It's been proved again and again and again that it doesn't work. And now we're going to set up a special fund to raise money to do this so that, presumably, some nonprofits can get more money to do something that doesn't work. We need to do something that does work, and this is not it. So, for now I'm reservations. I certainly support the intent, but we need to take this much more seriously."

I remember when it first came up, my staff would say, well how do we explain this when constituents call and ask us? Well, call the elections office. The elections office said, well they don't really know how to explain what it is. And this is going to be confusing to the people. What's wrong with the first-past-the-post that's worked for hundreds and hundreds of years? We're trying to mimic the Australians and do what they do in ranked choice. And I think we're going backwards to being so, quote, sophisticated, by making it ranked choice rather than the normal way of doing it. For those reasons, Mr. Speaker, I hope we vote it down again this year, like we did previously, and that it doesn't rise again. Thank you."

"Thank you, Chair. I rise with reservations and I guess a question to my colleagues because of my reservation. In our committee hearing, Mr. Speaker, this was a very, very worthy cause, planting of trees and gathering foliage where there's barrenness and not water is very laudable. The difficulty is, and the heavy lift that this SPRB implies, they need \$500 million. And I'm thinking, that's a heavy lift for a non-profit. So, I speak as an appeal to those who know this group and know that, are their pockets that deep or their connectivity that well? Otherwise, we shouldn't pass something and disappoint them by getting their expectations up and then pulling the rug from underneath them. So, with that, Mr. Speaker, I appeal to anybody who knows this group and can fill me in. And I know they, well we leave it to the Budget and Finance and they do all the numbers. Well, I think we have a responsibility to do our numbers before we pass it on to them. For those reasons, Mr. Speaker, with reservations, hoping enlightenment from my colleagues. Thank you."

And I would agree that we need to, we cannot leave it up to the Department of Budget and Finance to make these decisions that ultimately impact affordable housing. Because SPRBs allow us to, will take away from the

private activity bond ceiling that is needed to make affordable housing happen and help to leverage our low-income housing tax credits. So, it is consequential, and we have to take a closer look at each and every request that comes in. Thank you, very much."

Representative McDermott rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support. Being in the minority for 16 years, it's great when we have an opportunity to work together and when everybody agrees on something, as with this measure and the body's overall reaction to the crisis at Red Hill, given our limited legal authorities that we have. Quite frankly, I'm not sure everyone is aware of it, but we're basically at the mercy of the federal government. That's part of the problem.

"Mr. Speaker, I think this is a great measure. I think the body is prudent in doing it because we don't know what's going to happen. And what I mean by that, Mr. Speaker, is a real time snapshot for the body. Where are we right now? Well, we have a memo from Secretary Austin saying that he was going to close the facility. But there is no timeline. There is not a target date or a completion date. Even the great John Kennedy said, we're going to go to the Moon by the end of the decade.

"We don't have a target date. We don't even have a start date. What we have is this nebulous, vague promise, and in there, direction to the commanders to start thinking about this in a different way, this fueling issue. The only time frame we have is 12 months that we're told it will take to start to empty the tank until they're all empty, that's it. But we don't have a start date, no completion date. So, that's the Austin memo, then that's what we're basing all our hopes on, this secretary of defense memo. It doesn't have the force of law.

"The omnibus bills that were recently passed by Congress were great. All the remediation money we need, all the money for families to reimburse them for the hotels and all that stuff has been taken care of. But in both of these bills that were recently passed, there is no memo or any notion of closure, there is only funds to defuel and repair infrastructure and remediation. In fact, the latest omnibus bill states the DOD will prepare a new report looking at all, and I emphasize the word all, options to store fuel in the Pacific. That includes obviously the status quo.

"So, my point is, Mr. Speaker, it's great that this body is engaged and moving forward. My point is, we're not out of the woods yet. Thank you."

Representative Ganaden rose to speak in support of the measure, stating:

"I rise in support. Regarding the previous speaker's discussion, I am in total agreement that we're not out of the woods yet. I further think that we are fulfilling our constitutional duties under the State Constitution to provide clean drinking water for all of our constituents. So, despite us not having all of the power of the federal government, us complying with the needs of the Constitution, as we are doing in this bill and in other bills and in previous resolutions, are in full support of what our communities need.

"Also in response, we are not yet sure about the process by which the County's Board of Water Supply will enter into a moratorium for the issuance of new water permits. If this were to go into effect, this would have a significant impact on the economy here on Oahu for building contracts, for development, for the various unions that we work with, for the various working class jobs that people do in construction. We don't have a process by which the Board of Water Supply will decide how to give out permits once a moratorium has happened. We don't have a process or a timeline from the Department of Defense for the defueling or the decommissioning of these tanks moving forward.

"There are many questions yet unanswered, that I'm hoping that your Committee on Red Hill and this body can help find answers for prior to the conclusion of the legislative session. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, support. And I would like the words of the previous speaker and my colleague from Ewa Beach to be entered into the Journal as my own," and the Chair "so ordered." (By reference only.)

Representative Ward continued, stating:

"And, Mr. Speaker, my point is this, I have a concern about the way the bill reads on page two, line one. It says that the money will be reimbursed *vis-à-vis* what is called, the Department of Health will pursue the reimbursement. That's pretty wimpy and weak as far as I'm concerned. It

should say will obtain the reimbursement and with the timeline. So, as we kick this down the line, if you will, I think we have to tighten it up. It looks like, well, you can pay it back, you're going to pursue it. You know, you can pursue something for years and years and years, like the TMT and other things, you just keep kicking the thing down the line. So, I think we need to tighten it up and be serious about this because my people, and there's many people in this building, our constituents, drink this water, and we got to be assured that it's pure. Thank you, Mr. Speaker."

Representative McDermott rose to respond, stating:

"Still in support. I want to acknowledge my friend from Kalihi's work in the very beginning. He spearheaded a call for an investigation and that helped get the ball rolling, excellent job there. And I think we're all in agreement. But as of Monday, my dear colleague was talking about the legal process, as of Monday afternoon, they hadn't withdrawn their permit request and in the legal case review. So, they have two things going. They have a permit request and then a legal appeal in court, and they haven't withdrawn from either of those.

"So, when you combine all of that and the fact that there's no dates, for start, no target date, let's have it done by 2025 or something like that and then you work towards that. There's nothing except his aspirations, his desire to have this done. But as you know, it requires a line item with funding next to it. There's not even any money in here to plan to move any time soon, no money to plan a move, let alone no money to move. So, that's where we're at. And we're going to catch it because the public is under the impression it's closed, it's a done deal, finished. That's not closing anytime soon. Thank you, sir."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 3124, SD 1, HD 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE DEPARTMENT OF HEALTH FOR COSTS RESULTING FROM THE RELEASE OF PETROLEUM FROM THE RED HILL BULK FUEL STORAGE FACILITY," passed Second Reading and was referred to the Committee on Finance, with Representative Ohno being excused.

Representative Har rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. I'm sorry, guys, I know we all want to go home because it's a long weekend, but very quickly. Number one, in the CPC Committee, none of the county planning departments testified on this measure. This bill, beginning January 1st, 2023, would prohibit county planning departments from issuing any building permits on new construction if in fact there are 10 or more parking stalls in that new construction building and all 100% of the stalls must be EV ready. That said, my issue number two is, I think that this bill absolutely is an evisceration of home rule.

"Secondly, my issue is affordable housing. If this bill applied to luxury units, no problem whatsoever. But when you apply a bill like this to market rate or affordable housing, you have now increased the cost of that housing. This is going to have an absolute detrimental impact upon the affordable housing industry, as well as our market rate industry, only increasing the costs for our local residents.

"The City and County of Honolulu dealt with a similar issue two years ago. And they, in fact, put in an exemption for affordable housing at about 100% and below AMI because they recognize 80% to 100% is workforce housing. So, if this bill should move forward, I implore the subsequent committees to please consider exempting affordable housing. Thank you."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. First of all, just to point out that this would only apply to multi-unit dwellings. So, not all building permits. But what we were sent over from the Senate basically put this requirement in place but put the onus on apartment owners to pay for it after the fact. And that is like 10 times more expensive than if it's included in the building up front. So, to us, it was more of an equity issue to think we're going to put some requirement in law that EV charging facilities must be installed, but to have it done after the fact instead of upfront with the construction of it, when the cost of it is much, much cheaper.

"The City and County does have a law that I think is pretty weak and the exemption for affordable housing was due to political compromising, *et cetera*. But in my view, it's really a detriment to low- and moderate-income individuals. It makes it inaccessible for them to purchase an electric vehicle and to realize the savings that they could enjoy if they were able to have an electric vehicle by not being able to charge it at home. So, we're still working on this issue. We got over what we got from the Senate and tried to work to make it better. Thank you."

Representative Onishi rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. And I'd like to have the words of the Representative from Kapolei added as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Onishi continued, stating:

"Also, I'd like to add that this requires 100%, all of the parking stalls in a development, to be EV charging ready. It does not take into account, and the people who were there to testify could not tell us what is going to be the future of zero emission vehicles. Yet at this point, we're trying to make this a mandate across all new development, and we don't even know if hydrogen vehicles, for example, are going to be three, four, five years around the corner where that's going to be the more environmentally friendly type of vehicles and maybe even more affordable than electric vehicles, yet we're putting in all this infrastructure, requiring all this infrastructure and costs that could affect development.

"One of the things that concerns me is, yes, the City and County already has standards for new development, but it's at 25%. And in my mind, that makes a lot of sense because you don't even know how many of those units would have electric vehicles or some other type of zero emission vehicle. So, with that, I am strongly opposed to this measure at this point. Thank you."

Representative Lowen rose to respond, stating:

"Still in support, Mr. Speaker. I would just suggest that the Representative from Hilo do some looking into the viability of hydrogen vehicles for passenger cars, the price point, the market readiness, the cost of hydrogen fuel, especially if you expect to make it from renewable resources. Because I would say that the direction that this industry is moving is, for those of us that spend a lot of time working on this issue, is pretty clear. And that is that electric vehicles are going to be the future for passenger cars.

"There is a place for hydrogen for heavier duty vehicles, for transit, for the long distance things like trucking, *et cetera*, and manufacturing, there's a huge place and opportunity for a future for hydrogen. But I and many others who work in this area do not see that it's going to be for passenger cars. And so to continue to entertain this and invest state funds in two paths at once really poses a loss to taxpayers, a misuse of taxpayer funds. It's a

real opportunity cost. And I think that we need to go all in on electric vehicles for passenger cars. That's the future."

Representative D. Kobayashi rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Okimoto rose in opposition to the measure and asked that the remarks of Representatives Onishi and Har be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Kong rose to respond, stating:

"Thank you, Mr. Speaker. Same request, still in opposition. What's interesting is, we do not know the advancements of technologies. I mean, every day something new happens. I mean, who could think that we could charge our phones with a portable charger now? Who knows one day that electric vehicles will not have portable chargers? If we are going to invest and put in this infrastructure, it may not even be needed in the future. And by the time this bill and this all takes effect, all this permitting and everything, it might be too late, if we're going to spend all that money committing ourselves when who knows what the future will bring in technologies. Thank you, Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative Perruso rose to speak in support of the measure, stating:

"In strong support. I'd like to enter the words of the Chair of Energy & Environmental Protection into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

ANNOUNCEMENTS

Representative Branco: "On Saturday will be Prince Kuhio Day, and tomorrow we will celebrate it, and I just want to share a few words about this great statesman, civic leader, sportsman, and heir to the throne of the Kingdom of Hawaii. I look with awe and humble aspiration at the life of Prince Jonah Kuhio or Ke Ali'i Maka'āinana. Most remember the great accomplishments this honored *ali'i* achieved. My inspiration comes from the many hurdles he overcame. At the age of 24, he participated in the 1895 Wilcox Rebellion against the Republic of Hawaii. This uprising was unsuccessful, and Prince Kuhio was sentenced to a year in prison, while others were charged with treason and sentenced with execution. Distraught, he self-exiled himself for a year in Africa.

"The people begged him to return, and he did because he needed leadership that our people needed. He rose above the anger, the disappointment, and dedicated himself to serving the Hawaiian people. His

success was not in protest but was astutely learning and successfully navigating lawmaking as Hawaii's delegate to the United States Congress.

"It is reported Kuhio arrived in Washington, D.C. with much excitement, though the reality of the racial prejudice quickly set in. When President Theodore Roosevelt greeted Kuhio in 1903, he balked at the name Kalaniana'ole. 'I shall not call him Prince Cupid, and I cannot pronounce his last name. I never would be able to remember it, anyhow,' the president complained. 'Can't we cut it off somewhere and make it simpler?'"

"Prince Kuhio devoted his life to helping his people. He survived displacement, imprisonment, disappointment, and prejudice. As a lawmaker, I applaud his strength and character, his commitment to doing what is right, even when faced with failure and rejection. Truly, one's best successes do not often come from life's greatest disappointments. *Mahalo*."

Representative Ward: "Mr. Speaker, I am compelled to say in the spirit of bipartisanship, I want to thank the gentleman from Kailua for mentioning the meaning and the seriousness, as well as he being the founder of the Republican Party, of which a lot of us stand for us. So, thank you very much and happy Prince Kuhio Day, Kalaniana'ole Day. Thank you, Mr. Speaker."

Representative McDermott rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. I stand in strong support obviously and my comments can be related to both of these following two resolutions. I saw in the paper today that \$5 million was appropriated to the UH School of Engineering to continue work on fuel tank safety. What we do know is that prior to this, they were trying to develop a tank within a tank solution, which would take us up to about 2035 or something like that.

"This brings me back to pause, all these breadcrumbs are around telling us these things aren't getting shutdown anytime soon. There's no target date to close them down. That's why this thing is so important, to let them know of our intentions. There's no target date to close this, there's not even an estimated target date. At least Kennedy said, we're going to go to the moon by the end of the decade. But we don't have that.

"What we have is defueling. We finally got the money for defueling, which this addresses, but defueling is not a decommissioning, they are two distinctly different things. And I would encourage my colleagues to read the defueling order from the State Department of Health, which I have on several occasions. So, there's no start date, there's no finish date. That's why this resolution is important. And there's no money, Mr. Speaker, to shut it down. There is not even a dollar in this big federal budget that was just passed. A dollar, there's not even a dollar to plan, to plan on shutting them down.

"All we have is a statement from the secretary of defense on a memo. That's not a legal document. In order for this to close, we need the Congress to articulate in legislation, just like they do with the BRAC, that this facility will be closed by X amount of date, 2022 or 2023, and they work their way backwards to meet that target. That's the way they always do it. When they invaded Normandy, June 6, 1944, they didn't say, well, we'll figure it out at some point. They set a date and they worked their way back to accomplish that mission. And I believe they can accomplish the mission. What I don't believe is that it's going to close, and certainly not anytime soon. So, that's why these resolutions are so important, and the work of the body is so important. Thank you, sir."

The motion was put to vote by the Chair and carried, and the reports of the Committees were adopted and H.R. No. 2, entitled: "HOUSE RESOLUTION REQUESTING THE UNITED STATES NAVY TO PREPARE A PLAN TO DECOMMISSION THE RED HILL BULK FUEL

STORAGE FACILITY, STORE ITS FUEL IN A MANNER COMPLIANT WITH STATE LAW, ESTABLISH A NEW WATER TREATMENT FACILITY, PAY FOR ALL COSTS TO THE STATE, AND COMPLY WITH ALL FUTURE REMEDIATION EFFORTS," was referred to the Committee on Consumer Protection & Commerce, with Representative Lowen being excused; and

Representative Ward rose to speak in opposition to both measures, stating:

"Mr. Speaker, I rise in opposition. Mr. Speaker, this is, I would call it national gerrymandering. It's a way of sort of stacking the deck, if you will. It takes Washington, D.C. from what otherwise is a constitutionally designated capital of the nation and makes it just like all of us, a state. I think if you look at the numbers, it's got 718,000 people, which would mean one House seat, but it would be two Senate seats. The House of Representatives, the Congress has already passed this. It's probably a DOA, dead on arrival, in the U.S. Senate. So, I'm not sure what our motivation is to do this. And I know we can't impute motivation, but it looks like it's stacking, on a partisan basis, one side of the aisle, rather than for the other. And why we'd want to go against the Constitution to do this, I just don't understand. So, for those reasons, Mr. Speaker, this is a national gerrymandering for the sake of one political party and to the detriment of the other. For those reasons, Mr. Speaker, this is not good policy. Thank you."

Representative Quinlan rose to speak in support of both measures, stating:

"In support, Mr. Speaker, brief comment. If you were to travel to Washington, D.C. and you would find yourself stopped behind a car of a resident and you took a look at their license plate, on the license plate it would say, no taxation without representation. Thank you."

Representative McDermott rose to speak in opposition to both measures, stating:

"No vote please, Mr. Speaker, and may my sentiments reflect the speaker from Hawaii Kai's remarks."

Representative Ward rose to respond, stating:

"Mr. Speaker, for my good friend from the North Shore, I really appreciate his input. However, I lived in Washington, D.C. for five years and I had a license plate that said, it didn't say what he said, but he should know, as all of us should know, that the highest paid individuals in the nation are within that 135 mile radius. They are not hurting, they are prospering, and they want to leverage that prosperity into political leverage, and that's the issue. It's not whether taxation without representation, they have more representation, they have Congress basically as a city council. So, they have access to all the power, all the individuals, and all the capital that they need. Now there's a lot of different issues that are going on in terms of the murder rate, *et cetera*, but in terms of, they're saying, taxation without representation, that's a little bit off the wall. Thank you."

Representative Nakamura rose to speak in support of both measures, stating:

"In support. I'd like to ask that the words of the Representative from North Shore be entered into the Journal as my own. And also, would like to note that in 2019 there were 692,000 people living in Washington, D.C. Thank you," and the Chair "so ordered." (By reference only.)

Representative Tam rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. In support. I would like to have the words of the Representative from the North Shore inserted into the Journal as if they my own. I also want to make note that the population of Washington, D.C. is currently higher than the population of Wyoming or Vermont, and both of those states could send two senators to represent them and one congressional member to the House of Representatives. And it's simply unfair that individuals who are living in Washington, D.C. do not have

adequate representation. And for those reasons, I am in support of this measure," and the Chair "so ordered." (By reference only.)

Representative Okimoto rose and asked that the Clerk record a no vote for her on both measures, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Lowen rose to speak in support of both measures, stating:

"In support. Thank you, Mr. Speaker. I'd like to have the words of the Representatives from North Shore, Waikiki, and Kauai entered into the Journal as if they were my own. And just point out, there are a lot of economically disadvantaged residents of Washington, D.C., unlike the implication that all of the residents of D.C. are congresspeople or lobbyists or so on, that is not factual," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. Representative Ward rose to speak in support of both measures, stating:

"Mr. Speaker, I rise in support of this reso. The title is apologizing to the Native Hawaiian people for the effective prohibition in the Hawaii schools of the instructional language in Hawaiian. Mr. Speaker, this is a debt that's being paid by this generation. I mean, obviously none of us prohibited that.

And there is a rise and a renaissance of Hawaiian language. But I think this is very appropriate. The same way, Mr. Speaker, I don't know if some of, maybe one representative was here when I was here, when Peter Apo and I in 1993, when the nation had the Clinton apology to the Hawaiians. Representative Apo, a Democrat, and myself, sponsored a state apology to the Hawaiian people for the overthrow. So just as a footnote to this, this is important. There's a turning now, if you will, of what's going on in the Hawaiian community. Again, I commend the leadership for the \$600 million that is going into building more Hawaiian homes. It's time for the renaissance to get politically engaged as much as it has been socially and economically. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 130, entitled: "HOUSE RESOLUTION APOLOGIZING TO THE NATIVE HAWAIIAN PEOPLE FOR THE EFFECTIVE PROHIBITION IN HAWAII SCHOOLS OF THE INSTRUCTIONAL USE OF THE HAWAIIAN LANGUAGE FROM 1896 TO 1986," was adopted, with Representatives Eli, Todd, Woodson, and Yamane being excused; and

H.C.R. No. 130, entitled: "HOUSE CONCURRENT RESOLUTION APOLOGIZING TO THE NATIVE HAWAIIAN PEOPLE FOR THE EFFECTIVE PROHIBITION IN HAWAII SCHOOLS OF THE INSTRUCTIONAL USE OF THE HAWAIIAN LANGUAGE FROM 1896 TO 1986," was adopted, with Representatives Eli, Todd, Woodson, and Yamane being excused.

Representative Nakashima, for the Committee on Judiciary & Hawaiian Affairs, presented two reports:

(Stand. Com. Rep. No. 1524-22) recommending that H.R. No. 157 be adopted; and

(Stand. Com. Rep. No. 1525-22) recommending that H.C.R. No. 157 be adopted.

Representative Belatti moved that the reports of the Committee be adopted, and that H.R. No. 157; and H.C.R. No. 157 be adopted, seconded by Representative Morikawa.

Representative Kapela rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative McKelvey rose to speak in support of both measures, stating:

"Mr. Speaker, thank you. Since it's up for adoption, I'd like to stand in strong support of the resolutions. During the committee hearing on these resolutions, we had a testifier from the area educate us on the fact that the region alone takes about 45 minutes to cover. And when you couple that with the time it takes for response of the police from the Kapolei area, there's clearly a need for this to happen. So, I just wanted to stand in strong support because I think it's long overdue. Thank you."

Representative Perruso rose to speak in support of both measures, stating:

"Mr. Speaker, I stand in strong support. And I want to say that this speaks to the lack of staffing for HPD across the island. And I think that all of the members are aware that we are short 250 members of HPD and it affects all of our communities. And I recognize that it is affecting the Leeward Coast in the most dramatic ways. So, for those reasons, I support this effort."

Representative Har rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. In support. May I please first have the words of the Representative from Lahaina entered into the Journal as if they were my own. And secondly, we have, I think if you look at the shift in population, the Leeward side has grown over the last 10, 20 years. We know that's the second city where all the development is slated to occur. And as a result, our communities have all gotten bigger. There should be some type of per capita allocation with respect to police officers. We all recognize the fact that HPD is having a hard time hiring right now and that the current mayor has made a pledge to try to actively recruit. But that said, we continue to have major problems on the west side because of response times. So, that is why I stand in strong support of this resolution. Thank you, Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative Ward rose to speak in support of both measures, stating:

"In strong support. And my exact sentiment was expressed by the gentlewoman from Wahiawa, and may her words be put in the Journal as my own with her permission," and the Chair "so ordered." (By reference only.)

Representative LoPresti rose to speak in support of both measures, stating:

"Mr. Speaker, thank you. In support. First, I'd like the words of the Representative from Wahiawa and Kapolei entered into the Journal as if they were my own. I just wanted to speak to some of the facts on this, that our district is so large, the police district for the west side, it stretches from Kaena Point all the way to Iroquois Point. And even if there's something as simple as a traffic light outage, we have to have HPD take officers say, from Nanakuli and Waianae, so there's almost no officers there, just to come direct traffic in Ewa Beach, and vice versa. It's a public safety issue. It's vital that they simply divide it up. The idea is they're going to divide it up in two so that there are two police districts so that the people are adequately served for the growing population. It's desperately needed for the west side. Thank you," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 157, entitled: "HOUSE RESOLUTION URGING THE ALLOCATION OF ADDITIONAL RESOURCES TO INCREASE POLICE PRESENCE ON THE WAI'ANAE COAST AND THE CREATION OF A NEW POLICE DISTRICT FOR WAI'ANAE THAT IS SEPARATE FROM KAPOLEI AND 'EWA," was adopted, with Representative Kapela voting aye with reservations, and with Representatives Eli, Todd, Woodson, and Yamane being excused; and

H.C.R. No. 157, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE ALLOCATION OF ADDITIONAL RESOURCES TO INCREASE POLICE PRESENCE ON THE WAI'ANAE COAST AND THE CREATION OF A NEW POLICE DISTRICT FOR WAI'ANAE THAT IS SEPARATE FROM KAPOLEI AND 'EWA," was adopted, with Representative Kapela voting aye with reservations, and with Representatives Eli, Todd, Woodson, and Yamane being excused.

Representative Nakashima, for the Committee on Judiciary & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1526-22) recommending that H.C.R. No. 182 be adopted.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.C.R. No. 182, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THAT THE CITY AND COUNTY OF HONOLULU CONVENE A WORKING GROUP TO DEVELOP RECOMMENDATIONS TO IMPROVE SIDEWALK MAINTENANCE," was adopted, with Representatives Eli, Todd, Woodson, and Yamane being excused.

Representative Nakashima, for the Committee on Judiciary & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1527-22) recommending that H.C.R. No. 17 be adopted.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.C.R. No. 17, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO CONVENE A TASK FORCE TO DEVELOP A FERAL UNGULATE MANAGEMENT PLAN FOR WEST HAWAII," was adopted, with Representatives Eli, Todd, Woodson, and Yamane being excused.

Representative Ohno, for the Committee on Corrections, Military, & Veterans, presented a report (Stand. Com. Rep. No. 1528-22) recommending that H.R. No. 182 be adopted.

Representative Belatti moved that the report of the Committee be adopted, and that H.R. No. 182 be adopted, seconded by Representative Morikawa.

Representative Ganaden rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support. I'm going to try to do this without a mask on. This resolution requests the Department of Land and Natural Resources to conduct public forums to solicit input from the community regarding the lease of state lands to the military. I'd like to give my personal and professional thanks to the Corrections, Military, & Veterans Affairs Committee for hearing this measure and for our vibrant discussion.

"This resolution would not affect military lands like those at Pearl Harbor, which was delivered to the United States under quasi legal arrangements with the government of the Kingdom of Hawaii in a reciprocity treaty, which was the result of what was later called the Bayonet Constitution of 1887, so called because of the duress placed upon the government to cede land and power to Americans. This would not affect significant parcels of Kaneohe or Kauai or the Northwest Hawaiian Islands.

"What is being considered is lands owned by the state, by the people of the state. Twenty-three thousand acres at Pohakuloa, 4,370 acres at Kawaiiloa at Poamoho, 1,170 acres at Kahuku, 760 acres at Makua. The U.S. military leases these lands for a dollar a year. When the leases were issued, they were for 65 years and those leases expire in 2029. What is important to note with these parcels is that the State is the landlord. Unlike recent issues with Red Hill, the ultimate power lies with us here at the State Legislature. We should also note that we do not have a military designation in the Hawaii Revised Statutes. We treat these lands as any other.

"As indicated in the testimony, when these leases were issued, there was no federal EPA. There was no Hawaii State Constitutional Convention. There was no requirement for the State and its agencies to engage in public discussions, the EIS, or the NEPA processes. Mr. Speaker, it is time we ask the community what they want. Of course, the DLNR must still undertake the EIS and NEPA processes, and those are already underway. And it may be argued that those engagements with the community over state land are sufficient. I argue they are not. They were not sufficient in discussions over the use of Mauna Kea. And they are rarely seen as sufficient to include the narratives of indigenous and working-class communities.

