- (2) Provide that the \$600 per year subsidy limit for each single coffee grower applies to coffee berry borer control, with a separate \$600 annual limit per grower for coffee leaf rust control;
- (3) Provide that no single coffee grower shall receive subsidies totaling more than \$12,000 per year after June 30, 2021, and before July 1, 2023; and
- (4) Expand the list of pesticides that the Department of Agriculture is required to establish to include those effective against coffee leaf rust.

Your Committee received testimony in support of this measure from the Department of Agriculture; University of Hawai'i System; Hawai'i Farm Bureau; MauiGrown Coffee, Inc.; Rancho Aloha; Hawaii Coffee Association; Kona Coffee Farmers Association; Kona Coffee Council; Kona Hills LLC; and three individuals.

Your Committee finds that the coffee berry borer, an invasive beetle, has been found on all Hawaiian Islands. In 2020, coffee leaf rust was discovered for the first time in the State on the islands of Maui and Hawaii. Your Committee further finds that this pest and fungus threaten the viability of the State's entire coffee industry, which represents one of the largest agricultural crops in the State and is an important part of Hawaii's economy. The two-year extension of the Pesticide Subsidy Program and Pesticide Subsidy Program Manager position under this measure will allow the State to continue to subsidize the cost of pesticides best shown to combat the coffee berry borer and coffee leaf rust, thus incentivizing coffee growers to adopt recommended pest management strategies.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 855, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 981 Economic Development on S.B. No. 562

The purpose of this measure is to establish that charging shipping and delivery charges that exceed the actual cost to ship or deliver a commodity to a consumer in Hawaii constitutes an unfair and deceptive practice.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii and Hawaii Food Industry Association.

Your Committee finds that many businesses offer free or reduced rate shipping to consumers in the United States. However, Hawaii residents are often unable to claim these offers and are sometimes forced to pay an arbitrary shipping cost that does not correlate with the actual cost of shipping. This measure ensures that Hawaii consumers are protected from shipping and delivery charges that exceed the actual cost to ship or deliver a commodity to the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 562, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 562, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Okimoto). Noes, none. Excused, 2 (Quinlan, Belatti).

SCRep. 982 Economic Development on S.B. No. 594

The purpose of this measure is to authorize the Director of Taxation to exempt a taxpayer whose annual general excise tax liability does not exceed \$100 from monthly, quarterly, or semiannual general excise tax filing requirements, under certain conditions.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that existing law requires semiannual returns for taxpayers reporting \$2,000 or less in annual general excise tax liability, quarterly returns for taxpayers reporting more than \$2,000 and up to \$4,000, and monthly returns for taxpayers reporting more than \$4,000. This measure eases the burden for certain taxpayers who must file periodic returns and allows for more effective administration of the State's tax laws by the Department of Taxation.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 594, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Quinlan, Belatti).

SCRep. 983 Economic Development on S.B. No. 714

The purpose of this measure is to clarify that the right of publicity includes the rights of individuals who died prior to the enactment of the Hawaii Publicity Rights Act.

Your Committee received testimony in support of this measure from SAG-AFTRA Hawaii Local; Louis Armstrong Educational Foundation, Inc.; and eleven individuals.

Your Committee finds that the Hawaii Publicity Rights Act was enacted on July 15, 2009, to recognize the existence of the right of publicity, which is a property right in the commercial use of one's name, voice, signature, likeness, and other commercially valuable attributes. This measure ensures that the Hawaii Publicity Rights Act applies retroactively to protect the publicity rights of all persons, living and dead, including those who predeceased the enactment of the Hawaii Publicity Rights Act.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 714, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 714, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Quinlan, Belatti).

SCRep. 984 Economic Development on S.B. No. 935

The purpose of this measure is to:

- (1) Establish the Office of Aerospace Development in the Hawaii Technology Development Corporation instead of the Department of Business, Economic Development, and Tourism;
- (2) Repeal references to the Pacific International Space Center for Exploration Systems;
- (3) Transfer the rights, powers, functions, and duties of the Pacific International Space Center for Exploration Systems to the Office of Aerospace Development;
- (4) Allow the Aerospace Advisory Committee to select the Director of the Office of Aerospace Development; and
- (5) Reduce the number of members on the Aerospace Advisory Committee.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Hawaii Technology Development Corporation; and Pacific International Space Center for Exploration Systems.

Your Committee finds that the Office of Aerospace Development provides a focal point within state government to facilitate dialogue and coordination among various entities to promote the growth and diversification of Hawaii's aerospace industry. By consolidating the Office of Aerospace Development and Pacific International Space Center for Exploration Systems, this measure ensures that the State can more efficiently direct its resources in the field of aerospace.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 935, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 935, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Quinlan, Belatti).

SCRep. 985 Economic Development on S.B. No. 973

The purpose of this measure is to amend the Hawaii Money Transmitter Act by:

- (1) Incorporating definitions of key terms provided in the Model Money Services Business Law published by the Conference of State Bank Supervisors;
- (2) Adding supporting documentation required to be submitted by an applicant for licensure;

- (3) Extending the period of an applicant's litigation and criminal conviction history review from five to ten years from the date of the application;
- (4) Requiring an applicant to submit information concerning any bankruptcy or receivership proceedings; and
- (5) Clarifying the authority of the Commissioner of Financial Institutions to examine and investigate licensees or authorized delegates of licensees and to participate in nationwide protocols for licensing cooperation.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the instantaneous global money transmission activity today necessitates additional oversight of money transmitters to provide appropriate consumer protection. This measure ensures that Hawaii can work alongside a network of states to effectively license, regulate, and supervise trans-global, regional, and single state money transmission companies to protect consumers, establish barriers to the entry of bad actors, provide stability and economic growth, and facilitate coordination among state agencies.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 973, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 973, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, 1 (D. Kobayashi). Excused, 2 (Quinlan, Belatti).

SCRep. 986 Economic Development on S.B. No. 1202

The purpose of this measure is to make various technical amendments to chapters 243, 244D, and 245, Hawaii Revised Statutes, under the jurisdiction of the Department of Taxation.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from the Wailoa River and Reeds Bay Boating and Users Association. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that it is necessary to amend and repeal various provisions of title 14 of the Hawaii Revised Statutes, relating to the fuel, liquor, cigarette, and tobacco tax laws, for the purposes of correcting errors and references, clarifying language, or deleting obsolete or unnecessary provisions. This measure adds clarity to the law and allows for more effective administration of the State's tax laws by the Department of Taxation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1202, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1202, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Quinlan, Belatti).

SCRep. 987 Economic Development on S.B. No. 1203

The purpose of this measure is to make nonsubstantive changes to Title 14, Hawaii Revised Statutes, for clarity and to delete obsolete provisions.

Your Committee received testimony in support of this measure from the Department of Taxation and one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that it is necessary to amend and repeal various provisions of the Hawaii Revised Statutes for the purposes of correcting errors and references, clarifying language, or deleting obsolete or unnecessary provisions. This measure adds clarity to the law and allows for more effective administration.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1203, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1203, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Quinlan, Belatti).

SCRep. 988 Water & Land on S.B. No. 186

The purpose of this measure is to prohibit the enforcement of a re-recorded homeowners' association restriction if the restriction prohibits bona fide agricultural uses and activities on agricultural land.

Your Committee received testimony in support of this measure from the Office of Planning, Hawai'i Farm Bureau, and Wootens Produce of Kauai. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that restrictive covenants that limit agricultural uses on agricultural lands undermine the State's interest in protecting and preserving agricultural resources and promoting agricultural self-sufficiency and contravene public policy.

Your Committee has amended this measure by:

- (1) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 186, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 186, H.D. 1, and be referred to your Committee on Agriculture.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 989 Water & Land on S.B. No. 1313

The purpose of this measure is to require:

- (1) The Department of Agriculture to review, no later than January 1, 2022, whether the northern largemouth bass should be placed on the list of conditionally approved animals that require a permit for import into the State maintained pursuant to section 150A-6.2(a)(1), Hawaii Revised Statutes;
- (2) The Division of Aquatic Resources of the Department of Land and Natural Resources to establish a pilot program to restock northern largemouth bass, butterfly peacock bass, or both, in the Wahiawa public fishing area in central Oahu if the Board of Agriculture places northern largemouth bass on the conditionally approved list that requires a permit for import into the State maintained pursuant to section 150A-6.2(a)(1), Hawaii Revised Statutes;
- (3) As part of this pilot program, the Division of Aquatic Resources to apply to the Department of Agriculture for a permit to import the northern largemouth bass and butterfly peacock bass; and
- (4) The Department of Land and Natural Resources, including the Division of Aquatic Resources; Department of Agriculture; and all other relevant boards and divisions to work together until the permitting process and pilot program are successfully completed, subject to any applicable laws and pre-existing conditions.

Your Committee received testimony in support of this measure from the Wahiawa Community Based Development Organization dba Wahiawa Fresh!, Tropo LLC, and ten individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Agriculture.

Your Committee finds that the companion to this measure, H.B. No. 1274, H.D. 1 (Regular Session of 2021), was previously passed by your Committee.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1274, H.D. 1, a measure that requires the Division of Aquatic Resources to:
 - (A) Establish, no later than January 1, 2022, a pilot project to restock northern largemouth bass, butterfly peacock bass, or both, in the Wahiawa public fishing area in central Oahu; and
 - (B) Apply to the Department of Agriculture for the permit to import the northern largemouth bass and work with another public entity or partner with a private entity to accomplish the pilot project;
- (2) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1313, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1313, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 990 Labor & Tourism on S.B. No. 538

The purpose of this measure is to clarify the jurisdiction of the Hawaii Civil Rights Commission. Specifically, this measure:

- (1) Clarifies the intent for a state law counterpart for disability discrimination in federally funded programs and services; and
- (2) Excludes jurisdiction over programs or activities that are covered by the Individuals with Disabilities Education Act.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Civil Rights Commission, Disability and Communication Access Board, Hawaii Disability Rights Center, National Federation of the Blind of Hawaii, and two individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that when Act 387, Session Laws of Hawaii 1989, was enacted and codified as section 368-1.5, Hawaii Revised Statutes, it was intended to be the state counterpart to section 504 of the federal Rehabilitation Act of 1973, as amended, and provide a state remedy for disability discrimination. Your Committee further finds that the practical effect of the Hawaii Supreme Court's ruling in *Hawaii Technology Academy, et al. v. L.E., et al.*, 141 Hawaii 147 (2017), was to leave people with disabilities with a state law against discrimination but no actual state remedy.

Your Committee finds that this measure resolves the anomaly by defining a program or activity receiving state financial assistance to include a program or activity that receives federal and state financial assistance.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 538, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 538, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 991 Labor & Tourism on S.B. No. 675

The purpose of this measure is to amend the definition of "employee-beneficiary" to include the surviving unmarried adult child of a deceased retired member if the child is incapable of self-support because of a mental or physical incapacity which existed prior to the unmarried child's reaching the age of nineteen.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees.

Your Committee finds that there are currently four hundred twelve dependents who are incapable of self-support due to a mental or physical incapacity on Employer-Union Health Benefits Trust Fund health plans who would benefit from this measure. This measure will ensure these individuals continue to receive health benefits as employee-beneficiaries after the death of their retired parent.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 675, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 992 Labor & Tourism on S.B. No. 830

The purpose of this measure is to:

- (1) Direct the Department of Human Resources Development to convene a working group to:
 - (A) Review and make recommendations on policies and procedures relating to telework and alternative work schedules to address the caregiving responsibilities and other needs of state employees; and
 - (B) Submit a report of its findings and recommendations, including any proposed legislation and specific budget requests, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2022; and
- (2) Require all state departments to adopt, implement, and update emergency telework policies in conformity with the interim guidance issued by the Department of Human Resources Development, which will remain in effect until the expiration of the last COVID-19 proclamation by the Governor, or adoption of the telework and alternative work schedule policies and procedures, whichever occurs first.

Your Committee received testimony in support of this measure from the Department of Human Resources Development, Office of Planning, Department of Education, Department of Transportation, Hawai'i State Commission on the Status of Women, American Association of University Women of Hawaii, Hawaii Children's Action Network Speaks!, Hawaii State Teachers Association, Hawaii State Coalition Against Domestic Violence, and six individuals. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the ongoing COVID-19 pandemic has caused disruptions to the child care and education system, requiring women to function simultaneously as employee and caregiver and profoundly impacting their ability to support themselves and their families. Your Committee further finds that since 2010, the Department of Human Resources Development has had memoranda of understanding with the Hawaii Government Employees Association that allow for teleworking and alternative work weeks. However, these memoranda do not authorize primary care during work hours for a child, the elderly, an ill or disabled person, or a person who requires significant care as a valid reason to telework.

Your Committee further finds that many employers are allowing their employees to telework because of the ongoing caregiving challenge. This measure will promote telework and alternative work schedule policies to include caregiving as a means to address these issues.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 830, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 993 Labor & Tourism on S.B. No. 912

The purpose of this measure is to:

- (1) Authorize a court to order the forfeiture of one half of the Employees' Retirement System benefits of a member, former member, or retirant upon conviction of the individual for a felony related to the state or county employment of the individual;
- (2) Authorize designated beneficiaries to receive the Employees' Retirement System benefits to which the member, former member, or retirant would be entitled upon the death of the member, former member, or retirant; and
- (3) Prohibit designated beneficiaries convicted of a felony under the same set of circumstances as the member, former member, or retirant who was subject to forfeiture of benefits of the Employees' Retirement System from receiving those benefits.

Your Committee received testimony in support of this measure from the Board of Trustees of the Employees' Retirement System, Hawai'i State Ethics Commission, Common Cause Hawaii, and nine individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that public officers and employees are responsible for upholding the public's trust in government and democracy. The public's confidence in government and democracy is undermined when public officers and employees engage in misconduct related to their state or county employment.

Your Committee further finds that, while existing law requires an employee of the State or county who is convicted of a felony to have their employment terminated, the employee is still entitled to receive benefits from the Employees' Retirement System. This measure will demonstrate that the State takes the ethics of its employees seriously by authorizing the forfeiture of one half of an employee's retirement benefits upon a court determination that the employee has been convicted of an employment-related felony.

Your Committee has amended this measure by:

- (1) Simplifying the language relating to forfeiture of one half of benefits, by referring to reducing or resuming payments upon receipt of a certified copy of the court order; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 912, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 912, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 994 Labor & Tourism on S.B. No. 1220

The purpose of this measure is to add the University of Hawaii to the list of agencies that are authorized to conduct criminal history record checks on current or prospective employees whose positions or duties are related to public safety.

Your Committee received testimony in support of this measure from the Department of Human Resources Development and University of Hawai'i System.

Your Committee finds that the University of Hawaii campuses have departments of public safety with responsibilities that include protecting persons and property, receiving reports of crime such as sexual assaults, and providing walking escorts and vehicle transportation from dusk to dawn for persons alone on campus at night. Your Committee further finds that this measure will provide the University of Hawaii the authority to conduct criminal history record checks

on persons who will be entrusted with the security of campus facilities and persons.

Your Committee also finds that, on average, the University hires approximately fifteen security officers annually. This measure will streamline the hiring process and allow for vacancies to be filled more efficiently.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1220, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 995 Water & Land on S.B. No. 508

The purpose of this measure is to require the Department of Education to establish and administer an ocean safety and stewardship education program for all fourth grade public school students.

Your Committee received testimony in support of this measure from the Ocean Tourism Coalition. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that ocean safety and stewardship education will help prevent drownings and instill in students a sense of responsibility and respect for the ocean and marine environment. Providing hand-on education to students in actual coastal marine environments, such as the beach, will enhance the students understanding and the importance of such environments.

Your Committee has amended this measure by:

- (1) Clarifying that the ocean safety and stewardship education program may be conducted at a beach or another appropriate location, in addition to onsite at the school;
- (2) Authorizing the Department of Education to provide an opt-out process for elementary public schools that have other comparable programs or conduct water safety training at a different grade level;
- (3) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 508, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 508, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 996 Labor & Tourism on S.B. No. 678

The purpose of this measure is to:

- (1) Require that the representative of labor on the Hawaii Labor Relations Board shall be a person selected by a majority of the exclusive representatives of the collective bargaining units, whose sole name, rather than a list of three names, shall be submitted to the Governor; and
- (2) Establish procedures for the removal of the representative of labor from the Hawaii Labor Relations Board.

Your Committee received testimony in support of this measure from the University of Hawaii Professional Assembly; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; and Hawaii State Teachers Association. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining. Your Committee received comments on this measure from the Hawai'i Labor Relations Board.

Your Committee finds that the existing process of allowing the Governor to pick a name from a list of three nominees to fill the role of representative of labor provides the Governor with too much authority over the composition of the Hawaii Labor Relations Board. Providing a single name to the Governor that has been vetted by the exclusive representatives, with a clear timeframe for the name to be transmitted to the Senate for consideration as well as a default process for Senate confirmation if the deadline is missed, ensures greater fairness, predictability, and transparency in the appointment process. Your Committee also finds that providing a mechanism to remove an ineffective labor representative is essential to the efficient functioning of the Hawaii Labor Relations Board.

Your Committee has amended this measure by:

- (1) Repealing unnecessary explanatory language relating to term limits specified in section 26-34, Hawaii Revised Statutes, from which the Hawaii Labor Relations Board is exempt; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 678, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 678, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 997 Labor & Tourism on S.B. No. 936

The purpose of this measure is to require:

- (1) The Department of Labor and Industrial Relations to disseminate information regarding seizure first aid; and
- (2) Employers to post materials provided by the Department of Labor and Industrial Relations to educate employees with respect to seizure first aid.

Your Committee received testimony in support of this measure from thirteen individuals. Your Committee received testimony in opposition to this measure from the Department of Labor and Industrial Relations.

Your Committee finds that the Department of Labor and Industrial Relations' testimony in opposition stated that the Department's mission does not relate to mandates in public health. In addition, medical conditions such as seizures are not recognized workplace hazards and critical seizure safety information is downloadable through the Epilepsy Foundation.

Your Committee further finds that the Department of Health has general charge, oversight, and care of the health and lives of the people of the State and would be a more appropriate department to assume the tasks outlined in this measure.

Accordingly, your Committee has amended this measure by placing the responsibility for implementation with the Department of Health under chapter 321, Hawaii Revised Statutes, rather than the Department of Labor and Industrial Relations under chapter 371, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 936, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 936, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 998 Pandemic & Disaster Preparedness on S.B. No. 1107

The purpose of this measure is to establish the Hazard Mitigation Special Fund to give the Hawaii Emergency Management Agency the ability to monitor its own hazard mitigation projects.

Your Committee received testimony in support of this measure from the Department of Defense, Hawaii Emergency Management Agency, and Hawaii State Energy Office.

Your Committee finds that the Hawaii Emergency Management Agency has nearly exhausted its funding to support the management and implementation of hazardous mitigation projects. There are various projects to mitigate situations that are deemed hazardous that require immediate action. However, these necessary projects will not be possible without proper funding. This measure will ensure the continuation of hazardous mitigation projects and expand the program by establishing the Hazard Mitigation Special Fund.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1107, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1107, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 999 Pandemic & Disaster Preparedness on S.B. No. 134

The purpose of this measure is to prohibit the Governor or mayors from suspending requests for public or vital statistics records during a declared state of emergency.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, Common Cause Hawaii, All Hawaii News, Society of Professional Journalists Hawaii Chapter, Big Island Press Club, Civil Beat Law Center for the Public Interest, and three individuals. Your Committee received comments on this measure from the Department of Health, Office of Planning, Office of Information Practices, and Grassroot Institute of Hawaii.

Your Committee finds that access to information is critical to ensure transparency and allow citizens to hold government accountable. Your Committee further finds that existing law authorizes the Governor or a mayor to suspend any law, including the Uniform Information Practices Act, during a declared state of emergency. Your Committee recognizes that while it is important for the government to have flexibility during a state of emergency, there needs to be guardrails in place to prevent the overreach of those powers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 134, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 134, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1000 Government Reform on S.B. No. 401

The purpose of this measure is to:

- (1) Increase the amount of the fine that may be assessed against a noncandidate committee that makes only independent expenditures and that has received at least one contribution of more than \$10,000 or spent more than \$10,000 in an election period; and
- (2) Authorize the Campaign Spending Commission to order that the fine, or any portion of the fine, assessed against a noncandidate committee be paid from the personal funds of the officers of the noncandidate committee.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, League of Women Voters of Hawaii, and nine individuals.

Your Committee finds that this measure significantly increases the amount of fines assessed against a committee that makes only independent expenditures, otherwise known as Super PACs, and authorizes the Campaign Spending Commission to order that the fines, or a portion of the fines, be paid from the personal funds of an officer of the Super PAC. The increase in the amount of the fine is necessary in enforcement cases against Super PACs and will also serve as a more effective deterrent against Super PACs from violating state campaign spending laws.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 401, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 401,

H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1001 Government Reform on S.B. No. 402

The purpose of this measure is to:

- (1) Require expenditures by candidate committees for reimbursements to other individuals, in addition to candidates, to be itemized in schedules filed with the reports to the Campaign Spending Commission; and
- (2) Delete candidate reimbursements from the list of noncandidate committee expenditures that need to be itemized.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and Common Cause Hawaii.

Your Committee finds that under existing law, only candidate reimbursements need to be itemized in reports made to the Campaign Spending Commission. However, individuals other than the candidate are also being reimbursed for campaign costs advanced by those individuals. This measure requires that reimbursements made to other individuals are itemized as well, which will provide more transparency in how candidate committees are spending their funds.

Your Committee further finds that this measure deletes the requirement for noncandidate committees to report any candidate reimbursements, as noncandidate committees are already prohibited from receiving or making loans under existing law.

Your Committee has amended this measure by changing its effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 402, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 402, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1002 Government Reform on S.B. No. 406

The purpose of this measure is to:

- (1) Clarify that the Campaign Spending Commission may employ staff who may initiate complaints on behalf of the Commission;
- (2) Specify that the staff of the Campaign Spending Commission are not members of the Commission; and
- (3) Require complaints initiated by the staff of the Campaign Spending Commission to be in writing and signed by the Executive Director of the Campaign Spending Commission.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and one individual.

Your Committee finds that the Campaign Spending Commission employs or contracts with individuals to carry out various functions of the Commission. Your Committee further finds that this measure is intended to clarify the authority of the Campaign Spending Commission's staff in performing day-to-day functions of the Commission.

Your Committee has amended this measure by:

- (1) Removing language that would have permitted the Campaign Spending Commission to employ staff who are not members of the Commission to initiate complaints on behalf of the Commission;
- (2) Amending the duties of the Campaign Spending Commission to clarify that the duties of the Commission include employing or contracting with persons for the performance of the Commission's day-to-day functions, who shall have the authority to perform such day-to-day functions without further Commission action; and
- (3) Changing its effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 406, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 406, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Ichiyama, Mizuno, Ward).

SCRep. 1003 Water & Land on S.B. No. 791

The purpose of this measure is to clarify various processes and responsibilities relating to unauthorized, abandoned, and derelict vessels by:

- (1) Clarifying the processes for the removal of unauthorized vessels;
- (2) Clarifying the criteria for determining whether a vessel has been abandoned;
- (3) Reducing the time frame for claiming an unauthorized or abandoned vessel that has been impounded by the Department of Land and Natural Resources;
- (4) Establishing penalties for the abandonment of a vessel in the waters of the State or on public property;
- (5) Clarifying auction requirements regarding abandoned vessels; and
- (6) Authorizing the Department of Land and Natural Resources to charge impound storage fees for abandoned vessels.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Reef and Ocean Coalition, and three individuals.

Your Committee finds that this measure would allow the Department of Land and Natural Resources to respond more effectively to unauthorized, abandoned, grounded, and derelict vessels and hold owners more accountable for their vessels.

Your Committee has amended this measure by:

- (1) Clarifying that certain approvals for abandoned or grounded vessels must be made in writing by the Chairperson of the Board of Land and Natural

Resources, or the Chairperson's designee;

- (2) Changing its effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 791, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 791, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1004 Agriculture on S.B. No. 179

The purpose of this measure is to transfer operational authority over certain portions of the East Kauai Irrigation System to the Department of Agriculture by:

- (1) Providing that the portions of the system to be transferred are those portions operated and maintained by the East Kauai Water Users' Cooperative before December 15, 2020;
- (2) Requiring that the relevant portions of the system be under the operational authority of the Department of Agriculture until the Board of Agriculture adopts rules for irrigation water development and irrigation and water utilization, or until a determination is made that the system can be appropriately operated and maintained pursuant to chapters 167 and 168, Hawaii Revised Statutes; and
- (3) Contingent upon the East Kauai Irrigation System becoming a state irrigation system, establishing certain employment positions within the Department of Agriculture's Agricultural Resource Management Division and appropriating funds for the operations and maintenance of the East Kauai Irrigation System.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; East Kauai Waters Users' Cooperative; Hawai'i Farm Bureau; Ulupono Initiative; Larry Jefts Farms, LLC; Kalepa Koalition; Saiva Siddhanta Church; and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the East Kauai Irrigation System services more than twelve thousand five hundred acres of agricultural land on Kauai. The system includes two reservoirs and twenty-two miles of ditch and has historically serviced thousands of acres of state and private lands.

Your Committee further finds that the Department of Land and Natural Resources currently has oversight of the irrigation system and is focused on addressing public health and safety and preserving the viability of the irrigation system for future use, not the continued delivery of water to various users. Furthermore, the Department of Land and Natural Resources does not have the resources or expertise to function as a water delivery provider, which could be inconsistent with its mission of natural, cultural, recreational, and historical resource management and protection.

Your Committee has amended this measure by:

- (1) Deleting the authorization for the three-year water licensing deadline to be extended for up to two years under certain conditions; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 179, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 179, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1005 Energy & Environmental Protection on S.B. No. 1054

The purpose of this measure is to enable the use of monies in the Brownfields Cleanup Revolving Loan Fund for subgrants to eligible entities for assessment and cleanup of brownfields sites and certain site monitoring activities.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Office of Planning; and Department of Planning and Permitting of the City and County of Honolulu.

Your Committee finds that the Hawaii Brownfields Cleanup Revolving Loan Fund may be used for loans and subgrants to eligible entities for brownfields site assessment activities, sampling, and related activities in addition to cleanup activities. This measure expands the limited uses of the Brownfields Cleanup Revolving Loan Fund by enabling the funds to be used for subgrants for cleanups, environmental site assessments, and related activities to facilitate redevelopment of lands that are underutilized due to perceived or real contamination.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1054, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Economic Development.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1006 Energy & Environmental Protection on S.B. No. 502

The purpose of this measure is to propose a constitutional amendment that provides individuals the right to a clean and healthy environment, including pure water, clean air, and healthy ecosystems, and to the preservation of the natural, cultural, scenic, and healthful qualities of the environment.

Your Committee received testimony in support of this measure from the Hawaii Forest Stewards; Greener Hawaii; Imua Alliance; We Are One, Inc.; Hawai'i Public Health Association; Kauai Climate Action Coalition; Our Revolution Hawaii; Friends of Hanauma Bay; 350Hawaii.org; Environmental Caucus of the Democratic Party of Hawai'i; Green Amendments for the Generations; Hawaii Reef and Ocean Coalition; Surfrider Foundation; Hawai'i Youth Climate Coalition; Center for Biological Diversity; Climate Protectors Coalition; Zero Waste O'ahu; Clean the Pacific; and numerous individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii and one individual. Your Committee received comments on this measure from the Department of the Attorney General, Hawaiian Electric Company, NAIOP Hawaii, and Hawai'i Association of REALTORS.

Your Committee finds that clean water, clean air, a stable climate, and a healthy environment are critical for supporting the physical, mental, and economic

health of the State's residents. The proposed constitutional amendment in this measure recognizes and protects the alienable rights of all people to clean water, clean air, a stable climate, and healthy environments, making clear the State's duties to protect the environment for the benefit of residents and future generations.

Your Committee has amended this measure by:

- (1) Deleting language that would have made the environmental rights provisions self-executing and equivalent to other protected inherent and inalienable rights;
- (2) Clarifying the language of the question to be printed on the ballot for the proposed constitutional amendment;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 502, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 502, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1007 Energy & Environmental Protection on S.B. No. 348

The purpose of this measure is to:

- (1) Repeal the requirement that noncarbonated bottled water be transported, stored, processed, or bottled through lines or equipment through which only water is passed; and
- (2) Update existing law to require bottled water to meet standards prescribed by the United States Food and Drug Administration regarding product quality standards for bottled water.

Your Committee received testimony in support of this measure from the Sierra Club National Marine Team, Hawaii Food Industry Association, Ball Corporation, Ko Olina Resort Operators Association, and Maui Brewing Co. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Your Committee finds that existing state law expressly prohibits carbonated soft drink, juice, and beer operations from using the same equipment to can noncarbonated bottled water. This measure ensures that local beverage filling companies that manufacture other products can provide noncarbonated water in aluminum cans to consumers as a more recyclable alternative to single-use plastic water bottles, allowing local businesses to expand into new products and encourage economic growth.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 348, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1008 Energy & Environmental Protection on S.B. No. 180

The purpose of this measure is to:

- (1) Exempt a beverage dealer who is in a high-density population area from operating a redemption center if the dealer is located within one mile, rather than two miles, of a certified redemption center operated independently of the dealer; and
- (2) Require the Department of Health to annually adjust the handling fees for the Deposit Beverage Container Program to an amount not less than the handling fee in the prior calendar year as adjusted by percentage changes in the Consumer Price Index for the Honolulu area.

Your Committee received testimony in support of this measure from Reynolds Recycling and Zero Waste O'ahu. Your Committee received testimony in opposition to this measure from the Hawaii Food Industry Association and American Beverage Association. Your Committee received comments on this measure from the Department of Health and Tax Foundation of Hawaii.

Your Committee finds that under existing law, there are many challenges in the administration and efficiency of the Deposit Beverage Container Program. Therefore, it is necessary to further examine the Deposit Beverage Container Program to provide more recycling opportunities to Hawaii consumers.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting language from S.B. No. 349 (Regular Session of 2021), which requires the Department of Health to implement the Auditor's recommendations for the Deposit Beverage Container Program, including developing a risk-based selection process to select reports submitted by deposit beverage distributors and redemption centers for periodic audits;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 180, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 180, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1009 Energy & Environmental Protection on S.B. No. 132

The purpose of this measure is to, beginning January 1, 2023, ban the sale, offer for sale, or distribution in the State of any sunscreen that contains avobenzone or octocrylene, without a prescription issued by a licensed healthcare provider.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Kona Coast Waterkeepers, The Kohala Center, For the Fishes, Kahalu'u Bay Education Center, Hawaii Coral Reef Stakeholders Hui, Haereticus Environmental Laboratory, Chemists Without

Borders, Napili Bay and Beach Foundation, Safe Sunscreen Council, Hanauma Bay Snorkel Adventures and Koko Beach Rentals, Mālama Pūpūkea-Waimea, Legacy Reef Foundation, Center for Biological Diversity, Hawaii Reef and Ocean Coalition, Cyanotech Corporation, Safe Sunscreen Coalition, Down to Earth Organic and Natural, Little Hands Hawaii, Pacific Whale Foundation, Lani & Kai, Mama Kuleana Reef Safe Sunscreen Company, Zero Waste O'ahu, and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Food Industry Association, Hawaii Skin Cancer Coalition, Chamber of Commerce Hawaii, Personal Care Products Council, Public Access to SunScreens, Retail Merchants of Hawaii, and American Chemistry Council. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that despite the ban on the sale and distribution of sunscreen containing oxybenzone and octinoxate in the State beginning in 2021, it has come to light that additional chemicals used in sunscreens may also have harmful impacts on Hawaii's marine environment. This measure ensures that additional harmful chemicals are included in the sunscreen ban to preserve the State's marine ecosystems, including coral reefs that protect Hawaii's shoreline.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 132, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 132, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1010 Energy & Environmental Protection on S.B. No. 304

The purpose of this measure is to establish procedures for the Department of Transportation to assist and enable a person to voluntarily purchase a verified carbon offset for carbon dioxide emissions resulting from the person's air travel to or from an airport in the State.

Your Committee received testimony in support of this measure from the Blue Planet Foundation and one individual. Your Committee received testimony in opposition to this measure from 350Hawaii.org and two individuals. Your Committee received comments on this measure from the Department of Transportation and Office of Planning.

Your Committee finds that there are many contributors to climate change, and transportation-generated greenhouse gas emissions are a significant contributor. This measure helps the State achieve its zero emissions clean economy target by establishing a carbon offsetting and reduction scheme that may appeal to air travelers who are aware of the climate change implications of their travel.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 304, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1011 Energy & Environmental Protection on S.B. No. 243

The purpose of this measure is to require the Hawaii Natural Energy Institute to:

- (1) Develop a strategic plan that outlines benchmarks to achieve a one hundred percent renewable energy portfolio standard and submit the strategic plan to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023; and
- (2) Conduct a feasibility study on the State's ability to achieve its renewable energy goals by 2045 and submit its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

Your Committee received testimony in support of this measure from the Ulupono Initiative, Climate Protectors Hawaii, Land Use Research Foundation of Hawaii, and three individuals. Your Committee received comments on this measure from the Hawai'i Natural Energy Institute, Hawaii State Energy Office, Hawaiian Electric Company, Life of the Land, and Zero Waste O'ahu.

Your Committee finds that no strategic plan currently exists for the attainment of the State's goals of achieving a one hundred percent renewable energy portfolio standard and zero emissions clean economy target by 2045. This measure better positions the State to achieve its renewable energy goals and lowers its dependence on nonrenewable energy sources, leading to a more sustainable future.

Your Committee has amended this measure by:

- (1) Clarifying its findings, purpose statement, and scope for clarity and consistency;
- (2) Deleting language that would have required the Hawaii Natural Energy Institute to develop a strategic plan that outlines benchmarks to achieve a one hundred percent renewable energy portfolio standard;
- (3) Inserting language that requires the Hawaii State Energy Office to establish a strategic plan that identifies strategies to achieve a resilient, clean energy, decarbonized economy as quickly as practicable but no later than 2045, consider lifecycle emissions related to out-of-state transportation and supply chains, and submit a report to the Legislature prior to the Regular Session of 2023;
- (4) Specifying that the Hawaii Natural Energy Institute shall conduct a feasibility study of the Hawaii State Energy Office's strategic plan, rather than on the State's ability to achieve its goal of producing one hundred percent of the State's electricity from renewable energy sources by December 31, 2045;
- (5) Including additional years in which the Hawaii Natural Energy Institute is required to submit reports to the Legislature; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 243, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 243, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1012 Energy & Environmental Protection on S.B. No. 755

The purpose of this measure is to require lessors of rental motor vehicles to include an option for the lessee in the motor vehicle rental agreement to contribute a sum to the Department of Land and Natural Resources for the preservation and protection of the environment.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from Avis Budget Group and Enterprise Holdings.

Your Committee finds that the protection of natural resources is critical to the future of the State's tourism industry. As other states have successfully used voluntary contribution check-off boxes to raise money for the protection of their natural resources, your Committee finds that a similar program in Hawaii could be successful in raising funds for the State's own environmental management and visitor engagement.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 755, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 755, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Tokioka). Excused, 1 (Matayoshi).

SCRep. 1013 Energy & Environmental Protection/Agriculture on S.B. No. 493

The purpose of this measure is to establish and appropriate funds for the Hawaii Agriculture and Forest Carbon Positive Incentive Program.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Green Infrastructure Authority, Office of Planning, Climate Protectors Hawaii, Environmental Caucus of the Democratic Party of Hawai'i, Hawaii Cattlemen's Council, and six individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Taxation, Department of Agriculture, Department of Budget and Finance, Life of the Land, and Tax Foundation of Hawaii.

Your Committees find that the State needs to find a way to reduce its contribution to climate change and increase local food production. This measure incentivizes carbon positive actions through a payment of services program that would allow small farmers, ranchers, and landowners to be compensated for taking actions to help the State reach its climate positive goal.

Your Committees have amended this measure by:

- (1) Blanking out the allocation of the Environmental Response, Energy, and Food Security Tax that is deposited into the Agricultural Development and Food Security Special Fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 493, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 493, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

Agriculture: Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

SCRep. 1014 Housing/Water & Land on S.B. No. 2

The purpose of this measure is to:

- (1) Exempt lands set aside by the Governor to the Hawaii Housing Finance and Development Corporation and lands leased to the Hawaii Housing Finance and Development Corporation by state departments or agencies, from the definition of "public lands";
- (2) Require those lands to be subject to legislative approval prior to the sale or gift of those lands; and
- (3) Require state department or agency lands leased to the Hawaii Housing Finance and Development Corporation that are no longer needed for housing, finance, or development to be returned to the state department or agency that leased the lands to the Hawaii Housing Finance and Development Corporation.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and two individuals. Your Committees received testimony in opposition to this measure from the Office of Hawaiian Affairs, one member of the Maui County Council, Native Hawaiian Legal Corporation, Council for Native Hawaiian Advancement, Kanaeokana Kula Hawai'i Network, Hawaiian Affairs Caucus of the Democratic Party of Hawaii, and numerous individuals.

Your Committees find that this measure expands the Hawaii Housing Finance and Development Corporation's statutory exemption from the definition of "public lands" to include lands that are set aside to the Hawaii Housing Finance and Development Corporation by Executive Order or leased from another state department or agency. This measure is intended to help streamline the development of affordable housing on state lands by minimizing the number of approvals required by the Department of Land and Natural Resources.

Your Committees have amended this measure by:

- (1) Requiring the Hawaii Housing Finance and Development Corporation to submit certain documentation to the Office of Hawaiian Affairs regarding government or crown lands set aside or leased to the Hawaii Housing Finance and Development Corporation prior to the Corporation developing or financing affordable housing development on those lands; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 6. Noes, 1 (DeCoite). Excused, 1 (McDermott).

Water & Land: Ayes, 5; Ayes with Reservations (Branco, Kong). Noes, 1 (Ganaden). Excused, 2 (Ohno, McDermott).

SCRep. 1015 Judiciary & Hawaiian Affairs on S.B. No. 385

The purpose of this measure is to:

- (1) Enact the 2018 Uniform Trust Code with appropriate amendments to reflect Hawaii law and practice; and
- (2) Repeal the Uniform Trustees' Powers Act, Uniform Prudent Investor Act, and laws regarding trust administration under the Uniform Probate Code.

Your Committee received testimony in support of this measure from the Judiciary and Commission to Promote Uniform Legislation.

Your Committee finds that this measure will update Hawaii statutes relating to trusts and bring them under one comprehensive umbrella, which will significantly reduce the time, complexity, and expense of trust proceedings.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 385, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 385, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1016 Judiciary & Hawaiian Affairs on S.B. No. 1286

The purpose of this measure is to appropriate funds to the Office of the Prosecuting Attorney for Hawaii County for the Career Criminal Prosecution Unit.

Your Committee received testimony in support of this measure from the Mayor of the County of Hawai'i, two members of the Hawai'i County Council, Hawai'i Police Department, Office of the Prosecuting Attorney of the County of Hawai'i, and three individuals.

Your Committee finds that the Career Criminal Prosecution Unit was created due to a disproportionate amount of serious crimes that are committed against the public by a relatively small number of multiple and repeat felony offenders. This measure will help support the prosecution of these career criminals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1286, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1286, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (McKelvey). Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1017 Higher Education & Technology on S.B. No. 717

The purpose of this measure is to require the Department of Hawaiian Home Lands, with the assistance of the Office of Enterprise Technology Services, to create a digital database of its applicant, beneficiary, and lessee records.

Your Committee received testimony in support of this measure from three individuals. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that while basic Department of Hawaiian Home Lands applicant waiting lists are available for download on its website, the exact details of each applicant, including whether the applicant has applied for multiple leases, been denied a prior lease, or been skipped over, are not readily accessible. Your Committee further finds that the Department of Hawaiian Home Lands began implementing an electronic document imaging system in June 2013 that converted applicant and lessee records to digital media. This significantly improved accessibility to the electronic record system for Department of Hawaiian Home Lands' neighbor island offices. Your Committee also finds that digitizing Department of Hawaiian Home Lands' applicant, beneficiary, and lessee records will increase efficiency and improve access to these records.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 717, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 717, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Gates, Quinlan).

SCRep. 1018 Higher Education & Technology on S.B. No. 135

The purpose of this measure is to require the Office of Enterprise Technology Services to establish a working group to:

- (1) Conduct a study to identify state office buildings that are able to provide equitable telecommunication access to residents of the counties of Hawaii, Kauai, and Maui and residents of rural areas in the City and County of Honolulu, including residents with disabilities, to participate remotely in legislative hearings; and
- (2) Submit a report of its findings and recommendations, including any proposed legislation, to the Legislature prior to the 2022 Regular Session.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology Services, Office of the Mayor of the City and County of Honolulu, and Disability and Communication Access Board.

Your Committee finds that the coronavirus pandemic closed many public and private places, including workplaces, and curtailed activities in everyday life and the way people interact with one another. The pandemic heightened the need for remote work and learning capabilities and brought this immediate need to the forefront. Your Committee further finds that this measure will assist in making legislative hearings more accessible to residents statewide, particularly residents in rural areas and residents with disabilities, thereby enabling greater citizen participation in the legislative process.

Your Committee has amended this measure by:

- (1) Adding a person with a communication disability to the working group;
- (2) Dissolving the working group on June 30, 2022; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 135, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 135, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Gates, Quinlan).

SCRep. 1019 Legislative Management on S.B. No. 229

The purpose of this measure is to:

- (1) Require each department to submit an annual report for each non-general fund account to the Auditor in addition to the Legislature;
- (2) Require that each department's annual report for each non-general fund account include, among other things, the status of implementing certain recommendations made by the Auditor and any reasons no action has been taken, if applicable; and
- (3) Require the Auditor to include in the Auditor's annual report on certain special, revolving, and trust funds an identification of any recommendations that were included in any of the Auditor's reports published over the previous five years but have not yet been implemented.

Your Committee did not receive any testimony on this measure.

Your Committee finds that because of the state budget deficit caused by the COVID-19 pandemic, the State requires valuable, detailed information about its non-general funds. This measure will ensure accurate reporting on the State's non-general funds by requiring the executive departments to provide information about the non-general funds to the Auditor as well as the Legislature on an annual basis.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 229, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Belatti).

SCRep. 1020 Legislative Management on S.B. No. 732

The purpose of this measure is to require the Legislative Reference Bureau to conduct a study on the efficacy of the Hawaii CARES program administered by the Adult Mental Health Division of the Department of Health's Behavioral Health Administration and provide a report of its findings and recommendations to the Legislature.

Your Committee received testimony in support of this measure from Young Progressives Demanding Action and one individual. Your Committee received comments on this measure from the Department of Health, Legislative Reference Bureau, Hawai'i Psychological Association, and nine individuals.

Your Committee finds that the study proposed by this measure will evaluate the efficacy of the behavioral health services provided by the Hawaii CARES program. Your Committee further finds that it is in the State's interest to determine the status of the State's resources for non-violent responses to incidents related to mental health, substance abuse, and suicide threats to prevent unnecessary duplication of services.

Your Committee notes that the intent of this measure is to ensure that those who initially respond to mental health crisis incidents have been appropriately trained and are appropriately equipped to provide non-violent responses to these incidents. Your Committee recognizes the work performed by the Behavioral Health Administration and its Senate counterparts on this measure to address mental health in the State.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 732, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Pandemic & Disaster Preparedness.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Morikawa). Noes, none. Excused, 1 (Belatti).

SCRep. 1021 Economic Development on S.B. No. 509

The purpose of this measure is to require the Department of Education to:

- (1) Establish criteria for industry certification awards for public high schools to encourage students to obtain industry-recognized certifications in high value occupations; and
- (2) Submit an annual report to the Legislature containing specific information regarding the industry certification award progress.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and Department of Education.

Your Committee finds that the State has critical shortages of qualified local workers in sectors such as health care, education, air travel, and technology. This measure provides an opportunity to strategically prepare public high school students for the workforce in occupations that have high demand for competent and skilled employees, high potential for growth, and high wages.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 509, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 509, S.D. 2, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1022 Economic Development on S.B. No. 947

The purpose of this measure is to establish the Hawaii Broadband and Digital Equity Office within the Department of Business, Economic Development, and Tourism.

Your Committee received testimony in support of this measure from the Department of Health; Department of Business, Economic Development, and Tourism; Department of Human Services; Department of Transportation; Department of Research and Development for the County of Hawaii; AARP Hawai'i; Hawaii Broadband Hui; and Hawai'i Primary Care Association. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that it is critical to improve access to broadband services for residents throughout the State. This measure will establish a Hawaii Broadband and Digital Equity Office to develop and support increased access to these vital technologies to further enhance economic development, education, health care, and emergency services.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 947, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1023 Economic Development on S.B. No. 1204

The purpose of this measure is to:

- (1) Replace the four District Taxation Boards of Review with a single statewide Taxation Board of Review consisting of ten members to be appointed by the Governor; and
- (2) Authorize taxpayers and others appearing before the Taxation Board of Review to participate using cost-efficient means such as teleconferencing.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that existing laws regarding the Boards of Review for each taxation district have resulted in overwhelming challenges in the taxation appeals process. This measure replaces the four district boards with a single, statewide Taxation Board of Review, which will improve efficiency in tax administration and ensure Hawaii taxpayers are able to have their tax appeals decided expeditiously.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1204, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1204, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1024 Economic Development/Agriculture on S.B. No. 263

The purpose of this measure is to:

- (1) Transfer oversight of the Made in Hawaii Program as it relates to manufactured products to the Department of Business, Economic Development, and Tourism;
- (2) Place the Grown in Hawaii with Aloha Program under the management of the Department of Agriculture;
- (3) Transfer ownership of the "Made in Hawaii with Aloha" trademark from the Department of Agriculture to the Department of Business, Economic Development, and Tourism; and
- (4) Appropriate funds to the Department of Business, Economic Development, and Tourism to promote the "Made in Hawaii with Aloha" brand.

Your Committees received testimony in support of this measure from the Hawaii Technology Development Corporation, Chamber of Commerce Hawaii, Hawaiian Craft Brewers Guild, and Young Democrats of Hawai'i. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism; and Department of Agriculture.

Your Committees find that protecting the integrity and authenticity of Hawaii-branded products is an integral part of the State's economic development strategy. This measure ensures that Hawaii's local manufactured and agricultural products can continue to be effectively marketed and promoted across the world.

As affirmed by the records of votes of the members of your Committees on Economic Development and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 263, S.D. 2, and recommend that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Economic Development: Ayes, 8. Noes, none. Excused, none.

Agriculture: Ayes, 8. Noes, none. Excused, none.

SCRep. 1025 Water & Land on S.B. No. 1166

The purpose of this measure is to authorize the Board of Land and Natural Resources to approve reductions in or waivers of rent for leases that require substantial demolition costs or infrastructure improvement costs for the lessee to utilize the premises.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from Kūpuna for the Mo'opuna. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that this measure seeks to authorize the Board of Land and Natural Resources to approve reductions in or waivers of rent for certain long-term leases by an amount that must not exceed the amount of the lessee's total expenditures for demolition or provision of infrastructure. This measure is part of an effort by the Department of Land and Natural Resources to bring its leasing practices to commercially reasonable standards.

Your Committee has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1166, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1166, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1026 Education on S.B. No. 224

The purpose of this measure is to:

- (1) Require public schools that have a career and technical education program to enroll all high school students, including students who reside outside of the school's service area, who submit a timely application for participation in the program, subject to certain capacity requirements; and
- (2) Exempt a student enrolled in a career and technical education program from the requirement to attend school within the service area in which the student resides.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that educational programs specializing in career readiness and technical expertise can provide students with the skills needed to pursue careers in the State when they enter the job market. Your Committee believes that this measure will expand the number of students receiving career and technical skills education by allowing students to enroll in career and technical programs relating to health care workforce development, regardless of where they reside.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 224, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 224, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1027 Education on S.B. No. 242

The purpose of this measure is to improve digital literacy throughout Hawaii by:

- (1) Establishing a timeline for public elementary, middle, and intermediate schools to offer computer science courses or computer science content;
- (2) Beginning with the 2024-2025 school year, requiring each public charter school that serves elementary, middle, intermediate, or high school students to offer computer science courses or content at a certain frequency; and
- (3) Establishing the Computer Science Special Fund to provide grants to eligible entities to support computer science education.

Your Committee received testimony in support of this measure from the Department of Education, Workforce Development Council, Hawai'i Society for Technology in Education, HawaiiKidsCAN, Code.org, Computational Thinkers, Geeks for Good, and twelve individuals. Your Committee received testimony in support of the intent of this measure from Microsoft. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the global COVID-19 pandemic has illustrated a need to diversify the State's economy beyond tourism and has shown the importance of digital literacy. Your Committee further finds that the economic disruption caused by the pandemic has increased the focus on computer science education as a key driver of economic growth and digital literacy. Your Committee believes this measure will further promote computer science education in Hawaii and prepare students for fields related to computer science that have the potential to encourage job growth and innovation throughout the economy.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 242, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 242, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1028 Education on S.B. No. 702

The purpose of this measure is to require the Committee on Weights to submit a report to the Legislature detailing any changes to the funding formula within thirty days of the posting of the Committee's final report indicating the approval of its recommended change to the funding formula.

Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the Committee on Weights is responsible for, among other things, reviewing the issue of funding and revising the funding formula to provide for the equitable distribution of funds to all Hawaii public schools. Although insufficient funding for public schools is a major concern, various Committees on Weights have recommended, and the Board of Education has approved, changes in the formula factor that has amended the funding formula for public schools. This measure will apprise the Legislature of these changes and help inform any related legislative actions.

Your Committee has amended this measure by changing its effective date to July 1, 2051.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 702, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 702, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 1029 Education on S.B. No. 813

The purpose of this measure is to require charter school authorizers to provide the authorizer's respective charter school with a list of independent auditors, rather than selecting three independent auditors, from which their respective charter school is to select an independent auditor for its annual financial audit.

Your Committee received testimony in support of this measure from the State Public Charter School Commission and Kanu o Ka Aina New Century Public Charter School. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from Kanu o ka Aina Learning Ohana.

Your Committee finds that the availability of services of auditors selected by the State Public Charter School Commission is limited for neighbor island charter schools. Your Committee further finds that this measure will increase audit services and reduce the delay in the completion of audits for charter schools across the State.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 813, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 813, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 1030 Education on S.B. No. 1004

The purpose of this measure is to require the Department of Education to include the teaching of financial literacy in the personal/transition plan requirement for each student, beginning with the 2021-2022 school year.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii, Hawaii Credit Union League, Filipino Chamber of Commerce of Hawaii, and eight individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education.

Your Committee finds that financial education is a lifelong learning process that empowers individuals to plan for their futures. In the past, the educational system has assumed that students learn important financial skills from their families. However, not all students are learning the financial skills they will need to be successful later in life. This measure will ensure that Hawaii's students receive financial education to help them achieve financial prosperity and stability.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1004, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1004, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 1031 Education on S.B. No. 804

The purpose of this measure is to:

- (1) Authorize the Hawaii Public Housing Authority and Hawaii Housing Finance and Development Corporation to provide affordable rental housing for teachers employed by the Department of Education and public charter schools;
- (2) Authorize the Hawaii Housing Finance and Development Corporation to contract or sponsor with any state or county department or agency for public school teachers' affordable housing;
- (3) Require the Department of Education to lease land and contract with private entities for the development, management, maintenance, or revitalization of teacher housing;
- (4) Permit the private entity leasing land from the Department of Education to lease to other eligible tenants under certain circumstances;
- (5) Appropriate funds to the Hawaii Public Housing Authority for the provision of rental housing for public school teachers and public charter school teachers; and
- (6) Appropriate funds into and out of the Dwelling Unit Revolving Fund for the development of rental housing for teachers.

Your Committee received testimony in support of this measure from the Department of Education; Stanford Carr Development, LLC; Hawaii State Teachers Association; Hawai'i Association of REALTORS; and one individual. Your Committee received testimony in support of the intent of this measure from the Hawaii Housing Finance and Development Corporation. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that there are several factors that have led to the teacher shortage in Hawaii, including the high cost of living, teacher salaries, and access to affordable housing. Your Committee further finds that providing affordable housing to teachers can aid in the recruitment and retention of public school teachers in Hawaii. This measure provides a means of addressing the shortage of teachers in the State by providing financial incentives such as affordable housing for teachers.

Your Committee has amended this measure by:

- (1) Changing the amounts appropriated in this measure to unspecified amounts;
- (2) Changing its effective date to July 1, 2051; and

- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 804, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 804, S.D. 1, H.D. 1, and be referred to your Committee on Housing.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Ohno).

SCRep. 1032 Education/Water & Land on S.B. No. 806

The purpose of this measure is to require the Attorney General, on behalf of the Department of Education, to institute proceedings to acquire certain land owned by the Mililani Town Association by voluntary action or condemnation.

Your Committees received testimony in support of this measure from the Department of Education. Your Committees received comments on this measure from the Department of the Attorney General.

Your Committees find that the Mililani Town Association owns certain parcels of land near Mililani High School. Your Committees further find that the Department of Education intends to use the land to build an access ramp that is compliant with the Americans for Disabilities Act for students, staff, family members, and the general public to use. Your Committees additionally find that the acquisition of the parcels of land will also give control of a certain walkway that cuts through Mililani High School to the Department of Education, which will reduce cases of vagrancy and ensure safety and security of the school. This measure provides a legal process for the acquisition of the parcels of land by the State in a manner agreeable to all parties.

Your Committees have amended this measure by changing its effective date to July 1, 2050.

As affirmed by the records of votes of the members of your Committees on Education and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 806, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 806, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 8. Noes, none. Excused, 4 (Belatti, Hashimoto, Quinlan, Yamane).

Water & Land: Ayes, 8. Noes, none. Excused, none.

SCRep. 1033 Transportation on S.B. No. 57

The purpose of this measure is to:

- (1) Codify certain certification, renewal, and violation processes of vehicle inspectors who conduct vehicle safety inspections; and
- (2) Repeal the requirement for reconstructed vehicles to obtain a special inspection and certification.

Your Committee received testimony in support of this measure from the Department of Transportation; Oahu Motorsports Association; 4Runnation Hawaii; 808 Street Rods; Kings Ride Truck Club; Racing & Chillax in Da808; BTT, LLC; and numerous individuals. Your Committee received comments on this measure from the Honolulu Police Department and Corvette Club of Hawaii.

Your Committee finds that existing law requires vehicles in the State to pass an inspection check to ensure the safety of the driver and passengers in any vehicle on Hawaii's roads. Despite this requirement, there is no codified law regarding the supervision and certification of all inspectors authorized to conduct vehicle inspections. This measure would address that by codifying the process by which vehicle inspectors obtain and renew their certification and the penalties for improper inspection.

Your Committee further finds that the reconstructed vehicle inspection program may no longer be necessary. Available crash data does not indicate that reconstructed vehicles are more dangerous than other vehicles. However, your Committee believes there is merit in maintaining the reconstructed vehicles inspection program to avoid any modifications that are made to a vehicle that may change the weight of the vehicle, thereby causing more damage to the State's roads. Your Committee further believes that it would be beneficial for the Department of Transportation to study the effects of repealing the reconstructed vehicle inspection program so that the Legislature may make a more informed decision on whether or not to permanently repeal the program.

Accordingly, your Committee has amended this measure by:

- (1) Requiring the Department of Transportation to submit a report on the effects of repealing the reconstructed vehicles inspection program to the Legislature by July 1, 2024;
- (2) Specifying that the repeal of the reconstructed vehicles inspection program shall take effect on January 1, 2022, and be reenacted on July 31, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 57, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 57, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nakamura, Matsumoto).

SCRep. 1034 Transportation on S.B. No. 32

The purpose of this measure is to require public utilities to consider the disruption to transportation as a criterion in planning future maintenance.

Your Committee received comments on this measure from Hawai'i Gas.

Your Committee finds that the maintenance of certain public utilities causes significant traffic congestion, further exacerbating existing traffic problems throughout the State. While your Committee recognizes the importance of maintaining the State's utility infrastructure, your Committee believes that the effects on traffic should be considered prior to any new installation or ongoing and future maintenance projects to help mitigate traffic congestion.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that in addition to planning future maintenance, a public utility seeking a permit to disturb a highway shall also consider the disruption to traffic and transportation in planning ongoing maintenance and new installation; and
- (2) Requiring the Director of Transportation to coordinate all projects seeking a permit to disturb a state highway to minimize traffic congestion caused by

a project.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 32, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 32, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nakamura, Matsumoto).

SCRep. 1035 Transportation on S.B. No. 1401

The purpose of this measure is to:

- (1) Require the Department of Transportation to submit an annual report to the Legislature detailing compliance with the complete streets policy and principles;
- (2) Require the Department of Transportation to establish and publish performance standards with measurable benchmarks reflecting the capacity for all users to travel safely and conveniently along state roadways;
- (3) Require that the complete street policies of the State apply to new construction, reconstruction, repaving, operations, and maintenance activities;
- (4) Require the Department of Transportation to create a complete streets policy checklist for each project and post the checklist online; and
- (5) Require the counties to consider complete street policies when adopting or amending land use ordinances.

Your Committee received testimony in support of this measure from the Department of Health; Department of Transportation; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Palehua Townhouse Association; AARP Hawai'i; American Heart Association; Ulupono Initiative; Blue Zones Project; Hilo Bayfront Trails, Inc; People's Advocacy for Trails Hawaii; Hawai'i Public Health Institute; Hawaii Bicycling League; AlohaCare; and four individuals.

Your Committee finds that complete streets are streets designed and operated to enable safe use of streets and support mobility for all users. Act 54, Session Laws of Hawaii 2009, established the complete streets law, which requires the Department of Transportation and the county transportation departments to adopt policies that seek to reasonably accommodate convenient access and mobility to all users of the public highways, including pedestrians, bicyclists, and motorists. This measure will support the development of streets that encourage walking and bicycling, thereby improving the health of residents, while also creating a safer environment for motorists.

Your Committee has amended this measure by:

- (1) Specifying that the five percent of eligible federal funds that are required to be used for bikeway expenditures is based on a three-year average; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1401, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1401, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nakamura, Matsumoto).

SCRep. 1036 Transportation on S.B. No. 615

The purpose of this measure is to:

- (1) Require all moped and motor scooter rental companies to ensure the rider wears a safety helmet supplied either by the company or the renter;
- (2) Exempt riders with a motorcycle license from having to wear a safety helmet while riding a rented moped or motor scooter;
- (3) Prohibit the rental of any moped or motor scooter with aftermarket modifications; and
- (4) Amend the definition of "motor scooter".

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Keiki Injury Prevention Coalition, and numerous individuals.

Your Committee finds that wearing a helmet when operating a moped or motor scooter can increase the chance of survival in the event of an accident. According to the Hawaii Injury Prevention Plan for 2012-2017, published by the Emergency Medical Services and Injury Prevention System Branch of the Department of Health, helmets can reduce the risk of death by forty-two percent and reduce the risk of a head injury by sixty-nine percent. This measure will ensure the safety of residents and visitors of the State and reduce the number of traffic related fatalities by requiring certain moped and motor scooter operators to wear helmets.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 615, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 615, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nakamura, Matsumoto).

SCRep. 1037 Transportation on S.B. No. 287

The purpose of this measure is to:

- (1) Require the Department of Transportation and counties to implement a vision zero program in the State by July 1, 2022; and
- (2) Establish a goal of no traffic fatalities or serious injuries by 2045.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Blue Zones Project, Mothers Against Driving Hawaii, People's Advocacy for Trails Hawaii, Hawai'i Public Health Institute, Hawaii Bicycling League, AlohaChare, Keiki Injury Prevention Coalition, and three individuals.

Your Committee finds that vision zero is a multi-national road traffic safety project that aims to achieve a traffic system with no fatalities or serious injuries involving traffic. As of March 2021, there have already been 17 traffic related fatalities throughout the State. Your Committee believes that vision zero is a step forward toward decreasing these numbers and providing a safe environment for all Hawaii residents.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 287, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 287, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nakamura, Matsumoto).

SCRep. 1038 Health, Human Services, & Homelessness on S.B. No. 221

The purpose of this measure is to allow the Governor's Coordinator on Homelessness, in conjunction with the Hawaii Interagency Council on Homelessness, to develop plans for the City and County of Honolulu and the counties of Hawaii, Kauai, and Maui to coordinate the services and shelter facilities of public agencies and nonprofit organizations to meet the concerns of communities impacted by homelessness and the needs of the homeless population of the regions within each county.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaiian Affairs Caucus of the Democratic Party of Hawai'i, Hawaii Youth Services Network, and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Hawaii Health & Harm Reduction Center, and Catholic Charities Hawaii.

Your Committee finds that the homeless population in each county has unique regional needs and that a coordinated plan between the counties is critical in addressing and combating homelessness in the State. Your Committee further finds that directing the Governor's Coordinator on Homelessness to develop separate regional plans for each county to coordinate homelessness services and shelter facilities with public agencies and nonprofit organizations will more effectively address homelessness in each community.

Your Committee has amended this measure by:

- (1) Requiring, rather than permitting, the Governor's Coordinator on Homelessness to coordinate with the counties to develop separate regional plans for each county for the coordination of services and shelter facilities of public agencies and nonprofit organizations to meet the regional needs of the homeless populations in the State;
- (2) Requiring the county plans to include specific strategies to address the unmet needs in each county;
- (3) Requiring the Governor's Coordinator on Homelessness to provide annual reports on the status of the county plans to the Legislature no later than twenty days prior to the convening of each regular session starting with the Regular Session of 2022;
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 221, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 221, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1039 Health, Human Services, & Homelessness on S.B. No. 387

The purpose of this measure is to establish the conditions and time limits for placing a child in room confinement in a detention or shelter facility.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Office of Youth Services, Hawaii Psychological Association, and ACLU of Hawaii. Your Committee received comments on this measure from the Department of the Attorney General and Judiciary.

Your Committee finds that Congress passed the First Step Act in 2018, which prohibits facilities that confine youth in federal custody from using room confinement as punishment and permits such confinement only when youth behavior poses a risk of physical harm that cannot be otherwise de-escalated. In addition to Congress, the United States Department of Justice, and prominent national professional organizations have taken strong positions against the isolation of youth. This measure ensures the basic safety and protection of the State's youth by establishing statutory conditions and time limits on room confinement at detention and shelter facilities.

Your Committee has amended this measure by:

- (1) Clarifying that status offenders shall not be placed in secure detention or shelter facilities;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 387, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 387, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1040 Health, Human Services, & Homelessness on S.B. No. 821

The purpose of this measure is to:

- (1) Allow a minor who has reached the age of sixteen to petition the Family Court for emancipation;
- (2) Direct the Family Court regarding investigation of the petition, appointment of legal counsel and a guardian ad litem for the petitioning minor, and the findings necessary to grant the petition for emancipation;
- (3) Specify the rights gained by the minor upon emancipation; and
- (4) Authorize the Family Court to require the minor's parents or legal guardians to pay for any services ordered by the Family Court.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that when a minor who has reached the age of sixteen petitions the Family Court for emancipation, the Family Court must act to protect the best interests of the petitioning minor. Your Committee further finds that this measure includes necessary safeguards to ensure that a minor seeking to emancipate possesses the necessary knowledge and skills to take on adult responsibilities, is capable of financial self-support, is not under duress or coercion from a parent or legal guardian to seek emancipation, and can continue to receive educational and other services intended and needed by adolescents.

Your Committee has amended this measure by:

- (1) Making mandatory, rather than permissive, the Family Court's obligations to:
 - (A) Order investigations by Child Welfare Services or order a minor to undergo a mental health evaluation;
 - (B) Enter an order declaring the minor emancipated if certain factors are met by clear and convincing evidence; and
 - (C) Require a minor's parents or legal guardians to pay for any services ordered by the Family Court;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 821, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 821, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1041 Health, Human Services, & Homelessness on S.B. No. 324

The purpose of this measure is to amend the definition of the practice of medicine to provide uniformity of practice for medical and osteopathic physicians.

Your Committee received testimony in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Hawaii Medical Board, and Kaiser Permanente Hawai'i.

Your Committee finds that medical doctors and osteopathic doctors receive the same education and training and should thus be treated equally. This measure updates the definition of the practice of medicine because the practice of medicine includes not only the treatment of disease, as the existing definition provides, but also encompasses the prevention of disease.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 324, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 324, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1042 Health, Human Services, & Homelessness on S.B. No. 506

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Wahiawa General Hospital with its long-term debt restructuring.

Your Committee received testimony in support of this measure from Wahiawa General Hospital and ILWU Local 142. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that for over the past fifteen years, Wahiawa General Hospital has experienced severe financial difficulties, due to the impacts of several factors, including the reopening of The Queen's Medical Center West Oahu in Ewa, Oahu; reductions in Medicare, Medicaid, and private insurance requirements under the federal Patient Protection and Affordable Care Act; the ongoing shortage of physicians in the State; uncertainty in the availability of federal and state funding caused by instability in federal health care policy; and an increasing need for the provision of indigent care, which includes the homeless population. In addition, the COVID-19 pandemic has exacerbated Wahiawa General Hospital's fiscal challenges.

Your Committee recognizes that Wahiawa General Hospital is critical to providing a continuum of health care services in the State. It provides critical health care service needs to many residents and serves as a major employer in Wahiawa, Oahu. This measure will enable Wahiawa General Hospital to restructure its long-term debt and position itself to continue its mission of serving the health care needs of Central Oahu, North Shore, and other communities.

Your Committee has amended this measure by:

- (1) Changing the special purpose revenue bond amount to an unspecified amount;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 506, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 506, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (LoPresti, Ward).

SCRep. 1043 Health, Human Services, & Homelessness on S.B. No. 663

The purpose of this measure is to enact an interstate compact to award prizes for the curing of diseases.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that the goal of medical research is to develop safe and effective methods to prevent, detect, diagnose, treat, and ultimately cure various diseases. Spurring the development and innovation of new cures for major diseases has the potential to save lives, save the State millions of dollars in health care costs, and improve the standard of living for residents of the State and throughout the world. However, your Committee believes additional information is needed prior to joining an interstate compact.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting provisions that require the Department of Health to establish a task force to study the feasibility of entering into the solemn covenant of the states to award prizes for curing diseases;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 663, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 663, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1044 Health, Human Services, & Homelessness on S.B. No. 819

The purpose of this measure is to preserve access to health care for Medicaid recipients by extending the Hospital Sustainability Program.

Your Committee received testimony in support of this measure from the Department of Human Services, Adventist Health Castle, The Queen's Health Systems, Kaiser Permanente Hawaii, Hawaii Primary Care Association, Healthcare Association of Hawaii, and Hawaii Pacific Health. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the Hospital Sustainability Program, which was established in 2012, enables the State to leverage federal matching funds for hospitals that provide services to underserved, uninsured, and underinsured populations in Hawaii. Your Committee further finds that continuing the Hospital Sustainability Program will ensure the continued sustainability of hospitals in the State and help address ongoing budget constraints in the Medicaid program.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 819, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 819, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (LoPresti, Ward).

SCRep. 1045 Health, Human Services, & Homelessness on S.B. No. 827

The purpose of this measure is to improve breast cancer detection rates in the State by:

- (1) Increasing the categories of women required to be covered for mammogram screenings;
- (2) Requiring the existing health insurance mandate for coverage of low-dose mammography to include advancing technology in digital mammography and breast tomosynthesis; and
- (3) Requiring health care providers to be reimbursed at rates accurately reflecting the resource costs specific to each service, including any increased resource cost after January 1, 2021.

Your Committee received testimony in support of this measure from the Hawaii Primary Care Association, Hawaii Pacific Health, Hawaii Medical Association, Hawaii Society of Clinical Oncology, Hawaii Radiological Society, Hawaii Women Lawyers, and two individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Health, Hawaii Association of Health Plans, Hawaii Medical Service Association, and Kaiser Permanente Hawaii.

Your Committee finds that H.B. No. 309, H.D. 2 (Regular Session of 2021), a substantially similar measure, was previously passed by your Committee.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 309, H.D. 2, a measure that:
 - (A) Expands coverage of breast cancer screening and imaging to include an annual mammogram for a woman of any age with an above average risk for breast cancer, risk factor screening for women ages thirty or older, and additional supplemental imaging for any woman regardless of age, as deemed medically necessary by an applicable American College of Radiology guideline; and
 - (B) Requires the Auditor to conduct an impact assessment report to assess the social and financial impacts of the proposed mandated coverage and report to the Legislature prior to the Regular Session of 2022;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 827, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 827, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1046 Health, Human Services, & Homelessness on S.B. No. 838

The purpose of this measure is to:

- (1) Authorize the reduction of the thirty-hour per week employment requirement for qualified caregivers under the Kupuna Caregivers Program during a Governor-declared State of Emergency;
- (2) Specify that the Kupuna Caregivers Program is to be delivered through either traditional service delivery or kupuna caregiver-directed services; and
- (3) Allow the funds under the Kupuna Caregivers Program to be issued to the care recipient's financial management service provider.

Your Committee received testimony in support of this measure from the Department of Human Services, Executive Office on Aging, Policy Advisory Board for Elder Affairs, AARP Hawaii, Hawaii Family Caregiver Coalition, Alzheimer's Association, and twelve individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that because of the COVID-19 pandemic, many kupuna caregivers lost their jobs, and contracted service providers either closed or decrease their services. Your Committee further finds that this decrease in services by contracted service providers placed additional burdens on caregivers and their caregiving duties. This measure seeks to reduce burdens on kupuna care services by providing additional flexibility to qualified caregivers and contracted providers.

Your Committee has amended this measure by:

- (1) Clarifying that service providers and coaches are mandatory reporters who have received Adult Protective Services training;
- (2) Requiring, rather than permitting, the Director of the Executive Office on Aging to adopt administrative rules for the purposes of regulating the Kupuna Caregivers Program;
- (3) Requiring the Executive Office on Aging to submit an annual report to the Legislature on the status of the Kupuna Caregivers Program;
- (4) Amending the preamble for conciseness and to update its amended purpose;
- (5) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 838, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 838, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1047 Health, Human Services, & Homelessness on S.B. No. 589

The purpose of this measure is to require:

- (1) The Director of the University of Hawaii Cancer Center to be appointed by the University of Hawaii's Board of Regents upon recommendation from the Provost of the University of Hawaii at Manoa instead of the Dean of the John A. Burns School of Medicine;
- (2) The University of Hawaii Cancer Center to be administratively affiliated with the John A. Burns School of Medicine;
- (3) The Director of the University of Hawaii Cancer Center to report to the Provost of the University of Hawaii at Manoa and the Dean of the John A. Burns School of Medicine and coordinate with the President of the University of Hawaii;
- (4) Funds expended from or originating from the University of Hawaii Tuition and Fees Special Fund for the John A. Burns School of Medicine or the University of Hawaii Cancer Center to be used for educational purposes only; and
- (5) Funds expended from or originating from the Research and Training Revolving Fund for the John A. Burns School of Medicine or the University of Hawaii Cancer Center to be used for research and research-related purposes only.

Your Committee received testimony in opposition to this measure from the University of Hawaii System, University of Hawaii Professional Assembly, University of Hawaii Cancer Center, Hawaii Society of Clinical Oncology, and numerous individuals. Your Committee received comments on this measure from the American Cancer Society Cancer Action Network.

Your Committee finds that the work of the University of Hawaii Cancer Center helps address cancer through research, patient care, and community outreach. Your Committee also finds that the University of Hawaii Cancer Center is the only National Cancer Institute-designated cancer center in Hawaii and the broader Pacific region. This measure establishes complementary strategic priorities and coordinates the management of resources provided to the University of Hawaii John A. Burns School of Medicine and University of Hawaii Cancer Center, which will help avoid duplication of administrative expenses, foster a uniform strategic vision, and increase efficiency.

Your Committee notes that Act 38, Session Laws of Hawaii 2017 (Act 38), which is scheduled to sunset on June 30, 2022, exempted University of Hawaii-sponsored technology transfer activities from specific sections of the State Ethics Code as long as the technology transfer activities complied with the regulatory framework and research compliance program and policies approved by the University of Hawaii Board of Regents. Your Committee finds that removing the sunset date for Act 38 will enable the University of Hawaii to continue to regulate conflicts of interest and other ethical issues for the technology transfer activities it sponsors.

Your Committee also finds that Act 39, Session Laws of Hawaii 2017, which is scheduled to sunset on June 30, 2021, established the Innovation and Commercialization Initiative Program within the University of Hawaii. Your Committee recognizes that making the Innovation and Commercialization Initiative Program permanent will enable the University of Hawaii to continue to collaborate and complement other research commercialization or venture funding programs by other state agencies, as well as further research commercialization and economic development in the State.

Accordingly, your Committee has amended this measure by:

- (1) Removing the requirement that the Director of the Cancer Research Center of Hawaii report to the Dean of the John A. Burns School of Medicine;
- (2) Inserting the contents of H.B. No. 1064, H.D. 1, a measure that allows the University of Hawaii to continue its contribution to research commercialization and economic development by repealing the sunset provision in Act 38, Session Laws of Hawaii 2017;
- (3) Inserting the contents of H.B. No. 1065, H.D. 1, a measure that makes the Innovation and Commercialization Initiative Program permanent by repealing the sunset provision in Act 39, Session Laws of Hawaii 2017;
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 589, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 589, S.D. 2, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Kapela). Noes, none. Excused, 1 (LoPresti).

SCRep. 1048 Health, Human Services, & Homelessness on S.B. No. 1139

The purpose of this measure is to allow the Department of Health to fully operationalize the Office of Medical Cannabis Control and Regulation to ensure patient access and regulatory oversight of the licensed dispensaries by:

- (1) Authorizing the Department of Health to adopt administrative rules to establish patient registration fees beginning in fiscal year 2022;
- (2) Appropriating monies from the Medical Cannabis Registry and Regulation Special Fund for Office of Medical Cannabis Control and Regulation positions and operations; and
- (3) Establishing, hiring, and filling three new permanent full-time equivalent positions funded by the Medical Cannabis Registry and Regulation Special Fund.

Your Committee received testimony in support of this measure from the Department of Health and Hawai'i Cannabis Industry Association. Your Committee received comments on this measure from the Akamai Cannabis Clinic.

Your Committee finds that, in order to mitigate budget shortfalls caused by the COVID-19 pandemic, the Office of Medical Cannabis Control and Regulation was required to cut six full-time positions, which included the Office's administrative staff. Your Committee further finds that using the Medical Cannabis Registry and Regulation Special Fund to finance some of those positions will enable the Office of Medical Cannabis Control and Regulation to hire administrative personnel to support the Office's programmatic efforts.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriated funds shall be used to provide administrative support to the Office of Medical Cannabis Control and Regulation in addition to funding positions and operations;
- (2) Reducing the number of new full-time equivalent positions established from three to one;
- (3) Requiring the Office of Medical Cannabis Control and Regulation to convene a task force to explore the impact of legalizing cannabis on qualifying medical cannabis patients;
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1139, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1139, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, 1 (LoPresti).

SCRep. 1049 Health, Human Services, & Homelessness on S.B. No. 1285

The purpose of this measure is to require any hospital that serves a community having more than five hundred Compact of Free Association benefit recipients to:

- (1) Establish diversity and inclusion training for all staff; and
- (2) Hire interpreters and community healthcare workers as necessary to bridge the language and cultural divide with the community.

Your Committee received testimony in support of this measure from The Queen's Health Systems, Hawai'i Coalition for Immigrant Rights, and five individuals. Your Committee received comments on this measure from the Department of the Attorney General, Kaiser Permanente Hawai'i, Healthcare Association of Hawaii, Hawai'i Pacific Health, and one individual.

Your Committee finds that many Compact of Free Association (COFA) benefit recipients have experienced prejudice and discrimination in the health care system and as a result no longer use medical facilities as a first option to treat illness. Your Committee further finds that, with the reinstatement of Medicaid and Children's Health Insurance Program eligibility, many COFA benefit recipients are now able to participate in Medicaid and will no longer be part of the State's uninsured population. This measure will reduce barriers to health care by developing programs to bridge cultural and language gaps between health care providers and COFA benefit recipients.

Your Committee has amended this measure by:

- (1) Requiring only Hawaii Health Systems Corporation hospitals in counties with an area greater than four thousand square miles who serve Compact of Free Association benefit recipients to establish diversity and inclusion staff training and hire interpreters and community health care workers, as needed;
- (2) Requiring the Hawaii Health Systems Corporation to provide oversight and enforcement of the diversity and inclusion staff training and hiring of interpreters and community health care workers, as needed;
- (3) Requiring the Hawaii Health Systems Corporation to make a report to the Legislature on the status of the diversity and inclusion staff training and the hiring of interpreters and community health care workers;

- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1285, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1285, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1050 Health, Human Services, & Homelessness on S.B. No. 1340

The purpose of this measure is to enable the Hawaii Medical Board to license emergency ambulance service personnel and other emergency medical responders.

Your Committee received testimony in support of this measure from the Department of Health, Department of Transportation, American Medical Response, and six individuals. Your Committee received testimony in opposition to this measure from the State Fire Council and Honolulu Fire Department. Your Committee received comments on this measure from the Hawaii Medical Board.

Your Committee finds that emergency medical responders provide at-the-scene, life-saving care with minimal equipment to critical care patients and have the knowledge and skills necessary to provide immediate interventions while awaiting arrival of additional emergency medical services. However, existing law only provides for certification of emergency ambulance service personnel and does not provide for licensure or certification of emergency medical responders. This measure aligns the State's existing laws for licensure of emergency medical technicians with the National Registry of Emergency Medical Technicians.

Your Committee has amended this measure by:

- (1) Requiring the Department of Commerce and Consumer Affairs to examine the possibility of the creation of an additional licensure category for emergency medical technicians who have received certification from the National Registry of Emergency Medical Technicians at a higher level of practice than emergency medical responders but who do not provide emergency ambulance services;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1340, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1340, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1051 Culture, Arts, & International Affairs on S.B. No. 697

The purpose of this measure is to designate January of each year as "Kalaupapa Month" to serve as an annual reminder of the importance of Kalaupapa and the significant sacrifices and contributions of its residents throughout the State's history.

Your Committee received testimony in support of this measure from the Department of Health, Ka 'Ohana O Kalaupapa, IDEA Center for the Voices of Humanity, The Friends of Iolani Palace, Historic Hawai'i Foundation, Roman Catholic Church in the State of Hawaii Diocese of Honolulu, eleven individuals, and a letter signed by five individuals.

Your Committee finds that in 1865, the Kingdom of Hawaii passed "An Act to Prevent the Spread of Leprosy" and, over time, forcibly removed an estimated eight thousand individuals suspected of having leprosy to a colony established on eight hundred acres of land on the Kalaupapa peninsula of Moloka'i. Your Committee further finds that many important events in the history of Kalaupapa occurred in January: the first twelve inhabitants of the Kalaupapa colony arrived on January 6, 1866; the last of the original inhabitants of Kalaupapa were evicted in January of 1895; Jozef De Veuster, also known as Father Damien and canonized by the Catholic Church as Saint Damien of Moloka'i in recognition of his work in ministering to the people of Kalaupapa, was born on January 3, 1840; and Barbara Koob, known today as Saint Marianne, who worked tirelessly for thirty years in Kalaupapa as the supervisor of the Bishop Home for Single Women and Girls, was born on January 23, 1838. This measure recognizes the contributions and sacrifices of the residents of Kalaupapa by establishing January of each year as "Kalaupapa Month".

Your Committee has amended this measure by:

- (1) Amending the preamble to more accurately reflect the contributions and history of the residents of Kalaupapa; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 697, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 697, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1052 Culture, Arts, & International Affairs on S.B. No. 537

The purpose of this measure is to recognize American Sign Language as a fully developed, autonomous, natural language with its own grammar, syntax, vocabulary, and cultural heritage.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, Hawai'i Civil Rights Commission, and two individuals.

Your Committee finds that American Sign Language is the primary language for many individuals who are deaf or hard of hearing. Your Committee further finds that although the State recognizes American Sign Language as a world language for public school language requirement purposes, further steps are needed to advance the understanding and acknowledgment that American Sign Language is a unique language and not merely signed English.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee

is in accord with the intent and purpose of S.B. No. 537 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1053 Culture, Arts, & International Affairs on S.B. No. 1023

The purpose of this measure is to allocate fixed amounts of transient accommodations tax revenues to provide funding for the Bernice Pauahi Bishop Museum and Iolani Palace.

Your Committee received testimony in support of this measure from the Museum Studies Graduate Certificate Program at the University of Hawai'i at Mānoa; Kanaeokana; Bishop Museum; Iolani Palace; Council for Native Hawaiian Advancement; 'Aha Pūnana Leo; Kamehameha Schools; Hawai'i Appleseed Center for Law and Economic Justice; Papa Ola Lokahi; The Queen's Health Systems; Kua'āina Ulu 'Auamo; The Institute for Native Pacific Education and Culture; Aloha State Services, Ltd.; Oahu Economic Development Board; The Friends of Iolani Palace; Friends of Amy B.H. Greenwell Ethnobotanical Garden; Historic Hawai'i Foundation; Society for Hawaiian Archaeology; and fourteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Land and Natural Resources.

Your Committee finds that Bishop Museum curates millions of objects and artifacts of Native Hawaiian, Pacific Islander, and Hawaii immigrant culture and history; provides programs that offer scientific, cultural, and educational lessons to thousands of school children each year; and supports economic development and tourism. Your Committee also finds that Iolani Palace, as the only royal palace in the United States, is both an important historical building as well as a tourism venue. Your Committee recognizes that the economic impacts caused to the State by the COVID-19 pandemic, including a decrease in tourism and restrictions on public gatherings, have resulted in a substantial loss of revenue to Bishop Museum and Iolani Palace. The allocation of transient accommodations tax revenues proposed by this measure ensures the continued operation of Bishop Museum and Iolani Palace and supports both institutions' roles in Hawai'i's culture.

Your Committee has amended this measure by changing the fixed allocations of transient accommodations tax revenues to the Bishop Museum and Iolani Palace to unspecified amounts.

Should your Committee on Judiciary & Hawaiian Affairs deliberate on this measure, your Committee respectfully requests that it consider allocating \$750,000 to Iolani Palace and \$1,500,000 to the Bernice Pauahi Bishop Museum.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1023, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1023, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1054 Culture, Arts, & International Affairs on S.B. No. 939

The purpose of this measure is to establish June 19 of each year as Juneteenth Day.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Common Cause Hawaii, LGBT Caucus of the Democratic Party of Hawaii, Planned Parenthood Votes Northwest and Hawaii, Young Progressives Demanding Action, Community Alliance on Prisons, Popolo Project, Our Space, Association of Hawaiian Civic Clubs, Rainbow Family 808, and fifteen individuals.

Your Committee finds that although slavery was officially outlawed when the Emancipation Proclamation became effective on January 1, 1863, slavery in Texas did not actually end until June 19, 1865, when Major General Gordon Granger arrived in Galveston and announced the end of slavery and the Civil War. Your Committee further finds that Hawaii is one of only three states that do not recognize Juneteenth as a state holiday or a day of special observance. This measure recognizes the history and legacy of slavery in the United States and the many contributions made to the United States by African Americans through the establishment of Juneteenth as a day of special observation.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 939 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1055 Culture, Arts, & International Affairs on S.B. No. 83

The purpose of this measure is to establish November 28 of each year as Lā Kū'oko'a, Hawaiian Recognition Day.

Your Committee received testimony in support of this measure from the Association of Hawaiian Civic Clubs, LGBT Caucus of the Democratic Party of Hawaii, and three individuals.

Your Committee finds that every state in the nation celebrates a day that is unique to that state's history. For example, Utah celebrates Pioneer Day in recognition of the day Brigham Young ventured into its territory, and Texas celebrates Texas Independence Day, honoring Texas' independence from Mexico's central government. Your Committee further finds that Lā Kū'oko'a, a day recognizing the Kingdom of Hawaii's entrance into the family of nations, was first celebrated under King Kamehameha III in 1847 and remained a national holiday through the early years of the Territory of Hawaii. This measure recognizes the history of Hawaii as an international power in the Pacific through the creation of a special day of observance.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 83, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1056 Pandemic & Disaster Preparedness/Health, Human Services, & Homelessness on S.B. No. 970

The purpose of this measure is to authorize the establishment of a physician-patient relationship via a telehealth appointment if the physician is licensed in the State.

Your Committees received testimony in support of this measure from the Hawaii Medical Board, John A. Burns School of Medicine of the University of Hawai'i, AARP Hawai'i, Hawaii Substance Abuse Coalition, Kaiser Permanente, Aloha Nursing Rehab Centre, Planned Parenthood Votes Northwest and Hawaii, The Queen's Health Systems, Hawai'i Public Health Association, Hawaii Medical Association, Hawai'i Public Health Institute, Hawai'i Pacific Health, Hawaii Healthcare Association of Hawaii, and four individuals.

Your Committees find that the coronavirus disease 2019 pandemic drastically changed how health care providers care for their patients. As a result of the pandemic, the State has seen an increase in the use of telehealth services, which provides a safe and easy way for patients to continue seeing their health care providers. However, existing law remains unclear on whether a patient may use telehealth to establish a physician-patient relationship. Your Committees believe that having the flexibility to establish a physician-patient relationship through telehealth will increase access to care for residents in the State.

Your Committees have amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Health, Human Services, & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 970, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 970, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 8. Noes, none. Excused, 1 (Woodson).

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1057 Pandemic & Disaster Preparedness/Health, Human Services, & Homelessness on S.B. No. 192

The purpose of this measure is to authorize the Department of Human Services to administer and provide public assistance during a state of emergency.

Your Committees received testimony in support of this measure from the Hawai'i Primary Care Association and two individuals. Your Committees received comments on this measure from the Department of Human Services.

Your Committees find that the coronavirus disease 2019 (COVID-19) pandemic has severely threatened the health and welfare of the State's residents, especially the underprivileged and rural communities. Your Committees believe that during the COVID-19 pandemic, and similar emergency-caused economic hardships that may occur in the future, the State should be helping the most vulnerable communities so that they may recover from any economic hardship as a result of a governor-declared state of emergency.

Your Committees note the benefit assistance provided by this measure may potentially disqualify individuals from other types of federal benefits programs with income limitation requirements, such as the Supplemental Nutrition Assistance Program.

Your Committees have amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Health, Human Services, & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 192, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 192, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 8. Noes, none. Excused, 1 (Woodson).

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1058 Consumer Protection & Commerce on S.B. No. 513

The purpose of this measure is to promote compliance with the Fireworks Control Law by:

- (1) Increasing the permit and fine amounts and raising the grade of offense for certain violations of the Fireworks Control Law;
- (2) Specifying that certain violations with respect to each aerial device, display firework, and article pyrotechnic constitutes a separate violation;
- (3) Requiring the Attorney General to convene an Explosion Detection Technology Working Group to study the feasibility of purchasing and deploying explosion detection technology in certain counties;
- (4) Authorizing the Sheriff Division of the Department of Public Safety to enforce the Fireworks Control Law; and
- (5) Requiring the Department of Public Safety to develop and implement a statewide web-based fireworks reporting tool.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Hawaiian Humane Society, and one individual.

Your Committee finds that the enforcement of the Fireworks Control Law is wanting. Your Committee further finds that enforcement is necessary to protect property from avoidable fire damage; protect persons from fire and explosion-related injuries; minimize respiratory distress caused by the air pollution; and avoid retraumatizing persons who may be adversely impacted by loud explosions.

To promote compliance with the Fireworks Control Law, your Committee finds that increasing the penalties under the Fireworks Control Law and facilitate reporting through web-based tools, as proposed by this measure, may help meet this objective.

Your Committee further finds that H.B. No. 1245, H.D. 2 (Regular Session of 2021), which was previously heard by your Committee and passed by the House, is another approach to promote compliance with the Fireworks Control Law by establishing an expeditious adjudication system, similar to the adjudication system for processing traffic infractions. Such a system would allow the Judiciary to expeditiously process violations of the Fireworks Control Law and reserve its resources for cases that require more attention.

Your Committee has amended this measure by:

- (1) Adding the contents of H.B. No. 1245, H.D. 2 to this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 513, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 513, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1059 Consumer Protection & Commerce on S.B. No. 1100

The purpose of this measure is to adopt the National Association of Insurance Commissioners' Insurance Data Security Model Law to establish insurance data security standards for insurance licensees.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from the American Council of Life Insurers.

Your Committee finds that there have been several major data breaches involving large insurers that exposed and compromised the sensitive personal information of millions of insurance consumers. As a result of these breaches, state insurance regulators made the reevaluation of the regulations around cybersecurity and consumer data protection a top priority. After almost two months of extensive deliberations, the National Association of Insurance Commissioners adopted the Insurance Data Security Model Law, which provides state insurance regulators with the tools they need to better protect sensitive consumer information.

Your Committee has amended this measure by:

- (1) Extending the implementation date for certain provisions as applied to risk retention groups chartered and licensed in this State by one additional year; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1100, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1100, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1060 Consumer Protection & Commerce on S.B. No. 1342

The purpose of this measure is to include engaging in hosting activities that advance gambling activity on real property under the offense of promoting gambling in the first degree.

Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that illegal gambling presents a serious risk to public safety and welfare. Your Committee further finds that real property owners, managers, or others who receive or entertain other persons with the intent of advancing gambling activity on real property should be subject to heightened penalties.

Your Committee has amended this measure by:

- (1) Specifying that engaging in activities in which a person receives or entertains other persons as guests with the intent of advancing gambling activity on real property is included in the offense of promoting gambling in the first degree, rather than engaging in hosting activities that advance gambling activity on real property; and
- (2) Changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1342, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1342, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1061 Government Reform on S.B. No. 400

The purpose of this measure is to clarify that heightened fines may be assessed to a candidate committee or noncandidate committee if the candidate committee or noncandidate committee fails to timely file the preliminary primary report or preliminary general report that is due ten calendar days before a primary or general election.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, League of Women Voters of Hawaii, and seven individuals.

Your Committee finds that this measure will improve the timely filing of reports by candidate committees and noncandidate committees to the Campaign Spending Commission, which is necessary for transparency and accountability in the election system.

Your Committee has amended this measure by:

- (1) Changing the number of calendar days that a candidate committee or noncandidate committee must file its preliminary primary report or preliminary general report to the Campaign Spending Commission before a primary or general election to an unspecified number of calendar days;
- (2) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it deliberate on this measure, to look at whether requiring a candidate committee or noncandidate committee to file its preliminary primary or preliminary general report to the Campaign Spending Commission ten days before a primary or general election is too aggressive and as such may not be practical.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 400, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 400, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1062 Government Reform on S.B. No. 550

The purpose of this measure is to allow an individual who is seventeen years of age but will be eighteen years of age on or before the next state or local

general election to register and vote at the state or local primary election immediately preceding that state or local general election and at any co-occurring or intervening special election.

Your Committee received testimony in support of this measure from Young Progressives Demanding Action, Ke One O Kāhuhīhewa, Association of Hawaiian Civic Clubs, and one individual. Your Committee received comments on this measure from Common Cause Hawaii and Vote16HI.

Your Committee finds that the age qualification to vote in any federal, state, or local election is eighteen years of age. However, for those individuals whose eighteenth birthday falls between a primary and general elections, the current age restriction effectively prevents them from participating in state and local primary elections. Your Committee believes that granting voting rights to these individuals to participate in the primary elections and any intervening or co-occurring special election immediately preceding the general election, young individuals will have an increased sense of civic participation, which will lead to a greater understanding of, and increased participation in, the democratic process.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Judiciary & Hawaiian Affairs hear this measure, your Committee respectfully requests that it consider allowing an individual who is sixteen years of age but will be eighteen years of age on or before the next state or local general election to register and vote at the primary election and any intervening or co-occurring special election before the general election.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 550, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 550, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1063 Government Reform on S.B. No. 551

The purpose of this measure is to propose an amendment to the Hawaii State Constitution to allow citizens who are seventeen years of age but will be eighteen years of age on or before the next state or local general election to vote at the state or local primary election immediately preceding the state or local general election by which the citizen will attain the age of eighteen and any intervening or co-occurring special election.

Your Committee received testimony in support of this measure from Young Progressives Demanding Action, Ke One O Kāhuhīhewa, Association of Hawaiian Civic Clubs, and one individual. Your Committee received comments on this measure from Common Cause Hawaii and Vote16HI.

Your Committee finds that the age qualification to vote in any federal, state, or local election is eighteen years of age. However, for those individuals whose eighteenth birthday falls between a primary and general election, the current age restriction effectively prevents them from participating in state and local primary elections. Your Committee believes that providing these individuals with the ability to vote in the primary elections and any intervening or co-occurring special election immediately preceding the general election will give young individuals the opportunity to vote while still in high school, which will encourage greater civic engagement, voter turnout, and voter participation amongst the State's youth.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Judiciary & Hawaiian Affairs hear this measure, your Committee respectfully requests that it consider allowing an individual who is sixteen years of age but will be eighteen years of age on or before the next state or local general election to register and vote at the primary election and any intervening or co-occurring special election before the general election.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 551, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 551, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1064 Government Reform on S.B. No. 560

The purpose of this measure is to establish ranked choice voting for special federal elections and special elections of vacant county council seats.

Your Committee received testimony in support of this measure from Common Cause Hawaii, FairVote Action, Young Progressives Demanding Action, Green Party of Hawai'i, Americans for Democratic Action, and fourteen individuals.

Your Committee finds that ranked choice voting is a method of voting that allows voters to rank their choice of candidates based on preference from favorite to least favorite. Your Committee believes that implementing ranked choice voting in special elections for federal and county council offices may demonstrate that this method of voting can ensure fairer, more efficient, and more diverse elections.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 560, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 560, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, 1 (Ward). Excused, 2 (Eli, Ichiyama).

SCRep. 1065 Government Reform on S.B. No. 597

The purpose of this measure is to allow candidates seeking election to use campaign funds for child care and vital household dependent care costs under

certain conditions.

Your Committee received testimony in support of this measure from Common Cause Hawaii, Young Progressives Demanding Action, American Association of University Women of Hawaii, and six individuals. Your Committee received comments on this measure from the Campaign Spending Commission.

Your Committee finds that parenthood and care for one's dependents should not be barriers to running for political office. This measure will reduce the cost barrier for running a campaign for political office by allowing candidates more flexibility in the use of their campaign funds.

Your Committee has amended this measure by:

- (1) Adding a definition for "vital household dependent care"; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 597, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 597, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1066 Government Reform on S.B. No. 1395

The purpose of this measure is to:

- (1) Require the Governor to appoint an individual to fill a vacancy within all boards and commissions within one hundred eighty days of the expiration of a member's term;
- (2) Specify that holdover appointments are limited to one hundred eighty days, after which time a vacancy is created on the board or commission;
- (3) Require department heads to inform the Governor of any vacancy on any board or commission; and
- (4) Require an outgoing Governor to provide the Governor-elect with an up-to-date list of information about boards and commissions.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Human Services and Department of Transportation.

Your Committee finds that state boards and commission allow for a cross-section of Hawaii's residents to offer vital input and the ability to influence decisions that shape the quality of life for residents of the State. Your Committee further finds that the Governor nominates and appoints more than one hundred seventy board and commission positions. The vast number of nominations and appointments that the Governor oversees may cause a delay in filling any vacancies to a state board or commission, which could negatively impact the board's or commission's ability to conduct its business. Your Committee believes that the appropriate and timely nominations and appointments of members of boards and commissions will enable boards and commissions to meet and conduct their business with minimal delay.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Judiciary & Hawaiian Affairs hear this measure, your Committee respectfully requests that it consider the concerns raised in testimony by the Department of Human Services regarding the vital role that holdover members have on a board's or commission's ability to conduct business or make decisions, as there may not be an available and ready supply of qualified candidates to fill board and commission vacancies.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1395, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1395, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1067 Government Reform on S.B. No. 82

The purpose of this measure is to:

- (1) Require each new member of a board or commission to participate in an orientation and training session with the head of the department with jurisdiction of that member's board or commission or a designee of the head of the department; and
- (2) Require each department and agency to update their members on information to supplement their initial training at least once per calendar year.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Human Services, Department of Land and Natural Resources, Department of Accounting and General Services, Department of Agriculture, Executive Office on Early Learning, and Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees.

Your Committee finds that newly appointed members to a board or commission have the qualifications needed to be appointed but may need additional formal education to understand their new responsibilities. Your Committee believes that the additional training proposed by this measure would aid new members of a board or commission in executing their duties.

Your Committee has amended this measure by changing the effective date to July 1, 2112, to encourage further discussion.

Should your Committees on Consumer Protection & Commerce and Finance hear this measure, your Committee respectfully requests that they consider the concerns raised by the Department of Commerce and Consumer Affairs in its testimony requesting training that is appropriate for any board or commission member, rather than specifically relevant to the work of the board or commission on which the member sits, adequate funding, an additional position, and additional time for the Department to implement the trainings.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 82, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 82, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1068 Government Reform on S.B. No. 789

The purpose of this measure is to:

- (1) Authorize a special procurement process to address new or unique state requirements or to procure new technologies or public-private partnerships;
- (2) Require the Procurement Policy Board to establish rules by December 31, 2021, for the special procurement process; and
- (3) Require the head of a purchasing agency to:
 - (A) Prepare a procurement plan and submit the plan to the Attorney General or Corporation Counsel for review; and
 - (B) Electronically post all contracts awarded through the special procurement process, with each award posted within seven days of its contract award and for at least one year.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received comments on this measure from the Department of Accounting and General Services and State Procurement Office.

Your Committee finds that employing new and innovative ways of maintaining and improving state services and infrastructure while ensuring the prudent and cost-effective expenditure of public monies are important, particularly during economically challenging times. Your Committee further finds that providing the State with greater flexibility when procuring certain goods and services will allow the State to address unique situations in an appropriate and timely manner.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 789, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1069 Government Reform on S.B. No. 1391

The purpose of this measure is to authorize the Procurement Policy Board to adopt and, as necessary, amend specific rules that require the consideration of life-cycle costs in all state procurements on or before December 31, 2021.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office and two individuals. Your Committee received testimony in opposition to this measure from the Department of Transportation. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that although existing law encourages the consideration of ongoing life-cycle costs to promote energy efficiency, it neither requires nor effectively provides for full and effective accounting and consideration of life-cycle costs in procurement practices and procedures. Your Committee further finds that consideration of life-cycle costs in the procurement of goods, services, and construction is critical to ensure the sound economic management of the State's financial resources.

Your Committee has amended this measure by:

- (1) Removing the deadline date of December 31, 2021, for when the Procurement Policy Board may adopt and amend rules that require the consideration of life-cycle costs in all state procurements;
- (2) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1391, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1391, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1070 Government Reform on S.B. No. 167

The purpose of this measure is to improve the quality of life in the State by:

- (1) Establishing objectives, policies, and priority guidelines for state facility systems in the Hawaii State Planning Act to achieve the use of green infrastructure, vegetation, and trees in state facility systems, infrastructure, and transit projects; and
- (2) Requiring the Office of Planning, in partnership with the Greenhouse Gas Sequestration Task Force, to make recommendations to the Legislature for implementing green infrastructure objectives, policies, and priority guidelines.

Your Committee received testimony in support of this measure from the Department of Health, Department of Land and Natural Resources, Office of Hawaiian Affairs, Office of Planning, Americans for Democratic Action, 350Hawaii.org, Trees for Honolulu's Future, Climate Protectors Hawaii, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the effects of climate change have made implementing sustainable design concepts more critical, with each passing year seeing an increase in temperatures and other impacts from climate change. Your Committee further finds that the State is committed to upholding the Paris Climate Accord and moving toward a zero emissions clean economy by 2045, which will require the State to actively invest in reducing emissions and greenhouse gases. Your Committee believes that establishing green infrastructure objectives, policies, and guidelines for state projects will increase the quality of life for residents and visitors, provide critical ecosystem services for the State, and demonstrate the State's commitment toward a zero emissions clean economy by 2045.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 167, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 167, S.D. 1, H.D. 1, and be referred to your Committee on Energy & Environmental Protection.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1071 Transportation/Housing on S.B. No. 140

The purpose of this measure is to:

- (1) Require the Hawaii Community Development Authority to establish a Transit-oriented Development Zone Improvement Program to foster community development by strategically investing in public facilities;
- (2) Expand the composition and organization of the Hawaii Community Development Authority to include matters affecting transit-oriented development zones and the creation of these zones; and
- (3) Appropriate funds for a full-time equivalent temporary position in the Hawaii Community Development Authority to develop and manage the Transit-oriented Development Zone Improvement Program.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources and Hawaii Community Development Authority. Your Committees received comments on this measure from the Office of Planning.

Your Committees find that transit-oriented development is a powerful tool that can ultimately deliver a wide range of social, environmental, and economic benefits. The State has an important role in overcoming barriers to transit-oriented development, including encouraging needed investment in regional public facilities. Coordinated infrastructure financing and delivery are necessary to facilitate public and private development and investment in areas designated for transit-oriented development in the State. Your Committees further find that state coordination and collaboration with the counties and public utilities on the delivery of needed infrastructure improvements are vital to implementing state transit-oriented projects and providing affordable housing in transit-oriented-designated areas in each of the counties.

Your Committees have amended this measure by:

- (1) Establishing the transit-oriented development zones program as a new part in chapter 206E, Hawaii Revised Statutes, rather than including it with the existing district-wide improvement program, including the responsibilities of the Hawaii Community Development Authority in administering the program;
- (2) Amending the definition of "transit-oriented development zone" and further specifying that a "transit-oriented development zone" includes all parcels of land for which any portion of said parcels are located within that one-half mile radius of a proposed or existing transit station;
- (3) Making a conforming amendment to include the Director of the Office of Planning and Executive Director of the Hawaii Housing Finance and Development Corporation on the Hawaii Community Development Authority;
- (4) Replacing the Director of Transportation with the Executive Director of the Hawaii Housing Finance and Development Corporation as a voting member for matters affecting transit-oriented development zones;
- (5) Deleting language that would have prohibited transit-oriented development zones from being established on lands administered by the Hawaii Public Housing Authority, Stadium Authority, or any community development district;
- (6) Deleting the appropriation for one full-time equivalent (1.00 FTE) temporary position in the Hawaii Community Development Authority;
- (7) Amending the purpose section; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Transportation and Housing that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 140, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 140, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chairs on behalf of the Committees.
Transportation: Ayes, 6. Noes, none. Excused, 2 (Hashimoto, Takumi).
Housing: Ayes, 6. Noes, none. Excused, 2 (Hashimoto, Takumi).

SCRep. 1072 Energy & Environmental Protection on S.B. No. 756

The purpose of this measure is to:

- (1) Authorize each county to adopt ordinances to enforce state laws relating to the designation of parking spaces for electric vehicles, including the establishment of penalties;
- (2) Clarify that certain enforcement officers may enter private property to enforce electric vehicle parking space requirements;
- (3) Require new electric vehicle charging systems installed pursuant to the electric vehicle charging system requirement to be at least Level 2 and network capable; and
- (4) Change electric vehicle charging equipped parking requirements per one hundred stalls from one stall by 2012 to five stalls by 2025 and ten stalls by 2030.

Your Committee received testimony in support of this measure from the Department of Transportation; Hawaii State Energy Office; Office of Climate Change, Sustainability and Resiliency for the City and County of Honolulu; Life of the Land; We Are One, Inc.; Blue Planet Foundation; Tesla, Inc.; Ulupono Initiative; Our Revolution Hawaii; Kauai Climate Action Coalition; 350Hawaii.org; Climate Protectors Hawaii; Hawaii Electric Vehicle Association; Big Island Electric Vehicle Association; Environmental Caucus of the Democratic Party of Hawai'i; Hawaiian Electric Company; Clean the Pacific; and numerous individuals. Your Committee received testimony in opposition to this measure from the Building Owners and Managers Association of Hawaii, Retail Merchants of Hawaii, and Chamber of Commerce Hawaii. Your Committee received comments on this measure from the Department of Design and Construction for the City and County of Honolulu.

Your Committee finds that zero-emission vehicles, such as electric vehicles, play an integral role in Hawaii's clean energy future. With the continued growth of electric vehicle adoption by consumers, this measure ensures the availability of the necessary infrastructure to support electric vehicle use.

Your Committee notes the need to further consider adding flood zone exemptions in this measure and believes this issue merits further discussion by your Committee on Consumer Protection & Commerce.

Your Committee has amended this measure by:

- (1) Restoring language that requires at least one parking space for electric vehicles for places of public accommodations with at least one hundred parking spaces;
- (2) Deleting language that would have changed the electric vehicle charging equipped parking requirements per one hundred stalls to ten stalls by 2030;
- (3) Making the requirement that new electric vehicle charging systems be at least Level 2 and network capable effective on January 1, 2022;
- (4) Inserting language that establishes a subaccount in the Public Utilities Commission Special Fund for the purposes of the Electric Vehicle Charging System Rebate Program and reallocates a portion of the Environmental Response, Energy, and Food Security Tax to be deposited into the subaccount;
- (5) Inserting language that appropriates \$300,000 out of the Energy Security Special Fund for fiscal year 2021-2022 to be deposited into the electric vehicle charging system subaccount within the Public Utilities Commission Special Fund;
- (6) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 756, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 756, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1073 Energy & Environmental Protection on S.B. No. 934

The purpose of this measure is to exempt hydrogen fuels from petroleum product measurement requirements.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawaii Food Industry Association, Hawai'i Gas, Ulupono Initiative, Servco Pacific Inc., Alliance for Automotive Innovation, Blue Planet Foundation, and one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that hydrogen, as a renewable fuel, offers great promise for Hawaii. Your Committee further finds that the existing measurement standards law implies that hydrogen must be sold on the basis of volume, yet the State currently does not have a means to measure and certify hydrogen dispensers. This measure will assist the State in utilizing another form of renewable fuel by explicitly exempting hydrogen from measurement standards relating to petroleum products.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 934, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 934, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

SCRep. 1074 Energy & Environmental Protection on S.B. No. 932

The purpose of this measure is to:

- (1) Establish the Clean Energy and Energy Efficiency Revolving Loan Fund;
- (2) Repeal the Building Energy Efficiency Revolving Loan Fund;
- (3) Authorize monies in the Green Infrastructure Special Fund to be used to finance the option to purchase solar energy systems and other clean energy equipment, including the purchase or lease of electric vehicles; and
- (4) Appropriate funds out of the Clean Energy and Energy Efficiency Revolving Loan Fund.

Your Committee received testimony in support of this measure from the Hawaii Green Infrastructure Authority, Hawaii State Energy Office, Office of Economic Development of the County of Kaua'i, Climate Protectors Hawaii, Blue Planet Foundation, Hawaii Solar Energy Association, Land Use Research Foundation of Hawaii, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Commerce and Consumer Affairs; Public Utilities Commission; and Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu.

Your Committee finds that significant investment in clean energy technology and infrastructure will be required to achieve the State's goals of energy self-sufficiency, energy security, and energy diversification. This measure provides the Hawaii Green Infrastructure Authority with a variety of financing options to support investment in and implementation of clean energy technology and infrastructure in the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 932, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 932, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1075 Energy & Environmental Protection on S.B. No. 920

The purpose of this measure is to establish clean ground transportation goals for state agencies to achieve a one hundred percent light-duty motor vehicle

zero-emission fleet by December 31, 2030.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii State Energy Office, Hawaii Electric Vehicle Association, Sustainable Energy Hawai'i, Sierra Club of Hawai'i, Ulu pono Initiative, Kauai Climate Action Coalition, Kauai Electric Vehicle Association, Climate Protectors Hawaii, 350Hawaii.org, Blue Planet Foundation, Hawaii Automobile Dealers' Association, Hawaiian Electric Company, Big Island Electric Vehicle Association, Alliance for Automotive Innovation, and four individuals. Your Committee received comments on this measure from the State Procurement Office and Pacific Biodiesel Technologies.

Your Committee finds that it is vital that the State begin transitioning away from imported fossil fuel-powered ground transportation and toward cleaner and more efficient transportation systems powered by renewable, local energy sources. This measure ensures that the State is progressing toward its goal of one hundred percent clean energy ground transportation by facilitating the transition toward the use of electric vehicles, which are less expensive to operate on a per-mile basis than their gas-powered counterparts.

Your Committee has amended this measure by:

- (1) Deleting language that would have codified the State's clean ground transportation goal under chapter 105, Hawaii Revised Statutes;
- (2) Inserting language that requires all agencies purchasing or leasing medium- and heavy-duty motor vehicles to seek vehicles that reduce dependence on petroleum-based fuels that meet the needs of the agency and adding procurement priorities for selecting vehicles;
- (3) Clarifying provisions relating to the State's climate change mitigation goal to reduce emissions that cause climate change and build energy efficiencies across all sectors;
- (4) Inserting language that requires the Department of Transportation, in collaboration with the Hawaii State Energy Office, to develop strategies to transition all light-duty motor vehicles in the State to meet the State's clean ground transportation goal;
- (5) Clarifying provisions relating to the procurement policy for light-duty motor vehicles, including modernizing the procurement priorities for the purchasing or leasing of new vehicles;
- (6) Updating and adding various definitions under section 103D-412, Hawaii Revised Statutes, to align with federal regulations;
- (7) Inserting language to specify that vehicles acquired from another state agency and exempt from section 103D-412, Hawaii Revised Statutes, shall be included in the calculation of the State's clean ground transportation goals;
- (8) Specifying that all agencies, in their energy efficiency and environmental standards regarding motor vehicles and transportation fuel, promote efficient planning of charging station locations and efficient utilization of renewable energy for charging electric vehicles;
- (9) Expand data collection requirements by agencies regarding the life of each vehicle acquired to include hourly charging data by electric vehicle and electric vehicle charger;
- (10) Inserting language that establishes the State's clean ground transportation goals for its light-duty passenger cars and light-duty motor vehicles to be one hundred percent zero emission vehicles by December 31, 2030, and December 31, 2035, respectively;
- (11) Inserting language that directs the Department of Accounting and General Services to approve state fleet acquisitions that meet certain requirements, including zero emission vehicle requirements for light-duty passenger cars and light-duty multipurpose passenger vehicles and trucks, and authorizes the Department to allow certain exemptions;
- (12) Inserting language that requires state and county agencies to purchase building materials for the project that reduce the carbon footprint of the project whenever feasible and cost-effective; and
- (13) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 920, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 920, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1076 Agriculture on S.B. No. 219

The purpose of this measure is to impose extended terms of imprisonment and mandatory minimum terms of imprisonment for certain offenses against property rights committed while negligently on agricultural land.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Ulu pono Initiative; and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that agricultural crime persists in Hawaii despite various efforts to combat the problem. This measure imposes extended terms of imprisonment and mandatory minimum terms of imprisonment in an attempt to deter potential offenders. However, your Committee discussed the concern that the mandatory minimum terms of imprisonment may not serve as a sufficient deterrent to the types of crimes subject to this measure.

Accordingly, your Committee has amended this measure by:

- (1) Removing the mandatory minimum terms of imprisonment proposed in this measure;
- (2) Removing the requirement that a person be negligently on agricultural land in order to be subject to this measure and instead creating a rebuttable presumption that the person has committed an offense against property rights when on agricultural land; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 219, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 219, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1077 Agriculture on S.B. No. 496

The purpose of this measure is to reduce the State's reliance on imported produce by:

- (1) Establishing within the Department of Agriculture a task force to identify the top ten imported fruits and vegetables that may be commercially grown by farmers in Hawaii; and
- (2) Creating an agricultural import replacement tax credit to incentivize local production of these fruits and vegetables.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Ulupono Initiative, Hawaii Food Industry Association, Climate Protectors Hawaii, Environmental Caucus of the Democratic Party of Hawai'i, Energy Research Systems, and five individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Agriculture, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that increasing local food production in Hawaii strengthens food self-sufficiency and security, keeps more money in the local economy, and protects the State's environment.

Your Committee has amended this measure by:

- (1) Removing the task force and instead amending Act 151, Session Laws of Hawaii 2019, to require the Department of Agriculture, in cooperation with the Office of the Governor, to identify the top ten fruit and vegetable imports to the State that may be commercially grown by farmers in Hawaii and make recommendations on increasing production of those fruits and vegetables;
- (2) Removing the agricultural import replacement tax credit; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 496, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 496, S.D. 2, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1078 Government Reform on S.B. No. 246

The purpose of this measure is to establish the State Government Realignment Commission to review the executive branch's departments, divisions, and agencies, including functions and services, and to submit its findings and recommendations to the Legislature.

Your Committee received comments on this measure from the Department of Accounting and General Services and Department of Budget and Finance.

Your Committee finds that there is a need to modernize state government to reflect the current generation of Hawaii residents and provide effective and efficient governing at all levels. Your Committee further finds that the establishment of the State Government Realignment Commission, as proposed by this measure, will increase government transparency and improve government efficiency.

Your Committee also finds that requiring the State Government Realignment Commission to report to the Legislature three years after its appointment will not allow the executive branch enough time to implement its recommendations. As such, amendments to this measure are necessary to require the report to be issued in two years instead of three to give the executive branch time to implement the State Government Realignment Commission's recommendations during the current administration.

Your Committee has amended this measure accordingly by:

- (1) Changing when the State Government Realignment Commission must submit its findings and recommendations to the Legislature to thirty days prior to the convening of the second Regular Session after the appointment of the members;
- (2) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 246, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 246, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1079 Government Reform on S.B. No. 610

The purpose of this measure is to prohibit a public member of any board or commission under the Department of Commerce and Consumer Affairs' purview from:

- (1) Being engaged in the occupation that the board or commission regulates;
- (2) Being associated with a member of the occupation that the board or commission regulates that results in a material conflict of interest, an appearance of impropriety, or a reasonable suspicion that the public member does not represent the public interest; or
- (3) Having a direct financial interest in the regulated occupation.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Hawaii State Ethics Commission.

Your Committee finds that public members of a board or commission should strictly represent the public interest and should be prohibited from being engaged in or having a direct financial interest in the occupation that the board or commission member regulates.

Your Committee further finds that clarity is needed in the definition of the term "material conflict of interest", as professions may define that term differently. Due to testimony received by the Department of Commerce and Consumer Affairs as to the enforceability of the term "material conflict of interest", your Committee consulted with numerous legal sources to refine the definition.

Accordingly, your Committee has amended this measure by:

- (1) Defining the term "material conflict of interest" to mean a conflict of interest that has the potential to:

- (A) Influence a member's decision or conduct; or
- (B) Have a non-trivial impact on the financial situation of a person or an entity in which the member or immediate family member of the member has a significant financial interest;
- (2) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 610, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 610, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1080 Government Reform on S.B. No. 788

The purpose of this measure is to amend the State Procurement Code to increase economy, efficiency, effectiveness, and impartiality in public procurement by:

- (1) Allowing selection committees for the procurement of professional services the flexibility to weigh the selection criteria in the order of importance relevant to their agency and project;
- (2) Requiring the State Procurement Office to develop a vendor performance information system;
- (3) Providing the head of a purchasing agency with the option to negotiate an adjustment of an otherwise successful bid for construction procurements to more closely align with an internal project price estimation;
- (4) Allowing a bidder of a public works construction project to clarify and correct non-material or technical issues with subcontractor listings for up to twenty-four hours after the bid submission deadline; and
- (5) Requiring bids for construction to be publicly opened no sooner than twenty-four hours after the bid submission deadline.

Your Committee received testimony in opposition to this measure from the Department of Design and Construction of the City and County of Honolulu; Painting Industry of Hawaii Labor Management Cooperation Trust Fund; Hawaii Tapers Market Recovery Trust Fund; Hawaii Glaziers, Architectural Metal Glassworkers Local Union 1889 AFL-CIO Stabilization Trust Fund; Carpet, Linoleum and Soft Tile Local Union 1926 Market Recovery Trust Fund. Your Committee received comments on this measure from the Department of Accounting and General Services; Department of Transportation; State Procurement Office; Subcontractors Association of Hawaii; Plumbing and Mechanical Contractors Association of Hawaii; Plumbers and Fitters UA, Local 675; and General Contractors Association of Hawaii.

Your Committee finds that House Resolution No. 142, Regular Session of 2016 (House Resolution No. 142), requested the State Procurement Office to improve the State's procurement process by reviewing Hawaii's procurement laws in comparison to federal procurement law and consider the efficient and effective ways in which the federal government conducts its procurement process. This measure seeks to amend the State Procurement Code by implementing certain recommendations made by the State Procurement Office's review of Hawaii procurement laws conducted pursuant to House Resolution No. 142.

Your Committee notes the concerns raised on this measure, that it could cause an unforeseen breakdown in the procurement process and dramatically reduce the number of qualified subcontractors from bidding on state projects. As such, your Committee has amended this measure to address the concerns that were raised by the stakeholders during the hearing.

Your Committee has amended this measure by:

- (1) Specifying that a bidder is prohibited from changing the nature and scope of work as listed when clarifying or correcting non-material or technical information after a bid submission;
- (2) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 788, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 788, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1081 Government Reform on S.B. No. 1035

The purpose of this measure is to:

- (1) Establish a State Procurement Automation System Special Fund to fund the project management of the procurement automation system;
- (2) Allow the State Procurement Administrator to establish procedures for issuing the final decision on any procurement practice, procurement policy and procedures, and compliance investigations conducted by the State Procurement Office; and
- (3) Authorize the Administrator to assess and collect an administrative fee to be deposited into the State Procurement Automation System Special Fund to cover the costs of the procurement automation system.

Your Committee received testimony in support of this measure from the Department of Transportation and State Procurement Office. Your Committee received comments on this measure from the Subcontractors Association of Hawaii.

Your Committee finds that a significant and growing number of statewide purchasing offices in other states operate using a self-funded model derived from a small percentage administrative fee included as part of statewide contracts. Your Committee further finds that, based on the State Procurement Office's past contract usage and the funding needed to implement and operate a statewide procurement automation project, the State Procurement Office proposes the implementation of less than a one percent administrative fee, beginning in fiscal year 2021-2022, to be implemented in large statewide cooperative agreements and used to pay for management of the procurement automation system.

Your Committee notes that concerns were raised on this measure because it would allow for the imposition of a fee with no input from affected members and the general public. Your Committee believes that to ensure government transparency, any fee created should be subject to the Hawaii Administrative

Procedure Act before it is implemented.

Your Committee has amended this measure accordingly by:

- (1) Specifying that the assessment and collection of the administrative fee be done in accordance with the Hawaii Administrative Procedure Act;
- (2) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1035, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1035, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1082 Government Reform on S.B. No. 1036

The purpose of this measure is to:

- (1) Amend the selection process and composition of the Procurement Policy Board;
- (2) Require a procurement agency, rather than a procurement officer, to determine whether the amount of a contracting action is fair and reasonable and require the procurement agency to obtain data necessary to perform a cost or price analysis to determine that the amount of the contracting action is fair and reasonable;
- (3) Repeal certain provisions contained in the fair and reasonable pricing policy statute under the State Procurement Code;
- (4) Amend the circumstances for when treatment services may be purchased and the procedure to purchase certain treatment services;
- (5) Increase the small purchase threshold for purchases of health and human services from less than \$25,000 to less than \$100,000;
- (6) Repeal the establishment of the Community Council on Purchase of Health and Human Services;
- (7) Establish a State Payor Committee within the Department of Health to establish and adopt a unified baseline framework for performance metrics, evaluation standards, and coordinated reimbursement rates relating to behavioral health, substance abuse, and homelessness services; and
- (8) Require nongovernmental entities that contract for services relating to behavioral health, substance abuse, and homelessness services to disclose, at the request of any state funding agency, the source of other federal, state, or county level funding received for the purposes of performing any behavioral health, substance abuse, or homelessness services.

Your Committee received testimony in support of this measure from the State Procurement Office. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Domestic Violence Action Center, Catholic Charities Hawai'i, Hawaii Substance Abuse Coalition, and PHOCUSED.

Your Committee finds that this measure is intended to promote procurement efficiency, program success, and government accountability for health and human services procurement. Your Committee additionally finds that the establishment of a State Payor Committee will formalize the multi-sectoral coordination of purchasing services for behavioral health, substance abuse, and homelessness services and help the State realize its goal of creating a comprehensive, coordinated care system for the provision of these services.

Your Committee has amended this measure by:

- (1) Reverting to the existing statutory language for the fair and reasonable pricing policy under the State Procurement Code;
- (2) Establishing a fair and reasonable pricing policy that requires purchasing agencies to:
 - (A) Make a written determination that the amount of a contracting action for purchases of health and human services is fair and reasonable; and
 - (B) Obtain necessary data to perform a cost or price analysis to determine that the amount of the contracting action is a fair and reasonable price; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1036, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1036, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1083 Government Reform on S.B. No. 1329

The purpose of this measure is to create time limits to resolve protests to the awards of competitive sealed proposal contracts and procurements of professional services.

Your Committee received testimony in support of this measure from the Associated Builders and Contractors Hawaii Chapter and General Contractors Association of Hawaii. Your Committee received comments on this measure from the Department of Education, Department of Accounting and General Services, Department of Human Services, Department of Transportation, and State Procurement Office.

Your Committee finds that under the State Procurement Code, an aggrieved party that submitted a bid for a state project that was not awarded the bid may protest the bid award. Your Committee further finds that the procurement protest review process can be lengthy and complex, cause project delays, and increase project costs that are borne by taxpayers. Your Committee believes that establishing a deadline for bid protests to be reviewed and resolved will expedite the protest review process and reduce the cost associated with state-awarded projects.

Your Committee has amended this measure by:

- (1) Requiring the Chief Procurement Officer or a designee to address, rather than resolve, any protest as expeditiously as possible;
- (2) Removing language that would have provided an additional thirty calendar days if extenuating circumstances required additional time for the issuance of a written decision to uphold or deny the protest;

- (3) Specifying that if the protest is not resolved by mutual agreement and the Chief Procurement Officer or a designee does not issue a written decision to uphold or deny the protest, the protest shall prevail; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that an ambiguity existed in the S.D. 2 version about what would happen to a protest after the time limit expires. To resolve this issue, your Committee amended the measure to allow said protest to prevail upon expiration of the time limit. While there may be concerns about automatically upholding a bid protest after the time limit for adjudication has expired, your Committee feels that this amendment creates a strong policy incentive for agencies to review and adjudicate protests expeditiously. Your Committee notes that the alternative approach to resolving the ambiguity, allowing the protest to sunset if not acted upon in time, would create a policy disincentive for agencies to expedite the process.

Your Committee respectfully requests your Committee on Consumer Protection & Commerce, should it deliberate on this measure, to further look at and consider the amendment made to this measure by your Committee, which provides that if the protest is not resolved by mutual agreement and the Chief Procurement Officer or a designee does not issue a written decision to uphold or deny the protest, the protest shall prevail.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1329, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1329, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1084 Government Reform on S.B. No. 913

The purpose of this measure is to promote electronics stewardship and reduce electronic waste in the State by establishing the Electronic Device and Television Donation Act to require all persons who are located in a county with a population greater than seven hundred fifty thousand and receive state funds and state financial assistance to donate unnecessary but functioning electronic devices to nonprofit organizations that will refurbish and distribute the devices to eligible persons in the State.

Your Committee received testimony in support of this measure from the Department of Education and Transform Hawai'i Government. Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee finds that the use of electronic devices has grown substantially over the past two decades, which has also led to a considerable amount of waste in consumer electronics goods. Your Committee further finds that although recycling of electronic devices prevents valuable materials from being wasted, preventing waste in the first place is the preferable waste management option. Your Committee notes that access to devices and technology resources for low-income families and other populations in need of access is a long-standing issue and has become more evident with the onset of the COVID-19 pandemic, which required many people in Hawaii to work and learn remotely. This measure will promote electronic stewardship and reduce electronic waste by keeping unnecessary but functioning electronic devices from being wasted and instead refurbishing those electronic devices to be donated to those in need of the devices.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 913, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 913, S.D. 2, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1085 Government Reform on S.B. No. 405

The purpose of this measure is to allow candidates, candidate committees, and noncandidate committees to choose which excess contributions by nonresident contributors to return within thirty days of the end of the election period, after which time all excess contributions shall escheat to the Hawaii Election Campaign Fund.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, League of Women Voters of Hawaii, and eight individuals.

Your Committee finds that the Hawaii Election Campaign Fund was established to be used for partial public financing of campaigns of the State and its political subdivisions. Your Committee further finds that this measure will provide an additional source of income for the Hawaii Election Campaign Fund and allow candidates to more readily use available public financing through the Fund.

Your Committee additionally finds that when the law was changed to allow for unreturned contributions to escheat to the Hawaii Election Campaign Fund, nonresident contributions were not included because the law that limited candidates from receiving thirty percent of a contribution from a nonresident contributor is in a different part of the Hawaii Revised Statutes. Accordingly, your Committee sees this measure as a way to close this unforeseen loophole.

Your Committee has amended this measure by changing the effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 405, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 405, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Eli, Ichiyama).

SCRep. 1086 Culture, Arts, & International Affairs on S.B. No. 1413

The purpose of this measure is to require:

- (1) Official stationery and website of designated state officials to include the Hawaiian translation of the office's or department's name; and
- (2) All letterhead, documents, symbols, and emblems of the State and its political subdivisions that include Hawaiian names and words to include accurate, appropriate, and authentic Hawaiian names, spelling, and punctuation.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawai'i Civil Rights Commission, and four individuals. Your Committee received comments on this measure from two individuals.

Your Committee finds that the Hawai'i State Constitution establishes Hawaiian as one of the two official languages of the State and requires the State to promote the study of Hawaiian culture, history, and language. This measure furthers the study and use of the Hawaiian language through the use of the Hawaiian name of certain state offices and departments on official documents, letterheads, and websites and consistent names, spelling, and punctuation of Hawaiian names and words on state and county letterhead, documents, symbols, and emblems.

Your Committee has amended this measure by:

- (1) Clarifying that the spelling and punctuation of Hawaiian names or words shall be consistent with certain references, rather than accurate, appropriate, authentic, or proper;
- (2) Requiring state highway signs that contain Hawaiian names or words to use Hawaiian names, words, spelling, and punctuation consistent with certain references;
- (3) Clarifying that consistent punctuation includes the use of kahakō and 'okina, rather than macrons and glottal stops, to more accurately reflect the appropriate Hawaiian terminology;
- (4) Clarifying that Hawaiian names or words that differ in spelling or punctuation from the manner established by this measure are inconsistent in spelling and punctuation, not misspelled or incorrectly punctuated;
- (5) Revising the preamble to more appropriately explain its amended purpose;
- (6) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1413, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1413, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1087 Health, Human Services, & Homelessness on S.B. No. 628

The purpose of this measure is to:

- (1) Commence the transfer of the Oahu Regional Health Care System in its entirety from the Hawaii Health Systems Corporation to the Department of Health, beginning with the transfer of the Oahu Regional Health Care System's budget into the Department of Health;
- (2) Enable the Oahu Regional Health Care System, Department of Health, Hawaii Health Systems Corporation, and other state agencies to develop and implement the processes and transactions required to effectuate the completion of the transition of the Oahu Regional Health Care System to the Department of Health; and
- (3) Prohibit the planned elimination or reduction of direct patient care services at Leahi Hospital or Maluhia unless certain conditions are met.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Department of Health, Oahu Region Hawaii Health Systems Corporation, and The Queen's Health Systems. Your Committee received comments on this measure from the Department of the Attorney General; State Procurement Office; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that, unlike the other Hawaii Health System Corporation facilities, the Oahu Regional Health Care System care facilities of Leahi Hospital and Maluhia, almost exclusively provide safety-net, long-term care and adult-day health services to patients who are unable to find much-needed care in private facilities. Your Committee further finds that Leahi Hospital and Maluhia provide compassionate care for incarcerated inmates and provide care for psychiatric patients from the Hawaii State Hospital who have significant long-term care needs. The transfer proposed by this measure will ensure continued availability of long-term care beds for the State's aging population and facilitate more efficient use of the facilities at Leahi Hospital and Maluhia.

Your Committee finds that H.B. No. 1282, H.D. 2, a substantially similar measure, was previously passed by the House.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1282, H.D. 2, a measure that:
 - (A) Commences the transfer of the Oahu Regional Health Care System in its entirety from the Hawaii Health Systems Corporation to the Department of Health, beginning with the transfer of the Oahu Regional Health Care System's budget into the Department of Health;
 - (B) Enables the Oahu Regional Health Care System, Department of Health, Hawaii Health Systems Corporation, and other state agencies to implement the processes and transactions required to effectuate the completion of the transition;
 - (C) Requires the Department of Health to consult with the University of Hawaii regarding services provided at Leahi Hospital and Maluhia, and allow University of Hawaii students to rotate through those facilities for training purposes;
 - (D) Authorizes the Department of Health to pay rent to the University of Hawaii for the use of the Leahi Hospital property at a rate and on terms to be negotiated between the Department of Health and the University of Hawaii;
 - (E) Clarifies the rights, powers, and exemptions held by the Oahu Regional Health Care System during the transition period and the rights, powers, and exemptions held by the Inpatient Services Division of the Department of Health following completion of the transfer;
 - (F) Appropriates monies from the Mental Health and Substance Abuse Special Fund to expand and operate programs at Leahi Hospital and Maluhia that are mutually advantageous to the Department of Health, the Oahu region, and the State; and
 - (G) Authorizes the issuance of general obligation bonds and appropriate the proceeds of the bonds for improvements at Leahi Hospital and Maluhia;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 628, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 628, S.D. 2, H.D. 1, and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Har, LoPresti).

SCRep. 1088 Health, Human Services, & Homelessness on S.B. No. 1258

The purpose of this measure is to allow for the use of standard telephone contact for telehealth purposes.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawaii Primary Care Association, Hawaii Substance Abuse Coalition, AARP Hawai'i, Planned Parenthood Votes Northwest and Hawaii, Hawai'i Public Health Association, Oahu Kidney Care, Hawaii Medical Association, Waianae Coast Comprehensive Health Center, Waimānalo Health Center, Children's Doctors LLC, Hawai'i Section of the American College of Obstetricians and Gynecologists, Hawaii Psychiatric Medical Association, Hawaiian Islands Association for Marriage and Family Therapy, and numerous individuals. Your Committee received comments on this measure from the Department of Human Services, Kaiser Permanente Hawai'i, Hawaii Medical Service Association, and Hawai'i Psychological Association.

Your Committee finds that H.B. No. 473, H.D. 2 (Regular Session of 2021), a substantially similar measure, was previously passed by your Committee. H.B. No. 473, H.D. 2 ensures that physicians have the flexibility to establish a physician-patient relationship through telehealth, which will increase access to care for residents in the State.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 473, H.D. 2, a measure that authorizes the establishment of a physician-patient relationship via a telehealth interaction if the physician is licensed in the State;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1258, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1258, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Har, LoPresti).

SCRep. 1089 Health, Human Services, & Homelessness on S.B. No. 1021

The purpose of this measure is to:

- (1) Allow the Department of Health to accommodate traditional Hawaiian burial practices, such as alkaline hydrolysis or water cremation, to promote the use of traditional Hawaiian burial practices; and
- (2) Prohibit the sale, transfer, conveyance, or other disposal or offer for sale of any plot, crypt, or niche unless the property on which the plot, crypt, or niche is located allows the interment of up to ten sets of human remains that are cremated or prepared in a manner consistent with traditional Hawaiian burials.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Aloha Mortuary; Ken Ordenstein Funerals; Fisher & Associates Consulting, LLC; and eleven individuals. Your Committee received testimony in opposition to this measure from the Hawaii Funeral & Cemetery Association, Inc.; Hawaiian Memorial Life Plan, Ltd.; Nuuanu Memorial Park & Mortuary; Dodo Mortuary, Inc.; Mililani Group, Inc.; Leeward Funeral Homes; and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that traditional Hawaiian burial practices, such as alkaline hydrolysis or water cremation, reduce human remains to their skeletal components using a combination of water, heat, and base chemicals such as lye. Your Committee further finds that modern treatment of corpses, such as embalming, involve chemicals that can be harmful to the environment as these chemicals will eventually be released into the soil and aquifers.

Your Committee has amended this measure by:

- (1) Including by reference a definition of "traditional Hawaiian burial" for the law on Cemetery and Funeral Trusts, Chapter 441, Hawaii Revised Statutes;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1021, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1021, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Har, LoPresti).

SCRep. 1090 Health, Human Services, & Homelessness/Corrections, Military, & Veterans on S.B. No. 386

The purpose of this measure is to require a family court to make findings, after a hearing and in writing, before a minor can be transferred to an adult jail or lockup or be permitted sight or sound contact with adult offenders, subject to certain circumstances.

Your Committees received testimony in support of this measure from the Judiciary, Office of Hawaiian Affairs, Office of the Public Defender, Office of Youth Services, Rainbow Family 808, and three individuals. Your Committees received comments on this measure from the Department of Public Safety.

Your Committees find that the lifelong consequences on a minor after being transferred to the adult criminal justice system has a profoundly negative effect on the minor and the community. Your Committees further find that, because full brain development and maturity does not typically occur until after the age of twenty-five, adult facilities do not provide minors with developmentally appropriate rehabilitative services.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Corrections, Military, & Veterans that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 386, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 386, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, 1 (LoPresti).

Corrections, Military, & Veterans: Ayes, 6. Noes, none. Excused, 2 (Ganaden, Branco).

SCRep. 1091 Education on S.B. No. 516

The purpose of this measure is to:

- (1) Require the State Board for Career and Technical Education to oversee and review annually the statewide data collection processes, reporting requirements, and business rules related to the student attainment of industry-recognized credentials;
- (2) Beginning July 1, 2022, require the State Board for Career and Technical Education to provide an annual report to the Governor and the Legislature on students' attainment of industry recognized credentials; and
- (3) Require all state agencies that administer educational or training courses that lead to, provide, or otherwise align with the attainment of an industry-recognized credential to collect and report certain categories of data and pursue data-sharing agreements with credentialing entities.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Chamber of Commerce Hawaii, HawaiiKidsCAN, and three individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education and Office of the State Director for Career and Technical Education. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that in the current job market, nearly sixty-five percent of available positions require postsecondary credentials. Industry-recognized credentials are important because they teach the specific knowledge and skills required for an occupation or industry and will better prepare students who attain these industry-recognized credentials for the job market. Your Committee further finds that Hawaii has critical shortages of qualified local workers in sectors including health, education, air travel, and technology. The Promising Credentials project was launched as a collaborative effort aimed at using Hawaii labor market data and local employer insights to identify high-value industry credentials in the State. This measure will help to break down the data collected by credential and have the data be consistently collected and reported by state agencies.

Your Committee has amended this measure by:

- (1) Clarifying that the State Board for Career and Technical Education shall ensure consistent data collection and transparent reporting across relevant state education systems and agencies;
- (2) Requiring all state data collection processes, reporting requirements, and business rules to support the collection of student-level data to include data that is disaggregated based on identified populations of industry-recognized credential attainment;
- (3) Removing the requirement for all state agencies to that administer education or training courses that lead to, provide, or otherwise aligns with the attainment of an industry-recognized credential to collect and report to the board annual data on student-level credential attainment and to pursue data-sharing agreements with credentialing entities;
- (4) Deleting the reporting dates for when the State Board for Career and Technical Education would be required to send its annual report;
- (5) Amending Act 46, Session Laws of Hawaii 2020, to:
 - (A) Require the Department of Education, University of Hawaii, Department of Labor and Industrial Relations, and other state agencies to share data through the statewide longitudinal data system;
 - (B) Repeal a purpose of sharing data, which was to meet longitudinal data requirements of the federal American Recovery and Reinvestment Act of 2009;
 - (C) Require the statewide longitudinal data system to store and analyze career and technical education data it receives from all state educational systems and workforce training agencies; and
 - (D) Require the Department of Education, University of Hawaii, Department of Labor and Industrial Relations, and other state agencies to partner to collectively govern the statewide longitudinal system, rather than establish a data governance and access committee;
- (6) Providing that the requirement that the State Board for Career and Technical Education to oversee and review annually the statewide data collection processes, reporting requirements, and business rules related to the student attainment of industry-recognized credentials, shall take effect on July 1, 2022;
- (7) Changing its effective date to July 1, 2051; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 516, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 516, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Gates, Yamane).

SCRep. 1092 Education/Energy & Environmental Protection on S.B. No. 1311

The purpose of this measure is to require the Department of Education to:

- (1) Establish locally sourced food and zero-emission vehicle goals as part of the Sustainable Schools Initiative; and
- (2) Submit an annual report to the Legislature.

Your Committees received testimony in support of this measure from PlanIt; Hawai'i Youth Climate Coalition; Ulupono Initiative; Hawaii Electric Vehicle Association; Big Island Electric Vehicle Association; 350Hawaii.org; Kauai Climate Action Coalition; Hawaii Cattlemen's Council, Inc.; Pacific American Foundation; Climate Protectors Hawai'i; Our Revolution Hawaii; Hawai'i Farm to School Hui; Sustainable Energy Hawaii; and nine individuals. Your Committees received comments on this measure from the Department of Education and Hawaii State Energy Office.

Your Committees find that Hawaii imports more than 6,000,000 pounds of food on a daily basis at a cost of more than \$3,000,000,000 per year. An increase in locally sourced proteins and produce would simultaneously improve food quality and public health, boost the local economy, and improve overall food sustainability. Your Committees further find that traditional internal combustion school bus engines emit exhaust, which children breathe in while riding buses and sitting in traffic, and can increase asthma and other health problems. In contrast, electric school buses provide potential benefits to the quality of student

health, the environment, utility infrastructure, and cost savings. This measure will engage students in sustainable living through learning about food waste management and provide students with zero emission transportation in the future.

Your Committees have amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Education and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1311, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1311, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 8; Ayes with Reservations (Okimoto). Noes, none. Excused, 4 (Gates, Hashimoto, Quinlan, Yamane).

Energy & Environmental Protection: Ayes, 5. Noes, none. Excused, 3 (Matayoshi, Todd, Matsumoto).

SCRep. 1093 Corrections, Military, & Veterans on S.B. No. 744

The purpose of this measure is to:

- (1) Repeal the authorization for the Governor to negotiate with any person for the development or expansion of private in-state correctional facilities; and
- (2) Affirmatively prohibit the establishment of a private correctional facility within the State.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Community Alliance on Prisons; United Public Workers, AFSCME Local 646, AFL-CIO; American Civil Liberties Union of Hawai'i; and ten individuals. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that currently there are no private prisons being operated in the State despite the Governor's existing authority to negotiate for their development. Your Committee further finds that private prisons lack the transparency, accountability, programs, protocols, and oversight mechanisms of facilities operated by the Department of Public Safety. Your Committee also finds that repealing the authority of the Governor to negotiate for the development of private in-state correctional facilities is consistent with the measure's affirmative prohibition against the establishment of private correctional facilities within the State.

Your Committee has amended this measure by:

- (1) Repealing the Governor's authority to enter into a contract for a private entity to lease or purchase a correctional facility it constructs and requiring that such a privately constructed facility be operated by the Department of Public Safety; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 744, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 744, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Kong, McDermott). Noes, none. Excused, none.

SCRep. 1094 Corrections, Military, & Veterans on S.B. No. 1243

The purpose of this measure is to require:

- (1) The State to phase out the use of private prisons; and
- (2) The Department of Public Safety to obtain the Hawaii Correctional System Oversight Commission's approval before constructing any new correctional facility or expanding any existing correctional facility.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Office of Hawaiian Affairs; Hawai'i Correctional System Oversight Commission; Community Alliance on Prisons; United Public Workers, AFSCME Local 646, AFL-CIO; American Civil Liberties Union of Hawai'i; Hawaii State Teachers Association; Young Progressives Demanding Action; Hawaii Government Employees Association, ASFCME Local 152, AFL-CIO; The Sentencing Project; and seventeen individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety.

Your Committee finds that the State has relied on contracted private, for-profit prisons to house a significant portion of the State's prison population for more than two decades. Your Committee further finds that the adverse impacts of incarcerating inmates outside of the State include isolating the inmates from their families, friends, and in many cases, cultural roots. Your Committee notes, however, that private prisons were authorized in response to overcrowded conditions in outdated correctional facilities that became unable to house the increase in the State's prison population. Your Committee therefore finds that any plan to phase out the use of private correctional facilities must be accompanied by a thorough systemic review of any plans for construction of new correctional facilities or expansion of existing correctional facilities.

Accordingly, your Committee has amended this measure by:

- (1) Removing the preamble;
- (2) Removing the prohibition on the use of private correctional institutions and instead tasking the Hawaii Correctional System Oversight Commission with creating a comprehensive plan to phase out private correctional institutions by an unspecified date;
- (3) Requiring the Department of Public Safety to obtain input and recommendations from the Hawaii Correctional System Oversight Commission on any master plan to construct a new correctional facility or expand an existing correctional facility, and include the input and recommendations in any environmental impact statement on the project;
- (4) Changing the effective date to July 1, 3050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1243, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1243, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Kong). Noes, none. Excused, none.

SCRep. 1095 Corrections, Military, & Veterans on S.B. No. 664

The purpose of this measure is to authorize the development of the new Oahu community correctional center.

Your Committee received testimony in support of this measure from the Department of Public Safety, Department of Accounting and General Services, and Hawai'i Psychological Association. Your Committee received testimony in opposition to this measure from the Office of the Public Defender, Community Alliance on Prisons, American Civil Liberties Union of Hawai'i, Young Progressives Demanding Action, and ten individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that this measure could be improved by requiring that certain features be addressed at any new facility, including culturally appropriate rehabilitation programs. Your Committee further finds that the Hawaii Correctional System Oversight Commission (Commission) should weigh in on best practices concerning the design of the facility and ways it can better serve the inmate population.

Your Committee also finds that the Legislature authorized the position of oversight coordinator when it established the Commission in 2019, specified a salary equivalent to the salary of the Director of Human Resources Development, and mandated that the coordinator devote their entire time and attention to the administration of the Commission. The Legislature also authorized the oversight coordinator to employ persons to perform the functions of the Commission. To date, the Commission has operated without the benefit of an oversight coordinator or support staff.

Accordingly, your Committee has amended this measure by:

- (1) Requiring the Department of Public Safety to provide programming focused on cultural-based rehabilitation at any new facility;
- (2) Requiring the Department of Public Safety to obtain input from the Commission on its plans and designs concerning specified components of the facility;
- (3) Inserting an appropriation for the oversight coordinator position and necessary support staff positions for the Commission; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that, should your Committee on Finance decide to hear this measure, the recommended appropriation amount for the oversight coordinator position and necessary support staff positions for the Commission is \$330,000.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 664, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 664, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Branco, B. Kobayashi, Tarnas). Noes, none. Excused, none.

SCRep. 1096 Housing/Transportation on S.B. No. 225

The purpose of this measure is to:

- (1) Allow the cost of regional infrastructure improvements undertaken by the Hawaii Housing Finance and Development Corporation to be assessed against transit-oriented development projects that specifically benefit from the improvements; and
- (2) Require the Hawaii Interagency Council for Transit-Oriented Development to review and make recommendations on applications for Dwelling Unit Revolving Fund subaccount funds for infrastructure projects related to transit-oriented development.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Office of Planning, Hawaii Interagency Council for Transit-Oriented Development, and one individual.

Your Committees find that the cost of off-site infrastructure is a major barrier to achieving transit-oriented development statewide. This measure would facilitate the State's investment in transit-oriented development infrastructure by allowing the Hawaii Housing Finance and Development Corporation to fix assessments against real property specially benefiting from the improvements, thereby offsetting their significant upfront costs.

Your Committees have amended this measure by:

- (1) Incorporating certain mechanics for the assessments, including methods that may be used in calculating their value, and specifying that sums collected shall be deposited in the Dwelling Unit Revolving Fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Transportation that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 225, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 225, S.D. 1, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 6. Noes, none. Excused, 2 (Hashimoto, Takumi).

Transportation: Ayes, 6. Noes, none. Excused, 2 (Hashimoto, Takumi).

