

FIFTY-THIRD DAY

Friday, April 23, 2021

The House of Representatives of the Thirty-First Legislature of the State of Hawaii, Regular Session of 2021, convened at 6:33 p.m., with Vice Speaker Mizuno presiding.

The invocation was delivered by Representative Jackson D. Sayama, after which the Roll was called showing all members present, with the exception of Representatives DeCoite, Har, Nakamura, and Tokioka, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Fifty-Second Day was deferred.

GOVERNOR'S MESSAGES

The following messages from the Governor (Gov. Msg. Nos. 7 through 9) were received and announced by the Clerk and were placed on file:

Gov. Msg. No. 7, dated April 22, 2021, informing the House that a notice of ratification was issued on April 22, 2021 concerning Collective Bargaining Units 1 and 10, and transmitting a proposed H.B. No. 325, HD 1, SD 1, CD 1 for appropriations to fund the cost items for Employer-Union Trust Fund contributions.

Gov. Msg. No. 8, dated April 22, 2021, informing the House that a notice of ratification was issued on April 22, 2021 concerning Collective Bargaining Unit 7, and transmitting a proposed H.B. No. 921, HD 1, SD 1, CD 1 for appropriations to fund the cost items for Employer-Union Trust Fund contributions.

Gov. Msg. No. 9, dated April 22, 2021, informing the House that a notice of ratification was issued on April 22, 2021 concerning Collective Bargaining Units 2, 3, 8, and 13, and transmitting a proposed H.B. No. 712, HD 1, SD 1, CD 1 for appropriations to fund the cost items for Employer-Union Trust Fund contributions.

SENATE COMMUNICATIONS

The following communications from the Senate (Sen. Com. Nos. 852 and 853) were received and announced by the Clerk:

Sen. Com. No. 852, dated April 22, 2021, informing the House that the President has made the following changes to Senate Conferee assignments for the following bill:

H.B. No. 1297, Senate Conferees Changed:
HD 2, SD 2 Senator Dela Cruz added as Co-Chair.
Senator Moriwaki discharged as Co-Chair.

Sen. Com. No. 853, dated April 23, 2021, informing the House that the President has made the following changes to Senate Conferee assignments for the following bill:

H.B. No. 1297, Senate Conferees Added:
HD 2, SD 2 Senator Taniguchi added as Conferee.

MISCELLANEOUS COMMUNICATIONS

The following miscellaneous communication (Misc. Com. No. 3) was received by the Clerk and was placed on file:

Misc. Com. No. 3, amending the conference procedures for the 2021 Regular Session to allow for an expanded period of time for conference on H.B. No. 862, HD 2, SD 2; H.B. No. 1281, HD 1, SD 2; and H.B. No. 1297, HD 2, SD 2 as follows:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.C.R. No. 96, SD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE DEPARTMENT OF FACILITY MAINTENANCE OF THE CITY AND COUNTY OF HONOLULU, IN CONJUNCTION WITH THE UNITED STATES ARMY CORPS OF ENGINEERS AND DEPARTMENT OF ENVIRONMENTAL SERVICES OF THE CITY AND COUNTY OF HONOLULU, TO IMMEDIATELY AND REGULARLY CLEAN THE DRAINAGE CANALS AND STREAMS IN WAIMANALO, KANEHOE, AND KAILUA AND DEVELOP RECOMMENDED CLEANING SCHEDULES FOR DRAINAGE CANALS AND STREAMS," was Adopted, with Representatives DeCoite, Har, Nakamura, and Tokioka being excused.

H.C.R. No. 97, SD 1:

Representative Belatti moved that H.C.R. No. 97, SD 1 be Adopted, seconded by Representative Morikawa.

Representative McDermott rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative McDermott's written remarks are as follows:

"I rise in support of this measure. Mr. Speaker, I want to thank the hardworking and thoughtful House Transportation Chair who saw merit in this effort. Mr. Speaker, I also want to thank the Finance Chair and Vice Chair for their stewardship of this measure and its passage. I want to acknowledge the Senate Transportation Chair who consulted us prior to making a modification; he came over to my office literally and discussed the measure with my staff, ensuring that we saved the resolution. Finally, I also want to thank my Ewa Beach colleagues in both the House and the Senate from House District 41 and Senate District 19 who have also supported the work needed to be done to fix the issues for this road. Mr. Speaker, I want to thank you and this body for the fairness you have shown in this very non-partisan issue.

