

RULES OF THE HOUSE OF REPRESENTATIVES

STATE OF HAWAII

THIRTY-FIRST LEGISLATURE

2021-2022

Preface to House Rules

It is the policy of the House of Representatives that no member or staff shall be discriminated against based on race, sex, age, religion, color, ancestry, mental or physical disability, genetic information, citizenship, national origin, veteran/military status, marital status, pregnancy, childbirth, breastfeeding or related medical condition, sexual orientation, gender identity or expression, arrest and court record, domestic or sexual violence victim status, credit history, whistleblower status, or any other status or condition that is protected by state or federal law.

It is the policy of the House to provide a work environment free from violence, threats of violence, harassment, intimidation, and other disruptive behavior. House members and staff shall be treated with dignity and respect at all times.

TABLE OF CONTENTS

PART I. ORGANIZING THE HOUSE

Rule 1. Election of Officers; Selection of Party Leaders; Succession

PART II. OFFICERS, PARTY LEADERS, AND EMPLOYEES

Rule 2. The Speaker

- Rule 55. Subpoena; Oaths; Witness Fees
- Rule 56. Public Information
- Rule 57. Disposition of Records at Adjournment
- Rule 58. House Administrative and Financial Manual

PART XII. AMENDMENT, SUSPENSION, AND INTERPRETATION OF RULES

- Rule 59. Rules: Amendment
- Rule 60. Rules: Suspension
- Rule 61. Parliamentary Practice

PART XIII. CODE OF LEGISLATIVE CONDUCT

- Rule 62. Standards of Conduct

PART I. ORGANIZING THE HOUSE**Rule 1. Election of Officers; Selection of Party Leaders; Succession**

- 1.1. When the House convenes, the member from the First Representative District shall act as temporary presiding officer. The House shall then immediately elect a temporary chair. The temporary chair shall appoint a temporary Chief Clerk and a credentials committee of no fewer than three members.
- 1.2. The credentials committee shall immediately examine the credentials of the members elected. Upon verification that the credentials are in order, the credentials committee shall report this to the House, and the temporary chair shall order the temporary Chief Clerk to call the roll.
- 1.3. The temporary chair shall then appoint a committee of no fewer than three members to wait upon a justice of the Supreme Court or a judge of the Intermediate Court of Appeals or Circuit Court to administer the oath of office, as required by the Constitution of the State of Hawaii. After the oath has been duly administered, the House shall organize by electing by resolution, a Speaker, Vice Speaker, Chief Clerk, Assistant Chief Clerk, Sergeant-at-Arms, and Assistant Sergeant-at-Arms and by adopting Rules.
- 1.4. The members of the majority and minority parties shall designate, respectively, a Leader, Floor Leader, Whips, Assistant Leaders and Assistant Floor Leaders as they may choose to have.
- 1.5. The Speaker and Vice Speaker shall hold office during the term for which they are elected to the House, unless sooner removed by majority vote of the House. If they are reelected to membership in the House for the succeeding term, they shall retain their respective positions until the day before the opening day of the succeeding Legislature.
- 1.6. The Majority Leader, the Majority Floor Leader, the Minority Leader, the Minority Floor Leader, Whips, Assistant Leaders and Assistant Floor Leaders as the House members of the majority and minority parties may select shall hold office during the term for which they were elected to the House, unless sooner removed by their respective parties.
- 1.7. If the office of Speaker becomes vacant, the Vice Speaker shall serve as acting Speaker until a successor Speaker is duly elected by the House.
- 1.8. Any vacancy in the office of Speaker and Vice Speaker shall be filled by election by the House.

PART II. OFFICERS, PARTY LEADERS, AND EMPLOYEES**Rule 2. The Speaker**

- 2.1. It shall be the duty of the Speaker to:
 - (1) Open the meetings of the House;
 - (2) Maintain order in the House Chamber and require proper decorum at all times on the part of all those present in the House Chamber;
 - (3) Announce the business before the House in the order prescribed by these Rules;

- (4) Receive all matters brought properly before the House and submit them to the House, and call for votes on these matters and announce the results of the votes;
- (5) Consult with and advise the committees of the House and assist them in their work as an ex officio member without vote;
- (6) Receive all communications from other branches of the Government and present them to the House;
- (7) Assign to each member of the House a seat on the floor of the House; until the Speaker assigns seats to the members, they may occupy any vacant seat;
- (8) Authenticate all acts of the House by signing appropriate documentation;
- (9) Make known the Rules of Order upon request and decide all questions of order, subject to appeal to the House;
- (10) Issue warrants to arrest offenders upon the order of the House, and issue subpoena and subpoena duces tecum requiring the attendance of witnesses or the production of books, documents, or other evidence in any matter pending before the House or any committee;
- (11) Clear the House of any or all persons except its members and officers if the House adopts a motion to require it, or if there is a disturbance or disorderly conduct at any time;
- (12) Direct committees of the House to consider messages from the Governor or other communications from the executive;
- (13) Appoint any member to preside over the meetings of the House if the Vice Speaker, Majority Leader, and Majority Floor Leader are not available to perform such duties, but such substitution shall not extend beyond an adjournment;
- (14) Within four session days, refer all bills to committees, subject to an appeal to the House. In referring bills to one or more standing committees, the first referral shall be to the standing committee whose area of responsibility as described in Part III of these Rules is most closely related to the subject matter contained in the bill being referred. In the case of multiple committee referrals, the Speaker shall name the standing committee referred to in the sentence immediately preceding as the committee having primary responsibility for making recommendations for action on the bills so referred. However, where more than one standing committee could qualify as the committee having primary responsibility, preference shall be given to the committee having jurisdiction on a statewide, rather than a local, basis.

The chair of a standing committee affected by a referral of a bill may appeal the referral to the Speaker within 24 hours from the time the referral sheet containing the subject referral is made available to the members of the House. The Speaker shall review the appeal and shall meet with the chair and the chair(s) of the standing committee(s) affected by the referral to settle their differences. If the Speaker is unable to settle the differences between and among the chairs of the standing committees involved within 48 hours after the filing of the appeal, the Speaker shall immediately forward the appeal to the Review Panel which shall make its recommendation to the Speaker within 24 hours after receipt of the appeal. If the Speaker shall concur with the recommendation of the Review Panel, the referral of the bill shall stand or the bill shall be re-referred, as the case may be, according to or consistent with the recommendation. If the Speaker disagrees with the recommendation of the Review Panel, the Speaker shall submit reasons in writing in support of the Speaker's decision to the Review Panel and the chairs of the standing committees involved within 24 hours of the receipt of the recommendation from the Review Panel. The Speaker's decision shall be the final disposition of the matter.

The Review Panel shall be composed of the Majority Leader who shall serve as chair, the Vice Speaker and Majority Floor Leader;

- (15) Appoint the chair and members of conference committees pursuant to Rule 16;
 - (16) Establish final dates for action on legislation. These shall include the final date for introducing bills pursuant to Rule 33.4, the final date for third reading of House bills, the final date for third reading of Senate bills, the final date for approving conference committee agreements and drafts of bills, the final date for final reading of the General Appropriations Bill, and the final date for final reading of the Supplemental Appropriations Bill. The Speaker shall coordinate with the President of the Senate to establish these final dates within seven days after the opening of the legislative session;
 - (17) Notify members of the names of individuals nominated for or appointed to a task force, commission, working group, or similar position requiring the Speaker to nominate individuals for such a position. The Speaker shall not less than annually publish a list of those individuals nominated or appointed; and
 - (18) Perform other duties required by law or these Rules.
- 2.2. To facilitate House floor proceedings, the Speaker may establish dates for a consent calendar consisting of all third and/or final reading bills that have not been selected for debate by any member. Said bills shall be considered without debate, but members shall be permitted to insert into the House Journal written remarks in support of or in opposition to the measure, consistent with the usual practices of the House. If a consent calendar is established pursuant to this rule, the Speaker shall set the deadlines for members to communicate to the Chief Clerk their intention to debate calendared bills.
 - 2.3. The Speaker after giving all members at least 15 days prior written notice may authorize legal action on behalf of the House and shall notify members of non-confidential legal action taken on behalf of the House, provided no other external legal actions affecting the Legislature's interest shall necessitate more expedient action by the House. The Speaker shall not less than annually report the status of each legal action and disclose expenditures and costs to the members.

Rule 3. The Vice Speaker

The Vice Speaker shall consult with and advise the standing committees and assist them in their work as an ex officio member without vote and shall perform such other duties as may be assigned by the Speaker; provided that the Vice Speaker shall serve as a voting member of the Committee on Legislative Management. In the absence of the Speaker, the Vice Speaker shall exercise all the duties and powers of the Speaker.

Rule 4. Party Leaders

- 4.1. The Majority and Minority Leaders and Floor Leaders, Majority and Minority Whips, Assistant Leaders and Assistant Floor Leaders as the members of the majority and minority parties may choose to have, shall perform such duties as may be assigned by their respective memberships.
- 4.2. If the Speaker and Vice Speaker are absent when the House convenes, the Majority Leader or Majority Floor Leader, in that order, may convene the House and shall serve as Acting Speaker until the Speaker or Vice Speaker returns.

Rule 5. The Clerk

- 5.1. The Chief Clerk shall be responsible for the safekeeping of all records of the House. The Chief Clerk shall retain possession of all original documents, unless the Speaker orders the Chief Clerk to release the records to someone else.
- 5.2. The Chief Clerk shall make a record each day of all matters brought before the House. This record shall state in a complete and concise manner, the nature of the matters brought before the House, the names of their introducers, and the date and day of the session on which the House considered the matters. This daily record and such additional matters as the Speaker may order the Chief Clerk to include in it shall constitute the Journal of the House, a copy of which shall be made available on the following session day or as soon thereafter as practicable. The House shall approve the Journal, subject to corrections, by vote of the House. However, the House may dispense with the reading of the Journal by majority vote.
- 5.3. The Chief Clerk shall read all bills, resolutions, and other matters aloud to the House when the House requires it.
- 5.4. The Chief Clerk shall immediately forward all communications and other matters the Chief Clerk receives to the parties to whom they are addressed.
- 5.5. The Chief Clerk shall deliver immediately to the chairs of the appropriate committees all matters duly referred to those committees.
- 5.6. The Chief Clerk shall maintain for the committees of the House a record of subjects contained in messages from the Governor, which are referred to the committees.
- 5.7. The Chief Clerk shall keep a record of all questions of order and the decision on each of them, and the Chief Clerk shall append this record to the Journal at the close of the session.
- 5.8. The Chief Clerk shall perform all other duties appropriate to the Chief Clerk's office that the House or the law assigns.

Rule 6. Assistant Clerk

The Assistant Chief Clerk of the House shall assist the Chief Clerk in all duties. In the absence of the Chief Clerk, the Assistant Chief Clerk shall perform all duties of the Chief Clerk.

Rule 7. Sergeant-at-Arms

- 7.1. The Sergeant-at-Arms shall:
 - (1) Execute the orders of the Speaker;
 - (2) Attend every session of the House;
 - (3) Maintain order among persons who attend the sessions of the House;
 - (4) Notify the presiding officer of the presence of persons who have communications for the House or who otherwise are of interest to the House;
 - (5) Keep the entrances and exits of the House clear at all times, and keep from the floor of the House all persons except members of the House, authorized employees of the House, and guests of the House;
 - (6) If requested, maintain order among persons attending meetings or hearings of committees of the House;
 - (7) Serve all orders or process directed by the Speaker or the House;
 - (8) Make all arrests ordered by the Speaker or the House and restrain persons in custody;
 - (9) Be responsible for the House postal service; and
 - (10) Be responsible for the House's safety and security operations, including emergency procedures.
- 7.2. The Sergeant-at-Arms shall be responsible for making purchases for the House in accordance with the House Administrative and Financial Manual.
- 7.3. The Sergeant-at-Arms shall be custodian of all property of the House and shall perform all duties related to its safeguard, care, and maintenance as provided in Part VIII of the House Administrative and Financial Manual.

Rule 8. Assistant Sergeant-at-Arms

The Assistant Sergeant-at-Arms shall assist the Sergeant-at-Arms in all duties. In the absence of the Sergeant-at-Arms, the designated Assistant Sergeant-at-Arms shall perform all duties of the Sergeant-at-Arms.

Rule 9. Officers and Employees: Responsibilities; Salaries

- 9.1. In addition to the responsibilities assigned by law and these Rules, all officers and employees of the House may be assigned responsibilities by their respective appointing authorities.
- 9.2. The pay of each member shall be pursuant to Article XVI, Section 3.5 of the Constitution of the State of Hawaii. Officers and employees of the House shall be employed and paid as authorized in the House Administrative and Financial Manual.

Rule 10. Officers and Employees: Floor Session Attire

While present on the floor of the House Chamber, each member shall be dressed in court attire; provided that on Fridays, any member may dress in aloha attire. "Court attire" means coat and tie for men and jackets for women.

PART III. COMMITTEES**Rule 11. Standing Committees: Composition; Chair; Decision-making; Reports**

- 11.1. Standing committees shall be committees established to consider and report on all bills, petitions, resolutions, budgets, and any other matters referred to such committees.
- 11.2. The composition of the standing committees shall be as follows:
 - (1) The membership of each standing committee shall be appointed by the Speaker. The respective chairs and vice-chairs of each standing committee shall be appointed by the Speaker;
 - (2) The membership of each standing committee, including the designation of the chair and vice-chair shall be provided for by resolution, provided, however, that the composition of the committee shall be on a proportional basis with the members of the majority party designating the chair, vice-chair, and majority party members, and the members of the minority party designating the minority party members; and
 - (3) The Speaker and Vice Speaker shall be ex officio members of each committee without vote; provided that the Vice Speaker shall serve as a voting member of the Committee on Legislative Management.

- 11.3. The chair of each standing committee shall call and preside over all standing committee meetings; determine the order of deliberations on bills, resolutions, and other matters over which the standing committee as a whole retains jurisdiction; coordinate the scheduling of meetings and public hearings of the standing committee and assure that such schedules and agendas are posted or distributed as required by these Rules; establish guidelines to coordinate the flow of work to assure that directions of the House are fulfilled; supervise the work of the committee staff; and supervise the maintenance and disposition of the records of proceedings of the standing committee. The vice-chair shall, at the request of the chair, assist the chair in the performance of any duties. The vice-chair shall perform the duties of the chair in the chair's absence.

If the chair and vice-chair are unavailable to preside over a committee meeting, the Speaker may designate a committee member from the majority party to preside over the meeting.

If the chair and vice-chair are unavailable to sign a meeting notice, committee report, or other committee document in time to meet an applicable deadline, the Speaker may sign the document.

If a chair of a standing committee refuses a request of a majority of the committee members to set for public hearing a bill or resolution referred to the committee, the majority of the committee members may petition the Review Panel established under Rule 2.1(14) to compel the chair to set the bill or resolution for public hearing. The Review Panel shall establish a process pursuant to which the Review Panel shall receive and consider the petition and shall make a recommendation to the Speaker. If the Speaker concurs with the recommendation of the Review Panel, the chair shall either be sustained or be directed to duly set the bill or resolution for public hearing at the next available date according to or consistent with the recommendation. If the chair refuses to comply with the order of the Speaker, then the vice-chair shall act as chair for the purpose of hearing the bill or resolution under consideration. If the vice-chair refuses, then the Speaker may appoint any member of the House to act as temporary chair. If the Speaker objects to the recommendation of the Review Panel, the Speaker shall submit reasons in writing to support the Speaker's decision, which shall be the final disposition of the matter.

- 11.4. The chair of each standing committee shall keep a record of public hearings and shall file same with the State Archives, through the Speaker as soon as practicable after each session.

11.5. Committee Meetings.

- (1) Meetings, including decision-making sessions, of standing committees shall be public. Notice shall be publicly posted or announced on the House floor at least 48 hours prior to the meeting. Except for notices posted by the Committee on Finance, notice shall be posted before 4:30 p.m. on the last day of the work week for a hearing to be held on the following Monday or Tuesday. Notice of meetings may be shortened at the discretion of the Speaker upon request on the House floor by a chair or vice-chair and upon good cause shown.
- (2) No standing committee shall sit during the time when the House is actually in session except with the permission of the Speaker.
- (3) As practicable, standing committees shall schedule their meetings at times and at places as are convenient for attendance by the general public, and shall, in coordination with other committees of the House or Senate, endeavor to hold joint meetings and public hearings on matters of mutual interest.
- (4) No bill or resolution other than a congratulatory resolution shall be reported out of a standing committee unless the measure shall have received a public hearing in the House; provided that a bill which contains only a reference to the general idea of the bill in short form and contemplates the subsequent drafting of the specific details in long form may be reported out of a standing committee without a public hearing so long as the bill is reported out:

- (a) In an amended form containing the substantive contents of the bill in long form;
 - (b) Recommending that the bill be recommitted to the same committee for the purpose of holding a public hearing thereon after satisfaction of the notice requirements set forth in paragraph (1) above; and
 - (c) Without recommendation for passage on any reading of the bill.
- (5) Upon the request of a chair of a standing committee, the Speaker may authorize the chair and the members of the standing committee to conduct a community-based public hearing whenever appropriate and practicable, subject to notice as required in paragraph (1) above. "Community-based public hearing" means a hearing conducted by a standing committee outside the State Capitol building at a location within the community for the purpose of accommodating the public to be heard on the matter under consideration by the standing committee.

11.6. *Committee Decision-making.*

- (1) A quorum of the committee which shall be a majority of the committee membership shall be present for decision-making.
- (2) Committee decision-making shall be by a majority of the members present. Reporting a measure out of the committee shall require a favorable vote of not less than a majority of the members present at a meeting duly constituted with a quorum. Any member voting "with reservations" shall be deemed to be in favor of the recommendation.
- (3) The vice-chair of the committee, or the designee of the chair in the absence of the vice-chair, shall be the recorder of the record of the quorum and the votes.

In the case of a joint hearing, the vice-chair of the lead committee, or the designee of the lead committee chair in the absence of the vice-chair shall be the recorder of the record of the quorum and the votes of all the committees party to the public hearing, unless otherwise agreed to by the respective chairs. A member's vote on a measure shall be the same for all committees that the member may sit on.
- (4) Favorable action by the committee shall be conveyed in a committee report.
- (5) If a committee reports out a bill or resolution with proposed amendments that may affect the referral of that bill or resolution, the committee chair shall, within 24 hours, notify the Speaker.

11.7. *Standing Committee Reports.*

- (1) Standing committees shall report from time to time upon matters referred to them with such copies as may be designated by the Speaker. Such reports shall be printed by the House and be furnished to each member.
- (2) The reports shall state findings of facts and conclusions based thereon, together with a distinct recommendation as to the disposition of the matter.
- (3) A report recommending a measure for passage shall clearly state the legislative intent and purpose of the measure. The chair shall attest the action of the committee by signing the report on behalf of the committee. A record of the quorum present at the meeting and a record of the votes of the members of the committee on the bill or resolution as attested to by the recorder shall be attached to the report as a part thereof.
- (4) A report upon a measure shall state clearly the amendments, if any, proposed. If a substitute bill, for one or more bills referred to the committee, shall be reported, such substitute bill shall be consistent with the subject of the bill or bills referred to the committee. The report shall describe the disposition of the bill or bills referred.
- (5) All matters referred to and not reported upon by the standing committees shall be returned to the Chief Clerk at the close of the regular session in the even-numbered year.

Rule 12. **Standing Committees: Description**

Standing committees shall be created by resolution at the opening of the session, or as soon thereafter as possible, to serve during the legislative session. The standing committees therein shall be as follows:

- (1) Committee on Agriculture, whose scope shall be those programs relating to the Department of Agriculture, agriculture, aquaculture, crop and livestock production, food production and distribution, agricultural parks, animal welfare, invasive species, and other pertinent matters referred to it by the House.
- (2) Committee on Consumer Protection & Commerce, whose scope shall be those programs relating to consumer protection, the Department of Commerce and Consumer Affairs, the regulation of trade, business, professions, occupations, and utilities, the Residential Landlord-Tenant Code, condominiums, housing cooperatives, planned communities, insurance, financial institutions, broadband and cable communications and services, and other pertinent matters referred to it by the House.
- (3) Committee on Corrections, Military, and Veterans Affairs, whose scope shall be those programs related to adult corrections, rehabilitation, and correctional facilities and industries; and military facilities, activities, and veterans affairs; and other pertinent matters referred to it by the House.
- (4) Committee on Culture, Arts, & International Affairs, whose scope shall be those programs related to Hawaii's multi-cultural heritage and the State Foundation on Culture and the Arts; and international affairs, foreign policy issues, and international relations; and other pertinent matters referred to it by the House.
- (5) Committee on Economic Development, whose scope shall be those programs relating to private sector job creation, public-private business or investment partnerships or ventures, new industry development, planning for economic development and diversification, industrial and product promotion and financial and technical assistance to business for interstate and intrastate commerce, and other

pertinent matters referred to it by the House.

- (6) Committee on Education, whose scope shall be those programs relating to early childhood education, primary and secondary schools, continuing education, libraries, and other pertinent matters referred to it by the House.
- (7) Committee on Energy & Environmental Protection, whose scope shall be those programs relating to energy resources and the development of renewable and alternative energy resources, energy conservation; and the impact of various environmental components on the protection and health of human and wild animal populations and climate mitigation including actions to prevent or reduce the root cause of climate change; and other pertinent matters referred to it by the House.
- (8) Committee on Finance, whose scope shall be those programs relating to overall State financing policies, including taxation and other revenues, cash and debt management, statewide implementation of planning, programming, budgeting, and evaluation, and other pertinent matters referred to it by the House.
- (9) Committee on Government Reform, whose scope shall be those programs relating to ethics and the Ethics Code, procurement and the Procurement Code, and campaign spending, and other pertinent matters referred to it by the House.
- (10) Committee on Health, Human Services, & Homelessness, whose scope shall be those programs relating to general health, maternal and child care, dental health, medical and hospital services, mental health, hospitals, community health care facilities; and financial assistance, medical assistance, vocational rehabilitation, social welfare services, the general well-being of the state's elderly and youth; and juvenile correctional services and homeless services and sheltering; and other pertinent matters referred to it by the House.
- (11) Committee on Higher Education & Technology, whose scope shall be those programs relating to the University of Hawaii, the community colleges, and other institutions of post-secondary education, intercollegiate athletics, and the Waikiki Aquarium; and technology and cybersecurity; and other pertinent matters referred to it by the House.
- (12) Committee on Housing, whose scope shall be those programs relating to housing development financing, assistance for homebuyers and renters, affordable and rental housing, public housing, and other pertinent matters referred to it by the House.
- (13) Committee on Judiciary & Hawaiian Affairs, whose scope shall be those programs relating to the courts, crime prevention and control, penal code, criminal enforcement, prosecution, sentencing, disposition, and punishment, probation, parole, furlough, and other alternatives to incarceration, indigent legal representation and defense matters, civil law, firearms, weapons, judicial and legal questions, constitutional matters, the Attorney General, the Judiciary, individual rights, civil rights and liberties, and the Civil Rights Commission; and persons of Hawaiian ancestry, including programs administered by the Department of Hawaiian Home Lands and the Office of Hawaiian Affairs; and other pertinent matters referred to it by the House.
- (14) Committee on Labor & Tourism, whose scope shall be those programs relating to employment, government operations and efficiency, employee pay and benefits, employee recruitment, classification and training, career development, employee performance, employment conditions, standards of conduct for employers and employees, collective bargaining in public employment, the civil service system, workers' compensation, unemployment compensation, temporary disability insurance, prepaid health care, employment opportunities, and labor-management relations in the private sector; and tourism, including the Hawaii Convention Center, Hawaii Visitors and Convention Bureau, and the Hawaii Tourism Authority; and other pertinent matters referred to it by the House.
- (15) Committee on Legislative Management, whose scope shall be those programs relating to the administrative operations and legislative services of the House, including the Legislative Reference Bureau, Legislative Auditor, Office of the Ombudsman, Public Access Room, the Hawaii State General Plan, and other pertinent matters referred to it by the House.
- (16) Committee on Pandemic & Disaster Preparedness, whose scope shall be those programs relating to communicable diseases and prevention, preparation, response, and recovery from civilian emergencies and disasters, and the safety, welfare, and defense of the State and its people, and other pertinent matters referred to it by the House.
- (17) Committee on Transportation, whose scope shall be those programs relating to the development and maintenance of air, water, and ground transportation, infrastructure, and facilities, and other pertinent matters referred to it by the House.
- (18) Committee on Water & Land, whose scope shall be those programs relating to global warming, changing weather patterns, climate adaptation to the actual or expected impacts of climate change; and land and water resource administration and use, coastal lands, the Land Use Commission, county land use planning and zoning, the Hawaii Community Development Authority, infrastructure development, outdoor recreation, drinking water and brackish waters, small boat harbors and their infrastructure, State parks, historic sites development and protection, ocean activities and outdoor marine matters, the Coastal Zone Management Act; and other pertinent matters referred to it by the House.

Rule 13. Standing Committees: General Responsibility; Special Responsibility

13.1. *Standing Committees: General Responsibility.* It shall be the duty of each standing committee to:

- (1) Consider all bills, petitions, and resolutions as may properly come before it;
- (2) Review those portions of the State's program and financial plan and variance reports as may relate to programs over which the committee has primary responsibility. Through informational briefings, it shall gather information and examine those portions of the executive budget and the General and Supplemental Appropriations Bills relating to such programs and recommend to the Committee on Finance the programs and amounts to be spent thereon. (The executive budget and the General and Supplemental Appropriations Bills are hereinafter collectively referred to as the "State budget.") The recommended programs and amounts, taken as a whole, shall be consistent with and within the expenditure amounts allocated by the Committee on Finance;
- (3) Determine the objectives of any bill referred to it and make appropriate recommendations, including, if proper, expenditure recommendations on other bills referred to it by the House. Such expenditure recommendations shall be consistent with the allocations established by the Committee on Finance. On bills which relate to programs and matters over which a standing committee to which

they are referred has no primary responsibility, the standing committee shall propose no substantive change to the bill unless prior concurrence of the chair of the committee which has the primary responsibility is first obtained. If the chair of the standing committee, which has primary responsibility over programs and matters of a bill, does not concur with the substantive change to the bill affecting such programs and matters sought to be proposed by a standing committee, any of the chairs of the standing committees involved may submit the matter to the Speaker for resolution. The Speaker shall meet with the chairs of the standing committees involved, hear their differences, and settle their differences with a decision which shall be the final disposition of the matter; and

- (4) Review how programs over which it has primary responsibility have been carried out in compliance with legislative direction and whether studies, analysis, and audit should be conducted on all or part of the program in order to define issues and recommend improvements. Each standing committee shall also recommend amendments to existing appropriation acts and may further recommend revenue measures and improvements to the State's planning, programming, budgeting, and evaluation system to the Committee on Finance.

13.2. Committee on Finance: Special Responsibility. The Committee on Finance shall:

- (1) Have final responsibility over all programs and matters relating to the State's financing policies, including taxation and other revenues, level of expenditures, cash and debt management, and to the statewide implementation of planning, programming, budgeting, and evaluation. Subject to the provisions of these Rules, it shall consider the reports of the fiscal officers of the State, all bills, petitions, and resolutions, those portions of the State budget, and all other items pertaining to such programs and matters. It shall also consider such other pertinent items as may be referred to it by the House;
- (2) Establish, within the revenue raising ability of the State, the general level of total governmental expenditures for each fiscal year of a biennial period and allocate to each standing committee a proportionate part of such expenditures. Each standing committee shall be responsible for budget review of the programs within its jurisdiction and for making program expenditure recommendations to the Committee on Finance. Upon receipt of the recommendations of the other standing committees, the Committee on Finance shall review the same to determine if, when taken as a whole, the programs and amounts to be expended thereon are consistent with and within the expenditure amounts it has allocated to the respective standing committees. In making allocations to and in reviewing recommendations, the Committee on Finance shall invite the participation of the chair of the standing committee having primary responsibility over the program. After review of all standing committee recommendations, the Committee on Finance shall be responsible for preparing the General and Supplemental Appropriations Bills for consideration by the House; and
- (3) In all other appropriation bills, inform the standing committee primarily responsible for the program or matter under consideration, of the amount and type of finances available. Upon receiving recommendations for the expenditures from the appropriate standing committee, the Committee on Finance shall review such recommendations to determine if, when taken as a whole, the recommendations are consistent with and within the expenditure amounts allocated. In reviewing recommendations of the standing committees, the Committee on Finance shall invite the participation of the standing committee chair concerned.

13.3. Committee on Legislative Management: Special Responsibility. The Committee on Legislative Management shall:

- (1) Make recommendations to the Speaker on the procedures and manner in which the administrative operations of the House should be conducted;
- (2) Make recommendations to the Committee on Finance on the expenses to be included in the appropriation bills providing for the expenses of the Legislature and procedures to ensure that the expenses of the House are in accordance with the appropriation acts providing therefor; and
- (3) Make recommendations to the Speaker on programs relating to the establishment and operations of the House staff.

Rule 14. Special Committee

- 14.1.** The Speaker may appoint special committees for special or temporary purposes to consider and report on such special or temporary matters referred to it.
- 14.2.** Special committees shall consist of not less than three members each, unless otherwise ordered by the House, to serve until discharged or until finally reporting on such matters referred to them.
- 14.3.** Meetings of special committees shall be conducted in the same manner as provided for standing committees.
- 14.4.** Special committees shall report upon matters referred to them within the time prescribed under the appointment of the special committees, unless further time is given by vote of the House.

Rule 15. Committee of the Whole

- 15.1.** Whenever any matter shall be referred to the entire membership of the House by adoption of a motion to that effect, the House may at any time thereafter resolve itself into a Committee of the Whole to be chaired by the Speaker.
- 15.2.** The Chief Clerk of the House shall act as Clerk of the Committee of the Whole, without extra compensation, and shall make a careful record of the proceedings which shall be filed as one of the records of the House.
- 15.3.** The committee may, on motion, rise and ask leave to sit at any future time. The rules of procedure in the House shall be observed, except as follows:
 - (1) Any member may speak more than once on the same subject, provided that the member shall not speak a second time or further until others desiring to speak have had an opportunity; and
 - (2) The motion for the "previous question" shall not be allowed.

Rule 16. Conference Committee

- 16.1.** Conference committees shall consist of not less than three members each unless otherwise ordered by the House to be appointed for the purpose of resolving differences between the House and the Senate on any matters where the joint agreement of the House and the Senate is required and shall serve until discharged or until finally reporting on the matter referred to it.
- 16.2.** The composition of the conference committee shall be as follows:
- (1) The chair of the standing committee having primary responsibility of the subject matter to be resolved shall be the chair of the conference committee on the part of the House. In the absence of the chair of the conference committee, a designee of the chair shall serve as chair;
 - (2) The membership of a conference committee shall be on a proportional basis. In appointing the minority party members, the Speaker shall consult with the minority leadership of the House.

The Speaker shall appoint the members of a conference committee as the Speaker and the chair of such standing committee having primary responsibility of the subject matter shall so mutually agree; and
 - (3) In no event shall the membership of the conference committee include any member who has voted in the negative on adoption of a substantive resolution or has voted in the negative on third reading of a bill which is the subject of the conference committee.
- 16.3.** The chair of the Committee on Finance shall be designated the chair of the conference committee on the General and Supplemental Appropriations Bills. The chair shall invite the participation of the chair of the standing committee having primary responsibility over the program or matter, as described in Part III of these Rules, to which the appropriation relates. After review, the chair of the conference committee shall be responsible for preparing the budgets for consideration by the House.
- 16.4.** The meetings of the conference committee shall be conducted as agreed upon by the members of the conference committee, subject to the provisions of Rule 16.5. It is the position of the House that conference committee meetings and decision-making sessions shall be public. Public notice of the meetings shall be given. Public notice may be posted or announced on the House floor during the session day. Subsequent meetings may be announced during conference committee meetings.
- 16.5.** The authority of a conference committee shall be limited solely to resolving differences between the House and the Senate versions of a bill or resolution.

Accordingly, a conference committee shall not amend a bill or resolution by inserting into the bill or resolution any unrelated or new subject; provided that the restrictions in this Rule 16.5 shall not apply to the General and Supplemental Appropriations Bills; provided further that any increases to the salaries, pensions, or retirement benefits for any elected or appointed officer of the State or County shall be considered by separate bill other than the aforesaid Appropriations Bills or any bill ratifying collective bargaining agreements.

Rule 17. Interim Committee

- 17.1.** Interim committees may be established between regular sessions to accomplish specified objectives and work. The appointment of interim committees shall be completed by the Speaker as soon as practicable.
- 17.2.** The composition of interim committees shall be as follows:
- (1) The chair of the interim committee shall be the chair of the standing committee having primary responsibility, as defined by these Rules, over the program or matter to be considered by the interim committee; and
 - (2) The membership of the interim committee shall be on a proportional basis. In appointing the minority party members to the interim committee, the Speaker shall consult with the minority leadership of the House. The Speaker shall appoint the members of an interim committee as the Speaker and the chair of the interim committee shall so mutually agree.
- 17.3.** Interim committees may submit interim committee reports from time to time on matters referred to them. The reports shall state findings of facts and conclusions based thereon, together with such recommendations as to the disposal of the matter.

Rule 18. Committee on the Journal

- 18.1.** A Committee on the Journal shall be appointed to: prepare, compile, and bind the House Journal; enter into contracts for printing and any other acts necessary to accomplish the purpose of printing the Journal; and distribute the Journal to the members of the House at the next regular session.
- 18.2.** The Committee on the Journal shall consist of the Speaker, Vice Speaker, Majority Leader, Majority Floor Leader, Minority Leader, Minority Floor Leader, and the chair of the Committee on Legislative Management, whose duty it shall be to prepare, compile, and bind the House Journal, and who shall be authorized to make contracts with any printer, publisher, or bookbinder for the printing and binding of said Journal. The Chief Clerk of the House shall act as Clerk of the Committee on the Journal. The committee shall report from time to time to the House.
- 18.3.** The Committee on the Journal may correct certain errors in all proper cases, and shall correct any mere clerical errors in the compilation of the Journal, such as errors in orthography or the use of one word for another as "affect" for "effect," "previous" for "previously," and the like. No corrections other than such as are authorized by this Rule shall be made at anytime by the Clerk or the Clerk's assistants, unless upon order of the committee.

Rule 19. Advisory Committee on Rules and Procedure

The Speaker shall, prior to the convening of a legislative session in an odd-numbered year, establish an Advisory Committee on Rules and Procedure. The committee shall include at least one member from the minority party. The Advisory Committee on Rules and Procedure shall review these Rules and propose to the House such amendments as the committee deems appropriate.

Rule 20. Open Committee Meetings

Every committee authorized and/or established under Part III of these Rules shall be a committee of the House. Every meeting of a committee of the House or of a committee composed of a member or members from the House and the Senate held for the purpose of making decisions on matters referred to the committee shall be open to the public; provided that certain kinds of meetings, including executive sessions, organizational meetings, partisan caucuses, and meetings the subject of which involves the invasion of a person's right to privacy if made public, need not be open to the public.

Every meeting of a special committee, interim committee, or the Advisory Committee on Rules and Procedure shall be noticed in the same manner as applicable to a standing committee.

PART IV. SESSIONS; ATTENDANCE**Rule 21. Meetings**

- 21.1. After the opening day of the Legislature, the House shall meet for the transaction of public business every day except Saturday, Sunday, any legal holiday, and any day in recess, and such other day as the House shall designate.
- 21.2. The House shall determine from time to time the normal hour of its meetings.
- 21.3. Each regular session shall be recessed for not less than five days at some period between the twentieth and fortieth days of the regular session. The House shall, by concurrent resolution, determine the dates of the mandatory recess. Any session may be recessed when a majority of the members of each house adopts a concurrent resolution for that purpose. When directed by a resolution adopted by the House, the Speaker shall consult with the President of the Senate to agree upon the time of a recess or recesses.

Rule 22. Quorum

- 22.1. A majority of the members to which the House is entitled constitutes a quorum, of which a majority vote shall suffice for the conduct of ordinary business unless otherwise provided in these Rules, but the final passage of a bill shall require the vote of a majority of all members to which the House is entitled.
- 22.2. A majority of less than a quorum may adjourn from day to day and compel the attendance of absent members.
- 22.3. If a quorum is not present at the designated time of meeting, the Speaker may declare the House adjourned.
- 22.4. The Speaker shall count the number of members present to determine whether there is a quorum.

Rule 23. Attendance

No member shall be absent from service to the House, unless the member is sick and is unable to attend or is excused by the Speaker.

Rule 24. Adjournments

- 24.1. Meetings of the House may be adjourned at any time by vote. Every adjournment shall be until the normal hour of meeting on the next business day, unless the motion for adjournment specifies otherwise.
- 24.2. A motion to adjourn is always in order and shall be decided without debate. However, one motion to adjourn shall not follow another without intervening business.
- 24.3. A motion to adjourn sine die or to adjourn to a specified time may be debated. No member shall speak more than once on such a motion.

Rule 25. Extension of Session

- 25.1. Two-thirds of the members to which the House is entitled, two-thirds of the Senate concurring, may petition the Speaker of the House and the President of the Senate to extend any session of the Legislature. The petition shall read:

"To the Speaker of the House of Representatives and the President of the Senate:

Your petitioners, members of the House of Representatives and of the Senate of the ___ Legislature of the State of Hawaii, respectfully request an extension of _____ days beyond the ____ day of the Regular Session of ____ of the ___ Legislature of the State of Hawaii."

- 25.2. The petition shall be in writing, above the signatures of the members.
- 25.3. When the Speaker of the House receives such a petition, and it is properly signed by two-thirds of the members to which each house is entitled, the Speaker and the President of the Senate shall jointly issue a proclamation extending the session for the number of days sought in the petition.

Rule 26. Special Sessions

- 26.1. Two-thirds of the members to which the House is entitled, two-thirds of the Senate concurring, may petition the Speaker of the House and the President of the Senate to call a special session of the Legislature. The petition shall read:

"To the Speaker of the House of Representatives and the President of the Senate:

Your petitioners, members of the House of Representatives and of the Senate of the ___ Legislature of the State of Hawaii, respectfully request the convening of a special session of ___, ___ Legislature of the State of Hawaii."

- 26.2. The petition shall be in writing, above the signatures of the members.
- 26.3. When the Speaker of the House receives such a petition, and it is properly signed by two-thirds of the members to which each house is entitled, the Speaker and the President of the Senate shall jointly issue a proclamation convening the Legislature in special session at the time and place sought in the petition.

PART V. ORDER; DECORUM

Rule 27. Questions of Order

Any member may raise a question of order at any stage in the proceedings of the House, except during a roll call vote. The Speaker shall decide questions of order without debate, subject to an appeal of the House. Laying an appeal on the table shall sustain the Speaker's ruling.

Rule 28. Decorum: Punishment for Violations

- 28.1. No person shall sit at the desk of the Speaker or Chief Clerk, except by permission of the Speaker.
- 28.2. No person shall walk out of the House Chamber or across the floor of the House while the Speaker is addressing the House. No person shall maintain a private discourse while the Speaker is addressing the House or a member is speaking. No person shall walk between the Speaker and a member who is speaking.
- 28.3. A question concerning conduct of the Speaker or members should not be presented by way of debate on other matters. Allusions to, or critical reference to the Speaker or members are not in good order. Such attacks are not conducive to the good order of the House.
- 28.4. The Speaker shall order any member who conducts himself or herself in a disorderly manner during any session of the House to stay in his or her seat and be in order. The Speaker shall order the Sergeant-at-Arms to remove any member who persists in disorderly conduct from the House for the remainder of the day's session, unless the member who has been disorderly pledges to the House that he or she will maintain good behavior.
- 28.5. Any member who wishes to speak shall rise from his or her seat and address the Speaker, saying, "Mr. Speaker" or "Madam Speaker". When recognized, the member shall face the Speaker, and address the question under debate. All debate shall be addressed to the Speaker and not to the membership or an individual member.
- 28.6. A member referring to another member should avoid using the member's name or political party, rather identifying the member by district, seat, as the member who last spoke, or other similar manner.
- 28.7. It is not the person but the measure that is the subject of debate, and it is not allowable to arraign the motives of a member, but the nature or consequences of a measure may be condemned in strong terms.
- 28.8. The Speaker shall call to order any member who violates these Rules while in session, and the member shall then immediately sit down. The Speaker shall then decide the question of order without debate, subject to an appeal to the House. The Speaker may call for the sense of the House on any question of order.
- 28.9. A member who is called to order while speaking shall retain the floor while the question of order is decided. However, the member may not proceed with the matter under discussion until recognized by the Speaker to continue.
- 28.10. Any member may demand that the Chief Clerk take down the words or actions objected to when a member is called to order for words spoken or actions taken during debate, and may ask that they be read for the information of the House.
- 28.11. The House may censure its members for disorderly conduct or neglect of duty. The House may also suspend or expel a member by a two-thirds vote of the total membership of the House.
- 28.12. The House may establish an investigating committee pursuant to chapter 21, Legislative Hearings and Procedure, Hawaii Revised Statutes, for the purposes therein mentioned.
- 28.13. Cell phones, pagers and similar devices shall be kept in silent mode, and not be used, while on the floor of the House Chamber.

Rule 29. Disclosures and Punishment of Members

- 29.1. Each member shall file with the Ethics Commission of the State of Hawaii a disclosure of his or her private financial interests, as prescribed by law. Each member shall file with the Ethics Commission any change in his or her financial interests.
- 29.2. If a legislative matter which affects a member's interests arises before the member has made a disclosure to the Ethics Commission, the member shall orally disclose his or her interest to the House before voting. The member then shall immediately make the written disclosure required by law and these Rules.
- 29.3. In accordance with Rule 60.7, the Speaker shall appoint a Select Committee on Standards of Conduct to receive complaints and investigate any member for misconduct, disorderly conduct, neglect of duty, violation of chapter 84, Hawaii Revised Statutes, or violation of these Rules. The House may punish any member found guilty by such a committee by censure, suspension, or expulsion. Censure shall require the approval of a majority of the members to which the House is entitled. Suspension or expulsion shall require the approval of two-thirds of the members to which the House is entitled.

PART VI. ORDER OF BUSINESS**Rule 30. Order of Business: General; Order of the Day**

30.1. The daily order of business shall be:

- (1) Roll call;
- (2) Reading and approval of the Journal unless the House by motion dispenses with such reading;
- (3) Messages from the Governor;
- (4) Reports and communications from the heads of agencies; and
- (5) Bills, resolutions, and other matters received from the Senate to be placed on the calendar.

30.2. At the option of the Speaker, prior to the convening of any session, there shall be an invocation. Any invocation shall be limited to two minutes, and should not be used to proselytize, advance, or disparage any religion or point of view. Attendance at and participation in the invocation shall be voluntary for all persons.

30.3. The order of matters to be considered in the Order of the Day shall be:

- (1) Unfinished business upon which the House was engaged at the time of its last adjournment;
- (2) Reports of committees;
- (3) Petitions, memorials, and communications;
- (4) Second and third readings;
- (5) Introduction of bills and resolutions;
- (6) Any miscellaneous business on the Speaker's table; and
- (7) Announcements.

Rule 31. Order of Business: Special

The House may, by previous motion, direct that any matter be made a special order of business. Special orders shall take precedence over all business after the fourth order in the order of business. The House may also specify that special orders be taken up at a later specified point in the order of business.

Rule 32. Order of Business: Unfinished Business; Committee Reports and Messages

32.1. Any business which the House did not complete before its last adjournment shall have precedence in the Order of the Day. No motion or other business shall be received without special leave of the House until the unfinished business is disposed of.

32.2. Reports from conference committees and from the Committee on Legislative Management shall be in order at all times. Upon motion, messages or reports from the Governor or from the Senate may be received at any time, provided that without unanimous consent such messages or reports shall not be in order for discussion when received but shall be placed on the calendar as "Unfinished Business".

Rule 33. Order of Business: Questions of Priority

All questions relating to the priority of business shall be decided without debate.

PART VII. BILLS AND RESOLUTIONS**Rule 34. Form: Bills, Resolutions, and Amendments**

34.1. All bills and resolutions to be introduced shall be submitted in the form and in the number of copies designated by the Chief Clerk. Short form bills may be introduced. All bills and resolutions shall be dated and signed by the introducer in black ink.

34.2. Every bill introduced or reported out of any committee, which amends an existing section or subsection of the Hawaii Revised Statutes or Session Laws of Hawaii, shall set forth the section or subsection in full, and the matter to be deleted shall be enclosed in brackets and stricken, and any new matter added to the section or subsection shall be underscored. However, a bill need not conform to this rule if it is: (1) a Supplemental Appropriations Bill; or (2) a bill amending the intent and effect of which can be clearly identified and understood without repeating the entire section or subsection, in which case only the paragraphs, subparagraphs, clauses, or items to be amended need be set forth as the Speaker may allow. The Speaker may allow additional exceptions to this rule.

34.3. No floor amendment to a bill shall be voted upon unless a copy of such amendment shall have been presented to the Chief Clerk who shall prepare and distribute copies of the amendment to each member of the House present.

34.4. The House shall, in concurrence with the Senate, provide for the date by which all bills to be considered in a regular session shall be introduced. This date shall precede the commencement of the mandatory recess provided for by Article III, Section 10 of the Constitution of the State of Hawaii.

Rule 35. Bills: First Reading

The first reading of a bill shall be of its title only.

Rule 36. Bills: Second Reading

On second reading, a bill may be read by title only, or, on motion, read throughout. It shall then be subject to a motion for referral to a committee. If it is referred to the Committee of the Whole instead of a special or standing committee, the chair of the Committee of the Whole shall set a day for its consideration. When a bill is reported by a standing committee, special committee, or the Committee of the Whole, and has passed second reading, it shall take its place in the order of business for future consideration.

Rule 37. Bills: Third or Final Reading

- 37.1. No bill shall pass third or final reading in the House unless printed copies of the bill in the form to be passed have been made available to the members of the House for at least 48 hours. "Form to be passed" means the form in which a bill is to be either: (i) passed on third reading in the House; (ii) concurred to by the House after amendments have been made by the Senate; or (iii) passed by the House after a conference committee has agreed upon it.
- 37.2. A bill on its third or final reading may be read by its title only and the Speaker shall then ask the House, "Shall this bill pass its third reading?" or "Shall this bill pass its final reading?" as the case may be. Such bill may be amended on its third reading. For the final passage of any bill, the Ayes and Noes shall be called or a vote shall be taken pursuant to Rule 51.3 and such passage shall require the affirmative vote of a majority of all members to which the House is entitled. The vote upon third reading shall be upon a motion that the bill pass third reading, rather than upon adoption of a committee report, so that amendments to the bill may be offered at third reading and voted upon.
- 37.3. The House shall not concur with substantive amendments made by the Senate to a House bill until the chair of the standing committee having primary responsibility for the subject matter contained in the bill has granted prior concurrence to such amendments as provided for under Rule 13.1.

Rule 38. Bills: Recall from Committee

- 38.1. Any bill that has been referred to a committee may be recalled from that committee 20 days after referral, if one-third of the members to which the House is entitled vote in favor of the recall.
- 38.2. No parliamentary rule or procedure may supersede the constitutional right of recall of a bill from committee.

Rule 39. Bills: Certification

- 39.1. When the House passes a bill, the Speaker and the Chief Clerk shall certify it and note the day of its passage at the bottom of the last page of the bill.
- 39.2. When a bill introduced in the House passes third reading in the House, the Speaker and the Chief Clerk shall immediately send it to the Senate. Likewise, they shall send to the Senate any bill which the House receives from the Senate, amends, and passes on third reading in the House. Likewise, they shall send to the Senate any bill introduced in the Senate in the first regular session of a Legislature which passes third reading in the House in the second regular session of the same Legislature.

Rule 40. Bills and Resolutions: Order of Consideration

- 40.1. The Chief Clerk shall send bills that have passed first reading to be printed immediately. When they have been printed and circulated to the members of the House, the Speaker shall refer them to the various committees. When the committees have considered them and reported on them, the committees shall return them to the Chief Clerk, and the Chief Clerk shall place them in the second reading file. The House shall consider them in the order in which they appear in the second reading file.
- 40.2. The Chief Clerk shall arrange bills that have passed second reading in the order of their passage on second reading, regardless of the date of their referral to committee or the date of the committee report on them. The Chief Clerk shall place them in the third reading file in the order in which they passed second reading, and the House shall consider them on third reading in that same order. However, if the third reading of a bill is set for some particular date, that bill shall be removed from the third reading file.
- 40.3. The Chief Clerk shall send all resolutions, except congratulatory resolutions, to be printed. When they have been printed and circulated among the members of the House, they shall be placed on the calendar for adoption, unless the House orders otherwise.
- 40.4. Resolutions shall either be considered at a stated date or be referred to a committee.

Rule 41. Bills and Other Matters: Special Order of Consideration

- 41.1. The Chief Clerk shall place all bills and other matters which are to be considered on particular dates in a special file, in the order of dates assigned for their consideration, and the House shall consider them in that order.
- 41.2. If the House adjourns before disposing of matters on special order, those matters shall carry over to the next day's business. The House shall then consider them under "Unfinished Business" in the Order of the Day, unless the House orders otherwise.

Rule 42. Bills: Property of the House

All bills introduced in the House shall be the property of the House.

Rule 43. Bills: Carryover Bills

- 43.1. Any bill pending at the final adjournment of a regular session in an odd-numbered year shall carry over with the same status to the next regular session; provided that if such bill shall have passed third reading in the House in an odd-numbered session, it shall again be placed in the third reading file and pass at least one reading in the House in the next regular session upon its return to the House from the Senate.
- 43.2. Bills which carry over from a regular session in an odd-numbered year to the next regular session shall retain the numbers assigned to them. The Chief Clerk shall keep a record of the status of all bills in possession of the House at the end of the session in odd-numbered years and shall publish the record of the status of all such bills prior to the convening of the next regular session.

Rule 44. Bills: Pre-Filing

The Chief Clerk shall accept bills to be pre-filed within seven calendar days before the commencement of the regular session in the even-numbered year.

Rule 45. Bills: Corrections of Errors

When a bill has passed the House and the Senate and an error in the bill is discovered prior to its having received approval of the Governor, the bill may be returned by concurrent resolution in the house last considering the bill for proper correction.

PART VIII. PETITIONS AND COMMUNICATIONS**Rule 46. Petitions and Communications: Presentation and Disposition**

- 46.1. Any person may petition the House. Petitions shall be in writing, and the petitioners shall sign them.
- 46.2. The Speaker shall order all petitions and communications filed or referred to a committee without any motion or vote, unless there is objection from the members. If there is objection, the Speaker shall dispose of the matter as the House directs.
- 46.3. Upon the request of a member, the Speaker may authorize the issuance of congratulatory certificates in the name of the House.

PART IX. MOTIONS; DEBATE**Rule 47. Motions: Generally**

- 47.1. No motion shall be received and considered by the House until the same shall have been seconded.
- 47.2. After a motion is stated and determined to be in order by the Speaker, it shall be disposed of by vote of the House. However, the motion may be withdrawn by the movant at any time before a decision or amendment.
- 47.3. Whenever any question whatsoever shall be under discussion, the only permanent motions shall be:
- | | |
|---------|--------------------------------|
| First: | To lay on the table; |
| Second: | To postpone to a certain time; |
| Third: | To commit; |
| Fourth: | To amend; and |
| Fifth: | To postpone indefinitely; |
- which motions shall have precedence in the order named.
- 47.4. The first two motions shall be decided without debate and shall be put as soon as made.
- 47.5. Whenever any of the first four motions mentioned above shall be decided in the negative, it shall not be revived the same day in regard to the main question under discussion. If a motion to amend in a specific manner is defeated, it shall not be revived on the same day.

Rule 48. Indefinite Postponement

When a question is postponed indefinitely, the same shall not be acted upon again during the regular or special session in which it was introduced without the consent of two-thirds of the members to which the House is entitled.

Rule 49. Matters Tabled

When a question has been laid on the table, it shall not thereafter be taken from and be considered or restored to a place upon the calendar of the House without the consent of the majority upon a motion made on the day the question was tabled or on the next day that the House is in session; thereafter, no motion to take any question from the table shall be made without the consent, in writing, of the majority. A motion to take any question from the table, if decided in the negative, may not again be made on the same day.

Rule 50. Motions: Previous Question

The purpose of the motion for the previous question is to end debate. The motion shall always be in order, except as otherwise provided herein. It shall require a majority vote of the members present in the House at the time the motion is made. Whenever the motion is carried, the movant of the main subject under discussion shall be permitted to close the debate, after which the main question, subject to the order of priority, shall be put; provided that the movant may delegate the right to close to another member.

Rule 51. Motions: Reconsideration

- 51.1. When a motion has been made once and carried in the affirmative or negative, it shall not be in order for any member who voted in the minority to move for reconsideration, but any member who voted with the majority may move to reconsider it on the same or succeeding day of the session. A motion to reconsider shall take precedence over all other questions except a motion to adjourn.
- 51.2. The House shall not reconsider a motion to reconsider.
- 51.3. If the House wishes to reconsider a measure or other matter which it already has passed or adopted and sent to the Senate, the motion to reconsider shall be accompanied by a motion to request the Senate to return the measure or other matter. The House shall act first on the motion for return of the measure or other matter, without debate. If this motion fails, it is an end of the matter, and the movant and seconder of the motion to reconsider shall withdraw their motion.

Rule 52. Debate: Limits

- 52.1. No member shall speak more than twice on the same question without leave of the House; provided, however, that the movant of the matter pending shall be permitted to speak in reply, but not until every member choosing to speak shall have spoken. No member shall speak longer than five minutes the first time and three minutes the second time on the same question; provided however, that any member may yield his or her speaking time to another member.
- 52.2. When a member yields the floor to another member, the yielding member's time shall continue to run, except when such yielding shall be to allow a specific question to be asked and when in response to the specific question asked.

PART X. VOTING**Rule 53. Voting: Methods**

- 53.1. There shall be five methods of ascertaining the decision of the House on any matter: first, by voice vote; second, by raising of hands; third, by standing; fourth, by call of the roll of members, each of whose votes shall be recorded by the Chief Clerk; and fifth, by unanimous consent.
- 53.2. When the House is ready to vote on any question, the Speaker shall rise, state the question, and ask all those who wish to vote yes on the question say "aye" in a clear, loud voice. The Speaker then shall ask all those who wish to vote no on the question say "no" likewise. The Speaker shall announce the decision of the House after the Chief Clerk has announced the result of the voting of the House, except that the Chief Clerk shall not announce the decision of the House after a voice vote.
- 53.3. With the unanimous consent of the House, the Speaker may direct the Chief Clerk to record an aye for each member of the House. If there is no objection, the Chief Clerk shall so record the vote. If there is objection, the Speaker shall ask for the names of the members voting no, and order the Chief Clerk to record no votes for them. A vote shall not be recorded for any member who is not present at the time the vote is taken.

Rule 54. Voting: Rights of Members; Restrictions

- 54.1. In case of a voice vote, if one-fifth of the members present doubt the result the Speaker announces, they may ask for a show of hands. The Speaker then shall state the question again and ask those who wish to vote yes on the question to raise their hands. The Chief Clerk then shall count the number voting yes and report the result to the Speaker. The Speaker then shall ask those who wish to vote no to raise their hands likewise. The Chief Clerk shall count the no votes and report the result to the Speaker. The Speaker then shall announce the result to the House.
- 54.2. In case of a show of hands, if one-fifth of the members present doubt the result the Speaker announces, they may ask for a standing vote. The Speaker then shall state the question again, and ask those who wish to vote yes to stand up and remain standing until the Chief Clerk counts their votes and reports the result to the Speaker. The Speaker then shall ask those who wish to vote no to stand likewise. The Chief Clerk shall report the result to the Speaker and the Speaker shall announce it to the House.
- 54.3. Any time one-fifth of the members present request it, the Chief Clerk shall call the roll of members of the House to determine their vote on a question. Each member who wishes to vote yes on the question shall say "aye" in a loud, clear voice when his or her name is called by the Chief Clerk. Each member who wishes to vote no on the question shall say "no" likewise.
- 54.4. No member shall refrain from voting unless excused pursuant to Rule 60.6.
- 54.5. When voting is by roll call, no member may explain his or her vote, unless the House permits it by unanimous consent.
- 54.6. No member may vote or change his or her vote after the Speaker has announced the result of voting.
- 54.7. Any member who refuses (including the "kanalua" response) three times to vote when ordered to do so will be considered to have voted aye, and the Chief Clerk shall record an aye vote for the member.

PART XI. MISCELLANEOUS**Rule 55. Subpoena; Oaths; Witness Fees**

- 55.1. The Speaker, and every investigating committee under chapter 21, Hawaii Revised Statutes, may issue subpoenas requiring the attendance of witnesses or production of evidence in any matter before the House or its committees pursuant to chapter 21, Hawaii Revised Statutes.
- 55.2. Any member of the House may administer oaths to witnesses in any matter pending in the House or in any committee of the House.
- 55.3. Any witness subpoenaed to appear before the House or any of its committees shall receive the same witness fees and mileage allowances that the Circuit Courts of the State pay.

Rule 56. Public Information

The Speaker may admit to the House Chamber stenographers and members of the news media who wish to take down debates or report the proceedings of the House. The Speaker shall assign such persons places for observation and other facilities which will not interfere with the operations of the House.

Rule 57. Disposition of Records at Adjournment

Within ten days after the House adjourns sine die in even-numbered years, its committees shall deliver to the Chief Clerk all bills, resolutions, petitions, and any other papers referred to the committees, plus any evidence taken by the committees. If a committee fails to comply with this rule, the Chief Clerk shall report its failure to the Speaker.

Rule 58. House Administrative and Financial Manual

- 58.1. The House shall adopt an administrative and financial manual.
- 58.2. After adoption, any revision to the manual shall be presented to the House unless otherwise provided in the manual.

PART XII. AMENDMENT, SUSPENSION, AND INTERPRETATION OF RULES**Rule 59. Rules: Amendment**

These Rules shall not be altered unless the members of the House have received the 24 hour notice of the proposed change. The 24 hour period shall commence with the placement of a printed copy of the proposed amendment upon the desk of each member. Changes in these Rules shall be taken up as a special order. Any change in these Rules shall require the approval of majority of the members to which the House is entitled.

Rule 60. Rules: Suspension

These Rules may be suspended by the approval of majority of the members to which the House is entitled.

Rule 61. Parliamentary Practice

Mason's Manual of Legislative Procedure, 2010 Edition, is hereby designated as the adopted parliamentary authority of the House.

PART XIII. CODE OF LEGISLATIVE CONDUCT**Rule 62. Standards of Conduct**

- 62.1. Members should conduct themselves in a respectful manner befitting the office with which they as elected officials have been entrusted, respecting and complying with the law and acting at all times in a manner that promotes public confidence in the integrity of the House.
- 62.2. Members should not lend the prestige of public office to advance the private interests of themselves or others; nor should members convey or permit others to convey the impression that they are in a special position to unduly influence public business pending before them.
- 62.3. Members should treat their fellow House members, staff, and the general public with respect and courtesy, regardless of political or religious beliefs, age, race, ethnicity, sex, sexual orientation, gender identity or expression, or physical disability.
- 62.4. The legislative duties of members, as prescribed by law and these Rules, should take precedence over all of their other business or professional activities. Members should freely and willingly accept certain restrictions on their business activities and professional conduct that might be considered burdensome by an ordinary private citizen, and should perform the duties of elected office impartially and diligently. To the greatest extent reasonably possible, members should:
 - (1) Refrain from allowing family, social, business, or other relationships to unduly influence the member's legislative conduct or judgment;
 - (2) Refrain from showing bias or prejudice, including but not limited to bias or prejudice based on political or religious beliefs, age, race, ethnicity, sex, sexual orientation, gender identity or expression, or physical disability, in the performance of their official duties;
 - (3) Exercise patience, tolerance, and courtesy to all those with whom they deal with in an official capacity, and require staff and others subject to their direction and control to maintain similar standards of conduct, fidelity, and diligence inherent in public service;
 - (4) Exercise the power of appointment impartially and on the basis of merit, refraining from making unnecessary appointments and approving compensation of appointees beyond the fair value of services rendered;
 - (5) Afford to every person who wishes to participate in the legislative process the opportunity to be heard according to established procedures;
 - (6) Consider at all times whether their conduct would create in reasonable minds the perception that their ability to carry out legislative responsibilities with integrity and independence is either questionable or impaired;
 - (7) Manage their personal interests and obligations so as to minimize the number of votes in which they are in, or may reasonably be perceived to be in, potential conflict;
 - (8) Refrain from using, or permitting the use of, the privileges and prestige of their public office to derive undue personal, professional, or financial benefits for themselves, members of their family, or others with whom they maintain personal, business, or professional relationships;

- (9) Refrain from engaging in financial and business dealings that involve them in frequent transactions, or continuing business or professional relationships, with those persons likely to derive benefits from public financial matters either pending or already deliberated and voted upon by the House, to the extent that such conduct may reasonably be perceived as personal exploitation of their public office; and
 - (10) Refrain from membership in an organization that practices invidious discrimination and gives rise to perceptions that one's impartiality and ability to serve as a representative are unduly compromised.
- 62.5.** If the member has a conflict of interest in legislation, the member shall disclose to the presiding officer (the committee chair or the Speaker, depending on where the vote is taking place) the conflict of interest prior to voting on that legislation. For the purposes of this rule, a "conflict of interest" means that the legislation affects the member's direct personal, familial, or financial interest except if the member, or the member's relative, is part of a class of people affected by the legislation.
- 62.6.** If a member is uncertain as to whether a conflict of interest exists, the member may request a ruling from the presiding officer by giving notice and disclosing the direct financial interest to the presiding officer prior to voting. When making a determination in cases where a portion of a measure may place a member in a conflict of interest, the presiding officer shall give due consideration to the context of that portion as it relates to the overall purpose of the measure. If the presiding officer determines that a conflict exists, the presiding officer shall recognize the conflict and honor the member's request to be excused from discussion, debate, and voting.
- 62.7.** There shall be established a Select Committee on Standards of Conduct composed of three members of the majority party and three members of the minority party, who shall be appointed by the Speaker. The Committee shall investigate any member for misconduct, disorderly conduct, neglect of duty, violation of chapter 84, Hawaii Revised Statutes, or violation of these Rules. The Select Committee on Standards of Conduct shall operate in accordance with rules and procedures adopted by the House.
- 62.8.** Except as provided, a member shall not accept an honorarium related to the member's legislative role, duties, or responsibilities. For the purposes of this rule, an "honorarium" means compensation provided to a member for services rendered by the member under conditions for which there is no contractual or legal obligation by the recipient of the services to compensate the member. The following shall not be considered an honorarium:
- (1) Reasonable and verifiable expenses for the member's meals, travel, lodging, and for care of a child or dependent adult that are actually incurred;
 - (2) Permissible gifts under chapter 84, Hawaii Revised Statutes;
 - (3) Anything of value that is otherwise reported or reportable as a campaign donation or expenditure; or
 - (4) Any compensation if the member is requested to appear and/or speak on a topic or issue that is not related to the member's legislative role or duties.
- 62.9.** Even if permitted by Rule 60.8, a member may not accept an honorarium if the offering of the honorarium is made for the purpose of influencing the performance of a member's official duties.
- 62.10.** No member shall solicit any monetary campaign contribution from an employee over whom the member has authority to exercise direct control.
- "Direct control" means the authority to subject a person to an adverse employment action, including termination, reduction in compensation, demotion, or denial of a promotion.
- 62.11.** Nothing herein shall be construed to limit, approve, prohibit, or infringe upon the proper jurisdiction of the Ethics Commission.

HOUSE OF REPRESENTATIVES

RULES FOR THE SELECT COMMITTEE ON STANDARDS OF CONDUCT

STATE OF HAWAII
THE THIRTY-FIRST LEGISLATURE2021-2022

RULES FOR THE SELECT COMMITTEE ON STANDARDS OF CONDUCT

TABLE OF CONTENTS

PART 1. DEFINITIONS

- 1.1. Definitions

PART 2. GENERAL APPLICABILITY

- 2.1. Powers of the Speaker of the House
- 2.2. Vacancies
- 2.3. Meetings
- 2.4. Quorum
- 2.5. Order of Business
- 2.6. Hearings Announcements
- 2.7. Committee Meetings
- 2.8. Record of Testimony and Committee Action
- 2.10. Television, Film, Radio
- 2.11. Legislative Recommendations
- 2.13. Limitations

PART 3. GENERAL PROCEDURES

- 3.1. Right to Hearing
- 3.2. Closed Hearings
- 3.3. Adjudicatory Hearings
- 3.4. Presiding Officer
- 3.6. Depositions
- 3.7. Oath or Affirmation
- 3.8. Witnesses
- 3.10. Committee Report; Opposing Views

PART 4. PROCEDURES FOR COMPLAINTS, ALLEGATIONS, OR INFORMATION

- 4.1. Complaint, Allegation, or Information
- 4.2. Form and Content of Complaints

PART 5. PROCEDURES FOR CONDUCTING A PRELIMINARY INQUIRY

- 5.1. Basis for Preliminary Inquiry
- 5.2. Scope of Preliminary Inquiry
- 5.4. Final Report
- 5.5. Committee Action

PART 6. PROCEDURES FOR CONDUCTING AN ADJUDICATORY REVIEW AND ADJUDICATORY HEARING

- 6.1. Scope of Adjudicatory Review
- 6.2. Notice to Respondent
- 6.3. Final Report of Adjudicatory Review to Committee
- 6.4. Committee Action
- 6.5. Right of Appeal
- 6.6. Adjudicatory Hearings; Notice
- 6.7. Adjudicatory Hearings; Preparation
- 6.8. Adjudicatory Hearings; Right to Cross-Examine and Call Witnesses
- 6.9. Adjudicatory Hearing; Admissibility of Evidence
- 6.10. Adjudicatory Hearing; Supplementary Hearing Procedures

PART 7. DEPOSITIONS

- 7.1. Persons Authorized to Take Depositions
- 7.2. Deposition Notices
- 7.3. Deposition Procedure

PART 8. RIGHTS OF WITNESSES

- 8.1. Television, Film, Radio
- 8.2. Right to Counsel
- 8.4. Proposed Questions
- 8.5. Opening Statements

PART 9. VIOLATIONS OF LAW; CONTEMPT; PERJURY; AND APPLICABLE RULES AND STANDARDS OF CONDUCT

- 9.1. Violations of Law
- 9.2. Contempt
- 9.3. Perjury
- 9.4. Applicable Rules and Standards of Conduct

PART 10. RULES OF DISCLOSURE

- 10.1. Non-Disclosure Policy
- 10.2. Disclosure to Executive and Judicial Officials
- 10.3. Committee-Sensitive Documents
- 10.4. Release of Report to Public

PART 11. CHANGES IN SUPPLEMENTARY PROCEDURAL RULES

- 11.1. Adoption of Changes in Supplementary Rules
- 11.2. Publication

Preface

The purpose of these rules is to enable the Select Committee on Standards of Conduct to properly perform the powers and duties vested in the Committee, including the conduct of hearings, in a fair and impartial manner, consistent with the protection of constitutional rights of persons called to testify at hearings and the preservation of public good.

PART 1. DEFINITIONS

1.1. Definitions. As used in these rules, unless a different meaning is clearly intended by the context:

"Adjudicatory review" means a proceeding undertaken by the Committee after a finding, on the basis of a preliminary inquiry, that there is substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred.

"Authorized membership" means the total number of members appointed to the Committee.

"Chair" includes the Chair appointed by the Speaker, or in the absence of the Chair, the Vice Chair appointed by the Speaker, or in the absence of both the Chair and Vice Chair, a member designated by the Chair.

"Committee" means the Select Committee on Standards of Conduct established under House Rule 60.7.

"Executive session" means a session at which only members, staff, witnesses, and counsel for a witness or witnesses are permitted to be present. Other individuals may be admitted to an executive session for a specified period or purpose on the motion of a member with the approval of the Chair and Vice Chair. An executive session may be convened by a two-thirds vote of the authorized membership.

"House" means the House of Representatives.

"Member" means a member of the Committee.

"Preliminary inquiry" means a proceeding undertaken by the Committee following the receipt of a complaint from a Representative about misconduct to determine whether there is substantial credible evidence that provides substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred.

"Quorum" means a majority of the authorized membership provided that, except for an adjudicatory hearing under Part 6 or the taking of a deposition under Part 7, one member shall constitute a quorum to hear testimony if all members have been given notice of the hearing and a member of the majority party and a member of the minority party have been designated by the Chair and Vice Chair respectively to be in attendance.

"Speaker" means the Speaker of the House of Representatives.

PART 2. GENERAL APPLICABILITY

2.1. Powers of the Speaker of the House. The Speaker shall have administrative authority over the activities and operations of the Committee to:

- (1) Assign appropriate staff and to direct appropriate services to assist the Committee in accomplishing its purpose;
- (2) Adjust the respective membership of the Committee as deemed necessary, including the filling of vacancies; and
- (3) In the absence of the Chair, sign hearing notices or subpoenas and subpoenas duces tecum, as authorized to be issued by the Committee.

2.2. Vacancies. Vacancies shall not affect the authority of the remaining members to execute the functions of the Committee.

2.3. Meetings. Meetings may be held at the call of the Chair if at least 48 hours notice is furnished to all members. If all members agree, or if approved by the Speaker, a meeting may be held on less than 48 hours notice.

2.4. Quorum. A quorum shall be present for the transaction of business involving complaints or allegations of, or information about, misconduct, including resulting preliminary inquiries, adjudicatory reviews, recommendations, and reports.

2.5. Order of Business. The order of business and the procedure of the Committee shall be decided by the Chair and Vice Chair.

2.6. Hearings Announcements. The Committee shall publicly announce the date, place, and subject matter of its hearing at least one week before the commencement of that hearing. If the Committee determines that there is good cause to commence a hearing at an earlier date, notice shall be given at the

earliest possible time.

2.7. Committee Meetings. Meetings of the Committee shall be open to the public unless the meeting is held in executive session.

2.8. Record of Testimony and Committee Action. (a) An accurate stenographic or transcribed electronic record shall be kept of all Committee proceedings, whether in executive or public session, which record shall include rulings of the Chair, questions of the Committee and its staff, the testimony or responses of witnesses, sworn written statements submitted to the Committee, any vote of the Committee, and such other matters as the Committee or the Chair may direct.

(b) The record of any remarks made by a member, Committee staff, outside counsel retained by the Committee, counsel for the witness, or witness, whether in public or executive session, shall be made available for inspection in accordance with Part 10 under Committee supervision at a time and place determined by the Chair; a copy of any testimony given by a witness in public session, or that part of the testimony given by the witness in executive session and subsequently quoted or made part of the record in a public session shall be made available to any witness if requested.

(c) Any member, Committee staff, outside counsel retained by the Committee, counsel for the witness, or witness may suggest to the official reporter, any corrections to typographical or transcription errors. If the reporter declines to make the requested corrections, the member, staff, outside counsel, counsel for the witness, or witness may request a ruling by the Chair and Vice Chair, acting jointly. Any questions arising with respect to the processing and correction of transcripts shall be decided by the Chair and Vice Chair, acting jointly.

(d) Except for the record of a hearing which is closed to the public, each transcript shall be printed as soon as is practicable after receipt of the corrected version. The Chair and Vice Chair, acting jointly, may order the transcript of a hearing to be printed without corrections if a reasonable time to correct the transcript has been afforded and corrections have not been requested.

(e) Records of the Committee shall be maintained by the Chief Clerk of the House.

2.9. Ineligibility or Disqualification of Members. (a) A member shall be ineligible to participate in any Committee proceeding that relates specifically to any of the following:

- (1) A preliminary inquiry or adjudicatory review relating to:
 - (i) The conduct of the member; or
 - (ii) Any complaint filed by the member against another Representative; and
- (2) The determinations and recommendations of the Committee with respect to any preliminary inquiry or adjudicatory review described in subparagraph (1).

A member may also be ineligible to participate if the member's staff will be a witness.

(b) If any Committee proceeding appears to relate to a member in a manner described in paragraph (a), the staff shall prepare a report to the Chair and Vice Chair. If either the Chair or the Vice Chair concludes from the report that it appears that the member may be ineligible to participate in a Committee proceeding, the member shall be notified in writing of the nature of the particular proceeding and the reason that it appears that the member may be ineligible to participate in it. If the member agrees to the ineligibility, the member shall notify the Chair or Vice Chair. If the member does not agree, the member may explain the reasons to the Chair and Vice Chair, and if they both agree that the member is eligible, the member shall continue to serve. But if either the Chair or Vice Chair continues to believe that the member is ineligible and the member disagrees, the matter shall be promptly referred to the Committee. The member shall present arguments to the Committee in executive session. Any contested questions concerning a member's eligibility shall be decided by a majority vote of the Committee, meeting in executive session, with the member in question not participating.

(c) Members may disqualify themselves from participating in any preliminary inquiry or adjudicatory review pending before the Committee and the determinations and recommendations of the Committee with respect to any such preliminary inquiry or adjudicatory review.

(d) Whenever any member is ineligible under paragraph (a) to participate in any preliminary inquiry or adjudicatory review, or is disqualified under paragraphs (b) and (c) from participating in any preliminary inquiry or adjudicatory review, another Representative shall be appointed by the Speaker, after written notice about the ineligibility or disqualification, to serve as a member solely for purposes of such preliminary inquiry or adjudicatory review and the determinations and recommendations of the Committee with respect to such preliminary inquiry or adjudicatory review. Any Representative appointed for such purposes shall be of the same party as the member who is ineligible or disqualified.

(e) The Speaker shall be given written notice of the ineligibility or disqualification of any member from any preliminary inquiry, adjudicatory review, or other proceeding requiring the appointment of another member in accordance with paragraph (d).

2.10. Television, Film, Radio. Public hearings or meetings may be televised, filmed, or otherwise recorded and made public, unless otherwise determined by a two-thirds vote of the authorized membership. Photographers and reporters using mechanical recording, filming, or broadcasting apparatus shall position their equipment so as not to interfere with the seating, vision, and hearing of the members and staff, or with the orderly process of the meeting or hearing.

2.11. Legislative Recommendations. The Committee shall recommend to the House by report or resolution any additional rules or other legislative measures as it determines to be necessary or desirable to ensure proper standards of conduct by Representatives. The Committee may conduct inquiries as it deems necessary to prepare this report or resolution, including the holding of hearings in public or executive session and the use of subpoenas as provided for in Part 3. The Committee may make legislative recommendations as a result of its findings in a preliminary inquiry, adjudicatory review, or other proceeding.

2.12. Educational Mandate. The Committee may develop and implement programs and materials designed to educate members about the laws, rules, and standards of conduct applicable to members in the performance of their duties.

2.13. Limitations. Nothing in these rules shall be construed to limit or prohibit the acquisition of evidence or information by the Committee through any lawful means.

PART 3. GENERAL PROCEDURES

3.1. Right to Hearing. The Committee shall give the Representative responding to the complaint or facing an adjudicatory review under Part 6 an opportunity for a hearing before it recommends disciplinary action against that Representative to the House or before it imposes an order of restitution or reprimand (not requiring discipline by the full House).

3.2. Closed Hearings. All hearings of the Committee relating to allegations of misconduct shall be closed to the public unless the Committee determines by a two-thirds vote of the authorized membership that a hearing should be public.

3.3. Adjudicatory Hearings. The Committee may, by a two-thirds vote of the authorized membership, designate any public hearing or executive session as an adjudicatory hearing. Any hearing which is concerned with possible disciplinary action against a respondent or respondents designated by the Committee shall be an adjudicatory hearing. In any adjudicatory hearing, the procedures described in Part 6 shall apply.

3.4. Presiding Officer. The Chair shall preside over hearings.

3.5. Subpoenas. (a) The Committee, with the concurrence of the Speaker, may issue, by a two-thirds vote of the authorized membership, subpoenas requiring the attendance of witnesses and subpoenas duces tecum requiring the production of books, documents, or other evidence, in any matter pending before the Committee.

(b) The form of subpoenas, the manner of service, witness service fees, and notice requirements shall be as provided in sections 21-8 and 21-9, Hawaii Revised Statutes.

(c) Every subpoena and subpoena duces tecum authorized to be issued by the Committee shall be issued under the signature of the Chair and shall command each person to whom it is directed to attend and give testimony at a time and place thereon specified, and if requested by the Committee, to produce the books, papers, documents, or tangible things required by the Committee to be produced.

(d) The Committee may delegate to the Chair the authority to specify the time and place at which the person subpoenaed is to attend and give testimony and to designate the books, papers, documents, or tangible things required by the Committee to be produced.

(e) The Committee, by a two-thirds vote of the authorized membership, may withdraw a subpoena issued on behalf of the Committee.

3.6. Depositions. Depositions shall be taken in accordance with Part 7.

3.7. Oath or Affirmation. (a) All testimony given or adduced at a hearing; preliminary inquiry under Part 5; or adjudicatory review or hearing under Part 6, shall be made under oath or affirmation unless the requirement is dispensed with in a particular instance by a majority of the members present at a hearing. Any member may administer an oath or affirmation to a witness at a hearing of the Committee.

(b) The form of the oath or affirmation shall be as follows: "Do you solemnly swear or affirm that the testimony you are about to give will be the truth, the whole truth, and nothing but the truth?"

3.8. Witnesses. Any witness may be asked, or subpoenaed, to testify at a hearing or adjudicatory review and shall have the rights set forth under Part 8.

3.9. Right to Testify. Persons whose names are mentioned or who are specifically identified or otherwise referred to in testimony or in statements made by a member, staff, or outside counsel, or any witness, and who reasonably believe that a statement tends to adversely affect their reputation may:

- (1) Request to appear personally before the Committee to testify on their own behalf; or
- (2) File a sworn statement of facts relevant to the testimony or other evidence or statement complained of. Such requests and statements shall be submitted to the Committee for its consideration and action.

3.10. Committee Report; Opposing Views. Each member shall be given a reasonable opportunity to have separate views included as part of any Committee report.

PART 4. PROCEDURES FOR COMPLAINTS, ALLEGATIONS, OR INFORMATION

4.1. Complaint, Allegation, or Information. Any Representative may report to the Committee a sworn complaint alleging that a Representative has violated a law, the House Code of Legislative Conduct, or any rule of the House relating to conduct of any individual in the performance of duties as a Representative, or has engaged in improper conduct which may reflect negatively upon the House. Complaints may be reported to the Chair, the Vice Chair, or a member.

Complaints shall not be accepted by the Committee during an election year on, or after, the filing deadline until one day after the general election. During this time, the Speaker shall accept complaints, allegations, or information and determine the action to be taken.

4.2. Form and Content of Complaints. A complaint shall be sworn but need not be in any particular form to receive Committee consideration, but shall:

- (1) State the name of the party filing the complaint;
- (2) Provide the name of each Representative who is specifically alleged to have engaged in improper conduct or committed a violation; and
- (3) State the nature of the alleged improper conduct or violation and may supply documents in the possession of the party filing the complaint relevant to or in support of the allegations as an attachment to the complaint.

For the purposes of this Rule, a "sworn complaint" means a written statement of facts, submitted under penalty of perjury, alleging a violation of law, the Code of Legislative Conduct, or any other Rule relating to the conduct of individuals in the performance of their duties as Representatives.

PART 5. PROCEDURES FOR CONDUCTING A PRELIMINARY INQUIRY

5.1. Basis for Preliminary Inquiry. The Committee shall promptly commence a preliminary inquiry whenever it has received a sworn complaint from a Representative about alleged misconduct or violations by a Representative pursuant to Part 4; provided that the Chair and Vice Chair, acting jointly on behalf of the Committee may dismiss any matter, which is determined to lack substantial merit.

5.2. Scope of Preliminary Inquiry. (a) The preliminary inquiry shall be of a duration and scope necessary to determine whether there is substantial credible evidence, which provides substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred. The Chair and Vice Chair, acting jointly, on behalf of the Committee may supervise and determine the appropriate duration, scope, and conduct of a preliminary inquiry. Whether a preliminary inquiry is conducted jointly by the Chair and Vice Chair or by the Committee as a whole, the day-to-day supervision of a preliminary inquiry rests with the Chair and Vice Chair, acting jointly.

(b) A preliminary inquiry may include any inquiries, interviews, sworn statements, depositions, or subpoenas deemed appropriate to obtain information to make any determination provided for by these rules.

5.3. Opportunity for Response. A preliminary inquiry shall include an opportunity for the Representative against whom the complaint is being brought or the Representative's designated representative to present either a written statement, or to respond orally to questions from the Committee. Oral statements or answers shall be transcribed and signed by the person providing the statement or answers.

5.4. Final Report. When the preliminary inquiry is completed, the Chair and Vice Chair shall make a report, oral or written, to the Committee on findings and recommendations, as appropriate. Disclosure of this report shall be governed by rules provided under Part 10.

5.5. Committee Action. As soon as practicable following submission of the report by the Chair and Vice Chair on the preliminary inquiry, the Committee shall determine by a recorded vote of a majority of members to which the Committee is entitled whether there is substantial credible evidence which provides substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred. The Committee may make any of the following determinations:

- (1) That there is not substantial credible evidence and in this case the Committee shall dismiss the matter. The Committee shall inform the complainant and the respondent to the complaint of the dismissal;
- (2) That there is substantial credible evidence, but that the alleged violation is inadvertent, technical, or otherwise of a de minimis nature. In this case, the Committee may dispose of the matter by issuing a public or private letter of admonition, which shall not be considered discipline and which shall not be subject to appeal to the House. The issuance of a letter of admonition shall be approved by the affirmative recorded vote of not less two-thirds of the authorized membership; and
- (3) That there is substantial credible evidence and that the matter cannot be appropriately disposed of under paragraph (2). In this case, the Committee shall promptly initiate an adjudicatory review in accordance with Part 6. No adjudicatory review of the conduct of a Representative may be initiated except by the affirmative recorded vote of not less than two-thirds of the authorized membership.

PART 6. PROCEDURES FOR CONDUCTING AN ADJUDICATORY REVIEW AND ADJUDICATORY HEARING

6.1. Scope of Adjudicatory Review. When the Committee decides to conduct an adjudicatory review, it shall be of a duration and scope necessary for the Committee to determine whether a violation within its jurisdiction has occurred. An adjudicatory review shall be conducted by the Committee unless the Committee determines to use outside counsel for this purpose. In the course of the adjudicatory review, the Committee may conduct any inquiries, interviews, or hearings, take sworn statements, use its subpoena powers, take depositions, or take any other actions that the Committee deems appropriate to secure the evidence necessary to make a determination.

6.2. Notice to Respondent. The Committee shall give written notice to the Representative who is the subject of an adjudicatory review. The notice shall be sent to the Representative against whom the complaint has been made no later than five working days after the Committee has voted to conduct an adjudicatory review. The notice shall include a statement of the nature of the possible violation and description of the evidence indicating that a possible violation occurred. The Committee may offer the Representative an opportunity to present a statement, orally or in writing, or to respond to questions from members, or outside counsel, if such counsel has been retained by the Committee.

6.3. Final Report of Adjudicatory Review to Committee. Upon completion of an adjudicatory review, the Chair and Vice Chair shall submit a written report to the Committee, which shall detail the factual findings of the adjudicatory review and which may recommend disciplinary action, if appropriate. Findings of fact of the adjudicatory review shall be detailed in this report whether or not disciplinary action is recommended. Disclosure of this report shall be governed by rules provided under Part 10.

6.4. Committee Action. (a) As soon as practicable following submission of the report of the Chair and Vice Chair on the adjudicatory review, the Committee shall prepare and submit a report to the House, including a recommendation to the House concerning disciplinary action, if appropriate. A report shall be issued, stating in detail the Committee's findings of fact, whether or not disciplinary action is recommended. The report shall also explain fully the reasons underlying the Committee's recommendation concerning disciplinary action, if any. No adjudicatory review of conduct may be conducted, or report or recommendation relating to an adjudicatory review of conduct may be made, except by the affirmative recorded vote of not less than two-thirds of the authorized membership.

(b) After receipt of the report prescribed by Rule 6.3, the Committee, by a recorded vote of not less than two-thirds of the authorized membership, may make recommendations for disciplinary action or issue an order for reprimand or restitution, as follows:

- (1) A recommendation to the House for expulsion, censure, payment of restitution, recommendation to the Speaker regarding the Representative's positions of responsibility and committee assignments, or a combination of these;
- (2) In the case where the Committee determines, after according due notice and opportunity for a hearing, that misconduct occurred warranting discipline less serious than discipline by the full House, and subject to Rule 6.5 relating to appeal, by a unanimous vote of six members order that a Representative be reprimanded or pay restitution or both; and

- (3) In the case where the Committee determines that misconduct is inadvertent, technical, or otherwise of a de minimis nature, issuance of a public or private letter of admonition to a Representative, which shall not be subject to appeal to the House.

(c) In the case where the Committee determines, upon consideration of all the evidence, that the facts do not warrant a finding that there is substantial credible evidence which provides substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred, the Committee may dismiss the matter.

(d) Promptly after the conclusion of the adjudicatory review, the Committee report and recommendation, if any, shall be forwarded to the Chief Clerk of the House, and a copy shall be provided to the Representative bringing the complaint and the Representative responding to the complaint.

6.5. Right of Appeal. (a) Any individual who is the subject of a reprimand or order of restitution, or both, pursuant to Rule 6.4 (b)(2), may, within ten days of the Committee's report to the House of its action imposing a reprimand or order of restitution, or both, appeal to the House by providing written notice of the appeal to the Committee and the Speaker. The Speaker shall cause the notice of the appeal to be printed in the House Journal.

(b) A motion to proceed to consideration of an appeal pursuant to paragraph (a) shall be highly privileged and not debatable. If the motion to proceed to consideration of the appeal is agreed to, the appeal shall be decided on the basis of the Committee's report to the House. Debate on the appeal shall be limited to two hours, which shall be divided equally between those favoring and those opposing the appeal.

6.6. Adjudicatory Hearings; Notice. A copy of the public announcement of an adjudicatory hearing shall be furnished together with a copy of this Part to all witnesses at the time that they are subpoenaed or otherwise summoned to testify.

6.7. Adjudicatory Hearings; Preparation. (a) At least two working days prior to the commencement of an adjudicatory hearing, the Committee shall provide the following information and documents to the Representative responding to the complaint, if any:

- (i) A list of proposed witnesses to be called at the hearing;
- (ii) Copies of all documents expected to be introduced as exhibits at the hearing; and
- (iii) A brief statement as to the nature of the testimony expected to be given by each witness to be called at the hearing.

(b) At least two working days prior to the commencement of an adjudicatory hearing, the respondent, if any, shall provide the information and documents described in paragraph (a) to the Committee.

(c) At the discretion of the Committee, the information and documents to be exchanged under this Part shall be subject to an appropriate agreement limiting access and disclosure.

(d) If a Representative responding to the complaint refuses to provide the information and documents to the Committee (see paragraphs (a) and (b)), or if a responding Representative or other individual violates an agreement limiting access and disclosure, the Committee, by a two-thirds vote of the authorized membership, may recommend to the House that the offender be cited for contempt.

6.8. Adjudicatory Hearings; Right to Cross-Examine and Call Witnesses. (a) In adjudicatory hearings, respondents and any other persons upon obtaining the permission of the Committee, may personally or through counsel cross-examine witnesses called by the Committee and may call witnesses on their own behalf.

(b) A Representative responding to a complaint may apply to the Committee for the issuance of subpoenas for the appearance of witnesses or the production of documents on the Representative's behalf. An application shall be approved upon a concise showing by the responding Representative that the proposed testimony or evidence is relevant and appropriate, as determined by the Chair and Vice Chair. The subpoena shall be issued pursuant to Part 3.

(c) With respect to witnesses called by a responding Representative, or other individual given permission by the Committee, each witness shall first be examined by the party who called the witness or by that party's counsel.

6.9. Adjudicatory Hearing; Admissibility of Evidence. (a) The object of the hearing shall be to ascertain the truth. Any evidence that may be relevant and probative shall be admissible unless privileged under the Hawaii Rules of Evidence. Rules of evidence shall not be applied strictly, but the Chair shall exclude irrelevant or unduly repetitious testimony. Objections going only to the weight that should be given evidence will not justify its exclusion.

(b) The Chair shall rule upon any question of the admissibility of testimony or other evidence presented to the Committee. Rulings shall be final unless reversed or modified by a two-thirds vote of the authorized membership before the recess of that day's hearings.

(c) Notwithstanding paragraphs (a) and (b), in any matter before the Committee involving allegations of sexual discrimination, including sexual harassment, or sexual misconduct, by a Representative, the Committee shall be guided by the standards and procedures of Rule 412 of the Hawaii Rules of Evidence, except that the Committee may admit evidence subject to the provisions of this paragraph only by a two-thirds vote of the authorized membership that the interests of justice require that this evidence be admitted.

6.10. Adjudicatory Hearing; Supplementary Hearing Procedures. The Committee may adopt any additional special hearing procedures that it deems necessary, or appropriate to a particular adjudicatory hearing, copies of the supplementary procedures shall be furnished to witnesses and respondents, and shall be made available upon request to any member of the public.

PART 7. DEPOSITIONS

7.1. Persons Authorized to Take Depositions. Depositions may be taken by any member designated by the Chair and Vice Chair, acting jointly, or by any other person designated by the Chair and Vice Chair, acting jointly, including outside counsel, Committee staff, other employees of the House, or government employees assigned to the Committee.

7.2. Deposition Notices. Notices for the taking of depositions shall be authorized by the Chair and Vice Chair, acting jointly, and issued by the Chair, Vice Chair, or Committee staff or outside counsel designated by the Chair and Vice Chair, acting jointly. Depositions may be taken at any time during a preliminary inquiry, adjudicatory review or other proceeding. Deposition notices shall specify a time and place for examination. Unless otherwise specified, the deposition shall be in private, and the testimony taken and documents produced shall be deemed for the purpose of these Rules to have been received in an executive

session of the Committee. The Committee shall not initiate procedures leading to criminal or civil enforcement proceedings for a witness's failure to appear, or to testify, or to produce documents, unless the deposition notice was accompanied by a subpoena.

7.3. Deposition Procedure. Witnesses at depositions shall be examined under oath. Questions may be propounded by any person or persons who are authorized to take depositions for the Committee, if a witness objects to a question and refuses to testify, or refuses to produce a document, the Chair or Vice Chair, if present, may rule on the objection and, if the objection is overruled, direct the witness to answer the question or produce the document. If the Chair or Vice Chair is not present, the individual who has been designated by the Chair and Vice Chair, acting jointly, to take the deposition may proceed with the deposition, or may, at that time or at a subsequent time, seek a ruling by telephone or otherwise on the objection from the Chair or Vice Chair of the Committee, who may refer the matter to the Committee or rule on the objection, if the Chair or Vice Chair, or the Committee upon referral, overrules the objection, the Chair, Vice Chair, or the Committee as the case may be, may direct the witness to answer the question or produce the document, the Committee shall not initiate procedures leading to civil or criminal enforcement unless the witness refuses to testify or produce documents after having been directed to do so.

7.4. Filing of Depositions. Deposition testimony shall be transcribed or electronically recorded. If the deposition is transcribed, the individual administering the oath shall certify on the transcript that the witness was duly sworn in the presence of that individual and the transcriber shall certify that the transcript is a true record of the testimony. The transcript with these certificates shall be filed with the clerk of the Committee, and the witness shall be furnished with access to a copy at the Committee's offices for review. Upon inspecting the transcript, within a time limit set by the Chair and Vice Chair, acting jointly, a witness may request in writing changes in the transcript to correct errors in transcription. The witness may also bring to the attention of the Committee errors of fact in the witness's testimony by submitting a sworn statement about those facts with a request that it be attached to the transcript. The Chair and Vice Chair, acting jointly, may rule on the witness's request, and the changes or attachments allowed shall be certified by the Committee's clerk. If the witness fails to make any request under this paragraph within the time limit set, this fact shall be noted by the Committee's clerk. Any person authorized by the Committee may stipulate with the witness to changes in this procedure.

PART 8. RIGHTS OF WITNESSES

8.1. Television, Film, Radio. Any witness served with a subpoena by the Committee may request not to be photographed or to give evidence or testimony while the broadcasting, reproduction, or coverage of that hearing, by radio, television, still photography, or, other methods is occurring. At the request of any witness who does not wish to be subjected to radio, television, still photography, or other methods of coverage, and subject to the approval of the Committee, all lenses shall be covered and all microphones used for coverage turned off.

8.2. Right to Counsel. Every witness at a hearing, adjudicatory review, adjudicatory hearing, or deposition, may be accompanied by counsel of the witness' own choosing, who may advise the witness of the witness' rights, subject to reasonable limitations which the Committee may prescribe to prevent obstruction of or interference with the orderly conduct of the hearing.

8.3. Statements. (a) A witness, or the witness' counsel, with the consent of a majority of the members present at the hearing, may file with the Committee for incorporation into the record of the hearing, sworn written statements relevant to the purpose, subject matter, and scope of the Committee's investigation or inquiry. If a witness, or witness' counsel, desires to read the prepared or written statement, the determination of whether the statement may be read or simply placed in the record of the hearing shall be made by the Chair and Vice Chair, acting jointly.

(b) The witness or witness' counsel may also submit additional sworn testimony for the record within 24 hours after the last day that the witness has testified. The insertion of such testimony in that day's record is subject to the approval of the Chair and Vice Chair, acting jointly, within five days after the testimony is received.

8.4. Proposed Questions. A witness at a hearing, or the witness' counsel may submit to the Committee questions proposed to be asked of the witness or any other witness relevant to the matters upon which there has been any questioning or submission of evidence, and the Committee shall ask those questions that the Committee determines to be appropriate for the subject matter of the hearing. Questions shall be submitted to the Committee at least one working day before a witness's scheduled appearance.

8.5. Opening Statements. As far as practicable, each witness may be permitted to present a brief oral opening statement.

PART 9. VIOLATIONS OF LAW; CONTEMPT; PERJURY; AND APPLICABLE RULES AND STANDARDS OF CONDUCT

9.1. Violations of Law. Whenever the Committee determines by a two-thirds vote of the authorized membership that there is reason to believe that a violation of law, including the provision of false information to the Committee, may have occurred, it shall report the possible violation to the proper state and local authorities.

9.2. Contempt. (a) A person shall be in contempt if the person:

- (1) Fails or refuses to appear in compliance with a subpoena, or having appeared, fails or refuses to testify under oath or affirmation;
- (2) Fails or refuses to answer any relevant question or fails or refuses to furnish any relevant book, paper, or other document subpoenaed by or on behalf of the Committee; or
- (3) Commits any other act or offense against the Committee, which, if committed against the Legislature, or either House thereof, would constitute contempt.

(b) The Committee may, by a two-thirds vote of the authorized membership, report to the Speaker, any instance of alleged contempt. The Speaker shall certify the report of such contempt under the signature of the Speaker to the State Attorney General who shall prosecute the offender in any court of the State.

9.3. Perjury. Any person who knowingly and willfully swears falsely to a sworn complaint or any other sworn statement to the Committee does so under penalty of perjury. The Committee may refer any such case to the State Attorney General for prosecution.

9.4. Applicable Rules and Standards of Conduct. (a) Notwithstanding any other provision of this Part, no adjudicatory review shall be initiated for any alleged violation of any law, the House Code of Legislative Conduct, or Rule, which was not in effect at the time the alleged violation occurred. No provisions

of the House Code of Legislative Conduct shall apply to or require disclosure of any act, relationship, or transaction which occurred prior to the effective date of the applicable provision of the House Code of Legislative Conduct.

(b) The Committee may initiate an adjudicatory review of any alleged violation of a rule or law which was in effect prior to the enactment of the House Code of Legislative Conduct if the alleged violation occurred while such rule or law was in effect and the violation was not a matter resolved on the merits by the predecessor Committee.

PART 10. RULES OF DISCLOSURE

10.1. Non-Disclosure Policy. Except as provided in Rule 10.2, no Representative, member, staff, or any person engaged by contract or otherwise to perform services for the Committee shall release, divulge, publish, reveal by writing, word, conduct, or disclose in any way, in whole or in part, or by way of summary, including during tenure with the Committee or anytime thereafter, information or material in the possession of the Committee which pertains to illegal or improper conduct by a present or former Representative; allegations or accusations of this conduct; any resulting preliminary inquiry, adjudicatory review or other proceeding by the Committee into these allegations or conduct and any report issued about the inquiry, review, or other proceeding; the investigative techniques and procedures of the Committee; any testimony or other evidence given before the Committee in executive session (including the name of any witness who appeared or was called to appear in executive session), any classified or Committee-sensitive information, document or material, received or generated by the Committee, any material or information deemed to be confidential by the Chair and Vice Chair, acting jointly, or any classified or Committee-sensitive information which may come into the possession of this person during tenure with the Committee or its staff. No such information shall be made public unless authorized by a two-thirds vote of the authorized membership.

10.2. Disclosure to Executive and Judicial Officials. (a) Information, documents, or materials may be released to an official of the executive branch properly cleared for access with a need-to-know, for any purpose or in connection with any proceeding, judicial or otherwise, as authorized by the Committee or, in the event of termination of the Committee, in such a manner as may be determined by its successor or by the House.

(b) Information, documents, or materials may be released to an official of the judicial branch if it is required for judicial purposes, as authorized by the Committee or, in the event of termination of the Committee, in such a manner as may be determined by its successor or by the House.

10.3. Committee-Sensitive Documents. (a) Committee-sensitive documents and materials shall be stored in the Chair's office, with appropriate safeguards for maintaining the security of the documents or materials. Removal from the Chair's office of these documents or materials is prohibited except as necessary for use in, or preparation for, interviews or Committee meetings, including the taking of testimony, or as otherwise specifically approved by the Chair and Vice Chair, acting jointly.

(b) Each member shall have access to all materials in the Chair's possession. Members' staff shall not have access to Committee-sensitive documents and materials without the specific approval in each instance of the Chair and Vice Chair, acting jointly. Members may examine these materials in the Chair's office.

(c) Any Representative, who is not a member and who seeks access to any Committee-sensitive documents or materials, other than documents or materials which are matters of public record, shall request access in writing. The Committee shall decide by a two-thirds vote of the authorized membership whether to share documents or materials available. If access is granted, the Representative shall not disclose the information found in the documents or materials except as authorized by the Committee.

(d) Whenever the Committee makes Committee-sensitive documents or materials available to any Representative who is not a member in response to a specific request to the Chair and Vice Chair, a written record shall be made identifying the Representative requesting such documents or materials and describing what was made available to the Representative.

10.4. Release of Report to Public. All information of official actions, statements, or positions of the Committee shall be made by the Chair.

PART 11. CHANGES IN SUPPLEMENTARY PROCEDURAL RULES

11.1. Adoption of Changes in Supplementary Rules. The Rules of the Select Committee on the Standards of Conduct, other than rules established by statute, or by the Rules of the House, may be modified, amended, or suspended at any time, pursuant to a recorded vote of not less than two-thirds of the authorized membership taken at a meeting called with due notice after prior written notice of the proposed change has been provided each member.

11.2. Publication. Any amendments to the Rules of this Committee shall be published.

SCRep. 1 Energy & Environmental Protection on H.B. No. 556

The purpose of this measure is to:

- (1) Require that the State Building Code Council include voting members with experience and knowledge in building energy efficiency standards and sustainable building, design, construction, and operation; and
- (2) Direct the counties to amend or adopt their respective building codes and standards based upon the International Energy Conservation Code no later than one year after the adoption of the Hawaii State Building Energy Conservation Code.

Your Committee received testimony in support of this measure from the Blue Planet Foundation, Ulupono Initiative, Climate Protectors Coalition, and one individual. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that building energy codes set minimum requirements for energy-efficient design and construction for new and renovated buildings that impact energy use and reduce greenhouse gas emissions for the life of the building. However, the State has historically lagged behind other jurisdictions with respect to updating its state building energy conservation codes, with the counties lagging even further. By establishing and regularly updating uniform building energy conservation codes, the State can ensure that building design, construction, and operation address important societal concerns, including public health and safety, environmental protection, and consumer protection against costly monthly utility bills.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 556, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 556, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioaka).

SCRep. 2 Energy & Environmental Protection on H.B. No. 860

The purpose of this measure is to, beginning January 1, 2022, prohibit the issuance of building permits for new single-family dwellings that are part of a development of twenty or more dwellings and do not include a rooftop photovoltaic energy generating system, unless a variance is granted.

Your Committee received testimony in support of this measure from Skyline Hawaii, Life of the Land, Our Revolution Hawaii, 350Hawaii, Blue Planet Foundation, Hawaii PV Coalition, Sierra Club of Hawai'i, Kauai Climate Action Coalition, and thirteen individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS, Building Industry Association of Hawaii, and Land Use Research Foundation of Hawaii. Your Committee received comments on this measure from the Hawaii State Energy Office and Hawai'i Gas.

Your Committee finds that taking advantage of available rooftop space for rooftop solar photovoltaics will be critical for the State in achieving its one hundred percent renewable energy target. By establishing a rooftop solar energy generation system requirement for new, single-family homes, this measure helps the State achieve its renewable energy goals and lowers Hawaii's dependence on nonrenewable energy sources, leading to a more sustainable future.

Your Committee has amended this measure by:

- (1) Authorizing the Chief Energy Officer of the Hawaii State Energy Office, rather than the Director of the Department of Business, Economic Development, and Tourism, to adopt rules to impose and collect fees to cover the costs of administering variances;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 860, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 860, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioaka).

SCRep. 3 Energy & Environmental Protection on H.B. No. 592

The purpose of this measure is to require the Public Utilities Commission to:

- (1) Explore, through its docket process, the feasibility of relocating above-ground electrical transmission lines and distribution lines underground in high-risk areas on the island of Maui; and
- (2) Submit a report to the Legislature prior to the Regular Session of 2022.

Your Committee received testimony in support of this measure from Life of the Land. Your Committee received testimony in opposition to this measure from Hawaiian Electric Company, Inc. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Public Utilities Commission.

Your Committee finds that placing electric transmission and distribution lines above or below ground is a complex issue with certain benefits and challenges. Placing facilities underground provides more resiliency to certain damaging events, but is costly to install and requires more time and costs to restore service. Placing facilities overhead makes it more susceptible to damage from certain events, but is less costly and faster to restore services than underground facilities. Therefore, exploring solutions to the challenges of above-ground electrical infrastructure will provide for better planning of the energy infrastructure in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the Public Utilities Commission shall explore solutions to the problems posed by siting of above-ground electrical infrastructure in high-risk areas, rather than the feasibility of relocating above-ground electric transmission lines and distribution lines underground in certain areas on the island of Maui;
- (2) Requiring that the assessment include the costs of possible solutions and potential impact for customers on the island of Maui, rather than the amortized costs of relocating above-ground electric transmission and distribution lines underground;

- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 592, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 592, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 4 Energy & Environmental Protection on H.B. No. 561

The purpose of this measure is to:

- (1) Require the Public Utilities Commission to determine whether analysis of the effect of the State's reliance on fossil fuels is necessary for proceedings involving water, wastewater, or telecommunications providers on an individual basis; and
- (2) Provide that the analysis is not required for an electric or gas utility's routine system replacements or determinations that do not directly pertain to capital improvements or operations.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, and Hawaiian Electric Company, Inc. Your Committee received testimony in opposition to this measure from Life of the Land. Your Committee received comments on this measure from Hawai'i Gas and Hawaii Clean Power Alliance.

Your Committee finds that price volatility of fossil fuels has a negative impact on consumers, while greenhouse gas emissions from fossil fuel use has a negative impact on the environment. Examining the impacts of fossil fuel use by utilities will assist the State in achieving its carbon negative target by 2045 and help to mitigate the damaging effects of sea level rise due to greenhouse gas emissions.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 561, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 561, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 5 Energy & Environmental Protection on H.B. No. 111

The purpose of this measure is to eliminate fossil fuels in the State for electricity generation and storage by prohibiting:

- (1) Any new extension, improvements, overhauling, or refurbishing of any fossil fuel electricity generation or fossil-fuel powered electricity use for grid-tied battery energy storage; and
- (2) The use of fossil fuels for electricity generation or grid-tied battery energy storage.

Your Committee received testimony in support of this measure from Skyline Hawaii, Life of the Land, Our Revolution Hawaii, 350Hawaii, Hawaii Clean Power Alliance, Environmental Caucus of the Democratic Party of Hawai'i, Climate Protectors Coalition, Kauai Climate Action Coalition, Pacific Biodiesel Technologies, and fourteen individuals. Your Committee received testimony in opposition to this measure from the Kaua'i Island Utility Cooperative and Hawaiian Electric Company, Inc. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Hawaii State Energy Office, and Tesla, Inc.

Your Committee finds that the State has committed to transitioning away from fossil fuels and toward a clean energy economy powered by one hundred percent renewable energy. This measure facilitates this renewable energy transformation by reducing the State's dependency on imported and price-volatile fossil fuels, fostering innovation and clean energy job growth, helping protect Hawaii's environment, and positioning the State as a global leader in renewable energy and climate solutions.

Your Committee has amended this measure by:

- (1) Deleting language that would have prohibited the Public Utilities Commission from approving or extending any new extension, improvements, overhauling, or refurbishing of any fossil fuel electricity generation or fossil fuel powered electricity use for grid-tied battery energy storage after an unspecified date;
- (2) Specifying that after December 31, 2045, electricity generation facilities shall cease the use of all fossil fuels for the generation or storage of electricity;
- (3) Deleting references relating to battery energy storage;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 111, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 111, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 6 Energy & Environmental Protection on H.B. No. 555

The purpose of this measure is to:

- (1) Require retailers of household appliances to conspicuously display available energy efficiency rebates funded by the public benefits fee and state-specific energy operation costs;
- (2) Direct the Public Benefits Fee Administrator to create and update the template to be used by retailers; and
- (3) Require the Hawaii State Energy Office and Public Benefits Fee Administrator to give notice to retailers.

Your Committee received testimony in support of this measure from the Blue Planet Foundation, Hawai'i Energy, and Climate Protectors Coalition. Your Committee received testimony in opposition to this measure from the Association of Home Appliance Manufacturers and Retail Merchants of Hawaii. Your Committee received comments on this measure from the Public Utilities Commission and Hawaii State Energy Office.

Your Committee finds that Hawaii businesses and residents pay among the highest electricity rates in the nation, which reinforces the importance of adopting policies that promote and encourage energy efficiency. By requiring retailers to display information in retail stores about available rebates and Hawaii-specific operating costs of certain appliances, consumers can make informed decisions about which models best align with their economic situation and preferences.

Your Committee has amended this measure by:

- (1) Clarifying that the Hawaii State Energy Office shall publish signage requirements for household appliances on its website and provide the Public Benefits Fee Administrator a draft notification letter to be distributed to retail establishments, rather than notify all retailers subject to the signage requirements;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 555, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 555, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioaka).

SCRep. 7 Energy & Environmental Protection on H.B. No. 328

The purpose of this measure is to:

- (1) Allow for the installation of certain energy-efficient technologies on any privately owned single-family residential dwelling or townhouse, with limited restrictions; and
- (2) Require private entities to adopt rules regarding the placement of those technologies.

Your Committee received testimony in support of this measure from Our Revolution Hawaii, 350Hawaii, Kauai Climate Action Coalition, Climate Protectors Coalition, and nine individuals. Your Committee received testimony in opposition to this measure from Associa. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that despite the State's commitment to clean and renewable energy, there continues to be obstacles for homeowners to install energy efficient equipment in or on their privately-owned residence, particularly for homeowners of single-family residential dwellings and townhouses. Allowing community and condominium associations to permit homeowners to install energy-efficient technologies will help the State to accelerate energy efficiency and achieve its clean energy goals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 328, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 328, H.D. 1, and be referred to your Committee on Housing.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioaka).

SCRep. 8 Energy & Environmental Protection on H.B. No. 116

The purpose of this measure is to:

- (1) Authorize the Chief Energy Officer of the Hawaii State Energy Office to adopt rules to enforce minimum efficiency standards for certain products and establish or amend appliance efficiency standards in certain situations; and
- (2) Regulate the appliance efficiency standards for air purifiers and portable electric spas.

Your Committee received testimony in support of this measure from the Public Utilities Commission, Blue Planet Foundation, Hawai'i Energy, Appliance Standards Awareness Project, Pool & Hot Tub Alliance, and one individual. Your Committee received testimony in opposition to this measure from the Association of Home Appliance Manufacturers. Your Committee received comments on this measure from the Hawaii State Energy Office and Plumbing Manufacturers International.

Your Committee finds that the State has established minimum energy and water efficiency standards for certain products sold, leased, or rented in the State that promote and encourage energy efficiency. Expanding the list of products requiring minimum efficiency standards can help save millions of dollars on utility bills annually and offer additional benefits for Hawaii residents, local businesses, the environment, and economy.

Your Committee has amended this measure by:

- (1) Changing the definition of "showerhead" to match the definition within the California Code of Regulations;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 116, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 116, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioaka).

SCRep. 9 Energy & Environmental Protection on H.B. No. 78

The purpose of this measure is to eliminate the requirement for a public utility to seek approval from the Public Utilities Commission for the underground construction of high-voltage electric transmission lines if certain conditions are met.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Public Utilities Commission; and Hawaiian Electric Company, Inc.

Your Committee finds that this measure will streamline the regulatory process for installation of underground electric transmission lines, while maintaining appropriate oversight by the Public Utilities Commission. Additionally, this measure reduces the need for the Commission to review projects that would not adversely affect customers, which may result in more time and resources being utilized on other proceedings that require more attention.

Your Committee has amended this measure by:

- (1) Clarifying the regulatory treatment of costs covered by an entity other than the public utility;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 78, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 78, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 10 Energy & Environmental Protection on H.B. No. 906

The purpose of this measure is to:

- (1) Address deficiencies in Hawaii's fuel shortage response and energy emergency statutes;
- (2) Provide policy guidance on energy resiliency and actual or potential energy supply disruptions or shortages to preserve the State's energy resiliency and security and to ensure that fuel products and energy resources are made available to emergency services and the public in an orderly, efficient, and safe manner; and
- (3) Clarify the powers of the Governor and Chief Energy Officer in an energy shortage or state of emergency.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Hawaii State Energy Office. Your Committee received comments on this measure from the Civil Beat Law Center for the Public Interest and Hawai'i Gas.

Your Committee finds that a comprehensive approach is needed to address major deficiencies in outdated state statutes related to procurement, control, distribution, and sale of fuel products in response to a fuel shortage or energy emergency. This measure enables the State to address various needs to secure a more resilient energy ecosystem, such as better identifying the potential impacts from different types of energy disruptions, assessing the impacts of potential and actual energy disruptions, and developing comprehensive resiliency and response plans to ensure a more rapid response after an emergency, disruption, or disaster.

Your Committee has amended this measure by:

- (1) Deleting provisions that would have provided the Chief Energy Officer of the Hawaii State Energy Office with certain powers relating to energy assurance and fuel security;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 906, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 906, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 11 Energy & Environmental Protection on H.B. No. 560

The purpose of this measure is to:

- (1) Beginning July 1, 2021, require the Public Utilities Commission to provide for timely review in its decision-making process regarding proposed renewable energy projects; and
- (2) Require the timely completion of the interconnection process by electric public utilities.

Your Committee received testimony in support of this measure from Life of the Land, Hawaii Clean Power Alliance, and Climate Protectors Coalition. Your Committee received testimony in opposition to this measure from Hawaiian Electric Company, Inc. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Hawaii State Energy Office, Public Utilities Commission, and Ulupono Initiative.

Your Committee finds that in order to move the State closer to its carbon negative target as soon as possible, continual progress and the timely approval, commencement of construction, and completion of renewable energy projects are critical. Facilitating the timing for the interconnection process by electric public utilities will help to decrease electricity rates for consumers, assist the State in achieving its renewable portfolio standards goals in a timely manner, and reduce greenhouse gas emissions to mitigate climate change.

Your Committee has amended this measure by:

- (1) Deleting language that would have required the Public Utilities Commission to provide for timely review in its decision-making process regarding proposed renewable energy projects, including related findings;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 560, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 560, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 12 Judiciary & Hawaiian Affairs on H.B. No. 72

The purpose of this measure is to:

- (1) Establish a framework for the regulation of electric foot scooters by the State and counties; and
- (2) Amend definitions of "moped" to exclude electric foot scooters.

Your Committee received testimony in support of this measure from the Department of Transportation, County of Kauai Department of Planning, City and County of Honolulu Department of Transportation Services, Honolulu Police Department, Lime, and Spin. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs' Insurance Division.

Your Committee finds that this measure was developed with the involvement of several interested stakeholders to better ensure the safe and equitable use of electric foot scooters in Hawaii. Your Committee further finds that it is in the public's interest to maintain current personal injury protection benefits coverage for individuals using or operating electric foot scooters.

Your Committee has amended this measure by:

- (1) Retaining personal injury protection benefits for any individual sustaining injuries while using or operating an electric foot scooter; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 72, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 72, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Tokioka).

SCRep. 13 Judiciary & Hawaiian Affairs on H.B. No. 184

The purpose of this measure is to specify that filing fees for tax appeals are nonrefundable and that no deposits are required for tax appeals.

Your Committee received testimony in support of this measure from the Judiciary. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that this measure is a housekeeping measure to align the intent of Act 152, Session Laws of Hawaii 1997 (Act 152), which gave authority to the Supreme Court to establish a rule to allow for a non-refundable filing fee for tax appeal cases. Specifically, this measure:

- (1) Completes the intention of Act 152;
- (2) Follows current court filing fee practices; and
- (3) Allows the Judiciary to transfer the current amount that needs to be refunded to filing parties due to the inconsistent statutory language.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 184 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Tokioka).

SCRep. 14 Judiciary & Hawaiian Affairs on H.B. No. 201

The purpose of this measure is to improve the administration of elections by mail in the State by:

- (1) Clarifying certain statutory deadlines relating to elections by mail, including the date to which the clerk must continue mailing ballot packages to voters who update their voter registration address, and the date on which ballots may begin to be tabulated;
- (2) Authorizing a county clerk to operate additional voter service centers with varying days or hours of operation;
- (3) Providing that voters standing in line at a voter service center at the time the voter service center closes may vote or register to vote, if eligible; and
- (4) Authorizing a county clerk to open places of deposit no earlier than the initial day that ballots are mailed.

Your Committee received testimony in support of this measure from the Office of Elections, County of Kauai Office of the County Clerk, County of Maui Office of the County Clerk, City and County of Honolulu Elections Administrator, Common Cause Hawaii, Indivisible Hawaii, AARP Hawaii, and eleven individuals. Your Committee received testimony in opposition to this measure from the Honolulu County Republican Party. Your Committee received comments on this measure from the County of Hawaii Office of the County Clerk.

Your Committee finds that statewide elections by mail was implemented in the 2020 primary and general elections and the State received record voter turnout. This measure is necessary to build off of the experiences learned in the implementation of elections by mail to improve services and opportunities for voters to cast their ballots and the administration of elections by state and county election officials.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 201 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Tokioka).

SCRep. 15 Water & Land on H.B. No. 244

The purpose of this measure is to clarify the data requirements for land recordation by the Bureau of Conveyances, on land other than fee simple time share interests deregistered by the Land Court, to include a plan of the parcel or parcels sought to be deregistered that includes a map and description prepared by a

licensed professional surveyor.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that the existing Land Court deregistration does not ensure that landowners who voluntarily deregister their properties are in possession of a proper map and legal description for their land to replace those that become inaccurate or inapplicable upon deregistration. This measure ensures that lands deregistered have the proper documentation expected of all other land not registered with the Land Court.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 244 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 16 Water & Land on H.B. No. 245

The purpose of this measure is to amend the definition of "historic property" under the historic preservation law to include the requirement that the property meet the criteria for being entered into the Hawaii Register of Historic Places.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Hawaii Housing Finance and Development Corporation. Your Committee received comments on this measure from the Office of Hawaiian Affairs and Historic Hawai'i Foundation.

Your Committee finds that the current definition of "historic property" has created a backlog of reviews for properties simply due to the age of the properties. This measure, by specifying that historic properties meet the criteria for entry into the Hawaii Register of Historic Places, will narrow the focus for the administration of the historic preservation law to properties of greater historic significance rather than solely based on age.

Your Committee notes the concerns raised by the Office of Hawaiian Affairs regarding the effect of this measure on Native Hawaiian cultural sites. Your Committee was assured by the Department of Land and Natural Resources that Native Hawaiian cultural sites currently are, and will continue to be, protected under this measure.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 245 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 17 Water & Land on H.B. No. 247

The purpose of this measure is to implement several recommendations with regard to land subdivision and condominium property regime laws relating to agricultural lands made by the Office of Planning as a result of a study conducted pursuant to Act 278, Session Laws of Hawaii 2019 (Act 278).

Your Committee received testimony in support of this measure from the Department of Agriculture, Office of Planning, Real Estate Commission, Department of Planning and Permitting of the City and County of Honolulu, Chair of the Maui County Council, Ulupono Initiative, Hawaii Farm Bureau, and Hawaii Cattlemen's Council. Your Committee received comments on this measure from the Department of Taxation.

Your Committee finds that Act 278 directed the Office of Planning to study subdivision and condominium property regime issues on agricultural lands. In collaboration with a broad group of stakeholders, this measure strengthens the definition of "farm dwelling" to recognize only bona fide farms, allows county enforcement of unpermitted structures, and allows counties to submit comments before the registration of a condominium property regime.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 247 and recommends that it pass Second Reading and be referred to your Committee on Agriculture.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 18 Water & Land on H.B. No. 344

The purpose of this measure is to clarify the venues regarding certain disputes by specifying that the Board of Land and Natural Resources (Board), Commission on Water Resource Management (Commission), and the counties, regarding disputes over land use, shall not conduct contested case hearings, but that decisions and disputes may be contested and adjudicated in the circuit court.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, University of Hawai'i System, Kona-Kohala Chamber of Commerce, Maunakea Observatories, Hawai'i Island Chamber of Commerce, and one individual. Your Committee received testimony in opposition to this measure from Life of the Land and Earthjustice.

Your Committee finds that the number and complexity of contested cases has greatly increased over time. This measure seeks to reduce some of the duplication, uncertainty, and costs related to land use decisions specifically for the Board, Commission, and counties, while allowing the continued use of contested case hearings for other departments and agencies and for disputes over other types of issues.

Your Committee notes the concerns raised regarding ensuring due process for those contesting decisions or disputes by an agency in court rather than through the contested case hearing process. Should your Committee on Judiciary and Hawaiian Affairs hear this measure, your Committee respectfully requests that it consider these due process concerns and an option of allowing the Department of Land and Natural Resources to conduct contested case hearings in certain circumstances.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 344 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 19 Water & Land on H.B. No. 498

The purpose of this measure is to authorize the Department of Land and Natural Resources (Department) to use in-lieu fee mitigation to restore, create, enhance, or preserve aquatic habitats or resources as compensatory mitigation prospectively or for past damages.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Democratic Party Environmental Caucus, Ocean Tourism Coalition, Trilogy Excursions, and one individual.

Your Committee finds that natural resource agencies prefer third-party mitigation banks or in-lieu fee mitigation to permittee-responsible mitigation because these third-party mitigation bank or in-lieu fee sponsors are often public or private entities with more experience, scientific expertise, and vested long-term interest in natural resource conservation. In-lieu fee mitigation is widely used across the United States to achieve ecologically valuable conservation by restoring wetland and stream habitats. This measure allows the Department to be the first state in the nation to establish in-lieu fee mitigation for coral reefs.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 498 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 20 Labor & Tourism on H.B. No. 465

The purpose of this measure is to:

- (1) Clarify that the representative of labor on the Hawaii Labor Relations Board be a person selected by a majority of the exclusive representatives of the collective bargaining units; and
- (2) Establish procedures for the removal of the representative of labor from the Hawaii Labor Relations Board.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association AFSCME Local 152, AFL-CIO and the University of Hawaii Professional Assembly. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining, Executive Office of the Governor. Your Committee received comments on this measure from the Hawaii Labor Relations Board.

Your Committee finds that the current process of allowing the Governor to pick a name from a list of three nominees to fill the role of representative of labor provides the Governor with too much authority over the composition of the Hawaii Labor Relations Board (Board). Providing a single name to the Governor that has been vetted by the exclusive representatives, with a clear timeframe for the name to be transmitted to the Senate for consideration as well as a default process for Senate confirmation if the deadline is missed, ensures greater fairness, predictability, and transparency in the appointment process. Your Committee also finds that providing a mechanism to remove an ineffective labor representative is essential to the functioning of the Board.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 465, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 465, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Sayama). Noes, none. Excused, none.

SCRep. 21 Labor & Tourism on H.B. No. 567

The purpose of this measure is to:

- (1) Require each department to establish a telework and alternative work schedule policy;
- (2) Establish a minimum percentage of eligible employees participating in telework or using an alternative work schedule by July 1, 2025; and
- (3) Where feasible, require departments to allow employees who act as a caregiver to telework or use an alternative work schedule.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii State Commission on the Status of Women, Hawaii State Teachers Association, Hawaii Children's Action Network Speaks!, AAUW of Hawaii, Planned Parenthood Votes Northwest and Hawaii, and eight individuals. Your Committee received comments on this measure from the Department of Education; Department of Commerce and Consumer Affairs; Department of Transportation; Department of Human Resources Development; Department of Public Safety; Hawaii State Public Library System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the ongoing coronavirus pandemic has had a disproportionate impact on women and their ability to support themselves and their families. Existing telework policies are outdated and have not been able to adequately respond to increased child care and educational demands. Your Committee also finds that developing a comprehensive policy for telework and alternative work schedules for state employees, where feasible, may be essential to retaining qualified employees. However, prior to imposing these requirements on individual departments, it would be prudent to conduct a study of best practices for teleworking and request recommendations for their application.

Accordingly, your Committee has amended this measure by:

- (1) Removing the requirement for departments to establish a telework and alternative work schedule policy;
- (2) Requiring the Legislative Reference Bureau to conduct a study on telework and the use of alternative work schedules for state employees, and report back to the Legislature at least twenty days prior to the Regular Session of 2022;
- (3) Requiring each state department and agency to cooperate with the Legislative Reference Bureau in providing information and data necessary to conduct the study; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 567, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 567, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 22 Labor & Tourism on H.B. No. 670

The purpose of this measure is to authorize the forfeiture of certain Employees' Retirement System benefits, pursuant to court order, for state or county employees and designated beneficiaries who are convicted of an employment-related felony.

Your Committee received testimony in support of this measure from Common Cause Hawaii, Indivisible Hawaii, and nine individuals. Your Committee received comments on this measure from the Employees' Retirement System.

Your Committee finds that public officers and employees are responsible for upholding the public's trust in government and democracy. The public's belief in government and democracy become strained when public officers and employees participate in misconduct in their employment, while maintaining the benefits of their employment. This measure will demonstrate that the State takes the ethics of its employees seriously.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 670, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 670, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 23 Labor & Tourism on H.B. No. 838

The purpose of this measure is to clarify the meaning of "program or activity receiving state financial assistance" and exclude cases within the scope of the Individuals with Disabilities Education Act from the jurisdiction of the Hawaii Civil Rights Commission.

Your Committee received testimony in support of this measure from the Hawaii Civil Rights Commission, Disability and Communication Access Board, Hawaii Disability Rights Center, National Federation of the Blind of Hawaii, and two individuals.

Your Committee finds that when it was enacted, the intent of section 368-1.5, Hawaii Revised Statutes, was to give the Hawaii Civil Rights Commission (Commission) jurisdiction over disability discrimination claims, even if protections under section 504 of the federal Rehabilitation Act of 1973, as amended, (Section 504) are available. Nonetheless, in *Hawaii Technology Academy, et al. v. L.E., et al.*, 141 Hawaii 147 (2017), the Hawaii Supreme Court decided that the Commission lacks jurisdiction over disability discrimination cases when section 504 applies. The practical effect of this ruling was to leave people with disabilities with a state law against discrimination but no actual state remedy.

Your Committee further finds that this measure resolves that anomaly by defining a program or activity receiving state financial assistance to include a program or activity that receives federal and state financial assistance. This measure also takes the precaution of explicitly excluding claims within the scope of the Individuals with Disabilities Education Act from the Commission's jurisdiction to alleviate further confusion.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 838, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 838, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 24 Water & Land on H.B. No. 98

The purpose of this measure is to strengthen the penalties for violations of the State's aquatic resources law.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawaii, For the Fishes, Hawaii Island Group Sierra Club, Moana Ohana, Hawaii Reef and Ocean Coalition, and four individuals. Your Committee received testimony in opposition to this measure from the Ocean Tourism Coalition, Trilogy Excursions, PacWhale EcoAdventures, Alii Nui Charters, Calypso Charters, Malolo Charters, and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that Hawaii's aquatic resources are finite and deserving of greater protection and that these additional statutes and increased penalties proposed in this measure are long overdue.

Noting the Department of Land and Natural Resources' concerns about elevating violations of chapter 187A, Hawaii Revised Statutes, to a misdemeanor, your Committee urges the Department to further analyze and articulate these concerns should your Committee on Judiciary & Hawaiian Affairs choose to hear this measure.

Your Committee has amended this measure by:

- (1) Clarifying that the seizure and forfeiture of property and the imposition of a criminal fine are penalties for intentional violations of the aquatic resources law;
- (2) Adding other assets to the types of property that can be seized and forfeited for intentional violations of the aquatic resources law;
- (3) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 98, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 98, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 25 Water & Land on H.B. No. 369

The purpose of this measure is to improve certain state facilities by increasing the allocation of funds from transient accommodations tax revenue to the Special Land and Development Fund.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Kohala Coast Resort Association, and one individual. Your Committee received testimony in opposition to this measure from the Chairperson of the County of Maui Council.

Your Committee finds that the historically large number of visitors to the State has placed strain on state facilities, such as parks, trails, small boat harbors, and natural areas that are operated and maintained by the Department of Land and Natural Resources. This measure attempts to sustain the State's natural resources by offsetting the impacts of the consumption, access, and impact to the State's unique natural and cultural resources.

Your Committee has amended this measure by:

- (1) Providing the Department of Land and Natural Resources flexibility by not limiting the types of natural resources that can benefit from the Special Land and Development Fund;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 369, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 369, H.D. 1, and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 26 Water & Land on H.B. No. 499

The purpose of this measure is to authorize the Board of Land and Natural Resources to extend commercial, industrial, resort, or governmental leases, other than those to which the University of Hawaii is a party, that have not been sold or assigned within the last ten years, for lessees who commit to substantial improvement to the existing improvements.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Stanford Carr Development, LLC; Hawaii Island Economic Development Board; Prince Kuhio Plaza; Ocean Tourism Coalition; McCully Works; and one individual. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs, Kupuna for the Moopuna, Ka Lahui Hawai'i Komike Kalaiaina, and one individual.

Your Committee finds that the opportunities presented by the extension of leases of public lands support economic development and promote economic stability throughout the State of Hawaii. This measure will support long term tenants who wish to continue their businesses past the sixty-five year lease restrictions, while promoting the upkeep of these properties by lessees.

Your Committee recognizes the concerns raised by the Office of Hawaiian Affairs and urges the Office of Hawaiian Affairs to work with the proponents of this measure to find common ground and offer specific recommendations to your Committee on Consumer Protection & Commerce should it choose to hear this measure.

Your Committee has amended this measure by:

- (1) Including "mixed use", defined as a development that combines two or more of the following uses in a single project: commercial use, resort use, multifamily residential use, or government use, as one of the uses for which the Board of Land and Natural Resources may extend the rental period of a lease of public land;
- (2) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 499, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 499, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Ganaden). Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 27 Water & Land on H.B. No. 601

The purpose of this measure is to improve public safety and efficiency by authorizing:

- (1) The Chairperson of the Board of Land and Natural Resources to designate state employees or contractors; and
- (2) County police chiefs to designate other county employees or contractors, such as trained county staff or park rangers, to cite for certain traffic violations.

Your Committee received testimony in support of this measure from the County of Kauai, Kauai Police Department's Patrol Services Bureau, National Tropical Botanical Garden, and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the shortage of police officers across Hawaii constrains county police departments' ability to enforce traffic and safety violations. This measure will provide additional persons with the authority to issue traffic citations, thereby improving traffic safety in the State.

Your Committee urges the Department of Land and Natural Resources to further examine its legal and logistical concerns and to coordinate with the various county police departments and to provide their recommendations on how to address those concerns to your Committee on Judiciary & Hawaiian Affairs should it choose to hear this measure.

Your Committee has amended this measure by changing its effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 601, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 601, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 28 Labor & Tourism on H.B. No. 90

The purpose of this bill is to effectuate its title.

H.B. No. 90 was introduced as a short-form bill, which is sometimes referred to as a "vehicle" bill primarily used to introduce a bill containing only a general idea as to the purpose of the bill without specific details in the long form.

Your Committee has amended the bill to provide the substantive contents of the bill in long form so that a public hearing may be properly held on its substantive contents.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the action to report out H.B. No. 90, as amended herein, and recommends that it be recommitted to your Committee on Labor & Tourism, for the purpose of

holding a public hearing thereon, in the form attached hereto as H.B. No. 90, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 29 Labor & Tourism/Finance on H.B. No. 1278

The purpose of this measure is to:

- (1) Amend the definitions of "benefit year" and "week" for purposes of unemployment insurance;
- (2) Conform the manner of filing claims for partial benefits to the manner of filing claims for total or part-total benefits;
- (3) Set the employer contribution rate at schedule C and D for calendar years 2021 and 2022, respectively;
- (4) Require the Director of Labor and Industrial Relations to omit benefits charged for experience ratings for employers due to COVID-19 in calendar years 2021 and 2022; and
- (5) Amend the contribution rate schedule and procedure for determination retroactive to January 1, 2021.

Your Committees received testimony in support of this measure from Island Plastic Bags, Inc.; Maui Brewing Co; Napili Kai Beach Resort; Hawaii Restaurant Association; Hawaii Automobile Dealers' Association; Kohala Coast Resort Association; Honolulu Japanese Chamber of Commerce; Aloha Business Bitz, Inc. dba Island Art Party; Envisions Entertainment & Productions, Inc.; Hawaii Transportation Association; Hawaii Food Industry Association; Maui Chamber of Commerce; Chamber of Commerce Hawaii; Society for Human Resource Management (Hawaii Chapter); NAIOP Hawaii; Retail Merchants of Hawaii; Hawaii Lodging & Tourism Association; and three individuals. Your Committees received testimony in opposition to this measure from Maka'ala Hawai'i, Inc., dba Hilo Coffee Mill; Hawaiian Coffee Cafe, Inc.; and one individual. Your Committees received comments on this measure from the Department of Labor and Industrial Relations; Tax Foundation of Hawaii; Parents and Children Together; ProService Hawaii; Grassroot Institute of Hawaii; ALTRES, Inc.; Bergeman Group; AVS Audio Visual Services; 3G Enterprises, LLC, dba Pearlridge Texaco; Woo's Electrical & Appliance; Angels by the Sea Hawaii; Pono Kai Resort; Pearl City Medical Associates, Inc.; and three individuals.

Your Committees find that the COVID-19 pandemic has created unprecedented financial hardships for employers statewide and caused many businesses to fold. Skyrocketing unemployment has led to the State's depletion of the unemployment compensation trust fund to pay out on claims and required a loan of \$700,000,000 to keep the fund afloat. Since employer tax contributions to the State Unemployment Compensation Trust Fund are ordinarily calculated based on the overall health of the fund and the claims history of the employer, under the existing schedule, the depleted fund would prompt the highest statutory rate of H to apply, at a time when employers can least afford the increase.

Your Committees further find that timely relief is needed to mitigate these effects and support the State's struggling employers. This measure will require that benefits charged for experience ratings be omitted for calendar years 2021 and 2022. This measure will also override the preset formulas for calculating employer tax contributions to the state unemployment compensation trust fund. By legislatively forcing the schedule downward for 2021 and 2022, the amounts employers will have to pay will be significantly lowered.

Your Committees note that the Department of Labor and Industrial Relations requested that schedule D be used for 2021 and 2022. The Department also requested that section 383-62(a), Hawaii Revised Statutes, be amended to provide relief to certain reimbursable employers.

Accordingly, your Committees have amended this measure by:

- (1) Changing the employer contribution rate for calendar year 2021 from schedule C to schedule D;
- (2) Authorizing the Department of Labor and Industrial Relations to provide relief for certain reimbursable employers; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Labor & Tourism and Finance that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1278, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1278, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Labor & Tourism: Ayes, 8. Noes, none. Excused, none.

Finance: Ayes, 15. Noes, none. Excused, none.

SCRep. 30 Economic Development on H.B. No. 809

The purpose of this measure is to:

- (1) Establish the Hawaii Broadband Office within the Hawaii Technology Development Corporation;
- (2) Establish the position of the State Broadband Strategy Officer;
- (3) Rename the Broadband Assistance Advisory Council as the Broadband Advisory Council and amends its purpose and membership;
- (4) Require the Chief Executive Officer of the Hawaii Technology Development Corporation to convene and chair the Broadband Advisory Council; and
- (5) Appropriate funds for the creation and staffing of the Hawaii Broadband Office.

Your Committee received testimony in support of this measure from the Department of Health, Department of Human Services, Hawaii State Public Library System, Hawai'i Primary Care Association, Transform Hawai'i Government, HawaiiKidsCAN, Hawaii Island Economic Development Board, Hawaii Leeward Planning, Rock Your Cause, Kaunalewa, O'ahu County Democrats Digital Equity Committee, Auamo Collaborative, Learning Bond, Maui County Workforce Development Board, Oceanit, Hawaiian Hope Org, Code.org, Tangent Systems, Kamehameha Schools, and fourteen individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Department of Business, Economic Development, and Tourism; and Hawaii Technology Development Corporation.

Your Committee finds that there is a strong relationship between broadband access and economic development, education, health, community building, and civic engagement throughout the State. Furthermore, broadband is essential to maintain Hawaii's global competitiveness and a modern lifestyle, as its use grows in all sectors, particularly in education, retail, and government services. This measure establishes the Hawaii Broadband Office and restructures the Broadband Assistance Advisory Council to improve broadband services throughout the State.

Your Committee notes that representation from the Department of Commerce and Consumer Affairs and Office of Enterprise Technology Services on the Broadband Advisory Council may benefit the Council and believes that this issue merits further discussion by your Committee on Consumer Protection &

Commerce.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 809, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 809, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 31 Economic Development on H.B. No. 1218

The purpose of this measure is to prohibit planned community associations and condominium associations from banning home-based businesses, with certain exceptions.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that due to the challenging economic climate in the State, many local businesses are struggling. Expanding home-based business opportunities to individuals living in planned communities and condominiums may encourage more small business activity in the State by providing these businesses an opportunity to reduce expenses and take advantage of certain tax deductions.

Your Committee recognizes certain considerations related to zoning ordinances and permits required to operate a business, including appropriate business registration requirements, and believes that these considerations merit further discussion by your Committee on Consumer Protection & Commerce.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1218, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1218, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 32 Economic Development on H.B. No. 1191

The purpose of this measure is to:

- (1) Establish the Broadband Infrastructure Grant Program to award grants to applicants to extend deployment of infrastructure used to provide broadband service to unserved areas of the State;
- (2) Amend the Hawaii Technology Loan Revolving Fund to change it to the Hawaii Broadband Infrastructure Fund, including the types of funds deposited into the fund; and
- (3) Authorize the issuance of general obligation bonds for the Broadband Infrastructure Grant Program.

Your Committee received testimony in support of this measure from the Department of Health, Life of the Land, Hawai'i Primary Care Association, Transform Hawai'i Government, Keep Your Power Hawaii, Barefoot Fitness Naturally, Mahana Weddings Maui, Aloha Freedom Coalition, Charter Communications, and numerous individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Budget and Finance; Office of Information Practices; Hawaii Technology Development Corporation; and Hawaiian Telcom.

Your Committee finds that it is critical to improve access to broadband services for residents, consumers, and businesses across the State. Although broadband coverage in the State is widespread, additional investment can be made to keep up with needs in rural communities to bridge the digital divide. The Broadband Infrastructure Grant Program proposed by this measure would facilitate deployment of infrastructure necessary to bring broadband service to unserved and underserved areas of the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1191, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1191, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 33 Economic Development on H.B. No. 240

The purpose of this measure is to:

- (1) Establish the Bank of the State of Hawaii Working Group to propose legislation to establish a state-operated Bank of the State of Hawaii; and
- (2) Appropriate funds.