SCRep. 1097 Housing on S.B. No. 468

The purpose of this measure is to:

- (1) Repeal the school impact fee exemptions for nonresidential development and housing subject to the transient accommodations tax when seeking development in a designated school impact district requiring county subdivision approval, county building permit, or condominium property regime approval of the project;
- (2) Allow construction cost component impact fees to be used to improve or renovate existing structures for school use; and
- (3) Repeal the requirement that an expenditure plan for all collected impact fees be incorporated into the Department of Education's annual budget process.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received testimony in opposition to this measure from the Land Use Research Foundation of Hawaii and NAIOP Hawaii. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that school impact fees play a vital role in the development of new school facilities in designated areas where the construction of new housing directly increases student enrollment. Your Committee further finds that combining an expansion of the use of construction cost component impact fees with a separation of the expenditure plan of school impact fees from the Department of Education's annual budget process will provide the Department with flexibility to more efficiently address the needs of each school impact district.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 468, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 468, S.D. 1, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (McDermott). Noes, none. Excused, 1 (Takumi).

SCRep. 1098 Housing on S.B. No. 866

The purpose of this measure is to temporarily exempt affordable housing projects by the Hawaii Housing Finance and Development Corporation from specific state and county fees and exactions related to discretionary approval or ministerial permitting, except application fees and costs payable to the Hawaii Housing Finance and Development Corporation, when the housing units are exclusively for certain qualified residents.

Your Committee received testimony in support of this measure from the Land Use Research Foundation of Hawaii; Hunt Companies – Hawaii; Stanford Carr Development, LLC; The Michaels Organization; and Building Industry Association of Hawaii. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation, NAIOP Hawaii, EAH Housing, Hawaii Habitat for Humanity Association, and Hawaii Applesseed Center for Law & Economic Justice.

Your Committee finds that the affordable housing crisis has been exacerbated by the coronavirus (COVID-19) pandemic. This measure provides fiscal incentives to allow affordable housing projects to be more financially feasible, thereby promoting the development of affordable housing in the State.

Your Committee has amended this measure by:

- (1) Retaining statutory language that specified that the legislative bodies of the counties must approve, approve with modifications, or disapprove affordable housing projects;
- (2) Clarifying that the temporary exemption shall apply to affordable housing units in project developments; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 866, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 866, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1099 Housing on S.B. No. 36

The purpose of this measure is to prohibit discrimination, including in advertisements for available real property, based on participation in a housing assistance program, or requirements related to participation in housing assistance programs, in rental transactions.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness, Office of Hawaiian Affairs, Hawai'i State Commission on the Status of Women, Hawai'i Civil Rights Commission, Hawaii Public Housing Authority, Hawai'i Health & Harm Reduction Center, Planned Parenthood Votes Northwest and Hawaii, Catholic Charities Hawai'i, Community Alliance Partners, Imua Alliance, Medical-Legal Partnership Hawai'i, American Civil Liberties Union of Hawai'i, HOPE Services Hawai'i, Neighborhood Place of Puna, League of Women Voters of Hawaii, and five individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS and one individual.

Your Committee finds that H.B. No. 981, H.D. 1 (Regular Session of 2021), a similar measure, was previously passed by your Committee. Your Committee further finds that H.B. No. 981, H.D. 1, includes a more streamlined definition of "housing assistance program" and allows for civil action of no more than \$2,500.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 981, H.D. 1, a measure that:
 - (A) Prohibits discrimination, including in advertisements for rental property, in rental transactions based on participation in a housing assistance program or requirements related to participation in a housing assistance program; and
 - (B) Includes a defective date of July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 36, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 36, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (McDermott). Noes, none. Excused, 1 (Takumi).

SCRep. 1100 Housing on S.B. No. 607

The purpose of this measure is to maintain the viability of the Keawe Street Apartments affordable housing project by:

- (1) Removing the construction deadline for the completion of the Leialii affordable housing project; and
- (2) Specifying that the developer of the Keawe Street Apartments affordable housing project shall be responsible for all associated costs of the archaeological inventory survey for the footprint of the Keawe Street Apartments affordable housing project but shall not be responsible for the cost of

the archaeological inventory survey for the entire Villages of Leialii master planned community.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Mayor of the County of Maui. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that there is a severe shortage of affordable rental housing in Maui County, particularly in the western part of the island. The Legislature has previously supported the expedited development of the Keawe Street Apartments affordable housing project in that area. Your Committee further finds that on September 21, 2020, the State Historic Preservation Division notified the Hawaii Housing Finance and Development Corporation that it would require a new archaeological inventory survey for the entire Villages of Leialii master planned community, of which the Keawe Street Apartments affordable housing project is a part. Your Committee finds that because a new archaeological inventory survey must be conducted, the 2022 construction completion deadline cannot be met.

Your Committee notes that the companion to this measure, H.B. No. 1311, H.D. 2 (Regular Session of 2021), was previously passed by the House.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1311, H.D. 2, a measure that:
 - (A) Removes the 2022 deadline for completion of the Leialii affordable housing project;
 - (B) Requires the Hawaii Housing Finance and Development Corporation to address historic preservation laws as funding is appropriated for each portion of the Leialii affordable housing project to expedite the development of the project; and
 - (C) Contains a defective effective date of July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 607, S.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 607, S.D. 3, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1101 Housing on S.B. No. 7

The purpose of this measure is to increase the development of affordable housing in the State by giving the Hawaii Housing Finance and Development Corporation the right of first refusal on any transfer of a property interest on state lands within a one-half mile radius of a rail transit station, excluding any lands owned or operated by the Hawaii Public Housing Authority or Department of Hawaiian Home Lands.

Your Committee received testimony in support of this measure from Faith Action Housing NOW!, Hawaii Habitat for Humanity Association, and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources, Hawaii Public Housing Authority, and Hawaii Housing Finance and Development Corporation.

Your Committee finds that there is a severe shortage of affordable housing in the State. Your Committee further finds that providing the Hawaii Housing Finance and Development Corporation with the opportunity to obtain control of and develop affordable housing on state lands near rail transit stations will help increase the State's affordable housing inventory.

Your Committee has amended this measure by:

- (1) Providing an exclusion for any lands or properties owned or operated by the Department of Land and Natural Resources from the Hawaii Housing Finance and Development Corporation's right of first refusal; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 7, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 7, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1102 Housing on S.B. No. 659

The purpose of this measure is to amend the Low-Income Housing Tax Credit by:

- (1) Allowing the tax credit to be allocated among the partners or members of the partnership or limited liability company earning the credit in any manner agreed to by the partners or members;
- (2) Extending the increases made to the tax credit until December 31, 2027; and
- (3) Applying the amendments to taxable years beginning after December 31, 2024.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; The Michaels Organization; Bank of Hawaii; NAIOP Hawaii; Stanford Carr Development, LLC; Dowling Company, Inc.; Maui Chamber of Commerce; Pacific Resource Partnership; and Hawaii Appleseed Center for Law and Economic Justice. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Tax Foundation of Hawaii, Hunt Companies – Hawaii, Hunt Capital Partners LLC, and Sugar Creek Capital.

Your Committee finds that this measure broadens how partners or members of a partnership or limited liability company may decide to allocate any low-income housing tax credits earned during a taxable year. This will expand the availability of the tax credit at little to no cost to the State. This measure therefore supports the development of affordable housing by increasing the available equity and feasibility of the construction and operation of affordable rental housing development projects in the State.

Your Committee has amended this measure by:

- (1) Specifying that the Low-Income Housing Tax Credit shall apply to taxable years beginning after December 31, 2020;
- (2) Changing the effective date to December 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 659, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 659, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1103 Housing on S.B. No. 566

The purpose of this measure is to increase the homestead exemption in bankruptcy proceedings for all persons to \$350,000 and require that the real property be the principal residence.

Your Committee received testimony in support of this measure from Maui Brewing Co.; Cain & Herren, ALC; Abelman Peterson LLC; and three individuals. Your Committee received testimony in opposition to this measure from Hawai'i Bankers Association, Hawaii Credit Union League, and Hawaii Financial Services Association.

Your Committee finds that the amount of the homestead exemption in bankruptcy proceedings has not been adjusted since 1978; however, the coronavirus disease 2019 (COVID-19) pandemic has emphasized the need to raise the exemption as the percentage of those who are not current on their mortgage loans doubled from 2019 to 2020. Your Committee further finds that the exemption should be raised to more accurately reflect the effects of inflation, the economic impacts of the COVID-19 pandemic, and keep families in their homes. Your Committee notes, however, that any change should represent a balanced approach that carefully considers the various potential impacts for all affected parties.

Your Committee has amended this measure by:

- (1) Removing the provisions that would have increased the homestead exemption in bankruptcy proceedings;
- (2) Requiring the Legislative Reference Bureau to conduct a study to determine the appropriate amount of an increase to the homestead exemption;
- (3) Changing the effective date to December 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 566, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 566, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1104 Housing on S.B. No. 1388

The purpose of this measure is to:

- (1) Extend the period for a notice of a summary possession action from five business days to fifteen calendar days;
- (2) Require landlords to engage in mediation and delay filing a summary possession action if a tenant schedules or attempts to schedule a mediation;
- (3) Require landlords to provide specific information in the fifteen calendar day notice to tenants, which shall also be provided to a mediation center that offers free mediation for residential landlord-tenant disputes;
- (4) Restrict when a landlord may exercise remedies, depending on the number of days that have elapsed following the expiration of the Governor's eviction moratorium and the amount of rent due; and
- (5) Repeal these amendments made to Hawaii's Residential Landlord-Tenant Code one year after the expiration of the Governor's final eviction moratorium.

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs, Office of Hawaiian Affairs, Hawaii Housing Finance and Development Corporation, Legal Aid Society of Hawai'i, Hawai'i Association of REALTORS, and three individuals. Your Committee received comments on this measure from the Medical-Legal Partnership Hawai'i.

Your Committee finds that the COVID-19 pandemic and the extraordinary governmental responses to contain the spread of the disease have ravaged the State's economy. Your Committee also finds that this negative economic effect threatens to exacerbate the State's pre-pandemic housing crisis, with many tenants unable to pay rent and facing possible eviction.

Your Committee notes that the Governor's emergency proclamations related to the COVID-19 emergency have prevented a wave of evictions by imposing an eviction moratorium. However, once the eviction moratorium ceases, many tenants will face the possibility of eviction. This measure provides a balanced approach to encourage communications and facilitate mediation between landlords and tenants to help reduce the large number of summary possession cases that are expected to follow the expiration of certain eviction-related emergency proclamations.

Your Committee has amended this measure by:

- (1) Expanding provisions that are required to be included in the fifteen calendar day notice to the tenant;
- (2) Clarifying the contents of the fifteen calendar day notice and adding example language that a landlord may provide to a tenant, in a substantially similar form;
- (3) Limiting the remedies a landlord may seek for a tenant's failure to pay rent to a summary proceeding for possession;
- (4) Specifying that the rent due by a tenant will be equal to or greater than four months' rent from the first day, rather than the third day, through the thirtieth day after the expiration day of the final eviction moratorium;
- (5) Appropriating an unspecified amount of funds for fiscal year 2022-2023 for the Judiciary to contract for mediation services;
- (6) Repealing the amendments made to Hawaii's Residential Landlord-Tenant Code on December 31, 2022, or one year after the expiration of the Governor's final eviction moratorium, whichever is sooner; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1388, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1388, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1105 Housing on S.B. No. 749

The purpose of this measure is to allow the Hawaii Public Housing Authority to develop non-subsidized housing.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs.

Your Committee finds that socially stable mixed-income and mixed-use housing can be a financially viable and diverse option for public housing in the State. This measure will facilitate the construction of new housing in the State for residents with various income levels.

Your Committee has amended this measure by:

- (1) Retaining the definition of "public housing project", "housing project", or "complex" under section 356D-1, Hawaii Revised Statutes, and specifying that the definition of "public housing project" may include mixed-income, mixed-use, mixed-finance redevelopment, executed through public-private partnerships, on properties owned by the Hawaii Public Housing Authority;
- (2) Excluding from the net proceeds of sales or leases of Hawaii Public Housing Authority-developed property that must be deposited into the Public Housing Revolving Fund those amounts required to be set aside or transferred pursuant to the Admission Act of 1959 or sections 1 and 6 of the Hawaii State Constitution;
- (3) Requiring the Hawaii Public Housing Authority to submit certain documentation to the Office of Hawaiian Affairs, regarding government or crown lands set aside or leased to the Hawaii Public Housing Authority, prior to any plan by the Authority to redevelop or enter into a public-private partnership for an affordable housing development; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 749, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 749, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1106 Education on H.R. No. 10

The purpose of this measure is to urge the Board of Education and Department of Education to support and implement community schools as an equity strategy for increasing access to a high-quality education and addressing COVID-19 learning loss.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawai'i Children's Action Network Speaks!, Hawai'i Public Health Institute, Our Revolution Hawaii, Blue Zones Project, American Diabetes Association, and four individuals.

Your Committee finds that the COVID-19 pandemic will likely increase the number of students considered economically challenged and has contributed to significant learning loss due to limited in-person instruction between teachers and students. Your Committee further finds that community schools provide comprehensive programs and services to meet the unique needs of students and their families and that practices embodied in community schools promote conditions found in high-quality schools nationwide. The support and implementation of community schools will increase access to high-quality education for Hawaii's students and address COVID-19 learning loss.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 10 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1107 Education on H.C.R. No. 9

The purpose of this measure is to urge the Board of Education and Department of Education to support and implement community schools as an equity strategy for increasing access to a high-quality education and addressing COVID-19 learning loss.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawai'i Children's Action Network Speaks!, Hawai'i Afterschool Alliance, Hawai'i Public Health Institute, Our Revolution Hawaii, Blue Zones Project, American Diabetes Association, and seven individuals.

Your Committee finds that the COVID-19 pandemic will likely increase the number of students considered economically challenged and has contributed to significant learning loss due to limited in-person instruction between teachers and students. Your Committee further finds that community schools provide comprehensive programs and services to meet the unique needs of students and their families and that practices embodied in community schools promote conditions found in high-quality schools nationwide. The support and implementation of community schools will increase access to high-quality education for Hawaii's students and address COVID-19 learning loss.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 9 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1108 Education on H.R. No. 11

The purpose of this measure is to urge the Board of Education and Department of Education to support and implement afterschool programs as an equity strategy to combat COVID-19 learning loss.

Your Committee received testimony in support of this measure from Hawai'i Children's Action Network Speaks!, Hui For Excellence in Education, and three individuals.

Your Committee finds that student learning has been significantly disrupted by the shift away from in-person learning due to school closures in response to the COVID-19 pandemic. The shift away from in-person learning has disproportionately impacted disadvantaged students from low-income families. The afterschool programs urged by this measure will provide additional learning opportunities for those most in need.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 11 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1109 Education on H.C.R. No. 10

The purpose of this measure is to urge the Board of Education and Department of Education to support and implement afterschool programs as an equity strategy to combat COVID-19 learning loss.

Your Committee received testimony in support of this measure from Hawai'i Children's Action Network Speaks!, After-School All-Stars Hawaii, Hui For Excellence in Education, Hawai'i Afterschool Alliance, Our Revolution Hawaii, and nine individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that student learning has been significantly disrupted by the shift away from in-person learning due to school closures in response to the COVID-19 pandemic. The shift away from in-person learning has disproportionately impacted disadvantaged students from low-income families. The afterschool programs urged by this measure will provide additional learning opportunities for those most in need.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 10 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1110 Education on H.R. No. 42

The purpose of this measure is to request the Department of Education to provide a report to the Legislature providing certain information on public school class sizes.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association and one individual.

Your Committee finds that class-size reduction is an evidence-based reform that has been proven to increase student achievement. As demonstrated in other jurisdictions, small class sizes have led to students scoring better on standardized tests, receiving better grades, and exhibiting improved attendance. This measure will provide policymakers with accurate data on class sizes to make further informed policy decision-making.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 42 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1111 Education on H.C.R. No. 53

The purpose of this measure is to request the Department of Education to provide a report to the Legislature providing certain information on public school class sizes.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that class-size reduction is an evidence-based reform that has been proven to increase student achievement. As demonstrated in other jurisdictions, small class sizes have led to students scoring better on standardized tests, receiving better grades, and exhibiting improved attendance. This measure will provide policymakers with accurate data on class sizes to make further informed policy decision-making.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 53 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1112 Education on H.R. No. 25

The purpose of this measure is to urge the Department of Education to develop and implement an affirmative action program designed to recruit and employ qualified blind professionals to serve as orientation and mobility instructors and in other positions as teachers of visually impaired students.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board and eleven individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that, up until recently, the Department of Education only accepted the Certified Orientation and Mobility Specialist certification. The Certified Orientation and Mobility Specialist certification is a training method that provides a vision-centered approach to orientation and mobility services and emphasizes instructors who are sighted.

Your Committee, however, further finds that another training method--the National Orientation and Mobility Certification--utilizes methods and principles from decades of lived experiences, attitudes, and techniques of blind persons and emphasizes instructors who are blind. It is considered a best practice to hire individuals with the National Orientation and Mobility Certification. While the Hawaii Teachers Standards Board has begun to accept the National Orientation and Mobility Certification, this has not led to an increased reliance on blind instructors and the Department of Education does not currently employ any instructors with the National Orientation and Mobility Certification. This measure will provide students who are blind or vision impaired with greater access to various training methods.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 25 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1113 Education on H.C.R. No. 32

The purpose of this measure is to urge the Department of Education to develop and implement an affirmative action program designed to recruit and employ qualified blind professionals to serve as orientation and mobility instructors and in other positions as teachers of visually impaired students.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board and six individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that, up until recently, the Department of Education only accepted the Certified Orientation and Mobility Specialist certification. The Certified Orientation and Mobility Specialist certification is a training method that provides a vision-centered approach to orientation and mobility services and emphasizes instructors who are sighted.

Your Committee, however, further finds that another training method--the National Orientation and Mobility Certification--utilizes methods and principles from decades of lived experiences, attitudes, and techniques of blind persons and emphasizes instructors who are blind. It is considered a best practice to hire individuals with the National Orientation and Mobility Certification. While the Hawaii Teachers Standards Board has begun to accept the National Orientation and Mobility Certification, this has not led to an increased reliance on blind instructors and the Department of Education does not currently employ any instructors with the National Orientation and Mobility Certification. This measure will provide students who are blind or vision impaired with greater access to various training methods.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 32 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1114 Education on H.R. No. 7

The purpose of this measure is to urge the Board of Education to mandate the Department of Education to hold quarterly town halls where students, parents, and community members can voice their concerns and suggestions to the Superintendent of Education.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network and one individual.

Your Committee finds that there are few options for students to voice their opinions and concerns directly to the Superintendent of Education and administration of the Department of Education. Your Committee further finds that town halls are public meetings where officials can present their ideas and plans to the community and hear the community's views and feedback on those ideas and plans. Your Committee believes that town halls can serve as the appropriate avenue for students to discuss their opinions and concerns with the Department of Education administration.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 7 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Yamane).

SCRep. 1115 Education on H.C.R. No. 6

The purpose of this measure is to urge the Board of Education to mandate the Department of Education to hold quarterly town halls where students, parents, and community members can voice their concerns and suggestions to the Superintendent of Education.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network and two individuals.

Your Committee finds that there are few options for students to voice their opinions and concerns directly to the Superintendent of Education and administration of the Department of Education. Your Committee further finds that town halls are public meetings where officials can present their ideas and plans to the community and hear the community's views and feedback on those ideas and plans. Your Committee believes that town halls can serve as the appropriate avenue for students to discuss their opinions and concerns with the Department of Education administration.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 6 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Yamane).

SCRep. 1116 Education on H.R. No. 9

The purpose of this measure is to urge the Board of Education and Department of Education to elevate Hawaiian language and cultural education in public high schools by incorporating more diverse Hawaiian language and cultural classes as core requirements throughout secondary education.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network and one individual.

Your Committee finds that Native Hawaiian students represent the single largest ethnic group in Hawaii's public schools and deserve a curriculum that is attentive to the perpetuation of their culture and identity. Your Committee further finds that the only existing core curriculum requirement at the high school level dedicated to promoting the study of Hawaiian culture, history, and language and providing for a Hawaiian education program in public schools, as required by article X, section 4, of the Hawaii State Constitution, is the 0.5 credit Modern Hawaiian History class. Your Committee believes Hawaiian education will be of benefit to students of all ethnic backgrounds by contribution to an understanding and appreciation of Hawaii's unique cultural and historical context.

Your Committee has amended this measure by:

- (1) Amending its title to read "HOUSE RESOLUTION URGING THE BOARD OF EDUCATION AND DEPARTMENT OF EDUCATION TO ELEVATE HAWAIIAN LANGUAGE AND CULTURAL EDUCATION IN PUBLIC HIGH SCHOOLS BY EXPANDING ACCESS TO HAWAIIAN LANGUAGE AND CULTURAL CLASSES THAT FULFILL CORE REQUIREMENTS THROUGHOUT SECONDARY EDUCATION;"
- (2) Clarifying that the Board of Education and Department of Education are urged to elevate Hawaiian language and cultural education in public high schools by expanding access to Hawaiian language and cultural classes that fulfill core requirements throughout secondary education;
- (3) Inserting language requesting the Department of Education's Office of Hawaiian Education to identify public school teachers who have received or

would like to receive training in Hawaiian language and culture to increase access to Hawaiian content in secondary schools; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 9, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 9, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1117 Education on H.C.R. No. 8

The purpose of this measure is to urge the Board of Education and Department of Education to elevate Hawaiian language and cultural education in public high schools by incorporating more diverse Hawaiian language and cultural classes as core requirements throughout secondary education.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network and three individuals.

Your Committee finds that Native Hawaiian students represent the single largest ethnic group in Hawaii's public schools and deserve a curriculum that is attentive to the perpetuation of their culture and identity. Your Committee further finds that the only existing core curriculum requirement at the high school level dedicated to promoting the study of Hawaiian culture, history, and language and providing for a Hawaiian education program in public schools, as required by article X, section 4, of the Hawaii State Constitution, is the 0.5 credit Modern Hawaiian History class. Your Committee believes Hawaiian education will be of benefit to students of all ethnic backgrounds by contribution to an understanding and appreciation of Hawaii's unique cultural and historical context.

Your Committee has amended this measure by:

- (1) Amending its title to read "HOUSE CONCURRENT RESOLUTION URGING THE BOARD OF EDUCATION AND DEPARTMENT OF EDUCATION TO ELEVATE HAWAIIAN LANGUAGE AND CULTURAL EDUCATION IN PUBLIC HIGH SCHOOLS BY EXPANDING ACCESS TO HAWAIIAN LANGUAGE AND CULTURAL CLASSES THAT FULFILL CORE REQUIREMENTS THROUGHOUT SECONDARY EDUCATION;"
- (2) Clarifying that the Board of Education and Department of Education are urged to elevate Hawaiian language and cultural education in public high schools by expanding access to Hawaiian language and cultural classes that fulfill core requirements throughout secondary education;
- (3) Inserting language requesting the Department of Education's Office of Hawaiian Education to identify public school teachers who have received or would like to receive training in Hawaiian language and culture to increase access to Hawaiian content in secondary schools; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 8, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 8, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1118 Education on H.R. No. 41

The purpose of this measure is to request the Office of the Governor to convene a task force to assess whether state agencies' anti-bullying policies and records of incidences of bullying are properly updated and effectively utilized.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in support of the intent of this measure from the University of Hawai'i System and Hawaii Association of School Psychologists.

Your Committee finds that all students have the right to fully participate in the education process that is free from bullying, including cyberbullying and harassment. Your Committee further finds that implementing new policies that focus on progressive punishments, rather than punitive punishments, for students that have committed acts of bullying, cyberbullying, or harassment should be prioritized.

Your Committee has amended this measure by:

- (1) Clarifying that the task force is requested to consider race or color and ancestry or national origin when providing recommendations on changes to curricula that are meant to reduce bullying and promote civil conduct through education;
- (2) Clarifying that the task force is requested to consider that students who have committed acts of bullying, cyberbullying, or harassment be given non-punitive actions that are meant to address the root causes of bullying;
- (3) Including trauma-informed care and restorative justice programs under the non-punitive actions that may be given to students who have committed acts of bullying, cyberbullying, or harassment; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 41, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 41, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1119 Education on H.C.R. No. 52

The purpose of this measure is to request the Office of the Governor to convene a task force to assess whether state agencies' anti-bullying policies and records of incidences of bullying are properly updated and effectively utilized.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in support of the intent of this measure from the Department of Education, University of Hawai'i System, and Hawaii Association of School Psychologists.

Your Committee finds that all students have the right to fully participate in the education process that is free from bullying, including cyberbullying and

harassment. Your Committee further finds that implementing new policies that focus on progressive punishments, rather than punitive punishments, for students that have committed acts of bullying, cyberbullying, or harassment should be prioritized.

Your Committee has amended this measure by:

- (1) Clarifying that the task force is requested to consider race or color and ancestry or national origin when providing recommendations on changes to curricula that are meant to reduce bullying and promote civil conduct through education;
- (2) Clarifying that the task force is requested to consider that students who have committed acts of bullying, cyberbullying, or harassment be given non-punitive actions that are meant to address the root causes of bullying;
- (3) Including trauma-informed care and restorative justice programs under the non-punitive actions that may be given to students who have committed acts of bullying, cyberbullying, or harassment; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 52, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 52, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1120 Education on H.R. No. 49

The purpose of this measure is to urge the Department of Education to advance the quality of educational programming for Hawaii's students by minimizing the use of external contracts for curricula, instruction and testing for public schools.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that the ethnic and socioeconomic diversity of Hawaii's public school student population requires place-based and culturally appropriate curricula. Your Committee further finds that empowering professionals who are most directly involved with instructional delivery to develop learning materials will ensure that students are provided with educational opportunities that are culturally sensitive and account for different learning styles.

Your Committee has amended this measure by:

- (1) Amending its title to read, "HOUSE RESOLUTION URGING THE DEPARTMENT OF EDUCATION TO DEVELOP AND IMPLEMENT A PLAN TO REDUCE THE USE OF EXTERNAL CONTRACTS FOR CURRICULA, INSTRUCTION, AND TESTING IN PUBLIC SCHOOLS.";
- (2) Amending its purpose to urging the Department of Education in consultation with the Board of Education, to develop and implement a plan to reduce the use of external contracts for curricula, instruction, and testing in public schools, including recommendations for additional steps to reduce external contracts;
- (3) Including members from the exclusive representative for bargaining unit 6 in the advisory committee that will make recommendations to assist the Department of Education in developing and implementing the plan; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 49, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 49, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Yamane).

SCRep. 1121 Education on H.C.R. No. 60

The purpose of this measure is to urge the Department of Education to advance the quality of educational programming for Hawaii's students by minimizing the use of external contracts for curricula, instruction, and testing for public schools.

Your Committee received testimony in support of this measure from four individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the ethnic and socioeconomic diversity of Hawaii's public school student population requires place-based and culturally appropriate curricula. Your Committee further finds that empowering professionals who are most directly involved with instructional delivery to develop learning materials will ensure that students are provided with educational opportunities that are culturally sensitive and account for different learning styles.

Your Committee has amended this measure by:

- (1) Amending its title to read, "HOUSE CONCURRENT RESOLUTION URGING THE DEPARTMENT OF EDUCATION TO DEVELOP AND IMPLEMENT A PLAN TO REDUCE THE USE OF EXTERNAL CONTRACTS FOR CURRICULA, INSTRUCTION, AND TESTING IN PUBLIC SCHOOLS.";
- (2) Amending its purpose to urging the Department of Education in consultation with the Board of Education, to develop and implement a plan to reduce the use of external contracts for curricula, instruction, and testing in public schools, including recommendations for additional steps to reduce external contracts;
- (3) Including members from the exclusive representative for bargaining unit 6 in the advisory committee that will make recommendations to assist the Department of Education in developing and implementing the plan; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 60, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 60, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Yamane).

SCRep. 1122 Finance on H.B. No. 200

The purpose of this measure is to appropriate funds for the operating and capital improvement costs of the Executive Branch for fiscal year (FY) 2021-2022 and FY 2022-2023.

The Administration submitted an operating budget that totaled:

	<u>FY 2021-2022</u>	<u>FY 2022-2023</u>
General Funds	\$7,685,972,117	\$7,798,266,153
All Means of Financing	\$15,416,743,597	\$15,521,316,276

The Administration submitted a capital improvement budget that totaled:

	<u>FY 2021-2022</u>	<u>FY 2022-2023</u>
General Obligation Bonds	\$679,393,000	\$512,128,000
All Means of Financing	\$1,236,328,000	\$1,116,254,000

Testimony received on this measure can be found at the Legislature's website at <https://www.capitol.hawaii.gov/>

Your Committee has amended this budget to appropriate the following in operating funds:

	<u>FY 2021-2022</u>	<u>FY 2022-2023</u>
General Funds	\$7,539,026,531	\$7,633,229,840
American Rescue Plan Funds	\$532,031,661	\$1,073,609,720
All Means of Financing	\$15,364,292,360	\$15,997,626,345

Your Committee has further amended this budget to appropriate the following in capital improvement funds:

	<u>FY 2021-2022</u>	<u>FY 2022-2023</u>
General Obligation Bonds	\$693,017,000	\$518,964,000
American Rescue Plan Funds	\$115,328,000	\$-
All Means of Financing	\$1,401,330,000	\$1,122,590,000

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 200, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 200, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 1123 Economic Development on S.B. No. 579

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist the House of Aloha Enterprises LLC, with planning, designing, constructing, and equipping facilities in Hawaii for the manufacturing and processing of certain products.

Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that it is critical for the State to diversify certain sectors of the economy, including manufacturing, to generate local jobs and tax revenues. This measure supports the development and construction of local facilities that will enable farmers, value-added agriculture producers, and entrepreneurs with access to automated packaging and bottling, shipping, and other services to generate jobs and revenue, resulting in a more self-sustainable economy.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 579, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1124 Water & Land on H.C.R. No. 70

The purpose of this measure is to authorize the Board of Land and Natural Resources to lease a portion of state submerged lands seaward of the property identified as Tax Map Key: (1) 4-4-022:032, Kaneohe Bay, Kaneohe, Oahu, for recreational boat pier purposes pursuant to section 171-53(c), Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Kaneohe Yacht Club.

Your Committee finds that this measure authorizes the lease of submerged lands in Kaneohe Bay for recreational boat pier purposes. Your Committee further finds that section 171-53(c), Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution to lease state submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 70 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1125 Water & Land on H.C.R. No. 66

The purpose of this measure is to review and approve a specific land exchange between the State of Hawaii and trustees of the Parker Land Trust.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that this land exchange is mutually beneficial to the State and Parker Ranch, Inc. Your Committee further finds that section 171-50(c), Hawaii Revised Statutes, requires that land exchanges of public land for private land be subject to approval by the Legislature by a majority vote of both houses in any regular or special session following the date of the Board of Land and Natural Resources' approval in principle of the exchange.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the

intent and purpose of H.C.R. No. 66 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1126 Agriculture on H.R. No. 26

The purpose of this measure is to:

- (1) Urge the Department of Agriculture to form an inter-governmental Kona Area Agricultural Working Group to help navigate opportunities of agriculture, economic development, and affordable housing; and
- (2) Request the Kona Area Agricultural Working Group, with the Department of Agriculture's assistance, to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature prior to the 2022 Regular Session.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association and one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the island of Hawaii provides an abundance of opportunities to bring benefits to the community in the areas of agriculture, economic development, and affordable housing. Your Committee recognizes that it takes a well-coordinated effort among governmental agencies to foster better outcomes in these areas. This measure provides an impetus to further ongoing efforts to help navigate opportunities of agriculture, economic development, and affordable housing in the Kona area.

Your Committee has amended this measure by:

- (1) Amending its title to read: "URGING THE DEPARTMENT OF AGRICULTURE TO ESTABLISH A KONA AREA AGRICULTURAL WORKING GROUP TO PROMOTE AGRICULTURE, ECONOMIC DEVELOPMENT, AND AFFORDABLE HOUSING."; and
- (2) Making other technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 26, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 26, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1127 Agriculture on H.C.R. No. 33

The purpose of this measure is to:

- (1) Urge the Department of Agriculture to form an inter-governmental Kona Area Agricultural Working Group to help navigate opportunities of agriculture, economic development, and affordable housing; and
- (2) Request the Kona Area Agricultural Working Group, with the Department of Agriculture's assistance, to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature prior to the 2022 Regular Session.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association and one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the island of Hawaii provides an abundance of opportunities to bring benefits to the community in the areas of agriculture, economic development, and affordable housing. Your Committee recognizes that it takes a well-coordinated effort among governmental agencies to foster better outcomes in these areas. This measure provides an impetus to further ongoing efforts to help navigate opportunities of agriculture, economic development, and affordable housing in the Kona area.

Your Committee has amended this measure by:

- (1) Amending its title to read: "URGING THE DEPARTMENT OF AGRICULTURE TO ESTABLISH A KONA AREA AGRICULTURAL WORKING GROUP TO PROMOTE AGRICULTURE, ECONOMIC DEVELOPMENT, AND AFFORDABLE HOUSING."; and
- (2) Making other technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 33, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 33, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1128 Agriculture on H.R. No. 157

The purpose of this measure is to request:

- (1) The Legislative Reference Bureau, in consultation with the Department of Agriculture, Department of Taxation, and Hawaii Emergency Management Agency, to conduct a study to recommend to the Legislature how to support greater local production of food; and
- (2) The Legislative Reference Bureau to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature prior to the 2022 Regular Session.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture and Office of Planning.

Your Committee finds that an estimated eighty-five percent of Hawaii's food is imported, which makes Hawaii particularly vulnerable to outside factors, including natural disasters, diseases, and other national and global events. Your Committee finds that greater investment in establishing more local production of food will lead to economic, social, and environmental benefits for Hawaii, as well as address the State's dependence on imports for food. This measure supports a collaborative approach to strengthen the local production of food in Hawaii and address local food access and production needs in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 157 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1129 Agriculture on H.C.R. No. 188

The purpose of this measure is to request:

- (1) The Legislative Reference Bureau, in consultation with the Department of Agriculture, Department of Taxation, and Hawaii Emergency Management Agency, to conduct a study to recommend to the Legislature how to support greater local production of food; and
- (2) The Legislative Reference Bureau to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature prior to the 2022 Regular Session.

Your Committee received testimony in support of this measure from Ulupono Initiative and four individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Agriculture, Office of Planning, and Legislative Reference Bureau.

Your Committee finds that an estimated eighty-five percent of Hawaii's food is imported, which makes Hawaii particularly vulnerable to outside factors, including natural disasters, diseases, and other national and global events. Your Committee finds that greater investment in establishing more local production of food will lead to economic, social, and environmental benefits for Hawaii, as well as address the State's dependence on imports for food. This measure supports a collaborative approach to strengthen the local production of food in Hawaii and address local food access and production needs in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 188 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1130 Agriculture on H.R. No. 50

The purpose of this measure is to urge the Department of Agriculture to ensure the inclusion of socially disadvantaged farmers and ranchers in the development, adoption, implementation, and enforcement of food and agriculture laws, rules, policies, and programs.

Your Committee received testimony in support of this measure from three individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that this measure furthers the important conversation about supporting socially disadvantaged farmers and ranchers and takes meaningful action toward equity in agriculture in Hawaii. With increasing national awareness surrounding issues of equity, equity in agriculture is finally being given the attention that it deserves.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 50, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 50, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1131 Agriculture on H.C.R. No. 61

The purpose of this measure is to urge the Department of Agriculture to ensure the inclusion of socially disadvantaged farmers and ranchers in the development, adoption, implementation, and enforcement of food and agriculture laws, rules, policies, and programs.

Your Committee received testimony in support of this measure from Kuahiwi Ranch and five individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that this measure furthers the important conversation about supporting socially disadvantaged farmers and ranchers and takes meaningful action toward equity in agriculture in Hawaii. With increasing national awareness surrounding issues of equity, equity in agriculture is finally being given the attention that it deserves.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 61, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 61, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1132 Labor & Tourism on H.R. No. 47

The purpose of this measure is to urge the United States Congress and President of the United States to enact the Protecting the Right to Organize Act as expeditiously as possible.

Your Committee received testimony in support of this measure from the International Union of Bricklayers and Allied Craftworkers Local #1 of Hawaii; Young Progressives Demanding Action; International Longshore & Warehouse Union Local 142; International Union of Painters and Allied Trades, District Council 50; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; International Brotherhood of Electrical Workers Local 1260; Hawaii State AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii Nurses' Association; Hawaii Building & Construction Trades Council; International Brotherhood of Electrical Workers Local Union 1186; and two individuals. Your Committee received testimony in opposition to this measure from Associated Builders and Contractors Hawaii.

Your Committee finds that unionized workers earn over thirteen percent more than comparable nonunionized workers, receive fairer wages and better benefits, and generally have better working conditions. Your Committee further finds that the Protecting the Right to Organize Act enhances workers' rights by providing greater opportunity to unite and bargain meaningfully for fairer wages and benefits, and thus, has the potential to raise workers' living standards.

Your Committee has amended this measure by:

- (1) Amending its title to read: "URGING THE UNITED STATES CONGRESS AND THE PRESIDENT OF THE UNITED STATES TO ENACT THE PROTECTING THE RIGHT TO ORGANIZE ACT OF 2021 AS EXPEDITIOUSLY AS POSSIBLE."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 47, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 47, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, 1 (Okimoto). Excused, 1 (Quinlan).

SCRep. 1133 Labor & Tourism on H.C.R. No. 58

The purpose of this measure is to urge the United States Congress and President of the United States to enact the Protecting the Right to Organize Act as expeditiously as possible.

Your Committee received testimony in support of this measure from the International Union of Bricklayers and Allied Craftworkers Local #1 of Hawaii; International Longshore & Warehouse Union Local 142; LGBT Caucus of the Democratic Party of Hawaii; International Union of Painters and Allied Trades, District Council 50; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; International Brotherhood of Electrical Workers Local 1260; Hawaii State AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii Nurses' Association; Pride at Work – Hawaii; Young Progressives Demanding Action; Hawaii Building & Construction Trades Council; International Brotherhood of Electrical Workers Local Union 1186; and one individual. Your Committee received testimony in opposition to this measure from Associated Builders and Contractors Hawaii.

Your Committee finds that unionized workers earn over thirteen percent more than comparable nonunionized workers, receive fairer wages and better benefits, and generally have better working conditions. Your Committee further finds that the Protecting the Right to Organize Act enhances workers' rights by providing greater opportunity to unite and bargain meaningfully for fairer wages and benefits, and thus, has the potential to raise workers' living standards.

Your Committee has amended this measure by:

- (1) Amending its title to read: "URGING THE UNITED STATES CONGRESS AND THE PRESIDENT OF THE UNITED STATES TO ENACT THE PROTECTING THE RIGHT TO ORGANIZE ACT OF 2021 AS EXPEDITIOUSLY AS POSSIBLE."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 58, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 58, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, 1 (Okimoto). Excused, 1 (Quinlan).

SCRep. 1134 Labor & Tourism on H.R. No. 86

The purpose of this measure is to request that the Director of Labor and Industrial Relations convene a task force to study, design, and develop a Paid Family Leave Pilot Program.

Your Committee received testimony in support of this measure from a member of the Hawaii County Council; Hawaii Children's Action Network Speaks!; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Public Health Institute; Breastfeeding Hawaii; American Association of University Women of Hawaii; and Common Cause Hawaii. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Chamber of Commerce Hawaii, and Society for Human Resource Management Hawaii.

Your Committee finds that the family leave provided under federal and state laws is mainly unpaid, and as of March 2018, only seventeen percent of workers in the United States had access to paid family leave through their employers. Your Committee further finds that, because of financial constraints, a majority of Hawaii's workforce cannot afford to take unpaid leave for family caregiving purposes.

Your Committee also finds that in December 2019, the Legislative Reference Bureau issued its Paid Family Leave Program Impact Study, which projected the costs and staffing required to establish and maintain a paid family leave system in Hawaii under three social insurance models. However, the study reported that pertinent policy aspects need to be determined regardless of which model is adopted.

Your Committee has amended this measure by:

- (1) Requesting that the task force develop its own goals and objectives for the Paid Family Leave Pilot Program;
- (2) Requesting that the task force appoint a chairperson from among its members;
- (3) Providing that the task force be dissolved on January 31, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 86, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 86, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1135 Labor & Tourism on H.C.R. No. 104

The purpose of this measure is to request that the Director of Labor and Industrial Relations convene a task force to study, design, and develop a Paid Family Leave Pilot Program.

Your Committee received testimony in support of this measure from a member of the Hawaii County Council; Pride at Work – Hawaii; LGBT Caucus of the Democratic Party of Hawaii; American Association of University Women of Hawaii; Planned Parenthood Votes Northwest and Hawaii; Hawaii Children's Action Network Speaks!; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Public Health Institute; Breastfeeding Hawaii; and Common Cause Hawaii. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Chamber of Commerce Hawaii, and Society for Human Resource Management Hawaii.

Your Committee finds that the family leave provided under federal and state laws is mainly unpaid, and as of March 2018, only seventeen percent of workers in the United States had access to paid family leave through their employers. Your Committee further finds that, because of financial constraints, a majority of Hawaii's workforce cannot afford to take unpaid leave for family caregiving purposes.

Your Committee also finds that in December 2019, the Legislative Reference Bureau issued its Paid Family Leave Program Impact Study, which projected the costs and staffing required to establish and maintain a paid family leave system in Hawaii under three social insurance models. However, the study reported that pertinent policy aspects need to be determined regardless of which model is adopted.

Your Committee has amended this measure by:

- (1) Requesting that the task force develop its own goals and objectives for the Paid Family Leave Pilot Program;
- (2) Requesting that the task force appoint a chairperson from among its members;
- (3) Providing that the task force be dissolved on January 31, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 104, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 104, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1136 Water & Land on H.R. No. 23

The purpose of this measure is to request the Department of Land and Natural Resources to establish a task force to propose a community-based stewardship program to address capacity, access, fishing, surfing, and vehicle use for Polihale State Park on Kauai.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that Polihale State Park, which contains sensitive cultural and natural resources, has suffered from management deficiencies as well as unlawful and damaging behavior by some park users. Your Committee finds that community discussions with the Department of Land and Natural Resources that have been initiated to discuss the proper stewardship of Polihale State Park should continue, with the hope of addressing various issues through a community-based planning effort.

Your Committee has amended this measure by:

- (1) Changing its title to read: "REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO ESTABLISH A COMMUNITY ADVISORY COMMITTEE FOR POLIHALE STATE PARK ON THE ISLAND OF KAUAI.";
- (2) Stating that:
 - (A) COVID-19 public health concerns were one of the reasons that prompted the Department of Land and Natural Resources to shut down public access to the park in the summer of 2020;
 - (B) Some users of Polihale State Park have a history of noncompliance with Hawaii Administrative Rules for the Hawaii State Park System, including driving on the beach; and
 - (C) The State Parks Division has initiated discussions with groups interested in creating a stewardship agreement with the Division to help the Division manage resources and educate the public regarding Polihale State Park;
- (3) Requesting the Department of Land and Natural Resources to establish a community advisory committee, rather than a task force, to engage in a community-based planning effort to address the various issues identified in this measure, including resource protection, capacity, access, fishing, surfing, and vehicle use for Polihale State Park on Kauai, and to achieve compliance with the Department of Land and Natural Resources' rules;
- (4) Adjusting the membership of the community advisory committee;
- (5) Requesting the Department of Land and Natural Resources to share its findings with area legislators in the interest of developing potential enabling legislation to implement any actions identified by the community advisory committee;
- (6) Adding the Governor and Mayor of the County of Kauai as recipients to whom certified copies of this measure will be transmitted; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 23, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 23, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1137 Water & Land on H.C.R. No. 30

The purpose of this measure is to request the Department of Land and Natural Resources to establish a task force to propose a community-based stewardship program to address capacity, access, fishing, surfing, and vehicle use for Polihale State Park on Kauai.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that Polihale State Park, which contains sensitive cultural and natural resources, has suffered from management deficiencies as well as unlawful and damaging behavior by some park users. Your Committee finds that community discussions with the Department of Land and Natural Resources that have been initiated to discuss the proper stewardship of Polihale State Park should continue, with the hope of addressing various issues through a community-based planning effort.

Your Committee has amended this measure by:

- (1) Changing its title to read: "REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO ESTABLISH A COMMUNITY ADVISORY COMMITTEE FOR POLIHALE STATE PARK ON THE ISLAND OF KAUAI.";

(2) Stating that:

- (A) COVID-19 public health concerns were one of the reasons that prompted the Department of Land and Natural Resources to shut down public access to the park in the summer of 2020;
 - (B) Some users of Polihale State Park have a history of noncompliance with Hawaii Administrative Rules for the Hawaii State Park System, including driving on the beach; and
 - (C) The State Parks Division has initiated discussions with groups interested in creating a stewardship agreement with the Division to help the Division manage resources and educate the public regarding Polihale State Park;
- (3) Requesting the Department of Land and Natural Resources to establish a community advisory committee, rather than a task force, to engage in a community-based planning effort to address the various issues identified in this measure, including resource protection, capacity, access, fishing, surfing, and vehicle use for Polihale State Park on Kauai, and to achieve compliance with the Department of Land and Natural Resources' rules;
- (4) Adjusting the membership of the community advisory committee;
- (5) Requesting the Department of Land and Natural Resources to share its findings with area legislators in the interest of developing potential enabling legislation to implement any actions identified by the community advisory committee;
- (6) Adding the Governor and Mayor of the County of Kauai as recipients to whom certified copies of this measure will be transmitted; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 30, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 30, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1138 Water & Land on H.R. No. 58

The purpose of this measure is to request the Department of Land and Natural Resources to petition the United States Secretary of the Interior, through the United States Fish and Wildlife Service, to protect the Oahu pueo, also known as the Hawaiian short-eared owl (*Asio flammeus sandwichensis*) as a threatened or endangered species.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Livable Hawaii Kai Hui, Kawaihapai Ohana, Hawaii's Thousand Friends, and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the pueo is a species endemic to Hawaii, a prominent figure in Hawaiian culture, and an 'aumakua of many Hawaiian families.

Your Committee has amended this measure by:

- (1) Requesting the Department of Land and Natural Resources to petition the United States Secretary of the Interior, through the United States Fish and Wildlife Service, to protect the pueo, not just the Oahu pueo, as a threatened or endangered species under the Endangered Species Act;
- (2) Changing its title to read: "REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO SUBMIT A PETITION TO LIST THE PUEO AS A THREATENED OR ENDANGERED SPECIES UNDER THE ENDANGERED SPECIES ACT."; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 58, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 58, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1139 Water & Land on H.C.R. No. 69

The purpose of this measure is to request the Department of Land and Natural Resources to petition the United States Secretary of the Interior, through the United States Fish and Wildlife Service, to protect the Oahu pueo, also known as the Hawaiian short-eared owl (*Asio flammeus sandwichensis*) as a threatened or endangered species.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawaii's Thousand Friends, Livable Hawaii Kai Hui, Kawaihapai Ohana, Kanehili Cultural Hui, and three individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the pueo is a species endemic to Hawaii, a prominent figure in Hawaiian culture, and an 'aumakua of many Hawaiian families.

Your Committee has amended this measure by:

- (1) Requesting the Department of Land and Natural Resources to petition the United States Secretary of the Interior, through the United States Fish and Wildlife Service, to protect the pueo, not just the Oahu pueo, as a threatened or endangered species under the Endangered Species Act;
- (2) Changing its title to read: "REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO SUBMIT A PETITION TO LIST THE PUEO AS A THREATENED OR ENDANGERED SPECIES UNDER THE ENDANGERED SPECIES ACT."; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 69, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 69, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1140 Transportation/Housing on H.R. No. 103

The purpose of this measure is to request that the Hawaii Interagency Council for Transit-oriented Development establish a State Transit-Oriented Investments Task Force to prioritize near-term infrastructure projects for funding within priority transit-oriented development areas.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Planning, and Hawai'i Interagency Council for Transit-Oriented Development.

Your Committees find that transit-oriented development promotes a development pattern that supports quality of life, preserves the natural environment, provides a range of housing choices for residents, and encourages various forms of environmentally friendly modes of transportation. Your Committees further find that the Office of Planning has identified the infrastructure facility needs and costs in three transit-oriented development priority areas, which play a pivotal role in providing the people of Hawaii access to affordable housing. Your Committees believe that the State needs to determine priorities for the funding and timing of needed infrastructure investments and develop a financing plan to be used to offset the cost of state investment in infrastructure projects. This measure will allow the State to make informed decisions regarding transit-oriented development zones and priorities in funding by establishing a task force to provide recommendations regarding a comprehensive transit-oriented development financing plan.

As affirmed by the records of votes of the members of your Committees on Transportation and Housing that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 103 and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 7. Noes, none. Excused, 1 (Takumi).

Housing: Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1141 Transportation/Housing on H.C.R. No. 126

The purpose of this measure is to request that the Hawaii Interagency Council for Transit-oriented Development establish a State Transit-Oriented Investments Task Force to prioritize near-term infrastructure projects for funding within priority transit-oriented development areas.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Planning, and Hawai'i Interagency Council for Transit-Oriented Development.

Your Committees find that transit-oriented development promotes a development pattern that supports quality of life, preserves the natural environment, provides a range of housing choices for residents, and encourages various forms of environmentally friendly modes of transportation. Your Committees further find that the Office of Planning has identified the infrastructure facility needs and costs in three transit-oriented development priority areas, which play a pivotal role in providing the people of Hawaii access to affordable housing. Your Committees believe that the State needs to determine priorities for the funding and timing of needed infrastructure investments and develop a financing plan to be used to offset the cost of state investment in infrastructure projects. This measure will allow the State to make informed decisions regarding transit-oriented development zones and priorities in funding by establishing a task force to provide recommendations regarding a comprehensive transit-oriented development financing plan.

As affirmed by the records of votes of the members of your Committees on Transportation and Housing that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 126 and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 7. Noes, none. Excused, 1 (Takumi).

Housing: Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1142 Transportation on H.R. No. 149

The purpose of this measure is to urge the Department of Transportation, Mayor of the City and County of Honolulu, and Honolulu City Council to reroute Farrington Highway in accordance with the 1998 Makaha Beach Park Master Plan.

Your Committee received testimony in support of this measure from the Buffalo Surfing Classic and seven individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Farrington Highway is the only transportation route to travel south in the Makaha area and the urgency to repair the Makaha Bridge has been a public safety concern for Waianae residents for many years. Your Committee further finds that in 1998 the City and County of Honolulu developed a master plan for Makaha Beach Park that proposed to reroute Farrington Highway further inland and away from the beach, as well as expanding the beach park with new picnic areas, fields, and restroom facilities, however, the 1998 Makaha Beach Park Master Plan was never executed due to a lack of funds. This measure seeks to have the 1998 Makaha Beach Park Master Plan followed with regard to rerouting Farrington Highway.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 149 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1143 Transportation on H.C.R. No. 180

The purpose of this measure is to urge the Department of Transportation, Mayor of the City and County of Honolulu, and Honolulu City Council to reroute Farrington Highway in accordance with the 1998 Makaha Beach Park Master Plan.

Your Committee received testimony in support of this measure from the Buffalo Surfing Classic and numerous individuals. Your Committee received testimony in opposition to this measure from seven individuals. Your Committee received comments on this measure from two individuals.

Your Committee finds that Farrington Highway is the only transportation route to travel south in the Makaha area and the urgency to repair the Makaha Bridge has been a public safety concern for Waianae residents for many years. Your Committee further finds that in 1998 the City and County of Honolulu developed a master plan for Makaha Beach Park that proposed to reroute Farrington Highway further inland and away from the beach, as well as expanding the beach park with new picnic areas, fields, and restroom facilities, however, the 1998 Makaha Beach Park Master Plan was never executed due to a lack of funds. This measure seeks to have the 1998 Makaha Beach Park Master Plan followed with regard to rerouting Farrington Highway.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 180 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1144 Transportation on H.R. No. 30

The purpose of this measure is to request the Department of Transportation and Department of Public Works of the County of Kauai to conduct a study to identify and recommend methods to alleviate traffic congestion at certain intersections along the Kaumualii Highway.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the Kaumualii Highway in the County of Kauai connects a number of communities in Kauai and acts as a link to access vital services for residents and visitors of Kauai. Your Committee further finds that fifty-two of the largest employers on Kauai are located in communities near the Kaumualii Highway, causing significant traffic congestion and disturbing the quality of life for many on Kauai. Your Committee believes the importance of Kaumualii Highway necessitates a collaborative effort by the State and County of Kauai to develop methods to alleviate traffic congestion on Kaumualii Highway.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 30 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1145 Transportation on H.C.R. No. 37

The purpose of this measure is to request the Department of Transportation and Department of Public Works of the County of Kauai to conduct a study to identify and recommend methods to alleviate traffic congestion at certain intersections along the Kaumualii Highway.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the Kaumualii Highway in the County of Kauai connects a number of communities in Kauai and acts as a link to access vital services for residents and visitors of Kauai. Your Committee further finds that fifty-two of the largest employers on Kauai are located in communities near the Kaumualii Highway, causing significant traffic congestion and disturbing the quality of life for many on Kauai. Your Committee believes the importance of Kaumualii Highway necessitates a collaborative effort by the State and County of Kauai to develop methods to alleviate traffic congestion on Kaumualii Highway.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 37 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1146 Transportation on H.C.R. No. 97

The purpose of this measure is to request the formation of a task force on North Road management.

Your Committee received testimony in support of this measure from the Department of Transportation, one member of the Honolulu City Council, and one individual.

Your Committee finds that North Road in Ewa Beach connects the community to its schools, parks, churches, and other areas of Ewa Beach. Your Committee further finds that the safety of residents, illegal dumping, and maintenance of roads continue to be top concerns of the residents of Ewa Beach. These issues are further complicated by jurisdictional issues of North Road. Your Committee believes that a task force regarding North Road is necessary to address these concerns.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 97 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1147 Transportation on H.R. No. 122

The purpose of this measure is to request the Department of Transportation to designate the Reef Runway as the Frank T. Okimoto Reef Runway.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that in 1977, the Reef Runway was built to alleviate the aircraft noise patterns over Honolulu and the surrounding area. The Reef Runway was the world's first major runway built entirely offshore and won two national awards due to its engineering and design. Your Committee further finds that the project engineer for the Reef Runway was the late Frank T. Okimoto. Your Committee believes that designating the Reef Runway as the Frank T. Okimoto Reef Runway is an appropriate way to recognize Frank T. Okimoto and his achievements in engineering the Reef Runway.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 122 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1148 Transportation on H.C.R. No. 144

The purpose of this measure is to request the Department of Transportation to designate the Reef Runway as the Frank T. Okimoto Reef Runway.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that in 1977, the Reef Runway was built to alleviate the aircraft noise patterns over Honolulu and the surrounding area. The Reef Runway was the world's first major runway built entirely offshore and won two national awards due to its engineering and design. Your Committee further finds that the project engineer for the Reef Runway was the late Frank T. Okimoto. Your Committee believes that designating the Reef Runway as the Frank T. As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 144 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1149 Transportation on H.R. No. 101

The purpose of this measure is to support any public project, permit, or approval that improves pedestrian and traffic safety while retaining public parking at Laniakea Beach.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that Laniakea Beach is a popular tourist attraction, with hundreds of visitors parking along Kamehameha Highway for an opportunity to see turtles on the beach. However, this has created major safety concerns as pedestrians are crossing the street, causing traffic congestion on Kamehameha Highway. The Department of Transportation attempted to address this safety concern by placing concrete jersey barriers to block the public from parking on city property. While the barriers worked to improve traffic in the area, the Department of Transportation was later required to remove all barriers. Currently, the Department of Transportation is looking at four alternatives to improve safety and traffic conditions in that area. Therefore, your Committee believes that any project aiming to improve the safety of pedestrians and drivers in the State should be supported by the Legislature.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 101 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1150 Transportation on H.C.R. No. 125

The purpose of this measure is to support any public project, permit, or approval that improves pedestrian and traffic safety while retaining public parking at Laniakea Beach.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that Laniakea Beach is a popular tourist attraction, with hundreds of visitors parking along Kamehameha Highway for an opportunity to see turtles on the beach. Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1151 Transportation on H.R. No. 66

The purpose of this measure is to request the Department of Transportation Services of the City and County of Honolulu to conduct a traffic safety analysis regarding the implementation of traffic calming systems.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Transportation Services of the City and County of Honolulu.

Your Committee finds that traffic congestion in the State remains a concern for many residents. Your Committee further finds that the increase in traffic congestion and speeding throughout the State increases the risk of harm to motorists, bicyclists, and pedestrians. The Department of Transportation has reported 17 traffic fatalities that occurred in the State as of March 2021. Your Committee believes an analysis of existing traffic safety measures should be conducted and that innovative safety measures, such as calming systems, need to be implemented to better protect the residents and visitors of the State.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 66 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1152 Transportation on H.C.R. No. 78

The purpose of this measure is to request the Department of Transportation Services of the City and County of Honolulu to conduct a traffic safety analysis regarding the implementation of traffic calming systems.

Your Committee received testimony in support of this measure from four individuals. Your Committee received comments on this measure from the Department of Transportation Services of the City and County of Honolulu.

Your Committee finds that traffic congestion in the State remains a concern for many residents. Your Committee further finds that the increase in traffic congestion and speeding throughout the State increases the risk of harm to motorists, bicyclists, and pedestrians. Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1153 Transportation on H.R. No. 80

The purpose of this measure is to urge Hawaii helicopter companies to avoid conducting non-emergency flights over residential neighborhoods.

Your Committee received testimony in support of this measure from the O'ahu Tour Helicopter Safety and Noise Inter-Action Group and one individual.

Your Committee finds that commercial helicopter flights are a popular activity in Hawaii. However, while these flights are popular amongst visitors of the

State, it has become a nuisance and danger to many residents as these commercial helicopter flights fly over residential neighborhoods. The increase in commercial helicopter flights has also increased safety risks and noise pollution for many residents. Although commercial helicopter flights have contributed to economic growth in the State, there are safety concerns when those flights take place over residential areas. Your Committee believes that a compromise would be to limit helicopter companies from flying over residential areas, thereby improving the quality of life for many residents.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 80 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1154 Transportation on H.C.R. No. 95

The purpose of this measure is to urge Hawaii helicopter companies to avoid conducting non-emergency flights over residential neighborhoods.

Your Committee received testimony in support of this measure from one member of Hawaii's congressional delegation, the Windward Coalition, O'ahu Tour Helicopter Safety and Noise Inter-Action Group, HICop, and three individuals.

Your Committee finds that commercial helicopter flights are a popular activity in Hawaii. However, while these flights are popular amongst visitors of the State, it has become a nuisance and danger to many residents as these commercial helicopter flights fly over residential neighborhoods. The increase in commercial helicopter flights has also increased safety risks and noise pollution for many residents. Although commercial helicopter flights have contributed to economic growth in the State, there are safety concerns when those flights take place over residential areas. Your Committee believes that a compromise would be to limit helicopter companies from flying over residential areas, thereby improving the quality of life for many residents.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 95 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1155 Transportation on H.R. No. 68

The purpose of this measure is to urge the United States Congress, Federal Aviation Administration, and Hawaii Department of Transportation to take every action necessary to address rapidly increasing safety risks and community disruption resulting from insufficient regulation of increasing operations of tour helicopters and small aircraft in the State.

Your Committee received testimony in support of this measure from one member of the Kaua'i County Council, O'ahu Tour Helicopter Safety and Noise Inter-Action Group, and HICoP.

Your Committee finds that the volume and extent of tour helicopters and small aircraft operations have rapidly increased throughout the State. The increase in such operations has further increased safety risks and noise concerns in residential areas of the State. Within the past two years, Hawaii has seen at least four incidents of a tour helicopter or small aircraft collision, ultimately taking the lives of numerous individuals. Your Committee believes that the federal and state governments should be collaborating to ensure tour helicopters and small aircrafts are properly regulated to avoid any further tragic accidents that result in the loss of a life.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 68 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1156 Transportation on H.C.R. No. 81

The purpose of this measure is to urge the United States Congress, Federal Aviation Administration, and Hawaii Department of Transportation to take every action necessary to address rapidly increasing safety risks and community disruption resulting from insufficient regulation of increasing operations of tour helicopters and small aircraft in the State.

Your Committee received testimony in support of this measure from one member of Hawaii's congressional delegation, the Department of Transportation, one member of the Kaua'i County Council, O'ahu Tour Helicopter Safety and Noise Inter-Action Group, HICoP, and two individuals.

Your Committee finds that the volume and extent of tour helicopters and small aircraft operations have rapidly increased throughout the State. Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1157 Transportation on H.R. No. 75

The purpose of this measure is to request the Department of Transportation to establish a task force to make recommendations on the proper identification and disposal of abandoned and derelict vehicles in the State.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that in 2018, more than 3,000 abandoned and derelict vehicles were removed from the streets in the City and County of Honolulu, an increase of over fifty percent from 2017. Your Committee believes that the increase in abandoned and derelict vehicles in the State necessitates the creation of a task force to look at existing laws regarding abandoned and derelict vehicles to assist in finding more efficient methods of disposal, thereby improving the quality of life for residents and visitors of the State.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the

intent and purpose of H.R. No. 75 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1158 Transportation on H.C.R. No. 90

The purpose of this measure is to request the Department of Transportation to establish a task force to make recommendations on the proper identification and disposal of abandoned and derelict vehicles in the State.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that in 2018, more than 3,000 abandoned and derelict vehicles were removed from the streets in the City and County of Honolulu, an increase of over fifty percent from 2017. Your Committee believes that the increase in abandoned and derelict vehicles in the State necessitates the creation of a task force to look at existing laws regarding abandoned and derelict vehicles to assist in finding more efficient methods of disposal, thereby improving the quality of life for residents and visitors of the State.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 90 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1159 Transportation on H.R. No. 159

The purpose of this measure is to:

- (1) Urge the Department of Transportation and Department of Transportation Services of the City and County of Honolulu to create and maintain a priority list of sidewalk installation and improvement projects; and
- (2) Urge the Department of Transportation Services of the City and County of Honolulu to eliminate the one-hour grace period of any vehicle parking in the Residential Restricted Parking Zone.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that in 2017, the City and County of Honolulu enacted Ordinance No. 17-45, to create a residential restricted parking zone, which granted residents in certain neighborhoods permits to park on the street near those residential neighborhoods. With the permits, residents, and their guests, would be allowed to park in specific locations, without being subject to the one-hour parking time limit. This has been proven successful at mitigating the number of cars parking illegally and has allowed residents to find parking spaces near their residences. Your Committee notes however, that the existing ordinance allows for a one-hour grace period for anyone without a permit to park in these areas and that this should be repealed to allow residences more opportunities to find parking.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language urging the Department of Transportation and Department of Transportation Services of the City and County of Honolulu to create and maintain a priority list of sidewalk installation and improvement projects and all related language;
- (2) Inserting language regarding the Residential Restricted Parking Zone Program;
- (3) Amending its title to read, "URGING THE DEPARTMENT OF TRANSPORTATION SERVICES OF THE CITY AND COUNTY OF HONOLULU TO ELIMINATE THE ONE HOUR GRACE PERIOD FOR ANY VEHICLE PARKING IN A RESIDENTIAL RESTRICTED PARKING ZONE WITHOUT A PLACARD."; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 159, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 159, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1160 Transportation on H.C.R. No. 192

The purpose of this measure is to:

- (1) Urge the Department of Transportation and Department of Transportation Services of the City and County of Honolulu to create and maintain a priority list of sidewalk installation and improvement projects; and
- (2) Urge the Department of Transportation Services of the City and County of Honolulu to eliminate the one-hour grace period of any vehicle parking in the Residential Restricted Parking Zone.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that in 2017, the City and County of Honolulu enacted Ordinance No. 17-45, to create a residential restricted parking zone, which granted residents in certain neighborhoods permits to park on the street near those residential neighborhoods. With the permits, residents, and their guests, would be allowed to park in specific locations, without being subject to the one-hour parking time limit. This has been proven successful at mitigating the number of cars parking illegally and has allowed residents to find parking spaces near their residences. Your Committee notes however, that the existing ordinance allows for a one-hour grace period for anyone without a permit to park in these areas and that this should be repealed to allow residences more opportunities to find parking.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language urging the Department of Transportation and Department of Transportation Services of the City and County of Honolulu to create and maintain a priority list of sidewalk installation and improvement projects and all related language;
- (2) Inserting language regarding the Residential Restricted Parking Zone Program;
- (3) Amending its title to read, "URGING THE DEPARTMENT OF TRANSPORTATION SERVICES OF THE CITY AND COUNTY OF HONOLULU

TO ELIMINATE THE ONE HOUR GRACE PERIOD FOR ANY VEHICLE PARKING IN A RESIDENTIAL RESTRICTED PARKING ZONE WITHOUT A PLACARD."; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 192, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 192, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1161 Culture, Arts, & International Affairs on H.R. No. 84

The purpose of this measure is to empower young women by annually recognizing October 11 as the International Day of the Girl.

Your Committee did not receive any testimony on this measure.

Your Committee finds that girl children worldwide are often at a greater risk of being exposed to and encounter various forms of discrimination and violence. This discrimination and violence often results in less access for girls to quality education, nutrition, and physical and mental health care, and disadvantages in childhood can have a cyclical effect in later life, leaving women open to further discrimination, violence, and neglect. Your Committee further finds that the empowerment of girls, through active support of family and community, is crucial in breaking the cycle of discrimination and violence and in promoting and protecting the full and effective enjoyment of women's and girls' rights.

Your Committee has amended this measure by:

- (1) Recognizing only October 11, 2021, as International Day of the Girl, rather than on an annual basis; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 84, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 84, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1162 Culture, Arts, & International Affairs on H.C.R. No. 101

The purpose of this measure is to empower young women by annually recognizing October 11 as the International Day of the Girl.

Your Committee did not receive any testimony on this measure.

Your Committee finds that girl children worldwide are often at a greater risk of being exposed to and encounter various forms of discrimination and violence. This discrimination and violence often results in less access for girls to quality education, nutrition, and physical and mental health care, and disadvantages in childhood can have a cyclical effect in later life, leaving women open to further discrimination, violence, and neglect. Your Committee further finds that the empowerment of girls, through active support of family and community, is crucial in breaking the cycle of discrimination and violence and in promoting and protecting the full and effective enjoyment of women's and girls' rights.

Your Committee has amended this measure by:

- (1) Recognizing only October 11, 2021, as International Day of the Girl, rather than on an annual basis; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 101, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 101, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1163 Culture, Arts, & International Affairs on H.C.R. No. 127

The purpose of this measure is to request that the Hawaii Sister-State Committee evaluate and develop recommendations for the initiation of a sister state relationship between the State of Hawaii and the Prefecture of Yamaguchi, Japan, and forward the Committee's recommendations to the Legislature for further action.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Japan-America Society of Hawai'i; and one individual.

Your Committee finds that Hawaii and Yamaguchi Prefecture share a long history and strong bond, beginning with *kanyaku imin* and the immigration of thousands of contract laborers to Hawaii between 1885 and 1894 and carried forward through continuous cultural and education exchanges between the people of Yamaguchi and Hawaii. Your Committee further finds that the Governor of Yamaguchi Prefecture, Muraoka Tsugumasa, supports and will apply for the establishment of a sister-state relationship with Hawaii. The sister-state relationship proposed by this measure will be highly beneficial in expanding tourism, strengthening cultural bonds, and advancing common goals of international peace and brotherhood.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 127 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1164 Culture, Arts, & International Affairs on H.R. No. 115

The purpose of this measure is to recognize Mekia Kealakai's birthday of October 15 as Royal Hawaiian Troubadours Day.

Your Committee received testimony in support of this measure from the Friends of the Royal Hawaiian Band and six individuals.

Your Committee finds that Mekia Kealakai was part of the wave of Hawaiian string bands in the early twentieth century, known as the Royal Hawaiian Troubadour generation, that travelled and performed on the world fairs, chautauquas, and vaudeville circuits and raised international awareness and recognition of Hawaiian culture and music. Your Committee further finds that the style of music performed by the Hawaiian string bands heavily influenced what is now considered quintessentially American music, and the innovation in guitar design pioneered by Mekia Kealakai had long-lasting impacts on music icons from Elvis Presley to Bob Marley. This measure celebrates the contributions to the musical arts of the Hawaiian Troubadour Generation through the recognition of October 15, 2021, as Royal Hawaiian Troubadours Day.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 115 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1165 Culture, Arts, & International Affairs on H.C.R. No. 135

The purpose of this measure is to recognize Mekia Kealakai's birthday of October 15 as Royal Hawaiian Troubadours Day.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that Mekia Kealakai was part of the wave of Hawaiian string bands in the early twentieth century, known as the Royal Hawaiian Troubadour generation, that travelled and performed on the world fairs, chautauquas, and vaudeville circuits and raised international awareness and recognition of Hawaiian culture and music. Your Committee further finds that the style of music performed by the Hawaiian string bands heavily influenced what is now considered quintessentially American music, and the innovation in guitar design pioneered by Mekia Kealakai had long-lasting impacts on music icons from Elvis Presley to Bob Marley. This measure celebrates the contributions to the musical arts of the Hawaiian Troubadour Generation through the recognition of October 15, 2021, as Royal Hawaiian Troubadours Day.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 135 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1166 Culture, Arts, & International Affairs on H.R. No. 151

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study to create a statutory definition of creative workers and develop recommendations on how the transient accommodations tax may be used to assist creative workers.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that creative artists in the State have experienced significant economic hardship because of the COVID-19 pandemic's impact on Hawaii's economy, particularly the tourism industry. Your Committee further finds that in a June 2020 report by the Brookings Institute, Hawaii was ranked as one of the top five states with a creative sector that has been affected by COVID-19 with job and revenue losses greater than the national average of 30.3 percent.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 151 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1167 Culture, Arts, & International Affairs on H.C.R. No. 182

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study to create a statutory definition of creative workers and develop recommendations on how the transient accommodations tax may be used to assist creative workers.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawai'i Arts Alliance; Hawaii Youth Opera Chorus; and four individuals. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that creative artists in the State have experienced significant economic hardship because of the COVID-19 pandemic's impact on Hawaii's economy, particularly the tourism industry. Your Committee further finds that in a June 2020 report by the Brookings Institute, Hawaii was ranked as one of the top five states with a creative sector that has been affected by COVID-19 with job and revenue losses greater than the national average of 30.3 percent.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 182 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1168 Culture, Arts, & International Affairs on H.R. No. 152

The purpose of this measure is to request a Creative Resurgence Task Force to be convened to build and foster creativity and innovation through the arts, culture, and humanities.

Your Committee did not receive any testimony on this measure.

Your Committee finds that the COVID-19 pandemic has had a devastating impact on the creative industry. Your Committee further finds that a broad-based effort by the public and private sectors is needed to create strategies to build and foster creativity in the State and develop recommendations for statutory action to support and encourage access to the creative sector and advance and diversify the creative economy.

Your Committee has amended this measure by:

- (1) Including the Director of Business, Economic Development, and Tourism as a member of the task force;
- (2) Removing the Executive Director of The Pōpolo Project and Hawaii Strategy Lab as a member of the task force; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 152, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 152, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1169 Culture, Arts, & International Affairs on H.C.R. No. 183

The purpose of this measure is to request a Creative Resurgence Task Force to be convened to build and foster creativity and innovation through the arts, culture, and humanities.

Your Committee received testimony in support of this measure from the Hawaii Arts Alliance, Hawaii Youth Opera Chorus, and four individuals.

Your Committee finds that the COVID-19 pandemic has had a devastating impact on the creative industry. Your Committee further finds that a broad-based effort by the public and private sectors is needed to create strategies to build and foster creativity in the State and develop recommendations for statutory action to support and encourage access to the creative sector and advance and diversify the creative economy.

Your Committee has amended this measure by:

- (1) Including the Director of Business, Economic Development, and Tourism as a member of the task force;
- (2) Removing the Executive Director of The Pōpolo Project and Hawaii Strategy Lab as a member of the task force; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 183, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 183, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1170 Culture, Arts, & International Affairs on H.C.R. No. 191

The purpose of this measure is to urge the Smithsonian Institution immediately rename the Arthur M. Sackler Gallery.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the Arthur M. Sackler Gallery is one of the Smithsonian Institution's two prestigious museums of Asian art. Your Committee further finds that the Sackler family, through Purdue Pharma, launched a multi-faceted marketing campaign that misinformed physicians about the risks of OxyContin, an opioid developed by Purdue Pharma that is at the heart of the current opioid crisis afflicting the nation. Therefore, your Committee finds that it is inappropriate for a gallery at such a prestigious institution to bear the name of a member of the Sackler family.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 191, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 191, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1171 Culture, Arts, & International Affairs on H.R. No. 158

The purpose of this measure to support and urge the international and domestic repatriation of Native Hawaiian art, cultural items, and iwi kupuna.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that the black market trade of historic and cultural items constitutes one of the most persistent illegal trades in the world. Your Committee further finds that Native Hawaiian art, cultural items, iwi kupuna, and other historic artifacts, including the approximately five thousand items determined to be missing from Iolani Palace, have been subject to illegal theft and transfer out of the State. This measure seeks to address the loss of these important historical and cultural items by urging the international and domestic repatriation of these items.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Judiciary & Hawaiian Affairs consider this measure, your Committee respectfully requests that it consider including an appropriate representative from the European Union as a recipient of a certified copy of this measure.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 158, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 158, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1172 Culture, Arts, & International Affairs on H.C.R. No. 189

The purpose of this measure is to support and urge the international and domestic repatriation of Native Hawaiian art, cultural items, and iwi kupuna.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that the black market trade of historic and cultural items constitutes one of the most persistent illegal trades in the world. Your Committee further finds that Native Hawaiian art, cultural items, iwi kupuna, and other historic artifacts, including the approximately five thousand items determined to be missing from Iolani Palace, have been subject to illegal theft and transfer out of the State. This measure seeks to address the loss of these important historical and cultural items by urging the international and domestic repatriation of these items.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Judiciary & Hawaiian Affairs consider this measure, your Committee respectfully requests that it consider including an appropriate representative from the European Union as a recipient of a certified copy of this measure.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 189, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 189, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1173 Culture, Arts, & International Affairs on H.R. No. 105

The purpose of this measure is to designate the first week of May as Tardive Dyskinesia Awareness Week.

Your Committee did not receive any testimony on this measure.

Your Committee finds that Tardive Dyskinesia is a serious side effect of antipsychotic medications commonly used to treat schizophrenia and other mental health conditions. Your Committee further finds that over the past three years, thirty-three states and the District of Columbia have declared the first week of May as Tardive Dyskinesia Awareness Week and that Hawaii should follow suit in order to raise awareness of this condition and encourage at-risk individuals to seek regular evaluations to recognize early signs of Tardive Dyskinesia.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 105, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 105, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1174 Culture, Arts, & International Affairs on H.R. No. 106

The purpose of this measure is to declare May 17, 2021, as Diffuse Intrinsic Pontine Glioma Awareness Day.

Your Committee did not receive any testimony on this measure.

Your Committee finds that diffuse intrinsic pontine glioma is a highly aggressive and difficult to treat brain tumor that typically affects the pediatric population and is usually diagnosed between the ages of five and nine years of age. These tumors are typically located in an area that does not generally allow for their surgical removal, and patients afflicted with diffuse intrinsic pontine glioma typically do not survive beyond a year after the initial diagnosis. Your Committee further finds that for the past three years, the Governor has declared May 17 as Diffuse Intrinsic Pontine Glioma Awareness Day and that this tradition should continue.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 106, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 106, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1175 Education on H.R. No. 13

The purpose of this measure is to convene an Act 110 Implementation Task Force to address the implementation of Hawaii's state law corollary to Title IX, in light of recent changes to federal Title IX regulations.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Planned Parenthood Votes Northwest and Hawaii, American Association of University Women of Hawaii, Hawaii Women's Coalition, Hawai'i State Democratic Women's Caucus, The Every Voice Coalition, Imua Alliance, and one individual. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that, under the previous United States presidential administration, several changes were proposed to Title IX of the federal Education Amendments of 1972, which prohibits sex-based discrimination in any school that receives federal money. These changes include reducing the number of complaints involving sexual harassment and other forms of sexual misconduct that currently fall within the purview of Title IX and limit the scope of educational institutions' liability for complaints of sexual harassment.

Your Committee further finds that in response to the intended policy changes, the Legislature passed, and the Governor signed into law, Act 110, Session Laws of Hawaii 2018, which established a state law corollary to Title IX that prohibits sex-based discrimination in state-administered or state-funded educational programs or activities, including discrimination based on sexual orientation, gender identity, and gender expression. Your Committee believes that the convening of a task force is needed to examine any conflicts to Hawaii's state law corollary to any recent and future changes to the Title IX regulations to strengthen Hawaii's efforts to end campus-based sexual violence and gender discrimination.

Your Committee has amended this measure by:

- (1) Amending its title to read, "CONVENING A TASK FORCE TO ADDRESS IMPLEMENTATION OF HAWAII'S STATE LAW COROLLARY TO TITLE IX TO STRENGTHEN HAWAII'S EFFORTS TO END CAMPUS-BASED SEXUAL VIOLENCE AND GENDER DISCRIMINATION.";
- (2) Including additional statistics on the prevalence of sexual violence in the United States;
- (3) Including statistics on sexual harassment, stalking, dating violence, and nonconsensual sexual contact in the University of Hawaii System;
- (4) Convening the Act 110 Implementation Task Force to address implementation of Hawaii's state law corollary to Title IX to strengthen Hawaii's efforts to end campus-based sexual violence and gender discrimination;
- (5) Including a representative of the Prevention, Awareness, and Understanding Violence Program of the University of Hawaii System as a member of the Act 110 Implementation Task Force;
- (6) Inviting a representative of the Hawai'i Coalition to End Domestic Violence, Sex Abuse Treatment Center, and Every Voice Coalition to participate in the Act 110 Implementation Task Force;

- (7) Requesting the Act 110 Implementation Task Force to consider certain topics related to sexual violence, gender violence, and protections for transgendered students in Hawaii's public schools in its deliberations;
- (8) Requesting the Act 110 Implementation Task Force to work with student organizations to obtain feedback from survivors of campus based sexual violence in the course of its deliberations; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 13, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 13, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1176 Education on H.C.R. No. 12

The purpose of this measure is to convene an Act 110 Implementation Task Force to address the implementation of Hawaii's state law corollary to Title IX, in light of recent changes to federal Title IX regulations.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Civil Rights Commission, Planned Parenthood Votes Northwest and Hawaii, American Association of University Women of Hawaii, Hawaii Women's Coalition, Hawai'i State Democratic Women's Caucus, The Every Voice Coalition, Imua Alliance, and four individuals. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that, under the previous United States presidential administration, several changes were proposed to Title IX of the federal Education Amendments of 1972, which prohibits sex-based discrimination in any school that receives federal money. These changes include reducing the number of complaints involving sexual harassment and other forms of sexual misconduct that currently fall within the purview of Title IX and limit the scope of educational institutions' liability for complaints of sexual harassment.

Your Committee further finds that in response to the intended policy changes, the Legislature passed, and the Governor signed into law, Act 110, Session Laws of Hawaii 2018, which established a state law corollary to Title IX that prohibits sex-based discrimination in state-administered or state-funded educational programs or activities, including discrimination based on sexual orientation, gender identity, and gender expression. Your Committee believes that the convening of a task force is needed to examine any conflicts to Hawaii's state law corollary to any recent and future changes to the Title IX regulations to strengthen Hawaii's efforts to end campus-based sexual violence and gender discrimination.

Your Committee has amended this measure by:

- (1) Amending its title to read, "CONVENING A TASK FORCE TO ADDRESS IMPLEMENTATION OF HAWAII'S STATE LAW COROLLARY TO TITLE IX TO STRENGTHEN HAWAII'S EFFORTS TO END CAMPUS-BASED SEXUAL VIOLENCE AND GENDER DISCRIMINATION.";
- (2) Including additional statistics on the prevalence of sexual violence in the United States;

- (8) Requesting the Act 110 Implementation Task Force to work with student organizations to obtain feedback from survivors of campus-based sexual violence in the course of its deliberations; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 12, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 12, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1177 Education on H.R. No. 44

The purpose of this measure is to urge the Department of Education to request a federal waiver from standardized testing requirements for the 2020-2021 school year.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association and four individuals.

Your Committee finds that the virus known as SARS-CoV-2 causes a disease named coronavirus disease 2019 (COVID-19), which spread globally and was declared a pandemic by the World Health Organization on March 11, 2020. Your Committee further finds that the COVID-19 outbreak disrupted the public school system, leading to statewide school closures and the widespread adoption of remote learning programs by teachers, parents, and students. Your Committee believes that evaluating students based on standardized tests in light of widespread learning delays would provide an inaccurate measure of each student's academic ability. Implementation of standardized tests would also deplete school resources and funding that would be better devoted to maintaining school staffing levels, providing personal protective equipment, and delivering essential learning programs.

Your Committee notes that, as introduced, this measure may not likely pass in time for it to have an effect on the attainment of a waiver from standardized testing requirements for the 2020-2021 school year. Therefore, your Committee believes that calling on the Department of Education to reduce standardized testing in public schools, increase the use of authentic assessments that align with real-world problem-solving, and employ project-based learning would be more appropriate.

Accordingly, your Committee has amended this measure by:

- (1) Amending its title to read, "URGING THE BOARD OF EDUCATION AND DEPARTMENT OF EDUCATION TO REDUCE THE USE OF STANDARDIZED TESTING IN HAWAII'S PUBLIC EDUCATION SYSTEM."; and
- (2) Deleting its contents and inserting language that:
 - (A) Urges the Board of Education and Department of Education to reduce standardized testing in the public education system;
 - (B) Urges the Board of Education and Department of Education replace standardized testing with authentic assessments that promote critical thinking and align classroom instruction with real-world problem-solving, including assessments based on project-based learning;
 - (C) Requests the Department of Education to submit a report to the Legislature on its efforts to reduce standardized testing in public schools prior to the Regular Session of 2022; and
 - (D) Provides background information and statistics on the recent history and current status of education in Hawaii and the United States of America.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 44, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 44, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Ohno).

SCRep. 1178 Education on H.C.R. No. 55

The purpose of this measure is to urge the Department of Education to request a federal waiver from standardized testing requirements for the 2020-2021 school year.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association and five individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the virus known as SARS-CoV-2 causes a disease named coronavirus disease 2019 (COVID-19), which spread globally and was declared a pandemic by the World Health Organization on March 11, 2020. Your Committee further finds that the COVID-19 outbreak disrupted the public school system, leading to statewide school closures and the widespread adoption of remote learning programs by teachers, parents, and students. Your Committee believes that evaluating students based on standardized tests in light of widespread learning delays would provide an inaccurate measure of each student's academic ability. Implementation of standardized tests would also deplete school resources and funding that would be better devoted to maintaining school staffing levels, providing personal protective equipment, and delivering essential learning programs.

Your Committee notes that, as introduced, this measure may not likely pass in time for it to have an effect on the attainment of a waiver from standardized testing requirements for the 2020-2021 school year. Therefore, your Committee believes that calling on the Department of Education to reduce standardized testing in public schools, increase the use of authentic assessments that align with real-world problem-solving, and employ project-based learning would be more appropriate.

Accordingly, your Committee has amended this measure by:

- (1) Amending its title to read, "URGING THE BOARD OF EDUCATION AND DEPARTMENT OF EDUCATION TO REDUCE THE USE OF STANDARDIZED TESTING IN HAWAII'S PUBLIC EDUCATION SYSTEM."; and
- (2) Deleting its contents and inserting language that:
 - (A) Urges the Board of Education and Department of Education to reduce standardized testing in the public education system;
 - (B) Urges the Board of Education and Department of Education replace standardized testing with authentic assessments that promote critical thinking and align classroom instruction with real-world problem-solving, including assessments based on project-based learning;
 - (C) Requests the Department of Education to submit a report to the Legislature on its efforts to reduce standardized testing in public schools prior to the Regular Session of 2022; and

No. 55, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 55, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Ohno).

SCRep. 1179 Education on H.R. No. 129

The purpose of this measure is to urge the Board of Education to consider Hawaii residents as part of the qualified candidate pool to serve as Superintendent of Education of Hawaii's public school system.

Your Committee did not receive any testimony on this measure.

Your Committee finds that, as the chief executive officer of Hawaii's public school system, the Superintendent of Education's responsibilities are vast, including serving as an instructional leader and administering programs of education and public instruction throughout the State. Your Committee further finds that with the current Superintendent of Education's term ending July 30, 2021, the appointment of a new Superintendent of Education to head the Department of Education is time-critical, especially given the educational, health, fiscal, and other impacts of the coronavirus on the education of students. Your Committee believes that Hawaii residents are integral to creating a pool of qualified applicants and candidates who possess the requisite organizational and leadership skills and vision to lead the Department of Education and promote and sustain instructional programs conducive to student learning and achievement and staff professional growth.

Your Committee has amended this measure by:

- (1) Amending its title to read, "URGING THE BOARD OF EDUCATION TO CONSIDER HAWAII RESIDENTS WITH EXPERIENCE SERVING IN THE POSITION OF TEACHER OR HIGHER IN HAWAII'S PUBLIC SCHOOL SYSTEM AS PART OF THE QUALIFIED CANDIDATE POOL TO SERVE AS SUPERINTENDENT OF EDUCATION OF HAWAII'S PUBLIC SCHOOL SYSTEM.";

- (2) Amending its purpose to urge the Board of Education to consider Hawaii residents with experience serving in the position of teacher or higher in Hawaii's public school system as part of the qualified candidate pool to serve as Superintendent of Education of Hawaii's public school system; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 129, as amended herein, and recommends that it be referred to your Committee on Labor & Tourism in the form attached hereto as H.R. No. 129, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Gates, Yamane).

SCRep. 1180 Education on H.C.R. No. 153

The purpose of this measure is to urge the Board of Education to consider Hawaii residents as part of the qualified candidate pool to serve as Superintendent of Education of Hawaii's public school system.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that, as the chief executive officer of Hawaii's public school system, the Superintendent of Education's responsibilities are vast, including serving as an instructional leader and administering programs of education and public instruction throughout the State. Your Committee further finds that with the current Superintendent of Education's term ending July 30, 2021, the appointment of a new Superintendent of Education to head the Department of Education is time-critical, especially given the educational, health, fiscal, and other impacts of the coronavirus on the education of students. Your Committee believes that Hawaii residents are integral to creating a pool of qualified applicants and candidates who possess the requisite organizational and leadership skills and vision to lead the Department of Education and promote and sustain instructional programs conducive to student learning and achievement and staff professional growth.

Your Committee has amended this measure by:

- (1) Amending its title to read, "URGING THE BOARD OF EDUCATION TO CONSIDER HAWAII RESIDENTS WITH EXPERIENCE SERVING IN THE POSITION OF TEACHER OR HIGHER IN HAWAII'S PUBLIC SCHOOL SYSTEM AS PART OF THE QUALIFIED CANDIDATE POOL TO SERVE AS SUPERINTENDENT OF EDUCATION OF HAWAII'S PUBLIC SCHOOL SYSTEM.";
- (2) Amending its purpose to urge the Board of Education to consider Hawaii residents with experience serving in the position of teacher or higher in Hawaii's public school system as part of the qualified candidate pool to serve as Superintendent of Education of Hawaii's public school system; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 153, as amended herein, and recommends that it be referred to your Committee on Labor & Tourism in the form attached hereto as H.C.R. No. 153, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Gates, Yamane).

SCRep. 1181 Education on H.R. No. 43

The purpose of this measure is to urge the Department of Education to increase access to arts and cultural instruction in public schools.

Your Committee did not receive any testimony on this measure.

Your Committee finds that providing a well-rounded education to all public school students advances the economic and social health of the State.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 43 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1182 Education on H.C.R. No. 54

The purpose of this measure is to urge the Department of Education to increase access to arts and cultural instruction in public schools.

Your Committee received testimony in support of the intent of this measure from the Department of Education.

Your Committee finds that providing a well-rounded education to all public school students advances the economic and social health of the State.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 54 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

SCRep. 1183 Education on H.R. No. 132

The purpose of this measure is to encourage the Department of Education, complex areas, and charter schools to implement school-wide restorative justice initiative practices in Hawaii's public and charter schools.

Your Committee received testimony in support of this measure from We Are One, Inc.; Hawai'i Friends of Restorative Justice; and twelve individuals.

Your Committee finds that restorative justice is a values-based approach to community building, problem solving, and conflict resolution that builds and restores relationships, creates opportunities for dialogue, repairs harm, transforms conflict, and creates equitable learning environments in schools. Studies have shown that restorative justice practices can lead to reductions in problem behavior, improvements in school climate, and increases in student achievement, attendance, and graduation rates. Your Committee believes that implementing restorative justice practices in state schools will create positive learning environments for students.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 132 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 1 (Okimoto). Excused, 2 (Gates, Yamane).

SCRep. 1184 Education on H.C.R. No. 156

The purpose of this measure is to encourage the Department of Education, complex areas, and charter schools to implement school-wide restorative justice initiative practices in Hawaii's public and charter schools.

Your Committee received testimony in support of this measure from We Are One, Inc., and numerous individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education.

Your Committee finds that restorative justice is a values-based approach to community building, problem solving, and conflict resolution that builds and restores relationships, creates opportunities for dialogue, repairs harm, transforms conflict, and creates equitable learning environments in schools. Studies have shown that restorative justice practices can lead to reductions in problem behavior, improvements in school climate, and increases in student achievement, attendance, and graduation rates. Your Committee believes that implementing restorative justice practices in state schools will create positive learning environments for students.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 156 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 1 (Okimoto). Excused, 2 (Gates, Yamane).

SCRep. 1185 Education on H.C.R. No. 170

The purpose of this measure is to request the Department of Education to ensure that the Department's annual budget request to the Legislature include adequate funding for Hawaiian education.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network and seven individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that Hawaiian literacy and education have been critical to preserving and maintaining Hawaiian culture despite colonization, depopulation, and past epidemics. Your Committee further finds that the economic and education setbacks caused in Hawaii by the coronavirus disease 2019 (COVID-19) pandemic provide an opportunity for the State to rethink its systems of learning. Your Committee believes the budget shortfalls caused by COVID-19 make it especially critical to protect and ensure adequate funding to maintain and expand Hawaiian education.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 170 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 2 (Gates, Yamane).

SCRep. 1186 Education on H.R. No. 147

The purpose of this measure is to request the Department of Education to provide free menstrual products to students on all Hawaii public school campuses.

Your Committee received testimony in support of this measure from Hawaii State Teachers Association, Hawaii Women's Coalition, Planned Parenthood Votes Northwest and Hawaii, Ma'i Movement, Hawaii Women's Coalition, and seventeen individuals.

Your Committee finds that according to the nationwide survey conducted by Always of Proctor and Gamble, since the pandemic, one out of three parents are worried about their ongoing ability to afford menstrual products. Your Committee further finds that a 2016 New York City pilot program found that access to free menstrual products in public schools increased attendance by 2.4 percent, leading to a package of legislation providing free access to menstrual products for New York City's students. This measure requests the Department of Education to do the same in Hawaii's public schools.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 147 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10; Ayes with Reservations (DeCoite, Okimoto). Noes, none. Excused, 2 (Gates, Yamane).

SCRep. 1187 Education on H.C.R. No. 178

The purpose of this measure is to request the Department of Education to provide free menstrual products to students on all Hawaii public school campuses.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, Gender Sexuality Alliance of 'Ilima Intermediate School, Planned Parenthood Votes Northwest and Hawaii, Hawaii State Teachers Association, Going Home Hawaii, Ma'i Movement Hawai'i, AF3IRM Hawaii, I Support The Girls Hawaii, HawaiiKidsCAN, Hawai'i Health & Harm Reduction Center, Breastfeeding Hawaii, HI Student Care Resources, Hawai'i Section of the American College of Obstetricians and Gynecologists, Hawaii Children's Action Network Speaks!, and numerous individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that according to the nationwide survey conducted by Always of Proctor and Gamble, since the pandemic, one out of three parents are worried about their ongoing ability to afford menstrual products. Your Committee further finds that a 2016 New York City pilot program found that access to free menstrual products in public schools increased attendance by 2.4 percent, leading to a package of legislation providing free access to menstrual products for New York City's students. This measure requests the Department of Education to do the same in Hawaii's public schools.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 178 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10; Ayes with Reservations (DeCoite, Okimoto). Noes, none. Excused, 2 (Gates, Yamane).

SCRep. 1188 Pandemic & Disaster Preparedness on H.R. No. 76

The purpose of this measure is to request the Hawaii Emergency Management Agency to convene a Resiliency Health Disaster Task Force to develop a coordinated statewide resiliency health disaster plan.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Human Services and Hawaii Emergency Management Agency.

Your Committee finds that Hawaii is vulnerable to a wide range of economic, social, and environmental hazards that threaten the health, safety, and well-being of its people. Your Committee further finds that many of these challenges disproportionately impact low-income communities and small businesses, who are often not prepared for such events. This measure provides for the development of a coordinated statewide resiliency health disaster plan to help ensure that local residents and businesses are prepared for the impact of future health-related disasters.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 76 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (McKelvey, Woodson, Yamashita).

SCRep. 1189 Pandemic & Disaster Preparedness on H.C.R. No. 91

The purpose of this measure is to request the Hawaii Emergency Management Agency to convene a Resiliency Health Disaster Task Force to develop a coordinated statewide resiliency health disaster plan.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Human Services and Hawaii Emergency Management Agency.

Your Committee finds that Hawaii is vulnerable to a wide range of economic, social, and environmental hazards that threaten the health, safety, and well-being of its people. Your Committee further finds that many of these challenges disproportionately impact low-income communities and small businesses, who are often not prepared for such events. This measure provides for the development of a coordinated statewide resiliency health disaster plan to help ensure that local residents and businesses are prepared for the impact of future health-related disasters.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 91 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (McKelvey, Woodson, Yamashita).

SCRep. 1190 Pandemic & Disaster Preparedness on H.R. No. 97

The purpose of this measure is to request the Governor to convene a working group to develop recommendations for effective communications with limited English proficient persons and persons with disabilities.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawai'i Friends of Civil Rights, Medical-Legal Partnership for Children in Hawai'i, Hawai'i Coalition for Immigrant Rights, Catholic Charities Hawai'i, and one individual. Your Committee received comments on this measure from the State Council on Developmental Disabilities and Office of Language Access.

Your Committee finds that approximately one in four people in the State speak another language other than English at home; and one in nine people in the State are classified as limited English proficient persons. Language access is a civil right derived from Title VI of the Civil Rights Act of 1964 and failure to ensure meaningful access to services for limited English proficient persons is a form of discrimination. Your Committee notes that the State has been repeatedly cited for its failure to provide language accessible services and that during the pandemic, Hawaii's limited English proficient community expressed concern regarding a lack of access to essential state services in a language other than English. Your Committee believes that convening a working group of stakeholders is a step in the right direction to achieving solutions to ensure meaningful access for limited English and disabled individuals.

Your Committee has amended this measure by:

- (1) Deleting language that would have requested the working group to identify necessary resources and costs;
- (2) Inserting language that requests the working group to:
 - (A) Assess the current status of communication access for persons with a disability and limited English proficient persons during natural disasters and emergencies;
 - (B) Assess the current communication needs and challenges across government entities during natural disasters and emergencies;
 - (C) Identify information technology resources and other resources and costs; and
 - (D) Identify and propose legislative solutions and submit recommendations to the Legislature; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 97, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 97, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (McKelvey, Woodson, Yamashita).

SCRep. 1191 Pandemic & Disaster Preparedness on H.C.R. No. 121

The purpose of this measure is to request the Governor to convene a working group to develop recommendations for effective communications with limited English proficient persons and persons with disabilities.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawai'i Friends of Civil Rights, Medical-Legal Partnership for Children in Hawai'i, Hawai'i Coalition for Immigrant Rights, Catholic Charities Hawai'i, and three individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, State Council on Developmental Disabilities, and Office of Language Access.

Your Committee finds that approximately one in four people in the State speak another language other than English at home; and one in nine people in the State are classified as limited English proficient persons. Language access is a civil right derived from Title VI of the Civil Rights Act of 1964 and failure to ensure meaningful access to services for limited English proficient persons is a form of discrimination. Your Committee notes that the State has been repeatedly cited for its failure to provide language accessible services and that during the pandemic, Hawaii's limited English proficient community expressed concern

regarding a lack of access to essential state services in a language other than English. Your Committee believes that convening a working group of stakeholders is a step in the right direction to achieving solutions to ensure meaningful access for limited English and disabled individuals.

Your Committee has amended this measure by:

- (1) Deleting language that would have requested the working group to identify necessary resources and costs;
- (2) Inserting language that requests the working group to:
 - (A) Assess the current status of communication access for persons with a disability and limited English proficient persons during natural disasters and emergencies;
 - (B) Assess the current communication needs and challenges across government entities during natural disasters and emergencies;
 - (C) Identify information technology resources and other resources and costs; and
 - (D) Identify and propose legislative solutions and submit recommendations to the Legislature; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 121, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 121, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (McKelvey, Woodson, Yamashita).

SCRep. 1192 Pandemic & Disaster Preparedness on H.R. No. 60

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study on business liability protections related to COVID-19 related claims.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii, Retail Merchants of Hawaii, and Maui Chamber of Commerce.

Your Committee finds that the COVID-19 pandemic had a significant impact on the State's public health and economy. To address the COVID-19 pandemic, governments around the world have issued emergency proclamations and orders and placed restrictions on businesses to mitigate the spread of COVID-19. Your Committee further finds that there is currently a national debate over the need for business liability protection from COVID-19 related lawsuits. Your Committee believes that the current COVID-19 legal landscape and options related to liability protections for businesses remain unclear and a study should be done to help the State make an informed decision regarding this matter.

Your Committee notes the testimony from the Legislative Reference Bureau regarding their concern that the scope of the study may be outside of their expertise as they do not have expertise relating to business liability protections. Your Committee further notes that although the Legislative Reference Bureau expressed concerns about the lack of specificity regarding the types of business this study would cover, your Committee believes that narrowing the scope of the study and leaving the interpretation of the types of businesses covered under the study broad will allow for a more focused study, while still covering important businesses.

Your Committee has amended this measure accordingly by:

- (1) Narrowing the scope of the study; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 60, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 60, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (McKelvey, Woodson, Yamashita).

SCRep. 1193 Pandemic & Disaster Preparedness on H.C.R. No. 71

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study on business liability protections related to COVID-19 related claims.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii, Retail Merchants of Hawaii, and Maui Chamber of Commerce. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that the COVID-19 pandemic had a significant impact on the State's public health and economy. To address the COVID-19 pandemic, governments around the world have issued emergency proclamations and orders and placed restrictions on businesses to mitigate the spread of COVID-19. Your Committee further finds that there is currently a national debate over the need for business liability protection from COVID-19 related lawsuits. Your Committee believes that the current COVID-19 legal landscape and options related to liability protections for businesses remain unclear and a study should be done to help the State make an informed decision regarding this matter.

Your Committee notes the testimony from the Legislative Reference Bureau regarding their concern that the scope of the study may be outside of their expertise as they do not have expertise relating to business liability protections. Your Committee further notes that although the Legislative Reference Bureau expressed concerns about the lack of specificity regarding the types of business this study would cover, your Committee believes that narrowing the scope of the study and leaving the interpretation of the types of businesses covered under the study broad will allow for a more focused study, while still covering important businesses.

Your Committee has amended this measure accordingly by:

- (1) Narrowing the scope of the study; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 71, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 71, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 3 (McKelvey, Woodson, Yamashita).

SCRep. 1194 Pandemic & Disaster Preparedness on H.C.R. No. 3

The purpose of this measure is to recognize the importance of 21st century data governance for fact-based policymaking.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii Appleseed Center for Law & Economic Justice, Hawai'i Friends of Civil Rights, Hawaii Children's Action Network Speaks!, Medical-Legal Partnership, Hawai'i Coalition for Immigrant Rights, Hawai'i Public Health Institute, The Queen's Health System, and seven individuals.

Your Committee finds that the impacts of the coronavirus disease 2019 (COVID-19) pandemic has impacted the State in various ways, such as the community's health, employment, and housing security. Efforts to better understand and address the significant impacts of the pandemic on Native Hawaiians and Pacific Islanders have been stymied by insufficient and inconsistent demographic data collection, processing, retention, and sharing by and between critical government entities. This measure is an important step toward ensuring that policymaking for COVID-19 recovery efforts are based upon community-specific data that is timely, clear, and consistent.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 3, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 3, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 3 (McKelvey, Woodson, Yamashita).

SCRep. 1195 Pandemic & Disaster Preparedness on H.C.R. No. 130

The purpose of this measure is to request the Director of Taxation to waive penalties and interest sought from small businesses and individual taxpayers as a result of undue hardship related to the coronavirus disease 2019 (COVID-19) pandemic.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii, ILWU Local 142, and Retail Merchants of Hawaii. Your Committee received comments on this measure from the Department of Taxation.

Your Committee finds that tens of thousands of small businesses and many individual taxpayers have failed to remit their general excise tax in a timely manner or failed to set aside money to pay their income taxes during the economic and financial irregularities experienced during the COVID-19 pandemic. Your Committee further finds that the Director of Taxation has the discretionary authority to approve compromise offers requested by taxpayers who owe \$50,000 or less in taxes.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 130 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 3 (McKelvey, Woodson, Yamashita).

SCRep. 1196 Pandemic & Disaster Preparedness on H.R. No. 72

The purpose of this measure is to request the Hawaii Community Foundation to convene a working group to develop a public-private partnership model to prepare for Hawaii's post-pandemic recovery.

Your Committee received comments on this measure from the Hawaii Community Foundation.

Your Committee finds that the COVID-19 pandemic has impacted Hawaii's communities and economy in unprecedented ways and the response required public, private, and non-profit organizations to work together to provide necessary assistance to address the complexity and wide range of responses needed across the State. Your Committee further finds that multi-sector approaches during the pandemic led to significant and lasting results. This measure commits to collaborative and long-term engagement of multiple sectors of the community to develop strategies and macro-level models that the public and private sectors can embrace.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 72 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 3 (McKelvey, Woodson, Yamashita).

SCRep. 1197 Pandemic & Disaster Preparedness on H.C.R. No. 84

The purpose of this measure is to request the Hawaii Community Foundation to convene a working group to develop a public-private partnership model to prepare for Hawaii's post-pandemic recovery.

Your Committee received comments on this measure from the Legislative Reference Bureau and Hawaii Community Foundation.

Your Committee finds that the COVID-19 pandemic has impacted Hawaii's communities and economy in unprecedented ways and the response required public, private, and non-profit organizations to work together to provide necessary assistance to address the complexity and wide range of responses needed across the State. Your Committee further finds that multi-sector approaches during the pandemic led to significant and lasting results. This measure commits to collaborative and long-term engagement of multiple sectors of the community to develop strategies and macro-level models that the public and private sectors can embrace.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 84 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 3 (McKelvey, Woodson, Yamashita).

SCRep. 1198 Labor & Tourism on S.B. No. 1069

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and

other cost adjustments, for the members of collective bargaining unit (1) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; United Public Workers, AFSCME Local 646, AFL-CIO; University of Hawai'i System; and Hawaii Health Systems Corporation.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1069, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1199 Labor & Tourism on S.B. No. 1070

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (2) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawaii Health Systems Corporation.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1070, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1070, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1200 Labor & Tourism on S.B. No. 1071

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (3) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawaii Health Systems Corporation.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1071, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1201 Labor & Tourism on S.B. No. 1072

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (4) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawaii Health Systems Corporation.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1072, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1202 Labor & Tourism on S.B. No. 1073

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (5) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii State Teachers Association.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1073, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1203 Labor & Tourism on S.B. No. 1074

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (6) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1074, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1204 Labor & Tourism on S.B. No. 1075

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (7) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, University of Hawai'i System, and University

of Hawaii Professional Assembly.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1075, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1205 Labor & Tourism on S.B. No. 1076

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (8) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1076, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1206 Labor & Tourism on S.B. No. 1077

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (9) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawaii Health Systems Corporation.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1077, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1207 Labor & Tourism on S.B. No. 1078

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (10) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; United Public Workers, AFSCME Local 646, AFL-CIO; University of Hawai'i System; and Hawaii Health Systems Corporation.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1078, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1208 Labor & Tourism on S.B. No. 1079

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (11) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Fire Fighters Association.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1079, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1209 Labor & Tourism on S.B. No. 1080

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (13) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawaii Health Systems Corporation.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1080, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1210 Labor & Tourism on S.B. No. 1081

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (14) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1081, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1211 Labor & Tourism on S.B. No. 793

The purpose of this measure is to repeal the provision allowing for employment at wages below the minimum wage for individuals with disabilities.

Your Committee received testimony in support of this measure from the Department of Health, Disability and Communication Access Board, State Council on Developmental Disabilities, Hawaii Disability Rights Center, PHOCUSED, International Longshore & Warehouse Union Local 142, National Federation of the Blind, Hawaii State Teachers Association, Imua Alliance, Democratic Party of Hawai'i Education Caucus, Young Democrats of Hawai'i, 503(c) Partners, Democratic Party of Hawaii Labor Caucus, Rainbow Family 808, and numerous individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and one individual.

Your Committee finds that the law allowing for workers with disabilities to be paid subminimum wages was enacted as part of the Fair Labor Standards Act in 1938 and was intended to serve as a stepping stone to full gainful employment. Your Committee further finds that subminimum wage as an employment tool is archaic and contrary to the equal worth and dignity of individuals with disabilities. Your Committee also finds that the minimum ratio of three disabled employees to one nondisabled employee proposed by this measure may have the unintended effect of creating a barrier to the entry into employment of individuals with disabilities.

Accordingly, your Committee has amended this measure by:

- (1) Changing the minimum ratio to one disabled employee for every three nondisabled employees for purposes of defining a qualified community rehabilitation program;
- (2) Uniformly referring to individuals with disabilities, rather than persons with disabilities throughout the measure;
- (3) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 793, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 793, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1212 Agriculture on S.B. No. 338

The purpose of this measure is to enhance the State's food security by:

- (1) Requiring the Department of Agriculture to establish a five-year food hub pilot program to increase access to local food by awarding grant funding to qualified applicants seeking to establish or expand a food hub;
- (2) Requiring the Department of Agriculture to submit to the Legislature interim reports and a final report on the pilot program;
- (3) Appropriating funds for the establishment of the food hub pilot program; and
- (4) Authorizing the issuance of general obligation bonds and appropriating funds to finance critical infrastructure upgrades for the Honalo Marshalling Yard.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Health; University of Hawai'i System; Office of Planning; Office of the Mayor of the County of Maui; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Hawai'i Farm Bureau; Land Use Research Foundation of Hawaii; Artfarm808; Apollo Kauai; Zero Waste Kauai; Kauai Women's Caucus; Ulupono Initiative; Hawaii Primary Care Association; Americans for Democratic Action; Environmental Caucus of the Democratic Party of Hawai'i; Hawai'i Alliance for Progressive Action; Climate Protectors Hawaii; PlanIt; Our Revolution Hawaii; Ka Ohana O Na Pua; UH West Oahu Food+Policy Internship; Kāpili Like; Kāpili Like Hawai'i; Kaua'i Food Hub; Save Oahu Farmlands Alliance; Foresight/Policy Analysis; and numerous individuals. Your Committee received comments on this measure from the Maui Chamber of Commerce.

Your Committee finds that food hubs are centrally located facilities with a business management structure that facilitates the aggregation, storage, processing, distribution, and marketing of locally grown produce and are an integral piece of agricultural infrastructure necessary to sustain state and community efforts to double local food production.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 338, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1213 Agriculture on S.B. No. 345

The purpose of this measure is to prohibit a manufacturer from importing for profit, selling, or offering for sale in Hawaii any cosmetic for which the manufacturer knew or reasonably should have known that an animal test was conducted or contracted, by or on behalf of the manufacturer or any supplier of the manufacturer, on or after January 1, 2022.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society, Down to Earth Organic and Natural, Cruelty Free International, The Humane Society of the United States, Ao Organics Hawai'i, O'o Hawaii, Pure Mana Hawaii, and four individuals. Your Committee received comments on this measure from the Department of Health, Office of Information Practices, and Retail Merchants of Hawaii.

Your Committee finds that modern cosmetic safety testing standards and practices no longer require the use of animals. These new testing methods are also more reliable, efficient, and effective. Your Committee further finds that this measure strikes a balance between a complete ban and limited exceptions to the animal testing prohibition, which exceptions recognize the realities of chemical testing commonly done around the globe.

Your Committee has amended this measure by:

- (1) Transferring the statutory placement of its substantive contents from chapter 328, Hawaii Revised Statutes, to chapter 321, Hawaii Revised Statutes;
- (2) Prohibiting animal testing for cosmetics that was conducted in a cruel manner, as identified in section 711-1108.5(1)(a), Hawaii Revised Statutes, relating to cruelty to animals in the first degree; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 345, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 345, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1214 Agriculture on S.B. No. 489

The purpose of this measure is to increase the maximum area for each agricultural shade cloth structure, cold frame, and greenhouse that could qualify the structure for an exemption from building permit and building code requirements.

Your Committee received testimony in support of this measure from the Department of Agriculture; University of Hawai'i System; Office of Planning; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Ulupono Initiative; Big Island Produce; and two individuals. Your Committee received comments on this measure from Aloun Farms.

Your Committee finds that increasing the maximum square footage per agricultural shade cloth structure, cold frame, and greenhouse that qualifies for exemption from building permit and building code requirements provides more flexibility in the types of structures that may be easily used for agricultural purposes, thereby supporting agricultural production in Hawaii.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 489 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1215 Agriculture on S.B. No. 1026

The purpose of this measure is to require revenue generated from diagnostic, surveillance, and other work performed by the State Veterinary Laboratory and Animal Disease Control Branch to be deposited into the Animal Industry Special Fund.

Your Committee received testimony in support of this measure from the Department of Agriculture and one individual.

Your Committee finds that adding sources of revenue, specifically fees for work performed by the State Veterinary Laboratory and Animal Disease Control Branch, will support the work of the State Veterinary Laboratory in providing testing services, disease surveillance, and laboratory services to practicing veterinarians and the State's livestock and aquaculture industries.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1026, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1216 Agriculture on S.B. No. 186

The purpose of this measure is to prohibit the enforcement of a re-recorded homeowners' association restriction if the restriction prohibits bona fide agricultural uses and activities on agricultural lands.

Your Committee received testimony in support of this measure from the Office of Planning, Hawaii Farm Bureau, and Wootens Produce of Kauai. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that it is in the public interest to prohibit restrictive covenants that limit bona fide agricultural uses and activities on agricultural lands, including actions that attempt to circumvent these prohibited covenants.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 186, H.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1217 Agriculture on S.B. No. 1297

The purpose of this measure is to extend the authorization to issue special purpose revenue bonds to assist MauiGrown Coffee, Inc., with the operation and expansion of its farm and mill.

Your Committee received testimony in support of this measure from the Department of Agriculture; Maui Chamber of Commerce; and MauiGrown Coffee, Inc. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that agriculture and the manufacturing of value-added products contribute to the economic diversification of Hawaii. This measure supports the continued growth of the coffee industry on Maui.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1297, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1218 Higher Education & Technology on S.B. No. 1307

The purpose of this measure is to establish an Information Technology Modernization Program Management Office within the Office of Enterprise Technology Services to provide guidance and support to major public information technology projects of state departments and agencies and the University of Hawaii System.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and Office of Enterprise Technology Services.

Your Committee finds that establishing an Information Technology Modernization Program Management Office will provide state departments and agencies with a central resource and guide for each major information technology project, offer best practices, and potentially help resource their modernization efforts. This measure supports ongoing efforts to enable the State to improve its technology capabilities and modernize its delivery of services and programs.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the funding for the establishment of the Information Technology Modernization Program Management Office is intended to come from a special fund that is available to the Office of Enterprise Technology Services.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1307, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1307, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Gates, Quinlan).

SCRep. 1219 Higher Education & Technology on S.B. No. 1222

The purpose of this measure is to:

- (1) Expand the scope of programs the Conference Center Revolving Fund may support to include conference center programs conducted by the University of Hawaii at Hilo;
- (2) Authorize the Chancellor of the University of Hawaii at Hilo or the Chancellor's designee, instead of the Dean of the College of Continuing Education and Community Service, to expend monies from the Conference Center Revolving Fund; and
- (3) Require the Chancellor of the University of Hawaii at Hilo to submit an annual report to the Legislature that accounts for all income and expenditures of the Conference Center Revolving Fund.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

Your Committee finds that under existing law, the Conference Center Revolving Fund is specifically designated to the College of Continuing Education and Community Service at the University of Hawaii at Hilo. However, the College of Continuing Education and Community Service no longer exists. As such, the University of Hawaii at Hilo has been unable to expend monies in the Conference Center Revolving Fund. This measure will enable the University of Hawaii at Hilo to once again expend monies in the Conference Center Revolving Fund.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1222, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1222, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Gates, Quinlan).

SCRep. 1220 Higher Education & Technology on S.B. No. 1225

The purpose of this measure is to:

- (1) Require the Chair of the Independent Audit Committee of the University of Hawaii Board of Regents to be selected in a manner consistent with the Board of Regents' Bylaws;
- (2) Limit the Board of Regents' flexibility to appoint members to the Independent Audit Committee when no member of the Board of Regents has financial expertise;
- (3) Exempt the Independent Audit Committee from public proceedings and records laws and open meetings laws during its discussions with auditors on matters that should remain confidential, and, at the Independent Audit Committee Chair's discretion, allow the discussions to be held in the absence of the University of Hawaii President or University of Hawaii Chief Financial Officer; and
- (4) Clarify the Independent Auditor's role with regard to enterprise risk management.

Your Committee received testimony in support of this measure from the Office of the Board of Regents.

Your Committee finds that the Independent Audit Committee is an advisory body that is established by the University of Hawaii Board of Regents' Bylaws and statutorily established in section 304A-321, Hawaii Revised Statutes. Your Committee finds that the existing statute may inadvertently create a situation in which the Independent Audit Committee does not have a chair, such as when the committee chair's term on the Board of Regents ends on June 30 and committee membership is pending election of a Board of Regents' chair. This measure makes the appointment of the Independent Audit Committee Chair consistent with the Board of Regents' Bylaws and makes other clarifying amendments.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1225, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1225, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Gates, Quinlan).

SCRep. 1221 Water & Land on S.B. No. 772

The purpose of this measure is to:

- (1) Authorize the issuance of special number motor vehicle license plates that commemorate the importance of forest and ocean conservation, and use proceeds to fund conservation efforts for the State's beaches, nearshore environments, and forests; and

- (2) Increase initial application and renewal fees for special number plates.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Reef and Ocean Coalition, Surfrider Foundation Hawai'i Region, and two individuals.

Your Committee finds that Hawaii's forests, beaches, and waters are vital to the health and well-being of our residents. Your Committee further finds that the management of these resources needs additional funding and that providing dedicated funding sources for forest and ocean conservation will help to ensure that Hawaii's forests, beaches, and nearshore waters are adequately managed and maintained.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 772, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 772, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1222 Energy & Environmental Protection/Water & Land on S.B. No. 367

The purpose of this measure is to waive the requirement for section 401 water quality certification for certain small-scale beach restoration projects authorized by the Department of Land and Natural Resources.

Your Committees received testimony in support of this measure from the Department of Health, Department of Land and Natural Resources, Mayor of the County of Maui, Waikiki Beach Special Improvement District Association, and Hawaii Shore and Beach Preservation Association. Your Committees received comments on this measure from one individual.

Your Committees find that it is critical for the State to promote adaptive ecosystem-based management approaches, such as beach restoration and maintenance projects, to mitigate chronic beach erosion. This measure allows for better cooperation among various governmental, private, and community stakeholders and reduces costs and administrative barriers in addressing coastal erosion and restoring critical beach resources.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 367, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 367, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

Water & Land: Ayes, 8. Noes, none. Excused, none.

SCRep. 1223 Energy & Environmental Protection on S.B. No. 347

The purpose of this measure is to prohibit the intentional release of balloons inflated with a gas that is lighter than air.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Reef and Ocean Coalition, Beach Environmental Awareness Campaign Hawai'i, The Humane Society of the United States, Pacific Whale Foundation, Hawai'i Wildlife Fund, seven individuals, and a petition signed by numerous individuals.

Your Committee finds that the release of balloons inflated with lighter-than-air gases poses a danger and nuisance to the environment, particularly to wildlife and marine animals. Many animals mistake the balloons for food, which can cause severe injury or death. This measure ensures the protection and well-being of wildlife in the State by prohibiting the release of balloons inflated with lighter-than-air gases.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 347, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 347, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1224 Energy & Environmental Protection on S.B. No. 350

The purpose of this measure is to:

- (1) Require the Department of Health to fill the vacant Division Chief staff position within the Environmental Management Division by October 1, 2021, and consider environmental justice issues when making certain assessments and determinations;
- (2) Require the Clean Water Branch of the Environmental Management Division to perform water quality testing during brown water advisories, inform the public of health risks associated with water runoff during brown water advisories, and establish an Environmental Management Division Oversight Advisory Board; and
- (3) Require the Legislative Reference Bureau to conduct a comprehensive review of the Environmental Management Division.

Your Committee received testimony in support of this measure from the Surfrider Foundation Hawaii Chapters, Mālama Maunaloa, Polanui Hiu Community Managed Makai Area, Kihei Community Association, Hui O He'e Nalu, Wastewater Alternatives and Innovations, Waiwai Ola Waterkeepers Hawaiian

Islands, Kaiola Canoe Club, Hui O Mana Ka Pu'uwai Outrigger Canoe Club, Friends of Hanauma Bay, Sierra Club of Hawai'i, Earthjustice, Center for Biological Diversity, WMPA, Windward Coalition for Community Concerns, The Makali'i Group, Friends of Maha'ulepu, Kia'i Wai O Wai'ale'ale, HAMER, Young Progressives Demanding Action Hawai'i, Hawai'i Wildlife Fund, HI Strikes Back, Windward Coalition, Surfrider Foundation - Maui Chapter, Surfrider Foundation – Oahu Chapter, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Health. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that the Environmental Management Division oversees the clean air, clean water, solid and hazardous water, wastewater, and safe drinking water branches of the Department of Health. Because water quality continues to be a concern to residents and visitors, this measure seeks to ensure the continued safety and protection of the public and environment.

Your Committee has amended this measure by:

- (1) Deleting provisions that would have required the Department of Health to fill the vacant Division Chief staff position within the Environmental Management Division by October 1, 2021;
- (2) Directing the Clean Water Branch of the Environmental Management Division to continue to test water quality during brown water advisories, as practicable;
- (3) Requiring the Department of Health, in issuing health advisories during brown water advisories, to make proactive efforts to communicate brown water advisories with the public;
- (4) Deleting language that would have required the Department of Health to establish an Environmental Management Division Oversight Advisory Board;
- (5) Deleting language that would have required the Legislative Reference Bureau to:
 - (A) Conduct a comprehensive review of the Environmental Management Division's Clean Water Branch and Wastewater Branch; and
 - (B) Submit a report to the Legislature prior to the Regular Session of 2022; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 350, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 350, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1225 Education on S.B. No. 76

The purpose of this measure is to:

- (1) Require the Board of Education to prioritize for the Superintendent of Education position candidates that have the minimum qualification of ten years of employment in a department of education, with at least five of those years serving in the capacity as a principal or higher; and
- (2) Specify that a desired qualification for a candidate for the position of Superintendent of Education shall be a working understanding of the State's tri-level systems of educational administration.

Your Committee received testimony in opposition to this measure from the Board of Education and one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that Hawaii has a unique education system, with the Department of Education serving as the only single statewide educational district in the United States. Hawaii is also the only state that provides all public school funding without any additional support from the counties. This unique education system requires leadership that understands the scope and distinct needs of the state public education system. This measure specifies certain qualifications needed for candidates for the Superintendent of Education position that will ensure the introduction of well-rounded candidates who understand the Department of Education system.

Your Committee has amended this measure by:

- (1) Amending the priority qualification for the Superintendent of Education position to having a minimum of ten years of employment in the Hawaii Department of Education, with at least five of those years serving in the capacity as a teacher, principal, or higher;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 76, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 76, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 1226 Education on S.B. No. 144

The purpose of this measure is to establish and appropriate funds for a one-year school supply subsidy pilot program at Naalehu Elementary School.

Your Committee received testimony in support of the intent of this measure from the Department of Education.

Your Committee finds that Title I, Part A, of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act (Title I), provides federal financial assistance to local educational agencies and schools with high percentages of children from low-income families to help ensure educational success. Your Committee further finds that a pilot program to subsidize school supplies for schools composed entirely of students eligible for participation in Title I would be useful to identify methods for relieving the financial burden of education on low-income families and that Naalehu Elementary School is a school that fits the criteria for the pilot program. Establishing the school subsidy pilot program at Naalehu Elementary School will help in identifying methods to relieve the financial burden of education that can be applicable to families in other schools.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2051; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 144, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 144, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 1227 Education on S.B. No. 815

The purpose of this measure is to:

- (1) Establish maintenance of effort provisions for free education in the State;
- (2) Authorize the Governor, with the concurrence of the Legislature, to temporarily suspend the maintenance of effort provisions under certain circumstances;
- (3) Establish a Public Education Stabilization Trust Fund, into which an amount of general excise tax revenues equal to the difference between the level of state appropriations to the Department of Education from the preceding fiscal year and the current fiscal year shall be deposited, if the appropriation in the current fiscal year is less than the appropriation in the preceding fiscal year;
- (4) Establish reporting requirements; and
- (5) Appropriate monies into and out of the Public Education Stabilization Trust Fund for the maintenance of effort for K-12 educational programs.

Your Committee received testimony in support of this measure from the Department of Education, State Public Charter School Commission, Democratic Party of Hawai'i Education Caucus, and one individual. Your Committee received testimony in support of the intent of this measure from the Board of Education, Hawaii State Teachers Association, Kamehameha Schools, and Special Education Advisory Council. Your Committee received testimony in opposition to this measure from the Department of Budget and Finance. Your Committee received comments on this measure from the Tax Foundation of Hawaii and Hui for Excellence in Education.

Your Committee finds that the COVID-19 pandemic has severely reduced the economic gains the State made prior to the pandemic. The State faces a dire fiscal challenge with drastic cuts to the state budget and every government service it provides, including education. Your Committee additionally finds that to ensure predictability and stability of K-12 education revenues, a commitment to a base of annual funding in the face of changing circumstances is needed to guarantee the continuous and uninterrupted equitable distribution of educational resources for all public school students.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. 611 H.D. 1, Regular Session of 2021, a substantially similar measure previously passed by the House that:
 - (A) Establishes maintenance of effort provisions for free education in the State;
 - (B) Establishes the Public Education Stabilization Trust Fund into which shall be deposited the sum from all general excise tax revenues realized by the State that represents the difference between the preceding fiscal year appropriation and the current fiscal year appropriation if appropriations to the Department of Education for the current fiscal year are less than the preceding fiscal year;
 - (C) Requires the approval of the Board of Education prior to any expenditures from the Public Education Stabilization Trust Fund; and
 - (D) Appropriates funds for the maintenance of effort for K-12 educational programs;
- (2) Changing its effective date to July 1, 2051; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 815, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 815, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Okimoto). Excused, 1 (Ohno).

SCRep. 1228 Education on S.B. No. 1271

The purpose of this measure is to:

- (1) Establish an Early Childhood Educator Stipend Program, to be administered by the Executive Office on Early Learning, to address the shortage of qualified early childhood educators in Hawaii;
- (2) Require stipend fund repayments for the Early Childhood Educator Stipend Program to be deposited into the Early Learning Special Fund; and
- (3) Authorize the Executive Office on Early Learning to use a collection agency to secure a commission owed from a debtor.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning, Early Learning Board, State Public Charter School Commission, Democratic Party of Hawai'i Education Caucus, Early Childhood Action Strategy, Hawai'i Children's Action Network Speaks!, Kaulanakilohana, and Parents and Children Together. Your Committee received testimony in support of the intent of this measure from the Department of Human Services and University of Hawai'i at Manoa College of Education.

Your Committee finds that the need for quality early care and education far exceeds the amount of available and qualified early childhood educators. Your Committee further finds that preschool teachers are amongst the lowest paid occupations. This measure will assist with workforce development and support those individuals seeking to become high-quality early childhood educators, thereby moving the State toward reaching its goal of increasing access to high-quality early learning programs.

Your Committee notes that, per the testimony provided by the Executive Office on Early Learning and the Early Learning Board, the plan to provide funding for the establishment and implementation of the Early Childhood Educator Stipend Program is to leverage private sources of funding until the State is able to get through the COVID-19 pandemic.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2051; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1271, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1271, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 1229 Economic Development on S.B. No. 797

The purpose of this measure is to:

- (1) Provide the Chief Information Officer with the authority to approve, or expedite the approval process of, a state agency's management information system project that is budgeted at or more than \$1,000,000, or any other project the Chief Information Officer deems necessary to expedite; and
- (2) Require the Chief Information Officer to annually report the status of all pending or completed projects over \$1,000,000, including whether they are on time and on budget.

Your Committee received testimony in support of this measure from Transform Hawai'i Government.

Your Committee finds that technology is an important tool for improving access to government services. By allowing certain information system projects to be expedited by the Chief Information Officer, this measure creates opportunities for economies of scale across the government system and helps to fulfill the Hawaii Information Technology Strategic Plan.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 797, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1230 Economic Development on S.B. No. 921

The purpose of this measure is to amend the Motion Picture, Digital Media, and Film Production Income Tax Credit by:

- (1) Requiring the Department of Taxation to make a public disclosure identifying the names of the taxpayers who are receiving the tax credit and the total amount of tax credit received;
- (2) Reducing the cap amount per qualified production to \$12,000,000; and
- (3) Establishing an exception to the general prohibition against the Department of Taxation disclosing tax returns and return information.

Your Committee received testimony in opposition to this measure from Plywood Hawaii and IATSE Mixed Local 665. Your Committee received comments on this measure from the Department of Taxation; Department of Business, Economic Development, and Tourism; Island Film Group; Tax Foundation of Hawaii; Motion Picture Association; CBS Network Television Entertainment; and six individuals.

Your Committee finds that while the film industry in Hawaii is an important component of a diversified economy, it is critical to evaluate the efficacy of the Motion Picture, Digital Media, and Film Production Income Tax Credit as the State is facing serious economic challenges due to the ongoing coronavirus disease 2019 pandemic. This measure will provide further transparency for the Motion Picture, Digital Media, and Film Production Income Tax Credit, thereby ensuring stability and predictable economic incentives for the film industry and people employed in the film industry in the State.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 921, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (Onishi, Okimoto). Noes, none. Excused, 1 (Belatti).

SCRep. 1231 Economic Development on S.B. No. 1053

The purpose of this measure is to expand the eligibility of organizations that may receive community-based economic development technical and financial assistance beyond community-based organizations to also include for-profit businesses.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Hawai'i Primary Care Association.

Your Committee finds that as the State continues to diversify its economy, it is critical that the Department of Business, Economic Development, and Tourism be allowed to provide technical and financial assistance to a larger number of organizations and businesses throughout the State. This measure would provide greater opportunities to for-profit businesses by allowing the State to be more responsive to, and better assist in the success and viability of, these businesses.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1053, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1232 Economic Development on S.B. No. 1196

The purpose of this measure is to:

- (1) Amend the due date for employers to file the wage and tax statement from the last day of February to January 31 following the close of the calendar year; and
- (2) Impose a penalty on employers that fail to timely furnish and file the wage and tax statement.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that under existing state law, there is no penalty if an employer fails to furnish an employee with their wage and tax statement (Form W-2) or fails to file a copy of Form W-2 with the Department of Taxation. This measure would encourage further compliance with the requirements of state tax law.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1196, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1233 Economic Development on S.B. No. 1198

The purpose of this measure is to:

- (1) Allow the Department of Taxation to mandate the electronic filing of certain partnership, S-corporation, and individual tax returns;
- (2) Requires certain tax return preparers to file returns electronically;
- (3) Amend the requirements for filing and payment of taxes by electronic funds transfer;
- (4) Require electronic funds transfers for tax return preparers and any person subject to mandatory electronic filing;
- (5) Remove the timeliness requirement from the electronic funds transfer penalty;
- (6) Remove the authority of the Department of Taxation to charge for certified copies of tax clearances;
- (7) Authorize the limited disclosure of liquor licensees' tax clearances;
- (8) Clarify the interest rate for payments made to taxpayers out of the Litigated Claims Fund; and
- (9) Expand the permissible uses of the Tax Administration Special Fund.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that electronic filing of tax returns improves accuracy, timeliness, and efficiency. This measure is intended to encourage increased usage of electronic filing by entities having the ability and sophistication to easily comply with electronic filing requirements.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1198, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1198, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1234 Corrections, Military, & Veterans on H.C.R. No. 171

The purpose of this measure is to urge the Department of Public Safety to recognize the value of culture-based rehabilitation activities in the State's correctional system.

Your Committee received testimony in support of this measure from the Department of Public Safety, Ohana Ho'opakele, Native Hawaiian Legal Corporation, Kanaeokana, and four individuals.

Your Committee finds that studies have shown that the criminal justice system disproportionately impacts Native Hawaiians and that proactive policies and oversight are needed to alter that pattern. Your Committee further finds that cultural teachings such as hula and oli, the Hawaiian language, Hawaiian religious ceremonies, and other Native Hawaiian cultural practices and programs, can serve as tools for inmates to reclaim their dignity and reassert their connection to a sense of identity, and that culture-based rehabilitation activities should be encouraged and their value recognized.

Your Committee also finds that the Department of Public Safety supports this measure and indicated it would need assistance from the Office of Hawaiian Affairs and other indigenous Hawaiian groups to ensure it is taking the right path in implementing appropriate programs.

Your Committee has amended this measure by:

- (1) Changing the title to "URGING THE DEPARTMENT OF PUBLIC SAFETY TO RECOGNIZE THE VALUE OF CULTURE-BASED REHABILITATION ACTIVITIES IN THE STATE'S CORRECTIONAL SYSTEM.";
- (2) Noting the Native Hawaiian Legal Corporation's efforts in the *Davis v. Abercrombie* case to confirm the rights of Hawaii's prisoners to engage in traditional and customary practices while serving their sentences; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 171, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 171, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1235 Corrections, Military, & Veterans on H.R. No. 32

The purpose of this measure is to request the Department of Public Safety to allow faith pods based on kapu aloha to be established within each correctional center.

Your Committee received testimony in support of this measure from the Department of Public Safety, Malu 'Aina, Ohana Ho'opakele, and four individuals.

Your Committee finds that incarcerated individuals have initiated Hawaiian cultural programs within different correctional systems known as faith pods throughout the nation to help promote safe spaces to heal and regain their identity as Hawaiians. Your Committee further finds that Act 117, Session Laws of Hawaii 2012, sought to "[r]educe recidivism, prevent crime, and ensure long-term positive change by developing a plan to create a wellness center that

reestablishes highly recognized native Hawaiian cultural practices to restore the overall well-being of persons, families, and the native Hawaiian community". This measure supports that goal.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 32 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1236 Corrections, Military, & Veterans on H.C.R. No. 40

The purpose of this measure is to request the Department of Public Safety to allow faith pods based on kapu aloha to be established within each correctional center.

Your Committee received testimony in support of this measure from the Department of Public Safety, Malu 'Aina, Ohana Ho'opakele, and six individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that incarcerated individuals have initiated Hawaiian cultural programs within different correctional systems known as faith pods throughout the nation to help promote safe spaces to heal and regain their identity as Hawaiians. Your Committee further finds that Act 117, Session Laws of Hawaii 2012, sought to "[r]educe recidivism, prevent crime, and ensure long-term positive change by developing a plan to create a wellness center that reestablishes highly recognized native Hawaiian cultural practices to restore the overall well-being of persons, families, and the native Hawaiian community". This measure supports that goal.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 40 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1237 Corrections, Military, & Veterans on H.R. No. 28

The purpose of this measure is to urge the United States military to clean up munitions and explosives of concern in Hawaii under the Military Munitions Response Program.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Chamber of Commerce Hawaii, Our Revolution Hawaii, AlohaHawaii.org, and seventeen individuals.

Your Committee finds that Congress established the Military Munitions Response Program in 2001 to address munitions-related concerns, including explosive safety, environmental and health hazards from releases of unexploded ordnance, discarded military munitions, and munitions constituents found at locations other than operational ranges on active and Base Realignment and Closure installations and formerly used defense sites properties. Your Committee further finds that certain areas of Hawaii were used for military training exercises that resulted in large quantities of munitions and explosives being deposited on the ground. Your Committee also finds that remediation efforts should focus on restoring the land rather than rendering it inaccessible whenever possible.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 28 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 1238 Corrections, Military, & Veterans on H.C.R. No. 35

The purpose of this measure is to urge the United States military to clean up munitions and explosives of concern in Hawaii under the Military Munitions Response Program.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Malu 'Aina, Chamber of Commerce Hawaii, and six individuals.

Your Committee finds that Congress established the Military Munitions Response Program in 2001 to address munitions-related concerns, including explosive safety, environmental and health hazards from releases of unexploded ordnance, discarded military munitions, and munitions constituents found at locations other than operational ranges on active and Base Realignment and Closure installations and formerly used defense sites properties. Your Committee further finds that certain areas of Hawaii were used for military training exercises that resulted in large quantities of munitions and explosives being deposited on the ground. Your Committee also finds that remediation efforts should focus on restoring the land rather than rendering it inaccessible whenever possible.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 35 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (McDermott). Noes, none. Excused, none.

SCRep. 1239 Corrections, Military, & Veterans on H.R. No. 127

The purpose of this measure is to urge the Department of Public Safety to increase its investment in comprehensive offender reentry training programs for individuals exiting correctional facilities.

Your Committee received testimony in support of this measure from the Department of Public Safety, Young Women's Christian Association of O'ahu, American Civil Liberties Union of Hawai'i, Community Alliance on Prisons, and one individual.

Your Committee finds that the Department of Public Safety is statutorily required under part III of chapter 353H, to provide comprehensive and effective reentry planning for adults exiting correctional facilities, subject to the availability of funding. The Department is also required to notify inmates of the availability of assistance and assist inmates, upon request, to obtain their civil identification documents to aid in their reentry. Your Committee finds an increased emphasis on reentry programs by the Department is needed.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 127 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1240 Corrections, Military, & Veterans on H.C.R. No. 151

The purpose of this measure is to urge the Department of Public Safety to increase its investment in comprehensive offender reentry training programs for individuals exiting correctional facilities.

Your Committee received testimony in support of this measure from the Department of Public Safety, Young Women's Christian Association of O'ahu, American Civil Liberties Union of Hawai'i, Community Alliance on Prisons, and five individuals.

Your Committee finds that the Department of Public Safety is statutorily required under part III of chapter 353H, to provide comprehensive and effective reentry planning for adults exiting correctional facilities, subject to the availability of funding. The Department is also required to notify inmates of the availability of assistance and assist inmates, upon request, to obtain their civil identification documents to aid in their reentry. Your Committee finds an increased emphasis on reentry programs by the Department is needed.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 151 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1241 Corrections, Military, & Veterans on H.C.R. No. 172

The purpose of this measure is to request the Department of Accounting and General Services, Department of Budget and Finance, and Department of Public Safety to testify on all proposed legislation that could potentially increase the overcrowded conditions at Hawaii's correctional facilities.

Your Committee received testimony in support of this measure from the Community Alliance on Prisons and three individuals. Your Committee received comments on this measure from the Department of Public Safety and Department of Accounting and General Services.

Your Committee finds that the requested departmental participation will allow the Legislature to better understand the impact legislative proposals will have on the inmate population and related financial considerations, thereby allowing for more fully informed decisions.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 172 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (McDermott). Excused, none.

SCRep. 1242 Culture, Arts, & International Affairs on H.R. No. 150

The purpose of this measure is to request the Hawaii Sister-State Committee to evaluate and develop recommendations for the initiation of a sister-state relationship with the City of Auckland, New Zealand.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the indigenous people of Hawaii and New Zealand share many similarities in their cultures and languages and that collaboration with the many Maori and Polynesian cultural institutes in New Zealand would be beneficial to Hawaii. Your Committee further finds that since 2014, Hawaii has participated in the Pasifika Festival, an annual Pacific Islands-themed festival held in Auckland, New Zealand. This measure allows the Hawaii Sister-State Committee to consider developing a sister-state relationship with Auckland, New Zealand as a means of deepening the existing cultural and economic ties between Hawaii and New Zealand.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 150, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 150, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1243 Culture, Arts, & International Affairs on H.C.R. No. 181

The purpose of this measure is to request the Hawaii Sister-State Committee to evaluate and develop recommendations for the initiation of a sister-state relationship with the City of Auckland, New Zealand.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the indigenous people of Hawaii and New Zealand share many similarities in their cultures and languages and that collaboration with the many Maori and Polynesian cultural institutes in New Zealand would be beneficial to Hawaii. Your Committee further finds that since 2014, Hawaii has participated in the Pasifika Festival, an annual Pacific Islands-themed festival held in Auckland, New Zealand. This measure allows the Hawaii Sister-State Committee to consider developing a sister-state relationship with Auckland, New Zealand as a means of deepening the existing cultural and economic ties between Hawaii and New Zealand.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 181, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 181, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1244 Culture, Arts, & International Affairs on H.R. No. 63

The purpose of this measure is to designate the year 2022 as the Year of the Limu.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Kua'āina Ulu 'Auamo, Ewa Limu Project, Malama

Pupukea-Waimea, Ke Kula Nui O Waimanalo, and two individuals.

Your Committee finds that limu is a critical part of a healthy and productive reef ecosystem and is particularly important to the nearshore marine food chain. Limu also holds a special place in Native Hawaiian history as a source of food and medicine and played a role in religious and cultural ceremonies. Your Committee further finds that there has been a steep decline in limu throughout the State and a general loss of knowledge about the cultural significance of limu. This measure encourages awareness of limu's role in the State's culture and marine environment.

Your Committee has amended this measure by:

- (1) Changing its title to read, "DECLARING THE YEAR 2022 AS THE YEAR OF THE LIMU.";
- (2) Inserting language recognizing the efforts of kupuna and community organizations in revitalizing and propagating limu;
- (3) Including the Chairperson of the Board of Land and Natural Resources and the Board of Directors and Limu Hui Coordinator of Kua'āina Ulu 'Auamo as recipients of certified copies of this measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 63, as amended herein, and recommends that it be referred to your Committee on Water & Land in the form attached hereto as H.R. No. 63, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1245 Culture, Arts, & International Affairs on H.C.R. No. 74

The purpose of this measure is to designate the year 2022 as the Year of the Limu.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Kua'āina Ulu 'Auamo; Ewa Limu Project; Kipahulu Ohana, Inc.; Kauhako Ohana Association; Malama Pupukea-Waimea; Kupa'a no Lana'i; and one individual.

Your Committee finds that limu is a critical part of a healthy and productive reef ecosystem and is particularly important to the nearshore marine food chain. Limu also holds a special place in Native Hawaiian history as a source of food and medicine and played a role in religious and cultural ceremonies. Your Committee further finds that there has been a steep decline in limu throughout the State and a general loss of knowledge about the cultural significance of limu. This measure encourages awareness of limu's role in the State's culture and marine environment.

Your Committee has amended this measure by:

- (1) Changing its title to read, "DECLARING THE YEAR 2022 AS THE YEAR OF THE LIMU.";
- (2) Inserting language recognizing the efforts of kupuna and community organizations in revitalizing and propagating limu;
- (3) Including the Chairperson of the Board of Land and Natural Resources and the Board of Directors and Limu Hui Coordinator of Kua'āina Ulu 'Auamo as recipients of certified copies of this measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 74, as amended herein, and recommends that it be referred to your Committee on Water & Land in the form attached hereto as H.C.R. No. 74, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1246 Judiciary & Hawaiian Affairs on H.C.R. No. 111

The purpose of this measure is to assert that racism is a public health crisis and urge the State to take steps to eliminate and recognize racial inequities.

Your Committee received testimony in support for this measure from the University of Hawaii, YWCA Oahu, Hawaii Primary Care Association, Democratic Party of Hawaii Education Caucus, Imua Alliance, Hawaii Public Health Institute, Hawaii Friends of Civil Rights, LGBT Caucus of the Democratic Party of Hawaii, Hawaii Children's Action Network Speaks!, Planned Parenthood Votes Northwest and Hawaii, Office of Hawaiian Affairs, Community Alliance on Prisons, The Queen's Health Systems, ACLU of Hawaii, and seven individuals. Your committee received comments on this measure from Common Cause Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 111 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Nakamura).

SCRep. 1247 Judiciary & Hawaiian Affairs on H.R. No. 143

The purpose of this measure is to create a working group within the Department of Labor and Industrial Relations to study and make recommendations to improve immigrant access to government resources.

Your committee received testimony in support of this measure from the Office of Community Services, Medical Legal Partnership for Children in Hawaii, Hawaii Friends of Civil Rights, Ethnic Education Hawaii, Hawaii Coalition for Immigrant Rights, and four individuals.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 143 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Nakamura).

SCRep. 1248 Judiciary & Hawaiian Affairs on H.C.R. No. 169

The purpose of this measure is to create a working group within the Department of Labor and Industrial Relations to study and make recommendations to improve immigrant access to government resources.

Your committee received testimony in support of this measure from the Department of Labor and Industrial Relations, the Office of Community Services, Maui Economic Opportunity, Inc., Medical-Legal Partnership for Children in Hawaii, Hawaii Coalition for Immigrant Rights, Hawaii Friends of Civil Rights, Ethnic Education Hawaii, and two individuals.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 169 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Nakamura).

SCRep. 1249 Judiciary & Hawaiian Affairs on H.C.R. No. 190

The purpose of this measure is to obtain federal funding for financial, medical, and other federal assistance for migrants covered under the Compact of Free Association.

Your committee received testimony in support of this measure from Hawaii Friends of Civil Rights and from one individual.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 190 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Nakamura).

SCRep. 1250 Labor & Tourism on H.R. No. 14

The purpose of this measure is to request that the Auditor conduct a review of the efficacy of the technology resources of the Department of Labor and Industrial Relations.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee finds that unemployment insurance applications submitted during the COVID-19 pandemic are being processed on a government mainframe computer system that was installed in the early 1980s and upgraded about five years ago. Your Committee further finds that the Department of Labor and Industrial Relations has struggled to keep pace with the large increase in unemployment insurance claims over the course of the pandemic. Your Committee believes that it would be prudent to request that the Auditor review the technology resources available to the Department and make recommendations to the Legislature on how the Department may improve its services to the public and the resources needed to implement those recommendations.

Your Committee has amended this measure by:

- (1) Amending the title to read, "REQUESTING THE AUDITOR TO CONDUCT A REVIEW OF THE EFFICACY OF THE TECHNOLOGY RESOURCES OF THE DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS.";
- (2) Clarifying that the Department of Labor and Industrial Relations' mainframe computer system was upgraded about five years ago;
- (3) Revising the estimated time frame for a long-term fix to the computer system to 2022, rather than 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 14, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 14, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1251 Labor & Tourism on H.C.R. No. 14

The purpose of this measure is to request that the Auditor conduct a review of the efficacy of the technology resources of the Department of Labor and Industrial Relations.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee finds that unemployment insurance applications submitted during the COVID-19 pandemic are being processed on a government mainframe computer system that was installed in the early 1980s and upgraded about five years ago. Your Committee further finds that the Department of Labor and Industrial Relations has struggled to keep pace with the large increase in unemployment insurance claims over the course of the pandemic. Your Committee believes that it would be prudent to request that the Auditor review the technology resources available to the Department and make recommendations to the Legislature on how the Department may improve its services to the public and the resources needed to implement those recommendations.