"Mr. Speaker, what follows is an exhaustive summary of the dispute. The road is owned by three separate parties – the City and County of Honolulu, the Ewa Beach Golf Course, and the US Navy. The area of concern rests in the middle of the road, which is owned by the golf course, bound by the Navy on the eastern side and the city on the western side. Public law prevents the city from 'improving' private property, that includes repaving the road to fix potholes and other safety improvements like sidewalks. It is my hope that the research attached will help the working group come up with a viable solution by determining who is responsible for the maintenance of a privately-owned section of North Road in Ewa Beach, Hawaii that is subject to access easements. Additionally, an evaluation of options available to ensure maintenance and safety of the easements and privately-owned portion of North Road will also drive solutions for the problem."

Representative McDermott also submitted the following:

YHB Ewa, LLC ("YHB") is a limited liability corporation that owns and operates Ewa Beach Golf Course.¹ The deed conveying the property to YHB reserved the Government's right of access in addition to a right of access for other lots and "others entitled thereto."² These lots received the right of access after the initial transfer of the property by the Government and allow ingress and egress to Fort Weaver Road via North Road.

The Ewa Beach Golf Course extends on both sides of North Road and uses a tunnel underneath to travel from one portion of the golf course to another.³ The public and military are using the easement to traverse North South Road on a regular basis. There has been an ongoing issue with people dumping trash, bulky items, and unwanted vehicles on the privately-owned road. The City and County will not provide trash pickup services since the road is privately-owned. YHB is willing to convey the land to another entity if it can retain use of the golf cart tunnel.

Generally, the law holds the owner of an easement responsible for maintenance of the easement. In this case, there are several easement holders, therefore under this legal theory, each would be responsible for a portion of the maintenance of the road. However, there may be an exception to this general rule based on the public use of North Road and the number of easements and access rights.

Although a portion of North Road is privately-owned, it is in the public's interest that the road is regularly maintained. The City and County of Honolulu should take over the maintenance of North Road as a matter of public safety because the road has been used as a public road for decades. It is unfair to place the burden of maintaining the road on the owner and easement holders since they do not have the right to prevent the public use of the road. There are several options to pursue to force the County to act, including: (1) pursuing disputed road status, (2) petitioning the County to maintain the road, (3) attempting to dedicate the road to the County, or (4) petitioning the Mayor to initiate condemnation proceedings. If the owner does not wish to pursue these options, or if they fail, a hui of easement holders could be formed to share the maintenance costs. Meanwhile, legislation can be drafted to address the gaps that exist in the statutes that allow roads to languish without maintenance.

Detailed Information:

1. Easement/Right of Access

YHB purchased the golf course from New Ewa Beach Golf Club, Inc., in 2005. The deed conveying the golf course property to YHB was recorded on 10/17/2005. The land purchased includes Lot 784-A-3-A-1, 784-A-3-B-2, 784-A-4-B, and 1589.⁴ Lot 784-A-4-B is a portion of North Road.

The road was originally owned by the United States Government as part of Lot 784.⁵ The Government eventually subdivided Lot 784 into Lots 784-A through M.⁶ Lot 784-A was later

subdivided again into Lots 784-A-1 through A-5 and the Government sold portions of the land. North Road was designated as Lot 784-A-4-B and conveyed along with other parcels. The original conveyance document reserved a right of access for the U.S. Government, which will terminate if/when the land is conveyed for a public road.⁷

Based on the provisions in the conveyance documents, there are numerous entities with deeded access rights over the privately-owned portion of North Road including: (1) the U.S. Government, (2) anyone residing in or traveling to and from the housing on what used to be Iroquois Point military base, (3) anyone entering or leaving the church, and (4) anyone entering or leaving Lot 1590 owned by Parker School Trust. YHB uses the tunnel underneath North Road on a regular basis and could also use North Road itself. YHB does not have the option of closing off the road because of the numerous valid easement rights recorded in the deed.

