INTRODUCTION OF RESOLUTIONS

The following resolution (H.R. No. 1) and concurrent resolutions (H.C.R. Nos. 1 and 2) were announced by the Clerk and the following action taken:

H.R. No. 1, entitled: "HOUSE RESOLUTION RELATING TO COMMITTEE MEMBERSHIP OF THE HOUSE OF REPRESENTATIVES OF THE THIRTIETH LEGISLATURE," was jointly offered by Representatives Belatti and Ward.

On motion by Representative Belatti, seconded by Representative Ward and carried, H.R. No. 1 was adopted.

H.C.R. No. 1, entitled: "HOUSE CONCURRENT RESOLUTION RELATING TO RECESS DAYS FOR THE REGULAR SESSION OF 2020," was jointly offered by Representatives Saiki and Nakashima.

On motion by Representative Belatti, seconded by Representative Ward and carried, H.C.R. No. 1 was adopted.

H.C.R. No. 2, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO ADDRESS THE LEGISLATURE ASSEMBLED IN JOINT SESSION," was jointly offered by Representatives Saiki and Nakashima.

On motion by Representative Belatti, seconded by Representative Ward and carried, H.C.R. No. 2 was adopted.

At this time, the Speaker delivered his address, stating:

"As you know, members, we are really in a unique position. We are fortunate to serve our community as policymakers, and we are serving in a legislative session that marks the start of a new decade. This should be a positive time, especially given the achievements made over the course of our state's history.

"But there is one constant that has and will continue to dominate our work: Many people cannot make it in Hawaii. The questions before us are: Can we keep up? Can our state government keep up? Can our working families keep up? So far, the experiences of our families and the statistics tell us the answer is no.

"As a community, we are at best treading water, at worst we are drowning. Since 2016, 12,000 residents have left Hawaii. Two hundred fourteen thousand Hawaii households, or 47% of all households, cannot pay for basic necessities or are below the federal poverty level. Over 36,000 households need affordable housing. So let's take a few seconds to think about who these people are. They are high school graduates, college graduates, they are our sons and daughters, our friends, our neighbors, it has become someone in every family.

"Our mission is clear. We need to make it possible for our family members and the next generation to stay home. We can begin to do this by attacking the three main drivers that make Hawaii unaffordable: income inequality, lack of affordable child care and early learning, and lack of affordable housing. Our proposals are historic, dramatic, and will bring relief for our working families.

"Let me explain that over 80,000 persons in Hawaii earn less than $30,000 per year. Our working-class families and individuals deserve tax relief. They are barely struggling to get by.

"We will make the Hawaii earned income tax credit refundable and permanent and we will also increase the food excise tax credit. This will put over $75 million directly into the pockets of working class families and individuals. This is the most substantial tax relief we've done for working class folks in decades.

"But tax relief alone will not uplift people. The lowest paid workers should receive increases. We will increase the minimum wage from $10.10 an hour to $13.00 over a 4-year period. This wage increase together with the tax changes will result in an annual cash benefit of more than $4,600 to each worker.

"The cost of child care also contributes to Hawaii being unaffordable for so many. We know that preschool allows children to learn and develop. It also enables parents to work. Many families cannot afford child care, and that is the reason nearly 20,000 children do not currently attend preschool before showing up to kindergarten.

"Our legislation will open more public early learning classrooms, while working with the private early learning schools and others to provide more learning opportunities to eligible students. In 10 years, we aim to close the gap for these 20,000 children so that all 3- and 4-year-olds are in early learning programs.

"A new housing report tells us that we need 17,000 units for working families. This number is achievable if we increase funding and modernize regulation. We will spend $200 million for infrastructure at UH West Oahu for affordable housing development along the rail line. We will also spend $75 million for neighbor island infrastructure. And we will free up state land and private land for affordable housing development along the rail line.

"The pervasive nature of this problem calls us all to a new standard of working together, being strategic, and demanding creativity. We can no longer approach issues in a siloed fashion. Business as usual has not worked for our people. Our landmark legislation will reverse that. Let's keep our families and the next generation home. Thank you and have a productive session."

The Chair then recognized Representative Ward, the Minority Leader, to deliver remarks on behalf of the Minority Caucus:

"Thank you, Mr. Speaker. *Aloha mai kākou*. *Aloha*. Happy New Year and welcome to the 2020 session. Mr. Speaker, colleagues, and Governor Ariyoshi, you honor us with your attendance. Thank you for the effort of making it here, and very gracious on the part of Representative Luke for Representative Thielen.

"Mr. Speaker, this is a session that says, if we have 20/20 vision, we'd know what's going to happen. And I hope that posterity doesn't look at us as we've failed to do what we've done, and you've done some great things and you've said some great things in your speech which I hope will come true by the end of this session.

"Your House minority believes that we should do and have one thing that this is about. Your minority believes that this session is about one thing, and that's fighting to improve the lives of the people of Hawaii, just like you said, Mr. Speaker. We want to improve the focus on health, on safety, and economics, for people who want to stay here and not export their kids to the mainland.

"In example of making Hawaii safer, for the people of Hawaii, Mr. Speaker, right now, in most all of our neighborhoods, there's a crime spree going on, people don't feel safe. Since when was it where we could walk around in beautiful Hawaii and not feel safe, Mr. Speaker? This is a new phenomenon. It's something that's happening, that people are afraid, and it's where, for example, Dolores Corpuz, 85 years old, walking with her husband who had been married to her 67 years, walking around, someone grabbed her purse, threw her down, and she died. Mr. Speaker, that is not acceptable, it's not allowable, but it's something that we have to be mindful of.

"For example, Mr. Speaker, we are 312 officers in HPD short. We need to have a safer Hawaii by giving more pay to the police, we have to give more benefits to the police, and for everything that is now for policing our communities, we've got to have more boots on the ground, Mr. Speaker. And we should be keeping felony offenders behind bars where they belong and not on our streets and terrorizing our neighborhoods, and that's all of our neighborhoods. Mr. Speaker, I pray that this will never happen to another *kupuna* like Dolores Corpuz.

"Secondly, Mr. Speaker, all of us in this Chamber should be aware of the need for a healthier Hawaii for our youth. Mr. Speaker, I'm referring to the toxic smoke of vaping that's invaded our state and it's particularly among our youth. In fact, Mr. Speaker, we are number one in middle school vaping, isn't that something to be proud of? Number two in high school vaping. Mr. Speaker, I had a constituent, a very frustrated mother the other day who said, my daughter will not go into the class restroom, or the girl's room, because everybody's vaping. And then she said, her sister is a football player, and 80% of the football team is vaping. Mr. Speaker, we have a problem on our hands in this session, we have to settle it. It's unacceptable the way that that's hurting our youth.

"And Mr. Speaker, another way that we have to address working for the people of Hawaii is lowering the cost of living. You hit it spot-on. The only difficulty is the three drivers that you mentioned are kind of outside the purview of what I'm going to mention. Because right now, Mr. Speaker, I can show you what it's like to live in Hawaii if you buy bread, eggs, milk, and all of the things that I paid $113.00 for, and I only got one little dinky bag and I had to bring my own so it didn't cost any more. Mr. Speaker, living in Hawaii, eating in Hawaii has become difficult.

"But the three drivers that you mentioned, Mr. Speaker, misses the macro of the whole thing. It's summarized by what Bill Clinton said, it's the economy, stupid. It's the economy. We've got to grow the economy, colleagues. All we do is generally cut up the pie and say, well we'll give you a better slice and then we'll get a little more tax here. We've got to grow the economy, and that's something I think we don't think about. We've got a billion-dollar film industry staring us right in the face. We have not taken advantage of it, or we are slowly taking advantage of it, but it's something that we have the ability to right size our economy, because Mr. Speaker, you said it differently, 70% of the people of Hawaii are making it, 30% are on the precipice of poverty. Half of the kids that get sent to school don't have lunch money because their parents don't make enough money. That is unacceptable, Mr. Speaker. We've got to grow the economy to fit the needs of our people.

"Speaking of which, I'm not sure how to introduce this, but all of you've seen the upside down flags. The State of Hawaii is flying upside down, why is that the case? Why so many flags that we see are upside down? You can hear the chatter outside of the Chamber, some of you have gone to the *mauna*, some of you have gone to Kahuku, some of you have heard the voices of the Hawaiian community crying out. One of the things of 2019 has been the great awakening of the Hawaiian community, and I understand there's almost 10,000 individuals who are out there now. Okay maybe 9,000. But Mr. Speaker, since same-sex marriage there's never been this participation at the capitol. There's a new spirit on the horizon. And Mr. Speaker, let's face it. We've given Hawaiians preeminence in social and cultural affairs, but when it comes to economic and political issues, Hawaiians are largely left out of the equation and barely have a seat at the table because the lack of political muscularity.

"Mr. Speaker, the year 2020 is the 100th anniversary of the Hawaiian Homes Commission Act. One hundred years ago, 203,000 acres were given, there's less than 10,000 lessees on the land now and there are 28,000 on the wait list. Mr. Speaker, that's three times the Stan Sheriff Arena that are on the wait list. In fact, one of the commissioners said, what do you mean it's a wait list, it's a death list. Mr. Speaker, we can do something about that and we can do it in this session.

"It's time to act, we have more Hawaiians living on the mainland than we have in Hawaii, and these numbers don't lie, they are exiting, as part of that 13,000, I don't believe it's 12,000 it's 13,000 who left last year. We need to meet the needs of our host culture in this session, Mr. Speaker. When Uncle Walter Ritte is out there signing up Hawaiians to vote, you know there's change in the air. If you guys know Walter Ritte, he is saying, let's get in the system, let's vote, let's make change. And Mr. Speaker, these are the votes on this floor that can do that change. But the Hawaiians are in the process.

"I don't want to lose my speaking time, he's a strict disciplinarian in this place. The case in point, Mr. Speaker, we need to also not only pay attention to the Hawaiians, we need to pay attention to the other people who want openness and transparency in what we do in this body. Mr. Speaker, this is a call from your minority to get rid of gut and replace. We don't need it, only in emergencies. Gut and replace, I hope the League of Women Voters are here because you helped push it up to the State Supreme Court. Bur Mr. Speaker, we are now, according to the latest Star-Advertiser poll, 27% approval rating. One in four people out there, Mr. Speaker, think we're doing a good job. If we go gut and replace, I think it's going to make us even worse than that. So, to get faith back into this body, I would suggest the gut and replace be pushed aside. Your minority will be introducing a rule change or a bill that will do such a thing as that.

"Finally, Mr. Speaker, you know this is a cry of this side of the aisle from the beginning. Let's try to be more business friendly, Mr. Speaker. If we're going to grow the economy, we can't be against our business people who are, as you know, struggling to make ends meet, and now with the minimum wage it may even be more difficult.

"But let's hope we can make progress with the low-cost housing that you suggest. And I hope, Mr. Speaker, as we look at homelessness, and I know that wasn't mentioned, but it's a mutation that we've got to be able to resolve, and Mr. Speaker, I would suggest, unless we have someone smarter, wiser than the Lieutenant Governor, that we use his blue print to do this.

"So in conclusion, Mr. Speaker, I genuinely believe that if we work together, and we put our heads together, and we join with an effort with the political will, we can end this session healthier, safer, and a better Hawaii. And with a special sense of what otherwise people had not had hope that we could end with hope on the horizon, but especially we owe it to the people who think that we've lost solving big problems or getting away from big ideas. So, Mr. Speaker, let's listen to the people, and maybe even by the end of this session, we may see Hawaii's flag flying upright and proud that we have done something this session. Mr. Speaker, your minority is ready to do the business for the people of Hawaii. Thank you and *aloha*."

The Chair then recognized Representative Belatti, the Majority Leader, to deliver remarks on behalf of the Majority Caucus:

"Thank you, Mr. Speaker and the members of this House for the opportunity to address this body on this momentous occasion. I promise to keep my remarks brief. We are starting this 2020 session at breakneck speed, but I am confident that we will survive the 60 legislative day marathon session. It only seems like yesterday that we were adjourning the 2019 session. But since that time, Mr. Speaker, the members of this body have been hard at work.

"Shortly after last session, members of the House majority policy committee convened with representatives from the community to learn about the CHANGE Initiative convened by the Hawaii Community Foundation, bringing together stakeholders from all sectors in our community to address the critical issues facing Hawaii. Throughout the

ensuing months, the Committees on Labor, Lower & Higher Education, Consumer Protection & Commerce, Judiciary, and Human Services & Homelessness collectively conducted 14 joint informational briefings with their Senate counterparts. We work during the interim.

"The Committees on Finance, Lower & Higher Education, Water, Land, & Hawaiian Affairs, and Public Safety, Veterans, & Military Affairs crisscrossed the state visiting communities, learning about the problems in community. Members reached out to their counterparts in other states, and in fact in other nations, to share the best practices that we are learning in Hawaii, but also to learn about the best practices in other states. We are bringing all of that *mana'o* to our legislative session. We work during the interim, Mr. Speaker, and it is no surprise to me that the majority has put together a momentous and historic package.

"I want to put a face to the families we are fighting for, and I don't want this opportunity to be missed to mention the momentous re-carpeting project that the House underwent. Really, that re-carpeting project caused a lot of disruption, caused us to have to move out of our spaces, caused me to have to look at things, and one of the things I dug up was a photo from my 2006 opening day session, and in it was a message from my family. And it says, I'm putting a face to the families we are helping, it says, 'The Radau Family. In the beginning it started at 1236 Kaumakapili Lane at the edge of Honolulu's Chinatown. David and Rose C. Au raised a family of three boys and two girls. Then each of these siblings married and the family grew to 12. Then came the Radau grandchildren and their spouses and the family numbered 39. With the addition of great-grandchildren it grew to 57.'

"I'm sad to say that I have two cousins, three cousins who have moved away from this state to places in California and Washington because of the better opportunities. These are the families we are talking about. And I don't just mention my families, because every single one of us have families like that in our communities. These are the ALICE families.

"My father, when he purchased his family home in Manoa in 1966, he paid $54,000, for a Manoa home in 1966. They left their Chinatown home with a sign posted on the wall saying, unfit for living persons, evicted. That is why my family fled. And that story is repeated in our communities.

"I talk about that family because what we are fighting for here today is to fight for a place and carving a place for our *keiki* to return. We should no longer sell paradise only to the highest bidder. We need to carve out the affordable housing so that our *keiki* can return. But not just them, we must also open our shores and carve out that affordable housing for the *malihini* who we welcome who are coming to our shores and committing to growing roots in our community. And most importantly, most importantly, we must ensure that the first peoples of these islands, Native Hawaiians, are able to thrive in their own homeland and continue to show the world how to be good stewards of our global community. Mr. Speaker, that's what we fight for today.

"I will close by just mentioning, 2020 is quite momentous. There are three things that we need to really keep in mind as we go along. Census 2020, I want to take this opportunity to remind members and remind community that we must be all in in counting. Every single community member needs to be counted when the census comes around in March and April.

"Second momentous occasion, all mail-in voting begins to occur this year 2020. Because of the hard work of the members of this House and the Senate, we will have all mail-in voting this year.

"Finally, and I don't want to leave this opportunity, we celebrate many anniversaries, but this year is the centennial celebration of the 19th Amendment of the women's right to vote. I would like everyone to imagine, in this room and up there, if half of the population was told, you could not participate. If half of the population was told, you do not have a seat at the table. If half of the population could not contribute their ideas. Let me put forward to you that without the women in this House, we would not have the joint historic package that we have before us today.

"So, Mr. Speaker, we have much work ahead of us. The members of this House, your committee chairs, your leadership team, stand ready to work, and we are ready to work with all. Thank you, Mr. Speaker."

HOUSE OF REPRESENTATIVES
STATE OF HAWAII
STATE CAPITOL

HONOLULU, HAWAII 96813

January 15, 2020

Speaker Scott K. Saiki
Hawaii House of Representatives
415 South Beretania Street, Room 431
Honolulu, Hawaii 96813

Dear Speaker Saiki,

Exactly three weeks ago my husband and I welcomed our second child, Noelle Kealohilani Matsumoto, into our family. Although I'm eager to return to my official duties as a State Representative, this early stage of infancy will require much of my time and attention. Doctors recommend frequent feeding and close observation to ensure she remains happy, healthy, and develops normally. Unfortunately, this will mean that I will be absent from certain committee hearings and potentially floor sessions at the beginning of the 2020 Legislative Session.

I take my commitment to my constituents seriously and remain dedicated to my duties as a legislator. I plan to return to all of my legislative duties as soon as possible. As there is no official form of maternity leave for legislators, I intend this letter to serve as an explanation for absences when my job as a mother conflicts with my legislative responsibilities. Although I may not be present in person at hearings, I have made arrangements with our research staff to attend and keep me informed about legislation. Furthermore, I am in daily contact with my office staff who do a great job tracking legislation and supporting constituent needs.

Thank you very much for your understanding. Should you have any questions, please do not hesitate to contact me.

Sincerely,

LAUREN MATSUMOTO
State Representative

SECOND DAY

Thursday, January 16, 2020

The House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, convened at 12:03 p.m., with Vice Speaker Nakashima presiding.

The invocation was delivered by Reverend Alan Urasaki of Honpa Hongwanji, after which the Roll was called showing all members present with the exception of Representatives Ichiyama and Matsumoto, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the First Day was deferred.

RECESS

At 9:11 a.m., the Chair declared a recess and the House of Representatives stood in recess subject to the call of the Chair, and in accordance with House Concurrent Resolution No. 2 met in Joint Session with the Senate to receive the Governor's State of the State address.

JOINT SESSION

The Joint Session of the House of Representatives and the Senate of the Thirtieth Legislature, Regular Session of 2020, was called to order at 10:05 a.m. by the Honorable Scott K. Saiki, Speaker of the House of Representatives, followed by a *pule* offered by Kahu Kekoa Kordell.

The Speaker then welcomed and recognized the following honored and distinguished guests:

Lt. Governor Josh Green, who was presented with lei by Representative Joy A. San Buenaventura;

Senate President Ronald D. Kouchi;

Chief Justice Mark E. Recktenwald, who was presented with lei by Senator Lorraine R. Inouye;

Mr. Brendon Kalei'aina Lee, Vice Chair, Office of Hawaiian Affairs, who was presented with lei by Senator Sharon Y. Moriwaki;

Mrs. Dawn Ige, wife of Governor David Ige, who was presented with lei by Representative Mark M. Nakashima;

Mrs. Jamie Green, wife of Lt. Governor Josh Green; who was presented with lei by Senator Dru Mamo Kanuha;

U.S. Representative Ed Case and Mrs. Audrey Case;

Representing U.S. Senator Brian Schatz: Chief of Staff Malia Paul;

Representing U.S. Senator Mazie Hirono: Chief of Staff Alan Yamamoto;

Representing U.S. Representative Tulsi Gabbard: Chief of Staff Kainoa Penaroza;

Former Governor George Ariyoshi and Mrs. Jean Ariyoshi;

Former Governor John Waihee and Mrs. Lynne Waihee;

Former Governor Benjamin Cayetano and Mrs. Vicky Cayetano;

Associate Justice Paula A. Nakayama;

Associate Justice Sabrina S. McKenna;

Associate Justice Richard W. Pollack;

Associate Justice Michael D. Wilson;

Representing U.S. Indo-Pacific Command: Lieutenant General Mike Minihan;

Representing U.S. Pacific Fleet: Rear Admiral Robert Chadwick;

Representing U.S. Pacific Air Forces: Brigadier General Jeffrey King;

Representing 14th Coast Guard District: Captain Thomas King;

Representing U.S. Marine Corps Forces Pacific: Lieutenant Colonel Kevin Halpin;

Mayor Harry Kim, County of Hawaii;

Mayor Derek Kawakami, County of Kauai;

Representing Mayor Kirk Caldwell, City and County of Honolulu: Managing Director Roy Amemiya;

Chief Susan Ballard, Honolulu Police Department;

Representing Mayor Mike Victorino, County of Maui: Managing Director Sandy Baz;

Council Chair Aaron Chung, Hawaii County Council;

Council Chair Arryl Kaneshiro, Kauai County Council;

Councilmember Riki Hokama, Maui County Council;

Mr. Kim Choon-goo, Consul General of Korea;

Ms. Jane Hardy, Consul General of Australia;

Mr. Kevin Burnett, Consul General of New Zealand;

Mr. Shinichi Yamanaka, Deputy Consul General of Japan;

Ms. Angelica Escalona, Deputy Consul General of the Philippines; and

Mr. Michael Tseng, Director General, Taipei Economic & Cultural Office.

The Speaker then called upon Representatives Della Au Belatti and Gene Ward on behalf of the House of Representatives, and Senators J. Kalani English and Kurt Fevella on behalf of the Senate, to escort the Honorable David Y. Ige, Governor of the State of Hawaii, to the rostrum.

The Governor was presented with lei by Representative Dee Morikawa on behalf of the House of Representatives, and Senator Michelle N. Kidani on behalf of the Senate.

The Speaker then presented to the members of the Thirtieth Legislature and the audience, the Honorable David Y. Ige, Governor of the State of Hawaii.

The Governor then addressed the Joint Session as follows:

"Mr. Speaker, President Kouchi, former governors, distinguished justices of the courts, representatives of our congressional delegation, members of the Hawaii State Legislature, elected officials, military leaders, honored guests, and all of you who took time this morning to be with us, *aloha*.

"Before I begin my formal remarks, our first responders, whether they are police officers, firefighters, or lifeguards, take great pride in their professionalism and great satisfaction in knowing they are serving others and our community. If you ask them, they will tell you to a man and woman that they are just doing their job, even when they step into harm's way. But in truth, they do so much more, especially when the need for them arises.

"On Sunday, a desperate need did arise, and two heroes stepped forward. I would like us to take a moment this morning in honor of Officers Tiffany Enriquez and Kaulike Kalama.

"Chief Ballard, please know that our thoughts and prayers are with your HPD *'ohana* and with the families of these two brave officers.

"On January 1st, we welcomed the dawn of not only a new year but a new decade. For those under 30, that may not seem like a big deal. But for those who grew up without the internet, when the Lord of the Rings was a book you read, not a movie you watched, time has a way of sneaking up on us. Could any of us have imagined the changes and discoveries that have already taken place in this century? Smart phones, 3-D printers, Facebook and Skype, self-driving cars, to name a few. And it seems that each year, change happens faster and faster and faster. How do you keep up with all of it? If we are honest with ourselves, we must admit, we can't. We go along with the flow and hang on for dear life.

"But the issues that concern our families haven't changed for as long as I can remember: Finding a job that pays the bills, dealing with Hawaii's high cost of living, and taking care of our family. A study sponsored by the Aloha United Way reported that a family of four in Hawaii needs a combined annual income of $77,000 just to survive. To pay for food, housing, health care and child care, and of course, taxes. If you ask the working families in Hawaii whether they make $77,000 a year, many would answer no. If you ask families who made $77,000 a year whether that was enough, I suspect they would say no as well.

"At various times, we've taken stabs at different aspects of the overall problem. We've taken bites out of affordable housing, we've increased the minimum wage, we've started childcare and pre-school programs, and we've provided tax relief for working families.

"As a state senator, I remember supporting many of the bills to help ease Hawaii's high cost of living, and I recall many others trying to do the same. Hundreds of bills were introduced, many requested by our community, all competing to improve the quality of life here in Hawaii. The House selected their priorities and the Senate did the same. Advocates successfully moved their priorities from committee to committee. In the end we all agreed on a budget and hundreds of bills that made life a little bit better here in the islands. We went along with the flow and hung on for dear life. Still, the elephant in the room, the cost of living, got a little larger and a little harder to deal with each and every year. Too many in our community simply gave up and moved away.

"And so, at the start of this new decade, it is appropriate to ask ourselves, does it make any sense to continue business as usual? That's why House and

Senate leadership and community leaders and my administration got together to look for a better way of helping working families. We challenged each other to identify ways to take on reducing the cost of living for working families. We committed to a package of bills that was outlined last week in our joint press conference. We committed to shaping these bills, ushering them through the legislative process. And we made a promise to make life better for our working families.

"Moreover, we had an army to assist us. I would like to recognize House Speaker Scott Saiki, Senate President Ron Kouchi, members of the Legislature, key department directors, and many business and non-profit leaders who participated in this historic collaboration. Whether you are up in the gallery or seated here on the chamber floor, please stand to be recognized.

"The first thing we agreed to do was to put more money into pockets of working people. But how do you increase wages without increasing the cost of living? The two are joined at the hip. Clearly, increasing the minimum wage alone would not do it. But a modest increase, phased over time, combined with targeted tax relief right now, could result in an annual cash benefit of $4,400 to each worker. We believe we have hit the sweet spot that will make a difference for our working families.

"Still, some say that is not enough, and that's why our package also includes initiatives to reduce the cost of child care and housing, two of the biggest expenses in a family's budget.

"The proposed bill on expanding affordable child care compliments the proposal we made last year to create a universal public preschool system for 4-year-olds. To reach that goal, I noted we would need more than 300 pre-K classrooms. At that time, I had no illusion about the cost or difficulty of attaining that goal. And so we embarked on a phased process of taking small steps, steady steps forward. But this new bill on child care will allow us to do much more than that.

"Today, half of our toddlers, 20,000 statewide, have no access to childcare or preschool programs. By the end of this decade, we want to eliminate that gap, whether it's through our pre-K classrooms, private preschools, or the proposed Learning to Grow centers. By the end of this decade, we want every 3- and 4-year-old in Hawaii to have the opportunity to attend a childcare or preschool program. Business as usual is not acceptable. We want to make an aggressive start right now.

"Instead of asking working parents to bring their toddlers to us, let's bring these services to them. Whether it's in community centers, in condominium buildings, or in suburban shopping malls. Instead of waiting three years to construct more classrooms, let's look at the empty classrooms and the under-utilized facilities statewide to see if we can make better use of them. Instead of trying to do all of this with just taxpayer dollars, why not leverage those funds through partnerships with non-profit and private groups?

"We are committed to go the distance because we know our children's future is at risk. Education is the foundation of our economy and our quality of life. Everything, including our future, begins with how well we educate our children. And that is significantly affected by the kind of beginnings we provide them. We cannot let them down.

"In Hawaii, the biggest expense for working families by far is housing, whether it's rent or mortgage payments. Young families in Hawaii just cannot afford to buy that first home without help. The spiraling cost of homes in Hawaii is driven by two forces. The first is the high cost of land. The second is real-estate speculation. And so, in our joint package, we propose to build 17,000 affordable homes over the next decade on state-owned land in partnerships with private developers. The homes would be sold as leasehold, effectively removing the biggest cost for developers, the cost of land. That in turn will dramatically bring down the price of the homes they build.

"Moreover, as the landlord, the state can keep these homes affordable while allowing leaseholders to share reasonably in the equity when they are ready to sell. In other words, we hope to take the wind out of speculators sales. In this way, we can also ensure that leasehold property stays affordable forever.

"As part of our joint package on housing, we are also proposing to invest $200 million for roads and infrastructure to stimulate interest in the University of Hawaii's housing development plans for its West Oahu campus. With 4,000 units already planned, we are very excited about the new energy this initiative will inject into this project. We are also proposing $75 million for affordable housing on the neighbor islands. In addition, we want to streamline the permit process to generate additional interest from private developers.

"This joint package works hand in hand with the progress we made together to make low and middle-income rental units available to our working families. This not only provides for their immediate housing needs but helps them save for the day when they can buy a home of their own.

"But the real story lies with the families that we, you and I, have been able to help. About six years ago, Krysyan and Jonathan Durrett were living on the mainland when he was offered an internship here in Hawaii. The couple, who were born and raised in Hawaii, returned to their islands with their three children and moved in with his parents. When Jonathan's internship turned into a full-time job, they knew that their living arrangement would no longer work. The cost of living was overwhelming and finding a place to rent seemed impossible. They were faced with the tough choice of staying near family or moving back to the mainland where the price of everything is lower.

"Fortunately, they were able to qualify for an affordable rental in Ewa Beach, in a development built by Mutual Housing Association of Hawaii, with state assistance. That allowed the Durretts to not only stay in Hawaii, but more importantly, save for the future. After six years, they were able to save enough money for a down payment on a home of their own. Krysyan credits living in the affordable rental community as the primary reason they were able to save and purchase a home here in Hawaii. Krysyan and Jonathan are here with us this morning, would you please stand to be recognized?

"I would be remiss if I didn't mention the private developments like Waiawa, Hoʻopili and Koa Ridge, where thousands of units will be developed over the next few years. Clearly, it will take a public and private partnership, the public and private sectors working together in concert to meet all of our families' housing needs.

"Building homes is not just about building houses, but also about nurturing communities. And the importance we give to eliminating homelessness says as much about us as it does any new development. From the start of this administration, working with you here in the Legislature and the private sector, we have made reducing homelessness a priority.

"At the time, Hawaii had the highest per capita rate of homelessness in the country. But between 2016 and 2019, we increased the number of homeless moving into permanent housing by 73%. On average, we move over 600 individuals from homelessness into permanent housing each month.

"Those are the statistics. But when it comes to homelessness, progress is measured one person and one family at a time. For those individuals, their stories are no longer about shuffling between streets and temporary housing. Kalani Lautele is a single father with three children. He works in construction, and in 2016, his rent was suddenly doubled. He found himself and his children homeless and desperate. He was referred to the Family Assessment Center in Kakaako, which we developed together, where he stayed while waiting for affordable housing or public housing. Fortunately, Catholic Charities was able to find his family permanent housing.

"But that's not the end of his story. Kalani needed a way to pay forward the help he was given. After settling in his home in Kalihi, Kalani continued to visit the Family Assessment Center and he brought with him his children and his entire youth football team that he coached to help with outreach events. They also brought donations for the families there such as food, toiletries, bedding. I would like Kalani and his family to stand and be recognized for their strength of character and for the example they have set for others.

"I would also like to take a moment to recognize Lieutenant Governor Josh Green for his work on the H4 initiative. The initiative provides medical

services for homeless individuals through joint outreach centers in Chinatown and Kaneohe. As you know, the Lieutenant Governor has focused on the health concerns of the homeless and is also working on other projects, like the Kauhale Village concept, and addressing a broad range of community needs. On behalf of everyone involved in these efforts, I'd like the Lieutenant Governor to stand and be recognized.

"While the joint package has been the focus of our attention, we are also continuing to work on other important areas as well. Great things do not happen overnight. To paraphrase Robert Kennedy, they begin with a vision to see things, not as they are, but as they might be.

"The transformation of agriculture in Hawaii from large plantations that exported sugar and pineapple to smaller and more diversified farms that grow food for local consumption is such a vision. But it has taken awhile. The transition of our visitor industry from a sector that focuses on growth to one that embraces sustainability is just beginning. It, too, will take time.

"In fact, the shift to sustainability in many of the things we pursue, including energy, economic development, and the environment, will continue long after we are gone. That is why we cannot lose sight of these broader goals, no matter the obstacles, changes in administration, or how long the process takes.

"Perhaps, the longest transition we have experienced recently has been the transformation of our agricultural industry from large scale farming to more diversified farms. But there is one important difference in today's efforts from yesterdays, and that's technology. As in other fields, we have seen the rise of technology change the face of everything in society. In agriculture, it too has been a game changer. It has enabled farmers to produce higher yields in the field with more precise targeting strategies in the marketplace. Consequently, we are seeing a greater willingness to invest in local agricultural endeavors.

"Over the last several weeks, we have seen a number of news articles about agricultural start-ups here in the islands. Mahi Pono, which bought 41,000 acres of former sugarcane land, is raising potatoes in central Maui. And they want to plant another 120 acres of citrus trees and 20 acres of non-GMO papayas. Their plans also include growing avocadoes, bell peppers, guava, lilikoi, oranges, lemons, and limes.

"Sensei Farms is transforming agriculture on Lanai by using a proven mix of innovative technology to power its hydroponic green houses on former pineapple lands. This mix of traditional farming and new technology is the wave of the future for agriculture throughout the state. Mr. En Young of Sensei Farms is here with us today, would you please stand to be recognized?

"More than at any other time in our history, local farmers have it within their grasp to make a difference in our drive toward self-sufficiency. At this time, I would also like to acknowledge State Senators Donavon Dela Cruz and Mike Gabbard and Representatives Richard Onishi and Richard Creagan, who have long been strong advocates for agriculture here in the islands.

"You know, we can initiate a host of activities to encourage local food production, stimulate our economy, and protect our environment, but the key has always been whether we are able to keep those initiatives going. And so sustainability has been an integral part of our efforts. How do we sustain our economy, our lifestyle, and our natural environment? We do it first by developing clean energy sources. With a flurry of commercial solar projects in the pipeline and local homeowners' enthusiasm for residential solar power, we will exceed our 2020 energy goal of attaining 30% of our energy needs from renewable sources by 2020. The significance of this pivot to clean and renewable energy cannot be overstated.

"We have become a leader in this effort, and our actions have inspired other states to follow our lead. Since we set a goal to become carbon negative by 2045, four other states have followed our lead. So far, we have successfully reduced our greenhouse gas emissions and will exceed our 2020 goal. And our utilities are meeting our clean electricity goals, faster and at record low prices.

"Today, 37% of Oahu's single-family residences have rooftop solar. On certain days, the island of Kauai is already achieving 100% electricity from clean energy sources, decades ahead of when anyone thought it was possible. We will continue to aggressively engage in actions that will continue to de-carbonize our economy and make our environment whole.

"In commerce, sustaining our economy has replaced the old mantra of growing the economy. And in fact, we are already seeing a shift in focus in our biggest industry.

"In 2019, the Hawaii Tourism Authority shifted its priorities from increasing visitor arrivals to improving the visitor experience while supporting the quality of life for residents. Through HTA's Aloha ʻĀina program, 28 non-profit and government agencies were given funding for programs that help protect Hawaii's natural resources. For example, the authority is working to repair and improve hiking trails like those at Manoa Falls.

"Through its Kūkula Ola program, the authority has funded 28 programs this year and committed to fund 43 more programs in 2020 that perpetuate the Hawaiian culture. The beneficiaries are programs and groups like the Lānaʻi Culture & Heritage Center, Hula Halau O Molokai, Hana Arts, the Edith K. Kanakaʻole Foundation, the Kalihi-Palama Culture & Arts Society, and so many more.

"And while we are on the subject of Native Hawaiian culture, let me digress for just a moment and speak on the Thirty Meter Telescope and Mauna Kea. Emotions have run high on both sides. The arguments are strong on both sides, and that's what makes the situation so difficult. There is no easy or quick solution. We will have to work hard if we want to resolve this conflict. But I truly believe it can be resolved if we put our heads and our hearts together.

"There are some who have encouraged me to take strong measures against those who are protesting on Mauna Kea. That would've been the easier course. But it is not just the authority of law that is at stake, it is so much more than that.

"What is also at risk is the glue that always bound us together, that sense of *aloha*. It is the thing that underpins our laws and gives them meaning and an ethical foundation. That trust in each other is sacred, and I will not break that bond no matter how convenient or easy. At the heart of our dilemma is both the history of wayfinding and discovery, and the future of wayfinding and discovery.

"If we have lost our way, we must find our way back. To do this, we must be open-hearted as well as open-minded. We must listen as well as speak with conviction, and we must have *aloha* for each other in spite of our differences. I am of that mind, and I ask all of you to join me to continue to look for a way forward. I stand ready to work with any and everyone who refuses to let this issue divide us. Let us together find a way forward.

"Like our host culture, we sustain our environment by protecting it. Stewardship of the *ʻāina* has always been a central part of public policy here in Hawaii. It is embedded in our state motto and in the awareness of our children from an early age. The life of our lands has always depended on right thinking and a love of this place we call home.

"But there is a new danger threatening the *ʻāina*, and it comes from climate change. No one need tell us how global warming is directly impacting our lives or the lives of families who live along the North Shore of Oahu, or those who suffered from recent historic storms on Kauai, or the people of West Maui who were affected by unprecedented high tides, or those affected by devastating wild fires on the Valley Isle.

"Recently, Time Magazine named Swedish teenager Greta Thunberg its Person of the Year in 2019. She is a passionate and compelling youngster who believes we all have a part to play in preventing climate change. She sets an example for all of us. I would like to challenge our own young students to think about Greta's message to all of us. The adults in this room often talk about sustainability and the future. But for those under 21, it's more about your future than ours. It is never too early to take ownership of it. Because it's as much about everyday activities as it is about large sweeping public policy.

"We can work with the Legislature to permanently set aside 10,000 acres in conservation land under the State's Legacy Land program, as we have over the past year and a half. We can mandate 100% clean energy usage by 2045. But without your involvement, public policy is just that, a policy written on a piece of paper. It is your support and daily participation that transform those policies into meaningful actions.

"And if you don't believe me, just ask the graduates of KUPU, a nonprofit youth organization dedicated to making a difference in their communities. Ask Aziz Agis, a KUPU alumni who maintained and restored hiking trails on Oahu. Or Sean McDonough, who spent his days assisting in the preservation of natural area reserves throughout Oahu. Sean is with us today, along with John Leong, director of KUPU. I would like for them to stand to be recognized for their contributions to making a difference right here in Hawaii. They are only a few years older than those of you still in school. The future will be here faster than you think, but you don't have to wait for that day to come. These young folks have shown that you can make a difference right now.

"As the saying goes, time waits for no man or woman, no matter how young or old.

"We have much on our plate. Those on this floor know better than most how arduous the journey is in laying the groundwork for a thriving community and a better life. We also know that no one individual has all the answers. Government cannot do it alone. But what we cannot accomplish alone, we can with the help of others. Here in Hawaii, we intimately understand that truth. Throughout our history, we have tested it over and over and over again.

"During the plantation era, communities banded together to provide for each other what others would not. In the early 1900s, workers came together to fight for higher pay and better working conditions. Their efforts resulted in improving the work environment for everyone.

"Today, at the start of a new decade, we have it within our power to change the lives of our working families. We have it within our power to change the trajectory of Hawaii's future. That is the underlying belief of this joint package by the House, the Senate, my administration, and the broader community at large.

"There are cynics out there who will dismiss the notion of government working together. But working together, that's what Hawaii has always been about.

"*'Ohana* is not a cliché. It is about the whole body of values centered around family in the largest sense of the word. Our working families have taken it on the chin for far too long. They are the backbone of our workforce and the heart of our communities. While some have opted to leave the islands, many have not. Because Hawaii is not just a place to build a house, it is our home.

"We all deserve a chance to earn a decent day's wage for a decent day's work. We all deserve the opportunity of our own to own our own home. We deserve the best education for our children. And someday, the opportunity to see our grandchildren playing on our beaches. More importantly, we in government owe it to every working family to give this our best shot.

"Earlier, I recognized those who played a part in putting this joint package together. They took a chance and stood up for change. They delivered a package that's aggressive and bold. We must be just as aggressive and bold in making it happen. Half measures will only add up to half a loaf, it will not nurture our families.

"I believe we can overcome the challenges facing us as a state and work together to create a better life for all of us. Ladies and gentlemen, it's time to stand up and be counted. It is time for us to put some skin in the game. I believe in Hawaii and I believe in all of us, I believe in all of you. Let's get to work. *Mahalo* and *aloha*."

President Kouchi then rose and stated:

"I guess I'm not the only one who enjoyed the speech. *Aloha*. This is one of my favorite events. And while I enjoy the Governor's remarks, the best part is the Speaker has to read a long list of dignitaries. He has to get their titles correct and pronounce their names right. And at the end I get to come up and say anything I want and then hit the gavel.

"Governor, you mentioned at the end about the skeptics. And after the press conference last Tuesday, they were already out speculating that this will never last. Well, I'm thrilled to be here this morning to celebrate the one-week anniversary. And I say that not to be funny and to make light of the situation, I say that because, like a good marriage, the only way it works, and the only way it works in the long run, is you go to work, and you work at it to make it the best it can be every single day. And I want to remind all of my colleagues and our partners in the private sector and the advocates, that that's the effort that it's going to take from each and every one of us, to come here each and every day and give our best effort. Even when we're tired, even when we had a bad day, something didn't go right, we need to come back here and be focused on the work at hand.

"So, I look forward to working with my colleagues in the House, with the Governor, his administration, all of our advocates, and just want to assure you that your Hawaii State Senate is committed to work with this partnership to succeed.

"The second thing that I'd like to say is, too often we talk about what isn't going right, what isn't happening. And one of the reasons why I have so much hope for this package is an example that's here in the chamber. It's not my intention to embarrass you Arryl, but it's my intention to tell a story. Council Chair Kaneshiro was so anxious to come into this world that he came very early. And immediately on his birth he was at Kapiolani Hospital because he was so tiny and fragile. But with the medical technology, the doctors and nurses at Kapiolani, he quickly grew into a healthy young man.

"A little over 32 years ago when I got married to my wife, he was the ring bearer at our wedding. He attended Koloa Elementary School and he went to Kauai High School. When he graduated, he went to Pacific University in Forest Grove, and upon graduation, he's now a licensed certified public accountant and came back here to work in the State of Hawaii and his beloved Garden Island, and today he sits in this chamber as the chairman of the Kauai County Council.

"When we invest in that early pre-K, when we invest in the K through 12 program, when we do early college, when we work on things like the Promise Program, we have young people in this state like Arryl Kaneshiro where there is no limit to what they can achieve when they're given a chance. Arryl, thank you for being a great role model.

"I'll simply close with this. I talked a little bit last week at the opening of the Senate about losing my dad, and I did some reflection. Well, I want to let you know, Chief Ballard, that he was a 26-year veteran of the Kauai Police Department, and I know what it's like as a family member, every time your dad puts the uniform on, or your mom, and walks out of the door, and hoping that they're going to be coming home at the end of the shift.

"In my reflection, I marveled at the fact that after 26 years of service, he was retired for 33 years, saw his grandchildren grow into adulthood, and enjoyed that life with his family.

"I haven't made any other public statements, but I want you to know and your officers to know, on behalf of the Hawaii State Senate, the gratitude that we want to express for your two officers who have stepped forward to ensure the safety for the rest of our community. And to their families who unfortunately are not going to have the experience that my family has enjoyed, our hearts truly go out to them and we deeply appreciate the sacrifice of all of our men and women in uniform and, as the Governor said, our first responders. Thank you, and on that note, we are adjourned."

At 11:03 a.m., President Kouchi declared the Joint Session of the House of Representatives and the Senate of the Thirtieth Legislature, Regular Session of 2020, adjourned.

ADJOURNMENT

At midnight, the House of Representatives adjourned until noon Thursday, January 23, 2020.

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 17) was announced by the Clerk and the following action taken:

H.R. No. 17, entitled: "HOUSE RESOLUTION RECOGNIZING JAMES T. FUNAKI, ESQ. FOR HIS EXEMPLARY CAREER AND EXTRAORDINARY CONTRIBUTIONS TO THE HOUSE OF REPRESENTATIVES AND THE STATE OF HAWAII," was jointly offered by Representatives Saiki, Aquino, Belatti, Brower, Cabanilla Arakawa, Cachola, Creagan, Cullen, DeCoite, Eli, Gates, Har, Hashem, Hashimoto, Holt, Ichiyama, Johanson, Kitagawa, B. Kobayashi, D. Kobayashi, Kong, Lee, Lowen, Luke, Matayoshi, Matsumoto, McDermott, McKelvey, Mizuno, Morikawa, Nakamura, Nakashima, Nishimoto, Ohno, Okimoto, Onishi, Perruso, Quinlan, San Buenaventura, Say, Takayama, Takumi, Tarnas, Thielen, Todd, Tokioka, Ward, Wildberger, Woodson, Yamane, and Yamashita.

Representative Nakashima moved that H.R. No. 17 be adopted, seconded by Representative Belatti.

Representative Nakashima recognized Mr. Funaki, formerly of Olaa, Hawaii, for his 57 years of service to the House of Representatives where, among other things, he represented the Hawaii State House of Representatives before the United States Supreme Court in the reapportionment case *Burns v. Richardson*; headed the legal support team for the 1968 and 1978 Hawaii Constitutional Conventions; supervised and mentored many young legislative attorneys, two of whom later became Hawaii Supreme Court justices; served nine House Speakers (Cravalho, Beppu, Wakatsuki, Peters, Kawakami, Kihano, Souki, Say, and Saiki) and countless legislators; and shared his legal expertise, professional life experiences, and life lessons while working with numerous staff.

Representative Nakashima thanked the Funaki family for sharing their father and grandfather with the House, thanked Mr. Funaki for his sound advice and counsel, and introduced the honoree who was seated on the Floor of the House:

James Funaki, House Chief Attorney and Special House Counsel.

Representative Belatti congratulated and thanked Mr. Funaki for his years of service and for all that he has done for the State of Hawaii, and introduced Mr. Funaki's two daughters, who were seated with him on the Floor of the House:

Joan Kaimikaua and Paula Young.

Representative Belatti also shared some important milestones in Mr. Funaki's life: he was born in 1929; graduated from Hilo High School in 1947; passed the Hawaii State Bar in 1959, the year Hawaii became a state; and started working for the House of Representatives in 1963.

Representative Ward thanked Mr. Funaki for his humility, patience, kindness, and integrity, and honored him for all his service.

Representative Say thanked Mr. Funaki for taking him under his wing and educating him about the institution when he was a brash young 24-year-old dishwasher/busboy-turned-legislator in 1976; shared former Chief Clerk Pat Mau-Shimizu's debt of gratitude to the House for allowing her to work with Mr. Funaki for the past three decades; recognized Mr. Funaki as a wealth of knowledge and statutory history, especially in the area of land use and Native Hawaiian rights; commended him on the important role he played in the Hawaiian renaissance and the return of Kahoolawe; and thanked him for his years of service to the House.

Representative Onishi, as the Representative of the area that was formerly Mr. Funaki's hometown, expressed his gratitude for the years of service that Mr. Funaki has given to the people of Hawaii and the Hawaii House of Representatives.

Speaker Saiki thanked Mr. Funaki for his 57 years of service to the House of Representatives, for sharing his wisdom, for his role in developing our democratic system of government in Hawaii by making our Legislature stronger and more proficient, and shared a quote that Mr. Funaki provided during an employee survey: "People need to be acknowledged for the work they do. It comes down to everyday relationships. Communication is very important and you cannot be aloof. If you consistently practice consideration, acknowledgement, and respect for people, it becomes a culture."

The motion was put to vote by the Chair and carried, and H.R. No. 17 was adopted.

At 12:28 p.m., the Chair declared a recess to allow the Members of the House to meet and congratulate the honorees.

The House of Representatives reconvened at 12:39 p.m.

ANNOUNCEMENTS

Representative Lee: "Thank you, Mr. Speaker. Just as we had, in the grand tradition of recognizing our colleagues for their birthdays, there is one in the Chamber today. For the past two days, it's been frustrating because this member has been the same age as me, for these just two days a year, but today is a momentous occasion because today he turns another year older and one year closer to that giant bingo party, the retirement home in the sky. So, I'd like to recognize our good esteemed college, Representative Johanson, on the occasion of this 40th birthday. Happy Birthday."

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1851, HD 1 pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On Standing Committee Report 9-20, please have the Clerk note my reservations, and just very brief comments. I was very proud of the joint House and Senate majority package that we offered this year in conjunction with the Governor because the Legislature is cognizant of the fact that affordable housing is something that we all need to support. When we continue to push mandates such as this measure, we increase the cost of housing. One of my biggest concerns with this measure is there was no exemption for affordable housing, which is why I'm voting with reservations. But it is my sincere belief that this bill does, in fact, contradict what we are supporting in the majority package. For those reasons, I'll be voting with reservations. Thank you."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, just a brief comment. I would just note that the testimony on this bill from the consumer advocate, who is specifically tasked with looking at impacts to consumers, expressed no concerns with this increase in cost, because in fact it's an efficiency measure that would decrease costs for the owners or the residents of these units. Thank you."

Representative Har rose to respond, stating:

"Thank you, just a brief rebuttal. What I'm talking about is development on the front end. While it may be cost savings to the consumers on the back end, the fact of the matter is, is that to build affordable housing, when we continue to place mandates on the front end, it increases the cost of housing. So, I'm not talking about the state cost savings. And to the best of my recollection, I don't actually think that, I'd have to look back at the testimony, but to the best of my recollection, there was some discussion during that hearing that it was actually not necessarily cost savings, it was just a cost shift. So, for those reasons, again, I stand with reservations. Thank you."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1851, HD 1, entitled: "A BILL FOR AN ACT RELATING TO GRID-INTERACTIVE WATER HEATER SYSTEMS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representatives Har and Ward

voting aye with reservations, with Representative Okimoto voting no, and with Representatives Ichiyama, Matsumoto, and Say being excused.

Representative Cachola rose to speak in support of the measure, stating:

"In support. This bill relates to addressing physician shortage. We have over 2,000 doctors short here in the State of Hawaii. If we pass this bill, we have the potential of at least producing 20 or even 40 doctors every year. It's an out-of-the-box way of addressing the doctor shortage. I'll be making some more amendments to this bill later on as it moves to the other

committee, and I urge every member of the House to look positively in addressing the doctor shortage and let's vote in support of this bill. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1977, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PHYSICIAN SHORTAGE," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representative Say being excused.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I have a no vote and a brief comment, please. Mr. Speaker, this bill is very well intended. Drug prices are very high, and this is intended to lower those drug prices. The only problem is, it puts the State in the drug business. This is kind of the State of Hawaii drug store bill.

"The difficulty is, is that the State has never demonstrated it is capable of running a business. I repeat, the State has never demonstrated it's capable of running a business. Plus, the suitor of this, the Department of Health, doesn't even want it. They have no interest in managing or contracting this thing, as it is so-worded.

"And I think some on the Floor here will recall that we've had a big debate on the Floor here with our former Representative Marcus Oshiro said, we should start a state bank. But sanity prevailed, Mr. Speaker. We didn't get into the business, and I don't think we should get into this business either. For those reasons, a no vote. Thank you."

Representative Tokioka rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On the same bill, 26-20, with strong reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1608, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PRESCRIPTION DRUGS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representative Tokioka voting aye with reservations, with Representative Ward voting no, and with Representative Say being excused.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote with a brief comment, please. Mr. Speaker, it's likely, even though this is a very controversial bill, it's likely to be unconstitutional. This bill allows employers who, for example, the Catholic Church, forces them to provide abortion services, of which is contrary to

their First Amendment, otherwise religious beliefs. I don't say that because of the position I am on the issue, I say it because of what the U.S. Supreme Court has already ruled in the Hobby Lobby, where, this was a few years ago, saying hey, you can't tell these people to provide abortion services if in effect it's contrary to their religious beliefs. And that went through up and down through the courts. And I think we're just starting another fight which has already been settled. For those reasons, a no vote. Thank you."

Representative Cabanilla Arakawa rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Quinlan rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak in strong support of the measure. I wanted to thank the Chair of Agriculture for the very detailed information that he has provided, I hope to all of us.

"The evidence is clear how destructive cigarettes can be to the people who are smoking, but not just them, to those that inhale the secondhand smoke. And I'm old enough to remember when there was just tobacco smoke everywhere. It just was a common thing, it was not prohibited being in any of our public buildings or any place.

"My oldest son, who has never smoked, developed throat cancer, and luckily survived it, but it was a very close call as to whether or not he would survive. And that came from the secondhand smoke.

"We've done great damage to many, many of the infants and babies and children in our society. Some of them that have survived will live with that damage throughout their lives. Some of them didn't survive.

"And as a group, we have a chance to actually do something and to recognize, I don't think there's any dispute about this, to recognize the devastating health impacts from tobacco. And by passing this bill and the previous one, we're going to stop some people from beginning to smoke. The most addictive time is from the young teenager up to probably age 25. You get past that, you're going to be okay for the most part.

"So, it's a very positive public policy. I preferred the Ag Chair's prior bill that set the age of 100 as the minimum age where you could purchase tobacco products, but that didn't make it, but it made a very good statement. This one, the age 25, will get probably 95%, 98% of the people past that stage where they would become addicted to tobacco or even choose to use it.

"So, I am in strong support, Mr. Speaker, and I think this body can be very proud to take this step. We've been first in the nation for some good things, and this would be at the top of the list. Thank you."

Representative Cabanilla Arakawa rose to respond, stating:

"Mr. Speaker, I would like to speak in opposition of this bill. One thing that we don't say in this Chamber, even though I may agree with the previous speaker, is that the tobacco tax funds a lot of worthy organizations in our state. For example, the University of Hawaii, the American Cancer Society, they all dip their hands into the tobacco tax. And the smokers and the people that buy tobacco, no one ever said thank you to them for supporting these worthy causes.

"So, I would like to thank them for paying high tax for the cigarette, because it also helps certain organizations in our town. So, there is a yin and yang in this matter. But we also need to acknowledge the contribution of those smokers who donate to these worthy causes, even though they may not like it, but we all enjoy the benefits that they give.

"With that, I'm in opposition of this bill, Mr. Speaker. I do not smoke, but I see the benefit of this for those who willingly want to spend money on cigarettes. Thank you."

Representative Todd rose to speak in opposition to the measure, stating:

"In opposition with a brief comment. About 95% of smokers have their first cigarette by age 21. So, you're looking at maybe 3% of the population that have their first cigarette between 21 and 25. So, I'm not sure how much impact that would actually have.

"Perhaps a more interesting approach would be to just give you a maximum number of years where you can smoke. So, let's cap smoking where you can't smoke over 50. And maybe that would be a little bit less politically popular, but more interesting at least and just about as effective."

Representative Matayoshi rose to speak in support of the measure, stating:

"In support with a brief comment. I just want to push back on the notion that funding worthy programs through the tobacco tax should be a laudable thing. I think that it's kind of equivalent to saying that we need to keep people sick to keep the doctors employed. I don't like that. And I've heard that theory, that idea floated a number of different times, specifically for the tobacco tax, I just really don't agree with that notion. The tobacco tax is meant to go to programs to get people to quit smoking. It's like cultivating the disease to keep them employed. That's self-defeating in my mind."

Representative Holt rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Creagan rose, stating:

"Thank you, Mr. Speaker. I had sent out a bunch of information explaining this bill to the membership, and I hope they could take a look at that and understand the reasons for this. But just briefly, the Institute of Medicine was tasked with looking at three ages to raise the minimum age of purchase of cigarettes 19, 21, and 25. They thought 21 was the most accomplishable and we—"

Representative Belatti rose to a point of order, stating:

"Mr. Speaker, point of order. May we ask if it's in support or in opposition?"

Representative Creagan continued to speak in support of the measure, stating:

"In support, sorry. I rise in support. The Institute of Medicine picked 21 as the most likely, but 25 was much better. So, we did 21, we were the first state in the nation to do 21, and I think we could be the first state in the nation to do 25.

"So, this is just extending what the Institute of Medicine recommended. A lot of their rationale was protecting the brains of teenagers and young adults, the developing brains. And it's not just the idea of when they would start smoking, but the fact that their brains are still developing, at least for males, until at least 25.

"But the other population that is highly at risk is pregnant women and their unborn and newborn babies. And that's not been very well addressed. Nicotine is a potent neurotoxin. Vaping and cigarettes provide a dose to the babies that's very damaging to their brains. Every baby of women that smoke has brain damage. How much brain damage and what part of the brains it affects may be somewhat random depending on chance, which nerves the nicotine kills. But every baby is damaged.

"In addition, even after babies are born, they die from the fact that their mother smoked. Twenty-five percent of SIDS deaths are caused by the mother smoking during pregnancy. Even if they've stopped at late pregnancy, it's too late. So, the babies are born, they go along for a couple months, and then they die. And that's caused by cigarette smoke. So, this bill will help protect at least the early pregnancies and their babies from that horrible fate. Thank you, Mr. Speaker."

Representative Gates rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"With reservations and short comments. I don't smoke, and I don't like being around people who smoke. However, when I was listening to the testimony at the hearing, there was no evidence as to why we are changing it from 21 to 25. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2507, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Second Reading and was referred to the Committee on Judiciary, with Representative San Buenaventura voting aye with reservations, with Representatives Cabanilla Arakawa, Gates, Holt, D. Kobayashi, McDermott, Quinlan, and Todd voting no, and with Representatives Nakamura, Saiki, and Yamashita being excused.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising in strong support of House Bill 1819, Relating to Hemp. Mr. Speaker, growing hemp under this bill will only be legal if you do it with a state permit. And the exciting thing is, it sets up a program saying to the state Department of Agriculture, go ahead, put together the state plan in conjunction with what US Department of Agriculture has set forth in their regulations, submit it, let's get our farmers growing. And the bill follows federal law, which is rather than putting undue restrictions and everything else on hemp farmers in Hawaii, it will follow what the Federal Government is saying should happen for the farmers throughout the nation. We're lagging way behind, Mr. Speaker. States like Kentucky, states like Tennessee, they're really moving ahead with exciting products.

"The other thing that is very good about this bill, and I certainly thank the lead sponsor and the other co-sponsors of the bill, which it's wonderful to see you step forward in recognition to this, the other thing that's very exciting about it, it has blanked out funding for College of Tropical Agriculture, and the College of Tropical Agriculture with their proposed budget is going to continue the research on hemp and its positive impact on preventing Alzheimer's or reversing Alzheimer's, and anti-obesity. This is an amazing crop, to have it come forth with those kind of health benefits that I don't think any of us really expected, but the CTAHR scientists have already discovered that link.

"So, another thing that was interesting came up in a hearing, there's another measure about funding to eradicate spittlebugs, and hemp is intolerant to them, so farmers could use a rotational crop to control the different pests that are causing harm to other crops. It's a wonderful thing to see brought back to our islands.

"The bill now goes on to Judiciary and then finally to Finance, then to the Senate, and then I hope upstairs to the fifth floor, where this year let's hope that the Governor does not veto our hemp program for our farmers in Hawaii. Thank you."

Representative Onishi rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. A no vote, please. I wanted to express my concern, the AGs chimed in on this bill saying, again, we have not addressed the issue of what happens if a farmer does not follow the requirements of their permit or follow the law. There are no penalties associated with this. I think it's the same issue that the Governor chimed in when he vetoed last year's bill, and until that is addressed in this bill or other bills, I cannot support this measure. Thank you."

Representative DeCoite rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. Ruling on a potential conflict. I'm a farmer-rancher on the island of Molokai," and the Chair ruled, "no conflict," and that the ruling would extend through *sine die*.

Representative DeCoite continued to speak in support of the measure with reservations, stating:

"Thank you. Speaking with reservations. I just wanted to bring to your attention, the funding that's going to be provided with CTAHR, if the research is already done and has been on record with Kentucky, I wanted to acknowledge the fact that while funding should be supported to CTAHR, it seems to me that the research has already been done in Kentucky, so why are we funding CTAHR to do added research if the product is so good? I'd also like to add that the outreach towards it is a huge outreach and whether or not we choose to venture more into hemp is questionable. I think the cost of land and if the State decides on funding this project, I think they need to consider which lands they plan on funding this on and those that they're planning on putting funding behind. Thank you, Mr. Speaker."

Representative Thielen rose to respond, stating:

"If I may, Mr. Speaker, if I could just correct one thing. Kentucky has not been doing research on the anti-obesity or the Alzheimer's, and the research that CTAHR would be doing also would be helping to make sure that the seed variety that our farmers plant stays below 0.3 THC, that's a very localized kind of research that needs to be done for our location on the planet. Thank you."

Representative DeCoite rose to respond, stating:

"Thank you, Mr. Speaker, second time. As you know, CTAHR still has to put all the information in a data bank where people can access the information easily. I think we do know that's the reason why we have licenses out there, so research can be done by those that have that license. Thank you, Mr. Speaker."

Representative Cabanilla Arakawa rose to disclose a potential conflict of interest, stating:

"Ruling on a potential conflict, Mr. Speaker. I am registered under DCCA as an owner of a hemp cooperative. The purpose is to buy and sell hemp, although I have not had a single transaction."

The Chair addressed Representative Cabanilla Arakawa, stating:

"There's no conflict for the rest of the session, unless circumstances change."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1819, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEMP," passed Second Reading and was referred to the Committee on Judiciary, with Representative DeCoite voting aye with reservations, with Representative Onishi voting no, and with Representatives McDermott and Yamashita being excused.

Representative Perruso rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I wish to cast a no vote on House Bill 2190, Relating to Agricultural Enterprises, and Mr. Speaker, I'd like to explain why. I think that the intent was noble on the bill, but as one of my colleagues mentioned at the committee hearing, isn't what we're now saying to the Department of Agriculture we want you to do, isn't this why we have the Agribusiness Development Corporation?

"The other thing I'm very concerned about is that on page 2 of the bill, the purpose of this bill and chapter is to authorize the Department of Agriculture or a lessee, not just the department, a lessee of the department, to plan, design, and construct certain improvements on any ag land that the department has jurisdiction. And when you look at the different things that are permitted to be put up, we end up with day camps, picnic grounds, parks, riding stables, drag strips, airports, drive-in theatres, golf courses, golf driving ranges, country clubs, and overnight camps. My concern is that the bill may be very similar to the PLDC, and you know we all went through that PLDC problem and then we repealed that law. And I'm afraid, I really look at this as a sort of a sibling to the PLDC, and therefore I'm casting a no vote. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2190, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL ENTERPRISES," passed Second Reading and was referred to the Committee on Judiciary, with Representative Perruso voting aye with reservations, with Representative Thielen voting no, and with Representatives McDermott and Yamashita being excused.

Representative Okimoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote, brief comment, please. Mr. Speaker, I think I alluded to this in a floor speech maybe a couple of days or a week or so ago. This is about establishing a bank with the State of Hawaii, which came up before as I said from the honorable Marcus Oshiro, a number of years ago. We debated it very thoroughly, and one of the takeaways was basically, it can be done, but to be done well, to make money and not basically have a stacked deck that's got political individuals on it. For example, when I think it was Governor Abercrombie was going to put various political people to run it, and having been in the Third World through Peace Corps and all the other UN stuff that I've done, it's a good idea but generally it gets corrupted by the way that loans go to people who are politically deserving but economically incapable of doing what they're supposed to do. So, if there's a state bank and you can guarantee there'll be no political favoritism, I would vote for it. But right now, the State of Hawaii has never proven that it's very good at doing anything in conducting private sector business. For those reasons, Mr. Speaker, I will continue to vote no and speak against this. Thank you."

Representative D. Kobayashi rose to speak in support of the measure, stating:

"Speaking in support. So, I understand there was an effort before to try to get the same measure passed. I also know some of the hazards of how you're going to staff this thing. That's why we're kind of taking it a little bit slower, we have a study here and we want to take a look at it. It's an idea whose time has come. I do have experience as a banker, so I think it's a little bit different that we do have different expertise to guide this process and make sure this thing is done right. Banking seems confusing to people that aren't in it. It's pretty easy. You take deposits, you make loans, it's just not rocket science and it's something we should be able to do, and I think this will result in significant cost savings to the State of Hawaii, so I strongly support this bill. Thank you."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose to respond, stating:

"Mr. Speaker, could I add just a footnote, please. Mr. Speaker, we have a great bank called Bank of Hawaii and a great bank called First Hawaiian Bank. Why do we want to compete with them? If we want to save some money, I think we should grow the economy rather than cutting the pie and slicing it thinner and thinner. This is just going to cut into the private sector. If we do it, it's going to take away their employees and make government even bigger. For those reasons, Mr. Speaker, let's be reasonable, let's build the private sector, let's build our economy, let's make the economy fit the needs of our people. Right now, it doesn't, and growing government doesn't grow the economy. Thank you."

Representative San Buenaventura rose to speak in support of the measure, stating:

"In strong support. Thank you, short comments. The need for the state bank here in the State of Hawaii is needed sooner rather than later especially now that we have the medical marijuana dispensaries going, and as those who are familiar with what is occurring in medical marijuana dispensaries, they're having a difficult time getting loans, trying to just get regular banking type of needs that a business normally takes for granted. And, as shown in the State of Washington, the reason why the medical marijuana dispensaries in the State of Washington no longer need the vaults for the cash, it's because they have a state bank there that's doing very well. And so it's time that we move forward. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2628, HD 1, entitled: "A BILL FOR AN ACT RELATING TO A BANK OF THE STATE OF HAWAII," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representative Matsumoto voting aye with reservations, with Representatives Okimoto and Ward voting no, and with Representatives McDermott and Yamashita being excused.

Representative Okimoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition against House Standing Committee Report No. 226-20, House Bill 1739, HD 1. The Career Criminal Unit of the Honolulu Prosecuting Attorney's office was previously led by a deputy prosecutor who is now a convicted felon. The current prosecutor, who is on paid leave, received a target letter from the Department of Justice more than one year ago. The current acts of the Prosecuting Attorney's office, under the direction of the acting prosecutor, are highly questionable as they relate to individuals being subpoenaed to assist in cases, who are then arrested for outstanding non-felony warrants. I believe it is premature to provide a grant to the Honolulu Prosecuting Attorney's office until they have time to 'fix their house.' The Legislature should reconsider providing a grant to the Prosecuting Attorney's office and defer this action until 2021 after a new prosecutor is elected by the people of Honolulu. For these reasons, Mr. Speaker, I oppose SCR 226-20. *Mahalo*."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in committee I voted no with reservations on this, and I know there's not a category like that, but it's no, I'm standing in opposition, because the bill is going on, it didn't die. It's good but the contents of it really left a very frustrated community who, with their children, know empirically, specifically, and without equivocation, that when they're getting these injections, kids are limping, sometimes heart attacks, sometimes basically maimed for life.

"Now, lest people think, oh, listen to the vaxxer, the anti-vaxxer. No. This bill is about choice, or it used to be about choice, where they can pick and choose those things that the data that Robert Kennedy has collected for the last 20 years.

"So, Mr. Speaker, let's be scientific. I know we want to study it, but my point was, Robert Kennedy has studied this thing all over the nation, if not even including some parts of Asia, where in Japan you don't have to have a vaccination and the fact they don't even force it on people.

"The point is, people want a choice, and there's a lot of mother bears out there really upset about their cubs, so I hope this continues on, and that's why I had reservations with no. But no, to encourage the other committees to hear it, to listen to the heartbeat of those people, and I won't say what the author of this bill went through, but if you know who he is, ask him what happened when he had a small pox vaccination. Thank you, Mr. Speaker"

Representative Matayoshi rose to speak in opposition to the measure, stating:

"In opposition, brief comment. I just don't think a study's needed, I think the science is very clear at this point about vaccinations, and that's why I'm voting no. Thank you."

Representative Quinlan rose to speak in opposition to the measure, stating:

"In opposition, Mr. Speaker. I understand that one of our colleagues has had a bad experience with a vaccination, but that is anecdotal evidence, and in this building, we cannot legislate based on anecdotal evidence, based on feelings, based on one person's experience. The empirical evidence is overwhelming. Vaccinations are a result of 400 years of scientific research, they have saved countless lives, and again, with all due respect to the introducer, this bill makes a mockery of our state policy, of DOE's policy.

"No one's saying that there shouldn't be medical exemptions given for vaccinations. If someone medically should not have a vaccination, then of course not. But conscientious objection, religious exemptions, these make me very uncomfortable, Mr. Speaker, I'm not familiar with any religions that have anything to say about vaccines, because our major religions were created before vaccinations ever arrived.

"My son has a rare disease, and sometime in the next few years, he will have to receive a liver transplant in order to keep living. And for the rest of his life, he'll be forced to take immunosuppressant drugs. And he will be at greater risk if bills like this are allowed to pass. And there are many people like my son, there are many other children like my son across the state and across this country. And I don't think it's right to put those people at risk and to put millions of other children at risk because people reject the fundamental principles of modern science. Thank you, Mr. Speaker."

Representative Todd rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. It might be ironic that I support this measure, but I agree with a lot of the no votes and their concerns with this measure. I get that. With the novel coronavirus affecting people worldwide, with the recent outbreak of measles in Samoa, we need to do a better job, that's why we turned this into a study at the most.

"The study is to look at medical exemptions from other states to see what their best practices are and possibly to implement them in Hawaii. At the end of the day, this is only a study, we couldn't move anything else out. And after hearing compassionate testimony from parents, I thought at least a study is good. Their voices were heard. Will this bill pass? I doubt it. But at least at the end of the day, we're an open house. We listen to all voices. For those reasons, I still stand in support, but I completely agree with the no votes or those votes with reservations, and I respect that. Thank you very much, Mr. Speaker."

Representative Holt rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Cabanilla Arakawa rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In strong opposition. As the only nurse in this House, I think I am privileged to say that yes, I have seen some negative outcomes of vaccines. But if we have to sacrifice one for the benefit of a million, I agree that we should have in support of all the percentile that it comes. If .001% is in the negative but 99.99% is in the positive, I'm with the positive. Thank you, Mr. Speaker."

Representative San Buenaventura rose to speak in support of the measure, stating:

"In support of the HD 1. As a very vaccinated person, I had the Hep A and the Hep B vaccines even before the scares, I support the idea of vaccination. But if anybody had listened to the Health Committee hearing on this, we had major concerns with how the Department of Health handled what vaccines are going to be mandatory. It was clear that communicable diseases like measles, and if coronavirus vaccines are available, that those obviously should be mandated. But when they started talking about a slightly communicable disease with a questionable vaccination, like HPV, we questioned as to whether or not that should've been one of the mandatory vaccines that should be mandated on kids, especially when their immunosuppressant systems are still developing.

"Also, if you had actually listened to the hearings, you will hear how very strict the Department of Health is regarding the health exemptions. So, even those who are vaccine injured would not have been allowed an exemption from HPV vaccines. And the reality is, although there is one in here who is willing to speak out as being vaccine injured, there are really a lot more people who are vaccine injured, a number of whom are in my family, and we are normally pro vaccine. But we need to look into the fact that there needs to be a middle ground, and the Department of Health in this case, especially when it came to vaccine schedule, went way beyond what is required. Thank you very much. So, study, supportive."

Representative Ward rose to respond, stating:

"Mr. Speaker, I really like what the Representative from Puna just said. We share that, and we listen very closely and deeply. But Mr. Speaker, if we go up 35,000 feet and look at what's happening to the American body chemically-wise, we have heard in our Health Committee, as all of you have probably read, 50% of our youth have some kind of a chronic disease, autism is off the charts. The chemistry that we have, basically, our brains are chemistry factories. Our bodies are endocrine—"

Representative Quinlan rose to a point of order, stating:

"Mr. Speaker, point of order. I hope the Minority Leader is not trying to link vaccines to autism, because the one study that did has been debunked thoroughly and that person has lost their medical license."

The Chair addressed Representative Ward, stating:

"Representative Ward, please confine your remarks. Please proceed."

Representative Ward continued, stating:

"Still in opposition. In all due respect to what you said about your family, I feel deeply about that, but let's get scientific about this. We do need the study, but I would hope that those committees that carry on will look at some of the stuff that Robert Kennedy has been doing, as I said, for decades. He has collected data, he's got movies, he's got testimonials. The vaccinated injured are many, many, and far in between. So, whether it's autism, or whether it's chronic diseases, something's going on in the American chemistry that we as policymakers have to pay attention to.

"So, the study is good, but I would hope that we would get a little bit more data from those who are the, again I call them the mother with their cubs, want to protect them, and this is a national phenomenon by which we are just now entering the foothills. For those reasons, Mr. Speaker, I hope we proceed well, intelligently, intellectually, and honestly with handling what otherwise is a chemistry rebellion that's going on inside of our youth. Thank you."

Representative D. Kobayashi rose to speak in support of the measure, stating:

"I'm speaking in support, obviously, because I'm the one that wrote this bill. But I'm really not standing up here to give you arguments on this because I could be here all afternoon. There are significant arguments people can put forth taking the position of you should have choice on this, and there are arguments from people that oppose this kind of effort to provide exemptions. So rather than taking one side or the other, because these arguments will never be solved, you'll never stand here with scientific evidence on both sides and come to any type of civil conclusion on this. So rather than putting forth those arguments, what I just want to do is just state my opinion that I really appreciate the support I've gotten on this from my colleagues and I really respect those opinions of those that are speaking out on their side as well. And however this vote turns out, I appreciate everybody's efforts on considering this. Thank you."

Representative Say rose to speak in opposition to the measure, stating:

"Mr. Speaker, just a no vote for me, since it was recorded in the committee. Thank you."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. Just real quickly, it's only because it's a study that I'm not voting no. Thank you."

Representative Nakamura rose in support of the measure and asked that the remarks of Representative San Buenaventura be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Mizuno rose in support of the measure and asked that the remarks of Representative San Buenaventura be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Hashimoto rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2459, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL AUTONOMY," passed Second

Reading and was referred to the Committee on Judiciary, with Representative McKelvey voting aye with reservations, with Representatives Cabanilla Arakawa, Hashimoto, Holt, Matayoshi, Quinlan, Say, Todd, and Ward voting no, and with Representatives McDermott and Yamashita being excused.

Representatives Mizuno and San Buenaventura, for the Committee on Health and the Committee on Human Services & Homelessness, presented a report (Stand. Com. Rep. No. 251-20) recommending that H.B. No. 933, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committees was adopted and H.B. No. 933, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CRISIS INTERVENTION," passed Second Reading and was referred to the Committee on Judiciary, with Representatives McDermott and Yamashita being excused.

Representatives Mizuno and San Buenaventura, for the Committee on Health and the Committee on Human Services & Homelessness, presented a report (Stand. Com. Rep. No. 252-20) recommending that H.B. No. 1865, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committees was adopted and H.B. No. 1865, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ALZHEIMER'S DISEASE AND RELATED DEMENTIA," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representatives McDermott and Yamashita being excused.

Representatives Mizuno and San Buenaventura, for the Committee on Health and the Committee on Human Services & Homelessness, presented a report (Stand. Com. Rep. No. 253-20) recommending that H.B. No. 2580, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committees was adopted and H.B. No. 2580, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MENTAL HEALTH," passed Second Reading and was referred to the Committee on Judiciary, with Representatives McDermott and Yamashita being excused.

Representatives Mizuno and Woodson, for the Committee on Health and the Committee on Lower & Higher Education, presented a report (Stand. Com. Rep. No. 254-20) recommending that H.B. No. 2049, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative Belatti moved that the report of the Committees be adopted, and that H.B. No. 2049, HD 1 pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Morikawa.

Representative DeCoite rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am opposed to this bill because I don't believe we should put this additional burden on our schools. If our teachers confiscate electronic smoking devices or products, they already forfeit them to law enforcement. Confiscating e-cigarettes and e-cigarette products from students may not be the best strategy at our disposal to reduce usage. *Mahalo*."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2049, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Second Reading and was referred to the Committee on Judiciary, with Representative Tokioka voting aye with reservations, with Representative DeCoite voting no, and with Representatives McDermott and Yamashita being excused.

Representatives Mizuno and Woodson, for the Committee on Health and the Committee on Lower & Higher Education, presented a report (Stand. Com. Rep. No. 255-20) recommending that H.B. No. 2457, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative Belatti moved that the report of the Committees be adopted, and that H.B. No. 2457, HD 1 pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Morikawa.

Representative DeCoite rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am opposed to this bill because it puts an additional burden on our schools in confiscating electronic smoking devices. The superintendent of education has testified that this bill may inadvertently oppose the actions of the department, which is the safety and well-being of students. The department is already working with the Department of Health (DOH) to educate students about making positive decisions about their health. In addition, DOH has stated that the bill requires DOE coordinate with DOH for the proper disposal of electronic cigarettes, however, it does not provide or manage any waste disposal services. *Mahalo*."

Representative Okimoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition against House Standing Committee Report No. 255-20, House Bill 2457, HD 1. Mr. Speaker, my opposition is specific to Section 3 of HD 1, which would require, not give the option, but require public school teachers to confiscate electronic smoking devices from students. According to the BOE and DOE policy, teachers are already authorized to confiscate contraband. An absolute requirement just adds to the tremendous amount of responsibilities teachers already have while they teach our *keiki*. Teachers should be given the option to confiscate, and not be required to. I suggest that the language found in Section 1 of House Bill 2049, HD 1, which uses 'may' vs. 'shall,' be used instead. For these reasons, Mr. Speaker, I oppose SCR 255-20. *Mahalo*."

Representative Cabanilla Arakawa rose to speak in opposition to the measure, stating:

"In opposition, Mr. Speaker. I would like to say a few things about it. Well, I'm in support with increasing the age of vaping, however, I'm in opposition with the total ban of flavored vapes because I think that this bill is kind of premature at this time. Until it becomes a national ban, I will not support it, because all we're doing is disabling our local stores that sell vape from doing business because you can buy it anywhere else, like the internet. And it would encourage those garage makers of vape, because all you need to do is go on YouTube and it will tell you how to make e-cigs with different flavors. There's only three ingredients in an e-cig, Mr. Speaker. And the last national alarm about it is caused by somebody adding vitamin E on the e-cig, which the human lungs cannot synthesize. And some of them added marijuana in it, which the molecules are too large for the lungs.

"So, not unless we have a national ban, we are penalizing our local business people, which we can regulate. Once we leave it to FedEx or UPS to do the business, then we are out of range. So, I think this bill is premature and I oppose it. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2457, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE YOUTH VAPING EPIDEMIC," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Cabanilla Arakawa, DeCoite, and Okimoto voting no, and with Representatives McDermott and Yamashita being excused.

Representative McKelvey, for the Committee on Economic Development & Business, presented a report (Stand. Com. Rep. No. 256-20) recommending that H.B. No. 2726, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2726, HD 1, entitled: "A BILL FOR AN ACT RELATING TO INTOXICATING LIQUOR," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representatives McDermott and Yamashita being excused.

Representatives McKelvey and Ohno, for the Committee on Economic Development & Business and the Committee on Intrastate Commerce, presented a report (Stand. Com. Rep. No. 257-20) recommending that H.B. No. 2596, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committees was adopted and H.B. No. 2596, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BROADBAND SERVICE INFRASTRUCTURE," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representatives McDermott and Yamashita being excused.

Representatives McKelvey and Ohno, for the Committee on Economic Development & Business and the Committee on Intrastate Commerce, presented a report (Stand. Com. Rep. No. 258-20) recommending that H.B. No. 2264, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committees was adopted and H.B. No. 2264, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BROADBAND DEVELOPMENT," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representatives McDermott and Yamashita being excused.

ANNOUNCEMENTS

Representative Ichiyama: "Mr. Speaker, if we could just have the members who are wearing red to stick around for a picture on the House Floor after session, we much appreciate it. Thank you."

COMMITTEE REASSIGNMENTS

The following measures were re-referred to committee by the Speaker:

H.B. Nos.	Re-referred to:
1052, HD1	Committee on Energy & Environmental Protection, then to the Committee on Transportation, then to the Committee on Legislative Management, then to the Committee on Finance
2297	Committee on Housing, then to the Committee on Finance

ADJOURNMENT

At 12:47 p.m., on motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the House of Representatives adjourned until noon Monday, February 10, 2020. (Representatives McDermott and Yamashita were excused.)

SIXTEENTH DAY

Monday, February 10, 2020

The House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, convened at 12:03 p.m., with Vice Speaker Nakashima presiding.

The invocation was delivered by former Governor Neil Abercrombie, after which the Roll was called showing all members present with the exception of Representative Gates, who was excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Fifteenth Day was deferred.

INTRODUCTIONS

The following introductions were made to the members of the House:

Representative Matsumoto introduced members of Hawaii's bleeding disorder community from Hawaii Island: Debby Calbero, Daxton Camero, Daylion Camero, and Kaleki Pakani-Flores; from Kauai: Regina Floyd; and from Oahu: Donald Douglas, Genevieve Wymere, Danny Anub, Isabella Anub, Jessica Anub, Lucas Anub, Tristen Anub, Cordell Chun, Jennifer Chun, Kelsen Chun, Kendell Chun, Kenji Chun, Anabella Margo, Harley Margo, Kaimana Margo, Matt Margo, Michael Pieklo, Amanda Tokiwa, Hannah Tokiwa, and Victoria Tokiwa.

Representative Morikawa introduced her friend, Brian Carter of Kauai.

Representative Ward introduced Russell Honma.

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 22) was announced by the Clerk and the following action taken:

H.R. No. 22, entitled: "HOUSE RESOLUTION COMMENDING THE KALIHI PALAMA CULTURE AND ARTS SOCIETY FOR THEIR SERVICE TO OUR KEIKI AND THE NATIVE HAWAIIAN CULTURE," was jointly offered by Representatives Okimoto and Holt.

Representative Okimoto moved that H.R. No. 22 be adopted, seconded by Representative Holt.

Representative Holt recognized this week as Hawaiian Caucus Week 2020, *E Ala e Lāhui*, A Lāhui Rising, with the vision of ensuring the Legislature is engaged, informed, and educated on issues that affect our Native Hawaiian community, recognized February as *ʻŌlelo Hawaiʻi* month, and invited members to participate in the different celebrations and events throughout the week and share our Native Hawaiian language and culture.

