INTRODUCTION OF RESOLUTIONS

The following resolutions (H.R. Nos. 223 to 225) were read by the Clerk and were disposed of as follows:

A resolution (H.R. No. 223) congratulating Charles Keonaonalaui Llewellyn Davis was jointly offered by Representatives Leong and Bunda.

On motion by Representative Leong, seconded by Representative Bunda and carried, H.R. No. 223 was adopted.

"Mr. Speaker, the resolution speaks for itself. I am proud of Charles K.L. Davis. He is not only a credit to himself, but to his family and the entire Hawaii.

"With your permission, Mr. Speaker, I would like to introduce the honoree, Charles K.L. Davis," and asked Mr. Davis to stand to be

recognized.

Accompanying Mr. Davis were Dick Rodby, the owner of Kemoo Farm Restaurant; and his brother, Francis, an interior decorator.

Floral leis were presented to the honorees by Representatives Kawakami, Isbell and Tungpalan, and Representative Leong presented Mr. Davis with a certified copy of the resolution.

Representative Leong then asked friends of Mr. Davis who were seated in the gallery to stand to be recognized, as follows: Sally Sullivan; Joan Rodby; Earl Galeon; Bea Leong and Janice, Representative Leong's wife and daughter; Jake Ing and Peggy Gora, staff members.

A resolution (H.R. No. 224) commending Kenneth F. Froelich, President, Frito-Lay of Hawaii, and "Frito-Lay of Hawaii Salutes Hawaii's Outstanding Public Schools" Program was jointly offered by Representatives Crozier and Medeiros.

On motion by Representative Crozier, seconded by Representative Medeiros and carried, H.R. No. 224 was adopted.

Representative Crozier proceeded to introduce the honoree, stating:

"Mr. Speaker, the resolution speaks for itself about the company, Frito-Lay, and its attempt to participate in the educational process. What I would just like to share, and especially for you freshmen legislators, I am sure you're going through the same exercise that I had to go through when I was a freshman. I'd go to the many functions and I would just be overwhelmed with individuals talking to me and, you know, I am standing there in awe.

"When I was a freshman, just one gentleman came up to me and started to talk to me. I didn't know who this guy was, but he was very nice to me. And it took me about four months to realize this nice gentleman who was always pleasant to me, never asked me for anything, but he was a gentleman and we developed this sense of warmth, and all I knew was that his name was Ken Froelich. And so what? Eventually, I found out who this gentleman was. You know, he just wasn't another person like you and I, but he is one of the leaders of our community. He was chairman of the Hawaii State Chamber of Commerce, he was chosen as the

'Small Business Person of the Year' in 1982, and he has owned a series of companies, and he has always participated -- he's involved with the State and military task forces to have better relationship. He has committed his life, not only to his business and his family, but to making Hawaii a better place.

"You know, many of us talk about problems but few of us step forward to resolve the problems, and this gentleman is such a person.

"Ladies and gentlemen, I would like to introduce Mr. Kenneth Froelich," and asked Mr. Froelich to stand to be recognized.

Representative Crozier continued:

"Mr. Speaker, this program would not survive unless we had the cooperation of the Department of Education. I would like to recognize the Superintendent, Charles Toguchi, and the Assistant Superintendent, Kengo Takata," and asked both men to stand to be recognized.

Representative Crozier then asked Mrs. Susie Takashima who was seated in the gallery to stand to be recognized, stating:

"Mr. Speaker, I would like to make one more introduction. I just got through introducing the policymakers, but like you and I know, the policymakers don't do all the trench work. Somebody else has to do it, and I would like to recognize the woman sitting in the gallery who had to do all the labors."

Cigar leis were presented to Mr. Froelich and Mr. Toguchi by Representatives Kawakami and Hashimoto, respectively, while Representative Fukunaga presented Mr. Takata with a red carnation lei. Representative Crozier presented Mr. Froelich with a certified copy of the resolution.

A resolution (H.R. No. 225) welcoming and extending warmest aloha and best wishes to the 1986 Miss Oahu Filipina and her court was jointly offered by Representatives Tungpalan, Alcon, Bunda, Kihano, Cachola and Ribellia.

On motion by Representative Tungpalan, seconded by Representative Alcon and carried, H.R. No. 225 was adopted.

Representative Tungpalan rose and stated:

"Mr. Speaker and my fellow colleagues, the Philippines has often been called the 'Pearl of the Orient Sea.' Without a doubt, this name has been applied because of the many beautiful and talented women of those isles.

"With us today are a few of those 'lustrous Pearls' who not only exhibit beauty, but also poise, talent and intelligence. It is certainly with great honor that I introduce one of those 'cultural Pearls,' the reigning Miss Oahu Filipina, Queen Joyce Ann Mina."

Representative Tungpalan then asked Queen Joyce Mina to rise to be recognized. Accompanying Queen Joyce were Yvonne Romulda Duhaylongsod, First Princess; Rodelyn Ruby Gonzales, Second Princess; Rochelle Victoria Nabal, Third Princess; Don Alvarez, President of the Oahu Filipina Community Council; and Jake Manegdeg, General Manager of the 1986 Miss Oahu Filipina Pageant and a former colleague.

Representative Tungpalan then asked the following persons who were seated in the gallery to stand to be recognized: Mrs. Yolanda Alvarez, wife of Don Alvarez; Attorney Juliette Sarmiento, legal counsel and member of the 1986 Fiesta Filipina Committee; and Mr. Herman Jerry Rohe, the 1984-1986 Oahu Filipina Community Council President.

Orchid leis were presented to the honorees by Representatives Arakaki, Bunda, Cachola, Leong, Oshiro, Ribellia and Tungpalan.

At 11:38 o'clock a.m., the Chair declared a recess, subject to the call of the Chair, "for the purpose of extending our warm aloha to our honorees this morning."

a type of a program in which they have banded together for fellowship in the exchange of personal and professional views for the future. It's rather ironic, however, that with the emphasis with the theme of the program, 'Lean on Me,' that tragically, last Saturday, the leader of their program drowned at Sacred Falls while trying to rescue another one of their members in trouble. As a result, they have been going through quite an experience and so that the emphasis of the 'Lean on Me,' portion has really come to bear on each and everyone of them, and by staying together, and much as we have in the recent loss of our Speaker, they have all been able to grow."

A resolution (H.R. No. 228) congratulating and commending the winners of the 1987 Hawaii's Junior Miss Scholarship Program was jointly offered by Representatives Ihara,

Lee, Hagino, Hashimoto, Liu, Oshiro, Shon, Tajiri and Tom.

On motion by Representative Ihara, seconded by Representative Lee and carried, H.R. No. 228 was adopted.

Representative Ihara then rose and stated:

"Mr. Speaker, I would like to introduce the 1987 Junior Miss winners and I would like to note that not only are these women beautiful, but they can compete only by having outstanding scholastic ability and leadership qualities. I would like to introduce, first of all, Carol Koizumi, who is a student at St. Andrews Priory and is included in the 'Who's Who among American High School Students,' and was awarded the spirited Junior Miss award, which is an award selected by the other contestants in the Junior Miss Scholarship Program and her goal is to be a pre-med student.

"The first runner-up is Miss Tanya Paull, a student body vice president at Iolani High School; the second runner-up is Miss Lynne Takeshita, a senior class vice president at Iolani High School.

"Miss Cheryl Yonamine is the third runner-up and she is a Pearl City High School band president. Miss Stacy Loui is from Iolani High School and wants to be an attorney."

Accompanying the honorees was Mr. Ed Pai, president of the Hawaii's Junior Miss Inc. and employed at First Hawaiian Bank.

Representative Lee then rose and stated:

"It's my pleasure to introduce the other people in the gallery, particularly the parents of our Miss Junior Miss, Mr. and Mrs. Kotaro Koizumi; the parents of our third runner-up, Mr. and Mrs. Noboru Yonamine; and all the other contestants who have been able to come down here as well as their relatives and friends." The House of Representatives reconvened at 12:16 o'clock p.m.

UNFINISHED BUSINESS

Stand. Com. Rep. No. 801 on H.R. No. 9, HD1:

Representative Shito moved that the report of the Committee and H.R. No. 9, HD1, be adopted, seconded by Representative Hayes.

Representative Isbell then rose to speak against the resolution, stating:

"Mr. Speaker, just a few comments.

"I really feel that it is premature to be looking at a housing for South Point specifically when we haven't even determined where a spaceport or space center should be. There should be a feasibility study done, first of all, to find out the best locations in the state, what infrastructures are needed and then finding out also what the permits and requirements are, and, as I understand it, it would be approximately ten years before any space center or spaceport would be built. So, to put in a housing resolution at this time for a specific spaceport at South Point is premature, and I think would be rather regressive.

"Thank you very much."

Representative O'Kieffe then rose to speak against the resolution, stating:

"Mr. Speaker, I hope my colleagues know by now my total commitment to space on the Big Island. However, until a feasibility study is conducted to prove its viability, to do a housing study now is simply putting the 'cart before the horse.'

"Let us invest our funds prudently and wait on this study until it, too, is feasible.

"Thank you, Mr. Speaker."

Representative Shito then rose and

remarked that "spaceport housing studies is not confined only to the Big Island; the resolution is amended to include the entire state for consideration.

"Thank you."

Representative Isbell then rose and remarked:

"Well, Mr. Speaker, in the budget it calls for housing studies to be done at South Point specifically, so if you have a budget item that says South Point and you have a resolution going across, it will be an interesting determination as to which one is chosen; but I think that should be definitely thought of at this time.

"Thank you very much."

The motion was put by the Chair and carried, the report of the Committee was adopted and H.R. He was also the Deputy Minister of Interior for four terms, Chairman of the Budget Committee, Chairman of the Environmental Committee, Chairman of the Northern Territory Committee, and a member of the Committee on Transportation. He retired just last year and is presently Vice President of the Kokuba Gumi which involves 25 companies in Okinawa. COMMITTEE REASSIGNMENTS

House Resolution No. 96 was re-referred jointly to the Committees on Education and Legislative Management.

House Concurrent Resolution No. 53 was re-referred jointly to the Committees on Education and Legislative Management.

INTRODUCTION OF RESOLUTIONS

The following resolution (H.R. No. 248) was read by the Clerk and was disposed of as follows:

A resolution (H.R. No. 248) congratulating the University High School's Varsity Basketball Team for winning the 1987 Hawaii High School State Basketball Championship was offered by Representatives Horita.

On motion by Representative Horita, seconded by Representative Hiraki and carried, H.R. No. 248 was adopted.

Representative Horita then rose and stated:

"Mr. Speaker, I have the honor today of presenting this resolution and the team to you.

"About 16 years ago, I graduated

from University High School and I was telling the young men on the team that back in 1970 we really didn't have a sports program. We had a basketball team but that was about it and we played with schools like Hawaii Baptist Academy and Midpac and Maryknoll and that was about it. The school was well known for its academic excellence and I think that today, it is well known not only for that but for its sports program.

"I would like to commend Dr. Krause for all the work that she has done--she was at the University High School when I was there--and to Coach Au who is also a constituent of mine as it turns out, and I'm sorry that he is leaving the team.

"There are a few graduates from my high school that are in and around this building and I say this for the benefit of the young men on the team as well. Some of my more illustrious schoolmates that you see around this building are DCCA director, Robbie Alm, class of '69; Ken Takeyama from the Legislative Reference Bureau, class of '69; Dr. Williamson Chang from the U.H. Law School, class of '69; Eric Yamamoto, U.H. law professor, class of '70; and Colleen Sakai from the Legislative Reference Bureau, class of '71. Notice that they all are in and around my year because I keep track of those years, but the rest of them, I don't know what they're doing."