2. Maintenance of Easements

The law is fairly settled that the owner of an easement is responsible for its maintenance. In this instance, there are many entities holding easement and access rights, therefore the cost of maintenance would be split proportionally among them. However, this may not apply here because of the long-history of public use of the road.

Control v. Ownership – Hawai‘i follows the general rule that “it is the control and not the ownership [of premises] which determines the liability.”⁸ This rule was interpreted in a later case to apply when a private road was opened to public use. In that case, the owners never attempted to restrict public use of the road thus giving up control of the private road.⁹ The Court also determined that the road had been clearly marked as part of the sale of lots on a subdivision map that was accepted by the County and thereby deemed as dedicated to the County. Based on these facts the road at issue was deemed to be the County’s responsibility.

The public has been traveling over North Road, including the privately-owned portion, for over fifty years. YHB has continued to unlimited use by the public. It is undetermined how many people have access rights via the deed due to the vagueness of the reference in the legal description. The unidentified owners of access rights are in addition to those lots and entities with easements who are clearly identified. YHB cannot close off the portion of the road that it owns because of the recorded access rights. In addition, the road has been opened to public use for many years, and neither YHB nor the other easement holders have control over the use of the road.

Unfortunately, the argument over whether the owners of the road and easement have control over the road will only come into play if there is a suit over an injury or damage related to the condition of the road. It is likely that the Court would follow its earlier reasoning and decide that the road has become the responsibility of the County. However, the strength of the “control” argument does not solve the immediate problem of maintaining the road.

A. Disputed Road

There is a procedure in place where a disputed road must be taken over by the County. Hawaii Revised Statute § 264.2.1 (a) defines a disputed road as one that is: (1) open to the public, (2) located in a County with a population of over 500,000, and (3) for which there is a dispute over ownership, or jurisdiction between the State or any of its subdivisions, a county, or a private party. The Department of Transportation gets to determine if a dispute meets the criteria under this statute. If the road satisfies the requirements to be a disputed road, and no one has exercised ownership of the road in the five years prior to July 1, 2017, the road is deemed to be surrendered to the County pursuant to an administrative order. The County must accept the road. Merely driving on the road does not constitute an act of ownership.¹⁰ However, conducting any clean-up activities or maintenance on the road is an act of ownership.

YHB’s road satisfies the first two criteria of a disputed road as it is open to the public and located in a county with a population of over 500,000. However, the statute states there must be a “dispute over ownership or jurisdiction between the State or any of its subdivisions, a county or a private party.”¹¹ Although there is no dispute over who owns the road it could be argued that there is a dispute over who owns easement/access rights over the road. It could also be argued that there is a dispute over jurisdiction since the Government, County, and golf course all own portions of North road. However, if YHB or any easement holders have conducted maintenance or cleanup in the five years prior to July 1, 2017, that activity qualifies as an act of ownership. If no one has exercised ownership during the statutory timeframe, there is a chance to have the road deemed disputed.

The statute does not provide a process to have a road declared disputed, so it is advisable to follow the same procedure outlined in the following section which includes a written request. The request needs to make a compelling case that the road is disputed, and that no ownership has been exercised. The chief engineer of the Department of Facility Maintenance determines if the road satisfies the criteria. Note that if the road is declared disputed, the County takes over ownership and will record a deed in the Bureau of Conveyances. It is uncertain if this process would still allow YHB to use the tunnel.