Your Committee received testimony in support of this measure from the Big Island Grown Dispensaries, Hawai'i Cannabis Industry Association, Young Progressives Demanding Action, Progressive Democrats of Hawaii, and ten individuals. Your Committee received testimony in opposition to this measure from the Department of Budget and Finance, Hawaii Credit Union League, and Hawaii Bankers Association. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that as the State faces economic challenges, it may be necessary to analyze and consider alternatives to the existing structure of financial institutions in Hawaii. Establishing a working group to develop proposed legislation on the establishment of a state-operated bank in Hawaii provides

a first step in finding these alternatives.

Your Committee has amended this measure by:

- (1) Amending the composition of the Bank of the State of Hawaii Working Group;
- (2) Deleting language related to an interim report and instead requiring the Working Group to submit a report to the Legislature by January 1, 2022;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 240, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 240, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

SCRep. 34 Labor & Tourism on H.B. No. 1043

The purpose of this measure is to amend chapter 237D, Hawaii Revised Statutes, relating to the transient accommodations tax (TAT) by:

- (1) Repealing the misdemeanor criminal penalty for failing to register under that chapter and replacing it with a monetary fine structure;
- (2) Replacing references to operator or plan manager with person or taxpayer;
- (3) Clarifying that a certificate of registration is required for persons who post advertisements for the furnishing of a transient accommodation;
- (4) Making the personal liability provision under the general excise tax law applicable to the TAT; and
- (5) Making various other technical amendments.

Your Committee received testimony in support of this measure from the Department of Taxation and one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this measure seeks to create parity between certain provisions of the general excise tax and the TAT and will assist the Department of Taxation in closing loopholes in the imposition of the TAT.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1043, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1043, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 35 Water & Land on H.B. No. 467

The purpose of this measure is to redevelop certain areas or regions of public lands by:

- (1) Establishing a framework to identify and redevelop areas of public lands that are classified as commercial, industrial, resort, and hotel parcels in need of revitalization;
- (2) Creating a nine-member planning committee for each redevelopment district to provide policy direction and prepare a redevelopment plan;
- (3) Authorizing a local redevelopment agency to contract with a developer for construction of non-residential projects within a redevelopment area;
- (4) Establishing a revolving fund for each redevelopment district that would generate revenues through fifty percent of the income, revenues, and receipts from the public lands in the redevelopment district, legislative appropriations, grants, gifts, and other funds; and
- (5) Creating the Waiakea Peninsula Redevelopment District on the island of Hawaii, Waiakea Peninsula Redevelopment District Planning Committee, and Waiakea Peninsula Redevelopment District Revolving Fund.

Your Committee received testimony in support of this measure from Kohala Coast Resort Association; Hawaii Island Economic Development Board; Hawaii Association of REALTORS; Kaneohehua Industrial Area Association; Takamine Construction, Inc.; David S. De Luz, Sr. Enterprises, Inc.; and four individuals. Your Committee received testimony in opposition to this measure from Ka Lahui Hawaii Komike Kalaiaina. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Budget and Finance.

Your Committee finds that because of the policies guiding the management of public lands with commercial, industrial, resort, and hotel uses, there has been little incentive for lessees to make major improvements to their infrastructure, resulting in the deterioration of infrastructure and facilities. The lack of improvements in many of these areas has resulted in dilapidation, deterioration, or obsolescence of buildings and structures. Your Committee recognizes the concerns raised by the Department of Land and Natural Resources and notes that the Department has made significant progress administratively in the planning, disposition, and redevelopment of certain areas or regions of public lands; however, your Committee believes this measure will help rejuvenate public lands over time and warrants further consideration.

Your Committee has amended this measure by:

- (1) Removing the seed money appropriations into and out of the Waiakea Peninsula Redevelopment District Revolving Fund;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 467, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 467, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 36 Government Reform on H.B. No. 141

The purpose of this measure is to:

- (1) Increase the amount of the fine that may be assessed against a noncandidate committee that makes only independent expenditures and that has received at least one contribution of more than \$10,000 or spent more than \$10,000 in an election period; and
- (2) Authorize the Campaign Spending Commission to order that the fine, or any portion of the fine, assessed against a noncandidate committee be paid from the personal funds of the officers of the noncandidate committee.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, League of Women Voters of Hawaii, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure increases the amount of fines assessed against a committee that makes only independent expenditures, otherwise known as Super PACs, which is necessary in enforcement cases against Super PACs. This measure will also serve as a more effective deterrent against Super PACs from violating campaign spending laws.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2012, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 141, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 141, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 37 Government Reform on H.B. No. 142

The purpose of this measure is to:

- (1) Require expenditures by candidate committees for reimbursements to other individuals, in addition to candidates, to be itemized in schedules filed with the reports to the Campaign Spending Commission; and
- (2) Delete "candidate reimbursements" from the list of noncandidate committee expenditures that need to be itemized.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and Common Cause Hawaii.

Your Committee finds that under existing law, only candidate reimbursements need to be itemized in reports made to the Campaign Spending Commission. However, individuals other than the candidate are also being reimbursed for campaign costs advanced by those individuals. This measure requires that reimbursements made to other individuals are itemized as well, which will provide more transparency in how candidate committees are spending monies.

Your Committee further finds that this measure deletes the requirement that noncandidate committees report any candidate reimbursements, as noncandidate committees are already prohibited from receiving or making loans under existing law.

Your Committee has amended this measure by changing its effective date to July 1, 2012, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 142, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 142, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 38 Government Reform on H.B. No. 145

The purpose of this measure is to require excess contributions by nonresident contributors to a candidate, candidate committee, or noncandidate committee to escheat to the Hawaii Election Campaign Fund if not returned to the contributor within thirty days of receipt of the excess contribution.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure will provide another source of income for the Hawaii Election Campaign Fund and allow candidates to more readily use available public financing through the Fund.

Your Committee has amended this measure by changing its effective date to July 1, 2012, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 145, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 145, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 39 Judiciary & Hawaiian Affairs on H.B. No. 186

The purpose of this measure is to:

- (1) Enact the 2018 Uniform Trust Code with appropriate amendments to reflect Hawaii law and practice; and
- (2) Repeal the Uniform Trustees' Powers Act, Uniform Prudent Investor Act, and laws regarding trust administration under the Uniform Probate Code.

Your Committee received testimony in support of this measure from the Judiciary and Commission to Promote Uniform Legislation.

Your Committee finds that this measure will update Hawaii statutes relating to trusts and bring them under one comprehensive umbrella, which will significantly reduce the time, complexity, and expense of trust proceedings.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 186, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 186, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Tokioka).

SCRep. 40 Judiciary & Hawaiian Affairs on H.B. No. 189

The purpose of this measure is to authorize the Chief Justice of the Hawaii Supreme Court to designate circuit court judges, retired intermediate appellate judges, or retired supreme court justices to temporarily fill a vacancy on the Intermediate Court of Appeals.

Your Committee received testimony in support of this measure from the Judiciary, Hawaii State Bar Association's Appellate Section, and numerous individuals.

Your Committee finds that the Intermediate Court of Appeals originally consisted of a chief judge and two associate judges. Your Committee further finds that the Legislature has since doubled the size of the Intermediate Court of Appeals to six judges. Existing law requires the Intermediate Court of Appeals to decide cases in panels of no less than three judges, and only allows the Chief Justice of the Hawaii Supreme Court to designate temporary judges when the number of available intermediate appellate judges is insufficient to make up a panel because of vacancy or disqualification. This measure will allow the Intermediate Court of Appeals to continue meeting its substantial and complex caseload by authorizing the Chief Justice to designate circuit court judges, retired intermediate appellate judges, or retired supreme court justices to fill any temporary vacancy on the court.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 189 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Tokioka).

SCRep. 41 Judiciary & Hawaiian Affairs on H.B. No. 481

The purpose of this measure is to clarify Hawaii's open meetings law by:

- (1) Providing that informational meetings and presentations on matters relating to official board business that are attended by a limited number of board members must be open to the public; and
- (2) Exempting members of a county council from the limitation on the number of board members that may attend an informational meeting or presentation.

Your Committee received testimony in support of this measure from a Councilmember of the Maui County Council and one individual. Your Committee received testimony in opposition to this measure from the Office of Information Practices, League of Women Voters of Hawaii, Civil Beat Law Center for the Public Interest, and Society of Professional Journalists Hawaii Chapter. Your Committee received comments on this measure from Common Cause Hawaii.

Your Committee finds that this measure is intended to clarify Hawaii's open meetings law to allow county councilmembers to be better informed about the issues affecting their constituents.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 481, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 481, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Takumi). Excused, 1 (Tokioka).

SCRep. 42 Judiciary & Hawaiian Affairs on H.B. No. 529

The purpose of this measure is to:

- (1) Authorize county police and planning or permitting agencies to enter privately owned residential real property, under certain specified conditions, to address imminent threats to health or safety or violations of county zoning laws; and
- (2) Establish penalties for violations.

Your Committee received testimony in support of this measure from twelve individuals.

Your Committee finds that real property owners have a responsibility to maintain their premises and refrain from using their premises for unlawful activities. When a real property owner fails to act in a timely manner to address hazardous or illegal conditions, it jeopardizes the health and safety of the entire community. This measure will provide county police and planning or permitting agencies greater enforcement capabilities when investigating imminent threats to health or safety or violations of county zoning ordinances on residential real properties.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 529 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ward). Noes, 1 (D. Kobayashi). Excused, 1 (Tokioka).

SCRep. 43 Health, Human Services, & Homelessness on H.B. No. 313

The purpose of this measure is to:

- (1) Repeal the requirement that no less than fifty percent of the assessment fees deposited into the John A. Burns School of Medicine Special Fund be used for purposes identified by the Hawaii Medical Education Council;
- (2) Repeal the monetary cap of expenditures from the John A. Burns School of Medicine Special Fund; and
- (3) Authorize the John A. Burns School of Medicine Special Fund to award scholarships for qualifying medical students and provide loan repayment to physicians who commit to working in medically underserved areas of the State as part of the Health Care Provider Loan Repayment Program.

Your Committee received testimony in support of this measure from the University of Hawaii System, Department of Labor and Industrial Relations, Hawaii

Primary Care Association, The Queen's Health Systems, and one individual. Your Committee received comments on this measure from the Hawaii Medical Board.

Your Committee finds that the State is facing a severe physician shortage, particularly in rural or medically underserved areas, that will only worsen if action is not taken to correct the issue. Your Committee believes that expanding the use of funding received through the existing physician workforce assessment will give the State the flexibility to act rapidly on tangible solutions to the ongoing physician workforce shortage.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 313, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 313, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 44 Health, Human Services, & Homelessness on H.B. No. 471

The purpose of this measure is to make permanent the regulation of behavior analysts under chapter 465D, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Department of Health, Department of Education, Hawaii State Teachers Association, Hawai'i Association for Behavior Analysis, Hawaii Disability Rights Center, Together For Our Keiki, Autism Speaks, Horizons Academy, and numerous individuals.

Your Committee finds that the regulation of the practice of applied behavior analysis established by Act 199, Session Laws of Hawaii 2015, is reasonably necessary to protect the health, safety, or welfare of those receiving services. Your Committee further finds that removing the sunset provision and making the licensure and regulation of behavior analysts permanent will ensure the ongoing protection of persons receiving these services.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 471 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 45 Health, Human Services, & Homelessness on H.B. No. 214

The purpose of this measure is to allow emergency medical personnel who have successfully completed National Registry of Emergency Medical Technicians certification to be qualified to perform emergency medical services as emergency medical technicians in the State.

Your Committee received testimony in support of this measure from the State Fire Council, Honolulu Fire Department, and five individuals. Your Committee received comments on this measure from the Hawaii Medical Board and one individual.

Your Committee finds that existing statutory language regulating emergency medical technicians does not address individuals such as firefighters and ocean safety lifeguards who have successfully completed National Registry of Emergency Medical Technicians certification but are not currently working on an ambulance. Your Committee further finds that allowing such individuals to be deemed qualified to perform emergency medical services as emergency medical technicians will create a more robust and resilient system by increasing the number of emergency medical technicians who can provide care during times of urgent need, including during disaster response.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 214, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 214, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 46 Health, Human Services, & Homelessness on H.B. No. 570

The purpose of this measure is to:

- (1) Expand the time period by which a civil action for childhood sexual abuse must be initiated;
- (2) Extend the period during which a victim of childhood sexual abuse may bring an otherwise time-barred action against the victim's abuser or an entity having a duty of care;
- (3) Allow victims to recover treble damages in certain circumstances;
- (4) Prohibit settlement agreements and court orders that restrict disclosure of certain information; and
- (5) Provide for training of legal entities on trauma-informed response to sexual abuse allegations.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women, Imua Alliance, Talbert Law LLC, Galiher DeRobertis & Waxman, The Sex Abuse Treatment Center, Planned Parenthood Votes Northwest and Hawaii, Hoola Na Pua, Hawaii Women's Coalition, and five individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that the majority of victims of childhood sexual abuse delay or withhold disclosure of their abuse, with an average delay in disclosure of twenty years. Victims of childhood sexual abuse may delay disclosure because of a lack of cognitive ability to discuss their trauma, fear of retaliation from their abuser, or any number of other reasons. Your Committee believes that extending the time period by which a victim of childhood sexual abuse must initiate a civil action against the victim's abuser will give victims of childhood sexual abuse a better opportunity to seek justice.

Your Committee has amended this measure by:

- (1) Removing the prohibition on settlement agreements and court orders that restrict disclosure of certain information;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 570, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 570, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 47 Health, Human Services, & Homelessness on H.B. No. 541

The purpose of this measure is to:

- (1) Require executive programs that purchase social services related to behavioral health, substance abuse, and homelessness to establish uniform baseline performance metrics, evaluation standards, and reimbursement rates;
- (2) Require all community or private organizations that purchase services for behavioral health, substance abuse, or homelessness, at the request of any state funding agency, to disclose the source of other federal, state, or county-level funding the organizations receive for the purposes of performing these services; and
- (3) Establish the State Payor Committee, to be led by the Department of Health, to oversee and coordinate the purchase of services and recommend approval or rejection of the purchase of service contracts covered by this Act.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Maui. Your Committee received testimony in opposition to this measure from the Hawaii Substance Abuse Coalition, Big Island Substance Abuse Council, Poailani Inc., and three individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Department of Health, Department of the Attorney General, State Procurement Office, The Queen's Health Systems, and one individual.

Your Committee finds that the care for persons with behavioral health and substance abuse issues is uncoordinated across state agencies and public providers. Your Committee believes that establishing a formalized coordination for purchasing services with state resources will promote greater coordination in care and better serve the people of Hawaii.

Your Committee has amended this measure by:

- (1) Adding the new statutory language to chapter 103F, Hawaii Revised Statutes, rather than chapter 103D, Hawaii Revised Statutes, as this is the more appropriate chapter for the procurements in this measure;
- (2) Clarifying the composition and duties of the State Payor Committee;
- (3) Removing references to homelessness services;
- (4) Clarifying that executive state agencies seeking to purchase social services related to behavioral health or substance abuse shall coordinate with the State Payor Committee as part of the planning process for the purchase of these services;
- (5) Clarifying that purchase of service contracts for behavioral health or substance abuse shall be reported to, rather than reviewed and approved by, the State Payor Committee;
- (6) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 541, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 541, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 48 Health, Human Services, & Homelessness on H.B. No. 224

The purpose of this measure is to:

- (1) Establish a funding cap on the State Health Planning and Development Special Fund of \$2,000,000;
- (2) Establish administrative penalties for persons who do not comply with an approved certificate of need;
- (3) Exempt hospice, psychiatric, and substance abuse facilities and certain dialysis center services from the certificate of need requirements; and
- (4) Appropriate funds from the State Health Planning and Development Special Fund to fund positions in the State Health Planning and Development Agency.

Your Committee received testimony in support of this measure from the State Health Planning and Development Agency. Your Committee received testimony in opposition to this measure from the Hawaii Substance Abuse Coalition; Hawai'i Care Choices; Po'ailani Inc.; Bristol Hospice; Navian Hawaii; Kauai Hospice, Inc.; and thirteen individuals. Your Committee received comments on this measure from the Hawaii Primary Care Association, Healthcare Association of Hawaii, Grassroots Institute of Hawaii, and three individuals.

Your Committee finds that increasing the special fund funding cap for the State Health Planning and Development Agency and establishing administrative penalties for noncompliance with approved certificates of need will allow the State Health Planning and Development agency to support existing positions and hire new positions, such as that of an investigator, to support the Agency's work in enforcing compliance.

Your Committee has amended this measure by:

- (1) Removing a reference to the State Health Planning and Development Agency as the agency responsible for administrating the State Health Planning and Development Special Fund;

- (2) Removing the certificate of need exemption for hospice facilities;
- (3) Clarifying that the certificate of need exemptions apply to psychiatric services, special treatment facilities, and chronic renal dialysis services, as those terms are defined in the Hawaii Administrative Rules;
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 224, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 224, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 49 Energy & Environmental Protection on H.B. No. 559

The purpose of this measure is to require lessors of rental motor vehicles to include an option for the lessee in the motor vehicle rental agreement to contribute a sum to the Department of Land and Natural Resources for the preservation and protection of the environment.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Climate Protectors Coalition. Your Committee received testimony in opposition to this measure from Avis Budget Group and Enterprise Holdings.

Your Committee finds that the protection of natural resources is critical to the future of the State's tourism industry. As other states have successfully used voluntary contribution check-off boxes to raise money for the protection of their natural resources, a similar program in Hawaii could be successful in raising funds for the State's own environmental management and visitor engagement.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 559, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 559, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 50 Energy & Environmental Protection on H.B. No. 393

The purpose of this measure is to, beginning January 1, 2030, prohibit the sale of new motor vehicles by motor vehicle dealers and salespersons that are solely powered by fossil fuels and designed for personal use.

Your Committee received testimony in support of this measure from the Hawaiian Electric Company, Inc.; Imua Alliance; Ulupono Initiative; Climate Protectors Coalition; Hawaii Electric Vehicle Association; and Blue Planet Foundation. Your Committee received testimony in opposition to this measure from the Hawaii Automobile Dealers' Association, Oahu Motorsports Association, Alliance for Automotive Innovation, Motorcycle Industry Council, and one individual. Your Committee received comments on this measure from the Hawaii State Energy Office and Motor Vehicle Industry Licensing Board.

Your Committee finds that the use of fossil fuels is the State's primary contributor to greenhouse gas emissions in the atmosphere. To accelerate the transition of the State's ground transportation to clean transportation alternatives, this measure prohibits the sale or offer for sale of new motor vehicles that are solely powered by fossil fuels and designed for personal, family, or household use.

Your Committee has amended this measure by:

- (1) Inserting language that establishes goals for the State to reduce emissions that cause climate change and build energy efficiencies across all sectors, including establishing a clean ground transportation target for light duty vehicles by December 31, 2045, and for state owned light duty vehicles by December 31, 2035;
- (2) Blanking the date after which the sale of new motor vehicles by motor vehicle dealers and salespersons that are solely powered by fossil fuels and designed for personal use is prohibited;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 393, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 393, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Matsumoto). Noes, none. Excused, 1 (Tokioka).

SCRep. 51 Energy & Environmental Protection on H.B. No. 801

The purpose of this measure is to, beginning January 1, 2023, prohibit a retailer from selling or offering for sale combustion engine-powered mopeds.

Your Committee received testimony in support of this measure from the Imua Alliance, Climate Protectors Coalition, Blue Planet Foundation, and Hawaii EV Association. Your Committee received testimony in opposition to this measure from the Oahu Motorsports Association, Retail Merchants of Hawaii, and one individual.

Your Committee finds that noise pollution is a serious problem affecting quality of life, particularly in urban areas. As a result, several cities around the world have started to phase out internal combustion engine mopeds for clean and quiet electric mopeds. This measure improves the quality of life in the State by prohibiting a retailer from selling or offering for sale combustion engine-powered mopeds beginning January 1, 2023.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 801, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 801, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 52 Energy & Environmental Protection on H.B. No. 558

The purpose of this measure is to:

- (1) Create the Clean Energy and Energy Efficiency Revolving Loan Fund within the Hawaii Green Infrastructure Special Fund;
- (2) Expand the objective of the \$50,000,000 sub-fund to allow state agencies to finance their purchase options under existing energy performance contracts and power purchase agreements to further reduce and stabilize future energy costs;
- (3) Repeal the Building Energy Efficiency Revolving Loan Fund; and
- (4) Appropriate funds out of the Clean Energy and Energy Efficiency Revolving Loan Fund to make clean energy investment loans or for other approved uses.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Climate Protectors Coalition, and Blue Planet Foundation. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Commerce and Consumer Affairs, Hawaii Green Infrastructure Authority, and Public Utilities Commission.

Your Committee finds that a significant barrier to clean energy adoption has been the unavailability of flexible financing and low-cost capital. Building Hawaii's clean energy infrastructure at the lowest possible cost is vital to reach the State's clean energy goals by 2045. Public funds must be used in a sustainable manner to simultaneously spark customer demand for clean energy technology and attract private investment in green technology.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 558, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 558, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 53 Energy & Environmental Protection on H.B. No. 562

The purpose of this measure is to repeal the requirement that noncarbonated bottled water be transported, stored, processed, or bottled through lines or equipment through which only water is passed.

Your Committee received testimony in support of this measure from the Sierra Club, Hawaii Food Industry Association, Ball Corporation, Ko Olina Resort Operators Association, and two individuals.

Your Committee finds that many carbonated soft drink companies on the mainland produce canned noncarbonated water with the same equipment used to make their other products. However, existing state law expressly prohibits carbonated soft drink, juice, and beer operations from using the same equipment to can noncarbonated bottled water. This measure ensures that local beverage filling companies that manufacture other products can provide noncarbonated water in aluminum cans to consumers as an alternative to single-use plastic water bottles.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 562, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 562, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 54 Energy & Environmental Protection on H.B. No. 113

The purpose of this measure is to exempt hydrogen fuels from petroleum product measurement requirements.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawaii Center for Advanced Transportation Technologies, Hawaii Automobile Dealers' Association, Alliance for Automotive Innovation, Servco Pacific Inc., and Ulupono Initiative.

Your Committee finds that hydrogen, as a renewable fuel, offers great promise for Hawaii. Your Committee further finds that the existing measurement standards law implies that hydrogen must be sold on the basis of measure, yet the State currently does not have a means to measure and certify hydrogen dispensers. This measure will assist the State in utilizing other forms of renewable fuels by explicitly exempting hydrogen from measurement standards relating to fuel.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 113, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 113, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 55 Energy & Environmental Protection on H.B. No. 327

The purpose of this measure is to:

- (1) Convene a sustainable aviation fuel task force within the Hawaii State Energy Office to develop a state action plan to reduce the greenhouse gas intensity of international air transportation from Hawaii; and
- (2) Require the task force and Hawaii State Energy Office to submit reports to the Legislature.

Your Committee received testimony in support of this measure from the Climate Protectors Coalition, Life of the Land, Imua Alliance, and three individuals. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that many of the requirements and renewable energy goals of the State have been focused on the electricity and ground transportation sectors as sources of greenhouse gas emissions. However, not much regard has been given to emissions from other forms of transportation or other major economic drivers. Developing an action plan to reduce the greenhouse gas emissions generated by other forms of transportation, such as air transportation, will contribute to a holistic plan of action for Hawaii regarding policy, technology, funding, and facilitation of public and private actions on climate change mitigation.

Your Committee notes that an appropriation amount of \$100,000 to \$200,000 will likely be necessary for the task force to effectively perform its duties and requests that any of your subsequent Committees on referral further examine this issue, as applicable.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 327, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 327, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 56 Energy & Environmental Protection on H.B. No. 1092

The purpose of this measure is to establish procedures for the Department of Transportation to assist and enable a person to voluntarily purchase a verified carbon offset for carbon dioxide emissions resulting from the person's air travel to or from an airport in the State.

Your Committee received testimony in support of this measure from the Blue Planet Foundation. Your Committee received testimony in opposition to this measure from 350Hawaii. Your Committee received comments on this measure from the Department of Transportation and Office of Planning.

Your Committee finds that there are many contributors to climate change, and transportation-generated greenhouse gas emissions are a significant contributor. Establishing a carbon offsetting and reduction scheme will help the State achieve its zero-emission clean economy target, while appealing to air travelers who are aware of the climate change implications of their travel.

Your Committee has amended this measure by:

- (1) Requiring the Department of Transportation to work in consultation with the Office of Planning to facilitate the voluntary purchase of air travel carbon offsets;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1092, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1092, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 57 Energy & Environmental Protection on H.B. No. 900

The purpose of this measure is to enable the use of funds from the brownfields cleanup revolving loan fund for environmental site assessments and for sub-grants to eligible entities for assessment and cleanup of brownfields sites.

Your Committee received testimony in support of this measure from the Department of Health; Department of Business, Economic Development, and Tourism; Office of Planning; and Department of Planning and Permitting for the City and County of Honolulu.

Your Committee finds that the Hawaii brownfields cleanup revolving loan fund may be used for loans and sub-grants to eligible entities for brownfields site assessment activities, sampling, and related activities in addition to cleanup activities, as per a closeout agreement between the United States Environmental Protection Agency and the State. However, the existing loan fund authority strictly limits use of revolving loan funds to loans and cleanup activities. Expanding the loan fund authority to enable sub-grants for cleanups, environmental site assessments, and related activities will allow for greater use of the grant funds for eligible brownfields projects and facilitate redevelopment of lands that are underutilized due to perceived or real contamination.

Your Committee has amended this measure by:

- (1) Specifying the purpose of the measure in the findings section; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 900, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 900, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 58 Agriculture on H.B. No. 702

The purpose of this measure is to create a limited procurement exemption system for the purchase of goods and services by the Department of Education related to the administration of food programs at public schools that incorporate a geographic preference for unprocessed locally grown and locally raised food

products.

Your Committee received testimony in support of this measure from the Hawaii Farm Bureau; Hawaii Food Industry Association; Hawaii Primary Care Association; Ulupono Initiative; Center for Getting Things Started; Hawaii Cattlemen's Council, Inc.; Hawaii Alliance for Progressive Action; Hawaii Meats, LLC; Land Use Research Foundation of Hawaii; Blue Zones Project; Environmental Caucus of the Democratic Party of Hawaii; Local Food Coalition; FoodCorps Hawaii; Ka Ohana O Na Pua; Kauai Women's Caucus; Civil Impact LLC; Hawaii SEED; Farm to School Hui; and numerous individuals. Your Committee received testimony in opposition to this measure from the State Procurement Office. Your Committee received comments on this measure from the Department of Agriculture and Department of Education.

Your Committee finds that geographic preference can play a major role in increasing student meal participation, supporting healthy lifestyles, and connecting students to local food. Your Committee further finds that sourcing food from farmers in Hawaii can also help provide fresher, more nutritious options at a lower cost and with greater efficiency. The geographic preference for local food proposed by the measure will also encourage greater incorporation of local agricultural products into state-run institutional food programs.

Your Committee has amended this measure by:

- (1) Removing the limited procurement exemption;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 702, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 702, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 59 Agriculture on H.B. No. 767

The purpose of this measure is to support the Hawaii Farm to School Program by moving the program from the Department of Agriculture to the Department of Education and establishing a programmatic goal that at least thirty percent of food served in public schools be locally sourced by 2030.

Your Committee received testimony in support of this measure from the Department of Education; Hawaii Primary Care Association; Center for Getting Things Started; FoodCorps Hawaii; Hawaii Alliance for Progressive Action; Hawaii Meats, LLC; Civil Impact LLC; Ulupono Initiative; Land Use Research Foundation of Hawaii; Blue Zones Project; Greenhouse Island Coffee; Environmental Caucus of the Democratic Party of Hawaii; Hawaii Farm Bureau; God's Country Waimanalo; Hawaii Cattlemen's Council, Inc.; and numerous individuals. Your Committee received comments on this measure from the Department of Agriculture and one individual.

Your Committee finds that a key reason for the creation of the Hawaii Farm To School Program in 2015 was to improve the health of the State's keiki by encouraging the consumption of fresh, locally grown foods, both for their nutritional content and to promote healthy behaviors at an early age. Your Committee further finds that the Farm to School Coordinator position in this measure has existed at the Department of Education since 2018.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 767, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 767, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 60 Agriculture on H.B. No. 461

The purpose of this measure is to protect Hawaii's coffee industry by:

- (1) Expanding the coffee labeling and advertising requirements to include ready-to-drink coffee beverages and inner wrapping labels given to customers;
- (2) Requiring disclosure on the label of coffee blends of the respective geographic and regional origins and percent by weight of the blended coffees;
- (3) Making it a violation of the coffee labeling law to use a geographic origin in labeling or advertising for roasted coffee, instant coffee, or ready to drink coffee beverages that contain less than a certain percentage of coffee by weight from that geographic origin, phased in to a minimum of fifty-one percent; and
- (4) Prohibiting use of the term "All Hawaiian" in labeling or advertising for roasted coffee, instant coffee, or ready to drink coffee beverages not produced entirely from green coffee beans grown and processed in Hawaii.

Your Committee received testimony in support of this measure from Hawaii's Thousand Friends, Kona Coffee Farmers Association, Lions Gate Farms, Monk's Delight Kona Coffee, Hawaii Farmers Union United, Kona Perfect, Absolute Palate LLC, Konaloha Farms, Rancho Aloha, Cassandra Farms, and eight individuals. Your Committee received testimony in opposition to this measure from the Hawaii Food Industry Association; Hawaii Coffee Company; Maui Coffee Association; Hawaii Teamsters & Allied Workers, Local 996; and 7-Eleven Hawaii. Your Committee received comments on this measure from the Department of Agriculture and Hawaii Coffee Association.

Your Committee finds that it is important for the State to balance the protection of its distinctive, premium brand of coffee while with the need to maintain the affordability of and consumer access to Hawaii-grown coffee.

Your Committee has amended this measure by:

- (1) Deleting all references to "ready-to-drink coffee beverages";
- (2) Removing the requirement that coffees not grown in Hawaii must be labeled with the regional origins of the various foreign-grown coffees;
- (3) Removing the graduated requirement under the coffee labeling law that Hawaii-grown coffee must eventually comprise at least fifty-one percent by weight of roasted coffee or coffee beverages in order to be identified as such in any labeling or advertising;

- (4) Making unspecified the percentage of coffee by weight that a package of roasted or instant coffee must contain for geographic-origin labeling, trademark, and geographic-origin trademark purposes;
- (5) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 461, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 461, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioaka).

SCRep. 61 Agriculture on H.B. No. 681

The purpose of this measure is to establish linked investments to provide loans for agriculture and authorize the Director of Finance to commit no more than \$5,000,000 of certain monies available in the state treasury for the creation of linked investments through agreements with eligible lending institutions.

Your Committee received testimony in support of this measure from the Hawaii Farm Bureau and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Agriculture.

Your Committee finds that the cost of operating a farm or ranch in Hawaii can be significant, and in many cases, agricultural operations require capital that local farmers lack. Operating capital may be difficult to obtain using traditional methods of financing. Your Committee further finds that linked investments can provide an alternative loan program for farmers to increase their production.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 681, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 681, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioaka).

SCRep. 62 Judiciary & Hawaiian Affairs on H.B. No. 356

The purpose of this measure is to require meetings of the Judicial Council to be open to the public.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Judiciary, Hawaii State Ethics Commission, and Common Cause Hawaii.

Your Committee finds that one of the Judicial Council's primary functions is to select nominees for the Campaign Spending Commission and State Ethics Commission. To promote open discussion among Judicial Council members and protect the privacy of nominees, your Committee believes that deliberations for the selection of nominees for these commissions should not be open to the public.

Your Committee has amended this measure by:

- (1) Requiring the Judicial Council's deliberations for the selection of nominees for the Campaign Spending Commission and State Ethics Commission to be closed to the public; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 356, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 356, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Tokioaka).

SCRep. 63 Corrections, Military, & Veterans on H.B. No. 958

The purpose of this measure is to amend the minimum eligibility requirements for appointment to the position of Adjutant General to a person who:

- (1) Holds or has held a commission of the rank of Colonel in the military with a grade of 06 or above or its equivalent;
- (2) Has served as a commissioned officer in one or more certain Army or Air Force components for at least ten years; and
- (3) Has no administrative actions preventing promotion to the rank of a General Officer in the military with a grade of 07 or 08.

Your Committee received testimony in support of this measure from the Department of Defense.

Your Committee finds that the position of Adjutant General serves as the Director of Hawaii Emergency Management and oversees the Hawaii Emergency Management Agency. These responsibilities require strategic thinking and quick and decisive coordination of various agencies, including mobilization of forces in advance of and during actual emergencies.

Your Committee further finds that the position of Adjutant General requires a person with sufficient military education and experience to make operational decisions, maintain credibility with national and international counterparts, and provide leadership in times of natural or manmade disaster. The rank of Major, which would currently qualify a person for the position of Adjutant General, can be attained by someone with approximately ten years less of education and experience than a person holding the rank of Colonel. Increasing the minimum eligibility requirements for the position through this measure provides greater assurance that the role will be filled by a qualified candidate.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3050, to encourage further discussion; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 958, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 958, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 64 Corrections, Military, & Veterans on H.B. No. 959

The purpose of this measure is to authorize the payment of an allowance for Tricare Reserve Select or other government-funded premium payments to officers, warrant officers, or enlisted personnel of the Hawaii National Guard under certain circumstances.

Your Committee received testimony in support of this measure from the Department of Defense.

Your Committee finds that this measure would authorize the Hawaii National Guard to provide health insurance coverage for personnel called to active duty in the service of the State. Absent such authorization, when these service members are activated for more than thirty days, most would have no medical insurance for routine medical care.

Your Committee notes that this measure does not utilize general funds but rather, will use monies from the Major Disaster Fund.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 959, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 959, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 65 Corrections, Military, & Veterans on H.B. No. 391

The purpose of this measure is to establish a process for the early termination of a rental agreement for certain active duty servicemembers who:

- (1) Receive military orders to vacate civilian housing and move into on-post government quarters;
- (2) Become eligible to live in on-post government quarters and failure to move into on-post government quarters will result in a forfeiture of the basic allowance for housing; or
- (3) Die while serving on active duty.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii and four individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that servicemembers can lose their housing allowance when they get divorced, no longer have dependents, or do not have physical custody of children. In this event, servicemembers will be required to move into barracks regardless of any valid lease to which they are a party. Your Committee further finds that this measure will help to ensure that servicemembers will not have to face evictions or serious financial hardship if they are no longer eligible for a basic housing allowance and need to terminate a residential lease for off-post housing.

Your Committee has amended this measure by:

- (1) Making conforming amendments to allow the protections to apply equally to the terminating servicemember tenant and the terminating servicemember tenant's family member, as applicable;
- (2) Adjusting the definition of "servicemember tenant" to clarify that the member is a party to a rental agreement;
- (3) Changing the effective date to July 1, 3050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 391, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 391, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 66 Energy & Environmental Protection on H.B. No. 433

The purpose of this measure is to:

- (1) Assess a climate change mitigation impact fee on every customer who rents, leases, or utilizes a rental motor vehicle;
- (2) Establish the climate change mitigation special fund; and
- (3) Designates the uses for the impact fees.

Your Committee received testimony in support of this measure from the Hawaii Climate Change Mitigation and Adaptation Commission; The Trust for Public Land; Surfrider Foundation, O'ahu Chapter; Imua Alliance; Climate Protectors Coalition; Kupu; Hawaii Electric Vehicle Association; Blue Planet Foundation; Hawai'i Alliance for Community-Based Economic Development; and twelve individuals. Your Committee received testimony in opposition to this measure from Avis Budget Group, Enterprise Holdings, and Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Transportation, Department of Health, Office of Planning, and Tax Foundation of Hawaii.

Your Committee finds that the impacts of cars, buses, shuttles, and other road vehicles, which emit carbon dioxide and other greenhouse gases, contribute to climate change. To ensure the quality of life of residents, the health of the environment, and continued value for the visitor experience, management efforts

to maintain the State's infrastructure and environment are imperative. This measure establishes a fee with an environmental focus that is designed to manage the impacts of tourism on climate change and the environment as an integral part of the State's management efforts.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 433, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 433, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 67 Energy & Environmental Protection on H.B. No. 1141

The purpose of this measure is to:

- (1) Establish a rental motor vehicle emissions surcharge tax on rental motor vehicles with internal combustion engines; and
- (2) Set requirements for rental motor vehicle lessors operating in Hawaii to expedite the incorporation of zero-emission vehicles in their fleets.

Your Committee received testimony in support of this measure from the Climate Protectors Coalition, Imua Alliance, Ulu pono Initiative, Our Revolution Hawaii, 350Hawaii, Hawaii Electric Vehicle Association, Blue Planet Foundation, Weedrivetesa, and seven individuals. Your Committee received testimony in opposition to this measure from Avis Budget Group and Enterprise Holdings. Your Committee received comments on this measure from the Department of Taxation and Hawaii State Energy Office.

Your Committee finds that zero-emission vehicles, such as electric vehicles, play an integral role in Hawaii's clean energy future. Electric vehicles are much less expensive to power per mile than their gasoline counterparts and, by using stored electrical energy, they can take advantage of intermittent solar, wind, and other clean energy resources. This measure transitions rental motor vehicle fleets to zero-emission vehicles, which would significantly reduce carbon emissions, increase the number of zero-emission vehicles entering the secondary market, and demonstrate to all who visit the State that Hawaii is a leader in clean energy and sustainable transportation.

Your Committee has amended this measure by:

- (1) Specifying that all monies received from rental motor vehicle emissions surcharge shall be deposited into the Public Utilities Commission Special Fund, rather than the Energy Security Special Fund;
- (2) Deleting provisions that would have required all lessors of rental motor vehicles in the State to incorporate zero-emission light duty passenger vehicles into one hundred percent of their rental motor vehicle fleet by July 1, 2035;
- (3) Inserting provisions that offer a rebate to transient accommodations with at least fifty parking stalls if they install an alternating current Level 2 station with two or more ports or a direct current fast charging system;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1141, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1141, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 68 Energy & Environmental Protection on H.B. No. 1143

The purpose of this measure is to:

- (1) Amend the definition of "renewable portfolio standard" for electric utility companies to be a percentage of electrical energy generation, rather than sales;
- (2) Define a renewable portfolio standard for gas utility companies; and
- (3) Require gas utility companies to establish renewable energy portfolio standards and provide a means for gas utility companies to achieve the renewable energy portfolio standards.

Your Committee received testimony in support of this measure from the Climate Protectors Coalition, Ulu pono Initiative, Our Revolution Hawaii, 350Hawaii, Blue Planet Foundation, The Coalition for Renewable Natural Gas, and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Bioeconomy Trade Organization. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Hawaii State Energy Office; Public Utilities Commission; Chamber of Commerce Hawaii; Hawaiian Electric Company, Inc.; Hawai'i Gas; and Sierra Club of Hawai'i.

Your Committee finds that it is important that all relevant entities are aligned in the goal of achieving one hundred percent renewable energy. Requiring electric utilities, but not gas utilities, to increase their reliance on renewable energy creates an unfair playing field that may unintentionally harm consumers by promoting suboptimal long-lived investments in fossil fuels through gas-fired distributed electrical generation. This measure addresses this issue by exploring the implementation of establishing renewable portfolio standards for gas utilities as the State progresses toward its renewable energy goals.

Your Committee has amended this measure by:

- (1) Deleting provisions that defined a renewable portfolio standard for gas utility companies and would have required gas utility companies to establish renewable energy portfolio standards;
- (2) Inserting language that establishes an unspecified renewable portfolio standard goal for gas utility companies by December 31, 2025;
- (3) Inserting language that directs the Public Utilities Commission to open a formal proceeding to examine questions surrounding the establishment of a gas renewable portfolio standard;

- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1143, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1143, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Tokioka).

SCRep. 69 Agriculture on H.B. No. 443

The purpose of this measure is to require the Department of Education to conduct a comprehensive cost analysis of the department's food services and student meal programs, including increasing the use of locally grown agricultural products and reducing reliance on imported agricultural products and other food imports.

Your Committee received testimony in support of this measure from the Hawaii Farm Bureau; Hawaii Primary Care Association; Hawaii Cattlemen's Council, Inc.; Ulupono Initiative; Land Use Research Foundation of Hawaii; Blue Zones Project; Local Food Coalition; Hawaii SEED; Ka Ohana O Na Pua; Hawaii Farmers Union United Kona Chapter; Kahana Foundation; and numerous individuals. Your Committee received comments on this measure from the Department of Education and Department of Agriculture.

Your Committee finds that this measure would help invest in the health of Hawaii's children by providing nutritious, locally-grown food in schools and augment the State's food security and self-sufficiency by reducing its reliance on imported agricultural products.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 443 and recommends that it pass Second Reading and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 70 Agriculture on H.B. No. 549

The purpose of this measure is to transfer the oversight and regulation of the State's Measurement Standards Branch from the Department of Agriculture to the Department of Commerce and Consumer Affairs.

Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that throughout the United States and many other nations, measurement standards programs, also known as weights and measures programs, provide a uniform means to conduct commerce in a manner that protects consumers from fraud and misrepresentation and is fair to all parties involved. Accordingly, the proper home of the State's Measurement Standards Branch should lie with the Department of Commerce and Consumer Affairs.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 549 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 71 Agriculture on H.B. No. 871

The purpose of this measure is to support and promote agriculture in the State, specifically on lands under the jurisdiction of the Department of Agriculture, by establishing a new agricultural enterprise program.

Your Committee received testimony in support of this measure from the Department of Agriculture; University of Hawaii System; East Oahu County Farm Bureau; Hawaii Farm Bureau; Hawaii Cattlemen's Council; Hawaii Agriculture Research Center; Hawaii Food Products; Ponoholo Ranch Limited; Seymour Resources Hawaii; Ulupono Initiative; Kalera; Maui County Farm Bureau; Hawaii Aquaculture and Aquaponics Association; Land Use Research Foundation of Hawaii; Ag Matters, LLC; Ulupalakua Ranch; Hawaii Crop Improvement Association; Local Food Coalition; Scott E. Enright, Company LLC; GreenWheel Food Hub; and three individuals.

Your Committee finds that while the production of crops and organisms on agricultural park and non-agricultural park lands under the jurisdiction of the Department of Agriculture are promoted and allowed, existing law does not explicitly allow ancillary and other activities related to and supportive of agriculture. This measure clarifies that ancillary and other related activities supporting agriculture are encouraged on all Department lands, which will give the Department greater flexibility on agricultural leases to help further develop Hawaii's agriculture industry and ensure the Department can fulfill its statewide goals and objectives.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 871 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 72 Agriculture on H.B. No. 1088

The purpose of this measure is to prohibit manufacturers from selling cosmetic products that are tested on animals, beginning on January 1, 2022.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society, Animal Rights Hawaii, The Humane Society of the United States, National Anti-Vivisection Society, Cruelty Free International, The Body Shop, Personal Care Products Council, O'o Hawaii, Pure Mana Hawaii, Kahana Foundation, Ao Organics Hawaii, and three individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii.

Your Committee finds that modern cosmetic safety testing standards and practices no longer require the use of animals. These new testing methods are also more reliable, efficient, and effective. Your Committee further finds that this measure strikes a balance between a complete ban and limited exceptions to the animal testing prohibition, which exceptions recognize the realities of chemical testing commonly done around the globe.

Your Committee has amended this measure by:

- (1) Prohibiting animal testing for cosmetics that was conducted in a cruel manner, as identified in section 711-1108.5(1)(a), relating to cruelty to animals in the first degree;
- (2) Changing its effective date to January 1, 2024; and
- (3) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1088, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1088, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 73 Agriculture on H.B. No. 1356

The purpose of this measure is to promote native Hawaiian customary and traditional practices through subsistence farming by:

- (1) Clarifying that "customary and traditional subsistence farming" is a protected activity under the Hawaii Right to Farm Act;
- (2) Establishing that the cultivation of crops and activities related to game, fish, and livestock on agricultural lands may be for economic use or "customary and traditional subsistence farming"; and
- (3) Adding to the economic objectives and policies for agriculture in the Hawaii State Planning Act a new policy to assure the right of native Hawaiian cultural practitioners to engage in customary and traditional subsistence farming for direct personal or family consumption.

Your Committee received testimony in support of this measure from Koa Ike and two individuals. Your Committee received comments on this measure from the Department of Agriculture and Office of Planning.

Your Committee finds that promoting and protecting customary and traditional subsistence farming by native Hawaiian cultural practitioners is an important goal for the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1356, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1356, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 74 Economic Development on H.B. No. 683

The purpose of this measure is to:

- (1) Establish the Sustainable Aviation Fuel Program to provide matching grants to any small business in Hawaii that is developing products related to sustainable aviation fuel or greenhouse gas reduction from commercial aviation operations; and
- (2) Specify that monies for the program are from legislative appropriations out of the Environmental Response, Energy, and Food Security Tax.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received comments on this measure from the Department of the Attorney General, Office of Planning, Hawaii State Energy Office, and Hawaii Technology Development Corporation.

Your Committee finds that greenhouse gas emissions from air travel have historically been one of the largest sources of Hawaii's greenhouse gas emissions. This measure positions the State to continue to be a leader in the promotion of sustainable aviation fuels by providing opportunities for greenhouse gas reduction in aviation operations and the development of sustainable aviation fuels.

Your Committee has amended this measure by:

- (1) Clarifying that the monies necessary for the Sustainable Aviation Fuel Program may, rather than are required to, be appropriated by the Legislature from the Environmental Response, Energy, and Food Security Tax revenues;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 683, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 683, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 75 Transportation on H.B. No. 160

The purpose of this measure is to subject U-drive motor vehicles to the same motor vehicle registration fees as other motor vehicles.

Your Committee received testimony in support of this measure from one member of the Kauai County Council and the Hawaii State Association of Counties.

Your Committee finds that under existing law the registration fee for U-drive motor vehicles, or rental motor vehicles, is less than all other motor vehicles. Your Committee believes the existing registration fee for rental motor vehicles does not equally reflect the actual amount rental motor vehicles use the State's roadways. This measure will create a more equitable application of the motor vehicle registration fee to all types of motor vehicles.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 160, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 160, H.D. 1, and

be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 76 Transportation on H.B. No. 159

The purpose of this measure is to:

- (1) Require a motor vehicle transferor, or their representative, and transferee to appear in person to execute the transfer of a motor vehicle; and
- (2) Subject motor vehicle transferors to certain fees previously assessed on motor vehicle transferees.

Your Committee received testimony in support of this measure from the City and County of Honolulu Department of Customer Services, Hawaii State Association of Counties, one member of The Kauai County Council, and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Insurers Council; Insurance Auto Auctions, Inc.; Copart, Inc.; and American Property Casualty Insurance Association. Your Committee received comments on this measure from Enterprise Holdings.

Your Committee finds that buyers and sellers of used motor vehicles often provide false, illegible, or unusable contact information, which causes discrepancies in records kept by the counties as some motor vehicle registration records do not match the actual owner of the motor vehicle. This measure will assist the counties in keeping accurate and current records of vehicle transfers.

Your Committee notes the numerous testifiers who have expressed their concerns that for certain companies, such as insurance and motor vehicle rental companies, this measure would create an inefficient and unrealistic burden on companies who sell a large quantity of motor vehicles.

Accordingly, your Committee has amended this measure by:

- (1) Providing for exceptions to the requirement of appearing in person before a clerk at a county department of motor vehicle for certain entities;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 159, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 159, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 77 Transportation on H.B. No. 161

The purpose of this measure is to authorize the director of finance of a county to require payment of outstanding charges owed to the county for the towing, removal, or disposal of an abandoned or derelict vehicle before issuing a motor vehicle certificate of registration.

Your Committee received testimony in support of this measure from the Hawaii State Association of Counties and one member of Kauai County Council. Your Committee received comments on this measure from Enterprise Holdings.

Your Committee finds that the number of abandoned and derelict vehicles on the streets throughout the State remains a major issue. Your Committee further finds that the counties are often burdened with fronting the cost of towing and disposing abandoned and derelict vehicles, with no means to recoup these costs. Requiring the costs of towing and disposal to be paid as a condition precedent to registration of a vehicle will allow the counties to recoup these costs, thereby keeping the streets free from abandoned and derelict vehicles and not at the expense of taxpayers.

Your Committee notes that there are instances when a vehicle is stolen or taken without the permission or authorization of the registered owner. Your Committee recognizes that this measure would place an unwarranted burden on the registered owner when they are a victim of a crime and not at fault.

Accordingly, your Committee has amended this measure by:

- (1) Providing that a registered owner of a motor vehicle shall not be fined if the abandoned or derelict vehicle was stolen or taken without permission or authorization; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 161, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 161, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 78 Transportation on H.B. No. 486

The purpose of this measure is to:

- (1) Specify that a government agency does not assume ownership or jurisdiction over a disputed road solely through maintenance or repair activities; and
- (2) Authorize the State to transfer ownership of roads in favor of counties by quitclaim if requested by the county.

Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that many roads in the State are dilapidated and currently remain unfixed due to unclear jurisdictional authority or ownership of those roads between the State and counties. This is causing a great deal of harm to residents as they are forced to drive over unmaintained roads, ultimately damaging their vehicles. This measure would allow a government agency to maintain or repair a road, without requiring that agency to claim jurisdiction or ownership of that road, thereby creating a better environment for residents to drive in.

Your Committee notes the testimony of the Department of Land and Natural Resources, which states that the current language in this measure may be too vague and subject to differing interpretations.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that any action taken by a government agency to maintain or repair a public street, road, or highway shall not be used to establish the agency's ownership of, or jurisdiction over, the public street, road, or highway; and
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 486, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 486, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 79 Transportation on H.B. No. 1288

The purpose of this measure is to exclude non-voting ex-officio board members appointed by the President of the Senate and Speaker of the House of Representatives to the Board of Directors of the Honolulu Authority for Rapid Transportation from being counted for purposes of quorum.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that the existing law regarding quorum requirements for the Board of the Honolulu Authority for Rapid Transportation has caused confusion as to what constitutes a quorum of members to act on an item. Currently, there are fourteen board members, but only nine of those members have voting authority. Your Committee finds that clarification is needed as to which members should be counted toward a quorum so that the Board of Directors can act on important issues facing the Board of Directors. This measure would make it clear that the two members appointed by the Speaker of the House of Representatives and President of the Senate do not count toward a quorum, thereby resolving any quorum and voting issues.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1288 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 80 Water & Land on H.B. No. 203

The purpose of this measure is to authorize the issuance of \$3,000,000 in general obligation bonds to fund the construction costs of a water storage and distribution system on agricultural lands owned by the Office of Hawaiian Affairs in Wahiawa, Oahu, surrounding the Kukaniloko birthing stones site.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Agribusiness Development Corporation, Hawaii Farm Bureau, Waialua Hawaiian Civic Club, Kupuna for the Mo'opuna, and ten individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the water storage and distribution system envisioned in this measure will enable the Office of Hawaiian Affairs to take a significant step forward in the development of its Wahiawa property and will advance diversified agriculture, food security, and cultural preservation in Central Oahu, thereby providing a model for sustainable agricultural development throughout the islands.

Your Committee has amended this measure by:

- (1) Blanking out the amount of general obligation bonds authorized;
- (2) Providing that the general obligation bonds can also be used to fund the construction costs of related improvements;
- (3) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As this measure moves through the legislative process, your Committee notes that \$3,000,000 in general obligation bonds has been requested for this project.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 203, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 203, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 81 Water & Land on H.B. No. 544

The purpose of this measure is to authorize the issuance of general obligation bonds and appropriate funds for a capital improvement project for the Department of Land and Natural Resources, to be expended by the University of Hawaii, to remove the Hoku Kea Telescope from the summit of Mauna Kea.

Your Committee received testimony in support of this measure from the University of Hawaii at Hilo. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that this measure aligns with the University of Hawaii at Hilo's plans, pursuant to the direction of the University of Hawaii Board of Regents, to decommission the Hoku Kea Telescope.

Your Committee notes the Department of Land and Natural Resources' testimony that the summit of Mauna Kea is under a general lease to the University of Hawaii, and the Department does not play a "pass through" role for the University on this matter. As such, it is appropriate to remove the Department of Land and Natural Resources from this measure.

Your Committee has amended this measure by:

- (1) Removing the reference to the Department of Land and Natural Resources;
- (2) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (3) Making a technical nonsubstantive amendment for the purpose of clarity, consistency, and style.

As this measure moves through the legislative process, your Committee notes that the University of Hawaii estimates that the removal of the Hoku Kea telescope will cost \$1,360,000. In addition, your Committee asks that consideration be given to using the decommissioned telescope as a teaching telescope

at Hale Pohaku.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 544, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 544, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 82 Water & Land on H.B. No. 1007

The purpose of this measure is to decriminalize traffic infractions within the Department of Land and Natural Resources' (Department) natural area reserves, game management areas, wildlife sanctuaries, and public hunting areas.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that Act 101, Session Laws of Hawaii 2008, decriminalized traffic violations within the Department's State Park System. This measure similarly decriminalizes traffic violations in lands managed by the Department's Division of Forestry and Wildlife.

Your Committee has amended this measure by:

- (1) Inserting a savings clause;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1007, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1007, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 83 Water & Land on H.B. No. 1012

The purpose of this measure is to authorize the Board of Land and Natural Resources (Board) to approve rental reductions or waivers for leases that require substantial demolition costs or infrastructure improvement costs in order for the lessee to utilize the premises.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that this measure seeks to authorize the Board to approve a rent reduction or waiver for up to twenty years that shall not exceed the amount of the lessee's total expenditures for demolition of improvements or provision of infrastructure. This measure is part of an effort by the Department of Land and Natural Resources to bring its leasing practices to commercially reasonable standards.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1012, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1012, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 84 Water & Land on H.B. No. 1016

The purpose of this measure is to:

- (1) Clarify that a valid commercial marine vessel license shall satisfy the commercial marine license requirement for all persons aboard a licensed vessel; and
- (2) Require any person providing fishing charter services to obtain a commercial marine license.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Ice Partners, LLC; POP Fishing and Marine; Vessel Management Associates, Inc.; United Fishing Agency; Hawaii Longline Association; and four individuals.

Your Committee finds that currently, each individual on a fishing vessel must have their own commercial marine license to participate in a commercial fishing trip. This requirement causes problems when part-time crew members are needed for a trip or visitors are invited on board. This measure would be more convenient and cost effective for Hawaii boat-based fishers by ensuring that everyone on board is covered under one license. This measure also clarifies that any person providing fishing charter services, whether vessel-based or shore-based, must first obtain a commercial marine license.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1016, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1016, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 85 Water & Land on H.B. No. 1018

The purpose of this measure is to authorize the Department of Land and Natural Resources (Department) to adopt rules for a lay net permit for the use or possession of lay nets, including reasonable fees and provisions for non-compliance with lay net rules.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and two individuals.

Your Committee finds that lay net violations are primarily fishery-related infractions that the Department investigates, and a lay net permit system would better regulate this type of fishing gear.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1018, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1018, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 86 Water & Land on H.B. No. 1020

The purpose of this measure is to authorize the Board of Land and Natural Resources to temporarily adopt, amend, and repeal certain natural resource rules by formal action at a publicly noticed meeting if the Board of Land and Natural Resources finds that such adoption, amendment, or repeal is necessary to effect adaptive natural resource management.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that this measure provides the Department of Land and Natural Resources with an additional tool to quickly implement certain temporary adaptive management measures in response to rapidly changing resource conditions.

Your Committee has amended this measure by:

- (1) Retaining statutory language that gives the Department of Land and Natural Resources the ability to:
 - (A) Adopt, amend, and repeal wildlife rules concerning size limits, bag limits, open and closed seasons, and specifications of hunting gear which may be used or possessed; and
 - (B) Adopt, amend, and repeal aquatic-resources rules that include size limits, bag limits, open and closed fishing seasons, specifications and numbers of fishing or taking gear which may be used or possessed, and prescribing and limiting the kind and amount of bait that may be used in taking aquatic life;
- (2) Changing its effective date to January 1, 2050; and
- (3) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1020, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1020, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 87 Water & Land on H.B. No. 753

The purpose of this measure is to exclude housing developed by the Department of Hawaiian Home Lands from school impact fees.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that excluding housing developed by the Department of Hawaiian Home Lands from school impact fees could result in more homes being developed for its beneficiaries.

Your Committee has amended this measure by:

- (1) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 753, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 753, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 88 Water & Land on H.B. No. 1023

The purpose of this measure is to help the State identify and develop sustainable sources of funding to effectively manage its fisheries by establishing a nonresident recreational marine fishing license and associated fees.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that Hawaii's marine fishing opportunities attract thousands of visitors each year, from professional anglers who participate in big game fishing tournaments to weekend fishing enthusiasts seeking to enjoy their favorite recreational activity while on vacation. Hawaii residents pay taxes that support state fisheries management programs. In contrast, nonresident recreational fishers directly benefit from enjoyment of the State's marine fishery

resources without directly contributing to management of these valuable resources. This measure will provide an additional source of funding to protect these resources.

Your Committee has amended this measure by:

- (1) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1023, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1023, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 89 Water & Land on H.B. No. 1015

The purpose of this measure is to implement the water disposition process pursuant to section 171-58, Hawaii Revised Statutes, by clearly establishing that dispositions for the use of water by the Board of Land and Natural Resources are licenses for water, rather than the conveyance of any property right or interest in water via a lease.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Hawaii Farm Bureau. Your Committee received testimony in opposition to this measure from Maui Tomorrow Foundation, Inc.; Kauai Island Utility Cooperative; and two individuals. Your Committee received comments on this measure from the Department of Hawaiian Home Lands, Sierra Club of Hawai'i, and Wai'oli Valley Taro Hui.

Your Committee finds that the provisions of this measure will allow the Board of Land and Natural Resources to dispose of water in a more feasible and practicable manner.

Your Committee has amended this measure by:

- (1) Setting forth factors that may be considered in determining the fair market value for a license;
- (2) Providing that if a licensee disagrees with the fair market value for the license rental for water, the Board of Land and Natural Resources has sole discretion to resolve the dispute; provided that such resolution is consistent with the public trust doctrine;
- (3) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1015, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1015, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Morikawa). Noes, none. Excused, 1 (McDermott).

SCRep. 90 Pandemic & Disaster Preparedness on H.B. No. 103

The purpose of this measure is to:

- (1) Specify when a state of emergency proclamation shall terminate;
- (2) Authorize the Legislature, upon request by the Governor and adoption of a concurrent resolution, to extend or deny an extension of a state of emergency proclamation; and
- (3) Authorize a separate state of emergency proclamation by the Governor for a state of emergency arising from the same emergency or disaster as a previous proclamation that expired upon request of the Governor and adoption of a concurrent resolution by the Legislature.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association and four individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Common Cause Hawaii, Grassroot Institute of Hawaii, and one individual.

Your Committee finds that to address the coronavirus disease 2019 (COVID-19) pandemic, the Governor declared a state of emergency on March 4, 2020, and has since issued 17 supplemental proclamations extending the state of emergency and other restrictions. Your Committee believes that there needs to be more checks and balances in regard to the extension of emergency proclamations to ensure the welfare of the residents of the State. Your Committee further finds that the Governor appropriately took action to provide relief for damages to protect the health, safety, and welfare of residents by suspending certain laws. However, as the State enters the eleventh month of the pandemic, it brings into question the need to continuously suspend a variety of state laws.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that the powers granted for emergency purposes shall not be inconsistent with the Hawaii State Constitution;
- (2) Providing that any suspension of law due to a state of emergency shall be no broader and for no longer than required for expeditious and efficient execution of emergency functions and any suspension of law shall identify the sections of law suspended, emergency function facilitated by the suspension, and sufficient explanation supporting the basis for the suspension;
- (3) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 103, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 103, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 91 Pandemic & Disaster Preparedness on H.B. No. 273

The purpose of this measure is to authorize the Director of Transportation to adopt emergency rules to allow for license renewals to be completed by mail or online.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Transportation Association, and one individual.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic has negatively impacted the way many residents proceed with their everyday life, including what was once the simple task of renewing a driver's license in person. The COVID-19 pandemic has stressed the importance of government being able to quickly and efficiently adapt to changing situations to ensure the continued provision of necessary public services.

Your Committee notes that according to testimony from the Department of Transportation, existing driver's license holders that intend to obtain a federal REAL ID compliant driver's license for the first time will not be eligible for online or mail-in renewal and that federal rule requires a person to take an in-person photo every sixteen years. Your Committee, therefore, requests that should your Committee on Judiciary and Hawaiian Affairs decide to hear this measure, it take the Department of Transportation's testimony into consideration.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 273, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 273, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 92 Pandemic & Disaster Preparedness on H.B. No. 726

The purpose of this measure is to:

- (1) Require every person in the State to wear a face covering when in a public setting, subject to certain exemptions; and
- (2) Establish a fine for failure to wear a face covering when required.

Your Committee received testimony in support of this measure from the Hawaii Lodging and Tourism Association, Hawai'i Pacific Health, The Queen's Health Systems, Hawai'i Community Foundation, and two individuals. Your Committee received testimony in opposition to this measure from ten individuals. Your Committee received comments on this measure from the Judiciary, Department of Health, Department of Commerce and Consumer Affairs, Hawaii Food Industry Association, Chamber of Commerce Hawaii, Hawaii Medical Service Association, and Hawaii Bankers Association.

Your Committee finds that the coronavirus disease 2019 (COVID-19) mainly spreads from person to person through respiratory droplets that travel into the air when a person coughs, sneezes, or talks. Face coverings act as a barrier to help prevent respiratory droplets from reaching others and studies have shown that masks reduce the spray of droplets when worn properly over the nose and mouth. Your Committee believes that mandating everyone to wear face coverings, in addition to other preventative measures, will slow the spread of COVID-19, thereby ensuring the health and safety of everyone in Hawaii and helping restore the economy.

Your Committee has amended this measure by:

- (1) Clarifying that a person violating the face covering mandate will be subject to a civil fine;
- (2) Specifying that the face covering mandate will be repealed on December 31, 2021, or on the date that the last emergency proclamation related to the COVID-19 emergency issued by the Governor expires, whichever is sooner;
- (3) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 726, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 726, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 93 Pandemic & Disaster Preparedness on H.B. No. 539

The purpose of this measure is to establish a program within the Hawaii State Fusion Center to train, establish, and operate threat assessment teams.

Your Committee received testimony in support of this measure from the Department of Education and Hawaii Association of School Psychologists. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that having a team of individuals who can provide threat assessments for state agencies can help identify, assess, and manage potential threats before they occur. Creating a team of professionals from diverse sectors trained in threat assessment will encourage different information and perspectives that can help find solutions to manage threats. Your Committee believes that having a program that allows the State to take preemptive measures against threats can improve the State's ability to protect its residents and visitors.

Your Committee notes the testimony of the Office of Information Practices that the current placement of language regarding the exemption of certain personal records from disclosure may be better placed with the statute dealing with the specific records or programs that are being protected.

Accordingly, your Committee has amended this measure by:

- (1) Placing the language regarding an exemption from disclosure of records held by a government agency's threat assessment team or the Hawaii State Fusion Center in the newly created statute establishing the threat assessment teams, rather than in the Uniform Information Practices Act;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 539, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 539, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Woodson).

SCRep. 94 Pandemic & Disaster Preparedness on H.B. No. 953

The purpose of this measure is to establish the Hazard Mitigation Special Fund to allow the Hawaii Emergency Management Agency the ability to monitor its own hazard mitigation projects.

Your Committee received testimony in support of this measure from the Hawaii Emergency Management Agency and Hawaii State Energy Office.

Your Committee finds that the Hawaii Emergency Management Agency has nearly exhausted its funding to support the management and implementation of hazardous mitigation projects. There are various projects to mitigate situations that are deemed hazardous that require immediate action. However, these necessary projects will not be possible without proper funding. This measure will ensure the continuation of hazardous mitigation projects and expand the program by establishing the Hazard Mitigation Special Fund.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 953, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 953, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Woodson).

SCRep. 95 Pandemic & Disaster Preparedness/Economic Development on H.B. No. 724

The purpose of this measure is to prohibit the application of travel restrictions implemented during a state of emergency or local state of emergency to essential workers, unless the application of the travel restriction was approved by the Governor.

Your Committees received testimony in support of this measure from the Hawaii State Energy Office; Hawaii Primary Care Association; Matson Navigation Company, Inc.; Hawai'i Farm Bureau; and Hawaii Medical Service Association. Your Committees received comments on this measure from the Hawaii Emergency Management Agency.

Your Committees find that ensuring that essential workers have the ability to travel without restriction to perform their jobs safely is critical to the State's ability to maintain the operation of critical infrastructure and community lifelines. Essential workers are required to be able to perform their jobs at any given notice and any type of travel restriction on essential workers would hinder their ability to provide necessary services to residents of the State. Your Committees recognize the efforts of all the workers in the State and note that there are several other categories that should be considered essential workers.

Accordingly, your Committees have amended this measure by:

- (1) Clarifying that all health care workers, including those who work in public health, are considered essential workers for purposes of this measure;
- (2) Expanding the definition of "essential worker" to include workers in the energy, agricultural or food production, and commercial maritime sectors;
- (3) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 724, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 724, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 9; Ayes with Reservations (Wildberger). Noes, none. Excused, none.

Economic Development: Ayes, 8. Noes, none. Excused, none.

SCRep. 96 Pandemic & Disaster Preparedness/Health, Human Services, & Homelessness on H.B. No. 473

The purpose of this measure is to authorize the establishment of a physician-patient relationship via a telehealth appointment if the physician is licensed in the State.

Your Committees received testimony in support of this measure from the Hawaii Health Systems Corporation, Hawaii Medical Board, Together For Our Keiki, Healthcare Association of Hawaii, The Queen's Health Systems, Hawaii Substance Abuse Coalition, Hawai'i Health and Harm Reduction Center, Adventist Health Castle, Kaiser Permanente Hawaii, AARP Hawai'i, Hawai'i Pacific Health, Hawaii Medical Association, Prime Care Services Hawaii, and three individuals.

Your Committees find that the coronavirus disease 2019 pandemic has caused a major shift in how patients receive care. Many patients are hesitant to make in-person visits and residents of rural areas may have more limited options on how to access care. Your Committees further find that the use of telehealth to diagnose and treat patients has seen a significant increase due to the pandemic. Telehealth provides a safe and easy way for patients to continue seeing their healthcare providers. Your Committees believe that having the flexibility to establish a physician-patient relationship through telehealth will increase access to care for residents in the State.

Your Committees have amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Health, Human Services, & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 473, as amended herein, and recommend that it pass

Second Reading in the form attached hereto as H.B. No. 473, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 9. Noes, none. Excused, none.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, 1 (Gates).

SCRep. 97 Agriculture on H.B. No. 779

The purpose of this measure is to protect Hawaii from the harmful effects of pesticides by:

- (1) Requiring the Department of Agriculture, in consultation with the Department of Health, to develop and implement a pesticide disposal collection program to provide a one-time, affordable, and accessible means for bona fide agricultural entities to dispose of restricted use and nonrestricted use pesticides; and
- (2) Increasing the administrative and criminal penalties for violating the Hawaii pesticides law.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Health; CropLife America; Hawaii Alliance for Progressive Action; Larry Jefts Farms, LLC; Hawaii SEED; and four individuals. Your Committee received comments on this measure from the Hawaii Pest Control Association, Hawaii Crop Improvement Association, and Hawaii Farm Bureau.

Your Committee finds that a pesticide disposal program for household pesticide products exists in most counties in the State, other than for commercial and certain other types of pesticide products. The disposal program proposed by this measure would benefit the health and well-being of residents and the environment by removing unused and unwanted pesticide products from the State.

Your Committee notes that the \$800,000 appropriation contained in the measure was received from a legal settlement with Monsanto Company.

Your Committee has amended this measure by:

- (1) Allowing licensed pest control operators to participate in the pesticide disposal collection program;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 779, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 779, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 98 Government Reform on H.B. No. 22

The purpose of this measure is to increase the amount of fines that may be assessed:

- (1) Against a noncandidate committee for violations of organizational report requirements; and
- (2) For violations of advertisement disclaimer requirements.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Campaign Spending Commission and Common Cause Hawaii.

Your Committee finds that this measure supports transparency around political elections and will improve accountability in the conduct of noncandidate committees during election campaigns.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 22, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 22, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 99 Government Reform on H.B. No. 140

The purpose of this measure is to clarify that increased fines may be assessed to a candidate committee or noncandidate committee if the candidate committee or noncandidate committee fail to timely file the preliminary primary report or preliminary general report that is due ten days before a primary or general election.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and Common Cause Hawaii. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure will improve the timely filing of reports by candidate committees and noncandidate committees to the Campaign Spending Commission, which is necessary for transparency and accountability in the election system.

Your Committee has amended this measure by:

- (1) Changing the number of days that a candidate committee or noncandidate committee must file its preliminary primary report or preliminary general report to the Campaign Spending Commission before a primary or general election to an unspecified number of days;
- (2) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it deliberate on this measure, to look at whether requiring

a candidate committee or noncandidate committee to file its preliminary primary or preliminary general report to the Campaign Spending Commission ten days before a primary or general election is too aggressive and as such may not be practical.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 140, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 140, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 100 Government Reform on H.B. No. 157

The purpose of this measure is to authorize any board, subject to the State's Sunshine Law to hold a closed executive meeting to consider statements and information obtained from witnesses or victims during the course of any investigation into the hire, evaluation, dismissal, or discipline of an officer or employee or of charges brought against the officer or employee, where consideration of matters affecting a witness's or victim's privacy will be involved.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Maui. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that investigations by a government agency into the hire, evaluation, dismissal, or discipline of government officers or employees or charges against government officers or employees may involve victims and witnesses who are supervised by the government officer or employee being investigated or charged. This measure will encourage victims and other witnesses of misconduct by government officers and employees to testify before government agencies by protecting victims' and witnesses' privacy and reducing the fear of threats and retaliation.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 157, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 157, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 101 Government Reform on H.B. No. 331

The purpose of this measure is to improve the quality of life in the State by:

- (1) Establishing objectives, policies, and priority guidelines in the Hawaii State Planning Act to promote the use of green infrastructure, vegetation, and trees in state facility systems, infrastructure, and transit projects; and
- (2) Requiring the Office of Planning, in partnership with the Greenhouse Gas Sequestration Task Force, to report to the Legislature with recommendations for implementing the green infrastructure objectives, policies, and priority guidelines.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Planning; Life of the Land; Our Revolution Hawaii; Trees for Honolulu's Future; Climate Protectors Coalition; Kauai Climate Action Coalition; Smart Trees Pacific; 350Hawaii.org; Painting Industry of Hawaii Labor Management Cooperation Trust Fund; Hawaii Tapers Market Recovery Trust Fund; Hawaii Glaziers, Architectural Metal Glassworkers Local Union 1889 AFL-CIO Stabilization Trust Fund; Carpet, Linoleum and Soft Tile Local Union 1926 Market Recovery Trust Fund; Democratic Environmental Impact Committee; Environmental Caucus of the Democratic Party of Hawaii; and nine individuals.

Your Committee finds that the effects of climate change have made implementing sustainable design concepts more critical, with each passing year seeing an increase in temperatures and other impacts from climate change. Your Committee further finds that the State's commitment to upholding the Paris Climate Accord and a progressive move toward a zero emissions clean economy by 2045 requires that Hawaii actively invest in reducing emissions and greenhouse gases. Your Committee believes that increasing the development and use of green infrastructure in the State, as proposed by this measure, will increase the quality of life for residents and visitors, provide critical ecosystem services for the State, and show the world that Hawaii is a leader in taking action toward a safe and sustainable climate and future.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to look into the possibility of using federal funds to carry out the purposes of this measure.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 331, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 331, H.D. 1, and be referred to your Committee on Energy & Environmental Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 102 Government Reform on H.B. No. 516

The purpose of this measure is to promote electronics stewardship and reduce electronic waste in the State by requiring all persons who receive state financial assistance to donate unnecessary but functioning electronic devices to nonprofit organizations that will refurbish and distribute these devices to eligible persons in the State.

Your Committee received testimony in support of this measure from Hawaiian Hope Org and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Education, and Department of Accounting and General Services.

Your Committee finds that use of electronic devices has grown substantially over the past two decades, which has also led to a considerable amount of waste

in consumer electronics goods. While recycling of electronic devices prevents valuable materials from being wasted, prevention of waste in the first place is preferable to any waste management option. Your Committee further finds that access to devices and technology resources for low-income families and other populations in need of access is a long-standing issue, which has become more evident with the onset of the COVID-19 pandemic. This measure will promote electronic stewardship and reduce electronic waste in the State by keeping unnecessary but functioning electronic devices from being wasted and instead refurbishing those electronic devices for donation to those in need of the devices.

Your Committee has amended this measure by:

- (1) Clarifying that a covered refurbisher is an organization that is registered with the Business Registration Division of the Department of Commerce and Consumer Affairs;
- (2) Requiring a covered entity to remove data and any content that may be deemed inappropriate for persons under the age of eighteen from an excess electronic device prior to its transfer;
- (3) Clarifying that a covered refurbisher shall transfer title to and possession of a refurbished device to an eligible recipient at a price not to exceed \$50 per refurbished device; provided that enterprise level hardware that is refurbished may be priced at more than \$50;
- (4) Requiring the Department of Accounting and General Services to notify all covered entities of their new responsibilities under this measure;
- (5) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 516, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 516, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Ward).

SCRep. 103 Government Reform on H.B. No. 526

The purpose of this measure is to:

- (1) Require the State Procurement Office to implement and administer a past performance database with regard to state contractors;
- (2) Appropriate funds for the design and implementation of the database;
- (3) Require the past performance of contractors' positive, negative, or lack of previous experience to be considered in bid selection of a contractor; and
- (4) Require departments to consider available assessments of previous performance on relevant and recent government and private contracts when making contract awards.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual. Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services. Your Committee received comments on this measure from the State Procurement Office and one individual.

Your Committee finds that the State's procurement process requires clear legislative direction to award contracts to responsible bidders or offerors to increase accountability, enhance performance, and utilize taxpayer dollars more efficiently. Your Committee further finds that currently, some state contracts may be awarded to the lowest bidder without regard to that bidder's poor past performance, which may lead to these bidders being considered qualified despite their poor past performance and result in repeated inefficiencies and substandard work. Your Committee believes consideration of past performance of a bidder will offer another level of consideration and diligence in evaluating responsibility, provide additional insight to positively impact the award selection, enhance quality performance, and efficiently and effectively utilize taxpayer dollars.

Your Committee has amended this measure by:

- (1) Deleting provisions requiring the State Procurement Office to implement and administer a past performance database with regard to state contractors, as efforts are already underway to address this issue in the Office's administrative rules;
- (2) Amending the purpose of the appropriation to be for the development and implementation of guidance and related implementation training for several tools relating to a past performance guide and past performance database, to be expended by the State Procurement Office;
- (3) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As this measure proceeds through the legislative process, your Committee respectfully requests consideration be given to appropriating \$164,000 to the State Procurement Office for the development and implementation of guidance and related implementation training for several tools relating to a past performance guide and past performance database.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 526, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 526, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 104 Government Reform on H.B. No. 656

The purpose of this measure is to exclude:

- (1) Communications on clothing and other attire associated with a candidate's candidate committee from the definition of "advertisement"; and
- (2) Clothing, other attire, yard signs, and sundry items and advertisements made by a candidate or candidate's candidate committee from electioneering communication reporting requirements.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Campaign Spending Commission and Common Cause Hawaii.

Your Committee recognizes the testimony on this measure by the Campaign Spending Commission, who raised in its testimony that articles of clothing are

not advertisements and are therefore not electioneering communications. The Campaign Spending Commission additionally testified that yard signs are also not electioneering communications because they are not "broadcast, from a cable, satellite, television, or radio broadcast station; published in any periodical or newspaper or by electronic means; or sent by mail at a bulk rate."

Your Committee has accordingly amended this measure by:

- (1) Deleting the provision excluding communications on clothing and other attire associated with a candidate's candidate committee from the definition of "advertisement";
- (2) Removing communication of a candidate's name on clothing, other attire, and yard signs from the exclusion provisions under the definition of "electioneering communication";
- (3) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it choose to deliberate on this measure, to examine the amendments made to this measure and the concerns raised by testifiers on the disclosure requirements for advertisements and electioneering communications.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 656, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 656, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 105 Government Reform on H.B. No. 1385

The purpose of this measure is to:

- (1) Implement certain recommendations made by the State Procurement Office's review of the Hawaii procurement laws in comparison with federal procurement laws conducted pursuant to House Resolution No. 142, Regular Session of 2016; and
- (2) Require the State Procurement Office to submit a report regarding the progress made on certain recommendations.

Your Committee received testimony in opposition to this measure from the Electrical Contractors Association of Hawaii, Plumbing and Mechanical Contractors Association of Hawaii, and Sheet Metal and Air Conditioning Contractors' National Association of Hawaii. Your Committee received comments on this measure from the State Procurement Office, Department of Accounting and General Services, Subcontractors Association of Hawaii, and General Contractors Association of Hawaii.

Your Committee finds that the purpose of the review in House Resolution No. 142, Regular Session of 2016, was to examine ways that the State could improve its procurement process by better understanding the efficient and effective ways in which the federal government conducts procurement. Your Committee notes the concerns raised by the State Procurement Office regarding the resources necessary to undertake the project proposed by this measure, including the need for minimum funding to develop, implement, and maintain a vendor performance tracking system. Your Committee also notes other concerns raised in testimony regarding implementation of consideration of past performance and the proposed amendment that would add the ability to negotiate with the low bidder in certain situations. Your Committee understands these concerns and believes this measure warrants further discussion.

Your Committee has amended this measure by:

- (1) Reverting to existing statutory language that ranks the selection criteria by importance for the procurement of design professionals;
- (2) Reverting to existing statutory language that requires general contractor bidders disclose the nature and scope of work expected to be performed by a subcontractor;
- (3) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1385, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1385, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ward).

SCRep. 106 Higher Education & Technology on H.B. No. 569

The purpose of this measure is to expand the scope of who can be assisted by a victim counselor and broaden the role of a victim counselor to include a confidential advocate employed by the University of Hawaii.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Department of Human Services, Hawai'i State Commission on the Status of Women, Sex Abuse Treatment Center, Domestic Violence Action Center, and Hawai'i State Coalition Against Domestic Violence.

Your Committee finds that Act 208, Session Laws of Hawaii 2016, required the University of Hawaii to designate at each campus a confidential advocate for students to confidentially discuss incidents of, and obtain information on, sexual harassment, sexual assault, domestic violence, dating violence, stalking, and related issues. However, confidentiality that may be provided to University of Hawaii employees is limited due to provisions of Title VII of the Civil Rights Act of 1964. If a confidential advocate learns that the perpetrator of sexual harassment, sexual assault, domestic violence, dating violence, or stalking is an employee of the University, the information must be reported and cannot be kept confidential. This measure gives additional legal protections to information that victims share with University of Hawaii confidential advocates, thereby allowing victims to share more information in confidence and receive better support from the University.

Your Committee has amended this measure by:

- (1) Adding a severability clause;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 569, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 569, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 107 Higher Education & Technology on H.B. No. 389

The purpose of this measure is to require accredited and non-accredited post-secondary educational institutions that are for-profit entities to disclose in print and electronic media and signage that they are for-profit businesses registered in the State.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs' Office of Consumer Protection. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs' Hawaii Post-Secondary Education Authorization Program and one individual.

Your Committee finds that a May 2019 paper by the National Conference of State Legislatures indicates that whether enrolled in graduate or undergraduate programs, students attending for-profit institutions tend to have worse outcomes and struggle more with student debt and default compared to their counterparts attending traditional nonprofit public and private postsecondary institutions. Your Committee also finds that the motives, priorities, and tactics of for-profit colleges and universities can often make for-profit institutions particularly susceptible to deceptive recruiting practices, poor quality control, and the conferment of meaningless degrees. The status of these institutions as for-profit entities should be reflected in their advertisements so students and potential students are informed and aware of the status of these schools in pursuing their higher education opportunities.

Your Committee has amended this measure by:

- (1) Making the disclosure requirement apply to any for-profit post-secondary educational institution authorized in the State by the Hawaii Post-Secondary Education Authorization Program regardless of whether they are registered as a for-profit entity;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 389, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 389, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 108 Higher Education & Technology on H.B. No. 62

The purpose of this measure is to repeal or reclassify certain non-general funds of the University of Hawaii.

Your Committee received testimony in opposition to this measure from the University of Hawai'i System. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the repeal and reclassification of the University of Hawaii non-general funds in this measure are pursuant to the recommendations in the February 2020 Auditor's report to the Governor and the Legislature, "Review of Special Funds, Revolving Funds, Trust Funds, and Trust Accounts of the University of Hawai'i" (Report No. 20-03).

Your Committee notes the testimony of the University of Hawaii that the administration of the Conference Center Revolving Fund should be updated to authorize the Chancellor of the University of Hilo to utilize the fund. Currently, the fund is statutorily administered by the College of Continuing Education and Community Service which no longer exists.

Your Committee has amended this measure by:

- (1) Retaining the University of Hawaii at Manoa Intercollegiate Athletics Special Fund;
- (2) Retaining the Conference Center Revolving Fund and transferring authority to expend funds to the Chancellor of the University of Hawaii at Hilo;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 62, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 62, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 109 Higher Education & Technology on H.B. No. 63

The purpose of this measure to reclassify or abolish certain non-general funds of the Department of the Attorney General and repeal the University of Hawaii at Manoa Intercollegiate Athletics Special Fund and University of Hawaii at Hilo Intercollegiate Athletics Special Fund and transfer the remaining unencumbered balances in these funds to the general fund.

Your Committee received testimony in opposition to this measure from the University of Hawai'i System. Your Committee received comments on this measure from the Department of the Attorney General and Tax Foundation of Hawaii.

Your Committee finds that the repeal and reclassification of the University of Hawaii non-general funds in this measure are pursuant to the recommendations in the February 2020 Auditor's report to the Governor and the Legislature, "Review of Special Funds, Revolving Funds, Trust Funds, and Trust Accounts of the University of Hawai'i" (Report No. 20-03).

Your Committee notes the comments of the Department of the Attorney General on the lapse of funds in the National Mortgage Trust Account to the general fund and asks that your Committee on Judiciary & Hawaiian Affairs to address this should it decide to hear this measure.

Your Committee has amended this measure by:

- (1) Retaining the University of Hawaii at Manoa Intercollegiate Athletics Special Fund and the University of Hawaii at Hilo Intercollegiate Athletics Special Fund;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 63, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 63, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 110 Higher Education & Technology on H.B. No. 913

The purpose of this measure is to establish the Hawaii Broadband and Digital Equity Office within the Department of Business, Economic Development, and Tourism and a state broadband coordinator to develop and implement specific strategies and plans to aggressively increase broadband affordability, penetration, and competitive availability in the State.

Your Committee received testimony in support of this measure from the Department of Health; Department of Business, Economic Development, and Tourism; Department of Human Services; Office of Economic Revitalization of the City and County of Honolulu; Hawaii State Public Library System; University of Hawaii at Manoa John A. Burns School of Medicine; Maui County Workforce Development Board; Hawaii Primary Care Association; Transform Hawai'i Government; HawaiiKidsCAN; Hawaii Island Economic Development Board/Hawaii Leeward Planning; Rock Your Cause; Kaunalewa; O'ahu County Democrats Digital Equity Committee; Auamo Collaborative; Learning Bond; Oceanit; Hawaii Hope Org; Code.org; Tangent Systems; Kamehameha Schools; Economic Development Alliance of Hawai'i; Michaels Management; Crystal Clear Communications; Instant Teams; Hawaii Association of Independent Schools; Hawaii Dialogix Telecom, LLC; and thirteen individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and one individual.

Your Committee recognizes that the coronavirus pandemic has magnified the disparity among people and communities that have access to high-speed internet. It has become apparent that broadband and digital devices and broadband access are essential for teleworking, distance learning, communicating, and socializing, as well as accessing telehealth, e-commerce, and other services. A digital equity office can help bridge the digital divide by leading efforts to increase broadband affordability, penetration, and competitive availability in the State.

Your Committee has amended this measure by:

- (1) Requiring the Hawaii Broadband and Digital Equity Office to actively seek out funding from federal and other sources;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 913, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 913, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 111 Higher Education & Technology on H.B. No. 545

The purpose of this measure is to require the Department of Hawaiian Home Lands, with the assistance of the Office of Enterprise Technology Services, to digitize its beneficiary waiting lists and other related data by creating a digital database of its applicant, beneficiary, and lessee records and other relevant information.

Your Committee received testimony in support of this measure from Hawaii Financial Services, LLC; and two individuals. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that while basic Department of Hawaiian Home Lands applicant waiting lists are available for download on its website, the exact details of each applicant, including whether the applicant has applied for multiple leases, been denied a prior lease, or been skipped over, is not readily accessible. Your Committee also notes that beneficiary records are spread across multiple locations. If a beneficiary seeks to determine their status, finding and gathering this information can take weeks. Your Committee further finds that compiling applicant information into a single database will help increase efficiency and reduce lease award abuse by lessees.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 545, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 545, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 112 Higher Education & Technology on H.B. No. 1312

The purpose of this measure is to require the University of Hawaii to include in certain employment contracts that address intellectual property rights, a condition requiring the employee to make a good faith effort to license or sell intellectual property to a farmer or other agricultural producer with its principal place of business in the State prior to licensing, selling, or attempting to license or sell the intellectual property to an entity with its principal place of business outside the State.

Your Committee received comments on this measure from the University of Hawaii College of Tropical Agriculture and Human Resources and Maui County Farm Bureau.

Your Committee finds that as research and innovation in the agriculture and food industries increase, an awareness of the benefits that the development of intellectual property can have locally has also increased. Your Committee recognizes the importance of intellectual property and intellectual property rights as they relate to research, development, and innovation at the University of Hawaii and your Committee believes the State should harness such intellectual property for the betterment of the agricultural industry in our State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1312, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1312, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Okimoto). Excused, none.

SCRep. 113 Transportation on H.B. No. 766

The purpose of this measure is to authorize the Department of Transportation to assess impact fees for the repair or renovation of an unsafe roadway that is used by the public.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that the State's roadways are critical infrastructure that require proper maintenance to ensure the quality of life for the people of Hawaii. Unmaintained roadways can cause severe damage not only to vehicles, but to the driver, passengers, and anyone in the surrounding environment. Your Committee further finds that there are certain parts of privately owned roads that connect to State-owned highways that are unsafe and frequently used by the public. This measure will help the State maintain roadways, thereby improving the quality of life for residents and visitors of Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Transportation may assess, impose, levy, and collect impact fees for a substantially dangerous roadway when the privately owned roadway connects to a state highway;
- (2) Authorizing the Department of Transportation to require the private roadway owner to address the issue causing the road to be substantially dangerous to the public;
- (3) Changing its effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 766, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 766, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 114 Transportation on H.B. No. 1055

The purpose of this measure is to:

- (1) Provide the Director of Transportation with any powers that may be necessary to carry out the Director's duties; and
- (2) Authorize the Director of Transportation to acquire real property for roads and streets, without review or approval by the Board of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the Department of Transportation provides a critical network of highways and roads that serve the State's communities. Highway projects are typically set on a tight schedule as the State receives federal funding to support these projects, which have certain progress timeline requirements. This measure would remove any obstacles that delay the essential work needed for the State's highway system to remain operable and in good working condition by streamlining the process to acquire real property for roads and streets.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1055, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1055, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 115 Labor & Tourism on H.B. No. 914

The purpose of this measure is to provide an emergency appropriation in fiscal year 2020-2021 to the Hawaii Tourism Authority for programs and activities related to COVID-19 response.

Your Committee received testimony in support of this measure from the Hawaii Tourism Authority and Hawaii Lodging & Tourism Association.

Your Committee finds that the Hawaii Tourism Authority assisted with various COVID-19 related response efforts, including airport support, a call center to check on quarantined travelers, Hotels for Heroes, a web application for travelers to self-report and for data processing, and supplies. The Hawaii Tourism Authority has spent nearly \$3,000,000 on these missions to date, for which it has not been reimbursed by the State.

Your Committee also finds that the Hawaii Tourism Authority intends to use \$2,500,000 of the funding provided in this measure to implement branding

strategies in international markets to promote Hawaii as a safe destination. In addition, your Committee is informed that governmental entities have provided the Hawaii Convention Center with funding for the use of the facility, at cost, for unemployment insurance processing and contact tracing activities.

Your Committee has amended this measure by:

- (1) Removing language which earmarked \$3,000,000 of the appropriation to be used to reimburse the Hawaii Convention Center and \$2,500,000 to be used for costs related to restarting airlift from Asia and Oceania to Hawaii; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 914, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 914, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 116 Labor & Tourism on H.B. No. 321

The purpose of this measure is to repeal the allocation of excess transient accommodations tax revenues that are going to the Turtle Bay Conservation Easement Special Fund, the Hawaiian Center and the Museum of Hawaiian Music and Dance, the counties, and the Special Land and Development Fund.

Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and Mayor of the County of Maui. Your Committee received comments on this measure from the Department of Budget and Finance, Tax Foundation of Hawaii, and Kohala Coast Resort Association.

Your Committee finds that, as a result of the COVID-19 pandemic and related mitigation measures, as of September 2020, Hawaii has experienced a 71.7 percent decrease in the number of visitors by air compared to 2019. Your Committee further finds that the significant decrease in visitors to Hawaii has resulted in an extreme loss in revenues from the State's collection of transient accommodations tax. According to the Department of Business, Economic Development, and Tourism, transient accommodations tax revenues decreased by \$103,300,000 or 68.6 percent, in the second quarter of 2020 compared to the same quarter of 2019. Accordingly, your Committee finds that transient accommodations tax allocations should be adjusted.

Your Committee has amended this measure by:

- (1) Changing the allocations to the Convention Center Enterprise Special Fund and Tourism Special Fund to unspecified amounts;
- (2) Repealing the 0.5 per cent allocation for the Tourism Special Fund to provide funding for a safety and security budget; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance choose to hear this measure, your Committee notes that the allocation amounts previously authorized by statute for the Convention Center Enterprise Special Fund and the Tourism Special Fund are \$16,500,000 and \$79,000,000, respectively.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 321, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 321, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Okimoto). Excused, 1 (Quinlan).

SCRep. 117 Housing on H.B. No. 77

The purpose of this measure is to exempt the sale of the leased fee interest in certain affordable leasehold developments by the Hawaii Housing Finance and Development Corporation from legislative approval.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Building Industry Association of Hawaii, and three individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee notes that the process of obtaining legislative approval of the sale of the leased fee interest in state-owned land is a costly and burdensome process that can take over a full calendar year to be approved. The exemption from legislative approval proposed by this measure facilitates a process that expedites the development of affordable housing in the State.

Your Committee has amended this measure by:

- (1) Requiring the Hawaii Housing Finance and Development Corporation to submit certain documentation to the Office of Hawaiian Affairs at least three months before the sale of a condominium unit or house lot by the Hawaii Housing Finance and Development Corporation without legislative approval;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 77, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 77, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 118 Housing on H.B. No. 502

The purpose of this measure is to enable greater opportunities to provide for housing in the State by allowing the counties to adopt ordinances that allow for increased dwelling density in certain rural districts.

Your Committee received testimony in support of this measure from the Hawaii Association of REALTORS. Your Committee received comments on this measure from the Department of Agriculture and Office of Planning.

Your Committee finds that the State needs up to forty-six thousand housing units to meet demand by 2030. This measure allows the counties to adopt an ordinance to allow dwellings on each quarter-acre in rural districts, which will provide flexibility to the counties to address the State's housing shortage.

Your Committee has amended this measure by:

- (1) Specifying that any ordinance allowing one dwelling unit on each quarter-acre of land in the rural district shall ensure that each such dwelling be consistent with the applicable county general plan and community development plan;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 502, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 502, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 119 Housing on H.B. No. 605

The purpose of this measure is to establish a housing savings account system, headed by the Housing Savings Account Board within the Department of Budget and Finance, that requires each employer in the State to offer its employees the opportunity to contribute to a housing savings account through payroll deduction to be used for down payments, mortgage payments, rent, and security deposits.

Your Committee received testimony in support of this measure from Faith Action HousingNOW! and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Tax Foundation of Hawaii, and Hawaii Credit Union League.

While your Committee recognizes the merits of state programs aimed at addressing the costs of housing in the State, it also recognizes that the establishment of a housing savings account system requires careful assessment of the costs and benefits of such a program. Your Committee understands the concerns raised in Committee regarding the costs of staffing and operating such a system, as well as administrative and compliance considerations.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have established a housing savings account system and instead requiring the Legislative Reference Bureau to:
 - (A) Conduct a study on the establishment of a housing savings account system that would provide every employee in the State the ability to automatically contribute to a housing savings account through payroll deduction; and
 - (B) Submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2022;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 605, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 605, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 120 Housing on H.B. No. 981

The purpose of this measure is to prohibit discrimination, including in advertisements for rental property, in rental transactions based on participation in a housing assistance program or requirements related to participation in a housing assistance program.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Hawai'i State Commission on the Status of Women, Hawai'i Civil Rights Commission, Hawaii Public Housing Authority, League of Women Voters of Hawaii, Imua Alliance, American Civil Liberties Union of Hawai'i, Hawaii Children's Action Network Speaks!, Hawaii Appleseed Center for Law & Economic Justice, and Planned Parenthood Votes Northwest and Hawaii. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS and one individual.

Your Committee finds that studies have shown that when there are laws that prevent discrimination against renters with housing assistance vouchers, renters are more likely to find housing. In 2017, the American Bar Association adopted a resolution that urges federal, state, local, tribal, and territorial governments to enact legislation prohibiting discrimination in housing on the basis of lawful source of income. Your Committee further finds that the federal Fair Housing Act does not prohibit source of income discrimination; however, states and localities have passed laws that prohibit housing discrimination on the basis of source of income.

Your Committee encourages Hawaii Public Housing Authority to continue its efforts to streamline the tenancy application and approval process and work with the Hawai'i Association of REALTORS and landlord organizations to educate them on the processes involved in housing assistance programs. Your Committee also encourages the Hawaii Association of REALTORS and landlord organizations to increase the pre-approved list of landlords that will accept Section 8 and other permanent supportive housing program voucher recipients.

Your Committee has amended this measure by:

- (1) Amending the definition of "housing assistance program" to apply to the Section 8 Housing Choice Voucher Program or to any permanent supportive housing program;
- (2) Reducing the damages a court may order to a person who brings an action for unlawful discriminatory practice by a landlord to \$2,500;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 981, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 981, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (DeCoite). Noes, none. Excused, 1 (McDermott).

SCRep. 121 Agriculture on H.B. No. 1344

The purpose of this measure is to expand the use of agricultural land leases on Hawaiian home lands by:

- (1) Removing the acreage restrictions on leases of Hawaiian home lands for agricultural purposes; and
- (2) Specifying that the agricultural land leases shall be subject to the availability of suitable tracts of land and may be for either for-profit or non-profit purposes.

Your Committee received testimony in support of this measure from the Molokai Farm Bureau and four individuals. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that the Hawaiian Homes Commission Act (HHCA) as originally enacted by Congress authorized the Hawaiian Homes Commission to lease not less than twenty nor more than eighty acres of agricultural lands. The HHCA currently authorizes the Department of Hawaiian Home Lands to lease no more than forty acres of agricultural lands.

Your Committee has amended this measure by clarifying that the availability of agricultural land leases for agricultural purposes shall depend on the priority of availability of suitable tracts of land to native Hawaiians.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1344, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1344, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 122 Agriculture on H.B. No. 1243

The purpose of this measure is to amend Act 14, Session Laws of Hawaii 2020 (Act 14), to:

- (1) Require hemp product labels to include:
 - (A) The product name;
 - (B) Ingredients;
 - (C) The name and business address of the hemp processor; and
 - (D) A warning that the product has not been evaluated by the Food and Drug Administration; and
- (2) Prohibit the sale, offer, or distribution for sale of hemp products to any individual under twenty-one years of age.

Your Committee received testimony in opposition to this measure from the Hawaii Hemp Farmers Association, Hawaii Royal Hemp, Hawaii Farmers Union United, Hawaiian Choice, and three individuals. Your Committee received comments on this measure from the Department of Health and Retail Merchants of Hawaii.

Your Committee finds that Act 14, was passed to allow the growth of hemp in the State through the United States Department of Agriculture's hemp production program as the state Department of Agriculture's industrial hemp pilot program was set to expire in June 2021. Timely passage of Act 14 was important to ensure continuation of existing hemp production operations. However, Act 14 does not completely address the manufacture of hemp products, an important next step to fully realize the Legislature's intent to allow the development of a legal and regulated hemp industry within the State.

Your Committee has amended this measure by:

- (1) Inserting a preamble;
- (2) Allowing and regulating the manufacture of certain hemp products in the State;
- (3) Clarifying the respective roles of persons growing hemp, processing hemp, and manufacturing hemp products;
- (4) Clarifying the distinction between processed hemp and hemp products;
- (5) Clarifying the purpose and function of the registry system;
- (6) Clarifying the scope of regulated hemp products and prohibitions;
- (7) Clarifying the Department of Agriculture's rulemaking and enforcement authorities;
- (8) Removing the sunset date of Act 14; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1243, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1243, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Tokioaka, Matsumoto). Noes, none. Excused, none.

SCRep. 123 Pandemic & Disaster Preparedness on H.B. No. 574

The purpose of this measure is to:

- (1) Repeal language authorizing the Department of Education to retain federal disaster relief funds;
- (2) Shorten the time for reporting the purpose of any allotment or expenditure of major disaster funds;
- (3) Require federal disaster relief funds to lapse to the general fund if not expended within five years;
- (4) Repeal language requiring unspent funds to be rolled over to the next fiscal year; and
- (5) Require annual reports to be submitted to the Legislature on federal disaster relief funds.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 1, which amends this measure by:

- (1) Amending the Major Disaster Fund to be a special fund and repealing language that deemed federal reimbursement money for disaster relief as trust monies; and
- (2) Requiring more information to be included in an annual report to the Legislature regarding the fund.

Your Committee received testimony in opposition to the proposed H.D. 1 from the Hawaii Emergency Management Agency. Your Committee received comments on the proposed H.D. 1 from the Department of Education.

Your Committee finds that the State has needed to utilize federal funding in order to effectively address the coronavirus disease 2019 pandemic (COVID-19). Existing law requires that any federal reimbursement monies be deemed trust monies and do not lapse to the general fund. Your Committee believes that to better address the COVID-19 pandemic, the State needs to be able to utilize all available monies to help the residents of the State.

Your Committee further finds that Act 139, Session Laws of Hawaii 2017, allowed the Department of Education to retain any federal reimbursements for disaster relief, regardless of whether the original appropriation had lapsed. While your Committee recognizes that when a department expends its funds to respond to a disaster it may be taking funds from current operating expenses, the years long delay in receiving federal reimbursement makes legislative appropriation and oversight important. Further, singling out one state department to treat its federal reimbursement differently does not support consistent state fiscal policy.

Your Committee has amended this measure by adopting the proposed H.D. 1 and further amending the measure by:

- (1) Codifying the establishment of the Major Disaster Fund as a special fund and making conforming amendments;
- (2) Specifying that the annual report to the Legislature shall be submitted no later than September 1 of each year;
- (3) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 574, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 574, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Woodson).

SCRep. 124 Pandemic & Disaster Preparedness on H.B. No. 825

The purpose of this measure is to specify that the Governor has authority to assume control, use, or operate any state facility at no cost or requirement of compensation during a state of emergency.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that addressing the coronavirus pandemic remains a top priority for the State as it continues to negatively affect everyone worldwide. The State's response to the pandemic must be effective and efficient to ensure the health and safety of residents. The ability to scale up operations, such as processing unemployment insurance applications, in a short time is of vital importance. In addition, the ability of the State to freely use available state resources is imperative to ensuring the health, safety, and welfare of its residents and visitors. Your Committee believes that the State needs to be able to utilize all of its resources in order to effectively respond to the pandemic without further burden on taxpayers.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 825, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 825, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Ward). Excused, none.

SCRep. 125 Pandemic & Disaster Preparedness on H.B. No. 765

The purpose of this measure is to appropriate funds for the Hawaii Emergency Management Agency to acquire mobile communications, water, and power service capabilities that can be deployed to each county as needed.

Your Committee received testimony in support of this measure from the Hawaii Emergency Management Agency, Mayor of the County of Maui, and two individuals.

Your Committee finds that the ability to quickly mobilize support across the State during an emergency is crucial to ensure the health, safety, and welfare of the State's residents and visitors. The Hawaii Emergency Management Agency is responsible for disaster response in the State, which includes anticipating trends and promoting innovations that will enhance the emergency management system for the State. Your Committee believes that the Hawaii Emergency Management Agency needs sufficient funding to ensure the availability of adequately equipped forces before, during, and after emergencies and disasters.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 765, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 765, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Woodson).

SCRep. 126 Pandemic & Disaster Preparedness/Economic Development on H.B. No. 1324

The purpose of this measure is to establish a commercial rent relief grant program for owners of properties classified as commercial, hotel and resort, or industrial under county real property tax classifications, under certain circumstances.

Your Committees received testimony in support of this measure from the Tanaka of Tokyo Restaurants; Blue Ginger; Joe's Grill Express; The Bar Method Honolulu; Hawaii Food Industry Association; Hawai'i Association of REALTORS; Chamber of Commerce Hawaii; Island Business Management, LLC; Eggs 'n Things; Oahu Coffee and Sodaworks, Inc. dba Morning Brew Cafe; NAIOP Hawaii Chapter; Akamai Foundation; Suzuki Properties, LLC; MW Group, Ltd.; Retail Merchants of Hawaii; and nine individuals. Your Committees received comments on this measure from the Department of Taxation.

Your Committees find that in order to mitigate the effects of the coronavirus disease 2019 (COVID-19) pandemic, the Governor proclaimed a state of emergency, which required many businesses to close down. The mandated closures, while necessary, have had a devastating impact on the local economy. Your Committees further find that due to these mandated closures, commercial landowners have also suffered financially due to unpaid rent or business closures. Your Committees recognize the efforts of commercial landowners who have tried to ease the financial burden placed on small businesses in the State by providing rent forgiveness to their tenants. Your Committees believe that commercial landowners who provided rent forgiveness to their tenants should be helped so that small businesses may continue to operate in the State.

Your Committees have amended this measure by:

- (1) Changing the administering agency for the commercial rent relief grant program from the Department of Taxation to the Department of Business, Economic Development, and Tourism;
- (2) Authorizing the Department of Taxation to share confidential tax information necessary to determine the eligibility for a grant with the Department of Business, Economic Development, and Tourism;
- (3) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1324, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1324, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 9. Noes, none. Excused, none.

Economic Development: Ayes, 8. Noes, none. Excused, none.

SCRep. 127 Pandemic & Disaster Preparedness/Economic Development on H.B. No. 723

The purpose of this measure is to authorize the use of funds received from the Coronavirus Aid, Relief, and Economic Security Act for the purchase and distribution of personal protective equipment and industrial hygiene projects to state departments.

Your Committees received testimony in support of this measure from the Department of Health, Department of Budget and Finance, Department of Transportation, Department of Education, Hawaii Emergency Management Agency, State Procurement Office, Hawaii Health Systems Corporation, Hawaii Primary Care Association, and one individual.

Your Committees find that the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) provided necessary financial support to the State to help with purchasing essential goods, such as personal protective equipment. Your Committees note the importance of personal protective equipment in reducing the spread of the coronavirus and believes that industrial hygiene products also play an important role in addressing the pandemic. This measure will help combat the pandemic by allowing funds received through the CARES Act to purchase industrial hygiene products and include all state departments as eligible recipients of personal protective equipment and industrial hygiene products.

Your Committees note that when Senate Bill No. 126, S.D. 1, H.D. 1, C.D. 1, passed the Legislature, which later became Act 9, Session Laws of Hawaii 2020 (Act 9), it included an appropriation of \$100,000,000 to purchase and distribute personal protective equipment. However, prior to becoming Act 9, the Governor executed a line item veto to decrease the \$100,000,000 to \$61,000,000. This measure reflects the line item veto amount of \$61,000,000.

Your Committees have amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 723, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 723, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 9. Noes, none. Excused, none.

Economic Development: Ayes, 8. Noes, none. Excused, none.

SCRep. 128 Pandemic & Disaster Preparedness/Health, Human Services, & Homelessness on H.B. No. 1002

The purpose of this measure is to make an emergency appropriation to the Department of Health for the State of Hawaii COVID-19 vaccination plan.

Your Committees received testimony in support of this measure from the Department of Health and Hawaii Primary Care Association.

Your Committees find that the coronavirus disease 2019 (COVID-19) pandemic has devastated the world, taking more than 450,000 lives in the United States alone. However, the deployment of multiple vaccinations across the world has helped reduce the spread of the disease and saved many lives. Your Committees further find that the Department of Health will require significant logistical support to manage the rapid distribution and dispensing of COVID-19 vaccines. This measure will assist the Department of Health in providing the vaccines to residents of the State by providing necessary funds to implement a vaccination plan.

Your Committees have amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Health, Human Services, & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1002, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1002, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 9. Noes, none. Excused, none.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, 1 (Gates).

SCRep. 129 Health, Human Services, & Homelessness on H.B. No. 680

The purpose of this measure is to include the use of traditional Hawaiian burial practices in the treatment and disposal of human remains, including the use of alkaline hydrolysis, water cremation, and natural organic reduction.

Your Committee received testimony in support of this measure from Aloha Mortuary; Fisher & Associates Consulting, LLC; and ten individuals. Your Committee received testimony in opposition to this measure from Hawaii Funeral & Cemetery Association, Inc.

Your Committee finds that traditional Hawaiian burial practices play a critical role in Hawaiian culture and are a cost effective and environmentally friendly alternative to modern treatments of human remains.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 680, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 680, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 130 Health, Human Services, & Homelessness on H.B. No. 306

The purpose of this measure is to:

- (1) Amend the definitions of "preceptor" and "volunteer-based supervised clinical training rotation" to improve accessibility for providers to receive income tax credits for acting as preceptors; and
- (2) Revise the membership of the Preceptor Credit Assurance Committee to include the Director of Health.

Your Committee received testimony in support of this measure from the Department of Health, Department of Taxation, University of Hawaii System, Hawaii Health Systems Corporation, Hawaii State Center for Nursing, Hawaii Primary Care Association, Hawaii State Rural Health Association, The Queen's Health Systems, Hawaii Association of Professional Nurses, American Nurses Association-Hawaii, and six individuals.

Your Committee finds that although the intent of the existing Healthcare Preceptor Tax Credit is to incentivize volunteer preceptors to offer professional instruction, training, and supervision to students and residents seeking careers as healthcare providers, only a small subset of potential preceptors are able to meet the current eligibility requirements. Your Committee believes that clarifying the eligibility requirements for the healthcare preceptor tax credit will expand the field of preceptors, thereby increasing the opportunities for students pursuing careers as healthcare providers to obtain in-state supervised clinical training.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 306, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 306, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 131 Health, Human Services, & Homelessness on H.B. No. 727

The purpose of this measure is to:

- (1) Establish an inspection fee for the inspection of public swimming pools;
- (2) Increase the annual and temporary permit fees for tattoo artists;
- (3) Increase the fees for certified copies of vital statistic records; and
- (4) Require the Department of Health to coordinate public health statistics and other public health data to implement and update a statewide public health planning and public health program development program.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received comments on this measure from the State Health Planning and Development Agency, Hawaii Pacific Health, and The Queen's Health Systems.

Your Committee finds that this measure requires the Department of Health to proactively coordinate and plan statewide health care and public health resources, which is necessary to establish and achieve long-term strategic objectives and policies to improve the access, quality, and sustainability of public health in Hawaii.

Your Committee has amended this measure by:

- (1) Amending the definition of "public health planning" to remove references to public and private health care services delivery resources;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 727, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 727, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 132 Health, Human Services, & Homelessness on H.B. No. 474

The purpose of this measure is to preserve access to health care for Medicaid recipients by extending the hospital sustainability program.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawaii Primary Care Association, Healthcare Association of Hawaii, The Queen's Health Systems, Kaiser Permanente Hawaii, Adventist Health Castle, and Hawaii Pacific Health.

Your Committee finds that the hospital sustainability program, which was established in 2012, has served a critical role in strengthening the health care system in Hawaii. Your Committee believes that continuing the program will ensure that the State's uninsured or underinsured patients continue to receive care in a timely, effective manner.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 474, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 474, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 133 Health, Human Services, & Homelessness on H.B. No. 718

The purpose of this measure is to require the Department of Human Services to compile data and identify employers that have numerous employees enrolled in public assistance programs.

Your Committee received comments on this measure from the Department of the Attorney General, Department of Labor and Industrial Relations, Department of Human Services, and Civil Beat Law Center for the Public Interest.

Your Committee finds that compiling data regarding employers having employees who receive public assistance will allow the Legislature and other policy makers to develop a deeper understanding on the causes and sources of underemployment and poverty wages, and the resulting economic impacts on society, business, and the state budget.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 718, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 718, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Gates).

SCRep. 134 Health, Human Services, & Homelessness on H.B. No. 309

The purpose of this measure is to expand coverage of breast cancer screening and imaging to include risk factor screening, additional and supplemental imaging, and baseline mammograms for women between the ages of thirty-five and thirty-nine.

Your Committee received testimony in support of this measure from the Hawaii Primary Care Association, Hawaii Medical Association, Hawaii Pacific Health, Hawaii Radiological Society, Planned Parenthood Votes Northwest and Hawaii, and two individuals. Your Committee received testimony in opposition to this measure from the Hawaii Medical Service Association and Hawaii Association of Health Plans. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that, on average, women in Hawaii between the ages of forty and forty-nine have higher incidence of breast cancer compared to the national average. Your Committee further finds that expanding coverage and types of coverage of breast cancer screening is in the best interest of public health, and will ensure that women with high risk of breast cancer in Hawaii have access to early breast cancer screening.

Your Committee has amended this measure by:

- (1) Requiring the Auditor to conduct an impact assessment report on the mandatory health insurance coverage proposed by this measure;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 309, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 309, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 135 Health, Human Services, & Homelessness on H.B. No. 314

The purpose of this measure is to:

- (1) Require providers of health or human services who are contracted with the state and who witness a violation of law or rule to report the violation to the purchasing agency so that investigators may follow up and prevent further injury or other detrimental actions; and
- (2) Require entities that receive funds from the Department of Health or Department of Human Services to provide annual financial reports to the appropriate department.

Your Committee received testimony in opposition to this measure from the State Procurement Office. Your Committee received comments on this measure from the Department of Health, Department of Human Services, Hawaii Primary Care Association, and The Queen's Health Systems.

Your Committee finds that requiring annual financial reports from entities who receive funds from the Department of Health or Department of Human Services will ensure that those funds are being used responsibly and for the benefit of the State.

Your Committee has amended this measure by:

- (1) Removing the requirement for providers of health or human services to report any violation of rule or law while fulfilling a contract with the State;
- (2) Exempting contracts with annual financial reporting provisions that are required by federal law or regulation, or by conditions of a federal cooperative agreement or grant, from the financial reporting requirements established by this measure;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 314, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 314, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 136 Health, Human Services, & Homelessness on H.B. No. 310

The purpose of this measure is to:

- (1) Amend the definition of "imminently dangerous to self or others"; and
- (2) Authorize the involuntary treatment of certain patients subject to emergency hospitalization.

Your Committee received testimony in support of this measure from the Mayor's Office of Housing in the City and County of Honolulu; Hawaii Substance Abuse Coalition; Hawaii Psychological Association; The Institute for Human Services, Inc.; and eight individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender, Drug Policy Forum of Hawaii, Hawaii Health & Harm Reduction Center, American Civil Liberties Union of Hawaii, and eight individuals. Your Committee received comments on this measure from the Department of the Attorney General, Department of Health, Hawaii Disability Rights Center, The Queen's Health Systems, and one individual.

Your Committee finds that extending the time frame for when a person can be determined as imminently dangerous from forty-five to ninety days and allowing for the involuntary treatment of persons who are subject to emergency hospitalization, have been diagnosed with a serious mental illness or severe substance use disorder, and are deemed to be lacking decisional capacity by qualified medical personnel will increase the likelihood that these individuals will receive timely and appropriate treatment.

Your Committee has amended this measure by:

- (1) Removing the requirement that an emergency examination occur in a hospital;
- (2) Clarifying that involuntary treatment of individuals subject to emergency hospitalization may include the use of long-term injectable psychotropics;
- (3) Requiring the assessment of individuals who are subject to emergency hospitalization, diagnosed with a serious mental illness or serious substance use disorder, and found to be lacking decisional capacity to determine if the appointment of a surrogate or guardian is needed to make appropriate health care decisions for the individual;
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 310, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 310, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Kapela). Noes, none. Excused, 1 (LoPresti).

SCRep. 137 Health, Human Services, & Homelessness on H.B. No. 477

The purpose of this measure is to:

- (1) Increase the allowable number of production centers and retail dispensing locations per medical cannabis dispensary license;
- (2) Authorize the Department of Health to allow a licensed dispensary to purchase up to four thousand grams of cannabis or manufactured cannabis products from another licensed dispensary to ensure ongoing qualified patient access; and
- (3) Clarify that the transport of cannabis to another county or island for the sole purpose of laboratory testing is permissible only if no certified laboratory is located in the county or on the island where the dispensary is located.

Your Committee received testimony in support of this measure from the Hawaii Cannabis Industry Association, Big Island Grown, Drug Policy Forum of Hawaii, and one individual. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that allowing dispensary-to-dispensary sales of cannabis and manufactured cannabis products will allow for adequate patient access to medical cannabis and ensure the smooth administration of the medical cannabis dispensary system law.

Your Committee has amended this measure by:

- (1) Reducing the amount of cannabis or manufactured cannabis products that can be transported between a selling and a purchasing dispensary from four thousand grams to three thousand grams;
- (2) Amending the definition of "cannabis" to include cannabis propagules and cuttings;
- (3) Removing language permitting the inter-island or inter-county transportation of cannabis and manufactured cannabis products for dispensary-to-dispensary sales;
- (4) Inserting language imposing quantity limits and quality requirements on dispensed cannabis propagules and cuttings;
- (5) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 477, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 477, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Har, Ward). Noes, none. Excused, 1 (Gates).

SCRep. 138 Health, Human Services, & Homelessness on H.B. No. 576

The purpose of this measure is to improve equitable access to health care by authorizing licensed physician assistants and advance practice registered nurses to perform aspiration abortions.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women, AAUW of Hawaii, Hawaii Women's Coalition, Women's Caucus of the Democratic Party of Hawaii, Planned Parenthood Votes Northwest and Hawaii, American Civil Liberties Union of Hawaii, LGBT Caucus of the Democratic Party of Hawaii, Hawaii - American Nurses Association, Hawaii Section of the American College of Obstetricians and Gynecologists, Healthy Mothers Healthy Babies, Hua Moon Women's Health LLC, Hawaii Maternal and Infant Health Collaborative, Hawaii Academy of Physician Assistants, Domestic Violence Action Center, and numerous individuals. Your Committee received testimony in opposition to this measure from Hawaii Life Alliance, Hawaii Family Forum, A Place for Women in Waipio, Hawaii Federation of Republican Women, Americans United for Life, 40 Days for Life in Honolulu, and twelve individuals. Your Committee received comments on this measure from the Board of Nursing, Hawaii Medical Board, and Hawaii State Center for Nursing.

Your Committee finds that under existing state law, only physicians are permitted to provide aspiration abortion care. Your Committee further finds that these restrictions place an unnecessary burden on abortion care and negatively impact residents in rural and medically underserved areas of the State.

Your Committee has amended this measure by:

- (1) Reinstating statutory language that requires abortions to be performed in a licensed hospital;
- (2) Clarifying that licensed physician assistants and advanced practice registered nurses may only perform aspiration abortion care;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 576, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 576, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Ward). Excused, 1 (Gates).

SCRep. 139 Health, Human Services, & Homelessness on H.B. No. 988

The purpose of this measure is to amend kupuna care and caregiver support services laws to:

- (1) Expand the definition of "coach" to include an individual that assists the care recipient and caregiver with enrollment into programs and completing necessary forms;
- (2) Amend the definition of "person-centered support plan" to mean a plan developed by a care recipient and the recipient's qualified caregiver that identifies the needs of the care recipient and allows the caregiver to remain in the workforce;
- (3) Allow qualified caregivers to continue providing services even if they work less than thirty hours a week or are unemployed during a declared state of emergency;
- (4) Add traditional services and kupuna caregiver-directed services to the Kupuna Caregivers Program; and
- (5) Allow funds allocated to qualified caregivers under the Kupuna Caregivers Program to be issued directly to a financial management service provider.

Your Committee received testimony in support of this measure from the Department of Human Services, Executive Office on Aging, Policy Advisory Board for Elder Affairs, AARP Hawaii, Kupuna Caucus of the Democratic Party of Hawaii, Hawaii Family Caregiver Coalition, Alzheimer's Association, Faith Action for Community Equity, and sixteen individuals.

Your Committee finds that because of the 2019 novel coronavirus pandemic, many kupuna caregivers lost their jobs and many others who worked for contracted service providers either closed or decreased their services. Your Committee further finds that providing more flexibility to kupuna caregivers during the ongoing economic uncertainty will provide area agencies on aging with more options to better serve kupuna and their caregivers.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 988, as amended herein, and recommends that it pass Second Reading in the form attached

hereto as H.B. No. 988, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Gates).

SCRep. 140 Health, Human Services, & Homelessness on H.B. No. 826

The purpose of this measure is to:

- (1) Expand the purposes for which monies in the Tobacco Enforcement Special Fund may be used to include all functions of the Department of the Attorney General;
- (2) Better regulate and ensure the removal of unsafe, noncertified electronic nicotine delivery systems from the marketplace by expanding the scope of the Electronic Smoking Device Retailer Registration Unit within the Department of the Attorney General;
- (3) Establish a special fund for the deposit of monies collected for violations of electronic smoking device compliance; and
- (4) Curb the use of electronic smoking devices and tobacco products by amending the fine amounts for persons under twenty-one years of age who purchase or possess such devices or products.

Your Committee received testimony in support of this measure from the Hawaii Primary Care Association and one individual. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, American Heart Association, Retail Merchants of Hawaii, VOLCANO Vape Shops, Irie Hawaii, Hawaii Smokers Alliance, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Health, Hawaii Public Health Institute, Coalition for a Tobacco-Free Hawaii, and two individuals.

Your Committee finds that Hawaii suffers from the highest rate of usage of e-cigarettes among middle school students and the second highest rate of usage among high school students in the nation. Your Committee further finds that more robust enforcement and increased fines will help combat the high rates of underage e-cigarette and other electronic smoking device usage in the State.

Your Committee has amended this measure by:

- (1) Inserting a savings clause;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 826, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 826, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Gates, LoPresti).

SCRep. 141 Health, Human Services, & Homelessness on H.B. No. 476

The purpose of this measure is to make various amendments to the State's cigarette and tobacco tax law to treat e-liquid and e-liquid cartridges like cigarettes and tobacco products, including:

- (1) Imposing an excise tax on the sale of each e-liquid cartridge or unit of open system e-liquid sold, used, or possessed by a wholesaler or dealer;
- (2) Requiring wholesalers and retailers of e-liquid and e-liquid cartridges to obtain licenses and permits to operate;
- (3) Amending definitions; and
- (4) Making other conforming amendments.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association, AlohaCare, Hawaii Substance Abuse Coalition, Blue Zones Project, Campaign for Tobacco-Free Kids, Coalition for a Tobacco-Free Hawaii, and five individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii, VOLCANO Vape Shops, Irie Hawaii, Hawaii Smokers Alliance, and numerous individuals. Your Committee received comments on this measure from the Department of Taxation, Hawaii Primary Care Association, American Heart Association, American Lung Association, American Cancer Association Cancer Action Network, Reason Foundation, and one individual.

Your Committee finds that electronic smoking devices have become the most commonly used tobacco product among youth in the United States and Hawaii. In Hawaii, electronic smoking devices are not taxed like other tobacco products and can often be purchased at lower prices than cigarettes. The State's existing tax laws also do not cover solutions containing nicotine, such as e-liquids, that are designed or sold for use with electronic smoking devices.

Your Committee further finds that increasing the price of tobacco products is the single most effective way to reduce consumption. Achieving tax parity for all tobacco products, as proposed by this measure, will therefore protect against price disparities and serve as an important tool to combat the youth vaping epidemic in Hawaii.

Your Committee has amended this measure by:

- (1) Imposing a fifty percent tax on any product for which a modified risk tobacco product order has been issued by the Secretary of the United States Department of Health and Human Services pursuant to title 21 United States Code section 387k(g);
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 476, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 476, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Ward). Excused, 1 (Gates).

SCRep. 142 Health, Human Services, & Homelessness on H.B. No. 1322

The purpose of this measure is to establish a task force within the Department of Health to develop and make recommendations for trauma-informed care in

the State.

Your Committee received testimony in support of this measure from the Department of Health, Executive Office on Early Learning, Office of Hawaiian Affairs, Office of the Mayor of the County of Kauai, Kamehameha Schools, Hawaii Pacific Health, Hawaii Primary Care Association, Vibrant Hawaii, Hawaii Kids CAN, Hawaii Children's Action Network Speaks!, Hawaii Youth Services Network, Hawaii Health and Harm Reduction Center, Kinai Eha, and five individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that early adverse childhood experiences can negatively impact the development in children, leading to future learning, health, and behavioral problems. Your Committee further finds that providing children with positive relationships with stable non-relative adults can help mitigate the harmful effects of early adverse childhood experiences.

Your Committee has amended this measure by:

- (1) Amending the membership of the task force;
- (2) Requiring the task force develop an implementation and sustainability plan;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1322, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1322, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Gates).

SCRep. 143 Economic Development on H.B. No. 1174

The purpose of this measure is to:

- (1) Amend the motion picture, digital media, and film production income tax credit by:
 - (A) Reducing the cap amount and aggregate cap amount of the credit;
 - (B) Establishing a maximum amount of above-the-line costs that may be used to claim the credit;
 - (C) Reducing the minimum amount of qualified productions costs needed to claim the credit;
 - (D) Requiring qualified production costs to be incurred through a qualified vendor;
 - (E) Requiring at least seventy-five percent of a qualified production to be filmed in the State if the taxpayer claims a credit in excess of \$5,000,000 in a single taxable year; and
 - (F) Requiring that the State receive a percentage of the worldwide gross revenues of a qualified production if the taxpayer claims credits in excess of an aggregate amount of \$15,000,000 in two taxable years;
- (2) Define "above-the-line costs" and "qualified vendor"; and
- (3) Extend the repeal date of the tax credit from January 1, 2026, to January 1, 2033.

Your Committee received testimony in support of this measure from Hawaii Media Inc., Island Film Group, and one individual. Your Committee received testimony in opposition to this measure from the Motion Picture Association, Inc. Your Committee received comments on this measure from the Department of Taxation; Department of the Attorney General; Department of Business, Economic Development, and Tourism; Honolulu Film Office; Tax Foundation of Hawaii; and IATSE Local 665.

Your Committee finds that the film industry in Hawaii is an important component of a diversified economy and that the motion picture, digital media, and film production income tax credit is an effective means of stimulating the economy and creating quality jobs while promoting Hawaii as a visitor destination. Amending certain criteria for the motion picture, digital media, and film production income tax credit, including extending its repeal date, will provide stability and predictable economic incentives for the film industry and people employed in the film industry in the State.

Your Committee has amended this measure by:

- (1) Deleting provisions that would have allowed the State to receive a percentage of the worldwide gross revenues of a qualified production if a taxpayer claimed credits in excess of an aggregate amount of \$15,000,000 in two taxable years;
- (2) Inserting language that requires the Department of Business, Economic Development, and Tourism to post on its website the names of the qualified productions and the amount of tax credits claimed per qualified production per filing year;
- (3) Clarifying that the total tax credits claimed per qualified production shall not exceed \$12,000,000;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1174, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1174, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Okimoto). Excused, none.

SCRep. 144 Economic Development on H.B. No. 507

The purpose of this measure is to require the Department of Business, Economic Development, and Tourism to establish a fixed royalty payment to the State for the filming of scenic shots of iconic locations in the State that are subsequently featured in media for production purposes.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Motion Picture Association, Inc.; and one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that Hawaii has a unique landscape and natural environment that results in Hawaii being a very desirable and popular film location. Hawaii also offers many convenient and diverse filming opportunities for the filming industry. This measure ensures that the State's beautiful and iconic locations are protected and preserved by appropriately compensating the State for the use of these locations.

Your Committee has amended this measure by:

- (1) Exempting state and county productions from paying royalties for the use of scenic shots of iconic locations in the State; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 507, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 507, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

SCRep. 145 Economic Development on H.B. No. 119

The purpose of this measure is to replace E Ola Mau Na Leo O Kekaha with Kaunalewa as the entity authorized to receive special purpose revenue bonds issued to assist with the acquisition, remediation, and development of the old Kekaha Sugar Mill in Kekaha, Kauai, Hawaii.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that there is an immediate need to remediate the old Kekaha Sugar Mill from sugar-era legacy chemicals on the parcel, particularly because of its proximity to a charter school and public housing properties. This measure supports the success of Kaunalewa in its efforts to clean and repurpose this historic area as an economic hub in alignment with the region's plantation and Hawaiian history.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 119, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 119, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 146 Economic Development on H.B. No. 689

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist the House of Aloha Enterprises LLC, with planning, designing, constructing, and equipping facilities for the manufacturing and processing of certain products.

Your Committee received testimony in support of this measure from Mason Industries, LLC. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that given the current economic climate, it is critical for the State to diversify certain sectors of the economy, including manufacturing, which will generate local jobs and tax revenues. This measure supports the development and construction of local facilities that will enable farmers, value-added agriculture producers, and entrepreneurs with access to automated packaging and bottling, shipping, and other services to generate jobs and revenue, resulting in a more self-sustainable economy.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 689, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 689, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 147 Legislative Management on H.B. No. 57

The purpose of this measure is to clarify the office of the Legislative Analyst.

Your Committee received no testimony on this measure.

Your Committee finds that it is in the public interest to clarify the appointment and term of service for the Legislative Analyst within the Office of the Legislative Analyst.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 57 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 148 Legislative Management on H.B. No. 205

The purpose of this measure is to specify that disclosure to the ombudsman of communications subject to attorney-client privilege or attorney work-product privilege does not waive that privilege with respect to any other person.

Your Committee received testimony in support of this measure from the Office of the Ombudsman and one individual.

Your Committee finds that clarifying the disclosure of otherwise privileged information to the Office of the Ombudsman does not constitute a waiver of that privilege with respect to any other person will assist the Office of the Ombudsman in carrying out its investigative duties.

Your Committee has amended this measure by changing the effective date to July 1, 2114, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 205, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 205,

H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 149 Legislative Management on H.B. No. 513

The purpose of this measure is to repeal the State Capitol Management Committee.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and one individual.

Your Committee finds that the State Capitol Management Committee has fulfilled its intended purpose.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 513 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 150 Legislative Management on H.B. No. 517

The purpose of this measure is to clarify that, absent any other law to the contrary, the State Auditor may examine all accounts and records of any other state department, agency, or division.

Your Committee received testimony in support of this measure from the Office of the Auditor.

Your Committee finds that clarifying the traditional powers of the Auditor will assist the Office of the Auditor in conducting examinations of State departments, offices, and agencies.

Your Committee has amended this measure by changing the effective date to July 1, 2114, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 517, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 517, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 151 Labor & Tourism on H.B. No. 1066

The purpose of this measure is to add the University of Hawaii to the list of agencies that are authorized to conduct criminal history record checks on current or prospective employees whose positions or duties are related to public safety.

Your Committee received testimony in support of this measure from the Department of Human Resources Development and University of Hawai'i System.

Your Committee finds that the University of Hawaii campuses have departments of public safety with responsibilities that include protecting persons and property, receiving reports of crime such as sexual assaults, and providing walking escorts and vehicle transportation from dusk to dawn for persons alone on campus at night. Your Committee further finds that this measure will provide the University of Hawaii the authority to conduct criminal history record checks on persons who will be entrusted with the security of campus facilities and persons.

Your Committee also finds that, on average, the University hires approximately fifteen security officers annually. This measure will streamline the hiring process and allow for vacancies to be filled more efficiently.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1066, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1066, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 152 Labor & Tourism on H.B. No. 125

The purpose of this measure is to establish The Uniform Employee and Student Online Privacy Protection Act to adopt uniform laws on protecting the online accounts of employees, prospective employees, unpaid interns, applicants, students, and prospective students from employers and educational institutions.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Civil Rights Commission, and Commission to Promote Uniform Legislation.

Your Committee finds that this measure will prevent employers and public and private educational institutions from coercing access to non-public information from personal online accounts of students and employees, who typically have less than equal bargaining power. This measure will establish a set of rules that will help employers, educational institutions, employees, students, technology service providers, practitioners, and judges to effectively apply, comply with, and enforce the law in a more consistent manner.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 125, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 125, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 153 Labor & Tourism on H.B. No. 1253

The purpose of this measure is to prohibit an employer from:

- (1) Requiring an employee to download a mobile application to the employee's personal communication device that enables the employee's location to be tracked or their personal information revealed;
- (2) Terminating or otherwise discriminating against an employee for refusing to download a mobile application to the employee's personal communication device; or
- (3) Discharging or otherwise discriminating against an employee for filing a complaint, testifying, or assisting in any proceeding concerning these unlawful practices.

Your Committee received comments on this measure from the Department of Labor and Industrial Relations and Maui Chamber of Commerce.

Your Committee finds that, in response to the COVID-19 pandemic, applications for mobile phones have been promoted as a means to track the whereabouts of individuals who may have been exposed to someone testing positive for the virus, prompting privacy concerns and anxiety over potential misuse of the location information. While mobile phone users may voluntarily agree to be tracked, your Committee finds that privacy concerns dictate against making this requirement a condition of employment.

Your Committee further finds that the Department of Labor and Industrial Relations indicated it may not have the resources to enforce this measure and suggested a private right of action be made available.

Accordingly, your Committee has amended this measure by:

- (1) Removing language requiring the Department of Labor and Industrial Relations to enforce this measure;
- (2) Creating a civil action for injunctive relief or damages for a violation of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1253, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1253, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 154 Labor & Tourism on H.B. No. 90

The purpose of this measure is to:

- (1) Transfer the State Fire Council, for administrative purposes, from the Department of Labor and Industrial Relations to the Department of Commerce and Consumer Affairs;
- (2) Place the boiler and elevator safety law under the jurisdiction of the Department of Commerce and Consumer Affairs rather than the Department of Labor and Industrial Relations and create a Boiler and Elevator Safety Appeals Board; and
- (3) Transfer administration of the Human Trafficking Victim Services Fund from the Department of Labor and Industrial Relations to the Judiciary.

Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and Labor and Industrial Relations Appeals Board.

Your Committee has amended this measure by:

- (1) Clarifying that those employees whose only primary function relates to the boiler and elevator safety law will be transferred to the Department of Commerce and Consumer Affairs;
- (2) Providing that all rules, policies, procedures, guidelines, and other material adopted or developed by the Department of Labor and Industrial Relations to implement provisions applicable to the boiler and elevator safety law shall remain in full force and effect until amended or repealed by the Department of Commerce and Consumer Affairs;
- (3) Providing that any funds remaining in the Boiler and Elevator Revolving Fund established pursuant to section 397-13, Hawaii Revised Statutes, shall be transferred to the Boiler and Elevator Revolving Fund;
- (4) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 90, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 90, H.D. 2, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 155 Education on H.B. No. 10

The purpose of this measure is to require the Board of Education to invite the exclusive representative for bargaining unit (5) to appoint a nonvoting public school teacher representative to the Board.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association, Democratic Party of Hawaii Education Caucus, Hawaii Association of School Psychologists, and three individuals. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Hawaii State Ethics Commission and Board of Education.

Your Committee finds that the Board of Education currently consists of nine voting members, none of whom are required to be a public school teacher. The appointment of a current public school teacher, as a nonvoting member, to the Board will provide first-hand experience and expertise on the educational and professional climate in Hawaii's public schools, impact of education policies on teacher recruitment and retention, and resources needed to deliver a quality learning experience for all of Hawaii's children.

Your Committee further finds that the COVID-19 pandemic has significantly disrupted Hawaii's public education system, forcing schools to adapt their operations to public health. The Board of Education would benefit from the experience of a public school teacher representative as well as a public school administrator representative in deliberations about protocols and service delivery systems in response to COVID-19.

Your Committee has amended this measure by:

- (1) Requiring the Board of Education to invite the exclusive representative for bargaining unit (6) to appoint a nonvoting public school administrator to the Board;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 10, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 10, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 156 Education on H.B. No. 225

The purpose of this measure is to:

- (1) Require the Board of Education to develop a bullying prevention and response action plan;
- (2) Require the Board of Education, or the Department of Education as the Board's designee, to submit an annual report to the Legislature on the action plan and reported incidents of alleged bullying and harassment; and
- (3) Repeal Act 214, Session Laws of Hawaii 2011, which required the Board of Education to monitor the Department of Education for compliance with any Department administrative rules or statutes governing bullying, cyberbullying, and harassment.

Your Committee received testimony in support of this measure from the Hawaii Disability Rights Center and two individuals. Your Committee received comments on this measure from the Board of Education and Department of Education.

Your Committee finds that the Board of Education advocates for safe learning environments that ensure the wellbeing of students and recognizes bullying as a severe issue. Furthermore, the Department of Education fosters positive and safe learning environments for all students and staff by creating a culture of respect, responsibility, and resiliency. This measure will help the Board and Department in responding to and preventing bullying in public schools.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 225, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 225, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Ohno).

SCRep. 157 Education on H.B. No. 372

The purpose of this measure is to:

- (1) Require the Auditor to perform an annual operational audit of the academic and financial plans of the Department of Education to be submitted to the Legislature;
- (2) Require the Department of Education to contract with a third party consultant that specializes in school finance to perform a study of the adequacy of education funding in the State to be submitted to the Legislature; and
- (3) Appropriate funds for the audit and the study.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce and one individual. Your Committee received comments on this measure from the Department of Education and Office of the Auditor.

Your Committee finds that there is a greater need for transparency from the Department of Education. Annual operational audits of the academic and financial plans of the Department of Education will help to identify the financial and management needs of Department schools. Additionally, a study of the adequacy of education funding in Hawaii will better inform how funding is used to enhance the quality of education for students in the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 372, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 372, H.D. 1, and be referred to your Committee on Legislative Management.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 158 Education on H.B. No. 515

The purpose of this measure is to require the Auditor to audit the Department of Education's School Food Services Branch to determine how much local produce is being purchased and served to students that the Branch is responsible for.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education. Your Committee received comments on this measure from one individual.

Your Committee finds that the Department of Education's School Food Services Branch is currently performing its own internal audit to evaluate the amount of local product purchased since the 2019-2020 school year. This measure will assist the Department in evaluating procurements from prior years to assess the baseline amounts of local produce purchased prior to the COVID-19 pandemic.

Your Committee has amended this measure by changing the effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 515, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 515, H.D. 1, and be referred to your Committee on Agriculture.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 159 Education on H.B. No. 525

The purpose of this measure is to authorize the Department of Education (Department) to construct housing for teachers on a public school campus; provided that any housing units constructed or acquired on a school campus after June 30, 2021, be rented at a low cost or no cost to new teachers employed full-time at the school where the housing units are located.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii Association of REALTORS, Hawaii State Teachers Association, and two individuals.

Your Committee finds that a January 2020 compensation study contracted by the Department revealed that seventy-eight percent of survey respondents indicated that the lack of housing availability negatively impacted teacher retention in Hawaii. A comparison report in December 2020 that was developed for the Department on teacher recruitment revealed that similarly situated school districts in other states provide greater opportunities for low cost or no cost teacher housing for full-time employees. Your Committee further finds that according to the Department of Business, Economic Development, and Tourism's 2019 report on Housing Demand in Hawaii, the State needs up to 46,000 housing units to meet demand in Hawaii by 2030. This measure will help in recruiting and retaining effective educators by lessening the financial burden of being a public school teacher in the State through the establishment of affordable teacher rental housing.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 525, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 525, H.D. 1, and be referred to your Committee on Housing.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (DeCoite, Okimoto). Noes, none. Excused, 1 (Ohno).

SCRep. 160 Education on H.B. No. 690

The purpose of this measure is to propose an amendment to article X, section 1, of the Hawaii State Constitution to require that the statewide public school system be thorough and efficient.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association, Democratic Party of Hawaii Education Caucus, Education Caucus Representative for the State Central Committee of the Democratic Party of Hawaii, ILWU Local 142, Parents for Public Schools of Hawaii, and five individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education and Iron Workers Stabilization Fund. Your Committee received comments on this measure from one individual.

