women's volleyball team, their coaches and President of BYU-Laie to stand and be recognized.

Floral leis were presented to the members of the team and Representative Bellinger presented Mr. Navalta with a certified copy of the resolution.

At 11:55 o'clock a.m., the Chair declared a recess, subject to the call of the Chair, "in order to allow the members of the House to extend their personal congratulations and greetings to the honorees."

Upon reconvening at 12:05 o'clock p.m., the Chair directed the Clerk to note the presence of Representatives Souki and Tam.

INTRODUCTION OF RESOLUTIONS

The following resolutions (H.R. Nos. 40 and 41) were read by the Clerk and disposed of as follows:

A resolution (H.R. No. 40) congratulating the Hawaii Performing Arts Company on its new Performing Arts Center was offered jointly by Representatives Taniguchi, Hagino, Andrews, Apo, Bunda, Cachola, Crozier, Hemmings, Hirono, Horita, Ihara, Jones, Kihano, Lee, Levin, Liu, Marumoto, Metcalf, Okamura, O'Kieffe, Oshiro, Pfeil, Ribellia, Say, Takamine, Yoshimura and Kawakami.

On motion by Representative Taniguchi, seconded by Representative Hagino and carried, H.R. No. 40 was adopted.

A resolution (H.R. No. 41) recognizing playwright Mark Medoff for his achievements and contributions to the field of performing arts was jointly offered by Representatives Taniguchi, Levin, Andrews, Apo, Cachola, Crozier, Hagino, Hemmings, Honda, Horita, Ihara, Jones, Kihano, Lee, Liu, Marumoto, Metcalf, Okamura, O'Kieffe, Oshiro, Pfeil, Ribellia, Say, Takamine and Kawakami.

On motion by Representative Taniguchi, seconded by Representative Levin and carried, H.R. No. 41 was adopted.

Representative Taniguchi then rose and stated:

"As stated in the resolution, the Hawaii Performing Arts Company began some eighteen years ago per-

forming wherever and whenever possible--churches, in basements and in auditoriums.

"When HPAC's doors closed in the last production in the quaint, little Manoa Valley Theatre, the last production was made interesting by the fact that an usher had to hold an umbrella over the company's pianist throughout the production because the roof was leaking.

"As one writer put it, 'it was a comical and fitting final statement of a building that had made a name for itself by trying the patience of actors and audiences alike.'

"The good news is that those days are over. Beginning tomorrow night, HPAC will be opening its doors in the same Manoa location, in a graveyard, with the same theater name, Manoa Valley Theatre, and, at the same time, with renewed vigor.

"One of the reasons for this renewed vigor is because Mr. Mark Medoff, in honor of the opening of the new theatre, will premiere his play, 'The Homage that Followed.' Mr. Medoff is no stranger to the islands as he previously had his play, 'Children of a Lesser God,' performed by HPAC in 1983 in the old theatre. Mr. Medoff has received numerous awards in the film industry and theatrical world including a Tony and an Obie award for his works.

"Mr. Speaker, fellow Representatives, distinguished guests, it is my honor to present to you this morning, Mr. Mark Medoff." At this time, the honoree was asked to stand and be recognized. Accompanying Mr. Medoff and associated with HPAC were Ms. Susannah Rake and Mr. Jeff Portnoy. Both were also asked to stand and be recognized.

Flower leis were presented to Mr. Medoff by Representative Hashimoto; to Ms. Rake by Representative Say; and to Mr. Portnoy by Representative Horita and certified copies of the resolutions were presented to the honoree by Representatives Levin and Hagino.

Representative Taniguchi also recognized Mr. Dwight Martin, manager of HPAC, who was seated in the gallery.

At 11:47 o'clock a.m., the Chair declared a recess, subject to the call of the Chair "so that the members of the House can extend their greetings and congratulations to the honorees."

The House of Representatives reconvened at 11:54 o'clock a.m.

ADJOURNMENT

At 11:44 o'clock a.m., on motion by Representative Apo, seconded by Representative Anderson and carried, the House of Representatives adjourned until 11:30 o'clock a.m. tomorrow, Wednesday, February 12, 1987.

SIXTEENTH DAY

Wednesday, February 11, 1987

The House of Representatives of the Fourteenth Legislature of the State of Hawaii, Regular Session of 1987, convened at 11:33 o'clock a.m., with the Speaker presiding.

The Divine Blessing was invoked by the Reverend Roy Birchard, Pastor, Metropolitan Community Church, after which the Roll was called showing all members present with the exception of Representatives Crozier, Hagino, Lee, Peters and Tam who were excused.

The Clerk proceeded to read the Journal of the House of Representatives of the Fourteenth Day.

On motion by Representative Apo, seconded by Representative Anderson and carried, reading of the Journal was dispensed with and the Journal of the Fourteenth Day was approved.