B. Petition for Maintenance – The City Council adopted Council Resolution No. 81-252 to establish a new policy for maintaining streets and roads. The Resolution states that it serves the public interest to “maintain those streets and roads which serve the general public and are necessary for transportation purposes, whether publicly-owned or non-dedicated or non-surrendered.” Section 14-32 provides a framework to facilitate the maintenance of certain private roads.¹²

In summary, the ordinance allows for maintaining the surface of private roads under limited circumstances, including: (1) the road must have not been dedicated or surrendered to the city or any other governmental entity, (2) the private road is not maintained by any governmental entity, (3) maintaining it will benefit the general public, (4) the owner does not exclude access by the general public in any form (even by a sign), (5) it serves at least six or more parcels but is not

part of a cluster housing development or planned development, and (6) no developer or homeowners’ association is maintaining it. Maintenance of the road must be practicable and safe for the County and must be necessary to protect the safety of motorists, bicyclists, and pedestrians or is otherwise in the public interest. The road must not suffer such design defects as to make use of the street or road hazardous to the public.¹³

In order to begin the process, 60% of the those who own an interest in the fee title or easement in the road must initiate and submit a written request to the chief engineer of the Department of Facility Maintenance. Owners, and those with the right to control the use of the road, must agree to the department’s terms regarding maintenance and liability.¹⁴ If appropriations are available and the road meets the above criteria, the Department of Facility Maintenance may maintain the surface of the road.¹⁵ The chief engineer of the Department of Facility Maintenance determines whether the road meets the criteria.

If the privately-owned segment of North Road meets the criteria, the surface would be maintained by the City and County. Although that would not solve the illegal dumping problem, the City would be more likely to respond to requests for the removal of items if they were maintaining the road.

C. Dedication

HRS §264-1 outlines the requirements for dedicating a road to the County. The road must be considered a public highway and must have been constructed and completed according to all existing requirements.¹⁶ If the road was constructed and completed as required, the County must accept delivery of the deed conveying the road to the County. If the road was not constructed and completed as required, the County has the option to accept the deed or not.

YHB needs to determine if the road meets the construction and completion requirements necessary to force the County to accept the deed to the road. The statute is silent regarding any prohibitions against reserving rights upon dedication; therefore, the deed may contain access rights for use of the tunnel. Based on information provided regarding past discussions with the County, it is not likely that the road meets the construction criteria for acceptance in its current state. YHB has the option of bringing the road up to standards and then dedicating it. If the road was dedicated to the County, the County would own the road and be responsible for all maintenance and repair including removing dumped items. The deed to the County could reserve YHB’s right to use the tunnel.

D. Condemnation

Another option is condemnation, however, YHB may not be able to reserve access rights in the deed via this option. The statute requires that the road is a public road, ownership has not been exercised by limiting use or access, or the State or County has provided some maintenance to

the road in the public interest.¹⁷ The owner of the road must petition the Mayor to initiate condemnation proceedings. By statute, an owner cannot petition the Mayor until after the dissolution of the roads commission established by Act 194, Session Laws of Hawaii 2016. The Act states the roads commission “will cease to exist on June 30, 2018” therefore, YHB can now proceed with a petition.¹⁸ There are no requirements regarding the condition of the road if it was constructed according to the rules and regulations in place at the time it was built.¹⁹ If the road was condemned, the County would take it over and be responsible for all related maintenance and clean-up. YHB may or may not retain use of the tunnel.

One problem with the statute is that it is silent regarding when, or if, the Mayor must initiate condemnation proceedings. Legislation should be drafted to clarify that the Mayor must initiate condemnation proceedings if the other conditions outlined in the statute are met and to provide for an alternate mechanism when the owner of the road is unknown or unable to petition the Mayor.

In 2019, there were two bills introduced that would have required the Attorney General to condemn certain private roads on Oahu. House Bill 94 got one hearing but was deferred.²⁰ Senate Bill 327 passed third reading but then died after being sent to the House.²¹ The roads at issue in these measures were privately owned roads in town where the ownership was unknown. The measures were drafted to attempt to petition the Mayor to initiate condemnation proceedings since no owner could be found.

D. Hui

If all else fails, a resolution could be drafted to urge the YHB and the easement/access right holders to form a hui to maintain the road. The hui could be comprised of the identifiable easement/access right holders. Each party could contribute funds based on their use of, or interest in, the road. The hui could hire a management company to regularly maintain and repair the road, manage the funds, and provide an accounting.