Your Committee finds that compared to other states, Hawaii is unique because the State, rather than the counties or local level jurisdictions, is responsible for public education. Your Committee further finds that the State is struggling to provide quality education to all keiki, as evidenced by a chronic teacher shortage, decaying school facilities, and the fact that Hawaii spends less total tax revenue on public education compared to other states in the nation. Your committee believes that this measure will strengthen the State Constitution and the state public education system by ensuring that public education is not only supported but also is "thorough and efficient."

Your Committee has amended this measure by changing the effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 690, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 690, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Okimoto). Excused, 1 (Ohno).

SCRep. 161 Education on H.B. No. 1220

The purpose of this measure is to:

- (1) Amend the appointing authority for members to the Charter School Commission;
- (2) Allow governing boards of postsecondary institutions and county and state agencies to authorize public charter schools; and
- (3) Clarify the charter application notice requirements and authorizer compliance requirements in cases of an appeal.

Your Committee received testimony in support of this measure from the Waimea Middle Public Conversion Charter School, Kulia Academy, West Hawaii Explorations Academy, Ke Ana La'ahana Public Charter School, and numerous individuals. Your Committee received comments on this measure from the State Public Charter School Commission.

Your Committee finds that this measure will improve and streamline the process for the authorization of public charter schools by clarifying the charter application notice requirements and authorizer compliance requirements in cases of an appeal to allow for charter school applicants to more easily correct any errors in their applications.

Your Committee has amended this measure by:

- (1) Restoring the Board of Education as the sole appointing authority of the Charter School Commission;
- (2) Removing the authority for the governing boards of public and private postsecondary institutions and county and state agencies to authorize public charter schools;
- (3) Retaining the provision requiring an authorizer to not provide technical support to a prospective charter school applicant, an applicant governing board,

or a charter school it authorizes in cases where the technical support will impact decisions related to the approval or denial of the charter application or renewal, revocation, or nonrenewal of the charter contract;

- (4) Allowing the staff of an authorizer to provide technical support to a prospective charter school applicant or an applicant governing board during the application process and review process, and to provide assistance in the completion of an incomplete application;
- (5) Clarifying that the charter school application process and schedule shall include criteria that will guide the authorizer's decision to approve or deny a charter application;
- (6) Removing the provision granting the approval of a charter school application if no written decision is provided by the final date by which the application is to be approved or denied by an authorizer;
- (7) Removing the requirement that an authorizer shall act in accordance with the Board of Education's decision to appeal regarding the appeal of decisions by the authorizer to deny the approval of a charter application, deny renewal of a charter contract, or revoke a charter school's contract and the accompanying penalties for failure to comply with the decision of the Board;
- (8) Removing the provision allowing an eligible authorizer to be designated as a charter school's authorizer in cases where the Board of Education overrules a denial or revocation by the charter school's initial authorizer;
- (9) Changing its effective date to July 1, 2050; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1220, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1220, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Ohno).

SCRep. 162 Education on H.B. No. 1223

The purpose of this measure is to:

- (1) Require the State Board for Career and Technical Education to:
 - (A) Oversee and review annually the statewide data collection processes, reporting requirements, and business rules related to the student attainment of industry-recognized credentials; and
 - (B) Report to the Governor and the Legislature on students' attainment of industry-recognized credentials; and
- (2) Require all state agencies that administer educational or training courses that lead to, provide, or otherwise align with the attainment of an industry-recognized credential to collect and report certain categories of data.

Your Committee received testimony in support of this measure from Hawaii P-20 Partnerships for Education, Chamber of Commerce Hawaii, HawaiiKidsCAN, and two individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education and University of Hawai'i System. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that in the current job market, nearly sixty-five percent of available positions require postsecondary credentials. Industry-recognized credentials are important because they teach the specific knowledge and skills required for an occupation or industry and provide full-time employees with industry credentials with more earnings than their uncredentialed counterparts. Your Committee further finds that Hawaii has critical shortages of qualified local workers in sectors including health, education, air travel, and technology. The Promising Credentials project was launched as a collaborative effort aimed at using Hawaii labor market data and local employer insights to identify high-value industry credentials in the State. This measure will help to break down the data collected by credential and have the data be consistently collected and reported by state agencies.

Your Committee has amended this measure by:

- (1) Requiring the State Board for Career and Technical Education to begin reporting on students' attainment of industry-recognized credentials to the Governor and Legislature on July 1, 2023, rather than on July 1, 2022;
- (2) Requiring that all data collection and reporting activity required by this measure be conducted in a manner consistent with applicable federal and state laws governing the privacy and confidentiality of such data;
- (3) Changing its effective date to July 1, 2050; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the amendment to this measure requiring all data collection and reporting activity to be conducted in a manner consistent with applicable federal and state laws governing the privacy and confidentiality of such data is recommended by the Department of the Attorney General to ensure that this measure does not inadvertently violate applicable state and federal laws governing the privacy or confidentiality of personally identifiable information from education records, wage data, and employment data.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1223, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1223, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 163 Higher Education & Technology on H.B. No. 1069

The purpose of this measure is to change the semi-annual reporting requirement to the Legislature on the monies in the Hawaii Cancer Research Special Fund to an annual report.

Your Committee received testimony in support of this measure from University of Hawaii Cancer Center.

Your Committee finds that annual reporting for the Hawaii Cancer Research Special Fund will reduce the administrative burden while maintaining legislative oversight similar to that of other non-general funds.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1069, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1069, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 164 Higher Education & Technology on H.B. No. 1067

The purpose of this measure is to permanently establish the authority of the University of Hawaii President to act as the Chief Procurement Officer for the University of Hawaii for all procurement contracts under the Hawaii Public Procurement Code.

Your Committee received testimony in support of this measure from the University of Hawai'i System and General Contractors Association of Hawaii.

Your Committee finds that Act 87, Session Laws of Hawaii 2013 (Act 87), was enacted in response to the Legislature's concerns about the prudent and transparent management of public funds appropriated by the Legislature and expended by the University of Hawaii. Act 87 removed the authority of the University of Hawaii President to serve as the Chief Procurement Officer for the University of Hawaii for construction contracts and construction-related professional services contracts and assigned those responsibilities to the Administrator of the State Procurement Office. This, however, resulted in a bifurcated procurement system at the University of Hawaii in which a different set of rules and procedures applied depending on the type of procurement for University construction projects.

Your Committee further finds that a January 2016 report by the State Procurement Office, issued pursuant to Act 87, found: "Based on SPO's review of 102 UH construction solicitations, UH's Administrative Procedures, and fourteen (14) post-award Site Visits, SPO finds that UH is conducting construction procurements in a compliant, efficient, and transparent manner." Act 42, Session Laws of Hawaii 2018, was enacted to reinstate and restore full authority to the University of Hawaii President to act as the University's Chief Procurement Officer for all procurement contracts under the Hawaii State Procurement Code, however that authority is set to expire on June 30, 2021. This measure makes this authority permanent.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1067, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1067, H.D. 1, and be referred to your Committee on Government Reform.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 165 Higher Education & Technology on H.B. No. 1070

The purpose of this measure is to provide a framework that supports consistent land use planning and development across the University of Hawai'i System through designation of university districts that create development policies and capital improvement programs.

Your Committee received testimony in support of this measure from the University of Hawai'i System. Your Committee received comments on this measure from the Office of Planning and Department of Land and Natural Resources.

Your Committee finds that the University of Hawaii System includes three university campuses and seven community college campuses located in each of the four counties. Each county has its unique zoning ordinances, planning, and permitting processes, as well as its own set of approvals and decision-making entities that include various departments, boards, commissions, and county councils. Jurisdictional variations lead to inconsistent regulatory processes across the various campuses, which make it difficult to strategically consider the University of Hawaii System as a whole. Your Committee finds that this measure allows the University of Hawaii President to propose to the Board of Regents that a campus be designated as a university district.

Your Committee has amended this measure by:

- (1) Deleting the exemption of university district developments within a special management area from special management area permits or shoreline setback variances;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1070, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1070, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 166 Higher Education & Technology on H.B. No. 1072

The purpose of this measure is to repeal the amendments made by Act 236, Session Laws of Hawaii 2015, which:

- (1) Required each University of Hawaii (University) campus to prepare an operations plan to be reviewed by the President, Vice President for Budget and Finance, and the Chief Financial Officer of the University; and
- (2) Required monies in the University of Hawaii Tuition and Fees Special Fund for each University campus to lapse to the credit of University system wide support.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

Your Committee finds that the amount of fees a student pays in a particular program can be significantly different from that in another program. While the commingling of funds or use of funds outside of that campus is a uniform way to manage funds paid to campuses via tuition and fees, it may also be inconsistent with the expectations of those that paid to a specific campus. This measure ensures that remaining monies in each campuses' fund stays to support those at that particular campus.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1072, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1072, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 167 Higher Education & Technology on H.B. No. 686

The purpose of this measure is to protect the public and critical electrical utilities by establishing the offense of trespassing on critical electrical infrastructure and making the offense a class C felony.

Your Committee received testimony in support of this measure from the Department of Transportation; Hawaii State Fire Council; Honolulu Fire Department; Maui Fire Department; Honolulu Police Department; Hawaiian Electric Company, Inc.; and Land Use Research Foundation of Hawaii. Your Committee received testimony in opposition to this measure from the Friends of Lana'i, Sierra Club of Hawaii, Pele Lani Farm LLC, Ka Lāhui Hawai'i Kōmike Kalai'āina, and numerous individuals. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and one individual.

Your Committee finds that this measure is intended to protect Hawaii's critical electrical infrastructure by making criminal trespass on critical electrical infrastructure a class C felony to serve as a greater deterrent. While this measure seeks to prevent theft of and damage to critical electrical infrastructure, it is also intended to prevent authorized persons who access critical electrical infrastructure from endangering themselves, while protecting electric utility employees from the dangers of compromised electrical infrastructure.

Your Committee notes the concerns raised by the opposition and acknowledges that criminal trespass laws already exist. As such, should your Committee on Judiciary & Hawaiian Affairs choose to hear this measure, your Committee asks that it consider whether it is appropriate to make criminal trespass on critical infrastructure a class C felony or whether existing trespass laws, which are a misdemeanor and petty misdemeanor, suffice in accomplishing the intention of this measure.

Your Committee further notes that this measure is not intended to interfere with peaceful demonstrations or lawful protests.

Your Committee has amended this measure by:

- (1) Removing power generation facilities used specifically during times of high demand from the definition of "critical electrical infrastructure"; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 686, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 686, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 2 (Ganaden, Kapela). Excused, none.

SCRep. 168 Corrections, Military, & Veterans on H.B. No. 1292

The purpose of this measure is to require the Board of Trustees of the Employees' Retirement System to conduct a study on retirement benefits for Hawaii National Guard members who are activated under state active duty orders and Hawaii National Guard members who are retired, and submit findings and recommendations to the Legislature prior to the Regular Session of 2022.

Your Committee received testimony in support of this measure from the Department of Defense, Hawaii National Guard Enlisted Association, and two individuals. Your Committee received testimony in opposition to this measure from the Board of Trustees of the Employees' Retirement System.

Your Committee finds that the Employees' Retirement System is precluded from using its resources for purposes other than the exclusive benefit of its members. If passed, this measure would benefit an activated national guard population of employees and retirees who are not employees or retirees of the State or county and are ineligible to become members or retirees of the Employees' Retirement System, in conflict with Employees' Retirement System's tax exempt status and creating potential adverse impacts on the State's unfunded liability.

Your Committee further finds that the more appropriate option would be to pursue a potential retirement program through the Department of Human Resources Development, which currently administers a deferred compensation retirement plan for part-time, temporary, and seasonal or casual employees of the State.

Accordingly, your Committee has amended this measure by:

- (1) Providing for service credit for time in service when military personnel are called to active duty in the State;
- (2) Including members of the Hawaii National Guard ordered into active service by the Governor in the definition of "employee" under certain circumstances, for purposes of the state deferred compensation retirement plan;
- (3) Requiring the Department of Human Resources Development, rather than the Board of Trustees of the Employees' Retirement System, to conduct the study, and adjusting the parameters of the study;
- (4) Changing the effective date to July 1, 3050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1292, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1292, H.D. 1, and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 169 Corrections, Military, & Veterans on H.B. No. 1352

The purpose of this measure is to establish a surplus military land task force to plan for the remediation and restoration of, and alternative uses for, lands currently under federal ownership and control that are anticipated to be returned to the State.

Your Committee received testimony in support of this measure from the Environmental Caucus of The Democratic Party of Hawaii and three individuals. Your Committee received comments on this measure from the Chamber of Commerce Hawaii.

Your Committee finds that issues that surround renewal of the lands intended to be covered by this measure remain unresolved and it is therefore premature to form a task force. Before remediation and restoration can occur, a number of barriers must be taken into consideration, including identifying the surplus lands and any known contaminants and environmental hazards on them. It would also be helpful to gather data from various departments and agencies to better understand the circumstances surrounding these lands. Your Committee finds that it is more prudent at this time to charge certain departments with obtaining this critical information.

Accordingly, your Committee has amended this measure by:

- (1) Eliminating the proposed task force;
- (2) Requiring the Office of Planning to submit a report to the Legislature containing the following:
 - (A) An inventory of federally controlled state lands, to be prepared by the Department of Land and Natural Resources;
 - (B) Any known contaminants or environmental hazards on the inventoried lands based on past environmental studies, to be prepared by the Department of Health in consultation with the Environmental Protection Agency;
 - (C) Input from departments and agencies on proposed alternative uses for the lands; and
 - (D) Its findings and recommendations, including any proposed legislation, based on the information above;
- (3) Changing the effective date to July 1, 3050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1352, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1352, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Branco, B. Kobayashi, Kong, Tamas). Noes, none. Excused, 1 (McDermott).

SCRep. 170 Corrections, Military, & Veterans on H.B. No. 398

The purpose of this measure is to:

- (1) Clarify that the Department of Public Safety retains custody of and jurisdiction over any Hawaii inmate who has been transferred to and is incarcerated at a correctional institution located outside of the State;
- (2) Provide that the Department of Public Safety may transfer any Hawaii inmate who was transferred to an out-of-state institution back to the State at any time and for any reason; and
- (3) Require Hawaii inmates incarcerated outside of the State to be afforded all the rights and privileges available to inmates incarcerated at correctional institutions located within the State.

Your Committee received testimony in support of this measure from Habilitat and three individuals. Your Committee received comments on this measure from the Department of Public Safety and Community Alliance on Prisons.

Your Committee finds that additional assurances are needed that inmates housed in out-of-state correctional facilities will be provided comparable treatment, oversight, and safeguards to inmates housed within the State. Your Committee finds, however, that there may be instances, such as the examples identified by the Department of Public Safety involving a new crime committed outside the State, when the Department of Public Safety is unable to return an inmate to Hawaii.

Accordingly, your Committee has amended this measure by:

- (1) Removing the language requiring the return of an inmate regardless of whether the inmate faces a criminal charge in the jurisdiction in which the inmate is incarcerated;
- (2) Changing the effective date to July 1, 3050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 398, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 398, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 171 Corrections, Military, & Veterans on H.B. No. 621

The purpose of this measure is to establish the Oahu Community Correctional Center Site Redevelopment Working Group to bring together state and county agencies, private entities, and the broader Kalihi community to examine how to best utilize the site and the surrounding area after the correctional center is relocated to a new location and identify, work through, and recommend solutions to issues relating to the redevelopment.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, a member of the Honolulu City Council, Kokua Kalihi Valley, and twelve individuals. Your Committee received testimony in opposition to this measure from the Community Alliance on Prisons. Your Committee received comments on this measure from the Office of Planning and one individual.

Your Committee finds that the Oahu Community Correctional Center site was identified as a potential transient-oriented development site in the "State Strategic Plan for Transit-Oriented Development" issued by the Hawaii Interagency Council for Transit-Oriented Development (TOD Council). Your Committee further finds that the Office of Planning serves as the lead agency for the TOD Council and is willing to facilitate and support the working group effort; however, the Office of Planning believes that the timing may be premature.

Accordingly, your Committee has amended this measure by:

- (1) Charging the Director of Planning, rather than the Governor, with convening the working group;

- (2) Delaying the start of the working group to on or after January 1, 2026;
- (3) Changing the deadlines for submittal of the working group's report to the Legislature to twenty days prior to the regular sessions of 2027 and 2028, and disbanding the working group on June 30, 2028;
- (4) Inserting a blank appropriation amount to support the working group;
- (5) Changing the effective date to July 1, 2030, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 621, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 621, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Branco, B. Kobayashi, Tarnas). Noes, none. Excused, 1 (McDermott).

SCRep. 172 Corrections, Military, & Veterans on H.B. No. 1080

The purpose of this measure is to:

- (1) Require the State to phase out the use of private correctional facilities to incarcerate Hawaii inmates; and
- (2) Prohibit the construction of new correctional facilities or the expansion of existing correctional facilities without the approval of the Hawaii Correctional System Oversight Commission.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Community Alliance on Prisons; League of Women Voters; American Civil Liberties Union of Hawai'i; Hahiliat; Hawai'i Friends of Restorative Justice; Kokua Kalihi Valley; Ohana Ho'opakele; Hawaii Government Employees Association, AFSCME, Local 152, AFL-CIO; and numerous individuals. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that the State has relied on contracted private, for-profit prisons to house a significant portion of the State's prison population for more than two decades. Your Committee further finds that the adverse impacts of incarcerating inmates outside of the State include isolating the inmates from their families, friends, and in many cases, cultural roots. Your Committee notes, however, that private prisons were authorized in response to overcrowded conditions in outdated correctional facilities that became unable to house the increase in the State's prison population. Your Committee therefore finds that any plan to phase out the use of private correctional facilities must be accompanied by a thorough systemic review of any plans for construction of new correctional facilities or expansion of existing correctional facilities.

Accordingly, your Committee has amended this measure by:

- (1) Removing the prohibition on the use of private correctional institutions and instead tasking the Hawaii Correctional System Oversight Commission (Commission) with creating a comprehensive plan to phase out private correctional institutions by 2025;
- (2) Requiring the Department of Public Safety to obtain input and recommendations from the Commission on any master plan to construct a new correctional facility or expand an existing correctional facility, and include the input and recommendations in any environmental impact statement on the project;
- (3) Changing the effective date to July 1, 3050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1080, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1080, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 173 Corrections, Military, & Veterans on H.B. No. 1082

The purpose of this measure is to:

- (1) Establish a moratorium on the construction of any new correctional facilities in the State on or after July 1, 2021, including the planned construction of a new facility to replace the existing Oahu Community Correctional Center; and
- (2) Prohibit the construction of new correctional facilities or the expansion of existing correctional facilities without the approval of the Hawaii Correctional System Oversight Commission.

Your Committee received testimony in support of this measure from the Hawaii Correctional System Oversight Commission, Office of the Public Defender, Hawai'i Friends of Justice & Civic Education, Community Alliance on Prisons, Kokua Kalihi Valley, Ohana Ho'opakele, American Civil Liberties Union of Hawai'i, Hahiliat, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety.

Your Committee finds that planning for the new Oahu Community Correctional Center should be paused to facilitate further dialogue and assessment of all critical factors and needs of a new correctional facility on Oahu. Questions over the right size for any new facility are impacted by systemic changes the Hawaii Correctional System Oversight Commission (Commission) is evaluating. The Commission has estimated that each bed in the new jail would cost taxpayers \$380,000 and the cost of housing a large number of pretrial detainees statewide is over \$180,000 per day. Your Committee further finds that the Commission's ongoing work makes it an appropriate body to solicit input and recommendations from on any proposed new corrections facility or any expansion proposal for existing correction facilities.

Accordingly, your Committee has amended this measure by:

- (1) Limiting the construction moratorium to one year, from July 1, 2021 to June 30, 2022;
- (2) Removing the prohibition against construction of a new correctional facility or expansion of an existing correctional facility unless the Commission first approves of the facility;
- (3) Prohibiting the construction of a new correctional facility or expansion of an existing correctional facility unless the Department of Public Safety first obtains the input of and recommendations from the Commission, and the Commission's input and recommendations are included in any environmental impact statement for the project;

- (4) Changing the effective date to July 1, 3050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1082, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1082, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 174 Corrections, Military, & Veterans on H.B. No. 1110

The purpose of this measure is to appropriate funds for an oversight coordinator position and necessary staff support positions for the Hawaii Correctional System Oversight Commission (Commission).

Your Committee received testimony in support of this measure from the Hawaii Correctional System Oversight Commission, Community Alliance on Prisons, American Civil Liberties Union of Hawaii, Habilitat, Association of Hawaiian Civic Clubs, and numerous individuals.

Your Committee finds that the Legislature authorized the position of oversight coordinator when it established the Commission in 2019, specified a salary equivalent to the salary of the Director of Human Resources Development, and mandated that the coordinator devote their entire time and attention to the administration of the Commission. The Legislature also authorized the oversight coordinator to employ persons to perform the functions of the Commission. To date, the Commission has operated without the benefit of an oversight coordinator or support staff.

Your Committee further finds that such an investment in the Commission will further the Commission's ability to accomplish its assigned duties, which include overseeing the State's correctional system, facilitating a correctional system transition to a rehabilitative and therapeutic model, establishing maximum inmate population limits for each correctional facility, and ensuring that the comprehensive offender reentry system is working properly.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the effective date to July 1, 3050, to encourage further discussion.

Your Committee notes that the recommended appropriation amount for the oversight coordinator position and necessary support staff positions for the Commission is \$330,000.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1110, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1110, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 175 Corrections, Military, & Veterans on H.B. No. 1389

The purpose of this measure is to transfer the administrative attachment of the Hawaii Correctional System Oversight Commission (Commission) from the Department of the Attorney General to the Department of Human Services.

Your Committee received testimony in support of this measure from Kokua Kalihi Valley; Ohana Ho'opakele; Habilitat, Inc.; and nineteen individuals. Your Committee received comments on this measure from the Department of Human Services, Community Alliance on Prisons, and two individuals.

Your Committee finds that the correctional system is as much a matter of health and human services as it is a matter of law enforcement and, therefore, it would be more productive for the Commission to be attached to a different department that provides similar support and outreach services.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1389 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (Tarnas). Noes, none. Excused, 1 (McDermott).

SCRep. 176 Housing on H.B. No. 1311

The purpose of this measure is to address the shortage of affordable rental housing on Maui and maintain the viability of the Keawe Street affordable housing project by:

- (1) Removing the 2022 deadline for completion of the Leialii affordable housing project; and
- (2) Exempting the Leialii affordable housing project from the State's historic preservation law requirements; provided that the project adopts a lease-up preference for Lahaina, Maui, residents.

Your Committee received testimony in support of this measure from the Office of Mayor of the County of Maui. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee notes that on September 21, 2020, the State Historic Preservation Division notified Hawaii Housing Finance and Development Corporation that it would require a new archaeological inventory survey for the entire villages of the Leialii master planned community, of which the Keawe Street Apartments affordable housing project is a part. More time is needed for Hawaii Housing Finance and Development Corporation to prepare a new archaeological inventory survey with adequate testing of the affordable housing project. This measure extends the deadline in which funds appropriated under Act 98, Session Laws of Hawaii 2019, may be used for expediting and completing construction of the Leialii affordable housing project.

Your Committee has amended this measure by:

- (1) Removing the requirement that the Leialii affordable housing project adopt a lease-up policy giving preference to current residents of Lahaina, Maui, upon completion and service of the project;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1311, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1311, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 177 Housing/Water & Land on H.B. No. 902

The purpose of this measure is to:

- (1) Exempt lands set aside by the Governor to the Hawaii Housing Finance and Development Corporation and lands leased to the Hawaii Housing Finance and Development Corporation by any state department or agency from classification as public lands subject to Department of Land and Natural Resources management;
- (2) Require legislative approval of these exempt lands prior to the sale or gift of the lands; and
- (3) Require state department or agency lands leased to the Hawaii Housing Finance and Development Corporation that are no longer needed for housing, finance, or development, to be returned to the state department or agency that leased the lands to the Hawaii Housing Finance and Development Corporation.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Hawaii Housing Finance and Development Corporation. Your Committees received testimony in opposition to this measure from the Office of Hawaiian Affairs and Kūpuna for the Mo'opuna. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that this measure will help streamline the development of affordable housing on state land, including leasehold housing on land located within one-half mile of the Honolulu Rail Transit line, by reducing the number of approvals required by the Department of Land and Natural Resources once the land is set aside to the Hawaii Housing Finance and Development Corporation.

Your Committees note that some of the lands under the Hawaii Housing Finance and Development Corporation are public trust lands that the Corporation manages under executive orders recommended by the Board of Land and Natural Resources. Your Committees further note that currently, this measure only requires that lands leased by the Hawaii Housing Finance and Development Corporation be returned to the public trust administered by the Department of Land and Natural Resources.

Accordingly, your Committees have amended this measure by:

- (1) Specifying that lands set aside to the Hawaii Housing Finance and Development Corporation by any state department or agency and no longer needed for housing, finance, or development shall be returned to the state department or agency that approved the set aside of the lands;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Your Committees request the Hawaii Housing Finance and Development Corporation to gather better data on Native Hawaiians who are living and renting in Hawaii Housing Finance and Development Corporation-financed projects. Your Committees also encourage the Office of Hawaiian Affairs to prepare Native Hawaiians for renting with downpayment assistance and security deposits and for homeownership, and develop a list of individuals who are ready to apply for Hawaii Housing Finance and Development Corporation-financed units once the units become available.

As affirmed by the records of votes of the members of your Committees on Housing and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 902, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 902, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 6; Ayes with Reservations (DeCoite). Noes, 1 (Ilagan). Excused, 1 (McDermott).

Water & Land: Ayes, 6. Noes, 1 (Ganaden). Excused, 1 (McDermott).

SCRep. 178 Water & Land on H.B. No. 1144

The purpose of this measure is to:

- (1) Exempt from the general excise tax law amounts received from the interisland transportation and related loading and unloading of agricultural commodities, regardless of whether the agricultural commodities were produced in the State; and
- (2) Require the Public Utilities Commission to authorize preferential water carrier service rates by tariff for ratepayers that operate farms or ranches located in any county with a population equal to or less than 500,000.

Your Committee received testimony in support of this measure from the Hawaii Farm Bureau, Ulupono Initiative, and Maui County Farm Bureau. Your Committee received comments on this measure from the Department of Taxation; Department of Commerce and Consumer Affairs; Department of Agriculture; Public Utilities Commission; Tax Foundation of Hawaii; and Young Brothers, LLC.

Your Committee finds that interisland transportation is a major issue for neighbor island farmers and ranchers, with the majority of agricultural lands located on neighbor islands and the population center located on the island of Oahu. Your Committee further finds that neighbor island farmers and ranchers are disadvantaged when competing with farmers and ranchers on Oahu due to additional transportation costs of bringing in supplies from Honolulu and sending products out to other islands. This measure will alleviate the financial costs that neighbor island farmers and ranchers have to bear when receiving supplies and shipping out their products.

Your Committee has amended this measure by:

- (1) Allowing the Public Utilities Commission to implement the preferential water carrier service rates by tariff for ratepayers that operate farms or ranches located in any county with a population equal to or less than five hundred thousand through either the adoption of rules pursuant to chapter 91, Hawaii Revised Statutes, or by order of the Commission; and
- (2) Changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the

intent and purpose of H.B. No. 1144, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1144, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 179 Water & Land on H.B. No. 320

The purpose of this measure is to provide that any person who engages in certain archaeological activities without obtaining the required permission or approval from the Department of Land and Natural Resources is subject to a civil and administration violation.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Department of Land and Natural Resources, Historic Hawaii Foundation, Honua Consulting, and two individuals. Your Committee received comments on this measure from Cultural Surveys Hawaii.

Your Committee finds that this measure will ensure that the Department of Land and Natural Resources can consistently protect significant historic properties and burials and that archaeological activities are carried out in a manner consistent with the appropriate standards and requirements.

Your Committee has amended this measure by:

- (1) Inserting a savings clause;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 320, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 320, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 180 Water & Land on H.B. No. 821

The purpose of this measure is to address the State Historic Preservation Divisions' backlog of projects needing review by allowing the Division to delegate the responsibility of historic preservation project reviews to the respective counties.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Historic Hawaii Foundation, Maui Chamber of Commerce, and one individual.

Your Committee finds that the review of proposed projects plays an essential role in the protection and management of the State's historic places, burial sites, and aviation artifacts by requiring agencies and offices of the State and its subdivisions to submit for review all projects that may affect historic properties to the State Historic Preservation Division in the Department of Land and Natural Resources prior to approval. Sometimes, these reviews or comments are amended, expanded, or revoked, after project developers have relied on them, leading to costly delays in important projects like affordable housing.

Your Committee has amended this measure by:

- (1) Specifying that departmental or county reviews or comments may not be later revoked, amended, or expanded unless there is an authorized physical change to the site that would make the review or comments invalid;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 821, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 821, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 181 Water & Land on H.B. No. 823

The purpose of this measure is to increase efficiency and update old statutory provisions by:

- (1) Repealing the Task Force on Beach and Water Safety and Risk Assessment Working Group; and
- (2) Requiring the design and placement of warning signs, devices, and systems on certain areas of the State to be approved by the Chairperson of the Board of Land and Natural Resources and the respective county mayors.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Department of the Attorney General. Your Committee received comments on this measure from the Hawaii Association for Justice.

Your Committee finds that the Task Force on Beach and Water Safety, established pursuant to Act 190, Session Laws of Hawaii 1996, and the Risk Assessment Working Group, established in section 171-86, Hawaii Revised Statutes, pursuant to Act 82, Session Laws of Hawaii 2003, were created to advise the Chairperson of the Board of Land and Natural Resources regarding the design and placement of warning signs, devices, or systems at public beach parks and improved public lands before the Chairperson approved the design and placement of such warning signs, devices, and systems. Your Committee further finds that these two groups are defunct and no longer necessary to effectuate proper warnings of dangers at public beach parks and improved public lands. This measure will eliminate the Task Force on Beach and Water Safety and Risk Assessment Working Group and will allow the Chairperson and mayor of the county in which a warning sign, device, or system is to be placed to quickly approve its design and placement.

Your Committee has amended this measure by:

- (1) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the

intent and purpose of H.B. No. 823, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 823, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 182 Water & Land on H.B. No. 1276

The purpose of this measure is to improve the management of state parks by:

- (1) Authorizing the Board of Land and Natural Resources to adopt, amend, and repeal administrative fee schedules for the Division of State Parks within the Department of Land and Natural Resources by formal board action at a publicly noticed meeting; and
- (2) Raising the expenditure ceiling for the State Parks Special Fund.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that this measure gives the Department of Land and Natural Resources the flexibility to utilize dynamic pricing and quickly respond to changing resource conditions and demands at certain state parks.

Your Committee has amended this measure by:

- (1) Specifying that an administrative fee schedule may include a fee range with a minimum and maximum to be charged;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1276, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1276, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 183 Water & Land on H.B. No. 1122

The purpose of this measure is to amend the Hawaiian Homes Commission Act to give clarity and guidance to the Department of Hawaiian Home Lands in the management of homestead lands. Specifically, this measure:

- (1) Defines "beneficiary consultation" and determines when it is required;
- (2) Prohibits the Department of Hawaiian Home Lands from disposing or extending a general lease to non-beneficiaries, unless there are no applicants seeking to enter into a general lease to the use and occupancy of a tract of Hawaiian Home Lands;
- (3) Mandates Homestead Beneficiary Agreements;
- (4) Prohibits the Department of Hawaiian Home Lands from establishing additional criteria to enter into a lease with an applicant;
- (5) Allocates the interest or other earnings from the Hawaiian home loan fund and Hawaiian home general loan fund into their respective funds;
- (6) Requires the Department of Hawaiian Home Lands to submit a quarterly report to the Legislature and beneficiaries; and
- (7) Authorizes the Department of Hawaiian Home Lands to negotiate with homestead association governed water agencies to maintain water systems prior to other service providers.

Your Committee received testimony in support of this measure from the Sovereign Council of Hawaiian Homestead Associations. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that this measure attempts to improve the administration of the Hawaiian Homes Commission Act for the issuance of residential, farm, ranch, and mercantile lands to native Hawaiians. As this measure has the potential to improve, in significant ways, the ability of the Department of Hawaiian Home Lands in administering the Hawaiian Home Lands Trust, your Committee urges the Department of Hawaiian Home Lands to work with the Sovereign Council of Hawaiian Homestead Associations as this measure moves forward.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1122, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1122, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ganaden, B. Kobayashi). Noes, none. Excused, 1 (McDermott).

SCRep. 184 Water & Land on H.B. No. 1124

The purpose of this measure is to amend the Hawaiian Homes Commission Act to:

- (1) Require appraisals of improvements to identify the replacement cost or the leasehold market value;
- (2) Grant authority to the Department of Hawaiian Home Lands to authorize second position loans on homestead leases by approved lenders;
- (3) Require the Department of Hawaiian Home Lands to develop and implement a loan servicing manual, subject to commission approval, to standardize loan loss mitigation policies, procedures, and methods; and
- (4) Clarify that the Department of Hawaiian Home Lands shall not cancel a lease solely based on a loan default or delinquency unless all loan loss mitigation procedures are exhausted pursuant to the loan services manual.

Your Committee received testimony in support of this measure from the Sovereign Council of Hawaiian Homestead Associations. Your Committee received

comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that this measure attempts to provide adequate improvement asset valuations, access to second position equity capital, and loan servicing best practices to native Hawaiian families on Hawaiian home lands. While your Committee recognizes the uniqueness of Hawaiian home lands, your Committee urges the Department of Hawaiian Home Lands to work with the Sovereign Council of Hawaiian Homestead Associations to find common ground on this measure as it moves through the legislative process.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1124, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1124, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (B. Kobayashi). Noes, 1 (Ganaden). Excused, 1 (McDermott).

SCRep. 185 Judiciary & Hawaiian Affairs on H.B. No. 340

The purpose of this measure is to propose an amendment to the Constitution of the State of Hawaii to require the Judicial Selection Commission to be guided by principles of merit in the selection of judicial nominations and the retention of judges and justices.

Your Committee received testimony in support of this measure from the Ad Hoc Judicial Selection Commission Steering Committee. Your Committee received comments on this measure from the Judiciary and Judicial Selection Commission.

Your Committee finds that although Hawaii's judicial selection process is depicted as a merit selection process, neither the Constitution of the State of Hawaii nor the rules of the Judicial Selection Commission require the Commission to select and retain the most qualified applicants and petitioners. Your Committee further finds that delegates of the 1978 Constitutional Convention intended for the Judicial Selection Commission to select and retain the most qualified judges and justices based on merit. This measure is intended to improve upon Hawaii's existing judicial selection process by constitutionally requiring the Judicial Selection Commission to be guided by principles of merit in the selection and retention of judges and justices.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 340 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Ward). Excused, 1 (Tokioka).

SCRep. 186 Judiciary & Hawaiian Affairs on H.B. No. 740

The purpose of this measure is to:

- (1) Make an application for voter registration, including an affidavit, part of all driver's license and state identification card applications;
- (2) Automatically register each applicant who elects to be registered to vote, unless the applicant affirmatively declines to be registered to vote; and
- (3) Require sharing of information among the counties, Department of Transportation, and election personnel.

Your Committee received testimony in support of this measure from the Office of Elections; Department of Transportation; Sierra Club of Hawai'i; Faith Action for Community Equity; Hawai'i Alliance of Nonprofit Organizations; Americans for Democratic Action Hawai'i; Young Progressives Demanding Action; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; League of Women Voters of Hawaii; Community Alliance on Prisons; American Association of University Women of Hawaii; Hawai'i Friends of Civil Rights; LGBT Caucus of the Democratic Party of Hawaii; Hawai'i Health & Harm Reduction Center; Common Cause Hawaii; AVR Hawaii Coalition; American Civil Liberties Union of Hawai'i; AARP Hawai'i; Women's Caucus of the Democratic Party of Hawaii; and numerous individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that this measure will require applicants to either automatically register to vote or affirmatively opt out of registration as part of the driver's license and identification card application process. In addition, the electronic sharing of data will help ensure the accuracy of voter registration rolls and compliance with the National Voter Registration Act of 1993 and Help America Vote Act of 2002.

Your Committee has amended this measure by:

- (1) Clarifying that an application for voter registration must be a part of the application for issuance of a provisional driver's license or instruction permit;
- (2) Deleting language that would have made databases containing driver's license, provisional license, instruction permit, or identification card information maintained or operated by the counties or Department of Transportation directly accessible to election officials and the online voter registration system;
- (3) Authorizing the Director of Transportation, rather than the Chief Election Officer, to determine other government purposes for providing election officials and the online voter registration system access to the databases maintained or operated by the counties or Department of Transportation;
- (4) Inserting language that requires an application for a driver's license, provisional license, instruction permit, or identification card to include the affidavit and voter registration application into more appropriate statutes; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 740, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 740, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Tokioka).

SCRep. 187 Judiciary & Hawaiian Affairs on H.B. No. 631

The purpose of this measure is to:

- (1) Provide judges with greater discretion to adjust the payment of fees or fines for violations of certain traffic offenses based on a person's inability to pay or financial circumstances;

- (2) Decrease the imprisonment term to contumacious nonpayment ratio; and
- (3) Increase the amount of credit given to a person committed for contumacious nonpayment.

Your Committee received testimony in support of this measure from the Judiciary, Office of the Public Defender, Community Alliance on Prisons, and three individuals.

Your Committee finds that the Financial Hardship Task Force, established pursuant to Act 112, Session Laws of Hawaii 2019, made several recommendations on how to improve the current traffic system to address the needs of those who are experiencing financial hardship. Your Committee further finds that this measure implements several recommendations from the Task Force.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 631 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Tokioka).

SCRep. 188 Judiciary & Hawaiian Affairs on H.B. No. 776

The purpose of this measure is to authorize the issuance of special purpose revenue bonds and appropriate the bond revenues derived therefrom for a master planned development proposed by Pueo Development, LLC.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Pueo Development, LLC; Waiohuli Hawaiian Homesteaders Association, Inc.; Hawaii Operating Engineers Industry Stabilization Fund; and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the development of low- and moderate-income housing, alternative energy sources, infrastructure, and economic opportunities continues to be in the public interest. Pueo Development, LLC, is a Hawaii company that offers sustainable solutions for developing low- and moderate-income housing, alternative energy, and infrastructure, while facilitating economic opportunities through project development. Pueo Development, LLC, proposes to design, build, and operate a master planned development in support of a public-private partnership with Waiohuli Hawaiian Homesteaders Association, Inc., on approximately one hundred fifty acres of Department of Hawaiian Home Lands land in Waiohuli, Maui.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 776 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Tokioka).

SCRep. 189 Pandemic & Disaster Preparedness on H.B. No. 425

The purpose of this measure is to, beginning January 1, 2022:

- (1) Prohibit the issuance of building permits for new building construction, unless the applicant provides sufficient proof the building can withstand a category four hurricane; and
- (2) Require building permits to be obtained for work performed for state government agencies on all new public buildings and requires those buildings to be designed to withstand a category five hurricane.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Hawaii Emergency Management Agency.

Your Committee finds that given the geographical location of Hawaii, the State experiences multiple tropical storm and hurricane warnings. Despite this, your Committee finds that many buildings in the State are not properly designed to withstand a strong hurricane. Your Committee believes that the State needs to be better prepared by ensuring that all new buildings are properly built to withstand certain categories of hurricanes. This measure will ensure the safety of residents and visitors of the State by establishing requirements that new buildings must be able to withstand at least a category four hurricane.

Your Committee has amended this measure by:

- (1) Changing its effective date of July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 425, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 425, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, 1 (Ward). Excused, none.

SCRep. 190 Pandemic & Disaster Preparedness/Labor & Tourism on H.B. No. 643

The purpose of this measure is to make interfering with an essential worker during an emergency a felony.

Your Committees received testimony in support of this measure from the Hawai'i Nurses' Association OPEIU Local 50; Kohala Coast Resort Association; International Union of Bricklayers and Allied Craftworkers Local 1; International Brotherhood of Electrical Workers Local 1260; Pride at Work Hawaii; IATSE Local 665; Iron Workers Stabilization Fund; International Longshore and Warehouse Union Local 142; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii State AFL-CIO; Hawaii Operating Engineers Industry Stabilization Fund; Hawaii Airport Labor Coalition; Hawaii Fire Fighters Association; United Food and Commercial Workers 480; UNITE HERE Local 5; and four individuals. Your Committees received testimony in opposition to this measure from For Our Rights and numerous individuals. Your Committees received comments on this measure from the Department of the Attorney General and Hawaii Emergency Management Agency.

Your Committees find that the State has been in a state of emergency since March of 2020. During this time, essential workers have played a pivotal role in ensuring that necessary services are continued without disrupting the quality of life for residents. In an attempt to reduce the spread of the coronavirus, the State and counties have placed certain restrictions into effect that essential workers have had to enforce. This has caused unwarranted pushback from some individuals who disagree with the restrictions. This measure would protect essential workers during an emergency to ensure they can continue offering necessary services to residents.

Your Committees note the testimony of the Department of the Attorney General that essential workers and some of the behaviors this measure intends to prohibit would already be covered by existing felonies for assault and terroristic threatening. As to harassment, your Committees find that the current penalty of a petty misdemeanor may not be strong enough to work as a deterrent and that harassment of an essential worker during an emergency warrants its own penalty of a misdemeanor.

Your Committees have amended this measure by:

- (1) Deleting language that would have established the offense of interference with an essential worker as a class C, or class B felony if it involved assault, and all related language to this offense;
- (2) Establishing the offense of harassment against an essential worker during an emergency and making a violation a misdemeanor;
- (3) Changing its effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Labor & Tourism that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 643, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 643, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 7. Noes, 2 (Wildberger, Ward). Excused, none.

Labor & Tourism: Ayes, 5. Noes, 2 (D. Kobayashi, Okimoto). Excused, 1 (Quinlan).

SCRep. 191 Energy & Environmental Protection on H.B. No. 1290

The purpose of this measure is to authorize government agencies to wheel electricity that is produced by their own facilities from renewable energy sources to another agency's facilities, subject to disallowance by the Public Utilities Commission.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Hawaiian Electric Company, Inc. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Life of the Land, and Environmental Caucus of the Democratic Party of Hawai'i.

Your Committee finds that the State continues to depend heavily upon imported petroleum for its energy needs and is falling short of its ambitious renewable energy goals. The production of clean electricity may be further encouraged if government agencies, as sellers of clean electricity, are allowed to transmit electric power from one agency's power generation to the facilities of other governmental agencies over the existing transmission lines of a third-party electric public utility.

Your Committee has amended this measure by:

- (1) Clarifying that the Public Utilities Commission may authorize government agencies to wheel electricity through the adoption of rules or by Commission order;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1290, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1290, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Tokioka). Noes, none. Excused, none.

SCRep. 192 Energy & Environmental Protection on H.B. No. 1142

The purpose of this measure is to:

- (1) Establish a surcharge on the sale of high-end gasoline-powered vehicles to fund the installation of electric vehicle charging systems; and
- (2) Establish the Electric Vehicle Charging System Subaccount within the Public Utilities Commission Special Fund.

Your Committee received testimony in support of this measure from Mission Zero Hawaii; Big Island EV Association; Ulupono Initiative; KauaiEV; Hawaiian Electric Company, Inc.; Blue Planet Foundation; Hawaii Electric Vehicle Association; Tesla, Inc.; and numerous individuals. Your Committee received testimony in opposition to this measure from the JN Group, Alliance for Automotive Innovation, and Hawaii Automobile Dealers' Association. Your Committee received comments on this measure from the Department of Taxation, Public Utilities Commission, Hawaii State Energy Office, Tax Foundation of Hawaii, Hawai'i Energy, and one individual.

Your Committee finds that electric vehicles play an important role in Hawaii's clean energy future. However, the lack of adequate vehicle charging infrastructure has become a major barrier to increasing the adoption of electric vehicles. This measure ensures that more parking facilities will be able to accommodate electric vehicle charging stations.

Your Committee notes that the Department of Taxation requested in its testimony that the new surcharge be effective no earlier than January 1, 2022, to give the Department sufficient time to implement the necessary administrative changes. Your Committee further notes that the ceiling of the Public Utilities Commission Special Fund should be adjusted to allow for the expenditures provided by this measure.

Your Committee has amended this measure by:

- (1) Deleting provisions relating to requirements for filing a short period annual return;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1142, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1142, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Matayoshi, Matsumoto). Noes, 1 (Tokioka). Excused, none.

SCRep. 193 Energy & Environmental Protection on H.B. No. 550

The purpose of this measure is to:

- (1) Require and establish deadlines for state facilities, except smaller facilities and facilities at Aloha Stadium, to implement cost-effective energy efficiency measures;
- (2) Direct the Hawaii State Energy Office to collect and make publicly available utility bill and energy usage data for state-owned buildings;
- (3) Provide that certain agencies that perform energy efficiency retrofitting may continue to receive appropriations for energy expenditures at an amount that accounts for any costs or debt service for the implementation and management of energy efficiency measures; and
- (4) Beginning July 1, 2021, require, where feasible and cost-effective, the design of all new state building construction to maximize energy and water efficiency, maximize energy generation potential, and use building materials that reduce the carbon footprint of the project.

Your Committee received testimony in support of this measure from the Climate Protectors of Hawaii, Ulu pono Initiative, Blue Planet Foundation, Hawai'i Energy, International Brotherhood of Electrical Workers Local 1260, and one individual. Your Committee received comments on this measure from the Department of Accounting and General Services, Department of Education, Hawaii State Energy Office, and Johnson Controls, Inc.

Your Committee finds that with the budget deficit the State is currently facing, it is imperative for all state departments to control their energy usage and lower their utility bills. This measure would prioritize energy efficiency as the first and most cost-effective step in smart energy management and generates new jobs in the energy sector at a time when they are badly needed.

Your Committee has amended this measure by:

- (1) Including findings relating to the functions of the Hawaii State Energy Office;
- (2) Deleting provisions that would have specified the simple payback period;
- (3) Amending the definitions of "cost-effective energy efficiency measure" and "energy efficiency measure";
- (4) Inserting language that establishes a goal for the State to achieve at least a twenty-five percent reduction in the electricity consumption of state facilities;
- (5) Allowing costs for maintenance of energy efficiency measures by agencies that perform energy efficiency retrofitting to be covered by budget appropriations;
- (6) Specifying that the design requirements for all new state building construction shall begin on July 1, 2022;
- (7) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 550, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 550, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 194 Energy & Environmental Protection on H.B. No. 1319

The purpose of this measure is to:

- (1) Establish a refundable tax credit to mitigate the effect of a carbon emissions tax on taxpayers; and
- (2) Amend the Environmental Response, Energy, and Food Security Tax to address carbon emissions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Climate Change Mitigation and Adaptation Commission; Americans for Democratic Action Hawai'i; Faith Action for Community Equity; Imua Alliance; Ulu pono Initiative; Hawaii Island Chapter, Citizens' Climate Lobby; Faith Action Environmental Justice Task Force; Climate Protectors Coalition; Human Environmental Impacts Committee of the Environmental Caucus of the Democratic Party of Hawai'i; Foresight/Policy Analysis; Blue Planet Foundation; and numerous individuals. Your Committee received testimony in opposition to this measure from the Chamber of Commerce Hawaii, Hawaii Food Industry Association, Hawaii Transportation Association, Retail Merchants of Hawaii, and three individuals. Your Committee received comments on this measure from the Department of Taxation, Department of the Attorney General, Hawaii State Energy Office, Tax Foundation of Hawaii, Life of the Land, Hawaii Automobile Dealers' Association, and Sierra Club of Hawai'i.

Your Committee finds that climate change is the most critical issue confronting the State. Putting a price on pollution, while giving revenues back to low- and moderate-income residents, will accelerate Hawaii's transition to a clean energy and transportation future without placing a burden on Hawaii's working families.

Your Committee has amended this measure by:

- (1) Blanking the amounts specified for the tax credit to mitigate the effect of a carbon emissions tax;
- (2) Blanking the amounts specified for the Environmental Response, Energy, and Food Security Tax to address carbon emissions;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1319, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1319, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Matayoshi, Perruso, Tokioka, Matsumoto). Noes, none. Excused, none.

SCRep. 195 Energy & Environmental Protection on H.B. No. 1350

The purpose of this measure is to require and appropriate funds for the Environmental Council, in consultation with the Department of Health, Department of Land and Natural Resources, University of Hawaii, and relevant stakeholders, to establish an interactive statewide tool for assessing and mapping environmental justice communities in the State.

Your Committee received testimony in support of this measure from the EcoTipping Points Project, 350Hawaii, Sierra Club of Hawai'i, and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Environmental Quality Control.

Your Committee finds that every Hawaii resident deserves and has a right to clean air, drinking water, and a safe community. This measure will help oppressed communities experience the benefits of a healthy and sustainable future through an innovative mapping tool.

Your Committee has amended this measure by:

- (1) Designating the Office of Planning, instead of the Environmental Council, to establish a statewide tool to identify economic justice communities;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1350, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1350, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 196 Energy & Environmental Protection on H.B. No. 410

The purpose of this measure is to require and appropriate funds for eighth grade and twelfth grade students in Hawaii public schools and University of Hawaii undergraduate students to plant trees.

Your Committee received testimony in support of this measure from the Faith Action Environmental Justice Task Force, Kupu, and two individuals. Your Committee received comments on this measure from the Department of the Attorney General, University of Hawai'i System, Department of Education, Department of Land and Natural Resources, and Trees for Honolulu's Future.

Your Committee finds that pursuing educational programs and projects that promote environmental protection, biodiversity, and climate change mitigation helps youth to cultivate socially responsible and conscious citizenry. This measure ensures the protection and restoration of Hawaii's environment and natural resources, while developing students into environmentally conscious adults.

Your Committee has amended this measure by:

- (1) Deleting language that would have required and appropriated funds for eighth grade and twelfth grade students in Hawaii public schools and University of Hawaii undergraduate students to plant trees;
- (2) Inserting language that requires and appropriates funds for the Department of Education to establish a pilot program where students can receive graduation credit for planting trees;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 410, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 410, H.D. 1, and be referred to your Committees on Education and Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 197 Energy & Environmental Protection on H.B. No. 856

The purpose of this measure is to:

- (1) Broaden the definition of "food waste" as used in integrated solid waste management;
- (2) Exclude certain facilities designed primarily for composting organic material from the requirement that waste or disposal facilities shall not be constructed, modified, or expanded without first establishing a buffer zone of no less than one-half mile from the nearest residential, school, or hospital property line; and
- (3) Establish a class of artisan-scale composting operations exempt from Department of Health regulations to divert organic materials from Hawaii's landfills.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i, Climate Protectors Coalition, West Maui Green Cycle, Zero Waste Maui, and four individuals. Your Committee received comments on this measure from the Department of Health, Hawai'i Farm Bureau, and one individual.

Your Committee finds that the State's integrated solid waste management goals are to reduce the solid waste stream prior to disposal through source reduction, recycling, and bioconversion. This measure furthers the State's waste management goals and ensures progress toward managing the State's waste by addressing the urgent need to expand the State's capacity for capturing and processing the organic waste its residents and visitors generate.

Your Committee has amended this measure by:

- (1) Inserting findings that clarify the purpose of this measure;
- (2) Deleting language that would have broadened the definition of "food waste";
- (3) Inserting language that prohibits federal agencies from constructing, operating, modifying, expanding, or closing a municipal solid waste landfill unit without first obtaining a permit;

- (4) Clarifying that composting facilities are excluded from buffer zone requirements, including deleting the definitions for "recycling drop-off facility" and "waste or disposal facility";
- (5) Deleting findings relating to the use of composted organics;
- (6) Clarifying the provisions of the Artisan-scale Composting Program, including establishing disclosure requirements and acceptable waste rules and specifying the definition for "artisan-scale composting operation";
- (7) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 856, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 856, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Tokioaka). Noes, none. Excused, none.

SCRep. 198 Energy & Environmental Protection on H.B. No. 1349

The purpose of this measure is to:

- (1) Require the Department of Health to:
 - (A) Establish a multi-tiered registration and permitting system for all classes of solid waste composting facilities; and
 - (B) Update its co-composting rules by January 1, 2023, and every ten years thereafter; and
- (2) Permit composting and co-composting operations in agricultural districts.

Your Committee received testimony in support of this measure from the Office of Economic Development of the County of Kauaʻi, Climate Protectors Coalition, Zero Waste Oahu, and four individuals. Your Committee received testimony in opposition to this measure from the Department of Health. Your Committee received comments on this measure from the Department of Agriculture, Land Use Commission, and Hawaiʻi Farm Bureau.

Your Committee finds that landfills in the State are rapidly reaching capacity and facing the burden of closure and re-siting, a process that will be costly to the counties and create community resentment. Clarifying the composting and co-composting regulations will greatly increase the number of operators diverting organics from landfills and incinerators, which will aid the State and counties in reaching their sustainability, resilience, and fiscal goals.

Your Committee has amended this measure by:

- (1) Clarifying certain findings relating to composting;
- (2) Deleting language that would have required the Department of Health to establish a multi-tiered registration and permitting system for all classes of solid waste composting facilities;
- (3) Deleting language that would have required the Department of Health to update its co-composting rules by January 1, 2023, and every ten years thereafter;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1349, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1349, H.D. 1, and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 199 Agriculture on H.B. No. 1323

The purpose of this measure is to establish a regulatory structure for the establishment of common interest agricultural communities on lands classified as agricultural by using the Uniform Common Interest Ownership Act, which is the template for Hawaii's condominium law.

Your Committee received testimony in support of this measure from Aloun Farms and two individuals. Your Committee received comments on this measure from the Department of Agriculture, Office of Planning, and Associa.

Your Committee finds that this measure promotes the development of agriculture in Hawaii and finds a balance in the law to distinguish agricultural communities from residential condominium developments.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1323, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1323, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 200 Transportation on H.B. No. 824

The purpose of this measure is to require carriers to file reports with the applicable county liquor commission or county liquor control adjudication board on a monthly basis.

Your Committee received testimony in support of this measure from the Hawaii Liquor Wholesalers Association. Your Committee received comments on this measure from the Matson Navigation Company, Inc.

Your Committee finds that a number of out-of-state manufacturers and retailers ship wine to residents without holding the proper direct wine shipper permits. These shippers evade payment of the general excise tax required by businesses that hold direct wine shipper permits. This measure will enable county liquor commissions and liquor control adjudication boards to monitor the amount of liquor that is shipped into the State and determine whether the shipper has complied with permitting requirements, thereby ensuring that the State can collect necessary tax revenue.

Your Committee has amended this measure by:

- (1) Specifying that the monthly report of shipments is submitted to the liquor commission or liquor control adjudication board of each county, rather than just the county in which the delivery is made;
- (2) Changing the preservation requirement for the reports from four years to three years;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 824, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 824, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 201 Transportation on H.B. No. 333

The purpose of this measure is to establish rules, regulations, and procedures for peer-to-peer car sharing.

Your Committee received testimony in support of this measure from the Department of Transportation, Enterprise Holdings, Turo Inc., TechNet, Internet Association, Avail, and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice. Your Committee received comments on this measure from the Department of Taxation, Insurance Division of the Department of Commerce and Consumer Affairs, Office of Consumer Protection of the Department of Commerce and Consumer Affairs, Tax Foundation of Hawaii, and one individual.

Your Committee finds that peer-to-peer car-sharing programs provide an alternative form of transportation for persons who do not own a car, nor wish to use public transportation. Peer-to-peer car-sharing has the potential to reduce traffic congestion and greenhouse gas emissions by encouraging individuals to share access to cars rather than owning one themselves. However, currently, peer-to-peer car-sharing lacks certain protections for the car owner and drivers. This measure will allow consumers to take full advantage of peer-to-peer car-sharing programs with assurances that certain safeguards are in place.

Your Committee notes that existing law authorizes the Airport Division of the Department of Transportation to establish policies and rules governing use and access to the airports' premises. As such, peer-to-peer car-sharing programs will be subject to these rules when operating at the airport.

Your Committee recognizes the testimony of the Office of Consumer Protection regarding various consumer protection concerns. Therefore, your Committee requests that should your Committee on Consumer Protection & Commerce hear this measure, that they work with the Office of Consumer Protection to address these concerns.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 333, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 333, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 202 Transportation on H.B. No. 485

The purpose of this measure is to increase the rental motor vehicle surcharge tax from \$5 to \$8 beginning January 1, 2023.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from the Avis Budget Group and Enterprise Holdings. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that rental motor vehicles make up a large proportion of public highway users, causing wear and tear on the State's roads. Your Committee believes that as the proportion of rental motor vehicles increases on the State's roadways, there must be an equal financial increase to offset the damage done to the State's roads. This measure will provide safer infrastructure enhancements for all users of the State's roads by increasing the amount of the rental motor vehicle surcharge.

Your Committee has amended this measure by:

- (1) Changing the rental motor vehicle surcharge tax to a blank amount; and
- (2) Changing its effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 485, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 485, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 203 Transportation on H.B. No. 598

The purpose of this measure is to:

- (1) Establish the offense of unlawful shipment of tobacco products;

- (2) Include electronic smoking devices and substances used in electronic smoking devices within the definition of "tobacco products", as used in the cigarette tax and tobacco tax law;
- (3) Increase the license fee for persons engaged as a wholesaler or dealer of cigarettes and tobacco products;
- (4) Increase the retail tobacco permit fee for retailers engaged in the retail sale of cigarettes and tobacco products;
- (5) Fund health education and prevention programs concerning the risks and dangers of the use of electronic smoking devices for youth; and
- (6) Repeal various statutory provisions relating to electronic smoking devices.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Dental Association, Hawaii Substance Abuse Coalition, Friends of Kamalani and Lydgate Park, Blue Zones Project, Hawai'i Public Health Institute, Cancer Action Network, Hawaii State Teachers Association, AlohaCare, American Heart Association, The Man Cave, and eighteen individuals. Your Committee received testimony in opposition to this measure from the American Vaping Association, Americans for Tax Reform, VOLCANO Vape Shops, Retail Merchants of Hawaii, Hawaii Smokers Alliance, Vapor Bar Inc., and numerous individuals. Your Committee received comments on this measure from the Department of Taxation, Department of the Attorney General, Tax Foundation of Hawaii, Hawaii Food Industry Association, and Hawaii Primary Care Association.

Your Committee finds that the use of electronic smoking devices has been increasing exponentially and electronic cigarette use is especially popular among youth in Hawaii. While the use of electronic cigarettes by youths has risen nationally, use in Hawaii by youths is even higher. Your Committee further finds that the rapid growth of the electronic smoking device industry necessitates further regulation to protect consumers. Your Committee believes that certain measures must be taken to deter the use of electronic smoking devices, especially by the youth.

Your Committee has amended this measure by:

- (1) Removing the definition of "tobacco products" that would have taxed electronic smoking devices and substances used in electronic smoking devices for purposes of the cigarette tax and tobacco tax law;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 598, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 598, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 204 Economic Development on H.B. No. 1314

The purpose of this measure is to:

- (1) Authorize each county to levy a county surcharge on transient accommodations tax if the county satisfies certain real property tax requirements;
- (2) Repeal the allocation of transient accommodations tax revenue to the counties and make conforming amendments;
- (3) Establish a Residential Property Owner Tax Credit and a Residential Circuit Breaker Tax Credit; and
- (4) Beginning with taxable years after December 31, 2021, gradually implement new individual income tax and corporation income tax brackets and rates in three-year intervals.

Your Committee received testimony in opposition to this measure from the Mayor of the County of Maui, Mayor of the County of Kaua'i, Kohala Coast Resort Association, Maui Chamber of Commerce, and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that the current property tax structure caters to non-residents and burdens local residents, which places a financial burden on local residents who own real property and use it as their principal residence, particularly the senior population and first-time home buyers. By restructuring the transient accommodations tax and eliminating income tax for Hawaii residents over time, this measure would help lessen the financial burden of the State and its residents, improve the cost of living, and increase the housing supply for residents.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1314, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1314, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Okimoto). Excused, none.

SCRep. 205 Economic Development on H.B. No. 286

The purpose of this measure is to:

- (1) Require a real estate investment trust to notify the Department of Taxation of its presence within the State and to report certain tax information; and
- (2) Impose a daily monetary fine for noncompliance.

Your Committee received testimony in support of this measure from Faith Action for Community Equity, International Longshore & Warehouse Union Local 142, Hawaii State Teachers Association, Imua Alliance, Democratic Party of Hawai'i Education Caucus, Faith Action, LGBT Caucus of the Democratic Party of Hawaii, Trinity United Methodist Church, Hawai'i Alliance for Progressive Action, Young Progressives Demanding Action, and numerous individuals. Your Committee received testimony in opposition to this measure from Park Hotels & Resorts, Inc.; and Securities Industry Association of Hawaii. Your Committee received comments on this measure from the Department of Taxation, NAIOP Hawaii, Douglas Emmett, Tax Foundation of Hawaii, Nareit Hawaii, and Alexander & Baldwin.

Your Committee finds that real estate investment trusts play a significant role in Hawaii's economy and the State would benefit from the accurate collection of data about their economic activities. As Hawaii faces major budget shortfalls this year and several years to come, it is imperative that all corporations provide accurate reporting of their assets and revenues generated.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Taxation may require a real estate investment trust to notify the Department of the trust's presence within the State and report the assets and revenues generated annually;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 286, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 286, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 206 Economic Development on H.B. No. 1048

The purpose of this measure is to make various technical amendments to chapters 243, 244D, and 245, Hawaii Revised Statutes, under the jurisdiction of the Department of Taxation.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that it is necessary to amend and repeal various provisions of title 14 of the Hawaii Revised Statutes for the purposes of correcting errors and references, clarifying language, or deleting obsolete or unnecessary provisions. This measure adds clarity to the law and allows for more effective administration of the State's tax laws by the Department of Taxation.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1048, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1048, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 207 Economic Development on H.B. No. 1208

The purpose of this measure is to propose an amendment to the Hawaii State Constitution to repeal the exclusive power of the counties as to the functions, powers, and duties relating to the taxation of real property and authorize the State to also exercise those functions, powers, and duties.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association and one individual. Your Committee received testimony in opposition to this measure from the Mayor of the County of Maui, Mayor of the County of Kaua'i, Chamber of Commerce Hawaii, Hawai'i Association of REALTORS, Rental By Owner Awareness Association, Maui Chamber of Commerce, and one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that Hawaii has one of the highest income tax rates and the lowest real property tax rates in the nation. These tax strategies result in a disproportionate amount of the overall tax burden being placed on the residential workforce, who in turn effectively subsidize non-residents' real estate investments in Hawaii. This measure provides the State with authority to exercise the functions, powers, and duties of real property taxation for greater flexibility and control of its taxation policies.

Your Committee has amended this measure by:

- (1) Inserting the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1208, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1208, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Okimoto). Excused, none.

SCRep. 208 Economic Development on H.B. No. 1209

The purpose of this measure is to require the Department of Taxation, by January 1, 2026, to suspend and refund certain income tax amounts received or withheld, upon the enactment of a state law specifying for the levy and assessment of real property taxes.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that more non-residents are investing in Hawaii real estate due to the low property tax rates imposed by the counties. This measure gives the State the authority to determine real property taxes, which would provide the State with greater flexibility and control in its taxation of residents and non-residents.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and

- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1209, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1209, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Okimoto). Excused, none.

SCRep. 209 Transportation/Housing on H.B. No. 1130

The purpose of this measure is to:

- (1) Require the Office of Planning to hire a contractor to, among other things, identify and assess alternative financing, project delivery, and cost recovery mechanisms to recapture the State's upfront investment in transit-oriented development infrastructure;
- (2) Require the contractor to consult with representatives of certain government entities;
- (3) Require the Office of Planning to report to the Legislature on its findings and recommendations; and
- (4) Appropriate funds.

Your Committees received testimony in support of this measure from the Office of Planning and one individual.

Your Committees find that transit-oriented development will play a key role in solving the lack of affordable housing in the State. However, your Committees note that there are barriers to the timely delivery of public infrastructure. Infrastructure deficits are one of the biggest barriers to achieving transit-oriented development statewide. This measure will maximize the use of value capture mechanisms to help offset the significant upfront costs of public infrastructure investment, thereby overcoming these barriers to provide transit-oriented development in the State.

Your Committees have amended this measure by:

- (1) Deleting the general fund appropriation and instead authorizing the Director of Finance to issue general obligation bonds in an unspecified amount;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

While your Committees have inserted a blank general obligation bond amount, the original amount to be appropriated out of the general revenues for this measure was \$300,000. As this measure proceeds through the legislative process, your Committees ask that the original appropriation amount be taken into consideration.

As affirmed by the records of votes of the members of your Committees on Transportation and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1130, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1130, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 8. Noes, none. Excused, none.

Housing: Ayes, 8. Noes, none. Excused, none.

SCRep. 210 Pandemic & Disaster Preparedness on H.B. No. 503

The purpose of this measure is to:

- (1) Authorize boards to hold a remote meeting by interactive conference technology without being required to allow the public to join at nonpublic locations;
- (2) Establish new notice requirements as well as requirements for the conduct of remote meetings;
- (3) Authorize boards to require members of the public attending a meeting to provide their names and contact information and abide by certain rules when the Governor has declared a state of emergency for a contagious illness;
- (4) Authorize in-person meetings at multiple public meeting sites connected by interactive conference technology, under certain circumstances; and
- (5) Allow for additional courtesy sites open to the public for remote and in-person meetings held by interactive conference technology.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Public Housing Authority, Land Use Commission, Office of Information Practices, Hawai'i Civil Rights Commission, Office of the Board of Regents of the University of Hawai'i, one member of the Maui County Council, League of Women Voters, Common Cause Hawaii, All Hawaii News, The Civil Beat Law Center for the Public Interest, National Federation of the Blind of Hawaii, Big Island Press Club, Society of Professional Journalists Hawaii Chapter, and eleven individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and one individual.

Your Committee finds that the COVID-19 pandemic forced the implementation of emergency measures that suspended certain requirements of Hawaii's Sunshine Law in order to allow boards to continue meeting and conducting necessary business, while protecting participants' health and safety and expanding access to public meetings throughout the State. In lieu of traditional in-person meetings, remote meetings connected people in different physical locations through the use of interactive conference technology and thus safely enabled and expanded public participation by people from different islands or parts of the islands when many would not otherwise be able to leave their work, homes, or schools to participate in a traditional in-person meeting.

Your Committee further finds that when the Governor's emergency orders are eventually lifted, amendments to the Sunshine Law are needed to allow boards to continue to remotely conduct public meetings, while retaining the option to conduct in-person meetings, either at a single location or multiple locations, and providing public access standards appropriate for remote meetings in normal, nonemergency times.

Your Committee received testimony regarding the requirement that a quorum of board members be visible in a remote meeting and whether that requirement should be eliminated or expanded to all board members and staff. Your Committee finds that the requirement of a quorum of board members to be visible is a reasonable compromise. Your Committee received clarifying testimony from the Office of Information Practices that if a quorum of board members is visible but a board member has to turn off their video for a few minutes, quorum will not be lost due to the brief absence of a board member from the room. It is your Committee's intent that the new visibility requirement be applied in a reasonable manner by the Office of Information Practices, similar to when a board member leaves the room for a bathroom break.

Your Committee recognizes the importance of ensuring that Hawaii's government follows the accessibility standards required by state and federal law and is supportive of technology that provides accessibility for individuals with disabilities. Your Committee finds that this measure aims to strike an appropriate

balance between public access and the use of technology to conduct board business without being overly burdensome, including during a state of emergency. However, your Committee notes that currently it is unclear as to which authority is responsible for enforcing state and federal disability laws. Therefore, your Committee requests that should your Committee on Judiciary & Hawaiian Affairs hear this measure, that they look at which state agency should be responsible for enforcing state and federal disability laws for purposes of remote meetings.

Your Committee has amended this measure by:

- (1) Clarifying that a location that is open to the public may include public libraries;
- (2) Requiring information posted electronically to conform to the standards for accessible electronic information and information technology set forth by federal laws;
- (3) Expanding the definition of "interactive conference technology" to require accessibility by individuals with disabilities;
- (4) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 503, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 503, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 211 Pandemic & Disaster Preparedness on H.B. No. 540

The purpose of this measure is to make a health care provider who acts in good faith during an emergency immune from civil or criminal liability if they adhere to crisis standards of care.

Your Committee received testimony in support of this measure from the Hawai'i State Center for Nursing, Hawaii Primary Care Association, The Queen's Health Systems, and three individuals. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice and one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that concerns were raised during the hearing regarding the broadness of the language in this measure and that it may have unintended effects on certain at-risk populations who may not have the ability to defend themselves from bad actors. Therefore, your Committee requests that should your Committee on Judiciary & Hawaiian Affairs hear this measure, that it take into consideration the concerns raised regarding the broadness of the immunity provided to healthcare providers by this measure.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 540, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 540, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (McKelvey). Noes, 1 (Ward). Excused, none.

SCRep. 212 Pandemic & Disaster Preparedness/Health, Human Services, & Homelessness on H.B. No. 472

The purpose of this measure is to:

- (1) Exempt telehealth-related gifts from procurement requirements; and
- (2) Make permanent certain telehealth-related exemptions for licensed health professions issued by recent gubernatorial proclamations.

Your Committees received testimony in support of this measure from the Kokua Kalihi Valley; Hawaii Primary Care Association; Waianae Coast Comprehensive Health Center; Hawai'i Psychological Association; Bay Clinic Inc.; Lāna'i Community Health Center; and one individual. Your Committees received testimony in opposition to this measure from the Hawaii Association of Health Plans and Hawaii Association of Professional Nurses. Your Committees received comments on this measure from the Department of Health, Department of Human Services, Hawai'i State Center for Nursing, Hawaii Medical Service Association, and The Queen's Health Systems.

Your Committees find that the coronavirus disease 2019 (COVID-19) pandemic has drastically altered how people access health care services. The ability of being able to access healthcare from the safety of your own home has gained popularity due to COVID-19 concerns. Telehealth has significantly expanded over the course of this pandemic to better accommodate patients and ensure their safety. Your Committees further find that Act 157, Session Laws of Hawaii 2014, included advanced practice registered nurses in telehealth practice advancements. As such, your Committees believe that advanced practice registered nurses practicing telehealth should be allowed to issue or distribute a written prescription for a controlled substance when not physically in the State.

Your Committees note the concern raised in testimony regarding the State's ability to determine telephone contact as a form of telehealth due to existing federal rules set forth regarding Medicare and Medicaid.

Accordingly, your Committees have amended this measure by:

- (1) Codifying the authorization of advanced practice registered nurses to use telehealth to assist a patient, including those advanced practice registered nurses who are not licensed in the State, under certain conditions;
- (2) Providing that advanced practice registered nurses are not prohibited from issuing or distributing a written prescription or issuing an oral prescription for a controlled substance when not physically in the State;
- (3) Specifying that reimbursement for services provided through telehealth does not include services provided through standard phone contacts;
- (4) Inserting a purpose section;
- (5) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Health, Human Services, & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 472, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 472, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 9. Noes, none. Excused, none.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, 1 (Gates).

SCRep. 213 Pandemic & Disaster Preparedness/Labor & Tourism on H.B. No. 1286

The purpose of this measure is to:

- (1) Exempt any person from post-arrival mandatory self-quarantine if the person receives a negative test result prior to arrival;
- (2) Authorize the Department of Health to establish conditions for exemptions;
- (3) Require certain COVID-19 tests for travelers who do not have a test result upon arrival; and
- (4) Require any person who receives a positive test post-arrival to be responsible for all costs associated with their mandatory self-quarantine.

Your Committees received testimony in support of this measure from the Hawaii Medical Service Association, Kohala Coast, Grande's Gems and Gallery, Hawaii Food Industry Association, Chamber of Commerce Hawaii, Rental By Owners Awareness Association, Hawai'i Lodging and Tourism Association, Airlines for America, Napili Kai Beach Resort, Four Seasons Resort Maui at Wailea, Roberts Hawaii, Springboard Hospitality, Hawai'i Food and Wine Festival, Prince Waikiki, Mauna Kea Resort, Sheraton Kauai Resort, Waikiki Resort Hotel, TS Restaurants, Waikiki Improvement Association, Courtyard by Marriot Oahu, Maui Seaside Hotel, Waikoloa Beach Marriott Resort and Ocean Club, Embassy Suites, and numerous individuals. Your Committees received testimony in opposition to this measure from the Anaina Hou Community Park and numerous individuals. Your Committees received comments on this measure from the Department of Health, Hawaii Emergency Management Agency, Hawai'i Tourism Authority, and three individuals.

Your Committees find that in an attempt to reduce the spread of the SARS-Cov-2 virus, the State of Hawaii implemented the nation's first post-arrival mandatory self-quarantine. This drastically reduced the number of positive cases in the State, leading Hawaii to having one of the lowest positivity rates in the nation. However, as a result of the lockdown, Hawaii went from having the lowest unemployment rate in the country to one of the highest. While the lockdown succeeded in reducing COVID-19 cases in the State, the economic impact on the State is unprecedented.

Your Committees further find that in order to begin stimulating the economy, the Safe Travels Program was implemented to allow an individual who could provide a negative COVID-19 test from a trusted testing partner to bypass the mandatory self-quarantine. Currently, under the direction of the Governor, each county is authorized to establish their own rules regarding the Safe Travels Program, or even opt out of the program completely. This has caused discrepancies in mandatory self-quarantine rules between each county, creating confusion and difficulties for residents and visitors. Your Committees believe that a key step in bringing the State back to its pre-2020 economic status is establishing a uniform law regarding mandatory self-quarantine rules and requirements.

Your Committees have amended this measure by:

- (1) Based on the recommendation provided by the Department of Health, clarifying that the Incident Commander, instead of the Department of Health, will establish conditions when a person is automatically exempt from the mandatory self-quarantine;
- (2) Specifying that any person who does not obtain a negative test result prior to arrival in the State will be responsible for all costs associated with that person's mandatory self-quarantine and isolation;
- (3) Replacing the Department of Health with the State Safe Travels Program as the entity responsible for approving an acceptable COVID-19 test for purposes of the program;
- (4) Inserting a purpose section;
- (5) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Labor & Tourism that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1286, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1286, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 8; Ayes with Reservations (McKelvey, Ward). Noes, 1 (Wildberger). Excused, none.

Labor & Tourism: Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 214 Pandemic & Disaster Preparedness on H.B. No. 572

The purpose of this measure is to:

- (1) Specify that the Hawaii Emergency Management Agency is administratively attached, rather than established within, the Department of Defense; and
- (2) Require the Governor, rather than the Director of the Hawaii Emergency Management Agency, to appoint the Administrator of Emergency Management.

Your Committee received testimony in support of this measure from the Hawaii Emergency Management Agency.

Your Committee finds that under existing law, the Administrator of Emergency Management is appointed by the Director of the Hawaii Emergency Management Agency, who is the Adjutant General. Your Committee believes that given the importance of the responsibility of the Administrator of Emergency Management and their role in protecting the State and its residents, the Governor is the more appropriate appointing authority, rather than the Director of the Hawaii Emergency Management Agency.

Your Committee has amended this measure by:

- (1) Making the Administrator of Emergency Management the Director of the Hawaii Emergency Management Agency instead of the Adjutant General and making conforming amendments;
- (2) Specifying that the Administrator of Emergency Management shall report directly to the Governor;
- (3) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 572, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 572, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Woodson).

SCRep. 215 Corrections, Military, & Veterans on H.B. No. 796

The purpose of this measure is to update the reporting requirements of the Department of Public Safety when employees and inmates die at correctional facilities and community correctional centers, including:

- (1) Requiring race and ancestry of the decedent to be included in the report;
- (2) Requiring the report to cite to any authority relied upon by the Department of Public Safety in determining that information to be included in the report is protected from disclosure by state or federal law; and
- (3) Making a copy of the report public and readily available to the decedent's family and press upon the Governor's receipt of the report.

Your Committee received testimony in support of this measure from the Office of the Public Defender, one member of the Kauai County Council, Community Alliance on Prisons, Kokua Kalihi Valley, and twelve individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that the added reporting requirements in this measure increase transparency, accountability, and accessibility of information to the decedent's family and the public. However, your Committee finds that whether an inmate's death was caused by an injury sustained while incarcerated may take additional time to resolve. Your Committee also notes that ancestry may be difficult to ascertain and that delays in notification of the decedent's family can sometimes occur because of outdated contact information.

Accordingly, your Committee has amended this measure by:

- (1) Removing language requiring the report to contain a finding of whether the inmate's death was caused by an injury sustained by the inmate while incarcerated;
- (2) Removing the decedent's ancestry from the reporting requirements;
- (3) Changing the timing for the Director of Public Safety to make the report public and readily available to the decedent's family and the press from the date upon which the Governor receives the report to the date the Director receives the medical examiner's report; and
- (4) Changing the effective date to July 1, 3050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 796, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 796, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Branco, McDermott). Noes, none. Excused, 1 (Kong).

SCRep. 216 Culture, Arts, & International Affairs on H.B. No. 840

The purpose of this measure is to recognize American Sign Language as a fully developed, autonomous, natural language with its own grammar, syntax, vocabulary, and cultural heritage.

Your Committee received testimony in support of this measure from the Hawaii Civil Rights Commission, Disability and Communication Access Board, and four individuals.

Your Committee finds that although the State recognizes American Sign Language as a world language for public school purposes, further measures are needed to advance the understanding and acknowledgement that American Sign Language is a unique language and not merely signed English.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2065, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 840, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 840, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ward).

SCRep. 217 Culture, Arts, & International Affairs on H.B. No. 678

The purpose of this measure is to:

- (1) Establish Lā Kū'oko'a, Hawaiian Recognition Day, as an official state holiday; and
- (2) Remove Election Day as an official state holiday.

Your Committee received testimony in support of this measure from Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and five individuals. Your Committee received comments on this measure from Common Cause Hawaii.

Your Committee finds that Lā Kū'oko'a was originally established in 1847 by King Kamehameha III to recognize and celebrate Hawaii's recognition as an emerging power by the global powers of the time. Your Committee further finds that Lā Kū'oko'a was celebrated as a national holiday by the Provisional Government of Hawaii, the Republic of Hawaii, and through the initial years of the Territory of Hawaii.

Your Committee has amended this measure by:

- (1) Reinstating Election Day as an official state holiday;

- (2) Changing the effective date to July 1, 2065, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 678, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 678, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 218 Culture, Arts, & International Affairs on H.B. No. 623

The purpose of this measure is to appropriate federal funds to support the Bernice Pauahi Bishop Museum, designated as the State of Hawaii Museum of Natural and Cultural History.

Your Committee received testimony in support of this measure from the Historic Hawaii Foundation, Bishop Museum, and one individual.

Your Committee finds that creating a vehicle to allow the Bernice Pauahi Bishop Museum to accept and expend federal funds is critical to ensure the museum's collections of Hawaiian and oceanic cultural, historical, and biological artifacts are properly preserved, protected, and maintained.

Your Committee has amended this measure by:

- (1) Changing the fiscal year for the appropriation to allow the Bernice Pauahi Bishop Museum to expend funds in the current fiscal year, should such funding become available; and
- (2) Changing the effective date to July 1, 2065, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 623, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 623, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (LoPresti, Ward).

SCRep. 219 Culture, Arts, & International Affairs on H.B. No. 625

The purpose of this measure is to:

- (1) Extend the date on which the Temporary Commission on the Thirteenth Festival of Pacific Arts shall cease to exist to August 31, 2025; and
- (2) Permit members of the Commission to discuss matters relating to official board business without regard to public noticing and Sunshine Law requirements.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development and Tourism; Hawaii Tourism Authority; Hawaii Lodging & Tourism Association; and one individual. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that the global COVID-19 pandemic requires postponing the Thirteenth Festival of Pacific Arts, which was originally scheduled for June 2020. Your Committee further finds that because of the necessary public health measures taken to combat COVID-19, allowing Commission members to meet and discuss matters relating to official board without regard to public noticing and Sunshine Law requirements will enable the members to faithfully perform their duties.

Your Committee notes the concerns raised by the Office of Information Practices that this measure does not provide specific situations that would fall outside of existing Sunshine Law exemptions and would allow the Temporary Commission on the Thirteenth Festival of Pacific Arts (Commission) to provide public notice, hear public testimony, and keep minutes on meetings only when and to the extent the Commission wished to.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2065, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 625, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 625, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 220 Culture, Arts, & International Affairs on H.B. No. 755

The purpose of this measure is to exclude buildings developed by the Department of Hawaiian Home Lands for residential use by beneficiaries from the general requirement to transfer one per cent of capital improvement appropriations for the construction or renovation of State buildings be transferred to the Works of Art Special Fund.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Hawaii Contemporary. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from State Foundation on Culture and Arts.

Your Committee finds that approximately 28,000 adult Native Hawaiians are currently waiting for residential, farming, or ranching homesteads from the Department of Hawaiian Home Lands. Your Committee further finds that clearing the backlog of beneficiaries may take up to one hundred and ten years. Your Committee believes that excluding buildings developed by the Department of Hawaiian Home Lands for residential use by beneficiaries of the Hawaiian Homes Commission Act, 1920, as amended, from the general requirement that one per cent of capital improvement appropriations for state buildings be transferred to the Works of Art Special Fund will meaningfully increase the development of residential buildings by the Department.

Your Committee has amended this measure by changing the effective date to July 1, 2065, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 755, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 755, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (LoPresti). Noes, none. Excused, 1 (Ward).

SCRep. 221 Culture, Arts, & International Affairs on H.B. No. 1358

The purpose of this measure is to:

- (1) Clarify that the State Historic Preservation Program includes developing informational material about protections for burials, historic sites, and archaeological resources and providing consultation to counties and public and private agencies involved in historic preservation and development;
- (2) Amend the composition and duties of the Hawaii Historic Places Review Board; and
- (3) Increase civil and administrative fines and make violators liable for costs associated with mitigation or restoration measures for certain violations of historic and preservation requirements.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that additional clarification on the duties of the State Historic Preservation Program and increased civil and administrative penalties are needed to emphasize the vulnerability and importance of Native Hawaiian historic properties and Objects and to protect and preserve cultural and historic sites in Hawaii that may be disturbed or destroyed as the result of a development project.

Your Committee has amended this measure by:

- (1) Removing language requiring the State Historic Preservation Division provide consultation to counties and public and private agencies involved in historic preservation activities;
- (2) Removing language adding an additional member to the Hawaii Historic Places Review Board and altering the duties of the Hawaii Historic Places Review Board;
- (3) Making consultation with the Office of Hawaiian Affairs on determinations of loss or damage to pre-contact historic property permissive, rather than required;
- (4) Changing the effective date to July 1, 2065, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1358, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1358, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Har). Noes, none. Excused, 2 (LoPresti, Ward).

SCRep. 222 Culture, Arts, & International Affairs on H.B. No. 1357

The purpose of this measure is to require that the official stationary and website used to designate certain state officials include a Hawaiian translation of the office or department's name.

Your Committee received testimony in support of this measure from the Hawaii Civil Rights Commission and three individuals.

Your Committee finds that as one of the official languages of the State, the Hawaiian language should be prominently featured in the communications of certain state officials in recognition of its importance to the people of Hawaii.

Your Committee notes that the first written versions of Hawaiian did not include 'okinas and kahakōs due to the high literary rates in Hawaiian. In addition, your Committee notes that some Native Hawaiian speakers still utilize written Hawaiian without the use of 'okinas and kahakōs and there is sometimes a difference of opinion in the community about the correct and accurate use of 'okinas and kahakōs. Accordingly, your Committee does not intend for this measure to set or establish a standard use or non-use of 'okinas and kahakōs in written Hawaiian.

Your Committee has amended this measure by:

- (1) Clarifying that this measure is not intended to establish a uniform or standard usage of 'okina, kahakō, or other diacritical or orthographic marks;
- (2) Changing the effective date to July 1, 2065, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1357, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1357, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ward).

SCRep. 223 Water & Land on H.B. No. 1348

The purpose of this measure is to ensure the responsible development of the Stadium Development District by:

- (1) Revising the membership and development guidance policies for the Stadium Authority;
- (2) Clarifying the roles between the Stadium Authority and Hawaii Community Development Authority;
- (3) Authorizing the Stadium Authority to hold title to real property;
- (4) Establishing a Stadium Development Special Fund;
- (5) Exempting land to which the Stadium Authority holds title from the definition of "public land"; and

(6) Amending the general bond authorization enabled through Act 268, Session Laws of Hawaii 2019.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Stadium Authority, Chamber of Commerce Hawaii, Hawaii Laborers and Employers Cooperation and Education Trust Fund, Pacific Resource Partnership, Hawaii Operating Engineers Industry Stabilization Fund, Hawai'i Construction Alliance, Operative Plasterers' and Cement Masons' International Association Local 630, Hawaii Laborers' Union Local 368, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Hawaii Community Development Authority, University of Hawai'i System, and League of Women Voters of Hawaii.

Your Committee finds that effective development of the Stadium Development District is crucial to the State, however, further clarification of the roles and collaboration between the Stadium Authority and the Hawaii Community Development Authority in the district is necessary as this measure progresses.

Your Committee has amended this measure by:

- (1) Clarifying that the Stadium Authority has the power to construct within the Stadium Development District;
- (2) Removing the provisions that exempted the Stadium Authority from the public notice, public hearing, and gubernatorial approval requirements in establishing or amending fees or charges to be deposited into the Stadium Development Special Fund;
- (3) Specifying that the Stadium Authority shall enter into a memorandum of agreement with the Hawaii Community Development Authority regarding the implementation responsibilities of the respective agencies;
- (4) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1348, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1348, H.D. 1, and be referred to your Committees on Consumer Protection & Commerce and Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 224 Water & Land on H.B. No. 1014

The purpose of this measure is to authorize the Board of Land and Natural Resources to amend and extend existing pasture leases and to issue new pasture leases by negotiation in furtherance of public purposes that are the Department of Land and Natural Resources' responsibility to promote, subject to certain provisions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Conservation Council for Hawai'i, and one individual. Your Committee received comments on this measure from the Department of Agriculture; Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; Kapapala Ranch; Hawaii Farm Bureau; and one individual.

Your Committee finds that under existing law, the Department of Land and Natural Resources is permitted to transfer agricultural lands to the Department of Agriculture. However, pasture lands are not classified the same as agricultural lands and are a critical part of the Department of Land and Natural Resources forest protection and hunting and recreation initiatives. Your Committee further finds that extending and amending the pasture leases will allow for greater resource protection and enhancement. Your Committee acknowledges the long-standing concerns of lessees of pasture lands and the important role these lessees play not only in food production and agriculture, but in conservation and land stewardship as well. As such, your Committee finds that an additional framework may be necessary to ensure the State can support conservation and responsible land use, as well as agricultural food production.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language which gives preference to the Department of Land and Natural Resources to use lands that were initially transferred to the Department of Agriculture for productive agricultural use, only if certain conditions the Department of Land and Natural Resources are met prior to the use of the land;
- (2) Requiring the establishment of a third-party committee in cases that the management of parcels are disputed to:
 - (A) Assess the resource values according to certain criteria prior to the disposition or transfer of any disputed land; and
 - (B) Submit findings to the Board of Land and Natural Resources and Board of Agriculture for review and consideration before approval of any disposition or transfer of disputed land;
- (3) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1014, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1014, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 225 Water & Land on H.B. No. 1280

The purpose of this measure is to transfer operational authority over the makai research pier located at the southeast corner of Oahu from the University of Hawaii to the Natural Energy Laboratory of Hawaii Authority and authorize and appropriate funds to upgrade the makai research pier.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; University of Hawai'i System; Makai Ocean Engineering, Inc.; and Sea Engineering, Inc. Your Committee received comments on this measure from the Natural Energy Laboratory of Hawaii Authority.

Your Committee finds that this measure would allow the makai research pier to remain operational and allow the pier's tenants to continue to grow and provide high-paying, rewarding jobs for local residents, as well as provide the State with firms that are leaders in the marine industry.

Your Committee has amended this measure by:

- (1) Providing that the terms of any leases of tenants of the makai research pier located at the southeast corner of Oahu near Makapuu point in effect on the effective date of this measure will remain in full force and effect;

- (2) Changing the amount of the general obligation bonds to a blank amount;
- (3) Making the appropriation for fiscal biennium 2021-2023 rather than fiscal year 2021-2022;
- (4) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

Your Committee notes that \$5,000,000 in general obligation bonds was authorized to be issued by this measure as introduced. Your Committee also requests that the University of Hawaii and Natural Energy Laboratory of Hawaii seek the consent of the Board of Land and Natural Resources regarding the transfer of operational authority of the research pier.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1280, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1280, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 226 Health, Human Services, & Homelessness on H.B. No. 104

The purpose of this measure is to define "swimming pool" for the purposes of administrative rule making by the Department of Health.

Your Committee received testimony in support of this measure from Imanaka Asato LLC, five individuals, and a petition with numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Health.

Your Committee finds that clarifying that "swimming pools" as impervious, artificial bodies of water for swimming, diving, or recreational bathing or therapy will reduce confusion over oversight by the Department of Health over recreational bodies of water.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 104, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 104, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 227 Health, Human Services, & Homelessness on H.B. No. 285

The purpose of this measure is to:

- (1) Prohibit health insurance companies and mutual benefit societies from denying coverage for certain types of treatment on the basis of gender identity if the policy covers those treatments for purposes other than gender transition; and
- (2) Require health insurance companies and mutual benefit societies to provide applicants and insured persons with clear information on the coverage of gender transition services, including the process for appealing a claim denied on the basis of medical necessity.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii Civil Rights Commission, Malama I Ke Ola Haele Center, LGBT Caucus of the Democratic Party of Hawaii, HHRC, Kuaana Project, Pride at Work, AF3IRM Hawaii, Planned Parenthood Votes Northwest and Hawaii, Lavender Clinic, and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Medical Service Association and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Kaiser Permanente Hawaii.

Your Committee finds that health insurance policies often cover gender-conforming treatments, such as feminizing or masculinizing hormone therapies, for other purposes, but deny coverage of these therapies when sought by transgender persons for the purposes of gender affirmation. Your Committee further finds that clarifying the State's anti-discrimination laws regarding health insurance policies will add additional safeguards for transgender individuals.

However, your Committee has heard the concerns raised in testimony that this measure may include a new mandated health insurance requirement. New mandated benefits may increase costs for policyholders, and as such, it is important to first request a report from the Office of the Auditor to assess the additional cost of any proposed mandate, which may be subject to defrayal.

Your Committee has amended this measure by:

- (1) Replacing its contents with provisions that require the Auditor to conduct an impact assessment report pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes, on the social and financial impacts of prohibiting health insurance companies from denying coverage on the basis of gender identity if the policy covers the treatment for purposes other than gender transition;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 285, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 285, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 228 Health, Human Services, & Homelessness on H.B. No. 302

The purpose of this measure is to:

- (1) Authorize advanced practice registered nurses to certify whether a person is totally disabled for purposes of the income tax code;
- (2) Authorize advanced practice registered nurses to make capacity determinations for the purposes of advance mental health care directives; and
- (3) Add advanced practice registered nurses as primary providers in advance mental health care directives.

Your Committee received testimony in support of this measure from The Queen's Health Systems, Hawaii – American Nurses Association, Hawaii Association of Professional Nurses, Hawaii Psychological Association, Hawaii State Center for Nursing, and three individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Taxation and Board of Nursing.

Your Committee finds that currently advanced practice registered nurses are permitted to practice to the full scope of their authorized practice, including practicing as primary care providers. Your Committee further finds certain sections of state law do not include advanced practice registered nurses within the scope of primary care providers for the purposes of disability determinations under the state income tax code or for advance mental health care directives. Your Committee believes that amending state law to be in conformity with the current scope of practice for advanced practice registered nurses is in the public's best interest.

Your Committee has amended this measure by:

- (1) Clarifying that mental health capacity determinations may be made by an advanced practice registered nurse who holds an accredited national certification in an advanced practice registered nurse psychiatric specialization;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 302, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 302, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 229 Health, Human Services, & Homelessness on H.B. No. 227

The purpose of this measure is to:

- (1) Clarify the group of professionals who are prohibited from knowingly referring or transferring patients to an uncertified or unlicensed care facility;
- (2) Repeal the provision that a landlord, under specified conditions, shall not be deemed to be providing home care services or operating a care facility that requires a license; and
- (3) Require the Department of Health to prioritize complaint allegations based on severity for investigations of state-licensed or state-certified care facilities.

Your Committee received testimony in support of this measure from the Department of Health, Alliance of Professional Primary Care Administrators, Adult Foster Homecare Association of Hawaii, and nine individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the prevalence of unlicensed care homes and facilities in the State continues to pose significant health and consumer protection issues for Hawaii's elderly and vulnerable populations. Licensed care home operators and other persons are still referring or transferring patients to unlicensed care homes and facilities, unbeknownst to the patient. This illegal practice has cost some patients thousands of dollars due to denied insurance reimbursements and endangers patients' health and safety since unlicensed care homes and facilities do not have to follow required health and consumer protection regulations. Your Committee further finds that enforcement activities require long and arduous hours from the State and are a critical component of the State's regulatory efforts to ensure the health, safety, and welfare of Hawaii's kupuna.

Your Committee has amended this measure by:

- (1) Clarifying that the prohibition on the knowing transfer or referral of patients to uncertified or unlicensed care facilities applies to persons, corporations, or other entities in the health care or human services community; and
- (2) Changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 227, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 227, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 230 Health, Human Services, & Homelessness on H.B. No. 188

The purpose of this measure is to establish the conditions and time limits for placing a child in room confinement in a detention or shelter facility.

Your Committee received testimony in support of this measure from the Judiciary, Office of the Public Defender, Hawaii Disability Rights Center, and American Civil Liberties Union of Hawaii.

Your Committee finds that Congress passed the First Step Act in 2018, which prohibits facilities that confine youth in federal custody from using room confinement as punishment and permits such confinement only when youth behavior poses a risk of physical harm that cannot be otherwise de-escalated. In addition to Congress, the United States Department of Justice, and prominent national professional organizations have taken strong positions against the isolation of youth. This measure ensures the basic safety and protection of the State's youth by establishing statutory limits on room confinement at detention and shelter facilities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 188, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 188, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 231 Health, Human Services, & Homelessness on H.B. No. 722

The purpose of this measure is to:

- (1) Establish a statewide coordinator and program within the Department of the Attorney General to address the needs of victims of human trafficking;
- (2) Require the Department of the Attorney General to provide reports to the Legislature on the State's efforts to address human trafficking and the commercial sexual exploitation of children; and
- (3) Require the Children's Justice Program to coordinate the investigation and case management of child human trafficking cases, including cases involving the sexual exploitation of children.

Your Committee received testimony in support of this measure from the Judiciary, Department of the Attorney General, Office of the Public Defender, Harm Reduction Hawaii, Imua Alliance, and four individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that over the past decade, the Department of Human Services has received an increasing number of calls on its hotline from witnesses or victims of child sex trafficking. Your Committee further finds that due to the covert nature of child sex trafficking, it is difficult to accurately measure the scope of the problem in the State.

Your Committee has amended this measure by:

- (1) Removing the statewide coordinator position;
- (2) Requiring an annual report to the Legislature by the Department of the Attorney General on the State's efforts to address human trafficking and the commercial sexual exploitation of children;
- (3) Clarifying the definition of "human trafficking";
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 722, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 722, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 232 Health, Human Services, & Homelessness on H.B. No. 1106

The purpose of this measure is to require all health care and wellness service providers to submit health information to a health information exchange, to be operated and maintained by a state designated entity, for the purposes of facilitating the use and movement of health information among organizations.

Your Committee received testimony in support of this measure from Hawaii Medical Service Association, Hawaii Health Information Exchange, Hawaii Data Collaborative, Hawaii Primary Care Association, and Cancer Center of Hawaii. Your Committee received comments on this measure from the Department of the Attorney General, Department of Human Services, The Queen's Health Systems, Healthcare Association of Hawaii, and Hawaii Pacific Health.

Your Committee finds that the ability to securely and efficiently exchange patient health information electronically has become vitally important to improve health outcomes for Hawaii's patients, reduce health care costs, and connect the State's health care providers. Your Committee further finds that requiring health care and wellness service providers to submit health information to a health information exchange will ensure that providers have complete and accurate medical records for their patients.

Your Committee has amended this measure by:

- (1) Specifying that the Governor is responsible for designating the entity responsible for developing and maintaining the health information exchange;
- (2) Clarifying the specific provisions of federal law with which the transmission of medical records must comply;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1106, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1106, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 233 Health, Human Services, & Homelessness on H.B. No. 1284

The purpose of this measure is to:

- (1) Reorganize the administrative structure of the Department of Human Services; and
- (2) Require the Department of Human Services to submit a report to the Legislature prior to the Regular Session of 2022 proposing any additional legislation required to complete the reorganization.

Your Committee received testimony in opposition to this measure from the Department of Human Services.

Your Committee finds that assessing the efficacy of programs and reorganizing is necessary to operate a large department such as the Department of Human Services and to also modernize its service delivery. However, your Committee has heard the concerns raised by the Department of Human Services in its testimony before your Committee that this measure, as introduced, would have significant repercussions on the Department's ability to meet the needs of the nearly one-third of Hawaii residents who rely on one or more benefits and services delivered by the Department.

Your Committee notes that the Department of Human Services has several ongoing reorganizations and has completed several reorganizations over the last decade.

Your Committee has amended this measure by:

- (1) Removing the substantive language of the measure and inserting language that:
 - (A) Requires health insurance providers who provide health benefits plans funded by the Hawaii Employer-Union Health Benefits Trust Fund or the State Medicaid agency and providers providing Medicare Advantage health benefits to submit administrative data to the Health Analytics Program in the Department of Human Services; and
 - (B) Authorizes the Health Analytics Program to develop and update an annual plan for the analysis, maintenance, and publication of collected all-claims, all-payer data;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1284, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1284, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
 Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 234 Health, Human Services, & Homelessness on H.B. No. 1282

The purpose of this measure is to:

- (1) Begin the transfer of the Oahu Regional Health Care System in its entirety from the Hawaii Health Systems Corporation to the Department of Health;
- (2) Enable the Oahu Regional Health Care System, Department of Health, and Hawaii Health Systems Corporation and other state agencies to manage and implement the processes required to effectuate the completion of the transition;
- (3) Require the Department of Health to consult with the University of Hawaii regarding services provided at Leahi Hospital and Maluhia and allow University of Hawaii students to rotate through those facilities for training purposes;
- (4) Authorize the Department of Health to pay rent to the University of Hawaii for the use of the Leahi Hospital property;
- (5) Appropriate funds from the Mental Health and Substance Abuse Special Fund to operate Leahi Hospital and Maluhia; and
- (6) Authorize the issuance of general obligation bonds for improvements at Leahi Hospital and Maluhia.

Your Committee received testimony in support of this measure from the Department of Health, University of Hawaii System, Hawaii Health Systems Corporation Oahu Region, Hawaii Health and Harm Reduction Center, and The Queen's Health Systems. Your Committee received comments on this measure from the Department of the Attorney General and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the Oahu Regional Health Care System (Oahu Region) care facilities operate mostly autonomously and are unique from those of other regional health care systems in the Hawaii Health Systems Corporation, in that they operate more as a necessary social service than as a corporate health care business. Your Committee further finds that effecting a transfer of the Oahu Region from the Hawaii Health Systems Corporation to the Department of Health will ensure the continued availability of long-term care beds for the State's aging population and facilitate more efficient use of the facilities at Leahi Hospital and Maluhia, including helping alleviate the need for subacute residential mental health stabilization and other subacute care services.

Your Committee has amended this measure by:

- (1) Clarifying that real property transferred during any transition of a Hawaii Health Systems Regional System to a new entity shall transition in its then-existing state, whether in lease, fee, or otherwise, to an executive department;
- (2) Clarifying the rights, powers, and exemptions of:
 - (A) The Oahu Region during the transition period beginning on July 1, 2021, until the completion of the transition to the Department of Health; and
 - (B) The Department of Health, via the Inpatient Services Division, once the Oahu Region transfers from the Hawaii Health Systems Corporation to the Department;
- (3) Specifying that no planned substantial reduction or elimination of direct patient care services at Leahi Hospital and Maluhia shall be undertaken unless certain requirements are met;
- (4) Specifying that the transition working group may begin transferring positions and class specifications from the Oahu Region into the Department of Health on June 30, 2021, and requiring all Oahu Region employees employed as of this date to be transferred to the Department before the transition is complete;
- (5) Clarifying that the Oahu Region Board of Directors, through its Chair, shall transition the Oahu Region into the Department of Health;
- (6) Authorizing the Inpatient Services Division of the Department of Health to develop internal policies for the procurement of goods and services for a two-year period following the completion of the Oahu Region transition;
- (7) Amending the composition of the transition working group and clarifying the transfer framework the working group must develop;
- (8) Changing the effective date to July 1, 2060, to encourage further discussion, and specifying that Part II of the measure, which statutorily removes the Oahu Region from the Hawaii Health Systems Corporation, shall take effect July 1, 2023; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1282, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1282, H.D. 1, and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.
 Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Gates).

SCRep. 235 Health, Human Services, & Homelessness on H.B. No. 345

The purpose of this measure is to require the court to appoint, at the time that an Assisted Community Treatment Program petition is filed, a guardian ad litem to represent the best interests of the individual who is subject to the petition throughout the pendency of the judicial proceedings.

Your Committee received testimony in support of this measure from Hawaii Substance Abuse Coalition, Ohana Health Plan, Hope Services Hawaii, and two individuals. Your Committee received comments on this measure from the Department of the Attorney General, Department of Health, Office of the Public Defender, Judiciary, and Hawaii Disability Rights Center.

Your Committee finds that requiring the appointment of a guardian ad litem to represent a person who is the subject of an Assisted Community Treatment Program petition will decrease delays in the implementation of Assisted Community Treatment Programs, while ensuring that persons who might be absent or otherwise unable to meaningfully participate in the proceedings have a representative available who will act in that person's best interest.

Your Committee has amended this measure by:

- (1) Restoring existing statutory language that requires a public defender or other court-appointed counsel to represent the subject of an Assisted Community Treatment Program petition upon the filing of the petition;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 345, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 345, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 236 Housing/Water & Land on H.B. No. 260

The purpose of this measure is to allow the counties to reclassify lands that are fifteen to one hundred acres in certain rural, urban, and agricultural districts in which at least fifty per cent of the housing units on the land to be classified are set aside for persons and families with incomes at or below one hundred forty per cent of the area median income.

Your Committees received testimony in support of this measure from the Mayor of the County of Maui, one member of the Maui County Council, Building Industry Association of Hawaii, Hawai'i Association of REALTORS, Maui Chamber of Commerce, and one individual. Your Committees received testimony in opposition to this measure from the Office of Hawaiian Affairs, Sierra Club of Hawai'i, and Hawai'i Farm Bureau. Your Committees received comments on this measure from the Department of Agriculture, Office of Planning, and Land Use Commission.

Your Committees find that enabling the counties to reclassify certain rural, urban, and agricultural lands for affordable housing development provides opportunities to address the dire demand for affordable housing in the State. Your Committees are aware of competing land use needs for development purposes other than housing and so believe it is therefore appropriate to insert provisions in this measure that ensure a nexus between the reclassification of rural, urban, and agricultural lands and the development of affordable housing.

Your Committees have amended this measure by:

- (1) Establishing enforcement and penalties for violations related to Land Use Commission district boundary amendments;
- (2) Authorizing the counties to reclassify lands that are:
 - (A) Fifty acres in certain rural, urban, and agricultural districts in which fifty percent of the housing units on the lands to be classified are set aside for persons and families with incomes at or below one hundred forty percent of the area median income; and
 - (B) Seventy-five acres in certain rural, urban, and agricultural districts in which one hundred percent of the housing units on the lands to be classified are set aside for persons and families with incomes at or below one hundred forty percent of the area median income;
- (3) Requiring any county reclassification of lands of fifty acres or seventy-five acres to be consistent with county general plans and community development plans;
- (4) Specifying the soil classification for reclassified lands in the agricultural district that are not designated as important agricultural lands;
- (5) Prohibiting the parceling of lands for development related to the fifty-acre or seventy-five acre reclassification of lands;
- (6) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees request the Office of Hawaiian Affairs and the Land Use Commission to provide suggestions on how to train and better educate county planning departments to increase the vigor of their county analysis regarding customary and traditional practices and statewide agricultural issues.

As affirmed by the records of votes of the members of your Committees on Housing and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 260, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 260, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 6. Noes, 1 (DeCoite). Excused, 1 (McDermott).

Water & Land: Ayes, 7; Ayes with Reservations (Ganaden, B. Kobayashi, Kong). Noes, none. Excused, 1 (McDermott).

SCRep. 237 Consumer Protection & Commerce on H.B. No. 891

The purpose of this measure is to implement a regulatory framework for electric guns, similar to the regulatory framework for firearms.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, and Hawai'i Police Department. Your Committee received testimony in opposition to this measure from the Honolulu Police Department, Hawaii Firearms Coalition, and numerous individuals. Your Committee received comments on this measure from Hawaii Food Products.

Your Committee finds that the Supreme Court of the United States cast doubt on the constitutionality of prohibitions on electric guns in Caetano v. Massachusetts, 136 S. Ct. 1027 (2016). Your Committee further notes that there is a pending case in the United States District Court for the District of Hawaii, Roberts v. Ballard, 18-00125 HG-KSC, which is seeking to invalidate Hawaii's prohibition on electric guns. If the plaintiff in Roberts is successful, the invalidation will leave no safeguards for the sale, distribution, and possession of electric guns in the State. This measure seeks to proactively regulate electric guns before any litigation determines that the prohibition is unconstitutional and invalid.

Your Committee further notes that the regulatory approach proposed in this measure would impose requirements on electric guns similar to those that currently exist for firearms. Your Committee acknowledges that discussions should continue to determine whether this approach is appropriate for these types of devices.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 891, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 891, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Har, Matsumoto). Noes, 1 (Kong). Excused, none.

SCRep. 238 Consumer Protection & Commerce on H.B. No. 446

The purpose of this measure is to:

- (1) Establish the felony offense of theft of a catalytic converter;
- (2) Prohibit persons licensed to purchase or sell used motor vehicle parts or accessories or licensed to wreck, salvage, or dismantle motor vehicles from accepting parts or accessories or a motor vehicle if the seller does not furnish certain information and require licensees to report such attempt to sell to the police; and
- (3) Increase the minimum and maximum allowable fine for violations of the law relating to used motor vehicle parts and accessories.

Your Committee received testimony in support of this measure from Poi Dogs and Popoki, AAA Hawaii, National Insurance Crime Bureau, GEICO, Roberts Hawaii, and five individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that locally and nationally the theft of catalytic converters is a new and rapidly growing problem. The costs to a consumer to replace a catalytic converter may be in excess of \$1,000. This measure deters the theft of catalytic converters by imposing a higher criminal penalty on the theft and by establishing additional requirements on persons licensed to sell or purchase used motor vehicle parts or accessories or licensed to wreck, salvage, or dismantle motor vehicles.

Your Committee further finds that catalytic converters may be sold as scrap metal for purposes of extracting the metals within, as opposed to being sold as used motor vehicle parts for purposes of resale as a used motor vehicle part. At the same public hearing in which this measure was heard and considered, your Committee heard H.B. No. 117 (Regular Session of 2021), which requires scrap dealers to follow the same requirements on transactions involving catalytic converters and catalytic converter metals as those imposed on transactions involving copper. The approaches taken in this measure and H.B. No. 117 complement each other and, jointly, provide a robust deterrence to the growing problem of catalytic converter theft.

Your Committee has amended this measure by:

- (1) Inserting the contents of H.B. No. 117, a measure that regulates the purchase of catalytic converters and catalytic converter metals by scrap dealers by:
 - (A) Requiring a written statement, photograph of the catalytic converter or catalytic converter metals, and verification of a seller's identification prior to a scrap dealer's purchase of a catalytic converter or catalytic converter metals; and
 - (B) Specifying recordkeeping requirements for the sale of a catalytic converter or catalytic converter metals;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 446, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 446, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 239 Consumer Protection & Commerce on H.B. No. 60

The purpose of this measure is to reclassify or abolish certain funds consistent with the Auditor's recommendations as reported in *Review of Special Funds, Revolving Funds, Trust Funds, and Trust Accounts of the Department of Commerce and Consumer Affairs (Report No. 20-18)*.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Tax Foundation of Hawaii, Hawaiian Electric Company, and State Farm Insurance Company.

Your Committee notes that testimony disagreed with the Auditor over the reclassification of the Insurance Commissioner's Education and Training Fund from a trust fund to a special fund. Testimony notes that the funds in the Commissioner's Education and Training Fund provide benefits to a discrete class of persons by providing essential training to employees in the Insurance Division of the Department of Commerce and Consumer Affairs.

Your Committee has amended this measure by:

- (1) Deleting the reclassification of the Insurance Commissioner's Education and Training Fund;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that by abolishing the Electrical Vehicle Charging System Rebate Program Special Fund, the Public Utilities Commission will need funding in excess of the existing ceiling on the Public Utilities Commission Special Fund to accomplish the purpose of the Electrical Vehicle Charging System Rebate Program. Should your Committee on Finance consider this measure, your Committee requests that it consider \$400,000 as an appropriate amount of an increase to accomplish the purpose of the Program.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 60, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 60, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 240 Consumer Protection & Commerce on H.B. No. 65

The purpose of this measure is to require a tax clearance before the issuance or renewal of a professional or vocational license under the jurisdiction of the Department of Commerce and Consumer Affairs.

Your Committee received testimony in support of this measure from the Department of Taxation and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Tax Foundation of Hawaii.

Your Committee finds that ensuring persons are complying with the State's tax laws is more critical now than ever as the State faces an unprecedented budget deficit due to the COVID-19 pandemic. However, your Committee notes that there are a substantial number of professional and vocational licensees in the State and processing all of their tax clearances must be accomplished in an efficient manner.

Your Committee has amended this measure by:

- (1) Clarifying that a tax clearance certificate may be issued if the applicant or licensee is in compliance with all applicable tax laws, rather than if the applicant or licensee is not subject to income tax;
- (2) Requiring the Departments of Taxation and Commerce and Consumer Affairs to jointly implement a procedure or system to efficiently process and issue clearance requests and responses;
- (3) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 65, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 65, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 241 Consumer Protection & Commerce on H.B. No. 296

The purpose of this measure is to:

- (1) Restrict the use of leaf blowers in special improvement districts to a limited time of day when operating leaf blowers within a residential zone or near a residence; and
- (2) Limit the permitted noise level for the operation of a leaf blower within such limited time to sixty decibels.

Your Committee received testimony in support of this measure from six individuals.

Your Committee notes that, according to the Centers for Disease Control and Prevention, normal human conversations occur at a noise level of sixty decibels and typical leaf blowers emit noise at a level of eighty decibels. Your Committee finds that limiting the noise emitted from leaf blowers to sixty decibels effectively prohibits their operation.

Your Committee has amended this measure by:

- (1) Limiting the restrictions on the use of a leaf blower to only the Waikiki Special Improvement District, rather than all special improvement districts;
- (2) Extending the time period in which a leaf blower may be operated within a residential zone or within one hundred feet of a residence to 5:00 p.m., rather than 4:00 p.m.;
- (3) Amending the maximum noise level for leaf blowers from sixty decibels to eighty decibels;
- (4) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 296, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 296, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 242 Consumer Protection & Commerce on H.B. No. 1245

The purpose of this measure is to establish an expeditious adjudication system for processing fireworks infractions, similar to the system for processing traffic infractions.

Your Committee received testimony in support of this measure from the State Fire Council, Honolulu Fire Department, and two individuals. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that the enforcement of the Fireworks Control Law is wanting. Your Committee further finds that enforcement is necessary to protect property from avoidable fire damage and protect persons from fire and explosion-related injuries, respiratory distress caused by the air pollution, and retraumatizing persons with the loud explosions.

To promote compliance with the Fireworks Control Law, your Committee also finds that alternative enforcement mechanisms should be considered, such as the expeditious adjudication system for processing traffic infractions. Such a system would allow the Judiciary to expediently process violations of the Fireworks Control Law and reserve its resources for cases that require more attention.

Your Committee has amended this measure by:

- (1) Inserting a preamble;
- (2) Inserting an appropriation for an unspecified amount for the Judiciary to update the Judiciary Information Management System as needed to implement the adjudications process proposed by this measure;
- (3) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the Judiciary submitted testimony on this measure indicating that the estimated costs for upgrading the Judiciary Information Management System as necessary to implement the adjudications process proposed by this measure are \$40,000. As this measure proceeds through the legislative process, your Committee requests that consideration be given to this requested appropriation amount.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1245, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1245, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 243 Energy & Environmental Protection on H.B. No. 1140

The purpose of this measure is to:

- (1) Prohibit the issuance of certain new residential multi-family and commercial building application permits and new state building application permits initiated on or after January 1, 2022, unless the building's parking stalls are electric vehicle charger ready; and
- (2) Allow such buildings to implement an electric vehicle energy management system.

Your Committee received testimony in support of this measure from the Hawaii Electric Vehicle Association; KauaiEV; Mission Zero Hawaii; Big Island EV Association; Ulupono Initiative; Our Revolution Hawaii; 350Hawaii; Climate Protectors Coalition; Blue Planet Foundation; Hawaiian Electric Company, Inc.; Alliance for Automotive Innovation; Tesla, Inc.; and numerous individuals. Your Committee received testimony in opposition to this measure from the Building Owners and Managers Association. Your Committee received comments on this measure from the Hawaii State Energy Office and Building Industry Association of Hawaii.

Your Committee finds that while there is growing interest in electric vehicles among Hawaii residents, the lack of adequate vehicle charging infrastructure presents a key barrier to their acquisition. In addition, electric vehicle charger ready buildings in the public domain are essential for individuals who visit government buildings for public services. Requiring electric vehicle charging infrastructure will result in significant long-term savings and provide clean mobility solutions for Hawaii residents and visitors.

Your Committee has amended this measure by:

- (1) Specifying that the electric vehicle energy management system provides no less than 3.4 kilowatts of electricity to each parking stall;
- (2) Clarifying the definition of "electric vehicle charger ready";
- (3) Clarifying the definitions of "alternating current Level 2 charging station" and "direct current fast charging system";
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1140, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1140, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8; Ayes with Reservations (Tokioaka). Noes, none. Excused, none.

SCRep. 244 Energy & Environmental Protection on H.B. No. 557

The purpose of this measure is to require the Employees' Retirement System to reevaluate its investments in coal, oil, natural gas, oil or natural gas services, and pipeline companies and, over the next five years, divest of holdings in any companies that have a majority of its holdings invested in fossil fuels, rather than clean renewable energy sources.

Your Committee received testimony in support of this measure from Hawaii Interfaith Power and Light, Climate Protectors Coalition, Kauai Climate Action Coalition, Hawai'i Youth Climate Coalition, Our Revolution Hawaii, 350Hawaii, and numerous individuals. Your Committee received testimony in opposition to this measure from the Employees' Retirement System and one individual.

Your Committee finds that, given the severely adverse impacts of climate change, the State has a responsibility to take steps to avert and mitigate the climate crisis. Furthermore, the threat of climate change and transformation of the global energy system to mitigate the climate crisis will have a serious negative impact on investors whose assets are not aligned with fossil fuel reduction strategies. This measure ensures that the Employees' Retirement System reevaluates its investments in fossil fuel to align with the State's goal of one hundred percent renewable energy generation.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 557, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 557, H.D. 1, and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, 1 (Tokioaka). Excused, none.

SCRep. 245 Energy & Environmental Protection on H.B. No. 1316

The purpose of this measure is to:

- (1) Require producers of packaging waste to be responsible for the end-of-life management of their products in a way that ensures minimal social and environmental impacts;
- (2) Allow the Department of Health to administratively impose civil penalties; and
- (3) Establish the Waste and Litter Management Special Fund.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council; County of Maui Environmental Protection and Sustainability Division; Department of Environmental Services of the City and County of Honolulu; Surfrider Foundation, Hawai'i Region; Hawai'i Youth Climate Coalition; Our Revolution Hawaii; Hawaii Reef and Ocean Coalition; 350Hawaii; Zero Waste Big Island; Product Stewardship Institute; Sierra Club of Hawai'i; Take Flight Digital; Environmental Caucus of the Democratic Party of Hawai'i; and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Food Industry Association; Flexible Packaging Association; Hawai'i Restaurant Association; Association of Home Appliance Manufacturers; Chamber of Commerce Hawaii; Island Plastic Bags, Inc.; American Institute for Packaging and the Environment; Consumer Brands Association; Retail Merchants of Hawaii; American Cleaning Institute; Pacific Allied Products Ltd.; Consumer Healthcare Products Association; Sealed Air Corporation; and one individual. Your Committee received comments on this measure from the Department of Health and American Chemistry Council.

Your Committee finds that for Hawaii and many other states, most of the plastic collected for recycling is shipped to other countries for recycling or disposal, which often adds to the cost and leads to more of these materials ending up in landfills. This measure ensures that producers are responsible for the environmental and public health costs of their products by encouraging better design for products and systems that reduce waste at the source and promote the reuse of more waste materials.

Your Committee has amended this measure by deleting its contents and inserting language that:

- (1) Requires and appropriates funds for the Department of Health to conduct a study on the benefits and costs to implement extended producer responsibility in the State;
- (2) Beginning January 1, 2022, prohibits full-service restaurants from providing single-use plastic service ware to consumers unless requested by the consumer;
- (3) Beginning January 1, 2023, requires beverage manufacturers that offer for sale, sell, or distribute beverages in plastic beverage containers in the State to meet minimum postconsumer recycled content requirements; and
- (4) Inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1316, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1316, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 246 Energy & Environmental Protection/Transportation on H.B. No. 552

The purpose of this measure is to:

- (1) Establish clean ground transportation goals for state agencies on a staggered basis until achieving a complete inventory of clean state-owned, light-duty motor vehicles by December 31, 2035, and for all light-duty motor vehicles in the State by December 31, 2045;
- (2) Require the procurement policy for all agencies purchasing or leasing medium- and heavy-duty motor vehicles to seek vehicles that reduce dependence on petroleum-based fuels that meet the needs of the agency, where feasible and cost-effective; and
- (3) Require state and county agencies to purchase building materials that reduce the carbon footprint of the project for use on the construction of new roads, where feasible and cost-effective.

Your Committees received testimony in support of this measure from the Department of Transportation; Hawaii Electric Vehicle Association; Hawaiian Electric Company, Inc.; Ulupono Initiative; Imua Alliance; KauaiEV; Blue Planet Foundation; Climate Protectors Hawaii; Alliance for Automotive Innovation; and seven individuals. Your Committees received comments on this measure from the State Procurement Office, Hawaii State Energy Office, Hawaii Automobile Dealers' Association, and 350Hawaii.

Your Committees find that it is vital that the State begin transitioning away from imported fossil fuel-powered ground transportation and toward cleaner and more efficient transportation systems powered by renewable, local energy sources. An effective way to combat the State's reliance on imported fossil fuels is to transition to the use of electric vehicles, which are less expensive to operate on a per-mile basis than their gas-powered counterparts. This measure ensures that the State is progressing toward its goal of one hundred percent clean energy ground transportation.

Your Committees have amended this measure by:

- (1) Clarifying provisions relating to the State's goal for clean ground transportation by requiring that one hundred percent of state-owned, light-duty vehicles be powered by renewable energy sources by December 31, 2035;
- (2) Clarifying that the Department of Transportation, in collaboration with the Hawaii State Energy Office, shall develop strategies to transition all state-owned, light-duty motor vehicles to meet the clean ground transportation goal;
- (3) Specifying that all agencies, in their energy efficiency and environmental standards regarding motor vehicles and transportation fuel, promote efficient planning of charging station locations and day-time charging for electric vehicles and collect and maintain data relating to electric vehicle charger use;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Transportation that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 552, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 552, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, 1 (Tokioka).

Transportation: Ayes, 8. Noes, none. Excused, none.

SCRep. 247 Energy & Environmental Protection/Water & Land on H.B. No. 102

The purpose of this measure is to, beginning January 1, 2023, ban the sale, offer of sale, or distribution in the State of any sunscreen that contains avobenzone or octocrylene, or both, without a prescription issued by a licensed healthcare provider to preserve marine ecosystems.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Young Progressives Demanding Action Hawai'i Island; Hawaii Fishing & Boating Association; Surfrider Foundation, Maui Chapter; Surfrider Foundation, O'ahu Chapter; The Kohala Center; Lani & Kai; Mama Kuleana Reef Safe Sunscreen Company; Hawaii Reef and Ocean Coalition; Hawaii Coral Reef Stakeholders; Haereticus Environmental Laboratory; Napili Bay and Beach Foundation, Inc.; Chemists Without Borders; One Love Body Soul LLC; Suntegrity; Zero Waste Hale; Stream2Sea; Inland Ocean Coalition; Safe Sunscreen Council; and numerous individuals. Your Committees received testimony in opposition to this measure from the Hawaii Food Industry Association, Public Access to SunScreens Coalition, Personal Care Products Council, American Chemistry Council, Hawaii Skin Cancer Coalition, Consumer Healthcare Products Association, Retail Merchants of Hawaii, and five individuals. Your Committees received comments on this measure from the Department of Health, American Academy of Dermatology Association, and Hawaii Dermatological Society.

Your Committees find that despite the ban on the sale and distribution of sunscreen containing oxybenzone and octinoxate in the State beginning in 2021, many visitors to Hawaii may still be unaware of the harmful impacts of other chemicals that have significant harmful impacts on Hawaii's marine environment. This measure ensures that other harmful chemicals are included in the sunscreen ban to preserve the State's marine ecosystems, including coral reefs that protect Hawaii's shoreline.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 102, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 102, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, 1 (Tokioka).

Water & Land: Ayes, 6; Ayes with Reservations (B. Kobayashi, Kong, Morikawa). Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 248 Energy & Environmental Protection/Water & Land on H.B. No. 551

The purpose of this measure is to propose a constitutional amendment that guarantees individuals the right to a clean and healthy environment, including pure water, clean air, healthy ecosystems, and a stable climate, and to the preservation of the natural, cultural, scenic and healthful qualities of the environment.

Your Committees received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i; Kauai Climate Action Coalition; Hawai'i Youth Climate Coalition; Green Amendments for the Generations; Surfrider Foundation, O'ahu Chapter; Kūpuna for the Mo'opuna; Friends of Hanauma Bay; Imua Alliance; Hawaii Reef and Ocean Coalition; 350Hawaii; Sustainable Coastlines Hawai'i; Zero Waste Oahu; and numerous individuals. Your Committees received testimony in opposition to this measure from two individuals. Your Committees received comments on this measure from the Department of the Attorney General.

Your Committees find that clean water, clean air, a stable climate, and a healthy environment are critical for supporting the physical, mental, and economic health of the State's residents. The proposed constitutional amendment in this measure recognizes and protects the alienable rights of all people, including future generations, to clean water, clean air, a stable climate, and healthy environments and makes clear the State's duties to protect the environment for the benefit of the residents and future generations.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 551, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 551, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 7; Ayes with Reservations (Matayoshi). Noes, none. Excused, 1 (Tokioka).

Water & Land: Ayes, 5; Ayes with Reservations (B. Kobayashi, Morikawa). Noes, 1 (Kong). Excused, 2 (Ohno, McDermott).

SCRep. 249 Government Reform on H.B. No. 365

The purpose of this measure is to require nominees for the position of deputy director and deputy chair of each principal department to be subject to advice and consent of the Senate.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Requiring principal departments who have had a deputy director or deputy chair appointed with the advice and consent of the Senate to report to the Legislature prior to the Regular Session of 2026 on the effectiveness of the process to appoint that deputy director or deputy chair;
- (2) Inserting a sunset date of June 30, 2026;
- (3) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that concerns were raised in testimony on this measure, stating that this measure may hinder a department's ability to fill the position of deputy director or deputy chair with worthy and knowledgeable applicants and ultimately carry out its core duties. Due to these concerns, your Committee has accordingly amended this measure to insert a sunset date of June 30, 2026, which will allow time to evaluate the effectiveness of having a deputy director and deputy chair of a principal department appointed with the advice and consent of the Senate, in case these concerns come to fruition.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 365, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 365, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Ward).

SCRep. 250 Government Reform on H.B. No. 424

The purpose of this measure is to:

- (1) Require all state and county entities, when renting a vehicle on behalf of a state employee in the discharge of official government business, to rent electric or hybrid vehicles, in order of preference, subject to certain provisions; and
- (2) Require the State Procurement Office to promulgate rules and execute future contracts that prioritize the rental of electric vehicles.

Your Committee received testimony in support of this measure from the State Energy Office, Hawaiian Electric Company, and Climate Protectors Coalition. Your Committee received comments on this measure from the State Procurement Office and Hawaii Gas.

Your Committee finds that Hawaii currently has over one million gasoline-powered vehicles on its roads, which emit nearly five million metric tons of climate-changing carbon pollution annually. Some of these vehicles are used by government employees in the performance of their duties. Your Committee further finds that electric vehicles will play an important role in the State's clean energy future and meeting the goals set for Hawaii in reducing its greenhouse gas emissions. Your Committee believes that requiring state agencies to prioritize the rental of electric vehicles will put the agencies at the forefront of energy independence and greenhouse gas emissions reduction efforts.

Your Committee has amended this measure by:

- (1) Moving the preference for rental of electric vehicle or hybrid vehicles by government employees out of the Procurement Code and into section 196-9, Hawaii Revised Statutes, relating to energy efficiency and environmental standards for state facilities, motor vehicles, and transportation fuel, and making associated conforming amendments;
- (2) Limiting the preference for rental of electric vehicle or hybrid vehicles to state employees only, rather than state and county employees;
- (3) Removing language that required the State Procurement Office to adopt preferred contract terms with rental contractors to prioritize the rental of electric vehicles;
- (4) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 424, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 424, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Ward). Excused, 2 (Eli, Ichiyama).

SCRep. 251 Government Reform on H.B. No. 531

The purpose of this measure is to:

- (1) Require a state contract for the purchase of produce to include an option by a purchasing agency for the contractor supplying the produce to lease state agricultural land; and
- (2) Establish a process for the College of Tropical Agriculture and Human Resources of the University of Hawaii to identify appropriate land that may be leased to the contractor to grow the produce.

Your Committee received testimony in opposition to this measure from the Department of Agriculture and College of Tropical Agriculture and Human Resources of the University of Hawaii at Manoa. Your Committee received comments on this measure from the State Procurement Office and Hawaii Farm Bureau.

Your Committee finds that this measure will assist entities in finding appropriate farmland and will increase the production and use of locally grown agricultural produce.

Your Committee has amended this measure by:

- (1) Deleting its substantive contents relating to the leasing of state agricultural lands;
- (2) Requiring the Procurement Policy Board to adopt rules for criteria that will provide preference to small businesses for the use of state agricultural lands to promote the growth and development of small businesses;
- (3) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee requests your Committee on Agriculture, should it deliberate on this measure, to look at issues related to the language of this measure, as introduced, regarding the leasing of state agricultural land under the jurisdiction of the Department of Agriculture, including the potential for a contractor to lease a larger amount of state land than is necessary for the contractor to accomplish its production goals.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 531, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 531, H.D. 1, and be referred to your Committee on Agriculture.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 252 Government Reform on H.B. No. 1212

The purpose of this measure is to:

- (1) Establish the Office of Public-Private Partnership to reform state and county agencies with the use of best practices in contracting for public-private partnerships; and
- (2) Add design-build-operate-maintain and design-build-finance-operate-maintain project delivery methods to the State Procurement Code and related conditions and requirements.

Your Committee received testimony in support of this measure from the Office of Planning. Your Committee received comments on this measure from the Department of Accounting and General Services; State Procurement Office; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that a public-private partnership is a contractual agreement between a public agency and a private entity that allows for the public agency to retain ownership and substantial control but transfers responsibility to the private partner under a single contract. Your Committee further finds that public-private partnership projects will help the State in reforming certain capital improvement projects in a more cost-effective and efficient manner. Your Committee believes that the establishment of Office of Public-Private Partnership will help support state agencies in the use of best practices in contracting for public-private partnerships to deliver and finance public projects at a lower lifecycle cost and more diversified risk than traditional delivery processes.

Your Committee has amended this measure by:

- (1) Restricting the scope of the Office of Public-Private Partnership to support for state agencies, rather than state and county agencies;
- (2) Removing the requirement that the Office of Public-Private Partnership undertake the program relating to centralized engineering and office leasing services;
- (3) Adding a definition of "design-build-finance-maintain" and allowing the use of the design-build-finance-maintain project delivery method under the State Procurement Code and related conditions and requirements;
- (4) Clarifying that under the design-build-finance-operate-maintain project delivery method, no purchasing agency funds shall be appropriated to pay for any part of the services provided by the contractor during the contract period;
- (5) Clarifying that under the design-build-operate-maintain project delivery method, all or a portion of funds required to pay for the services provided by the contractor during the contract period are either appropriated by the purchasing agency prior to award of the contract or secured by the purchasing agency;
- (6) Clarifying the definition of "independent peer reviewer services" to mean additional architectural and engineering services provided to the purchasing agency in design-build-finance-maintain, design-build-operate-maintain, or design-build-finance-operate-maintain procurements;
- (7) Including under the definition of "infrastructure facility" certain vertical and horizontal public infrastructure that contribute to the network of essential facilities and systems that facilitate the economy and enhance the affected community's standard of living;
- (8) Amending the elements that are required to be included in each request for proposal to use the design-build, design-build-finance-maintain, design-build-operate-maintain, or design-build-finance-operate-maintain project delivery method;
- (9) Deleting the provision requiring additional forms of bid security for operations and maintenance services;
- (10) Clarifying that the funds appropriated may also be used to establish and fill an unspecified number of positions subordinate to the State Public-Private Coordinator; allowing for those positions to be added to the position count for the Department of Accounting and General Services; and exempting the positions from chapter 76, Hawaii Revised Statutes;
- (11) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (12) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee recognizes the concerns raised in testimony on this measure regarding the home rule authority of any affected county. Due to these concerns, your Committee has amended this measure to restrict the scope of the Office of Public-Private Partnership to state agencies only, thereby preserving the county home rule.

Your Committee further recognizes additional concerns raised in testimony that this measure may have unintended consequences that allow for the private operations of public institutions, including schools, prisons, hospitals, landfills, public roads, and airports. Your Committee respectfully requests your Committee on Consumer Protection & Commerce, should it deliberate on this measure, to examine further limiting the functions of the Office of Public-Private Partnership to address these concerns.

Your Committee also requests the Committee on Consumer Protection & Commerce to examine the proposed amendments of the State Procurement Office and Department of Accounting General Services, as provided in their testimonies, as some of the suggested amendments conflict.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1212, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1212, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ward).

SCRep. 253 Government Reform on H.B. No. 1325

The purpose of this measure is to:

- (1) Require public contractors to obtain insurance to cover at least half of a project's construction costs to the State to provide funds for curing construction defects discovered within five years after the completion of the contract; and
- (2) Authorize the State to institute an action against the contractor for the total costs of curing those defects.

Your Committee received testimony in opposition to this measure from the General Contractors Association of Hawaii. Your Committee received comments on this measure from the Department of Accounting and General Services and State Procurement Office.

Your Committee finds that this measure places an insurance requirement for public contractors that will cover at least half of a project's costs to the State and provide funds for curing construction defects, which will be advantageous and provide protection to the State to cure any construction defects discovered after the completion of the contract.

Your Committee has amended this measure by:

- (1) Requiring public contractors to have insurance for purposes of curing construction defects discovered within ten years, rather than five, after completion of the contract;
- (2) Authorizing the State to institute an action against a contractor for the total costs of curing defects to within ten years after the date of contract completion, rather than five years;
- (3) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1325, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1325, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 254 Government Reform on H.B. No. 376

The purpose of this measure is to allow purchasing agencies to use the second lowest bid method for procurement.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services and State Procurement Office.

Your Committee finds that the second lowest bid method of procurement may allow the procurement agency to reserve the right to reject the lowest bidder, should there be justification after reasonable and diligent inquiry and evaluation, to support the lowest bidder as nonresponsible and award the second lowest bidder, which would be in the best interest of the State.

Your Committee notes that the measure as introduced may be difficult to implement. Testimony received on this measure by your Committee recommended moving the process in this measure to the competitive sealed bidding process, which would be a tool for use in the final selection of awarding contracts.

Your Committee has amended this measure by:

- (1) Deleting language that established the second lowest bid method for procurement as a new section in the Public Procurement Code and instead, inserting language that amends the existing competitive sealed bidding process in the Public Procurement Code to allow purchasing agencies to award a contract to the second lowest responsible and responsive bidder in certain cases, as determined by the purchasing agency;
- (2) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee requests your Committee on Consumer Protection & Commerce, should it choose to deliberate on this measure, to work with the State Procurement Office on the applicability of using the second lowest bid method for procurement through the competitive sealed bidding process.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 376, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 376, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 255 Government Reform on H.B. No. 817

The purpose of this measure is to establish benchmarks that require each state department that purchases produce to make sure that a certain percentage of the produce purchased by that department is locally-grown and report to the Legislature on the progress of each department toward meeting those benchmarks.

Your Committee received comments on this measure from the Department of Education, Department of Agriculture, State Procurement Office, Ulupono Initiative, and Hawaii Farm Bureau.

Your Committee finds that supporting local businesses and encouraging the production and use of local agricultural products is a matter of statewide concern. Requiring state departments to establish and meet benchmarks for the purchase of local produce, as proposed by this measure, will support local farmers and ranchers with a consistent market, provide fresh and healthy products to the community, and keep state money here in Hawaii.

Your Committee has amended this measure by:

- (1) Inserting a preamble;
- (2) Moving the locally-grown produce benchmark requirements out of the Procurement Code and to chapter 27, Hawaii Revised Statutes, which relates to state functions and responsibilities;
- (3) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee recognizes that chapter 103D, Hawaii Revised Statutes, may not be the appropriate chapter to accomplish the locally-grown produce benchmarks established by this measure. Your Committee has accordingly amended this measure to move the benchmarks to chapter 27, Hawaii Revised Statutes, to ensure that the state government as a whole meets the goals as prescribed therein.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 817, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 817, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 256 Government Reform on H.B. No. 849

The purpose of this measure is to assist in the administration of procurement contracts in the State by:

- (1) Establishing a Contract Administration Office;
- (2) Requiring the Procurement Policy Board to adopt rules for the administration of contracts; and
- (3) Requiring the State Procurement Office to submit a progress report to the Legislature.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services and State Procurement Office.

Your Committee finds that the efficiency, quality, and administration of procurement contracts for capital improvement projects in the State is necessary and important to the economy.

Your Committee has amended this measure by:

- (1) Inserting a sunset date of June 30, 2026;
- (2) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that concerns were raised in testimony before your Committee that the establishment of a Contract Administration Office will duplicate many of the contract administrative functions currently discharged by several agencies. Due to these concerns, your Committee amended this measure to insert a sunset date of June 30, 2026, which, along with the State Procurement Office's report to the Legislature of the Regular Session of 2022, will allow for further evaluation of the effectiveness of the Contract Administration Office.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 849, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 849, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 257 Government Reform on H.B. No. 1355

The purpose of this measure is to require:

- (1) Procurement officers to document whether to pursue a design professional for damages in the event of construction cost overruns;
- (2) The Chief Procurement Officer to:
 - (A) Compile a public list of construction companies or design professionals that are in noncompliance with the Procurement Code or have outstanding fines or penalties incurred in violation of the Procurement Code; and
 - (B) Adopt or amend rules to allow state procurement officers to request that cost or pricing data be certified upon initial bid submission and not after the conclusion of contract negotiations;
- (3) The State Procurement Office to include training on the duty of procurement officers to hold design professionals liable for breaches of professional standards; and
- (4) The Legislative Reference Bureau to conduct a study on the laws and regulations relating to construction management policies and procedures applicable to the Procurement Code.

Your Committee received testimony in opposition to this measure from Hart Crowser, Inc.; Yogi Kwong Engineers, LLC; American Council of Engineering Companies of Hawaii; Okahara and Associates, Inc.; CONSOR Engineers, LLC; ParEn Inc. dba Park Engineering; Gray Hong Nojima & Associates, Inc.; and Fukunaga & Associates, Inc. Your Committee received comments on this measure from the Department of Accounting and General Services, State Procurement Office, and Legislative Reference Bureau.

Your Committee finds that this measure will help in preventing cost overruns for state projects and ensure compliance with the Procurement Code by construction companies and design professionals.