"This resolution would ideally prepare future versions of this House for a conversation of the use of this land. As this is state land, we can foresee that leases being a major point in future gubernatorial and federal conversations and about how we continue to partner with the United States military. A possible result would be that the Department of Defense and its branches returns to the State with a modified request for these lands. Or that we address the Hawaii Revised Statutes to include things like rent, rights to access, and other rights in alignment with the decisions of our Supreme Court.

"Mr. Speaker, this resolution can be seen as joining international efforts to reverse the historic effects of colonialism and the oppression of native and working-class communities. It has become a rallying call in the internet era. Landback, one word, landback. More than that, Mr. Speaker, this is your House reacting to the living memory of citizens who have advocated for decades for peace, for an appropriate relationship to the U.S. military in support of the land."

Representative Perruso rose to speak in support of the measure, stating:

"In strong support. I think the most important element of this resolution is that it calls upon the DLNR to assert the responsibility and take on the *kuleana* of being the landlord in these conversations in these negotiations. So, our community has been involved in this conversation since 2021. We've already started the EIS process and there has been a process of community input. But it is striking to me that the organization developing the recommendations and the entire narrative around this conversation is the military. And we need to step forward as a state and really take responsibility for this process and to own this process. And I think this resolution moves us in this direction. And I'd also just ask that those community members who have already submitted testimony and have participated in the process, that that testimony be considered and included in the DLNR's report."

Representative Branco rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Holt rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I'd like the words of the Representative from Kalihi to be inserted into the Journal as if they were my own. Thank you very much," and the Chair "so ordered." (By reference only.)

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.R. No. 182, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO CONDUCT PUBLIC FORUMS TO SOLICIT INPUT FROM THE COMMUNITY REGARDING THE LEASE OF STATE LANDS TO THE MILITARY," was adopted, with Representatives Branco, Holt, Tokioka, and Ward voting aye with reservations, and with Representatives Eli, Todd, Woodson, and Yamane being excused.

Representative Belatti moved that the reports of the Committee be adopted, and that H.R. No. 148, HD 1; and H.C.R. No. 148, HD 1 be referred to the Committee on Judiciary & Hawaiian Affairs, seconded by Representative Morikawa.

Representative McDermott rose and asked that the Clerk record a no vote for him on both measures, and the Chair "so ordered."

Representative Ward rose to speak in opposition to both measures, stating:

"I didn't plan that, but it was like a surrender like this reso, which is about the nonproliferation by signing on to a treaty to abstain from nuclear weapons. Mr. Speaker, this is, in view of what's going on in Ukraine, rather not very practical. I agree we should not have nuclear weapons, but we've got them. And the reality is, those who have them are not going to give them up.

"Who, just a few weeks ago, was sabre nuclear rattling in Russia? Mr. Putin. So, to sign on this, I don't think it's the word naive, but it's not practical. It's not something that has ever worked, even when we have had agreements, there's been cheating on the part of those in various large countries that have nuclear weapons. In fact, if anything, the world is, and it's the crazy part of the world, that's rushing towards them. Look what Iran is doing. Look at the deals that have been cut, delayed, and now reframed to where we may have, in a matter of months, a nuclear Iran.

"So, we, the U.S., the world leader, are going to turn around, say, well look, we're going to really forestall those or forgo them. There's nothing wrong with promoting peace, but this is not the way to do it. The way that

we've done it in the past has been mutually assured destruction, realizing that nobody wins when it's MAD. When you're MAD, nobody wins. And that's the realization. That's the reality therapy. This is more of the surrender. This is more of the Chamberlain kind of compromise, the way of saying, well, we'll give up ours if you give up yours, but you got to do it first. And this is a gesture that now, when the U.S. is trying to keep Russia off of the Ukrainians, this is not the message to send to the Congress or hopefully nobody in the Ukraine or in the Russian society will actually ever get wind of this. For those reasons, Mr. Speaker, a very, very strong no for bad public policy in this reso. Thank you."

Representative Ganaden rose to speak in support of both measures, stating:

"In strong support. I have the pleasure of representing thousands of individuals from Micronesia. Many of them are here because generations ago, the United States and other countries bombed parts of Micronesia. And the health effects have been carried over. The trauma of bombing and displacing thousands of people is not just some abstract idea, but it's affecting people right here in our community. In light of that, in strong support."

Representative Okimoto rose and asked that the Clerk record a no vote for her on both measures, and the Chair "so ordered."

Representative Quinlan rose and asked that the Clerk record a no vote for him on both measures, and the Chair "so ordered."

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker with all due respect to the origin of this reso, to the author on the Big Island, I respectively will change my with reservations from my last vote to a no vote with the following notations. If we're to learn from history, we cannot erase it. We have to learn what Captain Cook and all the heinous activities that he did. Erasing his name, yeah, it's going to be kind of like maybe for three to six months say, yeah, we got rid of Captain Cook. But the memory of Captain Cook, the guy we thought was a god and then we had basically a slaughtered god needs to be in the annals of history.

"If we take away these things, it's like taking, as I said earlier in a speech, let's take McKinley High School because of what President McKinley did, *et cetera*. And what happened with the people who were the alumni of McKinley High School, they said no way. There's a survey that was done also on should Captain Cook be removed, 604 people said no, of the 1,000 people. In other words, 60% of the people think that this is not good policy,

Mr. Speaker. And this is actually, as I like to say, metrics of which oftentimes we do stuff intuitively or on the take and don't really look at the numbers.

"For those reasons, Mr. Speaker, if we start saying with Captain Cook, then what is going to be next and then next and next? The cancel culture is, I know, a 'me too' kind of culture where we get in a role and then we want to stay in it and then suddenly we forget who we are. Americans are bad enough in geography and history as it is. We know time and again that we are probably 17th in the world in terms of our understanding and educational level, math, science, *et cetera*. This diminishes the State of Hawaii. It's not good policy.

"And again, this is nothing personal with the author, I think she's a great representative. But this is not a policy that is going to be good for the people of Hawaii, particularly for our young people who need a solid education. And Captain Cook and what he did is part of that solid education. Thank you, Mr. Speaker."

Representative Tam rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I majored in history in college and I can tell you I've learned nothing simply from just whether a place is named after a person or not. You learn more about history through books. So, I just want to make that note. We're not erasing history and we're not making society less smart or less knowledgeable about the individual. Books still exist, and you can learn a lot of history from books."

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. This resolution is not about cancel culture, it's about restoration, as we're doing across our entire state, restoring native place names in the State of Hawaii. That's it, thanks."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 27, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE UNITED STATES CENSUS BUREAU TO RE-DESIGNATE THE CENSUS-DESIGNATED PLACE KNOWN AS CAPTAIN COOK ON THE ISLAND OF HAWAII AS KA'AWALOA AND REQUESTING HAWAII COUNTY TO REMOVE ALL REFERENCES TO CAPTAIN COOK AS A PLACE NAME ON THE ISLAND OF HAWAII," was referred to the Committee on Judiciary & Hawaiian Affairs, with Representatives McDermott and Ward voting no, and with Representatives Hashem, Holt, Ohno, and Todd being excused.

Representative D. Kobayashi, for the Committee on Legislative Management, presented a report (Stand. Com. Rep. No. 1540-22) recommending that H.R. No. 112, as amended in HD 1, be referred to the Committee on Judiciary & Hawaiian Affairs.

Representative Belatti moved that the report of the Committee be adopted, and that H.R. No. 112, HD 1 be referred to the Committee on Judiciary & Hawaiian Affairs, seconded by Representative Morikawa.

Representative Branco rose to speak in opposition to the measure, stating:

"In opposition. House Bill 2511, which will give Native Hawaiians \$600 million, is an opportunity, and this is an empowerment of the Native Hawaiian community. House Resolution 112, which would create an oversight committee, is basically telling Native Hawaiians, we want to empower you, but through what we want. This is not empowering Native Hawaiians, this is paternalism.

"If we go back to House Bill 2511 giving the \$600 million, there's already reporting requirements in the bill. And the intent of the bill is for acquisition, not construction, which House Resolution 112 is addressing. Also, the resolution puts an erroneous deadline on the process as well. And so, I want to reiterate the point that there is a difference between oversight and paternalism, there is a difference between condescension and empowerment, and this resolution does not empower Native Hawaiians. *Mahalo.*"

Representative D. Kobayashi rose to speak in opposition to the measure, stating:

"Thank you. Speaking in opposition. My initial read on this bill was on the surface of it, it seemed to be a constructive bill. But upon further review and hearing the words of my colleague from Kailua, I fully agree with him and I'll be a no as well on this. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I totally agree with the previous two speakers, except it's the wrong message to the wrong people. This is not to give a pejorative position against the Hawaiians that they can't manage their own affairs, it's not paternalism. It's basically to all of us in this room and in the Senate, because heretofore, for 100 years, we've never trusted the Hawaiians with money. And this is a position to make sure that those things, those people who are in this body and the other body, think that the Hawaiians can't handle their own money. It's an assurance because we've got a watchdog committee looking over them. Those who know real estate, those who know finance, those who know CPA in the dollars and the cents.

"So, I regret that it's looked at as a paternalistic thing, but it's really for those who have been in this legislature for 50 to 60 to 70 years who don't give the Hawaiians time of day. Now they got their money. In fact, I've got an article by the Tax Foundation, hey guys, you sure you can trust the Hawaiians with \$600 million? This is what that reso is all about. It's not about paternalism and watching over and whether they can spend it or not, it's whether we trust the Hawaiians. And this is a kind of a safeguard, a watchdog, if you will, to allow people to be confident that when they have people like Peter Savio or others who are watching over the money, people are going to say yeah, that's credible.

"Because right now, like the Tax Foundation is saying, we don't know if they're going to spend it. Over the past years, they've got unspent money from the federal government. That was a big issue Civil Beat put up. You guys don't know how to spend your money, you've wasted the money.

"So again, I want to assure my colleagues, this is something that says, have confidence in the Hawaiians because you've got people who are confident and pro Hawaiian. Because for 100 years, we've caused them to fail. And this is \$600 million, which they've needed billions and billions of dollars, years and years and years ago. For those reasons, Mr. Speaker, this is a bill that makes some sense."

Representative McKelvey rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. No vote, please, and would like the words of my friend from Kailua entered in the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative McKelvey continued, stating:

"I'd also like to echo the sentiments of the chair of the committee that passed this resolution forward that is now obviously retracting their support in doing so.

"There's plenty of mechanisms in place, Mr. Speaker, for fiduciary integrity, and we have a Department of Hawaiian Home Lands commission that works as an open body of many stakeholders and the beneficiaries to basically, they themselves want to expend these funds as quickly as possible. They've been coming to this body over and over again asking for more funding. I applaud the work of the Finance Committee and the members in advancing the measure that will give them this money. And I think to put through a resolution, an oversight committee on top of that, will defeat the purpose of the underlying measures. Thank you."

Representative Gates rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Marten rose to speak in opposition to the measure, stating:

"No vote please. And I just wanted to briefly comment that this body, the leadership, has already shown their commitment to this bill by writing it and most members here signed it. So, we don't need another resolution to give us confidence, that bill demonstrates our confidence."

Representative Tam rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Perruso rose in opposition to the measure and asked that the remarks of Representative Branco be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ganaden rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Sayama rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Quinlan rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Nakamura rose to speak in opposition to the measure, stating:

"No vote. I'd like to ask that the words of the Representative from Kailua be entered into the Journal as my own. I also wanted to note that the Representative from Hawaii Kai raises the issue of accountability for the use of the \$600 million. And I think that is an important concern as well. We do have a commission that is going to oversee the use of the funds. And I also feel that the Judiciary Committee recently passed a bill, a Senate bill, we amended the bill to include language that DHHL come up with a strategic plan for the use of the \$600 million by county. And we asked that the plan address the preferences of those on the waiting list, whether it's for sale or rental housing, and the other tools that can be used to assist with for-sale housing. So, I believe that tool, that bill, if it proceeds, can help to build the accountability with the funding that the Legislature is proposing. So, a no vote for me. Thank you," and the Chair "so ordered." (By reference only.)

At 12:23 p.m., Representative Belatti requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:30 p.m.

Representative Belatti rose in opposition to the measure and asked that the remarks of Representatives Marten, Branco, and Nakamura be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative LoPresti rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Takayama rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tokioka rose to speak in opposition to the measure, stating:

"No vote, and may I ask that the words from the Representative from Manoa be entered into the Journal as if they were my own. He is the committee chair and I'm following his lead," and the Chair "so ordered." (By reference only.)

Representative Tokioka then rose, stating:

"Point of clarification, Mr. Speaker. Was there a vote count on the previous resolution?"

Vice Speaker Mizuno: "Yes, we've got a vote count going."

Representative Ward rose, stating:

"Thank you, Mr. Speaker. I rise on a point of personal privilege to tell all my colleagues I yield to the will of this body. There's probably, I counted 27 votes, it was only 26 votes. But my point of rising for a point of personal privilege is to thank everyone for allowing the attention to be drawn to the Hawaiian community. And I think this is good. Whether you win or lose, the point is, they need our attention, they need our help. Whether it's one reso or another reso, that's the point. We have accomplished a lot here. This is the first time since the Representative from Pearl City and I, as the oldest members here, have ever had this kind of a debate on the floor.

"For those reasons, Mr. Speaker, I'm very grateful to everybody, whether you voted for or against or otherwise, and I was almost convinced to be number seven. But I still think we need to draw attention to the Hawaiians, and that's what we have accomplished. Thank you, sir."

The Chair then stated:

"Stand. Com. Rep. No. 1540, House Resolution 112, House Draft 1 will not move because it had 27 no votes."

The motion was put to vote by the Chair and failed to carry, and the report of the Committee was not adopted and H.R. "Thank you. I stand in strong support. I just want to mention that this resolution to audit Child Welfare Services Branch, which is an audit of the processes and the work that goes to managing the children that are under the care of the State, as well as a focus on recruitment and retention of staff. This body, the Finance Chair, has seen fit to allocate almost \$3 million to expand the workforce at Child Welfare Services, which is very much needed, I'm sure, and also training. But that should be accompanied with some help in the management of those additional resources. And I think this audit could help a very resource-strapped branch do a better job using those funds. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. Representative McKelvey rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. Because they're up for adoption, strong support for both resos, written comments to the Journal, if I may. And that a new twist in this is the presence of S corps now coming in and buying up our properties and creating illegal vacation rentals. So, with that, strong support."

Representative McKelvey's written remarks are as follows:

"Mr. Speaker, I rise in support of these resolutions. Mr. Speaker, unlicensed transient vacation rentals have become a scourge upon our neighborhoods. Given the new influx of tourism from around the world because of the post-pandemic pent-up demand, the incentive is even greater for people to convert part of their homes or even garages and yards into transient vacation rentals. Additionally, Mr. Speaker, the days of affordable transient vacation rentals, licensed or not, are over. Unscrupulous individuals can earn sometimes 10 times the amount of a legitimate vacation rental or hotel room on the open market and through the internet. With this huge financial incentive and its overwhelming demand, without strong enforcement by the counties to crack down on this activity, to increase fines, and create other types of deterrence, it is easy to see that every available space in our communities could be taken up by unlicensed underground vacation rentals, not only creating a blight on the quality of life of our neighborhoods, but also taking away desperately needed living areas for our working families to be able to find affordable long-term rentals in our community."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 66, entitled: "HOUSE RESOLUTION URGING EACH COUNTY TO CURB THE PROLIFERATION OF ILLEGAL VACATION RENTALS," was adopted, with Representatives Hashem, Holt, Ohno, and Todd being excused; and

No. 156, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF TRANSPORTATION TAKE ALL NECESSARY STEPS TO EXPEDITE WORK ON THE MAIPALAOA BRIDGE IN MAILI, OAHU AND IMPROVE TRAFFIC SIGNAL SUPPORT ON THE WAIANAE COAST AND URGING VARIOUS ENTITIES TO WORK TOGETHER TO IMMEDIATELY OPEN THE SECTION OF THE WAIANAE COAST EMERGENCY ACCESS ROAD SYSTEM EXTENDING PAAKEA ROAD OUT TO LUALUALEI NAVAL ROAD FOR PUBLIC USE ON A PERMANENT BASIS," was adopted, with Representatives Hashem, Holt, Ohno, and Todd being excused.

Representative Kapela rose and asked that the Clerk record a no vote for her on both measures, and the Chair "so ordered."

Representative Perruso rose to speak in opposition to both measures, stating:

"In opposition to both with a brief comment. So, I understand the intent of this resolution, because my district also struggles with the separate but often intersecting issues of houselessness and crime. I think that crime is a symptom of poverty and lack of social support. And I think that increased policing, detention, and criminalization is not going to solve these issues. I'm very alarmed by the three-strikes language in this resolution. And I also want to caution us that it's not helpful to rely on police to be service providers and social workers."

Representative Ganaden rose in opposition to both measures and asked that the remarks of Representative Perruso be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. FORTY-FIRST DAY

Thursday, March 31, 2022

The House of Representatives of the Thirty-First Legislature of the State of Hawaii, Regular Session of 2022, convened at 12:02 p.m., with Vice Speaker Mizuno presiding.

"Mr. Speaker, very briefly, a no vote for two reasons. Number one, it infringes on property rights. And number two, it could be used, and I'm not saying that that's the motive, but it could be used for an excuse that we have too few houses, we have too many regulations, and we're not building enough for people. So, we're trying to kind of cut off the inventory. And for people who, particularly for Hawaii, who save for a lifetime, I'm not talking about the mainland, who can't use their property according to what this is.

"And my daughter, as some of you know, is a lawyer for estates and trusts. And when families feud, property stays empty for years until we find out who actually ends up getting it. So, I'm not sure this is a good piece of legislation. Thank you."

Representative Matayoshi rose to speak in opposition to both measures, stating:

"In opposition. I want to emphasize that coffee leaf rust is a very, very serious disease that does need to be dealt with. I want to make sure that every penny that the State is spending to fight this disease is spent in the right way. And this came through our committee and the Department of Agriculture testified that the science behind using organic fertilizers to fight this is not only cost prohibitive, but the science is not there, that it's just not effective.

"So, if we are going to be urging the Department of Agriculture to be spending a lot of money on a treatment that is not scientifically based, I just cannot stand in support of this measure. Thank you."

Representative Kapela rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. In strong support. The reason this resolution was introduced is because there are organic coffee farmers in my community and across our state that can't utilize some of the subsidies that the DOA is currently allowing. Organic farmers need an organic option in order to continue to have their organic certifications. So, I trust the farmers in my district, and I will continue to uplift their voices. Thank you."

Representative Tokioka rose to speak in support of both measures with reservations, stating:

"Thank you, Mr. Speaker. With reservations. As a member of the Agriculture Committee, we heard the same testimony and had the same concerns at that time. So, with reservations. Thank you."

Representative Perruso rose to speak in support of both measures, stating:

"In strong support. So, this testimony was provided before the Committee on Agriculture. And I did want to add to this conversation by saying that, oftentimes, the science is lagging around organic methods. So, while the scientific studies have not yet been completed, they are in the process of being completed and this work is being done. It just is not the kind of work actually that we have enough of. So, we don't have enough investigation into these questions. And I think that the farmers saying that the strength of the plants can be helped with organic fertilizer as a preventative measure in addressing coffee leaf rust, I think that that's important testimony."

Representative Onishi rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker. In opposition and can I have the words of the speaker from Kaneohe added in the Journal as my own. And I'd like to also add that I have had discussions with I guess the foremost expert in regards to coffee in the State of Hawaii, who works for CTAHR. And she also believes that the best way to address the coffee leaf rust is through the treatment with fungicides versus the use of fertilizer. Fertilizer does not significantly improve the treatment of coffee leaf rust on coffee trees. So, in opposition. Thank you," and the Chair "so ordered." (By reference only.)

Representative Marten rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 86, entitled: "HOUSE

Kobayashi, and Ohno being excused; and

No. 92, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE DEPARTMENT OF AGRICULTURE TO ASSIST COFFEE FARMERS IN PURCHASING ORGANIC FERTILIZER TO PREVENT COFFEE LEAF RUST," was adopted, with Representatives Marten and Tokioka voting aye with reservations, with Representatives Matayoshi and Onishi voting no, and with Representatives Eli, D. Kobayashi, and Ohno being excused.

ANNOUNCEMENTS

Representative Kapela: "Thank you, Mr. Speaker. Today is Transgender Day of Visibility. Today and every day we celebrate our transgender community. We have much to celebrate today but I also want to take a moment to recognize the continued harms facing our trans community, specifically transgender women of color. Of the 375 trans and gender diverse people who are reported to have been murdered last year, 96% of them were trans women or fems, 89% of those killed in the US were people of color, and 43% of those killed were migrants. We, as a body, must do more to end the epidemic of violence and discrimination towards trans women and girls of color who continue to be killed and assaulted at disproportionately higher rates than the rest of the queer community. I yield to the Representative from Wahiawa and Co-chair of the House Keiki Caucus."

Representative Perruso: "Mr. Speaker, according to the CDC, almost 2% of high school students identify as transgender. Applied to all youth, this means that there are at least 1.3 million or more trans youth nationwide. And of this number, 80% of transgender students said they've avoided bathrooms because they felt unsafe or uncomfortable, 64% of transgender students avoided gym class because they felt unsafe or uncomfortable, and 59% of transgender students had been required to use the bathroom that did not match the gender they live every day. We can do more to ensure transgender youth feel safe, seen, and heard in our educational institutions. Thank you, I yield to the Representative from Waikiki and Chair of the House Equality Caucus."

Representative Tam: "Thank you, Mr. Speaker. Trans people live in poverty at elevated rates, and for trans people of color, these rates are even higher. Around 29% of trans adults live in poverty and as well as 39% of black trans adults do, 48% of Latino trans adults; and 35% of Asian, Alaska Native, Native-American, and Native Hawaiian or Pacific Islander adults do as well. More than one quarter, 29% of trans adults, have been refused health care by a doctor or provider because of their gender identity. This sobering data reveals a health care system that has failed to meet their needs. As we move forward, I hope that we continue to prioritize policies that uplift the well-being of our transgender and non-binary community. Our trans community needs more than just visibility. They need action and attention. A happy Transgender Day of Visibility. Thank you, Mr. Speaker."

Representative Lowen: "Thanks, Mr. Speaker. I just wanted to remind everyone, the Environmental Caucus is hosting a 2:00 p.m. informational session on Zoom to get an update from the Cesspool Conversion Working Group and everyone is welcome to attend. I know it conflicts with some hearings, so you're welcome to have a staff person attend in your stead if you can't. And I think Zoom invites were sent out to everybody."

Representative Ward: "Mr. Speaker, lunch will be served immediately after session, with Bishop Silva giving a message in Room 437, your office and mine. Thank you."

REPORTS OF STANDING COMMITTEES

(Stand. Com. Rep. No. 1670-22) recommending that H.R. No. 121 be adopted; and

(Stand. Com. Rep. No. 1671-22) recommending that H.C.R. No. 121 be adopted.

Representative Belatti moved that the reports of the Committee be adopted, and that H.R. No. 121; and H.C.R. No. 121 be adopted, seconded by Representative Morikawa.

Representative Aquino rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Aquino's written remarks are as follows:

"Mr. Speaker, I stand in strong support of HR 121 and HCR 121. By way of Act 266, SLH 2019, the Pamantasan Council was created to assist the state and University of Hawaii in uplifting the Filipino community in academics and career. The Filipino community comprises a quarter of Hawaii's ethnic make-up but does not adequately match that proportion in terms of high education transfer rates between 2- to 4-year institutions, graduation rates, and professional careers. By way of this resolution, the Legislature reaffirms our support and commitment to Hawaii's Filipino community, bringing them one step closer to equity as the council works to develop ways to meet access, diversity and workforce development goals. It is for these reasons that I stand in support of HR 121 and HCR 121 on behalf of the House members of the Joint Filipino Legislative Caucus."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 121, entitled: "HOUSE RESOLUTION REQUESTING THE UNIVERSITY OF HAWAII TO REPORT ON THE PAMANTASAN COUNCIL'S SYSTEMWIDE EFFORTS TO IMPROVE THE STATUS OF FILIPINOS AT THE UNIVERSITY OF HAWAII," was adopted, with Representatives Branco, Gates, LoPresti, McDermott, and Perruso being excused; and

H.C.R. "Thank you, Mr. Speaker. All due respect to the author of this, I'm getting closer to being a yes vote on this, except I believe it's a little bit out of the context of where we are in terms of the grassroots evidence of this. Why I'm saying that is, it's with the McKinley High School, for example, it was a individual or a small number of individuals who said, hey, this is a bad idea, McKinley High School should not be named McKinley High School. And then when the alumni heard of that, they said, hey, wait a minute.

"And right now, in the hearing that we had regarding Captain Cook becoming no longer Captain Cook, there is a petition which was signed by 2,600 people, but there was not evidence that they were people from the area. And then there was other testimony in the hearing that there was narratives that said, people love Captain Cook, regardless of the history, we have to learn from history, *et cetera*.

"So the point is, Mr. Speaker, this is a good bill if it comes from the grassroots, it's got to be the people in Captain Cook who say, yeah, we no longer want to be called this. And that's my only reservation. It's well-intended, but unless we do the McKinley High School processing, this is premature. It should be the people who are under that jurisdiction and their decision, not just a handful of people. And if that can be proven, I will certainly change my vote. Thank you."

Representative Kapela rose to speak in support of the measure, stating:

"In support, Mr. Speaker. Thank you so much. There are a number of community individuals who have come forward, talked about, and even testified in front of the committee on how important this measure is. It

absolutely is grassroots, and it comes from individuals who are born and raised, have ancestral ties to Kaawaloa. So, thank you so much."

"Mr. Speaker, I stand in strong support. I thank the authors of this resolution, and it's requesting the United States Department of Defense to prepare a plan to decommission Red Hill fuel facility. Why do we have to do that, Mr. Speaker? We don't own it, we don't control it, it's not ours. I take such gratitude to this body for actually doing this, articulating what must be done, because the federal government hasn't done this and we're the ones telling them they need to do it. They should be doing it themselves.

"And I just want to reiterate, there is no estimated time closure of this facility, there's no even estimated begin date on when they're going to close

down. As we saw last week when the 30 gallons was released, in the past, last Friday there was 30 gallons released in the afternoon, I'm sure you folks know that, that wouldn't even have made the news, we wouldn't even have paid attention to it.