4. Additional Information – Conveyance History

The road at issue is Lot 784-A-4-B. This lot is entirely made up of a portion of North Road consisting of 2.8594 acres.²² The legal description attached as Exhibit “A” to the deed shows the following easements and access rights regarding Lot 784-A-4-B:

- Right of access to Fort Weaver Road across Lot 784-A-4-B in favor of certain lots as set forth by Land Court Orders filed between 1958 and 1968.²³

- Land Court Order dated June 17, 1958 reflect the approval for subdividing Lot 784 into Lots 784-A through M.²⁴ The Order reflects the following:
 - Lots 784-B to 784-H, and 784-J comprise the Capehart Housing Project Site.²⁵ We can infer that these parcels were the site for the military housing.
 - Lots 784-K & L were used for a material storage yard by the contractor who was building the military housing.²⁶
 - Lot 784-M was leased to the City and County for the Intermediate and High School which were not yet built. Lot 784-A comprised the remainder of the existing subdivision.
- The Land Court Order filed on October 10, 1958 clarifies that Lots 784-B through 784-H, and Lots 784-J through L have access rights across Lot 784-A-4.²⁷ Lot 784-A-4 included the portion of North Road in 1958 but has since been subdivided again. The privately-owned portion of North Road is now Lot 784-A-4-B.
- Hawaiian Electric has an easement for power lines and appurtenances, which appears to be a standard utility easement.
- Right of access for ingress and egress to a public road, in favor of Lot 1588 across Lot 784-A-4-B (North Road).²⁸ Tax records show that Lot 1588 is currently owned by the Church of Jesus Christ of Latter-Day Saints.²⁹
- Easement "103" in favor of Lot 1590 running across the south border of Lot 784-A-4-B (North Road).³⁰ Tax records show that Lot 1590 is owned by the Parker School Trust.³¹
- Rights of access in favor of *others entitled thereto*.³² Exhibit "A" provides no additional detail regarding who is entitled to the right of access under this section. Since Lot 784-A was subdivided numerous times and sold this statement was likely included as a safeguard against omitting anyone with an access right.
- The United States reserved the right of access over North Road in the Quitclaim Deed that conveyed the property to Hawaii Meat Company, Ltd., back in 1976.³³ The right will end when/if the Lot is conveyed for a public road as the right will no longer be necessary.³⁴

Representative LoPresti rose to speak in support of the measure, stating:

"Support. I just want to congratulate my colleague from Ewa Beach. He's worked on this for many years and it's one of the most important things that could be happening for our community and I want to congratulate him on this. This is one of those roads that is owned by federal, by city, by a golf course, and it's a place where people dump things all the time and my colleague goes out there [*speech inaudible*]."

The motion was put to vote by the Chair and carried, and H.C.R. No. 97, SD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE FORMATION OF A TASK FORCE ON NORTH ROAD MANAGEMENT," was Adopted, with Representatives DeCoite, Har, Nakamura, and Tokioka being excused.

H.C.R. No. 112, SD 1:

Representative Belatti moved that H.C.R. No. 112, SD 1 be Adopted, seconded by Representative Morikawa.

Representative McDermott rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative McDermott's written remarks are as follows:

"I stand in opposition to this measure because I believe the basic premise is incorrect and it sends the wrong message to the rest of America. We are blessed to live in one of the most racially and ethnically diverse states in the country. The diversity of this legislative body itself stands as testament to that fact. What purpose does it serve, in a non-binding resolution, to assert that there is a public health crisis in Hawaii because of racism? Not every problem we face in our community is the result of bigotry or prejudice. We are better than that. The disparities in health care and health outcomes may have more to do with education, culture, and socio-economic status than an alleged racist system. Those are the factors that we as legislators should be working hard to try and address."

Representative Okimoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition with a few points of discussion, if I may. First and foremost, I rise on behalf of the other two members of my family who are from Asia. As many of you know, my wife is from Malaysia, my daughter is from China. And secondly, I want to be very clear from the outset that racism is wrong. Racism is immoral, but it's not a public health crisis, Mr. Speaker. COVID-19 is a public health crisis.