Your Committee has amended this measure by:

- (1) Applying the liability determination for cost overruns provision to contractors;
- (2) Specifying that noncompliant construction companies and design professionals are to remain on the list available on the State Procurement Office's website for five years;
- (3) Inserting language providing that construction cost overruns shall constitute a tort for purposes of the review and findings on the issues of liability and damages in tort claims against design professionals by the Design Claim Conciliation Panel;
- (4) Requiring bids for a contract under the competitive sealed bidding process to include a liability contingency fund of an unspecified percent of the project cost to avoid cost overruns;
- (5) Clarifying the definition of "construction defect" under the Contractor Repair Act, to include construction cost overruns;
- (6) Establishing the Procurement Professional Standards Task Force within the Department of Accounting and General Services to develop professional standards for non-state parties involved in the procurement process and requiring the task force to report to the Legislature prior to the Regular Session of 2022;
- (7) Deleting language that would have required the Legislative Reference Bureau to conduct a study relating to Procurement Code construction management policies and procedures and report to the Legislature;
- (8) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee recognizes the numerous concerns raised by testifiers regarding this measure. Your Committee has taken those concerns into consideration and has amended this measure based on a preliminary consensus from the stakeholders. Your Committee in particular wishes to note the concerns raised by

the Legislative Reference Bureau (Bureau) about the Bureau's lack of expertise in the fields of public procurement enforcement, design professionals, or contract management. Your Committee believes that a working group co-chaired by the Comptroller and Chief Procurement Officer and consisting of five additional members invited by the Comptroller, as contained in this amended measure, will be better suited to address concerns relating to professional standards for non-state parties involved in the procurement process.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1355, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1355, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 258 Consumer Protection & Commerce on H.B. No. 771

The purpose of this measure is to establish a three-year surcharge on liquors.

Your Committee received testimony in support of this measure from Hawaii Substance Abuse Coalition, Hawaii Fetal Alcohol Spectrum Disorder Action Group, Mothers Against Drunk Driving Hawaii, SparksInitiatives, Hawai'i Alcohol Policy Alliance, A Family Tree, Hawaii State Teachers Association, and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Bar Owners Association; Anheuser Busch Companies; Kauai Beer Company; Distilled Spirits Council of the United States; Honolulu Beerworks; Lanikai Brewing Company; Wine Institute; Beer Lab HI; Big Island Brewhaus; Hawaiian Craft Brewers Guild; Maui Wine, Ltd.; Hana Koa Brewing Co.; Retail Merchants of Hawaii; Kaua'i Island Brewing Co., LLC.; The Odom Corporation; Maui Brewing Co.; Hawaii Food Industry Association; Maui Chamber of Commerce; Waikiki Brewing Company; and two individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Health, Tax Foundation of Hawaii, and Grassroot Institute of Hawaii.

Your Committee finds that the State's fiscal condition necessitates considering alternative or temporary forms of revenue. Your Committee further finds that irresponsible alcohol consumption leads to various health and social problems. However, your Committee also finds that the State already has the third highest excise tax on alcohol in the nation, and a further surcharge may detrimentally harm local businesses during a time of extreme financial hardship. Your Committee notes that further discussion should continue to determine whether this is the most appropriate manner for raising revenues. Your Committee also notes that testimony requested that the surcharge be 10 cents, if established.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 771, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 771, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 10; Ayes with Reservations (Onishi, Tarnas, Matsumoto). Noes, 1 (Kong). Excused, none.

SCRep. 259 Education on H.B. No. 613

The purpose of this bill is to effectuate its title.

H.B. No. 613 was introduced as a short-form bill, which is sometimes referred to as a "vehicle" bill primarily used to introduce a bill containing only a general idea as to the purpose of the bill without specific details in the long form.

Your Committee has amended the bill to provide the substantive contents of the bill in long form so that a public hearing may be properly held on its substantive contents.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the action to report out H.B. No. 613, as amended herein, and recommends that it be recommitted to your Committee on Education, for the purpose of holding a public hearing thereon, in the form attached hereto as H.B. No. 613, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 4 (Belatti, Ohno, Quinlan, Takayama).

SCRep. 260 Economic Development on H.B. No. 757

The purpose of this measure is to amend the composition of the Board of Directors of the Hawaii Housing Finance and Development Corporation by:

- (1) Adding a member of the Hawaiian Homes Commission; and
- (2) Reducing the number of public members appointed by the Governor.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands. Your Committee received testimony in opposition to this measure from the Hawaii Housing Finance and Development Corporation; Michaels Development – Hawai'i Region; EAH Housing; Schatz Collaborative LLC; Stanford Carr Development, LLC; and Āhē Group.

Your Committee finds that the Hawaii Housing Finance and Development Corporation is tasked with developing and financing low- and moderate-income housing projects and administering homeownership programs. Including the Chairperson of the Hawaiian Homes Commission on the Board of Directors of the Hawaii Housing Finance and Development Corporation will allow for greater collaboration between the agencies.

Your Committee has amended this measure by:

- (1) Increasing the members on the Board of Directors of the Hawaii Housing Finance and Development Corporation to eleven members, seven of whom shall be public members appointed by the Governor;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 757, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 757, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 261 Higher Education & Technology on H.B. No. 1071

The purpose of this measure is to:

- (1) Require the Independent Audit Committee Chair of the University of Hawaii Board of Regents to be selected in a manner consistent with the Board's Bylaws;
- (2) Limit the Board's flexibility to appoint members with certain skill sets to its independent audit committee; and
- (3) Clarify the Independent Audit Committee's role with regard to enterprise risk management.

Your Committee received testimony in support of this measure from the Office of the Board of Regents.

Your Committee finds that the Independent Audit Committee is an advisory body that is established by the University of Hawaii Board of Regents' Bylaws and is statutorily established in section 304A-321, Hawaii Revised Statutes. Your Committee also finds that the existing statute may inadvertently create a situation in which the Independent Audit Committee does not have a chair, such as when the committee chair's term on the Board of Regents ends on June 30 and committee membership is pending election of a Board of Regents' chair. This measure makes the appointment of the Independent Audit Committee Chair consistent with the Board of Regents' Bylaws and makes other clarifying amendments.

Your Committee has amended this measure by:

- (1) Exempting the Independent Audit Committee from the Administrative Procedures Law and certain Public Agency Meetings and Records Law requirements in its discussions with internal and external auditors on matters that should remain confidential and, at the discretion of the Independent Audit Committee Chair, allowing the discussions to be held in the absence of the University of Hawaii President or Chief Financial Officer;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1071, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1071, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 262 Higher Education & Technology on H.B. No. 33

The purpose of this measure is to support the Information Technology Steering Committee in developing the State's information technology standards and policies by amending the terms and composition of the committee members and requiring the Committee's Chief Information Officer to present an annual report to the Committee for public comment prior to submitting the report to the Governor and the Legislature.

Your Committee received testimony in support of this measure from the Department of Education, Office of Enterprise Technology Services, and Transform Hawai'i Government.

Your Committee notes that the Information Technology Steering Committee was established to assist the Chief Information Officer of the Office of Enterprise Technology Services in developing the State's information network in conjunction with overall plans for establishing a communication backbone for state government. The expansiveness of the Steering Committee's responsibilities requires stability in membership in a rapidly changing technology environment. Appointment of members by the Superintendent of Education and University of Hawaii President will ensure a strong educational component in information technology discussions, input, and decision-making.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 33, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 33, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

SCRep. 263 Housing on H.B. No. 907

The purpose of this measure is to repeal the Hawaii Housing Finance and Development Corporation's Downpayment Loan Assistance Program and Homebuyers' Club Program.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Hawaii Housing Finance and Development Corporation.

Your Committee notes that this measure repeals two inactive and obsolete programs of the Hawaii Housing Finance and Development Corporation. The Downpayment Loan Assistance Program and Homebuyers' Club Program are neither cost effective or necessary since there are similar types of programs currently being operated by non-profit entities and financial institutions.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 907, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 907, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 264 Judiciary & Hawaiian Affairs on H.B. No. 652

The purpose of this measure is to exempt active members of the Hawaii Emergency Management Agency and county emergency management agencies from jury duty.

Your Committee received testimony in support of this measure from the Maui Emergency Management Agency, Kaua'i Emergency Management Agency, and two individuals. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that the Hawaii Emergency Management Agency and county emergency management agencies serve essential, critical, and unique roles and functions in providing emergency management for the State, including during the COVID-19 pandemic. Active members of these agencies should not face hindrances in the performance of these vital roles.

Should your Committee on Finance deliberate on this measure further, your Committee on Judiciary & Hawaiian Affairs respectfully requests that it consider whether inserting a repeal date after the end of the COVID-19 pandemic is appropriate.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 652 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (McKelvey). Noes, none. Excused, 1 (Tokioka).

SCRep. 265 Judiciary & Hawaiian Affairs on H.B. No. 73

The purpose of this measure is to include telecommunications dispatchers within the definition of "emergency worker" in the Hawaii Penal Code. Specifically, this measure will provide heightened penalties for any person who commits the offense of assault against a telecommunications dispatcher during an emergency period.

Your Committee received testimony in support of this measure from the Department of Health; Department of Health Environmental Health Administration; Enhanced 911 Board; Maui Police Department; Honolulu Police Department; Hawaii Police Department; Hawaii Fire Department; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Paradise Medical Services, LLC; and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that telecommunications dispatchers play a vital role in partnership with their in-the-field first responder colleagues. Your Committee further finds that telecommunications dispatchers undergo extensive training to develop skills that allow them to assist individuals during a variety of situations. Your Committee believes that telecommunications dispatchers should be protected under the Hawaii Penal Code similar to their in-the-field first responder colleagues.

Your Committee has amended this measure by:

- (1) Including Hawaii state on-scene coordinators and Hawaii state hospital telephone operators within the definition of "emergency worker" in the Hawaii Penal Code; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 73, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 73, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Tokioka).

SCRep. 266 Judiciary & Hawaiian Affairs on H.B. No. 1090

The purpose of this measure is to amend the requirements for child passenger restraints in motor vehicles by:

- (1) Requiring rear-facing child safety seats for children less than two years of age;
- (2) Requiring rear-facing or forward-facing child safety seats for children at least two years of age but less than four years of age;
- (3) Requiring the use of child safety seats or booster seats for certain children at least four years of age but less than seven years of age;
- (4) Requiring the use of child safety seats or booster seats for certain children at least seven years of age but less than ten years of age;
- (5) Repealing an exemption for when the number of persons in a vehicle exceeds the greater of the number of seat belt assemblies available or originally installed in the vehicle;
- (6) Repealing language that prohibited failure to restrain a child in accordance with law from being considered contributory negligence, comparative negligence, or negligence per se; and
- (7) Raising certain fines for violations.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Safe Kids Hawaii at Kapiolani Medical Center for Women and Children, and Keiki Injury Prevention Coalition.

Your Committee finds that fifteen states have requirements that children under the age of two be in rear-facing car seats. The American Academy of Pediatrics recommends the use of rear-facing car seats for as long as possible, typically until the age of two as they are vulnerable to head and spinal injuries in a motor vehicle crash as their neck and skeleton are not capable of supporting them during a crash. This measure would reduce motor vehicle fatalities and serious injuries in the State.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1090 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 267 Higher Education & Technology on H.B. No. 1064

The purpose of this measure is to allow the University of Hawaii to continue its contribution to research commercialization and economic development by repealing the sunset provision in Act 38, Session Laws of Hawaii 2017.

Your Committee received testimony in support of this measure from the University of Hawai'i System and Hawaii Business Roundtable. Your Committee received comments on this measure from the Hawai'i State Ethics Commission.

Your Committee notes that in 2017, the Legislature supported the University of Hawaii's efforts to promote the commercialization of inventions and discoveries generated by the University's faculty, students, and alumni. Act 38, Session Laws of Hawaii 2017, which sunsets on June 30, 2022, exempted University of Hawaii-sponsored technology transfer activities from specific sections of the State Ethics Code as long as the technology transfer activities complied with the regulatory framework and research compliance program and policies approved by the University of Hawaii Board of Regents.

Your Committee finds that on August 20, 2020, the Board of Regents adopted Regents Policy RP 12.211, "Ethical Guidelines in the Conduct of Technology Transfer Activities". On October 16, 2020, the University of Hawaii President approved an executive policy to implement the Board of Regents' policy. Your Committee finds that repealing the June 30, 2022, sunset date will enable the University of Hawaii to continue to regulate conflicts of interest and other ethical issues for the technology transfer activities it sponsors.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1064, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1064, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Gates).

SCRep. 268 Higher Education & Technology on H.B. No. 1065

The purpose of this measure is to make the Innovation and Commercialization Initiative Program permanent by repealing the sunset provision in Act 39, Session Laws of Hawaii 2017.

Your Committee received testimony in support of this measure from the University of Hawai'i System and Hawaii Business Roundtable.

Your Committee finds that Act 39, Session Laws of Hawaii 2017, established the Innovation and Commercialization Initiative Program within the University of Hawaii. This program provides express statutory authority to enable and facilitate the deployment of University of Hawaii educational and instructional resources, managerial and fiscal resources, and personnel to promote the economic health and diversification of workforce opportunities in the State through commercialization of inventions and discoveries generated by or at the University of Hawaii. Your Committee recognizes that making the Innovation and Commercialization Initiative Program permanent will enable the University of Hawaii to continue to collaborate and complement other research commercialization or venture funding programs by other state agencies, as well as further research commercialization and economic development in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the revenues earned by the University of Hawaii through commercialization of discoveries have been relatively slight compared to the cost of operating the Innovation and Commercialization Initiative Program. Your Committee encourages the University of Hawaii to maximize commercialization of its research and innovation activities to further academic, science, technological, and economic growth.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1065, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1065, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Gates).

SCRep. 269 Higher Education & Technology on H.B. No. 313

The purpose of this measure is to address the physician shortage in the State by:

- (1) Repealing the requirement that a certain percentage of assessment fees deposited into the John A. Burns School of Medicine Special Fund be used for purposes identified by the Hawaii Medical Education Council;
- (2) Repealing the monetary cap of expenditures from the John A. Burns School of Medicine Special Fund; and
- (3) Authorizing the John A. Burns School of Medicine Special Fund to provide loan repayment to physicians who commit to working in medically underserved areas of the State as part of the Hawaii Rural Health Care Provider Loan Repayment Program and scholarships for qualifying medical students.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Department of Labor and Industrial Relations, Hilo Medical Center Foundation, Hawaii State Rural Health Association, Hawaii Medical Association, and Hawaii Primary Care Association. Your Committee received comments on this measure from the Hawaii Medical Board.

Your Committee finds that besides a physician workforce shortage in the State, Hawaii also faces a critical need for physicians to serve in rural and medically underserved communities in the State. According to the University of Hawaii, the shortage of physicians is as high as 1,008 and is compounded by Hawaii having the fifth oldest physician workforce of all states. Your Committee notes that more than half of the State's physicians will be over age sixty-five within ten years. Your Committee further finds that this measure will enable the John A. Burns School of Medicine to expand the use of funding received through the Physician Workforce Assessment Project and strengthen the physician workforce in the State through loan repayment and scholarships from the John A. Burns School of Medicine Special Fund.

As the need for physicians in rural and medically underserved communities is great, your Committee urges that recipients of loan repayment and scholarships practice in these specific areas after completing their medical education and training.

Your Committee has amended this measure by:

- (1) Correctly identifying the loan repayment program as the Hawaii Rural Health Care Provider Loan Repayment Program; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 313, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 313, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Gates).

SCRep. 270 Transportation on H.B. No. 510

The purpose of this measure is to establish a vehicle registration fee tax credit for individuals who are eligible for a refundable food/excise tax credit greater than \$0.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that Hawaii is one of only 13 states that collect an annual vehicle registration tax based on the weight of a vehicle. This means the registration fee for an expensive luxury vehicle could potentially be less than a cheaper vehicle, simply because the luxury vehicle weighs less. In addition, taxpayers are required to pay an additional weight tax to their respective county. Your Committee further finds that taxes and fees associated with vehicles are not based on equity, like the income tax. As a result, low- and middle-income residents are required to pay a larger share of their income to those taxes and fees compared to high-income residents. This measure would provide equity for certain residents by offsetting a portion of the registration fee with a vehicle registration tax credit.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 510, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 510, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 271 Transportation on H.B. No. 1321

The purpose of this measure is to require, and appropriate funds for, the Department of Transportation or appropriate county agency to post depth gauge signs on public highways in a manner consistent with the Federal Highway Administration's Manual on Uniform Traffic Control Devices.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that posting depth gauge signs at appropriate locations will help to increase highway safety by allowing drivers to easily determine the depth of water on a flooded road before decided whether it is safe to proceed. Depth gauge signs will act as a supplemental device to notify the public to exert caution when driving in potentially dangerous flood hazard areas during a storm, thereby improving public safety on state highways.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1321, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1321, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 272 Transportation on H.B. No. 194

The purpose of this measure is to extend the period in which a county may adopt a surcharge on state tax, under certain conditions, from March 31, 2019, to June 30, 2022.

Your Committee received testimony in support of this measure from the Maui County Council. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and Maui Chamber of Commerce.

Your Committee finds that existing law authorized counties to establish a county surcharge on state taxes in order to financially assist the counties with operating or capital costs of public transportation. However, not all counties were able to establish a surcharge by the mandated deadline and therefore are burdened with the operating and capital costs of public transportation. Your Committee believes that providing another opportunity to establish a county surcharge will alleviate and equalize any financial burden of certain public transportation costs.

Your Committee has amended this measure by changing its effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 194, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 194, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 273 Transportation on H.B. No. 1093

The purpose of this measure is to authorize the Director of Transportation to transfer funding between program identification numbers within the Harbors Division; provided that the aggregate amount of funds transferred in a year does not exceed an unspecified amount.

Your Committee received testimony in support of this measure from the Department of Transportation; Young Brothers, LLC; and Matson Navigation Company, Inc.

Your Committee finds that as an island state, Hawaii is highly dependent on commercial harbors to ensure the continued and unimpeded flow of cargo in and out of the State. It is estimated that over 90 percent of imported goods pass through commercial harbors. This measure would allow the Harbors Division of the Department of Transportation flexibility with its funds to ensure that the State's harbors are properly maintained and allow the Harbors Division to continue to provide necessary goods to the people of Hawaii.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1093, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1093, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 274 Transportation on H.B. No. 1059

The purpose of this measure is to repeal certain obsolete or unnecessary statutes, which include the Transportation Improvement Special Fund, Kewalo Basin and Honolulu Harbor use permits, and fireboat maintenance requirements.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that there are certain provisions in the Hawaii Revised Statutes relating to the Department of Transportation that are either obsolete or no longer necessary. This includes the Transportation Improvement Special Fund, which currently has no funds remaining because all improvement projects are completed, and the Kewalo Basin and Honolulu Harbor use permits, which are no longer under the purview of the Department of Transportation. In addition, the Department of Transportation no longer owns any fireboats, making any statutory language relating to this unnecessary. This measure will act as a housekeeping measure by deleting unnecessary provisions in statute.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1059 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 275 Transportation on H.B. No. 64

The purpose of this measure is to abolish, repeal, or reclassify various non-general funds of the Department of Transportation.

Your Committee received comments on this measure from the Department of Transportation, Department of Transportation Services of the City and County of Honolulu, Tax Foundation of Hawaii, and Airlines for America.

Your Committee finds that existing law requires the Auditor to review each state department's special, revolving, and trust funds every five years. The Auditor's Report No. 19-05 recommended that certain non-general funds be reclassified or repealed to achieve greater fiscal accountability in the Department of Transportation. This measure would attempt to do so by adopting the Auditor's recommendations and abolish, repeal, or reclassify various non-general funds within the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 64 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 276 Transportation on H.B. No. 775

The purpose of this measure is to rename the Kahului Airport Access Road to the Mayor Elmer F. Cravalho Way.

Your Committee received testimony in support of this measure from the Department of Transportation, Mayor of the County of Maui, one member with the Maui County Council, and six individuals. Your Committee received testimony in opposition to this measure from four individuals.

Your Committee finds that Mayor Elmer Cravalho is known as an iconic figure throughout the County of Maui and around the State for his work in creating a robust economy in tourism and high technology. Mayor Cravalho held various leadership positions in the public and private sectors within the County of Maui, having served as the first Speaker of the House of Representatives from 1959 to 1967 and then the first Mayor of Maui until July 24, 1979. Your Committee believes that naming the Kahului Airport Access Road after Mayor Cravalho is an appropriate way to recognize the legacy of Mayor Cravalho in the County of Maui.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 775 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 277 Transportation on H.B. No. 434

The purpose of this measure is to establish a non-commercial aircraft landing fee and non-commercial aircraft storage fee and direct the proceeds into the general fund.

Your Committee received testimony in opposition to this measure from the Department of Transportation and Aircraft Owners and Pilots Association. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that aviation contributes a significant amount of carbon dioxide emissions to the environment. Your Committee further finds that private aircrafts emit significantly greater amounts of carbon per passenger compared to commercial aircrafts. Your Committee believes that to better align

with the State's goal of reaching net carbon neutrality by 2045, imposing additional fees for non-commercial aircrafts, such as landing and storage fees, will help reduce the demand for private aircrafts and its impact on carbon dioxide emission.

Your Committee notes the testimony of the Department of the Attorney General regarding a potential conflict with federal law, which requires that revenues generated by a public airport be expended for the capital or operating costs of the airport, airport system, or other local facilities owned or operated by the airport owner. As currently drafted, this measure would require the revenues to be deposited into the general fund, creating the potential conflict with federal law.

Accordingly, your Committee has amended this measure by:

- (1) Changing the fund in which the proceeds from the non-commercial aircraft landing fee and non-commercial aircraft storage fee are deposited into from the general fund to the Airport Revenue Fund;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 434, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 434, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 278 Transportation on H.B. No. 1058

The purpose of this measure is to amend registration requirements for motor carrier vehicles that have an outstanding federal out-of-service order.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of Customer Services of the City and County of Honolulu, and Hawaii Transportation Association.

Your Committee finds that some state programs relating to motor carrier safety are funded through federal grants, such as the Motor Carrier Safety Assistance Program. Your Committee further finds that in 2015, compliance with the Performance Registration Information Systems Management Program, which identifies motor carrier vehicles that are under a federal out-of-service order due to deficiencies found in a compliance review inspection, was made mandatory in order to continue receiving federal grant monies. This measure will allow the State to qualify under federal law and continue to receive grant money necessary for motor carrier safety programs.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1058, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1058, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 279 Transportation on H.B. No. 1063

The purpose of this measure is to amend the number of members on the State Highway Safety Council.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the State Highway Safety Council advises the Governor on highway safety matters. Existing law requires that no more than twenty people be appointed by the Governor to serve on the Highway Safety Council. However, your Committee notes that there has been difficulty finding qualified and suitable candidates to fulfil this requirement. This measure will enable the Highway Safety Council to achieve quorum and take action on important measures by reducing the number of members appointed to the Council.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1063, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1063, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 280 Economic Development on H.B. No. 1041

The purpose of this measure is to conform Hawaii income and estate and generation-skipping transfer tax laws to the Internal Revenue Code of 1986, as amended as of December 31, 2020.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this annual conformity measure is submitted by the Department of Taxation to ensure state income tax and state estate and generation-skipping transfer tax laws conform to the federal Internal Revenue Code as it exists on the December 31st preceding each Regular Session. The purpose of conformity is to update the state tax laws with those changes made to the federal Internal Revenue Code during the past year and to adopt those changes that are appropriate for Hawaii law.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1041, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1041, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 281 Economic Development on H.B. No. 912

The purpose of this measure is to:

- (1) Consolidate the survey and certification requirements for the Research Activities Tax Credit;
- (2) Require the certification on a first come, first served basis by date subject to certain conditions; and
- (3) Add a cap for the taxpayer and related entities.

Your Committee received testimony in support of this measure from the Department of Taxation; Department of Business, Economic Development, and Tourism; and Hawaii Technology Development Corporation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the tax credit for research activities is important to the success of local research and high technology companies, as it allows these companies to remain competitive with mainland companies. This measure provides further clarity and consistency in the administration of the tax credit to foster job growth and diversify the State's economy.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 912, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 912, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 282 Economic Development on H.B. No. 904

The purpose of this measure is to:

- (1) Amend the Hawaii Film and Creative Industries Development Special Fund to expand its funding sources and authorized uses; and
- (2) Appropriate funds out of the Hawaii Film and Creative Industries Development Special Fund for the purposes of the Special Fund.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the Hawaii Film and Creative Industries Development Special Fund supports the film, media, and creative industries in the State. This measure would expand the authorized uses of the Special Fund to ensure that there are significant economic benefits for the State from the Hawaii film and creative industries.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 904, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 904, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 283 Agriculture on H.B. No. 756

The purpose of this measure is to add the chairperson of the Hawaiian Homes Commission as an ex officio voting member of the Board of Agriculture.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the interests of agricultural lessees of Hawaiian homesteads should be represented on the Board of Agriculture. However, your Committee also recognizes that adding the Chairperson of the Hawaiian Homes Commission as an additional ex-officio member of the Board increases the total number of board members, which could create a precedent for other stakeholder groups to request further expansion of the Board and compromise its ability to govern efficiently.

Your Committee has amended this measure by:

- (1) Reducing the number of at-large positions on the Board of Agriculture by one and redesignating this position as an ex officio position to be filled by the chairperson of the Hawaiian Homes Commission; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 756, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 756, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 284 Agriculture on H.B. No. 874

The purpose of this measure is to:

- (1) Extend the Important Agricultural Land Qualified Agricultural Cost Tax Credit that will expire at the end of the 2021 tax year; and
- (2) Help the State address its current fiscal shortfall, caused by the COVID-19 pandemic, by delaying taxpayers from claiming and applying the tax credit for at least three full taxable years after the credit is earned.

Your Committee received testimony in support of this measure from the Department of Taxation; Department of Agriculture; Agribusiness Development Corporation; Office of Planning; Hawaii Farm Bureau; Uluopono Initiative; and Carpenter & Carpenter, Inc. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the continuation of the Important Agricultural Land Qualified Agricultural Cost Tax Credit helps move Hawaii toward greater food self-sufficiency. At the same time, your Committee recognizes the State's dire financial situation, which necessitates a three-year delay in allowing qualified landowners and farmers to claim the credit.

Your Committee has amended this measure by:

- (1) Specifying that it applies to taxable years beginning after December 31, 2021; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 874, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 874, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 285 Agriculture on H.B. No. 876

The purpose of this measure is to amend the membership of the Advisory Committee on Pesticides by replacing the statutory requirement for representatives of the pineapple and sugar industries with representatives of the coffee and diversified agriculture industries.

Your Committee received testimony in support of this measure from the Department of Agriculture, Synergistic Hawaii Agriculture Council, Hawaii Farm Bureau, Hawaii Coffee Association, and five individuals.

Your Committee finds that at the time of the Advisory Committee on Pesticide's establishment, the sugar and pineapple industries were major stakeholders in the State's agricultural landscape, which covered more than 300,000 acres. However, in 2017, those two crops accounted for less than 5,000 acres. In comparison, the diversified agriculture and coffee industries have accounted for more than \$84,000,000 and \$43,000,000, respectively, in the State. This measure therefore updates the composition of the Advisory Committee to more accurately reflect the current agriculture industry in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 876 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Tokioka). Noes, none. Excused, none.

SCRep. 286 Agriculture on H.B. No. 1287

The purpose of this measure is to require all dog and cat owners to microchip their pets, if the pets are not otherwise licensed.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Kauai Humane Society, Poi Dogs & Popoki, and four individuals. Your Committee received testimony in opposition to this measure from Neighborhood Cats and one individual.

Your Committee finds that microchips are the safest, most accessible, and most affordable identification tool for pet owners. Microchipping pets can also bypass the need for animal control, save taxpayer money by eliminating the cost of intake and boarding of lost pets, and avoid additional stress on an owner and the pet during the period of separation.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purpose of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1287, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1287, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 287 Economic Development on H.B. No. 1049

The purpose of this measure is to make nonsubstantive changes to Title 14, Hawaii Revised Statutes, for clarity and to delete obsolete provisions.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that it is necessary to amend and repeal various provisions of the Hawaii Revised Statutes for the purposes of correcting errors and references, clarifying language, or deleting obsolete or unnecessary provisions. This measure adds clarity to the law and allows for more effective administration.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1049, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1049, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 288 Economic Development on H.B. No. 1044

The purpose of this measure is to:

- (1) Authorize the Department of Taxation to mandate the electronic filing for certain partnerships, S-corporations, and individual tax returns;
- (2) Require certain tax return preparers to file returns electronically;
- (3) Amend the requirements for filing and payment of taxes by electronic funds transfer;
- (4) Amend the penalty for failure to file electronically;
- (5) Remove the fee for certified copies of tax clearances;
- (6) Authorize the limited disclosure of liquor licensees' tax clearances; and
- (7) Clarify the interest rate for payments made to taxpayers out of the Litigated Claims Fund.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that electronic filing of tax returns improves accuracy, timeliness, and efficiency. This measure is intended to encourage increased usage of electronic filing by entities having the ability and sophistication to easily comply with electronic filing requirements. Additionally, this measure is intended to provide clarification by establishing fixed interest rates for payments made to taxpayers out of the Litigated Claims Fund.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1044, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1044, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 289 Consumer Protection & Commerce on H.B. No. 571

The purpose of this measure is to establish the offense of importation, sale, or possession of a childlike sex doll.

Your Committee received testimony in support of this measure from Homeland Security Investigations, Department of the Prosecuting Attorney of the City and County of Honolulu, Department of the Prosecuting Attorney of the County of Maui, Honolulu Police Department, and one individual.

Your Committee finds that ownership and possession of childlike sex dolls are indicative of an individual's desire to sexually abuse a child, if presented with the opportunity. Your Committee further finds that some other states have adopted a ban on childlike sex dolls and that adopting a similar ban will help protect the State's most vulnerable population from predatory sex offenders.

Your Committee has amended this measure by:

- (1) Specifying that childlike sex dolls are those that resemble a person below the age of eighteen years, rather than below the age of puberty; and
- (2) Changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 571, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 571, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 290 Consumer Protection & Commerce on H.B. No. 223

The purpose of this measure is to establish continuing education requirements for massage therapists, beginning with renewals for the biennium period beginning July 1, 2022.

Your Committee received testimony in support of this measure from the Board of Massage Therapy, American Massage Therapy Association – Hawaii Chapter, and three individuals.

Your Committee finds that other jurisdictions require massage therapists to complete continuing education before license renewals are granted. Your Committee further finds that continuing education allows professionals to be current on best industry practices.

Your Committee notes that the Board of Massage Therapy requested a delayed implementation date of July 1, 2024, to provide time to notify licensees of the new requirements and allow licensees a full biennium license period in which to fulfill the requirements.

Your Committee has amended this measure by:

- (1) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 223, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 223, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 291 Consumer Protection & Commerce on H.B. No. 1263

The purpose of this measure is to establish a system of graduated penalties for violations of, and requiring proof of compliance with, the ignition interlock law.

Your Committee received testimony in support of this measure from the Department of Transportation, Maui Police Department, Casanova Powell Consulting, Smart Start LLC, Traffic Injury Research Foundation, and The Foundation for Advancing Alcohol Responsibility. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that an ignition interlock device is a small device attached to a vehicle's electrical system that requires a driver to submit to a breath test before the vehicle will start. If alcohol is detected at or above a predetermined threshold, the vehicle will not start. Once the driver passes the test, the vehicle is permitted to start. The device may also require rolling or running retests, where a driver must submit to another breath test at random intervals after the vehicle has been allowed to start.

Your Committee further finds that ignition interlock devices are the only technology to physically separate the act of drinking from the act of driving and will directly prohibit an offender from driving again with alcohol in the offender's system. These devices are effective in preventing persons from reoffending, in contrast to other technologies or programs that do not directly prevent an offender from operating the offender's vehicle.

Your Committee additionally finds that ensuring that offenders have complied with ignition interlock devices or extending the period for which the devices are installed, as proposed in this measure, will protect the public from offenders that risk the health and safety of themselves and others while driving drunk. This measure ensures that offenders demonstrate that they are responsible before being provided with the full privilege of driving given to other drivers. Your Committee notes that thirty-four states have enacted similar legislation requiring an offender to comply with ignition interlock devices before the device may be removed and a driver's license may be issued.

Your Committee notes that under existing law, offenders are not required to install ignition interlock devices; the devices are only required if the offender desires to continue driving during the revocation period. Thus, offenders may simply wait out the revocation period without demonstrating that they are committed to driving responsibly.

Your Committee additionally notes that concerns were raised during the public hearing about the possible costs this measure would impose on offenders and the impact it would have on low-income offenders. Under existing law, financial relief is provided to certain indigent offenders, which currently provides them with a fifty percent discount on the costs associated with ignition interlock devices.

Lastly, your Committee notes that the Department of Transportation recommended in its written testimony to your Committee specific periods for compliance, which may be considered as this measure moves through the legislative process. The Department recommended ninety days for the first revocation or conviction; one hundred eighty days for the second; and one year for the third or subsequent violations.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1263, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1263, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 292 Consumer Protection & Commerce on H.B. No. 264

The purpose of this measure is to make permanent the insurance requirements for transportation network companies and transportation network company drivers enacted by Act 236, Session Laws of Hawaii 2016 (Act 236).

Your Committee received testimony in support of this measure from the Hawaii Insurers Council, Uber Technologies, and American Property Casualty Insurance Association of America.

Your Committee finds that the rising popularity and proliferation of transportation network companies raised concerns about potential gaps in motor vehicle insurance coverage associated with the transportation network companies and their drivers. While other commercial passenger services, such as common carriers by motor vehicle or taxicabs, had commercial insurance that protected passengers and third parties during the course of a commercial activity, drivers of transportation network companies may not have had the proper coverage to protect passengers and third parties during the operation of the motor vehicle as a ride-share.

In response to these concerns, by the end of 2015, twenty-nine states enacted legislation to establish insurance requirements covering transportation network companies and their drivers. In 2016, Hawaii joined those states by enacting Act 236, which established insurance requirements for transportation network companies and their drivers. However, Act 236 is set to repeal on September 1, 2021.

Your Committee further finds that Act 236 is accomplishing its intended goal and should be made permanent.

Your Committee has amended this measure by changing its effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 264, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 264, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 293 Consumer Protection & Commerce on H.B. No. 459

The purpose of this measure is to bring the State in substantial compliance with federal regulations by requiring the examiner of drivers to disqualify, for life, any person from driving a commercial motor vehicle if the person uses a commercial motor vehicle in the commission of any felony involving an act or practice of severe forms of trafficking in persons.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that on July 23, 2019, the Federal Motor Carrier Safety Administration issued a final rule that amends title 49 Code of Federal Regulations parts 383 and 384 to permanently disqualify individuals convicted of the felony severe form of trafficking in persons from driving a commercial motor vehicle (Final Rule). The Final Rule also requires states to be in substantial compliance with the Final Rule within three years from the date the Final Rule became effective, which was September 23, 2019.

Your Committee further finds that for purposes of determining substantial compliance with the Final Rule, a state shall disqualify an individual from operating a commercial motor vehicle for the same reasons and time periods for which the Secretary of Transportation disqualifies the individual for certain acts. If a state fails to be in substantial compliance with the Final Rule within three years, the federal government is authorized to withhold certain federal funding. In the first year a state fails to be in substantial compliance, four percent of certain federal funds are withheld; for Hawaii, this would be equivalent to \$6,185,220. In subsequent years a state fails to be in substantial compliance, eight percent of certain federal funds are withheld; for Hawaii, this would be equivalent to \$12,370,440. This measure brings Hawaii into substantial conformance with the federal law.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 459, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 459, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 294 Consumer Protection & Commerce on H.B. No. 1056

The purpose of this measure is to authorize the Director of Transportation to adopt administrative rules to:

- (1) Administer and enforce motor carrier vehicle safety inspections; and
- (2) Amend the fees associated with motor carrier vehicle safety inspections.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that authorizing the Department of Transportation to amend administrative rules is a more efficient method for making changes to the motor carrier vehicle safety inspection program, while still allowing for input from the public.

Your Committee has amended this measure by:

- (1) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1056, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1056, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 295 Consumer Protection & Commerce on H.B. No. 1062

The purpose of this measure is to:

- (1) Clarify the validity period of a commercial learner's permit; and
- (2) Bring the State into substantial compliance with federal regulations requiring entry level driver training for certain first-time commercial driver license applicants.

Your Committee received testimony in support of this measure from the Department of Transportation and Department of Customer Services of the City and County of Honolulu.

Your Committee finds that, on December 8, 2016, the Federal Motor Carrier Safety Administration issued a final rule that amends title 49 Code of Federal Regulations part 380, subpart F to require entry-level driver training for certain applicants for commercial driver's licenses or endorsements (Final Rule).

The Final Rule also requires states to be in substantial compliance with the Final Rule within three years from the date the Final Rule became effective, which was February 6, 2017. The date for compliance was extended to February 7, 2022, through an interim final rule. If a state fails to be in substantial compliance with the Final Rule, the federal government is authorized to withhold certain federal funding. In the first year a state fails to be in substantial compliance, four percent of certain federal funds are withheld; for Hawaii, this would be equivalent to \$6,185,220. In subsequent years a state fails to be in substantial compliance, eight percent of certain federal funds are withheld; for Hawaii, this would be equivalent to \$12,370,440. This measure will bring Hawaii into substantial compliance with the Final Rule.

Your Committee has amended this measure by:

- (1) Clarifying that the validity period for a commercial learner's permit begins on the date the permit was issued for applicants who are not required to take a knowledge test;
- (2) Inserting a grandfather clause allowing persons holding a valid commercial learner's permit or commercial driver's license that was obtained before February 7, 2022, to be exempt from the entry-level driver training requirements;
- (3) Specifying that the entry-level driver training must be verified with the Federal Motor Carrier Safety Administration Training Provider Registry;
- (4) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1062, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1062, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 296 Consumer Protection & Commerce on H.B. No. 940

The purpose of this measure is to:

- (1) Mandate the reporting of suspected financial exploitation of elders and vulnerable adults in relation to securities by broker-dealers and investment advisors;
- (2) Provide immunity for good faith reporting; and
- (3) Authorize the delay of disbursements or transactions in situations of suspected financial exploitation.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Securities Industry Association of Hawaii, NAIFA Hawaii, Hawaii Credit Union League, and Securities Industry and Financial Markets Association. Your Committee received comments on this measure from the Department of Human Services and Office of Information Practices.

Your Committee finds that existing state law requires financial institutes to report suspected instances of financial abuse to the Department of Human Services only when the suspected financial abuse is directed toward, targeted, or committed against a person who is sixty-two years of age or older. Your Committee believes that expanding the mandated reporting requirements to include vulnerable adults as well as those over sixty-two years of age will assist in the early detection of financial abuse and increase the likelihood that an elder or vulnerable adult's assets can be protected or recovered.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 940, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 940, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 297 Consumer Protection & Commerce on H.B. No. 941

The purpose of this measure is to allow the Public Utilities Commission to use electronic filing processes and similar practices as an alternative to hard copy, rather than requiring both.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, and Hawaiian Electric Company. Your Committee received comments on this measure from the Disability and Communication Access Board.

Your Committee finds that certain existing statutory provisions require the Public Utilities Commission to employ hard copy service or filing in addition to electronic filing. This resulted in over ninety-five percent of the Commission's docketed filings being on paper and submitted in-person or via mail. However, in response to the COVID-19 pandemic and the Governor's emergency orders, the Commission implemented a temporary all-electronic filing system to ensure services were still being offered to the public and stakeholders while protecting the health and safety of all persons. Your Committee recognizes that this process has been successful, and this measure will authorize the continuation of this practice beyond the COVID-19 state of emergency.

Your Committee has amended this measure by:

- (1) Removing language that allowed administrative rules to supersede the statutory provisions authorizing electronic filing as an alternative method of submitting documents;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 941, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 941, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 298 Consumer Protection & Commerce on H.B. No. 942

The purpose of this measure is to make various amendments to the State's insurance laws. Specifically, this measure:

- (1) Institutes certain consumer protections with regard to public adjusters, by:
 - (A) Requiring certain contractual terms and disclosures;
 - (B) Specifying the commissions, fee, or other compensation of public adjusters may charge cannot be unreasonable; and
 - (C) Specifying that insureds have a right to rescind with certain restrictions;
- (2) Imposes the standard of conduct that is applied to other insurers upon limited lines motor vehicle rental company producers, owners of self-service storage facilities, and vendors of portable electronics;
- (3) Authorizes the Insurance Commissioner to waive or modify, in whole or part, upon a showing of good cause, any or all fees deposited into the Commissioner's Education and Training Fund and Compliance Resolution Fund;
- (4) Mandates the electronic payment of certain taxes and electronic filing of certain reports, and updates the system utilized for electronic filing;
- (5) Corrects an inaccuracy by stating that public adjusters and bill reviewers handle funds, not premiums;
- (6) Reinstates the right to an administrative hearing and appeal from an order that was inadvertently repealed by Act 279, Session Laws of Hawaii 2019;
- (7) Amends the composition and criteria for choosing members of the Hawaii Joint Underwriting Plan Board of Governors;

- (8) Clarifies that rewards under wellness programs that meet certain criteria do not constitute a rebate by insurers to insureds;
- (9) Deletes the statutory date for extensions of certificates of authority for risk retention groups and authorizes the Insurance Commissioner to establish the dates consistent with the Insurance Commissioner's authority to establish dates for extensions for insurers under the Insurance Code; and
- (10) Repeals the \$140 penalty imposed on pharmacy benefit managers for failure to renew their registration.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Medical Service Association, and one individual.

Your Committee finds that updating the State's insurance laws is necessary for clarity, to provide greater protections to consumers, and to improve the administration and enforcement of regulated entities. This measure will accomplish all of these goals.

Your Committee has amended this measure by:

- (1) Amending the composition of the Hawaii Joint Underwriting Plan Board of Governors by:
 - (A) Reducing the number of members from nationally organized insurers to four; and
 - (B) Reinstating statutory language requiring two members to be selected by the Insurance Commissioner or nominated by each of the joint underwriting plan classifications;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 942, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 942, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 299 Consumer Protection & Commerce on H.B. No. 1246

The purpose of this measure is to specify that certain violations of the Fireworks Control Law be considered:

- (1) An activity that causes air pollution, which may subject the violator to a citation under the State's Air Pollution Control Act; and
- (2) A violation of noise control rules, which may subject the violator to a citation under the State's noise pollution law.

Your Committee received testimony in support of this measure from the State Fire Council, Honolulu Fire Department, Hawaiian Humane Society, and five individuals. Your Committee received comments on this measure from the Department of Health, Honolulu Police Department, and one individual.

Your Committee finds that the enforcement of the Fireworks Control Law is wanting. Your Committee further finds that enforcement is necessary to protect property from avoidable fire damage; protect persons from fire and explosion-related injuries; minimize respiratory distress caused by the air pollution; and avoid retraumatizing persons who may be adversely impacted by loud explosions.

To promote compliance with the Fireworks Control Law, your Committee finds that alternative enforcement mechanisms or penalties need to be considered, such as violations of the Air Pollution Control Act and noise pollution laws. Your Committee finds that subjecting certain violations of the Fireworks Control Law to the citations and civil penalties under the Air Pollution Control Act and noise pollution laws may help with compliance.

Your Committee has amended this measure by:

- (1) Specifying that violations of certain provisions of the Fireworks Control Law are subject to the civil penalties under Hawaii's Air Pollution Control Act and noise pollution laws;
- (2) Clarifying that the civil penalties and citations under the Air Pollution Control Act and noise pollution laws are in addition to the penalties under the Fireworks Control Law;
- (3) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1246, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1246, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 300 Consumer Protection & Commerce on H.B. No. 1086

The purpose of this measure is to protect animals by:

- (1) Providing civil immunity, absent gross negligence, to veterinarians who render emergency care or treatment to an animal, regardless of whether a veterinarian-client-patient relationship exists; and
- (2) Requiring veterinarians to report certain suspected injuries, killing, or abuse of an animal to law enforcement.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society, Animal Interfaith Alliance in Britain, Pono Advocacy, Animal Rights Hawaii, Hawaii Association of Animal Welfare Agencies, and numerous individuals. Your Committee received comments on this measure from the Board of Veterinary Medicine.

Your Committee finds that veterinarians should be permitted to use their skills and expertise to render emergency aid to animals without the fear of civil liability; provided that the aid is rendered in good faith and absent gross negligence. This measure provides appropriate civil immunity to veterinarians while ensuring the protection of animal health and welfare.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1086, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1086, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 301 Consumer Protection & Commerce on H.B. No. 352

The purpose of this measure is to:

- (1) Authorize the use of automated recycling kiosks as secondhand dealers under the pawnbrokers and secondhand dealers law; and
- (2) Specify retention requirements for secondhand dealers that operate an automated recycling kiosk.

Your Committee received testimony in support of this measure from the Maui Police Department, TechNet, and ecoATM. Your Committee received testimony in opposition to this measure from the Honolulu Police Department, Hawaii Pawnbrokers Association, and Kamaaina Loan.

Your Committee finds that automated recycling kiosks provide an opportunity for persons to receive income for their old property, while also promoting the recycling of items that may be harmful to the environment if disposed of improperly. Your Committee notes that testimony received at the public hearing raised concerns that this measure may make it more difficult to obtain and verify items under investigation. While companies that testified on this measure have expressed assurances that items are submitted to local law enforcement upon request, your Committee finds that these concerns may be further alleviated if the items that may be accepted by kiosks are limited to handheld electronic devices.

Your Committee has amended this measure by:

- (1) Clarifying that authorized automated recycling kiosks may only accept handheld electronic devices for recycling;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 352, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 352, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 302 Consumer Protection & Commerce on H.B. No. 149

The purpose of this measure is to clarify that county-issued stored-value cards are not subject to the State's law that outlines unfair and deceptive practices with respect to gift certificates.

Your Committee received testimony in support of this measure from the Department of Transportation Services of the City and County of Honolulu.

Your Committee finds counties are modernizing the methods of payment for services they provide through the use of reloadable cards. Your Committee further finds that the law on gift certificates under the State's unfair or deceptive acts or practices could be clarified to explicitly disapply that law to these county-issued stored-value cards.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 149, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 149, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 303 Consumer Protection & Commerce on H.B. No. 1116

The purpose of this measure is to require the State to conform to those provisions of the federal Consolidated Appropriations Act, 2021, relating to taxable income and deductible expenses.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii, Hawai'i Restaurant Association, Island Plastic Bags Inc., Hawaii Food Industry Association, Hawai'i Lodging and Tourism Association, and Hawaii Association of Public Accountants. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the Consolidated Appropriations Act, 2021, Public Law 116-260, was enacted by the federal government on December 27, 2020. This Act, among other things, provides federal funding and stipulates federal tax treatment of certain taxable income and deductible expenses.

Your Committee has amended this measure by changing its effective date to January 1, 2050, to encourage further discussion.

Your Committee notes that the Department of Taxation testified at the public hearing on this measure in which it recommended whether the State should conform to those provisions of the Consolidated Appropriations Act, 2021. Should your Committee on Finance consider this measure, your Committee requests that it give consideration to these recommendations.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1116, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1116, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 304 Consumer Protection & Commerce on H.B. No. 47

The purpose of this measure is to relieve homeowner-developers from the burden of filing annual reports and paying the fee for developments consisting of no more than two units, in which one unit is the residence of the developer and the initial sale of the other unit has been completed.

Your Committee received testimony in support of this measure from the Community Associations Institute, Associa, and two individuals. Your Committee received testimony in opposition to this measure from the Real Estate Commission.

Your Committee finds that the Condominium Property Act characterizes homeowner-developers who own two units under a condominium property regime as a developer of a condominium project. Under the Condominium Property Act, developers are required to file an annual report and pay an annual fee until all units in a development have been sold. This requirement unduly burdens homeowner-developers who permanently reside on their property and do not intend to sell their unit in the development. This measure will therefore provide relief in these specific instances from the burdensome annual filing and fee requirements.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 47, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 47, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 305 Consumer Protection & Commerce on H.B. No. 641

The purpose of this measure is to:

- (1) Specify a process for condominium associations to incorporate power of sale language into their governing documents; and
- (2) Clarify that liens may be foreclosed upon if the power of sale language is contained within an association's governing documents or within some other agreement with the owner of the unit subject to foreclosure.

Your Committee received testimony in support of this measure from the Community Associations Institute – Hawaii Legislative Action Committee, Associa, Hawaii Council for Associations of Apartment Owners, and two individuals. Your Committee received testimony in opposition to this measure from Hui Oiaio and two individuals.

Your Committee finds that Act 282, Session Laws of Hawaii 2019 (Act 282), was passed to confirm the legislative intent that condominium associations have the authority to use a nonjudicial foreclosure process to collect delinquencies regardless of the presence or absence of power of sale language in an association's governing documents. Your Committee further finds that the recent court decisions have nonetheless insisted that power of sale language must be contained within the governing documents of a condominium association before a nonjudicial foreclosure process can be used. Recent decisions by the Hawaii Supreme Court and the United States District Court of the District of Hawaii continue to cast doubt on prior legislative action and intent.

Your Committee notes that Act 282 reflected the Legislature's longstanding position that condominium law enables an association to exercise a nonjudicial foreclosure remedy. As courts have not shown a willingness to honor longstanding legislative intent, your Committee finds that this measure is necessary to clear up and confirm the intent of the Legislature regarding the right of condominium associations to conduct nonjudicial foreclosures.

Accordingly, this measure explicitly reiterates and declares that it is the intent of the Legislature for condominium associations to have the authority to use a nonjudicial foreclosure process to enforce association liens.

Your Committee has amended this measure by:

- (1) Inserting a clear purpose statement to reiterate and declare the intent of the Legislature;
- (2) Amending the definition of "power of sale" in the foreclosures laws;
- (3) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 641, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 641, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 306 Consumer Protection & Commerce on H.B. No. 1131

The purpose of this measure is to require the State Building Code Council to:

- (1) Consider the impact of building codes and standards on the cost of single-family and multi-family homes built in the State; and
- (2) Include a financial impact assessment on each code and standard adopted by the State Building Code Council in the annual written report submitted to the Governor.

Your Committee received testimony in support of this measure from the Building Industry Association of Hawaii. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawaii State Energy Office and Blue Planet Foundation.

Your Committee finds that the building codes and standards developed by the International Code Council increase the cost of housing construction in Hawaii, which reduces housing affordability. This measure requires the State Building Code Council to consider the financial impact that changes to construction costs will have for single-family and multi-family homes in the State before the adoption of any code or standard and report this information to the Governor, which will provide the public and the building industry with much needed information.

Your Committee has amended this measure by:

- (1) Requiring the State Building Code Council to also consider a code's or standard's impact on amortized utility costs for single-family and multi-family homes;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1131, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1131, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 307 Consumer Protection & Commerce on H.B. No. 556

The purpose of this measure is to:

- (1) Require the State Building Code Council to include one member experienced and knowledgeable in building energy efficiency standards and one member experienced and knowledgeable in sustainable building design, construction, and operation;
- (2) Direct the counties to amend or adopt their respective building codes and standards based upon the International Energy Conservation Code no later than one year after the adoption of the Hawaii State Building Energy Conservation Code; and
- (3) Specify that if the counties fail to amend or adopt the Hawaii State Building Energy Conservation Code within one year, the code will be considered the interim county building code.

Your Committee received testimony in support of this measure from Ulupono Initiative and Blue Planet Foundation. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that requiring the counties to adopt their building codes and standards in a timely manner following the State's adoption of these codes is essential to ensure the State and county building energy conservation codes align with the national code. Your Committee further finds that expanding the qualifications of the State Building Code Council to include members with experience and knowledge in building energy efficiency standards and sustainable building design, construction, and operation will serve the Council in fulfilling its duties.

Your Committee notes the concerns raised in testimony before your Committee regarding the feasibility of the counties to adopt the codes within a year. Your Committee notes that it may be a challenge for the county building departments to meet the one-year requirement, as the county building departments must amend the code in accordance with their unique circumstances; gain administration support; introduce legislation; serve as subject matter experts at public hearings; and testify before county council and committees until adoption of the code is achieved.

Your Committee has amended this measure by:

- (1) Deleting the one-year and making unspecified the time frame in which the counties must amend or adopt the Hawaii State Building Energy Conservation Code and the Hawaii State Building Codes based upon the International Energy Conservation Code; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 556, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 556, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 308 Consumer Protection & Commerce on H.B. No. 78

The purpose of this measure is to eliminate the requirement for a public utility to seek approval from the Public Utilities Commission for the underground construction of high-voltage electric transmission lines, if certain conditions are met.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, and Hawaiian Electric Company.

Your Committee finds that this measure streamlines the regulatory process for installation of underground electric transmission lines, while still maintaining appropriate oversight of public utility operations and investments by the Public Utilities Commission. Additionally, this measure reduces the need for the Commission to review projects that would not adversely affect customers, which may result in more time and resources being utilized on other proceedings that require more attention.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 78, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 309 Consumer Protection & Commerce on H.B. No. 111

The purpose of this measure is to:

- (1) Prohibit the use of fossil fuels for electricity generation or storage after December 31, 2045; and
- (2) Prohibit the Public Utilities Commission from approving cost recovery of any application or proposal for generation or storage facilities that use fossil fuels, with certain exceptions.

Your Committee received testimony in support of this measure from Hawaii Clean Power Alliance, Our Revolution Hawaii, and two individuals. Your Committee received testimony in opposition to this measure from Hawaiian Electric Company and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Hawaii State Energy Office, Department of Design and Construction of the City and County of Honolulu, 350Hawaii.org, Climate Protectors Hawaii, and one individual.

Your Committee finds that this measure reinforces the intent of the State's policy goal of one hundred percent renewable energy by 2045. Eliminating fossil fuel-powered electricity generation and storage will steadily increase renewable generation while providing an electric utility with sufficient runway so as to not negatively impact its renewable portfolio standard.

Your Committee further finds that existing emergency generators for critical facilities rely on fossil fuels to generate electricity at a level of reliability needed in the case of an emergency. According to testimony received by your Committee, there are no plans to replace these generators since comparable generators operating on renewable energy sources have not evidenced the same level of reliability necessary in times of emergency.

Your Committee has amended this measure by:

- (1) Exempting emergency generators from the prohibition against fossil fuels for electricity generation or storage; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 111, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 111, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Kong). Excused, none.

SCRep. 310 Consumer Protection & Commerce on H.B. No. 116

The purpose of this measure is to:

- (1) Authorize the Chief Energy Officer of the Hawaii State Energy Office to adopt rules to enforce minimum efficiency standards for certain products and establish or amend appliance efficiency standards in certain situations; and
- (2) Regulate the appliance efficiency standards for air purifiers and portable electric spas.

Your Committee received testimony in support of this measure from the Public Utilities Commission, Public Benefits Fee Administrator, Blue Planet Foundation, Consumer Federation of America, Natural Resources Defense Council, Appliance Standards Awareness Project, and Pool & Hot Tub Alliance. Your Committee received testimony in opposition to this measure from the Association of Home Appliance Manufacturers. Your Committee received comments on this measure from the Hawaii State Energy Office and Plumbing Manufacturers International.

Your Committee finds that the State has established minimum energy and water efficiency standards for certain products sold, leased, or rented in the State that promote and encourage energy efficiency. Expanding the list of products requiring minimum efficiency standards can help save millions of dollars on utility bills annually and offer additional benefits for Hawaii residents, local businesses, the environment, and economy.

Your Committee has amended this measure by:

- (1) Removing provisions that would have regulated the appliance efficiency standards for air purifiers; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 116, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 116, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 311 Consumer Protection & Commerce on H.B. No. 1015

The purpose of this measure is to implement the water disposition process pursuant to section 171-58, Hawaii Revised Statutes, by clearly establishing that dispositions for the use of water by the Board of Land and Natural Resources are licenses for water, rather than the conveyance of any property right or interest in water via a lease.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Hawai'i Farm Bureau. Your Committee received comments on this measure from the Department of Hawaiian Home Lands, Office of Hawaiian Affairs, Kaua'i Island Utility Cooperative, Native Hawaiian Legal Corporation, Wai'oli Valley Taro Hui, Sierra Club of Hawai'i, and Earthjustice.

Your Committee finds that water is a fundamental resource requiring the most delicate management to ensure its conservation to meet social and ecological needs. While the management of such a resource will not always garner universal approval, consideration and the collaboration of differing perspectives may lead to management processes and decisions deemed satisfactory. Your Committee further finds that this measure is intended to assist and allow the Board of Land and Natural Resources to dispose of water in a more feasible, practicable, and fair manner that is consistent with the public trust doctrine. Your Committee requests that the Department of Land and Natural Resources collaborate with interested stakeholders to ensure that the disposition of water is conducted and managed in a manner that remains consistent with the public trust doctrine.

Your Committee has amended this measure by:

- (1) Specifying that the disposition of water licenses does not apply to any instream, in-watershed use of water for wetland kalo cultivation done in a traditional manner; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1015, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1015, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Har, Morikawa, Onishi). Noes, none. Excused, none.

SCRep. 312 Consumer Protection & Commerce on H.B. No. 471

The purpose of this measure is to make permanent the regulation of behavior analysts under chapter 465D, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Department of Health, Hawaii Disability Rights Center, Hawai'i Association for Behavior Analysis, Autism Speaks Volunteer Advocacy Ambassador, Together For Our Keiki, Hawaii State Teachers Association, and numerous individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that Act 199, Session Laws of Hawaii 2015 (Act 199), enacted a regulatory structure for the practice of applied behavior analysis that included a licensing process and licensing requirements for behavior analysts. There are currently over three hundred licensed behavior analysts in the State who provide services to thousands of children and adults. However, your Committee notes that the regulation of behavior analysts is scheduled to sunset on June 30, 2021.

Your Committee further finds that a December 2020 report from the Office of the Auditor found that the current licensing requirement for behavior analysts is reasonably necessary to protect the health, safety, and welfare of children and adults receiving services from a behavior analysts. Accordingly, this measure removes the sunset date of Act 199, thereby making permanent the regulation of behavior analysts.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

Your Committee notes that a June 29, 2021, effective date for this measure is necessary to prevent repeal of the regulation of behavior analysts.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 471, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 471, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 313 Consumer Protection & Commerce on H.B. No. 1322

The purpose of this measure is to establish a task force within the Department of Health to develop and make recommendations for trauma-informed care in the State.

Your Committee received testimony in support of this measure from the Department of Health, Department of Human Services, Office of Hawaiian Affairs, Executive Office on Early Learning, Hawaii Primary Care Association, Hawaii Substance Abuse Coalition, Hawai'i Pacific Health, Hawaii Youth Services Network, Hawai'i Community Foundation, Hawaii Children's Action Network Speaks!, Kamehameha Schools, Early Childhood Action Strategy, and four individuals.

Your Committee finds that adverse childhood experiences early in life can negatively impact the development of children, leading to future challenges with learning, health, and behavior. Your Committee further finds that providing children with positive relationships with stable non-relative adults can help mitigate the harmful effects of early adverse childhood experiences.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1322, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 314 Consumer Protection & Commerce on H.B. No. 727

The purpose of this measure is to:

- (1) Establish an inspection fee for the inspection of public swimming pools;
- (2) Increase the annual and temporary permit fees for tattoo artists;
- (3) Increase the fees for certified copies of vital statistic records; and
- (4) Require the Department of Health to coordinate public health statistics and other public health data to implement and update a statewide public health planning and public health program development program.

Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that this measure requires the Department of Health to proactively coordinate and plan statewide health care and public health research, which is necessary to establish and achieve long-term strategic objectives and policies to improve the access, quality, and sustainability of public health in Hawaii.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 727, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Har, Kong). Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 315 Consumer Protection & Commerce on H.B. No. 558

The purpose of this measure is to:

- (1) Create the Clean Energy and Energy Efficiency Revolving Loan Fund within the Hawaii Green Infrastructure Special Fund;
- (2) Expand the objective of the \$50,000,000 sub-fund to allow state agencies to finance their purchase options under existing energy performance contracts and power purchase agreements to further reduce and stabilize future energy costs;
- (3) Repeal the Building Energy Efficiency Revolving Loan Fund; and
- (4) Appropriate funds out of the Clean Energy and Energy Efficiency Revolving Loan Fund to make clean energy investment loans or for other approved uses.

Your Committee received testimony in support of this measure from Hawaii Green Infrastructure Authority, Hawaii State Energy Office, County of Kauai, Blue Planet Foundation, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Commerce and Consumer Affairs, and Public Utilities Commission.

Your Committee finds that a significant barrier to clean energy adoption has been the unavailability of flexible financing and low-cost capital. Building Hawaii's clean energy infrastructure at the lowest possible cost is vital to reach the State's clean energy goals by 2045. Public funds must be used in a sustainable manner to simultaneously spark customer demand for clean energy technology and attract private investment in green technology.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 558, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 316 Consumer Protection & Commerce on H.B. No. 136

The purpose of this measure is to apply liquor licensing provisions related to the transfer of licenses and the denial of licenses to limited liability companies.

Your Committee received testimony in support of this measure from the Liquor Commission of the City and County of Honolulu and two individuals.

Your Committee finds that there are inconsistencies regarding limited liability companies and the transfer of liquor licenses under existing law. This measure would remove inconsistencies regarding changes in the principals of the entity holding the liquor license and allow publicly traded limited liability companies to be treated the same as a publicly traded corporation.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 136, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 136, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 317 Labor & Tourism on H.B. No. 325

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (1) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 325, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 325, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 318 Labor & Tourism on H.B. No. 712

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary adjustments and Hawaii employer-union health benefits trust fund costs, for the members of collective bargaining unit (2) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 712, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 712, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 319 Labor & Tourism on H.B. No. 713

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary adjustments and Hawaii employer-union health benefits trust fund costs, for the members of collective bargaining unit (3) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 713, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 713, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 320 Labor & Tourism on H.B. No. 714

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary adjustments and Hawaii employer-union health benefits trust fund costs, for the members of collective bargaining unit (4) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 714, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 714, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 321 Labor & Tourism on H.B. No. 919

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (5) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii State Teachers Association.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 919, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 919, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 322 Labor & Tourism on H.B. No. 715

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary adjustments and Hawaii employer-union health benefits trust fund costs, for the members of collective bargaining unit (6) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 715, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 715, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 323 Labor & Tourism on H.B. No. 921

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (7) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, University of Hawai'i System, and University of Hawaii Professional Assembly.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 921, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 921, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary adjustments and Hawaii employer-union health benefits trust fund costs, for the members of collective bargaining unit (8) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 716, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 716, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 325 Labor & Tourism on H.B. No. 1125

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary adjustments and Hawaii employer-union health benefits trust fund costs, for the members of collective bargaining unit (9) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1125, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1125, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 326 Labor & Tourism on H.B. No. 326

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (10) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 326, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 326, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 327 Labor & Tourism on H.B. No. 925

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (11) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Fire Fighters Association.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 925, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 925, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 328 Labor & Tourism on H.B. No. 1126

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary adjustments and Hawaii employer-union health benefits trust fund costs, for the members of collective bargaining unit (13) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1126, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1126, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 329 Labor & Tourism on H.B. No. 1127

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary adjustments and Hawaii employer-union health benefits trust fund costs, for the members of collective bargaining unit (14) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1127, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1127, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 330 Labor & Tourism on H.B. No. 928

The purpose of this measure is to amend the definitions of "base pay" and "compensation" for the purpose of calculating retirement benefits.

Your Committee received testimony in support of this measure from the Employees' Retirement System. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawaii State Teachers Association. Your Committee received comments on this measure from the Department of Budget and Fiscal Services of the City and County of Honolulu, Department of Human Resources of the City and County of Honolulu, and Department of Information Technology of the City and County of Honolulu.

Your Committee finds that this measure will help bring clarity to what is properly included in base pay and compensation for the purpose of calculating retirement benefits. According to the Employees' Retirement System, there is a significant disparity in what is included in base pay among the eight employers reporting to the system, which results in disparate treatment among the members. In order for the Employees' Retirement System to maintain its tax-exempt status, benefits must be provided in a non-discriminatory manner and be "definitely determinable".

With respect to concerns over the deletion of "shortage differentials" from the definition of "compensation", your Committee further finds that the Employees' Retirement System has requested that if a shortage differential is permanent, that the permanent differential be noted on the employee's personnel action report or certification, which then would be recognized and credited.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 928, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 928, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Quinlan). Noes, none. Excused, 1 (Belatti).

SCRep. 331 Labor & Tourism on H.B. No. 930

The purpose of this measure is to exempt certain specific types of alternative investment fund information from disclosure under Chapter 92F, Hawaii Revised Statutes, because the disclosure of this information would put the Employees' Retirement System at a competitive disadvantage and frustrate its legitimate government investment functions.

Your Committee received testimony in support of this measure from the Employees' Retirement System. Your Committee received testimony in opposition to this measure from the Civil Beat Law Center for the Public Interest. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that this measure provides a limited exemption from disclosure of specific types of investment fund information under the Uniform Information Practices Act to enable the Employees' Retirement System to maintain the confidentiality of information relating to alternative investments, such as investments in private equity, private credit, and private real estate funds, consistent with competitive investment market best practices. Your Committee further finds this exemption to be reasonably limited and specific, consistent with the Office of Information Practices' testimony that the records would likely fall under the Uniform Information Practices Act's frustration exception to disclosure and would, therefore, not restrict public access to a type of record that has historically been public under the Uniform Information Practices Act.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 930, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 930, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Okimoto). Noes, 1 (D. Kobayashi). Excused, 1 (Belatti).

SCRep. 332 Water & Land on H.B. No. 1149

The purpose of this measure is to integrate the Land Use Commission within a modified Office of Planning, to be renamed the Office of Planning and Sustainable Development.

Your Committee received testimony in support of this measure from the Land Use Commission and one individual. Your Committee received comments on this measure from the Office of Planning.

Your Committee notes that a separate measure, H.B. No. 1318, Regular Session of 2021, will integrate the Office of Environmental Quality Control within the Office of Planning and Sustainable Development. These two measures will improve the coordination of these related functions so state government can work more efficiently to achieve the State's long-term sustainability and climate change goals for a more abundant future for the people of Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that the Office of Planning and Sustainable Development will act as the lead agency in coordinating climate adaptation and sustainability plans and studies;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1149, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1149, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 333 Water & Land on H.B. No. 497

The purpose of this measure is to prohibit the counties from requiring, as part of a county zoning ordinance or county rule, a developer with more than one residential unit to obtain the approval of any state agency unless that approval is expressly required by law.

Your Committee received testimony in support of this measure from Hawaii Construction Alliance; HPM Building Supply; Building Industry Association of Hawaii; Dowling Company, Inc.; Goodfellow Bros.; Hawaii Community Foundation, and four individuals. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs and one individual. Your Committee received comments on this measure from the Office of Planning.

Your Committee finds that streamlining the permitting and regulatory process between the counties and various state agencies would decrease the time to secure permits, reduce carrying costs, lower the cost of housing, and create more job and housing opportunities in the State. Your Committee notes that this measure does not prevent the counties from consulting with the Office of Hawaiian Affairs, rather it just does not require consultation with the Office.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 497, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 497, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

SCRep. 334 Water & Land on H.B. No. 554

The purpose of this measure is to require sellers to include in the mandatory disclosure statements to buyers, information about the residential real property lying within the sea level rise exposure area as designated by the Hawaii Climate Change Mitigation and Adaptation Commission or its successor.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Climate Change Mitigation and Adaptation Commission, Sierra Club of Hawai'i, Imua Alliance, Hawai'i Reef Ocean Coalition, and one individual. Your Committee received comments on this measure from the Hawai'i Association of REALTORS.

Your Committee finds that the matter of sea level rise is at the forefront of the impacts of climate change on properties and the environment. Your Committee finds that including the disclosure of sea level rise exposure information in sellers mandatory disclosure statements will make it part of the seller's legal obligation to reveal to the buyer any known defects about the home or property that is being purchased.

Your Committee has amended this measure by:

- (1) Changing the effective date to May 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that an effective date of May 1, 2022, for this measure will coincide with the Hawai'i Association of REALTORS release date of its Standard Forms, including the Seller's Real Property Disclosure Statement and Oceanfront Property Addendum.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 554, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 554, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 335 Water & Land on H.B. No. 46

The purpose of this measure is to require all habitat conservation plans to include an agreement for plan participants to enter into and maintain an annual service contract with a stand-by and response facility available to provide emergency medical and rehabilitation services to native wildlife affected by activities undertaken within the plan area.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, one member from the Hawaii County Council, and three individuals.

Your Committee finds that providing emergency medical and rehabilitative services to native wildlife that have been affected by activities within a conservation plan area is critical to protecting the State's native and endangered wildlife.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 46 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 336 Water & Land on H.B. No. 1017

The purpose of this measure is to repeal statutory language prohibiting the taking, killing, and possession of female spiny lobsters, Kona crabs, and Samoan crabs to instead allow the Department of Land and Natural Resources to regulate the taking, killing, and possession of these animals through administrative rules.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Goes Fishing; HFACT; Cates Marine Service, LLC; and eight individuals.

Your Committee finds that existing state laws hamper the Department of Land and Natural Resources' ability to manage the populations of spiny lobsters, Kona crabs, and Samoan crabs based on the best available scientific information. Your Committee further finds that the Department of Land and Natural Resources has recently incorporated the relevant portions of state law into the Department's administrative rules, thus rendering the state statute unnecessary. Resource management of these crustaceans solely through the administrative rule making process will allow the Department to manage such populations with much more flexibility and adaptability.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1017 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 337 Water & Land/Housing on H.B. No. 58

The purpose of this measure is to help the State address its current budgetary shortfall, caused by the COVID-19 pandemic, by:

- (1) Temporarily reallocating conveyance tax revenues to pay the principal and interest of general obligation bonds; and
- (2) Authorizing the issuance of general obligation bonds to be appropriated into and out of the Land Conservation Fund and Rental Housing Revolving Fund.

Your Committees received testimony in support of this measure from the Hawaii Housing and Finance Development Corporation. Your Committees received comments on this measure from the Department of Budget and Finance, Department of Land and Natural Resources, and Tax Foundation of Hawaii.

Your Committees find that this measure is a necessary tool to help the State address its temporary fiscal difficulties while continuing to meet the needs of Hawaii's people.

Your Committees note the suggestions by the Department of Land and Natural Resources, and asks your Committee on Finance to consider the Department's amendments should it hear this measure.

Your Committees have amended this measure by changing its effective date to January 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Water & Land and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 58, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 58, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 7. Noes, none. Excused, 1 (McDermott).

Housing: Ayes, 5. Noes, none. Excused, 3 (Aquino, DeCoite, McDermott).

SCRep. 338 Agriculture on H.B. No. 156

The purpose of this measure is to repeal the requirement that the County of Kauai contract solely with the Kauai Humane Society.

Your Committee received testimony in support of this measure from one member of the Kauai County Council and Animal Rights Hawai'i.

Your Committee finds that repealing the statutory requirement for the County of Kauai to contract solely with the Kauai Humane Society will enable the County of Kauai to contract with other service providers, like all other counties in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 156 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 339 Agriculture on H.B. No. 247

The purpose of this measure is to implement several recommendations with regard to land subdivision and condominium property regime laws relating to agricultural lands made by the Office of Planning as a result of a study conducted pursuant to Act 278, Session Laws of Hawaii 2019 (Act 278).

Your Committee received testimony in support of this measure from the Department of Agriculture; Office of Planning; Real Estate Commission; City and County of Honolulu Department of Planning and Permitting; one member of the Maui County Council; Ulupono Initiative; Hawaii Farm Bureau; Hawaiian Properties, Ltd; and Hawaii Cattlemen's Council. Your Committee received comments on this measure from the Department of Taxation.

Your Committee finds that Act 278 directed the Office of Planning to study subdivision and condominium property regime issues on agricultural lands. This measure is the result of a collaboration with a broad group of stakeholders and addresses three major issues and recommendations of the study: strengthening the definition of "farm dwelling" to recognize only bona fide farms; allowing county enforcement of unpermitted structures; and allowing counties to submit comments before the registration of a condominium property regime.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 247 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 340 Economic Development on H.B. No. 1047

The purpose of this measure is to:

- (1) Require that general excise tax licenses be renewed biennially; and
- (2) Authorize the Department of Taxation to charge a fee for biennial renewals and require biennial renewals to be applied for electronically.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that many taxpayers who no longer need a general excise tax license fail to cancel their business licenses, which leads to the Department of Taxation's records being filled with defunct licenses. This measure ensures more accurate and relevant records are kept and increases taxpayer compliance.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1047, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1047, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 341 Health, Human Services, & Homelessness on H.B. No. 210

The purpose of this measure is to authorize the use of the Reduced Ignition Propensity Cigarette Program Special Fund to support the duties and responsibilities of the State Fire Council beyond funding the administration and enforcement of the Reduced Ignition Propensity Cigarette Program.

Your Committee received testimony in support of this measure from the State Fire Council and Honolulu Fire Department.

Your Committee finds that the State Fire Council is responsible for the development and maintenance of a comprehensive statewide fire service management network, reviewing and adopting the State Fire Code, administratively overseeing the Reduced Ignition Propensity Cigarette Program, assisting in the application and administration of federal grants for the fire service, assisting and coordinating with the statewide delivery of fire training programs, coordinating the collection of fire data, and supporting contingency planning needs for fire fighters. Your Committee further finds that the State Fire Council has inadequate funding and staffing to fulfill its duties. This measure will enable the State Fire Council to use existing revenue to properly support the educational programs and training for a comprehensive fire service emergency management network for the protection of life, property, and the environment for the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 210, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 210, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 342 Health, Human Services, & Homelessness on H.B. No. 381

The purpose of this measure is to:

- (1) Codify the administrative definition of "assistance animal" for the purposes of real estate transactions;
- (2) Clarify the type of verification an individual may provide to establish the need for an assistance animal; and
- (3) Specify that the possession of a vest or other distinguishing animal garment, tag, or registration document commonly purchased online and purporting to identify an animal as a service animal or assistance animal does not constitute a valid verification of a disability-related need for an assistance animal.

Your Committee received testimony in support of this measure from the Hawaii Civil Rights Commission, Hawaii Disability Rights Center, and Hawaii Association of REALTORS. Your Committee received comments on this measure from the Disability and Communication Access Board; Community Associations Institute, Legislative Action Committee; Associa; Hawaiian Properties, Ltd.; and one individual.

Your Committee believes that codifying the definition of "assistance animal" and providing additional guidance on the types of verification a housing provider may ask for, including explicitly disallowing commonly purchased vests, tags, or other distinguishing animal garments purporting to identify an animal as a service or assistance animal, will assist individuals requiring assistance animals and housing providers to make reasonable accommodations for assistance animals.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 381, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 381, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 343 Health, Human Services, & Homelessness on H.B. No. 706

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Wahiawa General Hospital with its long-term debt restructuring.

Your Committee received testimony in support of this measure from Wahiawa General Hospital and International Longshore & Warehouse Union, Local 142. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee notes that for over the past fifteen years, Wahiawa General Hospital has experienced severe financial difficulties, due to the impacts of several factors, including the reopening of Queen's Medical Center West Oahu in Ewa, Oahu; reductions in Medicare, Medicaid, and private insurance requirements under the federal Patient Protection and Affordable Care Act; the ongoing shortage of physicians in the State; uncertainty in the availability of federal and state funding caused by instability in federal health care policy; and an increasing need for the provision of indigent care that includes the homeless population. In addition, the COVID-19 pandemic has exacerbated Wahiawa General Hospital's fiscal challenges.

Your Committee recognizes that Wahiawa General Hospital is critical to providing a continuum of health care services in the State. It is a 53-bed acute care facility and 107-bed long-term care facility. This measure will enable Wahiawa General Hospital to restructure its long-term debt and position itself to continue its mission of serving the health care needs of Central Oahu, North Shore, and other communities.

Your Committee has amended this measure by:

- (1) Amending the purpose section;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 706, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 706, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 344 Health, Human Services, & Homelessness on H.B. No. 728

The purpose of this measure is to provide flexibility in the administering of the Statewide Language Access Resource Center.

Your Committee received testimony in support of this measure from the Department of Health, Language Access Advisory Council, Hawaii Friends of Civil Rights, Hawaii Coalition for Immigrant Rights, and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Human Services and Office of Language Access.

Your Committee finds that the disparate impact of the COVID-19 pandemic on Pacific Islander communities highlights the necessity of the Office of Language Access and its role providing communication and assistance to state agencies to translate vital health information and communication. Your Committee further finds that allowing the Office of Language Access to have flexibility over the services provided and accept additional sources of funding is in the best interest of the public.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 728, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 728, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 345 Health, Human Services, & Homelessness on H.B. No. 1297

The purpose of this measure is to:

- (1) Make all special funds subject to the five percent deduction into the general fund for central service expenses;
- (2) Repeal the Community Health Centers Special Fund and Emergency Medical Services Special Fund;
- (3) Transfer to the general fund any amounts allocated to the Community Health Centers Special Fund and Emergency Medical Services Special Fund, including amounts from the cigarette tax and tobacco tax;
- (4) Transfer to the credit of the general fund certain surcharges allocated to the Trauma System Special Fund and any amounts allocated to the Trauma System Special Fund from the cigarette tax and tobacco tax; and
- (5) Make a general fund appropriation to the Department of Health for operating expenses.

Your Committee received testimony in opposition to this measure from the Department of Transportation, Department of Land and Natural Resources, Department of Human Services, University of Hawaii System, Hawaii Tourism Authority, Employees' Retirement System Board of Trustees, Hawaii Emergency Management Agency, Hawaii Health Systems Corporation, Reynolds Recycling, Kula Hospital, Lanai Community Hospital, Hana Health, Ho'ola Lahui Hawaii, Kokua Kalihi Valley, Hawaii Primary Care Association, Lanai Community Health Center, Waianae Coast Comprehensive Health Center, Healthcare Association of Hawaii, American Cancer Society Cancer Action Network, Queen's Health Systems, Hawaii Pacific Health, and three individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of the Attorney General, Department of Education, Department of Taxation, Department of Budget and Finance, and Department of Health.

Your Committee finds that requiring most special funds to be subject to the five percent deduction into the general fund for central services expenses; abolishing the Community Health Centers Special Fund and Emergency Medical Services Special Fund; and transferring certain allocations and surcharges from the Community Health Centers Special Fund, Emergency Medical Services Special Fund, and Trauma System Special Fund will meaningfully assist the State in carrying out its core functions and assist in the State's recovery from the economic harm caused by the COVID-19 pandemic.

Your Committee has amended this measure by:

- (1) Restoring the exemption from the five percent deduction into the general fund for central services expenses for the:
 - (A) Center for Nursing Special Fund;
 - (B) Passenger Facility Charge Special Fund;
 - (C) Hospital Sustainability Program Special Fund; and
 - (D) Nursing Facility Sustainability Program Special Fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1297, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1297, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Har, Kapela). Noes, none. Excused, 1 (LoPresti).

SCRep. 346 Education on H.B. No. 11

The purpose of this measure is to advance equality in Hawaii's public education system by requiring:

- (1) The Board of Education to adopt performance standards that are culturally relevant, historically and scientifically accurate, and nondiscriminatory;
- (2) A standards-based curriculum and related educational materials that are historically and scientifically accurate and nondiscriminatory with regard to race, ethnicity, sex, gender identity or expression, sexual orientation, color, religion, ancestry, or disability; and
- (3) School complexes to develop, to the greatest extent possible, a standards-based curriculum that includes content on the injustice endured by the indigenous people of Hawaii and other historically underrepresented populations.

Your Committee received testimony in support of this measure from Together For Our Keiki and six individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education.

Your Committee finds that to advance the fundamental democratic principles of equality, liberty, and justice for all, a quality school system must deliver instruction that is historically and scientifically accurate and free from discrimination. Your Committee believes that this measure will prepare students to participate in the advancement of a more equal society through the development and adoption of educational content that is culturally relevant, nondiscriminatory, and inclusive of the historical injustices endured by marginalized populations.

Your Committee has amended this measure by:

- (1) Clarifying that school complexes shall develop, to the greatest extent possible, a standards-based curriculum that includes content on the historical injustice, cultural subjugation, and discrimination faced by the indigenous people of Hawaii and other historically underrepresented populations as applicable to units of study;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 11, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 11, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Okimoto). Excused, 2 (Ohno, Quinlan).

SCRep. 347 Education on H.B. No. 608

The purpose of this measure is to:

- (1) Require the Board of Education to hold no less than six community forums annually, rather than committee meetings, with at least one community forum to be held in each county; and
- (2) Require the Board to include an open forum for public comment on non-agenda items at the end of each public Board meeting and report to the 2022 Legislature on the implementation of the open forums.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in support of the intent of this measure from the League of Women Voters. Your Committee received comments on this measure from the Office of Information Practices, Board of Education, and Civil Beat Law Center for the Public Interest.

Your Committee finds that community meetings held by the Board of Education improve the public's access to the Board and allow the public to provide the Board with more information to help with decision-making and priority setting. Greater access to the Board of Education from communities in each county across the State through community forums will allow the Board to hear from more community stakeholders and receive more information before making decisions at a later date.

Your Committee has amended this measure by:

- (1) Removing language which would have allowed only less than a quorum of Board of Education members to attend a community forum;
- (2) Requiring the Board to give written public notice that indicates the date, time, and place, of each community forum and meets the posting and filing requirements pursuant to section 92-7, Hawaii Revised Statutes, which provides public meeting notice requirements for certain state entities;
- (3) Requiring the community forums to be open to the public for all persons to attend and allow for all interested persons to share data, views, or arguments, on any public education or public library issue; and
- (4) Changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 608, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 608, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ohno, Quinlan).

SCRep. 348 Education on H.B. No. 619

The purpose of this measure is to:

- (1) Require public school students to complete a course in ethnic studies, beginning with public school students graduating at the end of the 2029-2030 school year; and
- (2) Require the Superintendent of Education to develop, adopt, modify, or revise a model curriculum in ethnic studies, circulate the curriculum for public comment, and obtain approval of the curriculum from the Board of Education.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education.

Your Committee finds that education is a powerful tool that can empower communities to remedy societal ills, such as racism, gender inequity, and discrimination, and can contribute to the development of civically- and critically-minded citizens. Your Committee further finds that ethnic studies promotes

perspective-based learning and critical reading skills, which have the power to increase student involvement, reading comprehension, and standardized test scores and to decrease dropout rates. This measure will integrate ethnic studies into the public school education curriculum and prepare students to engage in the advancement of a more equal society.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 619, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 619, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Okimoto). Excused, 2 (Ohno, Quinlan).

SCRep. 349 Education on H.B. No. 1392

The purpose of this measure is to create an exemption for unpaid interns enrolled in a Department of Education program from the wages and hours requirements of employees on public works projects.

Your Committee received testimony support of this measure from the Department of Education and one individual. Your Committee received testimony in support of the intent of this measure from the Hawaii Construction Alliance, Pacific Resource Partnership, Hawaii Carpenters Apprenticeship & Training Trust Fund, General Contractors Association of Hawaii, YouthBuild Waimanalo, and Hawaii Laborers' Union Local 368. Your Committee received testimony in opposition to this measure from the Department of Labor and Industrial Relations.

Your Committee finds that work-based learning opportunities such as internships are an essential component to a high-quality Career and Technical Education program of study. The exemption for unpaid interns enrolled in a Department of Education Program from the wages and hours requirements of employees on public works projects as provided by this measure will increase access to student internships that provide invaluable real world work experience.

Your Committee has amended this measure by:

- (1) Applying the exemption from the wages and hours requirements of employees on public works projects to any intern enrolled in a Department of Education program, regardless of whether they are unpaid; and
- (2) Changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1392, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1392, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ohno, Quinlan).

SCRep. 350 Pandemic & Disaster Preparedness on H.B. No. 534

The purpose of this measure is to:

- (1) Establish the circumstances when a person using deadly force has no duty to retreat and has the right to stand their ground; and
- (2) Repeal statutory language that permits a person to use deadly force at a person's place of work in some circumstances.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Community Alliance on Prisons, Common Cause Hawaii, Hawaii Firearms Coalition, Honolulu County Republican Party, National Rifle Association, and numerous individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that residents have been diligently staying at home in order to reduce the amount of coronavirus cases in the State. However, as a result, the State's economy is suffering, leading to an increase in economic hardships for residents. Your Committee further finds that there is a correlation between the worsening economy and an increase in crime in the State, especially violent crimes. Your Committee believes that residents should be allowed to defend themselves and their families.

Your Committee notes the numerous testifiers requesting for the adoption of House Bill No. 711, Regular Session of 2021, another measure relating to the use of force for self-defense, that better addresses the concern of a person being able to use force to defend themselves, their families, or their property. Your Committee concludes that the language in House Bill No. 711, Regular Session of 2021, is preferable because it provides more opportunities for self-defense.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of House Bill No. 711, Regular Session of 2021, which:
 - (A) Authorizes the use of deadly force if it is necessary to defend oneself, one's legally occupied dwelling or motor vehicle, or another person, under certain circumstances;
 - (B) Clarifies when there is no duty for a victim to retreat;
 - (C) Repeals existing language regarding unjustifiable use of force and specifies that the use of force is not justifiable when resisting a law enforcement officer or when a private person is assisting a law enforcement officer; and
 - (D) Provides immunity from criminal prosecution and civil action for the use of force when used in certain situations; and
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 534, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 534, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Woodson). Noes, 2 (McKelvey, Wildberger). Excused, none.

SCRep. 351 Pandemic & Disaster Preparedness on H.B. No. 934

The purpose of this measure is to appropriate funds for COVID-19 response programs and activities.

Your Committee received testimony in support of this measure from the Department of Health, Department of Human Services, Department of Defense, Department of Budget and Finance, Hawaii Health Systems Corporation, and Hawaii Primary Care Association.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic has devastated the world and crippled the State's economy. Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) on March 27, 2020, to help the State address the extensive health and economic fallout of the COVID-19 pandemic. However, funds provided by the CARES Act are set to expire soon, leaving essential COVID-19 response programs potentially unfunded. This measure will ensure COVID-19 response related programs maintain their funding so that the State may continue offering essential services to its residents.

Your Committee has amended this measure by:

- (1) Inserting blank appropriation amounts;
- (2) Requiring that should any project or program paid for by State funds become eligible for federal reimbursement, those federal funds shall be deposited into the general fund;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 934, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 934, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 352 Pandemic & Disaster Preparedness on H.B. No. 955

The purpose of this measure is to establish a framework for disaster recovery in the State.

Your Committee received testimony in support of this measure from the State Disaster Recovery Coordinator of the Office of the Governor, Department of Defense, Office of Planning, Hawaii Emergency Management Agency, Hawaii State Energy Office, and two individuals.

Your Committee finds that efficient and effective disaster recovery efforts require the coordination of numerous public and private entities. Your Committee believes that the State is in need of a single leading authority to facilitate the identification, coordination, and delivery of recovery assistance during and after a disaster. This measure will help to enhance the coordination of all affected stakeholders, mitigate the impacts of disasters, and improve disaster recovery efforts by establishing a disaster recovery program and framework for the State.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 955, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 955, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 353 Pandemic & Disaster Preparedness on H.B. No. 962

The purpose of this measure is to make an emergency appropriation to the Department of Defense for COVID-19 related expenditures.

Your Committee received testimony in support of this measure from the Department of Defense, Hawaii Emergency Management Agency, and Hawaii Primary Care Association.

Your Committee finds that the Department of Defense plays a critical role in coronavirus disease 2019 (COVID-19) response efforts. The Department of Defense has worked with federal and state agencies to ensure the safety of the residents and visitors of Hawaii. This measure safeguards the continuation of necessary COVID-19 related response programs for the Department of Defense to ensure the health and welfare of Hawaii's residents and visitors.

Your Committee has amended this measure by:

- (1) Inserting blank appropriation amounts;
- (2) Requiring that should any project or program paid for by State funds become eligible for federal reimbursement, those federal funds shall be deposited into the general fund;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 962, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 962, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 354 Pandemic & Disaster Preparedness on H.B. No. 963

The purpose of this measure is to make an emergency appropriation for the Office of the Governor to continue funding for various COVID-19 response related programs and activities.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Primary Care Association. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the United States Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) on March 27, 2020, to provide economic relief to citizens and states. While the CARES Act provided funding for highly essential programs and services, your Committee believes additional funding may be needed. This measure will provide continuation of the funding necessary for COVID-19 related response programs to ensure the health and welfare of residents and visitors of the State.

Your Committee has amended this measure by:

- (1) Inserting a blank appropriation amount;
- (2) Requiring that should any project or program paid for by State funds become eligible for federal reimbursement, those federal funds shall be deposited into the general fund;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 963, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 963, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 355 Energy & Environmental Protection on H.B. No. 803

The purpose of this measure is to:

- (1) Authorize each county to adopt ordinances to enforce state laws relating to the designation of parking spaces for electric vehicles, including the establishment of penalties;
- (2) Require that new electric vehicle charging systems installed pursuant to the electric vehicle charging system requirements be at least Level 2 and internet-capable; and
- (3) Clarify that certain enforcement officers may enter private property to enforce electric vehicle parking space violations.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i; Mission Zero Hawaii; Hawaii EV Association; Big Island EV Association; Climate Protectors Hawaii; Ulupono Initiative; Deluxe Hawaiian Vacations; KauaiEV; Hawaiian Electric Company, Inc.; 350Hawaii; Blue Planet Foundation; Tesla, Inc.; and numerous individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that zero-emission vehicles, such as electric vehicles, play an integral role in Hawaii's clean energy future. Electric vehicles are much less expensive to power per mile than their gasoline counterparts. With the continued growth of electric vehicle adoption by consumers, this measure ensures that there is the necessary infrastructure to support electric vehicle use.

Your Committee has amended this measure by:

- (1) Increasing the required number of parking spots for electric vehicles for places of public accommodation with at least one hundred parking spaces from one to five;
- (2) Specifying that, beginning January 1, 2022, each new electric vehicle charging system installed or placed in service for a place of public accommodation with at least one hundred parking spaces be at least a level 2 charging station that is network-capable;
- (3) Requiring that electric vehicle charging systems be maintained in working order;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 803, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 803, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 356 Energy & Environmental Protection on H.B. No. 1318

The purpose of this measure is to:

- (1) Restructure the Statewide Sustainability Branch as the Sustainability and Environmental Review Division;
- (2) Transfer the Environmental Council from the Department of Health to be established in the Office of Planning as the Environmental Advisory Council;
- (3) Amend the ability for an applicant to appeal nonacceptance of an environmental impact statement from the Environmental Council to the Environmental Advisory Council; and
- (4) Transfer the rights, powers, employees, appropriations, and other personal property from the Office of Environmental Quality Control to the Sustainability and Environmental Review Division.

Your Committee received testimony in support of this measure from the Office of Environmental Quality Control and two individuals. Your Committee received comments on this measure from the Land Use Commission, Office of Planning, and one individual.

Your Committee finds that achieving an abundant and sustainable future for Hawaii will require re-envisioning the State's institutional framework to better integrate sustainability principles into the organizational structure of state government, especially in planning, land use, environmental, and economic development programs. This measure will enhance state government agencies' ability to implement climate change adaptation measures to increase clean energy production and address sea level rise.

Your Committee has amended this measure by:

- (1) Inserting findings relating to the importance of improved collaboration of state agencies for achieving the State's sustainability goals;
- (2) Establishing the Environmental Advisory Council, including its functions, under chapter 341, Hawaii Revised Statutes, rather than chapter 225M, Hawaii Revised Statutes;
- (3) Inserting language that codifies the role and responsibilities of the Office of Planning relating to environmental reviews and environmental quality control;
- (4) Amending the composition of the Greenhouse Gas Sequestration Task Force by substituting the State Sustainability Coordinator for the Director of the Office of Planning;
- (5) Deleting provisions that would have added the Director of the Sustainability and Environmental Review Division to the Statewide Transportation Council;
- (6) Repealing provisions relating to the Office of Environmental Quality Control and Environmental Center;
- (7) Specifying that the rights, powers, employees, functions, duties, appropriations, and other personal property of the Office of Environmental Quality Control shall be transferred to the Office of Planning, instead of the Sustainability and Environmental Review Division;
- (8) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1318, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1318, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 357 Energy & Environmental Protection on H.B. No. 842

The purpose of this measure is to establish and appropriate funds for the Environmental Impact Statement Hub as a hearing and notification website within the Office of Environmental Quality Control to notify the public of current and upcoming environmental impact statement hearings, public comment periods, and allowing comments to be submitted online.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Office of Environmental Quality Control and State Environmental Council.

Your Committee finds that transparency is important to the public, especially regarding the approval and permitting processes for construction and other projects that may impact the environment. Although the Office of Environmental Quality Control currently has a website that provides information to the public, the information provided on the site is difficult to locate. Therefore, it is necessary to encourage public participation by ensuring that the Office of Environmental Quality Control's website is more user-friendly for the public.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 2624, H.D. 1 (Regular Session of 2020), a similar measure that requires and appropriates funds for the Office of Environmental Quality Control to establish, implement, and maintain an interactive website available to the public at no cost that provides certain information and notifications regarding environmental assessment and environmental impact statement actions; and
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 842, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 842, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 358 Energy & Environmental Protection on H.B. No. 1025

The purpose of this measure is to allocate a portion of the Conveyance Tax to the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources to partially cover operational costs related to upholding the laws that serve to protect, conserve, and manage Hawaii's unique and limited natural, cultural, and historic resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, For the Fishes, and three individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS.

Your Committee finds that while tourism is the primary economic driver for the State, it is Hawaii's natural beauty and resources that attract visitors. This measure ensures that adequate funding is provided to preserve and protect Hawaii's natural resources for the current and future residents of the State and its economy.

Your Committee has amended this measure by:

- (1) Making a conforming amendment to allow Conveyance Tax revenues to be deposited into the Conservation and Resources Enforcement Special Fund;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1025, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1025, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 359 Energy & Environmental Protection on H.B. No. 684

The purpose of this measure is to establish an income tax credit for the conversion of gasoline-powered buses to hydrogen-powered buses or the purchase of new hydrogen-powered buses.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Taxation, Hawaii State Energy Office, and Tax Foundation of Hawaii.

Your Committee finds that it is critical for the State to find ways to reduce its reliance on imported fossil fuels. This measure highlights the importance of hydrogen as a key element in the design and equipping of alternative fuel transportation vehicles in the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 684, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 684, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 360 Consumer Protection & Commerce on H.B. No. 1092

The purpose of this measure is to establish procedures for the Department of Transportation, in consultation with the Office of Planning, to assist and enable persons arriving or departing the State by air to voluntarily purchase verifiable carbon offsets to compensate for carbon dioxide emissions from air travel.

Your Committee received testimony in support of this measure from Blue Planet Foundation and one individual. Your Committee received testimony in opposition to this measure from 350Hawaii.org. Your Committee received comments on this measure from the Department of Transportation and Office of Planning.

Your Committee finds that there are many contributors to climate change, and transportation-generated greenhouse gas emissions are a significant contributor. Establishing a carbon offsetting and reduction scheme will help the State achieve its zero-emission clean economy target, while appealing to air travelers who are aware of the climate change implications of their travel.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1092, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 361 Consumer Protection & Commerce on H.B. No. 766

The purpose of this measure is to authorize the Department of Transportation to assess, impose, levy, and collect impact fees for capital costs relating to the development of state highway improvements when the Department determines that a privately owned roadway that connects to a state highway that is commonly used by the public is a substantial danger to the public health and safety.

Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that the State's roadways are critical infrastructure that require proper maintenance to ensure the quality of life for the people of Hawaii. Unmaintained roadways can cause severe damage not only to vehicles, but to the driver, passengers, and anyone in the surrounding environment. Your Committee further finds that there are certain parts of privately owned roads that connect to State-owned highways that are unsafe and frequently used by the public and the assessment of impact fees often provides a rational nexus between those being assessed the fee and the regional benefactors of such fees. This measure will help the State maintain roadways, thereby improving the quality of life for residents and visitors of Hawaii.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 766, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 362 Consumer Protection & Commerce on H.B. No. 160

The purpose of this measure is to subject U-drive motor vehicles to the same motor vehicle registration fees as other motor vehicles.

Your Committee received testimony in support of this measure from the Kauai Police Department, Department of Finance of the County of Kaua'i, and Hawaii State Association of Counties.

Your Committee finds that under existing law the registration fee for U-drive motor vehicles, or rental motor vehicles, is less than all other motor vehicles. Your Committee believes the existing registration fee for rental motor vehicles does not equally reflect the actual amount rental motor vehicles use the State's roadways. Your Committee further finds that implementation of the highway beautification fee on an equal basis will help provide much needed funding to help defray costs associated with disposing of abandoned vehicles.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 160, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 363 Consumer Protection & Commerce on H.B. No. 306

The purpose of this measure is to:

- (1) Amend the definitions of "preceptor" and "volunteer-based supervised clinical training rotation" to improve accessibility for providers to receive income tax credits for acting as preceptors; and
- (2) Revise the membership of the Preceptor Credit Assurance Committee to include the Director of Health.

Your Committee received testimony in support of this measure from the Department of Health, Department of Taxation, University of Hawai'i System, Hawai'i State Center for Nursing, Hawai'i Primary Care Association, Queen's Health Systems, Hawai'i Association of Professional Nurses, Hawai'i State Rural Health Association, and five individuals.

Your Committee finds that although the intent of the existing Healthcare Preceptor Tax Credit is to incentivize volunteer preceptors to offer professional instruction, training, and supervision to students and residents seeking careers as healthcare providers, only a small subset of potential preceptors are able to meet the current eligibility requirements. Your Committee believes that clarifying the eligibility requirements for the healthcare preceptor tax credit will expand the field of preceptors, thereby increasing the opportunities for students pursuing careers as healthcare providers to obtain in-state supervised clinical training. Your Committee further notes the testimony received in your Committee that requested clarifications that this measure's provisions will apply to all of calendar year 2021.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 306, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 364 Consumer Protection & Commerce on H.B. No. 309

The purpose of this measure is to:

- (1) Expand coverage of breast cancer screening and imaging to include risk factor screening, additional and supplemental imaging, and baseline mammograms for women between the ages of thirty-five and thirty-nine; and
- (2) Require the Auditor to conduct an impact assessment report to assess the social and financial impacts of the proposed mandated coverage and report to the Legislature prior to the Regular Session of 2022.

Your Committee received testimony in support of this measure from the Hawai'i Primary Care Association, Hawai'i Radiological Society, Hawai'i Medical Association, Hawai'i Pacific Health, and Hawai'i Society of Clinical Oncology. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Health, Hawai'i Medical Service Association, and Hawai'i Association of Health Plans.

Your Committee finds that, on average, women in Hawai'i between the ages of forty and forty-nine have a higher incidence of breast cancer compared to the national average. Your Committee further finds that expanding the coverage and types of coverage of breast cancer screening is in the best interest of public health and will ensure that women with high risk of breast cancer in Hawai'i have access to early breast cancer screening.

Your Committee has amended this measure by:

- (1) Removing language that would have mandated baseline mammograms for women between the ages of thirty-five and thirty-nine from breast cancer screening and imaging coverage; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 309, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 309, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 365 Consumer Protection & Commerce on H.B. No. 473

The purpose of this measure is to authorize the establishment of a physician-patient relationship via a telehealth appointment if the physician is licensed in the State.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawai'i Medical Board, Healthcare Association of Hawai'i, Kaiser Permanente Hawai'i, Hawai'i Substance Abuse Coalition, Hawai'i Pacific Health, Hawai'i Medical Association, AARP Hawai'i, Queen's Health Systems, American Telemedicine Association, and one individual. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that the coronavirus disease 2019 pandemic drastically changed how health care providers care for their patients. As a result of the pandemic, the State has seen an increase in the use of telehealth services, which provides a safe and easy way for patients to continue seeing their health care providers. Despite the convenience of telehealth, existing law remains ambiguous regarding whether a patient can use telehealth to establish a physician-patient relationship. Your Committee believes that having the flexibility to establish a physician-patient relationship through telehealth will increase access to care for residents in the State.

Your Committee recognizes the testimony from the Department of Public Safety noting a potential conflict with existing laws that do not allow the use of telehealth, specifically to ensure that controlled substances in Hawai'i are administered, prescribed, and dispensed for legitimate medical purposes.

Accordingly, your Committee has amended this measure by specifying that a patient or licensed physician may use telehealth for any allowable purpose in accordance with the law, rather than for any purpose.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 473, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 473, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 366 Consumer Protection & Commerce on H.B. No. 224

The purpose of this measure is to:

- (1) Change the administration of the State Health Planning and Development Special Fund and divert excess monies in the Fund each year to the general fund;
- (2) Amend certain provisions for the certificate of need process; and
- (3) Appropriate funds for permanent positions within the State Health Planning and Development Agency.

Your Committee received testimony in support of this measure from the State Health Planning and Development Agency, Elder Care 808, and one individual. Your Committee received testimony in opposition to this measure from Liberty Dialysis-Hawaii/Fresenius Medical Care North America. Your Committee received comments on this measure from the Hawaii Primary Care Association and Hawaii Substance Abuse Coalition.

Your Committee finds that revamping the administration of the State Health Planning and Development Agency as proposed in this measure will support its functions and operations through use of special funds for personnel expenditures. In addition, the provision of additional fees and fines envisioned by this measure will help to increase funds in the State Health Planning and Development Special Fund. Your Committee notes that this measure will enable the State Health Planning and Development Agency to support itself and perform its statutory functions.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 224, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 367 Consumer Protection & Commerce on H.B. No. 871

The purpose of this measure is to support and promote agriculture in the State, specifically on lands under the jurisdiction of the Department of Agriculture, by establishing a new agricultural enterprise program.

Your Committee received testimony in support of this measure from Larry Jefts Farms, LLC; Ponoholo Ranch Limited; Hawai'i Farm Bureau; Jays Hog Farm; Ulupono Initiative; Hawaii Aquaculture & Aquaponics Association; Land Use Research Foundation of Hawaii; East Oahu County Farm Bureau; AG Matters, LLC; MauiGrown Coffee, Inc.; Hawaii Crop Improvement Association; Local Food Coalition; Hawaii Cattlemen's Council, Inc.; and six individuals. Your Committee received comments on this measure from the Department of Agriculture and University of Hawai'i System.

Your Committee finds that while the production of crops and organisms on agricultural park and non-agricultural park lands under the jurisdiction of the Department of Agriculture are promoted and allowed, existing law does not explicitly allow ancillary and other activities related to and supportive of agriculture. Supporting the broad spectrum of agricultural activities from crop development to innovative programs such as in this measure will allow Hawaii's agricultural industry to flourish. Specifically, this measure clarifies that ancillary and other related activities supporting agriculture are encouraged on all Department lands, which will give the Department greater flexibility on agricultural leases to help further develop Hawaii's agriculture industry and ensure the Department can fulfill its statewide goals and objectives.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 871, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 871, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 368 Consumer Protection & Commerce on H.B. No. 1004

The purpose of this measure is to:

- (1) Allow the Department of Labor and Industrial Relations to prohibit the operation of pressure retaining items, amusement rides, and elevators and kindred equipment if fees and fines are not timely paid; and
- (2) Require the Director of Labor and Industrial Relations to establish the boiler and elevator fee schedule by rule, rather than setting the fees in statute.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that the Department of Labor and Industrial Relations has struggled to collect fees for completed inspections, which threatens the viability of the Boiler and Elevator Revolving Fund. This measure will enhance compliance with the timely paying of fees. Your Committee further finds that the current statutory fee schedules for boilers and elevators are outdated, as the Department's administrative rules already contain the updated fee amounts. This measure therefore deletes the existing fee schedules in statute.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1004, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1004, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 369 Consumer Protection & Commerce on H.B. No. 72

The purpose of this measure is to:

- (1) Establish a framework for the regulation of electric foot scooters by the State and counties; and
- (2) Amend definitions of "moped" to exclude electric foot scooters.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of Transportation Services of the City and County of Honolulu, Department of Customer Services of the City and County of Honolulu, and Honolulu Police Department. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice. Your Committee received comments on this measure from the Hawaii State Energy Office and Spin.

Your Committee finds that electric foot scooters and other micromobility options continue to evolve and expand. As use of micromobility devices increase, your Committee notes that these modes of transportation offer enormous potential to be a solution to reducing transportation costs, traffic on Hawaii's roadways, dependence on fossil fuels, and pollutants and harmful emissions. Electric foot scooters provide an affordable, convenient, and sustainable transportation option.

Your Committee has amended this measure by:

- (1) Placing the new registration requirements for electric foot scooters under the chapter relating to County Vehicular Taxes, rather than in the Traffic Code;
- (2) Clarifying the penalties for persons who operate an electric foot scooter in reckless disregard of persons or property;
- (3) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 72, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 72, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 370 Consumer Protection & Commerce on H.B. No. 943

The purpose of this measure is to establish a different regulatory framework for nondepository trust companies by:

- (1) Clarifying the powers and duties of nondepository trust companies;
- (2) Changing the yearly assessments on nondepository trust companies by basing the calculation on total assets under management; and
- (3) Establishing a paid-in capital and surplus requirement in order to charter nondepository trust companies in the State.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that nondepository trust companies provide a valuable service to consumers who do not have assets that would qualify for asset management by banks or large investment firms or do not have friends or family members to manage their assets.

Your Committee further finds that the main purpose of nondepository trust companies is to serve as a fiduciary, acting as a trustee or guardian in the administration of funds, estates, and other related services. Your Committee, therefore, recognizes the important role of these entities and this measure's effort to promote their viability in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 943, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 943, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 371 Consumer Protection & Commerce on H.B. No. 113

The purpose of this measure is to exempt hydrogen fuels from petroleum product measurement requirements.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Ulu pono Initiative, Servco Pacific Inc., Alliance for Automotive Innovation, and Hawai'i Gas. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that hydrogen, as a clean fuel, is important to Hawaii's energy portfolio and an attractive fuel option for transportation and electricity generation applications. Your Committee further finds that the Department of Agriculture currently does not have the technical skills and equipment to measure and certify hydrogen dispensers. This measure will enable hydrogen to be more broadly available, thereby advancing clean, renewable ground transportation and provide immediate benefits to the State.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 113, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 372 Consumer Protection & Commerce on H.B. No. 181

The purpose of this measure is to amend the definition of "property" as it relates to offenses against property rights under the Penal Code to expressly include intellectual property or property stored in an electronic medium.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the Honolulu Police Department.

Your Committee notes the concerns raised in testimony before your Committee that the Honolulu Police Department does not have the personnel, investigative expertise, or ability to determine the monetary value associated with intellectual property crimes.

Accordingly, your Committee has amended this measure by:

- (1) Removing provisions regarding intellectual property;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 181, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 181, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 373 Consumer Protection & Commerce on H.B. No. 1016

The purpose of this measure is to:

- (1) Clarify that a valid commercial marine vessel license satisfies the commercial marine license requirement for all persons taking marine life for commercial purposes aboard a licensed vessel; and
- (2) Authorize any person providing fishing charter services to obtain a commercial marine vessel license.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, United Fishing Agency, and ten individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that currently, every individual on a fishing vessel must each have a commercial marine license to participate in a commercial fishing trip. This requirement causes problems when part-time crew members are needed for a trip or when visitors are invited on board. This measure would be more convenient and cost effective for Hawaii boat-based fishers by ensuring that everyone on board is covered under one license. This measure also specifies that any person providing fishing charter services, whether vessel-based or shore-based, is authorized to obtain a commercial marine license.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1016, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 374 Consumer Protection & Commerce on H.B. No. 499

The purpose of this measure is to authorize the Board of Land and Natural Resources to extend commercial, industrial, resort, mixed-use, or government leases, other than those to which the University of Hawaii is a party, that have not been sold or assigned within the last ten years, for lessees who commit to substantial improvement to the existing improvements.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Pacific Resource Partnership; Stanford Carr Development, LLC; Prince Kuhio Plaza; and one individual. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs, Democratic Party of Hawai'i Hawaiian Affairs Caucus, Kūpuna for the Mo'opuna, and Ka Lāhui Hawai'i Komike Kalai'āina.

Your Committee finds that many leases issued by the State for commercial, industrial, resort, mixed-use, and government properties on public land are nearing the end of the lease term. Due to the uncertainty of their leases, some lessees are allowing properties to deteriorate or selling their leases near the end of the lease terms at a discount. This measure incentivizes lessees to make major infrastructural improvements, while ensuring the long-term commitment of businesses.

Your Committee has amended this measure by:

- (1) Prohibiting the assignment of leases to sublessees; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 499, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 499, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 375 Consumer Protection & Commerce on H.B. No. 809

The purpose of this measure is to improve broadband access and infrastructure in the State by:

- (1) Establishing the Hawaii Broadband Office within the Hawaii Technology Development Corporation;
- (2) Establishing the position of the State Broadband Strategy Officer;
- (3) Renaming the Broadband Assistance Advisory Council as the Broadband Advisory Council and amending its purpose and membership;
- (4) Requiring the Chief Executive Officer of the Hawaii Technology Development Corporation to convene and chair the Broadband Advisory Council; and
- (5) Appropriating funds for the creation and staffing of the Hawaii Broadband Office.

Your Committee received testimony in support of this measure from the Department of Health, Department of Transportation, Hawaii Primary Care Association, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Department of Business, Economic Development, & Tourism; Hawaii Technology Development Corporation; and Maui Chamber of Commerce.

Your Committee finds that there is a strong relationship between broadband access and economic development, education, health, community building, and civic engagement throughout the State. Furthermore, broadband is essential to maintain Hawaii's global competitiveness and a modern lifestyle, as its use grows in all sectors, particularly in education, retail, and government services. This measure establishes the Hawaii Broadband Office and restructures the Broadband Assistance Advisory Council to improve broadband services throughout the State.

Your Committee has amended this measure by:

- (1) Specifying that existing members of the Advisory Council will continue to serve the remainder of their terms and requiring that vacancies be filled in a manner consistent with this measure; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 809, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 809, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 376 Consumer Protection & Commerce on H.B. No. 1191

The purpose of this measure is to:

- (1) Establish the Broadband Infrastructure Grant Program to award grants to applicants to extend deployment of infrastructure used to provide broadband service to unserved areas of the State;
- (2) Amend the Hawaii Technology Loan Revolving Fund to change it to the Hawaii Broadband Infrastructure Fund, including the types of funds deposited into the fund; and
- (3) Authorize the issuance of general obligation bonds for the Broadband Infrastructure Grant Program.

Your Committee received testimony in support of this measure from the Department of Transportation, Office of Community Services of the Department of Labor and Industrial Relations, Hawaii Primary Care Association, Charter Communications, Maui Chamber of Commerce, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Business, Economic Development, and Tourism; Office of Information Practices; Hawaii Technology Development Corporation; and Hawaiian Telcom.

Your Committee finds that it is critical to improve access to broadband services for residents, consumers, and businesses across the State. Although broadband coverage in the State is widespread, additional investment can be made to keep up with needs in rural communities to bridge the digital divide. The Broadband Infrastructure Grant Program proposed by this measure would facilitate deployment of infrastructure necessary to bring broadband service to unserved and underserved areas of the State. Your Committee notes that twenty-three states have grant programs similar to the one proposed in this measure.

Your Committee further finds that there are several federal programs with similar objectives in ensuring that more Americans have access to broadband service, including the Federal Communications Commission's Rural Digital Opportunity Fund. Your Committee notes that the Broadband Infrastructure Grant Program is intended to be complementary to these federal programs and further the shared goal of expanding broadband service access.

Your Committee has amended this measure by:

- (1) Specifying that an applicant attest that the project does not jeopardize the eligibility of federal funding;
- (2) Changing the appropriation to an unspecified amount; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the appropriation amount in this measure, as received by your Committee, was \$5,000,000. Should your Committee on Finance choose to hear this measure, your Committee respectfully requests that it give consideration to this appropriation amount.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1191, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1191, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 377 Consumer Protection & Commerce on H.B. No. 327

The purpose of this measure is to:

- (1) Convene a Sustainable Aviation Fuel Task Force within the Hawaii State Energy Office to develop a state action plan to reduce the greenhouse gas intensity of international air transportation from Hawaii; and
- (2) Require the Task Force and Hawaii State Energy Office to submit reports to the Legislature.

Your Committee received testimony in support of this measure from the Office of Planning, Climate Protectors Hawaii, Imua Alliance, 350Hawaii.org, and five individuals. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that many of the requirements and renewable energy goals of the State have been focused on the electricity and ground transportation sectors as sources of greenhouse gas emissions. However, not much regard has been given to emissions from other forms of transportation or other major economic drivers. Developing an action plan to reduce the greenhouse gas emissions generated by other forms of transportation, such as air transportation, will contribute to a holistic plan of action for Hawaii regarding policy, technology, funding, and facilitation of public and private actions on climate change mitigation.

Your Committee has amended this measure by:

- (1) Extending the timeframe for the task force to submit its interim and final reports by one year;
- (2) Specifying that the task force shall cease to exist on June 30, 2024; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 327, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 327, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 378 Consumer Protection & Commerce on H.B. No. 508

The purpose of this measure is to increase compliance with the Fireworks Control Law by increasing the fines for violations of permissible uses of fireworks.

Your Committee received testimony in support of this measure from the State Fire Council, Honolulu Fire Department, Hawaiian Humane Society, and four individuals. Your Committee received comments on this measure from the Department of Public Safety, Honolulu Police Department, and one individual.

Your Committee finds that the enforcement of the Fireworks Control Law is wanting. Your Committee further finds that enforcement is necessary to protect property from avoidable fire damage; protect persons from fire and explosion-related injuries; minimize respiratory distress caused by the air pollution; and avoid retraumatizing persons who may be adversely impacted by loud explosions.

To promote compliance with the Fireworks Control Law, your Committee finds that increasing the penalties under the Fireworks Control Law, as proposed by this measure, may help meet this objective.

Your Committee notes that the increased fine of up to \$4,000 proposed by this measure only applies to setting off, igniting, discharging, or otherwise causing to explode a consumer firework, display firework, article pyrotechnic, or aerial device outside of the permissible times established in the Fireworks Control Law, while retaining the existing fine of up to \$2,000 for all other violations.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 508, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 508, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 379 Consumer Protection & Commerce on H.B. No. 1376

The purpose of this measure is to implement certain tenant protections once the final eviction moratorium expires pursuant to a COVID-19 state of emergency proclamation, including:

- (1) Extending the notice period for summary possession from five days to fifteen days for failure to pay rent;
- (2) Requiring landlords to provide the notice to mediation centers;
- (3) Requiring landlords to enter into mediation if scheduled by a tenant, which will delay when a landlord may seek summary possession; and
- (4) Restricting when landlord remedies are available depending on the amount of rent due.

Your Committee received testimony in support of this measure from one member of the Maui County Council; Callahan Realty, Ltd.; and two individuals.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 1, which amends this measure by:

- (1) Specifying that a defect in the notice provided by the landlord that is not intentional or material may be cured without dismissing an action for summary judgment;
- (2) Amending the schedule for when the remedy is available to a landlord in relation to when a final eviction moratorium expires, rather than a set range of dates after the effective date of this measure;
- (3) Inserting an appropriation;
- (4) Changing the effective date to upon its approval; and
- (5) Specifying that this measure repeals one year after the expiration date of a final eviction moratorium imposed pursuant to a state of emergency proclamation related to the COVID-19 emergency.

Your Committee received testimony in support of the proposed H.D. 1 from the Department of Commerce and Consumer Affairs, Hawai'i Association of REALTORS, Legal Aid Society of Hawai'i, and one individual. Your Committee received comments on the proposed H.D. 1 from the Judiciary.

Your Committee finds that the COVID-19 pandemic and the extraordinary governmental responses to contain the spread of the disease have ravaged the State's economy. Your Committee further finds that this negative economic effect threatens to exacerbate the State's pre-pandemic housing crisis with many tenants unable to pay rent and facing possible eviction.

Your Committee notes that the Governor's emergency proclamations related to the COVID-19 emergency have prevented a wave of evictions by imposing an eviction moratorium. However, once the eviction moratorium ceases, many tenants will face the possibility of eviction.

Your Committee further finds that the proposed H.D. 1 will provide a balanced, fair procedure for landlords and tenants to seek rental assistance and mediate and negotiate a resolution before evicting a tenant. The proposed H.D. 1 further provides for a phased return of evictions and staging evictions sooner for tenants who are further behind in rent. The proposed H.D. 1 is critical to ensure tenants are not threatened with homelessness during this uncertain economic period and prevent a flood of evictions within the judicial system.

Your Committee has amended this measure by adopting the proposed H.D. 1 and further amending the measure by:

- (1) Clarifying that the notice to the tenant shall provide that a landlord may file an action for summary possession if rent due is not paid and if mediation is not scheduled;
- (2) Specifying that the amount appropriated is for the Judiciary to contract for mediation services;
- (3) Inserting an effective date of January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1376, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1376, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 380 Consumer Protection & Commerce on H.B. No. 445

The purpose of this measure is to lower the exclusion amount of the estate tax to \$1,000,000.

Your Committee received testimony in support of this measure from Faith Action for Community Equity, Our Revolution Hawaii, Americans for Democratic Action, Planned Parenthood Votes Northwest and Hawaii, Hawaii State Teachers Association, Young Progressives Demanding Action, Hawaii Appleseed Center for Law & Economic Justice, Democratic Party of Hawai'i Education Caucus, Imua Alliance, Hawai'i Health & Harm Reduction Center, Hawai'i Budget & Policy Center, Hawai'i Children's Action Network, and eight individuals. Your Committee received testimony in opposition to this measure from the Hawaii Automobile Dealers Association and eight individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the estate tax is based on the property owned by a decedent, and includes realty, bank deposits, life insurance, stock, and all other assets. The estate tax rate begins at ten percent of the net taxable estate and may rise up to twenty percent. If the estate does not have liquid assets to pay the estate tax, the estate may require the beneficiaries to sell the assets, including real property, in order to satisfy the tax.

Your Committee further finds that while the federal estate tax exclusion is set to \$11,580,000 as a result of the federal Tax Cuts and Jobs Act, the State froze the exclusion under state law at \$5,490,000. As such, your Committee finds and is concerned that many persons from middle-class families who are excluded under the existing law will be subject to the estate tax if the exclusion under state law is lowered to \$1,000,000, as proposed in this measure.

Your Committee has amended this measure by:

- (1) Changing the exclusion amount of the estate tax to an unspecified amount; and
- (2) Changing the effective date to January 1, 2050, to encourage further discussion.

Your Committee notes that the Department of Taxation submitted testimony on this measure expressing concerns that the measure retroactively subjects some estates to the lower exclusion amount. As this amended measure proceeds through the legislative process, your Committee requests that consideration be given to the Department of Taxation's concern and suggestion that this amended measure be applicable to decedents dying or taxable transfers occurring after December 31, 2021.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 445, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 445, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Onishi). Noes, 1 (Kong). Excused, none.

SCRep. 381 Consumer Protection & Commerce on H.B. No. 393

The purpose of this measure is to reduce the State's greenhouse gas emissions by:

- (1) Establishing a goal for the State to reduce emissions that cause climate change and build energy efficiencies across all sectors, including establishing a clean ground transportation target; and
- (2) Prohibiting the sale or offer for sale of new motor vehicles by motor vehicle dealers and salespersons that are solely powered by fossil fuels and designed for personal use by a certain date.

Your Committee received testimony in support of this measure from the Hawaiian Electric Company, Blue Planet Foundation, Imua Alliance, 350Hawaii.org, and one individual. Your Committee received testimony in opposition to this measure from the Motorcycle Industry Council and Alliance for Automotive Innovation. Your Committee received comments on this measure from the Hawaii State Energy Office, Motor Vehicle Industry Licensing Board, Ulupono Initiative, and Hawaii Automobile Dealers' Association.

Your Committee finds that the State has committed to several goals in an attempt to prevent or mitigate the effects of climate change, including the adoption of the renewable energy portfolio standards and zero emissions clean economy target. Your Committee further finds that ground transportation accounts for forty-seven percent of the State's 8,690,000 metric tons of transportation emissions. This measure continues the State's commitment to lowering the State's carbon emissions and reliance on fossil fuels.

Your Committee notes that in written testimony received by your Committee, concerns were raised that the prohibition on fossil fuel-powered motor vehicles could be circumvented by residents simply purchasing motor vehicles in other states and shipping the motor vehicles to Hawaii. This circumvention would defeat the purpose of the prohibition while simultaneously harming local businesses.

Your Committee received testimony at the public hearing that several manufacturers will be releasing electric motor vehicles other than sedans within the next few years. However, your Committee is concerned that consumers will have limited choices across the range of motor vehicle styles if a prohibition on fossil fuel-powered motor vehicles is implemented. Your Committee requests consideration be given to whether consumers will have satisfactory choices across the range of motor vehicle styles when determining the implementation date for a prohibition on fossil fuel-powered motor vehicles. Additionally, your Committee requests that consideration be given to whether such a prohibition will impose a significant increase in cost to consumers when determining the implementation date.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 393, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Har, Kong, Morikawa, Onishi, Matsumoto). Noes, none. Excused, none.

SCRep. 382 Consumer Protection & Commerce on H.B. No. 161

The purpose of this measure is to authorize the Director of Finance of a county to require an individual to pay any outstanding charges owed to the county for the towing, removal, or disposal of an abandoned or derelict vehicle before a motor vehicle certificate of registration is issued to the individual unless the abandoned vehicle was stolen.

Your Committee received testimony in support of this measure from the Department of Finance of the County of Kauai, Kauai Police Department, Hawaii State Association of Counties, and one individual. Your Committee received comments on this measure from Enterprise Holdings.

Your Committee finds that abandoned and derelict vehicles in communities across the State are public eyesores and health and safety hazards. This public nuisance stems from the ease of abandoning vehicles, as well as towing fees and other costs involved in disposing of a vehicle, among other factors. Your Committee finds that the counties are not only inundated with complaints about abandoned and derelict vehicles, but the county police departments find it

difficult to enforce the law, including the collection of outstanding towing and related costs. This measure aims to deter and curtail individuals from abandoning their vehicles by imposing the responsibility for the outstanding charges incurred from abandoned and derelict vehicles on those vehicle owners who contribute to the problem.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 161, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 161, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 383 Consumer Protection & Commerce on H.B. No. 988

The purpose of this measure is to amend kupuna care and caregiver support services laws to:

- (1) Expand the definition of "coach" to include an individual that assists the care recipient and caregiver with enrollment into programs and completing necessary forms;
- (2) Amend the definition of "person-centered support plan" to mean a plan developed by a care recipient and the recipient's qualified caregiver that identifies the needs of the care recipient and allows the caregiver to remain in the workforce;
- (3) Allow qualified caregivers to continue providing services even if they work less than thirty hours a week or are working reduced hours or are unemployed during a declared state of emergency;
- (4) Add traditional services and kupuna caregiver-directed services to the Kupuna Caregivers Program; and
- (5) Allow funds allocated to qualified caregivers under the Kupuna Caregivers Program to be issued directly to a financial management service provider.

Your Committee received testimony in support of this measure from the Department of Human Services, Executive Office on Aging, Policy Advisory Board for Elder Affairs, AARP Hawai'i, AAUW of Hawaii, Breastfeeding Hawaii, Alzheimer's Association Aloha Chapter, Young Progressives Demanding Action, and eight individuals. Your Committee received comments on this measure from the Hawaii Alliance for Retired Americans.

Your Committee finds that because of the 2019 novel coronavirus pandemic, many caregivers of kupuna saw their hours of employment reduced and many others who worked for contracted service providers either closed or decreased their services. Your Committee further finds that providing more flexibility to those that provide caregiving services to kupuna during the ongoing economic uncertainty will provide area agencies on aging with more options to better serve kupuna and their qualified caregivers.

Your Committee has amended this measure by:

- (1) Deleting provisions that would have allowed an individual who is unemployed during a declared state of emergency to be a qualified caregiver; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 988, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 988, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 384 Consumer Protection & Commerce on H.B. No. 391

The purpose of this measure is to establish a process for the early termination of a rental agreement for certain active duty servicemembers who:

- (1) Receive military orders to vacate civilian housing and move into on-post government quarters;
- (2) Become eligible to live at on-post government quarters and failure to move into on-post government quarters will result in a forfeiture of the basic allowance for housing; or
- (3) Die while serving on active duty.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii and four individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that servicemembers can lose their housing allowance when they get divorced, no longer have dependents, or do not have physical custody of children. In this event, servicemembers will be required to move into barracks regardless of any valid lease to which they are a party. Your Committee further finds that this measure will help ensure that servicemembers will not have to face evictions or serious financial hardship if they are no longer eligible for a basic housing allowance and need to terminate a residential lease for off-post housing.

Your Committee notes the concerns expressed in written testimony submitted to your Committee that this measure has the potential for abuse, and that there are instances in which it may not be appropriate to provide for the relief allowed in this measure. As an example, a servicemember may be ordered to vacate civilian housing to prevent abuse to a spouse. In such a case, your Committee finds that servicemembers should not avail themselves of the provisions of this measure to their benefit, which may also leave their spouse homeless.

Your Committee has amended this measure by:

- (1) Specifying that the process for early termination of a rental agreement does not apply if the military orders are a result of disciplinary action or court order; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 391, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.B. No. 391, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 385 Consumer Protection & Commerce on H.B. No. 605

The purpose of this measure is to require the Legislative Reference Bureau to conduct a study on the establishment of a housing savings account system that would provide every employee in the State the ability to automatically contribute to a housing savings account through payroll deduction and report to the Legislature prior to the Regular Session of 2022.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Legislative Reference Bureau and Tax Foundation of Hawaii.

Your Committee finds that the high cost of housing in Hawaii prevents residents from being able to become homeowners. As the price of housing continues to increase, it gets more difficult for individuals and families to save for a down payment on a home or pay for their mortgage or rent. Your Committee finds merit in an innovative approach that would potentially create a housing savings account in which employees would automatically contribute funds through payroll deduction for purposes of purchasing or paying for housing in the State. This measure would help the State in making informed decisions regarding housing savings accounts by first requiring a study on the establishment of such a program.

Your Committee has amended this measure by:

- (1) Clarifying that the study shall include the ability for funds contributed into a housing savings account to be used for any housing-related purpose, rather than any purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 605, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 605, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 386 Consumer Protection & Commerce on H.B. No. 1088

The purpose of this measure is to prohibit manufacturers from selling cosmetics that are tested on animals in a cruel manner, beginning on January 1, 2024.

Your Committee received testimony in support of this measure from Animal Rights Hawai'i, Cruelty Free International, Down to Earth, The Humane Society of the United States, Hawaiian Humane Society, The Body Shop, O'o Hawaii, Pure Mana Hawaii, and one individual.

Your Committee finds that modern cosmetic safety testing standards and practices such as engineered human tissue and computer aided modeling no longer require the use of animals. These new testing methods are also more reliable, efficient, and effective. Your Committee further finds that this measure strikes a balance between a complete ban and limited exceptions to the animal testing prohibition, which exceptions recognize the realities of chemical testing commonly done around the globe.

Your Committee has amended this measure by moving the substantive provisions in this measure to Chapter 328, Hawaii Revised Statutes, as part of the Hawaii Food, Drug, and Cosmetic Act.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1088, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.B. No. 1088, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 387 Consumer Protection & Commerce on H.B. No. 1324

The purpose of this measure is to establish a commercial rent relief grant program for owners of properties classified as commercial, hotel and resort, or industrial under county real property tax classifications, under certain circumstances.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association; Hawai'i Farm Bureau; Retail Merchants of Hawaii; Chamber of Commerce Hawaii; HawaiiUSA Federal Credit Union; Fun Factory, Inc.; Eggs 'n Things; Retail Entertainment Concepts, Inc.; Island Business Management Hawaii; Hawaii Bankers Association; NAIOP Hawaii; Blue Ginger; Maui Chamber of Commerce; Hawaii Lodging & Tourism Association; and ABC Stores. Your Committee received comments on this measure from the Department of Taxation and Department of Business, Economic Development, and Tourism.

Your Committee finds that in order to mitigate the effects of the coronavirus disease 2019 (COVID-19) pandemic, the Governor proclaimed a state of emergency, which required many businesses to close down. The mandated closures, while necessary, have had a devastating impact on the local economy. Your Committee further finds that due to these mandated closures, commercial landowners have also suffered financially due to unpaid rent or business closures. Your Committee recognizes the efforts of commercial landowners who have tried to ease the financial burden placed on small businesses in the State by providing rent forgiveness to their tenants. The potential benefit of this grant program for certain commercial property owners who provide tenant businesses with rent relief could serve as the impetus to restarting our local economy in the new normal business environment and serve as a catalyst for commercial property owners and tenant business owners working together to develop a more resilient economic plan or alliance moving forward. Your Committee believes that commercial landowners who provided rent forgiveness to their tenants should be helped so that small businesses may continue to operate in the State.

Your Committee has amended this measure by specifying that the Department of Business, Economic Development, and Tourism, rather than the Department of Taxation, is the agency authorized to conduct audits and investigations.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1324, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1324, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 388 Judiciary & Hawaiian Affairs on H.B. No. 929

The purpose of this measure is to clarify that:

- (1) Hawaii domestic relations orders apply to benefits the Employees' Retirement System member is expected to receive or is receiving without regard to any Hawaii domestic relations order;
- (2) The release of an Employees' Retirement System member's information may be initiated by a divorce decree;
- (3) The Employees' Retirement System may notify the member, former member with vested benefit status, retiree, or alternate payee of the advisory review determination on proposed domestic relations orders;
- (4) A Hawaii domestic relations order applied to a termination refund will not apply to any future return to work benefits of a member or former member with vested benefit status;
- (5) Should a retiree be deceased within a year of retirement, any payments made to an alternate payee according to the terms of a Hawaii domestic relations order will be considered payments to the retiree, should the beneficiary select an alternative benefit option;
- (6) The priority of multiple orders will be based upon the date of the receipt of the domestic relations order; and
- (7) The qualification of a domestic relations order shall supersede and terminate the qualification of any prior order between the same parties.

Your Committee received testimony in support of this measure from the Employees' Retirement System Board of Trustees.

Your Committee finds that on July 1, 2020, the Employees' Retirement System began processing Hawaii domestic relations order to allow the System to make direct payments to alternate payees. This measure helps facilitate implementation and provides transparency on Employees' Retirement System benefits payable to parties involved by specifying the benefits payable and clarifies the process of qualification, approval, and application of Hawaii domestic relations order.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 929, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 929, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 389 Judiciary & Hawaiian Affairs on H.B. No. 569

The purpose of this measure is to expand the victim-counselor privilege under the Hawaii Rules of Evidence to include:

- (1) Victims of dating violence, stalking, and sexual harassment; and
- (2) Confidential advocates employed by the University of Hawaii.

Your Committee received testimony in support of this measure from the Department of Human Services, University of Hawai'i System, Hawaii State Commission on the Status of Women, Planned Parenthood Votes Northwest and Hawaii, Hawaii State Coalition Against Domestic Violence, Hawaii Women's Coalition, The Sex Abuse Treatment Center, and one individual.

Your Committee finds that the additional legal protections provided by this measure will allow victims of sexual assault, domestic violence, dating violence, stalking, sexual harassment, and child abuse to share more information with University of Hawaii confidential advocates in confidence and receive better support from the University.

Your Committee has amended this measure by:

- (1) Clarifying that the victim has a semiabsolute privilege to refuse or prevent disclosure under the victim-counselor privilege; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 569, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 569, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 390 Judiciary & Hawaiian Affairs on H.B. No. 570

The purpose of this measure is to:

- (1) Expand the time period by which a civil action for childhood sexual abuse may be initiated;
- (2) Extend the period during which a victim of childhood sexual abuse may bring an otherwise time-barred action against the victim's abuser or a legal entity having a duty of care;
- (3) Allow victims to recover treble damages in certain circumstances; and
- (4) Allow a court to order the personnel of a legal entity against whom a claim is brought to undergo training on trauma-informed response to sexual abuse allegations.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women, Planned Parenthood Votes Northwest and Hawaii, LGBT Caucus of the Democratic Party of Hawaii, Imua Alliance, CHILD USA, CHILD USA Advocacy, Talbert Law LLC, The Sex Abuse Treatment Center, and eight individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that survivors of childhood sexual abuse often do not divulge the truth of their abuse until adulthood, with some survivors delaying disclosure for fifty years or more. This measure will provide victims of childhood sexual abuse a better opportunity to seek justice.

Your Committee has amended this measure by:

- (1) Clarifying that a certificate of merit filed by the attorney for a plaintiff in a civil action arising from sexual offenses must be electronically filed under seal;
- (2) Adding language to provide greater flexibility for different approaches to what may constitute "trauma-informed response"; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 570, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 570, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 391 Judiciary & Hawaiian Affairs on H.B. No. 244

The purpose of this measure is to clarify the data requirements for land recordation by the Bureau of Conveyances, on land other than fee simple time share interests deregistered by the Land Court, to include a plan of the parcel or parcels sought to be deregistered that includes a map and description prepared by a licensed professional surveyor.

Your Committee received testimony in support of this measure from nine individuals.

Your Committee finds that currently there are no clear standards or requirements for the mapping or describing of certain lands that were voluntarily deregistered. This measure will provide clarity on the data requirements for land recordation by the bureau of conveyances, on land other than fee simple time share interests deregistered by the land court.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 244, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 244, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 392 Judiciary & Hawaiian Affairs on H.B. No. 1009

The purpose of this measure is to:

- (1) Amend the additional fines and costs for destroying or harvesting trees or tree products, including koa, on state forest reserves lands;
- (2) Establish penalties for any person who violates vehicular parking or traffic movement rules adopted by the Department of Land and Natural Resources under forest reserves, water development, and zoning laws;
- (3) Authorize the State to pursue civil legal action and criminal action against a person violating forest reserves, water development, and zoning laws and rules;
- (4) Establish criminal penalties for violations of all forest reserves laws or rules; and
- (5) Repeal the general penalty for violations of certain forestry and wildlife, recreation areas, and fire protection laws and rules.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and the Department of Land and Natural Resources' Division of Forestry and Wildlife.

Your Committee finds that this measure will allow the Department of Land and Natural Resources to more consistently and effectively address certain conservation and resource violations for the protection, preservation, and enhancement of public resources.

Your Committee has amended this measure by:

- (1) Precluding the State from pursuing further civil legal action to recover administrative fines, fees, and costs, including attorney's fees and costs, or monetary assessment, against a person fined for a traffic infraction under forest reserves, water development, and zoning laws; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1009, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1009, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Todd).

SCRep. 393 Judiciary & Hawaiian Affairs on H.B. No. 498

The purpose of this measure is to authorize the Department of Land and Natural Resources to use in-lieu fee mitigation to restore, create, enhance, or preserve aquatic habitats or resources as compensatory mitigation prospectively or for past damages.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and two individuals.

Your Committee finds that natural resource agencies prefer third-party mitigation banks or in-lieu fee mitigation to permittee-responsible mitigation because these third-party mitigation bank or in-lieu fee sponsors are often public or private entities with more experience, scientific expertise, and vested long-term interest in natural resource conservation. In-lieu fee mitigation is widely used across the United States to achieve ecologically valuable conservation by restoring wetland and stream habitats. The authority granted to the Department of Land and Natural Resources in this measure allows Hawaii to be the first state in the nation to establish in-lieu fee mitigation for coral reefs.

Your Committee has amended this measure by changing the effective date to July 1, 3021, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 498, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 498, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 394 Judiciary & Hawaiian Affairs on H.B. No. 1117

The purpose of this measure is to require vacancies in the offices of the United States House of Representatives, State Senators, and State Representatives to be filled by special election.

Your Committee received comments on this measure from the Office of Elections.

Your Committee finds that since 2010, there have been at least twenty vacancies in the offices of the United States Representatives, State Senators, and State Representatives. This measure will require vacancies in these offices to be filled via special election.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1117 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Tokioa). Excused, 1 (Todd).

SCRep. 395 Judiciary & Hawaiian Affairs on H.B. No. 884

The purpose of this measure is to require the Director of the Office of Information Practices to:

- (1) Rule or provide guidance on an agency denial of access to, or granting of access to, information or records; and
- (2) Receive and resolve complaints under Hawaii's Sunshine Law either by determining whether a violation occurred or providing guidance.

Your Committee received testimony in support of this measure from the Office of Information Practices and one individual. Your Committee received testimony in opposition to this measure from the Civil Beat Law Center for the Public Interest and Society of Professional Journalists Hawaii Chapter. Your Committee received comments on this measure from the League of Women Voters of Hawaii.

Your Committee finds that in many appeals, informal guidance would be more suitable, less time-consuming, and more efficient than providing a full legal opinion as required under existing law. This measure will provide the Office of Information Practices with the flexibility to handle its overwhelming caseload and improve its efficiency within the constraints of its limited resources.