"Now, some poor fellow lost his career over it, and I just want to note for a moment the impact that that has on that gentleman. He's been here less than a year. He inherited a 100-year-old system which hasn't been maintained properly, clearly, and is fatigued and cracks all over the place. And less than a year he's there, and now they had to put a sacrificial lamb out there, so they gave this guy up. For the rest of his life, he's going to carry this around because this was his big major command. An O-6, he wants to become an admiral, right, he's a colonel. And they fired him. He's going to get a desk job somewhere for two, three months and then retire. But he's going to carry this the rest of his life. That's just an aside.

"But I support the measure, I support what the body's doing. It's a shame that we're the ones leading this charge, but we are, nonetheless. Thank you, Mr. Speaker."

Representative Ganaden rose to speak in support of both measures, stating:

"In strong support. Mr. Speaker, this resolution is the work of your Red Hill Committee. It is the intention of this House to hold the U.S. Department of Defense and Navy accountable for the significant and foreseeable cost to the state moving forward. It is the further intention of this House to ensure that the United States Department of Defense, the Navy, and others remediate the damage caused to the southern Oahu basal aquifer, land surrounding the Red Hill bulk fuel storage facility, and Pearl Harbor.

"In early May, pursuant to the existing court order, the United States Navy is going to be giving a report to the State Department of Health, as well as the body, as well as the Board of Water Supply and the community. What we hope to see in that report is a description of the accident as it happened. We can hope to see a description of the oversight that the Navy had with a variety of federal contractors. The incident that happened on May 6th, which led later to an incident that happened on May 20th, which led later to the poisoning of the water supply that fed 93,000 human beings. We can also hope to see some continued oversight, some changes in progress, and some discussion for how they might remediate this.

"If we don't see that, it is likely that we will have to come back next year to discuss how we're going to pay for all of this. How, if the Board of Water Supply is going to be issuing a moratorium on water permits throughout urban Honolulu, how that will affect water payers who are existing water users, how it will affect permits moving forward, and how the Board of Water Supply will discuss how it's going to do those new water permits equitably. This is going to be of great concern to our economy, to the state, and to the county. Again, thank you for passing this measure and we continue to serve this body."

Representative McDermott rose to respond, stating:

"My colleague has done tremendous thinking, the gentleman who previously spoke, tremendous thinking out-of-the-box on how this is going to affect our water usage going forward. This catastrophe that's happened at Red Hill and how the permitting allocation, I mean, I chatted with him and he's thinking two steps ahead how this is going to affect us here locally. But I'm still stuck in the mud, so to speak.

"One thing I don't want to do is blame the Navy, because they do what they're told. They work for us. They'll do what we tell them. We tell them to shut down, they'll shut it down. We just got to put it in writing. We have to tell them what to do. They work for us. We own the Navy. They work for the president, the secretary of the Navy, the secretary of defense. The policies are developed by Congress like we develop policy here, and then they implement it. So, we're waiting on Congress to tell them to shut it down. Congress has not told them to shut it down and attach money to it yet. That's why we're doing it. We're telling them, hey, shut it down.

"So, I just want to be careful blaming the men and women in uniform, because they do what they're told. And if the president, Joe Biden is our president, he's also, I believe, a member of your party, Mr. Speaker. He could close this thing down tomorrow."

The Chair addressed Representative McDermott, stating:

"Mr. McDermott, the party has nothing to do with the resolutions."

Representative McDermott continued, stating:

"Okay, I don't know what party he's a member of then, but he could shut it down tomorrow. He's the president, okay? The president could shut it down tomorrow. Secretary of Navy could shut it down tomorrow. When you get to the secretary of defense, he can kind of pause it but he doesn't have the ability to do these things, neither do the other two, quite frankly, without the money from Congress to shut this down. It's going to cost money, \$4 to \$10 billion. We got \$1 billion proposed coming in a proposed budget, which I think it, well, that's asked for to defuel, but not to decommission. Those words are important and they're missing.

"When you talk about shutting it down, it's decommissioning. Defueling is just emptying, clean it up, fix the *puka*, find the *puka*, and reapply for a permit. That's what the order says, I've read the order. In any case, I just don't want us to blame the men and women in uniform because they do what we tell them. Thank you."

Representative Ward rose to speak in support of both measures, stating:

"Mr. Speaker, support. Very simply and briefly, this is about clean water for Hawaii Kai, in my district, and for every district on this floor and in the Senate, and in the City Council. Short of clean water, Mr. Speaker, we don't have too much going for us. So, this is a very imperative, must-pass bill."

Representative B. Kobayashi rose to speak in support of both measures, stating:

"Mr. Speaker, in support. I support the resolutions, but if anything, they do not go far enough. The Navy is currently preparing a plan to decommission and defuel on its own terms. It is not following the State Department of Health order, which was given last year, that the plan be prepared by an independent consultant. The consultant that the Navy has chosen seems to be quite qualified, but Department of Health is contesting that this consultant may not be independent.

"Further, the Navy has not accepted that the State Department of Health has the authority, per federal legislation regarding underground storage tanks, to order the Navy to decommission and defuel. That issue is hung up in the courts and likely not to be decided in context with the Red Hill situation. So, this resolution is fine, but there are other loose ends still to be tied. Thank you."

Representative LoPresti rose in support of both measures and asked that the remarks of Representatives B. Kobayashi and Ganaden be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Reservations, some comments. I want to just note for you, Mr. Speaker, that this legislation has been consistently opposed by the Society for Hawaiian Archeology. Now, my paternal grandparents were both archeologists, Mr. Speaker, and archeology is a science. And I do think that if we respect science, we would listen to scientists and not create policies that try to create unachievable things for science.

"So, I support the intent, as does the Society for Hawaiian Archeology, but this bill actually creates loopholes. Instead of maintaining fines for people or developers who damage historical properties, this creates a loophole to say that they're only going to be fined if they damage pre-contact historical properties, which the Society for Hawaiian Archeology is saying is not entirely scientifically definable by the mechanisms that they have to do that sort of thing.

"So, the intent is totally a support, as again, does the Society, but it creates loopholes and it also creates possibilities for ambiguities in court, it actually could create more court challenges and these things that get very sloppy and we're going to have to come back and fix this if this passes. So, for now, I'm reservations, if only because I want to get on the conference committee to be a continued part of the conversation. Thank you."

Mr. Speaker, your Special Committee on Red Hill, as well as this body and the Senate and the Department of Health, all are committed to making sure that we hold the Department of Defense, Navy responsible for all costs associated.

"However, due to the emergency response, it impacted the department by \$1.5 million. This \$1.5 million, in this emergency appropriation, in constant discussion with the administration as well as with Finance, came up with this response so that we can continue to have the Department of Health respond to this crisis, Mr. Speaker. So again, thank you for all the support."

"In strong support, may I have the words of the previous speaker entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

"Thank you, Mr. Speaker. I stand in strong support of the measure. I was recently on Molokai and we got to visit with the good people there, including the Molokai Community Health Center. And they told us some very tragic stories, which could have easily been avoided had they had the ambulance there on the island. So, I'm very grateful to the author of this measure, and I'm sure the community is as well, and I wanted to stand with them in support of it. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3248, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AMBULANCES," passed Third Reading by a vote of 48 ayes, with Representatives Costales, D. Kobayashi, and Lowen being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1800-22) recommending that S.B. No. 2142, SD 1, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2142, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative LoPresti rose to speak in opposition to the measure, stating:

"In opposition. With respect to the chair, I do support every aspect of this bill except for one key aspect, and that is legislating curriculum. Mr. Speaker, I believe that faculty and education professionals should be in charge of determining curriculum, not legislators like us. I do think we need more computer science resources, I think that the Board of Education should do that, and I think part of the reason we're looking at legislation for this is because the Board of Education is no longer an elected body and they're no longer accountable to the people. So, that's the root cause. But as an educational professional, I have to object and say no. Thank you."

Representative Woodson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Per the previous speaker, I appreciate his comments. There is always a healthy discussion that happen

between boards, legislatures, other bodies that deal with education. It's an emotional topic. But when it comes to situations that will move our state forward, if they have statewide impacts, then that is within the Legislature's authority to move in that direction.

"And we know, Mr. Speaker, that one of the things that are incorporated into many high-performing public school systems is that they actually align formalized curriculum with marketplace need. And so, as in previous sessions, Mr. Speaker, there's been some gentle movement to focus on the space of CTE and computer science, because we want to make sure that our kids can also capitalize on those types of opportunities. And so, yes, the board can make that decision, but also the Legislature can as well, and it's consistent with past bills that have passed regarding the same topic. So, for that reason and others, I stand in support."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support as well. I'd just like the words of the Chair of Education entered in the Journal as if they were my own, and would like permission to insert written Python code into the Journal. And one equals one, Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative McKelvey submitted the following:

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1801-22) recommending that S.B. No. 3280, SD 1, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3280, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Nakamura rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'd like to vote no on this measure. The private activity bonds, right now we have a ceiling every year from the federal government of \$328 million. Previously, we have been told that this doesn't affect the State at all, that we should just go ahead and approve special purpose revenue bonds because it won't affect very much. The Vice Chair of Housing and myself and others have done a deep dive into private activity bonds over the interim and during the session, and we found out that there is a huge impact for each and every special revenue bond that this body approves. And that for every dollar taken away, we lose the opportunity of doubling the revenues that we receive from the federal government through low income housing tax credits.

"So, it's very important to scrutinize each and every one of these SPRBs that are not health related and to be laser focused. If we want to solve our affordable housing crisis, we must use the resources at our disposal to build as many homes as possible. We have developers who have projects. We have a lot of feasible projects that are applying for very few of these bonds.

"So, I stand in opposition and I hope that if, over the next six years, if we focus on using private activity bonds for affordable housing, we can build close to 10,000 units over the next six years. So, standing in opposition to this bill."

Representative Hashimoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. I'd like the Chair of Housing's remarks entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Hashimoto continued, stating:

"And I do want to expand just a little bit. I think the House is really taking the lead in trying to figure out, in collaboration with the Senate, in trying to figure out what are we going to do for the future of our private activity bond ceiling. And I think this is the first step. We don't want to issue any more SPRBs, that's the first step. I think we're going to try and pass a law this year that will try and clean up the bond cap, because I think, when we talk to the Hawaii Housing and Finance Development Corporation, they always tell us we don't have enough bond cap to issue the low income housing tax credits.

"So, we're committed to the cause. I think we need to stay as laser focused on housing. It's when you take a look into our community, that's the biggest issue and will continue to be the biggest issue. And so, I think this entire body needs to make that commitment and ensuring that we stay focused on that issue. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I too am also going to vote no on this measure, I still have to turn in my green slip. And would like the words of the Chair of Housing entered into the record as if they were my own. And thank her for the work that she's doing in pointing this out to the members," and the Chair "so ordered." (By reference only.)

Representative LoPresti rose to speak in opposition to the measure, stating:

"No vote as well. And I'd just like to say, I'm repeatedly impressed by the Chair of Housing's acumen that she brings to this job in educating the fellow members and I want to thank her."

"I rise in strong opposition. I think that this bill makes clear that we have a lot of work to do with respect to the exiting of our state by big GMO seed companies, a process which has begun on the island of Kauai and will likely continue. I think that we clearly need to lay out in our license agreements more careful control of the terms of those exits, because right now it looks to me that we are being taken advantage of and that we are paying \$5 million to have the use of a facility that should be reverting to the State. Thank you."

Representative Morikawa rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. When I first heard about this proposal, I felt this was a great idea to finally, as written in the bill, promote locally grown food, teach students about growing food and aspects of agriculture. This idea of an innovation center is an opportunity for Kauai schools to establish a wellness center, a partnership with other organizations to teach our next generation about food sovereignty and entrepreneurship, enter into agreements with businesses and community partners to use their equipment expertise experience to create classrooms where teachers and students learn and work alongside industrial professionals, and to get local food into our schools.

"The big question is the cost to acquire this facility and whether the funds will be utilized efficiently to make this happen. If this should pass, and since the funds would be appropriated to the Department of Education, it is my hope that the department can negotiate a reasonable cost to acquire the assets that are already placed on state lands and have sufficient funds to accomplish this proposal. Because there is no doubt that we need to move in this direction of agriculture innovation. Thank you, Mr. Speaker."

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2162, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. This is about ranked choice voting. This is the probably the third or fourth time that this bill has come before this body. And it's to make complex what is otherwise simple. There's nothing wrong with first past the posts. If there's anything wrong with our voting, our elections, it's always like what's free and fair, *et cetera*, it's not the system itself.

"The problem with ranked choice voting is people don't know what it is. I've asked so many people, can you explain it to me? In fact, my office, as I said earlier on this floor, asked me to explain and I got halfway through and I said, well, call the Office of Elections. The Office of Elections couldn't explain what it is. So, how can we expect our constituents, Mr. Speaker, to say this is good? The point is, this is confusing, it's sophisticated, it's a bit of a fad in some places. But this is not needed. This is going above and beyond for a reason that I don't understand.

"Even though I should say, for the record, every time it's come up, it's failed, and it deserves to fail because it's going to be confusing to the people

who otherwise vote for us or against us in a very simple way. We like, we don't like, not, oh, we want to know who's in block number one. Can you imagine running a track meet with, well, this is the first place runner, and then these guys, because of that one, gets to be knocked out and they get their votes. It's very sophisticated. If you're an Australian, you get used to it. But it's kind of like putting a metric system at the gas pumps. America maybe five or ten years ago said, we're going to use the metric system and we're going to use meters instead of gallons or liters instead of gallons. And they put it in all the pumps. And then suddenly after they pump gas for a while, they said, hey, this is crazy. I don't even know and understand it.

"So, ranked choice voting is rank, and I think it eliminates choices that are very clear cut for the people of Hawaii. For those reasons, Mr. Speaker, I think we're beating around the bush in the wrong direction. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2162, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO RANKED CHOICE VOTING," passed Third Reading by a vote of 42 ayes to 6 noes, with Representatives Gates, Kong, Matsumoto, McDermott, Okimoto, and Ward voting no, and with Representatives Costales, D. At 1:31 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:38 p.m.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, a couple of things. First, I'd like to withdraw my question to the Majority Leader. And secondly, to thank the Speaker for a clarification which otherwise, look, I heard this in the Judiciary Committee, I'm on the Judiciary Committee. And not to say that the language is loosey goosey, but we never got the answer that we got today on the floor, and words make a difference. And today it's clear that this is a fundraiser prohibition only when this state legislature is in session. And it doesn't say

if you're the governor and you're always in session that you cannot raise money or the lieutenant governor or the city council or the prosecutor, because that's the way it was read in the committee hearing.

"Only today on the floor do I understand what this bill really means. But look, the language is a bit loosey goosey. And if some of the people sort of have a sense of, well, you sure you're not going to come against this. I'd like to see the committee report or whatever we do after we vote on this and I will vote for it. I have reservations, but I'll vote for it. But let us be very clear, this is not something that we're pushing everybody aside. We're trying to do it for the sake of clarity that when we're in session, we're not going to ask people for money, and it goes across the board. But we're not shutting anybody down, because that was the reading in the Judiciary Committee hearing that we left with, and I'm not the only member of that. For those reasons, Mr. Speaker, with reservations and thanking the Speaker for the clarification on the floor, not in the committee. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I would just like to note that if the previous speaker had been at the reconsideration hearing that was held, he would have had his questions answered then and could have seen that we took steps with the Speaker's guidance to make this bill much better and to pass it out in the form which the members, I think, will support. Thank you."

Representative Ganaden rose to speak in support of the measure with reservations, stating:

"Reservations, Mr. Speaker, brief comment. I believe this bill just unifies the capacity for U.S. customs and immigration naturalization services to arrest under state law. It just clarifies what is already under law. And I think that we have some understandable and necessary reactions to seeing ICE being given broader authority to arrest individuals under state law. And I think that our wariness should continue indefinitely. But I think that this just clarifies what is already in statute. Thank you."

Representative Har rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in support of Senate Bill 2298, SD 2, HD 1. However, I rise with reservations.

"The purpose of this bill is to increase the penalty to employers who fail to lawfully pay their employees. Specifically, this bill raises the penalty to a class C felony, with a minimum fine of \$500 dollars. First and foremost, I want to be clear that I support the intent of this bill. Those bad actors who willfully do not pay their employees should in fact be prosecuted. The issue, however, that I have with this bill, is that inadvertent mistakes often occur during the payroll process. While I very much appreciate this bill allowing the employer the ability to cure any breach of the law, particularly for inadvertent mistakes, many employers often make inadvertent mistakes continually. For example, in the construction industry, payroll can be quite daunting and complicated, particularly for general contractors and subcontractors. As a result, inadvertent mistakes occur. While I understand that it is not the intent of this measure to criminalize honest payroll account errors, I just want to ensure that we are not criminalizing the accounting errors of honest employers.

"It is for these reasons I must respectfully stand in support, but with reservations, on SB 2298, SD 2, HD 1. Thank you, Mr. Speaker."

This is about air conditioning of our public schools and contrary to the popular opinion, East Honolulu is really sweating bullets in the summer, in the winter, all year round. And this is very important. I know some districts have been prioritized, and I hope that the Finance Committee will be very generous in the appropriation so all schools can be air conditioned so the brains of these young kids can really

apply and excel rather than, I know my colleague in Aina Haina, some of the kids actually passed out because it was so hot in the classroom. So, this is a very important bill and I appreciate it. Thank you."

Representative LoPresti rose to speak in opposition to the measure, stating:

"In opposition. Thank you, Mr. Speaker. I'm not sure what the state's doing with our Board of Education lately. We have another bill here to

require a set category of expertise in order to be in charge of our schools, Mr. Speaker. Now, does this list include people who are experts in mathematics, in classroom management, in English language arts, in any of these things that our children need to know to learn? Is there somebody required to know critical thinking? Is there a PhD in education? No, there's not. There is real estate finance. Now the governor has to pick somebody able to do real estate finance, health care, advanced manufacturing. I challenge anybody in this room to tell me where any advanced manufacturing is in this state and what companies do it, but we're going to require the person who's in charge of Board of Education be capable of being an expert in energy, in health care. These are important things, Mr. Speaker. But why we are creating this nexus of categories of expertise in industries to be in charge of our schools is beyond me.

"And this thing has sailed through the Legislature with very little opposition. I'm disappointed even to see the groups that support this. And really, it's just pushed by the Chamber of Commerce. We're going to put our businesspeople in charge of our schools. Schools aren't businesses. Schools exist to educate the children to not just become a labor force, Mr. Speaker, but to be able to have a meaningful life, to find ways to develop as a human person. And along the way, they'll have jobs. If we give them the basic skills of reading, math, language, then they'll be able to do these sorts of things. But being a master in advanced manufacturing doesn't give you an iota of qualifications to be in charge of our schools. And we need to stand up against this silliness. And I'm very strongly opposed to this, and I wish more of my colleagues would join me in paying attention to what we are doing to the Board of Education with these requirements."

Representative Perruso rose in opposition to the measure and asked that the remarks of Representative LoPresti be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative McDermott rose in opposition to the measure and asked that the remarks of Representative LoPresti be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Woodson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I appreciate the comments that have been shared on the floor. Some of those articulations actually are requirements in terms of being knowledgeable about best practices, being knowledgeable about school. What this bill seeks to do actually is, it says that you also need to understand governance structures as it relates to DOE systems. That is also important. And it gives recommendations on certain industries that are aligned with marketplace needs. And again, it goes back to looking at what are some of these school systems doing that are yielding these strong outcomes for our students.

"By the way, as a quick caveat, Mr. Speaker, do you know that in Singapore, as an example, most of those kids are college and career ready by the time they exit the 10th grade. So, what does that mean for our competition? Are we truly making sure that our kids are internationally competitive? And so, in Singapore and other high performing systems, they actually work with marketplace to make sure that they're aligning marketplace needs with curricula. Those same businesses actually are partners with the public school systems, and they are sharing resources, talent, time, even teachers. And so, this is a way to move in that direction. And these are just really recommendations. So, I humbly ask my colleagues to support this proposal."

Representative Ward rose to speak in support of the measure, stating:

"In support, Mr. Speaker. I share the view of Ewa Beach, that we've got to do better. But this is a chance to do something different and better. We don't want empty suits on the board. At the same time, we don't want a rigid application of some of these things. But let's face it, 48% of our people are in poverty, and the way to get socioeconomic mobility is through education. So, we've been tweaking it, and this is another tweak which he disagrees with. But I think we've got to try things to be much better because education is the way that people are going to promote themselves, their life, their future, their careers, and everything.

"So, education is the key. And so far we have not excelled, Mr. Speaker. I don't know, given how we are and what numbers in the national rating, but we've got to do all we can to make sure that our kids excel. Now, if this thing doesn't work out, the former speaker can say, look, I told you so. But let's

try it and let's see if these people, who are in the private sector, who have knowledge about stuff and are not empty suits, can do better than what we are doing now. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I would like to acknowledge the previous speaker and to say that I'm surprised that we are in concurrence. I think this bill is a very, very good measure because as you look at some of the most exciting things happening in public schools now, things like the emerging health care academies that we see in Waipahu. All of these programs depend upon collaboration with the private sector in these emerging fields of health care, business, technology, entrepreneurship.

"So what this measure is doing is helping to make sure that our board is attuned to the needs in our community to find those high paying sectors of employment where we can design our system so that our kids are staying home and earning living wage jobs. Not minimum wage jobs, living wage jobs. And so, for that reason, I support this measure strongly. Thank you, Mr. Speaker."

Representative Perruso rose to respond, stating:

"Thank you, Mr. Speaker. In opposition. So, I'm grateful for the acknowledgment that this work is already happening in the public school system and that it did not require the presence of these kinds of expertise on the Board of Education, that this collaboration is possible without the folks who are sitting in positions of power making policy decisions around standards, curriculum, teacher training, and so on, be from those particular sectors in the private sphere. Thank you."

Representative LoPresti rose to respond, stating:

"I just want to point out, first of all, I support us having an educational system that helps develop a potential workforce who can work in these areas, Mr. Speaker. But I remind you, Mr. Speaker and my colleagues, that the list that is put in this bill is 12. As of now, there are 11 members on the board. The bill says that the governor must appoint a board that collectively has all of these expertise experiences. There's one more level of expertise than people, and only one of those things are education.

"Basically, what that means is you couldn't possibly probably have just two teachers, two educational professionals, on our Board of Education. That's absurd. The idea that we are going to replace educators with somebody who is just an expert in health care, manufacturing, and entrepreneurship, and require that when there aren't even enough board member seats to cover these 12, is intentionally pushing out education experts for these things.

"It's not that I think anybody's opposed to having somebody who is capable of developing a school system that can lead to health care, no. But to require this long laundry list of Chamber of Commerce stamp approved areas of industry, it's, this is insane, right? And this doesn't make any sense, and it doesn't stand the test of reason. And I think we are all in agreement that these are good things, but to make it a requirement that this is the only thing that makes you capable of being able to stand for the Board of Education in the State of Hawaii is just wrongheaded, to put it kindly."

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I'm grateful for the conversation that we're having today, but I do think that if we are moving measures like this, I just hope that one day we can also ensure that we have a teacher on the Board of Education as well. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, in support and with the backing of the Majority Leader, her point about living wages, education is the key to a living wage. And with that, I want to say, which I regret as being a 14 or how many ever terms that I've had, 12 terms, the one thing that we haven't done on this body is to get the economy to where 48% of our people are out of poverty. The ALICE study says one paycheck away for 48% of our people. We are failing our job and the educational system is how we can skyrocket those people.

"Education is the key to socioeconomic mobility. And we got to try better because so far, we haven't got our people out of poverty. And one of the big

responsibilities is to make sure that each of our districts have living wages and people are prospering. Not just wondering, well, am I going to go to the mainland so I can survive or I can buy a house someday? So, we need living wages, and that's the way that education is the driver and the route and the ladder to reach that. Thank you, Mr. Speaker."

Representative Matayoshi rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I just want to correct a misconception, in section 2, subsection (b)(5), it does list certain fields, but it says, as many fields as possible. So, it's not a requirement, there's no requirement language in here, and people can be experts in more than one of these fields. Thank you."

THIRD READING

S.B. No. 2082:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.B. No. 2082, entitled: "A BILL FOR AN ACT RELATING TO ABUSE OF FAMILY OR HOUSEHOLD MEMBERS," passed Third Reading by a vote of 47 ayes to 1 no, with Representative Perruso voting no, and with Representatives Kapela, McKelvey, and Quinlan being excused.

S.B. No. 2780:

Representative Belatti moved that S.B. No. 2780 pass Third Reading, seconded by Representative Morikawa.

Representative Wildberger rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ichiyama rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ichiyama's written remarks are as follows:

"Thank you, Mr. Speaker, for the opportunity to submit these written comments in support of SB 2780.

"I am in support of this measure because it will correct our state laws to accurately reflect the proper federal agency with arrest powers. Currently, HRS §803-16 incorrectly gives the power of arrest to the United States Citizenship and Immigration Services (USCIS), an agency that does not have the authority to make arrests under federal law. USCIS is responsible for processing applications for immigration benefits, such as permanent residency or citizenship; it is not a law enforcement agency.

"This bill deletes the incorrect reference to USCIS and replaces it with the correct agency, United States Immigration and Customs Enforcement – Homeland Security Investigations (HSI). HSI is the principal investigative arm of the U.S. Department of Homeland Security and has broad law enforcement authority under 19 USC §1589a. HSI special agents are responsible for investigating transnational crime and threats, specifically criminal organizations that exploit the customs and immigration laws of the United States. Their priorities include combating cyber and financial crime, countering human trafficking and child exploitation, promoting public safety through efforts to curb drug trafficking and gun violence and protecting sensitive technologies from being exploited.

"In Hawaii, HSI special agents work extensively with our local law enforcement to target transnational organized criminal activity. These investigations often involve violations of both federal and state criminal law, which makes it important for HSI special agents to have state arrest authority. Several county police departments submitted testimony in support of this bill because of their collaborations with HSI on complex investigations involving illicit drugs and sexual exploitation of children. As a small island state, we need to utilize every resource available to promote public safety and protect the residents of Hawaii. For all these reasons, I am in support of SB 2780. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and S.B. No. 2780, entitled: "A BILL FOR AN ACT RELATING TO THE POWER OF ARREST," passed Third Reading by a vote of 44 ayes to 4 noes, with Representatives D. Kobayashi, Perruso, Tokioka, and Wildberger voting no, and with Representatives Kapela, McKelvey, and Quinlan being excused.