At this time, the honorees were introduced by Representative Horita. They are as follows: Dr. Krause, principal; Mr. James Bukes, athletic director; Mr. Robert Au, coach; Mr. Randall Canencia, assistant coach; Mr. Charles Arakaki, statistician; and the "young men of the basketball team." All were asked to stand and be recognized.

Certified copies of the resolution were presented to Dr. Krause by Representative Hiraki and to Mr. Bukes by Representative Bellinger and floral leis were presented to all of the honorees by Representatives Horita, Tungpalan, Hayes, Hirono, Kawakami, Isbell and Hiraki.

SUSPENSION OF RULES

On motion by Representative Apo, seconded by Representative Anderson and carried, the rules were suspended for the purpose of considering a bill on Third Reading on the basis of a modified consent calendar.

THIRD READING

The following bill, which was on the calendar for Third Reading, was read throughout, and the following action taken:

S.B. No. 887, SD1:

Representative Levin moved that S.B. No. 887, SD1, having been read throughout, pass Third Reading, seconded by Representative D. Ige.

Representative Anderson then rose to speak in favor of the bill, stating:

"Mr. Speaker, I would just like to say that I honestly do believe that the State should make available state lands whereby you could have a campsite for private enterprise. I think it would be a lucrative business.

"Some years back, I represented a company called, Campers International, and I believe, at that time, there were campers on the Big Island and Kauai and here on Oahu. As far as I know today, the Campers International and the rest of them are going down primarily because there is no place for the campers to go. On the mainland, it is a very large business, very lucrative. I think that because there's--Winnebago, for instance, was one of the campers that we used to rent out--there was no place to flush toilets, have electricity available, etc.

"If you made state lands available, if you had facilities that private enterprise could put in, you could take care of security and other things. Lots of our campers today are being harassed; there have been fights on beaches, etc. So, if you did it on state lands and if you had private enterprise put in security, I think it's a new business and a clean business for tourism that we could look at and it would be very lucrative.

"So, Mr. Speaker, those are some

of my concerns and I hope we could look at that in the future to try to see what we could do to benefit private enterprise and our State in general.

"Thank you very much."

The motion was put by the Chair and carried, and S.B. No. 887, SD1, entitled: "A BILL FOR AN ACT RELATING TO STATE RESORT CAMPS AND SERVICES", having been read throughout, passed Third Reading by a vote of 47 ayes with Representatives Fukunaga, Hashimoto, Tajiri and Yoshimura being excused.

The Chair directed the Clerk to note that S.B. No. 887 had passed Third Reading at 11:35 o'clock a.m.

Representative Anderson rose and stated:

"Mr. Speaker, I would like to speak for the Senate bill but I do have some concerns.

"The one gallon per day of sand. . . the way I read the bill and I understand some years back, the reason that it was changed was that if I wanted to build a sandbox for my granddaughter, I would have to go back consecutively every day. That's why we tried to make it whereby you could go down and take a truckload of sand for your home use, and consequently, I think that's fair. I understand about coral and the rest of it, but I think that most of us here would not take advantage of the law if it said that you could take sand for your home use. I wish that they would at least consider this and we could make that kind of an amendment.

"Thank you, Mr. Speaker."

On motion by Representative Bunda, seconded by Representative Tungpalan and carried, the report of the Committee was adopted and S.B. INTRODUCTION OF RESOLUTIONS

A resolution (H.R. No. 256) congratulating the Mililani High School Trojan Band for receiving an invita-

tion to represent Hawaii at the 200th anniversary of the U.S. Constitution was jointly offered by Representatives Lee, Kihano, Alcon, Arakaki, D. Ige, Isbell, Levin, Liu, Okamura, Takamine, Taniguchi and Tungpalan and was read by the Clerk.

On motion by Representative Lee, seconded by Representative Okamura and carried, H.R. No. 256 was adopted.

Representative Lee proceeded to introduce the honorees, stating:

"We've had several occasions recently to honor students in this body, students not only from Mililani, but also those from other parts of the State, including Kauai and Iolani School. As part of our effort to encourage and motivate students, we need to think not only about the scholastic achievements, scholastic needs of our students, but also the extracurricular activities.

"And in this respect, I am very proud today to be helping to honor the Mililani High School Band. In its very short existence, since the founding of Mililani, the High School has done wonders with its scholastic achievements. It is now branching out into the extracurricular activities. And in this respect, there is a small correction that needs to be made. The band will perform, not on April 24th, and the reason is that the students and the band will have to prepare for the SAT test. The date for the performance is being changed to April 16th. The band will play here in the Rotunda on April 16th.

"Without further adieu, I would like to introduce the leaders, and the leaders of the band include, not only the instructors and the directors, but also the student leaders -- those who really make the band work and make the band become well-known, so well-known that it is participating on a national scale at national events like Macy's and the Rose Bowl Parades. And now this year, they will represent all of us in Hawaii at the celebration of the 200th anniversary of the U.S. Constitution.

"It is my honor now to introduce to you the people who represent the band from Mililani High School."

Representative Lee then asked the following persons to stand to be recognized: Mr. Ron Hirai, Director; Mr. Dane Ayson, Assistant Director; Reid Nakamura, Drum Major and trombonist; John Hashizumi, French

horn; Heather Nakahara, clarinet; and Darrin Shima, trombone.

Representative Lee then asked Mr. Liberato Viduya, District Superintendent, and Mr. Ed Nakano who were seated in the gallery to stand to be recognized.

At 11:28 o'clock a.m., the Chair declared a recess, subject to the call of the Chair, "so that we can extend our best wishes to the honorees."

ANNOUNCEMENTS

The following announcements were

made to the members of the House:

Representative Tungpalan: "There will be a Policy meeting today at 4:00 p.m. for Policy members. The subject to be discussed will be irradiation."

Representative Fukunaga: "From your Committee on Finance, we will be continuing our public hearings on various Senate bills. I would also like to request waiver of the 48-hour notice requirement for all bills listed on agendas 1 through 5 that are currently posted outside the Finance Committee hearing room for today's agenda, Wednesday, April 1, 1987, and for tomorrow's agenda 1 which will be commencing at 1:30 p.m., same location. Decision-making to follow as time permits."

The Chair "so ordered."

Representative Marumoto rose and stated:

"I notice we have on our desks Cushing's Manual. Is this being provided to the members of the House?"

The Chair answered in the affirmative.

Representative Marumoto thanked the Chair for "providing them to us since we are supposed to be following Cushing's in terms of parliamentary practice. I just would like to point out one part of it which I brought to the attention of Representative Avis Kiyabu-Saballa. . . some of you may remember her when she wore a hat into the chambers once and I told her, according to Cushing's she was out of order. And she looked upon the rules and she said that it referred to 'his head being covered.' So she said it did not apply to her. But it is a rather quaint rule. . . if I could read part of the section. It's chapter 3 referring to 'Of the Rights and Duties of the Members,' regarding the section, 'Wearing the Hat.' It reads: 'It is also a breach of decorum for a member to come into the assembly room with his head covered, or to remove from one place to another with his hat on, or to put his hat on in coming in or removing, or, until he has taken his seat, etcetera.' So I just bring this to

your attention. It's rather quaint.

"Thank you very much, Mr. Speaker."

Representative Anderson rose and stated:

"You notice I am not with a hat. I think this is a good reason why we should go to Robert's, and maybe one of these days we will go to Robert's Rules and we won't have to go to Cushing's and have all these confusing things.

"Thank you."

Representative Isbell rose on a point of personal privilege and remarked:

"I sit in back of Representative Anderson and it would really help if we had a hat on him because a definite reflection blinds you once in a while. That's just a point of personal privilege."

Representative Takamine: "Your Committee on Labor and Public Employment will be having a decision-making session on several Senate bills tomorrow morning in Room 310 at 9:00 a.m."

Representative Hagino: "There will be a Judiciary Committee hearing this evening at 6:30 p.m. in Room 328. Decision-making to follow if time permits."

Representative Hiraki: "Your Committee on Consumer Protection and Commerce will be having a public hearing this afternoon at 1:30 in Conference Room 328. Decision-making to follow if time permits."

The Chair then announced that the House Printshop printed all of the Cushing's Manual and thanked the Printshop staff.

They were accompanied by their teacher, Mrs. Nishihara, and chaperones, Mrs. Penny, Mrs. Ruth, Ms. Soon, Mrs. Rodrigues and Mrs. Lynette Crozier.

Representative Tam introduced several fifth grade students from Nuuanu Elementary School, "a school known nationally as one of the top schools." The students were accompanied by their teachers, Mrs. Natalie Stubbs and Ms. Evelyn Masuda.

Program. They were accompanied by their advisors, Mr. Yokoyama, Ms. Sakamoto, Ms. Serikaku and Mr. Herbert Zane.

INTRODUCTION OF RESOLUTIONS

The following introductions (H.R. Nos. 262 to 267) were read by the Clerk and were disposed of as follows:

A resolution (H.R. No. 262) recognizing and congratulating the teachers and students of Kipapa School for their Legislative Observer Program was jointly offered by Representatives Lee, Apo, Liu and Kihano.

On motion by Representative Lee, seconded by Representative Apo and carried, H.R. No. 262 was adopted.

Representative Lee then rose and stated:

"Mr. Speaker, we've had many evidences of the excellence in our

school system. Today, we see an example of two things: first, our cultural program and secondly, the students' interest in the political side of our society.

"All of us who have voted for the Honolulu Symphony endowment fund and its help are really helping the young people to know and to get to know better the cultural side of our life. All of the students who you see in the gallery have gone to the symphony concert this morning and are now here to see how we operate.

"I think that it is fitting that we congratulate Kipapa School because its entire first grade is here. It is the oldest school in Mililani and besides the teachers who are mentioned in the resolution, I would like to add that there are four parents who have come along headed by Mrs. Vinta."

At this time, the honorees, all seated in the gallery, were introduced to the members of the House and were asked to stand and be recognized.

A resolution (H.R. No. 263) congratulating the winners of the 1987 Cherry Blossom Festival Queen Pageant was jointly offered by Representatives Marumoto, Ihara, Bellinger, Hagino, Hayes, Hirono, Levin, Liu, Okamura, Peters, Shito, Takamine and Taniguchi.

On motion by Representative Marumoto, seconded by Representative Ihara and carried, H.R. No. 263 was adopted.

A resolution (H.R. No. 264) welcoming the Nisei Week Japanese Festival contingent on their visit to Hawaii was jointly offered by Representatives Marumoto, Ihara, Bellinger, Fukunaga, Hagino, Hayes, Hirono, Levin, Liu, Okamura, Peters, Shito, Takamine and Taniguchi.

On motion by Representative Marumoto, seconded by Representative Ihara and carried, H.R. No. 264 was adopted.

Representative Marumoto then rose and stated:

"Mr. Speaker, I am very happy that we've adopted these resolutions. I was very happy to do this for Representative Hashimoto who was unable to be here today.

"The annual Cherry Blossom Festival in Honolulu and the Nisei Week Festival in Los Angeles are occasions when the Japanese community can

come together to rekindle their common cultural ties. As we children of immigrants move farther away in time from our homeland, we can easily forget our ethnic traditions and values. So these festivals and activities and the queen contest are opportunities for Japanese-Americans to reaffirm their ties by their participation. We are here today to honor some of these participants who have worked very hard to make all these events successful."

Representative Marumoto then introduced the honorees as follows: Miss Marlene Akemi Sato, Queen of the Cherry Blossom Festival; Miss Kimberly Hatsue Inouye, Princess; Miss Shana Miyoko Kuratsu, Attendant/ Miss Congeniality; Miss Robyn Noriko Kosaki, Attendant; and Miss Julie Mie Fukunaga, Attendant/Miss Popularity.