Your Committee has amended this measure by:

- (1) Amending the title to read, "REQUESTING THE AUDITOR TO CONDUCT A REVIEW OF THE EFFICACY OF THE TECHNOLOGY RESOURCES OF THE DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS.";
- (2) Clarifying that the Department of Labor and Industrial Relations' mainframe computer system was upgraded about five years ago;
- (3) Revising the estimated time frame for a long-term fix to the computer system to 2022, rather than 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 14, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 14, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1252 Legislative Management on H.R. No. 34

The purpose of this measure is to request the Department of Accounting and General Services to defer its proposed renovations of the Hawaii State Capitol reflecting pool and dedicate its resources toward areas of the pool that require immediate repair.

Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services.

Your Committee recognizes that in its current condition, the reflecting pool at the Hawaii State Capitol faces significant maintenance challenges because of inadequate water circulation, high saline content, inadequacy of the waterproofing membrane, and the sheer surface area and volume of water. Your Committee finds that because of the serious long-term financial constraints caused by the economic impact of the COVID-19 pandemic, the proposed \$30,000,000 renovation and repair of the Hawaii State Capitol reflecting pool are not tenable at this time. Your Committee requests that the Department of Accounting and General Services continue to work with the author of this measure to craft the most efficient and cost-effective manner to address repairs relating to structural and waterproofing concerns of the Hawaii State Capitol reflecting pool.

Your Committee has amended this measure by:

- (1) Changing its title to read: "REQUESTING THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES TO WORK WITH THE LEGISLATURE TO ENSURE THE MOST COST-EFFECTIVE AND EFFICIENT MANNER TO ADDRESS NECESSARY RENOVATIONS OF THE HAWAII STATE CAPITOL REFLECTING POOL."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 34, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 34, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1253 Legislative Management on H.C.R. No. 43

The purpose of this measure is to request the Department of Accounting and General Services to defer its proposed renovations of the Hawaii State Capitol reflecting pool and dedicate its resources toward areas of the pool that require immediate repair.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services.

Your Committee recognizes that in its current condition, the reflecting pool at the Hawaii State Capitol faces significant maintenance challenges because of inadequate water circulation, high saline content, inadequacy of the waterproofing membrane, and the sheer surface area and volume of water. Your Committee finds that because of the serious long-term financial constraints caused by the economic impact of the COVID-19 pandemic, the proposed \$30,000,000 renovation and repair of the Hawaii State Capitol reflecting pool are not tenable at this time. Your Committee requests that the Department of Accounting and General Services continue to work with the author of this measure to craft the most efficient and cost-effective manner to address repairs relating to structural and waterproofing concerns of the Hawaii State Capitol reflecting pool.

Your Committee has amended this measure by:

- (1) Changing its title to read: "REQUESTING THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES TO WORK WITH THE LEGISLATURE TO ENSURE THE MOST COST-EFFECTIVE AND EFFICIENT MANNER TO ADDRESS NECESSARY RENOVATIONS OF THE HAWAII STATE CAPITOL REFLECTING POOL."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 43, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 43, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1254 Legislative Management on H.C.R. No. 110

The purpose of this measure is to request the Auditor to update its Report No. 12-09, which assesses the social and financial effects of mandatory health insurance coverage for fertility preservation procedures for persons of reproductive age who have been diagnosed with cancer.

Your Committee received testimony in support of this measure from the Hawaii Society of Clinical Oncology, Association for Clinical Oncology, and Alliance for Fertility Preservation. Your Committee received testimony in opposition to this measure from the Hawaii Medical Service Association. Your Committee received comments on this measure from the Office of the Auditor.

Your Committee finds that certain cancers and cancer treatment procedures may affect a person's fertility by damaging their reproductive organs. Although fertility may be preserved through preservation procedures, the high cost of these procedures and the narrow window to obtain services means these procedures are unattainable for many people. Your Committee further finds that in 2012, the Legislature requested the Auditor to conduct a study to assess the social and financial impacts of mandating insurance coverage for fertility preservation procedures for persons of reproductive age who have been diagnosed with cancer and will be undergoing treatment that might adversely affect their fertility. However, because of insufficient data at the time, the Auditor was unable to assess the social and financial impacts of the proposed mandated coverage.

Your Committee believes that an update to Report No. 12-09 is necessary to properly assess the cost and viability of offering mandatory fertility preservation coverage, as such coverage may increase overall healthcare insurance costs for the entire pool of insured persons. Your Committee notes that since 2012, ten states have enacted fertility preservation coverage, and the experience in those ten other states will allow the Auditor to evaluate additional experiential data and assess actual financial impacts. Your Committee notes the Auditor's assertion that a sunrise analysis pursuant to section 23-52, Hawaii Revised Statutes, is needed to determine the social and financial impacts of the potential added coverage.

Your Committee has amended this measure by:

- (1) Clarifying that the proposed mandatory coverage would be for patients who have been diagnosed with cancer, are of reproductive age, and will be undergoing treatment that, based on a medical determination by their physicians, will most likely cause infertility;

- (2) Changing its title to read: "REQUESTING THE AUDITOR TO UPDATE ITS REPORT NO. 12-09, WHICH ASSESSES THE SOCIAL AND FINANCIAL EFFECTS OF MANDATORY HEALTH INSURANCE COVERAGE FOR FERTILITY PRESERVATION PROCEDURES FOR PERSONS OF REPRODUCTIVE AGE WHO HAVE BEEN DIAGNOSED WITH CANCER AND WILL UNDERGO TREATMENT THAT, BASED ON A MEDICAL DETERMINATION BY THE PERSON'S PHYSICIAN, WILL MOST LIKELY CAUSE INFERTILITY."; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Consumer Protection & Commerce choose to consider this measure, your Committee respectfully requests that the Committee consider whether coverage of fertility preservation procedures relates to a person's Constitutional rights, including but not limited to the fundamental right to life. Your Committee notes the ethical concerns about equitable access raised in the written testimony of the Alliance for Fertility Preservation and that because of the high cost of these procedures, only patients with sufficient financial means can access these procedures.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 110, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 110, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1255 Consumer Protection & Commerce on H.R. No. 94

The purpose of this measure is to request that the Department of Commerce and Consumer Affairs reconsider its 2016 interpretation that the Money Transmitters Act applies to virtual currency companies and cryptocurrency companies, including the requirements for asset reserves and licensure.

Your Committee received testimony in support of this measure from five individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Hawaii Technology Development Corporation.

Your Committee finds that the digital currency, virtual currency, and cryptocurrency industry have undergone significant change since 2016. In 2016, the industries were still in their infancy, and regulators were still learning about the business models and uses of digital currency, virtual currency, and cryptocurrency. Today, the industry activity involves investment and speculation due to extreme price fluctuations. Licensing the digital currency, virtual currency, and cryptocurrency industry companies as money transmitters is just one of many regulator models that may be appropriate for this industry.

Your Committee further finds that the Division of Financial Institutions of the Department of Commerce and Consumer Affairs and the Hawaii Technology Development Corporation have jointly created a sandbox, called the Digital Currency Innovation Lab, to allow for some digital currency, virtual currency, and cryptocurrency industry activity to better understand the industry and determine the best method of oversight to this industry. The information gathered from the Digital Currency Innovation Lab has highlighted the wide range of business models and activities that result from the industry companies and the Division and Corporation are evaluating the complexities and diversity of the industry platforms. Preliminary information from the Digital Currency Innovation Lab is set to be analyzed this summer. Your Committee finds that the Division and Corporation should be afforded the opportunity to continue the Digital Currency Innovation Lab to gather the information necessary to make an informed policy decision as to determining the best regulatory model for the digital currency, virtual currency, and cryptocurrency industry.

Accordingly, your Committee has amended this measure by:

- (1) Specifying that reconsideration of the 2016 ruling be done after the completion of the Division of Financial Institutions' and the Hawaii Technology Development Corporation's joint study of the information gathered from the Digital Currency Innovation Lab;
- (2) Amending the title to read, "REQUESTING THE DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS, FOLLOWING THE COMPLETION OF THE DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS' DIVISION OF FINANCIAL INSTITUTIONS' AND HAWAII TECHNOLOGY DEVELOPMENT CORPORATION'S STUDY, TO RECONSIDER ITS 2016 RULING ON ASSET RESERVE REQUIREMENTS FOR DIGITAL CURRENCY COMPANIES, VIRTUAL CURRENCY COMPANIES, AND CRYPTOCURRENCY COMPANIES TO CONDUCT BUSINESS IN HAWAII AND TO ALIGN THE STATE'S ASSET RESERVE REQUIREMENTS FOR THESE COMPANIES WITH THE ASSET RESERVE REQUIREMENTS IN OTHER STATES."; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 94, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 94, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1256 Consumer Protection & Commerce on H.C.R. No. 118

The purpose of this measure is to request that the Department of Commerce and Consumer Affairs reconsider its 2016 interpretation that the Money Transmitters Act applies to virtual currency companies and cryptocurrency companies, including the requirements for asset reserves and licensure.

Your Committee received testimony in support of this measure from three individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Hawaii Technology Development Corporation.

Your Committee finds that the digital currency, virtual currency, and cryptocurrency industry have undergone significant change since 2016. In 2016, the industries were still in their infancy, and regulators were still learning about the business models and uses of digital currency, virtual currency, and cryptocurrency. Today, the industry activity involves investment and speculation due to extreme price fluctuations. Licensing the digital currency, virtual currency, and cryptocurrency industry companies as money transmitters is just one of many regulator models that may be appropriate for this industry.

Your Committee further finds that the Division of Financial Institutions of the Department of Commerce and Consumer Affairs and the Hawaii Technology Development Corporation have jointly created a sandbox, called the Digital Currency Innovation Lab, to allow for some digital currency, virtual currency, and cryptocurrency industry activity to better understand the industry and determine the best method of oversight to this industry. The information gathered from the Digital Currency Innovation Lab has highlighted the wide range of business models and activities that result from the industry companies and the Division and Corporation are evaluating the complexities and diversity of the industry platforms. Preliminary information from the Digital Currency Innovation Lab is set to be analyzed this summer. Your Committee finds that the Division and Corporation should be afforded the opportunity to continue the Digital Currency Innovation Lab to gather the information necessary to make an informed policy decision as to determining the best regulatory model for the digital currency, virtual currency, and cryptocurrency industry.

Accordingly, your Committee has amended this measure by:

- (1) Specifying that reconsideration of the 2016 ruling be done after the completion of the Division of Financial Institutions' and the Hawaii Technology Development Corporation's joint study of the information gathered from the Digital Currency Innovation Lab;
- (2) Amending the title to read, "REQUESTING THE DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS, FOLLOWING THE COMPLETION OF THE DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS' DIVISION OF FINANCIAL INSTITUTIONS' AND HAWAII TECHNOLOGY DEVELOPMENT CORPORATION'S STUDY, TO RECONSIDER ITS 2016 RULING ON ASSET RESERVE REQUIREMENTS FOR DIGITAL CURRENCY COMPANIES, VIRTUAL CURRENCY COMPANIES, AND CRYPTOCURRENCY COMPANIES TO CONDUCT BUSINESS IN HAWAII AND TO ALIGN THE STATE'S ASSET RESERVE REQUIREMENTS FOR THESE COMPANIES WITH THE ASSET RESERVE REQUIREMENTS IN OTHER STATES."; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 118, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 118, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1257 Consumer Protection & Commerce on H.R. No. 120

The purpose of this measure is to request that the Legislative Reference Bureau conduct a study of the best practices regarding "incidental and supplemental" contracting work.

Your Committee received testimony in support of this measure from the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers, Local 625, A.F.L.-C.I.O. and Iron Workers Stabilization Fund. Your Committee received testimony in opposition to this measure from the General Contractors Association of Hawaii. Your Committee received comments on this measure from the Contractors License Board and Subcontractors Association of Hawaii.

Your Committee finds that state law allows a specialty contractor to take and execute a contract involving the use of two or more crafts or trades, if the performance of the work in the crafts or trades, other than in which the specialty contractor is licensed, is incidental and supplemental to the performance of work in the craft or trade for which the specialty contractor is licensed. Your Committee further finds that the Hawaii Supreme Court has issued opinions that provided guidance in determining whether certain work is incidental and supplemental. Under existing state law, the Contractors License Board is tasked with making determinations on whether work is incidental and supplemental, which is to be consistent with the opinions of the Hawaii Supreme Court. Your Committee notes that an alternative body, rather than the Contractors License Board, may better determine without any inherent conflict of interest whether work is incidental and supplemental. This measure requests research to study other jurisdictions and their approaches for handling incidental and supplemental work.

Your Committee has amended this measure by:

- (1) Specifying that in conducting the study, the Legislative Reference Bureau is requested to obtain input from relevant national trade organizations, rather than the wide breadth of stakeholders;
- (2) Amending the title to read, "REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO CONDUCT A STUDY OF BEST PRACTICES REGARDING THE PERFORMANCE OF "INCIDENTAL AND SUPPLEMENTAL" CONTRACTING WORK."; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 120, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 120, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1258 Consumer Protection & Commerce on H.C.R. No. 141

The purpose of this measure is to request that the Legislative Reference Bureau conduct a study of the best practices regarding "incidental and supplemental" contracting work.

Your Committee received testimony in support of this measure from the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers, Local 625, A.F.L.-C.I.O. and Iron Workers Stabilization Fund. Your Committee received testimony in opposition to this measure from the General Contractors Association of Hawaii. Your Committee received comments on this measure from the Contractors License Board, Legislative Reference Bureau, and Subcontractors Association of Hawaii.

Your Committee finds that state law allows a specialty contractor to take and execute a contract involving the use of two or more crafts or trades, if the performance of the work in the crafts or trades, other than in which the specialty contractor is licensed, is incidental and supplemental to the performance of work in the craft or trade for which the specialty contractor is licensed. Your Committee further finds that the Hawaii Supreme Court has issued opinions that provided guidance in determining whether certain work is incidental and supplemental. Under existing state law, the Contractors License Board is tasked with making determinations on whether work is incidental and supplemental, which is to be consistent with the opinions of the Hawaii Supreme Court. Your Committee notes that an alternative body, rather than the Contractors License Board, may better determine without any inherent conflict of interest whether work is incidental and supplemental. This measure requests research to study other jurisdictions and their approaches for handling incidental and supplemental work.

Your Committee has amended this measure by:

- (1) Specifying that in conducting the study, the Legislative Reference Bureau is requested to obtain input from relevant national trade organizations, rather than the wide breadth of stakeholders;
- (2) Amending the title to read, "REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO CONDUCT A STUDY OF BEST PRACTICES REGARDING THE PERFORMANCE OF "INCIDENTAL AND SUPPLEMENTAL" CONTRACTING WORK."; and

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 141, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 141, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1259 Consumer Protection & Commerce on H.R. No. 156

The purpose of this measure is to request the counties to develop an option to allow residents to remit motor vehicle registration taxes and fees on a pro-rated basis and consider a moratorium for these charges.

Your Committee received testimony in support of this measure from five individuals. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that the COVID-19 pandemic and the effects of the extraordinary governmental responses to mitigate the transmission of the virus have placed a substantial financial strain on Hawaii families. Your Committee further finds that the annual taxes and fees collected for the registration of motor vehicles may be substantial and have a dire impact on low-income families. Providing for a moratorium and alternative payment plans, as requested in this measure, would alleviate the financial burden of these taxes and fees on low-income families and families impacted by the COVID-19 pandemic.

Your Committee has amended this measure by:

- (1) Amending the title to read, "REQUESTING THE COUNTIES TO DEVELOP AN OPTION TO ALLOW HAWAII RESIDENTS TO REMIT MOTOR VEHICLE REGISTRATION TAXES AND FEES ON A PRO-RATED BIENNIAL BASIS.";
- (2) Specifying that certified copies of the measure be transmitted to the Mayors of each county and Chairpersons of each county council; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 156, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 156, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kong, Onishi). Noes, none. Excused, 1 (Aquino).

SCRep. 1260 Consumer Protection & Commerce on H.C.R. No. 187

The purpose of this measure is to request the counties to develop an option to allow residents to remit motor vehicle registration taxes and fees on a pro-rated basis and consider a moratorium for these charges.

Your Committee received testimony in support of this measure from seven individuals. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that the COVID-19 pandemic and the effects of the extraordinary governmental responses to mitigate the transmission of the virus have placed a substantial financial strain on Hawaii families. Your Committee further finds that the annual taxes and fees collected for the registration of motor vehicles may be substantial and have a dire impact on low-income families. Providing for a moratorium and alternative payment plans, as requested in this measure, would alleviate the financial burden of these taxes and fees on low-income families and families impacted by the COVID-19 pandemic.

Your Committee has amended this measure by:

- (2) Specifying that certified copies of the measure be transmitted to the Mayors of each county and Chairpersons of each county council; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 187, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 187, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kong, Onishi). Noes, none. Excused, 1 (Aquino).

SCRep. 1261 Education on H.R. No. 56

The purpose of this measure is to request the Department of Education to create a landscape management plan with goals to increase tree canopies on public school grounds, document existing inventory and talent, and identify additional resources required to implement and sustain the plan.

Your Committee received testimony in support of this measure from Trees for Honolulu's Future, Blue Zones Project, and three individuals.

Your Committee finds that the average temperature in Hawaii has increased over two degrees since 1950. This increase in the temperature on hot days makes it difficult for students to learn at school. Your Committee further finds that school grounds enhance student learning and success, as they offer a venue for play, outdoor learning, and social gatherings. On very hot days, these activities become uncomfortable and even unsafe. Your Committee notes that trees lower temperatures through shade, transpiration, and reduction of the heat island effect. Your Committee believes that a landscape management plan will help set and meet statewide timelines and deliverables to increase the tree canopy on school grounds statewide.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 56 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Quinlan).

SCRep. 1262 Education on H.C.R. No. 68

The purpose of this measure is to request the Department of Education to create a landscape management plan with goals to increase tree canopies on public school grounds, document existing inventory and talent, and identify additional resources required to implement and sustain the plan.

Your Committee received testimony in support of this measure from Trees for Honolulu's Future, Blue Zones Project, and three individuals.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 68 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Quinlan).

SCRep. 1263 Health, Human Services, & Homelessness on H.R. No. 6

The purpose of this measure is to request that the Auditor, in consultation with the John A. Burns School of Medicine at the University of Hawaii At Manoa, conduct a study on the cumulative health effects of persistent urban noise in Honolulu.

Your Committee received comments on this measure from the Office of the Auditor.

Your Committee finds that comprehensive research has shown that there is a direct link between excessive noises and health issues such as stress-related illnesses, high blood pressure, hearing loss, and sleep disruption. Your Committee further finds that the residents of urban Honolulu experience frequent and pervasive urban noise as part of an increasingly loud urban soundscape.

Your Committee has amended this measure by:

- (1) Amending its title to read, "REQUESTING THE LEGISLATIVE REFERENCE BUREAU, IN CONSULTATION WITH THE JOHN A. BURNS SCHOOL OF MEDICINE AT THE UNIVERSITY OF HAWAII AT MANOA AND DEPARTMENT OF HEALTH, TO CONDUCT A STUDY ON THE CUMULATIVE HEALTH EFFECTS OF PERSISTENT URBAN NOISE IN HONOLULU.";
- (2) Requesting that the Legislative Reference Bureau, rather than the Auditor, conduct the study, in consultation with the John A. Burns School of Medicine at the University of Hawaii at Manoa and Department of Health;
- (3) Requesting certified copies be sent to the Director of Health, Director of the Legislative Reference Bureau, and Chairpersons of the Waikiki Neighborhood Board, Ala Moana-Kakaako Neighborhood Board, McCully-Moiliili Neighborhood Board, and Makiki-Tantalus Neighborhood Board; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 6, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 6, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1264 Health, Human Services, & Homelessness on H.C.R. No. 4

The purpose of this measure is to request that the Auditor, in consultation with the John A. Burns School of Medicine at the University of Hawaii At Manoa, conduct a study on the cumulative health effects of persistent urban noise in Honolulu.

Your Committee received comments on this measure from the Office of the Auditor.

Your Committee finds that comprehensive research has shown that there is a direct link between excessive noises and health issues such as stress-related illnesses, high blood pressure, hearing loss, and sleep disruption. Your Committee further finds that the residents of urban Honolulu experience frequent and pervasive urban noise as part of an increasingly loud urban soundscape.

Your Committee has amended this measure by:

- (1) Amending its title to read, "REQUESTING THE LEGISLATIVE REFERENCE BUREAU, IN CONSULTATION WITH THE JOHN A. BURNS SCHOOL OF MEDICINE AT THE UNIVERSITY OF HAWAII AT MANOA AND DEPARTMENT OF HEALTH, TO CONDUCT A STUDY ON THE CUMULATIVE HEALTH EFFECTS OF PERSISTENT URBAN NOISE IN HONOLULU.";
- (2) Requesting that the Legislative Reference Bureau, rather than the Auditor, conduct the study, in consultation with the John A. Burns School of Medicine at the University of Hawaii at Manoa and Department of Health;
- (3) Requesting certified copies be sent to the Director of Health, Director of the Legislative Reference Bureau, and Chairpersons of the Waikiki Neighborhood Board, Ala Moana-Kakaako Neighborhood Board, McCully-Moiliili Neighborhood Board, and Makiki-Tantalus Neighborhood Board; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 4, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 4, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1265 Health, Human Services, & Homelessness on H.R. No. 83

The purpose of this measure is to request the Department of the Attorney General to develop and implement a program to prevent, and to assist victims of, human trafficking and child commercial sexual exploitation.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Judiciary, and Ho'ōla Nā Pua. Your Committee received comments on this measure from Harm Reduction Hawaii.

Your Committee finds that twenty-three percent of human trafficking survivors in Hawaii report that they were children when they were first sex trafficked. Your Committee further finds that human trafficking can be difficult to detect, and exploited youth may not seek help or identify themselves as victims. A victim-centered and offender-focused program in the State will help serve individuals, especially children, who have been sexually exploited.

Your Committee has amended this measure by:

- (1) Amending its title to read, "REQUESTING THE DEPARTMENT OF THE ATTORNEY GENERAL TO DEVELOP AND IMPLEMENT A PROGRAM TO PREVENT, AND TO ASSIST VICTIMS OF, HUMAN TRAFFICKING AND CHILD COMMERCIAL SEXUAL EXPLOITATION."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 83, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 83, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1266 Health, Human Services, & Homelessness on H.C.R. No. 100

The purpose of this measure is to request the Department of the Attorney General to develop and implement a program to prevent, and to assist victims of, human trafficking and child commercial sexual exploitation.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Judiciary, and Ho‘ōla Nā Pua. Your Committee received comments on this measure from Harm Reduction Hawaii.

Your Committee finds that twenty-three percent of human trafficking survivors in Hawaii report that they were children when they were first sex trafficked. Your Committee further finds that human trafficking can be difficult to detect, and exploited youth may not seek help or identify themselves as victims. A victim-centered and offender-focused program in the State will help serve individuals, especially children, who have been sexually exploited.

Your Committee has amended this measure by:

- (1) Amending its title to read, "REQUESTING THE DEPARTMENT OF THE ATTORNEY GENERAL TO DEVELOP AND IMPLEMENT A PROGRAM TO PREVENT, AND TO ASSIST VICTIMS OF, HUMAN TRAFFICKING AND CHILD COMMERCIAL SEXUAL EXPLOITATION."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 100, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 100, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1267 Health, Human Services, & Homelessness on H.R. No. 46

The purpose of this measure is to urge the Hawaii State Commission on the Status of Women to convene an Inter-Governmental Feminist Economic Recovery Working Group.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Planned Parenthood Votes Northwest and Hawaii, AF3IRM Hawai‘i, and two individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee finds that women have been disproportionately harmed by the economic downturn and potential cuts to government services caused by the COVID-19 pandemic. Your Committee further finds that women make up nearly two-thirds of essential frontline workers in the State and account for over fifty percent of the jobs lost since February 2020. Furthermore, many women have taken on more household and care-giving activities that prevent them from engaging in full-time paid work.

Your Committee has amended this measure by:

- (1) Designating the Executive Director of Hawaii State Commission on the Status of Women and the Director of Business, Economic Development, and Tourism, or their designees, to serve as co-chairpersons of the Inter-Governmental Feminist Economic Recovery Working Group; and
- (2) Removing the Director of Labor and Industrial Relations, or the Director's designee, from the membership on the Inter-Governmental Feminist Economic Recovery Working Group, and deleting the Director from the list of recipients who will receive certified copies of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 46, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 46, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1268 Health, Human Services, & Homelessness on H.C.R. No. 57

The purpose of this measure is to urge the Hawaii State Commission on the Status of Women to convene an Inter-Governmental Feminist Economic Recovery Working Group.

Your Committee received testimony in support of this measure from the Hawai‘i State Commission on the Status of Women, Office of Hawaiian Affairs, Planned Parenthood Votes Northwest and Hawaii, Domestic Violence Action Center, and Hawai‘i Children's Action Network Speaks!. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee finds that women have been disproportionately harmed by the economic downturn and potential cuts to government services caused by the COVID-19 pandemic. Your Committee further finds that women make up nearly two-thirds of essential frontline workers in the State and account for over fifty percent of the jobs lost since February 2020. Furthermore, many women have taken on more household and care-giving activities that prevent them from

engaging in full-time paid work.

Your Committee has amended this measure by:

- (1) Designating the Executive Director of the Hawaii State Commission on the Status of Women and Director of Business, Economic Development, and Tourism, or their designees, to serve as co-chairpersons of the Inter-Governmental Feminist Economic Recovery Working Group;
- (2) Removing the Director of Labor and Industrial Relations, or the Director's designee, from the membership on the Inter-Governmental Feminist Economic Recovery Working Group, and deleting the Director from the list of recipients who will receive certified copies of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 57, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 57, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1269 Health, Human Services, & Homelessness on H.R. No. 67

The purpose of this measure is to request the United States Food and Drug Administration promote transparency and enforcement by immediately publishing Premarket Tobacco Product Applications.

Your Committee received testimony in support of this measure from Hawaii COPD Coalition, Coalition for a Tobacco-Free Hawai'i, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that e-cigarettes and electronic nicotine delivery systems are aggressively marketed to vulnerable youth users. Your Committee further finds that the Food and Drug Administration required all sellers and manufacturers of new tobacco products, including e-cigarettes and electronic nicotine delivery systems, to submit a Premarket Tobacco Product Application by September 9, 2020. However, your Committee finds that, to date, only three separate entities have successfully received marketing orders since 2015, leaving a gap between current federally approved e-cigarette sellers and non-compliant sellers or non-applicants. Furthermore, to date, no e-cigarette or electronic nicotine delivery system product has been approved by the Food and Drug Administration through its six-stage process of Premarket Tobacco Product Marketing Application review.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 67 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1270 Health, Human Services, & Homelessness on H.C.R. No. 80

The purpose of this measure is to request the United States Food and Drug Administration promote transparency and enforcement by immediately publishing Premarket Tobacco Product Applications.

Your Committee received testimony in support of this measure from the Hawaii COPD Coalition, Coalition for a Tobacco-Free Hawai'i, and two individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Department of Health.

Your Committee finds that e-cigarettes and electronic nicotine delivery systems are aggressively marketed to vulnerable youth users. Your Committee further finds that the Food and Drug Administration required all sellers and manufacturers of new tobacco products, including e-cigarettes and electronic nicotine delivery systems, to submit a Premarket Tobacco Product Application by September 9, 2020. However, your Committee finds that, to date, only three separate entities have successfully received marketing orders since 2015, leaving a gap between current federally approved e-cigarette sellers and non-compliant sellers or non-applicants. Furthermore, to date, no e-cigarette or electronic nicotine delivery system product has been approved by the Food and Drug Administration through its six-stage process of Premarket Tobacco Product Marketing Application review.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 80 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1271 Health, Human Services, & Homelessness on H.R. No. 40

The purpose of this measure is to request the Department of Education to convene a working group to create a model statewide school policy on student suicide prevention, intervention, and postvention in grades K-12.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii Youth Services Network, Hawaii Health & Harm Reduction Center, AF3IRM Hawai'i, The Trevor Project, Sutter Health Kāhi Mōhala, and three individuals.

Your Committee finds that lesbian, gay, bisexual, transgender, and queer or questioning youth are at a higher risk of experiencing suicidal ideation or engaging in self-injury or considering suicide than their heterosexual and cisgender peers. Your Committee further finds that school personnel who interact with students on a daily basis are essential gatekeepers for recognizing warning signs of suicide and making the appropriate referrals for help.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 40 and recommends that it be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1272 Health, Human Services, & Homelessness on H.C.R. No. 51

The purpose of this measure is to request the Department of Education to convene a working group to create a model statewide school policy on student suicide prevention, intervention, and postvention in grades K-12.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii Youth Services Network, Hawaii Health & Harm Reduction Center, Sutter Health Kāhi Mōhala, and ten individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that lesbian, gay, bisexual, transgender, and queer or questioning youth are at a higher risk of experiencing suicidal ideation or engaging in self-injury or considering suicide than their heterosexual and cisgender peers. Your Committee further finds that school personnel who interact with students on a daily basis are essential gatekeepers for recognizing warning signs of suicide and making the appropriate referrals for help.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 51 and recommends that it be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1273 Water & Land on H.R. No. 135

The purpose of this measure is to urge the Department of Land and Natural Resources to work with the International Dialogue on Underwater Munitions' International Scientific and Technology Advisory Board on Underwater Munitions to seek and secure federal funding for the non-destructive disposal of thousands of tons of underwater munitions dumped, lost, or abandoned in Hawaiian waters.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, International Dialogue on Underwater Munitions, and five individuals.

Your Committee finds that decaying underwater munitions, including unexploded ordnance, pose a threat to the health and safety of humans and marine life. Your Committee further finds that coordinated efforts are needed to safely dispose of underwater munitions abandoned in Hawaiian waters while ensuring the protection of the corals and sea life and prevention of harmful algae blooms.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 135 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1274 Water & Land on H.C.R. No. 159

The purpose of this measure is to urge the Department of Land and Natural Resources to work with the International Dialogue on Underwater Munitions' International Scientific and Technology Advisory Board on Underwater Munitions to seek and secure federal funding for the non-destructive disposal of thousands of tons of underwater munitions dumped, lost, or abandoned in Hawaiian waters.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Kauai Women's Caucus, International Dialogue on Underwater Munitions, and four individuals.

Your Committee finds that decaying underwater munitions, including unexploded ordnance, pose a threat to the health and safety of humans and marine life. Your Committee further finds that coordinated efforts are needed to safely dispose of underwater munitions abandoned in Hawaiian waters while ensuring the protection of the corals and sea life and prevention of harmful algae blooms.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 159 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1275 Water & Land on H.R. No. 111

The purpose of this measure is to convene a working group to discuss future development plans in Kakaako Makai, including the identification of public lands of comparable value suitable to the Office of Hawaiian Affairs for a possible land exchange for some or all of its nine parcels in Kakaako Makai.

Your Committee received testimony in support of this measure from the Kaka'ako Makai Community Planning Advisory Council and two individuals. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs. Your Committee received comments on this measure from the O'ahu Island Parks Conservancy.

Your Committee finds that "Kakaako Makai" refers to the area within the Kakaako Development District bordered by the east side of Kewalo Basin at the Ewa end of Ala Moana Regional Park to Forrest Avenue, and from Ala Moana Boulevard to the ocean. Your Committee further finds that Act 15, Session Laws of Hawaii 2012, resulted in the conveyance of the fee simple interest of land comprising Kakaako Makai with existing improvements to the Office of Hawaiian Affairs and provided that the property shall remain under the jurisdiction and authority of the Hawaii Community Development Authority, with respect to zoning, land use conditions, and all other matters over which the Hawaii Community Development Authority has jurisdiction and authority to act. Your Committee also finds that the Office of Hawaiian Affairs seeks statutory authority to develop residential high-rise buildings on Kakaako Makai land for the benefit of Native Hawaiians.

Your Committee acknowledges the opposition of the Office of Hawaiian Affairs and the issues raised by the Office of Hawaiian Affairs in its testimony. Your Committee requests that your Committee on Judiciary & Hawaiian Affairs, should it consider this measure, examine those issues that fall under its purview.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 111 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (Ganaden). Noes, none. Excused, 1 (McDermott).

SCRep. 1276 Water & Land on H.C.R. No. 129

The purpose of this measure is to convene a working group to discuss future development plans in Kakaako Makai, including the identification of public lands of comparable value suitable to the Office of Hawaiian Affairs for a possible land exchange for some or all of its nine parcels in Kakaako Makai.

Your Committee received testimony in support of this measure from the Hawaii Community Development Authority, Friends of Kewalos, Free Access Coalition, Kaka'ako Makai Community Planning Advisory Council, and fourteen individuals. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs. Your Committee received comments on this measure from the O'ahu Island Parks Conservancy and one individual.

Your Committee finds that "Kakaako Makai" refers to the area within the Kakaako Development District bordered by the east side of Kewalo Basin at the Ewa end of Ala Moana Regional Park to Forrest Avenue, and from Ala Moana Boulevard to the ocean. Your Committee further finds that Act 15, Session Laws of Hawaii 2012, resulted in the conveyance of the fee simple interest of land comprising Kakaako Makai with existing improvements to the Office of Hawaiian Affairs and provided that the property shall remain under the jurisdiction and authority of the Hawaii Community Development Authority, with respect to zoning, land use conditions, and all other matters over which the Hawaii Community Development Authority has jurisdiction and authority to act. Your Committee also finds that the Office of Hawaiian Affairs seeks statutory authority to develop residential high-rise buildings on Kakaako Makai land for the benefit of Native Hawaiians.

Your Committee acknowledges the opposition of the Office of Hawaiian Affairs and the issues raised by the Office of Hawaiian Affairs in its testimony. Your Committee requests that your Committee on Judiciary & Hawaiian Affairs, should it consider this measure, examine those issues that fall under its purview.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 129 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ganaden). Noes, none. Excused, 1 (McDermott).

SCRep. 1277 Water & Land on H.C.R. No. 89

The purpose of this measure to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering portions of state submerged lands at Wailea, Maui, for the existing beach access stairway fronting the Wailea Elua Village that descends from the Wailea Coastal Walk to Ulua Beach.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that a portion of an existing, wooden beach access stairway fronting the Wailea Elua Village Resorts encroaches on state submerged lands. Your Committee further finds that the Department of Land and Natural Resources has worked with the Association of Apartment Owners of Wailea Elua to resolve the encroachment by granting a twenty-five-year non-exclusive easement for the beach access stairway. Pursuant to 171-53(c), Hawaii Revised Statutes, the Legislature must grant prior authorization before state submerged lands may be leased. This measure authorizes the granting of a term, non-exclusive easement for the portion of identified state submerged lands in Wailea, Maui, that have been encroached upon by the beach access stairway.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 89, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 89, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1278 Water & Land on H.C.R. No. 166

The purpose of this measure is to request the Board of Land and Natural Resources to amend a term, non-exclusive easement covering a portion of state submerged lands at Kapaa, Kawaihau, Kauai, for construction of a groin, small-scale beach restoration, and the use, repair, and maintenance of improvements on state submerged lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and seven individuals.

Your Committee finds that there is an existing shoreline encroachment consisting of a temporary emergency erosion control structure fronting property located in Kapaa, Kawaihau, Kauai. Your Committee further finds that the Department of Land and Natural Resources has worked with the property owner to resolve the encroachment by granting a term, non-exclusive easement to allow for the construction of a groin and the use, repair, and maintenance of improvements on the state submerged lands, and the grantee will be required to pay the State the fair market value of the easement. However, the Legislature must grant prior authorization before state submerged lands may be leased. This measure authorizes the granting of a term, non-exclusive easement for the portion of identified state submerged lands in Kapaa that have been encroached upon and for the construction of the groin and the use, repair, and maintenance of the improvements.

Your Committee has amended this measure by:

- (1) Amending its title to read, "AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT KAPAA, KAWAIHAU, KAUAI, FOR CONSTRUCTION OF A GROIN AND FOR USE, REPAIR, AND MAINTENANCE OF THE IMPROVEMENTS CONSTRUCTED THEREON."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 166, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 166, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1279 Water & Land on H.C.R. No. 103

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering portions of state submerged lands at Maunaloa, Oahu, for the construction and maintenance of a rock groin on those state submerged lands, to slow the rate of sediment deposits in the entrance channel of the Hawaii Kai Marina.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and numerous individuals.

Your Committee finds that the Hawaii Kai Marina Community Association is responsible for the maintenance of the entrance channel between the privately owned Hawaii Kai Marina and Maunaloa Bay. Your Committee further finds that the Department of Land and Natural Resources has worked with the community association on a proposed project to remove the deteriorating sandbag groin on the eastern side of the entrance channel and construct a permanent rock rubble groin in its place to reduce the rate of sediment loss into the channel entrance, which in turn will reduce the number and frequency of dredging activities.

Your Committee notes that the Department of Land and Natural Resources informed your Committee that the grantee has rejected the appraised value of \$400,000 and a statutory procedure is in place to address the dispute over fair market value. The Department will request the grantee to adhere to that process. This measure provides the requisite authorization for the granting of a perpetual, non-exclusive easement for the portions of identified state submerged lands seaward of Kalanianaʻole Highway near the bridge at Maunaloa, Oahu, for the construction and maintenance of the permanent rock groin.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 103 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1280 Water & Land on H.C.R. No. 147

The purpose of this measure is to request that a working group be convened to make recommendations on flood mitigation at the intersection of East Manoa Road and Oahu Avenue.

Your Committee received testimony in support of this measure from seventeen individuals.

Your Committee finds that the intersection of East Manoa Road and Oahu Avenue in Honolulu frequently floods following a downpour and, when flooded, becomes nearly impassable to motor vehicles and hazardous to pedestrians. Your Committee further finds that these conditions may delay emergency vehicles trying to access Manoa Valley. Creating a working group to study and make recommendations on flood mitigation at this intersection will allow the Legislature to make well-considered decisions on how best to address this problem.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 147 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1281 Water & Land on H.C.R. No. 96

The purpose of this measure is to urge the Department of Facility Maintenance of the City and County of Honolulu, in conjunction with the United States Army Corps of Engineers and Department of Environmental Services of the City and County of Honolulu, to:

- (1) Immediately clean the drainage canals and streams in Kaneohe and Kailua; and
- (2) Develop recommended cleaning schedules for drainage canals and streams and regularly clean the drainage canals and streams in Kaneohe and Kailua based on this schedule.

Your Committee received testimony in support of this measure from seven individuals.

Your Committee finds that between 1915 and 2019, floods have caused more than \$225,000,000 in damage on Oahu, and that a blocked drainage canal increases the risk of frequent overbank flooding. Your Committee further finds that immediate cleaning and draining of certain canals and streams is needed in the short term due to recent heavy rain in Windward Oahu and that developing a regular schedule for maintenance of drainage canals and streams can be a tool to prevent costly damage to surrounding homes.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 96 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1282 Health, Human Services, & Homelessness on H.R. No. 8

The purpose of this measure is to urge the Legislature to address the concerns raised at the twenty-seventh Children and Youth Summit and advance pathways for the betterment of the homeless in Hawaii.

Your Committee received testimony in support of this measure from Hawaii Youth Services Network.

Your Committee finds that the Children and Youth Summit is an annual event that brings together hundreds of children throughout the State who work to identify key issues they believe the Legislature needs to address to make Hawaii a better place to live, learn, and work. Your Committee further finds that the need to help the homeless through the provision of resources, including skills development training and available housing, was one of the areas of concern identified at the twenty-seventh Children and Youth Summit.

Your Committee has amended this measure by:

- (1) Removing the President of the Senate and Speaker of the House of Representatives as recipients of certified copies of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 8, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 8, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1283 Health, Human Services, & Homelessness on H.C.R. No. 7

The purpose of this measure is to urge the Legislature to address the concerns raised at the twenty-seventh Children and Youth Summit and advance pathways for the betterment of the homeless in Hawaii.

Your Committee received testimony in support of this measure from Hawaii Youth Services Network.

Your Committee finds that the Children and Youth Summit is an annual event that brings together hundreds of children throughout the State who work to identify key issues they believe the Legislature needs to address to make Hawaii a better place to live, learn, and work. Your Committee further finds that the need to help the homeless through the provision of resources, including skills development training and available housing, was one of the areas of concern identified at the twenty-seventh Children and Youth Summit.

Your Committee has amended this measure by:

- (1) Removing the President of the Senate and Speaker of the House of Representatives as recipients of certified copies of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 7, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 7, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1284 Health, Human Services, & Homelessness on H.R. No. 12

The purpose of this measure is to request the Hawaii State Commission on the Status of Women to convene a task force to study missing and murdered Native Hawaiian women and girls.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawai'i Children's Action Network Speaks!, Ma'i Movement Hawai'i, Ho'ōla Nā Pua, and Planned Parenthood Votes Northwest and Hawaii.

Your Committee finds that indigenous women and girls have a greater risk of becoming the victims of violence than any other population in the United States and are particularly vulnerable to sex trafficking and other forms of violent crimes. Your Committee further finds that in a 2018 survey of victims of sex trafficking conducted by the Hawaii State Commission on the Status of Women in partnership with Arizona State University, seventy-seven percent of the victims were Native Hawaiian; a subsequent study conducted in 2019 found that sixty-four percent of the victims were Native Hawaiian. Additionally, your Committee finds that from 2017 to 2019, one out of every three child sex trafficking victims reported to the Child Welfare Services child sex trafficking hotline were Native Hawaiian, and ninety-five percent of the victims were girls.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 12, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 12, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1285 Health, Human Services, & Homelessness on H.C.R. No. 11

The purpose of this measure is to request the Hawaii State Commission on the Status of Women to convene a task force to study missing and murdered Native Hawaiian women and girls.

Your Committee received testimony in support of this measure from the Judiciary, Department of Health, Office of Hawaiian Affairs, Hawai'i State Commission on the Status of Women, Hawai'i Children's Action Network Speaks!, Planned Parenthood Votes Northwest and Hawaii, and four individuals.

Your Committee finds that indigenous women and girls have a greater risk of becoming the victims of violence than any other population in the United States and are particularly vulnerable to sex trafficking and other forms of violent crimes. Your Committee further finds that in a 2018 survey of victims of sex trafficking conducted by the Hawaii State Commission on the Status of Women in partnership with Arizona State University, seventy-seven percent of the victims were Native Hawaiian; a subsequent study conducted in 2019 found that sixty-four percent of the victims were Native Hawaiian. Additionally, your Committee finds that from 2017 to 2019, one out of every three child sex trafficking victims reported to the Child Welfare Services child sex trafficking hotline were Native Hawaiian, and ninety-five percent of the victims were girls.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 11, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 11, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1286 Health, Human Services, & Homelessness on H.R. No. 124

The purpose of this measure is to request the Department of Health to explore ways it can exercise oversight over community health centers, dental clinics, and other medical service entities when a danger to the community's health exists.

Your Committee received testimony in opposition to this measure from Molokai Ohana Health Care, Inc. Your Committee received comments on this measure from the Hawai'i Primary Care Association.

Your Committee finds that community health centers provide critical health care services in federally recognized areas where residents face barriers to obtaining health care. Your Committee further finds that the Department of Health should explore additional options to ensure there is proper oversight of community health centers or other medical service entities, so that the Department can adequately respond when incidents, such as closures due to lack of staffing at community health centers, result in a danger to the public health.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 124 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1287 Health, Human Services, & Homelessness on H.C.R. No. 148

The purpose of this measure is to request the Department of Health to explore ways it can exercise oversight over community health centers, dental clinics, and other medical service entities when a danger to the community's health exists.

Your Committee received testimony in support of this measure from the Department of Health and nine individuals. Your Committee received testimony in opposition to this measure from Ho'ōla Lāhui Hawai'i and Molokai Ohana Health Care, Inc. Your Committee received comments on this measure from

the Hawai'i Primary Care Association.

Your Committee finds that community health centers provide critical health care services in federally recognized areas where residents face barriers to obtaining health care. Your Committee further finds that the Department of Health should explore additional options to ensure there is proper oversight of community health centers or other medical service entities, so that the Department can adequately respond when incidents, such as closures due to lack of staffing at community health centers, result in a danger to the public health.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 148 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1288 Health, Human Services, & Homelessness on H.R. No. 112

The purpose of this measure is to request that the Department of Health submit a request to the Drug Enforcement Administration for an exception to federal drug laws for state-authorized use of medical cannabis, and to petition to initiate proceedings for federal rulemaking to clarify that the state-authorized use of medical cannabis does not violate the federal Controlled Substances Act.

Your Committee received testimony in support of this measure from Akamai Cannabis Clinic and Hawaii Patients Union.

Your Committee finds that because federal law prohibits the use of cannabis, including the use of medical cannabis, there is a lack of clarity between State and federal cannabis laws that has significant repercussions for medical cannabis patients and the State's medical cannabis dispensaries. Obtaining an exception from the federal Controlled Substances Act would be of great benefit to those patients and dispensaries.

Your Committee has amended this measure by:

- (1) Requiring certified copies of this measure to be sent to the Governor, Attorney General, and Hawaii's Congressional Delegation; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 112, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 112, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1289 Health, Human Services, & Homelessness on H.C.R. No. 132

The purpose of this measure is to request that the Department of Health submit a request to the Drug Enforcement Administration for an exception to federal drug laws for state-authorized use of medical cannabis, and to petition to initiate proceedings for federal rulemaking to clarify that the state-authorized use of medical cannabis does not violate the federal Controlled Substances Act.

Your Committee received testimony in support of this measure from Akamai Cannabis Clinic, Big Island Grown, Hawaii Patients Union, and one individual. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that because federal law prohibits the use of cannabis, including the use of medical cannabis, there is a lack of clarity between State and federal cannabis laws that has significant repercussions for medical cannabis patients and the State's medical cannabis dispensaries. Obtaining an exception from the federal Controlled Substances Act would be of great benefit to those patients and dispensaries.

Your Committee has amended this measure by:

- (1) Requiring certified copies of this measure to be sent to the Governor, Attorney General, and Hawaii's Congressional Delegation; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 132, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 132, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1290 Health, Human Services, & Homelessness on H.C.R. No. 85

The purpose of this measure is to request that the Legislative Reference Bureau conduct a study on the State's authority to allow collective negotiation between physicians and health care insurers in Hawaii to restrain or balance the monopsonistic market power of health care insurers over independent physicians.

Your Committee received testimony in support of this measure from the Hawaii Physician Shortage Crisis Task Force; Health Committee of the Democratic Party of Hawai'i; Joyful Living, LLC; Hawaii Medical Association; and eight individuals. Your Committee received testimony in opposition to this measure from the Hawaii Medical Service Association. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that the existing physician shortage in Hawaii has been exacerbated by the COVID-19 pandemic, with shortages of twenty percent on Oahu, fifty-three percent in Hawaii County, forty-two percent in Maui County, and thirty-three percent on Kauai. Your Committee further finds that one of the primary barriers in the State's inability to recruit and retain physicians is the relatively low level of physician compensation in the State, which is not competitive nationally and stems from the State's highly concentrated health insurance market. Permitting physicians to engage in collective negotiation is one way to encourage competition in the health care market. Your Committee notes that in 2009, Alaska determined that permitting physicians to collectively negotiate with health plans is consistent with the Parker immunity doctrine and passed a law permitting physicians to engage in collective negotiation with health benefit plans.

Your Committee has amended this measure by:

- (1) Inserting language recognizing the exacerbating effects of the COVID-19 pandemic on the State's physician shortage crisis;
- (2) Removing the request that the Legislative Reference Bureau include an analysis of the 2009 Alaska law and its impact on the State's Prepaid Health Care Act exemption from the federal Employee Retirement Income Security Act of 1974 in the study requested by this measure;

- (3) Removing the Senate President and Speaker of the House of Representatives as recipients of certified copies of this measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 85, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 85, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1291 Health, Human Services, & Homelessness on H.C.R. No. 86

The purpose of this measure is to request that the Auditor, Hawaii Employer-Union Health Benefits Trust Fund, and Med-QUEST Division of the Department of Human Services provide information to the Legislature regarding the costs and benefits of relying on a single provider to fulfill prescription medication.

Your Committee received comments on this measure from the Department of Human Services, Board of Trustees of the Hawaii Employer-Union Health Benefits Trust Fund, and Office of the Auditor.

Your Committee finds that the Hawaii Employer-Union Health Benefits Trust Fund (Trust Fund) recently executed a contract that provides for only a single United States mainland-based pharmacy provider to fulfill pharmacy benefits for Trust Fund members enrolled in Preferred Provider Organization plans. Your Committee further finds that this contract may have significant adverse consequences, including forcing smaller community pharmacies to lose business, increasing costs to Trust Fund members who live in areas that do not have convenient access to the single provider.

Your Committee has amended this measure by:

- (1) Inserting language clarifying the Trust Fund's contract for pharmacy benefits for its beneficiaries and the ability of Trust Fund beneficiaries to fill prescriptions across the State;
- (2) Removing language discussing the impact of the Trust Fund's contract with a pharmacy benefit manager on smaller community pharmacies;
- (3) Clarifying that the Trust Fund is urged to request pharmacy providers to provide certain information to the Trust Fund on medication dispensed to Trust Fund beneficiaries;
- (4) Clarifying that the Med-QUEST Division of the Department of Human Services, rather than pharmacy providers, is urged to collect certain information on medication dispensed to Med-QUEST beneficiaries by pharmacy providers; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 86, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 86, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1292 Health, Human Services, & Homelessness on H.R. No. 126

The purpose of this measure is to urge the Department of Commerce and Consumer Affairs to amend the appropriate Hawaii Administrative Rules to prohibit registered nurses from delegating the interpretation of diagnostic laboratory results to unlicensed assistive personnel.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Board of Nursing and Hawai'i State Center for Nursing.

Your Committee finds that registered nurses are permitted to delegate certain nursing care tasks, functions, and activities to unlicensed assistive personnel so long as the delegation complies with applicable state and federal laws and does not include the practice-pervasive functions of assessment, evaluation, and nursing judgment. Your Committee further finds that medical diagnostic errors occur in all areas of medical practice, with approximately twelve million people in the United States affected by medical diagnostic errors every year. Although national guidelines prohibit nurses from delegating activities that involve nursing judgment or critical decision making, your Committee finds that this type of delegation is not explicitly prohibited in the relevant Hawaii Administrative Rules.

Your Committee has amended this measure by:

- (1) Changing its title to read: "URGING THE DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS TO REVISIT TITLE 16, CHAPTER 89, OF THE HAWAII ADMINISTRATIVE RULES TO PROHIBIT REGISTERED NURSES FROM DELEGATING THE INTERPRETATION OF DIAGNOSTIC LABORATORY RESULTS TO UNLICENSED ASSISTIVE PERSONNEL.";
- (2) Including the Governor as a recipient of a certified copy of this measure; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 126, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 126, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1293 Health, Human Services, & Homelessness on H.C.R. No. 150

The purpose of this measure is to urge the Department of Commerce and Consumer Affairs to amend the appropriate Hawaii Administrative Rules to prohibit registered nurses from delegating the interpretation of diagnostic laboratory results to unlicensed assistive personnel.

Your Committee received testimony in support of this measure from three individuals. Your Committee received comments on this measure from the Board of Nursing and Hawai'i State Center for Nursing.

Your Committee finds that registered nurses are permitted to delegate certain nursing care tasks, functions, and activities to unlicensed assistive personnel so long as the delegation complies with applicable state and federal laws and does not include the practice-pervasive functions of assessment, evaluation, and

nursing judgment. Your Committee further finds that medical diagnostic errors occur in all areas of medical practice, with approximately twelve million people in the United States affected by medical diagnostic errors every year. Although national guidelines prohibit nurses from delegating activities that involve nursing judgment or critical decision making, your Committee finds that this type of delegation is not explicitly prohibited in the relevant Hawaii Administrative Rules.

Your Committee has amended this measure by:

- (1) Changing its title to read: "URGING THE DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS TO REVISIT TITLE 16, CHAPTER 89, OF THE HAWAII ADMINISTRATIVE RULES TO PROHIBIT REGISTERED NURSES FROM DELEGATING THE INTERPRETATION OF DIAGNOSTIC LABORATORY RESULTS TO UNLICENSED ASSISTIVE PERSONNEL.";
- (2) Including the Governor as a recipient of a certified copy of this measure; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 150, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 150, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1294 Health, Human Services, & Homelessness on H.R. No. 48

The purpose of this measure is to recognize and support the ongoing collaborative efforts of state agencies and private organizations to implement a statewide strategy to eliminate viral hepatitis types A, B, and C in Hawaii.

Your Committee received testimony in support of this measure from the Hawaii Health & Harm Reduction Center, AF3IRM Hawai'i, Times Pharmacy, Hep Free Hawaii, Micronesian Education for Liver Wellness Program, Hawai'i Public Health Association, and seventeen individuals.

Your Committee finds that viral hepatitis types B and C have been linked to cirrhosis and liver cancer, diseases that affect the State's residents at disproportionately high rates. Approximately sixty-three thousand people in Hawaii are living with some type of viral hepatitis, many of whom may be unaware that they are infected. Populations that are more at-risk of developing viral hepatitis include indigenous people, incarcerated persons, veterans, those experiencing homelessness, those who are pregnant, African Americans, and members of the lesbian, gay, bisexual, transgender, and queer or questioning communities. Your Committee further finds that the State is currently engaged in proactive measures to eliminate viral hepatitis in underserved and at-risk communities through a variety of services, such as expanding Med-QUEST coverage, offering syringe service programs, identifying and supporting foreign-born women and families at high risk of contracting hepatitis B, and immunizing homeless communities against hepatitis A.

Your Committee has amended this measure by:

- (1) Requesting the House Committee on Health, Human Services, and Homelessness and Senate Committee on Health to convene a second informational briefing before the start of the Regular Session of 2022 at which the Executive Director of Hep Free Hawaii is urged to offer proposed legislation for the Regular Session of 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 48, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 48, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1295 Health, Human Services, & Homelessness on H.C.R. No. 59

The purpose of this measure is to recognize and support the ongoing collaborative efforts of state agencies and private organizations to implement a statewide strategy to eliminate viral hepatitis types A, B, and C in Hawaii.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Island HIV/AIDS Foundation, Times Pharmacy, Hawaii Health & Harm Reduction Center, Hep Free Hawaii, Hawai'i Public Health Association, and numerous individuals.

Your Committee finds that viral hepatitis types B and C have been linked to cirrhosis and liver cancer, diseases that affect the State's residents at disproportionately high rates. Approximately sixty-three thousand people in Hawaii are living with some type of viral hepatitis, many of whom may be unaware that they are infected. Populations that are more at-risk of developing viral hepatitis include indigenous people, incarcerated persons, veterans, those experiencing homelessness, those who are pregnant, African Americans, and members of the lesbian, gay, bisexual, transgender, and queer or questioning communities. Your Committee further finds that the State is currently engaged in proactive measures to eliminate viral hepatitis in underserved and at-risk communities through a variety of services, such as expanding Med-QUEST coverage, offering syringe service programs, identifying and supporting foreign-born women and families at high risk of contracting hepatitis B, and immunizing homeless communities against hepatitis A.

Your Committee has amended this measure by:

- (1) Requesting the House Committee on Health, Human Services, and Homelessness and Senate Committee on Health to convene a second informational briefing before the start of the Regular Session of 2022 at which the Executive Director of Hep Free Hawaii is urged to offer proposed legislation for the Regular Session of 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 59, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 59, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1296 Health, Human Services, & Homelessness on H.R. No. 138

The purpose of this measure is to request that the Department of Health, via the Behavioral Risk Factor Surveillance System, and the Department of Education, via the Youth Risk Behavior Surveillance System, collect information on the sex, sexual orientation, and gender identity and gender expression of respondents.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network, Hawaii Health & Harm Reduction Center, AF3IRM Hawai'i, Planned Parenthood Votes Northwest and Hawaii, The Trevor Project, and twelve individuals.

Your Committee finds that data published by the Department of Health indicates that lesbian, gay, bisexual, transgender, or queer or questioning children and youth in Hawaii have higher rates of isolation, depression, suicidal ideations or attempts, substance use and misuse, homelessness, and sexual and intimate partner violence. Your Committee further finds that the Youth Risk Behavior Surveillance System is a joint effort by the Departments of Health and Education for the monitoring of the health of Hawaii's youth population and that data collected by the Youth Risk Behavior Surveillance System on the sex, sexual orientation, and gender identity and gender expression of respondents will be invaluable in maintaining the health and needs of the State's lesbian, gay, bisexual, transgender, or queer or questioning children and youth.

Your Committee has amended this measure by:

- (1) Inserting language recognizing that lesbian, gay, bisexual, transgender, queer or questioning, and intersex youth, particularly those of color, are historically overrepresented in juvenile detention and correctional facilities in the juvenile system;
- (2) Inserting language requesting that the Department of Human Services be included in the data collection on the sex, sexual orientation, and gender identity and gender expression of respondents;
- (3) Inserting language requesting that the data collected include the sex, sexual orientation, gender identity and gender expression of respondents who are under the supervision of the courts and the Hawaii Youth Correctional Facility;
- (4) Inserting language requesting that the Department of Public Safety work with the Sexual and Gender Minority Workgroup within the Department of Health to ensure that the data collected is administered in accordance with lesbian, gay, bisexual, transgender, queer or questioning, and intersex data collection best practices;
- (5) Changing its title to read, "REQUESTING THE DEPARTMENT OF HUMAN SERVICES; DEPARTMENT OF HEALTH, VIA THE BEHAVIORAL RISK FACTOR SURVEILLANCE SYSTEM; AND DEPARTMENT OF EDUCATION, VIA THE YOUTH RISK BEHAVIOR SURVEILLANCE SYSTEM, TO COLLECT INFORMATION ON THE SEX, SEXUAL ORIENTATION, AND GENDER IDENTITY AND GENDER EXPRESSION OF RESPONDENTS, INCLUDING RESPONDENTS WHO ARE UNDER THE SUPERVISION OF THE COURTS AND THE HAWAII YOUTH CORRECTIONAL FACILITY."; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 138, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 138, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1297 Health, Human Services, & Homelessness on H.C.R. No. 162

The purpose of this measure is to request that the Department of Health, via the Behavioral Risk Factor Surveillance System, and the Department of Education, via the Youth Risk Behavior Surveillance System, collect information on the sex, sexual orientation, and gender identity and gender expression of respondents.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network, Hawaii Health & Harm Reduction Center, LGBT Caucus of the Democratic Party of Hawai'i, Planned Parenthood Votes Northwest and Hawaii, and fourteen individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that data published by the Department of Health indicates that lesbian, gay, bisexual, transgender, or queer or questioning children and youth in Hawaii have higher rates of isolation, depression, suicidal ideations or attempts, substance use and misuse, homelessness, and sexual and intimate partner violence. Your Committee further finds that the Youth Risk Behavior Surveillance System is a joint effort by the Departments of Health and Education for the monitoring of the health of Hawaii's youth population and that data collected by the Youth Risk Behavior Surveillance System on the sex, sexual orientation, and gender identity and gender expression of respondents will be invaluable in maintaining the health and needs of the State's lesbian, gay, bisexual, transgender, or queer or questioning children and youth.

Your Committee has amended this measure by:

- (1) Inserting language recognizing that lesbian, gay, bisexual, transgender, queer or questioning, and intersex youth, particularly those of color, are historically overrepresented in juvenile detention and correctional facilities in the juvenile system;
- (2) Inserting language requesting that the Department of Human Services be included in the data collection on the sex, sexual orientation, and gender identity and gender expression of respondents;
- (3) Inserting language requesting that the data collected include the sex, sexual orientation, gender identity and gender expression of respondents who are under the supervision of the courts and the Hawaii Youth Correctional Facility;
- (4) Inserting language requesting that the Department of Public Safety work with the Sexual and Gender Minority Workgroup within the Department of Health to ensure that the data collected is administered in accordance with lesbian, gay, bisexual, transgender, queer or questioning, and intersex data collection best practices;
- (5) Changing its title to read, "REQUESTING THE DEPARTMENT OF HUMAN SERVICES; DEPARTMENT OF HEALTH, VIA THE BEHAVIORAL RISK FACTOR SURVEILLANCE SYSTEM; AND DEPARTMENT OF EDUCATION, VIA THE YOUTH RISK BEHAVIOR SURVEILLANCE SYSTEM, TO COLLECT INFORMATION ON THE SEX, SEXUAL ORIENTATION, AND GENDER IDENTITY AND GENDER EXPRESSION OF RESPONDENTS, INCLUDING RESPONDENTS WHO ARE UNDER THE SUPERVISION OF THE COURTS AND THE HAWAII YOUTH CORRECTIONAL FACILITY."; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 162, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 162, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1298 Water & Land on H.R. No. 139

The purpose of this measure is to request the Board of Land and Natural Resources to enter into a long-term water lease with the Wai'oli Valley Taro Hui for their existing use of water from Wai'oli Stream via direct negotiation, upon completion of the environmental impact statement process.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Mayor of the County of Kaua'i, a member of the Kaua'i County Council, Hanalei Watershed Hui, National Tropical Botanical Garden, Po'ai Wai Ola/West Kauai Watershed Alliance, Wai'oli Valley Taro Hui, Hanalei Hawaiian Civic Club, Sierra Club of Hawai'i, Hawaiian Islands Land Trust dba Hawai'i Land Trust, The Waipā Foundation, and numerous individuals.

Your Committee finds that the traditional and customary practice of kalo cultivation in Wai'oli Valley deserves protection. Your Committee further finds that the Board of Land and Natural Resources, in unanimously approving a perpetual easement for the Wai'oli Valley Taro Hui to continue to use and maintain its traditional lo'i kalo irrigation system, demonstrated its support for the Hui's stewardship and traditional and sustainable practices. Your Committee also finds that the Department of Land and Natural Resources is continuing to work with the Hui to complete the water leasing process pursuant to section 171-58, Hawaii Revised Statutes, which requires among other conditions, prior authorization of the Legislature by concurrent resolution.

Your Committee has amended this measure by:

- (1) Amending its title to read, "REQUESTING THE BOARD OF LAND AND NATURAL RESOURCES TO ENTER INTO A LONG-TERM WATER LEASE WITH WAI'OLI VALLEY TARO HUI FOR THE HUI'S EXISTING USE OF WATER FROM WAI'OLI STREAM VIA DIRECT NEGOTIATION, UPON COMPLETION OF THE REQUIREMENTS OF CHAPTER 343, HAWAII REVISED STATUTES."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 139, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 139, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1299 Water & Land on H.C.R. No. 163

The purpose of this measure is to request the Board of Land and Natural Resources to enter into a long-term water lease with the Wai'oli Valley Taro Hui for their existing use of water from Wai'oli Stream via direct negotiation, upon completion of the environmental impact statement process.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Mayor of the County of Kaua'i, a member of the Kaua'i County Council, Hanalei Watershed Hui, National Tropical Botanical Garden, Po'ai Wai Ola/West Kauai Watershed Alliance, Wai'oli Valley Taro Hui, Hanalei Hawaiian Civic Club, Sierra Club of Hawai'i, Hawaiian Islands Land Trust dba Hawai'i Land Trust, The Waipā Foundation, and numerous individuals.

Your Committee finds that the traditional and customary practice of kalo cultivation in Wai'oli Valley deserves protection. Your Committee further finds that the Board of Land and Natural Resources, in unanimously approving a perpetual easement for the Wai'oli Valley Taro Hui to continue to use and maintain its traditional lo'i kalo irrigation system, demonstrated its support for the Hui's stewardship and traditional and sustainable practices. Your Committee also finds that the Department of Land and Natural Resources is continuing to work with the Hui to complete the water leasing process pursuant to section 171-58, Hawaii Revised Statutes, which requires among other conditions, prior authorization of the Legislature by concurrent resolution.

Your Committee has amended this measure by:

- (1) Amending its title to read, "REQUESTING THE BOARD OF LAND AND NATURAL RESOURCES TO ENTER INTO A LONG-TERM WATER LEASE WITH WAI'OLI VALLEY TARO HUI FOR THE HUI'S EXISTING USE OF WATER FROM WAI'OLI STREAM VIA DIRECT NEGOTIATION, UPON COMPLETION OF THE REQUIREMENTS OF CHAPTER 343, HAWAII REVISED STATUTES."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 163, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 163, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1300 Water & Land on H.R. No. 85

The purpose of this measure is to request that the Legislative Reference Bureau, in collaboration with the Department of Land and Natural Resources and University of Hawaii, develop a plan to establish a state geological survey in Hawaii.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and School of Ocean and Earth Science and Technology of the University of Hawaii at Mānoa. Your Committee received comments on this measure from the Office of Planning.

Your Committee finds that Hawaii is the only state in the nation without a geological survey and is one of only two states in the nation that has never received federal funds to perform geological studies. Your Committee further finds that a state geological survey in Hawaii would unify the State's mapping capability, make Hawaii eligible to compete for applicable federal funds, and provide a broader range of geological information for the public and state decisionmakers to use in mitigation and management planning.

Your Committee has amended this measure by:

- (1) Amending its title to read, "REQUESTING THE OFFICE OF PLANNING, IN COLLABORATION WITH VARIOUS AGENCIES, TO DEVELOP A PLAN TO ESTABLISH A STATE GEOLOGICAL SURVEY IN HAWAII.";

- (2) Requesting the Office of Planning, rather than the Legislative Reference Bureau, to develop a plan to establish a state geological survey in Hawaii;
- (3) Adding language that would enable the Office of Planning to collaborate with the Hawaii Emergency Management Agency, Department of Transportation, and the appropriate county planning departments and emergency management agencies when developing the plan;
- (4) Directing the Legislative Reference Bureau, upon request of the Office of Planning, to assist in the preparation of any proposed legislation that may be required to implement the Office of Planning's findings and recommendations;
- (5) Specifying that the Office of Planning is requested to submit a report of its findings and recommendations, including any proposed legislation, no later than twenty days prior to the convening of the Regular Session of 2023; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 85, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 85, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1301 Water & Land on H.C.R. No. 102

The purpose of this measure is to request that the Legislative Reference Bureau, in collaboration with the Department of Land and Natural Resources and University of Hawaii, develop a plan to establish a state geological survey in Hawaii.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and School of Ocean and Earth Science and Technology of the University of Hawaii at Mānoa. Your Committee received comments on this measure from the Legislative Reference Bureau and Office of Planning.

Your Committee finds that Hawaii is the only state in the nation without a geological survey and is one of only two states in the nation that has never received federal funds to perform geological studies. Your Committee further finds that a state geological survey in Hawaii would unify the State's mapping capability, make Hawaii eligible to compete for applicable federal funds, and provide a broader range of geological information for the public and state decisionmakers to use in mitigation and management planning.

Your Committee has amended this measure by:

- (1) Amending its title to read, "REQUESTING THE OFFICE OF PLANNING, IN COLLABORATION WITH VARIOUS AGENCIES, TO DEVELOP A PLAN TO ESTABLISH A STATE GEOLOGICAL SURVEY IN HAWAII.";
- (2) Requesting the Office of Planning, rather than the Legislative Reference Bureau, to develop a plan to establish a state geological survey in Hawaii;
- (3) Adding language that would enable the Office of Planning to collaborate with the Hawaii Emergency Management Agency, Department of Transportation, and the appropriate county planning departments and emergency management agencies when developing the plan;
- (4) Directing the Legislative Reference Bureau, upon request of the Office of Planning, to assist in the preparation of any proposed legislation that may be required to implement the Office of Planning's findings and recommendations;
- (5) Specifying that the Office of Planning is requested to submit a report of its findings and recommendations, including any proposed legislation, no later than twenty days prior to the convening of the Regular Session of 2023; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 102, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 102, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1302 Water & Land on H.R. No. 95

The purpose of this measure is to urge the Department of Agriculture, Department of Health, and Department of Land and Natural Resources to develop and implement a mosquito control program using *Wolbachia* bacteria to reduce mosquito-borne diseases and mosquito population levels throughout the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Health, Coordinating Group on Alien Pest Species, and The Nature Conservancy Hawai'i.

Your Committee finds that mosquito-borne diseases, including the Zika virus, West Nile virus, Chikungunya virus, dengue fever, and avian malaria, are spread through the bite of an infected mosquito and that the control of mosquito populations throughout Hawaii is, therefore, necessary to protect the health and well-being of the State's residents and animals. Your Committee further finds that *Wolbachia* is a naturally occurring bacteria present in a high percentage of all insects and has been used successfully around the world in suppressing populations of pest mosquitoes.

Your Committee has amended this measure by:

- (1) Amending its title to read: "URGING THE DEPARTMENT OF AGRICULTURE, DEPARTMENT OF HEALTH, DEPARTMENT OF LAND AND NATURAL RESOURCES, AND UNIVERSITY OF HAWAII TO DEVELOP AND IMPLEMENT A MOSQUITO CONTROL PROGRAM THAT USES WOLBACHIA BACTERIA TO REDUCE MOSQUITO POPULATION LEVELS THROUGHOUT THE STATE.";
- (2) Adding the University of Hawaii to the agencies being urged to develop and implement a mosquito control program using *Wolbachia* bacteria;
- (3) Adding the President of the University of Hawaii System to the list of recipients of certified copies of this measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 95, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 95, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1303 Water & Land on H.C.R. No. 119

The purpose of this measure is to urge the Department of Agriculture, Department of Health, and Department of Land and Natural Resources to develop and implement a mosquito control program using *Wolbachia* bacteria to reduce mosquito-borne diseases and mosquito population levels throughout the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Health, Hawai'i Farm Bureau, Coordinating Group on Alien Pest Species, American Bird Conservancy, The Nature Conservancy Hawai'i, and one individual. Your Committee received testimony in opposition to this measure from the Department of Agriculture.

Your Committee finds that mosquito-borne diseases, including the Zika virus, West Nile virus, Chikungunya virus, dengue fever, and avian malaria, are spread through the bite of an infected mosquito and that the control of mosquito populations throughout Hawaii is, therefore, necessary to protect the health and well-being of the State's residents and animals. Your Committee further finds that *Wolbachia* is a naturally occurring bacteria present in a high percentage of all insects and has been used successfully around the world in suppressing populations of pest mosquitoes.

Your Committee has amended this measure by:

- (1) Amending its title to read: "URGING THE DEPARTMENT OF AGRICULTURE, DEPARTMENT OF HEALTH, DEPARTMENT OF LAND AND NATURAL RESOURCES, AND UNIVERSITY OF HAWAII TO DEVELOP AND IMPLEMENT A MOSQUITO CONTROL PROGRAM THAT USES WOLBACHIA BACTERIA TO REDUCE MOSQUITO POPULATION LEVELS THROUGHOUT THE STATE.";
- (2) Adding the University of Hawaii to the agencies being urged to develop and implement a mosquito control program using *Wolbachia* bacteria;
- (3) Adding the President of the University of Hawaii System to the list of recipients of certified copies of this measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 119, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 119, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1304 Water & Land on H.C.R. No. 131

The purpose of this measure is to request the establishment of a Burial Sites Working Group to review and recommend improvements to the Burial Sites Program within the State Historic Preservation Division.

Your Committee received testimony in support of this measure from six individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Ka Lāhui Hawai'i Kōmike Kalai'āina, and two individuals.

Your Committee finds that leaders of the Island Burial Councils have criticized the State for mismanagement of the Burial Sites Program, and many within the Native Hawaiian community have expressed frustration over inaction by the State Historic Preservation Division. Your Committee also finds that a Burial Sites Working Group could provide a mechanism to clarify issues, propose solutions, and improve the efficacy of the Burial Sites Program and the protections that it affords.

Your Committee has amended this measure by:

- (1) Adjusting the number of Native Hawaiian cultural practitioners to be selected for the working group by the President of the Senate and Speaker of the House of Representatives from two each to one each; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 131, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 131, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1305 Economic Development on H.R. No. 137

The purpose of this measure is to support and adopt the goals set forth in the Digital Equity Declaration that was adopted by the Broadband Hui.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Office of Hawaiian Affairs; AlohaCare; Hawai'i Primary Care Association; Broadband Hui; Economic Development Alliance of Hawaii; and one individual.

Your Committee finds that digital equity allows all Hawaii residents, keiki to kupuna, to have the information technology capacity to participate fully in the State's society, democratic process, and economy, including civics, social and cultural activities, employment, lifelong learning, and access to essential services. This measure addresses inequitable digital access in the State by supporting efforts to empower Hawaii residents with adequate broadband infrastructure and affordable high-quality broadband service.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 137, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 137, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1306 Economic Development on H.C.R. No. 161

The purpose of this measure is to support and adopt the goals set forth in the Digital Equity Declaration that was adopted by the Broadband Hui.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of

Education; Office of Hawaiian Affairs; AlohaCare; Hawai'i Primary Care Association; Broadband Hui; Economic Development Alliance of Hawaii; and one individual.

Your Committee finds that digital equity allows all Hawaii residents, keiki to kupuna, to have the information technology capacity to participate fully in the State's society, democratic process, and economy, including civics, social and cultural activities, employment, lifelong learning, and access to essential services. This measure addresses inequitable digital access in the State by supporting efforts to empower Hawaii residents with adequate broadband infrastructure and affordable high-quality broadband service.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 161, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 161, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1307 Economic Development on H.R. No. 69

The purpose of this measure is to urge the Department of Business, Economic Development, and Tourism to establish a Job Corps Program to help address unemployment impacts of the COVID-19 pandemic and support economic diversification.

Your Committee received testimony in support of this measure from Kupu and Young Democrats of Hawai'i. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and Workforce Development Council.

Your Committee finds that tourism, the State's largest industry, has dropped considerably because of the COVID-19 pandemic, providing a unique opportunity to build a more resilient, equitable, and diversified economy. Establishing a Job Corps Program in the State would provide residents of all ages who have been economically impacted by the COVID-19 pandemic with opportunities to learn new skills and increase their prospects of employment within resiliency and green sectors, including local agriculture, conservation, climate adaptation, renewable energy, cesspool conversion, and technology.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 69, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 69, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1308 Economic Development on H.R. No. 114

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to commission the development of evidence-based research and a policy framework to guide decision-making on gambling-related issues.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that as the State looks to diversify its economy and address budget shortfalls, legalized gambling is a recurrent idea to address these issues. To achieve a more productive discourse on whether Hawaii should pursue legalized gambling, research on relevant public health and safety concerns is necessary to guide decision-making on gaming-related issues.

Your Committee has amended this measure by:

- (1) Requesting the Legislative Reference Bureau, rather than the Department of Business, Economic Development, and Tourism, to conduct a study on relevant public health and safety concerns to guide decision-making on gaming-related issues;
- (2) Deleting provisions that would have requested and outlined the development of a policy framework to guide decision-making on gambling-related issues;
- (3) Specifying the scope of the research to be conducted by the Legislative Reference Bureau by deleting certain areas of interest and including research on the impact of public health and safety in the surrounding communities;
- (4) Deleting provisions that requested that the research be funded by a dedicated and protected revenue stream;
- (5) Amending its title to read "REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO CONDUCT A STUDY ON RELEVANT PUBLIC HEALTH AND SAFETY CONCERNS TO GUIDE DECISION-MAKING ON GAMING-RELATED ISSUES";
- (6) Transmitting a certified copy of the resolution to the Director of the Legislative Reference Bureau, rather than the Director of Business, Economic Development, and Tourism; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 114, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 114, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1309 Economic Development on H.C.R. No. 134

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to commission the development of evidence-based research and a policy framework to guide decision-making on gambling-related issues.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that as the State looks to diversify its economy and address budget shortfalls, legalized gambling is a recurrent idea to address these

issues. To achieve a more productive discourse on whether Hawaii should pursue legalized gambling, research on relevant public health and safety concerns is necessary to guide decision-making on gaming-related issues.

Your Committee has amended this measure by:

- (1) Requesting the Legislative Reference Bureau, rather than the Department of Business, Economic Development, and Tourism, to conduct a study on relevant public health and safety concerns to guide decision-making on gaming-related issues;
- (2) Deleting provisions that would have requested and outlined the development of a policy framework to guide decision-making on gambling-related issues;
- (3) Specifying the scope of the research to be conducted by the Legislative Reference Bureau by deleting certain areas of interest and including research on the impact of public health and safety in the surrounding communities;
- (4) Deleting provisions that requested that the research be funded by a dedicated and protected revenue stream;
- (5) Amending its title to read "REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO CONDUCT A STUDY ON RELEVANT PUBLIC HEALTH AND SAFETY CONCERNS TO GUIDE DECISION-MAKING ON GAMING-RELATED ISSUES";

- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 134, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 134, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1310 Economic Development on H.R. No. 117

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to compile a short list of Fortune 500 companies that could potentially relocate to the State.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the effects of the COVID-19 pandemic and resulting job losses in the tourism sector of the economy have demonstrated the urgent need for business diversification in the State. Because many jobs and businesses can be done from virtually anywhere with an internet connection, there are many reasons for a company to relocate to Hawaii. This measure would identify incentives for companies to relocate to Hawaii as a means of luring well-paying jobs and investment to the State.

Your Committee has amended this measure by:

- (1) Inserting language that requests the Department of Business, Economic Development, and Tourism to submit a report to the Legislature twenty days prior to the convening of the Regular Session of 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 117, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 117, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1311 Economic Development on H.C.R. No. 137

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to compile a short list of Fortune 500 companies that could potentially relocate to the State.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the effects of the COVID-19 pandemic and resulting job losses in the tourism sector of the economy have demonstrated the urgent need for business diversification in the State. Because many jobs and businesses can be done from virtually anywhere with an internet connection, there are many reasons for a company to relocate to Hawaii. This measure would identify incentives for companies to relocate to Hawaii as a means of luring well-paying jobs and investment to the State.

Your Committee has amended this measure by:

- (1) Inserting language that requests the Department of Business, Economic Development, and Tourism to submit a report to the Legislature twenty days prior to the convening of the Regular Session of 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 137, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 137, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1312 Housing on H.C.R. No. 167

The purpose of this measure is to request the Office of Planning to convene a Multi-Agency Affordable Housing Task Force to review affordable sales guidelines in Hawaii and other high-cost areas to determine a methodology for setting realistic sales prices for affordable housing in the State.

Your Committee received testimony in support of this measure from the Hawaii Community Development Authority and two individuals. Your Committee

received comments on this measure from the Office of Planning and Hawaii Housing Finance and Development Corporation.

Your Committee finds that there is a severe shortage of affordable homes in the State. Your Committee also finds that the affordability crisis is attributed in large part to the fact that incomes have not kept pace with housing costs. Your Committee further finds that if the State and counties want to provide for-sale homes that residents can afford on typical wages earned in Hawaii, the definition of affordable sales prices needs to more accurately reflect what households in the State can realistically afford.

Your Committee further finds that the State, counties, and various housing agencies use different methodologies to define affordable sales prices, which creates confusion among consumers. Exploring how affordable sales guidelines are calculated in the State and determining a uniform definition of affordable housing in the State will encourage potential homeowners to plan and obtain assistance with purchasing a home.

Your Committee has amended this measure by:

- (1) Amending the requested responsibilities of the Multi-Agency Affordable Housing Task Force to:
 - (A) Include exploring how affordable sales guidelines are calculated in Hawaii; and
 - (B) Remove the request for the task force to determine a uniform methodology for setting sales prices for affordable housing and generate a report regarding best practices and policies from other high-cost areas;
- (2) Requesting the Executive Director of the Hawaii Housing Finance and Development Corporation to serve as chairperson of the task force;
- (3) Removing the request for the Office of Planning to provide administrative support for the task force;
- (4) Requesting that the task force submit its report to the Legislature twenty days prior to the convening of the Regular Session of 2023, rather than 2022;
- (5) Changing the title to read: "REQUESTING THE HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION TO CONVENE A MULTI-AGENCY AFFORDABLE HOUSING TASK FORCE TO DETERMINE A UNIFORM DEFINITION OF AFFORDABLE HOUSING IN THE STATE.";
- (6) Requesting that certified copies of this measure be transmitted to the county mayors and Director of the Hawaii Budget & Policy Center; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 167, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 167, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1313 Housing on H.R. No. 125

The purpose of this measure is to request that the Legislative Reference Bureau conduct a study regarding affordable housing in the County of Maui and submit a report to the Legislature.

Your Committee did not receive any testimony on this measure.

Your Committee finds that the shortage of available housing in the State continues to worsen as the demand for affordable housing continues to outpace supply. Your Committee further finds that the State's housing problem varies by county. Although the housing shortage, particularly the availability of affordable housing, is a statewide problem, your Committee noted at its public hearing that the need for housing is of particularly great concern in rural areas such as Lanai and Molokai.

As such, your Committee has amended this measure by:

- (1) Requesting the Hawaii Housing Finance and Development Corporation, rather than the Legislative Reference Bureau, to conduct a study or prepare a report with existing data regarding affordable housing and report to the Legislature prior to the convening of the Regular Session of 2022;
- (2) Narrowing the scope of the study or report to Lanai and Molokai, rather than the County of Maui, and amending the contents of the request for the study or report;
- (3) Amending the title to read, "REQUESTING THE HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION TO CONDUCT A STUDY OR PREPARE A REPORT WITH EXISTING DATA REGARDING AFFORDABLE HOUSING ON LANAI AND MOLOKAI."; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 125, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 125, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1314 Housing on H.C.R. No. 149

The purpose of this measure is to request that the Legislative Reference Bureau conduct a study regarding affordable housing in the County of Maui and submit a report to the Legislature.

Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that the shortage of available housing in the State continues to worsen as the demand for affordable housing continues to outpace supply. Your Committee further finds that the State's housing problem varies by county. Although the housing shortage, particularly the availability of affordable housing, is a statewide problem, your Committee noted during discussions at its public hearing that the need for housing is of particularly great concern in rural areas such as Lanai and Molokai.

As such, your Committee has amended this measure by:

- (1) Requesting the Hawaii Housing Finance and Development Corporation, rather than the Legislative Reference Bureau, to conduct a study or prepare a report with existing data regarding affordable housing and report to the Legislature prior to the convening of the Regular Session of 2022;

- (2) Narrowing the scope of the study or report to Lanai and Molokai, rather than the County of Maui, and amending the contents of the request for the study or report;
- (3) Amending the title to read, "REQUESTING THE HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION TO CONDUCT A STUDY OR PREPARE A REPORT WITH EXISTING DATA REGARDING AFFORDABLE HOUSING ON LANAI AND MOLOKAI."; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 149, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 149, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1315 Economic Development on H.R. No. 35

The purpose of this measure is to urge United States President Joseph R. Biden, Jr., and the Asia-Pacific Economic Cooperation to hold the 2023 Asia-Pacific Economic Cooperation Summit in Honolulu, Hawaii.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority.

Your Committee finds that the Asia-Pacific Economic Cooperation is the premier forum for facilitating free trade, economic growth, and investment cooperation in the Asia-Pacific region. This measure would urge the Asia-Pacific Economic Cooperation to host its annual conference in Honolulu, Hawaii, which would result in immediate growth in business activity in the State and may also establish a positive reputation for Hawaii as a place to facilitate other global diplomatic conferences.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 35 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1316 Economic Development on H.C.R. No. 44

The purpose of this measure is to urge United States President Joseph R. Biden, Jr., and the Asia-Pacific Economic Cooperation to hold the 2023 Asia-Pacific Economic Cooperation Summit in Honolulu, Hawaii.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority.

Your Committee finds that the Asia-Pacific Economic Cooperation is the premier forum for facilitating free trade, economic growth, and investment cooperation in the Asia-Pacific region. This measure would urge the Asia-Pacific Economic Cooperation to host its annual conference in Honolulu, Hawaii, which would result in immediate growth in business activity in the State and may also establish a positive reputation for Hawaii as a place to facilitate other global diplomatic conferences.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 44 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1317 Water & Land/Judiciary & Hawaiian Affairs on H.R. No. 64

The purpose of this measure is to request the Department of Land and Natural Resources to convene a working group to assess the status of Act 14, Session Laws of Hawaii 1995 (Act 14), which was intended to provide for a full settlement of all land claims made on behalf of the Hawaiian Home Lands Trust against the State between August 21, 1959, and July 1, 1988.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs, Sovereign Council of Hawaiian Homestead Associations, Association of Hawaiians for Homestead Lands, a member of the Kauai County Council, and two individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources, Department of Hawaiian Home Lands, and Office of Planning.

Your Committees find that this measure offers a common-sense approach to trying to resolve an issue that has persisted for over twenty-five years. Given the length of time that has elapsed since the enactment of Act 14, your Committees urge the working group to focus on actions rather than meetings, with the goal of full implementation of all requirements of Act 14.

As affirmed by the records of votes of the members of your Committees on Water & Land and Judiciary & Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 64 and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.
Water & Land: Ayes, 5; Ayes with Reservations (B. Kobayashi). Noes, 1 (Ganaden). Excused, 2 (Morikawa, McDermott).
Judiciary & Hawaiian Affairs: Ayes, 9. Noes, none. Excused, 3 (D. Kobayashi, Lowen, Nakamura).

SCRep. 1318 Water & Land/Judiciary & Hawaiian Affairs on H.C.R. No. 76

The purpose of this measure is to request the Department of Land and Natural Resources to convene a working group to assess the status of Act 14, Session Laws of Hawaii 1995 (Act 14), which was intended to provide for a full settlement of all land claims made on behalf of the Hawaiian Home Lands Trust against the State between August 21, 1959, and July 1, 1988.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs, Sovereign Council of Hawaiian Homestead Associations, Association of Hawaiians for Homestead Lands, a member of the Kauai County Council, and three individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources, Department of Hawaiian Home Lands, Office of Planning, and one individual.

Your Committees find that this measure offers a common-sense approach to trying to resolve an issue that has persisted for over twenty-five years. Given the length of time that has elapsed since the enactment of Act 14, your Committees urge the working group to focus on actions rather than meetings, with the goal of full implementation of all requirements of Act 14.

As affirmed by the records of votes of the members of your Committees on Water & Land and Judiciary & Hawaiian Affairs that are attached to this report,

your Committees concur with the intent and purpose of H.C.R. No. 76 and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 5; Ayes with Reservations (B. Kobayashi). Noes, 1 (Ganaden). Excused, 2 (Morikawa, McDermott).

Judiciary & Hawaiian Affairs: Ayes, 9. Noes, none. Excused, 3 (D. Kobayashi, Lowen, Nakamura).

SCRep. 1319 Energy & Environmental Protection on H.R. No. 65

The purpose of this measure is to request the Department of Health Environmental Management Division to conduct a study on the benefits and costs to implement extended producer responsibility in the State.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i, American Beverage Association, Hawaii Reef and Ocean Coalition, Zero Waste Oahu, and one individual.

Your Committee finds that the high cost of recycling and the narrowing market for recyclable materials present an opportunity to pivot away from a reliance on individual recycling and toward a model that places more responsibility for the end-of-life management on the producer. This measure will explore the statewide benefits and costs of requiring producers to be responsible for the environmental and public health costs of their products to encourage better design for products and systems that reduce waste at the source and promote the reuse of more waste materials.

Your Committee notes the importance of considering possible sources of funding for the study, including the Deposit Beverage Container Deposit Special Fund and Environmental Management Special Fund.

Your Committee has amended this measure by changing the amount requested to be used by the Department of Health Environmental Management Division for the purposes of the study from \$125,000 to \$150,000.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 65, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 65, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1320 Energy & Environmental Protection on H.C.R. No. 77

The purpose of this measure is to request the Department of Health Environmental Management Division to conduct a study on the benefits and costs to implement extended producer responsibility in the State.

Your Committee received testimony in support of this measure from the Department of Health, Environmental Caucus of the Democratic Party of Hawai'i, American Beverage Association, Hawaii Reef and Ocean Coalition, Zero Waste Oahu, and one individual.

Your Committee finds that the high cost of recycling and the narrowing market for recyclable materials present an opportunity to pivot away from a reliance on individual recycling and toward a model that places more responsibility for the end-of-life management on the producer. This measure will explore the statewide benefits and costs of requiring producers to be responsible for the environmental and public health costs of their products to encourage better design for products and systems that reduce waste at the source and promote the reuse of more waste materials.

Your Committee notes the importance of considering possible sources of funding for the study, including the Deposit Beverage Container Deposit Special Fund and Environmental Management Special Fund.

Your Committee has amended this measure by changing the amount requested to be used by the Department of Health Environmental Management Division for the purposes of the study from \$125,000 to \$150,000.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 77, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 77, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1321 Energy & Environmental Protection on H.R. No. 155

The purpose of this measure is to urge state law enforcement entities, including the Department of the Attorney General, Sheriff Division of the Department of Public Safety, and Harbors Division of the Department of Transportation, to collaborate with the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources to support its mission in this time of need.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Public Safety.

Your Committee finds that the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources is responsible for enforcement activities of the Department, including enforcement of all state laws and rules involving state lands, state parks, historic sites, forest reserves, aquatic life, wildlife areas, coastal zones, conservation districts, and state shores, as well as county ordinances involving county parks. However, because the Division of Conservation and Resources Enforcement is understaffed, there is a lack of enforcement presence to deter illegal activity. This measure would encourage collaboration among state law enforcement entities to protect, conserve, and manage Hawaii's unique and limited natural, cultural, and historic resources.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 155 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1322 Energy & Environmental Protection on H.C.R. No. 186

The purpose of this measure is to urge state law enforcement entities, including the Department of the Attorney General, Sheriff Division of the Department of Public Safety, and Harbors Division of the Department of Transportation, to collaborate with the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources to support its mission in this time of need.

Your Committee received testimony in support of this measure from five individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Public Safety, Department of Transportation, and one individual.

Your Committee finds that the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources is responsible for enforcement activities of the Department, including enforcement of all state laws and rules involving state lands, state parks, historic sites, forest reserves, aquatic life, wildlife areas, coastal zones, conservation districts, and state shores, as well as county ordinances involving county parks. However, because the Division of Conservation and Resources Enforcement is understaffed, there is a lack of enforcement presence to deter illegal activity. This measure would encourage collaboration among state law enforcement entities to protect, conserve, and manage Hawaii's unique and limited natural, cultural, and historic resources.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 186 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1323 Energy & Environmental Protection on H.R. No. 20

The purpose of this measure is to urge the Department of Health's Environmental Management Division to ensure that destinations to which the State's recyclable waste is transported for out-of-state processing abide by the environmental standards as outlined by the Basel Convention.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i, Hawaii Food Industry Association, American Chemistry Council, and one individual.

Your Committee finds that much of the recyclable waste that is shipped to United States destinations from Hawaii is subsequently sent overseas for end-of-life processing, where it is often handled in a manner that causes harm to human health and local environments. This measure would ensure that the State's recyclable waste is processed in a manner that aligns with certain health and safety standards.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 20 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1324 Energy & Environmental Protection on H.C.R. No. 27

The purpose of this measure is to urge the Department of Health's Environmental Management Division to ensure that destinations to which the State's recyclable waste is transported for out-of-state processing abide by the environmental standards as outlined by the Basel Convention.

Your Committee received testimony in support of this measure from the Department of Health, Environmental Caucus of the Democratic Party of Hawai'i, Hawaii Food Industry Association, American Chemistry Council, and two individuals.

Your Committee finds that much of the recyclable waste that is shipped to United States destinations from Hawaii is subsequently sent overseas for end-of-life processing, where it is often handled in a manner that causes harm to human health and local environments. This measure would ensure that the State's recyclable waste is processed in a manner that aligns with certain health and safety standards.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 27 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1325 Energy & Environmental Protection on H.R. No. 55

The purpose of this measure is to declare a climate emergency and request statewide collaboration toward an immediate just transition and emergency mobilization effort to restore a safe climate.

Your Committee received testimony in support of this measure from the Office of Planning, two members of the Hawai'i County Council, one member of the Maui County Council, Hawai'i Youth Climate Coalition, Sustainable Energy Hawai'i, Climate Protectors Hawaii, Citizens' Climate Lobby Hawaii, Big Island Electric Vehicle Association, Hawaii Electric Vehicle Association, Kauai Climate Action Coalition, Environmental Caucus of the Democratic Party of Hawai'i, Our Revolution Hawaii, Foresight/Policy Analysis, 350Hawaii.org, Surfrider Foundation Hawai'i Region, Hawai'i Alliance for Progressive Action, Kaua'i Women's Caucus, Climate Protectors Coalition, Zero Waste Kaua'i, Hawaii Reef and Ocean Coalition, Pono Hawai'i Initiative, HI Strikes Back, Surfrider Foundation Kaua'i, Mālama Kaua'i, Community Coalition Kaua'i, Wailua-Kapa'a Neighborhood Association, The Climate Mobilization, Environmental Justice Task Force of Faith Action for Community Equity, and numerous individuals. Your Committee received comments on this measure from the Hawaiian Electric Company, Hawaii Clean Power Alliance, and Hawai'i Gas.

Your Committee finds that the rise in the average global air temperature has resulted in larger and stronger hurricanes, increased drought and flooding, shifting rain patterns, more and larger wildfires, a hotter and more acidic ocean, and damaged ecosystems, both marine and terrestrial, across the planet. This measure highlights the urgency and importance of statewide collaboration to mitigate the effects of climate change in the State.

Your Committee has amended this measure by:

- (1) Deleting certain provisions relating to the requested climate mitigation adaptation efforts to restore a safe climate; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 55, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 55, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1326 Energy & Environmental Protection on H.C.R. No. 67

The purpose of this measure is to declare a climate emergency and request statewide collaboration toward an immediate just transition and emergency

mobilization effort to restore a safe climate.

Your Committee received testimony in support of this measure from the Office of Planning, two members of the Hawai'i County Council, one member of the Maui County Council, Climate Protectors Hawaii, Clean the Pacific, Hawai'i Youth Climate Coalition, Sustainable Energy Hawai'i, Citizens' Climate Lobby Hawaii, Big Island Electric Vehicle Association, Hawaii Electric Vehicle Association, Kauai Climate Action Coalition, Environmental Caucus of the Democratic Party of Hawai'i, Malu 'Aina, Our Revolution Hawaii, Foresight/Policy Analysis, 350Hawaii.org, Surfrider Foundation Hawai'i Region, Hawai'i Alliance for Progressive Action, Kaua'i Women's Caucus, Climate Protectors Coalition, Zero Waste Kaua'i, Hawaii Reef and Ocean Coalition, Pono Hawai'i Initiative, HI Strikes Back, Surfrider Foundation Kaua'i, Mālama Kaua'i, Community Coalition Kaua'i, Wailua-Kapa'a Neighborhood Association, The Climate Mobilization, Environmental Justice Task Force of Faith Action for Community Equity, and numerous individuals. Your Committee received comments on this measure from the Hawaiian Electric Company, Hawaii Clean Power Alliance, and Hawai'i Gas.

Your Committee finds that the rise in the average global air temperature has resulted in larger and stronger hurricanes, increased drought and flooding, shifting rain patterns, more and larger wildfires, a hotter and more acidic ocean, and damaged ecosystems, both marine and terrestrial, across the planet. This measure highlights the urgency and importance of statewide collaboration to mitigate the effects of climate change in the State.

Your Committee has amended this measure by:

- (1) Deleting certain provisions relating to the requested climate mitigation adaptation efforts to restore a safe climate; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 67, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 67, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1327 Judiciary & Hawaiian Affairs on H.C.R. No. 5

The purpose of this measure is to establish a Joint Committee on Judicial Selection and to have the Committee work with the Judicial Selection Commission and the Judiciary to create greater transparency within the Commission.

Your Committee received testimony in support of this measure from Kobayashi Sugita & Goda LLP. Your Committee received comments on this measure from the Legislative Reference Bureau and the Judiciary.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 5 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Nakamura).

SCRep. 1328 Judiciary & Hawaiian Affairs on H.R. No. 130

The purpose of this measure is to condemn racism towards Asians in light of the COVID-19 pandemic and to encourage federal, state, and local government support in developing solutions.

Your committee received testimony in support of this measure from Common Cause Hawaii, the Democratic Party of Hawaii Education Caucus, Imua Alliance, Planned Parenthood Votes Northwest and Hawaii, and three individuals.

Your committee hopes one day that resolutions like this will not be needed.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 130 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Nakamura).

SCRep. 1329 Judiciary & Hawaiian Affairs on H.C.R. No. 154

The purpose of this measure is to condemn racism towards Asians in light of the COVID-19 pandemic and to encourage federal, state, and local government support in developing solutions.

Your committee received testimony in support of this measure from Common Cause Hawaii, the Democratic Party of Hawaii Education Caucus, Imua Alliance, Hawaii Friends of Civil Rights, LGBT Caucus of the Democratic Party of Hawaii, Planned Parenthood Votes Northwest and Hawaii, and five individuals.

Your committee hopes one day that resolutions like this will not be needed.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 154 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Nakamura).

SCRep. 1330 Agriculture on S.B. No. 1387

The purpose of this measure is to require dog and cat owners to microchip their pets.

Your Committee received testimony in support of this measure from Poi Dogs & Popoki, American Bird Conservancy, Hawaii Association of Animal Welfare Agencies, and three individuals. Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Agriculture.

Your Committee finds that microchips are the safest, most accessible, and most affordable identification tool for pet owners. Microchipping pets can also bypass the need for animal control, save taxpayer money by eliminating the cost of intake and boarding of lost pets, and avoid additional stress on an owner and the pet during the period of separation.

Your Committee has amended this measure by:

- (1) Excluding from this measure animals that are being cared for as part of a designated population management program;
- (2) Excluding the Animal Quarantine Branch of the Department of Agriculture from the definition of "owner"; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1387, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1387, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1331 Transportation on S.B. No. 768

The purpose of this measure is to establish the Rental Car Modernization Task Force to develop a plan to ensure that electric vehicle charging infrastructure is installed to support a one hundred percent zero-emission rental motor vehicle fleet by 2035.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii State Energy Office, Ulupono Initiative, Hawaii Electric Vehicle Association, Big Island Electric Vehicle Association, Sustainable Energy Hawai'i, Climate Protectors Hawaii, Maui Metropolitan Planning Organization, KauaiEV, Think B.I.G, and six individuals. Your Committee received comments on this measure from the Avis Budget Group, Enterprise Holdings, and 350Hawaii.org.

Your Committee finds that in order for the State to achieve its clean energy goals in a timely manner, programs that support the implementation of environmentally friendly transportation options are necessary. While electric vehicles are essential to reduce Hawaii's dependence on fossil fuels, your Committee notes that the State is not equipped with the appropriate infrastructure to support a large number of electric vehicles in the State. Electric charging infrastructure will need to be installed in various parts of the State, including airports, hotels, and residences. Your Committee further finds that next to public vehicle fleets, rental motor vehicles represent the largest passenger vehicle fleets in Hawaii. Your Committee believes that modernizing the rental car industry to support a one hundred percent electric vehicle fleet will bring the State closer to achieving its goal of clean energy by 2045.

Your Committee has amended this measure by:

- (1) Changing the member of the Senate on the task force from the Chairperson of the Senate Transportation Committee to one member appointed by the President of the Senate;
- (2) Increasing the number of members representing the rental car industry on the task force from one to two;
- (3) Including on the task force one local or regional representative of an auto manufacturing company, as invited by the chairperson of the task force;
- (4) Changing the scope of the plan to determining the feasibility of installing, rather than ensuring the installation of, enough electric vehicle charging infrastructure to support a one hundred percent zero-emission rental motor vehicle fleet by 2035; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 768, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 768, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (DeCoite, Kitagawa).

SCRep. 1332 Transportation on S.B. No. 1212

The purpose of this measure is to amend registration requirements for motor carrier vehicles that have an outstanding federal out-of-service order.

Your Committee received testimony in support of this measure from the Department of Transportation and Hawaii Transportation Association.

Your Committee finds that some state programs relating to motor carrier safety are funded through federal grants, such as the Motor Carrier Safety Assistance Program. Your Committee further finds that in 2015, compliance with the Performance Registration Information Systems Management Program, which identifies motor carrier vehicles that are under a federal out-of-service order due to deficiencies found in a compliance review inspection, was made mandatory in order to continue receiving federal grant monies. This measure will allow the State to qualify under federal law and continue to receive grant money necessary for motor carrier safety programs.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2021; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1212, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1212, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kitagawa).

SCRep. 1333 Transportation on S.B. No. 1402

The purpose of this measure is to require the Department of Transportation to create motor vehicle, bicycle, and pedestrian highway and pathway networks.

Your Committee received testimony in support of this measure from the Department of Health; Department of Transportation; Office of Planning; Office of Hawaiian Affairs; American Heart Association; Waikiki Neighborhood Board; AARP Hawai'i; Environmental Justice Task Force of Faith Action for Community Equity; AlohaCare; Ulupono Initiative; Climate Protectors Hawaii; Hawai'i Public Health Institute; Maui Metropolitan Planning Organization; Blue Planet Foundation; People's Advocacy for Trails Hawaii; Hilo Bay Front Trails, Inc; Get Fit Kauai; Hawaii Bicycling League; and three individuals.

Your Committee finds that the establishment of separate motor vehicle, bicycle, and pedestrian highway and pathway networks throughout the State is an effective way to decrease the public's reliance on personal motor vehicles, reduce the cost of transportation, and improve public health. This measure will modernize Hawaii's ground transportation infrastructure by providing additional metrics, considerations, and assistance to the Department of Transportation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1402, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1402, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kitagawa).

SCRep. 1334 Labor & Tourism on S.B. No. 1270

The purpose of this measure is to replace the Director of Human Services with the Administrator of the Division of Vocational Rehabilitation, Department of Human Services, as an ex officio, voting member on the Workforce Development Council.

Your Committee received testimony in support of this measure from the Department of Human Services; Workforce Development Council; Oceanit Laboratories, Inc.; Hawaii Laborers-Employers Cooperation and Education Trust; Hawai'i Pacific Health; Nordic PCL Construction, Inc.; Kyo-ya Management Company, Ltd.; and one individual.

Your Committee finds that the change in membership of the State Workforce Development Council is needed to bring the composition of the Council into compliance with federal regulations, including a requirement that a representative of the State's Vocational Rehabilitation Program serve on the Council. Failure to amend the composition could result in the loss of over \$9,000,000 in federal funds.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1270 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1335 Corrections, Military, & Veterans on S.B. No. 1112

The purpose of this measure is to amend the minimum appointment eligibility requirements for the position of Adjutant General to a person who:

- (1) Holds or has held a commission of the rank of Colonel in the military with a grade of 06 or above or its equivalent;
- (2) Has served as a commissioned officer in one or more certain Army or Air Force components for at least ten years; and
- (3) Has no administrative actions preventing promotion to the rank of a General Officer in the military with a grade of 07 or 08.

Your Committee received testimony in support of this measure from the Department of Defense.

Your Committee finds that the position of Adjutant General serves as the Director of Hawaii Emergency Management and oversees the Hawaii Emergency Management Agency. These responsibilities require strategic thinking and quick and decisive coordination of various agencies, including mobilization of forces in advance of and during actual emergencies.

Your Committee further finds that the position of Adjutant General requires a person with sufficient military education and experience to make operational decisions, maintain credibility with national and international counterparts, and provide leadership in times of natural or manmade disaster. The rank of Major, which would currently qualify a person for the position of Adjutant General, can be attained by someone with approximately ten years less of education and experience than a person holding the rank of Colonel. Increasing the minimum eligibility requirements for the position through this measure provides greater assurance that the role will be filled by a qualified candidate.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1112, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1112, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1336 Corrections, Military, & Veterans on S.B. No. 1187

The purpose of this measure is to:

- (1) Make an emergency appropriation to the Department of Public Safety to provide the State's correctional institutions and the Health Care Division with sufficient funds to cover the cost of personnel to provide continuous operations and response to the COVID-19 pandemic; and
- (2) Appropriate funds to establish nine permanent full-time equivalent positions for the Department of Public Safety's intake service centers.

Your Committee received testimony in support of this measure from the Department of Public Safety.

Your Committee finds that the Department of Public Safety projected a shortfall in funding for fiscal year 2020-2021 for the Halawa, Kulani, and Waiawa Correctional Facilities, and the Hawaii, Maui, Oahu, Kauai, and Women's Community Correctional Centers. According to the Department, because it is severely short staffed, it has incurred substantial overtime charges and has consequently shut down programs. Your Committee also finds that the Department's staffing for its Health Care Division has been critically reduced.

Your Committee further finds that the appropriation for nine permanent full-time equivalent positions for the Department of Public Safety's intake service centers are for fiscal years 2021-2022 and 2022-2023, and appear to fall outside the scope of the title of this measure, which is limited to emergency appropriations.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the appropriation for the positions for the Department's intake service centers and making conforming revisions; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee requests that your Committee on Finance consider, in an appropriate vehicle, an appropriation of \$502,476 for fiscal year 2021-2022 and the same sum for fiscal year 2022-2023 for the Department of Public Safety to establish nine permanent full-time equivalent positions for intake service centers (PSD 410) to meet legislative objectives for the pretrial reform initiatives established pursuant to Act 179, Session Laws of Hawaii 2019.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1187, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1187, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1337 Judiciary & Hawaiian Affairs on S.B. No. 294

The purpose of this measure is to make the State's civil asset forfeiture process more just by amending the Hawaii Omnibus Criminal Forfeiture Act to:

- (1) Restrict civil asset forfeiture to cases involving the commission of a felony offense where the property owner has been convicted of the underlying felony offense, subject to certain circumstances;
- (2) Direct any forfeiture proceeds to the general fund;
- (3) Amend the allowable expenses for monies in the Criminal Forfeiture Fund;
- (4) Require the Attorney General to adopt rules necessary to carry out the purpose of the Hawaii Omnibus Criminal Forfeiture Act; and
- (5) Amend the deadline for the Attorney General to report to the Legislature on the use of the Hawaii Omnibus Criminal Forfeiture Act.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Young Progressives Demanding Action, Hawai'i Association of Criminal Defense Lawyers, Americans for Democratic Action Hawai'i, Community Alliance on Prisons, Common Cause Hawaii, LGBT Caucus of the Democratic Party of Hawai'i, Drug Policy Forum of Hawai'i, American Civil Liberties Union of Hawai'i, and ten individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources, Hawai'i Police Department, Department of the Prosecuting Attorney of the City and County of Honolulu, Department of the Prosecuting Attorney of the County of Maui, Maui Police Department, Honolulu Police Department, and Office of the Prosecuting Attorney of the County of Hawai'i. Your Committee received comments on this measure from the Office of Hawaiian Affairs, Department of Public Safety, Department of the Attorney General, and Grassroot Institute of Hawaii.

Your Committee finds that requiring a criminal conviction before permanently confiscating an offender's property will help to establish an important protection for property owners and ensure fairness in the asset forfeiture process. Your Committee also finds that directing the proceeds from the sale of property forfeited to the general fund will eliminate the financial incentive for law enforcement agencies to seize and keep forfeited property.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 294, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 294, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1338 Judiciary & Hawaiian Affairs on S.B. No. 412

The purpose of this measure is to exclude the offense of habitually operating a vehicle under the influence of an intoxicant from qualifying for deferred acceptance of a guilty plea or nolo contendere plea.

Your Committee received testimony in support of this measure from the Office of the Prosecuting Attorney of the County of Kaua'i, Office of the Prosecuting Attorney of the County of Hawaii, Honolulu Police Department, and County of Hawai'i Police Department. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and Department of the Prosecuting Attorney of the County of Maui.

Your Committee finds that a person is a habitual operator of a vehicle while under the influence of an intoxicant if the person was convicted two or more times for offenses of operating a vehicle under the influence, or one or more times for habitually operating a vehicle under the influence. Your Committee therefore finds that because of the repeat nature of the offense and the potential for serious harm to others, offenders should not be eligible for deferred pleas.

Your Committee has amended this measure by:

- (1) Clarifying the implied consent law to make an exception for giving a breath, blood, or urine test pursuant to a search warrant or any other basis permissible under the Constitution of the State of Hawaii and state law;
- (2) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 412, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 412, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1339 Judiciary & Hawaiian Affairs on S.B. No. 421

The purpose of this measure is to amend the manner and certain time frames in which a vacancy in the membership of the State Senate is filled.

Your Committee received testimony in support of this measure from the Office of Elections.

Your Committee finds that since 2010, there have been at least twenty vacancies in the offices of the United States Senators, United States Representatives, State Senators, and State Representatives. Your Committee further finds that the electorate, rather than the Governor, should fill any vacancy in these offices.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 1117 (Regular Session of 2021), a measure that requires vacancies in the offices of the United States Senators, United States Representatives, State Senators, and State Representatives to be filled by special election.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 421, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 421, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1340 Judiciary & Hawaiian Affairs on S.B. No. 548

The purpose of this measure is to:

- (1) Amend the State's election laws to clarify and improve the administration of elections by mail;
- (2) Establish Voters With Special Needs Advisory Committees;
- (3) Require the Department of Public Safety to inform individuals on parole or probation of their right to vote and provide them with information on how to register and vote; and
- (4) Require the Office of Elections and the county clerks to make a determination, as soon as practicable, of the optimal number and placement of voter service centers.

Your Committee received testimony in support of this measure from the Office of Elections, Disability and Communication Access Board, Office of the County Clerk of the County of Kaua'i, Community Alliance on Prisons, AARP Hawai'i, LGBT Caucus of the Democratic Party of Hawaii, National Federation of the Blind of Hawaii, League of Women Voters of Hawaii, and fifteen individuals. Your Committee received comments on this measure from the Honolulu Elections Division, Office of the County Clerk of the County of Hawaii, Common Cause Hawaii, American Association for the Advancement of Science's Center for Scientific Evidence in Public Issues, Common Cause, and one individual.

Your Committee finds that statewide elections by mail was implemented in the 2020 primary and general elections, with the State receiving a record voter turnout. This measure is necessary to build upon the experience gained in implementing elections by mail. Your Committee further finds that this measure will improve services and opportunities for voters to cast their ballots and the administration of elections by state and county election officials.

Your Committee has amended this measure by:

- (1) Restoring language that clarifies that any person whose name has been removed from the register may have that person's name restored at any time;
- (2) Repealing the requirement that election proclamations contain a statement of the time and places where an election is to be held;
- (3) Specifying that the county clerk, not the Chief Election Officer, shall issue an election proclamation listing all voter service centers and places of deposit as may have been determined by the clerk as of the proclamation date and whenever a new precinct is established in any representative district;
- (4) Deleting language that would have provided a means of electronic authentication for voters with special needs that does not include the voter's handwritten signature or a waiver of secrecy;
- (5) Deleting language that would have required the clerk to make reasonable efforts to determine the validity of ballots within ten days following an election day, instead of seven;
- (6) Amending the requirements for establishing voter service centers;
- (7) Requiring the Chief Election Officer, or county clerk in a county election, to compile, certify, and release the election results by district and precinct;
- (8) Requiring the Hawaii Paroling Authority to notify individuals on parole of their eligibility to vote and provide them with information on how to register and vote; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 548, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 548, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1341 Judiciary & Hawaiian Affairs on S.B. No. 630

The purpose of this measure is to require that every judgment for child support, including a judgment for reimbursement or other debts, shall be enforceable until paid in full.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that child support judgments are considered paid and discharged when the child turns thirty-three years old or when the latest period provided in section 657-5, Hawaii Revised Statutes, expires, whichever is later. This measure will require that child support be paid in full to be considered discharged.

Your Committee has amended this measure by changing the effective date to July 1, 2021, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 630, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 630, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11; Ayes with Reservations (LoPresti). Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1342 Judiciary & Hawaiian Affairs on S.B. No. 873

The purpose of this measure is to authorize the use of interactive conference technology for contested case hearings held by state agencies.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Hawai'i Civil Rights Commission, Maunakea Observatories, and one individual.

Your Committee finds that interactive conference technology is already being utilized for public meetings under Hawaii's Sunshine Law. Your Committee

believes that allowing contested case hearings to be conducted by interactive conference technology will improve efficiency without compromising effectiveness.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 873, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 873, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1343 Judiciary & Hawaiian Affairs on S.B. No. 891

The purpose of this measure is to:

- (1) Establish requirements for Hawaiian home lands beneficiary consultation;
- (2) Require that a majority of the members of the Hawaiian Homes Commission be descendants of no less than one-fourth part of the blood of the races inhabiting the Hawaiian Islands before 1778 or beneficiaries of the trust who are on the waitlist for Hawaiian home lands;
- (3) Require quarterly reporting to the beneficiaries, registered homestead associations, and Legislature on land dispositions and lease cancellations made during the quarter;
- (4) Authorize the Hawaiian Homes Commission to recommend that the Governor establish an inter-agency council;
- (5) Require a full, annual accounting of Act 14, Special Session Laws of Hawaii 1995, receipts and expenditures;
- (6) Require the Department of Hawaiian Home Lands to develop and implement a loan servicing manual;
- (7) Allow the Department of Hawaiian Homes Lands to retain separate legal counsel or use the services of the Attorney General, as needed; and
- (8) Require the Legislative Reference Bureau to conduct a study on the implications of creating a position for the Director of Hawaiian Home Lands that is separate from the Chairperson of the Hawaiian Homes Commission.

Your Committee received testimony in opposition to this measure from the Department of the Attorney General. Your Committee received comments on this measure from the Department of Hawaiian Home Lands and Legislative Reference Bureau.

Your Committee finds that this measure promotes transparency, accountability, and the policy of the Hawaiian Homes Commission Act, which strives to enable native Hawaiians to return to their lands in order to fully support self-sufficiency and self-determination of native Hawaiians, and the preservation of the values, traditions, and culture of native Hawaiians.

Your Committee has amended this measure by:

- (1) Requiring the Department of Hawaiian Home Lands to submit an annual report to the Legislature no later than twenty days prior to the convening of each Regular Session regarding the beneficiary consultations conducted during the previous year and results from the consultations;
- (2) Deleting language requiring the Department of Hawaiian Home Lands to provide a full, annual accounting of Act 14, Special Session Laws of Hawaii 1995, receipts and expenditures;
- (3) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 891, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 891, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1344 Judiciary & Hawaiian Affairs on S.B. No. 981

The purpose of this measure is to:

- (1) Restrict the maximum amount of public funds available in each election to a candidate for Board of Trustees of the Office of Hawaiian Affairs to fifteen percent of the expenditure limit, rather than \$1,500;
- (2) Set qualifying contributions for the Office of Hawaiian Affairs at \$5,000, rather than \$1,500; and
- (3) Require that the names of candidates for the Board of Trustees of the Office of Hawaiian Affairs be grouped on the ballot by residency requirement or lack thereof, and within those groupings, be placed in random order.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, Common Cause Hawaii, LGBT Caucus of the Democratic Party of Hawai'i, Hawaiian Affairs Caucus of the Democratic Party of Hawai'i, and six individuals. Your Committee received comments on this measure from the Office of Elections, Office of Hawaiian Affairs, and Campaign Spending Commission.

Your Committee finds that under existing law, names of candidates for the Board of Trustees of the Office of Hawaiian Affairs are placed on the ballot in alphabetical order. Your Committee further finds that the ordering of candidate names on a ballot has been shown to give an undue advantage to those listed higher on the ballot. Your Committee believes it is necessary to prioritize the mitigation of any advantage that may arise from the order of candidate names on the ballot. Your Committee finds that S.B. No. 238, S.D. 2 (Regular Session of 2021), a substantially similar measure heard at the same public hearing as this measure, would accomplish this goal.

Accordingly, your Committee has amended this measure by deleting its contents and inserting the contents of S.B. No. 238, S.D. 2, a substantially similar measure that:

- (1) Requires the names of the candidates for the Office of Hawaiian Affairs Board of Trustees to be placed on the ballot grouped by residency and non-

residency requirements and to randomize the order of candidate names within those groupings; and

(2) Takes effect upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 981, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 981, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1345 Judiciary & Hawaiian Affairs on S.B. No. 1323

The purpose of this measure is to require the Department of Hawaiian Home Lands to develop a long-term strategic plan to eliminate the waitlist for a home land lease based on a comprehensive assessment of the needs of the beneficiaries on the waitlist.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that to date, more than two thousand native Hawaiian beneficiaries have died while on the waitlist for a Hawaiian home land lease, and twenty-eight thousand beneficiaries currently remain on the list, half of which are over the age of sixty. This measure requires the Department of Hawaiian Home Lands to strive to meet the goal of the eventual elimination of the waitlist.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1323, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1323, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1346 Education/Higher Education & Technology on S.B. No. 245

The purpose of this measure is to require the Department of Education's existing Free Application for Federal Student Aid (FAFSA) working group to create a state plan to make completion of the FAFSA or an opt-out waiver for FAFSA completion a statewide graduation requirement by the 2023-2024 school year and submit a report to the Legislature, Superintendent of Education, and all complex area superintendents prior to the Regular Session of 2022.

Your Committees received testimony in support of this measure from the Chamber of Commerce Hawaii, HawaiiKidsCAN, Maui Chamber of Commerce, and one individual. Your Committees received testimony in support of the intent of this measure from the Association of Hawaiian Civic Clubs. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Education, Office of Information Practices, and League of Women Voters of Hawaii.

Your Committees find that Hawaii left \$10,000,000 in unclaimed federal Pell Grants on the table in 2018, enough to send roughly 2,500 students to a University of Hawaii community college tuition-free. Your Committees further find that in 2016, the State of Louisiana began requiring students to fill out the FAFSA because more than half of high school seniors were not completing the paperwork for FAFSA. Louisiana is now ranked first in the nation for FAFSA completion. This measure will allow the State to develop a plan to also require FAFSA completion, including an opt-out provision for FAFSA completion, for students in Hawaii.

Your Committees have amended this measure by:

- (1) Changing its effective date to July 1, 2051; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Education and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 245, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 245, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 11. Noes, none. Excused, 1 (Ohno).

Higher Education & Technology: Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 1347 Education on S.B. No. 811

The purpose of this measure is to require the Department of Education to publish weekly reports on schools that have reported positive coronavirus disease 2019 (COVID-19) cases on the Department's website, beginning after July 1, 2021.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii State Teachers Association, and three individuals. Your Committee received comments on this measure from the Department of Health and Department of Education.

Your Committee finds that although the Department of Education has stated that it has communication policies and set procedures in place to address COVID-19 cases, it generally has not provided information about positive COVID-19 test result cases on all school campuses and the limited information that it has shared has been inconsistent and incomplete. Your Committee further finds that of the limited information publicly released, positive COVID-19 cases listed by schools are not included. This measure will help to provide critical, real-time data necessary to assess school reopening and to respond to COVID-19 outbreak events that may place students, their families, and school staff at a heightened risk.

Your Committee has amended this measure by changing the effective date to July 1, 2051.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 811, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 811, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Okimoto). Noes, none. Excused, 2 (Gates, Yamane).

SCRep. 1348 Education on S.B. No. 814

The purpose of this measure is to:

- (1) Clarify the process for applicants to apply to open and operate a charter school; and
- (2) Provide for penalties for authorizers who fail to timely comply with the Board of Education's decisions.

Your Committee received testimony in support of this measure from Kulia Academy and three individuals. Your Committee received comments on this measure from the Board of Education and State Public Charter School Commission.

Your Committee finds that H.B. No. 1220, H.D. 2 (Regular Session of 2021), a substantially similar measure, was previously passed by the House. Your Committee further finds that H.B. No. 1220, H.D. 2 does not contain a provision regarding penalties for authorizers who fail to timely comply with the Board of Education's decisions, which will assuage concerns related to such penalties.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1220, H.D. 2, a measure that:
 - (A) Requires members of the Charter School Commission to collectively possess strong experience and expertise in various fields;
 - (B) Allows a charter school authorizer's staff to provide technical support up until the completed charter application is submitted;
 - (C) Clarifies charter application notice requirements;
 - (D) Clarifies authorizer compliance requirements in cases of an appeal; and
 - (E) Contains an effective date of July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 814, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 814, S.D.1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Ohno).

SCRep. 1349 Education on S.B. No. 1384

The purpose of this measure is to provide that the prohibition against serving two consecutive terms not to exceed eight consecutive years for members of state boards and commissions shall not apply to the term of the representative of Hawaiian medium early learning providers on the Early Learning Board from July 1, 2021, to June 30, 2025.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; University of Hawai'i at Hilo; one member of the Maui County Council; 'Aha Pūnana Leo; Pūnana Leo o Hilo; Pūnana Leo o Waimea; Pūnana Leo o Kona; Pūnana Leo o Maui; Pūnana Leo o Lahaina; Pūnana Leo o Hāna; Pūnana Leo o Moloka'i; Pūnana Leo o Mānoa; Pūnana Leo o Honolulu; Pūnana Leo o Poko; Pūnana Leo o Wai'anae; Pūnana Leo o Kaua'i; Pūnana Leo; Ke'ena Kula Kamali'i; Kaulanakilohana; and numerous individuals. Your Committee received testimony in support of the intent of this measure from the Executive Office on Early Learning and Early Learning Board. Your Committee received comments on this measure from one individual.

Your Committee finds that the Early Learning Board is primarily tasked with the development of the State's early childhood system to ensure a spectrum of high-quality development and learning opportunities for children throughout the State, from prenatal care until when children enter kindergarten. Your Committee further finds that learning opportunities that promote the study of Hawaiian culture, history, and language are necessary parts to be included within the State's early childhood system. This measure will allow for continued and consistent representation of Hawaiian medium early learning providers on the Early Learning Board.

Your Committee has amended this measure by:

- (1) Removing the sunset date of July 1, 2025; and
- (2) Changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1384, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1384, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Gates, Yamane).

SCRep. 1350 Education on S.B. No. 1385

The purpose of this measure is to require the Department of Education to:

- (1) Develop a reorganization plan to provide students and schools with centralized transportation services;
- (2) Develop a plan to provide students with more locally produced food to increase by five percent annually for five years; and
- (3) Report to the Legislature on certain information relating to the plans.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Farm Bureau, and three individuals. Your Committee received testimony in support of the intent of this measure from Ulupono Initiative.

Your Committee finds that the overall program management and service delivery of food and transportation services are, for the most part, centralized. Your Committee further finds that reorganization to provide further centralization in these areas can lead to additional efficiencies and service improvements.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2051; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1385, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1385, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Gates, Yamane).

SCRep. 1351 Education on S.B. No. 808

The purpose of this measure is to:

- (1) Clarify the powers and responsibilities of the School Facilities Agency, the Agency's Executive Director and administrative staff, and the School Facilities Board;
- (2) Clarify the membership of the School Facilities Board;
- (3) Clarify the sources of moneys to be deposited into the School Facilities Special Fund;
- (4) Change the deadline for the School Facilities Agency to submit its report to the Legislature pursuant to Act 72, Session Laws of Hawaii 2020, to twenty days prior to the convening of the Regular Session of 2022;
- (5) Amend Act 210, Session Laws of Hawaii 2018, to require the City and County of Honolulu to convey to the School Facilities Agency fee simple interest in certain properties not previously conveyed to the Department of Education;
- (6) Authorize the School Facilities Agency to retain private attorneys to provide certain legal services;
- (7) Exempt the Executive Director of the School Facilities Agency and the agency's full-time staff from civil service requirements;
- (8) Subject to the statutory restriction on the sale or gift of lands without legislative approval lands to which the School Facilities Agency holds title;
- (9) Clarify the definition of the term "school facilities" as the term relates to school impact fees;
- (10) Transfer the total balance of the State Educational Facilities Improvement Fund to the School Facilities Special Fund; and
- (11) Appropriate monies into and out of the School Facilities Special Fund.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Department of Transportation. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of the Attorney General, Department of Education, and State Procurement Office.

Your Committee finds that Act 72, Session Laws of Hawaii 2020, established the School Facilities Agency, to be responsible for the development, planning, and construction of public school capital improvement projects and help improve the efficiency of school construction while more directly addressing the education needs of students. Your Committee further finds that this measure will provide more clarity as to the powers and responsibilities of the School Facilities Agency, the Agency's Executive Director and administrative staff, and the School Facilities Board, which will improve the Agency's overall efficiency and effectiveness.

Your Committee has amended this measure by:

- (1) Renaming the School Facilities Agency to the School Facilities Authority;
- (2) Clarifying the definition of "project", as it relates to the School Facilities Authority, to include new capital improvement projects funded by the Legislature for completion by the School Facilities Authority;
- (3) Specifying that the School Facilities Authority may borrow money or procure loan guarantees from the federal government for or in aid of any project the Authority is authorized to undertake;
- (4) Changing its effective date to July 1, 2051; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 808, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 808, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Gates, Yamane).

SCRep. 1352 Pandemic & Disaster Preparedness on S.B. No. 540

The purpose of this measure is to:

- (1) Allow for lesser emergency period penalties to be adopted by the Governor or a mayor;
- (2) Allow for the emergency period infractions to be processed similarly to the traffic adjudication process;
- (3) Allow electronic copies of notices of infractions, infraction adjudication hearings, and notices of infraction judgments to be sent via electronic mail; and
- (4) Grant the District Court concurrent jurisdiction over emergency period rule infractions committed by minors.

Your Committee received testimony in support of this measure from the Department of the Attorney General and Department of the Prosecuting Attorney of the City and County of Honolulu. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic necessitated the Governor to exercise emergency powers to impose rules to control the spread of COVID-19. The adoption of these emergency rules allowed the State to reduce the spread of COVID-19, thereby protecting residents and visitors of the State. However, your Committee notes that under these emergency rules, there were over sixty thousand emergency order violations issued in the last year, and each violation is punishable as a misdemeanor. While enforcement of emergency rules is critical to protect citizens, there needs to be equitable penalties established that appropriately reflect the severity of the violation, rather than considering all violations as a criminal offense. This measure will reduce the burden on the State's court system and law enforcement resources by allowing for lesser emergency period penalties during a state of emergency.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "hearing" to properly encompass traffic infractions and emergency period infractions;
- (2) Authorizing, instead of requiring, an electronic notice of infraction to be sent to an individual's electronic mail address; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 540, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 540, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1353 Pandemic & Disaster Preparedness on S.B. No. 266

The purpose of this measure is to appropriate funds for COVID-19 response programs and activities.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Defense, Department of Public Safety, Hawaii Health Systems Corporation, and Hawai'i Primary Care Association. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic has devastated the world and crippled the State's economy. Congress passed the Coronavirus Aid, Relief, and Economic Security Act on March 27, 2020, and American Rescue Plan Act on March 11, 2021, to help the State address the extensive health and economic fallout of the COVID-19 pandemic. This measure will ensure COVID-19 response related programs maintain their funding so that the State may continue offering essential services to its residents.

Your Committee further finds that as a result of the COVID-19 pandemic, the State implemented the very first post-arrival mandatory self-quarantine of all individuals entering the State. This was eventually expanded to allow certain individuals who could prove that they recently tested negative for COVID-19 to bypass the quarantine. This resulted in Hawaii having one of the lowest number of cases of COVID-19 in the nation; however, at the same time it caused Hawaii to have one of the highest unemployment rates in the nation. Your Committee believes that having a uniform law regarding mandatory self-quarantine will allow the State to welcome more people, thereby stimulating the economy and improving the quality of life for its citizens. House Bill No. 1286, H.D. 2, Regular Session of 2021, which passed out of the House, sought to achieve this goal by establishing the foundation for a uniform law and your Committee believes this discussion should be continued.

Accordingly, your Committee has amended this measure by:

- (1) Inserting the contents of House Bill No. 1286, H.D. 2, Regular Session of 2021;
- (2) Requiring that should any project or program related to COVID-19 response efforts paid for by state funds later become eligible for federal reimbursement, those federal funds shall be deposited into the general fund;
- (3) Lapsing funds from the Major Disaster Fund to the general fund on July 1, 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 266, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 266, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (McKelvey). Excused, none.

SCRep. 1354 Pandemic & Disaster Preparedness on S.B. No. 1015

The purpose of this measure is to require the Comptroller to perform additional office space management duties for state agencies occupying facilities that are managed by the Department of Accounting and General Services.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services.

Your Committee finds that remote teleworking during the coronavirus disease 2019 pandemic has allowed the State to make better use of its limited resources, including office space, equipment, and other traditional needs of employees at state facilities. Your Committee believes that as a result, a re-assessment of the State's current and future office space is needed to better prepare the State for possibly transitioning more employees to remote teleworking.

Your Committee has amended this measure by:

- (1) Requiring the Comptroller to reduce the total square footage of space leased by the State as of July 1, 2021, by twenty-five percent no later than July 1, 2026;
- (2) Requiring an annual progress report to be submitted to the Legislature; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1015, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1015, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1355 Pandemic & Disaster Preparedness on S.B. No. 1109

The purpose of this measure is to establish a framework for disaster recovery in the State.

Your Committee received testimony in support of this measure from the Department of Defense, State Disaster Recovery Coordinator of the Office of the Governor, Hawaii Emergency Management Agency, Office of Planning, and one individual.

Your Committee finds that efficient and effective disaster recovery efforts require the coordination of numerous public and private entities. Your Committee believes that the State is in need of a single leading authority to facilitate the identification, coordination, and delivery of recovery assistance during and after a disaster. This measure will help to enhance the coordination of all affected stakeholders, mitigate the impacts of disasters, and improve disaster recovery

efforts by establishing a disaster recovery program and framework for the State.

Your Committee has amended this measure by:

- (1) Requiring that the State Disaster Recovery Coordinator report to the Administrator of the Hawaii Emergency Management Agency, rather than the Governor; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1109, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1109, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1356 Pandemic & Disaster Preparedness on S.B. No. 1117

The purpose of this measure is to make an emergency appropriation for the Office of the Governor to continue funding for various COVID-19 response related programs and activities.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawai'i Primary Care Association.

Your Committee finds that the United States Congress passed the Coronavirus Aid, Relief, and Economic Security Act on March 27, 2020, and American Rescue Plan Act on March 11, 2021, to provide economic relief to citizens and states. This measure is necessary to continue to provide funding necessary for COVID-19 related response programs to ensure the health and welfare of residents and visitors of the State.

Your Committee notes that there may be a conflict with the title of this measure as passed out of the Senate specifically with the language that makes an appropriation for fiscal year 2021-2022 to the Department of the Attorney General and respectfully requests that should your Committee on Finance hear this measure, that they address this potential conflict.

Your Committee has amended this measure by:

- (1) Requiring that should any project or program paid for by State funds become eligible for federal reimbursement, those federal funds shall be deposited into the general fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1117, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1117, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1357 Pandemic & Disaster Preparedness/Corrections, Military, & Veterans on S.B. No. 1194

The purpose of this measure is to make emergency appropriations to the Department of Public Safety to continue funding for certain programs and activities related to COVID-19 response efforts.

Your Committees received testimony in support of this measure from the Department of Public Safety and one individual.

Your Committees find that in order for the Department of Public Safety to effectively continue the level of care and safety at all correctional facilities, and provide the law enforcement presence necessary to make COVID-19 response efforts successful, the Department requires appropriate levels of funding to support these programs and activities. This measure will provide the Department of Public Safety the necessary funding it requires to ensure the continued protection of residents and visitors in the State by making emergency appropriations for COVID-19 response efforts.

Your Committees have amended this measure by:

- (1) Changing all emergency appropriation amounts to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Corrections, Military, & Veterans that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1194, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1194, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 7. Noes, none. Excused, 2 (Mizuno, Ward).

Corrections, Military, & Veterans: Ayes, 8. Noes, none. Excused, none.

SCRep. 1358 Government Reform on S.B. No. 399

The purpose of this measure is to:

- (1) Provide that certain rights shall be deemed waived if a preliminary determination of probable cause is rendered during a meeting subject to the requirements of chapter 92, Hawaii Revised Statutes, and the person fails to request a contested case hearing within twenty days of receipt of the preliminary determination; and
- (2) Authorize the Campaign Spending Commission to have an order confirmed as a judgment by the First Circuit Court, without the possibility of appeal.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, League of Women Voters of Hawaii, and one individual.

Your Committee notes the concerns raised in testimony by Common Cause Hawaii, that the language in this measure stating that an order by the Campaign Spending Commission can be confirmed as a non-appealable judgement may deny a person's right to due process and access to the courts. Your Committee further notes that this language may overstep into the responsibilities of the Judiciary.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have made an order of the Campaign Spending Commission that is confirmed as a judgment by the First Circuit Court non-appealable; and
- (2) Changing its effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 399, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 399, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1359 Government Reform on S.B. No. 403

The purpose of this measure is to:

- (1) Exempt candidates who are either unsuccessful or elected to office in a primary election from the requirement to file certain preliminary general reports for the following general election; and
- (2) Clarify the aggregate contribution and expenditure amounts that trigger the requirement for a candidate or noncandidate committee to file only the final election period report.

Your Committee received testimony in support of this measure from the Campaign Spending Commission.

Your Committee finds that reporting requirements under campaign finance law are important to maintain transparency and fairness in elections. Your Committee further finds that preliminary reports are due throughout the spring, summer, and fall in an election year. Your Committee notes that the final two preliminary reports are due between the primary election and the subsequent general election and that requiring candidates who are either unsuccessful or who have been elected to office in a primary election to file preliminary reports between the primary and subsequent general election is wasteful and unnecessary. However, your Committee is concerned that a candidate who is unsuccessful in a primary election may continue to raise money if the candidate still intends to be involved in political activity. This concern is amplified when a candidate wins outright in the primary election, as the money raised as a new incumbent during this time period will not be reported.

Your Committee has accordingly amended this measure by clarifying that a candidate who is unsuccessful in a primary, initial special, or initial nonpartisan election and does not intend to remain politically active after the primary, initial special, or initial nonpartisan election through the subsequent general election shall be exempt from the requirement to file preliminary general reports for the following general election.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 403, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 403, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Ichiyama, Mizuno, Ward).

SCRep. 1360 Water & Land on S.B. No. 474

The purpose of this measure is to require that mandatory seller disclosures in real property transactions include as a material fact, an indication that a residential real property lies within the sea level rise exposure area.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Climate Change Mitigation and Adaptation Commission; City and County of Honolulu Office of Climate Change, Sustainability and Resiliency; Hawai'i Reef Ocean Coalition; Hawaii Shore and Beach Preservation Association; Sierra Club of Hawai'i; Imua Alliance; Hawai'i Association of REALTORS; Surfrider Foundation Hawai'i Region; and one individual.

Your Committee finds that the Hawaii Climate Change Mitigation and Adaptation Commission, established by Act 32, Session Laws of Hawaii 2017, is the coordinating body for policies on climate change mitigation and adaptation for the State. At its September 2018 meeting, the Hawaii Climate Change Mitigation and Adaptation Commission agreed to five priority recommendations for countering impacts of sea level rise, including supporting legislation for disclosure for private property and public offerings in areas with potential exposure to sea level rise. Your Committee further finds that it is critical that sea level rise vulnerabilities be disclosed with the sale of a vulnerable coastal property to support informed decision making by buyers and government agencies. Your Committee also finds that the appropriate mechanism to accomplish this disclosure is through the mandatory seller disclosures contained in section 508D-15, Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Changing the way in which the flood maps designating the boundaries of a special flood hazard area are referenced in the mandatory seller disclosure provision; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 474, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 474, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1361 Water & Land on S.B. No. 1173

The purpose of this measure is to facilitate stewardship of Hawaii's ocean resources by:

- (1) Establishing the Ocean Stewardship Special Fund for the conservation, restoration, and enhancement of the State's marine resources; and
- (2) Authorizing the Department of Land and Natural Resources to adopt rules pursuant to Chapter 91, Hawaii Revised Statutes, to establish non-resident user fees for the use and enjoyment of Hawaii's ocean resources, to be deposited into the Ocean Stewardship Special Fund.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, The Nature Conservancy Hawai'i, Mālama Pūpūkea-Waimea, Kua'āina Ulu 'Auamo, Hawaii Reef and Ocean Coalition, and two individuals. Your Committee received

comments on this measure from the Pacific Whale Foundation and Ocean Tourism Coalition.

Your Committee finds that the increasing popularity of marine ecotourism and the broad range of anthropogenic impacts on coral reefs and other ocean resources necessitate a commensurate, consistent, and reliable source of funding, such as the non-resident fees, for the State to manage, protect, and restore its marine resources.

Your Committee further finds that the companion to this measure, H.B. No. 1019, H.D. 2 (Regular Session of 2021), was previously passed by the House and is preferred.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1019, H.D. 2, a substantially similar measure that:
 - (A) Establishes the Ocean Stewardship Special Fund until June 30, 2026, to support the conservation, restoration, and enhancement of the State's marine resources;
 - (B) Statutorily establishes an ocean stewardship user fee to apply to residents as well as non-residents;
 - (C) Initially sets the ocean stewardship user fee at \$1 per passenger or customer and requires that the user fee be adjusted for inflation every five years; provided that the fee cannot be adjusted more than ten percent every five years; and
 - (D) Begins collection of the ocean stewardship user fee on January 1, 2024;
- (2) Repealing and abolishing the Ocean Stewardship Special Fund on June 30, 2030, instead of June 30, 2026; and
- (3) Changing its effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1173, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1173, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, 1 (McDermott). Excused, 1 (Ohno).

SCRep. 1362 Water & Land on S.B. No. 1344

The purpose of this measure is to require:

- (1) The Department of Agriculture, in coordination with the Office of Planning, to prepare and periodically update the State Agriculture Functional Plan to include other agricultural economic updates, including updates on seafood sustainability that expand the State's priority on food by including wild seafood as a viable food source; and
- (2) The Governor to submit the State Agriculture Functional Plan, including any proposed legislation, to the Legislature prior to the convening of the 2023 Regular Session.

Your Committee received testimony in support of this measure from the University of Hawaii West Oahu Food+ Policy Internship; Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.; Fishing Tales with Mike Sakamoto; and ten individuals. Your Committee received comments on this measure from the Office of Planning; Department of Agriculture; United Fishing Agency, Ltd.; and Hawaii Seafood Council.

Your Committee finds that seafood sustainability is vital to the planning of Hawaii's overall food sustainability and food security. Updating the State Agriculture Functional Plan to include updates on seafood sustainability and wild seafood as a viable food source will also have an effect on policies, programs, and projects for implementing agricultural and agriculture-related objectives, policies, and priority guidelines in the Hawaii State Plan.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee encourages the Department of Land and Natural Resource's Division of Aquatic Resources to be closely engaged in the process to update the State Agriculture Functional Plan to ensure that wild seafood is incorporated in the functional plan and ensure that the role of open ocean aquaculture is addressed in the functional plan as well.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1344, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1344, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1363 Water & Land on S.B. No. 795

The purpose of this measure is to:

- (1) Require the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources to set its small boat harbor mooring and liveaboard fees at fair market value, as determined by a state-licensed appraiser, without separate nonresident fees and cost-of-living adjustments; and
- (2) Allow the Division of Boating and Ocean Recreation an additional option in determining commercial ocean operation fees.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual. Your Committee received testimony in opposition to this measure from Ocean People, Inc.; Paradise Fishing Club; and fifteen individuals. Your Committee received comments on this measure from the Ocean Tourism Coalition and one individual.

Your Committee finds that this measure will allow the Division of Boating and Ocean Recreation to maximize its revenue-generating potential and perform much needed repairs and maintenance on state small boat harbor facilities. This measure will also add the option to charge a commercial fee per passenger carried for hire, which would allow the Department to collect appropriate fee amounts in the event that an operator attempts to circumvent the gross receipt collection method.

Your Committee has amended this measure by:

- (1) Removing the savings clause; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 795, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 795, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (McDermott). Noes, none. Excused, 1 (Ohno).

SCRep. 1364 Water & Land/Energy & Environmental Protection on S.B. No. 1162

The purpose of this measure is to update the Forest Stewardship Program administered by the Board of Land and Natural Resources by:

- (1) Clarifying the purpose of the Forest Stewardship Program;
- (2) Expanding the areas of approved management activities and practices that are eligible for cost-share assistance under the Forest Stewardship Program;
- (3) Increasing the limit for payments from the Forest Stewardship Fund for development of approved management plans and allowing payments from the Fund for implementation of approved management plans; and
- (4) Amending requirements for applicants to receive Forest Stewardship Program funds.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Climate Protectors Hawai‘i; Hāloa ‘Āina L.L.C.; Forest Solutions, Inc; and one individual.

Your Committees find that sixty-six percent of Hawaii's forested areas are privately owned and managed. The Forest Stewardship Program provides technical and financial assistance on a cost-share basis to private landowners to promote the stewardship, enhancement, conservation, and restoration of Hawaii's forests. By extending program eligibility to private forest managers and expanding the ecosystem services that may be provided by private forests, your Committees find that this measure will improve forest management on private lands, expand conservation of native forests, increase reforestation of degraded lands, and stimulate investment in forestry as an economically viable and sustainable land-use practice.

As affirmed by the records of votes of the members of your Committees on Water & Land and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1162, S.D. 2, and recommend that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 8. Noes, none. Excused, none.

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1365 Education on S.B. No. 807

The purpose of this measure is to:

- (1) Require the academic plan for each school to include a clear accounting of all resources that will be allocated to address and achieve each measurable outcome, the school's priority improvement strategies and measures to determine progress, and certain assessment scores; and
- (2) Require the Department of Education to submit an annual report to the Legislature and the Board of Education on the academic and financial plan of each school, grouped by complex area.

Your Committee received testimony in support of this measure from the Hui for Excellence in Education. Your Committee received testimony in opposition to this measure from the Democratic Party of Hawai‘i Education Caucus, Our Revolution Hawaii, Americans for Democratic Action, Hawaii State Teachers Association, and numerous individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that there is a greater need for transparency and accountability from the Department of Education. Your Committee further finds that establishing clear guidance for what should be included in a school's academic plan will better inform the Legislature, Board of Education, and communities of what the school's measurable outcomes are and how resources are allocated to achieve those outcomes.

Your Committee has amended this measure by:

- (1) Clarifying that the academic plan for a school shall include student growth indicators, which may include but not be limited to the school's National Assessment of Educational Progress assessment scores and authentic assessment results;
- (2) Removing the requirement that a school's academic plan include the school's year-to-year Strive HI scores;
- (3) Requiring that a school's academic plan include:
 - (A) Information about programs intended to address social and economic conditions that adversely impact student learning;
 - (B) A breakdown of certain information regarding teacher vacancy data; and
 - (C) The average class size for all regular education, special education, and content based English language learning, classes, including any plans to reduce class sizes;
- (4) Inserting a definition for "authentic assessment";
- (5) Changing its effective date to July 1, 2050; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the amendments made to this measure were based on recommendations offered by the Hawaii State Teachers Association and others.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 807, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 807, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Quinlan).

SCRep. 1366 Labor & Tourism on S.B. No. 628

The purpose of this measure is to:

- (1) Begin the transfer of the Oahu Regional Health Care System in its entirety from the Hawaii Health Systems Corporation to the Department of Health;
- (2) Authorize the Department of Health to conduct long-term care and substance abuse treatment at Leahi Hospital and Maluhia and to pay rent for the use of the Leahi Hospital property;
- (3) Require the Department of Health to consult with the University of Hawaii regarding programs at Leahi Hospital and Maluhia and allow University of Hawaii students to rotate through those facilities for training purposes;
- (4) Enable the Oahu Regional Health Care System, Department of Health, Hawaii Health Systems Corporation, and other state agencies to implement the processes required to complete the transition;
- (5) Clarify the rights, powers, and exemptions of the Oahu Regional System Board during the transition period of the Oahu Regional Health Care System into the Department of Health, and the rights, powers, and exemptions of the Inpatient Services Division of the Department of Health after the transition is complete;
- (6) Authorize the issuance of general obligation bonds for improvements to Leahi Hospital and Maluhia; and
- (7) Appropriate funds from the Mental Health and Substance Abuse Special Fund to operate Leahi Hospital and Maluhia.