At 1:03 p.m., the Chair noted that the following bills passed Third Reading:

Representative McDermott rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support and once again want to thank the majority for all their hard work. It's great to be unified in a position moving forward, Lord knows sitting on this side or this row for many years, I've often been on the losing end of things. But I really commend the majority for what they've done here, keeping the heat on. Today we have one of our senators, and we're in a great opportunity, we're blessed, Mr. Speaker, because right now we have two senators in the majority, two congressmen in the majority, we have the president all on the same team. So, we should be able to get this done. So, sending that message that this body wants these things closed is very important. And today I think Senator Jack Reed from Rhode Island is actually touring the fuel tanks. He's chairman, I think, of the Senate Armed Services Committee, if I'm not mistaken, but he's an important guy in any case.

"What I would encourage is more of a bipartisan approach, though. Mr. Speaker, one of the things under your leadership here is the acrimony, the hatred, the vitriol, that doesn't exist in this body. And maybe that's the *aloha* spirit. But if we could transfer that, some of that to D.C., I think the world would be a better place.

"One last thing I'd like to add on this measure is, well, first I'd like to acknowledge the hard work of my colleague to my right, who has alerted us to the potential impact on our water distribution. You see the articles in the paper all over, Civil Beat, wherever, that we have a problem that we didn't cause, clearly. And he's pointed that out. And now we're saying, no construction for several years, so that's got to get sorted out. But I lost my train of thought, I apologize, I had something else to say. In any case, I stand in strong support, and if I remember it, I'll pop up again. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations. And, like my colleague from Ewa Beach, this is about water. It's not about Red Hill, but it's about water. And this is about the water commission, which is very important to the Hawaiian Homes Commission. And this bill, quoting Bill Aila, basically puts the Hawaiians, Mr. Aila, as a second-class citizen. Because it says you can be a member but you're ex officio and you can't vote. Mr. Speaker, why are we doing this? The Hawaiian homesteaders who are farmers or pasture, they need water. I personally was a consultant in Hoolehua on Molokai a

number of years ago, and they said if we had more water, we could do much more economically, we could plant more, we could have more prosperity.

"So, this bill started out giving them official status with nonvoting and then became ex officio with voting, and now they're non-voting and ex officio. This is a slap in the face, a poke in the eyes to the Hawaiian community that needs water. If any group needs water, it's the Hawaiian homesteaders. So why are we kind of going forward two steps and then we go back seven steps and say, you're not ready for a seat at the table, Hawaiians, but if you are, you're ex officio and you don't have a vote. Mr. Speaker, this is embarrassing. If anybody needs a seat at the table with a vote and being officio, it's Mr. Aila. Thank you, Mr. Speaker."

But, while the backlog exists for work to be done, these positions aren't sunsetted, so that we may be creating unnecessary jobs in perpetuity. And I think we need to be a little more fiscally conservative in creating positions in this way. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. This is about microbeads, which are minuscule pieces of plastic which are found in, what I'm told, and this bill obviously is fresh and it is probably creating a lot of people to do some research, in 90% of the cosmetics, including those things that you put on your face, you put under your arms. And if 90% is there, I think there's going to be a lot of blowback if we shut down 90% of that particular industry.

"So, with those, Mr. Speaker, I hope we delve into this a little bit deeper. It's kind of a new area. It's for the environment, obviously. But it's got to be done in either scientific ways or ways that are gradually phasing it in rather than, hey, 90% of everything on the shelves in the cosmetic places, Longs, *et cetera*, you're out of here. For those reasons, Mr. Speaker, reservations till further information and science proceeds. Thank you."

Representative Marten rose to speak in support of the measure, stating:

"Thank you, I rise in strong support. I think as recently as the 1990s, we didn't use microbeads, we didn't put plastic as fillers in our cosmetics. We could certainly go back to those times and use whatever it is they used as fillers before. Again, these plastic microbeads serve no function other than filling up the volume. And we could actually do better by having more product, smaller packaging, and keep the plastic out of our oceans. Thank you."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

"Mr. Speaker, just reservations. And taking a second look at this, I'm just worried this is a bill that will lead to sprawl instead of focusing on more density in our urban areas or even allowing greater density, potentially, on rural lands and developing services alongside it. This is just looking at more urban sprawl, which is not what we need. Thanks."

Representative McKelvey rose to speak in support of the measure, stating:

"In strong support and permission to enter comments into the Journal. Thank you so much, sir."

Representative McKelvey's written remarks are as follows:

"Mr. Speaker, I rise in strong support for this measure. This is an incredibly important and timely bill as it directly and immediately addresses the risk to the health of our children and strikes home to my district in particular. Mr. Speaker, last year the community was shocked to learn that Lahainaluna High School had numerous bathrooms and sinks that were being serviced by water pipes that were made of lead and were not only leaching lead into the water, but were also compromised and as a result, discharging dirty and foul smelling water. Mr. Speaker, in this day and age, the 21st century, to have our schools being serviced by lead pipes is absolutely unconscionable. The science is clear that lead in any form, especially in drinking water can cause brain damage, organ failure, and many different types of cancers. I thank the Chair of Education, the Chair of Finance, and the Governor for moving this bill as quickly as possible. I know it will come as welcome news to the parents, teachers, and the community, that we are working to help address the lead pipe issue that is prevalent in Lahainaluna High School and other schools across the state."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3098, SD 1, HD 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE DEPARTMENT OF EDUCATION FOR LEAD ABATEMENT," passed Third Reading by a vote of 50 ayes, with Representative Lowen being excused.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3092, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Matayoshi rose to speak in support of the measure with reservations, stating:

"With reservations, brief comment. The State is an incredibly deep pocket when it comes to lawsuits. I'm really worried that making the State liable for the actions of students, even if they are in this kind of commercial enterprise

activity, this is very risky to the State. We give them no training, no sexual harassment training, no any kind of other training that state employees are required to get. There's a lot less supervision than a lot of state employees have in their jobs and duties. And there's also just a lot less accountability for these students in these positions, unlike a state employee who has their job and maybe pension at stake. So, because of that, I'm with reservations. Thank you."

Representative Woodson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I appreciate the Vice Chair's comments with regards to the potential extension of liability to the State. That is true, but it is for the benefit of our kids, it's for the benefit of our students. This proposal seeks to establish legal mechanisms needed to make sure that these particular commercialization programs are successful. And we know that we've seen that these programs increase entrepreneurship ability for our kids, we know that the type of learning that is happening is interdisciplinary, defined as we have English, math, science, art, all happening at the same time. And the research shows us that, per this type of learning, that students are engaging and retaining the information at a much higher rate.

"And so, what this means in real life application is, let's just say that you have a robust farm to school program at one of our local high schools. They put together a business plan they define as the students, the students then present this business plan to a local grocery store. The local grocery store accepts, and students are now selling product in this local grocery store. Someone gets sick, this bill would afford those students additional protections. So, we are providing our kids with protection so they can receive this higher level of learning.

"Secondly, it has a dualistic purpose, Mr. Speaker. And that is, a lot of these businesses want assurances that if they work or they partner up with our schools, again, we want to encourage that from happening. They want to make sure that they are not liable for any potential lawsuit. So, this shifts that responsibility, that legal responsibility, to the State. And so, if we say that our kids are our future, let's add this provision so that they can have this additional protection for our kids. And so, for that reason and others, I stand in strong support. Thank you."

Representative Ganaden rose in support of the measure and asked that the remarks of Representative Woodson be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Thank you, with reservations. I certainly applaud the intent of the measure. I just am skeptical and share the Representative from Kaneohe's concerns, and I would like the words of that representative entered in the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2021, SD 1, HD 2 pass Third Reading, seconded by Representative Morikawa.

At this time, Representative Ward offered Floor Amendment No. 1, amending S.B. No. 2021, SD 1, HD 2 as follows:

SECTION 1. Senate Bill No. 2021, S.D. 1 H.D. 2, is amended by amending Section 2 to read as follows:

"SECTION 2. Section 10-13.5, Hawaii Revised Statutes, is amended to read as follows:

"§10-13.5 Use of public land trust proceeds. Twenty per cent of all funds derived from the public land trust, described in section 10-3, or \$21,500,000 from the trust, whichever is greater, shall be transferred to the office in fiscal year 2022-2023, and each fiscal year thereafter, and expended by the office[~~as defined in section 10-2,~~] for the purposes of this chapter. The moneys transferred pursuant to this subsection shall constitute the annual pro rata share of public land trust proceeds due and owing to the office.

For purposes of this section, "all funds derived from the public land trust" shall mean the same as "total gross receipts."

Representative Ward moved that Floor Amendment No. 1 be adopted, seconded by Representative McDermott.

At this time, the Chair stated:

"By agreement of the parties, we'll limit debate on the floor amendment to three speeches, one in support, second in opposition, and a third for rebuttal."

Representative Ward rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I know the parameters make this a short debate, but this one probably deserves debate for the third power because it's been debated for 44 years. Mr. Speaker, the history of this bill, which is being amended, is because of the confusion of what 'all' means. If you remember,

President Clinton said, what depends on what 'is' is, and this is what depends on what 'all' is.

"And here's the issue. In 1978, the Office of Hawaiian Affairs was created. Two years later, this body, this legislature, says, hey, you guys should have 20% of all the derived income from the public lands. Mr. Speaker, now we fast forward. What has taken place in the last 44 years is that basically 'all' has been dependent upon the term defined as 'net.' Net means, and some of you are businesspeople, when you have your gross sales, all of the sales, then you pull out your expenses and then you get net.

"So, what this bill is about, and I commend that it's been a long way coming this far and I commend the Finance Chair for actually bringing it back to being 'all' rather than 'net.' But Mr. Speaker, 'all' is still confusing. So, the floor amendment is so simple, so much about one word, 'all.' And it says, as this is the only way the floor amendment makes any meaning or purpose, is that, for purposes of this section, all funds derived from the public trust shall mean the same as total gross receipts. Total gross receipts means all gross receipts, no expenses subtracted, no administrative fees subtracted, no net.

"Mr. Speaker, the point is, this has been a long battle since the formation of OHA and I think it's time that we pay up, if you will. And I'm not going to talk about DHHL and we've never paid for the housing for the Hawaiians. But it's time that we do justice for the Hawaiian community. Some of you will remember that in the '70s and the '80s, we had a Hawaiian renaissance. Presently, Mr. Speaker, there is a Hawaiian renaissance 2.0 and it's political. There's a rising up. And I would ask all my colleagues to vote for this, to give credibility to the new Hawaiian community that's rising up but demanding that, hey, this is the law, you guys haven't done it, now let's do it. So, let's make 'all' clear that it means gross and not net, it's that simple. And I look forward to the debate that follows with this amendment. Thank you, Mr. Speaker."

Representative Luke rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In strong opposition. This bill, Senate Bill 2021, Senate Draft 1, House Draft 3, with the concurrence of the Judiciary Committee and Judiciary Chair, we have worked very closely with Office of Hawaiian Affairs to put in what is in House Draft 3. I have spoken to the executive director of Office of Hawaiian Affairs, and she relayed to me that the introducer of the floor amendment has not consulted with OHA. My recommendation is, when we're dealing with Office of Hawaiian Affairs and the affairs of Hawaiian affairs, we consult with the people who are directly impacted.

"The language in the bill already corrects what the floor amendment addresses. The devastating part about this floor amendment is this, it specifically eliminates 'as defined in section 10-2.' What that means is the expenditure of money, when it's expended by the office, it eliminates the Office of Hawaiian Affairs. So, now it creates confusion of who will receive this money and who will expend this money. It could be any office at this point if we don't make it specific that Office of Hawaiian Affairs is the one who should be receiving this money. That is why it's even more important to consult with Office of Hawaiian Affairs to make sure that language that is being adjusted does not severely hurt Office of Hawaiian Affairs and dismantle this thing. So, thank you very much. So I encourage every member to vote no."

Representative Ward rose to respond, stating:

"Thank you, Mr. Speaker. We know the argument of apples and oranges, I think that's what we've just heard, we heard about apples and oranges. The fact is, OHA, whether you're Hawaiian in OHA or outside of OHA, wants 20% of the public lands. This bill does not say that. Gross proceeds is what the issue is all about. And if there was a 44-year track record of genuine intent to fulfill it, we wouldn't be here today, Mr. Speaker.

"So, what we've heard is obfuscation and ways of delaying, kicking the can down the road, saying, well, look Hawaiians, you're not ready for the gross proceeds. And look, it'll get voted down. But remember, this is going to go down in the history of the Hawaiian community that we had a chance to say genuinely in this bill that they deserve 20% and not an obfuscation and not a way of saying, well, we really didn't do this. Ward, you didn't talk

to the Office of Hawaiian Affairs. I've talked to the Hawaiians for years and years and years, and they had not been given the 20%. That's what this bill is all about, and that's why defining it as 'all' is what the amendment will make very clear, it means gross and not net. For those reasons, Mr. Speaker, I wish everybody to vote for the Hawaiian community by saying yes and not no on this amendment. Thank you."

The motion that Floor Amendment No. 1, amending S.B. No. 2021, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO RELATING TO INCREASING THE PAYMENT AMOUNT FOR THE OFFICE OF HAWAIIAN AFFAIRS' PRO RATA SHARE OF THE PUBLIC LAND TRUST," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry, with Representative Matsumoto being excused.

(Main Motion)

Representative Holt rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. So, it is definitely up to the Legislature to define what is owed to Hawaiians. In 2001, the Hawaii Supreme Court ruled in Office of Hawaiian Affairs vs. the State of Hawaii, OHA won, that Act 304 was effectively repealed by its own terms so that it once again was necessary for the Legislature to clarify the Office of Hawaiian Affairs' constitutional pro rata share and the statutory allocation of the 20% of all funds to be managed and administered by the Office of Hawaiian Affairs.

"In its decision, the Hawaii Supreme Court affirmed Yamasaki observing, 'the State's obligation to native Hawaiians is firmly established in our constitution. How the State satisfies that constitutional obligation requires policy decisions that are primarily within the authority and expertise of the legislative branch. As such, it is incumbent upon the legislature to enact legislation that gives effect to the right of native Hawaiians to benefit from the ceded lands trust. See Haw. Const. art. XVI, § 7. ...[W]e trust that the legislature will re-examine the State's constitutional obligation to native Hawaiians and the purpose of HRS § 10-13.5 and enact legislation that most effectively and responsibly meets those obligations.'

"So, again, in 2006, Office of Hawaiian Affairs vs. the State of Hawaii, OHA II, the Supreme Court was consistent in its ruling in OHA I, 'it is incumbent upon the legislature to enact legislation that gives effect to the right of native Hawaiians to benefit from the ceded lands trust.'

"So, subsequently, the Legislature enacted Act 178, Session Laws of 2006, which took effect on June 7, 2006, and specifically acknowledged that, 'the State's obligation to native Hawaiians is firmly established in the state constitution.' So, that's the year that \$15.1 million was set for the interim amount that was paid to OHA, 2006.

"So, I'm glad that we're here in 2022 finally updating the amount to OHA, but we still have a long way to go. Twenty one point five million dollars, while a great step forward, thank you to the Judiciary & Hawaiian Affairs Chair as well as Finance Chair for moving this bill forward, but by the DLNR's last accounting, the ceded land revenues are \$205 million, and 20% of that is \$41.75 million.

"Why is this important? I think we all got this testimony from a student named Hema Watson. He's submitted a letter on behalf of Ka Leo O Nā 'Ōpio in a collaboration of individuals and organizations dedicated to Native Hawaiian youth civic engagement. I'll just read the end part. 'If we had been granted this money before, I believe my people would not be stuck where they are right now, as deep as they are right now. Why do our programs lack funding? Why do we have a shortage of educated Hawaiians? Why do we ask and not receive? It sickens me to know how severely starved we are as a community and how vehemently we have been denied growth and proper healing.'

"So, I agree with him, and I urge you to support Senate Bill 2021, SD 1, HD 3, so that we as *kānaka maoli* can begin to build up ourselves, rise as a collective, and become a more *pono* Hawaii. Thank you, Mr. Speaker."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Senate Bill 2021, Senate Draft 1, House Draft 2 now statutorily sets the allocation from the gross revenues from 15.1 to 21.5. Let me just make it clear that even the 15.1 has

been an interim measure, and I wanted to make it clear that on page 8, when we say, 'the moneys transferred pursuant to this subsection shall constitute the annual pro rata share,' but I wanted to put in the legislative intent that the intent is to make this a interim pro rata share as the working group continues to figure out and work together on what is owed to Office of Hawaiian Affairs, not just in back pay but in the future as well. Thank you very much."

Representative Todd rose to speak in support of the measure, stating:

"Thank you, in support. This has been something that a lot of people have been working on for a number of years, dating back to definitely before I was in the Legislature. And I think this is definitely a big step in the right direction, and I'm really encouraged by a lot of the language that was reinserted or inserted for the first time at the Finance Committee. And so, I'd like to thank the Finance Chair and also the Hawaiian Caucus Chair for advancing this issue."

"I think one of the big concerns that arose during testimony was that the departments kind of do whatever they want. They define proceeds however they want, they define what they feel like they should pay us. Some departments pay \$0, some pay 20% of what they feel they owe. So, none of it really makes any sense. So, I'm hopeful that the working group will find more clear definitions, and that this figure is indeed something that is temporary and hopefully much more temporary than the original 15 was and proved to be."

"So, I think just in general, this is something we can feel good about as it goes forward, provided that that working group actually holds these departments accountable. I think it was pretty disturbing, in fact, hearing the testimony from DLNR specifically in what they feel like they owe or what they feel they're obligated to give. And I think just in general, we can all agree that there's way too much open for interpretation. So, I'm hopeful that that will not be the case going forward. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Half a loaf is better than a full loaf, if you can't get a full loaf you get a half a loaf. So, this bill is good. And I know I don't feel comfortable, some people don't feel comfortable doing math in public. But as DLNR has set out that the revenues in the total proceeds from the public lands is \$400 million, 20% of \$400 million, do the math, is \$41 million, \$40 million."

"This bill says, hey, we're going to bump you up from 15 to 21 to maybe 31, but it still doesn't go to the 20%, Mr. Speaker. So, we're talking out of two sides of our mouth. We're saying we're going to give you 20%, it's in the bill, but actually when it comes over to giving the cash, it doesn't add up. So, Mr. Speaker, do the math, it's very simple. We need to say gross and gross only, not the net in all these other sort of creeping up to being what we otherwise should have fulfilled 44 years ago. Thank you."

Representative B. Kobayashi rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I think that the working group portion of this bill is very, very important. The bigger picture is this, public land trust moneys should go to support five different purposes. The betterment of Native Hawaiians is one of those five. And the Legislature has given Native Hawaiians special access to this public land trust money. But remember, there are four other purposes that public lands should benefit. And these are very important purposes. So, let's not cut off our nose to spite our face."

"We want to support purpose number one, public schools and other public education institutions, a la University of Hawaii, which gives over a half million dollars per year to Office of Hawaiian Affairs. Betterment of Native Hawaiians is purpose number two. And if my memory serves, purpose number three would be farms and homeownership. Again, a very important matter. Purpose number four would be public infrastructure, which includes everybody, including public infrastructure that helps Native Hawaiians. And purpose number five is even broader, lands for public use, which includes everybody, including Native Hawaiians. So, let's be careful that we also remember that there are four purposes for public land trust, and we need to support them all. Thank you."

Representative Holt rose to respond, stating:

"Thank you, Mr. Speaker. Still in support. The second purpose was the only one that a body was created, the Office of Hawaiian Affairs, to house the 20% of funding. Education gets way more than 20% of that funding. And as the Representative from Hilo mentioned, some of the departments said, if we have to give OHA their money, then what are we going to do? Well, they can ask for money in other ways. OHA only has this funding method and it's constitutional. The SLDF, we don't even know what they do with their money. Audits came back that they do whatever they want. So, we need to follow our constitutional mandate, give them the 20% and let them deal with it. Thank you, Mr. Speaker."

Representative Ward rose in support of the measure and asked that the remarks of Representative Holt be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Perruso rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3189, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO GAMBLING," passed Third Reading by a vote of 48 ayes to 2 noes, with Representative Perruso voting aye with reservations, with Representatives Kapela and McDermott voting no, and with Representative Lowen being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 2023-22) recommending that S.B. No. 2473, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2473, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Wildberger rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Perruso rose to speak in opposition to the measure, stating:

"In strong opposition. Mr. Speaker, I greatly appreciate the efforts of my colleagues and their work listening, asking questions, reading documents as part of the investigatory committee that looked into the audit of ADC. And we did develop legislation. I'm sad to say that that legislation died before getting a final hearing in its last committee on the Senate side. And I recognize that some of the reforms, in a watered-down way, have been included in this measure that also addresses the question of ADC.

"I want to say that my opposition comes from, really, two kinds of considerations. And the first is, I think it matters who we listen to when we make policy. And all the small farmers who provided testimony oppose this measure because it transfers ADC to DBEDT, away from the Department of Agriculture. Similarly, the Farm Bureau, which represents the larger farmers, also opposed that component of this measure. So, I think listening to farmers, this doesn't make sense because the work that ADC does is primarily around land management, and DBEDT does not have any experience in this area.

"And secondly, I am also concerned that the focus of oversight shifts. So, for ADC, so any bills in the future moving forward won't come to the Agriculture Committee. And I think the agricultural community expects to have those conversations with us. We're developing a certain level of knowledge about license agreements and land management and healthy soil practices, and I think ADC really needs to be part of those conversations. So, for those reasons, I oppose this measure."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I want to thank the Chair of the Agriculture Committee for working on this measure. Mr. Speaker, according to the audit investigatory committee report, 'the Committee made findings and recommendations related to updating ADC's authorizing statute, strategic planning efforts by ADC, greater oversight of ADC's Executive Director by the ADC Board, strengthening ADC's policies and procedures, and improving ADC's financial and accounting practices.'

"Senate Bill 2473, Senate Draft 2, House Draft 2 remains a work in progress, but already delivers on all of these recommendations listed in the report.

"I look forward to this bill moving forward as this legislature continues to advance initiatives, not just on the Agribusiness Development Corporation, but on all other agricultural initiatives as we look to improve and increase local food production and local food consumption. Goals that this body has already determined since last session are very important strategic goals for our state. Thank you, Mr. Speaker."

Representative LoPresti rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2473, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ECONOMIC DEVELOPMENT," passed Third Reading by a vote of 46 ayes to 4 noes, with Representatives LoPresti and Wildberger voting aye with reservations, with Representatives Kapela, D. Kobayashi, McKelvey, and Perruso voting no, and with Representative Lowen being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 2024-22) recommending that S.B. No. 2837, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2837, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Wildberger rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition please. While I'm a huge animal advocate, I feel like we're not doing enough as the state to tackle the challenges that feral animals are having on our *āina*. Whether you're talking about ungulates that are decimating agriculture or creating damaging runoff on our reefs, or nuisance by feral chickens, or disease spreading feral felines. We think we've got to get serious about this.

"And while trap, neuter, release is very popular with people whose, in my opinion, misguided efforts to feed animals but not provide for their health care is simply creating and perpetuating the spreading disease and suffering of animals on our lands. So, in strong opposition and I hope that next year we can do a little bit more to address these challenges. Thank you."

Representative Nakamura rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I stand in opposition to the bill and ask that the words of the Representative from Kihei be entered into the Journal as my own," and the Chair "so ordered." (By reference only.)

Representative Nakamura continued, stating:

"I also have a few comments. There are two national wildlife refuges in District 14, the Kilauea Point Wildlife Refuge and the Hanalei National Wildlife Refuge. Both are sanctuaries for endangered birds and plants. Over a three-year period, the Hanalei National Wildlife Refuge attributed the deaths of 252 endangered waterbirds, the Hawaiian common gallinule, Hawaiian coot, Hawaiian stilt, Koloa duck, and Pacific golden-plover, to feral cats.

"Nesting seabirds are also at risk. Feral cats are suspected in the deaths of 22 Laysan albatross chicks during a three-year period in 2015. And recently, a feral cat was caught on camera killing and dragging an endangered Hawaiian petrel out of the nest by the Kauai Endangered Seabird Recovery Project. This is a regular occurrence.

"Mr. Speaker, according to the DLNR, cats are the only known reproductive hosts of toxoplasmosis parasite. Toxoplasmosis reproduces in the feline digestive system, and the single cat can excrete 145 billion eggs per year in its feces. Once released into the environment, these eggs can infect other animals, including humans, both on land and in the ocean. Toxoplasmosis parasites create cysts in the muscle and organ tissues and can cause inflammation in the human heart, liver, and brain. And to date, there have been 15 endangered Hawaiian monk seal deaths that are attributed to toxoplasmosis infection.

"In humans, toxoplasmosis can impact the human system and has been known to primarily impact pregnant women and unborn children. During pregnancy, this infection can result in severe damage to the unborn child, cause miscarriage, stillbirth, and substantial birth defects.

"SB 2837, Mr. Speaker, does not make exceptions for culturally sensitive areas such as salt ponds in Hanapepe. It does not take into account sensitive seabird habitat nesting areas, and does not avoid areas where our monk seals hang out.

"Our federal, state, and county governments are doing everything they can to save our native birds. The County of Kauai has installed shielded lights at county parks and pays the state government \$10,000 for every downed shearwater. For over four years, night football games, high school football games, were canceled to protect our birds from light disorientation during fledging season. Our Kauai Island Utility Cooperative, cruise ships, and resort properties have habitat conservation plans and measures to reduce endangered bird takes on Kauai. Passage of SB 2837 will undo many of the efforts to address endangered birds on Kauai and throughout the state.

"Mr. Speaker, we all acknowledge the need to control feral cat colonies. Because this is a polarizing issue, we must bring stakeholders together and have the needed conversation on how to reduce feral cat populations. I believe the common ground is that cat abandonment has to stop because it perpetuates this vicious cycle. This is a difficult conversation that will require professional facilitation to make happen.

"Mr. Speaker, the assertion that colonies will phase out over time with a trap, neuter, release policy has not been proven in Hawaii. So, a pilot program is needed before we adopt this policy statewide. And such a pilot program would fund the trap, neuter, release of feral cats in specific areas, require the consent of landowners for a feral cat colony, require feeders to register cat colonies and make quarterly reports, and monitor the phasing out of colonies over time."

Representative Ichiyama rose to yield her time, and the Chair "so ordered."

Representative Nakamura continued, stating:

"Thank you. Mr. Speaker, this bill is premature and will have dire consequences for Hawaii's native bird and aquatic species, expose the State to liability under the Endangered Species Act, and negatively impact human health. Thank you."

Representative LoPresti rose to speak in opposition to the measure, stating:

"Thank you, in opposition. I would like the words of the previous two speakers entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative LoPresti continued, stating:

"And I'd simply like to add that what this bill is proposing to do, Mr. Speaker, is to create a policy, a state policy of releasing an invasive species back onto the *ʻāina*. That's at the heart of what this is. It's creating state policy to release an invasive species back into the environment.