The Nisei Week Japanese Festival honorees were introduced as follows: Miss Jennifer Lynn Kusumoto-Ahn, Queen; and Miss Tomodachi, "and if you don't know, tomodachi means, 'friend,' and I guess that could be translated to 'Miss Congeniality,' Miss Karen Chiemi Kakuto."

Accompanying the honorees were Mr. Matt Miura, president of the Honolulu Japanese Junior Chamber of Commerce and Mr. Terrence Iwamoto, chairman of the Cherry Blossom Festival. All were asked to stand and be recognized.

Certified copies of the resolution were presented to each of the honorees by Representative Marumoto and floral leis were presented to the honorees by Representatives Arakaki, Hirono, Ihara, Kawakami, Liu, O'Kieffe and Shito.

A resolution (H.R. No. 265) commending the volunteers of the Fourth Aloha Medical Mission to the Philippines was jointly offered by Representatives Cachola, Tungpalan, Alcon, Bunda, Ribellia, Isbell, Kihano, Apo, Hagino and Hayes.

On motion by Representative Cachola, seconded by Representative Tungpalan and carried, H.R. No. 265 was adopted.

Representative Cachola then rose and stated:

"Mr. Speaker and members of this Honorable Body: Beyond the walls of this beautiful House Chamber, there exists in less fortunate countries countless individuals who will never

have the benefit of even basic professional health care such as nutrition or desperately needed surgical operations.

"The individuals we are honoring today took time off from their busy practice and jobs and traveled to the Philippines at their own expense and worked around the clock to perform humanitarian acts involving the treatment of 2000 patients including 95 surgeries in a week's time. The health services rendered by the Aloha Medical Mission were indeed miracles in the lives of the poverty-stricken people of Bacalod City.

"One such miracle involved the life of a girl named Angie who was living in Bacolod City and who was suffering from congenital cataracts in both eyes. Dr. George Plechaty and members of the 1986 Aloha Medical Mission operated on Angie to remove the cataract in the left eye. Presently, the Aloha Medical Mission, together with Queen's Medical Center and the Philippines Airlines, are combining their efforts to coordinate flying Angie to Hawaii to be operated on to remove the cataract from her right eye, all at no cost to this beautiful girl. Mr. Speaker, I also understand that this girl will be arriving tomorrow and we will be there to meet her.

"Mr. Speaker, it is truly fitting for us to honor this special group of men and women who gave up so much so that others will benefit.

"Speaking from personal experience, I am honored to have been a part, and am still a part, of the Aloha Medical Mission, and barring any legislative responsibility requiring my presence in the State, my wife and I will be joining them again in a destination yet to be determined for another medical mission."

At this time, the honorees were introduced by Representative Cachola as follows: Dr. Mario Bautista; Dr. Charles Carroll; Dr. Amelia Jacang; Dr. Fred Pacpaco; Dr. Pacita Pensuwan; Dr. Remedios Sonson; Mr. Rick Carroll of the Honolulu Advertiser; Mrs. Rose Domondon; Mrs. Lillian Uy, Esq.; Mr. Paul Liwanag of Philippines Airlines; Dr. Danilo Ponce, president of the parent organization of the Philippines Medical Association of Hawaii; Dr. Ramon Sy, chairman of the Board of the Aloha Medical Mission and team leader for 1986; and Dr. Erlinda Cachola, president of the Aloha Medical Mission and "speaker of my house."

Floral leis and certified copies of the resolution were presented to the honorees by Representatives Alcon, Bunda, Fukunaga, Hayes, Hirono, Ihara, Kawakami, Okamura, Oshiro, Ribellia and Tungpalan.

Also recognized by Representative Cachola were friends and relatives of some of the members of the honorees--Mrs. Charles Carroll, Darrell Bareng, and Miss Shirley Ramirez--who were seated in the gallery.

A resolution (H.R. No. 266) congratulating Frank Kalano Edrada on his retirement was jointly offered by Representatives Alcon, Okamura, Anderson, Andrews, Apo, Arakaki, Bellinger, Cachola, Hayes, Hemmings, Hirono, Honda, Horita, Ihara, Kano, Lee, Leong, Marumoto, Medeiros, Metcalf, O'Kieffe, Oshiro, Peters, Ribellia, Shito, Shon, Tajiri, Tam, Taniguchi, Tom and Tungpalan.

On motion by Representative Apo, seconded by Representative Alcon and carried, H.R. No. 267 was adopted.

Representative Apo then rose and stated:

"Mr. Speaker, on your behalf, I would like to introduce our honorees and ask my colleagues to please hold their applause until I introduce all three of them. First of all, we have Mr. Vincent Lee, assistant administrator; Miss Charlotte Dennis, director of the Home Care Services; and Mr. Wallace Waki, coordinator of the Home Care Service." SUSPENSION OF RULES

On motion by Representative Apo, seconded by Representative Anderson and carried, the rules were suspended for the purpose of considering a resolution out of order.

INTRODUCTION OF RESOLUTION

The following resolution (H.R. No. 296) was read by the Clerk and was disposed of as follows:

A resolution (H.R. No. 296) recognizing the Mililani Golden Years Club as an outstanding senior citizens organization was jointly offered by Representatives Kihano, Lee, Anderson, Arakaki, Bellinger, Cachola, Fukunaga, Hagino, Hayes, Hiraki, Horita, Ihara, Isbell, Kawakami, Leong, Pfeil, Ribellia, Say, Shito, Takamine, Taniguchi, Tom and Tungpalan.

On motion by Representative Lee, seconded by Representative Apo and carried, H.R. No. 296 was adopted.

Representative Lee then rose and stated:

"Mr. Speaker, we have honored on occasions here the young people of Hawaii--students ranging from grade 1 to senior grades.

"Today, we would like to honor the Golden Years Club of Mililani. They undertake a number of very interesting and very community-minded activities. Basically, they are volunteers. They have been tutors at Kipapa Elementary School for special education and other children. They have worked with the first aid at Leeward College and they also volunteer at the library and, above all, they serve actively as election officials during the elections every other year. And if you would like to

find volunteers who would like to do a number of things for the community, the Golden Years--or the seniors--are always ready to do so. There is no club that is more active and better known in Mililani than the Mililani Golden Years Club."

Representative Lee then introduced the honorees--members of the Golden Years Club--as follows: Mr. Knud Rasmussen, president and member of the Neighborhood Board for four years, chairman of District 3, Senior Citizens Affairs, member of the Advisory Council and also a volunteer at Kipapa Elementary School; Mrs. Sonja Rasmussen, hospitality chairman of the Golden Years Club; Ms. Helen Shock, vice president and program coordinator; Ms. Elsie Thames, "Girl Friday", and a volunteer at the Mililani Library; Mr. Ron Pulfrey, vice president and volunteer at the Red Cross and tutor at Kipapa Elementary School; and Mr. Fred Sohi, advisor to the Golden Years Club and director of the district gym at Mililani.

Floral leis were presented to the honorees by Representatives Fuku-naga, Hirono, Isbell, Kanohe, Leong, Tungpalan and a certified copy of the resolution was presented by Representative Lee to Mr. Rasmussen.

At 11:28 o'clock a.m., the Chair declared a recess, subject to the call of the Chair, "for the purpose of extending our warm aloha to our honorees this morning."

Upon reconvening at 12:06 o'clock p.m., the Chair directed the Clerk to note the presence of Representatives Crozier and Horita.

SUSPENSION OF RULES

On motion by Representative Apo, seconded by Representative Anderson and carried, the rules were suspended for the purpose of considering bills on Third Reading on the basis of a modified consent calendar.

UNFINISHED BUSINESS

Stand. Com. Rep. No. 978 on S.B. No. 518, SD2, HD2:

Representative Hirono moved that the report of the Committee be adopted and S.B. No. 518, SD2, as amended in HD2, having been read throughout, pass Third Reading, seconded by Representative Hiraki.

Representative Andrews then rose to speak against the bill, stating:

"Mr. Speaker, at the chance of sounding like an ogre speaking against the little kids, I would like to preface my remarks by saying that I am speaking about this bill and a number of other bills that require mandated health coverage in various areas.

"What bothers me the most is that the bulk of the people who testified on this bill, and the other bills that had mandated coverage to health insurance, were the providers of service--and one insurance company. As you can imagine, the providers of service told us how beneficial this would be and how cost effective it would be. In my mind there was nothing else they could say. The insurance company told us that these benefits would be very expensive and the cost effectiveness of them was in question.

"I really don't know who to believe and the problem is that I don't know of anybody else here who knows who to believe.

"What I would like to do in continuing in what I would like to say, is, read a few remarks from a recent Forbes article that just appeared in their latest edition. Basically, it deals with the way Congress is also addressing this problem and its caption by saying, 'Congress has found a new way to spend more on social programs without raising taxes--bad inflationary news for business and bad, too, for consumers.' It goes on to say, 'Congress is itching to give voters a fat, fresh package of social benefits--expanded health care, heftier pensions, expanded benefits for families with children--just for starters. But how to pay for it? Raise taxes? Don't be silly. That's a sheer path for retirement for politicians these days. Borrow the money? Not with the deficit. But there seems to be a way out and you can expect the Democratic Congress to take it. Sock to business with the bill for the new social spending. That's not a tax--it's just a legal obligation.'

"In Washington, they've already have a name for this new spending strategy--mandated benefits. It means that when Congress votes for a new social program, it simply orders that the cost be picked up by employers. Certainly, loading employers with the added cost of new social

programs will not enhance U.S. industrial competitiveness. On the contrary, it is almost guaranteed to weaken the competitiveness; more than that, the effect on the economy can only be inflationary. Prices will edge ever upward as companies sock consumers with the bill and some companies will even go out of business.'

"The article goes on and concludes by saying, 'and even big business will find its international competitiveness decreased for Congress has yet to face the fact that anything that raises the cost of making things in the U.S. cost some U.S. workers their jobs. This is a cruel fact of economic life and legislation cannot repeal it. Congress would do well to ponder what has happened in Western Europe. There, the social welfare system is a comprehensive system truly "cradle to grave," but the price has been economic stagnation. The U.S. has created 21 million new jobs since 1976 while Western Europe has created a net of none in the same period.'

"I think if we apply this article in my previous remarks to Hawaii's business and Hawaii's economy, we can conclude that instead of increasing benefits for many, the net effect of these bills through the lost of jobs, will be, no benefits for many more.

"Thank you, Mr. Speaker."

Representative Arakaki then rose to speak in favor of the bill, stating:

"Mr. Speaker, I speak only in reference to this bill. When people ask why we should mandate health coverage, my response is that if I interpret our role as legislators correctly, we should be providing social policy and direction, and I think by passing this type of bill, we are making a policy statement that the health and welfare of our children is important.

"We already mandated the first two years of coverage for children. All we want to say is that the first five years is very important because they contain many of the developmental aspects in raising children.

"For those who are concerned about cost, we should look upon this as an investment where we each put into the future of our children, our share, and we should take our resources to nurture our investment because every single one of us will be af-

ected by the outcome of our investment in our children.

"Thank you, Mr. Speaker."

Representative Kanoho rose to speak against the bill, stating:

"Mr. Speaker, I've been pondering at length on the merits of this bill and what I should do with it and I would very much like to have Representative Andrews comments recorded as my own and, additionally, although this bill only provides for three additional examinations at ages 3, 4 and 5, it is my belief that parents should assume some responsibility, and, after careful consideration, I am in opposition of this bill.

"Thank you."

Representative Hemmings rose to speak against the bill, stating:

"Mr. Speaker, economic consideration aside, this and other mandated benefit programs that are being proposed in this Legislature are promoting a much more insidious problem where people who have children, or people that have problems, are not in a position to handle them themselves.