Your Committee has amended this measure by:

- (1) Clarifying that the guidance must be written; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 884, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 884, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 396 Judiciary & Hawaiian Affairs on H.B. No. 526

The purpose of this measure is to amend the Hawaii Public Procurement Code to:

- (1) Require a bidder's past performance on state contracts of similar scope to be considered for contract awards and responsibility determinations;
- (2) Require a responsible bidder or offeror to be determined based upon the responsibility determination standards adopted by the Procurement Policy Board;
- (3) Prohibit the evaluation of criteria not set forth in the request for proposals under the competitive sealed proposal process; and
- (4) Appropriate funds for the development and implementation of guidance and related implementation training for several tools relating to a past performance guide and past performance database, to be expended by the State Procurement Office.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services and Department of Design and Construction of the City and County of Honolulu. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that the State's procurement process requires clear legislative direction to award contracts to responsible bidders or offerors to increase accountability, enhance performance, and utilize taxpayer dollars more efficiently. Your Committee further finds that currently, some state contracts may be awarded to the lowest bidder without regard to that bidder's poor past performance, which may lead to these bidders being considered qualified despite their poor past performance and result in repeated inefficiencies and substandard work. Your Committee believes consideration of past performance of a bidder will offer another level of consideration and diligence in evaluating responsibility, provide additional insight to positively impact the award selection, enhance quality performance, and efficiently and effectively utilize taxpayer dollars. Providing the State Procurement Office with funding to develop and implement certain training tools will lead to more effective procurement awards.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 526, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 397 Judiciary & Hawaiian Affairs on H.B. No. 670

The purpose of this measure is to authorize the forfeiture of certain Employees' Retirement System benefits, pursuant to court order, for state or county employees and designated beneficiaries who are convicted of an employment-related felony.

Your Committee received testimony in support of this measure from Common Cause Hawaii and eight individuals. Your Committee received comments on this measure from the Board of Trustees of the Employees' Retirement System.

Your Committee finds that public officers and employees are responsible for upholding the public's trust in government and democracy. The public's belief in government and democracy becomes strained when public officers and employees participate in misconduct in their employment, while maintaining the benefits of their employment. This measure will demonstrate that the State takes the ethics of its employees seriously.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 670, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 398 Judiciary & Hawaiian Affairs on H.B. No. 157

The purpose of this measure is to authorize any board, subject to the State's Sunshine Law, to hold a closed executive meeting to consider statements and information obtained from witnesses or victims during the course of an investigation into the hire, evaluation, dismissal, or discipline of an officer or employee or of charges brought against the officer or employee, where consideration of matters affecting a witness' or victim's privacy will be involved.

Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that investigations by a government agency into the hire, evaluation, dismissal, or discipline of government officers or employees or of charges against government officers or employees may involve witnesses or victims who are supervised by the government officer or employee being investigated or charged. This measure will encourage witnesses and victims of misconduct by government officers and employees to testify before government agencies by protecting their privacy and reducing the fear of threats and retaliation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 157, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 157, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 399 Judiciary & Hawaiian Affairs on H.B. No. 465

The purpose of this measure is to:

- (1) Clarify that the representative of labor on the Hawaii Labor Relations Board be a person selected by a majority of the exclusive representatives of the collective bargaining units; and
- (2) Establish procedures for the removal of the representative of labor from the Hawaii Labor Relations Board.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawaii State Teachers Association. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining. Your Committee received comments on this measure from the Hawaii Labor Relations Board.

Your Committee finds that the current process of allowing the Governor to pick a name from a list of three nominees to fill the role of representative of labor provides the Governor with too much authority over the composition of the Hawaii Labor Relations Board. Providing a single name to the Governor that has been vetted by the exclusive representatives, with a clear timeframe for the name to be transmitted to the Senate for consideration as well as a default process for Senate confirmation if the deadline is missed, ensures greater fairness, predictability, and transparency in the appointment process. Your Committee also finds that providing a mechanism to remove an ineffective labor representative is essential to the efficient functioning of the Hawaii Labor Relations Board.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 465, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 400 Judiciary & Hawaiian Affairs on H.B. No. 1012

The purpose of this measure is to authorize the Board of Land and Natural Resources to approve rental reductions or waivers for leases that require substantial demolition costs or infrastructure improvement costs in order for the lessee to utilize the premises.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from Kūpuna for the Mo'opuna.

Your Committee finds that this measure seeks to authorize the Board of Land and Natural Resources to approve a rent reduction or waiver for up to twenty years that shall not exceed the amount of the lessee's total expenditures for demolition of improvements or provision of infrastructure. This measure is part of an effort by the Department of Land and Natural Resources to bring its leasing practices to commercially reasonable standards.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1012, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (McKelvey). Noes, none. Excused, none.

SCRep. 401 Judiciary & Hawaiian Affairs on H.B. No. 724

The purpose of this measure is to prohibit the application of travel restrictions implemented during a state of emergency or local state of emergency to essential workers unless the application of those travel restrictions to essential workers has first been approved by the Governor.

Your Committee received testimony in support of this measure from the Hawaii Primary Care Association, Hawaii Medical Service Association, and Matson Navigation Company, Inc. Your Committee received comments on this measure from the Hawaii Emergency Management Agency.

Your Committee finds that ensuring that essential workers have the ability to travel without restriction to perform their jobs safely is critical to the State's ability to maintain the operation of critical infrastructure and community lifelines. Essential workers are required to be able to perform their jobs at any given notice and any type of travel restriction on essential workers would hinder their ability to provide necessary services to residents of the State. Your Committee

recognizes the efforts of all the workers in the State, including the importance of workers in the wi-fi and television network connection and programming sectors as dependable and reliable communication during an emergency is critical.

Your Committee has amended this measure by:

- (1) Expanding the definition of "essential worker" to include workers in the wi-fi and television network connection and programming sectors; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 724, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 724, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 402 Judiciary & Hawaiian Affairs on H.B. No. 103

The purpose of this measure is to:

- (1) Clarify that the powers granted for emergency purposes shall not be inconsistent with the Hawaii State Constitution;
- (2) Provide parameters for the duration of suspension of laws and require justification for the suspension;
- (3) Provide for the termination or extension of a proclamation of a state of emergency; and
- (4) Allow a separate proclamation arising from the same emergency or disaster as a previous proclamation that expired, upon request of the Governor and adoption of a concurrent resolution by the Legislature.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and three individuals. Your Committee received testimony in opposition to this measure from the Hawaii Emergency Management Agency, Maui Chamber of Commerce, and one individual. Your Committee received comments on this measure from Common Cause Hawaii and Grassroot Institute of Hawaii.

Your Committee finds that to address the coronavirus disease 2019 (COVID-19) pandemic, the Governor declared a state of emergency on March 4, 2020, and has since issued 17 supplemental proclamations extending the state of emergency and other restrictions. Your Committee believes that there needs to be more checks and balances with regard to the extension of emergency proclamations to ensure the welfare of the residents of the State. Your Committee further finds that the Governor appropriately took action to provide relief for damages to protect the health, safety, and welfare of residents by suspending certain laws, however, as the State enters the eleventh month of the pandemic, it brings into question the need to continuously suspend a variety of state laws.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 103, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 403 Judiciary & Hawaiian Affairs on H.B. No. 541

The purpose of this measure is to:

- (1) Establish the State Payor Committee, to be co-chaired by the Directors of Health and Human Services, or their designated representatives, to implement a unified framework for tracking, coordinating, and guiding the purchase of behavioral health or substance abuse services across the continuum of care that strives for integrated performance metrics, evaluation standards, and reimbursement rates;
- (2) Require executive agencies and programs that purchase social services related to behavioral health or substance abuse to coordinate with the State Payor Committee as part of the planning for the purchase of these services and consider the recommendations and purchase of service framework developed by the State Payor Committee when purchasing these services; and
- (3) Require all community or private organizations that purchase services for behavioral health or substance abuse, at the request of any state funding agency, to disclose the source of other federal, state, or county level funding the organizations receive for the purposes of performing these services.

Your Committee received comments on this measure from the Department of Health, State Procurement Office, Hawaii Substance Abuse Coalition, Catholic Charities Hawaii, and The Queen's Health Systems.

Your Committee finds that the care for persons with behavioral health and substance abuse issues is uncoordinated across state agencies and public providers. Your Committee believes that establishing a formalized coordination for purchasing services with state resources will promote greater coordination in care by aligning the utilization of existing resources to better serve the people of Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 541, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 404 Judiciary & Hawaiian Affairs on H.B. No. 545

The purpose of this measure is to require the Department of Hawaiian Home Lands, with the assistance of the Office of Enterprise Technology Services, to digitize its beneficiary waiting lists and other related data by creating a digital database of its applicant, beneficiary, and lessee records and other relevant information.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that while basic Department of Hawaiian Home Lands applicant waiting lists are available for download on its website, the exact details of each applicant, including whether the applicant has applied for multiple leases, been denied a prior lease, or been skipped over, is not readily accessible. Your Committee also notes that beneficiary records are spread across multiple locations. If a beneficiary seeks to determine their status, finding and gathering this information can take weeks. Your Committee further finds that compiling applicant information into a single database will help increase efficiency and reduce lease award abuse by lessees.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 545, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 405 Judiciary & Hawaiian Affairs on H.B. No. 542

The purpose of this measure is to update Schedule V of the State Uniform Controlled Substances Act to make it consistent with amendments in the federal controlled substances law as required under Hawaii law. Specifically, this measure removes the prescription drug Epidiolex and approved generic versions of that drug that contain cannabidiol derived from cannabis and no more than 0.1 percent (w/w) residual tetrahydrocannabinols from Schedule V of the State Uniform Controlled Substances Act.

Your Committee received testimony in support of this measure from the Department of Public Safety and Greenwich Biosciences. Your Committee received comments on this measure from Akamai Cannabis Clinic.

Your Committee finds that Epidiolex was approved by the Federal Drug Administration to treat seizures associated with Lennox-Gastaut syndrome, Dravet syndrome, and tuberous sclerosis complex. Your Committee further finds that this measure should not be construed to change the legal status of cannabis, tetrahydrocannabinols, and other cannabis-related constituents, except for the approved prescription drugs indicated above.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 542 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 406 Judiciary & Hawaiian Affairs on H.B. No. 662

The purpose of this measure is to provide an extensive process for limited firearm ownership solely for hunting or sport for certain misdemeanor offenders who are currently not allowed to possess a firearm in the State.

Your Committee received testimony in support of this measure from the Hawaii Firearms Coalition, Valley Isle Sport Shooters, Hawaii Rifle Association, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Hawai'i State Coalition Against Domestic Violence, and eleven individuals. Your Committee received comments on this measure from the Office of the Public Defender.

Your Committee finds that federal law prohibits firearm ownership for individuals charged or convicted for various state misdemeanor offenses with no recourse to retain firearm ownership rights notwithstanding an expungement by pardon. This measure provides a very limited process to allow for certain misdemeanor offenders to possess a limited type of firearm for hunting or sport purposes only.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 662 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Matayoshi, Lowen). Noes, none. Excused, 1 (Todd).

SCRep. 407 Labor & Tourism on H.B. No. 931

The purpose of this measure is to clarify the Employees' Retirement System's eligibility requirement definitions for service-connected disability retirement and accidental death benefits.

Your Committee received testimony in support of this measure from the Employees' Retirement System.

Your Committee finds that in several cases, the Hawaii Supreme Court recently rendered rulings awarding Employees' Retirement System service-connected disability retirement or accidental death benefits beyond the Legislature's original intent. These rulings have increased the State's unfunded liability as a whole. Your Committee further finds that this measure will clarify those definitions and increase transparency in their application.

Your Committee has amended this measure by:

- (1) Incorporating the Employees' Retirement System's requested amendments, including amendments related to the accidental service-connected death benefit;
- (2) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 931, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 931, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 408 Labor & Tourism on H.B. No. 250

The purpose of this measure is to include as offenses of sexual assault in the second and third degrees, offenses against a person who is stopped by a law enforcement officer and a person who is accompanied by a law enforcement officer for official purposes.

Your Committee did not receive testimony on this measure.

Your Committee finds that there was an incident in which a Honolulu police officer was indicted for the offense of sexual assault in the third degree for knowingly subjecting a teenage girl in custody to sexual contact. The indictment was based upon the interpretation that a person being stopped by a police officer for a traffic infraction was in "custody". However, the indictment was dismissed with prejudice because the court determined that the term "custody" did not include a traffic stop, for purposes of the offense.

Your Committee further finds that this measure is intended to address the ruling by clarifying that the offenses of sexual assault in the second degree and sexual assault in the third degree include, and explicitly prohibit, a law enforcement officer from knowingly subjecting to sexual penetration or sexual contact, a person who is being stopped by the officer or accompanied by the officer for official purposes, including during a traffic stop.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 250, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 250, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (D. Kobayashi, Quinlan).

SCRep. 409 Labor & Tourism on H.B. No. 468

The purpose of this measure is to remove Medicare Part B reimbursement as a benefit for spouses of employee-beneficiaries hired on or after July 1, 2021.

Your Committee received testimony in support of this measure from the Department of Budget and Finance. Your Committee received comments on this measure from the Board of Trustees of the Hawaii Employer-Union Health Benefits Trust Fund and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the Hawaii Employer-Union Health Benefits Trust Fund determined that Employer Medicare Part B premium reimbursements for fiscal year 2020 totaled \$92,400,000, of which \$72,900,000 was attributable to the State, and approximately one quarter related to spouses. The actuarial estimated savings from this measure, if passed, would be \$1,200,000,000 over the next thirty years in lower annual required contributions.

Your Committee further finds that this change to the health benefits plan is limited to new hires, who will therefore have no expectation that their spouse would be entitled to this reimbursement. Your Committee also finds that the change will assist the State and counties in limiting their financial obligations to the Hawaii Employer-Union Health Benefits Trust Fund moving forward, while continuing to afford employees themselves this reimbursement benefit.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 468, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 468, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (D. Kobayashi, Quinlan).

SCRep. 410 Agriculture on H.B. No. 416

The purpose of this measure is to:

- (1) Prohibit certain restraints and tethers that endanger or deny sustenance to a dog; and
- (2) Authorize the court to assess fines, order performance of community service, require mental health counseling, or order attendance at education classes concerning animal abuse prevention in addition to or in lieu of other penalties.

Your Committee received testimony in support of this measure from the Hawaii Association of Animal Welfare Agencies, Hawaiian Humane Society, The Humane Society of the United States, Your Animal Interfaith Alliance in Britain, and numerous individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from Pono Advocacy, Animal Rights Hawaii, and one individual.

Your Committee finds that constant, improper tethering and restraint puts a dog's health and safety at risk. Your Committee further finds that existing state laws make it difficult for enforcement officers to take action before a dog suffers injury or death.

Your Committee has amended this measure by:

- (1) Including trolleys with and without swivels among the types of prohibited devices that may be used to attach a dog to two stationary objects;
- (2) Clarifying that use of restraints or tethers that endanger a dog, including preventing the dog from obtaining necessary sustenance, are prohibited;
- (3) Prohibiting the use of any tether or restraint on a dog under the age of six months, unless the dog is engaged in an activity supervised by its owner or an agent of its owner;
- (4) Prohibiting the tethering or restraint of dogs by tow or log chains;
- (5) Prohibiting the tethering or restraint of a dog through the use of a choke collar, pinch collar, or prong collar, unless the dog is engaged in an activity supervised by its owner or an agent of its owner;
- (6) Clarifying that the courts may assess fines, order performance of community service, require mental health counseling, or order attendance at educational classes concerning animal abuse prevention in addition to any authorized penalty, rather than in lieu of; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 416, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 416, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 411 Agriculture on H.B. No. 872

The purpose of this measure is to allow fees generated from diagnostic, surveillance, and other work by the Department of Agriculture's Veterinary Laboratory and Animal Disease Control Branch to be deposited into the Animal Industry Special Fund.

Your Committee received testimony in support of this measure from the Board of Agriculture. Your Committee received comments on this measure from the Hawaii Cattlemen's Council, Inc.; and one individual.

Your Committee finds that the fees deposited into the Animal Industry Special Fund are used to support the operations and costs of the Department of Agriculture's Division of Animal Industry and the Department of Agriculture's resource management and planning programs. This measure adds a new source of revenue for the Division, which can be used to assist with its ongoing operations.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 872 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 412 Health, Human Services, & Homelessness on H.B. No. 308

The purpose of this measure is to appropriate funds for one full-time equivalent permanent federal grant coordinator position within the Office of the Director of Health.

Your Committee received testimony in support of this measure from the Department of Health and Hawaii Primary Care Association. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that a federal grant coordinator will assist the Department of Health in developing competitive grant proposals for federal and other privately funded grant opportunities.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 308, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 308, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 413 Health, Human Services, & Homelessness on H.B. No. 311

The purpose of this measure is to:

- (1) Extend the Nursing Facility Sustainability Program to June 30, 2024;
- (2) Specify that the Nursing Facility Sustainability Fee shall not exceed 5.5 percent of overall net patient service revenue; and
- (3) Remove the per resident daily maximum fee of \$20 for each facility and permit certain facilities to pay a reduced daily fee, as compared to other participating facilities.

Your Committee received testimony in support of this measure from the Department of Human Services, The Queen's Health Systems, Healthcare Association of Hawaii, Hawaii Primary Care Association, Kalakaua Gardens, Aloha Nursing Rehab Centre, Kula Hospital, Lanai Community Hospital, Clarence T.C. Ching Villas at St. Francis, Puuwai O Makaha, Ohana Pacific Health, and one individual.

Your Committee finds that a provider fee on nursing facilities assessed under the Nursing Facility Sustainability Program can result in a substantial increase in Medicaid payments without putting additional constraints on the State's budget. Your Committee further finds that for Fiscal Year 2021, the nursing facilities in the state will be assessed \$13,000,000 in sustainability fees and receive approximately \$15,000,000 in net reimbursements. These additional monies increase the sustainability of nursing facilities in the State and ensure that the facilities can continue as a critical part of the safety net for Medicaid recipients.

Should your Committee on Finance choose to deliberate on this measure, your Committee on Health, Human Services, and Homelessness respectfully requests that it consider appropriating \$33,000,000 from the Nursing Sustainability Program Special Fund for uses consistent with the special fund.

Your Committee has amended this measure by:

- (1) Allowing nursing facilities to pay their assessed fees within sixty days after the end of each month, rather than thirty days;
- (2) Changing the appropriation to an unspecified amount;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 311, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 311, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 414 Health, Human Services, & Homelessness on H.B. No. 339

The purpose of this measure is to expedite the process for appealing family court orders by making the orders appealable directly to the Hawaii Supreme Court instead of the Intermediate Court of Appeals.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Judiciary.

Your Committee finds that in recent years some parents and children have had to wait up to eight years for cases to be resolved. Your Committee further finds that these excessive wait times raise due process concerns.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 339, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 339, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Har). Noes, 1 (Ward). Excused, 1 (LoPresti).

SCRep. 415 Health, Human Services, & Homelessness on H.B. No. 729

The purpose of this measure is to ensure certain monies appropriated to the Department of Human Services are used to fund core services that address homelessness.

Your Committee received testimony in support of this measure from the Hawaii Health & Harm Reduction Center, Hope Services Hawaii, and two individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, and Department of Human Services.

Your Committee finds that data from the University of Hawaii Economic Research Organization has shown that because of the severe economic impact the COVID-19 pandemic has had on the State, more than eleven thousand Hawaii tenants have fallen behind on their rent. Your Committee further finds that proposed cuts to the Department of Human Services threatens the ability of the Department of Human Services to adequately address the State's growing homelessness crisis.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 729, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 729, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 416 Health, Human Services, & Homelessness on H.B. No. 730

The purpose of this measure is to require that any provider that is awarded a contract to provide health and human services by a purchasing agency be a qualified Medicaid provider.

Your Committee received testimony in opposition to this measure from the State Procurement Office and two individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, and Department of Health.

Your Committee finds that this measure is intended to increase the number of providers available to serve Medicaid beneficiaries.

Your Committee has amended this measure by:

- (1) Deleting language that would have required any provider that is awarded a contract to provide health and human services by a purchasing agency to be a qualified Medicaid provider;
- (2) Inserting language requiring purchasing agents to give a preference to an applicant that is a qualified Medicaid provider;
- (3) Specifying that if two otherwise equally qualified applicants are seeking the same purchases of services contract, the purchasing agency shall select the applicant who is a qualified Medicaid provider;
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 730, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 730, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 417 Health, Human Services, & Homelessness on H.B. No. 986

The purpose of this measure is to ensure that timely diagnostic audiologic evaluation results on newborns who did not pass newborn hearing screening evaluations, or infants whose hearing status changes, are provided to the Department of Health.

Your Committee received testimony in support of this measure from the Department of Health, Disability and Communication Access Board, Executive Office on Early Learning, State Council on Developmental Disabilities, and Early Childhood Action Strategy.

Your Committee finds that allowing the State Newborn Hearing Screening Program to routinely access diagnostic hearing test results will lead to increased surveillance of infants who fail newborn hearing screenings and those who are confirmed with hearing loss, thus enabling these infants and children to receive early intervention services.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 986, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 986, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 418 Health, Human Services, & Homelessness on H.B. No. 987

The purpose of this measure is to increase early identification of children with hearing or vision loss by establishing consistent protocols for screening and follow-up, screener training, and data collection and reporting.

Your Committee received testimony in support of this measure from the Department of Health, Executive Office on Early Learning, Disability Communication Access Board, State Council on Developmental Disabilities, Early Childhood Action Strategy, and one individual.

Your Committee finds that improving hearing and vision screening services for children will improve the early identification of children with hearing or vision loss. Your Committee further finds that early identification of vision and hearing loss, with appropriate follow-up services, is critical for the development of children's development of language and communication skills.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 987, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 987, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 419 Health, Human Services, & Homelessness on H.B. No. 1113

The purpose of this measure is to:

- (1) Reclassify the Donations for Social Services Trust Account from a trust account to a trust fund; and
- (2) Abolish the Kahikolu Ohana O Waianae Project Trust Fund.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the Donations for Social Services Trust Account does not meet the criteria of a trust account because it functions more like a trust fund. Your Committee further finds that Kahikolu Ohana O Waianae Project Trust Fund no longer serves the purposes for which it was originally established.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1113 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 420 Energy & Environmental Protection on H.B. No. 1102

The purpose of this measure is to prohibit the intentional release of balloons inflated with a gas that is lighter than air.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Reef and Ocean Coalition, Beach Environmental Awareness Campaign Hawai'i, Surfrider Foundation, five individuals, and a petition signed by numerous individuals. Your Committee received comments on this measure from The Balloon Council.

Your Committee finds that the release of balloons inflated with lighter-than-air gases poses a danger and nuisance to the environment, particularly to wildlife and marine animals. Many animals mistake the balloons for food, which can cause severe injury or death. This measure ensures the protection and well-being of wildlife in the State by prohibiting the release of balloons inflated with lighter-than-air gases.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1102, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1102, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 421 Energy & Environmental Protection on H.B. No. 1333

The purpose of this measure is to require and appropriate funds for the Hawaii State Energy Office, in consultation with the Department of Health, to conduct a comprehensive study to determine best practices for disposal and recycling of discarded clean energy products in the State.

Your Committee received testimony in support of this measure from Zero Waste Big Island and one individual. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that solar panels have a life expectancy of up to thirty years and panels installed in the 1990s will start requiring disposal in the very near future. Heavy metals such as cadmium and lead are found in solar cells, which can harm the natural environment if not recycled or disposed of properly. This measure ensures that the best practices for proper disposal and recycling of discarded clean energy products can be adopted to prevent excess waste and harm to the environment.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1333, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1333, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 422 Energy & Environmental Protection on H.B. No. 1022

The purpose of this measure is to:

- (1) Clarify that any police officer or agent of the Department of Land and Natural Resources upon whom the Board of Land and Natural Resources has conferred police powers may, in the performance of their primary duties, inspect certain items for compliance, under certain conditions; and
- (2) Establish penalties for refusal to comply with inspection requests.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; For the Fishes; Kua‘āina Ulu ‘Auamo; The Nature Conservancy, Hawai‘i; Kauhako Ohana Association; and six individuals. Your Committee received testimony in opposition to this measure from the Hawaii Fishermen's Alliance for Conservation and Tradition, Inc.; Hawaii Fishing News; and four individuals. Your Committee received comments on this measure from the Department of the Attorney General, Office of Hawaiian Affairs, and one individual.

Your Committee finds that it has been difficult for Department of Land and Natural Resources Division of Conservation and Resources Enforcement officers to enforce fishing and hunting violations due to legal issues regarding bag and container inspections. This measure provides the limited inspection authority necessary to adequately protect the natural and cultural resources of the State.

Your Committee has amended this measure by:

- (1) Inserting findings relating to the intent of this measure, including the challenges of regulating the extraction of natural resources in the State;
- (2) Clarifying the scope and conditions in which a conservation and resources enforcement officer may stop and temporarily detain any person to review licenses, permits, or related documents and inspect wildlife or aquatic life in that person's possession if the officer reasonably believes is, or recently has been, engaged in the act of hunting or fishing;
- (3) Specifying that natural resource inspections conducted by a conservation and resources enforcement officer shall be conducted within a reasonable distance from the environment from which the fishing or hunting took place, under certain conditions;
- (4) Specifying administrative fines for refusal to comply with natural resource inspections;
- (5) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1022, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1022, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 423 Energy & Environmental Protection on H.B. No. 331

The purpose of this measure is to:

- (1) Establish objectives, policies, and priority guidelines in the Hawaii State Planning Act to promote the use of green infrastructure, vegetation, and trees in state facility systems, infrastructure, and transit projects; and
- (2) Require the Office of Planning, in partnership with the Greenhouse Gas Sequestration Task Force, to report to the Legislature with recommendations for implementing the green infrastructure objectives, policies, and priority guidelines.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Office of Planning, Environmental Caucus of the Democratic Party of Hawai‘i, 350Hawaii, Climate Protectors Coalition, Trees for Honolulu's Future, and five individuals.

Your Committee finds that sustainable design concepts for public infrastructure incorporate green vegetation and trees, which can produce significant improvements to mental health and have positive psychological and quality of life benefits in a community. This measure ensures the establishment of critical ecosystem services in the State and demonstrates the State's commitment toward a zero emissions clean economy by 2045.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 331, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Hashem, Tokioka).

SCRep. 424 Energy & Environmental Protection on H.B. No. 1060

The purpose of this measure is to:

- (1) Exempt the State, and its departments and agencies, from county stormwater user fees; and
- (2) Prohibit a county from denying services to the State or its departments and agencies by reason of nonpayment of user fees.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from the Department of Facility Maintenance of the City and County of Honolulu, County of Maui Department of Public Works, Roth Ecological Design Intl., Ulupono Initiative, Hawai‘i Community Foundation, and eight individuals.

Your Committee finds that while it is important to encourage best practices and infrastructure investment by the counties to capture and retain rainfall for potable water before it becomes stormwater run-off, it is also beneficial to the State to provide exemptions from stormwater management fees for certain state facilities. This measure frees up additional resources for the State, while continuing to provide support for the counties in their efforts to protect and enhance groundwater, streams, and near-shore environments.

Your Committee has amended this measure by:

- (1) Specifying that only state airports and harbors shall be exempt from county stormwater user fees;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1060, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1060, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hashem, Tokioka).

SCRep. 425 Energy & Environmental Protection on H.B. No. 901

The purpose of this measure is to amend the environmental impact statement law to delete references to discretionary permits in allowing infrastructure improvements within a highway or public right-of-way to be exempt from environmental assessment requirements.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Transportation; and Office of Planning. Your Committee received testimony in opposition to this measure from Life of the Land and three individuals. Your Committee received comments on this measure from the Office of Environmental Quality Control.

Your Committee finds that infrastructure improvements, such as connecting a water or sewer line to a highway, or making a roadway connection to a public right-of-way, should not be the sole basis for triggering an environmental impact assessment, regardless of whether a discretionary consent is involved. This measure will save time and eliminate costs associated with preparing an environmental impact statement in certain circumstances and allow government entities to prioritize and review other projects as part of the environmental impact assessment process.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 901, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 901, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Perruso). Excused, none.

SCRep. 426 Water & Land/Energy & Environmental Protection on H.B. No. 243

The purpose of this measure is to coordinate state responsibilities for executive branch departments in addressing climate change and sea level rise adaptation by requiring each department to:

- (1) Identify existing and planned facilities that are vulnerable to sea level rise, flooding impacts, and natural hazards;
- (2) Assess options for mitigation impacts of sea level rise to existing and planned facilities;
- (3) Establish staff level points of contact to improve interagency coordination for sea level rise adaptation, flooding, and resilience; and
- (4) Submit annual reports to the Governor, Legislature, and Hawaii Climate Change Mitigation and Adaptation Commission.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services, Hawaii Climate Change Mitigation and Adaptation Commission, League of Women Voters of Hawaii, Hawai'i Reef and Ocean Coalition, Sierra Club of Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, and three individuals.

Your Committees find that climate change and sea level rise pose significant, dangerous, and imminent threats to the State's social and economic well-being, public safety, nature and environments, cultural resources, property, infrastructure, and government functions and will likely have a disproportionate impact on low-income and otherwise vulnerable communities. Chronic impacts of sea level rise, including coastal erosion, high tide flooding, and annual high wave flooding, are already impacting many low-lying coastal areas and are predicted to increase in extent and severity in the coming decades. This measure requires the State to prepare for sea level rise by utilizing the Hawaii Sea Level Rise Vulnerability and Adaptation Report and State of Hawaii Hazard Mitigation Plan.

Your Committees have amended this measure by:

- (1) Clarifying that each department shall utilize the latest projections and map data endorsed by the Hawaii Climate Change Mitigation and Adaptation Commission and State of Hawaii Hazard Mitigation Plan in their identification of existing and planned facilities;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water & Land and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 243, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 243, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 7. Noes, none. Excused, 1 (McDermott).

Energy & Environmental Protection: Ayes, 6. Noes, none. Excused, 2 (Hashem, Tokioka).

SCRep. 427 Water & Land on H.B. No. 1148

The purpose of this measure is to authorize the Board of Land and Natural Resources to adopt, amend, and repeal administrative fees, without regard to chapter 91, Hawaii Revised Statutes, for the various divisions within the Department of Land and Natural Resources by formal board action at a publicly noticed meeting.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual. Your Committee received comments on this measure from the Ocean Tourism Coalition, HFACT, and one individual.

Your Committee finds that the current process for implementing fee schedules through chapter 91, Hawaii Revised Statutes, does not allow for changes to fee structures in response to rapidly-shifting economic conditions or changing environmental, social, and community circumstances that are addressed and managed by the Department of Land and Natural Resources. This measure will provide the Department with the flexibility it needs while still providing transparency and public engagement as required for Board of Land and Natural Resources' meetings under the State's open meeting law requirements.

Your Committee has amended this measure by:

- (1) Clarifying that all Department of Land and Natural Resources fees established by rule at or prior to the date of enactment of this measure may be deleted by rule and adopted as an approved administrative fee schedule without the need to comply with the requirements of chapter 91, Hawaii Revised Statutes;
- (2) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

Your Committee urges the Department of Land and Natural Resources to consult with the Small Business Regulatory Review Board before increasing any administrative fees under the system proposed in this measure.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1148, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1148, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 428 Water & Land on H.B. No. 834

The purpose of this measure is to require the Department of Land and Natural Resources, in collaboration with the County of Hawaii, to conduct site surveys to identify possible locations for black cinder cone quarries on the island of Hawaii.

Your Committee received testimony in support of this measure from the University of Hawai'i System; County of Hawai'i; Hawaii Floriculture and Nursery Association; Puna Rock Co., Ltd.; and three individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that the use of state resources for research and selection of new black cinder cone quarry sites can facilitate economic recovery on Hawaii Island by assisting industries that use large quantities of black cinder or that assist in its distribution, including plant nurseries, coffee farms, flower farms, ornamental industry, horticultural industry, landscaping industry, residential and commercial construction, and merchants and wholesalers.

Your Committee has amended this measure by:

- (1) Specifying that the Department of Land and Natural Resources, in collaboration with the County of Hawaii, shall conduct site surveys to identify the most suitable locations, rather than possible locations;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance hear this measure, your Committee respectfully requests that it insert an appropriation amount of \$150,000 for overhead expenses and the procurement of a geologist, mineralogist, or other specialist as a consultant on the project.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 834, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 834, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 429 Water & Land on H.B. No. 774

The purpose of this measure is to:

- (1) Establish the Pulehunui Community Development Authority as an autonomous community development authority under the Hawaii Community Development Authority for the purposes of developing the Pulehunui Community Development District; and
- (2) Authorize the Hawaii Community Development Authority to obtain various forms of federal funding for construction, maintenance, and development projects in the Pulehunui Community Development District.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Department of Public Safety, Department of Accounting and General Services, Department of Land and Natural Resources, Hawaii Community Development Authority, one member of the Maui County Council, and one individual.

Your Committee finds that developing the public lands in Pulehunui, Maui, to provide suitable recreational, residential, educational, industrial, governmental, and commercial areas where the public can live, congregate, recreate, attend schools, and shop as part of an integrated community is in the public interest.

Your Committee has amended this measure by:

- (1) Clarifying the governing policies of the Pulehunui Community Development Authority with respect to the preservation of archaeological, historical, and cultural sites and the protection of endangered species of flora and fauna;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 774, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 774, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 430 Water & Land on H.B. No. 486

The purpose of this measure is to enable government agencies to maintain roads whose ownership or jurisdiction is in dispute between the State and the counties by:

- (1) Specifying that the maintenance or repair of disputed roads by any agency shall not be deemed to be an indication that the agency has assumed ownership or jurisdiction of the disputed road; and
- (2) Authorizing the State to transfer ownership of roads in favor of counties by quitclaim if requested by the county.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that many roads in the State remain in disrepair due to unclear jurisdictional authority or ownership of those roads between the State and counties. As such, many roads are unmaintained and unsafe for drivers. This measure would allow a government agency to maintain or repair a road, without requiring that agency to claim jurisdiction or ownership of that road, thereby giving these agencies an incentive to maintain or repair these roads without the inference of ownership.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 486, H.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 431 Water & Land on H.B. No. 77

The purpose of this measure is to exempt the sale of the leased fee interest in certain affordable leasehold developments by the Hawaii Housing Finance and Development Corporation from legislative approval.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance Development Corporation. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that this measure is necessary to lessen the cost and burden in having to seek legislative approval of the sale of the leased fee interest in state-owned land. The exemption from legislative approval proposed by this measure facilitates a process that expedites the development of affordable housing in the State.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 77, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 432 Water & Land on H.B. No. 1130

The purpose of this measure is to:

- (1) Require the Office of Planning to hire a contractor to, among other things, identify and assess alternative financing, project delivery, and cost recovery mechanisms to recapture the State's upfront investment in transit-oriented development infrastructure;
- (2) Require the contractor to consult with representatives of certain government entities;
- (3) Require the Office of Planning to report to the Legislature on its findings and recommendations; and
- (4) Appropriate funds.

Your Committee received testimony in support of this measure from the Office of Planning and Hawaii Interagency Council for Transit-Oriented Development.

Your Committee finds that infrastructure deficits are one of the biggest barriers to achieving transient-oriented development potential statewide. Funding for infrastructure investments needed in designated transient-oriented development areas was already constrained prior to the COVID-19 pandemic. Your Committee further finds that potential financing mechanisms were explored in a 2020 study by the Office of Planning, which assessed options for needed infrastructure improvements in three of the State's transient-oriented development priority areas along the rail corridor on Oahu, and further analysis is now required to refine the appropriate tools and actions for financing and cost-sharing of transient-oriented development infrastructure investments.

Your Committee also finds that this measure would provide an avenue for the State and counties to collaborate on solutions to pay for and build infrastructure capacity that facilitates transient-oriented development in compact, mixed-use communities integrated with public transit.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1130, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1130, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 433 Water & Land on H.B. No. 1352

The purpose of this measure is to require the Office of Planning to submit a report to the Legislature containing the following:

- (1) An inventory of federally controlled state lands, to be prepared by the Department of Land and Natural Resources;
- (2) Any known contaminants or environmental hazards on the inventoried lands based on past environmental studies, to be prepared by the Department of Health in consultation with the Environmental Protection Agency;
- (3) Input from departments and agencies on proposed alternative uses for the lands; and
- (4) Its findings and recommendations, including any proposed legislation, based on the information above.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Environmental Caucus of The Democratic Party of Hawaii, and eleven individuals.

Your Committee finds that this measure directs concrete steps to be taken toward compiling the information needed as a precursor to remediation and restoration efforts and alternative uses for federally controlled state lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1352, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 434 Water & Land on H.B. No. 502

The purpose of this measure is to enable greater opportunities to provide housing in the State by allowing the counties to adopt ordinances that allow for increased dwelling density in certain rural districts.

Your Committee received testimony in support of this measure from the Hawaii Association of REALTORS.

Your Committee finds that this measure will provide the counties with some flexibility in addressing their housing shortage by authorizing ordinances that would allow for one dwelling house to be constructed on one-quarter acre in rural districts, rather than one dwelling house per one-half acre. Your Committee further finds that protections are afforded by the requirement of consistency with the county general plan and associated community plans.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 502, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 502, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 435 Economic Development on H.B. No. 1045

The purpose of this measure is to revise the manner in which a person authorized to collect rent provides information to the Department of Taxation by specifying conditions and penalties.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that existing state law requires persons who collect rent on behalf of property owners to provide the Department of Taxation with information regarding the owner. However, there are no penalties for failing to comply. This measure provides the Department of Taxation with additional tools to help monitor and enforce compliance with reporting requirements.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1045, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1045, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 436 Economic Development on H.B. No. 1184

The purpose of this measure is to exempt the sale of precious metal bullion from the general excise tax.

Your Committee received testimony in support of this measure from the Industry Council for Tangible Assets, Inc.; Foundation for the Advancement of Monetary Education, Ltd.; Sound Money Defense League; Liberty Coin Service; and two individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that previous metal bullion, such as gold and silver, have a major distinction from other tangible assets that are subject to sales and use tax in that they are not consumed, but acquired as collectibles or investments to be sold. This measure removes the disincentives for residents who choose to hold onto gold and silver for these purposes.

Your Committee notes the request in testimony from the Department of Taxation to postpone the effective date of this measure to January 1, 2022, to provide the Department with time to make the necessary forms, instructions, and computer system changes.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "precious metal bullion" to apply to coins, bars, or rounds minted primarily of refined gold or silver; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1184, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1184, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 437 Economic Development on H.B. No. 1388

The purpose of this measure is to:

- (1) Eliminate the home mortgage interest deduction for second homes under the State's Hawaii income tax law; and
- (2) Require the amount of state revenue gained by eliminating the deduction to be deposited into the Rental Housing Revolving Fund.

Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS. Your Committee received comments on this measure from the Department of Taxation, Hawaii Housing Finance and Development Corporation, Tax Foundation of Hawaii, and Grassroot Institute of Hawaii.

Your Committee finds that Hawaii is currently experiencing a housing shortage in which there are not enough homes to meet demand. By removing the homeowners interest deduction for second homes, this measure encourages those who own second homes to sell those homes, which would increase the housing supply for Hawaii residents who could use the home as their primary residence.

Your Committee has amended this measure by:

- (1) Deleting provisions that would have deposited the amount of state revenue gained by eliminating the home mortgage interest deduction for second homes into the Rental Housing Revolving Fund;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1388, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1388, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Belatti).

SCRep. 438 Economic Development on H.B. No. 59

The purpose of this measure is to repeal, abolish, or reclassify various non-general funds of the Department of Business, Economic Development, and Tourism.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Hawaii State Energy Office; Hawaii Technology Development Corporation; and Tax Foundation of Hawaii.

Your Committee finds that this measure implements some of the recommendations made by the Auditor. Repealing funds that no longer serve their intended purpose or no longer have activity promotes transparency in government finances, increases budgetary flexibility, improves government efficiency, and enhances government accountability.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 59, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 59, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 439 Economic Development on H.B. No. 1273

The purpose of this measure is to require the Department of Business, Economic Development, and Tourism to make a public disclosure identifying the names of the taxpayers who are receiving certain tax credits and the total amount of tax credits received for specific economic activities.

Your Committee received comments on this measure from the Department of Taxation; Department of Business, Economic Development, and Tourism; and Tax Foundation of Hawaii.

Your Committee finds that public disclosure and access to the tax credits that are being claimed by taxpayers each year will help to further identify how public monies are being consumed and what activities are tax-favored by the State. Consolidated tax data on the amount of certain tax credits claimed will also aid in decision making and further transparency. Such information and details will also help policymakers in determining social tax policies going forward and how best to use a finite amount of public resources, especially during times of economic recession.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1273, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1273, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 440 Economic Development on H.B. No. 862

The purpose of this measure is to abolish the Office of Aerospace Development, Aerospace Advisory Committee, Hawaii Unmanned Aerial Systems Test Site Advisory Board, and Pacific International Space Center for Exploration Systems.

Your Committee received testimony in opposition to this measure from the Department of Business, Economic Development, and Tourism; Pacific International Space Center for Exploration Systems; Hawaii Island Economic Development Board, Inc.; Challenger Center Hawaii; International MoonBase Alliance; and seventeen individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that while Hawaii plays an important role in the development of the aerospace industry, given the current economic situation in the State, it is critical for the State to consider reallocating its limited resources by eliminating certain state agencies. While recognizing the need to reallocate resources, your Committee also recognizes the vital role that the Pacific International Space Center for Exploration Systems plays in facilitating aerospace economic development projects, workforce development, and outreach programs.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting language that:
 - (A) Abolishes the Office of Aerospace Development, Aerospace Advisory Committee, and the Hawaii Unmanned Aerial Systems Test Site Advisory Board; and
 - (B) Makes conforming amendments associated with the Pacific International Space Center for Exploration Systems; and
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 862, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 862, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Sayama, Okimoto). Noes, none. Excused, 1 (Belatti).

SCRep. 441 Economic Development on H.B. No. 593

The purpose of this measure is to expand the definition of "beer" to specify an alcohol by volume of no less than 0.5 percent and to include alcoholic seltzer beverages.

Your Committee received testimony in support of this measure from Maui Brewing Co., Hawaiian Craft Brewers Guild, Lanikai Brewing Company, Honolulu Beerworks, Kauai Beer Company, Kaua'i Island Brewing Company, Koholā Brewery, and two individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the existing statutory definition of "beer" is limited and does not adequately represent the unique aspects of craft beer ingredients that brewers use to develop new products and new offerings. This measure will help foster the creation of new and unique styles of beer that are well-suited for the inclusion of Hawaii-grown agricultural products.

Your Committee notes the request in testimony from the Department of Taxation to postpone the effective date of this measure to January 1, 2022, to provide the Department with time to make the necessary forms, instructions, and computer system changes.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 593, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 593, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 442 Economic Development on H.B. No. 1176

The purpose of this measure is to establish and appropriate funds for a State Job Corps Program within the Department of Business, Economic Development, and Tourism to help address unemployment impacts of the COVID-19 pandemic and support economic diversification.

Your Committee received testimony in support of this measure from the Department of Research and Development of the County of Hawaii, International Longshore & Warehouse Union Local 142, Kupu, Hawaii Island Economic Development Board, Chamber of Commerce Hawaii, HPM Building Supply, Think BIG Coalition, Kalapana Seaview Estates Community Association, and eight individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the COVID-19 pandemic has placed tens of thousands of residents out of work, increasing Hawaii's rate of unemployment to among the highest in the nation. This measure provides a unique opportunity to build a more resilient, equitable, and diversified economy and highlights the need for increased and diverse workforce development initiatives.

Your Committee has amended this measure by:

- (1) Specifying that the State Jobs Corp Program shall be established within the Department of Labor and Industrial Relations, rather than the Department of Business, Economic Development, and Tourism;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1176, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1176, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Onishi). Noes, none. Excused, 1 (Belatti).

SCRep. 443 Agriculture on H.B. No. 96

The purpose of this measure is to increase the maximum area for each agricultural shade cloth structure, cold frame, or greenhouse not used as a dwelling or lodging unit, that qualifies the structure for exemption from building permit and building code requirements.

Your Committee received testimony in support of this measure from the Department of Agriculture, University of Hawaii College of Tropical Agriculture and Human Resources, Hawaii Cattlemen's Council, Ulupono Initiative, Hawaii Farming LLC, Big Island Produce Asset Holdings LLC, Hawaii Farm Bureau, and Aloun Farms.

Your Committee finds that increasing the square footage in area per agricultural shade cloth structure, cold frame, and greenhouse that qualifies for exemption from building permit and building code requirements provides more flexibility in the types of structures used for agricultural purposes. Broadening the exemption to encompass certain larger agricultural structures will aid in furthering agricultural production and development in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 96 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 444 Agriculture on H.B. No. 100

The purpose of this measure is to increase the freight import fee to provide additional funding for programs to inspect, quarantine, prevent, and mitigate the impacts of invasive species in Hawaii.

Your Committee received testimony in support of this measure from the Coordinating Group on Alien Pest Species, Hawaii Farm Bureau, and Ulupono Initiative. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture and Tax Foundation of Hawaii.

Your Committee finds that under existing law, a freight import fee is collected on shipments arriving into the State via water. This fee has proven a reliable source of steady funds to supplement general funds for the crucial inspection and quarantine services performed by the Department of Agriculture. Your Committee acknowledges the concerns raised in testimony that a 2012 ruling by the United States Department of Transportation found that the State cannot make airlines or the air cargo import companies collect or remit import fees. However, as also mentioned in testimony, the United States Department of Transportation ruling did not rule against the State charging and collecting the fee on the air cargo itself.

Your Committee therefore finds that amendments to this measure are necessary to address these concerns and ensure that invasive species are caught and eradicated regardless of the means the species arrives in Hawaii.

Your Committee has amended this measure by:

- (1) Beginning on July 1, 2022, establishing an Air Cargo Pest Inspection, Quarantine, and Eradication Fee, to be assessed on each air carrier delivering air cargo into the State;
- (2) Establishing the Air Cargo Pest Inspection, Quarantine, and Eradication Fund, to be used solely by the Department of Agriculture's Air Cargo Inspection Program;
- (3) Clarifying that the Inspection, Quarantine, and Eradication Service Fee and Charge excludes air freight;
- (4) Changing the Inspection, Quarantine, and Eradication Service Fee and Charge to an unspecified amount;
- (5) Requiring the Auditor to conduct an analysis on the Air Cargo Pest Inspection, Quarantine, and Eradication Fee; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to deliberate on this measure to examine whether the objectives of this measure may be accomplished through general fund expenditures. Your Committee further respectfully requests your Committee on Finance to examine and review the expenditure ceiling for the Pest Inspection, Quarantine, and Eradication Fund.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 100, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 100, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 445 Agriculture on H.B. No. 237

The purpose of this measure is to appropriate funds to the Department of Agriculture for the mitigation and control of the two-lined spittlebug and fund recovery efforts.

Your Committee received testimony in support of this measure from the Department of Agriculture; University of Hawai'i System; Hawaii Cattlemen's Council, Inc.; Larry Jeffs Farms, LLC; McCandless Ranch; Hawaii Farm Bureau; Parker Ranch, Inc.; Ulupono Initiative; Land Use Research Foundation of Hawaii; Maui Cattlemen's Association, Inc.; Hawaii Meats, LLC; Local Food Coalition; Ulupalakua Ranch, Inc.; F Ranch, LLC; and twelve individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that the two-lined spittlebug is an invasive insect that attacks key forage grasses used by the livestock ranching industry. In 2016, the State's first two-lined spittlebug infestation was discovered in Kailua-Kona, on the Island of Hawaii, where the pest had damaged nearly two thousand acres of pasture land. Many high-quality pasture grasses, including Bracharia, Kikuyu, Pangola, St. Augustine, and Bermuda, are susceptible to two-lined spittlebug attacks. During heavy infestations, dying plant tissue cascades from the leaves to the roots, ultimately causing the death of the whole plant. The resulting damage does not allow for any regrowth, requiring ranchers to totally replant affected pastures.

Your Committee has amended this measure by:

- (1) Correcting the name of the special fund to the Pest Inspection, Quarantine, and Eradication Fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 237, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 237, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 446 Agriculture on H.B. No. 1375

The purpose of this measure is to extend the authorization to issue special purpose revenue bonds to assist MauiGrown Coffee, Inc., with the operation and expansion of its farm and mill.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce and MauiGrown Coffee, Inc.

Your Committee finds that agriculture and the manufacturing of value-added products are assets to economic diversification in the State. This measure will help to continue the building and growth of the coffee industry on Maui.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1375 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 447 Housing on H.B. No. 208

The purpose of this measure is to require sellers of buildings or structures that are wholly or partially occupied for residential purposes to equip the buildings or structures with approved smoke alarms in accordance with existing state or county building or residential codes.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council and Honolulu Fire Department. Your Committee received comments on this measure from the Hawai'i Association of REALTORS.

Your Committee finds that according to the 1994 Uniform Building Code adopted by Hawaii, residents are required to install smoke detectors in all new and renovated dwelling units. Your Committee further finds that smoke alarms that are properly installed and maintained play a vital role in reducing fire deaths and injuries. The smoke alarm requirement proposed by this measure will provide a reasonable degree of safety to occupants.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 208, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 208, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 448 Housing on H.B. No. 272

The purpose of this measure is to:

- (1) Make condominium laws regarding sales to owner-occupants inapplicable to time share units; and
- (2) Increase the minimum percentage of residential units in a condominium project that must be offered for sale to prospective owner-occupants in the thirty-day period following the initial date of sale of the condominium from fifty percent to ninety percent.

Your Committee received testimony in support of this measure from the Hawaii Council for Associations of Apartment Owners. Your Committee received comments on this measure from Associa.

Your Committee finds that this measure would address certain housing needs for Hawaii residents by increasing the amount of residential unit stock available for sale to prospective owner-occupants.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 272, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 272, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 449 Housing on H.B. No. 606

The purpose of this measure is to authorize the issuance of general obligation bonds and appropriate funds for fiscal year 2021-2022 to be deposited into the Dwelling Unit Revolving Fund and Rental Housing Revolving Fund.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Catholic Charities Hawai'i, Partners in Care, AARP Hawai'i, Hawai'i Association of REALTORS, and two individuals.

Your Committee finds that the Dwelling Unit Revolving Fund was established in 1970 to carry out the Housing Development Program. The Rental Housing Trust Fund, established in 1992, was established to assist very low- and low-income families and individuals, including the homeless and special needs groups, in obtaining rental housing. Both funds continue to provide funding mechanisms that support efforts to address the critical shortage of housing in the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 606, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 606, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 450 Health, Human Services, & Homelessness on H.B. No. 490

The purpose of this measure is to:

- (1) Lower the age at which enhanced penalties apply for crimes against seniors from sixty-two years of age to sixty years of age; and
- (2) Make the commission of certain criminal offenses against a senior's person or property applicable if the perpetrator knows or reasonably should know the senior victim's age.

Your Committee received testimony in support of this measure from the Department of Human Services, Executive Office on Aging, Office of the Prosecuting Attorney of the County of Kauai, Maui Police Department, Department of the Prosecuting Attorney of the County of Maui, Honolulu Police Department, and Macha. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that existing law does not provide adequate protection against the physical, emotional, and financial exploitation of the State's senior citizens. This measure makes certain amendments to more closely align certain Penal Code statutes with common elder abuse scenarios, which will allow law enforcement and prosecutors to respond appropriately.

Your Committee has amended this measure by:

- (1) Adding a savings clause;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 490, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 490, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 451 Health, Human Services, & Homelessness on H.B. No. 980

The purpose of this measure is to broaden the Department of Human Services' right of entry into a vulnerable adult's premises without a warrant for the investigation of any type of abuse, regardless of whether there is a physical injury.

Your Committee received testimony in support of this measure from the Department of Human Services, Executive Office on Aging, and one individual.

Your Committee finds that existing law limits the Department of Human Services' right to enter a vulnerable adult's premises without a warrant only in cases where there is probable cause to believe that a vulnerable adult will be physically injured. However, abuse against vulnerable adults is not limited to physical abuse. Caregiver neglect, self-neglect, and financial exploitation are the most common types of abuse for which injuries are not necessarily visible. This measure will allow the Department of Human Services to act to assess vulnerable adults and initiate investigations in cases where the reported abuse is not physical in nature.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 980, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 980, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 452 Water & Land/Energy & Environmental Protection on H.B. No. 1008

The purpose of this measure is to clarify conditions that must be met by applicants to receive funds under the Forest Stewardship Program.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Reef and Ocean Coalition, and one individual.

Your Committees find that the Forest Stewardship Program provides technical and financial assistance to private landowners in managing, protecting, and restoring Hawaii's forested lands. This measure will allow long-term leaseholders to participate in the program, increase cost-share support for eligible lands, and clarify that production of non-timber forest products is allowed under the program.

Your Committees have amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water & Land and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1008, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1008, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 7. Noes, none. Excused, 1 (McDermott).

Energy & Environmental Protection: Ayes, 6. Noes, none. Excused, 2 (Hashem, Tokioka).

SCRep. 453 Water & Land/Energy & Environmental Protection on H.B. No. 1027

The purpose of this measure is to:

- (1) Establish the Marine Life Conservation District Special Fund for the collection and use of monies for the management, protection, restoration, and enhancement of the State's marine life conservation districts and the resources contained within; and
- (2) Authorize the Department of Land and Natural Resources to collect fees for the use of marine life conservation districts and the resources contained within.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and two individuals. Your Committees received testimony in opposition to this measure from two individuals. Your Committees received comments on this measure from the Friends of Hanauma Bay, Hawaii Reef and Ocean Coalition, and Ocean Tourism Coalition.

Your Committees find that the broad range of recently documented anthropogenic impacts to the health of marine life conservation districts' ecosystems, including coral bleaching, vessel groundings, anchoring and mooring, diving activities, land-based and water-based pollutant discharges, and other direct and indirect impacts on the State's marine resources, indicate that the Department of Land and Natural Resources may need a more consistent and reliable source of funding to manage, protect, and restore marine resources throughout the State.

Your Committees further find, however, that the Hanauma Bay Marine Life Conservation District already collects admission fees and concession revenues that are deposited into the City and County of Honolulu's Hanauma Bay Nature Preserve Fund, pursuant to Chapter 6, Article 51 of the Revised Ordinances of Honolulu. Federal court rulings upholding those fees require that they be spent only at Hanauma Bay.

Accordingly, your Committees have amended this measure by:

- (1) Carving out fees generated at or for the Hanauma Bay Marine Life Conservation District from fees generated in connection with other marine life conservation districts to enable the Hanauma Bay-related fees to be spent only for Hanauma Bay;
- (2) With respect to the Marine Life Conservation District Special Fund, allowing monies received from the counties to be deposited and accounted for in accordance with conditions established by the county;
- (3) Making the Department of Land and Natural Resources' authority to adopt rules to establish fees or require permits for entry into the boundaries of any marine life conservation district established by chapter 190, Hawaii Revised Statutes, apply only to marine life conservation districts to which public access is managed by a county with a population of 500,000 or more and for which a fee is charged for public access; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water & Land and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1027, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1027, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 7. Noes, none. Excused, 1 (McDermott).

Energy & Environmental Protection: Ayes, 6. Noes, none. Excused, 2 (Hashem, Tokioka).

SCRep. 454 Labor & Tourism on H.B. No. 1282

The purpose of this measure is to:

- (1) Begin the transfer of the Oahu Regional Health Care System in its entirety from the Hawaii Health Systems Corporation to the Department of Health;
- (2) Authorize the Department of Health to conduct long-term care and substance abuse treatment at Leahi Hospital and Maluhia and to pay rent for the use of the Leahi Hospital property;
- (3) Require the Department of Health to consult with the University of Hawaii regarding programs at Leahi Hospital and Maluhia and allow University of Hawaii students to rotate through those facilities for training purposes;
- (4) Enable the Oahu Regional Health Care System, Department of Health, Hawaii Health Systems Corporation, and other state agencies to implement the processes required to complete the transition;
- (5) Clarify the rights, powers, and exemptions of the Oahu Regional System Board during the transition period of the Oahu Regional Health Care System into the Department of Health, and the rights, powers, and exemptions of the Inpatient Services Division of the Department of Health after the transition is complete;
- (6) Authorize the issuance of general obligation bonds for improvements to Leahi Hospital and Maluhia; and
- (7) Appropriate funds from the Mental Health and Substance Abuse Special Fund to operate Leahi Hospital and Maluhia.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Health Systems Corporation, and University of Hawai'i System. Your Committee received comments on this measure from the Department of the Attorney General and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that, unlike the Hawaii Health System Corporation's neighbor island facilities, which generally serve as the primary acute care providers for their respective communities, the Oahu Regional Health Care System care facilities almost exclusively provide safety-net, long-term care and adult-day health services to patients who are unable to find much-needed care in private facilities. Your Committee further finds that the Oahu Regional Health Care System care facilities provide care for incarcerated inmates released for compassionate care and psychiatric patients from the Hawaii State Hospital who have significant long-term care needs. The transfer will ensure the continued availability of long-term care beds for the State's aging population and facilitate more efficient use of the facilities at Leahi Hospital and Maluhia.

Your Committee also finds that the Department of Health's Behavioral Health Administration is mandated by statute to assure a comprehensive statewide behavioral health care system by leveraging and coordinating public, private, and community resources. There is a significant gap in the behavioral health care system between acute psychiatric care facilities and low acuity residential treatment. This measure would provide additional pathways and resources for the State to better address behavioral health treatment, helping to break the cycle in and out of hospital emergency departments and relieve pressure on acute care hospital facilities, law enforcement entities, and other systems of care.

Your Committee has amended this measure by:

- (1) Incorporating clarifying amendments recommended by the Department of the Attorney General relating to, among other things, preserving the ability of the Department of Health to pursue layoffs or discipline if necessary; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1282, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1282, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (D. Kobayashi, Quinlan).

SCRep. 455 Education/Higher Education & Technology on H.B. No. 609

The purpose of this measure is to:

- (1) Authorize remote schools to receive supplemental categorical funding, subject to legislative appropriations, to support instructional and support staff; and
- (2) Appropriate funds for remote schools categorical funding.

Your Committees received testimony in support of this measure from the Department of Education, Hawaii State Teachers Association, and one individual.

Your Committees find that the Reinventing Education Act of 2004 (Act 51, Session Laws of Hawaii 2004) established a weighted student formula to allocate monies to schools according to the different costs of educating students with varying needs with the intention of equitable distribution of funds. However, the weighted student formula has placed small, remote schools at a disadvantage. Your Committees further find that in the case of Hana High and Elementary School, the budgetary shortfall has resulted in the loss of several well-qualified teachers and has threatened the school's ability to offer minimum course requirements for students. For students to take the requisite courses for graduation, those students will have to endure a nearly forty-mile, two-hour drive to the next closest public high school, King Kekaulike High School. This measure ensures that remote schools are funded to retain the minimal personnel and resources necessary to graduate students.

Your Committees have amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Education and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 609, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 609, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 10. Noes, none. Excused, 2 (Belatti, Gates).

Higher Education & Technology: Ayes, 10. Noes, none. Excused, 2 (Belatti, Gates).

SCRep. 456 Education/Higher Education & Technology on H.B. No. 1291

The purpose of this measure is to:

- (1) Allow applicants who graduated from a public high school in the State with a cumulative grade point average of 3.0 and qualified for and received special education services for two or more years during enrollment in grades kindergarten through twelve to be eligible for the Hawaii State Scholars Program;
- (2) Allow students enrolled at a community college campus who graduated from a public high school in the State with a cumulative grade point average of 3.0 and qualified for and received special education services for two or more years during enrollment in grades kindergarten through twelve to be eligible for the Hawaii Community College Promise Program; and
- (3) Require ten percent of available funds for the Hawaii Community College Promise Program to be dedicated for the aforementioned qualifying students.

Your Committees received testimony in support of this measure from the Hawaii State Teachers Association and seventeen individuals. Your Committees received testimony in support of the intent of this measure from the University of Hawai'i System. Your Committees received comments on this measure from one individual.

Your Committees find that there is a massive achievement gap between students in regular education and special education in public schools. Your Committees further find that to drive excellence and prepare our students to be college, career, and world ready, allocating scholarship funds to targeted students would ensure students with special needs have access to post high school education and the possibility of a better personal and professional life in the State. Your Committees believe that this measure will expand the opportunities available to enhance the lives of students with special needs.

Your Committees have amended this measure by:

- (1) Removing the provision requiring ten percent of available funds for the Hawaii Community College Promise Program be dedicated for the qualifying students who graduated from a public high school in the State with a cumulative grade point average of 3.0 and qualified for and received special education services for two or more years during enrollment in grades kindergarten through twelve;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Education and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1291, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1291, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 10. Noes, none. Excused, 2 (Belatti, Gates).

Higher Education & Technology: Ayes, 10. Noes, none. Excused, 2 (Belatti, Gates).

SCRep. 457 Education on H.B. No. 396

The purpose of this measure is to allow nonprofit organizations to establish an applicant governing board and develop a charter application for a start-up or conversion charter school, subject to certain provisions.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the State Public Charter School Commission.

Your Committee believes that this measure will allow for more opportunities to establish additional charter schools in the State through nonprofit organizations and bring new and innovative methods of education to Hawaii's youth.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 396, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 396, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 4 (Belatti, Ohno, Quinlan, Takayama).

SCRep. 458 Education on H.B. No. 443

The purpose of this measure require the Department of Education to conduct a comprehensive cost analysis of the Department's food services and student meals program to make recommendations regarding the ways in which the Department can increase the use of locally grown agricultural products and report to the Legislature on its results.

Your Committee received testimony in support of this measure from the Land Use Research Foundation of Hawaii, Ulupono Initiative, Hawaii Farm Bureau, Hawaii Primary Care Association, Local Food Coalition, Food+ Policy Internship, Hawai'i Public Health Institute, Hawai'i Farm to School Hui, Hawai'i Alliance for Progressive Action, Hawaii Cattlemen's Council, and eight individuals. Your Committee received comments on this measure from the Department of Education and Department of Agriculture.

Your Committee finds that most children in public schools do not eat the daily recommended allowance of fresh fruits and vegetables or whole grains, and their diets include too many empty calories and high sodium levels. This often occurs because local families cannot afford to feed their children nutritious food. Your Committee further finds that many health issues in children are closely related to lack of nutritious food. Your Committee believes that this measure will assist the Department of Education in identifying fresh, locally grown products to be used in student meals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 443, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 443, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 459 Education on H.B. No. 514

The purpose of this measure is to:

- (1) Establish an income tax credit for employers who create on-site early childhood facilities; and
- (2) Establish and appropriate funds for an on-site early childhood facility coordinator position to assist with licensure and accreditation requirements, work with providers, and ensure appropriate facility design of on-site early childhood facilities established by employers in the State.

Your Committee received testimony in support of this measure from Early Childhood Action Strategy; Hawaii Children's Action Network Speaks!; and two individuals. Your Committee received testimony in support of the intent of this measure from the Executive Office on Early Learning and Early Learning Board. Your Committee received comments on this measure from the Department of Taxation, Department of Human Services, and Tax Foundation of Hawaii.

Your Committee finds that the cost of child care in Hawaii is among the highest in the nation, requiring some parents to remain at home with their children because of the high cost of child care. Your Committee further finds that employers who create facilities for early learning education on-site see greater employee retention and performance, lower absenteeism, and a more productive and positive workplace environment. This measure will help parents address concerns of child care costs and provide more opportunities for access to early childhood learning programs by providing an income tax credit for employers who create facilities for early learning education on-site.

Your Committee has amended this measure by:

- (1) Upon the recommendation of the Department of Human Services, applying the income tax credit to the creation of on-site group child care centers, rather than on-site early childhood facilities, and making conforming amendments to change "early childhood facility" to "group child care center";
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to deliberate on this measure, to examine the technical issues that may be associated with the establishment and implementation of the income tax credit provided by this measure.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 514, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 514, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 4 (Belatti, Ohno, Quinlan, Takayama).

SCRep. 460 Education on H.B. No. 546

The purpose of this measure is to amend the composition of the Early Learning Board to make a representative from Aha Punana Leo a standing member.

Your Committee received testimony in support of this measure from Office of Hawaiian Affairs, Aha Punana Leo, Kupuna for the Mo'opuna, Ke Kula O Nawahiokalaniopuu Iki Lab Public Charter School, Punana Leo o Hilo, Association of Hawaiian Civics Club and numerous individuals. Your Committee received testimony in support of the intent of this measure from the Early Learning Board. Your Committee received comments on this measure from the Executive Office on Early Learning Board.

Your Committee finds that Aha Punana Leo is currently the only provider of Hawaiian immersion statewide that offers programs to infants, toddlers, and preschoolers and that, to date, the Hawaiian medium early learning provider seat on the Early Learning Board has been filled by a representative of Aha Punana Leo. Your Committee further finds that the Hawaiian medium early learning provider seat is limited to two consecutive, two-year terms. Other provisions of state law prevent the Aha Punana Leo representative from serving more than two consecutive terms, which makes it difficult for the board member to develop

and maintain the institutional knowledge and relationships that are necessary to ensure effective advocacy. This measure will remove the Hawaiian medium early learning provider seat and in its place establish the chief executive officer of Aha Punana Leo, or the chief executive officer's designee, as a voting member on the Early Learning Board.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 546, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 546, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 4 (Belatti, Ohno, Quinlan, Takayama).

SCRep. 461 Education on H.B. No. 612

The purpose of this measure is to:

- (1) Require the Superintendent of Education, or the Superintendent's designee, to serve as the summer learning coordinator and coordinate all school based programs for children; and
- (2) Require the summer learning coordinator to leverage certain federal funds for school-based summer programs.

Your Committee received testimony in support of this measure from Waipahu Elementary School; Kaho'omiki; Hawaii Children's Action Network Speaks; Hawai'i Afterschool Alliance; After-School All-Stars Hawaii; Hui for Excellence in Education; Parents And Children Together; and seven individuals. Your Committee received testimony in opposition to this measure from the Hawaii State Teachers Association and one individual. Your Committee received comments on this measure from the Department of Education, Department of Human Services, and one individual.

Your Committee finds that learning loss caused by the COVID-19 pandemic needs to be addressed by providing strong support to public school and charter students. Your Committee further finds that the summer months need to be utilized to provide coordinated summer programs that will close student achievement gaps, address student mental health, promote physical activity, and ensure child safety. This measure will provide summer activities that will provide coordinated services that avoid duplication of efforts, strategically leverage federal and state funding, and ensure equity to target the most impacted and vulnerable students.

Your Committee has amended this measure by:

- (1) Removing language specifying the type of federal funds that the summer learning coordinator shall work with the Department of Human Services to leverage; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 612, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 612, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ganaden, Okimoto). Noes, none. Excused, 2 (Ohno, Quinlan).

SCRep. 462 Education on H.B. No. 702

The purpose of this measure is to require the Department of Education to adopt rules for the procurement of goods and services related to the administration of food programs at public schools that incorporate a geographic preference for unprocessed locally grown and locally raised food products.

Your Committee received testimony in support of this measure from the Land Use Research Foundation of Hawaii, Ulupono Initiative, Hawai'i Farm Bureau, Blue Zones Project, Hawaii Food Industry Association, Local Food Coalition, Hawai'i Primary Care Association, Food+ Policy Internship, Environmental Caucus of the Democratic Party of Hawai'i, Healthy Eating Active Living, Obesity Prevention Task Force, Hawai'i Public Health Institute, Hawai'i Farm to School Hui, Pono Hawai'i Initiative, Hawai'i Alliance for Progressive Action, Hawaii Cattlemen's Council, and numerous individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education. Your Committee received comments on this measure from the Department of Agriculture and State Procurement Office.

Your Committee finds that building farm to school connections can improve student access to healthy, local foods, provide numerous public health benefits, and contribute to the local agricultural industry. Your Committee further finds that procuring local food provides a long-term revenue stream for farmers and other food producers, promotes market diversification, and increases income and economic growth opportunities for individual farmers. Your Committee believes the proposed geographic preference provided by this measure will provide the flexibility that will help increase the purchase of more locally-grown agricultural products.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2051; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 702, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 702, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 463 Education on H.B. No. 767

The purpose of this measure is to support the Hawaii Farm to School Program by moving the program from the Department of Agriculture to the Department of Education and establishing a programmatic goal that at least thirty percent of food served in public schools be locally sourced by 2030.

Your Committee received testimony in support of this measure from Blue Zones Project, Land Use Research Foundation of Hawaii, Hawai'i Farm Bureau, Local Food Coalition, Ulupono Initiative, Hawaii Primary Care Association, Food+ Policy Internship, Environmental Caucus of the Democratic Party of Hawai'i, Pono Hawai'i Initiative, Hawaii Cattlemen's Council, and numerous individuals. Your Committee received testimony in support of the intent of this

measure from the Department of Education, Hawai'i Public Health Institute, Hawai'i Farm to School Hui, and Hawai'i 'Ulu Cooperative. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that farm-to-school programs support a nutritious school food environment that encourages students to make healthier choices. Your Committee further finds that setting a target goal of providing a fixed minimum percentage of locally sourced food in public schools can bring the farm to school program closer to achieving tangible results for the health of Hawaii's students.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2051; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 767, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 767, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 464 Education on H.B. No. 791

The purpose of this measure is to establish a state income tax credit for certain expenses incurred by pre-kindergarten through grade 12 teachers, instructors, school librarians, counselors, principals, registrars, or aides in a school.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii State Teachers Association, Democratic Party of Hawai'i Education Caucus, and Parents And Children Together. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that, according to the National School Supply and Equipment Association, public school teachers spend \$1.6 billion of their discretionary income annually on supplementary school supplies and instructional materials. On average, teachers surveyed spent a total of \$485 on school supplies and instructional materials, with more than ten percent annually spending over \$1,000 of personal income. Your Committee believes that, through this measure, an income tax credit will offset expenses paid by teachers to support their classrooms and will help aid teacher recruitment and retention.

Your Committee has amended this measure by:

- (1) Changing the term "qualifying taxpayer" to "eligible educator" and defining "eligible educator" to mean, with respect to any taxable year, an individual who is a pre-kindergarten through twelfth grade teacher, instructor, counselor, principal, or aide in a school for at least nine hundred hours during a school year; and
- (2) Changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 791, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 791, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ohno, Quinlan).

SCRep. 465 Education on H.B. No. 812

The purpose of this measure is to require and appropriate funds to the Department of Education to establish a three-year pilot program to develop a trauma-informed education program in the Castle, Kailua, and Kalaheo complexes.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network; HawaiiKidsCAN; Democratic Party of Hawai'i Education Caucus; Hawaii Children's Action Network Speaks!; Hawai'i Primary Care Association; and six individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that incorporating trauma-informed education in the State's public education system will help to address adverse childhood experiences and shift the mindset of schools from discipline-oriented to relationship-oriented and from exclusionary practices to inclusionary practices, which can help reduce suspension rates. In the Nanakuli-Waianae complex area, trauma-informed education has been incorporated into its schools and, since 2015, this complex area has seen a reduction in the suspension and absenteeism rates and an increase in graduation and teacher retention rates. This measure will establish a three-year pilot program to develop a similar trauma-informed education program in the Castle, Kailua, and Kalaheo complexes to reduce violence and absenteeism and help students to improve in their academic performance.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 812, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 812, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 466 Education on H.B. No. 1221

The purpose of this measure is to require charter school authorizers to provide a list of approved independent auditors, rather than selecting three independent auditors, from which their respective charter school is to select an independent auditor for its annual financial audit.

Your Committee received testimony in support of this measure from the State Public Charter School Commission and two individuals.

Your Committee finds that the availability of services of auditors selected by the State Public Charter School Commission is limited for neighbor island charter schools. Your Committee further finds that this measure will enable the Commission to reopen its Request for Qualifications process to review and approve additional auditors and increase audit services for neighbor island charter schools.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1221, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1221, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 4 (Belatti, Ohno, Quinlan, Takayama).

SCRep. 467 Education on H.B. No. 1294

The purpose of this measure is to require the transfer of non-facility general fund per-pupil allocations of special education students of a Department of Education school to a charter school upon enrollment of the student at the charter school, subject to certain conditions.

Your Committee received testimony in support of this measure from HawaiiKidsCAN, DreamHouse Ewa Beach Public Charter School, and six individuals. Your Committee received testimony in opposition to this measure from the Department of Education.

Your Committee finds that the special education per pupil allocation is an annual process in which special education funds are allocated to individual public schools in the Department of Education. Your Committee further finds that the methodology driving the special education per pupil allocation is based on an assumption that each year, student populations and special education eligible student percentages are relatively stable, but this funding methodology does not account for special education students transferring from a Department of Education school to a charter school, which leads to funding not following the student. This measure seeks to correct the situation where special education funding is lower than the actual enrolled numbers of a charter school.

Your Committee has amended this measure by:

- (1) Requiring that the transfer of any non-facility general fund per-pupil allocation of a special education student of a Department of Education School to a charter school occur upon receipt of the completed intent to enroll form of the student at the charter school;
- (2) Requiring the transferred allocation to be used for special education services; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1294, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1294, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ohno, Quinlan).

SCRep. 468 Education on H.B. No. 1360

The purpose of this measure is to:

- (1) Establish an Early Childhood Educator Stipend Program to be administered by the Executive Office on Early Learning to address the shortage of qualified early childhood educators in Hawaii; and
- (2) Require stipend fund repayments for the Early Childhood Educator Stipend Program to be deposited into the Early Learning Special Fund.

Your Committee received testimony in support of this measure from the State Public Charter School Commission, Executive Office on Early Learning, Early Learning Board, Hawaii Children's Action Network Speaks!, Parents And Children Together, Kaulanakilohana, and two individuals. Your Committee received comments on this measure from the Department of the Attorney General and Department of Human Services.

Your Committee finds that the demand for quality early care and education far exceeds the amount of available and qualified early childhood educators. Your Committee further finds that preschool teachers are amongst the lowest paid occupations, making an average less than many non-skilled positions such as parking lot attendants. This measure will support those individuals seeking to become high-quality early childhood educators, thereby moving the State toward reaching its goal of increasing access to high-quality early learning programs.

Your Committee has amended this measure by:

- (1) Exempting the Executive Office on Early Learning from the prohibition of contracting with a collection agency to collect from a debtor a commission;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1360, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1360, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 4 (Belatti, Ohno, Quinlan, Takayama).

SCRep. 469 Education on H.B. No. 1362

The purpose of this measure is to:

- (1) Establish the Hawaii Early Childhood Educator Stipend Program; and
- (2) Clarify and make adjustments to Act 46, Session Laws of Hawaii 2020, which relates to access to learning, to reflect the current situation brought upon by the COVID-2019 pandemic.

Your Committee received testimony in support of this measure from the Department of Education; Hawaii State Council on Developmental Disabilities; Early Childhood Action Strategy; Hui for Excellence in Education; Hawaii Children's Action Network Speaks!; and three individuals. Your Committee received testimony in support of the intent of this measure from the Department of Human Services and Executive Office on Early Learning. Your Committee received comments on this measure from the State Public Charter School Commission and Early Learning Board.

Your Committee finds that the demand for quality early care and education far exceeds the amount of available and qualified early childhood educators. This measure will support individuals seeking to become high-quality early childhood educators, thereby moving the State toward reaching its goal of increasing access to high-quality early learning programs.

Your Committee additionally finds that it is important to prioritize early learning despite the challenges the State has had to face with the COVID-19 pandemic. Your Committee believes that this measure will help to expand and strengthen the early childhood workforce, clarify key dates in the implementation of Act 46, Session Laws of Hawaii 2020, and clarify that a uniform assessment of kindergarten readiness will be used to support the readiness and learning of all students entering kindergarten in public schools and charter schools across the State.

Your Committee has amended this measure by:

- (1) Removing language which would have required the Executive Office on Early Learning to partner with the State Public Charter School Commission to provide the Early Childhood Education Program;
- (2) Restoring language which requires the Department of Human Services to establish or augment an existing database to collect and analyze information it receives from the Department of Education and State Public Charter School Commission regarding standardized assessments for students entering kindergarten and prior early learning programs attendance disclosure;
- (3) Repealing the requirement for the Department of Human Services and Executive Office on Early Learning to collaborate to identify the need for child care and early learning in geographic regions of the State;
- (4) Requiring the Department of Human Services and the Executive Office on Early Learning to collect annual data on the total number of available seats, total number of vacancies, and available waitlist information, to be aggregated by age, program type, and zip code, and allow the Department and Office to work with outside providers and entities to aggregate the collected data;
- (5) Changing its effective date to July 1, 2050; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1362, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1362, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 4 (Belatti, Ohno, Quinlan, Takayama).

SCRep. 470 Education on H.B. No. 521

The purpose of this measure is to require the Committee on Weights to submit a report to the Legislature detailing any changes to the funding formula within thirty days of the change.

Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the Committee on Weights is responsible for, among other things, reviewing the issue of funding and revising the funding formula to provide for the equitable distribution of funds to all Hawaii public schools. Although there is major concern for insufficient funding for public schools, various Committees on Weights have recommended, and the Board of Education has approved, changes in the formula factor that has increased the weighted student formula base funding at schools. Since these changes affect the well-being of schools and students from all areas, it is important that the Legislature be made aware of these changes.

Your Committee has amended this measure by changing the time period for the Committee on Weights to submit a report to the Legislature detailing any changes to the funding formula to within thirty days of the Board of Education approving any changes to the funding formula.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 521, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 521, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ohno, Quinlan).

SCRep. 471 Education on H.B. No. 611

The purpose of this measure is to:

- (1) Establish maintenance of effort provisions for free education in the State;
- (2) Establish a Public Education Stabilization Trust Fund; and
- (3) Appropriate funds for the maintenance of effort for K-12 educational programs.

Your Committee received testimony in support of this measure from the Department of Education, State Public Charter School Commission, and one individual. Your Committee received testimony in support of the intent of this measure from the Hawaii State Teachers Association, Kamehameha Schools, and Democratic Party of Hawaii Education Caucus. Your Committee received comments on this measure from the Department of Budget and Finance, Tax Foundation of Hawaii, and Hui for Excellence in Education.

Your Committee finds that a vibrant K-12 public education system enables the fulfillment of educational goals and aspirations far beyond a student's successful completion of secondary education requirements. Your Committee further finds that to promote predictability and stability of K-12 education revenues, a commitment to a base of annual funding in the face of changing circumstances is needed to ensure the continuous and uninterrupted equitable distribution of educational resources for all public school students.

Your Committee has amended this measure by:

- (1) Clarifying the procedure to remit general exercise tax revenues to the Public Education Stabilization Trust Fund, stating that if appropriations to the Department of Education for the current fiscal year are less than the preceding fiscal year, the sum from all general excise tax revenues realized by the State that represents the difference between the preceding fiscal year appropriation and the current fiscal year appropriation shall be deposited to the credit of the Trust Fund;
- (2) Requiring Board of Education approval of all expenditures made from the Public Education Stabilization Fund;
- (3) Changing its effective date to July 1, 2050; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 611, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 611, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ohno, Quinlan).

SCRep. 472 Education on H.B. No. 1222

The purpose of this measure is to improve digital literacy throughout Hawaii by:

- (1) Requiring public schools and public charter schools to offer education in computer science; and
- (2) Establishing the Computer Science Education Special Fund to provide grants to support computer science education.

Your Committee received testimony in support of this measure from the Department of Education; Code.org; Chamber of Commerce Hawaii; HawaiiKidsCAN; Microsoft; Purple Maia Foundation; Hawai'i Society for Technology in Education; TechNet; and eight individuals. Your Committee received testimony in support of the intent of this measure from the State Public Charter School Commission and Microsoft. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the global COVID-19 pandemic has illustrated a need to diversify Hawaii's economy beyond tourism and has shown the importance of digital literacy, particularly as applied to distance learning, tele-health appointments, and working from home. Your Committee further finds that computer science education is a key driver of economic growth and digital literacy. Your Committee believes this measure will further promote computer science education in the State and prepare students for fields related to computer science that have the potential to drive job growth and innovation throughout the economy.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "computer science";
- (2) Removing highest academic degree of instructors from the categories to be reported to the Superintendent of Education;
- (3) Changing its effective date to July 1, 2050; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1222, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1222, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ohno, Quinlan).

SCRep. 473 Pandemic & Disaster Preparedness/Labor & Tourism on H.B. No. 954

The purpose of this measure is to convert certain employees of the Hawaii Emergency Management Agency from civil service status to exempt status.

Your Committees received testimony in support of this measure from the Hawaii State Energy Office, Hawaii Emergency Management Agency, and one individual. Your Committees received comments on this measure from the Department of Defense and one individual.

Your Committees find that the Hawaii Emergency Management Agency does not have sufficient staff and applicants to fill critical vacancies with well-trained, experienced, and qualified personnel. Exempting certain positions from civil service status within the Hawaii Emergency Management Agency will allow the State to competitively recruit and retain highly qualified individuals and reduce the State's risk in having critical positions vacant for extended periods.

Your Committees have amended this measure by:

- (1) Including the Executive Officer of the Hawaii Emergency Management Agency as a position exempt from civil service status;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Labor & Tourism that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 954, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 954, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 9. Noes, none. Excused, none.

Labor & Tourism: Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 474 Pandemic & Disaster Preparedness/Higher Education & Technology on H.B. No. 956

The purpose of this measure is to establish the Statewide Interoperable Communications Executive Committee and its Coordinator for public safety communications purposes.

Your Committees received testimony in support of this measure from the Department of Defense, Office of Enterprise Technology Services, and one individual.

Your Committees find that a formal public safety communications governance body will provide a clear direction for future communications efforts, a framework for impacted parties to collaborate, and the opportunity for effective and efficient use of financial and technology resources. This measure will create a safer environment for residents and visitors of the State during an emergency by establishing the Interoperable Communications Executive Committee to create uniform policies and procedures for first responders and emergency response agencies.

Your Committees have amended this measure by:

- (1) Inserting language that requires a report from the Statewide Interoperable Communications Executive Committee to the Legislature prior to the convening of each regular session;

(2) Specifying that the Statewide Interoperable Communications Technical Subcommittee shall:

- (A) Not have a fixed membership;
- (B) Not be subject to any quorum requirement; and
- (C) Be exempt from certain provisions of the Sunshine Law;

(3) Changing its effective date to July 1, 2050, to encourage further discussion; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 956, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 956, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 8. Noes, none. Excused, 1 (Woodson).

Higher Education & Technology: Ayes, 9. Noes, none. Excused, 3 (Belatti, Quinlan, Woodson).

SCRep. 475 Pandemic & Disaster Preparedness/Higher Education & Technology on H.B. No. 957

The purpose of this measure is to establish the Hawaii State Fusion Center and the Director for the Hawaii State Fusion Center.

Your Committees received testimony in support of this measure from the Department of Defense, Department of Human Services, Department of Transportation, Hawaii State Energy Office, Hawai'i Gas, Retail Merchants of Hawaii, and one individual.

Your Committees find that on December 20, 2010, the State was designated as the seventy-seventh fusion center by the United States Department of Homeland Security. The Hawaii Fusion Center has been a vital resource for the State, serving as a center for federal, state, and county agencies to coordinate their efforts in receiving and sharing important security information. As security threats increase, it is essential that the State maintains the ability to coordinate the efficient and effective sharing of security information across all levels of government.

Your Committees note that funding for the Director of the Fusion Center ended on December 31, 2020, and under the current economic constraints as a result of COVID-19, the Office of Homeland Security has been funding the position. The Office of Homeland Security is expected to fund the position using federal funds next year; however, funding the Fusion Center exclusively with federal funds is not an advisable business practice. As such, re-establishing state funding for the Director of the Fusion Center is imperative to the functioning of the Fusion Center in future years.

Your Committees have amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 957, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 957, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 8. Noes, none. Excused, 1 (Woodson).

Higher Education & Technology: Ayes, 9. Noes, none. Excused, 3 (Belatti, Quinlan, Woodson).

SCRep. 476 Pandemic & Disaster Preparedness/Health, Human Services, & Homelessness on H.B. No. 1003

The purpose of this measure is to make emergency appropriations to the Department of Health for medical surge staffing and to implement vaccination plans.

Your Committees received testimony in support of this measure from the Department of Health and Hawaii Primary Care Association.

Your Committees find that the Department of Health will require financial support in distributing the highly needed COVID-19 vaccination to residents of the State. Providing the vaccination to residents is a top priority of the State. Your Committees believe that additional funds may be needed to continue critical COVID-19 response programs and activities to ensure the health and welfare of Hawaii's residents.

Your Committees have amended this measure by:

- (1) Inserting blank appropriation amounts;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Health, Human Services, & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1003, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1003, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 9. Noes, none. Excused, none.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, 1 (Gates).

SCRep. 477 Transportation on H.B. No. 1081

The purpose of this measure is to require the Department of Transportation and each county's transportation department to create and maintain a priority list of sidewalk installation and improvement projects and publish the list on their respective websites.

Your Committee received testimony in support of this measure from the Department of Transportation, Waikiki Neighborhood Board, Palehua Townhouse Association, Hawaii Bicycling League, and five individuals.

Your Committee finds that sidewalks are crucial infrastructure that allow pedestrians to safely walk throughout the State. Properly maintained sidewalks are essential for many of Hawaii's residents and visitors as it is their only means of safely commuting to school or work or to seek medical care. A publicly available list of sidewalk installation and improvement projects throughout the State will better ensure the safety of pedestrians.

Your Committee respectfully requests that should your Committee on Finance hear this measure, that it considers any potential fiscal impact that requiring a priority list of sidewalk installation and improvement projects may have on the State and counties.

Your Committee has amended this measure by:

- (1) Deleting language that would have required the Department of Transportation and each county to evaluate a project's potential to reduce disparities in health, safety, and mobility based on geography and other social determinants;
- (2) Deleting language that would have required each priority list to include information on what percentage of the respective department's capital improvement budget was allocated to sidewalks and improving pedestrian accessibility;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1081, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1081, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ilagan, Takumi).

SCRep. 478 Education on H.B. No. 613

The purpose of this measure is to appropriate elementary and secondary school emergency relief fund (ESSER funds) monies received by the State from the Coronavirus Aid, Relief, and Economic Security Act, Public Law 116-136 (CARES Act), and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021, Public Law 116-260 (CRRS Appropriations Act) to offset any budget reductions that are identified or proposed by the Department of Education and the Governor that would result in the reduction of personnel who are subject to a collective bargaining agreement pursuant to chapter 89, Hawaii Revised Statutes, and who are employed at the school level, subject to certain requirements and conditions.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association, Hui for Excellence in Education, Democratic Party of Hawai'i Education Caucus, and five individuals. Your Committee received comments on this measure from the Board of Education and Department of Education.

Your Committee finds that the Department of Education is the only public education system in the country that is wholly state funded, resulting in the Department facing unique challenges to utilizing federal funds to offset the negative economic impacts of the COVID-19 pandemic. Your Committee further finds that for states who received certain federal funds, including ESSER funds established by the CARES Act and CRRS Appropriations Act, are required to assure that they will maintain support for education programs during fiscal years 2019-2020 and 2020-2021 by meeting certain benchmarks. Your Committee believes that this measure will allocate funds to maintain that support by ensuring that Department of Education employees at the school level continue to remain employed and not face layoffs, furloughs, or pay reductions.

Your Committee has amended this measure by:

- (1) Removing language noting that the State is not currently experiencing a precipitous decline in revenues, as this language may jeopardize future federal funding;
- (2) Appropriating an unspecified amount of ESSER funds received by the State from the CARES Act and CRRS Appropriations Act for fiscal year 2020-2021 as an emergency appropriation to be expended by the Department of Education for the same purpose as the appropriation of ESSER funds received by the State from the CARES Act and CRRS Appropriations Act for fiscal year 2021-2022 and 2022-2023 and subject to the same requirements and conditions;
- (3) Changing its effective date to July 1, 2050; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 613, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 613, H.D. 2, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Ohno).

SCRep. 479 Education on H.B. No. 1078

The purpose of this measure is to require:

- (1) By August 1, 2021, the Board of Education to meet with alumni, student, and parent representatives of the Hawaii School for the Deaf and Blind, other members of the Hawaii deaf community, and representatives of the Department of Education on progress to convert the Hawaii School for the Deaf and Blind to a charter school and to discuss other alternatives; and
- (2) By October 1, 2021, the Department of Education to develop an implementation plan to transition the Hawaii School for the Deaf and Blind to a conversion charter school.

Your Committee received testimony in support of this measure from nine individuals. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that deaf and deaf-blind children are best served by a specialized school where their special communication, language, and development needs will be understood. Your Committee further finds this measure will begin the process to convert the Hawaii School for the Deaf and Blind to a charter school, enabling the School to focus on the needs of deaf and deaf-blind children from early childhood through transitioning to employment and adult life.

Your Committee has amended this measure by:

- (1) Requiring the State Public Charter School Commission or applicable authorizer to begin the approval process for the Hawaii School for the Deaf and Blind to become a conversion charter school upon receipt of the letter of intent to convert the School;

- (2) Requiring the Department of Education's implementation plan to allow for a public school student whose individualized education program prescribes that the child needs the support provided by the Hawaii School for the Deaf and Blind to be granted automatic admittance into the School;
- (3) Requiring conversion charter schools to enroll any student whose individualized education program prescribes that the conversion charter school provides support for blind, deaf, or hard of hearing students;
- (4) Changing its effective date to July 1, 2050; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1078, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1078, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 480 Pandemic & Disaster Preparedness on H.B. No. 573

The purpose of this measure is to appropriate funds received from the federal government for certain COVID-19 response and activities with funds for certain programs paid by the county.

Your Committee received testimony in opposition to this measure from the Mayor of the County of Maui and one member of the Maui County Council.

Your Committee finds that the State requires federal funding support to address the coronavirus disease 2019 (COVID-19) and to continue providing necessary services to residents. Since the start of the COVID-19 pandemic, the federal government has passed various legislation to help support states and its citizens. This measure will provide the State with a legislative vehicle if funding from the federal government becomes available.

Your Committee notes that under existing law, there is no explicit process on how to appropriate federal relief funds received by the State during a state of emergency when the Legislature is not in session. This can cause a delay in providing necessary funds to state agencies during an emergency. Your Committee believes that it is imperative to have a process in place to ensure that crucial services are available to support and protect the residents and visitors of the State.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language that:
 - (A) Requires, if the Legislature is not in session when the Governor declares a state of emergency and Congress passes a financial relief package of a certain amount, that the Joint Legislative Budget Committee convene within fourteen days after a financial relief package becomes law to prepare a recommendation for the Legislature on how to appropriate federal funds received;
 - (B) Authorizes the Legislature to convene in a special session in accordance with the constitution within thirty days after the financial relief package becomes law to act on the recommendations of the Joint Legislative Budget Committee; and
 - (C) Provides that if the Legislature does not convene in a special session within the time provided, the Governor may expend the federal funds accordingly; provided that the Governor submits a request to appropriate any unexpended funds during the next regular or special session and a report of all funds expended by the Governor to the Legislature; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 573, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 573, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Woodson).

SCRep. 481 Housing on H.B. No. 80

The purpose of this measure is to:

- (1) Clarify how the Low-Income Housing Tax Credit may be allocated among partners of a taxpayer;
- (2) Allow a taxpayer to claim the Low-Income Housing Tax Credit for the first year in certain situations if the taxpayer has not yet received Form 8609 from the Internal Revenue Service;
- (3) Specify the application of certain tax provisions with respect to low-income buildings or projects placed in service after December 31, 2019; and
- (4) Extending the sunset date of Act 129, Session Laws of Hawaii 2016, to December 31, 2027.

Your Committee received testimony in support of this measure from Michaels Development – Hawai'i Region; Stanford Carr Development, Inc.; and one individual. Your Committee received comments on this measure from the Department of Taxation, Hawaii Housing Finance and Development Corporation, Tax Foundation of Hawaii, Hunt Companies – Hawaii, Hunt Capital Partners LLC, and Sugar Creek Capital.

Your Committee finds that this measure supports efforts to maximize the value of the Low-Income Housing Tax Credit to make affordable rental housing developments more feasible to build. This measure also extends the sunset date of Act 129, Session Laws of Hawaii 2016, to December 31, 2027, which extends the applicable period for claiming the Low-Income Housing Tax Credit, thereby allowing more time for developers to generate more equity to finance affordable rental housing projects in the State.

Your Committee has amended this measure by:

- (1) Specifying that for state income tax purposes the Low-Income Housing Tax Credit may be allocated among individuals and entities deemed partners or members under applicable state law, regardless of whether the partner or member is deemed to be a partner or member for federal income tax purposes;
- (2) Amending the relaxation of the installment method, at-risk, and passive activity loss rules by:
 - (A) Making it apply to low-income buildings or projects placed into service after December 30, 2020;
 - (B) Specifying that deduction and expenses claimed by all State taxpayers on Hawaii income tax returns shall not exceed the deductions and expenses claimed by all taxpayers on federal returns; and

(C) Revoking the exemption from certain tax provisions if the building ceases to serve low-income households in accordance with federal and state low-income housing tax credit programs;

(3) Changing the effective date to July 1, 2050, to encourage further discussion; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 80, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 80, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 482 Housing on H.B. No. 131

The purpose of this measure is to:

(1) Increase the tax credit for low-income individuals and household renters;

(2) Increase the adjusted gross income eligibility cap for the income tax credit for low-income household renters using tax brackets for individuals and different categories of households; and

(3) Provide for annual increases based on the Consumer Price Index.

Your Committee received testimony in support of this measure from Imua Alliance, Hawaii Appleseed Center for Law & Economic Justice, and League of Women Voters of Hawaii. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the income tax credit for low-income household renters last increased in 1981, from \$20 per exemption to \$50 per exemption. This measure adjusts the eligibility requirements under the income tax credit for low-income household renters and increases the amount of the tax credit to provide help to individuals and families needing rental assistance.

Your Committee has amended this measure by:

(1) Using the federal adjusted gross income as the threshold determinant for income tax credit eligibility;

(2) Setting the inflation increase for the income tax credit to occur every three years, rather than annually;

(3) Changing the effective date to July 1, 2050, to encourage further discussion; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 131, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 131, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 483 Housing on H.B. No. 1132

The purpose of this measure is to alleviate the affordable rental housing needs of elderly persons by authorizing the issuance of general obligation bonds to be appropriated for construction of Phase I of a senior affordable housing project on Hawaii Public Housing Authority property on School Street, Oahu.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Hawaii Public Housing Authority, Catholic Charities Hawai'i, Partners in Care, and two individuals.

Your Committee notes that the general obligation bond funds in this measure will be used by the Hawaii Public Housing Authority to redevelop a portion of a 6.6-acre site at North School Street on Oahu. Phase I of the development will be an affordable housing project containing two hundred fifty age-restricted rental units for seniors. According to testimony received by your Committee from the Hawaii Public Housing Authority, the housing units would remain affordable housing rental units in perpetuity. Your Committee finds that this measure will help address the State's affordable housing needs, as well as support job creation through this project.

Your Committee has amended this measure by:

(1) Making the \$40,000,000 appropriation out of the Rental Housing Revolving Fund for fiscal year 2021-2022 only;

(2) Changing the effective date to July 1, 2050, to encourage further discussion; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1132, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1132, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 484 Housing on H.B. No. 328

The purpose of this measure is to allow for the installation of certain energy-efficient technologies on privately-owned single-family residential dwellings or townhouses, with limited restrictions, and require private entities to adopt rules that provide for the placement of energy-efficient technologies.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawai'i Energy, Our Revolution Hawaii, Climate Protectors of Hawaii, 350Hawaii.org, and one individual. Your Committee received comments on this measure from the Hawaii Chapter of the Community Associations Institute, Legislative Action Committee.

Your Committee finds that part of the State's overall goal for energy efficiency is to reduce electricity consumption. Supporting the retrofitting of existing residential and commercial buildings and identifying non-building related energy efficiency measures is a cost-effective step to meet this goal. Permitting homeowners to install energy-efficient technologies will help the State to accelerate energy efficiency and assist in reaching its clean energy goals.

Upon consideration, your Committee has amended this measure by:

- (1) Clarifying that private entities must review their rules on energy-efficient technologies and, if necessary, modify their rules no later than December 31, 2022;
- (2) Removing certain language that prohibited private entities from adopting rules imposing conditions or restrictions that rendered energy efficient technologies more than twenty-five percent less efficient;
- (3) Clarifying that private entities shall not adopt rules imposing conditions or restrictions that increase the cost of installation, maintenance, and removal of energy efficient technologies, rather than prohibiting rules that increase the cost of installation, maintenance, and removal by more than fifteen percent;
- (4) Clarifying that a person is authorized to place energy-efficient technologies on a single-family residential dwelling or townhouse unit only if that person fully owns the dwelling or unit;
- (5) Removing provisions relating to common elements or limited common elements;
- (6) Amending the definition of "energy-efficient technologies"; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 328, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 328, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 485 Housing on H.B. No. 525

The purpose of this measure is to authorize the Department of Education to construct teacher housing for teachers on public school campuses; provided that any housing units constructed or acquired after June 30, 2021, be rented at no cost or low cost to new public school teachers employed full-time at the school where the teacher housing unit is located.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii State Teachers Association, Hawai'i Association of REALTORS, and one individual. Your Committee received comments on this measure from EAH and 'Ahahui Siwila 'o Ke Aloha 'Āina.

Your Committee finds that some of the factors that have led to the teacher shortage in Hawaii include the high cost of living, teacher salaries, and access to affordable housing. Your Committee also finds that the provision of affordable housing to teachers in Hawaii is a critical component in the recruitment and retention of teachers in Hawaii's public schools. This measure provides a means of addressing the shortage of teachers in the State through an affordable rental housing incentive intended to attract and retain public school teachers.

Your Committee has amended this measure by:

- (1) Amending the teacher housing rent requirements to:
 - (A) Include public school teachers who teach in a rural or hard-to-staff location; and
 - (B) Specify that teacher housing rents be at an affordable cost, rather than at no cost or low cost;
- (2) Making it a priority, rather than a requirement, for providing teacher housing to public school teachers;
- (3) Removing a reference to a teacher's immediate family residing in the housing unit; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 525, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 525, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 486 Housing on H.B. No. 1114

The purpose of this measure is to repeal or reclassify certain non-general funds of the Hawaii Public Housing Authority.

Your Committee received comments on this measure from the Hawaii Public Housing Authority and Tax Foundation of Hawaii.

Your Committee finds that this measure repeals and reclassifies certain non-general funds of the Hawaii Public Housing Authority in this measure pursuant to the recommendations of the Auditor in Auditor Report No. 21-02, "Review of Special Funds, Revolving Funds, Trust Funds, and Trust Accounts of the Department of Human Services".

Your Committee also finds that according to testimony by the Hawaii Public Housing Authority, the repeal of the State Low-Income Housing Revolving Fund as proposed by this measure will result in the Hawaii Public Housing Authority being unable to use the rental revenue and fees collected to administer the State Low-Income Public Housing Program. Furthermore, elimination of the State Low-Income Housing Revolving Fund also eliminates a place for the deposit of rental revenues and fees to administer the State Low-Income Public Housing Program.

Your Committee has amended this measure by:

- (1) Removing language that would have repealed the State Low-Income Housing Revolving Fund;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1114, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1114, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 487 Housing on H.B. No. 79

The purpose of this measure is to:

- (1) Establish the Affordable Homeownership Revolving Fund to provide loans to nonprofit community development financial institutions and nonprofit housing development organizations for the development of affordable homeownership housing projects; and
- (2) Appropriate funds from the Affordable Homeownership Revolving Fund for loans for the development of affordable for-sale housing projects.

Your Committee received testimony in support of this measure from Hawaii Habitat for Humanity Association; Kaua'i Habitat for Humanity Inc.; Habitat for Humanity Maui; Habitat for Humanity Hawaii Island, Inc.; Maui Chamber of Commerce; St. Michael the Archangel Parish; and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii Housing Finance and Development Corporation.

Your Committee notes that in the last fifty years, the number of full-time Hawaii residents who own homes has steadily declined. Currently, Hawaii has the third lowest homeownership rate of any state in the nation. Your Committee finds that the self-help housing model is a cost-effective means of assisting low-income families who otherwise would not have a homeownership opportunity. Funds provided through the Affordable Homeownership Revolving Fund, as proposed by this measure, will assist in the development, pre-development, construction, acquisition, preservation, and substantial rehabilitation of affordable for-sale housing units in the State.

Your Committee has amended this measure by:

- (1) Authorizing the Hawaii Housing Finance and Development Corporation to:
 - (A) Contract with nonprofit community development financial institutions to fund loans for affordable homeownership housing projects; and
 - (B) Establish, revise, charge, and collect service fees for its loans and services, and deposit the fees into the Affordable Homeownership Revolving Fund;
- (2) Authorize the Director of Finance to transfer taxable general obligation bond proceeds and accrued interest from the Rental Housing Revolving Fund to the Affordable Homeownership Revolving Fund for Fiscal Year 2022-2023;
- (3) Appropriating funds out of the Affordable Homeownership Revolving Fund for only Fiscal Year 2022-2023;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 79, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 79, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 488 Higher Education & Technology on H.B. No. 516

The purpose of this measure is to promote electronics stewardship and reduce electronic waste in the State by establishing the Electronic Device and Television Donation Act to require all persons receiving state funds and state financial assistance to donate unnecessary but functioning electronic devices to nonprofit organizations that will refurbish and distribute the devices to eligible persons in the State.

Your Committee received testimony in support of this measure from the Department of Education, Hawaiian Hope Org, and two individuals. Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee finds that the growth in the technology industry has led to ongoing escalation of electronic waste in landfills. Your Committee also finds that while recycling of electronic devices prevents valuable materials from being wasted, preventing waste in the first place is preferable to waste management. Donating used but functioning electronic devices for reuse extends the life of valuable products, keeps devices out of the waste stream for a longer period of time, and serves a valuable public purpose and benefit. Your Committee further finds that this measure will provide greater access to nonprofits in the State to refurbish computers and other electronic devices for community use, instead of these items being discarded as electronic waste.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 516, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 489 Higher Education & Technology on H.B. No. 1280

The purpose of this measure is to transfer operational authority over the Makai Research Pier located at the southeast corner of Oahu, from the University of Hawaii to the Natural Energy Laboratory of Hawaii Authority, and authorize general obligation bonds and appropriate funds to repair and upgrade Makai Research Pier.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; University of Hawai'i System; and Makai Ocean Engineering, Inc. Your Committee received testimony in opposition to this measure from the Natural Energy Laboratory of Hawaii Authority.

Your Committee finds that the Makai Research Pier is a unique research platform for understanding the ocean's composition. This measure will allow the Makai Research Pier to remain operational and further use of the pier as part of an accelerator/incubator with a focus on ocean technology, which is recognized as having the potential to boost economic growth, employment, and innovation in the State.

Your Committee recognizes that the development of the Makai Research Pier to allow for the expansion of operations for ocean technology and other growing sectors will affect existing tenants at the pier. Should this measure be enacted into law, it is your Committee's intent that the Natural Energy Laboratory of Hawaii Authority enter into mutually agreeable negotiations with current tenants at the Makai Research Pier.

Your Committee has amended this measure by:

- (1) Removing the requirement that the terms of any tenant leases of the Makai Research Pier in effect on the effective date of this measure remain in full force and effect; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance hear this measure, your Committee respectfully requests that it consider a general obligation bond fund authorization and appropriation of \$5,000,000 for fiscal year 2021-2022 to repair and upgrade the Makai Research Pier.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1280, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1280, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 490 Higher Education & Technology on H.B. No. 539

The purpose of this measure is to establish a program within the Hawaii State Fusion Center of the Office of Homeland Security to train, establish, and operate threat assessment teams, including within the Department of Education, State Public Charter School Commission, and University of Hawaii.

Your Committee received testimony in support of this measure from the Department of Education and two individuals. Your Committee received comments on this measure from the Office of Information Practices and Hawaii State Fusion Center.

Your Committee finds that it is important to be proactive through threat assessment actions and protocols to keep the community safe from violence and potential acts of violence. Your Committee further finds that threat assessment teams are key in crisis prevention. Establishing a multidisciplinary team of individuals with expertise and training in threat assessment as proposed in this measure will support agencies and individuals in appropriately responding to threats and identifying, evaluating, and addressing threats before they occur.

Your Committee has amended this measure by:

- (1) Removing certain requirements relating to the authorization of the Hawaii State Fusion Center to provide criminal history information to vetted liaisons for threat assessment teams authorized by government agencies;
- (2) Specifying that only threat assessment team members from a criminal justice agency may receive restricted criminal justice information;
- (3) Removing the provision authorizing criminal history information to be disseminated to the Hawaii State Fusion Center;
- (4) Specifying that University of Hawaii education threat assessment teams shall include persons with training and experience in emergency preparedness; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 539, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 539, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 491 Higher Education & Technology on H.B. No. 125

The purpose of this measure is to establish The Uniform Employee and Student Online Privacy Protection Act to adopt uniform laws on protecting the online accounts of employees, prospective employees, job applicants, unpaid interns, independent contractors, students, and prospective students, from employers and educational institutions.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Civil Rights Commission, and Commission to Promote Uniform Legislation.

Your Committee finds that in recent years there have been a number of reported incidents in which employers and educational institutions have demanded and received access to non-public information from employees' and students' personal online accounts. Your Committee notes that ordinarily, individuals decide for themselves who will have access to information that is not otherwise publicly available in their social media profiles and other online accounts. However, employers and educational institutions may have the power to coerce access to non-public information of these individuals' personal online accounts. This measure prevents employers and public and private educational institutions from gaining such access.

Your Committee notes that this measure adopts the Uniform Employee and Student Online Privacy Protection Act, which was enacted by the Commission to Promote Uniform Legislation and developed by the Uniform Law Commission with input from employers, educational institutions, internet and other technology companies, and private organizations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 125, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.B. No. 125, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 492 Higher Education & Technology on H.B. No. 1105

The purpose of this measure is to ensure that the Board of Regents of the University of Hawaii Candidate Advisory Council reflects the diverse interests of the people of the State by amending the appointing authorities of members to the Candidate Advisory Council and adjusting member term limits.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, University of Hawaii Student Caucus, Academic Labor United, LGBT Caucus of the Democratic Party of Hawaii, and six individuals. Your Committee received comments on this measure from the Department of the Attorney General and Executive Administrator and Secretary of the Board of Regents.

Your Committee finds that the Board of Regents of the University of Hawaii Candidate Advisory Council recruits, evaluates, and presents to the Governor qualified candidates for nomination to vacant seats on the University of Hawaii Board of Regents. This measure will allow for a greater cross-section of members on the Candidate Advisory Council who are reflective of the broader community and will bring varied knowledge, experiences, and perspectives in determining qualified candidates for nomination to vacant seats on the University of Hawaii Board of Regents.

Your Committee has amended this measure by:

- (1) Requiring the Governor to appoint the members to the Board of Regents of the University of Hawaii Candidate Advisory Council within one hundred twenty days of the Governor commencing the Governor's term of office;
- (2) Requiring that the All Campus Council of Faculty Senate Chairs, rather than the University of Hawaii Professional Assembly, appoint a member to the Candidate Advisory Council;
- (3) Retaining the requirement that a member of the Association of Emeritus Regents of the University of Hawaii serve as an ex officio, nonvoting member of the Candidate Advisory Council, for a term not to exceed two years and to run concurrently with the term of the appointing chair;
- (4) Deleting the requirement that the Secretary of the Board of Regents be responsible for ensuring that all appointing authorities make appointments within one hundred twenty days prior to the end of the term of the previously appointed member;
- (5) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1105, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1105, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

SCRep. 493 Culture, Arts, & International Affairs on H.B. No. 1164

The purpose of this measure is to appropriate funds to support the Bernice Pauahi Bishop Museum, designated as the State of Hawaii Museum of Natural and Cultural History.

Your Committee received testimony in support of this measure from the Bishop Museum.

Your Committee finds that over the past ten years, appropriations from the general fund to support the Bernice Pauahi Bishop Museum (Bishop Museum) have significantly decreased. Your Committee further finds that restoring the State's allocation to the Bishop Museum is critical to ensure the museum's collections of Hawaiian and oceanic cultural, historical, and biological artifacts are properly preserved, protected, and maintained.

Your Committee notes that the Bishop Museum is currently receiving \$626,000 from the State but anticipates that this allocation will be reduced by \$200,000, a reduction that will severely impact the operations of Bishop Museum.

Should your Committee on Finance deliberate this measure further, your Committee on Culture, Arts, and International Affairs respectfully requests that it consider appropriating \$4,700,000 to support the Bishop Museum, including the hiring of necessary staff.

Your Committee has amended this measure by changing the effective date to July 1, 2065, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1164, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1164, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (LoPresti, Ward).

SCRep. 494 Culture, Arts, & International Affairs on H.B. No. 229

The purpose of this measure is to designate September 11 of each year as "United States Senator Daniel K. Akaka Day."

Your Committee received testimony in support of this measure from four individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that Senator Daniel K. Akaka was the first United States Senator of Native Hawaiian ancestry who served as a Senator for Hawaii from 1990 to 2013 and served as a member of the State's House of Representatives from 1977 to 1990. This measure recognizes Senator Akaka's lifelong commitment to public service to Hawaii and the United States.

Your Committee has amended this measure by:

- (1) Changing the day of recognition from September 11 to January 4;
- (2) Changing the effective date to July 1, 2065, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 229, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 229, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ward).

SCRep. 495 Culture, Arts, & International Affairs on H.B. No. 627

The purpose of this measure is to authorize the issuance of special license plates to commemorate the Polynesian Voyaging Society.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawaii Arts Alliance, and nine individuals.

Your Committee finds that the voyage of Hōkūle'a is an irreplaceable part of Hawaii's history, legacy, culture, and identity. A special license plate as proposed by this measure will support the ongoing mission of the Polynesian Voyaging Society to care for the earth.

Your Committee has amended this measure by:

- (1) Specifying that the special license plates may be issued to any registered owner of motor vehicles, rather than only for electric vehicles;
- (2) Changing the effective date to July 1, 2065, to encourage further discussion; and

- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 627, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 627, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ward).

SCRep. 496 Culture, Arts, & International Affairs on H.B. No. 1308

The purpose of this measure is to designate June 19 of each year as Juneteenth.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, one member of the Hawai'i County Council, two members of the Honolulu City Council, LGBT Caucus of the Democratic Party of Hawaii, Common Cause Hawaii, Hawai'i Arts Alliance, Planned Parenthood Votes Northwest and Hawaii, BKMM Enterprises Corp, Young Progressives Demanding Action, Hawai'i for Juneteenth, Community Alliance on Prisons, and eleven individuals.

Your Committee finds that although the Emancipation Proclamation was signed on September 22, 1862, outlawing slavery in Texas and other rebel states, slavery did not officially end in Texas until Major General Gordon Granger arrived in Galveston, Texas, on June 19, 1865, and announced the end of slavery and the Civil War. Your Committee further finds that Hawaii is one of three states that does not currently recognize Juneteenth as a state holiday or special day of observance. This measure will establish Juneteenth as a day of recognition of the history and legacy of slavery in the United States and the many contributions made by African Americans to the history of the United States.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2065, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1308, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1308, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ward).

SCRep. 497 Culture, Arts, & International Affairs on H.B. No. 1193

The purpose of this measure is to appropriate funds for capital improvement projects relating to the State Archives and Iolani Palace.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Department of Land and Natural Resources, Hawaii Arts Alliance, Friends of Iolani Palace, Oahu Economic Development Board, and three individuals.

Your Committee finds that the State Archives and Iolani Palace are irreplaceable parts of the State's legacy, history, culture, and identity. Your Committee further finds that certain architectural elements of Iolani Palace are deteriorating, which threatens both the iconic building and the integrity of the antiques it houses. Additionally, because of reduced revenue due to the COVID-19 pandemic, Iolani Palace has been forced to reduce staff while still shouldering heavy operating costs for increased security and continuous operation of HVAC air systems for preservation. This measure serves to protect the unique history of Hawaii by appropriating funds for needed repairs and updates for the State Archives and Iolani Palace.

Your Committee has amended this measure by changing its effective date to July 1, 2065, to encourage further discussion.

Should your Committee on Finance choose to deliberate on this measure, your Committee on Culture, Arts, & International Affairs respectfully requests that it consider appropriating \$1,000,000 for the development of a State Archives master plan to include the expansion and creation of new collections processing and storage, administrative, public research, exhibition, and community engagement spaces and \$1,695,000 for roof repairs and improvements, renovations and repairs to the fountain and pergolas, and additional renovations, repairs, maintenance, and increased security measures to Iolani Palace.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1193, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1193, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ward).

SCRep. 498 Culture, Arts, & International Affairs on H.B. No. 777

The purpose of this measure is to delete capital improvement project appropriations for renovations of state buildings as a source of funds for the Works of Art Special Fund.

Your Committee received testimony in opposition to the measure from State Foundation on Culture and the Arts, Hawaii State Art Museum, Donkey Mill Art Center, Ebb & Flow Arts, Kahilu Theatre, Garden Island Arts Council, Kauai Society of Artists, Hawaii Craftsmen, and numerous individuals.

Your Committee finds that funds from capital improvement project appropriations for renovations of state buildings accounts for over fifty percent of the revenue in the Works of Art Special Fund. Your Committee further finds that removing appropriations for renovations of state buildings as a source of funding for the Works of Art Special Fund will significantly impact the ability of the State Foundation on Culture and the Arts to carry out ongoing program operations, including the acquisition and distribution of works of art, conservation of public art collections, and operations of the Hawaii State Art Museum.

Accordingly, your Committee has amended this measure by:

- (1) Restoring capital improvement project appropriations for renovations of state buildings as a source of funds for the Works of Art Special Fund;
- (2) Authorizing the funding of the State of Hawaii Museum of Natural and Cultural History and the State of Hawaii Museum of Monarchy as a permissible use of the Works of Art Special Fund;
- (3) Inserting a sunset date of June 30, 2022;
- (4) Changing the effective date to July 1, 2065, to promote further discussion; and

(5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 777, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 777, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (LoPresti, Tam). Noes, 1 (Kapela). Excused, 1 (Ward).

SCRep. 499 Culture, Arts, & International Affairs on H.B. No. 760

The purpose of this measure is to further the efforts of the State Foundation on Culture and the Arts by allowing the Works of Art Special Fund to be used for the support and promotion of performing arts in the State.

Your Committee received testimony in support of this measure from the Hawaii Arts Alliance. Your Committee received testimony in opposition to this measure from Ebb & Flow Arts and three individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of the Attorney General; State Foundation on Culture and the Arts; Department of Budget and Finance; and one individual.

Your Committee finds that the proposed expansion of the scope of the State Art Museum and the Art in Public Places and Relocatable Works of Art programs to include support for performing arts falls within the mission of the State Foundation on Culture and the Arts to promote, perpetuate, and encourage culture and the arts in Hawaii.

Your Committee has amended this measure by:

- (1) Deleting the definition of "public places";
- (2) Amending the definition of "performing arts" to include dance, singing, and theater;
- (3) Removing the requirement that recorded works of performance art be permanently displayed for viewing and listening in public places;
- (4) Removing the requirement that the Works of Art Special Fund be used for the maintenance of internet websites on which works of art are publicly displayed;
- (5) Requiring recorded works of art be displayed at presentation sites, rather than internet websites;
- (6) Changing the effective date to July 1, 2065, to promote further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 760, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 760, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (LoPresti, Kapela). Noes, none. Excused, 1 (Ward).

SCRep. 500 Consumer Protection & Commerce on H.B. No. 683

The purpose of this measure is to:

- (1) Establish the Sustainable Aviation Fuel Program to provide matching grants to any small business in Hawaii that is developing products related to sustainable aviation fuel or greenhouse gas reduction from commercial aviation operations; and
- (2) Specify that monies for the program may be appropriated by the Legislature from Environmental Response, Energy, and Food Security Tax revenues.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Imua Alliance, Climate Protectors Hawaii, Airlines for America, and one individual. Your Committee received comments on this measure from the Office of Planning and Hawaii Technology Development Corporation.

Your Committee finds that the State is focused on reducing its dependency on fossil fuels and exploring various avenues to reduce greenhouse gas emissions. Your Committee further finds that air travel has historically been one of the largest sources of Hawaii's greenhouse gas emissions. Your Committee believes that it is in the State's interest to promote sustainable aviation fuels. This measure will assist in the development of sustainable aviation fuel through grants provided by the Sustainable Aviation Fuel Program.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 683, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 501 Consumer Protection & Commerce on H.B. No. 286

The purpose of this measure is to:

- (1) Authorize the Department of Taxation to require a real estate investment trust operating in the State to notify the Department of the trust's presence within the State and report certain tax information; and
- (2) Authorize a daily monetary penalty for the real estate investment trust's noncompliance with these requirements.

Your Committee received testimony in support of this measure from the Young Progressives Demanding Action, Imua Alliance, Free Access Coalition, ILWU Local 142, Hawaii State Teachers Association, Planned Parenthood Votes Northwest and Hawaii, Faith Action for Community Equity, Pono Hawai'i Initiative, Hawai'i Children's Action Network Speaks!, Hawai'i Health & Harm Reduction Center, Church of the Crossroads, and numerous individuals. Your Committee received testimony in opposition to this measure from the Securities Industry Association of Hawaii. Your Committee received comments on this measure from the Department of Taxation, Douglas Emmett, Tax Foundation of Hawaii, Nareit Hawaii, Park Hotels & Resorts Inc., Alexander & Baldwin, and NAIOP Hawaii.

Your Committee finds that real estate investment trusts have a significant presence in the State. Your Committee further finds that the State would benefit from the accurate collection of data about these trusts' economic activities. This measure allows the State to require real estate investment trusts to disclose

certain important information.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 286, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 502 Consumer Protection & Commerce on H.B. No. 90

The purpose of this measure is to:

- (1) Transfer the State Fire Council, for administrative purposes, from the Department of Labor and Industrial Relations to the Department of Commerce and Consumer Affairs;
- (2) Place the boiler and elevator safety law under the jurisdiction of the Department of Commerce and Consumer Affairs, rather than the Department of Labor and Industrial Relations, and create a Boiler and Elevator Safety Appeals Board; and
- (3) Transfer administration of the Human Trafficking Victim Services Fund from the Department of Labor and Industrial Relations to the Judiciary.

Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and the Office of Community Services of the Department of Labor and Industrial Relations.

Your Committee finds that this measure is intended to make certain changes to various administrative and jurisdictional responsibilities of the Department of Labor and Industrial Relations, including transferring the administration of the State Fire Council and jurisdiction over the State's boiler and elevator safety law to the Department of Commerce and Consumer Affairs and the administration of the Human Trafficking Victim Services Fund to the Judiciary.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 90, H.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 90, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 503 Consumer Protection & Commerce on H.B. No. 1253

The purpose of this measure is to prohibit an employer, with certain exemptions, from:

- (1) Requiring an employee to download a mobile application to the employee's personal communication device that enables the employee's location to be tracked or their personal information revealed;
- (2) Terminating or otherwise discriminating against an employee for refusing to download a mobile application to the employee's personal communication device; or
- (3) Discharging or otherwise discriminating against an employee for filing a complaint, testifying, or assisting in any proceeding concerning these unlawful practices.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii.

Your Committee finds that the high rate of transmission of COVID-19 has necessitated the development of new public health tools to mitigate the spread of the virus. These tools include new mobile phone applications that, upon the voluntary acceptance by a mobile phone user, track devices nearby and notify the user if the user was near a person who tested positive for the virus. Your Committee further finds that such applications have raised privacy concerns and anxiety over potential misuse of the tracking information, and that the mandatory use of such applications should not be a condition of employment.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1253, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.B. No. 1253, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 504 Consumer Protection & Commerce on H.B. No. 817

The purpose of this measure is to:

- (1) Establish benchmarks that require each principal state department that purchases produce to ensure that a certain minimum percentage of the produce purchased by that department is locally grown, starting with ten percent by January 1, 2025, and progressing through fifty percent by January 1, 2050; and
- (2) Require that each department report to the Legislature annually on their progress in meeting those benchmarks.

Your Committee received testimony in support of this measure from the Land Use Research Foundation of Hawaii, Hawai'i Farm Bureau, BEES>me, Hawai'i Public Health Institute, Hawai'i Alliance for Progressive Action, Hawai'i 'Ulu Producers Cooperative, and three individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Education, and Ulupono Initiative.

Your Committee finds that local businesses are the backbone of a strong local economy. Your Committee further finds that supporting local producers of agricultural products strengthens the State's local agricultural industry and promotes healthy nutrition.

Your Committee has amended this measure by amending the definition of "produce" to include staple starches.

Your Committee notes the need for continuing discussion on this amended measure as it moves through the legislative process, specifically what the proper metric should be for assessing the progress of each state department in meeting the locally-grown produce benchmarks proposed by this amended measure.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 817, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 817, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 505 Consumer Protection & Commerce on H.B. No. 333

The purpose of this measure is to:

- (1) Establish rules, regulations, and procedures for peer-to-peer car-sharing; and
- (2) Establish a peer-to-peer car-sharing surcharge tax.

Your Committee received testimony in support of this measure from the Department of Transportation, Enterprise Holdings, Turo, Internet Association, and TechNet. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice. Your Committee received comments on this measure from the Department of Taxation, Office of Consumer Protection of the Department of Commerce and Consumer Affairs, Insurance Division of the Department of Commerce and Consumer Affairs, and Tax Foundation of Hawaii.

Your Committee finds that peer-to-peer car-sharing is the process whereby car owners make their vehicles available for others to rent for short periods of time. The process provides an alternative form of transportation for persons who do not own a car or do not wish to use public transportation.

However, your Committee further finds that peer-to-peer car-sharing lacks certain protections for the car owners. For example, most private consumer motor vehicle insurance policies do not include coverage for incidents arising out of the commercial use of a motor vehicle. This measure ensures that consumer protections are established with respect to the operation of a peer-to-peer car-sharing program.

Your Committee notes that existing law authorizes the Airport Division of the Department of Transportation to establish policies and rules governing use and access to the airports' premises. As such, peer-to-peer car-sharing programs will be subject to these rules when operating at the State's airports.

Your Committee has amended this measure by:

- (1) Clarifying that the Peer-to-Peer Car-Sharing Surcharge Tax applies and is levied on the operator of the peer-to-peer car-sharing programs; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 333, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 333, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 506 Consumer Protection & Commerce on H.B. No. 824

The purpose of this measure is to require certain carriers or persons that transport liquor from outside the State for delivery in the State to prepare and file a monthly report with each county liquor commission or county liquor control adjudication board.

Your Committee received testimony in support of this measure from the Hawaii Liquor Wholesalers Association. Your Committee received comments on this measure from the Matson Navigation Company, Inc.

Your Committee finds that the existing law authorizing the direct shipment of wine allows wineries to ship wine directly to consumers. This is especially advantageous for small local wineries that are not able to find wholesalers to distribute the wineries' product outside of their county.

However, your Committee further finds that existing law also authorizes wine producers outside of the State to ship directly to consumers in the State. This is problematic as some wineries or wholesalers ship liquor without a direct shipper permit issued by the State and evade the various state liquor tax laws. This measure will enable county liquor commissions and liquor control adjudication boards to monitor the amount of liquor that is shipped into the State and determine whether the shipper has complied with permitting requirements, thereby ensuring that the State can collect necessary tax revenue.

Your Committee has amended this measure by explicitly exempting water carriers as defined and regulated by the Surface Transportation Board of the United States from the monthly reporting requirements.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 824, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 824, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 507 Consumer Protection & Commerce on H.B. No. 285

The purpose of this measure is to require the Auditor to conduct an impact assessment report on the social and financial impacts of prohibiting health insurance companies from denying coverage for certain types of health care treatments on the basis of gender identity if the policy, contract, plan, or agreement covers those treatments for purposes other than gender transition.

Your Committee received testimony in support of this measure from the LGBT Caucus of the Democratic Party of Hawai'i, Kaiser Permanente Hawaii, and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Health, American Civil Liberties Union of Hawai'i, and nine individuals.

Your Committee finds that the health insurance law should afford transgender and non-binary persons the same dignity as afforded to cisgender persons. Yet health insurance policies often cover gender-conforming treatments, such as feminizing or masculinizing hormone therapies, for other purposes, but deny coverage of these therapies when sought by transgender persons for the purposes of gender affirmation. This measure will assess the impacts of mandatory coverage of certain gender-affirming treatments prior to its enactment as is the practice when proposing mandated health insurance coverage for specific health coverage.

Your Committee notes that, per the testimony of the Insurance Commissioner before your Committee, the contents of the Auditor's impact assessment report should include, among other things, an actuarial analysis of the effect this measure would have on insurance premiums and the cost of any defrayals the State

may be liable for in the future.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 285, H.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 508 Consumer Protection & Commerce on H.B. No. 550

The purpose of this measure is to:

- (1) Require and establish deadlines for state facilities, except smaller facilities and facilities at Aloha Stadium, to implement cost-effective energy efficiency measures;
- (2) Direct the Hawaii State Energy Office to collect utility bill and energy usage data for state-owned buildings and make the data publicly available;
- (3) Establish a goal for the State to achieve at least a twenty-five percent reduction in the electricity consumption of state facilities;
- (4) Provide that certain agencies that perform energy efficiency retrofitting may continue to receive appropriations for energy expenditures; and
- (5) Beginning July 1, 2022, require, where feasible and cost-effective, the design of all new state building construction to maximize energy and water efficiency, maximize energy generation potential, and use building materials that reduce the carbon footprint of the project.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawai'i Energy, 350Hawaii.org, Ulupono Initiative, Climate Protectors Hawaii, Blue Planet Foundation, International Association of Plumbing and Mechanical Officials, and one individual. Your Committee received comments on this measure from the Department of Accounting and General Services and Department of Education.

Your Committee finds that the State has established multiple goals to reduce the consumption of fossil fuels and the emissions of carbon with the renewable portfolio standards goals and Zero Emissions Clean Economy Target. Your Committee further finds that the State should act as a leader in the goal to reduce the consumption of fossil fuels and the emissions of carbon. This measure helps to achieve those goals through smart energy management by reducing energy usage in certain state facilities.

Your Committee has amended this measure by:

- (1) Clarifying provisions relating to the applicability of the simple payback period as it relates to energy efficiency implementation for state facilities;
- (2) Clarifying that state facilities may take energy savings actions earlier than January 1, 2023, and January 1, 2025, respectively; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 550, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 550, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 509 Consumer Protection & Commerce on H.B. No. 561

The purpose of this measure is to:

- (1) Require the Public Utilities Commission to determine whether analysis of the effect of the State's reliance on fossil fuels is necessary for proceedings involving water, wastewater, or telecommunications providers on an individual basis; and
- (2) Provide that the analysis is not required for an electric or a gas utility's routine system replacements or determinations that do not directly pertain to capital improvements or operations.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Public Utilities Commission; and Hawaiian Electric Company, Inc.

Your Committee finds that the Public Utilities Commission is statutorily required to consider the effect of the State's reliance on fossil fuels on price volatility, export of funds for fuel imports, fuel supply reliability risk, and greenhouse gas emission when the Commission makes determinations on the reasonableness of the costs of utility system capital improvements and operations. This analysis promotes the State's goal in achieving its carbon negative target by 2045 and helps to mitigate the damaging effects of sea level rise due to greenhouse gas emission. However, your Committee further finds that this analysis may not be relevant in many circumstances for certain public utilities and this analysis should therefore be done only when appropriate. This measure will allow the Commission to operate more efficiently, while still fulfilling its statutory duty.

Your Committee has amended this measure by:

- (1) Clarifying provisions relating to the Public Utilities Commission's analysis in determining the reasonableness of the costs of utility system capital improvements and operations to avoid excluding indirect costs from statutory guidance; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 561, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 561, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 510 Consumer Protection & Commerce on H.B. No. 552

The purpose of this measure is to:

- (1) Require that the procurement policy for all agencies purchasing or leasing medium- and heavy-duty motor vehicles be to seek vehicles that reduce dependence on petroleum-based fuels that meet the needs of the agency, where feasible and cost-effective;
- (2) Establish clean ground transportation goals for state agencies on a staggered basis until achieving a complete inventory of clean state-owned, light-duty

motor vehicles by December 31, 2035; and

- (3) Require state and county agencies to purchase building materials that reduce the carbon footprint of the project for use on the construction of new roads, where feasible and cost-effective.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii State Energy Office, Imua Alliance, Hawaiian Electric Company, Ulupono Initiative, Alliance for Automotive Innovation, Climate Protectors Hawaii, Blue Planet Foundation, Environmental Caucus of the Democratic Party of Hawai'i, Hawaii Automobile Dealers Association, Hawaii Electric Vehicle Association, and two individuals. Your Committee received comments on this measure from the State Procurement Office and 350Hawaii.org.

Your Committee finds that the State has established multiple goals to reduce the consumption of fossil fuels and carbon emissions with its renewable portfolio standards goals and Zero Emissions Clean Economy Target. Your Committee further finds that the State should act as a leader in efforts to reduce the consumption of fossil fuels and carbon emissions. This measure helps to achieve those goals by transitioning State-owned vehicles from fossil fuel-powered motor vehicles to renewable energy-powered motor vehicles.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 552, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 511 Consumer Protection & Commerce on H.B. No. 433

The purpose of this measure is to:

- (1) Assess a climate change mitigation impact fee on every customer who rents, leases, or utilizes a rental motor vehicle;
- (2) Establish the Climate Change Mitigation Special Fund; and
- (3) Designate the uses of the monies in the Climate Change Mitigation Special Fund.

Your Committee received testimony in support of this measure from the Hawaii Climate Change Mitigation and Adaptation Commission, Hawai'i Youth Climate Coalition, Imua Alliance, Surfrider Foundation – O'ahu Chapter and Maui Chapter, Climate Protectors Hawaii, Blue Planet Foundation, Pono Hawai'i Initiative, Hawaii Electric Vehicle Association, and numerous individuals. Your Committee received testimony in opposition to this measure from Enterprise Holdings and Avis Budget Group. Your Committee received comments on this measure from the Department of Health, Department of Transportation, Office of Planning, and Tax Foundation of Hawaii.

Your Committee finds that the State is committed to expanding strategies and mechanisms to reduce greenhouse gas emissions through the reduction of energy use, adoption of renewable energy, and control of air pollution. Your Committee further finds that ground transportation accounts for a substantial amount of greenhouse gas emissions in the State. This measure establishes a climate change mitigation impact fee on rental vehicles to be used for mitigating climate change and protecting the environment.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 433, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 512 Judiciary & Hawaiian Affairs on H.B. No. 22

The purpose of this measure is to amend the fines assessed:

- (1) Against noncandidate committees for violations of organizational report requirements; and
- (2) For violations of advertisement notice requirements.

Your Committee received comments on this measure from the Campaign Spending Commission and Common Cause Hawaii.

Your Committee finds that this measure improves accountability in the conduct of noncandidate committees during election campaigns.

Your Committee has amended this measure by:

- (1) Deleting language that would have amended the maximum fine for campaign advertisements that are broadcast, televised, circulated, published, distributed, or otherwise communicated without the proper information; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 22, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 22, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 513 Judiciary & Hawaiian Affairs on H.B. No. 63

The purpose of this measure is to reclassify or abolish certain non-general funds of the Department of the Attorney General and transfer the remaining unencumbered balances in these funds to the general fund.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this measure implements recommendations made by the Auditor in the Auditor's Report No. 19-16 pertaining to the Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 63, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 514 Judiciary & Hawaiian Affairs on H.B. No. 203

The purpose of this measure is to authorize the issuance of general obligation bonds to fund construction costs of a water storage and distribution system and related improvements on agricultural lands owned by the office of Hawaiian affairs in Wahiawa, Oahu, surrounding the Kukaniloko birthing stones site.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Agribusiness Development Corporation, Kūpuna for the Mo'opuna, Wai'anae Community Re-Development Corporation, MA'O Organic Farms, Hawaii Applesseed Center for Law & Economic Justice, Hawaii Farm Bureau, and thirteen individuals.

Your Committee finds that the water storage and distribution system envisioned in this measure will enable the Office of Hawaiian Affairs to take a significant step forward in the development of its Wahiawa property and will advance diversified agriculture, food security, and cultural preservation in Central Oahu, thereby providing a model for sustainable agricultural development throughout the islands.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 203, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 515 Judiciary & Hawaiian Affairs on H.B. No. 357

The purpose of this measure is to establish a two-year statute of limitations for all actions for a regulatory taking against the State, including a claim brought under article I, section 20, of the Hawaii State Constitution, regarding eminent domain.

Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that a recent Hawaii Supreme Court decision, *DW Aina Le'a Dev., LLC v. State Land Use Comm'n*, 148 Haw. 396, 477 P.3d 836, 837 (2020), held that the statute of limitations for a regulatory taking is six years, pursuant to Hawaii's catch-all statute of limitations for personal actions. This measure would establish that regulatory takings claims are subject to the same two-year statute of limitations as other monetary claims against the State. Your Committee further finds that the two-year statute of limitations should apply to all types of inverse condemnation claims, regulatory and physical, since both can subject the State to high financial exposure. Establishing a two-year state of limitations for inverse condemnation claims will allow the State to take remedial measures to limit liability.

Your Committee has amended this measure by:

- (1) Changing the phrase "regulatory taking" to "inverse condemnation" to clarify that all types of inverse condemnation, physical and regulatory, are subject to the two-year statute of limitations; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 357, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 357, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 516 Judiciary & Hawaiian Affairs on H.B. No. 601

The purpose of this measure is to improve public safety and efficiency by authorizing:

- (1) The Chairperson of the Board of Land and Natural Resources to designate state employees or contractors; and
- (2) County police chiefs to designate other county employees or contractors, to cite for certain traffic violations.

Your Committee received testimony in support of this measure from the Department of Transportation, Office of the Mayor of the County of Kauai, National Tropical Botanical Garden, and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the shortage of police officers across Hawaii constrains county police departments' ability to enforce traffic and safety violations. This measure will provide additional persons with the authority to issue traffic citations, thereby improving traffic safety in the State.

Your Committee has amended this measure by:

- (1) Deleting language that would authorize the Chairperson of the Board of Land and Natural Resources to designate state employees or contractors to cite for certain traffic violations;
- (2) Deleting language that would authorize the county police chiefs to designate contractors to cite for certain traffic violations; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that any additional responsibilities for county employees pursuant to this measure would have to be worked out through negotiated agreements.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 601, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 601, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 517 Judiciary & Hawaiian Affairs on H.B. No. 680

The purpose of this measure is to include the use of traditional Hawaiian burial practices in the treatment and disposal of human remains, including the use of alkaline hydrolysis, water cremation, and natural organic reduction.

Your Committee received testimony in support of this measure from the Willd Body Program of the University of Hawaii; Ken Ordenstein Funerals; Aloha Mortuary; Fisher & Associates Consulting, LLC; and eight individuals. Your Committee received testimony in opposition to this measure from the Hawaii Funeral and Cemetery Association, Inc.; Dodo Mortuary, Inc.; Mililani Group, Inc.; Hawaiian Memorial Life Plan, Ltd; and Leeward Funeral Home.

Your Committee finds that the State should promote greater cultural perpetuation of traditional Hawaiian practices, including traditional Hawaiian burials. Not only do traditional Hawaiian burials play a critical role in Hawaiian culture, they also offer a cost-effective and environmentally friendly alternative to modern treatments of human remains.

Your Committee has amended this measure by:

- (1) Removing the definition of "cremation equipment" as the definition is unnecessary;
- (2) Removing unnecessary references to "water cremation", "cremains", and "ashes"; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 680, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.B. No. 680, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 518 Judiciary & Hawaiian Affairs on H.B. No. 726

The purpose of this measure is to temporarily:

- (1) Require every person in the State to wear a face covering when in a public setting, subject to certain exemptions; and
- (2) Establish a fine for failure to wear a face covering when required.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Union Airline Workers of the International Association of Machinist and Aerospace Workers, Hawaii Pacific Health, The Queen's Health Systems, Hawaii Community Foundation, Hawaii Medical Service Association, Hawai'i Public Health Institute, Hawaii Lodging & Tourism Association, Hawai'i Restaurant Association, Hawaii Quarantine Kapu Breakers, and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii County Assembly, Aloha Festival, and numerous individuals. Your Committee received comments on this measure from the Department of Health, Department of Commerce and Consumer Affairs' Division of Financial Institutions, Hawaii Emergency Management Agency, Hawaii Food Industry Association, Retail Merchants of Hawaii, and Chamber of Commerce Hawaii.