"As I said on this floor last week, socioeconomic status is the most structurally solid variable of all of the social sciences for decades and decades. This means your education and your income predict more outcomes in life than any other variable, including race. To say that racism is a public health crisis in Hawaii makes a good point, but it is a mainland description, if it exists, it exists there, not here, Mr. Speaker, as this reso would suggest.

"Did you know, Mr. Speaker, that most of the marriages in Hawaii are interracial, not within one's race, but mostly outside. Mr. Speaker, the point is, do we want to send the message out that, hey, all of you who love each other in Hawaii, we're really having a racist crisis here as a racist state.

"And of course we need to admit there are some people in Hawaii whose motivation or action is based upon race. In fact, that's the definition of what racism is. It's a person whose actions are based on the race of the other person. Racism addresses why a person takes an action or says a particular thing based on the race of the other person.

"Mr. Speaker, we need to stay on the path we are on now in Hawaii, stressing our similarities rather than stressing our differences, stressing our common humanity, and knowing and appreciating everyone's human value and everyone's personal worth.

"Personally, I love diversity. With my many years of living overseas and speaking foreign languages, frankly I'm very bored in a monocultural setting. Diversity is what's interesting about Hawaii. It's a strength for us, it's not a weakness. Someone who said if God didn't like diversity, we'd all be the same color and speak the same language. Well, we don't all speak the same language and we're not all the same color, and that's why we're so strong. Mr. Speaker, let's stay on the path of looking at our similarities and those things that have long united us in the State of Hawaii.

"Again, and I repeat emphatically, racism is always wrong and racism is immoral. Fortunately, Mr. Speaker, we still hold these truths to be self-evident, that all men and women are created equal, that they are endowed by their creator with certain unalienable rights that among these are life, liberty, and the pursuit of happiness. Democracy fortunately is self-correcting, and this phase of racial inequality will be and must be overcome.

"Mr. Speaker, I'm not sure that this reso fits what we want to project as the State of Hawaii, but for those reasons, Mr. Speaker, I've really strong reservations and that means probably a no vote. Thank you."

Representative B. Kobayashi rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. Racism is a multi-factor issue. It involves public health, it involves criminal justice, social justice, civil justice, it involves civil rights, it involves the failure of governmental and economic programs. So, to say that racism is a public health crisis is true, but that's only part of what racism is. Thank you."

Representative Wildberger rose to speak in support of the measure, stating:

"Strong support, Mr. Speaker. I just want to commend the Majority Leader for putting this forward because even though Hawaii is multicultural, it is also extremely hierarchal and ethnocentric. And so, we need to address issues of injustice in our penal system, in our economic system, and in our health system, and this resolution helps us understand that we need to make many further improvements in these areas. In strong support, thanks."

Representative LoPresti rose to speak in support of the measure, stating:

"Strong support. I just would like the words of the previous two speakers entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Ganaden rose in support of the measure and asked that the remarks of Representatives B. Kobayashi and Wildberger be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Tam rose in support of the measure and asked that the remarks of Representatives B. Kobayashi and Wildberger be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Perruso rose in support of the measure and asked that the remarks of Representatives B. Kobayashi and Wildberger be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

ANNOUNCEMENTS

Representative Branco: "I'm saddened to announce that one of Hawaii's long-time public servants, Bob Awana, passed away at his home last night. As Governor Linda Lingle's chief of staff, he was often seen walking these halls long before many of us imagined we would be here. And so, at the appropriate time, I'd kindly ask for a moment of silence."

Vice Speaker Mizuno: "Thank you very much, Representative. We do know Bob Awana. We will do that at the appropriate time. Thank you very much."

Representative Wildberger: "Thank you, Mr. Speaker. Today is the Legislature's annual Hemp Aloha Friday. In honor of our esteemed former colleague, Representative Cynthia Thielen, I'm so proud to continue this tradition and carry this *kuleana* on in her behalf. My thanks to everyone who's wearing hemp or organic fiber garments today. This crop is phenomenally versatile and can lead the way to a more sustainable environment and circular economy. According to federal statistics, Hawaii now has 70 licensed hemp growing farmers. We should be doing all we can to encourage this budding industry. *Mahalo*."