"Having a child is a right in our country, but in other countries it's a privilege, and in many ways with the growth of the world going the way it is, it should be viewed more and more as a privilege in this country. When you have a child it's your responsibility to maintain the welfare of that child. And if that child has an illness, certainly we want to, collectively, take care of that illness. But in the modern world we have to start having people be responsible for the care of their own children rather than making it a state function.

"We are going more and more into state and socialized social welfare programs where the individual no longer feels the responsibility to safely bring up their own child. So we're taking an economic, but, more importantly, a social and a spiritual path down the road of unaccountability where eventually we all will have to pay the price with much more just than the dollars and cents in this bill.

"Thank you, Mr. Speaker."

Representative Cavasso then rose and requested that the remarks of Representatives Andrews and Kanoho be inserted into the Journal as if

they were his own, and the Chair, noting that there were no objections, "so ordered." (By reference only)

The motion was put by the Chair and carried, and the report of the Committee was adopted and S.B. No. 518, SD2, HD2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE", having been read throughout, passed Third Reading by a vote of 37 ayes to 14 noes, with Representatives Anderson, Andrews, Apo, Cavasso, Crozier, Hemmings, Ihara, Jones, Kanoho, Liu, O'Kieffe, Peters, Pfeil and Tajiri voting no.

The Chair directed the Clerk to note that S.B. No. 518 had passed Third Reading at 12:15 o'clock p.m.

Stand. Com. Rep. No. 1008 on S.B. No. 815, SD1, HD2:

Representative Hirono moved that the report of the Committee be adopted and S.B. No. 815, SD1, as amended in HD2, pass Third Reading, seconded by Representative Hiraki.

Representative Andrews then rose to speak in favor of the bill, stating:

"Mr. Speaker, I am in favor of this bill because it will keep us from doing in the future what we just did earlier.

"Thank you."

Representative Liu then rose to speak against the bill, stating:

"Mr. Speaker, I rise to speak against this bill but for the same reasons as Representative Andrews. I think this bill should be passed first before we deal with a number of other issues related to mandated benefits and programs. So, for that reason, I shall be voting 'no,' not because of the sentiments behind it, but because the timing is wrong.

"Thank you."

Representative Metcalf then rose to speak in favor of the bill, stating:

"Mr. Speaker, I was going to vote against this measure but Representative Andrews speaks so seldom that his eloquence convinced me to support the measure."

The motion was put by the Chair and carried, and the report of the Committee was adopted and S.B. No. 815, SD1, HD2, entitled: "A BILL

FOR AN ACT RELATING TO HEALTH INSURANCE", having been read throughout, passed Third Reading by a vote of 50 ayes to 1 no, with Representative Liu voting no.

The Chair directed the Clerk to note that S.B. No. 815 had passed Third Reading at 12:16 o'clock p.m.

Stand. Com. Rep. No. 1018 on S.B. No. 456, SD1, HD2:

On motion by Representative Oshiro, seconded by Representative Bellinger and carried, the report of the Committee was adopted and S.B. No. 456, SD1, as amended in HD2, entitled: "A BILL FOR AN ACT RELATING TO THRILL CRAFT", having been read throughout, passed Third Reading by a vote of 51 ayes.

Stand. Com. Rep. No. 1046 on S.B. No. 1458, SD1, HD2:

On motion by Representative Metcalf, seconded by Representative Hagino and carried, the report of the Committee was adopted and S.B. Stand. Com. Rep. No. 1053 on S.B. No. 350, SD1, HD2:

Representative Metcalf moved that the report of the Committee be adopted and S.B. No. 350, SD1, as amended in HD2, pass Third Reading, seconded by Representative Hagino.

Representative Shon then rose to speak in favor of the bill, stating:

"Mr. Speaker, there is no doubt that smoking is the number one public health problem in the United States today. Over a thousand people die every day as a result of smoking.

"As we discuss health care cost, there is one certain way in which we can reduce health care cost and, that is, to prevent disease. The Surgeon General advises us that the most preventable source of disease is to stop smoking and thus protect the rest of us from this pollution.

"I am proud that the House of Representatives has always stood strong in favor of public health, and today, we reaffirm our responsibility to protect the innocent and the healthy. I firmly believe that small business and public institutions would find a wave of appreciation from their customers if smoking were more controlled, and I also believe that it makes good business sense to demonstrate a concern for employees while being a comfort and help to customers. And, Mr. Speaker, this House has acknowledged that the health of workers in the private sector is just as important as the health of workers in the public sector. To consciously create a class of second-class citizens to afford one group protection and the other none, this is something I cannot understand. Our bill, members, seeks to protect all.

"With our bill, a woman who is pregnant who happens to work in the private sector need not choose between the health of her child and her job. The same is true of anyone with any form of respiratory disease--asthma, emphysema--this is equity, Mr. Speaker. This is responsible legislation and I think the House can be proud of it.

"And, Mr. Speaker, I would especially like to acknowledge the support for this bill of some of the members of this House who do smoke who have put their personal habits aside to vote for a healthier community, and I

would especially point to the distinguished chair of the Judiciary Committee, while still a smoker, you may have noticed that he is thinner, he's tanner and, hopefully, in the future, he, too, will be smoke free.

"Thank you, Mr. Speaker."

Representative Metcalf then rose to speak in support of the bill, stating:

"Mr. Speaker, I would just ask that Representative Shon's remarks be inserted into the Journal as my own except with the mildest of reservations."

Representative Anderson then rose to speak against the bill, stating:

"Mr. Speaker, as a non-smoker and one who has been smoking for 16 years, it always bothers me that we can go ahead and mandate what others can do.

"If an individual worked in an officeplace with 6 people and 5 of those 6 smoked, and that one person didn't, then they're saying that that person can stop everything. I don't think that it is fair, Mr. Speaker, that we continually tell people what they can and cannot do.

"You put down on the packages of cigarettes that it's hazardous to your health--and I think that's right--but I don't think it's fair that you tell people that they are not going to be able to smoke in a particular area just because one person does not want them to.

"I go to Los Angeles and I'm sure that the smoke there from the fumes and everything else are worse than cigarettes. Are you going to ban cars and the industry and everything else? You try to correct them and I believe that is what we have to do here--to try to correct some of the inequities--but not by banning everything.

"I'm going to vote 'no' and I wish the rest would, too.

"Thank you, Mr. Speaker."

Representative Hayes then rose to speak in favor of the bill, stating:

"Mr. Speaker, as a lifetime non-smoker married to a reformed ex-smoker, and I'm also the mother of a daughter who would not give up smoking and she died about fourteen months ago. I think it's a good bill, I vote for it and I hope everybody

else does."

Representative Cachola then rose to speak in favor of the bill, stating:

"Mr. Speaker, the purpose of this bill is to establish a state authority for selecting a site for undertaking the development of an international convention center in Hawaii. The issue of selecting a site for a center has been highly debated from the beginning of this legislative session.

We all know that the Senate is strongly supporting an Ala Wai Golf Course site, while the House Tourism Committee, at one point in time, selected Magic Island. However, in view of numerous testimonies that we have received with regards to these alternatives, it is apparent that many important factors have not been sufficiently examined; like, for example: open space needs, visitor generated traffic, local traffic congestion, zoning change requirements, and use of the waterways as a means of really helping out solve the problems when it comes to traffic. Mr. Speaker, the most prudent course for this Body to take is to support the establishment of a convention center authority so that more deliberation and study may precede the selection of a convention center site.

"Mr. Speaker, while I have emphasized this point previously, I believe that if we will be spending hundreds and hundreds of millions of dollars just to put up a convention center that we must select a site that can sell Hawaii; a site that will be functional well into the future; a site that will be able to maximize our investment and revenues, and, what I am saying, Mr. Speaker, is, we've got to select a site that will never be obsolete through time.

"Thank you, Mr. Speaker."

Upon reconvening at 1:06 o'clock p.m., Representative Anderson stated that his question was answered and "it's my understanding that--I'm going to vote 'no' on the bill, by the way--according to this bill, if I got into an argument or a fight with my wife and hit her and abused her in any way and she filed against me, and I didn't have the money or whatever, the state has to pay a penalty, and I don't think that is what I would like to do as part of this bill.

"So, for that reason, I'm going 'no,' Mr. Speaker."

The Chair then asked:

"You say you don't want to beat your wife up?"

Representative Anderson answered:

"I don't want to have you pay for my neglect."

Representative Metcalf then rose to speak in support of the bill, stating:

"Mr. Speaker, this year the House also inserted language that would provide that the offender make restitution to the criminal injuries compensation fund when ordered to by the court. So, under that stratagem, if Representative Anderson were to beat his wife, the court could well order that he make restitution to the

fund so the fund would actually not involve an outlay of taxpayers money that would not be recouped.

Representative Anderson then rose to speak against the bill, stating:

"Mr. Speaker, before I start, I would like to ask the chairman of the State Planning Committee a question."

The Chair then asked Representative Andrews if he would yield to the question.

Representative Andrews replied:

"It depends on the question, Mr. Speaker."

Directed by the Chair to state his question, Representative Anderson asked:

"It's my understanding that the functional plans will be implemented; it will bypass the Legislature; it will come up only for our information. In another passage in the bill, it says that we have to 'adopt' and we are a 'part' of this. It seems like it contradicts itself and I would like to know just how we are supposed to take this."

Representative Andrews replied:

"To begin with, we did take into light the arguments that you've made in the past years, but it's intended that those what are now termed functional plans become department plans in the long run and be administrative documents."

Representative Anderson then thanked the Chairman and stated:

"Mr. Speaker, we have fought the functional plan for many, many years

primarily because they were always supposed to be guidelines, when, in reality, they were going to be implemented.

"This bill says, 'the Governor shall transmit approval of the state functional plans to the Legislature for its information.' Functional plans implementation--that means that when you and I and the rest of us are out during the interim, they can take the functional plan, the state plans, go out and do whatever they want to, come back, and they'll tell us, 'because that has been implemented, you will fund it.' They don't come to us on a regular process, and I think that that's our responsibility.

"I listen to everybody sitting around here saying, 'we have to be a part of what the responsibility is to the consumers and to the taxpayers,' and yet, Mr. Speaker, when I ask questions in Finance, no one seemed to be that concerned. I think it's our responsibility to make sure that anytime that we implement anything, that they don't come to us for approval, they come to us and say, 'this is what we want; can we afford it, will you folks fund it?' They don't come to us and say, 'ladies and gentlemen, you gave us the authority; we are implementing it and you will fund.'

"And that's the way I read the bill, Mr. Speaker, and I think that's the way my colleagues would read it, and I would hope that you would all consider voting 'no,' and if you want to look at it, you can put it in next year--we can talk about it--it will still be alive. That's what we're saying with other bills. I don't think we have to rush.

"Thank you, Mr. Speaker."

Representative Andrews then rose to speak in favor of the bill, stating:

"Mr. Speaker, in regards to the section that Representative Anderson is discussing, what we did with the functional plans is to make them what they really are. We've gone over the discussions over the years many, many times as to whether these things are binding, whether they're just guidelines and to what effect they bind us to take action. In all of those discussions, we've all agreed that they do not bind this Body, and that the real implementing action is the legislation that we pass here today and the budget.

"As a practical matter, those plans were created by the departments,

and, if at all utilized by the departments, are pretty much ignored by the Legislature. And, in knowing that, what we did was make them what they are, hoping that they will get more attention from the body from which they were created and also remove some of the busy work and the work that didn't seem to be very cost effective on the part of the administration."