"This body can no longer reasonably claim to both support endangered species and enable the sustainability and growth of cat colonies, which TNR does. TNR is scientifically proven not to work, except in exceptional circumstances. And we need to take a few steps back and reexamine this issue. Thank you."

Representative Holt rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. May I have the words of the previous speaker inserted into the Journal as if they were my own. In opposition. And I'd also just like to quickly note that I think it's unfeasible for us to task our already strapped Department of Land and Natural Resources to do a statewide cat count. Thank you," and the Chair "so ordered." (By reference only.)

Representative Todd rose to speak in opposition to the measure, stating:

"Thank you, in opposition. A wise man once said that a half a loaf is better than a full loaf, if you can't get a full loaf. This bill is a half a loaf, and in this case, I disagree, we'd be better off passing nothing. It sets a very dangerous state policy. I did a quick Google on how many cats are in Hawaii, and the number is way more than I expected. The best estimates right now are roughly two million feral cats. That is a lot.

"I'm a cat guy. I have two cats. I have three feral cats that live at my house and we feed, they live outside of my ramp. We got them spayed and neutered. They scratched my wife to crazy to bits, and that's kind of what it takes to make this happen. There's no way you're going to spay and neuter your way out of two million cats, as the feral cat problem. It's not physically

or fiscally possible. This is a half loaf at best, and probably not even that, probably a quarter loaf. Thank you."

Representative B. Kobayashi rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. In committee, I voted no. But in the long run, I'd like to see feral cats reduced by any means possible. I would think that given the restrictions of the title, we can only concentrate on one methodology for reducing feral cats. But I think it's obvious that different areas could benefit from different methodologies of reducing the cat population. In this case, I will settle for even a quarter of a loaf. Thank you."

Representative Matayoshi rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Morikawa rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I just want to express my reservations on this measure. And I know that the Representative from District 14 has done extensive studies on this, and the Kauai County Council, at the time that we were trying to address it. And it is definitely something that we need to put high on our list of priorities. Thank you."

Representative Perruso rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Sayama rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations, brief comments. I'm not convinced that spayed and neutered is the best policy to address this incredibly vast problem, as the Representative from Hilo mentioned. However, I don't mind if taxpayers who want to pursue this policy give in to this special fund, rather than the State having to unnecessarily fund it every year through GIA grants. So, if people want to pay for this policy, they'll feel free to do so, but I certainly won't be checking off that box in my tax forms. I strongly look forward to further discussions on different alternatives we could address this pressing problem for our environment and for our communities. Thank you."

Representative LoPresti rose to respond, stating:

"Still in opposition. I just would be remiss if I didn't mention, as some of my former colleagues had, is that I love cats too. I grew up with cats. When I was a child, I think I had four or five cats from the time I was a kid till I went to high school. So, this isn't a cat hating vote. And for the record, I'd like to put their names in the record, it was Six Toes, Magic, Tiger, and Goldie. I love those cats, but we need to do something."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The Chair then stated:

"Members, please note that this bill may not yet be purr-fect, but it will go to conference committee."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2837, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE SPAYING AND NEUTERING OF ANIMALS," passed Third Reading by a vote of 37 ayes to 13 noes, with Representatives B. Kobayashi, Matayoshi, Morikawa, Perruso, Sayama, and Tokioka voting aye with reservations, with Representatives Gates, Hashimoto, Holt, Kapela, LoPresti, Matsumoto, Nakamura, Quinlan, Takumi, Tam, Todd, Wildberger, and Woodson voting no, and with Representative Lowen being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 2027-22) recommending that S.B. No. 3289, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3289, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Nakamura rose to speak in support of the measure, stating:

"In support. Thank you, Mr. Speaker. I just wanted to thank and recognize the Chair of Department of Labor and Tourism and the Chair of the Finance Committee to put this bill forward. I'd also like to recognize the Association for Retarded Citizens for their tireless advocacy, their leadership. And I think we will all, Mr. Speaker, benefit, I think all working people will benefit from this bill because it gives them a tool, a way to save for their retirement in future years. Thank you."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. First off, let me just thank the organization AARP for their continued efforts on this bill. It's been a long journey, and thanks to their participation in the working group to come up with what we have today. Also, let me thank the Labor & Tourism Chair for his advocacy and his work on this bill.

"This bill, initially, I think some of the states have an opt-out provision. I think for the recognition by AARP to understand some of the concerns for an opt-out program has pivoted very quickly and work tirelessly to put together the first in the nation opt-in program. The opt-in program here, what we see today, is special only because it also provides an incentive program to allow for members of the public who are not currently in any type of employment-related retirement system to be part of this group to help save for their future.

"The opt-in program in this bill provides \$25 million, which is \$500 for the first 50,000 people who will participate in this program. Even with an opt-out program, the estimated number that we were looking at was around 60,000-something. So, I think if this program is successful, then we would probably see equivalent measures and equivalent participation.

"What is interesting about this program is it reduces the administrative burden. In an opt-out program, some of the administration and what we have seen is the administration and the agency spent a significant amount of time with paperwork to try to process individuals. In this situation, we have individuals, hopefully with a lot of education and outreach by the department, will gladly join this program.

"The other thing is, we wanted to just thank a special *mahalo* to Department of Labor for stepping up and wanting to take on this challenge. This is going to be a long process. We anticipate a lot of participation by both the advocacy group and the Department of Labor to make this a successful program. But once it's implemented, we have high hopes for it. So again, *mahalo* to AARP and your steadfast support of this program.

"I would be remiss if I don't also mention the prior Labor Chair for his work, the current CPC Chair, who has worked really diligently on this issue as well. So, a lot of hard work went into this, and it's been a long time coming. But I'm just proud of this body to have worked on this together. And we look forward to continued success in a retirement savings program that benefits the entire state. *Mahalo*."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. If I may have the words of the previous speaker entered into my own, and I would just like to note, this is the kind of bold action that our legislature needs to take and that we've been working on many years, as stated by the previous speaker. I think while this is being supported and advocated for by our senior members of the AARP Hawaii Chapter, this is really a benefit for all young workers. And so, this is about *kūpuna* looking out for those coming behind them. And for those reasons, I stand in very, very strong support of this measure. Thank you, Mr. Speaker."

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I'd also like to thank the AARP for their strong advocacy of this bill. The reminders, I didn't need them, you had me at hello. We have, on Kauai, many seniors in contact with us constantly, and this is one of their priorities. So, thank you for doing what you do. And this bill will do a lot of good things for the people, the seniors, in the future. *Mahalo*."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Also in strong support. And nothing happens in a vacuum, as you know, Mr. Speaker. And right now at the federal level, the U.S. House of Representatives, with bipartisan support, has passed a federal measure that will mirror this measure. And should the U.S. Senate adopt it as well and it be signed into law, this measure before us will actually accompany the federal one and create more of a savings opportunity for our senior citizens who don't belong to a retirement plan already. Thank you."

Representative Sayama rose to speak in support of the measure, stating:

"Thank you. In strong support, Mr. Speaker. I'd like to thank everyone who was involved in this measure, especially the strong advocacy from the AARP. But I'd like to also build upon the Majority Leader's words that this is a measure, a policy, for the young workforce. And so, I really urge that the young workforce look at this policy and take advantage of it. And I hope that through stronger financial literacy education, that we would be able to have more participants in our retirement savings program. Thank you."

Representative Tam rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. As an aspiring *kupuna*, I definitely support this bill because it will help a lot of young people be able to fulfill the dream of retiring in their home. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3289, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HAWAII RETIREMENT SAVINGS," passed Third Reading by a vote of 49 ayes to 1 no, with Representative McDermott voting no, and with Representative Lowen being excused.

At 10:33 a.m., the Chair noted that the following bills passed Third Reading:

At 10:33 a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:38 a.m.

THIRD READING

S.B. No. 2163, HD 1:

Representative Belatti moved that S.B. No. 2163, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 2163, HD 1, entitled: "A BILL FOR AN ACT RELATING TO NEGLIGENT HOMICIDE," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Tokioka voting aye with reservations, and with Representative D. Kobayashi voting no.

S.B. No. 2347, SD 1, HD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.B. No. 2347, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONSTITUTIONAL AMENDMENTS," passed Third Reading by a vote of 51 ayes.

S.B. No. 555, SD 1, HD 1:

Representative Belatti moved that S.B. No. 555, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Matayoshi rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matayoshi's written remarks are as follows:

"I want to make it clear that the 'regular session or special session of the state legislature' referred to in this bill is only when both chambers are in session. This does not include times when just the Senate is in session for confirmation votes. Article 3, Section 1 of the Hawaii Constitution defines the 'legislature' as 'two houses, a senate and a house of representatives.' Thus, for this bill, the 'state legislature' is in session or special session only when both chambers are in session.

"Also, if the concern is that public officials should not fundraise while making legislative decisions, it is odd that the county councils and other offices are tied to the state legislature's session when their decision-making does not align with that time period."

The motion was put to vote by the Chair and carried, and S.B. No. 555, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN FUNDRAISING," passed Third Reading by a vote of 51 ayes, with Representative Matayoshi voting aye with reservations.

S.B. No. 775, SD 2, HD 1:

Representative Belatti moved that S.B. No. 775, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Tarnas rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Nakamura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 775, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE TRANSIENT ACCOMMODATIONS TAX," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Nakamura and Tarnas voting aye with reservations, and with Representatives McDermott and Takumi voting no.

S.B. No. 514, SD 1, HD 1:

Representative Belatti moved that S.B. No. 514, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

At this time, Representative Ward offered Floor Amendment No. 2, amending S.B. No. 514, SD 1, HD 1 as follows:

SECTION 1. Senate Bill No. 514, S.D. 1 H.D. 1, is amended by amending Section 3 to read as follows:

"SECTION 3. (a) There shall be allowed to each qualifying resident taxpayer who files an individual income tax return for the 2021 taxable year, a one-time general income tax refund that shall be refunded. The refund provided under this Act shall not be used to offset any tax liability under title 14, Hawaii Revised Statutes, of the qualifying resident taxpayer.

The amount of the refund shall be \$1,361 multiplied by the number of qualified exemptions to which the qualifying taxpayer is entitled; provided that, for the purposes of this refund, multiple exemptions shall not be allowed based on age or deficiencies in vision, hearing, or other disability. This amount reflects approximately one-third of the state's

nearly four billion dollar budget windfall, divided among the 734,673 taxpayers.

(b) As used in this section, "qualifying resident 21 taxpayer" means an individual taxpayer who has been a resident of the State, as defined in section 235-1, Hawaii Revised Statutes, for at least nine months regardless of whether the resident was physically in the State for nine months. "Qualifying resident taxpayer" shall not include any person who is claimed or is otherwise eligible to be claimed as a dependent by another taxpayer for federal or Hawaii state individual income tax purposes.

(c) The refund shall not be available for:

(1) Any person who has been convicted of a felony and who has been committed to prison and has been physically confined for the full taxable year;

(2) Any person who would otherwise be eligible to be claimed as a dependent but who has been committed to a youth correctional facility and has resided at the facility for the full taxable year; or

(3) Any misdemeanor who has been committed to jail and has been physically confined for the full taxable year.

(d) The refund shall only be allowed for qualifying resident taxpayers who file a state income tax return for the 2021 taxable year on or before December 31, 2022. Failure to comply with this filing requirement shall constitute a waiver of the right to claim the refund provided under this Act.

Representative Ward moved that Floor Amendment No. 2 be adopted, seconded by Representative McDermott.

Representative Ward rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. This has been a very robust discussion about things that affects the AARP, the *kūpuna*. This one affects everybody in the State of Hawaii, Mr. Speaker. This is an amendment for what otherwise was symbolic, i.e. the governor wanted to give \$100. And I understand the Chair of Finance said, well, let's make it \$300. This amendment says, let's make it real, let's make it substantive, let's not make it symbolic, but real.

"And it's based upon the figures that the study done by the foundation, the Grassroot Institute. And they said, look, there are 734,000 taxpayers, and we should be giving at least a third or a billion dollars of our surplus. And Mr. Speaker, if you recall in the beginning, the Constitution said every surplus over two years has to go entirely to the people. Mr. Speaker, we are being very shortchanged on what constitution. I know we've amended it and we've done other things. But this one is to say, let's make it according to what the grassroots says and give \$1,361. That's \$1 billion divided by 734,673 taxpayers.

"This is the fair way to go, Mr. Speaker. Our people are hurting. Often I speak on this floor, we have the equivalent of 48% in the ALICE study saying we are at the poverty level, we are one paycheck away. This would be real and substantive, not symbolic of a hundred or a couple of hundred, \$300. It would be that which people will remember this session for the generosity of this session. It would be a real refund of \$1,361, and this amendment would show we're serious. That is for the people of Hawaii. And Mr. speaker, the bottom line is this. This is their money, not our money. Let's give it back to the people it belongs to. Thank you, Mr. Speaker."

Representative Luke rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In strong opposition. First of all, I disagree with what the Representative of Hawaii Kai is insinuating as a surplus. Mr. Speaker, we are here to do our job and we are here to balance. And one of the things, what do we say in the beginning of session and what do we say during our budget speech? With any type of funds and surplus funds we have, the number one thing that we committed to doing this year is to help Native Hawaiians. The \$600 million commitment to DHHL, and in addition to that, the budget also provides not just \$600 million, it also provides significant amount for lot development.

"The significant thing of that and, also raising the pro rata share of Office of Hawaiian Affairs from the initial amount to what it is now, those are

significant things. And I think for the body, the preference is to take care of these needs that have been unmet for many, many years. It is our obligation to take care of these needs so that the future generation and future legislators don't have to deal with some of these things that we have a responsibility to do.

"The other thing that this body is committed to doing is making the EITC permanent and refundable. That comes with a price tag of \$50 million. But I think there is a commitment by this body to take care of the most vulnerable population of this state. In addition to that, we're talking about affordable housing. The amount that we have invested in affordable housing for the last 10 years in putting about \$300 million has generated 10,000 units. This year, because of the aggressive efforts by the Housing Chair, we are looking at putting aside significant amount again for affordable housing.

"How about for our schools? In fact, the Hawaii Kai Representative just recently talked about needing AC in all the schools. Why would we jeopardize putting school supplies and AC in our schools just so that we can take care of some of, we have a responsibility to take care of many of the needs. Reinstating adult dental, this is something that was lost in 2009, but it comes with a price tag as well. Mr. Speaker, we have a constitutional duty to take care of our vulnerable population, and we have a constitutional duty to take care of and balance the needs of the State. So as such, I strongly oppose this measure. And I think first and foremost, we need to make sure that we have money set aside for DHHL before we make any other commitments. Thank you very much."

Representative Ward rose to respond, stating:

"Thank you, Mr. Speaker. Still in support, I'm not convinced yet. The favorite German word I have is called *zeitgeist*, the spirit of the moment. People struggling to get gas in their car at \$5-plus a gallon, to pay food that is inflationary. I went to Costco the other day and beef was like \$37 a pound. Can you imagine if you're a struggling family, how inflation, the highest in the last 40 years, is taking toll? The spirit of the moment is people need help.

"Of course, though, I appreciate what you said about the Native Hawaiians is prioritized, \$600 million. But there's another 734,000 taxpayers out there who are really struggling. And I keep citing the fact that we are good at feral cats, we're good at doing, we had a bill that was on the consent calendar that says, hey, if you're on the beach, you can't put many chairs. We're down in the minutiae, but for the big economic issues, Mr. Speaker, we let that stuff go by.

"I give you the example time and again. It's a guy who's got a job, he's got eight kids, three he can afford to feed, two are on rations, and the other three, it's got to be total government soup lines, subsidies, *et cetera*. We don't have an economy this size to meet the needs of our families. That's the major issue. So, in the meantime, we have these bailout subsidies here and there.

"But now this is a substantive thing rather than symbolic, that is \$1,361. So far, \$100 to \$300 makes it look like virtue signaling. Hey, we did, we gave you guys money back, pat yourself on the back. Mr. Speaker, we need some economic renaissance. And in the meantime, we need to give people a way to make it through when they can barely get their tanks filled, their table filled with food, their refrigerators, and just being able to stay above water. That's the difficulty, that's the *zeitgeist*, that's the spirit of the moment where instead of symbolic, this is actual. It's \$1,361 that we can return to the rightful owners, and that's the 734 taxpayers in the State of Hawaii. Thank you."

H.B. No. 2392, HD 1, (SD 1)

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the rules were suspended for the purpose of considering certain House Bills for Final Reading by consent calendar.

FINAL READING

H.B. No. 2392, HD 1, SD 1:

Representative Belatti moved that H.B. No. 2392, HD 1, SD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Yamane rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Standing in strong support. Mr. Speaker, the state faced a huge health crisis two years ago and we are continuing to address that. Mr. Speaker, the measure before you is an emergency appropriation. I would like to take this opportunity to thank my Co-Chairs in PDP and the Finance Chair working together. Mr. Speaker, we became aware of the concerns about addressing the needs of the people of Hawaii, especially our *keiki* and our *kūpuna*. At that point, we worked with BNF and the Department of Health to make sure that one, we took care of the services for the people of Hawaii. That required money to be addressed and to continue the services to address this pandemic.

"Mr. Speaker, the measure before you has \$171 million in emergency funds. I do want the members to know that the goal is to use state money for that measure now. However, we are going to be seeking FEMA reimbursement for its totality. Mr. Speaker, I do have a brief statement from our director of health. 'The Department of Health is grateful to Speaker Saiki; Chairs Ichiyama, Yamane, and Luke for the collaboration and assistance in introducing and shepherding Representative Yamane's HB 2392 through the legislative process. This bill will enable the Department of Health to recoup funds expended for COVID-19 actions that resulted in Hawaii *keiki* and *kūpuna* experiencing the lowest case rate and the second lowest mortality rate in the United States. Respectfully, Director Dr. Elizabeth Char.' So, Mr. Speaker, thank you for the leadership getting this measure forward, as well as the collaboration with this administration. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.B. No. 2392, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Final Reading by a vote of 51 ayes.

H.B. No. 1339:

Representative Belatti moved that H.B. No. 1339 pass Final Reading, seconded by Representative Morikawa.

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support with just brief comments. House Bill 1339 follows through on Article III, Section 19 of the Hawaii State Constitution, which states in part, subject to the provisions of this paragraph, the legislature may provide for the manner and procedure of removal by impeachment of such officers, i.e., the governor and lieutenant governor.

"What HB 1339 sets forth is the process of articles of impeachment that would have to be initiated and introduced and adopted by this House and that the Senate would be set to prosecute those articles of impeachment. House Bill 1339 also outlines causes for impeachment for the governor and

lieutenant governor for malfeasance in office, corruption, dereliction of duty, or other high crimes or misdemeanors.

"God forbid we should ever have to use or utilize these impeachment statutory provisions, but this is an important measure to ensure accountability as we move forward and as we have seen at the national level where we have in fact seen two impeachment proceedings in recent times. Thank you, Mr. Speaker."

Representative Mizuno rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Mizuno's written remarks are as follows:

"Under Article III, Section 19 of our Constitution, 'the legislature shall by law provide for the manner and procedures of removal by impeachment of the appointive officers.' This applies to another other than the governor and the Lt. governor. There is no language in the Constitution that calls for the legislature to adopt a statute creating procedures for impeachment of the governor or Lt. governor. So this is unnecessary from a procedural standpoint. However, Section 19 also says that the governor and Lt. governor (as well any appointive officer) can be removed upon conviction of impeachment 'for such causes as may be provided by law.' Section 2, therefore is appropriate, but it should be expanded to include appointive officers, not just the governor and Lt. governor."

Representative Tokioka rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. This bill, HB 1339, was passed last session. Went from this chamber over to the other chamber and it sat there and it came back, and when you look at things, and I've been around this legislature for 16 years now, and when you look at bills and an absolutely clean bill comes back in the next session, and we're talking about impeaching two people. This bill talks about other appointed people, but this current language talks about impeaching two people.

"And so, I have some concerns, I have a lot of concerns about that. And other people around this building have commented to me about why do we need this bill. But if we're going to do an impeachment, then I would think that everybody in this chamber, if they're going to impeach somebody, would want it to be done by two thirds of the body, and that language is not in here. It's in the current law. But if we're going to initiate the proceedings, I would want us to have two thirds vote.

"There's a lot of things that in this bill are just kind of odd because it's new language, which contradicts with old language in the bill, in HRS, but it doesn't strike out the old language. And everybody, this is an absolutely clean bill. So, when we vote on this bill, it's done. So for that and other reasons, Mr. Speaker, I'd also like to ask to insert comments into the Journal, additional comments, because I'm thinking this bill is going to pass, but there's some other things I want to say, but I'm not going to prolong this discussion. But, in opposition and I don't think it's necessary. Thank you."

Representative Tokioka's written remarks are as follows:

"Mr. Speaker, I'm trying to find legal justification as to why this bill is unnecessary.

"Art. III Section 19 says that '[t]he legislature shall by law provide for the manner and procedures of removal by impeachment of the appointive officers.' This applies to another other than the governor and the lieutenant governor. There is no language in the Constitution that calls for the legislature to adopt a statute creating procedures for impeachment of the governor or lieutenant governor. So, this is unnecessary from a procedural standpoint.

"However, Section 19 also says that the governor and lieutenant governor (as well as any appointive officer) can be removed upon conviction of impeachment 'for such causes as may be provided by law.' Section 2, therefore, is appropriate (but it should be expanded to include appointive officers, not just the governor and lieutenant governor)."

Representative Okimoto rose in opposition to the measure and asked that the remarks of Representative Tokioka be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Har rose in opposition to the measure and asked that the remarks of Representative Tokioka be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and H.B. No. 1339, entitled: "A BILL FOR AN ACT RELATING TO IMPEACHMENT," passed Final Reading by a vote of 47 ayes to 4 noes, with Representative Mizuno voting aye with reservations, and with Representatives Har, Kong, Okimoto, and Tokioka voting no.

At 10:57 a.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 2392, HD 1, SD 1
H.B. No. 1339

Representative Belatti introduced Martha Saenz, NCSL associate director.

ORDER OF THE DAY

ANNOUNCEMENTS

Representative Kong: "Thank you, Mr. Speaker. Thank you to the members for all of you who are wearing purple, for tomorrow is actually Purple Up Day, but we were requested to wear purple today because tomorrow is a holiday. And this is actually in honor for the children who are families in the military. So, we know all the sacrifices the military members make, but we wanted to honor those because the children themselves make great sacrifices themselves. Thank you very much, Mr. Speaker."

Representative Belatti: "Thank you, Mr. Speaker. I'd like to remind members that Martha will be hosting a lunch meet and greet following floor session at noon in Conference Room 325 and all members are welcome to attend. Thank you, Mr. Speaker."

Representative Ward: "Mr. Speaker, I thank the good gentleman for reminding us that tomorrow is a holiday and I wish everyone Happy Easter."

"I'd just like to stand up in support of this measure and just also to briefly talk about the legacy of my predecessor, Representative Cynthia Thielen, who served here for 30 years. I think she stood as a great example for many of us. And I think her politics actually represent what our country should be. She worked with everyone, she had great relationships, and she was a strong advocate for LGBT rights and women's rights. And so, this resolution is a great step forward, but it doesn't give justice to her legacy. And I just wanted to say a few words in her honor. *Mahalo*."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support for the same reason as the former speaker who is now in the seat of Representative Thielen. Our colleague, back in 1990, Mr. Speaker, she and I used to basically debate the whole House of Representatives. And this is a great honor to her, in addition to all the other things, as known as the hemp lady. And I know Charlotte is in the balcony, who will give her blow-by-blow description of what we're talking about. But so everyone knows that she's very active, of you've read the Star Advertiser recently, she had an op-ed. So, she is as strong as ever. And it's a great honor to honor her again on this floor. Thank you, Mr. Speaker."

Representative Marten rose to speak in support of the measure, stating:

"Also rising in support. I just want to mention that this bike path that she was part of making a reality wasn't something she did as a legislator, it's something she did as a mother and a community member. And this bike path, which runs right by my house, is used by people all over Oahu. People come there to exercise. And it's become this amazing community resource and just goes to show what citizens, neighbors can do when they put their mind to it. And hopefully we will pave the way for them to do things like that. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support. Mr. Speaker, this is a reso regarding the Ukrainian situation, particularly the refugees. First, I want to thank everyone for posting the Ukrainian flag. The Capitol is really ornate in its support, even the Governor put a flag in the front, which is a great honor. But there's a real human crisis going on. Not only are they filling the Poles, that is Poland, with refugees, there's probably about 10% of the population of a population of 40 million, there's probably 4 million refugees throughout the world. Someday soon probably we will have them in Hawaii.

"But in support of this resolution I just want to add one thing in that, when I worked at USAID in the Office of Democracy and Governance, we had a conference in Kyiv, not Kiev, that's the way the Russians say it. I did a jog around the national track and listening to the people of Ukraine, sometimes, Mr. Speaker, it was like they loved democracy and freedom more than we as Americans. They were just so much to the genuineness of what it's about to be a spirit of freedom. And I only say that to say that when we hear President Zelensky start talking about we're going to fight to the end, they really mean that, Mr. Speaker. And this is a great gesture from the State of Hawaii to say, hey, we're with you, we support you, and these refugees hopefully are going to be taken care of."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Also in strong support. And in the spirit of bipartisanship, would like the words of the previous speaker, except for jogging around the capital, entered into the record as if they were my own," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 185, SD 1, entitled: "SENATE CONCURRENT RESOLUTION DENOUNCING RUSSIA'S ACTIONS CAUSING A HUMANITARIAN CRISIS IN UKRAINE AND URGING THE UNITED STATES CONGRESS TO TAKE CONCRETE ACTION TO SUPPORT UKRAINIAN REFUGEES AND TO INCREASE THE REFUGEE LIMITS FOR THE UNITED STATES AND INCREASE FUNDING RELATED TO THOSE EFFORTS," was referred to the Committee on Judiciary & Hawaiian Affairs, with Representatives Ohno and Woodson being excused.

I believe it's somewhat hypocritical for the Legislature of Hawaii, the 50th state, to deny the request of 68% of the population of Washington, D.C. to have their representation before the federal government and to create their own state. This conversation also will lead to prospectively a discussion about statehood for unincorporated territory in Guam and Puerto Rico, which some of us should consider supporting. Thank you."

"Mr. Speaker, standing in support, real brief comments, Mr. Speaker. This measure was actually worked with Department of Health over the last year. We're glad that we made this at this juncture of moving this measure forward. Mr. Speaker, HB 1743 affects public swimming pools, but not in the way that we typically look at oversight of nationally accredited pools. Mr. Speaker, these are pools specifically like the Waikiki Natatorium, Enchanted Lakes, Koko Marina, Lake Wilson, Wai Kai Lagoon, and other

bodies of waters in which there is no defined borders and which impact counties and in our state throughout the islands.