Your Committee finds that the coronavirus disease 2019 (COVID-19) mainly spreads from person to person through respiratory droplets that travel into the air when a person coughs, sneezes, or talks. Face coverings act as a barrier to help prevent respiratory droplets from reaching others and studies have shown that masks reduce the spray of droplets when worn properly over the nose and mouth. Your Committee believes that mandating everyone to wear face coverings, in addition to other preventative measures, will slow the spread of COVID-19, thereby ensuring the health and safety of everyone in Hawaii and helping restore the economy. Although face coverings will be mandated, your Committee recognizes that it may be necessary for people to temporarily uncover their face to confirm identification in some situations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should the Committee on Finance deliberate on this measure, your Committee on Judiciary & Hawaiian Affairs respectfully requests that it consider extending the repeal date of this measure to January 31, 2022, to provide the Legislature with the opportunity to address this issue at the next regular session if necessary.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 726, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 726, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Ward). Noes, 1 (D. Kobayashi). Excused, none.

SCRep. 519 Judiciary & Hawaiian Affairs on H.B. No. 753

The purpose of this measure is to exclude housing developed by the Department of Hawaiian Home Lands from school impact fees.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands. Your Committee received comments on this measure from the Department of Education and Tax Foundation of Hawaii.

Your Committee finds that excluding housing developed by the Department of Hawaiian Home Lands from school impact fees could result in more homes being developed for the beneficiaries of the Department of Hawaiian Home Lands and help get beneficiaries off the wait list and into housing.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 753, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (LoPresti). Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 520 Judiciary & Hawaiian Affairs on H.B. No. 838

The purpose of this measure is to clarify the jurisdiction of the Hawaii Civil Rights Commission. Specifically, this measure:

- (1) Clarifies the intent for a state law counterpart for disability discrimination in federally-funded programs and services; and
- (2) Excludes jurisdiction over programs or activities that are covered by the Individuals with Disabilities Education Act.

Your Committee received testimony in support of this measure from the Hawaii Civil Rights Commission, Disability and Communication Access Board, Hawaii Disability Rights Center, National Federation of the Blind of Hawaii, and one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that Hawaii has a long history of enacting state civil rights protections that complement and provide stronger protections than federal law. Your Committee further finds that Hawaii's civil rights laws, including those analogous to federal law, are critically important because the State's civil rights values and priorities may not match federal interpretations.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in

accord with the intent and purpose of H.B. No. 838, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 521 Judiciary & Hawaiian Affairs on H.B. No. 779

The purpose of this measure is to reduce the effect of harmful pesticides in the State by:

- (1) Requiring the Department of Agriculture, in consultation with the Department of Health, to develop and implement a one-time, low-cost pesticide disposal collection program; and
- (2) Increasing the administrative and criminal penalties for violating the State's pesticides law.

Your Committee received testimony in support of this measure from the Department of Health; Hawai'i Farm Bureau; Larry Jefts Farms, LLC; Imua Alliance; Hawaii Alliance for Progressive Action; Hawaii Crop Improvement Association; and six individuals. Your Committee received comments on this measure from the Department of Agriculture, Hawaii Pest Control Association, and CropLife America.

Your Committee finds that waste chemicals can become a serious public health and environmental threat when not managed properly and if accumulated for long periods of time. Your Committee further finds that legal pesticide disposal options are limited in Hawaii, and the longer waste pesticides are left unmanaged, the more likely the container will leak, the label will become unreadable, someone will be exposed, or the chemicals will leach into the ground or wash into nearby waterways. This measure therefore has the potential to provide environmental and human health benefits for the community by removing threats to residents, waterways, and the environment.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 779, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 779, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 522 Economic Development on H.B. No. 75

The purpose of this measure is to allow an organization to qualify for grants under chapter 42F, Hawaii Revised Statutes, if the organization spends at least ninety percent of its operating budget in the State.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Kaua'i, Hanalei Watershed Hui, Waipā Foundation, National Tropical Botanical Garden, Laukahi: Hawai'i Plant Conservation Network, and seven individuals. Your Committee received comments on this measure from the Office of Community Services.

Your Committee finds that under existing law, a nonprofit organization must be incorporated in the State in order to be eligible to receive grants under chapter 42F, Hawaii Revised Statutes. This measure ensures that all nonprofit organizations that are doing work that benefits the State and are in good standing, regardless of where the organizations are incorporated, are eligible to receive state funding through such grants.

Your Committee has amended this measure by:

- (1) Deleting language that would have allowed an organization to qualify for a grant under chapter 42F, Hawaii Revised Statutes, if the organization spends at least ninety percent of its operating budget in the State;
- (2) Inserting language that allows an organization to qualify if the organization is registered with the Department of Commerce and Consumer Affairs and in possession of a valid certificate of vendor compliance issued by the State; and
- (3) Changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 75, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 75, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 523 Economic Development on H.B. No. 133

The purpose of this measure is to increase the Capital Gains Tax threshold from 7.25 percent to nine percent.

Your Committee received testimony in support of this measure from the Young Progressives Demanding Action, Americans for Democratic Action Hawai'i, Planned Parenthood Votes Northwest and Hawaii, Pono Hawai'i Initiative, Imua Alliance, Democratic Party of Hawai'i Education Caucus, Hawai'i Health & Harm Reduction Center, Hawaii State Teachers Association, Hawaii Children's Action Network Speaks!, Hawai'i Budget & Policy Center, and eighteen individuals. Your Committee received testimony in opposition to this measure from the Honolulu County Republican Party; Kauai Sea Farms, LLC; and five individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the economic impact of the COVID-19 pandemic will require the State to look for additional ways to make up for the loss of state revenues, such as an increase in the Capital Gains Tax. This measure provides the State with such an option through the collection of additional revenue, which can be used to support the critical programs and services that serve the general public.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 133, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 133, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Okimoto). Excused, none.

SCRep. 524 Economic Development on H.B. No. 555

The purpose of this measure is to:

- (1) Require retailers of household appliances to conspicuously display available energy efficiency rebates funded by the public benefits fee and state-specific energy operation costs;
- (2) Direct the Public Benefits Fee Administrator to create and update the template to be used by retailers; and
- (3) Require the Hawaii State Energy Office to publish signage requirements for household appliances on its website and provide a draft notification letter to the Public Benefits Fee Administrator to be distributed to retailers.

Your Committee received testimony in support of this measure from the Blue Planet Foundation, Hawai'i Energy, and Climate Protectors Hawaii. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii. Your Committee received comments on this measure from the Hawaii State Energy Office and Public Utilities Commission.

Your Committee finds that the State's high cost of living underscores the importance of adopting policies that promote energy efficiency. This measure provides further opportunities to educate consumers about the benefits of energy efficiency, including reduced energy costs and available rebates.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 555, H.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Holt, Belatti, D. Kobayashi, Onishi, Sayama, Takayama, Okimoto). Noes, none. Excused, none.

SCRep. 525 Economic Development on H.B. No. 1043

The purpose of this measure is to amend chapter 237D, Hawaii Revised Statutes, relating to the transient accommodations tax by:

- (1) Repealing the misdemeanor criminal penalty for failing to register under that chapter and replacing it with a monetary fine structure;
- (2) Replacing references to operator or plan manager with person or taxpayer;
- (3) Clarifying that a certificate of registration is required for persons who post advertisements for the furnishing of a transient accommodation;
- (4) Making the personal liability provision under the general excise tax law applicable to the transient accommodations tax; and
- (5) Making various other technical amendments.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the transient accommodations tax serves as an important source of revenue for the State. This measure assists the Department of Taxation in the imposition of the transient accommodations tax by simplifying and streamlining certain provisions and processes.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1043, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1043, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 526 Economic Development on H.B. No. 900

The purpose of this measure is to enable the use of funds from the Brownfields Cleanup Revolving Loan Fund for environmental site assessments and for sub-grants to eligible entities for assessment and cleanup of brownfields.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Health; Office of Planning; and Department of Planning and Permitting for the City and County of Honolulu.

Your Committee finds that brownfields are often underutilized due to contamination or perceived contamination that hinders redevelopment. Expanding the use of the Brownfields Cleanup Revolving Loan Fund to enable sub-grants for cleanups, environmental site assessments, and related activities will benefit local communities by having more land to be developed for affordable housing, public parks, and open areas.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 900, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 527 Economic Development on H.B. No. 681

The purpose of this measure is to:

- (1) Establish linked investments to provide loans for agriculture;
- (2) Authorize the Director of Finance to commit no more than \$5,000,000 of certain monies available in the state treasury for the creation of linked investments through agreements with eligible lending institutions; and
- (3) Appropriate funds to the Department of Budget and Finance to hire one position to administer the Linked Investment Program.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that as the State attempts to diversify its economy, finding creative and innovative ways to support agriculture in the State will be critical. By providing an alternative loan program for agriculture in the State, this measure helps to expand Hawaii's agriculture-based economy by providing

local farmers with access to capital, which can be used to increase their production capacity.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 681, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 681, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Sayama, Okimoto). Noes, 1 (Onishi). Excused, none.

SCRep. 528 Economic Development/Housing on H.B. No. 1146

The purpose of this measure is to:

- (1) Extend the period in which a county may adopt a surcharge on state tax, under certain conditions, from March 31, 2019, to December 31, 2021; and
- (2) Authorize the use of county surcharge revenues for affordable and workforce housing infrastructure.

Your Committees received testimony in support of this measure from the Mayor of the County of Maui. Your Committees received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and Maui Chamber of Commerce.

Your Committees find that the State is experiencing a severe shortage of affordable housing for local residents, particularly on the neighbor islands. This measure would provide more flexibility to counties with smaller populations in the use of revenues generated from their surcharges on the state general excise tax and use tax for affordable and workforce housing infrastructure.

Your Committees have amended this measure by:

- (1) Clarifying that the county surcharge on state tax may not be levied prior to January 1, 2023, if the county surcharge on state tax was established by the adoption of an ordinance on or after March 31, 2019, but prior to December 31, 2021; and
- (2) Changing the effective date to January 1, 2055, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Economic Development and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1146, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1146, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Economic Development: Ayes, 6; Ayes with Reservations (Sayama). Noes, 1 (Onishi). Excused, 1 (Quinlan).

Housing: Ayes, 7; Ayes with Reservations (DeCoite). Noes, none. Excused, 1 (McDermott).

SCRep. 529 Government Reform on H.B. No. 143

The purpose of this measure is to:

- (1) Exempt candidates who are either unsuccessful or elected to office in a primary election from the requirement to file preliminary general reports for the following general election; and
- (2) Clarify the aggregate contribution and expenditure amounts that trigger the requirement for a candidate or noncandidate committee to file only the final election period report.

Your Committee received testimony in support of this measure from the Campaign Spending Commission.

Your Committee finds that reporting requirements under campaign finance law are important to maintain transparency and fairness in elections. Your Committee further finds that preliminary reports are due throughout the spring, summer, and fall in an election year. However, the final two preliminary reports are due between the primary election and subsequent general election. Your Committee therefore finds that requiring candidates who are either unsuccessful or who have been elected to office in a primary election to file preliminary reports between the primary and general election is unnecessary.

Your Committee has amended this measure by changing the effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 143, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 143, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Mizuno, Woodson, Yamashita, Ward).

SCRep. 530 Government Reform on H.B. No. 353

The purpose of this measure is to:

- (1) Require the Legislature to consider whether counties have maximized their existing sources of revenue prior to appropriating monies as a grant-in-aid to the counties; and
- (2) Require any county that provides tax credits or tax exemptions to report to the Legislature prior to the beginning of a Regular Session with a calculation of revenues that the county did not receive as a result of each tax credit or tax exemption provided by the county in the preceding fiscal year.

Your Committee received testimony in support of this measure from the Office of Community Services and one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that this measure is intended to improve the effectiveness of grant applications made by the counties to the State. Requiring the counties to report to the Legislature regarding a calculation of tax revenues each county did not receive as a result of tax credits or tax exemptions will promote fiscal responsibility and good government.

Your Committee has amended this measure by:

- (1) Removing language that would require the Legislature to consider whether counties have maximized their existing sources of revenue prior to appropriating monies as a grant-in-aid to the counties;
- (2) Changing its effective date to July 1, 2112, to encourage further discussion; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that this measure, as introduced, requires the Legislature to consider whether each county has maximized all of its sources of revenue prior to appropriating monies as a grant-in-aid to the counties. Your Committee recognizes that a current Legislature cannot bind future Legislatures with future legislation to be passed and has accordingly amended this measure to remove those provisions.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 353, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 353, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Mizuno, Woodson, Ward).

SCRep. 531 Government Reform on H.B. No. 671

The purpose of this measure is to, beginning January 1, 2022, prohibit certain state officials and employees from representing certain interests before the State for twelve months after termination from their respective positions.

Your Committee received testimony in support of this measure from Common Cause Hawaii and eight individuals. Your Committee received comments on this measure from the Hawaii State Ethics Commission.

Your Committee finds that it is in the public interest to keep a distinct wall of separation between lobbyists and the State's elected officials and certain other government employees. Your Committee further finds that this measure promotes good government by prohibiting elected officials, employees of the legislature, and certain other high-ranking state officials from representing other interests before the State or before former colleagues with whom they have served, for twelve months after termination from their respective government positions.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 671, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 671, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 532 Government Reform on H.B. No. 741

The purpose of this measure is to increase the retention period for certain lobbying records filed with the Hawaii State Ethics Commission from four years to five years.

Your Committee received comments on this measure from the Hawaii State Ethics Commission.

Your Committee finds that with the advent of cloud storage, data warehouses, and other modern retention technology, the ability to keep records in perpetuity is not an undue burden for the Hawaii State Ethics Commission and will ensure transparency and historical accuracy.

Your Committee has amended this measure by:

- (1) Requiring the Hawaii State Ethics Commission to permanently retain certain lobbying records, rather than for a certain period of time; and
- (2) Changing its effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 741, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 741, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 533 Government Reform on H.B. No. 1054

The purpose of this measure is to amend the cash or protest bond amount for a party initiating an administrative proceeding for review under the Hawaii Public Procurement Code.

Your Committee received testimony in support of this measure from the Department of Transportation and Airlines Committee of Hawaii. Your Committee received testimony in opposition to this measure from the Subcontractors Association of Hawaii. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that the current cash or protest bond amount for a party initiating an administrative proceeding for review under the Hawaii Public Procurement Code is too low for public works projects. The Hawaii Public Procurement Code was established to provide fairness to the public, increase public confidence, and foster broad-based competition, fiscal responsibility, and efficiency in the procurement process. Your Committee further finds that unfounded and frivolous protests impact procuring agencies by delaying projects, which may cause funding to lapse and project costs to increase.

Your Committee has amended this measure by:

- (1) Requiring the cash or protest bond amount to be:
 - (A) One percent of the estimated value of the contract if the contract's estimated value is less than \$1,000,000; and
 - (B) Two percent of the estimated value of the contract if the contract's estimated value is \$1,000,000 or more; and
- (2) Changing the effective date to July 1, 2112, to encourage further discussion.

Your Committee agrees with the concerns raised by the Subcontractors Association of Hawaii that the cash or protest bound amounts proposed by this measure, as originally drafted, were too high. The high amounts may be too large a burden to take for a contractor if that contractor finds that something has gone awry with the procurement process. Your Committee has accordingly amended the cash or protest bound amount in light of these concerns and to

encourage continued conversation on this amended measure.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1054, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1054, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 534 Government Reform on H.B. No. 1067

The purpose of this measure is to permanently establish the authority of the University of Hawaii President to act as the Chief Procurement Officer for the University of Hawaii for all procurement contacts under the Hawaii Public Procurement Code.

Your Committee received testimony in support of this measure from the University of Hawai'i System and General Contractors Association of Hawaii.

Your Committee finds that Act 87, Session Laws of Hawaii 2013 (Act 87), was enacted to, among other things, remove the authority of the University of Hawaii President to serve as the Chief Procurement Officer for construction contracts and construction-related professional services contracts and transferred those responsibilities to the Administrator of the State Procurement Office. This resulted in a bifurcated procurement structure at the University of Hawaii in which a different set of rules and procedures applied for goods and services and for construction-related professional services.

Your Committee further finds that a January 2016 report by the State Procurement Office, issued pursuant to Act 87, found that the University of Hawaii was conducting construction procurements in a "compliant, efficient, and transparent manner." Act 42, Session Laws of Hawaii 2018, reinstated and restored full authority to the University of Hawaii President to serve as the University's Chief Procurement Officer for all procurement contracts under the Hawaii State Procurement Code and projects have been streamlined and greatly improved; however, that authority is set to expire on June 30, 2021. This measure makes this authority permanent.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1067, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ward).

SCRep. 535 Government Reform on H.B. No. 1118

The purpose of this measure is to require any organization, association, party, or individual that is financially involved in the political process to file a financial disclosure with the Campaign Spending Commission.

Your Committee received testimony in opposition to this measure from the Campaign Spending Commission.

Your Committee finds that dark money is defined as funds raised for the purpose of influencing elections by nonprofit organizations that are not required to disclose the identities of their donors and may come from Internal Revenue Code 501(c)(4) organizations that are not required to disclose the identity of their donors. Your Committee further finds that Internal Revenue Code 501(c)(4) organizations are tax-exempt as a social welfare organization, must not be organized for profit, and must be operated exclusively to promote social welfare. The promotion of social welfare does not include direct or indirect participation or intervention in political campaigns on behalf of or in opposition to any candidate for public office. However, the Internal Revenue Code states that social welfare organizations may engage in some political activities, so long as that is not their primary activity, which allows 501(c)(4) organizations to engage in and spend unregulated amounts of money on political activity without any consequences or oversight, conceivably well above the political activity percentage threshold allowed.

Your Committee believes that this measure will provide more transparency in elections and build trust between the public and elected officials through transparent information by requiring any organization, including 501(c)(4) organizations, that is financially involved in the political process to file with the Campaign Spending Commission a financial disclosure.

Your Committee has amended this measure by:

- (1) Restoring existing statutory language that, under certain circumstances, required a schedule filed by a noncandidate committee to the Campaign Spending Commission to include an acknowledgement that an entity contributing funds to a noncandidate committee is not subject to any state or federal disclosure reporting requirements regarding the source of the contributing entity's funds;
- (2) Requiring noncandidate committees to provide to the Campaign Spending Commission a list of donors whose money was given by a 501(c)(4) organization to the noncandidate committee to fund an advertisement or electioneering communication;
- (3) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1118, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1118, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Mizuno, Woodson, Ward).

SCRep. 536 Water & Land on H.B. No. 95

The purpose of this measure is to authorize the issuance of special license plates for recognition and protection of the State's natural resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Fishermen's Alliance for Conservation and Tradition, and thirteen individuals.

Your Committee finds that special license plates allow for individuals to directly support certain programs through revenue generated fundraising fees. Your Committee urges the Department of Land and Natural Resources to work with local artists in the designing of the special license plates authorized by this measure.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the

intent and purpose of H.B. No. 95, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 95, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 537 Water & Land on H.B. No. 1351

The purpose of this measure is to authorize the Department of Land and Natural Resources to establish and operate conservation mitigation banks to restore, create, enhance, or preserve conservation habitats or resources as compensatory mitigation where a person is required to provide compensatory mitigation prospectively and the use of banked mitigation is approved by the agency requiring mitigation, or for past damages to conservation habitats or resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Environmental Caucus of the Democratic Party of Hawai'i, Hawaii Reef and Ocean Coalition, and six individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that conservation mitigation banking has the advantage of reducing uncertainty about whether compensatory mitigation will be successful in offsetting project impacts; assembling and applying extensive financial resources, planning, and scientific expertise; reducing permit processing times and providing more cost-effective compensatory mitigation opportunities; and enabling the efficient use of limited agency resources in the review and compliance monitoring of compensatory mitigation projects because of consolidation. Your Committee further finds that conservation mitigation banks would serve as a mechanism to restore or replace resources and ecological functions of habitats either prospectively or after they have already been damaged.

Your Committee has amended this measure by:

- (1) Specifying that the conservation mitigation banking proposed in this measure applies to entities as well as persons;
- (2) Further clarifying the sale of credits involved in conservation mitigation banking;
- (3) Adding a definition of "conservation mitigation bank";
- (4) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1351, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1351, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (McDermott). Noes, none. Excused, 1 (Ohno).

SCRep. 538 Water & Land on H.B. No. 863

The purpose of this measure is to authorize the issuance of general obligation bonds for the Department of Land and Natural Resources' Forest Stewardship Program for fiscal year 2021-2022 to expand and increase existing plant stocks of state tree nurseries, renovate and update the equipment and facilities of the state tree nurseries, and conduct public outreach and education on the benefits of trees and plants in providing soil health and their uses in agricultural settings.

Your Committee received testimony in support of this measure from the University of Hawaii College of Tropical Agriculture and Human Resources, Our Revolution Hawaii, Trees for Honolulu's Future, Environmental Caucus of the Democratic Party of Hawai'i, and five individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee recognizes the importance of healthy soil for food security and ecosystem resilience against climate change. However, your Committee finds that the various tree nurseries across the State are in need of facilities and improvements that include greenhouses, irrigation, water catchment, and other infrastructure. The authorization and appropriation of general obligation bond funds for the Forest Stewardship Program will support stewardship, enhancement, conservation, and restoration of Hawai'i's forests.

Your Committee has amended this measure by:

- (1) Authorizing general obligation bonds for the 2021-2023 fiscal biennium rather than the 2021-2022 fiscal year;
- (2) Deleting the specific amount of the general obligation bond authorization and appropriation;
- (3) Amending the purpose for which the general obligation bond funds are authorized and appropriated;
- (4) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the amount of \$1,380,000 in general obligation bonds was authorized for fiscal year 2021-2022 in the measure as received by your Committee.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 863, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 863, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 539 Water & Land on H.B. No. 469

The purpose of this measure is to set a deadline for the transfer of certain non-agricultural park lands from the Department of Land and Natural Resources to the Department of Agriculture pursuant to Act 90, Session Laws of Hawaii 2003, and chapter 166E, Hawaii Revised Statutes, and to require the two departments to periodically meet to discuss the potential for future land transfers.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawaii Farm Bureau; Ulupono Initiative; Hawaii Crop Improvement Association; Local Food Coalition; GreenWheel Food Hub; Hawaii Aquaculture & Aquaponics Association; Hawaii Meats LLC; Maui County Farm Bureau; Hawaii Cattlemen's Council, Inc.; Maui Cattlemen's Association; McCandless Ranch; Kapapala Ranch; Kealia Ranch; Larry Jeffs Farms, LLC; Hawaii Youth Livestock Association; and numerous individuals. Your Committee received testimony in opposition to this measure from the Sierra Club of Hawaii and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the importance of supporting local farmers and ranchers and strengthening the State's agricultural industry must be balanced with the need to protect Hawaii's environment and safeguard other public-lands priorities.

Your Committee has amended this measure by:

- (1) Requiring the Department of Agriculture, by January 1, 2022, to transmit to the Department of Land and Natural Resources a list of lands that it has identified as being disputed lands;
- (2) Requiring the Department of Land and Natural Resources to review the list;
- (3) In the event that the Department of Agriculture and Department of Land and Natural Resources disagree regarding the disputed lands, requiring the Board of Land and Natural Resources to establish a third-party advisory committee prior to any disposition or transfer of the disputed lands;
- (4) Requiring the third-party advisory committee to review the disputed lands proposed for disposition or transfer and determine whether any of the lands requested meet certain criteria;
- (5) Requiring the third-party advisory committee to determine whether the Department of Agriculture or Department of Land and Natural Resources is the appropriate agency for managing the parcel of land;
- (6) Requiring that, if the Department of Agriculture and Department of Land and Natural Resources are unable to reach a mutual agreement regarding the disposition or transfer of disputed lands, the disputed lands will remain under the jurisdiction and management of the Department of Land and Natural Resources until such time as a mutual agreement can be reached regarding their disposition;
- (7) Requiring that for lands for which the Department of Agriculture and Department of Land and Natural Resources reach a mutual agreement regarding their disposition, such lands will be transferred to the Department of Agriculture;
- (8) Requiring that beginning with the 2026-2027 fiscal year, and no less than every fifth fiscal year thereafter, the Department of Agriculture and Department of Land and Natural Resources will undertake the process set forth in paragraphs (1) through (7);
- (9) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (10) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 469, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 469, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ganaden). Noes, none. Excused, 1 (McDermott).

SCRep. 540 Water & Land on H.B. No. 1019

The purpose of this measure is to conserve, restore, and enhance Hawaii's marine resources by:

- (1) Authorizing the Department of Land and Natural Resources to adopt rules pursuant to chapter 91, Hawaii Revised Statutes, to establish non-resident user fees for the use and enjoyment of the State's ocean resources; and
- (2) Establishing the Ocean Stewardship Special Fund to collect and use such monies.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; University of Hawaii Sea Grant Program; Office of Hawaiian Affairs; The Nature Conservancy, Hawaii Program; Hawaii Reef and Ocean Coalition; Friends of Hanauma Bay; Kua'aina Ulu Auamo; Hui Maka'ainana O Makana; Cates Marine Service, LLC; and four individuals. Your Committee received testimony in opposition to this measure from Alii Nui Charters, Dive Maui/Hawaiian Rafting Adventures, Extended Horizons Scuba, Teralani, Banyan Tree Divers Maui, Mike Severns Diving, Maui Diving -Scuba & Snorkel Center, Kolea Charters of Lahaina, and four individuals. Your Committee received comments on this measure from the Ocean Tourism Coalition and Pacific Whale Foundation.

Your Committee finds that Hawaii's ocean waters and marine resources are some of its most ecologically, economically, and culturally valuable assets, central to the State's \$7.8 billion outdoor recreation industry. Your Committee further finds that Hawaii's marine environment and resources are under increasing threat and that it is crucially important that the State has adequate resources to help ensure the health of its ocean ecosystems for present and future generations.

Your Committee has amended this measure by:

- (1) Statutorily establishing the ocean stewardship user fee to apply to residents as well as non-residents, instead of authorizing the Department of Land and Natural Resources to adopt rules pursuant to chapter 91, Hawaii Revised Statutes, to establish non-resident user fees;
- (2) Initially setting the ocean stewardship user fee at \$1 per passenger or customer and requiring that the user fee be adjusted every five years to match changes in the Consumer Price Index in the Honolulu area, as reported by the United States Bureau of Labor Statistics; provided that the fee cannot be adjusted more than ten percent every five years;
- (3) Delaying the collection of the ocean stewardship user fee until January 1, 2024;
- (4) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1019, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1019, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Kong). Noes, 1 (McDermott). Excused, 1 (Ohno).

SCRep. 541 Water & Land on H.B. No. 1021

The purpose of this measure is to authorize the Department of Land and Natural Resources to enter into the Interstate Wildlife Violator Compact or a similar agreement for mutual assistance in the enforcement of wildlife laws.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaiian Humane Society, Hawai'i

Reef and Ocean Coalition, Friends of Hanauma Bay, and For the Fishes.

Your Committee finds that the Interstate Wildlife Violator Compact is a multistate agreement that promotes enforcement of hunting, fishing, trapping, and other wildlife-related regulations across jurisdictions. The Interstate Wildlife Violator Compact establishes a reciprocal process that enables local law enforcement to take enforcement action against nonresident wildlife law violators who can therefore be treated as state residents for enforcement purposes. Your Committee further finds that forty-eight states have passed legislation needed to join the Interstate Wildlife Violator Compact and believes that it is time for Hawaii to join this effort.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1021 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 542 Water & Land on H.B. No. 1031

The purpose of this measure is to reduce the number of members who serve on the Hawaii Historic Places Review Board.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from the Historic Hawai'i Foundation.

Your Committee finds that the Hawaii Historic Places Review Board was established in 1980 to order and enter historic properties into the Hawaii Register of Historic Places and the National Register of Historic Places. The Hawaii Historic Places Review Board comprises a diverse cross-section of professionally qualified members from disciplines in archaeology, architecture, history, and sociology, and one person knowledgeable in traditional Hawaiian society and culture.

Your Committee further finds that it has been difficult to identify ten qualified and suitable candidates for board membership, which has led to delays in placing historic properties on the state register. There are currently two vacancies on the Hawaii Historic Places Review Board, with another two seats set to become vacant at the end of this fiscal year. Reducing the number of members from ten to seven will enable the Hawaii Historic Places Review Board to achieve quorum and take action.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1031 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 543 Water & Land on H.B. No. 1028

The purpose of this measure is to repeal the Koke'e State Park Advisory Council.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that the Koke'e State Park Advisory Council was tasked to review and assist in updating and revising the Koke'e State Park Master Plan, which was completed in 2014. Your Committee further finds that the Koke'e State Park Advisory Council has not met since then and has fulfilled its statutory purpose. Therefore, coupled with other pressing state priorities and limited resources in the face of the coronavirus pandemic, your Committee believes that repealing the Koke'e State Park Advisory Council will allow the State to focus its resources on more pressing matters.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1028 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 544 Water & Land on H.B. No. 1030

The purpose of this measure is to:

- (1) Repeal the Aquatic Life and Wildlife Advisory Committees under section 197-4, Hawaii Revised Statutes; and
- (2) Make conforming amendments to sections 197-1 and 197-2, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Aquatic Life and Wildlife Advisory Committees were established in 1985 to consider matters affecting the taking and conservation of aquatic life and wildlife within each county. However, the Aquatic Life and Wildlife Advisory Committees have rarely convened or been needed. Therefore, repealing the Aquatic Life and Wildlife Advisory Committees in each county allows the State to reduce expenditures in the face of limited resources as a result of the coronavirus pandemic.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1030, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1030, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 545 Water & Land on H.B. No. 1029

The purpose of this measure is to repeal Act 15, Special Session Laws of Hawaii 2009, which, among other things, authorized the establishment of living park planning councils to develop a state living park master plan.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that according to the testimony of the Department of Land and Natural Resources, Act 15, Special Session Laws of Hawaii 2009, directly applied to Ahupua'a 'O Kahana State Park, which has an embedded residential leasehold community within the park. However, your Committee finds that after ten years and numerous meetings, the community-based planning council could not develop the framework for a master plan for the park.

Subsequently, the Department of Land and Natural Resources engaged the services of a private planning contractor to initiate the master planning process. Your Committee finds that a report was finalized in 2019, with three issues that needed resolution before proceeding on a master plan. To date, there has been no further discussion on a master plan or future date to reconvene the living park planning council. Your Committee finds that the foregoing reasons, coupled with other pressing state priorities and limited resources in the face of the coronavirus pandemic, support the repeal of Act 15, Special Session Laws of Hawaii 2009.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1029 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 546 Water & Land on H.B. No. 1274

The purpose of this measure is to:

- (1) Require the Department of Agriculture to allow for the permitted importation of northern largemouth bass and butterfly peacock bass into Hawaii; and
- (2) Require the Division of Aquatic Resources of the Department of Land and Natural Resources to establish a pilot project to restock the Wahiawa public fishing area in central Oahu with northern largemouth bass, butterfly peacock bass, or both.

Your Committee received testimony in support of this measure from the Wahiawa Community Based Development Organization dba Wahiawa Fresh!, Hawaii Freshwater Fishing Association, and four individuals. Your Committee received testimony in opposition to this measure from the Coordinating Group on Alien Pest Species. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Agriculture.

Your Committee finds that this measure would bring environmental benefits to Lake Wilson and economic benefits to the surrounding Wahiawa community.

Your Committee has amended this measure by:

- (1) Deleting the requirement that the Department of Agriculture allow for the permitted importation of northern largemouth bass and butterfly peacock bass into Hawaii;
- (2) Removing the requirement that the Division of Aquatic Resources, through its own resources, establish the pilot project;
- (3) Requiring the Division of Aquatic Resources to apply to the Department of Agriculture for the permit to import the northern largemouth bass and work with another public entity or partner with a private entity to accomplish the pilot project;
- (4) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1274, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1274, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 547 Water & Land on H.B. No. 865

The purpose of this measure is to require the Auditor to conduct a comprehensive performance and management audit of the State Historic Preservation Division of the Department of Land and Natural Resources and submit a report to the Legislature prior to the convening of the Regular Session of 2022.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Department of Planning of the County of Kaua'i, Historic Hawai'i Foundation, and Building Industry Association of Hawaii. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the State Historic Preservation Division is responsible for administering a comprehensive historic preservation program, the scope of which includes development of a statewide inventory of historic properties, aviation artifacts, and burial sites; preparation, review, and revisions of state historic preservation plans; technical and financial assistance to the counties and public and private agencies involved in historic preservation activities; and regulation of archaeological activities throughout the State. The breadth of the State Historic Preservation Division's stewardship responsibilities is immense. Your Committee further finds that an audit will promote a better understanding of how the State Historic Preservation Division is fulfilling its role and whether its resources are adequate.

Your Committee has amended this measure by:

- (1) Clarifying that one of the issues to be evaluated by the Auditor is whether the review and response to submittals is completed within the timeframes established by rule;
- (2) Clarifying that current project review practices, rather than management practices, are to be audited;
- (3) Removing the reference to policies from the component relating to standardization of monitoring protocols; and
- (4) Changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 865, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 865, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 548 Water & Land on H.B. No. 1346

The purpose of this measure is to require the Department of Agriculture, in coordination with the appropriate departmental agency, to prepare and periodically update a functional plan for seafood sustainability that expands the State's priority on food by including wild seafood as a viable food source.

Your Committee received testimony in support of this measure from the Hawaii Seafood Council; Hawai'i Fishermen's Alliance for Conservation and

Tradition, Inc.; Fishing Tales with Mike Sakamoto; and one individual. Your Committee received comments on this measure from the Department of Agriculture and Office of Planning.

Your Committee finds that food security and self-sufficiency are issues of growing importance in the State. By requiring that wild seafood be included as a viable food source in the State's agricultural functional plan, the Department of Agriculture can begin to research and coordinate efforts to regulate this valuable resource.

Your Committee has amended this measure by:

- (1) Specifying that the Department of Agriculture work in coordination with the Office of Planning to prepare and periodically update the agricultural functional plan;
- (2) Specifying that the agricultural functional plan includes agricultural economic updates, in which one is seafood sustainability;
- (3) Extending the deadline to report the agricultural functional plan to twenty days prior to the 2023 Regular Session;
- (4) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1346, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1346, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 549 Agriculture on H.B. No. 8

The purpose of this measure is to establish a Hawaii Food Security Initiative Program within the Department of Agriculture to:

- (1) Identify a plan for permanent food security for Hawaii, including deriving a majority of the State's food supply from locally-produced, sustainable, and regenerative sources by 2035;
- (2) Recommend additional steps necessary to help increase food security; and
- (3) Develop an assessment system to accurately determine how much food is locally produced in the State and how much food is imported into the State, using various criteria.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawaii Primary Care Association, Ulupono Initiative, and four individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that several portions of this measure are already being undertaken by the Department of Agriculture pursuant to Act 151, Session Laws of Hawaii 2019 (Act 151), which is an ongoing project that directs the Department to develop a strategic plan that identifies benchmarks for increased food production in Hawaii and increased exports of food crops and value-added agricultural products from Hawaii.

Your Committee has amended this measure by:

- (1) Deleting its substantive contents;
- (2) Making identifying lands for producing food crops that may be grown locally using conventional, sustainable, and regenerative practices to replace imports one of the goals of the Department of Agriculture's strategic plan pursuant to Act 151;
- (3) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 8, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 8, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 550 Agriculture on H.B. No. 236

The purpose of this measure is to extend the sunset dates for the Pesticide Subsidy Program and Pesticide Subsidy Program Manager position to enable the program to:

- (1) Continue assisting coffee growers in responding to the newly discovered coffee leaf rust;
- (2) Continue assisting coffee growers in managing the coffee berry borer infestation; and
- (3) Add control methods for coffee leaf rust as an eligible reimbursable item.

Your Committee received testimony in support of this measure from the Department of Agriculture, University of Hawai'i System, Rancho Aloha, Synergistic Hawaii Agriculture Council, Hawai'i Farm Bureau, Kona Coffee Farmers Association, and six individuals.

Your Committee finds that the coffee berry borer, an invasive beetle, has been found on all islands in the State. In 2020, coffee leaf rust was discovered for the first time in the State on the islands of Maui and Hawaii. Your Committee further finds that these two pests threaten the viability of the State's entire coffee industry, which represents one of the largest agricultural crops in the State and is a highly valued part of Hawaii's economy. The two-year extension of the Pesticide Subsidy Program and Pesticide Subsidy Program Manager position proposed by this measure will allow the State to continue to subsidize the cost of pesticides best shown to combat coffee berry borers and coffee leaf rust, thus incentivizing coffee growers to adopt recommended pest management strategies.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 236 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 551 Agriculture on H.B. No. 515

The purpose of this measure is to require the Auditor to conduct an audit of the School Food Services Branch of the Department of Education to determine how much local produce is being purchased and served to students in the Department's school cafeterias.

Your Committee received testimony in support of this measure from the Department of Education, Ulupono Initiative, Hawai'i Farm Bureau, and two individuals.

Your Committee finds that this measure supports the use of locally sourced produce in the State's schools by requiring a baseline determination of where produce used by the School Food Services Branch is being purchased and if the produce is locally sourced. By providing these metrics, the Legislature will be better positioned to determine what increases may be warranted and how to set goals that are structured to yield outcomes that are nutritious for students and supportive of local farmers.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 515, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 552 Agriculture on H.B. No. 531

The purpose of this measure is to promote the growth and development of small businesses by requiring the Procurement Policy Board to adopt rules for criteria to provide preference to small businesses for the use of state agricultural lands.

Your Committee received testimony in opposition to this measure from the Department of Agriculture, State Procurement Office, and Hawaii Farm Bureau. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that this measure is intended to assist individuals and entities in finding appropriate farmland and increase the use of locally grown agricultural produce.

Your Committee has amended this measure by:

- (1) Reverting to the contents of this measure as it was introduced, which:
 - (A) Requires a state contract for the purchase of produce to include an option by a purchasing agency for the contractor supplying the produce to lease state agricultural land; and
 - (B) Establishes a process for the College of Tropical Agriculture and Human Resources of the University of Hawaii to identify appropriate land that may be leased to the contractor to grow the produce;
- (2) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 531, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 531, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 553 Agriculture on H.B. No. 770

The purpose of this measure is to protect the health of Hawaii's consumers by establishing a task force to review the State's food security and food safety practices.

Your Committee received testimony in support of this measure from the Hawaii Foodservice Alliance and four individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that this measure supports proper food handling, in compliance with the federal Food Safety Modernization Act, from source to point of sale. Aligning state health standards with federal health standards will help safeguard Hawaii consumers from food-borne illnesses and protect the State's most vulnerable populations from life-threatening sickness.

Your Committee has amended this measure by changing its effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 770, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 770, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 554 Agriculture on H.B. No. 1271

The purpose of this measure is to:

- (1) Repeal the Agribusiness Development Corporation; and
- (2) Transfer all lands held by the Agribusiness Development Corporation and all of the Agribusiness Development Corporation's staff, except for the Executive Director, to the Department of Agriculture.

Your Committee received testimony in support of this measure from Animal Rights Hawai'i, Malama Moloa'a, Hawai'i SEED, Indigo Foundation, Clark Elements, Pele Lani Farm LLC, Pesticide Action Network North America, Hawai'i Alliance for Progressive Action, Food+ Policy Internship 2021, Environmental Caucus of the Democratic Party of Hawai'i, OrganicHawaii.org, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture; Agribusiness Development Corporation; Kaua'i Island Utility Cooperative; Friends of Waimanalo; Dole Food Co. Hawaii; Larry Jefts Farms, LLC; Lin's Farms; Kekaha Agriculture Association; Whitmore Economic Development Group; Umi's Farm; Hawaii Crop Improvement Association; Kaua'i Chamber of Commerce; Hawai'i Farm Bureau; Ho Farms; CropLife America; Biotechnology Innovation Organization; and numerous individuals. Your Committee received comments on this measure from Kalepa Coalition, Pono Hawai'i Initiative, North Shore Economic Vitality

Partnership, and two individuals.

Your Committee finds that the Agribusiness Development Corporation was established in 1994 to take a lead role in converting the State's agricultural lands from plantations producing mainly pineapple and sugar for export to more economically viable farms. Your Committee further finds that a recent audit report from the Office of the Auditor found that the Agribusiness Development Corporation has not taken critical steps toward achieving its overarching goals. Your Committee also finds that the results of the audit show that the Agribusiness Development Corporation is incapable of carrying out its basic statutory responsibilities and functions and should, therefore, be repealed. Your Committee believes that placing the assets and staff of the Agribusiness Development Corporation would be suitable and more effective if situated in the Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1271 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Marten, Matayoshi, Todd, Matsumoto). Noes, 1 (Tokioka). Excused, none.

SCRep. 555 Judiciary & Hawaiian Affairs on H.B. No. 61

The purpose of this measure is to:

- (1) Reclassify the Hawaiian Home Receipts Fund and Supreme Court Bar Examination Fund; and
- (2) Repeal the Probation Services Special Fund.

Your Committee received testimony in opposition to on this measure from the Judiciary and Department of Hawaiian Home Lands. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that recent reports of the Auditor have clouded the classification of the Hawaiian Home Receipt Fund. Specifically, Auditor Report No. 20-16 found that the fund functions like a trust account and should therefore be classified as a trust account. Similarly, in Auditor Report No. 20-17, the Auditor noted that although the Supreme Court Bar Examination Fund is classified as a trust fund, it operates more as a special fund. In the same report, the Auditor noted that the Probation Services Special Fund is not self-sustaining, with expenditures annually exceeding revenues. This measure clears any doubt about the classification and repeal of these funds by adopting the recommendations of the Auditor.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 61, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 61, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 556 Judiciary & Hawaiian Affairs on H.B. No. 98

The purpose of this measure is to strengthen the penalties for violations of the State's aquatic resources law.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawaii and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Ocean Tourism Coalition.

Your Committee finds that Hawaii's aquatic resources are limited and need greater protection under the law than what is currently in place. The increased penalties proposed in this measure are long overdue and will help support the Department of Land and Natural Resources' efforts to protect and conserve aquatic resources in the short- and long-term.

Your Committee has amended this measure by:

- (1) Clarifying that any equipment, article, instrument, aircraft, vehicle, vessel, business record, or other asset used in fishing, possession, or sale of aquatic life in violation of the aquatic resources law can be seized and forfeited; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 98, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 98, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 557 Judiciary & Hawaiian Affairs on H.B. No. 185

The purpose of this measure is to appropriate funds for the Judiciary for the fiscal biennium beginning July 1, 2021, and ending June 30, 2023.

Your Committee received testimony in support of this measure from the Judiciary; Hawaii State Bar Association; Environment, Energy, and Resources Section of the Hawaii State Bar Association; Kauai Bar Association; Hawaii County Bar Association; Farrell & Perrault, LLC; Hawaii Veterans Legal Services; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from seven individuals.

Your Committee finds that the appropriations made by this measure will assist the Judiciary in its efforts to fulfill its constitutional, statutory, and public service duties for the 2021-2023 fiscal biennium.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 185 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 558 Judiciary & Hawaiian Affairs on H.B. No. 273

The purpose of this measure is to authorize the Director of Transportation to adopt emergency rules to allow for license renewals to be completed by mail or online.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that renewing a driver's license in person is difficult for those who do not have the availability to appear in person, and this has become more difficult due to the COVID-19 pandemic. Your Committee believes that having an option to renew a driver's license online or through mail will ensure the safety of the State's residents during the pandemic and provide a convenient alternative for those who cannot be present in person.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 273, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 559 Judiciary & Hawaiian Affairs on H.B. No. 320

The purpose of this measure is to provide that any person who engages in certain archaeological activities without obtaining the required permission or approval from the Department of Land and Natural Resources is subject to a civil and administrative violation.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Historic Hawai'i Foundation, Society for Hawaiian Archaeology, and two individuals.

Your Committee finds that there is a growing and pervasive disregard for laws intended to protect and preserve properties of historic and cultural significance in Hawaii. This measure will help deter such conduct.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 320, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 560 Judiciary & Hawaiian Affairs on H.B. No. 337

The purpose of this measure is to:

- (1) Require the language and meaning of any proposed constitutional amendment and ratification question to be simple, concise, and direct to the extent practicable;
- (2) Allow the presiding officers of the Legislature to request a written opinion of the Supreme Court regarding the legality of a proposed amendment to the Hawaii State Constitution and the corresponding constitutional ratification question;
- (3) Require the Supreme Court to provide a written opinion within forty-eight hours of receipt of the request;
- (4) Require, for any written opinion by the Supreme Court that invalidates a constitutional ratification question, a detailed and specific explanation of the reasons for this opinion; and
- (5) Prohibit any appeal of a written opinion.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association and Honolulu County Republican Party. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that constitutional ratification questions should be posed in simple, concise, and direct language. Your Committee further finds that it is an appropriate exercise of the powers of the Hawaii Supreme Court to issue written opinions on the legality of a proposed constitutional ratification question when asked to by the Senate President or the Speaker of the House of Representatives. This measure provides a mechanism to ensure the legality of constitutional ratification questions are addressed by the highest court in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 337, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 337, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 561 Judiciary & Hawaiian Affairs on H.B. No. 821

The purpose of this measure is to authorize the State Historic Preservation Division to:

- (1) Delegate the responsibility of historic preservation project reviews to the respective counties; and
- (2) Establish a program for third-party individuals and organizations to conduct document reviews on proposed projects.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hunt Development Group, LLC; and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Office of Hawaiian Affairs, Society for Hawaiian Archaeology, Historic Hawai'i Foundation, and Maui Chamber of Commerce.

Your Committee finds that the State Historic Preservation Division's review of proposed projects that may affect historic properties plays an essential role in the protection and management of the State's historic places, burial sites, and aviation artifacts. Your Committee further finds that there is a backlog of projects needing review by State Historic Preservation Division, which is causing costly delays to affordable housing and other important construction projects.

This measure will allow the State Historic Preservation Division to expand the capacity for review of projects to alleviate the current backlog.

Your Committee has amended this measure by:

- (1) Requiring that the State Historic Preservation Division consult with the Office of Hawaiian Affairs in the delegation of authority to the counties;
- (2) Specifying that the Office of Hawaiian Affairs shall be consulted on the scope of delegation of historic preservation authority to the counties through a written agreement;
- (3) Clarifying that the State Historic Preservation Division shall not delegate any responsibilities pertaining to prehistoric or historic burials;
- (4) Requiring consultation with the Office of Hawaiian Affairs regarding the certification of third-party reviewers; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 821, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 821, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 562 Judiciary & Hawaiian Affairs on H.B. No. 972

The purpose of this measure is to authorize contested case hearings to be conducted through the use of interactive conference technology.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, University of Hawai'i System, Department of Hawaiian Home Lands, and Maunakea Observatories. Your Committee received testimony in opposition to this measure from the Hawaiian Affairs Caucus of the Democratic Party of Hawaii. Your Committee received comments on this measure from the Land Use Commission.

Your Committee finds that interactive conference technology is already being utilized for public meetings under Hawaii's Sunshine Law. Your Committee believes that allowing contested case hearings to be conducted by interactive conference technology will improve efficiency without compromising effectiveness.

Your Committee has amended this measure by:

- (1) Deleting the requirement that the contested case hearing notice identify all locations where the agency, party, and counsel can be physically present; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 972, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 972, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 563 Judiciary & Hawaiian Affairs on H.B. No. 1276

The purpose of this measure is to:

- (1) Authorize the Board of Land and Natural Resources to adopt, amend, and repeal administrative fee schedules for the Division of State Parks within the Department of Land and Natural Resources by formal board action at a publicly noticed meeting; and
- (2) Raise the expenditure ceiling for the State Parks Special Fund.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that budget cuts and reduced funding due to the COVID-19 pandemic necessitate new self-funding tools for the Department of Land and Natural Resources' Division of State Parks to maintain, improve, and enhance the visitor experience in Hawaii's state parks. Your Committee further finds that Hawaii's administrative rulemaking process is not designed to quickly respond to rapidly changing resource conditions. This measure will allow the Board of Land and Natural Resources to better respond to rapidly changing conditions by providing the Board with an alternative process to quickly update fee structures after an opportunity for public review and comment.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1276, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 564 Judiciary & Hawaiian Affairs on H.B. No. 1020

The purpose of this measure is to authorize the Board of Land and Natural Resources to temporarily adopt, amend, and repeal certain natural resource rules by formal board action at a publicly noticed meeting if the Board finds that the adoption, amendment, or repeal is necessary to implement effective and adaptive management measures in response to rapidly changing resource conditions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Department of Land and Natural Resources needs the flexibility to quickly and efficiently implement adaptive management measures that are informed by the best available scientific information. Although the existing administrative rule-making process serves the important function of providing opportunity for public review and input, it is not designed for the rapid implementation of adaptive management measures in response to changing resource conditions. Your Committee further finds that this measure would provide the Department with an additional tool to swiftly implement certain temporary adaptive management measures while also providing the opportunity for public review and input.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1020, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 565 Judiciary & Hawaiian Affairs on H.B. No. 1066

The purpose of this measure is to add the University of Hawaii to the list of agencies that are authorized to conduct criminal history record checks on current or prospective employees or contractors whose positions or duties are related to public safety.

Your Committee received testimony in support of this measure from the Department of Human Resources Development and University of Hawai'i System.

Your Committee finds that the University of Hawaii (University) is responsible for ensuring the safety and security of facilities and persons on its campuses. The University utilizes university security officers, who are civil service employees recruited by the Department of Human Resources Development. The University has entered into a delegation agreement with the Department of Human Resources Development for the University to perform all tasks associated with recruiting, selecting, and hiring university security officers, except for the task of completing criminal history record checks. This measure will statutorily enable the Department of Human Resources Development to also delegate to the University the authority to conduct criminal history record checks, thereby allowing the University to perform all aspects of the university security officer recruitment process more efficiently.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1066, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 566 Judiciary & Hawaiian Affairs on H.B. No. 1124

The purpose of this measure is to amend the Hawaiian Homes Commission Act to:

- (1) Provide appraisal requirements for tracts or improvements thereon;
- (2) Prohibit the Department of Hawaiian Home Lands from canceling a lease solely based on a loan delinquency or default subject to certain conditions;
- (3) Define "due notice" as it relates to the cancellation of leases or violation of lease conditions;
- (4) Allow the Department of Hawaiian Home Lands to authorize second position loans on homestead leases by approved lenders and United States Treasury-certified community development financial institutions; and
- (5) Require the Department of Hawaiian Home Lands to develop and implement a loan servicing manual, subject to Hawaiian Homes Commission approval, to standardize loan loss mitigation policies, procedures, and methods.

Your Committee received testimony in support of this measure from the Hawaiian Homestead Associations. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that the Hawaiian Homes Commission Act provides for the rehabilitation of the native Hawaiian people through a government-sponsored homesteading program. Your Committee also finds that a key purpose of the Hawaiian Homes Commission Act is providing financial support and technical assistance to native Hawaiian beneficiaries of the Act to enhance economic self-sufficiency and promote community-based development. This measure provides a means of enabling greater access to capital and financial information for native Hawaiians.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1124, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 567 Judiciary & Hawaiian Affairs on H.B. No. 1220

The purpose of this measure is to:

- (1) Require members of the Charter School Commission to collectively possess strong experience and expertise in various fields;
- (2) Allow staff of a charter school authorizer to assist in the application and review process and completion of an incomplete charter application;
- (3) Authorize a nonprofit organization to establish an applicant governing board that operates separately from, but may have similar members with, its nonprofit organization;
- (4) Clarify charter application notice requirements; and
- (5) Clarify authorizer compliance requirements in cases of an appeal.

Your Committee received testimony in support of this measure from the Hawaii Academy of Arts and Science Public Charter School, Maui Hui Malama, and one individual. Your Committee received comments on this measure from the State Public Charter School Commission, Hawaii State Ethics Commission, and one individual.

Your Committee finds that this measure will improve and streamline the process for the authorization of public charter schools and enable charter school applicants to more easily correct any application errors by allowing authorizer staff to provide prospective charter applicants with technical assistance, clarifying the charter application notice requirements, and clarifying the authorizer compliance requirements in cases of an appeal.

Your Committee has amended this measure by:

- (1) Allowing the authorizer's staff to provide technical support to a prospective charter school applicant or an applicant governing board up until the completed charter application is submitted to the authorizer;
- (2) Retaining language that requires an applicant governing board to be separate from the nonprofit organization; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1220, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1220, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 568 Judiciary & Hawaiian Affairs on H.B. No. 1245

The purpose of this measure is to:

- (1) Establish an expeditious adjudication system for the processing of fireworks infractions; and
- (2) Appropriate funds for the Judiciary to update its information management system to implement the adjudications process proposed by this measure.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Maui Fire Department, and Poi Dogs & Popoki. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that enforcement of the Fireworks Control Law is wanting. Increased enforcement is needed to protect property from avoidable fire damage and to protect persons from fire- and explosion-related injuries, respiratory distress, and the retraumatizing effects of loud explosions.

Your Committee further finds that alternative enforcement mechanisms should be considered to promote enforcement with the Fireworks Control Law. An expeditious system for processing fireworks infractions that is similar to the system for processing traffic infractions will allow the Judiciary to expediently process violations of the Fireworks Control Law.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1245, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1245, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Ward). Noes, 1 (D. Kobayashi). Excused, 2 (Takumi, Tokioka).

SCRep. 569 Judiciary & Hawaiian Affairs on H.B. No. 1284

The purpose of this measure is to:

- (1) Require health insurance providers who provide health benefits plans funded by the Hawaii Employer-Union Health Benefits Trust Fund or the state Medicaid agency and providers providing Medicare Advantage health benefits to submit administrative data to the Health Analytics Program in the Department of Human Services; and
- (2) Authorize the Health Analytics Program to develop and update an annual plan for the analysis, maintenance, and publication of collected all-claims, all-payer administrative data.

Your Committee received testimony in support of this measure from the Department of Human Services, Environmental Caucus of the Democratic Party of Hawai'i, and three individuals.

Your Committee finds that the inclusion of administrative data from health benefits plans funded by the Hawaii Employer-Union Health Benefits Trust Fund or State Medicaid agency and providers providing Medicare Advantage health benefits to the Health Analytics Program in the Department of Human Services will assist in developing a more accurate picture of health benefits costs in Hawaii.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1284, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1284, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 570 Judiciary & Hawaiian Affairs on H.B. No. 1377

The purpose of this measure is to establish:

- (1) An Electronic Citation Program under the Judiciary for transmitting traffic, misdemeanor, or other citations and law enforcement data to the clerk of the court through electronic means; and
- (2) An Electronic Citation Surcharge.

Your Committee received testimony in support of this measure from the Judiciary, Department of Transportation, and Maui Police Department.

Your Committee finds that the use of an electronic citation system resolves handwriting legibility issues and eliminates the need to collect and scan paper citations. By establishing an electronic citation program in the State, this measure provides numerous benefits to law enforcement, the Judiciary, and the general public, including the streamlining of processes and increased access to information.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1377 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 571 Judiciary & Hawaiian Affairs on H.B. No. 204

The purpose of this measure is to appropriate funds for the 2021-2023 fiscal biennium for certain operating expenses of the Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaiian Affairs Caucus of the Democratic Party of Hawai'i, Hawai'i Appleseed Center for Law & Economic Justice, and eight individuals.

Your Committee finds that the Office of Hawaiian Affairs is a semi-autonomous state agency established by the Hawaii State Constitution whose mandate is to better the conditions of Native Hawaiians. Your Committee further finds that the appropriations made by this measure will help the Office of Hawaiian Affairs to fulfill this constitutional mandate.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 204 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 572 Judiciary & Hawaiian Affairs on H.B. No. 654

The purpose of this measure is to require that every judgment for child support, including a judgment for reimbursement or other debts, shall be enforceable until paid in full.

Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that child support judgments are considered paid and discharged when the child turns thirty-three years old or when the latest period provided in section 657-5, Hawaii Revised Statutes, expires, whichever is later. This measure will require that child support be paid in full to be considered discharged.

Your Committee has amended this measure by:

- (1) Clarifying that the provisions of this measure are notwithstanding section 657-5, Hawaii Revised Statutes, which considers every child support judgment paid and discharged at the expiration of ten years after the judgment or decree was rendered; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 654, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 654, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 573 Judiciary & Hawaiian Affairs on H.B. No. 1109

The purpose of this measure is to assist the administrative rulemaking process by requiring that before the adoption or repeal of a rule, electronic notice of the proposed rulemaking be provided to all persons who have made a timely written request to the adopting agency for advance notice of its rulemaking proceedings.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that providing additional notice electronically allows for interested persons to be afforded notice of proposed rulemaking in a more timely and expedient manner than traditional mail and has minimal cost implications.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1109 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 574 Judiciary & Hawaiian Affairs on H.B. No. 825

The purpose of this measure is to specify that the Governor's emergency powers include the ability to assume control, use, or operation of any state facility at no cost or requirement of compensation.

Your Committee received testimony in opposition to this measure from the Hawaii Emergency Management Agency. Your Committee received comments on this measure from the League of Women Voters.

Your Committee finds that the ability to quickly scale up operations, such as processing unemployment insurance applications, and to freely use available state resources is imperative to ensuring the continued health, safety, and welfare of the State's residents and visitors. This measure will enable the State to utilize all of its resources in order to effectively and efficiently respond to the pandemic without placing an additional burden on taxpayers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 825, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 825, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (D. Kobayashi, Ward). Excused, 2 (Takumi, Tokioka).

SCRep. 575 Judiciary & Hawaiian Affairs on H.B. No. 1018

The purpose of this measure is to authorize the Department of Land and Natural Resources to adopt rules for a lay net permit for the use or possession of lay nets, including reasonable fees and provisions to address noncompliance with lay net rules.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Coral Fish Hawaii/Hawaii Sustainable Reef Fisheries.

Your Committee finds that illegal and irresponsible use of lay nets continues despite the lay net rules implemented by the Department of Land and Natural Resources. Your Committee further finds that lay net violations are primarily fishery-related infractions that the Department of Land and Natural Resources could better regulate with a lay net permit system. This measure will help better protect Hawaii's fishery resources and protected species.

Your Committee has amended this measure by making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1018, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1018, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 576 Judiciary & Hawaiian Affairs on H.B. No. 1055

The purpose of this measure is to authorize the Director of Transportation to acquire real property for roads and streets, without review or approval by the Board of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the Highways Division of the Department of Transportation provides a critical network for highways and roads for Hawaii's communities, land uses, and economy. Requiring the Board of Land and Natural Resources' approval for acquisitions delays project delivery and causes obstructions to federal funding. This measure will expedite the project delivery process and effectively utilize federal aid funds by providing the Highways Division with full management and control of the properties necessary to improve public roads and streets in a more timely fashion.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1055, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1055, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 577 Judiciary & Hawaiian Affairs on H.B. No. 1288

The purpose of this measure is to exclude non-voting ex-officio board members appointed by the President of the Senate and Speaker of the House of Representatives to the Board of Directors of the Honolulu Authority for Rapid Transportation from being counted for the purposes of quorum.

Your Committee received testimony in support of this measure from the Department of Transportation, Office of the Mayor of the City and County of Honolulu, and one individual.

Your Committee finds that currently it is not clear whether non-voting ex-officio members should be counted toward a quorum for voting purposes for the Board of the Honolulu Authority for Rapid Transportation, ultimately impeding the Board's ability to act on important measures. Your Committee further finds that historically, gathering nine members for quorum has been difficult and counterproductive. This measure will clarify the quorum requirements, thereby allowing the Board of Directors of the Honolulu Authority for Rapid Transportation to achieve quorum and conduct business efficiently and on a regular basis.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1288 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 578 Judiciary & Hawaiian Affairs on H.B. No. 1023

The purpose of this measure is to help the State identify and develop sustainable sources of funding to effectively manage its fisheries by establishing a nonresident recreational marine fishing license and associated fees.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Coral Fish Hawaii/Hawaii Sustainable Reef Fisheries, and one individual. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from Pono Advocacy and For the Fishes.

Your Committee finds that although Hawaii's marine fisheries attract thousands of nonresident visitors each year, Hawaii residents are solely responsible for paying the taxes that support the state fisheries management programs. As a result, nonresidents recreational fishers directly benefit from enjoyment of the State's marine fishery resources without directly contributing to the management of these valuable resources. This measure will provide an additional source of funding to protect these resources.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1023, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 579 Judiciary & Hawaiian Affairs on H.B. No. 1096

The purpose of this measure is to amend the Uniform Parentage Act to:

- (1) Allow non-gestational partners of any gender identity to voluntarily establish parentage of a child during the period immediately before or following the child's birth;
- (2) Amend the definition of "facility" under the expedited process of parentage law to include homes; and
- (3) Require the State to recognize parentage determinations from other states and territories.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women, Planned Parenthood Votes Northwest and Hawaii, AF3IRM Hawaii, LGBT Caucus of the Democratic Party of Hawaii, Trans Hawaii Project, Healthy Mothers Healthy Babies, Hawaii Women's Coalition, and numerous individuals. Your Committee received comments on this measure from the Department of the Attorney General, Department of Health, and one individual.

Your Committee finds that existing parentage laws reflect outdated, cisheteronormative concepts of families, parenthood, and parental rights. Your Committee further finds that updating the Uniform Parentage Act to include non-gender-traditional couples and families will require several amendments to other laws, including family, benefit programs, and vital records laws. At this time, your Committee believes that the best course of action is to convene a task force to recommend updates to existing parentage laws.

Your Committee has amended this measure by:

- (1) Deleting its substantive contents;
- (2) Inserting language to require the Department of Health to convene a task force to recommend amendments to the Hawaii Revised Statutes to update existing parentage laws that reflect outdated, cisheteronormative concepts of families, parenthood, and parental rights; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1096, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1096, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 580 Judiciary & Hawaiian Affairs on H.B. No. 1122

The purpose of this measure is to amend the Hawaiian Homes Commission Act to give clarity and guidance to the Department of Hawaiian Home Lands in the management of homestead lands. Specifically, this measure:

- (1) Defines "beneficiary consultation" and determines when it is required;
- (2) Prohibits the Department of Hawaiian Home Lands from disposing of certain lands or extending a general lease to non-beneficiaries, unless there are no applicants seeking to enter into a lease for the use and occupancy of a tract of Hawaiian Home Lands;
- (3) Requires the Department of Hawaiian Home Lands to notify beneficiaries through beneficiary consultation before disposing of Hawaiian home lands or improvements thereon;
- (4) Mandates Homestead Beneficiary Agreements for any trust land disposition;
- (5) Prohibits the Department of Hawaiian Home Lands from establishing additional criteria to enter into a lease with an applicant without notifying beneficiaries through beneficiary consultation;
- (6) Authorizes the Department of Hawaiian Home Lands to grant a license or enter into a general lease for public purpose or mercantile establishments;
- (7) Allocates the interest or other earnings from the Hawaiian Home Loan Fund and Hawaiian Home General Loan Fund into their respective funds;
- (8) Allows for the interest or other earnings out of investments from the Hawaiian Home Loan Fund to be deposited into the Hawaiian Home Operating Fund if the Department of Hawaiian Home Lands notifies beneficiaries through beneficiary consultation;
- (9) Requires the Department of Hawaiian Home Lands to make loans from revolving funds to any lessee or native Hawaiian to whom, or any cooperative association to which, a lease or license has been issued;
- (10) Requires the Department of Hawaiian Home Lands to submit a quarterly report to the Legislature and beneficiaries; and
- (11) Authorizes the Department of Hawaiian Home Lands to negotiate with homestead association governed water agencies to maintain water systems before other service providers.

Your Committee received testimony in support of this measure from the Sovereign Council of Hawaiian Homestead Associations. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that this measure seeks to improve the administration of the Hawaiian Homes Commission Act for its intended purpose, namely, the issuance of residential, farm, ranch, and mercantile lands to native Hawaiians.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1122, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 581 Judiciary & Hawaiian Affairs on H.B. No. 1391

The purpose of this measure is to:

- (1) Allow the Department of Hawaiian Home Lands to retain independent legal counsel as needed;
- (2) Authorize the Department of Hawaiian Home Lands to use the services of the Attorney General as needed and when the interests of the State and the Department of Hawaiian Home Lands are aligned; and
- (3) Provide that funds owed to independent legal counsel shall be paid by the State.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and two individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General.

Your Committee finds that there are circumstances where the interests of the State and Department of Hawaiian Home Lands may be adversarial and that it is vital and necessary for the Hawaiian Homes Commission to carry out its fiduciary duties to be able to retain independent counsel. This measure would further provide the Department of Hawaiian Home Lands with the assurance that its counsel is providing legal advice in the sole interest of the Department.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1391 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 582 Judiciary & Hawaiian Affairs on H.B. No. 467

The purpose of this measure is to redevelop certain areas or regions of public lands by:

- (1) Establishing a framework to identify and redevelop areas of public lands that are classified as commercial, industrial, hotel, apartment, motel, or resort parcels in need of revitalization;
- (2) Creating a nine-member planning committee for each redevelopment district to provide policy direction and prepare a redevelopment plan;
- (3) Establishing a revolving fund for each redevelopment district for deposit of fifty percent of the revenues, income, and receipts from the public lands in the redevelopment district, legislative appropriations, gifts, grants, and other funds;
- (4) Creating the Waiakea Peninsula Redevelopment District on the island of Hawaii, Waiakea Peninsula Redevelopment District Planning Committee, and

Waiiaka Peninsula Redevelopment District Revolving Fund;

- (5) Authorize the Board of Land and Natural Resources to approve rental reductions or waivers for leases that require substantial demolition costs or infrastructure improvement costs in order for the lessee to utilize the premises;
- (6) Authorizing a local redevelopment agency to negotiate a development agreement with a developer for commercial, business, hotel, or resort uses on public lands within a redevelopment area;
- (7) Providing that the general excise tax laws do not apply to amounts received from the construction of work or improvements of a redevelopment project; and
- (8) Amending the definition of "use" under use tax laws to exclude the use of material, parts, or tools imported or purchased by a person licensed under general excise tax laws that are used for the construction of work or improvements of a redevelopment project.

Your Committee received testimony in support of this measure from the Kohala Coast Resort Association and Hawaii Association of REALTORS. Your Committee received testimony in opposition to this measure from the Kūpuna for the Mo'opuna and Ka Lāhui Hawai'i Kōmike Kalai'āina. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Department of Land and Natural Resources.

Your Committee finds that because of the policies guiding the management of public lands with commercial, industrial, resort, and hotel uses, there has been little incentive for lessees to make major improvements to their infrastructure, resulting in the deterioration of infrastructure and facilities. The lack of improvements in many of these areas has resulted in dilapidation, deterioration, or obsolescence of buildings and structures. Your Committee believes this measure will help rejuvenate public lands over time and warrants further consideration. Your Committee notes that the intent of this measure is for the redevelopment of public lands on Waiiaka Peninsula.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 467, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (LoPresti, Lowen). Noes, none. Excused, none.

SCRep. 583 Judiciary & Hawaiian Affairs on H.B. No. 540

The purpose of this measure is to make a health care provider who acts in good faith during an emergency immune from civil or criminal liability if they adhere to crisis standards of care.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition, Queen's Health Systems, and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice. Your Committee received comments on this measure from the Department of the Attorney General and one individual.

Your Committee finds that during a surge response to a catastrophic emergency event, such as what occurred during the COVID-19 pandemic, demand for healthcare services may substantially exceed supply, which forces health care providers to shift from normal standards of care to crisis standards of care. Your Committee further finds that health care providers should not be in a position of liability when they are forced to make patient care decisions under the duress of a global pandemic and surge conditions.

Your Committee has amended this measure by:

- (1) Adding exceptions that would subject a health care provider to civil or criminal liability in cases of willful misconduct, gross negligence, or recklessness;
- (2) Including under the circumstances for which a health care provider shall be immune from civil or criminal liability situations where the health care provider is engaged in emergent care functions directly related to the declared state of emergency or local state of emergency; and
- (3) Inserting a definition for "health care provider".

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 540, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 540, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (LoPresti, McKelvey, Ward). Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 584 Judiciary & Hawaiian Affairs on H.B. No. 1314

The purpose of this measure is to:

- (1) Authorize each county to levy a county surcharge on transient accommodations tax if the county satisfies certain real property tax requirements;
- (2) Repeal the allocation of transient accommodations tax revenue to the counties and make conforming amendments;
- (3) Establish a Residential Property Owner Tax Credit and a Residential Circuit Breaker Tax Credit; and
- (4) Beginning with taxable years after December 31, 2021, gradually implement new individual income tax and corporation income tax brackets and rates in intervals.

Your Committee received testimony in opposition to this measure from the City and County of Honolulu, Kohala Coast Resort Association, Maui Chamber of Commerce, Hawai'i Budget & Policy Center, and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of the Attorney General, Mayor of the County of Kaua'i, and Tax Foundation of Hawaii.

Your Committee finds that due to the rising cost of living in Hawaii, it is critical that the State find ways to lessen the financial burden for local residents. This measure proposes a new solution to shift the tax burden in favor of residents by reimagining certain basic tenets of the State's tax code. Specifically, this measure over the next twelve years aims to be relatively revenue neutral from the standpoint of the State's tax base that is generated between real property taxes, transient accommodations taxes, and individual and corporation income taxes. In roughly over a decade, the revenues from those tax bases will be restructured by:

- (1) Shifting domain over transient accommodations taxes from the State to the counties;
- (2) Increasing real property tax rates, but with sizeable adjustments in deductions for resident age exemptions and for residents living in a primary residence;
- (3) Eliminating individual and corporation income taxes to zero by 2030; and

- (4) Providing tax credits to certain residents and residential landlords.

Over time, this measure provides more financial security and stability for residents, particularly the State's most vulnerable working class households.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1314, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Tokioka, Ward). Excused, 2 (Lowen, Takumi).

SCRep. 585 Judiciary & Hawaiian Affairs on H.B. No. 32

The purpose of this measure is to prohibit the manufacture for sale, offer for sale, display for sale, sale, trade, or distribution of certain animal fur products in the State.

Your Committee received testimony in support of this measure from the Humane Society of the United States. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that existing laws provide relatively little oversight of the fur farming and fur trade industries. Your Committee further finds that prohibiting the manufacture for sale, offer for sale, display for sale, sale, trade, or distribution of certain animal fur products in Hawaii will foster a more humane environment in the State.

Your Committee has amended this measure by:

- (1) Specifying that the responsibility of administering this measure shall lie in the jurisdiction of the Department of the Attorney General rather than the Department of Commerce and Consumer Affairs; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 32, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 32, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 586 Judiciary & Hawaiian Affairs on H.B. No. 225

The purpose of this measure is to:

- (1) Require the Board of Education to develop a bullying prevention and response action plan;
- (2) Require the Board of Education, or the Department of Education as the Board's designee, to submit an annual report to the Legislature on the action plan and reported incidents of alleged bullying and harassment; and
- (3) Repeal Act 214, Session Laws of Hawaii 2011, which required the Board of Education to monitor the Department of Education for compliance with any administrative rules or statutes governing bullying, cyberbullying, and harassment.

Your Committee received testimony in support of this measure from the Honolulu County Republican Party, Hawaii Youth Services Network, The Trevor Project, Hawai'i State Commission on the Status of Women, and six individuals. Your Committee received comments on this measure from the Board of Education and Department of Education.

Your Committee finds that the Board of Education and Department of Education recognize that bullying is a severe issue. This measure will help the Board and Department in responding to and preventing bullying in public schools.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 225, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 225, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 587 Judiciary & Hawaiian Affairs on H.B. No. 288

The purpose of this measure is to increase the fines that may be issued for violation of the loud muffler laws.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that although existing law prohibits vehicles owners from installing mufflers that increase the noise of their vehicle, the penalties are minimal and do little to deter violators. Your Committee finds that the increases in fines proposed by this measure will serve as a stronger deterrent.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 288, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 288, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 588 Judiciary & Hawaiian Affairs on H.B. No. 310

The purpose of this measure is to:

- (1) Amend the definition of "imminently dangerous to self or others";
- (2) Authorize the involuntary treatment of certain patients subject to emergency hospitalization; and
- (3) Require the assessment of certain patients subject to emergency hospitalization to determine if a surrogate or guardian needs to be appointed to make appropriate health care decisions for the patient.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition, Institute for Human Services, Kealahou West Oahu, and six individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender, American Civil Liberties Union of Hawaii, and one individual. Your Committee received comments on this measure from the Department of the Attorney General, Department of Health, and Hawaii Disability Rights Center.

Your Committee finds that this measure will better assist individuals suffering from serious mental illness or severe substance abuse by authorizing timely and appropriate treatment.

Your Committee has amended this measure by:

- (1) Limiting the maximum amount of time persons subject to emergency hospitalization, diagnosed with a serious mental illness or severe substance use disorder, or found to be lacking decisional capacity may be involuntarily treated for up to thirty days;
- (2) Deleting the definition of "imminently dangerous to self or others" from section 334-161, Hawaii Revised Statutes, to conform with this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 310, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 310, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (D. Kobayashi). Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 589 Judiciary & Hawaiian Affairs on H.B. No. 345

The purpose of this measure is to require the court to appoint, at the time that an Assisted Community Treatment Program petition is filed, a guardian ad litem to represent the best interests of the individual who is subject to the petition throughout the pendency of the judicial proceedings.

Your Committee received testimony in support of this measure from the Department of Health; The Institute for Human Services, Inc.; Hawaii Substance Abuse Coalition; Hope Services Hawaii, Inc.; and one individual. Your Committee received comments on this measure from the Judiciary and Office of the Public Defender.

Your Committee finds that the Assisted Community Treatment Program provides a process for individuals with severe mental illness to receive necessary medical treatment and medication when it is in the individual's best interest. Your Committee further finds that the existing law does not require the appointment of a guardian ad litem to represent the best interests of an individual subject to Assisted Community Treatment Program proceedings.

Your Committee has amended this measure by:

- (1) Clarifying that a guardian ad litem appointed to represent a person subject to an Assisted Community Treatment Program petition shall receive the same compensation as any other guardian ad litem appointed by the courts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 345, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 345, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 590 Judiciary & Hawaiian Affairs on H.B. No. 565

The purpose of this measure is to:

- (1) Grant exclusive original jurisdiction in matters of divorce to the family court of the circuit in which an applicant is domiciled at the time the application is filed; and
- (2) Repeal the requirement that a person be domiciled or physically present in the State for a continuous period of at least six months before completing a divorce.

Your Committee received testimony in support of this measure from the American Association of University Women of Hawaii; Planned Parenthood Votes Northwest and Hawaii; Hawai'i State Coalition Against Domestic Violence; Hawaii Women's Coalition; Domestic Violence Action Center; Farrell & Perrault, LLC; and four individuals. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that this measure clarifies the jurisdiction of the Family Court and enables individuals to file for divorce in the State even if they are unable to be physically present in the State for a continuous period of time before filing.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 565, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 565, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 591 Judiciary & Hawaiian Affairs on H.B. No. 722

The purpose of this measure is to require:

- (1) The Department of the Attorney General to address the needs of victims of human trafficking through the development of a statewide human trafficking program;
- (2) The Department of the Attorney General to provide annual reports to the Legislature on the State's efforts to address human trafficking and the commercial sexual exploitation of children; and
- (3) The Children's Justice Program to coordinate the investigation and case management of child trafficking cases, including cases involving the sexual exploitation of children.

Your Committee received testimony in support of this measure from the Department of Health, Judiciary, Department of Transportation, Department of the Attorney General, Honolulu Police Department, Catholic Charities Hawaii, Hawai'i Psychological Association, and two individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that children, particularly foster, runaway, LGBTQ+, immigrant, and undocumented children and children suffering from mental illnesses and substance abuse issues, are vulnerable to sex trafficking and commercial sexual exploitation. To adequately serve children who have been sexually exploited, your Committee believes that a statewide human trafficking program is needed to develop and utilize comprehensive interagency case management strategies, protocols, and a multi-disciplinary response that is victim-centered and offender-focused.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of the Attorney General shall submit a report on the State's efforts to address the commercial sexual exploitation of children no later than twenty days prior to the convening of the Regular Session of 2022 and a report on the State's efforts to address human trafficking no later than twenty days prior to the convening of the Regular Session of 2023;
- (2) Permitting the Department of the Attorney General to submit additional reports to the Legislature at the determination of the Department; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 722, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 722, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 592 Judiciary & Hawaiian Affairs on H.B. No. 823

The purpose of this measure is to increase efficiency and update old statutory provisions by:

- (1) Repealing the Task Force on Beach and Water Safety and Risk Assessment Working Group; and
- (2) Requiring the design and placement of warning signs, devices, and systems on certain areas of the State to be approved by the Chairperson of the Board of Land and Natural Resources and the respective county mayors.

Your Committee received testimony in support of this measure from the Department of the Attorney General and Department of Land and Natural Resources. Your Committee received comments on this measure from the Hawaii Association for Justice.

Your Committee finds that over the years, the process for determining the design and placement of warning signs, devices, and systems of known hazards on certain public lands has become well-established and standardized, thereby eliminating the need for the Task Force on Beach and Water Safety and Risk Assessment Working Group.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 823, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 593 Judiciary & Hawaiian Affairs on H.B. No. 894

The purpose of this measure is to provide authority for the Hawaii Criminal Justice Data Center and state and county criminal justice agencies to set and collect fees for services provided.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

Your Committee finds that eliminating the finite list of services for which the Hawaii Criminal Justice Data Center is allowed to charge fees will enable the Hawaii Criminal Justice Data Center to include fees for all of its services within a fee schedule established by administrative rules. This measure will thereby help to sustain the operations of the Hawaii Criminal Justice Data Center.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 894 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 594 Judiciary & Hawaiian Affairs on H.B. No. 1366

The purpose of this measure is to:

- (1) Amend the offense of manufacturing, purchasing, or obtaining firearm parts to assemble a firearm having no serial number to also prohibit possession of those firearm parts; and
- (2) Amend Act 74, Session Laws of Hawaii 2020, to repeal language that specified the prospective application of that Act.

Your Committee received testimony in support of this measure from the Honolulu Police Department, Maui Police Department, State of Hawaii Organization of Police Officers, and two individuals. Your Committee received testimony in opposition to this measure from the National Rifle Association, Valley Isle Sport Shooters, Hawaii Firearms Coalition, Hawaii Rifle Association, Berean Beacon Ministry, and numerous individuals. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that persons who are in possession of "ghost guns," or firearms that are assembled without serial numbers or other identification markings, are claiming that their actions do not violate state law because the parts used to assemble the firearm were acquired before the State prohibited manufacturing, purchasing, or obtaining firearm parts to assemble a ghost gun. This measure will make possession of these parts a class C felony.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1366, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1366, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (D. Kobayashi). Noes, 1 (Ward). Excused, 2 (Takumi, Tokioka).

SCRep. 595 Legislative Management on H.B. No. 372

The purpose of this measure is to:

- (1) Require the Auditor to perform an annual operational audit of the academic and financial plans of the Department of Education to be submitted to the Legislature;
- (2) Require the Department of Education to contract with a third party consultant that specializes in school finance to perform a study of the adequacy of education funding in the State to be submitted to the Legislature; and
- (3) Appropriate funds for the audit and study.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce, Hui for Excellence in Education, and one individual. Your Committee received comments on this measure from the Office of the Auditor and Department of Education.

Your Committee finds an annual operational audit of the academic and financial plans of the Department of Education will increase transparency from the Department of Education and help to identify the financial and management needs of the Department schools. Your Committee further finds that a study of the adequacy of education funding in the State will better inform how funding is used to enhance the quality of education for students in the State.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 372, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 596 Water & Land on H.B. No. 553

The purpose of this measure is to prohibit knowingly capturing, entangling, or killing a shark in state marine waters, with certain exemptions, and provide penalties and fines.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Friends of Hanauma Bay, Center for Biological Diversity, The Humane Society of the United States, Humane Society International, Hawai'i Reef and Ocean Coalition, Animal Rights Hawai'i, For the Fishes, Conservation Council for Hawai'i, Kai Palaoa, Moana 'Ohana, ODA Hawaii, Kalanihale, KAHEA: The Hawaiian-Environmental Alliance, Sierra Club of Hawai'i, Haereticus Environmental Laboratory, Fair Wind, Environmental Caucus of the Democratic Party of Hawai'i, Save the Sea Turtles International, Legacy Reef Foundation, The Kohala Center, Surfrider Kona Kai Ea Chapter, and twelve individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.; Hawaii Marlin Tournament Series; and fifteen individuals. Your Committee received comments on this measure from the Department of the Attorney General, University of Hawai'i System, and Hawaii Institute of Marine Biology.

Your Committee finds that sharks are extremely important to ocean ecosystems as they keep the ecosystem balanced, regulate populations of other marine life, and ensure healthy fish stock and reefs. Your Committee further finds that sharks play a vital historical and cultural role in Hawaii, including Native Hawaiian customary and traditional rights protected by the Hawaii State Constitution.

Your Committee has amended this measure by:

- (1) Adding exemptions for:
 - (A) Research overseen by a state-approved institutional animal care and use committee;
 - (B) Any person who captures or kills sharks for subsistence fishing purposes; and
 - (C) Any person who incidentally takes sharks while targeting other species;
- (2) Requiring the Department of Land and Natural Resources to adopt rules pursuant to chapter 91, Hawaii Revised Statutes, to:
 - (A) Ensure that the incidental taking of sharks while targeting other species is not a violation;
 - (B) Prevent the wanton waste of sharks;
 - (C) Limit gear, such as gill nets, in areas identified as shark nursery habitats; and
 - (D) Allow the taking of sharks for subsistence purposes, subject to reasonable regulation by the State for the protection of shark species;
- (3) Clarifying that a person convicted of violating this measure may be sentenced to pay a fine not exceeding \$10,000 per offense;
- (4) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 553, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 553, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Kong). Excused, 1 (Ohno).

SCRep. 597 Water & Land on H.B. No. 663

The purpose of this measure is to amend the manner in which members are appointed to the Game Management Advisory Commission to require appointment of members by the Governor from a list of names submitted by the President of the Senate and the Speaker of the House of Representatives.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that providing the President of the Senate and Speaker of the House of Representatives with the opportunity to be involved with the selection of members of the Game Management Advisory Commission will provide the Legislature with a broader level of involvement in activities for the development of the Commission.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 663, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 663, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 598 Water & Land on H.B. No. 1261

The purpose of this measure is to require the Department of Land and Natural Resources to lease the property located at 29-169 Kulaiwi Road, also known as the old Hakalau School site, in South Hilo on Hawaii island to the Wailea Village Historic Preservation Community for a period of twenty years, with a lease rent of \$100 per year.

Your Committee received testimony in support of this measure from the Historic Hawai'i Foundation, Wailea Village Historic Preservation Community, Waiehu Land LLC, and four individuals. Your Committee received comments on this measure from the Department of the Attorney General and the Department of Land and Natural Resources.

Your Committee finds that the old Hakalau School site is the subject of a 2014 Executive Order, in which the Department of Education informed the Department of Land and Natural Resources of its intent to turn the property over to the Department of Land and Natural Resources. While the Department of Land and Natural Resources has been requested by Wailea Village Historic Preservation to lease the site, the site has lead paint contamination and mitigation issues that need to be remediated. Once those issues get resolved, the Department of Land and Natural Resources has indicated that they will request from the Board of Land and Natural Resources approval to issue a direct lease. Your Committee encourages all stakeholders to continue their conversations on how to remediate the property so that it can be preserved for the benefit of the community.

Your Committee has amended this measure by:

- (1) Changing the annual lease rent to an unspecified amount;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1261, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1261, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 599 Government Reform on H.B. No. 144

The purpose of this measure is to:

- (1) Increase the monetary threshold that requires disclosure of electioneering communications;
- (2) Require that disclosures of electioneering communications occur on the date the electioneering communications are publicly distributed; and
- (3) Classify election advertisements sent by mail at any postal rate and election advertisements that are expenditures of an organization as electioneering communications.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, and one individual.

Your Committee finds that amending the disclosure date of electioneering communications to occur on the date the electioneering communications are publicly distributed is timelier, as contracts for these advertisements may occur weeks or months before the advertisements are publicly distributed. Your Committee further finds that increasing the monetary threshold amount that would require disclosure of an electioneering communication will reduce the burden on smaller candidate committees with less activity.

Your Committee additionally finds that including expenditures by an expending organization under the classification of electioneering communication is unneeded. As defined, an expenditure by an expending organization means a contract or payment for said electioneering communication. However, there may be times when a said expenditure is made but the electioneering communication that was contracted or paid for is not broadcast. Despite the payment or contract, because there was no actual communication of record, filing a notification does not serve the cause of transparency.

Your Committee has amended this measure by:

- (1) Restoring existing statutory language that exempts expenditures by an expending organization from being classified as an electioneering communication;

- (2) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 144, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 144, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Mizuno, Woodson, Yamashita, Ward).

SCRep. 600 Government Reform on H.B. No. 239

The purpose of this measure is to:

- (1) Require the name and address of a candidate, candidate committee, noncandidate committee, or other person paying for a campaign advertisement to be displayed in a prominent location on the advertisement; and
- (2) Require, in the case of any multiple-page advertisement, the required disclosures be made on the first page of the advertisement or on the cover page of the publication if the advertisement is used as the lead article and displayed on the cover page of a state- or county-wide distributed publication.

Your Committee received testimony in support of this measure from Common Cause Hawaii, League of Women Voters, and seven individuals. Your Committee received testimony in opposition to this measure from the Campaign Spending Commission.

Your Committee finds that this measure will provide the public with more transparency and useful information regarding elections by requiring clearer notice on certain campaign advertisements to distinguish that the advertisement is a paid campaign advertisement.

Your Committee believes that in cases of single-page campaign advertisements, the need to require the name and address of a candidate, candidate committee, noncandidate committee, or other person paying for the advertisement to be displayed in a prominent location on the advertisement is irrelevant, as this requirement is already established under existing law. However, in cases of multiple-page campaign advertisements, such requirements will help to provide greater transparency.

Your Committee has accordingly amended this measure by:

- (1) Removing the provisions that would have required the name and address of a candidate, candidate committee, noncandidate committee, or other person paying for a campaign advertisement to be displayed in a prominent location on the advertisement;
- (2) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Judiciary & Hawaiian Affairs hear this measure, your Committee respectfully requests that it consider defining multiple-page advertisements to include multiple-page advertisements that are nonsequential, like those found in weekly tabloid papers.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 239, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 239, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Mizuno, Woodson, Ward).

SCRep. 601 Government Reform on H.B. No. 672

The purpose of this measure is to:

- (1) Include members of the Legislature under certain parts of the conflicts of interests law in the State Ethics Code; and
- (2) Clarify that the conflicts of interests law does not prohibit legislators from introducing legislation, serving on a committee, making statements, or taking action in the exercise of their legislative functions.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission, Common Cause Hawaii, and six individuals.

Your Committee finds that currently, the conflicts of interests law applies differently to legislators and other state employees. Your Committee believes that aligning the conflicts of interests law between legislators and other state employees through this measure will hold legislators to high ethical standards, while still protecting their ability to perform their constitutionally recognized legislative functions.

Your Committee has amended this measure by:

- (1) Removing language that would have prohibited a legislator from taking official action directly affecting a private undertaking in which the legislator was engaged as legal counsel, advisor, consultant, representative, or other agency capacity;
- (2) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that this measure, as introduced, included legislators under the provisions of the conflicts of interests law that prevent an official action to be taken that directly affects a private undertaking in which the employee is engaged as legal counsel, advisor, consultant, representative, or other agency capacity. However, your Committee finds that this inclusion may be too onerous and preclude a legislator from engaging in other activities, including legal activities and consultancy work. Your Committee has accordingly amended this measure to remove this language.

Your Committee additionally notes the testimony from the Hawaii State Ethics Commission, which observed that legislators are also bound by House and Senate conflict rules. Passage of this amended measure may still allow for an ethics action against a legislator even after the presiding officer of the legislative chamber for which that legislator belongs says no conflict exists.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 672, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 672, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Mizuno, Woodson, Ward).

SCRep. 602 Government Reform on H.B. No. 882

The purpose of this measure is to repeal the establishment of a Community Council on Purchase of Health and Human Services.

Your Committee received testimony in support of this measure from the State Procurement Office.

Your Committee finds that the Community Council on Purchase of Health and Human Services (Community Council) was established in 1997 as an advisory body to provide input and assistance to the State Procurement Administrator to develop the rules, infrastructure, and procedures for procuring health and human services. Your Committee further finds that more than twenty years later, the focus of health and human service procurements has changed as the rules are well-established and providers and purchasing agencies are acclimated to the process. Your Committee additionally finds that the last meeting of the Community Council was held on April 22, 2010, and a lack of quorum and lack of Governor-appointed members have prevented further meetings. Your Committee believes that state agencies and private providers are capable of communicating and working together in a dynamic paradigm and can refine and update procedures for planning, procuring, and contracting health and human services to meet today's needs without the support of the Community Council.

Your Committee notes that this measure, as introduced, only repeals the establishment of the Community Council on Purchase of Health and Human Services. Your Committee finds that this measure provides an opportunity to revamp the statutory provisions relating to the purchase of health and human services.

In working with stakeholders on this measure, your Committee has amended this measure by:

- (1) Requiring purchasing agencies to:
 - (A) Make a written determination that the amount of a contracting action for purchases of health and human services is fair and reasonable; and
 - (B) Obtain necessary data to perform a cost or price analysis to determine that the amount of the contracting action is a fair and reasonable price;
- (2) Amending the selection and composition of the Procurement Policy Board by reducing the number of members on the board from seven to six and making associated changes to the number of members who cannot otherwise be full-time government employees, who must be appointed by the Governor, and who serve on the nominating committee;
- (3) Amending the circumstances for when treatment services may be purchased and the procedure to purchase treatment services, including allowing for heads of purchasing agencies to publish notice describing the types of treatment services needed, form an initial review committee for each profession, and negotiate contracts;
- (4) Increasing the small purchase threshold from less than \$25,000 to less than \$100,000;
- (5) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 882, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 882, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 603 Corrections, Military, & Veterans on H.B. No. 835

The purpose of this measure is to appropriate funds to support the ongoing operations of the Hawaii National Guard Youth Challenge Program.

Your Committee received testimony in support of this measure from the Judiciary and fifteen individuals. Your Committee received comments on this measure from the Department of Defense.

Your Committee finds that the Hawaii National Guard Youth Challenge Program (Program) is a community-based program that provides and teaches life-changing structure, values, and skills for "at promise" youth throughout the State. The Program provides the necessary services to divert "at promise" youth from the juvenile justice system and also serves as a much-needed alternative to detention.

Should your Committee on Finance choose to hear this measure, your Committee notes that the recommended appropriation amount for the program is \$1,700,000.

Your Committee has amended this measure by changing the effective date to July 1, 3050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 835, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 835, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 604 Corrections, Military, & Veterans on H.B. No. 1033

The purpose of this measure is to make an emergency appropriation to provide funds for the Department of Public Safety to cover the costs of the personnel services shortfall at all correctional institutions statewide.

Your Committee received testimony in support of this measure from the Department of Public Safety.

Your Committee finds that the Department of Public Safety projected a shortfall in funding for fiscal year 2020-2021 for the Halawa, Kulani, and Waiawa Correctional Facilities, and the Hawaii, Maui, Oahu, Kauai, and Women's Community Correctional Centers. According to the Department, because it is severely short staffed, it has incurred substantial overtime charges and has consequently shut down programs. Your Committee also finds that the Department's staffing for its health care division has been critically reduced.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1033, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1033, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kong).

SCRep. 605 Corrections, Military, & Veterans on H.B. No. 782

The purpose of this measure is to allow a person to apply for licensure on an expedited basis in the State of Hawaii who:

- (1) Is married to an active duty member of the military;
- (2) Accompanies their spouse on a permanent change of station to Hawaii; and
- (3) Holds a current, unencumbered license in another jurisdiction in specific professions.

Your Committee received testimony in support of this measure from the United States Indo-Pacific Command of the Department of Defense, Chamber of Commerce Hawaii, and five individuals. Your Committee received comments on this measure from the United States Department of Defense, State Department of Defense, and Department of Commerce and Consumer Affairs.

Your Committee finds that this measure streamlines the process for licensure of specified professions. In this manner, the measure supports active duty members of the military and their families by increasing the portability of careers for military spouses. This measure makes it easier for members and their spouses to relocate to Hawaii together and for spouses not to remain underemployed, thus promoting the family's financial stability. Your Committee further finds that Hawaii hosts the highest ratio of military spouses to local population of all fifty states.

Your Committee has amended this measure by:

- (1) Making it applicable to the National Guard and military reserve;
- (2) Providing that the total time period the person holds a license shall not exceed five years in the aggregate or the period covered under the member's military orders of assignment in the State;
- (3) Changing the effective date to July 1, 3050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 782, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 782, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kong).

SCRep. 606 Corrections, Military, & Veterans on H.B. No. 290

The purpose of this measure is to repeal the military exemption for vehicle weight taxes.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual. Your Committee received testimony in opposition to this measure from the Department of Defense.

Your Committee finds that the exemption provides an important benefit for the National Guard, military reserves, and military personnel claiming Hawaii as their residence. However, all users of the state highway system should contribute to its upkeep, and in 2019 alone, the exemption resulted in a reduction in state highway fund revenues of approximately \$478,000. Your Committee further finds that retaining the military exemption for the vehicle weight tax for another ten years strikes an appropriate balance.

Accordingly, your Committee has amended this measure by:

- (1) Providing that the exemption shall be repealed on June 30, 2031; and
- (2) Changing the effective date to July 1, 3050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 290, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 290, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (McDermott). Excused, 1 (Kong).

SCRep. 607 Health, Human Services, & Homelessness on H.B. No. 282

The purpose of this measure is to expand the circumstances under which a minor may consent to no cost emergency shelter and related services to include cases where the provider is coordinating with child welfare services.

Your Committee received testimony in support of this measure from the LGBT Caucus of the Democratic Party of Hawaii; Pride At Work; Hawaii Youth Services Network; Partners In Care, Oahu's Continuum of Care; Residential Youth Services & Empowerment; and three individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness and Department of Human Services.

Your Committee finds that programs that provide services to youths are currently prohibited from sheltering youth under the age of eighteen. As a result, homeless youth are left without a safe space to sleep at night and many often partner with older adults and end up in unlawful, exploitive situations. This measure seeks to increase access to emergency shelter for homeless youth by expanding the circumstances under which a minor may consent to no cost emergency shelter.

Your Committee has amended this measure by inserting an effective date of July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 282, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 282, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 608 Health, Human Services, & Homelessness on H.B. No. 869

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Luana Kai A Life Plan Community with the planning, design, construction, equipping, and operating of facilities for health-related services.

Your Committee received testimony in support of this measure from Luana Kai. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the issuance of Special Purpose Revenue Bonds will assist Luana Kai in the development, design, and construction of a life plan community in Hawaii Kai for seniors sixty-two years of age or older. Your Committee further finds that the proposed community would provide senior housing options to Hawaii Kai, which is an area that is underserved and lacking in sufficient senior housing options.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 869, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 869, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 609 Health, Human Services, & Homelessness on H.B. No. 975

The purpose of this measure is to add immunity from civil and criminal liability for individuals who provide information or assistance in child abuse investigations.

Your Committee received testimony in support of this measure from the Department of Human Services.

Your Committee finds that state law is currently not in compliance with the federal Child Abuse and Prevention Treatment Act, as amended, which would provide federal funding for prevention, assessment, investigation, prosecution, and treatment activities for child abuse and neglect. The United States Department of Human Services, Administration for Children and Families granted Hawaii an extension to bring state law into compliance and has warned the State that failure to do so by June 30, 2021, may result in no federal grant funding for Fiscal Year 2022, or until such time as the State comes into compliance. Accordingly, this measure must be signed into law before June 30, 2021, to ensure compliance and availability of federal funds.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 975, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 975, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 610 Health, Human Services, & Homelessness on H.B. No. 983

The purpose of this measure is to increase the cap for the Spouse and Child Abuse Special Fund to allow up to \$5,000,000 of federal reimbursements received from the United States Department of Health and Human Services, Administration for Children and Families, to be retained in the year following the fiscal year in which Family First Prevention Services funds and Title IV-E funds were expended.

Your Committee received testimony in support of this measure from the Department of Human Services.

Your Committee finds that the Department of Human Services returns approximately \$5,000,000 of federal Title IV-E reimbursements to the general fund when those reimbursements are received in the fiscal year after the funds were expended. This is partly due to the State and federal fiscal years not being on the same twelve-month cycle. Allowing the Department of Human Services to retain the amount returned will assist the Department with a stable and predictable source of non-federal funds eligible for federal reimbursement to administer programs and services that prevent, reduce, and respond to the impacts or incidents of spouse abuse and child abuse and neglect.

Your Committee has amended this measure by:

- (1) Changing the cap to an unspecified amount;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 983, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 983, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 611 Health, Human Services, & Homelessness on H.B. No. 984

The purpose of this measure is to increase the annual expenditure ceiling of the Office of Health Care Assurance Special Fund to offset increasing operational expenses that include contracts to implement a new management information and background check system as well as diminish dependence on the general fund.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that this measure will enable the Department of Health to continue providing core services while decreasing the Department's reliance on general funds by shifting certain administrative costs to the Office of Health Care Assurance Special Fund.

Your Committee has amended this measure by:

- (1) Authorizing the enhancement of the Office of Health Care Assurance's capacity to conduct investigations as a permissible use of the Office of Health Care Assurance Special Fund;
- (2) Changing the proposed ceiling increase to an unspecified amount;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 984, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 984, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 612 Health, Human Services, & Homelessness on H.B. No. 991

The purpose of this measure is to:

- (1) Allow the Department of Health to disclose vital statistics records for public health and law enforcement purposes; and
- (2) Update the eligibility requirements for access to confidential vital records.

Your Committee received testimony in support of this measure from the Department of Health and Honolulu Police Department. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that vital records include data about births, deaths, marriage or civil unions, and contain information such as race, ethnicity, cause of death, relative health at birth, and other qualitative data that is found in few other places. This measure authorizes the limited disclosure of certain records for research or studies through a review process by the Department of Health's Institutional Review Committee that is consistent with protocols and standards in academic and scientific human subject research and assures that requests serve an ethical public good, privacy is maintained, and that records are transmitted, stored, and disposed of properly.

Your Committee has amended this measure by:

- (1) Clarifying that the new data sharing conditions must be as authorized under existing law or in a manner consistent with rules adopted by the Department of Health;
- (2) Clarifying that direct and tangible interests in public health statistics records includes those persons or agencies who need to determine the death of a co-owner of property, rather than of real property;
- (3) Clarifying the role of the Department of Health's Institutional Review Committee in assuring the public health and public interest of proposed research or studies in vital statistics disclosures;
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 991, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 991, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 613 Health, Human Services, & Homelessness on H.B. No. 1119

The purpose of this measure is to subject social welfare organizations granted tax exempt status under section 501(c)(4) of the Internal Revenue Code to the same requirements as other charitable organizations that solicit funds from the public.

Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that some social welfare organizations granted tax exempt status under section 501(c)(4) of the Internal Revenue Code may spend an unregulated amount of funds to influence elections and otherwise engage in political activities without disclosing the identities of their donors or being subject to regulation or oversight. This measure will encourage transparency in campaign spending by expressly including 501(c)(4) organizations in the definition of "charitable organization" and subjecting 501(c)(4) organizations to the same oversight as other organizations soliciting funds from the public.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1119, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1119, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 614 Health, Human Services, & Homelessness on H.B. No. 1281

The purpose of this measure is to:

- (1) Transfer the duties, functions, and powers relating to emergency medical services for the City and County of Honolulu from the Department of Health to the City and County of Honolulu;
- (2) Appropriate general funds to the City and County of Honolulu for emergency medical services for Fiscal Year 2021-2022; and
- (3) Appropriate half of the monies in the Emergency Medical Services Special Fund to the City and County of Honolulu for emergency medical services

for Fiscal Years 2021-2022 and 2022-2023.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received comments on this measure from the Office of the Mayor of the City and County of Honolulu and Hawaii Medical Service Association.

Your Committee finds that under the current emergency medical services system, most costs are negotiated by the counties and paid by the State, resulting in a statewide operating cost of over \$100,000,000. Your Committee further finds that moving to a shared cost system and transferring many of the duties and responsibilities of operating an emergency medical services system to the City and County of Honolulu, as proposed by this measure, would reduce the State's financial burden while also providing the county with greater flexibility to deploy its own emergency medical services resources that will complement existing county-based services such as police and fire departments.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Health is responsible for administering and maintaining a communication system only within the areas of the State not covered by a county emergency medical services system;
- (2) Clarifying that the Department of Health is responsible for establishing standards and training dispatchers within the areas of the State not covered by a county emergency medical services system;
- (3) Clarifying that counties operating a county emergency medical service system are responsible for the purchase, maintenance, and servicing of all ambulance vehicles, equipment, supplies, and communication systems;
- (4) Clarifying that the transfer of rights, powers, functions, and duties for the operation of and emergency medical services system the City and County of Honolulu shall occur over a four-year period, beginning with the transfer of all training and billing for emergency services on July 1, 2021;
- (5) Establishing a graduated timeline for reductions in state funding over the four-year transition period;
- (6) Appropriating an unspecified amount of general funds to the City and County of Honolulu for emergency medical services for Fiscal Year 2022-2023;
- (7) Clarifying that the appropriation out of the Emergency Services Special Fund for Fiscal Years 2021-2022 and 2022-2023 is for the purpose of transferring half the monies in the special fund to the general fund;
- (8) Prohibiting funds from the Emergency Services Special Fund to be used for the operation of an emergency medical service system in the City and County of Honolulu; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1281, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1281, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 615 Health, Human Services, & Homelessness on H.B. No. 1283

The purpose of this measure is to require that employers of first responders develop and provide dementia training to first responders.

Your Committee received testimony in support of this measure from the Honolulu Police Department, Alzheimer's Association, and four individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that persons suffering from dementia and Alzheimer's disease may appear uncooperative, disruptive, and combative when they have difficulty communicating and understanding what is happening, all behaviors that may complicate their interactions with first responders. This measure seeks to improve the safety of first responders and individuals suffering from dementia and Alzheimer's through the development of training for first responders that teaches how to recognize the signs of dementia and Alzheimer's and includes best practices for interaction with persons with dementia and Alzheimer's.

Your Committee has amended this measure by:

- (1) Permitting the Executive Office on Aging to set standards, frequency, and coordination for dementia training, rather than the Department of Health;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1283, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1283, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 616 Health, Human Services, & Homelessness/Higher Education & Technology on H.B. No. 1296

The purpose of this measure is to:

- (1) Repeal the Tobacco Enforcement Special Fund, Hawaii Tobacco Settlement Special Fund, and Hawaii Tobacco Prevention and Control Trust Fund and transfer unencumbered balances of these funds to the general fund; and
- (2) Appropriate general fund monies into the University Revenue-Undertakings Fund.

Your Committees received testimony in support of this measure from the Hawaii Smokers Alliance and nine individuals. Your Committees received testimony in opposition to this measure from the Department of the Attorney General; Department of Health; Department of Budget and Finance; University of Hawai'i System; John A. Burns School of Medicine; Lanai Community Health Center; Waikiki Health; After-School All-Stars Hawaii; Kapiolani Smokefree Families; University of Hawai'i Student Health Advisory Council; Keiki Injury Prevention Coalition; Hawaii COPD Coalition; Hawaii Primary Care Association; Coalition for a Tobacco-Free Hawaii; Kapiolani Medical Center for Women and Children; Campaign for Tobacco-Free Kids; Adventist Health Castle; Hawaii Community Foundation; Cancer Action Network; American Heart Association; American Lung Association; Bay Clinic, Inc.; Kokua Kalihi Valley Comprehensive Family Services; Blue Zones Project; I Ola Lahui; numerous individuals; and a petition with eleven individuals. Your Committees received comments on this measure from the Tax Foundation of Hawaii.

Your Committees find that because of the severe economic impact caused by the COVID-19 pandemic, the State must revisit and reconsider how programs are financed across the State. This measure will enable the State to address budget shortfalls by reallocating certain unencumbered money into the general fund, but will not preclude the State from using general funds on tobacco prevention programs.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1296 and recommend that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 5; Ayes with Reservations (Tam, Gates). Noes, 3 (Har, Kapela, Ward). Excused, none.

Higher Education & Technology: Ayes, 8; Ayes with Reservations (Gates, Okimoto). Noes, 3 (DeCoite, Ganaden, Kapela). Excused, 1 (Quinlan).

SCRep. 617 Judiciary & Hawaiian Affairs on H.B. No. 796

The purpose of this measure is to update the reporting requirements of the Department of Public Safety when inmate and employee deaths occur at correctional facilities and community correctional centers, including:

- (1) Requiring the race of the decedent to be included in the report;
- (2) Requiring the report to cite any authority relied upon by the Director of Public Safety in determining that information to be included in the report is protected by state or federal law; and
- (3) Making a copy of the report public and readily available to the family of the decedent and press upon the Director of Public Safety's receipt of the Medical Examiner's report.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Common Cause Hawaii, Community Alliance on Prisons, and five individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety. Your Committee received comments on this measure from the Department of the Attorney General and Civil Beat Law Center for the Public Interest.

Your Committee finds that the additional reporting requirements added by this measure will increase transparency, accountability, and accessibility of information regarding deaths at correctional facilities and community correctional centers. Your Committee further finds that the public, including the Legislature, has a compelling interest in the timely reporting of this information.

Your Committee has amended this measure by:

- (1) Inserting a preamble to provide that the public, including the Legislature, has a compelling interest in the timely reporting of the deaths of inmates and others at the State's correctional facilities and community correctional centers;
- (2) Requiring the Director of Public Safety to make a copy of the report public and readily available first to the family member or other person designated by the decedent and then to the press upon the Director of Public Safety's receipt of the Medical Examiner's report, subject to certain conditions; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 796, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 796, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 618 Judiciary & Hawaiian Affairs on H.B. No. 1311

The purpose of this measure is to address the shortage of affordable rental housing on Maui and maintain the viability of the Keawe Street affordable housing project by:

- (1) Removing the 2022 deadline for completion of the Leialii affordable housing project; and
- (2) Exempting the Leialii affordable housing project from the State's historic preservation law requirements.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that there is a severe shortage of affordable rental housing in the county of Maui, especially on the western portion of the island. Your Committee further finds that the Legislature appropriated \$37,000,000 to expedite and complete the Leialii affordable housing project by 2022. However, on September 21, 2020, the State Historic Preservation Division of the Department of Land and Natural Resources notified the Hawaii Housing Finance and Development Corporation that it would need a new archaeological inventory survey for the entire villages of the Leialii master planned community, which includes the Keawe street apartments affordable housing project. As a result of the mandated survey, the Leialii affordable housing project cannot meet its 2022 completion deadline and will lose its funding. This measure seeks to address these issues to provide much needed affordable housing on Maui.

Your Committee has amended this measure by:

- (1) Requiring the Leialii affordable housing project to comply with state requirements under historic preservation laws as funding is appropriated for each portion of the project to expedite the development of the project; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1311, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1311, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 619 Judiciary & Hawaiian Affairs on H.B. No. 446

The purpose of this measure is to:

- (1) Establish the felony offense of theft of a catalytic converter;
- (2) Prohibit persons licensed to purchase or sell used motor vehicle parts or accessories or licensed to wreck, salvage, or dismantle motor vehicles from accepting parts or accessories or a motor vehicle if the seller does not furnish certain information and require licensees to report the attempted sale to the police;
- (3) Increase the minimum and maximum allowable fine for violations of the law relating to used motor vehicle parts and accessories; and
- (4) Regulate the purchase of catalytic converters and catalytic converter metals by scrap dealers by:
 - (A) Requiring a written statement, photograph of the catalytic converter or catalytic converter metals, and verification of a seller's identification before a scrap dealer's purchase of a catalytic converter or catalytic converter metals; and
 - (B) Specifying recordkeeping requirements for the sale of a catalytic converter or catalytic converter metals.

Your Committee received testimony in support of this measure from the American Property Casualty Insurance Association of America, National Insurance Crime Bureau, Roberts Hawaii, Stolen Stuff Hawaii, Mo'opuna Motorcycle Club, and ten individuals. Your Committee received comments on this measure from the Department of the Attorney General, Hawaii Insurers Council, Industrial Battery Solutions LLC, and Schnitzer Steel Hawaii.

Your Committee finds that catalytic converters have extrinsic value outside of being just a motor vehicle part. The rise in prices associated with precious catalyst metals that are used in the construction of catalytic converters is causing catalytic converter theft to increase. The relative ease and speed in which a person can remove a catalytic converter, coupled with the financial reward for selling the scrap metal, is what drives thefts. Your Committee further finds that installing a replacement catalytic converter is expensive, and, because thieves hastily remove catalytic converters, other areas of the car may be damaged, which increases repair costs. Your Committee believes that this measure will help deter catalytic converter theft in Hawaii.

Your Committee has amended this measure by:

- (1) Exempting manufacturing, industrial, or other commercial vendors that generate or sell catalytic converters in the ordinary course of their business, such as a licensed scrap dealers, towing companies, and muffler repair shops, from providing a copy of a receipt when presenting catalytic converters or catalytic converter metals for purchase; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 446, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 446, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 620 Judiciary & Hawaiian Affairs on H.B. No. 1286

The purpose of this measure is to establish a statewide uniform law regarding mandatory self-quarantine rules and requirements. Specifically, this measure:

- (1) Exempts any person from post-arrival mandatory self-quarantine if the person receives a negative test result prior to arrival;
- (2) Specifies that any person who does not obtain a negative test result prior to arrival in the State will be responsible for all costs associated with that person's mandatory self-quarantine and isolation;
- (3) Authorizes the Incident Commander to establish conditions for exemptions; and
- (4) Requires certain COVID-19 tests for travelers who do not have a test result upon arrival.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii; Hawaii Medical Service Association; Makanalani Kids; Wyndham Destinations; Napili Kai Beach Resort; ABC Stores; Hawaii Food Industry Association; Sheraton Kauai Resort; Springboard Hospitality; Kona-Kohala Chamber of Commerce; Brennecke's Beach Broiler and Nukumoi Surf Co.; Club at Kukuiula; Airlines for America; Lealani Corp. dba Brennecke's; Hawai'i Lodging & Tourism Association; Kohala Coast Resort Association; Retail Merchants of Hawaii; Castle Hospitality Group; Roberts Hawaii; LBD Coffee, LLC; Hawai'i Farm Bureau; International Market Place; Enterprise Holdings; Ho'okipa Partners, LLC; Koloa Landing Resort at Poipu; Garden Island Rentals; T S Restaurants; Royal Hawaiian Center; Azul Hawaii Resorts; Wyndham Ka'Eo Kai & Shearwater; Aqua-Aston Hospitality; Management Information Consultants; Marriott Vacations Worldwide Corporation, Hawai'i; Kaua'i Chamber; Maui Seaside Hotel; Prince Waikiki Hotel & Hawaii Prince Golf Club; Waikoloa Beach Marriott Resort and Ocean Club; Prince Resorts Hawaii; Four Seasons Resort Maui; The Kahala Hotel & Resort; The Laylow; HIGHGATE Hotels in Hawaii; Ala Moana Hotel by Mantra; Food & Wine Festival; Waikiki Improvement Association; Pacific Mirror & Glass; Waikiki Resort Hotel; Fairmont Orchid; Aloha Festival; Outrigger Hospitality Group; Rental By Owner Awareness Association; Mahana Weddings Maui; Grand Hyatt Kauai Resort & Spa; and numerous individuals. Your Committee received testimony in opposition to this measure from the Mayor of the County of Hawai'i, two members of the Maui County Council, one member of the Kaua'i County Council, Kayak Kaua'i, Pono Hawai'i Initiative, Maui Chamber of Commerce, and numerous individuals. Your Committee received comments on this measure from the Department of Health, Hawaii Emergency Management Agency, Hawaii Tourism Authority, and five individuals.

Your Committee finds that due to the COVID-19 pandemic, Hawaii implemented the very first post-arrival mandatory self-quarantine of all individuals arriving in the State. As the number of COVID-19 cases decreased, the State began opening up and allowing people who could provide a negative COVID-19 test from a trusted partner to bypass the mandatory self-quarantine in hopes of stimulating the economy. However, your Committee notes that currently, each county is authorized to establish their own rules regarding self-quarantine for individuals entering the respective county. This has caused confusion and difficulties for residents and visitors as each county has different rules. Your Committee believes that having a uniform law regarding mandatory self-quarantine will allow the State to welcome more people, thereby stimulating the economy and improving the quality of life for residents and visitors of Hawaii.

Your Committee has amended this measure by:

- (1) Specifying that the Governor, instead of the Incident Commander, shall establish conditions when a person is automatically exempt from the mandatory self-quarantine;
- (2) Inserting language that prohibits this measure from being suspended, including by emergency suspension powers of the Governor, except by adoption of a concurrent resolution by each house of the Legislature; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in

accord with the intent and purpose of H.B. No. 1286, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1286, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (McKelvey, Ward). Noes, 2 (Nakamura, Tokioka). Excused, 2 (Lowen, Takumi).

SCRep. 621 Judiciary & Hawaiian Affairs on H.B. No. 643

The purpose of this measure is to:

- (1) Establish the offense of harassment against an essential worker during an emergency; and
- (2) Amend various definitions of the emergency management laws to address pandemics.

Your Committee received testimony in support of this measure from the Honolulu Police Department; Hawaii State AFL-CIO; Pride at Work; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; IATSE Local 665; United Food & Commercial Workers Union, Local 480; United Public Workers, AFSCME Local 646, AFL-CIO; LGBT Caucus of the Democratic Party of Hawaii; Hawai'i Nurses' Association; ILWU Local 142; and one individual. Your Committee received testimony in opposition to this measure from the Berean Beacon Ministry, For Our Rights, Honolulu County Republican Party, Kauai Republican Party, Aloha Festival, Hawaii Federation of Republican Women, and numerous individuals. Your Committee received comments on this measure from the Department of the Attorney General and the Hawaii Emergency Management Agency.

Your Committee finds that due to the COVID-19 pandemic, the State and counties have had to impose certain restrictions in order to combat the pandemic. Your Committee further finds that essential workers were responsible for enforcing some of these restrictions during the emergency period, which has led to unwarranted pushback and harassment against essential workers. This measure will provide the necessary protections for essential workers during an emergency to ensure that they can continue offering critical services to residents without impediment or disruption.

Your Committee has amended this measure by:

- (1) Changing references from a "person" and "recipient" to an "essential worker" for purposes of determining what is considered harassment against an essential worker;
- (2) Clarifying what constitutes an "emergency period"; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 643, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 643, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (D. Kobayashi, Ward). Excused, 2 (Takumi, Tokioka).

SCRep. 622 Judiciary & Hawaiian Affairs on H.B. No. 245

The purpose of this measure is to amend the definition of "historic property" under the historic preservation law to include the requirement that the property meet the criteria for being entered into the Hawaii Register of Historic Places.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from Minatoishi Architects, Ka Lāhui Hawai'i Kōmike Kalai'āina, and eight individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs Beneficiary Advocacy and Empowerment Committee and Historic Hawai'i Foundation.

Your Committee finds that the current definition of "historic property" has created a backlog of reviews for properties simply due to the age of the properties. This measure, by specifying that historic properties meet the criteria for entry into the Hawaii Register of Historic Places, will narrow the focus for the administration of the historic preservation law to properties of greater historic significance rather than solely based on age.

Your Committee has amended this measure by:

- (1) Clarifying that the requirement that the property meet the criteria for being entered into the Hawaii Register of Historic Places applies to buildings, inclusive of privately owned homes; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 245, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 245, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 623 Consumer Protection & Commerce on H.B. No. 1142

The purpose of this measure is to:

- (1) Establish a surcharge on the sale of high-end gasoline-powered vehicles to fund the installation of electric vehicle charging systems; and
- (2) Establish the Electric Vehicle Charging System Subaccount within the Public Utilities Commission Special Fund.

Your Committee received testimony in support of this measure from the Ulupono Initiative; Tesla, Inc.; Blue Planet Foundation; Hawaii Electric Vehicle Association; and two individuals. Your Committee received testimony in opposition to this measure from the Cutter Management Co.; JN Group; Hawaii Automobile Dealers Association; Alliance for Automotive Innovation; Servco Pacific Inc.; King Windward Nissan; Infiniti of Honolulu; King Auto Center; Aloha Auto Group, Ltd.; New City Nissan; Tony Group; and Hawaii Laborers' Union Local 368. Your Committee received comments on this measure from the Department of Taxation, Hawaii State Energy Office, Public Utilities Commission, Hawai'i Energy, Hawaiian Electric Company, and Tax Foundation of Hawaii.

Your Committee finds that the State is committed to expanding strategies and mechanisms to reduce greenhouse gas emissions through the reduction of energy use, adoption of renewable energy, and control of air pollution. Your Committee further finds that ground transportation accounts for fifty-one percent of total energy sector emissions and forty-seven percent of total transportation emissions. Your Committee recognizes that further mechanisms are necessary to promote renewable energy-powered motor vehicles and further discussion is needed to assess the appropriate price point regarding the surcharge

applicability.

Your Committee notes the concerns raised in testimony before your Committee regarding the potential lost tax revenue from the lack of general excise and use tax collection for the approximately one hundred thousand private party used car sales transactions in the State. Your Committee further notes the testimony from the Department of Taxation, requesting an effective date of January 1, 2022, or later, in order to give the Department sufficient time to amend its forms, instructions, and computer systems necessary to implement this measure.

Your Committee has amended this measure by:

- (1) Changing the published manufacturer's suggested retail price on the applicability of the surcharge for the sale of high-end gasoline-powered vehicles from \$50,000 or more to \$60,000 or more; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Should your Committee on Finance hear this amended measure, your Committee respectfully requests that it consider including an appropriation from and an expenditure ceiling increase for the Public Utilities Commission Special Fund to account for the administration of the Electric Vehicle Charging System Rebate Program.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1142, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1142, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Har, Morikawa, Onishi, Tarnas, Matsumoto). Noes, 1 (Kong). Excused, 1 (Hashem).

SCRep. 624 Consumer Protection & Commerce on H.B. No. 477

The purpose of this measure is to:

- (1) Allow medical cannabis dispensaries to transport up to three thousand grams of cannabis or manufactured cannabis products to purchasing dispensaries;
- (2) Include propagules and cuttings in the definition of "cannabis", thereby allowing dispensaries to transport and sell propagules and cuttings to other dispensaries and allowing qualifying patients and primary caregivers to purchase propagules and cuttings;
- (3) Change the allowable number of production centers and retail dispensing locations per medical cannabis dispensary license; and
- (4) Allow sales of cannabis and manufactured cannabis products between licensed medical cannabis dispensaries.

Your Committee received testimony in support of this measure from the Hawai'i Cannabis Industry Association, Green Aloha Ltd., Big Island Grown Dispensaries, Medcan Hawaii LLC, and two individuals. Your Committee received comments on this measure from the Department of the Attorney General, Department of Public Safety, and Department of Health.

Your Committee finds that this measure is intended to enhance the State's medical cannabis dispensary program by authorizing additional facilities to ensure greater patient access, adding additional product controls and safety, and providing improvements needed for better administration of the medical cannabis dispensary program.

Your Committee has amended this measure by:

- (1) Clarifying that as long as federal law prohibits transportation of medical cannabis over a body of water, dispensary-to-dispensary sales may only occur between dispensaries located on the same island;
- (2) Specifying that, beginning December 31, 2021, qualifying patients shall only obtain medical cannabis or manufactured cannabis products from licensed dispensaries or by cultivating cannabis at an authorized grow site used by no more than two, rather than five, qualifying patients;
- (3) Authorizing the Department of Health or law enforcement, upon the request of the Department, to make administrative inspections of registered grow sites for purposes of verifying compliance;
- (4) Prohibiting primary caregivers from cultivating cannabis for qualifying patients after December 31, 2021;
- (5) Removing language permitting the sale of cannabis cuttings and propagules and making associated conforming amendments;
- (6) Specifying that the Department of Health shall establish manufacturing and product stability standards, rather than sanitation standards, for the manufacture of manufactured cannabis products; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 477, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 477, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 625 Consumer Protection & Commerce on H.B. No. 592

The purpose of this measure is to require the Public Utilities Commission to:

- (1) Explore, through its docket process, solutions to the problems posed by siting of above-ground electrical infrastructure in high-risk areas; and
- (2) Submit a report to the Legislature prior to the Regular Session of 2022.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Public Utilities Commission.

Your Committee finds that the complexities of determining whether to place electric transmission and distribution lines above or below ground requires consideration of many factors, including cost, power restoration, transmission capacity, construction impacts, risk assessment, and rate impact on consumers. Your Committee further finds that exploring solutions to the problems posed by siting above-ground electrical infrastructure in high-risk areas will lend to better assessment and sound decisions for the State's energy infrastructure by taking into account the types of terrain and other variables.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 592, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Har).

SCRep. 626 Consumer Protection & Commerce on H.B. No. 227

The purpose of this measure is to:

- (1) Clarify the group of professionals who are prohibited from knowingly referring or transferring patients to an uncertified or unlicensed care facility;
- (2) Repeal the provision that a landlord, under specified conditions, shall not be deemed to be providing home care services or operating a care facility that requires a license; and
- (3) Require the Department of Health to prioritize complaint allegations based on severity for investigations of state-licensed or state-certified care facilities.

Your Committee received testimony in support of this measure from the Department of Health, Alliance of Professional Primary Care Administrators, Adult Foster Home Association of Hawaii, and numerous individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the licensure of care homes and care facilities assures the public that such homes and facilities are staffed with persons with the education and training to provide the expected level of care. The continued operation of unlicensed care homes and facilities in the State remains a concern. Accordingly, this measure supports enforcement activities by the Department of Health, which are critical in the State's regulatory efforts to ensure the health and well-being of Hawaii's elderly and vulnerable populations.

Your Committee has amended this measure by clarifying the group of professionals who are prohibited from knowingly referring or transferring patients to an uncertified or unlicensed care facility, to avoid inadvertently omitting professions that are in the business of referring vulnerable persons or families.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 227, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 227, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Har).

SCRep. 627 Consumer Protection & Commerce on H.B. No. 485

The purpose of this measure is to amend the amount of the rental motor vehicle surcharge tax from \$5 to an unspecified amount.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from the Avis Budget Group and Enterprise Holdings. Your Committee received comments on this measure from the Department of Taxation, Mayor of the County of Maui, and Tax Foundation of Hawaii.

Your Committee finds that traffic congestion is a serious problem that negatively affects the quality of life for residents and visitors of the State. Your Committee further finds that the increased presence of rental motor vehicles exacerbates traffic congestion in the State and contributes to the degradation of state roadways. Your Committee believes that as the number of rental motor vehicles continue to grow, there must be an equal financial increase to offset the damage done to the State's roads. This measure will provide safer infrastructure enhancements for all users of the State's roads by amending the amount of the rental motor vehicle surcharge.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 485, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Har).

SCRep. 628 Consumer Protection & Commerce on H.B. No. 718

The purpose of this measure is to require the Department of Human Services to compile data and identify employers that have numerous employees enrolled in public assistance programs.

Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Department of Human Services, and Civil Beat Law Center for the Public Interest.

Your Committee finds that there is contention over whether employers are relying on the provision of government assistance to provide lower wages. Your Committee finds that compiling data regarding employers having employees who receive public assistance will allow the Legislature and other policy makers to develop a deeper understanding of the causes and sources of underemployment and poverty wages, and the resulting economic impacts on society, business, and the state budget.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 718, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Har).

SCRep. 629 Consumer Protection & Commerce on H.B. No. 302

The purpose of this measure is to:

- (1) Authorize advanced practice registered nurses to certify whether a person is totally disabled for purposes of the income tax code;
- (2) Authorize advanced practice registered nurses with psychiatric specializations to make capacity determinations for the purposes of advance mental health care directives; and
- (3) Add advanced practice registered nurses with psychiatric specializations as primary providers in advance mental health care directives.

Your Committee received testimony in support of this measure from the Hawai'i State Center for Nursing, Hawai'i Nurses' Association, Hawai'i Association of Professional Nurses, Hawai'i – American Nurses Association, The Queen's Health Systems, and six individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Taxation, Board of Nursing, and one individual.

Your Committee finds that advanced practice registered nurses are currently permitted to practice to the full scope of their authorized practice, including practicing as primary care providers. However, certain sections of state law do not include advanced practice registered nurses within the scope of primary care providers for the purposes of disability determinations under the state income tax code or for advance mental health care directives. This measure is intended to amend state law to be in conformity with the current scope of practice for advanced practice registered nurses, which will improve access to care for Hawaii consumers.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 302, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kitagawa, Matsumoto). Noes, none. Excused, 1 (Har).

SCRep. 630 Consumer Protection & Commerce on H.B. No. 1144

The purpose of this measure is to:

- (1) Exempt from the general excise tax law amounts received from the interisland transportation and related loading and unloading of agricultural commodities, regardless of whether the agricultural commodities were produced in the State; and
- (2) Require the Public Utilities Commission to authorize preferential water carrier service rates by tariff for ratepayers that operate farms or ranches located in any county with a population equal to or less than five hundred thousand.

Your Committee received testimony in support of this measure from the Hawaii Farm Bureau and Maui County Farm Bureau. Your Committee received comments on this measure from the Department of Taxation, Department of Commerce and Consumer Affairs, Department of Agriculture, Public Utilities Commission, Tax Foundation of Hawaii, Young Brothers, and Ulupono Initiative.

Your Committee notes the importance of the continuation of essential services, such as interisland transportation, at affordable rates. Although preferential rates are one option to provide direct savings to a specific customer group, the costs are likely to be borne by all other customers through base rates or other recovery mechanisms.

Your Committee has amended this measure by:

- (1) Deleting the requirement that the Public Utilities Commission authorize preferential water carrier service rates by tariff for ratepayers that operate farms or ranches located in any county with a population equal to or less than five hundred thousand; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1144, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1144, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Har).

SCRep. 631 Consumer Protection & Commerce on H.B. No. 1192

The purpose of this measure is to:

- (1) Authorize small dollar loan transactions in the State with certain interest rate and fee requirements, and require entities that provide small dollar loans be licensed by the Division of Financial Institutions of the Department of Commerce and Consumer Affairs;
- (2) Appropriate funds for additional staff for the Division of Financial Institutions;
- (3) Implement various consumer protection measures with regard to check cashers that enter into deferred deposit transactions, including:
 - (A) Requiring check cashers to register with the Department of Commerce and Consumer Affairs;
 - (B) Requiring check cashers to offer a voluntary payment plan for deferred deposit transactions;
 - (C) Requiring check cashers to take reasonable measures to ensure that consumers are limited to one deferred deposit transaction at a time; and
 - (D) Requiring check cashers that enter into deferred deposit transactions to provide additional disclosures and post notices; and
- (4) Require the Division of Financial Institutions to conduct an analysis of the implementation of the regulations on payday lenders and its impact on consumer protection in the State.

Your Committee received testimony in opposition to this measure from Maui Loan Inc.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 1, which amends this measure by:

- (1) Renaming small dollar loans and small dollar lenders as installment loans and installment lenders;
- (2) Clarifying the disclosure requirements for installment loans;
- (3) Clarifying the duties of an installment lender to verify that a consumer does not have any outstanding installment loans before entering into an installment loan with the consumer;
- (4) Clarifying an installment lender's authority to pledge, negotiate, sell, or assign an installment loan;
- (5) Amending the fee amounts in the check cashers law; and
- (6) Clarifying the verification of a customer's gross monthly income for purposes of determining the amount a personal check may be written pursuant to a deferred deposit transaction.

Your Committee received testimony in support of the proposed H.D. 1 from Dollar Financial Group. Your Committee received comments on the proposed H.D. 1 from the Department of Commerce and Consumer Affairs and Office of Information Practices.

Your Committee finds that twenty-one percent of all households in Hawaii use an alternative financial service product, such as a check cashing or payday loan service, at least once during the year. Alternative financial service products provide essential financial assistance to unbanked and underbanked persons who do not have access to traditional financial service products. Your Committee further finds, however, that because of the State's existing deferred deposit laws, consumers who use payday lending can get trapped in unsustainable cycles of debt. Your Committee believes it is necessary to establish an alternative

financial product that does not impose the high costs associated with payday loans.

Your Committee additionally finds that the establishment of alternative installment loans will allow unbanked and underbanked persons to transition to more traditional financial products. Your Committee further finds that the establishment of alternative installment loans ensures that viable financial products are available to serve the unbanked and underbanked population with adequate consumer protections.

It is the intent of the proposed H.D. 1 to transition the market of payday loans in the State to installment loans over a two-year period.

Your Committee has amended this measure by adopting the proposed H.D. 1 and further amending the measure by:

- (1) Clarifying that the intent of this measure is to provide a two-year interim transition period that allows providers of deferred deposit transactions to transition to installment loan lenders;
- (2) Deleting the various provisions for check cashers relating to registration, recordkeeping, notice, and terms of the transactions;
- (3) Requiring the Division of Financial Institutions to submit a report to the Legislature on the implementation of this measure and an update on the progress of transitioning check cashers that enter into deferred deposit transactions to installment lenders as established by this measure, rather than requiring the Division to conduct an analysis of the implementation of the regulation of payday lenders and deferred deposit agreements;
- (4) Clarifying that the appropriation in this measure may also be used for resources to implement this measure, including the procurement of an electronic system to assist in the regulation of installment loan lenders;
- (5) Repealing statutes authorizing deferred deposits on July 1, 2023;
- (6) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1192, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1192, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

SCRep. 632 Consumer Protection & Commerce on H.B. No. 137

The purpose of this measure is to:

- (1) Remove the authority of the county liquor commissions to enforce the liquor tax law and require violations of the liquor tax law to be referred to the Director of Taxation for investigation;
- (2) Repeal the discretionary power of the county liquor commissions to deny a license to any person the county liquor commissions find is not fit and proper to hold a license;
- (3) Require applications for liquor licenses to be notarized;
- (4) Provide the administrators of the county liquor commissions discretion over whether to refer applications for investigation; and
- (5) Repeal the requirement that investigative reports to the county liquor commissions include whether an applicant is a fit and proper person for licensure and any and all matters that are relevant to the application or license in the judgment of the investigator.

Your Committee received testimony in support of this measure from the Liquor Commission of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the liquor laws are administered and enforced by the county liquor commissions. Your Committee further finds that the county liquor commissions jointly enforce the liquor tax laws. Your Committee notes that this measure is intended to streamline the licensing process and remove unnecessary or undefined statutory language.

Your Committee has amended this measure by:

- (1) Making conforming amendments to the liquor tax law to remove the authority of the county liquor commissions to investigate liquor tax law violations;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 137, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 137, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Har).

SCRep. 633 Consumer Protection & Commerce on H.B. No. 576

The purpose of this measure is to require that abortions be performed in a licensed hospital and to authorize licensed physician assistants and advanced practice registered nurses to perform aspiration abortions.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, LGBT Caucus and Women's Caucus of the Democratic Party of Hawai'i, AAUW of Hawai'i, Hawaii Section of the American College of Obstetricians and Gynecologists, Hawai'i Women's Coalition, Common Cause Hawaii, Hudson Law, American Civil Liberties Union of Hawai'i, Hawaii Maternal & Infant Health Collaborative, Planned Parenthood Votes Northwest and Hawaii, Save Medicaid Hawaii, Health Mothers Health Babies Coalition of Hawai'i, numerous individuals, and a petition with numerous individuals. Your Committee received testimony in opposition to this measure from the Honolulu County Republican Party, A Place for Women in Waipio, Hawaii Family Forum, Hawaii Life Alliance, and numerous individuals. Your Committee received comments on this measure from the Board of Nursing, Hawaii Medical Board, and Hawai'i State Center for Nursing.

Your Committee finds that aspiration abortions are one of the most common methods of abortion for early first trimester abortions. Your Committee further finds that under existing state law, only physicians are permitted to provide aspiration abortion care, while other qualified health care providers are denied from providing this reproductive health care service. Your Committee notes that numerous studies have found no difference in abortion safety when performed

by a qualified licensed health care provider other than a physician.

Your Committee further finds that the restrictions under existing law place an unnecessary burden on abortion care, which disproportionately and negatively impacts residents in rural and medically underserved areas of the State. This measure ensures that people in Hawaii can access abortion care with fewer financial and logistical barriers and stay in their respective communities to get care from trusted providers.

Your Committee has amended this measure by:

- (1) Removing physicians assistants as qualified health care providers authorized to perform aspiration abortions;
- (2) Moving provisions authorizing advanced practice registered nurses to perform aspiration abortions from Chapter 453, Hawaii Revised Statutes, relating to medicine and surgery, to a more appropriate placement in Chapter 457, Hawaii Revised Statutes, relating to nurses;
- (3) Clarifying that certain advanced practice registered nurses are authorized to perform medication abortions;
- (4) Clarifying that the abortion care authorized by this measure includes the intentional termination of a nonviable fetus in the first trimester of pregnancy;
- (5) Duplicating language regarding penalties for knowing violations of the law and right of refusal to perform as is found in the law governing abortions performed by physicians or surgeons; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 576, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.B. No. 576, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Kitagawa). Noes, 2 (Kong, Matsumoto). Excused, 1 (Har).

SCRep. 634 Consumer Protection & Commerce on H.B. No. 598

The purpose of this measure is to:

- (1) Establish the offense of unlawful shipment of tobacco products;
- (2) Increase the license fee for persons engaged as a wholesaler or dealer of cigarettes and tobacco products;
- (3) Increase the retail tobacco permit fee for retailers engaged in the retail sale of cigarettes and tobacco products;
- (4) Allocate a portion of funds collected from excise taxes on tobacco products to health education and prevention programs concerning the risks and dangers of the use of electronic smoking devices for youth; and
- (5) Repeal various statutory provisions relating to electronic smoking devices.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition, Hawaii State Teachers Association, Hawaii Dental Association, American Cancer Society Cancer Action Network, AlohaCare, Blue Zones Project, and ten individuals. Your Committee received testimony in opposition to this measure from Black Lava Vape, Americans for Tax Reform, American Vaping Association, VOLCANO Vape Shops, Retail Merchants of Hawaii, Hawaii Smokers Alliance, Hawaii Cigar Association, and numerous individuals. Your Committee received comments on this measure from the Department of Health; Department of Taxation; Department of the Attorney General; Tax Foundation of Hawaii; Hawaii Food Industry Association; Coalition for a Tobacco-Free Hawai'i; Hawaii Primary Care Association; American Heart Association; American Lung Association in Hawaii; Kauai Cigar Company; Cigar Rights of America, Hawai'i; and two individuals.

Your Committee finds that use of electronic smoking devices by youth and adults has become a public health concern. Since electronic smoking devices remain unregulated, electronic smoking device companies have aggressively marketed their products by glamorizing their use, using celebrities and young adults as endorsers, and making false health claims. Your Committee believes that the rapid growth of the electronic smoking device industry, including retail businesses selling electronic smoking devices, necessitates further regulations to protect consumers.

Your Committee further finds that a October 2020 poll conducted on behalf of the Coalition for a Tobacco-Free Hawaii found that ninety-five percent of registered Hawaii voters believe it is important to dedicate some of the funding from a electronic smoking device tax to tobacco prevention and cessation programs. This measure allocates a portion of funds collected from excise taxes on tobacco products to fund health education and prevention programs concerning the risks and dangers of electronic smoking devices for youth.

Your Committee has amended this measure by:

- (1) Clarifying that the requirement to specify whether a place of business sells electronic smoking devices applies to the initial application for and the renewal of a retail tobacco permit; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 598, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 598, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Kong). Excused, 1 (Har).

SCRep. 635 Consumer Protection & Commerce on H.B. No. 476

The purpose of this measure is to make various amendments to the State's cigarette tax and tobacco tax law to treat e-liquid and e-liquid cartridges like cigarettes and tobacco products, including:

- (1) Imposing a fifty percent tax on products with a modified risk tobacco product order issued by the Secretary of the United States Department of Health and Human Services;
- (2) Imposing an excise tax on the sale of each e-liquid cartridge or unit of open system e-liquid sold, used, or possessed by a wholesaler or dealer;
- (3) Requiring wholesalers and retailers of e-liquid and e-liquid cartridges to obtain licenses and permits to operate;
- (4) Amending definitions; and

(5) Making other conforming amendments.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Substance Abuse Coalition, Hawaii State Teachers Association, and AlohaCare. Your Committee received testimony in opposition to this measure from Black Lava Vape; Americans for Tax Reforms; Hawaii Cigar Association; Kauai Cigar Company; Premium Cigar Association; American Vaping Association; Smoke-Free Alternatives Trade Association; Volcano; Cigar Rights of America, Hawai'i; Retail Merchants of Hawaii; Hawaii Smokers Alliance; and numerous individuals. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, Hawaii Primary Care Association, American Heart Association, Coalition for a Tobacco-Free Hawai'i, Campaign for Tobacco-Free Kids, American Cancer Society Cancer Action Network, American Lung Association in Hawaii, and five individuals.