Representative Okimoto shared how *E Ala e Lāhui* starts with our *keiki*, our *ʻōpio*, thanked the Kalihi-Palama Culture & Arts Society for perpetuating the Hawaiian culture by providing education, training, and services to the underprivileged population of the Kalihi-Palama area and on a statewide basis, recognized their Queen Liliʻuokalani Keiki Hula Competition and Malia Craver Hula Kahiko Competition for highlighting our *ʻōpio* in the art of Hawaiian dance, and introduced honorees from the Kalihi-Palama Culture & Arts Society who were seated on the Floor of the House:

Kahu Wendell Kalani Silva, Founder, and his wife, Sharon Silva;
Trisha Kehaulani Watson, President;
Suzanne Chun Oakland, Vice President; and
Guy Sabilla, Executive Director.

The motion was put to vote by the Chair and carried, and H.R. No. 22 was adopted, with Representative Gates being excused.

At 12:18 p.m., the Chair declared a recess to allow the Members of the House to meet and congratulate the honorees.

The House of Representatives reconvened at 12:29 p.m.

REPORTS OF STANDING COMMITTEES

Representative Takayama, for the Committee on Public Safety, Veterans, & Military Affairs, presented a report (Stand. Com. Rep. No. 259-20) recommending that H.B. No. 1947, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1947, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WORLD WAR II COMMEMORATION," passed Second Reading and was referred to the Committee on Finance, with Representative Gates being excused.

Representative Takayama, for the Committee on Public Safety, Veterans, & Military Affairs, presented a report (Stand. Com. Rep. No. 260-20) recommending that H.B. No. 2478, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2478, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Cabanilla Arakawa rose to disclose a potential conflict of interest, stating:

"I would like a ruling of a potential conflict, Mr. Speaker. I'm a veteran of the Persian Gulf War," and the Chair ruled, "no conflict."

Representative McDermott rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, my conflict goes back 100 pounds, I'm a Persian Gulf War veteran, please," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2478, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MEMORIALS," passed Second Reading and was referred to the Committee on Finance, with Representative Gates being excused.

Representative Takayama, for the Committee on Public Safety, Veterans, & Military Affairs, presented a report (Stand. Com. Rep. No. 261-20) recommending that H.B. No. 2331, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2331, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY MANAGEMENT," passed Second Reading and was referred to the Committee on Finance, with Representative Gates being excused.

Representative San Buenaventura, for the Committee on Human Services & Homelessness, presented a report (Stand. Com. Rep. No. 262-20) recommending that H.B. No. 1872, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1872, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE OFFICE OF THE LONG-TERM CARE OMBUDSMAN PROGRAM," passed Second Reading and was referred to the Committee on Finance, with Representative Gates being excused.

Representatives San Buenaventura and Mizuno, for the Committee on Human Services & Homelessness and the Committee on Health, presented a report (Stand. Com. Rep. No. 263-20) recommending that H.B. No. 1866,

as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committees was adopted and H.B. No. 1866, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HEALTHY AGING PARTNERSHIP PROGRAM," passed Second Reading and was referred to the Committee on Finance, with Representative Gates being excused.

Representative Woodson, for the Committee on Lower & Higher Education, presented a report (Stand. Com. Rep. No. 264-20) recommending that H.B. No. 2509, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

No. 2509, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SCHOOLS," passed Second Reading and was referred to the Committee on Finance, with Representative Gates being excused.

Representative Woodson, for the Committee on Lower & Higher Education, presented a report (Stand. Com. Rep. No. 265-20) recommending that H.B. No. 2093, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2093, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION DATA," passed Second Reading and was referred to the Committee on Finance, with Representative Gates being excused.

Representative Woodson, for the Committee on Lower & Higher Education, presented a report (Stand. Com. Rep. No. 266-20) recommending that H.B. No. 2094, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2094, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EARLY LEARNING," passed Second Reading and was referred to the Committee on Finance, with Representative Gates being excused.

Representative Woodson, for the Committee on Lower & Higher Education, presented a report (Stand. Com. Rep. No. 267-20) recommending that H.B. No. 2150, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2150, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2150, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Finance, with Representative Okimoto voting aye with reservations, and with Representative Gates being excused.

Representative Woodson, for the Committee on Lower & Higher Education, presented a report (Stand. Com. Rep. No. 268-20) recommending that H.B. No. 2412, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2412, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am voting with reservations because I would like the three-year pilot program to include the districts of Molokai, Lanai, and Hana, Maui. These areas are rural and face similarly high rates of suspension, absenteeism, and exposure to trauma as places like Waianae. It is my belief that this program would be successful in improving the school and community culture of these districts."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2412, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TRAUMA-INFORMED EDUCATION," passed Second Reading and was referred to the Committee on Finance, with Representative DeCoite voting aye with reservations, and with Representative Gates being excused.

Representative Woodson, for the Committee on Lower & Higher Education, presented a report (Stand. Com. Rep. No. 269-20) recommending that H.B. No. 2203, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2203, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative DeCoite rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am voting in opposition to this bill because I believe that principals should not have the additional responsibility of tracking and reporting data. Schools already have measures in place to enforce and address exclusionary school discipline policies that fit their institutional needs."

Representative Tokioka rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2203, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DISCIPLINARY ACTIONS IN PUBLIC SCHOOLS," passed Second Reading and was referred to the Committee on Finance, with Representatives DeCoite, Okimoto, and Tokioka voting no, and with Representative Gates being excused.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2318, HD 2 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Cachola rose to speak in support of the measure with reservations, stating:

"I'm in favor, but just with some reservations. I just want to let everybody know that when Hurricane Iwa, and Iniki in 1992, we had to come up with ways to fund. Because if we continue this and dip into the principal amount, we might not have enough money when the next hurricane occurs.

"Way back, the amount of money on reinsurance, the premium that we paid them was close to the amount of money that we are collecting by way of premium. So, we came up with a bill whereby we save a lot of money by doing away with the reinsurance premium. And by doing that, by the time the insurance company came back and insured the homes that is subject to the hurricane, we already saved over $230 million at that time.

"In 2008, they raided this fund to balance the budget. We already have only $150 million left, the way I was made to understand. And if we keep using the interest, and they might end up dipping into the principal, I hope they will not do that. Because if the next hurricane occurs, we might need the money that is in the principal amount.

"So, that's the reason why I have to speak on this. Because there is a tendency for us to just dip into the principal when the amount of money we need for this preparedness issue. The only way we can do that is to dip into the principal. Let's not do it. So, for that reason that we should keep the amount of money of the insurance premium that we save.

"We haven't put back the money that was used in the balancing of the budget. We saved over $230 million because of the bill that I have introduced, now we only have $150 million they have to put back, addition of maybe about $80 million. So hopefully, Mr. Speaker, they will do that, so that we have a lot of money to use in this kind of issue. Thank you."

Representative Quinlan rose in support of the measure and asked that the remarks of Representative Cachola be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak against Standing Committee Report 330, House Bill 2677, Relating to Water Rights. Mr. Speaker, the relevant new language in the bill states, disposition of water rights may be made by direct negotiation. I think that's a tremendous mistake, a bad policy.

"We've always had a process for water rights, and it's been a process that has served the resource and the people of Hawaii very well. It may not have served the large corporations, it may not have served some of the utilities that just don't want to have to go through that process. But if we provide, if we make a provision in here saying it can be by direct negotiation that we will give away our precious water rights, that can really be misused. To me, it's a scary policy to even see the light of day in here and I would hope that it finds its way to die in the next committee. Thank you."

Representative Tarnas rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations, brief comments. I do think direct negotiation would be useful for the department to be able to do, especially in the case of small farmers, ranchers that are affected by this, but it would be useful to have more parameters so that we can guide DLNR when they do use direct negotiation to provide for access to water. Thank you."

Representative DeCoite's written remarks are as follows:

"I am voting with reservations on this bill because it allows the BLNR to issue a water lease by direct negotiation. My concern with the bill is that it does not provide guidelines on how this should be done. We cannot have the BLNR continue the practice of continually re-authorizing the diversion of streams and other public water sources. *Mahalo*."

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

"No vote and brief comments. On the scale of egregious pieces of legislation, this is really, I mean, relatively minor. But I just cannot seem to wrap my head around this. Why would we allow an unscientific discipline to prescribe medication? According to the American Cancer Society, scientific evidence does not support claims that naturopathic medicine can cure cancer or any other disease. So, these guys are essentially peddling false cures to people that are in trouble. And I mean, what next, fortune tellers maybe, or energy healers? Come on. Thank you, Mr. Speaker."

Representative Ward rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Matayoshi rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Holt rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Eli rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Cabanilla Arakawa rose to speak in opposition to the measure, stating:

"Shall we call for a roll call vote, Mr. Speaker? I'm voting no, Mr. Speaker."

Representative Gates rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Hashimoto rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising in support with just a few comments. Mr. Speaker, it's medical cannabis under state law. I think that eventually we should stop the prohibitions from allowing people that need to use that natural product for medical reasons. This is another way that it can be delivered by someone that is in the healthcare profession. I think that the bill should go forward and get over to the Senate for further consideration, but it makes sense to me.

"We didn't used to be a state that believed in prohibition, and I see this as almost the last barrier to get through. Medical cannabis can be a help to people that need that, and the prohibition in my mind, that becomes cruel. Thank you."

Representative Quinlan rose to respond, stating:

"Mr. Speaker, with all due respect to the previous speaker, this bill has nothing to do with prohibition. You can get a medical marijuana card in the State of Hawaii. And to call naturopaths a part of the healthcare profession is stretching the limits of my credulity. Thank you."

Representative Todd rose to respond, stating:

"Thank you. I wanted to propose a solution, since we're dealing with some very prominent vaping bills this year that will likely kill many small businesses. Speaking against, again. Perhaps as a solution, we should allow vape shops who have the same level of credibility as many of the naturopaths to prescribe medical marijuana so it's a two-birds, one stone situation. Thank you."

Representative DeCoite rose, stating:

"Mr. Speaker, second time. I just wanted to change my vote to a no vote and wish to put comments into the Journal. Thank you."

Representative DeCoite's written remarks are as follows:

"I am opposed to this bill because we are moving too quickly in expanding access by authorizing naturopathic physicians to provide written certification for medical cannabis. This is in addition to physicians and advanced practice registered nurses. We already have enough points of access for people to get certifications. *Mahalo*."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1797, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," was referred to the Committee on Finance, with Representative Cachola voting aye with reservations, with Representatives Cabanilla Arakawa, DeCoite, Eli, Gates, Hashimoto, Holt, Matayoshi, Matsumoto, Okimoto, Quinlan, Todd, and Ward voting no, and with Representative McDermott being excused.

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 27) was announced by the Clerk and the following action taken:

H.R. No. 27, entitled: "HOUSE RESOLUTION RECOGNIZING THE 200TH ANNIVERSARY OF CHRISTIANITY IN HAWAIʻI," was offered by Representative Quinlan.

Representative Quinlan moved that H.R. No. 27 be adopted, seconded by Representative Todd.

Representative Quinlan honored the 200th anniversary of Christianity in Hawaii, acknowledged Christian missionaries for creating a written Hawaiian language, building churches and schools, teaching Hawaiians to read and write, and printing Hawaiian language books and newspapers, helping the Hawaiian people achieve unprecedented levels of literacy at the time, and thanked the missionaries and their descendants for giving of themselves to share their religion with the Hawaiian people.

Representative Todd honored Reverend Hiram Bingham for his work helping to create a written language for *ʻōlelo Hawaiʻi* and translating the Bible into Hawaiian, and congratulated and introduced honorees who were seated on the Floor of the House:

Peter Young, President, Board of Directors, Hawaiian Mission Houses, and great-great-great-grandson of Reverend Hiram Bingham, Founder, Kawaiahaʻo Church; and

Elizabeth Lentz-Hill, Director of Development, Hawaiian Mission Houses, and missionary descendant.

Representative Tarnas recognized Betsey Stockton for her work opening and leading the first school for *makaʻāinana* on Maui, recognized Reverend Lorenzo Lyons as the Haku Mele, the Bard of Hawaii, for his work translating and writing over 600 hymns in Hawaiian and for writing Hawaiʻi Aloha, and congratulated and introduced honorees who were seated on the Floor of the House:

Reverend Dr. George Scott, Associate Minister, Central Union Church; and

Nola Nahulu, Artistic Director, Hawaii Youth Opera Chorus, Kawaiahaʻo Church.

Representative Holt credited his musical talent to Nola Nahulu, his chorus teacher when he was in elementary at University Laboratory School.

Representative Ward congratulated the honorees and thanked them for carrying on the traditions.

The motion was put to vote by the Chair and carried, and H.R. No. 27 was adopted, with Representatives Belatti, Eli, Har, and Kong being excused.

At 12:27 p.m., the Chair declared a recess to allow the Members of the House to meet and congratulate the honorees.

The House of Representatives reconvened at 12:34 p.m.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and a brief comment, please. Mr. Speaker, this bill came out of a good bill, now this is kind of a half of a half-a-loaf bill. Basically, it was a program that the Lieutenant Governor was going to implement in the Kauhale project. It makes it a study, and in effect, the proof of concept is already there. They already know it in various parts of the country. I think we need to do a reality check. Are we not ready to get the homeless into housing? This bill postpones it. And I think it's unfortunate, but at least it's moving it along. But a study is probably the last thing that we would need to get off to what the LG wants to do with the homeless. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2112, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HOMELESSNESS," passed Second Reading and was referred to the Committee on Finance, with Representatives Okimoto and Ward voting aye with reservations, and with Representatives Eli and Har being excused.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2102, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak against House Bill 2102, Relating to Hemp Products, and if I may explain why I'm opposing it. Mr. Speaker, I'm in constant contact with the White House contacts with the FDA, the Food and Drug Administration. Maybe that's one benefit of being a Republican.

"But I'm tracking the rules that the FDA, the agency is working to put together. They are being very cautious to not hurt farmers and to not hurt the new industry that is coming forth again. You know we had the prohibition back in the, not early 1900s, and now hemp again now is no longer a controlled substance under federal law, and the FDA is trying to make sure that the farmers will be able to continue marketing safe products to consumers.

"The bill started out as hemp hysteria and then, thanks to Consumer Protection Committee, it's morphed into hemp angst. But the angst is still overreacting. It's aimed at hemp products, not just CBD. And when you take a look at that under the FDA rules, there are hemp products that are already legal. They're called GRAS, which means safe for use, and those include the hemp seed, they include the hemp oil, and there's some other products that are fine with FDA.

"The way this bill is going about it, it's amazing to me, saying in parts that no one under the age of 21 is going to be able to buy a hemp product. I mean, this is crazy. You look at something that's on our shelves, go in to any of your markets and you'll find Dr. Bronner's hemp soap, and it's a cold-water soap, it's what we all send with our kids to camp if they go off to the fourth-grade camp because it works in cold water, only soap I know of that does. Hemp. That's on our shelves and has been there for decades.

"And the bill is overreaching. I don't use Botox, I don't get plastic surgery, but I do use a hemp-infused face cream and I love it. And under this bill, maybe it's okay, maybe it's not, but if it's made locally, it's not going to be. This is on your market shelves, again.

"The Body Shop. The wonderful founder I knew in the early days before she passed away, and she came out with a line of hemp products. She did it saying she wanted to use hemp, she was English, she wanted to use hemp from American farmers, and at the time she started with her whole supply of hemp-based products to be put on your skin, some lip balm that could even be ingested, but when she started that, there weren't any American farmers growing hemp. So, she was part of that movement until she passed away, and the Body Shop still contains what is probably the best hand cream that you could buy anywhere.

"I can go on and on. I mean of course you know that's hemp cloth, that's not covered in this bill, thank heavens. But this hysteria, to say someone that's 21 or younger can't buy a hemp product, we've got to get control over ourselves. Yes, the FDA needs to come out with its regs. It would be a great bill to have just to say, follow what the FDA is saying should take place. And the labeling should be truth in labeling, I agree with that, because some of the hemp products are now over the moon with their labeling claims."

Representative Ward rose to yield his time, and the Chair "so ordered."

Representative Thielen continued, stating:

"Thank you. I appreciate that, because I look at the co-sponsors of the bill and I'm just concerned about that. Mr. Speaker, we need to get a handle on this and to realize that if we are going to compete nationally and even internationally, we can't tie farmers' hands with laws that are unnecessary. This is an unnecessary law with a lot of confusion in it, and we just don't need to do that.

"And I wanted to quickly run down through a couple of other things that the FDA is working on it, as I say, and thank goodness they are, and the latest update I had again from them just today is that they're trying to push that through as quickly as they can because they realize the farming community on the mainland, their crop will be harvested during the summer, so they need to have this all together to be ready for those farmers. And it's from conservative states, Mr. Speaker, Kentucky, the home state of Senate Majority Leader Mitch McConnell.

"This is not a radical crop, this is not a radical move to let America's farmers proceed and make some money from the crop that they're growing. It's interesting that hemp is more profitable than tobacco. And that's very encouraging, when you look at the farmers in the tobacco states, that they have something now that they can produce and can make more money off of, and it's healthy. But we don't need to restrict it.

"And in the bill, they don't recognize the products that the FDA has already said are fine. I take a tablespoon of hemp seed oil a day, and I've done that for almost 30 years now, and it doesn't have a bad impact. I hope it has somewhat of a good impact.

"I'm sorry, I know I get rather riled up about this. But it's like we take a step forward with understanding, and the members in this body have been wonderful about this. Some of them started out with great fear of the product. A former ag chair actually had clipped some hemp fabric and was burning it to see if it would smell of marijuana. And then you kind of wonder, how would he know what marijuana smelled like, but anyway, that's what he did.

"So, we've moved so far from that, we've become a group that really realizes our farmers can begin to make money, and we can do a good thing keeping our ag land in agriculture. All those sugar plantations that went out, we have a crop to fill those acres and to keep them green. And we have a crop that has so much benefit to it, with 25,000 products, one of which happens to be hemp CBD, which needs to be labeled correctly without wild claims and needs to be inspected for its purity, but it does not need to be strangled as it tries to come out and reach our shelves.

"So, I would ask the next committee, which I believe is Finance, I hope Finance is going to have such a busy agenda that they won't be able to hear the bill, or at least look at just slimming it down to saying, we want to follow what the FDA is doing, and we rely upon our department to have help to be sane in how they implement their role in making sure the consumer is protected.

"Mr. Speaker, I'd like to ask if I could have a couple more remarks put into the Journal, because I had quite a few tabs with things to follow and talk about. But I just ask all of you, give hemp a chance, give our farmers a chance once again, and I think we'll keep Hawaii green and healthy. Thank you, Mr. Speaker."

Representative Thielen's written remarks are as follows:

"First and foremost, HB 2102 states its purpose is to facilitate the safe availability of hemp products in the state. The definition of 'hemp product' provided means a product containing hemp that is a cosmetic, dietary supplement, or is for human or animal consumption. Under this definition, that includes everything from hand lotion and shampoo to cereal and protein shakes.

"As I stated, I am in close contact with the White House liaison to the Food and Drug Administration in D.C., one of the few benefits of being a Republican in this legislature. This bill does not address whatsoever the three generally recognized as safe (GRAS) notices for the hemp seed-derived food ingredients, hulled hemp seed, hemp seed protein powder, and hemp seed oil, which the FDA has made legal to market in human foods. It also fails to recognize that under the FD&C Act, cosmetic products and ingredients are not subject to premarket approval by the FDA, except for most color additives. Certain cosmetic ingredients are prohibited or restricted by regulation, but currently that is not the case for any cannabis or cannabis-derived ingredients.

"The bill also seems to contradict itself in that it states a cosmetic shall not be considered adulterated or misbranded solely by the inclusion of hemp or cannabinoids, but then it prohibits the sale of hemp products to anyone under the age of 21 years old. To be considered hemp, the product must contain no more than 0.3% tetrahydrocannabinol, rendering the hemp plant totally incapable of psychoactive effect. The 2018 Farm Bill freed hemp from its designation as a Schedule I drug, and much of the United States has taken advantage of this. Why is Hawaii hindering progress? This regulation really just amounts to hemp hysteria, which hurts our farmers, consumers who want and benefit from using these products, and the State's economy."

Representative Cabanilla Arakawa rose to speak in support of the measure, stating:

"In support, Mr. Speaker. I would like the words of the Representative from Kailua entered as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support of the bill before us, and I wanted to thank my good friend and colleague from the windward area. I understand her concerns and I enjoy working with her on a lot of bills that we introduce together.

"Nonetheless, the reason why we have this bill is it's a consumer protection bill, that's all. And with the explosion of CBDs on the market, we need to know if these CBDs are safe. Some of the concerns we have is that some of the CBDs that are received from a different country may contain metal, pesticides, radioactive material. So, all we're doing in this bill is to ensure quality control by testing it. Once we can test it, then we'll label that it has been tested and it's safe. That's all, it's a consumer protection bill. But, I do appreciate my colleague from the windward area and her thoughts. Thank you, Mr. Speaker."

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. It pains me to do this to my good friend, but I'll support the bill but with reservations. My concern is that the bill, the way it is now, would require all hemp products to undergo CBD lab testing. And as was noted earlier, some of the hemp products out there don't necessarily do CBD, they're not part of the CBD product lines. So, anyway, thank you, Mr. Speaker."

Representative San Buenaventura rose to speak in support of the measure, stating:

"In support and I'd like to point out, just short comments. I appreciate the Chair of CPC narrowing the definition of hemp products to not be all hemp products, but for purposes of this bill was only for dietary supplements. Thank you very much. And for those reasons, I'm in support of the bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2102, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEMP PRODUCTS," passed Second Reading and was referred to the Committee on Finance, with Representatives McKelvey and Okimoto voting aye with reservations, with Representative Thielen voting no, and with Representatives Eli and Har being excused.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2628, HD 2 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I have a no vote for what appears to be the Hawaii state bank of marijuana or the marijuana bank. If you follow the money and we see what we have in banking in the State of Hawaii, we don't really need another bank. And I know when the marijuana bill is passed, they knew what the Schedule I meant and they couldn't do these operations. Right now, they're surviving with their cash, but the fact to get into the banking business for the sake of marijuana I think is a big mistake.

"Plus, the State has never proven its ability to run a business at all, let alone a bank, even though I know one of my colleagues who has experience in banking said it's a no brainer. But the only problem is, when you get the government into banking, and I recall my extensive third world experience, that the political entry somehow overshadows the economic entry of banking. That is, you give loans to favorites and you play political champions when you get the bank. And I know this has been argued extensively on this Floor, particularly by the former Representative Marcus Oshiro, and we were close to it, but in the end, it was a rational decision, we don't need to get political in forming a state bank. Thank you."

Representative Okimoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cabanilla Arakawa rose to speak in support of the measure with reservations, stating:

"With reservations, Mr. Speaker. I would just like to say that we don't need a state bank, anybody can open an industrial bank, any citizen in the state, you just have to follow the guidelines and you could open a state bank. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2628, HD 2, entitled: "A BILL FOR AN ACT RELATING TO A BANK OF THE STATE OF HAWAII," was referred to the Committee on Finance, with Representatives Cabanilla Arakawa and Matsumoto voting aye with reservations, with Representatives Okimoto and Ward voting no, and with Representatives Eli and Har being excused.

Representative D. Kobayashi rose to speak in support of the measure with reservations, stating:

"With reservations and a comment. I would just advise caution on taking any more risk on our state investments. We currently allow a 5-year maturity for government securities. What we're proposing is to add some component of credit risk down to AA corporate bonds. If you look at the US debt markets, particularly in the short end, it's by far the most efficient market in the history of the planet, which is to say that if you have a 3-month T-Bill that's yielding 0.1%, there's a reason for that. If you want to get 0.11%, you're going to take some degree of risk that justifies that extra basis point.

"So, there is no free lunch in the debt markets, in particular. And for us to say that we're under yielding at our current portfolio because we're investing in overly safe and short-term investments, I think is really reflective of a desire to take more risk, which for this type of government funds would not be recommended. If you look at similar types of risk averse pulls of money in central banks and other governmental entities, it precludes taking the type of credit risks we're looking at here.

"In addition, part of what we're talking about is to use an outside financial advisor to make those selections for us. In which case, you have some moral hazard which comes into play. I think, if some of you remember a situation where digging for extra basis points of yield a few years back led us through the recommendation of outside financial advisors from an outside firm into auction rate preferred $5 billon of rent, which turned out to be liquid, and we had inability to put those back to the issuer, resulting in a liquidity issue of $5 billon that we were able to recover without any of the associated earnings. So, if that wasn't a lesson to us as to taking those risks on products that are difficult to understand.

"And I think what's important to understand is a lot of the guidance of this has to come from the director of Finance, who is really selected as somebody to work on our budget, they're not necessarily people that are brought in here as experts in risk return and investment world. And to have that department working with outside financial advisors with their own profit interests, I believe would be a mistake. Thank you."

Representative McKelvey's written remarks are as follows:

"I stand with reservations on this measure. House Bill 1907, which seeks to spur aviation safety in the wake of the Kauai helicopter crash, is faulty as this is already a requirement through the Federal Aviation Administration (FAA). Although well intended and proposed to address safety issues, this bill has many shortcomings. If passed in its current form, this measure will punish innocent people and fail to bring about a reduction in harm because it does not address the underlying problem in a way that is realistic.

"Depending on meteorological conditions (MC) in terms of visibility, terrain, distance from cloud and ceiling, there are two sets of rules for flying any aircraft; visual flight rules (VFR) and instrument flight rules (IFR). Although commercial pilots are required to be IFR certified by the FAA, pilots generally use VFR when flying. VFR is permitted when pilots have sufficient visibility to fly an aircraft maintaining visual separation from terrain and other aircraft. The three most common causes of a helicopter crash are pilot error, lack of fuel, and mechanical failure. The recent crash involving Kobe Bryant showed that just because a pilot is instrument rated does not guarantee safety.

"Additionally, while this measure looks to increase safety for commercial pilots, it does not address flight schools whose pilots train students commercially. If this measure is passed, student pilots would no longer be able to be educated in Hawaii. Being a student pilot myself, I would therefore not be able to accrue student hours as a helicopter pilot in Hawaii, which forces me to find training in another state to obtain my pilot's license. I feel sorry for the *keiki* of Hawaii who will be obligated to leave home to pursue their dreams of becoming pilots. But then again, given that we're shipping our kids off to the continental US by-the-barrel for education anyway, another measure to increase educational-migration won't be noticed."

Representative McKelvey rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative McKelvey's written remarks are as follows:

"I stand with reservations to House Bill 1606. While I appreciate the intent of the author wanting to facilitate a discussion allowing limited reciprocity in the licensure of spouses and dependents of military personnel, this bill creates a potential risk to Hawaii's consumers and devalues our professional licenses. Hawaii has developed a licensing scheme for various professions to protect consumers from harm by ensuring that their backgrounds are fully vetted and that they have received the proper education and training from accredited institutions. While it is noble to serve those who serve our country, it cannot be at the expense of the general welfare of our citizens.

"Unfortunately, the ability of the State to thoroughly examine all license holders in the manner prescribed within the bill would be arduous, if not impossible to complete. This can be especially troublesome if there are complaints or ongoing criminal investigations which are not revealed to the State before the mandatory issuance of a license because of due process or confidentiality issues.

"Furthermore, because licensure requirements vary from state to state, there are many professions in Hawaii which require specific accreditation from recognized national institutions that a military spouse or dependent may not have. Additionally, due to the nature of military service and the realities of deployments, military dependents and spouses often come and go in short periods of time, not allowing for the State to follow up on any complaints made while practicing in our jurisdiction.

"Like many other bills, although the ideals set forth are noble and with hard work the concerns could possibly be addressed, in its current form this bill has the potential to cause undue harm and untold damages to numerous people."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1606, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PROFESSIONAL AND VOCATIONAL LICENSURE," passed Second Reading and was referred to the Committee on Finance, with Representative McKelvey voting aye with reservations, and with Representatives Holt and Takayama being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 641-20) recommending that H.B. No. 2679, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2679, HD 2 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2679, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PENALTIES," was referred to the Committee on Finance, with Representative Thielen voting aye with reservations, with Representative Okimoto voting no, and with Representatives Holt and Takayama being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 642-20) recommending that H.B. No. 2751, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2751, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2751, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FINANCIAL HARDSHIP," passed Second Reading and was referred to the Committee on Finance, with Representative Okimoto voting no, and with Representatives Holt and Takayama being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 643-20) recommending that H.B. No. 2457, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2457, HD 2 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Perruso rose to speak in support of the measure with reservations, stating:

"With reservations, only because of the youth fines. Thank you."

Representative Okimoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. In support with reservations for House Standing Committee Report No. 643-20, House Bill 2457, HD 2. Mr. Speaker, my reservations are specific to Section 3 of House Draft 2, which continues to require, not give the option, but would require public school teachers to confiscate electronic smoking devices from students. May I remind this esteemed body that according to BOE and DOE policies, teachers are already authorized to confiscate contraband. An absolute requirement only adds to the tremendous amount of responsibilities teachers already have while they teach our *keiki*. I suggest that the language found in Section 1 of House Bill 2049, HD 1, which uses 'may' vs. 'shall,' be used instead."

Representative Tokioka rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. No vote and just a real brief comment. The attorney general and others had concerns about the confiscation and the fees, so I'm sure it's going to get fixed along the way, but for right now it's a no vote. Thank you, Mr. Speaker."

Representative DeCoite rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am opposed to this bill because it puts an additional burden on our schools in confiscating electronic smoking devices. The superintendent of education has testified that this bill may inadvertently oppose the actions of the department which is the safety and well-being of students. The department is already working with the Department of Health (DOH) to educate students about making positive decisions about their health. In addition, DOH has stated that the bill requires DOE coordinate with DOH for the proper disposal of electronic cigarettes, however, it does not provide or manage any waste disposal services. *Mahalo*."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2457, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE YOUTH VAPING EPIDEMIC," was referred to the Committee on Finance, with Representatives Okimoto and Perruso voting aye with reservations, Representatives DeCoite, McDermott, and Tokioka voting no, and with Representatives Holt and Takayama being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 644-20) recommending that H.B. No. 2119, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2119, HD 2, entitled: "A BILL FOR AN ACT RELATING TO VOTING," was referred to the Committee on Finance, with Representatives Holt and Takayama being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 645-20) recommending that H.B. No. 1705, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1705, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN FINANCE REPORTS," passed Second Reading and was referred to the Committee on Finance, with Representatives Holt and Takayama being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 646-20) recommending that H.B. No. 2188, HD 1 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2188, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WIND ENERGY FACILITIES," was referred to the Committee on Finance, with Representatives Holt and Takayama being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 647-20) recommending that H.B. No. 2704, HD 1 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2704, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FACILITIES," was referred to the Committee on Finance, with Representatives Holt and Takayama being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 648-20) recommending that H.B. No. 2556, HD 1 be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2504, HD 2 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Cabanilla Arakawa rose to disclose a potential conflict of interest, stating:

"Ruling on a potential conflict, Mr. Speaker. I own several diagnostic and medical clinics," and the Chair ruled, "no conflict," and that the ruling would extend through *sine die*.

Representative Belatti rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"I rise in support with reservations for House Bill 2504, House Draft 2.

"Balance billing or surprise billing is an important problem for the Legislature to tackle, especially in light of the escalating costs of health care year after year. The insurance commissioner and the administrator of the Hawaii Employer-Union Health Benefits Trust Fund raise significant concerns about the disincentives to good faith participation in dispute resolution processes involving nonparticipating providers that remain in this draft. As this legislation moves forward and with a focus on containing ever-escalating costs of health care faced by the consumer, I hope a more reasonable and balanced dispute resolution process is adopted."

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative DeCoite rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2504, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE," was referred to the Committee on Finance, with Representatives Belatti, DeCoite, Har, Okimoto, and Tokioka voting aye with reservations, and with Representatives Holt and Takayama being excused.

Representative Takumi, for the Committee on Consumer Protection & Commerce, presented a report (Stand. Com. Rep. No. 658-20) recommending that H.B. No. 1886, HD 1, as amended in HD 2, be referred to the Committee on Judiciary.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1886, HD 2 be referred to the Committee on Judiciary, seconded by Representative Morikawa.

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1886, HD 2, entitled: "A BILL FOR AN ACT RELATING TO COFFEE LABELING," was referred to the Committee on Judiciary, with Representative McDermott voting no, and with Representatives Holt and Takayama being excused.

amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2235, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Second Reading and was referred to the Committee on Finance, with Representatives Holt and Takayama being excused.

Representative Mizuno, for the Committee on Health, presented a report (Stand. Com. Rep. No. 661-20) recommending that H.B. No. 1637, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1637, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Second Reading and was referred to the Committee on Finance, with Representatives Holt and Takayama being excused.

Representatives Mizuno and San Buenaventura, for the Committee on Health and the Committee on Human Services & Homelessness, presented a report (Stand. Com. Rep. No. 662-20) recommending that H.B. No. 668, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committees be adopted, and that H.B. No. 668, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Perruso rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative DeCoite rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Say rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative McKelvey rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative McKelvey's written remarks are as follows:

"I stand in strong support of House Bill 668. The Department of Human Services (DHS) Med-QUEST Division's contract award poses severe issues for the people of Maui. By arbitrarily limiting people on the neighbor islands to only two plans, whereas those on Oahu will continue to have access to four plans, DHS Med-QUEST is exposing their bias. While this inequity may seem logical given the population differences, the reality is this ignorant decision to have only two plans for the neighbor islands and exclude THE biggest existing provider network on the island of Maui is not only problematic, but dangerous. This will result in thousands of patients being dumped on the backs of the remaining Maui providers, who are already stretched thin.

"When I recently pressed the DHS Med-QUEST Division on how they devised these numbers, rather than providing me with any shred of facts or figures all I received was allegorical data to which no concrete attribution can be made. The repeated line that years of research was done in conjunction with Maui providers seems suspect at best, especially considering that just last Tuesday, February 18, 2020, a Maui physician in a major physicians group notified me that they were never informed of any review by DHS Med-QUEST regarding these critical decisions. In fact, Maui physicians are just as outraged as I am at the absolute disruption this will cause to the healthcare delivery system on Maui. When pushed for ANY kind of data, besides alleged provider interviews, DHS Med-QUEST officials essentially said they studied places like Tennessee and then decided from the confines of their cubicles in Honolulu that restricting options for health care on Maui was the best decision, because it worked in a land-locked, southern state. DHS Med-QUEST has completely ignored the reality of Maui health care and has shown no regard for our unique geography. The rationale that neighbor island providers are somehow less equipped to handle four plans like providers on Oahu, is blatant Oahu-centric prejudice. Never mind the fact that they have done so for years with no problems.

"The shortage of medical providers on neighbor islands is well documented, especially in rural areas. Continuing to shrink the pool of available providers with no regard to patient care is not only unfair for the patients whose wait times will increase, but also for the medical providers whose patient loads are already reaching maximum capacity. I would argue that if the proposal had been based on real world evidence, it would show that in offering Maui patients the same number of plans as those on Oahu, the State would have the flexibility to accommodate the existing needs of Maui people.

"The concern that this house bill (HB 668 HD 1) will somehow interfere with ongoing purchase of service contracts is untrue. All that has occurred with these contracts thus far is that a bid award has been offered and is now being protested. As such, no contract has been signed, therefore no contract clause can be used to prevent the Legislature from protecting the interests of Maui Med-QUEST patients. In the past, the Legislature has taken similar action, as in the case of the EPOD bill which the Legislature overrode. The EPOD bill sought to administer all purchase of service contracts through electronic call centers, which would have resulted in the displacement of all eligibility workers on neighbor islands. At the time, the same concerns were raised, however the legality of such actions was upheld due to the potential public harm that would have occurred under that purchase of service contract. The Med-QUEST issue carries with it the same potential gravity of harm that the EPOD bill did, which is why it is appropriate that the Legislature strives to correct this issue.

"We need to fix this wrong before it goes into effect this summer, during the off session, when the Legislature will be unable to act. I am hoping that common sense will prevail, and DHS Med-QUEST will pull back the Request for Proposal (RFP) to reexamine its flawed set of anecdotal and outside-state data. I also hope that DHS Med-QUEST will work closely with the providers and the community on Maui in creating an RFP that is tailored to the unique health care landscape of Maui Nui."

Representative Mizuno rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure. The purpose of this bill is to assure that all neighbor island Medicaid residents have equal access to Medicaid, along with our Oahu residents. Here, that hasn't happened, as our neighbor island residents under Medicaid only have two choices of Medicaid health plans, either HMSA or UnitedHealthcare. I find it unfair and improper that Oahu residents have four choices of Medicaid health plans, Aloha Care, HMSA, Ohana Health Plan, and UnitedHealthcare. By diminishing the choices of our neighbor island Medicaid members to only two, compared to four on Oahu, is unfair and ultimately will displace 50,000 neighbor island Medicaid beneficiaries from the current health plan.

"Mr. Speaker, what I did is I looked at the press release by Department of Human Services trying to find out the rationale behind it, and the press release dated January 23rd, 2020 provides in relevant part, 'having a lot of health plans was confusing to our beneficiaries.'

"I'm a little bit perplexed myself because, is DHS saying that neighbor island beneficiaries are confused, so that's why they only have two health plans, and Oahu is not confused so they have four health plans? I've pondered this and I'm just a little perplexed, why is it that neighbor islanders are confused but Oahu residents are not confused. Again, I'm a little concerned.

"Finally, Mr. Speaker. We did all we can. I have the highest respect for Majority Leader. I was so fortunate to work with the Chair of Human Services & Homelessness as well as a number of members in trying to craft a bill that's fair and doesn't violate contract law.

"And so this is what we did. We, in this bill, provided that an audit will be conducted, and we heard from DHS they welcome being transparent and accountable for everything, so that's part of the bill. In addition, we're establishing a legislative task force to look into this, to make sure that the decisions are not flawed. Next, we're also going to have the Legislature approve these changes in the future by two-thirds of the Senate, two-thirds of the House. Again, this is just a safeguard mechanism so this doesn't happen again. Fourth, we put a severability clause. Basically, what that means is that if there's any section in this bill that is contrary to federal law or violates CMS, it will be invalidated.

"Finally, Mr. Speaker, I just want to make two more points. This is not unprecedented, what we're trying to do. In 2010, the Legislature passed Senate Bill 2650, CD 1. This was over a Governor Lingle veto, we did an override. What did it do? The measure effectively prevented the Department of Human Services from closing all of its offices and establishing only two call centers, one in Honolulu and one in Hilo, to serve all the clients in our Department of Human Services. I don't think that was a smart decision, the Legislature stepped in, we did the right thing, we did an override, and it became Act 67 on April 29, 2010.

"Furthermore, one last bill that I want to talk about, the Legislature passed House Bill 1317 back on July 12, 2005 as Act 4. What did this bill do? Well this is what it did, it prohibited the Department of Human Services from taking any action to remove pharmaceutical benefits managers from managed care plans for Medicaid beneficiaries.

"So, Mr. Speaker, we've had cases where the Legislature has intervened when it comes to public policy and fairness. These are two examples. So for those reasons, I ask all members, I respect all your views and respect that we don't want to violate any contract. I respect all members to work with us and try to find a solution, that's why I support this bill. Thank you, Mr. Speaker."

Representative Belatti rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. I'm very concerned about the constitutionality of this bill. And in addition, what the previous speaker just said was in the bill is not currently in the draft as placed before the members. Thank you."

Representative Johanson rose to speak in support of the measure with reservations, stating:

"Thank you, with reservations and a brief comment. This would probably be a substantial change to the way we do procurement, and this had not had a hearing in the Labor Committee with jurisdiction over procurement. Thank you."

Representative Ichiyama rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I request a ruling on a potential conflict? My spouse works for a health insurance plan that offers Medicaid plans," and the Chair ruled, "no conflict," and that the ruling would extend through *sine die*.

At 1:05 p.m., Representative Say requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:07 p.m.

Representative Wildberger rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support of our Health Chair and his efforts to remedy perhaps and unintended consequence of the bidding process happening in the Health and Human Services Department. This situation right now leaves Medicaid Maui residents, 10,000 Medicaid patients, out of their access to 34 primary care physicians and 71 specialists in the closed Kaiser network. This kind of flood into the rest of the remaining healthcare system is completely untenable and could create as much as six-month wait times for general practitioner doctor's appointments. So, this is going to make an undue burden on Maui's already strained healthcare system. Thank you."

Representative McKelvey rose to respond, stating:

"Thank you, Mr. Speaker. Still in support, second time. First, I would like to adopt the words of the Chair of Health as if they were my own, in addition to the good Representative from Kihei. And also to help assuage contract clause fears, no contract has been signed yet, Mr. Speaker, it's an award that's under protest. Thank you very much," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 668, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTHCARE," passed Second Reading and was referred to the Committee on Finance, with Representatives Belatti, DeCoite, Har, Johanson, Okimoto, Perruso, and Tokioka voting aye with reservations, with Representative Say voting no, and with Representatives Holt and Takayama being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 663-20) recommending that H.B. No. 2035, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2035, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Wildberger rose to speak in opposition to the measure, stating:

"Thank you, no vote please, brief comment. With the impending climate crisis upon us, we cannot choose ranching over forest lands. *Mahalo*."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. A no vote on SCR 663 and a couple of comments. This would require the Department of Land and Natural Resources to turn over certain lands to the Department of Agriculture. It's about 10% of its land from DLNR. I'd like to just note a couple of things, that agricultural lands under Department of Agriculture are not as regulated as pastoral lands regarding the conservation of ecosystems. DLNR pastoral lands contain old growth koa forests that are put at risk of deforestation under DOA cattle ranching.

"The other thing is, you look at the list of the opponents to this measure, in addition to DLNR, of course, you have the Office of Hawaiian Affairs, Nature Conservancy, Sierra Club of Hawaii, American Bird Conservancy, Conservation Council for Hawaii, and several Hawaiian organizations. I don't think this is a good policy if we want to preserve our lands here. Thank you."

Representative Perruso rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in support, brief comment. Mr. Speaker, having been in that hearing yesterday, you can't help but think that something that this body said in 2003, 17 years later is still being discussed, that's what this thing is all about. They were supposed to turn over their lands, and we got down into a definition of whether ag lands or pasture lands, pasture lands, ag lands, it became a definition. But really, if you really put it in a bumper sticker, it's basically conserving the land or letting the farmers, i.e. the cattlemen, raise beef.

"We have a goal to be self-sufficient. I'm sure all the members remember that we wanted to have local dairies survive. In this particular period into the early 2000s, we had 14 dairies. Mr. Speaker, we didn't listen to their cries and you know how many dairies we got left now? One, and it's in foreclosure.

"So, if the cattlemen are saying, hey guys give us what you promised us in 2003 so we can survive, as one cattlemen said, we just put a million

dollars to get our water supply for our cattle and my lease is so short, I'm not even going to be able to amortize it to get my money back.

"So, if we want our cattle people to survive, and there's not really that many left either, we've got to give them a break. They don't rip up the land, they take care of it, they water it. And if we want to eat beef that's made locally, we've got to cut them some slack. But we also have to take care of the environment obviously, but we don't want to cut them out, because that's the only source of really substantial beef that we have.

"For those reasons, Mr. Speaker, I think this is a good bill, and it's going to help the cattle industry survive, hopefully more than the 14 years that we lost 14 of the dairies and one left that's in foreclosure. Thank you."

Representative D. Kobayashi rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Lowen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. No vote and brief comments. I don't see this as a choice we have to make between ranchers and conservation. I think that DNLR is committed to continuing to work with farmers to lease these lands. But I do think that keeping them under DLNR preserves the option to look at these lands in the future for reforestation, should we need to do that. I think that keeping that option on the table is important, and I support the following bill, which is a more balanced solution to this issue."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, reservations, Mr. Speaker. It just appears that, because it hasn't happened, the DLNR doesn't want to do it, so it's kind of like a hostile takeover. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2035, HD 1, entitled: "A BILL FOR AN ACT RELATING TO NON-AGRICULTURAL PARK LANDS," passed Second Reading and was referred to the Committee on Finance, with Representative McKelvey voting aye with reservations, with Representatives D. Kobayashi, Lowen, Perruso, Thielen, and Wildberger voting no, and with Representatives Holt and Takayama being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 664-20) recommending that H.B. No. 2358, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2358, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AUTHORIZING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO LEASE PASTURE LANDS ON TERMS THAT PROMOTE COLLABORATIVE BENEFICIAL USE FOR FORESTRY, WILDLIFE, RECREATIONAL, AND FOOD PRODUCTION PURPOSES," passed Second Reading and was referred to the Committee on Finance, with Representatives Holt and Takayama being excused.

Representatives Lee and Takumi, for the Committee on Judiciary and the Committee on Consumer Protection & Commerce, presented a report (Stand. Com. Rep. No. 665-20) recommending that H.B. No. 2590, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committees be adopted, and that H.B. No. 2590, HD 2 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Cabanilla Arakawa rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition and I would like to make a comment. Although this bill is well-intended, I think that this should be an initiative that will be given, or should the Federal Government undertake, or the manufacturers themselves and this autonomous vehicle. I believe that the appropriation that DOT is asking will be better served by spending the money on traffic mitigation initiatives, especially in West Oahu. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in full support, and commending the author of this bill of which maybe five years ago I introduced a bill saying, hey this is the future, this is A.I., this is artificial intelligence. Ninety percent of all accidents are human caused. This is going to save lives, it's going to create a wealth of mobility for the disabled, for the blind, for those who are not able to get around, and it is going to make our freeways less congested. But we got to test it.

"And by the way, we are way, way, way, way behind in terms of what Palo Alto is doing, what the UK is doing, and what China is doing to relieve congestion because of faulty people called human beings who're driving those cars who drink, who sleep, who do things that are untoward for safety. For those reasons, Mr. Speaker, we got to catch up and this bill gives us the chance to do that."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2590, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AUTONOMOUS VEHICLES," was referred to the Committee on Finance, with Representative Cabanilla Arakawa voting no, and with Representatives Holt and Takayama being excused.

Representatives Lee and Takumi, for the Committee on Judiciary and the Committee on Consumer Protection & Commerce, presented a report (Stand. Com. Rep. No. 666-20) recommending that H.B. No. 2043, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committees be adopted, and that H.B. No. 2043, HD 2 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative McDermott rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm in opposition, I do have some brief concerns. It appears to me again, this is chipping away at parental rights. And I think parents should only be excluded from the treatment of their children, or not a partner, if they are the cause of the abuse. And if they're the cause of the abuse or they're creating the abusive situation, we should get CPS in there to remove them from the parents, because they're in danger.

"But here we have a bill that allows an unlicensed, unlicensed healthcare professional, under the supervision of a licensed healthcare professional, to provide treatment to a minor without parental consent or notification. What could possibly go wrong there? Well, I see a myriad of things, and it strikes me wrong on many issues, but mainly the parental consent. If the parents are a problem, let's get CPS in there and find out. Otherwise, parents should be part of a holistic process to move the child forward. Second reading, I'll just, thank you."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative DeCoite rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2043, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ADOLESCENT MENTAL HEALTH CARE," was referred to the Committee on Finance, with Representatives Cachola, DeCoite, Matsumoto, Okimoto, and Ward voting aye with reservations, with

Representative McDermott voting no, and with Representatives Holt and Takayama being excused.

Representatives Lee and Takumi, for the Committee on Judiciary and the Committee on Consumer Protection & Commerce, presented a report (Stand. Com. Rep. No. 667-20) recommending that H.B. No. 583, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committees be adopted, and that H.B. No. 583, HD 2 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Cachola rose to disclose a potential conflict of interest, stating:

"Request for a ruling for a possible conflict of interest. Relating to primary caregivers, I have two doctors in my family who are primary caregivers," and the Chair ruled, "no conflict," and that the ruling would extend through *sine die*.

Representative Cachola continued, stating:

"May I request that all bills that have something to do with doctors, that I should be coming up with no conflict also?"

The Chair addressed Representative Cachola, stating:

"No, Representative, you need to declare a potential conflict as to each bill as it comes up on the Floor, there is no blanket ruling."

Representative Cachola continued and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 583, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CANNABIS FOR MEDICAL USE," was referred to the Committee on Finance, with Representatives Cachola and Ward voting aye with reservations, with Representative Okimoto voting no, and with Representatives Holt and Takayama being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 668-20) recommending that H.B. No. 2565, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2565, HD 2 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2565, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PESTICIDES," was referred to the Committee on Finance, with Representative Okimoto voting aye with reservations, and with Representatives Holt and Takayama being excused.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2459, HD 2 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote with a brief comment, or should I say a brief plea to the next committee, Finance, to keep this bill alive. Actually, it was a better bill in the beginning in the Health Committee, it basically gave an opt-out or a 'conscientious objector' option for those mothers who didn't want their kids to get, for example, 11, 12, 13-year-olds to get HPV, *et cetera*. But to keep it alive, the good Chair of Health made it a study, which is good.

"But what I'd love to do is to plead to the Finance Committee to say, okay, we'll do the study, but don't implement these July mandatory HPV and all these other multitude of shots. Which, Mr. Speaker, Robert Kennedy has got the data that says the study is probably going to be based upon a lot what he has because he's got more of the information that is upfront and close to those mother's who've got the kids who have experienced difficulties. And I know that I didn't say his name, but I know the author of this bill knows exactly what I'm talking about when it comes to these things are very real.

"The chemistry of our body is basically a factory of different hormones and different enzymes and different receptors and all kinds of other things that we don't even know about, the same way we don't know all the stars and the moons and all the things under the water. We haven't explored that.

"What this is saying, that the CDC and the Department of Health knows better than these empirically proven cases where people are either being put into coma, frozen, some are, not frozen, having heart attacks, and other kinds of just basically lapsing into rubber vegetables for periods of time and then being dysfunctional for the rest of their lives.

"This is certainly something we should yield. Again, as I said earlier in my other speech, we should not be considered anti-vaxxers, we're really pro-choice. Even though on the other issues I'm not pro-choice, on this issue, this is really a pro-choice issue for parents to have control over their kid's bodies, at least until they become of age.

"So, Mr. Speaker, I would again plead to the next committee, hear it but try to hold back the reins of the department for another year or so, we can pull back the HPV and these other mandatory shots, just as a compassion for all those multiple, multiple families that step forward to plead with the legislators on this Floor. For those reasons, Mr. Speaker, we can do better and hopefully we will do. Thank you."

Representative Belatti rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations, please. Mr. Speaker, I think this bill is problematic, but I would support it, I will however say that as our state now faces a very real threat of coronavirus, I think that we should allow the Department of Health to do what they need to do and not be distracted by conducting yet another study or doing anything else. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2459, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL AUTONOMY," was referred to the Committee on Finance, with Representative Belatti voting aye with reservations, with Representative Ward voting no, and with Representatives Holt and Takayama being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 676-20) recommending that H.B. No. 2128, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2128, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 677-20) recommending that H.B. No. 2200, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2200, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Quinlan and Takayama being excused.

Representatives Takayama and Lee, for the Committee on Public Safety, Veterans, & Military Affairs and the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 678-20) recommending that H.B. No. 2709, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Belatti moved that the report of the Committees be adopted, and that H.B. No. 2709, HD 1 pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Morikawa.

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2709, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIFORM PROBATE CODE," passed Second Reading and was placed on the calendar for Third Reading, with Representative McDermott voting no, and with Representatives Quinlan and Takayama being excused.

Representatives Takayama and Lee, for the Committee on Public Safety, Veterans, & Military Affairs and the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 679-20) recommending that H.B. No. 1902, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Belatti moved that the report of the Committees be adopted, and that H.B. No. 1902, HD 1 pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Morikawa.

Representative McDermott rose to speak in opposition to the measure, stating:

"Mr. Speaker, thank you. In opposition, brief comments. I want to thank the Chair, very inclusive, willing to listen to ideas, very open, and as a member of the minority, it's a pleasure to work with him and I want to help him on his prison reform and other things. This bill is a good bill and bad bill. And I think it encapsulates the entire firearms debate in one measure.

"One measure wants to address the mental health aspects, particularly of minors. These kids, and I think there was a case in Florida where they develop a kill list, they're in trouble constantly, these are the kids who're going to juvenile hall, who're putting cats in microwaves, things of that nature. Just because they turn 19 doesn't mean they're mentally stable,

should be able to purchase a long gun or something of that nature. So, I applaud that.

"The other side of the bill is to reduce the magazine size from 20 to 10. Some people might say it's an illegal taking because you're going to have to turn them in. Or we're going to turn honest people into criminals because they won't turn them in. But, I didn't see a real need why we needed to reduce the size, other than to make ourselves feel good about nibbling at this issue around the edges.

"But, something during the hearing, when they got up and talked about the mental health issue, only two people testified against that. It was the NRA guy, of course that's his job, and the Office of the Public Defender, and she was concerned the language was too vague, which I certainly understand. The room was full of NRA folks, none of them, not a single one got up and testified against keeping the mentally unstable from getting firearms. Not a one. I really found that remarkable because when we switched over to the magazines, they were all up in arms.

"So, in short, nobody has a problem addressing the crazies, the behavior issue, and I think that's where we need to focus on moving forward. But when you address the tool, the law-abiding folks have a problem with that and they're going to resist, always. So, for second reading, those are my comments, sir."

Representative Quinlan rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Okimoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. In support with reservations for House Standing Committee Report No. 679-20, House Bill 1902, HD 1. Mr. Speaker, I have concerns about the broad language found in subsection (g) found in Section 2 of this draft. For example, a minor diagnosed with an eating, sleeping or gambling disorder would be prohibited from owning a firearm unless they were medically documented to be no longer adversely affected by the disorder, or no longer deemed a danger to themselves or others. I also find it ironic, as progressive as this body claims to be, that it would also prohibit minors diagnosed with gender dysphoria from owning a firearm. Finally, Mr. Speaker, a magazine restriction on law abiding, responsible firearms owners will just give the upper hand to criminals who could care less about how many rounds they have in their magazine. For these reasons, Mr. Speaker, I have strong reservations for this measure."

Representative D. Kobayashi rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative DeCoite rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I want to declare a potential conflict. Gun owner, member of the NRA and HRA," and the Chair ruled, "no conflict," and that the ruling would extend through *sine die*.

Representative DeCoite continued in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am opposed to this bill because it will turn law abiding citizens into criminals. The bill will prohibit large capacity magazines for all firearms and not just for pistols. Rifle magazines that hold 20-30 rounds are legal in Hawaii and number in the thousands. Owners of these firearms would become criminals overnight with this bill. *Mahalo*."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Mr. Speaker, with all the mass shootings taking place in the country it's important that we address the mental health crisis, which I believe to be the problem. Not guns. This bill prohibits certain individuals from owning a firearm if, as a minor, they were diagnosed with behavioral, emotional, or mental disorders or deemed to be a danger to themselves or others. However, what I don't agree with, is limiting the magazine capacity for law abiding citizens. Limiting the magazine capacity isn't addressing the mental health crisis, which is the root of the problem. This is why I'm voting with reservations. *Mahalo*."

Representative Aquino rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Kitagawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Eli rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Gates rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Yamane rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 1902, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Aquino, Cullen, Gates, Har, Kitagawa, D. Kobayashi, Matsumoto, McKelvey, Okimoto, Say, Tokioka, Ward, and Yamane voting aye with reservations, with Representatives DeCoite, Eli, and McDermott voting no, and with Representatives Quinlan and Takayama being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 680-20) recommending that H.B. No. 2256, HD 1, as amended in HD 2, pass Third Reading.

By unanimous consent, consideration of Stand. Com. Rep. No. 680-20 on H.B. No. 2256, HD 2, was deferred and in accordance with Article III, Section 15 of the Constitution of the State of Hawaii, printed copies of H.B. No. 2256, HD 2, were made available to the Members of the House.

At this time, the Chair stated:

"Members, on page 50, beginning with SCR 681-20 through page 51, House Bill 1631, House Bill 2500, House Bill 2537, these are deferred one legislative day."

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 681-20) recommending that H.B. No. 2192, HD 1 pass Third Reading.

By unanimous consent, action was deferred one legislative day.

H.B. No. 2537:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 2537, entitled: "A BILL FOR AN ACT RELATING TO THE FUNDING OF GRANTS PURSUANT TO CHAPTER 42F, HAWAII REVISED STATUTES," passed Third Reading by a vote of 49 ayes, with Representatives Ichiyama and Lowen being excused.

THIRD READING

H.B. No. 2200, HD 1:

Representative Belatti moved that H.B. No. 2200, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker, I rise to speak in favor of House Bill 2200, House Draft 1, which is the state budget. But before I begin, I wanted to introduce the Finance staff. We have Nandana Kalupahana, who is not here with us but he's always in the background doing work. We have Albert Vargas, he's the budget chief; Julie Yang, budget supervisor; Riley Fujisaki, the CIP specialist, he also does two or three different sections of the budget; Aldric Ulep; John Kawamura; and we have session staff Benjamin Bartos. In addition to the individuals present, we also have Jacqueline Bersson, Jacob Taddy, and Savannah Adler working very hard. If we could just give them a round of applause for their work.

"Mr. Speaker, my speech today will be very brief. I wanted to just thank the members of the committee. As you know, the budget usually doesn't pass, generally, until after all the various bills are done and we usually pass the budget in the beginning of March. Thanks to the work of the various chairs who have already done a great job last year in trying to get a good handle on the budgets of the various departments, and the members of Finance, we are now able to pass the budget significantly sooner.

"The benefit of passing a budget sooner is we will have more options. Just like last year, what had happened is after we passed the budget, we took a look at some of the areas that needed additional funding or needed to correct certain items. A lot of times when we pass the budget in the last few days of session, we don't have an opportunity to revisit some of these items and have further conversation with the departments.

"So, I think this is kind of a good policy going forward. It's just a lot of work for the members and the staff, but I think it's worth it just to have a

budget that really looks at the needs of the State and have further chance, not just once, but twice, and through the bills many times just to kind of take a look at it again and again. So, we wanted to just thank all the members and I just wanted to keep it at that. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support, brief comment. Mr. Speaker, I have strong support for this budget, but with reservations for the DHHL budget. Presently, it is at $16,513,000, and it was previously $18 million. So my plea to the members is, particularly for the Chair of Finance, is that we ideally should go back to what it was, higher, or ideally ideally, to the Castagnetti decision of $28 million which, Mr. Speaker, just to keep the lights on and keep the employees hired.

"Secondly, Mr. Speaker, the CIP, which generally is probably 10 cents on the dollar that they ask for, if we want to help solve the homeless crisis, the housing crisis, getting more money to build more houses for the Hawaiians is very well taken. Thank you, Mr. Speaker."

The Chair addressed Representative Ward, stating:

"Excuse me Representative, was that with reservations, Representative Ward?"

Representative Ward responded, stating:

"Mr. Speaker, I said strong support, but I was with reservations for the DHHL segment of the budget. I nuanced it, I spliced it down to the precision. Thank you."

Representative B. Kobayashi rose to speak in support of the measure, stating:

"Mr. Speaker, in support. For the public record, I would note that on the first page of the committee report, you will see that the general fund request of the Governor was cut by $272 million, and that the Governor's request for all means of financing were cut by $540 million, over half a billion dollars. The record should also show that this kind of nine-digit cuts to the Governor's request has been a regular feature of what the Legislature has been doing for the last eight years.

"So, while add-ons are good in the five-digit range, six-digit range, and the seven-digit range, for some of us, the big feature in the budget are these nine-digit cuts that have been regularly occurring over the last eight years. Thank you."

Representative Cullen rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I rise in strong support of House Bill 2200, House Draft 1, Relating to the State Budget.

"I would like to thank the Finance staff for their patience and all their hard work in getting the budget done in a timely manner, as we continue to grow and work through this. As this becomes common practice within the House of Representatives, it creates an environment that will be more accountable to our taxpayers.

"Through the budget, we were able to fund for the health and safety repairs to Aloha Stadium. I am particularly pleased that we were also able to add two new positions for the Teacher Mentor Program for entry-level special education teachers, as well as funding for two additional positions for JROTC instructors at Waipahu High School.

"For these reasons, Mr. Speaker, I stand in full support of House Bill 2200, House Draft 1, Relating to the State Budget."

The motion was put to vote by the Chair and carried, and H.B. No. 2200, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Third Reading by a vote of 49 ayes, with Representatives Ichiyama and Lowen being excused.

At 1:06 p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 777, HD 2
H.B. No. 2256, HD 2
H.B. No. 2192, HD 1
H.B. No. 1631
H.B. No. 2500
H.B. No. 2537
H.B. No. 2200, HD 1

No. 2060, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DOMESTIC ABUSE," passed Second Reading and was placed on the calendar for Third Reading, with Representative Ichiyama being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 684-20) recommending that H.B. No. 1673, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1673, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE ETHICS CODE," passed Second Reading and was placed on the calendar for Third Reading, with Representative Ichiyama being excused.

Representatives Lee and Takayama, for the Committee on Judiciary and the Committee on Public Safety, Veterans, & Military Affairs, presented a report (Stand. Com. Rep. No. 685-20) recommending that H.B. No. 2744, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Belatti moved that the report of the Committees be adopted, and that H.B. No. 2744, HD 1 pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Morikawa.

Representative McDermott rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I will be brief. I stand in opposition to this measure. And while well intended and has some good points to it, I just want to reemphasize, because I didn't see it in the committee report, this commission of medical professionals and law enforcement officers, I hope they understand that the need is to get there for the mentally ill, we really got to crack that egg. And it has medical professionals in the committee report, but I also want to ensure that there's psychiatrists, psychologists, and people of that discipline, so we maybe get a better understanding of what drives people to commit these unspeakable acts. Thank you."

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Kong rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative DeCoite rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2744, HD 1, entitled: "A BILL FOR AN ACT RELATING TO GUN VIOLENCE PREVENTION," passed Second Reading and was placed on the calendar for Third Reading, with Representatives DeCoite, Har, Kong, Matsumoto, Okimoto, Tokioka, and Ward voting aye with reservations, with Representative McDermott voting no, and with Representative Ichiyama being excused.

Representatives Lee and Takayama, for the Committee on Judiciary and the Committee on Public Safety, Veterans, & Military Affairs, presented a report (Stand. Com. Rep. No. 686-20) recommending that H.B. No. 2736, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Belatti moved that the report of the Committees be adopted, and that H.B. No. 2736, HD 1 pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Morikawa.

Representative McDermott rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm in opposition of this one as well. Again, well intended as they all are to try and promote safety, but I don't see how this does promote safety other than making it very difficult for someone to purchase ammunition. If on my way home my brother-in-law asks me to pick up some .30-06, I can't do that, I have to have a gun registration with me.

"In fact, I don't know if this has ever been linked to any sort of mass shooting, if it has been then I stand corrected. This ammunition thing, I don't know what our purpose is other than to make us feel good that we've done something, whatever that is, it's something.

"I want to read paragraph four out of the committee report for you. 'Allowing a registered owner of a firearm to obtain a permit, for up to three years at a time, to purchase ammunition of a caliber that is not the caliber listed on the registered firearm if the owner demonstrates to the police that the firearm is capable of firing a caliber of ammunition that is not the caliber

listed on the registration of the firearm.' And if you can solve that, you've solved the Rubik's Cube. Thank you, sir."

Representative Okimoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative DeCoite rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Eli rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Kitagawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Quinlan rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I'll reserve the bulk of the comments on this measure for a future reading, but just wanted to note, I think, due appreciation to the comments from the good Representative from Ewa Beach, there is a clear and urgent need, as was testified to by HPD and some of our other law enforcement officials, to get a grip on the black market trafficking of weapons, but as well, preventing those weapons and ammunition from falling into the wrong hands.

"And this measure simply demonstrates that for a valid, legal, responsible firearms owner, they're able to go in and purchase ammunition as they normally would, just by showing their registration, or designating someone else to be able to purchase it on their behalf. I think in the example the good representative gave, could have had a family member or friend or whomever, provided of course they're not a felon, be able to go in and get that as well.

"This also, for those gun owners who have guns which can fire multiple calibers of ammunition by swapping out barrels, allows them to do that too. This was something that the NRA and other folks specifically asked for, so we made those amendments going forward to make sure that this doesn't restrict anyone's ability to be a responsible firearms owner, but simply makes sure that if you are an illegitimate criminal with a gun that is not yours, that you've stolen or come across through the black market, you are then less able to get ammunition readily to be able to commit some sort of murder or crime. Thank you."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Kong rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative San Buenaventura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Same request, but I'm happy that there is a defective date so hopefully the problems can be worked out moving forward. Thanks."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2736, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS AMMUNITION," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Cachola, Cullen, Har, Kitagawa, Kong, McKelvey, and San Buenaventura voting aye with reservations, with Representatives DeCoite, Eli, McDermott, Okimoto, Quinlan, Tokioka, and Ward voting no, and with Representative Ichiyama being excused.

Sen. Com. No. 24, transmitting S.B. No. 2942, entitled: "A BILL FOR AN ACT RELATING TO HOMELESSNESS," which passed Third Reading in the Senate on February 19, 2020.

On motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the following Senate Bill passed First Reading by title and further action was deferred: (Representative Cabanilla Arakawa was excused.)

S.B. No. 2942

INTRODUCTIONS

The following introductions were made to the members of the House:

Representative Nakamura introduced students from Kapaa High School: Jo'lette Miner-Ho, Kai Whitfield-Seebeck; and their teacher, Ryne Terao; and her staff, Alanna Bauman.

Representative DeCoite introduced HSTA-R members: Roberta "Sally" Mangca, Molokai Community Club president; Karolyn Mossman, Maui District president; and Steve Harman, Maui District; her cousin, Tony Kaauwai; and Clifford Goo, president, HRA.

Representative Lee introduced Honolulu Emergency Services Department first responders and Jim Howe, director; and Honolulu Police Department officers and Chief Susan Ballard.

Representative Ward introduced NRA members, and Maggie Hong of Cool our Keiki Coalition.

Representative Kitagawa introduced her fifth-grade teacher, Vaughn Tokashiki, former HSTA-R president.

At 12:16 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:28 p.m.

Representative Takayama introduced members of Moms Demand Action.

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the rules were suspended for the purpose of considering certain House Bills for Third Reading by consent calendar. (Representative Cabanilla Arakawa was excused.)

UNFINISHED BUSINESS

H.B. No. 2709, HD 2:

Representative Belatti moved that H.B. No. 2709, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative DeCoite rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am opposed to this bill because it requires all firearms in an estate to be properly transferred or disposed of before the estate may close. I am not convinced that this bill will prevent further tragedy and unnecessary loss of life. However, I support the process of further review of this bill as it moves forward in the Senate. *Mahalo*."

The motion was put to vote by the Chair and carried, and H.B. No. 2709, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE UNIFORM PROBATE CODE," passed Third Reading by a vote of 45 ayes to 5 noes, with Representatives Har, and Tokioka voting aye with reservations, with Representatives DeCoite, Eli, Kong, McDermott and Say voting no, and with Representative Cabanilla Arakawa being excused.

H.B. No. 1902, HD 2:

Representative Belatti moved that H.B. No. 1902, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Quinlan rose to speak in opposition to the measure, stating:

"In opposition, Mr. Speaker. First, I'd really like to praise the introducer for including a mental health component in this bill. I think the intent of this bill is very pure, the intent is very noble. The intent is to reduce gun deaths, and that's something that we should always strive for in this Chamber.

"However, my fear is that without a really robust commitment to mental health, not just statewide but nationwide, I'm not sure that this bill will actually reduce gun deaths. What I'm sure it will do is further erode our Second Amendment rights, I'm sure that it will be a very large taking of property from private citizens, and I just worry that we are approaching the problem from the wrong angle. And for those reasons, I'm in opposition. Thank you, Mr. Speaker."

Representative McDermott rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. I'd like to acknowledge the hard work of the Chairman of the committee who tried to be very inclusive, and he did roll into the bill the mental health issues. I don't want to be redundant, but I'm guessing I'm going to be redundant, but that is where I think we need to go, is address the mental health issues. Let the mentally unstable not have a weapon.

"We tried to do that here with some creative thinking and the juvenile trigger of 18, that their juvenile record is not automatically sealed forever,

that if they're going to go try and purchase a weapon, that the authorities can look at that and make a determination. Hey, did this kid put a kill list out at age 17 on his high school classmates? Does he put a cat in a microwave? These are things we need to know, because then they're mentally unstable.

"But then we combine that with reducing the capacity of magazines. As the good Representative from Laie said, he doubts it will do any good, so do I, I doubt it will do any good. I know what it will do, it will cause current law-abiding members to keep their magazines. They're not going to turn them in.

"There are several court cases actually pending in this regard on the mainland about the illegal taking, if you will, of a magazine, because they have to turn it in and they're not getting compensated for it. So, Mr. Speaker, I think that's the wrong approach.

"But to summarize this bill, it shows us both sides to the issue. Are we going to deal with the crazies or the tool that they use? We're going to keep attacking the tool, okay, let's lower the magazine capacity from 20 to 10 rounds, because that mass murderer is going to make sure he abides by the law if he only gets a 20-round magazine or a 10-round magazine in there. They don't care. Criminals don't care. We can pass all the laws we want, they don't care.

"So, we have to address the mental health aspect of those individuals, that's the crazies. And this is a good tool with the juveniles to get there. Thank you, Mr. Speaker, I'm in opposition."

At this time, the Chair stated:

"Members of the public, as a protocol, can we please refrain from any applause during debate. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"In opposition please and a brief comment. First, I'd like to commend the Chair for what has been done in terms of combining these two efforts. And my colleague from Ewa Beach is so modest because it was his part of the mental health issue which is a very, very key issue. So, Representative, thank you for being part of this with your fingerprints all over it.

"Mr. Speaker, my whole point I think is in agreement with what the gentleman from the North Shore said about the withering away of the Second Amendment.

"I want you to know, as a Vietnam veteran, I was, after coming back from Vietnam, a bit squishy about guns, particularly the M50 and other sorts of memories. But then I went to Halawa prison, Mr. Speaker, and I was told in the briefing, before and after and during that basically, if you're a prisoner and you've got the right stash, you can get anything. You can get guns, you can get drugs, you can get whatever. And that's the equivalent of the police state. As my friend from Ewa Beach said, the crazies are always going to get it. And I've experienced it. And anybody who hasn't gone to Halawa or OCCC, these guys can get anything inside of prison where in effect you've got a lockdown with everything that you want to prohibit is prohibited in those contexts.

"So with that reason, Mr. Speaker, I think probably because of what happened on Hibiscus Road and other places, we want to do a feel good, but we don't want to take away what is basically pure American in the Second Amendment and the things that it stands for. For those reasons, Mr. Speaker, I'm against this. Thank you."

Representative Kitagawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative DeCoite rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. in opposition, brief comment. Mr. Speaker, this bill in itself, like the prior speakers before me, has demonstrated a Second Amendment right. I believe that those that do not know how to use or have been educated, like I said, with firearms, will continue to hurt. I also believe that due to our blue and whites, they need help, they need the support from this body also to make sure we do have enough enforcement on the street.

"We are punishing those that are law-abiding citizens that have gone, have been taught, have been learned the correct way to use these firearms properly. We use them for sport, we use them for hunting. Many of us on the neighbor islands, it is our way of life. We have been taught to use things by our *kupuna*, we have been taught to use these things in the right way. Even the State of Hawaii under the Department of Land and Natural Resources gives us the opportunity to learn under the Hunter Education class. And we follow those rules, like every other person should, but for those that don't, they should be subjected to many of the rules that are put before us.

"I believe we have the stiffest gun laws in the nation, Mr. Speaker. What will happen is that we will be turning those that are law-abiding into criminals if we pursue on the track that we are, Mr. Speaker. With all due respect for those that have suffered losses, family losses because of gun violence, our prayers are with them, we hope nothing but good to come of things.

"But I think by pushing these bills forward and turning them into law, I think it'll make it more to a point when those that have had the opportunity to enjoy something, to learn the right away, to do it for sportsmanship, to do it for gathering, to use it in a way that we have been done so hospitable and to teach others to use it the right way, will only hurt things more. So, for those reasons, Mr. Speaker, I'm in opposition. Thank you."

Representative Har rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. Before I begin, may I please incorporate the words of the Representatives from the North Shore and Molokai into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Har continued, stating:

"Mr. Speaker, I rise in opposition to this measure because the purpose of this measure is to extend the prohibition for large capacity magazines to all firearms, rather than just pistols.

"I rise in opposition, Mr. Speaker, because I believe that there is case law from the Ninth Circuit, and it's in the *Duncan v. Becerra* case. In that case, gun owners in the State of California brought an action against the attorney general of California alleging that a prohibition on the possession of large capacity gun magazines violated their Second Amendment right to bear arms and Takings Clause. They sought a preliminary injunction enjoining the state from enforcing the statute prohibiting the possession of large capacity gun magazines. The United States District Court for the Southern District of California granted the preliminary injunction and the state appealed. On appeal, the Court of Appeals held that the gun owners were likely to prevail on the merits of their claim that the statute violated the Second Amendment, and number two, that the gun owners were likely to succeed on the merits of their claim that the statute violated the Takings Clause. And for those reasons, the Court of Appeals, and it was one judge in this case, did in fact affirm the lower court's ruling.

"So, to the extent, I believe that there is current case law, that Hawaii falls under the Ninth Circuit. And if you look at the *Duncan v. Becerra* case, I think that if we were to pass this law, I think if a challenge was brought, this is currently the law on the books under the Ninth Circuit. And so, I think that because Hawaii falls under the Ninth Circuit, this would be somewhat precedential, and I think that we would have a challenge to this law. So, for those reasons, I do believe this bill is unconstitutional. For those reasons, I stand in opposition. Thank you."

Representative Takayama rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Mr. Speaker, the simple reason and motive behind this measure is to save lives. We know that in 10 of the worst mass shootings in this country over the past decade, large capacity magazines were involved, some of them as large as 100-round magazines. And we do know that in these shootings, many lives are lost, including those of our first responders.

"We know that the best opportunity to intervene in a mass shooting of this kind is when the shooter has to reload. The purpose behind this measure is to give our first responders an opportunity to intervene when the shooter

does have to stop to reload. It also gives victims an opportunity to escape. And we do know that this has happened in two recent incidents in which lives were saved simply because the shooter had to stop and reload his rifle.

"Mr. Speaker, no place above all, including Hawaii, expects to be the scene of a mass shooting. No place that has experienced a mass shooting expected to be the scene of a mass shooting. What makes it different some places than others is that some places are better prepared than others for such a catastrophe. This measure is intended to better prepare us. Better prepare us by saving lives, better prepare us by saving lives of our family, friends, and our first responders as well.

"Previous speakers have said that this law will do no good because criminals don't follow laws. And they're right, criminals don't follow laws. That makes it all the more important for us as lawmakers to enact laws that make it more difficult for criminals to obtain, to get their hands on firearms and firearms equipment that enable them to do mischief to our community, to kill others and hurt others in our neighborhoods. This measure is one of those that's intended to do that.

"Other measures are intended to make it more difficult for criminals to obtain firearms and firearms equipment by buying them on the black market, by making it themselves, or by stealing them from others. The measure we just approved on third reading is one of those measures that is intended to reduce the number of firearms that are floating around in the state unregistered and available to the criminal element. Mr. Speaker, for those reasons, I ask my colleagues to support this measure. Thank you very much."

Representative Okimoto rose in opposition to the measure and asked that the remarks of Representatives Quinlan and Har be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising in support with reservations and I just want to say a few words because it's important people know why my reservations. I support the underlying bill, Mr. Speaker, but I agree with a lot of what has been said on the Floor about the concerns of the measure. I'd like all their words adopted as if they were my own but also that of the Chair of Public Safety, because the goal of what is being achieved is what we all want. We don't want crazy people with guns blowing up our neighborhoods, Mr. Speaker. But we need to make sure that whatever we pass will do the job. It will not only do the job, but it won't catch people up in unintended consequences. The road to hell is paved with good intentions, but I believe many of the concerns that have come up in the testimony and discussion process can be addressed. I think we can really deliver something monumental to keep all of our neighborhoods safe. So, I support the bill, I support what is being done, I support the chairs, but I think the concerns being raised need to be addressed, and that's why I'm with reservations. Thanks."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. We are a system and a state of evolving laws. At one time, it was fully legal to own tanks, it is not today. We change these laws because we see that they can be improved, and public safety can be improved when there's common sense steps that we can take to do so.

"High capacity magazines have been around for a long time and unfortunately have become very commonplace in shootings, as the good Chair of Public Safety has noted, in places like Las Vegas, Orlando, Sandy Hook, Aurora, and countless others around the country. Looking at all the mass shootings between 1982 and 2010 here in the United States, high capacity magazines were used in approximately half. In that half in which they were used, significantly more people were shot and killed. Significantly more.

"More recently between 2009 and 2013, when high capacity magazines and assault weapons were used in these mass shootings, 135% more people were shot and 57% more were killed than when they were not used.

"I mean, you only listen to the kids from Sandy Hook Elementary who, many unfortunately lost their lives, but those that did escape told stories and explained how they were able to get out. And in most cases, it was when the shooter took a pause to reload his weapon. They were able to dart across a hall, escape out a door, and that's something that they will never forget, but also a lesson from which we can learn.

"We know this bill, Mr. Speaker, will ultimately save lives, because in 1994, Congress at the federal level approved a 10-round limit on magazines, and over the 10-year period in which it was in place, the use of high capacity magazines in gun related crime reached a low of 10%. Unfortunately, just six years after the ban had expired, that number had since doubled.

"It may surprise a lot of our colleagues, I've owned and shot a lot of firearms over the years. Everything from pistols like Glocks, and one of my favorites, SIG Sauer, and a Beretta 92fs Centurion. I mean, these things are like, that one in particular, it was fun, we used it for training. But like these things, there was responsibility that came with it. To the same tune, rifles, which present a much greater threat in a mass shooting, which have much greater reach, much greater stability and accuracy, whether it was old school World War II Mausers that we used to play around with, AK variants, AR-15 variants from Bushmaster and others, M4 military models in different capacities, shotguns like Mossbergs and Remingtons and others for target and competition shootings, all these things, over the years, a number of us have become intimately familiar with. And there is sport to it, absolutely. But they are also deadly, and in particular on the rifle side of the equation.

"The combination of a rifle with a high capacity magazine gives a shooter unprecedented capacity to kill people. To kill people quickly and en masse. Now, I hate to say this, but I, at the time, was pretty good. I could reach out and put bullets exactly where I want them, drop rounds exactly on the targets at range. And in spaces like this which is extremely close for a rifle, were it me that was a mass shooter with the intent to kill and murder, were I to have an AR variant with a high capacity magazine, even using just iron sights, stabilized at a shoulder, moving around very quickly with 30-rounds, or 31-rounds, or more in some cases, there would near be 30 dead people before I could pause and someone could rush me or others could escape, as long as my back was to a wall and no one was coming up from behind. This is the kind of threat that we face, not only here in this Chamber, but in shopping malls, in schools, and offices around the state, Mr. Speaker.

"Yes, it's true, we cannot stop all mass shootings. If someone is dead set on it, they're crazy enough, they're dedicated enough, of course they're going to find a way to make it happen. But the data shows, the experience shows, around this country over the last few decades, that by changing laws and improving them to make it harder for people, especially those who're involved in crimes of convenience or passion, by limiting their capacity to have tools that can reach out and murder folks, it limits the amount of death and the amount of destruction they can do."

Representative Ichiyama rose to yield her time, and the Chair "so ordered."

Representative Lee continued, stating:

"That's something that we have to face here. Because ultimately, it's only a matter of time until we have another mass shooting in Hawaii. We had one before, and it is inevitable. But when that time comes, Mr. Speaker, how many people die as a result, we have a role in determining right here, right now. For those reasons, I stand in support. Thank you."

Representative McDermott rose to respond, stating:

"Mr. Speaker, still in opposition. Previous speakers talked about Sandy Hook, I believe that shooter violated a myriad of laws before he even started, including stealing the weapon from his mother, I think. So again, we go back to we're passing laws on law-abiding citizens. We're penalizing them for obeying the law. Yes, no one wants dead people. No one wants to lose lives. We want to save lives. Well then, the logical conclusion is, well if it goes from 20 to 10, that next time we come back take it down to five, and then take it down to one bullet in the chamber and just eliminate them all to begin with. Because if we eliminate them all, there'll be no mass shootings, right? Wrong, of course there will be, because they'll still get their weapons.

"In 2017, there were 3,000 murders, robberies, and aggravated assaults reported statewide. Strongarm tactics, strongarm weapons, feet, hands, were involved in 43% of those. Other unknown weapons were involved in 26%, so it could be a rock, a nunchuck, something like that. Knives were involved in 19% of those actions. Firearms were involved in only 11%. So, I'm looking for the legislation to ban long bladed knives, I don't see it. Because it saves lives, and if it saves lives, why aren't we doing it? In fact, according to our statistics here, they're responsible for double, in Hawaii, of the violent acts as a firearm is.