"Mr. Speaker, this was a labor in which everybody came together with a common goal to address these issues throughout our state. And we're glad that this bill is here today in support of what Department of Health is trying to do, protecting all of us. Thank you."

Representative LoPresti rose to disclose a potential conflict of interest, stating:

"Ruling on a potential conflict. This bill directly impacts Hoakalei Resort, where I reside," and the Chair ruled, "no conflict."

Representative LoPresti continued to speak in support of the measure, stating:

"Thank you. In support, then. I support this because the people in my district and my community, my neighborhood, have been waiting for over 10 years to be able to use what is now called the Wai Kai Lagoon, used to be a marina. And they deserve to have access to amenities that they were promised. So, I'd like to see this bill passed so that the people in my community can enjoy some version of amenities that they've been promised. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support, brief comments. As we see democracy being eroded throughout the world, it is so important that we pass this bill and acknowledge the advocates of student journalists across the state who have helped us to come to this point where we can pass the Hawaii Student Journalism Protection Act. Mr. Speaker, again, this is so important as it codifies freedom of speech and freedom of press protections for student journalists across our state. Thank you, Mr. Speaker."

Representative Woodson rose to speak in support of the measure, stating:

"Strong support, Mr. Speaker, and may I have the speaker from the area of Makiki's words adopted into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Ward rose to speak in support of the measure, stating:

"Strong support, Mr. Speaker, brief comment. This issue of student journalism is so important because of the state of journalism now in our state and in our nation and probably in the world, given what's coming out of Moscow of what's not true of what's going on in Ukraine. But the point is that this is a, I talked to the students earlier, there's a censorship and intimidation that these young minds are going through. And I think this is a turning point, if you will, like 13 or 16 other states have it codified in statute that this will be freedom of speech, freedom of writing, and it's a good bill. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 1848, HD 2, SD 1, entitled: "A BILL FOR AN ACT RELATING TO STUDENT JOURNALISM," passed Final Reading by a vote of 47 ayes, with Representatives Holt, Marten, Ohno, and Tokioka being excused.

ANNOUNCEMENTS

Representative Wildberger: "*Mahalo*, Mr. Speaker. Today's the legislators annual Aloha Hemp Friday in honor of our retired colleague, Cynthia Thielen. My thanks to everyone who might be wearing hemp or organic fiber garments today in celebration of all the ways this phenomenally versatile crop can help our environment as well as our local economy.

"You might not know that hemp was one of the first plants to be spun into fiber 50,000 years ago. Hemp is one of the fastest growing plants. Hemp purifies soil and water, removing toxins and heavy metals. Industrial hemp was legalized nationwide by the 2018 Farm Act. And there are over 25,000 uses for hemp, including building materials like hemp crate and insulation, textiles, paper, rope, fabric, fuel oil, plastic alternatives, food and nutritional substance supplements, hemp seed makes a great source of protein, minerals, and fiber, and also lotions, cosmetics, haircare, and more. Please join us in the Rotunda after session if you are interested in taking a group photo. Happy Hemp Aloha Friday. Thank you, Mr. Speaker."

No. 215, SD 1, HD 1 have been re-referred solely to the Committee on Culture & the Arts and Agriculture/Health, Human Services, & Homelessness Committees, respectively. UNFINISHED BUSINESS

Representative Aquino rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Aquino's written remarks are as follows:

"Mr. Speaker, I stand in strong support of Senate Concurrent Resolution 132. By way of Act 266, SLH 2019, the Pamantasan Council was created to assist the state and University of Hawaii in uplifting the Filipino community in academics and career. The Filipino community comprises a quarter of Hawaii's ethnic make-up but does not adequately match that proportion in terms of high education transfer rates between 2- to 4-year institutions, graduation rates, and professional careers. By way of this resolution, the Legislature reaffirms our support and commitment to Hawaii's Filipino community, bringing them one step closer to equity as the council works to develop ways to meet access, diversity, and workforce development goals. It is for these reasons that I stand in support of Senate Concurrent Resolution 132 on behalf of the House members of the Joint Filipino Legislative Caucus."

The motion was put to vote by the Chair and carried, and S.C.R. No. 132, entitled: "REQUESTING THE UNIVERSITY OF HAWAII TO REPORT ON THE PAMANTASAN COUNCIL'S SYSTEMWIDE EFFORTS TO IMPROVE THE STATUS OF FILIPINOS AT THE UNIVERSITY OF HAWAII," was adopted, with Representative Quinlan being excused.

Representative McKelvey's written remarks are as follows:

"Mr. speaker, I stand in strong support of this resolution and want to add my voice to that of the members of the community, insofar as naming the long awaited Kihei high school after Maui's own Patsy T. Mink.

"While there are many people, especially from the South Maui community, who are worthy of this honor, at the end of the day, to name this institution after Ms. Mink is a solid choice given the years of service she has in all levels of government. Although Patsy resided in the Windward side of Oahu when she was elected and served in Congress, she grew up and spent many years here on Maui, especially in South Maui where many of her family members lived and became an indelible part of our Maui Nui community. Her accomplishments are many but as a congresswoman representing Hawaii, she consistently found ways to try to divert federal

dollars to Maui for multiple projects, especially legacy projects for preservation.

"As a staffer in the State Senate, I distinctly remember Patsy Mink pulling down one of the largest ear marks ever, to try to preserve a huge swath of land as a natural area reserve and park for the community, despite opposition from then Republican local leaders determined to turn the area into mega resorts. Although the developers prevailed and we were robbed of this legacy due to her untimely passing, her steadfast determination and dedication in trying to achieve this victory to keep Maui - Maui will always be remembered and serves as a beacon to the many young people who will attend this school for years to come."

"Thank you, Mr. Speaker. Strong support. Members, this is an important resolution. Being part of the Paris Accords is a way for us to battle the impending, if not already occurring, climate change. Mr. Speaker, coal, the demand for coal is being driven to all new highs thanks to the war of attrition that's being waged by Russia against our friends and family in Ukraine. And now more than ever, we need to be a part of the international community to

Representative Ward rose to speak in support of the measure, stating:

"Regarding the Ukrainian refugees, I rise in strong support with a brief comment. Mr. Speaker, we have a profile in courage with President Zelensky. He's not a politician, he's actually being a hero not only for his people, but for the world and for all of us to stand up for what's right, to do it, and at the risk of his own life.

"I think if we remember what happened to the president of Afghanistan after things got a little hot, what did he do? He got in his plane and he jumped across, who knows where he is today, but we know he's safe. He ran away from his people, he ran away from his country, the exact opposite that President Zelensky is doing now. I would like to see him become a Nobel laureate, a Nobel Peace Prize winner.

"But I would also say that the cruelty that the Russians, through Putin, is showing is unconscionable. There was a I think CNN or a Fox News story

that said, it was a Russian lady with a *babushka*, and she was saying, when the Germans were here, they didn't shoot us, they shot the soldiers. But the Russians shoot the civilians. Unconscionable, Mr. Speaker. That is a barbaric thing that I think is not tolerable in a civilized world. And unfortunately, this thing is not going to end, because as long as the Ukrainians live, as long as that spirit of Zelensky lives, Russia is going to have a real fight on its borders continually. Russia is behaving like a pariah, not a civilized nation.

"And I hope with this resolution that we send the signal that, hey, the world doesn't agree with you. Get in step with it, Putin. And we know the Russian people are good people. When they got leadership the way they have it, it's going to be a fearful future.

"And Mr. Speaker, to bring it home, and the off ramp of this is, we in the Pacific, if we have a Chinese Xi Jinping looking at Putin as a type of behavior to emulate and to become like, and he attacks Taiwan, Mr. Speaker, the Pacific is going to blow up again, as it did during World War II. That is my greatest fear, that Taiwan is in jeopardy the way that Ukraine is. For those reasons, Mr. Speaker, this is a great resolution, a great signal to send to the world. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 185, SD 1, entitled: "SENATE CONCURRENT RESOLUTION DENOUNCING RUSSIA'S ACTIONS CAUSING A HUMANITARIAN CRISIS IN UKRAINE AND URGING THE UNITED STATES CONGRESS TO TAKE CONCRETE ACTION TO SUPPORT UKRAINIAN REFUGEES AND TO INCREASE THE REFUGEE LIMITS FOR THE UNITED STATES AND INCREASE FUNDING RELATED TO THOSE EFFORTS," was adopted, with Representative Quinlan being excused.

"With reservations, brief comment. Should the department proceed with this feasibility study, hoping that they consider other advocates for justice who have discussed overlapping jurisdictions in criminal justice as they have in previous concurrent resolutions discussing pretrial reform, Native Hawaiian Justice Task Force report, those kinds of things. This also might

be a bit premature as the Department of Public Safety is currently bifurcating, and it will be having its own sheriffs and enforcement division, most likely after this year. So those are my concerns moving forward. Thanks."

We honored him on this floor several years ago as part of the Vietnam veterans who we never said thank you to when they came home. He was active in many things, a Campbell Estate Trustee, which brought him into numerous,

voluminous charity work, giving back his time, talent, and treasure. He was truly a giver. He will be sorely missed. God bless him and we wish him fair winds and following seas. Thank you."

Representative Ward: "Mr. Speaker, if I may add to my Ewa colleague's comments about Zap, the admiral. And at the appropriate time if we may have a moment of silence for a real gentleman leader and a role model in Hawaii. I think that is probably the best thing I can say. Thank you, Mr. Speaker."

Vice Speaker Mizuno: "Yes, Representative, we will have a moment of silence at the appropriate time."

"At 12:15 p.m. today, our movie star, Mary Rivera, will be at the Father Damien statue for a photo op for the House Members only. So, if you'd like to join us, please come up, 12:15 p.m., Father Damien statue, photo op with Mary Rivera."

ORDER OF THE DAY

ANNOUNCEMENTS

Representative Holt: "Thank you, Mr. Speaker. We're making some great progress in the Hawaiian community this year. We have a lot of big bills moving forward and we just passed a resolution the other day to apologize for the harms done for not allowing people to speak Hawaiian over the past. And then we had an unfortunate reminder of the struggle that the Hawaiians had.

"I always tell people that we still have a lot to go, and it feels weird for me to be reading a Facebook post, but I think it's important because former Governor Ben Cayetano chimed in on the resolution introduced by the Representative from Kailua. And I just would like to read a portion of it because I think it's very unfortunate that we still have people who have this kind of stance in this day and age. 'I'm 83. Attended public schools. Never heard or saw Hawaiian students being beaten or scolded for speaking Hawaiian. In fact, all of my Hawaiian classmates spoke English or pidgin English. Mr. Branco should give specific examples, identify the public schools his great-grandfather was talking about.'

"We're in 2022 and is he calling Representative Branco's grandfather a liar? I wonder, because we've been making lots of progress, lots of progress. And for, this kind of went off last night and people have been messaging me about this and I've been wondering if I should even bring it up because it's a really touchy subject. But as somebody reminded me, there's great harm when a former governor casually dismisses shared experiences because he didn't experience them. So, it's just a reminder that we still have a long way to go, Mr. Speaker, and Hawaiians are still struggling in their own homeland. Thank you."

RE: Extension of Conference Committee Deadline for Conference Reports and Conference Drafts

The deadline to conclude conference negotiations on fiscal bills was established as 6:00 p.m. on April 29, 2022. However, many measures were being negotiated throughout the day, and several conference committees, even though they had reached agreement on much of the substance, did not

have the time to complete their negotiations in detail prior the deadline. We feel that since the conferees reached timely agreement on the general substance, allowing these bills to die based on an internal procedural deadline is not in the best interest of the people of Hawaii.

Pursuant to Rule 13 of the 2022 Joint House and Senate Committees on Conference Procedures, we hereby authorize conference negotiations to continue until 9:00pm this evening.

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Matsumoto and carried, the rules were suspended for the purpose of considering certain House and Senate Bills for Final Reading by consent calendar.

UNFINISHED BUSINESS

Conf. Com. Rep. No. 209-22 and H.B. No. 1600, HD 1, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1600, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Luke rose to speak in support of the measure, stating:

"Mr. Speaker, I rise to speak in favor of House Bill 1600, House Draft 1, Senate Draft 2, Conference Draft 1. This budget includes \$8.7 billion in general funds and \$16.9 billion in all means of financing. It also includes around \$6 billion in capital improvement projects.

"Let me first begin by thanking my staff. It's not only that they work hard, their attention to detail and in-depth knowledge assists me in producing a good work product on behalf of you and the House. I am grateful to each and every one of them and I would not be able to do what I do without them. And although they did not want to come down because they wanted to hide in their offices because that's how they are, can we just give them a round of applause? And one special individual is actually in the media room, that's Nan Kalupahana, if you could stand, he's here so I don't screw up the

numbers. But that's how they are, they make sure that we do the best work and we present the best case for the State of Hawaii. And I think all of us, we have staff members and staff members here and we don't thank them enough. So, thank you on behalf of the House.

"I'd like to thank all the committee chairs, and if all the committee chairs could stand up. Thank you to all the committee chairs for all that you have done. I'm going to look at the ones who gave me the hardest time so I won't get sad. So, if I look at you directly, you know who are, let me see, I'm going to look at some of you guys and go, oh, good God, for the last several days it's been so hard. But I value every single one of you and all the work that you have done, especially the Finance members, thank you very much. So, if we could give these folks a round of applause. Okay, you can sit down because it wasn't all about you.

"And if I could just recognize all the Finance members. They went through a lot the last two years and this year, and it was a roller coaster. And if all the Finance members could stand. And these members were there when the state needed them. These members were there when we had \$3 billion deficit spending, long hours, weekends with me to craft the very hard last two, three years. But what a great day it is today.

"I want to thank Chair Dela Cruz and his staff for the long hours they spent in crafting this budget with us. So if we could give the Senate chairs and Chair Dela Cruz and his staff as well.

"And I specifically want to point out and specifically want to acknowledge GIA Sub-Chair, if you could stand and remain standing. And in spite of his peculiar taste in his dressing and outfit and the fact that we have gotten so much education in how to dress and how not to dress and how to act, it's a wonder that he can read the hundreds and hundreds of applications while he takes his sweet time picking out the exact matching ties and exact matching flower sometimes, and the ascot. So, it's a wonder."

Representative Johanson rose to yield his time, and the Chair "so ordered."

Representative Luke continued, stating:

"I'm amazed that he went through 300-plus applications this year. But I think one of the things we appreciated the most was how fair he was. And he took care of the needs of the entire state in looking at all the many applications that came in. What was telling about the applications this year was that many of the long-standing applications that have never come in for a GIA, have come in this year. That told us how hard it was for some of these organizations to make it through the last two years. And I think that put even more pressure on the GIA Sub-Chair. And so, thank you very much, and he deserves a round of applause.

"And of course, I want to thank the Vice Chair, and if he could stand. I didn't even say anything, what if it was going to be bad? But thank you for his work in passing the CIP budget that provides needed infrastructure for the entire state. But more specifically, he was my rock and he was my guide throughout the whole process. So, I really want to thank him.

"Governor John Waihee was recently quoted as saying this session was a banner year. Banner year for Native Hawaiians. What he actually said was not just a banner year, a billion-dollar year. And I think that deserves a great round of applause. Tyler Gomes, deputy director of DHHL, was very skeptical and was also quoted as saying he was getting ready for a big letdown when we announced in the beginning of the year that we will commit \$600 million, but he was supremely happy with the commitment made at the beginning of session and that the Legislature and this body stuck with it till the end.

"And we are here today, and we did that. When given the opportunity, due to increased revenues, we provided the largest total appropriation in the history of our state for the benefit of Native Hawaiians. I think each and every one of you folks deserve all the credit and for all the things that you have done for the community. So, if you could just stand and just raise your hand and just say, hey, we did it. Stand up, everybody.

"We appropriated \$600 million for DHHL to develop plots, purchase lands, and provide down payment and rent subsidies for individuals on the waitlist. We could have stopped there because a \$600 million commitment is a huge single-year appropriation. But we didn't stop at \$600 million, did

we, Mr. Speaker? Towards the end of session, through the leadership of the Speaker of the House, the State came to a resolution in the Kalima case, which only resulted because of the increased revenues and in having discussion with the Attorney General's Office to nudge the settlement. It resulted in a \$328 million settlement, which we have been unable to resolve for decades. And now we are able to at least look some of these people, the plaintiffs who have been waiting on the waitlist for decades, to say we were able to reach a settlement so that we can try to move forward on many of the people on the waitlist."

Representative Onishi rose to yield his time, and the Chair "so ordered."

Representative Luke continued, stating:

"So, with the \$600 million to DHHL, \$328 million to settle Kalima, we could have stopped there. But we didn't. And if Sylvia Hussey could stand up. For about a decade, the pro rata share of the ceded land revenues to the Office of Hawaiian Affairs remained at \$15.1 million. As no real discussion occurred about ceded lands revenues, this legislature made a decision to reset the amount at \$21.5 million. Not just prospectively, but retroactively, resulting in a one-time payment to the Office of Hawaiian Affairs in the amount of \$64 million.

"And the reason why I wanted to recognize Sylvia Hussey is because this didn't just happen overnight. We could have easily said, hey, the administration and Office of Hawaiian Affairs have not negotiated, but we're just going to nudge them to negotiate, do a working group, and then see if they come out with some resolution in the future. But we didn't do that. It took hours and days of negotiation with Office of Hawaiian Affairs, with Sylvia and Chair Hulu and others talking about what is something that is equitable and fair at this very moment when we have the revenues, because next year we may not be in the same position again. So, we wanted to thank you and Chair Hulu for being available and having a discussion with us to arrive at this decision today.

"But again, that wasn't all. We also provided \$10 million for homestead services and \$20 million for DHHL lot development. Additionally, to support the perpetuation of culture and history, thanks to the work of the Culture & Arts Chair, we provided \$17.5 million to Bishop Museum, \$2 million for ongoing support to Iolani Palace, \$500,000 for Kahoolawe Island Reserve, and permanent funding for Aha Moku Council, and I think Mahealani Cypher is walking around and she may visit you folks because she is so thankful for the commitment of this legislature to make Aha Moku Council ongoing funding permanent.

"For the last several years, we have been discussing how to help the ALICE families. And that was a reminder our Labor Chair constantly reminded us. AUW report found that some of the largest cost drivers for the ALICE population were taxes, housing, and childcare. By making EITC permanent, and stand up Gavin, you know I was pointing at you and Christy, remain standing, don't be shy, by your consistent message and advocacy to making EITC permanent, we, in addition to making EITC permanent and the \$300 tax rebate, your efforts and the efforts of the State House and the Legislature, a family of four this year could potentially have \$1,600 of tax rebates. And thank you for your constant advocacy and your support throughout the many years. Thank you.

"As for housing, thanks to the efforts of the Housing Chair, this legislature is appropriating \$300 million to build rental housing, that will be in another bill, and \$23 million for a \$500-per-month housing subsidy."

Representative Tarnas rose to yield his time, and the Chair "so ordered."

Representative Luke continued, stating:

"And \$5 million for a homeownership program. In addition to the \$600 million in DHHL, this amounts to \$1 billion-worth of government programs that will build rental housing and homeownership for the very needed population within our state. Thank you.

"For early learning expenses, we have been told that half the three- and four-year-olds don't have preschool access. That is about 20,000 kids out there who don't have the ability to be able to go to preschool and other childcare areas. That is why this legislature has appropriated \$200 million to build more preschools in another year. That will amount to about 150 classrooms, equivalent to about over 2,000 additional seats. That will not

take care of all three- and four-year-olds, but it's a huge step forward in a commitment that we made two years ago. And thank you very much for the Legislature and the Senate, especially, for agreeing to the \$200 million to build more preschools. And this year we're also providing \$6.9 million for Preschool Open Doors and provide Hawaiian-medium preschool pathways.

"In addition to caring for our ALICE population, this legislature helped our most vulnerable population. For the first time since 2009, we will once again provide adult dental services for the Medicaid population. Thank you to the efforts of many of you, because this has been a priority for many of you, especially on Kauai, especially on many of the rural areas that needed adult dental for our Medicaid population. So, thank you very much.

"We're also expanding postpartum coverage from two months to twelve months, and this has been a priority for the Women's Caucus members. And if I could recognize the Women's Caucus, sisters stand up, Women's Caucus sisters. This bipartisan group of women legislators have not only fought for post-partum coverage, they have fought for Title IX, they have fought for sex trafficking victim support, sex assault victims, and many others. And they work behind the scenes, many times quietly, to nudge many of the important bills that help the State of Hawaii. So, thank you very much to my sister legislators.

"This also provides more money for Kupuna Care. And we will ensure that no girl will ever be without a menstrual product at school by appropriating \$2 million into this budget. Special recognition goes out to the Ma'i Movement, and especially Sarah Milianta-Laffin with HSTA, who had been a strong advocate. And she had brought 30 Ilima Middle School and engaged middle school students to come and testify in front of many of the hearings. And to see students be engaged in that manner, it just gives us a lot of hope and inspiration for our future generation. So, thank you.

"One of the things that the Legislature and the media and others have really not talked about but it's a true sleeper this year, and I want to talk about sex trafficking victim support. This budget not only creates a new Sex Trafficking Abatement Office within the Attorney General's Office, but we're also funding victim witness support services and \$400,000 for an emergency shelter for sex trafficking victims."

Representative Nakashima rose to yield his time, and the Chair "so ordered."

Representative Luke continued, stating:

"This has been an ongoing and painful discussion, but we are happy to report that we're not only creating a new office to tackle this real problem, but also support an emergency shelter. And I want to recognize the Representative from Nanakuli and Representative from Kau, or whatever the new area that you have because of reapportionment, I can't even describe it, but you know who you are. So, thank you for your efforts.

"Of course, this budget, we also provided significant funding to support our teachers and schools. And thank you HSTA for continued patience. This budget provides not only money for differentials, but it also provides pricing, repricing methods, and other cost item to deal with long awaited compression issues. So, we just wanted to thank the teachers for their work, especially during the pandemic.

"It also provides protection to natural resources, and thank you to both the EEP Chair and the Water & Land Chair for your continued fight in making sure our natural resources are protected, helped our agriculture industry, thank you to Ag Chair and many others, especially the representatives from Hilo have really fought hard for ag concerns. So, I think the assistance for the ag industry was huge this year.

"It also appropriated monies for safety net programs and many other notable things, which at this point I won't go through because it's already 21 minutes I have spoken. But I am humbled and grateful that I had the opportunity to finish my last budget with this budget and all the significant bills we will be passing today. *Mahalo*."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in the spirit of bipartisanship, I stand in strong support of the budget, particularly with the enthusiasm in the details she gave about the Hawaiian community. I want to just do a footnote and supplement that,

yesterday I met with Leona Kalima in the hospital. She sends greetings to everyone. She is delighted, but also frustrated because she learned about this, Mr. Speaker, in the newspaper. No one consulted her. She was just wondering why would others, being that it was her case in 1999, 23 years ago that this all started.

"And with that, it's where \$328 million is good, even though I think it's like 900 have died on the 2,700 list. So, what we have left is with one-third left to the attorneys and then one-third left, or about \$121,000 for each plaintiff, depending on how long they've been on the list. Given the median price of housing is \$1.1 million, maybe \$121,000 can get you a parking stall.

"The point is this, we've done well, we should celebrate, and this is the most applause I've ever heard in a budget speech, but, Mr. Speaker, we have just begun, really, to do what for 100 years, if you remember when Prince Kuhio in 1921 said, we are going to put a house, a pasture, or an ag lot for the Hawaiian community. Now, with 28,000 on the waitlist, we've come a long way.

"Yes, this is a banner year. But I would say whoever comes into the chair of Finance with that same spirit, then we will accomplish what we have intended to do for at least 100 years. For that reason, Mr. Speaker, I hope we do not get weary in our well doing for the people of Hawaii and for Leona Kalima, who loves her people. We should give her a round of applause for Leona Kalima and what she has done. Can we do that, colleagues? For Leona Kalima, let's hear it for her. Thank you, Mr. Speaker."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support and very brief comments. Mr. Speaker, 16 years ago as a freshman legislator, I was told the most important bill that we could pass that is an expression of our values, our priorities, is the state budget bill. So on behalf of this House and on behalf of this majority, if I could thank the person who has steered us through many a difficult water pathway and provided us with what I think is some of the best expressions of the very best values of the State of Hawaii, if we can give a round of applause to the Chair of Finance. Thank you."

Representative Nakamura rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I, too, would like to thank the Finance Chair, Finance Vice Chair, and committee members for producing this budget that reflects our values, our core values. And embedded in the budget, as the Finance Chair mentioned, is the adult dental care for adults on Medicaid. So, the children were covered, but the adults were not. So, this resulted in a lot of emergency visits to the ER because preventive dental care could not be given and paid for. So, this bill goes beyond the basic request, which was to restore the dental benefits. This adds additional benefits. It's the option number two that our advocates had asked for. And this will go a long way to reducing overall costs of dental services to our adults. So, thank you, Chair.

"And I also would like to mention that embedded in the budget also is the lifting of the cap for our Division of Parks within DLNR. And this is so critical because as we talk about destination management, this cannot happen unless we invest in our beautiful parks that attract the visitors to Hawaii and are used by so many of our own residents. I think during the pandemic, everyone discovered the outdoors, the hiking, our beach parks, and the lifting of the cap gives DLNR the ability to improve our trails, to improve our restrooms, to put in parking reservation systems, bring in interpretive signage and rangers, all of these great things that will make Hawaii an even better place to visit for our visitors and for our residents to enjoy. So, *mahalo* to our outgoing Finance Chair for the incredible work on this budget."

Representative Yamashita rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. In support. I was going to insert comments, but maybe I'll just say a few words. First of all, I'd like to thank the Chair. This year people looked at me and they said, you look very tired. And I wasn't tired. You know when your hard drive is full and it's just a lot to take? And I sat on Finance for 14 years, and of that 14, 10 was with this chair, and I appreciate this last year because she exposed me to almost everything possible that Finance goes through. And I really, really appreciate that. And it was just like getting so much information so fast and everything like that.

"And this year was a very, very special year as far as Finance goes. It was a record number in many ways, \$6.28 billion in CIP, of that, it's highly unusual, but we had \$375 million in A funds, which is really, really unusual. And so, complicated by the MOE just made it very difficult. But I appreciate all of that. And usually I would talk about all these great things, and there were a lot of great things in the budget, but this is the first time the operating budget just will outshine the CIP budget by far. And there was a lot of great things in there. Mr. Speaker, I'm going to finish by inserting most of my comments, and that'll be the detail of what I believe are highlights in the CIP budget. But I just wanted to stand to just personally thank her for all the years and all the mentoring. Thank you very much."