Representative Ribellia then rose to speak in favor of the bill, stating:

"Mr. Speaker, I would hope that in the next coming session that this Body will consider legislation which would help to restore even more effective state-wide planning by joining in the transfer of the planning function to the office of the governor--the research function of the department--as it now sits. It's a very basic planning technique that you need good research to accompany the planning function to be effective.

"Thank you, Mr. Speaker."

Representative Anderson rose in rebuttal, stating:

"If, in fact, Mr. Speaker, that these are just going to be used as guidelines, then that meant that the years of study and the years that we held this up means nothing. I can remember, Mr. Kono, who was the department head at that time, who said that he would use us as his 'bible' and to make sure that everything got implemented, and there was a big hullabaloo. I see no difference today. It's nice to come here and agree that we want to move ahead. I agree with you. But if, in fact, it's not going to harm us; if, in fact, it's not taking away anything from us--I believe that I have friends here, colleagues who are attorneys and the whole bit, and I don't normally go to them--but I think we have to go to the attorneys and look at this and find out just actually what will this do to the rest of us. Is it, in fact, helping or is going to hinder the process? If its going to help, I'm all for it. But I don't like to read something just by chance in a committee, and no one else seems to know about it and all of a sudden we're shoving it down. Let's take a little time. Why wasn't it said that this--is what was happening?"

"Actually, I don't think anybody from the different committees knew what exactly what was happening and that, I think, is the wrong way to

implement different types of legislation.

"Thank you."

Representative Apo then rose to speak in favor of the bill, stating:

"Mr. Speaker, I think we're missing the issue here. I believe, first of all, that the Governor made it very clear in his state-of-the-state address that he did intend to transfer the strategic planning function from the DPED to his office. And I believe the rationale was that while the DPED is currently in charge of planning for the future of this state, that, in fact, in reality, because that agency has no authorization or jurisdiction over any of the other departments, it was very difficult to get any of the policies that we, the Legislature, have placed in the statutes acted on in terms of developing or implementing actions, largely because that agency is so far removed from the actual budgeting process which takes place out of the governor's office.

"So, I believe the intent of this bill is to move the strategic planning closer to the budgeting process through the governor's office, who does have authorization to finally put a 'head on the octopus,' and to, if necessary, mandate the various state agencies to act on those policies that the Legislature had approved and had set up.

"Thank you, Mr. Speaker."

Representative Liu then rose to speak against the bill, stating:

"Mr. Speaker, first of all, I would like to thank the Minority Floor Leader for asking for assistance from attorneys to some degree on this measure, and, hopefully, I can lend some on this issue.

"I think that the debate we've had on the floor today indicates the problem that we've had over the years with the whole issue of the state plan. What does it mean? Are there going to be guidelines? Are they going to be mandated policies? Should there, in fact, be centralized planning to the degree that is envisioned by this measure, by breathing life back into the state plan?

"I think all of this has caused confusion, a lot of wasted energy, and I think the state could do well in this era of new beginnings to, yes, transfer the planning function to the governor's office--I have no objection

to that--but doing away altogether with this state plan.

"Thank you, Mr. Speaker."

the existing law as I understand it, is to help, and on the third paragraph it says, 'this bill would be to preclude those in the secondary category,' and I was wondering how that would help those in low income housing, if we were precluding them."

Representative Shito replied:

"Mr. Speaker, in answer to that question--initially this committee, sometime ago, had provided this tax incentive, but, in reviewing the incentive, we found that this could possibly lead to abuse of the system and, therefore, it's been repealed at this time. We feel that there has been no takers from the time that this provision was put into place and because we had detected this, we are now repealing that portion."

S.B. No. 1173, HD1:

Representative Hirano moved that S.B. No. 1173, HD1, pass Third Reading, seconded by Representative Hirano.

Representative Kanoho then rose to speak against the bill, stating:

"Mr. Speaker, I do believe that chiropractic treatment can be most valuable in remedying certain ailments. However, treatment without proper medical diagnosis can not only be very costly but, more importantly, can be a very dangerous procedure because real problems remain

undetected and can worsen without proper care.

"Mr. Speaker, I am also concerned with the continuing efforts to mandate insurance coverage thereby increasing overall costs where such measures would be more properly addressed in the private sector.

"Thank you."

Representative Metcalf then rose to speak against the bill, stating:

"Mr. Speaker, I also speak in opposition to this bill and would ask that Representative Kanoho's remarks be inserted into the record as my own," and the Chair, noting that there were no objections, "so ordered." (By reference only)

Representative Lee rose to speak against the bill, stating:

"Mr. Speaker, I rise to speak against this bill and also on other measures of similar nature.

"I think that medical insurance has been overloaded. It's like putting a lot of ornaments on the Christmas tree--it may collapse. I think we should be very careful to adhere to the original intent of medical insurance.

"This measure would add a cost of about 11.7 million dollars. I voted in favor of the well-baby bill even though it belongs to the same category. We are trying to legislate socially desirable objects in a medical insurance bill and the totality of all these measures will increase the burden, not only on business, but on all of us.

"The point about medical insurance is that it should take care of the common ailments for the greatest number of people and not be used to serve special or limited issue uses, and this is the reason why I must stand in opposition to this bill.

"Thank you, Sir."

Representative Hemmings rose to speak against the bill, stating:

"Mr. Speaker, there is a positive alternative. We are opening up the floodgates to massive exploitation both by providers and recipients of the social welfare program, in this instance, the insurance program, by mandating additional coverage. The alternative in this is a 'gatekeeper' legislation where, in the future, all

providers can be provided even playing field for their services. Right now, I do sympathize because chiropractors can and in some instances, provide much necessary service to someone who needs their help. But by opening up the system to every chiropractor, we are going to be encouraging abuse of the system, both by chiropractors and providers. Gatekeeper legislation could provide for assistance by which people have to go to a primary physician and have future services in any area of medical services approved before they can go on to the insurance or the social welfare program payroll.

"For that reason, Mr. Speaker, I am voting against this legislation in hopes that, in the future, we can come back and institute a more responsible program to regulate health care cost to the benefit of consumers and victims.

"Thank you."

Representative Hirono then rose to speak in favor of the bill, stating:

"Mr. Speaker, I feel compelled to point out a few things regarding this bill. I can certainly understand the concerns of those who are concerned about the cost implications of this particular measure. However, there are two safeguards in this bill. One, the committee intends that this provision drop dead in four years to give the Legislature time to evaluate the economic impact of this mandated service. The other is that we will allow the insurers--the insurance company themselves--to set the level of coverage and, therefore, I doubt very much that they will allow the kind of coverage that they allow to general practitioners. So, those are two cost items that the committee took into consideration and recommended passage of this bill.

"Thank you."

The motion was put by the Chair and carried, and S.B. No. 1173, HD1, entitled: "A BILL FOR AN ACT RELATING TO CHIROPRACTIC SERVICE", having been read throughout, passed Third Reading by a vote of 36 ayes to 15 noes, with Representatives Anderson, Andrews, Apo, Bellinger, Cachola, Cavasso, Hemmings, D. Ige, Jones, Kawakami, Lee, Liu, Metcalf, Peters and Tom voting no.

Third Reading at 4:08 o'clock p.m.

S.B. No. 830, SD1, HD1:

Representative Hirono moved that S.B. No. 830, SD1, HD1, pass Third Reading, seconded by Representative Hiraki.

Representative Cavasso then rose to speak against the bill, stating:

"Mr. Speaker, the bill--as it originally came out of the House--in the House version, did not add the first line in Section 1 which includes AIDS under the civil rights statutes.

"I have no objection, Mr. Speaker, to protecting people who have AIDS from being required to take an exam or such. I do have objection to taking away the rights of homeowners and such to take into consideration certain risks-- health risks, communicable diseases--in their decision-making as to whether or not they can rent under certain conditions. For example, if a family has a young child less than a year old--the child will be crawling all over the home, picking things up generally and putting them into their mouths--and that family should, if they are renting a room, have the right to consider the health risk to that child in deciding who should or should not rent their home.

"I prefer that we stay with the House version that we sent over to the Senate, and I would urge that this particular version, which has come over from the Senate, be held, and that we work with the House version.

"Thank you very much."

The motion was put by the Chair and carried, and S.B. No. 830, SD1, HD1, entitled: "A BILL FOR AN ACT RELATING TO DISCRIMINATION IN REAL PROPERTY", having been read throughout, passed Third Reading by a vote of 49 votes to 2 noes, with Representatives Cavasso and Jones voting no.

Representative Hirono moved that S.B. No. 337, SD1, HD1, pass Third Reading, seconded by Representative Hiraki.

Representative Anderson then rose to speak against the bill, stating:

"Mr. Speaker, I've gone over this bill and, again, it bothers me that we can go ahead and lower the age for private investigators and also security guards from age 22 down to age 18.

"As a person who served in the service at seventeen, I'll tell you that a lot of times we are just not ready for certain things--we're not mature enough--and to have a person to be able to be a private investigator or even have the responsibility of being a security guard at age 18--there are many who are able to do this--but I would say that the majority are not ready.

"For this reason Mr. Speaker, I am asking all of my colleagues again to go 'no' and I know Representative Apo is going to follow suit.

"Thank you , Mr. Speaker."

The motion was put by the Chair and carried, and S.B. No. 337, SD1, HD1, entitled: "A BILL FOR AN ACT RELATING TO PRIVATE INVESTIGATORS AND GUARDS", having been read throughout, passed Third Reading by a vote of 50 ayes to 1 no,

Representative Hirono moved that S.B. No. 986, SD2, HD1, pass Third Reading, seconded by Representative Hiraki.

Representative Kanohe rose to speak in opposition to the bill, stating:

"Mr. Speaker, I agree with the concept and intent of this bill. However, I wish to express continuing concern with efforts to mandate insurance coverage thereby increasing its overall costs apparently without regard on whom such costs be absorbed. I believe such coverage be more properly addressed in the private sector.

"Thank you."

Representative Arakaki then rose to speak in favor of the bill, stating:

"Mr. Speaker, I speak especially on the part of mental health which I am very concerned about.

"I understand, right now, we have optional coverages for mental health. But, I ask, since when is good mental health an option? I think it is something we all need. I don't think anyone would no more choose to be mentally ill than they would to have a coronary or to have a stroke. I don't think, in many cases, it can be helped.

"And for those who are concerned about the cost, think about it in these terms: Many of our mentally ill are on the streets, they are street people. If they're not there, they are in one of our institutions, either the prisons or the state hospital. The only other option is for them to be with their families.

"I think what this bill says is that we are going to support the families who are willing to support the mentally ill and it's a very high cost that they bear. So, I think we should show support for these families and I think that's why I ask for everyone to support this bill.

"Thank you, Mr. Speaker."

Representative Lee then rose to speak against the bill, stating:

"Mr. Speaker, I share the sentiments that my colleague, Representative Arakaki, stated about mental health. I certainly will support a bill that will mandate coverage for mental

health. It's indiscriminate; no one knows what happens.

"The other two coverages, however, that were mandated reflect personal decisions on the part of those who engage in such practices as to bring the suffering or affliction upon themselves. Those who are mentally ill do not have any choice. It is what has happened. The problem is, we cannot meet every physical ailment with a coverage and to place the cost of coverage on everyone--if its a case where there is a voluntary decision on the part of those who undertake such practices. I regret that the bill is not much more specific--addressed only to mental health--in that case I would support the bill. But since it includes the other two areas which are at considerable cost and which place an undue burden on those who do not practice things that bring upon such affliction, it is for those reasons that I will vote against the bill.

"Thank you, Mr. Speaker."