Your Committee finds that electronic smoking devices produce an aerosol by heating a liquid that usually contains nicotine, flavorings, and other chemicals that help make the aerosol. The aerosol is inhaled into the user's lungs and, when exhaled by the user, may be inhaled by bystanders. Your Committee further finds that the federal Centers for Disease Control and Prevention have stated that electronic smoking devices are not safe for youth, young adults, and pregnant adults. However, the use of electronic smoking devices has been increasing exponentially among youth in Hawaii. While the use of electronic smoking devices by youth have risen nationally, use in Hawaii by youths is even higher. Your Committee also finds that the rapid growth of the electronic smoking device industry necessitates further regulation to protect consumers. Your Committee believes that certain measures must be taken to deter the use of electronic smoking devices, especially by the youth.

Your Committee notes that in Hawaii, electronic smoking devices are not taxed like other tobacco products and can often be purchased at lower prices than cigarettes. The State's existing tax laws also do not cover solutions containing nicotine, such as e-liquids, that are designed or sold for use with electronic smoking devices. Your Committee further finds that increasing the price of tobacco products is the single most effective way to reduce consumption. Achieving tax parity for all tobacco products, as proposed by this measure, will therefore protect against price disparities and serve as an important tool to combat the youth vaping epidemic in Hawaii.

Your Committee has amended this measure by specifying that the taxation of modified risk tobacco products is equal to fifty percent of the wholesale price of every wholesaler for each modified risk tobacco product sold, used, or possessed by a wholesaler.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 476, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 476, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kong). Noes, none. Excused, 1 (Har).

SCRep. 636 Consumer Protection & Commerce on H.B. No. 826

The purpose of this measure is to:

- (1) Expand the purposes for which monies in the Tobacco Enforcement Special Fund may be used, to include all functions of the Department of the Attorney General;
- (2) Better regulate and ensure the removal of unsafe, noncertified electronic nicotine delivery systems from the marketplace by expanding the scope of the Electronic Smoking Device Retailer Registration Unit within the Department of the Attorney General to include enforcement of compliance of electronic smoking devices with the federal Food, Drug, and Cosmetic Act;
- (3) Establish a special fund for the deposit of monies collected for violations of electronic smoking device compliance; and
- (4) Curb the use of electronic smoking devices and tobacco products by amending the fine amounts for persons under twenty-one years of age who purchase or possess such devices or products.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association. Your Committee received testimony in opposition to this measure from the Department of Health, American Heart Association, Coalition for a Tobacco-Free Hawai'i, Black Lava Vape, American Cancer Society Cancer Action Network, Smoke-Free Alternatives Trade Association, AlohaCare, Blue Zones Project, Hawaii Smokers Alliance, American Vaping Association, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of the Attorney General, and two individuals.

Your Committee finds that the federal Centers for Disease Control and Prevention have stated that electronic smoking devices are not safe for youth, young adults, and pregnant adults. However, the use of electronic smoking devices has been increasing exponentially among youth in Hawaii. Your Committee further finds that the rapid growth of the electronic smoking device industry necessitates further regulation to protect consumers.

Your Committee acknowledges the concerns raised in testimony by the Department of the Attorney General, regarding the expanded use of tobacco funds as well as the creation of Department enforcement authority and whether that could be deemed contrary to the obligations established by the 1998 Tobacco Master Settlement Agreement. Your Committee notes that the intent of this measure is to not compromise the existing Tobacco Master Settlement Agreement mandated enforcement activities, but rather to provide additionally enforcement-related resources to the Department of the Attorney General to protect public health for all nicotine related products. Your Committee also notes that a substantial portion of the Master Settlement Agreement funds already go into the general fund, and as such, the enforcement activities proposed by this measure are unlikely to jeopardize Hawaii's receipt of tobacco fund monies.

Your Committee further finds that more robust enforcement for underage electronic smoking device usage in the State is necessary. However, your Committee notes that the proposed amendment in this measure to the existing fines for purchase or possession of electronic smoking devices by persons under twenty-one years of age is not meant to be exorbitant. Rather, it is meant to promote further discussion on the most appropriate means to deter the use of electronic smoking devices by youth, including whether the fine should be imposed on adults that help youth acquire these devices.

Your Committee has amended this measure by:

- (1) Clarifying that the intent of this measure is to not compromise the existing Tobacco Master Settlement Agreement mandated enforcement activities, but to provide additional enforcement-related resources to the Department of the Attorney General to protect public health for all nicotine related products;
- (2) Including a blank appropriation for the hiring of permanent staff and equipment within the Department of the Attorney General; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance choose to hear this measure, your Committee respectfully requests that it consider inserting an appropriation amount of \$768,100 for seven full-time equivalent (7.0 FTE) permanent positions and related equipment for the Department of the Attorney General to carry out the additional responsibilities and duties proposed by this measure.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 826, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 826, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kong). Noes, none. Excused, 1 (Har).

SCRep. 637 Consumer Protection & Commerce on H.B. No. 1014

The purpose of this measure is to:

- (1) Give priority to the Department of Land and Natural Resources to use land that was transferred for productive agricultural uses, subject to certain conditions;
- (2) Require a third-party advisory committee to be established before the disposition or transfer of any disputed lands; and
- (3) Authorize the Board of Land and Natural Resources to amend and extend existing pasture leases and to issue new pasture leases by negotiation in furtherance of public purposes the Department of Land and Natural Resources is responsible for promoting.

Your Committee received testimony in opposition to this measure from the Kapapala Ranch. Your Committee received comments on this measure from the Department of Land and Natural Resources; Department of Agriculture; Ulupono Initiative; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; and Climate Protectors Hawaii.

Your Committee finds that under chapter 166E, Hawaii Revised Statutes (chapter 166E), the Department of Land and Natural Resources is permitted to transfer certain state lands to the Department of Agriculture. This has led to the transfer of 18,491 acres. However, chapter 166E does not mandate the transfer; rather the Department of Land and Natural Resources and Department of Agriculture are to reach a mutual agreement on whether the lands are appropriate for transfer, which has stagnated the process of transferring lands.

Your Committee further finds that the Department of Land and Natural Resources has the staffing and expertise to provide for resource management to ensure that lands are not detrimentally managed by lessees. Your Committee further finds that authorizing the Department of Land and Natural Resources to extend and amend pasture leases will allow for greater resource protection and enhancement.

Your Committee has amended this measure by:

- (1) Deleting the provisions that:
 - (A) Gave priority to the Department of Land and Natural Resources to use land that was transferred for productive agricultural uses, subject to certain conditions; and
 - (B) Required a third-party advisory committee to be established before the disposition or transfer of any disputed lands;
- (2) Specifying that food production is one of the responsibilities to be promoted by the Department of Land and Natural Resources through pasture leases;
- (3) Specifying that the Board of Land and Natural Resources, rather than the Chairperson, has the authority to set the lease rent;
- (4) Requiring that an agricultural appraiser be procured to determine the lease rent for an amended lease;
- (5) Specifying that any person with a lease be compensated for the present value of all capital assets located on the property at the time of a lease withdrawal; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1014, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1014, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Har).

SCRep. 638 Consumer Protection & Commerce on H.B. No. 944

The purpose of this measure is to adopt certain provisions of the National Association of Insurance Commissioners' Producer Licensing Model Act, Public Adjuster Licensing Model Act, Reinsurance Intermediary Model Act, and Independent Adjuster Licensing Model Guidelines to provide consistency and promote efficiency in processing insurance licensing fees, applications, certificates, registrations, and renewals.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that this measure consolidates licenses, registrations, and fees issued by the Insurance Division of the Department of Commerce and Consumer Affairs under article 7 of the Insurance Code, relating to fees, taxes, and deposits, which will increase clarity and transparency. Your Committee further finds that this measure will facilitate the Insurance Division's transition to the electronic processing of insurance licensing fees, certificates, registrations, and renewals, which will make this process more efficient, accurate, and timely.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 944, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 944, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 639 Consumer Protection & Commerce on H.B. No. 947

The purpose of this measure is to:

- (1) Establish the Safe Home Program to provide matching and nonmatching grants for the installation of wind resistive devices to single-family, owner-

occupied, residential property owners, in certain circumstances;

- (2) Allocate a portion of the monies earned through interest from the Hurricane Reserve Trust Fund's assets to provide grants under the Safe Home Program; and
- (3) Create one temporary position within the Insurance Division of the Department of Commerce and Consumer Affairs to implement and administer the Safe Home Program.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Hawaii Green Infrastructure Authority; Hawaii State Energy Office; Hawaii Emergency Management Agency; Office of Climate Change, Sustainability, and Resiliency of the City and County of Honolulu; Hawaii Insurers Council; and one individual. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that Hawaii is susceptible to property loss resulting from hurricanes, tropical storms, and strong winds. The best long-term solution to reducing potential damage is to strengthen residential homes through the installation of wind resistive devices. However, your Committee further finds that the costs associated with inspection, repair, and reinforcement of residences that would make homes more hurricane resistant may discourage homeowners from making the investment. Your Committee also finds that it is in the interests of public health, safety, and welfare to establish a program to provide grants to certain property owners for the installation of wind resistive devices, approved by the Insurance Commissioner, that will lessen the severity of property loss from strong winds.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 947, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 947, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 640 Consumer Protection & Commerce on H.B. No. 424

The purpose of this measure is to require all agencies of the State, when renting a vehicle on behalf of a state employee conducting official government business, to adopt a preference for renting electric vehicles or hybrid vehicles.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, one member of the County Council of the County of Maui, Our Revolution Hawaii, 350Hawaii.org, Climate Protectors Hawaii, Environmental Caucus of the Democratic Party of Hawai'i, Hawaiian Electric Company, Hawaii Electric Vehicle Association, Pele Lani Farm LLC, Enterprise Holdings, and numerous individuals. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that electric and hybrid vehicles will play a pivotal role in Hawaii's clean energy future and in meeting the goals set for the State of reducing its greenhouse gas emissions. Your Committee further finds that adopting a policy preference for rental of electric or hybrid vehicles by state agencies, when renting a vehicle on behalf of an employee on official government business, leads by example and promotes the conversion from gas-powered vehicles to vehicles with lower carbon emissions.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 424, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Har, Kong, Morikawa). Noes, 1 (Onishi). Excused, none.

SCRep. 641 Consumer Protection & Commerce on H.B. No. 472

The purpose of this measure is to:

- (1) Exempt telehealth-related gifts from procurement requirements;
- (2) Authorize advanced practice registered nurses to use telehealth to assist a patient, including those advanced practice registered nurses who are not licensed in the State, under certain conditions; and
- (3) Statutorily provide for certain telehealth-related exemptions for licensed health professions consistent with the exemptions provided by gubernatorial emergency proclamations.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition, Hawaii Primary Care Association, and Hawai'i Psychological Association. Your Committee received comments on this measure from the Department of Public Safety, Department of Human Services, State Procurement Office, Board of Nursing, Board of Pharmacy, Board of Psychology, Hawaii Board of Veterinary Medicine, Hawaii Medical Board, Hawai'i Pacific Health, Kaiser Permanente Hawai'i, Queen's Health Systems, and Healthcare Association of Hawaii.

Your Committee finds that telehealth has taken on a more critical role in providing health care services during the coronavirus disease 2019 (COVID-19) pandemic, allowing patients to access health care providers without risking virus exposure through face-to-face interactions. Your Committee further finds, however, that not everyone has equal access to the broadband services that would allow them to take advantage of telehealth options.

Your Committee also finds that companies willing to gift resources to ensure broadband access are limited by the State's procurement laws. This measure will promote telehealth options statewide by exempting telehealth-related gifts from the State's procurement laws and codifying the practice of telehealth, including provisions relating to the use of telehealth by advanced practice registered nurses.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 472, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kitagawa, Har, Onishi, Matsumoto). Noes, none. Excused, none.

SCRep. 642 Consumer Protection & Commerce on H.B. No. 474

The purpose of this measure is to preserve access to health care for Medicaid recipients by extending the Hospital Sustainability Program.

Your Committee received testimony in support of this measure from the Department of Human Services, Healthcare Association of Hawaii, Hawaii Primary Care Association, Kaiser Permanente Hawai'i, Hawai'i Pacific Health, and Queen's Health Systems.

Your Committee finds that the Hospital Sustainability Program, which was established in 2012, has served a critical role in strengthening the health care system in Hawaii. Your Committee believes that continuing the program will ensure that the State's uninsured or underinsured patients continue to receive care in a timely, effective manner.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 474, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 643 Consumer Protection & Commerce on H.B. No. 389

The purpose of this measure is to require accredited and non-accredited post-secondary educational institutions that are for-profit entities authorized by the Hawaii Post-secondary Education Authorization Program to disclose in print and electronic media and signage that they are for-profit businesses.

Your Committee received testimony in support of this measure from the Hawaii Post-Secondary Education Authorization Program, Office of Consumer Protection of the Department of Commerce and Consumer Affairs, and one individual. Your Committee received testimony in opposition to this measure from the Institute of Clinical Acupuncture.

Your Committee finds that a May 2019 paper by the National Conference of State Legislatures indicates that whether enrolled in graduate or undergraduate program, students attending for-profit institutions tend to have worse outcomes and struggle more with student debt and default compared to their counterparts attending traditional nonprofit public and private postsecondary institutions. Your Committee also finds that the motives, priorities, and tactics of for-profit colleges and universities can often make for-profit institutions particularly susceptible to deceptive recruiting practices, poor quality control, and the conferment of meaningless degrees. The status of these institutions as for-profit entities should be displayed in their advertising and promotional material so students and potential students are informed and aware of the status of these schools when pursuing their higher education opportunities. Your Committee notes that while this measure requires for-profit institutions to publish their for-profit status on their printed materials, electronic media, and signage, it may be more appropriate to shift this information to the enrollment agreement instead.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 389, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Morikawa, Onishi, Tarnas).

SCRep. 644 Economic Development on H.B. No. 1170

The purpose of this bill is to effectuate its title.

H.B. No. 1170 was introduced as a short-form bill, which is sometimes referred to as a "vehicle" bill primarily used to introduce a bill containing only a general idea as to the purpose of the bill without specific details in the long form.

Your Committee has amended the bill to provide the substantive contents of the bill in long form so that a public hearing may be properly held on its substantive contents.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the action to report out H.B. No. 1170, as amended herein, and recommends that it be recommitted to your Committee on Economic Development, for the purpose of holding a public hearing thereon, in the form attached hereto as H.B. No. 1170, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 645 Finance on H.B. No. 1041

The purpose of this measure is to conform Hawaii income and estate and generation-skipping transfer tax laws to the Internal Revenue Code of 1986, as amended as of December 31, 2020.

Your Committee received testimony in support of this measure from the Department of Taxation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1041, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 646 Finance on H.B. No. 516

The purpose of this measure is to promote electronics stewardship and reduce electronic waste in the State by establishing the Electronic Device and Television Donation Act to require all persons receiving state funds and state financial assistance to donate unnecessary but functioning electronic devices to nonprofit organizations that will refurbish and distribute the devices to eligible persons in the State.

Your Committee received testimony in support of this measure from the Department of Education, Hawaiian Hope Org, and one individual. Your Committee received comments on this measure from the Department of Accounting and General Services and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 516, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 647 Finance on H.B. No. 817

The purpose of this measure is to:

- (1) Establish benchmarks that require each principal state department that purchases produce to ensure that a certain minimum percentage of the produce

purchased by that department is locally grown, starting with ten percent by January 1, 2025, and progressing to fifty percent by January 1, 2050; and

- (2) Require that each department report to the Legislature annually on their progress in meeting those benchmarks.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Malama Kaua'i, Kauai Food Hub, Blue Zones Project, Hawaii Cattlemen's Council, Hawaii Coffee Association, Hawai'i SEED, Hawai'i Alliance for Progressive Action, Hawai'i Public Health Institute, Hawaii Applesseed Center for Law and Economic Justice, Land Use Research Foundation, and numerous individuals. Your Committee received comments on this measure from the Department of Education, Department of Agriculture, and Uluono Initiative.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 817, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 648 Finance on H.B. No. 224

The purpose of this measure is to:

- (1) Change the administration of the State Health Planning and Development Special Fund and divert excess monies in the State Health Planning and Development Special Fund at the end of each fiscal year to the general fund;
- (2) Amend certain provisions for the certificate of need process; and
- (3) Appropriate funds for permanent positions within the State Health Planning and Development Agency.

Your Committee received testimony in support of this measure from the Kauai County Subarea Health Planning Council, Institute for Justice, Satellite Healthcare, AMR, and Elder Care 808. Your Committee received testimony in opposition to this measure from Liberty Dialysis-Hawaii/Fresenius Medical Care North America. Your Committee received comments on this measure from the Department of Health, State Health Planning and Development Agency, Hawaii Substance Abuse Coalition, Hawai'i Primary Care Association, and Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 224, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 649 Finance on H.B. No. 302

The purpose of this measure is to:

- (1) Authorize advanced practice registered nurses to certify whether a person is totally disabled for purposes of the income tax code;
- (2) Authorize advanced practice registered nurses with psychiatric specializations to make capacity determinations for the purposes of advance mental health care directives; and
- (3) Add advanced practice registered nurses with psychiatric specializations as primary providers in advance mental health care directives.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition and Hawai'i Psychological Association. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Taxation, Board of Nursing, Hawai'i State Center for Nursing, Hawaii-American Nurses Association, Hawai'i Association of Professional Nurses, The Queen's Health System, and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 302, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 650 Finance on H.B. No. 306

The purpose of this measure is to:

- (1) Amend the definitions of "preceptor" and "volunteer-based supervised clinical training rotation" to improve accessibility for providers to receive income tax credits for acting as preceptors; and
- (2) Revise the membership of the Preceptor Credit Assurance Committee to include the Director of Health.

Your Committee received testimony in support of this measure from the Department of Taxation, University of Hawai'i System, Hawai'i Primary Care Association, The Queen's Health Systems, Hawaii State Rural Health Association, Hilo Medical Center Foundation, and four individuals. Your Committee received comments on this measure from the Hawai'i State Center for Nursing, Tax Foundation of Hawaii, Hawai'i Association of Professional Nurses, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 306, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 651 Finance on H.B. No. 311

The purpose of this measure is to:

- (1) Extend the Nursing Facility Sustainability Program to June 30, 2024;
- (2) Specify that the Nursing Facility Sustainability Fee shall not exceed 5.5 percent of the overall net patient service revenue;
- (3) Remove the per resident daily maximum fee of \$20 for each facility and permit certain facilities to pay a reduced daily fee, as compared to other participating facilities;

- (4) Allow nursing facilities sixty days to pay the Nursing Facility Sustainability Fee; and
- (5) Appropriate funds out of the Nursing Facility Sustainability Program Special Fund.

Your Committee received testimony in support of this measure from the Hawai'i Primary Care association, Healthcare Association of Hawaii, and The Queen's Health Systems. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 311, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 652 Finance on H.B. No. 1282

The purpose of this measure is to:

- (1) Commence the transfer of the Oahu Regional Health Care System in its entirety from the Hawaii Health Systems Corporation to the Department of Health, beginning with the transfer of the Oahu Regional Health Care System's budget into the Department of Health;
- (2) Enable the Oahu Regional Health Care System, Department of Health, Hawaii Health Systems Corporation, and other state agencies to implement the processes and transactions required to effectuate the completion of the transition;
- (3) Require the Department of Health to consult with the University of Hawaii regarding services provided at Leahi Hospital and Maluhia, and allow University of Hawaii students to rotate through those facilities for training purposes;
- (4) Authorize the Department of Health to pay rent to the University of Hawaii for the use of the Leahi Hospital property at a rate and on terms to be negotiated between the Department of Health and the University of Hawaii;
- (5) Clarify the rights, powers, and exemptions held by the Oahu Regional Health Care System during the transition period and the rights, powers, and exemptions held by the Inpatient Services Division of the Department of Health following completion of the transfer;
- (6) Appropriate monies from the Mental Health and Substance Abuse Special Fund to expand and operate programs at Leahi Hospital and Maluhia that are mutually advantageous to the Department of Health, the Oahu region, and the State; and
- (7) Authorize the issuance of general obligation bonds and appropriate the proceeds of the bonds for improvements at Leahi Hospital and Maluhia.

Your Committee received testimony in support of this measure from the Department of Health, University of Hawai'i System, Oahu Region of the Hawaii Health Systems Corporation, and The Queen's Health Systems. Your Committee received comments on this measure from the Department of the Attorney General and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1282, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 653 Finance on H.B. No. 223

The purpose of this measure is to establish continuing education requirements for massage therapists, beginning with the July 1, 2022, biennium renewal period.

Your Committee received testimony in support of this measure from the American Massage Therapy Association – Hawaii Chapter. Your Committee received comments on this measure from the Board of Massage Therapy and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 223, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 654 Finance on H.B. No. 941

The purpose of this measure is to allow the Public Utilities Commission to use electronic filing processes and similar practices as an alternative to hard copy, rather than requiring both.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, and Hawaiian Electric Company, Inc.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 941, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 655 Finance on H.B. No. 943

The purpose of this measure is to establish a different regulatory framework for nondepository trust companies by:

- (1) Clarifying the powers and duties of nondepository trust companies;
- (2) Changing the yearly assessments on nondepository trust companies by basing the calculation on total assets under management; and
- (3) Establishing a paid-in capital and surplus requirement in order to charter nondepository trust companies in the State.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 943, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 656 Finance on H.B. No. 1004

The purpose of this measure is to:

- (1) Allow the Department of Labor and Industrial Relations to prohibit the operation of pressure retaining items, amusement rides, and elevators and kindred equipment if fees and fines are not timely paid; and
- (2) Require the Director of Labor and Industrial Relations to establish the boiler and elevator fee schedule by rule, rather than setting the fees in statute.

Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1004, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 657 Finance on H.B. No. 1192

The purpose of this measure is to transition the market of payday loans in the State to installment loans over a two-year period. Specifically, this measure:

- (1) Establishes a framework for providing new viable installment loan transactions;
- (2) Implements certain consumer protection measures for customers who enter into deferred deposit transactions with check cashers, including:
 - (A) Requiring a check casher to offer a voluntary payment plan for deferred deposit transactions; and
 - (B) Requiring check cashers to take reasonable measures to ensure that customers are limited to one deferred deposit transaction at a time;
- (3) On July 1, 2023, repeals the statutory authorization for deferred deposit transactions in the State;
- (4) Requires the Division of Financial Institutions of the Department of Commerce and Consumer Affairs to report on the implementation of this measure and an update on the progress of transitioning check cashers that enter into deferred deposit transactions to installment lenders; and
- (5) Authorizes the Division of Financial Institutions to establish and hire two full-time equivalent (2.0 FTE) permanent examiners to carry out the purposes of the installment loan program, funded via an increase to the ceiling of the Compliance Resolution Fund.

Your Committee received testimony in support of this measure from the Dollar Financial Group. Your Committee received testimony in opposition to this measure by Maui Loan Inc. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1192, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 658 Finance on H.B. No. 47

The purpose of this measure is to relieve homeowner-developers from the burden of filing annual reports and paying the fee for developments consisting of no more than two units, in which one unit is the residence of the developer and the initial sale of the other unit has been completed.

Your Committee received testimony in support of this measure by Associa, Community Associations Institute – Hawaii Legislative Action Committee, and two individuals. Your Committee received testimony in opposition to this measure from the Real Estate Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 47, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Perruso). Noes, none. Excused, none.

SCRep. 659 Finance on H.B. No. 767

The purpose of this measure is to support the Hawaii Farm to School Program by moving the program from the Department of Agriculture to the Department of Education and establishing a programmatic goal that at least thirty percent of food served in public schools be locally sourced by 2030.

Your Committee received testimony in support of this measure from Malama Kaua'i; Kauai Food Hub; Local Food Coalition; Hana Community Association; Hawai'i Primary Care Association; Hawaii Cattlemen's Council; Hawai'i Farm Bureau; Environmental Caucus of the Democratic Party of Hawai'i; Hawaii Meats, LLC; Food+ Policy Internship; Hawai'i SEED; Hawai'i Alliance for Progressive Action; Hawai'i Appleseed Center for Law and Economic Justice; and numerous individuals. Your Committee received comments on this measure from the Department of Education, Department of Agriculture, Land Use Research Foundation, Ulupono Initiative, Blue Zones Project, Hawai'i Public Health Institute, and Farm to Keiki.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 767, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (B. Kobayashi). Noes, none. Excused, none.

SCRep. 660 Finance on H.B. No. 871

The purpose of this measure is to support and promote agriculture in the State on lands under the jurisdiction of the Department of Agriculture by establishing a new agricultural enterprise program. Specifically, this measure clarifies that ancillary and other related activities supporting agriculture are encouraged on all Department of Agriculture lands, which will give the Department greater flexibility on agricultural leases.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Local Food Coalition; East Oahu County Farm Bureau; Land Use Research Foundation of Hawaii; Larry Jeffs Farms, LLC; Ulupono Initiative; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Ponoholo Ranch Limited; Ahualoa Family Farms; Hawaii Crop Improvement Association; Kauai Nursery & Landscaping Inc.; Hawaii Agriculture Research Center; Hawaii Aquaculture & Aquaponics Association; Ulupalakua Ranch; Kalera, Inc.; and eight individuals. Your Committee received comments on this

measure from the Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 871, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 661 Finance on H.B. No. 627

The purpose of this measure is to authorize the issuance of special license plates to commemorate the Polynesian Voyaging Society.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Customer Services of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 627, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 662 Finance on H.B. No. 760

The purpose of this measure is to further the efforts of the State Foundation on Culture and the Arts by allowing the Works of Art Special Fund to be used for the support and promotion of performing arts in the State.

Your Committee received comments on this measure from the Department of Budget and Finance, State Foundation on Culture and the Arts, PA'I Foundation, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 760, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (Perruso). Excused, none.

SCRep. 663 Finance on H.B. No. 777

The purpose of this measure is to authorize the funding of the State of Hawaii Museum of Natural and Cultural History and the State of Hawaii Museum of Monarchy as a permissible use of the Works of Art Special Fund for fiscal year 2021-2022.

Your Committee received testimony in support of this measure from the Volcano Art Center. Your Committee received testimony in opposition to this measure from the Hawai'i Arts Alliance, Kahilu Theatre, East Hawaii Cultural Center, Donkey Mill Art Center, and fourteen individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Budget and Finance, State Foundation on Culture and the Arts, The Friends of Iolani Palace, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 777, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (Perruso). Excused, none.

SCRep. 664 Finance on H.B. No. 325

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (1) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; Hawaii Health Systems Corporation; University of Hawai'i System; and United Public Workers, AFSCME Local 646, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 325, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 665 Finance on H.B. No. 712

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary adjustments and Hawaii employer-union health benefits trust fund costs, for the members of collective bargaining unit (2) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; Hawaii Health Systems Corporation; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 712, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 666 Finance on H.B. No. 713

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary adjustments and Hawaii employer-union health benefits trust fund costs, for the members of collective bargaining unit (3) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; Hawaii Health Systems Corporation; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 713, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 677 Finance on H.B. No. 465

The purpose of this measure is to:

- (1) Clarify that the representative of labor on the Hawaii Labor Relations Board be a person selected by a majority of the exclusive representatives of the collective bargaining units; and
- (2) Establish procedures for the removal of the representative of labor from the Hawaii Labor Relations Board.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii State Teachers Association; Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; and one individual. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining. Your Committee received comments on this measure from the Hawai'i Labor Relations Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 465, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 678 Finance on H.B. No. 468

The purpose of this measure is to remove Medicare Part B reimbursement as a benefit for spouses of employee-beneficiaries hired on or after July 1, 2021.

Your Committee received testimony in support of this measure from the Department of Budget and Finance. Your Committee received testimony in opposition to this measure from the Hawaii State Teachers Association. Your Committee received comments on this measure from the Hawaii Employer-Union Health Benefits Trust Fund.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 468, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Tam). Noes, 1 (Perruso). Excused, 1 (Eli).

SCRep. 679 Finance on H.B. No. 670

The purpose of this measure is to authorize the forfeiture of certain Employees' Retirement System benefits, pursuant to court order, for state or county employees and designated beneficiaries who are convicted of an employment-related felony.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission, Common Cause Hawaii, and nine individuals. Your Committee received comments on this measure from the Board of Trustees of the Employees' Retirement System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 670, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Eli).

SCRep. 680 Finance on H.B. No. 514

The purpose of this measure is to:

- (1) Establish an income tax credit for employers who create on-site group child care centers; and
- (2) Establish and appropriate funds for an on-site group child care center coordinator position to assist with licensure and accreditation requirements, work with providers, and ensure appropriate facility design of on-site group child care centers established by employers in the State.

Your Committee received testimony in support of this measure from the Hawaii Children's Action Network Speaks!, Early Childhood Action Strategy, and one individual. Your Committee received comments on this measure from the Department of Human Services, Department of Taxation, Executive Office on Early Learning, Early Learning Board, Tax Foundation of Hawaii, and Maui Chamber of Commerce.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 514, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 681 Finance on H.B. No. 515

The purpose of this measure is to require the Auditor to conduct an audit of the School Food Services Branch of the Department of Education to determine how much local produce is being purchased and served to students in the Department's school cafeterias.

Your Committee received testimony in support of this measure from the Hawaii Farm Bureau and three individuals. Your Committee received comments on this measure from the Department of Education and Ulupono Initiative.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 515, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 682 Finance on H.B. No. 525

The purpose of this measure is to authorize the Department of Education to construct teacher housing for teachers on public school campuses; provided that any housing units constructed or acquired after June 30, 2021, be rented at an affordable cost to new teachers or teachers teaching in a rural or hard-to-staff location, with priority given to teachers employed full-time at the school where the housing unit is located.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii State Teachers Association, Hawai'i Association of REALTORS, and one individual. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 525, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 683 Finance on H.B. No. 1220

The purpose of this measure is to:

- (1) Require members of the Charter School Commission to collectively possess strong experience and expertise in various fields;
- (2) Allow the authorizer's staff to provide technical support up until the completed charter application is submitted;
- (3) Clarify charter application notice requirements; and
- (4) Clarify authorizer compliance requirements in cases of an appeal.

Your Committee received testimony in support of this measure from three individuals. Your Committee received comments on this measure from the Board of Education, State Public Charter School Commission, and Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1220, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Perruso). Noes, none. Excused, none.

SCRep. 684 Finance on H.B. No. 1360

The purpose of this measure is to:

- (1) Establish an Early Childhood Educator Stipend Program to be administered by the Executive Office on Early Learning to address the shortage of qualified early childhood educators in Hawaii;
- (2) Require stipend fund repayments for the Early Childhood Educator Stipend Program to be deposited into the Early Learning Special Fund; and
- (3) Authorize the Executive Office on Early Learning to use a collection agency to secure a commission owed from a debtor.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning, State Public Charter School Commission, Early Learning Board, Hawaii Children's Action Network Speaks!, Special Education Advisory Council, Kaulanakilohana, Early Childhood Action Strategy, and Parents And Children Together. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1360, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 685 Finance on H.B. No. 513

The purpose of this measure is to repeal the State Capitol Management Committee.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 513 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 686 Finance on H.B. No. 526

The purpose of this measure is to amend the Hawaii Public Procurement Code to:

- (1) Require a bidder's past performance on state contracts of similar scope to be considered for contract awards and responsibility determinations;
- (2) Require a responsible bidder or offeror to be determined based upon the responsibility determination standards adopted by the Procurement Policy Board;
- (3) Prohibit the evaluation of criteria not set forth in the request for proposals under the competitive sealed proposal process; and
- (4) Appropriate funds for the development and implementation of guidance and related implementation training for several tools relating to a past performance guide and past performance database, to be expended by the State Procurement Office.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from the Department of Design and Construction of the City and County of Honolulu, Department of Budget and Fiscal Services of the City and County of Honolulu, General Contractors Association of Hawaii, and Building Industry Association of Hawaii. Your Committee received comments on this measure from the Department of Accounting and General Services and State Procurement Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 526, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Eli).

SCRep. 687 Finance on H.B. No. 1064

The purpose of this measure is to allow the University of Hawaii to continue its contribution to research commercialization and economic development by repealing the sunset provision in Act 38, Session Laws of Hawaii 2017.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1064, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 688 Finance on H.B. No. 1065

The purpose of this measure is to make the Innovation and Commercialization Initiative Program permanent by repealing the sunset provision in Act 39, Session Laws of Hawaii 2017.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1065, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 689 Finance on H.B. No. 77

The purpose of this measure is to exempt the sale of the leased fee interest in certain affordable leasehold developments by the Hawaii Housing Finance and Development Corporation from legislative approval.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 77, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (Eli).

SCRep. 690 Finance on H.B. No. 79

The purpose of this measure is to support affordable housing in Hawaii by:

- (1) Establishing an Affordable Homeownership Revolving Fund within the Hawaii Housing Finance and Development Corporation to provide loans to nonprofit community development financial institutions and nonprofit housing development organizations for the development of affordable homeownership housing projects;
- (2) Authorizing the transfer of taxable general obligation bond proceeds and accrued interest from the Rental Housing Revolving Fund to the Affordable Homeownership Revolving Fund; and
- (3) Appropriating funds out of the Affordable Homeownership Revolving Fund.

Your Committee received testimony in support of this measure from Hope Services Hawaii; Habitat for Humanity Hawaii Island, Inc.; Maui Chamber of Commerce; and seven individuals. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 79, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Eli).

SCRep. 691 Finance on H.B. No. 606

The purpose of this measure is to authorize the issuance of general obligation bonds and appropriate funds for fiscal year 2021-2022 to be deposited into the Dwelling Unit Revolving Fund and Rental Housing Revolving Fund.

Your Committee received testimony in support of this measure from AARP, AlohaCare, EAH, Partners in Care, Catholic Charities Hawai'i, Hawai'i Association of REALTORS, Hawaiian Humane Society, Hawai'i Health & Harm Reduction Center, and three individuals. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 606, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Eli).

SCRep. 692 Finance on H.B. No. 907

The purpose of this measure is to repeal the Hawaii Housing Finance and Development Corporation's Downpayment Loan Assistance Program and Homebuyers' Club Program.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 907, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Eli).

SCRep. 693 Finance on H.B. No. 1311

The purpose of this measure is to address the shortage of affordable rental housing on Maui and maintain the viability of the Keawe Street affordable housing project by:

- (1) Removing the 2022 deadline for completion of the Leialii affordable housing project; and
- (2) Allowing the Hawaii Housing Finance and Development Corporation to address historic preservation laws when funding is appropriated for each portion of the Leialii affordable housing project.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Office of the Mayor of the County of Maui. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1311, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (Eli).

SCRep. 694 Finance on H.B. No. 313

The purpose of this measure is to:

- (1) Repeal the requirement that no less than fifty percent of the assessment fees deposited into the John A. Burns School of Medicine Special Fund be used for purposes identified by the Hawaii Medical Education Council;
- (2) Repeal the monetary cap of expenditures from the John A. Burns School of Medicine Special Fund; and
- (3) Authorize the John A. Burns School of Medicine Special Fund to award scholarships for qualifying medical students and provide loan repayment to physicians who commit to working in medically underserved areas of the State as part of the Health Rural Health Care Provider Loan Repayment Program.

Your Committee received testimony in support of this measure from Hawai'i Pacific Health, Hawai'i Primary Care Association, The Queen's Health Systems, AlohaCare, and Friends of the Medical School. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, University of Hawai'i System, and Hawaii Medical Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 313, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 695 Finance on H.B. No. 471

The purpose of this measure is to make permanent the regulation of behavior analysts under chapter 465D, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Department of Health, Hawaii State Teachers Association, Together For Our Keiki, Hawaii Disability Rights Center, and numerous individuals. Your Committee received comments on this measure from the Department of Education, Hawai'i Association for Behavior Analysis, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 471, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 696 Finance on H.B. No. 477

The purpose of this measure is to make clarifying amendments to the medical cannabis dispensary law. Specifically, this measure:

- (1) Clarifies that as long as federal law prohibits the transportation of medical cannabis over a body of water, dispensary-to-dispensary sales may only occur between dispensaries located on the same island;
- (2) Moves up the implementation date for restrictions on how qualifying patients may obtain medical cannabis and manufactured cannabis products and restrictions on primary caregiver cultivation to December 31, 2021;
- (3) Authorizes the Department of Health or law enforcement, upon the request of the Department, to conduct administrative inspections of registered grow sites to ensure compliance with cannabis plant limits;
- (4) Amends the allowable number of production centers and retail dispensing locations per dispensary license;
- (5) Authorizes the Department of Health to allow a licensed dispensary to purchase up to three thousand grams of medical cannabis or manufactured cannabis products from another licensed dispensary located on the same island to ensure ongoing qualifying patient access;
- (6) Clarifies that the transport of cannabis to another county or island for the sole purposes of laboratory testing is permissible only if no certified laboratory is located in the county or on the island where the dispensary is located; and
- (7) Requires the Department of Health to establish manufacturing and product stability standards, rather than sanitation standards.

Your Committee received testimony in support of this measure from Aloha Green Holdings Inc.; and two individuals. Your Committee received testimony in opposition to this measure from the Drug Policy Forum of Hawaii, Hawaii Patients Union, and seven individuals. Your Committee received comments on this measure from the Department of Health, Department of Public Safety, Akamai Cannabis Clinic, Hawaii Cannabis Industry Association, Green Aloha Ltd, Big Island Grown Dispensaries, and four individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 477, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (B. Kobayashi). Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 697 Finance on H.B. No. 706

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Wahiawa General Hospital with its long-term debt restructuring.

Your Committee received testimony in support of this measure from the Wahiawā-Whitmore Village Neighborhood Board No. 26, Wahiawa General Hospital, and ILWU Local 142. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 706, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 698 Finance on H.B. No. 722

The purpose of this measure is to require:

- (1) The Department of the Attorney General to address the needs of victims of human trafficking through the development of a statewide human trafficking program;
- (2) The Department of the Attorney General to submit reports to the Legislature on the State's efforts to address human trafficking and the commercial sexual exploitation of children; and
- (3) The Children's Justice Program to coordinate the investigation and case management of child trafficking cases, including cases involving the sexual exploitation of children.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Human Services, Department of Transportation, Department of Health, Honolulu Police Department, The Sex Abuse Treatment Center, Parents and Children Together, and three individuals. Your Committee received comments on this measure from the Judiciary and Imua Alliance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 722, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 699 Finance on H.B. No. 826

The purpose of this measure is to:

- (1) Expand the purposes for which monies in the Tobacco Enforcement Special Fund may be used, to include all functions of the Department of the Attorney General;
- (2) Expand the scope of the Electronic Smoking Device Retailer Registration Unit to include enforcement of compliance of electronic smoking devices with the federal Food, Drug, and Cosmetic Act;
- (3) Establish the Electronic Smoking Device Retailer Registration and Enforcement Unit Special Fund;
- (4) Amend the fine amounts for persons under twenty-one years of age who purchase or possess tobacco products or electronic smoking devices; and
- (5) Appropriate funds to the Department of the Attorney General for positions and equipment needed to carry out the purposes of this measure.

Your Committee received testimony in opposition to this measure from the Department of Health, Hawaii State Teachers Association, American Heart Association, American Cancer Society Cancer Action Network, Retail Merchants of Hawaii, Hawaii Smokers Alliance, Coalition for a Tobacco-Free Hawai'i, Smoke-Free Alternatives Trade Association, Namaste Vapors, AlohaCare, VOLCANO Vape Shops, Blue Zones Project, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of the Attorney General, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 826, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Sayama, Tam). Noes, 3 (B. Kobayashi, Marten, Perruso). Excused, 2 (Eli, McDermott).

SCRep. 700 Finance on H.B. No. 869

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Luana Kai-A Life Plan Community in the development and operation of a continuing care retirement community to provide health care services to the general public.

Your Committee received testimony in support of this measure from Luana Kai-A Life Plan Community. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 869, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 701 Finance on H.B. No. 1281

The purpose of this measure is to:

- (1) Establish a four-year transfer of certain duties, functions, and powers relating to City and County of Honolulu emergency medical services from the Department of Health to the City and County of Honolulu;
- (2) Begin the transition with the training and billing for emergency services on July 1, 2021;
- (3) Phase out funding for emergency medical services in the City and County of Honolulu by June 30, 2025; and
- (4) Appropriate funds.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association. Your Committee received comments on this measure from the Department of the Attorney General, Department of Health, Office of the Mayor of the City and County of Honolulu, and American Board of Physician Specialties.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1281, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 702 Finance on H.B. No. 136

The purpose of this measure is to apply liquor licensing provisions relating to the transfer of licenses and the denial of licenses to limited liability companies.

Your Committee received testimony in support of this measure from the City and County of Honolulu Liquor Commission and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 136, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 703 Finance on H.B. No. 137

The purpose of this measure is to:

- (1) Remove the authority of the county liquor commissions to enforce the liquor tax law and require violations of the liquor tax law to be referred to the Director of Taxation for investigation;

- (2) Repeal the discretionary power of the county liquor commissions to deny a license to any person the county liquor commissions find is not fit and proper to hold a license;
- (3) Require applications for liquor licenses to be notarized;
- (4) Provide the administrators of the county liquor commissions discretion over whether to refer applications for investigation; and
- (5) Repeal the requirement that investigative reports to the county liquor commissions include whether an applicant is a fit and proper person for licensure and any and all matters that are relevant to the application or license in the judgment of the investigator.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Taxation, Liquor Commission of the City and County of Honolulu, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 137, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 704 Finance on H.B. No. 264

The purpose of this measure is to make permanent the motor vehicle insurance requirements for transportation network companies and transportation network company drivers by repealing the sunset provision of Act 236, Session Laws of Hawaii 2016.

Your Committee received testimony in support of this measure from the Hawaii Insurers Council, National Association of Mutual Insurance Companies, American Property Casualty Insurance Association, and Hawaii Transportation Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 264, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 705 Finance on H.B. No. 445

The purpose of this measure is to amend the exclusion amount of Hawaii's estate tax to an unspecified amount.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association; Kauai Women's Caucus; Hawaii Children's Action Network Speaks!; Hawaii Budget & Policy Center; Young Progressives Demanding Action; Democratic Party of Hawaii Education Caucus; Imua Alliance; Our Revolution Hawaii; Hawaii Health & Harm Reduction Center; and seven individuals. Your Committee received testimony in opposition to this measure from seven individuals. Your Committee received comments on this measure from the Department of Taxation, PHOCUSED, Tax Foundation of Hawaii, Hawaii Association of REALTORS, and Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 445, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 3 (Branco, Holt, Ilagan). Excused, 2 (Eli, McDermott).

SCRep. 706 Finance on H.B. No. 508

The purpose of this measure is to increase compliance with the Fireworks Control Law by increasing the fines for violations of permissible uses of fireworks.

Your Committee received testimony in support of this measure from the State Fire Council, Hawaiian Humane Society, and five individuals. Your Committee received comments on this measure from the Waikiki Neighborhood Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 508, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (McDermott). Excused, none.

SCRep. 707 Finance on H.B. No. 1131

The purpose of this measure is to require the State Building Code Council to:

- (1) Consider the financial impact of building codes and standards on the cost of single-family and multi-family homes built in the State, including the impact of a code or standard on amortized utility costs; and
- (2) Include a financial impact assessment on each code and standard adopted by the State Building Code Council in the annual written report submitted to the Governor.

Your Committee received testimony in support of this measure from the Department of Planning and Permitting of the City and County of Honolulu and Building Industry Association of Hawaii. Your Committee received testimony in opposition to this measure from the State Fire Council. Your Committee received comments on this measure from the Plumbers and Fitters UA, Local 675.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1131, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Marten, Perruso). Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 708 Finance on H.B. No. 1245

The purpose of this measure is to:

- (1) Establish an expeditious adjudication system for the processing of fireworks infractions; and
- (2) Appropriate funds for the Judiciary to update its information management system to implement the adjudications process proposed by this measure.

Your Committee received testimony in support of this measure from the State Fire Council, Hawaiian Humane Society, and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1245, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (McDermott). Excused, none.

SCRep. 709 Finance on H.B. No. 243

The purpose of this measure is to require the executive branch departments to:

- (1) Identify existing and planned facilities that are vulnerable to sea level rise, flooding impacts, and natural hazards;
- (2) Assess a range of options for mitigation impacts of sea level rise to existing and planned facilities;
- (3) Establish staff level points of contact to improve interagency coordination for sea level rise adaptation, flooding, and resilience; and
- (4) Submit annual reports to the Governor, Legislature, and Hawaii Climate Change Mitigation and Adaptation Commission regarding vulnerability and adaptation assessments for state facilities and progress in implementing sea level rise and disaster resiliency considerations.

Your Committee received testimony in support of this measure from the Hawaii Climate Change Mitigation and Adaptation Commission, Sierra Club of Hawai'i, Keiko Conservation, Environmental Caucus of the Democratic Party of Hawai'i, Hawai'i Reef and Ocean Coalition, and two individuals. Your Committee received comments on this measure from the Department of Accounting and General Services and Office of Planning.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 243, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 710 Finance on H.B. No. 244

The purpose of this measure is to clarify the data requirements for land recordation by the Bureau of Conveyances, on land other than fee simple time share interests deregistered by the Land Court, to include a plan of the parcel or parcels sought to be deregistered that includes a map and description prepared by a licensed professional surveyor.

Your Committee received testimony in support of this measure from three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 244, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 711 Finance on H.B. No. 467

The purpose of this measure is to redevelop certain areas or regions of public lands by:

- (1) Establishing a framework to identify and redevelop areas of public lands that are classified as commercial, industrial, hotel, apartment, motel, or resort parcels in need of revitalization;
- (2) Creating a nine-member planning committee for each redevelopment district to provide policy direction and prepare a redevelopment plan;
- (3) Establishing a revolving fund for each redevelopment district for deposit of fifty percent of the revenues, income, and receipts from the public lands in the redevelopment district, legislative appropriations, gifts, grants, and other funds;
- (4) Creating the Waiakea Peninsula Redevelopment District on the island of Hawaii, Waiakea Peninsula Redevelopment District Planning Committee, and Waiakea Peninsula Redevelopment District Revolving Fund;
- (5) Authorizing the Board of Land and Natural Resources to approve rental reductions or waivers for leases that require substantial demolition costs or infrastructure improvement costs in order for the lessee to utilize the premises;
- (6) Authorizing a local redevelopment agency to negotiate a development agreement with a developer for commercial, business, hotel, or resort uses on public lands within a redevelopment area;
- (7) Providing that the general excise tax laws do not apply to amounts received from the construction of work or improvements of a redevelopment project; and
- (8) Amending the definition of "use" under use tax laws to exclude the use of material, parts, or tools imported or purchased by a person licensed under general excise tax laws that are used for the construction of work or improvements of a redevelopment project.

Your Committee received testimony in support of this measure from the Hilo Fish Company, Kanoalehua Industrial Area Association, and three individuals. Your Committee received testimony in opposition to this measure from Kūpuna for Mo'opuna and League of Women Voters of Hawaii. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Department of Land and Natural Resources, and Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 467, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 3 (Eli, Perruso, Wildberger). Excused, none.

SCRep. 712 Finance on H.B. No. 469

The purpose of this measure is to establish a mechanism for the transfer of certain non-agricultural park lands from the Department of Land and Natural Resources to the Department of Agriculture pursuant to chapter 166E, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Ponoholo Ranch Limited; Maui Cattlemen's Association; Kealia Ranch; Larry Jefts Farms, LLC; Ulupalakua Ranch; Hawaii Agriculture Research Center; Local Food Coalition; Hawaii Meats LLC; Hawaii Crop Improvement Association; Rocker G Livestock; GreenWheel Food Hub; Ag Matters, LLC; and ten individuals. Your Committee received testimony in opposition to this measure from Fantastic Gardens Hawaii, Inc.; and Sierra Club of Hawai'i. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Agriculture, Ulupono Initiative, Hawaii Aquaculture & Aquaponics Association, KK Ranch, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 469, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 2 (Perruso, Wildberger). Excused, none.

SCRep. 713 Finance on H.B. No. 498

The purpose of this measure is to authorize the Department of Land and Natural Resources to use in-lieu fee mitigation to restore, create, enhance, or preserve aquatic habitats or resources as compensatory mitigation prospectively or for past damages.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Reef and Ocean Coalition, and Legacy Reef Foundation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 498, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 714 Finance on H.B. No. 499

The purpose of this measure is to authorize the Board of Land and Natural Resources to extend commercial, industrial, resort, mixed-use, or government leases, other than those to which the University of Hawaii is a party, that have not been sold or assigned within the last ten years, for lessees who commit to making substantial improvements to the existing improvements.

Your Committee received testimony in support of this measure from Prince Kuhio Plaza, Pacific Resource Partnership, and McCully Works. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs, Kupuna for the Mo'opuna, Flores-Case 'Ohana, Ka Lahui Hawai'i Komike Kalai'aina, Malu 'Aina, Na Kupuna Moku O Keawe, and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 499, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Marten, Wildberger). Noes, 3 (Eli, Perruso, Tam). Excused, none.

SCRep. 715 Finance on H.B. No. 774

The purpose of this measure is to:

- (1) Establish the Pulehunui Community Development Authority as an autonomous community development authority under the Hawaii Community Development Authority for the purposes of developing the Pulehunui Community Development District; and
- (2) Authorize the Hawaii Community Development Authority to obtain various forms of federal funding for construction, maintenance, and development projects in the Pulehunui Community Development District.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Department of Land and Natural Resources, and Hawaii Community Development Authority. Your Committee received comments on this measure from the Department of Accounting and General Services and Department of Planning of the County of Maui.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 774, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 716 Finance on H.B. No. 834

The purpose of this measure is to require the Department of Land and Natural Resources, in collaboration with the County of Hawaii, to conduct site surveys to identify the most suitable locations for black cinder cone quarries on the island of Hawaii.

Your Committee received testimony in support of this measure from the University of Hawai'i System, County of Hawai'i, Hawaii Floriculture and Nursery Association, Orchid Growers of Hawai'i, Hawaii Tropical Flower Council, Hawaii Export Nursery Association, and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 834, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 717 Finance on H.B. No. 1016

The purpose of this measure is to:

- (1) Clarify that a valid commercial marine vessel license satisfies the commercial marine license requirement for all persons taking marine life for commercial purposes aboard a licensed vessel; and
- (2) Clarify that any person providing fishing charter services must obtain a commercial marine vessel license.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Waialua Boat Club; United Fishing Agency; Vessel Management Associates, Inc.; HFACT; POP Fishing & Marine; Hilo Fish Company; Kona Fish Company; Tropic Fish Hawaii; Tropic Fish Maui; Tropic Fish Kauai; and eight individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Legacy Reef Foundation and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1016, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 718 Finance on H.B. No. 1280

The purpose of this measure is to transfer operational authority over the Makai Research Pier located at the southeast corner of Oahu, from the University of Hawaii to the Natural Energy Laboratory of Hawaii Authority, and authorize general obligation bonds and appropriate funds to repair and upgrade Makai Research Pier.

Your Committee received testimony in support of this measure from the University of Hawai'i System and Makai Ocean Engineering, Inc. Your Committee received comments on this measure from the Department of Land and Natural Resources and Natural Energy Laboratory of Hawaii Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1280, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 719 Finance on H.B. No. 133

The purpose of this measure is to increase the capital gains tax threshold from 7.25 percent to nine percent.

Your Committee received testimony in support of this measure from the Americans for Democratic Action, League of Women Voters of Hawaii, Kauai Women's Caucus, Hawaii State Teachers Association, Hawai'i Children's Action Network Speaks!, Hawai'i Budget & Policy Center, Young Progressives Demanding Action, Imua Alliance, Our Revolution Hawaii, Hawai'i Health & Harm Reduction Center, and seven individuals. Your Committee received testimony in opposition to this measure from six individuals. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, Democratic Party of Hawai'i Education Caucus, and Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 133, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (McDermott). Excused, 1 (Eli).

SCRep. 720 Finance on H.B. No. 286

The purpose of this measure is to:

- (1) Authorize the Department of Taxation to require real estate investment trusts operating in the State to notify the Department of Taxation of the real estate investment trust's presence within the State and report certain tax information annually; and
- (2) Authorize a daily monetary penalty for real estate investment trusts that do not comply with the requirements.

Your Committee received testimony in support of this measure from the ILWU Local 142, Kauai Women's Caucus, Democratic Party of Hawai'i Education Caucus, Church of the Crossroads, Imua Alliance, Our Revolution Hawaii, Faith Action for Community Equity, and numerous individuals. Your Committee received testimony in opposition to this measure from the Securities Industry Association of Hawaii. Your Committee received comments on this measure from the Department of Taxation; Hawaii State Teachers Association; Hawaii Children's Action Network Speaks!; Nareit Hawaii; Park Hotels and Resorts Inc.; Tax Foundation of Hawaii; Young Progressives Demanding Action; Douglas Emmett; NAIOP Hawaii; Alexander & Baldwin; Hawai'i Health & Harm Reduction Center; and Faith Action HousingNow!.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 286, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Eli).

SCRep. 721 Finance on H.B. No. 507

The purpose of this measure is to require the Department of Business, Economic Development, and Tourism to fix the payment of royalties to the State for the filming of scenic shots of iconic locations in the State that are subsequently featured in media for production purposes.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and Motion Picture Association, Inc.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 507, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (B. Kobayashi). Excused, 1 (Eli).

SCRep. 722 Finance on H.B. No. 1191

The purpose of this measure is to facilitate the deployment of last-mile broadband infrastructure in unserved areas of the State by:

- (1) Establishing the Broadband Infrastructure Grant Program to award grants to applicants to extend deployment of infrastructure used to provide broadband service to unserved areas of the State;
- (2) Amending the Hawaii Technology Loan Revolving Fund to change it to the Hawaii Broadband Infrastructure Fund, including the types of funds deposited into the Hawaii Broadband Infrastructure Fund; and

(3) Authorizing the issuance of general obligation bonds for the Broadband Infrastructure Grant Program.

Your Committee received testimony in support of this measure from the Hawaii Primary Care Association, Maui Chamber of Commerce, Charter Communication, and AlohaCare. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Budget and Finance; Department of Transportation; Office of Community Services of the Department of Labor and Industrial Relations; Office of Information Practices; Hawaii Technology Development Corporation; and Hawaiian Telcom.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1191, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Eli).

SCRep. 723 Finance on H.B. No. 1273

The purpose of this measure is to require the Department of Business, Economic Development, and Tourism to make a public disclosure identifying the names of taxpayers who are receiving certain tax credits and the total amount of tax credit received for specific economic activities.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Taxation; Department of Business, Economic Development and Tourism; and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1273, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Eli).

SCRep. 724 Finance on H.B. No. 111

The purpose of this measure is to:

- (1) Prohibit the use of fossil fuels for electricity generation or storage after December 31, 2045; and
- (2) Prohibit the Public Utilities Commission from approving cost recovery of any application or proposal for generation or storage facilities that use fossil fuels, with certain exceptions.

Your Committee received testimony in support of this measure from the Keiko Conservation, Climate Protectors Hawaii, Environmental Caucus of the Democratic Party of Hawai'i, Environmental Justice Task Force of Faith Action for Community Equity, and three individuals. Your Committee received testimony in opposition to this measure from the Hawaiian Electric Company. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Hawaii State Energy Office, Public Utilities Commission, Hawaii Clean Power Alliance, 350Hawaii.org, and International Brotherhood of Electrical Workers Local 1260.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 111, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (McDermott). Excused, none.

SCRep. 725 Finance on H.B. No. 116

The purpose of this measure is to:

- (1) Authorize the Chief Energy Officer of the Hawaii State Energy Office to adopt rules to enforce minimum efficiency standards for certain products and establish or amend appliance efficiency standards in certain situations; and
- (2) Regulate the appliance efficiency standards for portable electric spas.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Public Utilities Commission, Blue Planet Foundation, Hawai'i Energy, Pool & Hot Tub Alliance, and two individuals. Your Committee received comments on this measure from the Appliance Standards Awareness Project.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 116, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 726 Finance on H.B. No. 433

The purpose of this measure is to:

- (1) Assess a climate change mitigation impact fee on every customer who rents, leases, or utilizes a rental motor vehicle;
- (2) Establish the Climate Change Mitigation Special Fund; and
- (3) Designate the uses of the monies in the Climate Change Mitigation Special Fund.

Your Committee received testimony in support of this measure from the Hawaii Climate Change Mitigation and Adaption Commission; Kupu; The Trust for Public Land; Blue Planet Foundation; Keiko Conservation; Climate Protectors Hawaii; Imua Alliance; Hawaii Electric Vehicle Association; Surfrider Foundation, O'ahu Chapter; and numerous individuals. Your Committee received testimony in opposition to this measure from Enterprise Holdings and Avis Budget Group. Your Committee received comments on this measure from the Department of Health; Department of Budget and Finance; Department of Transportation; Office of Planning; Hawai'i Youth Climate Coalition; Tax Foundation of Hawaii; Grassroot Institute of Hawaii; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; The Nature Conservancy; National Tropical Botanical Garden; and seven individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 433, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (McDermott). Excused, none.

SCRep. 727 Finance on H.B. No. 550

The purpose of this measure is to:

- (1) Require state facilities, except smaller facilities and facilities at Aloha Stadium, to implement cost-effective energy efficiency measures;
- (2) Direct the Hawaii State Energy Office to collect all state-owned facilities' utility bill and energy usage data and make this data publicly available;
- (3) Establish a goal for the State to achieve at least a twenty-five percent reduction in the electricity consumption of state facilities;
- (4) Provide that certain agencies that perform energy efficiency retrofitting may continue to receive budget appropriations for energy expenditures; and
- (5) Beginning July 1, 2022, require, where feasible and cost-effective, the design of all new state building construction to maximize energy generation, water efficiency, energy efficiency, and energy generation potential, and to use building materials that reduce the carbon footprint of the project.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Ulupono Initiative, Blue Planet Foundation, Climate Protectors Hawaii, Hawai'i Energy, 350Hawaii.org, and five individuals. Your Committee received comments on this measure from the Department of Accounting and General Services; Department of Education; International Association of Plumbing and Mechanical Officials; and Plumbers and Fitters UA, Local 675.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 550, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 728 Finance on H.B. No. 552

The purpose of this measure is to:

- (1) Require that the procurement policy for each agency purchasing or leasing medium- and heavy-duty motor vehicles be to seek vehicles that reduce dependence on petroleum-based fuels that meet the needs of the agency, where feasible and cost-effective;
- (2) Establish clean ground transportation goals for state agencies on a staggered basis until achieving a complete inventory of clean state-owned, light-duty motor vehicles by December 31, 2035; and
- (3) Require state and county agencies to purchase building materials that reduce the carbon footprint of the project for use on the construction of new roads, where feasible and cost-effective.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Ulupono Initiative, Blue Planet Foundation, Alliance for Automotive Innovation, Climate Protectors Hawaii, Environmental Caucus of the Democratic Party of Hawai'i, Environmental Justice Task Force of Faith Action for Community Equity, Inua Alliance, Hawaiian Electric Company, and eight individuals. Your Committee received comments on this measure from the Department of Transportation, State Procurement Office, Hawaii Automobile Dealers' Association, Hawaii Electric Vehicle Association, 350Hawaii.org, and Hawaii Petroleum Marketers Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 552, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 729 Finance on H.B. No. 561

The purpose of this measure is to:

- (1) Require the Public Utilities Commission to determine whether analysis of the effect of the State's reliance on fossil fuels is necessary for proceedings involving water, wastewater, or telecommunications providers on an individual basis; and
- (2) Provide that the analysis is not required for an electric or a gas utility's routine system replacements or determinations that do not directly pertain to capital improvements or operations.

Your Committee received testimony in support of this measure from the Public Utilities Commission. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Hawaiian Electric Company, Hawaii Gas, and Hawaii Clean Power Alliance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 561, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 730 Finance on H.B. No. 1142

The purpose of this measure is to:

- (1) Establish a surcharge on the sale of high-end gasoline-powered vehicles to fund the installation of electric vehicle charging systems; and
- (2) Establish the Electric Vehicle Charging System Subaccount within the Public Utilities Commission Special Fund.

Your Committee received testimony in support of this measure from the Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Ulupono Initiative; Blue Planet Foundation; WeeDriveTesla LLC; Keiko Conservation; Tesla, Inc.; and numerous individuals. Your Committee received testimony in opposition to this measure from the Chamber of Commerce Hawaii, Hawaii Laborers' Union Local 368, Hawaii Automobile Dealers' Association, Cutter Management Co., JN Group, King Windward Nissan, Infiniti of Honolulu, King Auto Center, Alliance for Automotive Innovation, Hawai'i Construction Alliance, New City Nissan, Mercedes-Benz of Honolulu, and four individuals. Your Committee received comments on this measure from the Department of Taxation, Public Utilities Commission, Hawaii State Energy Office, Tax Foundation of Hawaii, Hawaii Electric Vehicle Association, Hawai'i Energy, Grassroot Institute of Hawaii, Hawaiian Electric Company, and Think B.I.G.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1142, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Holt). Noes, 2 (Eli, McDermott). Excused, none.

SCRep. 731 Finance on H.B. No. 72

The purpose of this measure is to:

- (1) Establish a framework for the regulation of electric foot scooters by the State and counties; and
- (2) Amend definitions of "moped" to exclude electric foot scooters.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii State Energy Office, County of Kaua'i, Department of Transportation Services of the City and County of Honolulu, Department of Customer Services of the City and County of Honolulu, Honolulu Police Department, Lime, Spin, and Helbiz. Your Committee received comments on this measure from the Waikiki Neighborhood Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 72, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 732 Finance on H.B. No. 1366

The purpose of this measure is to amend:

- (1) The offense of manufacturing, purchasing, or obtaining firearm parts to assemble a firearm having no serial number to also prohibit possession of those firearm parts; and
- (2) Act 74, Session Laws of Hawaii 2020, to repeal language that specified the prospective application of that Act.

Your Committee received testimony in support of this measure from the Hawai'i Police Department, Honolulu Police Department, Maui Police Department, and fourteen individuals. Your Committee received testimony in opposition to this measure from the Hawaii Firearms Coalition and five individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1366, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 2 (Eli, McDermott). Excused, none.

SCRep. 733 Finance on H.B. No. 1271

The purpose of this measure is to:

- (1) Repeal the Agribusiness Development Corporation; and
- (2) Transfer all lands held by the Agribusiness Development Corporation and all of the Agribusiness Development Corporation's staff, except for the Executive Director, to the Department of Agriculture.

Your Committee received testimony in support of this measure from the Kauai Climate Action Coalition; Environmental Caucus of the Democratic Party of Hawai'i; Farm to Keiki; Ka Ohana O Na Pua; Pele Lani Farm LLC; We are One, Inc; Food + Policy Internship; Na Kupuna Moku O Keawe; Hawai'i SEED; Pesticide Action Network; Hawai'i Alliance for Progressive Action; Our Revolution Hawaii; and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture; Agribusiness Development Corporation; Larry Jeffs Farms, LLC; Hawai'i Farm Bureau; Kaua'i Island Utility Cooperative; Hawaii Crop Improvement Association; and two individuals. Your Committee received comments on this measure from the Kalepa Coalition and Pono Hawai'i Initiative.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1271 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Eli).

SCRep. 734 Judiciary & Hawaiian Affairs on H.B. No. 975

The purpose of this measure is to add immunity from civil and criminal liability for individuals who provide information or assistance in child abuse investigations.

Your Committee received testimony in support of this measure from the Department of Human Services and Hawai'i Psychological Association. Your Committee received comments on this measure from one individual.

Your Committee finds that the federal Child Abuse and Prevention Act (CAPTA) provides federal funding and guidance to states in support of prevention, assessment, investigation, prosecution, and treatment activities for child abuse and neglect. As amended by the federal Victims of Child Abuse Act Reauthorization Act of 2018 (2018 Reauthorization Act), CAPTA provides immunity from civil and criminal liability for individuals who provide information or assistance in child abuse investigations.

Your Committee further finds that CAPTA, as amended by the 2018 Reauthorization Act, requires the states to be in compliance with the immunity amendments as a condition for receipt of federal funds. The U.S. Department of Health and Human Services' Administration for Children and Families has set a deadline of June 30, 2021, for Hawaii to be compliant with this requirement. Your Committee finds that this measure will bring the State into compliance with CAPTA and that this measure must be enacted before June 30, 2021, to ensure the receipt of future federal funds.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 975, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 735 Judiciary & Hawaiian Affairs on H.B. No. 980

The purpose of this measure is to broaden the Department of Human Services' right of entry into a vulnerable adult's premises without a warrant for investigation of any type of abuse, regardless of whether there is a physical injury.

Your Committee received testimony in support of this measure from the Department of Human Services, Executive Office on Aging, and one individual.

Your Committee finds that abuse of vulnerable persons can take many forms, including physical abuse, psychological abuse, sexual abuse, financial exploitation, caregiver neglect, and self-neglect. Your Committee further finds that under existing law, the Department of Human Services may only conduct a warrantless entry when there is probable cause that the vulnerable adult will be physically injured. Your Committee finds that this measure is necessary to quickly protect vulnerable persons from other forms of abuse.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 980, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 736 Judiciary & Hawaiian Affairs on H.B. No. 181

The purpose of this measure is to include in the definition of "property", as it relates to offenses against property rights under the Hawaii Penal Code, property stored in an electronic medium and is retrievable in a perceivable form.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and Honolulu Police Department.

Your Committee finds that the definition of "property" in the Hawaii Penal Code has not been amended since enactment of the Hawaii Penal Code in 1972. This definition does not properly account for intangible property stored in an electronic format, such as property stored on a computer. Your Committee finds that this measure is necessary to adequately address theft of property stored in an electronic format.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 181, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 737 Judiciary & Hawaiian Affairs on H.B. No. 247

The purpose of this measure is to implement several recommendations with regard to land subdivision and condominium property regime laws relating to agricultural lands made by the Office of Planning as a result of a study conducted pursuant to Act 278, Session Laws of Hawaii 2019.

Your Committee received testimony in support of this measure from the Department of Agriculture, Office of Planning, Real Estate Commission, Department of Planning and Permitting of the City and County of Honolulu, Hawai'i Farm Bureau, Ulupono Initiative, and one individual. Your Committee received comments on this measure from the Department of Taxation.

Your Committee finds that inadequate definitions of a bona fide farm have resulted in the proliferation of dwellings without a farm component, fake farms, and gentlemen estates on agricultural land. Your Committee further finds that this measure will promote the use of agricultural land for agriculture by defining a "farm dwelling" to address the current inadequacies, allow county enforcement of unpermitted structures in leasehold subdivisions in the agricultural district, and require county comments prior to condominium property regime registration for projects in the agricultural district.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 247 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 738 Judiciary & Hawaiian Affairs on H.B. No. 1028

The purpose of this measure is to repeal the Koke'e State Park Advisory Council.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Koke'e State Park Advisory Council is tasked with reviewing and assisting in updating, revising, and implementing the Koke'e State Park Master Plan; advising and assisting in the management of the Koke'e recreational cabin leases; enhancing community education and cultural awareness of Koke'e State Park; and participating in the protection and preservation of Koke'e State Park's natural and cultural resources. Your Committee further finds that the Koke'e State Park Advisory Council's work led to the development and completion of the Koke'e/Waimea Canyon Final Master Plan and Environmental Impact Statement in 2015. Your Committee finds, however, that the Koke'e State Park Advisory Council has not met in over five years nor has it been populated with necessary members.

Your Committee further finds that there are alternative models of acquiring community collaboration. In other master plan implementations, ad hoc community advisory committees were utilized to provide beneficial community input without the burdensome restrictions associated with legislatively created bodies. As such, the Department of Land and Natural Resources has the ability to work with community organizations that may provide valuable input in lieu of a dormant advisory committee.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1028 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 739 Judiciary & Hawaiian Affairs on H.B. No. 1031

The purpose of this measure is to reduce the number of members who serve on the Hawaii Historic Places Review Board.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Hawaii Historic Places Review Board is tasked, among other things, with ordering and entering historic properties into the Hawaii Register of Historic Places, recommending the nomination of historic properties to the National Register of Historic Places, and reviewing the State Historic Preservation Plan. However, it has become increasingly more difficult to find qualified persons to fill the Hawaii Historic Places Review Board. This measure will address the recruitment issues of the Board, while allowing it to continue to fulfill its duties under state and federal law.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1031 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 740 Judiciary & Hawaiian Affairs on H.B. No. 352

The purpose of this measure is to:

- (1) Clarify that the pawnbrokers and secondhand dealers law applies to a secondhand dealer's operation of an automated recycling kiosk that only accepts handheld electronic devices for recycling; and
- (2) Specify retention requirements for secondhand dealers that operate an automated recycling kiosk.

Your Committee received testimony in support of this measure from the Maui Police Department, ecoATM, and Retail Merchants of Hawaii. Your Committee received testimony in opposition to this measure from Kamaaina Loan and the Hawaii Pawnbrokers Association.

Your Committee finds that this measure provides for a secure means to accept handheld electronic devices for recycling, promotes environmentally friendly practices, and allows secondhand dealers to remain responsive during the retention period to any request by a law enforcement agency.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 352, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Tokioka).

SCRep. 741 Judiciary & Hawaiian Affairs on H.B. No. 156

The purpose of this measure is to repeal the requirement that the County of Kauai contract solely with the Kauai Humane Society for animal control services.

Your Committee did not receive any testimony on this measure.

Your Committee finds that the statutory requirement that the County of Kauai contract solely with the Kauai Humane Society for animal control services is outdated and has been superseded by the County's ability to offer public contracts to other animal control service providers. Your Committee also finds that construction of the dog pound authorized by statute has been completed. Accordingly, the statutory provision is obsolete and should be repealed.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 156 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 742 Judiciary & Hawaiian Affairs on H.B. No. 1022

The purpose of this measure is to:

- (1) Clarify that any conservation and resources enforcement officer of the Department of Land and Natural Resources may, in the performance of their official duties, stop and temporarily detain any person whom the officer reasonably believes is, or recently has been engaged in hunting or fishing for a natural resource inspection; and
- (2) Establish penalties for refusal to comply with inspection requests.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Keiko Conservation, Kua'āina Ulu 'Auamo, For the Fishes, Mālama Pūpūkea-Waimea, The Nature Conservancy, Surfrider Foundation O'ahu Chapter, Moana Ohana, and eight individuals. Your Committee received testimony in opposition to this measure from Lokahi Fishing, LLC; Waialua Boat Club; Hawaii Fishermen's Alliance for Conservation and Tradition, Inc.; and seven individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs and one individual.

Your Committee finds that impediments to the enforcement of Hawaii's fishing and hunting laws are detrimental to the protection and conservation of natural resources in the State. This measure provides necessary inspection and enforcement powers under the Department of Land and Natural Resources' Conservation and Resources Program for protection of Hawaii's aquatic life and wildlife.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1022, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 743 Consumer Protection & Commerce on H.B. No. 221

The purpose of this measure is to:

- (1) Eliminate the option on a standard proxy form for a condominium unit owner to submit a proxy to the condominium board as a whole; and
- (2) Prohibit managing agents, resident managers, or their employees, or condominium associations' employees from soliciting proxies from condominium unit owners.

Your Committee received testimony in support of this measure from the Hui 'Oia'i'o, Palehua Townhouse Association, and twelve individuals. Your Committee received testimony in opposition to this measure from the Hawai'i State Association of Parliamentarians Legislative Committee, Honolulu Tower Association of Apartment Owners, Community Associations Institute – Hawaii Legislative Action Committee, Associa, and seven individuals. Your Committee received comments on this measure from the Hawaii Council of Associations of Apartment Owners and one individual.

Your Committee finds that proxies are an important part of the governance of a condominium association, including ensuring quorum for purposes of annual meetings. Proxies allow unit owners to participate in association matters in the event they are unable to be physically present at an association meeting.

Your Committee further finds, however, that some condominium owners have raised concerns that proxies may be used by board members in an unscrupulous manner. This measure is intended to help address these concerns.

Your Committee has amended this measure by:

- (1) Retaining statutory language that provides the option on a standard proxy form to submit a proxy to the condominium board as a whole;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 221, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 221, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 744 Consumer Protection & Commerce on H.B. No. 305

The purpose of this measure is to eliminate the requirement that a condominium association first advertise the sale, donation, or disposition of personalty abandoned in or on the common elements of a condominium project, and allow the association to proceed directly to sell, store, donate, or dispose of the personalty and keep the proceeds.

Your Committee received testimony in support of this measure from the Honolulu Tower Association of Apartment Owners, Palehua Townhouse Association, Hawaii Council of Associations of Apartment Owners, AOA Mauna Luan Inc., Associa, and seven individuals.

Your Committee finds that personalty may be left in common areas of a condominium by residents, their visitors, or other third parties. When the owner of the personalty or the owner's address is not known, existing law requires a condominium association to first advertise the sale, donation, or disposition at least once in a daily paper of general circulation. Your Committee further finds that this requirement is unnecessarily burdensome to condominium associations and merely increases the costs associated with the operation of condominiums.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 305, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 305, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 745 Consumer Protection & Commerce on H.B. No. 599

The purpose of this measure is to:

- (1) Specify the notice requirements for regular annual or special meetings of a cooperative housing corporation; and
- (2) Authorize cooperative housing corporations, planned community associations, and condominium associations to conduct regular annual meetings by videoconferencing in the event of a pandemic or other similar unforeseen circumstance that prevents owners from physically gathering for a meeting.

Your Committee received testimony in support of this measure from the Hawai'i State Association of Parliamentarians Legislative Committee, Honolulu Tower Association of Apartment Owners, Community Associations Institute, Hawaii Council of Associations of Apartment Owners, Associa, and five individuals.

Your Committee finds that the COVID-19 pandemic has demonstrated the need to allow certain organizations the flexibility to continue to conduct their business and address matters in a manner that does not place persons at risk. Your Committee further finds that many organizations are successfully adapting to the COVID-19 pandemic by conducting their business through electronic communication, specifically through videoconference technology.

Your Committee notes the testimony received for its public hearing, which indicated that certain amendments proposed by this measure that would permit cooperative housing corporations and planned community associations to conduct meetings via videoconferencing are unnecessary, as the Hawaii Nonprofit Corporations Act already permits these types of associations to conduct annual meetings.

Your Committee has amended this measure by:

- (1) Deleting provisions relating to cooperative housing corporation meetings;
- (2) Clarifying that planned community associations may conduct meetings remotely consistent with the Hawaii Nonprofit Corporations Act, rather than authorizing planned community associations to conduct meetings through videoconferencing in the event of a pandemic or other similar unforeseen circumstance;
- (3) Broadening the authorization for condominium associations to:
 - (A) Conduct electronic meetings and electronic, machine, or mail voting, rather than just videoconferencing; and
 - (B) Conduct meetings and voting during a state of emergency, rather than a pandemic or other similar unforeseen circumstance;
- (4) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 599, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 599, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 746 Consumer Protection & Commerce on H.B. No. 961

The purpose of this measure is to:

- (1) Exempt dependents of military servicemembers from the residency requirements for government employment when the dependent is in the State accompanying the military servicemember on valid military orders; and
- (2) Allow a spouse of an active duty member of the armed forces, who accompanies the active duty member on a permanent change of station to Hawaii and holds a professional license in another jurisdiction to apply for licensure on an expedited basis in the State.

Your Committee received testimony in support of this measure from the United States Indo-Pacific Command, Department of Defense, Department of Commerce and Consumer Affairs, Department of Human Resources Development, Work for Warriors Hawaii, Chamber of Commerce Hawaii, and two individuals. Your Committee received comments on this measure from the United States Department of Defense and Department of Labor and Industrial Relations.

Your Committee finds that military spouses who accompany their armed forces servicemember spouse on a permanent change of station experience many challenges with moving and adjusting, particularly when they have families. Their reduced ability to find competitive jobs compounds that challenge and often results in months of nonemployment. For military spouses employed in occupations licensed by states, that challenge is exacerbated by the licensing process in the new jurisdiction, which typically takes three to four months for a military spouse to obtain licensure in a new jurisdiction. This measure is necessary to provide a streamlined process to expedite the licensure process and reduce the financial burdens on military families who newly arrive in the State.

Your Committee has amended this measure by:

- (1) Including mental health counselors as one of the listed professions that qualify a spouse of a servicemember for an expedited temporary license;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 961, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 961, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 747 Judiciary & Hawaiian Affairs on H.B. No. 888

The purpose of this measure is to:

- (1) Require persons who remain in Hawaii for more than ten days or for an aggregate period of more than thirty days per year and are subject to registration or community or public notification requirements as covered offenders or sexual offenders in another state or jurisdiction to register as a covered offender in Hawaii, regardless of whether the out-of-state conviction is a covered offense under Hawaii law; and
- (2) Amend the registration requirements for persons who establish or maintain a residence in Hawaii and are subject to registration or community or public notification requirements as covered offenders or sexual offenders in another state or jurisdiction.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Public Safety, and Honolulu Police Department.

Your Committee finds that the Hawaii Supreme Court recently ruled that, under existing law, a person who visits Hawaii for more than ten days or for more than thirty days per year does not need to register as a covered offender in Hawaii if the person's out-of-state conviction does not correspond to a covered offense under Hawaii law. This measure will better ensure compliance with the purpose and intent of Hawaii's covered offender registration laws.

Your Committee has amended this measure by making technical, nonsubstantive amendments for purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 888, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 888, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 748 Judiciary & Hawaiian Affairs on H.B. No. 1032

The purpose of this measure is to update and codify within the Uniform Controlled Substances Act certain amendments made to the federal controlled substances law.

Your Committee received testimony in support of this measure from the Department of Public Safety. Your Committee received comments on this measure from Akamai Cannabis Clinic.

Your Committee finds that this measure is necessary to make permanent the temporary designation of new controlled substances by the Department of Public Safety. Your Committee further finds that the Department of Public Safety's temporary designation of the new controlled substances will be nullified if this Legislature does not make the designations permanent.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1032, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1032, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 749 Judiciary & Hawaiian Affairs on H.B. No. 338

The purpose of this measure is to:

- (1) Require an appellate court to conduct a hearing when a party to any lawsuit, action, or proceeding of the appellate court files a motion for hearing on a possible conflict of interest; and
- (2) Allow the judge or justice who is the subject of the motion an opportunity to file a response to the motion or recuse himself.

Your Committee received comments on this measure from the Judiciary.

Your Committee finds that the fair, independent, and impartial administration of justice is a longstanding value of American jurisprudence. Your Committee further finds that at the appellate level, authorizing the filing of a motion for a hearing on a possible conflict of interest when a party to a lawsuit, action, or proceeding believes that a judge or justice hearing the appeal has a disqualifying conflict of interest would facilitate a valuable exchange regarding impartiality, allow a judge or justice the opportunity to rebut any alleged conflict, and promote transparency within the Judiciary.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 338, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 338, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 750 Judiciary & Hawaiian Affairs on H.B. No. 334

The purpose of this measure is to:

- (1) Establish the State Drug and Alcohol Toxicology Testing Laboratory Special Fund to support a State Drug and Alcohol Toxicology Testing Laboratory;
- (2) Specify that monies in the State Highway Fund may be expended for the cost of establishing a State Drug and Alcohol Toxicology Testing Laboratory;
- (3) Require that fines imposed on offenders convicted of repeat or habitual offenses involving operating a vehicle under the influence of an intoxicant or convicted of operating a vehicle after a license and privilege have been suspended or revoked for operating a vehicle under the influence of an intoxicant be deposited into the State Drug and Alcohol Toxicology Testing Laboratory Special Fund;
- (4) Appropriate funds out of the State Highway Fund for deposit into the State Drug and Alcohol Toxicology Testing Laboratory Special Fund;
- (5) Appropriate funds out of the State Drug and Alcohol Toxicology Testing Laboratory Special Fund for the establishment of a State Drug and Alcohol Toxicology Testing Laboratory; and
- (6) Require the Department of Health to submit reports to the Legislature on expenditures from the State Drug and Alcohol Toxicology Testing Laboratory Special Fund.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Health, Department of Transportation, Office of the Prosecuting Attorney of the County of Kaua'i, Department of the Prosecuting Attorney of the County of Maui, Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, Hawaii Chapter of Mothers Against Drunk Driving, Hawaii Strategic Highway Safety Plan, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that highway safety in Hawaii is compromised by drunk and drugged drivers who continue to jeopardize the safety of all road users. Although the police continue to arrest individuals suspected of driving while impaired, prosecuting these cases can be hampered by test results frequently not being available in time for the court hearing, and by expensive court costs. Your Committee further finds that at present, testing of blood and urine samples obtained for the purpose of prosecuting cases involving the operation of a motor vehicle under the influence of an intoxicant is performed by private laboratories, with the exception of alcohol blood testing within the City and County of Honolulu. Your Committee also finds that having an in-state drug and alcohol toxicology testing laboratory would be part of a multi-pronged approach to addressing impaired driving on our roadways.

Your Committee has amended this measure by:

- (1) Deleting the appropriation of funds from the State Highway Fund and State Drug and Alcohol Toxicology Testing Laboratory Special Fund;
- (2) Amending the Penal Code to clarify that the Director of Finance shall transmit the fines imposed on offenders convicted of certain offenses involving operation of a vehicle under the influence of an intoxicant to the State Drug and Alcohol Toxicology Testing Laboratory Special Fund; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 334, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 334, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 751 Judiciary & Hawaiian Affairs on H.B. No. 458

The purpose of this measure is to extend the renewal period from two years to four years for persons with a driver's license who are seventy-two years of age or older but younger than eighty years of age; provided that their driving record does not include two or more moving traffic violation convictions after attaining the age of seventy-two.

Your Committee received testimony in support of this measure from the Policy Advisory Board for Elder Affairs and five individuals. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that, currently, a person older than seventy-two years of age must renew their driver's license every two years. Your Committee further finds that there is no local data to indicate drivers aged seventy-two to seventy-nine are at higher risk of causing or being involved in crashes. This measure relieves the burden of drivers aged seventy-two to seventy-nine from having to renew their driver's license more frequently.

Your Committee has amended this measure by:

- (1) Deleting the requirement for persons with a driver's license who are seventy-two years of age or older but younger than eighty years of age to have less than two moving traffic violations after attaining the age of seventy-two years to qualify for the four-year driver's license renewal period;
- (2) Changing the effective date to July 1, 3021, to encourage further discussion; and

- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 458, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 458, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 752 Judiciary & Hawaiian Affairs on H.B. No. 1010

The purpose of this measure is to require:

- (1) The fire chief and ocean safety director of each county, in addition to the Director of Public Safety and police chief of each county, to transmit to the Department of Land and Natural Resources a copy of every report relating to boating accidents or the theft, loss, or recovery of vessels; and
- (2) All reports submitted to be unredacted.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from the State Fire Council and Department of Fire and Public Safety of the County of Maui.

Your Committee finds that the Board of Land and Natural Resources has the primary responsibility for administering the ocean recreation and coastal areas programs in the areas of boating safety, conservation, search and rescue, and security of small boat harbor environments. Without reporting from fire and ocean safety personnel on rescues, enforcement of ocean safety rules, and other key information that would reveal the efficacy of ongoing policies, rules, and practices, the Department of Land and Natural Resources would only have a portion of the information required to carry out its duties. Your Committee further finds that this measure will promote a fuller presentation of facts to the Department in a transparent manner.

Your Committee has amended this measure by:

- (1) Allowing medical information in the submitted reports to be redacted; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1010, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1010, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 753 Judiciary & Hawaiian Affairs on H.B. No. 175

The purpose of this measure is to include coercion as a means of committing the offense of sex trafficking.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Maui Police Department, Imua Alliance, and two individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that the existing statutory description for the offense of sex trafficking may inadequately cover instances the offense was meant to address. Under the existing offense of sex trafficking, prostitution advanced by means of force, threat, fraud, or intimidation are covered. However, there have been instances when the state courts have indicated that a particular set of facts did not fit within these means. This measure seeks to remedy this gap by adding coercion to the listed means for committing the offense of sex trafficking.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 175, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 175, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 754 Judiciary & Hawaiian Affairs on H.B. No. 1107

The purpose of this measure is to:

- (1) Add aggravated harassment by stalking to the list of offenses upon which the offense of use of a computer in the commission of a separate crime may be based; and
- (2) Specify that property used in computer crimes shall be forfeited even when the perpetrator was a person under the age of eighteen who did not have ownership of the property.

Your Committee received testimony in support of this measure from the Honolulu Police Department and LGBT Caucus of the Democratic Party of Hawaii. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that bullying, cyberbullying, and harassment are serious issues that hinder student well-being and achievement, especially when the targets are vulnerable youth. Your Committee further finds that the transition to online classroom environments as a result of the COVID-19 pandemic has exacerbated the problems of bullying, cyberbullying, and harassment of vulnerable youth. This measure will provide further incentive to parents and guardians to better ensure that their minor children refrain from using electronic devices to perpetrate bullying, cyberbullying, and harassment.

Your Committee has amended this measure by providing the court with the discretion to require the forfeiture of property used in computer crimes if the perpetrator was a minor, regardless of whether the person owned the property.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1107, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1107, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (LoPresti). Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 755 Judiciary & Hawaiian Affairs on H.B. No. 171

The purpose of this measure is to broaden the state of mind requirements for certain offenses under chapter 486M, Hawaii Revised Statutes, relating to the responsibilities of pawnbrokers and secondhand dealers.

Your Committee received testimony in support of this measure from the Maui Police Department and Honolulu Police Department. Your Committee received testimony in opposition to this measure from the Office of the Public Defender, Hawaii Pawnbrokers Association, Hawaii Gold & Silver Company, and Kamaaina Loan and Cash for Gold.

Your Committee finds that Hawaii has a high property crime rate. Stolen property is often sold as secondhand items under the guise of legitimate business transactions. Your Committee further finds, however, that violations of the pawnbrokers and secondhand dealers law requires proof that a person knowingly purchased stolen property. This is a high bar that is typically only satisfied through a confession. Your Committee finds that this measure is necessary to deter the movement of stolen property through legitimate business channels.

Your Committee has amended this measure by:

- (1) Reinstating the state of mind requirement of knowingly violating the pawnbrokers and secondhand dealers law, as well as including intentionally or recklessly violating the law in the affected section; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 171, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 171, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (D. Kobayashi, Lowen). Noes, none. Excused, none.

SCRep. 756 Judiciary & Hawaiian Affairs on H.B. No. 887

The purpose of this measure is to update the sex trafficking laws to better reflect the current challenges created by the criminal enterprise involved in commercial sexual exploitation.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, Ho'ola Na Pua, and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that the Hawaii Penal Code does not adequately account for all of the methods and forms of sexual exploitation and human trafficking. This measure will better account for the various forms of sexual exploitation and human trafficking through changes in terminology and closing loopholes that protect culpable individuals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 887, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 887, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 757 Judiciary & Hawaiian Affairs on H.B. No. 1036

The purpose of this measure is to:

- (1) Specify the persons authorized to serve civil legal process;
- (2) Mandate the Department of Public Safety to maintain a list of independent civil process servers; and
- (3) Shield the State and the Department of Public Safety from liability arising from the acts of independent civil process servers.

Your Committee received testimony in support of this measure from the Collection Law Section of the Hawaii State Bar Association. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that Act 116, Session Laws of Hawaii 2013 (Act 116), which clarified the service of process in the State, was repealed on June 30, 2020. This measure will reimplement the substantive provisions of Act 116 to ensure the efficiency and fairness of the service of process in Hawaii.

Your Committee has amended this measure by making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1036, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1036, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 758 Judiciary & Hawaiian Affairs on H.B. No. 1326

The purpose of this measure is to allow a narrow hearsay exception for statements made by a domestic violence victim to a government official within twenty-four hours of a domestic violence incident and before the defendant is arrested regardless of the availability of the declarant, as long as the statement bears sufficient indicia of reliability.

Your Committee received testimony in support of this measure from the Domestic Violence Action Center. Your Committee received testimony in opposition to this measure from the Hawaii Supreme Court's Standing Committee on Rules of Evidence, Office of the Public Defender, Hawaii Association of Criminal Defense Lawyers, and two individuals. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that victims of domestic violence are often reluctant to testify in court against their abusers, making prosecution of domestic violence cases difficult. Your Committee further finds that as a means of addressing this issue, Oregon has adopted a narrow hearsay exemption for statements made by a victim of domestic violence to a government official after a domestic violence incident. This measure serves to strike a balance between protecting the constitutional rights of defendants while promoting the safety of domestic violence victims.

Your Committee has amended this measure by:

- (1) Amending when, to whom, and in what form the statement must be made under the hearsay exception by requiring that the statement be made by a victim of domestic violence during the course of the first interaction with the responding law enforcement officers;
- (2) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1326, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1326, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Lowen, Takumi, Todd, Tokioka). Noes, 2 (D. Kobayashi, Nakamura). Excused, none.

SCRep. 759 Judiciary & Hawaiian Affairs on H.B. No. 199

The purpose of this measure is to:

- (1) Repeal the requirement that election proclamations contain a statement of the time and places where an election is to be held; and
- (2) Specify that the county clerk, not the Chief Election Officer, shall issue an election proclamation listing all voter service centers and places of deposit as may have been determined by the clerk as of the proclamation date.

Your Committee received testimony in support of this measure from the Office of Elections and Common Cause Hawaii.

Your Committee finds that this measure will ensure the timely issuance and dissemination of information to voters and improve the administration of elections by mail by clarifying that the county clerks must issue proclamations related to voter service centers and places of deposit that they have established.

Your Committee has amended this measure by:

- (1) Requiring the election proclamations issued by the county clerks to include the days each voter service center and place of deposit is open and the hours of operations and location of each voter service center and place of deposit; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 199, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 199, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 760 Judiciary & Hawaiian Affairs on H.B. No. 248

The purpose of this measure is to authorize members of secular or non-religious organizations to solemnize marriages and civil unions.

Your Committee received testimony in support of this measure from the Department of Health and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure will ensure equal treatment of religious and secular wedding and civil union practitioners regarding the rite of marriage by establishing a category of authorized, secular wedding and civil union practitioners known as "civil celebrants."

Your Committee has amended this measure by:

- (1) Requiring every person or society licensed to solemnize marriages or civil unions to pay a \$40 fee for each marriage ceremony or civil union solemnization performed within the State; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 248, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 248, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Todd).

SCRep. 761 Judiciary & Hawaiian Affairs on H.B. No. 818

The purpose of this measure is to provide that the facts and circumstances to be considered in establishing the offenses of criminal trespass in the second degree and criminal trespass onto state lands may include authenticated photographs, video recordings, or other recordings that show the commission of the offense.

Your Committee received testimony in opposition to this measure from the Office of the Public Defender and one individual. Your Committee received comments on this measure from the Department of Public Safety and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that this measure is consistent with best evidence practices in proving criminal offenses.

Your Committee has amended this measure by:

- (1) Clarifying that the facts and circumstances to be considered may include but not be limited to authenticated photographs, video recordings, or other recordings that show the commission of the offense; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 818, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 818, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Lowen, McKelvey, Nakamura, Takumi, Tokioka). Noes, 1 (D. Kobayashi). Excused, 1 (Todd).

SCRep. 762 Judiciary & Hawaiian Affairs on H.B. No. 169

The purpose of this measure is to amend the offense of disorderly conduct to include engaging in conduct with the intent to convey certain false or misleading information.

Your Committee received testimony in support of this measure from the Honolulu Police Department. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and eighteen individuals.

Your Committee finds that the conveyance of threats of violence, mass violence, or destruction of property, using various media is a growing concern. These messages are often intended as pranks, or are intended to disrupt services, and result in the unnecessary expenditure of significant resources by law enforcement agencies.

Your Committee further finds that court rulings have held that the Hawaii Penal Code does not criminalize the making of false or misleading threats. Therefore, this measure is necessary to discourage the issuance of such messages in this digital age. However, your Committee recognizes that this measure may result in the stigmatization of minors who may post false or misleading information on social media without understanding the seriousness or permanence of their actions.

Accordingly, your Committee has amended this measure by:

- (1) Allowing minors convicted of a first-time offense of disorderly conduct for conveying false or misleading information to apply to the court for expungement upon attaining the age of eighteen or three years after the conviction, whichever is later; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 169, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 169, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Lowen, Nakamura, Todd, Ward). Noes, none. Excused, none.

SCRep. 763 Judiciary & Hawaiian Affairs on H.B. No. 170

The purpose of this measure is to include within the offense of theft in the second degree the theft of property commonly used to store items of personal or monetary value, including any purse, handbag, or wallet.

Your Committee received testimony in support of this measure from the Honolulu Police Department. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that the Hawaii Penal Code does not adequately cover instances in which a person takes the property of another that is commonly used to store items of personal or monetary value. The Hawaii Supreme Court has held that the prosecution must prove beyond a reasonable doubt that the defendant intended to steal property or services at the value specified in the Hawaii Penal Code. Thus, your Committee further finds that, while persons may be arrested for stealing property in excess of the statutory amounts, the burden to prove that the person intended to steal those items discourages these prosecutions. Your Committee further finds, however, that items of personal value may be too vague to be enforceable.

Accordingly, your Committee has amended this measure by:

- (1) Removing items of personal value from the types of items that may be the basis for the offense;
- (2) Clarifying that the examples of property commonly used to store items of monetary value are not exhaustive; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 170, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 170, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Lowen, Nakamura). Noes, none. Excused, none.

SCRep. 764 Judiciary & Hawaiian Affairs on H.B. No. 566

The purpose of this measure is to add coercive control between family or household members to the offense of abuse of family or household members as a petty misdemeanor.

Your Committee received testimony in support of this measure from Planned Parenthood Votes Northwest and Hawaii, Early Childhood Action Strategy, Hawai'i State Coalition Against Domestic Violence, Hawai'i Women's Coalition, American Association of University Women of Hawaii, and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and Honolulu Police Department.

Your Committee finds that research has shown that exposure to sustained trauma within the first five years of life can have lasting effects on brain development and long-term health outcomes. Your Committee further finds that abuse and neglect of family members are on the rise in the State due to the stressors of the COVID-19 pandemic. Your Committee believes that adding coercive control between family or household members to the offense of abuse

of family or household members as a petty misdemeanor would apply to many victims and would encourage them to come forward and seek a legal safety net for themselves and their loved ones.

Your Committee has amended this measure by changing the effective date to July 1, 2021, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 566, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 566, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (McKelvey, Takumi). Noes, none. Excused, none.

SCRep. 765 Judiciary & Hawaiian Affairs on H.B. No. 172

The purpose of this measure is to establish the offense of unauthorized control of a propelled vehicle in the second degree.

Your Committee received testimony in support of this measure from the Maui Police Department and Honolulu Police Department. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that existing law aims to punish or deter the theft of propelled vehicles. Your Committee further finds, however, that court rulings require the prosecution to prove that a defendant knew the propelled vehicle was stolen. This has hindered efforts to prosecute persons operating stolen vehicles. This measure will provide law enforcement agencies with the flexibility that is necessary to prosecute persons who recklessly or negligently exert unauthorized control of another's propelled vehicle by operating the vehicle without the owner's consent or by changing the identity of the vehicle without the owner's consent.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 172, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 172, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 766 Judiciary & Hawaiian Affairs on H.B. No. 177

The purpose of this measure is to hold offenders strictly liable for sexual assaults committed against persons who are mentally defective.

Your Committee received testimony in support of this measure from the Maui Police Department, Honolulu Police Department, and Department of the Prosecuting Attorney of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that persons who are mentally defective are vulnerable to sexual predators. These individuals have limited, if any, capacity to knowingly and willingly consent to sexual acts. Your Committee further finds that this measure will strengthen the protections provided for persons who are mentally defective in the Hawaii Penal Code.

Your Committee has amended this measure by:

- (1) Providing that there is a rebuttable presumption that the person assaulted was mentally defective instead of holding offenders strictly liable;
- (2) Changing the effective date to July 1, 2021, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 177, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 177, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 767 Judiciary & Hawaiian Affairs on H.B. No. 1237

The purpose of this measure is to clarify that the effective period of a temporary restraining order, protective order, or injunction for a minor may extend to a reasonable date after the minor has reached the age of eighteen.

Your Committee received testimony in support of this measure from the Honolulu Police Department and Hawaii State Coalition Against Domestic Violence.

Your Committee finds that temporary restraining orders, protective orders, and injunctions against harassment for a minor typically expire when the minor reaches the age of eighteen. This measure eliminates the automatic termination of the order or injunction and permits the extension of the order's or injunction's effective period, thereby ensuring the protection of individuals in the State.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1237, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1237, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 768 Finance on H.B. No. 1147

The purpose of this measure is to appropriate funds for capital improvement projects for fiscal biennium 2021-2023.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Planning; University of Hawai'i System; Department of Agriculture; Department of Hawaiian Home Lands; Department of Public Safety; Hawaii Public Housing Authority; Department of Defense; Department of Accounting and General Services; Hawaii Housing Finance and Development Corporation; Department of Education; Hawaii State Public Library System; Department of Health; Hawaii Interagency Council for Transit-Oriented Development; County of Maui Department of Water Supply; Department of Water Supply, County of Hawaii; Catholic Charities Hawaii; Partners In Care; The Institute for Human Services, Inc.; AARP Hawaii; American Bird Conservancy; Hope Services Hawaii; Community Alliance Partners; and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Transportation, Hawaii Health Systems Corporation, and Agribusiness Development Corporation.

Your Committee finds that capital improvement projects are essential to our economy and play a pivotal role in building social infrastructure and helping to strengthen communities. This measure provides an opportunity to invest in the State's infrastructure while remaining fiscally prudent.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1147 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 769 Finance on H.B. No. 53

The purpose of this measure is to authorize the issuance of general obligation bonds and to make the constitutionally-required findings that the bond issuance will not cause the state debt limit to be exceeded.

Your Committee received testimony in support of this measure from the Department of Budget and Finance.

Your Committee finds that Article VII, section 13, of the Constitution of the State of Hawaii requires the Legislature to include a declaration of findings in every general law authorizing the issuance of general obligation bonds, which shall declare that the issuance of state bonds authorized will not cause the debt limit to be exceeded at the time of issuance. Your Committee further finds that the proceeds generated from the general obligation bonds authorized to be issued under this measure will be used to finance the fulfillment of important state objectives.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 53 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 770 Finance on H.B. No. 1115

The purpose of this measure is to deposit into the Emergency and Budget Reserve Fund monies received by the State through a civil action in which the State is a party and no other law or court order specifically provides where to deposit the monies received as a result of the civil action.

Your Committee received testimony in support of this measure from the Department of Budget and Finance.

Your Committee finds that the Emergency and Budget Reserve Fund is limited to receiving the deposit of monies in three ways, from the tobacco settlement monies, appropriations from the Legislature, and excess general fund balances under certain circumstances. This measure will allow the Legislature to receive monies from civil actions where the State is a party and deposit those monies into the Emergency and Budget Reserve Fund to further the purposes of the Fund during times of emergency, severe economic downturn, or unforeseen reductions in revenue.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1115 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 771 Judiciary & Hawaiian Affairs on H.B. No. 784

The purpose of this measure is to clarify that when trespass involves public land, all law enforcement officers shall enforce trespass laws, without regard to whether the land is owned by the State or a county.

Your Committee received testimony in support of this measure from the Department of Public Safety. Your Committee received testimony in opposition to this measure from Ka Lāhui Hawai'i Kōmike Kalai'āina and three individuals.

Your Committee finds that the Department of Public Safety's Law Enforcement Division currently conducts and assists in joint trespass operations with local law enforcement. This measure will make clear that all law enforcement officers shall enforce trespass laws on public land regardless of who owns the property.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 784 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Tokiooka).

SCRep. 772 Judiciary & Hawaiian Affairs on H.B. No. 895

The purpose of this measure is to clarify that defendants being sentenced for offenses that were committed while serving a sentence of imprisonment on a separate unrelated felony conviction cannot be given credit for any time that was served for the separate unrelated felony conviction, even if the defendant was simultaneously being detained pending trial for the offense committed while serving the sentence of imprisonment for the separate unrelated felony conviction.

Your Committee received testimony in support of this measure from the Department of the Attorney General and Department of Public Safety.

Your Committee finds that Act 50, Session Laws of Hawaii 2012 (Act 50), was enacted to prevent a defendant from earning credit for time served for a subsequent crime while the defendant is serving a sentence of imprisonment for a separate unrelated offense. However, the Hawaii Supreme Court held in *State v. Abihai*, 146 Haw. 398, 463 P.3d 1055 (2020), that a defendant was still entitled to presentence detention credit under Hawaii law for the period of time the defendant was simultaneously being detained for a separate unrelated felony conviction and a subsequent offense. This measure will clarify the intent of

Act 50 by specifying that certain defendants may not earn credit for a sentence imposed for a subsequent conviction if the defendant was simultaneously serving the sentence of imprisonment for a separate unrelated felony conviction.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 895 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Takumi).

SCRep. 773 Judiciary & Hawaiian Affairs on H.B. No. 674

The purpose of this measure is to limit statement of information requirements for electioneering communications to noncandidate committees.

Your Committee received testimony in opposition to this measure from the Campaign Spending Commission and Common Cause Hawaii.

Your Committee finds that requiring candidates to file a statement of information within 24 hours of a candidate making an expenditure for electioneering communications in an aggregate amount of more than \$2,000 provides opponents of the candidate with an unfair advantage in terms of knowing the candidate's strategy. Although your Committee recognizes the importance of public transparency, it notes that public transparency is already assured when candidates file candidate committee reports, which includes information on expenditures made.

Your Committee additionally finds that electioneering communications by noncandidate committees can include unexpected or unsolicited information. Your Committee believes that statements of information on electioneering communications are best reserved for noncandidate committees.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 674 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 774 Judiciary & Hawaiian Affairs on H.B. No. 1075

The purpose of this measure is to prohibit, beginning November 1, 2022, the Lieutenant Governor, while holding the Office of the Lieutenant Governor, from maintaining any other employment, maintaining a controlling interest in a business, or receiving any emolument, beginning on the 61st calendar day after their election or appointment office.

Your Committee received testimony in support of this measure from Common Cause Hawaii. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawaii State Ethics Commission.

Your Committee finds that in the event of the absence of the Governor from the State, or the Governor's inability to exercise and discharge the powers and duties of the Governor's office, the powers and duties of the Governor's office devolve upon the Lieutenant Governor during the absence or disability. It is essential that the Lieutenant Governor devote their complete attention, time, and energy to the office and avoid even the appearance of a potential conflict of interest.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1075 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Tokioka). Noes, 1 (Ward). Excused, 1 (Todd).

SCRep. 775 Judiciary & Hawaiian Affairs on H.B. No. 31

The purpose of this measure is to raise the maximum age of minors for which safe storage of firearms is required from sixteen to eighteen years.

Your Committee received testimony in support of this measure from Valley Isle Sport Shooters and six individuals. Your Committee received testimony in opposition to this measure from the National Rifle Association, Hawaii Firearms Coalition, Pu'uloa Rifle and Pistol Club, Hawaii Rifle Association, and numerous individuals. Your Committee received comments on this measure from the Department of Public Safety and one individual.

Your Committee finds that an estimated 4,600,000 children and adolescents in the United States live in homes with at least one unsecured firearm and that the presence of unsecured firearms in the home increases the risk of unintentional and intentional shootings. Furthermore, the United States Secret Service and the United States Department of Education report that in sixty-eight percent of deadly school shootings, the attacker obtained the firearm from the attacker's home or that of a relative. In addition, over seventy-five percent of firearms used in suicide attempts and unintentional firearm injuries among children and adolescents were stored in the residence of the victim, a relative, or a friend.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 31 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (D. Kobayashi, McKelvey). Noes, 2 (Tokioka, Ward). Excused, 1 (Todd).

SCRep. 776 Judiciary & Hawaiian Affairs on H.B. No. 1339

The purpose of this measure is to establish requirements for instituting impeachment proceedings and grounds for impeachment of the Governor or Lieutenant Governor.

Your Committee did not receive any testimony on this measure.

Your Committee finds that the process by which a Governor or Lieutenant Governor may be removed from office should be clearly articulated and transparent. Your Committee further finds that it is prudent for the Governor, Lieutenant Governor, and Legislature to know the ground rules for such a process before any specific circumstance arises that creates an immediate need for it.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1339 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Ward). Noes, 1 (Tokioka). Excused, 2 (Lowen, Todd).

SCRep. 777 Water & Land/Judiciary & Hawaiian Affairs on H.R. No. 33

The purpose of this measure to convene a working group to develop recommendations for a governance and management structure for Mauna Kea.

Your Committees received testimony in support of this measure from the Hawaiian Civic Club of Hilo and three individuals. Your Committees received testimony in opposition to this measure from Ka Lāhui Hawai'i Kōmike Kalai'āina, Ho'opae Pono Peace Project, and numerous individuals. Your Committees received comments on this measure from the University of Hawai'i System, Department of Land and Natural Resources, Office of Hawaiian Affairs, Maunakea Observatories, East Asian Observatory, Chamber of Commerce Hawaii, Hawai'i Island Chamber of Commerce, Kona-Kohala Chamber of Commerce, Sustainable Energy Hawaii, Hawaii Island Economic Development Board, Japanese Chamber of Commerce and Industry of Hawaii, and two individuals.

Your Committees find that under the Hawaii State Constitution, the State holds public land as a public trust for Native Hawaiians and the general public. Your Committees further find that Mauna Kea is public land that is included in the public land trust and has been under the management of the University of Hawaii since 1968.

Your Committees also find that the Independent Evaluation of the Implementation of the Mauna Kea Comprehensive Management Plan, prepared for the Department of Land and Natural Resources by Ku'iwalu and published in December 2020, concluded that while the University of Hawaii has effectively implemented most of the management actions related to protecting the natural and cultural resources, the management actions designed to respect the Hawaiian cultural practices and resources and conduct education and outreach that were intended to restore trust between the University of Hawaii and the Native Hawaiian community have not been effectively implemented. The report also found that the lack of genuine consultation with the Native Hawaiian community has resulted in greater mistrust of the University of Hawaii and management of Mauna Kea, leading to polarizing viewpoints between various stakeholders on Mauna Kea and in our communities. This measure seeks to reconcile this mismanagement, mistrust, and polarization by convening a working group to develop recommendations, building on the findings of the Independent Evaluation of the Implementation of the Mauna Kea Comprehensive Management Plan, for a new governance and management structure for Mauna Kea that collaboratively engages with all stakeholders, particularly the Native Hawaiian community.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water & Land and Judiciary & Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 33, as amended herein, and recommend its adoption in the form attached hereto as H.R. No. 33, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 5; Ayes with Reservations (Ganaden). Noes, none. Excused, 3 (Kong, Ohno, McDermott).

Judiciary & Hawaiian Affairs: Ayes, 9; Ayes with Reservations (McKelvey, Takumi). Noes, 2 (D. Kobayashi, Ward). Excused, 1 (Ichiyama).

SCRep. 778 Water & Land/Judiciary & Hawaiian Affairs on H.C.R. No. 41

The purpose of this measure to convene a working group to develop recommendations for a governance and management structure for Mauna Kea.

Your Committees received testimony in support of this measure from the Hawaiian Civic Club of Kohala and three individuals. Your Committees received testimony in opposition to this measure from Ka Lāhui Hawai'i Kōmike Kalai'āina, Ho'opae Pono Peace Project, and nine individuals. Your Committees received comments on this measure from the University of Hawai'i System, Department of Land and Natural Resources, Office of Hawaiian Affairs, Maunakea Observatories, East Asian Observatory, Chamber of Commerce Hawaii, Hawai'i Island Chamber of Commerce, Kona-Kohala Chamber of Commerce, Hawaii Island Economic Development Board, Japanese Chamber of Commerce and Industry of Hawaii, and two individuals.

Your Committees find that under the Hawaii State Constitution, the State holds public land as a public trust for Native Hawaiians and the general public. Your Committees further find that Mauna Kea is public land that is included in the public land trust and has been under the management of the University of Hawaii since 1968.

Your Committees also find that the Independent Evaluation of the Implementation of the Mauna Kea Comprehensive Management Plan, prepared for the Department of Land and Natural Resources by Ku'iwalu and published in December 2020, concluded that while the University of Hawaii has effectively implemented most of the management actions related to protecting the natural and cultural resources, the management actions designed to respect the Hawaiian cultural practices and resources and conduct education and outreach that were intended to restore trust between the University of Hawaii and the Native Hawaiian community have not been effectively implemented. The report also found that the lack of genuine consultation with the Native Hawaiian community has resulted in greater mistrust of the University of Hawaii and management of Mauna Kea, leading to polarizing viewpoints between various stakeholders on Mauna Kea and in our communities. This measure seeks to reconcile this mismanagement, mistrust, and polarization by convening a working group to develop recommendations, building on the findings of the Independent Evaluation of the Implementation of the Mauna Kea Comprehensive Management Plan, for a new governance and management structure for Mauna Kea that collaboratively engages with all stakeholders, particularly the Native Hawaiian community.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water & Land and Judiciary & Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 41, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 41, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 5; Ayes with Reservations (Ganaden). Noes, none. Excused, 3 (Kong, Ohno, McDermott).

Judiciary & Hawaiian Affairs: Ayes, 9; Ayes with Reservations (McKelvey, Takumi). Noes, 2 (D. Kobayashi, Ward). Excused, 1 (Ichiyama).

SCRep. 779 Finance on H.B. No. 1193

The purpose of this measure is to appropriate funds for capital improvement projects relating to the State Archives and Iolani Palace.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services; The Friends of Iolani Palace; Oahu Economic Development Board; Aloha State Services, Ltd.; Historic Hawai'i Foundation; and six individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1193, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 780 Finance on H.B. No. 296

The purpose of this measure is to:

- (1) Restrict the use of leaf blowers in the Waikiki Special Improvement District to a limited time of day when operating leaf blowers within a residential zone or near a residence; and
- (2) Limit the permitted noise level for the operation of a leaf blower within such limited time to eighty decibels.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Waikiki Neighborhood Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 296, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 781 Finance on H.B. No. 1056

The purpose of this measure is to promote efficiency in motor carrier vehicle inspections while still allowing for public input by authorizing the Director of Transportation to adopt administrative rules to:

- (1) Administer and enforce motor carrier vehicle safety inspections; and
- (2) Amend the fees associated with motor carrier vehicle safety inspections.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from the Hawaii Transportation Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1056, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 782 Finance on H.B. No. 502

The purpose of this measure is to authorize the counties to determine the appropriateness of allowing dwellings on each quarter acre, rather than half-acre, of lands in rural districts; provided that the dwellings are consistent with the county general plan and community development plans.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS. Your Committee received comments on this measure from the Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 502, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (Nishimoto).

SCRep. 783 Finance on H.B. No. 812

The purpose of this measure is to require and appropriate funds to the Department of Education to establish a three-year pilot program to develop a trauma-informed education program in the Castle, Kailua, and Kalaheo complex areas and submit a report to the Legislature on the progress and results of the pilot program.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition, HawaiiKidsCAN, Democratic Party of Hawai'i Education Caucus, Hawai'i Primary Care Association, Hale Kipa, and one individual. Your Committee received comments on this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 812, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 784 Finance on H.B. No. 1078

The purpose of this measure is to require:

- (1) By August 1, 2021, the Board of Education to meet with alumni, student, and parent representatives of the Hawaii School for the Deaf and Blind, other members of the Hawaii deaf community, and representatives of the Department of Education on progress to convert the Hawaii School for the Deaf and Blind to a charter school and to discuss other alternatives;
- (2) By October 1, 2021, the Department of Education to develop an implementation plan to transition the Hawaii School for the Deaf and Blind to a conversion charter school; and
- (3) Conversion charter schools to enroll any student whose individualized education program prescribes that the conversion charter school provides support for blind, deaf, or hard of hearing students.

Your Committee received testimony in support of this measure from the Maui Deaf Friends and eight individuals. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of Education and State Public Charter School Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1078, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

SCRep. 785 Finance on H.B. No. 1291

The purpose of this measure is to allow applicants for the University of Hawaii and students enrolled at a community college campus of the University of Hawaii who graduated from a public high school in the State with a cumulative grade point average of 3.0 and qualified for and received special education services for two or more years during enrollment in grades kindergarten through twelve to be eligible for the Hawaii State Scholars Program and the Hawaii Community College Promise Program, respectively.

Your Committee received testimony in support of this measure from six individuals. Your Committee received comments on this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1291, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 786 Finance on H.B. No. 328

The purpose of this measure is to:

- (1) Allow for the installation of certain energy-efficient technologies on privately-owned single-family residential dwellings or townhouses, with limited restrictions; and
- (2) Require private entities to review and, if necessary, modify rules no later than December 31, 2022, to allow for the placement of energy-efficient technologies.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, 350Hawaii.org, Environmental Caucus and Human Environmental Impacts Committee of the Democratic Party of Hawai'i, Hawai'i Energy, and eleven individuals. Your Committee received testimony in opposition to this measure from the Hawaii Chapter of the Community Associations Institute, Legislative Action Committee.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 328, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 787 Finance on H.B. No. 1318

The purpose of this measure is to:

- (1) Establish the Environmental Advisory Council;
- (2) Repeal provisions relating to the Office of Environmental Quality Control and Environmental Center;
- (3) Transfer the rights, powers, employees, appropriations, and other personal property from the Office of Environmental Quality Control to the Office of Planning; and
- (4) Amend an applicant's ability to appeal nonacceptance of an environmental impact statement from the Environmental Council to the Environmental Advisory Council.

Your Committee received testimony in support of this measure from the Office of Environmental Quality Control and one individual. Your Committee received comments on this measure from the Office of Planning.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1318, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 788 Finance on H.B. No. 1333

The purpose of this measure is to require and appropriate funds for the Hawaii State Energy Office, in consultation with the Department of Health, to conduct a comprehensive study to determine best practices for disposal and recycling of discarded clean energy products in the State.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Hawaii State Energy Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1333, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 789 Finance on H.B. No. 58

The purpose of this measure is to help the State address its current budgetary shortfall, caused by the COVID-19 pandemic, by:

- (1) Temporarily reallocating conveyance tax revenues to pay the principal and interest of general obligation bonds; and
- (2) Authorizing the issuance of general obligation bonds to be appropriated into and out of the Land Conservation Fund and Rental Housing Revolving Fund.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation. Your Committee received testimony in opposition to this measure from the Trust for Public Land, Kua'āina Ulu 'Auamo, Conservation Council for Hawai'i, Nā Kālai Wa'a, Hawai'i Land Trust, Livable Hawaii Kai Hui, Maunalua Fishpond Heritage Center, Hi'ipaka LLC, and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Budget and Finance, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 58, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 790 Finance on H.B. No. 1149

The purpose of this measure is to reorganize and integrate the Land Use Commission within a modified Office of Planning, to be renamed the Office of Planning and Sustainable Development.

Your Committee received testimony in support of this measure from the Land Use Commission. Your Committee received comments on this measure from the Office of Planning.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1149, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 791 Finance on H.B. No. 1067

The purpose of this measure is to permanently establish the authority of the University of Hawaii President to act as the Chief Procurement Officer for the University of Hawaii for procurement contracts under the Hawaii Public Procurement Code.

Your Committee received testimony in support of this measure from the University of Hawaii'i System and General Contractors Association of Hawaii. Your Committee received comments on this measure from the State Procurement Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1067, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 792 Finance on H.B. No. 1069

The purpose of this measure is to change the reporting requirement to the Legislature on monies in the Hawaii Cancer Research Special Fund from a semi-annual report to an annual report.

Your Committee received testimony in support of this measure from the University of Hawaii'i Cancer Center. Your Committee received comments on this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1069, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13; Ayes with Reservations (Tam). Noes, 1 (Perruso). Excused, 1 (Nishimoto).

SCRep. 793 Finance on H.B. No. 1072

The purpose of this measure is to repeal the requirements established by Act 236, Session Laws of Hawaii 2015, which required:

- (1) Each University of Hawaii campus to prepare an operations plan to be reviewed by the President, Vice President for Budget and Finance, and Chief Financial Officer of the University of Hawaii; and
- (2) Monies in the University of Hawaii Tuition and Fees Special Fund for each University of Hawaii campus to lapse to the credit of program identification number UOH900, University of Hawaii system wide support.

Your Committee received testimony in support of this measure from the University of Hawaii'i System and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1072, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 794 Finance on H.B. No. 443

The purpose of this measure is to require the Department of Education to conduct a comprehensive cost analysis of the Department's food services and student meal programs to make recommendations regarding the ways in which the Department can increase the use of locally grown agricultural products and report to the Legislature on its results.

Your Committee received testimony in support of this measure from the Hawaii'i Primary Care Association; Hawaii'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Farm to Keiki; Malama Kaua'i; Local Food Coalition; Ulupono Initiative; Land Use Research Foundation of Hawaii; Blue Zones Project; Hawaii'i Alliance for Progressive Action; Hawaii'i Public Health Institute; and nine individuals. Your Committee received comments on this measure from the Department of Education and Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 443, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 795 Finance on H.B. No. 702

The purpose of this measure is to facilitate the increase of locally grown and raised food products from Hawaii farmers, ranchers, and food producers and allow school complexes to regionalize their menus by requiring the Department of Education to establish rules for the procurement of goods and services related to the administration of food programs at public schools that incorporate a geographic preference for unprocessed locally grown and locally raised agricultural products.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawai'i Primary Care Association; Hawai'i Farm Bureau; Kanaeokana; Hawaii Cattlemen's Council, Inc.; Hawaii Food Industry Association; Hawaii Meats, LLC; Malama Kaua'i; Local Food Coalition; Ulupono Initiative; Land Use Research Foundation of Hawaii; FoodCorps Hawai'i; Blue Zones Project; Hawai'i Alliance for Progress Action; Hawai'i Public Health Institute; and twelve individuals. Your Committee received comments on this measure from the Department of Education and Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 702, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 796 Finance on H.B. No. 337

The purpose of this measure is to:

- (1) Require the language and meaning of any proposed constitutional amendment and ratification question to be simple, concise, and direct to the extent practicable;
- (2) Allow the presiding officers of the Legislature to request a written opinion of the Supreme Court regarding the legality of a proposed amendment to the Hawaii State Constitution and the corresponding constitutional ratification question;
- (3) Require the Court to provide a written opinion within forty-eight hours of receipt of the request;
- (4) Require, for any written opinion by the Court that invalidates a constitutional ratification question, a detailed and specific explanation of the reasons for this opinion; and
- (5) Prohibit any appeal of a written opinion.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association and one individual. Your Committee received comments on this measure from the Judiciary.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 337, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 797 Finance on H.B. No. 340

The purpose of this measure is to propose an amendment to the Hawaii State Constitution to require the Judicial Selection Commission to be guided by principles of merit in the selection of judicial nominations and the retention of judges and justices.

Your Committee received testimony in support of this measure from the Judicial Selection Commission Steering Committee. Your Committee received comments on this measure from the Judiciary and Judicial Selection Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 340 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 798 Finance on H.B. No. 357

The purpose of this measure is to establish a two-year statute of limitations for all actions for inverse condemnation against the State, including a claim brought under article I, section 20 of the Hawaii State Constitution.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 357, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 799 Finance on H.B. No. 1009

The purpose of this measure is to:

- (1) Amend the additional fines and costs for destroying or harvesting trees or tree products, including koa, on state forest reserves lands;
- (2) Establish penalties for any person who violates vehicular parking or traffic movement rules adopted by the Department of Land and Natural Resources under forest reserves, water development, and zoning laws;
- (3) Authorize the State to pursue civil legal action and criminal action against a person violating forest reserves, water development, and zoning laws and rules;
- (4) Establish criminal penalties for violations of all forest reserves laws or rules; and
- (5) Repeal the general penalty provision for violations of certain forestry and wildlife, recreation areas, and fire protection laws and rules.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1009, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (McDermott). Noes, none. Excused, 1 (Nishimoto).

SCRep. 800 Finance on H.B. No. 310

The purpose of this measure is to:

- (1) Amend the definition of "imminently dangerous to self or others";
- (2) Authorize the involuntary treatment of up to thirty days of certain patients subject to emergency hospitalization; and
- (3) Require the assessment of certain patients subject to emergency hospitalization to determine if a surrogate or guardian needs to be appointed to make appropriate health care decisions for the patient.

Your Committee received testimony in support of this measure from the Hawai'i Substance Abuse Coalition; The Institute for Human Services, Inc.; and three individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of the Attorney General, Department of Health, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawaii Disability Rights Center, Hawai'i Psychological Association, and The Queen's Health Systems.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 310, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 801 Finance on H.B. No. 541

The purpose of this measure is to:

- (1) Establish the State Payor Committee to implement a unified framework for tracking, coordinating, and guiding the purchase of behavioral health or substance abuse services across the continuum of care;
- (2) Require executive state agencies and programs that purchase behavioral health- or substance abuse-related social services to coordinate with the State Payor Committee and consider the recommendations and payor framework of the State Payor Committee when purchasing the services; and
- (3) Require community or private organizations that purchase services for behavioral health or substance abuse, at the request of any state funding agency, to disclose the source of any other governmental level funding the organizations receive for performing the services.

Your Committee received testimony in support of this measure from the Mayor of the County of Maui. Your Committee received testimony in opposition to this measure from PHOCUSED. Your Committee received comments on this measure from the Department of Human Services, Department of Health, State Procurement Office, The Queen's Health Systems, and Hawaii Substance Abuse Coalition.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 541, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (Nishimoto).

SCRep. 802 Finance on H.B. No. 718

The purpose of this measure is to require the Department of Human Services to compile data and identify the fifty employers having the highest number of employees who were recipients of public assistance during the previous fiscal year.

Your Committee received comments on this measure from the Department of Human Services, Department of Labor and Industrial Relations, and Civil Beat Law Center for the Public Interest.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 718, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 803 Finance on H.B. No. 986

The purpose of this measure is to require the results of diagnostic audiologic evaluations of infants who do not pass the hearing screening test or are diagnosed as deaf or hard of hearing up to the age of three years to be reported to the Department of Health.

Your Committee received testimony in support of this measure from the Department of Health, Disability and Communication Access Board, State Council on Developmental Disabilities, Executive Office on Early Learning, Hawaii Children's Action Network Speaks!, Hawai'i Early Intervention Coordinating Council, Early Childhood Action Strategy, and Hawai'i Speech-Language Hearing Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 986, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 804 Finance on H.B. No. 987

The purpose of this measure is to amend the Hearing and Vision Program law to increase the early identification of children with hearing or vision loss, by establishing consistent protocols for hearing and vision screening and follow up, screener training, and data collection for quality improvement.

Your Committee received testimony in support of this measure from the Department of Health, State Council on Developmental Disabilities, Executive Office on Early Learning, Hawaii Children's Action Network Speaks!, Hawai'i Early Intervention Coordinating Council, Early Childhood Action Strategy, and Hawai'i Speech-Language Hearing Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 987, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 805 Finance on H.B. No. 424

The purpose of this measure is to require all agencies of the State, when renting a vehicle on behalf of a state employee conducting official government business, to adopt a preference for renting electric vehicles or hybrid vehicles.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Kauai Climate Action Coalition, Climate Protectors Hawaii, Hawaii Electric Vehicle Association, Our Revolution Hawaii, Hawaiian Electric Company, and numerous individuals. Your Committee received comments on this measure by Enterprise Holdings.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 424, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 806 Finance on H.B. No. 531

The purpose of this measure is to:

- (1) Require that a state contract for the purchase of produce include an option for the contractor supplying the produce to lease state agricultural land; and
- (2) Establish a process for the College of Tropical Agriculture and Human Resources of the University of Hawaii to identify appropriate land that may be leased to the contractor to grow the produce.

Your Committee received testimony in opposition to this measure from the Department of Agriculture and State Procurement Office. Your Committee received comments on this measure from the Hawaii Farm Bureau.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 531, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (B. Kobayashi, Marten, Perruso). Noes, none. Excused, 1 (Eli).

SCRep. 807 Finance on H.B. No. 930

The purpose of this measure is to exempt certain types of specific alternative investment fund information from the public records disclosure requirements of Chapter 92F, Hawaii Revised Statutes, because the disclosure of such information would put the Employees' Retirement System at a competitive disadvantage and frustrate its legitimate government function.

Your Committee received testimony in support of this measure from the Board of Trustees of the Employees' Retirement System. Your Committee received testimony in opposition to this measure from the Civil Beat Law Center for the Public Interest. Your Committee received comments on this measure from the Office of Information Practices.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 930, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Tam). Noes, 2 (Perruso, Wildberger). Excused, 1 (Nishimoto).

SCRep. 808 Finance on H.B. No. 931

The purpose of this measure is to clarify the Employees' Retirement System's eligibility requirement definitions for service-connected disability retirement and accidental death benefits.

Your Committee received testimony in support of this measure from the Board of Trustees of the Employees' Retirement System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 931, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 809 Finance on H.B. No. 1059

The purpose of this measure is to repeal certain obsolete or unnecessary statutes, which include the Transportation Improvement Special Fund, Kewalo Basin and Honolulu Harbor use permits, and fireboat maintenance requirements.

Your Committee received testimony in support of this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1059 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 810 Finance on H.B. No. 1081

The purpose of this measure is to improve equitable access to safe sidewalk networks by requiring the Department of Transportation and each county's transportation department to create and maintain a priority list of sidewalk installation and improvement projects and publish the priority list on their respective websites.

Your Committee received testimony in support of this measure from the Hawaii Bicycling League, Waikiki Neighborhood Board, and one individual. Your Committee received comments on this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1081, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 811 Finance on H.B. No. 1130

The purpose of this measure is to:

- (1) Require the Office of Planning to hire a contractor to, among other things, identify and assess alternative financing, project delivery, and cost recovery mechanisms to recapture the State's upfront investment in transit-oriented development infrastructure;
- (2) Require the contractor to consult with representatives of certain governmental entities in conducting the study;
- (3) Require the Office of Planning to report to the Legislature on its findings and recommendations; and
- (4) Authorize the issuance of general obligation bonds.

Your Committee received testimony in support of this measure from the Hawaii Interagency Council for Transit-Oriented Development. Your Committee received comments on this measure from the Office of Planning.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1130, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 812 Finance on H.B. No. 434

The purpose of this measure is to establish a non-commercial aircraft landing fee and non-commercial aircraft storage fee and direct the proceeds into the Airport Revenue Fund.

Your Committee received testimony in opposition to this measure from the Airports Division of the Department of Transportation and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 434, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 813 Finance on H.B. No. 485

The purpose of this measure is to amend the amount of the rental motor vehicle surcharge tax from \$5 to an unspecified amount.

Your Committee received testimony in opposition to this measure from the Avis Budget Group and Enterprise Holdings. Your Committee received comments on this measure from the Department of Taxation, Department of Transportation, Tax Foundation of Hawaii, and Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 485, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 814 Finance on H.B. No. 510

The purpose of this measure is to provide relief to low-income persons by establishing a vehicle registration fee tax credit for individuals who are eligible for a refundable food/excise tax credit greater than \$0.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 510, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 815 Finance on H.B. No. 598

The purpose of this measure is to:

- (1) Establish the offense of unlawful shipment of tobacco products;
- (2) Increase the license fee for persons engaged as a wholesaler or dealer of cigarettes and tobacco products;
- (3) Increase the retail tobacco permit fee for retailers engaged in the retail sale of cigarettes and tobacco products;
- (4) Allocate a portion of funds collected from excise taxes on tobacco products to health education and prevention programs concerning the risks and dangers of the use of electronic smoking devices for youth; and
- (5) Repeal various statutory provisions relating to electronic smoking devices.

Your Committee received testimony in support of this measure from the Hawaii Dental Association, Hawaii Substance Abuse Coalition, Blue Zones Project, and two individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii, American Vaping Association, VOLCANO Vape Shops, Hawaii Smokers Alliance, Namaste Vapors, Americans for Tax Reform, and numerous individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Health, Department of the Attorney General, American Heart Association, Hawaii State Teachers Association, Hawaii Food Industry Association, Tax Foundation of Hawaii, AlohaCare, Coalition for a Tobacco-Free Hawai'i, American Cancer Society Cancer Action Network, American Lung Association in Hawaii, Hawaii Petroleum Marketers Association, and eleven individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 598, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 816 Finance on H.B. No. 766

The purpose of this measure is to authorize the Department of Transportation to assess, impose, levy, and collect impact fees for capital costs relating to the development of state highway improvements when the Department determines that a privately owned roadway that connects to a state highway and is commonly used by the public is a substantial danger to the public health and safety.

Your Committee did not receive testimony on this measure.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 766, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 817 Finance on H.B. No. 824

The purpose of this measure is to require certain carriers or persons that transport liquor from outside the State for delivery in the State to prepare and file a monthly report with each county liquor commission or county liquor control adjudication board.

Your Committee received testimony in support of this measure from the Hawaii Liquor Wholesalers Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 824, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 818 Finance on H.B. No. 1321

The purpose of this measure is to require and appropriate funds for the Department of Transportation or appropriate county agency to post depth gauge signs on public highways in a manner consistent with the Federal Highway Administration's Manual on Uniform Traffic Control Devices.

Your Committee received testimony in support of this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1321, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 819 Finance on H.B. No. 1174

The purpose of this measure is to:

(1) Amend the Motion Picture, Digital Media, and Film Production Income Tax Credit by:

- (A) Reducing the cap amount and aggregate cap amount of the tax credit;
- (B) Establishing a maximum amount of above-the-line costs that may be used to claim the tax credit;
- (C) Reducing the minimum amount of qualified production costs needed to claim the tax credit;
- (D) Requiring qualified production costs to be incurred through a qualified vendor; and
- (E) Requiring at least seventy-five percent of a qualified production to be filmed in the State if the taxpayer claims a tax credit in excess of \$5,000,000 in a single taxable year; and

(2) Extend the repeal date of the Motion Picture, Digital Media, and Film Production Income Tax Credit from January 1, 2026, to January 1, 2033.

Your Committee received testimony in opposition to this measure from the Honolulu Film Office, American Federation of Musicians Local 677, and one individual. Your Committee received comments on this measure from the Department of Taxation; Department of the Attorney General; Department of Business, Economic Development, and Tourism; Office of Economic Development of the County of Kaua'i; Tax Foundation of Hawaii; Motion Picture Association, Inc.; IATSE Local 665; SAG-AFTRA Hawaii Local; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1174, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (McDermott). Noes, 1 (Wildberger). Excused, 1 (Eli).

SCRep. 820 Judiciary & Hawaiian Affairs on H.B. No. 775

The purpose of this measure is to rename the Kahului Airport Access Road on the island of Maui to the Mayor Elmer F. Cravalho Way.

Your Committee received testimony in support of this measure from one member of the Maui Council and four individuals. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that Mayor Elmer F. Cravalho was a prominent and influential figure in Maui's history. Mayor Cravalho held various leadership positions in the public and private sectors, having served as the first Speaker of the House of Representatives from 1959 to 1967, and then the first Mayor of Maui until July 24, 1979. Mayor Cravalho is credited for much of Maui's development, including the waterline from Wailuku to Wailea, which enabled the development of Kihei. This measure will honor Mayor Cravalho's dedication to civil service and the people of Maui by renaming the Kahului Airport Access Road the Mayor Elmer F. Cravalho Way.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 775 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 821 Judiciary & Hawaiian Affairs on H.B. No. 663

The purpose of this measure is to amend the manner in which members are appointed to the Game Management Advisory Commission to require appointment of members by the Governor from a lists of names submitted by the President of the Senate and the Speaker of the House of Representatives.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee notes that the Game Management Advisory Commission may, among its other duties, recommend policies and criteria regarding the management, protection, and promotion of public hunting in Hawaii and may recommend amendments to existing Department of Land and Natural Resources' policies and procedures relating to hunting. Your Committee finds that providing the President of the Senate and the Speaker of the House of Representatives with the opportunity to be involved in the selection of members of the Game Management Advisory Commission will provide the Legislature with a broader level of involvement in shaping the membership, and hence the priorities, of the Game Management Advisory Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 663, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 822 Judiciary & Hawaiian Affairs on H.B. No. 1029

The purpose of this measure is to repeal Act 15, Special Session Laws of Hawaii 2009, which established living park planning councils.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that Act 15, Special Session Laws of Hawaii 2009, established a living park planning council to develop a master plan for Ahupua'a 'O Kahana State Park. However, after ten years and numerous meetings, the community-based planning council could not develop the framework for a master plan for the park, and the Department of Land and Natural Resources subsequently engaged a private planning contractor to initiate the master planning process.

Your Committee further finds that a report finalized in 2019 identified three issues that needed resolution before proceeding on the master plan. To date, there have been no further discussions and no resolution of these issues. Your Committee finds that based on the lack of action on the master plan and in consideration of the limited resources and other pressing state priorities brought about by the COVID-19 pandemic, it is in the public interest to repeal Act 15, Special Session Laws of Hawaii 2009.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1029 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Tokioka, Ward).

SCRep. 823 Judiciary & Hawaiian Affairs on H.B. No. 1105

The purpose of this measure is to amend the appointing authorities and qualifications of members to the Candidate Advisory Council for the Board of Regents of the University of Hawaii and adjust member term limits.

Your Committee received testimony in support of this measure from the University of Hawai'i Student Caucus, Academic Labor United, Young Progressives Demanding Action, and ten individuals. Your Committee received comments on this measure from the Association of Emeritus Regents University of Hawai'i.

Your Committee finds that the primary task for the Candidate Advisory Committee for the Board of Regents of the University of Hawaii is to recruit, evaluate, and present to the Governor qualified candidates for nomination to a vacant seat on the Board of Regents. Your Committee further finds that the Board of Regents formulates policy and exercises control over the only public institution of higher education in the State, and has exclusive jurisdiction over the internal structure, management, and operation of the university.

Your Committee believes that to ensure that the Board of Regents and its decisions reflect the diverse interests of the people of the State, the Candidate Advisory Committee should vet potential regents that reflect such diverse interests. This measure promotes the inclusion of members who reflect a greater cross-section of the community and will bring varied knowledge, experiences, and perspectives to the task of determining qualified candidates for nomination to vacant seats on the University of Hawaii Board of Regents.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1105, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 824 Judiciary & Hawaiian Affairs on H.B. No. 1263

The purpose of this measure is to:

- (1) Prohibit any person whose driver's license has been revoked or who has been convicted from being eligible for a driver's license without providing proof of compliance with the ignition interlock law; and
- (2) Establish a system of graduated penalties for violations of the ignition interlock law.

Your Committee received testimony in support of this measure from the Department of Transportation, Office of the Prosecuting Attorney of the County of Kaua'i, Mothers Against Drunk Driving Hawaii, Smart Start LLC, Casanova Powell Consulting, Responsibility.org, Traffic Injury Research Foundation, AAA Hawaii, Hawaii Strategic Highway Safety Plan, and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that ignition interlock devices play a direct role in preventing an individual from being a repeat offender of driving while under the influence of an intoxicant. Your Committee believes that these devices are effective at keeping roads safe and ensuring that offenders have complied with ignition interlock devices laws. This measure will protect the public from repeat offenders who put themselves and others at risk when they decide to drive under the influence of an intoxicant by expanding on the existing ignition interlock device law.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1263, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (D. Kobayashi). Excused, 3 (LoPresti, Tokioka, Ward).

SCRep. 825 Judiciary & Hawaiian Affairs on H.B. No. 1086

The purpose of this measure is to:

- (1) Provide veterinarians who provide emergency care to a sick or injured animal immunity from civil liability in the absence of gross negligence;
- (2) Provide veterinarians, who render emergency treatment when there is no veterinarian-client-patient relationship, immunity from civil liability in the absence of gross negligence; and
- (3) Require veterinarians to report events of animal injury, death, or abuse to law enforcement when there is reasonable cause to believe that the event relates to dogfighting or animal abuse, and to provide immunity from civil liability for veterinarians making these reports.

Your Committee received testimony in support of this measure from the Hawaii Board of Veterinary Medicine, Hawaiian Humane Society, Hawaii Association of Animal Welfare Agencies, Hawaii Veterinary Medical Association, Animal Interfaith Alliance in Britain, Pono Advocacy, and numerous individuals. Your Committee received comments on this measure from the Humane Society Veterinary Medical Association.

Your Committee finds that veterinarians who render aid in good faith and absent gross negligence should be permitted to use their skills to provide emergency aid to animals without the fear of civil liability. This measure increases the protection of animal health and welfare by providing the appropriate civil immunity to veterinarians.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1086, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Tokioka, Ward).

SCRep. 826 Judiciary & Hawaiian Affairs on H.B. No. 282

The purpose of this measure is to expand the circumstances where a minor may consent to a no-cost emergency shelter and related services to include cases where the provider is coordinating with child welfare services.

Your Committee received testimony in support of this measure from Partners In Care, Oahu's Continuum of Care; Residential Youth Services & Empowerment; Hawaii Youth Services Network; Hawai'i Health & Harm Reduction Center; Catholic Charities Hawai'i; and one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness and Department of Human Services.