Representative Yamashita's written remarks are as follows:

"Mr. Speaker, I speak in support of the budget. HB 1600, HD 1, SD 2, CD 1 appropriates \$500,000 in general obligation bonds to the Department of Business, Economic Development, and Tourism for plans and design for a feasibility and cost study to redevelop the convention center.

"Mr. Speaker, the intent is to (1) perform a study to identify and assess alternative financing, project delivery, and cost recovery mechanisms to redevelop the convention center; (2) propose specific financing, cost recovery, and project delivery tools to be implemented at the convention center; (3) analyze barriers and strategies to implement alternative financing, project delivery, and cost recovery mechanisms for the convention center; (4) prepare a request for information or request for proposal; and (5) make recommendations, including any proposed legislation, needed to implement the redevelopment of the convention center.

"Mr. Speaker, the intent is also to ensure that the Department of Business, Economic Development, and Tourism consults with the following persons in performing the study:

- (1) The president of the Hawaii Tourism Authority;
- (2) The director of the Office of Planning and Sustainable Development;
- (3) The administrative director of the Office of the Governor;
- (4) The director of finance;
- (5) The executive director of the Hawaii Community Development Authority; and
- (6) The director of planning and permitting for the City and County of Honolulu.

"Mr. Speaker, this budget also appropriates \$9,000,000 in general obligation bonds to Maui Health System for repairs, renovations, expansion, and upgrades to Maui Memorial Medical Center, Kula Hospital, and Lanai Community Hospital. The intent is to receive a report on the use of this funding from the chief executive officer of the Maui Health System, including details on the scope of work, expenditure breakdowns, and project implementation status for every capital project constructed, operated, improved or maintained with funds from the State including general obligation bond fund appropriations, no later than 45 days prior to the regular session of 2023."

Representative Tam rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. As a first-year freshman lawmaker here, sitting on the Finance Committee is very daunting, especially knowing that we will be handling the state budget. So, I believe I speak on behalf of my entire freshman class that all sat on Finance when I say that I want to thank the Chair of Finance for guiding us, for teaching us, and for allowing us this wonderful opportunity to learn. And the things that we are going to carry moving forward is going to help us become better lawmakers to represent the values of Hawaii. So, I want to thank you, thank you, thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1600, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Final Reading by a vote of 51 ayes.

At 10:00 a.m., the Chair noted that the following bill passed Final Reading:

H.B. No. 1600, HD 1, SD 2, CD 1

At 10:00 a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:29 a.m.

There is appropriated out of the general revenues of the State of Hawaii the sum of \$1,594,000 or so much thereof as may be necessary for fiscal year 2022-2023 for computer software and hardware; information technology improvements; videoconferencing improvements; and scanning and digitization equipment, services, and warranties."

SECTION 2. Senate Bill No. 3048, S.D. 2, H.D. 1, C.D. 1, is amended by adding a new section beginning at page 5, line 1, to read as follows:

"PART V

SECTION 8. From the American Rescue Plan funds appropriation for disease outbreak control (HTH131) as appropriated in House Bill No. 1600, H.D. 1, S.D. 2, C.D. 1, the sum of \$5,000,000 or so much thereof as may be necessary for fiscal year 2022-2023 shall be expended for the procurement of rapid antigen tests to detect coronavirus disease 2019, with preference given to procuring such tests that have received emergency use authorization from the United States Food and Drug Administration, and that were developed in the State of Hawaii."

SECTION 3. Senate Bill No. 3048, S.D. 2, H.D. 1, C.D. 1, is amended by adding a new section beginning at page 5, as appropriately placed to read as follows:

"PART VI

SECTION 9. In accordance with article VII, section 9, of the Hawaii State Constitution, and sections 37-91 and 37-93, Hawaii Revised Statutes, the legislature has determined that the appropriations contained within this Act will cause the state general fund expenditures for fiscal year 2022-2023 to exceed the general fund expenditure ceiling by \$213,189,484, or 2.10 per cent. The general fund expenditure ceiling will be exceeded for the following reasons:

Representative Luke moved that Floor Amendment No. 3 be adopted, seconded by Representative Morikawa.

Representative Luke rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In support of this floor amendment. We are trying to correct three sections. The appropriation amount needed to be \$1.5 million as opposed to the \$500,000. The second part is to allow emergency approved FDA test kits to also be used by Department of Health

for test kits and antigen tests. The third section is to meet the constitutional mandate when we exceed the expenditure ceiling. Thank you very much."

Representative Ward rose to speak in support of the proposed floor amendment, stating:

"Mr. Speaker, I rise in strong, strong, strong support. Why would I say strong three times? Because on this floor, I've spoken so many times about Patrick Sullivan and the Oceanit, spit in a cup, which is now stick it in the nose, he's shifted, but he's got FDA approval. And I love what is in Section 8, because Section 8 says, hey, we want to get a local procurement of an antigen test, a rapid test. Mr. Speaker, I hope that means Oceanit, I hope it means Patrick Sullivan, because we're right on the precipice of having a new pharmaceutical industry. He has 65 PhDs already on his staff. They can do a number of things, not just with COVID but so many different things for the health of our people, as well as the Pacific and general world. So, with that, Mr. Speaker, strong support, this is a historic day, and my apologies for keep mentioning this time and time and again, but hopefully this is the day that we've made that it's actually going to happen. Thank you, Mr. Speaker, and thank you, Chair of Finance."

The sum appropriated shall be expended by the Hawaii state energy office for the purposes of this part."

But members, this floor amendment is hugely important to our families who are being absolutely decimated by the cost of living right now. Thank you."

Representative Ward rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I'd like to adopt the member from Maui's comments as if they were my own. And one footnote, if I may. In support. Mr. Speaker, this is basically a historical footnote, it's been more than two decades that we've given back money to the people of Hawaii. Even though the Constitution says, when we've got two years of surplus, we should return it to them. So, as the good member from Maui said, the people really need this, they're hurting. But let's not wait another 20-some years before we do this again. Thank you, Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative Yamane's written remarks in support of the measure are as follows:

"Earlier this year, the American Lung Association's State of Lung Cancer Report announced that Hawaii was last in the nation for early detection of lung cancer. In fact, over 50% of people who are diagnosed with lung cancer end up dying within the first five years of their diagnosis, making lung cancer the number one cancer killer in the state more than breast, prostate, and colorectal cancer combined.

"We worked closely with the Lung Association and other advocates to figure out how we could increase early lung cancer screenings in the state, and the answer is we don't know. We don't know why Native Hawaiians have one of the highest rates of lung cancer of any group in the nation. We don't know why less than 3% of people at high risk for lung cancer receive low-dose CT scans, a form of early lung cancer screening. We don't know which of the models to increase lung cancer screening implemented in other communities will work best for Hawaii's unique population.

"Senate Bill 3367 brings together the top people in the state to help us find out not only why but how we can increase early lung cancer screenings in Hawaii. I am grateful to my colleagues in the Finance Committee who have helped to appropriate \$250,000 so that needed research can be conducted and a lung cancer awareness campaign can be developed and launched by the Department of Health.

"I'm very proud of this bill because lung cancer has touched the lives of my family, as it has for thousands of other families in Hawaii. Next year, we will have received a full report which will have steps for the state to take to make sure that the people of Hawaii are receiving the proper prevention and early diagnosis that are needed. Because, as the Lung Association always says, when you can't breathe, nothing else matters."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3367, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Final Reading by a vote of 51 ayes.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2822, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Yamane's written remarks in support of the measure are as follows:

"I'm proud to rise in support of Senate Bill 2822 today, which authorizes the Department of Education to provide trainings on asthma as well as trainings for youth suffering with asthma and their families.

"Asthma is the most common childhood chronic disease. Native Hawaiians and Filipino youth are even more susceptible to asthma, and those on Hawaii County, Maui County, and West Oahu are most affected. This bill creates the needed framework for the Department of Education to equip teachers and other staff that work with children to understand and respond adequately to our *keiki* with asthma.

"I had the pleasure of talking to various teachers and school principals who expressed that managing asthma is an issue for many of their students. This is particularly troubling during the time of COVID-19 as a classroom teacher can't tell the difference between coughing from or coughing from a contagious disease, like COVID-19. Many times, teachers have just minutes to respond to a child experiencing respiratory distress due to uncontrolled asthma.

"*Mahalo* the American Lung Association in Hawaii for helping with the drafting of the legislation and sharing published research they have helped develop on the subject. *Mahalo* also to the many advocates that helped push this bill through the various committees, the Chair of Education, who helped co-author the bill, and the Finance Chair who moved this bill through her committee."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2822, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ASTHMA," passed Final Reading by a vote of 51 ayes.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2416, HD 2, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Kapela rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition with a brief comment. As good government advocates have pointed out throughout this session, this bill seems to narrowly target certain nonprofit organizations like Sierra Club or the Hawaii Children's Action Network, while allowing other deeply influential organizations off the hook, like the Chamber of Commerce. That doesn't make sense. The political tentacles of groups like the Chamber of Commerce are very far reaching. They should not be given special treatment under our campaign spending laws.

"Additionally, I've recently learned that measures similar to this one were proposed as part of the administration's prior efforts to suppress the political activities of the *kia'i* on Mauna Kea. While I'm not saying that this bill is specifically related to those efforts, it could have unintended consequences of limiting the political rights of Native Hawaiians who are engaging in cultural protests.

"In a year in which we are passing transformational legislation for the Native Hawaiian community, I believe that we should be very careful about the unintended consequences of measures like this, which may be used to

erode the freedom of speech and expression that is essential to making progress on Hawaiian issues."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"With reservations. First, I'd like the words of the previous speaker entered into the Journal as if they were my own. I was a no on this and I've changed to a reservation because some of the conference committee changes that have been made to the bill, which I appreciate. But I still share some concerns. Thank you," and the Chair "so ordered." (By reference only.)

Representative Kitagawa rose to speak in support of the measure, stating:

"In support. I'd just like to point out that this bill actually, which relates to dark money, in the conference committee draft, it only addresses nonprofit organizations that are registered as non-candidate committees, which means that they are already engaging in campaign-related activities. So, if a nonprofit organization does not engage in any electioneering or any kind of donations to candidates or engages in any type of activity related to elections, they are not under this bill. It is only related to those who engage and are qualified under current law as a non-candidate committee. Thank you."

Representative Perruso rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support of House Bill 2416, CD 1. And I would just like to underscore the comments of the Vice Chair from CPC. This is about disclosure, at the end of the day. And dark money, from whatever advocacy group on the political spectrum, needs to be subject to sunshine. And this is, at the end of the day, a disclosure bill. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2416, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN SPENDING," passed Final Reading by a vote of 49 ayes to 2 noes, with Representatives LoPresti and Perruso voting aye with reservations, and with Representatives Ganaden and Kapela voting no.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3140, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Kapela rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Cannabis legalization is on the horizon. And while some people may be reluctant to accept that, it's clear that the movement for legalization is picking up steam. While well-intended, I am very concerned that this measure may set a very dangerous precedent for holding small cannabis operations accountable for crimes that are actually committed against themselves.

"With regard to both legalization and the expansion of the medical cannabis industry, cannabis advocates are championing a horizontal framework in which numerous entities are able to participate in the cannabis

marketplace by focusing on their individual areas of specialization. When legalization comes, which it will, demand will be so high, no pun intended, that the current dispensaries won't be able to produce enough product to meet it. We will need to empower dozens of new operations to participate in the growth, distribution, marketing, and scale, and sale of cannabis products, many of which may be truly small businesses.

"So, we should not be setting a precedent for criminalizing those operations when someone steals their product, rather than focusing on other ways to deter theft. To do so only perpetuates the false belief that cannabis is harmful to our community. It's not. So, we need to be working to dismantle legal barriers to the development of our cannabis industry, not building more roadblocks to its success."

Representative Perruso rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3140, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIFORM CONTROLLED SUBSTANCES ACT MANDATORY REPORTING," passed Final Reading by a vote of 50 ayes to 1 no, with Representative Perruso voting aye with reservations, and with Representative Kapela voting no.

Conf. Com. Rep. No. 41-22 and S.B. No. 3085, SD 2, HD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3085, SD 2, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Perruso rose to speak in opposition to the measure, stating:

"I stand in opposition with brief comments. So, when I first started, I've been asking questions about this bill all session, and I think that this is actually a sleeper bill because all of the responses I've gotten have just been that this bill is simply an update to existing law that was only last updated in 1984.

"The stated purpose of this bill is to update, it says in the preamble, the punitive sections of the military justice code within the state military forces in Hawaii. The authors argue that the current Hawaii Code of Military Justice lacks the necessary disciplinary options to provide for 'effective and efficient good order and discipline in the state military forces' without providing any evidence to support this assertion, either in the preamble or in any of the supporting testimony.

"This is important because the National Guard is a unique branch of the U.S. military that has both state and federal responsibilities. We all know that the guard routinely responds to domestic emergencies such as natural disasters, and it supports military operations overseas, which can sometimes be controversial. But presidents and governors have also used the guard to respond to civil unrest, which has at times caused controversy in various states and in various situations. It is this second area of responsibility that should give us pause.

"This bill will tighten control of enlisted members by officers and commanders through stricter delineation of provisions relating to apprehension, restraint, and confinement of suspects, punishable offenses, non-judicial punishment, and confinement. This code will require more total submission to authority. I worry that this kind of power and control in the hands of the wrong governor could lead to very destructive outcomes in cases like the protests we saw on the *mauna* and in other examples of peaceful disobedience. For these reasons, I oppose this measure."

Representative Ganaden rose to speak in support of the measure with reservations, stating:

"With reservations, brief comment. Just like to note that the State does maintain original jurisdiction in many of the issues that are brought up by this bill in family law, in criminal law, and a variety of other things. We would hope that the State maintains that original jurisdiction moving forward. Of course, if you are a member of the National Guard, you do subject yourself to this military code of conduct for things like treason, subordination, the kinds of things that our civilians don't subject ourselves to. Hoping that we keep an eye on this moving forward. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3085, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII CODE OF MILITARY JUSTICE," passed Final Reading by a vote of 49 ayes to 2 noes, with Representative Ganaden voting aye with reservations, and with Representatives Kapela and Perruso voting no.

Conf. Com. Rep. No. 44-22 and S.B. No. 3041, SD 2, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3041, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I just wanted to footnote, in support, this is the claims against the State, which is the Kalima case, which I earlier alluded."

At 11:12 a.m., Representative Luke requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:16 a.m.

Representative Ward continued, stating:

"Mr. Speaker, my original request was to put my earlier remarks into the Journal. That's all my speech," and the Chair "so ordered." (By reference only.)

Representative Holt rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. What a great day, colleagues. \$320 million back into the hands of Hawaiians. That's all I got to say. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. First time again in 16 years I will be standing in strong support of this measure. As you know, I for years have voted against it for the fact that a lot of the claims being made against the State are repeated claims that agencies refuse to address, which keeps just having more and more payouts. But the fact that Kalima is now finally being settled is so monumental and so huge and such a long overdue gesture of justice that that warrants the fact that I stand in strong support of the bill today when previously I have not. Thank you."

Representative Branco rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I'm glad we were able to come to a resolution for this for Native Hawaiians. It's greatly appreciated and it's going to be significant. But I also want to recognize the fact that, why do Hawaiians have to continuously sue to get what is rightfully deserved to us? And we need to understand that, and we need to stop that. And it's just sad that Hawaiians constantly have to sue to get the resources that are mandated to us in the Constitution. And so I just wanted to say that, but I'm very grateful for all the hard work the body has done to find a resolution. *Mahalo*."

Representative Har rose in support of the measure and asked that the remarks of Representatives McKelvey and Holt be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Marten rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. So, Leona Kalima is my constituent. And I had reached out to her when I heard the news about this bill. And I actually invited her to be with us today, but the doctor would not let her leave Queens, where she is. But she did say, she did text. She said, please give the assembly my *aloha* and support for our 23 years of service to the courts, *mahalo*, God bless you all. So, I just wanted to leave that positive note with you folks from her. Thank you."

Representative Tokioka rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. In strong support. I didn't think I was going to do this, but because this bill is at this stage, Mr. Speaker, can I ask for a ruling on a potential conflict? My mom and now my sister has been on this list for the last 45 years," and the Chair ruled, "no conflict."

Representative Tokioka continued to speak in support of the measure, stating:

"And just to say thank you to many of the people in this building or in this caucus and our colleagues in the Senate. And one of the people that has been fighting for this from the day he got here, and I'm so proud to be associated with him, is the Representative from Kalihi. There was not a day on this floor that he has not been fighting for Hawaiians. And this is a great day for all of us. *Mahalo* Mr. Speaker."

Representative Ward rose to respond, stating:

"One more request for remarks in the Journal from the gentlemen from Kalihi and Kailua. My exact sentiment. Thank you," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3041, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," passed Final Reading by a vote of 51 ayes.

No. 2197, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO GAMBLING," passed Final Reading by a vote of 49 ayes to 2 noes, with Representatives Kapela and Perruso voting no.

Conf. Com. Rep. No. 52-22 and H.B. No. 1567, HD 1, SD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1567, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tam rose to speak in opposition to the measure, stating:

"Mr. Speaker, thank you. Just a no vote with a brief comment and permission to insert written comments into the Journal. I appreciate the work that is being done on this bill. However, I believe that it still needs a lot more work to address some of the concerns raised by my constituents. And I'll summarize many of those concerns in my written comments. Thank you."

Representative Tam's written remarks are as follows:

"While I support the intent of the bill, and after speaking to many of my constituents, I cannot support the bill at this time. The advocates are correct that we must do something to solve overcrowding in our prisons and jails, however, the solution cannot be a Band-Aid solution. The solution must be heavy investments in education, job retraining, and affordable housing, which many of my constituents have advocated for.

"At the same time, I do not believe this bill better or worsens the situation that we have regarding Hawaii's crime rates, especially in Waikiki. Many of my constituents and visitors to the area are oftentimes faced with harassment, which is a non-violent petty misdemeanor, meaning that those committing harassment would be released back on the streets, rather than potentially be jailed at the judge's discretion.

"In my district, 94% of crimes committed in Waikiki are so-called 'non-violent' crimes. They include larceny, burglary, harassment, and auto theft. This measure would require judges to release such offenders. Judges should be able to evaluate all factors on a case-by-case basis to determine whether a person is a danger to the community, will be a risk of appearing in court, or will re-offend once released.

"I appreciate the work from my fellow colleagues in crafting this bill to address the concerns by various stakeholders, but at this time, I cannot support the bill before us today."

Representative Ganaden rose to speak in support of the measure, stating:

"In support, brief comment. This is bail reform. This is advocacy. This is the work of advocates over the last several years to reduce unnecessary incarceration in our state. We will be joining other states like New York, New Jersey, and California that have seen a reduction not only in incarceration, but a reduction in crime across their communities.

"Right now, we still house numerous individuals who are simply too poor to find their way out of incarceration. This bill addresses many of the issues that advocates have brought up. Again, thanks to the Vice Chair of Judiciary for his advocacy in working with numerous stakeholders in talking this out.

"A brief asterisk to this, at the very end in the last committee, the prosecutor for the County of Honolulu requested that another charge be removed from it. Possession of a dangerous drug in the third degree, that's the most common charge for people who are picked up for methamphetamine use. The notion was that people who are picked up for this would be directed to residential treatment centers, things like Hina Mauka, Sand Island Treatment Center, on Maui, MEO B.E.S.T. Despite much of the work to fund nonprofits and homeless treatment centers, we are still underfunding these residential treatment centers. So that's something to work on for next year. Again, thanks to the people who worked on this."

Representative Ward rose to speak in opposition to the measure, stating:

"May I rise and say a few things about this in opposition? Mr. Speaker, this is the get out of jail free bill. I've spoken about it many times. It is a danger given the conditions in this state as well as in the nation where we have an outbreak of crime. We have defund the police as kind of an ethos that's going on in a number of cities. Fortunately, we don't have it here.

"But it's something where people seem to think this is for those who are so poor, they can't get out of jail. Well, I was told by Kat Brady, who you know is a great advocate of the prison system and for the prisoners, she has a real heart for them. She says there's a promissory note that was passed maybe three or four years ago, which says if you don't have the \$100, you sign on, and if you don't show up for trial, you've got to pay the promissory note. It has not been implemented.

"But why we're doing this get out of jail free stuff is, to me, counterproductive and a step backwards. And for those who think, well, this is not going to hurt anybody who's nonviolent. Well, there's a *puka* in this particular bill because, for example, violation of an injunction against harassment and harassment by stalking are examples of charges for which a defendant could be automatically released. So, Mr. Speaker, there's some loopholes in this thing that is very dangerous. Particularly, I would think anybody in the Women's Caucus would not want a stalker to be let out without bail.

"I'm not going to bring up the issue of Kapolei, but they let out that guy with the mental problem and he bludgeoned somebody right in front of the courthouse in Kapolei. Those things should never happen, Mr. Speaker. And this bill kind of lends itself to that sort of, well, we want to give everybody a break. And crime is, you got to be sympathetic with the felons. Well, I think being soft on crime is not the way that you're going to prevent crime. But it's bills like this that really loosen the grip on a society that's getting very, very liberated to break the law with impunity.

"And I'm not going to talk about the red-light bill, but that's one of the things, we run red lights in Hawaii with nobody's going to catch me or see me, except there's a bill that says there's a camera coming. My point is, Mr. Speaker, we've got to draw the line in the sand when we're going to be able to discipline people and when we're not going to. And this is the one that just loosens all of that for corrections in our system of hopefully civilized behavior. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1567, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CRIMINAL PRETRIAL REFORM," passed Final Reading by a vote of 45 ayes to 6 noes, with Representatives Eli, Kong, Matsumoto, Okimoto, Tam, and Ward voting no.

Conf. Com. Rep. No. 53-22 and H.B. No. 2075, HD 1, SD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2075, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tokioka rose to speak in opposition to the measure, stating:

"No vote, Mr. Speaker. Every year we go through bills that deal with firearms. And most of us know here that this state has the most strictest gun laws in the United States of America and every year we add on to that. This is another one of those bills. In this particular bill, there was a lawsuit between Mr. Yukutake and Clare Connors. And the judge in that case ruled, Judge Seabright ruled that there was no harm to public safety on this particular issue. And so, I'm not sure why we have to do this again. Most of the concerns for public safety is covered in the current bill, prior to this bill, if it passes. So, for those reasons, I'm a no vote. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2075, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS," passed Final Reading by a vote of 43 ayes to 8 noes, with Representatives Eli, Har, Kong, Matsumoto, McDermott, Okimoto, Tokioka, and Ward voting no.

Conf. Com. Rep. No. 55-22 and S.B. No. 2065, SD 2, HD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2065, SD 2, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Todd rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. As someone who was employed within the fishing industry for several years, I just think that this bill is maybe slightly hypocritical in that a majority of the fishing done on Oahu, goes to the auction, are done by enormous multimillion dollar longline vessels that go up for weeks at a time, that have extremely high technology applications. And it just seems like a little overkill to ban the use of a \$300 to \$400 drone by an individual fisherman when you look at it against what they're competing against, especially up on Oahu.

"This isn't the case for the neighbor islands. Neighbor island fishermen, these are typically very small businesspeople who operate as part of their income. Very few are actually professionalized to the point where it's their entire income. So, this just seems like a step a little bit too far, maybe too quickly, and should potentially be reexamined. But I do support the intent in trying to ensure that we're not overfishing. So, with those reasons, I am in reservations."

Representative Quinlan rose to disclose a potential conflict of interest, stating:

"Ruling on a potential conflict. I drone fish at my mom's house," and the Chair ruled, "no conflict."

Representative Quinlan continued to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Drone fishing, when done properly, leads to fewer fouled lines, less lost tackle. In short, Mr. Speaker, less junk in the ocean. So, I would argue that if you are a responsible fisherman, drone fishing is better to the environment than traditional methods. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2065, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FISHING," passed Final Reading by a vote of 47 ayes to 4 noes, with Representative Todd voting aye with reservations, and with Representatives Gates, LoPresti, McKelvey, and Quinlan voting no.

Representative Wildberger rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2398, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY," passed Final Reading by a vote of 51 ayes, with Representative Wildberger voting aye with reservations.

Representative McKelvey rose to speak in support of the measure, stating:

"In strong support and permission to enter comments into the Journal."

Representative McKelvey's written remarks are as follows:

"Mr. Speaker I rise in strong support of this measure which is in dire need for our communities on Maui and Molokai. The population explosion of axis deer has absolutely decimated our agricultural community, destroyed native vegetation, endangered fauna, and has led to the suffering of the animals themselves.

"Mr. Speaker, besides crippling the ability of local farmers to help meet local food production goals, the ravenous appetite of these herds is also taking away grazing opportunities from legitimate agricultural operations, such as our cattle farmers, and threatens our ability to provide local meat for our people. Additionally, the herds of axis deer and their foraging grass and other plants to the bare roots is causing massive erosion problems. The effects of erosion, especially when we have rain storms, further cripples the ability of our farmers to be able to sustain crops. The damaged terrain and lack of topsoil makes it nearly impossible to re-plant native species insofar as not having the proper soil in which to thrive. To add insult to injury, because of the denuding of the vegetation, much of this topsoil is ending up in the ocean where it is covering the reefs and killing our coral population, which in turn endangers our fish stock, which again hurts cultural gathering practices and damages our efforts to create local sustainable food supplies from the nearshore waters.

"Mr. Speaker, this bill will allow us to make a serious inroad into the problem and will also help to serve many masters insofar as staving off the multifaceted damage that is occurring because of the uncontrolled population of this introduced species. My only hope is that our congressional delegation can work to lift the USDA ban on the sale of deer meat so that

we can turn lemons into lemonade. By using the culled animals caught by hunters, we can provide a new protein source for our community; one that will also be attractive to visitors."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition, brief comment. Mr. Speaker, this is ranked choice voting, of which I've spoken probably for four or five years

against it and each time it fails, it looks like it's going to pass this time. But I want you to know it's still confusing. Even the Office of Elections, that my staff inquiry, couldn't explain it. So how we're going to explain it to our constituents? And I know, look, it's only a special election if it's congressional, *et cetera*. It's basically the slippery slope that I'm afraid that, well it's very sexy and it's kind of confusing, but let's give it a run.

"The difficulty is that if the system is not broken, why fix it, Mr. Speaker? Everybody who is in here did the first past the post. It worked. Why we got to do ranked choice voting? I mean, look, you already got a super majority. You want more people? Is that the motivation for it? I mean, look, we got four members here, you got 47. I think ranked choice voting, if it wasn't to your advantage, you wouldn't use it, because we don't see it as to our advantage. And in that sense—"

The Chair addressed Representative Ward, stating:

"Alright, Representative Ward, please stay away from intent and motive."