The motion was put by the Chair and carried, and S.B. No. 986, SD2, HD1, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE", having been read throughout, passed Third Reading by a vote of 30 ayes to 21 noes, with Representatives Anderson, Andrews, Apo, Bellinger, Cachola, Cavasso, Hayes, D. Ige, Ihara, Jones, Kanohe, Kawakami, Lee, Liu, Marumoto, O'Kieffe, Peters, Pfeil, Ribellia, Tajiri and Tom voting no.

The Chair directed the Clerk to note that S.B. No. 986 had passed Third Reading at 4:24 o'clock p.m.

S.B. No. 749, SD1, HD1:

Representative Shon moved that S.B. No. 749, SD1, HD1, pass Third Reading, seconded by Representative Leong.

Representative Shon then rose and requested that his written remarks, in favor of the bill, be inserted into the Journal, and the Chair, noting that there were no objection, "so ordered."

The remarks of Representative Shon, in favor of the bill, are as follows:

"Mr. Speaker, there is no doubt that healthcare costs too much. And there is no doubt that as a major provider of healthcare through the

many state hospitals and health clinics, the State of Hawaii has a responsibility to actively participate in decisions which affect those costs.

"The State Health and Development Agency was originally created by federal legislation. And because of that origin, I believe, our state officials have never taken a keen interest in its functions. Many have complained, but few have sought to actually reform and improve the state's role in controlling cost and ensuring quality and equal access.

"This year, perhaps stimulated by the end of the federal program, a reevaluation was in order. Your Committee on Health discovered that no one was systematically looking at health care costs. Information was fragmented, and seldom delivered in a coherent form to us or other decision makers.

"We found that SHPDA had lost its purpose, and was engaged in an unproductive turf battle with other planners within the Department of Health. Clearly it was time to sort out responsibilities, to refocus, to set a new direction.

"This bill, and the House bill which still survives on the Senate side, represent the refocus and the new direction. We have sought to streamline SHPDA by:

providing for administrative reviews of certain Certificate of Need applications;

raising the threshold when a CON is required;

providing for waivers; and

removing references and obligations tied to the now-defunct federal program.

"Mr. Speaker, we have refocused SHPDA by:

1. We will be receiving an annual report on health care costs in Hawaii, which is essential if we are going to do anything about it.
2. We will insist that once a CON is granted, SHPDA also be responsible for monitoring of the projects for conformance.
3. We insist that the overall goals include the promotion of equal access of all the

people of the state to quality health care services at reasonable cost.

4. And SHPDA to peer into the future of emerging health issues, such as medical ethics, health care rationing, involuntary care, care for the indigent, and standards for research and development of biotechnology and genetic engineering.

"Mr. Speaker, there can be no doubt that there are enemies of SHPDA, the OLD SHPDA. But today, with the passage of this bill, and, hopefully, with Senate agreement, we need not dwell on the past. Rising out of the ashes is a reformed, born-again entity.

"This new SHPDA will assist us in getting a handle on health care costs; on playing referee when needed, as many be the case when two nearby communities insist on their own hospital; on ensuring that the state hospitals can operate in an economic environment which is not always a drain on the public treasury; and to enforce our commitment to equal access and quality of health care throughout the islands."

The Chair directed the Clerk to note that S.B. Nos. 749; 619; and 1126 had passed Third Reading at 4:25 o'clock p.m.

S.B. No. 915, SD1, HD1:

Representative Tam moved that S.B. No. 915, SD1, HD1, pass Third Reading, seconded by Representative Lee.

Representative Tam then rose to speak in favor of the bill, stating:

"Mr. Speaker, although two hearings were held on this measure, that is, S.B. No. 915, SD1, in the House Committee on Education, no favorable testimony was received. The bill would have eliminated the present district exemption policy in the public schools which have been in place since 1896.

"After careful consideration, the Committee found that the Department of Education's district exemption policy is working well. Therefore, this bill has been amended to accomplish the more important purpose of making kindergarten mandatory, thus the coming about of S.B. No. 915, SD1, HD1.

"The Board of Education has decided to place its highest priority on reducing class size in kindergarten, followed by gradually reducing class size in higher grades later on. The House budget contains a 6.6 million dollars appropriation and the Senate budget contains 5.5 million dollars appropriation for class size reduction in kindergarten. If kindergarten is not important enough to be mandatory, then we should start class reduction at the first grade instead.

"Kindergarten has changed in recent years. It's not merely recreational or concerned with social integration. Kindergarten now consist of academic work which, if missed, cause children who do not attend to be in danger of falling behind in first and second grade, perhaps never catching up.

"Although some express concern that children are not ready for academic work at age five, most studies show that children who have such exposure score significantly higher in language and mathematical achievement.

"In addition, your Committee found that the law already allows for exemptions to the compulsory attendance language in Section 298-9 of the Hawaii Revised Statutes, and our investigation of this matter shows that the department is liberal in the application of law. For example, exemptions:

1. When the child is physically or mentally unable to attend school, or
2. When the family employs a tutor approved by the Department of Education, or
3. When the family court allows that the child to remain away from school, or
4. When the child is enrolled in an appropriate alternative educational program approved by the Superintendent of Education.

"Thus, the above exceptions takes care of the concerns of parents who feel that their children are not ready for kindergarten.

"This bill has been amended to require the Department of Education to establish kindergarten classes as part of the public school system and to require the attendance of children who reach the age of 5 before September 1st of the school year. Those children who reach the age of 5 between September 1st and December 31st will be committed, although not mandatory, to attend kindergarten. This measure is not intended to be applicable to children who attain the age of 6 years on or before the end of the year of 1988 to 1989 school year, in order to provide the Department of Education and affected parents enough time to accomplish the purposes of this bill.

"Mr. Speaker, I believe that the future of our state and our nation depends more than anything on achieving educational excellence in this generation. Mandatory kindergarten is only the first step in emphasizing education as a top priority of our state government.

"I ask my fellow colleagues to vote, 'yes.'

"Thank you."

Representative Cavasso then rose to speak against the bill, stating:

"Mr. Speaker, I rise to speak against this bill as it is currently worded. It's a gentle 'no' because I believe this will be changed again in Conference Committee.

"The bill, as we originally put it out, allowed for mandatory kindergarten, which is good. It went further, however, and allowed that parents would have the discretion of

sending their children to school at 6 years old.

"I was a slow starter myself, Mr. Speaker. I actually had to repeat the first grade and did well after that. I think Representative Apo was a little faster than me--he repeated kindergarten. Representative Isbell has some children she held back and I think there are others in this House that have looked at the maturity of their children and said that it would be good to start them a little bit later--often it's the males, the females seem to be a little bit quicker.

"But the bill, as we moved it out of here a few weeks ago, said that the Department of Education shall establish and maintain kindergarten, which is good, and it said, 'for everyone that wanted it.' It said that, 'no child shall attend kindergarten unless the child will be at least 5 years of age, on or before December 31st of the school year,' and then it allowed for exceptions. But then it went further and said, 'provided further that kindergarten attendance shall be mandatory for a child 6 years of age on or before December 31st of the school year who have not yet attended kindergarten for one school year, except that the teacher may recommend the child for first grade entry,' an exception again.

"The objection I have to the bill right now is that it is not the win-win situation that we had coming out a few weeks ago. There are a large number of people in the community that believe that 5 years is too young for the children and would like to have the option of sending them to school at 5 but have no problem with making kindergarten itself mandatory at 6 with the option of starting at 5. There are different degrees of development and, it seems, from my conversation with the chairman of the Committee, that he has no objection to going back to the original House version, and I discussed it with others and am hopeful that when this comes up for final vote, Mr. Speaker, that I'll cheerfully be able to vote 'yes' if given parental discretion back again and come to the original version as it was.

"Thank you, Mr. Speaker."

Representative Tam then rose to reply to the remarks of Representative Cavasso by stating:

"Mr. Speaker, Representative Cavasso had mentioned a willingness to discuss the matter in terms of what

he proposes, but keep in mind that we are to present our bill as we pass it upon Third Reading and, also, if the issue does come up as to any other options we will consider it, but we are to, at this time, adhere to what we have.

"Thank you."

Representative Anderson then rose to speak against the bill, stating:

"Mr. Speaker, irregardless of what anyone says--and I have a lot of respect for the chairman--and everybody else's concerns, I think that I am always going to be against anything that mandates what a person can do or cannot do, especially when we're saying they have to go ahead and send their child to kindergarten.

"I know many, many parents who could do a better job at home and then send their child to the first grade. It's been proven time and time again. We're looking at roughly a little over 400 people throughout the state. Right now, we cannot accommodate what we have. As I pointed out when we had the budget, there is not sufficient funds right now for the teacher-pupil ratio. Also, because kindergarten is a visual educational type process, even if we're going to put them in a portable, the portables are not standard equipment that the teachers want. They're too small because it is visual. With all of these things, Mr. Speaker, I don't know how we can turn around and say that this is going to be good. The only thing that I see that it's going to do is provide a few jobs for the Department of Education but, in reality, it's going to cost us; we're not ready for it; we can't accommodate it. Are we just going to overcrowd our kindergartens more than they are right now?

"Because of these questions, I am going to go 'no' and I don't think I am going to change very many minds.

"Thank you, Mr. Speaker."

S.B. No. 1218, HD1:

Representative Takamine moved that S.B. No. 1218, HD1, pass Third Reading, seconded by Representative Hagino.

Representative Tom then rose to speak in favor of the bill, stating:

"Mr. Speaker, as you know, I introduced a similar measure in the form of H.B. No. 251, HD1, which passed this Honorable Body earlier this session.

"I would like to personally thank Chairmen Takamine and Hagino for passing this bill out of committee and adopting the House language.

"You know, I asked that my colleagues support this measure, the

purpose of which is to allow public agencies to provide the transcription or reproduction of materials to handicapped students without having to secure permission from the publishers in every instance. Materials in braille, large print and tape are hard to obtain and, when compounding this with laws that makes things even more difficult, we end up doing a disservice to our handicapped citizens. This bill would mandate language in all state procurement contracts allowing the right to produce copies in alternative formats for those unable to use conventional printed materials.

"As a legislator having to attend hearings and review numerous bills, much of my staff's time is spent brailleing those materials for me. However, we cannot forget those handicapped people who do not have the resources to have their materials prepared in braille, large print and tape recordings as an alternative format to print for their use.

"Finally, Mr. Speaker, in my observation, I can say with certainty that I am extremely privileged for the opportunity to participate in our legislative process with fellow legislators--Democrats and Republicans alike--who are exposed to, and are most sensitive to the needs of handicapped citizens by observing me firsthand in transcribing all of my materials into braille. I believe this bill will open the door for handicapped people by making it easier for public agencies to provide materials to all who need them in this way, ie, braille, large print or by tape.

"Thank you, Mr. Speaker."

The motion was put by the Chair and carried, and S.B. No. 1218, HD1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC CONTRACTS", having been read throughout, passed Third Reading by a vote of 51 ayes.

The Chair directed the Clerk to note that S.B. No. 1218 had passed Third Reading at 4:43 o'clock p.m.

S.B. No. 1399, SD1, HD1:

Representative Takamine moved that S.B. No. 1399, SD1, HD1, pass Third Reading, seconded by Representative Yoshimura.

Representative Marumoto then rose to speak against the bill, stating:

"Mr. Speaker, this bill is relating

to wages and hours on public works. I believe this bill is passing under false pretenses. The committee report is in error; for that matter, I believe the bill is also.

"The Federal Government does not require overtime pay with fringe benefits calculated into the pay. Standing Committee Report 1024 conspicuously states that 'this bill conforms Hawaii's law, sometimes called the "Little Davis-Bacon Act," to the federal Davis-Bacon Act and to prevailing practices in the construction industry and under collective bargaining contracts.' The bill also reads, 'under federal law, all contractors who bid on federal public works projects are required to pay fringe benefits for overtime work.'