"And then we heard about the crazies. We have 300 million people in this country. Some of them are just nuts. That's who we have to tackle. We have to preempt them from engaging in any mass shooting of any sort. So, instead of going after the magazine, I'd be joining at the hip if we could improve mental health screening for these folks. Make sure that they don't have a bad weapon, a bad psyche.

"Let's not keep fooling around with the weapons or the tools. Next year, we'll come back and say the shoulder strap can only be 26 inches, or no flash suppressor on the muzzle, because it saves lives.

"So, I'm still in opposition, Mr. Speaker. I think we're going about this the wrong way. I appreciate the intent of everyone, but I think the issue is personal behavior, mental health. The crazies are the ones who do all these mass shootings, they're nuts. Am I the only one who's watched TV? They're crazy, they're nuts. But we're going after the tool, because I guess maybe it's too much work the other way, because it's going to be hard to figure out. Thank you."

Representative Hashimoto rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tokioka rose in opposition to the measure and asked that the remarks of Representatives Quinlan, DeCoite, and Har be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and H.B. No. 1902, HD 2, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS," passed Third Reading by a vote of 34 ayes to 16 noes, with Representatives Hashimoto, Kitagawa, and McKelvey voting aye with reservations, with Representatives Aquino, Cullen, DeCoite, Eli, Gates, Har, D. Kobayashi, Kong, Matsumoto, McDermott, Okimoto, Quinlan, Say, Tokioka, Ward, and Yamane voting no, and with Representative Cabanilla Arakawa being excused.

At 12:53 p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2709, HD 2
H.B. No. 1902, HD 2

THIRD READING

At this time, the Chair stated:

"We'll be taking a couple of measures out of order on page 26 and 27, House Bill No. 2744, House Draft 1, and House Bill No. 2736, House Draft 1."

H.B. No. 2744, HD 1:

Representative Belatti moved that H.B. No. 2744, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative DeCoite rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 2744, HD 1, entitled: "A BILL FOR AN ACT RELATING TO GUN VIOLENCE PREVENTION," passed Third Reading by a vote of 44 ayes to 6 noes, with Representatives DeCoite, Har, Matsumoto, and Ward voting aye with reservations, with Representatives Eli, Kong, McDermott, Okimoto, Say, and Tokioka voting no, and with Representative Cabanilla Arakawa being excused.

H.B. No. 2736, HD 1:

Representative Belatti moved that H.B. No. 2736, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Kitagawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McDermott rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm in opposition. This measure has to deal with ammunition purchasing. And the testimony we heard that there are certain weapons that can fire different types of ammunition, two different types of ammunition.

"This is going to be a problematic burden for the law-abiding gun owner. If I was going to go to the range in Hawaii Kai this weekend and called you up, Mr. Speaker, say, hey Speaker, I'm going to the range, would you like to come with me? He says, Bob, can you pick up some .30-06 buckshot for me? Sure will. Can't do it, unless I have an affidavit listing you as my particular representative for three years, as this grocery note is good. But, by the way, you have to go through a complete background check like I did to get my license, just to pick up the ammunition. So only another licensed firearm owner is going to be able to facilitate that. So, again, we're going after the law-abiding citizen. We need to focus on the mental health aspects, and we're not doing that.

"And so, it's very troubling. The last time we were here, we talked about this bill. One of proponents made it sound like it was easy for a substitute to go pick it up. It's not, it's burdensome, it's cumbersome. They have to have a background check. It's not something you're going to do on a Friday night.

"Finally, the bad guys get guns and get ammunition too. They're not going to follow this law. They're going to buy it on the street. It's easy to get anything in from the mainland. And if they want their ammunition, they'll bring it in. If they want to make their own, they'll make their own. So again, we are nibbling around the edges, trying to make ourselves feel good while penalizing law-abiding citizens. And I don't understand, well I do know why we're doing it, but I'm still in opposition. Thank you, sir."

Representative DeCoite rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, living on a neighbor island on an island like Molokai makes it very challenging for us to purchase ammunition. Most of the time, we're lucky if a barge comes in or the airlines comes in without having a cancellation of flight. Limited sale of ammunition makes it become very difficult. Like that of the prior speaker, I agree. If I am to make a purchase or have somebody else that flies down from Molokai just to come down and get a box of ammunition. Ammunition can run you up to $56 up to $60 for one box of ammunition. But most of these people that live on the neighbor island hunt for living. Imagine what the cost of food would skyrocket for them just trying to afford to buy that and make the purchase of an airline ticket.

"I think again, I agree, more laws doesn't solve our problem. I think we got to focus on where the problem really is at and try to make sure that we continue to educate those, try to continue to support our blue and whites out there, try to give them the extra funding so that they are visible, they are around to make sure that our citizens are protected and that they can feel safe to walk down the street without being afraid and in fear of somebody slamming a door on the side of them and so forth. For those reasons, Mr. Speaker, I'm still in opposition. *Mahalo*."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, I rise in support. This measure, when we talk about holding our criminal element accountable but empowering and supporting those who're responsible legal firearms owners, this is exactly what this does. This does not infringe on anyone's right or prohibit a legal responsible owner from accessing ammunition they need, no matter the caliber. But rather, it prohibits someone who illegally has a firearm or has acquired it over the black market or has found it in their house because it was left there by someone who passed away. It prohibits those people from going and easily accessing ammunition at any gun store, which right now I could walk in and purchase pretty much whatever I wanted.

"Mr. Speaker, this is important because when we talk about our first responders, HPD, EMS, fire, all the guys who put their lives on the line, they're the ones that face a constant threat out there. And the more we can limit those people who have illegal firearms, who illegally acquire these things from presenting a threat to them, the more we make their job easier, the more we give them a chance to survive, the more we honor the lives of those lost who sacrificed them protecting us.

"And Mr. Speaker, this bill in particular, again, will not stop every single crime. Will not stop every single person who really, really wants to get their hands on a gun and kill somebody. But it will make it significantly harder for those, especially for crimes of convenience and those who just suddenly feel like they want to go rob a store or get angry at someone and walk next door and shoot their landlord, from accessing ammunition to be able to do that, even if they have an illegal firearm that they've acquired.

"Mr. Speaker, New York, Connecticut, New Jersey, Illinois, Massachusetts, California, Maryland, Minnesota, and Washington have already put some form of check on purchases of ammunition or sales of ammunition. Mr. Speaker, this bill is important because it would make sure that as we go forward, we do not have repeat situations, like Diamond Head, where if someone has access to an illegal weapon they're able to then easily acquire ammunition for it.

"So, when we talk about taking steps to responsibly treat those who are responsible with their firearms, to be able to continue to use those for whatever purpose they want, this bill does that by simply requiring to show their registration. But, at the same time, prohibits those who have those illegal weapons from being able to do the same thing and acquire ammunition so easily. Thank you very much."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations. I'd like the comments on the last measure I spoke on entered in the Journal as if they were my own, and the debate on this bill underscores those comments. What it intends to do, what it is trying to do, it may work in downtown Honolulu where we have a lot of places to purchase ammunition legally. But what about Molokai? How will this play out in the rural areas? These are all the questions that need to be answered. I think they can be answered.

"This bill can address these issues. But they need to happen because there could be all sorts of situations where people like hunters, like those in the rural areas, who are not the intended target of this legislation, they may get caught up in it inadvertently. That's I think what the pause for caution is and my reservations. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote and a comment. My no vote is basically a footnote for when the Senate bill comes over here and it's decriminalization of heroin, and cocaine, and crystal meth, that we remember what some of us have said, Mr. Speaker, today about the crazies and why they go out and do these things and how we can connect the dots and say obviously what the mental health is happening in America is related definitely to what we're doing on this body without knowing what we're doing with just weapons, not with the mental health of the people, with these drugs that we're putting into them."

Representative Hashimoto rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Quinlan rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered." [Note: Representative Har later changed her vote to a no vote.]

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On 700, House Bill 2102, Relating to Hemp Products, I'm rising to cast a very serious with reservations, for the purpose of ending up on the conference committee, Mr. Speaker. Mr. Speaker, this bill, Relating to Hemp Products, will create a whole other class of law violators. This will create a class of law violators that will be subject to fines from $500 up to $2,000 for using hemp products.

"We all know that hemp no longer is a controlled substance. The Federal Government, signed into law by our president, took hemp out of the Controlled Substances Act, and across the nation, farmers are growing this crop and consumers are benefiting by buying products made from the hemp crop.

"The problem with this bill is, it's a multitude of problems. But one of them is, and I ask you to read the definition, 'hemp product' means a product containing hemp that is a cosmetic or dietary supplement, or contains any part of the hemp plant. I mean, it's a sloppy definition, Mr. Speaker. When we have Hemp Aloha Friday, we're wearing a hemp product that under this law, if any of us were under 21, we would be subject to a fine.

"I go on to other things in the bill, where we're talking about it is illegal to sell or furnish a hemp product to anyone under 21 years of age. Mr. Speaker, my granddaughter, a Hawaii-born kid, ended up in a college on the East, up in Vermont, where her hands became so raw and chapped during the winter that I sent her the Body Shop hemp hand cream that's used by dermatologists throughout our nation. She put that on her hands and the soreness, the redness went away. Under this bill, that's a hemp product that's outlawed. And she was under 21 when she used it and came back to Hawaii with it and continued using it here on vacations. Right here, subject to $500, and if she goes ahead and puts on another bit of the hand cream, up to $2,000 for a second time.

"I know what the drafters were trying to do. They were concerned about the CBD from the hemp crop. Now, CBD that is in legal commerce in our state and throughout the nation is hemp derived, meaning it's under 0.3% THC. So, it's legal. It's everywhere, it's all over the place.

"The entity that has control over CBD is the federal Food & Drug Administration, the federal FDA. They are the ones that, under federal law, are in control of CBD. The new head of FDA is a physician, a cancer physician. And let me tell you what he said yesterday, FDA Commissioner Hahn, who gave his first public speech at the NASDA Winter Policy Conference specifically addressing this topic of CBD products and acknowledging that these products are here to stay. 'People are using these products. We're not going to be able to say you can't use these products. It's a fool's game to try to even approach that.' Let me say that again, this is the FDA, the controlling entity, the director, the head of FDA, it's a fool's game to try to even approach saying you can't use CBD products."

Representative McDermott rose to yield his time, and the Chair "so ordered."

Representative Thielen continued, stating:

"Commissioner Hahn went on to say, 'We have been open to the fact that there might be some value in these products and certainly Americans think that's the case. But we want to get them information to help them make the right decisions.' There comes in the labeling, and I support labeling fully, because you do want to know when you're buying something, is your orange juice adulterated or is it 100% orange juice? Those kinds of things. Yes, that makes sense. And it's a big deal for the new FDA head, an accomplished cancer doctor, to acknowledge CBD is here to stay.

"It's an incredibly purchased crop across the nation. Farmers are making money, much more money than they could've made by growing tobacco, and we know what tobacco does to people, there you do want to have an age limit on buying tobacco. But we are going about this in a totally wrong way, Mr. Speaker. Having an age restriction where you have to go up when you're buying your CBD hand lotion or your CBD anything infused, and you have to pull out your driver's license to say, yes, I'm 21 or older, may I please buy this. That's just crazy.

"And what does it do to our farming community? It sends them the message that the Legislature doesn't know what it's doing, they don't understand this, move to a state where they are encouraging farmers to grow, and they're growing thousands and thousands of acres and a lot of that crop is going into the CBD that's in commerce throughout the nation. Kentucky, a conservative state. Tennessee, a conservative state. Oregon is more liberal. They're all growing over there, and the CBD, if we sent this bill to the mainland to all of those jurisdictions, they would just burst out laughing. This is just crazy.

"CBD derived from hemp is not a drug. It's a product that can go in, a natural product that can go into all of our different things, from shampoos, to cookies, to candies. And yes, labeling if it's to be ingested is important. If it's topical, the FDA doesn't get into that. So, Mr. Speaker, I'm a very serious with reservations. This is a hysterical attempt to still treat hemp as a drug. Thank you."

Representative Nakamura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative San Buenaventura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Perruso rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of the measure before us. I absolutely agree with a lot of what my good friend and colleague from Kailua stated on the Floor regarding her reservations. I will say this, this is a consumer protection bill. It's a bill that has the focus on truth in labeling. Also, it prohibits hemp products from being designed to appeal to kids. Kind of like what we're trying to do with the vaping products.

"The reason I think this bill is important, Mr. Speaker, is because there is CBDs that are derived from hemp that have not been tested. Once tested, it shows that it contains metals from the soil, radioactive material, as well as pesticides. Some of this is completely unregulated and some of the hemp products we get are from China and Russia. All this is doing is just having a labeling requirement to ensure that the product has been tested and is safe. For those reasons, I support the measure. Thank you, Mr. Speaker."

Representative B. Kobayashi rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. I think we need to be a lot more careful about the definition of what will be legal and illegal, and also the age of purchase. Thank you."

Representative Wildberger rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I would like the words of the speaker of Kailua entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative McKelvey continued, stating:

"God bless our good Health Chair, Mr. Speaker, because he is trying. He's trying to address a legitimate consumer safety issue, but I think the concerns echoed are the unintended victims. What really heartens me is that I know he's going to work hard to address these issues head on and he knows that these are concerns that could affect our ability to have legal hemp products. We should be concerned about foreign hemp products, but most of the hemp products sold in the State of Hawaii are from within the United States, not from overseas.

"I'd make a plea to you too that if you're doing a conference committee on this someday down the road, you'll throw your Economic Development Committee on there, maybe we can help out. But, I think what he's trying to do is to address this huge phenomenon of CBD knock-offs you see at every little convenience store up and down our neighborhoods. But at the end of the day, you don't want to take away what could be a huge economic development, in addition to everything else that it is poised to do for the people and the economy of Hawaii. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition with a brief comment. Mr. Speaker, we always say on the Floor that, hey this a work in progress, and I think that very, very amply fits this particular measure. As per the good Representative from Kailua noting that, hey the definition is too broad, age restrictions are too, actually she said crazy, but I'll say probably absurd. But what also is an additional frustration to me is we're nickeling-and-diming hemp while we're

in the process of, on the border of recreational marijuana, decriminalizing coke, and heroin, and meth.

"So, let us get a balance on where we are with this drug issue trying to make bad stuff out of hemp and when we're doing all these other things on the side, not paying attention to one hand doing with the other. So, for those reasons, Mr. Speaker, I think we have to go back to the drawing boards, get what a work in progress is to make it progressive looking. Thank you."

Representative DeCoite rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tokioka rose to speak in opposition to the measure, stating:

"No vote, Mr. Speaker. And I agree, I know the chairs are trying to do the right thing as far as getting a handle on what's out there. But we have hemp farmers throughout the state who have applied for a 10-acre pilot program, one of them specifically on Kauai, that when they read the language in this, it's very discouraging for them. And they're the guys that are doing everything right, and we're punishing them, and I don't think that's the right thing to do.

"I know this bill still has some way to go, but I've been in communication with these farmers and I know they're trying their best and they're trying to make local agriculture work in Hawaii, and this is one of the things that is going to preempt them from doing that. So for those reasons, I'm voting no, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2102, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEMP PRODUCTS," passed Third Reading by a vote of 39 ayes to 10 noes, with Representatives DeCoite, B. Kobayashi, McKelvey, Nakamura, Perruso, San Buenaventura, Thielen, and Wildberger voting aye with reservations, with Representatives Gates, Holt, Matsumoto, McDermott, Okimoto, Quinlan, Say, Todd, Tokioka, and Ward voting no, and with Representatives Cabanilla Arakawa and Kong being excused.

H.B. No. 1846, HD 2

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 718-20) recommending that H.B. No. 1850, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1850, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ENERGY SECURITY SPECIAL FUND," passed Third Reading by a vote of 50 ayes, with Representative Cabanilla Arakawa being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 719-20) recommending that H.B. No. 1851, HD 2 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1851, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Har rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition to House Bill 1851, House Draft 2. Mr. Speaker, the purpose of this measure is to prohibit the issuance of building permits for new multi-unit dwellings that do not include grid-interactive water heater systems. And while I think the intent is absolutely laudable, this is in fact a mandate.

"What we have to understand is every time we pass any type of building mandate, it affects the cost of housing. Which is why we are now dealing with a crisis of lack of affordable housing in the State of Hawaii, because of all of the plethora of mandates we've instituted.

"In my opinion, this bill goes against the joint House and Senate majority package that supports affordable housing and trying to get rid of regulatory

barriers. Unfortunately, I think this bill just does exactly that, it creates another regulatory barrier, and it only increases the cost of housing, and there is no exemption for affordable housing. So, for those reasons, I remain in opposition. Thank you."

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations. I love the concept, but like the previous speaker, this is a mandate, and at a time that when we are pushing for affordable housing, at a cost of rising homelessness, we need to think about incentives. We also need to look at the framework that we had already passed, like the prior bill on energy benchmarks, which I think is laudable, and the fact that we already have incentives, like solar panels that my multi-family dwelling is using. For those reasons, reservations."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Matsumoto rose in support of the measure with reservations and asked that the remarks of Representative Har be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support and just some brief comments. So, grid-interactive water heaters can turn condo developments into virtual power plants. They provide grid services like load shifting, frequency regulation, and grid stabilization. They will facilitate the adoption of more renewables by increasing grid flexibility, and allow the people who live in multi-unit dwellings, who are often low and middle income, to participate in and realize savings from our clean energy transition.

"In my view, this really is a win-win that's supported by the utility and clean energy advocates. It will reduce the use of fossil fuel and reduce utility bills.

"I do recognize this as a newer idea so I'm glad we're having this discussion, and clearly I need to do a better job about educating members on what these are and how they work. So, we'll work on that going forward."

Representative Tokioka rose in support of the measure with reservations and asked that the remarks of Representative Har be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am voting with reservations on this bill because it prohibits the issuance of building permits for new multi-unit dwellings that do not include grid-interactive water heater systems. The bill is a government mandate that takes away consumers' choice and does not consider the costs of this new mandate. We need to consider additional alternatives and their costs as this bill moves forward. *Mahalo*."

Representative McKelvey rose in support of the measure with reservations and asked that the remarks of Representative San Buenaventura be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1851, HD 2, entitled: "A BILL FOR AN ACT RELATING TO GRID-INTERACTIVE WATER HEATER SYSTEMS," passed Third Reading by a vote of 46 ayes to 4 noes, with Representatives DeCoite, Matsumoto, McKelvey, San Buenaventura, Tokioka, and Ward voting aye with reservations, with Representatives Eli, Har, McDermott, and Okimoto voting no, and with Representative Cabanilla Arakawa being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 720-20) recommending that H.B. No. 1854, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1854, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LITTLE FIRE ANTS," passed Third Reading by a vote of 50 ayes, with Representative Cabanilla Arakawa being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 721-20) recommending that H.B. No. 1856, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1856, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SEA LEVEL RISE," passed Third Reading by a vote of 50 ayes, with Representative Cabanilla Arakawa being excused.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2188, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WIND ENERGY FACILITIES," passed Third Reading by a vote of 50 ayes, with Representative Cabanilla Arakawa being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 727-20) recommending that H.B. No. 2196, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2196, HD 1, entitled: "A BILL FOR AN ACT RELATING TO

WATER QUALITY," passed Third Reading by a vote of 50 ayes, with Representative Cabanilla Arakawa being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 728-20) recommending that H.B. No. 2227, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2227, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition to House Standing Committee Report No. 728-20, House Bill 2227, HD 1. I am not opposed to promoting energy efficient products which may provide financial relief to the consumer. My biggest concern is that this bill will allow the chief energy officer to 'adopt or amend appliance efficiency standards for any products as the chief energy officer deems appropriate.' This broad rulemaking authority may have unintended consequences for the consumer, causing the energy efficient product to be much more expensive than its less efficient competitor. This can be an unanticipated additional cost for our local families who continue to struggle due to our high cost of living. I cannot support any measure that will further burden them. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2227, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENERGY EFFICIENCY," passed Third Reading by a vote of 49 ayes to 1 no, with Representative Okimoto voting no, and with Representative Cabanilla Arakawa being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 729-20) recommending that H.B. No. 2413, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2413, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENERGY," passed Third Reading by a vote of 50 ayes, with Representative Cabanilla Arakawa being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 730-20) recommending that H.B. No. 2462, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2462, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. In support with reservations for House Standing Committee Report No. 730-20, House Bill 2462, HD 1. I am concerned about subsidizing the purchase of electric vehicles for those who already have the financial resources to buy them. This bill should be amended to incentivize the purchase of electric vehicles for those who do not have the financial resources to buy them."

Representative Tokioka rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tokioka's written remarks are as follows:

"The reservations I have with this bill is we continue to give tax credits to people who purchase electric vehicles. The issue is these vehicles are priced on the high end. People in the higher income brackets are the ones that can afford these kinds of cars, which are the very same consumer that can afford to pay the tax.

"The people who we should be trying to help are the ones who can barely afford to buy a used car and they don't get any tax breaks. I just think that wrong!

"Many EVs park and store their cars in public spaces like the airports because they don't have to pay on the way out. They take up a lot of stalls and they once again pay nothing on the way out."

Representative Har rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in support of HB 2462, HD 1, but with reservations.

"This bill would establish an income tax credit of up to $2,500 for every new electric vehicle that costs up to $50,000. I am a supporter of the State's ambitious clean energy goals to reduce carbon. I think it's laudable to incentivize people to buy more electric vehicles (EVs), but the incentive is for people who already have the means to buy EVs. While the introducer of this measure believes that this bill would incentivize the purchase of EVs to those who could not otherwise afford an EV, the fact of the matter is that those who wish to purchase EVs are financially able to do so and therefore do not need the tax credit. Those who cannot afford to purchase an EV are also precluded from doing so under the House Draft 1, since there is no adjusted gross income determination as to who can claim the credit. In other words, by leaving the amount of adjusted gross income blank, this bill continues to benefit those who already are financially able to purchase an EV and who therefore do not need the credit. It is for these reasons that I am in support but with reservations. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2462, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTRIC VEHICLES," passed Third Reading by a vote of 50 ayes, with Representatives Har, Okimoto, and Tokioka voting aye with reservations, and with Representative Cabanilla Arakawa being excused.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2297, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm casting a no vote on this measure, Relating to Public Lands. And I just wanted to read a brief statement from Ka Lahui Hawaii, 'This proposal to exempt lands transferred to the Hawaii Finance and Development Corporation from the "public lands" classification could potentially be determined to be a breech of trust and will lessen public oversight and input in the future use of these lands.' I find that argument to be persuasive, and so I'm a no vote on this measure. Thank you."

Representative Perruso rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 755-20) recommending that H.B. No. 1701, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1701, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support of equal pay. This bill goes to the heart of what we are and what we believe in as Americans. Two pillars of who we are, Mr. Speaker, is equality under the law and equality of opportunity. This one falls under equality of opportunity, it's equal pay. This covers both public as well as private employees. And as many times we hear on women's events and days that right now women are 83 cents on the dollar for every dollar that a man is paid, and particularly for the Native Hawaiian community, it's even less than that.

"I should also as a footnote note that there are groups in this building, Mr. Speaker, that because of differentials, there's 63 cents on the dollar being paid to one group versus another group having one dollar as more valuable. We will hear more about this in the future. But, this is a bill that says, let's even the playing field, let's be fair, let's be treated equally in terms of pay. For those reasons, Mr. Speaker, this is a good bill in the right direction. Thank you."

Representative Okimoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition to House Standing Committee Report No. 755-20, House Bill 1701, HD 1. I support the right for individuals to be paid fairly as mandated by the State Equal Pay Law and the Federal Equal Pay Act. However, I am opposed to adding additional unnecessary government mandates on employers, including our small business owners. In its testimony before the Committee on Finance on February 20, 2020, the Chamber of Commerce of Hawaii stated that 'requiring employers to provide annual wage ranges could also lead to issues with morale and wage compression amongst employees within the same business. Employees who might be near the bottom of the scale will want to be paid near the higher end when learning of their respective pay range, without considering the many varying factors that contributed to that range. This requirement will be very burdensome and costly to employers and note that as prospective employees often negotiate their salaries, we have concerns that this requirement could result in longer hiring processes for employers.' For this reason, Mr. Speaker, I am in opposition to this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1701, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EQUAL PAY," passed Third Reading by a vote of 49 ayes to 1 no, with Representative Okimoto voting no, and with Representative Cabanilla Arakawa being excused.

Representative McKelvey rose to speak in support of the measure, stating:

"Strong support and comments to the Journal, please."

Representative McKelvey's written remarks are as follows:

"I stand in support of House Bill 1799, HD 1. This bill serves a safeguard for the public as it ensures that those handling steel work in the State of Hawaii are properly trained and licensed. Structural steel is quite literally the backbone of buildings, therefore allowing unlicensed contractors to erect, install, and fix steel work leaves these buildings subject to failure. Hawaii has developed a licensing scheme for various professions to protect consumers from harm by ensuring that their backgrounds are fully vetted and that they have received the proper education and training. Strengthening the value of steelworker's licenses by requiring specialty licenses for new work protects public safety and is in the best interest of the state."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1799, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONTRACTORS," passed Third Reading by a vote of 50 ayes, with Representative Cabanilla Arakawa being excused.

"I am voting with reservations on this bill because it may not be necessary. The Department of Education (DOE) has said it already provides education to students regarding the risks and dangers associated with all tobacco products, including e-cigarettes. In addition, the Department of Health has said that this type of law is referred to in tobacco prevention research as purchase, use, or possession (PUP) laws and are not an effective means of reducing youth tobacco use. PUP laws shift responsibility away from the tobacco industry and onto young consumers. This is not the direction in which we should be going. *Mahalo*."

Representative Perruso rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Okimoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. I appreciate the intent and I know that the number has dropped drastically since the last year, but the bill currently as it is still has no protections for small business owners. And I just am a believer that the market should drive or dictate the price of the wages, not the Legislature. Thank you."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. Representative Belatti moved that the report of the Committees be adopted, and that H.B. No. 2543, HD 1 pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, in support with reservations. I stated in the last committee, the joint committee hearing that we had, I, of course, am a supporter of education and early childhood education. And I appreciate all the work that was put into the bill by both the committee chairs and the intent of this bill. However, the way the bill is stated there are still many unanswered questions.

"I feel that we have a teacher shortage that we are dealing with, and the comments I heard in committee hearing was that we're going to take teachers from their current positions and shift them around, which doesn't answer, again, the question that we currently are facing with our teacher shortage. And I felt that that question hasn't been answered.

"I did have concerns about the requirement of standardized testing, standardized assessments, as well as the quality of the education these programs that we're planning on putting into place.

"So, while I greatly appreciate the time and the effort that was put into the bill, in my term of service with the DOE, when we make goals, we make sure that they're measurable and achievable. And I felt that with this bill, the way it's stated, we are not going to be able to do that in the right manner. So, for those reasons, I am voting with reservations. Thank you."

Representative Perruso rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McDermott rose to speak in support of the measure with reservations, stating:

"Reservations, permission to make a few comments. It's a well-intended bill, great. We've been trying to do early education here for several years, maybe almost a decade. I think the open doors component is fantastic, that is one of the best programs we have in the state, the open doors program. I would rather just see us undergird that, buttress that, then try to create something new, because we're not doing the basics correctly yet. And it's not anyone's particular fault in here, it's just that K-12 still needs more focus to deliver an equitable education to all the kids who're in school. Before we go start on this huge undertaking, which is a great idea, maybe we can get to it in 10, 15 years, after we get K-12 straightened out. Thank you, sir."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2543, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ACCESS TO LEARNING," passed Second Reading and was placed on the calendar for Third Reading, with Representatives McDermott, Okimoto, and Perruso voting aye with reservations, and with Representatives Cabanilla Arakawa, DeCoite, Holt, and Thielen being excused.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2285, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and a brief comment, please. Mr. Speaker, this is all about the Stadium Authority, of which we need dearly, and this pays for a few things, but as I've said many times on the Floor, we are leaving millions of dollars on the table by not having naming rights. All they've got to do is put out a RFP, maybe nobody's going to do it, but if we just sit on our hands and not do it, I think we are entrepreneurially foolish and we are spending taxpayers' money without even giving a chance for the private sector to weigh in, which when other stadiums do this, there's always someone who's willing to get their name out front. And Mr. Speaker, I'd like to see this thing eventually say, yes, naming rights are part of our entrepreneurial perspective about saving taxpayers money as well as using what otherwise all stadiums do if it's of substantial importance, such as Aloha Stadium. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2285, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MAKING AN EMERGENCY APPROPRIATION TO THE STADIUM AUTHORITY," passed Third Reading by a vote of 47 ayes, with Representative Ward voting aye with reservations, and with Representatives Cabanilla Arakawa, DeCoite, Holt, and Thielen being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 817-20) recommending that H.B. No. 2485, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2485, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition to House Standing Committee Report No. 817-20, House Bill 2485, HD 1. This bill proposes to require the Board of Trustees of the Employees' Retirement System to conduct a study to determine and provide retirement benefits for Hawaii National Guard members who are activated under state active duty orders.

"Members of the Hawaii National Guard are entitled to earn a retirement check upon reaching the age of 60 as long as they complete 20 years of qualifying service. At a minimum, qualifying service includes participating in monthly drills and annual training, and attending required schools, such as basic training.

"Additional qualifying service would also include federal orders issued pursuant to Title 10 or Title 32 of the United States Code. Depending on the type and length of service, the retirement age could be reduced. For example, a year of service under Title 10 orders would allow a member to collect a retirement check at age 59.

"Unfortunately, state active duty orders issued by the Governor are not considered qualifying service for federal retirement. State active duty is considered a militia status paid for and controlled by the State. Members of the National Guard in this status are classified as state employees by the Federal Government. Furthermore, members of the National Guard are exempt from state civil service pursuant to Chapter 76 of the Hawaii Revised Statuses.

"Mr. Speaker, I thank our colleague from Mililani for introducing this bill because he understands that service performed under state active duty orders is not considered qualifying service for retirement purposes.

"However, I must oppose this bill because the Board of Trustees of the Employees' Retirement System should not be required to perform a study for non-beneficiaries. The State of Hawaii already has two retirement plans available which could qualify state active duty service for part-time National Guard members.

"In his testimony submitted before the Committee on Finance on February 19, 2020, the executive director of the Employees' Retirement System suggested an amendment to the bill which would allow part-time members of the Guard to participate in PTS Deferred Compensation Retirement Plan, which is administered by the Department of Human Resources Development.

"This body could also amend this bill to allow part-time members of the Guard, while serving under state active duty orders, to participate in the state's IRC 457 Deferred Compensation Plan if they are on state active duty orders for more than 29 days.

"Finally, Mr. Speaker, Members of the Hawaii National Guard are also allowed to participate in the federal Thrift Savings Plan which is a retirement savings and investment plan for federal employees and members of the military.

"This study is unnecessary because there are a sufficient number of state and federal retirement plans available to members of the National Guard. I cannot support any bill, even though this one only calls for a study, that could expose the ERS to additional risk beyond its existing $13 billion unfunded liability. For these reasons, I stand in opposition."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2485, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAII NATIONAL GUARD RETIREMENT BENEFITS," passed Third Reading by a vote of 46 ayes to 1 no, with Representative Okimoto voting no, and with Representatives Cabanilla Arakawa, DeCoite, Holt, and Thielen being excused.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2380, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative McDermott rose to speak in opposition to the measure, stating:

"Mr. Speaker, 896, I'd like to cast a no vote on that and just some brief comments. Sometimes these things sneak by us, but I want to quote from section 2, line 6 of the bill. It calls for 'the judiciary to contract with nonprofit organizations to provide legal assistance and legal counsel to immigrants,' are they legal or illegal? Well, we'll find out in a second, 'in determining legal status and citizenship, provide diversion to existing services, and otherwise provide counsel for existing rights.'

"So, we are paying for legal services for people who are here illegally under the guise of, they don't know what their status is. Of course they know what their status is. If they overstayed their Visa, they know they did that. So, the only logical conclusion one can get to is that this is a fund that will go to nonprofits to pay for legal services for people who are here illegally. And I think the legal citizens of the State of Hawaii would rather have that money go to projects that benefit them. And at the risk of being called a xenophobe, I want you to know that I married an immigrant, so I don't have any hatred towards these folks, in fact I love them. But this is, one last time, it's a legal fund to provide money for attorneys for illegal aliens, illegal immigrants. Thank you, sir."

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"With reservations, short comments. We have a penal code review committee to basically look at the entire penal code, and basically, whenever we increase penalties on things that really should be of low level offenses, we increase the prison population, and for all of those, for all of us who represent areas where we are expanding prisons, we know that there is 'not in my backyard,' so if we keep increasing population, we're always going to get push-back from the places that we are expanding the prison population. And again, this goes against what we have done in the penal code committee. Thank you."

Representative Perruso rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Gates rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, just briefly in support. Just note the law enforcement agencies including HPD and others came forward with some of the provisions in this bill, specifically because in cases where you have very common theft of people's wallets and purses and sort of thing, frequently, when law enforcement catches up with the perpetrator or recovers the property, the cash has already been removed and so the thing that's stolen is of virtually de minimis value. And so because of that, prosecutors can't even bring cases forward to even begin to attempt to charge somebody. So this places a penalty based upon the theft of that particular wallet or purse or whatever it is so that regardless of whether there's $10,000 in there or $1 leftover at the end when they finally recover it, there's some mechanism to be able to charge someone who clearly is in violation and has committed an act of theft. Thank you."

Representative D. Kobayashi rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2571, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THEFT," passed Third Reading by a vote of 46 ayes to 1 no, with Representatives Gates, D. Kobayashi, Matsumoto, Perruso, and San Buenaventura voting aye with reservations, with Representative Okimoto voting no, and with Representatives Cabanilla Arakawa, DeCoite, Holt, and Thielen being excused.

"Thank you, Mr. Speaker. In support with reservations for House Standing Committee Report No. 913-20, House Bill 2457, HD 2. Mr. Speaker, my reservations are specific to Section 3 of House Draft 2, which continues to require, not give the option, but would require public school teachers to confiscate electronic smoking devices from students. May I remind this esteemed body that according to BOE and DOE policies, teachers are already authorized to confiscate contraband. An absolute requirement only adds to the tremendous amount of responsibilities teachers already have while they teach our *keiki*. I suggest that the language found in Section 1 of House Bill 2049, HD 1, which uses 'may' vs. 'shall,' be used instead."

Representative Cachola rose to speak in support of the measure, stating:

"Strong support with short remarks, Mr. Speaker. The message of this bill is to make sure that government employee retirees, that their Medicare Part B reimbursement benefit shall not lapse or be reduced for failure to submit supporting documents. Every retiree needs, or mostly need, this benefit. The other thing is, UPW strongly supported this bill when it was heard during Labor Committee. I'd like to further submit written remarks into the Journal. Thank you, Mr. Speaker."

Representative Cachola's written remarks are as follows:

"Mr. Speaker, I rise to speak in strong support of House Bill 1899, HD 1, Relating to Medicare Part B. UPW and others submitted testimonies in support of this bill during the hearing of the Labor and Public Employment Committee.

"The message is, Medicare Part B reimbursement benefits must not lapse.

"It is imperative that state and city public employees retain their retirement benefits as more and more of them are outliving their life savings and other sources of retirement income, especially those who retired in a foreign country, i.e. Philippines.

"Additionally, retirees who are entitled to reimbursements should not be denied for failing to file a claim within a certain time period, nor should their reimbursement claims ever lapse.

"In closing, for the sake of the financial security and peace of mind for our hard-working retirees, I respectfully ask my colleagues to pass House Bill 1899 to ensure that all retirees get every penny from Medicare Part B that they are entitled to."

Representative Say rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I ask for a potential ruling on a conflict? I am a participant of your Medicare Part B," and the Chair ruled, "no conflict."

ANNOUNCEMENTS

At this time, the Chair stated:

"The Chair has an announcement. Members, as you know, there are many important policies that we are considering this year. The responsibility for us in the House is our ability to foresee and to adequately prepare for unanticipated events. Recent global and national events surrounding COVID-19 loom over all of us. The World Health Organization just raised its prediction of the global spread of the virus to very high. Hawaii's Department of Health, Department of Defense, and other agencies have been focused on health and medical preparedness. But just as importantly, we also need economic and financial preparedness.

"Hawaii will be hit hard because of our proximity to Asia and our fragile economy that relies heavily on tourism and imports. The Department of Business, Economic Development and Tourism reported a 7.4% drop in international passengers to Hawaii just in February, and also estimated a loss of over $23 million in visitor expenditures due to the temporary suspension of flights to and from South Korea. Because of our heavy reliance on tourism and imports, we must prepare for the financial and economic impact on Hawaii's residents, businesses, and government operations.

"If you will recall that during the recession of 2008 and 2009, Hawaii was faced with a shortfall of $2.1 billion. To account for the loss, difficult decisions were made. The state implemented furlough Fridays and reduced the public school week to four days. The State cut millions of dollars for critical mental health, adult dental, social service, housing, homeless, and environmental programs. Public employees were subjected to a 5% salary reduction.

"In anticipation of what may be ahead of us, on Tuesday I will be asking the House of Representatives to adopt a resolution that creates a Select House Committee on COVID-19 Economic and Financial Preparedness. The committee will identify the potential economic and financial impact to Hawaii, develop short-term and long-term mitigation plans, and monitor conditions and outcomes.

"Not only is it imperative that we all work together to ensure the health and safety of our citizens, but we must also work to secure Hawaii's economy and financial viability. So, members, thank you in advance for your consideration of this initiative."

Representative Ward: "Mr. Speaker, your minority looks forward to working with the majority and fulfilling the safety and the health concerns for the people in the State of Hawaii. Thank you."

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 972-20) recommending that H.B. No. 1629, as amended in HD 1, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1629, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support. Mr. Speaker, this is possibly the most important bill of this session. It has to do with the coronavirus and our approach by putting finances in places. And it can't be overstated how potentially dangerous this is, but how potentially helpful this bill is going to be.

"First, some of the ball scores. Mr. Speaker, as of I believe today, Greenwich Mean Time, there are 90,433 coronavirus cases worldwide, 3,119 deaths, 48,110 recoveries. Mr. Speaker, the good news is that as Wuhan has been the epicenter, the death rate has not exceeded about 3%. That is good news. Basic health procedures have prevented that.

"But I want to read a statement from the WHO China that suggests things may be still a little bit pending in their understanding. This is from Bruce Aylward, who's the head of the health organization, WHO in China, or one of the joint leaders there. Mr. Aylward says, 'I think the key learning from China is speed, it's all about the speed. The faster you can find the cases, isolate the cases, and track their close contacts, the more successful you're going to be.' Mr. Speaker, that suggests this is a behavioral phenomenon. Which, with the funds that are in this bill, hopefully that will modify some of the behavior of individuals.

"Carrying on with the message from Mr. Aylward, he says, 'People keep saying the cases are the tip of the iceberg. But we couldn't find that.' Mr. Speaker, that's pretty good news, it's not the tip of the iceberg. 'We found there's a lot of people who are cases, a lot of close contacts, but not a lot of asymptomatic circulation,' which is good news because some people didn't know that they had actually any contact with the virus.

"China got patients in treatment early and have highly sophisticated healthcare treatment procedures. From some of the people I've talked to, Mr. Speaker, they've said this is a little bit gratuitous on the basis of what we've learned from China, how soon we learn from China, and some of that may have been late.

"They have a survival rate with a mortality of under 1%. I think that's a bit of an exaggeration. But, it's outside of the provinces, I would not extrapolate to the rest of the world, Mr. Speaker, that is obviously good news. 'Panic and hysteria are not appropriate. This is a disease that is in the cases and their close contacts. It's not a hidden enemy lurking behind bushes,' Mr. Speaker.

"And if you look at the numbers of the flu and the deaths, the flu deaths for this season are already in the thousands. So, when we in the U.S. have about a hundred cases and six deaths, it's very, very miniscule. It's in fact, it may be without much consideration.

"But, the potential for it to spread is very, very serious. As we know, some of the flights that were coming here from China have been discontinued. The flights to Korea by most airlines, including our Hawaiian Airlines, kicked off a protective measure.

"So, Mr. Speaker, the bottom line is I applaud the Speaker, I applaud the Chair of Finance for quickly getting this $10.5 million, of which, Mr. Speaker, if there's any bill that should be left blank, or let's say open so we can meet the cause of what we need to come to, we need a lot of things to be done and maybe the $10.1 million is not enough, so I hope that as things progress, the Finance Chair and the Speaker will adjust it accordingly.

"Mr. Speaker, most international airports are screening individuals. New York, Chicago, San Francisco, Atlanta. But, Mr. Speaker, to my understanding as I speak now, there is no one in the international airports screening all the overseas, whether they're Americans or overseas citizens, in the Hawaii international airport. So, for the sake of prudent avoidance, Mr. Speaker, hopefully some of the money that is in this bill will go for that.

"Lastly, Mr. Speaker, on a personal note, I want you to know that I complained severely to the White House as to why we were even chosen as one of the seven, now eleven different areas. When 50% of our economy is dependent upon the visitor industry, I think we are taking a huge risk by what the Federal Government has put us to.

"Having said that, we have to stand up responsibly, as this bill suggests, but we also have to have prudent avoidance of things where we are not paying full attention to what's going on in these other epicenters."

Representative Okimoto rose to yield her time, and the Chair "so ordered."

Representative Ward continued, stating:

"Having said that, I can give back my colleague's time. Thank you."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. This bill, House Bill 1629, which is now House Draft 1, started out as a bill to deal with last minute issues. So, we wanted to at least thank the members to give us the flexibility by inserting new language. I think this is the reason why we are in the legislative process, to deal with emergencies, and this is exactly the reason why we need vehicles moving.

"We just wanted to give notice to the members that we are working directly with the administration and the Senate. The Senate has also found a vehicle to replace the exact same language in a Senate bill because, at this point in time, it's still early.

"As the Minority Leader recognized in what Hawaii needs to be prepared for, according to the World Health Organization, they are encouraging all nations and all states and all countries to be proactive. That was the reason why they were able to contain SARS very quickly and H1N1 virus very quickly because it was the result of being proactive by various governments. And so for us being a very heavily tourist industry, or dependent on the tourism industry, we need to be vigilant.

"And just to give notice to the members and the public, what you see in the bill today may not be what is passed at the end because, at this point in time, we need to be very flexible, we may have to do deal with other types of containment opportunities or we have to work directly with the various counties to deal with what do they do with quarantine. So, we wanted to make sure that we put ourselves in a position where we're completely flexible to deal with the COVID-19 virus. But, thank you very much to the members for your flexibility and understanding."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1629, HD 1, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENT SERVICES," passed Third Reading by a vote of 49 ayes, with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 973-20) recommending that H.B. No. 1678, as amended in HD 1, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1678, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MUSICAL PERFORMANCES," passed Third Reading by a vote of 49 ayes, with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 975-20) recommending that H.B. No. 2739, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2739, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support, comment very briefly, plus request comments into the Journal. *Mahalo* to the Chair who has initiated this, my adjacent district colleague from Waimanalo. I'd also like to cite John Henry Felix, who tried to do this as a federal state park years ago. So, what's going to happen on Ka Iwi is going to benefit everybody in this Chamber because it's the last preservation, not only for human aesthetics and visuals, but for the monk seals and all the other animals and birds that use that as a sanctuary. So, *mahalo* to my friend from Waimanalo and to others that will vote for this. Thank you."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in strong support of the bill.

"The Ka Iwi Coast, spanning from Awawamalu to Makapuu, is treasured by the community (especially my district) for its fishing, surfing, and iconic scenic drive.

"For more than 40 years my community and the Ka Iwi Coalition tirelessly fought to preserve the area. Development of the Ka Iwi Coast would obstruct its beautiful landscape that draws locals and tourists alike. Restoration and protection of the dunes on the Ka Iwi Coast protects the endangered monk seal. Imagine how jeopardized their lives would be if this area were to become developed.

"In light of the many threats to our biosecurity, natural resources should be recognized as one of our greatest economic assets, something that no revenue from development could ever replicate or compare.

"We don't need another 'Waikiki' or 'Koolina.' Therefore, it is of great importance for this land to be designated conservation land administered under DLNR, to save and protect it for our future generations to enjoy its natural beauty. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2739, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE KA IWI COAST," passed Third Reading by a vote of 49 ayes, with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 976-20) recommending that H.B. No. 2747, HD 2, as amended in HD 3, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2747, HD 3, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE XVI, SECTION 2, OF THE HAWAII STATE CONSTITUTION, TO AUTHORIZE THE LEGISLATURE TO REQUIRE THE FORFEITURE OR REDUCTION OF PENSION BENEFITS OF A MEMBER, FORMER MEMBER, OR RETIRANT OF THE EMPLOYEES' RETIREMENT SYSTEM WHO IS CONVICTED OF A FELONY RELATED TO THE MEMBER'S, FORMER MEMBER'S, OR RETIRANT'S EMPLOYMENT WITH THE STATE OR ANY POLITICAL SUBDIVISION THEREOF," passed Third Reading by a vote of 49 ayes, with Representatives Creagan and Eli being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 981-20) recommending that H.B. No. 2680, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2680, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative San Buenaventura rose to speak in support of the measure, stating:

"Mr. Speaker, with reservations, just very short remarks. I understand the introducer's intent in H.B. No. 2680, my request is just, at a time when we're expanding civil commitment definitions, that we hopefully fund actual civil commitment beds before we start committing people with no place to go. Thank you very much."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support and written comments to the Journal, please. But a brief comment saying, this also is a possible breakthrough, Mr. Speaker. Not only because our constituents are really saying, what are we doing, we are not really helping those who can't help themselves. This bill is a terrific step in the right direction to help those who literally cannot help themselves. Thank you."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in strong support.

"This bill is a potential break through because it allows us to help those who cannot help themselves. The ability to do this will make combatting the homeless and mental health crisis more effective. 'Bridging the Gap' said the

treatment for mental illness was the most important service for the homeless population, second to housing.

"By broadening the term 'imminently dangerous to self and others,' it broadens the powers of our healthcare workers who are at the frontlines of the mental health and homelessness crisis. By increasing the number of hours that a patient may be involuntarily hospitalized from 48 to 72 allows for people to get the help they deserve and need. It gives medical and mental health practitioners more time to make more accurate diagnoses that will have positive run-on effects for the individual and our community. Clarifying the definition of 'gravely disabled' provides certainty that those individuals who fall into this category will get the help they need, regardless of if they want it or not.

"When addressing homeless and mentally ill individual's health it becomes a question of need as opposed to want. As a community we must ask ourselves not if these individuals 'want' hospitalization but if the 'need' for hospitalization is there. This bill gives us the opportunity to protect our communities by acting and helping those suffering from mental illness.

"Lt. Governor Josh Green's Kauhale Initiative was torpedoed by this House which makes this bill all the more important for combating homelessness. Lt. Governor Green's plan was a multifaceted, forward thinking project that I hope to see again. However, in the meantime, this bill allows the State to help those individuals who have lost their judgement, reasoning, and ability to control their behavior. This bill is expected to help homeless individuals who suffer from mental illness and who fall into this new broader category.

"It is about getting the people in need off the streets and into an environment where medical professionals can administer care. While it is preferable they would get treatment voluntarily, but involuntary emergency hospitalization is better than no hospitalization at all.

"For these reasons, I want to thank my esteemed colleague from Kailua for authoring this breakthrough piece of legislation that allows us to help those who cannot help themselves. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2680, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MENTAL HEALTH," passed Third Reading by a vote of 49 ayes, with Representative San Buenaventura voting aye with reservations, and with Representatives Creagan and Eli being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 983-20) recommending that H.B. No. 2291, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2291, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE LAW ENFORCEMENT OFFICERS SAFETY ACT," passed Third Reading by a vote of 49 ayes, with Representatives Creagan and Eli being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 985-20) recommending that H.B. No. 2464, as amended in HD 1, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2464, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative San Buenaventura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2464, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE USE OF INTOXICANTS WHILE OPERATING A VEHICLE," passed Third Reading by a vote of 48 ayes to 1 no, with Representatives Okimoto and San Buenaventura voting aye with reservations, with Representative Wildberger voting no, and with Representatives Creagan and Eli being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 986-20) recommending that H.B. No. 2152, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2152, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise with reservations.

"This measure is subjective and will be difficult to enforce. Requiring that ones' headlights are on 30 minutes before sunrise and/or 30 minutes after sunset is not practical. To calculate both the sunrise time and sunset time requires that one calculate the solar noon: the moment when the Sun passes a location's meridian and reaches its highest position in the sky. Then set a timer to notify you when it is 30 minutes before or sunrise and 30 minutes after sunset.

"Disagreements between police officers and drivers would be commonplace.

Officer: 'Hey your lights were not on 30 minutes before sunrise.'

Driver: 'Well Officer, I can see the road and sunlight just fine and according to my calculations it is 31 minutes before sunrise.'

"There are worse traffic violations that warrant more attention, i.e. driving under the influence, driving, speeding, and driving without insurance or a license.

"Moving violations increase monthly car insurance premiums and driving infractions impact insurance rates, driving privileges, and credit score average. Traffic infractions as absurd as this would increase insurance costs to Hawaii drivers. Needless to state, this would increase the cost of living. https://www.speedingticketadvisor.org/speeding-ticket-hawaii/

"Ticketing quotas are not banned in the State of Hawaii. Across all 50 states there is an implied symbiotic relationship between police operating budgets and traffic ticket revenue. This is yet another way for police officers to meet their monthly ticketing quota. https://www.hawaiinewsnow.com/story/26322137/new-hpd-policy-sounds-like-a-quota/

"This bill is unnecessary, knowing to drive with high beams in the dark is already included in the motorist handbook; it does not need an additional measure.

"For these commonsense reasons, I have reservations. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2152, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TRAFFIC VIOLATIONS," passed Third Reading by a vote of 49 ayes, with Representatives Okimoto and Ward voting aye with reservations, and with Representatives Creagan and Eli being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 987-20) recommending that H.B. No. 2750, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2750, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2750, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MONETARY OBLIGATIONS," passed Third Reading by a vote of 49 ayes, with Representative Okimoto voting aye with reservations, and with Representatives Creagan and Eli being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 988-20) recommending that H.B. No. 1942, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1942, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CHILD ABUSE REPORTING," passed Third Reading by a vote of 49 ayes, with Representatives Creagan and Eli being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 989-20) recommending that H.B. No. 1620, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1620, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE ADMINISTRATION OF JUSTICE," passed Third Reading by a vote of 49 ayes, with Representatives Creagan and Eli being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 990-20) recommending that H.B. No. 1661, HD 2, as amended in HD 3, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1661, HD 3, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 49 ayes, with Representatives Creagan and Eli being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 991-20) recommending that H.B. No. 2068, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2068, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition against SCR 991-20, House Bill 2068, HD 2. As conveyed by the Judiciary, non-violent Class C felonies are still significant offenses that should be taken seriously. Non-violent Class C felonies include unauthorized control of a propelled vehicle, unauthorized entry into a motor vehicle, burglary in the second degree, identity theft, and forgery. One look at the local news will tell you these non-violent offenses are a seemingly commonplace occurrence in each of our communities. Furthermore, many of these felonies are directly linked to drug offenses and can lead to more dangerous, and yes, violent crimes.

"I appreciate the Finance Committee for amending the bill to remove the conditional release provision, but I cannot support limiting the commitment period for such felonies. For these reasons, I am voting in opposition. Thank you, Mr. Speaker."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative Okimoto be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2068, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE ADMINISTRATION OF JUSTICE," passed Third Reading by a vote of 45 ayes to 4 noes, with Representative Har voting aye with reservations, with Representatives Matsumoto, Okimoto, Thielen, and Ward voting no, and with Representatives Creagan and Eli being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 993-20) recommending that H.B. No. 1904, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1904, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Perruso rose to speak in support of the measure with reservations, stating:

"I rise in support with reservations. I have concerns about data mining from standardized testing companies. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1904, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE UNIFORM EMPLOYEE AND STUDENT ONLINE PRIVACY PROTECTION ACT," passed Third Reading by a vote of 49 ayes, with Representative Perruso voting aye with reservations, and with Representatives Creagan and Eli being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 994-20) recommending that H.B. No. 1907, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1907, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Third Reading by a vote of 48 ayes to 1 no, with Representative McDermott voting no, and with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 998-20) recommending that H.B. No. 1680, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1680, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in brief opposition. Mr. Speaker, this body, through its leadership, at the beginning of the session said, with a promise and a passion, we are going to lower the cost of living for the people in the State of Hawaii.

"Mr. Speaker, this bill is a hit piece on the poor, on the elderly. How can we say we're going to do something, and we can turn around and then do something like this?

"Does anybody on this floor use prepaid phone cards? I asked a few people the other day, no one said that they did. But the testimony in the hearing was that these are the people who cannot afford the full monthly payments, and they do it in increments.

"If we want to do a hit piece on the poor at the same that we're going to say we're going to lower the cost of living, Mr. Speaker, it's called speaking out of both sides of our mouth. Thank you."

Representative Ohno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. As a matter of fact, most people who use prepaid phones here, those are the phones that you may go to Walmart and buy 100 minutes, 200 minutes, many of them are tourists and they still receive 911 services. The point of this bill is to add a prepaid service fee to their charge so that when they use the 911 process, they also pay for it, but at the same time reducing the 911 fee that all of us who have regular phone plans pay.

"The cost of living is something that's very important to me, something important to our caucus. I want to make sure that any bill that goes forward

to this body makes sure that we look out for the interests of all those folks in our state. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"In support, Mr. Speaker. I would like the words of the previous speaker entered into the Journal as if they were my own because I have a regular cellphone and I for one am looking forward to a lower bill. Thank you, Chair," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1680, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENHANCED 911 SERVICES," passed Third Reading by a vote of 49 ayes, with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1000-20) recommending that H.B. No. 2069, as amended in HD 1, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2069, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2069, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PROPERTY FORFEITURE," passed Third Reading by a vote of 48 ayes to 1 no, with Representatives Matsumoto and Okimoto voting aye with reservations, with Representative Say voting no, and with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1001-20) recommending that H.B. No. 2128, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2128, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, request for strong remarks in opposition for the Journal please, for ranked choice voting."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in strong opposition.

"The most disturbing part of this bill is Part III where we see a push for a previously failed attempt to implement ranked choice voting.

"While this bill only targets special and county elections, it is a foot in the door that could lead to ranked choice being used in general and primary elections.

"Ranked choice voting is unfair to whichever party is in the minority. Whether Democrat or Republican, ranked choice voting adds further obstacles and barriers for the existence of a loyal opposition. Our democracy needs oppositional views in order to prosper.

"In other words, this ranked choice voting system is an assault on our democracy because a minority voice needs to be present in this chamber and across this state.

"Ranked choice voting is a confusing system that overcomplicates our elections. Why make voting harder? More complicated voting systems will lower voter turnout rather than increase it.

"This bill is a solution in search of a problem. What is the problem this bill will mitigate? The problem seen by the majority is moderates and conservatives winning special elections, as we saw in the 2010 Special Election for the First Congressional District.

"None of us here have a right to any of the seats in this building. These seats are owned and filled by the people of this state.

"Ranked choice voting obscures true debate and discussions on issues facing our districts. It is a slippery slope to disenfranchising voters by changing the process in order to manipulate outcomes of elections.

"It is for these reasons, Mr. Speaker, that the Minority Caucus is against this bill. As the opposition, we need to stand for our democracy which encourages a two-party system. Ranked choice voting obscures a voter's choice and in this state will limit a voter's choice to one party. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2128, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," passed Third Reading by a vote of 43 ayes to 6 noes, with Representatives Matsumoto, McDermott, Okimoto, Say, Thielen, and Ward voting no, and with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1003-20) recommending that H.B. No. 2610, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2610, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and very short comments. After reading the Judiciary's written testimony, we still have constitutional problems as it applies to criminal cases. Civil cases, no problem, but when, for what the real purpose of it is, we may be spending money on defending something with a constitutional problem. Thank you."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative San Buenaventura be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2610, HD 2, entitled: "A BILL FOR AN ACT RELATING TO DOMESTIC VIOLENCE," passed Third Reading by a vote of 48 ayes to 1 no, with Representatives Har and San Buenaventura voting aye with reservations, with Representative Okimoto voting no, and with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1004-20) recommending that H.B. No. 202, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 202, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Matsumoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise with reservation regarding House Bill 202.

"While I support the overall intent, this bill retains a clause allowing commercial property wind-powered energy systems to maintain renewable energy tax credits. My district has continued to express concerns regarding

wind energy, and the difficulties it has brought into our community. Protestors have made clear their feelings on Kahuku Wind Farm. They have expressed concerns for property value, physical effects of low frequency sound, and the harmful impacts these wind turbines can have on Oahu's wildlife.

"I support renewable energy and the State's goal to generate 100% renewable energy, but maintain concerns about subsidizing large-scale wind farm projects. Thank you, Mr. Speaker."

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am voting with reservations on this bill because it repeals the renewable energy technologies income tax credit for commercial properties. If the Legislature wants to subsidize the purchase of renewable energy technologies, then a direct appropriation would be more accountable and transparent. As the credit is currently drafted, it is complex and difficult to properly administer. *Mahalo*."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 202, HD 2, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Third Reading by a vote of 47 ayes to 2 noes, with Representatives DeCoite, Matsumoto, and Thielen voting aye with reservations, with Representatives McDermott and Ward voting no, and with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1005-20) recommending that H.B. No. 2486, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2486, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition to 1005 and I have some remarks to make. Mr. Speaker, what this would do is task the small Office of Planning to deal with climate change adaption and sustainability. I've got a couple of concerns about that.

"The first is that when you scattershoot that responsibility and add another office that's supposed to take care of all of this while other offices already are doing it, then you end up really diluting the impact of how we should move ahead with this impending situation for our islands. We don't need to add Office of Planning and five new staff members. The budget would be rather significant, and we don't need to do it when we have the Hawaii State Energy Office under DBEDT. And pursuant to HRS 196-71(c), and I quote, it 'shall be the State's primary government entity for supporting the clean energy initiative.'

"And then we also have the Hawaii Climate Change Mitigation and Adaptation Commission, which falls under the Department of Land and Natural Resources, and this commission already is responsible for policy direction, facilitation, coordination, and planning for state and county agencies and federal agencies to establish climate change mitigation and planning goals.

"So, instead of moving ahead with some action, we're just simply pouring money into creating another office and saying, okay, you two now go out and deal with the climate change adaptation and mitigation.

"We don't need the multitude of departments. What we need is the existing ones already to be focused and come up with plans, programs, and ideas that we should be able to implement. So, I don't think adding another so-called boss to the ones that already exist out there is going to get us to the goals that we need to get, and I think the money certainly could be better spent as we noticed in an earlier bill that is addressing the COVID-19 situation, if we save our money and put that there. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2486, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE OFFICE OF PLANNING," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Thielen voting no, and with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1006-20) recommending that H.B. No. 2657, HD 2, as amended in HD 3, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2657, HD 3 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Mr. Speaker, there's a saying that, don't burn the bridge until you cross it. From my way of looking at this policy, Mr. Speaker, we're burning a bridge for the cheapest electrical generation that we have.

"This bill essentially cuts out all coal, which we should do, and I know we have a goal of 100% renewable energy by 2045 which is great, which is admirable. But, why keep this on the shutdown when in effect, we don't really have an infrastructure yet that will sustain this goal of 100% renewable.

"Mr. Speaker, a lot of us were frustrated when they cut out net energy metering. Now, you've got to buy battery in order to actually get solar to make it worthwhile economically.

"But the point is that this is the cheapest and the most available energy we have in America. The electricity that we get out of the AES is 40% cheaper at least, and with that, if we shut it down, we don't have to give it ten years of lease or five years, we could do it on a year-to-year basis. But to just totally shut it down and say that we're not going to do anymore coal, we're taking 25% of our electricity off the grid, of which, you know the controversy about the windmills, you know the controversy about conservation and ag as solar parks, and we don't even have enough grid stability to put a solar on every roof. Mr. Speaker, that used to be a mantra of my office, solar on every roof, batteries under every house, and the way the system is engineered, it does not sufficiently hold that as an option.

"So the point is, coal-fired energy is needed until we can really do a breakthrough, and if you look at the comparative carbon dioxide, the amount of transportation, airplanes, and cars are really what are the biggest polluters in the state.

"With that, Mr. Speaker, 100% renewable by 2045 is doable, but right now we're not going to reach it by shutting down our coal by saying that we can do it without any backup. It's like if you got a backup energy generator and you think, well, our lights are not going to go out anymore and you turn your emergency energy generator back in and then you suddenly have a dark night and you wonder why did this happen.

"My point is to stay precautionary, keep it there, do it on a slow withdrawal rather than this immediate by 2022 and there's no longer a coal-burning option or us, which again, is the cheapest and the least complicated of infrastructure that we already have, Mr. Speaker. For those reasons, Mr. Speaker, I hope we can as we go along, look at this thing, phase it out rather than suddenly cut it off as this bill suggests. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2657, HD 3, entitled: "A BILL FOR AN ACT RELATING TO A COAL-FREE HAWAII," passed Third Reading by a vote of 47 ayes to 2 noes, with Representatives McDermott and Ward voting no, and with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1008-20) recommending that H.B. No. 1977, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1977, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Cachola rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support of this bill. Right now, we have almost a crisis when it comes to doctor shortage. We are about 900 doctors short currently. In the next 10 years, we will be having about 1,500 short of doctors unless we do something about it. This is really a crisis. And there's a lot of ways you can do it.

"JABSOM wants increase in the number of students in medicine. There's a bill floating around for community colleges in neighbor islands, which I totally support. And of course, House Bill 1977, an out-of-the-box way of addressing the shortage because we have the possibility of at least producing 20 to 40 doctors every year, at a very reasonable price.

"House Bill 1977, we are going to at least come up with a loan repayment program or subsidy to students who are residents of Hawaii to at least go and have medical education outside of Hawaii. We will be saving a lot of money doing this. Other states are now doing this also.

"Now, when it comes to residents of Hawaii, after finishing their medical education outside of Hawaii, in exchange for this subsidy they have to sign a contract that they will practice a minimum of 10 years here in Hawaii. So, if we have doctors who are residents of Hawaii, when they come back they don't have any student loans. Not only that, when it comes to board and rent, rent and board, being a resident of Hawaii, they have relatives, they have their parents to go back to, so it's another savings on the part of those practicing medicine here in Hawaii.

"These are the things that I want to let you folks know that unless we do something about it, this crisis will continue. Another way of at least trying to entice doctors to come and practice in Hawaii is to address what they call capitation, or reimbursement of doctors. Right now, the reimbursement is $24 per member per month. If you see a patient now, in the following week you see them again, or three times you see a patient in a month, you are only entitled to $24.

"So, these are the things that we have to address to be able to resolve this crisis. Now, I have additional remarks that I want to enter into the Journal, Mr. Speaker, and I urge all members to please support this bill. I strongly support it. Thank you."

Representative Cachola's written remarks are as follows:

"I rise to speak in strong support of House Bill 1977, HD 2, Relating to Physician Shortage.

"It is important that we address this crisis of the shortage of physicians in the State of Hawaii. We are currently about 900 doctors short and will reach up to 1,500 within 10 years if we do not find a fast and efficient way to lower these numbers. This physician shortage affects all of us, the patients and the doctors. With such a low number of doctors here in Hawaii, offices may be fuller and doctors will need to accommodate an overwhelming number of patients they may see every day. With this bill, we can produce 20 to 40 doctors a year.

"HB 1977, HD 2 addresses this shortage by assisting prospective medical students who are residents of Hawaii with a Bachelor of Arts degree. These assistance in the form of cheaper tuition, room and board, and allowance are provided in exchange for the recipient to practice medicine in Hawaii for at least 10 years. This bill explores studying abroad in schools that provide a cheaper tuition than its American counterpart, but still have the right qualifications and performance that will make brilliant doctors for the State of Hawaii. This bill also works as a loan repayment program.

"This measure will serve as a multi-pronged solution to our physician shortage. An increase of student seats in JABSOM and Hawaii Community College programs (which are producing their own medical students), are the other prongs in this solution to address this shortage. With our growing numbers of senior citizens, I insist that this bill will benefit all of Hawaii."

Representative Cabanilla Arakawa rose to speak in support of the measure, stating:

"In strong support. I would like the words of my colleague from Kalihi to be inserted as if they were my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Matayoshi rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matayoshi's written remarks are as follows:

"While I do acknowledge the severity of the caregiver and physician shortage in the state, I have the following reservations with the contents of HB 1977, HD 2.

"This bill proposes that state funds will be directed to sponsor medical students from schools outside Hawaii, including outside of the United States. While I do support the recruitment of physicians to the state, I believe that state funds should be kept in Hawaii. As stated in testimony provided by the Department of Health, there is concern that the program 'dilutes and diverts resources away' from state administered programs, such as those administered by the John A. Burns School of Medicine.

"There are also concerns over the constitutionality of the implementation of the program proposed by HB 1977. The bill currently states that medical student sponsorship program would use state taxpayer money to sponsor medical students from out of the state. According to testimony submitted by the Department of the Attorney General, a court may find that this bill violates Article X, Section 1 of the Hawaii State Constitution by using state moneys to fund attendance at medical schools other than a public school of medicine in Hawaii.

"I do acknowledge the significance of medical care and the health of our citizens; however, I believe that we should use state resources to fund programs at in-state institutions such as JABSOM."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hashimoto rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1977, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PHYSICIAN SHORTAGE," passed Third Reading by a vote of 49 ayes, with Representatives Hashimoto, Matayoshi, and McKelvey voting aye with reservations, and with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1010-20) recommending that H.B. No. 1529, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1529, HD 2, entitled: "A BILL FOR AN ACT RELATING TO STUDENT JOURNALISTS," passed Third Reading by a vote of 49 ayes, with Representatives Creagan and Eli being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1012-20) recommending that H.B. No. 2412, HD 1, as amended in HD 2, pass Third Reading.

THIRD READING

H.B. No. 1748, HD 1:

Representative Belatti moved that H.B. No. 1748, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Tokioka rose to speak in opposition to the measure, stating:

"Mr. Speaker, thank you. In opposition. I'm sure this bill was drafted with all good intentions, but I'm going to start with the penalties on this bill relating to wildlife offenses. The first offense is no less than a $200 fine, or no more than one year in jail, or both. The second offense is no less than a $1,000, or one year in jail, and the confiscation of his or her firearm.

"What the offense is, is having all animal parts, products, or items containing prohibited animal parts. So, I'm thinking on the 'all animal parts,' and many of us in the rural areas have pig farmers who go out and catch pigs, and a lot of this is for their families. They smoke the meat, they serve their families. They also take the tusk and they put it on their walls, and this is a tradition that local people in the rural communities have been doing forever. So, I'm thinking that this is going to be an offense, and this is going to be a $200 fine. And in some places, there's more than 10 or 20 or 30 or 50 of these tusks hanging on their garage walls. So, these hunters and these gatherers are going to be faced with a $1,000 fine, the possibility of a year in jail, and they're going to get their firearms confiscated. And I don't think that was the intent of this bill, but that is what's going to happen if we pass this bill. And so for those reasons, Mr. Speaker, I vote no."

Representative DeCoite rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. First, I'd like the words of the previous speaker from Kauai to be inserted into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative DeCoite continued, stating:

"And just a brief comment. Like myself and many others, I don't believe that this bill was intended as it had said. Cultural-wise, whether it be Native Hawaiian, Filipino, and so forth, we practice a culture of our very own. We gather, we feed our families, and we're taught to utilize every part of the animal that is being consumed.

"So, I think this bill pushes even further into that of just firearms in general. But as we go forward, I hope the changes can be made because you would then find our prisons very highly full with a lot of these Native Hawaiians and other ethnic backgrounds that do perform or go out and hunt and gather, as well as for those that have taken on a new hobby in hunting. So, for those reasons, Mr. Speaker, I'm in opposition. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, in support, Mr. Speaker. I'd just like to make a couple corrections, and I appreciate the comments from our colleagues who already spoke on the bill. But, this bill, number one, if you actually read the language, it's really short, it's only about a paragraph, does not touch firearms at all. Secondly, it does not increase penalties in the case I think of a hunter on Kauai or whichever island, it doesn't change penalties at all. The only thing it does is, from the prosecutor's perspective, give them the tool to be able to confiscate illegal contraband.

"So, in other words, if they're going in and find someone who's trafficking illegal elephants or whatever from wherever it is, right now, if there's a sale made that triggers that kind of enforcement and that penalty, they can confiscate that particular item, but they're not able to go in and take the rest of a container full of illegal parts until a second violation. So, the reason the prosecutors moved forward with this measure was to be able to confiscate the rest of the illegal contraband which might be sitting right there in front of them.

"So, to the point I think that our colleagues are raising, if someone's already not being charged with a crime, they're not going to be charged with a crime because this doesn't change that. If they are being charged with a crime in trafficking whatever it is, then they can still be charged just the same. It only deals with the extra illegal contraband which some traffickers might already have in their possession. Thank you very much."

Representative Har rose in opposition to the measure and asked that the remarks of Representatives Tokioka and DeCoite be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Tokioka rose to respond, stating:

"Thank you, Mr. Speaker. In opposition again. I did read the bill, and on page 2, line 1 through line 5 specifically talks about the forfeiture of the weapons. And to note, it's also a clean date. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 1748, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WILDLIFE OFFENSES," passed Third Reading by a vote of 42 ayes to 8 noes, with Representatives Cabanilla Arakawa, DeCoite, Eli, Har, Kong, McDermott, Okimoto, and Tokioka voting no, and with Representative Creagan being excused.

H.B. No. 1744, HD 1:

Representative Belatti moved that H.B. No. 1744, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative San Buenaventura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 1744, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EYEWITNESS IDENTIFICATION," passed Third Reading by a vote of 50 ayes, with Representative San Buenaventura voting aye with reservations, and with Representative Creagan being excused.

H.B. No. 1874, HD 1:

Representative Belatti moved that H.B. No. 1874, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations on the measure. And while I appreciate the Chair cutting out the age put in the bill, my concern with it is the strict liability of the act if it becomes law. I mean, we're Democrats, and not only that, but *mens rea*, the whole foundation of our criminal law system of having some mental state should be important. While I abhor crimes against seniors, and maybe it's a conflict of interest, my mom's 93, I think there needs to be some minimal *mens rea* requirement in the act. I talked to the prosecutor after the hearing, and they're actually amenable to a reckless state being inserted. Their concern is with the intentional state that is now required. So, with that, with reservations and hope it can be addressed on the Senate side. Thank you."

Representative San Buenaventura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 1874, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CRIMINAL OFFENSES AGAINST SENIORS," passed Third Reading by a vote of 50 ayes, with Representatives McKelvey and San Buenaventura voting aye with reservations, and with Representative Creagan being excused.

H.B. No. 2572, HD 2:

Representative Belatti moved that H.B. No. 2572, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative DeCoite rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Matsumoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I support this measure with reservations.

"Public use of the internet and related technologies has significantly expanded in the recent years resulting in personal privacy being compromised.

"Article 1, Section 6 of the Hawaii Constitution requires the Legislature to take affirmative steps to implement rules to ensure the people's right to privacy is not violated.

"This bill would hold those who manipulate images to depict individuals as engaging in certain activities without consent as a step in the right direction of protecting our citizens. These so-called 'deep-fakes' are often intended to harass and humiliate women and can lead to difficulty in finding employment, hurt one's reputation, and have a negative effect on mental health.

"However, it is important to take a thoughtful and informed approach to drafting legislation that provides both consumers and businesses with a workable framework to enhance data privacy protections.

"HB 2572, HD 2 was derived from the California Consumer Privacy Act (CCPA) of 2018, which was enacted Jan. 1, 2020. Due to issues of vagueness in the bill, thousands of businesses remain uncertain about their compliance obligations and there is a lawsuit pending.

"Additionally, the CCPA has been amended numerous times, is untested, and it is estimated that initial compliance for CA entities will reach $55 billion. Businesses with 20 or less employees will pay approximately $50,000 each in order to comply with the CA law.

"In 2016 a study conducted for the IAB by Harvard Business School Professor John Deighton found the U.S. ad-supported internet created 10.4 million jobs, adding $1.121 trillion to the U.S. economy. This measure will most likely impede internet commerce and be detrimental to Hawaii's economy.

"Data-driven advertising has helped fuel the growth of the internet and allowed start-up companies to enter the marketplace.

"Mr. Speaker, consumers and companies need privacy requirements that are consistent and equivalent across state lines and provide equal protections to all consumers. Our goal should not be to harm consumers' ability to access products and services.

"For these reasons, I am in support with reservations. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.B. No. 2572, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PRIVACY," passed Third Reading by a vote of 48 ayes to 2 noes, with Representatives DeCoite, Har, Matsumoto, Okimoto, and Say voting aye with reservations, with Representatives McDermott and Tokioka voting no, and with Representative Creagan being excused.

H.B. No. 1632, HD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 1632, HD 1, entitled: "A BILL FOR AN ACT RELATING TO NON-GENERAL FUNDS," passed Third Reading by a vote of 50 ayes, with Representative Creagan being excused.

H.B. No. 1776, HD 1:

Representative Belatti moved that H.B. No. 1776, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 1776, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION,"

passed Third Reading by a vote of 50 ayes, with Representative Say voting aye with reservations, and with Representative Creagan being excused.

H.B. No. 2385, HD 1:

Representative Belatti moved that H.B. No. 2385, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. Mr. Speaker, the same comments I made earlier about when the leadership and the majority of this body says we're going to lower the cost of living and then we have a bill that says, hey but by the way we're going to have a tax increase to counterbalance that, we get that zero sum, zero sum means nobody wins.

"Mr. Speaker, if we look at what the cost of living is in Hawaii already, it's the highest in the nation. We pay the highest taxes in the nation, we have the highest housing cost in the nation. And this is where I would hope everybody would consider a pause. If what we talked about the coronavirus comes earlier, and we go into a recession, this is not the time to raise taxes, Mr. Speaker. We don't know what the economic forecast is.

"But when we're talking about we're going to lower the cost of living, we're going to watch out for you guys that are homeless, we're going to do all these good things and then we turn around, we're going to raise taxes. Mr. Speaker, we are again speaking out of both sides of the mouth. That's not consistent and that does not breed trust for a body that now has 27% approval rating, according to the last Star Advertiser poll. Thank you."

At 10:17 a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:17 a.m.

Representative Matsumoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in opposition.

"This bill proposes to raise income tax rates on 'higher earners' who are defined as those earning $100,000 filing single or married filing separately, Heads of Household earning $150,000, and joint filers earning $200,000.

"On the surface it sounds like the tax increase impacts high earners, however, the reality in Hawaii is that someone earning $100,000 is not by any means rich.

"In 2018, the median household income for the state in 2018 was $78,084. Honolulu County was higher at $82,906. At first glance, these numbers sound adequate until you factor in the cost of living.

"In September of 2019, Hawaii News Now published an article regarding the high cost of living in Hawaii. A family of four needs an income of $115,584 per year just to have a modest standard of living. Usually both parents will have to be working to reach this income level. This bill punishes families who strive to have anything beyond a modest lifestyle. If family succeeds in upgrading their standard of living, we punish them by increasing their taxes.

"The Department of Housing and Urban Development classifies individuals earning $67,500 as low-income in Honolulu. A family of four is considered low-income if they earn $96,400 or less. If these low-income earners manage to earn more and move themselves out of the low-income classification, they are rewarded with a tax increase.

"According to the recent Honolulu Community Livability Report, Hawaii's cost of living received the worst rating. About half of respondents were experiencing housing cost stress due to mortgage and rental costs disproportionate to household income. We don't need to add to their stress by raising taxes!

"The immediate economic future of the State of Hawaii is uncertain at this time and many residents may be negatively impacted if the economy slows down due to a loss of tourism revenue. That factor alone should prevent us from increasing income taxes.

"For these reasons, I am in opposition to this bill. Thank you, Mr. Speaker."

Representative Cabanilla Arakawa rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations. My reservation is that hopefully before *sine die* we can fix this bill and we can have a more decisive decision. Because I do agree with the previous speaker that there may be a recession coming forward because of this coronavirus, and if that case, this may not be the bill that we want to choose. However, we do have a couple more months, and I hope that we will revisit this and come up with a more clear decision. And noting the concerns that I have of a recession impending. Thank you, Mr. Speaker."

Representative DeCoite rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am opposed to this bill because it adds new income tax brackets and amends existing rates for high income earners in the state. This type of bill supports the idea that Hawaii is a bad place for business and that our business climate is one that discourages economic growth. We need to go in the opposite direction when it comes to taxes. *Mahalo*."

Representative Say rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 2385, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 40 ayes to 10 noes, with Representative Cabanilla Arakawa voting aye with reservations, with Representatives DeCoite, Har, Kong, Matsumoto, McDermott, Okimoto, Say, Thielen, Tokioka, and Ward voting no, and with Representative Creagan being excused.

H.B. No. 2541, HD 1:

Representative Belatti moved that H.B. No. 2541, HD 1 pass Third Reading, seconded by Representative Morikawa.

At this time, Representative Okimoto offered Floor Amendment No. 3, amending H.B. No. 2541, HD 1 as follows:

SECTION 1. House Bill No. 2541, H.D. 1, is amended by adding a new section at page 10, line 2, to read as follows:

"SECTION 4. Chapter 235, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and read as follows:

"**§235- Minimum wage income tax credit for small businesses.** (a) There shall be allowed to each qualified small business subject to the tax imposed by this chapter, a credit to offset the increase in minimum hourly rate that an employer must pay an employee, which shall be deductible from the net income tax liability of the qualified small business, if any, imposed by this chapter for the taxable year in which the credit is properly claimed.

(b) The amount of the credit shall be equal to $1 per minimum wage hour paid to employees during the taxable year. The credit shall only be claimed for minimum wage hours paid to employees at a rate greater than $10.10 per hour. The credit shall not be claimed for minimum wage hours paid at the rate of $10.10 per hour or less. The credit claimed by each qualified small business shall not exceed $50,000 per taxable year that the credit is available.

In the case of a partnership, S corporation, or other pass-through or disregarded entity, eligibility and calculation of the tax credit shall be determined at the entity level.

(c) If the tax credit under this section exceeds the taxpayer's income tax liability, the excess of the tax credit over liability may be used as a credit against the taxpayer's income tax liability in subsequent years until exhausted. Claims for the tax credit under this section, including any amended claims, shall be filed on or before the end of the twelfth month following the taxable year for which the credit may be claimed. Failure to comply with the foregoing provision shall constitute a waiver of the right to claim the tax credit.

(d) For purposes of this section:

"Minimum wage hours" means the number of hours for which employees of the taxpayer were paid at the minimum hourly rate set forth in section 387-2.

"Minimum wage increase" means an increase from the $10.10 minimum hourly rate that an employer must pay an employee under section 387-2.

"Qualified small business" means a taxpayer that has:

(1) Twenty-five or fewer employees;

(2) No more than $4,000,000 gross income in the taxable year for which the credit is being claimed; and

(3) At least an equal number of minimum wage hours paid in the year for which the credit is being claimed compared to the year prior to the year that the minimum wage increase became effective.

(e) The director of taxation:

(1) Shall prepare any forms necessary to claim a credit under this section;

(2) May require a taxpayer to furnish reasonable information to ascertain the validity of a claim for credit; and

(3) May adopt rules pursuant to chapter 91 to effectuate the purposes of this section.

(f) The credit under this section may be claimed for the taxable year in which the minimum wage increase becomes effective and for the following four taxable years.

(g) The credit under this section shall not apply if an employer pays a minimum wage to an employee pursuant to section 387-2(b)."

SECTION 2. House Bill No. 2541, H.D. 1, is amended by renumbering section 4 as section 5.

SECTION 3. House Bill No. 2541, H.D. 1, is amended by renumbering section 5 as section 6, and amending section 6 to read as follows:

"SECTION 6. This Act shall take effect on July 1, 2050; provided that parts I and II shall apply to taxable years beginning after December 31, 2019, and section 4 shall apply to taxable years beginning after December 31, 2020."

Representative Okimoto moved that Floor Amendment No. 3 be adopted, seconded by Representative Matsumoto.

Representative Okimoto rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. This floor amendment proposes to amend House Bill 2541, House Draft 1, to provide tax credits for our struggling local small business owners, and to provide a defective date to encourage further discussion.

"Several businesses from my district have reached out to me expressing their concerns with any minimum wage increase. Some have indicated that they will cut hours for their employees, cut positions, or will need to close their doors completely if there is any increase in minimum wage. While I empathize with Hawaii's working families, additional burdens should not be placed on small business owners.