Your Committee received testimony in support of this measure from the Department of Health, University of Hawai'i System, Oahu Region of the Hawaii Health Systems Corporation, and The Queen's Health Systems. Your Committee received testimony in opposition to this measure from the State Procurement Office. Your Committee received comments on this measure from the Department of the Attorney General and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that, unlike the Hawaii Health System Corporation's neighbor island facilities, which generally serve as the primary acute care providers for their respective communities, the Oahu Regional Health Care System care facilities almost exclusively provide safety-net, long-term care and adult-day health services to patients who are unable to find much-needed care in private facilities. Your Committee further finds that the Oahu Regional Health Care System care facilities provide care for incarcerated inmates released for compassionate care and psychiatric patients from the Hawaii State Hospital who have significant long-term care needs. The transfer will ensure the continued availability of long-term care beds for the State's aging population and facilitate more efficient use of the facilities at Leahi Hospital and Maluhia.

Your Committee also finds that the Department of Health's Behavioral Health Administration is mandated by statute to assure a comprehensive statewide behavioral health care system by leveraging and coordinating public, private, and community resources. There is a significant gap in the behavioral health care system between acute psychiatric care facilities and low acuity residential treatment. This measure would provide additional pathways and resources for the State to better address behavioral health treatment, helping to break the cycle in and out of hospital emergency departments and relieve pressure on acute care hospital facilities, law enforcement entities, and other systems of care.

Your Committee has amended this measure by:

- (1) Deleting language that would have allowed instances of layoffs as an exception to automatic job retention for non-civil service employees for no less than one year after the transition;
- (2) Clarifying that the Department of Health is the expending agency for the general obligation bonds appropriation for improvements at Leahi Hospital and Maluhia; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 628, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 628, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

SCRep. 1367 Energy & Environmental Protection on S.B. No. 1353

The purpose of this measure is to:

- (1) Expand the duties of the Hawaii State Energy Office to include developing opportunities for economic development; and
- (2) Transfer certain duties relating to energy efficiency, renewable energy, energy resilience, and clean transportation related incentives, programs, and goals from the Chief Energy Officer to the Hawaii State Energy Office.

Your Committee received testimony in support of this measure from the Hawaii Clean Power Alliance. Your Committee received testimony in opposition to this measure from the Climate Protectors Coalition. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that as the State achieves its renewable energy goals by 2045, it may be necessary and appropriate for the Hawaii State Energy Office to develop economic opportunities, especially in the current economic climate. This measure expands the duties of the Hawaii State Energy Office to identify and explore opportunities for significant economic development in its promotion of energy efficiency, renewable energy, energy resilience, and clean transportation.

Your Committee has amended this measure by:

- (1) Clarifying that the purpose of the Hawaii State Energy Office shall be to promote energy efficiency, renewable energy, energy resilience, and clean transportation, and to facilitate the achievement of a zero emissions clean economy;
- (2) Clarifying the responsibilities of the Hawaii State Energy Office by:
 - (A) Restoring provisions relating to providing analysis and planning; providing renewable energy, energy efficiency, energy resiliency, and clean transportation project deployment facilitation; and engaging the private sector to achieve renewable energy and clean transportation goals;
 - (B) Ensuring that all of the duties of the Chief Energy Officer are transferred to the Hawaii State Energy Office; and
 - (C) Assigning the Office additional responsibilities relating to advocacy and program recommendation, providing technical assistance, and facilitating workforce development;

- (3) Deleting certain requirements for annual reports by the Hawaii State Energy Office;
- (4) Deleting certain background requirements of the Chief Energy Officer;
- (5) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1353, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1353, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1368 Energy & Environmental Protection on S.B. No. 167

The purpose of this measure is to:

- (1) Establish objectives, policies, and priority guidelines for state facility systems in the Hawaii State Planning Act to achieve the use of green infrastructure, vegetation, and trees in state facility systems, infrastructure, and transit projects; and
- (2) Require the Office of Planning, in partnership with the Greenhouse Gas Sequestration Task Force, to make recommendations to the Legislature for implementing green infrastructure objectives, policies, and priority guidelines.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Department of Health; Office of Hawaiian Affairs; Office of Planning; Climate Protectors Hawaii; Americans for Democratic Action; Kauai Climate Action Coalition; Environmental Caucus of the Democratic Party of Hawai'i; Painting Industry of Hawaii Labor Management Cooperation Trust Fund; Hawaii Tapers Market Recovery Trust Fund; Hawaii Glaziers, Architectural Metal Glassworkers Local Union 1889 AFL-CIO Stabilization Trust Fund; Carpet, Linoleum and Soft Tile Local Union 1926 Market Recovery Trust Fund; and two individuals. Your Committee received testimony in opposition to this measure from three individuals.

Your Committee finds that sustainable design concepts for public infrastructure incorporate green vegetation and trees, which can produce significant improvements to mental health and have positive psychological and quality of life benefits in a community. This measure ensures the establishment of critical ecosystem services in the State and demonstrates the State's commitment toward a zero emissions clean economy by 2045.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 167, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 167, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

SCRep. 1369 Transportation on S.B. No. 651

The purpose of this measure is to rename the Kahului Airport Access Road on the island of Maui to the Mayor Elmer F. Cravalho Way.

Your Committee received testimony in support of this measure from one member of the Maui County Council and five individuals. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that Mayor Elmer Cravalho is known as an iconic figure throughout the County of Maui and around the State for his work in creating a robust economy in tourism and high technology. Mayor Cravalho held various leadership positions in the public and private sectors within the County of Maui and State of Hawaii, having served as the first Speaker of the House of Representatives from 1959 to 1967 and then the first Mayor of Maui until July 24, 1979. Your Committee believes that naming the Kahului Airport Access Road after Mayor Cravalho is an appropriate way to recognize the legacy of Mayor Cravalho in the County of Maui.

Your Committee has amended this measure by changing the effective date to July 1, 2021.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 651, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 651, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1370 Transportation on S.B. No. 256

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Keahole Hotel & Suites, LLC, with planning, designing, constructing, and equipping hotel facilities at the Ellison Onizuka Kona International Airport at Keahole.

Your Committee received testimony in support of this measure from the Kohala Coast Resort Association. Your Committee received comments on this measure from the Department of Transportation, Department of Budget and Finance, and UNITE HERE! Local 5 Hawaii.

Your Committee finds that the construction of hotel facilities at the Ellison Onizuka Kona International Airport would generate revenue for the State through taxes, sales, and leases, while also creating hundreds of jobs in various sectors such as construction, engineering, and accounting. This measure is necessary to help restore the State's revenues and further develop the Ellison Onizuka Kona International Airport.

Your Committee notes the testimony received by UNITE HERE! Local 5 Hawaii, requesting an amendment to ensure that proposed hotel facilities constructed under this measure are operated only by entities that have entered into a valid and binding agreement with the labor organization representing hotel employees.

Your Committee further notes the testimonies received by the Department of Transportation and Department of Budget and Finance regarding federal law requiring that hotels financed with tax-exempt bond proceeds must be either governmentally owned and operated by a governmental unit or certain private

entities, and available for use by the general public for short term stays. In addition, your Committee recognizes possible federal and contractual restrictions on how the Airports Division of the Department of Transportation uses airport revenues and that airport revenues would presumably not be available to support this measure. As such, your Committee requests that the aforementioned testimonies be considered as this measure moves through the legislative process.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 256, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 256, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1371 Transportation on S.B. No. 375

The purpose of this measure is to require the Department of Transportation to conduct a study to determine the feasibility of repairing or renovating the Kalaeloa Airport air traffic control tower.

Your Committee received testimony in support of this measure from the Department of Transportation, Kapolei-Makakilo Neighborhood Board Transportation Committee, Palehua Townhouse Association, and Aircraft Owners and Pilots Association.

Your Committee finds that the Kalaeloa Airport air traffic control tower is considered critical infrastructure as its users include the United States Coast Guard, Hawaii Community College Flight Program, Hawaii National Guard, and the general aviation community. While recent major improvements were made to the Kalaeloa facilities, your Committee notes that improvements to the air control tower have not been made. Your Committee believes that the importance of the air control tower in the day-to-day operations of the Kalaeloa Airport merits a study be conducted to determine the current structural soundness of the tower.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 375, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1372 Transportation on S.B. No. 1291

The purpose of this measure is to:

- (1) Include autocycles equipped with handlebars in the definition of motorcycle in the Hawaii Safety Act; and
- (2) Exempt motorcycles and motor scooters with a roll bar, roll cage, or fully enclosed cab from the safety helmet requirement.

Your Committee received testimony in support of this measure from the Department of Transportation, Chamber of Commerce Hawaii, Arcimoto, Forth, and one individual.

Your Committee finds that electric three-wheeled vehicles that are similar to motorcycles are becoming increasingly popular throughout the State. However, under existing law, it is unclear whether these vehicles are classified as motorcycles or autocycles, therefore causing confusion as to which type of license is required to drive them. This measure will clarify this issue so that vehicles with handlebars and three wheels can meet the definition of the type of vehicles that may be operated with a general class 3 driver's license.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1291, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1291, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Takumi).

SCRep. 1373 Culture, Arts, & International Affairs on S.B. No. 60

The purpose of this measure is to authorize the issuance of special license plates for electric vehicles to commemorate the Polynesian Voyaging Society.

Your Committee received testimony in support of this measure from the Polynesian Voyaging Society and seven individuals.

Your Committee finds that a special license plate will support the ongoing work done by the Polynesian Voyaging Society to preserve and promote the art and science of traditional Polynesian voyaging.

Your Committee finds that H.B. No. 627, H.D. 1, a substantially similar measure, was previously passed by the House and is preferred.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. 627, H.D. 1, a measure that authorizes the issuance of special license plates to commemorate the Polynesian Voyaging Society to any registered owner of all motor vehicles, rather than only electric vehicles;
- (2) Changing the effective date to July 1, 2065, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 60, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 60, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1374 Culture, Arts, & International Affairs on S.B. No. 315

The purpose of this measure is to appropriate federal funds to support the Bernice Pauahi Bishop Museum, designated as the State of Hawaii Museum of Natural and Cultural History.

Your Committee received testimony in support of this measure from the Bishop Museum, Charles Reed Bishop Trust, Society for Hawaiian Archaeology, and two individuals.

Your Committee finds that the Bernice Pauahi Bishop Museum is a distinguished scientific, cultural, and educational institution that is tasked with the responsibility to preserve and protect the State's invaluable collections of primary source material and over one hundred years of research across the Pacific region. Your Committee further finds that the American Rescue Plan Act of 2021, Public Law 117-2, provides grants to museums, libraries, and Native American and Native Hawaiian communities to support the vital programs and services these institutions provide to their communities.

Your Committee has amended this measure by:

- (1) Identifying the American Rescue Plan Act of 2021, Public Law 117-2, as the source of federal funds received by the State for the purpose of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 315, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 315, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1375 Culture, Arts, & International Affairs on S.B. No. 696

The purpose of this measure is to:

- (1) Extend the date on which the Commission on the Thirteenth Festival of Pacific Arts ceases to exist to August 31, 2025; and
- (2) Permit less than a quorum of Commission members to discuss matters outside a Commission meeting to enable them to perform their duties faithfully, provided the Commission holds a properly noticed public meeting at least once a month.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Tourism Authority; Commission on the Thirteenth Festival of Pacific Arts and Culture; Ebb & Flow Arts; and two individuals. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that Act 104, Session Laws of Hawaii 2017, created the temporary Commission on the Thirteenth Festival of Pacific Arts (Commission) to plan the Festival of Pacific Arts originally scheduled to be held in Hawaii in June 2020. Your Committee further finds that because of the global COVID-19 pandemic, the Festival of Pacific Arts was postponed to 2024. As a result, the Commission, which was to cease to exist on June 30, 2021, must be extended to fulfill its duties.

Your Committee further finds that because of a lack of a contractor to carry out the hands-on details of a festival, Commission members have responded by taking on more hands-on tasks. That has resulted in smaller groups of Commission members needing to communicate outside of publicly noticed meetings to carry out their tasks. This measure will balance the public interest in access to government decision-making while allowing Commission members to carry out the hands-on tasks of running a festival.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 696, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1376 Housing on S.B. No. 867

The purpose of this measure is to increase the availability of housing for low-income individuals by extending the sunset date for the low-income housing tax credit provisions made by Act 129, Session Laws of Hawaii 2019, to the Low-income Housing Tax Credit Program, for six years to December 31, 2027.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Department of Community Services of the City and County of Honolulu; Neighborhood Place of Puna; and NAIOP Hawaii. Your Committee received comments on this measure from the Department of Taxation; Department of Budget and Finance; Tax Foundation of Hawaii; Sugar Creek Capital; Hunt Companies – Hawaii; and Hunt Capital Partners, LLC.

Your Committee finds that extending the availability of the low-income housing tax credit for qualified low-income buildings for six years will help mitigate the affordable housing crisis in the State that was exacerbated by the coronavirus disease 2019.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 867, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 867, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Aquino, Takumi, McDermott).

SCRep. 1377 Housing on S.B. No. 39

The purpose of this measure is to:

- (1) Clarify that the eligibility for the general excise tax exemption includes the nonreceipt of direct or indirect financing for the construction project from any other governmental contracting agency of the State, including the Hawaii Housing Finance and Development Corporation; and

- (2) Remove the limit on the type of costs eligible for exemption from the general excise tax for the development of affordable rental housing certified by the Hawaii Housing Finance and Development Corporation.

Your Committee received testimony in support of this measure from The Michaels Organization, Kohala Coast Resort Association, and NAIOP Hawaii. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Department of Budget and Finance, Hawaii Housing Finance and Development Corporation, and Hawaii Regional Council of Carpenters.

Your Committee finds that removing the limits on the general excise tax exemption for affordable rental housing is intended to help incentivize the construction of more affordable rentals in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the eligibility for the general excise tax exemption includes the nonreceipt of direct or indirect financing for the construction project from only the Hawaii Housing Finance and Development Corporation; and
- (2) Specifying that the development of certified affordable rental housing new construction or substantial rehabilitation projects may receive a waiver of various development related fees from a county.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 39, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 39, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Aquino, McDermott).

SCRep. 1378 Housing on S.B. No. 142

The purpose of this measure is to exempt certain housing developments from the school impact fee.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority and Catholic Charities Hawai'i. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that thousands of Hawaii residents are on the wait list for public housing, as there are not enough affordable housing projects to meet demand. An increase in the supply of affordable housing is necessary to meet Hawaii's housing needs. Your Committee finds that exempting certain housing development projects from the school impact fee will make development of those projects more financially viable, thus increasing the housing supply.

Your Committee has amended this measure by:

- (1) Specifying that affordable housing units in projects or property developed by the Hawaii Public Housing Authority are exempt from the school impact fee;
- (2) Exempting affordable housing units in projects assisted by the Hawaii Housing Finance and Development Corporation from the school impact fee;
- (3) Changing the effective date to December 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 142, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 142, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1379 Housing on S.B. No. 799

The purpose of this measure is to:

- (1) Make condominium laws regarding sales to owner-occupants inapplicable to time share units; and
- (2) Increase the minimum percentage of residential units in a condominium project that must be offered for sale to prospective owner-occupants in the thirty-day period following the initial date of sale of the condominium from at least fifty percent to at least sixty-seven percent.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that this measure is intended to address housing needs for residents in the State by increasing the amount of residential unit stock available for sale to prospective owner-occupants.

Your Committee has amended this measure by:

- (1) Increasing the minimum percentage of residential units in a condominium project that must be offered for sale to prospective owner-occupants in the thirty-day period following the initial date of sale of the condominium to ninety percent, rather than sixty-seven percent; and
- (2) Changing the effective date to December 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 799, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 799, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1380 Housing on S.B. No. 804

The purpose of this measure is to:

- (1) Authorize the Hawaii Public Housing Authority and Hawaii Housing Finance and Development Corporation to provide affordable rental housing for teachers employed by the Department of Education and public charter schools;
- (2) Appropriate funds to the Hawaii Public Housing Authority for the provision of rental housing for public school teachers and public charter school

teachers;

- (3) Authorize the Hawaii Housing Finance and Development Corporation to contract or sponsor with any state or county department or agency for affordable housing for public school teachers;
- (4) Appropriate funds into and out of the Dwelling Unit Revolving Fund for the development of rental housing for teachers;
- (5) Require the Department of Education to lease land and contract with private entities for the development, management, maintenance, or revitalization of teacher housing; and
- (6) Permit the private entity leasing land from the Department of Education to lease to other eligible tenants under certain circumstances.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii Public Housing Authority, and Hawaii State Teachers Association. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Stanford Carr Development, LLC.

Your Committee finds that there continues to be a significant shortage of qualified teachers in public school classrooms throughout the State. The State's high cost of living and lack of affordable housing are two factors contributing to teachers leaving the profession or leaving the State. Your Committee further finds that a January 2020 compensation study contracted by the Department of Education indicated that seventy-eight percent of survey respondents indicated that the lack of housing availability negatively impacted teacher retention in Hawaii. Furthermore, a December 2020 comparison report developed for the Department of Education on teacher recruitment revealed that similarly situated school districts in other states provide greater opportunities for low- to no-cost teacher housing for full-time employees. Providing rental housing projects for public school and charter school teachers as provided in this measure is critical to teacher recruitment and retention in Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 804, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 804, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1381 Pandemic & Disaster Preparedness/Health, Human Services, & Homelessness on S.B. No. 1156

The purpose of this measure is to make an emergency appropriation to the Department of Health for the State of Hawaii coronavirus disease 2019 vaccination plan.

Your Committees received testimony in support of this measure from the Department of Health and Hawai'i Primary Care Association.

Your Committees find that the distribution of vaccinations is a key element in addressing the COVID-19 pandemic. Your Committees note that while the federal government is paying for COVID-19 vaccine doses, the State is still burdened with implementation and administrative costs. The Department of Health also plays a pivotal role in addressing the COVID-19 pandemic and requires sufficient funding to protect the State's residents. This measure is necessary to provide the Department of Health with the critical resources to implement the State's vaccination plan and ensure the continuation of the State's efforts to mitigate the effects of COVID-19.

Your Committees have amended this measure by:

- (1) Inserting emergency appropriations of unspecified amounts for various COVID-19 response efforts;
- (2) Requiring that should any project or program paid for by state funds become eligible for federal reimbursement, those federal funds shall be deposited into the general fund; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request that should your Committee on Finance hear this measure, that it consider appropriating the following dollar amounts received from the Department of Health:

- (1) \$3,336,000 for the continuation of contracted disease investigation, contact tracing, and first contact callers for COVID-19 positive cases and close contacts;
- (2) \$250,000 for additional supplies for front-line public health workers;
- (3) \$21,667 for additional testing, personal protective equipment, and industrial hygiene services for Kalaupapa residents traveling to Oahu for medical care;
- (4) \$275,000 for overtime pay for public health nurses for COVID-19 surge response efforts;
- (5) \$75,000 for the Hawaii district health office to rent a temporary space for contracted workers;
- (6) \$275,000 to contract out first contact calling services for contact tracing support;
- (7) \$2,000,000 for tests contracted with Diagnostic Labs and Clinical Labs, including the Department of Public Safety inmate testing, and for the implementation of pediatric-oriented testing strategy; and
- (8) \$3,300 for tuberculosis clearance requirements for health care volunteers in vaccination operations.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Health, Human Services, & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1156, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1156, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 8. Noes, none. Excused, 1 (Woodson).

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1382 Pandemic & Disaster Preparedness on S.B. No. 1034

The purpose of this measure is to:

- (1) Authorize boards to use interactive conference technology to remotely conduct public hearings;
- (2) Establish requirements, including new notice requirements, for the conduct of a remote meeting;
- (3) Require a meeting held by interactive conference technology to be automatically recessed for up to twenty minutes to restore communication under certain circumstances; and
- (4) Allow for additional courtesy sites open to the public for remote and in-person meetings held by interactive conference technology.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Public Safety, Disability and Communication Access Board, Hawai'i Civil Rights Commission, Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees, State Council on Developmental Disabilities, Employees' Retirement System, Office of the Board of Regents of the University of Hawai'i System, Office of Information Practice, two members of the Maui County Council, Common Cause Hawaii, National Federation of the Blind of Hawaii, All Hawaii News, Waikiki Neighborhood Board, Transform Hawai'i Government, Society of Professional Journalists Hawaii Chapter, Civil Beat Law Center for the Public Interest, and two individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Hawaii State Public Library System.

Your Committee finds that the ability to allow the public to view and participate in meetings of public agencies is a fundamental necessity for democracy to thrive. Your Committee further finds that as a result of the coronavirus disease 2019, the State's Sunshine Law was suspended to ensure the safety of employees, thereby changing the focus from in-person meetings to virtual meetings. Virtual meetings have increased transparency by allowing more public members to participate in meetings, regardless of their physical location. Your Committee believes that this practice should continue to increase transparency and ensure active participation from the public.

Your Committee notes that disability accessibility requirements are currently covered under federal and state laws and other agencies are responsible for ensuring compliance with the Americans with Disabilities Act, rather than the Office of Information Practices. Your Committee believes that establishing a new cause of action under the Sunshine Law for disability rights would create confusion, government inefficiency, and potential conflicts between existing laws and agencies. While your Committee understands there may be issues with enforcement, your Committee believes these provisions should be addressed in the relevant laws by the agencies already administering it and not in the Sunshine Law.

Accordingly, your Committee has amended this measure by:

- (1) Specifying that a notice shall list at least one meeting location that is open to the public that has an audio-visual connection only if requested by a member of the public at least seventy-two hours prior to the meeting;
- (2) Deleting language that would have required interactive conference technology used for a remote meeting to include captioning services through the streaming provider or through an outside service, and any related language;
- (3) Deleting language that would have required a meeting be recessed or terminated if connection to an additional public location is interrupted in a way that interferes with an Americans with Disabilities Act accommodation and any related language;
- (4) Deleting language that would have required any additional public location to be provided with accommodations pursuant to the Americans with Disabilities Act upon request from a member of the public;
- (5) Restoring language that required a meeting held by interactive conference technology to be automatically recessed for up to one hour, rather than twenty minutes;
- (6) Clarifying the definition of "interactive conference technology" by removing the requirement that the technology be accessible to and usable by individuals with disabilities;
- (7) Removing language relating to notice requirements for instructions on how to request an auxiliary aid or service or an accommodation due to a disability for all locations specified in the notice; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1034, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1034, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1383 Water & Land on S.B. No. 225

The purpose of this measure is to:

- (1) Specify that the cost of regional infrastructure improvements made by the Hawaii Housing Finance and Development Corporation may be assessed against transit-oriented development projects specially benefiting from the improvements, as determined by the Corporation; and
- (2) Require the Hawaii Interagency Council for Transit-Oriented Development to review and make recommendations on applications for subaccount funds for infrastructure projects related to transit-oriented development.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Office of Planning, and Hawaii Interagency Council for Transit-Oriented Development.

Your Committee finds that the cost of offsite infrastructure is a major barrier to achieving the potential of transit-oriented development statewide. This measure will facilitate state investment in needed transit-oriented development infrastructure by allowing the Hawaii Housing Finance and Development Corporation to recover upfront costs through assessments against projects that specially benefit from those infrastructure improvements. Your Committee further finds that the Hawaii Interagency Council for Transit-Oriented Development can provide valuable input on aligning funding requests with the principles and priorities contained in the "State Strategic Plan for Transit-Oriented Development" issued by the Council.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 225, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1384 Water & Land on S.B. No. 140

The purpose of this measure is to:

- (1) Require the Hawaii Community Development Authority to develop a transit-oriented development zone improvement program;
- (2) Amend the membership of the Hawaii Community Development Authority for matters affecting transit-oriented development zones; and
- (3) Authorize the Hawaii Community Development Authority to establish transit-oriented development zones for lands within county-designated transit-oriented development zones or within a one-half mile radius around existing transit stations.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Community Development Authority, and Office of Planning. Your Committee received testimony in opposition to this measure from six individuals. Your Committee received comments on this measure from Hawaii's Thousand Friends and the Kaka'ako Makai Community Planning Advisory Council.

Your Committee finds that transit-oriented development can eventually produce a broad range of social, environmental, and economic benefits to the State and its people. This measure would provide the Hawaii Community Development Authority with flexibility to coordinate--in collaboration with affected state, county, and private-sector stakeholders--the planning, financing, and delivery of regional infrastructure for transit-oriented development on Oahu and the neighbor islands.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 140, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 140, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Branco, Ganaden). Noes, none. Excused, 1 (McDermott).

SCRep. 1385 Health, Human Services, & Homelessness on S.B. No. 280

The purpose of this measure is to:

- (1) Codify the administrative definition of "assistance animal" for the purposes of real estate transactions;
- (2) Clarify the type of verification an individual may provide to establish the need for an assistance animal; and
- (3) Specify that the possession of a vest or other distinguishing animal garment, tag, or registration document commonly purchased online and purporting to identify an animal as a service animal or assistance animal does not constitute a valid verification of a disability-related need for an assistance animal.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Associa, Hawaii Disability Rights Center, Hawai'i Association of REALTORS, and one individual. Your Committee received comments on this measure from the Disability and Communication Access Board and Community Associations Institute.

Your Committee finds that the statutory definition of "service animal", which is used in the general context of the Americans with Disabilities Act, is limited to a dog that has been trained to do work or perform a specific task to assist a person with a disability, while the term "assistance animal", which is used in the context of federal and state fair housing laws, applies more broadly to a wider category of animals who provide support, including emotional support animals and service animals. Your Committee further finds that while "assistance animal" is not codified in statute, it is defined in the Hawaii Administrative Rules. This measure provides clarity on the type of information that may be used when verifying the need for an assistance animal in a real estate transaction.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 280, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 280, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1386 Health, Human Services, & Homelessness on S.B. No. 410

The purpose of this measure is to add abuse of a family or household member to those felonies that qualify for repeat offender sentencing.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, and Department of the Prosecuting Attorney of the County of Maui. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that the abuse of family or household members is among the most repeated offenses. Your Committee further finds that under existing law, the abuse of family or household members is not included in the offenses that qualify for repeat offender sentencing.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 410, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 410, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1387 Health, Human Services, & Homelessness on S.B. No. 512

The purpose of this measure is to expand the Hawaii Healthy Food Incentive Program, also known as the Double Up Food Bucks Program, administered by the Department of Agriculture to make fresh fruits and vegetables more readily accessible to families or individuals in Hawaii who receive assistance through

the federal Supplemental Nutrition Assistance Program by:

- (1) Removing the \$10 per visit per day cap on the dollar-for-dollar match received by Supplemental Nutrition Assistance Program beneficiaries under the Double Up Food Bucks Program; and
- (2) Specifying that healthy proteins are eligible purchases under the Program.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Health; Office of Planning; City and County of Honolulu Department of Community Services; City and County of Honolulu Office of Climate Change, Sustainability, and Resiliency; AARP Hawai'i; Land Use Research Foundation of Hawaii; Chamber of Commerce Hawaii; Blue Zones Project; Sierra Club of Hawai'i; Hawai'i Community Foundation; Hawaii Children's Action Network Speaks!; Early Childhood Action Strategy; 'Ohana Health Plan; Hawai'i Pacific Health; Kaiser Permanente Hawai'i; Hawaii Association of Health Plans; Hawaii Medical Service Association; Hawaii Appleseed Center for Law & Economic Justice; Hawai'i Alliance for Community Based Economic Development; Hawaii Primary Care Association; Ka Ohana O Na Pua; AlohaCare; Kauai Climate Action Coalition; Kamehameha Schools; League of Women Voters of Hawaii; 350Hawaii.org; Hawaii Food Industry Association; Uluopono Initiative; Hawai'i Farm Bureau; Our Revolution Hawaii; The Food Basket - Hawai'i Island's Food Bank; Foresight/Policy Analysis; Hawaii Foodbank; Hawai'i Public Health Institute; Lanakila Meals on Wheels; Parents And Children Together; Hawai'i Alliance for Progressive Action; We Are One, Inc.; Health Committee and Environmental Caucus of the Democratic Party of Hawai'i; and numerous individuals. Your Committee received comments on this measure from the Department of Human Services; Executive Office on Early Learning; University of Hawai'i System; and American Heart Association.

Your Committee finds that the consumption of fresh fruits and vegetables is an integral part of a healthy diet and is central to preventing obesity and other chronic diseases. However, because of the high cost associated with fresh produce, access to fresh fruits and vegetables can be difficult for income-limited individuals. Your Committee further finds that the Double Up Food Bucks Program is an existing program that supports both local farmers and lower-income individuals by providing a dollar-for-dollar match to Supplemental Nutrition Assistance Program beneficiaries who purchase locally-grown fruits and vegetables at participating farmers' markets, grocery stores, and community-supported agriculture projects. This measure promotes public health through increased access to fresh produce and healthy proteins for lower-income individuals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 512, S.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 512, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1388 Health, Human Services, & Homelessness on S.B. No. 1018

The purpose of this measure is to establish a two-year reorganization pilot project within the Department of Health to shift and reorganize the Department's functions, positions, and funding in the Behavioral Health Services Administration; Environmental Health Administration; General Administration, including the Office of the Director of Health; and Health Resources Administration.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that the COVID-19 pandemic has highlighted the need for greater flexibility, responsiveness, transparency, and accountability in how the State interacts with and responds to the community, particularly in the provision of health care services. Many current structures and processes have hindered or challenged agencies in their ability to responsively, promptly, effectively, and efficiently provide the services demanded by the public. Your Committee further finds that attempts by executive branch departments to modernize and realign programmatic and staffing structures through program reorganizations can take two or more years to complete, and program reorganizations are often not approved until long after the original purpose for the reorganization has lapsed.

Your Committee has amended this measure by:

- (1) Requiring the reorganization pilot program to begin with the reorganization of the Behavioral Health Services Administration;
- (2) Specifying that the reorganization of the Behavioral Health Services Administration is to begin upon the approval of this measure;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1018, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1018, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1389 Health, Human Services, & Homelessness on S.B. No. 1127

The purpose of this measure is to make an emergency appropriation to the Department of Human Services to fund general assistance payments in the current fiscal year.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Hawaii Primary Care Association, Catholic Charities Hawai'i, Neighborhood Place of Puna, and HOPE Services Hawaii.

Your Committee finds that due to the COVID-19 pandemic, the number of individuals receiving general assistance benefits increased by more than thirty-one percent from February to October 2020. The Department of Human Services' General Assistance Program is one hundred percent state funded. There are currently no federal funds available to support this program. Your Committee further finds that without an emergency appropriation, the Department of Human Services will expend all appropriated funds for the General Assistance Program before the end of the current fiscal year and will be unable to maintain the current monthly general assistance allowance.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1127, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1127, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Har, LoPresti).

SCRep. 1390 Health, Human Services, & Homelessness on S.B. No. 1128

The purpose of this measure is to establish:

- (1) Self-funded commercial enterprises vocational programs within the Office of Youth Services for disenfranchised young adults; and
- (2) The Office of Youth Services Revolving Fund within the Office of Youth Services, for the receipt of income and payment of expenses generated from the commercial enterprise vocational programs.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Hawaiian Home Lands, Office of Hawaiian Affairs, Hawaiian Homes Commission, Community Alliance on Prisons, Kinai 'Eha, Papa Ola Lōkahi, Kamehameha Schools, Institute for Native Pacific Education and Culture, 'Iolani Palace, Council for Native Hawaiian Advancement, Partners in Development Foundation, The Queen's Health Systems, Boys & Girls Club of Hawaii, Kanaeokana, Bishop Museum, 'Aha Ho'ona'auau 'Ōiwi Hawai'i, and five individuals.

Your Committee finds that Act 201, Session Laws of Hawaii 2014, was enacted to reform and improve the State's juvenile justice system. Since then, there has been a twenty-six percent reduction in admissions to the Hawaii Youth Correctional Facility. Your Committee further finds that Kawaioloa Youth and Family Wellness Center was established by Act 208, Session Laws of Hawaii 2018, to provide services for at-risk youth and young adults, including skills building, vocational training, and economic programming. The additional source of revenue proposed by this measure will support the Office of Youth Services' ongoing efforts to promote self-sustainability in at-risk youth and young adults.

Your Committee has amended this measure by:

- (1) Requiring the Office of Youth Services to provide annual reports to the Legislature on the fiscal transactions and expenses of each service or program;
- (2) Requiring the Director of Human Services to conduct an immediate audit of the Office of Youth Services if the annual reports on the fiscal transactions and expenses of each service or program are not submitted in a timely manner;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1128, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1128, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1391 Health, Human Services, & Homelessness on S.B. No. 1137

The purpose of this measure is to increase the cap for the Spouse and Child Abuse Special Fund to allow up to \$5,000,000 of federal reimbursements received from the United States Department of Health and Human Services, Administration for Children and Families, to be retained in the year following the fiscal year in which Family First Prevention Services funds and Title IV-E funds were expended.

Your Committee received testimony in support of this measure from the Department of Human Services and Domestic Violence Action Center.

Your Committee finds that approximately \$5,000,000 in federal Title IV-E reimbursements are returned by the Department of Human Services to the general fund when those reimbursements are received in the fiscal year after the funds were expended, partially because the State and federal fiscal years are not on the same twelve-month cycle. Your Committee finds that allowing the Department of Human Services to retain the amount returned will provide the Department with a stable and predictable source of non-federal funds eligible for federal reimbursement to administer programs and services that prevent, reduce, and respond to the impacts or incidents of spouse abuse and child abuse and neglect.

Your Committee has amended this measure by:

- (1) Changing the increased cap for the Spouse and Child Abuse Special Fund to an unspecified amount;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1137, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1137, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1392 Health, Human Services, & Homelessness on S.B. No. 1138

The purpose of this measure is to:

- (1) Increase the annual expenditure ceiling of the Office of Healthcare Assurance Special Fund through the state budget process; and
- (2) Authorize the Director of Health to approve emergency spending beyond the established budget ceiling.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that this measure will reduce the Office of Health Care Assurance's reliance on general funds and allow for greater flexibility in addressing unplanned and emergency needs.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1138, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1138, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1393 Health, Human Services, & Homelessness on S.B. No. 1144

The purpose of this measure is to increase marriage license fees to:

- (1) Fund modernization of the vital statistics system;
- (2) Support the Hawaii Birth Defects Program; and
- (3) More fairly compensate marriage license agents.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that marriage license fees support the Hawaii Birth Defects Program, pay into the Spouse and Child Abuse Special Fund, and provide compensation for non-civil service marriage license agents. Your Committee further finds that the allocation for the Hawaii Birth Defects Program was set at \$10 in 2002 and the allocation to compensate marriage license agents was set at \$9 in 1998. Neither allocation has been adjusted to meet rising operating and salary costs and your Committee finds that the money collected from marriage license fees is no longer adequate to support these activities. Increasing marriage license fees and reallocating funds from those fees will ensure the Hawaii Birth Defects Program maintains adequate funding to fulfill its mandated responsibilities and appropriately compensate marriage license agents.

Your Committee has amended this measure by:

- (1) Removing remittance of a portion of the marriage license fees to the Vital Statistics Improvement Special fund;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1144, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1144, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, 1 (LoPresti).

SCRep. 1394 Health, Human Services, & Homelessness on S.B. No. 1150

The purpose of this measure is to authorize the Department of Health to accept nationally recognized accreditation or certification organizations to demonstrate a skilled nursing facility's compliance with the licensing inspection requirements required by the State.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received comments on this measure from the Healthcare Association of Hawaii.

Your Committee finds that national organizations such as The Joint Commission provide accreditation or certification for skilled nursing facilities. Your Committee further finds that allowing the Department of Health to recognize these organizations and accept their accreditation and certification reviews for State licensing purposes will allow the Department to more effectively deploy its limited resources while continuing its regulatory oversight responsibilities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1150, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1150, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1395 Consumer Protection & Commerce on S.B. No. 764

The purpose of this measure is to bring the State in substantial compliance with federal regulations by requiring the examiner of drivers to disqualify, for life, any person from driving a commercial motor vehicle if the person uses a commercial motor vehicle in the commission of any felony involving a severe form of trafficking in persons.

Your Committee received testimony in support of this measure from the Department of Transportation and Hawaii Transportation Association.

Your Committee finds that on July 23, 2019, the Federal Motor Carrier Safety Administration issued a final rule that amends title 49 Code of Federal Regulations parts 383 and 384 to permanently disqualify individuals convicted of the felony severe form of trafficking in persons from driving a commercial motor vehicle (Final Rule). The Final Rule also requires states to be in substantial compliance with the Final Rule within three years from the date the Final Rule became effective, which was September 23, 2019.

Your Committee further finds that for purposes of determining substantial compliance with the Final Rule, a state shall disqualify an individual from operating a commercial motor vehicle for the same reasons and time periods for which the Secretary of Transportation disqualifies the individual for certain acts. If a state fails to be in substantial compliance with the Final Rule within three years, the federal government is authorized to withhold certain federal funding. In the first year a state fails to be in substantial compliance, four percent of certain federal funds are withheld; for Hawaii, this would be equivalent

to \$6,185,220. In subsequent years a state fails to be in substantial compliance, eight percent of certain federal funds are withheld; for Hawaii, this would be equivalent to \$12,370,440.

Your Committee, however, finds that the definition of "severe form of trafficking in persons" in this measure deviates from the federal definition. Your Committee notes that H.B. No. 459, H.D. 2 (Regular Session of 2021), which was previously passed by the House, is preferable because it aligns the definition of "severe form of trafficking in persons" with the federal definition.

Accordingly, your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 459, H.D. 2, a substantially similar measure that:

- (1) Requires the examiner of drivers to disqualify, for life, any person from driving a commercial motor vehicle if the person uses a commercial motor vehicle in the commission of any felony involving a severe form of trafficking in persons; and
- (2) Takes effect on January 1, 2050.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 764, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 764, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1396 Consumer Protection & Commerce on S.B. No. 309

The purpose of this measure is to include under the offense of violation of privacy in the first degree the intentional creation or disclosure or threat of disclosure of certain types of deep fake images or video.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the County of Maui, Honolulu Police Department, Department of the Prosecuting Attorney of the City and County of Honolulu, LGBT Caucus of the Democratic Party of Hawaii, SAG-AFTRA Hawaii Local, Imua Alliance, Hawaii State AFL-CIO, International Longshore & Warehouse Union Local 142, International Brotherhood of Electrical Workers Local 1260, IATSE Local 665, Iron Workers Stabilization Fund, and four individuals. Your Committee received comments on this measure from the Motion Picture Association - America.

Your Committee finds that H.C.R. No. 225, H.D. 1, S.D. 1 (Regular Session of 2019), established the Twenty-First Century Privacy Law Task Force (Task Force) and tasked the Task Force to examine and recommend laws and regulations relating to internet privacy; the collection, transmission, processing, protection, storage, and sale of personal data; hacking; data breaches; and other similar subjects.

Your Committee further finds that, among the various areas of risk the Task Force discussed, the Task Force discussed and examined deep fake technology. Deep fake technology is the process of digitally manipulating existing audio and video to depict a person doing or saying something that they did not say or do. Identifying false video and audio employing the use of deep fake technology can be difficult for an unaware viewer. Additionally, deep fake technology is increasingly being used to depict individuals as engaging in sexual activity or as performing in the nude without consent or participation, with the intent of causing economic, reputational, and emotional harm.

Your Committee finds that, among the several recommendations made by the Task Force, the Task Force recommended addressing the issue of deep fake technology by establishing criminal violations for those who violate a person's privacy through the creation or disclosure of deep fake videos that include the likeness of another person engaging in sexual conduct or performing in the nude without consent or participation. This measure will protect the people of the State from the malicious use of this emerging technology.

Your Committee has amended this measure by:

- (1) Clarifying that the composite image or video depicting the fictitious person be a realistic photographic image or video;
- (2) Applying the reasonable person standard to the fictitious image of the depicted person;
- (3) Requiring that the depicted person suffer harm as a result of the realistic photographic image or video;
- (4) Exempting realistic photographic images or videos that are a matter of legitimate public concern; have political or newsworthy value; or are commentary, criticism, or disclosures that are otherwise protected by the United States Constitution and Hawaii State Constitution;
- (5) Changing the effective date to December 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 309, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 309, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1397 Consumer Protection & Commerce on S.B. No. 599

The purpose of this measure is to establish continuing education requirements for massage therapists, beginning with renewals for the biennium period beginning July 1, 2024.

Your Committee received testimony in support of this measure from the Board of Massage Therapy, American Massage Therapy Association – Hawaii Chapter, and two individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that forty states require massage therapists to complete continuing education before license renewals are granted. Your Committee further finds that requiring continuing education allows licensed massage therapists to remain current on best industry practices and will elevate the massage therapy profession in Hawaii to the highest standards of quality and safety.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee

is in accord with the intent and purpose of S.B. No. 599, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 599, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1398 Consumer Protection & Commerce on S.B. No. 1240

The purpose of this measure is to require the State to conform to those provisions of the federal Consolidated Appropriations Act, 2021, relating to taxable income and deductible expenses.

Your Committee received testimony in support of this measure from Island Plastic Bags, Inc.; Hawaii Restaurant Association; National Federation of Independent Business; Chamber of Commerce Hawaii; Hawaii Automobile Dealers' Association; FCH Enterprises; Hawaii Food Industry Association; IL Gelato Hawaii; Kalaheo Coffee Co. Inc.; ABC Stores; Hawaii Association of Public Accountants; MW Group, Ltd.; Milici Valenti Ng Pack, Inc.; Prince Resorts Hawaii; Mauna Kea Resort LLC; Mauna Kea Resort Services LLC; KYD, Inc.; Suisan Company, Ltd.; Hawai'i Lodging & Tourism Association; Aloha Business Bitz, Inc.; Coconut's Fish Cafe; Retail Merchants of Hawaii; Maui Chamber of Commerce; T S Restaurants; Hawai'i Island Chamber of Commerce; Seal Masters of Hawaii; and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, and Tax Foundation of Hawaii.

Your Committee finds that the Consolidated Appropriations Act, 2021, Public Law 116-260, was enacted by the federal government on December 27, 2020. The federal Act, among other things, provides federal funding and stipulates federal tax treatment of certain taxable income and deductible expenses.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1240, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1240, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1399 Consumer Protection & Commerce on S.B. No. 320

The purpose of this measure is to require each tax return preparer to:

- (1) Have a valid preparer tax identification number issued by the Internal Revenue Services; and
- (2) Include the valid preparer tax identification number on any return or claim for refund prepared for compensation as required by the Department of Taxation.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that many tax return preparers in Hawaii operate with little State oversight or accountability. This measure will ensure that tax return preparers are held accountable for the returns they prepare by requiring all tax return preparers to have a preparer tax identification number and include it on any return or claim for refund.

Your Committee further finds that continuing education requirements ensure that professionals are knowledgeable of the latest best practices. Several states, including California, Iowa, Maryland, New York, and Oregon, require continuing education for tax return preparers. Your Committee finds that this is an additional and appropriate method of ensuring that tax return preparers have some competence in preparing tax returns.

Your Committee has amended this measure by:

- (1) Establishing a continuing education requirement of four hours in a calendar year, beginning with calendar year 2022;
- (2) Specifying that the continuing education courses must be approved by the Board of Public Accountancy;
- (3) Requiring the Board of Public Accountancy to adopt rules regarding continuing education, including compliance procedures and penalties for violations;
- (4) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 320, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 320, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1400 Consumer Protection & Commerce on S.B. No. 1096

The purpose of this measure is to make various amendments to the State's insurance laws. Specifically, this measure:

- (1) Institutes certain consumer protections with regard to public adjusters, by:
 - (A) Requiring certain contractual terms and disclosures;
 - (B) Specifying the commissions, fee, or other compensation that public adjusters may charge cannot be unreasonable; and
 - (C) Specifying that insureds have a right to rescind that contract, with certain restrictions;
- (2) Imposes the standard of conduct that is applied to other insurers upon limited lines motor vehicle rental company producers, owners of self-service storage facilities, and vendors of portable electronics;
- (3) Authorizes the Insurance Commissioner to waive or modify, in whole or part, upon a showing of good cause, any or all fees deposited into the Commissioner's Education and Training Fund and Compliance Resolution Fund;
- (4) Mandates the electronic payment of certain taxes and electronic filing of certain reports, and updates the system utilized for electronic filing;

- (5) Corrects an inaccuracy by stating that public adjusters and bill reviewers handle funds, not premiums;
- (6) Reinstates the right to an administrative hearing and appeal from an order that was inadvertently repealed by Act 279, Session Laws of Hawaii 2019;
- (7) Amends the composition and criteria for choosing members of the Hawaii Joint Underwriting Plan Board of Governors;
- (8) Clarifies that rewards under wellness programs that meet certain criteria do not constitute a rebate by insurers to insureds;
- (9) Deletes the statutory date for extensions of certificates of authority for risk retention groups and authorizes the Insurance Commissioner to establish the dates consistent with the Insurance Commissioner's authority to establish dates for extensions for other insurers under the Insurance Code; and
- (10) Repeals the \$140 penalty imposed on pharmacy benefit managers for failure to renew their registration.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Hawaii Medical Service Association; Kaiser Permanente Hawai'i; American Insurance Group, Inc.; and American Association of Public Insurance Adjusters. Your Committee received comments on this measure from the American Council of Life Insurers.

Your Committee finds that updating the State's insurance laws is necessary to increase clarity, provide greater protections to consumers, and improve the administration and enforcement of regulated entities. This measure will accomplish all of these objectives.

Your Committee has amended this measure by:

- (1) Lowering the minimum nonforfeiture interest rate from one percent to fifteen-hundredth of one percent;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1096, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1096, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1401 Consumer Protection & Commerce on S.B. No. 1098

The purpose of this measure is to adopt certain provisions of the National Association of Insurance Commissioners' Producer Licensing Model Act, Public Adjuster Licensing Model Act, Reinsurance Intermediary Model Act, and Independent Adjuster Licensing Model Guidelines to provide consistency and promote efficiency in processing insurance licensing fees, applications, certificates, registrations, and renewals.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that this measure consolidates licenses, registrations, and fees issued by the Insurance Division of the Department of Commerce and Consumer Affairs under article 7 of the Insurance Code, relating to fees, taxes, and deposits, which will increase clarity and transparency. Your Committee further finds that this measure will facilitate the Insurance Division's transition to the electronic processing of insurance licensing fees, certificates, registrations, and renewals, which will make this process more efficient, accurate, and timely.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1098, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1098, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1402 Consumer Protection & Commerce on S.B. No. 1102

The purpose of this measure is to authorize promoters of mixed martial arts events to compensate contestants and their managers in cash.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that mixed martial arts events are very susceptible to last-minute changes. For example, a contestant could fail to make weight, which occurs the day before a contest, or could be injured. When a change occurs at the last minute, promoters often have insufficient time to go to a financial institution to obtain new cashier's or certified checks, which are the only forms of payment allowed under existing law. This measure would provide promoters with the necessary flexibility to compensate contestants and their managers in a timely manner.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1102, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1102, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1403 Consumer Protection & Commerce on S.B. No. 1103

The purpose of this measure is to provide flexibility and discretion to the Board of Public Accountancy in the selection of members for the Board's Peer Review Oversight Committee.

Your Committee received testimony in support of this measure from the Board of Public Accountancy.

Your Committee finds that the accounting profession's standards of review change frequently. With recent changes, the duties of the Board of Public Accountancy's Peer Review Oversight Committee are expected to substantially increase. Your Committee further finds that it is necessary for the Board to

have flexibility and discretion in selecting members who have the ability and aptitude to serve on the Peer Review Oversight Committee.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1103, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1103, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1404 Consumer Protection & Commerce on S.B. No. 1104

The purpose of this measure is to increase the monetary amount an injured homeowner may recover from the Contractors Recovery Fund and the maximum amount of liability that may be recovered from the fund per licensed contractor.

Your Committee received testimony in support of this measure from the Contractors License Board. Your Committee received testimony in opposition to this measure from the Subcontractors Association of Hawaii.

Your Committee finds that the Contractors Recovery Fund provides financial assistance to homeowners injured by the act, representation, transaction, or conduct of a licensed contractor. This measure will increase the amount of relief an injured homeowner can recover.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1104, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1104, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1405 Consumer Protection & Commerce on S.B. No. 191

The purpose of this measure is to:

- (1) Specify a process for condominium associations to incorporate power of sale language into their governing documents; and
- (2) Clarify that liens may be foreclosed upon if the power of sale language is contained within an association's governing documents or within some other agreement with the owner of the unit subject to foreclosure.

Your Committee received testimony in support of this measure from Associa; Community Associations Institute; Palehua Townhouse Association; Hawaiian Properties, Ltd.; and four individuals. Your Committee received testimony in opposition to this measure from the Law Offices of Mark K. McKellar, LLC; Hawaii Council for Associations of Apartment Owners; and eight individuals. Your Committee received comments on this measure from two individuals.

Your Committee finds that Act 282, Session Laws of Hawaii 2019 (Act 282), was passed to confirm the legislative intent that condominium associations have the authority to use a nonjudicial foreclosure process to collect delinquencies regardless of the presence or absence of power of sale language in an association's governing documents. Your Committee further finds that the recent court decisions have nonetheless insisted that power of sale language must be contained within the governing documents of a condominium association before a nonjudicial foreclosure process can be used.

Your Committee notes that Act 282 reflected the Legislature's longstanding position that condominium law enables an association to exercise a nonjudicial foreclosure remedy. As courts have not shown a willingness to honor longstanding legislative intent, your Committee finds that legislative action is necessary to clear up and confirm the intent of the Legislature regarding the right of condominium associations to conduct nonjudicial foreclosures.

Your Committee finds that H.B. 641, H.D. 1 (Regular Session of 2021), a substantially similar measure, was previously passed by your Committee. Your Committee finds that H.B. 641, H.D.1 is preferable because it includes a clear statement expressly reiterating and declaring that the intent of the Legislature is that condominium associations have the existing authority to use a nonjudicial foreclosure process to enforce association liens.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. 641, H.D. 1, a measure that:
 - (A) Specifies a process for condominium associations to incorporate power of sale language into their governing documents;
 - (B) Clarifies that liens may be foreclosed upon if the power of sale language is contained within an association's governing documents or within some other agreement with the owner of the unit subject to foreclosure; and
 - (C) Takes effect on January 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 191, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 191, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1406 Consumer Protection & Commerce on S.B. No. 148

The purpose of this measure is to require landlords, lessors, or plaintiffs in a summary possession action to submit a general excise tax license in good standing as a condition to the issuance of a writ of possession.

Your Committee received testimony in support of this measure from Catholic Charities Hawai'i, HOPE Services Hawai'i, and two individuals. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and two individuals.

Your Committee finds that rental properties serve a valuable role in providing housing. Your Committee further finds, however, that landlords may

unscrupulously take advantage of their available remedies while failing to comply with applicable tax laws. This measure provides some assurance that a landlord who exercises the remedy of summary possession is in good standing with general excise tax law requirements.

Your Committee has amended this measure by:

- (1) Specifying that the summary possession action by a landlord, lessor, or plaintiff be based on nonpayment of monetary rent; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 148, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 148, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1407 Consumer Protection & Commerce on S.B. No. 1101

The purpose of this measure is to:

- (1) Establish the Safe Home Program to provide matching and nonmatching grants for the installation of wind resistive devices to single-family, owner-occupied, residential property owners, in certain circumstances;
- (2) Allocate a portion of the monies earned through interest from the Hurricane Reserve Trust Fund's assets to provide grants under the Safe Home Program; and
- (3) Create one temporary position within the Insurance Division of the Department of Commerce and Consumer Affairs to implement and administer the Safe Home Program.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Hawaii Green Infrastructure Authority; Hawaii State Energy Office; Hawaii Emergency Management Agency; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Hawaii Insurers Council; Climate Protectors Hawaii; and two individuals. Your Committee received comments on this measure from the State Procurement Office and American International Group, Inc.

Your Committee finds that Hawaii is susceptible to property loss resulting from hurricanes, tropical storms, and strong winds. The best long-term solution to reducing potential damage is to strengthen residential homes through the installation of wind resistive devices. However, your Committee further finds that the costs associated with inspection, repair, and reinforcement of residences that would make homes more hurricane resistant may discourage homeowners from making the investment. Your Committee also finds that it is in the interests of public health, safety, and welfare to establish a program to provide grants to certain property owners for the installation of wind resistive devices, approved by the Insurance Commissioner, that will lessen the severity of property loss from strong winds.

Your Committee has amended this measure by:

- (1) Specifying that the administration of the Safe Home Program, other than grant awards, is subject to the Hawaii Public Procurement Code; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1101, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1101, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1408 Consumer Protection & Commerce on S.B. No. 601

The purpose of this measure is to protect consumers from unscrupulous roofing contractors by:

- (1) Prohibiting roofing contractors from advertising or promising to pay or rebate a property or casualty insurance deductible to induce an insured homeowner to purchase goods or services;
- (2) Establishing an insured's right to rescind a contract with a roofing contractor to provide goods or services to be paid from the proceeds of an insurance policy claim and requiring the roofing contractor to return funds to the insured after the rescission, in certain circumstances;
- (3) Requiring roofing contractors to provide certain forms to an insured, prior to entering into a contract;
- (4) Prohibiting roofing contractors from representing or negotiating, or offering or advertising such, on behalf of an insured in any insurance claim; and
- (5) Specifying that violations are deemed unfair methods of competition and unfair or deceptive acts or practices and subject to the laws that govern such acts.

Your Committee received testimony in support of this measure from the National Insurance Crime Bureau. Your Committee received testimony in opposition to this measure from the Contractors License Board and Roofing Contractors Association of Hawaii. Your Committee received comments on this measure from the State Farm Mutual Automobile Insurance Company.

Your Committee finds that, after significant weather events, contractors may take advantage of homeowners by convincing homeowners to replace their entire roof even in scenarios where a homeowner's roof has sustained minimal or no damage. Your Committee further finds that unscrupulous individuals in these situations may represent themselves to homeowners as insurance claims experts who can obtain insurance proceeds to fix a house, even when these individuals are not licensed independent adjusters. This measure seeks to prohibit or remedy these types of actions.

Your Committee notes that the rescission period of five business days, as proposed in this measure, conflicts with existing law governing door-to-door sales, which provides a rescission period of three business days.

Your Committee has amended this measure by:

- (1) Changing the time window in which an insured may rescind a contract with a roofing contractor from five business days to an unspecified number of business days;
- (2) Requiring that evidence of denial or partial denial of the claim by the insurer must be provided by the insured with the notice of rescission to the roofing

contractor;

- (3) Specifying that, if the notice of rescission is mailed, then it is effective upon dispatch when mailed by registered or certified mail;
- (4) Amending the definition of "roofing contractor" to specify that a roofing contractor is a person whose scope of practice is within the C-42 specialty contractor classification specified under the laws regulating contractors;
- (5) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 601, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 601, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1409 Consumer Protection & Commerce on S.B. No. 1139

The purpose of this measure is to:

- (1) Authorize the Department of Health to adopt administrative rules to establish patient registration fees for medical cannabis qualifying patients beginning in fiscal year 2022;
- (2) Require the Office of Medical Cannabis Control and Regulation to convene a task force to explore the development of a dual system program of the legalization of cannabis and the impacts of legalization of cannabis on qualifying patients; and
- (3) Appropriate monies from the Medical Cannabis Registry and Regulation Special Fund for Office of Medical Cannabis Control and Regulation positions and operations.

Your Committee received testimony in support of this measure from the Department of Health, Akamai Cannabis Clinic, Hawai'i Cannabis Industry Association, and Big Island Grown Dispensaries. Your Committee received testimony in opposition to this measure from Patients Without Time and one individual.

Your Committee finds that the financial constraints caused by the COVID-19 pandemic resulted in the elimination of six critical full-time positions within the Office of Medical Cannabis Control and Regulation. The Office no longer has administrative staff, which are fundamental to the effective and efficient operations of the Medical Cannabis Patient Registry Program and Medical Cannabis Dispensary Program. Administrative and program staff are needed to meet current statutory requirements and the need for administrative and programmatic support will only increase as the landscape for medical cannabis grows and evolves. This measure allows the Department of Health to establish patient registration fees through administrative rules, which would give the Office the financial flexibility it needs to support its ongoing operating costs.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1139, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1410 Consumer Protection & Commerce on S.B. No. 970

The purpose of this measure is to authorize the establishment of a physician-patient relationship via a telehealth interaction, if the physician is licensed to practice medicine in the State.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Office of Hawaiian Affairs, Hawaii Medical Board, Healthcare Association of Hawaii, Planned Parenthood Votes Northwest and Hawaii, Hawai'i Pacific Health, Hawai'i Public Health Institute, AARP Hawai'i, The Queen's Health Systems, Hawaii Substance Abuse Coalition, Kaiser Permanente Hawai'i, and two individuals.

Your Committee finds that the COVID-19 pandemic drastically changed how health care providers care for their patients. As a result of the pandemic, the State has seen an increase in the use of telehealth services, which provides a safe and easy way for patients to continue seeing their health care providers. Despite the convenience of telehealth, existing law remains ambiguous regarding whether a patient can use telehealth to establish a physician-patient relationship. Your Committee believes that having the flexibility to establish a physician-patient relationship through a telehealth interaction will increase access to care for residents in the State.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 970, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1411 Consumer Protection & Commerce on S.B. No. 566

The purpose of this measure is to require the Legislative Reference Bureau to conduct a study to determine the appropriate amount of an increase in the homestead exemption.

Your Committee received testimony in opposition to this measure from the Hawaii Credit Union League. Your Committee received comments on this measure from the Legislative Reference Bureau and Hawaii Financial Services Association.

Your Committee finds that attachment and execution are legal remedies for satisfying money judgments. Specifically, attachment is typically the pre-trial provisional remedy of seizing property in anticipation of a favorable ruling for the party claiming to be owed money, whereas execution is the seizure and transfer or sale of money to satisfy a money judgment.

Your Committee further finds that statutory homestead exemptions protect a certain amount of value in a debtor's home from attachment and execution, including in bankruptcy proceedings. Under existing law, the homestead exemption amounts are \$30,000, if the debtor is either the head of a family or 65 years of age or older, or \$20,000 for all other persons. However, these amounts have not been adjusted since 1978. Your Committee notes that \$1 in 1978 had an equivalent buying power of more than \$4 in 2020.

Your Committee additionally finds that the economic impact of the COVID-19 pandemic has been substantial on the State. The percentage of persons in

the State who are not current on their mortgage loans more than doubled from 2019 to 2020. Furthermore, nearly half of the households in Hawaii have reported a decline in income due to the COVID-19 pandemic.

This measure will provide policymakers with the information necessary to make an informed decision on whether the homestead exemption should be increased and, if so, the appropriate amount of the increase.

Your Committee has amended this measure by:

- (1) Clarifying that the Legislative Reference Bureau may solicit input from any individual or entity the Legislative Reference Bureau believes necessary to complete the study; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 566, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 566, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1412 Consumer Protection & Commerce on S.B. No. 659

The purpose of this measure is to amend the Low-Income Housing Tax Credit by:

- (1) Allowing the tax credit to be allocated among the partners or members of the partnership or limited liability company earning the credit in any manner agreed to by the partners or members;
- (2) Extending the increases made to the tax credit until December 31, 2027; and
- (3) Applying the amendments to taxable years beginning after December 31, 2020.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Chamber of Commerce Hawaii; Bank of Hawaii; Dowling Company, Inc.; Sugar Creek Capital; National Association of Industry and Office Properties – Hawaii Chapter; Hunt Companies, Inc.; and Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that broadening how partners or members of a partnership or limited liability company decide to allocate any Low-Income Housing Tax Credit earned in a taxable year will expand the availability of the tax credit at little to no cost to the State. Your Committee further finds that expanding access to this tax credit will support the development of affordable housing by increasing the available equity and feasibility of the construction of affordable rental housing development projects in the State.

Your Committee notes that your Committee received written testimony on this measure expressing concern that the amendments proposed in this measure to the Low-Income Housing Tax Credit would imperil the State's receipt of federal funds under the American Rescue Plan of 2021, Public Law 117-2. Under section 9901 of the American Rescue Plan of 2021, federal funds are prohibited from being used to either directly or indirectly offset a reduction in the net tax revenue of the State resulting from a change in law, regulation, or administrative interpretation during the covered period that reduces any tax. Should your Committee on Finance consider this measure, your Committee respectfully requests that it give consideration to this concern.

Your Committee has amended this measure by:

- (1) Changing, from December 31, 2027, to an unspecified date, the repeal date for Act 129, Session Laws of Hawaii 2016, which placed restrictions on taxpayers claiming the Low-Income Housing Tax Credit after December 31, 2016; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee requests that, as this amended measure progresses through the legislative process, consideration be given to December 31, 2027, as the repeal date for Act 129, Session Laws of Hawaii 2016.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 659, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 659, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1413 Consumer Protection & Commerce on S.B. No. 348

The purpose of this measure is to:

- (1) Update existing law to require bottled water to meet standards prescribed by the United States Food and Drug Administration regarding product quality standards for bottled water; and
- (2) Repealing the limitation on bottled water production that prohibited the transport, storage, processing, or bottling through lines or equipment through which other food products have passed.

Your Committee received testimony in support of this measure from the Sierra Club's National Marine Team, Hawaii Food Industry Association, Ball Corporation, Ko Olina Resort, and one individual. Your Committee received comments on this measure from the Department of Health and Grassroot Institute of Hawaii.

Your Committee finds that plastic bottles are rarely recycled, with Americans sending 38,000,000,000 water bottles to landfills each year. Your Committee further finds that aluminum cans are recycled at approximately twice the rate as plastic bottles. Unlike plastic bottles, aluminum cans are one hundred percent recyclable, which prevents the necessity of including vast amounts of virgin aluminum in future cycles of production.

However, your Committee finds that state law prevents the efficient use of canning equipment used for carbonated soft drinks, juice, or beer for the canning of noncarbonated water. This limitation places a financial burden on beverage companies to duplicate equipment simply for noncarbonated water, which prevents them from providing an aluminum can alternative to single-use plastic water bottles.

Your Committee notes that existing health and safety precautions, such as the use of antimicrobial agents like ozone throughout the filling process, will eliminate any potential for microbiological contamination when water is filled in aluminum cans on the same lines as other beverages. This measure will

eliminate the unnecessary limitation under existing law that financially prohibits the production of canned water in the State, which will support local businesses and provide a local solution to a challenging environmental problem, while also maintaining consumer safety.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 348, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 348, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1414 Consumer Protection & Commerce on S.B. No. 756

The purpose of this measure is to incentivize the use of electric vehicles by:

- (1) Authorizing the counties to enforce the mandatory provision of parking spaces for the exclusive use by electric vehicles and of electric vehicle charging stations for those spaces;
- (2) Increasing the required number of parking stalls reserved for the exclusive use by electric vehicles at places of public accommodation with at least one hundred parking spaces to five parking spaces per one hundred parking spaces by January 1, 2025;
- (3) Requiring that every electric charging station placed in service on or after January 1, 2022, be at least a Level 2 charging station that is network capable;
- (4) Specifying that law enforcement officers and commissioned volunteers may enter private property to enforce the requirement for a minimum number of parking spaces reserved for exclusive use by electric vehicles, and law enforcement offices may enter private property to enforce the prohibition on non-electric vehicles parking in these stalls;
- (5) Reallocating a portion of the Environmental Response, Energy, and Food Security Tax to a newly established subaccount in the Public Utilities Commission Special Fund for the Electric Vehicle Charging System Rebate Program; and
- (6) Appropriating funds for the Electric Vehicle Charging System Rebate Program.

Your Committee received testimony in support of this measure from the Department of Transportation; Hawaii State Energy Office; Public Utilities Commission; one member of the Maui County Council; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; 350Hawaii.org; Ulupono Initiative; Environmental Caucus of the Democratic Party of Hawai'i; Climate Protectors Hawai'i; Blue Planet Foundation; Our Revolution Hawaii; Tesla; Faith Action for Community Equity Environmental Justice Task Force; Environmental Caucus of the Democratic Party of Hawai'i; and eleven individuals. Your Committee received testimony in opposition to this measure from the Building Owners and Managers Association of Hawaii, Hawaii Credit Union League, Building Industry Association of Hawaii, Brookfield Properties, National Association of Industry and Office Properties – Hawaii Chapter, Retail Merchants of Hawaii, and eleven individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Design and Construction of the City and County of Honolulu, Hawai'i Energy, Chamber of Commerce Hawaii, Tax Foundation of Hawaii, and Hawaiian Electric Company.

Your Committee finds that the State has committed to several goals in an attempt to prevent or mitigate the effects of climate change, including the adoption of the renewable portfolio standards and zero emissions clean economy target. Your Committee further finds that ground transportation accounts for forty-seven percent of the State's 8,690,000 metric tons of transportation emissions. This measure continues the State's commitment to lowering the State's carbon emissions and reliance on fossil fuels by promoting electric vehicles.

Your Committee further finds that as more consumers consider purchasing electric vehicles, the lack of any easily accessible infrastructure will deter greater consumer adoption of electric vehicles. This measure also ensures that the necessary infrastructure for electric vehicles will be easily accessible and economically viable.

Your Committee notes that the mandate for electric vehicle charging stations requires the property owner to invest monies for retrofitting any infrastructure necessary for the installation of the electric vehicle charging stations. Your Committee further notes that nothing in this measure prevents or prohibits a landowner or business to charge reasonable fees to regain the amounts invested. Your Committee, however, requests that should this measure continue to progress through the legislative process, that further consideration be given to whether the increased mandatory minimum number of parking stalls reserved for exclusive use by electric vehicles proposed by this measure should only apply to new construction or apply to new construction and existing parking structures and lots. Your Committee additionally notes that this measure may be enhanced with guidance on what constitutes reasonable fees.

Your Committee has amended this measure by changing the appropriation to an unspecified amount.

Should your Committee on Finance choose to deliberate on this measure, your Committee respectfully requests your Committee on Finance to consider \$300,000 as an appropriate amount for the funding of the Electric Vehicle Charging System Rebate Program.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 756, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 756, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Matsumoto). Noes, 1 (Kong). Excused, none.

SCRep. 1415 Consumer Protection & Commerce on S.B. No. 702

The purpose of this measure is to require the Committee on Weights to submit a report to the Legislature detailing any changes to the funding formula within thirty days of the posting of the Committee's final report indicating the approval of its recommended change to the funding formula.

Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the Committee on Weights is responsible for developing the weighed student formula and any revisions to the formula to provide for the equitable distribution of funds to all Hawaii public schools. This measure will apprise the Legislature of revisions to the weighted student formula and help inform any related legislative actions.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee

is in accord with the intent and purpose of S.B. No. 702, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1416 Consumer Protection & Commerce on S.B. No. 813

The purpose of this measure is to require each charter school authorizer to provide the authorizer's respective charter school with a list of independent auditors, rather than selecting three independent auditors, from which their respective charter school is to select an independent auditor for its annual financial audit.

Your Committee received testimony in support of this measure from the State Public Charter School Commission and one individual.

Your Committee finds that, under existing state law, each charter school must complete an independent financial audit on an annual basis. However, the State Public Charter School Commission may only approve three independent auditors from which charter schools may choose. Since the State Public Charter School Commission oversees thirty-seven public charter schools, it has been difficult for the three independent auditors to meet the strict deadlines for the annual audits, especially for neighbor island public charter schools. This measure will increase audit services and reduce the delay in the completion of audits for charter schools across the State.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 813, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1417 Consumer Protection & Commerce on S.B. No. 1004

The purpose of this measure is to require the Department of Education to include the teaching of financial literacy in the personal/transition plan requirement for each student, beginning with the 2021-2022 school year.

Your Committee received testimony in support of this measure from Visa Inc., Hawaii Credit Union League, and nine individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that financial literacy is the ability to understand and effectively use various financial skills, including personal financial management, budgeting, and investing, and is a lifelong learning process that empowers individuals to plan for their future. While the education system has historically assumed that financial literacy would be taught to students by their families, this has not always been the case. This measure will ensure that Hawaii's students are financially literate, which will help them achieve financial prosperity and stability.

Your Committee notes that the Department of Education requested in its testimony before your Committee that the implementation date be delayed until the 2022-2023 school year to allow the high schools time to prepare for this requirement.

Your Committee has amended this measure by delaying the required provision of financial literacy education until the 2022-2023 school year.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1004, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1004, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1418 Consumer Protection & Commerce on S.B. No. 755

The purpose of this measure is to require lessors of rental motor vehicles to include an option for the lessee in the motor vehicle rental agreement to contribute a sum to the Department of Land and Natural Resources for the preservation and protection of the environment.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from Avis Budget Group and Enterprise Holdings.

Your Committee finds that the preservation and protection of the State's natural resources are critical for the continued livelihood and enjoyment of residents and visitors. Your Committee further finds that people are willing to donate to the preservation and protection of the environment if given the chance and if it is communicated that their donation will go to such preservation and protection activities. This measure establishes another mechanism that allows the State to gather additional resources to preserve and protect the environment.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 755, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1419 Consumer Protection & Commerce on S.B. No. 936

The purpose of this measure is to require:

- (1) The Department of Health to disseminate information regarding seizure first aid; and
- (2) Employers to post materials provided by the Department of Health to educate employees with respect to seizure first aid.

Your Committee received testimony in support of this measure from the Epilepsy Foundation of Hawaii, Paul's Purple Warriors, and thirteen individuals. Your Committee received testimony in opposition to this measure from the Department of Health.

Your Committee finds that one in ten persons will experience a seizure at some point in their lifetime. A seizure can happen to any person, in any place, at any time, and it is vital that members of the public are prepared to appropriately and effectively respond when this very unpredictable event occurs. This measure will ensure that employees are educated with critical seizure safety information to respond appropriately during the occurrence of these unpredictable events.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 936, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 1420 Consumer Protection & Commerce on S.B. No. 827

The purpose of this measure is to:

- (1) Expand coverage of breast cancer screening and imaging to include an annual mammogram for a woman of any age with an above average risk for breast cancer, risk factor screening for women ages thirty or older, and additional supplemental imaging for any woman regardless of age, as deemed medically necessary by an applicable American College of Radiology guideline; and
- (2) Require the Auditor to conduct an impact assessment report to assess the social and financial impacts of the proposed mandated coverage and report to the Legislature prior to the Regular Session of 2022.

Your Committee received testimony in support of this measure from the Hawaii Medical Association, Satellite Healthcare, Hawaii Women Lawyers, Hawai'i Pacific Health, Hawaii Primary Care Association, Hawaii Radiological Society, and five individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Health, Hawaii Association of Health Plans, and Hawaii Medical Service Association.

Your Committee finds that, on average, women in Hawaii between the ages of forty and forty-nine have a higher incidence of breast cancer compared to the national average. Your Committee further finds that expanding the coverage and types of coverage of breast cancer screening is in the best interest of public health and will ensure that women in Hawaii with a high risk of breast cancer have access to early breast cancer screening.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 827, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 1421 Consumer Protection & Commerce on S.B. No. 920

The purpose of this measure is to:

- (1) Establish a procurement policy for medium- and heavy-duty motor vehicles and modify the existing procurement policy for light-duty motor vehicles in state motor vehicle fleets;
- (2) Specify that one of the State's climate change mitigation goals is to reduce emissions that cause climate change and build energy efficiencies across all sectors;
- (3) Establish clean transportation goals for state motor vehicle fleets;
- (4) Authorize the Department of Accounting and General Services to approve state fleet acquisitions, including zero emission vehicle requirements for light-duty passenger cars and light-duty multipurpose passenger vehicles and trucks; and
- (5) Require state and county agencies to purchase building materials for new road construction projects that reduce the carbon footprint of the projects, whenever feasible and cost-effective.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii State Energy Office, Kauai Climate Action Coalition, Ulupono Initiative, Environmental Caucus of the Democratic Party of Hawai'i, 350Hawaii.org, Hawaiian Electric Company, Climate Protectors Hawai'i, Blue Planet Foundation, Hawaii Automobile Dealers Association, Our Revolution Hawaii, Faith Action for Community Equity Environmental Justice Task Force, Sierra Club of Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, and ten individuals. Your Committee received comments on this measure from the State Procurement Office and Alliance for Automotive Innovation.

Your Committee finds that the State has committed to several goals in an attempt to prevent or mitigate the effects of climate change, including the adoption of the renewable portfolio standards and zero emissions clean economy target. Your Committee further finds that ground transportation accounts for forty-seven percent of the State's 8,690,000 metric tons of transportation emissions. This measure continues Hawaii's commitment to lowering the State's carbon emissions and reliance on fossil fuels by leading by example.

Your Committee has amended this measure by:

- (1) Clarifying that the strategy created jointly by the Department of Transportation and Hawaii State Energy Office applies to light-duty motor vehicles in the State's fleets, rather than all light-duty motor vehicles in the State; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 920, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 920, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 1422 Consumer Protection & Commerce on S.B. No. 251

The purpose of this measure is to:

- (1) Regulate the operations of transportation network companies in the State and establish a permitting process for these companies within the Department of Transportation; and
- (2) Make permanent the motor vehicle insurance requirements for transportation network companies and transportation network company drivers enacted by Act 236, Session Laws of Hawaii 2016.

Your Committee received testimony in support of this measure from the Department of Transportation; Uber Technologies, Inc.; American Property Casualty Insurance Association; Lyft; and Na Hoaloa Maui Interfaith Volunteer Caregivers. Your Committee received testimony in opposition to this measure from Charley's Taxi; Robert's Hawaii, Inc.; Hawaii Passenger and Property Carrier Association; and Hawaii Transportation Association. Your Committee received comments on this measure from the Hawaii Insurers Council.

Your Committee finds that uniform statewide regulation of transportation network companies is needed to ensure the safety, reliability, and cost-effectiveness

of rides provided by transportation network company drivers, as well as to preserve and enhance access to important transportation options for residents and visitors of the State.

Your Committee further finds that Act 236, Session Laws of Hawaii 2016 (Act 236), closed the insurance gaps associated with transportation network companies by establishing mandatory motor vehicle insurance requirements for transportation network companies and transportation network company drivers. This measure makes the motor vehicle insurance requirements established by Act 236 permanent.

Your Committee has amended this measure by:

- (1) Clarifying that transportation network companies and transportation network company drivers are not motor carriers under the Motor Carrier Law; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 251, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 251, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kong). Noes, none. Excused, none.

SCRep. 1423 Consumer Protection & Commerce on S.B. No. 646

The purpose of this measure is to:

- (1) Increase the Rental Motor Vehicle Surcharge Tax from \$5 per day to \$8 per day for any county having a residential population of more than 125,000 but less than 195,000; and
- (2) Allocate the increase in the Rental Motor Vehicle Surcharge Tax to the applicable county's subaccount within the State Highway Fund.

Your Committee received testimony in support of this measure from the Department of Transportation and Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from the Castle Hospitality Group, Avis Budget Group, Enterprise Holdings, and Hawai'i Lodging & Tourism Association. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and Grassroots Institute of Hawaii.

Your Committee finds that traffic congestion is a serious problem that negatively affects the quality of life for residents and visitors in Hawaii. Your Committee further finds that certain counties and their roads are disproportionately impacted by the number of visitors in the State. This measure will provide greater resources to those counties that experience a high number of motor vehicle rentals and will enable those counties to fund projects to increase highway capacity and relieve traffic congestion.

Your Committee has amended this measure by:

- (1) Changing the amount of the Rental Motor Vehicle Surcharge Tax applicable to a county having a residential population of more than 125,000 but less than 195,000 from \$8 to an unspecified amount; and
- (2) Exempting the imposition of the Rental Motor Vehicle Surcharge Tax for persons whose vehicles have been stolen and are unrecovered or will not be repaired due to total loss.

Should your Committee on Finance deliberate on this measure, your Committee respectfully requests that it consider the \$8 a day amount for the Rental Motor Vehicle Surcharge Tax for a county having a residential population of more than 125,000 but less than 195,000.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 646, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 646, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1424 Consumer Protection & Commerce on S.B. No. 57

The purpose of this measure is to:

- (1) Codify the requirement for the Director of Transportation to supervise and certify vehicle inspectors and establish standards, examinations, and investigations of vehicle inspectors;
- (2) Temporarily repeal the requirement for reconstructed vehicles to obtain a special inspection and certification; and
- (3) Require the Department of Transportation to report to the Legislature on the effects of the repeal.

Your Committee received testimony in support of this measure from the Department of Transportation, 808 Street Rods, 4Runnation Hawaii, Oahu Motorsports Association, Aloha Mustang & Shelby Club of Hawaii, and numerous individuals. Your Committee received comments on this measure from the Honolulu Police Department.

Your Committee finds that existing law requires motor vehicles in the State to pass an inspection check to ensure the safety of the driver and passengers in any vehicle on roads of the State. Your Committee further finds that vehicle inspectors are currently regulated under the Department of Transportation's administrative rules. This measure codifies the regulation of vehicle inspectors.

Your Committee further finds that the reconstructed vehicle inspection program no longer serves its intended purposes. The purpose of the reconstructed vehicle inspection program is to ensure that modifications to motor vehicles do not result in a significant degradation of highway safety. However, persons who inspect the vehicles are not engineers and often lack the expertise necessary to make an accurate judgment of the quality of work that was done on the modifications or their ramifications. To compensate for this weakness, the inspectors rely on the Hawaii Administrative Rule that requires the motor vehicle owner to obtain approval of the design plans by a registered professional engineer. However, since vehicle owners typically do not have a design plan and go to the reconstructed vehicle inspection station after the work has been completed, it is virtually impossible to find a registered professional engineer who will accept responsibility for the plans and the work done.

Your Committee has amended this measure by requiring the Department of Transportation to submit a report on the effects of the repeal proposed by this measure no later than twenty days prior to the convening of the Regular Session of 2025, rather than no later than July 1, 2024.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee

is in accord with the intent and purpose of S.B. No. 57, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 57, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1425 Consumer Protection & Commerce on S.B. No. 675

The purpose of this measure is to amend the definition of "employee-beneficiary" to include the surviving unmarried adult child of a deceased retired member if the child is incapable of self-support because of a mental or physical incapacity that existed prior to the unmarried child's reaching the age of nineteen.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees.

Your Committee finds that under existing law, children who are incapable of self-support due to mental or physical incapacity do not continue to receive health benefits under Employer-Union Health Benefits Trust Fund health plans after the death of both parents. These dependents are highly vulnerable to financial shock once the loss of benefits occur since they have very limited income and opportunities to otherwise obtain similar benefits. This measure will ensure that these vulnerable persons continue to receive the benefits they need.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 675, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 675, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1426 Consumer Protection & Commerce on S.B. No. 819

The purpose of this measure is to preserve access to health care for Medicaid recipients by extending the Hospital Sustainability Program.

Your Committee received testimony in support of this measure from the Department of Human Services, Healthcare Association of Hawaii, Hawai'i Pacific Health, Hawaii Primary Care Association, The Queen's Health Systems, and Kaiser Permanente Hawai'i.

Your Committee finds that the Hospital Sustainability Program, which was established in 2012, has served a critical role in strengthening the health care system in Hawaii. In the nine years since its inception, the Hospital Sustainability Program has helped acute care facilities treat the most vulnerable patients in the State, especially Medicaid recipients who require hospital services. Your Committee believes that continuing the Hospital Sustainability Program will ensure that the State's uninsured or underinsured patients continue to receive care in a timely, effective manner.

Your Committee has amended this measure by changing the appropriation to an unspecified amount.

Should your Committee on Finance deliberate on this measure, your Committee respectfully requests that it consider \$325,000,000 as an appropriation amount out of the Hospital Sustainability Program Special Fund.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 819, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 819, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1427 Consumer Protection & Commerce on S.B. No. 562

The purpose of this measure is to establish that charging shipping and delivery charges that exceed the actual cost to ship or deliver a commodity to a consumer in Hawaii constitutes an unfair and deceptive practice.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition to this measure from the Hawaii Food Industry Association and Retail Merchants of Hawaii. Your Committee received comments on this measure from the Chamber of Commerce Hawaii and Matson Navigation Company, Inc.

Your Committee finds that Hawaii consumers are often unfairly treated by online merchants' imposition of shipping costs. Many of these retailers impose an arbitrary shipping cost to Hawaii residents that does not correlate with their actual cost of shipping. This measure will ensure that Hawaii consumers are not unfairly assessed arbitrary shipping charges by requiring merchants to apply the actual shipping cost, which will facilitate transparency in consumer transactions.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 562, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 562, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1428 Consumer Protection & Commerce on S.B. No. 1202

The purpose of this measure is to make various technical amendments to the fuel tax law, liquor tax law, and cigarette tax and tobacco tax law under the jurisdiction of the Department of Taxation.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that it is necessary to amend and repeal various provisions of the fuel tax law, liquor tax law, and cigarette tax and tobacco tax law, for the purposes of correcting errors and references, clarifying language, or deleting obsolete or unnecessary provisions. This measure adds clarity to the law and allows for more effective administration of these laws by the Department of Taxation.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1202, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1202, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1429 Government Reform on S.B. No. 222

The purpose of this measure is to require the Comptroller's annual report to the Governor and Legislature to include a list of all accounts closed by the Comptroller during the immediately preceding fiscal year and a list of accounts that remain open but that are serving a lapsed program or initiative.

Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee notes that, according to the Department of Accounting and General Services, the current financial management system is based on common business-oriented language, more commonly known as COBOL, which is difficult to navigate. Processes need to be run overnight before results and reports can be run. In order to provide the annual report, the Department would need to provide the Office of Enterprise Technology Services with criteria at a point in time to run the report. The report may not encompass certain appropriations that could be requested to not revert and not lapse from departments and agencies. Your Committee believes that it would be more advantageous to wait until the Department's new financial management system replacement is implemented.

Accordingly, your Committee has amended this measure by:

- (1) Requiring the Comptroller to submit the Comptroller's annual report to the Governor and the Legislature beginning July 1, 2022; and
- (2) Changing its effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 222, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 222, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Cullen, Eli, Mizuno, Woodson).

SCRep. 1430 Government Reform on S.B. No. 332

The purpose of this measure is to amend the powers and duties of the Comptroller to reduce the preaudit requirements of all proposed payments to expenditures by:

- (1) Increasing the minimum dollar amount of payments to be preaudited from \$10,000 to \$100,000; and
- (2) Allowing, rather than requiring, the Comptroller to preaudit proposed payments of expenditures below \$100,000.

Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee finds that the State's accounting software system is forty-five years old. This outdated common business-oriented language, more commonly known as COBOL, system requires human intervention because it was not designed with automated checks and balances embedded in modern computer systems. Your Committee notes that, per the Department of Accounting and General Services' testimony before your Committee, the new financial management system project will replace some of these outdated manual processes and help ensure that the integrity of the transaction request will be preserved and strengthened. Your Committee further finds that updating the preaudit process for proposed statements will allow for even more efficiency and help prevent delays in timely processing.

Your Committee additionally finds that the new financial management system should be designed to include the ability to pre-audit contracts to avoid clerical errors, such as duplicate payments to vendor and requests for the status of uncashed items. In addition, if procured correctly, the new financial management system will be able to enumerate data for compliance with Hawaii Revised Statutes procurement standards and run real time queries and reports. Workflow processes can be designed and implemented in the new financial management system for ease of processing, review, and submittal. Your Committee believes that temporarily increasing the dollar amount of payments required to be preaudited should address certain concerns of the Department of Accounting and General Services and will allow sufficient time for the Department to fully implement the new financial management system.

Accordingly, your Committee has amended this measure by:

- (1) Inserting a sunset date of July 1, 2022;
- (2) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 332, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 332, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Cullen, Eli, Mizuno, Woodson).

SCRep. 1431 Government Reform on S.B. No. 200

The purpose of this measure is to clarify that the requirement to file a late contribution report prior to an election applies only to candidates who appear on a ballot and receive contributions in excess of \$500.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and one individual. Your Committee received testimony in opposition to this measure from Common Cause Hawaii.

Your Committee finds that exempting candidates who are not on the ballot of an election from the requirement to file the late contributions report is consistent

with the requirements under section 11-334, Hawaii Revised Statutes, for the filing of preliminary, final, and supplemental reports.

Your Committee notes that upon further review of this measure, requiring those candidates who do not appear on a ballot, yet receive contributions in excess of \$500, to file a late contribution report prior to an election can also be a useful tool to address the concerns raised in the testimony before your Committee on S.B. No. 403, which exempted candidates who are either unsuccessful or elected to office in a primary election from the requirement to file certain preliminary general reports for the following general election.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 200, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 200, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Cullen, Mizuno).

SCRep. 1432 Government Reform on S.B. No. 404

The purpose of this measure is to amend the requirements for a statement of information filed by each person who makes an expenditure for electioneering communications by:

- (1) Increasing the monetary threshold that triggers disclosure of electioneering communications;
- (2) Requiring that disclosures of electioneering communications occur on the date the electioneering communications are publicly distributed;
- (3) Classifying election advertisements sent by mail at any postal rate as electioneering communications;
- (4) Deleting items that constitute expenditures by an expending organization from the types of communications excluded from the definition of electioneering communications; and
- (5) Repealing the requirement that a person be treated as having made an expenditure if the person has executed a contract to make the expenditure.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, League of Women Voters of Hawaii, and Common Cause Hawaii. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that amending the disclosure date of electioneering communications to occur on the date the electioneering communications are publicly distributed is timelier, as contracts for these advertisements may occur weeks or months before the electioneering communications are publicly distributed. Your Committee further finds that increasing the monetary threshold amount that would require disclosure of an electioneering communication will reduce the burden on smaller candidate committees that generally engage in less advertising.

Your Committee has amended this measure by:

- (1) Changing the monetary threshold that triggers disclosure of electioneering communications to an unspecified amount;
- (2) Restoring existing statutory language that exempts expenditures by an expending organization from being classified as an electioneering communication;
- (3) Clarifying that actual expenditures by an expending organization are exempted from being classified as an electioneering communication; and
- (4) Changing its effective date to July 1, 2112, to encourage further discussion.

Your Committee has amended this measure to statutorily restore paragraph (2) under the definition of "electioneering communication" as it was applied in H.B. No. 144, H.D. 1 (Regular Session of 2021), the companion to this measure that was previously passed by your Committee. However, since the passage of H.B. No. 144, H.D. 1 out of your Committee, your Committee agrees with concerns that restoring this language exactly as it currently exists in statute will leave a large loophole in the law. Your Committee has further amended this measure to clarify that actual expenditures by an expending organization are exempted from being classified as an electioneering communication, which your Committee believes will close this loophole.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it deliberate on this measure, to consider the monetary threshold of \$5,000 that would trigger the disclosure of electioneering communications and the origin of this arbitrary amount.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 404, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 404, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 4 (Cullen, Eli, Mizuno, Woodson).

SCRep. 1433 Economic Development on S.B. No. 1054

The purpose of this measure is to enable the use of monies in the Brownfields Cleanup Revolving Loan Fund for subgrants to eligible entities for assessment and cleanup of brownfields sites and certain site monitoring activities.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Health; and Office of Planning.

Your Committee finds that brownfields are often underutilized due to contamination or perceived contamination that hinders redevelopment. Expanding the use of the Brownfields Cleanup Revolving Loan Fund to enable subgrants for cleanups, environmental site assessments, and related activities will benefit local communities by having more land available for development of affordable housing, public parks, and open areas.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1054, S.D. 2, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1434 Economic Development on S.B. No. 496

The purpose of this measure is to require the Department of Agriculture, in cooperation with the Office of the Governor, to build upon its strategic planning efforts under Act 151, Session Laws of Hawaii 2019, to identify the top ten fruit and vegetable imports to the State that may be commercially grown by farmers in Hawaii and recommend ways to increase their production.

Your Committee received testimony in support of this measure from Climate Protectors Hawaii, Ulupono Initiative, Hawai'i Farm Bureau, Hawaii Food Industry Association, and Kauai Climate Action Coalition. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that approximately eighty-five to ninety percent of Hawaii's food supply is imported, which makes the State vulnerable to natural disasters and global events that disrupt shipping and other modes of transporting food. This measure would improve the State's economy, food security, and ability to reach its local food production goals.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 496, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

SCRep. 1435 Economic Development/Higher Education & Technology on S.B. No. 1421

The purpose of this measure is to:

- (1) Create a Dual Use Technology Task Force within the Department of Business, Economic Development, and Tourism to explore how dual use technology can be used to promote economic recovery and diversify the State's economy; and
- (2) Require the task force to submit reports to the Legislature prior to the Regular Sessions of 2023 and 2025.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Technology Development Corporation; Chamber of Commerce Hawaii; Oceanit; and one individual.

Your Committees find that dual use technology, or technology that can be used for military and non-military aims, is vital to economic growth and a diversified economy in the State. This measure allows the State to explore how dual use technology can be used to significantly contribute to Hawaii's economic recovery, thereby promoting a decreased reliance on tourism.

Your Committees have amended this measure by:

- (1) Specifying that private sector representatives on the task force shall be jointly selected and invited by the Speaker of the House of Representatives and President of the Senate;
- (2) Authorizing the Speaker of the House of Representatives and President of the Senate, rather than task force members, to recommend additional members to participate on the task force;
- (3) Deleting language that would have exempted members of the task force from the state law relating to the selection and terms of members of permanent boards and commissions; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Economic Development and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1421, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1421, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Economic Development: Ayes, 7. Noes, none. Excused, 1 (Belatti).

Higher Education & Technology: Ayes, 10. Noes, none. Excused, 2 (Belatti, Hashimoto).

SCRep. 1436 Judiciary & Hawaiian Affairs on S.B. No. 401

The purpose of this measure is to amend the allowable administrative fines for campaign finance violations. Specifically, this measure allows the Campaign Spending Commission to:

- (1) Fine any noncandidate committee that makes only independent expenditures and has either received at least one contribution of or spent more than \$10,000 in an election period an amount not to exceed:
 - (A) \$5,000 for each occurrence; or
 - (B) Three times the amount of an unlawful contribution or expenditure; and
- (2) Order the fine, or any portion thereof, to be paid from the personal funds of the officers of the noncandidate committee.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, and seven individuals.

Your Committee finds that this measure significantly increases the amount of fines assessed against a noncandidate committee that makes only independent expenditures, otherwise known as Super PACs, and authorizes the Campaign Spending Commission to order that the fines, or a portion of the fines, be paid from the personal funds of an officer of the Super PAC. The increase in the amount of the fine is necessary in enforcement cases against Super PACs and will serve as a more effective deterrent against Super PACs from violating campaign finance laws.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 401, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1437 Judiciary & Hawaiian Affairs on S.B. No. 402

The purpose of this measure is to:

- (1) Require expenditures by candidate committees for reimbursements to other individuals, in addition to candidates, to be itemized in schedules filed with the reports to the Campaign Spending Commission; and

- (2) Repeal the requirement that candidate reimbursements be itemized in schedules filed with the reports by noncandidate committees to the Campaign Spending Commission.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, and seven individuals.

Your Committee finds that under existing law, only candidate reimbursements need to be itemized in reports made to the Campaign Spending Commission. Your Committee also finds that in many instances, individuals other than the candidate are also being reimbursed for campaign costs advanced by the individuals. This measure requires that reimbursements made to other individuals be itemized as well, which will provide more transparency in how candidate committees are spending their funds.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 402, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1438 Judiciary & Hawaiian Affairs on S.B. No. 406

The purpose of this measure is to:

- (1) Clarify that the Campaign Spending Commission may employ or contract with persons for the performance of the day-to-day functions of the Campaign Spending Commission; and
- (2) Require a complaint initiated by the staff of the Campaign Spending Commission to be in writing and signed by the Executive Director.

Your Committee received testimony in support of this measure from the Campaign Spending Commission.

Your Committee finds that the Campaign Spending Commission employs or contracts with individuals to carry out various functions of the Commission. Your Committee further finds that this measure is intended to clarify the authority of the Campaign Spending Commission staff to perform all day-to-day functions of the Commission, including the conducting of investigations and filing of complaints.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 406, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1439 Judiciary & Hawaiian Affairs on S.B. No. 697

The purpose of this measure is to designate January of each year as "Kalaupapa Month" to serve as an annual reminder of the importance of Kalaupapa and the significant sacrifices and contributions of its residents throughout the State's history.

Your Committee received testimony in support of this measure from the Department of Health, Ka 'Ohana O Kalaupapa, IDEA Center for the Voices of Humanity, The Friends of Iolani Palace, Diocese of Honolulu, and twelve individuals.

Your Committee finds that an estimated eight thousand individuals suspected of leprosy were forcibly removed to a colony established on eight hundred acres of land on the Kalaupapa peninsula of Molokai after the passage of the 1865 "Act to Prevent the Spread of Leprosy". Your Committee acknowledges the significance of this measure in recognizing the sacrifices of the residents of Kalaupapa and the enduring legacy of Kalaupapa as part of Hawaii's history.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 697, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1440 Judiciary & Hawaiian Affairs on S.B. No. 791

The purpose of this measure is to amend provisions regarding the designation, impoundment, and disposal of unauthorized, abandoned, grounded, and derelict vessels on state property or in the waters of the State to facilitate faster responses of these types of proceedings.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that unauthorized, abandoned, grounded, and derelict vessels pose significant risks to natural resources and public health and safety. Your Committee further finds that under existing law, by the time the Department of Land and Natural Resources can begin to remove these types of vessels, the condition of the vessel has often deteriorated, further complicating removal efforts and increasing potential dangers. This measure amends provisions regarding the removal and impoundment of such vessels on state property or in state waters to facilitate faster responses by the Department.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 791, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1441 Judiciary & Hawaiian Affairs on S.B. No. 806

The purpose of this measure is to require the Attorney General, on behalf of the Department of Education, to:

- (1) Institute proceedings to acquire certain land owned by the Mililani Town Association by voluntary action or condemnation; and
- (2) Indemnify the Mililani Town Association for all claims and liabilities against the Mililani Town Association that may arise concerning the property until the process is complete.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that Mililani Town Association owns parcels of land near Mililani High School. The Department of Education intends to use the land to provide an access ramp that is compliant with the Americans with Disabilities Act for the benefit of students, staff, family members, and the general public. Your Committee finds that this measure provides a legal process for the acquisition of the parcels of land by the State.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 806, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1442 Judiciary & Hawaiian Affairs on S.B. No. 1107

The purpose of this measure is to establish the Hazard Mitigation Special Fund to give the Hawaii Emergency Management Agency the ability to monitor its own hazard mitigation projects.

Your Committee received testimony in support of this measure from the Department of Defense, Hawaii Emergency Management Agency, Hawaii State Energy Office, and AARP Hawaii.

Your Committee finds that the Hawaii Emergency Management Agency has nearly exhausted its funding to support the management and implementation of hazardous mitigation projects. This measure will provide funding and slightly expand program authority to allow the Agency to continue its work in cutting, trimming, or removing dangerous trees or branches that pose a hazard to public safety; stabilize or remove unstable rock and soil hazards; and clean streams and waterways to mitigate or prevent flooding or other natural hazards.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1107, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1443 Judiciary & Hawaiian Affairs on S.B. No. 192

The purpose of this measure is to authorize the Department of Human Services to administer and provide public assistance during a state of emergency to certain persons who are unable to provide sufficient support for themselves or those dependent on them.

Your Committee received testimony in support of this measure from the Hawai'i Primary Care Association. Your Committee received comments on this measure from the Department of Human Services.

Your Committees find that the coronavirus disease 2019 (COVID-19) pandemic has severely threatened the health and welfare of the State's residents, especially those in underprivileged and rural communities. Currently, there is no financial assistance program for able-bodied individuals between the ages of eighteen and sixty-five who are able to work, do not have minor dependents, and do not have a work history to access unemployment insurance benefits. This measure will provide a new state-funded financial assistance program for these individuals during a declared state of emergency, such as the COVID-19 pandemic.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 192, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1444 Judiciary & Hawaiian Affairs on S.B. No. 1121

The purpose of this measure is to exempt all gross proceeds arising from the planning, design, financing, or construction of any housing development by the Department of Hawaiian Home Lands from general excise taxes.

Your Committee received testimony in support of this measure from the Department of Taxation, Department of Hawaiian Home Lands, Office of Hawaiian Affairs, Hawaiian Affairs Caucus of the Democratic Party of Hawai'i, Partners in Care, Catholic Charities Hawai'i, and Community Alliance Partners. Your Committee received comments on this measure from the Department of Budget and Finance and Tax Foundation of Hawaii.

Your Committee finds that lands utilized by the Department of Hawaiian Home Lands to provide housing for native Hawaiians are offered at affordable rates when compared to similar housing available in Hawaii. The Department of Hawaiian Home Lands currently has four large-scale development projects underway for consideration by the Hawaii Housing Finance and Development Corporation for general excise tax exemptions. The estimated general excise tax savings for these four projects is \$9,561,500. Your Committee further finds that the cost savings for these projects could be used to develop more Hawaiian home land lots.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1121, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11; Ayes with Reservations (LoPresti, McKelvey, Tokioka). Noes, none. Excused, 1 (Takumi).

SCRep. 1445 Judiciary & Hawaiian Affairs on S.B. No. 1204

The purpose of this measure is to:

- (1) Replace the four District Taxation Boards of Review with a single statewide Taxation Board of Review consisting of up to ten residents to be appointed by the Governor;
- (2) Authorize the Governor to appoint temporary board members during any regular member's temporary absence from the State, recusal, or illness;
- (3) Require a quorum of at least three board members for any meeting or proceeding;
- (4) Authorize taxpayers and others appearing before the Taxation Board of Review to participate using cost-efficient means such as teleconferencing;
- (5) Require all decisions of the Taxation Board of Review to be reduced to writing and state the Board's findings of fact and conclusions of law separately; and
- (6) Repeal the requirement that the assessor prepare the notice of appeal upon the request of the taxpayer.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that currently, the Department of Taxation's existing Board of Review appeals structure has a separate board for each of the four

taxation districts. Your Committee also finds that existing laws that provide for a Board of Review for each taxation district have resulted in overwhelming challenges in the taxation appeals process. This measure replaces the four district boards with a single, statewide Taxation Board of Review that will improve efficiency in tax administration and enable tax appeals to be resolved more expeditiously.

Your Committee has amended this measure by:

- (1) Clarifying that the Governor may appoint an acting member if a regular member is temporarily unable to act because of disqualification in addition to recusal or illness;
- (2) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1204, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1204, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1446 Judiciary & Hawaiian Affairs on S.B. No. 151

The purpose of this measure is to replace the term "accident" with "collision" under certain provisions of the Statewide Traffic Code.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, Maui Metropolitan Planning Organization Policy Board, and Hawaii Bicycling League.

Your Committee finds that the term "accident" may be interpreted to mean an incident that occurs without any fault, negligence, or state of mind involved. Your Committee further finds that this interpretation may prevent a person from being charged with leaving the scene of an accident and other offenses that require the State to prove that an offender had a certain state of mind at the time of the offense, such as negligent homicide or negligent injury. This measure replaces the term "accident" with "collision" to avoid any potential ambiguity.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 151, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 151, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1447 Judiciary & Hawaiian Affairs on S.B. No. 238

The purpose of this measure is to require the names of the candidates for the Office of Hawaiian Affairs Board of Trustees to be placed on the ballot grouped by residency and non-residency requirements and to randomize the order of candidate names within those groupings.

Your Committee received testimony in support of this measure from three individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs, Office of Elections, and Common Cause Hawaii.

Your Committee finds that candidates for the Board of Trustees of the Office of Hawaiian Affairs who voluntarily participate in the partial public funding program are provided substantially less public funding than candidates for other statewide races. In order to provide parity, candidates for the Board of Trustees of the Office of Hawaiian Affairs should receive funding similar to other candidates for statewide offices.

Your Committee further finds that S.B. No. 981, S.D. 2 (Regular Session of 2021), a substantially similar measure heard at the same public hearing as this measure, would accomplish this goal.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of S.B. No. 981, S.D. 2, a substantially similar measure that:
 - (A) Restricts the maximum amount of public funds available in each election to a candidate for Board of Trustees of the Office of Hawaiian Affairs to fifteen percent of the expenditure limit, rather than \$1,500;
 - (B) Sets qualifying contributions for the Office of Hawaiian Affairs at \$5,000, rather than \$1,500; and
 - (C) Requires that the names of candidates for the Board of Trustees of the Office of Hawaiian Affairs be grouped on the ballot by residency requirement or lack thereof, and within those groupings, be placed in random order;
- (2) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 238, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 238, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1448 Judiciary & Hawaiian Affairs on S.B. No. 384

The purpose of this measure is to specify that filing fees for tax appeals are nonrefundable and that no deposits are required for tax appeals.

Your Committee received testimony in support of this measure from the Judiciary. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that this measure is a housekeeping measure to align the intent of Act 152, Session Laws of Hawaii 1997 (Act 152), which gave authority to the Supreme Court to establish a rule to allow for a non-refundable filing fee for tax appeal cases. Specifically, this measure:

- (1) Completes the intention of Act 152;
- (2) Follows current court filing fee practices; and
- (3) Allows the Judiciary to transfer the current amount that needs to be refunded to filing parties due to the existing, inconsistent statutory language.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 384, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 384, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1449 Judiciary & Hawaiian Affairs on S.B. No. 715

The purpose of this measure is to authorize the issuance of special purpose revenue bonds and appropriate the bond revenues derived therefrom for a master planned development proposed by Pueo Development, LLC.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Pueo Development, LLC; Waiohuli Hawaiian Homesteaders Association; and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the development of low- and moderate-income housing, alternative energy sources, infrastructure, and economic opportunities continues to be in the public interest. Pueo Development, LLC, is a Hawaii company that offers sustainable solutions for developing low- and moderate-income housing, alternative energy, and infrastructure, while facilitating economic opportunities through project development. Pueo Development, LLC, proposes to design, build, and operate a master planned development in support of a public-private partnership with Waiohuli Hawaiian Homesteaders Association, Inc., on approximately one hundred fifty acres of Department of Hawaiian Home Lands land in Waiohuli, Maui.

Your Committee has amended this measure by changing the effective date to July 1, 3021, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 715, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 715, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1450 Judiciary & Hawaiian Affairs on S.B. No. 828

The purpose of this measure is to:

- (1) Grant exclusive original jurisdiction in matters of divorce to the family court of the circuit in which an applicant is domiciled at the time the application is filed; and
- (2) Repeal the requirement that a person be domiciled or physically present in the State for a continuous period of at least six months before completing a divorce.

Your Committee received testimony in support of this measure from the Hawai'i State Coalition Against Domestic Violence, Hawaii Women's Coalition, AAUW of Hawaii, Domestic Violence Action Center, and one individual. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that this measure clarifies the jurisdiction of the Family Court and enables individuals to complete a divorce in the State even if they are unable to be physically present in the State for a continuous period of time before filing.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 828, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 828, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1451 Judiciary & Hawaiian Affairs on S.B. No. 939

The purpose of this measure is to establish June 19 of each year as Juneteenth Day to commemorate the end of slavery in the United States and in honor and recognition of the significant roles and contributions of African Americans in the history of the United States.

Your Committee received testimony in support of this measure from the Hawaii Civil Rights Commission, one member of the Honolulu City Council, LGBT Caucus of the Democratic Party of Hawaii, Common Cause Hawaii, The Pōpolo Project, Community Alliance on Prisons, African American Lawyers Association of Hawaii, Young Progressives Demanding Action, Planned Parenthood Votes Northwest and Hawaii, Hawaii for Juneteenth, Our Space, and numerous individuals.

Your Committee finds that Juneteenth is the symbolic date celebrating the emancipation of individuals, primarily African Americans, who had been enslaved in the United States. Hawaii is one of only three states that do not recognize Juneteenth as a state holiday or a special day of observance. Your Committee recognizes the importance of Juneteenth for African Americans and the country as a whole and believes that the date should be commemorated annually by the State.

Your Committee has amended this measure by referring to June 19 as simply Juneteenth rather than Juneteenth Day.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 939, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 939, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1452 Judiciary & Hawaiian Affairs on S.B. No. 400

The purpose of this measure is to clarify that increased fines may be imposed on a candidate committee or noncandidate committee that fails to timely file a preliminary primary or preliminary general report.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, and eight individuals.

Your Committee finds that this measure will improve transparency and accountability in the election system by incentivizing, through the potential for increased fines, the timely filing of reports by candidate committees and noncandidate committees to the Campaign Spending Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 400, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1453 Judiciary & Hawaiian Affairs on S.B. No. 678

The purpose of this measure is to:

- (1) Require that the representative of labor on the Hawaii Labor Relations Board be a person selected by a majority of the exclusive representatives of the collective bargaining units; and
- (2) Establish procedures for the appointment and removal of the representative of labor from the Hawaii Labor Relations Board.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; and Hawaii State Teachers Association. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining.

Your Committee finds that providing a single name to the Governor that has been vetted by the exclusive representatives, with a clear timeframe for the name to be transmitted to the Senate for consideration as well as a default process for Senate confirmation if the deadline is missed, ensures greater fairness, predictability, and transparency in the appointment process. This measure will also provide a process for removing an ineffective labor representative, which is essential to the efficient functioning of the Hawaii Labor Relations Board.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 678, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1454 Judiciary & Hawaiian Affairs on S.B. No. 607

The purpose of this measure is to address the shortage of affordable rental housing on Maui and maintain the viability of the Keawe Street affordable housing project by:

- (1) Removing the 2022 deadline for completion of the Leialii affordable housing project in Lahaina, Maui; and
- (2) Requiring the Hawaii Housing Finance and Development Corporation to address historic preservation laws when funding is appropriated for each portion of the Leialii affordable housing project.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Hawaii Housing Finance and Development Corporation.

Your Committee finds that there is a severe shortage of affordable rental housing in the County of Maui, especially on the western portion of the island. Your Committee further finds that the Legislature appropriated \$37,000,000 to expedite and complete the Leialii affordable housing project by 2022. However, on September 21, 2020, the State Historic Preservation Division of the Department of Land and Natural Resources notified the Hawaii Housing Finance and Development Corporation that it would need a new archaeological inventory survey for the entire villages of the Leialii master planned community, which includes the Keawe Street apartments affordable housing project. As a result of the mandated survey, the Leialii affordable housing project cannot meet its 2022 completion deadline and will lose its funding. This measure seeks to address these issues to provide much needed affordable housing on Maui.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 607, S.D. 3, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1455 Judiciary & Hawaiian Affairs on S.B. No. 513

The purpose of this measure is to:

- (1) Establish an expeditious adjudication system for processing fireworks infractions, similar to the system for processing traffic infractions;
- (2) Implement the recommendations of the 2010 Illegal Fireworks Task Force by:
 - (A) Raising the fireworks display permit fee from \$110 to \$150;
 - (B) Clarifying that each aerial device, display firework, or article pyrotechnic having a total weight of twenty-five pounds or less that is illegally imported, transferred, or sold constitutes a separate violation;
 - (C) Increasing the penalty for removing or extracting the pyrotechnic contents from any fireworks or articles pyrotechnic for certain uses; and

- (D) Increasing the fine for certain fireworks violations from no more than \$2,000 per violation to no more than \$5,000 per violation;
- (3) Authorize the Sheriff Division of the Department of Public Safety to enforce the Fireworks Control Law;
- (4) Require the Attorney General to establish an Explosion Detection Technology Working Group; and
- (5) Require the Department of Public Safety to develop and implement a web-based reporting tool for illegal fireworks that will provide the counties with additional data to enforce the applicable fireworks laws.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Maui Fire Department, Hawaiian Humane Society, and one individual. Your Committee received comments on this measure from the Judiciary and Department of Public Safety.

Your Committee finds that fireworks violations continue to impact communities and endanger the public. As such, your Committee finds that greater enforcement of Hawaii's fireworks laws is necessary to protect property from avoidable fire damage; protect persons from fire and explosion-related injuries; minimize respiratory distress caused by the air pollution; and avoid retraumatizing persons who may be adversely impacted by loud explosions.

Your Committee has amended this measure by:

- (1) Amending the penalties for fireworks infractions to:
- (A) Clarify that the fines apply to violations of provisions that are not specifically provided for under the Fireworks Control Law as felonies or misdemeanors;
 - (B) Impose a fine of \$5,000 for each violation of provisions that are not specifically provided for under the Fireworks Control Law; and
 - (C) Impose a fine of \$500, or \$2,000 for multiple violations, for homeowners, renters, or persons otherwise responsible for real property who allow an individual to possess, set off, ignite, or otherwise cause to explode any aerial device while on the real property; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 513, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 513, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (D. Kobayashi). Excused, 1 (Takumi).

SCRep. 1456 Judiciary & Hawaiian Affairs on S.B. No. 516

The purpose of this measure is to:

- (1) Require the State Board for Career and Technical Education to oversee and review annually the statewide data collection processes, reporting requirements, and business rules related to the student attainment of industry-recognized credentials;
- (2) Require the State Board for Career and Technical Education to provide an annual report to the Governor and Legislature on students' attainment of industry-recognized credentials; and
- (3) Include career and technical education and credential data in the statewide longitudinal data system to help assess the longitudinal education and workforce outcomes of students who attempted an educational course, training program, career program, postsecondary program, or other workforce training program.

Your Committee received testimony in support of this measure from the Department of Education, Office of Hawaiian Affairs, Office of the State Director for Career and Technical Education, Chamber of Commerce Hawaii, HawaiiKidsCAN, and one individual.

Your Committee finds that in the current job market, nearly sixty-five percent of available positions require postsecondary credentials. Industry-recognized credentials are important because they teach the specific knowledge and skills that are required for an occupation or industry. This measure will help break down Hawaii labor market data by credential to help inform career and technical training pathways that can contribute to future workforce generations.

Your Committee has amended this measure by:

- (1) Requiring all state data collection processes, reporting requirements, and business rules to support the collection of student-level data that is disaggregated specifically for Hawaii's population, including but not limited to disaggregated data for Native Hawaiians and Pacific Islanders, of industry-recognized credential attainment; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 516, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 516, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1457 Judiciary & Hawaiian Affairs on S.B. No. 538

The purpose of this measure is to clarify the jurisdiction of the Hawaii Civil Rights Commission. Specifically, this measure:

- (1) Clarifies the intent for a state law counterpart for disability discrimination in federally-funded programs and services; and
- (2) Excludes jurisdiction over programs or activities that are covered by the Individuals with Disabilities Education Act.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Civil Rights Commission, Disability and Communication Access Board, National Federation of the Blind of Hawaii, Hawaii Disability Rights Center, and ten individuals. Your Committee received testimony in opposition to this measure from HoopoNo. Your Committee received comments on this measure from one individual.

Your Committee finds that Hawaii has a long history of enacting state civil rights protections that complement and provide stronger protections than federal law. Your Committee further finds that Hawaii's civil rights laws, including those analogous to federal law, are critically important. This measure will clarify the intent of state law and provide the Hawaii Civil Rights Commission jurisdiction over certain disability discrimination claims, even in cases where a federal remedy is also available.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 538, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1458 Judiciary & Hawaiian Affairs on S.B. No. 912

The purpose of this measure is to deter corruption of government officials and employees by authorizing the forfeiture of one half of certain employees' retirement system benefits, pursuant to court order, for members convicted of an employee-related felony.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission, Common Cause Hawaii, and seven individuals. Your Committee received comments on this measure from the Employees' Retirement System.

Your Committee finds that public officers and employees are responsible for upholding the public's trust in government and democracy. Your Committee further finds that the public's trust becomes strained when public officers and employees participate in misconduct during their employment but are still able to keep the benefits from their employment.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 912, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1459 Judiciary & Hawaiian Affairs on S.B. No. 1021

The purpose of this measure is to:

- (1) Include the use of traditional Native Hawaiian burial practices in the treatment and disposal of human remains, including the use of alkaline hydrolysis or water cremation and natural organic reduction; and
- (2) Prohibit the sale, transfer, conveyance, or other disposal, or offer thereof, of any plot, crypt, or niche unless the property on which the plot, crypt, or niche is located allows the interment of up to ten sets of human remains that are cremated or prepared in a manner consistent with traditional Native Hawaiian burials.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Aloha Mortuary; Fisher & Associates Consulting, LLC; Willed Body Program, University of Hawaii; Ken Ordenstein Funerals; and eleven individuals. Your Committee received testimony in opposition to this measure from the Hawaii Funeral & Cemetery Association, Inc.; Hawaiian Memorial Life Plan, Ltd.; Mililani Group, Inc.; Nuuanu Memorial Park & Mortuary; Dodo Mortuary, Inc.; Leeward Funeral Home; and Hosoi Garden Mortuary, Inc. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that traditional Native Hawaiian burial practices play a critical role in Native Hawaiian culture and are a cost effective and environmentally friendly alternative to modern treatments of human remains.

Your Committee has amended this measure by:

- (1) Deleting the definitions of "cremation equipment" and "traditional Hawaiian burial" and references to "water cremation," "cremains," and "ashes" since these definitions and references are unnecessary;
- (2) Deleting language that would have prohibited the sale, transfer, conveyance, or other disposal, or offer thereof, of any plot, crypt, or niche unless the property on which the plot, crypt, or niche is located allows the interment of up to ten sets of human remains that are cremated or prepared in a manner consistent with traditional Hawaiian burials;
- (3) Requiring the Department of Health to adopt rules to implement this measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1021, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as S.B. No. 1021, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1460 Judiciary & Hawaiian Affairs on S.B. No. 1401

The purpose of this measure is to:

- (1) Require the Department of Transportation to consider and pursue certain goals when planning, designing, and implementing ground transportation infrastructure;
- (2) Amend the amount of eligible federal funds, in addition to other state highway fund monies available, to establish multi-use paths, bicycle paths, and bicycle lanes, and install signage and safety devices along bikeways;
- (3) Require the Director of Transportation to submit an annual report to the Legislature detailing compliance with the complete streets policy and principles;
- (4) Require the Department of Transportation to:
 - (A) Establish and publish performance standards with measurable benchmarks reflecting the capacity for all users to travel safely and conveniently along state roadways;
 - (B) Ensure that the complete street policies of the State apply to new construction, reconstruction, repaving, operations, and maintenance activities; and
 - (C) Ensure that a complete streets policy checklist of the duties of the Department of Transportation is published; and
- (5) Require the counties to consider complete street policies when adopting or amending land use ordinances.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Health; Office of Hawaiian Affairs; City and County of Honolulu Office of Climate Change, Sustainability and Resiliency; Hawaii Strategic Highway Safety Plan; Maui Metropolitan Planning

Organization Policy Board; American Heart Association; AlohaCare; Kauai Climate Action Coalition; Ulupono Initiative; Obesity Prevention Task Force of the Hawai'i Public Health Institute; and AARP Hawai'i.

Your Committee finds that the complete streets law, established in 2009, requires the Department of Transportation and county transportation departments to adopt policies that seek to reasonably accommodate convenient access and mobility for all users of public highways, including pedestrians, bicyclists, transit users, and motorists of all ages and abilities. This measure will clarify the complete streets policy to ensure its proper implementation and effectiveness.

Your Committee has amended this measure by:

- (1) Deleting the requirement for the Director of Transportation to submit to the Legislature a report detailing progress towards compliance with the complete streets policy and principles during the preceding fiscal year; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1401, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1401, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Takumi).

SCRep. 1461 Consumer Protection & Commerce on S.B. No. 1286

The purpose of this measure is to appropriate funds as a grant to the Office of the Prosecuting Attorney for Hawaii County for the Career Criminal Prosecution Unit.

Your Committee received testimony in support of this measure from the Hawai'i Police Department, Office of the Prosecuting Attorney of the County of Kaua'i, Office of the Mayor of the County of Hawai'i, Office of the Prosecuting Attorney of the County of Hawai'i, Department of the Prosecuting Attorney of the City and County of Honolulu, and two individuals.

Your Committee finds that crime has become one of the most prevalent challenges facing the County of Hawaii. Furthermore, a disproportionate amount of serious crimes in the County of Hawaii are committed against the public by a relatively small number of multiple- and repeat-felony offenders, commonly known as "career criminals". Your Committee also finds that under the Career Criminal Prosecution Program, whose purpose is the investigation and prosecution of persons identified as habitual or career criminals, funds are awarded to counties in which career criminal prosecution units are established. This measure appropriates funds as a grant for the County of Hawaii's Career Criminal Prosecution Unit to help support the prosecution of career criminals.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1286, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1462 Consumer Protection & Commerce on S.B. No. 493

The purpose of this measure is to:

- (1) Establish and appropriate funds for the Hawaii Agriculture and Forest Carbon Positive Incentive Program to incentivize carbon sequestration activities through carbon incentives contracts that provide for compensation for eligible practices by Program participants; and
- (2) Reallocate a portion of the Environmental Response, Energy, and Food Security Tax that is currently deposited into the Agricultural Development and Food Security Special Fund to a newly established Hawaii Agriculture and Forest Carbon Positive Incentive Program Special Fund, to be used for the purposes of the Hawaii Agriculture and Forest Carbon Positive Incentive Program.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Green Infrastructure Authority; Climate Protectors Hawai'i; Environmental Caucus of the Democratic Party of Hawai'i; Kauai Climate Action Coalition; Kauai Women's Caucus; The Nature Conservancy; Hawaii Cattlemen's Council, Inc.; and six individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Office of Planning, and Tax Foundation of Hawaii.

Your Committee finds that approximately ninety percent of the State's food is imported, which makes Hawaii particularly vulnerable to natural disasters, disease, and other global events. Your Committee finds that the State needs to find a way to reduce its contribution to climate change and increase local food production. This measure incentivizes carbon positive actions through a payment of services program that would allow small farmers, ranchers, and landowners to be compensated for taking actions to help the State reach its climate positive goal.

Your Committee notes the concerns raised by the Department of Budget and Finance in the Department's testimony that establishing an incentive program as described in this measure will result in the lowering of tax revenue and impact the State's share of direct federal aid from the American Rescue Plan Act of 2021.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 493, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Har). Noes, 1 (Onishi). Excused, none.

SCRep. 1463 Consumer Protection & Commerce on S.B. No. 932

The purpose of this measure is to:

- (1) Establish and appropriate funds out of the Clean Energy and Energy Efficiency Revolving Loan Fund to provide financial assistance for investments in a broad range of clean energy technologies;
- (2) Authorize monies in the Hawaii Green Infrastructure Special Fund to be used to finance the option to purchase solar energy systems and other clean energy equipment, including the purchase or lease of electric vehicles and installation of electric vehicle charging systems; and
- (3) Repeal the Building Energy Efficiency Revolving Loan Fund.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office; Hawaii Green Infrastructure Authority; Office of

Climate Change, Sustainability, and Resiliency of the City and County of Honolulu; Office of Economic Development of the County of Kauai; Climate Protectors Hawai'i; Environmental Caucus of the Democratic Party of Hawai'i; Blue Planet Foundation; Kauai Climate Action Coalition; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Commerce and Consumer Affairs, and Public Utilities Commission.

Your Committee finds that significant investment in clean energy technology and infrastructure will be required to achieve the State's goals of energy self-sufficiency, energy security, and energy diversification. However, a significant barrier to clean energy adoption has been the unavailability of flexible financing and low-cost capital. Your Committee believes that public funds must be used in a sustainable manner to increase customer demand for clean energy technology and attract private investment in green technology. This measure provides the Hawaii Green Infrastructure Authority with a variety of financing options to support investment in and implementation of clean energy technology and infrastructure in the State.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 932, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1464 Consumer Protection & Commerce on S.B. No. 934

The purpose of this measure is to exempt hydrogen fuels from petroleum product measurement requirements.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Alliance for Automotive Innovation, Servco Pacific Inc., Ulupono Initiative, Blue Planet Foundation, Hawai'i Gas, and Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that hydrogen has an important role to play in Hawaii's energy portfolio as a carbon-free energy storage mechanism, potential means of providing grid support, and provider of pollution-free fuel for both electricity and transportation. Your Committee further finds that the definition of fuel is broad and does not exclude hydrogen, which implies that hydrogen must be sold on the basis of measure. Currently, the State has no means to measure and certify a hydrogen dispenser. This measure will assist the State in utilizing other forms of renewable fuels by explicitly exempting hydrogen fuels from measurement standards relating to fuel.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 934, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1465 Consumer Protection & Commerce on S.B. No. 506

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Wahiawa General Hospital with its long-term debt restructuring.

Your Committee received testimony in support of this measure from Wahiawa General Hospital and the Hawaii Nurses' Association. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that for over the past fifteen years, Wahiawa General Hospital has experienced financial difficulties due to several circumstances, including the reopening of The Queen's Medical Center West Oahu in Ewa, Oahu; reductions in Medicare, Medicaid, and private insurance reimbursements; new requirements under the federal Patient Protection and Affordable Care Act; the ongoing shortage of physicians in the State; uncertainty in the availability of federal and state funding caused by instability in federal health care policy; and an increasing need for the provision of indigent care, which includes the homeless population. Additionally, the COVID-19 pandemic has created even further financial challenges for Wahiawa General Hospital. Because of these financial difficulties, Wahiawa General Hospital has had to cut a few of its programs, services, and personnel while allowing basic infrastructure repair and maintenance needs to go unmet.

Your Committee recognizes that Wahiawa General Hospital is important to providing a continuum of health care services in Hawaii. Your Committee believes that this measure will enable Wahiawa General Hospital to restructure its debt and position itself to continue its long-standing mission of serving the health care needs of Central Oahu, the North Shore, and other communities.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 506, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1466 Consumer Protection & Commerce on S.B. No. 32

The purpose of this measure is to require:

- (1) Public utilities seeking a permit for highway work to consider the disruption to traffic and transportation as a criterion in planning ongoing and future maintenance and new installation on state highways; and
- (2) The Director of Transportation to coordinate all projects on state highways to minimize, to the fullest extent possible, traffic congestion caused by the project.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received comments on this measure from the Honolulu Board of Water Supply and Hawai'i Gas.

Your Committee finds that the maintenance and installation of certain public utilities exacerbate existing traffic problems, causing significant traffic congestion throughout the State. While your Committee recognizes the importance of maintaining the State's public utility infrastructure, your Committee believes that the effects on traffic and transportation should be considered in planning ongoing and future maintenance and new installations to help mitigate traffic congestion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 32, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1467 Consumer Protection & Commerce on S.B. No. 246

The purpose of this measure is to establish the State Government Realignment Commission to periodically review the state executive branch's departments, divisions, and agencies, including functions and services, and submit its findings and recommendations to the Legislature.

Your Committee received comments on this measure from the Department of Budget and Finance, Department of Accounting and General Services, and Department of Transportation.

Your Committee finds that over time, the needs of society have changed drastically, with greater emphasis being placed on modernization, transparency, and accountability. Your Committee further finds that consolidation of government to gain efficiency, reduce duplication of efforts, and consolidate and eliminate outdated processes has many positive benefits. This measure is intended to modernize the state government while addressing current challenges to effective and efficient governing.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 246, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1468 Consumer Protection & Commerce on S.B. No. 615

The purpose of this measure is to:

- (1) Amend the definition of "motor scooter" under the Hawaii Highway Safety Act and the Statewide Traffic Code;
- (2) Require all moped and motor scooter rental companies to ensure the rider wears a safety helmet supplied either by the company or the renter, except for riders with a motorcycle license; and
- (3) Prohibit the rental of any moped or motor scooter with aftermarket modifications.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, AAA Hawai'i, and numerous individuals.

Your Committee finds that wearing a helmet while operating a moped, powered scooter, or other motorized cycle decreases fatalities and serious injuries. According to the Hawaii Injury Prevention Plan for 2012-2017, published by the Emergency Medical Services and Injury Prevention System Branch of the Department of Health, properly worn helmets prevent deaths and brain injuries, with helmets reducing the risk of death by forty-two percent and the risk of a head injury by sixty-nine percent. This measure will require certain moped and motor scooter operators to wear helmets, thereby ensuring the safety of residents and visitors of Hawaii and reducing the number of traffic related fatalities.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 615, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1469 Consumer Protection & Commerce on S.B. No. 304

The purpose of this measure is to establish procedures for the Department of Transportation to assist and enable a person to voluntarily purchase a verified carbon offset for carbon dioxide emissions resulting from the person's air travel to or from an airport in the State.

Your Committee received testimony in support of this measure from the Blue Planet Foundation. Your Committee received testimony in opposition to this measure from the Climate Protectors Hawaii, 350Hawaii.org, Environmental Caucus of the Democratic Party of Hawaii, and one individual. Your Committee received comments on this measure from the Department of Transportation and Office of Planning.

Your Committee finds that there are many contributors to climate change, of which transportation-generated greenhouse gas emissions is a significant contributor. Within the transportation sector, the air transportation component faces particularly difficult technical challenges in reducing carbon dioxide emissions associated with air travel. This measure supports the State in achieving its zero emissions clean economy target by establishing the voluntary purchase of verified carbon offsets by persons engaging in qualified air travel to or from an airport in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2051, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 304, S.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 304, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Har, Onishi). Noes, none. Excused, none.

SCRep. 1470 Consumer Protection & Commerce on S.B. No. 385

The purpose of this measure is to:

- (1) Enact the 2018 Uniform Trust Code with appropriate amendments to reflect Hawaii law and practice; and
- (2) Repeal the Uniform Trustees' Powers Act, Uniform Prudent Investor Act, and laws regarding trust administration under the Uniform Probate Code.

Your Committee received testimony in support of this measure from the Judiciary.

Your Committee finds that this measure will update Hawaii statutes relating to trusts to bring them under one comprehensive law. This will help reduce the time, complexity, and expense of trust proceedings in the State.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 385, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 385, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1471 Judiciary & Hawaiian Affairs on S.B. No. 159

The purpose of this measure is to:

- (1) Make an application for voter registration, including an affidavit and information about the residence address confidentiality program, part of all state identification card or driver's license applications;
- (2) Automatically register each qualified applicant to vote or make changes to the qualified applicant's voter registration information, unless the qualified applicant affirmatively declines; and
- (3) Require the sharing of certain information among the counties, Department of Transportation, election personnel, and online voter registration system.

Your Committee received testimony in support of this measure from the Office of Elections; Hawai'i State Commission on the Status of Women; Office of the County Clerk of the County of Kaua'i; LGBT Caucus of the Democratic Party of Hawai'i; AAUW of Hawaii; Hawai'i Health & Harm Reduction Center; Young Progressives Demanding Action; Planned Parenthood Votes Northwest and Hawaii; Americans for Democratic Action Hawai'i; Women's Caucus of the Democratic Party of Hawai'i; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Sierra Club of Hawai'i; Pride at Work – Hawaii; Hawaii State Teachers Association; Rainbow Family 808; AARP Hawai'i; Hawai'i Public Health Institute; League of Women Voters of Hawaii; Neighborhood Place of Puna; Hawai'i Friends of Civil Rights; Transform Hawai'i Government; American Civil Liberties Union of Hawai'i; Common Cause Hawaii; AVR Hawai'i Coalition; HOPE Services Hawai'i; Community Alliance on Prisons; Hawai'i Women's Coalition; Pono Hawai'i Institute; Our Revolution Hawaii; and numerous individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that this measure will require applicants to either automatically register to vote or affirmatively opt out of registration as part of the identification card and driver's license application process. Your Committee believes that applicants should be required to opt in, rather than opt out, of registration.

Your Committee further finds that the electronic sharing of data will help ensure the accuracy of voter-registration polls and compliance with the National Voter Registration Act of 1993 and Help America Vote Act of 2002.

Your Committee has amended this measure by:

- (1) Deleting language that would have included an affidavit and information about the residence address confidentiality program as part of the identification card and driver's license applications;
- (2) Requiring applicants to choose to be registered to vote or make changes to the applicant's voter registration information, instead of requiring applicants to affirmatively opt out;
- (3) Deleting language that would have required an applicant to be automatically registered to vote upon the completion of an application for a provisional driver's license or instruction permit;
- (4) Inserting the language that requires an application for a driver's license or identification card to include the voter registration application into more appropriate statutes;
- (5) Changing the effective date to July 1, 2021, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 159, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 159, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Takumi).

SCRep. 1472 Judiciary & Hawaiian Affairs on S.B. No. 765

The purpose of this measure is to:

- (1) Establish sentencing guidelines for highly intoxicated drivers;
- (2) Require the installation of an ignition interlock device on all vehicles operated by a person upon license revocation for operating a vehicle under the influence of an intoxicant;
- (3) Increase the license revocation period and extend the applicable lookback periods; and
- (4) Amend the penalties for operating a vehicle under the influence of an intoxicant.

Your Committee received testimony in support of this measure from the Department of Transportation, Office of the Prosecuting Attorney of the County of Kaua'i, Hawai'i Police Department, Department of the Prosecuting Attorney of the County of Maui, Department of the Prosecuting Attorney of the City and County of Honolulu, Maui Police Department, Honolulu Police Department, Mothers Against Drunk Driving Hawaii, Hawaii Strategic Highway Safety Plan, AAA Hawai'i, Hawaii Bicycling League, and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that during the last five years, police arrested an average of 5,405 drivers for operating a vehicle under the influence of an intoxicant per year. Of those tested, an average of 1,485 had blood alcohol concentration results of .150 and higher, which is nearly twice the legal limit. The National Highway Traffic Safety Administration states that drivers with a blood alcohol concentration of .150 or greater are nearly twenty times more likely to be involved in a fatal crash. This measure would remove the most dangerous drivers from the road and increase the deterrent for potentially dangerous drivers.

Your Committee further finds that only twenty percent of all offenders at any given time install ignition interlock devices. Your Committee believes that ignition interlock devices are an important and effective tool for decreasing the incidence of Operating a Vehicle Under the Influence of an Intoxicant offenses.

in Hawaii.

Your Committee has amended this measure by:

- (1) Establishing a two-year administrative license revocation period for highly intoxicated drivers who have no prior alcohol enforcement contact or drug enforcement contact in the preceding ten years and do not install an ignition interlock device in all vehicles operated by the driver;
- (2) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 765, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 765, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1473 Judiciary & Hawaiian Affairs on S.B. No. 969

The purpose of this measure is to:

- (1) Beginning July 1, 2021, prohibit the manufacture or importation for sale of certain animal fur products in the State; and
- (2) Beginning December 1, 2021, prohibit the sale, offer for sale, display for sale, trade, or otherwise distribution for monetary or nonmonetary consideration of certain animal fur products in the State.

Your Committee received testimony in support of this measure from Animal Rights Hawai'i, Keiko Conservation, Animal Defenders International, Fur Free Alliance, In Defense of Animals, Animal Legal Defense Fund, Last Chance For Animals, Stella McCartney Ltd, InStyle, People for the Ethical Treatment of Animals, Humane Society Veterinary Medical Association, The Humane Society of the United States, Project Coyote, Down to Earth Organic and Natural, House Rabbit Society, and ten individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture, Natural Fibers Alliance, Retail Merchants of Hawaii, and International Fur Federation. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Hawaii Cattleman's Council, Inc.; and one individual.

Your Committee finds that existing laws provide relatively little oversight of the fur farming and fur trade industries. Your Committee further finds that prohibiting the manufacture for sale, importation for sale, sale, offer for sale, display for sale, trade, or other distribution of certain animal fur products in Hawaii will foster a more humane environment in the State.

Your Committee has amended this measure by:

- (1) Amending its purpose section;
- (2) Changing the departmental responsibility for administering the provisions of this measure from the Director of Agriculture to the Department of the Attorney General;
- (3) Amending the definition of "fur" to delete language specifying that fur includes mink and other non-native species; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 969, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 969, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Ward). Excused, 1 (D. Kobayashi).

SCRep. 1474 Judiciary & Hawaiian Affairs on S.B. No. 1039

The purpose of this measure is to satisfy several claims against the State, its officers, or its employees.

Your Committee received testimony in support of this measure from the Department of the Attorney General, State Public Charter School Commission, and Department of Transportation.

Your Committee finds that the Department of the Attorney General testified that it has advised its client agencies on how to avoid claims such as those included in this measure.

Your Committee has amended this measure by:

- (1) Appropriating \$8,250 in general funds for a settlement in the case *Unga v. Board of Education*, et al., Civil No. 20-0000576, First Circuit;
- (2) Appropriating \$44,903.62 in general funds for a judgment in the case *Dasalia*, et al. v. *Onaka*, et al., Civil No. 13-1-0373-02, First Circuit;
- (3) Appropriating \$6,041.40 in general funds for a claim by *Melvin Ishizu*;
- (4) Appropriating \$1,367 in general funds for a claim by *Gregory and Sarah Rocheleau*;
- (5) Appropriating \$15,654.47 in general funds for a claim by *Waste Management of Hawaii, Inc.*;
- (6) Appropriating \$50,000 from the State Highway Fund for a settlement in the case of *Link v. State of Hawaii*, Civil No. 20-0000681, First Circuit;
- (7) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that two claims in this measure, *Miller-Potter v. State of Hawaii*, et al., and *HGEA/AFSCME on Behalf of Ardith Renteria and Charter Volcano School of Arts and Sciences*, were previously approved for payment by Act 11, Session Laws of Hawaii 2020 (Act 11), from the State Public Charter School Commission fiscal year 2019-2020 budget. However, by the time Act 11 was passed, all the Charter School Commission funds intended for charter schools had already been dispersed. As a result, these claims remain unpaid.

Should the Committee on Finance deliberate on this measure further, your Committee on Judiciary & Hawaiian Affairs respectfully requests that it consider requiring the Board of Education to pay for the settlement in the case *Miller-Potter v. State of Hawaii*, et al., and the judgment in the case *HGEA/AFSCME*

on Behalf of Ardith Renteria and Charter Volcano School of Arts and Sciences since the State Public Charter School Commission is administratively attached to the Department of Education.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1039, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1039, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (LoPresti). Noes, 3 (D. Kobayashi, McKelvey, Tokioka). Excused, 1 (Takumi).

SCRep. 1475 Judiciary & Hawaiian Affairs on S.B. No. 1333

The purpose of this measure is to remove the prescription drug Epidiolex and approved generic versions of that drug that contain cannabidiol derived from cannabis and no more than 0.1 percent (w/w) residual tetrahydrocannabinols from Schedule V of the Uniform Controlled Substances Act and certain provisions of the Hawaii Penal Code.

Your Committee received testimony in support of this measure from the Department of Public Safety. Your Committee received comments on this measure from Akamai Cannabis Clinic.

Your Committee finds that the Agriculture Improvement Act of 2018 (P.L. 115-334), modified the regulatory controls over cannabis, tetrahydrocannabinols, and other cannabis-related constituents in the federal Controlled Substances Act. In April 2020, the United States Drug Enforcement Agency notified the manufacturer of Epidiolex of its removal from the federal Schedule V and officially removed its designation through an interim final rule issued in August 2020. This measure is necessary to conform the Uniform Controlled Substances Act with the federal treatment of Epidiolex and approved generic versions of that drug.

Your Committee further finds that the Agriculture Improvement Act of 2018 legalized hemp by removing hemp from the definition of "marihuana" contained in the federal Controlled Substances Act. To be consistent with federal law, additional changes are needed to exempt hemp under the Uniform Controlled Substances Act.

Your Committee has amended this measure by:

- (1) Amending its purpose section;
- (2) Exempting hemp from the Uniform Controlled Substances Act pursuant to federal law;
- (3) Amending Act 14, Session Laws of 2020, to permanently codify the definition of "hemp" and amendments to the definition of "marijuana" under the Uniform Controlled Substances Act; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1333, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1333, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1476 Judiciary & Hawaiian Affairs on S.B. No. 1350

The purpose of this measure is to:

- (1) Permit public notice in a short form for proposed, revised, and final reapportionment plans, subject to specific requirements;
- (2) Temporarily amend the start date for the availability of nomination papers for the 2022 primary election;
- (3) Define "permanent resident" for reapportionment purposes; and
- (4) Authorize and appropriate funds for the Reapportionment Commission to retain outside legal counsel.

Your Committee received comments on this measure from the Department of the Attorney General, Office of Elections, Common Cause Hawaii, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that in February 2021, the United States Census Bureau announced that it will likely delay delivery of the 2020 Census results to the fifty states by as much six months or more. Your Committee further finds that this delay will in turn significantly delay the reapportionment of districts for elective office and make it harder for prospective candidates to run for office in 2022. Your Committee also finds that the Hawaii 2011 Reapportionment Commission's final report and reapportionment plan recommended improvements to the reapportionment process that are in the public interest to implement. This measure will implement important recommendations from that report.

Your Committee notes the concerns raised by the Department of the Attorney General regarding the potential conflict between the definition of "permanent resident" as used in this measure and article IV, sections 4 and 6, of the Hawaii State Constitution.

Your Committee has amended this measure by:

- (1) Amending the definition of "permanent resident" for legislative reapportionment to be as defined by *Solomon v. Abercrombie*, 126 Haw. 283 (2012);
- (2) Requiring the public notice of a legislative reapportionment plan prepared and proposed by the Reapportionment Commission to be subject to notice publication requirements;
- (3) Requiring that the law providing for when nomination papers shall be made available be reenacted in the form in which it read on the day before the effective date of this measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1350, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1350, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1477 Judiciary & Hawaiian Affairs on S.B. No. 1409

The purpose of this measure is to:

- (1) Prohibit newly appointed or reappointed council, board, and commission members from serving if the member has not completed, within the requisite time, the required training course related to native Hawaiian and Hawaiian traditional and customary rights, native Hawaiian and Hawaiian natural resource protection and access rights, and the public trust, including the State's trust responsibility; and
- (2) Require the Office of Hawaiian Affairs and Department of Land and Natural Resources to compile an annual report of council, board, and commission members who have failed to complete their training course requirement.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Ka Huli Ao Center for Excellence in Native Hawaiian Law, Kua'āina Ulu 'Auamo, Kūpuna for the Mo'opuna, and seven individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and Center for Hawaiian Sovereignty Studies.

Your Committee finds that Act 169, Session Laws of Hawaii 2015 (Act 169), required the Office of Hawaiian Affairs to establish, design, and administer a training course on native Hawaiian and Hawaiian rights, the sources of these rights, and how the infringement of these rights affect the native Hawaiian and Hawaiian people. Act 169 also required new members of certain state councils, boards, and commission to complete the training course within one year of their appointment. Currently, a significant number of board and commission members subject to the mandatory training course continue to fail to comply with their training course completion responsibility. This measure ensures greater recognition and incorporation of native Hawaiian and Hawaiian knowledge, values, and rights in land use and resource management decision-making.

Your Committee has amended this measure by:

- (1) Requiring the Office of Hawaiian Affairs to record the training courses and make the recordings available to those who were unable able to attend the training course;
- (2) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1409, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1409, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1478 Judiciary & Hawaiian Affairs on S.B. No. 1342

The purpose of this measure is to include under the offense of promoting gambling in the first degree the act of engaging in activities in which a person receives or entertains other persons as guests with the intent of advancing gambling activity on real property.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that illegal gambling presents a serious risk to public safety and welfare and that establishments that chronically house illegal gambling activity are particularly concerning. This measure will include those who host gambling activity under the offense of promoting gambling in the first degree.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1342, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1479 Judiciary & Hawaiian Affairs on S.B. No. 1100

The purpose of this measure is to adopt the National Association of Insurance Commissioners' Insurance Data Security Model Law to establish insurance data security standards for insurance licensees.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; American Insurance Group, Inc.; and Hawaii Captive Insurance Council. Your Committee received comments on this measure from the American Council of Life Insurers.

Your Committee finds that there have been several major data breaches involving large insurers that exposed and compromised the sensitive personal information of millions of insurance consumers. As a result of these breaches, state insurance regulators made the reevaluation of the regulations around cybersecurity and consumer data protection a top priority. This measure adopts the National Association of Insurance Commissioners' Insurance Data Security Model Law that will establish insurance data security standards for Hawaii insurance licensees and ensure insurance data security protections for these licensees.

Your Committee has amended this measure by:

- (1) Clarifying that the licensee's domiciliary regulator shall have the power to examine and investigate the affairs of any licensee to determine whether the licensee has been or is engaged in any conduct in violation of the Insurance Data Security Law;
- (2) Amending certain references to "outside vendors" and "service providers" to use the defined term "third-party service providers";
- (3) Requiring each licensee, instead of each insurer, to submit an annual certification to the Insurance Commissioner;
- (4) Clarifying the notice requirements regarding cybersecurity events of third-party service providers;
- (5) Inserting language based on the Insurance Data Security Model Law that requires assuming insurers to notify its affected ceding insurers and the Insurance Commissioner of its state of domicile within three business days of receiving notice from its third-party service provider that a cybersecurity event has occurred involving nonpublic information that is in the possession, custody, or control of the third-party service provider; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1100, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1100, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1480 Judiciary & Hawaiian Affairs on S.B. No. 386

The purpose of this measure is to require a family court to make findings, after a hearing and in writing, before a minor can be transferred to an adult jail or lockup or be permitted sight or sound contact with adult offenders, subject to certain circumstances.

Your Committee received testimony in support of this measure from the Judiciary, Office of Hawaiian Affairs, Office of Youth Services, and two individuals. Your Committee received comments on this measure from the Office of the Public Defender, Department of Public Safety, and Department of Human Services.

Your Committee finds that the lifelong consequences of transferring a minor to the adult criminal justice system have a profoundly negative effect on the minor and the community. Your Committee further finds that the adult criminal justice system is ill-equipped in meeting the needs of minors. Evidence shows that minors are fundamentally different from adults and are more likely to experience abuse, commit suicide, and be exposed to prolonged periods of isolation. Adult facilities do not provide minors with developmentally appropriate rehabilitative services since adult facilities are not designed or staffed for the rehabilitation of youth. This measure will ensure that Hawaii is in compliance with federal law by maintaining sight and sound separation of minors from adults, except under certain circumstances, and eliminating confusion over the nature and scope of the Family Court's ongoing jurisdiction over minors.

Your Committee has amended this measure by:

- (1) Clarifying language regarding the exception for sight and sound contact between minors and adult inmates;
- (2) Requiring the court to hold a hearing no less frequently than once every thirty days, or in the case of a rural jurisdiction, no less frequently than once every forty-five days, to review whether it remains in the interest of justice to permit the minor to be held in a jail or lockup for adults or to have sight or sound contact with adult inmates;
- (3) Requiring, rather than authorizing, the circuit court to commit all offenders under eighteen years of age, duly convicted before the court, to the Hawaii youth correctional facilities in all cases where the court deems the sentence to be more suitable than the punishment otherwise authorized by law; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 386, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 386, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1481 Judiciary & Hawaiian Affairs on S.B. No. 1260

The purpose of this measure is to:

- (1) Eliminate the use of monetary bail and require defendants to be released on their own recognizance for traffic offenses, violations, and nonviolent petty misdemeanor and misdemeanor offenses, with certain exemptions; and
- (2) Create a rebuttable presumption regarding release and detention for certain offenses and specify circumstances in which these presumptions apply.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawai'i Correctional System Oversight Commission, Office of the Public Defender, Office of the Prosecuting Attorney of the County of Kaua'i, Common Cause Hawaii, Young Progressives Demanding Action, Hawai'i Friends of Restorative Justice, Inua Alliance, Community Alliance on Prisons, Americans for Democratic Action, Native Hawaiian Legal Corporation, Hawai'i Health & Harm Reduction Center, R Street Institute, Hawai'i Association of Criminal Defense Lawyers, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the County of Maui, and Department of the Prosecuting Attorney of the City and County of Honolulu. Your Committee received comments on this measure from the Hawaii Disability Rights Center, American Civil Liberties Union of Hawai'i, and two individuals.

Your Committee finds that Hawaii's bail system is overwhelmed, inefficient, and ineffective, and continues to result in harmful, unnecessary socioeconomic impacts on low-income individuals and their families, a disproportionate number of whom may be Native Hawaiian. This measure seeks to reduce unnecessary pretrial incarceration and its cost to taxpayers and the community while maintaining public safety.

Your Committee has amended this measure by:

- (1) Amending its purpose section;
- (2) Amending the eligibility requirements for non-monetary bail;
- (3) Amending the conditions under which a court may set bail for nonviolent offenders;
- (4) Deleting language that would create a rebuttable presumption regarding release and detention for certain offenses and specify circumstances in which these presumptions apply;
- (5) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1260, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1260, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 1 (Ward). Excused, 1 (D. Kobayashi).