"According to the U.S. Department of Labor Employment Standards Administration Wage and Hour Division Regulations, federal law pertaining to overtime, 'excludes amounts paid by a contractor or subcontractor for fringe benefits in the computation of overtime under the Fair Labor Standards Act, the contract work hours, and Safety Standards Act and the Walsh-Healy Public Contracts Act, whenever the overtime provisions of any of these statutes apply concurrently with the Davis-Bacon Act or its related prevailing wage statutes.' Additionally, the rules go on, 'the contractors contributions or cost for fringe benefits are excluded in computing overtime as long as exclusions do not reduce the regular or basic rate below the basic hourly rate contained in the wage determination.'

"Despite testimony that this bill would bring Hawaii into line with federal law, this will not be the case. I was particularly offended when one of the testifiers admitted to knowing that this was not the case. He was overheard to say that, 'you have to lie a little once in a while to get a bill passed.' Credibility, Mr. Speaker, as you know, is a priceless commodity, especially in these legislative halls and, once lost, cannot be regained.

"But returning to the substance of this measure before us, I must point out that many of our collective bargaining contracts already call for overtime pay to include the cost of fringe benefits. So, I contend that this bill is unnecessary and, Mr. Speaker, if its not necessary, then we must vote 'no.'

"Thank you very much."

Representative Takamine then rose to speak in support of the measure, stating:

"Mr. Speaker, as indicated, the bill is to comply with what is in the federal practice. As indicated in testimony under the overtime provisions, there are contractors who provide for overtime wages at one and a half times the normal hourly rate and do provide for fringe benefits. It was pointed out in testimony that by passage of this bill, this would provide all employers a level playing field from which to deal with.

"With respect to the testimony that was submitted before the committee--your Committee on Labor and Public Employment--we did have testimony in file from the Department of Labor which does indicate that the provisions of the bill would comply with what is federal practice.

"Thank you."

Representative Cavasso then rose in rebuttal to the remarks of Representative Takamine and stated that he is against the bill, stating:

"Mr. Speaker, right now the previous speaker said that some contractors, by their own choice, by a contract with their own employees, do provide fringe benefits. Mr. Speaker, that's good and it's by their choice. There are other contractors who have contracts with their employees and we should leave them the freedom to have those contracts within the context of the law, and this is going far beyond simply providing that they meet the Davis-Bacon Act--this goes further, and I think that to deny contractors the right to have contracts between themselves and their employees, on a separate and individual basis, is improper.

"Thank you, Mr. Speaker."

Representative Bellinger rose to speak in favor of the bill, stating:

"Mr. Speaker, in trying to address part of Representative Marumoto's concerns, those initial concerns were mine also, but in exploring the intent of the Committee and the Committee's report and also in discussion with the various House attorneys, it was clarified that, indeed, this law does conform with the federal Bacon-Davis Act and there is no inconsistencies at all.

"Thank you, Mr. Speaker."

Representative Marumoto rose in rebuttal and stated:

"Mr. Speaker, I would be very happy to provide both the Department of Labor and Representative Bellinger this publication put out by the Federal Department of Labor. I think this will back me up.

"Also, I had discussions with Mr. Tom Hayakawa of the U.S. Department of Labor here in the Federal Building, so we could pursue this discussion at some more opportune time.

"Thank you, Mr. Speaker."

The motion was put by the Chair and carried, and S.B. Representative Liu then rose to speak against the bill, stating:

"Mr. Speaker, although I had generally supported the recommendations of the Citizens Panel, in this one area concerning experience and background as a judge, I don't feel that that is necessarily one which has merit. For that reason, I'll be voting 'no.'"

"Thank you, Mr. Speaker."

S.B. No. 1142, HD1:

Representative Metcalf moved that S.B. No. 1142, HD1, pass Third Reading, seconded by Representative Hagino.

Representative Crozier then rose to speak against the bill, stating:

"Mr. Speaker, I speak against the bill for two reasons. The first reason is just to give my colleagues an opportunity to listen to somebody else besides Representative Anderson over there.

"On a more serious note, the reason I speak against this motion is because this bill will allow 16 year olds to work in the precincts. Mr. Speaker, I have been involved with the precinct process--the election process--under three lieutenant governors and once Lieutenant Governor John Waihee got involved, everything turned around. It was an open process, many of the Democratic Party officials were invited to bring the list in so that they could have their people work at the polls. It opened up a new horizon for us, sir, and we gained a lot of experience. A lot of people who thought they were excluded from the process felt honored that they could share and do some civic duty. I think there is enough adults out there that want to continue doing this. I cannot see us allowing youngsters to come in when we have other people available.

"You know, Mr. Speaker, I think it is very important to understand that--at least the minimum--if you are going to participate in the process, you should--the minimum--vote that day. These 16-year olds will not be able to vote and I also see that they possibly could be intimidated in the late hours when the rush builds--these youngsters will probably lose their 'cool' and for that matter, I will be voting 'no.'

"Thank you very much."

Representative Lee then rose to speak against the bill, stating:

"Mr. Speaker, the bill intends to make 16 year olds election officials. I have no objection with the intent of the bill and, indeed, support any move to involve young people in the electoral process of our country. It is very important that they become acquainted and be able to participate in a meaningful way.

"But today, as you know, we honor the senior citizens of Mililani. Many of them serve as election officials. They work very hard and I think it would be hard put to understand why a 16 year old, who is not eligible to vote, is made 'election officials.' That's the point. They could be helping in setting up booths, directing traffic and doing a number of other things; but they will be election

officials, paid the same rate--\$80.00 as the senior citizens. And if any of my constituents ask me how I stood on this bill, I can say very truthfully, in their eyes, that I agree that it is not a good way of involving young people. There are many other good ways of doing so and, therefore, I will vote 'no' on this bill.

"Thank you."

At 5:19 o'clock p.m., Representative Medeiros asked for a recess, and the Chair declared a recess, subject to the call of the Chair.

Representative Arakaki then rose to speak in favor of the bill, stating:

"Mr. Speaker, I agree with the intent of this bill because it seeks to stiffen the penalties for those who promote prostitution in minors. However, the bill does not go far enough in definition of a minor because it only covers those who promote prostitution in minors under 16, and I think if we are going to cover minors, it should be those under 18.

Upon reconvening at 5:29 o'clock p.m., Representative Crozier rose to speak against the bill, stating:

"Mr. Speaker, what this bill does is to require a lobbyist to--the company that the lobbyist work for--to say exactly how much they pay their lobbyist. I feel that its an invasion of the privacy of that lobbyist.

"Sir, right now all legislators, judges and public administrators have to fill out a state ethics commission form--we all have to fill this out. In this form there is a schedule in which we have to identify how much monies we make within a range--between \$0 and \$10,000 and \$25,000 and so on--wherever you fall into the bracket.

"In the State Constitution, they require that we do something about this. They talked to legislators, judges and public administrators. They set a standard by what we have to live by.

"What this bill does, is set a higher standard just for lobbyists. I don't think that's fair. In our Constitution, we also have an area, a section that deals with privacy and only when there is a compelling state need, can we pry into the workings of a persons livelihood. If we're going to pry into their livelihood, sir, I would have no problem if they had to follow the same laws that we, as legislators--or same standards that we, as legislators-- have to abide by. But to set standards above what we live by, I think, is unconstitutional, and I don't think this bill, if it passes through in this form, will stand the constitutional test.

"Thank you very much."

Representative Anderson then rose to speak against the bill, stating:

"Mr. Speaker, very briefly, I'll go along with what Representative Crozier said. I believe that a lobbyist should tell people what he is giving us. I think that our campaign spending takes care of that. I don't think that they have to tell us what they make. They're not elected officials and for that reason, I am going 'no.'

"Thank you, Mr. Speaker."

The motion was put by the Chair and carried, and S.B. No. 575, SD1, HD1, entitled: "A BILL FOR AN ACT RELATING TO LOBBYING", having been read throughout, passed Third Reading by a vote of 48 ayes

Representative Souki moved that S.B. No. 320, SD2, HD1, pass Third Reading, seconded by Representative Fukunaga.

Representative Anderson then rose to speak against the bill, stating:

"Mr. Speaker, as far as I can see it, I don't think that this bill is equitable. I don't think that the tax relief is going to help those that we intend. The fifty-dollar credit goes to everyone and if the Administration firmly believes that a tax credit is the best method of dealing with the excise tax, then maybe the fairest mechanism for dealing with the excise tax should be to use the existing State schedule and to increase the allowances. This present schedule cost the State tax approximately 13.5 million. Therefore, the amounts in this schedule could be increased 3 to 4 times and we would still be in the ballpark figure to the governor's 45 million dollar revenue loss to the state. At the same time, it would give equitable tax credit to those who are least able to pay. In other words, Mr. Speaker, if you are making a hundred thousand dollars versus twenty-five thousand, I think that is the person we are trying to

help.

"I've said it in the past, it's fine to say that we are going to give relief later, but I think everybody is looking for relief immediately.

"For this reason, Mr. Speaker, I am voting against the bill; wish my colleagues would follow.

"Thank you."

MATTERS DEFERRED FROM
EARLIER ON THE CALENDAR

Stand. Com. Rep. No. 1075 on S.B. No. 1136, SD2, HD2:

Representative Souki moved that the report of the Committee and S.B. No. 1136, SD2, HD2, be recommitted to the Committee on Finance.

Representative Crozier then rose to speak against the recommitment, stating:

"Mr. Speaker, this bill deals with an issue that has had a lot of discussion before the public. I think we should address the concerns of this issue. It talks about the presidential primary and, here in Hawaii, we're lost in the middle of the ocean. We never look to the national scene and understand the issues. Normally, it just boils down to the two powerbrokers within the community telling us what to do and we vote along this.

"Mr. Speaker, if we have a chance to vote on this bill, we can go ahead and start to understand and start to appreciate what happens on the national scene, and we can become more interested, and when we do exercise our franchise on voting for our presidential candidates, because of the discussions that took place, we, the people of Hawaii, will benefit from it.

"Mr. Speaker, I am already in contact with the Governor of Massachusetts, Michael Dukakis, and I have volunteered to sit on his committee so that in case this presidential primary takes place in Hawaii, we will have a group ready to lobby for his position.

"Sir, with that I ask my members to vote against this recommitment.

"Thank you."

Representative Liu then rose to speak in favor of the recommitment, stating:

"Mr. Speaker, I don't think that by voting to recommit this measure that we are necessarily killing the concept for the future. I think if we just look to 1988 is shortsighted. There

will be many presidential elections in the future.

"This is a very complex issue. We have to look for Supreme Court decisions, State party rules, national party rules, primary states procedures in other states. There are so many areas of question marks that, I think, to vote for the recommitment, will be very wise and we can always discuss it again next session and there is also questions of potential need for a state constitutional amendments, etc., dealing with this area.

"So for those reasons, I hope all of you vote 'yes' on the recommitment.

"Thank you, Mr. Speaker."

Representative Metcalf then rose to speak in support of the recommitment, stating:

"Mr. Speaker, it is on rare occasions that I find myself agreeing with the Minority Leader across the isle, but I think that his points are well taken; this is certainly an item that we can consider for the future. I think there is some reluctance to proceed at this time, given the many unanswered questions.

"Thank you."

STANDING COMMITTEE REPORTS

Representative Tam, for the Committee on Education, presented a report (Stand. Com. Rep. No. 1137) recommending that H.R. No. 71, as amended in HD 1, be referred to the Committee on Legislative Management.