"According to a recent study, Hawaii is the fourth worst state in the nation in which to start a business. Raising the cost of labor will not help that equation. This business-friendly amendment at least provides a safety net for small business owners to balance out the wage increase in order to be sustainable.

"Mr. Speaker, I believe there are great provisions in the underlying bill. However, this body has an obligation to not only make this bill better for our working families, but also for the small businesses that can rely on us as well. For these reasons, Mr. Speaker, I am in support of the floor amendment."

Representative Johanson rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I rise in opposition to the floor amendment. I understand the intent of the introducer and I wanted, for the body's edification, to note several things that I would urge us to consider in opposing this particular floor amendment. Firstly, this approach has been tried by your labor committees, notably in the Senate, but also considered by the House last session and abandoned largely because of feasibility issues as well as the Department of Taxation's concerns with this particular type of approach and this particular credit.

"Furthermore, the financial impacts of the proposed floor amendment are unknown, as we've alluded to in many previous debates on different bills. The coronavirus looms large in our discussions of whether or not we will have sufficient resources, and tax credits certainly have to be factored into whether or not we have the wherewithal to not only weather this virus but also potential changes to our tax code.

"Lastly, I would note that both of your joint committees have tried very hard to address the underlying concerns of this bill in setting the different wage increases. And while we've heard that there's opposition to the bill, there are also some businesses who support it, which is the first time in the 10 years that I've been here in the Legislature that there have actually been businesses who've said that they can accommodate this increase.

"So, while I don't know that we will ever arrive at a perfect figure, and I think this is a perfect illustration of the problems in a minimum wage debate, it's too high for some and too low for others. I do think though, Mr. Speaker, that this approach should be rejected for the following reasons. Thank you."

Representative Perruso rose to speak in opposition to the proposed floor amendment, stating:

"Mr. Speaker, I stand in opposition to the amendment. According to DBEDT, workers in Hawaii need to earn $17.63 an hour just to survive. And with the inflation rate of roughly 3% per year by 2024, they will need to make $19.63 an hour or $41,288 a year. So, this bill already falls far short, when it recommends $13 an hour, of what workers will need to get by. And if this amendment is supported or passed, then we will be further endorsing corporate welfare. So, we are already allowing businesses to externalize their labor costs by paying poverty wages to boost their bottom lines while we as a state struggle to manage the financial turmoil that workers are experiencing. For those reasons, I oppose this amendment."

Representative Ward rose to speak in support of the proposed floor amendment, stating:

"Mr. Speaker, in support. First, Mr. Speaker, I would argue, just because of the coronavirus, we should not have a minimum wage without this tax credit. Because of what? Because if we lose our small businesses, the support network for much of our citizens is going to fade away, if we in effect push them over the edge.

"The second reason, I know it's part of the AI phenomenon that's going on, if we push them too far, we get a living wage. We've already got, I forget the name that McDonald's named their flipper who goes in and cooks the hamburgers nowadays.

"We are not a command economy. The marketplace now has like $12 and $13 for starting places in restaurants. And Mr. Speaker, the tax credit makes so much sense, we have members of our caucus who worked in restaurants and made up to $65 per hour. So, it's only commonsense that this measure to modify it would be acceptable. We're not even talking about the health credit, this is simply basically for the income side of it.

"For those reasons, Mr. Speaker, I would hope that we would be sensitive to where we are in the future, i.e. economically, *vis a vis* our health warning, as well as what we have now with not a sure economy that's in front of us given what we have with the virus. For those reasons, Mr. Speaker, I think this is a good step in the right direction to preserve and to maintain our small business community. Thank you."

Representative Todd rose to speak in opposition to the proposed floor amendment, stating:

"In opposition. I just wanted to point out that the tax credit in the floor amendment would apply to minimum wage hours, which would actually incentivize employers to pay a minimum wage rate instead of above that because they would save even more money. Thank you."

Representative McKelvey rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, in opposition to the floor amendment. While I can appreciate the intent, the reality is that any new tax credits are pretty much dead. Your Committee on Economic Development has some tax credit bills floating around but I'm already telling the proponents, you know what, like Aerosmith says, you might want to 'dream on' on these bills because if the core projections of March 11th come down as bad as we think they are, as I've told some people with existing credits, everything could be on the table. So, while I appreciate the intent of it, I think the methodology, given what may come down, may not pan out. So, in opposition. Thank you."

Representative Luke rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In opposition. As alluded by the Labor Chair, we do not know the fiscal impact of this floor amendment. Speaking of two-sides-of-the-mouth, if the Minority Leader strongly supports the floor amendment, he should've supported the taxing of the very rich. Thank you."

The motion that Floor Amendment No. 3, amending H.B. No. 2541, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HELPING WORKING FAMILIES," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry, with Representative Creagan being excused.

(Main Motion)

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Wildberger rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. With tepid support, brief comment. My sincere and deep appreciation for the Labor Chair for both his very hard work and the heat he's taken on these efforts. I was really encouraged on Opening Day when opening remarks by our own Speaker, who I support robustly, mentioned that so many people are working for less than $30,000 per year here in Hawaii and not able to make ends meet. Sadly, the end of this effort has only brought us to $20,040, and not until 2024, and I just feel like that's a little too little too late.

"I feel like I have failed in my effort to persuade my colleagues with my own personal story. I have 15 employees, a truly small business. I've been paying $15 an hour since October 2015, and my product sells for just over 10 cents a pound. So, it's with a little disappointment that we are finishing off with not being able to get to at least $15 for working poor, but I do support this measure, and something is better than nothing. Thank you."

Representative Okimoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, In opposition. I want to express great gratitude to the members of the majority for the hard work that was put into this bill. I know that it was a difficult decision for them to compromise on $13 an hour while other members of the majority are advocating for $15 or even $17 an hour. But, Mr. Speaker, while this compromise is even palatable to me, it does not do enough to protect Hawaii's small businesses.

"When the Senate passed their vehicle for the minimum wage increase, my office was bombarded by phone calls from small business owners in my district. They indicated that this government mandate would be burdensome on their daily operations. They would be forced to make decisions affecting their employees and the ability for them to pay their own bills. Mr. Speaker, this bill does not do enough to protect the mom and pop stores, the crack seed shops, or even your favorite saimin stand in Lihue.

"Mr. Speaker, I fear our small business owners will be forced to cut hours, cut positions, or as some of my constituents have indicated, to shutter the doors completely, collect unemployment, and apply for public assistance benefits.

"However, Mr. Speaker, other small businesses may have the ability to remain open but will be forced to increase the costs of their products. This increase will be passed down to the consumer, which essentially will raise the cost of living.

"If we cannot provide a safety net for small business owners, allowing this bill to move forward in its current form is like inserting the first nails into the coffin of a small business. Mr. Speaker, I would even surmise that in anticipation of this bill passing, small businesses have already closed their doors. Thank you, Mr. Speaker."

Representative Perruso rose to speak in support of the measure with reservations, stating:

"In support with reservations. My district, which includes Wahiawa, Whitmore Village, and Launani Valley, is by contrast, a working-class community. The poverty rate for my community is 40% higher than the state's average. My constituents are among the 269,000 workers in the state who will benefit if the minimum wage is raised to $17 by 2024. They're among the one in every four households who is about three paychecks or less away from being homeless.

"The people who benefit from minimum wage increases are not simply young entry-level employees, they're people in my community working two or three jobs just to pay the rent and feed their families. Raising the minimum wage to $17 an hour would give them an additional $14,000 a year, an amount that is far beyond any tax credit, as much as I appreciate the tax credits, could accomplish.

"So, we've often taken steps in this body to assist businesses in the community and in the islands, and now I think we must support workers, especially in this economic climate, who drive the productivity of our economy. Minimum wage workers do not spend their paychecks buying stocks and bonds. Instead, they buy basic necessities and small comforts, putting their money back into the local economy, into local businesses, and increasing everyone's prosperity.

"The opposition to a living wage can best be summed up by Tom Yamachika from the Tax Foundation of Hawaii. In an editorial Mr. Yamachika wrote for Civil Beat earlier this year, he asked, 'Are we willing to say, as a society, that someone with zero skills but who is willing to work 40 hours at something — a plantation worker comes to mind — is entitled to be paid enough to make ends meet here?'

"Of course they are. Everyone is entitled to earn enough to survive. Living wage is a human right. This year let's put people's needs before corporate greed. Thank you."

Representative Johanson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Because this debate sometimes, particularly on this bill, boils down to just is it too little or is it too much, I want to take the time just for the benefit of the members to explain the joint committee's approach and to explain why we arrived at the package that you see contained in front of us.

"First of all, Hawaii is a very worker benefits-rich state, and I think that's great. And I honestly think the joint committees really want to preserve those benefits. Because we have newer members, I will summarize some of these benefits that exist nowhere else in the country.

"Our prepaid health care mandate is terrific, it's contributed to one of the highest rates of insured populations in the nation, a precursor even to the Patient Protection and Affordable Care Act. So, Hawaii was on the leading edge of that.

"But for those who may not know, I certainly didn't know when I came into the body, that the Prepaid Health Care Act is predicated completely on the number of hours worked. If you do not work a certain number of hours, the employer is not obligated to pay for your health care. When it was designed, we created a, well in the '70s, before I was born, it was created with a *de minimis* employee contribution. Again, great, because the employee is not footing the bill. However, because our prepaid health care system exists on an ERISA exemption, we can never change that figure. Which means, fast forward 30-something years and you have the employer largely bearing the cost for all of employee's health care. Again, I think that's very helpful to ensuring that working people and working families have their cost of living reduced, again, something we need to preserve.

"What it breaks down to, according to the Department of Business, Economic Development and Tourism, in a weighted average, is for a single person, an employer is paying $5,720 or roughly about $476 per month for a single employee. For a worker with a family, it's even higher, it's $7,303 or roughly $608 per month. These are costs not currently being borne by the employee. Again, I think that's a terrific facet of our system, but we have to recognize that that comes at a cost to somebody, and it comes at a cost to the employer. Again, that's something that we want to fundamentally preserve, and that loomed large in our discussions over what increased costs through an increased minimum wage would contribute to.

"Furthermore, we're the only state in the nation, by the way, that mandates that an employer largely pay for private employee's health care. So, again, terrific, leading edge, but we're the only one. When people compare us to other states and other minimum wages, I think it forgets that we have benefits that employers are paying for that employees all throughout the country don't necessarily receive the benefit of.

"We're one of six states that has a temporary disability insurance, which means that employees get a partial wage replacement for a certain number of weeks. Again, a terrific benefit to the employee that we need to preserve, but this cost is largely borne by the employer as well in the private sector.

"Also, in the area of workers' comp, our workers' comp law, again a great feature for the worker, states that you are presumed to have injured yourself on the job unless proven otherwise. So, this generous presumption clause which helps, I think, the worker, also is not that popular among employers. But I think it's helpful to employees, which is why we need to keep it.

"All these costs, Mr. Speaker, I outline because they're borne by the employer, and we need to take that in consideration when we're considering labor costs.

"The goal of both joint committees was to ensure that workers and taxpayers were net better off. Because not only do we want to preserve these benefits, but we don't want to do something that is penny wise, pound foolish, or that ends up creating adverse impacts where the worker on paper might be better but might actually be worse off because some of these benefits end up being reduced.

"As it's been pointed out, this is still a wage increase, and I think we cannot let the perfect be the enemy of the good.

"Now, often not talked about, but I think one of, for me, the more exciting parts of this bill, is the tax relief section, Mr. Speaker. I'd also like to break this down for members because this gets very little discussion when we just disagree over the number that the minimum wage should be. But, this is a huge part of this package."

Representative Morikawa rose to yield her time, and the Chair "so ordered."

Representative Johanson continued, stating:

"Thank you. First of all, making the earned income tax credit permanent and refundable means that we are actually putting money back into the pockets of Hawaii taxpayers. The population size that claims the more generous federal earned income tax credit in Hawaii is 90,000 claimants. And while claimants is a fancy word for tax preparers, I want to break that down for the members of what that actually means.

"These 90,000 claimants represent families that are filing for the federal earned income tax credit, which represent hundreds of thousands of people in Hawaii. People don't often file for our present Hawaii state earned income tax credit because all it does is reduce your tax liability on paper, it doesn't actually put money back into your pockets. But what this majority package bill does by making it permanent and refundable is it actually forever puts money back into the pockets of the people who need it. So, literally hundreds of thousands of people in Hawaii, children, spouses, and workers are now eligible for this enhanced benefit to the tune of $40 million extra dollars. And that's a substantial benefit that I'm proud to tell many of my working families in my district that we advocated for as the majority. I think that is a meaningful and substantial decrease to the cost of living for so many.

"Additionally, Mr. Speaker, the increase in the food excise tax credit to $150 to everyone who presently qualifies is also meaningful and substantial. This to the tune of $32 million is also spread out by the hundreds of thousands of claimants who presently claim the food excise tax credit. Again, substantial increase. The aggregate of this, this $72 million, is spread out over a population all over Hawaii to hundreds of thousands of our constituents.

"I also want to note, Mr. Speaker, that while I'm very proud of the tax portion of this bill, and I certainly hope it survives, but this is part of a joint package. And I think this is often lost in the discussion as well, Mr. Speaker. That this one bill is not meant to be a panacea. This is not meant to be the one solution to cure all of the problems attributed to the high cost of living. It addresses some of the factors, but this bill does not address the cost of childcare, it does not address affordable housing and the lack thereof. That is why I think the majority has wisely, along with the Senate and the Governor, chosen a multi-pronged approach to tackle a very complex problem that is multi-faceted. It's why this body has such challenges in addressing it in the past because it requires a multi-faceted approach. The high cost of living in Hawaii is not due to just one contributing factor, which is why we cannot address it with just one bill.

"It's for those reasons, and the fact that I think this is real and meaningful and substantial help to working individuals and working families in all of our districts, that I ask my colleagues for their support. Thank you."

Representative Cabanilla Arakawa rose to disclose a potential conflict of interest, stating:

"Before I speak, Mr. Speaker, I would like a ruling on a potential conflict. I'm an employer," and the Chair ruled, "no conflict."

Representative Cabanilla Arakawa continued to speak in support of the measure with reservations, stating:

"In that case, I would like to say that my reservation on this bill is because I echo the sentiments of my fellow small business owners in the State of Hawaii.

"I have an issue of the definition of living wage because that is an unknown, but I support it because I know my colleagues here worked so hard to come up with this compromise bill.

"I echo what the cost of the employer, as stated by the Chair, but one thing that was not stated was that for every deduction that the employee pays, the employer matches it. It is good in a way that we are increasing the wages because now the deductions are also increased, so therefore there will be more tax for the State. That is something good that's not being said here, Mr. Speaker.

"But, the biggest cost to the employer, and a lot of people may not realize, HMSA's family plan coverage is over $1,000, whereas people in the healthcare industry, such as I am, is always being hit with capitation. All the healthcare industries, HMSA, Kaiser plans, they're always decreasing the number of reimbursement that healthcare providers pay. And that's why my colleague in Kalihi is concerned about doctors exiting the state.

"So, one thing that was not also said was that we just passed the family health plan, up to six weeks, I think, paid family health coverage or health leave. That's huge, Mr. Speaker, for employers. I have to pay my employees for two weeks or three weeks without coming to work while I pay overtime for those that come to work.

"And I've talked to people who said, I want $17 an hour because that is a living wage for the people of Hawaii. Well, what is a living wage? For them to drive a nice car, go to happy hour, is that what a living wage is? Because to my people, living wage of $11 an hour, they can make do of it, but some people can't. And it's all how you define what a living wage is.

"We have gone into a society where everything got to be nice. You can no longer drive a car that's 10 years old. It's no longer living wage. You got to make more money to keep up with the Joneses. And that's not why we are here in government. We are here to protect both sides of the aisle, which is the small business owners who have to keep the local economy going, and also to make sure that our families are taken care of.

"I realize it's a very hard job, it's a hard bill, and I support it mainly because I know my caucus supported it and worked hard for it, but deep in my heart, I don't think a lot of people realize the intensity of hardship it's giving to the small business. I rest my case with that, Mr. Speaker. Thank you."

Representative Matsumoto rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise in support with reservations. I'm in strong support of components of this measure that will lower the cost of living for Hawaii's families who need it the most. Through allowing them to keep more of their income, like we talked about with the earned income tax credit, making it refundable and permanent, I think this is a great idea for our state, and also for our food excise tax credit.

"My reservations are due to the immediate economic uncertainty in our state and how our economy will be affected if the coronavirus has us have a huge loss to our tourism revenue. If a recession hits, this minimum wage increase might make it more difficult for businesses to keep people employed, and I don't want anybody to lose their jobs. I, like many of you, champion working families. And however, in light of our uncertain economic times, I am voting with reservations and would like permission to insert more comments into the Journal."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. I rise with strong reservations.

"I am in full support of helping Hawaii's working families by introducing several of these measures that will lower the cost of living. Making the earned income tax credit permanent and refundable and increasing the food/excise tax credit are both laudable. It will help working families keep more of their hard-earned money and defray the cost of everyday necessities.

"However, I have strong reservations about the provision to increase the minimum wage.

"First, there is no tax credit or exemption for small businesses. Small businesses are the backbone of Hawaii's service-driven economy. Most operate within extremely small budgetary margins where wages are the largest proportion of their costs of doing business. While large corporations with economies of scale may be able to accommodate an increase in the minimum wage, the mom and pop stores and restaurants who have just a few employees will find it difficult to make enough money to continue doing business. They will likely have to cut back hours, reduce investment back into their own businesses, increase prices, or some combination of all of these budget-balancing measures. The most likely of these – increasing prices – will further strain our working families living paycheck to paycheck.

"Second, this bill increases the minimum wage without also increasing the allowable reduction for tipped-wage workers. Having worked in a popular Waikiki restaurant myself, I know how much servers can make on a nightly basis. Increasing the minimum wage without nuance for tipped workers will strain an already struggling restaurant industry.

"Third, and perhaps most importantly, we are looking at increasing the minimum wage at the precipice of another recession. The immediate economic future of our state is uncertain, and many residents will be negatively impacted if the economy slows due to a loss of tourism revenue. With onset of the COVID-19 pandemic, we're already seeing millions of dollars in reduced visitor spending which directly affects a business' bottom line. If we enter a global recession, this minimum wage increase will make it even more difficult for businesses to keep people employed – the last thing we need is to increase the minimum wage only to have more people lose their jobs. We should avoid making statutory changes to something as integral to a business' balance sheet as salaries and wages in such uncertainty.

"I am a champion of working families and small businesses – I come from a small family farm that is intimately acquainted with making its business work under small margins in uncertain economic conditions. Because of our uncertain economic times and the additional burden that a minimum wage increase will place on our small family businesses, I am voting with strong reservations. Thank you, Mr. Speaker."

Representative Morikawa rose in support of the measure and asked that the remarks of Representative Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative San Buenaventura rose to disclose a potential conflict of interest, stating:

"In support. Like the Representative of Ewa Beach, I would like to declare a conflict. I'm a micro business owner who also pays employees," and the Chair ruled, "no conflict."

Representative San Buenaventura continued to speak in support of the measure, stating:

"Thank you very much. As shown in the homeless summit prior to session, although we have been making great strides in housing the homeless, we have shown by the advocates that 70% every year of the homeless are newly homeless. These are ALICE families who because of some event, either injury or usually a health crisis, have been able to make their paycheck to paycheck benefits last.

"So, increasing the minimum wage straight out, just a flat increase, does not help them. Why? Because we need to increase the net benefit to them. If we just do a flat out increase of minimum wage, they also have to pay their own child care this increased wage. So, the net benefit to them does not help them become less homeless, and that's why I support the package. The package which has the refundable earned income tax credit, which hopefully we will pass the bill that will allow them to increase their paychecks by allowing them an increase with less of a withholding, so it'll increase their paychecks. I also would like to, again, the package, which also includes the refundable food excise tax credit, that would also help them at the end of the year.

"Mostly, I support the childcare provision. Because when I look at the ALICE families, this is the most major expense that they end up having to pay. Especially during summer when they have to come up with these childcare expenses. And that's why I could not support a flat out increase because they're the ones who are going to end up having to pay the $15 to $17 an hour to their childcare workers to help take care of their kids.

"For those reasons, I support the package, and I hope that despite the fact that we have this COVID-19, that a lot of this net benefit increases, that the bills that are passing through will survive. Thank you very much."

Representative Tokioka rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations. I'm going to just focus on small businesses, and more specifically restaurants. I want to thank the Chair of Labor and the Chair of Finance for their hard work on this bill because I know it wasn't easy, especially when a lot of the pressure was coming to make this minimum wage $17 and $15, and I think we've all seen the ton of emails of people emailing. And so, thank you for coming up with something very responsible.

"When I think about restaurants and you think about, just on this island alone, within the last six months, we've had The Willows close, Kakaako Kitchen close, Pint and Jigger close, and Jimbo's is closing soon. On Kauai, our restaurants struggle, my favorite saimin stand on Kauai is Hamura's, and when I go there, the one thing they talk to me about it is the concern with the minimum wage and specifically the tax tip credit.

"So, the tax tip credit will allow restaurants to pay an adjustable rate to their employees who make tips. In 2016, the tip credit went from 50 cents to 75 cents. As we're increasing this minimum wage, we're not addressing that issue. And I can understand part of it, but when we go to Tip Top on Kauai, Dani's Restaurant, Po's Kitchen, they struggle, they struggle a lot. One person who comes here and one caterer who comes here a lot is Highway Inn, and when you talk to Monica, I sit at the bar at her restaurant, and when you talk to her, she struggles. As busy and as successful as they are, she struggles.

"So, for that specific reason, Mr. Speaker, I am in support with reservations. This bill has a clean date so it may not come back to fix that part of it, but I just wanted to stand and talk about that. And again, thank the committee chairs for moving the bill. Thank you, Mr. Speaker."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. When I was driving to work today, this morning, lo and behold, who comes on the radio? It was Senate President Ron Kouchi. And he said, *aloha*, this is Senate President Ron Kouchi. And it just kind of made me center, and it just made me hear his story about how he struggled while he was growing up, and I think his parents were divorced, and they all went through public school. And somehow the mom, as a single parent, managed to send their kids to college, and now he's the Senate President.

"And the things that he talked about is the package. He talked about the package that the House, Senate, and the Governor agreed and worked on over the interim and he helped work on during the session, and this is one part of the package. And what was moving was that we all think, and even for me as Finance Chair, I revere every single one of you folks, and I think oh, it's the Senate President or, oh, it's the Speaker, and it's like sometimes we're all individually starstruck. Maybe not so much for our Speaker, but Senate President, it's like, wow, Senate President. So, I think we are all in that situation.

"And that's why, for me, while I'm sitting here and listening to all the debate, it just made me so proud and so honored to be part of this body because you folks are all citizen legislators. And we all think that individually we all have the solution to figure out many of the problems, but because you guys are all citizen legislators, you all bring in different facets from all over the state. And it's really interesting to hear the arguments in opposition, the plight of the small business, but at the same time, the needs of the working class and the need to balance this bill.

"And that's why, in a way, I'm very just honored to be part of this body because this is what it is all about. That you guys all bring different perspective, and a lot of times you think, oh it's a no brainer, everybody would agree on a single bill, and then you come to find out there's this one person who's in opposition. Like for instance, the next bill I'll talk about, everybody was in support, and oh my goodness how can the Democratic Party be the only one in opposition, it's like, how can that be? But you give credit for all the people in opposition, you give credit for all the people in support, you give credit for all the people with comments.

"But this is one of the four bills that we're dealing with this year, and this year the approach was not to address a bill or not to address a certain issue but to address a problem, and that problem is, what are we going to do about cost of living? And as you can see, minimum wage and tax relief is not as easy as people think. It's a very, very difficult issue and that's why we're having this debate.

"We don't know at the end if this is going to be a panacea, and that's why we can't just solve an issue by just this one issue, it has to have an affordable housing component, it has to have the child care component, it has to have all kinds of component.

"But that's why I just wanted to say I'm honored to be part of your colleagues, and just kind of relish the fact that you're here and you're talking about all these differences. And you're talking about differences because you guys are the representative of the various voices out there and just be thankful for that, and that's why I'm in very strong support."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition to the bill but very strong support for what the Representative just said about being happy where we are, what we're doing, and excited about what we can do as representatives of the people.

"Mr. Speaker, my comment begins with a quotation from probably one of the most famous Democrat presidents, a very popular president, one who was very much left of and right of center at the same time. He said this, it's the bottom line of my speech, it's the economy, stupid.

"Mr. Speaker, we've got ways of slicing the pie up with many of the proposals that we've talked about, but we haven't talked about any of the things about growing the pie. It's like a family with six kids. He's got a job that feeds four of them, and the other ones are just kind of slicing a little bit off of the other plates of the family members.

"Our economy doesn't fit the size of our population, doesn't fit the size and the needs of our people. We have not forced the big issue. We've got four different issues, but we missed the 35,000 feet issue. You can have all four of these issues and many people have said, oh we've got to do this and this package and the package is the greatest thing since sliced bread. If you don't have an economic component, if you don't have businesses and an economy that generates income, no matter how much we say you got to do a mandated minimum wage, it's not going to work, Mr. Speaker.

"Let's not deny the reality that we have to diversify, we have to grow the economy. And I don't know how much we can reference how we're going to help the common working person unless we've got, basically, a field of industry out there that can have it happen.

"I hope someday we're going to have a debate about here what is the best way to diversify because I think since Governor Ariyoshi we've basically stopped talking about that. Even the Governor said that's it's no longer part of the criteria of macroeconomic or macro-geopolitical discussions in the State of Hawaii.

"For those reasons, Mr. Speaker, I hope we would go up to 35,000 feet and look at those four different things that we call our preferences or our references to the package and say, if you're not going to grow the economy, you're fooling the people out there saying that these four little manipulations are going to really make a difference. If you don't have an ocean to support your boat, no way are you going to get anywhere in that particular boat. For those reasons, Mr. Speaker, let's be more contemplative and let's be more serious about getting economic development. Thank you."

Representative DeCoite rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. First of all, with reservations and a potential conflict. I'm a business owner," and the Chair ruled, "no conflict."

Representative DeCoite continued to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. First of all, I too would like to commend the Chair on Labor and the Chair on Finance. I fully agree that this is a debate on the Floor on whether or not, it shouldn't even be considered a living wage, I kind of classify it more as a deserving wage.

"I think that growing up, and I thought that was pretty funny about Senate President Kouchi, growing up in the plantation days, as a child myself, we all learned to work. Pull our load, support the families, and always believe you work hard, you play hard, you are the fruits of your labor. And as I look at today and today's economy, I think we've gotten far to right of, we had to grow up struggling, so we tried to make it better with our own lives and teach our kids and others to learn how to work and work hard.

"And don't get me wrong, my employees themselves, I believe they work hard so they are paid very well to do what they got to do. I think for those small businesses that we talk about, that try to create business and struggle to create that business, want to make lives better. But the heavy tax burdens that are there, and again I agree with the Chair of Labor and we shouldn't compare other states, but we always do in every other subject we talk about. You take a look at even states like Nevada, they can work you 40 hours a week for every week and they still don't have the benefits of medical that is given here. Those are some of the things that many businesses in Hawaii struggle with. I feel for those businesses that can't afford to do it, but yet they have the drive and the passion to create a business. But yet to have and see today as we see many of those businesses shut down, where does it stop?

"We have huge problems with our homeless, huge problems with unemployment. I can vouch for that on the island of Molokai. As you know, many of you that have come to Molokai, there are certain individuals that pick and choose who they want to come. But we've always said it, we're the Aloha State, we welcome everybody, we *aloha* everybody.

"And at some point in time, when we try to make sure that our own or our population here in Hawaii is taken care of, I find it ironic for us try and say, as a mother, I want to make sure that working families have a living wage. And they need to have a living wage, but they can't just seem to come to a working environment and have the same wage as the individual that has earned their way, whether they started from the bottom and worked their way up. But at the same time, the businesses that having to pick and choose, I'm going to start you folks all off at the minimum wage. The minimum wage is basically a base of whether or not you deserve to be paid more. So, I support it but those are my concerns, Mr. Speaker, and I'd like to just insert my comments to the Journal. Thank you."

Representative DeCoite's written remarks are as follows:

"I am voting with reservations on this bill because of the negative impact that this bill will have on small and local businesses once the increase takes effect. We still need to evaluate the impact that the increase will have on employers who may reduce hours or eliminate staff to pay for the increase in wages. *Mahalo*."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cachola rose to disclose a potential conflict of interest, stating:

"Ruling for a possible conflict of interest. My family are employers," and the Chair ruled, "no conflict."

Representative Cachola continued to speak, stating:

"Short remarks. Being an immigrant from the Philippines, we really suffered a lot, we were almost homeless. That when we were able to come up with a business, we made sure that all my wife's employees are given more than enough or higher than the minimum wage that we had."

Representative Belatti rose, stating:

"Mr. Speaker, point of information. In support?"

Representative Cachola continued to speak in support of the measure, stating:

"In strong support. The other thing that we did based on our experience is to provide them retirement pay. One employee has accumulated over $400,000 for her retirement pay. All our employees are given that. So, hopefully we have to look at ways to help our working poor, but there's certain things that has got to be done. This is just the starting point, Mr. Speaker. Thank you so much."

Representative Kong rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 2541, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HELPING WORKING FAMILIES," passed Third Reading by a vote of 48 ayes to 2 noes, with Representatives Cabanilla Arakawa, DeCoite, Har, Kong, Matsumoto, Perruso, Say, and Tokioka voting aye with reservations, with Representatives Okimoto and Ward voting no, and with Representative Creagan being excused.

H.B. No. 2543, HD 1:

Representative Belatti moved that H.B. No. 2543, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Perruso rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise in support with reservations. There were concerns raised in testimony with respect to quality and rapidity of increasing access, but my comments today on the Floor are to express my concern that this measure may be implemented in a manner that violates our State Constitution.

"Last month I asked my office to request an opinion from the Attorney General's Office about the constitutionality of this bill. Here is part of what the Attorney General's Office said in response.

"'As an example, DHS is responsible for administering the Preschool Open Doors Program under section, 346-181, HRS. DHS adopted administrative rules to effectuate the program. Under those administrative rules, "preschool" is defined as a Group Child Care Center or Group Child Care Home that provides services for children ages two years to six years old. This program does not violate article X, section 1, of the State Constitution because the preschools that are eligible to receive subsidy payments from caretakers are child care facilities, not educational institutions. Child care programs may have elements of educational value, but they are not part of the educational system and are not subject to the same regulations or limitations as educational institutions, such as being required to meet curriculum standards. The Preschool Grant Program established by H.B. No. 2543 can be implemented similarly under administrative rules in a way that does not violate article X, section 1, of the State Constitution.'

"In short, according to the attorney general, we can only use state funds to pay private providers for childcare programs. If that's the path that we're choosing, then we should just call these programs what they are, child care. That way we can uplift working families without worrying about the potential constitutional pitfalls of creating a preschool voucher program. And if we want to expand access to early learning programs, we should focus on the public school system. Thank you."

Representative Takumi rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. In support with reservations. As you know, Mr. Speaker, I've always been a strong supporter of quality preschool, whether public or private, because that's the best investment any state can make to ensure the success of our young people and therefore the success of the state.

"Initially I was opposed to this bill, but I have come around to support it because I've since learned that this is not an early learning bill, it's not a preschool bill, it's a childcare bill. And its goal is not to have children ready to learn when they enter kindergarten. Its goal is not to have children reading at grade level. In third grade, as you know Mr. Speaker, that is one of the gate keepers for success in education, whether or not a child reads at grade level in grade 3. That is not the goal of this bill. The goal of this bill is child care. The goal of the bill is to help working families with their bills when it comes to child care. So, why not support it.

"My reservation rests on four points. Point number one, it is bold and ambitious almost to a fault. To predict that somehow, we can capture unserved children 25% in two years, 50% in five years, and 100% in ten years, that is going to be very ambitious. Why? Because the workforce is simply not there. If there was incentives in this bill, like for example in Oklahoma. In Oklahoma, in their preschool program, not their childcare program, if they're going to give stipends to private preschools to take Oklahoma kids, they have to pay those preschool teachers the same rate that public teachers get. That's of course, none of that is in this bill, and as we all

know, people who work in childcare facilities across the state get far less than what public school teachers get, even as woefully underpaid as public school teachers are. So, I don't think if you put it to law that there has to be 100% in 10 years, that somehow miraculously hundreds of new staff will materialize to work in these centers.

"Another concern is that as we embark on this program, which has a potential to cost tens and tens of well over a hundred million actually down the road, that it doesn't take away from the Executive Office on Early Learning's own 10 year plan. The EOEL has a 10 year plan to scale up the public preschool program, which we all know is a very high-quality program. So, I hope that this effort here doesn't take away from that effort as well.

"The other concern I had is one of governance. It's very difficult, Mr. Speaker, to stand up any program where there's conflicts in authority, in responsibilities, and roles. I was not aware that there was a governance issue regarding our early learning delivery system. But in this bill, it creates an early learning coordinator in the Governor's Office, and the committee report acknowledges that there's going to be conflict. In fact, it states that 'this diversity in approaches will ultimately be beneficial to achieving the overall goal of this measure.' Mr. Speaker, it's very difficult to avoid conflict between programs, between agencies, between departments, without intentionally putting that conflict into a bill.

"If you recall last year, we had to go deal with the conflict the superintendent of education had where she misunderstood, whether it was intentional or not, her roles and responsibilities as regarding public preschools. So, we spent the whole session, and the appreciation should go to the Education Chair who worked long and hard to clarify what should be the roles and responsibilities of the superintendent, the answer is none, relative to the Executive Office on Early Learning. This bill sets up conflict, to put it mildly, in the worst-case scenario, paralysis.

"The other concern I have is to stand up an early learning coordinator in the Governor's Office. All due respect to the Governor, we all know he's in his last few years in office. Seems to me we ought to allow a governor, whoever he or she may be, the authority, the autonomy, and the flexibility to staff their office as he or she sees fits. The next governor may very well decide the priority should be on climate change, or Native Hawaiian issues, or whatever issues he or she decides will be priorities of the administration."

Representative Ichiyama rose to yield her time, and the Chair "so ordered."

Representative Takumi continued, stating:

"By passing this bill, we're saying that, well, whatever priorities you may have, we have decided that early learning should be a priority. I don't know why we believe that this has to be put into the Governor's Office where you already have an Executive Office on Early Learning. And if you read the statute of the EOEL's responsibilities and duties, it encompasses all that is somehow envisioned for this early learning coordinator for the governor.

"Finally, I'd like to say, appreciation does go to the chairs that worked on this bill. I'm afraid that it won't have a whole lot of discussion on the Senate side and that's why I decided to say something today because normally I would reserve comments for final reading. And I just hope that we can work our way through this, but those are my reservations. Thank you."

Representative Okimoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, in support with reservations and brief comments. Mr. Speaker, while I appreciate all the effort that was put into the bill by the Chairs of both the Committees on Finance and Lower & Higher Education, I have questions and concerns regarding the implementation of this bill as well as the impacts it will have on, as stated by the previous representatives, on the overall quality of the education that will be provided.

"Mr. Speaker, if the Department of Education is to fulfill its mission in developing the academic achievement, character, and social-emotional well-being of our students to their fullest potential, I firmly believe they should be involved in this endeavor more than just data collectors and assessment administrators. Anything that happens with the public education system should include its chief education officer.

"Mr. Speaker, I feel that with the many moving parts to this bill, it would be imperative to have all parties involved at the table in order to discuss, plan, and implement this bill to the best of its abilities. Thank you."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. As I have discussed, this is part of the package of bills dealing with cost of living. And the CPC Chair is partly right, this is to address the high cost of early education for our working families. And whether you call it child care or whether you call it preschool or whether you call it early learning center, the reality is, half the population of our three- and four-year-olds do not have any access to any type of early learning centers.

"And the notion that, you know, we talk about programs that are certified as DHS and shaming them and calling them child care is not right. Some of those certified early learning programs include St. Clement's, Central Union, Cole Academy, many of the others that people kind of look at as premier preschool education centers. The issue right now is we don't really have any idea how we can assess them because the Department of Education does not do any type of standardized kindergarten assessment. They used to before, you would think that should be a no brainer, but they used to, but they don't. So, we don't even know if kids coming out of Kamaaina Kids or kids going to Head Start or kids going to different Preschool Open Doors or Cole Academy or St. Clement's or EOEL or charter schools, we have no idea how they're testing at the third grade level or if they have graduation success, we have no idea. Because according to the DOE, the percentage of kids that they track is 16%. Because they only track the kids who go through their charters, who go through EOEL and then Head Start, that's about it. How do you assess the success of our students and the future generation if they don't even do an initial assessment? That's number one.

"The second thing is, they don't even track whether entering kindergarten kids even went to any kind of program. How do you run a system where you don't even know if kids coming into kindergarten went to some kind of preschool or not? And they ask that, and they gather the data, but they don't input it into any kind of workable data that can be shared and that they can use as a resource for their own benefit, they don't do that. So those two components are the important things in this bill.

"So, what are we trying to achieve? Not just this governor, but the governor in the past, it was Ige, it was Abercrombie, I don't really remember Lingle saying this, I don't remember Cayetano, maybe Cayetano because he did A+, but governors in the past have always stressed that we need to do something about our unserved or underserved population, which is the three- and four-year-olds. Every governor, every legislature has tried to do something. We haven't.

"In fact, Governor Ige has said that when he was in the House, Charlie Toguchi went to him and said, okay by year 2000, we're going to make sure that all three- and four-year-olds have some type of access to early learning. It's 20 years after 2000. So, at this point in time, we're looking at continuous 50% of population of kids not having any access to early learning programs. And if you look at the graduation rates, it's about 50% that we have some type of, in certain schools we have 50% of students who are not graduating, we have absenteeism problems, we have third grade, fifth grade, seventh grade, ninth grade testing assessment, and we have all those things. The number one thing that we should be looking at is the entering kindergarten, and we continue to fail to do that.

"And for us, we should have aspirational goals. We have 2045 100% renewable, we have all these other goals that we put on. Because it's an aspirational goal."

Representative McKelvey rose to yield his time, and the Chair "so ordered."

Representative Luke continued, stating:

"And it is up to us to set a goal, to set vision, to make sure that some of these things are done. Because how many years do we need to let years go by and continue to make sure that we don't service the three- and four-year-

olds? And then we wonder, okay, what happens to these kids if they don't go to kindergarten, if they don't go to preschool, they don't go to any kind of early learning education, and they come into kindergarten not ready to learn and teachers somehow look at them and go, okay, they're behind, and you already get labeled as behind from kindergarten. And it's a continuous continuum of not giving opportunities for our working families to succeed.

"So, we need to figure out a way to break that cycle, we need to figure out how you help these children and how to make sure that they succeed throughout the entire K-12. It's not even K-12, it's now K-20, but now it's P-20. We should have that vision and we should make sure that in the 10 years, we should try to do what we have set up in this bill. And if we don't, then we are going to leave 200,000 kids behind for the last 10 years, 200,000 kids. And we should not be doing that.

"So, that's why I want to thank the Education Chair. This is not an easy task. If minimum wage we thought, okay, that's not an easy task, this one is really not an easy task. Every legislature, every governor has tried to do this but could not. So, it's time that we come together and see if we can provide access. It is aspirational, but if we don't do aspirational things, then what are we here for? We should do it. In 10 years, we should provide access to as many three and four-year-olds that we can. And if that means opening on the public side, opening on the private side, doing the charter, doing the Hawaiian emersion, we should do everything.

"The reason why the coordinator is in the Governor's Office is because raising and providing access to early learning and providing access for three- and four-year-olds is not only the responsibility of the Department of Education. It's all of our responsibility, including child care, including DHS, including personal responsibility, because there will be individuals who will not send their three- and four-year-olds to Department of Education, to any kind of preschool programs, to any kind of child care. So, how do we provide support in those types of situation? And it may be through the libraries because one of the things that the libraries provide is some type of a parental readiness program. And so that's why it cannot be the Department of Education being in charge of this because it has to be multi-department, multi-faceted, to reach as many kids as we can.

"So, we ask people to be openminded and we ask the people to stop doing what the status quo is. We have to think about, okay, what can we do outside the box to reach as many kids as we can? So, I want to thank again the Education Chair for his hard work in making sure that in 10 years, we provide a lot more access to these kids. Thank you."

Representative Woodson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I wanted to try to illuminate on what we tried to do in this particular proposal. First, I appreciate the comments that have been shared on this Floor. I share some of those concerns but again, we do not want the perfect to be the enemy of the good.

"So, this particular proposal we attempted to provide universal access to early learning opportunities across this great state. Particularly as it relates to three-, four-year-olds, and also early five-year-olds, Mr. Speaker. And if I may just go over some of the components of this particular proposal.

"First, it's noteworthy to communicate that we did not fundamentally disrupt the operations of the Executive Office on Early Learning. And that's because we recognize the great work that EOEL has done and we wanted to make sure that we support them in their efforts. As you are aware, Mr. Speaker, EOEL has some of the most effective programs, including our established public pre-K program, which I believe is amongst the best in the country. But what we did do was we established an early learning coordinator, again in the Governor's Office, to help facilitate what EOEL does. Because that particular program is very high quality, but it takes a lot of time and effort and energy to set up those classrooms. So, we said the ELC shall facilitate in those efforts.

"Another thing that we did in this bill, Mr. Speaker, is we detached the charter schools, particularly the public kindergarten charter schools, out of this bill. And that's because in the past, we noticed actually that these classrooms were growing at a much quicker pace. These public kindergarten classrooms are unique to communities and specific needs, and we wanted to support those efforts. So again, the early learning coordinator will be tasked with facilitating also the charter schools on those particular efforts.

"Lastly, Mr. Speaker, we said that this ELC individual shall work with the director of DHS to help take advantage of some of the components that are currently existing in our Preschool Open Doors model. So in the bill, we make sure that we provide additional flexibility within HRS 346-181, which is the Preschool Open Doors statutes, to allow them to go ahead and expand this type of access, be it preschool or be it daycare, so that we can have a strong chance of meeting this goal. And I do believe, Mr. Speaker, it is most certainly doable to reach all three-, four-year-olds, and even early fives in a 10-year period or less if we take advantage of some of these mechanisms that are incorporated into this particular bill.

"I want to speak about the quality component that everyone keeps bringing up. I respectfully disagree. I do think through these daycares and preschools, we can offer quality early learning to have these kids ready for kindergarten. As it was mentioned already, a significant amount of these preschools and daycare centers have accreditation with nationally recognized early learning organizations. This is comparable in terms of the quality of learning that we're seeing in some of these other types of settings. So, in that bill we say that in a three-year period of time that if you want to take advantage and utilize Preschool Open Door funds, then you will go through this accreditation process. So, we do have some assurances that throughout these early learning opportunities, there is quality infused throughout.

"And lastly, Mr. Speaker, I want to talk about the data collection aggregation component. So, that, as was mentioned earlier, is a very important piece of this overall piece of legislation. That's because it does primarily two things. One, it's noteworthy to mention that already in a great deal of our kindergarten classrooms across the state, there are entrance level baseline examinations."

Representative Takayama rose to yield his time, and the Chair "so ordered."

Representative Woodson continued stating:

"Thank you, sir. This allows educators an additional tool to see what the competency level of the child is to get them to where they need to be going up to first grade and articulating further through their K-12 grade educational experience.

"So what we're saying is we want to establish a uniform baseline assessment across all kindergarten schools so that we can ascertain the competencies of all the students so that teachers can work with these students individually to get them to where they need to be, again, to go up into the first grade and thereon.

"Also, what that data collection component does is it says to parents and guardians, we would like to know what your early learning experiences have been thus far. And so we say, we would like to know which preschool/daycare that your child attended, or if they didn't attend a preschool/daycare at all. This will allow us to see which programs, be it public or private, are most effective. And in this, thereafter we can further operationalize our efforts to build out those programs which are most effective. So, that's an important component.

"Also, Mr. Speaker, I just want to just speak very briefly about the underlying reason as to what this bill is about. Where did it come from, what was the derivative of it? That's because over last year and through the course of early on this year, the Legislature and other community members got together and they said, what is Hawaii's most intractable issues and challenges? And of course, as you can imagine, the cost of living is one of those things that kept coming up over and over again, and this is something that we actually know. Our families are leaving, our friends are leaving because the cost is too much, it's too high.

"So, the Legislature said that we are going to attempt to address some of these issues. And as you're aware, Mr. Speaker, one of the highest cost drivers is daycare or preschool. So, why is that? That is because it speaks to that which is most dear to people. That is their kids, their children. People want their children to have the best opportunities, they want them to grow

up, and to mature, and to thrive, and to be productive citizens. So, of course people want their kids to go to preschool so that they will be ready for kindergarten. So, what we tried to do is say that kindergarten, preschools, pre-K systems are cost prohibitive for many families. So, we want to absorb that cost. So, again, this proposal is one of many that we are attempting to address this cost of living issue that's impacting all of us. So, I ask my colleagues humbly for their support as we continue to work on this proposal."

Representative Belatti rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, thank you. In strong support. Declare a potential conflict. I am an unpaid community board member of St. Clement's School in my church, in my community," and the Chair ruled, "no conflict."

Representative Belatti continued to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Just a few brief remarks. As a teacher certified in the New Jersey public schools and upon my return from college being a teacher here of a private high school, I've learned that we are lifelong learners. We learn from the day that we are born, we learn in the communities that we live, and we learn in the childcare settings. And so, I think it's hubris to believe that learning can only occur in a public setting. That access to quality early learning can occur throughout one's early years.

"I also think, for some of the reasons why the CPC Chair says that this bill has his reservations because it's bold and ambitious, is the reason why I believe that we need to support this bill. We must be bold and ambitious in addressing this need. I also think that it's naïve to think that when we pass laws and we establish policies, that we drop it into conflict-free settings. We have to tackle these difficult problems in meaningful, sustained, phased-in ways, as this bill is approaching to do.

"Mr. Speaker, as has been mentioned, this bill is part of a majority package that is addressing major cost drivers that are forcing families to leave Hawaii. We must be bold and ambitious, and we must do this because we cannot afford to lose 20,000 more *keiki*, those are generations of our population, when they don't have access to early learning. For these reasons, Mr. Speaker, I support this bill."

Representative Har rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Mr. Speaker, this bill is very personal for me. I am the mother of two-year-old twins who are currently in preschool. Fortunately for my husband and I, we are financially able to put our children into preschool and they are receiving a quality preschool education.

"My daughters have been in preschool since the age of 18 months. And don't get me wrong, it's been costing us an arm and a leg, it's been very financially stressful for the two of us. But, we do this because we understand the impacts of a quality early childhood education. And so for my husband and I, we are so fortunate that we are able to provide this for our daughters. Every week they come home and you can see how much they have grown. Whether it's their verbal skills or cognitive skills, their physical learning, everything about my daughters is just so far beyond anything that I could have ever imagined.

"And so when I think about the three- and four-year-olds who will fall through the cracks and who will not have that access to that type of education, it is absolutely, that is unacceptable. As the Finance Chair noted, we should all be striving to provide universal preschool for all of Hawaii's children. And fortunately, again, for my children, we are able to afford it. When I think about those children who will never have any type of access to that type of, whether you want to call it child care or whether you want to call it education, the fact of the matter is, you put a child into that type of environment, they will thrive.

"Fortunately for me, back in the day when Mazie Hirono was lieutenant governor, she started the Pre-Plus program, and that was when I first became relatively well-versed in early childhood education. And if you look at all the research and the evidence, it is indisputable. The fact of the matter is, any child who has access to a quality preschool education will thrive in our society. They will have better outcomes long-term, period.

"And so, as the Finance Chair noted, and also Mr. Speaker, please, I'd like to adopt the words of the Finance Chair and the Chair of Higher & Lower Education into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Har continued, stating:

"As the Finance Chair noted, it is our responsibility. And it's not just the responsibility of the Legislature, it is the responsibility of both the Governor's Office, the Department of Education, HSTA, it takes a village to raise a child. We've heard that many a times. But when it comes to early childhood education, this is what we should be doing.

"So, I want to commend, and I'm proud of the majority that this is something that we are passing, and yes, it's not a perfect bill. But that said, we are taking the first step to ensure that our *keiki*, who may be falling through the cracks, who may not have that access, will now do so through this measure. For those reasons, I stand in strong support. Thank you, Mr. Speaker."

Representative Say rose to speak in support of the measure, stating:

"Mr. Speaker, I'll be very brief. In strong support. On behalf of the *keiki o ka ʻāina* of Palolo housing, our South Pacific islanders from Micronesia, Chuuk, Marshall Islands, Pohnpei, and so forth. These are the students that we are addressing this afternoon. These are the students that don't have the opportunity of having preschool, and this is why I believe this particular measure will benefit those not just in Palolo housing but throughout the State of Hawaii. Thank you."

Representative Cullen rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support. I want to thank the Lower & Higher Education Chair and the Chair of Finance for bringing to light an issue that has been discussed since the '60s. Preschool, whatever you want to label it, be it early childhood development, and I'll take early childhood development because those programs are actually laden throughout Department of Human Services. And when you put the coordinator within the Governor's Office, they can look at all the resources the State has and then we can put it all together to work on early childhood development.

"We talk about living wage, we talk about achievement gap, we talk about economic development, and this measure is actually one of the biggest economic development drivers we have as a state that's being pushed forward. You have studies from the '60s that point out that a dollar invested today is $8 for the future, so just think about that. We are investing in the future, not only for the students and the *keiki*, but for the State of Hawaii. And as we close this achievement gap, we are going to address many issues which we talk about daily in this body. Thank you."

Representative Matsumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of this bill.

"Implementing and expanding a statewide public pre-K program is long overdue. As a mother of two young children, I feel strongly about investing in quality education for future generations.

"From birth until age three, infants and toddlers face a critical time period in their cognitive development. Early education lays a foundation for the more complex cognitive skills children will build upon in kindergarten and beyond (USDHHS, 2019).

"The benefits of early childhood education transcend far beyond the classroom. A study from the Learning Policy Institute shows children enrolled in early learning programs have a greater capacity to follow instructions, be attentive, and develop peer relationships and an overall positive attitude about learning. These benefits are proven to carry into adulthood – children who attend preschool programs are also less likely to

be unemployed or incarcerated, likely to graduate high school, pursue higher education, and earn higher salaries (Meloy et. al, 2019).

"We also cannot ignore the expansion of early learning programs as a public, economic investment. Estimates of returns on investment in preschool programs can range anywhere from a modest $2 for every $1 invested, to the substantial $17 for every $1 invested (Meloy et. al, 2019). These points are especially crucial to building Hawaii's future workforce.

"Although the effort is massive and requires much more time and research to execute successfully, the studies are compelling, and our *keiki* and working families are counting on us. We know what needs to be done, and we need to act sooner, rather than later. Thank you, Mr. Speaker.

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 182) was announced by the Clerk and the following action taken:

H.R. No. 182, entitled: "HOUSE RESOLUTION CONGRATULATING THE KAUAʻI COUNTY PLANNING DEPARTMENT FOR THEIR PLAN, KAUAʻI KAKOU: KAUAʻI COUNTY GENERAL PLAN," was jointly offered by Representatives Nakamura, Lowen, Morikawa, Tarnas, and Tokioka.

Representative Nakamura moved that H.R. No. 182 be adopted, seconded by Representative Tarnas.

Representative Nakamura congratulated the Kauai Planning Department on winning the American Planning Association's 2019 Daniel Burnham Award for a Comprehensive Plan for their Kauaʻi Kākou: Kauaʻi County General Plan, which addresses critical issues, guides the county's growth, and creates a system for action, evaluation, and accountability in a transparent and robust planning effort that involved residents at every phase of the planning process, and introduced honorees from the Kauai Planning Department who were seated on the Floor of the House:

Marie Williams, Long Range Planning Division Chief;
Leanora "Lea" Kaiaokamaile, Long Range Planner; and
Marisa Valenciano, Long Range Planner.

Representative Tarnas, as a planning consultant who participated in many community meetings for the plan, commended the genuine commitment to professional excellence and community engagement demonstrated by the Kauai Planning Department, and congratulated them on the national recognition.

Representative Morikawa commended the planning department for listening to the community's suggestions and concerns and incorporating them into the plan, and thanked them for all they do to make Kauai a better place.

The motion was put to vote by the Chair and carried, and H.R. No. 182 was adopted, with Representatives Gates, Ichiyama, Matsumoto, McKelvey, and Thielen being excused.

The following resolution (H.R. No. 183) was announced by the Clerk and the following action taken:

Representative Tarnas moved that H.R. No. 183 be adopted, seconded by Representative Nakamura.

Representative Tarnas recognized the planners of the State of Hawaii Strategic Plan for Transit-Oriented Development for laying out a pathway to building communities throughout our state which are served by public and multimodal transportation, providing affordable housing and facilities in communities which are walkable, bikeable, and livable, congratulated them on receiving various awards from the American Planning Association, Hawaii Chapter, and introduced honorees who were seated on the Floor of the House:

Rodney Funakoshi, Planning Program Administrator, Office of Planning;
Ruby Edwards, Acting Planning Program Manager, Office of Planning;
Mary Alice Evans, Director, Office of Planning; and
Denise Iseri-Matsubara, Interim Executive Director, Hawaii Housing Finance and Development Corporation.

The motion was put to vote by the Chair and carried, and H.R. No. 183 was adopted, with Representatives Gates, Ichiyama, Matsumoto, McKelvey, and Thielen being excused.

At 12:22 p.m., the Chair declared a recess to allow the Members of the House to meet and congratulate the honorees.

The House of Representatives reconvened at 12:28 p.m.

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 184) was announced by the Clerk and the following action taken:

H.R. No. 184, entitled: "HOUSE RESOLUTION CELEBRATING THE NATIONAL AND WORLD ACCOMPLISHMENTS OF HAWAII'S WOMEN SURFERS," was offered by Representative Matsumoto.

Representative Matsumoto moved that H.R. No. 184 be adopted, seconded by Representative Quinlan.

Representative Quinlan honored outstanding female athletes who are tireless advocates for equality in women's surfing, and congratulated and introduced honorees who were seated on the Floor of the House:

Carol Philips, Founder, World Championship of Women's Bodyboarding; Founder, North Shore Surf Girls (surf school);

"Banzai" Betty Depolito, Executive Director, Banzai Productions/FlHi Girls Sports Programing; and

Sabrina Brennan, Co-Founder, Committee for Equity in Women's Surfing; Harbor Commissioner, San Mateo County.

Representative Matsumoto honored women athletes and advocates in surfing, thanked all the advocates for their work, and introduced honorees who were seated on the Floor of the House:

Paige Alms, 2016 Big Wave World Champion, who was unable to attend;

Keala Kennelly, 2018 Big Wave World Champion; Co-Founder, Committee for Equity in Women's Surfing;

Honolua Blomfield, 2019 WSL Taiwan Open World Longboard Champion; and

Carissa Moore, 2011, 2013, 2015, and 2019 WSL Women's World Tour Champion, who was represented by her mother, Carol Moore Yamada.

Representative Matsumoto also introduced guests who were seated in the gallery:

Lynn Blomfield, mother of Honolua Blomfield; and
David Yamada, stepfather of Carissa Moore.

Representative Cabanilla Arakawa commended the honorees for advocating for equality for women in surfing.

Representative Ward congratulated Carissa Moore and the honorees for their hard work.

The motion was put to vote by the Chair and carried, and H.R. No. 184 was adopted, with Representatives DeCoite, McDermott, and Yamashita being excused.

At 12:24 p.m., the Chair declared a recess to allow the Members of the House to meet and congratulate the honorees.

The House of Representatives reconvened at 12:31 p.m.

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 185) was announced by the Clerk and the following action taken:

H.R. No. 185, entitled: "HOUSE RESOLUTION HONORING ROBERT LOPAKA KAPANUI FOR HIS DEDICATION AND PASSION TO PERPETUATING HAWAIʻI'S RICH CULTURAL LEGACY AND HISTORY THROUGH THE ART OF STORYTELLING," was offered by Representative B. Kobayashi.

Representative B. Kobayashi moved that H.R. No. 185 be adopted, seconded by Representative Nishimoto.

Representative B. Kobayashi recognized the honoree as a master storyteller that uses storytelling as a tool for entertainment, teaching, and to preserve culture and history.

Representative Nishimoto recognized Robert Lopaka Kapanui as a Native Hawaiian storyteller, writer, actor, *kumu hula*, and cultural practitioner known as "The Ghost Guy" who has shared the ghost stories, tales, legends, and history of Hawaii with thousands of people over the years; thanked him and his wife Tanya for preserving the knowledge, history, and legends of Hawaii; and introduced honorees who were seated on the Floor of the House:

Robert Lopaka Kapanui, Owner, Mysteries of Hawaii; and
Tanya Kapanui, his wife and business partner.

The motion was put to vote by the Chair and carried, and H.R. No. 185 was adopted, with Representatives Ichiyama, Lowen, and Matsumoto being excused.

At this time, the Chair stated:

"Members, given our public health concerns, in lieu of individual greetings, could the members please give a round of applause to our honorees this morning."

At 12:16 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:39 p.m.

THIRTY-SECOND DAY

Friday, March 13, 2020

The House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, convened at 12:02 p.m., with Vice Speaker Nakashima presiding.

The invocation was delivered by Mr. David Borja Enriquez, a student of the William S. Richardson School of Law, after which the Roll was called showing all members present with the exception of Representatives Eli, Gates, McKelvey, and Thielen, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Thirtieth and Thirty-First Day was deferred.

INTRODUCTIONS

The following introduction was made to the members of the House:

Representative Johanson introduced family of his former staff, David Enriquez: Jose Enriquez, father; Eva Enriquez, mother; and Ruth Enriquez, sister; and his staff: Taylor Mackinaw and Shanda Delos Reyes.

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 187) was announced by the Clerk and the following action taken:

H.R. No. 187, entitled: "HOUSE RESOLUTION RECOGNIZING KAPENA FOR THEIR LIFELONG ACHIEVEMENTS AND PROFOUND IMPACT ON ISLAND MUSIC," was jointly offered by Representatives Tokioka, DeCoite, Har, Holt, Kong, Nishimoto, Quinlan, and Say.

Representative Tokioka moved that H.R. No. 187 be adopted, seconded by Representative Har.

Representative Nishimoto shared the story of Kapena, which began when Kelly Boy DeLima put a band of students from Kaimuki High School together and entered the Brown Bags to Stardom competition unsuccessfully in 1984 and 1985, but later went on to record 20 albums and win multiple Na Hoku Hanohano awards.

Representative Say recognized Kelly Boy and Kapena as one of the brightest stars in local island music, topping the charts locally, nationally and internationally in the '70s and '80s.

Representative Tokioka honored Kapena for their lifelong achievement and profound impact on island music; recognized the band as an institution that embraces what islanders fell in love with when fans first heard the unique sound of their "electrifying" music; shared how the band has evolved over the years to now include Kelly Boy's three children and bring a new, fresh Kapena sound with new original music, winning multiple Na Hoku Hanohano awards including Album of the Year and Group of the Year; and congratulated and introduced members of Kapena who were seated on the Floor of the House:

Kelly Boy DeLima, Founder and Leader, Lead Vocals and Ukulele, with the group since its inception in 1984;

Kapena DeLima, Keyboard, Vocals, Drums, and Musical Director, with the group for over 16 years; Owner, Head Engineer, and Producer of Bu Print Studios; 2013 Na Hoku Hanohano award winner for Engineer of the Year; solo artist and 2014 Na Hoku Hanohano award winner for Contemporary Album of the Year;

Kalenaku DeLima, Keyboard, Vocals, Graphic Designer, and Writer, with the group since 2006; solo artist with her own Na Hoku Hanohano award nomination;

Leolani "Lilo" DeLima, Vocals, Bass Guitar, and Songwriter, with the group since 2009; solo artist with her own Na Hoku Hanohano award nomination; and

Leolani DeLima, Manager, Public Relations Director, CEO, and wife of Kelly Boy.

Representative Matsumoto thanked Kapena for the opportunity to dance with them at the Halekulani and honored them for their music and spirit of *aloha*.

The motion was put to vote by the Chair and carried, and H.R. No. 187 was adopted, with Representatives Gates and Thielen being excused.

At this time, the Chair stated:

"Members, given our public health concerns, in lieu of individual greetings, could the members please give a round of applause to our honorees today, Kapena."

At 12:21 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:50 p.m.

HOUSE COMMUNICATIONS

"March 16, 2020

MEMORANDUM

TO: All House Members and Staff

FROM: Speaker Scott K. Saiki /s/

RE: Temporary Suspension of Hearings and Floor Sessions

House and Senate Leadership have met and agreed to temporarily suspend all public hearings and floor sessions effective Tuesday, March 17, 2020. This action conforms with the recommendations of the Hawaii State Department of Health and the Federal Centers for Disease Control and Prevention to practice social distancing by avoiding public events and large gatherings.

In light of the current situation's changing nature, the suspension will be until further notice, subject to written call by the President and Speaker. Once it is determined that hearings and floor sessions may resume, a revised legislative timetable will be released. Until then, all lateral and decking deadlines are also suspended.

The Legislature will remain open during the suspension and other operations are expected to continue. Working guidelines will be issued as soon as practicable.

Thank you very much for your cooperation and understanding during this extraordinary time. If you have any questions, please contact my office.

THIRTY-FOURTH DAY

Monday, May 11, 2020

The House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, convened at 12:05 p.m., with Speaker Saiki presiding, pursuant to S.C.R. No. 242.

At this time, the Chair stated:

"Members, pursuant to Senate Concurrent Resolution 242, this session is reconvened by a signed memorandum issued by the Senate President and myself on May 7, 2020.

"Before we have the roll call, the Chair has some brief remarks for the members. First of all, the Chair would like to acknowledge General Kenneth Hara and Comptroller Curt Otaguro for coordinating and staffing our screening and security team at the State Capitol.

"Members, we all know that this is an unprecedented time for all of us. And especially now, Hawaii residents want leadership. As I have said before, the House of Representatives is a leader. Rather than just criticize, the House has stood up and taken on challenges when no one else has.

"For example, in just three days, the House took the lead with the Department of Labor to stand up the unemployment intake center at the Waikiki Convention Center. Over 210 volunteers are now processing unemployment applications and taking phone calls to help people. More than 57,000 new claims have been paid out in the last three weeks alone. Although we know that there is more work to be done, we are making progress and doing the work to help people.

"The Chair would like to thank the volunteers who have worked over the past three weeks at the unemployment intake center. These volunteers include the House members and their staff, the Legislative Reference Bureau, the Chief Clerk's Office, Sergeant-at-Arms Office, HMSO, HMIR, and volunteers from throughout state government including public school teachers and university faculty. Thank you for all of your work at the intake center.

"Besides unemployment, the House is leading in other areas. The House has identified and prioritized construction projects that can begin now. The House is working with farmers to innovate production and distribution methods that can last beyond this pandemic. The House is working with the Department of Education to determine how video technology can enhance student learning and teaching in our schools.

"These are just a few examples, and we know that there is more important work ahead of us. But this is what the House does. We identify problems, we develop solutions, and then we get the work done. This pandemic has shown us that government is key to reopening Hawaii and protecting our safety net.

"In the next two weeks, we will stabilize our state budget to avoid drastic cuts and disruption in basic government services. We will continue our work on a statewide framework to gradually reopen Hawaii in a coordinated manner while keeping people healthy and safe. And we will work with the Governor to design this framework quickly, and to ensure that the entire state understands our plan.

"When we began our session on January 15th, no one would have imagined where we find ourselves today. But as I mentioned, this is the time to lead. The public wants us to lead with intelligence, compassion, and strength. And I have no doubt that this is exactly what the House will do. Thank you, members."

Representative Ward then rose and stated:

"Mr. Speaker, three quick points, as I spoke to you earlier. First, thank you for your leadership. Thank you for the volunteers that have stepped forward. Thank you for the House being part of the leadership team. Secondly, my sympathies to yourself and all the extroverts who are now out of captivity and into the public, and it's great seeing everybody face to face, eyeball to eyeball. And thank you, lead on. Thank you."

The Roll was called showing all members present with the exception of Representative Thielen, who was excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Thirty-Third Day was deferred.

GOVERNOR'S MESSAGES

The following message from the Governor (Gov. Msg. No. 4) was received and announced by the Clerk and was placed on file:

Gov. Msg. No. 4, dated April 16, 2020, informing the House that an arbitration award was issued for the Hawaii Government Employees Association, Collective Bargaining Unit 14, on April 15, 2020, and transmitting a proposed H.B. No. 2309, HD 1, SD 1, CD 1 to fund the award.

MISCELLANEOUS COMMUNICATIONS

The following miscellaneous communication (Misc. Com. No. 4) was received by the Clerk and was placed on file:

Misc. Com. No. 4, from the Honorable Ronald D. Kouchi, President of the Senate, and the Honorable Scott K. Saiki, Speaker of the House of Representatives, dated May 7, 2020, transmitting a Joint Signed Memorandum reconvening the 2020 Legislative Session on Monday, May 11, 2020, pursuant to S.C.R. No. 242, as follows:

"May 7, 2020

MEMORANDUM

TO: Members of the Senate and House

FROM: Senate President Ronald D. Kouchi /s/

House Speaker Scott K. Saiki /s/

RE: Reconvening of the 2020 Legislative Session

Pursuant to Senate Concurrent Resolution No. 242, the Legislature recessed the 2020 Legislative Session beginning March 17, 2020. SCR 242 allows for the Senate President and the Speaker of the House to reconvene the 2020 Legislative Session by joint signed memorandum.

Please be advised that pursuant to SCR 242 and with this joint signed memorandum, the 2020 Legislative Session will reconvene on Monday, May 11, 2020. Senate floor session will begin at 11:30 a.m. and House floor session will begin at noon."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I can't emphasize the importance of this bill enough. In strong, strong favor. This is the only bill that we have before us that mentions by its name, at least as far as I know, COVID-19. This is not only by its title, very valuable. I want to commend the Chair of Human Services for bringing this forward, as well as the Chair of Finance, as a way of, and this is the key to our future, testing. Testing the long-term care facilities should, I would hope, lead to testing of even our employees who are sometimes fearful to go to work, thinking that maybe one of their colleagues has been exposed. Case in point, Senator Nishihara.

"And now especially, this is more that you're going to hear from the Representative of District 40 and myself, that those who think that Hawaii is not safe to visit, they will not come. If they don't feel it's safe, they won't come. So, the testing that this bill kicks off, Mr. Speaker, I hope will have a rippling effect. That everybody who gets on an airplane, 72-hours prior to that will either be at a CVS or a Walgreens to be tested, so when they come here it won't be like the good people of Molokai who say, tourists go home and take your disease with you. We've got to prevent that.

"And if you heard the quote today that was in Civil Beat about rioting, Mr. Speaker, we have to take testing very seriously, and this is the beginning of that long journey up the mountain. It's a foothill, but it's an excellent bill. For those reasons, Mr. Speaker, I hope this bill really goes far and meets implications, as I've indicated, for tourism. Thank you."

Representative Cabanilla Arakawa rose to disclose a potential conflict of interest, stating:

"Request a ruling on a potential conflict, Mr. Speaker. My company does COVID-19 testing," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2102, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE EXECUTIVE OFFICE ON AGING," passed Second Reading and was referred to the Committee on Finance, with Representative Thielen being excused.

Representatives Mizuno and San Buenaventura, for the Committee on Health and the Committee on Human Services & Homelessness, presented a report (Stand. Com. Rep. No. 1120-20) recommending that S.B. No. 2458, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Takayama, for the Committee on Public Safety, Veterans, & Military Affairs, presented a report (Stand. Com. Rep. No. 1183-20) recommending that H.C.R. No. 64 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.C.R. No. 64, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE ESTABLISHMENT OF A WORKING GROUP TO STUDY THE FEASIBILITY OF BUILDING AN ADDITIONAL WORK FURLOUGH CENTER ON THE PRESENT SITE OF THE OAHU COMMUNITY CORRECTIONAL CENTER ONCE THE OAHU COMMUNITY CORRECTIONAL CENTER HAS BEEN RELOCATED TO HALAWA," was referred to the Committee on Finance, with Representative Thielen being excused.

ANNOUNCEMENTS

Representative Luke: "Thank you, Mr. Speaker. The Committee on Finance will continue our public hearing on the two bills we have posted, that is S.B. No. 75, SD 2 and S.B. No. 3139, SD 1. The hearing will be today, May 11 at 2:00 p.m. in the Auditorium.

"We have received all written testimony so far. Once we had reviewed the written testimony, we have seen some contradictory or conflicting testimony from the departments, contrary to their public opinion, and I think it would serve both the public and the legislative members well by calling them in for Q&A, so we will also be doing an extended hearing tomorrow.

"Today's hearing will just be on taking in the testimony, tomorrow will be Q&A based on their written testimony submitted. It's invitation only, and we will be providing them an opportunity, the various departments in question, an opportunity to either testify in person or via Zoom. But because of social distancing, we will probably do it by Zoom.

"We wanted to just let the committee know, so if I could ask for a waiver of the 48-hour notice requirement to continue our hearing tomorrow. We will have our hearing today, but it will be a continuation for further questioning tomorrow. Tomorrow, Tuesday, May 12, 2020, 2:00 p.m. in the Auditorium," and the Chair "so ordered."

Representative Luke: "Thank you very much. And decision making on these two bills will be on Wednesday, but time is to be determined depending on whether we want to take action prior to the Senate coming in at 11:30 a.m. or not, if we are able to process our committee reports. So, that will be on call and I will make further announcements tomorrow. Thank you very much."

Representative Ward: "Mr. Speaker, in view of my colleague that I referenced earlier, Representative McDermott, if any of you see him using a cane, it's a warning to all of you, when you lift weights, don't try to do 200 to 300 pounds if you're not ready for it. So, when you see him, sympathize with him. It's his exercise, when he got cooped up he had to pump iron, and he just pumped a little bit too much. Thank you, Mr. Speaker."

Representative Belatti: "Thank you, Mr. Speaker. Not as colorful an announcement. All members, we are going to have caucus following adjournment today. All members, caucus here on the Floor following adjournment. Thank you."

Representative Luke: "Thank you, I also have another announcement regarding unemployment insurance. Unemployment insurance on a daily basis, even if you filed the initial application, you still need to file your weekly certification. At some point in time your claim will tell you if it has to be bi-weekly or weekly. So, this is so that I can pass on the information to you folks, because I think you folks have been getting a lot of unemployment questions. And one of the biggest complaints is that even if they file for unemployment, they're having a hard time doing weekly certification because the traffic on the system is so heavy.

"What I wanted to announce is that as of Saturday, they have switched on to what is known as a shadow system. So, as opposed to the unemployment office being able to accommodate about on average between 12,000 to 15,000 filings, as of yesterday, just yesterday, they were able to accommodate 65,000.

"So, we have received a lot of calls when a bunch of us were at the call center this morning that they did see that their certification did go through and they're being processed. Once it shows up that it's being processed, it will take a while for it to show up on the bank account. So, if people are having a hard time getting onto the system, if you could also relay back to your constituents that DLIR has upgraded their IT systems, so they should be able to get on and ask them to get on.

"If they are having a hard time getting onto the call center, so this is the other thing, the call center, when we stood up the call center, it started out with 60, now we are able to take in 250 volunteers, so we have about 200 people at the call center this morning. As a comparison to the wait time when it was first set up, the wait time was, you couldn't even get in. But if you were one of the lucky ones to get on queue, you waited about two hours or more. The average wait time, as of this morning from 8:00 a.m. to when I left at 11:00 a.m., it was about 15 minutes.

"So, if people have questions, ask them to call the call center. If people have outstanding verification, please ask them to file their verification. This is the best way that you can help your constituents, just ask them to call or file online. Because what people don't realize is that even after you file your initial claim, that doesn't mean it's automatic, you have to file your weekly verification. Thank you."

ADJOURNMENT

At 12:26 p.m., on motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the House of Representatives adjourned until noon tomorrow, Tuesday, May 12, 2020. (Representative Thielen was excused.)

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote, brief comment, please. Mr. Speaker, Oahu, Hawaii in general, has a waste problem, particularly Oahu has a waste problem. This bill will effectively prevent the expansion of most, if not all, of the existing landfills. We need additional facilities for the expansion of what we have so far. And according to the Department of Environmental Services, which has identified 11 potential new sites for facilities and waste, these will all be eliminated by this particular bill, Mr. Speaker. I think we need to go back and rethink this. This should be in one of those places where we put it in the, what do they call it, the parking lot, you discuss it more, then you come back and make a decision. For those reasons, Mr. Speaker, a no vote please. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2386, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WASTE MANAGEMENT," passed Second Reading and was referred to the Committee on Finance, with Representative Ward voting no, and with Representative Thielen being excused.

Representative Belatti moved that the report of the Committees be adopted, and that S.B. No. 2060, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, also a no vote with a brief comment. This is an issue that according to Hawaiian Electric, if this bill passes, it will increase our utility rates, i.e. our electrical bills, of which if you recall, Mr. Speaker, your speech, the first day that we were in this building in 2020 in January, we said we're going to really pay attention to the cost of living. This is one of those increases. It should be *kapu,* it should be taboo, and it should be a no vote, and I respectfully ask for that. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2060, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COASTAL ZONE MANAGEMENT," passed Second Reading and was referred to the Committee on Finance, with Representative Ward voting no, and with Representative Thielen being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1192-20) recommending that S.B. No. 3080, SD 3, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3080, SD 3, HD 1 pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"I stand in strong support, Mr. Speaker, because I hope this bill is a signal to the Judiciary that if they continue to let people, violent criminals, out of their jail, out of the prisons, that they will know that this body does not necessarily agree with that or approve of it. So, I think it's a great gesture. And I'm still shocked from the announcement that came over this floor yesterday, that sex offenders were now included in those that were being released. And hopefully this will be a great shot across the bow for a little bit of we exercising, also as the third branch of government, that some of that stuff allows them to make policy rather than we, the policy makers, in this particular body. So, thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3080, SD 3, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," passed Second Reading and was placed on the calendar for Third Reading, with Representatives D. Kobayashi and Thielen being excused.

RE: RECOMMENDATIONS TO HOUSE SELECT COMMITTEE ON COVID-19

Aloha Gentlemen:

Thank you for leading this committee. The opportunity to listen to the many distinguished members share their wisdom, ideas and concerns has been quite illuminating.

In this regard, I have prepared a set of recommendations for re-opening the visitor industry; it is a policy framework as a departure point for implementation. While many ideas have been floated, I have not yet seen a plan; specifically, a set of ideas to protect our local residents from importation of the virus.

As an island state, we have options and opportunities that can keep the incoming viral load at bay (literally and figuratively). We must aggressively insist on the testing of all travelers within 72 hours of their departure to Hawaii. Great Britain has announced they are going to require testing of air travelers. Taiwan requires testing of travelers from risk areas. Although these are countries, they are also islands like our State.

In my view, not requiring tests, when we can, is neglecting the duty we owe to the people of Hawaii. I submit this to you both and the committee, with the utmost respect.

With much aloha,

Rep. Bob McDermott

EXECUTIVE SUMMARY
KEEPING HAWAII SAFE FOR TRAVEL

Representative Bob McDermott

We cannot re-open tourism without COVID-19 tests for ALL arrivals.

The purpose of this document is to provide recommendations to the House Select COVID-19 Committee and the Executive Branch as a starting point for bringing the visitor industry back to strength and Keeping Hawaii Virus Free.

Representative Gene Ward and I have had private conversations with Airline and Hospitality Industry leaders. We have implored them to "take the lead" about safety measures and testing. They are talented and can develop a system far better than a government mandate developed by non-business folks. To date, none have expressed a desire to get out in front and lead.

Hawaii has a huge marketing advantage by being geographically isolated. By implementing this plan, we can advertise Hawaii as essentially COVID-19 free. Travelers will gladly pay a premium for airfare and accommodations knowing that a rigorous testing system is in place. We owe it to our employees in the visitor industry to keep them, and their families, infection free.

As a member of the committee, I have had a front row seat to observe some of the best minds in the state of Hawaii discussing the challenges their various industries are facing. Through it all, I have yet to see anyone address the elephant in the room ***in detail*** - how do we bring visitors back without having a surge of new COVID-19 cases? Fully one-third of our economy has evaporated. We need to rectify this, at least partially, immediately.

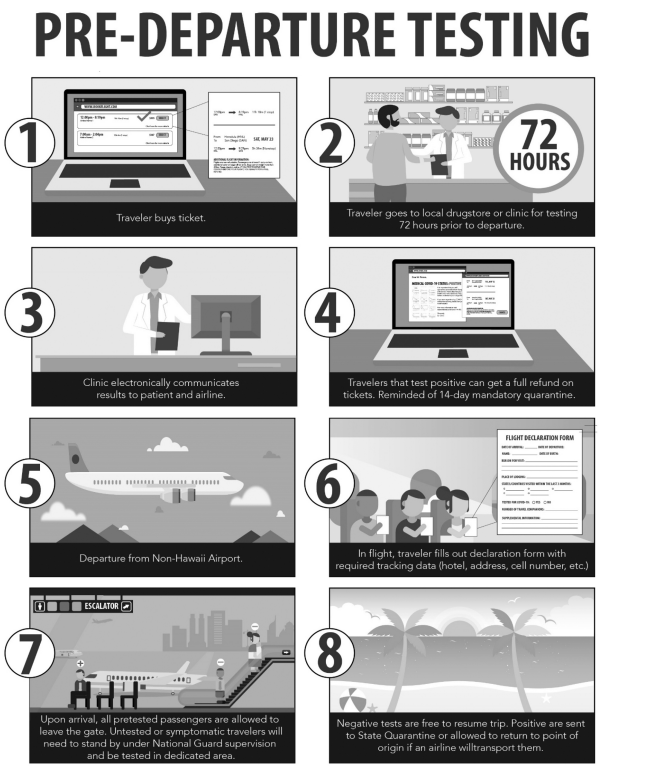

The House Select COVID-19 Committee is a policy committee, generating ideas, suggestions and formulations that the Legislative and Executive branches may or may not implement. The Ige Administration's participation in these meetings has been inconsistent. This, combined with some obvious friction, leads me to believe we need a more clear and concise voice to chart the path forward.

The Minority recommendations are a simple framework. We do not go into the mechanics of each implementation, nor too much detail into cost or other issues. We believe the implementors are in the best position to figure those out. This is a policy outline to present the vision that it can be done. While we have been working on this since early April, we have seen a groundswell of support building through public comments. We only get one chance to reopen the visitor industry. Let's do it correctly!

COVID-19 TESTING FRAMEWORK

1) Governor David Ige must petition the Federal Government to require all Hawaii bound passengers be tested within 72 hours prior to arrival. Until then we will implement the following steps.
2) Request ALL travelers be tested up to 72 hours prior to their departure to Hawaii. Travelers can get a rapid test and have the negative results electronically transmitted to the airline with an identifying record number. Travelers that test positive shall receive a full refund of airfare and not travel to Hawaii.
3) All travelers receive a temperature screen and board the airplane with negative COVID-19 test results bound for Hawaii.
4) While we cannot legally mandate testing nor infringe one's right to travel, we can ensure travelers are aware of the consequences of not being tested prior to arrival. We shall inform travelers they have a final chance to obtain a COVID-19 test at the airport or they will quarantine for 14 days. Testing at the airport will be cumbersome and could take up to 12 hours. If the traveler tests positive, they will be quarantined.[1]
5) The first preference is for travelers to be tested prior to departing for Hawaii but back up airport testing will be available for those who arrive without being tested. The National Guard shall oversee this effort. We suggest they use Abbott Rapid test machines. A sufficient quantity (100 Machines @ 4 tests per hour/ 400 *24 = 9600 per day capacity) should be available within 30 to 60 days to meet the residual demand of arrivals who are not already tested.
6) National Guard shall assist in the enforcement of the quarantine of ALL non-tested or positive testing arrivals. Quarantine must be strict as outlined in our letters to the Governor (attached) and must include returning Hawaii residents. The state shall designate a safe location for the quarantine. We suggest that this be run by MG Hara and the National Guard. Gov. Ige said the 14 Day-Quarantine was a huge success. It was a success in the sense of keeping visitors away, but in tracking visitors and returning residents, it has proven unenforceable and ultimately useless.
7) In addition to predeparture testing, the airline shall ensure travel declaration forms are submitted, accurate and verified. This is critical in case contact tracing is required. The Department of Health (DOH) shall oversee the contact tracing efforts when needed.
8) Visitors shall be tested every seven calendar days by a local testing facility approved by the DOH during their stay.
9) To ensure the safety of airport, airline and travel-related employees all departures require testing.
10) All visitor industry employees shall be tested once a week. Testing shall be free to employees and coordinated by the employer and respective labor groups.