SCRep. 1482 Agriculture on S.B. No. 668

The purpose of this measure is to expand the scope of the Agricultural Development and Food Security Special Fund (Fund) to include land-, aquaculture-, freshwater-, or sea-based food production and to rename the Fund as the Land-, Aquaculture-, Freshwater-, or Sea-based Food Development and Food Security Special Fund.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau and United Fishing Agency, Ltd. Your Committee received

comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committee finds that expanding the scope of the Fund to include land-, aquaculture-, freshwater-, or sea-based food production is an effective way to support the growth of these activities in Hawaii. Your Committee further finds that the inspection, quarantine, and eradication of invasive species contained in air cargo arriving into the State should be a high-priority responsibility of the Department of Agriculture.

Accordingly, your Committee has amended this measure by:

- (1) Adding a new part that:
 - (A) Requires the State to regulate all agricultural imports and inspections;
 - (B) Establishes the Air Cargo Pest Inspection, Quarantine, and Eradication Fund, to be expended by the Department of Agriculture solely for the inspection, quarantine, and eradication of invasive species contained in any air cargo arriving into the State; and
 - (C) Requires the Auditor to conduct a sunrise analysis on the Air Cargo Pest Inspection, Quarantine, and Eradication Fund and submit a report of the Auditor's findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2022;
- (2) Specifying that with respect to the use of Fund monies for the purchase of equipment necessary for land-, aquaculture-, freshwater-, or sea-based food production or processing activities, boat sizes must be forty feet or less; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 668, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 668, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1483 Agriculture on S.B. No. 1027

The purpose of this measure is to redesignate the Industrial Hemp Special Fund as the Hemp Special Fund and authorize use of the monies in the Fund for the Department of Agriculture's duties regarding hemp as established by Act 14, Session Laws of Hawaii 2020 (Act 14).

Your Committee received testimony in support of this measure from the Department of Agriculture.

Your Committee finds that hemp cultivation can help diversify and infuse a significant amount of revenue into the State's economy. Your Committee notes that Act 14 assigned the Department of Agriculture certain duties relating to the cultivation of hemp within the State. However, your Committee also notes that the Act did not establish a special fund to assist the Department in its efforts to fulfill these duties. Accordingly, your Committee believes that redesignating the Industrial Hemp Special Fund as the Hemp Special Fund and amending its provisions will assist the Department of Agriculture in conducting its new regulatory duties relating to hemp.

Your Committee notes that while drafting administrative rules to implement the new chapter 328G, Hawaii Revised Statutes, enacted by Act 14, the Department of Health identified several areas where statutory clarification would be helpful in better distinguishing processing and manufacturing, distinguishing processed hemp and hemp products, clarifying the purpose and functions of the registry system, clarifying the scope of regulated hemp products and prohibitions, and clarifying the Department of Health's rulemaking and enforcement authorities. The Department of Health offered amendments to make these clarifications to a similar measure previously heard by your Committee. Your Committee finds that amendments to this measure are important to realizing a legal, regulated hemp industry in the State.

Accordingly, your Committee has amended this measure by:

- (1) Inserting amendments to chapter 328G, Hawaii Revised Statutes, proposed by the Department of Health to enable it to better regulate hemp processing and hemp product manufacturing and to make Act 14 permanent; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1027, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1027, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Todd).

SCRep. 1484 Consumer Protection & Commerce on S.B. No. 766

The purpose of this measure is to allow a penalty of up to \$5,000 for each fourth or subsequent violation of the Motor Carrier Law within one calendar year.

Your Committee received testimony in support of this measure from the Public Utilities Commission, Hawaii Transportation Association, and one individual.

Your Committee finds that under the Motor Carrier Law, the Public Utilities Commission is authorized to impose a maximum fine of \$1,000 for each violation, with an additional maximum of \$500 per day the violation continues. However, this statutory limit does not sufficiently deter repeat violators from complying with the provisions of the Motor Carrier Law and lawful orders of the Public Utilities Commission. This measure will give the Public Utilities Commission the flexibility to determine penalties for violations by regulated motor carriers.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 766, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 766, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1485 Consumer Protection & Commerce on S.B. No. 714

The purpose of this measure is to clarify that the Hawaii Publicity Rights Act applies retroactively to protect the publicity rights of individuals who died before the date of enactment of the Act.

Your Committee received testimony in support of this measure from SAG-AFTRA Hawaii Local and four individuals.

Your Committee finds that the Hawaii Publicity Rights Act was enacted on July 15, 2009, to recognize the existence of the right of publicity, which is a property right in the commercial use of one's name, voice, signature, likeness, and other commercially valuable attributes. Your Committee further finds that it is an important law that allows the people of Hawaii to protect their legacy and rights that are not covered by federal copyright law and state and federal trademark laws; however, it does not protect those who predeceased the enactment of the Act. This measure ensures that Act applies retroactively to protect the publicity rights of all persons, living and dead.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 714, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.B. No. 714, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1486 Consumer Protection & Commerce on S.B. No. 1329

The purpose of this measure is to amend the Hawaii Public Procurement Code to:

- (1) Require the chief procurement officer or designee to:
 - (A) Address protests to solicitations and awards of contracts as expeditiously as possible; and
 - (B) Uphold or deny a protest within seventy-five calendar days of receipt of the protest, if the protest is not resolved by mutual agreement, unless extenuating circumstances require additional time; and
- (2) Specify that a protest shall prevail if the protest is not resolved by mutual agreement or the chief procurement officer or designee does not issue a decision.

Your Committee received testimony in opposition to this measure from the Department of Human Services. Your Committee received comments on this measure from the Department of Accounting and General Services, Department of the Attorney General, Department of Education, Department of Transportation, State Procurement Office, and Associated Builders and Contractors Hawaii Chapter.

Your Committee finds that the procurement protest review process can be lengthy and complex, cause project delays, and increase project costs that are borne by taxpayers. Your Committee believes that the mechanisms provided for in this measure will expedite the protest review process and reduce the costs associated with state-awarded projects.

Your Committee has amended this measure by:

- (1) Clarifying that if a protest is not resolved by mutual agreement, the time restriction for the chief procurement officer or designee to uphold or deny a protest is limited to competitive sealed proposal and professional services methods of procurement; and
- (2) Changing the timeline to issue a written decision on the protest from a seventy-five calendar day deadline to an unspecified number of calendar days.

Should this measure progress through the legislative process, your Committee notes that further consideration and deliberation are necessary to determine whether seventy-five calendar days is an appropriate duration of time to allow the chief procurement officer to issue a written decision in response to a protest.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1329, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1329, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1487 Consumer Protection & Commerce on S.B. No. 243

The purpose of this measure is to:

- (1) Require the Hawaii State Energy Office to develop a strategic plan that identifies clear strategies to achieve a resilient, clean energy, decarbonized economy as quickly as practicable but no later than 2045 and submit the strategic plan to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023; and
- (2) Require the Hawaii Natural Energy Institute of the University of Hawaii to conduct a feasibility study of the Hawaii State Energy Office's strategic plan and submit its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Sessions of 2023, 2028, 2033, 2043, and 2048.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawai'i Natural Energy Institute, Hawaiian Electric, Americans for Democratic Action, Climate Protectors Hawai'i, Imua Alliance, Environmental Caucus of The Democratic Party of Hawai'i, Hawaii Petroleum Marketers Association, Kauai Climate Action Coalition, Kauai Women's Caucus, and four individuals. Your Committee received comments on this measure from Ulupono Initiative.

Your Committee finds that the State has committed to several energy and environmental goals in an attempt to prevent or mitigate the effects of climate change, including the adoption of renewable portfolio standards and the zero emissions clean economy target. Your Committee, however, finds that no strategic plan currently exists for attaining the State's goal of achieving a one hundred percent renewable portfolio standard and zero emissions clean economy target by 2045. This measure better positions the State to achieve its renewable energy goals and lowers its dependence on nonrenewable energy sources.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 243, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 243, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1488 Consumer Protection & Commerce on S.B. No. 838

The purpose of this measure is to:

- (1) Allow person-centered support plans under the Kupuna Caregivers Program to be developed by care recipients and their qualified caregivers and to allow qualified caregivers to remain in the workforce;
- (2) Relax the thirty-hour per week employment requirement for qualified caregivers under the Kupuna Caregivers Program during a Governor-declared state of emergency;
- (3) Allow the Kupuna Caregivers Program to be delivered through either traditional service delivery or kupuna caregiver-directed services;
- (4) Allow the funds under the Kupuna Caregivers Program to be issued to the care recipient's financial management service provider; and
- (5) Require the Executive Office on Aging to submit an annual report to the Legislature regarding the Kupuna Caregivers Program.

Your Committee received testimony in support of this measure from the Department of Human Services; Executive Office on Aging; Policy Advisory Board for Elder Affairs; AARP Hawai'i; Rainbow Family 808; Hawaii Family Caregiver Coalition; Hawaii Alliance for Retired Americans; Alzheimer's Association, Aloha Chapter; and three individuals.

Your Committee finds that the services provided to caregivers and vulnerable adults through the Kupuna Caregivers Program are invaluable in helping to ensure their safety and health during the current state of emergency, possible job loss, and economic downturn. This measure seeks to reduce burdens on kupuna care services by providing additional flexibility to qualified caregivers and contracted providers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 838, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 838, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1489 Consumer Protection & Commerce on S.B. No. 324

The purpose of this measure is to amend the definition of the practice of medicine to provide uniformity of practice for medical doctors and osteopathic doctors.

Your Committee received testimony in support of this measure from the Hawaii Medical Board, Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, and Kaiser Permanente Hawai'i.

Your Committee finds that the definition of the practice of medicine was last amended in 2008 to add a separate, distinct definition of the practice of osteopathic medicine. However, your Committee notes that medical doctors and osteopathic doctors receive the same education and training and should be regulated equally. This measure updates the definition of the practice of medicine to bring parity with the current practice of medicine and provide uniformity for medical doctors and osteopathic doctors.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 324, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1490 Consumer Protection & Commerce on S.B. No. 663

The purpose of this measure is to require the Department of Health to establish a task force to study and recommend to the Legislature the feasibility of entering into the Solemn Covenant of the States to Award Prizes for Curing Diseases.

Your Committee received testimony in support of this measure from the Hawai'i Primary Care Association.

Your Committee finds that the goal of medical research is to develop safe and effective methods to prevent, detect, diagnose, treat, and ultimately cure various diseases. The development and innovation of new cures for major diseases has many potential benefits. However, your Committee believes that additional information is needed before the State commits to joining an interstate compact to award prizes for curing diseases.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 663, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1491 Higher Education & Technology on S.B. No. 913

The purpose of this measure is to promote electronics stewardship and reduce electronic waste in the State by establishing the Electronic Device and Television Donation Act to require all persons receiving state funds and state financial assistance to donate unnecessary but functioning electronic devices to nonprofit organizations that will refurbish and distribute the devices to eligible persons in the State.

Your Committee received testimony in support of this measure from the Department of Education, Transform Hawai'i Government, and Hawaiian Hope Org. Your Committee received testimony in opposition to this measure from Department of Accounting and General Services and State Procurement Office. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that growth in the technology industry has led to ongoing escalation of electronic waste in landfills. Your Committee also finds that while recycling of electronic devices prevents valuable materials from being wasted, preventing waste in the first place is preferable to waste management.

Donating used but functioning electronic devices for reuse extends the life of valuable products, keeps devices out of the waste stream for a longer period of time, and serves a valuable public purpose and benefit. Your Committee further finds that this measure will provide nonprofits in the State greater access to computers and other electronic devices that can be refurbished for community use, rather than being discarded as electronic waste.

Your Committee has amended this measure by:

- (1) Specifying the start date in which:
 - (A) A covered entity must at least annually identify any excess electronic device and transfer the title and possession of the device to a covered refurbisher at no cost, as January 1, 2022;
 - (B) A covered entity must annually report to the Department of Accounting and General Services any excess electronic device it transferred to a covered refurbisher during the previous year, as January 1, 2023;
 - (C) A covered refurbisher must annually report to the Department of Accounting and General Services any excess electronic device it received during the previous year, as February 1, 2023;
 - (D) The Department of Accounting and General Services must maintain and update a website with current information on covered refurbishers available in the State, as January 1, 2022; and
 - (E) The Department of Accounting and General Services must annually compile information submitted by covered refurbishers or the excess electronic devices it received and distributed during the previous year and submit a report to the Legislature, as April 1, 2023;
- (2) Specifying that a violation of the Electronic Device and Television Donation Act shall be subject to a penalty not to exceed \$1,000 for a first violation and a penalty not to exceed \$2,000 for a second and any subsequent violation; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 913, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 913, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 1492 Higher Education & Technology on S.B. No. 589

The purpose of this measure is to:

- (1) Eliminate operational and administrative redundancies between the University of Hawaii John A. Burns School of Medicine and the University of Hawaii Cancer Center and enable shared administrative services and expertise between them;
- (2) Establish the University of Hawaii Cancer Center in statute as the Cancer Research Center of Hawaii, an organized research unit to conduct cancer research, that is:
 - (A) Administered by a Director who is appointed by the University of Hawaii Board of Regents upon recommendation by the Provost of the University of Hawaii at Manoa and with the concurrence of the President of the University of Hawaii, reports to the Provost of the University of Hawaii at Manoa, and coordinates with the President of the University of Hawaii; and
 - (B) Affiliated with the John A. Burns School of Medicine;
- (3) Require that funds from the University of Hawaii Tuition and Fees Special Fund for the John A. Burns School of Medicine or Cancer Research Center of Hawaii be used for educational purposes only;
- (4) Require that funds from the Research and Training Revolving Fund for the John A. Burns School of Medicine or the Cancer Research Center of Hawaii be used for research and research-related purposes only;
- (5) Repeal the sunset provision in Act 38, Session Laws of Hawaii 2017, relating to research commercialization; and
- (6) Make the Innovation and Commercialization Initiative Program permanent by repealing the sunset provision in Act 39, Session Laws of Hawaii 2017.

Your Committee received testimony in opposition to this measure from the Hawaii Society of Clinical Oncology, four individuals, and a petition with numerous individuals. Your Committee received comments on this measure from the University of Hawai'i System; Hawaii Technology Development Corporation; Hawaiian Telcom; DataHouse Consulting, Inc.; Hawaiian Electric Industries; American Cancer Society Cancer Action Network; and Adnoviv, Inc.

Your Committee finds that the University of Hawaii Cancer Center, the only National Cancer Institute-designated cancer center in Hawaii and the Pacific, reduces the burden of cancer through research, education, patient care, and community outreach. Your Committee also finds that the University of Hawaii John A. Burns School of Medicine educates and trains health care professionals, conducts fundamental medical research, and translates discoveries into delivery practices.

Your Committee further finds that the amount of state funds and other resources provided to the John A. Burns School of Medicine and the University of Hawaii Cancer Center have been substantial. This underscores the importance of establishing complementary strategic priorities and coordinating the management and deployment of state resources applied to both organizations.

Additionally, your Committee finds that sound fiscal, managerial, and other resources that support University of Hawaii programs and activities in the areas of education, instruction, research commercialization, innovation, and economic development furthers the mission of the University of Hawaii, promotes economic health, and diversifies workforce opportunities.

Your Committee has amended this measure by:

- (1) Requiring the Director of the University of Hawaii Cancer Center and Dean of the John A. Burns School of Medicine to:
 - (A) Report and be accountable to the Provost of the University of Hawaii at Manoa, who shall be authorized to direct and achieve efficiencies at the John A. Burns School of Medicine and University of Hawaii Cancer Center; and
 - (B) Coordinate with the President of the University of Hawaii;
- (2) Requiring the programs of the John A. Burns School of Medicine, University of Hawaii Cancer Center, and University of Hawaii to identify opportunities for collaboration and maximize operational efficiencies between the John A. Burns School of Medicine and University of Hawaii Cancer

Center;

- (3) Requiring the University of Hawaii to develop and implement a plan for the John A. Burns School of Medicine and University of Hawaii Cancer Center to achieve greater operational efficiencies, reduce duplication of services, and share administrative functions to the maximum extent practicable;
- (4) Requiring the University of Hawaii President to submit a report on the progress of the plan prior to the convening of the 2023 Regular Session;
- (5) Extending the authority of the President of the University of Hawaii to act as the University of Hawaii's Chief Procurement Officer for all procurement contracts under chapter 103D, Hawaii Revised Statutes;
- (6) Updating its purpose section; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 589, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 589, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 1493 Judiciary & Hawaiian Affairs on S.B. No. 134

The purpose of this measure is to prohibit the Governor or mayors from suspending requests for public records or vital records or statistics during a declared state of emergency.

Your Committee received testimony in support of this measure from The Civil Beat Law Center for the Public Interest, League of Women Voters of Hawaii, Common Cause Hawaii, Society of Professional Journalists Hawaii Chapter, and eight individuals. Your Committee received comments on this measure from the Office of Information Practices and Grassroot Institute of Hawaii.

Your Committee finds that during the coronavirus disease 2019 pandemic, the Governor suspended the Uniform Information Practices Act (UIPA) in its entirety for two and a half months, and the deadlines under the UIPA indefinitely. Your Committee further finds that access to information is critical to ensure transparency and allow citizens to hold the government accountable. Your Committee recognizes that while it is important for the government to have flexibility during a state of emergency, there needs to be checks in place to prevent the overreach of those powers.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 134, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1494 Judiciary & Hawaiian Affairs on S.B. No. 135

The purpose of this measure is to require the Office of Enterprise Technology Services to:

- (1) Establish a working group to conduct a study to identify state office buildings that are able to provide equitable telecommunication access to allow residents of the counties of Hawaii, Kauai, and Maui, and residents of rural areas in the City and County of Honolulu, including residents with disabilities, to participate remotely in legislative hearings; and
- (2) Submit a report of its findings and recommendations, and any proposed legislation, to the Legislature prior to the 2022 Regular Session.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology Services.

Your Committee finds that the devastating effects of the coronavirus disease 19 pandemic highlighted the need for remote work and learning capabilities. In addition the pandemic changed the way people interact with government and each other. This measure will assist in making legislative hearings more accessible to residents throughout the State, particularly residents in rural areas and residents with disabilities, thus enabling opportunities for greater citizen participation in the legislative process.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 135, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1495 Judiciary & Hawaiian Affairs on S.B. No. 387

The purpose of this measure is to improve the care and treatment of children in the juvenile justice system by:

- (1) Requiring certain children who are not released or deemed suitable for diversion to be taken without unnecessary delay to the family court or to the place of shelter designated by the family court;
- (2) Limiting the circumstances under which children at juvenile detention or adult jail facilities are subject to room confinement; and
- (3) Specifying the conditions and time limit for which room confinement may be imposed.

Your Committee received testimony in support of this measure from the Judiciary, Office of Youth Services, Office of the Public Defender, American Civil Liberties Union of Hawai'i, Hawai'i Psychological Association, and one individual.

Your Committee finds that in 2018, Congress passed the First Step Act which, among other things, prohibits facilities that confine youth in federal custody from using room confinement for discipline, punishment, retaliation, or any reason other than as a temporary response to a juvenile's behavior that poses a serious and immediate risk of physical harm to any individual, including the covered juvenile. Your Committee recognizes that the type of facility and the conditions where a child is confined can affect the child's health, safety, and outcomes upon reentry. This measure addresses the impact that room confinement has on the treatment and rehabilitation of children who are detained.

Your Committee has amended this measure by:

- (1) Clarifying that a child may be held in room confinement for more than three hours if the child is a danger to themselves or another; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 387, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 387, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1496 Judiciary & Hawaiian Affairs on S.B. No. 405

The purpose of this measure is to allow candidates, candidate committees, and noncandidate committees to choose which excess contributions by nonresident contributors to return within thirty days of the end of the election period, after which time all excess contributions shall escheat to the Hawaii Election Campaign Fund.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, LGBT Caucus of the Democratic Party of Hawaii, and seven individuals.

Your Committee finds that this measure provides an additional source of income for the Hawaii Election Campaign Fund and will allow candidates to more readily use available public financing through the Fund.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 405, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1497 Judiciary & Hawaiian Affairs on S.B. No. 560

The purpose of this measure is to establish ranked-choice voting for special federal elections and special elections for vacant county council seats.

Your Committee received testimony in support of this measure from FairVote Action, Americans for Democratic Action Hawaii, Common Cause Hawaii, Green Party Hawai'i, Young Progressives Demanding Action, and twelve individuals. Your Committee received testimony in opposition to this measure from four individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that ranked-choice voting is a method of voting that allows voters to rank their choice of candidates based on preference from favorite to least favorite. Your Committee believes that implementing ranked-choice voting in special elections for federal and county council offices may demonstrate that this method of voting can ensure fairer, more efficient, and more diverse elections.

Your Committee has amended this measure by:

- (1) Providing that in situations where there is a tie between candidates for the most votes in the final round, the candidate chosen by lot shall be declared the winner; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 560, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 560, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Tokioka). Noes, 1 (Ward). Excused, 1 (Takumi).

SCRep. 1498 Judiciary & Hawaiian Affairs on S.B. No. 664

The purpose of this measure is to:

- (1) Authorize the Department of Public Safety to develop a new Oahu Community Correctional Center; and
- (2) Appropriate funds for an oversight coordinator position and necessary support staff positions for the Hawaii Correctional System Oversight Commission.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Miyawaki Group, Hawai'i Psychological Association, and one individual. Your Committee received testimony in opposition to this measure from the Community Alliance on Prisons, Young Progressives Demanding Action, American Civil Liberties Union of Hawai'i, Ohana Ho'opakele, and eight individuals. Your Committee received comments on this measure from the Department of Public Safety, Office of the Public Defender, and Office of Hawaiian Affairs.

Your Committee finds that this measure will ensure that any new correctional facility will have programming focused on cultural-based rehabilitation and that best practices will be taken into account concerning the design of the facility and ways it can better serve the inmate population.

Your Committee further finds that the Legislature established the oversight coordinator position in 2019 when it established the Hawaii Correctional Oversight Commission. The Legislature specified the salary of the oversight coordinator, mandated that the oversight coordinator devote their entire time and attention to the administration of the Commission, and authorized the oversight coordinator to employ persons to perform the functions of the Commission. Nonetheless, to date, the Commission has operated without the benefit of an oversight coordinator or support staff.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 664, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (D. Kobayashi). Excused, 1 (Takumi).

SCRep. 1499 Judiciary & Hawaiian Affairs on S.B. No. 866

The purpose of this measure is to temporarily exempt affordable housing projects by the Hawaii Housing Finance and Development Corporation from certain state and county fees and exactions related to discretionary approval or ministerial permitting when the housing units are exclusively for certain qualified residents.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Stanford Carr Development, LLC; Hunt Development Group, LLC; The Michaels Organization; Building Industry Association of Hawaii; NAIOP Hawaii; and Hawaii Habitat for Humanity Association. Your Committee received testimony in opposition to this measure from the Board of Water Supply of the City and County

of Honolulu. Your Committee received comments on this measure from the Land Use Research Foundation of Hawaii.

Your Committee finds that the affordable housing crisis has been exacerbated by the coronavirus disease 2019 (COVID-19) pandemic, which has decimated Hawaii's economy. According to recent data from the University of Hawaii Economic Research Organization, more than eleven thousand Hawaii tenants have fallen behind on their rent payments and forty percent of rental tenants have lost their jobs. Even as the State's economy slowly recovers, up to seventeen thousand households may face an unsustainable change in their housing cost burden by the second quarter of 2021. This measure will provide fiscal incentives to allow affordable housing projects to be more financially feasible, thereby promoting the development of affordable housing in the State.

Your Committee has amended this measure by:

- (1) Amending the exemption to:
 - (A) Apply to affordable housing projects, instead of affordable housing units in projects; and
 - (B) Specify that dwelling units developed as part of the project be exclusively made available to owner- or renter-occupants, instead of owner-occupants or renters; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 866, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 866, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (D. Kobayashi). Excused, 1 (Takumi).

SCRep. 1500 Judiciary & Hawaiian Affairs on S.B. No. 1166

The purpose of this measure is to authorize the Board of Land and Natural Resources to approve rental reductions or waivers for leases that require substantial demolition costs or infrastructure improvement costs in order for the lessee to utilize the premises.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that this measure seeks to authorize the Board of Land and Natural Resources to approve a rent reduction or waiver for up to twenty years, not to exceed the amount of the lessee's total expenditures for demolition of improvements or provision of infrastructure. This measure is part of an effort by the Department of Land and Natural Resources to bring its leasing practices to commercially reasonable standards.

Your Committee has amended this measure by:

- (1) Clarifying that the aggregate amount of the reduced or waived lease rental shall not exceed the amount of the lessee's total expenditures for demolition or provision of the infrastructure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1166, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1166, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 3 (D. Kobayashi, LoPresti, Todd). Excused, 1 (Takumi).

SCRep. 1501 Judiciary & Hawaiian Affairs on S.B. No. 1220

The purpose of this measure is to add the University of Hawaii to the list of agencies that are authorized to conduct criminal history record checks on current or prospective employees or contractors whose duties include ensuring the security of campus facilities and persons.

Your Committee received testimony in support of this measure from the Department of Human Resources Development, University of Hawai'i System, and one individual.

Your Committee finds that the University of Hawaii (University) is responsible for ensuring the safety and security of facilities and persons on its campuses. The University utilizes university security officers, who are civil service employees recruited by the Department of Human Resources Development. The University has entered into a delegation agreement with the Department of Human Resources Development for the University to perform all tasks associated with recruiting, selecting, and hiring university security officers, except for the task of completing criminal history record checks. This measure will statutorily enable the Department of Human Resources Development to also delegate to the University the authority to conduct criminal history record checks, thereby allowing the University to perform all aspects of the university security officer recruitment process more efficiently.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1220, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1502 Judiciary & Hawaiian Affairs on S.B. No. 1311

The purpose of this measure is to require the Department of Education to:

- (1) Establish locally-sourced food and zero-emission vehicle goals as part of the Sustainable Schools Initiative; and
- (2) Submit an annual report to the Legislature on the Sustainable Schools Initiative.

Your Committee received testimony in support of this measure from PlanIt, Hawai'i Youth Climate Coalition, Kauai Climate Action Coalition, 350Hawaii.org, Ulupono Initiative, Hawai'i Farm Bureau, Climate Protectors Hawaii, Blue Planet Foundation, Our Revolution Hawaii, Hawai'i Public Health Institute, Farm to Keiki, Zero Waste Oahu, Environmental Caucus of the Democratic Party of Hawai'i, and sixteen individuals. Your Committee received comments on this measure from the Hawaii State Energy Office and Department of Education.

Your Committee finds that this measure adds long-term targets to the Sustainable Schools Initiative to support meeting the goals of creating more sustainable environments at Department of Education campuses by increasing locally-sourced produce and proteins and transitioning to zero emission school

transportation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1311, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1311, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1503 Judiciary & Hawaiian Affairs on S.B. No. 219

The purpose of this measure is to impose extended terms of imprisonment for certain offenses against property rights committed on agricultural lands.

Your Committee received testimony in support of this measure from the Department of Agriculture, Ulupono Initiative, and Hawai'i Farm Bureau. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that agricultural crime persists in Hawaii despite various efforts to combat the problem. Crimes committed on agricultural lands can cause significant hardship for farmers, ranchers, and producers, which can potentially lead to bankruptcy. This measure seeks to deter criminal activity on agricultural lands and protect Hawaii's farmers, ranchers, and producers.

Your Committee has amended this measure by:

- (1) Deleting language that would have established a rebuttable presumption that an unauthorized person on agricultural land has committed an offense against certain property rights when on agricultural land;
- (2) Appropriating an unspecified amount of funds to the Department of the Attorney General to establish a statewide Agricultural Theft Task Force to provide law enforcement with tools necessary to identify agricultural theft perpetrators; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should the Committee on Finance deliberate on this measure further, your Committee on Judiciary & Hawaiian Affairs respectfully requests that it consider appropriating \$250,000 in initial funding for the statewide Agricultural Theft Task Force.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 219, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 219, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (D. Kobayashi). Excused, 1 (Takumi).

SCRep. 1504 Judiciary & Hawaiian Affairs on S.B. No. 2

The purpose of this measure is to:

- (1) Exempt land set aside by the Governor to the Hawaii Housing Finance and Development Corporation and lands leased to the Hawaii Housing Finance and Development Corporation by other state departments or agencies from classification as public lands subject to Department of Land and Natural Resources management;
- (2) Require the land to be subject to legislative approval before the sale or gift of those lands;
- (3) Require the Hawaii Housing Finance and Development Corporation to return lands leased by any department or agency that are no longer needed for housing, finance, or development; and
- (4) Require the Hawaii Housing Finance and Development Corporation to submit certain documentation to the Office of Hawaiian Affairs regarding government or crown lands set aside or leased to the Hawaii Housing Finance and Development Corporation before developing or financing affordable housing development on those lands.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Department of Planning and Permitting of the City and County of Honolulu; and one individual. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs; Royal Order of Kamehameha I, Heiau O Mammalohoa Helu Elua; Ka Lāhui Hawai'i Kōmike Kalai'āina; Na Kupuna Moku O Keawe; Kūpuna for the Mo'opuna; Kanaeokana Kula Hawai'i Network; Hope Services Hawai'i; Native Hawaiian Legal Corporation; Hawaiian Affairs Caucus of the Democratic Party of Hawai'i; Community Alliance Partners; Hawai'i Alliance for Progressive Action; and numerous individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that setting aside land for the Hawaii Housing Finance and Development Corporation will help in streamlining the development of affordable housing on state lands by reducing the number of approvals required by the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (LoPresti). Noes, 4 (D. Kobayashi, McKelvey, Tokioka, Ward). Excused, 1 (Takumi).

SCRep. 1505 Consumer Protection & Commerce on S.B. No. 1035

The purpose of this measure is to:

- (1) Establish the State Procurement Automation System Special Fund to fund the project management of the procurement automation system;
- (2) Allow the State Procurement Administrator to establish procedures for issuing the final decision on any procurement practice, procurement policy and procedures, and compliance investigations conducted by the State Procurement Office; and
- (3) Authorize the Administrator to assess and collect an administrative fee to be deposited into the State Procurement Automation System Special Fund to cover the costs of the procurement automation system.

Your Committee received testimony in support of this measure from the State Procurement Office. Your Committee received comments on this measure

from the Subcontractors Association of Hawaii and Plumbing and Mechanical Contractors Association of Hawaii.

Your Committee finds that the State Procurement Office is seeking to transition its manual procurement processes to an online digital system. Your Committee further finds that the establishment of a procurement automation system across the executive branch and state agencies, like the one proposed by this measure, will increase efficiencies and responsiveness; support consistent and standardized procurement practices and processes, policies, and procedures; and provide greater confidence to taxpayers by ensuring optimal compliance and transparency in following the Hawaii Public Procurement Code.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1035, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1506 Consumer Protection & Commerce on S.B. No. 82

The purpose of this measure is to:

- (1) Require each new member of a board or commission to participate in an orientation and training session with the head of the department or agency with jurisdiction over that member's board or commission or a designee of the head of the department; and
- (2) Require each department and agency to update its members on information to supplement their initial training at least once per calendar year.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Human Services, Department of Land and Natural Resources, Department of Accounting and General Services, and Hawaii Employer-Union Health Benefits Trust Fund.

Your Committee finds that the board member selection process provides eligibility requirements that include subject matter proficiency and experience. This process has yielded governance boards whose members are knowledgeable, insightful, and decisive in providing invaluable policy guidance to government agencies. This measure ensures that new board and commission members have appropriate training to effectively fulfill their responsibilities.

Your Committee has amended this measure by clarifying language requiring new member training regarding the mission, roles, responsibilities, laws, programs, and procedures relevant to the work of the board or commission.

Your Committee notes that, in the Department of Commerce and Consumer Affairs' testimony before your Committee, the Department requested that support be given for online and on-demand training, to be used where feasible, to reduce travel and per diem costs, as well as to minimize inconvenience to board members.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 82, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 82, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1507 Consumer Protection & Commerce on S.B. No. 788

The purpose of this measure is to amend the Hawaii Public Procurement Code to increase economy, efficiency, effectiveness, and impartiality in public procurement by:

- (1) Allowing selection committees for the procurement of professional services the flexibility to weigh the selection criteria in the order of importance relevant to their agency and project;
- (2) Requiring the State Procurement Office to implement and administer a past performance database for state contractors;
- (3) Providing the head of a purchasing agency with the option to negotiate an adjustment of an otherwise successful bid for construction procurements to more closely align with an internal project price estimation;
- (4) Allowing a bidder of a public works construction project to clarify and correct non-material or technical issues with subcontractor listings for up to twenty-four hours after the bid submission deadline; and
- (5) Requiring bids for construction to be publicly opened no sooner than twenty-four hours after the bid submission deadline.

Your Committee received testimony in opposition to this measure from the Painting Industry of Hawaii Labor Management Cooperation Trust Fund; Hawaii Tapers Market Recovery Trust Fund; Hawaii Glaziers; Architectural Metal Glassworkers Local Union 1889 AFL-CIO Stabilization Trust Fund; Carpet, Linoleum and Soft Tile Local Union 1926 Market Recovery Trust Fund; Hawaii Electricians Market Enhancement Program; American Council of Engineering Companies of Hawaii; and one individual. Your Committee received comments on this measure from the Department of Accounting and General Services, State Procurement Office, Department of Design and Construction of the City and County of Honolulu, Subcontractors Association of Hawaii, Plumbing and Mechanical Contractors Association of Hawaii, and General Contractors Association of Hawaii.

Your Committee finds that the House of Representatives requested that the State Procurement Office review the State's procurement laws as compared to federal procurement law through House Resolution No. 142 (Regular Session of 2016). Specifically, the State Procurement Office was requested to conduct a cost-benefit analysis of the existing procurement process; examine issues and concerns raised by a pre-existing task force; review federal procurement laws and provide a comparison; analyze whether aligning the state procurement laws to the federal procurement laws would be beneficial; and examine the estimated time, effort, and costs to align the state procurement process to the federal procurement process. This measure adopts several recommendations made by the State Procurement Office to align with best practices evidenced in the federal procurement laws.

Your Committee notes, for purposes of ensuring that the intent is clear, that the twenty-four hour period for clarifying or correcting non-material or technical information does not and shall not apply or allow for any addition or substitution of listed joint subcontractors.

Your Committee has amended this measure by:

- (1) Deleting the provisions that provide the head of a purchasing agency with the option to negotiate an adjustment of an otherwise successful bid for construction procurements to more closely align with an internal project price estimation;
- (2) Restoring language that provides discretion in accepting construction bids that do not meet certain requirements, rather than mandating acceptance of those bids; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 788, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 788, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1508 Consumer Protection & Commerce on S.B. No. 947

The purpose of this measure is to establish the Hawaii Broadband and Digital Equity Office within the Department of Business, Economic Development, and Tourism.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Education; Department of Transportation; Department of Human Services; AARP Hawai'i; Hawai'i Primary Care Association; Broadband Hui; Kona-Kohala Chamber of Commerce; and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the coronavirus 2019 pandemic has highlighted the importance of high quality and affordable broadband service access for all of the State's residents. High quality broadband service has enabled students to continue learning through distance learning and employees to work from home. However, the lack of high quality broadband service access has detrimentally affected students and workers in rural and low socio-economic urban areas. This measure will establish a Hawaii Broadband and Digital Equity Office to develop and support a coordinated strategy for increased access to further enhance economic development, education, health care, and emergency services.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 947, S.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 947, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1509 Consumer Protection & Commerce on S.B. No. 263

The purpose of this measure is to:

- (1) Transfer oversight of the Made in Hawaii Program as it relates to manufactured products to the Department of Business, Economic Development, and Tourism;
- (2) Place the Grown in Hawaii with Aloha Program under the management of the Department of Agriculture;
- (3) Transfer ownership of the "Made in Hawaii with Aloha" trademark from the Department of Agriculture to the Department of Business, Economic Development, and Tourism; and
- (4) Appropriate funds to the Department of Business, Economic Development, and Tourism to promote the "Made in Hawaii with Aloha" brand.

Your Committee received testimony in support of this measure from the Hawaii Technology Development Corporation and Chamber of Commerce Hawaii. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and Department of Agriculture.

Your Committee finds that clear identifiers for products that are made in Hawaii protect the integrity and value of authentic Hawaii branded products from products made elsewhere. This measure ensures that Hawaii's local manufactured and agricultural products can continue to be effectively marketed, identified, and promoted across the world.

Your Committee notes that the estimated appropriation amount necessary for the oversight and administration of the Made in Hawaii Program for fiscal years 2021-2022 and 2022-2023 is \$150,000 for each fiscal year.

Your Committee has amended this measure by:

- (1) Inserting a blank appropriation amount to the Department of Business, Economic Development, and Tourism for the oversight and administration of the "Made in Hawaii" Program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 263, S.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 263, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1510 Consumer Protection & Commerce on S.B. No. 973

The purpose of this measure is to amend the Hawaii Money Transmitters Act by:

- (1) Incorporating definitions of key terms provided in the Model Money Services Business Law published by the Conference of State Bank Supervisors;
- (2) Requiring an applicant for a money transmitter license to submit information concerning any bankruptcy or receivership proceedings;
- (3) Extending the period of an applicant's litigation and criminal conviction history review from five to ten years from the date of the application; and
- (4) Clarifying the authority of the Commissioner of Financial Institutions to examine and investigate licensees or authorized delegates of licensees and participate in nationwide protocols for licensing cooperation and coordination among state regulators.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the money transmission industry has evolved significantly in the fifteen years since the enactment of Hawaii's Money Transmitters Act. The instantaneous global money transmission activity today necessitates additional oversight of money transmitters to provide appropriate consumer

protection. This measure ensures that Hawaii can work alongside a network of states to enable timely, coordinated, and efficient regulation of trans-global, regional, and single-state money transmission companies to provide financial stability and economic growth, while also protecting consumers.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 973, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 973, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1511 Consumer Protection & Commerce on S.B. No. 1340

The purpose of this measure is to:

- (1) Align Hawaii with national trends and mitigate the unintended consequences associated with the deregulation of Hawaii's emergency medical services system by:
 - (A) Enabling the Hawaii Medical Board to issue licenses for emergency medical responders and other emergency ambulance personnel, which shall be based on certain requirements; and
 - (B) Including emergency medical responders in the State's pre-hospital response; and
- (2) Require the Department of Commerce and Consumer Affairs to examine a potential additional licensure category for emergency medical technicians who have received certain certification from the National Registry of Emergency Medical Technicians but who do not provide emergency ambulance services.

Your Committee received testimony in support of this measure from the Department of Health, State Fire Council, Maui Fire Department, and five individuals. Your Committee received comments on this measure from the Hawaii Medical Board and American Medical Response Hawaii.

Your Committee finds that existing law only provides for the certification of emergency ambulance personnel and does not provide for licensure or certification of emergency medical responders. Your Committee further finds that emergency medical responders are key providers within the State's emergency medical services system who provide at-the-scene, life-saving care with minimal equipment to critical care patients and have the knowledge and skills necessary to provide immediate interventions while awaiting arrival of additional emergency medical services. This measure enables the licensure of additional emergency personnel who meet specific national educational requirements.

Your Committee has amended this measure by:

- (1) Appropriating funds from the Compliance Resolution Fund for the Hawaii Medical Board to hire an unspecified number of full-time equivalent positions to administer the licensing program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1340, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1340, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1512 Consumer Protection & Commerce on S.B. No. 1313

The purpose of this measure is to require the Division of Aquatic Resources of the Department of Land and Natural Resources to:

- (1) Establish, no later than January 1, 2022, a pilot project to restock northern largemouth bass, butterfly peacock bass, or both, in the Wahiawa public fishing area in central Oahu; and
- (2) Apply to the Department of Agriculture for the permit to import the northern largemouth bass and work with another public entity or partner with a private entity to accomplish the pilot project.

Your Committee received testimony in support of this measure from eleven individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Agriculture.

Your Committee finds that the northern largemouth bass and butterfly peacock bass, also known as tucunare, are some of the most popular gamefish in the United States. However, your Committee notes that bass fishing in Hawaii is far less popular than in other states. One reason for the small number of anglers fishing for bass is the lack of a diverse population of these sport fish in Hawaii's artificial reservoirs. Your Committee further finds that restocking the Wahiawa public fishing area in central Oahu with new stocks of northern largemouth bass and butterfly peacock bass will refresh the genetic diversity of these fish populations, thereby enhancing and supporting the pre-existing populations for continued recreational fishing in Hawaii.

Your Committee notes that the Department of Land and Natural Resources raised concerns in its testimony before your Committee about the feasibility of establishing the pilot restocking project by January 1, 2022. The Department notes that it needs to fill a vacant biologist position and petition the Department of Agriculture to place the northern largemouth bass on an import list. While your Committee is agreeable to delaying the deadline for establishing the pilot project, your Committee notes that this should not delay any effort on the part of the Department to establish the pilot project as soon as practicable.

Your Committee has amended this measure by:

- (1) Changing the deadline for establishment of the pilot project from January 1, 2022, to January 1, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1313, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1313, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1513 Consumer Protection & Commerce on S.B. No. 834

The purpose of this measure is to establish the felony offense of importation, sale, or possession of a childlike sex doll.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney for the County of Maui, Office of the Prosecuting Attorney for the County of Hawai'i, Honolulu Police Department, Department of the Prosecuting Attorney of the City and County of Honolulu, Ho'ōla Nā Pua, and five individuals.

Your Committee finds that the widespread availability of childlike sex dolls, which are designed to look and feel as lifelike as possible, enables the exploitation, objectification, abuse, and sexual assault of minors. Your Committee finds that the possession of a childlike sex doll correlates with other offenses perpetrated against children and may reinforce pedophilic thoughts and cause those thoughts to be acted upon with greater urgency. Your Committee recognizes the necessity of taking action to prohibit childlike sex dolls in the State. This measure will help protect the State's children from the serious risk to public safety associated with these objects by establishing the felony offense of importation, sale, or possession of a childlike sex doll.

Your Committee has amended this measure by:

- (1) Lowering the threshold for the number of childlike sex dolls in a person's possession before the offense increases from a class C felony to a class B felony from ten to five;
- (2) Specifying that childlike sex dolls are those that resemble a person below the age of eighteen years, rather than below the age of puberty; and
- (3) Changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 834, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 834, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1514 Consumer Protection & Commerce on S.B. No. 974

The purpose of this measure is to:

- (1) Authorize installment-based small dollar loan transactions in the State with certain interest rate and fee requirements;
- (2) Establish various consumer protection requirements for small dollar loans;
- (3) Require licensure, beginning January 1, 2023, for small dollar lenders that offer small dollar loans, subject to the oversight of the Division of Financial Institutions of the Department of Commerce and Consumer Affairs; and
- (4) Prohibit check cashers from entering into an agreement for deferred deposit with a customer.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition to this measure from Dollar Financial Group and Maui Loan Inc. Your Committee received comments on this measure from the Hawaii Financial Services Association.

Your Committee finds that a 2019 survey of household financial health in Hawaii found that twenty-one percent of all households use an alternative financial service product, such as a check cashing or payday loan service, at least once during the year. Alternative financial service products provide financial assistance to unbanked and underbanked persons who do not have access to traditional financial service products. However, your Committee further finds that because of the State's existing deferred deposit laws, consumers may use payday lending in a manner that traps them in an unsustainable cycle of debt. Your Committee believes it is necessary to establish further consumer protections to ensure that consumers responsibly utilize deferred deposit products.

Your Committee additionally finds that the establishment of installment-based small dollar loans with sufficient consumer protections will benefit consumers, including the unbanked and underbanked population, ensure lending terms that are mutually sustainable for consumers and lenders, and encourage responsible and transparent lending.

Your Committee has amended this measure by:

- (1) Deleting the provisions prohibiting deferred deposit transactions by check cashers;
- (2) Inserting provisions that enhance consumer protections in deferred deposit transactions by requiring check cashers to:
 - (A) Be licensed with the Department of Commerce and Consumer Affairs;
 - (B) Offer voluntary payment plans for deferred deposit transactions;
 - (C) Take reasonable measures to ensure that consumers are limited to one deferred deposit transaction; and
 - (D) Provide additional disclosures and notices;
- (3) Requiring the Division of Financial Institutions of the Department of Commerce and Consumer Affairs to evaluate the regulation of check cashers that enter into deferred deposit transactions as proposed by this measure and to report its findings to the Legislature prior to the Regular Session of 2023;
- (4) Changing the effective date for the establishment of small dollar loans and the licensure of small dollar loan lenders to July 1, 2023; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 974, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 974, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1515 Water & Land on H.R. No. 81

The purpose of this measure is to urge the Department of Facility Maintenance of the City and County of Honolulu, in conjunction with the United States Army Corps of Engineers and Department of Environmental Services of the City and County of Honolulu, to:

- (1) Immediately clean the drainage canals and streams in Kaneohe and Kailua; and

- (2) Develop recommended cleaning schedules for drainage canals and streams and regularly clean the drainage canals and streams in Kaneohe and Kailua based on this schedule.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 1, which deletes the contents of this measure and inserts language that:

- (1) Requests the City and County of Honolulu to develop a comprehensive plan to drain and clear streams and canals that flow in residential areas in Waiahole and other Koolauloa communities;
- (2) Addresses recent heavy rainfall that caused flooding in certain parts of Oahu, including Haleiwa and Waialua, and the continued struggles of residents of Koolauloa to dispose of debris and mud;
- (3) Requests that the Hawaii Emergency Management Agency and Department of Emergency Management of the City and County of Honolulu improve the flash flood warning system;
- (4) Requests the City and County of Honolulu to create a comprehensive action plan for each Council district to mitigate the impacts of flooding and hurricanes; and
- (5) Requests that first responders coordinate more closely to ensure that residents have safe evacuation routes in the event of flooding.

Your Committee received testimony in support of the proposed H.D. 1 from the Hawai'i Lodging & Tourism Association and four individuals.

Your Committee finds that the proposed H.D. 1 was prompted by recent events caused by heavy rain on Oahu and the continuing difficulties residents of Koolauloa face in disposing of debris and mud. The proposed H.D. 1 is intended to address residents' concerns that government be prepared for a quick and coordinated response.

Your Committee has amended this measure by:

- (1) Adopting the proposed H.D. 1;
- (2) Amending its title to read, "REQUESTING THE CITY AND COUNTY OF HONOLULU, IN CONJUNCTION WITH THE UNITED STATES ARMY CORPS OF ENGINEERS, TO DEVELOP A COMPREHENSIVE PLAN TO REGULARLY DRAIN AND CLEAR STREAMS AND CANALS THAT FLOW IN RESIDENTIAL AREAS IN WAIHOLE, HALEIWA, WAIALUA, KANEOHE, AND OTHER KOOLAULOA COMMUNITIES.";
- (3) Bolstering the bases for the requested comprehensive plan;
- (4) Requesting the City and County of Honolulu to work in conjunction with the United States Army Corps of Engineers to develop the comprehensive plan for the Koolauloa communities and for each Council district, and specifying Haleiwa, Waialua, and Kaneohe as additional areas of concern; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 81, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 81, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1516 Health, Human Services, & Homelessness on H.R. No. 57

The purpose of this measure is to designate September as National Suicide Prevention and Action Month.

Your Committee received testimony in support of this measure from Hawaii Family Forum and one individual.

Your Committee finds that September is known nationally as "Suicide Prevention Month", a designation that is intended to promote awareness and raise visibility of the mental health resources and suicide prevention services available in the community.

Your Committee has amended this measure by:

- (1) Inserting language acknowledging that suicide was the eleventh leading cause of death in Hawaii in 2020 and the second leading cause of death for those ages ten to thirty-four in Hawaii;
- (2) Inserting language asserting the State's commitment to lowering suicide rates;
- (3) Clarifying that this measure will designate September 2021 as Suicide Prevention and Action Month;
- (4) Changing its title to read, "DESIGNATING SEPTEMBER 2021 AS SUICIDE PREVENTION AND ACTION MONTH."; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 57, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 57, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (LoPresti).

SCRep. 1517 Consumer Protection & Commerce on H.C.R. No. 16

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Kaalawai, Honolulu, Oahu, for the existing seawall constructed on those state submerged lands, and the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that portions of an existing seawall fronting private property located in Kaalawai, and spanning 214 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a 55-year non-exclusive easement to run with the land and to inure to the benefit of the abutting real property to resolve the encroachment. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Kaalawai that have been encroached upon by the seawall, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 16 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1518 Consumer Protection & Commerce on H.C.R. No. 17

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Waimanalo, Koolaupoko, Oahu, for the existing pier, seawall, and steps, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing pier, seawall, and steps fronting private property located in Waimanalo, and spanning 2,818 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a 55-year non-exclusive easement to run with the land and to inure to the benefit of the abutting real property to resolve the encroachment. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Waimanalo that have been encroached upon by the pier, seawall, and steps, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 17, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1519 Consumer Protection & Commerce on H.C.R. No. 18

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Kamaole, Kula, Maui, for the existing rubble rock revetment, rock wall, and two concrete stairways, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing rubble rock revetment, rock wall, and two concrete stairways fronting private property located in Kamaole, and spanning 18,668 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a 55-year non-exclusive easement to the Association of Apartment Owners of Hale Pau Hana. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Kamaole that have been encroached upon by the existing rubble rock revetment, rock wall, and two concrete stairways, and for the use, maintenance, repair, replacement, and removal of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 18 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1520 Consumer Protection & Commerce on H.C.R. No. 19

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering a portion of state submerged lands at Maunaloa, Honolulu, Oahu, for the existing storm drain, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing storm drain fronting property located in Maunaloa, Honolulu, Oahu, and spanning 174 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a perpetual non-exclusive easement to resolve the encroachment. This measure authorizes the granting of a perpetual non-exclusive easement, as required by state law, for the portion of the identified state submerged lands in Maunaloa that have been encroached upon by the existing storm drain, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 19 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1521 Consumer Protection & Commerce on H.C.R. No. 20

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering a portion of state submerged lands at Kaneohe, Koolaupoko, Oahu, for the existing storm drain, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing storm drain fronting property located in Kaneohe, Koolaupoko, Oahu, and spanning 679 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a perpetual non-exclusive easement to resolve the encroachment. This measure authorizes the granting of a perpetual non-exclusive easement, as required by state law, for the portion of the identified state submerged land in Kaneohe that have been encroached upon by the existing storm drain, and for use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 20 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1522 Consumer Protection & Commerce on H.C.R. No. 21

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Napili 2 and 3, Lahaina, Maui, for the existing walkway, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Napili Kai Beach Resort.

Your Committee finds that the existing walkway fronting private property located in Napili, and spanning 142 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a term, non-exclusive easement to run with the land and to inure to the benefit of the abutting real property to resolve the encroachment. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Napili that have been encroached upon by the walkway, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 21 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1523 Consumer Protection & Commerce on H.C.R. No. 22

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Waiohuli-Keokea, Wailuku, Maui, for the existing seawall, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing seawall fronting private property located in Waiohuli-Keokea, and spanning 928 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a 65-year non-exclusive easement to run with the land and to inure to the benefit of the abutting condominium property regime units to resolve the encroachment. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Waiohuli-Keokea that have been encroached upon by the seawall, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 22, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1524 Consumer Protection & Commerce on H.C.R. No. 23

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Waiohuli-Keokea Homesteads, Kihei, Maui, for the existing seawall, rock revetment, and concrete steps, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing walkway fronting private property located in Waiohuli-Keokea, and spanning 668 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a 55-year non-exclusive easement to run with the land and to inure to the benefit of the abutting real property to resolve the encroachment. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Waiohuli-Keokea that have been encroached upon by the seawall, rock revetment, and concrete steps, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 23 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1525 Consumer Protection & Commerce on H.C.R. No. 49

The purpose of this measure is to authorize the Department of Transportation, with the prior approval of the Board of Land and Natural Resources, to issue a lease covering a portion of state submerged lands at Pier 27 in Honolulu Harbor, Oahu, to Atlantis Submarines Hawaii, LLC.

Your Committee received testimony in support of this measure from Atlantis Submarines Hawaii, LLC.

Your Committee finds that Atlantis Submarines Hawaii, LLC, operates a repair and maintenance facility, which has been relocated by the State from Pier 41 to Pier 27. Due to the relocation, Atlantis Submarines Hawaii, LLC, will have access to fast lanes at Pier 27 and the state submerged lands fronting the property bound by Pier 27, spanning a total of 26,876 square feet. This measure authorizes the granting of a lease, as required by state law, for the leasing of state submerged lands fronting the property bound by Pier 27.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 49, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1526 Consumer Protection & Commerce on H.R. No. 36

The purpose of this measure is to urge the United States Congress to grant additional authority to the Federal Communications Commission to stop unwanted and illegal robocalls.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that robocalls, spoofing calls, and robocalls that employ spoofing technology are a major consumer issue. Robocalls are unsolicited prerecorded telemarketing calls through the use of a computerized autodialer. Spoofing calls are calls conducted with a deliberately falsified caller identification to disguise the identity of the number of the caller. United States consumers receive billions of robocalls, spoofing calls, and robocalls that employ spoofing technology each year.

Your Committee further finds that the Federal Communications Commission (FCC) is the federal agency tasked with regulating interstate and international communications, including robocalls and spoofing calls. The FCC has made progress on curbing and deterring robocalls and spoofing calls. In penalizing parties that deploy robocalls and spoofing calls, the FCC has imposed millions of dollars in fines. Your Committee, however, finds that further legal authority and resources will allow the FCC to dramatically curb the practice of robocalls and spoofing calls.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 36 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1527 Consumer Protection & Commerce on H.C.R. No. 45

The purpose of this measure is to urge the United States Congress to grant additional authority to the Federal Communications Commission to stop unwanted and illegal robocalls.

Your Committee received testimony in support of this measure from seven individuals.

Your Committee finds that robocalls, spoofing calls, and robocalls that employ spoofing technology are a major consumer issue. Robocalls are unsolicited prerecorded telemarketing calls through the use of a computerized autodialer. Spoofing calls are calls conducted with a deliberately falsified caller identification to disguise the identity of the number of the caller. United States consumers receive billions of robocalls, spoofing calls, and robocalls that employ spoofing technology each year.

Your Committee further finds that the Federal Communications Commission (FCC) is the federal agency tasked with regulating interstate and international communications, including robocalls and spoofing calls. The FCC has made progress on curbing and deterring robocalls and spoofing calls. In penalizing parties that deploy robocalls and spoofing calls, the FCC has imposed millions of dollars in fines. Your Committee, however, finds that further legal authority and resources will allow the FCC to dramatically curb the practice of robocalls and spoofing calls.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 45 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1528 Consumer Protection & Commerce on H.R. No. 99

The purpose of this measure is to convene a working group to determine the gaps in access to health care and the scope of care of advanced practice registered nurses.

Your Committee received comments on this measure from the Board of Nursing, Hawaii Medical Board, University of Hawai'i System, and Hawai'i State Center for Nursing.

Your Committee finds that the State's health care system has been in a state of crisis since before the COVID-19 pandemic, which only exacerbated and further highlighted its shortcomings. Your Committee further finds that rural and neighbor island communities have a physician shortage restricting access to health care. Advanced practice registered nurses are highly trained health care professionals who may assist in increasing the supply of health care providers to those communities in need. This measure will gather the necessary information to make informed policy decisions in determining the role of advanced practice registered nurses in the State's health care system.

Your Committee has amended this measure by:

- (1) Requesting that the Working Group determine the potential role advanced practice registered nurses may play in addressing the gaps in health care, rather than determining the scope of practice of advanced practice registered nurses;
- (2) Amending the tasks requested of the Working Group by removing tasks regarding the scope of procedures and care and a comparative study to other jurisdictions;
- (3) Amending the membership of the Working Group to include a representative from each major nonprofit health care system and any other individuals invited by either co-chairperson;
- (4) Changing the deadline for the requested report to the Legislature to twenty days prior to the convening of the Regular Session of 2023;
- (5) Changing the date on which the Working Group is requested to dissolve to December 30, 2022;
- (6) Amending the title to read, "REQUESTING THE CONVENING OF A WORKING GROUP TO DETERMINE THE GAPS IN ACCESS TO HEALTH CARE AND THE POTENTIAL ROLE ADVANCED PRACTICE REGISTERED NURSES MAY PLAY IN ADDRESSING THESE GAPS."; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the Working Group should consult with rural and neighbor island health care organizations to ensure that their perspectives and opinions are within the discussions that will shape the Working Group's final report.

Your Committee further notes that H.R. No. 100, H.D. 1 (Regular Session of 2021), is a complementary measure intended to provide the Working Group with additional data and information to fulfill the Working Group's tasks.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 99, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 99, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1529 Consumer Protection & Commerce on H.C.R. No. 123

The purpose of this measure is to convene a working group to determine the gaps in access to health care and the scope of care of advanced practice registered

nurses (Working Group).

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Board of Nursing, Hawaii Medical Board, University of Hawai'i System, Hawai'i State Center for Nursing, and The Queen's Health Systems.

Your Committee finds that the State's health care system has been in a state of crisis since before the COVID-19 pandemic, which only exacerbated and further highlighted its shortcomings. Your Committee further finds that rural and neighbor island communities have a physician shortage restricting access to health care. Advanced practice registered nurses are highly trained health care professionals who may assist in increasing the supply of health care providers to those communities in need. This measure will gather the necessary information to make informed policy decisions in determining the role of advanced practice registered nurses in the State's health care system.

Your Committee has amended this measure by:

- (1) Requesting that the Working Group determine the potential role advanced practice registered nurses may play in addressing the gaps in health care, rather than determining the scope of practice of advanced practice registered nurses;
- (2) Amending the tasks requested of the Working Group by removing tasks regarding the scope of procedures and care and a comparative study to other jurisdictions;
- (3) Amending the membership of the Working Group to include a representative from each major nonprofit health care system and any other individuals invited by either co-chairperson;
- (4) Changing the deadline for the requested report to the Legislature to twenty days prior to the convening of the Regular Session of 2023;
- (5) Changing the date on which the Working Group is requested to dissolve to December 30, 2022;
- (6) Amending the title to read, "REQUESTING THE CONVENING OF A WORKING GROUP TO DETERMINE THE GAPS IN ACCESS TO HEALTH CARE AND THE POTENTIAL ROLE ADVANCED PRACTICE REGISTERED NURSES MAY PLAY IN ADDRESSING THESE GAPS."; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the Working Group should consult with rural and neighbor island health care organizations to ensure that their perspectives and opinions are within the discussions that will shape the Working Group's final report.

Your Committee further notes that H.C.R. No. 124, H.D. 1 (Regular Session of 2021), is a complementary measure intended to provide the Working Group with additional data and information to fulfill the Working Group's tasks.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 123, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 123, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1530 Consumer Protection & Commerce on H.R. No. 100

The purpose of this measure is to request the Legislative Reference Bureau to conduct an analysis of advanced practice registered nurses and physician assistants.

Your Committee received comments on this measure from the Board of Nursing, Hawaii Medical Board, University of Hawai'i System, and Hawai'i State Center for Nursing.

Your Committee finds that the State's health care system has been in a state of crisis since before the COVID-19 pandemic, which only exacerbated and further highlighted its shortcomings. Your Committee further finds that rural and neighbor island communities have a physician shortage restricting access to health care. Advanced practice registered nurses and physician assistants are highly trained health care professionals who may assist in increasing the supply of health care providers to those communities in need.

Your Committee further finds that multiple measures have been introduced in the Legislature addressing the scope of practice of advanced practice registered nurses in a piecemeal fashion, rather than considering the broader scope of practice of advanced practice registered nurses and their role in the State's health care system. This measure will provide valuable information to make informed policy decisions in determining the role of advanced practice registered nurses and physician assistants in the State's health care system.

Your Committee notes that this measure is intended to be a complementary measure to H.R. No. 99, H.D. 1 (Regular Session of 2021) and that it is the intent that the findings under this measure will inform the working group established under H.R. No. 99, H.D. 1 of the data and information necessary to fulfill the working group's tasks.

Your Committee has amended this measure by:

- (1) Clarifying that the analysis include an examination of potential scope of practice limitations in the Hawaii Administrative Rules;
- (2) Clarifying that the Legislative Reference Bureau needs to only submit its findings in the report to the Legislature; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 100, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 100, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1531 Consumer Protection & Commerce on H.C.R. No. 124

The purpose of this measure is to request the Legislative Reference Bureau to conduct an analysis of advanced practice registered nurses and physician assistants.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Board of Nursing, Hawaii Medical Board, Legislative Reference Bureau, University of Hawai'i System, and Hawai'i State Center for Nursing.

Your Committee finds that the State's health care system has been in a state of crisis since before the COVID-19 pandemic, which only exacerbated and

further highlighted its shortcomings. Your Committee further finds that rural and neighbor island communities have a physician shortage restricting access to health care. Advanced practice registered nurses and physician assistants are highly trained health care professionals who may assist in increasing the supply of health care providers to those communities in need.

Your Committee further finds that multiple measures have been introduced in the Legislature addressing the scope of practice of advanced practice registered nurses in a piecemeal fashion, rather than considering the broader scope of practice of advanced practice registered nurses and their role in the State's health care system. This measure will provide valuable information to make informed policy decisions in determining the role of advanced practice registered nurses and physician assistants in the State's health care system.

Your Committee notes that this measure is intended to be a complementary measure to H.C.R. No. 123, H.D. 1 (Regular Session of 2021) and that it is the intent that the findings under this measure will inform the working group established under H.C.R. No. 123, H.D. 1 of the data and information necessary to fulfill the working group's tasks.

Your Committee has amended this measure by:

- (1) Clarifying that the analysis include an examination of potential scope of practice limitations in the Hawaii Administrative Rules;
- (2) Clarifying that the Legislative Reference Bureau needs to only submit its findings in the report to the Legislature; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 124, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 124, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

SCRep. 1532 Finance on H.C.R. No. 97

The purpose of this measure is to request the formation of a task force on North Road management.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 97 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1533 Finance on H.R. No. 66

The purpose of this measure is to request the Department of Transportation Services of the City and County of Honolulu to conduct a traffic safety analysis regarding the implementation of traffic calming systems.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 66 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1534 Finance on H.C.R. No. 78

The purpose of this measure is to request the Department of Transportation Services of the City and County of Honolulu to conduct a traffic safety analysis regarding the implementation of traffic calming systems.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 78 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1535 Finance on H.R. No. 76

The purpose of this measure is to request the Hawaii Emergency Management Agency to convene a Resiliency Health Disaster Task Force to develop a coordinated statewide resiliency health disaster plan.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 76 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1536 Finance on H.C.R. No. 91

The purpose of this measure is to request the Hawaii Emergency Management Agency to convene a Resiliency Health Disaster Task Force to develop a coordinated statewide resiliency health disaster plan.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 91 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1537 Finance on H.R. No. 83

The purpose of this measure is to request the Department of the Attorney General to develop and implement a program to prevent, and to assist victims of, human trafficking and child commercial sexual exploitation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and

purpose of H.R. No. 83, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1538 Finance on H.C.R. No. 100

The purpose of this measure is to request the Department of the Attorney General to develop and implement a program to prevent, and to assist victims of, human trafficking and child commercial sexual exploitation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 100, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1539 Finance on H.R. No. 94

The purpose of this measure is to request the Department of Commerce and Consumer Affairs, following the completion of the Department of Commerce and Consumer Affairs' Division of Financial Institutions' and Hawaii Technology Development Corporation's study, to reconsider its 2016 ruling on asset reserve requirements for digital currency companies, virtual currency companies, and cryptocurrency companies to conduct business in Hawaii and to align the State's asset reserve requirements for these companies with the asset reserve requirements in other states.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 94, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1540 Finance on H.C.R. No. 118

The purpose of this measure is to request the Department of Commerce and Consumer Affairs, following the completion of the Department of Commerce and Consumer Affairs' Division of Financial Institutions' and Hawaii Technology Development Corporation's study, to reconsider its 2016 ruling on asset reserve requirements for digital currency companies, virtual currency companies, and cryptocurrency companies to conduct business in Hawaii and to align the State's asset reserve requirements for these companies with the asset reserve requirements in other states.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 118, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1541 Finance on H.R. No. 95

The purpose of this measure is to urge the Department of Agriculture, Department of Health, Department of Land and Natural Resources, and University of Hawaii to develop and implement a mosquito control program that uses *Wolbachia* bacteria to reduce mosquito population levels throughout the state.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 95, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1542 Finance on H.C.R. No. 119

The purpose of this measure is to urge the Department of Agriculture, Department of Health, Department of Land and Natural Resources, and University of Hawaii to develop and implement a mosquito control program that uses *Wolbachia* bacteria to reduce mosquito population levels throughout the state.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 119, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1543 Finance on H.R. No. 97

The purpose of this measure is to request the Governor to convene a working group to develop recommendations for effective communications with limited English proficient persons and persons with disabilities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 97, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1544 Finance on H.C.R. No. 121

The purpose of this measure is to request the Governor to convene a working group to develop recommendations for effective communications with limited English proficient persons and persons with disabilities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 121, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1545 Finance on H.R. No. 86

The purpose of this measure is to request that the Director of Labor and Industrial Relations convene a task force to study, design, and develop a Paid Family Leave Pilot Program.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 86, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1546 Finance on H.C.R. No. 104

The purpose of this measure is to request that the Director of Labor and Industrial Relations convene a task force to study, design, and develop a Paid Family Leave Pilot Program.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 104, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1547 Finance on H.C.R. No. 130

The purpose of this measure is to request the Director of Taxation to waive penalties and interest sought from small businesses and individual taxpayers as a result of undue hardship related to the coronavirus disease 2019 (COVID-19) pandemic.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 130 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1548 Finance on H.C.R. No. 111

The purpose of this measure is to assert that racism is a public health crisis and urge the State to take steps to eliminate and recognize racial inequities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 111 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1549 Finance on H.R. No. 10

The purpose of this measure is to urge the Board of Education and Department of Education to support and implement community schools as an equity strategy for increasing access to a high-quality education and addressing COVID-19 learning loss.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 10 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1550 Finance on H.C.R. No. 9

The purpose of this measure is to urge the Board of Education and Department of Education to support and implement community schools as an equity strategy for increasing access to a high-quality education and addressing COVID-19 learning loss.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 9 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1551 Finance on H.C.R. No. 24

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Waiohuli-Keokea Homesteads and Beach Lots, Kihei, Maui, for the existing seawall and rock revetment, and for use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 24 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Wildberger). Excused, 2 (Yamashita, McDermott).

SCRep. 1552 Finance on H.C.R. No. 25

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Maunaloa, Honolulu, Oahu, for the existing seawall, and for use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 25 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Wildberger). Excused, 2 (Yamashita, McDermott).

SCRep. 1553 Finance on H.R. No. 23

The purpose of this measure is to request the Department of Land and Natural Resources to establish a community advisory committee for Polihale State Park on the island of Kauai.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 23, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1554 Finance on H.C.R. No. 30

The purpose of this measure is to request the Department of Land and Natural Resources to establish a community advisory committee for Polihale State Park on the island of Kauai.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 30, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1555 Finance on H.R. No. 25

The purpose of this measure is to urge the Department of Education to develop and implement an affirmative action program designed to recruit and employ qualified blind professionals to serve as orientation and mobility instructors and in other positions as teachers of visually impaired students.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 25 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1556 Finance on H.C.R. No. 32

The purpose of this measure is to urge the Department of Education to develop and implement an affirmative action program designed to recruit and employ qualified blind professionals to serve as orientation and mobility instructors and in other positions as teachers of visually impaired students.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 32 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1557 Finance on H.R. No. 35

The purpose of this measure is to urge United States President Joseph R. Biden, Jr., and the Asia-Pacific Economic Cooperation to hold the 2023 Asia-Pacific Economic Cooperation Summit in Honolulu, Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 35 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1558 Finance on H.C.R. No. 44

The purpose of this measure is to urge United States President Joseph R. Biden, Jr., and the Asia-Pacific Economic Cooperation to hold the 2023 Asia-Pacific Economic Cooperation Summit in Honolulu, Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 44 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1559 Finance on H.R. No. 38

The purpose of this measure is to encourage the City and County of Honolulu to plan for the necessary improvements to, and revitalization of, Hans L'Orange Park in Waipahu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 38, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1560 Finance on H.C.R. No. 47

The purpose of this measure is to encourage the City and County of Honolulu to plan for the necessary improvements to, and revitalization of, Hans L'Orange Park in Waipahu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 47, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1561 Finance on H.R. No. 48

The purpose of this measure is to recognize and support the ongoing collaborative efforts of state agencies and private organizations to implement a statewide strategy to eliminate viral hepatitis types A, B, and C in Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 48, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1562 Finance on H.C.R. No. 59

The purpose of this measure is to recognize and support the ongoing collaborative efforts of state agencies and private organizations to implement a statewide strategy to eliminate viral hepatitis types A, B, and C in Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 59, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1563 Finance on H.R. No. 56

The purpose of this measure is to request the Department of Education to create a landscape management plan with goals to increase tree canopies on public school grounds, document existing inventory and talent, and identify additional resources required to implement and sustain the plan.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 56 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1564 Finance on H.C.R. No. 68

The purpose of this measure is to request the Department of Education to create a landscape management plan with goals to increase tree canopies on public school grounds, document existing inventory and talent, and identify additional resources required to implement and sustain the plan.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 68 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1565 Finance on H.R. No. 64

The purpose of this measure is to request the Department of Land and Natural Resources to convene a working group to assess the status of Act 14, Session Laws of Hawaii 1995.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 64 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1566 Finance on H.C.R. No. 76

The purpose of this measure is to request the Department of Land and Natural Resources to convene a working group to assess the status of Act 14, Session Laws of Hawaii 1995.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 76 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1567 Finance on H.R. No. 117

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to compile a short list of Fortune 500 companies that could potentially relocate to the State.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 117, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Perruso). Excused, 2 (Yamashita, McDermott).

SCRep. 1568 Finance on H.C.R. No. 137

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to compile a short list of Fortune 500 companies that could potentially relocate to the State.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 137, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Perruso). Excused, 2 (Yamashita, McDermott).

SCRep. 1569 Finance on H.R. No. 120

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study of best practices regarding the performance of "incidental and supplemental" contracting work.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 120, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1570 Finance on H.C.R. No. 141

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study of best practices regarding the performance of "incidental and supplemental" contracting work.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 141, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1571 Finance on H.R. No. 135

The purpose of this measure is to urge the Department of Land and Natural Resources to work with the International Dialogue on Underwater Munitions' International Scientific and Technology Advisory Board on Underwater Munitions to seek and secure federal funding for the non-destructive disposal of thousands of tons of underwater munitions dumped, lost, or abandoned in Hawaiian waters.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 135 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1572 Finance on H.C.R. No. 159

The purpose of this measure is to urge the Department of Land and Natural Resources to work with the International Dialogue on Underwater Munitions' International Scientific and Technology Advisory Board on Underwater Munitions to seek and secure federal funding for the non-destructive disposal of thousands of tons of underwater munitions dumped, lost, or abandoned in Hawaiian waters.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 159 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1573 Finance on H.R. No. 138

The purpose of this measure is to request the Department of Human Services; Department of Health, via the Behavioral Risk Factor Surveillance System; and Department of Education; via the Youth Risk Behavior Surveillance System, to collect information on the sex, sexual orientation, and gender identity and gender expression of respondents, including respondents who are under the supervision of the courts and the Hawaii Youth Correctional Facility.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 138, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1574 Finance on H.C.R. No. 162

The purpose of this measure is to request the Department of Human Services; Department of Health, via the Behavioral Risk Factor Surveillance System; and Department of Education; via the Youth Risk Behavior Surveillance System, to collect information on the sex, sexual orientation, and gender identity and gender expression of respondents, including respondents who are under the supervision of the courts and the Hawaii Youth Correctional Facility.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 162, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1575 Finance on H.R. No. 143

The purpose of this measure is to create a working group within the Department of Labor and Industrial Relations to study and make recommendations to improve immigrant access to government resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 143 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1576 Finance on H.C.R. No. 169

The purpose of this measure is to create a working group within the Department of Labor and Industrial Relations to study and make recommendations to improve immigrant access to government resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and

purpose of H.C.R. No. 169 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1577 Finance on H.R. No. 147

The purpose of this measure is to request the Department of Education to provide free menstrual products to students on all Hawaii public school campuses.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 147 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1578 Finance on H.C.R. No. 178

The purpose of this measure is to request the Department of Education to provide free menstrual products to students on all Hawaii public school campuses.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 178 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1579 Finance on H.R. No. 149

The purpose of this measure is to urge the Department of Transportation, Mayor of the City and County of Honolulu, and Honolulu City Council to reroute Farrington Highway in accordance with the 1998 Makaha Beach Park Master Plan.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 149 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1580 Finance on H.C.R. No. 180

The purpose of this measure is to urge the Department of Transportation, Mayor of the City and County of Honolulu, and Honolulu City Council to reroute Farrington Highway in accordance with the 1998 Makaha Beach Park Master Plan.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 180 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1581 Finance on H.C.R. No. 147

The purpose of this measure is to request that a working group be convened to make recommendations on flood mitigation at the intersection of East Manoa Road and Oahu Avenue.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 147 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1582 Finance on H.C.R. No. 171

The purpose of this measure is to urge the Department of Public Safety to recognize the value of culture-based rehabilitation activities in the State's correctional system.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 171, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Yamashita, McDermott).

SCRep. 1583 Consumer Protection & Commerce on H.C.R. No. 70

The purpose of this measure is to authorize the Board of Land and Natural Resources to lease a portion of state submerged lands at Kaneohe Bay, Kaneohe, Oahu, at public auction for recreational boat pier purposes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that Kaneohe Yacht Club is a domestic nonprofit 501(c)(7) corporation under the Internal Revenue Code and was originally registered in 1938 with the purpose of yachting, boating, and other recreational activities. Your Committee further finds that Kaneohe Yacht Club has a revocable permit for the state submerged lands, but a long-term disposition would be preferable. Under existing state law, Kaneohe Yacht Club is not eligible for a direct lease and the more appropriate alternative would be a sale of the lease by public auction. This measure will authorize the sale of the lease by public auction for state submerged lands at Kaneohe Bay for recreational boat pier purposes.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 70 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1584 Consumer Protection & Commerce on H.C.R. No. 89

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Wailea, Maui, for beach access stairway purposes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that an existing beach access stairway connecting the Wailea Coastal Walk to the middle part of Ulua Beach in Wailea, Maui, which spans twenty-two square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources approved a twenty-five year non-exclusive easement to resolve the encroachment. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Wailea that have been encroached upon by the existing beach access stairway.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 89, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1585 Consumer Protection & Commerce on H.C.R. No. 103

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering a portion of state submerged lands at Maunaloa, Oahu, for the construction and maintenance of a rock rubble mound revetment and groin.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Hawaii Kai Marina Community Association is responsible for the maintenance of the entrance channel between the privately-owned Hawaii Kai Marina and Maunaloa Bay. Your Committee further finds that the existing sandbag groin is deteriorating and a permanent structure is necessary to slow the rate of sediment deposition in the entrance channel of the Hawaii Kai Marina. This measure authorizes the granting of a perpetual, non-exclusive easement, as required by state law, for the construction and maintenance of a rock rubble mound revetment and groin.

Your Committee has amended this measure by:

- (1) Making technical amendments to its title to read, "AUTHORIZING THE ISSUANCE OF A PERPETUAL, NON-EXCLUSIVE EASEMENT COVERING PORTIONS OF STATE SUBMERGED LANDS AT MAUNALOA, OAHU, HAWAII, FOR THE CONSTRUCTION AND MAINTENANCE OF A ROCK GROIN TO SLOW THE RATE OF SEDIMENT DEPOSITION INTO THE ENTRANCE CHANNEL OF THE HAWAII KAI MARINA."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 103, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 103, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1586 Consumer Protection & Commerce on H.C.R. No. 166

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Kapaa, Kawaihau, Kauai, for the construction of a sandbag groin and for use, repair, and maintenance of the improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Oceanit, and two individuals.

Your Committee finds that the removal of a concrete groin has resulted in severe beach erosion near the identified property at Kapaa, Kawaihau, Kauai. A temporary solution was devised to install a temporary emergency erosion control structure. However, until a long-term solution is devised, the Board of Land and Natural Resources has approved the development of a temporary sandbag groin to help slow the erosion. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the construction of a sandbag groin and for the use, repair, and maintenance of the improvements constructed thereon.

Your Committee has amended this measure by:

- (1) Correcting references to the Tax Map Key designation of the property at issue to (4) 4-3-009:seaward of 041;
- (2) Adding language detailing further action taken by the Board of Land and Natural Resources on March 25, 2021;
- (3) Making technical amendments to its title to read, "AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT KAPAA, KAWAIHAU, KAUAI, FOR CONSTRUCTION OF A SANDBAG GROIN AND FOR USE, REPAIR, AND MAINTENANCE OF THE IMPROVEMENTS CONSTRUCTED THEREON."; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 166, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 166, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1587 Consumer Protection & Commerce on H.R. No. 20

The purpose of this measure is to urge the Department of Health's Environmental Management Division to ensure that destinations that receive the State's recyclable waste for out-of-state processing abide by the environmental standards as outlined by the Basel Convention.

Your Committee received testimony in support of this measure from the American Chemistry Council and Hawaii Food Industry Association.

Your Committee finds that much of the State's recyclable waste is shipped out of the State for end-of-life processing. Your Committee further finds that upon arrival at its final destination, much of this waste is often handled in a manner that causes harm to human health and the local environment. This measure

will help ensure that the State's recyclable waste is sent to locations where it can be responsibly processed for reuse.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 20 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1588 Consumer Protection & Commerce on H.C.R. No. 27

The purpose of this measure is to urge the Department of Health's Environmental Management Division to ensure that destinations that receive the State's recyclable waste for out-of-state processing abide by the environmental standards as outlined by the Basel Convention.

Your Committee received testimony in support of this measure from the Department of Health, American Chemistry Council, and Hawaii Food Industry Association.

Your Committee finds that much of the State's recyclable waste is shipped out of the State for end-of-life processing. Your Committee further finds that upon arrival at its final destination, much of this waste is often handled in a manner that causes harm to human health and the local environment. This measure will help ensure that the State's recyclable waste is sent to locations where it can be responsibly processed for reuse.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 27 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1589 Consumer Protection & Commerce on H.C.R. No. 127

The purpose of this measure is to request that the Hawaii Sister-State Committee evaluate and develop recommendations for the initiation of a sister-state relationship between the State of Hawaii and the Prefecture of Yamaguchi, Japan, and forward the Committee's recommendations to the Legislature for further action.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, & Tourism and one individual.

Your Committee finds that Yamaguchi Prefecture and the State have a strong relationship dating back to the arrival of the first Japanese immigrants in Hawaii. Your Committee further finds that the Hawaii Sister-State Committee recently unanimously recommended that a sister-state relationship be established between Yamaguchi Prefecture and the State of Hawaii. This measure will begin the formal process of establishing such a relationship.

Your Committee has amended this measure by:

- (1) Inserting language specifying that on March 15, 2021, the Hawaii Sister-State committee unanimously recommended that a sister-state relationship be established between Yamaguchi Prefecture and the State; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 127, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 127, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1590 Consumer Protection & Commerce on H.C.R. No. 110

The purpose of this measure is to request that the Auditor update its Report No. 12-09, which assesses the social and financial effects of mandatory health insurance coverage for fertility preservation procedures for persons of reproductive age who have been diagnosed with cancer and who will undergo treatment likely to cause infertility.

Your Committee received testimony in support of this measure from the Hawaii Society of Clinical Oncology and Association for Clinical Oncology. Your Committee received comments on this measure from the Office of the Auditor and Hawaii Medical Service Association.

Your Committee finds that certain cancers and cancer treatment procedures may affect a person's fertility by damaging the person's reproductive organs. Although fertility may be preserved through preservation procedures, the high cost of these procedures and the narrow window to obtain services means these procedures are unattainable for many people. Your Committee further finds that in 2012, the Legislature requested the Auditor to conduct a study to assess the social and financial impacts of mandating insurance coverage for fertility preservation procedures for persons of reproductive age who have been diagnosed with cancer and will be undergoing treatment that might adversely affect their fertility. However, because of insufficient data at the time, the Auditor was unable to assess the social and financial impacts of the proposed mandated coverage.

Your Committee notes that since 2012, ten states have enacted fertility preservation coverage, and the experience in those ten other states will allow the Auditor to evaluate additional experiential data and assess actual financial impacts. Your Committee therefore believes that an update to Report No. 12-09 is necessary to properly assess the cost and viability of offering mandatory fertility preservation coverage, as such coverage may increase overall health care insurance costs for the entire pool of insured persons and could be considered a new mandate that would involve cost defrayment by the State.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 110, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1591 Consumer Protection & Commerce on H.R. No. 6

The purpose of this measure is to request that the Legislative Reference Bureau, in consultation with the John A. Burns School of Medicine at the University of Hawaii at Manoa, conduct a study on the cumulative health effects of persistent urban noise in Honolulu.

Your Committee received testimony in support of this measure from A Quieter O'ahu and five individuals.

Your Committee finds that exposure to prolonged or high-volume noise has been shown to cause a range of health problems, including hearing loss, stress,

hypertension, high blood pressure, high cholesterol, speech interference, and sleep disruption. Your Committee further finds that the residents of Honolulu experience frequent and pervasive urban noise as part of an increasingly loud urban landscape. This measure will assess the health effects of such noise in Honolulu.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 6, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1592 Consumer Protection & Commerce on H.C.R. No. 85

The purpose of this measure is to request that the Legislative Reference Bureau conduct a study on the State's authority to allow collective negotiation between physicians and health care insurers in Hawaii to restrain or balance the monopsonistic market power of health care insurers over independent physicians.

Your Committee received testimony in support of this measure from the Hawaii Medical Association and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Medical Service Association. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that the existing physician shortage in Hawaii has been exacerbated by the COVID-19 pandemic, with shortages of twenty percent on Oahu, fifty-three percent in Hawaii County, forty-two percent in Maui County, and thirty-three percent on Kauai reported for 2020. Your Committee further finds that one of the primary barriers in the State's inability to recruit and retain physicians is the relatively low level of physician compensation in the State, which is not competitive nationally and stems from the State's highly concentrated health insurance market.

Your Committee notes that the Legislative Reference Bureau testified that it has no specific expertise regarding antitrust law, the federal Employee Retirement Income Security Act of 1974 (ERISA), Hawaii's Prepaid Health Care Act (PHCA), or how enacting state action immunity legislation could impact the State's exemption under ERISA for the PHCA. As such, your Committee believes the study should be narrowed to provide factual information regarding any relevant actions taken in other states, including Alaska, and the status of the immunity doctrine under *Parker v. Brown*, 317 U.S. 341 (1943).

Your Committee has amended this measure by:

- (1) Narrowing the requested study to include only the examination of the *Parker* immunity doctrine and its current legal status and the extent of any statutory or policy implementation by other states relating to collective negotiation by physicians;
- (2) Amending its title to read, "REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO CONDUCT A STUDY EXAMINING THE *PARKER* IMMUNITY DOCTRINE AND ITS CURRENT LEGAL STATUS AND THE EXTENT OF ANY STATUTORY OR POLICY IMPLEMENTATION BY OTHER STATES RELATING TO COLLECTIVE NEGOTIATION BY PHYSICIANS.";
- (3) Clarifying that the Legislative Reference Bureau needs to only submit its findings, not any recommendations or proposed legislation, to the Legislature; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 85, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 85, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1593 Consumer Protection & Commerce on H.R. No. 67

The purpose of this measure is to request that the United States Food and Drug Administration promote transparency and enforcement by immediately publishing Premarket Tobacco Product Applications.

Your Committee received testimony in support of this measure from the Coalition for a Tobacco-Free Hawai'i and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that electronic smoking devices produce an aerosol by heating a liquid that usually contains nicotine, flavorings, and other chemicals that help make the aerosol. The aerosol is inhaled into the user's lungs and, when exhaled by the user, may be inhaled by bystanders. Your Committee further finds that the federal Centers for Disease Control and Prevention have stated that electronic smoking devices are not safe for youth, young adults, and pregnant adults. However, the use of electronic smoking devices has been increasing exponentially among youth in Hawaii. While the use of electronic smoking devices by youth have risen nationally, use in Hawaii by youth is even higher.

Your Committee further finds that the Food and Drug Administration required all sellers and manufacturers of new tobacco products, including e-cigarettes and electronic nicotine delivery systems, to submit a Premarket Tobacco Product Application by September 9, 2020. However, your Committee finds that, to date, only three separate entities have successfully received marketing orders since 2015, leaving a gap between current federally approved e-cigarette sellers and non-compliant sellers or non-applicants.

Your Committee has amended this measure by:

- (1) Deleting the request for the United States Food and Drug Administration to publish the Premarket Tobacco Product Applications;
- (2) Requesting that the Premarket Tobacco Product Application applicant information be provided to the Department of the Attorney General;
- (3) Removing the request for the Department of Commerce and Consumer Affairs to use applicant data to identify businesses not in compliance with federal requirements;
- (4) Urging the Department of the Attorney General to identify Hawaii sellers who do not have a pending or approved Premarket Tobacco Product Application in compliance with the United States Food and Drug Administration requirements and transmit such information to the United States Food and Drug Administration;
- (5) Requesting that the Department of the Attorney General submit a comprehensive report of actions taken pursuant to this measure to the Legislature no later than sixty days prior to the Regular Session of 2022;
- (6) Amending the list of individuals who will receive a certified copy of this measure;

- (7) Amending the title to read, "REQUESTING THE UNITED STATES FOOD AND DRUG ADMINISTRATION TO PROMOTE TRANSPARENCY AND ENFORCEMENT BY PROVIDING INDIVIDUAL PREMARKET TOBACCO PRODUCT APPLICATION APPLICANT INFORMATION OF HAWAII SELLERS TO THE DEPARTMENT OF THE ATTORNEY GENERAL FOR LAW ENFORCEMENT PURPOSES."; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 67, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 67, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1594 Consumer Protection & Commerce on H.C.R. No. 80

The purpose of this measure is to request that the United States Food and Drug Administration promote transparency and enforcement by immediately publishing Premarket Tobacco Product Applications.

Your Committee received testimony in support of this measure from the Coalition for a Tobacco-Free Hawai'i and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Department of Health.

Your Committee finds that electronic smoking devices produce an aerosol by heating a liquid that usually contains nicotine, flavorings, and other chemicals that help make the aerosol. The aerosol is inhaled into the user's lungs and, when exhaled by the user, may be inhaled by bystanders. Your Committee further finds that the federal Centers for Disease Control and Prevention have stated that electronic smoking devices are not safe for youth, young adults, and pregnant adults. However, the use of electronic smoking devices has been increasing exponentially among youth in Hawaii. While the use of electronic smoking devices by youth have risen nationally, use in Hawaii by youth is even higher.

Your Committee further finds that the Food and Drug Administration required all sellers and manufacturers of new tobacco products, including e-cigarettes and electronic nicotine delivery systems, to submit a Premarket Tobacco Product Application by September 9, 2020. However, your Committee finds that, to date, only three separate entities have successfully received marketing orders since 2015, leaving a gap between current federally approved e-cigarette sellers and non-compliant sellers or non-applicants.

Your Committee has amended this measure by:

- (1) Deleting the request for the United States Food and Drug Administration to publish the Premarket Tobacco Product Applications;
- (2) Requesting that the Premarket Tobacco Product Application applicant information be provided to the Department of the Attorney General;
- (3) Removing the request for the Department of Commerce and Consumer Affairs to use applicant data to identify businesses not in compliance with federal requirements;

- (6) Amending the list of individuals who will receive a certified copy of this measure;
- (7) Amending the title to read, "REQUESTING THE UNITED STATES FOOD AND DRUG ADMINISTRATION TO PROMOTE TRANSPARENCY AND ENFORCEMENT BY PROVIDING INDIVIDUAL PREMARKET TOBACCO PRODUCT APPLICATION APPLICANT INFORMATION OF HAWAII SELLERS TO THE DEPARTMENT OF THE ATTORNEY GENERAL FOR LAW ENFORCEMENT PURPOSES."; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 80, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 80, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1595 Consumer Protection & Commerce on H.R. No. 85

The purpose of this measure is to request the Office of Planning, in collaboration with the Department of Land and Natural Resources, University of Hawaii, Hawaii Emergency Management Agency, Department of Transportation, and the appropriate county planning departments and county emergency management agencies to develop a plan to establish a state geological survey in Hawaii.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Planning, and one individual.

Your Committee finds that Hawaii is the only State in the country without a geological survey and one of only two states never to have received federal funds to perform geological surveys. Your Committee further finds that establishing a state geological survey in Hawaii would make the State eligible to compete for applicable federal funds and provide a broader range of geological information for the public and state decision-makers to use in mitigation and management planning.

Your Committee has amended this measure by clarifying that the Office of Planning has until December 1, 2022, rather than December 1, 2021, to submit information to the Legislative Reference Bureau as needed for the preparation of any proposed legislation.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 85, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 85, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1596 Consumer Protection & Commerce on H.C.R. No. 102

The purpose of this measure is to request the Office of Planning, in collaboration with the Department of Land and Natural Resources, University of Hawaii, Hawaii Emergency Management Agency, Department of Transportation, and the appropriate county planning departments and county emergency management

agencies to develop a plan to establish a state geological survey in Hawaii.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Planning, and one individual. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that Hawaii is the only State in the country without a geological survey and one of only two states never to have received federal funds to perform geological surveys. Your Committee further finds that establishing a state geological survey in Hawaii would make the State eligible to compete for applicable federal funds and provide a broader range of geological information for the public and state decision-makers to use in mitigation and management planning.

Your Committee has amended this measure by clarifying that the Office of Planning has until December 1, 2022, rather than December 1, 2021, to submit information to the Legislative Reference Bureau as needed for the preparation of any proposed legislation.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 102, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 102, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1597 Consumer Protection & Commerce on H.R. No. 68

The purpose of this measure is to urge the United States Congress, Federal Aviation Administration, and Hawaii Department of Transportation to take every action necessary to address rapidly increasing safety risks and community disruption resulting from insufficient regulation of rapidly increasing operations of tour helicopters and small aircraft in the State.

Your Committee received testimony in support of this measure from the O'ahu Tour Helicopter Safety and Noise Inter-Action Group, Pearl City Neighborhood Board No. 21, and Hawaii Island Coalition Malama Pono.

Your Committee finds that helicopter tours and small commercial aircraft operations have grown rapidly in the State. Your Committee further finds that these operations have been involved in several notable accidents and incidents that have resulted in loss of life; risks to passengers, residents, and visitors; and damage to property. This measure urges federal authorities, who have maintained sole jurisdiction over tour flight operations, to address safety risks and community disruptions posed by helicopter tours and small commercial aircraft operations.

Your Committee has amended this measure by:

- (1) Requesting that certified copies of this measure be transmitted to the United States Secretary of Transportation and Governor; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 68, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 68, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1598 Consumer Protection & Commerce on H.C.R. No. 81

The purpose of this measure is to urge the United States Congress, Federal Aviation Administration, and Hawaii Department of Transportation to take every action necessary to address rapidly increasing safety risks and community disruption resulting from insufficient regulation of rapidly increasing operations of tour helicopters and small aircraft in the State.

Your Committee received testimony in support of this measure from the Department of Transportation, O'ahu Tour Helicopter Safety and Noise Inter-Action Group, Pearl City Neighborhood Board No. 21, Hawaii Island Coalition Malama Pono, and two individuals.

Your Committee finds that helicopter tours and small commercial aircraft operations have grown rapidly in the State. Your Committee further finds that these operations have been involved in several notable accidents and incidents that have resulted in loss of life; risks to passengers, residents, and visitors; and damage to property. This measure urges federal authorities, who have maintained sole jurisdiction over tour flight operations, to address safety risks and community disruptions posed by helicopter tours and small commercial aircraft operations.

Your Committee has amended this measure by:

- (1) Requesting that certified copies of this measure be transmitted to the United States Secretary of Transportation and Governor; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 81, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 81, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1599 Consumer Protection & Commerce on H.R. No. 137

The purpose of this measure is to support and adopt the goals set forth in the Digital Equity Declaration that was adopted by the Broadband Hui.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development & Tourism; AlohaCare; Hawai'i Primary Care Association; Young Democrats of Hawai'i; Transform Hawai'i Government; Oahu Economic Development Board; and one individual.

Your Committee finds that digital equity is the condition in which all Hawaii residents have the information technology capacity needed to participate fully in society, democracy, and economy, including civics, social, and cultural activities, employment, lifelong learning, and access to essential services. Your Committee further finds that digital inequity has been a pressing community issue for many years, separating persons in rural communities and socioeconomically disadvantaged circumstances from the rest of society through a lack of adequate broadband infrastructure, internet-capable devices, affordable broadband service, and technological knowledge. The Digital Equity Declaration establishes goals to reduce and overcome the digital inequity in the State and this measure acknowledges and supports the Declaration.

Your Committee has amended this measure by:

- (1) Inserting language that explains the Digital Equity Declaration; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 137, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 137, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1600 Consumer Protection & Commerce on H.C.R. No. 161

The purpose of this measure is to support and adopt the goals set forth in the Digital Equity Declaration that was adopted by the Broadband Hui.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, & Tourism; Office of Hawaiian Affairs; AlohaCare; Hawai'i Primary Care Association; Young Democrats of Hawai'i; Transform Hawai'i Government; and one individual. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that digital equity is the condition in which all Hawaii residents have the information technology capacity needed to participate fully in society, democracy, and economy, including civics, social, and cultural activities, employment, lifelong learning, and access to essential services. Your Committee further finds that digital inequity has been a pressing community issue for many years, separating persons in rural communities and socioeconomically disadvantaged circumstances from the rest of society through a lack of adequate broadband infrastructure, internet-capable devices, affordable broadband service, and technological knowledge. The Digital Equity Declaration establishes goals to reduce and overcome the digital inequity in the State and this measure acknowledges and supports the Declaration.

Your Committee has amended this measure by:

- (1) Inserting language that explains the Digital Equity Declaration; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 161, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 161, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Onishi).

SCRep. 1601 Judiciary & Hawaiian Affairs on H.R. No. 12

The purpose of this measure is to request the Hawaii State Commission on the Status of Women to convene a task force to study missing and murdered Native Hawaiian women and girls.

Your committee received testimony in support of this measure from the Office of Hawaiian Affairs, Planned Parenthood Votes Northwest and Hawaii, Hawaii Children's Action Network Speaks!, and two individuals.

Your Committee finds that indigenous women and girls have a greater risk of becoming victims of violence than any other population in the United States and are particularly vulnerable to sex trafficking and other forms of violent crimes. Your Committee further finds that in a 2018 survey of victims of sex trafficking conducted by the Hawaii State Commission on the Status of Women in partnership with Arizona State University, seventy-seven percent of the victims were Native Hawaiian; a subsequent study conducted in 2019 found that sixty-four percent of the victims were Native Hawaiian. Additionally, your Committee finds that from 2017 to 2019, one out of every three child sex trafficking victims reported to the Child Welfare Services child sex trafficking hotline were Native Hawaiian, and ninety-five percent of the victims were girls.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 12, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1602 Judiciary & Hawaiian Affairs on H.C.R. No. 11

The purpose of this measure is to request the Hawaii State Commission on the Status of Women to convene a task force to study missing and murdered Native Hawaiian women and girls.

Your committee received testimony in support of this measure from the Judiciary, Department of Health, Office of Hawaiian Affairs, Hawaii State Commission on the Status of Women, Planned Parenthood Votes Northwest and Hawaii, Hawaii Children's Action Network Speaks!, and two individuals.

Your Committee finds that indigenous women and girls have a greater risk of becoming victims of violence than any other population in the United States and are particularly vulnerable to sex trafficking and other forms of violent crimes. Your Committee further finds that in a 2018 survey of victims of sex trafficking conducted by the Hawaii State Commission on the Status of Women in partnership with Arizona State University, seventy-seven percent of the victims were Native Hawaiian; a subsequent study conducted in 2019 found that sixty-four percent of the victims were Native Hawaiian. Additionally, your Committee finds that from 2017 to 2019, one out of every three child sex trafficking victims reported to the Child Welfare Services child sex trafficking hotline were Native Hawaiian, and ninety-five percent of the victims were girls.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 11, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1603 Judiciary & Hawaiian Affairs on H.R. No. 28

The purpose of this measure is to urge the United States military to clean up munitions and explosives of concern in Hawaii under the Military Munitions Response Program.

Your committee received testimony in support of this measure from the Office of Hawaiian Affairs, Chamber of Commerce Hawaii, and numerous

individuals.

Your Committee finds that Congress established the Military Munitions Response Program in 2001 to address munitions-related concerns, including explosive safety, environmental and health hazards from releases of unexploded ordnance, discarded military munitions, and munitions constituents found at locations other than operational ranges on active and Base Realignment and Closure installations and formerly used defense sites properties. Your Committee further finds that certain areas of Hawaii were used for military training exercises that resulted in large quantities of munitions and explosives being deposited on the ground. Your Committee also finds that remediation efforts should focus on restoring the land rather than rendering it inaccessible whenever possible.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 28 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1604 Judiciary & Hawaiian Affairs on H.C.R. No. 35

The purpose of this measure is to urge the United States military to clean up munitions and explosives of concern in Hawaii under the Military Munitions Response Program.

Your committee received testimony in support of this measure from the Office of Hawaiian Affairs, Chamber of Commerce Hawaii, and three individuals.

Your Committee finds that Congress established the Military Munitions Response Program in 2001 to address munitions-related concerns, including explosive safety, environmental and health hazards from releases of unexploded ordnance, discarded military munitions, and munitions constituents found at locations other than operational ranges on active and Base Realignment and Closure installations and formerly used defense sites properties. Your Committee further finds that certain areas of Hawaii were used for military training exercises that resulted in large quantities of munitions and explosives being deposited on the ground. Your Committee also finds that remediation efforts should focus on restoring the land rather than rendering it inaccessible whenever possible.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 35 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1605 Judiciary & Hawaiian Affairs on H.C.R. No. 66

The purpose of this measure is to review and approve a specific land exchange between the State of Hawaii and trustees of the Parker Land Trust.

Your committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that this land exchange is mutually beneficial to the State and Parker Ranch, Inc. Your Committee further finds that section 171-50(c), Hawaii Revised Statutes, requires that land exchanges of public land for private land be subject to approval by the Legislature by a majority vote of both houses in any regular or special session following the date of the Board of Land and Natural Resources' approval in principle of the exchange.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 66 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1606 Judiciary & Hawaiian Affairs on H.R. No. 58

The purpose of this measure is to request the Department of Land and Natural Resources to petition the United States Secretary of the Interior, through the United States Fish and Wildlife Service, to protect the Oahu pueo, also known as the Hawaiian short-eared owl (*Asio flammeus sandwichensis*) as a threatened or endangered species.

Your Committee received testimony in support of this measure from the University of Hawaii and three individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the pueo is a species endemic to Hawaii, a prominent figure in Hawaiian culture, and an 'aumakua of many Hawaiian families.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 58, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1607 Judiciary & Hawaiian Affairs on H.C.R. No. 69

The purpose of this measure is to request the Department of Land and Natural Resources to petition the United States Secretary of the Interior, through the United States Fish and Wildlife Service, to protect the Oahu pueo, also known as the Hawaiian short-eared owl (*Asio flammeus sandwichensis*) as a threatened or endangered species.

Your Committee received testimony in support of this measure from the University of Hawaii and four individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the pueo is a species endemic to Hawaii, a prominent figure in Hawaiian culture, and an 'aumakua of many Hawaiian families.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 69, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1608 Judiciary & Hawaiian Affairs on H.C.R. No. 96

The purpose of this measure is to urge the Department of Facility Maintenance of the City and County of Honolulu, in conjunction with the United States

Army Corps of Engineers and Department of Environmental Services of the City and County of Honolulu, to:

- (1) Immediately clean the drainage canals and streams in Kaneohe and Kailua; and
- (2) Develop recommended cleaning schedules for drainage canals and streams and regularly clean the drainage canals and streams in Kaneohe and Kailua based on this schedule.

Your Committee received testimony in support of this measure from five individuals.

Your Committee finds that between 1915 and 2019, floods have caused more than \$225,000,000 in damage on Oahu, and that a blocked drainage canal increases the risk of frequent overbank flooding. Your Committee further finds that immediate cleaning and draining of certain canals and streams is needed in the short term due to recent heavy rain in Windward Oahu and that developing a regular schedule for maintenance of drainage canals and streams can be a tool to prevent costly damage to surrounding homes and protecting lives.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 96 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1609 Judiciary & Hawaiian Affairs on H.R. No. 111

The purpose of this measure is to convene a working group to discuss future development plans in Kakaako Makai, including the identification of public lands of comparable value suitable to the Office of Hawaiian Affairs for a possible land exchange for some or all of its nine parcels in Kakaako Makai.

Your Committee received testimony in support of this measure from the Hawaii Community Development Authority, Free Access Coalition, O'ahu Island Parks Conservancy, Friends of Kewalos, and numerous individuals. Your Committee received testimony in opposition of this measure from the Office of Hawaiian Affairs, Pe'a Records & Entertainment, Kupuna for the Mo'opuna, and numerous individuals.

Your Committee finds that "Kakaako Makai" refers to the area within the Kakaako Development District bordered by the east side of Kewalo Basin at the Ewa end of Ala Moana Regional Park to Forrest Avenue, and from Ala Moana Boulevard to the ocean. Your Committee further finds that Act 15, Session Laws of Hawaii 2012, resulted in the conveyance of the fee simple interest of land comprising Kakaako Makai with existing improvements to the Office of Hawaiian Affairs and provided that the property shall remain under the jurisdiction and authority of the Hawaii Community Development Authority, with respect to zoning, land use conditions, and all other matters over which the Hawaii Community Development Authority has jurisdiction and authority to act. Your Committee also finds that the Office of Hawaiian Affairs seeks statutory authority to develop residential high-rise buildings on Kakaako Makai land for the benefit of Native Hawaiians.

Your Committee also notes a Member's concern about the potential for 400 ft high development in the Kakaako Makai area, and whether this was a previously-agreed-to allowance for this land.

Your Committee has amended this measure by:

- (1) Changing Chief Executive Officer to Chair of the Office of Hawaiian Affairs;
- (2) Adding an additional appointed member from the Hawaii State Senate to the working group;
- (3) Adding an additional appointed member from the Hawaii State House of Representatives to the working group;
- (4) Removing a representative of the Kakaako Makai Community Planning Advisory Council from the working group; and,
- (5) Inserting language to have members of the working group select a chair internally.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 111, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 111, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Ward). Excused, 2 (LoPresti, Nakamura).

SCRep. 1610 Judiciary & Hawaiian Affairs on H.C.R. No. 129

The purpose of this measure is to convene a working group to discuss future development plans in Kakaako Makai, including the identification of public lands of comparable value suitable to the Office of Hawaiian Affairs for a possible land exchange for some or all of its nine parcels in Kakaako Makai.

Your Committee received testimony in support of this measure from the Hawaii Community Development Authority, Free Access Coalition, O'ahu Island Parks Conservancy, Friends of Kewalos, and numerous individuals. Your Committee received testimony in opposition of this measure from the Office of Hawaiian Affairs, Pe'a Records & Entertainment, Kupuna for the Mo'opuna, and numerous individuals.

Your Committee finds that "Kakaako Makai" refers to the area within the Kakaako Development District bordered by the east side of Kewalo Basin at the Ewa end of Ala Moana Regional Park to Forrest Avenue, and from Ala Moana Boulevard to the ocean. Your Committee further finds that Act 15, Session Laws of Hawaii 2012, resulted in the conveyance of the fee simple interest of land comprising Kakaako Makai with existing improvements to the Office of Hawaiian Affairs and provided that the property shall remain under the jurisdiction and authority of the Hawaii Community Development Authority, with respect to zoning, land use conditions, and all other matters over which the Hawaii Community Development Authority has jurisdiction and authority to act. Your Committee also finds that the Office of Hawaiian Affairs seeks statutory authority to develop residential high-rise buildings on Kakaako Makai land for the benefit of Native Hawaiians.

Your Committee also notes a Member's concern about the potential for 400 ft high development in the Kakaako Makai area, and whether this was a previously-agreed-to allowance for this land.

Your Committee has amended this measure by:

- (1) Changing Chief Executive Officer to Chair of the Office of Hawaiian Affairs;
- (2) Adding an additional appointed member from the Hawaii State Senate to the working group;
- (3) Adding an additional appointed member from the Hawaii State House of Representatives to the working group;
- (4) Removing a representative of the Kakaako Makai Community Planning Advisory Council from the working group; and,
- (5) Inserting language to have members of the working group select a chair internally.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 129, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 129, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Ward). Excused, 2 (LoPresti, Nakamura).

SCRep. 1611 Judiciary & Hawaiian Affairs on H.R. No. 80

The purpose of this measure is to urge Hawaii helicopter companies to avoid conducting non-emergency flights over residential neighborhoods.

Your Committee received testimony in support of this measure from O'ahu Tour Helicopter Safety and Noise Inter-Action Group, HICoP, and two individuals.

Your Committee finds that commercial helicopter flights are a popular activity in Hawaii. However, while these flights are popular amongst visitors of the State, it has become a nuisance and danger to many residents as these commercial helicopter flights fly over residential neighborhoods. Notably, a recent commercial helicopter crash in a Kailua residential neighborhood narrowly avoided homes and cars on a busy street. The increase in commercial helicopter flights has also increased safety risks and noise pollution for many residents. Although commercial helicopter flights have contributed to economic growth in the State, there are safety concerns when those flights take place over residential areas. Your Committee believes that a compromise would be to prohibit helicopter companies from flying over residential areas except for in emergency situations, thereby protecting and improving the quality of life for many residents.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 80 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1612 Judiciary & Hawaiian Affairs on H.C.R. No. 95

The purpose of this measure is to urge Hawaii helicopter companies to avoid conducting non-emergency flights over residential neighborhoods.

Your Committee received testimony in support of this measure from O'ahu Tour Helicopter Safety and Noise Inter-Action Group, HICoP, the Kawaihapai Ohana, and three individuals.

Your Committee finds that commercial helicopter flights are a popular activity in Hawaii. However, while these flights are popular amongst visitors of the State, it has become a nuisance and danger to many residents as these commercial helicopter flights fly over residential neighborhoods. Notably, a recent commercial helicopter crash in a Kailua residential neighborhood narrowly avoided homes and cars on a busy street. The increase in commercial helicopter flights has also increased safety risks and noise pollution for many residents. Your Committee believes that a compromise would be to prohibit helicopter companies from flying over residential areas except for in emergency situations, thereby protecting and improving the quality of life for many residents.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 95 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1613 Judiciary & Hawaiian Affairs on H.R. No. 30

The purpose of this measure is to request the Department of Transportation and Department of Public Works of the County of Kauai to conduct a study to identify and recommend methods to alleviate traffic congestion at certain intersections along the Kaumualii Highway.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee has amended this measure by:

- (1) Changing the joint report submission year from 2022 to 2023.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 30, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 30, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1614 Judiciary & Hawaiian Affairs on H.C.R. No. 37

The purpose of this measure is to request the Department of Transportation and Department of Public Works of the County of Kauai to conduct a study to identify and recommend methods to alleviate traffic congestion at certain intersections along the Kaumualii Highway.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee has amended this measure by:

- (1) Changing the joint report submission year from 2022 to 2023.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 37, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 37, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1615 Judiciary & Hawaiian Affairs on H.R. No. 9

The purpose of this measure is to urge the Board of Education and Department of Education to elevate Hawaiian language and cultural education in public high schools by incorporating more diverse Hawaiian language and cultural classes as core requirements throughout secondary education.

Your committee received testimony in support of this measure from Hawaii Youth Services Network and two individuals.

Your committee finds that most curriculum materials and on-line resources for state Hawaiian medium/immersion schools are produced by the Hawaiian language college, which was established by the 1997 legislature. The Hawaiian language college has experimented with shared human and other resources to serve students from preschool through college in an integrated fashion. Your committee believes it is crucial to determine how the Board of Education might better work with the Hawaiian language college to serve as a focal point in the revitalization of the Hawaiian language. Your committee further finds that identifying opportunities for enhanced integration of Hawaiian education activities between the Board of Education and the Hawaiian language college is crucial to improve access to Hawaiian education for students in the State.

Your Committee has amended this measure by:

- (1) Adding language describing the establishment and accomplishments of the Hawaiian language college;
- (2) Requiring the Board of Education and the Hawaiian language college to identify existing resources for Hawaiian language teacher training; and
- (3) Requiring a report to the legislature one week prior to the convening of the Regular Session of 2022.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 9, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 9, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1616 Judiciary & Hawaiian Affairs on H.C.R. No. 8

The purpose of this measure is to urge the Board of Education and Department of Education to elevate Hawaiian language and cultural education in public high schools by incorporating more diverse Hawaiian language and cultural classes as core requirements throughout secondary education.

Your committee received testimony in support of this measure from Hawaii Youth Services Network and six individuals.

Your committee finds that most curriculum materials and on-line resources for state Hawaiian medium/immersion schools are produced by the Hawaiian language college, which was established by the 1997 legislature. The Hawaiian language college has experimented with shared human and other resources to serve students from preschool through college in an integrated fashion. Your committee believes it is crucial to determine how the Board of Education might better work with the Hawaiian language college to serve as a focal point in the revitalization of the Hawaiian language. Your committee further finds that identifying opportunities for enhanced integration of Hawaiian education activities between the Board of Education and the Hawaiian language college is crucial to improve access to Hawaiian education for students in the State.

Your Committee has amended this measure by:

- (1) Adding language describing the establishment and accomplishments of the Hawaiian language college;
- (2) Requiring the Board of Education and the Hawaiian language college to identify existing resources for Hawaiian language teacher training; and
- (3) Requiring a report to the legislature one week prior to the convening of the Regular Session of 2022.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 8, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 8, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1617 Judiciary & Hawaiian Affairs on H.R. No. 112

The purpose of this measure is to request that the Department of Health submit a request to the Drug Enforcement Administration for an exception to federal drug laws for state-authorized use of medical cannabis, and to petition to initiate proceedings for federal rulemaking to clarify that the state-authorized use of medical cannabis does not violate the federal Controlled Substances Act.

Your Committee received testimony in support of this measure from Akamai Cannabis Clinic.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 112, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ward). Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1618 Judiciary & Hawaiian Affairs on H.C.R. No. 132

The purpose of this measure is to request that the Department of Health submit a request to the Drug Enforcement Administration for an exception to federal drug laws for state-authorized use of medical cannabis, and to petition to initiate proceedings for federal rulemaking to clarify that the state-authorized use of medical cannabis does not violate the federal Controlled Substances Act.

Your Committee received testimony in support of this measure from Akamai Cannabis Clinic, Big Island Grown Dispensaries, and numerous individuals. Your Committee received comments on this measure from the Department of Health.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 132, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ward). Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1619 Judiciary & Hawaiian Affairs on H.R. No. 115

The purpose of this measure is to recognize Mekia Kealakai's birthday of October 15 as Royal Hawaiian Troubadours Day.

Your Committee received testimony in support of this measure from the Kawaihapai Ohana.

Your Committee finds that Mekia Kealakai was part of the wave of Hawaiian string bands in the early twentieth century, known as the Royal Hawaiian

Troubadour generation, that travelled and performed on the world fairs, chautauquas, and vaudeville circuits and raised international awareness and recognition of Hawaiian culture and music. Your Committee further finds that the style of music performed by the Hawaiian string bands heavily influenced what is now considered quintessentially American music, and the innovation in guitar design pioneered by Mekia Kealakai had long-lasting impacts on music icons from Elvis Presley to Bob Marley. This measure celebrates the contributions to the musical arts of the Hawaiian Troubadour Generation through the recognition of October 15, 2021, as Royal Hawaiian Troubadours Day.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 115 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1620 Judiciary & Hawaiian Affairs on H.C.R. No. 135

The purpose of this measure is to recognize Mekia Kealakai's birthday of October 15 as Royal Hawaiian Troubadours Day.

Your Committee received testimony in support of this measure from the Kawaihapai Ohana.

Your Committee finds that Mekia Kealakai was part of the wave of Hawaiian string bands in the early twentieth century, known as the Royal Hawaiian Troubadour generation, that travelled and performed on the world fairs, chautauquas, and vaudeville circuits and raised international awareness and recognition of Hawaiian culture and music. Your Committee further finds that the style of music performed by the Hawaiian string bands heavily influenced what is now considered quintessentially American music, and the innovation in guitar design pioneered by Mekia Kealakai had long-lasting impacts on music icons from Elvis Presley to Bob Marley. This measure celebrates the contributions to the musical arts of the Hawaiian Troubadour Generation through the recognition of October 15, 2021, as Royal Hawaiian Troubadours Day.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 135 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1621 Judiciary & Hawaiian Affairs on H.R. No. 158

The purpose of this measure is to support and urge the international and domestic repatriation of Native Hawaiian art, cultural items, and iwi kupuna.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, the Kawaihapai Ohana, and two individuals.

Your Committee finds that the black-market trade of historic and cultural items constitutes one of the most persistent illegal trades in the world. Your Committee further finds that Native Hawaiian art, cultural items, iwi kupuna, and other historic artifacts, including the approximately five thousand items determined to be missing from Iolani Palace, have been subject to illegal theft and transfer out of the State. This measure seeks to address the loss of these important historical and cultural items by urging the international and domestic repatriation of these items.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 158, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1622 Judiciary & Hawaiian Affairs on H.C.R. No. 189

The purpose of this measure is to support and urge the international and domestic repatriation of Native Hawaiian art, cultural items, and iwi kupuna.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, the Kawaihapai Ohana, and two individuals.

Your Committee finds that the black-market trade of historic and cultural items constitutes one of the most persistent illegal trades in the world. Your Committee further finds that Native Hawaiian art, cultural items, iwi kupuna, and other historic artifacts, including the approximately five thousand items determined to be missing from Iolani Palace, have been subject to illegal theft and transfer out of the State. This measure seeks to address the loss of these important historical and cultural items by urging the international and domestic repatriation of these items.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 189, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1623 Judiciary & Hawaiian Affairs on H.R. No. 105

The purpose of this measure is to designate the first week of May as Tardive Dyskinesia Awareness Week.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that Tardive Dyskinesia is a serious side effect of antipsychotic medications commonly used to treat schizophrenia and other mental health conditions. Your Committee further finds that over the past three years, thirty-three states and the District of Columbia have declared the first week of May as Tardive Dyskinesia Awareness Week and that Hawaii should follow suit in order to raise awareness of this condition and encourage at-risk individuals to seek regular evaluations to recognize early signs of Tardive Dyskinesia.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 105, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1624 Judiciary & Hawaiian Affairs on H.R. No. 47

The purpose of this measure is to urge the United States Congress and President of the United States to enact the Protecting the Right to Organize Act as expeditiously as possible.

Your Committee received testimony in support of this measure from AFL-CIO; LGBT Caucus of the Democratic Party of Hawaii; Pride at Work Hawaii; International Union of Painters and Allied Trades; District Council 50; ILWU Local 142; International Union of Bricklayers and Allied Crafts, Local 1 of Hawaii; Plumbers and Fitters UA Local 675; IBEW 1260; United Public Workers, AFSCME Local 646; Hawaii Government Employees Association; International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers; Iron Workers Stabilization Fund; and six individuals. Your Committee received testimony in opposition to this measure from Associated Builders and Contractors Hawaii Chapter.

Your Committee finds that unionized workers earn over thirteen percent more than comparable nonunionized workers, receive fairer wages and better benefits, and generally have better working conditions. Your Committee further finds that the Protecting the Right to Organize Act enhances workers' rights by providing greater opportunity to unite and bargain meaningfully for fairer wages and benefits, and thus, has the potential to raise workers' living standards.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 47, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1625 Judiciary & Hawaiian Affairs on H.C.R. No. 58

The purpose of this measure is to urge the United States Congress and President of the United States to enact the Protecting the Right to Organize Act as expeditiously as possible.

Your Committee received testimony in support of this measure from AFL-CIO; Pride at Work Hawaii; IBEW Local Union 1186; International Union of Painters and Allied Trades; District Council 50; ILWU Local 142; International Union of Bricklayers and Allied Crafts, Local 1 of Hawaii; Plumbers and Fitters UA Local 675; IBEW 1260; Rainbow Family 808; LGBT Caucus of the Democratic Party of Hawaii; United Public Workers, AFSCME Local 646; Hawaii Building & Construction Trades Council; Hawaii Government Employees Association; International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers; Iron Workers Stabilization Fund; and eight individuals. Your Committee received testimony in opposition to this measure from Associated Builders and Contractors Hawaii Chapter.

Your Committee finds that unionized workers earn over thirteen percent more than comparable nonunionized workers, receive fairer wages and better benefits, and generally have better working conditions. Your Committee further finds that the Protecting the Right to Organize Act enhances workers' rights by providing greater opportunity to unite and bargain meaningfully for fairer wages and benefits, and thus, has the potential to raise workers' living standards.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 58, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1626 Judiciary & Hawaiian Affairs on H.R. No. 139

The purpose of this measure is to request the Board of Land and Natural Resources to enter into a long-term water lease with the Wai'oli Valley Taro Hui for their existing use of water from Wai'oli Stream via direct negotiation, upon completion of the environmental impact statement process.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Mayor of the County of Kauai, Office of Hawaiian Affairs, Sierra Club of Hawai'i, National Tropical Botanical Garden, Waioli Valley Taro Hui, Waipa Foundation, Hawai'i Land Trust, and numerous individuals.

Your Committee finds that the traditional and customary practice of kalo cultivation in Wai'oli Valley deserves protection. Your Committee further finds that the Board of Land and Natural Resources, in unanimously approving a perpetual easement for the Wai'oli Valley Taro Hui to continue to use and maintain its traditional lo'i kalo irrigation system, demonstrated its support for the Hui's stewardship and traditional and sustainable practices. Your Committee also finds that the Department of Land and Natural Resources is continuing to work with the Hui to complete the water leasing process pursuant to section 171-58, Hawaii Revised Statutes, which requires among other conditions, prior authorization of the Legislature by concurrent resolution.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 139, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1627 Judiciary & Hawaiian Affairs on H.C.R. No. 163

The purpose of this measure is to request the Board of Land and Natural Resources to enter into a long-term water lease with the Wai'oli Valley Taro Hui for their existing use of water from Wai'oli Stream via direct negotiation, upon completion of the environmental impact statement process.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Mayor of the County of Kauai, Office of Hawaiian Affairs, Sierra Club of Hawai'i, National Tropical Botanical Garden, Waioli Valley Taro Hui, Waipa Foundation, Hawai'i Land Trust, and numerous individuals.

Your Committee finds that the traditional and customary practice of kalo cultivation in Wai'oli Valley deserves protection. Your Committee further finds that the Board of Land and Natural Resources, in unanimously approving a perpetual easement for the Wai'oli Valley Taro Hui to continue to use and maintain its traditional lo'i kalo irrigation system, demonstrated its support for the Hui's stewardship and traditional and sustainable practices. Your Committee also finds that the Department of Land and Natural Resources is continuing to work with the Hui to complete the water leasing process pursuant to section 171-58, Hawaii Revised Statutes, which requires among other conditions, prior authorization of the Legislature by concurrent resolution.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 163, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1628 Judiciary & Hawaiian Affairs on H.R. No. 90

The purpose of this measure is to declare racism as a public health crisis and to take all steps necessary to address racism in promoting racial equity.

Your Committee received testimony in support of this measure from American Heart Association, Office of Hawaiian Affairs, Planned Parenthood Votes

Northwest and Hawaii, Democratic Party of Hawaii Education Caucus, Imua Alliance, Hawaii Public Health Institute, Hawaii Public Health Association, Hawaii Appleseed Center for Law & Economic Justice, and six individuals.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 90 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ward). Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1629 Judiciary & Hawaiian Affairs on H.C.R. No. 112

The purpose of this measure is to declare racism as a public health crisis and to take all steps necessary to address racism in promoting racial equity.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, American Heart Association, Planned Parenthood Votes Northwest and Hawaii, Office of Hawaiian Affairs, Hawaii Health & Harm Reduction Center, Democratic Party of Hawaii Education Caucus, Imua Alliance, Hawaii Public Health Institute, Community Alliance on Prisons, Hawaii Public Health Association, Hawaii Appleseed Center for Law & Economic Justice, Young Progressives Demanding Action, ACLU of Hawaii, Our Revolution Hawaii, and numerous individuals. Your Committee received comments on this measure from Common Cause Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 112 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ward). Noes, none. Excused, 2 (LoPresti, Nakamura).

SCRep. 1630 Judiciary & Hawaiian Affairs on H.C.R. No. 131

The purpose of this measure is to request the establishment of a Burial Sites Working Group to review and recommend improvements to the Burial Sites Program within the State Historic Preservation Division.

Your Committee received testimony in support of this measure from Office of Hawaiian Affairs, Huliauapa'a, Aha Moku O Maui Inc., Na Kupuna Moku O Keawe, and numerous individuals. Your Committee received comments on this measure from Department of Land and Natural Resources.

Your Committee finds that relations between the State Historic Preservation Division, Department of Land and Natural Resources, Island Burial Councils, and Hawaiian community at large has become strained over the years. This has led to a lack of trust, on all sides, as well as poor communication among these interest groups. This measure could help ease these tensions by allowing the affected parties to come together to determine an appropriate way forward.

Accordingly, your Committee has amended this measure by:

- (1) Changing its title to read, "REQUESTING THE ESTABLISHMENT OF A WORKING GROUP TO REVIEW AND RECOMMEND IMPROVEMENTS TO THE OPERATIONS OF THE ISLAND BURIAL COUNCILS WITHIN THE STATE HISTORIC PRESERVATION DIVISION";
- (2) Including information regarding the purposes of the Office of Hawaiian Affairs;
- (3) Requesting the establishment of a working group to review and recommend improvements to the workings of the Island Burial Councils, instead of requesting the establishment of a Burial Sites Working Group to review and recommend improvements to the Burial Sites Program;
- (4) Requesting the Office of Hawaiian Affairs to convene and conduct the facilitation of the working group;
- (5) Amending the requested membership and scope of the working group; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 131, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 131, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (D. Kobayashi, LoPresti, Todd).

SCRep. 1631 Judiciary & Hawaiian Affairs on S.C.R. No. 39

The purpose of this measure is to urge the County of Hawaii to establish a metropolitan planning organization (MPO), if allowable.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that MPOs were established to serve as a forum for collaboration among local communities and government agencies and to direct federal funds toward projects that increase access to opportunity and prosperity through improved multimodal pedestrian, bicycle, and transit options. According to federal regulation, an MPO requires an urban area with a population of more than fifty thousand individuals. As the population of the County of Hawaii in 2016 was 198,691 people, your Committee finds it appropriate that the County should have their own MPO.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 39, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (Ichiyama, McKelvey, Tokioka).

SCRep. 1632 Judiciary & Hawaiian Affairs on S.C.R. No. 261

The purpose and intent of this measure is to request the Attorney General to petition the Hawaii Supreme Court seeking relief to prevent action against the Reapportionment Commission for the Commission's failure to meet statutory or constitutional deadlines relating to the 2021 reapportionment plans.

Your Committee received testimony in support of this measure from the Office of Elections.

Your Committee finds that article IV, section 2, of the Hawaii State Constitution requires and provides procedures and a timetable for the convening of the Reapportionment Commission to be tasked with creating a reapportionment plan for the Legislature and the United States congressional districts within the

State. Your Committee further finds that the Reapportionment Commission relies on data from the United States Census Bureau for accurate counts of the United States population on which to base reapportionment plans. Your Committee additionally finds that, because of the coronavirus disease 2019 pandemic, the United States Census Bureau has already indicated that redistricting data will not be available until after the constitutional deadline for the Reapportionment Commission to submit a final plan has passed. The Reapportionment Commission is not to blame for a delay caused by the United States Census Bureau. This measure requests the Attorney General to petition the Hawaii Supreme Court seeking relief to prevent action against the Reapportionment Commission stemming from this unavoidable delay.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 261, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (Ichiyama, McKelvey, Tokioka).

SCRep. 1633 Judiciary & Hawaiian Affairs on S.C.R. No. 166

The purpose and intent of this measure is to urge the heads of the departments and agencies that administratively control or supervise a board or commission to provide training for all members of their boards and commissions subject to 84-17, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that reports from the Office of the Auditor have indicated that various state board members and staff are unfamiliar with the applicable laws and statutes that are relevant to the work of the board or commission on which they sit, and sometimes the mission and goals of the board. Your Committee also finds that although some departments train the members of their boards and commissions, this is not a consistent practice throughout the State. This measure would help ensure that board and commission members have appropriate training to effectively fulfill their responsibilities. In this pandemic age, trainings should also be made available online and on demand, where possible, to avoid gatherings and get the relevant information to board members regardless of their locations and schedules.

Your Committee amended this measure by:

- (1) Inserting language to offer trainings online or on demand, where possible, to board and commission members.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 166, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 166, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (Ichiyama, McKelvey, Tokioka).

SCRep. 1634 Judiciary & Hawaiian Affairs on S.C.R. No. 59

The purpose of this measure is to urge the Hawaiian Homes Commission to appropriate one hundred per cent of lease revenues from commercial property uses to homeland lot development.

Your Committee received testimony in support of this measure from the Aloha Aina Party and one individual. Your Committee received comments on this measure from the Department of Hawaiian Homelands.

Your Committee finds that more than two thousand native Hawaiian beneficiaries have died while on the Hawaiian homes waiting list for a homeland lease, and twenty-eight thousand beneficiaries currently remain on the list, half of which are over the age of sixty. Additionally, the Department of Hawaiian Home Lands recently estimated that to house all beneficiaries on the waitlist, cost projections range between \$4,000,000,000 to \$12,000,000,000 for infrastructure alone. For a number of reasons, the Department of Hawaiian Home Lands has not pursued lot development on a trajectory that will extinguish their wait list, reduce the amount of lands for commercial and industrial uses, and aggressively pursue diversification of housing awards. While recognizing the Department of Hawaiian Home Lands' duties of commissioners as trustees, your Committee finds it would serve the primary purpose of the Department of Hawaiian Home Lands to appropriate its lease revenue from commercial property uses to homeland lot development.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 59, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (Ichiyama, McKelvey, Tokioka).

SCRep. 1635 Judiciary & Hawaiian Affairs on S.C.R. No. 185

The purpose of this measure is to recognize the centennial celebration of the Hawaiian Homes Commission Act Of 1920, as amended.

Your Committee received testimony in support of this measure from the Department of Hawaiian Homelands and Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 185, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (Ichiyama, McKelvey, Tokioka).

SCRep. 1636 Water & Land on S.C.R. No. 55

The purpose of this measure is to urge the Department of Land and Natural Resources to adopt administrative rules to streamline the process for allowing traditional Hawaiian farming systems on conservation lands.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs.

Your Committee finds that traditional Hawaiian farming systems play a critical role in Hawaii and should be encouraged to promote greater self-sufficiency, crop diversity, and food security.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 55, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 55, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1637 Water & Land on S.C.R. No. 10

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Kaalawai, Honolulu, Oahu, for the existing seawall constructed on those state submerged lands, and the use, repair, and maintenance of the improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that portions of an existing seawall fronting private property located in Kaalawai were built on state submerged lands. Your Committee further finds that the Department of Land and Natural Resources has worked with the property owner to resolve the encroachment by granting a 55-year non-exclusive easement for the seawall, and the grantee has paid the fair market value of the easement. However, the Legislature must grant prior authorization before state submerged lands may be leased. This measure authorizes the granting of a term, non-exclusive easement for the portion of identified state submerged lands in Kaalawai that have been encroached upon by the seawall, and for the use, repair, and maintenance of the improvements thereon.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 10 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1638 Water & Land on S.C.R. No. 13

The purpose of this measure is to authorize the issuance of a perpetual, non-exclusive easement covering a portion of state submerged lands at Maunaloa, Honolulu, Oahu, for the existing storm drain, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the subject location of the proposed easement was never private land, is within a rocky shoreline that contains no beach resources, is not anticipated to have any impact on lateral sand movement or prohibit lateral shoreline access, and serves the public interest of mitigating surface runoff. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 13 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1639 Water & Land on S.C.R. No. 113

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Kapaa, Kawaihau, Kauai, for construction, maintenance, and repair of a temporary sand groin.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that there is an existing shoreline encroachment consisting of a temporary emergency erosion control structure fronting property located in Kapaa, Kawaihau, Kauai. Your Committee further finds that the Department of Land and Natural Resources has worked with the property owner to resolve the encroachment by granting a term, non-exclusive easement to allow for the construction of a sand groin and the use, repair, and maintenance of improvements on the state submerged lands, and the grantee will be required to pay the State the fair market value of the easement. However, the Legislature must grant prior authorization before any state submerged lands may be leased. This measure authorizes the granting of a term, non-exclusive easement for the portion of identified state submerged lands in Kapaa that have been encroached upon and for the construction of the sand groin and the use, repair, and maintenance of the improvements.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 113, S.D. 2, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1640 Water & Land on S.C.R. No. 11

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Waimanalo, Koolaupoko, Oahu, for the existing pier, seawall, and steps constructed on those state submerged lands, and for the use, repair, and maintenance of the existing pier, seawall, and steps.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing pier abutting private property located in Waimanalo, Koolaupoko, Oahu, and a portion of the existing seawall and steps fronting the same property, were built on state submerged lands. Your Committee further finds that the Department of Land and Natural Resources has worked with the property owner to resolve the encroachments of the existing pier, seawall, and steps by granting a 55-year non-exclusive easement for the pier, seawall, and steps, and the grantee is required to pay the fair market value of the easement. However, the Legislature must grant prior authorization before state submerged lands may be leased. This measure authorizes the granting of a term, non-exclusive easement for the portion of identified state submerged lands in Waimanalo, Koolaupoko, Oahu, that have been encroached upon by the pier, seawall, and steps, and for the use, repair, and maintenance of those improvements.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 11, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1641 Water & Land on S.C.R. No. 12

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Kamaole, Kula, Maui, for the existing rubble rock revetment, rock wall, and two concrete stairways, and for use, maintenance, repair, replacement, and removal of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the rubble rock revetment, rock wall, and two concrete stairways, all of which were built in 1980, are subject to the approval of the Department of Land and Natural Resources' Office of Conservation and Coastal Lands, which determined that: the encroaching structures prevent shoreline erosion and will help to mitigate inland flooding associated with large wave and storm events; removal of the rubble rock revetment would likely place one of the condominium buildings under immediate threat from erosion; and public access would be diminished by removal of the stairs. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 12 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1642 Water & Land on S.C.R. No. 14

The purpose of this measure is to authorize the issuance of a perpetual, non-exclusive easement covering a portion of state submerged lands at Kaneohe, Koolau, Oahu, for the existing storm drain, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that portions of an existing storm drain in Kaneohe were placed on state submerged lands. Your Committee notes that the shoreline fronting the drainage structure consists of the muddy waters of Kaneohe Bay, does not contain beach resources, and is not anticipated to impact lateral sand movement or flanking. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 14 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1643 Water & Land on S.C.R. No. 42

The purpose of this measure is to authorize the issuance of a lease covering state submerged lands at Pier 27 in Honolulu Harbor, Oahu, to Atlantis Submarines Hawaii, LLC.

Your Committee received testimony in support of this measure from the Department of Transportation and Atlantis Submarines Hawaii, LLC.

Your Committee finds that the Department of Transportation relocated Atlantis Submarines Hawaii, LLC, from Pier 41 in Honolulu Harbor to Pier 27 during August 2014 to make way for the development of Kapalama Container Terminal, a critical modernization project identified by the Legislature in the Harbors Modernization Plan under Act 200, Session Laws of Hawaii 2008. Your Committee finds that this measure is necessary to grant legislative authorization for the Department of Transportation, with the prior approval of the Board of Land and Natural Resources, to enter into a lease with Atlantis Submarines Hawaii, LLC, that will include the fast lands at Pier 27 and state submerged lands fronting the property bound by Pier 27.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 42, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as S.C.R. No. 42, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1644 Water & Land on S.C.R. No. 207

The purpose of this measure is to review and approve a specific land exchange between the State and trustees of the Parker Land Trust.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Parker Ranch, Inc. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that this land exchange is mutually beneficial to the State and Parker Ranch, Inc. Your Committee further finds that section 171-50(c), Hawaii Revised Statutes, requires that exchanges of public land for private land be subject to approval by the Legislature by a majority vote of both houses in any regular or special session following the Board of Land and Natural Resources' approval in principle of the exchange.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 207 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1645 Labor & Tourism on S.C.R. No. 98

The purpose of this measure is to request the Director of Labor and Industrial Relations to convene a task force to study, design, and develop a paid family leave pilot program with coverage limited to certain employers and employees to be established and implemented by the Department of Labor and Industrial Relations as a trial program that could eventually be expanded to cover all public and private sector workers in the State.

Your Committee received testimony in support of this measure from the Americans for Democratic Action Hawai'i; Hawaii Children's Action Network Speaks!; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Planned Parenthood Alliance Advocates; American Association of University Women of Hawaii; Breastfeeding Hawaii; Neighborhood Place of Puna; and seven individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and Society for Human Resource Management Hawaii.

Your Committee finds that the family leave provided under the federal Family and Medical Leave Act of 1993, as amended, and under chapter 398, Hawaii Revised Statutes, is unpaid, and as of March 2018, only seventeen percent of workers in the United States had access to paid family leave through their employers. Your Committee further finds that a majority of Hawaii's workforce cannot afford to take unpaid leave for family caregiving purposes. In December 2019, the Legislative Reference Bureau issued its Paid Family Leave Program Impact Study, which projected the costs and staffing required to establish and maintain a paid family leave system in Hawaii under three social insurance models, and reported that pertinent policy aspects would need to be determined irrespective of which model is adopted. This measure supports the creation of a task force to provide specified information and recommendations on a paid family leave pilot program.

Your Committee has amended this measure by:

- (1) Requesting that the task force develop its own goals and objectives for the paid family leave pilot program, and appoint a chairperson from among its members;
- (2) Adding a representative from an employer organization, such as the Society for Human Resource Management Hawaii, to be appointed to the task force by the Governor;
- (3) Requesting that the task force submit its report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023, rather than 2022;
- (4) Providing that the task force be dissolved on January 31, 2023;
- (5) Deleting as premature, the request that the task force describe opportunities and challenges of expanding the pilot program to Hawaii's entire workforce and provide proposed legislation for an expanded program; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 98, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 98, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Belatti, Quinlan).

SCRep. 1646 Labor & Tourism on S.C.R. No. 99

The purpose of this measure is to ratify a proposed amendment to the Constitution of the United States to give the Congress of the United States the power to limit, regulate, and prohibit the labor of persons under eighteen years of age.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that House Joint Resolution 184, approved by the Sixty-Eighth Congress in 1924, proposed an amendment to the United States Constitution to give Congress the power to regulate child labor. Your Committee further finds that the proposal to amend the Constitution is still outstanding because Congress did not set a time limit for its ratification by the states, and that Hawaii is one of several states that have no record of taking action on the proposed amendment. Your Committee also finds that federal regulation of child labor is now provided under the Fair Labor Standards Act of 1938, as amended; however, by ratifying the proposed amendment, the Legislature would demonstrate the State's stance on the issue.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 99, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 99, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Belatti, Quinlan).

SCRep. 1647 Water & Land on S.C.R. No. 17

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Waiohuli-Keokea Homesteads, Kihei, Maui, for the existing seawall, rock revetment, and concrete steps, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Department of Land and Natural Resources' Office of Conservation and Coastal Lands has determined that little to no beach fronts the subject property specified in this measure and public access is limited due to extensive beach loss and shoreline armoring. The Office of Conservation and Coastal Lands concluded that the seawall easement would have no discernable effect on beach and recreational resources and would not act as a detriment to public access. Your Committee notes that removal of the seawall may destabilize seawalls and revetments at adjacent properties, potentially threatening upland structures. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 17 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1648 Water & Land on S.C.R. No. 87

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering portions of state submerged lands at Kuau, Hamakuapoko, Maui, for the existing seawall and concrete steps, and for use, repaid, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Sea & Believe LLC.

Your Committee finds that an existing seawall and concrete steps encroach upon state submerged lands at Kuau, Hamakuapoko, Maui. Your Committee further finds that the Department of Land and Natural Resources has worked with the previous owner, Kahanu Family Limited Partnership, and the current

owner, Sea & Believe LLC, to resolve the encroachment by granting a term, non-exclusive easement for the seawall. Pursuant to section 171-53(c), Hawaii Revised Statutes, the Legislature must grant prior authorization before any state submerged lands may be leased. This measure authorizes the granting of a term, non-exclusive easement for the portion of identified state submerged lands in Kuaui, Hamakuapoko, Maui, that have been encroached upon by the seawall and concrete steps.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 87 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1649 Water & Land on S.C.R. No. 22

The purpose of this measure is to request the Board of Land and Natural Resources to enter into a long-term water lease with the Wai'oli Valley Taro Hui for their existing use of water from Wai'oli Stream via direct negotiation, upon completion of the environmental review process outlined in chapter 343, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Mayor of the County of Kauai, one member of the Kauai County Council, Wai'oli Valley Taro Hui, Sierra Club of Hawai'i, Hanalei Watershed Hui, Hanalei Hawaiian Civic Club, National Tropical Botanical Garden, Hawai'i Land Trust, and numerous individuals.

Your Committee finds that the Hanalei and Wai'oli valleys produce nearly two-thirds of Hawaii's kalo. Unprecedented flooding in 2018 left many kalo farmers in Wai'oli Valley with damaged or altered water infrastructure, and recent flooding and a landslide have exacerbated challenges with growing, tending, and transporting kalo and supplies. Your Committee further finds that the ancient, Native Hawaiian water use for kalo cultivation by the Wai'oli Valley Taro Hui is non-consumptive, non-polluting, instream, and in-watershed and appropriate for a long-term water lease via direct negotiation.

Your Committee finds that the companion to this measure, H.C.R. No. 163, H.D. 1 (Regular Session of 2021), a substantially similar measure, was previously passed by the House.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.C.R. No. 163, H.D. 1, a measure that requests the Board of Land and Natural Resources to enter into a long-term water lease with the Wai'oli Valley Taro Hui for its existing use of water from Wai'oli Stream via direct negotiation, upon completion of the requirements of chapter 343, Hawaii Revised Statutes;
- (2) Amending its title to read, "REQUESTING THE BOARD OF LAND AND NATURAL RESOURCES TO ENTER INTO A LONG-TERM WATER LEASE WITH WAI'OLI VALLEY TARO HUI FOR THE HUI'S EXISTING USE OF WATER FROM WAI'OLI STREAM VIA DIRECT NEGOTIATION, UPON COMPLETION OF THE REQUIREMENTS OF CHAPTER 343, HAWAII REVISED STATUTES."; and
- (3) Modifying the list of recipients to whom copies of this measure will be transmitted.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 22, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 22, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ohno).

SCRep. 1650 Judiciary & Hawaiian Affairs on H.R. No. 57

The purpose of this measure is to designate September as National Suicide Prevention and Action Month.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii Family Forum, Aloha Aina Party, and Sutter Health Kahi Mohala.

Your Committee finds that September is known nationally as "Suicide Prevention Month", a designation that is intended to promote awareness and raise visibility of the mental health resources and suicide prevention services available in the community.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 57, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (Ichiyama, McKelvey, Tokioka).

SCRep. 1651 Judiciary & Hawaiian Affairs on H.R. No. 81

The purpose of this measure is to:

- (1) Request the City and County of Honolulu to develop a comprehensive plan to drain and clear streams and canals that flow in residential areas in Waiahole, Kaneohe, and other Koolauloa communities;
- (2) Address recent heavy rainfall that caused flooding in certain parts of Oahu, including Haleiwa and Waialua, and the continued struggles of residents of Koolauloa to dispose of debris and mud;
- (3) Request that the Hawaii Emergency Management Agency and Department of Emergency Management of the City and County of Honolulu improve the flash flood warning system;
- (4) Request the City and County of Honolulu to create a comprehensive action plan for each Council district to mitigate the impacts of flooding and hurricanes; and
- (5) Request that first responders coordinate more closely to ensure that residents have safe evacuation routes in the event of flooding.

Your Committee received testimony in support of this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 81, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (Ichiyama, McKelvey, Tokioka).

SCRep. 1652 Judiciary & Hawaiian Affairs on S.C.R. No. 66

The purpose and intent of this measure is to condemn and denounce all forms of anti-Asian sentiment and all acts of racism, xenophobia, intolerance, discrimination, hate crime, and hate speech against Asian Americans and Asian individuals in the United States.

Your Committee received testimony in support of this measure from the Japanese American Citizens League – Honolulu Chapter, Aloha Aina Party, Hawai'i Friends of Civil Rights, Democratic Party of Hawaii Education Caucus, Imua Alliance, and five individuals. Your Committee received comments on this measure from the Hawai'i Civil Rights Commission.

Your Committee finds that, despite the undeniable history of persistent discrimination, Violence, and hate crimes against Asians in the United States, racism against Asians is often considered nonexistent, insignificant, or justified. Your Committee further finds that since the outbreak of coronavirus disease in 2019, anti-Asian sentiment has surged and random crimes and hate crimes against Asians skyrocketed, instigating violent attacks against individuals of not only Chinese, but also of Thai, Vietnamese, Filipino, Korean, Japanese, and other Asian origins. Your Committee additionally finds that the persistent discrimination, violence, and hate crimes against Asians in the United States are placing Asian individuals and their families, communities, and businesses at risk.

Your Committee has amended this measure by:

- (1) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 66, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 66, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (Ichiyama, McKelvey, Tokioka).

SCRep. 1653 Judiciary & Hawaiian Affairs on S.C.R. No. 140

The purpose of this measure is to assert that racism is a public health crisis and to urge the State to commit to recognizing and addressing the resulting inequities.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, American Heart Association, YWCA Oahu, LGBT Caucus of the Democratic Party of Hawaii, Aloha Aina Party, Democratic Party of Hawaii Education Caucus, Imua Alliance, Hawaii Health and Harm Reduction Center, and seven individuals. Your Committee received comments on this measure from Common Cause Hawaii.

Your Committee finds that racism is a social system with many dimensions that act on systemic, institutional, and interpersonal levels, and that structural racism has resulted in race functioning as a social determinant of health, with persistent racial disparities in areas such as health care, criminal justice, housing, education, employment, worker protections, climate, food access, and technology. Your Committee further finds that the coronavirus disease 2019 (COVID-19) pandemic has highlighted these disparities. Your Committee additionally finds that shortly before the COVID-19 pandemic, the Aloha United Way issued a report on Asset Limited, Income Constrained, Employed (ALICE) households, finding that forty-two percent of Hawaii's 455,138 households struggle to make ends meet. Your Committee also finds that the disparities caused by systemic racism and the difficulties experienced by ALICE households are frequently linked.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 140, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Ward). Noes, none. Excused, 3 (Ichiyama, McKelvey, Tokioka).

SCRep. 1654 Consumer Protection & Commerce on S.B. No. 244

The purpose of this measure is to discourage food waste and encourage food donation to needy persons by:

- (1) Expanding liability protections for donors to include donations of perishable or nonperishable food, farm produce, and similar donations made to needy persons by charitable, religious, or nonprofit organizations; and
- (2) Authorizing the donation of expired food when the good-faith donor or distributor reasonably believes the food is fit for human consumption.

Your Committee received testimony in support of this measure from Rainbow Family 808, Hawaii Primary Care Association, Down to Earth Organic and Natural, Hawai'i Farm Bureau, Hawai'i Pacific Health, Waianae Coast Comprehensive Health Center, and one individual. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that more than ten percent of Hawaii residents are food insecure and receive food assistance through nonprofit organizations and government programs. Due to the COVID-19 pandemic, food insecurity in Hawaii has increased. There are now over 189,000 Supplemental Nutrition Assistance Program recipients in the State. Your Committee further finds that despite this high level of food insecurity, Hawaii businesses and residents discard tons of food waste per year. This measure establishes a standard of liability protection for food donations to encourage the donation of food that would otherwise go to waste.