Your Committee finds that youth experiencing homelessness in the State is a growing issue that needs to be addressed separately from adult and family homelessness. Your Committee further finds that programs that provide services to youths are currently prohibited from sheltering youth under the age of eighteen. As a result, homeless youth are left without a safe space to sleep at night and many often partner with older adults and end up in unlawful, exploitive situations. This measure seeks to increase access to emergency shelter for homeless youth by expanding the circumstances under which a minor may consent to no cost emergency shelter.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 282, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Tokioka, Ward).

SCRep. 827 Judiciary & Hawaiian Affairs on H.B. No. 339

The purpose of this measure is to expedite the process for appealing family court orders by making the orders appealable directly to the Hawaii Supreme Court instead of the Intermediate Court of Appeals.

Your Committee received testimony in opposition to this measure from the Judiciary.

Your Committee finds that some family court cases have taken up to eight years to be resolved. Your Committee further finds that the long delays experienced by parents and children in these cases raises due process concerns. This measure will expedite the resolution of family court cases by making family court orders directly appealable to the Hawaii Supreme Court.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 339, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Ward). Excused, 2 (Takumi, Tokioka).

SCRep. 828 Judiciary & Hawaiian Affairs on H.B. No. 1102

The purpose of this measure is to prohibit the intentional release of balloons inflated with a gas that is lighter than air.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Reef and Ocean Coalition, The Humane Society of the United States, Precious Plastics Hawai'i, Beach Environmental Awareness Campaign Hawai'i, Hawai'i Wildlife Fund, Pacific Whale Foundation, Surfrider O'ahu, thirteen individuals, and a petition with numerous individuals.

Your Committee finds that balloons inflated with a gas that is lighter than air pose a significant danger and nuisance to the environment, particularly to wildlife and marine animals who often mistake the balloons for food and ingest them, causing severe injury or death. This measure ensures the health and safety of the State's wildlife by prohibiting the release of balloons inflated with lighter-than-air gases.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1102, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (D. Kobayashi). Noes, none. Excused, 3 (LoPresti, Tokioka, Ward).

SCRep. 829 Judiciary & Hawaiian Affairs on H.B. No. 902

The purpose of this measure is to:

- (1) Exempt lands set aside by the Governor to the Hawaii Housing Finance and Development Corporation and lands leased to the Hawaii Housing Finance and Development Corporation by any state department or agency, from classification as public lands subject to Department of Land and Natural Resources management;
- (2) Require the land to be subject to legislative approval prior to the sale or gift of those lands; and
- (3) Require state department or agency lands leased or set aside to the Hawaii Housing Finance and Development Corporation that are no longer needed for housing, finance, or development, to be returned to the state department or agency that leased or approved the set aside of the lands to the Hawaii Housing Finance and Development Corporation.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development and Tourism; Hawaii Housing Finance and Development Corporation; Stanford Carr Development, LLC; and Land Use Research Foundation of Hawaii. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs, Kūpuna for the Mo'opuna, and one individual.

Your Committee finds that setting aside land for the Hawaii Housing Finance and Development Corporation will help in streamlining the development of affordable housing on state lands by reducing the number of approvals required by the Department of Land and Natural Resources.

Your Committee notes the suggested amendment offered by the Office of Hawaiian Affairs to minimally recognize and protect Native Hawaiian claims to "ceded" lands that may be subject to the broad leasing authorities of the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 902, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (D. Kobayashi). Excused, 3 (LoPresti, Tokioka, Ward).

SCRep. 830 Finance on H.B. No. 103

The purpose of this measure is to:

- (1) Clarify that the powers granted for emergency purposes shall not be inconsistent with the Hawaii State Constitution;
- (2) Provide parameters for the duration of suspension of laws and require justification for the suspension;
- (3) Provide for the termination or extension of a proclamation of a state of emergency; and
- (4) Allow a separate proclamation arising from the same emergency or disaster as a previous proclamation that expired, upon request of the Governor and adoption of a concurrent resolution by the Legislature.

Your Committee received testimony in support of this measure from one member of the Kaua'i County Council; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Emergency Management Agency, Maui Chamber of Commerce, and four individuals. Your Committee received comments on this measure from Common Cause Hawaii, League of Women Voters, and The Heartland Institute.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 103, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 831 Finance on H.B. No. 273

The purpose of this measure is to authorize the Director of Transportation to adopt emergency rules to allow for license renewals to be completed by mail or online.

Your Committee received comments on this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 273, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 832 Finance on H.B. No. 572

The purpose of this measure is to:

- (1) Specify that the Hawaii Emergency Management Agency is administratively attached to, rather than established within, the Department of Defense;
- (2) Make the Administrator of Hawaii Emergency Management Agency the Director of the Hawaii Emergency Management Agency and require the Administrator to report directly to the Governor; and
- (3) Require the Governor, rather than the Director of the Hawaii Emergency Management Agency, to appoint the Administrator of the Hawaii Emergency Management Agency.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawaii Emergency Management Agency.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 572, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 833 Finance on H.B. No. 573

The purpose of this measure is to:

- (1) Require the Joint Legislative Budget Committee, under certain circumstances, to convene and make recommendations to the Legislature regarding federal funds;
- (2) Provide the Legislature with the opportunity to convene in special session in accordance to the Constitution to act on the recommendations or, if the Legislature does not convene in special session, otherwise authorizes the Governor to expend federal funds pursuant to the Governor's emergency powers;
- (3) Appropriate federal funds for COVID-19 response; and
- (4) Require funding of certain programs to be paid for from a county's share of federal funds.

Your Committee received testimony in opposition to this measure from the Mayor of the County of Maui.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 573, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 834 Finance on H.B. No. 723

The purpose of this measure is to authorize the use of funds received from the Coronavirus Aid, Relief, and Economic Security Act for the purchase and distribution of personal protective equipment and industrial hygiene projects to state departments and attached agencies.

Your Committee received testimony in support of this measure from the State Procurement Office, Department of Health, Department of Education, Department of Defense, and Hawaii Primary Care Association. Your Committee received comments on this measure from the Department of Labor and Industrial Relations Office of Community Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 723, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 835 Finance on H.B. No. 765

The purpose of this measure is to appropriate funds for the Hawaii Emergency Management Agency to acquire mobile communications, water, and power service capabilities that can be deployed to each county as needed.

Your Committee received testimony in support of this measure from the Mayor of the County of Maui and one individual. Your Committee received comments on this measure from the Hawaii Emergency Management Agency.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 765, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 836 Finance on H.B. No. 825

The purpose of this measure is to specify that the Governor's emergency powers include the ability to assume control, use, or operation of any state facility at no cost or requirement of compensation.

Your Committee received testimony in opposition to this measure from the Hawaii Emergency Management Agency and one individual. Your Committee received comments on this measure from the League of Women Voters of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 825, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 837 Finance on H.B. No. 954

The purpose of this measure is to convert certain employees of the Hawaii Emergency Management Agency from civil service status to exempt status.

Your Committee received testimony in support of this measure from the Hawaii Emergency Management Agency and Hawaii State Energy Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 954, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 838 Finance on H.B. No. 1286

The purpose of this measure is to establish a statewide uniform law regarding mandatory self-quarantine rules and requirements. Specifically, this measure:

- (1) Exempts any person from post-arrival mandatory self-quarantine if the person receives a negative test result prior to arrival;
- (2) Specifies that any person who does not obtain a negative test result prior to arrival in the State will be responsible for all costs associated with that person's mandatory self-quarantine and isolation;
- (3) Authorizes the Governor to establish conditions for exemptions;
- (4) Requires certain COVID-19 tests for travelers who do not have a test result upon arrival; and

- (5) Specifies that the statewide uniform law regarding mandatory self-quarantine rules and requirements cannot be suspended except by the adoption of a concurrent resolution by the Legislature.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii; Hawai'i Farm Bureau; Hawaii Food Industry Association; Retail Merchants of Hawaii; Roberts Hawaii, Inc.; Barrel and BBQ LLC; Ala Muku Vacation Rentals; Enterprise Holdings; Kona-Kohala Chamber of Commerce; Hawai'i Lodging & Tourism Association; Sheraton Kauai Resort; Airlines for America; Napili Kai Beach Resort; Surfjack Hotel & Swim Club; Embassy Suites by Hilton Waikiki Beach Walk; Imanaka Asato; Prince Waikiki Hotel & Hawaii Prince Golf Club; Waikiki Improvement Association; Springboard Hospitality; HIGHGATE Hotels in Hawaii; The Laylow; Waikiki Resort Hotel; T S Restaurants; The Ritz-Carlton Residences, Waikiki Beach; and nine individuals. Your Committee received testimony in opposition to this measure from one member of the Maui County Council, Hawai'i Doctors Pandemic Advisory Committee, Pono Hawai'i Initiative, Maui Chamber of Commerce, and numerous individuals. Your Committee received comments on this measure from the Department of Health, Hawai'i Tourism Authority, Hawaii Emergency Management Agency, Waikiki Neighborhood Board, Hawaii Medical Service Association, Knights of Aloha, and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1286, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Marten). Noes, 3 (B. Kobayashi, Perruso, Wildberger). Excused, none.

SCRep. 839 Finance on H.B. No. 1324

The purpose of this measure is to establish a commercial rent relief grant program for owners of properties classified as commercial, hotel and resort, or industrial under county real property tax classifications, under certain circumstances.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii; Hawai'i Farm Bureau; Maui Chamber of Commerce; Suzuki Properties, LLC; Blue Ginger; Maui Brewing Co.; Eggs 'n Things; Hawai'i Association of REALTORS; HawaiiUSA Federal Credit Union; D'Vine Kailua Wine Bar; Hawai'i Lodging & Tourism Association; Hawaii Food Industry Association; NAIOP Hawaii; Hawai'i Executive Collaborative; BOMA Hawaii; Rock N Fun LLC; Retail Entertainment Concepts, Inc. dba Jungle Fun Island; Retail Merchants of Hawaii; Island Business Management Hawaii; and one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; and Hawaii Bankers Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1324, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 840 Finance on H.B. No. 432

The purpose of this measure is to extend the earned income tax credit by five additional years.

Your Committee testimony in support of this measure from Americans for Democratic Action; Hawai'i Appleseed Center for Law and Economic Justice, Hawaii Children's Action Network Speaks!; Chamber of Commerce Hawaii; and Hawai'i Public Health Institute. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and Hawai'i Budget & Policy Center.

Your Committee finds that Act 107, Session Laws of Hawaii 2017, established a nonrefundable state earned income tax credit at twenty percent of the federal earned income tax credit and is set to not apply to taxable years beginning after December 31, 2022.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 432, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 432, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 841 Finance on H.B. No. 54

The purpose of this measure is to make technical amendments to the budget allotment modification law.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 1, which amends this measure by deleting its contents and inserting language that:

- (1) Appropriates an unspecified amount for fiscal year 2020-2021, to be deposited into the Emergency and Budget Reserve Fund; and
- (2) Inserts a retroactive effective date of June 29, 2021.

Your Committee received comments on the proposed H.D. 1 from the Department of Budget and Finance.

Your Committee finds that expenditures from the Emergency and Budget Reserve Fund are a temporary supplemental source of funding for the State during times of emergency, economic downturn, or unforeseen reduction in revenues. Your Committee further finds that the proposed H.D. 1 is intended to replenish the Emergency and Budget Reserve Fund, which is a prudent step to address the current COVID-19 pandemic and ensure necessary services continue to be provided to residents of the State.

Your Committee has amended this measure by adopting the proposed H.D. 1 and further amending the measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 54, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 54, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 842 Finance on H.B. No. 1

The purpose of this measure is to appropriate funds to provide for the expenses of the Legislature, Auditor, Legislative Reference Bureau, Ombudsman, and Hawaii State Ethics Commission.

Prior to decision making on this measure, your Committee made available for public review a proposed H.D. 1, which amends this measure by inserting various appropriation amounts for the expenses of the various offices of the legislative branch.

Your Committee received testimony in support of the proposed H.D. 1 from the Hawai'i State Ethics Commission, Office of the Ombudsman, Office of the Auditor, and Office of the Chief Clerk of the Hawaii House of Representatives. Your Committee received comments on the proposed H.D. 1 measure from the Legislative Reference Bureau, League of Women Voters of Hawaii, and one individual.

Your Committee finds that this measure appropriates sufficient funds to defray the necessary expenses of the Senate and House of Representatives up to June 30, 2022, including session and nonsession expenses, the legislative information system cost items, the cost of the legislative broadcasting program, and certain employee vacation payments. Your Committee further finds that this measure also appropriates sufficient funds to defray the necessary expenses of the Office of the Auditor, Legislative Reference Bureau, Office of the Ombudsman, and Hawaii State Ethics Commission for fiscal year 2021-2022.

Your Committee has amended this measure by adopting the proposed H.D. 1.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 843 Finance on H.B. No. 1298

The purpose of this measure is to transfer to the general fund the unencumbered balances of various non-general funds from various state departments.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Volunteer Legal Services Hawai'i, Center for Hawaiian Sovereignty Studies, and one individual.

Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs, Judiciary, Department of Hawaiian Home Lands, Department of Agriculture, Department of Public Safety, Department of Human Resources Development, Department of Land and Natural Resources, Department of Education, Department of Defense, Department of Transportation, University of Hawai'i System, Office of Hawaiian Affairs, Hawaii State Public Library System, Office of Enterprise Technology Services, Board of Education, Stadium Authority, Hawaii Green Infrastructure Authority, Natural Energy Laboratory of Hawaii Authority, Crime Victim Compensation Commission, Statewide Automated Victim Information and Notification Governance Committee of the Crime Victim Compensation Commission, McKinley Community School for Adults, Office of the Prosecuting Attorney for the County of Hawai'i, Department of the Prosecuting Attorney for the County of Maui, Honolulu Police Department, Maui Police Department, State Foundation on Culture and the Arts, Hawai'i Tourism Authority, Hawaii Athletic Trainers' Association, Hawaii Substance Abuse Coalition, Mothers Against Drunk Driving Hawaii, PHOCUSED, Family Law Section of the Hawai'i State Bar Association, Healthcare Association of Hawaii, Appellate Section of the Hawaii State Bar Association, Hawaii Bicycling League, American Heart Association, Hawaii County Bar Association, North Shore Community Land Trust, The Sex Abuse Treatment Center, Hawaiian Islands Land Trust, Hawaii State Bar Association, Wilcox Medical Center, Peer Education Program at Aiea High School, The Trust for Public Land, Maunaloa Fishpond Heritage Center, Airlines for America, Enterprise Holdings, Conservation Council for Hawai'i, Ke Ao Hali'i, Hawai'i Pacific Health, The Queen's Health Systems, Obesity Prevention Task Force of the Hawai'i Public Health Institute, Legal Aid Society of Hawai'i, The Nature Conservancy Hawai'i, Hawai'i Access to Justice Commission, Airport Concessionaires Committee, Hope Services, Hawaii State Coalition Against Domestic Violence, Kua'āina Ulu 'Auamo, Ala Kahakai Trail Association, Hoi Mai Ka Lei I Mamo, Livable Hawaii Kai Hui, and numerous individuals.

Your Committee received comments on this measure from the Department of Taxation; Department of Labor and Industrial Relations; Department of the Attorney General; Department of Budget and Finance; Department of Health; Department of Human Services; Department of Business, Economic Development, and Tourism; Hawaii Housing Finance and Development Corporation; Hawaii State Energy Office; Public Utilities Commission; Employees' Retirement System; State Health Planning and Development Agency; Disability and Communication Access Board; Hawaii Technology Development Corporation; Hawaii Health Systems Corporation; Hawai'i State Center for Nursing; Department of the Prosecuting Attorney of the City and County of Honolulu; Catholic Charities Hawai'i; Hawaii Justice Foundation; Domestic Violence Action Center; Tax Foundation of Hawaii; The Mediation Center of the Pacific, Inc.; Parents and Children Together; Airlines Committee of Hawaii; and three individuals.

Your Committee finds that various non-general funds from the various state departments have unencumbered balances that are substantially more than is required to fund the related programs associated with these funds.

Accordingly, your Committee has amended this measure by:

- (1) Lapsing only the amounts to the general fund for various non-general funds that are either inactive or have been determined by each state department to be in excess of the requirements of the funds;
- (2) Ensuring that if this measure is signed into law after June 30, 2021, it shall retroactively take effect on that date; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1298, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1298, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 844 Finance on H.B. No. 1299

The purpose and intent of this measure is to repeal various non-general funds and transfer the unencumbered balances remaining in those funds to the general fund.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and Center for Hawaiian Sovereignty Studies.

Your Committee received testimony in opposition to this measure from the Judiciary, Department of Commerce and Consumer Affairs, Department of Hawaiian Home Lands, Department of Human Resources Development, Department of Land and Natural Resources, Department of Agriculture, Department of Education, Department of Transportation, University of Hawaii System, Office of Hawaiian Affairs, Crime Victim Compensation Commission, State Foundation on Culture and the Arts, Enhanced 911 Board, Hawaii Tourism Authority, Natural Energy Laboratory of Hawaii Authority, Public Utilities Commission, Board of Education, Aloha Stadium, Hawaii State Public Library System, Office of Enterprise Technology Services, Hawaii Health Systems Corporation, Honolulu Police Department, Hawaii Fire Department, Hawaii Police Department, Office of the Prosecuting Attorney of the County of Hawaii, Department of the Prosecuting Attorney of the County of Maui, Maui Police Department, Healthcare Association of Hawaii, The Queen's Health Systems, Farrell & Perrault, Wilcox Medical Center, Hawaii Pacific Health, Action with Aloha LLC, Hawaii Athletic Trainers' Association, Hawaii Substance Abuse Coalition, Mothers Against Drunk Driving Hawaii, Lanai Community Health Center, Hawaii COPD Coalition, Hawaii State Rural Health Association, Hilo Medical Center Foundation, Hawaii State Bar Association, Appellate Section of the Hawaii State Bar Association, Hawaii County Bar Association, Waipahu Community School for Adults, Sex Abuse Treatment Center, American Heart Association, Hawaiian Islands Land Trust, Peer Education Program at Aiea High School, The Trust for Public Land, Maunaloa Fishpond Heritage Center, Conservation Council for Hawaii, Coalition for a Tobacco-Free Hawaii, Legal Aid Society of Hawaii, Hawaii State Center for Nursing, Hawaii Access to Justice Commission, The Nature Conservancy of Hawaii, American Cancer Society Cancer Action Network, Hope Services, DTRIC Insurance, Papa Ola Lokahi, Hawaii State Coalition Against Domestic Violence, Keiki Injury Prevention Coalition, Kuaaina Ulu Auamo, Ala Kahakai Trail Association Board, Hoi Mai Ka Lei I Mamo, Livable Hawaii Kai Hui, and numerous individuals.

Your Committee received comments on this measure from the Department of the Attorney General; Department of Taxation; Department of Labor and Industrial Relations; Department of Budget and Finance; Department of Public Safety; Department of Health; Department of Human Services; Department of Business, Economic Development, and Tourism; Hawaii Green Infrastructure Authority; Hawaii Housing Finance and Development Corporation; State Health Planning and Development Agency; Disability Communication Access Board; Hawaii State Energy Office; Hawaii Technology Development Corporation; County of Hawaii; Catholic Charities Hawaii; Volunteer Legal Services Hawaii; Hawaii Justice Foundation; Tax Foundation of Hawaii; PHOCUSED; North Shore Community Land Trust; Parents and Children Together; and two individuals.

Your Committee finds that budgetary constraints brought about by the coronavirus disease 2019 pandemic require scrutiny of all funds to determine whether the State's financial resources are being deployed effectively and efficiently. This measure repeals and abolishes various funds that no longer serve their purpose and restructures certain programs so that they may be more efficiently funded through general funds.

Your Committee has amended this measure by:

- (1) Deleting the funds that did not meet the criteria for repeal or abolishment established by the Committee; and
- (2) Adding provisions that incorporate the recommendations made by the Auditor in the Auditor's review of special funds, revolving funds, trust funds, and trust accounts in Auditor Report Nos. 19-05, 19-16, 20-01, 20-03, 20-16, 20-17, 20-18, and 21-02.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1299, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1299, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 845 Consumer Protection & Commerce on H.B. No. 554

The purpose of this measure is to require sellers to include, in the mandatory residential real estate transactions disclosure statements to buyers, information about the residential real property lying within the sea level rise exposure area as designated by the Hawaii Climate Change Mitigation and Adaptation Commission or its successor.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Climate Change Mitigation & Adaptation Commission; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Hawai'i Reef and Ocean Coalition; Hawaii Shore and Beach Preservation Association; Hawai'i Association of REALTORS; Imua Alliance; Surfrider Foundation – Hawai'i Region; Sierra Club of Hawai'i; and eight individuals. Your Committee received comments on this measure from the Office of Planning.

Your Committee finds that a property's vulnerability to sea level rise is a material fact for the purposes of mandatory disclosures in residential real estate sales, as it would be expected to measurably affect the value of the property. Your Committee further finds that it is critical for buyers to understand the hazards and risks they are assuming when purchasing oceanfront property, in the spirit of transparency and disclosure and to support informed decision making by buyers and government agencies.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that should this measure continue to progress through the legislative process, that the effective date of this measure is recommended to be May 1, 2022, which coincides with the release date for the Hawai'i Association of REALTORS Standard Forms.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 554, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 554, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 846 Consumer Protection & Commerce on H.B. No. 96

The purpose of this measure is to increase the maximum area for each agricultural shade cloth structure, cold frame, or greenhouse not used as a dwelling or lodging unit, that qualifies the structure for exemption from building permit and building code requirements.

Your Committee received testimony in support of this measure from the Department of Agriculture, Office of Planning, College of Tropical Agriculture and Human Resources of the University of Hawai'i at Mānoa, Hawai'i Farm Bureau, Hawaii Farming LLC, Big Island Produce Asset Holdings LLC, Aloun Farms, Ulupono Initiative, and one individual. Your Committee received comments on this measure from Hydroponics Alternatives LLC.

Your Committee finds that the COVID-19 pandemic has highlighted the need to diversify the State's economy, including the promotion of agricultural production. Your Committee further finds that certain low-risk agricultural structures -- i.e., agricultural shade cloth structures, cold frames, and greenhouses -

- are provided a limited exemption from county building permits and building code requirements. By expanding the limited exemption for these specific low-risk agricultural structures, farmers will have the ability to flex their operations for bigger and more cost-effective protective structures to shelter crops from pest infestation, extreme temperature, excessive rains, long droughts, and feral animals. The broadened exemption proposed by this measure will aid in furthering agricultural production and development in the State.

Your Committee has amended this measure by changing its effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 96, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 96, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 847 Consumer Protection & Commerce on H.B. No. 125

The purpose of this measure is to establish The Uniform Employee and Student Online Privacy Protection Act, a uniform law that protects the online accounts of employees, prospective employees, job applicants, unpaid interns, independent contractors, students, and prospective students, from employers and educational institutions.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Civil Rights Commission, and Commission to Promote Uniform Legislation.

Your Committee finds that online accounts, including social media accounts, electronic mail, and trading and banking accounts, contain sensitive personal information. Your Committee further finds that, where online accounts are not associated with, managed by, or in any other manner connected with an individual's educational institution or employer, the educational institution or employer should be prevented from using its authority to leverage access to these online accounts. Your Committee finds, however, that there are exceptional situations in which online accounts may have information to further compelling interests. This measure provides necessary protections to individual's private information while allowing for very narrow and justified exceptions.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 125, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 848 Consumer Protection & Commerce on H.B. No. 542

The purpose of this measure is to remove the prescription drug Epidiolex and approved generic versions of that drug that contain cannabidiol derived from cannabis and no more than 0.1 percent (w/w) residual tetrahydrocannabinols from schedule V of the Uniform Controlled Substances Act.

Your Committee received testimony in support of this measure from Greenwich Biosciences and one individual.

Your Committee finds that the Agriculture Improvement Act of 2018 (P.L. 115-334), modified the regulatory controls over cannabis, tetrahydrocannabinols, and other cannabis-related constituents in the federal Controlled Substances Act. In April 2020, the United States Drug Enforcement Agency notified the manufacturer of Epidiolex of its removal from the federal schedule V and officially removed its designation through an interim final rule issued in August 2020. This measure is necessary to conform the Uniform Controlled Substances Act with the federal treatment of Epidiolex and approved generic versions of that drug.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 542, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 542, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 849 Consumer Protection & Commerce on H.B. No. 593

The purpose of this measure is to expand the definition of "beer" to specify an alcohol by volume of no less than 0.5 percent and to include alcoholic seltzer beverages.

Your Committee received testimony in support of this measure from Beer Lab HI, Honolulu Beerworks, Maui Brewing Co., Lanikai Brewing Company, and Hawaiian Craft Brewers Guild. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the existing statutory definition of "beer" follows the traditional basic ingredients used in historical beer manufacturing. However, this definition does not adequately reflect the expansion of the craft beer manufacturing sector and is not in alignment with the federal definition. This measure will alleviate these inconsistencies.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 593, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 850 Finance on H.B. No. 237

The purpose of this measure is to appropriate funds to the Department of Agriculture for the mitigation and control of the two-lined spittlebug and to fund recovery efforts.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Big Island Invasive Species Committee; Hawaii Farm Bureau; McCandless Ranch; Land Use Research Foundation of Hawaii; Ponoholo Ranch Limited; Larry Jefts Farms, LLC; Hawaii Meats LLC; Ulupono Initiative; Ulupalakua Ranch; Hawaii Cattlemen's Council, Inc.; Local Food Coalition; Haleakala Ranch; Peter De Luz Ranch, LLC; New Island Feed, Inc.;

Kealia Ranch; Rocker G Livestock; Maui Cattlemen's Association; Parker Ranch, Inc.; and ten individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 237, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 237, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 851 Judiciary & Hawaiian Affairs on H.B. No. 756

The purpose of this measure is to re-designate one of the at-large positions on the Board of Agriculture as an ex officio position to be filled by the Chairperson of the Hawaiian Homes Commission.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and Department of Hawaiian Home Lands. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the interests of agricultural lessees of Hawaiian homesteads should be represented on the Board of Agriculture in a way that does not establish precedent for other stakeholder groups to request expansion of the Board and compromise its ability to govern efficiently.

Your Committee has amended this measure by:

- (1) Designating one of the at-large positions on the Board of Agriculture as the Chairperson of the Hawaiian Homes Commission; and
- (2) Inserting a sunset date of June 30, 2024.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 756, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 756, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Tokioka, Ward).

SCRep. 852 Judiciary & Hawaiian Affairs on H.B. No. 416

The purpose of this measure is to:

- (1) Amend the offense of cruelty to animals in the second degree to prohibit certain restraints and tethers that endanger or deny sustenance to a dog; and
- (2) Authorize the court to assess fines, order performance of community service, require mental health counseling, or order attendance at education classes concerning animal abuse prevention in addition to other penalties.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society, Domestic Violence Hurts Animals and People, Animal Interfaith Alliance in Britain, Pono Advocacy, The Humane Society of the United States, Aloha Animal Advocates, Hawaii Association of Animal Welfare Agencies, Rainbow Friends Animal Sanctuary, and numerous individuals.

Your Committee finds that constant and improper tethering or restraint puts a dog's health and safety at risk. Your Committee further finds that vagueness in existing law makes it difficult for law enforcement officers to take action before an improperly tethered or restrained dog has suffered serious injury or death. This measure establishes clear guidelines for dog owners and law enforcement officers for what constitutes proper tethering.

Your Committee has amended this measure by:

- (1) Amending the additional penalties a court may order a person convicted of an offense of cruelty to animals in the second degree to only include attendance at educational classes concerning animal abuse prevention; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 416, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 416, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 853 Judiciary & Hawaiian Affairs on H.B. No. 1088

The purpose of this measure is to prohibit manufacturers from selling cosmetics in the State that are tested on animals in a cruel manner, beginning on January 1, 2024.

Your Committee received testimony in support of this measure from Cruelty Free International, Keiko Conservation, Animal Rights Hawai'i, Pono Advocacy, The Humane Society of the United States, The Body Shop, Ao Organics Hawai'i, O'o Hawaii, Pure Mana Hawaii, Hawaiian Humane Society, and three individuals. Your Committee received comments on this measure from the Department of Health and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that a global movement toward eliminating animal testing for cosmetics is trending. Modern cosmetic safety testing standards and practices no longer require the use of animals, as there are alternative testing methods, including the use of engineered human tissue and computer models, which are often cheaper and more accurate than animal testing. Your Committee further finds that this measure contains exceptions for special safety concerns, human health problems, an absence of nonanimal testing methods, and other circumstances that provide an appropriate balance.

Your Committee notes the testimony from the Department of the Prosecuting Attorney of the City and County of Honolulu regarding how this measure identifies what constitutes "cruel manner" by referencing the offense of cruelty to animals in the first degree, and the difficulty of proving whether such an

offense occurred. Your Committee further notes that the reference to the offense of cruelty to animals in the first degree may be misplaced as it only references a pet animal or equine animal.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that the prohibition on selling cosmetics that have been tested on animals in a "cruel manner" is in reference to the offense of cruelty to animals in the second degree;
- (2) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1088, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1088, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 854 Finance on H.B. No. 333

The purpose of this measure is to:

- (1) Establish rules, regulations, and procedures for peer-to-peer car-sharing; and
- (2) Establish a Peer-to-Peer Car-Sharing Surcharge Tax on the operator of a peer-to-peer car-sharing program.

Your Committee received testimony in support of this measure from the Internet Association, TechNet, Enterprise Holdings, and Turo, Inc. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice. Your Committee received comments on this measure from the Department of Taxation, Insurance Division of the Department of Commerce and Consumer Affairs, Office of Consumer Protection of the Department of Commerce and Consumer Affairs, Department of Transportation, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying the excluded coverage for motor vehicles made available for rent, sharing, or hire in motor vehicle insurance policies; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 333, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 333, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 855 Judiciary & Hawaiian Affairs on H.B. No. 486

The purpose of this measure is to enable government agencies to maintain roads whose ownership or jurisdiction is in dispute between the State and the counties by:

- (1) Specifying that the maintenance or repair of disputed roads by any agency shall not be deemed to be an indication that the agency has assumed ownership or jurisdiction of the disputed road; and
- (2) Authorizing the State to transfer ownership of roads in favor of counties by quitclaim if requested by the county.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that certain roads in Hawaii are in a state of disrepair due to disputes over ownership and jurisdictional authority between the State and counties. As a result, many of these roads in limbo are not well maintained and may be unsafe for drivers. This measure will enable the maintenance of these roads by allowing a governmental agency to maintain or repair a disputed road without assuming ownership or jurisdiction of the disputed road. This measure will also facilitate the resolution of disputes by specifically allowing the State to transfer any interest in a disputed road by quitclaim to a county upon request.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 486, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 486, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Tokioka).

SCRep. 856 Judiciary & Hawaiian Affairs on H.B. No. 553

The purpose of this measure is to:

- (1) Prohibit knowingly capturing, entangling, or killing a shark in state marine waters, with certain exemptions; and
- (2) Require the Department of Land and Natural Resources to adopt rules to:
 - (A) Ensure that the incidental taking of sharks while targeting other species is not a violation;
 - (B) Prevent the wanton waste of sharks;
 - (C) Limit gear, such as gill nets, in areas identified as shark nursery habitats; and
 - (D) Allow the taking of sharks for subsistence purposes, subject to reasonable regulation by the State for the protection of shark species.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; Hawai'i Institute of Marine Biology of the University of Hawai'i; Animal Rights Hawai'i; The Humane Society of the United States; Humane Society International; Friends of Hanauma Bay; Center for Biological Diversity; Hawaii Reef and Ocean Coalition; For the Fishes; Conservation Council for Hawai'i; Kai Palaoa;

Moana 'Ohana; Ocean Defenders Alliance Hawai'i; Kalanihale; Kahea – The Hawaiian-Environmental Alliance; Sierra Club of Hawai'i; Haereticus Environmental Laboratory; Fair Wind; Environmental Caucus of the Democratic Party of Hawai'i; Legacy Reef Foundation; The Kohala Center; Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.; Save the Sea Turtles International; Conservation Council for Hawai'i; Keiko Conservation; and ten individuals. Your Committee received testimony in opposition to this measure from the Lokahi Fishing, LLC; Waialua Boat Club; and six individuals. Your Committee received comments on this measure from two individuals.

Your Committee finds that sharks play an important role in maintaining healthy marine ecosystems. Your Committee further finds that overfishing, pollution, and other threats can cause serious declines in shark populations. Your Committee recognizes that subsistence fishing and the incidental taking of sharks by fishers targeting other species are not a threat to shark populations, and therefore should not be criminalized. Your Committee also finds that requiring the Department of Land and Natural Resources to adopt rules to limit gear, such as gill nets, in areas identified as shark nursery habitats will further protect shark populations.

Your Committee has amended this measure by:

- (1) Deleting language that would have exempted any person who holds a license or permit issued by the Department of Land and Natural Resources to conduct research or research overseen by a state-approved institutional animal care and use committee from the prohibition against knowingly capturing, entangling, or killing a shark in state marine waters;
- (2) Requiring any person who captures or kills sharks for subsistence fishing purposes to obtain a permit issued by the Department of Land and Natural Resources; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 553, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 553, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (McKelvey). Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 857 Judiciary & Hawaiian Affairs on H.B. No. 1021

The purpose of this measure is to authorize the Department of Land and Natural Resources to enter into the Interstate Wildlife Violator Compact or a similar agreement for mutual assistance in the enforcement of wildlife laws.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaiian Humane Society, Keiko Conservation, Animal Rights Hawai'i, Friends of Hanauma Bay, For the Fishes, The Humane Society of the United States, Hawaii Reef and Ocean Coalition, Moana Ohana, and two individuals.

Your Committee finds that violation of wildlife laws interferes with the management of wildlife resources and may endanger the safety of persons and property. Your Committee also finds that the Interstate Wildlife Violator Compact was created to promote compliance with the laws, regulations, ordinances, resolutions, and administrative rules that related to the management of wildlife resources in the respective member states. This multi-state agreement establishes a process whereby wildlife law violations conducted by a non-resident while in a member state may be handled as if the person were a resident in the state where the violation took place. The Interstate Wildlife Violator Compact also includes a reciprocal recognition of license privilege suspension by member states. Your Committee further finds that Hawaii is currently not a member of the Interstate Wildlife Compact. This measure will enhance Hawaii's ability to protect and manage its wildlife resources.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1021, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1021, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 858 Judiciary & Hawaiian Affairs on H.B. No. 1030

The purpose of this measure is to:

- (1) Repeal the Aquatic Life and Wildlife Advisory Committees under section 197-4, Hawaii Revised Statutes; and
- (2) Make conforming amendments to sections 197-1 and 197-2, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Department of Land and Natural Resources, after thorough review and scrutiny, has determined that the Aquatic Life and Wildlife Advisory Committees have rarely convened or been needed, and as such, are outdated and that the Department remains able to administratively convene a similar advisory committee if it deems it to be necessary.

Your Committee has amended this measure by making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1030, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1030, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 859 Judiciary & Hawaiian Affairs on H.B. No. 1017

The purpose of this measure is to repeal statutory language prohibiting the taking, killing, and possession of female spiny lobsters, Kona crabs, and Samoan crabs to instead allow the Department of Land and Natural Resources to regulate the taking, killing, and possession of these animals through administrative rules.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Lokahi Fishing, LLC; Waialua Boat Club; Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.; Moana Ohana; and six individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure would enable the Department of Land and Natural Resources to adopt more appropriate, science-based regulations for the management of crustaceans through the administrative rulemaking process, under chapter 91, Hawaii Revised Statutes, which provides ample opportunity for public input in the development of rules.

Your Committee has amended this measure by making technical, nonsubstantive amendments for purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1017, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1017, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (McKelvey). Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 860 Finance on H.B. No. 46

The purpose of this measure is to require all habitat conservation plans to include an agreement for plan participants to enter into and maintain an annual service contract with a stand-by and response facility available to provide emergency medical and rehabilitation services to native wildlife affected by activities undertaken within the plan area.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Wildlife Center, and three individuals.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 46, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 46, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 861 Finance on H.B. No. 95

The purpose of this measure is to authorize the issuance of special license plates for recognition and protection of the State's natural resources.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Customer Services of the City and County of Honolulu.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 95, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 95, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 862 Finance on H.B. No. 1019

The purpose of this measure is to establish the Ocean Stewardship Special Fund for the collection and use of monies for the conservation, restoration, and enhancement of the State's marine resources, and to authorize the Department of Land and Natural Resources to collect fees for the use and enjoyment of the State's ocean resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Kua'aina Ulu 'Auamo, Surfrider Foundation, Ocean Tourism Coalition, and five individuals.

Your Committee has amended this measure by:

- (1) Including a five-year sunset for the Ocean Stewardship Special Fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1019, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1019, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (McDermott). Excused, none.

SCRep. 863 Finance on H.B. No. 863

The purpose of this measure is to authorize the issuance of general obligation bonds for the Department of Land and Natural Resources' Forest Stewardship Program for fiscal biennium 2021-2023 to expand and increase existing plant stocks of state tree nurseries, renovate and update the equipment and facilities of the state tree nurseries, and conduct public outreach and education on the benefits of trees and plants in providing soil health and their uses in agricultural settings.

Your Committee received testimony in support of this measure from the University of Hawaii College of Tropical Agriculture and Human Resources, Climate Protectors Hawaii, Environmental Caucus of the Democratic Party of Hawai'i, 350Hawaii.org, and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee has amended this measure by:

- (1) Clarifying the purpose of the general bond authorization for the Forest Stewardship Program; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 863, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 863, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 864 Finance on H.B. No. 1348

The purpose of this measure is to:

- (1) Amend the membership, responsibilities, powers, and duties of the Stadium Authority;
- (2) Exempt lands to which the Stadium Authority holds title from designation as public lands, but subject to legislative approval if sold or gifted;
- (3) Establish the Stadium Development Special Fund;
- (4) Clarify the governance and management of the Stadium Development District; and
- (5) Amend the general bond authorization enabled through Act 268, Session Laws of Hawaii 2019.

Your Committee received testimony in support of this measure from the Stadium Authority, Chamber of Commerce Hawaii, Hawaii Laborers' Union Local 368, Pacific Resource Partnership, Hawai'i Construction Alliance, General Contractors Association of Hawaii, and one individual. Your Committee received comments on this measure from the Department of Accounting and General Services, Department of Budget and Finance, University of Hawai'i System, Hawaii Community Development Authority, and one individual.

Your Committee has amended this measure by:

- (1) Changing the general obligation bonds authorization to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1348, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1348, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Perruso). Noes, none. Excused, none.

SCRep. 865 Finance on H.B. No. 1294

The purpose of this measure is to require the transfer of non-facility general fund per-pupil allocations of special education students of a Department of Education school to a charter school upon receipt of the completed intent to enroll form of the student at the charter school, subject to certain conditions.

Your Committee received testimony in support of this measure from Kanu o ka 'Āina New Century Public Charter School, DreamHouse 'Ewa Beach Public Charter School, and six individuals. Your Committee received testimony in opposition to this measure from the Department of Education. Your Committee received comments on this measure from the State Public Charter School Commission.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1294, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1294, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Wildberger). Noes, 1 (Perruso). Excused, none.

SCRep. 866 Judiciary & Hawaiian Affairs on H.B. No. 608

The purpose of this measure is to require the Board of Education to:

- (1) Hold no less than six community forums annually, with at least one forum to be held in each county;
- (2) Include an open forum for public comments on non-agenda items;
- (3) Authorize permitted interactions at the community forums under certain circumstances; and
- (4) Report to the Legislature on the implementation of the open forums.

Your Committee received testimony in support of this measure from the League of Women Voters Hawaii and one individual. Your Committee received comments on this measure from the Board of Education and Office of Information Practices.

Your Committee finds that community meetings held by the Board of Education improve the public's access to the Board and provide more information to help the Board with decision-making and priority setting. This measure will increase communication between the community-at-large and the Board of Education, thereby improving transparency and access to information.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that large geographical islands, such as Hawaii Island, may need two community forums to be held, with one community forum occurring on the east side of the island and another community forum occurring on the west side of the island.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 608, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 608, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Nakamura). Noes, none. Excused, 3 (LoPresti, Tokioka, Ward).

SCRep. 867 Judiciary & Hawaiian Affairs on H.B. No. 546

The purpose of this measure is to amend the composition of the Early Learning Board to make a representative from Aha Punana Leo a standing member.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Executive Office on Early Learning, University of Hawaii at Hilo, Early Learning Board, one member of the Hawaii County Council, Puakalehua Early Learning Consortium, 'Aha Pūnana Leo, Kūpuna for the Mo'opuna, Pūnana Leo o Hilo, Pūnana Leo o Waimea, Pūnana Leo o Kona, Pūnana Leo o Maui, Pūnana Leo o Lahaina, Pūnana Leo o Hāna, Pūnana Leo o Moloka'i, Pūnana Leo o Mānoa, Pūnana Leo o Honolulu, Pūnana Leo o Ko'olau Poko, Pūnana Leo o Wai'anae, Pūnana Leo o Kaua'i, 'Aha Punana Leo - Ke'ena Kula Kamali'i, Kanaokana, Kaulanakilohana, and numerous individuals.

Your Committee finds that the Early Learning Board is primarily tasked with the development of the State's early childhood system, which ensures a spectrum of high-quality development and learning opportunities for children throughout the State, from prenatal care until the time they enter kindergarten. Your Committee further finds that learning opportunities that promote the study of Hawaiian culture, history, and language are necessary parts to be included within the State's early childhood system.

Your Committee additionally finds that Aha Punana Leo is currently the only provider of Hawaii immersion statewide that offers programs for infants, toddlers, and preschoolers. This measure will allow Aha Punana Leo to sit as a member to develop and maintain the institutional knowledge and relationships necessary to ensure effective advocacy.

Your Committee has amended this measure by inserting a sunset date of June 30, 2031.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 546, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 546, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Takumi). Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 868 Judiciary & Hawaiian Affairs on H.B. No. 250

The purpose of this measure is to include in the offenses of sexual assault in the second degree and sexual assault in the third degree the act of a law enforcement officer who knowingly subjects to sexual penetration or sexual contact a person stopped or accompanied by the law enforcement officer for official purposes.

Your Committee received testimony in opposition to this measure from the Maui Police Department.

Your Committee finds that this measure addresses an incident involving a Honolulu Police Officer's inappropriate conduct. A Honolulu Police Officer stopped a teenage girl for a traffic infraction and subjected her to sexual contact. The police officer was indicted for sexual assault in the third degree. However, the indictment was dismissed because the stop for a traffic infraction did not amount to the girl being in custody, as required for that offense. This measure will address inappropriate behavior conducted by law enforcement officers by clarifying certain sexual assault offenses.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 250, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 250, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 869 Judiciary & Hawaiian Affairs on H.B. No. 1253

The purpose of this measure is to prohibit an employer, with certain exemptions, from:

- (1) Requiring an employee to download a mobile application to the employee's personal communication device that enables the employee's location to be tracked or their personal information revealed;
- (2) Terminating or otherwise discriminating against an employee for refusing to download a mobile application to the employee's personal communication device; or
- (3) Discharging or otherwise discriminating against an employee for filing a complaint, testifying, or assisting in any proceeding concerning these unlawful practices.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and one individual. Your Committee received testimony in opposition to this measure from the Chamber of Commerce Hawaii, Society for Human Resource Management Hawaii, Retail Merchants of Hawaii, and Maui Chamber of Commerce.

Your Committee finds that the COVID-19 pandemic placed greater emphasis on the need for new public health tools to mitigate the spread of the virus. Mobile phone applications leveraged the capabilities of existing technology to assist public health officials in tracking the spread of the virus and warning persons that may have been potentially exposed. The new mobile applications, upon the voluntary acceptance by a mobile phone user, track devices nearby and notify the user if the user was near a person who tested positive for the virus.

Your Committee further finds that these applications have raised privacy concerns and anxiety over the potential misuse of the tracking information. This measure will prohibit an employer from requiring an employee to or taking adverse action against an employee who refuses to download a mobile application to the employee's personal communication device. However, your Committee recognizes that there may be situations where an employee consents to downloading the mobile application or the mobile application is required as a condition of employment and related to the functions of the employment position. Your Committee believes that these situations should not be prohibited under law.

Accordingly, your Committee has amended this measure by:

- (1) Providing that the prohibition against unlawful practices by the employer does not apply if:
 - (A) The employee consents to downloading the mobile application to the employee's personal communication device; or

(B) The mobile application is required as a condition of employment and related to the functions of the employment position; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1253, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1253, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 870 Finance on H.B. No. 1043

The purpose of this measure is to amend chapter 237D, Hawaii Revised Statutes, relating to the transient accommodations tax by:

- (1) Repealing the misdemeanor criminal penalty for failing to register under that chapter and replacing it with a monetary fine structure;
- (2) Replacing references to operator or plan manager with person or taxpayer;
- (3) Clarifying that a certificate of registration is required for persons who post advertisements for the furnishing of a transient accommodation;
- (4) Making the personal liability provision under the general excise tax law applicable to the transient accommodations tax; and
- (5) Making various other technical amendments.

Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Deleting language that would have amended the definition of "operator";
- (2) Clarifying the application of the transient accommodations tax to transient accommodations platforms in the State; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1043, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1043, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 871 Finance on H.B. No. 835

The purpose of this measure is to appropriate funds to support the ongoing operations of the Hawaii National Guard Youth Challenge Program.

Your Committee received testimony in support of this measure from the Office of the Judiciary, Prosecuting Attorney of the County of Hawaii, Hawaii Youth Challenge Foundation, WIOA Youth Services Program Maui, Crime Stoppers Hawaii, Hawaii Island – Going Home Hawaii, Friends of Big Island Drug Court, and four individuals. Your Committee received testimony in opposition to this measure from the Military Order of World Wars and two individuals. Your Committee received comments on this measure from the Department of Defense.

Your Committee has amended this measure by removing the State Department of Defense as the expending agency and substituting an unspecified agency in its place.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 835, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 835, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 872 Judiciary & Hawaiian Affairs on H.B. No. 391

The purpose of this measure is to establish a process for the early termination of a rental agreement for certain active duty servicemembers who:

- (1) Receive military orders to vacate civilian housing and move into on-post government quarters; provided that the orders are not the result of disciplinary action or a court order;
- (2) Become eligible to live at on-post government quarters and failure to move into on-post government quarters will result in a forfeiture of the basic allowance for housing; or
- (3) Die while serving on active duty.

Your Committee received testimony in support of this measure from six individuals. Your Committee received comments on this measure from the Hawai'i Association of REALTORS and one individual.

Your Committee finds that a servicemember who becomes divorced, no longer has dependents, or does not have physical custody of children may lose their housing allowance. In such an event, the servicemember is required to move into barracks, regardless of any valid lease to which they are a party. This measure will help ensure that servicemembers will not be subjected to evictions or face financial hardship because of a loss of eligibility for a basic housing allowance and a need to terminate a residential lease for off-post housing; provided that a requirement to move into barracks is not the result of a disciplinary action or court order.

Your Committee has amended this measure by:

- (1) Amending the conditions for early termination to more narrowly require that the servicemember tenant receive military orders requiring the servicemember tenant to vacate civilian housing and move into on post government quarters, and failure to move into on-post government quarters will result in a forfeiture of the servicemember tenant's basic allowance for housing; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 391, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 391, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 2 (Takumi, Tokioka).

SCRep. 873 Judiciary & Hawaiian Affairs on H.B. No. 671

The purpose of this measure is to:

- (1) Prohibit certain state officials and employees from representing certain private interests before the State for twelve months after termination from their respective state positions; and
- (2) Specify that the prohibition against disclosing any information not available to the public or using the information for personal gain or benefit applies even to those who were employed by the State for less than one hundred eighty-one days.

Your Committee received testimony in support of this measure from the Hawaii State Ethics Commission, Common Cause Hawaii, Young Progressives Demanding Action, and five individuals.

Your Committee finds that it is in the public interest to keep a distinct wall of separation between lobbyists and the State's elected officials and certain other government employees. However, your Committee further finds that this measure would expand the post-employment prohibition to members of certain boards and commissions. The majority of these members serve voluntarily and without compensation. Your Committee believes that imposing this additional restriction on board and commission members may make it more difficult to attract and recruit the most qualified individuals for service.

Accordingly, your Committee has amended this measure by deleting language that would have prohibited members and trustees of certain boards and commissions from representing certain private interests before the State for twelve months after termination from their respective state positions.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 671, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 671, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 874 Judiciary & Hawaiian Affairs on H.B. No. 144

The purpose of this measure is to amend the requirements for a statement of information filed by each person who makes an expenditure for electioneering communications by:

- (1) Increasing the monetary threshold that triggers disclosure of electioneering communications;
- (2) Requiring that disclosures of electioneering communications occur on the date the electioneering communications are publicly distributed;
- (3) Classifying election advertisements sent by mail at any postal rate as electioneering communications; and
- (4) Repealing the requirement that a person be treated as having made an expenditure if the person has executed a contract to make the expenditure.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, and one individual.

Your Committee finds that expenditures for electioneering communications may occur weeks or months before the electioneering communications are publicly distributed. This measure changes the date to trigger the need to file the statement of information to coincide with the distribution date, which will be a timelier disclosure.

Your Committee further finds that existing law requires disclosures of electioneering communication mailed by bulk rate but not by any other postal rate. This measure removes the distinction between electioneering communication by different postal rates and requires disclosure of electioneering communication by any postal rate.

Your Committee has amended this measure by:

- (1) Excluding candidates and candidate committees from electioneering communication disclosure requirements; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 144, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 144, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 3 (LoPresti, Tokioka, Ward).

SCRep. 875 Judiciary & Hawaiian Affairs on H.B. No. 741

The purpose of this measure is to require certain Hawaii State Ethics Commission records to be permanently retained, rather than retained for a period of four years from the date of filing.

Your Committee received comments on this measure from the Hawai'i State Ethics Commission.

Your Committee finds that the permanent retention of records by the Hawaii State Ethics Commission is no longer an undue burden thanks to modern data retention technology, such as cloud storage and data warehouses. This measure will ensure transparency and historical accuracy by requiring the perpetual retention of certain lobbying records.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 741, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 741, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 3 (LoPresti, Tokioka, Ward).

SCRep. 876 Judiciary & Hawaiian Affairs on H.B. No. 1118

The purpose of this measure is to:

- (1) Amend the definition of "noncandidate committee" under campaign finance laws to mean any organization, association, party, or individual that is financially involved in the political process; and
- (2) Require noncandidate committees to provide to the Campaign Spending Commission a list of donors whose money was given by a 501(c)(4) organization to the noncandidate committee to fund an advertisement or electioneering communication.

Your Committee received testimony in opposition to this measure from the Campaign Spending Commission. Your Committee received comments on this measure from Common Cause Hawaii.

Your Committee finds that dark money is often used to raise funds for the purpose of influencing elections by nonprofit organizations, including 501(c)(4) organizations, that are not required to disclose the identities of their donors. Your Committee further finds that 501(c)(4) organizations are tax-exempt, nonprofit organizations operated exclusively to promote social welfare. Although the promotion of social welfare does not include direct or indirect participation or intervention in political campaigns on behalf of or in opposition to any candidate for public office, the Internal Revenue Code states that social welfare organizations may engage in some political activities, so long as that is not their primary activity. As a result, 501(c)(4) organizations may be engaging in and spending unregulated amounts of money on political activity without any consequences or oversight.

Your Committee believes that this measure will provide more transparency in elections and build trust between the public and elected officials by requiring more transparency.

Your Committee has amended this measure by requiring that the list of donors include donors contributing more than \$5,000 in the aggregate in an election period.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1118, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1118, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Lowen, Nakamura, Ward). Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 877 Judiciary & Hawaiian Affairs on H.B. No. 1071

The purpose of this measure is to:

- (1) Require the Chair of the Independent Audit Committee of the University of Hawaii Board of Regents to be selected in a manner consistent with the Board of Regents' Bylaws;
- (2) Limit the Board of Regents' flexibility to appoint members with certain skill sets to the Independent Audit Committee;
- (3) Exempt the Independent Audit Committee from public proceedings and records laws and open meetings laws during its discussions with auditors on matters that should remain confidential, and, at the Independent Audit Committee Chair's discretion, allow the discussions to be held in the absence of the University of Hawaii President or University of Hawaii Chief Financial Officer; and
- (4) Clarify the Independent Audit Committee's role with regard to enterprise risk management.

Your Committee received testimony in support of this measure from the Office of the Board of Regents.

Your Committee finds that the Independent Audit Committee's primary task is to provide oversight of the University of Hawaii's compliance with, and internal controls relating to, various areas of risk management, finance, and accounting. Your Committee further finds that pursuant to existing law, the Chairperson of the Independent Audit Committee is selected by and from its members. However, this has created instances in which the Independent Audit Committee does not have a chairperson, which leads to difficulties in planning the first meeting since there is no chairperson to set the meeting agenda.

Your Committee further finds that the University of Hawaii Board of Regents' bylaws provides an alternative method of selecting the Chairperson of the Independent Audit Committee. Under the bylaws, the Chairperson of the Board of Regents appoints the Chairperson of the Independent Audit Committee. This measure, by statutorily aligning the selection of the Chairperson of the Independent Audit Committee with the bylaws, will ensure that situations in which the Independent Audit Committee has no chairpersons are avoided.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1071, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1071, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 878 Judiciary & Hawaiian Affairs on H.B. No. 686

The purpose of this measure is to protect the public and critical utilities by establishing the class C felony offense of criminal trespass on critical electrical infrastructure.

Your Committee received testimony in support of this measure from the Department of Transportation; Honolulu Police Department; Hawaiian Electric Company, Inc.; and one individual. Your Committee received testimony in opposition to this measure from the Sierra Club of Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, Our Revolution Hawaii, Ku-A-Kanaka LLC, Pono Hawai'i Initiative, Malu 'Aina, Ka Lāhui Hawai'i Kōmike Kalai'āina, and numerous individuals.

Your Committee finds that the security and resilience of Hawaii's critical electrical infrastructure are fundamental to the health, safety, and welfare of the State's residents, visitors, and employees, and to the national defense of the country. This measure seeks to provide a proportionate level of protection for this key resource. However, your Committee believes that the purpose of this measure would be better achieved by amending the existing offense of burglary in the second degree to include intentionally entering or remaining unlawfully on a critical electrical infrastructure.

Your Committee has amended this measure by:

- (1) Deleting language establishing the class C felony offense of criminal trespass on critical electrical infrastructure;

- (2) Inserting language amending the offense of burglary in the second degree to include intentionally entering or remaining unlawfully on a critical electrical infrastructure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 686, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 686, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (LoPresti). Noes, 1 (D. Kobayashi). Excused, 2 (Takumi, Tokioka).

SCRep. 879 Judiciary & Hawaiian Affairs on H.B. No. 571

The purpose of this measure is to establish the felony offence of importation, sale, or possession of a childlike sex doll.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, Maui Police Department, and two individuals. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that the ownership or possession of a childlike sex doll correlates with other offenses perpetrated against children and may reinforce pedophilic thoughts and cause those thoughts to be acted upon with greater urgency. Your Committee further finds that other jurisdictions have passed or introduced legislation imposing criminal penalties for selling or possessing a childlike sex doll. The ban proposed by this measure will help protect the State's most vulnerable population from predatory sex offenders.

Your Committee has amended this measure by:

- (1) Lowering the threshold for the number of childlike sex dolls in a person's possession before the offense increases from a class C felony to a class B felony from ten to five; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 571, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 571, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 880 Judiciary & Hawaiian Affairs on H.B. No. 940

The purpose of this measure is to:

- (1) Mandate the reporting of suspected financial exploitation of elders and vulnerable adults in relation to securities by broker-dealers and investment advisors;
- (2) Provide immunity for good faith reporting; and
- (3) Authorize the delay of disbursements or transactions in situations of suspected financial exploitation.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Maui Police Department, Securities Industry Association of Hawaii, Securities Industry and Financial Markets Association, and NAIFA Hawaii. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that financial exploitation is considered the fastest growing form of elder abuse, and the financial consequences for those who fall victim to financial exploitation are often devastating and irreparable. This measure will better protect Hawaii's elders and vulnerable adults from financial exploitation.

Your Committee has amended this measure by:

- (1) Deleting the reference to section 346-222, Hawaii Revised Statutes, from the definition of "vulnerable adult";
- (2) Deleting references to the Department of Human Services as a recipient of records that are relevant to the suspected or attempted financial exploitation of an elder or a vulnerable adult;
- (3) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 940, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 940, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 881 Judiciary & Hawaiian Affairs on H.B. No. 459

The purpose of this measure is to bring the State into substantial compliance with federal regulations by requiring the examiner of drivers to disqualify, for life, any person from driving a commercial motor vehicle if the person uses a commercial motor vehicle in the commission of any felony involving an act or practice of a severe form of trafficking in persons.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Transportation Association, Hawaii Strategic Highway Safety Plan, and one individual.

Your Committee finds that the Federal Motor Carrier Safety Administration issued a final rule to permanently disqualify individuals convicted of a felony involving severe forms of trafficking in persons from driving a commercial motor vehicle (Final Rule). The Final Rule also requires states to be in substantial compliance with the Final Rule within three years of the Final Rule's effective date. If a state fails to be in substantial compliance with the Final Rule within

three years, the federal government is authorized to withhold certain federal funding. This measure brings the State into substantial compliance with federal law and preserves the State's allocation of certain federal funds.

Your Committee has amended this measure by:

- (1) Conforming the definition of "severe form of trafficking in persons" to the definition under federal law; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 459, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 459, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 882 Judiciary & Hawaiian Affairs on H.B. No. 891

The purpose of this measure is to repeal the existing ban on electric guns and implement a regulatory framework for electric guns that is similar to the regulatory framework for firearms.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from Young Guns and numerous individuals.

Prior to decision making on this measure, your Committee posted and made available for public review a proposed H.D. 2, which amends this measure by:

- (1) Deleting the definition of "electric projectile gun";
- (2) Increasing the age for ownership of an electric gun to twenty-one;
- (3) Deleting language regarding permitting for and registration of electric guns and electric projectile guns;
- (4) Amending the renewal deadline for licenses to sell, offer to sell, distribute, or otherwise transfer electric guns;
- (5) Requiring electric gun licensees or employees of the licensees to conduct a criminal history background check of an electric gun recipient; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee received testimony in support of the proposed H.D. 2 from the Department of the Attorney General and Honolulu Police Department. Your Committee received testimony in opposition to the proposed H.D. 2 from the Maui Police Department, Hawaii Firearms Coalition, and two individuals.

Your Committee finds that the Supreme Court of the United States cast doubt on the constitutionality of electric gun prohibitions in *Caetano v. Massachusetts*, 136 S. Ct. 1027 (2016). Your Committee further notes that a pending case in the United States District Court for the District of Hawaii, *Roberts v. Ballard*, 18-00125 HG-KSC, is seeking to invalidate Hawaii's prohibition on electric guns. If the plaintiff in *Roberts* succeeds in invalidating Hawaii's prohibition, the State will be left without safeguards for the sale, distribution, and possession of electric guns. This measure takes a proactive step in ensuring adequate electric gun regulations are in place.

Your Committee has amended this measure by adopting the proposed H.D. 2 and further amending the measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 891, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 891, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (D. Kobayashi). Noes, none. Excused, 3 (LoPresti, Tokioka, Ward).

SCRep. 883 Judiciary & Hawaiian Affairs on H.B. No. 1062

The purpose of this measure is to:

- (1) Clarify the validity period of a commercial learner's permit; and
- (2) Bring the State into substantial compliance with federal regulations by requiring entry-level driver training for certain first-time commercial driver license applicants.

Your Committee received testimony in support of this measure from the Department of Transportation and Hawaii Transportation Association.

Your Committee finds that the Federal Motor Carrier Safety Administration issued a final rule that requires entry-level driver training for certain applicants for commercial driver's licenses or endorsements and further requires states to be in substantial compliance with this final rule by February 7, 2022. If a state fails to be in substantial compliance with the final rule, the federal government may withhold certain federal funding. This measure will bring the State into substantial compliance with the final rule and preserve the State's allocation of certain federal funds.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1062, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1062, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Lowen, Todd).

SCRep. 884 Judiciary & Hawaiian Affairs on H.B. No. 1246

The purpose of this measure is to specify that certain violations of the Fireworks Control Law be considered:

- (1) An activity that causes air pollution under the Hawaii Air Pollution Control Act, punishable by civil penalties and subject to citations under the Hawaii Air Pollution Control Act; and

- (2) A violation of noise control rules under the Hawaii noise pollution laws, and punishable by civil penalties and subject to citations under the Hawaii noise pollution laws.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society and three individuals. Your Committee received comments on this measure from the Department of Health and State Fire Council.

Your Committee finds that the Fireworks Control Law and its associated penalties have proven to be an inadequate deterrent for the illegal use of fireworks in the State. This measure is intended to strengthen enforcement through alternative enforcement mechanisms and imposition of additional penalties to protect public health and safety.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1246, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1246, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (McKelvey, Nakamura, Ward). Noes, 2 (D. Kobayashi, Tokioka). Excused, 2 (Lowen, Todd).

SCRep. 885 Finance on H.B. No. 446

The purpose of this measure is to:

- (1) Establish the felony offense of theft of a catalytic converter;
- (2) Prohibit persons licensed to purchase or sell used motor vehicle parts or accessories or licensed to wreck, salvage, or dismantle motor vehicles from accepting parts or accessories or a motor vehicle if the seller does not furnish certain information and require licensees to report the attempted sale to the police;
- (3) Increase the minimum and maximum allowable fine for violations of the law relating to used motor vehicle parts and accessories; and
- (4) Regulate the purchase of catalytic converters and catalytic converter metals by scrap dealers.

Your Committee received testimony in support of this measure from the Hawaii Transportation Association; National Insurance Crime Bureau; American Property Casualty Insurance Association; AAA Hawaii; Roberts Hawaii; Hawaii Global Holiday, Inc.; and one individual. Your Committee received comments on this measure from the Department of the Attorney General and Hawaii Insurers Council.

Your Committee has amended this measure by:

- (1) Removing the provisions that regulated the purchase of catalytic converters and catalytic converter metals by scrap dealers as they are not authorized to deal in used motor vehicle parts, such as catalytic converters; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 446, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 446, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 886 Finance on H.B. No. 947

The purpose of this measure is to:

- (1) Establish the Safe Home Program to provide matching and nonmatching grants for the installation of wind resistive devices to single-family, owner-occupied, residential property owners, in certain circumstances;
- (2) Allocate a portion of the monies earned through interest from the Hurricane Reserve Trust Fund's assets to provide grants under the Safe Home Program; and
- (3) Create one temporary position within the Insurance Division of the Department of Commerce and Consumer Affairs to implement and administer the Safe Home Program.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Hawaii Green Infrastructure Authority; Hawaii State Energy Office; Hawaii Emergency Management Agency; City and County of Honolulu Office of Climate Change, Sustainability, and Resiliency; Hawaii Insurers Council; and one individual. Your Committee received comments on this measure from the State Procurement Office.

Your Committee has amended this measure by:

- (1) Changing the amount of interest to be deposited into the Safe Home Trust Fund from the Hurricane Reserve Trust Fund to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 947, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 947, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 887 Finance on H.B. No. 1376

The purpose of this measure is to provide a balanced, fair procedure for landlords and tenants to seek rental assistance and mediate and negotiate a resolution before a landlord evicts a tenant. Specifically, this measure:

- (1) Extends the period for a notice of summary possession from five days to fifteen days;
- (2) Requires landlords to enter into mediation and delays when a landlord may seek possession of a dwelling unit if the tenant schedules or attempts to schedule mediation;
- (3) Requires landlords to provide the notice to mediation centers that offer free mediation for residential landlord-tenant disputes;

- (4) Restricts when a landlord may exercise these remedies depending on the amount of rent due;
- (5) Appropriates funds for the Judiciary to contract for mediation services; and
- (6) Repeals one year after the expiration date of the final eviction moratorium imposed pursuant to a COVID-19 State of Emergency Proclamation.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Housing Finance and Development Corporation, Hawai'i Association of REALTORS, Legal Aid Society of Hawai'i, and two individuals. Your Committee received comments on this measure from the Judiciary, Catholic Charities Hawai'i, Hawaii Appleseed Center for Law & Economic Justice, and Medical-Legal Partnership Hawai'i.

Your Committee has amended this measure by:

- (1) Changing the appropriation to the Judiciary for mediation services to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1376, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1376, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 888 Finance on H.B. No. 1377

The purpose of this measure is to:

- (1) Create an Electronic Citation Program under the Judiciary; and
- (2) Establish an electronic citation surcharge.

Your Committee received testimony in support of this measure from the Department of Transportation, Traffic Division of the Honolulu Police Department, Department of the Prosecuting Attorney of the County of Maui, Hawaii Strategic Highway Safety Plan, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Judiciary.

Your Committee has amended this measure by:

- (1) Including a five-year sunset for the Electronic Citation Special Fund, established by this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1377, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1377, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 889 Finance on H.B. No. 73

The purpose of this measure is to amend the definition of "emergency worker" in the Penal Code to include Hawaii state on-scene coordinators and telecommunications dispatchers.

Your Committee received testimony in support of this measure from the Enhanced 911 Board; Hawai'i Police Department; Hawai'i Fire Department; Kaua'i Police Department; Honolulu Police Department; Maui Police Department; Honolulu Fire Department; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of Health and Office of Homeland Security of the Department of Defense.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 73, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 73, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (Perruso). Excused, none.

SCRep. 890 Finance on H.B. No. 529

The purpose of this measure is to:

- (1) Authorize county police and planning or permitting agencies to enter privately owned residential real property, under certain specified conditions, to address imminent threats to health or safety or violations of county zoning laws; and
- (2) Establish penalties for violations.

Your Committee received testimony in support of this measure from the Maui Police Department. Your Committee received comments on this measure from the Department of the Attorney General, Waikiki Neighborhood Board, and one individual.

Your Committee has amended this measure by:

- (1) Clarifying that county police and planning or permitting agencies may enter privately owned residential real property to address imminent threats to health or safety or violations of county zoning laws that threaten health or safety;
- (2) Adding occupation of a residence or structure by a number of persons that exceeds what is allowed to the list of conditions that constitute an imminent threat to health or safety;
- (3) Clarifying the process for unaddressed county zoning violations;
- (4) Changing the minimum daily fine amount to \$1,000; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 529, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 529, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 891 Finance on H.B. No. 631

The purpose of this measure is to:

- (1) Provide judges with greater discretion to adjust the payment of fees or fines for violations of certain traffic offenses based on a person's inability to pay or financial circumstances;
- (2) Decrease the imprisonment term to contumacious nonpayment ratio; and
- (3) Increase the amount of credit given to a person committed for contumacious nonpayment.

Your Committee received testimony in support of this measure from the Office of the Prosecuting Attorney of the County of Kaua'i and four individuals. Your Committee received comments on this measure from the Judiciary and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 631, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 631, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (McDermott). Excused, none.

SCRep. 892 Finance on H.B. No. 662

The purpose of this measure is to provide an extensive process for limited firearm ownership solely for hunting or sport for certain misdemeanor offenders who are currently not allowed to possess a firearm in the State.

Your Committee received testimony in support of this measure from the Hawaii Firearms Coalition and twelve individuals. Your Committee received testimony in opposition to this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and one individual. Your Committee received comments on this measure from the Honolulu Police Department.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 662, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 662, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 893 Finance on H.B. No. 776

The purpose of this measure is to authorize the issuance of special purpose revenue bonds and appropriate the bond revenues derived therefrom for a master planned development proposed by Pueo Development, LLC.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Waiohuli Hawaiian Homestead Association, Inc; and Pueo Development, LLC.

Your Committee has amended this measure by expanding the allowable uses for the special purpose revenue bonds and bond revenues for agriculture and processing enterprises.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 776, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 776, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 894 Finance on H.B. No. 884

The purpose of this measure is to require the Director of the Office of Information Practices to:

- (1) Rule or provide written guidance on an agency denial of access to, or granting of access to, information or records; and
- (2) Receive and resolve complaints under Hawaii's Sunshine Law either by determining whether a violation occurred or providing guidance.

Your Committee received testimony in support of this measure from the Office of Information Practice. Your Committee received testimony in opposition to this measure from the Civil Beat Law Center for the Public Interest, Common Cause Hawaii, and League of Women Voters of Hawaii.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 884, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 884, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 895 Finance on H.B. No. 1090

The purpose of this measure is to amend the requirements for child passenger restraints in motor vehicles by:

- (1) Requiring rear-facing child safety seats for children less than two years of age;
- (2) Requiring rear-facing or forward-facing child safety seats for children at least two years of age but less than four years of age;
- (3) Requiring the use of child safety seats or booster seats for certain children at least four years of age but less than seven years of age;
- (4) Requiring the use of child safety seats or booster seats for certain children at least seven years of age but less than ten years of age;
- (5) Repealing an exemption for when the number of persons in a vehicle exceeds the greater of the number of seat belt assemblies available or originally installed in the vehicle;
- (6) Repealing language that prohibited failure to restrain a child in accordance with law from being considered contributory negligence, comparative negligence, or negligence per se; and
- (7) Raising certain fines for violations.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Keiki Injury Prevention Coalition, Safe Kids Hawaii at Kapi'olani Medical Center for Women & Children, and AAA Hawai'i. Your Committee received comments on this measure from the Hawaii Association for Justice.

Your Committee has amended this measure by:

- (1) Changing the increased fines for certain violations to unspecified amounts;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1090, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1090, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 896 Finance on H.B. No. 1096

The purpose of this measure is to require the Department of Health to convene a task force to recommend amendments to the Hawaii Revised Statutes to update existing parentage laws that reflect outdated, cisheteronormative concepts of families, parenthood, and parental rights.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, Planned Parenthood Votes Northwest and Hawaii, LGBT Caucus of the Democratic Party of Hawai'i, AF3IRM – Hawai'i, Hawaii Women's Coalition, American Civil Liberties Union of Hawai'i, and nineteen individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee has amended this measure by:

- (1) Inviting nongovernmental members of the task force to participate in the task force, rather than requiring their participation;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1096, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1096, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 897 Finance on H.B. No. 185

The purpose of this measure is to appropriate funds for the operating costs of the Judiciary Branch for fiscal year (FY) 2021-2022 and FY 2022-2023.

As introduced, this budget appropriates:

	FY 2021-2022	FY 2022-2023
General Funds	163,983,827	163,983,827
All Means of Financing	176,992,774	176,992,774

Testimony received on this measure can be found at the Legislature's website at <https://www.capitol.hawaii.gov/>

Your Committee has amended this measure by transferring the Office of the Public Defender to the Judiciary.

This amended budget appropriates:

	FY 2021-2022	FY 2022-2023
General Funds	183,590,921	183,590,921
All Means of Financing	196,599,868	196,599,868

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 185, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 185, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 898 Judiciary & Hawaiian Affairs on H.B. No. 381

The purpose of this measure is to:

- (1) Codify the administrative definition of "assistance animal" for the purposes of real estate transactions;

- (2) Clarify the type of verification an individual may provide to establish the need for an assistance animal; and
- (3) Specify that the possession of a vest or other distinguishing animal garment, tag, or registration document commonly purchased online and purporting to identify an animal as a service animal or assistance animal does not constitute a valid verification of a disability-related need for an assistance animal.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Hawaii Disability Rights Center, Associa, Hawai'i Association of REALTORS, and one individual. Your Committee received comments on this measure from the Disability and Communication Access Board and Community Associations Institute – Hawaii Legislative Action Committee.

Your Committee finds that a person with a disability that includes the use of an assistance animal should be provided equal opportunity to use and enjoy a housing accommodation. Your Committee finds that the requirements imposed by this measure strike an appropriate balance between the needs of both parties to the real estate transaction.

Your Committee has amended this measure by:

- (1) Amending the types of verification that may be provided to establish the disability-related need for a specific assistance animal as a reasonable accommodation pursuant to guidance issued by the United States Department of Housing and Urban Development; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 381, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 381, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ichiyama, Tokioka).

SCRep. 899 Judiciary & Hawaiian Affairs on H.B. No. 991

The purpose of this measure is to:

- (1) Enable the Department of Health to disclose vital statistics records for public health and law enforcement purposes; and
- (2) Update the categories of those who are able to access otherwise confidential vital statistics records.

Your Committee received testimony in support of this measure from the Department of Health, Department of Transportation, Office of Hawaiian Affairs, and Honolulu Police Department. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that the appropriate sharing of vital records to be in the public interest, particularly to expedite law enforcement or judicial proceedings and also research to help define unique issues in the State. This measure will allow the Department of Health greater discretion to disclose vital records in certain circumstances for legitimate government and research functions.

Your Committee notes that this measure repeals the statutory requirement for the Department of Health to make index data, consisting of the name and sex of the registrant and type of vital event registered, accessible by the public. Your Committee finds that the value of this index data is greatly outweighed by the risks of identity theft and that because of computerization, index data is no longer necessary. Before the use of modern information technology systems such as large computer databases, these types of indices would have been printed on index cards to be used in a manner similar to library catalog cards for manual research in bound volumes or other hard copies; this information was also published as a matter of routine in newspapers. However, with a change in social attitudes toward increasing individual privacy, the computerization of records, and a rise in the risk of identity theft, your Committee finds that public access to index data is undesirable and it is therefore prudent to eliminate a no longer necessary or useful means to access indices for public health vital records.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 991, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 991, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Tokioka, Ward).

SCRep. 900 Judiciary & Hawaiian Affairs on H.B. No. 490

The purpose of this measure is to:

- (1) Lower the age at which enhanced penalties apply for crimes against seniors from sixty-two years of age to sixty years of age; and
- (2) Make the commission of certain criminal offenses against a senior's person or property applicable if the perpetrator knows or reasonably should know the senior victim's age.

Your Committee received testimony in support of this measure from the Department of Human Services, Executive Office on Aging, Department of the Prosecuting Attorney of the County of Maui, Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, Maui Police Department, and four individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that there have been a number of violent crimes targeting seniors in the State. Your Committee further finds that the State's senior citizens lack adequate protection against physical, emotional, and financial exploitation under existing law. This measure more closely aligns certain Penal Code statutes with common elder abuse scenarios, which will allow law enforcement and prosecutors to appropriately respond.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 490, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 490, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (D. Kobayashi, Takumi). Noes, none. Excused, none.

SCRep. 901 Finance on H.B. No. 1119

The purpose of this measure is to subject social welfare organizations granted tax exempt status under section 501(c)(4) of the Internal Revenue Code to the same requirements as other charitable organizations that solicit funds from the public pursuant to the law governing solicitation of funds from the public.

Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee has amended this measure by:

- (1) Removing the provisions that would have amended the law governing solicitation of funds from the public to subject social welfare organizations granted tax exempt status under section 501(c)(4) of the Internal Revenue Code to the same requirements as other charitable organizations that solicit funds from the public;
- (2) Requiring social welfare organizations granted tax exempt status under 501(c)(4) of the Internal Revenue Code that donate or contribute to noncandidate committees, engage in electioneering communications, or provide an endorsement for or against a candidate to register with the Campaign Spending Commission and file organizational and financial reports; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1119, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1119, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 902 Finance on H.B. No. 474

The purpose of this measure is to preserve access to health care for Medicaid recipients by extending the Hospital Sustainability Program.

Your Committee received testimony in support of this measure from Hawai'i Pacific Health, Hawaii Primary Care Association, Healthcare Association of Hawaii, The Queen's Health Systems, and Kaiser Permanente Hawaii. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 474, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 474, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 903 Finance on H.B. No. 476

The purpose of this measure is to:

- (1) Impose a fifty percent tax on the wholesale price for each modified risk tobacco product sold, used, or possessed by a wholesaler;
- (2) Impose an excise tax on the sale of each e-liquid cartridge or unit of open system e-liquid sold, used, or possessed by a wholesaler or dealer and require reports regarding e-liquid cartridges or units of open system e-liquid; and
- (3) Require wholesalers and dealers of e-liquids to obtain licenses and permits.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii, Namaste Vapors, Hawaii Smokers Alliance, Smoke-Free Alternatives Trade Association, VOLCANO Vape Shops, Americans for Tax Reform, and numerous individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Health, American Heart Association, Hawaii State Teachers Association, American Cancer Society Cancer Action Network, Tax Foundation of Hawaii, Coalition for a Tobacco-Free Hawaii, Grassroot Institute of Hawaii, AlohaCare, Campaign for Tobacco-Free Kids, American Lung Association in Hawaii, and five individuals.

Your Committee has amended this measure by:

- (1) Providing that the excise tax for every wholesaler shall be equal to fifty percent of the applicable cigarette tax or tobacco products tax for each modified risk tobacco product sold, used, or possessed by a wholesaler; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 476, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 476, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

SCRep. 904 Finance on H.B. No. 345

The purpose of this measure is to require the Family Court to appoint, at the time that an Assisted Community Treatment Program petition is filed, a guardian ad litem to represent the best interests of the individual who is subject to the petition throughout the pendency of the judicial proceedings.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Substance Abuse Coalition, Partners In Care, 'Ohana Health Plan, and four individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness; Judiciary; Office of the Public Defender; The Institute for Human Services, Inc.; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 345, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 905 Finance on H.B. No. 570

The purpose of this measure is to:

- (1) Expand the time period by which a civil action for childhood sexual abuse may be initiated;
- (2) Extend the period during which a victim of childhood sexual abuse may bring an otherwise time-barred action against the victim's abuser or a legal entity having a duty of care;
- (3) Allow victims to recover treble damages in certain circumstances; and
- (4) Allow a court to order the personnel of a legal entity against whom a claim is brought to undergo training on trauma-informed response to sexual abuse allegations.

Your Committee received testimony in support of this measure from the Domestic Violence Action Center, Rainbow Family 808, Imua Alliance, CHILD USA, CHILD USA Advocacy, Planned Parenthood Votes Northwest and Hawaii, and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of the Attorney General, Hawai'i State Commission on the Status of Women, Sex Abuse Treatment Center, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 570, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 906 Finance on H.B. No. 728

The purpose of this measure is to provide for a more coordinated and cost-effective statewide language access program by allowing the Executive Director of the Office of Language Access to have greater flexibility in administering the Statewide Language Access Resource Center.

Your Committee received testimony in support of this measure from the Language Access Advisory Council, Ethnic Education Hawai'i, Hawai'i Friends of Civil Rights, Legal Clinic Advocacy Committee, Hawai'i Coalition for Immigrant Rights, Interagency Council, and four individuals. Your Committee received comments on this measure from the Department of Health, Department of Human Services, and Office of Language Access.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 728, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 907 Finance on H.B. No. 1283

The purpose of this measure is to:

- (1) Require the employers of first responders to develop and provide dementia training to first responders; and
- (2) Authorize the Executive Office on Aging to set standards, frequency, and coordination of dementia training.

Your Committee received testimony in support of this measure from AARP Hawai'i, Alzheimer's Association - Hawaii, and ten individuals. Your Committee received testimony in opposition to this measure from the Honolulu Police Department. Your Committee received comments on this measure from the Executive Office on Aging.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1283, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (B. Kobayashi). Noes, none. Excused, none.

SCRep. 908 Finance on H.B. No. 1284

The purpose of this measure is to:

- (1) Require health insurance providers that provide health benefits plans funded by the Hawaii Employer-Union Health Benefits Trust Fund or the state Medicaid agency and health insurance providers providing Medicare Advantage health benefits to submit administrative data to the Health Analytics Program of the Department of Human Services; and
- (2) Require the Health Analytics Program to develop and update an annual plan for the analysis, maintenance, and publication of collected all-claims, all-payer administrative data.

Your Committee received testimony in support of this measure from the Department of Human Services and Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1284, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 909 Finance on H.B. No. 1322

The purpose of this measure is to establish a task force within the Department of Health to develop and make recommendations for trauma-informed care in the State.

Your Committee received testimony in support of this measure from the Department of Human Services; Office of Hawaiian Affairs; Executive Office on Early Learning; Hawaii Youth Services Network; HawaiiKidsCAN; Kamehameha Schools; Hawaii Children's Action Network Speaks!; Early Childhood Action Strategy; Hawai'i Primary Care Association; Hale Kipa; Hawai'i Community Foundation; and Papa Ola Lokahi. Your Committee received comments on this measure from the Department of Health, Hawaii Substance Abuse Coalition, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1322, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 910 Judiciary & Hawaiian Affairs on H.B. No. 576

The purpose of this measure is to authorize licensed advanced practice registered nurses to perform medication or aspiration abortions.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, Board of Nursing, one member of the Hawai'i County Council, Women's Caucus and LGBT Caucus of the Democratic Party of Hawai'i, AAUW of Hawaii, Hawai'i Health & Harm Reduction Center, Pono Hawai'i Initiative, Young Progressives Demanding Action, Hudson Law, Planned Parenthood Votes Northwest and Hawai'i, Hawai'i Section of the American College of Obstetricians and Gynecologists, American Civil Liberties Union of Hawai'i, Hawaii Maternal and Infant Health Collaborative, Hawai'i Association of Professional Nurses, and numerous individuals. Your Committee received testimony in opposition to this measure from A Place for Women in Waipio, Hawaii Life Alliance, Hawaii Family Forum, AFC, and numerous individuals. Your Committee received comments on this measure from the Hawai'i State Center Nursing and Common Cause Hawaii.

Your Committee finds that residents in rural and medically underserved areas of the State, including on Kauai, Molokai, Lanai, and the west side of the island of Hawaii, may not have access to health care providers who can provide abortion care. Your Committee further finds that aspiration abortions are one of the most common methods of abortion for early first trimester abortions. However, under existing law, only licensed physicians and surgeons may perform aspiration abortions. Numerous studies found no difference in abortion safety when performed by a qualified licensed health care provider other than a physician. This measure ensures that people in Hawaii can access abortion care with fewer financial and logistical barriers and stay in their respective communities to get care from trusted providers.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 576, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 576, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Ward). Excused, 2 (Takumi, Tokioka).

SCRep. 911 Finance on H.B. No. 33

The purpose of this measure is to support the Information Technology Steering Committee in developing the State's information technology standards and policies by:

- (1) Amending the terms and composition of the Information Technology Steering Committee members; and
- (2) Requiring the Information Technology Steering Committee's Chief Information Officer to present an annual report to the Committee for public comment prior to submitting the report to the Governor and the Legislature.

Your Committee received testimony in support of this measure from the Department of Education and Transform Hawai'i Government. Your Committee received comments on this measure from the Department of the Attorney General and Office of Enterprise Technology Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 33, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 912 Finance on H.B. No. 389

The purpose of this measure is to require accredited and non-accredited post-secondary educational institutions that are for-profit entities authorized by the Hawaii Post-secondary Education Authorization Program to disclose in print and electronic media and signage that they are for-profit businesses.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs' Office of Consumer Protection, Department of Commerce and Consumer Affairs' Post-Secondary Education Authorization Program, and two individuals. Your Committee received testimony in opposition to this measure from the University of Phoenix and Hawaii Medical College. Your Committee received comments on this measure from the Institute of Clinical Acupuncture and Oriental Medicine and Chamber of Commerce Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 389, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 913 Finance on H.B. No. 290

The purpose of this measure is to repeal the military exemption for vehicle weight taxes on June 30, 2031.

Your Committee received testimony in support of this measure from the Department of Transportation, Pono Hawai'i Initiative, Young Progressives Demanding Action, Hawai'i Appleseed Center for Law & Economic Justice, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Defense, Gaylord-Dillingham Chapter of the Military Order of World Wars, Hawaii National Guard Association, and numerous individuals. Your Committee received comments on this measure from the Tax Foundation of Hawaii and one individual.

Your Committee has amended this measure by changing the exemption repeal date to June 30, 2023.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 290, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 290, H.D. 2.

Signed by the Chair on behalf of the Committee.
 Ayes, 12. Noes, 3 (Branco, Ilagan, McDermott). Excused, none.

SCRep. 914 Finance on H.B. No. 1352

The purpose of this measure is to require the Office of Planning to submit a report to the Legislature containing the following:

- (1) An inventory of lands within the State that are leased from the federal government or under federal government control, to be prepared by the Department of Land and Natural Resources;
- (2) Any known contaminants or environmental hazards discovered on the inventoried lands or associated with past environmental studies performed in connection with those lands, to be prepared by the Department of Health in consultation with the Environmental Protection Agency;
- (3) Input from departments and agencies on proposed alternative uses for the lands; and
- (4) Its findings and recommendations, including any proposed legislation, based on the information above.

Your Committee received testimony in support of this measure from the Pono Hawai'i Initiative, Environmental Caucus of The Democratic Party of Hawai'i, Aina Momona, Keiko Conservation, alohahawaiionipaa.org, and numerous individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1352, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
 Ayes, 15; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 915 Finance on H.B. No. 770

The purpose of this measure is to protect the health of Hawaii's consumers by establishing a task force to review the State's food security and food safety practices.

Your Committee received comments on this measure from the Department of Agriculture and University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 770, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
 Ayes, 15. Noes, none. Excused, none.

SCRep. 916 Finance on H.B. No. 11

The purpose of this measure is to advance equality in Hawaii's public education system by requiring:

- (1) The Board of Education to adopt culturally relevant, historically and scientifically accurate, and nondiscriminatory performance standards;
- (2) A standards-based curriculum and educational materials that are historically and scientifically accurate and nondiscriminatory with regard to race, ethnicity, sex, gender identity or expression, sexual orientation, color, religion, ancestry, or disability; and
- (3) School complexes to develop, to the greatest extent possible, a standards-based curriculum that includes content on the historical injustice, cultural subjugation, and discrimination faced by the indigenous people of Hawaii and other historically underrepresented populations as applicable to units of study.

Your Committee received testimony in support of this measure from the Department of Education, Office of Hawaiian Affairs, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 11, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
 Ayes, 15. Noes, none. Excused, none.

SCRep. 917 Finance on H.B. No. 225

The purpose of this measure is to:

- (1) Require the Board of Education to develop a bullying prevention and response action plan;
- (2) Require the Board of Education, or the Department of Education as the Board of Education's designee, to submit an annual report to the Legislature on the bullying prevention and response action plan and reported incidents of alleged bullying and harassment; and
- (3) Repeal Act 214, Session Laws of Hawaii 2011, which required the Board of Education to monitor the Department of Education for compliance with any administrative rules or statutes governing bullying, cyberbullying, and harassment.

Your Committee received testimony in support of this measure from the Rainbow Family 808, Hawaii Disability Rights Center, Hawaii Youth Services Network, and two individuals. Your Committee received comments on this measure from the Department of Education and Board of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 225, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
 Ayes, 15; Ayes with Reservations (Branco, Perruso, Sayama, Tam). Noes, none. Excused, none.

SCRep. 918 Finance on H.B. No. 613

The purpose of this measure is to appropriate elementary and secondary school emergency relief fund monies received by the State from the Coronavirus Aid, Relief, and Economic Security Act, Public Law 116-136, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021, Public Law 116-260, to offset any budget reductions for fiscal year 2020-2021, 2021-2022, and 2022-2023 that are identified or proposed by the Department of Education and the Governor that would result in the reduction of personnel who are subject to a collective bargaining agreement pursuant to chapter 89, Hawaii Revised Statutes, and who are employed at the school level, subject to certain requirements and conditions.

Your Committee received testimony in support of this measure from the Democratic Party of Hawai'i Education Caucus, Hui for Excellence in Education, Hawaii State Teachers Association, and seven individuals. Your Committee received comments on this measure from the Board of Education and Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 613, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 919 Finance on H.B. No. 1362

The purpose of this measure is to:

- (1) Establish the Hawaii Early Childhood Educator Stipend Program; and
- (2) Clarify and make adjustments to Act 46, Session Laws of Hawaii 2020, which relates to access to learning, to reflect the current situation brought upon by the COVID-2019 pandemic, including:
 - (A) Delaying the expansion of the Preschool Open Doors Program to serve three-year-old children to July 1, 2024;
 - (B) Extending the deadline for a service provider of the Preschool Open Doors Program to commence national accreditation by two years;
 - (C) Requiring the application of a uniform assessment for public school and charter school kindergarten students;
 - (D) Extending the effective date for the Department of Education and State Public Charter School Commission to share certain information on prior early learning program attendance to July 1, 2023; and
 - (E) Allowing educational data to be shared using an existing system.

Your Committee received testimony in support of this measure from the Early Learning Board; Hawaii Children's Action Network Speaks!; Hui for Excellence in Education; Special Education Advisory Council; Parents and Children Together; and Early Childhood Action Strategy. Your Committee received comments on this measure from the Department of the Attorney General, Department of Human Services, Department of Education, State Public Charter School Commission, Executive Office on Early Learning, and Kamehameha Schools.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1362, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 920 Finance on H.B. No. 558

The purpose of this measure is to:

- (1) Create the Clean Energy and Energy Efficiency Revolving Loan Fund within the Hawaii Green Infrastructure Special Fund;
- (2) Expand the objective of the \$50,000,000 sub-fund to allow state agencies to finance their purchase options under existing energy performance contracts and power purchase agreements to further reduce and stabilize future energy costs;
- (3) Repeal the Building Energy Efficiency Revolving Loan Fund; and
- (4) Appropriate funds out of the Clean Energy and Energy Efficiency Revolving Loan Fund to make clean energy investment loans or for other approved uses.

Your Committee received testimony in support of this measure from the Hawaii Green Infrastructure Authority, Blue Planet Foundation, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Commerce and Consumer Affairs, Hawaii State Energy Office, Public Utilities Commission, and City and County of Honolulu Office of Climate Change, Sustainability and Resiliency.

Your Committee has amended this measure by:

- (1) Clarifying that any unencumbered balance in the repealed Building Efficiency Revolving Loan Fund shall be transferred to the credit of the Clean Energy and Energy Efficiency Revolving Loan Fund;
- (2) Changing the Clean Energy and Energy Efficiency Revolving Load Fund expenditure ceiling to an unspecified amount; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 558, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 558, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 921 Finance on H.B. No. 78

The purpose of this measure is to eliminate the requirement for a public utility to seek approval from the Public Utilities Commission for the underground construction of high-voltage electric transmission lines, if certain conditions are met.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and Hawaiian Electric Company. Your Committee received comments on this measure from the Public Utilities Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 78, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 922 Finance on H.B. No. 327

The purpose of this measure is to:

- (1) Convene a Sustainable Aviation Fuel Task Force within the Hawaii State Energy Office to develop a state action plan to reduce the greenhouse gas intensity of international air transportation from Hawaii; and
- (2) Require the Task Force and Hawaii State Energy Office to submit reports to the Legislature.

Your Committee received testimony in support of this measure from Imua Alliance, Environmental Caucus and Human Environmental Impacts Committee of The Democratic Party of Hawai'i, Hawaii Crop Improvement Association, Biotechnology Innovation Organization, and three individuals. Your Committee received comments on this measure from the Office of Planning, Hawaii State Energy Office, Hawai'i Natural Energy Institute of the University of Hawai'i at Mānoa, Climate Protectors Hawaii, 350Hawaii.org, and Airlines for America.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 327, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 923 Finance on H.B. No. 803

The purpose of this measure is to:

- (1) Authorize each county to adopt ordinances to enforce state laws relating to the designation of parking spaces for electric vehicles, including the establishment of penalties;
- (2) Increase the number of required parking spots for electric vehicles from one space to five spaces in certain places of public accommodation;
- (3) Beginning January 1, 2022, require that new electric vehicle charging systems installed pursuant to the electric vehicle charging system requirements be at least Level 2 and network-capable;
- (4) Require electric vehicle charging systems to be maintained in working order; and
- (5) Clarify that certain enforcement officers may enter private property to enforce electric vehicle parking space violations.

Your Committee received testimony in support of this measure from the Department of Transportation; Hawaii State Energy Office; Kauai Climate Action Coalition; Ulupono Initiative; 350Hawaii.org; Hawaii Electric Vehicle Association; Our Revolution Hawaii; Blue Planet Foundation; Environmental Caucus and Human Environmental Impacts Committee of The Democratic Party of Hawai'i; Tesla, Inc.; Hawaiian Electric Company; and numerous individuals. Your Committee received testimony in opposition to this measure from the Building Owners and Managers Association of Hawaii, Retail Merchants of Hawaii, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 803, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (McDermott). Excused, none.

SCRep. 924 Finance on H.B. No. 1092

The purpose of this measure is to establish procedures for the Department of Transportation, in consultation with the Office of Planning, to assist and enable a person to voluntarily purchase a verified carbon offset for carbon dioxide emissions resulting from the person's air travel to or from an airport in the State.

Your Committee received testimony in support of this measure from the Blue Planet Foundation. Your Committee received testimony in opposition to this measure from 350Hawaii.org. Your Committee received comments on this measure from the Department of Transportation, Office of Planning, and Climate Protectors Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1092, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 925 Finance on H.B. No. 331

The purpose of this measure is to improve the quality of life in the State by:

- (1) Establishing objectives, policies, and priority guidelines in the Hawaii State Planning Act to promote the use of green infrastructure, vegetation, and trees in state facility systems, infrastructure, and transit projects; and
- (2) Requiring the Office of Planning, in partnership with the Greenhouse Gas Sequestration Task Force, to report to the Legislature with recommendations for implementing the green infrastructure objectives, policies, and priority guidelines.

Your Committee received testimony in support of this measure from the Department of Health; Painting Industry of Hawaii Labor Management Cooperation Trust Fund; Hawaii Tapers Market Recovery Trust Fund; Hawaii Glaziers, Architectural Metal Glassworkers Local Union 1889, AFL-CIO Stabilization Trust Fund; Carpet, Linoleum and Soft Tile Local Union 1926 Market Recovery Trust Fund; Energy and Climate Action Committee of the Environmental Caucus of The Democratic Party of Hawai'i; Climate Protectors Hawaii; Environmental Caucus of The Democratic Party of Hawai'i; 350Hawaii.org; and five individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Office of Planning, and Trees for Honolulu's Future.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 331, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 926 Finance on H.B. No. 882

The purpose of this measure is to:

- (1) Require purchasing agencies to make a written determination that the amount of a contracting action for purchases of health and human services is fair and reasonable;

- (2) Amend the selection process and composition of the Procurement Policy Board;
- (3) Amend the circumstances for when treatment services may be purchased and the procedure to purchase certain treatment services;
- (4) Increase the small purchase threshold for purchases of health and human services from less than \$25,000 to less than \$100,000; and
- (5) Repeal the establishment of the Community Council on Purchase of Health and Human Services.

Your Committee received testimony in support of this measure from the State Procurement Office. Your Committee received testimony in opposition to this measure from the Hawaii Substance Abuse Coalition, PHOCUSED, and one individual. Your Committee received comments on this measure from the Domestic Violence Action Center and Catholic Charities Hawai'i.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 882, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 927 Finance on H.B. No. 80

The purpose of this measure is to:

- (1) Clarify how the Low-Income Housing Tax Credit may be allocated among partners or members of a taxpayer;
- (2) Allow a taxpayer to claim the Low-Income Housing Tax Credit for the first year under certain conditions;
- (3) Specify the application of certain tax provisions with respect to low-income buildings placed in service after December 31, 2020; and
- (4) Extend the sunset date of Act 129, Session Laws of Hawaii 2016, to December 31, 2027.

Your Committee received testimony in support of this measure from EAH Housing; Stanford Carr Development, LLC; Bank of Hawaii; Schatz Collaborative; Dowling Company, Inc.; Hawaii Laborers-Employers Cooperation and Education Trust; Pacific Resource Partnership; Maui Chamber of Commerce; Hawai'i Appleseed Center for Law & Economic Justice; Hawaii Laborers' Union Local 368; and Moss & Associates. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Hawaii Housing Finance and Development Corporation, Tax Foundation of Hawaii, Sugar Creek Capital, Hunt Companies – Hawaii, Hunt Capital Partners LLC, Āhē Group, and Affordable Housing Development Hawaii, LLC.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 80, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 928 Finance on H.B. No. 131

The purpose of this measure is to:

- (1) Increase the amount of the tax credit and adjusted gross income eligibility thresholds for taxpayers claiming the low-income household renters income tax credit; and
- (2) Provide for inflation increases every three years based on the Consumer Price Index.

Your Committee received testimony in support of this measure from the League of Women Voters, Americans for Democratic Action, Hawai'i Children's Action Network Speaks!, and one individual. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 131, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 929 Finance on H.B. No. 1132

The purpose of this measure is to authorize the issuance of general obligation bonds for Phase I of construction of a senior affordable housing project on Hawaii Public Housing Authority property on School Street on the island of Oahu.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Hawaii Public Housing Authority, AARP Hawaii, AlohaCare, Catholic Charities Hawai'i, Partners in Care, Hawaiian Humane Society, Retirement Housing Foundation, Hawai'i Health & Harm Reduction Center, and three individuals.

Your Committee has amended this measure by:

- (1) Changing the amounts appropriated into and out of the Rental Housing Revolving Fund to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1132, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1132, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Eli).

SCRep. 930 Finance on H.B. No. 149

The purpose of this measure is to clarify that county-issued stored-value cards are not subject to the State's law that outlines unfair and deceptive practices with respect to gift certificates.

Your Committee received testimony in support of this measure from the Department of Transportation Services of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 149, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 931 Finance on H.B. No. 160

The purpose of this measure is to subject U-drive motor vehicles to the same motor vehicle registration fees as other motor vehicles.

Your Committee received testimony in support of this measure from the Department of Finance of the County of Kaua'i, one member of the Kaua'i County Council, Patrol Services Bureau of the Kauai Police Department, and Hawaii State Association of Counties.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 160, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 932 Finance on H.B. No. 161

The purpose of this measure is to authorize the Director of Finance of a county to require an individual to pay any outstanding charges owed to the county for the towing, removal, or disposal of an abandoned or derelict vehicle within the county before a motor vehicle certificate of registration is issued to the individual unless the abandoned or derelict vehicle was stolen or taken from the registered owner without permission or authorization.

Your Committee received testimony in support of this measure from one member of the Kaua'i County Council, one member of the Maui County Council, Finance Department of the County of Kaua'i, Patrol Services Bureau of the Kaua'i Police Department, Hawaii State Association of Counties, and one individual. Your Committee received comments on this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 161, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 933 Finance on H.B. No. 189

The purpose of this measure is to authorize the Chief Justice of the Hawaii Supreme Court to designate circuit court judges, retired intermediate appellate judges, or retired supreme court justices to temporarily fill a vacancy on the Intermediate Court of Appeals.

Your Committee received testimony in support of this measure from the Judiciary and Appellate Section of the Hawaii State Bar Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 189 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 934 Finance on H.B. No. 204

The purpose of this measure is to appropriate funds for the 2021-2023 fiscal biennium for certain operating expenses of the Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from the Kūpuna for the Mo'opuna, Hawaiian Affairs Caucus of the Democratic Party of Hawai'i, and thirteen individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 204 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 935 Finance on H.B. No. 929

The purpose of this measure is to clarify that:

- (1) Hawaii domestic relations orders apply to benefits the Employees' Retirement System member is expected to receive or is receiving without regard to any Hawaii domestic relations order;
- (2) The release of an Employees' Retirement System member's information may be initiated by a divorce decree;
- (3) The Employees' Retirement System may notify the member, former member with vested benefit status, retirant, or alternate payee of the advisory review determination on proposed domestic relations orders;
- (4) A Hawaii domestic relations order applied to a termination refund will not apply to any future return to work benefits of a member or former member with vested benefit status;
- (5) Should a retirant be deceased within a year of retirement, any payments made to an alternate payee according to the terms of a Hawaii domestic relations order will be considered payments to the retirant, should the beneficiary select an alternative benefit option;
- (6) The priority of multiple orders will be based upon the date of the receipt of the domestic relations order; and
- (7) The qualification of a domestic relations order shall supersede and terminate the qualification of any prior order between the same parties.

Your Committee received testimony in support of this measure from the Employees' Retirement System Board of Trustees.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 929, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 936 Finance on H.B. No. 683

The purpose of this measure is to support the greenhouse gas lifecycle reduction of commercial aviation in the State by:

- (1) Establishing a Sustainable Aviation Fuel Program to provide matching grants to any small business in Hawaii that is developing products related to sustainable aviation fuel or greenhouse gas reduction from commercial aviation operations; and
- (2) Specifying that monies for the Program may be appropriated by the Legislature from the Environmental Response, Energy, and Food Security Tax revenues.

Your Committee received testimony in support of this measure from the Climate Protectors Hawaii, Airlines for America, Hawaii Biochemical Trade Organization, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Office of Planning, Hawaii State Energy Office, Hawaii Technology Development Corporation, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Removing the provision that monies for the Sustainable Aviation Fuel Program may be appropriated by the Legislature from the Environmental Response, Energy, and Food Security Tax revenues; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 683, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 683, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 937 Finance on H.B. No. 862

The purpose of this measure is to:

- (1) Abolish the Office of Aerospace Development, Aerospace Advisory Committee, and the Hawaii Unmanned Aerial Systems Test Site Advisory Board; and
- (2) Make conforming amendments associated with the Pacific International Space Center for Exploration Systems.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Education; Department of Business, Economic Development, and Tourism; and Pacific International Space Center for Exploration Systems.

Your Committee has amended this measure by:

- (1) Specifying that the Pacific International Space Center for Exploration Systems shall be administratively attached to the University of Hawaii at Hilo Imiloa rather than the Department of Business, Economic Development, and Tourism;
- (2) Removing the reporting requirement for the Pacific International Space Center for Exploration Systems; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 862, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 862, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 938 Finance on H.B. No. 119

The purpose of this measure is to replace E Ola Mau Na Leo O Kekaha with Kaunalewa as the entity authorized to receive special purpose revenue bonds issued to assist with the acquisition, remediation, and development of the old Kekaha Sugar Mill in Kekaha, Kauai, Hawaii.

Your Committee received testimony in support of this measure from Kaunalewa. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 119, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Nishimoto).

SCRep. 939 Finance on H.B. No. 1176

The purpose of this measure is to establish and appropriate funds for a State Job Corps Program within the Department of Labor and Industrial relations to help address unemployment impacts of the COVID-19 pandemic, support economic diversification, and focus on resiliency and green sector jobs.

Your Committee received testimony in support of this measure from the Department of Research and Development of the County of Hawaii; one member of the Hawai'i County Council; Kua'Aina Ulu 'Auamo; Beach Environmental Awareness Campaign Hawaii; Ho'omana Farms LLC; Beyond Organic Consulting, Inc.; Mindful Hawaii; Young Democrats of Hawai'i; Kua O Ka La NCPCS; Chamber of Commerce Hawaii; 'Aina Momona; Kupu; HPM Building Supply; Hawai'i Sustainable Farms LLC; Hawaii Fish Company; International Longshore & Warehouse Union Local 142; Vibrant Hawaii; and eighteen individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and Hawaii's Thousand Friends.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1176, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 940 Finance on H.B. No. 1184

The purpose of this measure is to exempt the sale of precious metal bullion within the State from the general excise tax.

Your Committee received testimony in support of this measure from the Sound Money Defense League and two individuals. Your Committee received testimony in opposition to this measure from Americans for Democratic Action. Your Committee received comments on this measure from the Department of Taxation; Tax Foundation of Hawaii; Foundation for the Advancement of Monetary Education, Ltd; Industry Council for Tangible Assets, Inc.; and Liberty Coin Service.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1184, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 4 (Marten, Perruso, Sayama, Tam). Excused, none.

SCRep. 941 Finance on H.B. No. 1388

The purpose of this measure is to:

- (1) Eliminate the home mortgage interest deduction for second homes under the Hawaii income tax law; and
- (2) Require the Department of Budget and Finance, in consultation with the Department of Taxation, to report to the Legislature on the administration of this measure.

Your Committee received testimony in support of this measure from the Americans for Democratic Action. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS and two individuals. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1388, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (McDermott). Excused, none.

SCRep. 942 Finance on H.B. No. 1027

The purpose of this measure is to:

- (1) Establish the Marine Life Conservation District Special Fund for the collection and use of monies for the management, protection, restoration, and enhancement of the State's marine life conservation districts and the resources contained within; and
- (2) Authorize the Department of Land and Natural Resources to collect fees for the use of marine life conservation districts and the resources contained within, subject to certain conditions.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Parks and Recreation of the City and County of Honolulu, Friends of Hanauma Bay, Hawaii Reef and Ocean Coalition, and Ocean Tourism Coalition.

Your Committee has amended this measure by:

- (1) Including a five-year sunset for the Marine Life Conservation District Special Fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1027, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1027, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 943 Finance on H.B. No. 497

The purpose of this measure is to prohibit the counties from requiring, as part of a county zoning ordinance or county rule, a developer with more than one residential unit to obtain the approval of any state agency unless that approval is expressly required by law.

Your Committee received testimony in support of this measure from the Dowling Company, Inc.; HPM Building Supply; and Building Industry Association of Hawaii. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs, one member of the Maui County Council, Sierra Club of Hawai'i, Maui Meadows Neighborhood Association, Friends of Maha'u Lepu, Kihei Community Association, and four individuals. Your Committee received comments on this measure from the Office of Planning.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 497, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 4 (Eli, Marten, Perruso, Wildberger). Excused, none.

SCRep. 944 Finance on H.B. No. 601

The purpose of this measure is to improve public safety and efficiency by authorizing county police chiefs to designate other county employees to cite for certain traffic violations.

Your Committee received testimony in support of this measure from the Department of Transportation, Office of the Mayor of the County of Kaua'i, Waikiki Neighborhood Board, Hanalei Initiative, National Tropical Botanical Garden, and one individual. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 601, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 945 Finance on H.B. No. 753

The purpose of this measure is to exclude housing developed by the Department of Hawaiian Home Lands from school impact fees.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Office of Hawaiian Affairs. Your Committee received comments on this measure from the Department of Education and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 753, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 946 Finance on H.B. No. 821

The purpose of this measure is to authorize the State Historic Preservation Division, in consultation with the Office of Hawaiian Affairs, to delegate the responsibility of historic preservation project reviews to the impacted county and establish a program for third-party individuals and organizations to conduct document reviews on proposed projects before submitting the documents to the Department of Land and Natural Resources for review.

Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Building Industry Association of Hawaii. Your Committee received comments on this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; Dowling Company, Inc.; and Maui Chamber of Commerce.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 821, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 947 Finance on H.B. No. 1008

The purpose of this measure is to clarify conditions that must be met by applicants to receive funds under the Forest Stewardship Program.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1008, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 948 Finance on H.B. No. 1012

The purpose of this measure is to authorize the Board of Land and Natural Resources to approve rental reductions or waivers for certain leases on public lands that require demolition or infrastructure improvement costs in order for the lessee to utilize the premises.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from Kūpuna for the Mo‘opuna.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1012, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Perruso, Wildberger). Noes, none. Excused, none.

SCRep. 949 Finance on H.B. No. 1018

The purpose of this measure is to authorize the Department of Land and Natural Resources to adopt rules for a lay net permit for the use or possession of lay nets, including reasonable fees and provisions to address noncompliance with lay net rules.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, The Nature Conservancy, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1018, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 950 Finance on H.B. No. 1020

The purpose of this measure is to authorize the Board of Land and Natural Resources to temporarily adopt, amend, and repeal certain natural resource rules by formal board action at a publicly noticed meeting if the Board finds that the adoption, amendment, or repeal is necessary to implement effective and adaptive management measures in response to rapidly changing resource conditions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Kua‘āina Ulu ‘Auamo, and one individual. Your Committee received comments on this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1020, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 951 Finance on H.B. No. 1023

The purpose of this measure is to help the State identify and develop sustainable sources of funding to effectively manage its fisheries by establishing a nonresident recreational marine fishing license and associated fees.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1023, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (McDermott). Excused, none.

SCRep. 952 Finance on H.B. No. 1122

The purpose of this measure is to amend the Hawaiian Homes Commission Act to give clarity and guidance to the Department of Hawaiian Home Lands in the management of homestead lands. Specifically, this measure:

- (1) Defines "beneficiary consultation" and determines when it is required;
- (2) Prohibits the Department of Hawaiian Home Lands from disposing of certain lands or extending a general lease to non-beneficiaries, unless there are no applicants seeking to enter into a lease for the use and occupancy of a tract of Hawaiian home lands;
- (3) Requires the Department of Hawaiian Home Lands to notify beneficiaries through beneficiary consultation before disposing of Hawaiian home lands or improvements thereon;
- (4) Mandates homestead beneficiary agreements for any trust land disposition;
- (5) Prohibits the Department of Hawaiian Home Lands from establishing additional criteria to enter into a lease with an applicant without notifying beneficiaries through beneficiary consultation;
- (6) Authorizes the Department of Hawaiian Home Lands to grant a license or enter into a general lease for public purpose or mercantile establishments;
- (7) Allocates the interest or other earnings from the Hawaiian Home Loan Fund and Hawaiian Home General Loan Fund into the respective funds;
- (8) Allows for the interest or other earnings out of investments from the Hawaiian Home Loan Fund to be deposited into the Hawaiian Home Operating Fund if the Department of Hawaiian Home Lands notifies beneficiaries through beneficiary consultation;
- (9) Requires the Department of Hawaiian Home Lands to make loans from revolving funds to any lessee or native Hawaiian to whom, or any cooperative association to which, a lease or license has been issued;
- (10) Requires the Department of Hawaiian Home Lands to submit a quarterly report to the Legislature and beneficiaries; and
- (11) Authorizes the Department of Hawaiian Home Lands to negotiate with homestead association governed water agencies to maintain water systems before other service providers.

Your Committee received testimony in support of this measure from the Sovereign Council of Hawaiian Homestead Associations, Kūpuna for the Mo'opuna, Kalama'ula Mauka Homestead Association, and one individual. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1122, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Holt). Noes, none. Excused, none.

SCRep. 953 Finance on H.B. No. 1124

The purpose of this measure is to amend the Hawaiian Homes Commission Act to:

- (1) Provide appraisal requirements for tracts or improvements thereon to determine replacement cost or leasehold market value;
- (2) Prohibit the Department of Hawaiian Home Lands from canceling a lease solely based on a loan delinquency or default subject to certain conditions;
- (3) Define "due notice" as it relates to the cancellation of leases or violation of lease conditions;
- (4) Allow the Department of Hawaiian Home Lands to authorize second position loans on homestead leases by approved lenders and United States Treasury-certified community development financial institutions; and
- (5) Require the Department of Hawaiian Home Lands to develop and implement a loan servicing manual, subject to Hawaiian Homes Commission approval, to standardize loan loss mitigation policies, procedures, and methods.

Your Committee received testimony in support of this measure from Sovereign Council of Hawaiian Homestead Associations and Kalama'ula Mauka Homestead Association. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1124, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 954 Finance on H.B. No. 1144

The purpose of this measure is to exempt from the general excise tax law amounts received from the interisland transportation and related loading and unloading of agricultural commodities.

Your Committee received testimony in support of this measure from the Maui County Farm Bureau; Ulupono Initiative; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Maui Chamber of Commerce; and two individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Agriculture, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1144, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 955 Finance on H.B. No. 1276

The purpose of this measure is to:

- (1) Authorize the Board of Land and Natural Resources to adopt, amend, and repeal administrative fee schedules for the Division of State Parks within the Department of Land and Natural Resources by formal board action at a publicly noticed meeting; and
- (2) Raise the expenditure ceiling for the State Parks Special Fund.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1276, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 956 Finance on H.B. No. 1351

The purpose of this measure is to authorize the Department of Land and Natural Resources to establish and operate conservation mitigation banks to restore, create, enhance, or preserve conservation habitats or resources as compensatory mitigation where a person or entity is required to provide compensatory mitigation prospectively and the use of banked mitigation is approved by the agency requiring mitigation, or for past damages to conservation habitats or resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Environmental Caucus and Human Environmental Impacts Committee of the Democratic Party of Hawai'i, and four individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1351, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 957 Finance on H.B. No. 321

The purpose of this measure is to:

- (1) Repeal the allocation of excess transient accommodations tax revenues that are going to the Turtle Bay Conservation Easement Special Fund, Hawaiian Center and the Museum of Hawaiian Music and Dance, counties, and Special Land and Development Fund;
- (2) Repeal the 0.5 percent allocation for the Tourism Special Fund to provide funding for a safety and security budget; and
- (3) Amend the allocations to the Convention Center Enterprise Special Fund and Tourism Special Fund.

Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources, Mayor of the County of Maui, one member of the Kaua'i County Council, one member of the Hawai'i County Council, one member of the Maui County Council, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Hawai'i Tourism Authority, Tax Foundation of Hawaii, and Kohala Coast Resort Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 321, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Perruso, Tam, Wildberger). Noes, none. Excused, 1 (McDermott).

SCRep. 958 Finance on H.B. No. 1296

The purpose of this measure is to:

- (1) Repeal the Tobacco Enforcement Special Fund, Hawaii Tobacco Settlement Special Fund, and Hawaii Tobacco Prevention and Control Trust Fund and transfer the unencumbered balances of these funds to the general fund; and
- (2) Appropriate general fund monies into the University Revenue-Undertakings Fund.

Your Committee received testimony in support of this measure from the Hawaii Smokers Alliance and fifteen individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General; Department of Health; Department of Budget and Finance; University of Hawai'i System; University of Hawai'i at Mānoa John A. Burns School of Medicine; University of Hawai'i Student Health Advisory Council; Office of the Prosecuting Attorney of the County of Hawai'i; American Heart Association; We Are One, Inc.; Blue Zones Project; Hawaii Substance Abuse Coalition; American Academy of Pediatrics, Hawaii Chapter; Hawaii Disability Rights Center; Friends of the Medical School; Kapi'olani Smokefree Families Program; Kapi'olani Medical Center for Women and Children; Hawaii COPD Coalition; Hawaii Primary Care Association; Boys & Girls Clubs of Maui; Hamakua-Kohala Health; Campaign for Tobacco-Free Kids; Coalition for a Tobacco-Free Hawai'i; American Cancer Society Cancer Action Network; Hawai'i Community Foundation; HOPE Services; Kōkua Kalihi Valley Comprehensive Family Services; American Lung Association in Hawaii; Keiki Injury Prevention Coalition; Adventist Health Castle; and numerous individuals. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Retaining existing tobacco settlement monies deposit allocations in statute;
- (2) Retaining in statute the Tobacco Enforcement Special Fund and Hawaii Tobacco Settlement Special Fund;

- (3) Specifying that Hawaii Tobacco Settlement Special Fund monies shall only be deposited into the University Revenue-Undertakings Fund until July 1, 2033;
- (4) Appropriating \$5,700,000 to the Department of Health for tobacco prevention and control purposes; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1296, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1296, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (Ilagan). Excused, none.

SCRep. 959 Finance on H.B. No. 1297

The purpose of this measure is to:

- (1) Make certain special funds subject to the five percent deduction into the general fund for central service expenses;
- (2) Repeal the Community Health Centers Special Fund and Emergency Medical Services Special Fund;
- (3) Transfer to the credit of the general fund any amounts allocated to the Community Health Centers Special Fund and Emergency Medical Services Special Fund, including amounts allocated to those funds from the cigarette tax and tobacco tax;
- (4) Transfer to the credit of the general fund surcharges and cigarette tax revenue allocated to the Trauma System Special Fund; and
- (5) Make a general fund appropriation to the Department of Health for operating expenses.

Your Committee received testimony in support of this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources; Department of Education; Department of Budget and Finance; Department of Public Safety; Department of Transportation; Department of Defense; Office of Enterprise Technology Services; University of Hawai'i System; Board of Trustees of the Employees' Retirement System; Hawaii Health Systems Corporation; Statewide Automated Victim Information and Notification Governance Committee of the Crime Victim Compensation Commission; Hawai'i Tourism Authority; Hana Health; Hawaii Substance Abuse Coalition; Hawaii Disability Rights Center; PHOCUSED; Hawaii Primary Care Association; Reynolds Recycling, Inc.; American Cancer Society Cancer Action Network; Iron Workers Stabilization Fund; The Queen's Health Systems; Enterprise Holdings; Hawai'i Pacific Health; Waianae Coast Comprehensive Health Center; Hope Services; International Longshore & Warehouse Union Local 142; United Food and Commercial Workers Union, Local 480; and five individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of the Attorney General, Department of Taxation, Department of Human Services, Department of Health, Catholic Charities Hawai'i, Tax Foundation of Hawaii, and Healthcare Association of Hawaii.

Your Committee has amended this measure by:

- (1) Requiring that by October 1 of each year, each department shall submit program measures, cost elements, and accounting reports for all non-general funds to the Legislature;
- (2) Providing that the State Educational Facilities Improvement Special Fund, Convention Center Enterprise Special Fund, Tourism Special Fund, Trauma System Special Fund, and Emergency Medical Services Special Fund shall be subject to the five percent deduction into the general fund for central service expenses;
- (3) Specifying that the cigarette tax revenues deposited to the credit of the Hawaii Cancer Research Special Fund shall only be used for capital expenditures and only until July 1, 2041;
- (4) Retaining the surcharges and cigarette tax revenue allocated to the Trauma Systems Special Fund and Community Health Centers Special Fund;
- (5) Retaining the Community Health Centers Special Fund and Emergency Medical Services Special Fund;
- (6) Removing the blank appropriation to the Department of Health for operating expenses; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1297, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1297, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 960 Finance on H.B. No. 1314

The purpose of this measure is to:

- (1) Authorize each county to levy a county surcharge on transient accommodations tax if the county satisfies certain real property tax requirements;
- (2) Repeal the allocation of transient accommodations tax revenue to the counties and make conforming amendments;
- (3) Establish a Residential Property Owner Tax Credit and a Residential Circuit Breaker Tax Credit; and
- (4) Beginning with taxable years after December 31, 2021, gradually implement new individual income tax and corporation income tax brackets and rates in intervals.

Your Committee received testimony in opposition to this measure from the Department of Budget and Fiscal Services of the City and County of Honolulu, Department of Finance of the County of Kauai, one member of the Maui County Council, Hawai'i Budget & Policy Center, Progressive Democrats of Hawaii, Maui Chamber of Commerce, Hawai'i Association of REALTORS, Americans for Democratic Action, Kohala Coast Resort Association, Napili Kai Beach Resort, and numerous individuals. Your Committee received comments on this measure from the Department of Taxation, Department of the Attorney General, Hawai'i Children's Action Network Speaks!, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Setting the increases in real property tax rates that can be adopted via a county ordinance at twenty percent, rather than specific dollar amounts;
- (2) Requiring each county to remit to the Director of Finance the amounts received pursuant to any county increases in real property tax rates and allocating an unspecified dollar amount of the amounts received to each county;

- (3) Clarifying that any county surcharge on transient accommodations tax shall be levied no later than the first calendar day of the seventh month after adopting an ordinance to increase real property tax rates;
- (4) Beginning January 1, 2031, requiring certain taxpayers who reside in a county that established a surcharge on transient accommodations tax to file an individual information return;
- (5) Establishing a Landlord Low-Income Tenant Tax Credit for certain taxpayers who reside in a county that established a surcharge on transient accommodations tax;
- (6) Renaming the Residential Property Owner Tax Credit the Real Property Tax Credit;
- (7) Clarifying that a qualified taxpayer for purposes of the Residential Circuit Breaker Tax Credit and Real Property Tax Credit is a person who is subject to the state income tax and resides in a county that established a surcharge on transient accommodations tax;
- (8) Deleting the definition of "resident" for purposes of the Residential Circuit Breaker Tax Credit and Real Property Tax Credit;
- (9) Setting the Real Property Tax Credit amount at fifty percent of the real property tax owed and paid by a qualified taxpayer;
- (10) Implementing new income tax brackets and rates for taxpayers who reside in a county that established a surcharge on transient accommodations tax;
- (11) Clarifying that the new corporation income tax rates apply to a corporation or regulated investment company that is located in a county that established a surcharge on transient accommodations tax;
- (12) Deleting language that would have set the corporation income tax to \$0 after December 31, 2030;
- (13) Updating the preamble to reflect the amended purpose; and
- (14) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1314, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1314, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Marten, Perruso, Tam, Wildberger). Noes, 1 (B. Kobayashi). Excused, 1 (McDermott).

SCRep. 961 Economic Development on S.B. No. 65

The purpose of this measure is to:

- (1) Allow direct shipment of all forms of liquor, rather than just wine, by certain licensees; and
- (2) Require the county liquor commissions to adopt rules and regulations.

Your Committee received testimony in support of this measure from the Distilled Spirits Council of the United States, Hawai'i Farm Bureau, Lanikai Brewing Company, Maui Brewing Co., Hawaiian Craft Brewers Guild, Kauai Beer Company, Honolulu Beerworks, Kilohana, Kaua'i Chamber, and Kōloa Rum Company. Your Committee received testimony in opposition to this measure from the Republic National Distributing Company; Wine Institute; Hawaii Food Industry Association; Tamura Enterprises, Inc.; Paradise Beverages, Inc.; Johnson Brothers of Hawaii, Inc.; Hawaii Liquor Wholesalers Association; and numerous individuals.

Your Committee finds that under existing state law, direct-to-consumer shipping of liquor is limited to only wineries shipping wine, leaving other liquor manufacturers without an option to directly ship liquor, including beer and distilled spirits, to consumers. This measure allows other liquor manufacturers direct access to their customers and provides opportunities to pursue additional markets.

Your Committee has amended this measure by:

- (1) Deleting language that would have allowed direct shipment of all forms of liquor by certain licensees;
- (2) Inserting language that:
 - (A) Allows direct shipment of beer and distilled spirits by certain licensees within the State; and
 - (B) Requires the county liquor commissions to adopt rules and regulations for the direct shipment of beer and distilled spirits; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 65, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 65, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 962 Economic Development on S.B. No. 172

The purpose of this measure is to allow an organization to qualify for grants under chapter 42F, Hawaii Revised Statutes, if the organization is registered with the Department of Commerce and Consumer Affairs and in possession of a valid certificate of vendor compliance issued by the State.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Kaua'i, National Tropical Botanical Garden, Hanalei Watershed Hui, Laukahi: Hawaii Plant Conservation Network, Waipā Foundation, and four individuals. Your Committee received comments on this measure from the Office of Community Services and State Procurement Office.

Your Committee finds that under existing law, a nonprofit organization must be incorporated in the State in order to be eligible to receive grants under chapter 42F, Hawaii Revised Statutes. This measure expands the eligibility for such grants to ensure that all nonprofit organizations that are doing work that benefits the State and are in good standing, regardless of where the organizations are incorporated, are eligible to receive state funding pursuant to chapter 42F, Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Clarifying that an organization may qualify for grants under chapter 42F, Hawaii Revised Statutes, if the organization is incorporated under the laws of the State or spends at least ninety percent of its operating budget in the State and is registered with the Department of Commerce and Consumer Affairs and in possession of a valid certificate of vendor compliance issued by the State; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 172, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 172, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 963 Economic Development on S.B. No. 1412

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist HK Management LLC, in planning, designing, constructing, reconstructing, renovating, acquiring, equipping, and improving surf industry center facilities.

Your Committee received testimony in support of this measure from the Hawaii Ocean Education Foundation; HK Management LLC; Kai Law, LLC; Advantage Sports Academy, Inc.; and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii Community Development Authority.

Your Committee finds that HK Management LLC, a Hawaii limited liability company, proposes to build a surf industry center on state lands, which will include facilities for research, development, manufacturing, and testing and a surf and aquatic film studio. This measure advances the State's interest by promoting Hawaii's surfing and film industries and supporting cultural education, smart tourism, and economic development.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1412, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1412, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 964 Water & Land on H.C.R. No. 16

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Kaalawai, Honolulu, Oahu, for the existing seawall constructed on those state submerged lands, and the use, repair, and maintenance of the existing seawall.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that portions of an existing seawall fronting private property located in Kaalawai were built on state submerged lands. Your Committee further finds that the Department of Land and Natural Resources has worked with the property owner to resolve the encroachment by granting a 55-year non-exclusive easement for the seawall, and the grantee has paid the fair market value of the easement. However, the Legislature must grant prior authorization before state submerged lands may be leased. This measure authorizes the granting of a term, non-exclusive easement for the portion of identified state submerged lands in Kaalawai that have been encroached upon by the seawall, and for the use, repair, and maintenance of the seawall.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 16 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

SCRep. 965 Water & Land on H.C.R. No. 17

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Waimanalo, Koolaupoko, Oahu, for the existing pier, seawall, and steps constructed on those state submerged lands, and for the use, repair, and maintenance of the existing pier, seawall, and steps.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing pier abutting private property located in Waimanalo, Koolaupoko, Oahu, and a portion of the existing seawall and steps fronting the same property, were built on state submerged lands. Your Committee further finds that the Department of Land and Natural Resources has worked with the property owner to resolve the encroachments of the existing pier, seawall, and steps by granting a 55-year non-exclusive easement for the pier, seawall, and steps, and the grantee has paid the fair market value of the easement. However, the Legislature must grant prior authorization before state submerged lands may be leased. This measure authorizes the granting of a term, non-exclusive easement for the portion of identified state submerged lands in Waimanalo, Koolaupoko, Oahu, that have been encroached upon by the pier, seawall, and steps, and for the use, repair, and maintenance of those improvements.

Your Committee has amended this measure by including references to Tax Map Key number (1) 4-1-001:013 as appropriate.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 17, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 17, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (McDermott). Excused, 1 (Kong).

SCRep. 966 Water & Land on H.C.R. No. 18

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Kamaole, Kula, Maui, for the existing rubble rock revetment, rock wall, and two concrete stairways, and for use, maintenance, repair, replacement, and removal of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the rubble rock revetment, rock wall, and two concrete stairways, all of which were built in 1980, are subject to the approval of the Department of Land and Natural Resources' Office of Conservation and Coastal Lands, which determined that the encroaching structures prevent shoreline

erosion and will help to mitigate inland flooding associated with large wave and storm events; removal of the rubble rock revetment would likely place one of the condominium buildings under immediate threat from erosion; and public access would be diminished by removal of the stairs. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 18 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kong).

SCRep. 967 Water & Land on H.C.R. No. 19

The purpose of this measure is to authorize the issuance of a perpetual, non-exclusive easement covering a portion of state submerged lands at Maunaloa, Honolulu, Oahu, for the existing storm drain, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the subject location of the proposed easement was never private land, is within a rocky shoreline that contains no beach resources, is not anticipated to have any impact on lateral sand movement or prohibit lateral shoreline access, and serves the public interest of mitigating surface runoff. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 19 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kong).

SCRep. 968 Water & Land on H.C.R. No. 20

The purpose of this measure is to authorize the issuance of a perpetual, non-exclusive easement covering a portion of state submerged lands at Kaneohe, Koolauloko, Oahu, for the existing storm drain, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the shoreline fronting the drainage structure consists of the muddy waters of Kaneohe Bay, does not contain beach resources, and is not anticipated to impact lateral sand movement or flanking. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 20 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kong).

SCRep. 969 Water & Land on H.C.R. No. 21

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Napili 2 and 3, Lahaina, Maui, for the existing walkway, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Napili Kai Beach Resort.

Your Committee finds that the Department of Land and Natural Resources' Office of Conservation and Coastal Lands has determined that the walkway and stairs provide safe public access along the shoreline, which would be diminished if the walkway were removed; removal of the walkway would have a minimal beneficial impact on beach resources due to its limited size and the existence of a major structure situated directly landward of the encroachment; and removal of the walkway would have an unknown effect on surrounding parcels. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 21 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kong).

SCRep. 970 Water & Land on H.C.R. No. 22

The purpose of this measure is to authorize the issuance of term, non-exclusive easements covering a portion of state submerged lands at Waiohuli-Keokea (Kihei), Wailuku, Maui, for the existing seawall, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that this easement covers improvements that were constructed partially on private land and partially on state-owned land seaward of the recorded boundary and that the shoreline has since migrated landward, thus placing the improvements entirely seaward of the shoreline on submerged land. Your Committee further finds that the area seaward of the parcel is identified as a state beach reserve; however, the land appears to be almost consistently underwater, with no beach area remaining. Furthermore, your Committee finds that it also appears that most of the adjacent properties along the coastline have been similarly armored.

Your Committee has amended this measure by:

- (1) Clarifying that the grantees have already paid the fair market value, as determined by independent appraisal, in the amount of \$19,700 and \$19,200 for the benefit of CPR 001 and 002, respectively; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 22, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 22, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (McDermott). Noes, none. Excused, 1 (Kong).

SCRep. 971 Water & Land on H.C.R. No. 23

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Waiohuli-Keokea Homesteads, Kihei, Maui, for the existing seawall, rock revetment, and concrete steps, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that the Department of Land and Natural Resources' Office of Conservation and Coastal Lands has determined that little to no beach fronts the subject property and public access is limited due to extensive beach loss and shoreline armoring; the seawall easement would have no discernable effect on beach and recreational resources and would not hinder public access; and removal of the seawall may destabilize seawalls and revetments at adjacent properties, potentially threatening upland structures. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 23 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kong).

SCRep. 972 Water & Land on H.C.R. No. 24

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Waiohuli-Keokea Homesteads and Beach Lots, Kihei, Maui, for the existing seawall and rock revetment, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that removal of the subject seawall would not result in a substantial improvement to beach resources fronting the property because the narrow beach that fronts the seawall is submerged during all but the lowest tides; would not improve public access because the adjacent properties are fronted by similar seawalls and the narrow beach; and may destabilize seawalls and lawns at adjacent properties. In addition, the seawall serves as the primary erosion control for potentially threatened upland structures. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 24 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kong).

SCRep. 973 Water & Land on H.C.R. No. 25

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Maunaloa, Honolulu, Oahu, for the existing seawall, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that there is no walkable lateral access to the public and no sandy beach resources fronting the subject seawall or adjacent properties to the north and south; the land fronting the seawall is consistently submerged; removal of the encroachment is unlikely to improve lateral shoreline access; and the encroachment is attached to the seawall and serves as the primary erosion control for the subject property. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands. Your Committee notes that the fair market value of the easement is being determined by an appraiser.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 25 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kong).

SCRep. 974 Water & Land on H.C.R. No. 49

The purpose of this measure is to authorize the issuance of a lease covering state submerged lands at Pier 27 in Honolulu Harbor, Oahu, to Atlantis Submarines Hawaii, LLC.

Your Committee received testimony in support of this measure from the Department of Transportation and Atlantis Submarines Hawaii, LLC.

Your Committee finds that the Department of Transportation relocated Atlantis Submarines Hawaii, LLC, from Pier 41 in Honolulu Harbor to Pier 27 during August 2014 to make way for the development of the Kapalama Container Terminal, a critical modernization project identified by the Legislature in the Harbors Modernization Plan under Act 200, Session Laws of Hawaii 2008. Your Committee finds that this measure is necessary to grant legislative authorization for the Department of Transportation, with the prior approval of the Board of Land and Natural Resources, to enter into a lease with Atlantis Submarines Hawaii, LLC, that will include the fast lands at Pier 27 and state submerged lands fronting the property bound by Pier 27.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 49, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 49, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kong).

SCRep. 975 Water & Land on H.R. No. 38

The purpose of this measure is to encourage the City and County of Honolulu to plan for the necessary improvements to, and revitalization of, Hans L'Orange Park in Waipahu.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that the historic Hans L'Orange Park is approaching its centennial anniversary and needs repairs and improvements to continue being a safe and comfortable place for the Waipahu community to gather and enjoy.

Your Committee has amended this measure by:

- (1) Stating that the current budget of the City and County of Honolulu for Hans L'Orange Park is \$8,000,000, which is limited to improvements for the field, parking facilities, bathroom facilities, and drainage;
- (2) Stating that final design plans for Hans L'Orange Park are scheduled to be approved and put out to bid by the end of the year;
- (3) Requesting the City and County of Honolulu to consider repairing and improving playground equipment, the basketball court, and pedestrian walkways at Hans L'Orange Park; and
- (4) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 38, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 38, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kong).

SCRep. 976 Water & Land on H.C.R. No. 47

The purpose of this measure is to encourage the City and County of Honolulu to plan for the necessary improvements to, and revitalization of, Hans L'Orange Park in Waipahu.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that the historic Hans L'Orange Park is approaching its centennial anniversary and needs repairs and improvements to continue being a safe and comfortable place for the Waipahu community to gather and enjoy.

Your Committee has amended this measure by:

- (1) Stating that the current budget of the City and County of Honolulu for Hans L'Orange Park is \$8,000,000, which is limited to improvements for the field, parking facilities, bathroom facilities, and drainage;
- (2) Stating that final design plans for Hans L'Orange Park are scheduled to be approved and put out to bid by the end of the year;
- (3) Requesting the City and County of Honolulu to consider repairing and improving playground equipment, the basketball court, and pedestrian walkways at Hans L'Orange Park; and
- (4) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 47, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 47, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kong).

SCRep. 977 Agriculture on S.B. No. 336

The purpose of this measure is to increase, from \$25,000 to \$50,000, the maximum amount of each agricultural and aquacultural loan that the Chairperson of the Board of Agriculture may be authorized to approve unilaterally.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii Farm Bureau, Ulupono Initiative, and one individual.

Your Committee finds that the Chairperson's unilateral approval authority has not been increased since it was originally authorized in 1982. Since that time, business costs and the speed of business have increased significantly. The proposed increase in the limit to \$50,000 will expand the use of micro-loans and allow applicants to obtain adequate funding on a timely basis.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 336, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 978 Agriculture on S.B. No. 512

The purpose of this measure is to expand the Hawaii Healthy Food Incentive Program, also known as the Double Up Food Bucks Program, administered by the Department of Agriculture to make fresh fruits and vegetables more readily accessible to families or individuals in Hawaii who receive assistance through the federal Supplemental Nutrition Assistance Program by:

- (1) Removing the \$10 per visit per day cap on the dollar-for-dollar match received by Supplemental Nutrition Assistance Program beneficiaries under the Double Up Food Bucks Program; and
- (2) Specifying that healthy proteins are eligible purchases under the Program.

Your Committee received testimony in support of this measure from the Department of Health; Department of Agriculture; Office of Planning; Office of Climate Change, Sustainability and Resiliency and Department of Community Services of the City and County of Honolulu; Hawai'i Community Foundation; Hawaii Medical Service Association; Kaiser Permanente Hawai'i; Malama Kaua'i; Hawai'i Pacific Health; Hawaii Primary Care Association; Hawai'i Public

Health Institute; Hawaii Association of Health Plans; Hawai'i Public Health Association; Hawai'i Farm Bureau; Hawaii Food Industry Association; Hawaii Children's Action Network Speaks!; Land Use Research Foundation of Hawaii; Hawaii Cattlemen's Council, Inc.; Chamber of Commerce Hawaii; Hawaii Appleseed Center for Law & Economic Justice; Hawai'i Alliance for Community-Based Economic Development; Uluopono Initiative; Sierra Club of Hawai'i; Blue Zones Project; Kamehameha Schools; 'Ohana Health Plan; AlohaCare; American Diabetes Association; GreenWheel Food Hub; Local Food Coalition; Hawai'i Alliance for Progressive Action; The Food Basket Inc.; Kulahaven Farms LLC; We Are One, Inc.; Neighborhood Place of Puna; HOPE Services Hawaii, Inc.; Early Childhood Action Strategy; Our Revolution Hawaii; 350Hawaii.org; Catholic Charities Hawai'i; and numerous individuals. Your Committee received comments on this measure from the Department of Human Services, University of Hawai'i System, and American Heart Association.

Your Committee finds that major health authorities, including the United States Department of Agriculture, Centers for Disease Control and Prevention, and World Health Organization, recommend increasing consumption of fruits and vegetables as a means to prevent chronic disease and improve overall health. However, access to fresh produce for income-limited individuals can be difficult and is one of the reasons they often have poorer diets and higher rates of chronic disease than higher-income persons. This measure will increase access to fresh produce and healthy proteins by income-limited individuals.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 512, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 979 Agriculture on S.B. No. 343

The purpose of this measure is to:

- (1) Establish the offense of sexual assault of an animal as a class C felony; and
- (2) Provide that sexual assault of an animal is a class B felony if the offense subjects a minor to sexual contact with an animal or is committed in the presence of a minor.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, Hawaiian Humane Society, The Humane Society of the United States, Pono Advocacy, Animal Rights Hawaii, Animal Interfaith Alliance in Britain, Hawaii Association of Animal Welfare Agencies, and numerous individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the sexual assault of an animal has been significantly linked to the sexual abuse of children as well as interpersonal violence and other forms of animal cruelty. In addition, sexual abusers of animals have been shown to collect and share child pornography and express interest in other aberrant behavior involving sexual violence and fetish behaviors. Your Committee further finds that establishing the sexual assault of an animal as a separate crime will allow law enforcement officers to better identify potentially dangerous and violent sexual predators in the community.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 343, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 980 Agriculture on S.B. No. 855

The purpose of this measure is to:

- (1) Extend the sunset dates for the Pesticide Subsidy Program and Pesticide Subsidy Program Manager position for an additional two years;