COVID-19 TESTING FEASIBILITY

Abbott and other manufacturers are quickly ramping up production of COVID-19 tests to make widespread testing available as early as July 2020. The public's ability to access tests is key to reopening Hawaii for tourists. Those who can show that they have a negative COVID-19 test within 72 hours of arriving in Hawaii will not have to quarantine for 14-days upon arrival.

Abbott ID NOW is the only rapid testing technology currently available for use in the state of Hawaii. Abbott recently announced they have increased the manufacturing and shipping of their testing products to all fifty states including Washington D.C., Puerto Rico, and the Pacific Islands. Abbott's ID NOW system yields quick results with positive results detected in as little as five minutes and negative results in 13 minutes. Abbott is currently manufacturing 50,000 ID NOW tests per day, with a plan to increase its capacity to 2 million a month by June 2020.

The Hawaii Department of Health State Laboratories has distributed a total of 12 Abbott ID NOW COVID-19 machines to all counties. Six have been sent to county medical systems (two each to DOH District Health Office laboratories on Kauai, Maui and Hawaii) and six to clinical laboratories and health systems on Oahu (two each to Diagnostic Laboratory Services, Clinical Laboratories of Hawaii, and Kaiser Permanente).

Bosch Healthcare Solutions has also developed a rapid testing instrument, known as a Bosch Vivalytic Analyzer for COVID-19, which can detect a COVID-19 infection along with nine other respiratory viruses in under 2.5 hours. Like the ID NOW test, samples are taken from a patient's nose or throat with a swab, then inserted into a cartridge containing all the essential elements required to identify the virus. Analyzers can perform up to 10 tests in the span of 24 hours.

BioMedomics has developed one of the world's first rapid antibody testing kits to detect IgM and IgG antibodies by a finger prick (capillary) or by venous (vein) blood, serum, and plasma samples. Results can be detected in 10 to 15 minutes per test, and no special equipment is needed. On May 4th, 2020 the FDA authorized the distribution of this product for use in laboratories that are capable of processing high-complexity testing, so distribution is just beginning. Because this is only an antibody test, suspected infected patients would be required to get a COVID-19 test.

THE RISKS OF NOT TESTING BEFORE ARRIVAL

AIRPLANES

Breathing in the same air for hours at a time and being in such close proximity, untested passengers in airplanes pose a potential risk of transmitting the virus to crew members and other passengers.

AIRPORT DEPARTURE/ARRIVAL LOUNGE AREA

With hundreds of passengers, crew members, and airport workers frequently passing through, the virus can easily be transferred onto lounge seats, escalators, and other surfaces.

OUR LOCAL WORKFORCE

Upon arrival, untested passengers are in direct contact with our local workforce - airport, transportation, hotel and restaurant staff.

OUR LOCAL RESIDENTS

Untested residents returning home from other states or other countries could spread the virus within their local communities.

SUMMARY AND CONCLUSION

By Representative Gene Ward

The goal behind these recommendations is to safely open Hawaii's economy.

Hawaii must establish procedures to become a safer place to visit. We must overcome the psychological barrier of the fear of contracting COVID-19 felt by those returning to work in the visitor industry or visiting Hawaii.

The saying, "if we build it – they will come" is now more applicable as "if they don't feel safe - they won't come."[2] Testing all visitors within 72 hours of traveling to Hawaii, with no exceptions, is imperative. To reestablish Hawaii as a safe place to visit, we must first assure safe air travel. Likewise, our airport and hotel and rental car employees must feel safe when travelers exit our airports for lodging, working, or playing. Any break in the chain of safety will slow the recovery of our economy both domestically and internationally.

The framework we are suggesting starts with the psyche of people trying to decide when, if, and where they will travel. A recent study of Americans indicates a small number of people will be traveling between now and the end 2020, with the year 2021 as the only time a majority felt that they would likely travel or begin vacationing again.

Hawaii scores high on safety compared to other places around the world. Hawaii has enjoyed one of the lowest infections and death rates of the COVID-19 virus, but so have places like Thailand, New Zealand, Taiwan and American Samoa – where not a single case has appeared. Though these virus-safe destinations are not major visitor destinations, they will attract a certain number of visitors because they are "safe."

Our goal is to keep Hawaii at the top of the list of safe places to visit. To do so will require a scientific approach heavily based on psychology to let people know of the safety precautions Hawaii has put in place. Naysayers will try to promote a type of "null hypothesis" that testing or not testing will make no difference to our visitor industry or our local workers. They will also claim that a COVID-19 test taken before boarding the plane could also expose passengers to the virus because of possible re-exposure in the interim 72 hours after the test.

This opposition against testing will endanger the entire reopening of the Hawaii economy because:

[2] *Based on Maslow's Hierarchy of Needs: "Feeling safe" is one of our basic and evolutionary needs and drives a desire as a primary concern for our well-being and that of our loved ones. This drive is carried over into user and consumer behavior. For this reason, products must not only be sold to us with strong indications that they will protect us from potential threats, but they must also back these claims up with clear evidence that they do, in fact, offer some protection and/or 'shelter'. Consequently, what we do as designers in this regard is vital.*Source: McKay, E. (2010) http://www.uxdesignedge.com/2010/06/are-you-sure-how-to-write-effective-confirmations/*

- It assumes the task is too massive, impossible to implement, and even contact tracing is already too difficult for our state agencies to manage; and
- Not testing passengers allows people to board a plane with no health considerations or stipulations and discount prices will continue to reign supreme; and
- Not testing also sends the message that our residents are not important because they will be exposed to infected tourists; or
- Local hotel and other visitor industry workers will feel threatened by tourists who may be virus carriers; and
- If a second wave of COVID-19 is caused by untested tourists will create an anti-tourist sentiment in the community.

Hawaii already knows about the dangers that can tear at its social fabric. One need only recall the history of diseases brought to Hawaii in the past when the whaling ships and the cargo boats of sandalwood visited our shores and devastated the native population. This memory though dormant, could resurface if this virus is not stopped at our shores. We have already seen signs of this type of backlash to COVID-19 on the island of Molokai where locals have protested the arrival of visitors who might possibly be COVID-19 infected.[3] Magnify the Molokai situation and you have a very volatile Hawaii with a backlash against visitors because of the suspicion that they are the carriers and none of them have been tested.

While testing will not be 100 percent effective, it has the best probability of protecting us against outside carriers to our shores. The testing requirements outlined in this roadmap are the best and most viable solution to reopening a tourism economy that is vulnerable, volatile and could result in a serious backlash from our community – which in turn will cause visitors to turn away.

The bottom line is this: the health of our economy depends on COVID-19 testing. If we are serious about restarting the visitor industry, all incoming travelers must be tested within 72 hours of arrival. Our future economic prosperity as well as civil tranquility depend on it. On May 11th during a House committee hearing Maj. Gen. Kenneth Hara, incident commander for Hawaii's coronavirus response, warned about the possibility of rioting in Hawaii if "we let the economy go the way it's going."[4] Hawaii has lived off its beauty in the past, and if we are wise about reopening, we will have to lean heavily on public health and safety.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 75, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO APPROPRIATIONS," passed Second Reading and was placed on the calendar for Third Reading, with Representatives D. Kobayashi and Thielen being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1194-20) recommending that S.B. No. 3139, SD 1, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 3139, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Second Reading and was placed on the calendar for Third Reading, with Representatives D. Kobayashi and Thielen being excused.

ANNOUNCEMENTS

Representative Ward: "Mr. Speaker, I feel strongly enough to make an announcement about a speech that I was going to give about we are doing $36 million worth of budgeting for testing of contact tracing, but there's nowhere in that particular area where, in effect, we have COVID-19 testing. If we're going to open up and be an economy with a visitor industry, we've got to put some of that testing money into that area, otherwise we are never going to open up.

"I know I am using, and I hope not abusing this, but I feel very strongly. If we don't do that, it's going to be, if they're not safe, they're not going to come. It's not going to be if we build it they will come. It's not going to work out. And that testing, $36 million is huge for contact tracing, but we need to do it for the sake of testing people before they get on the airplane, so our people here are not endangered as well as those people who are, in effect, in the airplane, circulating all the air directly.

"My apologies to anybody, but this is a big issue. This is about a trillion-dollar economy, that if we don't get it right, the state is not going to open up and put our workers back to work. Thank you, Mr. Speaker."

The Chair addressed Representative Ward, stating:

"Representative, Senate Bill 3139 will be up on the floor on Monday for third reading, so you'll have an opportunity there to make remarks."

Representative Cabanilla Arakawa: "Mr. Speaker, I just wanted my colleagues to know that there are five places, whereby they received $2 million grant from the Federal Government, the five different places that their constituents who are uninsured can go to for free testing. Waikiki Health Center, Waimanalo Health Center, Kokua Kalihi Valley Health Center, Kalihi-Palama Health Center, and Waianae Coast Comprehensive Health Center. Anybody that has no insurance that would like to have free testing, those are the places they can go."

ADJOURNMENT

At 12:16 p.m., on motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the House of Representatives adjourned until noon Monday, May 18, 2020. (Representatives D. Kobayashi, Quinlan, and Thielen were excused.)

THIRTY-NINTH DAY

Monday, May 18, 2020

The House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, convened at 12:07 p.m., with Speaker Saiki presiding.

The invocation was delivered by Representative David A. Tarnas, after which the Roll was called showing all members present with the exception of Representatives McDermott, Nakashima, and Thielen, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Thirty-Eighth Day was deferred.

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the rules were suspended for the purpose of considering certain Senate Bills for Third Reading by consent calendar. (Representatives McDermott, Nakashima, and Thielen were excused.)

THIRD READING

S.B. No. 3080, SD 3, HD 1:

Representative Belatti moved that S.B. No. 3080, SD 3, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, support, brief comment. Mr. Speaker, this is, as indicated in the second reading, this is a shot across the bow of the Judiciary for their get out of jail free cards. I wish to insert additional comments in the Journal, if I may? Thank you."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. I support this measure as a matter of the constitutional separation of powers. The Legislative branch is the policymaking one. As we've seen repeatedly in the news and in emails from our constituents, the release of prisoners under the guise of this pandemic is an atrocious public policy that has compromised the safety of our residents.

"I further support that the vacancies will remain, so that the Judiciary can provide their critical services when funds open up and our economy restarts.

"The separation of powers is crucial to the American experiment and I commend the hard work of the Finance Chair on this bill. *Mahalo*."

Representative Matayoshi rose to speak in support of the measure, stating:

"Strong support, brief comment. I do believe that this is a good and necessary bill. I do think though that we need to get the specific criminal charges against each person reported to the Legislature as well. If I could insert brief written comments as well? Thank you."

Representative Matayoshi's written remarks are as follows:

"I strongly support this bill, but I believe the language should be more explicit in reflecting the Legislature's intent to obtain the specific crime or crimes each inmate was convicted of. The bill asks for the 'inmate's criminal status before release,' which I interpret to mean the specific crimes that inmate was convicted of which led to that inmate's incarceration. I encourage the Judiciary to send this specific conviction information to the Legislature. Broad categories will not help the Legislature as a felony can be a range of crimes, from voter fraud to murder. We need to make sure we are keeping our communities safe and not releasing criminals who would endanger our residents."

Representative Matsumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"I am compelled to comment on the provision in this bill requiring the Judiciary to submit a weekly report to the Legislature including information for all inmates released pursuant to Supreme Court orders. Although all motions for early release have now been reviewed and either approved or denied, this information is crucial to determine whether these releases did more harm than good.

"The early releases occurred with little to no information provided to the public or the Legislature. The releases occurred in spite of the protests of the prosecutor's offices. Additionally, the reason provided for the releases, to prevent an outbreak of COVID-19 in the prisons, was never a valid concern since there have been zero cases in any of Hawaii's correctional facilities.

"This new reporting requirement forces the Judiciary to provide weekly information to the Legislature. The report must contain information regarding the inmate's address, conditions of release, criminal status, and whether the inmate is arrested after release, among other items.

"Several of those released pursuant to the court order have already reoffended. Some have even committed violent crimes. Our constituents deserve to be kept informed and safe from crime. When the public defender's office was initially questioned about the early releases, the public was assured that only non-violent criminals would be released, however this was not true.

"Although I am opposed to these early releases, I do appreciate that information will be required weekly. This provides some assurance that the former inmates are being monitored in some way."

The motion was put to vote by the Chair and carried, and S.B. No. 3080, SD 3, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Say voting no, and with Representatives McDermott and Thielen being excused.

S.B. No. 75, SD 2, HD 1:

Representative Belatti moved that S.B. No. 75, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and a brief comment again, repeating what I had said in the second reading last Friday. We have $36 million for thermal testing. Thermal testing is basically a halfway house of COVID-19 testing, of which I would love to see. And ultimately, that is going to be the way that we're going to be able to open our tourism industry.

"Everyone in the House will get a copy of what otherwise is a game plan to hopefully be able to push and make thoroughly understood, if people don't feel safe, they're not going to come. And if we get a second wave and have to shut down the economy again and shut down the society, we're going to be really, really be in deep trouble.

"So, what we see now is a $1billion to $2 billion deficit, it could even be worse, Mr. Speaker, if we don't get it right. And that's what we're going to circulate as a framework on how to get it right. Thank you. Mr. Speaker, may I insert comments into the Journal? Thank you."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. My reservations on this measure are centered around the lack of COVID-19 testing directed toward the Department of Health. I applaud the hard work of the money committee chairs and am in full support of dispersing federal funds to the counties, allowing them to use the money as they see fit for their communities.

"The biggest unknown before our tourism economy opens is how we will prevent a second wave of this virus to our local population and prevent another shutdown of our society. The key to that is to test visitors for

COVID-19 before arrival and to increase our testing capacity of the virus in order to ensure that those visiting our islands are COVID-free. While not 100% foolproof, funding for COVID testing and requiring passengers to test before arrival gives Hawaii the opportunity to lead the world as we begin to open up.

"I reference the plan, Making Hawaii Safe for Travel, that the Representative from Ewa Beach, who serves as the minority member on the House Special Committee on COVID-19, and I have worked on over the past few months, which was submitted to the committee on May 18th.

"The plan serves as the basis for my reservations and I would like this to remain in the record as this body continues to navigate through an unprecedented period in our history. *Mahalo*."

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Matsumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Mr. Speaker, I rise in strong support of S.B. No. 75, Relating to Appropriations.

"This bill and the other pieces of legislation we're about to vote on today represent this body's commitment to serving the people of Hawaii during this difficult time. When we started this session back in January, none of us could have predicted where we'd be today. Despite the challenges of the last several months, I'm encouraged and thankful for the way we've been able to find and fund the most essential parts of state government without raising taxes, cutting the salaries of essential workers, or other more drastic measures. I look forward to continuing to work with this body to pursue a swift and dynamic economic recovery for the people of Hawaii. For those reasons, I am in support of the legislation we're passing today to support our constituents. *Mahalo*."

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"I rise in strong support of Senate Bill 75, House Draft 1.

"We are in challenging and uncertain times that call for steady leadership that both addresses the immediate and pressing needs of individuals and lays the foundation so that we can ensure recovery and rebuilding of our community. This bill – along with the other six bills being considered during this re-convening of the 2020 Hawaii State Legislature – accomplishes these goals by prudently dealing with the economic crisis we are facing.

"This bill will provide immediate relief to residents and families in need through the appropriations of federal monies to the counties from the Coronavirus Aid, Relief, and Economic Security (CARES) Act passed recently by Congress. Altogether, Hawaii, Maui and Kauai Counties are receiving over $164 million through this bill. Over $63 million of these funds will go to direct community assistance in the form of housing assistance, childcare grants, food distribution, microbusiness loans, and farmers' relief programs. Coupled with the $147 million of the City and County of Honolulu's portion of the CARES monies they received directly from the Federal Government, over $210 million will be provided in direct relief to the people of Hawaii, and will be disbursed by the counties as they are better situated to move these funds quickly and in a targeted manner for their residents.

"This bill also lays the foundation for recovery by investing monies into statewide systems that directly shore up the safety net programs that will be needed in the months ahead. The Department of Labor and Industrial Relations has been appropriated $1.36 million for the Pandemic Unemployment Assistance Program and $8.154 million to fund three additional hearings officers, thirty claims assistants, and nine auditors who will ensure that unemployment claims can be resolved and needed unemployment assistance will get to qualified unemployed individuals. Two million dollars will be utilized by the Department of Human Services to ensure that their Supplemental Nutritional Assistance Program (SNAP) and Financial Benefits technology systems will be fully functioning as more people require the need for ongoing assistance while the course of COVID-19 continues and our economy slowly reopens in the months to come.

"Finally, Senate Bill 75, House Draft 1 invests monies in much needed public health infrastructure that will enable us to reopen our economy with stronger tools to identify and hopefully mitigate the spread of COVID-19 which will happen as stay-at-home orders are lifted and we move towards a post-COVID-19 world. These include investments of $14 million for outbreak control, contact tracing programs, and personal protective equipment to the Department of Health and $36 million to thermal screening programs to the Department of Transportation.

"There are still many difficult decisions ahead of us. The spending of $635,986,000 that has been placed into the State's emergency and budget reserve fund or the Rainy Day Fund will still need to be considered as the State's safety net resources will be strained from continued pressures placed on unemployment, Medicaid, food, financial, and housing benefit programs. But as we receive clearer guidance from the Federal Government on how federal funds – not just CARES monies – can be spent to shore up the various sectors of our state's economy and we better understand the State's revenue losses, the passage of Senate Bill 75, House Draft 1 will help to position our state to better respond and make informed decisions that can help our state's longer-term recovery.

"For these reasons, I strongly support Senate Bill 75, House Draft 1."

Representative Nakamura rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. I just want to say that S.B. No. 75 includes funding for the neighbor island counties that did not receive a direct CARE grant funding as Honolulu did. So, this is critical for the neighbor islands. And I know for Kauai, the Kauai team is looking at using these funds for response, recovery, and resiliency. And knowing that funds have to be spent by the end of the year, they're going to be looking strategically at addressing the needs of the community. So, these funds are very much needed. Thank you."

The motion was put to vote by the Chair and carried, and S.B. No. 75, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO APPROPRIATIONS," passed Third Reading by a vote of 49 ayes, with Representatives Say and Ward voting aye with reservations, and with Representatives McDermott and Thielen being excused.

S.B. No. 3139, SD 1, HD 1:

Representative Belatti moved that S.B. No. 3139, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 3139, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Third Reading by a vote of 49 ayes, with Representative Say voting aye with reservations, and with Representatives McDermott and Thielen being excused.

At 12:16 p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 3080, SD 3, HD 1
S.B. No. 75, SD 2, HD 1

Sen. Com. No. 532, transmitting S.C.R. No. 243, entitled: "SENATE CONCURRENT RESOLUTION RELATING TO AN ADDITIONAL DATE OF RECESS FOR THE REGULAR SESSION OF 2020," which was adopted by the Senate on May 19, 2020.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.C.R. No. 243 was adopted, with Representatives Brower, Gates, Holt, Lowen, McDermott, Quinlan, and Thielen being excused.

ORDER OF THE DAY

ANNOUNCEMENTS

Representative McKelvey: "Mr. Speaker, we lost one of our own native sons last night, William Kahaiali‘i, known affectionately as Willie K. He lost his valiant battle with cancer. He touched many people's lives with his gift of music and through his amazing craftsmanship beyond the stage itself. And I'd just like to ask for a moment of silence when appropriate to remember him."

Speaker Saiki: "We will take a moment of silence after we adjourn the floor session."

Representative Takayama: "Mr. Speaker, just an announcement for members that our House Public Safety, Veterans, & Military Affairs Committee will hold an informational briefing tomorrow at 1:30 p.m. People can watch on Olelo if they wish. It will be on the subject of inmate releases as ordered by the Hawaii State Supreme Court in response to the COVID-19 pandemic. Thank you."

ADJOURNMENT

At 12:34 p.m., on motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the House of Representatives adjourned until noon Thursday, May 21, 2020. (Representatives Brower, Holt, Lowen, McDermott, Quinlan, and Thielen were excused.)

HOUSE COMMUNICATIONS

House Communication dated May 19, 2020, from Brian L. Takeshita, Chief Clerk of the House of Representatives, to the Honorable President and members of the Senate, informing the Senate that the House gives its notice of intent to agree to the amendments made by the Senate to the following House Bills:

H.B. No. 117, SD 1
H.B. No. 1631, SD 1
H.B. No. 2200, HD 1, SD 1
H.B. No. 2725, HD 1, SD 1

FORTY-FIRST DAY

Thursday, May 21, 2020

The House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, convened at 12:26 p.m., with Speaker Saiki presiding.

The invocation was delivered by Representative Lauren Matsumoto, after which the Roll was called showing all members present with the exception of Representatives Eli, McDermott, and Thielen, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Fortieth Day was deferred.

ORDER OF THE DAY

FINAL READING

Representative Belatti moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Morikawa and carried: (Representatives Eli, McDermott, and Thielen were excused.)

H.B. No. 2200, HD 1, (SD 1)
H.B. No. 117, (SD 1)
H.B. No. 1631, (SD 1)
H.B. No. 2725, HD 1, (SD 1)

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the rules were suspended for the purpose of considering certain House Bills for Final Reading by consent calendar. (Representatives Eli, McDermott, and Thielen were excused.)

FINAL READING

H.B. No. 2200, HD 1, SD 1:

Representative Belatti moved that H.B. No. 2200, HD 1, SD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I wanted to stand in support of House Bill 2200, HD 1, SD 1. It is with some sadness that I am voting in support of House Bill 2200, HD 1, SD 1. Due to the situation that we are in caused by the COVID-19 virus, the Legislature is in a difficult position to figure out ways to fund the needed programs and services that the state government provides.

"This budget is in working with the Senate and to find ways to ensure that some of our essential services continue, and part of that hard discussion will be to eliminate vacant position and find lapses, at least for the short term, just to get a better handle on many of the budget needs. With the passage of House Bill 2200, HD 1, SD 1, the Legislature will continue to work to ensure that some of our critical services, including homeless services, elderly services, and hospital needs, be met, and the agreement between the House and the Senate that we will return in June to find ways to additionally fund some of the essential services.

"We just wanted to thank all the members for your assistance and your patience as we work through this challenge together. I wanted to thank the members of the Senate, especially Senator Donovan Dela Cruz and his WAM staff for working really hard on working with the departments to find the various lapses and vacancies. And so with that, thank you very much to the members."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Mr. Speaker, as the Chair of Finance has indicated, because of the COVID-19, this is a special time for a special budget. I want to thank her for the astute analysis and logic that she's put into it.

"It's also an opportunity, because this is a time when we have to start opening our economy. And everyone in this House and the Senate has now a copy of Representative McDermott and my copy of Making Hawaii Safe for Travel. So, Mr. Speaker, I'm hoping that some of those funds will be able to be used for COVID-19 testing. Because yesterday the White House was very clear to the phone call they made to me that we now have the go ahead to do that, whereas before, it was always a bottleneck.

"So, Mr. Speaker, if we are going to build it, they will come. But if they don't feel safe, they won't come. So, Mr. Speaker, I hope that this budget satisfies that, but it's really to get our economy moving again that's going to allow us. And then there's another budget item here about all the extensive money that we are borrowing. If we're going to borrow the money, we are going to have to really crank up our economy, and the tourism industry is the first one to do that. For those reasons, Mr. Speaker, this is a good budget. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 2200, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Final Reading by a vote of 47 ayes to 1 no, with Representative Say voting no, and with Representatives Eli, McDermott and Thielen being excused.

At 12:36 p.m., the Chair noted that the following bill passed Final Reading:

H.B. No. 2200, HD 1, SD 1

At this time, the Chair stated:

"Members, we'll be taking a recess while the Clerk enrolls the budget bill with the Governor's Office."

At 12:36 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:49 p.m.

At this time, the Chair recognized the Clerk who announced:

"I have been informed by the Assistant Clerk of the House that at 12:40 p.m. on this day, H.B. No. 2200, HD 1, SD 1 has been duly transmitted by the Legislature to the Governor, pursuant to Article VII, Section 9 of the Hawaii State Constitution."

H.B. No. 117, SD 1:

Representative Belatti moved that H.B. No. 117, SD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. And as an unusual request, may I have my comments in the Journal, of which I request that there will be three points that I would request. Unfortunately, Mr. Funaki is retired, because yesterday I was told I couldn't do a floor amendment, which would have added 'and later,' meaning that we don't know what the economic conditions are now or probably by next summer. We may not know. So, that would be one of the reasons for.

"Secondly, it would be something that would make us, when there's others who are waiting in line for their pay, that we could probably give them a date certain. Because this one does give a date certain. So, add 'or later' would be what the amendment would have done. But I'll reserve my comments for the Journal and we'll pick it up in July or in June for when this goes in effect. Thank you, Mr. Speaker."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. While I support the freezing of salary increases for legislators, it seems imprudent to put a hard-stop date of when they will go into effect. As I stated on the floor of this chamber, I attempted to submit

a floor amendment for consideration, which would add the words 'or later' following the June 30, 2021 deadline.

"I was shocked to learn that I was disallowed by the Clerk to file such an amendment; this denial was unfair and unconstitutional and was reported to the House Attorney, who said I should been allowed to introduce a floor amendment for final reading. Hopefully this never happens again. The purpose of the amendment was to show others waiting in line for a pay raise that we too do not have a TIME CERTAIN with which to deserve a pay raise. Other pay raises for workers are pending, but our is fixed for next July 2021. Inserting 'or later' puts us on an equal playing field with all others and would have made the Legislature look better than the way the wording of the bill at present; plus, we don't know if our economy would support a pay raise next July 2021.

"Giving a buffer for the Legislature to deliberate ensures to the public, many of whom still may be recovering financially, that we as their elected representatives are mindful of the economic conditions and are not 'voting in favor of our own pay raises.'

"Public trust and confidence in this legislature to make decisions in their best interest is vital to good governance. I thus stand with reservations. *Mahalo*."

The motion was put to vote by the Chair and carried, and H.B. No. 117, SD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," passed Final Reading by a vote of 48 ayes to 1 no, with Representative Ward voting aye with reservations, with Representative Say voting no, and with Representatives McDermott and Thielen being excused.

H.B. No. 1631, SD 1:

Representative Belatti moved that H.B. No. 1631, SD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in support, brief comment. As some op-eds and some news has indicated, people are hurting out there. And I think we feel the pain of what the people are feeling out there. We are not denying any of those who are giving food or homeless or other kinds of sustenance to those who are in need of it, but this bill makes a big decision. Either we're going to borrow or we're going to cut. If we are going to cut, there's going to be salaries and there's going to be people, there may even be furloughs. And what this does is put us in a level of indebtedness that goes beyond what the 18.5 says in the Constitution that we can borrow. And for the next few years, Mr. Speaker, it's going to be hard to make this up.

"Here is what I'm saying, here's the bottom line, Mr. Speaker. We are doing the right thing now, but it really is an imperative for us to really crank up our economy. Mr. Speaker, we're going to have to grow ourselves out of a huge amount of debt that we are putting ourselves into, probably about $3 billion. And if we could cut regulations, if we could gut and streamline and promote entrepreneurship, we can do it. But right now, this is going to be a burden for the next number of years. It's the best way to go. It's not good, you get between a rock and a hard place, you either got to borrow a lot of money or you have to cut positions.

"Eighty percent of an economy is based upon spending. You have to keep the flow of funds within the pipeline. And this budget does that because it doesn't cut people's salaries. But, Mr. Speaker, we know that you've always got to pay the piper after you've borrowed or after you've used that. And that's what I'm fearful of.

"We've got to really gear up our economy. I hope everybody becomes a pro-development, pro-growth, pro-diversification, pro-entrepreneurship, pro-everything, so we could fill this *puka*. And some have said, oh well wait, the feds, there's a Pelosi bill that's going to give us another $3 trillion. I would say don't hold your breath on that one. I know there's a revenue shortage. And again, I say the White House has told me that every state is looking for that money, red or blue. But the probability of putting the United States Treasury into a $6 trillion deficit is probably not a high probability.

"So, Mr. Speaker, we've got to grow ourselves out of this. We can do that. And like a family or a small business, when they have hard times, they get a bridge loan, they do home equity, but they get over the hump. And Mr. Speaker, that's what this budget does for us. It's wise, it's not making everybody happy, but it's putting us in debt, and we've got to get ourselves, economically, to grow and to get out of that debt. Otherwise, our kids, our grandkids are going to be really, really burdened. Thank you."

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 1631, SD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE BONDS," passed Final Reading by a vote of 49 ayes, with Representatives Okimoto and Say voting aye with reservations, and with Representatives McDermott and Thielen being excused.

H.B. No. 2725, HD 1, SD 1:

Representative Belatti moved that H.B. No. 2725, HD 1, SD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Quinlan rose to speak in support of the measure, stating:

"Strong support, written comments."

Representative Quinlan's written remarks are as follows:

"Today I would like to give a very special *mahalo* to the Chair of the Finance Committee, as well as its Vice Chair for CIP. By fully funding Kahuku's new track and field, they are sending a strong message to the Koʻolauloa community that their voices matter."

Representative Say rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, once more with reservations with a few comments. On a very personal note, with reservations, I would like to have the members of the House realize that what we're passing today is the CIP budget. But more importantly in the increase that occurred in the Department of Transportation as far as projects.

"Let's not forget that the financing of the debt service will come from the landing fees, concession fees, *et cetera*, which is now hemorrhaging at the Department of Transportation, Airports Division. Also try to remember this, that at the harbors there is also the tonnage issue, as far as the tonnage of merchandise coming in from the West Coast has dropped. And that will contribute also to the effect, can we finance capital improvement projects for these two major divisions of the Department of Transportation.

"It is a concern for me because I can't see us getting ourselves more and more in debt without revenues coming in to pay what we have paid in the past, what we're paying now presently, and what we'll be paying in the future with the float of these special purpose revenue bonds or revenue bonds.

"So, in closing, for the members of the House, there's something for you to consider. But, in the meantime, I think maybe it is a stop gap measure in trying to see shovel ready projects take off. But I was very disappointed that we agreed with the Senate on a particular project in Wahiawa whereby in today's state budget we whacked that particular branch over $11 million in operating. So, you can build up the courthouse without personnel, and that's great. But I think we're doing a fantastic job as far as the state employees and the volunteers at the Department of Labor, Unemployment Division, because everything I think in the next future, the paradigm will probably switch, that maybe we don't need bricks and mortars, but working from home with tele. So, in closing, that's my reservations, Mr. Speaker. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Mr. Speaker, strong support, written comments please."

Representative Belatti's written remarks are as follows:

"I rise in strong support of House Bill 2725, Senate Draft 1.

"This bill is an investment in our future at a time when the grim realities of a crippled economy seem to overwhelm us. By investing more than $5.1 billion in projects across our state, we are going to build projects that improve our community, keep people working, and lay the foundation for a more livable Hawaii. The public infrastructure identified in this bill includes school projects, renovations and improvements to public libraries, additions and improvements to public healthcare facilities, transportation improvements, affordable housing projects, technology improvements including the modernization of the unemployment insurance information technology system, park improvements, and university projects across the state. State agencies will now have the responsibility to carry these projects forward, but if we can come out of 2020 with many of these projects underway, we will have succeeded in shoring up our economy in these turbulent times and building the important infrastructure needed by our communities."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just wanted to thank the CIP Chair, the very good reserved individual who is a gentleman from Maui. He worked very hard with the various departments to figure out the shovel ready projects. This was kind of an unusual situation where he had to work doubly, or triply, or tenfold hard to identify some of the shovel ready projects with the departments.

"So, to the prior, prior, prior speaker in relation to the Department of Transportation, this is the list that he worked directly with the Department of Transportation. And as he was a former Finance chair also, we all realize that this is something that encompasses the Legislature's budget, but the Governor still has to go and sell bonds. So, this is not a mandate. Sometimes I wish it was a mandate because then some of our projects could be done, but the Governor still has to go out and sell bonds, as he should, in a timely basis, and also authorize many of these projects."

Representative Gates rose to speak in support of the measure, stating:

"In strong support."

Representative Ward rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. I support this measure and would like to commend the good Representative from Maui who serves as the CIP Chair for this body. These 'shovel-ready' projects are a good stimulus to our economy and allow many of our constituents to provide for their families. While there may be pork in this measure, it nevertheless serves many in our state who are out of work, and I hope that such projects will be edifying to their respective communities.

"We have exceeded our constitutional borrowing limit for a good cause to get through this dry period in our economy, but as I said on the floor, we had better really beef up our economy and entrepreneurship over the next three to six years if we are ever to get out of debt. That is, we mean to go from the least business-friendly state to the most business-friendly state in the nation. Entrepreneurship should be encouraged in all executive departments and regulations on small business should be cut. Our children and grandchildren have a heavy debt ahead of them unless we pull out the stops and get our economy revved up again. *Mahalo*."

Representative McKelvey rose to speak in support of the measure, stating:

"Strong support, written comments to the Journal."

Representative McKelvey's written remarks are as follows:

"Very happy we were able to sharpen our pencils and fund these important projects. Many of these projects, like the $9 million for infrastructure to build the next phase of Villages of Leali‘i and the $2.3 million for Lahainaluna Campus, will improve our quality of life and will help kick-start our economy as well."

The motion was put to vote by the Chair and carried, and H.B. No. 2725, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO CAPITAL IMPROVEMENT PROJECTS," passed Final Reading by a vote of 49 ayes, with Representative Say voting aye with reservations, and with Representatives McDermott and Thielen being excused.

At 12:59 p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 117, SD 1
H.B. No. 1631, SD 1
H.B. No. 2725, HD 1, SD 1

SUPPLEMENTAL CALENDAR #1

SENATE COMMUNICATIONS

The following communication from the Senate (Sen. Com. No. 533) was received and announced by the Clerk:

Sen. Com. No. 533, transmitting S.C.R. No. 244, entitled: "SENATE CONCURRENT RESOLUTION RELATING TO THE RECESS OF THE THIRTIETH LEGISLATURE, REGULAR SESSION OF 2020," which was adopted by the Senate on May 21, 2020.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.C.R. No. 244 was adopted, with Representatives McDermott and Thielen being excused.

ANNOUNCEMENTS

Representative Tokioka: "Thank you, Mr. Speaker. It's a very sad announcement, Mr. Speaker, but I think it's important. As we know from the Department of Health records, 17 people have passed from the COVID pandemic. But what might not be widely known is that on Kauai, and on behalf of the Kauai delegation, seven people, seven individuals have committed suicide on Kauai, and this all started since the pandemic. So, at the appropriate time, Mr. Speaker, can we have a moment of silence for the people who have passed. And our condolences and prayers go out to those families."

Speaker Saiki: "We will do that after we adjourn. Thank you."

ADJOURNMENT

At 1:01 p.m., on motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the House of Representatives adjourned pursuant to S.C.R. No. 244. (Representatives McDermott and Thielen were excused.)

Saiki, Speaker of the House of Representatives, dated June 9, 2020, transmitting a Joint Signed Memorandum reconvening the 2020 Legislative Session on Monday, June 22, 2020, pursuant to S.C.R. No. 244, as follows:

"June 9, 2020

MEMORANDUM

TO: Members of the Senate and House

FROM: Senate President Ronald D. Kouchi /s/

House Speaker Scott K. Saiki /s/

RE: Reconvening of the 2020 Legislative Session

Pursuant to Senate Concurrent Resolution No. 244, the Legislature recessed the 2020 Legislative Session beginning May 22, 2020. SCR 244 allows for the Senate President and the Speaker of the House to reconvene the 2020 Legislative Session by joint signed memorandum.

Please be advised that pursuant to SCR 244 and with this joint signed memorandum, the 2020 Legislative Session will reconvene on Monday, June 22, 2020. Senate floor session will begin at 11 :30 a.m. and House floor session will begin at noon."

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS

The following resolution (H.R. No. 188) was announced by the Clerk and the following action taken:

H.R. No. 188, entitled: "HOUSE RESOLUTION AMENDING THE RULES OF THE HOUSE OF REPRESENTATIVES TO TEMPORARILY ALLOW REMOTE PARTICIPATION," was offered by Representative Saiki.

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the rules were suspended to waive the 24-hour notice of proposed changes to the House Rules. (Representatives Creagan, DeCoite, Har, Lowen, Matayoshi, Nakashima, Perruso, and Thielen were excused.)

INTRODUCTION OF RESOLUTIONS

Representative Belatti moved that H.R. No. 188 be adopted, seconded by Representative Ward.

Representative Ward rose, stating:

"Mr. Speaker, point of information, clarification. Is the committee hearings including conference committee hearings as well as topical subject matter committee hearings, so it's all hearings? Thank you very much."

The Chair addressed Representative Ward, stating:

"That's correct."

The motion was put to vote by the Chair and carried, and H.R. No. 188, entitled: "HOUSE RESOLUTION AMENDING THE RULES OF THE HOUSE OF REPRESENTATIVES TO TEMPORARILY ALLOW REMOTE PARTICIPATION," was adopted, with Representatives Creagan, DeCoite, Har, Lowen, Matayoshi, Nakashima, Perruso, and Thielen being excused.

ANNOUNCEMENTS

Representative Takayama: "Thank you, Mr. Speaker. On behalf of myself and my colleagues from Pearl City, Representative Takumi and Representative Kong, I'd like to express our deepest condolences to the family of Senator Breene Harimoto on his recent passing. All of us in this Chamber and far beyond have lost a dear friend, an outstanding colleague, and a wonderful statesman of the highest order. We all know that he devoted his life and career to the service of not only people of Pearl City but the entire State of Hawaii, and he did so even in the darkest hours of his illness, here in this Capitol at his Senate desk. So I know there will be many words of condolences expressed in the following days and weeks, but at the appropriate time, I ask that the House observe a moment of silence on his behalf. Thank you."

Speaker Saiki: "We will observe a moment of silence after adjournment. Thank you, Representative."

30th LEGISLATURE, REGULAR SESSION OF 2020 JOINT HOUSE and SENATE

COMMITTEES ON CONFERENCE PROCEDURES

Due to extraordinary circumstances surrounding the COVID-19 pandemic, the Senate and the House have agreed to the following special procedures for all 2020 Regular Session Committees on Conference. These Conference procedures are not meant to establish any precedent and shall only be effective from 8:00 a.m. on Monday, June 22, 2020, until 6:00 p.m. on Thursday, July 2, 2020.

1. Definitions

For purposes of these procedures:

"Chairs" refers to all of the designated chairs and co-chairs of a Conference Committee.

"Conference Committee" refers to the conference of the House Committee and the Senate Committee assigned by their respective chamber to resolve the differences between the House and the Senate over a particular measure.

"Lead chair" refers to the chair of the House Committee or the Senate Committee who is listed first on the Action Sheets, as provided by the respective chamber.

"Lead committee staff' refers to the staff of the lead Chair from the chamber from which the measure in conference originated.

"Managers" refers to all members of the House and Senate assigned to a Conference Committee.

2. Conference Committee Scope and Amendments

The authority of the Conference Committee shall be limited to resolving differences between the Senate and House on a measure.

3. Conference Committee Meeting Times and Places

Conference Committee deliberations shall take place only between the hours of 8:00 a.m. and 6:00 p.m.

A Conference Committee shall meet in the conference room assigned or reserved, pursuant to the Room Scheduling Procedures and Guidelines, as attached.

4. Initial Public-Meeting Notice

The signatures of all chairs shall be obtained before the notice of an initial meeting is posted or distributed. Prior to offering the initial meeting notice for signatures, the chairs shall consult with one another on the information to be included in the notice. Lead chairs from both houses are encouraged to sign meeting notices first, before distributing them to other chairs to sign.

Chairs shall provide at least 24 hours public notice of the first meeting of the Conference Committee and are strongly encouraged to provide more than 24 hours notice if at all possible. Written notices shall be submitted to the Senate Chief Clerk and the House Sergeant-at-Arms

for official postings on the Legislature's website and Capitol bulletin boards. The lead committee staff shall post the notice adjacent to the door of the assigned conference room at the time of the meeting.

5. Notice of Subsequent Meetings

a. If agreement is not reached at a duly noticed meeting but the lead chairs of both chambers agree to meet again before 6:00 pm on the same day, the lead chairs of both chambers shall publicly announce at the meeting the time and place at which the Conference Committee will reconvene. Written notice of the reconvening of the Conference Committee on the same day is not required to be distributed. However, written notice containing information on the subsequent meeting shall be submitted to the Senate Chief Clerk and the House Sergeant-at-Arms for official posting as soon as possible. The lead committee staff shall post the notice adjacent to the door of the assigned conference room at the time of the meeting.

b. If agreement is not reached at a duly noticed meeting but the lead chairs of both chambers agree to meet on another day, the lead chairs of both chambers shall publicly announce at the meeting the date(s), time(s), and place of the subsequent meeting(s), and submit written notice to the Senate Chief Clerk and the House Sergeant-at-Arms for official posting. The lead committee staff shall post the notice adjacent to the door of the assigned conference room at the time of the meeting.

c. If agreement is not reached at a duly noticed meeting and the date(s), time(s), and place of future meetings are not publicly announced at that noticed meeting, chairs shall ensure that a written meeting notice, signed by the lead chairs of their respective chamber, is submitted to the Senate Chief Clerk and the House Sergeant-at-Arms for official posting at least 24 hours in advance of the next meeting of the Conference Committee.

6. Attendance at Meetings

a. To convene the initial conference committee meeting only the lead House and Senate chair must be present. All other conference committee managers, especially any co-chair, should attempt to be present.

b. Once a conference has been opened, reconvening of any subsequent meeting of a conference committee shall require the following:

i. For the Senate, the lead chair or co-chair must be present.
ii. For the House, the lead chair must be present.
iii. All other conference committee managers, especially any co-chair, should attempt to be present at the convening of and during each meeting.

c. For decision-making at a meeting, a quorum must be present. "A quorum shall be a majority of the House Committee managers and a majority of the Senate Committee managers, and shall include the lead House and Senate chair and majority of the chairs of the Conference Committee for their respective chamber." See Section 9.a of the "Procedures." The lead House and Senate chair of the conference committee must be part of this quorum.

d. For a measure with fiscal implications, approval must be given by the chair representing the House Finance Committee and Senate Ways and Means Committee prior to the decision-making on the measure.

7. Conference Discussion

Except as authorized by the respective chairs, only the respective chairs may speak during conference. All other managers or other authorized persons shall be recognized by their respective chairs before speaking on any issue.

8. Decorum in Conference Committee Meetings and Courtesy to the Public and to the Managers

a. Managers shall respect the differing views of other managers and conduct themselves in a courteous manner.

b. Chairs shall ensure that meetings convene and reconvene at scheduled times. If none of the chairs of one of the Committees are present within 15 minutes of the scheduled meeting time, the chairs of the other Committee shall have the names of the absent chairs paged through the State Capitol public address system.

c. If none of the absent chairs are present within 30 minutes of the scheduled meeting time, the chairs present shall inform the managers and members of public present that the Conference Committee cannot be convened or reconvened, and that, pursuant to 5c of these Committees on Conference Procedures, a 24-hour advance notice shall be provided for a subsequent meeting of the Conference Committee.

9. Decision-making Meeting

The decision-making meeting of a Conference Committee shall comply with the following open meeting provisions:

a. A quorum of the Conference Committee shall be present for the decision-making meeting. A quorum shall be a majority of the House Committee managers and a majority of the Senate Committee managers, and shall include the lead House and Senate chair and majority of the chairs of the Conference Committee for their respective chamber.

b. To report a measure out of Conference Committee in amended form, Conference Draft (CD), a majority of the quorum of managers for each respective chamber shall vote in favor of the proposed amendments.

c. The lead chair (or the lead chair's designee) representing their respective chamber shall call the roll and be the recorder of the quorum and the votes on that measure for that chamber. (Sample attached).

d. If, after naming a Conference Committee on a measure, the Conference Committee managers representing the chamber from which a measure originated agree to the amendments made by the non-originating chamber, only a quorum of those representing the originating chamber shall vote on the agreement at a duly noticed meeting. For example, if after naming a Conference Committee on a House measure, the House managers of the Conference Committee decide to agree to the amendments in the Senate draft (SD) of the measure, then only the House managers of the Conference Committee shall vote on the measure, returning it to the House in its SD form. For such action, only a quorum of the Conference Committee managers representing the chamber from which the measure originated need to be present. The "Record of Votes of a Conference Committee" sheet detailing the votes of the managers of the originating chamber shall be filed with the appropriate chamber without a Conference Committee Report.

10. Conference Committee Reports

a. A majority of the House and Senate chairs, respectively, of a Conference Committee shall attest to the action of the Conference Committee by signing the Conference Committee Report on behalf of their respective managers; provided that no Conference Committee Report concerning a measure with fiscal implications shall be reported out of a Conference Committee without the signature of the chair (or the chair's designee) of each fiscal committee to which the measure is referred. The "Record of Votes of a Conference Committee" sheet detailing the votes of the managers of the Conference Committee shall be attached to the report as a part thereof.

b. All House measures reported out of Conference Committee shall be filed with the House Chief Clerk, and likewise all Senate measures shall be filed with the Senate Chief Clerk. A document filed in the originating chamber shall be deemed simultaneously filed in the other chamber. Only the original Conference Committee Report, with the attached Record of Votes, and the Conference Draft of the measure shall be required for filing.

c. If the Conference Committee votes to report the measure out, the Committee must file a Conference Committee Report and Conference Draft with the appropriate chamber's Chief Clerk.

11. Electronic Transfer

Should a Conference Committee for which the vehicle is a Senate bill decide to use a proposal drafted by the House, the House chair shall have the House proposal electronically transferred to the appropriate Senate office so that the Conference Draft can be prepared. The converse shall apply to House bills with proposals drafted by the Senate that the Conference Committee agrees to.

12. Exceptions to these Deadlines and Procedures

Exceptions to these deadlines and other procedures may be made only with the advance written approval of both the Senate President and the House Speaker.

FORTY-THIRD DAY

Tuesday, June 23, 2020

The House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, convened at 12:03 p.m., with Speaker Saiki presiding.

The invocation was delivered by Representative Takashi Ohno, after which the Roll was called showing all members present, with Representatives Creagan, DeCoite, Har, Matsumoto, Nakashima, Perruso, and Thielen participating remotely via videoconference, and with the exception of Representatives Aquino and Matayoshi, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Forty-Second Day was deferred.

GOVERNOR'S MESSAGES

The following messages from the Governor (Gov. Msg. Nos. 5, 6, and 1102) were received and announced by the Clerk and were placed on file:

Gov. Msg. No. 5, dated June 19, 2020, declaring that an emergency condition exists due to the COVID-19 pandemic, and requesting that each chamber of the Legislature, by a two-thirds vote, concur with the declaration in order to exceed the State's debt limit.

Gov. Msg. No. 6, dated May 19, 2020, informing the House that the University of Hawaii Professional Assembly and the employer have reached an agreement concerning Collective Bargaining Unit 7 on May 12, 2020, and transmitting a proposed H.B. No. 2305, HD 1, SD 1, CD 1, to fund the award.

Gov. Msg. No. 1102, dated June 23, 2020, transmitting his statement of objections to H.B. No. 1631, SD 1, as follows:

"EXECUTIVE CHAMBERS
HONOLULU
June 22nd, 2020

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1631

Honorable Members
Thirtieth Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 1631, entitled "A Bill for an Act Relating to State Bonds."

The purpose of this bill is to authorize the issuance of general obligation bonds by the State. In addition, this bill authorizes the borrowing of moneys from the Municipal Liquidity Facility under section 13(3) of the Federal Reserve Act, 12 U.S.C. § 343(3). Further, this bill declares the Legislature's findings with respect to these bond authorizations as required by Article VII, Section 13 of the Constitution of the State of Hawai‘i.

This bill is objectionable because, due to revisions in the State's bond issuance plan, the State plans to issue an additional $100,000,000 in general obligation bonds in the second half of fiscal year 2022-2023. This bill needs to be vetoed so that the Legislature can consider this additional bond authorization.

For the foregoing reason, I am returning House Bill No. 1631 without my approval.

Respectfully,
/s/ David Y. Ige
DAVID Y. IGE
Governor of Hawai‘i"

SENATE COMMUNICATIONS

The following communication from the Senate (Sen. Com. No. 538) was received and announced by the Clerk:

Sen. Com. No. 538, transmitting S.C.R. No. 245, entitled: "SENATE CONCURRENT RESOLUTION RELATING TO ADDITIONAL DATES OF RECESS FOR THE REGULAR SESSION OF 2020," which was adopted by the Senate on June 22, 2020.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.C.R. No. 245 was adopted, with Representatives Aquino and Matayoshi being excused.

ORDER OF THE DAY

ANNOUNCEMENTS

Representative Lee, for the Committee on Judiciary, requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing the following measure on Wednesday, June 24, 2020, at 3:05 p.m. in Conference Room 325, and the Chair "so ordered."

S.B. No. 2038, SD 1, Proposed HD 1, Relating to Board Members, which addresses remote testimony of boards and commissions.

ADJOURNMENT

At 12:13 p.m., on motion by Representative Morikawa, seconded by Representative Ward and carried, the House of Representatives adjourned until noon tomorrow, Wednesday, June 24, 2020. (Representatives Aquino and Matayoshi were excused.)

FORTY-FOURTH DAY

Wednesday, June 24, 2020

The House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, convened at 12:06 p.m., with Speaker Saiki presiding.

The invocation was delivered by Representative Gene Ward, after which the Roll was called showing all members present, with Representatives DeCoite, Har, Matsumoto, Nakashima, Perruso, Thielen, and Wildberger participating remotely via videoconference, and with the exception of Representatives Cabanilla Arakawa and Matayoshi, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Forty-Third Day was deferred.

ORDER OF THE DAY

REPORTS OF STANDING COMMITTEES

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1195-20) recommending that S.B. No. 3119, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 3119, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATUTORY REVISION: AMENDING OR REPEALING VARIOUS PROVISIONS OF THE HAWAII REVISED STATUTES OR THE SESSION LAWS OF HAWAII FOR THE PURPOSES OF CORRECTING ERRORS AND REFERENCES, CLARIFYING LANGUAGE, OR DELETING OBSOLETE OR UNNECESSARY PROVISIONS," passed Second Reading and was referred to the Committee on Finance, with Representatives Cabanilla Arakawa and Matayoshi being excused.

Representative Lowen, for the Committee on Energy & Environmental Protection, presented a report (Stand. Com. Rep. No. 1196-20) recommending that S.B. No. 2717, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2717, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SHARK PROTECTION," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Cabanilla Arakawa and Matayoshi being excused.

Representative Lowen, for the Committee on Energy & Environmental Protection, presented a report (Stand. Com. Rep. No. 1197-20) recommending that S.B. No. 2629, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2629, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote with a brief comment if I may, please. Mr. Speaker, this bill is well intended. We don't need coal because, actually we don't even need this bill because the company that does the coal burning now is not interested, they're basically folding their tent up.

"My concern is for future references. We're kind of obviating or putting our options aside, which I don't think is probably wise in terms of energy planning. The reason being that the United States has the biggest coal supplies of the world. The biggest in the world. And we want to say, well we don't want to use those. Well, I would say let's let them close down. We don't need a bill that says we're never going to do it again. Because if we need it again, we're going to use it.

"So, Mr. Speaker, from that I think this is probably a little bit of an overkill because they're actually on their own volition not renewing a contract. And by the way, it's the cheapest electricity that we've got in the State of Hawaii. So, hopefully something will fill the gap, but I'm not sure that this is the way to do that. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2629, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ENVIRONMENT," passed Second Reading and was referred to the Committee on Finance, with Representatives McDermott, Okimoto, and Ward voting no, and with Representatives Cabanilla Arakawa and Matayoshi being excused.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1198-20) recommending that S.B. No. 2844, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2844, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative McKelvey rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Belatti rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, request to recuse myself for the limited purpose on this bill because there is a claim in this bill which my law office has worked on. Thank you."

The Chair addressed Representative Belatti, stating:

"Okay, you're recused on this measure."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2844, SD 2, HD 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," passed Second Reading and was referred to the Committee on Finance, with Representatives Har and McKelvey voting no, and with Representatives Belatti, Cabanilla Arakawa, and Matayoshi being excused.

Representative Johanson, for the Committee on Labor & Public Employment, presented a report (Stand. Com. Rep. No. 1199-20) recommending that S.B. No. 2193, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2193, HD 1 pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2193, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT DISCRIMINATION," passed Second Reading and was referred to the Committee on Judiciary, with Representative Okimoto voting aye with reservations, and with Representatives Cabanilla Arakawa and Matayoshi being excused.

Representative Johanson, for the Committee on Labor & Public Employment, presented a report (Stand. Com. Rep. No. 1200-20)

recommending that S.B. No. 2866, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2866, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII EMPLOYER-UNION HEALTH BENEFITS TRUST FUND EMPLOYEE-BENEFICIARY MONTHLY CONTRIBUTIONS," passed Second Reading and was referred to the Committee on Finance, with Representatives Cabanilla Arakawa and Matayoshi being excused.

REPORTS OF CONFERENCE COMMITTEES

Representative Luke, for the Committee on Conference on the disagreeing vote of the Senate to the amendments proposed by the House in S.B. No. 126, SD 1, HD 1, presented a report (Conf. Com. Rep. No. 1-20) recommending that S.B. No. 126, SD 1, HD 1, as amended in CD 1, pass Final Reading.

In accordance with Article III, Section 15, of the Constitution of the State of Hawaii, action on Conf. Com. Rep. No. 1-20 and S.B. No. 126, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," was deferred for a period of 48 hours.

Representatives Johanson and Luke, for the Committee on Conference on the disagreeing vote of the Senate to the amendments proposed by the House in S.B. No. 785, SD 1, HD 1, presented a report (Conf. Com. Rep. No. 2-20) recommending that S.B. No. 785, SD 1, HD 1, as amended in CD 1, pass Final Reading.

In accordance with Article III, Section 15, of the Constitution of the State of Hawaii, action on Conf. Com. Rep. No. 2-20 and S.B. No. 785, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING," was deferred for a period of 48 hours.

ANNOUNCEMENTS

Representative Kitagawa: "Thank you, Mr. Speaker. I just want to make an announcement and congratulate our colleague and newest dad in the House of Representatives, Representative Scot Matayoshi, who welcomed his newborn son, Mason Matayoshi, last night. Mom and baby and dad are doing well. So, we just want to extend our congratulations to him."

At this time, the Chair stated:

"Just as a reminder for committee chairs, today is the second lateral filing deadline. For bills that need to move to their final committees, please file your committee reports and drafts with the Chief Clerk's Office by 9:00 p.m. this evening."

COMMITTEE REASSIGNMENTS

The following measures were re-referred to committee by the Speaker:

S.B. Nos.	Re-referred to:
2894, SD1, HD1	Committee on Human Services & Homelessness, then to the Committee on Finance
2993, HD1	Committee on Transportation, then to the Committee on Judiciary
3158, SD1	Committee on Transportation, then to the Committee on Judiciary

ADJOURNMENT

At 12:16 p.m., on motion by Representative Morikawa, seconded by Representative Ward and carried, the House of Representatives adjourned until noon tomorrow, Thursday, June 25, 2020. (Representatives Cabanilla Arakawa and Matayoshi were excused.)

FORTY-FIFTH DAY

Thursday, June 25, 2020

The House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, convened at 12:05 p.m., with Vice Speaker Nakashima presiding.

The invocation was delivered by Representative Lisa Kitagawa, after which the Roll was called showing all members present, with Representatives DeCoite, Har, Matsumoto, McKelvey, Perruso, and Thielen participating remotely via videoconference, and with the exception of Representatives Cabanilla Arakawa and Matayoshi, who were excused.

On motion by Representative Morikawa, seconded by Representative Ward and carried, reading of the Journal was dispensed with and the Journals of the Thirty-Fourth, Thirty-Fifth, Thirty-Sixth, Thirty-Seventh, Thirty-Eighth, Thirty-Ninth, Fortieth, and Forty-First Days were approved. (Representatives Cabanilla Arakawa and Matayoshi were excused.)

SENATE COMMUNICATIONS

The following communications from the Senate (Sen. Com. Nos. 539 and 540) were received and announced by the Clerk:

Sen. Com. No. 539, transmitting S.C.R. No. 17, SD 1, entitled: "SENATE CONCURRENT RESOLUTION URGING THE STATE TO BAN SINGLE-USE PLASTIC GOODS AND PLASTIC BAGS AND TO SET A SUSTAINABILITY EXAMPLE BY ELIMINATING THE USE OF SINGLE-USE PLASTIC TABLEWARE AT STATE DEPARTMENT MEETINGS AND FUNCTIONS," which was adopted by the Senate on June 24, 2020.

Sen. Com. No. 540, transmitting S.C.R. No. 38, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE OFFICE OF THE LIEUTENANT GOVERNOR TO ESTABLISH A MULTI-STAKEHOLDER TASK FORCE TO ADVANCE STATE PROCUREMENT OF LOCALLY PRODUCED FOOD," which was adopted by the Senate on June 24, 2020.

ORDER OF THE DAY

REPORTS OF STANDING COMMITTEES

Representative Johanson, for the Committee on Labor & Public Employment, presented a report (Stand. Com. Rep. No. 1201-20) recommending that S.B. No. 2940, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2940, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm glad the system is working. I would like to cast a with reservations vote with a few remarks, please. My concern is that this bill will exempt the land to which the Stadium Authority will hold title from the definition of public lands. And that is why OHA is concerned, and I share their concern. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote, brief comment, please. Mr. Speaker, this is about building the stadium and getting a fund and getting the thing off the ground. And as I've spoken many, many, many, many times on the floor, why are we burdening taxpayer's money, particularly at this time during a pandemic, when if we try to get naming rights, i.e. stadiums that have names of commercial companies on them, can save millions of dollars.

"I would encourage the Chair of Finance, who is really good at saving money and doing things for the State of Hawaii, that she would hopefully put at least the word in. And there are people out there who will do naming rights. This is the State of Hawaii, we have a good brand.

"But, Mr. Speaker, there's no reason now to burden the taxpayers, particularly now when we are $2 to $3 billion in the hole. And naming rights are not here, which is just something for the asking. Mr. Speaker, I'm dumbfounded as to why we're doing this without naming rights, where every other place in the nation does this, why are we not doing it. It's just amazing. For those reasons, Mr. Speaker, and many more, if there was more time, it's only second reading, a no vote, please."

Representative Perruso rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I share the Representative from Kailua's concerns and I wanted to vote with reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2940, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STADIUM DEVELOPMENT DISTRICT," passed Second Reading and was referred to the Committee on Finance, with Representatives Perruso and Thielen voting aye with reservations, with Representative Ward voting no, and with Representatives Cabanilla Arakawa and Matayoshi being excused.

Representative Lowen, for the Committee on Energy & Environmental Protection, presented a report (Stand. Com. Rep. No. 1202-20) recommending that S.B. No. 2820, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2820, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Second Reading and was referred to the Committee on Finance, with Representatives Cabanilla Arakawa and Matayoshi being excused.

Representative Lowen, for the Committee on Energy & Environmental Protection, presented a report (Stand. Com. Rep. No. 1203-20) recommending that S.B. No. 3084, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 3084, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SOLID WASTE MANAGEMENT," passed Second Reading and was referred to the Committee on Finance, with Representatives Cabanilla Arakawa and Matayoshi being excused.

Representative Lowen, for the Committee on Energy & Environmental Protection, presented a report (Stand. Com. Rep. No. 1204-20) recommending that S.B. No. 2781 pass Second Reading and be referred to the Committee on Judiciary.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2781 pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative McDermott rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, a no vote with a very, very brief comment on how silly this bill is, quite frankly. This bill says that you're going to break the law if you release, intentionally, a gas-filled balloon. Mr. Speaker, this is the state legislature. We've got a crisis on our hands and we're playing with this dinky micromanagement of balloons. This basically looks absurd. I know we're playing control and command communist of the day, you can go here, you can't go there, you've got to wear this, you got to do that. But, Mr. Speaker,

we're getting down to the point of putting balloons to where we are as the business of this in an emergency session. What does that say about us? I think I've said enough, thank you."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. So, this bill I just want to paraphrase really briefly testimony from the Department of Land and Natural Resources in support that recognizes the negative impacts of marine debris, including balloons, on wildlife and their habitat, particularly marine resources. And also that a study conducted by the University of Tasmania found that one in three birds had ingested plastic marine debris, and balloons, as soft plastics, pose the highest risk for sea birds and can cause fatal obstruction. And sea turtles, as well, are susceptible to mortality from soft plastics, due to experiencing blockages, ok that gets a little technical, but basically, that turtles selectively ingest balloons and other soft plastics over other types of plastic in the ocean due to their similar appearance to jellyfish that are consumed by turtles.

"I would just point out, in addition, that back in my parents or some people's grandparent's day, everyone used to think it was okay to throw trash out the window of a car. And when litter laws were first passed, they were outraged that not being able to throw your rubbish whenever you wanted was restricted. So, this is not different than that. If you release balloons into the atmosphere, you can still release them indoors, but if you release them into the atmosphere, eventually they end up as litter in our environment, and that's a problem. Thanks."

Representative Ward rose to respond, stating:

"Brief retort please, Mr. Speaker, this is again in opposition. We're clearly going towards the nanny state, but there's got to be where we stop at it. That's great for the environment, but hey, we know flatulence of cows is like 20% of all the pollution. Are we going to say, hey cows stop flatulating? I mean, the nanny state.

"And again, this is part of the progressive move towards socialism and communism. The more we command and control the people of Hawaii, the more we command and control the people of the United States, the more we're going to be comfortable saying you can do this, and you can do that. And why communism fails, because the people who are telling those people what to do, they don't know what's down there on the ground level of the small businesses and the other people.

"So, Mr. Speaker, we have to take a step back, get out of the nanny state, command and control communists, dictator for the day stuff that this pandemic has forced a mindset upon ourselves. For those reasons, Mr. Speaker, I just would ask those who are voting for it, please contemplate what you're doing and the micromanagement of what otherwise is a state legislature with a lot of serious problems and a lot of things that take precedence over these things. Thank you."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. In support with reservations for House Standing Committee Report No. 1227-20, Senate Bill No. 2638, SD 2, HD 2. I am concerned that this is a 'zombie' gut-and-replace bill which contains components of other bills that did not meet our legislative deadlines. The public is limited in their ability to participate in hearings, only being allowed to submit written testimony online. I appreciate the good intentions of this bill but have strong concerns about the lack of transparency and the public's ability to actively participate. The Legislature should focus on economic recovery and caring for our citizens who are struggling during this pandemic, not on policy decisions that can be deferred until January. For these reasons, Mr. Speaker, I stand with strong reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative DeCoite rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I oppose S.B. No. 2635, SD 2, HD 1, Relating to Firearms Ammunition.

"While many of my constituents are hunters and gathers and live on an island where it makes it difficult to purchase ammunition, this puts a heavy burden on them. The cost to travel to the neighbor islands, their family and friends that come to my district will sometimes purchase ammunition for firearm owners so that they don't have the added expense. This puts added cost on the firearm owner, not to mention the cost of food and trying to sustain themselves.

"I also know that when taking the firearm safety course and planning to purchase a firearm, there are times when students are asked to bring their own ammunition. They have not yet completed the course and may not even have a firearm. How will they be able to purchase ammunition? Educating people about anything is key.

"Also, with our state looking to re-open to tourism, my district has tourists that come specifically to hunt. Wouldn't it be better for our local economy for them to purchase ammunition here rather than bring it in from out of state/country?

"I also feel that this bill again targets the law-abiding citizens who own firearms and will not do anything to address those that aren't already law abiding. For these reasons, I oppose S.B. No. 2635, SD 2, HD 1."

Representative Matsumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Hashimoto rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Gates rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Creagan rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2635, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS AMMUNITION," passed Second Reading and was referred to the Committee on Finance, with Representatives Aquino, Cachola, Creagan, Cullen, Gates, Hashimoto, Holt, Kitagawa, McKelvey, San Buenaventura, Thielen, Todd, and Yamane voting aye with reservations, with Representatives DeCoite, Eli, Har, Kong, Matsumoto, McDermott, Okimoto, Quinlan, Say, Tokioka, and Ward voting no, and with Representatives Cabanilla Arakawa and Matayoshi being excused.

ADJOURNMENT

FORTY-SIXTH DAY

Friday, June 26, 2020

The House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, convened at 12:03 p.m., with Speaker Saiki presiding.

The invocation was delivered by Representative Ty J.K. Cullen, after which the Roll was called showing all members present, with Representatives DeCoite, Har, Lowen, Matayoshi, McKelvey, Perruso, Quinlan, and Thielen participating remotely via videoconference, and with the exception of Representative Cabanilla Arakawa, who was excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Forty-Fourth and Forty-Fifth Days was deferred.

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the rules were suspended for the purpose of considering certain Senate Bills for Final Reading by consent calendar. (Representatives Cabanilla Arakawa and Hashem were excused.)

UNFINISHED BUSINESS

Conf. Com. Rep. No. 1-20 and S.B. No. 126, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 126, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support of Senate Bill 126, which is some of the additional amendments to the state budget bill, amendments to the Judiciary bill, and allocation of the CARES funding. We just wanted to thank all the members and my Senate counterpart for their hard work. We wanted to thank our staff, and I know especially HMSO was short staffed and was working at home, we just wanted to thank HMSO and their hardworking staff for helping with this bill.

"We also wanted to thank the departments. I know at some point it got really complicated to figure out, okay what are certain sections that need to go into effect on June 28th compared to June 30th and December 28th. And I know that we made it very challenging for them at times, but we just wanted to thank everyone who put this bill together.

"As you know, there has been a lot of discussion about this bill. The main part I wanted to highlight is for the budget bill, this reinstates many of the position counts within the various departments. I know both the departments and the members have asked, okay what happens to those positions that have been filled that may not have the funding attached to it. And so, what we have also indicated to the Governor and Budget and Finance is that the best way to handle these situations is make a request to Budget and Finance, and they're also sorting through that. This has been a very complex and complicated process to take care of the budget, during a very hard economic time.

"In addition to that, after we recessed last month, we spent a lot of time as members and along with the community, and I know Speaker's COVID Committee has worked a lot from March until now to deal with some of these issues. So, we just wanted to thank you, Speaker, for your work on the COVID Committee, because a lot of the information that we got on the CARES allocation came from the suggestions out of your committee, especially the rent subsidy portion. I think that was something that, repeatedly, that your committee members and the members in the public thought that something that the State should take care of.

"I think even now the City & County has allocated some funding, but that in itself is insufficient. So, the fact that we are setting aside a significant amount in the amount of close to $100 million to take care of rent subsidy and rents for household members, taking care of about 37,000-plus members of the household is by far the most significant thing that we can do.

"In addition to that, continuing to take care of the unemployed population, we worry about what's going to happen, especially since there seems to be no agreement between Congress and the Senate, that we do not think, and this sentiment is shared by many of the states as well, state legislatures as well, that we do not think that there will be an agreement anytime soon. So, we continue to worry about the impact on our residents. So, because of that, a significant amount of funding has been allocated for unemployment benefits.

"One of the things that we do want to highlight is that we are setting aside $100 million for personal protective equipment, and disinfectants, and cleaning supplies for the very entities that need help, including non-profits, small businesses, childcare industries, elderly care homes. This has a lot of significant help that is needed in the community. So, let me just take another time to just thank everybody for your help. Thank you."

Representative McDermott rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support. I support this measure, Mr. Speaker. I'd like to insert comments in the Journal and would just like to note that we all are impressed with the hard work the Finance Chair does, particularly in these times. So, thank you very much, Mr. Chair."

Representative McDermott's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of this bill with the following comments.

"We have reconvened this body after a second recess to resume important legislation to alleviate the economic pain caused by the COVID-19 pandemic. This bill is one of the key pieces of that legislation because it allocates the federal CARES money to assist in that effort. While I support the bill, I have a few areas of concern that I would like to address.

"First, the amount of funds going to the Hawaii Emergency Management Agency for the purchase of personal protection equipment seems excessive at $100 million. We have the lowest coronavirus rate in the state and hospitals currently have the needed equipment. Yes, we are likely to see an increase in COVID-19 cases once we reopen for tourism, however, with the quarantine and testing protocols in place there should not be a surge of cases that justify spending that amount of money on personal protective equipment. That money could have been better used by providing additional unemployment foods, food support, or rent relief which are all needed desperately right now.

"I would also like to comment on the $36 million going to Hawaii Works to aid small businesses and innovation, diversification of the economy by providing money to small businesses, job training and the like. In normal times I would be in support of these items, but these are not normal times. The $36 million spent is estimated to eventually create 2,000 to 4,000 jobs. These jobs will not be created soon. It takes years for programs like these to pay off by providing jobs. This 'help' is not only nowhere near immediate, it also seems like little bang for the buck. Again, the money would be better spent serving the immediate needs of our community, like food and housing.

"I am also very disappointed that out of the over $600 million provided by the CARES funding, only $5 million is going to food assistance to help families falling through the gaps of other safety nets. The lineup of thousands of cars at Aloha Stadium for the free food packages should tell us that $5 million is not nearly enough! Even when tourism begins to ramp up, it will take years for most of the state's jobs to return. People are going to need assistance for the long-run as this is not a short-term crisis.

"My last comment is that we are raiding the hurricane relief fund during hurricane season. The last few seasons have brought damage on the neighbor islands, and although Oahu has not been hit, we are way overdue. It is not prudent to raid the hurricane relief fund. Thank you, Mr. Speaker."

Representative Matsumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. I am standing in support of this measure with a few comments.

"Hawaii's economy has faced a significant downturn since the COVID-19 pandemic began. There has been a decline in spending, mass unemployment, and even pay cuts for many workers. Tourism, the state's primary source of income, has dropped by nearly 99% since last year. The people of Hawaii are looking to us, as legislators, to find a solution and initiate the rebuilding of our state's economy. This measure allocates funds received from the Federal Government pursuant to the CARES Act. Said funds have been distributed amongst multiple agencies and divisions within the state to provide a diversified approach to stabilizing our economy and helping protect our residents.

"The Hawaii Emergency Management Agency will receive $100 million for personal protective equipment ('PPE') purchasing support. The PPE is intended to be utilized at childcare facilities, schools, elder care facilities, small-businesses, and non-profits. This protective gear will help in keeping our *keiki*, *kupuna*, teachers, workers, and volunteers healthy and safe. Hawaii has stepped up in mitigating the COVID-19 crisis and as many individuals are returning to work, daycare centers are reopening, and the start of school is upon us, we need to be proactive in continuing to slow the spread of the virus.

"In contrast, providing only $5 million for food assistance to the many families that have been severely impacted by the ongoing crisis is not enough. Due to the overload of the state's unemployment systems, and the sudden influx of claimants, many people have been forced to wait weeks, sometimes months, for their unemployment checks to be available. Without jobs, money, and adequate support from others, individuals are stuck in a difficult place. Thank you, Mr. Speaker."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'd like to add kudos to the Chair of Finance, however I have reservations, I have small reservations. Basically, this divides the CARES money into different allocations, which is wise and well taken. I think we're going to spend the fed's money very well. Hopefully we won't have to borrow much more to get out of this.

"My concern, Mr. Speaker, is a concern that I've spoken on this floor before and that is screening at the airport. Two issues with screening at the airport. First of all, we're going to do facial recognition. I don't think that's necessary, I don't think that's the American way of following in facial recognition. And they say, well it's going to only last for 30 minutes and we're going to get rid of it. I think that part of the bill, we should probably put a rider and say, look if you're going to do facial recognition, don't have any recording of it whatsoever, other than at the time that you do it. It's all about temperature, it's not about following people around.

"The second issues, Mr. Speaker, is related to that. Because of the facial recognition, one of the bidders, of which today the bid closes, is actually touting its major client as the Chinese PLA, People's Liberation Army. It sounds a little bit like Huawei. I think the Chair of Finance needs to look at, we as a body need to look into that. I don't think we want to have that proximity that close to what otherwise could be a future difficulty.

"So, with those two reservations, Mr. Speaker, I think what we're doing for the COVID money is well done, but how we're spending it at the airport is probably questionable with facial recognition. And the omission of this, and I hope the money is available in other places, for the pre-testing, or the pre-travel COVID-19 test for people arriving here so we can open our economy, it never mentions any of that. And I've spoken many times, because that is the biggest need for funding, whether it's to subsidize the airlines or whoever is going to pay for those tests, or help with the quarantine. That stuff is still a little bit out there. And I know we have a bill coming up, probably next week.

"But, Mr. Speaker, what we have here is a bill that's probably going to usher in big brother with facial recognition and then possibly somebody with a Huawei kind of association, which I don't think we need at the airport at all. Thank you, Mr. Speaker."

Representative Okimoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. In support with reservations for Conference Committee Report No. 1-20, Senate Bill No. 126, SD 1, HD 1, CD 1. I am happy that this bill provides additional relief beyond July 31, 2020 for those who are out of work. We upheld our commitment to return to work and appropriate the CARES Act funds provided by the Federal Government to help the people of Hawaii. My reservations are specific to Part XIV which would allow up $90 million of CARES Act funds to be used for airport screening and health assurance security initiatives. I support thermal imaging to check temperatures but have concerns that this money could be used for facial recognition technology. I am also concerned that this bill provides many exemptions from the State Procurement Code. For these reasons, I stand in support with reservations."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support with just some brief comments. Mr. Speaker, I want to thank all the chairs and Finance members and our counterparts who worked on this, and also the administrative agencies that assisted in helping us think through many of the immediate relief packages that we put together.

"But I want to make a point here. Mr. Speaker, the responsibility of the Legislature is to allocate and appropriate. But really the next hard step is to ensure that the administration acts upon this in a timely way so that these much-needed funds are going to be getting out to the people who need them. And I really encourage the respective agencies to heed that call because our members in the community will need that.

"To add, with respect to the $90 million towards airport screening and health assurance security initiatives, this is going to help support the multi-layered approach that's going to be coming to allow us to enable to safely open up borders to transpacific travel. So, again, this is something that the executives will have to take the lead on and move expeditiously. I have my concerns as we continue to see the number of positive cases increasing, but we put our safety, our economy in the hands of our executives. Thank you, Mr. Speaker."

Representative Aquino rose to speak in support of the measure, stating:

"Strong support, written comments."

Representative Aquino's written remarks are as follows:

"In support of SB 126, CD 1. Mr. Speaker, I would like to thank both WAM and FIN chairs, their staffs, and the members of the committees for the work they did in this measure. There are specific areas that I would like to highlight as it pertains to the Department of Transportation and the needs they have to address our current and future situations in dealing with a pandemic.

"A total of $90 million in CARES funding will support our airports as we prepare for the upcoming opening to more travelers to Hawaii. The funding will provide thermal and security systems for screening purposes, web-based verification to improve deplaning efficiency, verification and testing facilities and further testing capabilities. These are all necessary to ensure we can keep our residents and visitors safe and healthy.

"In addition to the support for our front line personnel and facilities, other areas of great importance that will benefit and keep Hawaii residents safe are funding infusions for PPE for healthcare and childcare facilities, schools and businesses through HIEMA, grant resources to enhance our PPE supply chain and resources, business development programs to help employees in the private sector, support for our vulnerable populations through food and

rental assistance, helping high school graduates with counseling and services, and providing additional benefits for the unemployed.

"*Mahalo* again to the money committees for their work to support our communities as we move forward together. *Mahalo*."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I wanted to address some of the concerns from the good Representative from Hawaii Kai regarding facial recognition. I actually understand what he's saying, and I'm concerned about civil rights myself. But at the end of the day, this is not about control, it's about safety.

"I don't know if I'll have an adequate answer to explain to someone that their loved one lost their life to COVID-19 when we could have found out about that at the screening at the airports. So, I don't know if I'll ever have an adequate answer for that person. I do know this though, we do have the right not to be infected by COVID-19 or other pandemics. And so, I think this ends up being a balancing test.

"So, I am all about civil liberties and civil rights. At the same time though, this is about life. For those reasons, I support the measure and facial recognition if it does go into this layer of protection. Thank you, Mr. Speaker."

Representative Cullen rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I stand in strong support of S.B. No. 126. As a state, we continue to work through this pandemic and we are currently reminded daily of the challenges we face as we continue to open up more services for the public and the COVID-19 positive count continues to increase. This measure funds many areas of government that continue to balance our state opening up to this new normal, while protecting the health and safety of our residents.

"One of the areas I want to highlight is the $90 million allocated to improve airport screening and health assurance security initiatives. During our site visit to the Daniel K. Inouye International Airport, I have seen the challenges we face as we prepare to open up more as a state to travelers, and providing more screening at the airports is crucial to protecting public health.

"The other area of the budget I wanted to highlight is the $5 million allocated for community food drops, as I have been participating in our community and see firsthand how important this is as it provides a safety net needed to keep families fed during this very unprecedented time. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, brief retort, with reservations, a response to the good Representative from Kalihi. The issue is not allowing anybody to get COVID. The issue is, is this necessary to keep the image of the facial recognition. It's part of the RFP, it's something, which by the way, we are following the Alaska model. Alaska doesn't do that in their opening their areas, Tahiti and other places that are going to put quarantines.

"The whole issues is, and as I said yesterday, we've all been playing big brother. It's communist dictator for the day. You can do this, you can't go there, this is too big of a group, you can't do that, and if you go there you've got to wear this. Mr. Speaker, this kind of fits into that mode. And as I said, one of the bidders in this contract has the Chinese army as their major client. So, put the dots together and say, is this the best thing that we want to do for the State of Hawaii? Do you want people to know that the contractor there is one of these people?

"And look, and I don't have any horse in this race, but I do know that we want to make Hawaii the safest place and we want to do it correctly. And facial recognition, I don't think is going to up the catch rate, if you will, especially if you've got all of these millions of dollars of thermal scanners there, how it's going to make really a difference rather than the implied big brother that it flows from, and many parts of the US will find totally unacceptable.

"And by the way, I'm not a member of the ACLU, I'm not carrying any of their water. But I know that's the stance that they are taking, and they'll probably put us into the courts if we proceed as we are presently. For those reasons, Mr. Speaker, we want to save lives, we want to do it correctly without too much infringing upon the rights of our people. Thank you."

Representative Luke rose to respond, stating:

"Thank you, Mr. Speaker. Still in support. I just wanted to make it clear to the members that this bill does not have anything to do with face recognition screening. This specifically states that it's a thermal scanner to address people's temperature. Thank you."

Representative San Buenaventura rose to speak in support of the measure, stating:

"I stand in support. I thank Chair of Finance for working very hard on this. My only concern would be that there are no separate allocations for the mom and pop care homes. And it's definitely not the Chair of Finance's fault, but we had no moneys allocated for the PPE for the mom and pop care homes on this. And hopefully next session we would be able to help them out. Thank you."

At 12:22 p.m., Representative Ward requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:28 p.m.

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose to respond, stating:

"Thank you, Mr. Speaker. Just quick clarification on the distribution of PPE. I just want to point out that the language in the bill is broad enough to include those facilities that the Representative from Puna identified. Thank you, Mr. Speaker."

Representative Ward rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations due to the lack of COVID-19 testing mentioned in this bill. The State is spending $90 million to implement facial recognition technology at our airports, yet we put that money towards these requirements?

"The House Committee on Judiciary is hearing a bill that will allow for facial recognition; I have not yet seen a bill even mentioning mandatory testing for travelers coming to our islands. It seems that our priorities are out of sync.

"I would like to reference the study published by UHERO and the East-West Center, which found that temperature screenings only remove one third of infected passengers from entering Hawaii. It further finds that COVID-19 testing of passengers removes 80% to 90% of infected individuals. (https://uhero.hawaii.edu/wp-content/uploads/2020/06/PreventionOfTravelRelatedReintroductionCOVID19StateOfHawaii_06092020.pdf)

"I am once again referencing 'Making Hawaii Safe for Travel,' co-authored by the Representative from Ewa Beach and I that was submitted to the House Select Committee on May 18th (https://www.capitol.hawaii.gov/committeefiles/special/COV/Document/Legislative%20Proposals/05-18-20%20Rep.%20McDermott%20Making%20Hawaii%20Safe%20For%20Travel.pdf). The framework would mandate COVID-19 testing for incoming travelers 72-hours before arrival. I believe this plan lies squarely within the findings of the study produced by the University of Hawaii. *Mahalo*."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 126, SD 1, HD 1, CD 1, entitled: "A

BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Final Reading by a vote of 49 ayes, with Representatives Okimoto, Say, and Ward voting aye with reservations, and with Representatives Cabanilla Arakawa and Wildberger being excused.

Conf. Com. Rep. No. 2-20 and S.B. No. 785, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 785, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Wildberger rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With robust reservations, please. I'd like to insert comments into the Journal. Thank you."