Your Committee has amended this measure by:

- (1) Deleting language that specified that farm produce included produce where a needy person was directly involved in the harvest of the donated food;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 244, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 244, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1655 Consumer Protection & Commerce on S.B. No. 329

The purpose of this measure is to:

- (1) Shorten the notice period from sixty days to thirty days for a board of directors of a condominium association to sell, store, donate, or dispose of personalty when the identity and address of the owner are known; and
- (2) Eliminate the requirement that a condominium association first advertise the sale, donation, or disposition of personalty abandoned in or on the common elements of a condominium project when the identity and address of the owner are unknown, and instead allow the association to proceed directly to sell, store, donate, or dispose of the personalty and keep the proceeds.

Your Committee received testimony in support of this measure from Associa, Palehua Townhouse Association, Hawaii Council of Associations of Apartment Owners, Board of Directors of the Honolulu Tower AOA, Community Associations Institute Legislative Action Committee, and eight individuals.

Your Committee finds that personalty may be left in common areas of a condominium by residents, their visitors, or other third parties. When the owner of the personalty or the owner's address is not known, existing law requires a condominium association to first advertise the sale, donation, or disposition at least once in a daily paper of general circulation. Your Committee further finds that this requirement is unnecessarily burdensome to condominium associations and increases the costs associated with the operation of condominiums. This measure reduces some of obstacles condominium boards face when disposing of abandoned or unwanted property.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 329, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 329, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1656 Consumer Protection & Commerce on S.B. No. 1333

The purpose of this measure is to conform the Uniform Controlled Substances Act with amendments in the federal controlled substances law by:

- (1) Exempting hemp and any material, compound, mixture, or preparation that falls within the definition of hemp from the Uniform Controlled Substances Act; and
- (2) Removing the prescription drug Epidiolex and approved generic versions of that drug that contain cannabidiol derived from cannabis and no more than 0.1 percent (w/w) residual tetrahydrocannabinols from Schedule V of the Uniform Controlled Substances Act and certain provisions of the Hawaii Penal Code.

Your Committee received testimony in support of this measure from Greenwich Biosciences and one individual. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that the Agriculture Improvement Act of 2018 (Public Law 115-334) modified the regulatory controls over cannabis, tetrahydrocannabinols, and other cannabis-related constituents in the federal Controlled Substances Act by removing hemp from the definition of marijuana under the Act. Your Committee further finds that in April 2020, the United States Drug Enforcement Agency notified the manufacturer of Epidiolex, a drug used to treat two forms of childhood-onset epilepsy, of its removal from the federal Schedule V and, in August 2020, officially removed Epidiolex's designation in the federal Schedule V through an interim final rule. This measure conforms the Uniform Controlled Substances Act with the federal treatment of hemp and Epidiolex and its approved generic versions.

Your Committee notes that the Department of the Attorney General submitted written testimony to your Committee raising concerns that some provisions of this measure may exceed the bounds of the one subject expressed in this measure's title. Specifically, the Department of the Attorney General states that the provisions in this measure amending the Hawaii Penal Code are outside the scope of the title, "Relating to the Uniform Controlled Substances Act." This concern should be given further consideration as this measure advances into Conference.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1333, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1333, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Har). Excused, 1 (Kong).

SCRep. 1657 Consumer Protection & Commerce on S.B. No. 474

The purpose of this measure is to require that mandatory seller disclosures in real property transactions include whether a residential real property is within the sea level rise exposure area as designated by the Hawaii Climate Change Mitigation and Adaptation Commission or its successor.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Climate Change Mitigation and Adaptation Commission; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Hawai'i Association of REALTORS; Hawai'i Reef and Ocean Coalition; Sierra Club of Hawai'i; Imua Alliance; Hawai'i Shore and Beach Preservation Association; Surfrider Foundation, Hawai'i Region; and one individual.

Your Committee finds that the Hawaii Climate Change Mitigation and Adaptation Commission, established by Act 32, Session Laws of Hawaii 2017, is the coordinating body for policies on climate change mitigation and adaptation for the State. The Hawaii Climate Change Mitigation and Adaptation Commission agreed to five priority recommendations for countering the impacts of sea level rise, including supporting legislation requiring disclosure for private property and public offerings located in areas with potential exposure to sea level rise.

Your Committee further finds that disclosing sea level rise vulnerabilities with the sale of a vulnerable coastal property will support informed decision making by buyers and government agencies. The value of property lying within the boundaries of a sea level rise exposure area will likely be affected over time, and thus is a material fact that should be disclosed by a seller in a real property transaction.

Your Committee has amended this measure by changing its effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 474, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 474, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1658 Consumer Protection & Commerce on S.B. No. 489

The purpose of this measure is to increase the maximum area for each agricultural shade cloth structure, cold frame, or greenhouse not used as a dwelling or lodging unit, that could qualify the structure for exemption from building permit and building code requirements.

Your Committee received testimony in support of this measure from the Department of Agriculture; Office of Planning; College of Tropical Agriculture and Human Resources of the University of Hawai'i at Mānoa; Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau; Hawaii Farming LLC; Big Island Produce; and one individual.

Your Committee finds that the COVID-19 pandemic has highlighted the need to diversify the State's economy, including the promotion of agricultural production. Your Committee further finds that certain low-risk agricultural structures, such as agricultural shade cloth structures, cold frames, and greenhouses, are provided a limited exemption from county building permit and building code requirements. By expanding the limited exemption for these specific low-risk agricultural structures, farmers will have the ability to scale up their operations for bigger and more cost-effective protective structures to shelter crops from pest infestation, extreme temperatures, excessive rains, long droughts, and feral animals. The broadened exemption proposed by this measure will aid in furthering agricultural production and development in the State.

Your Committee has amended this measure by changing its effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 489, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 489, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1659 Consumer Protection & Commerce on S.B. No. 1387

The purpose of this measure is to require certain dog and cat owners to microchip their pets.

Your Committee received testimony in support of this measure from the Hawaii Association of Animal Welfare Agencies and one individual. Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from the Department of Agriculture and American Bird Conservancy.

Your Committee finds that microchip identification is the single most effective way of returning lost pets to their owners. Your Committee further finds that microchipping is an affordable way to locate a missing pet as it bypasses the need for animal control, thereby eliminating the cost of intake and boarding of lost pets at the expense of taxpayers. This measure will ensure that lost pets are returned to their owners in a timely and safe manner by requiring certain dogs and cats to be microchipped.

Your Committee has amended this measure by:

- (1) Excluding the Plant Quarantine Branch of the Department of Agriculture from the definition of "owner," thereby excluding the Branch from the microchip requirements proposed by this measure;
- (2) Deleting as unnecessary language that stated the counties could dispense or modify licensing requirements for cats under chapter 143, Hawaii Revised Statutes, as cats are not required to be licensed under that chapter and the counties already have authority to regulate cats; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1387, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1387, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1660 Consumer Protection & Commerce on S.B. No. 768

The purpose of this measure is to establish the Rental Car Modernization Task Force to develop a plan to determine the feasibility of installing sufficient electric vehicle charging infrastructure to support a one hundred percent zero-emissions rental motor vehicle fleet by 2035.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office and three individuals. Your Committee received testimony in opposition to this measure from Climate Protectors Hawai'i and 350Hawaii.org. Your Committee received comments on this measure from the Department of Transportation, Ulupono Initiative, Avis Budget Group, Alliance for Automotive Innovation, and Enterprise Holdings.

Your Committee finds that electric vehicles are an important avenue to address Hawai'i's pressing climate issues. The adoption and widespread deployment of electric vehicles aligns with the State's energy and environmental goals and is essential to reduce Hawai'i's dependence on fossil fuels. Electric vehicles currently offer an effective option to advance clean, renewable ground transportation. This measure will bring the State one step closer to realizing its goal of one hundred percent renewable energy by looking at the feasibility of installing enough electric vehicle charging infrastructure to support a completely electronic vehicle fleet for the rental motor vehicle industry.

Your Committee has amended this measure by:

- (1) Updating the membership of the Task Force to include a representative from a trade association representing the automobile manufacturing industry, rather than a representative from an automobile manufacturing company;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 768, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 768, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1661 Consumer Protection & Commerce on S.B. No. 1212

The purpose of this measure is to amend registration requirements for motor carrier vehicles that have an outstanding federal out-of-service order.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that certain programs under the Department of Transportation that ensure motor carrier vehicles are safe to operate on state highways receive funding from the Federal Motor Carrier Safety Administration. Your Committee further finds that the Performance Registration Information Systems Management (PRISM) program is a federal program that identifies and immobilizes motor carrier vehicles that are under a federal out-of-service order due to deficiencies found in compliance review inspections. The State must be in full participation with the PRISM program by the conclusion of the Regular Session of 2021 in order to continue receiving millions of dollars in federal grant monies. This measure ensures Hawaii is "PRISM Equivalent" and will continue to be eligible for federal Motor Carrier Safety Assistance Program grants and other federal funding that will be used to ensure that motor carrier vehicles are safe to operate on Hawaii's roads.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1212, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1212, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1662 Finance on S.B. No. 696

The purpose of this measure is to:

- (1) Extend the date on which the temporary Commission on the Thirteenth Festival of Pacific Arts ceases to exist to August 31, 2025; and
- (2) Permit less than a quorum of members of the temporary Commission on the Thirteenth Festival of Pacific Arts to discuss matters relating to official board business outside a Commission meeting as a permitted interaction under part I of chapter 92, Hawaii Revised Statutes, to enable them to perform their duties faithfully, provided that the Commission holds a meeting at least once a month.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Tourism Authority; and Commission on the 13th Festival of Pacific Arts and Culture. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 696, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 696, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1663 Finance on S.B. No. 697

The purpose of this measure is to establish January of each year as "Kalaupapa Month" to serve as an annual reminder of the importance of Kalaupapa and the significant sacrifices and contributions of its residents throughout the history of Hawaii.

Your Committee received testimony in support of this measure from the Department of Health, The Friends of Iolani Palace, Ka 'Ohana O Kalaupapa, IDEA Center for the Voices of Humanity, Catholic Diocese of Honolulu, and seventeen individuals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 697, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 697, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1664 Finance on S.B. No. 939

The purpose of this measure is to establish June 19 of each year as Juneteenth in recognition of the history and legacy of slavery in the United States and in honor of the significant roles and contributions of African Americans in the history of the United States.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, one member of the Kaua'i County Council, Young Progressives Demanding Action, Rainbow Family 808, LGBT Caucus of the Democratic Party of Hawaii, Common Cause Hawaii, Hawaii for

Juneteenth Coalition, Community Alliance on Prisons, and six individuals.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 939, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 939, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1665 Finance on S.B. No. 1127

The purpose of this measure is to make an emergency appropriation to the Department of Human Services to fund general assistance payments in the current fiscal year, beginning July 1, 2020, and ending June 30, 2021.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Catholic Charities Hawai'i, Partners In Care, Hawaii Primary Care Association, PHOCUSED, and two individuals.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount to the Department of Human Services from \$5,400,000 to \$3,200,000 for fiscal year 2020-2021;
- (2) Making it effective upon its approval; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1127, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1127, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1666 Finance on S.B. No. 855

The purpose of this measure is to:

- (1) Extend the sunset dates for the Pesticide Subsidy Program and Pesticide Subsidy Program Manager position for an additional two years;
- (2) Provide that the \$600 per year subsidy limit for each single coffee grower applies to coffee berry borer control, with a separate \$600 annual limit per grower for coffee leaf rust control;
- (3) Provide that no single coffee grower can receive subsidies totaling more than \$12,000 per year after June 30, 2021, and before July 1, 2023; and
- (4) Expand the list of pesticides that the Department of Agriculture is required to establish to include those effective against coffee leaf rust.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, University of Hawai'i at Mānoa College of Tropical Agriculture and Human Resources, Rancho Aloha, Kona Perfect, Kona Mountain Coffee, Konaloha Farms, Kona Coffee Farmers Association, Hawaii Coffee Association, Synergistic Hawaii Agriculture Council, Huahua Farm, and nine individuals.

Your Committee has amended this measure by:

- (1) Making unspecified the total annual amount for which a single coffee grower can receive subsidies after June 30, 2021, and before July 1, 2023; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 855, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 855, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1667 Finance on S.B. No. 970

The purpose of this measure is to authorize the establishment of a physician-patient relationship via a telehealth interaction, if the physician is licensed to practice medicine in the State.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Office of Hawaiian Affairs, Hawaii Medical Board, Planned Parenthood Votes Northwest and Hawaii, AARP Hawai'i, Healthcare Association of Hawaii, Hawai'i Public Health Association, Hawai'i Pacific Health, The Queen's Health Systems, Hawai'i Public Health Institute, Hawaii Substance Abuse Coalition, and two individuals. Your Committee received comments on this measure from Kaiser Permanente Hawai'i.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2021; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 970, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 970, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1668 Finance on S.B. No. 664

The purpose of this measure is to:

- (1) Require the Department of Public Safety to develop a new Oahu Community Correctional Center; and

(2) Appropriate funds for an oversight coordinator position and necessary support staff positions for the Hawaii Correctional System Oversight Commission.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Hawai'i Psychological Association, League of Women Voters, and one individual. Your Committee received testimony in opposition to this measure from the Hawai'i Friends of Restorative Justice, American Civil Liberties Union of Hawai'i, Foresight/Policy Analysis, Ohana Ho'opakele, Community Alliance on Prisons, and numerous individuals. Your Committee received comments on this measure from the Department of Public Safety; Office of Hawaiian Affairs; Office of the Public Defender; United Public Workers, AFSCME Local 646, AFL-CIO; and one individual.

Your Committee has amended this measure by:

- (1) Removing the provisions that require the Department of Public Safety to develop a new Oahu Community Correctional Center; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 664, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 664, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1669 Consumer Protection & Commerce on S.B. No. 151

The purpose of this measure is to replace the term "accident" with the term "collision" under certain provisions of the Statewide Traffic Code.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Department of the Prosecuting Attorney of the City and County of Honolulu, and one individual.

Your Committee finds that the term "accident" could be interpreted to mean an incident that occurs without any fault, negligence, or state of mind involved. In the context of the Statewide Traffic Code, this is typically not the case as many collisions occur due to a driver's knowing action that increases the likelihood of a collision, such as speeding or drinking alcohol.

Your Committee further finds that this interpretation could be used to prevent a person from being charged with leaving the scene of an accident and other offenses that require the State to prove that an offender had a certain state of mind at the time of the offense, such as negligent homicide or negligent injury. This measure replaces the term "accident" with "collision" to avoid any potential ambiguity. Your Committee notes that this change of terminology is consistent with guidance by the National Highway Traffic Safety Administration.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 151, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1670 Consumer Protection & Commerce on S.B. No. 345

The purpose of this measure is to prohibit a manufacturer from importing for profit, selling, or offering for sale any cosmetic that a manufacturer knew or reasonably should have known was developed or manufactured using animal testing performed, on or after January 1, 2022, in a cruel manner.

Your Committee received testimony in support of this measure from the Department of Health, Hawaiian Humane Society, Cruelty Free US, The Body Shop, Down to Earth *Organic and Natural*, Animal Defenders International, Personal Care Products Council, Cruelty Free International, The Humane Society of the United States, Ao Organics Hawai'i, O'o Hawaii, Pure Mana Hawaii, and two individuals.

Your Committee finds that testing cosmetics on animals is cruel and increasingly unnecessary as there are now thousands of cosmetic ingredients whose effects have already been tested and compiled. Your Committee further finds that new alternatives to animal testing are readily available. These new testing methods are more efficient and provide better predictors of adverse human reactions to new chemical compounds than animal testing. This measure would align the State with other jurisdictions around the world that have banned testing cosmetics on animals by striking a balance between a complete ban and limited exceptions to the animal testing prohibition.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 345, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1671 Consumer Protection & Commerce on S.B. No. 1291

The purpose of this measure is to:

- (1) Include autcycles equipped with handlebars in the definition of motorcycle in the Highway Safety Act; and
- (2) Exempt motorcycles and motor scooters with a roll bar or roll cage from the safety helmet requirement.

Your Committee received testimony in support of this measure from the Department of Transportation; Arcimoto; Forth; StrataG Consulting, LLC; and four individuals.

Your Committee finds that existing law is unclear whether certain three-wheeled electric vehicles that use handlebar steering in place of a steering wheel are classified as motorcycles or autcycles. As a result, operators of these vehicles must obtain a motorcycle endorsement for operation, even though the vehicles handle very similar to front wheel drive automobiles. This measure clarifies that electric vehicles with three wheels and handlebars can be operated with a general class 3 driver's license.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1291, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1672 Consumer Protection & Commerce on S.B. No. 1150

The purpose of this measure is to authorize the Department of Health to accept nationally recognized accreditation or certification organizations to demonstrate a skilled nursing facility's compliance with the licensing inspection requirements required by the State.

Your Committee received testimony in support of this measure from the Department of Health and one individual. Your Committee received comments on this measure from the Healthcare Association of Hawaii.

Your Committee finds that the Joint Commission and other nationally recognized accrediting agencies have certification standards for skilled nursing facilities that are more stringent than those required by state law. Your Committee believes that allowing the Department of Health to recognize these accreditation and certification reviews to establish a skilled nursing facility's compliance with the State's licensing requirements will enable the Department to redeploy its staffing resources to other equally important surveys or investigations, while maintaining oversight of skilled nursing facilities to ensure the health, safety, and welfare of the public.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1150, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1673 Consumer Protection & Commerce on S.B. No. 186

The purpose of this measure is to prohibit the enforcement of a re-recorded homeowners' association restriction if the restriction prohibits bona fide agricultural uses and activities on agricultural lands.

Your Committee received testimony in support of this measure from the Office of Planning, Hawai'i Farm Bureau, Wootens Produce of Kauai, and one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that restrictive covenants that limit agricultural uses and activities on agricultural lands undermine the State's interest in protecting and preserving agricultural resources and promoting agricultural self-sufficiency. This measure clarifies that renewed covenants restricting agricultural uses and activities within the State Land Use Agricultural District are considered new contracts and therefore voidable, subject to special restrictions.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 186, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1674 Finance on S.B. No. 400

The purpose of this measure is to clarify that increased fines may be imposed on a candidate committee or noncandidate committee that fails to timely file a preliminary primary or preliminary general report.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii and three individuals. Your Committee received comments on this measure from the Campaign Spending Commission, Common Cause Hawaii, and seven individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 400, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1675 Finance on S.B. No. 406

The purpose of this measure is to:

- (1) Clarify that the Campaign Spending Commission may employ or contract with persons for the performance of the day-to-day functions of the Campaign Spending Commission; and
- (2) Require a complaint initiated by the staff of the Campaign Spending Commission to be in writing and signed by the Executive Director.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 406, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1676 Finance on S.B. No. 324

The purpose of this measure is to amend the definition of the practice of medicine to provide uniformity of practice for medical doctors and osteopathic doctors.

Your Committee received testimony in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Hawaii Medical Board, and Kaiser Permanente Hawai'i.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 324, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1677 Finance on S.B. No. 386

The purpose of this measure is to require:

- (1) A family court to make findings, after a hearing and in writing, before a minor can be transferred to an adult jail or lockup or be permitted sight or sound

contact with adult offenders, subject to certain circumstances; and

- (2) The circuit court to commit all convicted offenders under eighteen years of age to Hawaii youth correctional facilities in cases where the court deems the sentence more suitable.

Your Committee received testimony in support of this measure from the Judiciary, Office of Hawaiian Affairs, and Office of Youth Services. Your Committee received comments on this measure from the Department of Human Services, Department of Public Safety, and Office of the Public Defender.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 386, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1678 Finance on S.B. No. 589

The purpose of this measure is to:

- (1) Establish the University of Hawaii Cancer Center in statute as the Cancer Research Center of Hawaii, to be administered by a Director who is to be appointed by the University of Hawaii Board of Regents;
- (2) Establish accountability and administrative relationships among the Director of the Cancer Center, Dean of the University of Hawaii John A. Burns School of Medicine, Provost of the University of Hawaii at Manoa, and President of the University of Hawaii;
- (3) Require the University of Hawaii to develop and implement a plan for the John A. Burns School of Medicine and University of Hawaii Cancer Center to achieve greater operational efficiencies, reduce duplication of services, and share administrative functions to the maximum extent practicable, and require the President of the University of Hawaii to submit a report on the progress of the plan to the Legislature prior to the Regular Session of 2023;
- (4) Require that funds from the University of Hawaii Tuition and Fees Special Fund for the John A. Burns School of Medicine or Cancer Research Center of Hawaii be used for educational purposes only;
- (5) Require that funds from the Research and Training Revolving Fund for the John A. Burns School of Medicine or Cancer Research Center of Hawaii be used for research and research-related purposes only;
- (6) Repeal the sunset provision in Act 38, Session Laws of Hawaii 2017, relating to research commercialization and economic development as they relate to technology transfer activities sponsored by the University of Hawaii;
- (7) Make the Innovation and Commercialization Initiative Program permanent by repealing the sunset provision in Act 39, Session Laws of Hawaii 2017; and
- (8) Make the authority of the President of the University of Hawaii to act as the University of Hawaii's Chief Procurement Officer for all procurement contracts under chapter 103D, Hawaii Revised Statutes, permanent by repealing the sunset provision in Act 42, Session Laws of Hawaii 2018.

Your Committee received testimony in support of this measure from the University of Hawai'i System, three individuals, and a petition from numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Society of Clinical Oncology. Your Committee received comments on this measure from the State Procurement Office; Hawaii Technology Development Corporation; American Cancer Society Cancer Action Network; DataHouse Consulting, Inc.; Hawaiian Electric Industries, Inc.; Adnoviv, Inc.; University of Hawaii Professional Assembly; and Hawaiian Telcom.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 589, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1679 Finance on S.B. No. 819

The purpose of this measure is to preserve access to health care for Medicaid recipients by extending the Hospital Sustainability Program established by Act 217, Session Laws of Hawaii 2012.

Your Committee received testimony in support of this measure from Hawai'i Pacific Health, Healthcare Association of Hawaii, Kaiser Permanente Hawai'i, The Queen's Health Systems, and Hawai'i Primary Care Association. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 819, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1680 Finance on S.B. No. 134

The purpose of this measure is to prohibit the Governor or a mayor from suspending requests for public records or vital statistics during a declared state of emergency.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, Common Cause Hawaii, Civil Beat Law Center for Public Interest, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Information Practices and Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 134, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1681 Finance on S.B. No. 538

The purpose of this measure is to clarify the jurisdiction of the Hawaii Civil Rights Commission. Specifically, this measure:

- (1) Clarifies the intent for a state law counterpart for disability discrimination in federally funded programs and services; and
- (2) Excludes jurisdiction over programs or activities that are covered by the Individuals with Disabilities Education Act.

Your Committee received testimony in support of this measure from the Department of Education, Disability and Communication Access Board, Hawai'i Civil Rights Commission, Hawaii Disability Rights Center, National Federation of the Blind of Hawaii, and one individual. Your Committee received comments on this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 538, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1682 Finance on S.B. No. 1220

The purpose of this measure is to add the University of Hawaii to the list of agencies that are authorized to conduct criminal history record checks on current or prospective employees or contractors whose duties include ensuring the security of campus facilities and persons.

Your Committee received testimony in support of this measure from the Department of Human Resources Development and University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1220, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1683 Finance on S.B. No. 348

The purpose of this measure is to:

- (1) Update existing law to require bottled water to meet standards prescribed by the United States Food and Drug Administration regarding product quality standards for bottled water; and
- (2) Repeal the requirement that noncarbonated bottled water be transported, stored, processed, or bottled in or through lines or equipment through which only water is passed.

Your Committee received testimony in support of this measure from the Sierra Club National Marine Team, Ko Olina Resort Operators Association, Ball Corporation, and Hawaii Food Industry Association. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 348, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1684 Finance on S.B. No. 934

The purpose of this measure is to exempt hydrogen fuel products from petroleum product measurement requirements.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawaii Hydrogen Alliance, Ulupono Initiative, Western States Hydrogen Alliance, Blue Planet Foundation, Alliance for Automotive Innovation, Hawaii Food Industry Association, and Hawai'i Gas. Your Committee received comments on this measure from the Department of Agriculture and Service.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 934, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1685 Finance on S.B. No. 1054

The purpose of this measure is to enable the use of monies in the Brownfields Cleanup Revolving Loan Fund for subgrants to eligible entities for assessment and cleanup of brownfields sites and certain site-monitoring activities.

Your Committee received testimony in support of this measure from the Department of Health; Department of Business, Economic Development, and Tourism; Office of Planning; and Department of Planning and Permitting of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1054, S.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1686 Finance on S.B. No. 1202

The purpose of this measure is to make various technical amendments to the fuel tax law, liquor tax law, and cigarette tax and tobacco tax law under the jurisdiction of the Department of Taxation.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1202, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1687 Finance on S.B. No. 973

The purpose of this measure is to amend the Hawaii Money Transmitters Act by:

- (1) Incorporating definitions of key terms provided in the Model Money Services Business Law published by the Conference of State Bank Supervisors;
- (2) Requiring an applicant for a money transmitter license to submit information concerning any bankruptcy or receivership proceedings;
- (3) Extending the period of an applicant's litigation and criminal conviction history review from five to ten years from the date of the application; and
- (4) Clarifying the authority of the Commissioner of Financial Institutions to examine and investigate licensees or authorized delegates of licensees and participate in nationwide protocols for licensing cooperation and coordination among state regulators.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 973, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1688 Finance on S.B. No. 140

The purpose of this measure is to:

- (1) Require the Hawaii Community Development Authority to develop a transit-oriented development zone improvement program;
- (2) Amend the membership of the Hawaii Community Development Authority for matters affecting transit-oriented development zones; and
- (3) Authorize the Hawaii Community Development Authority to establish transit-oriented development zones for lands within county-designated transit-oriented development zones or within a one-half mile radius around proposed or existing transit stations, under certain circumstances.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Planning, and Hawaii Community Development Authority. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from Hawaii's Thousand Friends.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 140, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Branco, Marten). Noes, none. Excused, 1 (McDermott).

SCRep. 1689 Finance on S.B. No. 1401

The purpose of this measure is to

- (1) Require the Department of Transportation to:
 - (A) Consider and pursue certain goals when planning, designing, and implementing ground transportation infrastructure;
 - (B) Establish and publish performance standards with measurable benchmarks reflecting the capacity for all users to travel safely and conveniently along state roadways;
 - (C) Ensure that the complete street policies of the State apply to new construction, reconstruction, repaving, operations, and maintenance activities; and
 - (D) Ensure that a complete streets policy checklist of the duties of the Department of Transportation is published;
- (2) Amend the amount of eligible federal funds, in addition to other state highway fund monies available, to establish multi-use paths, bicycle paths, and bicycle lanes, and install signage and safety devices along bikeways;
- (3) Require the Director of Transportation to submit to the Legislature an annual report detailing compliance with the complete streets policy and principles during the preceding fiscal year; and
- (4) Require the counties to consider complete street policies when adopting or amending land use ordinances.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Health; Office of Hawaiian Affairs; Disability and Communication Access Board; Hawaii Climate Change Mitigation and Adaptation Commission; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; American Heart Association; AARP Hawai'i; Ulupono Initiative; Hawaii Bicycling League; Climate Protectors Hawaii; AlohaCare; Hawai'i Pacific Health Institute; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1401, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1690 Finance on S.B. No. 1402

The purpose of this measure is to require the Department of Transportation to create motor vehicle, bicycle, and pedestrian highway and pathway networks throughout each island.

Your Committee received testimony in support of this measure from the Department of Health; Department of Transportation; Office of Planning; Hawaii Climate Change Mitigation and Adaptation Commission; Hawaii State Energy Office; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; American Heart Association; AARP Hawai'i; Ulupono Initiative; Hawaii Bicycling League; Climate Protectors Hawaii; Blue Plant Foundation; AlohaCare; Hawai'i Public Health Institute; and two individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1402, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1691 Finance on S.B. No. 320

The purpose of this measure is to:

- (1) Require tax return preparers to have a valid preparer tax identification number for claims and returns prepared for compensation submitted to the State;
- (2) Require tax return preparers to include the valid preparer tax identification number on any return or claim for refund prepared for compensation as required by the Department of Taxation;
- (3) Beginning with calendar year 2022, establish a continuing education requirement of four hours per calendar year for tax return preparers; and
- (4) Require the Board of Public Accountancy to adopt rules regarding continuing education, including compliance procedures and penalties for violations.

Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and Hawaii Association of Public Accountants.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 320, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1692 Finance on S.B. No. 513

The purpose of this measure is to:

- (1) Establish an expeditious adjudication system for processing fireworks infractions, similar to the system for processing traffic infractions, with fines applying for violations of provisions that are not specifically provided for under the Fireworks Control Law as felonies or misdemeanors;
- (2) Implement the recommendations of the 2010 Illegal Fireworks Task Force by:
 - (A) Raising the fireworks display permit fee from \$110 to \$150;
 - (B) Clarifying that each aerial device, display firework, or article pyrotechnic having a total weight of twenty-five pounds or less that is illegally imported, transferred, or sold constitutes a separate violation;
 - (C) Increasing the penalty for removing or extracting the pyrotechnic contents from any firework or articles pyrotechnic for certain uses; and
 - (D) Increasing the fine for certain fireworks violations from no more than \$2,000 per violation to no more than \$5,000 per violation;
- (3) Authorize the Sheriff Division of the Department of Public Safety to enforce the Fireworks Control Law;
- (4) Require the Attorney General to establish an Explosion Detection Technology Working Group to study the feasibility of purchasing and deploying explosion detection technology to assist certain county police departments in locating and responding to explosions caused by the illegal use of firearms and fireworks; and
- (5) Require the Department of Public Safety to develop and implement a statewide web-based reporting tool for illegal fireworks that will provide the counties with additional data to enforce the applicable fireworks laws.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Hawaiian Humane Society, and two individuals. Your Committee received comments on this measure from the Department of Public Safety.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 513, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1693 Finance on S.B. No. 599

The purpose of this measure is to require massage therapy licensees to complete twelve hours of continuing education within the two-year period preceding the licensure renewal date, of which two hours shall include first aid, cardiopulmonary resuscitation, or other emergency-related courses, beginning with renewals for the biennium period beginning July 1, 2024.

Your Committee received testimony in support of this measure from the Board of Massage Therapy, American Massage Therapy Association - Hawaii Chapter, and one individual. Your Committee received comments on this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 599, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1694 Finance on S.B. No. 766

The purpose of this measure is to allow a penalty of up to \$5,000 for each fourth or subsequent violation of the Motor Carrier Law within one calendar year.

Your Committee received testimony in support of this measure from the Public Utilities Commission, Hawaii Transportation Association, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 766, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1695 Finance on S.B. No. 1096

The purpose of this measure is to make various amendments to the State's insurance laws. Specifically, this measure:

- (1) Institutes certain consumer protections with regard to public adjusters, by:
 - (A) Requiring certain contractual terms and disclosures;
 - (B) Specifying that the commissions, fee, or other compensation that public adjusters may charge cannot be unreasonable; and
 - (C) Specifying that insureds have a right to rescind that contract, with certain restrictions;
- (2) Imposes the standard of conduct that is applied to other insurers upon limited lines motor vehicle rental company producers, owners of self-service storage facilities, and vendors of portable electronics;
- (3) Authorizes the Insurance Commissioner to waive or modify, in whole or part, upon a showing of good cause, any or all fees deposited into the Commissioner's Education and Training Fund and Compliance Resolution Fund;
- (4) Mandates the electronic payment of certain taxes and electronic filing of certain reports, and updates the system utilized for electronic filing;
- (5) Corrects an inaccuracy by stating that public adjusters and bill reviewers handle funds, not premiums;
- (6) Reinstates the right to an administrative hearing and appeal from an order that was inadvertently repealed by Act 279, Session Laws of Hawaii 2019;
- (7) Amends the composition and criteria for choosing members of the Hawaii Joint Underwriting Plan Board of Governors;
- (8) Lowers the minimum nonforfeiture interest rate from one percent to fifteen-hundredth of one percent;
- (9) Clarifies that rewards under wellness programs that meet certain criteria do not constitute a rebate by insurers to insureds;
- (10) Deletes the statutory date for extensions of certificates of authority for risk retention groups and authorizes the Insurance Commissioner to establish the dates consistent with the Insurance Commissioner's authority to establish dates for extensions for other insurers under the Insurance Code; and
- (11) Repeals the \$140 penalty imposed on pharmacy benefit managers for failure to renew their registration.

Your Committee received testimony in support of this measure from the American Insurance Group, Inc.; Planned Parenthood Votes Northwest and Hawaii; Kaiser Permanente Hawai'i; American Association of Public Insurance Adjusters; American Council of Life Insurers; and Hawaii Medical Service Association. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1096, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1696 Finance on S.B. No. 1098

The purpose of this measure is to adopt certain provisions of the National Association of Insurance Commissioners' Producer Licensing Model Act, Public Adjuster Licensing Model Act, Reinsurance Intermediary Model Act, and Independent Adjuster Licensing Model Guidelines to provide consistency and promote efficiency in processing insurance licensing fees, applications, certificates, registrations, and renewals.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1098, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1697 Finance on S.B. No. 1100

The purpose of this measure is to adopt the National Association of Insurance Commissioners' Insurance Data Security Model Law to establish insurance data security standards for insurance licensees.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; American International Group, Inc.; American Council of Life Insurers; and Hawaii Captive Insurance Council.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1100, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1698 Finance on S.B. No. 1104

The purpose of this measure is to increase the monetary amount an injured homeowner may recover from the Contractors Recovery Fund and increase the maximum amount of liability that may be recovered from the Contractors Recovery Fund per licensed contractor.

Your Committee received testimony in support of this measure from the Contractors License Board. Your Committee received testimony in opposition to this measure from Mark Development, Inc.; Building Industry Association of Hawaii; General Contractors Association of Hawaii; CC Engineering and Construction, Inc.; Statewide General Contracting and Construction, Inc.; and four individuals. Your Committee received comments on this measure from the Subcontractors Association of Hawaii and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1104, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1699 Finance on S.B. No. 1342

The purpose of this measure is to include under the offense of promoting gambling in the first degree, the act of engaging in activities in which a person receives or entertains other persons as guests with the intent of advancing gambling activity on real property.

Your Committee did not receive any testimony on this measure.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1342, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Wildberger). Noes, none. Excused, 1 (McDermott).

SCRep. 1700 Finance on S.B. No. 294

The purpose of this measure is to make the State's civil asset forfeiture process more just by amending the Hawaii Omnibus Criminal Forfeiture Act to:

- (1) Restrict civil asset forfeiture to cases involving the commission of a felony offense where the property owner has been convicted of the underlying felony offense, subject to certain circumstances;
- (2) Direct any forfeiture proceeds to the general fund;
- (3) Amend the allowable expenses for monies in the Criminal Forfeiture Fund;
- (4) Require the Attorney General to adopt rules necessary to carry out the purpose of the Hawaii Omnibus Criminal Forfeiture Act; and
- (5) Amend the deadline for the Attorney General to report to the Legislature on the use of the Hawaii Omnibus Criminal Forfeiture Act.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Americans for Democratic Action Hawai'i, Young Progressives Demanding Action, Common Cause Hawaii, Community Alliance on Prisons, American Civil Liberties Union of Hawai'i, and fifteen individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources, Hawai'i Police Department, Maui Police Department, Department of the Prosecuting Attorney of the County of Maui, Department of the Prosecuting Attorney of the City and County of Honolulu, and Honolulu Police Department. Your Committee received comments on this measure from the Office of Hawaiian Affairs, Department of the Attorney General, Department of Public Safety, and Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 294, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (Marten). Excused, 1 (McDermott).

SCRep. 1701 Finance on S.B. No. 384

The purpose of this measure is to clarify that filing fees for tax appeals are nonrefundable and that no deposits are required for tax appeals.

Your Committee received testimony in support of this measure from the Judiciary. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 384, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1702 Finance on S.B. No. 385

The purpose of this measure is to:

- (1) Enact the 2018 Uniform Trust Code with appropriate amendments to reflect Hawaii law and practice; and
- (2) Repeal the Uniform Trustees' Powers Act, Uniform Prudent Investor Act, and laws regarding trust administration under the Uniform Probate Code.

Your Committee received testimony in support of this measure from the Judiciary and Commission to Promote Uniform Legislation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 385, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1703 Finance on S.B. No. 412

The purpose of this measure is to:

- (1) Clarify the implied consent law to make exceptions for giving a breath, blood, or urine test pursuant to a search warrant or any other basis permissible under the Constitution of the State of Hawaii and state law; and
- (2) Exclude the offense of habitually operating a vehicle under the influence of an intoxicant from qualifying for deferred acceptance of a guilty plea or nolo contendere plea.

Your Committee received testimony in support of this measure from the Hawaii Strategic Highway Safety Plan, Office of the Prosecuting Attorney of the County of Hawai'i, Office of the Prosecuting Attorney of the County of Kaua'i, Department of the Prosecuting Attorney of the County of Maui, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawai'i Police Department, Maui Police Department, and Honolulu Police Department. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and Hawai'i Association of Criminal Defense Lawyers.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 412, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (McDermott).

SCRep. 1704 Finance on S.B. No. 421

The purpose of this measure is to require vacancies in the offices of United States Senators, State Senators, and State Representatives to be filled by special election.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Office of Elections.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 421, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (B. Kobayashi, Tam). Noes, none. Excused, 1 (Perruso).

SCRep. 1705 Finance on S.B. No. 630

The purpose of this measure is to require that every judgment for child support, including a judgment for reimbursement or other debts, shall be enforceable until paid in full.

Your Committee did not receive any testimony on this measure.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 630, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1706 Finance on S.B. No. 873

The purpose of this measure is to authorize the use of interactive conference technology for contested case hearings.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Hawai'i Civil Rights Commission, and Maunakea Observatories. Your Committee received comments on this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 873, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1707 Finance on S.B. No. 1260

The purpose of this measure is to eliminate the use of monetary bail and require defendants to be released on their own recognizance for traffic offenses, violations, nonviolent petty misdemeanor and misdemeanor offenses, and nonviolent class C felony offenses, upon certain conditions and with specified exceptions.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Office of Hawaiian Affairs; Hawai'i Correctional System Oversight Commission; Young Progressives Demanding Action; United Public Workers, AFSCME Local 646, AFL-CIO; Common Cause Hawaii; Imua Alliance; Americans for Democratic Action Hawai'i; Community Alliance on Prisons; Foresight/Policy Analysis; and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, Department of the Prosecuting Attorney of the County of Maui, Retail Merchants of Hawaii, and one individual. Your Committee received comments on this measure from the Judiciary, Hawaii Disability Rights Center, and American Civil Liberties Union of Hawai'i.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1260, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1708 Finance on S.B. No. 1409

The purpose of this measure is to:

- (1) Prohibit a newly appointed or reappointed council, board, and commission member from serving if the member has not completed, within the requisite time, the required training course related to native Hawaiian and Hawaiian traditional and customary rights, native Hawaiian and Hawaiian natural resource protection and access rights, and the public trust, including the State's trust responsibility;
- (2) Require the Office of Hawaiian Affairs and Department of Land and Natural Resources to compile an annual report of council, board, and commission members who have failed to complete their training course requirement; and
- (3) Require the Office of Hawaiian Affairs to record the training courses and make the recordings available to those who were unable to attend the training course.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Kua'āina Ulu 'Auamo, Ka Huli Ao Center for Excellence in Native Hawaiian Law, and three individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1409, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (B. Kobayashi). Noes, none. Excused, 1 (McDermott).

SCRep. 1709 Finance on S.B. No. 219

The purpose of this measure is to:

- (1) Impose extended terms of imprisonment for certain offenses against property rights committed when on agricultural land; and

- (2) Appropriate funds to the Department of the Attorney General to establish a statewide Agricultural Theft Task Force to provide law enforcement with tools necessary to identify agricultural theft perpetrators.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau; and Ulupono Initiative. Your Committee received testimony in opposition to this measure from the American Civil Liberties Union of Hawai'i and four individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs, Office of the Public Defender, and Community Alliance on Prisons.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 219, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (B. Kobayashi, Tam). Noes, 3 (Marten, Perruso, Wildberger). Excused, 1 (McDermott).

SCRep. 1710 Finance on S.B. No. 496

The purpose of this measure is to require the Department of Agriculture, in cooperation with the Office of the Governor, to build upon its strategic planning efforts under Act 151, Session Laws of Hawaii 2019, to identify the top ten fruit and vegetable imports to the State that may be commercially grown by farmers in Hawaii and recommend ways to increase their production.

Your Committee received testimony in support of this measure from Energy Research Systems, Hawai'i Farm Bureau, Climate Protectors Hawai'i, Hawaii Food Industry Association, and two individuals. Your Committee received comments on this measure from the Department of Agriculture and Ulupono Initiative.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 496, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1711 Finance on S.B. No. 791

The purpose of this measure is to amend provisions regarding the designation, impoundment, and disposal of unauthorized, abandoned, grounded, and derelict vessels on state property or in the waters of the State to more quickly address these vessels and relevant proceedings.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 791, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1712 Finance on S.B. No. 795

The purpose of this measure is to:

- (1) Require the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources to set its small boat harbor mooring and liveaboard fees at fair market value, as determined by a state-licensed appraiser, without separate nonresident fees and cost-of-living adjustments; and
- (2) Allow the Division of Boating and Ocean Recreation an additional option in determining commercial ocean operation fees.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual. Your Committee received testimony in opposition to this measure from Hawaii Ocean News, Wailoa River and Reed's Bay Boating and Users Association Inc., and nine individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 795, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (B. Kobayashi, Perruso, Tam). Noes, 1 (Wildberger). Excused, 1 (McDermott).

SCRep. 1713 Finance on S.B. No. 1166

The purpose of this measure is to authorize the Board of Land and Natural Resources to approve rental reductions or waivers for leases that require substantial demolition costs or infrastructure improvement costs in order for the lessee to make productive use of the land.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual. Your Committee received testimony in opposition to this measure from Kūpuna for the Mo'opuna. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1166, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Wildberger). Noes, 1 (Perruso). Excused, 1 (McDermott).

SCRep. 1714 Finance on S.B. No. 1313

The purpose of this measure is to:

- (1) Establish, no later than January 1, 2023, a pilot project in the Division of Aquatic Resources of the Department of Land and Natural Resources to restock northern largemouth bass, butterfly peacock bass, or both, in the Wahiawa public fishing area in central Oahu; and
- (2) Require the Division of Aquatic Resources to apply to the Department of Agriculture for the permit to import the northern largemouth bass and work with another public entity or partner with a private entity to accomplish the pilot project.

Your Committee received testimony in support of this measure from the Hawaii Freshwater Fishing Association, Wahiawa Community Based Development Organization, and fifteen individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1313, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 2 (Perruso, Wildberger). Excused, 1 (McDermott).

SCRep. 1715 Judiciary & Hawaiian Affairs on S.B. No. 1327

The purpose of this measure is to amend or repeal various provisions of the Hawaii Revised Statutes or the Session Laws of Hawaii for the purposes of correcting errors and references, clarifying language, or deleting obsolete or unnecessary provisions.

Your Committee received testimony in support of this measure from the Legislative Reference Bureau.

Your Committee finds that this statutory revision measure is submitted by the Legislative Reference Bureau pursuant to Chapter 23G, Hawaii Revised Statutes. All of the statutory amendments proposed by this measure are intended to be technical in nature to correct errors, omissions, or obsolete laws.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1327, S.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1716 Judiciary & Hawaiian Affairs on S.B. No. 153

The purpose of this measure is to:

- (1) Prohibit any person whose driver's license has been administratively revoked or who has been convicted for offenses involving operating a vehicle under the influence of an intoxicant from being eligible for a driver's license without providing proof of compliance with the ignition interlock law;
- (2) Require the Director of Transportation to contract with the selected ignition interlock vendor to provide at no cost for the installation and periodic calibration charges to certain offenders who apply for assistance; and
- (3) Require a person who does not own or have the use of a vehicle in which the person can install an ignition interlock device during the revocation period or is otherwise unable to drive during the revocation period to be absolutely prohibited from driving during a period of time equal to twice that of the applicable revocation period.

Your Committee received testimony in support of this measure from Casanova Powell Consulting, AAA Hawaii, Smart Start LLC, Mothers Against Drunk Driving Hawaii, The Foundation for Advancing Alcohol Responsibility, Traffic Injury Research Foundation, and two individuals. Your Committee received testimony in opposition to this measure from the Department of Transportation and Office of the Public Defender. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that ignition interlock devices play a direct role in preventing an individual from being a repeat offender of driving while under the influence of an intoxicant. Your Committee believes that these devices are effective at keeping roads safe and ensuring that offenders have complied with ignition interlock devices laws. This measure will protect the public from repeat offenders who put themselves and others at risk when they decide to drive under the influence of an intoxicant by expanding on the existing ignition interlock device law.

Your Committee has amended this measure by:

- (1) Amending the eligibility for a driver's license upon providing proof of compliance with the ignition interlock law to apply to persons who have installed an ignition interlock device in any vehicle operated by the person, instead of all vehicles that the person owns or drives;
- (2) Deleting language that would have required the Director of Transportation to contract with the selected ignition interlock vendor to provide at no cost for the installation and periodic calibration charges to certain offenders who apply for assistance;
- (3) Amending the period of time that a person who does not own or have the use of a vehicle in which the person can install an ignition interlock device during the revocation period or is otherwise unable to drive during the revocation period is absolutely prohibited from driving to a period of two years; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 153, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 153, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 1717 Judiciary & Hawaiian Affairs on S.B. No. 157

The purpose of this measure is to broaden the eligibility for determining who may solemnize marriages by authorizing any individual at least eighteen years of age to solemnize marriage through civil licenses.

Your Committee received testimony in support of this measure from the Department of Health, Rainbow Family 808, LGBT Caucus of the Democratic Party of Hawaii, and two individuals.

Your Committee finds that under existing law, only clergy, religious societies, justices, judges, and magistrates are authorized to solemnize marriages. However, the right to marry belongs to all citizens, regardless of their moral beliefs or religious creed. This measure will allow persons without any religious affiliation to perform the marriage rite.

Your Committee has amended this measure by:

- (1) Clarifying that an individual performs and solemnizes the marriage rite pursuant to a civil license upon the presentation to the individual of a license to

marry in accordance with existing law;

- (2) Specifying that individuals with a civil license to solemnize a marriage may receive the price stipulated by the parties or the gratification tendered;
- (3) Specifying that the fee for a civil license to solemnize marriages is \$100 per year the permit is valid; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 157, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 157, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 1718 Judiciary & Hawaiian Affairs on S.B. No. 189

The purpose of this measure is to repeal the requirement that a dog has bitten a human being on at least two separate occasions before any person may bring an action to determine whether conditions of treatment or confinement have changed so as to remove the danger the dog poses to other persons.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that under existing law, a person may bring an action in court to inquire into the conditions of treatment or confinement of a dog that has bitten a human being only if the dog has bitten a human being on at least two separate occasions. Your Committee further finds that this requirement may be difficult to assess as many incidents of dog bites go unreported. This measure will allow an individual to inquire into the conditions of treatment or confinement of a dog without the burdensome requirement of proving two separate occasions on which the dog bit a human being.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 189, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 189, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 1719 Judiciary & Hawaiian Affairs on S.B. No. 413

The purpose of this measure is to exclude the offense of violation of privacy in the first degree, and certain subsections of violation of privacy in the second degree, from qualifying for deferred acceptance of a guilty plea or nolo contendere plea.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and Honolulu Police Department. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that due to the serious nature of certain privacy violations involving other people's intimate activities, private communications, or intimate areas of the body, without consent, offenders should not be eligible for deferred pleas.

Your Committee has amended this measure by changing the effective date to July 1, 3021, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 413, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 413, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (McKelvey). Noes, 1 (Nakamura). Excused, 1 (D. Kobayashi).

SCRep. 1720 Judiciary & Hawaiian Affairs on S.B. No. 639

The purpose of this measure is to prohibit courts of appeal from affirming, modifying, reversing, or vacating a matter on grounds other than those raised by the parties to the proceeding, unless the parties are provided the opportunity to brief the court.

Your Committee received testimony in opposition to this measure from the Judiciary. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that this measure will ensure due process during the appeals process and permit parties, rather than the appellate court, to litigate their cases.

Your Committee has amended this measure by:

- (1) Amending its purpose section;
- (2) Requiring a rehearing to be ordered upon timely petition of any party if the court fails to afford the opportunity for the parties to submit supplemental briefing; and
- (3) Changing the effective date to July 1, 3021, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 639, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 639, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Takumi).

SCRep. 1721 Judiciary & Hawaiian Affairs on S.B. No. 726

The purpose of this measure is to:

- (1) Require officers serving a warrant to declare the officer's office and business and wait thirty seconds before entry into a house, store, or other building, subject to certain circumstances; and
- (2) Require officers serving a warrant issued by a district court to do so in uniform.

Your Committee received testimony in support of this measure from the Office of the Public Defender, one member of the Kauaʻi County Council, Hawaiʻi Health & Harm Reduction Center, The Drug Policy Forum of Hawaiʻi, Young Progressives Demanding Action, LGBT Caucus of the Democratic Party of Hawaii, American Civil Liberties Union of Hawaiʻi, Americans for Democratic Action Hawaiʻi, Community Alliance on Prisons, AF3IRM Hawaiʻi, Ohana Hoʻopakele, YWCA Oʻahu, Planned Parenthood Alliance Advocates - Hawaiʻi, Rare Disease Hawaii, Techmana LLC, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, and two individuals.

Your Committee finds that this measure will prohibit the usage of no-knock raids in which law enforcement officers forcibly enter a dwelling without knocking or announcing their presence. According to the New York Times, ninety-four people, eighty-one of whom were members of the public, died between 2010 and 2016 as a result of no-knock or quick-knock raids. In response to the dangerousness of no-knock raids, three other states have expressly banned the use of these raids. Although this measure will provide greater protection from intrusive and dangerous policing practices, your Committee recognizes that exigent circumstances may sometimes exist that justify the use of quick-knock raids.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that officers or persons serving a warrant must use an audible voice, instead of a loud voice;
- (2) Clarifying that officers are not required to wait thirty seconds before entry into a house, store, or other building if exigent circumstances exist that cause waiting to be hazardous or otherwise impracticable;
- (3) Requiring that officers serving a warrant issued by a district court do so in an authorized uniform and wear and use a body-worn video camera;
- (4) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 726, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 726, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Tokioka). Noes, none. Excused, none.

SCRep. 1722 Judiciary & Hawaiian Affairs on S.B. No. 1042

The purpose of this measure is to:

- (1) Require persons who remain in Hawaii for more than ten days or for an aggregate period of more than thirty days per year and are subject to registration or community or public notification requirements as covered offenders or sexual offenders in another state or jurisdiction to register as a covered offender in Hawaii, regardless of whether the out-of-state conviction is a covered offense under Hawaii law; and
- (2) Amend the registration requirements for persons who establish or maintain a residence in Hawaii and are subject to registration or community or public notification requirements as covered offenders or sexual offenders in another state or jurisdiction.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Public Safety, and Department of the Prosecuting Attorney of the County of Maui.

Your Committee finds that the Hawaii Supreme Court recently ruled that, under existing law, a person who visits Hawaii for more than ten days or for more than thirty days per year does not need to register as a covered offender in Hawaii if the person's out-of-state conviction does not correspond to a covered offense under existing Hawaii law. This measure will better ensure compliance with the purpose and intent of Hawaii's covered offender registration laws.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3021, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1042, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1042, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (D. Kobayashi).

SCRep. 1723 Judiciary & Hawaiian Affairs on S.B. No. 1050

The purpose of this measure is to add the Department of the Attorney General to the list of agencies that are authorized to conduct criminal history record checks on current or prospective employees or employees or agents of contractors who have access to federal tax information.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Taxation, Department of Human Resources Development, and one individual.

Your Committee finds that the Internal Revenue Service requires that background checks be performed on all current and prospective employees and contractors who receive access to federal tax information. These background checks must be comprehensive and include a state and Federal Bureau of Investigation fingerprint-based background check. Your Committee further finds that the Department of the Attorney General requires additional authorization, as provided by this measure, to comply with this requirement.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1050, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1050, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1724 Education on S.C.R. No. 9

The purpose of this measure is to convene a task force to address implementation of Hawaii's state law corollary to Title IX to strengthen Hawaii's efforts to end campus-based sexual violence and gender discrimination.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Civil Rights Commission, Planned Parenthood Alliance Advocates, Women's Caucus of the Democratic Party of Hawai'i, American Association of University Women of Hawaii, Hawaii Women's Coalition, Democratic Party of Hawai'i Education Caucus, Imua Alliance, The Every Voice Coalition, and four individuals. Your Committee received testimony in support of the intent of this measure from the University of Hawai'i System.

Your Committee finds that, under the previous United States presidential administration, several changes were proposed to Title IX of the federal Education Amendments of 1972, which prohibits sex-based discrimination in any school that receives federal money. These changes include reducing the number of complaints involving sexual harassment and other forms of sexual misconduct that currently fall within the purview of Title IX and limit the scope of educational institutions' liability for complaints of sexual harassment.

Your Committee further finds that, in response to the intended policy changes to Title IX of the federal Education Amendments of 1972 by the previous United States presidential administration, the Legislature passed, and the Governor signed into law, Act 110, Session Laws of Hawaii 2018, which established a state law corollary to Title IX that prohibits sex-based discrimination in state-administered or state-funded educational programs or activities, including discrimination based on sexual orientation, gender identity, and gender expression. Your Committee believes that the convening of a task force is needed to address any potential conflicts between Hawaii's state law corollary and any recent or future changes to the Title IX regulations to strengthen the State's efforts to end campus-based sexual violence and gender discrimination.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 9, S.D. 2, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 4 (DeCoite, Gates, Ohno, Quinlan).

SCRep. 1725 Education on S.C.R. No. 38

The purpose of this measure is to urge the Department of Education School Food Services Branch to adopt an addendum to its agreements for the 'Aina Pono Hawaii State Farm To School Program to require the procurement of goods and services from food hubs.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Department of Research and Development of the County of Hawaii, Hawai'i Farm Bureau, Hawai'i Public Health Institute, and one individual. Your Committee received testimony in support of the intent of this measure from the Department of Education.

Your Committee finds that Act 218, Session Laws of Hawaii 2015, established a farm to school program within the Department of Agriculture to address the issues of supply, demand, procurement, and consumption of Hawaii-grown foods in state facilities, primarily education facilities, and take reasonable steps to incorporate more agriculture and nutrition education in schools. Your Committee further finds that the Department of Education and Office of the Lieutenant Governor rebranded the farm to school program as the 'Aina Pono Hawaii State Farm to School program in 2018 to unite the Department of Education School Food Services Branch's existing health and nutrition education programs, such as 'Aina Pono Harvest of the Month, test kitchens, meal programs, menu planning, and school gardens.

Your Committee additionally finds that farmers in Hawaii face many obstacles on their way to achieving economic sustainability. Your Committee notes that food hubs provide these small to mid-sized farmers and producers with facilities for aggregation, storage, processing, distribution, and marketing support. This measure seeks to increase the procurement of goods and services from local food hubs by the Department of Education for schools.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 38, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 4 (DeCoite, Gates, Ohno, Quinlan).

SCRep. 1726 Education on S.C.R. No. 100

The purpose of this measure is to request the Department of Education to provide free menstrual products to students on all Hawaii public school campuses.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, Planned Parenthood Alliance Advocates, American Association of University Women of Hawaii, Hawaii State Teachers Association, Ma'i Movement Hawai'i, Hawai'i Women's Coalition, I Support The Girls Hawaii, and numerous individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that, according to the nationwide survey conducted by Always of Procter and Gamble, since the beginning of the COVID-19 pandemic, one out of three parents are worried about their ongoing ability to afford menstrual products. Your Committee further finds that a 2016 New York City pilot program found that access to free menstrual products in public schools increased attendance by 2.4 percent, leading to a package of legislation providing free access to menstrual products for New York City's students. This measure requests the Department of Education to also provide free menstrual products to students in Hawaii's public schools.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 100 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 4 (DeCoite, Gates, Ohno, Quinlan).

SCRep. 1727 Education on S.C.R. No. 151

The purpose of this measure is to encourage the Department of Education, complex areas, and charter schools to implement school-wide restorative justice initiative practices in Hawaii's public and charter schools.

Your Committee received testimony in support of this measure from the Department of Education; We Are One, Inc.; and thirteen individuals.

Your Committee finds that restorative justice practices are a values-based approach to community building, problem solving, and conflict resolution that builds and restores relationships, creates opportunities for dialogue, repairs harm, transforms conflict, and creates equitable learning environments in schools.

Studies have shown that restorative justice practices can lead to reductions in problem behavior, improvements in school climate, and increases in student achievement, attendance, and graduation rates. Your Committee believes that implementing restorative justice practices in state schools will create a positive learning environment in the schools for students.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 151, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Okimoto). Noes, none. Excused, 4 (DeCoite, Gates, Ohno, Quinlan).

SCRep. 1728 Education on S.C.R. No. 152

The purpose of this measure is to urge the Department of Education to coordinate with the Department of Commerce and Consumer Affairs to implement a graduation requirement of at least a half credit in financial literacy during the junior year or senior year.

Your Committee received testimony in support of this measure from the Hawaii Credit Union League; Visa Inc.; Next Gen Personal Finance; and two individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education.

Your Committee finds that financial literacy is the capacity, based on knowledge, skills, and access, to manage financial resources effectively. Your Committee further finds that the lack of financial literacy education significantly limits social and income mobility of students from moderate- and low-income communities. Your Committee notes that the Department of Education, in coordination with the Department of Commerce and Consumer Affairs, offers several financial literacy materials and instruction, but lacks a comprehensive financial literacy standard and curriculum. Your Committee believes the implementation of a financial literacy graduation requirement will provide students with practical information on matters relating to finances and empower students to better manage their money as adults.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 152 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 4 (DeCoite, Gates, Ohno, Quinlan).

SCRep. 1729 Education on S.C.R. No. 198

The purpose of this measure is to urge the Department of Education to include civic online reasoning and media literacy in its information technology curriculum.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee finds that teaching civic online reasoning and media literacy prepares students for judging the credibility of the media and online sources. Your Committee notes that studies have shown that many students have failed to effectively evaluate the credibility of information and should be given the tools to seek and evaluate information to distinguish truths from falsehoods. According to a study conducted by Stanford University researchers, when it comes to evaluating information that flows through social media channels, children are easily misled. This measure urges the Department of Education to include civic online reasoning and media literacy in its information technology curriculum to provide students with the opportunity to develop sound digital citizenship and become media literate.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 198 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 4 (DeCoite, Gates, Ohno, Quinlan).

SCRep. 1730 Education on S.C.R. No. 203

The purpose of this measure is to urge the Board of Education to form a special committee or permitted interaction group to monitor and account for how the Department of Education is spending its federal relief funds.

Your Committee received testimony in support of this measure from the Hui for Excellence in Education, Hawaii State Teachers Association, and two individuals.

Your Committee finds that the Coronavirus Aid, Relief, and Economic Security (CARES) Act, Public Law 116-136, created the Education Stabilization Fund to provide emergency funding for education systems, and within that fund is the Elementary and Secondary School Emergency Relief (ESSER) Fund, which awards funds to states based on their relative share of Elementary and Secondary Education Act (ESEA) grants for fiscal year 2019. Your Committee further finds that in May 2020, the Department of Education applied for Hawaii's share of relief funds from the United States Department of Education and received \$43,385,229.

Your Committee additionally finds that on December 21, 2020, Congress passed the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, Public Law 116-260, 2021, which authorized \$900,000,000,000 in stimulus relief through various programs and a \$1,400,000,000,000 omnibus spending package. Your Committee notes that states that received certain federal funds, including funds from the ESSER Fund established by the CARES Act and the CRRSA Act, are required to assure that they will maintain support for education programs. Although the Department of Education has reported its use of ESSER funds on a monthly basis, there has been a lack of transparency and accountability in how the Department of Education and their schools have utilized their funds to service students. Furthermore, there are ongoing concerns with the manner in which the Department of Education has been utilizing these ESSER funds, as well as disagreements between the Board of Education and Department of Education on how funds should be spent. This measure urges the Board of Education to form a group to oversee the use of those federal funds and ensure that there is transparency and accountability in how the Department of Education and their schools utilize the funds to service students.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 203 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 4 (DeCoite, Gates, Ohno, Quinlan).

SCRep. 1731 Energy & Environmental Protection on S.C.R. No. 23

The purpose of this measure is to urge the Department of Health's Environmental Management Division to ensure that destinations to which the State's

recyclable waste is transported for out-of-state processing abide by the environmental standards as outlined by the Basel Convention.

Your Committee received testimony in support of this measure from the Department of Health, Environmental Caucus of the Democratic Party of Hawai'i, Hawaii Food Industry Association, and two individuals.

Your Committee finds that much of the recyclable waste that is shipped from Hawaii to destinations in the United States is subsequently sent overseas for end-of-life processing, where it may be handled in a manner that causes harm to human health and local environments. This measure would ensure that the State's recyclable waste is processed in a manner that aligns with certain health and safety standards.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 23, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

SCRep. 1732 Energy & Environmental Protection on S.C.R. No. 44

The purpose of this measure is to declare a climate emergency and request statewide collaboration toward an immediate just transition and emergency mobilization effort to restore a safe climate.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Office of Planning, City and County of Honolulu Board of Water Supply, one member of the Maui County Council, one member of the Hawai'i County Council, Environmental Caucus of the Democratic Party of Hawai'i, Hawai'i Youth Climate Coalition, The Climate Mobilization, Kauai Climate Action Coalition, Americans for Democratic Action, Sustainable Energy Hawai'i, Big Island Electric Vehicle Association, Hawaii Electric Vehicle Association, Clean the Pacific, Our Revolution Hawaii, 350Hawaii.org, Surfrider Foundation Hawai'i Region, Hawai'i Alliance for Progressive Action, Kaua'i Women's Caucus, Climate Protectors Coalition, Zero Waste Kaua'i, Hawai'i Reef and Ocean Coalition, Pono Hawai'i Initiative, HI Strikes Back, Surfrider Foundation Kaua'i, Mālama Kaua'i, Community Coalition Kaua'i, Wailua-Kapa'a Neighborhood Association, Citizens' Climate Lobby Hawaii, Climate Protectors Hawai'i, Think B.I.G., and numerous individuals. Your Committee received comments on this measure from the Hawaii Emergency Management Agency and Hawaiian Electric Company.

Your Committee finds that a rise in the average global air temperature has resulted in larger and stronger hurricanes, increased drought and flooding, shifting rain patterns, more and larger wildfires, a hotter and more acidic ocean, and damaged ecosystems, both marine and terrestrial, across the planet. This measure highlights the urgency and importance of statewide collaboration to mitigate the effects of climate change in the State.

Your Committee has amended this measure by:

- (1) Deleting certain provisions relating to the requested climate mitigation and adaptation efforts to restore a safe climate; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 44, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 44, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

SCRep. 1733 Energy & Environmental Protection on S.C.R. No. 56

The purpose of this measure is to request all state agencies to convene and participate in the Hawaii Circular Task Force that supports Hawaii's transition toward a circular economy by 2035.

Your Committee received testimony in support of this measure from the Office of Planning; Kaulana Na Pua, Inc.; Ka Ohana O Na Pua; Ali'i Pauahi Hawaiian Civic Club; Environmental Caucus of the Democratic Party of Hawai'i; Consulting Offices of Duke Bourgoin; Clean the Pacific; Kauai Climate Action Coalition; KaPA'A; Climate Protectors Hawai'i; Surfrider Foundation; Waianae Economic Development Council; and numerous individuals.

Your Committee finds that Hawaii is a leader in combating climate change and setting ambitious renewable energy goals and has the potential to model an economy rooted in centuries of island-based values. This measure helps the State strive toward a circular economic model that promotes sustainable practices, environmental health, and community well-being.

Your Committee has amended this measure by:

- (1) Inserting language that requests the Governor to convene and participate in the Hawaii Circular Economy Task Force;
- (2) Specifying the members of the task force;
- (3) Amending its title to read, "REQUESTING THE GOVERNOR TO CONVENE AND PARTICIPATE IN THE HAWAII CIRCULAR ECONOMY TASK FORCE THAT SUPPORTS HAWAII'S TRANSITION TOWARD A CIRCULAR ECONOMY BY 2035."; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 56, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 56, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

SCRep. 1734 Energy & Environmental Protection on S.C.R. No. 61

The purpose of this measure is to reaffirm the State's commitment to combat climate change and prioritize climate change legislation.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Planning, Environmental Caucus of the Democratic Party of Hawai'i, Clean the Pacific, Climate Protectors Hawaii, and four individuals. Your Committee received comments on this measure from the Hawaii Emergency Management Agency.

Your Committee finds that the State is particularly vulnerable to natural disasters exacerbated by climate change. This measure highlights the State's commitment to mitigate the effects of climate change in the State, achieve its clean energy goals, properly resource conservation and ecological restoration efforts, and increase awareness of the climate crisis.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 61, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

SCRep. 1735 Energy & Environmental Protection on S.C.R. No. 186

The purpose of this measure is to designate April as Tree Awareness Month in the State.

Your Committee received testimony in support of this measure from Trees for Honolulu's Future and two individuals.

Your Committee finds that trees have been identified as an important tool to combat global climate change, reduce society's carbon footprint, and help communities become healthier. This measure builds awareness of the many benefits of trees and provides community building and educational and economic opportunities through related events.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 186, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

SCRep. 1736 Pandemic & Disaster Preparedness on S.C.R. No. 111

The purpose of this measure is to request the Hawaii Emergency Management Agency to convene a task force to study and identify appropriate stockpile storage facility options to store and distribute emergency supplies.

Your Committee received comments on this measure from the Hawaii Emergency Management Agency and Hawaii Technology Development Corporation.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic severely limited the State's inventories of personal protective equipment and other medical products and supplies. The COVID-19 pandemic has proven that local medical facilities can easily be overrun and emergency resources can quickly be depleted during a pandemic or other natural or human-caused emergencies. This measure ensures that the State will have the facilities necessary to help mitigate any impacts on the State's supply of necessary resources by gathering experts to determine storage facility options for emergency supplies.

Your Committee has amended this measure by:

- (1) Changing the representative on the task force from the Director of the Hawaii Emergency Management Agency to its Administrator;
- (2) Clarifying that the representative on the task force from the Department of the Defense is the Adjutant General or the Adjutant General's designee; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 111, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 111, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (McKelvey, Woodson, Yamashita, Ward).

SCRep. 1737 Pandemic & Disaster Preparedness on S.C.R. No. 169

The purpose of this measure is to urge the Governor to create a task force to develop recommendations on the roles and responsibilities of the Department of the Attorney General and law enforcement in enforcing the emergency proclamations to mitigate the spread of the coronavirus disease 2019.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and one individual. Your Committee received comments on this measure from the Department of the Attorney General and Hawaii Emergency Management Agency.

Your Committee finds that in order to mitigate the spread of the coronavirus disease 2019 (COVID-19) in the State, the Governor and mayors exercised their emergency powers granted under law to implement various restrictions and safety requirements. Existing law only provides the Governor and mayors the ability to establish misdemeanor offenses, which has put a heavy burden on the criminal justice system. This has led to the Honolulu Police Department alone issuing roughly sixty thousand citations for emergency proclamation violations. Your Committee further finds that enforcement of the Governor's emergency orders is largely on the honor system, dependent on the deterrent effect of potential penalties. This measure is necessary to determine a better means of enforcement for state and local law enforcement to provide a safer environment for residents and visitors of the State.

Your Committee has amended this measure by:

- (1) Amending its title to read, "URGING THE GOVERNOR TO CREATE A TASK FORCE TO DEVELOP RECOMMENDATIONS ON THE ROLES AND RESPONSIBILITIES OF THE DEPARTMENT OF THE ATTORNEY GENERAL AND LAW ENFORCEMENT IN ENFORCING EMERGENCY PROCLAMATIONS TO MITIGATE THE FURTHER SPREAD OF THE CORONAVIRUS DISEASE 2019 IN HAWAII."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 169, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 169, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (McKelvey, Woodson, Yamashita, Ward).

SCRep. 1738 Pandemic & Disaster Preparedness on S.C.R. No. 5

The purpose of this measure is to recognize the importance of twenty-first century data governance for fact-based policymaking.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Office of Enterprise Technology Services; Hawaiian Affairs Caucus of the Democratic Party of Hawai'i; Hawai'i Children's Action Network Speaks!; 'Ahahui o nā Kauka; Queen's Health Systems; Spoehr Foundation; Hawai'i Friends of Civil Rights; InterAgency Council for Immigrants and Refugees; Papa Ola Lōkahi; Kūpuna for the Mo'opuna; Hawai'i Coalition for Immigrant Rights; Medical-Legal Partnership for Children in Hawai'i; Native Hawaiian and Pacific Islander Hawai'i COVID-19 Response,

Recovery and Resilience Team; Hawaii Appleseed Center for Law and Economic Justice; and numerous individuals.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic has impacted the State in various ways, such as the community's health, employment, and housing security. COVID-19 has also impacted the State's Native Hawaiian and Pacific Islander population in ways that are still trying to be understood. Efforts to better determine and address the effects of COVID-19 on Native Hawaiian and Pacific Islanders have been hindered by insufficient and inconsistent demographic data collection, processing, retention, and sharing by critical government entities. This measure will improve data governance and help the State develop data-driven, fact-based, and well-tailored policies and interventions to address the unique needs of Native Hawaiian and Pacific Islander communities.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 5 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (McKelvey, Woodson, Ward).

SCRep. 1739 Pandemic & Disaster Preparedness on S.C.R. No. 69

The purpose of this measure is to request the Hawaii Emergency Management Agency to develop an evacuation plan for areas within lava zones 1, 2, 3, 4, and 6.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council. Your Committee received comments on this measure from the Hawaii Emergency Management Agency and one individual.

Your Committee finds that Mauna Loa is the largest active volcano on the planet and that the Kilauea volcano is currently erupting with lava pouring into the lava lake within Halemaumau Crater. There are numerous volcanic hazards associated with Mauna Loa and Kilauea for the County of Hawaii and these hazards require a collective effort to mitigate any impact to the people of the County of Hawaii. This measure would ensure the safety of residents and visitors of the County of Hawaii by requesting the Hawaii Emergency Management Agency to develop an evacuation plan for certain areas within the lava zone.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 69 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (McKelvey, Woodson, Yamashita, Ward).

SCRep. 1740 Pandemic & Disaster Preparedness on S.C.R. No. 95

The purpose of this measure is to request the Governor to convene a working group to develop recommendations for effective communications with limited English proficient persons and persons with disabilities for emergencies and natural disasters.

Your Committee received testimony in support of this measure from the Judiciary, Department of Human Services, Disability and Communication Access Board, Office of Enterprise Technology Services, Office of Language Access, Hawai'i Friends of Civil Rights, Ethnic Education Hawai'i, Hawai'i Coalition for Immigrant Rights, Medical-Legal Partnership for Children in Hawai'i, and five individuals. Your Committee received comments on this measure from the Hawaii Emergency Management Agency and State Council on Developmental Disabilities.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic revealed the gaps in the State's ability to provide meaningful access to limited English proficient persons and persons with disabilities. One in nine people in the State are classified as limited English proficient persons, one of the highest proportions of non-English speakers in the nation. Your Committee further finds that language access is a civil right protected by federal and state laws. The State has been repeatedly cited for its failure to provide language accessible services. This measure is necessary to ensure that meaningful access to necessary services during an emergency or natural disaster is provided in an efficient and effective manner to limited English proficient persons and persons with disabilities.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 95, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (McKelvey, Woodson, Yamashita, Ward).

SCRep. 1741 Pandemic & Disaster Preparedness on S.C.R. No. 154

The purpose of this measure is to encourage the Governor to maintain teachers and school-level personnel as essential workers during a pandemic when contemplating emergency furloughs and layoffs.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic has drastically changed the State's education system, ultimately forcing teachers, school-level personnel, and students to adjust to remote online learning and blended classes. In addition to the impact on the education system in the State, the COVID-19 pandemic further devastated the economy, thereby requiring the State to look at making potential cuts to the State's budget, including furloughing teachers and other school-level personnel. Teachers play a vital role in providing education to the youth of the State and other school-level personnel provide the necessary support to ensure that the youth receive a quality education. This measure is necessary to ensure that teachers and other school-level personnel are considered essential workers to avoid any potential furloughs or layoffs during a state of emergency in order to provide quality education in the State.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 154, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (McKelvey, Woodson, Yamashita, Ward).

SCRep. 1742 Pandemic & Disaster Preparedness on S.C.R. No. 171

The purpose of this measure is to urge all law enforcement officers and prosecuting attorneys in the State to vigorously enforce and prosecute offenses committed against essential workers while on the job.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; UNITE HERE! Local 5; International Brotherhood of Electrical Workers Local 1260; International Union of Painters and Allied Trades, District Council 50;

International Longshore and Warehouse Union Local 142; United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii State AFL-CIO; and one individual.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic's devastating effect on public health and the economy has given rise to the public's reliance on workers of essential services. Essential workers often engage in face-to-face interaction with the public and are called upon to enforce government-imposed restrictions and rules. This has led to unwarranted harassment and sometimes physical confrontation between essential workers and the public. This measure is necessary to provide essential workers protection, thereby ensuring the continuation of essential services during the pandemic.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 171 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (McKelvey, Woodson, Ward).

SCRep. 1743 Corrections, Military, & Veterans on S.C.R. No. 25

The purpose of this measure is to request the Department of Public Safety to allow faith pods based on kapu aloha to be established within each correctional center.

Your Committee received testimony in support of this measure from the Department of Public Safety, Malu 'Aina, Ohana Ho'opakele, Hawai'i Peace and Justice, and six individuals.

Your Committee finds that incarcerated individuals have initiated Hawaiian cultural programs within different correctional systems known as faith pods throughout the nation to help promote safe spaces to heal and regain their identity as Hawaiians. Your Committee further finds that Act 117, Session Laws of Hawaii 2012, sought to "[r]educe recidivism, prevent crime, and ensure long-term positive change by developing a plan to create a wellness center that reestablishes highly recognized native Hawaiian cultural practices to restore the overall well-being of persons, families, and the native Hawaiian community". This measure supports that goal.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 25, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1744 Corrections, Military, & Veterans on S.C.R. No. 47

The purpose of this measure is to urge the Department of Veterans Affairs to recognize a presumptive service connection for chronically ill veterans who were stationed at Kunia Field on the island of Oahu, and to provide medical care and long-term services regardless of the veterans' ability to conclusively link their conditions to toxic exposure.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that Kunia Field Station was constructed on Oahu during World War II to serve as an underground bomb-proof aircraft assembly plant. Kunia Field Station is located under former pineapple fields near Wheeler Army Airfield and Schofield Barracks. Your Committee further finds that a report issued by the Environmental Protection Agency in 1992 found multiple contaminants in groundwater and soil at the Kunia Field Station site. In addition, a report by the Navy and National Security Agency in 2000 indicated the presence of arsenic and lead in the field station's air intake system, as well as moderate to high levels of fungal contamination due to air ventilation problems and high moisture levels. Your Committee also finds that many veterans who were stationed at Kunia Field Station have developed chronic illnesses, and they and their advocates argue that they have been denied access to the government records needed to conclusively link their illnesses to toxic exposure. This measure urges the Department of Veterans Affairs to recognize a presumptive service connection to allow ill veterans to receive the medical care and long-term services they need.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 47, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1745 Corrections, Military, & Veterans on S.C.R. No. 103

The purpose of this measure is to urge the United States military to clean up munitions and explosives of concern in Hawaii under the Military Munitions Response Program.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Chamber of Commerce Hawaii, and one individual.

Your Committee finds that Congress established the Military Munitions Response Program in 2001 to address munitions-related concerns, including explosive safety, environmental and health hazards from releases of unexploded ordnance, discarded military munitions, and munitions constituents found at locations other than operational ranges on active and Base Realignment and Closure installations and formerly used defense sites properties. Your Committee further finds that certain areas of Hawaii were used for military training exercises that resulted in large quantities of munitions and explosives being deposited on the ground. Your Committee also finds that remediation efforts should focus on restoring the land rather than rendering it inaccessible whenever possible.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 103, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1746 Corrections, Military, & Veterans on S.C.R. No. 73

The purpose of this measure is to urge the Hawaii Department of Defense to continue to operate the Hawaii National Guard Youth Challenge Academy's Hilo campus.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the Hawaii National Guard Youth Challenge Academy's goal is to provide the State with a premier progressive alternative school for "at-promise" youth that focuses on lessons in character, education, moral values, life-coping skills, and responsible citizenship. Your Committee further

finds that the Academy's Hilo campus has been successful in dissuading at-risk youth from causing harm to others and themselves and is especially important because of the limited resources available to at-risk youth from east Hawaii island. Due to the important role the Hilo campus plays for Hawaii's youth, this measure urges the Hawaii Department of Defense to continue operating the program at the Hilo campus.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 73 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1747 Corrections, Military, & Veterans on S.C.R. No. 107

The purpose of this measure is to request the Department of Public Safety to identify and correct issues and dismantle barriers relating to the provision of civil identification documents to, and successful community reentry of, inmates exiting incarceration.

Your Committee received testimony in support of this measure from the Department of Public Safety, Office of Hawaiian Affairs, American Civil Liberties Union of Hawai'i, and one individual.

Your Committee finds that the Department of Public Safety is statutorily required under part III of chapter 353H, Hawaii Revised Statutes, to provide comprehensive and effective reentry planning for adults exiting correctional facilities, subject to the availability of funding. The Department is also required to assist inmates, upon request, to obtain their civil identification documents to aid in their reentry. Your Committee finds that, despite these requirements, many inmates are exiting incarceration without identification documents, making it difficult to obtain the housing and employment essential to successfully take part in their community. Accordingly, your Committee finds that an increased emphasis on reentry programs and the provision of civil identification documents by the Department is needed.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 107 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1748 Corrections, Military, & Veterans on S.C.R. No. 108

The purpose of this measure is to urge the Department of Public Safety to increase its investment in comprehensive offender reentry training programs for individuals exiting correctional facilities.

Your Committee received testimony in support of this measure from the Department of Public Safety, Office of Hawaiian Affairs, Young Women's Christian Association of Oahu, American Civil Liberties Union of Hawai'i, and one individual.

Your Committee finds that the Department of Public Safety is statutorily required under part III of chapter 353H, Hawaii Revised Statutes, to provide comprehensive and effective reentry planning for adults exiting correctional facilities, subject to the availability of funding. The Department is also required to notify inmates of the availability of assistance and assist inmates, upon request, to obtain their civil identification documents to aid in their reentry. Your Committee finds an increased emphasis on reentry programs by the Department is needed.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 108 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1749 Corrections, Military, & Veterans on S.C.R. No. 195

The purpose of this measure is to urge the United States Congress to amend title 10 United States Code section 1414 to permit all retired American veterans who have a service-connected disability to receive concurrent retirement and disability payments regardless of the veteran's disability rating or years of service in the armed forces.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that retired, disabled veterans who served in the armed forces for twenty or more years and have a United States Department of Veterans Affairs disability rating at or above fifty percent are permitted to receive concurrent retirement and disability payments under existing law. However, for retired, disabled veterans who are ineligible for concurrent retirement and disability payments, retirement payments continue to be offset by the amount of disability compensation received by the veteran. Your Committee finds this consequence to be arbitrary and a failure to recognize the distinct bases for the two forms of compensation.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 195, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1750 Corrections, Military, & Veterans on S.C.R. No. 204

The purpose of this measure is to urge the executive and legislative branches of the State to promote and realize the vision and full potential of the Global Alliance for International Collaboration in Space initiative and explore ways to provide state administrative and funding support for the initiative.

Your Committee received testimony in support of this measure from five individuals.

Your Committee finds that the Global Alliance for International Collaboration in Space initiative has the potential to inspire and promote innovative approaches to space enterprise and to diversify space education, training, and research to advance space missions. Your Committee further finds that Hawaii may be positioned to play a strategic role in pursuing scientific, educational, and economic opportunities afforded through space research, exploration, and development.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 204, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

SCRep. 1751 Labor & Tourism on S.C.R. No. 164

The purpose of this measure is to urge the United States Senate and President of the United States to enact the Protecting the Right to Organize Act as expeditiously as possible.

Your Committee received testimony in support of this measure from one member of the Honolulu City Council; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Rainbow Family 808; International Union of Painters and Allied Trades, District Council 50; International Brotherhood of Electrical Workers Local 1260; International Union of Bricklayers and Allied Craftworkers Local #1 of Hawaii; Plumbers and Fitters United Association, Local 675; LGBT Caucus of the Democratic Party of Hawaii; Pride at Work – Hawaii; International Longshore & Warehouse Union Local 142; Hawaii Building & Construction Trades Council; United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii State AFL-CIO; and one individual. Your Committee received testimony in opposition to this measure from the Associated Builders and Contractors, Hawaii Chapter.

Your Committee finds that unionized workers earn over thirteen percent more than comparable nonunionized workers, receive fairer wages and better benefits, and generally have better working conditions. Your Committee further finds that the Protecting the Right to Organize Act enhances workers' rights by providing greater opportunity to unite and bargain meaningfully for fairer wages and benefits, and thus, has the potential to raise workers' living standards.

Your Committee has amended this measure by:

- (1) Amending its title to read, "URGING THE UNITED STATES SENATE AND PRESIDENT OF THE UNITED STATES TO ENACT THE PROTECTING THE RIGHT TO ORGANIZE ACT AS EXPEDITIOUSLY AS POSSIBLE.";
- (2) Inserting references where appropriate to the Protecting the Right to Organize Act of 2021, passed by the United States House of Representatives as House Resolution 842 on March 9, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 164, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 164, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, 1 (Okimoto). Excused, 2 (Belatti, Quinlan).

SCRep. 1752 Labor & Tourism on S.C.R. No. 211

The purpose of this measure is to urge the Department of Human Resources Development and Department of Education to establish and offer a qualified Roth contribution program to their retirement plan participants.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Education and Department of Human Resources Development.

Your Committee finds that some employers in Hawaii, including the state government, provide their employees with retirement savings plans as part of their benefits package and use those plans as recruitment incentives. However, all the retirement plans currently offered to state employees are traditional retirement plans. Your Committee further finds that section 402A of the Internal Revenue Code allows certain employer retirement plans to have a qualified Roth contribution program, which would allow qualified distributions from the Roth account to be excluded from taxable income at the time of withdrawal. Your Committee also finds that a broader selection of retirement plan options may entice more employees to contribute to their retirement accounts.

Your Committee has amended this measure by:

- (1) Requesting that a qualified Roth contribution program be established and offered by January 1, 2024, rather than July 1, 2023, to coincide with the tax year; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 211, S.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 211, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Belatti, Quinlan).

SCRep. 1753 Labor & Tourism on S.C.R. No. 240

The purpose of this measure is to urge the Department of Human Resources Development to establish a new civil service class for project managers under Collective Bargaining Unit 13.

Your Committee received testimony in support of this measure from the Department of Human Resources Development and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the establishment of a new civil service class for project managers under Collective Bargaining Unit 13 will allow for resolution of the salary inversion issue presented by having the engineers and architects who are supervised by those project managers paid more than their supervisors.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 240, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 240, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Belatti, Quinlan).

SCRep. 1754 Transportation on S.C.R. No. 235

The purpose of this measure is to request the Department of Transportation to evaluate traffic congestion, highway flooding, and road safety issues in the County of Hawaii.

Your Committee received testimony in support of this measure from the Department of Transportation, two members of the Hawai'i County Council, Fair Wind Cruises, and two individuals.

Your Committee finds that the County of Hawaii is experiencing a growth in population, leading to an increase in traffic congestion. Certain roadways in the County of Hawaii suffer from on-going hazardous problems due not only to an increase in population, but the effects of climate change. For example, Kuakini Highway is prone to flooding and on multiple occasions has been closed as a result, causing concern for public safety. Your Committee further finds that traffic congestion can have a number of negative impacts on people, leading to significant emotional health effects, including an increase in stress and aggressiveness. This measure will improve traffic conditions in the County of Hawaii by looking at various ways to reduce traffic congestion, thereby improving the quality of life for residents and visitors of the County of Hawaii.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 235, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1755 Transportation on S.C.R. No. 173

The purpose of this measure is to request the Department of Transportation to initiate three innovative pilot projects of meaningful scale to modernize transportation infrastructure in underserved communities.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Bicycling League, Get Fit Kauai, Blue Zones Project, and two individuals.

Your Committee finds that transportation infrastructure throughout the State is centered mostly around motor vehicles, leaving many communities in the State without safe biking or walking transportation infrastructure. This has caused many to take on exorbitant transportation cost with having to purchase a motor vehicle, plus the upkeep and maintenance costs of owning the motor vehicle. Your Committee further finds that more residents are shifting to environmentally friendly modes of transportation, such as public transportation, bicycling, or walking, to reduce costs and their carbon footprint. This measure aims to modernize the State's transportation infrastructure, specifically in underserved communities, thereby improving the safety and quality of life for residents and visitors of the State.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 173, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (DeCoite, Matsumoto).

SCRep. 1756 Transportation on S.C.R. No. 239

The purpose of this measure is to urge the Department of Transportation to increase the use of reclaimed asphalt pavement to repave, reconstruct, and preserve state streets, roads, and highways and explore use of other products using reclaimed asphalt.

Your Committee received testimony in support of this measure from the Department of Transportation, Oahu Motorsports Association, and one individual.

Your Committee finds that the use of reclaimed asphalt pavement to repave, reconstruct, and preserve state streets and roads is better for the environment and provides a more cost-effective method for the State as it uses recycled materials to repair or construct a roadway. Your Committee further finds that the Federal Highway Administration supports and promotes the use of recycled highway material in pavement construction due to its benefits and cost-saving opportunities. This measure will encourage the use of reclaimed asphalt pavement in future repair and construction projects for the State's streets and roads.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 239 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (DeCoite, Matsumoto).

SCRep. 1757 Economic Development on S.C.R. No. 88

The purpose of this measure is to support and adopt the goals set forth in the Digital Equity Declaration that was adopted by the Broadband Hui.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Education; Department of Human Services; Transform Hawai'i Government; Hawai'i Primary Care Association; AlohaCare; Young Democrats of Hawai'i; Broadband Hui; and two individuals.

Your Committee finds that digital equity allows all Hawaii residents, keiki to kupuna, to have the information technology capacity to participate fully in the State's society, democratic process, and economy, including civics, social and cultural activities, employment, lifelong learning, and access to essential services. This measure addresses inequitable digital access in the State by supporting the vision and goals of the Digital Equity Declaration for Hawaii, which promotes adequate broadband infrastructure and affordable high-quality broadband service for all Hawaii residents.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 88, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as S.C.R. No. 88, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1758 Economic Development on S.C.R. No. 205

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to compile a short list of Fortune 500 companies that could potentially relocate to the State.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the effects of the COVID-19 pandemic and resulting job losses in the tourism sector of the economy have demonstrated the urgent need for business diversification in the State. Since many jobs and businesses can be done from virtually anywhere with an internet connection, there

are many reasons for a company to relocate to Hawaii. This measure would help identify potential incentives for companies to relocate to Hawaii as a means of luring well-paying jobs and investment to the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 205, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 205, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1759 Economic Development on S.C.R. No. 236

The purpose of this measure is to urge United States President Joseph R. Biden, Jr., and the Asia-Pacific Economic Cooperation to hold the 2023 Asia-Pacific Economic Cooperation Summit in Honolulu, Hawaii.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority, one member of the Hawai'i County Council, and Department of Research and Development of the County of Hawaii.

Your Committee finds that the Asia-Pacific Economic Cooperation is the premier forum for facilitating free trade, economic growth, and investment cooperation in the Asia-Pacific region. This measure would urge the Asia-Pacific Economic Cooperation to host its annual conference in Honolulu, Hawaii, which would result in immediate growth in business activity in the State and may also establish a positive reputation for Hawaii as a place to facilitate other global diplomatic conferences.

Your Committee has amended this measure by:

- (1) Making technical amendments to its title to read, "URGING UNITED STATES PRESIDENT JOSEPH R. BIDEN, JR. AND THE ASIA-PACIFIC ECONOMIC COOPERATION TO HOLD THE 2023 ASIA-PACIFIC ECONOMIC COOPERATION SUMMIT IN HONOLULU, HAWAII."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 236, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 236, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1760 Economic Development on S.C.R. No. 263

The purpose of this measure is to convene a Public Racing Facility Working Group to identify a location and develop a plan for the establishment and operation of public racing facilities on Oahu to improve safety, boost economic activity, and provide for recreation.

Your Committee received testimony in support of this measure from the Department of Transportation and Oahu Motorsports Association.

Your Committee finds that racing facilities in the State have been used for training courses by law enforcement, state and county agencies, nonprofit organizations, and the general public. Your Committee further finds that the last racing facility on Oahu closed in 2006. It is therefore in the public interest to support the establishment of new racing facilities open to the general public, which can serve as an alternative to illegal street racing, provide for driver education and training, and diversify the local economy.

Your Committee has amended this measure by:

- (1) Specifying that the Chairperson of the House of Representatives Standing Committee on Transportation should serve as co-chair of the working group, rather than a member of the House of Representatives appointed by the Speaker of the House of Representatives;
- (2) Making technical amendments to its title to read, "CONVENING A PUBLIC RACING FACILITY WORKING GROUP TO IDENTIFY A LOCATION AND DEVELOP A PLAN FOR THE ESTABLISHMENT AND OPERATION OF PUBLIC RACING FACILITIES ON OAHU TO IMPROVE SAFETY, BOOST ECONOMIC ACTIVITY, AND PROVIDE FOR RECREATION."; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 263, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 263, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Onishi). Noes, none. Excused, none.

SCRep. 1761 Agriculture on S.C.R. No. 246

The purpose of this measure is to request that a working group be convened to develop recommendations for implementing the Revitalizing Economy and Agriculture Leadership (REAL) Initiative.

Your Committee received testimony in support of this measure from the College of Tropical Agriculture and Human Resources at the University of Hawai'i at Mānoa and Kamehameha Schools. Your Committee received comments on this measure from the Department of Agriculture, Department of Hawaiian Home Lands, and Agribusiness Development Corporation.

Your Committee finds that the REAL Initiative empowers Hawaii's farmers to become self-sustaining businesses with local, nutritional feedstock production and direct access to various markets. Your Committee further finds that a REAL working group would create entrepreneurial businesses with industry partners; provide market connections to attract capital assets to Hawaii; facilitate access to a sustainable food supply and feedstock for ranching; promote clean energy and restorative and precision and agriculture; and environmental conservation.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 246, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1762 Agriculture on S.C.R. No. 234

The purpose of this measure is to urge the Department of Agriculture to expand the quarantine facilities of the Plant Quarantine Branch.

Your Committee received testimony in support of this measure from two members of the Hawaii County Council and Hawaii Coffee Association. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that expanded plant quarantine facilities are needed for the Department of Agriculture to respond quickly to newly detected invasive species, which can often prevent the species from becoming firmly established, thereby saving taxpayers money in the long term and preventing significant environmental and agricultural impacts.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 234, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1763 Agriculture on S.C.R. No. 247

The purpose of this measure is to request that a working group be convened to develop recommendations to facilitate homestead agricultural demonstration projects in the State.

Your Committee received comments on this measure from the Department of Agriculture, Department of Hawaiian Home Lands, and Hawaii Housing Finance and Development Corporation.

Your Committee finds that the Sovereign Council of Hawaiian Homestead Associations are pursuing homestead agricultural demonstration projects to increase small farm capacity, homestead community ranching capacity, and farming and ranching supportive affordable housing for farming and ranching on the islands of Molokai and Kauai. This measure seeks to establish a working group to develop recommendations to facilitate the Sovereign Council of Hawaiian Homestead Associations' homestead agricultural demonstration projects, which would increase participation in livestock ranching, incorporate rental housing for farm and ranching workers, and hopefully serve as a replicable model for homesteads on other islands.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 247, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1764 Agriculture on S.C.R. No. 92

The purpose of this measure is to request the Department of Agriculture to consider amending the eligibility qualifications and lease terms for its agricultural lots to aid small farm businesses.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that Hawaii farmers are facing difficulty in obtaining long-term leases and reasonable lease rents because there is pressure on the use of important agricultural land for higher-value purposes, resulting in accelerated decline near urban areas due to farmers' disinvestment in their farm operations in anticipation of development. This measure would request the Department of Agriculture to address these challenges by amending eligibility for agricultural lots and developing ways to encourage more affordable long-term leases.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 92, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1765 Agriculture on S.C.R. No. 258

The purpose of this measure is to urge the Department of Agriculture to identify how coffee berry borer and coffee leaf rust entered into Hawaii and measures to prevent the flow of these invasive species into the State to protect the ongoing viability of Hawaii's coffee industry.

Your Committee received testimony in support of this measure from the Hawaii Coffee Association, Kona Coffee Farmers Association, Rancho Aloha, and four individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that coffee berry borer and coffee leaf rust pose a significant threat to Hawaii's economically valuable coffee industry. Your Committee further finds that it is imperative that the State understand how the coffee berry borer and coffee leaf rust were introduced to Hawaii in order to mitigate the risks that these pests may cause to the coffee industry, assign costs to responsible parties, and prevent future infestations.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 258, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1766 Agriculture on S.C.R. No. 46

The purpose of this measure is to request the Department of Agriculture to establish a Kona area agricultural working group to promote agriculture, economic development, and affordable housing.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that this measure will convene representatives of various state and county agencies to develop a framework to optimize agricultural, economic-development, and housing opportunities in the Kona region of Hawaii island.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 46, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1767 Legislative Management on S.C.R. No. 143

The purpose of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health insurance coverage for various reproductive health services, drugs, devices, products, and procedures.

Your Committee received testimony in support of this measure from the LGBT Caucus of the Democratic Party of Hawai'i, American Association of University Women of Hawaii, Planned Parenthood Alliance Advocates, Hawaii Women's Coalition, and two individuals.

Your Committee finds that facilitating access to preventive sexual and reproductive health services and limiting out-of-pocket costs for preventive sexual and reproductive health services are in the public interest. Your Committee further finds that section 23-51, Hawaii Revised Statutes, requires that, prior to the consideration of any legislative measure that mandates health insurance coverage for specific health services, a concurrent resolution be passed requesting the Auditor to prepare and submit to the Legislature a report on the social and financial effects of the proposed mandatory coverage.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 143, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

SCRep. 1768 Higher Education & Technology on S.C.R. No. 67

The purpose of this measure is to recognize October 4 through October 8, 2021, as Digital Inclusion Week in the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the coronavirus disease 2019 pandemic has highlighted the need for affordable, high-speed Internet. Your Committee also finds that the need for availability and access to high-speed broadband services for all and the need to close the digital divide have become glaringly apparent. Affordable, reliable, high-speed broadband is imperative for individuals to work, learn, access and deliver health care, stay connected, and communicate. Digital Inclusion Week will help raise awareness of and attention to the need for digital equity and digital inclusion.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 67, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 1769 Higher Education & Technology on S.C.R. No. 115

The purpose of this measure is to request:

- (1) The University of Hawaii, with the oversight of the Chairperson of the University of Hawaii Board of Regents, to examine and assess the reasonableness and feasibility of the existing policies, standards, rules, guidelines, and procedures governing the University Housing Program; and
- (2) The University of Hawaii and Chairperson of the Board of Regents to submit a report of their findings and recommendations, including proposed legislation, to the Legislature prior to the Regular Session of 2022.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the University of Hawaii at Manoa University Housing Program, which consists of three housing projects located in Manoa, offers rental housing to tenure-track and tenured faculty and other employees of the University of Hawaii during their initial years of employment. Your Committee also finds that a November 2019 report by the University of Hawaii at Manoa's Office of Internal Audit and previous reports issued in 2010 and 2013 identified various issues relating to the University Housing Program's noncompliance with the policies of the University of Hawaii Board of Regents and the Internal Revenue Code. The reports also raised concerns about deficiencies in the enforcement and operations regarding University of Hawaii faculty and employee housing. This measure requests further examination and assessment of University of Hawaii employee housing with respect to the reasonableness and feasibility of existing policies, standards, rules, guidelines, and procedures governing the University Housing Program.

Your Committee has amended this measure by:

- (1) Amending its title to read, "REQUESTING THE UNIVERSITY OF HAWAII TO EXAMINE AND ASSESS THE REASONABLENESS AND FEASIBILITY OF THE CURRENT POLICIES, STANDARDS, RULES, GUIDELINES, AND PROCEDURES GOVERNING THE UNIVERSITY HOUSING PROGRAM.";
- (2) Clarifying that the University of Hawaii examine and assess current, rather than existing, policies, standards, rules, guidelines, and procedures governing the University Housing Program;
- (3) Requesting that the report to the Legislature include a matrix of the properties constituting Oahu Rental Projects and information on their tenants, including whether:
 - (A) The unit is occupied as of September 1, 2021, rather than as of May 1, 2021; and
 - (B) The tenant-faculty owns an interest in any other residential property on Oahu, rather than in the State; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 115, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 115, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 1770 Higher Education & Technology on S.C.R. No. 183

The purpose of this measure is to request the University of Hawaii to convene a task force to:

- (1) Examine and assess its arrangement for services with the Research Corporation of the University of Hawaii, including the terms and conditions of the service agreement between the two parties; and

(2) Submit a report of its findings and recommendations, including any proposed legislation, to the Legislature prior to the Regular Session of 2022.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the University of Hawai'i System and Research Corporation of the University of Hawaii.

Your Committee finds that the Research Corporation of the University of Hawaii's mission is to support and enhance research, development, and training in the State, with a focus on the University of Hawaii. Your Committee also finds that to fulfill its mission, the Research Corporation of the University of Hawaii is exempt from certain state procurement and personnel laws. State law grants the Research Corporation of the University of Hawaii flexibility in hiring its personnel and handling and disbursing monies.

When the University of Hawaii determines that neither it nor another state agency can more effectively or efficiently accomplish the purposes of sponsored research and training activities, the University of Hawaii contracts with the Research Corporation of the University of Hawaii to receive management and other services to support its research and training activities. The terms and conditions of the services provided by the Research Corporation of the University of Hawaii to the University of Hawaii are set forth in a service agreement between the two parties. Your Committee finds that, as a matter of statewide concern, examining and assessing the terms and conditions of the service agreement will facilitate optimization of services provided by the Research Corporation of Hawaii to the University of Hawaii.

Your Committee has amended this measure by:

- (1) Requesting that certified copies of this measure be transmitted to the Chairperson of the Board of Directors of the Research Corporation of the University of Hawaii and Executive Director of the Research Corporation of the University of Hawaii; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 183, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 183, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 1771 Higher Education & Technology on S.C.R. No. 201

The purpose of this measure is to urge the University of Hawaii and the University of Hawaii Professional Assembly to convene a task force to examine and assess the University of Hawaii's:

- (1) Tenure system for researchers and other non-instructional faculty; and
- (2) Compensation structure of faculty engaged in activities supported by extramural funding for grants;

in comparison to peer higher education institutions across the United States. This measure also requests the task force to propose best practices to be implemented by the University of Hawaii and to submit a report to the Legislature prior to the Regular Session of 2022.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that according to the American Association of University Professors, the principal purpose of tenure is to safeguard academic freedom, which is necessary for all who teach and conduct research in higher education. However, the American Association of University Professors also indicates that the tenure system for higher education in the United States has eroded, where the percentage of faculty members that are off tenure-track has been steadily increasing.

Your Committee also finds that the University of Hawaii's decision to classify a faculty position as one eligible for academic tenure results in the long-term commitment of public resources for that position. Therefore, it is a matter of statewide concern to ensure that public resources are targeted to support academic tenure for faculty members whose primary duties and responsibilities are to provide instruction to educate and promote the success of students enrolled at the University of Hawaii.

Your Committee has amended this measure by:

- (1) Amending its title to read, "URGING THE UNIVERSITY OF HAWAII AND UNIVERSITY OF HAWAII PROFESSIONAL ASSEMBLY TO CONVENE A TASK FORCE TO EXAMINE AND ASSESS THE UNIVERSITY OF HAWAII TENURE SYSTEM FOR RESEARCHERS AND OTHER NON-INSTRUCTIONAL FACULTY, AND COMPENSATION STRUCTURE OF FACULTY ENGAGED IN ACTIVITIES SUPPORTED BY EXTRAMURAL FUNDING AND GRANTS, IN COMPARISON TO PEER HIGHER EDUCATION INSTITUTIONS ACROSS THE UNITED STATES; AND PROPOSE BEST PRACTICES TO BE IMPLEMENTED BY THE UNIVERSITY OF HAWAII.";
- (2) Clarifying that the Chairperson of the Board of Regents of the University of Hawaii, President of the University of Hawaii, and Vice President for Research and Innovation of the University of Hawaii, or their respective designees, are requested to serve on the task force; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 201, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 201, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 1772 Culture, Arts, & International Affairs on S.C.R. No. 26

The purpose of this measure is to empower young women by annually recognizing October 11 as the International Day of the Girl.

Your Committee received testimony in support of this measure from Hawai'i Children's Action Network Speaks!. Your committee received comments on this measure from one individual.

Your Committee finds that worldwide, girl children are often at greater risk of being exposed to and encountering various forms of discrimination and violence. This discrimination and violence often results in less access for girls to quality education, nutrition, and physical and mental health care, which creates disadvantages in childhood that can have a cyclical effect in later life, leading women to face further discrimination, violence, and neglect. Empowering girls through the active support of their families and communities is crucial to breaking the cycle of discrimination and violence and promoting and protecting

the full and effective enjoyment of women's and girls' rights.

Your Committee has amended this measure by:

- (1) Recognizing only October 11, 2021, as International Day of the Girl, rather than on an annual basis; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 26, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 26, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1773 Culture, Arts, & International Affairs on S.C.R. No. 243

The purpose of this measure is to request the Legislative Reference Bureau conduct a study and develop statutory definitions of "creative work" and "creative workers" by taking into consideration Hawaii's existing creative work industry, as groundwork for the Legislature to adopt measures to support Hawaii's creative workers.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, & Tourism; Hawai'i State Foundation on Culture and the Arts; Hawai'i Arts Alliance; Kamawaelualani Corp.; and four individuals. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that the COVID-19 pandemic has negatively impacted the State's economy, particularly the tourist industry. Your Committee further finds that this significant decrease in the number of visitors has also negatively impacted the State's creative workers. This measure seeks ways to support creative workers in the State.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 243, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1774 Culture, Arts, & International Affairs on S.C.R. No. 220

The purpose of this measure is to recognize the seventy-fifth anniversary of diplomatic relations between the United States and the Republic of the Philippines.

Your Committee received testimony in support of this measure from the Filipino Advocacy Network. Your Committee received comments on this measure from the Aloha 'Aina Party.

Your Committee finds that the United States established diplomatic relations with the Republic of the Philippines on July 4, 1946. Your Committee further finds that the Filipino-American community is among the largest Asian-American and Pacific Islander groups in the United States. Filipino-Americans have helped shape the history of the State and have contributed to the development of Hawaii from the arrival of the first fifteen Filipino plantation workers on December 20, 1906, to the present, and individuals of Filipino ethnicity make up the largest portion of the State's population.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 220, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1775 Culture, Arts, & International Affairs on S.C.R. No. 241

The purpose of this measure is to establish a sister-state relationship between the State of Hawaii and Yamaguchi Prefecture in Japan.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, & Tourism and Japan-America Society of Hawai'i. Your Committee received comments on this measure from the Aloha 'Aina Party.

Your Committee finds that the people of Hawaii and Yamaguchi Prefecture share a long history and strong bond, starting with the immigration of more than ten thousand contract laborers to Hawaii between 1885 and 1894 as government-sponsored immigrants, and carried forward to today in the multiple cultural and educational exchanges between the people of Hawaii and Yamaguchi Prefecture. Your Committee further finds that the Hawaii Sister-State Committee has reviewed the Hawaii-Yamaguchi sister-state application and has recommended that a sister-state relationship be established between Hawaii and Yamaguchi Prefecture. This measure will begin the formal process of establishing this relationship.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 241, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1776 Culture, Arts, & International Affairs on S.C.R. No. 135

The purpose of this measure is to request the Governor to declare the year 2022 as the Year of Limu.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Department of Land Natural Resources, Aloha 'Aina Party, Malama Pupukeya-Waimea, Kua'āina Ulu 'Auamo, Papa Ola Lōkahi, Native Hawaiian Education Council, Boys & Girls Club of Hawaii, Council for Native Hawaiian Advancement, Kamehameha Schools, Iolani Palace, The Queen's Health Systems, Partners in Development Foundation, Bishop Museum, 'Aha Punana Leo, and eight individuals.

Your Committee finds that limu is a crucial part of a healthy and productive reef and nearshore ecosystem. Your Committee further finds that limu was once the third most important component of the traditional Native Hawaiian diet and played an important role in Native Hawaiian culture, medicine, and religion.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 135, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Water & Land in the form attached hereto as S.C.R. No. 135, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1777 Culture, Arts, & International Affairs on S.C.R. No. 242

The purpose of this measure is to request a Creative Resurgence Task Force be convened to build and foster creativity and innovation through the arts, culture, and humanities.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; State Foundation on Culture and the Arts; Hawai'i Arts Alliance; and five individuals.

Your Committee finds that the COVID-19 pandemic has had a devastating impact on the nation's creative industry, with those working in the creative industry suffering a disproportionate share of economic harm. Your Committee further finds that a broad-based effort by public and private sectors, arts and cultural organizations, economic development groups, and the community is needed to build and foster creativity in the State and to develop recommendations for statutory action to support and encourage access to the creative sector and advance and diversify the creative economy.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 242, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 242, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1778 Water & Land on S.C.R. No. 190

The purpose of this measure is to convene a Maunaloa-Makapuu Scenic Byway and Kaiwi Coast Working Group to develop a plan to address ongoing issues in the Maunaloa-Makapuu Scenic Byway and Kaiwi coastal area and consolidate management to better protect and preserve this critical resource for future generations.

Your Committee received testimony in support of this measure from the Department of Transportation, Livable Hawaii Kai Hui, and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the Kaiwi coast scenic shoreline is a beautiful stretch of undeveloped land in east Oahu that is host to the Maunaloa-Makapuu Scenic Byway. There is concern that without proper management, this part of the island will face increasing challenges. Your Committee finds that it is in the best interests of the people of Hawaii to engage the community to protect this natural, unspoiled area and preserve its rugged beauty.

Your Committee has amended this measure by:

(1) Modifying the composition of the Maunaloa-Makapuu Scenic Byway and Kaiwi coast working group by:

- (A) Adding the Chairperson of the Board of Land and Natural Resources, or the Chairperson's designee, as a member and designating this individual to serve as co-chair of the working group;
- (B) Clarifying that a designee of the Director of Transportation may serve on the working group and designating either this individual or the Director of Transportation, as applicable, to serve as co-chair of the working group;
- (C) Removing the Administrator of the Division of State Parks and Chairperson of the Senate Standing Committee on Transportation as members of the working group;
- (D) Adding one member of the House of Representatives, to be appointed by the Speaker of the House of Representatives, as a member of the working group; and
- (E) Adding one member of the Senate, to be appointed by the President of the Senate, as a member of the working group; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 190, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 190, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1779 Water & Land on S.C.R. No. 30

The purpose of this measure is to request the Department of Hawaiian Home Lands, in conjunction with the County of Hawaii Department of Water Supply, to provide a progress report regarding the development of the Ka'ū water system.

Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that the Ka'ū water system project is complex and is projected to involve future costs. Therefore, it would be prudent for the Legislature to receive an update on the progress of the project.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 30, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1780 Water & Land on S.C.R. No. 159

The purpose of this measure is to urge the Department of Land and Natural Resources to examine and consider purchasing reef insurance to protect the

State's coastlines and coastal infrastructure from natural disasters.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and The Nature Conservancy.

Your Committee finds that reefs are the lifeblood of the State's economy, providing millions of dollars in revenue from fishing and tourism, as well as coastal protection, cultural renewal, and recreational opportunities for residents and visitors. Your Committee also finds that Hawaii's natural resources are affected by a variety of environmental and anthropogenic factors, including impacts from climate change such as rising and warming seas and increasing storms and drought. Reefs are the first line of defense against the impacts of natural disasters to the State, such as marine heatwaves, beach erosion, and chronic flooding. Your Committee recognizes that reef insurance creates opportunities to protect Hawaii's coastline and coastal infrastructure from natural disasters and repair reefs after a natural disaster.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 159, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (B. Kobayashi, Kong, Morikawa, McDermott). Noes, none. Excused, none.

SCRep. 1781 Water & Land on S.C.R. No. 189

The purpose of this measure is to urge the Department of Land and Natural Resources, Department of Agriculture, other relevant state entities, the City and County of Honolulu, and Hawaii's Congressional delegation to work with The Trust for Public Land and the Hui Maunawili-Kawainui to acquire the important and rich agricultural, cultural, and historic lands of Maunawili Valley.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, The Trust for Public Land, Hui Maunawili-Kawainui, Hika'alani, Hawai'i Land Trust, and three individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that HRT Realty, Inc., which currently owns over one thousand acres of agricultural and conservation lands in Maunawili Valley, is in discussions to sell several of these parcels to the Department of Land and Natural Resources and non-profit 'āina-based educational organizations, working in partnership with various community organizations.

Your Committee has amended this measure by:

- (1) Adding Ho'okua'āina and Kauluakalana as partnering community organizations;
- (2) Removing all references to the Department of Agriculture;
- (3) Modifying the list of recipients to whom copies of this measure will be transmitted; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 189, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 189, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1782 Water & Land on S.C.R. No. 102

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering portions of state submerged lands at Maunaloa, Oahu, for the construction and maintenance of a rock groin on those state submerged lands to slow the rate of sediment deposition into the entrance channel of the Hawaii Kai Marina.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Hawaii Kai Marina Community Association is responsible for the maintenance of the entrance channel between the privately-owned Hawaii Kai Marina and Maunaloa Bay. Your Committee further finds that the Department of Land and Natural Resources has worked with the community association on a proposed project to remove the deteriorating sandbag groin on the eastern side of the entrance channel and construct a permanent rock rubble groin in its place to reduce the rate of sediment accumulation into the channel entrance, which in turn will reduce the number and frequency of dredging activities.

Your Committee has amended this measure by:

- (1) Making technical amendments to its title to read, "AUTHORIZING THE ISSUANCE OF A PERPETUAL, NON-EXCLUSIVE EASEMENT COVERING PORTIONS OF STATE SUBMERGED LANDS AT MAUNALOA, OAHU, HAWAII, FOR THE CONSTRUCTION AND MAINTENANCE OF A ROCK GROIN TO SLOW THE RATE OF SEDIMENT DEPOSITION INTO THE ENTRANCE CHANNEL OF THE HAWAII KAI MARINA."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 102, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as S.C.R. No. 102, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1783 Water & Land on S.C.R. No. 15

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Napili 2 and 3, Lahaina, Maui, for the existing walkway, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Department of Land and Natural Resources' Office of Conservation and Coastal Lands has determined that the walkway and stairs provide safe public access along the shoreline, which would be diminished if the walkway were removed; removal of the walkway would have a minimal beneficial impact on beach resources due to its limited size and the existence of a major structure situated directly landward of the encroachment; and removal

of the walkway would have an unknown effect on surrounding parcels. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 15, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1784 Water & Land on S.C.R. No. 16

The purpose of this measure is to authorize the issuance of term, non-exclusive easements covering a portion of state submerged lands at Waiohuli-Keokea (Kihei), Wailuku, Maui, for the existing seawall, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that this easement covers improvements that were constructed partially on private land and partially on state-owned land seaward of the recorded boundary and that the shoreline has since migrated landward, thus placing the improvements entirely seaward of the shoreline on submerged land. Your Committee further finds that the area seaward of the parcel is identified as a state beach reserve; however, the land appears to be almost consistently underwater, with no beach area remaining. Furthermore, your Committee finds that it also appears that most of the adjacent properties along the coastline have been similarly armored. This measure provides the authorization of the Legislature required by section 171-53, Hawaii Revised Statutes, for the Board of Land and Natural Resources to grant leases of the subject state submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 16, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1785 Water & Land on S.C.R. No. 18

The purpose of this measure is to authorize the issuance of a fifty-five-year, non-exclusive easement covering a portion of state submerged lands fronting Tax Map Key number (2) 3-9-010:006 at Waiohuli-Keokea Homesteads and Beach Lots, Kihei, Maui, for the existing seawall and rock revetment, and for the use, repair, and maintenance of those improvements.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that removal of the subject seawall would not result in a substantial improvement to beach resources fronting the property because the narrow beach that fronts the seawall is submerged during all but the lowest tides; would not improve public access because the adjacent properties are fronted by similar seawalls and the narrow beach; and may destabilize seawalls and lawns at adjacent properties. In addition, the seawall serves as the primary erosion control for potentially threatened upland structures. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 18 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1786 Water & Land on S.C.R. No. 19

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands fronting Tax Map Key number (1) 3-9-016:036 at Maunaloa, Honolulu, Oahu, for the existing seawall, and for the use, repair, and maintenance of the existing seawall constructed on state submerged lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that there is no walkable lateral access and no sandy beach resources fronting the subject seawall or adjacent properties to the north and south; the land fronting the seawall is consistently submerged; removal of the encroachment is unlikely to improve lateral shoreline access; and the encroachment is attached to the seawall and serves as the primary erosion control for the subject property. Your Committee further finds that this measure is necessary to provide legislative authorization for the Board of Land and Natural Resources to lease the subject submerged lands. Your Committee notes that the fair market value of the easement is being determined by an appraiser.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 19 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1787 Water & Land on S.C.R. No. 58

The purpose of this measure is to authorize the Board of Land and Natural Resources to lease a portion of state submerged lands seaward of the property identified as Tax Map Key number (1) 4-4-022:032, Kaneohe Bay, Kaneohe, Oahu, for non-commercial boat pier purposes for a term of fifty-five years, pursuant to section 171-53(c), Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the terms of the lease will prohibit the lessee from authorizing tenants to live aboard their vessels or otherwise use their vessels as a place of principal habitation. In addition, the Department of Land and Natural Resources is in the process of offering a lease by public auction for submerged lands immediately adjacent to the Kaneohe Yacht Club. Your Committee further finds that this measure comports with section 171-53(c), Hawaii Revised Statutes, which requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution to lease state submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 58, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1788 Water & Land on S.C.R. No. 141

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering portions of state submerged lands at Wailea, Maui, for the existing beach access stairway fronting the Wailea Elua Village that descends from the Wailea Coastal Walk to Ulua Beach.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Wailea Elua AOA.

Your Committee finds that a portion of an existing, wooden beach access stairway fronting the Wailea Elua Village Resorts encroaches on state submerged lands. Your Committee further finds that the Department of Land and Natural Resources has worked with the Association of Apartment Owners of Wailea Elua to resolve the encroachment by granting a twenty-five-year non-exclusive easement for the beach access stairway. Pursuant to section 171-53(c), Hawaii Revised Statutes, the Legislature must grant prior authorization before state submerged lands may be leased. This measure authorizes the granting of a term, non-exclusive easement for the portion of identified state submerged lands in Wailea, Maui, that have been encroached upon by the beach access stairway.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 141, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as S.C.R. No. 141, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1789 Culture, Arts, & International Affairs on S.C.R. No. 215

The purpose of this measure is to recognize the contributions of the Compact of Free Association community in the State of Hawaii.

Your Committee received testimony in support of this measure from Young Democrats of Hawai'i; Native Hawaiian & Pacific Islander Hawai'i COVID-19 Response, Recovery, and Resilience Team; Democratic Party of Hawai'i; and two individuals. Your Committee received comments on this measure from the State Foundation on Culture and the Arts and one individual.

Your Committee finds that the Republic of Palau, Republic of the Marshall Islands, and Federated States of Micronesia, collectively known as the Freely Associated States, all have Compacts of Free Association with the United States, allowing the citizens of these nations to enter the United States without work permits or visas to study, live, and work and to access benefits available to United States citizens, such as driver's licenses and health care. Your Committee further finds that the citizens of these nations contribute to the vibrancy of indigenous cultural practices in the State, participate in economic activities in multiple sectors in the State, and volunteer to serve in the United States Armed Forces at per capita rates higher than most states. However, despite these contributions, citizens of these nations often face discrimination in access to housing, education, and employment. This measure recognizes the contributions made by the Compact of Free Association community to the State and condemns the any racial or cultural discrimination, violence, or defamation against the citizens of the Freely Associated States.

Your Committee has amended this measure by:

- (1) Amending its title to read, "RECOGNIZING THE HISTORIC, CULTURAL, AND STRATEGIC CONNECTIONS BETWEEN THE PEOPLES OF OCEANIA, OF WHICH HAWAII AND THE FREELY ASSOCIATED STATES ARE A PART.";
- (2) Inserting language recognizing and clarifying the deep historic, cultural, and strategic ties between the peoples of Hawaii and the Freely Associated States;
- (3) Inserting language condemning racial or cultural discrimination, violence, and defamation against citizens of the Compact of Free Association;
- (4) Inserting language recognizing the geo-strategic importance of these nations to the United States and Hawaii against foreign adversaries, particularly the People's Republic of China;
- (5) Inserting language requesting the United States Congress to continue to support economic and scientific assistance to the Freely Associated States;
- (6) Inserting language urging the Governor to implement programs and training to combat discrimination against Pacific Island communities, including expanding language access and countering bullying against Compact of Free Association students in public schools, and to work with the heads of states of these nations on commonly shared policy issues;
- (7) Amending the recipients of certified copies of this measure; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 215, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 215, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1790 Finance on S.B. No. 1102

The purpose of this measure is to authorize promoters of mixed martial arts events to compensate contestants and their managers in cash.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1102, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1791 Finance on S.B. No. 1103

The purpose of this measure is to provide flexibility and discretion to the Board of Public Accountancy in selecting members to serve on the Board's Peer Review Oversight Committee.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Board of Public Accountancy.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1103, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1792 Judiciary & Hawaiian Affairs on S.B. No. 764

The purpose of this measure is to add a permanent commercial driver's license disqualification for a holder of a commercial driver's license or commercial learner's permit who is convicted of a felony involving a severe form of trafficking in persons while operating a commercial motor vehicle for which a commercial driver's license or permit is required.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Transportation Association, and four individuals.

Your Committee finds that on July 23, 2019, the Federal Motor Carrier Safety Administration of the United States Department of Transportation issued a final rule that provides that drivers who are convicted of a felony involving a severe form of trafficking in persons while operating a commercial motor vehicle for which a commercial driver's license or commercial learner's permit is required, are permanently banned from holding the license or permit without the possibility of reinstatement. Your Committee further finds that the final rule requires states to achieve substantial compliance with the federal Act within three years of the final rule's effective date of September 23, 2019. This measure will bring the State into compliance with the federal rule.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 764, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1793 Finance on S.B. No. 159

The purpose of this measure is to:

- (1) Make applications for voter registration part of all state identification card or driver's license applications;
- (2) Require applicants to choose to be registered to vote or make changes to the applicant's voter registration information; and
- (3) Require certain information to be shared among the county clerks, Department of Transportation, election personnel, and online voter registration system.

Your Committee received testimony in support of this measure from the Office of Elections; Office of the County Clerk of the County of Kaua'i; LGBT Caucus of the Democratic Party of Hawaii; Pride at Work - Hawaii; Young Progressives Demanding Action; Rainbow Family 808; Sierra Club of Hawai'i; Planned Parenthood Votes Northwest and Hawaii; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Community Alliance on Prisons; Indivisible Hawaii; Women's Caucus of the Democratic Party of Hawai'i; American Association of University Women of Hawaii; Americans for Democratic Action Hawai'i; Hawai'i Friends of Civil Rights; Hawai'i Health & Harm Reduction Center; Transform Hawai'i Government; Hawai'i Alliance for Progressive Action; American Civil Liberties Union of Hawai'i; Common Cause Hawaii; AARP Hawai'i; HOPE Services Hawai'i; and numerous individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Transportation, League of Women Voters of Hawaii, Hawaii State Teachers Association, and AVR Hawai'i Coalition.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 159, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1794 Finance on S.B. No. 828

The purpose of this measure is to:

- (1) Grant exclusive original jurisdiction in matters of divorce to the family court of the circuit in which an applicant is domiciled at the time the application is filed; and
- (2) Repeal the requirement that a person be domiciled or physically present in the State for a continuous period of at least six months before completing a divorce.

Your Committee received testimony in support of this measure from the Hawai'i State Coalition Against Domestic Violence, Domestic Violence Action Center, American Association of University Women of Hawaii, and three individuals. Your Committee received comments on this measure from the Judiciary.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 828, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1795 Finance on S.B. No. 1350

The purpose of this measure is to:

- (1) Permit public notice in a short form for proposed, revised, and final reapportionment plans, subject to specific requirements;
- (2) Temporarily amend the start date for the availability of nomination papers for the 2022 primary election;

- (3) Define "permanent resident" for reapportionment purposes; and
- (4) Authorize and appropriate funds for the Reapportionment Commission to retain outside legal counsel.

Your Committee received comments on this measure from the Department of the Attorney General, Office of Elections, and Common Cause Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1350, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1796 Finance on S.B. No. 1222

The purpose of this measure is to:

- (1) Expand the scope of programs the Conference Center Revolving Fund may support to include conference center programs conducted by the University of Hawaii at Hilo;
- (2) Authorize the Chancellor of the University of Hawaii at Hilo or the Chancellor's designee, instead of the Dean of the College of Continuing Education and Community Service, to expend monies from the Conference Center Revolving Fund; and
- (3) Require the Chancellor of the University of Hawaii at Hilo to submit an annual report to the Legislature that accounts for all income and expenditures of the Conference Center Revolving Fund.

Your Committee received testimony in support of this measure from the University of Hawai'i System and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1222, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1797 Judiciary & Hawaiian Affairs on S.B. No. 1225

The purpose of this measure is to:

- (1) Require the Chair of the Independent Audit Committee of the University of Hawaii Board of Regents to be selected in a manner consistent with the Board of Regents' Bylaws;
- (2) Limit the Board of Regents' flexibility to appoint members to the Independent Audit Committee when no member of the Board of Regents has financial expertise;
- (3) Exempt the Independent Audit Committee from public proceedings and records laws and open meetings laws during its discussions with auditors on matters that should remain confidential, and, at the Independent Audit Committee Chair's discretion, allow the discussions to be held in the absence of the University of Hawaii President or University of Hawaii Chief Financial Officer; and
- (4) Clarify the Independent Auditor's role with regard to enterprise risk management.

Your Committee received testimony in support of this measure from the Office of the Board of Regents and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the Independent Audit Committee is an advisory body established by the University of Hawaii Board of Regents' Bylaws and statutorily established in section 304A-321, Hawaii Revised Statutes. Your Committee also finds that the existing statute may inadvertently create a situation in which the Independent Audit Committee does not have a chair, such as when the committee chair's term on the Board of Regents ends on June 30 and committee membership is pending election of a Board of Regents' chair. This measure makes the appointment of the Independent Audit Committee Chair consistent with the Board of Regents' Bylaws.

Your Committee further finds that this measure will help to ensure that the Independent Audit Committee has the continued expertise, independence, and ability to keep certain matters confidential in order to allow the Committee to perform its oversight responsibilities relating to enterprise risk management.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1225, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1798 Finance on S.B. No. 60

The purpose of this measure is to authorize the issuance of special number motor vehicle license plates to commemorate the Polynesian Voyaging Society.

Your Committee received testimony in support of this measure from seven individuals. Your Committee received comments on this measure from the Polynesian Voyaging Society.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 60, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1799 Finance on S.B. No. 936

The purpose of this measure is to require:

- (1) The Department of Health to disseminate information regarding seizure first aid; and
- (2) Employers to post materials provided by the Department of Health to educate employees with respect to seizure first aid.

Your Committee received testimony in support of this measure from the Epilepsy Foundation of Hawaii, Paul's Purple Warriors, and nineteen individuals. Your Committee received testimony in opposition to this measure from the Department of Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 936, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (B. Kobayashi). Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1800 Judiciary & Hawaiian Affairs on S.B. No. 1270

The purpose of this measure is to replace the Director of Human Services with the Administrator of the Division of Vocational Rehabilitation, Department of Human Services, as an ex officio, voting member of the Workforce Development Council.

Your Committee received testimony in support of this measure from the Department of Human Services, Workforce Development Council, State Council on Developmental Disabilities, and one individual.

Your Committee finds that federal regulations require that a representative of the State's Vocational Rehabilitation Program serve on the Workforce Development Council. A change in the membership of the Council is, therefore, needed to bring the Workforce Development Council into compliance with federal requirements. Failure to comply exposes the State to a potential loss of over \$9,000,000 in federal funds.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1270 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1801 Finance on S.B. No. 225

The purpose of this measure is to:

- (1) Specify that the cost of regional infrastructure improvements made by the Hawaii Housing Finance and Development Corporation may be assessed against transit-oriented development projects specially benefiting from the improvements, as determined by the Corporation; and
- (2) Require the Hawaii Interagency Council for Transit-Oriented Development to review and make recommendations on applications for subaccount funds for infrastructure projects related to transit-oriented development.

Your Committee received testimony in support of this measure from the Office of Planning, Hawaii Interagency Council for Transit-Oriented Development, Land Use Research Foundation of Hawaii, and one individual. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 225, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1802 Finance on S.B. No. 1203

The purpose of this measure is to make nonsubstantive changes to Title 14, Hawaii Revised Statutes, for clarity and to delete obsolete provisions.

Your Committee received testimony in support of this measure from the Department of Taxation and one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1203, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1803 Finance on S.B. No. 1204

The purpose of this measure is to:

- (1) Replace the four District Taxation Boards of Review with a single statewide Taxation Board of Review consisting of up to ten residents to be appointed by the Governor;
- (2) Authorize the Governor to appoint temporary board members during regular members' temporary absence from the State, recusal, or illness;
- (3) Require a quorum of at least three board members for any meeting or proceeding;
- (4) Authorize taxpayers and others appearing before the Taxation Board of Review to participate using cost-efficient means, such as teleconferencing;
- (5) Require all decisions of the Taxation Board of Review to be reduced to writing and state the Board's findings of fact and conclusions of law separately; and
- (6) Repeal the requirement that the assessor prepare the notice of appeal upon the request of the taxpayer.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1204, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1804 Judiciary & Hawaiian Affairs on S.B. No. 347

The purpose of this measure is to prohibit the intentional release of balloons inflated with gas that is lighter than air.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Beach Environmental Awareness Campaign Hawai'i, Hawai'i Reef and Ocean Coalition, BalloonsBlow.org, Hawai'i Wildlife Fund, The Humane Society of The United States, Pacific Whale

Foundation, numerous individuals, and a petition signed by numerous individuals.

Your Committee finds that the release of balloons inflated with lighter-than-air gas poses a danger and nuisance to the environment, and in particular, to wildlife and marine animals. Your Committee further finds that many animals are attracted to the bright colors of balloons and mistake them for food, and that animals are often found entangled in balloon strings, causing the animals severe injury or death. The civil monetary penalty established by this measure aims to provide further protection to the environment and wildlife and marine ecosystems.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 347, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1805 Judiciary & Hawaiian Affairs on S.B. No. 651

The purpose of this measure is to rename the Kahului Airport Access Road on Maui as the Mayor Elmer F. Cravalho Way.

Your Committee received testimony in support of this measure from the Department of Transportation, one member of the Maui County Council, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Elmer Franklin Cravalho served as the first speaker of the State House of Representatives following statehood and the first mayor of Maui County from 1969 to 1979. Your Committee further finds that he is credited for much of Maui's development, and in particular, development of a waterline from Wailuku to Wailea, which enabled the development of Kihei. Your Committee believes that Mayor Elmer F. Cravalho has a clear connection to Maui's history and should be remembered for his civil service by renaming the Kahului Airport Access Road the Mayor Elmer F. Cravalho Way in his honor.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 651, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1806 Finance on S.B. No. 224

The purpose of this measure is to:

- (1) Require public schools that have a career and technical education program to enroll all students, including students who reside outside of the school's service area, who submit a timely application for participation in the program, subject to certain capacity requirements; and
- (2) Exempt a student enrolled in a career and technical education program from the requirement to attend school within the service area in which the student resides.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association and one individual. Your Committee received comments on this measure from the Department of Education and HawaiiKidsCAN.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 224, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1807 Finance on S.B. No. 806

The purpose of this measure is to require the Attorney General, on behalf of the Department of Education, to:

- (1) Institute proceedings to acquire certain land owned by the Mililani Town Association by voluntary action or condemnation; and
- (2) Indemnify the Mililani Town Association for all claims and liabilities against the Mililani Town Association that may arise concerning the property until the process is complete.

Your Committee received testimony in support of this measure from the Department of Education and one individual. Your Committee received comments on this measure from the Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 806, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1808 Finance on S.B. No. 808

The purpose of this measure is to:

- (1) Rename the School Facilities Agency as the School Facilities Authority;
- (2) Clarify the powers and responsibilities of the School Facilities Authority, Authority's Executive Director and administrative staff, and School Facilities Board;
- (3) Clarify the membership of the School Facilities Board;
- (4) Amend the law pertaining to the deposit of monies into the School Facilities Special Fund;
- (5) Change the deadline for the School Facilities Authority to submit its report to the Legislature pursuant to Act 72, Session Laws of Hawaii 2020, to twenty days prior to the convening of the Regular Session of 2022;
- (6) Amend Act 210, Session Laws of Hawaii 2018, to require the City and County of Honolulu to convey to the School Facilities Authority fee simple interest in certain properties not previously conveyed to the Department of Education;
- (7) Authorize the School Facilities Authority to retain private attorneys to provide certain legal services;

- (8) Exempt the Executive Director of the School Facilities Authority and the Authority's full-time staff from civil service requirements;
- (9) Subject to the statutory restriction on the sale or gift of lands without legislative approval lands to which the School Facilities Authority holds title;
- (10) Clarify the definition of the term "school facilities" as the term relates to school impact fees;
- (11) Transfer the total balance of the State Educational Facilities Improvement Fund to the School Facilities Special Fund by an unspecified date; and
- (12) Appropriate monies into and out of the School Facilities Special Fund.

Your Committee received testimony in support of this measure from the Democratic Party of Hawai'i and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Office of Hawaiian Affairs, Department of the Attorney General, Department of Transportation, Department of Education, State Procurement Office, and General Contractors Association of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 808, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1809 Finance on S.B. No. 814

The purpose of this measure is to:

- (1) Require members of the Charter School Commission to collectively possess strong experience and expertise in various fields;
- (2) Allow the authorizer's staff to provide technical support up until the completed charter application is submitted to the authorizer;
- (3) Clarify charter application notice requirements; and
- (4) Clarify authorizer compliance requirements in cases of an appeal.

Your Committee received testimony in support of this measure from Kulia Academy, Maui Hui Malama, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Board of Education and State Public Charter School Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 814, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1810 Finance on S.B. No. 1384

The purpose of this measure is to provide that the prohibition against serving more than two consecutive terms not to exceed eight consecutive years for members of state boards and commissions does not apply to the term of the representative of Hawaiian medium early learning providers on the Early Learning Board.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, University of Hawai'i at Hilo, Punana Leo o Hilo, Punana Leo o Waimea, Punana Leo o Kona, Punana Leo o Maui, Punana Leo o Lahaina, Punana Leo o Hana, Punana Leo o Molokai, Punana Leo o Manoa, Punana Leo o Honolulu, Punana Leo o Koolau Poko, Punana Leo o Waianae, Punana Leo o Kauai, Punana Leo Keena Kula Kamalii, 'Aha Pūnana Leo, and numerous individuals. Your Committee received comments on this measure from the Early Learning Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1384, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1811 Finance on S.B. No. 811

The purpose of this measure is to require the Department of Education to publish weekly reports on schools that have reported positive coronavirus disease 2019 (COVID-19) cases on the Department's website, commencing after July 1, 2021.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii State Teachers Association, and two individuals. Your Committee received comments on this measure from the Department of Education and Department of Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 811, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1812 Finance on S.B. No. 813

The purpose of this measure is to require each charter school authorizer to provide the authorizer's respective charter school with a list of independent auditors, rather than selecting three independent auditors, from which their respective charter school is to select an independent auditor for its annual financial audit.

Your Committee received testimony in support of this measure from the State Public Charter School Commission. Your Committee received testimony in opposition to this measure from the Hawaii Academy of Arts & Science Public Charter School.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 813, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1813 Finance on S.B. No. 1004

The purpose of this measure is to require the Department of Education to include the teaching of financial literacy in the personal/transition plan requirement for each student, beginning with the 2022-2023 school year.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii, Visa Inc., St. Michael the Archangel Parish, Hawaii Credit Union League, and seven individuals. Your Committee received comments on this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1004, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1814 Finance on S.B. No. 76

The purpose of this measure is to:

- (1) Require the Board of Education to prioritize for the Superintendent of Education position candidates that have the minimum qualification of ten years of employment in the Department of Education, with at least five of those years serving in the capacity as a teacher, principal, or higher; and
- (2) Specify that a desired qualification for a candidate for the position of Superintendent of Education shall be a working understanding of the State's tri-level systems of educational administration.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Board of Education. Your Committee received comments on this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 76, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Perruso, Sayama, Tam, McDermott). Noes, none. Excused, none.

SCRep. 1815 Finance on S.B. No. 1015

The purpose of this measure is to require the Comptroller to perform additional office space management duties for state agencies occupying facilities that are managed by the Department of Accounting and General Services.

Your Committee received comments on this measure from the Department of Accounting and General Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1015, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1816 Finance on S.B. No. 838

The purpose of this measure is to:

- (1) Allow person-centered support plans under the Kupuna Caregivers Program to be developed by care recipients and their qualified caregivers and to allow qualified caregivers to remain in the workforce;
- (2) Relax the thirty-hour per week employment requirement for qualified caregivers under the Kupuna Caregivers Program during a Governor-declared state of emergency;
- (3) Allow the Kupuna Caregivers Program to be delivered through either traditional service delivery or kupuna caregiver-directed services;
- (4) Clarify that service providers and coaches are mandated reporters who have received Adult Protective Services training;
- (5) Allow the funds under the Kupuna Caregivers Program to be issued to the care recipient's financial management service provider; and
- (6) Require the Executive Office on Aging to submit an annual report to the Legislature regarding the Kupuna Caregivers Program and adopt administrative rules for the purposes of regulating the Kupuna Caregivers Program.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawaii Family Caregiver Coalition, Rainbow Family 808, AARP Hawai'i, Aloha Chapter of the Alzheimer's Association, and nineteen individuals. Your Committee received comments on this measure from the Executive Office on Aging and Hawaii Alliance for Retired Americans.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 838, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1817 Finance on S.B. No. 1018

The purpose of this measure is to:

- (1) Require the Department of Health to establish a two-year reorganization pilot project to shift and reorganize the Department's functions, positions, and funding in the Behavioral Health Services Administration; Environmental Health Administration; General Administration, including the Office of the Director of Health; and Health Resources Administration; and
- (2) Require the reorganization pilot project to begin with the reorganization of the Department of Health's Behavioral Health Services Administration.

Your Committee received testimony in support of this measure from the Department of Health and Hawai'i Psychological Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1018, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1818 Finance on S.B. No. 1340

The purpose of this measure is to:

- (1) Align Hawaii with national trends and mitigate the unintended consequences associated with the deregulation of Hawaii's emergency medical services system by:
 - (A) Enabling the Hawaii Medical Board to issue licenses for emergency medical responders and other emergency ambulance personnel, which shall be based on certain requirements; and
 - (B) Including emergency medical responders in the State's pre-hospital response;
- (2) Require the Department of Commerce and Consumer Affairs to examine a potential additional licensure category for emergency medical technicians who have received certain certification from the National Registry of Emergency Medical Technicians but who do not provide emergency ambulance services; and
- (3) Appropriate funds from the Compliance Resolution Fund for the Hawaii Medical Board to hire an unspecified number of full-time equivalent positions to administer the licensing program.

Your Committee received testimony in support of this measure from the State Fire Council, American Medical Response, and four individuals. Your Committee received comments on this measure from the Hawaii Medical Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1340, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1819 Finance on S.B. No. 1139

The purpose of this measure is to:

- (1) Authorize the Department of Health to adopt administrative rules to establish patient registration fees for medical cannabis qualifying patients;
- (2) Require the Office of Medical Cannabis Control and Regulation to convene a task force to explore the development of a dual system program of the legalization of cannabis and the impacts of legalization of cannabis on qualifying patients; and
- (3) Appropriate monies from the Medical Cannabis Registry and Regulation Special Fund for Office of Medical Cannabis Control and Regulation positions and operations, including administrative services.

Your Committee received testimony in support of this measure from the Hawai'i Cannabis Industry Association. Your Committee received comments on this measure from the Department of Health, Akamai Cannabis Clinic, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1139, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1820 Judiciary & Hawaiian Affairs on S.B. No. 399

The purpose of this measure is to:

- (1) Provide that certain rights are deemed waived if a preliminary determination of probable cause is rendered during a meeting, subject to the requirements of chapter 92, Hawaii Revised Statutes, and the person fails to request a contested case hearing within twenty days of receipt of the preliminary determination; and
- (2) Authorize the Campaign Spending Commission to have the Commission's order confirmed as a judgment by the First Circuit Court, giving the order the same force and effect as any other judgment issued by the circuit courts.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, and one individual.

Your Committee finds that this measure is limited to those persons who fail to timely request a contested case hearing and will enhance the Campaign Spending Commission's ability to enforce its orders.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 399, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1821 Finance on S.B. No. 167

The purpose of this measure is to:

- (1) Establish objectives, policies, and priority guidelines for state facility systems in the Hawaii State Planning Act to achieve the use of green infrastructure, vegetation, and trees in state facility systems, infrastructure, and transit projects; and
- (2) Require the Office of Planning, in partnership with the Greenhouse Gas Sequestration Task Force, to make recommendations to the Legislature for implementing the green infrastructure objectives, policies, and priority guidelines.

Your Committee received testimony in support of this measure from the Department of Health, Department of Land and Natural Resources, Office of Hawaiian Affairs, Office of Planning, Climate Protectors Hawai'i, 350Hawaii.org, Trees for Honolulu's Future, and six individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 167, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1822 Finance on S.B. No. 222

The purpose of this measure is to, beginning July 1, 2022, require the Comptroller's annual report to the Governor and Legislature to include a list of all accounts closed by the Comptroller during the immediately preceding fiscal year and a list of accounts that remain open but that are serving a lapsed program or initiative.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Accounting and General Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 222, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1823 Finance on S.B. No. 401

The purpose of this measure is to amend the allowable administrative fines for campaign finance violations. Specifically, this measure allows the Campaign Spending Commission to:

- (1) Fine any noncandidate committee that makes only independent expenditures and has either received at least one contribution of or spent more than \$10,000 in an election period an amount not to exceed:
 - (A) \$5,000 for each occurrence; or
 - (B) Three times the amount of an unlawful contribution or expenditure; and
- (2) Order the fine, or any portion thereof, to be paid from the personal funds of the officers of the noncandidate committee.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, Common Cause Hawaii, and ten individuals. Your Committee received comments on this measure from the Campaign Spending Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 401, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1824 Finance on S.B. No. 402

The purpose of this measure is to:

- (1) Require expenditures by candidate committees for reimbursements to other individuals, in addition to candidates, to be itemized in schedules filed with the reports to the Campaign Spending Commission; and
- (2) Repeal the requirement that candidate reimbursements be itemized in schedules filed with the reports by noncandidate committees to the Campaign Spending Commission.

Your Committee received testimony in support of this measure from Common Cause Hawaii and nine individuals. Your Committee received comments on this measure from the Campaign Spending Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 402, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1825 Finance on S.B. No. 405

The purpose of this measure is to allow candidates, candidate committees, and noncandidate committees to choose which excess contributions by nonresident contributors to return within thirty days of the end of the election period, after which time all excess contributions shall escheat to the Hawaii Election Campaign Fund.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, LGBT Caucus of the Democratic Party of Hawaii, and two individuals. Your Committee received comments on this measure from the Campaign Spending Commission, Common Cause Hawaii, and six individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 405, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1826 Finance on S.B. No. 560

The purpose of this measure is to establish ranked-choice voting for special federal elections and special elections for vacant county council seats.

Your Committee received testimony in support of this measure from FairVote Action, Rainbow Family 808, Green Party Hawai'i, Common Cause Hawaii, and thirteen individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from Young Progressives Demanding Action and the League of Women Voters of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 560, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (McDermott). Excused, 1 (Perruso).

SCRep. 1827 Judiciary & Hawaiian Affairs on S.B. No. 343

The purpose of this measure is to establish the offense of sexual assault of an animal in the State.

Your Committee received testimony in support of this measure from the Honolulu Police Department, Hawaii Association of Animal Welfare Agencies, Hawaiian Humane Society, Healthy Pets United, Pono Advocacy, The Humane Society of the United States, and numerous individuals. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that the sexual assault of an animal, or bestiality, is prohibited in forty-six states and that, while Hawaii has strong animal cruelty laws, the sexual molestation of animals by humans is not adequately addressed. Your Committee further finds that establishing the sexual assault of an animal as a separate crime will allow state law enforcement officers to better identify potentially dangerous and violent sexual predators in their communities.

Your Committee has amended this measure by:

- (1) Establishing a schedule of penalties for the offense of sexual assault of an animal and clarifying that the penalties are applicable unless otherwise provided by any other law; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the high penalties for the offense of sexual assault of an animal are not just to protect animals, but also intended to be a deterrent against the sexual assault of children because animal abuse is often a precursor to child abuse.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 343, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 343, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1828 Finance on S.B. No. 336

The purpose of this measure is to increase the maximum amount of each agricultural and aquacultural loan that the Chairperson of the Board of Agriculture may be authorized to approve unilaterally from \$25,000 to \$50,000.

Your Committee received testimony in support of this measure from the Department of Agriculture, Ulupono Initiative, Hawai'i Farm Bureau, and one individual.

Your Committee has amended this measure by blanking out the maximum loan amounts that the Chairperson of the Board of Agriculture may authorize.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 336, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 336, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1829 Finance on S.B. No. 179

The purpose of this measure is to transfer operational authority over portions of the east Kauai irrigation system operated and maintained by the East Kauai Water Users' Cooperative before December 15, 2020, to the Department of Agriculture.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of the Mayor of the County of Kaua'i; Hawai'i Farm Bureau; Ulupono Initiative; Larry Jefts Farms, LLC; East Kauai Water Users' Cooperative; Kalepa Coalition; and one individual. Your Committee received comments on this measure from the Department of Agriculture and Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 179, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1830 Finance on S.B. No. 512

The purpose of this measure is to expand the Hawaii Healthy Food Incentive Program, also known as the Double Up Food Bucks Program, to make fresh fruits and vegetables more readily accessible to families or individuals in Hawaii who receive assistance through the federal Supplemental Nutrition Assistance Program, by:

- (1) Removing the \$10 per visit per day cap on the dollar-for-dollar match received by Supplemental Nutrition Assistance Program beneficiaries under the Double Up Food Bucks Program; and
- (2) Specifying that healthy proteins are eligible purchases under the Program.