Representative Anderson rose and stated:

"Mr. Speaker, I speak in favor of the audits of the Department of Education. The reason I am standing now, Mr. Speaker, is because I had a couple of resolutions for the last six years requesting that the Department of Education's management, classroom size, all different areas of education, have an audit and looked into. It has not been looked into since 1973 in many areas. I have been assured for the last six years that even though we were not going to take care of the concerns on this floor -- do not worry, the Senate and the House will take care of it. For six years I have been waiting for this audit.

"I am hoping that the audit will be passed, and that we will take care of some of the concerns whereby we have such a top-heavy administrative department that the last audit in 1973 brought those concerns in, and that we might go ahead and have those

concerns taken care of now because they have not, Mr. Speaker.

"And for that reason, I would like to say that I am in favor of this audit and I would hope that everybody would go aye."

On motion by Representative Tam, seconded by Representative Lee and carried, the report of the Committee was adopted and H.R. "Mr. Speaker, today we are commemorating the 150th anniversary of the arrival of the Eighth Company of Missionaries to the Hawaiian Islands. This group, having sailed from Boston, Massachusetts, on the barque, 'Mary Frazier,' arrived in our islands on April 9, 1837.

"We'd like to pay tribute to these courageous New Englanders who came with a vision of bringing new religion--christianity--to these islands. Over the past 150 years, these missionaries and their descendants have contributed not only to our religion but to every facet of life in the islands--to education, politics, business as well as to the culture and arts of Hawaii.

"In my own experience, among those here today are a number of individuals like Mary Fiedler, a law school classmate and tireless volunteer

on behalf of gifted and talented students, Professor Dwayne Preble, chairman of the U.H. Art Department, who has richly contributed to my own appreciation of art in an urban setting, and Charles Black, with whom I've worked in recreating offices as attractive and dynamic places to work. They've added considerable depth to my own life and I would like to introduce them and their family members to you. Some of these missionary descendants who are with us here this morning are from the Hawaiian Mission Children Society."

"I am very pleased that he was selected the Small Business Person of the Year for the State of Hawaii. I assure you, my fellow colleagues, that Charley will represent the Small Business Association in the State of Hawaii with pride and distinction as he journeys to Washington D.C., to accept this honor.

FORTY-NINTH DAY

Thursday, April 9, 1987

The House of Representatives of the Fourteenth Legislature of the State of Hawaii, Regular Session of 1987, convened at 11:15 o'clock a.m., with the Speaker presiding.

The Divine Blessing was invoked by Ms. Bettye Harris, President of the Hawaii Council of Churches, after which the Roll was called showing all members present with the exception of Representatives Isbell, Leong and Taniguchi, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Forty-Eighth Day was deferred.

SENATE COMMUNICATION

A communication from the Senate (Sen. Com. No. 643) transmitting Senate Concurrent Resolution No. 19, relating to the 150th anniversary of the arrival of the 8th Company of missionaries to the Hawaiian Islands, which was adopted by the Senate on April 8, 1987, was read by the Clerk and placed on file.

By unanimous consent, further action on S.C.R. No. 19 was deferred.

At this time, the following introductions were made to the members of the House:

Representative Yoshimura introduced a group of fourth graders from Kalihi-waena School. They were accompanied by their teachers, Mrs. Jean Ma and Miss Jean Miyashiro; and a parent, Mrs. Bond.

Representative Tungpalan introduced 143 eighth grade students from Highlands Intermediate School. They were accompanied by their teachers, Mrs. Jan Shibuya, Mrs. Karen Kawakami, Mr. Gregg Yamate, Miss Joann Higa, Mrs. Marjorie Okuhara; and parents, Mrs. Wakayama, Mrs. Wenkett, Mr. Apana and Mr. Taniguchi.

Representative Tungpalan then introduced "some officials from the Little League", stating: "Little League Baseball season has begun in Hawaii. T-ball and minor leagues and, in some cases, the major leagues are in operation on every island.

Yes, Molokai and Lanai have always had the excitement associated with Little League Baseball. Each year, for the past five years, two umpiring experts from Little League Regional Headquarters based in San Bernadino have come to Hawaii to conduct baseball umpire clinics. Mr. Mike Wright has umpired in Little League games in California for the past 23 years. He is the Sports Director of the Santa Ana Recreation Department where he makes his living while he does his volunteer work with the Little League. Mr. Sai Levarde has been a Little League umpire for the past 27 years. He became the Western Regional Chief Umpire in 1980 and has traveled to Canada, Guam, Asia, and other areas, to conduct umpire clinics. He first came to Hawaii to conduct these clinics in 1978 and has been here in the last five successive years, bringing Mike Wright to assist him. Along with these two umpire experts, we have with us Mr. Bob Kawamoto, who is the Hawaii State Little League Chief Administrator and a resident of Kaneohe. Bob retired from his civil engineer position from the Board of Water Supply two years ago to devote full time doing volunteering activities for the Little League."

Representative Tungpalan then asked Mr. Mike Wright, Mr. Sai Levarde and Mr. Bob Kawamoto to stand to be recognized.

Representative Tom introduced a group of "remarkable" senior citizens from the Ann Pearl intermediate care facility in Kaneohe, as follows: Annie Hee, Lida Kapuniai, Evelyn Bowlman, Dorothy Mant, Lois Wyman and Sherri Koke. They were accompanied by Mr. Frank Camacho, Activities Director.

Representative Tom then introduced a group of student council members from King Intermediate School. They were accompanied by Mrs. Grace Wilson, Adviser; Pastor Leon Hiebert, Ohana PTA President; and Susan Young, resource teacher.

Representative Takamine introduced 20 students from Honokaa High School and their advisers, Mr. Nathan Kawashima and Mr. Marvin Sanemitsu, stating:

"Mr. Speaker, this morning, I have the privilege of introducing to you and my colleagues a group of students and their advisors who are here

from the Big Island, and who are here also to attend the State Conference of the Future Farmers of America. For me, it is a special introduction, Mr. Speaker, because I have learned a lot about all that the program offers. In light of the significance of diversified agriculture on the Big Island, this program contributes, not only to the schools that carry on the program, but also to the general community of the Big Island. The benefits of this program include, not only the learning of skills and much knowledge, but also involves the learning of leadership skills, and also a sincere caring about the welfare of the entire community. Perhaps, Mr. Speaker, the significance and meaningfulness of the program is really in learning these values. The program has been particularly successful on the Big Island, only through the dedication and countless hours spent by both students as well as their advisers."

Representative D. Ige introduced 26 sixth grade students from Waimalu Elementary School. They were accompanied by their teacher, Mrs. Yorita.

Representative Kawakami introduced 27 students in the Intermediate Student Council at Waimea Canyon School (Kauai). They were accompanied by Miss Joann Okamoto, Student Activities Coordinator; Miss Cindy Francisco, educational assistant; and Sandy Silva, chaperone.

At 11:34 o'clock a.m., the Chair declared a recess, subject to the call of the Chair.

INTRODUCTION OF RESOLUTIONS

The following resolutions (H.R. Nos. 334 and 355) were read by the Clerk and were disposed of as follows:

A resolution (H.R. No. 334) congratulating Karen Wright as the 1987 "Uchinanchu of the Year" was jointly offered by Representatives Arakaki, D. Ige, Oshiro, Takamine and M. Ige.

On motion by Representative Arakaki, seconded by Representative D. Ige and carried, H.R. No. 334 was adopted.

Representative Arakaki rose to introduce the honoree, stating:

"To borrow an observation from Governor Waihee at a recent installation banquet, this year's not only the year of the Hawaiians; according to the Chinese calendar, it is also the year of the 'Hare,' which makes it appropriate for Okinawans. But Okinawans are known more for than just having hairy arms and legs. I

want to share that observation with Representative Anderson.

"They made their mark in every aspect of our Hawaiian society -- from business, especially in the restauranting business, government, sports and the arts. I also want to make note that Okinawans in Hawaii hold records for longevity. The Okinawans in Hawaii have also managed to retain a strong sense of cultural ties to the Sonjin Kai, or clubs associated with the city or village that the Issei or immigrants came from in Okinawa. These clubs perpetuate ties to Okinawa at their annual picnic and New Year's party. They also participate in activities of the United Okinawan Association, such as the Okinawan Festival, sports leagues, study tours and cultural shows.

"The United Okinawan Association, or Okinawan Kenjin Rengo Kai, which was first formed in 1951 to coordinate post-war relief efforts for Okinawa, has grown to represent over 45 clubs, an estimated 40,000 people of Okinawan ancestry in Hawaii. The United Okinawan Association is and will be an integral part in holding the clubs together so that they may pass on the legacy of their ancestors' culture and heritage. As our Isseis, or first generation, pass on, and as we move further away from our roots and move headlong into the future towards high technology, our sense of culture diminishes and our heritage dilutes.

"We, in Hawaii, are unique in the world community because we can claim an American heritage, a Hawaiian heritage, and the heritage of our ancestors. We need to nurture and encourage that uniqueness. For that reason, I am really pleased we can honor an individual who has devoted her time and efforts to promote our heritage. I am especially happy because I have known our honoree for many years, having worked with her late husband, Bob Wright, to develop new programs at Kuhio Park Terrace and Kamehameha Field. I have also had the pleasure of seeing her two boys grow up into young men, and I would also want to mention that I received her support as a constituent in my district."

Representative Arakaki asked Mrs. Karen Uesato Wright to stand to be recognized. Accompanying Mrs. Wright were Mr. Richard Fukuhara, President of the United Okinawan Association; Mr. Maurice Yamasato, the President-elect; and Mr. Edward

Kuba, the past President.

Representative Arakaki then asked Mrs. Wright's son, Duane; and his aides, Priscilla Kubota and Elizabeth Pagba, who were seated in the gallery to stand to be recognized.

Floral leis were presented to the honorees by Representatives Horita, Tungpalan, Fukunaga and D. Ige, and Representative Arakaki presented Mrs. Wright with a certified copy of the resolution.

A resolution (H.R. No. 355) recognizing the Moanalua High School basketball team for winning the 1987 OIA basketball championship was jointly offered by Representatives Horita and Alcon.

On motion by Representative Horita, seconded by Representative Alcon and carried, H.R. No. 355 was adopted.

Representative Horita proceeded to introduce the honorees, stating:

"Mr. Speaker, several days ago I had another team here from my alma mater, University High School, and at that time I said that University High School, when I went there, didn't have a basketball team, and now, they won the championship. Everybody will say that University High School should have good academics and they are surprised about sports.

"Well, Moanalua High School is an example of a school in the DOE system, a school that receives public funds but excels in academics and sports. Moanalua High School was the outstanding school in the State last year in a competition sponsored by Frito-Lay. This year, it is the only remaining high school representing the State of Hawaii as a finalist in the competition sponsored by the U.S. Department of Education for best high school in the nation. Moanalua High School also excels in sports.

"I would like to present to you the OIA Boys Basketball champions."

Representative Horita then asked the following honorees to stand to be recognized: Bernard Peterson, Head Coach; Henry Kibota, Athletic Director; Ed Jim, Principal; Sean Clark and Michael Deponte, team captains; Leatulagi Iafeta, Abraham Ali, Ronnie Casinas, Charles Chong and Kalani Whittaker, players.

Carnation leis and certified copies of the resolution were presented to

the honorees by Representatives Fukunaga, Hashimoto, Hayes, Hirono, Horita, Kawakami and Tungpalan.

Representative Alcon then rose and introduced ten students, grades 9 through 12, in the Second Language English Program at Moanalua High School. They were accompanied by their teachers, Ms. Susan Hoshikoshi and Ms. Noreen Ige. Also asked to rise were Ferdinand Iaea and Roderick Sardees, "two students who wrote the certificate."

At 11:55 o'clock a.m., the Chair declared a recess, subject to the call of the Chair, "for the purpose of extending our warm aloha to our honorees this morning."