Representative Wildberger's written remarks are as follows:

"Collective bargaining nuance notwithstanding, I cannot, in good conscience, support offering raises to this collective bargaining unit, on the backs of the tens of thousands of unemployed and displaced workers. The irony of state taxes coming out of unemployment checks, from those lucky enough to get them and while thousands wither with no compensation or income at all, to pay for raises for state workers incredibly fortunate to continue to work and get paid during this unprecedented pandemic, demonstrates an incredible level of disfunction of our government systems. Deferring raises until a later time keeping the promise of the contracts would be a more reasonable route. This simply sets the stage for furloughs and layoffs."

Representative McDermott rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I am going to be voting no. I would like some comments in the Journal and brief remarks, Mr. Speaker. This legislation poses a painful dilemma for us all because the timing is unfair to these public employees covered by this bill who have followed the rules, bargained in good faith, and deserve an increase in their compensation. Six months ago, we would have had little or no debate. In fact, in the past I don't think I've ever voted against a collectively bargained pay increase.

"But today, Mr. Speaker, our future is uncertain. It's quite surreal, in fact. We don't even know what's going to happen next week, let alone next month. Despite the good efforts of your office and the administration, where our future is going to be depends a lot on the return of the visitor industry, and we just don't know how it's going to play out yet.

"So, the question is, how can we, in good faith, commit to spending $150 million when we're facing a potential deficit of $2.3 billion? The prudent policy would be to defer these until a date later. I just can't in good faith vote for a raise when we have people out of work. When we have people, literally driving in from Ewa Beach you see 2,000 cars lined up at the stadium going to the Food Bank. I understand the technicalities of how we arrived here, but the optics to the man on the street looks terrible. It just looks terrible.

"At the same time, this is unfair to those hardworking union members, many of whom are first responders, who do most of the live and the die and the sweat in our community. They're the nurses who are there for us. And it's unfair to them not to give them their hard-earned raise. And I have a lot of empathy for them.

"This is a tough vote for everybody here because the timing of the vote. The timing of the vote, Mr. Speaker. I wish there was a way we could defer the time/date to vote on this, but there's not. So, I'm going to vote no for those reasons, Mr. Speaker. And I thank you for your time. And that's no way a reflection upon these hardworking members, it's just the financial uncertainty that we face today. Thank you, sir."

Representative McDermott's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition of S.B. No. 785, SD 1, HD 1, CD 1 with the following comments.

"I believe it is fiscally irresponsible for the Legislature to approve pay raises for state employees while private businesses and individuals have lost months' worth of profits because they complied with state mandated closures and reopening limitations. What kind of signal are we sending? The way I see it, the message is, don't risk being an entrepreneur or business owner that creates true value in the community because you can be arbitrarily closed by the state and go broke. Instead, shoot for a government position, where you will not only get paid but you'll get a raise no matter what bad things happen in the world.

"I'm not saying our government employees aren't important and don't contribute massively to our lives, they do. I benefit daily and couldn't do the job I do without countless others showing up to work every day. But, government employees are supposed to be 'public servants,' and right now all of us need to start taking a hard look at how we are spending the public's money. Just a few weeks ago the Legislature was scraping money together to prevent the Governor from cutting wages or making furloughs. We have borrowed billions over the next year. How do we have money for these raises?

"Also, there is an argument being made that the Legislature shouldn't vote against this bill because it sets a bad precedent. The claim is that by voting against these appropriations we involve the Legislature in collective bargaining normally done between the executive branch and employee associations. Normally this is a good policy and passing these appropriations is purely an administrative task for the Legislature. But, today is not a normal day. We are in the middle of a global pandemic, unemployment is at an all-time high, revenue projections across the state are in nose dives, and the Legislature just authorized exceeding the constitutionally allowed debt limit by 11% for the next fiscal year. I think it's a terrible time for pay raises.

"As a matter of fact, state law charges the Legislature with the responsibility of being involved in this way. Hawaii Revised Statutes 89-10(b) reads '…If the state legislature or the legislative body of any county rejects any of the cost items submitted to them, all cost items submitted shall be returned to the parties for further bargaining.' The only bad precedent we are in danger of setting here is that it's acceptable for the State to operate on debt.

"I especially want to draw attention to Bargaining Unit 7 – University of Hawaii and community college faculty – and Unit 14 – State Law Enforcement Officers and State and County Ocean Safety and Water Safety Officers. In mid-March, before the Legislature closed due to the pandemic, these units were not being appropriated anything. Their units were being considered in bills HB 2305 and HB 2309, respectively. However, in this current bill, which brought several bills into one single document, these units have been appropriated over $15 million between them. Again, where did the money for this come from?

"I appreciate all the hard work our government employees do, and I think they are great for showing up to work every day. But, giving state employees raises while forcing private businesses to take on debt and lay employees off is unacceptable. Additionally, the state's financial future is in dire straits. Conducting business as usual is fiscally and morally wrong. Thank you, Mr. Speaker."

Representative Johanson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. We definitely don't take up this bill lightly today. We're certainly in the most difficult of times and I think we all know that. And although the timing is very difficult, there are many reasons to support this measure and I intend to explain why this bill matters, not just to all public sector union members in the Legislature, but more fundamentally why this bill matters to everyone in the general public.

"I acknowledge that this is a very difficult time to be forced to fund the contracts negotiated by the Governor. It cannot be emphasized enough that this bill is the result of negotiations and binding arbitrations that have concluded. By sending the messages down to the Legislature, the Governor has triggered today's actions.

"The Legislature has always funded the contracts and awards negotiated by the Governor as a procedural matter. The Legislature is not party to these negotiations, nor should it be. Not passing this bill sets a dangerous

precedent for all future public sector negotiations because it inserts the Legislature into the collective bargaining process.

"Setting this precedent of greater legislative intervention in the negotiating process is a pendulum that I would point out swings both ways. Those who advocate rejecting this bill because they hope that it will save money or because it is too much may not realize that such a move makes it easier for the Legislature to also intervene and reject negotiated awards when the Legislature feels that the award is too small or not generous enough in the future.

"This creates a precedent of using the Legislature as a second front in collective bargaining when either party doesn't like the outcome of settled negotiations. This is why the Legislature should not engage in greater intervention. It is best left to the Governor and the unions to hammer out the contracts and to abide by them. There are broader future labor policy implications than this present decision and award.

"Most importantly though, this bill matters to union and non-union workers alike, to children, to seniors, and to everyone in the general public. It's very easy to talk about this legislation in vague generalities and to see government as a faceless entity. Permit me though to talk about those whose contracts this bill funds. They're the epidemiologists doing COVID-19 contact tracing, making sure that the virus doesn't spread. They're the public school cafeteria managers providing free meals to hungry students during the shutdown and this summer break. They're the workers ensuring our most vulnerable populations receive their public assistance benefits like welfare and SNAP. They're the educators who make distance learning possible for students of all ages during this pandemic. They're the nurses providing health care at facilities and hospitals across all counties. And they're the hundreds of volunteers and unemployment insurance workers ensuring that the over 150,000 people-plus continue to get paid their much needed unemployment benefits.

"These essential workers, and the many more that I haven't mentioned, ensure that the critical services all of Hawaii's people rely on are provided when times are good, but more importantly when times are bad. They are the essential workers who have risked their lives and their families' lives going to work each and every day during the shutdown. Even when a pandemic strikes and society shuts down, the very workers relying on the negotiated and arbitrated funding in these contracts work to keep all of us safe and cared for.

"They're not just essential workers, they are the social safety net. And it is this social safety net that has quite literally kept the entire State of Hawaii afloat during this unprecedented crisis. I believe that Hawaii can and will recover from this pandemic. But it will only do so with an intact social safety net.

"Many in the public are having such a difficult time making a go of it right now. But they will have an even harder time without these workers and their efforts. Undermining these workers and the social safety net by not passing this bill risks effective delivery of critical services and risks prolonging or worsening our economic troubles. The contracts that this bill pays for not only ensure the preservation of the social safety net, but also a faster recovery for Hawaii.

"So, although this is a difficult time to consider funding these negotiated awards, let us remember that when times are normal, we utilize government services without a second thought. But in times of pandemic, like now, we disproportionately need and depend on these essential workers that no one should take for granted.

"It is specifically with people who are currently struggling in mind, those who are unemployed, those who are on public assistance, the business owners hoping for a healthy and open economy with less risk of COVID-19 spread, that I cast my vote in support of this bill. I ask my colleagues and this body to support our essential workers, and in so doing more effectively support all of our constituents and Hawaii's people. Thank you."

Representative Morikawa rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support, and I'd like to use the words of the Labor Chair as if they were my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, with a heavy heart, for the first time ever, as far as I can tell, I'm going to vote against a collective barraging bill. Like most of us here, we've never had this situation. And contrary to what the former speaker has said, we don't want to take money out of anybody's pay raises, we want to make sure the pay raises are there. We want to make sure that they are negotiated, that they're solid.

"But the payout, the timing of it, that's the issue, Mr. Speaker. It's like what we did in the 2008 recession. It was a payroll lag. Well this could be maybe a collective bargaining lag. But nobody should be left out and given their due in terms of how much money they have.

"Mr. Speaker, I'm going to paraphrase what came out of the Star-Advertiser this morning. I'll quote from it, I'll paraphrase it, but it says a lot to the people of Hawaii, and it starts like this. 'Normally in Hawaii politics, elected officials would do anything to avoid upsetting the public employee unions during an election year. But there's nothing normal about this election year, and old rules don't apply neatly. We're in a pandemic, something that hasn't happened with quite this global effect in a century. It has crushed the local economy, more so than in most other states. Thousands have been thrown into unemployment and, to cap off this miserable period, lawmakers will have a budget hole of $2.3 billion,' possibly even more, Mr. Speaker.

"The reason I say that is, recall the GET tax is 50% of our budget, withholding personal income tax is 25% of the budget. And we will not know what comes into the coffer until July 15. Everything got postponed from April 15 to July 15. So, I think we're kind of guessing how big this budget hole is.

"The editorial goes on from the Star-Advertiser to say, 'this is not the time for a pay raise,' and then I emphasize, 'for anyone.' Mr. Speaker, what did we do for legislators' pay raise? We didn't get it. We kicked the can down to next year. We time framed it, time sequenced it, cash flowed it, Mr. Speaker. We're at a deficit and cash flow is a very, very important mechanism by which we should use.

"What we have is an increase for public workers to the cost of $150 million. And this is the final vote that we are taking today. This is going to be for the fiscal year. Not something, as the Chair of Labor said, that it's about saving, it's not about saving money or giving too much money, it's about postponing distributing the money. That's the way of framing the issue, Mr. Speaker.

"The issue of equity and fairness has arisen. But the operative question is, what is fair, versus the question that it should be, what is the responsible thing to do? Mr. Speaker, the ultimate arbiters of what we decide today are the people out there that we don't see right now. They're the arbiters of whether we're doing the right thing or the wrong thing. So, it's not what is fair, it's what is the responsible thing to do when you are in a pandemic?

"'To begin with, the financial fortunes of the state are anything but certain. There could be more losses in tax receipts, making the budget hole even bigger.' As I said, the GET tax and the withholding is 75% of our budget. Those, because of a shutdown economy, are really in desperate condition.

"Of course, 'more federal aid may come to help states balance budgets, but that's not settled. What is entirely possible is that, as revenues decline further, some union members could face furloughs. The allotment of $150 million could be used to forestall some of that.'

"So, Mr. Speaker, we may be making it worse for our workers rather than better. Furloughs is an anathema and we know what happened with those who backed it in the previous recession.

"'Lawmakers are eyeing a $2.1 billion federal cache to borrow from, but incurring extra debt for raises should not be preferred.' In other words, Mr.

Speaker, if they're saying we're going to borrow the money in order to pay raises, that's even a double no-no.

"I guess the bottom line is this, and they say this, and I think it was referred to by the good Representative –"

Representative Matsumoto rose to yield her time, and the Chair "so ordered."

Representative Ward continued, stating:

"Thank you, Representative. For my colleague from Ewa, this is the Advertiser not him talking now. 'Lawmakers should at least postpone a vote on the bill until further options are explored. Waiting until the 2021 session may be wise.'

"Mr. Speaker, there'll be a lot of clarity about what is going on in the economy, even UHERO says 75% of our economy will be open by December. And those of you who believe that the economy is going to take five or six years, don't believe it. When Bali got bombed in 2002, it took one to two years to go back and set records. So those who are saying, oh our economy is not going to go back, that is nonsense, don't believe it. Just look at the Bali where it's even more threatening than the COVID.

"Mr. Speaker, I know President Kouchi said that we'll all have to be accountable for the choice we make, and that's for all of us. But I would say this last to my colleagues, ladies, and gentlemen, vote your conscience, as always leadership tells you to do, but remember this. We're broke, we're out of work, and we're hungry. For those reasons, Mr. Speaker, this is not the bill for the timing issue that is now on the floor. For those reasons, Mr. Speaker, I vote no. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support, real brief comments. Mr. Speaker, I appreciate all the words that were said before. I would like to have the words of the Labor Chair adopted as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Belatti continued, stating:

"And I would like to say that there is no good timing on this. The responsible thing to do now is to establish some certainty for our government employees. The responsible thing to do now is to listen to the advice of UHERO which said, enacting severe cuts and furloughs would only further spiral us downward and not move us towards economic recovery.

"This measure, in addition to the measures that we've done with the budget bill, in addition to what we've done with the CARES Act, in addition to what we did in May of this year, puts together a series of bills that stabilize our economy. We are going to have to look forward to the coming months to see what the revenues are. And it will be for the next Legislature to continue to set in place those pieces to allow us to move forward with economic recovery. But to not fund these raises is not the responsible thing to do. Thank you, Mr. Speaker."

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I stand in support with reservations. At the time when these collective bargaining agreements were negotiated, the state had the lowest unemployment. Council and state revenues were showing huge positives. Now we are the state with the highest unemployment.

"There is nothing in the bill that guarantees we won't be furloughing people. And I certainly do appreciate the remarks of our Labor Chair and the work that our Finance Chair has done with this bill. Being a lawyer, I know we are stuck with the agreements we have made, but I do have strong major concerns that we are on the path of furloughing. And for those reasons, I stand with reservations. Thank you."

Representative Kitagawa rose in support of the measure and asked that the remarks of Representative Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Say rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. I'm in support with reservations. I am in support because the unions followed the rules and laws and negotiated in good faith and got two binding arbitration awards and five mutual agreements. These state and university workers attended to work for over two years without a contract and have earned their pay. For that, there is no doubt that retroactive compensation is included.

"But for all of us, up until March 2020, no one questioned the fairness of a small pay raise. This all changed drastically when the world was forced to recognize COVID-19 global pandemic and Governor Ige issued his mandatory shutdown and stay-at-home orders. Innocent state workers, like all Hawaii residents, are simply caught up in this firestorm of this global pandemic and are bearing a high price for the process that started in good faith last year. Abiding by the law, following the rules, should mean something and it should come. Funding for these workers' small pay raises is fair and demonstrates we are a nation of law, and not men.

"Mr. Speaker and members of the House, my reservations are these. Hawaii has the highest unemployment rate in the nation. About 220,000 are still unemployed. Most hotels will probably open in two months or longer. One fourth of our restaurants may not reopen, or if they do, only half the number of tables and chairs will be allowed. And at that point in time, if you extrapolated, a $2.3 billion deficit over the next two years.

"My reservations, Mr. Speaker, at presently understood that the Governor may, may be forced to impose a reduction in force, a RIF, or furloughs. Since 65 cents of every payroll dollar is tied to the employee, 35% can be construed or considered discretionary, but there is not much more to cut or reduce.

"Yes, a furlough will spread the pain across the board, but a RIF, reduction in force, or layoff, would target specific employees and programs and allow the State to prioritize or rank the programs and services. But for all of us, with layoffs it would usually mean that the last one in is the first one out, or our younger tenured employee would be first to lose their jobs. That occurs in a system where longevity and seniority is valued here in the state. But it also means that the lower paid employees may lose their jobs, and that means less savings for the employer, which is all of us. And that in turn means greater number of lower paid employees to be the target savings. And any worker laid off will join the ranks once more that all of you who have volunteered your time, would be part of the unemployed and tax the state unemployment fund.

"Mr. Speaker, reservations also because there is a perception that the Legislature, especially we as Democrats, are favoring public workers or in bed with the public worker unions. And that in the private sector, workers, union and non-union workers are not treated the same. For all of us here on the floor and in the gallery, that is far from the truth.

"I have been around long enough to know the perception is there. Indeed, I'm not surprised at all. So many of our neighbors, friends, and family have had their hours reduced, pay cut, or even been placed on furlough or laid off. And there is no idea of when or even if their jobs will return next week, next month, next year. No one knows.

"Meanwhile, the reopening of the economy, return of tourists, and the new normal has yet to be decided now that we have gone into four months from the March state lockdown. This has been a very stressful and unsettling time for many, many of our fellow citizens."

Representative Tokioka rose to yield his time, and the Chair "so ordered."

Representative Say continued, stating:

"Thank you, very much. Many who have worked all their lives are now finding themselves in the food line, seeking government assistance, and fearful of not making ends meet. And thank you, all of you in the support for paying the rent, their car loans, or facing foreclosure, or bankruptcy. The long lines that you folks have seen on the news and who some of you may have participated, clogging the H-1 from Waipahu to Aloha Stadium every week is a stark remembrance of how desperate many have become to put food on their table.

"So, in closing, Mr. Speaker, I encourage the Governor, the mayors, the councils, and the unions to keep on talking as this measure is brought to his desk for the Governor's signature or approval. It has major fiscal implications for the current and future budgets. And as I related earlier, without other income sources to fill the projected budget shortfall, may lead to the inevitable consequence of the State of Hawaii giving a pay raise to its workers on one day, but on the next day expecting to furlough or lay off those same workers. And as strange as it might seem, it is honest and foreseeable event arising down the road. And at that junction it will not be the State Legislature's call, but solely the Governor, mayors, and the counties. And I wish them all the best. To all of you, Godspeed and take care."

Representative Ohno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I'm in strong support of Senate Bill 785 for many reasons, as has been mentioned earlier. The precedent of these state workers, the valor of these state workers, and the benefit to our economy's recovery for these state workers. For that reason, I believe that these members in collective bargaining units 2, 3, 4, 7, 8, 9, 13, and 14 should be awarded.

"I believe that the state employees that have collectively bargained deserve their pay raises, as well as the hardworking people here in our own building. Thank you, Mr. Speaker."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. We just wanted to thank all the comments, especially I was very moved by the comment from the Representative from Ewa. So, I just especially wanted to thank his comments. I wanted to incorporate the words of the Labor Chair," and the Chair "so ordered." (By reference only.)

Representative Luke continued, stating:

"So, let me just give you a fiscal perspective. I know there were some numbers thrown out. But for fiscal year 20, the amount for the collective bargaining raises would be $62 million, because those are some retroactive pay raises for fiscal year 21. Because it incorporates some of the UHPA reopener the amount is $90 million, which is cumulative of the prior raises. So, it's actually $60 million and then going forward it's $90 million, you don't add the two years and then say it's $150 million.

"This is a conversation that we continue to have with the Governor when we draft the budget. And many of the bills we have many conversations with the Governor. And I know the Governor had a hard time too, when he submitted the various collective bargaining messages, and he said he is under the obligation to forward the collective bargaining messages to the Legislature. So, he also feels that, he feels badly that everyone is in this situation. And so similarly the Legislature is in a position, and he understands that, the Legislature is in a position to have to agree to the collective bargaining raises.

"But one of the things I wanted to let the members know and let the public know is that as we work on the financial plan, both the Governor and my office and the Legislature have already incorporated the collective bargaining raises. So, when we are dealing with the budget and the financial plan, the Governor has already assumed that we would approve these raises. So, that's why for all of us, this is a step that we are going through to approve these raises which is already incorporated into his financial plan.

"One of the things in balancing the budget, what we have done is reduce a lot of the vacant positions. And as a result, we have secured $200-somewhat million in vacancy savings. When we cut those vacancies and we take those funding from the vacancies, what happens to the current employees, they actually have to pick up the slack for the workers that we are not filling. So, some of these state workers are now doing fellow employees' work because we cut a substantial amount. Usually we cut maybe about $30 million or $10 million to $20 million, or somewhat along that line in vacancies, but this year we did the extraordinary step in taking about $200 million or somewhat, kind of an exorbitant number of vacancies.

"And the reality is, that's why you have the unemployment situation. You have park situation where we don't have employees who are there to close the parks because of vacancies. So, what do they do? Some of these employees have to go and open and close the parks so that the public can enjoy the use of the park. And the Unemployment Office, these people are there from 6:30 a.m. to sometimes 8:00 or 9:00 p.m., even on the weekends, because they are picking up the slack for the vacant positions that we as a legislature took.

"So, when we talk about public sector employees, the public sector employees are very different from private sector employees. Because of the state law, we require public sector employees to pay close to about 40% of their health benefits. So, a lot of the public sector employees who, some of these people are in this bill, Senate Bill 785, are barely making minimum wage, but in actuality they're making subminimum wage because out of their paycheck they have to pay 40% of the health benefits, unlike private sectors employees."

Representative Takumi rose to yield his time, and the Chair "so ordered."

Representative Luke continued, stating:

"Thank you, Representative. So, when we look at the pay of some of these public sector employees, they are bearing a tremendous burden, and I think that's something that is lost sometimes when we talk about our public employees, that we continue to require that they pay for their high cost health insurance, unlike in the private sector.

"And the Governor is also struggling with this as well. And the Governor continues to be open to having furloughs and pay cuts, and that's kind of a painful discussion. And I'm sure some of you folks feel that you're glad that you're not involved in these discussions. But the Governor continues to discuss doing furloughs, whether it's furloughs of certain days or furloughs of a few hours. I know he is having discussions about furloughs and pay cuts.

"If that's the case, we're dealing with few units out of the 14 units, we're only dealing with certain units. And some of the other units already got their raises. So, when you talk about fair and equity, and he's doing across the board through all units of furloughs and pay cuts. Just on the fairness and equity, I don't know how we can justify, and as much as people said they don't know how they can justify this bill, I don't know how we can justify that while the Governor continues to look at furlough as an option, whether the Legislature likes that or not, how we can say, okay you know some of you folks didn't get your raise, but then you're also going to get furloughs, whereas other public sector employees got your raise, just because the Governor is looking at across the board.

"So, I do understand the situation that we're all in, but the bottom line is the public sector employees are picking up the slack for other vacant positions that many of the essential services that need to be taken up. And for those reasons, I rise in strong support. Thank you, very much."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Just very briefly, I wanted to rise in support and echo the comments from many of our other colleagues. If it's a question of fairness, as the Finance Chair described, we cannot treat one set of employees differently than another, providing financial support and then withholding it from others. If it's a question of whether they're deserving, I'm so glad to hear everyone here, no matter your position on the bill, agree that, indeed, our employees are deserving.

"If it's a question of economic impact, I think we need only look back to 2009 and the recession, for those who were here at the time, to see that at the time, the Legislature decided to cut funding, withhold raises, cut positions, and furlough others. And in retrospect, of course, the impact on the economy was one that worsened the recession, that exacerbated the pain out there in our community.

"But, Mr. Speaker, I think the biggest thing about this bill is that it is, to the Labor Chair's point, a question of upholding our constitutional obligation to meet our collective bargaining requirements and follow precedent. And to those ends, Mr. Speaker, I stand in support. Thank you."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I stand with strong reservations on the measure. I would like the words of the Representatives from Puna and Palolo entered into the record as if they were my own. And however, the debate here today is brought to the fact that our hands are kind of bound on this. But I want to make the point that I can't support this unequivocally only because my House district has the highest unemployment rate in the entire United States, Mr. Speaker. So many families are out of work. And despite the heroic efforts of UI to get them benefits, there are still many who haven't received benefits since March.

"I talked to workers within the effected bargaining units. They're more concerned about RIFs and furloughs. They would gladly, in their words, give up their own and let it go to show solidarity with the community. But at the same time, we are bound, and this is in the Governor's hands. So, I have a lot of strong reservations, Mr. Speaker. The unemployment in this district is huge. And so, I'm hoping as we move forward we can also address them and help them in the private sector. But I have to express those reservations today. Thank you."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Yes, Mr. Speaker, I agree with both the Labor Chair and the Judiciary Chair. I believe this is a protocol issue or procedural issue. And in addition, being a former HGEA member for Bargaining Unit 13 for over a decade, I know how hard the men and women, government employees work for our state. And so, for those reasons, I support this bill. Thank you."

Representative Okimoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition to Conference Committee Report No. 2, Senate Bill No. 785, SD 1, HD 1, CD 1. As a former special education teacher, I am torn about voting against this bill. Our public school teachers, first responders, and healthcare workers should earn fair compensation. If times were different, I would vote in favor of this bill. However, our unemployment rate is nearly 23%, with over 131,600 jobs lost. Over 11,000 people have not had their unemployment claims paid. Some of my constituents, who filed initial claims in March, still have not been paid. I cannot justify paying for public worker pay raises while thousands of Hawaii's families struggle to put food on their table, pay their bills, their rent or their mortgage. Our public workers deserve this pay raise, but now is not the time. Thank you, Mr. Speaker."

Representative DeCoite rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, in support with reservations. The fact that I can appreciate all sides of what's been discussed, I know there's a lot of work that's been done. I commend the Labor Chair, Finance Chair. But, like many others, most of you know Molokai has always had the highest unemployment rate. One job lost is a whole other job that we're going to have to deal with. And as times will get harder for us going forward, I have strong reservations, but can appreciate the different districts and dynamics of everybody's input. With that, I'd like to also insert comments to the Journal. Thank you, Mr. Speaker."

Representative DeCoite's written remarks are as follows:

"With reservations. With the COVID-19 global pandemic and our current economic downturn because of it, I feel that now is a bad time to approve raises. I know these agreements were underway before the pandemic hit but I would rather we hold off until we have a better handle on our financial situation.

"I do support working families and want them to have proper wages and protections. I just want to make sure we, the State, can afford it."

Representative Matsumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in support but do have several concerns which I would like to clarify and also explain why I ultimately will support this bill.

"It appears this bill included some bargaining units that should have been considered separately, specifically Bargaining Unit 7 – University of Hawaii and community college faculty.

"It is my understanding that the Unit 7 agreement was made in May of this year, well after the onset of COVID-19 when the State was already concerned with its financial future. Though I am sure that there was no malicious intent involved, it still saddens me that some were negotiating to get more while so many were, and still are, going without.

"If this timeline is correct, and this agreement was completed in May of 2020, I do not believe it should be considered for appropriation at this time. The State and its citizens are looking at extreme financial hardships for the foreseeable future. As elected representatives, we are expected to be responsible stewards of the public money. Negotiating pay raises in the middle of this pandemic goes against that stewardship.

"Despite my previous hesitations, I am voting for this bill because it includes much needed support for our emergency medical service and I believe it is important that we honor our contracts. The rule of law is supposed to provide equality and stability that people can plan their lives around. If we don't fund a contract that was already agreed to, legally, before the pandemic started, I believe we are eroding trust in this vital institution.

"The portions of this bill covering the Hawaii Government Employees Association were agreed to well before the pandemic. In March, before the Legislature's closure, these appropriations were days away from being passed. Again, I believe it is our responsibility as advocates for the rule of law that we keep our promises and honor these contracts.

"This is also a vote regarding fairness. We have passed all of the other bargaining units contracts last session and they have received and will receive negotiated salary increases; many will see an increase on July 1, 2020. Due to the delay in our negotiations, it pushed their contract into the 2020 session; the contract is supposed to be effective July 1, 2019.

"My vote in support ensures equity and fairness among all public sector employees, which will be important with the unknown future due to COVID-19. Many of these employees have been the ones working on the frontline during this pandemic. They are the epidemiologists and contact tracers during COVID-19; they are the nurses, physical therapists, respiratory therapists in the hospitals face to face with COVID and caring for patients; they are the employees that ensure that the water systems and sewer systems are working; they are the employees that save lives on our beaches; who have made distance learning in the DOE and UH System possible; they are the workers providing our social safety net such as social workers, parole officers, child abuse investigators, SNAP and QUEST processors; they are the workers who have worked tirelessly to process the onslaught of unemployment claims using an antiquated system; and they are the workers who coordinated, cooked, and distributed thousands of meals to students during the pandemic.

"These bargaining units represent all of these people who have gone above and beyond to help others during these difficult times. While it is a difficult vote to provide raises during a recession, it is important that these government workers are treated equally and compensated for their work in case there are budget cuts going forward. Thank you, Mr. Speaker."

Representative Kong rose in support of the measure with reservations and asked that the remarks of Representative Say be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ward rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition to S.B. No. 785, SD 1, HD 1, CD 1, with the following comments.

"How can we in good conscience vote for pay raises for state employees while so many are unemployed? Our state has been number one or number two in unemployment since the COVID-19 crisis began. The state has kept the number of infections low because businesses and individuals cooperated with mandated closures, social distancing requirements, and now with reopening limitations. This compliance has come at a great loss to our citizens. It is unconscionable to give anyone a raise when so many have lost jobs and others are barely hanging on. We are sending a message that we don't care about the suffering of the people of our state if we approve these pay raises. We are sending a message that state workers are more important than others. This is not a message I am willing to send.

"Some of the government employees covered in this bill are health care workers who are providing vital services. I'm not saying they don't deserve a raise, they do, and it should be negotiated but not paid out now, but when the economy gets stronger.

"This is not the time to give anyone a raise. The Legislature was scheduled to receive a raise on January 1st of 2021. This raise was recommended by the Commission on Salaries and approved during the 2019 session. We are NOT taking that raise on January 1st. The Legislature voted to delay the raise due to the economic impact COVID-19 has had on our state. So, by voting against this bill we are not asking the state employees to do anything that we are not doing ourselves – not receive a raise. Our state just does not have the money for raises at this time.

"There have been comments made that by voting against this bill the Legislature is involving itself in the collective bargaining process. Voting for or against a bill related to collective bargaining is the only involvement the Legislature is allowed to have. Normally, this type of collective bargaining bill is passed easily because it is an administrative task for the Legislature. However, this bill is slightly different. Other collective bargaining bills that were passed this year state the bill is recommended by the Governor for immediate passage. This bill does not contain that statement. My hope is that since that statement is not present, the Governor was sending a message to the Legislature that passing the bill was optional. At the very least the Governor seemed to be signaling that the collective bargaining agreements could be renegotiated if the bill were passed. These pay raises need to be renegotiated or deferred because we are in unprecedented times. The state's tax revenues are going to be much less than projected when these collective bargaining agreements were negotiated. In addition, furloughs and layoffs are still on the table. It is not the time for pay raises.

"Hawaii Revised Statutes 89-10(b) reads '…If the state legislature or the legislative body of any county rejects any of the cost items submitted to them, all cost items submitted shall be returned to the parties for further bargaining.' The Legislature has the authority to reject cost items contained in collective bargaining agreements.

"This bill combined HB 2305 and HB 2309. In these bills, Bargaining Unit 7 (University of Hawaii and community college faculty) and Unit 14 (state law enforcement officers and state and county ocean safety and water safety officers) were not receiving an appropriation. However, in this current bill these units have been appropriated over $15 million between them. How are we paying for this?

"Government employees work hard, and I appreciate all that they do; however, it is not the time to give pay raises. Our state is going to have to take on millions of dollars in debt just to stay afloat. Increasing debt so that we can do things like raising the pay of government workers is both fiscally and morally wrong. This is the first time in my 20 years in the Legislature that I have voted against a collective bargaining pay raise. Thank you, Mr. Speaker."

At 1:07 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:09 p.m.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 785, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING," passed Final Reading by a vote of 45 ayes to 4 noes, with Representatives DeCoite, Kong, McKelvey, San Buenaventura, and Say voting aye with reservations, and with Representatives McDermott, Okimoto, Thielen and Ward voting no, and with Representatives Cabanilla Arakawa and Wildberger being excused.

At 1:10 p.m., the Chair noted that the following bills passed Final Reading:

S.B. No. 126, SD 1, HD 1, CD 1

ANNOUNCEMENTS

Representative Onishi: "Thank you, Mr. Speaker. Again, I'd like to happily announce that Airbnb and Kauai County have signed an MoU regarding the management of short-term vacation rentals."

Representative Luke: "Thank you, Mr. Speaker. This is kind of an unusual announcement, but I just wanted to take the time to respond to Director Espinda's letter relating to the Fernhurst closure. He claimed that it's due to the Legislature's reduction in PSD funds that he is being forced to close Fernhurst.

"The Legislature has been more lax with PSD funding than any other department. Partly because PSD has a lot of flexibility because of the

movement of inmates from Hawaii to Arizona and out-of-state-inmates. And because of that, unlike any other department, PSD has gotten a significant amount of latitude in flexibility of funds, all the funds that was removed from PSD and any other department were lapsed funds and not impacting any direct services.

"So, as Chair of Finance, I'm very disappointed in the letter that was sent by the director in response to the Legislature's request to keep Fernhurst open. And as a result, we will be taking a closer look at the budget. Because in the past, they have had surplus and slush funds of over $25 million. At some point they requested that they keep the slush funds because of various movements that they wanted to make between Hawaii and Oahu. So, on behalf of the Legislature, we wanted to show our deep regret to the director's letter. Thank you."

Representative Ward: "Mr. Speaker, that clearly was an unusual announcement. I have an even more unusual announcement. What is she talking about?"

Representative Luke: "Representative Ward, please read your emails. Thank you."

COMMITTEE REASSIGNMENTS

The following measure was re-referred to committee by the Speaker:

S.B. No.	Re-referred to:
2523, SD1, HD1	Committee on Public Safety, Veterans, & Military Affairs, then to the Committee on Finance

ADJOURNMENT

At 12:18 p.m., on motion by Representative Morikawa, seconded by Representative Ward and carried, the House of Representatives adjourned until noon tomorrow, Tuesday, June 30, 2020.

HOUSE COMMUNICATIONS

House Communication dated June 29, 2020, from Brian L. Takeshita, Chief Clerk of the House of Representatives, to the Honorable President and members of the Senate, informing the Senate that the House gives its notice of intent to agree to the amendments made by the Senate to the following House Bill:

H.B. No. 2500, SD 1

FORTY-EIGHTH DAY

Tuesday, June 30, 2020

The House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, convened at 12:03 p.m., with Speaker Saiki presiding.

The invocation was delivered by Representative Chris Lee, after which the Roll was called showing all members present, with Representatives Creagan, DeCoite, Lowen, Matayoshi, Matsumoto, McKelvey, Perruso, Quinlan, and Thielen participating remotely via videoconference, and with the exception of Representatives Har, McDermott, and Say, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Forty-Seventh Day was deferred.

SENATE COMMUNICATIONS

The following communication from the Senate (Sen. Com. No. 543) was received and announced by the Clerk:

Sen. Com. No. 543, transmitting H.B. No. 2294, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO NOTARIES PUBLIC," which passed Third Reading in the Senate on June 29, 2020.

Representative Belatti moved to disagree to the amendments made by the Senate to the following House Bill, seconded by Representative Morikawa and carried: (Representatives Har, McDermott, and Say were excused.)

H.B. No. 2294, HD 1, (SD 2)

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering a certain Senate Bill for Third Reading by consent calendar. (Representatives Har, McDermott, and Say were excused.)

UNFINISHED BUSINESS

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1230-20) recommending that S.B. No. 2701, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2701, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative San Buenaventura rose to speak in support of the measure, stating:

"I stand in support. But I wanted to make it abundantly clear that the Legislature, in passing this third reading bill, does not in any way allow for a violation of any constitutional rights, that the permission is to be granted to the property, entry into the property, but not into the building or the structure itself. And for those reasons, I stand in support. I note that the committee report did not make that clear and I just want to make sure that the Journal reflects the legislative intent. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2701, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL BUILDINGS," passed Third Reading by a vote of 48 ayes, with Representatives Har, McDermott, and Say being excused.

At 12:10 p.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 2701, HD 2

REPORTS OF STANDING COMMITTEES

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1232-20) recommending that H.C.R. No. 20, as amended in HD 1, be referred to the Committee on Judiciary.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.C.R. No. 20, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION APPROVING THE TRANSFER OF THE LEASED FEE INTEREST IN A PORTION OF 610 COOKE STREET, HONOLULU, HAWAII, TO THE CITY AND COUNTY OF HONOLULU," was referred to the Committee on Judiciary, with Representatives Har, McDermott, and Say being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1233-20) recommending that H.C.R. No. 24 be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.C.R. No. 24 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, on 1233, authorizing the issuance of an easement, I'm a no vote on that."

Representative Wildberger rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Perruso rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, real quickly, because it's second reading, reservations on the same matter. Thanks."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 24, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT KAALAWAI, HONOLULU, OAHU, FOR THE EXISTING SEAWALL, AND FOR USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was referred to the Committee on Finance, with Representative McKelvey voting aye with reservations, with Representatives Perruso, Thielen, and Wildberger voting no, and with Representatives Har, McDermott, and Say being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1234-20) recommending that H.C.R. No. 25 be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.C.R. No. 25 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, a no vote again about the issuance of an easement. These are our shoreline areas, Mr. Speaker, and it's not the way that we should be dealing with the looming problem of sea level rise. I think we need to have a much more comprehensive look at this. And if any easement has to be extended, it should be for a period of one or two years to allow the Department of Land and Natural Resources time to come up with an actual plan that's going to work to preserve our beaches and our shorelines. And hardening them is not the way to go. Thank you."

Representative Wildberger rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. No vote, same reason. *Mahalo*."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, reservations for the reasons stated in the last reso."

Representative Perruso rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 25, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT WAIMANALO, KOOLAUPOKO, OAHU, FOR THE EXISTING PIER, SEAWALL, AND STEPS, AND FOR USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was referred to the Committee on Finance, with Representative McKelvey voting aye with reservations, with Representatives Perruso, Thielen, and Wildberger voting no, and with Representatives Har, McDermott, and Say being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1235-20) recommending that H.C.R. No. 26 be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.C.R. No. 26 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, same thing, same reasons, and a no vote, please."

Representative Wildberger rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Perruso rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 26, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT KANEOHE, KOOLAUPOKO, OAHU, FOR THE EXISTING PIER, AND FOR USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was referred to the Committee on Finance, with Representative McKelvey voting aye with reservations, with Representatives Perruso, Thielen, and Wildberger voting no, and with Representatives Har, McDermott, and Say being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1236-20) recommending that H.C.R. No. 27 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.C.R. No. 27, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A PERPETUAL, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT MAUNALUA, HONOLULU, OAHU, FOR THE EXISTING STORM DRAIN, AND FOR USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was referred to the Committee on Finance, with Representatives Har, McDermott, and Say being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1237-20) recommending that H.C.R. No. 28 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.C.R. No. 28, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A PERPETUAL, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT KANEOHE, KOOLAUPOKO, OAHU, FOR THE EXISTING STORM DRAIN, AND FOR USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was referred to the Committee on Finance, with Representatives Har, McDermott, and Say being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1238-20) recommending that H.C.R. No. 29 be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.C.R. No. 29 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, on 1238, again, an easement on the shoreline, and a no vote, please."

Representative Wildberger rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Perruso rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 29, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT NAPILI 2 AND 3, LAHAINA, MAUI, FOR AN EXISTING WALKWAY, AND FOR USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was referred to the Committee on Finance, with Representatives Perruso, Thielen, and Wildberger voting no, and with Representatives Har, McDermott, and Say being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1239-20) recommending that H.C.R. No. 30, as amended in HD 1, be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.C.R. No. 30, HD 1 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Wildberger rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Perruso rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 30, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF TERM, NON-EXCLUSIVE EASEMENTS COVERING PORTIONS OF STATE SUBMERGED LANDS AT WAIOHULI-KEOKEA, WAILUKU, MAUI, FOR THE EXISTING SEAWALL, AND FOR THE USE, MAINTENANCE, AND REPAIR OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was referred to the Committee on Finance, with Representative McKelvey voting aye with

reservations, with Representatives Perruso, Thielen, and Wildberger voting no, and with Representatives Har, McDermott, and Say being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1240-20) recommending that H.C.R. No. 31 be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.C.R. No. 31 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, same reason. Here we're going again with another easement on our shorelines, and it's not the right way to go. I think this body should instead send a message back to the administration and to the Department of Land and Natural Resources. We need to have a comprehensive plan to address the sea level rise, and it's not by granting easements for structures that harden our shoreline. Thank you, a no vote, please."

Representative Wildberger rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Perruso rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative B. Kobayashi rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, comments in support with reservations. I would note that some of these items have easements for a term, whereas on the previous items on the prior page, we had at least two items with perpetual easements. And I think those are the things that are disturbing because there is, as the good Representative from Windward has said, no policy, no standard by which these easements are granted. So, it's particularly disturbing, I think, when you have a perpetual easement, and even the term easement I think needs to be examined as to the length of the term. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 31, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT WAIOHULI-KEOKEA HOMESTEADS, KIHEI, MAUI, FOR THE EXISTING SEAWALL, ROCK REVETMENT, AND CONCRETE STEPS, AND FOR USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was referred to the Committee on Finance, with Representatives B. Kobayashi and McKelvey voting aye with reservations, with Representatives Perruso, Thielen, and Wildberger voting no, and with Representatives Har, McDermott, and Say being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1241-20) recommending that H.C.R. No. 32 be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.C.R. No. 32 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, another no vote, please. I'm just concerned that this body is not sending the strong message back that it should be sending to the administration and the Department of Land and Natural Resources. Let's get a policy going. Let's see what we're going to do. How do we best address the sea level rise? How do we preserve our beaches? How do we make sure that we preserve our beaches? Not by hardening our shoreline. Thank you."

Representative Wildberger rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Perruso rose to speak in opposition to the measure, stating:

"Same request and for the same reasons. *Mahalo*."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 32, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT WAIOHULI-KEOKEA HOMESTEADS AND BEACH LOTS, KIHEI, MAUI, FOR THE EXISTING SEAWALL AND ROCK REVETMENT, AND FOR USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was referred to the Committee on Finance, with Representative McKelvey voting aye with reservations, with Representatives Perruso, Thielen, and Wildberger voting no, and with Representatives Har, McDermott, and Say being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1242-20) recommending that H.R. No. 127 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.R. No. 127, entitled: "HOUSE RESOLUTION URGING THE BOARD OF LAND AND NATURAL RESOURCES TO DISPOSE OF THE LONG-TERM WATER RIGHTS LEASES FOR HAWAIIAN ELECTRIC'S NON-CONSUMPTIVE WATER USE ALONG THE WAILUKU RIVER BY DIRECT NEGOTIATION AND PROVIDE GUIDANCE ON DETERMINING THE VALUE OF THE ANNUAL WATER LEASE RENT," was referred to the Committee on Finance, with Representatives Har, McDermott, and Say being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1243-20) recommending that H.C.R. No. 147 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.C.R. No. 147, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE BOARD OF LAND AND NATURAL RESOURCES TO DISPOSE OF THE LONG-TERM WATER RIGHTS LEASES FOR HAWAIIAN ELECTRIC'S NON-CONSUMPTIVE WATER USE ALONG THE WAILUKU RIVER BY DIRECT NEGOTIATION AND PROVIDE GUIDANCE ON DETERMINING THE VALUE OF THE ANNUAL WATER LEASE RENT," was referred to the Committee on Finance, with Representatives Har, McDermott, and Say being excused.

Representative Yamane, for the Committee on Water, Land, & Hawaiian Affairs, presented two reports:

(Stand. Com. Rep. No. 1244-20) recommending that H.R. No. 146 be referred to the Committee on Finance; and

(Stand. Com. Rep. No. 1245-20) recommending that H.C.R. No. 167 be referred to the Committee on Finance.

Representative Belatti moved that the reports of the Committee be adopted, and that H.R. No. 146; and H.C.R. No. 167 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Ward rose to speak in support of both measures, stating:

"Strong support."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 146, entitled: "HOUSE RESOLUTION RECOGNIZING THE UNIQUE LANGUAGE AND CONTRIBUTIONS TO HAWAIIAN CULTURE OF THE NIIHAU COMMUNITY," was referred to the Committee on Finance, with Representatives Har, McDermott, and Say being excused; and

H.C.R. No. 167, entitled: "HOUSE CONCURRENT RESOLUTION RECOGNIZING THE UNIQUE LANGUAGE AND CONTRIBUTIONS TO HAWAIIAN CULTURE OF THE NIIHAU COMMUNITY," was referred to the Committee on Finance, with Representatives Har, McDermott, and Say being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1246-20) recommending that S.B. No. 2920, SD 1, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2920, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONFORMITY TO THE INTERNAL REVENUE CODE," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Har, McDermott, and Say being excused.

ANNOUNCEMENTS

Representative Luke, for the Committee on Finance, requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing the following measure on Tuesday, June 30, 2020, at 2:05 p.m. in Conference Room 329, and the Chair "so ordered."

S.B. No. 2523, SD 1, HD 1, proposed HD 2, Relating to Public Safety.

ADJOURNMENT

At 12:22 p.m., on motion by Representative Morikawa, seconded by Representative Ward and carried, the House of Representatives adjourned until noon tomorrow, Wednesday, July 1, 2020. (Representatives Har, McDermott, and Say were excused.)

HOUSE COMMUNICATIONS

House Communication dated June 30, 2020, from Brian L. Takeshita, Chief Clerk of the House of Representatives, to the Honorable President and members of the Senate, informing the Senate that the House has disagreed to the amendments made by the Senate to the following measure:

H.B. No. 2294, HD 1, SD 2

FORTY-NINTH DAY

Wednesday, July 1, 2020

The House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, convened at 12:05 p.m., with Speaker Saiki presiding.

The invocation was delivered by Representative Della Au Belatti, after which the Roll was called showing all members present, with Representatives Creagan, DeCoite, Gates, Har, Matayoshi, Matsumoto, McDermott, Perruso, Quinlan, and Thielen participating remotely via videoconference.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2629, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote, brief comment. Mr. Speaker, I think we're gambling with our future by obviating or taking off the table the possible use of coal. It's good that we're not going to have coal. We don't know what

percentage of the pollution that comes out of Hawaii is actually coal, but we know it's the cheapest source of electricity. And if we ever wanted to go back to it, this says, hey you can't do it.

"Presently, the contractor and his present contract expires in 2021. Let's just let it expire, then if we never ever need to put it back on the table, we've got it, versus, hey we gotta go back and reverse this.

"Mr. Speaker, the United States has the world's largest supply of coal, and it's the cheapest way. And technology increasingly takes all the stuff out of the air. The filtering and that technology is getting more and more sophisticated. If that was not the case, we wouldn't have catalytic converters on our cars to keep all of that stuff out of the air.

"The point is, we're taking off something on the table that really have as a strong asset, and I just think it's premature to take it off the table. For those reasons, Mr. Speaker, I think it's not a good policy. Thank you."

Representative Kong rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition, brief comment. The industry itself is already moving to remove coal from its production of electricity. So, like the Representative from Hawaii Kai actually mentions, since this is already happening in place, why are we actually trying to shoot ourselves in the foot should an emergency such as natural disaster or even war happen that may require us to actually use coal in the future? So, without predicting the future, like we had a hard time predicting COVID-19, I don't think this bill should pass. Thank you, Mr. Speaker."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In anticipation that there would be misinformed claims about the cheapness of coal made, I just have a few quotes I'd like to have entered into the Journal in support. So, from an article in USA Today, which was dated June 5, 2019, please insert the following quote, Coal is over. Coal is more expensive than any other major electricity generation system.

"From a Bloomberg.com article dated March 22, 2020 titled, 'Coal is now the world's most expensive fossil fuel,' please insert the following quote, Coal is now the world's most expensive fossil fuel. It's also the dirtiest fossil fuel, emitting about twice as much carbon dioxide as natural gas and 30% more than gasoline when burned.

"And finally, from a FastCompany.com article dated March 16, 2020 from an article titled, 'From the U.S. to Europe to China to Russia, renewables are now cheaper than coal,' please include the following quote, we aim to challenge the long-standing narrative that coal power is cheap and will continue to remain a cheap source of energy. The current coronavirus crisis may impact renewable energy, but the crisis may also mean that coal becomes an even worse deal. Renewables, as the lowest-cost energy on the grid, will be used first as demand drops. On balance, the coronavirus crisis may not be as bad for renewables as one might suspect. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, just a point of clarification. I'm not saying the renewables are bad, I'm saying, why not have it as a reserve? Why put one arm behind your back and you don't need it? So, what the good representative says is probably true. But the point is, renewables, we used to have solar on every roof as the mantra of my office. And then suddenly HECO said, well look we got too much coming out of the roof, we can't have it anymore.

"The point is to have a backup. Just like we don't want to have uranium or actually nuclear-powered stuff. But we have it something that if we need it, we probably should use it. The point is, Mr. Speaker, we need to have all options, and this one obviates one.

"But we should go for renewable, we should be 100% renewable for 2040 and do it well, but make sure if anything slips, just like now, we're slipping in tourism. Well we've got all of our eggs in one basket. If we slip on the renewables, what are we going to do to pull out the energy which all of us need to survive on.

"For those reasons, Mr. Speaker, I just think it's sound policy by not saying, okay this is bad, but ok, we're going to put it aside, we're not going to throw it into the trash bin of history. For those reasons, Mr. Speaker, I think we're still prematurely taking it off the table. Thank you."

Representative Wildberger rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support, brief comment. It's time for climate crisis, hair on fire, COVID notwithstanding. We have got to do everything. It's everyone in this room's *kuleana* and on Zoom to reduce our greenhouse gas emissions, and the era of extraction behavior needs to be over.

"Hawaii doesn't have any stores of coal. We have to bring coal in by container ship from the Mainland. So, we want to diversify our energy supply with renewables. We can use our green waste and produce clean gas that can be used to diversify our renewable portfolio. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I just note, very briefly, that the last of the few major power outages experienced here on Oahu came because our coal plant tripped offline. Part of the challenge being that as a centralized power source, it cannot adapt to the changing nature of the grid.

"Further, the reason that a bill like this would be warranted is that any extension of the power purchase agreement could be for many years or even decades, which would lock our ratepayers into paying higher prices artificially than solar, batteries, and other technology, were they put onto the grid now, would otherwise allow. It is a risk aversion and cost aversion measure to make sure that we lower our cost of living. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2629, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ENVIRONMENT," passed Third Reading by a vote of 46 ayes to 5 noes, with Representatives Cabanilla Arakawa, Kong, McDermott, Okimoto, and Ward voting no.

At 12:16 p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2425, SD 1
S.B. No. 2878, HD 2
S.B. No. 2877, SD 1, HD 2
S.B. No. 2629, SD 2, HD 1

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1253-20) recommending that S.B. No. 2612, SD 1, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2612, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING

TO SPORTS OFFICIALS," passed Second Reading and was placed on the calendar for Third Reading.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1254-20) recommending that S.B. No. 2185, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2185, HD 1 pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2185, HD 1, entitled: "A BILL FOR AN ACT RELATING TO VIOLATION OF PRIVACY," passed Second Reading and was placed on the calendar for Third Reading, with Representative Okimoto voting aye with reservations.

Representative Lee, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1255-20) recommending that S.B. No. 2139, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2139, HD 1, entitled: "A BILL FOR AN ACT RELATING TO VACANCIES," passed Second Reading and was placed on the calendar for Third Reading.

At 12:17 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:21 p.m.

THIRD READING

S.B. No. 3054, SD 2, HD 1:

Representative Belatti moved that S.B. No. 3054, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Tokioka rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. A no vote. As a wise colleague once told me about many of the things we do, especially in this case, it's a solution looking for a problem. And oftentimes, when we do some of these things it's fire, ready, aim, no pun intended, but I just don't see why we need to put this language in a bill and make local law-abiding citizens go through this. Thank you, very much."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative San Buenaventura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Todd rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Holt rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Aquino rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Quinlan rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative DeCoite rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"In opposition. While I can appreciate the need for the state and law enforcement to have accurate firearm registration statistics, this is not the way to do it. This is another firearms bill that imposes more restrictions and requirements on law-abiding firearms owners. I also feel that this is going to put more on the local police departments when there is no clear way to enforce this law."

Representative Matsumoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition to S.B. No. 3054, SD 2, HD 1 with the following comments.

"This law will require residents who permanently move a firearm out of the state to call the county police and let them know a firearm is leaving the state. Failure to do this results in a $100 fine per firearm.

"While I am in support of laws that promote safety, there is no connection between reporting firearms that leave the state and safety. What problem is this bill solving? There does not seem to be a need for this bill as shown by the number who testified for it – three – and those who testified against it – almost 200 individuals and organizations. There was no testimony supporting the idea that this bill would increase public safety.

"This bill will be nearly impossible to enforce. Gun owners who move out of state and forget to report that they moved with their firearms will be out of the jurisdiction of the State of Hawaii. Will the State spend money to track them down and attempt to collect the fine? The cost involved in doing so would exceed the fine itself. Or, perhaps the State is expecting the county police to do random checks of registered gun owners and make sure the number of weapons matches those registered.

"Finally, I am in opposition to this bill because it is another administrative burden placed on the law-abiding public. Hawaii's gun laws are some of the strictest in the nation. Those who own firearms have to meet training requirements, background checks, and jump through many hoops to legally own a firearm in our state. This law just adds another requirement that bears no relation to public safety.

"For these reasons, I am opposed to this bill. Thank you, Mr. Speaker."

Representative Gates rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hashimoto rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 3054, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FIREARM REGISTRATION," passed Third Reading by a vote of 38 ayes to 13 noes, with Representatives Aquino, Cullen, Gates, Hashimoto, Holt, McKelvey, San Buenaventura, and Todd voting aye with reservations, and with Representatives DeCoite, Eli, Har, Kitagawa, Kong, Matsumoto, McDermott, Okimoto, Quinlan, Say, Tokioka, Ward, and Yamane voting no.

At 12:26 p.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 3054, SD 2, HD 1

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering a certain House Bill for Final Reading by consent calendar.

FINAL READING

Representative Belatti moved to agree to the amendments made by the Senate to the following House Bill, seconded by Representative Morikawa and carried:

H.B. No. 2500, (SD 1)

H.B. No. 2500, SD 1:

Representative Belatti moved that H.B. No. 2500, SD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, as I did before, with reservations and a brief comment. Mr. Speaker, this bill, if our calculations are correct, goes over the constitutional spending limit by 11%. So, we're almost at 30%. Which, for the sake of what we've gotta get through, we gotta bridge it, we gotta do what most families will do that use credit cards when they have a rough time, somebody loses a job, companies will shore up with loans. We're doing the right thing.

"But, Mr. Speaker, the point is the implications of this are, to get out of this hole we need to really ginny up our economy. We really need to get going with entrepreneurship, cutting regulations, cutting red tape, and letting our business community thrive in order to get out of this debt. It's good that we're doing this, but it means when you know a possible weakness, it's a potential strength.

"So, this is good, but it's going to be bad if we don't wake up and let the GET tax, which is 50% of our budget, which comes out of the business community, and wages, 25%, 75% of what keeps the lights on in this building, in this state, is the business community. So, if we're going to go in debt, we gotta have a way to get out of debt. And with that, Mr. Speaker, is to say, this is good, but it's a foreboding for, hey let's loosen up, let's be more entrepreneurial, creative, innovative in the future in order to pay this back. Otherwise, all we're doing is pushing it down to our grandkids and their kids. And unfortunately, that's the model we have at the national level, and it doesn't work fiscally in the long run. Thank you, Mr. Speaker."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support of House Bill 2500. We wanted to thank the administration for continuous work on trying to figure out the timing. We understand that the bond declaration bill that was passed when we left in the second interim session, we needed to wait for the bond ceiling GM first, prior to passage.

"In addition to that, thanks to B&F, they were able to identify additional funding that was initially cash that could be converted into GO. And the good thing about that is, because we are able to convert some of these cash projects to GO, we don't have to continue to cut and raise taxes. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 2500, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Final Reading by a vote of 51 ayes, with Representatives Okimoto and Ward voting aye with reservations.

At 12:31 p.m., the Chair noted that the following bill passed Final Reading:

H.B. No. 2500, SD 1

SUSPENSION OF RULES

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the rules were suspended for the purpose of reconsidering action previously taken in disagreeing to amendments made by the Senate to a certain House Bill. (Representative Takumi was excused.)

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.B. No. 2188, SD 1, entitled: "A BILL FOR AN ACT RELATING TO WILDLIFE OFFENSES," passed Third Reading by a vote of 50 ayes, with Representative Gates being excused.

At 12:12 p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2920, SD 1, HD 1
S.B. No. 2260
S.B. No. 2188, SD 1

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering a certain House Bill for Final Reading by consent calendar. (Representative Gates was excused.)

FINAL READING

Representative Belatti moved to agree to the amendments made by the Senate to the following House Bill, seconded by Representative Morikawa and carried: (Representative Gates was excused.)

H.B. No. 361, HD 1, (SD 2)

H.B. No. 361, HD 1, SD 2:

Representative Belatti moved that H.B. No. 361, HD 1, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support, and a few comments. First, I'd like to thank the author of this bill, the Speaker. I'd also like to think that I have some skin in the game, having first introduced it probably five years or so prior. But it's something whose time is now, and it's something for the future to consider. Five years ago, this bill was probably at its peak, when people understood that our current mayor actually had $200,000 in emoluments that we were surprised to learn about.

"But, Mr. Speaker, this is nothing new, actually. Emoluments have been around and, through the research office, since the confederacy, Articles of Confederation said there are no emoluments allowable. So, this has been a really strict scrutiny, if you will, of people who will get favor because of the positions they have. And quite frankly, it's the human condition, which is really why the US Constitution is so good. Because it knows the weaknesses if we gave it all to a monarchy. Well, we got a legislature, if we gave it all to the legislature. We have an executive, and if we let them have it, we give it to the Judiciary.

"So, these are the same spirit, if you will, checks and balances. And this is saying it's time now, that if you're a mayor, if you're a governor, even

though it doesn't say lieutenant governor, I'm assuming that it's implied, that you will not have any outside employment, you will not have any outside gifts. In fact, it gives it really extreme detail the things that you can and cannot do.

"And also, in the research at Civil Beat it said, actually, the present mayor would agree with this bill that we are talking about, if all elected officials, not just governors and mayors, were covered by it. Mr. Speaker, that sort of suggests that there's some people who think we don't probably need this. But ultimately, I think it's for the betterment. It makes us all, if I might say, in the public eye and in the business we're in. Perception is reality, and when the perception is that someone is paying us to be on a board a couple hundred thousand dollars more than we actually make, it's probably inappropriate.

"Here's the bottom line, Mr. Speaker. This bill will help ensure that corruption has no place in our state and counties' highest offices. And even the perception of it, because it will now be out of bounds. For those reasons, Mr. Speaker, it's an overdue bill, it's a good one, and I hope that everyone votes for this. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 361, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO EMOLUMENTS," passed Final Reading by a vote of 50 ayes, with Representative Gates being excused.

At 12:17 p.m., the Chair noted that the following bill passed Final Reading:

H.B. No. 361, HD 1, SD 2

ANNOUNCEMENTS

Representative Ward: "Mr. Speaker, yesterday I would have made this announcement, but today I will do it with even more enthusiasm. The breach of trust of the Department of Hawaiian Home Lands is a historical landmark, that Leona Kalima and her 2,700 plaintiffs won a 5-0 with the Supreme Court.

"That is really noteworthy of an announcement. It's kind of a wake-up call for the 5th Floor. It's a wake-up call for this body. One hundred years ago, ladies and gentlemen, we said we were going to put Hawaiians back on the land because the land was lost. And this is a strict shot across our bow saying, guys, let's do what we promised to do 100 years ago and we still haven't done it.

"The second announcement, Mr. Speaker, is on the Fourth of July we became a free people. And hopefully that will remain, given what some of the things are going on historically on the mainland. And we are probably a good example of how freedom should be expressed when we have a disagreement with our government, when we have a disagreement with our history, we work it out, hopefully, in bodies such as this. For those reasons, Mr. Speaker, those are two announcements I think are very, very important. Thank you."

COMMITTEE ASSIGNMENTS

The following measure was referred to committee by the Speaker:

ORDER OF THE DAY

SUSPENSION OF RULES

At this time, the Chair stated:

"Please note that Senate Bill No. 2561, House Draft 1, has been re-referred solely to the Committees on Economic Development & Business and Energy & Environmental Protection per committee referral sheet number 54. The Committee on Consumer Protection & Commerce waived its referral to this measure and therefore it is appropriate for the House to consider action for passage on third reading."

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the rules were suspended to reconsider action previously taken on S.B. No. 2561, HD 1.

RECONSIDERATION OF ACTION TAKEN

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the House reconsidered its action previously taken pursuant to the recommendation contained in Stand. Com. Rep. No. 1218-20, recommending referral to the Committee on Consumer Protection & Commerce.

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering certain Senate Bills for Third Reading by consent calendar.

UNFINISHED BUSINESS

S.B. No. 2561, HD 1:

Representative Belatti moved that S.B. No. 2561, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Lowen rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Lowen's written remarks are as follows:

"When the COVID pandemic hit Hawaii, and stay-at-home orders were issued, we saw a corresponding increase in residential energy costs, resulting in an average increase of 17% for residential utility bills. With so many families already under financial pressure, increasing utility costs are compounding financial and mental stress. It is more important than ever to increase energy efficiency in homes throughout the state, which not only reduces electric bills, but also serves Hawaii's clean energy and climate mitigation goals.

"On electric bills for Hawaiian Electric companies, there is a fee called the 'public benefits fee' which is a surcharge paid by all ratepayers. The public benefits fee revenues are then used to fund and support energy efficiency programs and services, including funding rebates for energy-efficient household appliances, for things like refrigerators, dishwashers, washers, dryers, hot water heaters, and AC units. It is estimated that appliance efficiencies will yield $537 million in net savings to Hawaii's consumers over 15 years.

"Although the public benefits fee administrator makes every effort to educate ratepayers about the availability of these rebates, many are still unaware. One way to make sure people know that these are available is to add labels to these appliances where they are sold to advertise the availability of the rebates, and to help potential buyers to better understand how much they will save in energy costs over time by investing in efficient appliances, and by taking advantage of the available rebates that they are helping to fund every time they pay their electric bill.

"SB 2561 does just this, and, for that reason, I am in strong support of this bill."

The motion was put to vote by the Chair and carried, and S.B. No. 2561, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONSUMER PROTECTION," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Kong voting no.

At 12:14 p.m., the Chair noted that the following bill passed Third Reading.

S.B. No. 2561, HD 1

SUSPENSION OF RULES

At this time, the Chair stated:

"Members, please note that per committee referral sheet number 54, House Concurrent Resolutions Numbers 26 and 147 have been re-referred

solely to the Committee on Water, Land, & Hawaiian Affairs. The Committee on Finance waived its referral to these measures and therefore it is appropriate for the House to consider action for adoption."

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the rules were suspended to reconsider action previously taken on H.C.R. No. 26 and H.C.R. No. 147.

RECONSIDERATION OF ACTION TAKEN

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the House reconsidered its action previously taken pursuant to the recommendations contained in Stand. Com. Rep. Nos. 1235-20 and 1243-20, recommending referral to the Committee on Finance.

UNFINISHED BUSINESS

H.C.R. No. 26:

Representative Belatti moved that H.C.R. No. 26 be adopted, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'd like to speak against H.C.R. No. 26, please. Mr. Speaker, this is another tag-along about an issuance of an easement covering certain portions of our shoreline, this one in Kaneohe. The concern I have, again, is that the Department of Land and Natural Resources and the Governor do not have a plan for how we're going to maintain our shoreline areas. And how we maintain our shoreline areas in many instances is going to impact whether or not we preserve certain beaches in our islands.

"So, it's short sighted to allow the department to go ahead with these easements throughout our islands. This may be the last for this session, but it's certainly not an issue that's going to go away, Mr. Speaker. Things are going to just get more difficult as we have the sea level rise. And where is the leadership in the administration? It's obviously missing, it's not there. So, that means that we, as legislators, need to step forward.

"I won't be here next session with those of you who will be returning, but I hope that you will remember this as these issues come before committee hearings and, right there, dig your heels in the sand that still remains and say, no, we're not going to do this, we're going to require you to develop a plan and eventually phase out these shoreline-hardening structures to let the sea continue to do what it should do. Thank you, Mr. Speaker. It's a no vote, by the way."

Representative Wildberger rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'd like to record a no vote for this concurrent resolution please, same reason."

Representative Perruso rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.C.R. No. 26, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT KANEOHE, KOOLAUPOKO, OAHU, FOR THE EXISTING PIER, AND FOR USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was adopted, with Representatives Perruso, Thielen, and Wildberger voting no.

H.C.R. No. 147:

Representative Belatti moved that H.C.R. No. 147 be adopted, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.C.R. No. 147, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE BOARD OF LAND AND NATURAL RESOURCES TO DISPOSE OF THE LONG-TERM WATER RIGHTS LEASES FOR HAWAIIAN ELECTRIC'S NON-CONSUMPTIVE WATER USE ALONG THE WAILUKU RIVER BY DIRECT NEGOTIATION AND PROVIDE GUIDANCE ON DETERMINING THE VALUE OF THE ANNUAL WATER LEASE RENT," was adopted, with Representative Okimoto voting aye with reservations.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1256-20) recommending that S.B. No. 2421, SD 1, as amended in HD 1, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2421, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Perruso rose to speak in opposition to the measure, stating:

"In opposition. Mr. Speaker, I respect the efforts that were made on this legislation. I think that this is, first of all, very poor timing, to make permanent law regarding non-judicial foreclosures, and I think that we have additional work to do on this legislation. I understand that there was a part two that was proposed. And perhaps we should really pause and consider whether this is wise legislation to fast track in the time of a pandemic. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2421, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONDOMINIUM ASSOCIATIONS," passed Third Reading by a vote of 51 ayes.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1257-20) recommending that S.B. No. 3119, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 3119, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO STATUTORY REVISION: AMENDING OR REPEALING VARIOUS PROVISIONS OF THE HAWAII REVISED STATUTES OR THE SESSION LAWS OF HAWAII FOR THE PURPOSES OF CORRECTING ERRORS AND REFERENCES, CLARIFYING LANGUAGE, OR DELETING OBSOLETE OR UNNECESSARY PROVISIONS," passed Third Reading by a vote of 51 ayes.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1258-20) recommending that S.B. No. 2275, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2275, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO NOTARIAL ACTS," passed Third Reading by a vote of 51 ayes.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1259-20) recommending that S.B. No. 2844, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2844, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Belatti rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I just need to declare a conflict and request a recusal for the limited purpose that a claim in this bill is something that I worked directly on in my law firm. Thank you," and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2844, SD 2, HD 2, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," passed Third

Reading by a vote of 48 ayes to 2 noes, with Representatives Har and McKelvey voting no, and with Representative Belatti being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1260-20) recommending that S.B. No. 2871, SD 2, HD 2, as amended in HD 3, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2206, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. In support with reservations for House Standing Committee Report No. 1264-20, Senate Bill No. 2206, SD 2, HD 2. I support the merits of this bill because it can help our homeless population, but I have concerns with the 'gut and replace' tactic utilized to move this bill forward."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in favor regarding a very good bill, except it being a gut and replace. Other than that, it's terrific."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2206, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HOMELESSNESS," passed Third Reading by a vote of 51 ayes, with Representative Okimoto voting aye with reservations.

Thank you very much."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I really think we should be looking at giving income tax relief to so many small business owners that need it in this time. So, just with reservations. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2820, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Third Reading by a vote of 51 ayes, with Representative McKelvey voting aye with reservations.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1273-20) recommending that S.B. No. 2386, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2386, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Nakamura rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Nakamura's written remarks are as follows:

"All four counties, between February and July of this year, submitted testimony raising concerns about this bill. These concerns have not been addressed in the final version of the bill before us. All four counties describe the negative impact of a half-mile buffer zone on current and proposed operations. While the existing bill exempts current operations, it does not exempt future expansion of current operations. This will add extraordinary costs to plan, design, relocate, and build new facilities during an upcoming fiscally challenging period throughout the state.

- On Oahu, the proposed one-half mile buffer would eliminate all 11 potential sites identified in site selection studies for the future landfill site because none would be able to comply with the buffer zone requirement in this bill (March 11, 2020);
- On Maui, the proposed bill would impact the County's landfill expansion plans by costing millions of dollars for property acquisition, subdivision, land entitlements, and legal fees to meet the one-half mile buffer requirements (June 27, 2020); and
- On Kauai, the one-half mile buffer zone would prevent the expansion of one landfill and four refuse transfer stations, thereby drastically limiting the County's ability to manage solid waste (June 29, 2020).

"For the reasons stated above, I have strong reservations and hope amendments will be made to address these valid concerns in the upcoming session."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I will be casting a no vote on this and I would like to make a few comments, please. This is relating to waste management. And when you take a look at the testimony from the PVT Land Company, which is the entity that is helping to provide a landfill land area for so many of our industries here in this state, and what they're basically saying is it's not only going to shut them down or very much reduce what they're able to do, it's also going to have a major impact on neighbor islands.

"And when you take a look at this couple of things that they're saying because of this bill, that PVT won't accept any major project demolition debris such as the future Aloha Stadium project, that's going to have a big impact on the cost of that Aloha Stadium project.

"Now, another thing is that they won't accept asbestos-containing material. And although I'm very much not a proponent of the rail through the downtown area, what this is going to do is make projects like rail even more expensive when they come down to the more developed area of the city, and then PVT will not take the asbestos debris. And so that's going to shoot what is almost a $10 billion, with a B, billion-dollar project even further up. Maybe that's a good reason for stopping rail at Middle Street, but that's not what this bill does.

"They go on in their testimony that none of the counties' waste or disposal facilities currently meet the one-half mile buffer requirement, and none of them then can be modified or expanded.

"So, this is a very, very far reaching bill and I think it needs to stop right here in the Legislature and for people to take a better look at this to be more actually practical as to what are we doing. Because we are going to be making just an impossible situation, certainly for this island, for the Island of Oahu. I note that the introducer of the bill is from the Big Island. It's this island that's going to carry the brunt of the problem with what is going on. So, I will be casting a no vote when the no votes are taken, Mr. Speaker. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition, and may the comments of the previous speaker be entered into the Journal as my own. Because her husband was a contractor, she knows, because he knows what this business is about, that you gotta have a place to put cement, wood, and other things in demolition.

"But, Mr. Speaker, the other reason I wanted to speak up was that all of us remember a gentleman in this body who never twisted, exaggerated, or was accused of hyperbole. And that's our good friend, the Mayor now of Kauai, Derek Kawakami. He and the other neighbor island people are saying, hey guys on Oahu, this is going to hurt us big time. And for those reasons, Mr. Speaker, I take his word directly, and for the neighbor islands and what they have said to us to be gospel as to whether this bill should be passed now. Thank you," and the Chair "so ordered." (By reference only.)

Representative San Buenaventura rose to speak in support of the measure, stating:

"Support with minor comments, and that is, as this bill goes further, I know this is third reading, but hopefully in the next session we should amend this for rural communities that use transfer stations as areas of recycling. So, to allow for the transfer stations to have non-profits accept gently used recyclable items. Because that is where we normally drop off like bicycles and tricycles that other poor communities are able to pick up. And for those

reasons, I request an amendment next session. Thank you. Otherwise, I stand in support."

Representative Okimoto rose in opposition to the measure and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative D. Kobayashi rose to speak in opposition to the measure, stating:

"Speaking in opposition. Just addressing the unintended consequences of demise of PVT Land Company, which I think would be something that nobody here needs to look at what the effect is before we consider doing something of this drastic nature. So, as a result, I'm a no vote on this."

Representative Matsumoto rose in opposition to the measure and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2386, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO WASTE MANAGEMENT," passed Third Reading by a vote of 45 ayes to 6 noes, with Representative Nakamura voting aye with reservations, and with Representatives D. Kobayashi, Kong, Matsumoto, Okimoto, Thielen, and Ward voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1274-20) recommending that S.B. No. 2486, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2486, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION DATA," passed Third Reading by a vote of 51 ayes.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1275-20) recommending that S.B. No. 2262, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2262, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII TEACHER STANDARDS BOARD," passed Third Reading by a vote of 51 ayes.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1276-20) recommending that S.B. No. 3103, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3103, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative DeCoite rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Woodson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. This bill is one of two proposals that we are still considering this session from our joint bill proposal. And although I appreciate the efforts of Mr. Tanaka, who is currently the AS of school facilities for the Department of Education, this bill proposes establishing a new entity outside of the Department of Education to primarily focus on school construction.

"We are already seeing some of this movement towards seeking out experts to take on this mantle within the University of Hawaii under the leadership of Jan Gouveia. She has sought out outside experts, contractors, developers, to look at how they can move forward with their capital improvement projects. And if you have noticed, since Jan Gouveia has made that change, that all of the major projects on the University of Hawaii Manoa campus have been done not on time, but ahead of schedule and actually under budget. Ahead of schedule and under budget, since she made that minor adjustment.

"And so, this proposal takes that a step further. And we're saying that we would like to establish a new entity outside of the Department of Education to take on this mantle for our kids. And that will give the Department of Education the sole and primary responsibility still of just focusing on educating our kids.

"I would like to also, although I believe through effort and everyone's involvement, we took care of a lot of the concerns that were brought up in the various committees. There was one significant concern that was still outstanding as it relates to Budget and Finance's comments that they submitted to the Committee on Finance. Their concern was that moving forward with this new agency could potentially jeopardize the department's tax-exempt status. And I would say that that may be true in certain circumstances but not in most circumstances.

"And what I mean by that is, it is true that if you have a piece of land and you have an improvement thereon, like a school or a building, that if that property is financed, that any type of financial instrument that's attached to that structure, you had to adhere to the constructs of that financial agreement. So, that is true for GO bonding or any type of other financing. However, this new school facilities agency is going to be focused on different financial structures and mechanisms that potentially would not adhere to that same type of financial instrument.

"But let's just say for the sake of argument that you do move forward with some of these similar or same types of financial instruments. Part of the thing that this potential agency is going to be doing is looking at how we as a state can better leverage our most primary assets. How can we get the best and highest use out of our resources?

"And so, moving forward, as an example, conceptually, this new school agency will look at mixed-use improvements on the land. So, you might have a situation where you have a school at the bottom of a building and then you have potentially commercialization or other types of retail opportunities that take place on top. So, what does that mean? That means that you're able to actually generate revenue from the retail space while simultaneously you're educating the kids. That is a better and higher use than just taking advantage of a piece of property that is sitting and is appreciating naturally. So, you force the appreciation up, which increases the value more rapidly, and you are generating revenue, and simultaneously you're also educating the kids.

"So, not only are these processes making, potentially, the development of schools more effective and efficient, which is important in this post-COVID era in terms of saving resources, it's also bringing in potential revenue for the State."

Representative McKelvey rose to yield his time, and the Chair "so ordered."

Representative Woodson continued, stating:

"Thank you, sir. So, I would argue that over time if you have one, two, or three of these types of properties that are transpiring throughout the state, then in fact it is actually worth surrendering that tax-exempt status. Because any savings that you get, out of saving that exempt status, the amount of money that you would be generating through revenue, through these commercialization opportunities, would be much greater. So, the simple math would suggest over time it's better to actually surrender that tax-exempt status than it is to try to adhere to some of those general bond obligations and move forward with that old model.

"And I'm going to say from a practical sense, I, in my capacity as chair, have had the opportunity to take a look at some of these structures on the mainland. And you'll see public schools that are just beautiful, they're immaculate, they're bright, they're clean, they have all these bells and whistles to them. Then I think back about how our schools look. And I ask the question, are we doing the best by our kids? It's a stark difference.

"So, to me, I'm thinking that moving forward with this type of proposal helps address that question. Because it's a new way of looking at how we move forward with construction, and it will potentially afford us some of

those same opportunities to look at and have some of those 21st century schools like they do on the mainland.

"And in closing, I would say, when I first had the opportunity to become a legislator, one of the first things that I did was I went and visited all my schools in my district. I met with the principals and vice principals, and I asked the question, what is it that you need in terms of capital improvements and repair and maintenances? And the need, I would say, was great throughout the district.

"But one unique situation that I had was when I went to one of my schools, Maui Waena Intermediate School, which is one of two middle schools in Central Maui. At the time, these two middle schools were grossly over capacity. They are again today, unfortunately, but this was about seven years ago. They were over capacity. I was walking through the campus with then the principal, Jamie Yap. We walked in a classroom in which instruction was happening. It was very hot, by the way. Construction was happening. We walked through the classroom. No one batted an eye, they just kept their eyes on the instructor, which I thought was weird, because normally when you walk in a classroom, you see people you don't know, you kind of stop and you see what's happening. They kept their eyes on the instructor. We walked to a door that said 'storage room A' on a plaque. We walked into that closet and there was a classroom in there. There was a classroom in there because there was a building that was scheduled to be built and it was 13 years behind schedule.

"And so, this story I think is not unique, it's not rare. I think many of us have stories like this. So, this is an opportunity for us to look at a different way of moving forward and to better provide these environments for our kids so that they can learn and thrive. And for these reasons, Mr. Speaker, and others, I stand in support of this proposal."

Representative Tokioka rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tokioka's written remarks are as follows:

"Mr. Speaker, it is my opinion that this is not needed, especially in time of a global pandemic."

Representative Kong rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations, two-word comment. Let's chance 'um."

Representative Perruso rose to speak in opposition to the measure, stating:

"Mr. Speaker, I oppose this legislation, and I've spoken on it before. I had major concerns that were addressed through the committee process. So, I am grateful for the work of the chairs in removing so many of the exemptions that were problematic in this measure that seeks to privatize one aspect of our public infrastructure, which is public schools.

"My objection comes primarily, and I echo the sentiments of the Board of Education chair and many of the comments of other stakeholders, this measure generated a lot of testimony, a lot of concern. And my concern is again, about the privatization aspect. And also, the appearance of creating a new separate agency in this time. So, with those kinds of considerations in mind, I'm in opposition."

Representative Thielen rose to speak in support of the measure, stating:

"Mr. Speaker, just a short comment. In support of the bill, but I have to note, and I hope members will note, that the Department of Education will have no legal place on Oahu to take their construction and demolition debris because of the bill we passed on the prior page. Thank you."

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"With reservations. While I can appreciate the need for a dedicated school facilities agency within the Department of Education (DOE), I have questions about how this will be different than what is already in place. Due to the COVID-19 pandemic and limited participation in the Lower and Higher Education Committee (LHE) hearing, I was unable to ask my questions and hear directly from DOE how this will be accomplished."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cullen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support. This measure was one of the four measures by the majority that was pushed earlier. And I stand in strong support because in our District 39, where I represent, we do have a new school that is coming up, Honouliuli Middle School, which is the East Kapolei middle school. But you also have what it was supposed to be, East Kapolei High School. You had new buildings at Campbell High School, at Waipahu High School, you have the community asking for a new building at Waipahu Intermediate.

"And, Mr. Speaker, when we go out into the community every year and we are at community events, we talk to our constituents, families of the students that are there. And one of the things that we always do, we always put the capital improvement projects in our newsletter to let our communities know what we have done. Well, as you can see, funding is probably getting a little more slow because of our economy. But we are also using this as part of the way to stabilize and build our economy.

"So, if we're looking at new ways to do construction, or new ways to do planning for Department of Education, or in this case, another entity that can help our community, I look at it as a fairness issue. Because, Mr. Speaker, when I go to my constituents, and we always say, we are working on it. This is another mechanism for us to show that we are working for our constituents on getting the students and the families in our district the resources, the tools, the infrastructure that they need to compete globally. Thank you, Mr. Speaker."

Representative Yamashita rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. In support, short comment. Mr. Speaker, I agree with the previous speakers that spoke in support as far as options to move forward capital improvement projects that we so sorely need. And I think this is a good one.

"As far as adding on to the conversation on taxable, non-taxable bonds, Mr. Speaker, we currently, when we do airport projects and we float taxable and non-taxable revenue bonds, we already have a system that we can emulate. They build common areas with non-taxable bonds, and areas that we use concessions, they use taxable bonds. So, there's ways we can carve that out. So, Mr. Speaker, I think that issue is moot, and I think this bill is a great bill. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support with just brief comments. Mr. Speaker, January 2020 seems like ages ago, when we were putting together our joint majority package. This is one of those bills in that package. We tasked our chairs to think outside of the box and to work with community stakeholders. This bill represents that work and represents a leap forward in what I believe will be something that can help boost our economy and our construction as we move forward into this new world. Thank you."

Representative Ohno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. May I have the words of the Representatives from Kahului and Waipahu entered into the Journal as if they were my own? Mr. Speaker, I'm in support of this bill. The Hawaii public schools have facilities that are over 65 years old. Do the math. Most of them were built in the '50s. I applaud this outside of the box kind of thinking, because without it, in 65 years, we're just going to have facilities that are 65 years older. Thank you," and the Chair "so ordered." (By reference only.)