Your Committee received testimony in support of this measure from the Department of Health; Office of Planning; Executive Office on Early Learning; City and County of Honolulu Department of Community Services; City and County of Honolulu Office of Climate Change, Sustainability and Resiliency; Pioneering Healthier Communities of Honolulu; AARP Hawai'i; Hawaii Cattlemen's Council, Inc.; Hawaii Medical Service Association; Hawai'i Pacific Health; Land Use Research Foundation of Hawaii; Hawaii Association of Health Plans; Hawaii Food Industry Association; Local Food Coalition; Kamehameha Schools; 'Ohana Health Plan; Neighborhood Place of Puna; Catholic Charities Hawai'i; Hawai'i Community Foundation; Ulupono Initiative; 350Hawaii.org; Blue Zones Project; Hawaii Children's Action Network Speaks!; Climate Protectors Hawaii; The Chamber of Commerce Hawaii; Hawai'i Primary Care Association; AlohaCare; Early Childhood Action Strategy; Obesity Prevention Task Force; Health Committee of the Democratic Party of Hawai'i; Hawaii Appleseed Center for Law & Economic Justice; Hawai'i Alliance for Progressive Action; Hawaii Foodbank; GreenWheel Food Hub; The Food Basket - Hawai'i Island's Food Bank; Hawai'i Alliance for Community-Based Economic Development; Parents And Children Together; Hawai'i Farm Bureau; HOPE Services Hawai'i; We Are One, Inc.; Farm Link Hawai'i; and numerous individuals. Your Committee received comments on this measure from the Department of Human Services, University of Hawai'i System, and American Heart Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 512, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1831 Finance on S.B. No. 772

The purpose of this measure is to:

- (1) Authorize the issuance of special number motor vehicle license plates that commemorate the importance of forest and ocean conservation, and use proceeds to fund conservation efforts for the State's beaches, nearshore environments, and forests; and
- (2) Increase initial application and renewal fees for special number plates.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee has amended this measure by:

- (1) Changing the amounts of the initial application and renewal fees for special number plates to unspecified amounts;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 772, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 772, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1832 Finance on S.B. No. 1162

The purpose of this measure is to update the Forest Stewardship Program administered by the Board of Land and Natural Resources by:

- (1) Clarifying the purpose of the Forest Stewardship Program;
- (2) Expanding the areas of approved management activities and practices that are eligible for cost-share assistance under the Forest Stewardship Program;
- (3) Increasing the limit for payments from the Forest Stewardship Fund for development of approved management plans and allowing payments from the Fund for implementation of approved management plans; and
- (4) Amending requirements for applicants to receive Forest Stewardship Program funds.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Climate Protectors Hawai'i, and one individual.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1162, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1162, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1833 Finance on S.B. No. 793

The purpose of this measure is to repeal the provision allowing for employment at wages below the minimum wage for individuals with disabilities.

Your Committee received testimony in support of this measure from the Department of Health, Disability and Communication Access Board, State Council on Developmental Disabilities, State Rehabilitation Council, Hawaii State Committee of Blind Vendors, Rainbow Family 808, Hawaii Disability Rights Center, PHOCUSED, National Federation of the Blind of Hawaii, Hawaii State Teachers Association, Democratic Party of Hawaii Labor Caucus, Maui Chapter of the Hawaii Self Advocacy Advisory Council, Democratic Party of Hawai'i, Health Committee of the Democratic Party of Hawai'i, HOPE Services Hawai'i, Hawaii Clubhouse Advocacy Coalition, Hawai'i Health & Harm Reduction Center, Neighborhood Place of Puna, Waimea Easterseals Hawaii, and fifteen individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 793, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1834 Finance on S.B. No. 1187

The purpose of this measure is to make an emergency appropriation to the Department of Public Safety to provide the State's correctional institutions and the Health Care Division with sufficient funds to cover the cost of personnel to provide continuous operations and response to the COVID-19 pandemic.

Your Committee received testimony in support of this measure from the Department of Public Safety and one individual.

Your Committee has amended this measure by:

- (1) Changing the amount of the appropriation from \$6,006,892 to \$6,006,000; and
- (2) Making it effective upon approval.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1187, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1187, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1835 Finance on S.B. No. 1194

The purpose of this measure is to make emergency appropriations to the Department of Public Safety to continue funding for certain programs and activities related to COVID-19 response efforts.

Your Committee received testimony in support of this measure from the Department of Public Safety and one individual.

Your Committee has amended this measure by:

- (1) Inserting the following appropriation amounts for fiscal year 2020-2021:
 - (A) \$2,106,460 for healthcare professional costs and inmate hospitalization expenses at non-state facilities for Hawaii inmates;
 - (B) \$1,100,000 for providing food services and deep cleaning, disinfecting, and sanitizing departmental offices and correctional facilities; and
 - (C) \$136,201 for security costs, overtime, and other payroll costs for ten existing deputy sheriff positions providing security screening and protocols for the Safe Travels Hawaii Program; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1194, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1194, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1836 Judiciary & Hawaiian Affairs on S.B. No. 1034

The purpose of this measure is to:

- (1) Authorize boards to use interactive conference technology to remotely conduct meetings under the State's open meetings law, also known as the Sunshine Law;
- (2) Allow for additional courtesy sites open to the public for meetings held by interactive conference technology;
- (3) Require a meeting held by interactive conference technology to be automatically recessed for up to one hour to restore communication under certain circumstances; and
- (4) Require public notices of board meetings to include the board's electronic and postal contact information for submission of testimony before the meeting.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Department of Land and Natural Resources, Department of Transportation, Hawai'i Civil Rights Commission, Office of Information Practices, Disability and Communication Access Board, State Council on Developmental Disabilities, Board of Trustees of the Hawaii Employer-Union Health Benefits Trust Fund, Board of Trustees of the Employees' Retirement System, two members of the Maui County Council, Honolulu Authority for Rapid Transportation, Civil Beat Law Center for the Public Interest, Hawaii Chapter of the Society of Professional Journalists, Common Cause Hawaii, Transform Hawai'i Government, National Federation of the Blind of Hawaii, and nine individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the ability to allow the public to view and participate in meetings of public agencies is of vital importance for democracy to thrive. Your Committee further finds that during the coronavirus disease 2019 (COVID-19) pandemic, the State's Sunshine Law was suspended to ensure the health and safety of employees and the public, changing the focus from in-person meetings to remote meetings. Remote meetings have increased transparency by allowing more members of the public to participate, regardless of their physical location. Your Committee believes that this practice should continue, thereby increasing transparency and engagement.

Your Committee has amended this measure by:

- (1) Requiring that the interactive conference technology used by the board for remote meetings allow audiovisual interaction among all members of the board participating in the meeting and all members of the public attending the meeting;
- (2) Requiring a member of the public to request a meeting location that is open to the public and has audiovisual connection at least three working days before the meeting, rather than seventy-two hours before the meeting;
- (3) Clarifying that the provision of additional locations open to the public is optional;
- (4) Requiring all board members participating in a remote meeting held by interactive conference technology to be visible and audible to other members and the public during the meeting, subject to certain limitations, rather than only requiring a quorum of board members to be visible and audible;
- (5) Requiring a roll call vote for board action items, instead of every vote by the board which would have included votes on procedural matters such as the approval of minutes or adjournment; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that if a person requests accommodations, such as an interpreter, for a board meeting and the board meeting goes beyond the scheduled end time, the board should end the meeting at the scheduled time and notice a new meeting date and time to ensure that the person who requested accommodations may fully access the meeting.

Your Committee also notes that public libraries with computer availability satisfy the public access requirements under this measure to the extent authorized under local public library rules.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1034, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1034, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 3 (D. Kobayashi, LoPresti, Todd).

SCRep. 1837 Judiciary & Hawaiian Affairs on S.B. No. 540

The purpose of this measure is to:

- (1) Allow for lesser emergency period penalties to be adopted by the Governor or a mayor;
- (2) Amend the State's existing traffic infraction laws to incorporate emergency period infractions so that they are adjudicated in the same manner;
- (3) Allow electronic copies of notices of infractions, infraction adjudication hearings, and notices of infraction judgments to be sent via electronic mail; and
- (4) Grant the district court concurrent jurisdiction over emergency period rule infractions committed by minors.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Office of the Public Defender, Department of the Prosecuting Attorney of the County of Maui, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawai'i Lodging & Tourism Association, Maui Chamber of Commerce, and one individual.

Your Committee finds that the Governor and county mayors have had to exercise their emergency powers during the COVID-19 pandemic to limit the spread of the virus, protect the health and safety of the community, manage medical resources, and restart the economy. This measure is intended to provide the Governor and mayors with more flexibility to adopt a range of lesser penalties for more meaningful and effective enforcement of emergency orders.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 540, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 540, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1838 Judiciary & Hawaiian Affairs on S.B. No. 834

The purpose of this measure is to establish the felony offense of importation, sale, or possession of a childlike sex doll.

Your Committee received testimony in support of this measure from the Office of the Prosecuting Attorney of the County of Hawai'i, Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, and three individuals.

Your Committee recognizes a correlation between possession of a childlike sex doll and other offenses perpetrated against children. Your Committee finds that a Johns Hopkins School of Medicine paraphilia researcher has opined that contact with a childlike sex doll is likely to reinforce pedophilic thoughts and cause those thoughts to be acted upon with greater urgency. Your Committee also finds that other jurisdictions have enacted laws to help protect minors from the harm associated with childlike sex dolls by imposing criminal penalties for selling or possessing a childlike sex doll.

Your Committee has amended this measure by specifying that childlike sex dolls are those that resemble a person below the age of puberty, rather than below the age of eighteen years.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 834, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 834, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1839 Judiciary & Hawaiian Affairs on S.B. No. 309

The purpose of this measure is to add the intentional creation, disclosure, or threat of disclosure of certain types of realistic deep fake images or videos to the offense of violation of privacy in the first degree, subject to specified exemptions.

Your Committee received testimony in support of this measure from Imua Alliance, International Alliance of Theatrical Stage Employees Local 665, and one individual. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and Honolulu Police Department.

Your Committee finds that deep fake technology enables the creation of synthetic media in which a person in an existing image or video is replaced with the likeness of another person. Your Committee further finds that this measure will protect the privacy of a person's likeness by prohibiting the unauthorized use of deep fake technology.

Your Committee has amended this measure by:

- (1) Deleting language that would have required a depicted person to suffer harm as a result of a realistic photographic image or video being created, disclosed, or threatened to be disclosed as an act of revenge or retribution;
- (2) Deleting language that would have specifically amended the exception to the offense of violation of privacy in the first degree to apply to realistic photographic images or videos, instead of all images or videos; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 309, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 309, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1840 Finance on S.B. No. 1101

The purpose of this measure is to:

- (1) Establish the Safe Home Program to provide matching and nonmatching grants for the installation of wind resistive devices to single-family, owner-occupied, residential property owners, in certain circumstances;

- (2) Allocate a portion of the monies earned through interest from the Hurricane Reserve Trust Fund's assets to provide grants under the Safe Home Program; and
- (3) Establish one temporary full-time equivalent position within the Insurance Division of the Department of Commerce and Consumer Affairs to implement and administer the Safe Home Program.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Hawaii State Energy Office; Hawaii Emergency Management Agency; Hawaii Green Infrastructure Authority; City and County of Honolulu Office of Climate Change, Sustainability and Resiliency; and three individuals. Your Committee received comments on this measure from the State Procurement Office, Hawaii Insurers Council, and American Insurance Group, Inc.

Your Committee has amended this measure by:

- (1) Appropriating general funds, rather than funds out of the Hurricane Reserve Trust Fund, for purposes of funding the Safe Home Program Trust Fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1101, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1101, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1841 Finance on S.B. No. 332

The purpose of this measure is to temporarily amend for one year the powers and duties of the Comptroller to reduce the preaudit requirements of all proposed payments to expenditures by:

- (1) Increasing the minimum dollar amount of proposed payments to be preaudited from \$10,000 to \$100,000; and
- (2) Allowing, rather than requiring, the Comptroller to preaudit proposed payments of expenditures of up to \$100,000.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee has amended this measure by:

- (1) Changing the minimum dollar amount of proposed payments required to be preaudited by the Comptroller and the threshold dollar amount for proposed payments that the Comptroller may preaudit to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 332, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 332, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1842 Finance on S.B. No. 246

The purpose of this measure is to establish the State Government Realignment Commission to periodically review the executive branch's departments, divisions, and agencies, including functions and services, and submit its findings and recommendations to the Legislature.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 2, which preserves the contents on this measure and additionally:

- (1) Inserts appropriations of unspecified amounts from funds received by the State from the American Rescue Plan Act for various broadband infrastructure installation and expansion projects throughout the State; and
- (2) Requires the Department of Accounting and General Services and Department of Transportation to submit an annual report regarding the various broadband infrastructure installation and expansion projects.

Your Committee received testimony in support of the proposed H.D. 2 from the Department of Business, Economic Development, and Tourism and Department of Transportation. Your Committee received comments on the proposed H.D. 2 from the Judiciary, Department of Education, Department of Budget and Finance, and Department of Accounting and General Services.

Your Committee has amended this measure by adopting the proposed H.D. 2 and further amending the measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 246, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 246, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1843 Finance on S.B. No. 1329

The purpose of this measure is to amend the Hawaii Public Procurement Code to:

- (1) Require the Chief Procurement Officer or designee to address protests as expeditiously as possible;
- (2) Establish time limits to resolve protests to the awards of competitive sealed proposal contracts and procurements of professional services, if the protest is not resolved by mutual agreement, unless extenuating circumstances require additional time; and
- (3) Specify that a protest shall prevail if the protest is not resolved by mutual agreement and the Chief Procurement Officer or designee does not issue a

decision within the established time limits.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Department of Human Services; CONSOR Engineers; American Council of Engineering Companies of Hawaii; Ronald N.S. Ho & Associates, Inc.; Yogi Kwong Engineers, LLC; Hart Crowser, Inc.; and one individual. Your Committee received comments on this measure from the Department of Accounting and General Services; Department of Transportation; State Procurement Office; Associated Builders and Contractors, Hawaii Chapter; and General Contractors Association of Hawaii.

Your Committee has amended this measure by:

- (1) Deleting language that would have specified that a protest shall prevail if the protest is not resolved by mutual agreement and the Chief Procurement Officer or designee does not issue a decision within the established time limits;
- (2) Inserting the substantive contents of H.B. No. 1054, H.D. 1, a measure that amends the cash or protest bond amount for a party initiating an administrative proceeding for review of a decision on the solicitation or award of a competitive sealed bidding or competitive sealed proposal contract; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1329, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1329, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1844 Judiciary & Hawaiian Affairs on S.B. No. 200

The purpose of this measure is to clarify that the requirement for a candidate or candidate committee to file a late contribution report before an election applies only if the candidate appears on the election ballot and makes or receives contributions in excess of \$500.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and one individual. Your Committee received testimony in opposition to this measure from Common Cause Hawaii.

Your Committee finds that this measure clarifies that the late contribution report due on the third calendar day before an election is not required if candidates are not on the ballot. This is consistent with the requirements for preliminary candidate and candidate committee reports.

Your Committee has amended this measure by:

- (1) Amending the amount of contributions that trigger the requirement to file a late contribution report from \$500 to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 200, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 200, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1845 Judiciary & Hawaiian Affairs on S.B. No. 403

The purpose of this measure is to:

- (1) Exempt certain unsuccessful candidates and those candidates who are elected to office in a primary election from the requirement of filing preliminary general reports for the following general election; and
- (2) Clarify the aggregate contribution and expenditure amounts that trigger the requirement for a candidate or noncandidate committee to file only the final election period report.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, and one individual.

Your Committee finds that reporting requirements under campaign finance law are necessary to maintain transparency and fairness in the election process. Your Committee further finds that preliminary reports are due throughout the spring, summer, and fall in an election year. However, the final two preliminary reports are due between the primary election and subsequent general election. Your Committee therefore finds that requiring candidates who are either unsuccessful or who have been elected to office in a primary election to file preliminary reports between the primary and general election is unnecessary.

Your Committee has amended this measure by:

- (1) Changing the aggregate contribution and expenditure amounts that trigger the requirement for a candidate or noncandidate committee to file only the final election report to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 403, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 403, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1846 Judiciary & Hawaiian Affairs on S.B. No. 404

The purpose of this measure is to amend the requirements for a statement of information filed by each person who makes an expenditure for electioneering communications by:

- (1) Amending the monetary threshold that triggers disclosure of electioneering communications;
- (2) Requiring that disclosures of electioneering communications occur on the date the electioneering communications are publicly distributed;
- (3) Classifying election advertisements sent by mail at any postal rate as electioneering communications;

- (4) Exempting communications that are actual expenditures by an expending organization from being considered electioneering communications; and
- (5) Repealing the requirement that a person be treated as having made an expenditure if the person has executed a contract to make the expenditure.

Your Committee received testimony in support of this measure from Common Cause Hawaii. Your Committee received comments on this measure from the Campaign Spending Commission, League of Women Voters of Hawaii, and one individual.

Your Committee finds that electioneering communications are meant to expose noncandidate influences on elections which have been shown to radically influence the outcomes of elections in the State.

Your Committee has amended this measure by:

- (1) Changing the monetary threshold that triggers disclosure of electioneering communications from an unspecified amount to \$1,000;
- (2) Requiring that disclosures of electioneering communications occur only on the first date a person has made the expenditures, instead of on the date the electioneering communications are publicly distributed;
- (3) Excluding candidates and candidate committees from electioneering communication disclosure requirements;
- (4) Restoring language that required a person to be treated as having made an expenditure if the person has executed a contract to make the expenditure; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 404, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 404, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 1847 Judiciary & Hawaiian Affairs on S.B. No. 615

The purpose of this measure is to:

- (1) Amend the definition of "motor scooter" under the Hawaii Highway Safety Act and the Statewide Traffic Code;
- (2) Require all moped and motor scooter rental companies to ensure the rider wears a safety helmet supplied either by the company or the renter, except for riders with a motorcycle license; and
- (3) Prohibit the rental of any moped or motor scooter with aftermarket modifications.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, and numerous individuals. Your Committee received comments on this measure from AAA Hawaii.

Your Committee finds that wearing a helmet while operating a moped, powered scooter, or other motorized cycle decreases fatalities and serious injuries. According to the Hawaii Injury Prevention Plan for 2012-2017, published by the Emergency Medical Services and Injury Prevention System Branch of the Department of Health, properly worn helmets prevent deaths and brain injuries. Your Committee further finds that helmets reduce the risk of death by forty-two percent and the risk of a head injury by sixty-nine percent. This measure will require certain moped and motor scooter operators to wear helmets, thereby mitigating fatalities and traumatic brain injuries on Hawaii's roadways and ensuring the safety of residents and visitors.

Your Committee has amended this measure by:

- (1) Prohibiting persons from leasing or renting a moped or motor scooter to another person unless the moped or motor scooter is equipped with a flag; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 615, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 615, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (McKelvey). Noes, none. Excused, none.

SCRep. 1848 Finance on S.B. No. 375

The purpose of this measure is to require the Department of Transportation to conduct a study to determine the feasibility of repairing or renovating the Kalaeloa Airport air traffic control tower.

Your Committee received testimony in support of this measure from the Department of Transportation and Palehua Townhouse Association. Your Committee received comments on this measure from the Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34.

Your Committee has amended this measure by:

- (1) Deleting language that would have required the Department of Transportation to:
 - (A) Collaborate with the Department of Defense and Federal Aviation Administration to conduct a study to determine the feasibility of repairing or renovating the Kalaeloa Airport air traffic control tower; and
 - (B) Submit a report of its findings and recommendations, including any proposed legislation, to the Legislature; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 375, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 375, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1849 Finance on S.B. No. 57

The purpose of this measure is to:

- (1) Codify the requirement for the Director of Transportation to supervise and certify vehicle inspectors; establish standards, certificates, and examinations for inspectors; and monitor activities and conduct investigations of reported or suspected improper inspection activities;
- (2) Temporarily repeal the requirement for reconstructed vehicles to obtain a special inspection and certification; and
- (3) Require the Department of Transportation to report to the Legislature on the effects of the repeal.

Your Committee received testimony in support of this measure from the Department of Transportation; 4Runnation, Hawaii; 808 Street Rods; Oahu Motorsports Association; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Honolulu Police Department.

Your Committee has amended this measure by:

- (1) Changing the effective date and the repeal date for the temporary repeal of the requirement for reconstructed vehicles to obtain a special inspection and certification to January 1, 2052, and July 31, 2055, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 57, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 57, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (McDermott).

SCRep. 1850 Finance on S.B. No. 350

The purpose of this measure is to require the Department of Health to:

- (1) Direct the Clean Water Branch of the Environmental Management Division to continue to test water quality during brown water advisories, as practicable;
- (2) Issue health advisories during brown water advisories that explain the health risks associated with water runoff; and
- (3) Consider environmental justice issues when making certain assessments and determinations.

Your Committee received testimony in support of this measure from the Friends of Maha'ulepu, Surfrider Foundation Kauai Chapter, Kihei Community Association, Clean The Pacific, Surfrider Foundation Hawai'i Region, and eighteen individuals. Your Committee received testimony in opposition to this measure from the Department of Health. Your Committee received comments on this measure from one individual.

Your Committee has amended this measure by:

- (1) Inserting an unspecified appropriation amount for an unspecified number of full-time equivalent positions for the Department of Health; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 350, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 350, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1851 Finance on S.B. No. 932

The purpose of this measure is to:

- (1) Establish and appropriate funds out of the Clean Energy and Energy Efficiency Revolving Loan Fund to provide financial assistance for investments in a broad range of clean energy technologies;
- (2) Authorize monies in the Hawaii Green Infrastructure Special Fund to be used to finance the option to purchase solar energy systems and other clean energy equipment, including the purchase or lease of electric vehicles and installation of electric vehicle charging systems; and
- (3) Repeal the Building Energy Efficiency Revolving Loan Fund.

Your Committee received testimony in support of this measure from the Hawaii Green Infrastructure Authority; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Climate Protectors Hawai'i; 350Hawaii; Environmental Caucus of the Democratic Party of Hawai'i; Blue Planet Foundation; Hawaiian Electric Company; and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Budget and Finance, and Hawaii State Energy Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 932, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1852 Finance on S.B. No. 1353

The purpose of this measure is to clarify the core responsibilities of the Hawaii State Energy Office by:

- (1) Expanding the purpose of the Hawaii State Energy Office; and
- (2) Transferring all duties relating to energy efficiency, renewable energy, energy resilience, and clean transportation related incentives, programs, and goals from the Chief Energy Officer to the Hawaii State Energy Office.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Climate Protectors Hawai'i, Citizens' Climate Lobby Hawaii, 350Hawaii.org, and five individuals. Your Committee received testimony in opposition to this measure from the Environmental Caucus of the

Democratic Party of Hawai'i. Your Committee received comments on this measure from the Hawaii Clean Power Alliance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1353, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1853 Judiciary & Hawaiian Affairs on S.B. No. 367

The purpose of this measure is to waive the federal Clean Water Act's requirement for section 401 water quality certification for certain small-scale beach restoration projects authorized by the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of Health, Department of Land and Natural Resources, Mayor of the County of Maui, Hawai'i Shore and Beach Preservation Association, Waikiki Beach Special Improvement District Association, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Hawaii is losing its beaches at an alarming rate due to chronic beach erosion, sediment deficiencies, sea-level rise, and shoreline armoring. Your Committee further finds that while the Department of Land and Natural Resources promotes adaptive ecosystem-based management approaches to mitigate erosion and beach loss, these restoration and maintenance activities must be authorized in a streamlined manner and on a recurring basis to be effective. Waiving the section 401 water quality certification requirement for small-scale beach restoration permit applicants that have met the regulations and qualifying criteria needed to receive a notice of authorization to proceed from the Department will ensure that the program functions efficiently and responsibly.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 367, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 367, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1854 Judiciary & Hawaiian Affairs on S.B. No. 280

The purpose of this measure is to:

- (1) Codify the administrative definition of "assistance animal" for the purposes of real estate transactions;
- (2) Clarify the type of verification an individual may provide to establish the need for an assistance animal; and
- (3) Specify that the possession of a vest or other distinguishing animal garment, tag, or registration document commonly purchased online and purporting to identify an animal as a service animal or assistance animal does not constitute a valid verification of a disability-related need for an assistance animal.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Hawaii Disability Rights Center, Hawai'i Association of REALTORS, Associa, and two individuals. Your Committee received comments on this measure from the Disability and Communication Access Board and Community Associations Institute.

Your Committee finds that a person with a disability that includes the use of an assistance animal should be provided equal opportunity to use and enjoy a housing accommodation. Your Committee further finds that the requirements imposed by this measure strike an appropriate balance between the needs of both parties to the real estate transaction.

Your Committee has amended this measure by:

- (1) Authorizing, rather than requiring, verification of the disability-related need for an assistance animal as a reasonable accommodation, when the need is not readily apparent, to be in writing; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 280, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 280, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

SCRep. 1855 Consumer Protection & Commerce on S.B. No. 1021

The purpose of this measure is to include the use of traditional Native Hawaiian burial practices in the treatment and disposal of human remains, including the use of alkaline hydrolysis and natural organic reduction.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Willed Body Program of the University of Hawaii John A. Burns School of Medicine; Fisher & Associates Consulting, LLC; Aloha Mortuary; Ken Ordenstein Funerals; and eleven individuals. Your Committee received testimony in opposition to this measure from Nuuanu Memorial Park & Mortuary; Mililani Group, Inc.; Hawaii Funeral & Cemetery Association, Inc.; Dodo Mortuary, Inc.; Leeward Funeral Home; Hawaiian Memorial Life Plan, Ltd.; and one individual.

Your Committee finds that traditional Hawaiian burial practices are deeply integral to Hawaiian culture and identity and offer a cost-effective and environmentally friendly alternative to modern treatments of human remains. This measure addresses certain barriers to the traditional Hawaiian method of preparing human remains, which will enable the restoration and revival of traditional Native Hawaiian burial practices and values.

Your Committee has amended this measure by:

- (1) Deleting all references to natural organic reduction and natural organic reduction facilities; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1021, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached

hereto as S.B. No. 1021, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

SCRep. 1856 Finance on S.B. No. 628

The purpose of this measure is to:

- (1) Begin the transfer of the Oahu Regional Health Care System in its entirety from the Hawaii Health Systems Corporation to the Department of Health;
- (2) Authorize the Department of Health to conduct long-term care and substance abuse treatment at Leahi Hospital and Maluhia and to pay rent for the use of the Leahi Hospital property;
- (3) Require the Department of Health to consult with the University of Hawaii regarding programs at Leahi Hospital and Maluhia and allow University of Hawaii students to rotate through those facilities for training purposes;
- (4) Prohibit the planned elimination or reduction of direct patient care services at Leahi Hospital or Maluhia unless certain conditions are met;
- (5) Establish a working group to enable the Oahu Regional Health Care System, Department of Health, Hawaii Health Systems Corporation, and other state agencies to develop, evaluate, and implement the processes required to complete the transition;
- (6) Clarify the rights, powers, and exemptions of the Oahu Regional System Board during the transition period of the Oahu Regional Health Care System into the Department of Health, and the rights, powers, and exemptions of the Inpatient Services Division of the Department of Health after the transition is complete;
- (7) Authorize the issuance of general obligation bonds for improvements to Leahi Hospital and Maluhia; and
- (8) Appropriate funds from the Mental Health and Substance Abuse Special Fund to operate Leahi Hospital and Maluhia.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Kapi'olani Medical Center for Women and Children, Hawaii Health Systems Corporation, Oahu Region of the Hawaii Health Systems Corporation, and The Queen's Health Systems. Your Committee received testimony in opposition to this measure from the State Procurement Office. Your Committee received comments on this measure from the Department of the Attorney General; Department of Health; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and United Public Workers, AFSCME Local 646, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 628, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1857 Finance on S.B. No. 506

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Wahiawa General Hospital with its long-term debt restructuring.

Your Committee received testimony in support of this measure from Wahiawa General Hospital; United Public Workers, AFSCME Local 646, AFL-CIO; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the authorized special purpose revenue bonds amount from an unspecified amount to \$12,000,000;
- (2) Changing the effective date to July 1, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 506, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 506, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1858 Finance on S.B. No. 1137

The purpose of this measure is to amend the cap for the Spouse and Child Abuse Special Fund to allow for federal reimbursements received from the United States Department of Health and Human Services, Administration for Children and Families, to be retained in the year following the fiscal year in which Family First Prevention Services funds and Title IV-E funds were expended.

Your Committee received testimony in support of this measure from Rainbow Family 808. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Inserting a five-year sunset on the Spouse and Child Abuse Special Fund and specifying that any unencumbered remaining balances shall lapse to the general fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1137, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1137, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1859 Finance on S.B. No. 263

The purpose of this measure is to:

- (1) Transfer oversight of the Made in Hawaii Program as it relates to manufactured products to the Department of Business, Economic Development, and Tourism;
- (2) Place the Grown in Hawaii Program under the management of the Department of Agriculture;
- (3) Transfer ownership of the "Made in Hawaii with Aloha" trademark from the Department of Agriculture to the Department of Business, Economic Development, and Tourism; and
- (4) Appropriate funds to the Department of Business, Economic Development, and Tourism for the oversight and administration of the Made in Hawaii Program and for the promotion of the "Made in Hawaii with Aloha" brand.

Your Committee received testimony in support of this measure from the Young Democrats of Hawai'i.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 2, which preserves the contents of this measure and additionally inserts language that:

- (1) Requires the creation and publication of a master plan for the marketing and advertising activities of the Department of Agriculture; Department of Business, Economic Development, and Tourism; and Department of Land and Natural Resources; and
- (2) Requires expenditures of monies for marketing and advertising to be done in accordance with the master plan.

Your Committee received comments on the proposed H.D. 2 from the Department of Business, Economic Development, and Tourism.

Your Committee has amended this measure by adopting the proposed H.D. 2 and further amending it by:

- (1) Changing the entity responsible for oversight of the Made in Hawaii Program and the appropriation for the oversight of the program to an unspecified department;
- (2) Changing the entity receiving ownership of the "Made in Hawaii with Aloha" trademark from the Department of Agriculture to an unspecified department; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 263, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 263, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1860 Finance on S.B. No. 935

The purpose of this measure is to:

- (1) Establish the Office of Aerospace Development in the Hawaii Technology Development Corporation instead of the Department of Business, Economic Development, and Tourism;
- (2) Repeal references to the Pacific International Space Center for Exploration Systems;
- (3) Transfer the rights, powers, functions, and duties of the Pacific International Space Center for Exploration Systems to the Office of Aerospace Development;
- (4) Allow the Aerospace Advisory Committee to select the Director of the Office of Aerospace Development; and
- (5) Reduce the number of members on the Aerospace Advisory Committee.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Pacific International Space Center for Exploration Systems; and one individual.

Your Committee has amended this measure by:

- (1) Inserting a blank appropriation to the University of Hawaii for the Pacific International Space Center for Exploration Systems at the University of Hawaii at Hilo Iimiloa Astronomy Center;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 935, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 935, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1861 Finance on S.B. No. 1196

The purpose of this measure is to:

- (1) Amend the due date for employers to file the wage and tax statement, or Form W-2, from the last day of February to January 31 following the close of the calendar year; and
- (2) Impose a penalty on employers that fail to timely furnish and file the wage and tax statement.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee has amended this measure by changing the penalty amounts imposed on employers that fail to timely furnish and file the wage and tax statement to unspecified amounts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1196, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1196, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1862 Finance on S.B. No. 1412

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist HK Management LLC, in planning, designing, constructing, reconstructing, renovating, acquiring, equipping, and improving surf industry center facilities.

Your Committee received testimony in support of this measure from Treehouse Coworking; Hawaii Ocean Education Foundation; Kai Law, LLC; and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by changing the amount of special purpose revenue bonds authorized to be issued from \$95,000,000 to an unspecified sum.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1412, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1412, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1863 Finance on S.B. No. 1421

The purpose of this measure is to:

- (1) Create a Dual Use Technology Task Force within the Department of Business, Economic Development, and Tourism to explore how dual use technology can be used to promote economic recovery and diversify the State's economy; and
- (2) Require the task force to submit reports to the Legislature prior to the Regular Sessions of 2023 and 2025.

Your Committee received testimony in support of this measure from Oceanit and Chamber of Commerce Hawaii. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and Hawaii Technology Development Corporation.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1421, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1421, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, 1 (Perruso). Excused, none.

SCRep. 1864 Finance on S.B. No. 579

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist House of Aloha Enterprises LLC, with planning, designing, constructing, and equipping of facilities in Hawaii for the manufacturing and processing of certain products.

Your Committee received testimony in support of this measure from the Hawaiian Legacy Reforestation Initiative; Mason Industries, LLC; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the special purpose revenue bond amount to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 579, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 579, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 13; Ayes with Reservations (B. Kobayashi, Tam). Noes, 2 (Perruso, Wildberger). Excused, none.

SCRep. 1865 Finance on S.B. No. 1053

The purpose of this measure is to expand the eligibility of organizations that may receive community-based economic development technical and financial assistance beyond community-based organizations to also include for-profit businesses.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawai'i Primary Care Association; and one individual.

Your Committee has amended this measure by:

- (1) Changing the maximum grant amount that may be given to an applicant of the Hawaii Community-Based Economic Development Technical and Financial Assistance Program to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1053, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1053, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1866 Judiciary & Hawaiian Affairs on S.B. No. 714

The purpose of this measure is to clarify that the Hawaii Publicity Rights Act applies retroactively to protect the publicity rights of individuals who died before its enactment.

Your Committee received testimony in support of this measure from nine individuals.

Your Committee finds that the Hawaii Publicity Rights Act was enacted on July 15, 2009, to recognize the existence of the right of publicity as a property right in the commercial use of a person's name, voice, signature, likeness, and other commercially valuable attributes. Your Committee further finds that the Hawaii Publicity Rights Act allows the people of Hawaii to protect their legacy and rights that are not covered by federal copyright law or state and federal trademark laws. Your Committee also finds that the Legislature's intent in enacting the Hawaii Publicity Rights Act was to recognize the right of publicity held by persons living and dead, even if their death occurred before the enactment of the Hawaii Publicity Rights Act. This measure will make that intention explicit.

Your Committee has amended this measure by changing the effective date to take effect retroactive to July 15, 2009.

Your Committee notes that this measure will protect the rights of individuals who died before the enactment of the Hawaii Publicity Rights Act but shall not be deemed to affect any rights previously litigated.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 714, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 714, S.D. 1, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Todd).

SCRep. 1867 Finance on S.B. No. 548

The purpose of this measure is to:

- (1) Amend the State's election laws to clarify and improve the administration of elections by mail;
- (2) Establish a Statewide Voters with Special Needs Advisory Committee and County Voters with Special Needs Advisory Committees within each county;
- (3) Require the Department of Public Safety and Hawaii Paroling Authority to inform individuals on parole or probation of their eligibility to vote and provide them with information on how to register and vote; and
- (4) Require the Office of Elections and the county clerks to make a determination, as soon as practicable, of the optimal number and placement of voter service centers.

Your Committee received testimony in support of this measure from the Office of Elections, Disability and Communications Access Board, LGBT Caucus of the Democratic Party of Hawaii, League of Women Voters of Hawaii, Community Alliance on Prisons, and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of the Attorney General, Honolulu Elections Division of the City and County of Honolulu, Elections Division of the Office of the County Clerk of the County of Kaua'i, Common Cause Hawaii, AARP Hawai'i, and seven individuals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 548, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 548, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Perruso).

SCRep. 1868 Finance on S.B. No. 765

The purpose of this measure is to:

- (1) Establish sentencing guidelines for highly intoxicated drivers;
- (2) Require the installation of an ignition interlock device on all vehicles operated by a person upon license revocation for operating a vehicle under the influence of an intoxicant, subject to specified exceptions;
- (3) Increase the license revocation period and extend the applicable lookback periods; and
- (4) Amend the penalties for operating a vehicle under the influence of an intoxicant.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawai'i Police Department, Office of the Prosecuting Attorney of the County of Kaua'i, Honolulu Police Department, Hawaii Bicycling League, AAA Hawai'i, and Hawaii Strategic Highway Safety Plan. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Maui Police Department, Department of Prosecuting Attorney of the County of Maui, Department of the Prosecuting Attorney of the City and County of Honolulu, and Mothers Against Drunk Driving Hawai'i.

Your Committee has amended this measure by:

- (1) Deleting language that would have subjected a person who is convicted of habitually operating a vehicle under the influence of an intoxicant and was a highly intoxicated driver to a \$50 surcharge and, if the court so ordered, \$100 surcharge, to be deposited into the Neurotrauma Special Fund and Trauma System Special Fund, respectively; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 765, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 765, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15; Ayes with Reservations (Perruso). Noes, none. Excused, none.

SCRep. 1869 Finance on S.B. No. 1039

The purpose of this measure is to satisfy several claims against the State, its officers, or its employees by making appropriations and approving payments for such claims.

Your Committee received testimony in support of this measure from the Department of Transportation, State Public Charter School Commission, and Aloha Stadium Authority. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee has amended this measure by:

- (1) Including two additional claims that have been resolved, at the request of the Department of the Attorney General;
- (2) Changing the means of financing for the claims to the respective departmental operating budgets, except for the miscellaneous claims and the two claims against the Hawaii State Public Charter School Commission; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1039, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1039, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (McDermott).

SCRep. 1870 Finance on S.B. No. 969

The purpose of this measure is to:

- (1) Beginning July 1, 2021, prohibit the manufacture or importation for sale of certain animal fur products in the State; and
- (2) Beginning December 1, 2021, prohibit the sale, offer for sale, display for sale, trade, or other distribution of certain animal fur products in the State for monetary or nonmonetary consideration.

Your Committee received testimony in support of this measure from Last Chance for Animals, House Rabbit Society, Stella McCartney Ltd, Humane Society Veterinary Medical Association, Animal Defenders International, Animal Legal Defense Fund, People for the Ethical Treatment of Animals, The Humane Society of the United States, H&M, In Defense of Animals, Fur Free Society, and three individuals. Your Committee received testimony in opposition to this measure from the International Fur Federation - Americas Region, Natural Fibers Alliance, Fur Commission USA, National Trappers Association, Retail Merchants of Hawaii, and six individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee has amended this measure by:

- (1) Removing the preamble;
- (2) Delaying the implementation of the prohibition on the manufacture or importation for sale of certain animal fur products in the State to January 1, 2022;
- (3) Deleting the prohibition against the sale, offer for sale, display for sale, trade, or other distribution of certain animal fur products in the State for monetary or nonmonetary consideration;
- (4) Deleting language providing for the penalties and enforcement of violations of the animal fur products chapter, and instead specifying that a violation of the chapter is a misdemeanor;
- (5) Deleting language requiring the Department of the Attorney General to adopt rules and collaborate with the Department of Commerce and Consumer Affairs to develop and disseminate informational documents to educate and inform retail merchants and suppliers on the animal fur products chapter; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 969, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 969, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1871 Finance on S.B. No. 807

The purpose of this measure is to:

- (1) Require the academic plan for each school to include:
 - (A) A clear accounting of all resources that will be allocated to address and achieve each measurable outcome;
 - (B) The school's priority improvement strategies and measures to determine progress;
 - (C) Student growth indicators;
 - (D) Information about programs intended to address social and economic conditions that adversely impact student learning;
 - (E) A breakdown of certain teacher vacancy data; and
 - (F) Average class sizes for all regular education, special education, and content-based English-language learning classes; and
- (2) Require the Department of Education to submit an annual report to the Legislature and the Board of Education on the academic and financial plan of each school, grouped by complex area.

Your Committee received testimony in support of this measure from the Hui for Excellence in Education and one individual. Your Committee received comments on this measure from the Department of Education and Hawaii State Teachers Association.

Your Committee has amended this measure by:

- (1) Requiring the academic plan to include indicators from the school's status improvement reports related to teacher workforce experience and the number of teachers with advanced degrees;
- (2) Changing the effective date to July 1, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 807, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 807, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, Perruso).

SCRep. 1872 Finance on S.B. No. 516

The purpose of this measure is to:

- (1) Require the State Board for Career and Technical Education to oversee and review annually the statewide data collection processes, reporting requirements, and business rules related to the student attainment of industry-recognized credentials;
- (2) Require the State Board for Career and Technical Education to provide an annual report to the Governor and Legislature on students' attainment of industry-recognized credentials; and
- (3) Include career and technical education and credential data in the statewide longitudinal data system to help assess the longitudinal education and workforce outcomes of students who attempted an educational course, training program, career program, postsecondary program, or other workforce training program.

Your Committee received testimony in support of this measure from the Department of Education, Office of Hawaiian Affairs, HawaiiKidsCAN, Chamber of Commerce Hawaii, and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 516, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1873 Finance on S.B. No. 242

The purpose of this measure is to improve digital literacy throughout Hawaii by:

- (1) Establishing the Computer Science Special Fund to provide grants to eligible entities to support computer science education;
- (2) Establishing a timeline for public elementary, middle, and intermediate schools to offer computer science courses or computer science content; and
- (3) Beginning with the 2024-2025 school year, requiring each public charter school that serves elementary, middle, intermediate, or high school students to offer computer science courses or content at a certain frequency.

Your Committee received testimony in support of this measure from the Department of Education, HawaiiKidsCAN, Code.org, Microsoft, Chamber of Commerce Hawaii, Oceanit, Hawai'i Society for Technology in Education, and ten individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Board of Education.

Your Committee has amended this measure by:

- (1) Inserting a five-year sunset on the Computer Science Special Fund established pursuant to this measure and specifying that any unencumbered remaining balances lapse to the credit of the general fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 242, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 242, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (B. Kobayashi, Perruso). Noes, none. Excused, none.

SCRep. 1874 Finance on S.B. No. 39

The purpose of this measure is to:

- (1) Clarify that eligibility for the general excise tax exemption includes the nonreceipt of direct or indirect financing for a construction project from the Hawaii Housing Finance and Development Corporation;
- (2) Allow certain affordable rental housing projects of the Hawaii Housing Finance and Development Corporation to receive a waiver of various development-related fees from a county; and
- (3) Remove the limit on the type of costs eligible for exemption from the general excise tax for the development of affordable rental housing certified by the Hawaii Housing Finance and Development Corporation.

Your Committee received testimony in support of this measure from the Kohala Coast Resort Association; Stanford Carr Development, LLC; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 39, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Perruso, Wildberger). Noes, none. Excused, none.

SCRep. 1875 Finance on S.B. No. 142

The purpose of this measure is to exempt from school impact fee requirements certain affordable housing units, alterations of or additions to existing dwelling units, accessory dwelling units, ohana dwelling units, affordable housing units in projects or property developed by the Hawaii Public Housing Authority, and affordable housing units in projects assisted by the Hawaii Housing Finance and Development Corporation.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Hawaii Public Housing Authority, Catholic Charities Hawai'i, Neighborhood Place of Puna, and two individuals. Your Committee received comments on this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 142, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (Perruso). Excused, none.

SCRep. 1876 Finance on S.B. No. 659

The purpose of this measure is to amend the Low-Income Housing Tax Credit by:

- (1) Allowing the tax credit to be allocated among the partners or members of the partnership or limited liability company earning the credit in any manner agreed to by the partners or members;
- (2) Requiring claims for the Low-Income Housing Tax Credit to include Internal Revenue Service Form 8609;
- (3) Extending the increases made to the Low-Income Housing Tax Credit to an unspecified date; and
- (4) Applying the amendments to taxable years beginning after December 31, 2020.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce; Bank of Hawaii; Dowling Company, Inc.; NAIOP Hawaii; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, Tax Foundation of Hawaii, Hunt Companies - Hawaii, Hunt Capital Partners LLC, Sugar Creek Capital, and Stanford Carr Development, LLC.

Your Committee has amended this measure by:

- (1) Changing when the amendments apply from taxable years beginning after December 31, 2020, to taxable years beginning after December 31, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 659, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 659, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1877 Finance on S.B. No. 2

The purpose of this measure is to:

- (1) Exempt land set aside by the Governor to the Hawaii Housing Finance and Development Corporation and lands leased to the Hawaii Housing Finance and Development Corporation by other state departments or agencies from classification as public lands subject to Department of Land and Natural Resources' management;
- (2) Require those lands to instead be subject to legislative approval before they may be sold or gifted;
- (3) Require state department or agency lands leased to the Hawaii Housing Finance and Development Corporation that are no longer needed for housing, finance, or development to be returned to the state department or agency that leased the lands to the Hawaii Housing Finance and Development Corporation; and
- (4) Require the Hawaii Housing Finance and Development Corporation to submit certain documentation to the Office of Hawaiian Affairs regarding government or crown lands set aside or leased to the Hawaii Housing Finance and Development Corporation before planning to develop or finance an affordable housing development on those lands.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Department of Planning and Permitting of the City and County of Honolulu; EAH Housing; Mutual Housing Association of Hawai'i, Inc.; Land Use Research Foundation of Hawaii; and one individual. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs, Kūpuna for the Mo'opuna, Ho'opae Pono Peace Project, 'Ilio'ulaokalani Coalition, Hawai'i Alliance for Progressive Action, Ka Lāhui Hawai'i Kōmike Kalai'āina, Native Hawaiian Legal Corporation, HOPE Services Hawai'i, and numerous individuals. Your Committee received comments on this measure from Stanford Carr Development, LLC.

Your Committee has amended this measure by:

- (1) Removing the requirement for the Hawaii Housing Finance and Development Corporation to submit certain documentation to the Office of Hawaiian Affairs regarding government or crown lands set aside or leased to the Hawaii Housing Finance and Development Corporation before planning to develop or finance an affordable housing development on those lands;
- (2) Requiring the Hawaii Housing Finance and Development Corporation to give preference to individuals on the Department of Hawaiian Home Lands waiting list for property set aside or leased to the Corporation that was classed as government or crown lands or leased for ninety-nine years before the Corporation develops or finances an affordable housing development on those lands; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Branco, Eli, Holt, Marten, Perruso, Tam, Wildberger). Noes, none. Excused, none.

SCRep. 1878 Judiciary & Hawaiian Affairs on S.C.R. No. 5

The purpose of this measure is to recognize the importance of twenty-first century data governance for fact-based policymaking.

Your Committee received testimony in support of this measure from the Department of Hawaiian Homelands Office of Hawaiian Affairs, Hawaii Youth Services Network, Queen's Health Systems, Children's Action Network Speaks!, Hawaii Friends of Civil Rights, Hawaii Coalition for Immigrant Rights, Medical-Legal Partnership for Children in Hawaii, Kupuna for the Moopuna, Papa Ola Lokahi, Project Vision Hawaii, Hawaii Public Health Institute, Kamehameha Schools, Kanaeokana, Boys and Girls Club of Hawaii, Kuaaina Ulu Auamo, Native Hawaiian Education Council, Hawaii Appleseed Center for Law and Economic Justice, Hawaiian Affairs Caucus of the Democratic Party of Hawaii, and numerous individuals.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 5 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1879 Judiciary & Hawaiian Affairs on S.C.R. No. 55

The purpose of this measure is to urge the Department of Land and Natural Resources to adopt administrative rules to streamline the process for allowing traditional Hawaiian farming systems on conservation lands.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 55, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1880 Judiciary & Hawaiian Affairs on S.C.R. No. 207

The purpose of this measure is to review and approve a specific land exchange between the State and trustees of the Parker Land Trust.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 207 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1881 Judiciary & Hawaiian Affairs on S.C.R. No. 220

The purpose of this measure is to recognize the seventy-fifth anniversary of diplomatic relations between the United States and the Republic of the Philippines.

Your Committee received testimony in support of this measure from Hawaii Friends of Civil Rights, Filipinx Advocacy Network, and one individual.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 220, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1882 Judiciary & Hawaiian Affairs on S.C.R. No. 235

The purpose of this measure is to request the Department of Transportation to evaluate traffic congestion, highway flooding, and road safety issues in the County of Hawaii.

Your Committee received testimony in support of this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 235, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1883 Judiciary & Hawaiian Affairs on S.C.R. No. 25

The purpose of this measure is to request the Department of Public Safety to allow faith pods based on kapu aloha to be established within each correctional center.

Your Committee received testimony in support of this measure from the Department of Public Safety, Malu Aina, Ohana Hoopakele, and five individuals.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 25, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1884 Judiciary & Hawaiian Affairs on S.C.R. No. 47

The purpose of this measure is to urge the Department of Veterans Affairs to recognize a presumptive service connection for chronically ill veterans who were stationed at Kunia Field on the island of Oahu, and to provide medical care and long-term services regardless of the veterans' ability to conclusively link their conditions to toxic exposure.

Your Committee received testimony in support of this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 47, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1885 Judiciary & Hawaiian Affairs on S.C.R. No. 164

The purpose of this measure is to urge the United States Senate and President of the United States to enact the Protecting the Right to Organize Act as expeditiously as possible.

Your Committee received testimony in support of this measure from Pride at Work – Hawaii; LGBT Caucus of the Democratic Party of Hawaii; International Union of Painters and Allied Trades, District Council 50; Plumbers and Fitters United Association, Local 675; International Union of Bricklayers and Allied Craftworkers, Local #1; Democratic Party of Hawaii; Unite Here Local 5; International Longshore and Warehouse Union, Local 142; United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii Building and Construction Trades Council; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Iron Workers Stabilization Fund; IATSE, Local 665; International Brotherhood of Electrical Workers Local Union 1186; Hawaii State AFL-CIO; and one individual.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 164, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1886 Judiciary & Hawaiian Affairs on S.C.R. No. 103

The purpose of this measure is to request that the United States military return unused land that becomes available at Bellows Air Force Station to the State of Hawaii for community use.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee has amended this measure by:

- (1) Changing the title to "REQUESTING THE UNITED STATES MILITARY TO RETURN UNUSED LAND THAT BECOMES AVAILABLE AT BELLOWS AIR FORCE STATION TO THE STATE OF HAWAII;"
- (2) Removing language of the Military Munitions Response Program;
- (3) Inserting language requesting the return of unused lands at Bellows Air Force Station to the State of Hawaii for community use; and
- (4) Technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 103, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 103, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1887 Judiciary & Hawaiian Affairs on S.C.R. No. 171

The purpose of this measure is to urge all law enforcement officers and prosecuting attorneys in the State to vigorously enforce and prosecute offenses committed against essential workers while on the job.

Your Committee received testimony in support of this measure from Hawaii State AFL-CIO; Unite Here Local 5; LGBT Caucus of the Democratic Party of Hawaii; Pride at Work – Hawaii; International Longshore and Warehouse Union Local 142; United Public Workers, AFSCME Local 646, AFL-CIO; International Union of Painters and Allied Trades, District Council 50; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; United Food and Commercial Workers 480; and IATSE Local 665.

Your committee has amended this measure by adding the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practice's definition of "essential worker."

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 171, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 171, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1888 Judiciary & Hawaiian Affairs on S.C.R. No. 190

The purpose of this measure is to convene a Maunaloa-Makapuu Scenic Byway and Kaiwi Coast Working Group to develop a plan to address ongoing issues in the Maunaloa-Makapuu Scenic Byway and Kaiwi coastal area and consolidate management to better protect and preserve this critical resource for future generations.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and the Department of Transportation.

Your Committee finds that the Kaiwi coast scenic shoreline is a beautiful stretch of undeveloped land in east Oahu that is host to the Maunaloa-Makapuu Scenic Byway. There is concern that without proper management, this part of the island will face increasing challenges. Your Committee finds that it is in the best interests of the people of Hawaii to engage the community to protect this natural, unspoiled area and preserve its rugged beauty.

Your Committee amended this measure by:

- (1) Expanding the area of the working group;
- (2) Inserting language to have a certified copy of this resolution transmitted to the Chairperson of the Waimanalo No. 32 Neighborhood Board; and

(3) Technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 190, S.D. 1, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 190, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1889 Judiciary & Hawaiian Affairs on S.C.R. No. 246

The purpose of this measure is to request that a working group be convened to develop recommendations for implementing the Revitalizing Economy and Agriculture Leadership (REAL) Initiative.

Your Committee received testimony in support of this measure from the University of Hawaii and Kamehameha Schools. Your Committee received comments on this measure from the Department of Agriculture and the Department of Hawaiian Home Lands.

Your Committee has amended this measure by adding to the working group a designee, chosen by the Department of Hawaiian Home Lands, to represent agricultural homesteaders not represented by the Sovereign Council of Hawaiian Homestead Associations.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 246, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 246, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Ward). Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1890 Judiciary & Hawaiian Affairs on S.C.R. No. 165

The purpose of this measure is to request the United States Congress to consent to the enactment of Act 80, Session Laws of Hawaii 2017 (Act 80).

Your Committee received testimony in support of this measure from the Department of Hawaiian Homelands and Aloha Aina Party.

Your Committee amended this measure by deleting language referring to blood quantum dilution due to inter-marriages, as it may cause federal issues with regard to 25 CFR 83.11.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 165, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1891 Judiciary & Hawaiian Affairs on H.R. No. 113

The purpose of this measure is to create a working group that will review operations of the State Island Burial Councils, housed within the State Historic Preservation Division of the Department of Land and Natural Resources, and for it to provide recommendations to the Legislature on how to best implement their findings.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and one individual. Your Committee received testimony in opposition to this measure by one individual. Your committee also received comments from the Department of Land and Natural Resources.

Your committee finds that relations between the DLNR, State Historic Preservation Division, the Burial Councils and the Hawaiian community at large has become strained over the year. This has led to a lack of trust, on all sides, as well as poor communication among these interest groups. This measure could help ease these tensions by allowing the affected parties to come together to determine an appropriate way forward.

Your Committee has amended this measure by:

- (1) Changing its title to read, "HOUSE RESOLUTION REQUESTING THE ESTABLISHMENT OF A BURIAL SITES WORKING GROUP TO REVIEW AND RECOMMEND IMPROVEMENTS TO THE ISLAND BURIAL COUNCILS;"
- (2) Deleting its contents and inserting the contents of H.C.R. No. 131, H.D. 2 (Regular Session of 2021), which requests the establishment of a Burial Sites Working Group to review and recommend improvements to the Island Burial Councils; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 113, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 113, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Todd, Tokioka).

SCRep. 1892 Finance on S.C.R. No. 26

The purpose of this measure is to empower young women by annually recognizing October 11, 2021, as the International Day of the Girl.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 26, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1893 Finance on S.C.R. No. 242

The purpose of this measure is to request a Creative Resurgence Task Force be convened to build and foster creativity and innovation through the arts, culture, and humanities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 242, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1894 Finance on S.C.R. No. 44

The purpose of this measure is to declare a climate emergency and request statewide collaboration toward an immediate just transition and emergency mobilization effort to restore a safe climate.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 44, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1895 Finance on S.C.R. No. 108

The purpose of this measure is to urge the Department of Public Safety to increase its investment in comprehensive offender reentry training programs for individuals exiting correctional facilities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 108 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1896 Finance on S.C.R. No. 173

The purpose of this measure is to request the Department of Transportation to initiate three innovative pilot projects of meaningful scale to modernize transportation infrastructure in underserved communities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 173, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1897 Finance on S.C.R. No. 201

The purpose of this measure is to urge the University of Hawaii and the University of Hawaii Professional Assembly to convene a task force to examine and assess the University of Hawaii's:

- (1) Tenure system for researchers and other non-instructional faculty; and
- (2) Compensation structure of faculty engaged in activities supported by extramural funding for grants;

in comparison to peer higher education institutions across the United States. This measure also requests the task force to propose best practices to be implemented by the University of Hawaii and to submit a report to the Legislature prior to the Regular Session of 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 201, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1898 Finance on S.C.R. No. 30

The purpose of this measure is to request the Department of Hawaiian Home Lands, in conjunction with the County of Hawaii Department of Water Supply, to provide a progress report regarding the development of the Kaū water system.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 30, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1899 Finance on S.C.R. No. 189

The purpose of this measure is to urge the Department of Land and Natural Resources, Department of Agriculture, other relevant state entities, the City and County of Honolulu, and Hawaii's Congressional delegation to work with The Trust for Public Land and the Hui Maunawili-Kawainui to acquire the important and rich agricultural, cultural, and historic lands of Maunawili Valley.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 189, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1900 Finance on S.C.R. No. 38

The purpose of this measure is to urge the Department of Education School Food Services Branch to adopt an addendum to its agreements for the 'Aina Pono Hawaii State Farm To School Program to require the procurement of goods and services from food hubs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 38, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 1901 Finance on S.C.R. No. 151

The purpose of this measure to encourage the Department of Education, complex areas, and charter schools to implement school-wide restorative justice initiative practices in Hawaii's public and charter schools.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 151, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1902 Finance on S.C.R. No. 263

The purpose of this measure is to convene a Public Racing Facility Working Group to identify a location and develop a plan for the establishment and operation of public racing facilities on Oahu to improve safety, boost economic activity, and provide for recreation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 263, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 1903 Consumer Protection & Commerce on S.C.R. No. 152

The purpose of this measure is to urge the Department of Education to coordinate with the Department of Commerce and Consumer Affairs to implement a graduation requirement of at least a half credit in financial literacy during the junior year or senior year of each student.

Your Committee received testimony in support of this measure from Next Gen Personal Finance. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that financial literacy is the capacity, based on knowledge, skills, and access, to manage financial resources effectively. Your Committee further finds that students lacking financial literacy are more likely to have lower credit scores and financial problems than those who received instruction regarding financial matters. Your Committee notes that Hawaii ranks among the ten states with the lowest level of high school financial literacy in the nation. Your Committee believes that implementing a financial literacy graduation requirement will provide students with practical information on matters relating to finances and empower students to better manage their money as adults.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 152 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1904 Consumer Protection & Commerce on S.C.R. No. 191

The purpose of this measure is to urge the United States Department of Health and Human Services to amend its policies relating to postpartum sterilization waiting periods for Medicaid recipients.

Your Committee received testimony in support of this measure from the Hawaii Section of the American College of Obstetricians and Gynecologists and six individuals.

Your Committee finds that postpartum sterilization is the most commonly used form of contraception in the country and is safe, effective, and provides substantial cost savings for health care systems. However, your Committee further finds that there are significant systemic barriers to postpartum sterilization for Medicaid recipients. Unlike privately insured individuals, Medicaid recipients are required to wait thirty days between consent to postpartum sterilization and surgery; failure to comply can result in reimbursement denial to providers for delivery and postpartum care. This policy results in a discriminatory two-tiered system of access, based on income, to a basic and highly effective form of contraception. Your Committee finds that the United States Department of Health and Human Services should review and revise this policy to ensure fair and equitable access to reproductive health services.

Your Committee has amended this measure by:

- (1) Specifying that certified copies of this measure be transmitted to the Director of Human Services and Administrator of the Department of Human Services' Med-QUEST Division; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 191, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 191, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1905 Consumer Protection & Commerce on S.C.R. No. 219

The purpose of this measure is to encourage the Executive Office on Aging to:

- (1) Study and identify the number of kupuna in the State who struggle with digital literacy, lack broadband access, and lack computer equipment;
- (2) Form a working group and develop a plan for outreach to kupuna to remediate a lack of digital literacy, broadband access, and computer equipment; and
- (3) Partner with nonprofit groups that work toward increasing digital literacy and access for kupuna and other unserved or underserved communities.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, & Tourism; AARP Hawai'i; LearningBond.org; and three individuals. Your Committee received comments on this measure from the Executive Office on Aging; Hawaii Workforce Development Council; Hawai'i Community College; one member of the Hawai'i County Council; Code.org; HawaiiKidsCAN; Hawaii Island Economic Development Board; O'ahu County Democrats Digital Equity Committee; Hawaii Foodbank; Hawaii Literacy, Inc; Hawai'i Leeward Planning Conference; Transform Hawaii Government; Akaku Maui County Community Media; and four individuals.

Your Committee finds that the coronavirus disease 2019 pandemic forced thousands of residents to function from home and rely on internet connectivity to access virtual communications. Your Committee further finds that members of the community, such as kupuna, homeless individuals, and recently released prisoners, often lack the digital skills necessary to fully utilize newer, current technologies. Kupuna in particular are eager for opportunities to learn about technologies that would facilitate independent aging and better social connections. This measure urges the Executive Office on Aging to, among other things, to form a working group related to digital literacy outreach to kupuna.

However, your Committee notes that the Broadband Hui, a collection of various public and private organizations and individuals, has actively taken the lead to address digital inequities and leverage opportunities to improve digital access. As such, your Committee finds that urging the Broadband Hui to collaborate with the Executive Office on Aging, rather than urging the Executive Office on Aging to form a working group, may be a more appropriate avenue to address the digital inequities targeted by this measure.

Your Committee has amended this measure by:

- (1) Deleting the language that encouraged the Executive Office on Aging to take various actions relating to digital access issues for kupuna by studying and identifying kupuna, forming a working group, and partnering with nonprofit groups;
- (2) Urging the Broadband Hui to include a representative from the Executive Office on Aging as a member of the Hui to represent the needs of kupuna with regard to digital literacy, broadband access, and computer equipment;
- (3) Specifying that certified copies of this measure be transmitted to the Director of Business, Economic Development, & Tourism and Broadband Strategy Officer for the Hawaii Broadband Initiative;
- (4) Amending its title to read, "URGING THE BROADBAND HUI TO INCLUDE A REPRESENTATIVE OF THE EXECUTIVE OFFICE ON AGING AS A MEMBER OF THE HUI TO REPRESENT THE NEEDS OF KUPUNA WITH REGARD TO DIGITAL LITERACY, BROADBAND ACCESS, AND COMPUTER EQUIPMENT."; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 219, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 219, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1906 Consumer Protection & Commerce on S.C.R. No. 239

The purpose of this measure is to urge the Department of Transportation to increase the use of reclaimed asphalt pavement to repave, reconstruct, and preserve state streets, roads, and highways and explore the use of other products using reclaimed asphalt.

Your Committee received testimony in support of this measure from Oahu Motorsports Association. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that the Federal Highway Administration promotes and encourages the use of reclaimed asphalt pavement in asphalt pavement mixes to the maximum economical and practical extent possible to help preserve the natural environment, reduce waste, and provide a cost-effective material for constructing highways. Your Committee further finds that the Department of Transportation currently allows up to twenty percent of reclaimed asphalt pavement to be used in hot mix asphalt pavement surface mix and up to forty percent in hot mix asphalt base. This measure urges the Department of Transportation to increase the use of reclaimed asphalt pavement and explore the use of other products using reclaimed asphalt, which will help reduce the demand for virgin aggregate mining in Hawaii.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 239 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1907 Consumer Protection & Commerce on S.C.R. No. 241

The purpose of this measure is to establish a sister-state relationship between Hawaii and the Prefecture of Yamaguchi, Japan.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, & Tourism; Japan-America Society of Hawai'i; and one individual.

Your Committee finds that sister-state relationships allow Hawaii to assert and promote the State's active participation in international matters. Your Committee further finds that Hawaii and the people of Yamaguchi Prefecture share a long history and strong bond dating back to the 1800s. Establishing a sister-state relationship with the Prefecture of Yamaguchi, pursuant to the recommendations of the Hawaii Sister-State Committee, will be highly beneficial in expanding tourism, strengthening cultural bonds, and advancing common goals of international peace and fellowship.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 241, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1908 Consumer Protection & Commerce on S.C.R. No. 159

The purpose of this measure is to urge the Department of Land and Natural Resources to examine and consider purchasing reef insurance to protect the State's coastlines and coastal infrastructure from natural disasters.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and The Nature Conservancy.

Your Committee finds that Hawaii's reefs provide millions of dollars in revenue from fishing and tourism, as well as coastal protection, cultural renewal, and recreational opportunities for residents and visitors alike. Reefs are the first line of defense to protect coastlines and coastal infrastructure, and focused investment to build and repair their resilience is essential to preserving this natural infrastructure. Your Committee further finds that erosion and chronic flooding are predicted to increase as a result of sea level rise. The Nature Conservancy's recently completed feasibility assessment for reef insurance in Hawaii

reveals there may be interest and applicability in the islands, and the Department of Land and Natural Resources has indicated its support for exploring this option.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 159, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kong, Morikawa). Noes, none. Excused, 1 (Mizuno).

SCRep. 1909 Consumer Protection & Commerce on S.C.R. No. 10

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Kaalawai, Honolulu, Oahu, for the existing seawall constructed on those state submerged lands, and the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that portions of an existing seawall fronting private property located in Kaalawai, Honolulu, Oahu, and spanning 214 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a 55-year non-exclusive easement to run with the land and to inure to the benefit of the abutting real property to resolve the encroachment. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Kaalawai that have been encroached upon by the seawall, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 10 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1910 Consumer Protection & Commerce on S.C.R. No. 11

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Waimanalo, Koolau, Oahu, for the existing pier, seawall, and steps, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing pier, seawall, and steps fronting private property located in Waimanalo, Koolau, Oahu, and spanning 2,818 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a 55-year non-exclusive easement to run with the land and to inure to the benefit of the abutting real property to resolve the encroachment. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Waimanalo that have been encroached upon by the pier, seawall, and steps, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 11, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1911 Consumer Protection & Commerce on S.C.R. No. 12

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Kamaole, Kula, Maui, for the existing rubble rock revetment, rock wall, and two concrete stairways, and for the use, maintenance, repair, replacement, and removal of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing rubble rock revetment, rock wall, and two concrete stairways fronting private property located in Kamaole, Kula, Maui, and spanning 18,668 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a 55-year non-exclusive easement to the Association of Apartment Owners of Hale Pau Hana. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Kamaole that have been encroached upon by the existing rubble rock revetment, rock wall, and two concrete stairways, and for the use, maintenance, repair, replacement, and removal of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 12 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1912 Consumer Protection & Commerce on S.C.R. No. 13

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering a portion of state submerged lands at Maunaloa, Honolulu, Oahu, for the existing storm drain, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing storm drain fronting property located in Maunaloa, Honolulu, Oahu, and spanning 174 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a perpetual non-exclusive easement to resolve the storm drain encroachment. This measure authorizes the granting of a perpetual non-exclusive easement, as required by state law, for the portion of the identified state submerged lands in Maunaloa that have been encroached upon by the existing storm drain, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 13 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1913 Consumer Protection & Commerce on S.C.R. No. 14

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering a portion of state submerged lands at Kaneohe, Koolaupoko, Oahu, for the existing storm drain, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing storm drain fronting property located in Kaneohe, Koolaupoko, Oahu, and spanning 679 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a perpetual non-exclusive easement to resolve the storm drain encroachment. This measure authorizes the granting of a perpetual non-exclusive easement, as required by state law, for the portion of the identified state submerged land in Kaneohe that have been encroached upon by the existing storm drain, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 14 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1914 Consumer Protection & Commerce on S.C.R. No. 15

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Napili 2 and 3, Lahaina, Maui, for the existing walkway, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing walkway fronting private property located in Napili, Lahaina, Maui, and spanning 142 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a term, non-exclusive easement to run with the land and to inure to the benefit of the abutting real property to resolve the encroachment. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Napili that have been encroached upon by the existing walkway, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 15, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1915 Consumer Protection & Commerce on S.C.R. No. 16

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue term, non-exclusive easements covering a portion of state submerged lands at Waiohuli-Keokea, Wailuku, Maui, for the existing seawall, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing seawall fronting private property located in Waiohuli-Keokea, Wailuku, Maui, and spanning 928 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted 65-year non-exclusive easements to run with the land and to inure to the benefit of the abutting condominium property regime units to resolve the encroachment. This measure authorizes the granting of term, non-exclusive easements, as required by state law, for the portions of identified state submerged lands in Waiohuli-Keokea that have been encroached upon by the existing seawall, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 16, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1916 Consumer Protection & Commerce on S.C.R. No. 17

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Waiohuli-Keokea Homesteads, Kihei, Maui, for the existing seawall, rock revetment, and concrete steps, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing seawall, rock revetment, and concrete steps fronting private property located in Waiohuli-Keokea, and spanning approximately 668 square feet, encroaches onto state submerged lands. Your Committee further finds that the Department of Land and Natural Resources granted a 55-year non-exclusive easement to run with the land and to inure to the benefit of the abutting real property to resolve the encroachment. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Waiohuli-Keokea that have been encroached upon by the existing seawall, rock revetment, and concrete steps, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 17 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1917 Consumer Protection & Commerce on S.C.R. No. 87

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Kuau, Hamakuapoko, Maui, for the existing seawall and concrete steps, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Sea & Believe LLC, and one individual.

Your Committee finds that an existing seawall and concrete steps fronting private property located at Kuau, Hamakuapoko, Maui, and spanning 1,613 square feet, encroach upon state submerged lands. Your Committee further finds that the Department of Land and Natural Resources has worked with the previous owner, Kahanu Family Limited Partnership, and the current owner, Sea & Believe LLC, to resolve the encroachment. The Board of Land and Natural Resources subsequently granted a 55-year non-exclusive easement to run with the land and inure to the benefit of the abutting real property to resolve the encroachment. This measure authorizes the granting of a term, non-exclusive easement, as required by state law, for the portion of identified state submerged lands in Kuau that have been encroached upon by the existing seawall and concrete steps, and for the use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 87 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

SCRep. 1918 Consumer Protection & Commerce on S.C.R. No. 102

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering portions of state submerged lands at Maunaloa, Oahu, for the construction and maintenance of a rock rubble mound revetment and groin.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Hawaii Kai Marina Community Association is responsible for the maintenance of the entrance channel between the privately owned Hawaii Kai Marina and Maunaloa Bay. Your Committee further finds that the existing sandbag groin is deteriorating and a permanent structure is necessary to slow the rate of sediment deposition into the entrance channel of the Hawaii Kai Marina. This measure authorizes the granting of a perpetual, non-exclusive easement, as required by state law, to the Hawaii Kai Marina Community Association for the construction and maintenance of a rock rubble mound revetment and groin.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 102, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Mizuno).

Conf. Com. Rep. 1 on S.B. No. 151

The purpose of this measure is to replace the term "accident" with "collision" for the purposes of certain provisions of the statewide traffic code.

Your Committee on Conference finds that the use of the term "accident" when referring to a traffic collision or incident is outdated. The Honolulu Police Department (HPD) replaced the term "accident" with "collision" in their policies, procedures, and report writing more than a decade ago. Additionally, the National Highway Traffic Safety Administration (NHTSA) has encouraged everyone to use the term "collision" instead of "accident" when referring to incidents of vehicular collision. This measure amends the statewide traffic code to replace "accident" with "collision" to bring Hawaii statutes in line with the NHTSA and HPD policies and provide consistency and clarity.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 151, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 151, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Johanson, and Ward.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Ward).

Senators Lee, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 2 on S.B. No. 329

The purpose of this measure is to:

- (1) Shorten the notice period from sixty days to thirty days for a board of directors of a condominium association to sell, store, donate, or dispose of personalty when the identity and address of the owner are known; and
- (2) Remove the publication requirement and permit the board of directors of a condominium association to proceed directly to the sale, storage, donation, or disposal of personalty that has been abandoned in or on the common elements of a condominium when the identity or address of the owner is unknown.

Your Committee on Conference finds that unwanted personalty may be abandoned in common areas of a condominium by residents, their visitors, or other third parties. Abandoned personalty is often an eyesore and can create safety hazards for other residents, especially when space is limited. When the owner of the personalty or the owner's address is not known, existing law requires a condominium association to first advertise the sale, donation, or disposition at least once in a daily newspaper of general circulation. Your Committee on Conference further finds that this process is burdensome, costly, and lengthy, and can increase the costs associated with the operation of condominiums. This measure simplifies the process for condominium boards when disposing of abandoned or unwanted property.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 329, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 329, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Kitagawa, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Baker, Rhoads, and Chang.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 3 on S.B. No. 1053

The purpose of this measure is to expand the eligibility of organizations that may receive community-based economic development technical and financial assistance beyond community-based organizations to also include for-profit businesses.

Your Committee on Conference finds that expanding the eligibility for community-based economic development technical and financial assistance to include for-profit businesses will allow the Department of Business, Economic Development, and Tourism to assist in the success and viability of a larger number of organizations throughout the State.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the maximum grant amount per applicant of \$100,000;
- (2) Changing the effective date to upon its approval; and
- (3) Making technical, nonsubstantive changes for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1053, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1053, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Holt, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Wakai, Taniguchi, and Misalucha.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 4 on S.B. No. 336

The purpose of this measure is to amend the maximum amount of each agricultural and aquacultural loan that the Chairperson of the Board of Agriculture may be authorized to approve unilaterally to an unspecified amount.

Your Committee on Conference finds that increasing the maximum amount of state funds that the Chairperson of the Board of Agriculture is authorized to unilaterally approve for each agricultural and aquacultural loans to \$50,000 will help reduce approval times for micro-loans and ensure that loan applicants receive needed financial assistance in a timely manner.

Your Committee on Conference has amended this measure by:

- (1) Inserting \$50,000 as the maximum loan amount that the Chairperson of the Board of Agriculture may authorize; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 336, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 336, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Perruso, Todd, and Matsumoto.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, 1 (Matsumoto).

Senators Gabbard, English, and Nishihara.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 5 on S.B. No. 186

The purpose of this measure is to prohibit the enforcement of a re-recorded homeowners' association restriction if the restriction prohibits bona fide agricultural uses and activities on agricultural land.

Your Committee on Conference finds subdivision of agricultural lands has significantly increased over the past few decades, resulting in homeowners' associations imposing restrictions that limit bona fide agricultural uses on agricultural lands. Restrictive covenants that limit agricultural uses and activities on agricultural lands undermine the State's interest in protecting and preserving agricultural resources and promoting agricultural self-sufficiency. Thus, this measure clarifies that renewed covenants restricting agricultural uses and activities within the State Land Use Agricultural Districts are considered new contracts and therefore voidable, under limited circumstances.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 186, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 186, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Hashem, Johanson, Ganaden, and McDermott.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Gabbard, Baker, and Nishihara.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 6 on H.B. No. 177

The purpose of this measure is to amend the offenses of sexual assault in the first and third degree perpetrated against a person who is mentally defective to provide that a perpetrator commits the offense if the perpetrator is negligent in not knowing of the mental defect of the victim.

Your Committee on Conference has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 177, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 177, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Takumi, Todd, and Ward.
Managers on the part of the House.

Senators Rhoads, Keohokalole, and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 7 on H.B. No. 599

The purpose of this measure is to:

- (1) Clarify that regular, annual, and special meetings of planned community associations may be conducted remotely consistent with the Hawaii Nonprofit Corporations Act; and
- (2) Authorize condominium associations to conduct electronic meetings and electronic, machine, or mail voting in a state of emergency or local state of emergency, or any meeting noticed during such emergencies and for which the applicable emergency has since expired under certain circumstances.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 599, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 599, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 8 on H.B. No. 941

The purpose of this measure is to:

- (1) Allow the Public Utilities Commission to use electronic filing processes and similar practices as an alternative to hard copy, rather than requiring hard copies and electronic copies; and
- (2) Require the Public Utilities Commission to conform its electronically filed documents and electronic filing processes for compliance with the American with Disabilities Act and all other existing federal laws and regulations to ensure equal access for individuals with disabilities.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 941, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 941, H.D. 1, S.D. 2, C.D. 1.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Baker, Keith-Agaran, and Chang.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 9 on H.B. No. 943

The purpose of this measure is to establish a different regulatory framework for nondepository trust companies by:

- (1) Clarifying the powers and duties of nondepository trust companies;
- (2) Changing the yearly assessments imposed on nondepository trust companies by basing the calculation on total assets under management;
- (3) Establishing a paid-in capital and surplus requirement in order to charter nondepository trust companies in the State; and
- (4) Appropriating monies from the Compliance Resolution Fund for the Division of Financial Institutions to administer the requirements of new nondepository trusts.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to July 1, 2021; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 943, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 943, H.D. 1, S.D. 2, C.D. 1.

Senators Inouye, Wakai, and Riviere.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 11 on H.B. No. 243

The purpose of this measure is to help the State prepare for the effects of climate change by:

- (1) Requiring the Office of Planning, in cooperation with each state agency having operational responsibilities over state facilities, to:
 - (A) Identify existing and planned facilities that are vulnerable to sea level rise, flooding impacts, and natural hazards;
 - (B) Assess a range of options to mitigate the impacts of sea level rise to those facilities; and
 - (C) Submit annual reports to the Governor, Legislature, and Hawaii Climate Change Mitigation and Adaptation Commission regarding the vulnerability and adaptation assessments for state facilities and the progress made in implementing sea level rise adaptation in future plans, programs, and capital improvement needs and decisions;
- (2) Amending the Hawaii State Planning Act to include sustainable development, climate change adaptation, and sea level rise adaptation as objectives for facility systems; and
- (3) Establishing planning and implementing considerations, policies, and practices related to disaster resilience and climate adaptation, including sea level rise, as a function of statewide concern.

Your Committee on Conference has amended this measure by:

- (1) Removing planning and implementing considerations, policies, and practices related to disaster resilience and climate adaptation, including sea level rise, as a function of statewide concern;
- (2) Requiring the Office of Planning to coordinate sea level rise adaptation, rather than mitigation, with state agencies having operational responsibilities over state facilities;
- (3) Changing its effective date to July 1, 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 243, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 243, H.D. 1, S.D. 2, C.D. 1.

Conf. Com. Rep. 12 on H.B. No. 244

The purpose of this measure is to clarify the data requirements for land recordation by the Bureau of Conveyances, on land other than fee simple time share interests deregistered by the Land Court, to include a plan of the parcel or parcels sought to be deregistered that includes a map and description prepared by a licensed professional surveyor.

Your Committee on Conference has amended this measure by changing its effective date to July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 244, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 244, H.D. 1, S.D. 1, C.D. 1.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 13 on S.B. No. 399

The purpose of this measure is to:

- (1) Provide that certain rights shall be deemed waived if a preliminary determination of probable cause is rendered during a meeting subject to the requirements of chapter 92, Hawaii Revised Statutes, and the person fails to request a contested case hearing within twenty days of receipt of the preliminary determination; and
- (2) Allow the Campaign Spending Commission to have an order confirmed as a judgment by the First Circuit Court, giving the order the same force and effect as any other judgment issued by the circuit courts.

Your Committee on Conference finds that the Campaign Spending Commission is unable to issue a fine against a person without providing the person with written notice and an opportunity to be heard at a hearing. Your Committee on Conference further finds that a person may waive these rights by written stipulation or consent. Your Committee on Conference additionally finds that the enforcement actions of the Campaign Spending Commission can be delayed if a person declines to participate in the hearing process. This measure will establish an implied waiver of a person's rights to notice and to be heard at a contested case hearing if the person fails to request a hearing prior to a preliminary determination, and will allow the Commission to file orders with the First Circuit Court and enable those orders to be enforceable and collectable in the same manner as other judgments of the court.

Your Committee on Conference has amended this measure by:

- (1) Providing that the right to written notice of an opportunity to be heard shall be deemed waived if a person fails to request a contested case hearing within thirty days of receipt of a preliminary determination rather than twenty days;
- (2) Making an order of the Campaign Spending Commission that is confirmed as a judgment by the First Circuit Court non-appealable; and
- (3) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 399, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 399, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Matayoshi, LoPresti, and Ward.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, 1 (LoPresti).

Senators Rhoads, Lee, and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 14 on S.B. No. 200

The purpose of this measure is to clarify that candidates or other committee representatives as specified who make contributions over a certain amount prior to an election are required to file a late contribution report only if the candidate is on the ballot in that election.

Your Committee on Conference finds that while contribution reporting requirements for candidate and noncandidate committees are vital to ensuring transparency and accountability in the election process, requiring candidates who are not on the ballot to file the late contributions report due on the third calendar day prior to an election is inefficient and provides negligible benefit to election integrity. Your Committee on Conference further finds that exempting candidates who are not on the ballot of an election from the requirement to file the late contributions report is consistent with the requirements under section 11-334, Hawaii Revised Statutes, for the filing of preliminary, final, and supplemental reports.

Your Committee on Conference has amended this measure by:

- (1) Specifying the amount of contributions that trigger the requirement to file a late contribution report as \$500;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 200, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 200, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Nakashima, LoPresti, and Ward.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, 1 (LoPresti).

Senators Rhoads, Lee, and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 15 on S.B. No. 413

The purpose of this measure is to exclude violation of privacy in the first degree, and certain subsections of violation of privacy in the second degree, from qualifying for deferred acceptance of guilty plea or nolo contendere plea.

Your Committee on Conference finds that under existing law a defendant may request a deferral of their criminal charges under certain circumstances. The trial court, after considering the merits of the case, and hearing argument from the prosecutor, may grant a deferral of the proceedings, only if the trial court finds that the defendant is not likely again to engage in a criminal course of conduct and that the ends of justice and welfare of society do not require that the defendant suffer the penalty imposed by law. Your Committee on Conference further finds that due to the serious nature of certain privacy violations involving

other people's intimate activities, private communications, or intimate areas of the body, without consent, deferred pleas should not be available for those offenses.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 413, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 413, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Senators Rhoads, Gabbard, and Kim.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 16 on S.B. No. 189

The purpose of this measure is to repeal the requirement to prove that a dog has bitten a person on at least two separate occasions prior to bringing legal action against a dog's owner to determine whether conditions of treatment or confinement have changed so as to remove the danger the dog poses to other persons.

Your Committee on Conference finds that dog bites are among the top reasons for emergency room visits, ranking higher than injuries occurring on motorcycles, to pedestrians, and from gunshots. Your Committee on Conference further finds that existing state law only allows a dog bite victim standing in district court if it can be proven to the court that the dog has bitten and injured on a prior separate occasion. This measure will allow an individual to inquire into the conditions of treatment or confinement of a dog without the burdensome requirement of proving the dog previously bit a human being on two separate occasions.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 189, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 189, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Todd, and Ward.

Managers on the part of the House.

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 17 on S.B. No. 1421

The purpose of this measure is to:

- (1) Create a Dual Use Technology Task Force within the Department of Business, Economic Development, and Tourism to explore how dual use technology can be used to promote economic recovery and diversify the State's economy; and
- (2) Require the task force to submit reports to the Legislature prior to the Regular Sessions of 2023 and 2025.

Your Committee on Conference finds that dual use technology, or technology that has military and civilian applications, is vital to economic growth and a diversified economy in the Hawaii. Hawaii has an extraordinary opportunity to take advantage of the strong military presence in the State and the research conducted on its behalf. However, the State's heavy dependence on its tourism and hospitality industry has taken its focus away from developing innovative concepts and new approaches to technology. This measure allows the State to explore how dual use technology can be used to significantly contribute to Hawaii's economic recovery, thereby promoting a decreased reliance on tourism.

Your Committee on Conference has amended this measure by:

- (1) Inserting a dissolution date of July 1, 2025, for the Dual Use Technology Task Force; and
- (2) Inserting an effective date of July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1421, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1421, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Takayama, Holt, DeCoite, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (DeCoite).

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 18 on S.B. No. 489

The purpose of this measure is to increase the maximum area for each agricultural shade cloth structure, cold farm, and greenhouses that could qualify the structure for an exemption from building permit and building code requirements.

Your Committee on Conference finds that low-risk agricultural structures, such as agricultural shade cloth structures, cold frames, and greenhouses, are provided limited exemption from county building permit and building code requirements if under a specified maximum area. Increasing the maximum area allowed from twenty thousand to sixty thousand square feet will increase the number of agricultural structures available to support local food production. Your Committee on Conference further finds that this measure will drastically cut construction costs and effectively utilize the open areas currently required between smaller greenhouses and assist farmers to increase their operations for bigger and more cost-effective protective structures to shelter crops from pest infestation, extreme temperatures, excessive rains, long droughts, and feral animals. This measure seeks to make farming more productive and economically feasible for farmers and help Hawaii reach its self-sustaining food production goals.

Your Committee on Conference has amended this version by changing the effective date to January 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 489, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 489, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Johanson, Todd, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Matsumoto).

Senators Gabbard, Nishihara, and Baker.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 19 on S.B. No. 1222

The purpose of this measure is to:

- (1) Expand the scope of the programs for which the University of Hawaii at Hilo's Conference Center Revolving Fund may be expended to include conference center programs conducted by the University of Hawaii at Hilo;
- (2) Authorize the Chancellor of the University of Hawaii at Hilo or the Chancellor's designee, instead of the Dean of the College of Continuing Education and Community Service, to expend monies from the Revolving Fund;
- (3) Exempt the expenditure of monies from the Revolving Fund from bidding requirements under the Hawaii Public Procurement Code; and
- (4) Require the Chancellor of the University of Hawaii at Hilo to submit annual reports to the Legislature that include an accounting for all income and expenditures of the Revolving Fund.

Your Committee on Conference finds that under existing law, the Conference Center Revolving Fund is specifically designated to expend and collect monies in relation to the Conference Center Program offered by the College of Continuing Education and Community Service at the University of Hawaii at Hilo. However, since the College of Continuing Education and Community Service no longer exists, the University of Hawaii at Hilo has not been able to use the fund. This measure enables the University of Hawaii at Hilo to utilize the fund once again. Your Committee on Conference also finds that providing an exemption from the bidding requirements under the Hawaii Public Procurement Code would allow for more efficient use of expenditures out of the fund.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1222, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1222, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Sayama, DeCoite, and Okimoto.

Managers on the part of the House.

Senators Kim, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 20 on S.B. No. 512

The purpose of this measure is to expand the Hawaii Healthy Food Incentive Program, also known as the Double Up Food Bucks Program (Program), to make fresh fruits and vegetables more readily accessible to families or individuals in Hawaii who receive assistance through the federal Supplemental Nutrition Assistance Program (SNAP), by:

- (1) Removing the \$10 per visit per day cap on the dollar-for-dollar match received by SNAP beneficiaries under the Program; and
- (2) Specifying that healthy proteins are eligible purchases under the Program.

Your Committee on Conference finds that despite the critical role that fresh fruits and vegetables play in a healthy diet and the prevention of obesity and chronic disease, access to fresh produce for income-limited individuals is difficult due to the high cost of fresh produce, especially for SNAP participants. The Program has been instrumental in supporting local families and farmers and participating local grocers experienced significant increases in sales of local fruits and vegetables paid with SNAP benefits. State investment into the Program will help to increase SNAP beneficiaries' access to fresh and health dietary options, further defray the high cost of healthy eating, and support the agricultural industry, which has been adversely impacted by the ongoing coronavirus disease 2019 pandemic. Further, state funds may generate significant leverage to stimulate economic activity and the State's objectives of doubling local food production by 2030.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 512, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 512, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Yamane, Cullen, Todd, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Matsumoto).

Senators Gabbard, English, and Rhoads.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 21 on S.B. No. 1412

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist HK Management LLC, in planning, designing, constructing, reconstructing, renovating, acquiring, equipping, and improving surf industry center facilities.

Your Committee on Conference finds that HK Management, LLC proposes to develop a surf industry center on state lands, which will include facilities for research, development, manufacturing, and a testing and surf and aquatic film studio. Moreover, the activities within the project facilities will provide opportunities for cultural education, awareness of the history of surfing and Hawaiian culture, employment opportunities, smart tourism, and economic development.

Your Committee on Conference has amended this measure by authorizing the issuance of special purpose revenue bonds in an amount not to exceed \$95,000,000 to assist HK Management LLC in the development of surf industry center facilities.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1412, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1412, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Holt, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Shimabukuro, Kanuha, Wakai, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Wakai).

Conf. Com. Rep. 22 on S.B. No. 345

The purpose of this measure is to prohibit a manufacturer from importing for profit, selling, or offering for sale any cosmetic that a manufacturer knew or reasonably should have known was developed or manufactured using animal testing performed, on or after January 1, 2022, in a cruel manner.

Your Committee on Conference finds that testing cosmetics on animals is cruel and increasingly unnecessary as there are now thousands of cosmetic ingredients whose effects have already been tested and compiled, especially when new alternatives to animal testing are readily available. These new testing methods are more efficient and humane and provide better predictors of adverse human reactions to new chemical compounds than animal testing. This measure aligns the State with other jurisdictions that have banned testing cosmetics on animals by striking a balance between a complete ban with limited exceptions to the animal testing prohibition.

Your Committee on Conference has amended this measure by inserting an effective date of January 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 345, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 345, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Kitagawa, Todd, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Matsumoto).

Senators Gabbard, Rhoads, and Baker.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 23 on S.B. No. 1225

The purpose of this measure is to:

- (1) Require the Chair of the Independent Audit Committee of the University of Hawaii Board of Regents to be selected in a manner consistent with the Bylaws of the Board of Regents;
- (2) Limit the Board of Regents' flexibility to appoint members to the Independent Audit Committee when no member of the Board of Regents has financial expertise, by removing its authority to make other arrangements, including appointing a member of the general public;
- (3) Exempt the Independent Audit Committee from public proceedings and records laws and open meetings laws during its discussions with auditors on matters that should remain confidential, and, at the Independent Audit Committee Chair's discretion, allow the discussions to be held in the absence of the President or Chief Financial Officer of the University of Hawaii; and
- (4) Clarify the Independent Audit Committee's role regarding the University of Hawaii's enterprise risk management.

Your Committee on Conference finds that the Independent Audit Committee is an advisory body established within the Board of Regents of the University of Hawaii by the Bylaws of the Board of Regents, and statutorily established in section 304A-321, Hawaii Revised Statutes. The Independent Audit

Committee's responsibilities include overseeing the University of Hawaii's compliance with, and internal controls relating to, various areas of risk management, finance, and accounting. The members of the Independent Audit Committee are appointed by the Chair of the Board of Regents from among the regents.

Your Committee on Conference further finds that while the chairs of the Board of Regents' other standing committees are appointed by the Board Chair pursuant to the Bylaws of the Board of Regents, existing law requires the Chair of the Independent Audit Committee to be selected by the committee members from among themselves. This requirement inadvertently creates a situation in which the Independent Audit Committee may not have a Chair, such as when the Chair's term on the Board of Regents ends on June 30, and committee membership is pending appointment by the Board Chair. In this situation, the Independent Audit Committee will have no Chair to plan and set the agenda for the committee's first meeting. This measure requires appointment of the Independent Audit Committee Chair to be consistent with the Bylaws of Board of Regents, and makes other clarifying amendments.

Your Committee on Conference also finds that there have been incidences in which audit reports of a University of Hawaii program that was reviewed by the Independent Audit Committee found significant issues warranting corrective or remedial action, including non-compliance with applicable laws and policies. Your Committee on Conference further finds that despite years after the issuance of the audit reports, some of the significant issues continue to exist and implications of non-compliance may remain unremedied.

Accordingly, your Committee on Conference has amended this measure by inserting language requiring the Independent Audit Committee to report to the Board of Regents significant issues relating to the operations and programs of the University of Hawaii that warrant corrective or remedial action, and requiring the Board of Regents to take certain actions to ensure that the significant issues are appropriately corrected and remedied.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1225, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1225, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Ichiyama, DeCoite, Gates, and Okimoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kim, Gabbard, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 24 on S.B. No. 855

The purpose of this measure is to:

- (1) Extend the sunset dates for the Pesticide Subsidy Program and Pesticide Subsidy Program Manager position for an additional two years;
- (2) Provide that the \$600 per year subsidy limit for each single coffee grower applies to coffee berry borer control, with a separate \$600 annual limit per grower for coffee leaf rust control;
- (3) Provide that no single coffee grower can receive subsidies totaling more than an unspecified amount per year after June 30, 2021, and before July 1, 2023; and
- (4) Expand the list of pesticides that the Department of Agriculture is required to establish to include those effective against coffee leaf rust.

Your Committee on Conference finds that the coffee berry borer, an invasive beetle, has been found on Hawaii island, Oahu, Maui, Kauai, and Lanai. In 2020, coffee leaf rust was discovered for the first time in the State on the islands of Maui and Hawaii. Your Committee on Conference further finds that this pest and fungus threaten the viability of the State's entire coffee industry, which represents one of the largest agricultural crops in the State and is an important part of Hawaii's economy. The two-year extension of the Pesticide Subsidy Program and Pesticide Subsidy Program Manager position under this measure will allow the State to continue to subsidize the cost of pesticides best shown to combat the coffee berry borer and coffee leaf rust, thus incentivizing coffee growers to adopt recommended pest management strategies.

Your Committee on Conference has amended this measure by:

- (1) Specifying \$12,000 as the total annual amount for which a single coffee grower can receive subsidies after June 30, 2021, and before July 1, 2023;
- (2) Changing the effective date to July 1, 2021; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 855, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 855, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Perruso, Todd, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Matsumoto).

Senators Gabbard, Kanuha, and Nishihara.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 25 on S.B. No. 412

The purpose of this measure is to:

- (1) Clarify implied consent law to make an exception for giving a breath, blood, or urine test pursuant to a search warrant or any other basis permissible under the Constitution of the State of Hawaii and state law; and
- (2) Exclude habitually operating a vehicle under the influence of an intoxicant from qualifying for deferred acceptance of guilty plea or nolo contendere plea.

Your Committee on Conference finds that each person is typically allowed only one deferred plea in their lifetime, and that it is an opportunity for the person to show the court that they have learned their lesson and are unlikely to reoffend in the future. Your Committee on Conference further finds that because of the repeat nature of the offense and the potential for serious harm to others, offenders who habitually operate a vehicle under the influence of an intoxicant should not be eligible for deferred pleas.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 412, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 412, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Marten, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 26 on S.B. No. 157

The purpose of this measure is to authorize the issuance of a civil license to solemnize marriage and allow solemnization by any individual at least eighteen years of age.

Your Committee on Conference finds that officiants ordained by a religious denomination or society are currently the only persons besides justices, judges, and magistrates who are authorized to officiate a wedding in the State. Your Committee on Conference further finds that the right to marry belongs to all citizens, regardless of their moral beliefs or religious creed. This measure will allow persons without any religious affiliation to perform the marriage rite.

Your Committee on Conference has amended this measure by:

- (1) Providing for the issuance of a temporary three-month license upon the request of an applicant;
- (2) Specifying that the fee for a temporary three-month license shall be \$25; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 157, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 157, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 27 on S.B. No. 834

The purpose of this measure is to establish the felony offense of importation, sale, or possession of a childlike sex doll.

Your Committee on Conference finds that the widespread availability of childlike sex dolls, which are designed to look and feel as lifelike as possible, contributes to the exploitation, objectification, abuse, and sexual assault of minors. Your Committee on Conference further finds that the possession of a childlike sex doll correlates with other offenses perpetrated against children and may reinforce pedophilic thoughts and cause those thoughts to be acted upon with greater urgency. This measure will help protect minors from the harm associated with childlike sex dolls by prohibiting the importation, sale, or possession of a childlike sex doll.

Your Committee on Conference has amended this measure by:

- (1) Adding a misdemeanor offense for importation, sale, or possession of one childlike sex doll;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 834, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 834, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kitagawa, Ichiyama, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 3; Ayes with Reservations (Acasio). Noes, none. Excused, none.

Conf. Com. Rep. 28 on S.B. No. 807

The purpose of this measure is to:

- (1) Require each school's academic plan to include a clear accounting of all resources that will be allocated to address and achieve each measurable outcome; the school's priority improvement strategies and measures to determine progress; student growth indicators; information about programs intended to address social and economic conditions that adversely impact student learning; a breakdown of certain teacher vacancy data; average class sizes for all regular education, special education, and content-based English-language learning classes; and teacher workforce experience metrics; and
- (2) Require the Department of Education to submit an annual report on the school academic and financial plans to the Board of Education and the Legislature before the convening of each regular session.

Your Committee on Conference finds that there is a greater need for transparency and accountability from the Department of Education. Your Committee further finds that establishing clear guidance for what should be included in a school's academic plan will better inform the Legislature, Board of Education, and communities of what the school's measurable outcomes are and how resources are allocated to achieve those outcomes.

Your Committee on Conference has amended this measure by clarifying that the data inputs required for student growth indicators, teacher vacancy data, average class size, and school status and improvement report data shall be preloaded into the academic and financial plan template by the Department of Education, and not the individual schools' principals or complex superintendent.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 807, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 807, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Managers on the part of the House.

Ayes, 5; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

Senators Kidani, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 29 on S.B. No. 1384

The purpose of this measure is to provide that the prohibition against serving two consecutive terms not to exceed eight consecutive years shall not apply to the term of the representative of Hawaiian medium early learning providers on the Early Learning Board.

Your Committee on Conference finds that the Early Learning Board provides crucial input, direction, and oversight necessary for the Executive Office on Early Learning to achieve its statutory responsibilities. Representatives on the Early Learning Board are reflective of the diversity of the early care and education field in Hawaii, providing unique and important input on how to best serve Hawaii's families and young children. The State has long recognized the value of its host culture and has taken such actions as designating the native Hawaiian language as one of its two official state languages and creating native Hawaiian immersion charter schools. This measure will allow for better qualified, continued representation for Hawaiian early learning providers on the Early Learning Board.

Your Committee on Conference amended this measure by:

- (1) Inserting a repeal date of June 25, 2025; and
- (2) Changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1384, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1384, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Ilagan, Hashimoto, Perruso, and Okimoto.

Managers on the part of the House.

Conf. Com. Rep. 30 on H.B. No. 776

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Pueo Development, LLC, in building a master planned community on Hawaiian Home Lands.

Your Committee on Conference has amended this measure by:

- (1) Changing the authorized amount of the special purpose revenue bonds from an unspecified amount to \$80,000,000;
- (2) Deleting references to processing enterprises; and
- (3) Changing the effective date to July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 776, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 776, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Conf. Com. Rep. 31 on H.B. No. 119

The purpose of this measure is to amend Act 43, Session Laws of Hawaii 2019 (Act 43), by:

- (1) Replacing E Ola Mau Na Leo O Kekaha with Kaunalewa as the entity authorized to receive special purpose revenue bonds issued to assist with the acquisition, remediation, and development of the old Kekaha Sugar Mill in Kekaha, Kauai, Hawaii; and
- (2) Extending the lapse date for which the special purpose revenue bonds may be authorized from June 30, 2024, to June 30, 2026.

Your Committee has amended this measure by:

- (1) Reverting to Act 43's existing special purpose revenue bond authorization of \$10,000,000;
- (2) Deleting provisions that would have extended the lapse date for Act 43's special purpose revenue bond authorization;
- (3) Changing the effective date to upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 119, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 119, H.D. 1, S.D. 2, C.D. 1.

Conf. Com. Rep. 33 on H.B. No. 1043

The purpose of this measure is to facilitate the administration of the transient accommodations tax by:

- (1) Providing that any taxpayer who receives gross rental proceeds shall pay the tax;
- (2) Replacing certain references to "operator" or "plan manager" with "taxpayer" or "person";
- (3) Clarifying that a certificate of registration is required for persons advertising transient accommodations;
- (4) Eliminating the misdemeanor criminal penalty for failing to register and replacing it with a monetary fine structure;
- (5) Applying the personal liability provision under the general excise tax law to the transient accommodations tax; and
- (6) Repealing provisions establishing the office of the taxation district in which the taxes arose or the office of the first taxation district in Honolulu as the recipient of periodic returns.

Your Committee has amended this measure by changing the effective date to January 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1043, H.D. 3, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1043, H.D. 3, S.D. 2, C.D. 1.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 34 on H.B. No. 1253

The purpose of this measure is to:

- (1) Prohibit an employer, with certain exemptions, from requiring an employee or prospective employee to download to their personal communication device a mobile application that enables the employee's location to be tracked or their personal information to be revealed, as a condition of employment or continued employment;
- (2) Prohibit an employer, with certain exemptions, from terminating, discharging, or otherwise discriminating against an employee or prospective employee for refusing to download or refusing to consent to download the mobile application to the employee's personal communication device; or opposing any forbidden practice or filing a complaint, testifying, or assisting in any proceeding concerning an unlawful practice;
- (3) Allow a person who alleges a violation to bring a civil action for injunctive relief, actual damages, or both; and
- (4) Set fines for violations.

Your Committee on Conference has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1253, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1253, H.D. 3, S.D. 1, C.D. 1.

Conf. Com. Rep. 35 on H.B. No. 723

The purpose of this measure is to appropriate funds to purchase and distribute personal protective equipment and industrial hygiene products to hospitals, childcare facilities, elderly care facilities, businesses, nonprofits, schools, and state departments and attached agencies.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the S.D. 1 version, which amends Act 9, Session Laws of Hawaii 2020, to authorize the use of funds received from the Coronavirus Aid, Relief, and Economic Security Act for the purchase and distribution of personal protective equipment and industrial hygiene products to state departments and attached agencies, in addition to other organizations; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 723, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 723, H.D. 1, S.D. 2, C.D. 1.

Conf. Com. Rep. 37 on H.B. No. 103

The purpose of this measure is to:

- (1) Clarify that the powers granted for emergency purposes shall not be inconsistent with the Hawaii State Constitution;
- (2) Provide parameters for the duration of suspension of laws under an emergency order and require justification for the suspension;

- (3) Require approval of the Legislature by concurrent resolution to extend to a date certain, or deny the extension of, a proclamation of a state of emergency timely requested by the Governor and specifies that if the Legislature fails to take action, the state of emergency is automatically extended for sixty days; and
- (4) Allow the authorization of the issuance of a separate proclamation arising from the same emergency or disaster as a previous proclamation that expired, upon request of the Governor and adoption of a concurrent resolution by the Legislature.

Your Committee on Conference has amended this measure by:

- (1) Clarifying further the parameters for the termination of a state of emergency;
- (2) Specifying that if an emergency proclamation was terminated by the Legislature, a subsequent proclamation declaring the existence of a state of emergency arising from the same emergency or disaster may be authorized for no more than sixty days upon the request by the Governor and adoption of a concurrent resolution by the Legislature;
- (3) Changing the effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 103, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 103, H.D. 1, S.D. 2, C.D. 1.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 38 on H.B. No. 237

The purpose of this measure is to appropriate funds to the Department of Agriculture for the mitigation and control of the two-lined spittlebug and fund recovery efforts.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$350,000 for fiscal year 2021-2022 only;
- (2) Changing the source of funding to the funds received by the State of Hawaii from the American Rescue Plan Act of 2021, Public Law 117-2 (Section 9901);
- (3) Changing its effective date to July 1, 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 237, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 237, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Perruso, Tokioka, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Matsumoto).

Senators Gabbard, Inouye, and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 39 on H.B. No. 1192

The purpose of this measure is to:

- (1) Establish a framework for providing new, viable installment loan transactions; and
- (2) Repeal the statutory authorization for deferred deposit transactions in the State.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the late filing fees for an installment lender's failure to file an annual report or pay the annual renewal fee are to be assessed on a per day basis, rather than per business day;
- (2) Changing the effective date to July 1, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1192, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1192, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Cullen, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Baker, English, and Rhoads.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 40 on H.B. No. 1016

The purpose of this measure is to:

- (1) Provide that a single valid commercial marine vessel license satisfies the licensure requirement for all persons aboard the licensed vessel, if the vessel is on a trip of seventy-two hours or less;
- (2) Require any person who provides fishing charter services to obtain a commercial marine license;
- (3) Allow any vessel used for or engaged in the taking of marine life for commercial purposes to obtain a commercial marine vessel license, if the vessel is on a trip of seventy-two hours or less;
- (4) Authorize the Department of Land and Natural Resources to establish rules and fees for the issuance of a commercial marine vessel license; and
- (5) Require the Department of Land and Natural Resources to submit a report to the Legislature regarding the status of its administrative rules establishing a new commercial marine vessel license category.

Your Committee on Conference has amended this measure by:

- (1) Providing that a single valid commercial marine vessel license satisfies the licensure requirement for all persons aboard the licensed vessel, regardless if the vessel is on a trip of seventy-two hours or less;
- (2) Requiring the commercial marine vessel licensee of a Hawaii longline vessel that satisfies the commercial marine license requirement by obtaining the vessel license to file an annual report with the Department of Land and Natural Resources that contains the identity, nationality, arrival date, and departure date of the crew members;
- (3) Authorizing any vessel used for or engaged in the taking of marine life for commercial purposes to be eligible to obtain a commercial marine vessel license, regardless if the vessel is on a trip of seventy-two hours or less;
- (4) Changing the effective date to upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1016, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1016, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa, Branco, and McDermott.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Inouye, Rhoads, and Moriwaki.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 41 on H.B. No. 1291

The purpose of this measure is to allow applicants to the University of Hawaii who earned a high school diploma from a public high school in the State with a cumulative grade point average of 3.0 and also provide evidence that they qualified for and received special education services for two or more years during enrollment in grades nine through twelve to be eligible for the Hawaii State Scholars Program.

Your Committee on Conference has amended this measure by:

- (1) Amending the eligibility requirements to include applicants who provide evidence that the student qualified for and received special education for two or more years during enrollment in grades seven through twelve; and
- (2) Changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1291, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1291, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Takayama, Perruso, DeCoite, and Okimoto.
Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Kim, Kanuha, and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 42 on H.B. No. 282

The purpose of this measure is to:

- (1) Expand the circumstances where a minor may consent to no cost emergency shelter and related services to include cases where the provider is coordinating with the Department of Human Services' Child Welfare Services Branch; and
- (2) Clarify the definition of "provider" as it relates to the entities eligible to provide no cost emergency shelter and related services to a consenting minor to include certain organizations who are not considered child placing organizations or child caring institutions.

Your Committee on Conference has amended this measure by:

- (1) Removing as duplicative the requirement that a provider coordinate with the Department of Human Services, as this requirement is already contained in the expanded definition of "provider" as amended by this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 282, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 282, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Nakashima, LoPresti, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, Rhoads, and Acasio.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 43 on H.B. No. 313

The purpose of this measure is to:

- (1) Repeal the requirement that no less than fifty percent of the assessment fees deposited into the John A. Burns School of Medicine Special Fund be used for purposes identified by the Hawaii Medical Education Council;
- (2) Repeal the monetary cap of expenditures from the John A. Burns School of Medicine Special Fund; and
- (3) Authorize monies in the John A. Burns School of Medicine Special Fund to be used to provide loan repayment to physicians who commit to working in medically underserved areas of the State as part of the Hawaii State Loan Repayment Program and award scholarships for qualifying medical students.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the name of the loan repayment program is the "Hawaii State Loan Repayment Program";
- (2) Changing the effective date to July 1, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 313, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 313, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Takayama, Tam, DeCoite, LoPresti, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (Ward).

Senators Kim, Kanuha, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Rhoads).

Conf. Com. Rep. 44 on H.B. No. 334

The purpose of this measure is to:

- (1) Establish the State Drug and Alcohol Toxicology Testing Laboratory Special Fund to support a State Drug and Alcohol Toxicology Testing Laboratory;
- (2) Specify that monies in the State Highway Fund may be expended for the cost of establishing a State Drug and Alcohol Toxicology Testing Laboratory;
- (3) Require that fines imposed on offenders convicted of repeat or habitual offenses involving operating a vehicle under the influence of an intoxicant or convicted of operating a vehicle after a license and privilege have been suspended or revoked for operating a vehicle under the influence of an intoxicant be deposited into the State Drug and Alcohol Toxicology Testing Laboratory Special Fund; and
- (4) Require the Department of Health to submit reports to the Legislature on expenditures from the State Drug and Alcohol Toxicology Testing Laboratory Special Fund.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the H.D. 1 version, which is substantially similar; and
- (2) Further amending this measure by:
 - (A) Abolishing and repealing the State Drug and Alcohol Toxicology Testing Laboratory Special Fund on June 30, 2026, and requiring any unencumbered remaining balances to lapse to the general fund; and
 - (B) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 334, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 334, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Holt, Tokioka, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Keohokalole, Rhoads, English, San Buenaventura, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (English).

Conf. Com. Rep. 45 on H.B. No. 887

The purpose of this measure is to:

- (1) Create a separate commercial sexual exploitation offense for those who provide anything of value to engage in sexual conduct with another;
- (2) Specify that the offense of sex trafficking may be prosecuted at any time;
- (3) Specify that sex trafficking includes advancing or profiting from prostitution by certain means, including through coercion;
- (4) Make a person strictly liable for sex trafficking of a minor in terms of the victim's age;
- (5) Rename offenses involving the solicitation of prostitution to use the more appropriate term of commercial sexual exploitation;
- (6) Amend the elements for commission of the offense of commercial sexual exploitation of a minor and increase the grade of offense to a class B felony;
- (7) Include anything of value as a type of compensation for purposes of engaging in prostitution or other offenses involving commercial sexual exploitation; and
- (8) Clarify the exemption from commercial sexual exploitation and prostitution-related offenses for law enforcement officers acting in the course and scope of duties.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the definition of "sexual offense" under the Registration of Sex Offenders and Other Covered Offenders and Public Access to Registration Information Chapter applies to persons who commit the offense of commercial sexual exploitation in reckless disregard of the fact that the person exploited is a victim of sex trafficking, rather than petty misdemeanor commercial sexual exploitation offenders;
- (2) Clarifying that the state of mind requirement for the offense of commercial sexual exploitation is not applicable to the fact that the victim was a minor if the person provides anything of value to a minor or third person as compensation for having engaged in sexual conduct with a minor, rather than if the person offers or agrees to provide anything of value to a member of a police department, a sheriff, or a law enforcement officer who represents that person's self as a minor to engage in sexual conduct; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 887, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 887, H.D. 1, S.D. 2, C.D. 1.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 46 on S.B. No. 367

The purpose of this measure is to waive the requirement for section 401 water quality certification for certain small-scale beach restoration projects authorized by the Department of Land and Natural Resources.

Your Committee on Conference finds that waiving the requirement of water quality certification for small-scale beach restoration projects will result in the efficient administration of site-specific water pollution control and more practical and realistic erosion control alternatives to the deleterious practice of coastal armoring.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 367, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 367, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Tarnas, Nakashima, Kong, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Inouye, Gabbard, Rhoads, and Keith-Agaran.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Keith-Agaran).

Conf. Com. Rep. 47 on S.B. No. 764

The purpose of this measure is to add a permanent commercial driver's license disqualification for a holder of a commercial driver's license or commercial learner's permit who is convicted of a felony involving a severe form of trafficking in persons.

Your Committee on Conference finds that on July 23, 2019, the Federal Motor Carrier Safety Administration of the United States Department of Transportation issued a final rule that provides that drivers who are convicted of a felony involving severe forms of trafficking in persons while operating a commercial motor vehicle for which a commercial driver's license or commercial learner's permit is required are permanently banned from holding the license or permit without the possibility of reinstatement. Your Committee on Conference further finds that this final rule requires states to achieve substantial

compliance within three years of the final rule's effective date to avoid certain penalties. Accordingly, this measure brings Hawaii into compliance with the federal rule.

Your Committee on Conference notes that the S.D. 1 version of this measure specifies the definition for the term "severe forms of trafficking in persons", rather than providing a citation for the definition in the corresponding federal rule. The language in the S.D. 1 is therefore preferable for purposes of clarity.

Your Committee on Conference has amended this measure by reverting its contents to the S.D. 1 version and further amending it by:

- (1) Deleting language that would have inserted the definition of "severe forms of trafficking in persons" into section 286-2, Hawaii Revised Statutes, and instead inserting it into section 286-240, Hawaii Revised Statutes;
- (2) Inserting a definition for the term "commercial sex act"; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 764, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 764, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Ichiyama, LoPresti, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Baker, Rhoads, and Chang.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 48 on S.B. No. 973

The purpose of this measure is to:

- (1) Amend the Money Transmitters Act;
- (2) Incorporate definitions of key terms provided in the Model Money Services Business Law;
- (3) Add supporting documentation required to be submitted by an applicant for licensure;
- (4) Extend the period of an applicant's litigation and criminal conviction history review from five years to ten years from the date of the application;
- (5) Require an applicant to submit information concerning any bankruptcy or receivership proceedings; and
- (6) Clarify the authority of the Commissioner of Financial Institutions to examine and investigate licensees and participate in nationwide protocols for licensing cooperation.

Your Committee on Conference finds that the money transmission industry has evolved since the enactment of Hawaii's Money Transmitter Act in 2006. The current fast-paced nature of money transmission and the increased innovation of financial technologies necessitates additional oversight of money transmitters to ensure appropriate consumer protection. This measure adopts certain model act provisions to allow Hawaii to work alongside a network of states to enable timely, coordinated, and efficient regulation of trans-global, regional, and single-state money transmission companies to provide financial stability and better protect consumers.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 973, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 973, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Johanson, Holt, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Baker, Rhoads, and Misalucha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 49 on S.B. No. 766

The purpose of this measure is to allow a penalty of up to \$5,000 for certain repeat offenders of the motor carrier law.

Your Committee on Conference finds that commercial Public Utilities Commission (PUC) motor carriers traditionally transport high numbers of tourists to many locations around the State. However, the trucking and tour vehicle industry have long had to contend with unlicensed and unregulated operators who seek to skirt the PUC requirements of motor carrier operations. This measure will strengthen the PUC's ability to punish those who repeatedly break the rules.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 766, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 766, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kitagawa, Nishimoto, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Lee, Baker, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 50 on S.B. No. 1409

The purpose of this measure is to:

- (1) Prohibit a newly appointed or reappointed council, board, and commission member from serving if the member has not completed, within the requisite time, the required training course related to native Hawaiian and Hawaiian traditional and customary rights, native Hawaiian and Hawaiian natural resource protection and access rights, and the public trust, including the State's trust responsibility;
- (2) Require the Office of Hawaiian Affairs and Department of Land and Natural Resources to compile an annual report of council, board, and commission members who have failed to complete their training course requirement; and
- (3) Require the Office of Hawaiian Affairs to record the training courses and make the recordings available to those who were unable to attend the training course in person.

Your Committee on Conference finds that Act 169, Session Laws of Hawaii 2015 (Act 169), required the Office of Hawaiian Affairs to establish, design, and administer a training course on native Hawaiian traditional and customary rights, the source of these rights, and how the infringement of these rights affects native Hawaiians. Act 169 requires new members of certain state councils, boards, and commissions to complete the training course within one year of their appointment. Currently, a significant number of board and commission members subject to the mandatory training course continue to fail to comply with their training course completion responsibility. Therefore, this measure strengthens requirements of the completion of the training course, which will ensure greater recognition and incorporation of native Hawaiian knowledge, values, and rights in land use and resource management decision-making.

Your Committee on Conference has amended this measure by:

- (1) Removing language that would have allowed for individual votes taken by council, board, or commission members who fail to complete the mandatory training course within the required time period to be challenged and subject to being nullified and voided following a contested case proceeding;
- (2) Clarifying that the Office of Hawaiian Affairs shall record the training courses and make the recordings available to council, board, and commission members identified in section 10-41(a), Hawaii Revised Statutes, who have not yet satisfied the training requirement and were unable to attend the training course;
- (3) Specifying that viewing a recording of a training course satisfies the training requirement;
- (4) Changing the effective date to April 1, 2022; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1409, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1409, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Cullen, Takumi, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Shimabukuro, Rhoads, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 51 on S.B. No. 696

The purpose of this measure is to:

- (1) Extend the date on which the temporary Commission on the Thirteenth Festival of Pacific Arts ceases to exist to August 31, 2025; and
- (2) Permit less than a quorum of members of the temporary Commission on the Thirteenth Festival of Pacific Arts to discuss matters relating to official board business outside a Commission meeting as a permitted interaction matter under part I of chapter 92, Hawaii Revised Statutes, to enable the members to perform their duties faithfully, provided that the Commission holds a meeting at least once a month.

Your Committee on Conference finds that Act 104, Session Laws of Hawaii 2017 (Act 104), created the temporary Commission on the Thirteenth Festival of Pacific Arts (Commission) to plan the Festival of Pacific Arts originally scheduled to be held in Hawaii in 2020. Due to the outbreak of the coronavirus disease 2019, the Pacific Community notified the State that it is postponing the Festival of Pacific Arts to 2024. Therefore, the Commission, which was to cease to exist on June 30, 2021, must be extended to fulfill its duties to plan for the Thirteenth Festival of Pacific Arts in 2024. Additionally, Commission members have had to take on more hands-on tasks because of a lack of contractor to oversee the festival; thus, this has resulted in smaller groups of Commission members that need to communicate outside of publicly noticed meetings to carry out their tasks. Your Committee on Conference finds that this measure will balance the public interest in access to government decision-making, while simultaneously allowing Commission members to oversee the tasks necessary to running the festival.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 696, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 696, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Cullen, Har, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Shimabukuro, Rhoads, and English.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 52 on S.B. No. 516

The purpose of this measure is to:

- (1) Beginning July 1, 2022, require the State Board for Career and Technical Education to oversee and review annually certain statewide processes, requirements, and rules related to the student attainment of industry-recognized credentials;
- (2) Require an annual report to the Governor and Legislature; and
- (3) Require the statewide longitudinal data system to include career and technical education data for analysis.

Your Committee on Conference finds that in the current job market, nearly sixty-five percent of available positions require postsecondary credentials. Industry-recognized credentials are important because they teach the specific knowledge and skills that are required for an occupation or industry. This measure will help break down Hawaii labor market data by credentials to help develop career and technical training pathways that can contribute to future workforce generations.

Your Committee on Conference amended this measure by changing the effective date to upon its approval; provided that the provision in this measure that requires the State Board for Career and Technical Education to oversee and review certain processes related to industry-recognized credentials shall take effect on July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 516, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 516, S.D. 1, H.D. 2, C.D. 1.

Conf. Com. Rep. 53 on S.B. No. 1212

The purpose of this measure is to amend the registration requirements for motor carrier vehicles that have an outstanding federal out-of-service order.

Your Committee on Conference finds that this measure will bring Hawaii into compliance with the federal Performance Registration Information Systems Management (PRISM) program that identifies motor carriers that are under a federal out-of-service order because those motor carriers have not corrected safety deficiencies found in compliance review inspections. This measure will allow the State to be compliant with and qualify under PRISM and thus continue to qualify for federal funding.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1212, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1212, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Johanson, Ilagan, and Matsumoto.

Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Lee, Baker, and Fevella.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 54 on S.B. No. 474

The purpose of this measure is to require that mandatory seller disclosures in real property transactions include whether a residential real property is within the sea level rise exposure area as designated by the Hawaii Climate Change Mitigation and Adaptation Commission or its successor.

Your Committee on Conference finds that the value of property lying within the boundaries of a sea level rise exposure area will likely be affected over time, and is therefore a material fact that should be disclosed by the seller in a real property transaction in accordance with chapter 508D, Hawaii Revised Statutes, relating to mandatory seller disclosures in real estate transactions. Your Committee on Conference further finds that the Hawai'i Association of REALTORS will need time to not only update the seller's real property disclosure statement and the oceanfront property addendum of their purchase contracts, but also to train their members to use the Hawaii sea level rise viewer, which is an interactive mapping tool that depicts projections for future hazard exposure and assesses economic and other vulnerabilities due to rising sea levels.

Your Committee on Conference has amended this measure by inserting an effective date of May 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 474, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 474, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Johanson, Ganaden, and McDermott.

Managers on the part of the House.
Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Inouye, Baker, Rhoads, and Misalucha.

Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 55 on S.B. No. 1313

The purpose of this measure is to:

- (1) Establish, no later than January 1, 2023, a pilot project in the Division of Aquatic Resources of the Department of Land and Natural Resources to restock northern largemouth bass, butterfly peacock bass, or both, in the Wahiawa public fishing area in central Oahu; and
- (2) Require the Division of Aquatic Resources to apply to the Board of Agriculture for the permit to import the northern largemouth bass and work with another public entity or partner with a private entity to accomplish the pilot project.

Your Committee on Conference finds that the northern largemouth bass and butterfly peacock bass are some of the most popular gamefish in the United States; however, bass fishing in Hawaii is far less popular than in other states, partially because of the lack of a diverse population of these sport fish in Hawaii's artificial reservoirs. Placing the northern largemouth bass and the butterfly peacock bass on the Restricted Animal List, Part B, would allow the Department of Land and Natural Resources the ability to import and restock the Wahiawa public fishing area to refresh the genetic diversity of these fish populations while minimizing the risk of spread or possible introduction to other bodies of water. This measure would thereby enhance and support the pre-existing populations for continued recreational fishing in Hawaii.

Your Committee on Conference has amended this measure by:

- (1) Providing that the pilot project shall be established provided that the Board of Agriculture has placed the northern largemouth bass and butterfly peacock bass on the list of restricted animals that require a permit for both import into the State and possession, pursuant to section 150A-6.2, Hawaii Revised Statutes;
- (2) Inserting an effective date of July 1, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1313, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1313, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Johanson, Cullen, Kong, and McDermott.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Gabbard, Inouye, Rhoads, and Keith-Agaran.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 56 on S.B. No. 1150

The purpose of this measure is to authorize the Department of Health to accept nationally recognized accreditation or certification organizations to demonstrate a skilled facility's compliance with the licensing inspections required by the State.

Your Committee on Conference finds that The Joint Commission and other nationally recognized accrediting agencies have certification standards that are more stringent than those required by state law. Your Committee on Conference further finds that authorizing the Department of Health to recognize these accreditation and certification reviews to establish a skilled nursing facility's compliance with state licensing requirements will allow the Department of Health to better allocate resources to its regulatory oversight responsibilities, while also permitting the Department's Office of Healthcare Assurance to deploy staffing resources to other equally important investigations and surveys.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1150, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1150, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Johanson, Kapela, and Ward.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Keohokalole, Baker, and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 57 on S.B. No. 224

The purpose of this measure is to:

- (1) Give a preference to students who live within the service area of a school or who were enrolled at the school in the previous school year and apply for participation in a career and technical education program offered by that school; and
- (2) Exempt students enrolled in a career and technical education program from the requirement to attend school within the service area in which a student resides.

Your Committee on Conference finds that a gap exists between the skills that students in the State attain upon graduation from high school and the skills that employers in the State are seeking. Business leaders in Hawaii's expanding industries report that it is often difficult to recruit local applicants who have the necessary skills and experiences. Your Committee on Conference further finds that educational programs specializing in career readiness and technical skills can be effective in preparing students in Hawaii to enter the State's job market. This measure expands the number of students receiving career and technical skills education by allowing students to enroll in career and technical programs, regardless of where they reside.

Your Committee on Conference has amended this measure by:

- (1) Updating the purpose section; and
- (2) Changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 224, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 224, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Perruso, Gates, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 58 on S.B. No. 806

The purpose of this measure is to require the Attorney General, on behalf of the Department of Education, to institute proceedings to acquire certain land owned by the Mililani Town Association by voluntary action or condemnation.

Your Committee on Conference finds that the Mililani Town Association owns a parcel of land that fronts Mililani High School. Mililani High School desires to build an access ramp on this parcel that is compliant with the Americans for Disabilities Act to allow students, staff, family members, and the general public access to the school. Mililani Town Association is amenable to this construction and would like to avoid the potential for liability by transferring title to the parcel to the State. This measure provides a legal process for the friendly condemnation of the parcel by the State in a manner agreeable to all parties.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 806, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 806, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Tarnas, Matayoshi, Cullen, Tokioka, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 2 (Tarnas, Tokioka).

Senators Kidani, Wakai, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 59 on S.B. No. 813

The purpose of this measure is to require authorizers to provide to each charter school it oversees a list of approved independent auditors.

Your Committee on Conference finds that charter schools may only select an auditor from a list of three auditors selected by the authorizer. There are currently not enough auditors in Hawaii to meet the required timeline to ensure charter school audits are included in the consolidated annual financial reports. Your Committee further finds that many of the auditors selected by the authorizer are based on Oahu, which makes it more difficult for charter schools on the other islands to complete their audits and forces those charter schools to incur additional expenses and delays. This measure would allow the charter schools to choose from a list of more than three independent auditors to conduct audits and provide access to auditors for the many charter schools that operate on all the islands across the State.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 813, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 813, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Johanson, Ilagan, Gates, Perruso, and Okimoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (Johanson).

Senators Kidani, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 60 on S.B. No. 811

The purpose of this measure is to require the Department of Education to publish a weekly report on schools that have reported positive coronavirus disease 2019 (COVID-19) cases.

Your Committee on Conference finds that although the Department of Education has stated that it has communication policies and procedures in place to address COVID-19 cases, it generally has not provided information about positive COVID-19 test result cases on all school campuses and the limited information that it has shared has been inconsistent and incomplete. Your Committee further finds that of the limited information publicly released, positive COVID-19 cases listed by schools are not included. This measure will help to provide critical, real-time data necessary to assess school reopening and to respond to COVID-19 outbreak events that may place students, their families, and school staff at a heightened risk.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 811, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 811, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Ichiyama, Ilagan, Eli, Hashimoto, and Okimoto.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Kidani, Rhoads, Dela Cruz, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 61 on S.B. No. 404

The purpose of this measure is to:

- (1) Lower the monetary threshold that triggers disclosure of electioneering communications. Repeals the requirement that disclosures of electioneering communications occur on the date of any subsequent expenditures;
- (2) Classify election advertisements sent by mail at any postal rate as electioneering communications;
- (3) Exempt communications that are actual expenditures of an organization from being considered electioneering communications; and
- (4) Exclude candidate and candidate committees from the disclosure requirements.

Your Committee on Conference finds that electioneering communications are meant to expose noncandidate influences on elections which have been shown to radically influence the outcomes of elections in the State. Your Committee on Conference further finds that changing the disclosure date to the date on which the advertisement runs and triggering the requirement to file a statement of information at that time will increase public transparency and accountability in campaign advertising.

Your Committee on Conference has amended this measure by making it effective upon its approval; provided that it applies beginning with the 2022 primary election.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 404, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 404, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Nakashima, D. Kobayashi, Tokioka, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 62 on S.B. No. 1387

The purpose of this measure is to require dog and cat owners to microchip their pets.

Your Committee on Conference finds that microchips are the safest, most accessible, and most affordable identification tool for pet owners. Microchipping is an affordable way to locate a missing pet as it bypasses the need for animal control, thereby eliminating the cost of intake and boarding of lost pets at the expense of taxpayers. This measure will ensure that lost pets are returned to their owners in a timely and safe manner by requiring certain dogs and cats to be microchipped.

Your Committee on Conference has amended this measure by inserting an effective date of January 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1387, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1387, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Johanson, Todd, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Gabbard, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 63 on S.B. No. 385

The purpose of this measure is to:

- (1) Enact the 2018 Uniform Trust Code; and
- (2) Repeal the Uniform Trustees' Powers Act, Uniform Prudent Investor Act, and laws regarding trust administration under the Uniform Probate Code.

Your Committee on Conference finds that to date, the Uniform Trust Code has been enacted by thirty-four states and the District of Columbia. Your Committee on Conference further finds that this piece of uniform legislation standardizes the law of trusts so that parties across a diverse range of jurisdictions can rely on the same governing principles. This measure will update Hawaii statutes relating to trusts and bring them under one comprehensive umbrella, which will significantly reduce the time, complexity, and expense of trust proceedings.

Your Committee on Conference has amended this measure by inserting an effective date of January 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 385, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 385, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Johanson, Marten, D. Kobayashi, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 64 on S.B. No. 1042

The purpose of this measure is to:

- (1) Repeal the provision that allows persons designated as sex offenders in another state or jurisdiction to petition the Attorney General for termination of registration requirements upon demonstrating that the out-of-state convictions are not covered offenses in the State of Hawaii;
- (2) Require certain long term visitors to Hawaii with out-of-state sex offender convictions to register; and
- (3) Clarify how persons required to register as sex offenders can petition to terminate registration.

Your Committee on Conference finds that existing sex offender registration laws allow out-of-state persons who intend to reside or maintain a residence in Hawaii, visit Hawaii for ten or more days, or visit Hawaii for thirty or more days a year, and who have been or are required to be registered in another state as a sex offender, to avoid registration by establishing that they do not meet the criteria for registration as a covered offender in Hawaii because the out-of-state conviction in their state is not for a covered offense under Hawaii law. Your Committee on Conference further finds that allowing out-of-state covered offenders to avoid registering as a sex offender in Hawaii by demonstrating that Hawaii's law is different from the law of the state that required the person to register as a sex offender is an unintended loophole in the registration law. This measure closes the loophole by requiring those persons who have been designated as a sex offender in another state, who is or would be required to be on a sex offender registry in that state, to be subject to registration requirements in the State of Hawaii.

Your Committee on Conference amended the measure by:

- (1) Specifying that a denial by the court for relief shall preclude the filing of another petition for termination of registration requirements for five years; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1042, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1042, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Todd, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Nishihara, Rhoads, and Riviere.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 65 on S.B. No. 153

The purpose of this measure is to:

- (1) Prohibit any person whose driver's license has been administratively revoked or who has been convicted for offenses involving operating a vehicle under the influence of an intoxicant from being eligible for a driver's license without providing proof of compliance with the ignition interlock law;
- (2) Require the Director of Transportation to contract with the selected ignition interlock vendor to provide at no cost for the installation and periodic calibration charges to certain offenders who apply for assistance; and
- (3) Require a person who does not own or have the use of a vehicle in which the person can install an ignition interlock device during the revocation period or is otherwise unable to drive during the revocation period to be absolutely prohibited from driving during a period of time equal to twice that of the applicable revocation period.

Your Committee on Conference finds that the ignition interlock program plays a crucial role in preventing an individual from being a repeat offender of driving under the influence of an intoxicant. However, your Committee on Conference has several questions regarding the ignition interlock program and how it can be improved.

Your Committee on Conference notes that resolving these issues through a task force of experts is the best path forward. Your Committee on Conference finds that in 2016, Governor Ige signed Executive Order No. 16-02 that temporarily established the Hawaii Impaired Driving Task Force. The purpose of the task force was to provide a comprehensive strategy for preventing and reducing impaired driving behavior in Hawaii. Because there are lingering questions surrounding the ignition interlock program and impaired driving in general, your Committee on Conference finds it appropriate to make the Hawaii Impaired Driving Task Force a permanent body housed within the Department of Transportation and tasking it with answering the unresolved ignition interlock questions.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Deleting its contents and inserting language that establishes the Hawaii Impaired Driving Council and tasking it with addressing the questions raised by the discussion on this measure; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 153, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 153, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Todd, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Lee, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 66 on S.B. No. 1291

The purpose of this measure is to:

- (1) Include autocycles equipped with handlebars in the definition of motorcycle in the Highway Safety Act; and
- (2) Exempt motorcycles and motor scooters with a roll bar or roll cage from the safety helmet requirement.

Your Committee on Conference finds that existing law is unclear whether certain three-wheeled electric vehicles that use handlebar steering in place of a steering wheel are classified as motorcycles or autocycles. As a result, operators of these vehicles must obtain a motorcycle endorsement for operation, even though the vehicles handle very similarly to front wheel drive automobiles. This measure clarifies that vehicles with three wheels and handlebars are included in the definition of motorcycle under the Hawaii highway safety act.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1291, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1291, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Johanson, Takumi, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Takumi).

Senators Lee, Rhoads, and Inouye.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 67 on S.B. No. 615

The purpose of this measure is to:

- (1) Require all moped and motor scooter rental companies to ensure the rider wears a safety helmet supplied either by the company or the renter, except for riders with a motorcycle license;
- (2) Prohibit the rental of any moped or motor scooter that is not equipped with a flag or any moped or scooter with aftermarket modifications; and
- (3) Amend the definition of "motor scooter" under the Hawaii Highway Safety Act and the Statewide Traffic Code.

Your Committee on Conference finds that from 2016 to 2018, there were twenty-three motor scooter and moped operator fatalities, and of the twenty-three fatalities, twenty-two operators were not wearing helmets. Wearing a helmet while operating a moped, powered scooter, or other motorized cycle decreases fatalities and serious injuries. Your Committee on Conference notes that according to the Hawaii Injury Prevention Plan for 2012-2017, published by the Department of Health and the Emergency Services and Injury Prevention System Branch, properly worn helmets can reduce the risk of death by forty-two percent and the risk of a head injury by sixty-nine percent. This measure will reduce fatal moped or motor scooter accidents by requiring most riders to wear a helmet.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the requirements related to safety flags for rental mopeds or motor scooters;
- (2) Inserting an effective date of July 1, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 615, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 615, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Kitagawa, Nakashima, Ilagan, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Lee, Baker, and Shimabukuro.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 68 on S.B. No. 244

The purpose of this measure is to:

- (1) Expand liability protections for donors to include donations of perishable or nonperishable food, farm produce, and similar donations made to needy persons by charitable, religious, or nonprofit organizations; and

(2) Authorize the donation of expired food when the good-faith donor or distributor reasonably believes the food is fit for human consumption.

Your Committee on Conference finds that coronavirus disease 2019 (COVID-19) pandemic has severely threatened the health, welfare, and food security of Hawaii residents. The COVID-19 pandemic has further increased the need to expand and clarify existing law to support food donation programs. Despite this high level of food insecurity, Hawaii businesses and residents discard excessive amounts of food waste in the State, which can overload landfills and create harmful greenhouse gases. Therefore, this measure establishes a standard of liability protection for food donations to encourage the donation of food, remove unnecessary barriers, and reduce food insecurity.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 244, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 244, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Kitagawa, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Gabbard, Keohokalole, and Baker.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 69 on S.B. No. 348

The purpose of this measure is to:

- (1) Update existing law to require bottled water to meet standards prescribed by the United States Food and Drug Administration regarding product quality standards for bottled water; and
- (2) Repeal the requirement that noncarbonated bottled water be transported, stored, processed, or bottled in or through lines or equipment through which only water is passed.

Your Committee on Conference finds that existing state law expressly prohibits carbonated soft drink, juice, and beer operations from using the same equipment to can noncarbonated bottled water. Hawaii bottled water manufacturers are required to comply with an outdated rule that results in unfair and costly limits for local beverage filling companies that manufacture other products from providing noncarbonated water to consumers in aluminum cans as an alternative to single-use plastic water bottles. Lifting this constraint would allow beverage companies in the State to expand their businesses by putting still water in aluminum cans thereby meeting the growing demand for water in sustainable packaging while continuing to invest in the local economy.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 348, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 348, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Johanson, Cullen, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Baker, and Nishihara.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 70 on S.B. No. 309

The purpose of this measure is to add the intentional creation, disclosure, or threat of disclosure of certain types of realistic deep fake images or videos to the offense of violation of privacy in the first degree, subject to specified exemptions.

Your Committee on Conference finds that one of the recommendations made by the Twenty-First Century Privacy Task Force was that the State protect the privacy of a person's likeness by adopting laws that prohibit the unauthorized use of deep fake technology, which is advancing rapidly and is easily sharable on social media. Your Committee on Conference further finds that deep fake technology enables the creation of synthetic media in which a person in an existing image or video is replaced with the likeness of another person. This measure will protect the privacy of a person's likeness by prohibiting the unauthorized use of deep fake technology.

Your Committee on Conference has amended this measure by:

- (1) Removing the requirement that the image or video of a composite fictitious person be realistic;
- (2) Removing the reasonable person standard for believing that a composite fictitious person is a known person;
- (3) Removing the exemption for images or videos made in connection with a matter of legitimate public concern, a work of political or newsworthy value, or expression protected by the First Amendment of the United States Constitution;
- (4) Making it effective upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 309, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 309, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Nakashima, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.
Senators Rhoads, Kim, and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 71 on S.B. No. 1034

The purpose of this measure is to:

- (1) Authorize boards to use interactive conference technology to remotely conduct meetings under the State's open meetings law; and
- (2) Amend the requirements for public notices of board meetings and for in-person board meetings held by interactive conference technology.

Your Committee on Conference finds that remote meetings can be a way to protect the health and safety of participants. Your Committee on Conference further finds that remote meetings have increased transparency by allowing more public members to participate in meetings, even if they live far from the physical location of a meeting or on another island.

Your Committee on Conference understands that the requirements of the Americans with Disabilities Act (ADA) apply to meetings held by interactive conference technology, and notes that any locations and technology used for remote meetings will need to be in compliance with the requirements of the ADA.

Your Committee on Conference has amended this measure by:

- (1) Requiring at least one meeting location that is open to the public and has an audiovisual connection for a remote meeting held by interactive conference technology;
- (2) Requiring a quorum of board members participating in a remote meeting held by interactive conference technology to be visible and audible to other members and the public during the meeting;
- (3) Requiring all votes during a remote meeting held by interactive conference technology to be conducted by roll call unless unanimous;
- (4) Changing the duration of the automatic recess of a meeting in case audiovisual communication cannot be maintained to a maximum of thirty minutes;
- (5) Requiring the Office of Information Practices to assess the implementation of meetings held using interactive conference technology and submit a report of its findings to the Legislature;
- (6) Inserting an effective date of January 1, 2022; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1034, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1034, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Nakashima, Eli, and Ward.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.
Senators Rhoads, Keohokalole, and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 72 on S.B. No. 726

The purpose of this measure is to:

- (1) Require officers serving a warrant to declare the officer's office and business and wait thirty seconds before entry into a house, store, or other building, subject to certain circumstances; and
- (2) Require officers serving a warrant issued by a district court to do so in an authorized uniform and wear and use a body-worn video camera.

Your Committee on Conference finds that, although a general knock-and-announce rule exists, if the police believe in advance of executing a search warrant that the threat of physical violence or the destruction of evidence exists, the police may obtain a "no-knock warrant" to allow the police to enter with force into the building without knocking. These raids have led to injury, death, and substantial collateral damage, and feed into the growing sense of community distrust of police. This measure prohibits no-knock warrants.

Your Committee on Conference has amended this measure by:

- (1) Removing language providing that an officer serving a warrant may enter a house, store, or other building before the thirty-second wait period has expired under exigent circumstances;
- (2) Providing that the thirty-second wait period commences at the moment the announcement of presence is made by the officer; and
- (3) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 726, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 726, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Todd, and Ward.
Managers on the part of the House.
Ayes, 2. Noes, 1 (Ward). Excused, none.
Senators Rhoads, Lee, and Fevella.
Managers on the part of the Senate.
Ayes, 2. Noes, 1 (Fevella). Excused, none.

Conf. Com. Rep. 73 on S.B. No. 639

The purpose of this measure is to:

- (1) Prohibit courts of appeal from affirming, modifying, reversing, or vacating a matter on grounds other than those raised by the parties to the proceeding, unless the parties are provided the opportunity to brief the court; and
- (2) Require a rehearing if the courts fail to afford the opportunity for parties to submit supplemental briefing upon timely petition by any party.

Your Committee on Conference finds that when a court decides a case on grounds not raised by the parties, it departs from the principle of party presentation and risks abusing its discretion. Your Committee on Conference further finds that on multiple occasions, the Hawaii Supreme Court has reiterated a party's right to discuss and explore its rights, claims, and defenses through a colloquy. This measure will ensure due process during the appeals process and permit parties, rather than the appellate court, to litigate their cases.

Your Committee on Conference has amended this measure by inserting an effective date of September 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 639, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 639, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Todd, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Keohokalole, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 74 on S.B. No. 819

The purpose of this measure is to:

- (1) Extend the Hospital Sustainability Program through June 30, 2024;
- (2) Increase the maximum fee for inpatient care services to five and one-half percent;
- (3) Reduce the amount in the hospital sustainability program special fund that may be used by the Department of Human Services for departmental purposes from twelve percent to ten percent;
- (4) Increase the amount of time hospitals have to pay the hospital sustainability fee from thirty days to sixty days;
- (5) Increase the pool of Medicaid services that can be used for matching purposes;
- (6) Require that the aggregate net benefit for private hospitals shall not be less than the aggregate net benefit provided by the Hospital Sustainability Program for fiscal year 2021;
- (7) Define "net benefit" for purposes of the Hospital Sustainability Program; and
- (8) Appropriate an unspecified amount of monies out of the hospital sustainability program special fund for the purposes of the program.

Your Committee on Conference finds that the program has served a critical role in strengthening the health care system in Hawaii. In the nine years since its inception, the Hospital Sustainability Program has helped acute care facilities treat the most vulnerable patients in the State, especially Medicaid recipients who require hospital services. Your Conference on Committee also believes that continuing the Hospital Sustainability Program will ensure that the State's uninsured or underinsured patients continue to receive care in a timely, effective manner.

Your Committee on Conference has amended this measure by:

- (1) Deleting the definition of "net benefit";
- (2) Deleting language that would have increased the pool of Medicaid services that may have been used for matching purposes;
- (3) Deleting language that would have required that the aggregate net benefit for private hospitals shall not be less than the aggregate net benefit provided by the hospital sustainability program for fiscal year 2021;
- (4) Inserting an appropriation of \$100,000,000 out of the hospital sustainability program special fund for fiscal year 2021-2022 for purposes of the program;
- (5) Making it effective on June 29, 2021; provided that certain provisions relating to the extension of the Hospital Sustainability Program and appropriation take effect on July 1, 2021; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 819, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 819, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Johanson, Tam, Gates, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators San Buenaventura, Keohokalole, and Kidani.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Kidani).

Conf. Com. Rep. 75 on S.B. No. 793

The purpose of this measure is to repeal existing law that exempts individuals with disabilities from the State's minimum wage requirements. More specifically, this measure:

- (1) Amends the definition of "qualified community rehabilitation program" in the Hawaii Public Procurement Code by:
 - (A) Repealing certain certification requirements; and
 - (B) Requiring that the program maintain a certain disabled-to-non-disabled employee ratio; and
- (2) Repeals the provision in the State's Wage and Hour Law that allows employment of certain individuals, including individuals with disabilities, at sub-minimum wage.

Your Committee on Conference finds that laws that allow payment of sub-minimum wage based on an individual's disability status are based on a provision in the Fair Labor Standards Act that was enacted in 1938 to create a platform to train and prepare individuals with disabilities to gain open-market competitive jobs. Your Committee on Conference further finds that these laws are archaic and no longer serve their original purpose. The employers in the State who currently hold certificates that allow for payment of sub-minimum wage to individuals with disabilities are currently paying them statutory minimum wage, and the only reason the employers obtain the certificates is to meet the definition of "qualified community rehabilitation program" under the Hawaii Public Procurement Code. This measure repeals outdated laws that allow payment of sub-minimum wage to individuals with disabilities and replaces the qualified community rehabilitation program's special certificates requirement with an employee-ratio requirement.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 793, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 793, S.D. 1, H.D. 1, C.D. 1.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Moriwaki).

Conf. Com. Rep. 76 on H.B. No. 631

The purpose of this measure is to accommodate within the justice system certain traffic violators who are facing financial hardship.

More specifically, this measure:

- (1) Provides courts with greater discretion to adjust the payment of fees or fines for violations of certain traffic offenses based on a person's ability to pay or financial circumstances;
- (2) Amends the ratio of imprisonment term to contumacious nonpayment, from a maximum of one day for each \$25 of a fee or fine, to a maximum of one day for each \$250 of a fee or fine; and
- (3) Increases the amount of credit given to a person committed for contumacious nonpayment, from \$25 per day to \$250 per day.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 631, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 631, H.D. 1, S.D. 1, C.D. 1.

Conf. Com. Rep. 77 on H.B. No. 1377

The purpose of this measure is to:

- (1) Establish an Electronic Citation Program under the Judiciary for transmitting traffic, misdemeanor, or other citations and law enforcement data to the clerk of the court through electronic means;
- (2) Establish an Electronic Citation Surcharge of \$5 to be charged to persons who receive certain traffic, misdemeanor, or other citations;
- (3) Establish an Electronic Citation Special Fund to defray expenses related to the establishment and maintenance of the Electronic Citation Program; and
- (4) Appropriate funds to the Judiciary for start-up costs associated with the Electronic Citation Program.

Your Committee on Conference has amended this measure by:

- (1) Providing that the Electronic Citation Surcharge of \$5 will become inoperative on January 1, 2027;
- (2) Clarifying that the monies in the Electronic Citation Special Fund are to be distributed by the Judiciary to the respective law enforcement agencies and the Administrative Director of the Courts, not the clerk of the court;
- (3) Deleting the appropriation to the Judiciary for start-up costs associated with the Electronic Citation Program;
- (4) Changing the effective date to January 1, 2022; and

(5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1377, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1377, H.D. 1, S.D. 2, C.D. 1.

Conf. Com. Rep. 78 on H.B. No. 1333

The purpose of this measure is to require and appropriate funds for the Hawaii State Energy Office, in consultation with the Department of Health, to conduct a comprehensive study to determine best practices for disposal and recycling of discarded clean energy products in the State.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the Hawaii Natural Energy Institute, rather than the Hawaii State Energy Office, shall conduct a comprehensive study to determine best practices for disposal, recycling, or secondary use of clean energy products in the State;
- (2) Deleting language that would have appropriated funds to conduct the comprehensive study;
- (3) Changing the effective date to July 1, 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1333, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1333, H.D. 1, S.D. 1, C.D. 1.

Conf. Com. Rep. 79 on H.B. No. 1318

The purpose of this measure is to:

- (1) Establish the Environmental Advisory Council within the Office of Planning to replace the existing Environmental Council;
- (2) Transfer the rights, powers, employees, appropriations, and other personal property from the Office of Environmental Quality Control to the Office of Planning;
- (3) Amend the ability for an applicant to appeal nonacceptance of an environmental impact statement from the Environmental Council to the Environmental Court; and
- (4) Repeal certain provisions relating to the Office of Environmental Quality Control and Environmental Center of the University of Hawaii.