At this time, the following introductions were made to the members of the House:

Representative Horita, on behalf of Representative Alcon and herself, introduced a group of juniors from Moanalua High School. These students "will be attending a one week national seminar and workshop in Washington, D.C. in a program called, 'Closeup.'

"Moanalua High School just recently was selected as one of two high schools from the state of Hawaii to represent Hawaii in a national competition for the best high school in the nation. So, if these students are representative of all the students in the high school, then I think Moanalua should win for Hawaii."

Representative Tom, on behalf of Representative M. Ige and himself, introduced twelve students from Kaneohe "who are here to familiarize themselves with the legislative process.

"I just want to mention that today is Teacher Institute Day and there are no classes so these students are here because they want to be here and not because they have to be here." The students are: Michelle Garma; Collette Asato; Ross Asato;

Jenny Masunaga; Denise Muraki; Alicia Heffelfinger; Brandi Enos; Paulette Chang; Karen Tse; Sherie Ige; Mitchell Ige; and Jason Revestir.

Representative Arakaki, a volunteer in the Big Brothers and Big Sisters Program for ten years, introduced his "little brother" Sean Flue, a sixth grader at Queen Kaahumanu Elementary School who was accompanied by his sister who is also a "little sister" in the program, and a freshman at McKinley High School.

Representative Arakaki also mentioned that "this program is like serving in the Legislature--the financial compensation is very small, but the rewards lasts a lifetime, and I want to mention that there are over three hundred matches in the program, but there are still about 133 boys and girls who need a big brother or a big sister. So, I would like to ask my fellow colleagues if they or if they know of anyone else who might be suited to this type of program or would like to help a boy or girl see their way to manhood or womanhood, if they can contact me or call the Big Brothers Big Sisters office."

Representative Apo introduced Miss Myrtle Mokeau and Mr. Saul Naoni, two very good friends who are from the Waianae and Nanakuli areas who, in the past, served as staffers in the Legislature and are tireless community workers.

INTRODUCTION OF BILLS

Representative Apo made the following motion, seconded by Representative Anderson and carried:

"I move that all bills received by the Clerk up till midnight tonight pass First Reading by title and be referred to the Committee on Legislative Management."

INTRODUCTION OF RESOLUTIONS

The following resolutions (H.R. Nos. 53 and 54) were read by the Clerk and disposed of as follows:

A resolution (H.R. No.53) supporting the University of Hawaii's Asian Theatre Program and encouraging the continuation of its program was jointly offered by Representatives Horita and Taniguchi.

On motion by Representative Horita, seconded by Representative Taniguchi and carried, H.R. No. 53 was adopted.

A resolution (H.R. No.54) expressing the appreciation of the people of Hawaii to the National Theater of Japan was jointly offered by Representatives Horita and Taniguchi.

On motion by Representative Horita, seconded by Representative Taniguchi and carried, H.R. No. 54 was adopted.

Representative Horita then rose and stated:

"At a time when the University of Hawaii has been given the task of achieving academic excellence, it is interesting to note that a little known and little supported program in the University of Hawaii Manoa's Department of Drama and Theatre has been achieving just such excellence.

"While we at the Legislature speak of glamorous issues such as high tech and ocean research, the often ignored arts have been achieving accolades for the University and the State on the national and international scene.

"This certificate is in recognition of the program's achievements and a reminder to us of what they can achieve with greater support.

"I would also like to deliver some remarks on the National Theatre.

"The National Theatre of Japan, Kokuritsu Gekijo, is the largest

theatre in Japan dedicated to the preservation of the traditional performing arts.

"Kokuritsu Gekijo has provided research and technical assistance for the past 20 years to the University of Hawaii Manoa's Department of Drama and Theatre in the Asian Theatre Productions. Many individuals from Kokuritsu Gekijo have come on loan, such as Karashima, Muroya, and Hamatani to name a few. I had the opportunity of getting to know some of them and working with them in various capacities here and at Kokuritsu Gekijo.

"It is time for Hawaii as a State to officially say 'thank you' to Kokuritsu Gekijo and while this certificate cannot truly convey the thankfulness that we feel, Hamatani-san, please on behalf of the University and the State Legislature, 'iroiro osewa ni narimashita.' Thank you."

Representative Horita then introduced the honorees as follows: Dr. Jim Brandon, chairman of the University of Hawaii's Drama Department; Dr. Elizabeth Wickman who was responsible for taking the production to China; and Mr. Hitoshi Hamatani, a senior stage manager for Kokuritsu Gekijo.

Flower leis were presented to Dr. Brandon by Representative Fukunaga; to Dr. Wickman by Representative Taniguchi; and to Mr. Hamatani by Representative Hirono and certified copies of the resolutions were presented to the honorees by Representatives Horita and Ihara.

At 11:50 o'clock a.m., the Chair declared a recess, subject to the call of the Chair, "in order to allow the members to greet our guests this morning and offer our congratulations."

The House of Representatives reconvened at 11:54 o'clock a.m.