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. This bill is 10 years in the making. It started with the Legislature's vision of creating 21st century schools. And 21st century schools really meant optimizing our school facilities for the betterment of our schools. So, we just wanted to thank all the chairs, including the Chair of Education, the Senate Chair, and all the visionaries from 10 years ago. Thank you very much."

Representative Ward rose to respond, stating:

"Mr. Speaker, the test of the pudding is in the tasting. And I'm pleased to hear that it is part of the majority package, because I suggested someone who's never done anything like they're going to do needs monitoring, needs encouragement, and needs to be, as sometimes the Chair of Finance holds their feet to the fire. Because this is out of the box, but it's really going to take an effort, because heretofore with the money they have not been able to do it. It's a leadership, it's a structural, it's an organization. And it's something I hope the majority will continue to monitor and facilitate. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3103, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO A SCHOOL FACILITIES AGENCY," passed Third Reading by a vote of 50 ayes to 1 no, with Representatives DeCoite, Har, Kong, Tokioka, and Ward voting aye with reservations, and with Representative Perruso voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1277-20) recommending that S.B. No. 2523, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2523, SD 1, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. In support with reservations for House Standing Committee Report No. 1277-20, Senate Bill No. 2523, SD 1, HD 2. I support the merits of this bill because the Fernhurst program has a proven record of reducing inmate recidivism. However, I have strong concerns with the 'gut and replace' tactic utilized to move this bill forward, but understand that these are unprecedented times."

Representative Ichiyama rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just wanted to thank leadership as well as the Finance Committee for taking up this measure and supporting the community-based work furlough program for women in these difficult times. And permission to insert further written comments to the Journal. Thank you."

Representative Ichiyama's written remarks are as follows:

"Thank you, Mr. Speaker, for the opportunity to submit additional written comments in support of SB 2523. This is an extraordinary measure in response to extraordinary times.

"The Department of Public Safety (PSD) recently informed the community that they are ending the YWCA Fernhurst work furlough program on June 30, 2020 and will transfer the women currently in the program back to prison. In this COVID-19 pandemic, allowing the mixing of work furlough inmates with prison inmates creates unnecessary risk to the prison population and correctional staff.

"The Legislature also recognizes the importance of community-based work furlough programs. Since 2015, PSD has contracted with the YWCA of Oahu to place up to 23 women from the women's community correctional center in a residential program that provides a supportive environment geared towards re-entering society and rebuilding their lives. The program is designed to be gender-responsive, trauma-informed and culturally sensitive, addressing the unique needs of women inmates. It also supports re-entry and rehabilitation, a model encouraged nationwide. All program participants receive wrap-around services from life-skill coaching to job readiness and job retention.

"The YWCA Fernhurst is the only community-based furlough program in the state and serves women who are between a year and six months of being released on parole or completing their sentence. As these women become income-producing members of our community, they can provide for their families and pay taxes. They shift from being a cost to the state to a source of revenue. More than half of the YWCA Fernhurst residents are Native Hawaiian. More than three-quarters of them are mothers.

"Studies on recidivism show that former offenders who are not incarcerated for at least two years after being released from their sentences are unlikely to recommit crimes. For graduates of the YWCA Fernhurst program, between 2015 and the first quarter of 2019, 84% were not incarcerated, a recidivism rate of 16%. That is less than half the statewide recidivism rate for female parolees, which is 34%.

"Contrary to claims made by PSD in their letter to the Legislature dated June 29, 2020, the budget bill passed by the Legislature in May shows no reductions to the operating budget of the women's community correctional center that would impact the ability to provide contracted services. Budget reductions for all state agencies were based on vacant positions within each department, not appropriations for other current services or contracts. Furthermore, after factoring in vacant position reductions, the women's community correctional center (PSD409) received a net increase of $1,550,443 for fiscal year 2020-2021.

"I am deeply grateful to House Leadership and the Finance Committee for taking up this issue on such short notice and for their swift action to support the participants in the YWCA Fernhurst program. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support, request to insert written comments."

Representative Belatti's written remarks are as follows:

"I rise in strong support of Senate Bill 2523, House Draft 2.

"In the heart of District 24 there is a place for women to seek second chances and transition to better lives. YWCA Fernhurst is the state's only community-based work furlough program for women inmates. Fernhurst has provided wrap-around services from life-skill coaching, mentorship, to job readiness and retention for hundreds of women. The program is designed to be gender-responsive, trauma-informed, culturally sensitive, and supports re-entry and rehabilitation. Fernhurst gives incarcerated women the tools they need to have a successful future.

"The alternative to Fernhurst is prison – where women are not afforded the same rehabilitative services and sense of community. It is our *kuleana* as state leaders to safeguard community-based programs like Fernhurst. We have heard directly from Fernhurst graduates just how important this program is in preventing re-incarceration. Our public safety system must be more focused on advancing holistic, person-centered programs like those found at Fernhurst.

"The women from this program are our neighbors, our sisters, our friends, and people we should uplift. I am proud of these women and their progress to better themselves and take on productive roles in our communities. Restoring funding for the YWCA Fernhurst work furlough program is an obvious choice that I hope can be fulfilled long into the future."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Strong support. We just wanted to thank you, Speaker, for spearheading this effort. This type of situation where we take a subject and address it in this fashion is not something that we like to encourage, but in this situation, it was completely needed, and that's why we have the type of legislative tools that we have. And we just wanted to thank you, Mr. Speaker, for your strong leadership in supporting especially the Women's Caucus and the women members, and also the male members of

this House that took a stand to make sure that the women who were at Fernhurst continue to benefit from the furlough program. So, thank you, Mr. Speaker."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in support, with a commendation to the majority showing flexibility. Where there's a need, there can be a self-correcting mechanism, and that's called democracy. Self-correction where this was possibly being overlooked and now it's front and center.

"The second thing I love about this bill, it turns recidivism on its head. The actual rate of recidivism in the general public safety system is 75% within three to five years have recommitted something. This is the exact opposite. These women who come out and on furlough, they are the least likely to commit within 10%, 15%, 20% for recidivism. That is excellent. This is worth every dollar. And I thank again the leadership for the flexibility to bring this back, fund it, because democracy is self-correcting. Thank you."

Representative Lee rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Lee's written remarks are as follows:

"Thank you, Mr. Speaker. I received this email recently from a graduate of the Fernhurst Program, that I would like to enter for the record:

> I currently work at YWCA O'ahu and it is with great sadness that I write this letter. The Department of Public Safety recently decided to close the work furlough program at Fernhurst before the end of the month.
>
> Prior to becoming a YWCA employee I was a client and recipient of the benefits of their Economic Advancement programs. I resided at Fernhurst in the Home Base program upon completing the TJ Mahoney Work Furlough program. I spent 36 years in prison and had so much to learn to navigate upon my release.
>
> These programs are such a great value to the women who participate in them, and to the community as a whole. These programs are helping the women reintegrate into society, become gainfully employed, contributing members of their community. It allows them the opportunity to get reacquainted with the community gradually, navigate the world in a positive and supported manner. The programs help them acquire and hone the skills/tools they need to become successful in their lives.
>
> The staff at Fernhurst are supportive of the women transitioning, giving them guidance when needed. For a woman, coming out of prison facing many challenges can be daunting without support and understanding of those particular challenges. In my experience, I am not sure what I would have done, or how I would have handled the challenges that came my way without the support and guidance I received while in the programs. Today I am self-sufficient and successful, and I give so much of the credit to the programs I was able to participate in.
>
> The early release of inmates who do not have the means to cover their basic needs will only set them up for failure. The work furlough program operated on prison grounds cannot provide the same environment as one held in a transitional environment outside of locked gates and prison cells.
>
> Resolution 2017 HCR 158 calls for the continuation and expansion of the community-based work furlough programs to assist female inmates transition back into society.
>
> Now as a YWCA staff member, I have the opportunity of working with these women; sharing my story with them and supporting them in their journey. It is very special and important to me to have this avenue to be able to give back for all that I received.
>
> I ask you to please urge Governor Ige and Public Safety Director Nolan Espinda to continue the community-based work furlough program.
>
> I thank you for your time and consideration on this matter. I hope and pray that you will help save this valuable community asset."

Representative Wildberger rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'd just like to lend my strong support for this measure and appreciate leadership's nimble quick action to remedy something that was going to be detrimental and unjust, and holding the departments accountable for what they're using their funding that we offer them. It's a step in the right direction toward achieving a less penal-focused system and moving toward a system of restorative justice. Thank you very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2523, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Third Reading by a vote of 51 ayes, with Representative Okimoto voting aye with reservations.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1278-20) recommending that S.B. No. 2638, SD 2, HD 2, as amended in HD 3, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2638, SD 2, HD 3 pass Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. In support with reservations for House Standing Committee Report No. 1278-20, Senate Bill No. 2638, SD 2, HD 3. I support the merits of this bill to strengthen government's response to domestic violence while also increasing offender accountability. However, I have strong concerns that this is a 'zombie' gut and replace bill which contains another bill that did not meet our legislative deadlines."

Representative San Buenaventura rose to speak in support of the measure, stating:

"In strong support. This is a multi-year effort by the Women's Legislative Caucus to try to expedite domestic violence cases which had victimized victims time and again because of delays, especially now with COVID-19 shutting down the courts. This is a way for abusers to acknowledge their sins, move on, yet keep families together for those who are able to finish the programs.

"This is a step in the right direction. It is about time. And we hope that the five-year program will show what the victims and prosecutors from the County of Kauai, and Maui, and the Big Island have said all along, that we need to give them an opportunity to acknowledge their sins and still be able to be accountable to the victims and give the victims the rapid resolution that they need. And for those reasons, I'm in strong support of this bill."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support as well and would like the comments of the previous speaker entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2638, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO DOMESTIC VIOLENCE," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Okimoto voting aye with reservations, and with Representative Ward voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1279-20) recommending that S.B. No. 2940, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2940, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

At this time, Representative Ward offered Floor Amendment No. 4, amending S.B. No. 2940, SD 2, HD 2, as follows:

> SECTION 1. Senate Bill No. 2940, S.D. 2 H.D. 2, is amended by amending section 109-C on page 1 to read as follows:

"**§109-C Development guidance policies; established.** (a) The following shall be the general development guidance policies governing the stadium authority's actions in the stadium development district for the purposes specified in section 109-B(b):

(1) Development shall be in accordance with any county transit-oriented development plan unless modified by the authority pursuant to paragraph (2);

(2) With the approval of the governor, the authority, upon the concurrence of a majority of its voting members, may modify and make changes to a transit-oriented development plan with respect to the district to respond to changing conditions; provided that before amending a transit-oriented development plan, the authority shall conduct a public hearing to inform the public of the proposed changes and receive public input;

(3) The authority shall seek to promote economic development and employment opportunities by fostering diverse land uses and encouraging private sector investments that use the opportunities presented by the rail transit corridor project consistent with the needs of the public, including the development of mixed-use housing and affordable housing;

(4) The authority may seek entities to purchase the right to name the stadium and its facilities within the district.

~~(4)~~ (5) The authority may engage in planning, design, and construction activities, including on-site repairs, within and outside the district; provided that activities outside the district shall relate to infrastructure development, area-wide drainage improvements, roadway realignments and improvements, business and industrial relocation, and other activities that the authority deems necessary to carry out development of the district and implement this chapter;

~~(5)~~(6) Archaeological, historic, and cultural sites shall be preserved and protected in accordance with chapter 6E;

~~(6)~~ (7) Endangered species of flora and fauna shall be preserved to the extent required by law;

~~(7)~~ (8) Land use and development activities within the district shall be coordinated with and, to the extent possible, complement and support existing county and state policies, plans, and programs affecting the district; and

~~(8)~~ (9) Public facilities within the district shall be planned, located, and developed to support the development guidance policies established by this chapter for the district and any rules adopted pursuant to chapter 91 to implement this chapter.

Representative Ward moved that Floor Amendment No. 4 be adopted, seconded by Representative Okimoto.

Representative Ward rose to speak in support of the proposed floor amendment, stating:

"Mr. Speaker, this is an amendment that is very simple, very straightforward. And I have just three reasons to ask for my colleagues' consideration. First, let me explain what it is. It basically adds one phrase that says, the authority, that is the Stadium Authority, may seek entities to purchase the right to name the stadium and its facilities within the district.

"Mr. Speaker, the key words here are 'may' and 'purchase.' This is not to be confused with when you go to the UH and you buy a federal credit union banner and you stick it on the side or you do some other sort of thing that puts money into the coffers of the UH for the stadium. This goes to the State of Hawaii, of which we are in about in the process of building.

"Now for the three reasons, Mr. Speaker. The first reason is that naming rights is a time-honored tradition and practice in America. Way back in 1912, the Boston Red Socks had Fenway Park named after Fenway Realty. It was the name of the owner of the property, and that is often the case in many parts of the mainland presently.

"Most of you remember that we have done naming in the past and it's not a strange concept. We have named Tetsuo Harano Tunnel after Tetsuo Harano, who was named because of his 40 years of service within the department. But naming rights basically gives the sponsor the physical branding or the advertising and the signage of the stadium. It's not just the name, it's actually the use of it. And sometimes they even have exclusive supply rights. For example, if it's Pepsi or one of the others, they may say, your stadium can only have these kind of drinks, *et cetera*.

"And then, one of the other benefits for the naming rights is for the backend benefits, where sponsors have exclusive viewing and dining areas designated to where their company and their wanting give VIPs a bit of a treat, if you will, as they do in many stadiums.

"So, for the first reason, Mr. Speaker, naming rights have been around for a long time, and Hawaii has not been monetizing them. And the time may be now, to monetize naming rights.

"I know we've done naming rights, the DKI, Daniel K. Inouye Airport we have named in honor of him, which is great. And Spark Matsunaga at the VA. But this is an opportunity, Mr. Speaker, which I think we need to take advantage of. And even though, in the past, we've not been very good at naming rights because we've have lessor's remorse when we basically rented out Mauna Kea for $1 a year to those huge telescopes, but that's another issue.

"So, Mr. Speaker, let me go on to the second reason for introducing this amendment. Because, and this is really a serious bottom line, it will save taxpayers money. Mr. Speaker, the taxpayer is going to spend at least $325 million to build the stadium. And if it follows everything else that we do in construction, it's probably a lowball amount of money.

"But let's look at what the record is and what some stadiums that have been built in the past have brought in money. If we look at Scotiabank, it's the top of the line, $639 million they've paid for that stadium. And that's 30 years of usage of the name. MetLife, $425 million. The Chase Center, $300 million to $400 million. The Citi Field, $400 million. Mercedes-Benz Stadium, all of you watched the Super Bowl, you saw the Mercedes-Benz Stadium as they went from the helicopter down into, they saw the huge logo that's on the front of all the Mercedes-Benz. Some others to name, Hard Rock Café also has a stadium which they paid $250 million for. The FedEx Field is also one that's rather known. Even Minute Maid has one. And believe it or not, Little Caesars Pizza paid $121.5 million for 29 years of naming rights."

Representative McDermott rose to yield his time, and the Chair "so ordered."

Representative Ward continued, stating:

"Thank you, sir. So, Mr. Speaker, we might be asking ourselves, what if we give naming rights and nobody shows up? Well, Mr. Speaker, if we look at the assets that we have in the State of Hawaii, those representatives from the Big Island, they have a gold coast. Some representatives from Maui and Molokai, they've got the owner of Oracle. We've got all kinds of money. We've got Matson, we've got others who have never been asked to do this. And quite frankly, Mr. Speaker, it's time that we asked these big boys to step up. If they want to help the State of Hawaii, this goes directly into the taxpayer's coffer and not into any other area of concern.

"If you notice some of the things that I've said, Scotiabank was $639 million, to Lucas Oil which was $122 million. Even if we get half of that, $50 million is an amount that will help taxpayers. Especially, Mr. Speaker, I'm going to say this, at a time when we just gave pay raises of $150 million when we have no money and we have a $2 billion to $3 billion deficit, we need all the money we can get.

"So, Mr. Speaker, this amendment is a no-brainer. It's one that if we have those people out there, and we know there's never a shortage of money when people look at Hawaii. We have no shortage of money at all. So, in summary, Mr. Speaker, I forgot my visual aid, the Representative from Kailua can appreciate this, this was supposed to be shown when I said it's the deficit. More hardship is coming, Mr. Speaker. This is because of the debts that we have and the way that we can get out of it is by passing this amendment.

"So, in summary, naming rights is a time-honored tradition. It's a practice in America that could be practiced in Hawaii and is worth $100 million to $600 million. Secondly, this amendment could save taxpayers the amount

of money which otherwise in the hard economic times that we're into, we cannot afford not to raise funds from the private sector. And thirdly, Mr. Speaker, we are in debt and we are in debt big time. We have to fiscally plan how we are going to get out of it.

"Lastly, for those who are concerned that, well maybe nobody's interested, and maybe the Stadium Authority's not interested, it says they 'may' do this. Let's give them a little bit of an incentive, boost them into saying, hey guys, ask for some money. The equivalent of it is when we were freshmen and we always had a fundraiser, we were scared to ask people for money. Because if I ask for money, I'm afraid they may refuse, they may turn me down. Well, that's something you gotta get over. If you don't ask, you don't get. That's the saying, Mr. Speaker. And we need to ask.

"So, in conclusion, Mr. Speaker, on behalf of my constituents and I hope yours, let's save the people of Hawaii $100 million to $600 million and get out of the $2 billion deficit that we know and they know that we need to fill. So, Mr. Speaker, please don't let political party myopia or the origins of this amendment get in the way. I'm just a rep just like you. This is not about me or my party, this is about saving taxpayers money and that's all.

"And with all due respect, Mr. Speaker, and I hate to say this, there unfortunately still lingers a strain of political racism or bipartisan phobia we have not yet outgrown in the State of Hawaii. I would only hope that, Mr. Speaker, that the means in the measure such as this, like this, would be seen in the interest of the people of Hawaii and not in the interest or advantage or disadvantage of a political party.

"For these reasons, Mr. Speaker, I request passage of this amendment, and let's not throw aside, put aside, or not take advantage of $100 million to $600 million that we need for the State of Hawaii. Thank you, Mr. Speaker."

Representative Cabanilla Arakawa rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In support of the amendment. And I would like to remind this body that last session we had a naming rights bill, naming rights for schools in order to have the names of our famous athletes that have made a lot of money, and also, most importantly, Mr. Speaker, to lessen the budget of the Department of Education. And this body fully supported that bill about naming rights. So, I just would like to remind the members that naming rights is a very good bill. It's a very good measure to help the taxpayers and also to fund the wonderful people that this state has produced. Thank you, Mr. Speaker."

Representative Belatti rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In opposition, just very briefly. Passage of this floor amendment will delay passage of the underlying bill, which is much needed because of the economic driver that development of Aloha Stadium represents. So, in opposition, Mr. Speaker."

The motion that Floor Amendment No. 4, amending S.B. No. 2940, SD 2, HD 2, entitled: " A BILL FOR AN ACT RELATING TO THE STADIUM DEVELOPMENT DISTRICT," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry.

(Main Motion)

Representative Perruso rose to speak in opposition to the measure, stating:

"Mr. Speaker, I speak in opposition. I appreciate the work that the chairs have done on this bill, in particular the Chair of Labor. But I am still concerned that this bill does exempt these lands from the definition of public lands. So, for that reason, I stand in opposition."

Representative D. Kobayashi rose to speak in opposition to the measure, stating:

"Speaking in opposition. My opposition relates to the ability of HCDA to issue 99-year leases on the public lands, which include crown lands. That's the primary reason why I'll be voting no on this."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. Being that we're throwing away $100 million to $600 million, I cannot support a bill that is a waste of taxpayers' money and effort. We need the stadium, but we got to be thinking wisely, entrepreneurially, innovatively, and creatively. Again, it's a no-brainer to ask for naming rights. And I hope, if people would listen to even this argument, they may do it on their own. Maybe we don't have to do that. But, Mr. Speaker, this is a no-brainer that every place does. And if it doesn't work, we've lost nothing. This is low risk, high gain. It's a no-brainer, Mr. Speaker. And for those reasons, without it, I think it's a poor bill. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2940, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE STADIUM DEVELOPMENT DISTRICT," passed Third Reading by a vote of 46 ayes to 5 noes, with Representatives Eli, D. Kobayashi, McKelvey, Perruso, and Ward voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1280-20) recommending that S.B. No. 2060, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2060, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Lowen rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Lowen's written remarks are as follows:

"In support of SB 2060. Climate change is the overarching challenge of our times, and of particular concern to the State of Hawaii. Rising sea levels are already impacting Hawaii's residents, infrastructure, and natural resources. We are seeing increasing coastal erosion, shrinking beaches, roads being swept by waves, and ocean-front homes at increasing risk of being damaged during storms.

"The Hawaii Sea Level Rise Vulnerability and Adaptation Report, which was accepted in 2017 by the Hawaii Climate Change Mitigation and Adaption Commission, predicts that approximately 6,500 structures and 19,800 residents statewide will be exposed to chronic flooding in the 3.2 feet sea level rise exposure area, accounting for approximately 25,800 acres. Thirty-eight miles of coastal roads will become impassable, cutting off critical access for many communities. Our state has already lost 13 miles of beaches due to shoreline armoring and seawalls, and many more miles could be lost if this practice continues indiscriminately. The projected loss of land and infrastructure due to sea level rise is valued at over $19 billion if we experience 3.2 feet of sea level rise by the year 2100, which is a conservative estimation for how much sea level rise we can expect to experience.

"When coastal properties are threatened by erosion and flooding, state and county permitting authorities often are faced with pressure from property owners to permit structures like seawalls and revetments to protect their properties. Shoreline hardening measures may provide temporary relief for erosion issues, but also lead to loss of beaches and increased erosion on adjacent properties. Furthermore, these coastal properties are still increasingly at risk of storm damage, which is a cost that often winds up being borne by all taxpayers, and not just the property owners.

"SB 2060 bolsters the coastal zone management act to address these issues by requiring new developments to plan for the impacts of projected sea level rise, restricting development in areas impacted by coastal hazards and projected sea level rise, protecting state and public shoreline access, and increasing the minimum shoreline setback. It also provides better guidance to state and county permitting authorities to consider the impacts of shoreline hardening measures on adjacent properties and the public trust when they are asked to permit or grant a variance for a new structure or repairs to existing structures.

"This bill is an important and necessary step to help us prepare for the coming impacts of climate change and sea level rise, to protect our coastal

resources, increase resilience, and improve the quality of life of Hawaii's residents. For these reasons, I support SB 2060."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2060, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO COASTAL ZONE MANAGEMENT," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Kong voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1281-20) recommending that S.B. No. 2794, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2794, SD 1, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Belatti moved that, notwithstanding the recommendation contained in Stand. Com. Rep. No. 1281-20, that S.B. No. 2794, SD 1, HD 2 be recommitted to the Committee on Finance, seconded by Representative Morikawa.

The motion was put to vote by the Chair and carried, and S.B. No. 2794, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," was recommitted to the Committee on Finance.

At 1:13 p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2866, SD 2, HD 2
S.B. No. 2820, SD 2, HD 2
S.B. No. 2386, SD 2, HD 2
S.B. No. 2486, SD 1, HD 1
S.B. No. 2262, SD 1, HD 2
S.B. No. 3103, SD 2, HD 2
S.B. No. 2523, SD 1, HD 2
S.B. No. 2638, SD 2, HD 3
S.B. No. 2940, SD 2, HD 2
S.B. No. 2060, SD 2, HD 2

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering a certain Senate Bill for Final Reading by consent calendar.

UNFINISHED BUSINESS

Conf. Com. Rep. No. 3-20 and H.B. No. 285, HD 1, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 285, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative McDermott rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm in opposition, I'd like to insert comments in the Journal. It's not a reflection upon the chair, the author of the measure, who is an excellent legislator. I have some concerns about the timing. Is it a reaction to the despicable act that took place against Mr. Floyd? And now our timing is a new context where the police are actually being targeted across the nation, and they're not feeling the confidence of the public. And as we can see, their performance, if you look at places like New York City and Minneapolis and across Los Angeles, their performances has gone down as they perceive the confidence from the public in them has gone down. You just look across the country.

"And there's a sense that they should be treated like every other public employee. They're not every other public employee. They make life and death decisions, split-second decisions. Nobody cares if the Board of Water Supply clerk number two gets suspended. But to have a report come out once a year and be transmitted and here's the officers who were suspended, it could be because he put diesel fuel in a regular gas tank and they have to do an investigation, it wasn't malicious, whatever.

"Those names are going to come out, and the first place they're going to go is the Advertiser, and they're going to write a story. And this officer may be a great officer, but his family is going to be publicly shamed. And for those reasons, I'd like to insert comments into the Journal, of course. For those reasons I'm against the measure and I stand with SHOPO. Thank you."

Representative McDermott's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in opposition.

"This bill is a joke as far as police reform is concerned. Yes, it might make the inner workings of the police departments more transparent to the public. But transparency is supposed to be used as a tool for better governance. Things like the budget, or how elected officials vote should be transparent. Elected officials can be held accountable by the public through public elections, that's how transparency is a tool. It provides leverage for the public to act on their representatives.

"The transparency this bill creates doesn't offer any leverage for better governance, though. The public shouldn't be involved in the disciplinary actions of a department. If there is criminal action by a police officer, then I agree their name should be made public, but only after they are charged and taken to court.

"This mantra of 'who polices the police' is a valid question, but I don't think it should be the public. By releasing names to the public in response to their distrust of the police, we are essentially endorsing that the masses should hold police accountable. But how would they do that? Ridicule, shunning, or will they take justice into their own hands? Vigilantism?

"Imagine being a young person today. Imagine you are fresh out of high school. You want to do good deeds for your community, you want to fight evil in the world, and the police department seems like a good starting point. You go through the academy, you are motivated, and you are excited to be doing a job that helps people. But, you are inexperienced in the world, we all had a lot to learn still when we were nineteen. Now, one day you make a mistake, you accidentally put diesel in a squad car instead of gas. You are suspended while they investigate if this was malicious or an accident. Either way, your name gets published in a report to the Legislature as being suspended while a police officer. The reason is something like, 'neglect and destruction of government property.' Now, for the rest of your life that's in the public domain. Even if it turns out it was found to be an honest mistake, like we all have made, you have to justify to every future employer why this comes up when they do a search of your name.

"And this is a minor mistake. I can only imagine the hate and contempt the public would have for an officer listed with a more serious allegation that was later dropped. But how would the public know that part? I doubt many of them will take the time to look into the matter and learn the facts of the case. These young people's lives will be ruined if we pass this bill.

"If we are going to take up police reform, let's do it right. Not just pull out a bill that was drafted years ago and try to pass it off as the answer everyone has been looking for. This is lazy lawmaking. Thank you, Mr. Speaker."

Representative Okimoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. I just want to start, I understand the intent of the bill, I do have some comments I want to say. Over the past few weeks, I, like many of us, have been disturbed by the reports from around the country of police misconduct. If there are coverups and abuses of power by officers and departments, the public should be made aware. However, disclosing officers' names for suspension while investigations are still pending is bad policy.

"There is a difference between holding someone accountable to the law, which we should do, and opening them and their families up to possible harassment and retaliation. The only justice here is vigilantism. Publicly disclosing names of officers for what may only prove to be allegations of wrongdoing can ruin their reputation for life, especially in our tight-knit island communities. Anything the media publishes will be out there forever haunting them and their families.

"Accountability means holding people responsible for their actions, and I, for one, am all for accountability. But this should be done through impartial oversight committees. We use courts and judges to settle disputes so that decisions are made based on facts, not whichever way the wind of public hysteria happens to be blowing that day. The public will bring their preconceptions and biases to judge these officers regardless of the facts.

"If police officers are found to have done something criminal, then yes, their names should be disclosed. But putting their name out there based on allegations alone will mean a single mistake can now end careers and destroy lives. And I want to also add again, as a mother, to families that may be affected by this.

"While we should hold our law enforcement officers to a higher standard, we must also ensure that they are entitled the same constitutional right of due process as are all of our citizens. Elected officials should work on improving impartial forms of oversight for police, not simply publishing names for the public to ridicule or, worse yet, target. For these reasons, Mr. Speaker, I am in opposition of this bill. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Opposition, brief comment. Mr. Speaker, it's all about due process. Generally, from the point of the American Constitution and *jurisprudence*, you're innocent until you're proven guilty. Case in point, Mr. Speaker, we have an ethics law for all of us in this particular chamber. If we do something and someone files a charge, when does our name get exposed? Only after the data, the research, the otherwise investigation takes place.

"With the police it's different. Why should that be the case? Mr. Speaker, that's unfair. And the question I ask everybody, and even I ask the police and they can't answer it, but this is the essence of what this is all about. How many lives have the police saved? How many people are alive now because we have a police? It's like having a society without the enforcement, it's like a mother and a father that never disciplines their children and what they grow up to be.

"Mr. Speaker, we're going on a real tangent now because of what's going on in the mainland. We are not the mainland. We are Hawaii. These are our *'ohana*, these are our families. These guys are fearing that we're going to take away their livelihood, which we are already short 200 to 300 officers. We already pay them less money than they can deserve. That's why recruiters come from the west coast, pinch them away, giving them another $20,000 or $30,000 to incentivize their being here.

"It's a tough job being a first responder, Mr. Speaker. This bill puts fire under their feet and says, we want you to be different. Well, what did you hear recently from the chief of police? We are going to change, we're going to reform. In fact, the headlock and the whole thing that got the whole country in an uproar about the knee on the neck of that young man, that's something that is going to be off limits.

"Why don't we give them a chance to reform, a chance to do some of the things that they're saying, and not compare us with what's going on in the mainland, Mr. Speaker. Because that is very, very, very, very, very unfair. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, I'd also ask to insert written comments. Trust in law enforcement is paramount to a functioning judiciary, to functioning justice in our society, to a functioning police force. And I think more than perhaps any other state, we are familiar with the great job that law enforcement can do, to the point of some of the previous speakers. We rely on them, we support them.

"I think today, however, this bill is not a judgement or reflection on our good law enforcement officers, rather, this is addressing a different issue. Because for 25 years in Hawaii we have, as a state, erred on the side of secrecy with respect to some misconduct records. And I'd just like to point out to some of the statements made earlier, that this bill was not introduced as a result of anything happening on the mainland or any sort of protest that we've seen in the news lately. Because this bill was introduced over a year ago and had public hearings throughout the 2019 session, and has been, some form of it has been introduced for many, many years before that.

"I think, when we talk about the kinds of incidents that this measure deals with, there are certainly minor incidents which some other speakers had mentioned. But they're also, the vast majority, criminal allegations. Just in the recent years alone, over 80 cases of assault by law enforcement officers, over 100 cases of falsifying public records or lying in reports.

"And, Mr. Speaker, we know that the reports to the Legislature, which we currently get, are helpful but somewhat insufficient when looking at specific incidents, such as one in which the report to the Legislature classified the dismissal of an officer as being related to conducting personal business while on duty, but which a police report in greater detail identified it as the result of sexual assault of a woman by the officer while on the hood of his car. These sorts of things are very serious, and we as a community, as a state, must improve where we can, and help our law enforcement agencies and help each of us do a better job in that respect.

"Mr. Speaker, this bill treats our law enforcement officers like any other state employee with respect to UIPA records and the access of the public to those records which after adjudication become public. It treats our law enforcement officers like elected officials, with respect to the reports to the Legislature in which we, as we all know, even for minor infractions, frequently, whether we are late to the floor, whether we file reports with the campaign spending commission on time or not, and so forth, have that information made public.

"And it's unfortunate that it's not easy to draw a line between what is easy to report and what is very difficult in the cases of some sort of absolutely criminal misconduct or death, an unjustified death. Because ultimately, we cannot police every single one of those incidents. And our police cannot draw policies for every single one of those incidents. And so, our police departments create different levels of accountability and different levels of infraction and response. And so, there is no perfect bill and no perfect answer to this but to do what we can.

"And most of all, Mr. Speaker, when we think about what we can do, we can identify models around the rest of the country. Because most major law enforcement agencies in major cities around the country treat their officers with respect, with high regard. But for those who violate that trust, let those names be public and let those records be held accountable.

"Finally, Mr. Speaker, I'll just note this bill also modifies the Law Enforcement Standards Board. And in a situation where here in the state we've had chiefs of police tied in with prosecutors and the prosecuting departments under indictment and now going to jail for collusion and conspiracy, it's clear that there are additional tools needed to make sure that things aren't just brushed under the rug, but rather people are held to account."

Representative McKelvey rose to yield his time, and the Chair "so ordered."

Representative Lee continued, stating:

"And so, Mr. Speaker, what this measure does with the Law Enforcement Standards Board is provide that additional tool to create statewide policies that our law enforcement agencies, regardless of county, can abide by, whether it's with respect to administrative conduct, like we've seen in some of those cases, or the use of force and levels of appropriate measure there.

"But finally, Mr. Speaker, I'd just like to note that, as we are all aware, with great power comes great responsibility. Whether you're an elected official, whether you're a law enforcement officer, whether you're serving the public in a capacity in which life and death, especially, are potential occurrence day to day. And so, in administering that, we ought to be erring on the side of justice and accountability for the public. We ought to be making sure that we hold people who are going to violate that trust to account, but at the end of the day, support our officers, support our law enforcement, support everyone who serves these roles in a way that builds public trust. Because at the end of the day, talking with law enforcement officers, whether you're brand new or you've been around a long time, there's one thing that holds true, that if you have a public that is uncooperative and doesn't trust you coming in, it's a much more difficult situation to resolve, it is a much more dangerous situation to deal with.

"And so, Mr. Speaker, we hope that this measure provides justice and accountability where appropriate and holds officers who violate that trust accountable, but at the end of the day, builds public trust overall so that we have a safer community, a safer environment for law enforcement officers to work, and finally, Mr. Speaker, a better Hawaii as a result. Thank you very much."

Representative Lee's written remarks are as follows:

"In recent years there have been over 80 cases of officers suspended or discharged for unwarranted violence or assault, and over 100 cases of officers filing fraudulent reports or covering up for other officers. This bill will allow public disclosure of misconduct when an officer is found to have violated procedures resulting in a suspension or discharge, just like officers in most other states whose names and violations are publicly disclosed.

"It also empowers the Law Enforcement Standards Board to revoke officer certifications for misconduct should police chiefs fail to take appropriate action, and will standardize use of force procedures across all county police departments.

"I spoke at length with good cops I know who are out there putting their lives on the line every day who couldn't speak up publicly because they would be retaliated against, but who so clearly described a work culture in which good cops are pressured into keeping silent to protect bad cops, and a disciplinary process with so many off ramps that it can allow bad behavior to continue.

"Public trust in law enforcement is critical to ensuring justice for all. The difficult and often dangerous job of law enforcement is safer, easier, and more effectively executed when citizens trust those empowered to serve and protect them. We owe it to our good cops to help them weed out the bad, and build trust between our communities and the law enforcement officers we rely on to serve and protect us."

Representative Tokioka rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. And in case I forget, I'd like to insert words into the Journal. Having heard the Judiciary Chair's speech, I agree with everything except for the part in this bill that doesn't have due process. Some of my colleagues in front of the aisle have talked about that, so I'm not going to spend a lot of time talking about that, but I'm going to talk about real people, and I'm going to talk about something that the Judiciary Chair said about sexual misconduct. If he and I are thinking about and talking about the same case, what happened in that case, that person, that police officer went to the union asking for representation. And in their investigation of that sexual misconduct, they found him to be guilty and they didn't represent him. They're not going to represent people who are not doing any justice to the jobs that they hold. Because they hold those jobs in such high honor, Mr. Speaker. And the due process in this bill, or the lack of due process, is shocking to me.

"Every time there is something bad happening in somebody's house, who do we call? We call the police. I've been in drive arounds on the island of Kauai when I was a council member, and I went with officers to domestics in their homes. And you have two couples or a couple fighting with each other and going at it. So, when the officers go there and they take one person away from the scene, and they're pinning him down in this case, the wife is jumping on the police officers, and they go through that often.

"These are the guys who we pay and we trust to protect us, and we're not even protecting them in this bill. And that's the sad part, Mr. Speaker. It saddens me to think that when there are tragedies happening in this state and on this island, let's just go back to the gold coast at the end of Waikiki, let's talk about that issue. Two officers went to that scene, they risked their lives. Everybody else is running out. But Officers Enriquez and Kalama went in there and guess what happened to them. They got shot. They got shot.

"And when we try to say to the police officers that we want to protect you, we want to help you. Well, that's not happening in this bill. It's not. And that's why it's so frustrating for them. And they were here today. And I normally don't stand up and stand on a soap box and give these types of speeches. But when I feel the frustration, when I get the calls from the officers on Kauai. And you know, for the Kauai delegation, we don't have these kinds of things that we need to reform the police department. Kauai was the first department that had the body cams. And there was some objection to that by some of the officers, but they're fine with it now. So, we talk about reform. There is that. And the other police departments are doing it as well.

"So, when you have a bill such as the one we are seeking to pass right now, and SHOPO spends a lot of money to put an ad like this with the concerns of the ad. And I know that they sent in some testimony and I know they met with some of the chairs. And none of the recommendations that they asked for are in that bill. So, I don't understand why we didn't do that. And I don't understand why we're going to say that we respect them and we support them, because this bill doesn't do that.

"I think about officers on Kauai. I think about Chris Kallio and I think about Bryson Ponce, I think about Stan Kua who's retired, and my neighbor, my next-door neighbor, who is a retired police officer. And I think about all of the days and nights that they went to work and their families not knowing whether they were going to come home safely or not. And that's why I'm thinking, wow, wow, why are we doing this. So, for those reasons, Mr. Speaker, I vote no. Thank you."

Representative Tokioka's written remarks are as follows:

"Mr. Speaker, my question is, why couldn't we insert the recommendations from SHOPO that was given to members in the House?"

Re: **HB285 HD1 - Relating to Public Safety**

Dear Speaker Saiki:

I am writing to you once again about HB285 which seeks to amend HRS § 52D-3.5 and HRS § 92F-14. You indicated there was "momentum" to pass the bill which we understand was in response to the George Floyd tragedy which is a tragedy that has disgusted all of us.

When I wrote to you on 6/10/20, I pointed out that the bill in its then existing form was substantially flawed. The proposed amendment to HRS § 52D-3.5 discloses an officer's name "upon" suspension or discharge which is **before** the officer's **due process rights** provided by the grievance procedure are exhausted. On the other hand, HRS § 92F-14 discloses an officer's name but only **after** the grievance process is concluded. I further explained that this inconsistency would deprive our officers of their **due process and collective bargaining rights.** We understand that the latest version of HB285 has not addressed or corrected this defect.

Under HRS § 92F, the name of any other public employee who is suspended or discharged is not disclosed until **after** that employee's grievance rights have been fully adjudicated and exhausted. Those are the due process rights given to every other public employee. However, HB285 will disclose an officer's name before he/she has had their grievance rights adjudicated. If an officer is later exonerated through the grievance process, HB285 would have already held that officer's name up to public humiliation and spectacle.

Re: HB285 HD1-Relating to Public Safety

My question to you on behalf of our 2800 police officers is why is your legislative body singling out our hardworking officers to deprive them of their due process rights while every other public employee is permitted to exercise their grievance rights **before** their names are disclosed?

Respectfully submitted,

Representative Cabanilla Arakawa rose to speak in support of the measure, stating:

"In strong support of the bill, Mr. Speaker. I do know that there are good cops and bad cops. And we have seen it through history of all the bad cops. But I think there's further legislation that we need to enact in this body. Because we're not talking about the atrocities in the mainland, but it does exist in our town.

"I'm speaking to you as an immigrant, Mr. Speaker, and I have seen racial profiling. And as somebody from Ewa Beach I can say that it have done socio-economic profiling. And those are the things that I want corrected. Because those people that I mentioned seem to suffer the most. Because most of their cases don't even make it to what is called the judicial process. They're just taken for granted and swept under the rug. So, I support this bill because I see policemen to be people just like us. They are not demigods, Mr. Speaker. They're just like us. That we need to watch and we need to implement.

"I want to remind everybody about that homeless man that I used to see by the elevator. And I see him in the evenings when I worked late. He was shot by a sheriff in this building, Mr. Speaker, and not much was said about it. It was said briefly that he tried to grab the sheriff's gun, so he has to be shot. But the coroner, the medical coroner said he was shot from four feet away. There were two sheriffs that collided with that story. Nobody ever came and defended the right of that homeless man and questioned the disparity of the report. If he was shot because he was trying to grab the sheriff's gun, why is the coroner saying the bullet came from four feet away?

"So, those are the things that I support this bill, Mr. Speaker. We need to put integrity to the system. And by putting all these measures, we restore integrity to the force. For those reasons, Mr. Speaker, I disagree with my colleagues across the aisle, because there is a reason for this bill and I ask everyone to support it. Thank you."

Representative Ohno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Mr. Speaker, before I start, I want to address a comment previously made about the two police officers who were killed in Waikiki. I mourned those officers greatly. Our entire state did, and we commend their bravery.

"All public employees, unlike private employees, strike a special balance with the people of Hawaii. Teachers, public health nurses, police officers, they teach our children, they keep our people healthy, and they protect our communities. In exchange, we ask the people of Hawaii to pay income tax, to pay general excise tax, in order to pay for their salaries, their future retirement, their health care. I'm a public employee, and all of us are very proud of the work we do for this state. It's crucial to remind everyone that police officers, their employer is not the police chief. All public employees, our employer is the people of Hawaii. And I think they want to know what's happening.

"I want to commend the bravery and forward thinking of so many folks who have put this forward for a vote today. I'll be in support of it. Thank you, Mr. Speaker."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. During the 2020 legislative session, we face two pandemics. The COVID-19 pandemic, and the pandemic of racism. On one front, we fight the COVID-19 virus. On the other, we fight the disease of racism, which is as old as our republic. Both pandemics make it difficult for those inflicted with this disease to breathe.

"To denigrate another person or a group of people to elevate yourself or your group of people displays fear, hatred, and bigotry. That's racism. And at times, it can be fatal, as the world witnessed the killing of George Floyd on May 25th of this year. Mr. Floyd spoke his last words. I can't breathe.

"Why is this bill and a Black Lives Matter movement significant at this time? Perhaps this is a rhetorical question, but do we not see racism and social injustice in a criminal justice system? What about economic opportunities? What about equal pay? What about educational opportunities? What about disparities to access to health care? Systemic racism and social injustice has plagued our people of color, women, our kids with autism, fetal alcohol spectrum disorder, all people with disabilities, the elderly, the homeless, people with mental conditions and addictions, and our people in the LGBTQ community. They have all been whispering, we can't breathe. But America hasn't been listening. That all changes today, with the passage of this bill and a movement for social justice across our nation.

"Now, this bill is no panacea, it's no silver bullet. But as Martin Luther King Jr. reminded us, the arc of the moral universe is long, but it bends towards justice. Change takes a long time, but it does come through action.

"Mr. Speaker, I would be remiss if I did not speak about our police. I'm going to encapsulate my thoughts on our men and women in uniform who serve to protect us every day. You see, eight months ago there was a shooting very close to my house. And I was able to witness, my wife and I were able to witness law enforcement at their finest, nothing short of courageous. Placing their life in harms way between an active shooter and a mob of people, they provided a protective barrier. One could say they saved our lives. They continued to do this because there was potential for additional riots thereafter. And even thereafter, weeks later, our sheriffs came and continued to patrol our area to make sure we were safe, to monitor everyone. Who are these people who would put their lives in harm's way, take a bullet for all of us? They don't even know who we are personally.

"So I can say this, as odd as may seem, I support the bill and I support our law enforcement. I'm hopeful that this bill will represent public buy-in and will help to build trust between law enforcement and our communities by providing greater transparency in matters relating to suspensions or discharge.

"My only concern is that I'm hopeful that the lawmakers here can work with HPD on the due process concern. I think we can work on that during the interim.

"Finally, before I end, in closing, Hawaii is very unique. Our diversity defines us, it does not divide us. This displays our spirit of *aloha*. As we see extreme divide in our nation, I'm hoping that this could be a model for the rest of the nation to follow. Finally, I did have to address this, much has been said about the Black Lives Matter movement. But some saying this is a form of reverse discrimination or even a symbol of hate –"

Representative McKelvey rose to yield his time, and the Chair "so ordered."

Representative Mizuno continued, stating:

"Thank you, Representative. Watching our pastor on livestream because of COVID-19, he even said, all lives matter. And I get that, I do. But here's my point, here's my thought on this issue. And I say this with complete sincerity and with extreme respect, because I know a lot of people will disagree with what I'm about to say. I cannot, in good conscience, say all lives matter in complete resolve until I know in my heart of hearts that black lives matter. When we work together, united to start a revolutionary movement to eliminate systemic racism and social injustice, at that point we will have evolved into something special, and I think this bill is a good start. For those reasons, I support this bill. Thank you, Mr. Speaker."

Representative San Buenaventura rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in strong support. First, I would like to thank the single introducer and former JUD Chair for introducing this bill. It is timely that we hear it, and had he not singly introduced it, we would not be here today. And for that, I am eternally grateful for the Representative and former JUD Chair, single introducer of this bill. I would also like to thank the current JUD Chair and Representative of Nuuanu, and would like their comments to be inserted into the record as my own," and the Chair "so ordered." (By reference only.)

Representative San Buenaventura continued, stating:

"In supporting this bill, I'd like to point out that this bill is doing its best to strike the balance in honoring our brave officers. And our brave officers were not just Officers Kalama and Enriquez, but also the Big Island Officer Bronson Kaliloa. They put their lives on the line. And we also honor the retirees who spent their efforts, their time, their families, their sacrifices. I'd like to point out, this bill only discloses the identity of the officers who are suspended or discharged. Only their records, only the bad actors.

"Transparency is upon us, and it's a shame that the protests are pushing us to act, but act we must. And as the Representative from Ewa Beach pointed out, we are a community of immigrants. Some of us are not treated as equally as others, and it's about time that we have this kind of transparency. Some people are saying that this bill does not go far enough. And for those people, I say these are baby steps, and it is a step in the right direction. And for those reasons, I strongly support this bill. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, and I call for the question."

Representative Ward rose to respond, stating:

"Mr. Speaker, I want to just reinforce a couple of points. First of all, just so everyone knows how tolerant the minority is, one of the speakers went really off course, but we love to hear what he had to say. The only problem is, we don't have a pandemic of racism. The unfortunate thing is the George Floyd issue has been overcome by a pandemic of anarchy. So my good friend from Kalihi and his description is a little bit not only outside of the bill but outside of the rally that's going on in this particular nation.

"The last thing I would say, Mr. Speaker, when you say, well there's no relationship between what we're doing now and what's going on with the mainland. Go back five weeks ago when George Floyd got stuck with the police knee on his neck, and put the names Kalama and Enriquez there, Mr. Speaker, we for sure would never be here talking about a bill such as this. The point is, we don't want to be knee-jerk, we want to be policy-driven, not be the events of things which are particularly far away which don't affect our family here, because this is Hawaii. Thank you."

Representative Har rose to speak in opposition to the measure, stating:

"I rise in opposition, Mr. Speaker. Thank you, Mr. Speaker. Mr. Speaker and members, I think on June 26th we all received a letter from SHOPO, from President Malcolm Lutu regarding this measure and some of the issues legally that are existent in this bill right now. I'd like to read a portion of the letter which says, and I quote, I pointed out that the bill in the existing form was substantially flawed. The proposed amendment to HRS 52D-3.5 discloses an officer's name upon suspension or discharge which is before the officer's due process rights provided by the grievance procedures are exhausted. On the other hand, HRS 92F-14 discloses an officer's name but only after the grievance process is concluded. I further explained that this inconsistency would deprive our officers of their due process and collective bargaining rights. We understand that the latest version of HB285 has not addressed or corrected this defect. Under HRS 92F, the name of any public employee who is suspended or discharged is not disclosed until after that employee's grievance rights have been fully adjudicated and exhausted. Those are the due process rights given to every other public employee. However, HB285 will disclose an officer's name before he or she has had their grievance rights adjudicated. If an officer is later exonerated through the grievance process, HB285 would have already held that officer's name up to public humiliation and spectacle.

"Mr. Speaker, I've spoken to many of my friends who are officers, and one of their biggest concerns with this measure is, many perpetrators that they put away can essentially allege misconduct against this officer, just to be vindictive. And now, without allowing the officer to have been adjudicated guilty for misconduct, you've now allowed his family, his name, his family's name, where he lives to be exposed. And now you've essentially created a situation which is very unfortunate, because now you've jeopardized that officer without having been adjudicated.

"Some of the other speakers, I'd like to address some of the things that they've talked about. One of the best things about being here in Hawaii is that we are a special place. We don't have the other issues, fortunately, that occur on the mainland. We live in a multicultural, multiethnic society, and that's something I think that makes Hawaii so special. And the *aloha* spirit is a very real thing. And so to keep comparing us to the mainland and talk about transparency, this bill doesn't actually address transparency. It adjudicates someone guilty before they're actually found guilty.

"Secondly, throughout this COVID-19 pandemic, Mr. Speaker, we all know that the rates of domestic violence have increased. We've seen it, every single day. Who do we call first? HPD. We know that every time there's an issue with a homeless person, who do people call first? HPD. I was moved when we were voting on the public employee bill, the raise for public employees, the workers, and there was a passionate speech about, I want all of our first responders. Who's our first responders? HPD. And this is how we repay them.

"Mr. Speaker, I just think what's very unfortunate about this bill is that it is attempting to resolve one alleged injustice by creating another. And that's what makes this an imperfect bill, Mr. Speaker. So for those reasons, I stand in strong opposition. Thank you."

Representative Say rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Say's written remarks are as follows:

"Mr. Speaker, I rise in opposition to HB 285, Relating to Public Safety.

"The proposed amendment to HRS 52D - 3.5 which discloses an officer's name 'upon suspension' or 'discharge' which is before the officer's 'DUE PROCESS RIGHTS' provided by the grievance procedures are exhausted.

"On the other hand, HRS 92F-14 discloses an officer's name but only after the grievance process is 'CONCLUDED.' This inconsistency would deprive the officers of their due process right and collective bargaining right.

"It is intolerable to single out a bargaining unit of Hawaii's heroes who protect and comfort our general public at large.

"And we should understand the unintended consequences of HB 285.

1) Shortage of officers will be exacerbated
2) We are family – this *'ohana* community is where they were born and raised in our 50th State
3) The analogy of guilty until proven innocent
4) Hawaii leads the country in sharing the *aloha* to all
5) Chief Ballard is implementing reforms
6) Let's not embarrass or humiliate our officers and their families before their due process

"In closing, the concerns mentioned has led me to vote 'NO' and I urge my fellow colleagues to vote the same. *Mahalo*."

Representative Okimoto rose to respond, stating:

"Mr. Speaker, still in opposition. I would like to request to have the comments of the Representative from Kapolei entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Okimoto continued, stating:

"I'd just like to add also, when I heard comments passed around, with all due respect again, I know that this is a bill and the intent of it, but when I hear comments like this is an imperfect bill and we're still going to pass it, I don't understand that, I don't understand, as a former teacher, how we would be okay passing something.

"I'm not against transparency, I'm not against if they're found wrong, criminally wrong, and they've gone through due process, that we disclose that. However, as stated before, this bill is going to allow any kind of suspension or any kind of mistake done by the police officer before they have due process, before they're found criminal or before they're found convicted of something, to have that information revealed and released. And that's my, the premature disclosure of this is my issue.

"I hear a lot of transparency and accountability, and I ask myself, because I was in the public sector as a teacher and I held that same standard, and now as a legislator, are we, as legislators, are we going to say that, should we be held up the same standard, are we going to hold ourselves at the same standard as we're asking our police department and other first responders? Are we going to require everybody? And as a former teacher and as a parent, I don't ask anybody to do something that I'm not willing to do, and I wonder if this bill is doing that right now.

"And for those reasons, again, I'm not saying that I am not in support of disclosure and transparency and accountability, I feel that this bill as stated is flawed, and if we push it through the way it is, it will be very detrimental to our already shortage police officer department, the HPD has a shortage as it is and it's not going to encourage others to join the force. So, for those reasons, I continue to stand in opposition. Thank you."

Representative DeCoite rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition, and I would like the words of the Representative from Kapolei inserted as if they were my own. I would also like to add that, it's not just HPD, but it's also MPD, the Big Island police department, and all of them that have been subjected to the same result. And it's unfortunate of what happened to George Floyd, but we continuously bring mainland issues down into Hawaii, and we are completely different. We are not at the point where we are rioting and destroying property and coming to that point. This is getting so far out of hand. Again, if we're going to do that to our first responders and our police officers out there, then we subject ourselves to do it to us just as well. If one person screws up here, then let's all take the hit at the same time. But I think we're getting way off base. And I'd also like to insert comments to the Journal, again in opposition."

Representative DeCoite's written remarks are as follows:

"In opposition. Mr. Speaker, we all expect that our law enforcement officers hold themselves to be accountable and to be examples for our community members. In every profession there are bad apples, but we can't let the bad apples from the mainland effect our hard-working law enforcement officers that put their lives on the line every day here in the State of Hawaii. To release the name of an officer accused of wrongdoing before anything is proven or final is irresponsible. We need to allow for due process. If wrongdoing is proven, then release the name, but not before. Out of respect and fairness for dedicated law enforcement officers across the state, especially our Maui Police Department, I am in opposition."

Representative Takumi rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. In support, I'd like the comments of the Judiciary Chair entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Takumi continued, stating:

"When people say about equal treatment, I think the fact of the matter is, we are all treated equally. If any of you get caught driving under the influence, your name will be in the paper. That's even before you are exonerated or adjudicated, you're guilty. And then ultimately, in a court of law, you might be found not guilty. But as far as the public is concerned, you are guilty. It's worse yet if you get accused of child abuse or assault, or those sorts of things. Your name is made public, everybody in the public. And so, we don't release names of people who are only convicted, we release the names of people who are merely arrested. Thank you, Mr. Speaker."

Representative Onishi rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. As the former president for the HGEA, I believe it's my responsibility to stand up for employees' rights. And I do believe that the due process is a requirement before disclosure. As a previous speaker had said, different types of violations are made public. But in those, you are arrested. And so, you do have a due process. But the key is, you are arrested. But in some of the ministerial proceedings within departments and agencies, those names are not disclosed, even if it has been adjudicated. So, I think that trying to treat everybody fairly and giving them their due process rights is important before we disclose their names. Thank you."

Representative Matsumoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in opposition with brief comments.

"This bill removes an important protection from the police by disclosing names of officers who have been suspended or dismissed for misconduct. I would support this bill, if it applied only after an investigation was complete that confirmed wrongdoing. However, as this bill is written, it requires the publication of any officer's name who is suspended or fired for any reason. This policy completely undermines the judicial standard of a presumption of innocence because officers are suspended while an incident is under investigation and they are often found to have done nothing wrong. This bill would still require their names to be disclosed.

"Additionally, this bill takes transparency from one extreme to the other by requiring that officers' names be furnished in a report to the Legislature. Under the current Uniformed Information Practices Act, similar information for other public servants can be released if a member of the public requests the information. In this legislation we are not only making police officers' information available to the public, but we are acting as a publisher by providing the information before there is a request for it. Some have said this bill just makes things fair between all public servants, but as this report to the Legislature makes clear, we are now forcing police officers to be far more transparent than other government employees.

"I realize the goal is to hold police officers accountable for misconduct, but I don't think this is the best way to reach that goal. By publishing police officers' names when only an allegation of wrongdoing has been made, we are condemning officers to public ridicule, condemnation, and potential retaliation without due process. This policy would only hold officers accountable through vigilantism, not through the rule of law which our nation is founded on. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 285, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Final Reading by a vote of 37 ayes to 14 noes, with Representatives DeCoite, Har, Hashimoto, Holt, Kong, Matsumoto, McDermott, Okimoto, Onishi, Quinlan, Say, Todd, Tokioka and Ward voting no.

At 1:56 p.m., the Chair noted that the following bill passed Final Reading:

H.B. No. 285, HD 1, SD 2, CD 1

THIRD READING

S.B. No. 2612, SD 1, HD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.B. No. 2612, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SPORTS OFFICIALS," passed Third Reading by a vote of 49 ayes, with Representatives Ichiyama and Nakamura being excused.

S.B. No. 2185, HD 1:

Representative Belatti moved that S.B. No. 2185, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Okimoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Okimoto's written remarks are as follows:

"Thank you, Mr. Speaker. In support with reservations for Senate Bill No. 2185, HD 1. I support the merits of this bill to exclude certain violations of privacy cases from qualifying for a no contest plea. I also support this bill because it will limit government's use of facial technology. However, I have strong concerns that this is a 'zombie' gut and replace bill which contains another bill that did not meet our legislative deadlines."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition, brief comment. Mr. Speaker, I think the pandemic of COVID-19 is a serious one, I think utilization of facial recognition may have some limited duration, but Mr. Speaker, this pandemic is going to be thrown on the ash heap of history, and in the next three to six months we will know, but this thing locks in the big brother facial recognition. The RFP that the DOT put out said there's a 10-year warranty for those cameras that you have hanging from the ceiling that's going to give you a thermal and a facial recognition, and it's going to be 10-year warranty. Which means, okay, yeah in 30 minutes maybe it gets expunged or whatever, but the point is, we are going down a slippery slope of facial recognition. Now, do we want to be like Hong Kong, do we want to be like Beijing and Shanghai where a lot of that stuff is coming out of, and I told you one of the guys that is in the contract at the airport is one of those people who serves the People's Liberation Army.

"Mr. Speaker, this is not American. This is not what we need. If it's really, like we're going to hell in a handbasket and everybody's dying off, okay let's do it. But these are things that a creeping progressive socialist communist claw, if you will, grabs at the freedom of our society. And we just went through the Fourth of July, well that's what these guys gave their blood, sweat, and tears for, was freedom. Not prosperity, but for freedom, that's what America's about.

"And this bill is on that slippery slope, slipping away saying, yeah, you know for safety and security we gotta do this, well I think we can do better by not doing this, Mr. Speaker. This is a very, very, very dangerous thing. Because AI technology is getting really out of hand. And I don't believe Elon Musk and the world is going to end because of it, because some of the things that we can do now, we can actually take the temperature of 35 people in one photograph, 35 people, and then I can trace you when you're down at the mall protesting. And I got your face, and I got your face. There's no end to it, Mr. Speaker. That's the difficulty. And as one of my colleagues told me, when we have the cameras for the traffic, that stuff is never kept, it's gone. So, we're not playing big brother on the streets and the street corners, Mr. Speaker.

"Because of these things, I just fear that people who want to do a good job as a bureaucrat may let this get out of hand and we may not monitor it and we may just let the thing slippery slope right through to where, what have we done with our society. We have enough problems without this one, Mr. Speaker. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Thanks. In support. Surely this instance will end up in court at some point or another, I should say a few words just about the intent here just to put it on the record. I appreciate the words from the Minority Leader, however, we know right now there is a facial recognition project in progress as we speak at the airport monitoring people who come into the state for COVID purposes. Right now we have no laws on the books whatsoever nor guidance at any department or agency with respect to facial recognition, its uses, and any safety precautions and procedures to protect peoples' data, for the very reasons I think the Minority Leader raised. While I appreciate his intent, I think this is our opportunity right now to put some protections in place. Right now this is happening as we speak, so what can we do?

"What this measure does is provide strict guidance that any data collected shall have to be solely following a thermal scan of someone who pings positive with a temperature or what have you, that information can then be used to track that person through the airport to make sure that they're not getting in contact with other people unnecessarily and can be intercepted before leaving to come out into the general population.

"Within 60 minutes, according to the bill, that information, that facial recognition and scan, all of that data must be destroyed, cannot be used by contractors for any other purpose, and puts a grip on the expanded use of this such that, should things evolve and should the technology be used for other purposes, I think as other countries have used it to police their populations, perhaps unfairly, certainly undemocratically, this measure prohibits that from occurring here, because it requires the Legislature approve any further uses. So, it is a basic safety precaution, acknowledging that we do have a pandemic emergency and that there is something already in place at the airports, so it gives us some security to protect public liberties and civil liberties going forward. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, my colleague makes a very good argument, but I don't believe you can be half pregnant. Still in opposition. Not in opposition to pregnancy. This is really about labor intensity. The good Representative from Waimanalo noted that this camera can follow you through the airport. What is missing is, as soon as you get the temperature of this person at the airport, you should have an intervention, i.e. a person there who does it instead of letting them go throughout the airport, which is why we have to have this data resolve here to catch them and pull them out, hey you got a temperature, you can't go beyond this place.

"Because there's a nickel and diming going on that some of the people who are bidding are doing it labor intensive, and the state says, we don't want to do that, we want to follow them through so we catch them and then they can't get out of the system. Well, if we have people at every time they take the temperature who pull them aside, it's no big deal.

"So, Mr. Speaker, the point is, labor intensity can get away from this high technology intensity, and then again, you can't be half pregnant, you can't have facial recognition without it going all the way. And that's what my fear is, Mr. Speaker. Thank you."

The motion was put to vote by the Chair and carried, and S.B. No. 2185, HD 1, entitled: "A BILL FOR AN ACT RELATING TO VIOLATION OF PRIVACY," passed Third Reading by a vote of 47 ayes to 2 noes, with Representative Okimoto voting aye with reservations, with Representatives McDermott and Ward voting no, and with Representatives Ichiyama and Nakamura being excused.

S.B. No. 2139, HD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.B. No. 2139, HD 1, entitled: "A BILL FOR AN ACT RELATING TO VACANCIES," passed Third Reading by a vote of 49 ayes, with Representatives Ichiyama and Nakamura being excused.

At 2:04 p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2612, SD 1, HD 1
S.B. No. 2185, HD 1
S.B. No. 2139, HD 1

THE SENATE
THIRTIETH LEGISLATURE, 2020
STATE OF HAWAII

ACT 004

S.B. NO. 3139 S.D. 1 H.D. 1

A BILL FOR AN ACT

RELATING TO THE STATE BUDGET.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

PART I

SECTION 1. The legislature finds that Act 39, Session Laws of Hawaii 2018, appropriated $200,000,000 in general funds to the rental housing revolving fund. In addition, the rental housing revolving fund receives $38,000,000 annually from conveyance tax collections. On June 30, 2019, the ending balance of the rental housing revolving fund was $362,740,473, and by June 30, 2020, the ending balance is projected to be $445,624,761. The economic impact of the coronavirus disease 2019 (COVID-19) has created a severe budget shortfall for the State.

Accordingly, the purpose of this part is to:

(1) Replace, where eligible, general fund appropriations with general obligation bond funds;

(2) Deposit, or authorize the transfer of, those general funds into the emergency and budget reserve fund; and

(3) Authorize the transfer of excess moneys from other sources into the emergency and budget reserve fund.

SECTION 2. The director of finance is authorized to issue general obligation bonds in the sum of $250,000,000 or so much thereof as may be necessary and the same sum or so much thereof as may be necessary is appropriated for fiscal year 2020-2021 for deposit into the rental housing revolving fund; provided that the appropriation made for the capital improvement project authorized by this section shall not lapse at the end of the fiscal year for which the appropriation is made; provided further that all moneys from the appropriation unencumbered as of June 30, 2022, shall lapse as of that date.

SECTION 3. On May 28, 2020, the director of finance is authorized to transfer from the rental housing revolving fund to the emergency and budget reserve fund the sum of $250,000,000 or so much thereof as may be necessary for fiscal year 2019-2020.

SECTION 4. Act 268, Session Laws of Hawaii 2019, is amended by repealing section 4.

["~~SECTION 4. There is appropriated out of the general revenues of the State of Hawaii the sum of $20,000,000 or so much thereof as may be necessary for fiscal year 2019-2020 for~~

~~the establishment and development of the stadium development district for public use.~~

~~The sum appropriated shall be expended by the Hawaii community development authority for the purposes of this Act; provided that the appropriation shall not lapse at the end of the fiscal year for which the appropriation is made; provided further that all moneys unencumbered as of June 30, 2022, shall lapse as of that date.~~"]

SECTION 5. Act 268, Session Laws of Hawaii 2019, is amended by amending section 6 to read as follows:

"SECTION 6. The director of finance is authorized to issue general obligation bonds in the sum of ~~$150,000,000~~ $170,000,000 or so much thereof as may be necessary and the same sum or so much thereof as may be necessary is appropriated for fiscal year 2019-2020 to the Hawaii community development authority for the stadium development district[~~.~~]; provided that the appropriation made for the capital improvement project authorized by this section shall not lapse at the end of the fiscal year for which the appropriation is made; provided further that all moneys from the appropriation unencumbered as of June 30, 2022, shall lapse as of that date.

Page 4 S.B. NO. 3139 S.D. 1 H.D. 1

The sum appropriated shall be expended by the Hawaii community development authority for the purposes of this Act."

SECTION 6. On May 28, 2020, there is appropriated out of the general revenues of the State of Hawaii the sum of $20,000,000 or so much thereof as may be necessary for fiscal year 2019-2020 to be deposited into the emergency and budget reserve fund.

SECTION 7. On May 28, 2020, the director of finance is authorized to transfer from the mental health and substance abuse special fund to the emergency and budget reserve fund the sum of $25,000,000 or so much thereof as may be necessary for fiscal year 2019-2020.

SECTION 8. On May 28, 2020, the director of finance is authorized to transfer from the Hawaii tobacco settlement special fund to the emergency and budget reserve fund the sum of $8,000,000 or so much thereof as may be necessary for fiscal year 2019-2020.

PART II

SECTION 9. The legislature finds that the Supplemental Appropriations Act of 2020 and the Judiciary Supplemental Appropriations Act of 2020 reduced expenditures in fiscal year

SB3139 HD1 LRB 20-1911a-1.doc 4

Page 5 S.B. NO. 3139 S.D. 1 H.D. 1

2019-2020 and fiscal year 2020-2021. The purpose of this part is to transfer those savings to the emergency and budget reserve fund.

SECTION 10. On May 28, 2020, there is appropriated out of the general revenues of the State of Hawaii the sum of ~~$432,000,000~~ 80 Any or so much thereof as may be necessary for fiscal year 2019-2020 to be deposited into the emergency and budget reserve fund.

PART III

SECTION 11. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored.

SECTION 12. This Act shall take effect on May 27, 2020; provided that section 2 shall take effect on July 1, 2020.

APPROVED this 06 day of JUL, 2020

GOVERNOR OF THE STATE OF HAWAII

H.B. No. 1659, HD 3, SD 1:

Representative Belatti moved that H.B. No. 1659, HD 3, SD 1 pass Final Reading, seconded by Representative Morikawa.

Representative McDermott rose, stating:

"Mr. Speaker, I have an amendment to offer."

At 11:24 a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:32 a.m.

At this time, Representative McDermott offered Floor Amendment No. 5, amending H.B. No. 1659, HD 3, SD 1, as follows:

> SECTION 1. House Bill No. 1659, H.D.3 S.D. 1, is amended by amending Section 3 by deleting its contents and replacing it with the following:
>
> "SECTION 3. Chapter 325, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:
>
> "**§325- Communicable or dangerous diseases, screening, treatment, and isolation.** (a) Upon entry to the State, all persons may be required to submit to a screening for communicable or dangerous diseases as deemed appropriate by the department. The diseases screened for shall include those deemed a public health and safety risk by the department at the time of the screening. If the department deems it necessary for the public health, treatment, quarantine, and isolation may be required, at the expense of the person entering the State.
>
> (b) Every person traveling to Hawaii shall be tested for novel coronavirus, known as COVID-19, no more than seventy-two hours

prior to departure and provide documentation of a negative test result upon arrival in the state.

(1) Any person unable or unwilling to be tested or provide documentation of a negative test result upon arrival shall have the option of being tested and quarantined until they receive a negative result or undergo a mandatory fourteen-day quarantine.

(a) Persons required to undergo the fourteen-day quarantine shall be transported to a designated location within the state.

(b) The National Guard shall assist in the implementation and monitoring of the state's mandatory quarantine for all incoming travelers.

(c) The department of health and department of transportation shall develop and implement COVID-19 testing procedures at the airports.

(2) All incoming travelers shall receive a temperature check upon arrival. The department of health and department of transportation shall develop and implement procedures for temperature checks.

(3) All incoming travelers shall be required to complete a mandatory travel declaration form and the department of agriculture plant and animals declaration form pursuant to HRS §150A.

(4) The department of health is authorized to implement procedures to conduct contact tracing deemed necessary to trace and monitor contacts of individuals infected with COVID-19.

(a) The department of health shall take all reasonable and necessary steps to ensure that individuals' rights to privacy are not violated.

(b) Nothing in this section shall be construed to supersede any state or federal privacy or confidentiality requirement.

(5) The department of health shall amend its testing criteria for COVID-19 to include, but not limited to, the following.

(a) First responders.

(b) Law enforcement officers.

(c) Health care workers.

(d) Residents of nursing homes and care homes.

(e) People at high risk or residing in high risk areas.

(f) Asymptomatic people who may have been exposed or require proof of a negative test for travel, as a condition of employment, or other instances where documentation of a negative test is requested.

(g) No physician's order shall be required for those in the above categories to obtain a COVID-19 test."

(6) All visitor industry employees shall be tested for COVID-19 once per week.

(7) All airline and travel-related employees shall be tested prior to departure."

SECTION 2. House Bill No. 1659, H.D.31 S.D. 1, is amended by amending section 4 by deleting its contents and replacing it with the following:

"SECTION 4. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored."

SECTION 3. House Bill No. 1659, H.D.31 S.D. 1, is amended by amending 2ection 5 by deleting its contents and replacing it with the following:

"SECTION 5. This Act shall take effect upon its approval provided that the new section 325-_shall be repealed on December 31, 2020 or when the governor removes the proclamation requiring mandatory quarantine for travelers, whichever occurs earlier."

Representative McDermott moved that Floor Amendment No. 5 be adopted, seconded by Representative Ward.

Representative McDermott rose to speak in support of the proposed floor amendment, stating:

"Mr. Speaker, I would like to say I rise in support, but I'm going to sit in support. Mr. Speaker, I want to thank you for your leadership during this session and these very surreal times, I want to thank the Finance Chair for all she's done with her team, and the Majority Leader for being so very collaborative with the minority and keeping us up to speed.

"This is, I would like to say a friendly amendment, I know it's not going to pass. But what we wanted to do here was to get on the record under the title of health. I'd like to turn everyone's attention to page 1 of the amendment, at the very bottom, part b. Every person traveling to Hawaii shall be tested for the coronavirus, known as COVID-19, no more than 72 hours prior to departure and get a negative test result prior to their arrival in the state. Any person unwilling to be tested will provide documentation of a negative test result upon arrival, and if they get here and they don't have it they'll be quarantined until they receive a negative test result and undergo a mandatory 14-day quarantine.

"Mr. Speaker, this would be a real quarantine. And if I go to 1.b, the National Guard shall run it, they'll assist. They would not be armed in our vision, but they would monitor. And this would be a real quarantine for all travelers. That would include local, returning visitors, and everyone coming into our state.

"Number c, the Department of Health and Transportation shall develop and implement COVID-19 testing procedures at the airports. Number 2, all incoming travelers would receive a temperature check upon arrival. The Department of Health and Department of Transportation shall develop and implement procedures. Number 3, all incoming travelers shall be required to complete a mandatory travel declaration form pursuant to HRS 150A. Number 4, the Department of Health will implement procedures to conduct contact tracing deemed necessary to trace and monitor contacts of individuals with COVID-19.

"Mr. Speaker, we've just seen in recent days that the Department of Health is pushing back on the contact tracing, saying they can't do it, they don't want to do it, despite the money that the Finance Chair has appropriated them and their ability to hire up to 500 people.

"Four a, the Department of Health shall take all reasonable and necessary steps to ensure that individuals' rights and privacy are not violated. Nothing in this section shall be construed to supersede any state or federal privacy confidentiality requirement. The Department of Health shall amend its testing criteria for COVID-19 to include, but not limited to, first responders, law enforcement, health care workers, residents of nursing homes, people at high risk in high risk areas, asymptomatic people, people exposed or require proof of a negative test to travel as a condition of employment or other instances where document of a negative test is required. Bear with me, Mr. Speaker, I'm almost done. No physician's order is required in the above categories to get a COVID-19 test.

"Mr. Speaker, number 6, all visitor industry employees shall be tested for COVID-19 once a week. We have forgotten the safety of the employees in the visitor industry, hotels, rental cars, airlines. No one has talked about them, but they're on the frontlines, exposed to these incoming viral loads of COVID every day. All airline and travel-related employees shall be tested prior to departure.

"Mr. Speaker, the reason I offer this amendment is basically a framework of the COVID plan that we presented to your committee, the COVID-19 House committee on May 17th. May 21st, I think we presented it to you, we released it May 17th. The reason this amendment is offered is because it's not directed at the legislative branch, but rather the executive branch, who has yet to develop a plan that I have seen. I've seen a lot of talk about plans, but I have seen no plan.

"We are putting this in the record as a plan, a framework for a departure point for discussions so the executive branch can move and get our state back on track. It's not the Legislature who's at fault here, Mr. Speaker. This is directed at the executive branch, which in my view has no singular command and control structure in place to execute this. We're three weeks out from the August 1st date. It can be done. But in my view, you have to put the National Guard in charge, led by General Hara, as a command and control structure, and implement this framework, and Hawaii can be open for business.

"Mr. Speaker, I'll close with this. I want to thank you for allowing me to introduce this amendment and giving me the leeway to do it. As a courtesy and gift to the members, I will speak no more today. Thank you."

Representative Ward rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I rise in strong support, and hopefully can speak to the silenced gentleman from Ewa Beach, and it's been a pleasure working with him on this. Mr. Speaker, the usual former mantra is, if we build it, they will come. No, they won't. If we open our economy, they will come. No, they won't. If it's safe in Hawaii, they will come. Mr. Speaker, that's what this bill is about. Codifying, if you will, the testing and the COVID-19 pretravel assurance that when people arrive, you'll have a COVID-free plane and a COVID-free visitor.

"Mr. Speaker, this actually turns a health bill into an economic development bill. Because, Mr. Speaker, a lot of people are hurting, we've gotta open the economy, and we have to open it safely, watching over lives as well as the livelihood.

"What the McDermott-Ward plan does, which was called Making Hawaii Safe to Travel, two firsts, as the good Representative from Ewa Beach said. This is the first time anybody has put it in writing, Mr. Speaker. You can't have a plan on the back of an envelope. You can't have it stovepipe, the way the state's doing it. This was the first plan to say, hey we can do it and here it is in writing.

"Second thing this was the first was, this cleared the way for Hawaii from the White House directly to the state saying, hey you guys want to do this, you can do it. Now we were a little bit slow on the uptake. Alaska took it and run with it. They said, yeah, we're gonna test. They are testing. Their economy is opening. It's slowly occurring. So, Mr. Speaker, this is an amendment to help Hawaii get back on its feet by being safe for the health of the people of Hawaii, but also for the long run, economic development.

"For those reasons, Mr. Speaker, thank you for allowing the rules, thank you for the attorney who said, yeah let's hear it, let's go on with it and let's have a vote, but it's for the people of Hawaii. Thank you, sir."

Representative Belatti rose to speak in opposition to the proposed floor amendment, stating:

"In opposition, Mr. Speaker. Quite simply, while I agree with some of it, this is not something that we should rush in this manner. I do believe that we do have good people in all of state government working on reopening our economy and that this is not needed. This reeks of House Bill 2502, which we have tabled. And for that reason, I oppose this motion. Thank you, Mr. Speaker."

Representative Ward rose to respond, stating:

"Mr. Speaker, just a correction for the record, still in support. What this amendment does is codifies for this body, the state, the House, and the Senate to go on record that, hey governor, all that we're gonna do now is under your 60-day or otherwise mandate. This allows us in the Legislature to take and say our role and take precedence, if you will, for the long run because it becomes codified.

"So, to say that it's not needed is saying, well it may be short-lived. And hopefully the virus will be thrown on the ash heap of history rather soon. But until then, we need this kind of economic development codifying testing in order to proceed down the line after the governor's mandates have expired. Thank you, Mr. Speaker."

Representative Belatti rose to respond, stating:

"Quick rebuttal, two points. First of all, at a time when we are finding that testing worldwide is being stymied because of the many infections all over the country, this is not something that we should mandate because then it would take away needed resources from our community. And secondly, anything coming from the institution who the previous speaker said vetted this, I would much rather take the leadership of the state people here to guide our plans in reopening Hawaii. Thank you, Mr. Speaker."

The motion that Floor Amendment No. 5, amending H.B. No. 1659, HD 3, SD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry, with Representatives Aquino, Hashem, and Ohno being excused.

(Main Motion)

The motion was put to vote by the Chair and carried, and H.B. No. 1659, HD 3, SD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 1661, HD 3, SD 2:

Representative Belatti moved that H.B. No. 1661, HD 3, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Belatti rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support with request to insert written comments."

Representative Belatti's written remarks are as follows:

"I rise in strong support of House Bill 1661, Senate Draft 2.

"Because of the collaboration and commitment of the Department of Health, the Judiciary, and community stakeholders over the 2019 interim to better coordinate care for those persons experiencing substance abuse, mental health conditions, and homelessness, this bill, in tandem with House Bill 1620, Senate Draft 2, fundamentally and positively restructures the way that the behavioral healthcare system and the criminal justice system work together. Far too often, we see those suffering from mental illness or substance abuse living in homelessness and despair in our communities, cycling through the jails, courts, and criminal justice system.

"By codifying a definition for a behavioral health crisis center and clarifying the process of what happens when a person is taken either to a psychiatric facility or a crisis center for an emergency examination or emergency hospitalization, House Bill 1661 supports a more streamlined process for evaluating people who are suffering from a mental health crisis and getting them to the appropriate treatment facilities where they can be properly stabilized, cared for, and treated. By better transitioning people to lower, more appropriate levels of care, House Bill 1661 eases the burden on Hawaii's hospital emergency departments that are often the first stop for those suffering from a mental health or substance abuse crisis.

"In addition to the funding increases provided to the Department of Health in this year's budget to support community-based stabilization beds, House Bills 1661 and 1620 have the potential to transform the lives of those who suffer from severe mental illness and/or life-wrecking substance abuse issues so that they can lead better lives. For these reasons, I strongly support House Bill 1661, Senate Draft 2."

The motion was put to vote by the Chair and carried, and H.B. No. 1661, HD 3, SD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 1673, HD 1, SD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 1673, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE ETHICS CODE," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 1676, HD 1, SD 2:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 1676, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 1678, HD 1, SD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 1678, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO MUSICAL PERFORMANCES," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 1854, HD 1, SD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 1854, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO LITTLE FIRE ANTS," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 1929, HD 2, SD 2:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 1929, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 1942, HD 2, SD 2:

Representative Belatti moved that H.B. No. 1942, HD 2, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Ichiyama rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ichiyama's written remarks are as follows:

"Thank you, Mr. Speaker, for the opportunity to submit written remarks in support of HB 1942. I support this measure because it will increase the number of mandatory reporters of child abuse by creating three new categories: (1) members of the clergy, (2) commercial computer technicians, and (3) commercial film and photographic print or image processors.

"The vast majority of states, 43 in total, include members of the clergy as mandatory reporters of child abuse. Clergy are uniquely positioned in their role in our communities to see signs of child abuse and neglect and to make sure that families get the help that they need. During the hearings on HB 1942, the question arose of whether the clergy-penitent privilege should apply to mandatory reporting requirements. I have deep respect for the position of the Department of Human Services, Child Welfare Services, and their objection to inclusion of the privilege. I agree wholeheartedly that whenever any person receives notice or information of child abuse of any kind, it should be reported immediately, subject to privilege or not. A society is measured by how it treats its most vulnerable members, children the most of all. We all bear the burden of the long-term impacts of child abuse, either directly or indirectly, through our prisons, healthcare system, substance abuse treatment, homelessness, mental health, and so many others.

"At the same time, I also recognize the concerns of my colleagues regarding the constitutional right to practice sincerely held religious beliefs, including the practice of confession. For that reason, HB 1942 includes a narrowly tailored exemption for 'penitential communications,' as defined in the measure. This exemption was based on the California statute and intentionally does not refer to Rule 506, Hawaii Rules of Evidence (clergy privilege) because Rule 506 protects any communication to a clergy member as a spiritual advisor. Thus, the evidentiary privilege under Rule 506 is broader than just 'penitential communications' because it can include any 'spiritual advice.' Also, to prevent abuse of the exemption, it does not apply if a clergy member receives information about child abuse or neglect from any other source, in addition to a penitential communication. In those situations, the clergy member would be required to report to authorities any information received outside of the penitential communication.

"It is my hope that one day, a future legislature can re-examine the penitential communication exemption and determine that it is no longer necessary.