Your Committee on Conference has amended this measure by:

- (1) Deleting provisions that would have required the Environmental Advisory Council to be an adjudged party for hearing appeals relating to the acceptance or nonacceptance of an environmental impact statement;
- (2) Clarifying that the current members of the Environmental Council shall continue to serve for the remainder of their respective terms as initial members of the Environmental Advisory Council;
- (3) Changing the effective date to July 1, 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1318, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1318, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Luke, Tokioka, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Tokioka).

Senators Gabbard, Inouye, Moriwaki, Rhoads, and Kanuha.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 80 on H.B. No. 1022

The purpose of this measure is to:

- (1) Clarify that any conservation and resources enforcement officer of the Department of Land and Natural Resources may, in the performance of their official duties, stop and temporarily detain any person who the officer reasonably believes is, or recently has been engaged in, hunting or fishing for a natural resource for the purposes of the officer conducting a limited inspection; and
- (2) Establish administrative penalties for refusing to comply with an inspection request, under certain conditions.

Your Committee on Conference has amended this measure by:

- (1) Clarifying provisions to prohibit roaming administrative inspections of any member of the public's vehicle beyond a reasonable distance and clarifying the circumstances under which those inspections are allowed;
- (2) Deleting language that would have provided that items, natural resources, or other evidence obtained through an administrative inspection without probable cause may be used to pursue any civil and administrative penalties that are authorized by law;
- (3) Deleting provisions that specified that the administrative fines shall not apply to persons engaged in the proper and lawful exercise of traditional and customary Native Hawaiian rights for subsistence, religious, or cultural purposes;
- (4) Changing the effective date to upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1022, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1022, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 1 (Nakashima).

Senators Inouye, Kanuha, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, 1 (Fevella). Excused, 1 (Rhoads).

Conf. Com. Rep. 81 on S.B. No. 1100

The purpose of this measure is to enact the National Association of Insurance Commissioners' Insurance Data Security Model Law to establish insurance data security standards for Hawaii insurance licensees.

Your Committee on Conference finds that there have been several major data breaches involving large insurers that exposed and compromised the sensitive personal information of millions of insurance consumers. The National Association of Insurance Commissioners adopted the Insurance Data Security Model Law in 2017 to strengthen existing data privacy standards and consumer breach notification obligations of insurance licensees. If states do not adopt provisions of this model law by 2022, they risk federal preemption of state laws in this area. Accordingly, this measure adopts the National Association of Insurance Commissioners' Insurance Data Security Model Law to establish insurance data security standards and ensure data security protections for Hawaii insurance licensees.

Your Committee on Conference has amended this measure by:

- (1) Inserting a definition for the term "commissioner" to mean the Insurance Commissioner of the State;
- (2) Reverting to certain provisions of the S.D. 1 version of this measure to clarify that:
 - (A) The licensee's regulator, rather than the licensee's domiciliary regulator, shall have the power to examine and investigate the affairs of any licensee to determine whether the licensee has been or is engaged in certain conduct; and
 - (B) Each insurer, rather than each licensee, domiciled in the State shall submit annual certifications to the Insurance Commissioner;
- (3) Updating the purpose section; and
- (4) Inserting an effective date of July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1100, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1100, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Matayoshi, Nishimoto, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Matayoshi).

Senators Baker, Chang, and Riviere.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 82 on S.B. No. 1098

The purpose of this measure is to adopt certain provisions of the National Association of Insurance Commissioners' Producer Licensing Model Act, Public Adjuster Licensing Model Act, Reinsurance Intermediary Model Act, and Independent Adjuster Licensing Model Guidelines to provide consistency and promote efficiency in processing insurance licensing fees, applications, certificates, registrations, and renewals.

Your Committee on Conference finds that existing state law does not list all of the licenses, registrations, and fees issued by the Insurance Division of the Department of Commerce and Consumer Affairs, which can create confusion. This measure consolidates those licenses, registrations, and fees under Article 7 of the Insurance Code to increase clarity and transparency. Your Committee on Conference further finds that this measure facilitates the Insurance Division's transition to the electronic processing of insurance licensing fees, certificates, registrations, and renewals to make the process more efficient and accurate and conforms certain penalties to model acts.

Your Committee on Conference has amended this measure by inserting an effective date of January 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1098, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1098, S.D. 1, H.D. 1, C.D. 1.

Conf. Com. Rep. 83 on S.B. No. 1103

The purpose of this measure is to clarify the role of the Board of Public Accountancy in selecting members to serve on the Board's Peer Review Oversight Committee.

Your Committee on Conference finds that the accounting profession's standards of review can change frequently. As a result of these changes, the duties of the Board of Public Accountancy's Peer Review Oversight Committee are expected to increase substantially. Your Committee on Conference further finds that it is necessary for the Board to have flexibility and discretion in selecting members who have the ability and aptitude to serve on the Peer Review Oversight Committee. This measure accomplishes these objectives.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1103, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1103, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Conf. Com. Rep. 84 on S.B. No. 1102

The purpose of this measure is to allow promoters of mixed martial arts events to compensate contestants and their managers in cash.

Your Committee on Conference finds that existing law requires that promoters of mixed martial arts events pay contestants or their managers by check. However, many events undergo last minute changes to the fight card for various reasons. For example, a contestant could fail to make weight, which occurs the day before a contest, or could be injured. When a change occurs at the last minute, promoters often have insufficient time to go to a financial institution to obtain a new cashier's check or certified check, as most events take place on Saturdays when financial institutions are normally closed. This measure provides promoters with the necessary flexibility to compensate contestants and their managers in a timely manner and better mirrors the realities of the event process.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1102, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1102, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Nishimoto, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Baker, Chang, and Riviere.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 85 on S.B. No. 1096

The purpose of this measure is to make necessary amendments to the Insurance Code to:

- (1) Institute various consumer protections with regard to public adjusters, including requiring contractual terms and disclosures and granting a right to rescind;
- (2) Impose a standard of conduct on various entities;
- (3) Authorize the Insurance Commissioner to waive or modify certain fees by order;
- (4) Reinstate the right to an administrative hearing and appeal from an order;
- (5) Amend the composition of the Hawaii Joint Underwriting Plan Board of Governors;
- (6) Correct references to the electronic payment platform developed by the National Association of Insurance Commissioners to facilitate insurers' electronic payment of premium taxes;
- (7) Mandate electronic filing of insurers' surplus lines reports and payment of surplus lines premium taxes to reduce processing errors and delays;

- (8) Change the specified dates for extensions of certificates for risk retention groups to maintain consistency with other certificates issued by the Insurance Division of the Department of Commerce and Consumer Affairs;
- (9) Lower the minimum nonforfeiture interest rate; and
- (10) Clarify that rewards under wellness programs do not qualify as prohibited rebates.

Your Committee on Conference finds that a number of administrative amendments to Hawaii's insurance code are necessary to provide clarity, enhance consumer protections, and improve the administration and enforcement of regulated entities. Your Conference on Committee further finds that this measure will accomplish these objectives.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the existing statutory language for the definition of the term "complaint" to apply to the entirety of section 431:13-103, Hawaii Revised Statutes, rather than only paragraph (12) of subsection (a); and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1096, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1096, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Nishimoto, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Baker, Chang, Riviere, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 86 on S.B. No. 320

The purpose of this measure is to:

- (1) Require each tax return preparer to have a valid Preparer Tax Identification Number issued by the Internal Revenue Service and to furnish the Preparer's Tax Identification Number on any return or claim for refund prepared for compensation if required by the Department of Taxation;
- (2) Establish penalties for failure to comply with the Preparer Tax Identification Number requirements;
- (3) Beginning in calendar year 2022, establish continuing education requirements for tax return preparers;
- (4) Require the Board of Public Accountancy to adopt rules regarding continuing education, including compliance procedures and penalties for violations; and
- (5) Provide that tax return preparers shall not be liable for penalties prior to January 1, 2022.

Your Committee on Conference finds that many tax preparers in the State operate with little oversight or accountability. Your Committee on Conference further finds that requiring all tax return preparers to have a Preparer Tax Identification Number issued by the Internal Revenue Service to prepare a claim for refund or return for compensation will help taxpayers and the Department of Taxation ensure that tax return preparers are held accountable for the returns they prepare. This measure will provide greater consumer protection resources and promote accurate tax administration.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have established continuing education requirements for tax return preparers and language that would have required the Board of Public Accountancy to adopt continuing education courses for tax return preparers;
- (2) Deleting language that would have exempted tax return preparers from penalties prior to January 1, 2022, in light of the change to the effective date;
- (3) Inserting an effective date of January 1, 2022; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 320, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 320, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Nishimoto, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Baker, Kim, and Moriwaki.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 87 on S.B. No. 589

The purpose of this measure is to:

- (1) Establish the University of Hawaii Cancer Center in statute as the Cancer Research Center of Hawaii;
- (2) Require the Director of the Cancer Research Center of Hawaii to be appointed by the Board of Regents of the University of Hawaii upon recommendation from the Provost of the University of Hawaii at Manoa and with the concurrence of the President of the University of Hawaii;
- (3) Require the Director of the Cancer Research Center of Hawaii and Dean of the University of Hawaii John A. Burns School of Medicine to report to the Provost of the University of Hawaii at Manoa and coordinate with the President of the University of Hawaii;

- (4) Require funds expended or originating from the University of Hawaii Tuition and Fees Special Fund for the University of Hawaii John A. Burns School of Medicine or the Cancer Research Center of Hawaii to be used for educational purposes only;
- (5) Require funds expended or originating from the Research and Training Revolving Fund for the University of Hawaii John A. Burns School of Medicine or the Cancer Research Center of Hawaii to be used for research and research-related purposes only;
- (6) Allow the University of Hawaii to continue its contribution to research commercialization and economic development by repealing the sunset provision in Act 38, Session Laws of Hawaii 2017 (Act 38);
- (7) Make the University of Hawaii's Innovation and Commercialization Initiative Program permanent by repealing the sunset provision in Act 39, Session Laws of Hawaii 2017 (Act 39);
- (8) Make permanent the authority of the President of the University of Hawaii to act as its chief procurement officer for all procurement contracts under chapter 103D, Hawaii Revised Statutes, by repealing the sunset provision in Act 42, Session Laws of Hawaii 2018 (Act 42); and
- (9) Further efforts to ensure the efficient and effective management of public resources provided to the University of Hawaii John A. Burns School of Medicine and the Cancer Research Center of Hawaii to optimize public benefits.

Your Committee on Conference notes that the University of Hawaii had been proposing the consolidation of the University of Hawaii Cancer Center and University of Hawaii John A. Burns School of Medicine through various business plans, reports, and consultant recommendations since 2014, in order to eliminate operational redundancies and enhance the efficiency and effectiveness of both units. Your Committee on Conference also notes that the University of Hawaii frequently groups different organized research units within a larger administrative structure. For example, the School of Ocean and Earth Science and Technology encompasses several outstanding research units, including the Center for Microbial Oceanography: Research and Education. Furthermore, several other universities with outstanding medical schools have their cancer research programs integrated closely therewith. For example, the Siteman Cancer Center, a comprehensive cancer center that holds an "exceptional" rating from the National Cancer Institute, is a part of the Washington University School of Medicine in St. Louis. The MD Anderson Cancer Center is also a comprehensive cancer center that operates in close affiliation with the McGovern Medical School at the University of Texas Health Science Center. As such, to ensure the efficient and effective management of public resources provided to the Cancer Research Center of Hawaii and University of Hawaii John A. Burns School of Medicine, your Committee on Conference finds it necessary to administratively affiliate the two entities and have their administrative services and infrastructure teams be merged.

Your Committee on Conference further finds it important for the State to continue its support of the University of Hawaii's technology transfer activities pursuant to Act 38 and activities under its Innovation and Commercialization Initiative Program pursuant to Act 39. Your Committee on Conference also finds that these activities must be transparent, and the University of Hawaii must be held accountable therefor. Your Committee on Conference also finds it prudent for the Legislature to continue monitoring the University of Hawaii's activities pursuant to Act 38, Act 39, and Act 42.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Inserting language requiring the Cancer Research Center of Hawaii and the University of Hawaii John A. Burns School of Medicine to be administratively affiliated;
- (2) Inserting language to promote the accountability and transparency of the University of Hawaii's technology transfer activities pursuant to Act 38 and activities under its Innovation and Commercialization Initiative Program pursuant to Act 39;
- (3) Extending the repeal date of Act 38 for two years until June 30, 2024;
- (4) Extending the repeal date of Act 39 for three years until June 30, 2024;
- (5) Extending the repeal date of Act 42 for three years until June 30, 2024;
- (6) Making it effective upon its approval; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 589, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 589, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Takayama, Tam, DeCoite, and Okimoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kim, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 88 on S.B. No. 60

The purpose of this measure is to authorize the issuance of special number license plates to commemorate the Polynesian Voyaging Society.

Your Committee on Conference finds that the issuance of special number plates commemorating the Polynesian Voyaging Society is an effective way to support the Polynesian Voyaging Society's efforts to perpetuate the art and science of traditional Polynesian voyaging and the spirit of exploration.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 60, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 60, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, B. Kobayashi, and Ward.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Ward).

Senators Lee, Inouye, and Shimabukuro.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 89 on S.B. No. 57

The purpose of this measure is to:

- (1) Codify certain certification, renewal, and violation processes of vehicle inspectors who conduct vehicle safety inspections under the Department of Transportation;
- (2) Temporarily repeal the requirement for reconstructed vehicles to obtain a special inspection and certification; and
- (3) Require the Department of Transportation to report to the Legislature on the effects of the repeal.

Your Committee on Conference finds that vehicle inspectors serve the important function of ensuring the safety of vehicles on Hawaii's roads. This measure codifies the process by which vehicle inspectors obtain and renew their certification and the penalties for improper inspections.

Your Committee on Conference further finds that the reconstructed vehicle inspection program no longer serves its intended purposes. The purpose of the reconstructed vehicle inspection program is to ensure that modifications to motor vehicles do not result in a significant degradation of highway safety. However, available crash data does not indicate that reconstructed vehicles are more dangerous than other vehicles. As this program is restricted to Oahu and there is no data to support the conclusion that it is effective, this measure temporarily repeals the requirement that reconstructed vehicles be inspected and receive a permit before operating on public highways and requires the Department of Transportation to report back to the Legislature on the effects of the repeal.

Your Committee on Conference has amended this measure by:

- (1) Making the repeal of the reconstructed vehicle inspection program effective from January 1, 2022 to July 31, 2025;
- (2) Inserting an effective date of July 1, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 57, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 57, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Johanson, Cullen, Ilagan, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Lee, Baker, English, Shimabukuro, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 90 on S.B. No. 1039

The purpose of this measure is to appropriate funds for the payment of claims against the State, its officers, or its employees.

Your Committee on Conference finds that the timely passage of this measure will minimize the State's obligation to pay interest on those amounts.

Your Committee on Conference has amended this measure by:

- (1) Providing that the claims against the Agribusiness Development Corporation, Aloha Stadium Authority, Department of the Attorney General, Department of Education, Department of Hawaiian Home Lands, Department of Health, Department of Land and Natural Resources, Department of Public Safety, and Hawaii State Public Charter School Commission shall be paid from general funds;
- (2) Increasing the total general fund appropriation from \$1,263,213.02 to \$1,330,163.78 to settle three additional miscellaneous claims totaling \$66,950.76;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1039, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1039, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Luke, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 91 on S.B. No. 538

The purpose of this measure is to:

- (1) Clarify the meaning of "program or activity receiving state financial assistance"; and
- (2) Exclude cases within the scope of the Individuals with Disabilities Education Act from the jurisdiction of the Hawaii Civil Rights Commission.

Your Committee on Conference finds that when Act 387, Session Laws of Hawaii 1989, was enacted and codified as section 368-1.5, Hawaii Revised Statutes, it was meant to be the state counterpart to section 504 of the federal Rehabilitation Act of 1973, as amended, to provide a state remedy for disability discrimination and an alternative in situations in which federal remedies are also available. Your Committee on Conference further finds that the intent of section 368-1.5, Hawaii Revised Statutes, was originally, and is now, to give the Hawaii Civil Rights Commission jurisdiction over disability discrimination claims, even if protections under section 504 of the Rehabilitation Act, as amended, are available.

Your Committee on Conference has amended this measure by changing the effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 538, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 538, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Nakashima, Sayama, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Okimoto).

Senators San Buenaventura, Rhoads, and Acasio.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 92 on S.B. No. 386

The purpose of this measure is to require:

- (1) A family court to make findings, after a hearing and in writing, before a minor can be transferred to an adult jail or lockup or be permitted sight or sound contact with adult offenders, subject to certain circumstances; and
- (2) The circuit court to commit all convicted offenders under eighteen to Hawaii youth correctional facilities in cases where the court deems the sentence more suitable.

Your Committee on Conference finds that when a youth is transferred to the adult criminal justice system, the lifelong consequences of placement in the criminal justice system has a profoundly negative effect on both the youth and our community. Your Committee on Conference further finds that full brain development and maturity is proven to extend beyond teen years, and studies have shown that young adults reach full maturity past the age of twenty-five years. Due to these developmental facts, your Committee on Conference additionally finds that adult facilities do not provide the developmentally appropriate rehabilitative services youth require.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 386, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 386, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Ohno, Matayoshi, Tam, Ganaden, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 2 (Ohno, Ward).

Senators San Buenaventura, Rhoads, and Acasio.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 93 on S.B. No. 225

The purpose of this measure is to:

- (1) Allow the cost of regional infrastructure improvements undertaken by the Hawaii Housing Finance and Development Corporation to be assessed against transit-oriented development projects that specially benefit from the improvements; and
- (2) Require the Hawaii Interagency Council for Transit-Oriented Development to review and make recommendations on applications for dwelling unit revolving fund subaccount funds for infrastructure projects related to transit-oriented development.

Your Committee on Conference finds that the cost of off-site infrastructure is a major barrier to the achievement of transit-oriented development potential statewide. Your Committee on Conference believes that this measure will help to facilitate state investment in needed transit-oriented development infrastructure by allowing the Hawaii Housing Finance and Development Corporation to recover costs to help offset the significant costs of regional infrastructure.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the Hawaii Housing Finance and Development Corporation shall consider previous contributions by project owners to infrastructure improvements when assessing costs against transit-oriented development projects;
- (2) Exempting the stadium development district from assessments made under this measure;
- (3) Changing the effective date to upon its approval; and
- (4) Making technical, nonsubstantive amendments for purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 225, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 225, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Aquino, Tarnas, Sayama, Hashimoto, and McDermott.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Wakai, Keith-Agaran, and Misalucha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 94 on S.B. No. 159

The purpose of this measure is to:

- (1) Make an application for voter registration part of the state identification card or driver's license application process;
- (2) Require applicants to choose to be registered to vote or make changes to the applicant's voter registration information as part of the application for a state identification card or driver's license; and
- (3) Require the sharing of certain information among the counties, Department of Transportation, election personnel, and online voter registration system.

Your Committee on Conference finds that increased voter engagement and participation is beneficial to the civic health of the State, and that increased voter registration is a vital step in this process. Your Committee on Conference further finds that the electronic sharing of data will help ensure the accuracy of voter-registration polls and compliance with the National Voter Registration Act of 1993 and Help America Vote Act of 2002.

Your Committee on Conference has amended this measure by:

- (1) Providing for an applicant for a driver's license or identification card to have automatically updated any changes to their name and address for voter registration purposes unless the applicant declines;
- (2) Inserting an effective date of July 1, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 159, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 159, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Cullen, and Ward.

Managers on the part of the House.

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 95 on S.B. No. 630

The purpose of this measure is to establish that every judgment for child support is enforceable until paid in full.

Your Committee on Conference finds that the costs associated with raising a child are extensive and persist for many years.

Your Committee on Conference further finds that, under existing law, child support judgments are considered paid and discharged when the child turns thirty-three years old or when the latest period provided in section 657-5, Hawaii Revised Statutes, expires, whichever is later. This measure will require that child support be paid in full to be considered discharged.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 630, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 630, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Eli, LoPresti, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Kim, and Fevella.

Managers on the part of the Senate.

Ayes, 3; Ayes with Reservations (Fevella). Noes, none. Excused, none.

Conf. Com. Rep. 96 on S.B. No. 828

The purpose of this measure is to:

- (1) Grant exclusive original jurisdiction in matters of divorce to the family court of the circuit in which an applicant is domiciled at the time the application is filed; and
- (2) Repeal the requirement that a person be domiciled or physically present in the State for a continuous period of at least six months before applying for a divorce.

Your Committee on Conference finds that existing law often places unnecessary burdens on persons seeking divorce. This measure clarifies the jurisdiction of the family court and enables individuals to complete a divorce in the State even if they are unable to be physically present in the State for a continuous period of time before filing.

Your Committee on Conference has amended this measure by inserting an effective date of January 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 828, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 828, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Cullen, Takumi, and Ward.

Managers on the part of the House.

Senators Rhoads, Acasio, and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 97 on S.B. No. 697

The purpose of this measure is to designate January of each year as "Kalaupapa Month".

Your Committee on Conference finds that in 1865, the Kingdom of Hawaii passed "An Act to Prevent the Spread of Leprosy" and, over time, forcibly removed an estimated eight thousand individuals suspected of having leprosy to a colony established on eight hundred acres of land on the Kalaupapa peninsula of Moloka'i. Your Committee on Conference further finds that many important events in the history of Kalaupapa occurred in January. This measure recognizes the contributions and sacrifices of the residents of Kalaupapa by establishing January of each year as "Kalaupapa Month".

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 697, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 697, S.D. 1, H.D. 2, C.D. 1.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 98 on S.B. No. 791

The purpose and intent of this measure is to amend provisions regarding the designation, impoundment, and disposal of unauthorized, abandoned, grounded, and derelict vessels on state property or in the waters of the State to more quickly address these vessels and relevant proceedings.

Your Committee on Conference finds that existing law requires the Department of Land and Natural Resources (DLNR) to provide a seventy-two-hour notice of intent to impound an unauthorized, abandoned, grounded, or derelict vessel before being able to take control of the vessel. However, in some instances, the condition of the vessel rapidly deteriorates, requiring additional labor, increased risks to health and public safety, and additional costs to remove and impound the vessel. This measure shortens the time-period for the DLNR to respond and remove abandoned vessels to help protect reefs and maintain ocean health.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 791, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 791, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Matayoshi, Branco, D. Kobayashi, and McDermott.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Inouye, Moriwaki, Lee, and Riviere.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 99 on S.B. No. 1162

The purpose of this measure is to update the Forest Stewardship Program (Program) administered by the Board of Land and Natural Resources by:

- (1) Clarifying the purpose of the Program;
- (2) Expanding the areas of approved management activities and practices that are eligible for cost-share assistance under the Program;
- (3) Increasing the limit for payments from the Forest Stewardship Fund (Fund) for development of approved management plans and allowing payments from the Fund for implementation of approved management plans; and
- (4) Amending requirements for applicants to receive Program funds.

Your Committee on Conference finds that over sixty percent of Hawaii's forested areas are privately owned and managed. The Program provides technical and financial assistance to private landowners in protecting, restoring, and managing Hawaii's forested lands, which in turn helps protect watersheds, forest resources, forest products, fish and wildlife habitats, rare and endangered plants, and native vegetation. This measure modifies the Program's qualification requirements to increase eligibility for private forest managers, increases funds available for the management of private forests, and provides protections for native vegetation.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1162, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1162, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Lowen, Branco, Kong, and McDermott.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, 1 (McDermott).

Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Keith-Agaran).

Conf. Com. Rep. 100 on S.B. No. 932

The purpose of this measure is to:

- (1) Establish and appropriate funds out of the clean energy and energy efficiency revolving loan fund to provide financial assistance for investments in a broad range of clean energy technologies;
- (2) Authorize monies in the Hawaii green infrastructure special fund to be used to finance the option to purchase solar energy systems and other clean energy equipment, including the purchase or lease of electric vehicles and installation of electric vehicle charging systems; and
- (3) Repeal the building energy efficiency revolving loan fund.

Your Committee on Conference finds that significant investment in clean energy technology and infrastructure is necessary to achieve the State's goals of energy self-sufficiency, energy security, and energy diversification. However, the unavailability of flexible financing and low-cost capital are significant barriers to clean energy adoption. Your Committee on Conference believes that this measure will provide the Hawaii green infrastructure authority with a variety of financing options to support investment in and implementation of clean energy technology and infrastructure in the State.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the Hawaii green infrastructure's existing loan fund is capitalized by the issuance of the green energy market securitization bonds to distinguish it from the clean energy and energy efficiency revolving fund established by this measure, which is capitalized with federal and other funding sources;
- (2) Inserting an appropriation in the amount of \$50,000,000 out of the clean energy and energy efficiency revolving loan fund for the purposes of this measure;
- (3) Changing the effective date to July 1, 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 932, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 932, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Johanson, Marten, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Rhoads, Kidani, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Misalucha).

Conf. Com. Rep. 101 on S.B. No. 936

The purpose of this measure is to require:

- (1) The Department of Health to disseminate information regarding seizure first aid to employers, employees, and the general public;
- (2) Employers to post information on seizure first aid provided by the Department of Health in a prominent position in the employer's workplace; and
- (3) The Department of Health to adopt rules to implement this measure.

Your Committee on Conference finds that one in ten persons may experience a seizure at some point in their lifetime. Since a seizure can happen to any person, in any place, at any time, your Committee on Conference finds it imperative that members of the public are prepared to respond appropriately and effectively to a person experiencing a seizure. This measure ensures that information on rendering seizure first aid is provided to employers, employees, and the general public.

Your Committee on Conference notes the concerns raised by the Department of Health with regard to the implementation of this measure.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Making discretionary, rather than mandatory, the dissemination of information on seizure first aid by the Department of Health;
- (2) Making discretionary, rather than mandatory, the employers' dissemination of information on seizure first aid provided by the Department of Health;
- (3) Deleting the requirement that the Department of Health adopt rules to implement this measure;
- (4) Inserting an effective date of July 1, 2021, and a repeal date of June 30, 2026; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 936, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 936, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Johanson, Sayama, Kong, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Johanson).

Senators Taniguchi, Rhoads, and Keohokalole.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 102 on S.B. No. 772

The purpose of this measure is to:

- (1) Authorize the issuance of special number license plates to benefit forest and ocean conservation; and
- (2) Increase the initial application and renewal fees for special number license plates from \$25 to an unspecified amount.

Your Committee on Conference finds that Hawaii's forests, beaches, and nearshore waters are culturally and naturally unique and vital to maintaining the health and well-being of Hawaii's residents. Providing dedicated funding sources for conservation through the issuance of special number license plates will help to ensure that Hawaii's forests, beaches, and nearshore waters are adequately managed and maintained. Your Committee on Conference notes that the islands of Hawaii are home to many unique ecosystems beyond just beaches and forests and find it appropriate to dedicate funding from the issuance of special number plates to environmental conservation generally instead of specifically to forest and ocean conservation.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Replacing "forest conservation" and "ocean conservation" with "environmental conservation" throughout the measure;
- (2) Specifying that the special number plate design shall be visually attractive and highlight Hawaii's environment, native species, or both;
- (3) Providing that the fundraising fee is to be set by the Department of Land and Natural Resources;
- (4) Depositing fees from the issuance of the special number plates into the conservation and resources enforcement special fund, rather than the beach restoration special fund and the forest stewardship special fund;
- (5) Setting the initial application and subsequent annual renewal fees for special number plates at \$60, beginning January 1, 2022;
- (6) Making it effective upon its approval; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 772, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 772, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Branco, Ganaden, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Lee, Inouye, and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 103 on S.B. No. 384

The purpose of this measure is to clarify that:

- (1) Filing fees for tax appeals are nonrefundable; and
- (2) No deposits are required for tax appeals.

Your Committee on Conference finds that this measure is a housekeeping measure, which amends certain sections of Hawaii Revised Statutes to align with the intent of Act 152, Session Laws of Hawaii 1997, by adopting existing rules regarding court filing fees.

Your Committee on Conference has amended this measure by making it effective on January 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 384, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 384, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Marten, D. Kobayashi, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Keith-Agaran, English, and Taniguchi.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (English).

Conf. Com. Rep. 104 on S.B. No. 1202

The purpose of this measure is to make various technical amendments to the fuel tax law, liquor tax law, and cigarette tax and tobacco tax law under the jurisdiction of the Department of Taxation.

Your Committee on Conference recognizes the Department of Taxation recently completed a review of the Hawaii Revised Statutes chapters that are being amended by this measure. Your Committee on Conference believes that this measure will clarify certain state tax laws and allow for more effective administration of those laws.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that statements filed concerning the number of gallons of fuel refined, manufactured, compounded, imported, sold or used by the distributor or person are public records;
- (2) Changing the effective date to July 1, 2021; and
- (3) Making technical, nonsubstantive changes for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1202, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1202, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Johanson, Holt, Kong, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Johanson).

Senators Keith-Agaran, English, and Taniguchi.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (English).

Conf. Com. Rep. 105 on S.B. No. 1203

The purpose of this measure is to make nonsubstantive changes to Title 14, Hawaii Revised Statutes, for clarity and to delete obsolete provisions.

Your Committee on Conference finds that it is necessary to amend and repeal various provisions of the Hawaii Revised Statutes for the purposes of correcting errors and references, clarifying language, or deleting obsolete or unnecessary provisions. This measure adds clarity to the law and allows for more effective administration.

Your Committee on Conference has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1203, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1203, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Holt, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Keith-Agaran, English, and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 106 on S.B. No. 400

The purpose of this measure is to clarify that increased fines may apply if a candidate committee or noncandidate committee fails to timely file the preliminary primary or preliminary general report due in an unspecified number of calendar days before a primary or general election.

Your Committee on Conference finds that the Campaign Spending Commission requires candidate and noncandidate committees to file a series of reports prior to an election and the language establishing these reporting requirements is periodically in need of clarifying updates as the requirements are refined and amended. This measure will improve transparency and accountability in the election system by incentivizing, through the potential for increased fines, the timely filing of reports by candidate committees and noncandidate committees to the Campaign Spending Commission.

Your Committee on Conference has amended this measure by:

- (1) Specifying that preliminary primary and preliminary general reports are due ten calendar days before a primary or general election; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 400, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 400, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Matayoshi, Wildberger, Todd, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Ward).

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 107 on S.B. No. 402

The purpose of this measure is to:

- (1) Provide that expenditures by candidate committees may be made to reimburse other individuals for expenditures advanced by those individuals, in addition to those advanced by the candidate; and
- (2) Delete candidate reimbursements from the category of expenditures that noncandidate committees must itemize in their reports, since noncandidate committees are not allowed to receive or make loans under existing law.

Your Committee on Conference finds that under existing law, only candidate reimbursements need to be itemized in reports made to the Campaign Spending Commission. Your Committee on Conference further finds that in many instances, individuals other than the candidate are also being reimbursed for campaign costs advanced by the individuals. This measure requires that reimbursements made to other individuals be itemized as well, which will provide more transparency in how candidate committees are spending their funds.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 402, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 402, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Nakashima, Wildberger, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 108 on S.B. No. 405

The purpose of this measure is to:

- (1) Provide that excess contributions by nonresident contributors shall escheat to the Hawaii Election Campaign Fund if not returned to the contributor within thirty days of the end of the election period; and
- (2) Allow the candidate, candidate committee, or noncandidate committee to choose which excess contributions by nonresident contributors to return.

Your Committee on Conference finds that the Hawaii Election Campaign Fund was established to be used for partial public financing of campaigns of the State and its political subdivisions, but that demand for financing often outstrips available resources. Providing that excess contributions by nonresident contributors shall escheat to the fund if not returned to the contributor within thirty days complements existing law and will help ensure adequate funding for the partial public financing program. This measure will provide an additional source of income for the Hawaii Election Campaign Fund and allow candidates to more readily use available public financing through the Fund.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 405, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 405, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Matayoshi, Wildberger, Takumi, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Takumi).

Senators Rhoads, Keohokalole, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 109 on S.B. No. 1402

The purpose of this measure is to require the Department of Transportation to create motor vehicle, bicycle, and pedestrian highway and pathway networks throughout each island.

Your Committee on Conference finds that Hawaii's ground transportation system has historically been built as a car-centric system with little attention given to alternative forms of transportation. This has raised the cost of living, impacted quality of life, and resulted in some of the highest transportation-related fatality rates in the nation, especially in some of the lower-income communities in the State. Simply adding lanes to reduce traffic does not address Hawaii's most pressing concerns regarding traffic, safety, and health. The establishment of separate motor vehicle, bicycle, and pedestrian highway and pathway networks throughout the State is an effective way to decrease the public's reliance on personal motor vehicles, reduce the cost of transportation, and improve public health. Accordingly, this measure will modernize Hawaii's ground transportation infrastructure by providing additional metrics, considerations, and assistance to the Department of Transportation in order to reduce transportation costs, minimize traffic injuries and fatalities, improve public health and quality of life, and address greenhouse gas emissions.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1402, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1402, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Ilagan, Hashimoto, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Lee, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 110 on H.B. No. 553

The purpose of this measure is to protect sharks while not criminalizing the accidental capture and release of sharks that may be captured while fishing for other species as allowed by statute or rule by:

- (1) Establishing an offense of intentionally or knowingly capturing, entangling, or killing a shark in state marine waters and providing for criminal and civil penalties and administrative fines, fees, and costs;
- (2) Providing for certain exemptions to the offense of intentionally or knowingly capturing, entangling, or killing a shark in state marine waters; and
- (3) Allowing the Department of Land and Natural Resources to adopt rules to, at minimum:
 - (A) Ensure that the incidental capture and release of sharks while targeting other species is not a violation;
 - (B) Prevent the wanton waste of sharks; and
 - (C) Limit gear, such as gill nets, in areas identified as shark nursery habitats.

Your Committee on Conference has amended this measure by:

- (1) Exempting a person who captures or kills a shark pursuant to a permit issued by the Department of Land and Natural Resources from the criminal and civil penalties and administrative fines, fees, and costs established;
- (2) Authorizing the Department of Land and Natural Resources to issue a non-commercial permit for the take of sharks, subject to permit conditions that include Native Hawaiian cultural protocol, size and species restrictions, and a prohibition on species designated as endangered or threatened; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 553, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 553, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Lowen, Cullen, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Gabbard, Inouye, Rhoads, and English.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (English).

Conf. Com. Rep. 111 on H.B. No. 1019

The purpose of this measure is to conserve, restore, and enhance Hawaii's marine resources by:

- (1) Temporarily establishing the Ocean Stewardship Special Fund; and
- (2) Establishing the Ocean Stewardship User Fee, to be collected beginning on January 1, 2024.

Your Committee on Conference has amended this measure by:

- (1) Changing the sunset date of the Ocean Stewardship Special Fund from June 30, 2030, to January 1, 2029; and
- (2) Changing its effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1019, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1019, H.D. 2, S.D. 2, C.D. 1.

Conf. Com. Rep. 112 on H.B. No. 834

The purpose of this measure is to require the Department of Land and Natural Resources, in collaboration with the County of Hawaii, to conduct site surveys on the island of Hawaii to identify the most suitable locations for new black cinder cone quarries.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$150,000 for fiscal year 2021-2022;
- (2) Changing the source of funding to the funds received by the State of Hawaii from the American Rescue Plan Act of 2021, Public Law 117-2 (Section 9901); and
- (3) Changing its effective date to July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 834, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 834, H.D. 1, S.D. 1, C.D. 1.

Senators Inouye, Kanuha, and Misalucha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 113 on H.B. No. 1276

The purpose of this measure is to:

- (1) Grant the Board of Land and Natural Resources greater flexibility by authorizing it to adopt, amend, and repeal administrative fee schedules for all user fees, including camping, lodging, parking, group use, and special use activities, through formal board action at a publicly noticed meeting rather than through administrative rulemaking; and
- (2) Appropriate funds for administration of the State Parks Program.

Your Committee on Conference has amended this measure by:

- (1) Removing the appropriation section;
- (2) Changing its effective date to upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1276, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1276, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Conf. Com. Rep. 114 on H.B. No. 863

The purpose of this measure is to authorize the issuance of general obligation bonds for the forest stewardship program to build and expand the facilities of state tree nurseries.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$750,000 for fiscal year 2021-2022 only;
- (2) Changing the source of funding to the funds received by the State of Hawaii from the American Rescue Plan Act of 2021, Public Law 117-2 (Section 9901);
- (3) Changing its effective date to July 1, 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 863, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 863, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Branco, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Inouye, Keith-Agaran, and Riviere.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 115 on H.B. No. 1149

The purpose of this measure is to restructure the manner in which the State handles certain land use and planning matters by:

- (1) Exempting the Land Use Commission from certain provisions of section 26-35, Hawaii Revised Statutes, pertaining to the administrative supervision of boards and commissions;
- (2) Administratively attaching the Land Use Commission to the Office of Planning; and
- (3) Maintaining the independence of the Land Use Commission on matters coming before it to which the Office of Planning is a party by requiring the establishment of and adherence to procedures and safeguards to avoid actual or perceived conflicts of interest that may otherwise arise in the Land Use Commission's proceedings.

Your Committee on Conference has amended this measure by:

- (1) Renaming the newly restructured Office of Planning as the Office of Planning and Sustainable Development (Office) and making conforming amendments;
- (2) Authorizing, rather than requiring, the Office to undertake a boundary review of the classification and districting of all lands in the State;
- (3) If the Office undertakes a boundary review, requiring the Office to submit a report of its findings to the Governor, Legislature, and appropriate state and county agencies;
- (4) Requiring the Office to assist the Legislature and state and county agencies in maintaining an overall framework to guide the development of the State;
- (5) Authorizing, rather than requiring, the Director of the Office to retain staff in conformity with chapter 76, Hawaii Revised Statutes;
- (6) Authorizing the Director of the Office to retain staff without regard to chapter 76, Hawaii Revised Statutes;
- (7) Requiring the Office to gather, analyze, and provide information to the Legislature and state and county agencies to assist in the overall analysis and formulation of state policies and strategies;
- (8) Clarifying and strengthening the provisions that may prevent conflicts of interest in proceedings before the Land Use Commission; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1149, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1149, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Luke, and McDermott.

Managers on the part of the House.

Ayes, 3; Ayes with Reservations (McDermott). Noes, none. Excused, none.

Senators Inouye, Moriwaki, Dela Cruz, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 116 on H.B. No. 1352

The purpose of this measure is to require the Office of Planning to submit a report to the Legislature containing the following:

- (1) An inventory of the lands within the State that are leased to, or under the control of, the federal government, to be prepared by the Department of Land and Natural Resources by a date determined by the Office of Planning;
- (2) Any known contaminants or environmental hazards on the lands based on past environmental studies, to be prepared by the Department of Health in consultation with the Environmental Protection Agency, by a date determined by the Office of Planning;
- (3) Input from all executive branch departments and agencies and the Office of Hawaiian Affairs on remediation and restoration needs and proposed alternative uses for the lands; and
- (4) The Office of Planning's findings and recommendations, including any proposed legislation, based on the information above.

Your Committee on Conference has amended this measure by changing its effective date to July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1352, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1352, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ohno, Tarnas, Marten, Ganaden, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Inouye, Gabbard, Nishihara, Wakai, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 117 on H.B. No. 1176

The purpose of this measure is to:

- (1) Authorize the Governor to designate the Department of Land and Natural Resources to administer or enter into agreements to administer a Green Job Youth Corps Program to help address the unemployment impacts of the COVID-19 pandemic and support work and training opportunities for young adults and economic diversification;
- (2) Require the Department of Land and Natural Resources to submit a progress report to the Legislature prior to the convening of the Regular Session of 2022; and
- (3) Appropriate funds.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the Green Job Youth Corps Program shall prioritize work and training opportunities for young adults between ages twenty and forty, rather than thirty years or younger;
- (2) Deleting language that would have appropriated general funds for the Green Job Youth Corps Program;
- (3) Appropriating \$5,000,000 out of the funds received by the State from the American Rescue Plan Act, Public Law 117-2, section 9901, for salaries only for up to one thousand Green Job Youth Corps Program participant positions;
- (4) Lapsing all unexpended and unencumbered balances of the appropriation on November 1, 2021;
- (5) Changing the effective date to July 1, 2021; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1176, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1176, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Holt, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Taniguchi, Inouye, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 118 on H.B. No. 1191

The purpose of this measure is to:

- (1) Establish the Broadband Infrastructure Grant Program to award grants to applicants to extend deployment of infrastructure used to provide broadband service to unserved and underserved areas of the State;

- (2) Amend the Hawaii Technology Loan Revolving Fund to rename it the Hawaii Broadband Infrastructure Fund, change the types of funds deposited into the fund, and increase the expenditure ceiling; and
- (3) Authorize the issuance of general obligation bonds for the Broadband Infrastructure Grant Program.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the eligibility requirements for an applicant under the Broadband Infrastructure Grant Program by:
 - (A) Requiring an applicant to commit to paying a minimum of sixty percent, rather than eighty percent, of the total project costs out of the applicant's own funds;
 - (B) Removing references to the State's portion of the total project costs; and
 - (C) Removing the requirement for an applicant to attest that the project does not jeopardize the eligibility of federal funding;
- (2) Renaming the Hawaii Technology Loan Revolving Fund the Hawaii Broadband Infrastructure Special Fund, rather than the Hawaii Broadband Infrastructure Fund;
- (3) Deleting language that would have allowed funds received from a county to be deposited into the Hawaii Broadband Infrastructure Special Fund;
- (4) Deleting language that would have authorized the issuance of general obligation bonds for the Broadband Infrastructure Grant Program;
- (5) Appropriating \$5,000,000 out of the funds received by the State from the American Rescue Plan Act of 2021, Public Law 117-2 (Section 9901), for the Broadband Infrastructure Grant Program;
- (6) Establishing the Hawaii Broadband and Digital Equity Office within the Department of Business, Economic Development, and Tourism;
- (7) Requiring the Governor, upon the advice and consent of the Senate, to appoint a Strategic Broadband Coordinator to head the Hawaii Broadband and Digital Equity Office;
- (8) Changing the effective date to July 1, 2021; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1191, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1191, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Johanson, Cullen, D. Kobayashi, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (D. Kobayashi).

Senators Wakai, Kidani, and Misalucha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 119 on H.B. No. 561

The purpose of this measure is to:

- (1) Require the Public Utilities Commission to make determinations of the reasonableness of the costs pertaining to fossil fuel or biomass sourced electricity or gas utility system capital improvements and operations and to consider the effect of the State's reliance on fossil fuels and biomass based on certain factors;
- (2) Require the Public Utilities Commission to determine on an individual basis whether an analysis is necessary for proceedings involving water, wastewater, or telecommunications providers; and
- (3) Exempt the Public Utilities Commission from the requirement to conduct an analysis for a utility's routine system replacements or determinations that do not pertain to capital improvements or operations.

Your Committee on Conference has amended this measure by:

- (1) Deleting the preamble;
- (2) Clarifying that the Public Utilities Commission shall make determinations of the reasonableness of the costs pertaining to electric or gas, and deleting "fossil fuel or biomass sourced", utility system capital improvements and operations in its consideration to reduce the State's reliance on fossil fuels;
- (3) Deleting all references to "and biomass";
- (4) Replacing "overground" with "underground" line determinations; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 561, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 561, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Kitagawa, Marten, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Baker, Dela Cruz, and Misalucha.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 120 on H.B. No. 552

The purpose of this measure is to:

- (1) Establish clean ground transportation goals for state agencies on a staggered basis until achieving a one hundred percent light-duty motor vehicle clean fleet by December 31, 2030;
- (2) Establish procurement policy requirements for medium- and heavy-duty motor vehicles;
- (3) Allow state and county agencies to include trees and plants having lifespans longer than twenty years as a part of capital improvement projects;
- (4) Require that all new light-duty passenger vehicles purchased for the State's fleet are zero-emission vehicles and permit the Department of Accounting and General Services to authorize an exemption for new fleet vehicle procurement;
- (5) Conform various definitions to the Code of Federal Regulations;
- (6) Provide for electric vehicle charging and clean ground transportation goals in the State's planning and budget preparation and program implementation goals; and
- (7) Require the Chief Energy Officer to lead the efforts to incorporate energy efficiency, renewable energy, energy resiliency, and clean transportation to reduce costs and achieve clean energy goals across all public facilities.

Your Committee on Conference has amended this measure by:

- (1) Amending the clean ground transportation goals for the State's fleet to the following:
 - (A) One hundred percent of light-duty motor vehicles that are passenger cars to be zero-emission vehicles by December 31, 2030; and
 - (B) One hundred percent of light-duty motor vehicles to be zero-emission vehicles by December 31, 2035;
- (2) Deleting language that would have allowed state and county agencies to include trees and plants having lifespans longer than twenty years as a part of capital improvement projects;
- (3) Deleting language that would have provided for electric vehicle charging and clean ground transportation goals in the State's planning and budget preparation and program implementation goals;
- (4) Authorizing the Department of Accounting and General Services to approve state fleet acquisition, including:
 - (A) Establishing one hundred percent zero-emission vehicle requirements for light-duty motor vehicles that are passenger cars and light-duty motor vehicles that are multipurpose passenger vehicles and trucks by January 1, 2022, and January 1, 2030, respectively; and
 - (B) Authorizing the Comptroller to exempt new fleet vehicle purchases from zero-emission requirements for various reasons;
- (5) Requiring the Department of Transportation, in collaboration with the Hawaii State Energy Office, to develop strategies to transition all light-duty motor vehicles in the State's fleets to meet its clean ground transportation goals;
- (6) Clarifying provisions relating to the procurement policy for public agencies purchasing or leasing light-, medium-, and heavy-duty motor vehicles, including the priority for selecting vehicles and various related definitions;
- (7) Specifying that vehicles acquired from another state agency and vehicles excluded from the procurement policy requirements described in paragraph (6) shall be included in the calculation of the State's clean ground transportation goals;
- (8) Clarifying that with regard to motor vehicles and transportation fuel, each state agency shall include:
 - (A) Efficient utilization of renewable energy for charging electric vehicles in its promotion of efficient operation of vehicles; and
 - (B) The collection and maintenance of hourly charging data by electric vehicle and electric vehicle charging system;
- (9) Deleting language that would have required the Hawaii State Energy Office to lead the efforts to incorporate energy efficiency, renewable energy, energy resiliency, and clean transportation to reduce costs and achieve clean energy goals across all public facilities;
- (10) Changing the effective date to July 1, 2021; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 552, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 552, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Aquino, Johanson, Cullen, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Aquino).

Senators Wakai, Lee, and Kidani.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 121 on H.B. No. 73

The purpose of this measure is to amend the definition of "emergency worker" in the Penal Code to include Hawaii state on-scene coordinators and telecommunications dispatchers.

Your Committee on Conference has amended this measure by:

- (1) Deleting its contents and inserting language that requires the Department of Human Resources Development to:
 - (A) Review the classification and compensation schedules for telephone and emergency dispatchers and similar employees; and
 - (B) Submit a report to the Legislature recommending modifications to those classification and compensation schedules;
- (2) Changing its effective date to upon approval; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 73, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 73, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Holt, D. Kobayashi, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 122 on H.B. No. 357

The purpose of this measure is to establish the statute of limitations for all claims against the State founded upon article I, section 20, of the Hawaii State Constitution, regarding eminent domain, as two years.

Your Committee on Conference has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 357, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 357, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Yamashita, D. Kobayashi, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 123 on H.B. No. 1311

The purpose of this measure is to address the shortage of affordable rental housing on Maui and maintain the viability of the Keawe Street Apartments affordable housing project by:

- (1) Removing the 2022 deadline for completion of the Leialii affordable housing project; and
- (2) Specifying that the developer of the Keawe Street Apartments affordable housing project shall be responsible for all associated costs of the archaeological inventory survey for the footprint of the Keawe Street apartments affordable housing project but shall not be responsible for the cost of the archaeological inventory survey for the entire Villages of Leialii master planned community.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the existing \$37,000,000 appropriation authorized by Act 98, Session Laws of Hawaii 2019;
- (2) Requiring the Villages of Leialii affordable housing project to comply with the requirements of the Historic Preservation Law, as funding is appropriated for each portion of the Villages of Leialii affordable housing project;
- (3) Changing the effective date to July 1, 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1311, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1311, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, McKelvey, Yamashita, Hashimoto, and McDermott.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Chang, Moriwaki, Rhoads, Inouye, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, 1 (Fevella). Excused, none.

Conf. Com. Rep. 124 on H.B. No. 80

The purpose of this measure is to amend the Low-Income Housing Tax Credit by:

- (1) Allowing the tax credit to be allocated by a partnership or limited liability company in any manner agreed to by the partners or members, regardless of whether an individual or entity receiving the tax credit is deemed to be a partner or member for federal income tax purposes;
- (2) Requiring claims for the tax credit to include an Internal Revenue Service Form 8609;
- (3) Specifying the application of certain tax provisions with respect to qualified low-income buildings placed in service after December 31, 2020; and
- (4) Extending the sunset date of Act 129, Session Laws of Hawaii 2016, from December 31, 2021, to December 31, 2027.

Your Committee on Conference has amended this measure by:

- (1) Deleting language stating that the intent of the measure is not to jeopardize the receipt of any federal aid;

- (2) Deleting severability language;
- (3) Changing the effective date to July 1, 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 80, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 80, H.D. 1, S.D. 1, C.D. 1.

Senators Lee, Wakai, and Rhoads.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 126 on H.B. No. 824

The purpose of this measure is to require any express carrier company, certain common or contract carriers, or any other person that transports liquor from outside the State for delivery in the State, to prepare and file a monthly report with the liquor commission or liquor control adjudication board of each county.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to July 1, 2021; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 824, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 824, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Johanson, Ilagan, Takumi, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Takumi).

Senators Baker, Wakai, and Chang.

Conf. Com. Rep. 127 on H.B. No. 766

The purpose of this measure is to amend Act 30, Session Laws of Hawaii 2020, to increase the funding appropriated from the State Highway Fund for the Photo Red Light Imaging Detector Systems pilot program.

Your Committee on Conference has amended this measure by making it take effect retroactively on June 30, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 766, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 766, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Lee, Inouye, Shimabukuro, and Fevella.

Managers on the part of the Senate.

Ayes, 3; Ayes with Reservations (Fevella). Noes, none. Excused, 1 (Shimabukuro).

Conf. Com. Rep. 128 on S.B. No. 765

The purpose of this measure is to:

- (1) Establish sentencing guidelines for highly intoxicated drivers;
- (2) Require that ignition interlock devices be installed on all vehicles operated by a person upon license revocation;
- (3) Increase the license revocation period and extend the applicable lookback periods; and
- (4) Amend the penalties for operating a vehicle under the influence of an intoxicant.

Your Committee on Conference finds that the habitual highly intoxicated driver poses a substantial risk to others on the road. Despite their repeated arrests and convictions, these drivers continue to drive while intoxicated. This measure aims to strengthen the current law regarding operating a vehicle under the influence of an intoxicant.

Your Committee on Conference has amended this measure by changing the effective date to July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 765, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 765, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Cullen, Takumi, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Ward).

Senators Nishihara, Rhoads, and English.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (English).

Conf. Com. Rep. 129 on S.B. No. 934

The purpose of this measure is to exempt hydrogen fuel products from petroleum product measurement requirements.

Your Committee on Conference finds that hydrogen has an important role to play in Hawaii's energy portfolio as a carbon-free energy storage mechanism, potential means of providing grid support, and provider of pollution-free fuel for both electricity and transportation. Your Committee on Conference further finds that the definition of fuel is broad and does not exclude hydrogen, which implies that hydrogen must be sold on the basis of measure. Currently, the State has no means to measure and certify a hydrogen dispenser. This measure will assist the State in utilizing other forms of renewable fuels by explicitly exempting hydrogen fuels from measurement standards relating to fuel.

Your Committee on Conference has amended this measure by changing the effective date to July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 934, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 934, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Kitagawa, Marten, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Matsumoto).

Senators Gabbard, Wakai, and Rhoads.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Rhoads).

Conf. Com. Rep. 130 on S.B. No. 242

The purpose of this measure is to:

- (1) Establish the computer science special fund until June 30, 2026;
- (2) Require that public and charter schools offer education in computer science; and
- (3) Require the Department of Education to submit to the Board of Education and Legislature annual reports.

Your Committee on Conference finds that the economic disruption caused by the global coronavirus disease 2019 (COVID-19) pandemic has illustrated a need to diversify Hawaii's economy beyond tourism and has highlighted the importance of digital literacy. Your Committee on Conference further finds that the economic disruption caused by the COVID-19 pandemic has increased the focus on computer science education as a key driver of both economic growth and digital literacy. A computer science job pipeline can help to diversify Hawaii's economy away from tourism and into cybersecurity, green energy, robotics, and other technology-based fields. This measure requires schools to offer education in computer science, which will provide students with a knowledge in technology so that they may capitalize on growing opportunities in the computer science industry in the future.

Your Committee on Conference has amended this measure by:

- (1) Removing language that establishes the computer science special fund;
- (2) Changing the effective date to July 1, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 242, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 242, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Perruso, Ganaden, Gates, and Okimoto.

Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Kanuha, and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 131 on S.B. No. 222

The purpose of this measure is to, beginning July 1, 2022, require the Comptroller's annual report to the Governor and Legislature to include a list of all accounts closed by the Comptroller during the immediately preceding fiscal year and a list of accounts that remain open but that are serving a lapsed program or initiative.

Your Committee on Conference finds that although the Department of Accounting and General Services reports on closed accounts, departments do not always report accounts that are open but inactive and are serving lapsed funds.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 222, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 222, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Wildberger, and Ward.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Moriwaki, Wakai, and Kanuha.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 132 on S.B. No. 332

The purpose of this measure is to temporarily amend for one year the powers and duties of the Comptroller to reduce the preaudit requirements of all proposed payments to expenditures.

Your Committee on Conference finds that the State's forty-five-year-old accounting software system is a dated processing system that requires substantial human intervention and paper processing because it was not designed with automated checks and balances embedded in the programming methodology. Your Committee on Conference further finds that updating the preaudit process for proposed payments can help the State provide more effective, efficient, and expeditious services to the public. Your Committee on Conference notes that the new Financial Management System project, which will replace the outdated manual process, will also help preserve and strengthen the integrity of the Comptroller's pre-audits and post-audits.

Your Committee on Conference has amended this measure by:

- (1) Allowing the Comptroller to preaudit proposed payments that are less than \$100,000;
- (2) Requiring the Comptroller to preaudit proposed payments of expenditures of \$100,000 or more;
- (3) Changing the effective date to July 1, 2021 and inserting a sunset date of July 1, 2024; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 332, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 332, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Wildberger, and Ward.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Moriwaki, Kanuha, and Chang.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 133 on S.B. No. 939

The purpose of this measure is to establish June 19 of each year as Juneteenth in recognition of the history and legacy of slavery in the United States and in honor of the significant roles and contributions of African Americans in the history of the United States.

Your Committee on Conference finds that Hawaii is one of only three states that have not recognized Juneteenth as a state holiday or special day of observance. Juneteenth, also known as Freedom Day, was the day in 1865 that Union soldiers rode into Galveston, Texas, declaring the end of the Civil War and that all slaves were free. The holiday is a celebration of African American freedom and achievement, encouraging continuous self-development and respect for all cultures. Your Committee on Conference further finds that as a state that prides itself on diversity and inclusivity, it is long overdue for the State to fully live out the Aloha spirit and stand with the forty-six states that have chosen to make Juneteenth an annual day of remembrance and celebration.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 939, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 939, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Matayoshi, B. Kobayashi, Tokioka, and Ward.
Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Ward).

Senators Moriwaki, Wakai, and Taniguchi.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 134 on S.B. No. 1015

The purpose of this measure is to require the Comptroller to perform additional office space management duties for state agencies occupying facilities that are managed by the Department of Accounting and General Services.

Your Committee on Conference finds that remote teleworking during the coronavirus disease 2019 pandemic has enabled the State to make better use of its limited resources, including office space, furnishing, equipment, electrical and data requirements, storage space, and other traditional needs of employees who work at state facilities. Your Committee on Conference further finds that the Department of Accounting and General Services (DAGS) manages roughly one percent of the entire state building inventory.

Your Committee on Conference has amended this measure by:

- (1) Expanding the Comptroller's authority to manage spaces in facilities to include those that are not managed by DAGS;
- (2) Decreasing the total square footage of state-leased space for the Comptroller to reduce before July 1, 2026, from twenty-five to ten percent;
- (3) Requiring the Comptroller to submit the first annual progress report to the Legislature prior to the Regular Session of 2022;
- (4) Making it effective upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1015, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1015, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Eli, and Ward.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Ward).

Senators Moriwaki, Kidani, and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 135 on S.B. No. 1204

The purpose of this measure is to:

- (1) Replace the four district taxation boards of review with a single statewide Taxation Board of Review consisting of up to ten residents to be appointed by the Governor;
- (2) Authorize the Governor to appoint temporary board members during regular members' temporary absence from the State, recusal, or illness;
- (3) Require a quorum of at least three board members for any meeting or proceeding;
- (4) Authorize taxpayers and others appearing before the Taxation Board of Review to participate using cost-efficient means, such as teleconferencing;
- (5) Require all decisions of the Taxation Board of Review to be reduced to writing and state the Board's findings of fact and conclusions of law separately; and
- (6) Repeal the requirement that the assessor prepare the notice of appeal upon the request of the taxpayer.

Your Committee on Conference finds that the laws regarding the boards of review for each taxation district have inadvertently rendered the taxation appeal process practically inoperable. Your Committee on Conference further finds that replacing the four district boards of review with a single, statewide Taxation Board of Review will address and solve the existing boards' current inability to achieve regular and consistent quorum and increase the limited pool of candidates who are qualified and willing to serve.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1204, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1204, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Matayoshi, Holt, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Moriwaki, Keith-Agaran, and Rhoads.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Rhoads).

Conf. Com. Rep. 136 on S.B. No. 1329

The purpose of this measure is to amend the Hawaii Public Procurement Code to:

- (1) Require the Chief Procurement Officer or designee to address protests as expeditiously as possible;
- (2) Establish time limits to resolve protests to the awards of competitive sealed proposal contracts and procurements of professional services, if the protest is not resolved by mutual agreement, unless extenuating circumstances require additional time; and

- (3) Amend the cash or protest bond amount for a party initiating an administrative proceeding for review of a decision on the solicitation or award of a competitive sealed bidding or competitive sealed proposal contract, depending on the estimated value of the awarded contract.

Your Committee on Conference finds that the timely review and resolution of bid protests reduces the costs and facilitates the execution of state-awarded projects, especially contracts on major construction and other crucial infrastructure enhancements. Your Committee on Conference notes that existing statutes and administrative rules on administrative review of the procurement protests require a resolution within forty-five days from the date of receipt of the protest, and therefore concludes that seventy-five calendar days, with an extension of forty-five calendar days for extenuating circumstances, is a sufficient period of time for review and response from the procuring department or agency.

Your Committee on Conference further finds that the current cash or protest bond amount for a party initiating an administrative proceeding for review under the Hawaii Public Procurement Code is too low for public works projects.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Requiring the Chief Procurement Officer or designee to respond to protests to the awards of construction contracts and airport contracts that are not resolved by mutual agreement, within seventy-five calendar days of receipt of the protests;
- (2) Allowing for an extension of the seventy-five-day resolution period under certain circumstances;
- (3) Amending the protest bond amount for a party initiating an administrative proceeding for review of a decision on the solicitation or award of a competitive sealed bidding or competitive sealed proposal contract to the singular rate of one percent of the estimated value of the contract;
- (4) Making it effective upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1329, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1329, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Johanson, Wildberger, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Johanson).

Senators Moriwaki, Kim, and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 137 on S.B. No. 599

The purpose of this measure is to require massage therapist licensees to complete twelve hours of continuing education which shall include two hours of first aid, cardiopulmonary resuscitation, or other emergency-related course.

Your Committee on Conference finds that the practice of massage therapy in the State affects public health and safety. As a matter of public interest and concern, massage therapist licensees should regularly maintain their knowledge and education and receive basic first aid and emergency-related training through mandatory continuing education requirements. This measure requires massage therapists to complete basic first aid or emergency-related training as a condition of obtaining or renewing their licenses.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 599, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 599, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Nishimoto, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Keohokalole, Baker, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 138 on S.B. No. 814

The purpose of this measure is to:

- (1) Require members of the State Public Charter School Commission to collectively possess strong experience and expertise in various fields;
- (2) Allow the authorizer's staff to provide technical support up until the completed charter application is submitted;
- (3) Clarify charter application notice requirements; and
- (4) Clarify authorizer compliance requirements in cases of an appeal.

Your Committee on Conference finds that the charter school processes for new school applicants, contract renewals, and contract negotiation are inconsistent, difficult to navigate, and lack transparency. This measure will allow applicants to cure any deficiencies with their application rather than be automatically denied for nonsubstantive reasons and streamlines the charter school application process to ensure that approvals are obtained in a consistent and transparent manner.

Your Committee on Conference amended this measure by:

- (1) Specifying that the members of the State Public Charter School Commission shall collectively possess experience and expertise in public or nonprofit governance, management and finance, assessment, and public education;
- (2) Removing language that allowed an authorizer's staff to provide technical support to a prospective charter school applicant or applicant governing board;
- (3) Removing the letter of intent as part of the application process for charter schools;
- (4) Clarifying that the applicant governing board may cure any deficiency with their application within the application period;
- (5) Removing language that provided that if an authorizer takes any action that prohibits any applicant from proceeding with an application for any reason, then the action would be deemed a denial and subject to appeal;
- (6) Changing the effective date to July 1, 2021; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 814, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 814, S.D. 1, H.D. 1, C.D. 1.

Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Keohokalole, and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 139 on S.B. No. 664

The purpose of this measure is to appropriate funds for the Hawaii Correctional System Oversight Commission.

Your Committee on Conference finds that the Legislature established the oversight coordinator position in 2019 when it established the Hawaii Correctional Oversight Commission. The Legislature specified the salary of the oversight coordinator, mandated that the oversight coordinator devote their entire time and attention to the administration of the Commission, and authorized the oversight coordinator to employ persons to perform the functions of the Commission. Nonetheless, to date, the Commission has operated without the benefit of an oversight coordinator or support staff. This measure will ensure that there is funding for an oversight coordinator position.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$330,000; and
- (2) Changing the effective date to July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 664, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 664, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ohno, Matayoshi, Nishimoto, Ganaden, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Nishihara, Rhoads, Taniguchi, and English.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (English).

Conf. Com. Rep. 140 on S.B. No. 263

The purpose of this measure is to:

- (1) Transfer oversight of the "Made in Hawaii" Program as it relates to manufactured products to the Department of Business, Economic Development, and Tourism;
- (2) Place the "Grown in Hawaii" Program under the management of the Department of Agriculture;
- (3) Transfer the ownership of the "Made in Hawaii with Aloha" trademark from the Department of Agriculture to the Department of Business, Economic Development, and Tourism; and
- (4) Appropriate funds to the Department of Business, Economic Development, and Tourism for the oversight and administration of the "Made in Hawaii" Program and for the promotion of the "Made in Hawaii with Aloha" brand.

Your Committee on Conference finds that this measure will help to raise the profile of Hawaii-branded products and move the local manufacturing and agriculture industries forward.

Your Committee on Conference has amended this measure by:

- (1) Renaming the "Made in Hawaii with Aloha" Program to the "Hawaii Made" Program;
- (2) Renaming the "Made in Hawaii with Aloha" trademark to the "Hawaii Made" trademark;
- (3) Outlining the Department of Business, Economic Development, and Tourism's oversight and administration responsibilities for the "Hawaii Made" Program;
- (4) Removing the "Grown in Hawaii" Program oversight provision;
- (5) Removing provisions that created a master plan for the marketing and advertising activities of the Department of Business, Economic Development, and Tourism and the Department of Land and Natural Resources;

- (6) Appropriating \$150,000 to the Department of Business, Economic Development, and Tourism out of federal funds for fiscal year 2021-2022, for the oversight and administration of the "Hawaii Made" Program and for the promotion of the "Hawaii Made" trademark;
- (7) Changing the effective date to upon its approval; and
- (8) Making technical, nonsubstantive amendments for the purposes of consistency and clarity.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 263, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 263, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Hashem, Johanson, Cullen, and Okimoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Wakai, Gabbard, Moriwaki, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 141 on S.B. No. 873

The purpose of this measure is to authorize contested case hearings to be conducted via the use of interactive conference technology.

Your Committee on Conference finds that contested case hearings can be conducted by using interactive conference technology, which is already being utilized for public meetings in accordance with section 92-3.5, Hawaii Revised Statutes. Your Committee on Conference further finds that allowing contested case hearings to be conducted by interactive conference technology will improve efficiency without compromising effectiveness.

Your Committee on Conference has amended this measure by making it effective on October 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 873, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 873, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Cullen, and Ward.

Managers on the part of the House.

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 142 on S.B. No. 1196

The purpose of this measure is to:

- (1) Amend the due date for employers to file the wage and tax statement from the last day of February to January 31 following the close of the calendar year; and
- (2) Impose a penalty on employers that fail to timely furnish and file the wage and tax statement.

Your Committee on Conference finds that under existing state law, there is no penalty if an employer fails to furnish an employee with their wage and tax statement (Form W-2) or fails to file a copy of Form W-2 with the Department of Taxation. This measure encourages further compliance with the requirements of state tax law and aligns state filing deadlines with those established by the Internal Revenue Service.

Your Committee on Conference has amended this measure by:

- (1) Specifying penalty amounts for failure to timely furnish and file wage and tax statements of \$25 per failure not to exceed \$50 per employee; and
- (2) Inserting an effective date of January 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1196, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1196, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Holt, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Taniguchi, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 143 on S.B. No. 548

The purpose of this measure is to:

- (1) Amend various statutory provisions to clarify and improve the administration of elections by mail;
- (2) Establish voters with special needs advisory committees at the state and county levels;
- (3) Require the Department of Public Safety and the Hawaii Paroling Authority to inform individuals on parole or probation of their right to vote and provide them with voting information; and

- (4) Require the Office of Elections and the county clerks to make a determination, as soon as practicable, of the optimal number and placement of voter service centers.

Your Committee on Conference finds that statewide elections by mail were implemented in the 2020 primary and general elections, with the State receiving a record voter turnout. Your Committee on Conference further finds that although the administration of elections by mail in the State has been generally successful, further refinement and clarification of election law is required.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the minimum requirement of four precincts in each district applies beginning with the 2022 primary election;
- (2) Requiring each county to establish a county voters with special needs advisory committee;
- (3) Specifying the process by which ballots may be forwarded by electronic transmission to voters with special needs;
- (4) Making it effective upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 548, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 548, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Cullen, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 144 on S.B. No. 140

The purpose of this measure is to:

- (1) Require the Hawaii Community Development Authority to develop a transit-oriented development zone improvement program;
- (2) Amend the membership of the Hawaii Community Development Authority for matters affecting transit-oriented development zones; and
- (3) Authorize the Hawaii Community Development Authority to establish transit-oriented development zones for lands within county-designated transit-oriented development zones or within a one-half mile radius around proposed or existing transit stations, under certain circumstances.

Your Committee on Conference finds that transit-oriented development zones promote a wide range of social, environmental, and economic benefits, but currently, no single entity has the authority to redevelop the State's assets along the transit corridor in the best interest of the State. This measure fosters community development by strategically investing in public facilities through transit-oriented development.

Your Committee on Conference has amended this measure by:

- (1) Removing language that amended the membership of the Hawaii Community Development Authority for matters affecting community development districts;
- (2) Inserting language that establishes the Transit-Oriented Development Zone Improvement Board to govern the Transit-Oriented Development Zone Improvement Program;
- (3) Amending the definition of transit-oriented development to require transit-oriented development zones in counties with a population in excess of five hundred thousand to include a rail station or planned rail station;
- (4) Inserting an effective date of July 1, 2021; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 140, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 140, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Nakamura, Tarnas, Cullen, Hashimoto, and Matsumoto.

Senators Inouye, Moriwaki, and Riviere.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 145 on S.B. No. 1139

The purpose of this measure is to:

- (1) Authorize the Department of Health to adopt administrative rules to establish patient registration fees beginning in fiscal year 2022;
- (2) Appropriate monies from the medical cannabis registry and regulation special fund to finance operations and staff, including administrative services, of the Office of Medical Cannabis Control and Regulation;
- (3) Establish, hire, and fill one full-time equivalent (1.00 FTE) permanent position funded by the medical cannabis registry and regulation special fund; and
- (4) Establish a task force to explore a dual system program of legalization for cannabis and its impact on qualifying patients, which shall submit a report of its findings to the Legislature.

Your Committee on Conference finds that the Office of Medical Cannabis Control and Regulation was forced to eliminate six full-time positions, including critical administrative staff, due to the budget shortfalls caused by the coronavirus disease 2019 pandemic. Administrative and program staff are needed to meet current statutory requirements and the need for administrative and programmatic support will only increase as the landscape for medical cannabis grows and evolves. This measure allows the Department of Health to establish patient registration fees through administrative rules, which would give the Office the financial flexibility it needs to support its ongoing operating costs.

Your Committee on Conference has amended this measure by:

- (1) Removing the appropriation from the medical cannabis registry and regulation special fund and the full-time equivalent permanent position funded by that appropriation;
- (2) Amending section 1 of this measure to reflect its amended purpose;
- (3) Changing the effective date to upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1139, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1139, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Conf. Com. Rep. 146 on S.B. No. 324

The purpose of this measure is to establish a definition of the practice of medicine that provides uniformity of practice for both medical and osteopathic physicians.

Your Committee on Conference finds that the definition of the practice of medicine was last amended in 2008 to include a distinct definition of osteopathic medicine. Your Committee on Conference further finds that medical doctors and osteopathic doctors are both physicians of equivalent education and training and should be regulated as such. This measure provides for the uniform regulation of medical and osteopathic doctors.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 324, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 324, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Johanson, Tam, Har, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, Baker, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 147 on S.B. No. 1340

The purpose of this measure is to:

- (1) Enable the Hawaii Medical Board to issue licenses for emergency medical responders and other emergency ambulance personnel, which shall be based on certain requirements;
- (2) Include emergency medical responders in the State's pre-hospital response; and
- (3) Require the Department of Commerce and Consumer Affairs to examine a potential additional licensure category for emergency medical technicians who have received certain certification from the National Registry of Emergency Technicians but do not provide emergency ambulance services.

Your Committee on Conference finds that there is currently no licensure category for emergency medical technicians who only have National Registry Emergency Medical Technician certification. However, these emergency medical technicians, which include firefighters and ocean safety lifeguards, provide life-saving care with minimal equipment to critical care patients. This measure establishes licensure for emergency medical technicians who only have National Registry Emergency Medical Technician certification.

Your Committee on Conference has amended this measure by:

- (1) Removing the amendment to the definition of "emergency medical services personnel" in section 321-222, Hawaii Revised Statutes;
- (2) Amending chapter 453, Hawaii Revised Statutes, by adding a new section that:
 - (A) Requires the Hawaii Medical Board to issue licenses in four levels of emergency response practice, provided the practice is performed in a county with a population of 500,000 or greater;
 - (B) Requires the Hawaii Medical Board to accept license applications for a new class of license designated Emergency Medical Technician 1; and
 - (C) Sets forth practice requirements for Emergency Medical Technician 1 licensees;
- (3) Removing the issuance of emergency medical responder certifications and replacing it with emergency medical services licenses;
- (4) Removing the provision authorizing applications for emergency medical responder licenses;

- (5) Removing the requirement that the Department of Commerce and Consumer Affairs examine the possibility of an additional category of emergency medical technician license;
- (6) Inserting an appropriation amount of \$31,000 out of the compliance resolution fund for the hiring of a 0.5 full-time equivalent (0.5 FTE) permanent position;
- (7) Amending section 1 of the measure to reflect its amended purpose;
- (8) Changing the effective date to July 1, 2021;
- (9) Inserting a repeal date of July 1, 2027; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1340, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1340, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Kitagawa, Tam, Kapela, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, Baker, and Fevella.

Managers on the part of the Senate.

Conf. Com. Rep. 148 on S.B. No. 808

The purpose of this measure is to:

- (1) Rename the School Facilities Agency as the School Facilities Authority;
- (2) Describe the powers and responsibilities of the School Facilities Authority by amending chapter 302A, part VI, subpart C and Act 72, Session Laws of Hawaii 2020;
- (3) Transfer the total fund balance in the state educational improvement fund to the school facilities special fund by an unspecified date; and
- (4) Appropriate funds.

Your Committee on Conference finds that Act 72, Session Laws of Hawaii 2020, established the School Facilities Agency, to be responsible for the development, planning, and construction of public school capital improvement projects and help improve the efficiency of school construction while more directly addressing the education needs of students. Your Committee on Conference further finds that this measure will provide more clarity as to the powers and responsibilities of the School Facilities Agency, the Agency's Executive Director and administrative staff, and the School Facilities Board, which will improve the Agency's overall efficiency and effectiveness.

Your Committee on Conference has amended this measure by:

- (1) Updating the purpose section;
- (2) Clarifying that the School Facilities Authority shall employ an Executive Director exempt from chapters 76 and 89, Hawaii Revised Statutes;
- (3) Removing language that provides that the establishment of the School Facilities Authority shall be for the purposes of implementing chapter 302A, part VI, subpart C, Hawaii Revised Statutes;
- (4) Clarifying that the School Facilities Authority shall comply with chapter 103D, Hawaii Revised Statutes;
- (5) Substituting the term "school facilities board" with "school facilities authority board";
- (6) Clarifying that the School Facilities Authority Board shall head and oversee the School Facilities Authority;
- (7) Removing language that the School Facilities Authority Board shall be responsible for advising the School Facilities Authority on preferred strategies to complete construction projects;
- (8) Clarifying that the School Facilities Authority Board shall be responsible for all matter related to the projects the School Facilities Authority is authorized and responsible for initiating and completing;
- (9) Substituting the term "subpart" with "chapter" in section 302A-1705, Hawaii Revised Statutes;
- (10) Amending Act 72, Session Laws of Hawaii 2020, section 5 to exclude the administrative positions for the School Facilities Authority from chapter 89, Hawaii Revised Statutes;
- (11) Amending Act 72, Session Laws of Hawaii 2020, section 10 to clarify that the School Facilities Authority shall be responsible for implementing the provisions of sections 302A-1151.1 and 302A-1151.2, Hawaii Revised Statutes, subpart B, part VI of chapter 302A, Hawaii Revised Statutes, and the development, planning, and construction of public schools facilities that the School Facilities Authority is authorized to undertake and complete;
- (12) Deleting language that required the City and County of Honolulu to convey fee simple interest in properties not previously conveyed to the Department of Education and School Facilities Authority;
- (13) Clarifying that the Executive Director and seven full-time administrative positions of the School Facilities Authority shall be exempt from section 76-16(b), Hawaii Revised Statutes, relating to civil service;
- (14) Specifying that the term "school facilities authority" shall be substituted for the word "department", "board", or "board of education" in section 302A-1151.1, Hawaii Revised Statutes;
- (15) Specifying that the Department of Education shall transfer the total fund balance in the state educational facilities improvement fund and all encumbrances against that fund to the school facilities special fund no later than one hundred eighty days of the effective date of this measure;

- (16) Specifying that every reference to the Department of Education, Board of Education, Chairperson of the Board of Education, or Superintendent of Education relating to the school impact fees is amended to refer to the School Facilities Authority, Executive Director of the School Facilities Authority, School Facilities Board, or Chairperson of the School Facilities Board;
- (17) Removing appropriation language;
- (18) Making conforming amendments; and
- (19) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 808, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 808, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Cullen, Yamashita, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Yamashita).

Senators Kidani, Keith-Agaran, and Rhoads.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Keith-Agaran).

Conf. Com. Rep. 149 on H.B. No. 54

The purpose of this measure is to appropriate funds for deposit into the Emergency and Budget Reserve Fund.

Your Committee on Conference has amended this measure by:

- (1) Inserting an amount of \$250,000,000 for deposit into the Emergency and Budget Reserve Fund;
- (2) Appropriating \$390,000,000 in general funds for the actuarially required contribution for other post-employment benefits;
- (3) Appropriating funds for state debt service payments;
- (4) Making it effective upon its approval; provided that the deposit into the Emergency and Budget Reserve Fund and appropriation for other post-employment benefits take effect retroactively on June 30, 2021; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 54, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 54, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Luke, Cullen, and McDermott.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Cullen).

Senators Dela Cruz, Keith-Agaran, Wakai, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Keith-Agaran).

Conf. Com. Rep. 150 on H.B. No. 1298

The purpose of this measure is to transfer excess moneys from various non-general funds to the general fund.

Your Committee on Conference finds that non-general funds must be reviewed and scrutinized from time to time to determine if resources are being deployed effectively and efficiently. Your Committee on Conference also finds that the funds listed in this measure contain moneys in excess of what is necessary for the purposes of each of those funds and that the excess amounts should be transferred to the general fund.

Your Committee on Conference amended this measure by:

- (1) Inserting provisions requiring each state department to annually submit to the Legislature program measures, cost elements, and accounting reports for all non-general funds under the department's control;
- (2) Amending the list of non-general funds having amounts determined by the Legislature to be in excess of what is necessary for the purposes of each of those funds;
- (3) For certain non-general funds, amending the amounts that are authorized to be transferred to the general fund; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1298, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1298, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Luke, Cullen, and McDermott.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (McDermott).

Senators Dela Cruz, Kanuha, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 151 on H.B. No. 1299

The purpose of this measure is to repeal or abolish various non-general funds and transfer the unencumbered balances to the general fund.

Your Committee on Conference finds that this measure will help to implement some of the recommendations of the Auditor regarding the reclassification, repeal, or abolition of certain funds. Your Committee on Conference further finds that this measure will help to provide greater transparency and accountability in the funding of certain programs.

Your Committee on Conference has amended this measure by:

- (1) Deleting various provisions that collectively repealed or abolished approximately fifty funds;
- (2) Repealing the agricultural development and food security special fund established pursuant to section 141-10, Hawaii Revised Statutes;
- (3) Abolishing the Leeward Coast homeless project fund;
- (4) Abolishing the Hawaii teacher standards board special fund; and
- (5) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1299, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1299, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Luke, Cullen, and McDermott.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (McDermott).

Senators Dela Cruz, Kanuha, and Keith-Agaran.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 152 on H.B. No. 224

The purpose of this measure is to:

- (1) Make the Department of Health alternatively responsible for the State Health Planning and Development Agency's duties;
- (2) Require the State Health Planning and Development Agency or Department of Health to update the state health services and facilities plan every five years;
- (3) Transfer monies in excess of \$2,000,000 in the State Health Planning and Development Special Fund to the general fund at the end of each fiscal year;
- (4) Impose an administrative penalty of an unspecified sum for each seven-day period during which a person violates or fails to act in compliance with an approved certificate of need granted by the State Health Planning and Development Agency;
- (5) Exempt psychiatric services, special treatment facilities, and chronic renal dialysis services in Oahu regional government hospitals from the certificate of need requirements; and
- (6) Appropriate monies from the State Health Planning and Development Special Fund to fund positions within the State Health Planning and Development Agency.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the existing statutory language that establishes the State Health Planning and Development Agency as the administrator of the State Health Planning and Development Special Fund;
- (2) Inserting a \$5,000 administrative penalty;
- (3) Removing special treatment facilities from the exemption from the certificate of need requirements;
- (4) Exempting all chronic renal dialysis services from the certificate of need requirements, rather than only those in Oahu regional government hospitals;
- (5) Removing all appropriations;
- (6) Requiring the Department of Health to conduct a study and report to the Legislature on the efficacy of this measure;
- (7) Changing the effective date to July 1, 2021;
- (8) Inserting a sunset date of July 1, 2026; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 224, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 224, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Johanson, Cullen, Har, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 153 on H.B. No. 311

The purpose of this measure is to:

- (1) Extend the Nursing Facility Sustainability Program to June 30, 2024;
- (2) Specify that the Nursing Facility Sustainability Fee shall not exceed 5.5 percent of the overall net patient service revenue;
- (3) Remove the per resident daily maximum fee of \$20 for each facility and permit certain facilities to pay a reduced daily fee, as compared to other participating facilities;
- (4) Allow nursing facilities sixty days to pay the Nursing Facility Sustainability Fee; and
- (5) Appropriate funds out of the Nursing Facility Sustainability Program Special Fund.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$20,000,000 for uses consistent with the Nursing Facility Sustainability Program Special Fund; and
- (2) Changing the effective date to June 29, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 311, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 311, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Tam, Kapela, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Ward).

Senators San Buenaventura, Keohokalole, Kidani, Baker, and Ihara.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 154 on H.B. No. 541

The purpose of this measure is to:

- (1) Clarify that the duties of the working group established within the Department of Health by Act 263, Session Laws of Hawaii 2019, include identifying gaps in services, coordinating funding sources, and establishing and identifying outcome measures for behavioral health, substance abuse, and homelessness;
- (2) Amend the composition of the working group;
- (3) Require the working group to report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2022;
- (4) Make an emergency appropriation to address budget shortfalls relating to payroll and other current expenses for the State Comprehensive Emergency Medical Services System; and
- (5) Require the Department of Commerce and Consumer Affairs to create an additional certification category for emergency medical technicians certified by the National Registry of Emergency Medical Technicians at a higher level of practice than emergency medical responders but who do not provide emergency ambulance service.

Your Committee on Conference has amended this measure by:

- (1) Removing the emergency appropriation;
- (2) Removing the requirement that the Department of Commerce and Consumer Affairs create an additional certification category;
- (3) Inserting an effective date of June 29, 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 541, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 541, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Ichiyama, Tam, Har, and Ward.

Conf. Com. Rep. 156 on H.B. No. 1283

The purpose of this measure is to:

- (1) Authorize employers of first responder personnel to obtain and provide dementia training for first responder personnel at no cost to the first responder personnel; and
- (2) Authorize the Executive Office on Aging to coordinate dementia training schedules and standards, as necessary, with all public and private entities and agencies responsible for services provided by first responder personnel.

Your Committee on Conference has amended this measure by:

- (1) Inserting an effective date of July 1, 2021; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1283, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1283, H.D. 1, S.D. 1, C.D. 1.

Conf. Com. Rep. 158 on H.B. No. 79

The purpose of this measure is to support affordable housing in Hawaii by:

- (1) Establishing an Affordable Homeownership Revolving Fund within the Hawaii Housing Finance and Development Corporation to provide loans to nonprofit community development financial institutions and nonprofit housing development organizations for the development of affordable homeownership housing projects;
- (2) Authorizing the transfer of taxable general obligation bond proceeds and accrued interest from the Rental Housing Revolving Fund to the Affordable Homeownership Revolving Fund; and
- (3) Appropriating funds out of the Affordable Homeownership Revolving Fund.

Your Committee on Conference has amended this measure by:

- (1) Deleting language authorizing the transfer of taxable general obligation bond proceeds and accrued interest from the Rental Housing Revolving Fund to the Affordable Homeownership Revolving Fund;
- (2) Deleting language appropriating funds out of the Affordable Homeownership Revolving Fund;
- (3) Appropriating \$1,000,000 in American Rescue Plan Act funds for fiscal year 2022-2023 for the purpose of providing, in whole or in part, loans to nonprofit community development financial institutions and nonprofit housing development organizations for the development of affordable homeownership housing projects;
- (4) Changing the effective date to July 1, 2021; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 79, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 79, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Nishimoto, Hashimoto, Takumi, and McDermott.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Chang, Moriwaki, and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 159 on S.B. No. 1350

The purpose of this measure is to further defer:

- (1) Salary increases for the executive and judicial branches for an additional eighteen months at the salary rate as of July 1, 2022; and
- (2) Planned raises for members of the Legislature for an additional two years at the rate as of June 30, 2020; provided that the salaries for legislators are adjusted to the January 1, 2023, rate as of that date; provided further that the salary recommendations for legislators on January 1, 2024, are also effective on that date.

Your Committee on Conference finds that, pursuant to section 26-56, Hawaii Revised Statutes, the Commission on Salaries submitted a report of its findings and its salary recommendations for the next six years to the Legislature in 2019. Your Committee on Conference notes that the recommended salary adjustments submitted by the Commission on Salaries become effective on July 1 of the following fiscal year. Your Committee on Conference believes that because of the economic downturn that has resulted from the coronavirus disease 2019 pandemic, implementation of the Commission on Salaries' recommendations to the salaries of the executive and judicial branches, and planned adjustments for the Legislature, should continue to be deferred.

Your Committee on Conference further finds that, in February 2011, the U.S. Census Bureau announced it will likely delay delivery of the 2020 census results to the fifty states by as much as six months or more. This will significantly delay the reapportionment of federal, state, and county districts by the Reapportionment Commission.

Your Committee on Conference recognizes that reapportionment should occur before a candidate for the 2022 election is issued a nomination paper to ensure that the candidate not only meets the residency requirements, but also collects signatures from voters in the correct district. Your Committee on Conference further notes that after experiencing delays in preparing the reapportionment plan following the 2010 census, the State of Hawaii 2011 Reapportionment Commission Final Report and Reapportionment Plan made recommendations to improve the reapportionment process for the future, which includes clarifying the definition of a "permanent resident" and streamlining public notice of the proposed, revised, and final reapportionment plans.

Your Committee on Conference addresses the Reapportionment Commission's recommendation to clarify the definition of a "permanent resident" by requiring only the extraction of non-permanent residents from the total population of the State as counted by the U.S. Census Bureau. Obtaining specific data, rather than estimates, should result in an actual count of non-residents; and thereby provide a count of the permanent resident population of the State. In addition, the streamlined form of notice for reapportionment plans proposed by this measure is projected to result in significant cost savings, while also providing adequate notice to the public of the Reapportionment Commission's actions and the availability of the Reapportionment Plan and other related documents.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Inserting language that:
 - (A) Permits public notice in a short form for proposed, revised, and final reapportionment plans, subject to specific requirements;
 - (B) Temporarily amends the start date for the availability of nomination papers for the 2022 primary election;
 - (C) Defines "permanent resident" for reapportionment purposes; and
 - (D) Authorizes and appropriates funds to the Reapportionment Commission;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1350, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1350, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Cullen, Belatti, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Moriwaki, Wakai, Rhoads, and Lee.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 160 on H.B. No. 613

The purpose of this measure is to:

- (1) Make an emergency appropriation for fiscal year 2020-2021 from elementary and secondary school emergency relief fund (ESSER funds) monies received by the State from the Coronavirus Aid, Relief, and Economic Security Act and the Coronavirus Response and Relief Supplemental Appropriations Act to offset any budget reductions that are identified or proposed by the department of education and the governor that would result in the reduction of personnel who are subject to a collective bargaining agreement pursuant to chapter 89, Hawaii Revised Statutes, and who are employed at the school level, including any budget reduction that would result in a layoff, furlough, or pay reduction;
- (2) Require the Board of Education and Superintendent of Education to certify in writing that the Board of Education, Superintendent, and Department of Education agree to certain conditions, including that the funds appropriated shall be used only for salaries and wages of officers and employees who are subject to a collective bargaining agreement and are employed at the school level in the classroom; and

(3) Make an appropriation for fiscal years 2021-2022 and 2022-2023 from the same source of funding and with the same conditions.

Your Committee on Conference finds that states that received certain federal funds, including monies from the Elementary and Secondary School Emergency Relief Funds established by the Coronavirus Aid, Relief, and Economic Security Act, Public Law 116-136, 2020 (CARES Act), and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021, Public Law 116-260 (CRRSAA), are required to assure that they will maintain support for education programs during fiscal years 2019-2020 and 2020-2021 by meeting certain benchmarks. The State, through the Department of Education, must comply with the provisions of the federal Education Stabilization Fund as set forth in section 18006 of the CARES Act to receive and expend CARES Act and CRRSAA monies, which, in part, requires the Department of Education to continue to pay its employees. This measure will appropriate certain federal monies received by the State to the Department of Education to offset any budget reductions that have been identified or proposed by the Department of Education and the Governor, which would result in the reduction of personnel who are subject to a collective bargaining agreement and who are employed at the school level, including any budget reduction that results in a layoff, furlough, or pay reduction.

Your Committee on Conference has amended this measure by:

- (1) Removing language that appropriates CARES Act and CRRSAA monies to the Department of Education to offset certain education-related budget reductions;
- (2) Inserting language that appropriates out of the Coronavirus Response and Relief Supplemental Appropriations Elementary and Secondary School Emergency Relief Fund (ESSER2) appropriation amount of \$144,656,637 for the Department of Education to expend on certain education-related items;
- (3) Inserting language that appropriates out of the American Rescue Plan Elementary and Secondary Emergency Relief Fund (ESSER3) appropriation amount of \$412,328,764 for the Department of Education to expend on certain education-related items;
- (4) Inserting language that establishes conditions under which superintendents may receive pay raises; and
- (5) Changing the effective date to upon its approval; provided that certain appropriation amounts made in section 2, paragraphs (12) through (14) and section 3 shall take effect on July 1, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 613, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 613, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Ichiyama, Luke, Eli, Kapela, and Okimoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (Ichiyama).

Senators Kidani, Dela Cruz, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 161 on H.B. No. 1362

The purpose of this measure is to:

- (1) Establish the Hawaii Early Childhood Educator Stipend Program to address the shortage of early childhood educators;
- (2) Authorize the Department of Education to directly accept private funding for the purpose of establishing public prekindergarten programs, subject to certain conditions;
- (3) Provide that each early learning program and preschool program may use available classrooms for public preschool programs statewide;
- (4) Give priority for entering the preschool open doors program to children who miss the cutoff date to enter kindergarten;
- (5) Clarify and make adjustments to Act 46, Session Laws of Hawaii 2020, which relates to access to learning, including:
 - (A) Delaying the expansion of the Preschool Open Doors Program to serve three-year-old children to July 1, 2024;
 - (B) Extending the deadline for a service provider of the Preschool Open Doors Program to commence national accreditation by two years;
 - (C) Requiring the application of a uniform assessment for public school and charter school kindergarten students;
 - (D) Extending the effective date for the Department of Education and State Public Charter School Commission to share certain information on prior early learning program attendance to July 1, 2023; and
 - (E) Allowing educational data to be shared using an existing system; and
- (6) Appropriate funds for one full-time equivalent (1.0 FTE) position to coordinate, staff, and facilitate the implementation of Act 46, Session Laws of Hawaii 2020.

Your Committee on Conference has amended this measure by:

- (1) Establishing a Hawaii Early Childhood Educator Special Fund and requiring stipend payments to be deposited into the Hawaii Early Childhood Educator Special Fund, rather than the Early Learning Special Fund, to be used to support the Hawaii Early Childhood Educator Stipend Program;
- (2) Providing that the Hawaii Early Childhood Educator Special Fund shall be abolished and repealed on June 30, 2023, and any unencumbered remaining balances shall lapse to the general fund;
- (3) Authorizing the Executive Office on Early Learning to accept federal funds to support the Hawaii Early Childhood Educator Stipend Program;
- (4) Clarifying that if the Department of Education accepts private funding for the purpose of establishing public prekindergarten programs:
 - (A) The Department of Education and the Executive Office on Early Learning shall sign a bilateral memorandum of agreement or understanding; and
 - (B) The Department of Education, the Executive Office on Early Learning, and the person or entity providing the private funding may sign a multilateral memorandum of agreement or understanding;
- (5) Providing that if the private funding received by the Department of Education to establish public prekindergarten programs is insufficient to maintain classroom operations of the public prekindergarten programs, the Department of Education and Executive Office on Early Learning are prohibited from requesting additional funding from the Legislature to pay for the remaining costs;

- (6) Requiring certain child care centers to be licensed by the Department of Human Services prior to accepting children into care;
- (7) Delaying the implementation of the application of the uniform assessment for public school and charter school kindergarten students to July 1, 2023;
- (8) Inserting an appropriation of \$98,000 for one full-time equivalent (1.0 FTE) position to coordinate, staff, and facilitate the implementation of Act 46, Session Laws of Hawaii 2020;
- (9) Changing the effective date to upon approval; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1362, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1362, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Cullen, and Okimoto.

Managers on the part of the House.

Senators Kidani, San Buenaventura, and Inouye.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 162 on H.B. No. 546

The purpose of this measure is to:

- (1) Require complex area superintendents to report directly to the Superintendent of Education; and
- (2) Make appropriations to implement a reorganization of the Department of Education that is informed by a 2015 reorganization chart prepared by the Department, which redistributes positions and dissolves:
 - (A) The Office of Strategy, Innovation, and Performance; and
 - (B) The Office of information Technology Services.

Your Committee on Conference finds that currently, the complex area superintendents report to the Deputy Superintendent of Education. There is a concern that the Superintendent of Education does not consistently communicate with or receive all feedback from the complex area superintendents. This measure will streamline communication between the complex superintendents and the Superintendent of Education.

Your Committee on Conference has amended this measure by:

- (1) Removing language appropriating funds for the Department of Education to implement the reorganization plan prepared by the Department;
- (2) Inserting language that requires the Department of Education's Office of Information Technology Services to submit a report to the Legislature providing an explanation of how the Office of Information Technology Services will be restructured in the next biennium;
- (3) Inserting language that the Department of Education's Office of Strategy, Innovation, and Performance to submit a report to the Legislature providing an explanation of how the Office of Strategy, Innovation, and Performance will be restructured in the next biennium;
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency; and
- (5) Changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 546, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 546, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Nakashima, Cullen, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 163 on H.B. No. 1376

The purpose of this measure is to provide a fair and balanced procedure for landlords and tenants to seek rental assistance and mediate and negotiate resolutions before landlords evict tenants. Specifically, this measure:

- (1) Extends from five business days to fifteen calendar days the period for a notice of termination of a lease agreement for failure to pay rent;
- (2) Requires landlords to include certain content in the fifteen-calendar day notice;
- (3) Requires landlords to engage in mediation and delay filing an action for summary possession if a tenant schedules or attempts to schedule a mediation;
- (4) Restricts when landlords may exercise remedies based on the number of days that have elapsed following the expiration of the Governor's final eviction moratorium and the amount of rent due;
- (5) Provides for the expungement and sealing of court records of eviction judgments for failure to pay rent that are entered during the one-year period following the expiration of the Governor's final eviction moratorium; and
- (6) Repeals the amendments made to the Residential Landlord-Tenant Code one year after the expiration of the Governor's final eviction moratorium.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the notice is to contain a statement that the mediation center will confirm the scheduled date and time of the mediation with the tenant and landlord;
- (2) Limiting the remedies a landlord may seek for a tenant's failure to pay rent to a summary proceeding for possession;
- (3) Allowing landlords to bring summary proceedings for possession beginning on the first day, rather than the third day, after the expiration date of the Governor's final eviction moratorium;
- (4) Deleting language that provided for the expungement and sealing of court records of eviction judgments;
- (5) Inserting appropriations to the counties from federal funds received pursuant to the American Rescue Plan Act of 2021 to contract for services permitted by this measure related to emergency rental assistance;
- (6) Changing the effective date to upon approval;
- (7) Specifying that the amendments to the Residential Landlord-Tenant Code made by this measure are to be repealed on December 31, 2022, or upon the one year anniversary of the expiration date of the final eviction moratorium identified by the Governor, whichever is sooner; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1376, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1376, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Luke, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Baker, English, and Rhoads.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Rhoads).

Conf. Com. Rep. 164 on H.B. No. 264

The purpose of this measure is to:

- (1) Regulate the operations of transportation network companies in the State and establish a permitting process for these companies within the Department of Transportation; and
- (2) Make permanent the motor vehicle insurance requirements for transportation network companies and transportation network company drivers enacted by Act 236, Session Laws of Hawaii 2016.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have established a regulation and permitting process for transportation network companies in the State;
- (2) Extending to September 1, 2023, the motor vehicle insurance requirements for transportation network companies and transportation network company drivers, rather than making the insurance requirements permanent;
- (3) Changing the effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 264, H.D. 1, S.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 264, H.D. 1, S.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Cullen, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Lee, Baker, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 165 on H.B. No. 891

The purpose of this measure is to repeal the existing ban on electric guns and establish a regulatory framework for electric guns.

Your Committee on Conference has amended this measure by:

- (1) Removing unnecessary references to January 1, 2022, in the new statutory language proposed by this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 891, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 891, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Nakashima, Cullen, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Lee, Keohokalole, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, 1 (Fevella). Excused, none.

Conf. Com. Rep. 166 on H.B. No. 485

The purpose of this measure is to increase the amount of the rental motor vehicle surcharge tax.

Your Committee on Conference has amended this measure by:

- (1) Inserting language that, beginning January 1, 2022, and each subsequent year on January 1 until December 31, 2027, increases the rental motor vehicle surcharge tax by \$0.50;
- (2) Exempting the imposition of the rental motor vehicle surcharge tax for persons whose vehicles have been stolen and are unrecovered or will not be repaired due to total loss;
- (3) Changing the effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 485, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 485, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Johanson, Cullen, Yamashita, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Lee, Inouye, and English.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 167 on H.B. No. 424

The purpose of this measure is to require all state agencies, when renting a vehicle on behalf of a state employee conducting official government business, to adopt a preference for renting electric vehicles or hybrid vehicles; provided that the vehicles are suitable for the specific travel requirements and available when needed.

Your Committee on Conference finds that Hawaii currently has over one million gasoline-powered vehicles on its roads, which emit nearly five million metric tons of climate-changing carbon pollution annually. Some of these vehicles are used by government employees in the performance of their duties. Your Committee on Conference notes that the intent of this measure is to ensure that electric vehicles and hybrid vehicles are offered to the State at market rates. Your Committee on Conference further finds that electric vehicles will play an important role in the State's clean energy future and meeting the goals set for Hawaii in reducing its greenhouse gas emissions. Your Committee on Conference believes that requiring state agencies to prioritize the rental of electric vehicles will put the agencies at the forefront of energy independence and greenhouse gas emissions reduction efforts.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 424, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 424, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Johanson, Wildberger, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Johanson).

Senators Moriwaki, Baker, and Kidani.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 168 on H.B. No. 526

The purpose of this measure is to:

- (1) Define "past performance" with regard to contractors;
- (2) Require the State Procurement Office to implement and administer a past performance database by December 31, 2023, including adopting rules regarding the information to be included in the past performance database and procedures for informing contractors of, and permitting corrections or responses to, the information contained in the database;
- (3) Require procurement officers to consider specific factors when making contract awards, including past performance, when available; and
- (4) Appropriate funds for the development, implementation, and training for certain procurement resources tools, including a past performance guide and past performance database.

Your Committee on Conference finds that the State's procurement process requires clear legislative direction to award contracts to responsible bidders or offerors to increase accountability, enhance performance, and utilize taxpayer dollars more efficiently. Your Committee on Conference further finds that currently, some state contracts may be awarded to the lowest bidder without regard to that bidder's poor past performance, which may lead to these bidders being considered qualified despite their poor past performance and result in repeated inefficiencies and substandard work. Your Committee on Conference believes consideration of past performance of a bidder will offer another level of consideration and diligence in evaluating responsibility, provide additional insight to positively impact the award selection, enhance quality performance, and efficiently and effectively utilize taxpayer dollars.

Your Committee on Conference has amended this measure by:

- (1) Removing the appropriation;
- (2) Changing the effective date to upon its approval; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 526, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 526, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Matayoshi, Wildberger, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Moriwaki, Kanuha, and Chang.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 169 on H.B. No. 1296

The purpose of this measure is to:

- (1) Repeal the Hawaii Tobacco Prevention and Control Trust Fund on June 30, 2025;
- (2) Specify that the Hawaii Tobacco Settlement Special Fund monies shall only be deposited into the University Revenue-Undertakings Fund until July 1, 2033;
- (3) Prohibit any contract for the management of the Hawaii Tobacco Prevention and Control Trust Fund monies from extending beyond June 30, 2025; and
- (4) Transfer all unencumbered monies remaining in the Hawaii Tobacco Prevention and Control Trust Fund on June 30, 2025, to the general fund.

Your Committee on Conference has amended this measure by:

- (1) Establishing a \$4,300,000 expenditure cap on the Hawaii Tobacco Settlement Fund;
- (2) Requiring the Department of Health to provide a report to the legislature on the expenditure of monies in the Hawaii Tobacco Prevention and Control Trust Fund no later than twenty days prior to the convening of the Regular Sessions of 2022, 2023, 2024, 2025, and 2026;
- (3) Inserting an emergency appropriation to address budget shortfalls relating to payroll and other current expenses for the State Comprehensive Emergency Medical Services System;
- (4) Inserting an appropriation to fund and establish two permanent and five temporary full-time equivalent positions in the Office of the Governor;
- (5) Requiring all departments, including the University of Hawaii, to reimburse the State for the fringe benefit costs of employees whose positions are funded by a special fund, rather than the general fund;
- (6) Specifying that the cigarette tax revenues deposited to the credit of the Cancer Research Special Fund shall only be used for capital expenditures and only until July 1, 2041;
- (7) Ceasing deposits of cigarette tax revenues into the Emergency Medical Services Special Fund on July 1, 2021;
- (8) Establishing a Threat Assessment Team Program within Hawaii State Fusion Center of the Office of Homeland Security;
- (9) Inserting an appropriation to fund a statutorily established administrative assistant position in the Department of Human Resources Development;
- (10) Changing the effective date to July 1, 2021; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1296, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1296, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Takayama, Luke, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Keohokalole, Kim, Dela Cruz, San Buenaventura, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Kim).

Conf. Com. Rep. 170 on H.B. No. 468

The purpose of this measure is to:

- (1) Temporarily suspend the requirement for public employers to make annual required contributions to the Hawaii Employer-Union Health Benefits Trust Fund through fiscal year 2024-2025; and
- (2) Require the Hawaii Employer-Union Health Benefits Trust Fund to:
 - (A) Examine and assess possible means to offset the future increase in the State's annual required contributions resulting from the temporary suspension, including the impacts of eliminating the state and county employers' obligations to reimburse Medicare Part B premiums to spouses of employee-beneficiaries who are hired after a specific future date; and
 - (B) Submit a report of its findings and recommendations, including any proposed legislation, to the Legislature prior to the convening of the Regular Session of 2022.

Your Committee on Conference has amended this measure by:

- (1) Temporarily suspending the requirement for public employers to make annual required contributions to the Hawaii Employer-Union Health Benefits Trust Fund for two fiscal years, rather than four;

- (2) Removing the requirements that the Hawaii Employer-Union Health Benefits Trust Fund examine and assess possible means to offset the future increase in the State's annual required contributions resulting from the temporary suspension and submit a report to the Legislature;
- (3) Changing the effective date to July 1, 2021; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 468, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 468, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Luke, D. Kobayashi, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Taniguchi, Dela Cruz, and Chang.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 171 on H.B. No. 930

The purpose of this measure is to ensure that the Employees' Retirement System is not disadvantaged as a competitive investor by exempting the Employee's Retirement System from disclosing under the Uniform Information Practices Act, Chapter 92F, Hawaii Revised Statutes, certain types of alternative investment fund information.

Your Committee on Conference has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 930, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 930, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Sayama, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Taniguchi, Keith-Agaran, and Rhoads.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 172 on H.B. No. 58

The purpose of this measure is to amend the estate and generation-skipping transfer tax, general excise tax, use tax, and conveyance tax.

Specifically, the measure:

- (1) Temporarily reallocates conveyance tax revenues for purposes of paying the principal and interest of general obligation bonds;
- (2) Authorizes the issuance of general obligation bonds to be appropriated into and out of the land conservation fund and rental housing revolving fund;
- (3) Changes the estate tax exclusion to \$3,500,000 for decedents dying or taxable transfers occurring after June 30, 2021;
- (4) From July 1, 2021, through June 30, 2023, temporarily suspends certain general excise and use tax exemptions;
- (5) Provides a grandfathering provision from the suspension of general excise and use tax exemptions;
- (6) Requires information reporting for all general excise and use tax exemptions and exclusions; and
- (7) Increases conveyance tax rates for the sale of properties valued at \$4,000,000 or greater.

Your Committee on Conference finds that the intent of this measure is to make the State's tax structure more equitable and to generate funds to support critical services.

Your Committee on Conference has amended this measure by:

- (1) Removing provisions that temporarily reallocate conveyance tax revenues for purposes of paying the principal and interest of general obligation bonds;
- (2) Removing provisions that authorize the issuance of general obligation bonds to be appropriated into and out of the land conservation fund and rental housing revolving fund;
- (3) Removing provisions that change the estate tax exclusion to \$3,500,000 for decedents dying or taxable transfers occurring after June 30, 2021;
- (4) Applying the suspension of general excise and use tax exemptions to the period beginning January 1, 2022, and ending December 31, 2023;
- (5) Removing from the list of suspended general excise tax exemptions:
 - (A) A general excise tax exemption related to high technology research and development grants;
 - (B) A general excise tax exemption related to the refining of petroleum products; and
 - (C) A general excise tax exemption related to shipbuilding and ship repairs;
- (6) Maintaining current conveyance tax rates for the sale of commercial properties; and
- (7) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 58, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 58, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nakamura, Luke, Hashimoto, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Dela Cruz, Kidani, Moriwaki, and Wakai.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 173 on H.B. No. 774

The purpose of this measure is to:

- (1) Establish a Pulehunui Community Development District to redevelop, renovate, and improve public lands in Pulehunui, Maui;
- (2) Amend the composition and duties of the Hawaii Community Development Authority;
- (3) Establish Community Development District Authority Boards to govern each of the community development districts; and
- (4) Reassign certain powers and duties from the Hawaii Community Development Authority to the Community Development District Authority Boards.

Your Committee on Conference has amended this measure by:

- (1) Modifying the manner in which Community Development District Authority Board members are appointed and the term of the director of planning and permitting member;
- (2) Making the Director of Finance, Director of Transportation, and Director of the Office of Planning, or their designees, voting members of the Community Development District Authority Boards and the Hawaii Community Development Authority and making their terms on each board run concurrently with their official terms of office;
- (3) Adding as members of the Hawaii Community Development Authority two at-large members with expertise in urban planning, infrastructure, or financing;
- (4) Granting the Hawaii Community Development Authority exclusive power to make and alter bylaws for the organization and internal management of itself and District Authority Boards;
- (5) Removing the requirement that in making the initial appointments to the Community Development District Authority Boards, the Governor must strive to retain each existing member of the Hawaii Community Development Authority and place them on a Community Development District Authority Board;
- (6) Requiring all rules, policies, procedures, guidelines, and other materials adopted or developed by the Hawaii Community Development Authority prior to July 1, 2022, that implement provisions of the Hawaii Revised Statutes to remain in full force and effect until amended or repealed;
- (7) Requiring all actions taken by the Hawaii Community Development Authority prior to July 1, 2022, to remain in full force and effect until amended or repealed;
- (8) Changing the effective date of certain portions of this measure to July 1, 2021, and all other portions to July 1, 2022; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 774, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 774, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Yamashita, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Wakai, Inouye, and Moriwaki.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 174 on H.B. No. 1348

The purpose of this measure is to:

- (1) Establish the Stadium Development Special Fund in chapter 109, Hawaii Revised Statutes;
- (2) Provide for the abolishment of the Stadium Special Fund;
- (3) Revise the general development guidance policies for the Stadium Development District and clarify the respective roles of the Stadium Authority and Hawaii Community Development Authority in the development of the Stadium Development District;
- (4) Broaden the powers and duties of the Stadium Authority, including authorizing the Stadium Authority to acquire and hold title to real property;
- (5) Exempt land to which the Stadium Authority holds title from the definition of "public lands";
- (6) Authorize the Stadium Authority, with approval from the Governor, to delegate to other state agencies implementation of capital improvement projects, under certain conditions;
- (7) Add two members to the Stadium Authority, including the President of the University of Hawaii, or the President's designee, who will serve as a voting member of the Stadium Authority;
- (8) Amend the general bond authorization made by Act 268, Session Laws of Hawaii 2019;
- (9) Allow the Stadium Authority, with the approval of the Governor, to delegate to other state agencies the implementation of projects when it is determined advantageous to do so by the Stadium Authority as the original expending agency and the other state agency to which expending authority is to be delegated; and

(10) Make the financial disclosures of members of the Stadium Authority public records.

Your Committee on Conference has amended this measure by:

- (1) Amending the boundary descriptions of the areas to be represented by certain members of the Stadium Authority;
- (2) Making the President of the University of Hawaii a nonvoting member of the Stadium Authority;
- (3) Removing the exemption of the Stadium Authority from the public notice, public hearing, and gubernatorial approval requirements of chapter 91, Hawaii Revised Statutes, in establishing or amending fees or charges that generate receipts for deposit into the Stadium Development Special Fund;
- (4) Removing the proposed special facilities powers of the Stadium Authority under chapter 206E, Hawaii Revised Statutes, to assist in the development of projects under the control of other public agencies;
- (5) Authorizing the Stadium Authority to transfer funds to implement projects delegated to other state agencies, under certain circumstances;
- (6) Removing the authorization of the Director of Finance to issue general obligation bonds in the sum of \$180,000,000 and removing the appropriation of funds to the Stadium Authority for the Stadium Development District;
- (7) Changing its effective date to upon its approval; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

It is the intent of your Committee on Conference that the rights and benefits of current civil service employees shall not be diminished or impaired, including but not limited to their rights to collective bargaining and civil service employment. However, the Stadium Authority has the flexibility to hire upper-management positions that are exempt from chapters 76 and 89, Hawaii Revised Statutes.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1348, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1348, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Luke, Yamashita, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Inouye, Dela Cruz, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 175 on H.B. No. 499

The purpose of this measure is to authorize the Board of Land and Natural Resources to extend certain commercial, industrial, resort, mixed-use, or government leases that have not been assigned or transferred within the last ten years for lessees who commit to making substantial improvements to the existing improvements.

Your Committee has amended this measure by changing its effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 499, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 499, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Johanson, Cullen, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Inouye, Keith-Agaran, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, 1 (Fevella). Excused, none.

Conf. Com. Rep. 176 on H.B. No. 469

The purpose of this measure is to address the management of certain non-agricultural park lands under the control of the Department of Land and Natural Resources by:

- (1) Requiring the Department of Agriculture to inquire about any easements needed by the Department of Land and Natural Resources before offering a lease;
- (2) Requiring the Department of Land and Natural Resources and Department of Agriculture to meet and identify by mutual agreement the non-agricultural park lands under the jurisdiction of the Department of Land and Natural Resources and in agricultural use that should remain under the jurisdiction of the Department of Land and Natural Resources;
- (3) Requiring non-agricultural park lands under the jurisdiction of the Department of Land and Natural Resources and in agricultural use and not identified pursuant to paragraph (2) to be placed under the Department of Agriculture's jurisdiction;
- (4) Requiring the Department of Land and Natural Resources and Department of Agriculture to meet at least every five years to discuss transferring the remaining lands;
- (5) Requiring the Department of Land and Natural Resources to report to the Legislature on its meetings with the Department of Agriculture regarding the progress and status of transferring non-agricultural park lands; and
- (6) Authorizing the Board of Land and Natural Resources to amend and extend existing pasture leases and to issue new pasture leases by negotiation in furtherance of public purposes that the Department of Land and Natural Resources and Department of Agriculture are responsible for promoting.

Your Committee on Conference has amended this measure by:

- (1) Deleting its contents and establishing a working group to:

- (A) Ascertain the process and status of the transfer of non-agricultural park lands from the Department of Land and Natural Resources to the Department of Agriculture pursuant to Act 90, Session Laws of Hawaii 2003, and chapter 166E, Hawaii Revised Statutes, regarding non-agricultural park lands; and
 - (B) Determine the challenges and potential remedies necessary to facilitate the process of fulfilling the purposes of Act 90, Session Laws of Hawaii 2003; and
- (2) Changing its effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 469, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 469, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Cullen, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Inouye, Gabbard, Kanuha, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 177 on H.B. No. 1142

The purpose of this measure is to:

- (1) Allocate 3 cents of the environmental response, energy, and food security tax, also known as the barrel tax, to fund the installation of electric vehicle charging systems; and
- (2) Establish an Electric Vehicle Charging System Subaccount within the Public Utilities Commission Special Fund.

Your Committee on Conference has amended this measure by:

- (1) Amending the preamble to emphasize the urgent need for electric vehicle infrastructure;
- (2) Clarifying that the \$1,000,000 ceiling for the Public Utilities Commission Special Fund shall not apply to the Electric Vehicle Charging System Subaccount;
- (3) Appropriating \$100,000 into and out of the Electric Vehicle Charging System Subaccount for the Electric Vehicle Charging System Rebate Program;
- (4) Authorizing each county to adopt ordinances to enforce section 291-71, Hawaii Revised Statutes, including the establishment of penalties for failure to comply with the requirements of that section or maintain electric vehicle charging systems in working order;
- (5) Establishing penalties for parking any vehicle in a parking space equipped with an electric vehicle charging system while not actively charging;
- (6) Beginning January 1, 2022, requiring new electric vehicle charging systems installed pursuant to the electric vehicle charging system requirement to be at least Level 2 and network-capable;
- (7) Requiring electric vehicle charging systems to be maintained in working order;
- (8) Clarifying that certain enforcement officers may enter private property to enforce electric vehicle parking space violations;
- (9) Inserting a savings clause;
- (10) Changing the effective date to July 1, 2021, and removing the sunset date; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1142, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1142, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Johanson, Marten, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Lee, Wakai, and Inouye.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 178 on H.B. No. 185

The purpose of this measure is to appropriate funds for the operating and capital improvement costs of the Judiciary for fiscal biennium beginning July 1, 2021, and ending June 30, 2023.

Your Committee on Conference has amended this measure by inserting appropriate operating and capital amounts for fiscal biennium 2021-2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 185, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 185, H.D. 1, S.D. 2, C.D. 1.

Representatives Nakashima, Luke, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Dela Cruz, and Fevella.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 179 on H.B. No. 204

The purpose of this measure is to appropriate funds for fiscal biennium 2021-2023 operating budget of the Office of Hawaiian Affairs.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 204, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 204, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Luke, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Shimabukuro, Dela Cruz, Keohokalole, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 180 on H.B. No. 200

PART I. OVERVIEW

This measure, as received, includes:

- (1) The base budget from Act 9, Session Laws of Hawaii (SLH) 2020;
- (2) The addition of previously appropriated collective bargaining amounts in prior acts;
- (3) The adjustment amounts necessary to fulfill the Employees' Retirement System, Employer-Union Health Benefits Trust Fund, debt service, and Medicaid requirements for the 2021-2023 biennium;
- (4) The reduction of non-recurring amounts identified in the 2020 and 2021 executive budget worksheets issued by the Legislature; and
- (5) Various reductions for critical government services.

Your Committee on Conference has amended this measure to include:

- (1) The approved executive requests for trade-offs, transfers, changes to means of financing, conversions of positions from temporary to permanent, ceiling increases or decreases, and reductions;
- (2) Additional funding for critical government services;
- (3) Appropriations of American Rescue Plan Act of 2021 funds; and
- (4) Adjustments to meet federal Maintenance of Effort requirements.

	Fiscal Year 2021-2022		Fiscal Year 2022-2023	
	All Funds	General Funds	All Funds	General Funds
Executive Budget Act 9, SLH 2020	\$15,672,211,865	\$8,026,960,067	\$15,672,211,865	\$8,026,960,067
Executive Budget Request	\$15,416,743,597	\$7,685,972,117	\$15,521,316,276	\$7,798,266,153
Net Change in Conference Draft	\$229,056,855	(\$602,042,663)	(\$410,576,386)	(\$525,767,306)
Total Appropriation	\$15,901,268,720	\$7,424,917,404	\$15,261,635,479	\$7,501,192,761

PART II. GENERAL FUND REVENUES AND ECONOMY

The Council on Revenues increased its general fund tax revenue projection at both its January 2021 and March 2021 meetings.

When the Council met, their forecast assumed the passage of the \$1.9 trillion Federal stimulus bill (the American Rescue Plan Act of 2021). The Council's forecast also assumed that Hawaii's economy will continue to open up steadily without significant regulatory restrictions and shutdowns affecting businesses and individuals, and that travel restrictions will continue to become more relaxed and visitor arrival numbers will return to relatively normal levels in the near future.

The Council's fiscal year 2021 forecast considered and discussed the fiscal impacts of the delay in the income tax filing deadline from April 2020 to July 2020, which resulted in a shift of approximately \$308 million from fiscal year 2020 to fiscal year 2021 and the adverse impact on tax collections due to businesses affected by the 2020 pandemic shutdown and restrictions. The Council acknowledged that economic activity continues its upward trajectory since the last shutdown in September 2020. In addition, the Council discussed the impacts of the American Rescue Plan Act of 2021 that it expected to be passed in March 2021 and the taxation of benefits received from Unemployment Insurance and the Pandemic Unemployment Assistance (PUA) program.

The Council acknowledged that the coronavirus disease 2019 (COVID-19) continues to represent a serious risk to public health and the State's economy. Future tax revenues are highly dependent on the trajectory of the virus, new variants, the availability and efficacy of vaccines, rapid low-cost testing, and the state, county, and federal governments' ability to manage health risks while at the same time supporting economic activities. Given the prominent role of tourism in Hawaii's economy, the number of visitors to the State will have major impacts on the economy and tax collections. The Council recognized that international visitor arrivals may lag domestic visitor arrivals since certain other countries are behind the United States in their vaccination programs.

The new forecasts for the state general fund tax revenues for fiscal year 2021 through fiscal year 2027 are shown in the table below:

Fiscal Year	General Fund Tax Revenues	
	Amount (in Thousands of Dollars)	Growth From Previous Year
2021	\$6,527,438	-2.5%
2022	\$6,788,536	4.0%
2023	\$7,060,077	4.0%

2024	\$7,342,480	4.0%
2025	\$7,599,467	3.5%
2026	\$7,865,448	3.5%
2027	\$8,140,739	3.5%

PART III. OPERATING BUDGET

Your Committee on Conference has worked diligently to create a responsible financial plan that includes a budget that continues to fund critical services and programs. The conference draft approach to balancing the budget included considering the Council on Revenues' General Fund Forecast, allocating federal funds received from the American Rescue Plan Act of 2021, implementing revenue enhancements, sweeping excess special funds to the general fund, and strategic restructuring, reductions and cuts.

American Rescue Plan Act of 2021

Given the significant constriction of state revenues, your Committee on Conference had the daunting task of balancing the state budget. Your Committee on Conference strategically allocated American Rescue Plan Act of 2021 (ARPA), Public Law 117-2, funds to retain critical services and provide for various other one-time costs. Numerous federal requirements, restrictions, and limitations were placed on how ARPA funds could be spent by the states. With limited guidance from the Department of Budget and Finance and the federal government, your Committee on Conference carefully allocated those funds based on the guidance available.

The Conference Draft of the executive budget includes the following amounts in ARPA funds:

- (1) \$160,020,792 in fiscal year 2022 and \$153,659,250 in fiscal year 2023 to repay a working capital loan;
- (2) \$252,391 in fiscal year 2022 and \$5,091,175 in fiscal year 2023 to repay the federal unemployment insurance loan interest payable to ensure it does not become a long-term financial burden;
- (3) \$700,000,000 in fiscal year 2022 to repay the unemployment insurance loan principal to ensure it does not become a long-term financial burden;
- (4) \$32,315,400 in each fiscal year for the operations of the Hawaii Health Systems Corporation hospitals statewide;
- (5) \$11,585,000 in fiscal year 2022 and \$8,923,000 in fiscal year 2023 for Maui Health System operating subsidy;
- (6) \$2,383,931 in fiscal year 2022 for Family Health Services and perinatal support services;
- (7) \$1,500,000 in fiscal year 2022 for Senior Centers' contracted services;
- (8) \$6,180,433 in fiscal year 2022 for staffing at the Hawaii State Hospital's new forensics unit;
- (9) \$345,000 in each fiscal year for Health Resources Administration;
- (10) \$307,775 in fiscal year 2022 and \$635,350 in fiscal year 2023 for Worker's Compensation Claims to comply with Workers' Compensation Law (Chapter 386) and its related rules and regulations;
- (11) \$275,000 in fiscal year 2022 for Unemployment Insurance Benefits to be in compliance with Section 383-62(b) Hawaii Revised Statutes;
- (12) \$875,000 in fiscal year 2022 for Rapid Ohia Death Response to protect an important cultural and ecological mainstay;
- (13) \$120,000 in each fiscal year for the Native Resources and Fire Protection Program;
- (14) \$1,200,000 in fiscal year 2022 to fund economic analysis at the University of Hawaii Economic Research Organization;
- (15) \$4,000,000 in each fiscal year for Economic Planning and Research;
- (16) \$11,000,000 in each fiscal year for Convention Center operations;
- (17) \$1,000,000 in fiscal year 2022 to support a Sea Urchin Hatchery working to properly care and restore an important part of the local ecosystem and economy;
- (18) \$2,548,290 in fiscal year 2022 for Conservation and Resources Enforcement;
- (19) \$431,937 in each fiscal year for the Disability Compensation Program for the Disability Compensation Program's modernization project;
- (20) \$70,000,000 in fiscal year 2022 and \$35,000,000 in fiscal year 2023 for the Unemployment Insurance Program Call Center to more efficiently provide unemployment insurance services;
- (21) \$9,700,000 in each fiscal year for centralized vacation payout statewide;
- (22) \$5,400,000 in fiscal year 2022 to maintain general assistance payments and help prevent homelessness and increase health and safety for unemployable individuals with disabilities;
- (23) \$500,000 in fiscal year 2022 for the Rental Supplement Program (RSP) to maintain the current assistance to low-income families;
- (24) \$832,500 in each fiscal year to retain in-community youth programs to allow for continued services;
- (25) \$520,000 in each fiscal year for operations at the Hawaii Youth Correctional Facility;
- (26) \$134,000 in fiscal year 2022 and \$1,137,000 in fiscal year 2023 for KOLEA maintenance and operations; and
- (27) \$14,300,000 in each fiscal year for homeless services, including the Housing First Program, Rapid Re-Housing Program, Family Assessment Centers, Homeless Outreach and Civil Legal Services, and the Stored Property and Debris Removal Program.

Your Committee on Conference worked diligently to meet the proportional maintenance of effort funding requirements established under ARPA. Many hours were spent to ascertain accurate appropriations to the University of Hawaii, Department of Education, and all other state departments. The federal maintenance of effort requirements mandate the State to provide proportional funding in fiscal years 2022 and 2023 to elementary and secondary education, and higher education relative to overall state funding over fiscal years 2017, 2018, and 2019. The State faced economic hardships engendered by the COVID-19 pandemic. Your Committee on Conference presents a budget that meets the MOE.

The Conference Draft of the executive budget also appropriates Elementary and Secondary School Emergency Relief (ESSER) funds to maintain personnel previously identified by the Executive branch for reduction and to maintain the Office of Strategy, Innovation and Performance.

Strategic Reorganizations, Consolidations, and Restructuring

Your Committee on Conference believes it is important to continuously evaluate the structure of government and identify efficiencies and reduce duplication. Where applicable, government agencies should be working with each other to provide services to Hawaii's residents. With that in mind, and incorporating each department's executive budget requests, your Committee on Conference reduced vacant positions, changed means of financing for certain programs, and restructured, eliminated, or consolidated departments and programs to align with the State's goals and priorities and achieve greater effectiveness and efficiencies.

The Conference Draft of the executive budget makes the following major adjustments:

- (1) Consolidates the Land Use Commission, the Office of Environmental Quality Control, and the Office of Planning into a new budget program retitled as the Office of Planning and Sustainable Development;
- (2) Transfers 10.00 permanent positions from the Department of Labor and Industrial Relations' Research and Statistics Office (LBR901) to Economic Planning and Research (BED130) to consolidate research and statistics functions;
- (3) Transfers 2.00 permanent and 5.00 temporary positions from the Hawaii Tourism Authority (BED113) Tourism Research Office to Economic Planning and Research (BED130) to further consolidate research functions;
- (4) Creates new program IDs and transfers personnel and funds to Hawaii Army and Air National Guard (DEF116) and Hawaii Emergency Management Agency (DEF118) from Amelioration of Physical Disasters (DEF110);
- (5) Transfers the Department of Education's Office of Information Technology Services from State Administration (EDN300) to School Support (EDN400);
- (6) Creates a new program ID and transfers the UH Cancer Center from UH Manoa (UOH100) to UH Cancer Center (UOH115);
- (7) Transfers and consolidates 7.00 permanent positions, \$6,500,000 in federal funds, and \$464,372 in general funds from the Workforce Development Council to the Workforce Development Division to retain the positions while consolidating the duties into a single office;
- (8) Converts positions and programs funded by the Agricultural Development and Food Security Special Fund and the Agricultural Loan Reserve Fund to general funds in coordination with HB1298 and HB1299;
- (9) Converts 68.00 permanent positions in the Department of Agriculture's Plant Industry Division to the Pest Inspection, Quarantine, and Eradication Fund;
- (10) Converts 6.00 temporary positions in the Agribusiness Development Corporation from the Hawaii Agricultural Development Revolving Fund to general funds; and
- (11) Converts the Conservation and Resources Enforcement Special Fund, which receives funds from the Boating Special Fund, to general funds.

Your Committee on Conference understands that there are many competing needs that the State must address. Your Committee on Conference recognizes the State's role in overseeing and managing a range of services for our kupuna; addressing issues surrounding homelessness; investing in the development of affordable housing; funding early learning and kindergarten through grade twelve education, early college programs, and the Hawaii Promise program; and scaling alternative education and trauma informed care programs statewide.

The Conference Draft of the executive budget includes the following major adjustments:

- (1) Changing means of financing from \$2,687,824 in general funds to \$2,687,824 in federal funds for Kupuna Care and Aging Disability Resource Center;
- (2) Adding \$50,000,000 in revolving funds to Environmental Management Branch for Sewerage;
- (3) Adding \$3,200,000 in special funds in both fiscal years for Developmental Disabilities' Medicaid Waiver Administrative Claiming Special Fund;
- (4) Restoring \$3,110,946 in general funds for fiscal year 2022 for the Native Resources and Fire Protection Program to ensure proper care for the local environment;
- (5) Adding \$1,459,440 in general funds for 30.00 permanent Conservation and Resource Enforcement Officers to ensure proper protection and coverage for lands under their jurisdiction;
- (6) Adding \$771,980 in general funds for 12.00 unfunded permanent positions for Conservation and Resources Enforcement;
- (7) Restoring 6.00 permanent positions and funds for the Office of the Civil Rights Commission to provide proper legal counsel for the State's marginalized communities;
- (8) Restoring \$1,043,780 in general funds for the Office of Community Services to provide essential services to communities;
- (9) Restoring \$5,000,000 for the Harbors Division Special Maintenance Projects to ensure a continuation of construction related projects;
- (10) Adding \$24,111,848 in special funds for fiscal year 2022 and \$24,911,848 in special funds for fiscal year 2023 for Daniel K. Inouye International Airport to ensure the airport is in proper working condition as travel begins to reopen;
- (11) Restoring funds for sex abuse treatment, which would have had evening and weekend services eliminated under the proposed executive budget;
- (12) Funding the Tax System Modernization, providing greater effectiveness, efficiency, and automation;
- (13) Increasing ceiling for the Compliance Resolution Fund to allow for repairs needed for the King Kalakaua building;
- (14) Increasing ceiling for the Compliance Resolution Fund to allow for funds to be used for data integration across various divisions and departments;
- (15) Increasing ceiling for Compliance Resolution Fund to allow for funds to be used for the 5th VX Rail Server for UH Data Center which hosts DCCA virtual servers and maintains IT security;
- (16) Adding funds for childcare payments and childcare block grant to maintain the level of services and care currently being provided;
- (17) Restoring Hilo Youth Challenge Academy, a community-based program that leads, trains, and mentors youth so that they may become productive citizens;
- (18) Adding \$250,000 for a proof-of-concept for the High Core Program, \$611,450 and 7.00 permanent positions for Papahana 'O Kaiona Alternative Learning Center (ALC), and \$3,000,000 in fiscal year 2022 and \$6,000,000 in fiscal year 2023 to expand Alternative Learning Programs across the State;
- (19) Adding \$676,222 in fiscal year 2022 for the Crime Victim Compensation Program; and
- (20) Restoring \$30,326,848 in fiscal year 2022 and \$35,926,848 in fiscal year 2023 of University of Hawaii program review reductions across all programs.

PART IV. CAPITAL IMPROVEMENTS PROGRAM BUDGET

Your Committee on Conference finds an opportunity to invest in the State's infrastructure while remaining fiscally prudent.

The Administration requested a capital improvement budget that totaled:

ADMINISTRATION	FY 2022	FY 2023
General Obligation Bonds	\$679,393,000	\$512,128,000
All Means of Financing	\$1,236,328,000	\$1,116,254,000

Your Committee on Conference has amended this budget to appropriate the following in capital improvement funds:

CONFERENCE	FY 2022	FY 2023
General Obligation Bonds	\$984,796,000	\$294,105,000
American Rescue Plan Act Funds	\$110,109,000	\$-
All Means of Financing	\$1,756,366,000	\$929,231,000

The projects funded are for critical infrastructure throughout the State.

The Conference Draft invests a substantial amount in projects improving and enhancing accessibility for rural communities, especially public schools and libraries to support virtual operations and distance learning:

- (1) \$14,163,000 in American Rescue Plan Act Funds and General Obligation Bond Funds for broadband and technology improvements for Hawaii Department of Education Schools, Statewide.
- (2) \$25,000,000 in American Rescue Plan Act Funds for broadband and technology improvements for Hawaii State Public Libraries, Statewide.
- (3) \$26,589,000 in American Rescue Plan Act Funds for ventilation improvements for Schools and Libraries, Statewide.

The draft provides \$458,428,000 in funding for school facilities and \$311,690,000 for the University of Hawaii system:

- (1) \$179,290,000 for improvements for University of Hawaii Statewide.
- (2) \$121,000,000 for improvements for University of Hawaii Community Colleges, Statewide.
- (3) \$3,500,000 for improvements for University of Hawaii at West Oahu.
- (4) \$10,900,000 for University of Hawaii at Hilo.

Your Committee on Conference also allocates \$65,250,000 for public hospital facilities, and \$21,250,000 for improvements for Intensive Care Units and COVID Care Units, Statewide.

The Conference Draft also increases to \$53,000,000 in Fiscal Year 2022 and \$25,000,000 in Fiscal Year 2023 for Department of Hawaiian Home Lands Projects, Statewide.

Your Committee on Conference further authorizes \$493,880,000 for Airports, \$224,907,000 for Harbors, and \$493,008,000 for Highways.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 200, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 200, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Luke, Branco, Cullen, Eli, Holt, Ilagan, B. Kobayashi, Marten, Nishimoto, Perruso, Sayama, Tam, Wildberger, Yamashita, and McDermott.
Managers on the part of the House.

Ayes, 12. Noes, none. Excused, 3 (Branco, Marten, McDermott).

Senators Dela Cruz, Keith-Agaran, English, Inouye, Kanuha, Kidani, Moriwaki, Shimabukuro, Taniguchi, Wakai, and Fevella.
Managers on the part of the Senate.

Ayes, 11. Noes, none. Excused, none.

Conf. Com. Rep. 181 on H.B. No. 53

The purpose of this measure is to authorize the issuance of general obligation bonds and to make the constitutionally-required findings that the bond issuance will not cause the state debt limit to be exceeded.

Your Committee on Conference finds that in accordance with Article VII, section 13, of the Hawaii State Constitution, the total amount of principal and interest, estimated for the general obligation bonds authorized under this measure and for all bonds authorized and unissued and calculated for all bonds issued and outstanding, will not cause the debt limit to be exceeded at the time of issuance.

Your Committee on Conference has amended this measure by:

- (1) Inserting the appropriate dollar amounts throughout the measure as provided by the Department of Budget and Finance;
- (2) Updating the dates and measure numbers cited in the measure;
- (3) Changing the effective date to upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 53, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 53, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Luke, Cullen, and McDermott.
Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (McDermott).

Senators Keith-Agaran, Kanuha, Wakai, and Fevella.

Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 182 on S.B. No. 628

The purpose of this measure is to:

- (1) Commence the transfer of the Oahu Regional Health Care System in its entirety from the Hawaii Health Systems Corporation to the Department of Health, beginning with the transfer of the Oahu Regional Health Care System's budget into the Department of Health;
- (2) Enable the Oahu Regional Health Care System, Department of Health, Hawaii Health Systems Corporation, and other state agencies to implement the processes and transactions required to effectuate the completion of the transition;
- (3) Require the Department of Health to consult with the University of Hawaii regarding services provided at Leahi Hospital and Maluhia, and allow University of Hawaii students to rotate through those facilities for training purposes;
- (4) Authorize the Department of Health to pay rent to the University of Hawaii for the use of the Leahi Hospital property at a rate and on terms to be negotiated between the Department of Health and the University of Hawaii;
- (5) Clarify the rights, powers, and exemptions held by the Oahu Regional Health Care System during the transition period and the rights, powers, and exemptions held by the Inpatient Services Division of the Department of Health following completion of the transfer of the Oahu Regional Health Care System;
- (6) Appropriate moneys from the mental health and substance abuse special fund to expand and operate programs at Leahi Hospital and Maluhia that are mutually advantageous to the Department of Health, the Oahu region, and the State; and
- (7) Authorize the issuance of general obligation bonds and appropriate the proceeds of the bonds for improvements at Leahi hospital and Maluhia.

Your Committee on Conference finds that the Hawaii Health Systems Corporation comprises five semi-autonomous health care regions within the State, one of which is the Oahu Regional Health Care System. However, the Oahu Regional Health Care System is unique because of the limited services its facilities, Leahi Hospital and Maluhia, provide. Your Committee on Conference finds that rather than serving the general population, Leahi Hospital and Maluhia serve primarily long-term care and Medicaid patients and thus operate as de facto safety-net social services. Because the Department of Health operates the Hawaii State Hospital, a facility that does not generate revenue but provides necessary care for mentally ill patients, the Department of Health can better operate Leahi Hospital and Maluhia. This measure commences the transfer of the Oahu Regional Health Care System from the Hawaii Health Systems Corporation to the Department of Health.

Your Committee on Conference has amended this measure by:

- (1) Removing language granting the Director of Health sole decision-making authority over all corporation board matters concerning the Oahu Regional Health Care System during the transition period;
- (2) Clarifying that any transfer of real property pursuant to paragraph (a)(5) of section 323F-7.6, Hawaii Revised Statutes, shall be made to the Department of Land and Natural Resources;
- (3) Removing references to specific budget program codes;
- (4) Requiring the transfer of positions and class specifications of the Oahu Regional Health Care System to the Department of Health to be completed no later than December 31, 2022;
- (5) Removing language authorizing the Inpatient Services Division of the Department of Health to develop policies and procedures for the procurement of goods and services for two years following the completion of the transition;
- (6) Adding members who shall serve in a consultative capacity to the working group;
- (7) Requiring the working group to develop a comprehensive business plan in addition to a transfer framework that shall include:
 - (A) A five-year pro forma operating plan and budget for Leahi Hospital and Maluhia; and
 - (B) A ten-year pro forma capital improvement plan and budget for the continuing operation of Leahi Hospital and Maluhia;
- (8) Requiring the working group's report to the Legislature to include the five- and ten-year pro forma plans, proposed legislation, and timeline of necessary major milestones to complete the transfer;
- (9) Requiring that the transition of employee positions and payroll be approved by the Director of Human Resources Development and Comptroller;
- (10) Removing language authorizing the issuance of general obligation bonds and appropriating proceeds of the bonds for improvements at Leahi Hospital and Maluhia;
- (11) Inserting an appropriation amount of \$200,000 from the mental health and substance abuse special fund for the formulation of a comprehensive business and transition plan;
- (12) Inserting an appropriation amount of \$16,320,700 from the funds received by the State of Hawaii from the American Rescue Plan Act of 2021, Public Law 117-2 (Section 9901) to transfer the Oahu Regional Health Care System in its entirety from the Hawaii Health Systems Corporation to the Department of Health;
- (13) Changing the effective date to July 1, 2021;
- (14) Changing the effective date for part II of this measure to December 31, 2022;
- (15) Removing the effective dates for parts VI and VIII of this measure;
- (16) Amending part I of this measure to reflect its amended purpose; and
- (17) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 628, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 628, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Onishi, Luke, and Ward.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Keohokalole, Baker, Dela Cruz, Kim, San Buenaventura, and Fevella.
Managers on the part of the Senate.
Ayes, 5. Noes, none. Excused, 1 (Baker).

Conf. Com. Rep. 183 on H.B. No. 1297

The purpose of this measure is to:

- (1) Require each department to submit program measures, cost element, and accounting reports for all non-general funds to the Legislature by November 1 of each year;
- (2) Specify that the cigarette tax revenues deposited to the credit of the Cancer Research Special Fund shall only be used for capital expenditures and only until July 1, 2041;
- (3) Cease deposits of cigarette tax revenues into the Emergency Medical Services Special Fund on July 1, 2021;
- (4) Subject certain special funds to deductions for central service expenses;
- (5) Statutorily establish the Cancer Research Center of Hawaii and establish lines of reporting and other administrative and funding provisions relating to the Cancer Research Center of Hawaii;
- (6) Limit the uses of funds expended from the Tuition and Fees Special Fund and Research and Training Revolving Fund; and
- (7) Require the University of Hawaii to provide an annual, rather than a semi-annual, report to the Legislature on the Hawaii Cancer Research Special Fund.

The intent of the Legislature is to fund amounts requested by Governor's Message Numbers 7, 8, and 9, and to fund any remaining Employer-Union Trust Fund agreements ratified after April 23, 2021.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Deleting its contents and inserting language that amends House Bill No. 200, H.D. 1, S.D. 1, C.D. 1 (Regular Session of 2021) to appropriate general funds for statewide collective bargaining costs;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1297, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1297, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Takayama, Luke, and Ward.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Keohokalole, Kim, Dela Cruz, San Buenaventura, Fevella, and Taniguchi.
Managers on the part of the Senate.
Ayes, 6. Noes, none. Excused, none.

Conf. Com. Rep. 184 on H.B. No. 862

The purpose of this measure is to:

- (1) Abolish the Office of Aerospace Development, Aerospace Advisory Committee, and the Hawaii Unmanned Aerial Systems Test Site Advisory Board;
- (2) Transfer administration of the Pacific International Space Center for Exploration Systems from the Department of Business, Economic Development, and Tourism to the University of Hawaii at Hilo;
- (3) Transfer the administration of and the budget for the Challenger Center Hawaii Program from the Office of Aerospace Development to the Department of Education;
- (4) Prohibit holdover board members of the Hawaii Tourism Authority;
- (5) Specify that monies in the Tourism Emergency Special Fund are to be used exclusively for emergency measures that directly relate to safety and security initiatives;
- (6) Require that the 3.5 percent cap on spending from the Tourism Special Fund include all governance and employment expenses, organization-wide costs, and a protocol fund, as administrative expenses;
- (7) Repeal the allocation from the transient accommodations tax to the Tourism Special Fund and Tourism Emergency Special Fund;
- (8) Repeal the Hawaii Tourism Authority's authorization to establish an advisory group;
- (9) Require the State and local workforce development boards to develop written conflict of interest policies;
- (10) Require the Governor to fix the compensation for the Hawaii Workforce Development Council's Executive Director and require the Department of Labor and Industrial Relations to provide support staff;
- (11) Clarify the employment of professional staff by the Public Utilities Commission;
- (12) Transfer Hawaiian cultural duties and responsibilities from the Hawaii Tourism Authority to the State Foundation on Culture and the Arts;
- (13) Mandate that the Hawaii Tourism Authority collaborate with the State Foundation on Culture and the Arts for its visitor industry marketing; and
- (14) Appropriate funds.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have prohibited holdover board members of the Hawaii Tourism Authority;
- (2) Deleting language that would have transferred Hawaiian cultural duties and responsibilities from the Hawaii Tourism Authority to the State Foundation on Culture and the Arts;
- (3) Deleting language that would have mandated that the Hawaii Tourism Authority collaborate with the State Foundation on Culture and the Arts for marketing purposes;
- (4) Deleting language that would have specified that monies in the Tourism Emergency Special Fund are to be used exclusively for specific emergency measures;
- (5) Deleting language that would have required that the 3.5 percent cap on spending from the Tourism Special Fund include specific types of administrative expenses;
- (6) Reverting to existing statutory language that authorizes the Hawaii Tourism Authority to establish an advisory group;
- (7) Reverting to existing statutory language that allocates a portion of the transient accommodations tax into the Tourism Emergency Special Fund;
- (8) Deleting language that would have required state and local workforce development boards to develop written conflict of interest policies;
- (9) Deleting language that would have required the Governor to fix the compensation for the Hawaii Workforce Development Council's Executive Director and require the Department of Labor and Industrial Relations to provide support staff;
- (10) Deleting language that would have clarified the employment of professional staff by the Public Utilities Commission;
- (11) Deleting language that would have transferred and appropriated funds for three permanent full-time equivalent (3.0 FTE) positions from the Hawaii Tourism Authority to the State Foundation on Culture and the Arts;
- (12) Deleting language that would have appropriated \$4,000,000 in general funds to the Hawaii Tourism Authority;
- (13) Authorizing the counties to establish, by ordinance, a county transient accommodations tax at a rate not to exceed three percent;
- (14) Decreasing the transient accommodations tax allocation to the Convention Center Enterprise Special Fund from \$16,500,000 to \$11,000,000;
- (15) Repealing the transient accommodations tax allocation to the counties;
- (16) Effective January 1, 2022, repealing the Tourism Special Fund and making conforming amendments and removing certain compensation package limits for the President and Chief Executive Officer of the Hawaii Tourism Authority;
- (17) Deleting language that would have authorized the Hawaii Tourism Authority to conduct market development-related research as necessary;
- (18) Repealing the Hawaii Tourism Authority's exemption from the Hawaii Public Procurement Code;
- (19) Appropriating \$60,000,000 out of the funds received by the State from the American Rescue Plan Act, Public Law 117-2, section 9901, for the Hawaii Tourism Authority;
- (20) Removing the severability clause;
- (21) Changing the effective date to July 1, 2021; and
- (22) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 862, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 862, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Onishi, Luke, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Kim, Dela Cruz, Baker, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, 1 (Fevella). Excused, none.

Conf. Com. Rep. 185 on H.B. No. 1281

The purpose of this measure is to:

- (1) Establish a three-year transfer of certain duties, functions, and powers relating to emergency medical services for the City and County of Honolulu from the Department of Health to the City and County of Honolulu, beginning July 1, 2021;
- (2) Require individuals acting as dispatchers in the State to obtain emergency medical dispatch certification by July 1, 2026, and maintain certification thereafter;
- (3) Clarify the Department of Health's requirements related to the statewide emergency aeromedical program;
- (4) Authorize an annual distribution of \$3,500,000 from the Emergency Medical Services Special Fund to any county operating a county emergency medical services system, beginning with fiscal year 2021-2022;
- (5) Appropriate general funds to the City and County of Honolulu for emergency medical services for fiscal years 2021-2022 and 2022-2023;
- (6) Appropriate monies from the Emergency Medical Services Special Fund to the City and County of Honolulu for fiscal years 2021-2022 and 2022-2023; and
- (7) Phase out funding from general revenues for emergency medical services in the City and County of Honolulu before July 1, 2024.

Your Committee on Conference has amended this measure by:

- (1) Removing the general fund appropriation;

- (2) Inserting an appropriation of \$84,257,043 for fiscal year 2021-2022 and \$46,990,131 for fiscal year 2022-2023 from funds received by the State from the American Rescue Plan Act, Public Law 117-2 (Section 9901), to the Department of Health for the operation of the statewide emergency medical services and injury prevention system; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1281, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1281, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Luke, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Keohokalole, Dela Cruz, Rhoads, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Rhoads).