"Finally, HB 1942 adds two additional categories of mandatory reporters: commercial computer technicians, and commercial film and photographic print or image processors. This is in order to keep up with the way that child abuse is now perpetuated – online and in photographs. Predators have moved to the internet, with its anonymity and 'dark web' capabilities. We need to empower and train Geek Squad team members and Costco photo technicians, among others, to report child abuse when they see it. For all of these reasons, I am in support of HB 1942. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.B. No. 1942, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO CHILD ABUSE REPORTING," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 1978, HD 1, SD 1:

Representative Belatti moved that H.B. No. 1978, HD 1, SD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Belatti rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support, request to insert written comments."

Representative Belatti's written remarks are as follows:

"I rise in strong support of House Bill 1978, Senate Draft 1, a bill that has been supported and championed by our legislative Filipino Caucus and numerous advocates for social justice throughout our island state.

"House Bill 1978 aligns Hawaii's Family Court jurisdiction with the federal Special Immigrant Juvenile Status program, and allows Hawaii residents access to the full protections of the federal law. This bill protects young immigrants who have suffered abuse, neglect, or abandonment, and affords them a pathway to stay in a country that welcomes immigrants so that they can lead productive and happy lives. This bill will immediately provide relief and protection to members of our community who are or have been students in our public schools, workers and employees, and neighbors in our community. For these reasons, and because this bill assists some of the most vulnerable in our state, I strongly support passage of House Bill 1978, Senate Draft 1."

The motion was put to vote by the Chair and carried, and H.B. No. 1978, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL IMMIGRANT JUVENILE STATUS," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

At 11:43 a.m., Representative Ward requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:44 a.m.

At 11:45 a.m. the Chair noted that the following bills passed Final Reading:

H.B. No. 1346, HD 2, SD 2
H.B. No. 1352, HD 2, SD 1
H.B. No. 1523, HD 1, SD 2

No. 2097, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL CANNABIS," passed Final Reading by a vote of 47 ayes to 3 noes, with Representatives Kong, Okimoto, and Ward voting no, and with Representative Ohno being excused.

H.B. No. 2124, HD 1, SD 2:

Representative Belatti moved that H.B. No. 2124, HD 1, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Takayama rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I request a ruling on a potential conflict? My spouse is one of those employees who may be potentially affected by this measure," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and H.B. No. 2124, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO THE CODE OF ETHICS," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 2125, HD 2, SD 1:

H.B. No. 2162, HD 2, SD 1:

Representative Belatti moved that H.B. No. 2162, HD 2, SD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, a comment without necessarily saying what my vote is, other than with reservations because of the picky nature of how we are setting towing fees. On the next page, we're going to let the department set fees for their fines in the labor or HIOSH area. I still for the life of me can't imagine the State Legislature setting towing fees. And because of that, I will keep making the query because I can't see the logic, are we down at the micro when we've got an economy going to hell in a handbasket and we're doing this discussion about towing fees. It just doesn't make sense. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 2162, HD 2, SD 1, entitled: "A BILL FOR AN ACT RELATING TO TOWING," passed Final Reading by a vote of 50 ayes, with Representative Ward voting aye with reservations, and with Representative Ohno being excused.

H.B. No. 2183, HD 2, SD 2:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 2183, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO THE HOUSING LOAN AND MORTGAGE PROGRAM," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 2202, HD 1, SD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 2202, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO CEMETERIES," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 2340, HD 2, SD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 2340, HD 2, SD 1, entitled: "A BILL FOR AN ACT RELATING TO DEAD BODIES," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 2350, HD 2, SD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 2350, HD 2, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 2425, HD 1, SD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 2425, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO DOMESTIC ABUSE," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 2543, HD 1, SD 2:

Representative Belatti moved that H.B. No. 2543, HD 1, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Takumi rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Takumi's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations. First off, I support expanding childcare, but our dollars would be far better spent on high quality preschool.

"But, frankly, even if this bill was to expand public preschool to capture 100% of eligible 3- and 4-year-old children within the next 10 years, I would still have reservations. We are looking at spending on a yearly basis hundreds of millions of general fund dollars.

"This is unlikely to happen. Why? We just have to look around.

"We cannot expect additional billions of dollars from the federal government. We must assume that the need for UI, rental assistance, food security, and small business assistance will go beyond the end of the year which is what we have budgeted for.

"Indeed, I predict the need will be even greater for several reasons.

1. The recent court settlement regarding our failure to manage the land trust. This will be in the hundreds of millions of dollars.

2. Continuing layoffs. We recently heard about hundreds of local jobs in the airline industry being cut in the coming months. Analysts for the airline industry are saying it will be at least until 2023 until passenger capacity reaches 2019 levels.

3. Imminent foreclosures. There will potentially be thousands of foreclosures as people can no longer pay their mortgages.

4. Increased mental health. Whenever there's an economic downturn, the need for mental health services increase.

5. The economic forecast for the state. We are looking at a $2.3 billion deficit over the next two years and some say this is too low. And this deficit is predicted to grow in subsequent years.

"Then there's the bill itself. There are a number of problems, but I will speak to two. First, the language delineating the responsibilities of the Department of Human Services and the Executive Office on Early Learning is ambiguous, conflicting, and will lead to confusion and inefficiencies.

"Second, the proposal to site programs at the public libraries has not had the necessary due diligence. Childcare facilities require unique infrastructure that most libraries do not have. For example, there should be a fence around the facility and procedures to ensure only authorized people have access. The restrooms need to be size appropriate and not comingled with the restrooms used by library patrons. There should be a playground area that most libraries do not have adjacent to their property. It does not seem that an inventory has been done to see where it is possible to build a facility, how much it will cost to retrofit the site, and who will be responsible for the maintenance.

"In summary, we should err on the side of caution and, unfortunately, this initiative, however worthy, is throwing caution to the wind."

Representative Woodson rose to speak in support of the measure, stating:

"Strong support."

Representative Perruso rose to speak in opposition to the measure, stating:

"Mr. Speaker, I stand in opposition to this bill. It remains in it's essentially the same form, so my initial objections remain. I wanted to remind the members that first, Preschool Open Doors is a childcare program, not an educational program. So, this measure doesn't advance early learning in the state, but it does expand access to childcare, which is fine, but it's important to understand the distinction.

"Furthermore, the proposed preschool grant program special fund continues to circumvent the State Constitution, which prohibits public funds from being spent on private educational programs. So, grants that are extended to this program can't be used to subsidize costs at private early learning programs without violating the State Constitution. Which again, limits the scope of this bill to childcare. Thank you, Mr. Speaker."

Representative Belatti rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support, request to insert written comments, brief remarks. Mr. Speaker, this bill represents the work of the community. This bill represents the work of many of our members in this building. This bill represents the fact that we can, even during a time of pandemic, move important things that will have life changing effects on the people of this state at a time when childcare, or early education, call it what you will, there is very little difference in my mind, will do much to advance our state. Thanks, Mr. Speaker."

Representative Belatti's written remarks are as follows:

"I rise in strong support of House Bill 2543, Senate Draft 2.

"Despite the challenges of dealing with COVID-19, this bill represents the good work that can be done when community stakeholders and lawmakers persevere and remain dedicated to a common goal. With passage of this bill, lawmakers deliver on their commitment to future generations that all of Hawaii's *keiki* will have access to early learning opportunities.

"By codifying the goal of 100% access to early learning for 3- and 4-year-olds over the next 12 years, we collectively set an ambitious path ahead of ourselves, but the pieces are in place to get to that goal. By working in partnership, Hawaii's Department of Human Services, the Executive Office on Early Learning, the Department of Education, and the State Public Charter School Commission, have the breadth and ability to touch and improve the lives of all of Hawaii's children. Private partners and community stakeholders stand ready to help deliver the learning opportunities contemplated by this bill, including partners within Hawaii's public library system and the State's Hawaiian language immersion community. And all agree that quality early learning experiences will improve the lives and prospects of the children who have access to these experiences. Because this bill establishes a framework for truly delivering on promises of early learning for all, I strongly support House Bill 2543, Senate Draft 2."

Representative Woodson rose to respond, stating:

"Mr. Speaker, in support, brief comments. Thank you, Mr. Speaker. This proposal is one of two initiatives that we are considering from the initial joint package. Specifically, this bill will provide access to early learning opportunities across this great state over a certain period of time.

"Mr. Speaker, once we started this session, we asked the question, what are some of the most significant cost drivers facing our families? And, in fact, it was identified that preschools and daycares were in fact the second highest cost, only second to the cost of housing. And so, by considering this proposal, Mr. Speaker, we are saying that we are in this together, as a state, and we want to help support our families. And that is especially true now that we find ourselves in this post-COVID era.

"And when I say that although this bill does not have any state funding currently because of the financial situation that we find ourselves in, we were approached by several non-profit agencies and entities and individuals saying that, we want to help, we still want to contribute to this cause. And so, we have assurances from several organizations, non-profit and others, stating that they want to donate to this initiative. And that's somewhere to the magnitude of several millions of dollars that they want to put into this cause now. And so, that's one good reason to push this bill forward.

"Another reason, Mr. Speaker, it was stated that this bill is unconstitutional, but if you take a look at the proposal, it does stay within the constructs of HRS 343, which is Preschool Open Doors. That has been ruled to be very constitutional. And we used that language to build out the constructs of expanding some options of early learning opportunities across the State of Hawaii.

"And so, Mr. Speaker, this bill is not only important because it will afford families over time the opportunity to have their kids have a chance to be ready for kindergarten, which is important, it also affords our families the opportunity to help address their financial situations, as many of us are hurting in this time of need. And so, for this reason and others, Mr. Speaker, I stand in support of this proposal."

Representative Ward rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support with a commendation to the majority. Promises made, promises kept. One of the things that we started the session with many, many months ago was to do this very thing. So, congratulations to all on this floor. Thank you."

Representative Takumi rose to respond, stating:

"Thank you very much, Mr. Speaker. Still with reservations. And I do appreciate the comments made by the Education Chair. I, frankly, think he's doing a wonderful job, much better than the previous education chair, I might add.

"But I'd be remiss if I didn't say, we did hear that the private sector is willing to pony up some money. If you want to capture all eligible 3- and 4-year-olds in 10 years, it's going to cost hundreds of millions of dollars. So,

I'd be curious to know whether or not the private sector is going to make a commitment to those kinds of dollars on a sustained basis.

"Secondly, I've also heard that we made promises at the beginning of session, five months ago, that this would be an issue we are going to take up. Frankly, Mr. Speaker, we made a promise to increase the minimum wage, and that is not going to happen, obviously.

"Third, we know that bills that we pass this session with the money we got from the Federal Government, which we cannot anticipate getting again by next year, that what we dealt with, with the unemployment insurance, with food security, with rental assistance, and so on, those critical needs are not going to disappear by the end of this year. It will continue into next year and in subsequent years. We recently read in the paper that the airline industry is laying off hundreds of jobs locally. We can anticipate foreclosures. We can anticipate increased needs for mental health services. Because we all know, when the economy goes bad, the demand for mental health services increases.

"Again, I'm not opposed to increasing access to childcare. And it's not a semantical difference between preschool and childcare, there is a real difference. So, if we really want to have our children get ready for kindergarten, they really should be in a high quality preschool setting. Thank you, Mr. Speaker."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. The reason why this bill must pass is getting the early learning community together and having them agree to maybe 70% or higher is really difficult. If it was easy, then it would have been done 10 years ago, it would have been done 20 years ago, it would have been done 30 years ago.

"When we first looked at doing a comprehensive commitment to providing early learning for our 3- and 4-year-olds, I spoke to the Governor and the Governor said, hey you know when I was in the Legislature, Charlie Toguchi said, hey you know what, by year 2000 we're going to provide early learning to all 3- and 4-year-olds. And so he said, this is something that we've been talking about forever, and every legislature, every governor have failed to do it. And so, we cannot let a pandemic, and we cannot let something that is going to be temporary stand in the way of doing what we should have done 20, 30 years ago, which is to provide access to learning to all 3- and 4-year-olds.

"There's a reason why certain sections are called childcare. It's because under DHS and DHS Open Doors, which certifies childcare facilities, that is the way that you certify childcare facility is the statutory definition. But it doesn't mean they provide childcare and it doesn't mean that they provide any type of sub-educational service.

"So, for instance, let me give you a list of certified childcare under DHS's definition. St Clement's, DHS certified childcare, Central Union, DHS certified childcare. I forget what those other schools are, those are the ones that come into mind. Nuuanu congregation, they have a premier early learning education. And I don't think any of us can dispute that some of these childcare, defined as childcare under DHS definition, is not premiere excellent preschool, it's just they cannot call it preschool because it jeopardizes some of the funding by the Federal Government. And just because it's technically defined as childcare, there is no question in people's realistic mind, these are not childcare facilities.

"And the bottom line is, this is really a school choice. Because a lot of parents and those who have 3- and 4-year-olds, they may not want to send their kids to a specific school-type setting. Because when you look at 3-year-olds, some people may not want their kid to be in a structured educational setting, they may want kind of a social setting, it depends on the type of early learning that kids need.

"And the whole thing is, we want kids to be ready. That doesn't mean we expect kids to know all their alphabets. We don't expect every kid to know how to count. We don't expect every kid to be able to add or subtract. But we expect kids, when they go into kindergarten, to sit and listen to teachers. We expect students who are entering kindergarten to be able to follow directions. A lot of those things are done through socialization.

"And so, when we talk about early learning, we're not asking parents to make sure that they're ready at a certain academic standard, we're asking them to be early learning school ready. And this is what the bill does. And we want all 3- and 4-year-olds to have access. Fifty percent of our 3- and 4-year-olds right now don't even have access. And they cannot even afford to pay for any type of service, they cannot even afford to do that. This, thanks to the philanthropic support, we'll find the way and the means to provide every 3- and 4-year-old the access to have that opportunity. Thank you very much."

Representative Perruso rose to respond, stating:

"Mr. Speaker, thank you. I appreciate the comments of my colleagues. Still in opposition. While I honor and respect the work that has gone into this legislation, especially on the part of the Chair of Lower & Higher Education, I also think it's important to point out, just for the record, that standardized assessment for young children entering kindergarten will just increase the DOE's focus on standardized testing and curriculum at a time when school districts around the country, including our own, are actively trying to replace standardized testing with more authentic assessments.

"Also, COVID-19 has completely disrupted the standardized testing regime in numerous states, including Hawaii. So, asking the DOE to come up with an additional standardized assessment takes attention away from what I would consider to be more pressing issues, like helping schools manage COVID-19.

"I also wanted to point out, just to be clear, that DHS does not have the educational expertise to manage early learning benchmarks. So, EOEL and DOE do. Last year the Legislature had a fantastic debate about who should have the authority over early learning programing, and the Legislature decided that EOEL had the expertise to manage statewide pre-K programing. If that was the Legislature's decision a year ago, I'm curious about why we are now taking the position that a less qualified, and some would argue unqualified department, should be tasked with managing early learning programs.

"So, these are some of my concerns. I just wanted to make sure that they were on the record and we had a robust discussion. *Mahalo*."

The motion was put to vote by the Chair and carried, and H.B. No. 2543, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO ACCESS TO LEARNING," passed Final Reading by a vote of 49 ayes to 1 no, with Representatives Okimoto and Takumi voting aye with reservations, with Representative Perruso voting no, and with Representative Ohno being excused.

H.B. No. 2590, HD 2, SD 2:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 2590, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO AUTONOMOUS VEHICLES," passed Final Reading by a vote of 50 ayes, with Representative Ohno being excused.

H.B. No. 2750, HD 2, SD 2:

Representative Belatti moved that H.B. No. 2750, HD 2, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

At 12:03 p.m., Representative Tokioka requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:05 p.m.

The motion was put to vote by the Chair and carried, and H.B. No. 2750, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO MONETARY OBLIGATIONS," passed Final Reading by a vote of 50 ayes, with Representative Okimoto voting aye with reservations, and with Representative Ohno being excused.

At 12:07 p.m. the Chair noted that the following bills passed Final Reading:

H.B. No. 2043, HD 2, SD 2
H.B. No. 2054, HD 1, SD 1

H.B. No. 2590, HD 2, SD 2
H.B. No. 2750, HD 2, SD 2

At 12:07 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:16 p.m.

SUSPENSION OF RULES

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the rules were suspended for the purpose of reconsidering action previously taken in disagreeing to amendments made by the Senate to certain House Bills. (Representatives Cabanilla Arakawa, Har, Hashem, Holt, Nakashima, Ohno, and Quinlan were excused.)

RECONSIDERATION OF ACTION TAKEN

Representative Belatti moved that the House reconsider its action previously taken in disagreeing to the amendments made by the Senate to the following House Bills, seconded by Representative Morikawa and carried: (Representatives Har, Hashem, Holt, Ohno, and Quinlan were excused.)

H.B. No. 1698, HD 1, (SD 1)
H.B. No. 1819, HD 2, (SD 3)
H.B. No. 1846, HD 2, (SD 2)
H.B. No. 1912, HD 1, (SD 1)
H.B. No. 2486, HD 2, (SD 2)
H.B. No. 2744, HD 1, (SD 2)

FINAL READING

Representative Belatti moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Morikawa and carried: (Representatives Har, Holt, Ohno, and Quinlan were excused.)

H.B. No. 1698, HD 1, (SD 1)
H.B. No. 1819, HD 2, (SD 3)
H.B. No. 1846, HD 2, (SD 2)
H.B. No. 1912, HD 1, (SD 1)
H.B. No. 2486, HD 2, (SD 2)
H.B. No. 2744, HD 1, (SD 2)

H.B. No. 1698, HD 1, SD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 1698, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING," passed Final Reading by a vote of 49 ayes, with Representatives Har and Ohno being excused.

H.B. No. 1819, HD 2, SD 3:

Representative Belatti moved that H.B. No. 1819, HD 2, SD 3 pass Final Reading, seconded by Representative Morikawa.

Representative Thielen rose to speak in support of the measure, stating:

"Mr. Speaker, I'm rising with a reluctant aye on the bill. Maybe that's a new category, instead of WR we'll have RA. Mr. Speaker, I first would like to thank the Vice Speaker for taking the lead on House Bill 1819, a bill that would have helped farmers throughout our islands. And I'd like to commend the Chair of Agriculture, my colleague who is now on Zoom, for putting together a really strong bill that would help our farmers grow hemp in the islands and make that product available here for construction, for keeping ag lands green, for doing all the 25,000 wonderful things this plant does, none of which, by the way, will get you high.

"Well, our good bill went over to the Senate, and the Senate ag chair and committee gutted it. And what they did was they made it a control over CBD oil. Well fine, I'm mean if they're paranoid about that, then fine. But the only thing that they did do that's good, and that's why I'm voting an aye on it, they said they are going to leave it up to the federal Department of Agriculture to put together our state plan for hemp.

"And the reason that's good is that we have a reluctant and negative local Department of Agriculture that treats hemp still as a problem crop and a drug, and the federal US Department of Agriculture is encouraging hemp farming throughout the nation, they're very pro-hemp. So, they will put together a plan that truly will help our farmers. So, because the bill has that in it, I can vote aye on it. But I certainly want to give my thanks to the Vice Speaker and the Chair of Ag for all the hard work that they did to do something that would have been good for our farmers. Now we will wait for the US Department of Ag to come in with a good plan and our farmers will be able to grow hemp. So, hemp, hemp, hooray. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in support. And kudos to leadership for bringing this bill forward. The timeliness and the significance of it and the meaning of it, particularly to an individual from Kailua, is not unseen. And to know that her remarks, if I may ask to be inserted into the Journal as if they were my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Creagan rose in support of the measure and asked that the remarks of Representative Thielen be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and H.B. No. 1819, HD 2, SD 3, entitled: "A BILL FOR AN ACT RELATING TO HEMP," passed Final Reading by a vote of 49 ayes, with Representatives Har and Ohno being excused.

H.B. No. 1846, HD 2, SD 2:

Representative Belatti moved that H.B. No. 1846, HD 2, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support and just some brief comments. Energy efficiency is the most cost-effective way to reduce emissions associated with electricity generation and consumption, and energy used to power buildings accounts for over 50% of the electricity consumed in the state, making energy efficiency retrofits in large buildings the low hanging fruit of efficiency.

"However, despite Hawaii's goals of reaching 100% renewable energy, the State has still not undertaken improvements for increased efficiency of its own facilities, amounting to millions of dollars in potential savings that are lost. It's important for the State to lead by example by taking advantage of energy savings opportunities in its own facilities.

"In the wake of COVID-19 and with our current focus on recovery through economic diversification and resilience, it's more important than ever to elevate Hawaii's clean energy and efficiency sectors. According to a survey conducted recently by Hawaii Energy, the pandemic has resulted in over 1,900 lost jobs in the energy efficiency sector, a 38% decline. Undertaking the needed work of implementing energy efficiency measures in state facilities was identified as a top action that could be taken to create jobs and put people back to work. In addition, it will lower the utility bills

of state buildings, saving money for the State and reducing emissions that contribute to climate change to boot.

"This bill, House Bill 1846, mandates that all state facilities over 10,000 square feet shall implement cost-effective energy efficiency measures by 2022. And the best way to do this is through the use of performance contracts, which will cost the State nothing up front, will guarantee savings, and is the most efficient way to accomplish the work.

"We heard some concerns from DOE testimony that this is an unfunded mandate, and I want to address that upfront right now because I think that these concerns will likely be raised when we send this up to the governor as well. I think this concern fundamentally demonstrates a lack of understanding of performance contracting, as well as a belief that is not borne out by past performance, that DOE or DAGS has capacity or expertise to undertake this work and maintain it at lower cost and to do it right.

"In fact, what we have seen time and again is that the State is not yet at the point where they can do this themselves more efficiently. And one spectacular example of this was the famously bungled effort around installations of air conditioning in schools.

"This bill pushes agencies towards using the tool of performance contracts to undertake this work, because that is the better, more cost-effective way to achieve the best results at the lowest cost, and could be a way to address not only the bare minimum of efficiency measures mandated by this bill, but to realize savings beyond the minimum and potentially to undertake efficiency related deferred maintenance projects in a more cost-effective way as well.

"So, although it is true that if an agency did not want to utilize performance contracting, it may mean some upfront costs before savings are realized. There is also not a justifiable reason that an agency wouldn't choose to use this innovative tool, and the resistance to it seems to be based more on discomfort with doing something differently than the way it's always been done in the past. And as elected officials, it's our job to lead, not to give into resistance to change in a desire to keep doing things in the same old way when we know we can do better.

"In the meantime, by undertaking this work now instead of delaying until next session, we will be creating jobs when they are most needed and taking taxpayer dollars that would have been spent on utility bills and to pay for imported oil, and putting all those dollars back into the local economy instead and into jobs in the local construction industry and energy efficiency sector.

"This bill also ensures that new construction will have efficiency measures built in to the design process by mandating that new construction should maximize energy and water efficiency, energy generation, and the use of low carbon footprint building materials where feasible and cost effective.

"In summary, this is one of the most important jobs bills outside of the CARES Act spending plan that we are passing this session. And it also costs the State nothing upfront and is a climate mitigation measure. If there is any bill this session that encompasses the ideals of a Green New Deal, this is that bill. And for that reason, Mr. Speaker, I'm in strong support."

The motion was put to vote by the Chair and carried, and H.B. No. 1846, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO ENERGY EFFICIENCY," passed Final Reading by a vote of 48 ayes to 1 no, with Representative Kong voting no, and with Representatives Har and Ohno being excused.

H.B. No. 1912, HD 1, SD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 1912, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PACIFIC INTERNATIONAL SPACE CENTER FOR EXPLORATION SYSTEMS," passed Final Reading by a vote of 49 ayes, with Representatives Har and Ohno being excused.

H.B. No. 2486, HD 2, SD 2:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 2486, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO THE OFFICE OF PLANNING," passed Final Reading by a vote of 49 ayes, with Representatives Har and Ohno being excused.

H.B. No. 2744, HD 1, SD 2:

Representative Belatti moved that H.B. No. 2744, HD 1, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Tokioka rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tokioka's written remarks are as follows:

"Mr. Speaker, we often say in this state, 'We have the strictest gun laws in the county,' and we do. At some point, being too strict crosses the line into abuse, and to me that's what this bill is to responsible gun owners. Abuse."

The motion was put to vote by the Chair and carried, and H.B. No. 2744, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO GUN VIOLENCE PREVENTION," passed Final Reading by a vote of 41 ayes to 8 noes, with Representative Tokioka voting aye with reservations, with Representatives DeCoite, Eli, Kong, Matsumoto, McDermott, Okimoto, Say, and Ward voting no, and with Representatives Har and Ohno being excused.

At 12:28 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:57 p.m.

At 12:57 p.m., Representative Morikawa requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:58 p.m.

At 12:59 p.m. the Chair noted that the following bills passed Final Reading:

H.B. No. 1698, HD 1, SD 1
H.B. No. 1819, HD 2, SD 3
H.B. No. 1846, HD 2, SD 2
H.B. No. 1912, HD 1, SD 1
H.B. No. 2486, HD 2, SD 2
H.B. No. 2744, HD 1, SD 2

END OF CALENDAR

FINAL READING

At this time, the Chair stated:

"Members, please note that the following measures will be deferred one legislative day. This is from page 1 of the Order of the Day, House Bill No. 917, HD 1, SD 1. And on page 4, House Bill No. 1902, HD 2, SD 2, and House Bill No. 2002, HD 2, SD 2. All three of those measures are deferred one legislative day."

H.B. No. 917, HD 1, SD 1:

By unanimous consent, action was deferred one legislative day.

H.B. No. 1902, HD 2, SD 2:

By unanimous consent, action was deferred one legislative day.

H.B. No. 2002, HD 2, SD 2:

By unanimous consent, action was deferred one legislative day.

Representative Ward rose, stating:

"Mr. Speaker, point of information. Did you say one legislative day? And today is *sine die*. So, we're going to come back for a special session for one bill or are you just doing a way of saying it's dead without saying it's dead?"

Speaker Saiki: "Yes, that's correct."

INTRODUCTION OF RESOLUTIONS

The following resolutions (H.R. Nos. 189 and 190) were announced by the Clerk and the following action taken:

H.R. No. 189, entitled: "HOUSE RESOLUTION AUTHORIZING AND EMPOWERING THE SPEAKER TO PERFORM AND CARRY OUT ANY OFFICIAL LEGISLATIVE BUSINESS DURING THE INTERIM BETWEEN THE 2020 AND 2021 REGULAR SESSIONS," was jointly offered by Representatives Belatti and Ward.

On motion by Representative Belatti, seconded by Representative Ward and carried, H.R. No. 189 was adopted, with Representatives Har and Ohno being excused.

H.R. No. 190, entitled: "HOUSE RESOLUTION INFORMING THE SENATE AND THE GOVERNOR THAT THE HOUSE OF REPRESENTATIVES IS READY TO ADJOURN SINE DIE," was jointly offered by Representatives Saiki and Nakashima.

On motion by Representative Belatti, seconded by Representative Ward and carried, H.R. No. 190 was adopted, with Representatives Har and Ohno being excused.

ANNOUNCEMENTS

At this time, the Chair stated:

"We would like to take a few minutes to recognize six of our House members who will be leaving us in November. We'd like to allow them some time to offer some remarks, since this is the last day of our regular session."

At this time, the Chair recognized Representative Joy San Buenaventura, Class of 2014, who has served the residents of Puna for the past six years and has chaired the Committee on Human Services & Homelessness for the last two years, and who was presented with a certificate by Representative Brower on behalf of the Members of the House.

Representative San Buenaventura: "Thank you, Mr. Speaker. So, a couple of days ago Representative Ohno, who wasn't here, as well as Representative Lowen asked me how I felt about leaving the House. And I have to admit, it is bittersweet, as I have made many friends here. And I don't think I've made any enemies. Especially in a body of 51, that is unusual. But I really appreciate you all, even Minority Leader who I always tangled with.

"So, when Majority Leader told me I had three minutes to say my piece, I mean, that's basically one minute per term, I decided it's my last day, I'm going to spill the beans on one secret that occurred in my freshman year. I came in 2014 with Representative Kong, Representative DeCoite. And anybody who has that photo array, that is an unusual year, because you'll see that there are 52 representatives in that year. Following year, even with Representative Tsuji being elected a 10th time, it was still 51. But, that year we had 52.

"So, that year also, I was very fortunate that I was chosen to be one of the conference committee co-chairs of a ground-breaking bill, the medical marijuana dispensary bill. And I was very fortunate that lead chair, now Majority Leader, allowed me, now that I think about it, really what is unthinkable for a freshman, she allowed me to be part of the negotiations. She allowed me to be with her when she negotiated with the attorney general, with the Speaker, with Senate lead conferees. And I saw that she made compromises that she wasn't sure about, but she wanted to ensure the passage of the bill and for the bill not to be vetoed.

"I was allowed to also see her breaking point. On the very last day of conference, when bills on life support either lived or died, lead conference chair walked out. On that last day, and I knew that was very difficult for her, because even before I was elected, I remember seeing Majority Leader go to the Big Island with her advocates, pushing this, causing the creation of the dispensaries. So, I knew it was her baby.

"But never underestimate Majority Leader. Because with that one move of her walking out, she set off a chain reaction in the Senate that led to the ousting of the Senate President and new conferee assignments. That's when I learned that a dead conference bill on the very last day can be resurrected at 8:00 p.m. that night whenever there's a change in leadership.

"So, when Representative Kobayashi says that the House sets policy, that's a prime example. And hopefully when I become a senator in November, I know never to turn my back on this House leadership because you never know what they're going to pull."

At this time, the Chair recognized Representative Richard Creagan, Class of 2014, who has served the residents of Naalehu, Ocean View, Captain Cook, and Kailua-Kona for six years and has chaired the Committee on Agriculture for the last four years, and who was participating remotely via Zoom.

Representative Creagan: "Thank you, Mr. Speaker. Aloha, Mr. Speaker. I want to simply thank you and all my colleagues for an interesting and rewarding seven years. And I hope to thank all of you individually in the future. *Mahalo* and *a hui hou*."

Speaker Saiki: "Thank you very much Representative Creagan. I also wanted to note to our departing members that we ordered the customary gavels late, so you'll be receiving them in the mail."

At this time, the Chair recognized Representative Chris Lee, Class of 2008, who has served the residents of Kailua and Waimanalo for the past 12 years and has chaired the Committee on Energy & Environmental Protection for six years before chairing the Committee on Judiciary for the last two years, and who was presented with a certificate by Representative Luke on behalf of the Members of the House.

Representative Lee: "Thanks very much. It's kind of bittersweet to stand here, I think. I never really saw it coming, never really thought the day would come. But I do appreciate that my fellow Representative from Kailua is here today because ultimately, she potentially could be a constituent, so I gotta start sucking up. And to the rest of you guys, because if things don't work out, then I'll need a session job next year.

"But ultimately, I think I wanted to use this time actually to speak to whoever replaces me and just share something that I wish as a freshman coming in here someone had explained to me about the nature of this place. Because it took me about five or six years before I even figured out the way things really work, and the benefits and the drawbacks and all the different things that go into the process.

"And so, the three things I want to put out there, and if this is helpful for any of the new freshmen, by all means take it, leave it. But there are three points. One, don't be afraid to stand up for something you believe in. It sounds pretty straightforward, we all think about it. But in politics, of course, it's easy to be afraid, it's easy to be worried about what's going to happen, whether it's a vote or anything else, whether we come back.

"And I think about four or five years ago, oh God, no actually about 10 years ago, when I was standing at a neighborhood board meeting giving a talk just like this and ended up having a stroke. And I didn't really know what was happening at the time. And maybe it says something about the nature of neighborhood board meetings. But it was a turning point for a lot of obvious reasons. And I was in the hospital for about a week.

"At the time I was thinking, were the last few years serving here in this body with everybody else, was that worth it? Would I have rather been travelling the world or spending time with friends and family, doing things that we all want to do because we know how difficult it is. This isn't a cushy job with a whole lot of perks and all of that. It is hard work just to get here, to campaign, much less to serve here and be constantly inundated by people with their concerns and trials and all the hopes and expectations that they put on us.

"When I thought about it for those five days, not knowing what was going to happen, whether I would be able to come back here or not, or really have a life at all after that, and I realized, yes, I wanted to come back. And yes, I

thought the time was worthwhile. Because even though we hadn't changed the world, even though I hadn't done everything that I had personally set out to do, there was time to. And the most that I can do is the most that anyone can do.

"And so, instead of worrying about compromise and being afraid of getting into difficult votes and being re-elected and all those things, I just decided at that point that I'm going to come back and just do what I feel is right, and strategically compromise and work with people to get things done but not be afraid of it.

"And so, the first thing I'd say to someone who, whoever it is that replaces me, ultimately is, compromise when you have to but never compromise with yourself. Because at the end of the day, you don't know how much time you have, and you don't want the time you spent here to have any sort of regret.

"The second thing I'd say is, don't be afraid to fail. Because we all know that only a handful of bills, of this of all years, of course, actually have even a chance of passing. And yet we try and try again. And I've been one who's, obviously, I think thanks, and I apologize to everybody, have pushed a lot of things that were somewhat ahead of their time, in some cases, that weren't really prime for primetime just yet. And most of those fail. But occasionally, there's one or two that make it.

"And in spite of all that failure and all those years, 100% clean energy is one where we tried year, and year, and year again to pass it, and finally it did. And at the time we were told, hey this is impossible, it's politically impossible, it's technically impossible, it will never happen. But after the fact, fast forward a few years and here are other states around the country, other countries replicating what we did because we did it. And that's something to be, for me, just personally proud of, and I think goes to show that, don't be afraid to fail, because eventually something will happen.

"And I think it's a good lesson. Especially when you think about the Representative from Kailua, who this year scored a huge victory with hemp. The good Representative from, who now is the Speaker of the House, who decades ago took a difficult vote at the time to support marriage equality, and it took all those years to come back and actually achieve it. Or the Representative from North Kona who voted all those years ago to not hide police misconduct, and now 25 years later it occurred. All these things are possible in the future. So, my advice on that second point would be, try and try again, and you will always come back.

"And finally, the last thing, never forget that this is a privilege, serving in this body, and it is a temporary privilege. All of us will be gone someday and we will all be replaced, and the things we leave behind will be all that we do. We know anyone can run for office, anybody can sign wave. And we know that people aren't often voted all the time based on the merits of what they're talking about, it's a lot of other things. But none of us run for those reasons. None of us run to campaign, to spend thousands of hours on the side of the road waving at cars driving by, at like 4:00 in the morning if you're on the Ewa side. But we're here for something bigger. And so, make the most of that time. Because change, whether it's us or the things that we advocate, is inevitable and it will someday come. And at the end of that, the only question that we are ultimately left with is whether all that time we spent and all that headache we went through campaigning and being here and doing it all, whether that was worth it.

"And so, for me, I'd just like to thank everybody who's been a part of what we've done. Whether it's the agencies, and all the staff in Sergeant's and Chief Clerk's and the drafting agencies, and everybody all around. And all of you as legislators, colleagues, without whom none of the stuff that we've done would have been possible. And to friends come and gone, Mark Takai and others who served with us and helped us along the way. And especially, in particular, to Sylvia, and to Della, and to Scott for whom I worked as staff before ever coming and even dreaming or thinking about running for office, who opened my eyes to what is possible here. The only reason I ever even agreed was because individuals can make a difference. And we saw that in votes taken and the things that you guys and others who've come before pushed for, successfully.

"And then finally, a huge thank you to my staff. My office managers over the years, to Matt and Jen upstairs right now, who are watching. None of this would be possible without you guys. And then lastly and most of all, thanks to friends and family who've made this possible. Not only campaigning with me on the side of the road and all of that, but who've not seen me for months at a stretch. So, thank you for that sacrifice.

"Because at the end of the day, all of this, all these last 12 years and everything we've done, in answering that question, has absolutely been worth it. So, thank you all."

At this time, the Chair recognized Representative Rida Cabanilla Arakawa, originally Class of 2004 and more recently Class of 2018, who has served the residents of Waipahu and Ewa for a total of 12 years and has chaired the Committees on International Affairs and Housing and served as majority floor leader, and who was presented with a certificate by Representative Nakashima on behalf of the Members of the House.

Representative Cabanilla Arakawa: "Mr. Speaker and fellow members, I would like to express my gratitude to all my past and present leadership, my colleagues, my office staff, and the support staff of the House of Representatives for travelling along with me on this political journey. In 2005, I entered this Chamber with vigor and excitement to share the table with some of the greatest minds in the United States. Thank you very much. I would like my speech to be inserted into the Journal."

Representative Cabanilla Arakawa submitted the following:

"Mr. Speaker and fellow members, I would like to express my gratitude to all my past and present leadership, my colleagues, my office staff, and the support staff of the House of Representative for travelling along with me on this political journey.

"In 2005, I entered this Chamber with vigor and excitement to share the table with some of the greatest minds of the State of Hawaii. I have indeed had the honor to work alongside each of you. This is an unparallel dream that had become a reality.

"A reality that presented a learning curve of insurmountable challenges. Mr. Speaker, the subject matters that I dealt with over the years have never been on one subject matter, but have been versatile, each requiring intense reading of testimonies. No matter how many nights I spent burning the midnight oil, the hardest moments were while deciding on the vote. The vote had to be a reflection of the ideology of the majority of my constituencies.

"Prior to entering this Chamber, Mr. Speaker, as a wife, a mother, a nurse, and a soldier, I had gone through the toughest emotional, physical and mental challenges that made me stronger. But this very Chamber made them all look like a wind blowing over a flower. Here, the wind grew stronger into a storm leaving me many a times trembling and breaking down. Mr. Speaker, today I know I am stronger and more humane than ever. I do not hesitate to act upon issues that I care for and believe in.

"As I walk towards new challenges, I take along the experiences and the knowledge this House has given me. For that, I am and will forever be grateful. Thank you, Mr. Speaker."

At this time, the Chair recognized Representative Cynthia Thielen, Class of 1990, who has served the residents of Kailua and Kaneohe Bay for the past 30 years and has served in the roles of assistant minority floor leader, assistant minority leader, minority floor leader, and hemp advocate.

Representative Thielen: "Thank you so much, Mr. Speaker. I was elected in 1990 and my first bill that I passed was to save Mount Olomana. It was a very important landmark for the Windward side and there was going to be housing terraced throughout Mount Olomana. So, Governor Waihee called me up to his office and he said, Cynthia, I'm going to have to veto your bill. And I said, John, why? And he said, because my land board can take care of the land classification for Mount Olomana. So I said, okay. First bill, first veto. And I trotted across the street to the Department of Land and Natural Resources and spoke to the board chair and said, this is what the governor said, now please do it, and they did. And so, Mount Olomana has been placed in the conservation district for preservation for perpetuity.

"So, moving ahead to 1999 under Governor Ben Cayetano, we passed the industrial hemp research project. And Governor Cayetano wisely signed that into law, and Hawaii became the first state in the United States to plant hemp

again in over 50 years. I put up the drug enforcement agency's permit to import hemp seed on my website and got 55,000 hits on that. That's how major this was, to be able to grow a crop that has 25,000 uses, none of which will get you high. Right, Representative from Lahaina? He usually makes a joke about that, and that's why I reference him.

"So, then we moved to Governor Lingle, and when Governor Lingle was in office, we were having some sort of scary problems with Kawainui Marsh. At one point, Liberty House was planning to put a department store up on the marsh edge. So, my office spent weeks and weeks working on an application to place Kawainui Marsh into the Ramsar List of Wetlands of International Importance. And when we sent it up to Governor Lingle, she didn't even have to dot an I, all she had to do was sign it, it went in, it was accepted, and Kawainui Marsh is now on the Ramsar List and internationally protected as well as locally protected.

"The next thing we go to is a crisis that we had here in the state with the opioid addiction. And I wanted to particularly thank Representatives John Mizuno, Scott Nishimoto, Chris Lee, Sylvia Luke, Dee Morikawa, and also Roy Takumi for joining me on the bill that now mandates all opioids have warning labels saying, this can cause addiction or kill you. And that's a small step, but it at least helps with the opioid addiction. And thank you all so much for doing that.

"And then we come to hemp again. And this is where, under our present Governor, we had a very good hemp bill a couple of years ago that Ag Chair Creagan worked very hard on. And it went up to Governor Ige, who met with the two of us for about an hour as we tried to convince him, it's not a drug, it's an ag crop. It's something that we can plant in the vacant sugar lands, we can plant as a rotational crop. It's green, it's agriculture. And at the end of that, Governor Ige vetoed it.

"So, it's been a really wonderful 30 years. And it's had its pluses. I learned to celebrate the small victories, because sometimes the big ones escaped you for that time, but to be able to celebrate those and move ahead with keeping your vision and what you feel will help our state.

"But none of this would have been possible without the people on the Windward side deciding each time that they wanted to send me back here. And I'm eternally grateful to them.

"It wouldn't be possible to make this work over here without our DAGS staff. Without our Sergeant-at-Arms, which has really upped the whole, everything that they're doing here, it's amazing, it's wonderful. Without the Clerk's Office, they're so great. Legislative Reference Bureau, who rescued me more times than I can count. And Minority Research, who's been wonderful throughout the time.

"And most of all, Charlotte Farmer. My office manager, my chief of staff, my wonderful, wonderful colleague in arms in this building. She's just amazing.

"In closing, I'd like to also leave a little message with my baby brother, Representative McDermott, to keep on the middle road, we've had a lot of talks, and to keep on the middle road. And I deeply love him, he is like a baby brother, sometimes you want to spank them and other times you want to hug them.

"And then I wanted to also applaud the two new members in our legislative body, the strong environmentalists, Representatives Tina Wildberger and Amy Perruso. And they're right with me on so many of those important environmental votes, and I'm so proud of them.

"I wanted to also mention one quick thing, that I am very proud to have served in this chamber while my daughter has been serving in the Senate side. And I know we're the only mother daughter team in office who are in different parties, she the Democrat and I the Republican. But we work together, most of the time, very well. And I hope we'll always do that.

"And then I finally wanted to say, Mr. Speaker, thank you for being my friend. You and Sylvia have just been wonderful through the years, and I so appreciate that. I feel that we're, it's more than just on a political level that we're friends, colleagues, and sometimes with disagreements, but really caring for each other and respecting each other. And I look at the two of you that have a huge job coming up this coming session and for a number of years to come, and I feel confident, I feel tremendously confident, that our House is in the right hands.

"And I must mention to you, way back when you were doing the reorg and things were kind of rocky, I had a resolution printed to put me up on the speaker's podium and got a little bit of support for that. And I'm so glad I never got to 26 votes, because you all are a wonderful, wonderful team. We've got the financial end and we've got you at the podium. And I respect you and I applaud you and I thank you for your friendship. *Mahalo*."

Speaker Saiki: "Thank you, Representative Thielen. I do remember that resolution."

At this time, the Chair recognized Speaker Emeritus Calvin Say, the House's longest serving member, Class of 1976, who has served the residents of Palolo, Saint Louis Heights, Maunalani Heights, Wilhelmina Rise, and Kaimuki for the past 44 years and has chaired the Committees on Culture/Arts; Tourism; Water, Land Use Development and Hawaiian Affairs; and Finance; served as Speaker from 1999 through 2012; and who was presented with a certificate by Representative Belatti on behalf of the Members of the House.

Representative Say: "Thank you very much. Let me be strong. To all of you, *mahalo*, but *mahalo* for all of us should be going to the workers of the State House, the State House of Representatives from 1976 till today. The Chief Clerk's Office, *mahalo* for doing an excellent job in seeing that the operations of the House runs very, very smoothly. From the days of Mr. George Takane and Charles Tomisato, to Pat Mau-Shimizu and others, thank you.

"To the Sergeant-at-Arms, from the days of Kevin Ebata. But before that, Mr. Takeshita, who was that before Kevin Ebata? It's not Frank Arakaki. And that's how much my memory is, because I'm getting old. But to the Sergeant-at-Arms, thank you very much for the operations of taking care of all the members of the past years.

"Also, to the accounting office, thank you very much for my payroll check, my per diem. To the computer tech in educating me and teaching me about how to run my laptops. To the Sergeant-at-Arms, those that are in the Printshop that support all of you, and also those in the supply room. Thank you very much, Mr. Speaker.

"To the House Majority Staff Office, the days of Ms. Millie Kim and now today, Casey, congratulations for a job well done in providing the services to the Majority Caucus. And also, to the Minority Caucus staff, thank you very much, in the days of Kinau Boyd Kamalii, Faith Evans, and others who were here before us.

"And also, we forget our support staff, which is the Legislative Reference Bureau and the Library. And finally, a key point that this House initiated, the Public Access Room.

"So, for all of you, thank you very much for guiding me, nurturing me, supporting me, forgiving me, and educating me on the operations of the State Legislature, the State House of Representatives, which is the people's house. Without your strong support, I may not be here today to say thank you. And that is true.

"Next, the thanks goes to our fellow colleagues of the House, the past, the present, and the future. *Mahalo* to all of you for your contributions to public service on behalf of the voters that you do represent. The days of Mr. ʻOpihi, who was *ʻopihi* man in the House of Representatives? Any idea? That was Speaker James Wakatsuki, the first Speaker I worked under in 1977. After that it was Speaker Henry Peters, Speaker Richard Kawakami who had passed away a few weeks after the opening, Speaker Kihano, and the rest goes on as far as Speaker Souki and others. So, for all of you, be proud of what you are doing. Public service is a noble and a humble profession for all of us who are here in public service.

"Next, I have to say something to my family, because if not, my wife will get upset at me after 44 years. But before I do that, let me just say thank you to my parents, Hugh and Clara Say, Steve and Mrs. Kotake, my wife, Cora, my two sons, Geoff and Jared, for their personal sacrifice, that you allowed your husband and father to be a part of this body. And it is true. Because one

of the thoughts that I had to share with you this afternoon, for all of you, it's very simply put. As a former Speaker, Speaker Saiki, what I always used to do also, was that once the members of the House got elected, I would try to categorize them. And it is no pun about anyone. You look at a person who is a single individual in the House, a person who is married, but foremost in my mind was a person who had children. Because the whole values and attitudes of your particular legislation will not be addressing individually, but your children. Because they are the future of the state that we all dearly love.

"And finally, I just wanted to say to, Speaker Saiki, I don't know who, I had how many different districts because of reapportionment, but the voters who have elected you and me to the State House. I believe after maybe four reapportionments, the district boundaries have changed. And I just wanted to honestly say to the voters and the family and friends that I've known throughout my career, thank you very much for the privilege and the opportunity of being your state representative.

"So, in closing, these are some of my thoughts for all of you. Like earlier by Representative Thielen, politics is the art of comprise. Understand that. Number two, like I said earlier, know your colleagues, if they're single, married, or having family kids. The former speaker of the US Congress, Speaker Tip O'Neill, always said to all of you, politics is all local.

"And finally, all I have to say is this. My time here has been a blur. And it speaks of my analogy of a speck of sand in a timeglass. What we contribute here will never be codified in the history books, but the memories that each of you have in your experiences with your colleagues.

"So, in closing, thank you very much for allowing me to say a few words. Yes, I'm not done yet, but my wife told me the other day, you're crazy running for the city council. But I said, I enjoy public service. And that's why I'm doing it at the age of 68. And in two years, I'm very, very proud to announce to all of you, that's the maximum age to get your social security, and I'm gonna get it to the max. Thank you very much and *aloha*."

Speaker Saiki: "Thank you Representative Say. Thank you to all of our departing members for all of your years of service in the House of Representatives, and best wishes on your future endeavors."

The Chair then recognized Representative Belatti, the Majority Leader, to deliver closing remarks on behalf of the Majority Caucus:

"Thank you, Mr. Speaker. So much has happened in the last seven months. Beginning this session in January, we crafted a holistic majority package of bills aimed to tackle the cost of living issues confronting all of Hawaii's people. This was a historic collaboration between the Senate, Governor, community stakeholders, and business leaders. We knew, and still know, that our ALICE families, asset limited income constrained employed families, were struggling. Our plan was to relieve the burden of everyday expenses that the 2019 Aloha United Way report told us was there, that families were spending most of their monthly paychecks on housing and childcare.

"So, when our state began to face the impacts of the coronavirus pandemic, our role as legislators became two-fold. One, responding to the ever changing COVID-19 situation. And two, continuing to stay focused on the work and the goals that we had set forth in January. In doing so, we had to take on a whole new world of teleconferencing, having members participate on the floor remotely, and redesigning how we function as a legislature and as a state.

"Everyone began to ask, what can I do. We had members spring into action organizing food drives in their districts, helping the Department of Labor to get people their unemployment checks, assembling face masks. You name it, we had volunteers across our islands dedicating themselves to help serve their communities in every way possible.

"We know that the economic slowdown caused by COVID-19 has deeply, deeply affected our communities, particularly our ALICE families. An updated report by Aloha United Way finds that before COVID, 42% of our families were either ALICE or in poverty. That number has now risen to 59% and is expected to increase by the end of 2020.

"Under the guidance of this leadership, we have passed a comprehensive CARES Act funding plan to provide $635 million in immediate relief to unemployed individuals, the growing ALICE population, and our local businesses. The plan will support and reinforce the social safety net, rebuild and move forward the economy, and address the ongoing pandemic.

"And through it all, we still tackled the big issues like early childcare, domestic violence, homelessness, and mental health. When we reflect on this session, I'm really proud to say that some of the mental health bills that we have passed will reform the way our mental health system and our criminal justice system coexist. It will allow for the individuals who are struggling with mental illness to be helped and treated instead of constantly cycling through the criminal justice system.

"Those bills, House Bill 1620 and House Bill 1661, identifies how behavior health crises are treated, has been a huge undertaking and goal for our community, bringing together the Judiciary and our mental health community. The coordination between those systems revealed that our health systems and our public safety systems are essential services. And these bills in tandem will work to make those systems so much more stronger and to help individuals.

"This session has been no easy task. But the ups and downs, highs and lows, and the constant, constant unpredictability has taught me a lot. I've learned the importance of adaptability, responsiveness, and always keeping an eye on the bigger picture. As public servants, we have a steadfast commitment to the people of Hawaii. To keep them safe, healthy, and prosperous.

"While there is still so much work for us to do to help our ALICE families, we can close this seemingly never-ending session knowing we put our best foot forward to provide immediate relief and lay the foundations for recovery during these unprecedented times. I know that this body will return next session with some new faces, but all with a fire to do even more and create a better and safer Hawaii for everyone.

"I'd like to thank everyone in this House, our staff members, the House staff. Your patience, hard work, and tenacity has gotten us through these challenging times and will continue to push us to achieve greater things for this state. *Mahalo* and *aloha*."

The Chair then recognized Representative Ward, the Minority Leader, to deliver closing remarks on behalf of the Minority Caucus:

"Thank you, Mr. Speaker. There are three words that describe where we are, and I think this body can identify with it, as well as the people of Hawaii. First is unprecedented. Secondly, unfulfilled. And third, uncertainty.

"Unprecedented, Mr. Speaker. When this body meets year after year, historically, 44 years ago, as Speaker Say said, we've never had a dead economy, we've never had a huge deficit like we have now. We've never had people in food lines, unless we go back to the sessions of the '30s when the depression was.

"We are in times of unfulfillment, Mr. Speaker. I commend the majority for doing the daycare. But, Mr. Speaker, we've got to tackle cost of living. That's an unfulfilled promise. The housing issue, we've gotta attack that. And homelessness, that is another part of the unfulfillment.

"And lastly, the uncertainly, Mr. Speaker. We all leave this chamber under a cloud of uncertainty. But I think we have four imperatives, Mr. Speaker. One is we've got to open the economy. We've got to stop this equivocation, set a date, and do it and do it properly. And I commend Representative McDermott for making sure that there is a proper safety for our health as well as our economic well-being.

"Secondly, Mr. Speaker, this is an opportunity and an imperative to diversify our economy. We gotta get more than just two eggs in the basket. And when those things fall out, particularly as the economy and tourism has, that we can do and stay stable.

"And thirdly, we have to help small business, Mr. Speaker. I've said many times on this floor that half of our income is GET tax, one quarter of it is withholding tax, which means the private sector, which is 80% of the

economy is private. We need to get the private sector going. We need to help small businesses. We need to give them a break, loans, cutting red tape, *et cetera*.

"And lastly, Mr. Speaker, the imperative is, we've got to open this capitol up. Can you imagine if this is 2021 and we're going to have these kinds of hearings about giving senators a way to get into an election and there's no input, Mr. Speaker? Other than, well you can put your testimony in. But to have a legislature without hearings face to face, Mr. Speaker, that is an imperative and an uncertainty that I think we have to fulfill.

"Lastly, Mr. Speaker, I have a few remarks to say about all my parting colleagues, particularly one from Kailua. But before I say that, I want to say that there was a lot of emotiveness in each of the speeches, Mr. Speaker, which some have said that, look, we're human beings first and politicians second. And I really appreciate all the remarks that people have said to show that we're just like everybody else, human beings who care and do things.

So, in regards to my colleague, Representative from Kailua. Cynthia, you've served your district well, you've served your state well, you've served your country well. We are proud of you, to have served alongside of you, and you have made a huge impact.

"Not speaking out of school, but I want to relate a couple of incidences after Cynthia and I were minority and minority floor leader. We would literally take on the whole House. She's quieted down a bit compared to what she was during the earlier days when it was, as Speaker Say mentioned a number of times, Speaker Peters, Speaker Kihano, Souki, and so forth.

"But there's one instance that really stands out, Mr. Speaker. And that is when the majority floor leader that was sitting over there, it was by the name of now Mayor, Kirk Caldwell. Mayor Caldwell stood up in defiance of what our good Governor Linda Lingle declared an emergency for homelessness. The good Mayor Caldwell stood up and said, there is no such thing as a homeless disaster, that cannot be an emergency, and he argued all kinds of technical things as lawyers tend to do when they get on the floor, in case we can't figure things out.

"Up then shot Representative Thielen, how dare you say that homelessness is not an emergency in this state, do you know what these people are hurt? She just went off on him. And you would all be delighted. That's the firebrand that this lady is. That's the memory that I share so dearly with Representative Thielen. And to know that one of her ancestors, give me liberty or give me death. That's the tradition, the DNA that she comes from in the Patrick Henry line.

"So, Mr. Speaker, we will miss your promises. But hopefully you'll, in 2021, re-fulfill them, particularly regarding the cost of living and regarding housing, may they never be forgotten by your majority. And we will miss, obviously, Representative Thielen and all of those who are leaving us today. Mr. Speaker, if I may be so bold, may I ask for another round of applause for all of those people who are leaving this body for us. Thank you."

Speaker Saiki then gave his closing remarks as follows:

"The Chair just has a few comments to make. First of all, thank you to all of the residents of our districts for giving us the opportunity to represent them in the Legislature. Thank you also to our legislative staff for helping us to get through this protracted session. This includes the Sergeant-at-Arms Office, the Chief Clerk's Office, the Printshop, our research offices, our individual staff members, and also the National Guard, which staffed our Capitol building since May.

"So, members, as you know, no one would have imagined when we opened our regular session six months ago on January 15th that we would be here today under these circumstances. Despite the challenges, the House has led throughout this pandemic, as evidenced by the major pieces of legislation that we have just approved.

"A weekly state plus-up benefit for over 200,000 unemployed workers; rental assistance for over 20,000 households; PPE and supplies for non-profits, child and eldercare facilities, and small businesses; food assistance; public health screening and testing; a state public works program; restoration of the Fernhurst women's rehabilitative program; gun violence prevention; state facilities energy efficiency modernization; and family leave for grandparents.

"Although we are adjourning *sine die*, we know that our work is far from over. We are still in a pandemic. And for those House members with seniority and those with less, we know that this is the most challenging time that Hawaii has faced since statehood. It will not be easy to reopen Hawaii incrementally while still assuring public health and safety. But this is when we need to lead. We need to remember that it's just not results that are important. The public also wants us to lead with grit and humility, and wants to be assured that we are looking out for them.

"I just wanted to emphasize three basic points before closing. First, the House is a leader. Second, the diversity of our membership based upon our backgrounds and our philosophies makes the House more responsive and stronger. Third, we can accomplish anything if we put our minds to it.

"I just wanted to thank all of the members for your work during this session, I know that we'll continue to work after *sine die*, and I just look forward to seeing all of you again soon. Thank you very much."

Representative Ward: "Mr. Speaker, lest people think that Representative did not get her certificate, we have a show-and-tell that is bigger than the usual. This is when she was first featured as the hemp lady and the one that the Star-Advertiser put on the front page as well as the commendation from the House of Representatives. So, that is a memorable one, and I just wanted you to know that this is for you, and it's a special size. So, thank you, Mr. Speaker, for allowing this."

ADJOURNMENT

Representative Belatti moved that the House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, adjourn Sine Die, seconded by Representative Ward.

The motion was put to vote by the Chair and carried, and at 1:51 p.m., the Speaker rapped his gavel and declared the House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2020, adjourned Sine Die. (Representatives Har, Ichiyama, and Ohno were excused.)

GOVERNOR'S MESSAGES RECEIVED AFTER THE ADJOURNMENT OF THE 2020 LEGISLATURE SINE DINE

GOVERNOR'S MESSAGES

The following messages from the Governor (Gov. Msg. Nos. 1106 through 1186) were received by the Clerk and were placed on file:

Gov. Msg. No. 1106, dated July 7, 2020, informing the House that on July 7, 2020, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: SB3080 SD3 HD1

Pursuant to Section 16 of Article III of the State Constitution, SB3080 SD3 HD1, entitled "A BILL FOR AN ACT RELATING TO THE JUDICIARY." became law as ACT 005 (20), Session Laws of Hawaii 2020, on July 7 2020.

The purpose of this bill is to appropriate supplemental funds for the operating and capital improvement budget of the Judiciary for fiscal years 2019-2020 and 2020-2021.

The reduction in funding to the judiciary has the potential to exacerbate caseloads on our judges and extend backlogs creating a greater burden on citizens seeking redress through the judiciary.

For the foregoing reasons, I allowed SB3080 SD3 HD1 to become law without my signature.

Sincerely,
/s/ David Y. Ige
DAVID Y. IGE
Governor, State of Hawaii"

Gov. Msg. No. 1107, dated July 7, 2020, informing the House that on July 7, 2020, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB2725 HD1 SD1

Pursuant to Section 16 of Article III of the State Constitution, HB2725 HD1 SD1, entitled "A BILL FOR AN ACT RELATING TO CAPITAL IMPROVEMENT PROJECTS." became law as ACT 006 (20), Session Laws of Hawaii 2020, on July 7, 2020.

The purpose of this bill is to appropriate supplemental funds for the capital costs of the Executive Branch for fiscal years 2019-2020 and 2020-2021.

I appreciate the Legislature's direction for capital improvement projects as spelled out in this bill. As passed, the current bill contains a technical flaw that forces the lapse of already initiated projects with the intent of re-appropriation. However, the appropriation language contained in this bill is too vague and does not ensure fulfillment of the Legislature's intent. Additionally, I am concerned that this bill does not fund several projects that will be important in helping the state recover from Covid-19 such as the broadband landing station. We are relying on additional legislation that will resolve the larger concerns of this bill.

For the foregoing reasons, I allowed HB2725 HD1 SD1 to become law without my signature.

With warmest regards,
/s/ David Y. Ige
David Y. Ige
Governor, State of Hawai‘i"

Gov. Msg. No. 1108, dated July 7, 2020, informing the House that on July 7, 2020, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB 2200 HD1 SD1

Pursuant to Section 16 of Article III of the State Constitution, HB 2200 SD1, entitled "A BILL FOR AN ACT RELATING TO THE STATE BUDGET." became law as ACT 007 (20), Session Laws of Hawaii 2020, on July 7, 2020.

The purposes of this bill are to adjust and make additional appropriations for fiscal years 2019-2020 and 2020-2021 to fund the operations of the Executive Branch agencies and programs.

It is necessary to pass a balanced budget and begin the process of moving forward in the state's economic recovery. Unfortunately, some of the appropriations made in this bill, eliminated pre-existing and currently filled positions and defunded others. Additionally, funding reductions to FY20 are problematic at time of passage. I have strong concerns that without corrective action, this legislation may impact Hawaii's ability to recover. We are relying on additional legislation that will resolve the larger concerns of this bill.

For the foregoing reasons, I allowed HB 2200 HD1 SD1 to become law without my signature.

With warmest regards,
/s/ David Y. Ige

Governor, State of Hawai‘i"

Gov. Msg. No. 1109, dated July 7, 2020, informing the House that on July 7, 2020, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: SB75 SD2 HD1

Pursuant to Section 16 of Article III of the State Constitution, SB75 SD2 HD1, entitled "A BILL FOR AN ACT RELATING TO APPROPRIATIONS." became law as ACT 008 (20), Session Laws of Hawaii 2020, on July 7, 2020.

The purposes of this bill are to:

1. Appropriate federal funds designated for the State of Hawaii from the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), Public Law 116-136, to:
   a. The Department of Defense;
   b. The Department of Labor and Industrial Relations;
   c. The Department of Human Services; and
   d. The Counties of Hawaii, Maui, and Kauai.
2. Authorizes the issuance of instruments of indebtedness in the sum of $2,100,000,000 for the purpose of the Municipal Liquidity Facility under section 13 (3) of the Federal Reserve Act, 12 U.S.C. § 43(3), for fiscal year 2020-2021.
3. Deposits the remaining federal funds designated for the State of Hawaii by the CARES Act to the Emergency and Budget Reserve Fund.

Section 11 of this bill authorizes the issuance of instruments of indebtedness in the sum of $2,100,000,000 under the federal Municipal Liquidity Facility for fiscal year 2020-2021. Such instruments of indebtedness are bonds that require legislative authorization pursuant to article VII, section 13 of the Hawaii State Constitution. However, as passed this bill did not meet the bond declaration requirements because the constitutional requirements that allow for exceeding the debt limit if an emergency condition exists had not yet been fulfilled. Consequently, section 11 of this bill violates article VII, section 13 of the Hawaii State Constitution.

Furthermore, various other allocations could not be encumbered and/or expended before June 30, 2020.

We are relying on additional legislation that will resolve the constitutionality issue and ensure that we can continue to move forward in our economic recovery.

For the foregoing reasons, I allowed SB75 SD2 HD1 to become law without my signature.

With warmest regards,

"EXECUTIVE CHAMBERS
HONOLULU
July 6, 2020

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 3139

Honorable Members
Thirtieth Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, Senate Bill No. 3139, entitled "A Bill for an Act Relating to the State Budget."

The purposes of this bill are to:

1. Replace, where eligible, general fund appropriations with general obligation bond funds;

2. Deposit, or authorize the transfer of, those general funds into the Emergency and Budget Reserve Fund;

3. Authorize the transfer of excess moneys from other sources into the Emergency and Budget Reserve Fund; and

4. Transfer savings from the Supplemental Appropriations Act of 2020 and the Judiciary Supplemental Appropriations Act of 2020 due to reduced expenditures in fiscal years 2019-2020 and 2020-2021 from the general fund for deposit into the Emergency and Budget Reserve Fund.

This bill is objectionable because the $432,000,605 appropriated out of the general fund for deposit into the Emergency and Budget Reserve Fund represents fiscal biennium 2019-2021 general fund appropriation reductions to the Executive and Judiciary budgets. A general fund appropriation reduction does not represent cash; it represents reduced spending authority. Consequently, the transfer from the general fund for deposit into the Emergency and Budget Reserve Fund of $432,000,605 is overstated by $432,000,605.

Section 16 of Article III of the State Constitution provides that, "[e]xcept for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same." Because of the foregoing objection, pursuant to my line item veto authority, I have stricken out the appropriation out of the general fund of $432,000,605 for fiscal year 2019-2020 for deposit into the Emergency and Budget Reserve Fund in section 10 (on page 5, line 6) and changed it to $0.

For the foregoing reasons, I am returning Senate Bill No. 3139 with the general fund appropriation of $432,000,605 for fiscal year 2019-2020, described above, stricken from the bill and changed it to $0.

Respectfully,
/s/ David Y. Ige

Gov. Msg. No. 1111, dated July 30, 2020, pursuant to the notice requirement of Section 16 of Article III of the Constitution of the State of Hawaii, transmitting a proclamation giving notice of the Governor's plan to return the following bill with his objections to certain appropriation items contained therein:

S.B. No. 126 A BILL FOR AN ACT RELATING TO THE STATE BUDGET.

"PROCLAMATION

WHEREAS, under Section 16 of Article III of the Constitution of the State of Hawai‘i, the Governor is required to give notice, by a proclamation, of the Governor's plan to return with the Governor's objections any bill presented to the Governor less than ten days before adjournment sine die or presented to the Governor after adjournment sine die of the Legislature; and

WHEREAS, Senate Bill No. 126, entitled "A Bill for an Act Relating to the State Budget," passed by the Legislature, was presented to the Governor within the aforementioned period; and

WHEREAS, under Section 16 of Article III, the Governor may veto any specific item or items, except for items to be expended by the Legislative and Judicial Branches, in any bill that appropriates money for specific purposes by striking out or reducing the same; and

WHEREAS, Senate Bill No. 126 appropriates money for specific purposes and certain appropriation items in that bill are unacceptable to the Governor of the State of Hawaii:

NOW, THEREFORE, I, DAVID Y. IGE, Governor of the State of Hawai‘i, do hereby issue this proclamation, pursuant to the provisions of Section 16 of Article III of the Constitution of the State of Hawai‘i, giving notice of my plan to return Senate Bill No. 126 with my objections to certain appropriation items contained therein, to the Legislature as provided by said Section 16 of Article III of the Constitution.

Gov. Msg. No. 1112, transmitting his statement of objections to specific items contained in S.B. No. 126, SD 1, HD 1, CD 1, as follows:

"EXECUTIVE CHAMBERS
HONOLULU
JUL 30, 2020

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 126

Honorable Members
Thirtieth Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, Senate Bill No. 126, entitled "A Bill for an Act Relating to the State Budget."

The purposes of this bill are to:

1. Provide adjustments to the Supplemental Appropriations Act of 2020, the Judiciary Supplemental Appropriations Act of 2020, and the Supplemental Improvements Act of 2020;

2. Make changes to Senate Bill No. 75, S.D. 2, H.D. 1, and Senate Bill No. 3139, S.D. 1, H.D. 1, passed by the Legislature on May 21, 2020;

3. Deploy the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136, funds received by the State and transferred to the Emergency and Budget Reserve Fund;

4. Appropriate balances in the Emergency and Budget Reserve Fund to support critical needs and services during the coronavirus disease 2019, or COVID19, pandemic; and

5. Provide the Governor with access to amounts in the Hawaii Hurricane Relief Fund to support critical needs and services during the COVID-19 pandemic.

While the bill as a whole has merit, and I appreciate the Legislature's efforts to respond to the community's needs, the following appropriations must be modified for the reasons indicated. As a general matter, we are determined to fully utilize every federal dollar available under the CARES Act. However, the current uncertainty over what, if anything, the U.S. Congress will pass requires us to preserve our options to make the most efficient use of the funds, while awaiting the outcome of the debate in Congress. The line item vetoes outlined below will enable us to fulfill the objectives of the Legislature, while maintaining flexibility to meet any new programs and guidelines the Congress may hand down.

1. The $90,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used for airport screening and health assurance security initiatives, designated in section 31, page 106, line 20, of the bill. According to the Department of Transportation, it believes, and I concur, that $70,000,000 will be sufficient for equipment and services to test, verify, and monitor travelers and for other health assurance security initiatives as needed.

2. The $230,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used between August 1, 2020 and December 30, 2020, to provide an additional weekly unemployment benefit of $100 per week to State eligible recipients provided that no additional $100 weekly unemployment benefit shall be issued if there exists an additional federal unemployment benefit of more than $300 per week, designated in section 38, page 115, line 13, of the bill. I understand that the U.S. Congress is negotiating another economic stimulus package. At this time, it is not known when and in what form such an economic stimulus package, if any, will take. Because the implementation of such a package by the U.S. Congress is not clear and may exceed $300 per week, and because I must act now, I will line item veto this appropriation. The most effective use of these funds to support the needs of the community will then be determined once the U.S. Congress has taken action or recessed without taking action.

3. The $100,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used for housing and rental assistance and the administrative costs related to the housing relief and resiliency program, designated in section 25, page 98, line 8, of the bill. According to the Hawaii Housing Finance and Development Corporation, it believes, and I concur, that an initial working capital of $50,000,000 is sufficient to commence a program to help renters and homeowners who have experienced a reduction in income because of unemployment or reduction in work hours due to COVID-19. If additional funding can be utilized beyond the initial working capital amount, it will be provided at a later date.

4. The $100,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used for the purchase and distribution of personal protective equipment (PPE) to hospitals, childcare facilities, elderly care facilities, business, non-profits, and schools, designated in section 30, page 105, line 14, of the bill. This appropriation does not include the purchase and distribution of sanitation or disinfectant supplies. According to the Department of Defense, it believes, and I concur, that $61,000,000 is sufficient for the purchase and distribution of PPE to eligible organizations. The remaining funds will be used to purchase and distribute sanitation or disinfectant supplies for eligible organizations and state agencies.

5. The $36,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used for retraining and workforce development programs, designated in section 32, page 108, line 1, of the bill. In reference to the Department of Business, Economic Development, and Tourism's business plan, $10,000,000 is sufficient to launch workforce retraining programs for individuals impacted by COVID-19. Additional funding will be provided as needed.

6. The $15,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used to support emerging industries to create a supply chain for cleaning supplies and PPE, designated in section 33, page 109, line 6, of the bill. According to the Hawaii Technology Development Corporation, it believes, and I concur, that $10,000,000 is sufficient to provide start-up funding to businesses in this emerging industry. An additional $5,000,000 may be available after the first tranche is released.

7. The $2,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used for a public-private partnership (PPP) to provide support to public high school seniors who were adversely affected by school closures in their final semester of school, designated in section 36, page 113, line 6, of the bill. An initial working capital of $1,000,000 is adequate to begin establishing these programs. As they become successful, additional funds may be provided.

8. The $1,080,000,605 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2019-2020 for deposit into the general fund, designated in section 39, page 116, line 15, of the bill. I understand that, of the $1,080,000,605 appropriated out of the Emergency and Budget Reserve Fund for deposit into the general fund, $432,000,605 of that amount represents fiscal biennium 2019-2021 general fund appropriation reductions. A general fund appropriation reduction does not represent cash; it just represents reduced spending authority. Consequently, the appropriation from the Emergency and Budget Reserve Fund to the general fund of $1,080,000,605 is overstated by $432,000,605.

Section 16 of Article III of the State Constitution provides that, "[e]xcept for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same." Because of the foregoing objections, the following actions were taken pursuant to my line item veto authority:

1. Stricken out the $90,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 for airport screening and health assurance security initiatives (on page 106, line 20) and changed it to $70,000,000.

2. Stricken out the $230,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used for additional weekly unemployment benefits subject to federal legislation, if any, (on page 115, line 13) and changed it to $0.

3. Stricken out [sic] the $100,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used for housing relief (on page 98, line 8) and changed it to $50,000,000 [sic].

4. Stricken out the $100,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used for the purchase and distribution of personal protective equipment (PPE) to hospitals, childcare facilities, elderly care facilities, business, non-profits, and schools (on page 105, line 14) and changed it to $61,000,000.

5. Stricken out the $36,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used for retraining and workforce development programs (on page 108, line 1) and changed it to $10,000,000.

6. Stricken out the $15,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used to support emerging industries to create a supply chain for cleaning supplies and PPE (on page 109, line 6) and changed it to $10,000,000.

7. Stricken out the $2,000,000 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2020-2021 to be used for a public-private partnership (PPP) to provide support to public high school seniors who were adversely affected by school closures in their final semester of school (on page 113, line 6) and changed it to $1,000,000.

3. [sic] Stricken out the $1,080,000,605 appropriation out of the Emergency and Budget Reserve Fund for fiscal year 2019-2020 for deposit into the general fund (on page 116, line 15) and changed it to $648,000,000.

For the foregoing reasons, I am returning Senate Bill No. 126 with the appropriations out of the Emergency and Budget Reserve Fund for fiscal years 2019-2020 and 2020-2021 totaling $803,000,605, stricken from the bill.

Respectfully,
/s/ David Y. Ige

"EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1523

Honorable Members
Thirtieth Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 1523, entitled "A Bill for an Act Relating to the Department of Education Budget."

The purpose of this bill is to specify that the costs of devices for Department of Education schools having identified needs and student populations of fifty percent or greater who qualify to receive free or reduced lunch for the period from July 1, 2020 to December 30, 2020, shall be covered using Coronavirus Aid, Relief, and Economic Security Act funds.

This bill is objectionable because it is not necessary. The Department of Education has already received funds to accomplish this purpose through the Governor's discretionary funding without limitation on the schools that are eligible.

For the foregoing reasons, I am returning House Bill No. 1523 without my approval.

Respectfully,
/s/ David Y. Ige

"EXECUTIVE CHAMBERS
HONOLULU
September 15, 2020

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1846

Honorable Members
Thirtieth Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 1846, entitled "A Bill for an Act Relating to Energy Efficiency."

The purpose of this bill is to mandate that all State facilities (other than Aloha Stadium) having an area of ten thousand square feet or more must implement all cost-effective energy efficiency measures, whether directly or through performance contracts, by January 1, 2024 (or by January 1, 2022, if the facility in question has not implemented any energy retrofit and performance contracts since 2010). Further, the State Energy Office is tasked with collecting all utility bill and energy usage data for State-owned facilities monthly and making such information available in a publicly accessible format. Finally, the bill requires that beginning July 1, 2020, if feasible and cost-effective, designs for all new state building construction must maximize energy and water efficiency, energy generation potential, and use of building materials that reduce the project's carbon footprint.

This bill is objectionable because it creates an unnecessary risk of litigation. Reasonable people could disagree on whether a given energy efficiency measure is cost-effective or not. Using the term "all cost-effective energy efficiency measures" would mean that, if the agency failed to implement even one such measure, it could be in violation of the law. Unfortunately, when reasonable people disagree on language such as this, if often means it is resolved in court, costing the state further time and money and taking away from achieving these clean energy goals. Vetoing this bill does not preclude the State from leading by example or saving tax-payer dollars. The State has the ability under current law to implement the energy efficiency measures and savings that the bill calls for without the added risk of litigation.

During this pandemic, we need to look at every opportunity to save the state money without upfront costs, and we will continue to do so. I believe energy efficiency measures are a way to achieve that. To date, the Department of Public Safety, Hawaii Health Systems Corporation, Department of Transportation, and numerous other state-owned facilities have undergone and are currently under terms for energy savings performance contracting. Anticipated in 2021, are twenty-three projects valued at $39 million addressing energy efficiency and other sustainability improvements. Working through multi-agency efforts, the State of Hawai‘i is working towards acquisition of a more energy efficient vehicle fleet. Furthermore, public works projects continue to incorporate Leadership in Energy and Environmental Design building elements in new and renovated public facilities and energy savings. Performance contracts are being implemented at state facilities when feasible. Clearly, the state is already implementing the measures that this bill addresses.

For the foregoing reasons, I am returning House Bill No. 1846 without my approval.

Respectfully,
/s/ David Y. Ige

Gov. Msg. No. 1181, transmitting his statement of objections to H.B. No. 2124, HD 1, SD 2, as follows:

"EXECUTIVE CHAMBERS
HONOLULU
September 15, 2020

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 2124

Honorable Members
Thirtieth Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 2124, entitled "A Bill for an Act Relating to the Code of Ethics."

The purpose of House Bill No. 2124 is to amend the State Ethics Code to prohibit the Governor, the Lieutenant Governor, and other high-level government officials, including the members of certain boards and commissions, from representing any person or business for a fee or other consideration regarding any legislative or administrative action for twelve months after termination from their respective positions.

The current post-employment law, section 84-18, Hawaii Revised Statutes, prohibits former high-level government officials from representing others for pay before (1) their own agencies or (2) other agencies on the same matters on which they worked prior to terminating their employment. This bill expands the prohibition to apply to not only the Governor, the Lieutenant Governor, and other former government officials, but also to the members of certain boards and commissions, and prohibits them from representing any person or business regarding any legislative or administrative action before other state agencies for twelve months after termination from their respective positions.

This bill is objectionable because most of the boards and commissions listed in this bill have members who serve voluntarily without compensation. The additional restrictions imposed on volunteer board and commission members who fulfill an important role in protecting our community through their service without compensation will make it significantly more challenging to attract and recruit the most qualified individuals for service on boards and commissions.

For the foregoing reason, I am returning House Bill No. 2124 without my approval.

Respectfully,
/s/ David Y. Ige

"EXECUTIVE CHAMBERS
HONOLULU
September 15, 2020

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2206

Honorable Members
Thirtieth Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, Senate Bill No. 2206, entitled "A Bill for an Act Relating to Homelessness."

The purpose of this bill is to authorize the Board of Land and Natural Resources to issue month-to-month revocable permits for temporary emergency sheltering of and facilities for homeless persons on state lands under certain conditions.

This bill is objectionable because, as written, it may expose the State to liability. There are also concerns regarding extra costs in the event of a default where the Department of Land and Natural Resources could incur significant personnel costs for eviction enforcement as well as expenses for removal of abandoned structures and any remediation required to address the unauthorized land uses.

For the foregoing reasons, I am returning Senate Bill No. 2206 without my approval.

Respectfully,
/s/ David Y. Ige
DAVID Y. IGE
Governor of Hawai‘i"

Gov. Msg. No. 1183, transmitting his statement of objections to S.B. No. 2523, SD 1, HD 2, as follows:

"EXECUTIVE CHAMBERS
HONOLULU
September 15, 2020

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2523

Honorable Members
Thirtieth Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, Senate Bill No. 2523, entitled "A Bill for an Act Relating to Public Safety."

The purpose of this bill is to require the Department of Public Safety ("PSD") to spend $450,045 from its fiscal year 2020-2021 appropriation to fund a contract for a specific "community-based work furlough program for women." This bill prohibits PSD from spending any of its appropriation for the 2020-2021 fiscal year until the $450,045 is expended.

This bill is objectionable because payments for the furlough program are made periodically throughout the fiscal year rather than in an up-front, lump-sum payment. The requirements of this bill, therefore, would prohibit all other expenditures from PSD's fiscal year 2020-2021 appropriation because it is impossible to expend the entire $450,045 on the work-furlough program until the end of the fiscal year. In addition, PSD would be unable to pay the administrative costs to implement the furlough program itself, which is the purpose of this bill.

For the foregoing reasons, I am returning Senate Bill No. 2523 without my approval.

Respectfully,
/s/ David Y. Ige
DAVID Y. IGE
Governor of Hawai‘i"

Gov. Msg. No. 1184, dated September 15, 2020, informing the House that on September 15, 2020, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB2744 HD1 SD2

Pursuant to Section 16 of Article III of the State Constitution, HB2744 HD1 SD2, entitled "A BILL FOR AN ACT RELATING TO GUN VIOLENCE PREVENTION." became law as Act 074 (20), Session Laws of Hawaii 2020, on September 15, 2020.

I appreciate the legislators intent to better protect our community with this bill and support the restrictions to better align "ghost guns" with the strict firearm permitting and registration laws that are already in place. Unfortunately, funding was not provided to carry out the requirements of this bill.

For the foregoing reasons, I allowed HB2744 HD1 SD2 to become law without my signature.

Sincerely,
/s/ David Y. Ige
DAVID Y. IGE
Governor, State of Hawaii"

Gov. Msg. No. 1185, dated September 15, 2020, informing the House that on September 15, 2020, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB0361 HD1 SD2

Pursuant to Section 16 of Article III of the State Constitution, HB0361 HD1 SD2, entitled "A BILL FOR AN ACT RELATING TO EMOLUMENTS." became law as Act 075 (20), Session Laws of Hawaii 2020, on September 15, 2020.

While I commend the legislature for their commitment to transparency and good governance with this bill, the constitution already prohibits the Governor from said employment and emoluments. Furthermore, county residents should determine the limitations on their mayors not the state.

For the foregoing reasons, I allowed HB0361 HD1 SD2 to become law without my signature.

Sincerely,
/s/ David Y. Ige
DAVID Y. IGE
Governor, State of Hawaii"

Gov. Msg. No. 1186, dated September 15, 2020, informing the House that on September 15, 2020, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: SB2486 SD1 HD1

Pursuant to Section 16 of Article III of the State Constitution, SB2486 SD1 HD1, entitled "A BILL FOR AN ACT RELATING TO EDUCATION DATA." became law as Act 076 (20), Session Laws of Hawaii 2020, on September 15, 2020.

This measure comes alongside the DOE's current expansion of its data collection and information management projects. Unfortunately, it creates additional requirements without providing resources to help carry them out.

For the foregoing reasons, I allowed SB2486 SD1 HD1 to become law without my signature.

Sincerely,
/s/ David Y. Ige
DAVID Y. IGE
Governor, State of Hawaii"