Representative Ward continued, stating:

"Well, I'm looking at the national polls which say your party is more in favor than mine. Let me leave it at that, but say, every year we've had it and it's failed, this year it's going to go. Let's take a look at it and see what happens. The test of the pudding is in the tasting. So, let's see what happens, Mr. Speaker. Thank you."

Representative Tokioka rose to speak in support of the measure with reservations, stating:

"With reservations, Mr. Speaker, for totally different reasons from my colleague from Hawaii Kai. Because I actually think it's going to help the minority party in this circumstance. He might not agree. But to my friend here, I don't think it's going to get any worse, all due respect."

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2162, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO RANKED CHOICE VOTING," passed Final Reading by a vote of 48 ayes to 3 noes, with Representatives Okimoto and Tokioka voting aye with reservations, and with Representatives Matsumoto, McDermott, and Ward voting no.

Representative Wildberger rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Not that I actually support wage theft, but in the irony that the State doesn't follow wage law and is imposing penalties on people that might be making errors in wage law, I stand in opposition to this. Thank you."

Representative McKelvey rose in support of the measure with reservations and asked that the remarks of Representative Wildberger be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2298, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO WAGES," passed Final Reading by a vote of 50 ayes to 1 no, with Representative McKelvey voting aye with reservations, and with Representative Wildberger voting no.

Conf. Com. Rep. No. 128-22 and S.B. No. 2819, SD 2, HD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2819, SD 2, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I just want to take a moment to thank every single one of you who has supported the efforts that we made as a body this year to finally raise teacher pay. Our state's teacher shortage has hit my community the hardest. The schools in my district are extremely remote and highly impoverished, and the teacher turnover rate is exorbitant.

"We know that the root cause of Hawaii's chronic teacher shortage is low pay. This bill, coupled with the funding to alleviate salary compression and to extend the teacher shortage differentials that is contained in the state budget, will go a long way towards addressing that problem. So, teachers have been fighting, and we know this, for professional pay for years. Today we are finally showing them the support that they have earned for being the people upon whom our children's dreams are built and our society's future depends. So, Thank you very much, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2819, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TEACHER COMPENSATION," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 129-22 and S.B. No. 2821, SD 2, HD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2821, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MENSTRUAL EQUALITY," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 138-22 and S.B. No. 2510, SD 2, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2510, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Wildberger rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition, brief comment please. This bill seems to be in direct conflict with HB 1800 that we're intending to pass. And we've just really got to stop burning stuff if we want to reduce our greenhouse gases. Thank you."

Representative Marten rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative McKelvey rose to speak in opposition to the measure, stating:

"Thanks so much, Mr. Speaker. Unfortunately, I stand in opposition to the measure, just a few words as to why. I appreciate the efforts in trying to be made insofar as renewable energy and diversifying our portfolio. But for my area in particular of Leeward Maui, intermittent renewable energy such as photovoltaic is an important part of the component for meeting our renewable energy needs. And I think it will have a unintended consequence by creating a disincentive for the power companies to continue to offer rebates for additional PV coming online. The PV industry in my area is also become an economic engine as well. And I think also, with other technologies on the horizon, with wave and other types of renewable energies, may be precluded by this measure. So, for that, I unfortunately can't support it."

Representative LoPresti rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Nakamura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Lowen rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Lowen's written remarks are as follows:

"While possibly well-intended, the policies prescribed in this bill could unintentionally lock Hawaii into a future of higher rates, higher reliance on imports, and higher greenhouse gas emissions compared to other possible pathways that might be precluded if the policy outlined in this bill is enforced.

"Among other things, this bill establishes minimum percentages to be applied uniformly to each island's grid irrespective of differing aspects of each islands' energy resources, of 'firm' renewable generation, as well as a threshold of 45% for any single type of resource, so that no grid can rely on more than 45% of any type of resource.

"It is unclear where these arbitrary percentages are derived from, nor why it should be up to either the Legislature or the Office of Planning to determine any such percentages. The Hawaii State Energy Office, the Public

Utilities Commission, and our electric utilities all have far more expertise in energy policy and Hawaii's energy systems, and yet none of these entities were consulted in establishing these percentages. Furthermore, it is not evident that establishing any percentages for 'firm' power or to limit certain resources is something that should be prematurely determined in state policy rather than left to the market and to the grid planning and project approval processes already in place.

"This bill is based in part on an assumption that 'firm' renewables are reliable and that variable resources are unreliable, which is an extremely outdated, over-simplified and ill-informed way to categorize the universe of energy resources. This perspective fails to recognize the many types of supply and demand-side resources are part of Hawaii's energy systems including things energy storage demand-response programs, energy efficiency programs, and the integration of customer-sited resources. The grid of the future will be more flexible than the grid of the past and more focused on balancing resources to meet demand in the moment. It is a paradigm shift from how grids have historically been operated, and there will certainly be many challenges to overcome. The policies in this bill will only add to those challenges, discourage innovation, and delay inevitable change at the expense of ratepayers, taxpayers, Hawaii's self-sufficiency, and the planet's environmental health."

Representative B. Kobayashi rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. This is a well-intended bill. It does have appropriations which are worth passing. The bill does not have teeth. It is not regulatory. It does not stop anyone from going to more renewables, if only because it amends the state plan. The problem, of course, is that Kauai has already exceeded the 45% cap, which is in this bill. And it is likely to remain above the 45% cap as years go on. So, unfortunately, well-intended, but with defects. Thank you."

Representative Costales rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Tokioka rose, stating:

"Thank you, Mr. Speaker. Can I remove my reservations vote on CCR 138."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2510, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Final Reading by a vote of 39 ayes to 12 noes, with Representatives B. Kobayashi, Marten, Morikawa and Nakamura voting aye with reservations, and with Representatives Costales, Ganaden, Kapela, D. Kobayashi, LoPresti, McDermott, McKelvey, Perruso, Takayama, Takumi, Tam, and Wildberger voting no.

Conf. Com. Rep. No. 141-22 and S.B. No. 2862, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2862, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support again and very excited. In 2016, the State Legislature appropriated \$100 million to install air conditioning in 1,000 classrooms, which were completed at the cost of tens of thousands of dollars each. Today, approximately 4,000 classrooms still need to be cooled. And in passing this bill, we are beginning to finish the job that we started six years ago.

"This measure allocates \$10 million for classroom cooling, which should provide AC to between 1,500 and 2,000 classrooms using brand new AC technology. Those AC units will not only be more energy efficient, according to the DOE, they will also come with filtration systems that will help to alleviate the health impacts of COVID-19, as well as the vog that jeopardizes the health of Hawaii Island *keiki*.

"So, if school is cool, then our classrooms must be too. So, *mahalo* to the Chair of Education and *mahalo* to the Chair of Finance and to everyone who

has worked on this for years to ensure that our children have the safe and healthy learning environments in which they need to reach for the stars."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. And my district in East Honolulu has the exact sentiment from the good Representative from the Big Island, may I use her words in the Journal as if they were my own. Thank you," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2862, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 142-22 and S.B. No. 2824, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2824, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative LoPresti rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. I'll be brief, but I'd like my comments on third reading on this bill entered into the Journal. I just want to point out, this is the BOE member qualification bill. And this is a good example of why people in the public think legislators can't count. There are 11 members of the BOE and we have 13 requirements for expertise in this bill, only one of which is education. Thank you," and the Chair "so ordered." (By reference only.)

Representative Woodson rose to speak in support of the measure, stating:

"In support, Mr. Speaker. Thank you, Mr. Speaker. I just want to point the previous speaker to the text of the bill. It's all of about four pages and it offers a rebuttal to his argument. The National Association of State Boards of Education, which really is the premier entity that looks at board of education policy, they are impartial, and they provide guidance and recommendations to state boards of education across the country. The National Association of State Boards of Education, they state that boards of education should look at policy prescriptions that enhance equity, that improve student achievement, and that remain forward thinking. And specifically, they look at things that will emerge in the future. Future oriented is the term that they use, Mr. Speaker.

"And so, again, the idea is that we want to make sure that our kids in the State of Hawaii are internationally competitive. And so, the department and the board like to use the term, college and career ready. But really, we need to make sure that our kids are globally competitive because that is, in essence, the rub. And one of the things that you see, again, in high performing public school systems across the world, is they actually align marketplace need, both current and emerging, with formalized curriculum as one of the components that you see in high performing school systems.

"And so, Mr. Speaker, that is a best practice. That is a best practice. And the text of the bill also specifically references, per the previous speaker's grievance, that the board members shall obtain as many of these characteristics as possible. That's found on page four, Section 2, lines 11 and 12, under paragraph five. And so, for these reasons, Mr. Speaker, we want to make sure that we are moving in the right direction with regards to our Department of Education. And I urge my colleagues to support this proposal. Thank you."

Representative LoPresti rose to respond, stating:

"In opposition still. I was happy to keep my remarks short, but I'm happy to debate this. There's been a move, Mr. Speaker, to corporatize education in this country, and institutions like the one cited in this bill have been criticized as one of those things that are helping to corporatize education.

"The language that's in this is precisely right, that the board shall collectively have the knowledge, experience, and proven expertise in as many of the following fields as possible, Mr. Speaker. Again, only one of which is education. That language specifically can and, I guarantee, will be used to exclude BOE nominees in the Senate for approval, because we already have somebody in education. We don't have somebody who's an

expert in energy, because we need somebody who's an expert in energy to figure out what the ELA standards should be. That we don't have somebody who's an expert in real estate, because somehow we need somebody who's an expert in real estate to help set education policy. And energy, advanced manufacturing, and finance, things like that.

"Nobody is opposed to having people who are experts in fields that are going to help people get an education for workforce development. But requiring it in statute is a bridge too far."

Representative Perruso rose in opposition to the measure and asked that the remarks of Representative LoPresti be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2824, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE BOARD OF EDUCATION," passed Final Reading by a vote of 48 ayes to 3 noes, with Representatives D. Kobayashi, LoPresti, and Perruso voting no.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1517, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. While I support this proposal, I have to note that a study was already performed a few years ago that clearly shows that coffee blenders are taking advantage of Kona and Kau coffee farmers, the vast majority of whom live and work and farm in my district. They are undermining these farmers' economic well-being and financial security by continuing to steal our iconic Kona name while using very little Kona coffee in their actual product. This is commercial exploitation, this is economic abuse, and it must stop.

"I am confident that the study envisioned by this bill will once again demonstrate the need to better protect our coffee farmers who have been waiting decades, not just one, not just two years, decades for action. So, let's please make sure that in the future we don't make them wait much longer for the legal protections that they need in order to uplift their profits and safeguard their livelihood."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. And I agree with everything said by the previous speaker. I'm confident the study will come out in favor of changing the labeling laws. It's the right thing to do, and at the least it will remove an additional obstacle that has stood in the way for a while. I'd also like to request, I wrote an essay that was published in Civil Beat on March 13th, I'd like that inserted into the Journal," and the Chair "so ordered." (By reference only.) [See: Lowen, N. (2022, March 13). Rep. Nicole Lowen: Support Local Farmers By Fixing Hawaii's Coffee Labeling Law. *Civil Beat, IDEAS: Essays.*]

Representative Lowen continued, stating:

"And in addition to all the reasons why this is the right thing to do that are laid out in that essay, I'd like to add one more, which includes that continuing to encourage importation of large amounts of green coffee from other locations is what has brought pests like coffee berry borer and coffee leaf rust, and other pests that also threaten our coffee industry and potentially other industries as it helps bring additional invasive species into the state."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1517, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO COFFEE," passed Final Reading by a vote of 50 ayes to 1 no, with Representative McDermott voting no.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2000, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Perruso rose to speak in opposition to the measure, stating:

"I am in opposition. So, I am standing in opposition not because I don't support preschool and funding additional classrooms for preschools, but I think that if we dig deeper and we look at, for example, elementary schools in all of the complexes around our state, we will find schools that are threatened with closure because their enrollment has dropped where we have classrooms that are available for these precise kinds of preschools. And, so, I think that we should be working with the Department of Education. This is going to be difficult, however, because we are moving the School Facilities Authority, according to my understanding, away from the department to DBEDT. So, I think that my concern with the School Facilities Authority is not only that they're not completely set up, of course, but that I continue to oppose the privatization of this public function. So, for those reasons, I oppose this bill."

Representative Woodson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. This bill is important. The previous speaker is correct in that in statute it does say that EOEL should work with the Department of Education to establish more pre-K classrooms. That is, in fact, the case, that's happening right now. But we also know that that is not sufficient to get us to the number that we need, which is 100% access by 2032. And so, this bill will afford us more flexibility to actually meet that goal by providing additional classroom space to afford more of our three- and four-year-olds opportunities to have a great head start. Thank you."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. The School Facilities Authority is not moving to DBEDT, it will be retained in Department of Education. That was one of the last, some of the draft that was being discussed in conference. School Facilities Authority will remain with the Department of Education. And the intent of this bill, because it's public monies, the whole intent is to refurbish some of these classrooms for preschool classrooms. As some of you may or may not know, in the Waianae complex, there were unused classrooms that can be refurbished, right away actually, to accommodate preschool kids, because, as you know, preschool kids, you can't use even the elementary school facilities because of the height of the restrooms and some of the tables. So, the intent is for us to work with not just EOEL, but DOE and SFA to refurbish and remodel some of our current unused DOE facilities to accommodate the around 20,000 kids who don't have access to preschool right now. Thank you."

Representative Perruso rose to respond, stating:

"Still in opposition. While I am grateful for that amendment to the bill that would have transferred School Facilities Authority to DBEDT, I think that, in hearings over the course of session, I have had multiple opportunities to interact with the leadership of SFA and AS Tanaka in the DOE. And at every single point on the leadership of SFA, Alan Oshima, Ed Sniffen, and then also AS Tanaka, have reiterated that SFA will not be engaged in refurbishment, repair, and maintenance, but they will be only dedicating their efforts to new buildings. And so, that's really the source of my consternation. So, if we can address that, I would love to see those monies being spent in precisely the way the Chair of Finance has outlined. *Mahalo*."

Representative Todd rose to speak in support of the measure, stating:

"Thank you, in support. I just wanted to thank the Finance Chair, the CIP Chair, and the Education Chair for their work. But also, the foresight going back several years to really lead this effort towards universal pre-K. As someone who has a daughter who is currently in preschool, I recognize that that is not achievable for every family. It's much less expensive in Hilo than it is in most parts of the state. And even then, it's about \$10,000 a year, give or take. And that's purely post taxation unless you've set yourself up accordingly."

"So, I'm just thankful that this money is headed toward something we can all really believe in. And there is specific language enabling the SFA to appropriate these funds towards any other costs that they deem appropriate to increase student capacity. So, there is a little bit of flexibility in that way. And I really think this is probably something we can all really feel comfortable with, or most of us at least, and really trending us in the right direction."

"And I also wanted to point out now, and the reason that I'm standing up, is that there also is \$2.9 million in the budget bill going to 'Imiloa specifically for pre-K immersion schoolteacher education. And while that's not directly tied to this bill, it is kind of working in conjunction. So, I just wanted to express my appreciation. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2000, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Final Reading by a vote of 50 ayes to 1 no, with Representative Perruso voting no.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3110, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Early learning advocates make a very clear distinction between preschool and child care. While both services provide important opportunities for children, they are not the same. Child care advances the socialization of children who are too young to enter our learning system. It is also important for developmental resources for parents who are working full time. Preschool, on the other hand, is foundational in preparing our *keiki* to become active and engaged learners as they enter the education setting.

"We should not conflate child care and preschool as a matter of public policy. So, I'm very glad that we are passing this measure to correct the oversight in Act 46, which sought to expand access to child care statewide. We must build a quality preschool system that is led by excellent educators.

"Over the last few weeks, my office has been conducting a study of preschool policies that our state has adopted. After analyzing data from the Accountability Resource Center of Hawaii, we found that over 600 classrooms may be available for preschool programming in our public school system. We would need about half of that space to expand preschool programming to the same number of children who were once served by junior kindergarten, which served 10 times as many students as are currently enrolled in programs managed by the Executive Office on Early Learning.

"We should never allow public funds to be spent on private educational programs at any level, which is a philosophy that is enshrined in Article X, Section 1 of the Hawaii State Constitution. According to the attorney general, the Preschool Grant Program created by Act 46 was only constitutional if the programs that received grants did not prioritize learning. That's not preschool, that's child care, as this bill appropriately recognized.

"So to that end, this bill will facilitate millions of dollars in funding to improve child care delivery while preserving the constitutional integrity of our pre-kindergarten system, a system that we can strengthen by investing in our public preschool programs that use public school facilities."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3110, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CHILD CARE GRANT PROGRAMS OF THE DEPARTMENT OF HUMAN SERVICES," passed Final Reading by a vote of 51 ayes.

Representative Quinlan rose to speak in opposition to the measure, stating:

"In opposition, Mr. Speaker. So, over the past few months, it has become increasingly difficult for me to continue voting no on this measure. When you look at what's been happening in terms of the rising cost of living, rising costs of energy worldwide, I am starting to think that maybe \$18 an hour really is the appropriate figure for us to move to.

"However, I'm still in opposition, Mr. Speaker, and I'll tell you why. It's for my small business owners. It's for the many, many small businesses that contribute so much to the fabric of my community and my district who have been absolutely battered by the events of the previous few years, and many of whom will not survive another year or two of down sales and higher labor costs and higher supply costs.

"Mr. Speaker, over 50% of our total employment in the state is provided by small businesses. That's over 200,000 people that are depending on mom and pop operations so they can feed their families and pay their rent. Mr. Speaker, I'm not an economist. In fact, I'm pretty sure nobody in this room is an economist. I don't know what the consequences or the unintended consequences of passing this measure will be. I really pray and I hope that 10 years from now we can look back at this measure and say it was absolutely successful and Representative Quinlan, you were a fool for voting against it. But as of this time, I still have serious concerns, and that's why I am a no. Thank you."

Representative Wildberger rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I'm thrilled to be able to see this measure make it all the way through the process. And we're going to be able to give our low wage workers a 19% raise as of October. And that's a great bump, a great start to increasing our wage. As I've shared many times, I walk the small business talk. And my small business is currently paying \$20 an hour to entry level workers. So, I'm glad to see this measure go forward. And I wanted to express my appreciation for the excellent compromise that was reached between the Senate and the House in offering an important tip credit for the struggling restaurateurs who have endured both the pandemic, staffing shortages due to the housing crisis, and supply chain issues. Thank you."

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. As I have said on this floor before, a living wage is a human right. All session long, advocates for working families have called on us to raise the minimum wage to a level that will allow workers to meet their most basic needs. They have also asked us to strengthen the Earned Income Tax Credit, which is our state's primary form of tax relief for working class families.

"By passing an \$18 an hour minimum wage, we are resetting the conversation about what is possible in terms of delivering economic justice

to working families, not just for our state, but for the entire nation. When this bill's final raises take effect in 2028, minimum wage workers will earn over \$16,000 more than they do today. And the EITC will only further uplift their financial outlook.

"I believe that we can do even more, though, to support the working class. When we reconvene next year, we should consider eliminating the tip penalty that undermines the prosperity of tipped workers and subjects them to sexual harassment. We should also further link minimum wage increases to the cost of living index so that worker's wages are not determined by politics. And we should consider raising the wage beyond \$18 per hour sooner rather than later, since that is what workers needed to earn in order to survive last year.

"Nonetheless, this bill is a huge win for working families and a historic victory for our state. This is truly the work of Hawaii's people and a measure that will uplift everyone's fortunes, from restaurant servers to small business owners, and will enhance the bottom line of our entire economy. So, thank you to every single member who made this possible and thank you to the advocates who advocated tirelessly."

Representative Johanson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. I just wanted to say, there are multiple parts to this bill, and I think credit goes to the many people who worked on it. I appreciate very much the work of the Labor Chair for getting done what eluded me for my four years as Labor Chair. I appreciate the progress that we have made on minimum wage, and undoubtedly that's received the bulk of the attention in the dialog, which is why I wanted to focus the bulk of my remarks on the Earned Income Tax Credit.

"We throw around EITC as an acronym, and we expect that everybody universally understands it. But the truth is, most people do not. It took me a long time to learn and many years of participating in the dialog, and I don't know that I'm an expert in it at all. But certainly, it's not commonly something that the public is clamoring for. Even though, Mr. Speaker, the Earned Income Tax Credit affects 103,000 Hawaii low-income and moderate-income families.

"This is a pervasive benefit, but one, again, that goes often unsung because tax policy is not always the juiciest cause *du jour* to talk about. It's often esoteric and it's dependent on money. And for years, decades, really, both the House and the Senate even debated its creation. We are certainly not the first state in the union to enact it. In fact, we were number 20-something, long after the federal government enacted it. But progress arrived in 2017 when we first enacted this bill.

"When first enacted, it was nonrefundable, and it existed for five years. As we approach that five-year expiration, there was a lot of work that went into it. And even though it was a good basis, Mr. Speaker, if your tax liability exceeded what the credit was, there wasn't incentive for you, as a low- or moderate-income family, to even file for the credit because you just didn't qualify.

"Some of the changes, colleagues, that are revolutionary in this bill, not only is making it permanent keeping that prospect out there for all of our working families in perpetuity, but the making it refundable is so critical because if your liability exceeds that credit at that floor, you are now able to get money back. And that's huge for people in ways that we don't know.

"But one of the reasons that this doesn't always make it to the forefront of public attention and public consciousness is because these 103,000 families, these many constituents that are affected, are so busy working and so busy struggling to make a living that they don't have time to come down to the Capitol to protest, they don't have time or the inclination to hire lobbyists. So, except for a few plucky advocates and legislators armed with the righteousness of the cause, it's not one of the things that often draws the masses to the Capitol.

"But that's why what we're doing, colleagues, today is so special, because in spite of the fact that there aren't always paid lobbyists or industries behind this bill, there are plucky and dedicated advocates, but also having to advocate for many other circumstances. It makes our passage of this bill today so special. And there is a single driving force behind both the original enactment of this bill, as well as this bill today. And I would like to thank the Finance Chair for being that force. And I'd like to say, for all the working

families who benefit from this credit, that there are people who are at the Legislature, both in the House and the Senate, who I think are really trying to do the right thing and work for the public interest. Thank you."

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Rather than give my own speech, I would just like the words of the previous two speakers entered into the Journal as if they were my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative D. Kobayashi rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Speaking in support. My support is based more on the principle of you can't always get what you want, but if you try sometimes, you get what you need. I would prefer to have seen no tip penalty in here. I'd prefer to see a true living wage, which I think \$18 still falls short of. But given the conditions that we work under here, and both politically and economically, I'll take the \$18 and terms we have now. So, I'm speaking in support. Thank you."

Representative Ganaden rose in support of the measure and asked that the remarks of Representatives Kapela and Johanson be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Tam rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I would like to have the words of the Representative from Aiea inserted into the Journal as if there on my own, and a brief comment. The bill before us today will provide some much needed relief to working families that are currently struggling. Many of us on our paychecks, just like the working families, it requires to take home pay, spend it mostly on rent, medical bills, and car payments. With this bill, we raise the disposable income, thus putting more money into the pockets of working families. Studies show that people stimulate the economy when they have more money to spend in their pockets. And therefore, that helps our small businesses. And therefore, I believe everyone benefits from this bill. And for those reasons, I am in strong support," and the Chair "so ordered." (By reference only.)

Representative Tokioka rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support. I do have reservations on some of the things that I talked about on the first cross, so can I ask that my floor speech from the first crossover be entered into the Journal for this speech," and the Chair "so ordered." (By reference only.)

Representative Tokioka continued, stating:

"And just to say that, I understand what people talk about with the tip penalty. But I started in the restaurant business when I was 15 till just before I got here, in the State Legislature. And I know what it's going to take for a restaurant to make it. They're struggling and we just came out of a pandemic.

"And I don't think it's going to impact the big restaurants, but it's certainly going to impact the small mom and pop places, which many of us have them in our neighborhoods. And I talked to many of them when I'm back on Kauai, and they're going to suffer. So, I think a couple of things may happen with them. They're either going to close or they're going to go under the table and pay their employees cash. And neither option is good, Mr. Speaker. But as far as the minimum wage, most businesses, big businesses are paying that amount. I just feel the smaller businesses are going to get hurt.

"So, with that, I'm happy that we are passing this bill, but it's not bringing me joy for some of the people that are going to get hurt with the tip credit not moving up to the minimum wage standard. And I know the Finance Chair and this body fought hard for the tip credit, but it's certainly going to show up later on down the road. Thank you for this opportunity to talk on this bill."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support as well on the measure. As my good friend to the right here said, it's a compromise bill, but a bill that tries to take into account the testimony that was received by many small

businesses. Mr. Speaker, nothing happens in a vacuum, and there have been a lot of other measures and things that this body has done to assist small businesses that may not be covered under this bill insofar as small businesses that aren't restaurant businesses.

"Let's look at the unemployment insurance, Mr. Speaker. Let's look at the fact that we helped to stave off a huge increase in our unemployment insurance schedule. Let's look at the facts, speaking of restaurants, that we gave \$50 million for the restaurant card. Let's look at the fact that the Earned Income Tax Credit, as was spoken by my good friend, the Chair of CPC, and may I have his words entered in the Journal is if they were my own. The EITC being refundable and permanent means that families will now go out and spend money, spend money at many of our small businesses," and the Chair "so ordered." (By reference only.)

Representative McKelvey continued, stating:

"But, Mr. Speaker, more can be done for our small businesses. I'm so happy that the Chair of Finance, along with the Chair of WAM, has left next year's legislature with a \$500 million surplus potentially, and that I'm hoping that this body can continue to do things like we've done in the unemployment insurance arena to assist small businesses with further tax rebates and benefits so that they can continue to recover from the pandemic.

"And I like to joke, while this does make a meaningful increase in the minimum wage, many businesses, as the good Representative from Kihei pointed out, are already paying more than that. The most popular signs and banners this election year are 'now hiring.' And, Mr. Speaker, that goes to the fact that many businesses are already, in today's tight labor market, having to pay more than this. But to have a baseline where workers know that they will be paid something that will allow them to live in Hawaii, to be able to survive here eventually, is a good thing. For all those reasons, Mr. Speaker, I stand in support. Thank you."

Representative Perruso rose in support of the measure and asked that the remarks of Representatives Kapela and Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Okimoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations, please. May also request to have the comments inserted to the Journal as if they were my own from the Chair of CPC as well as the Representative from the Lihue, Kauai," and the Chair "so ordered." (By reference only.)

Representative Okimoto continued, stating:

"Brief comments as well. Mr. Speaker, I rise with earnest reservations today. As someone who grew up hearing the stories of our relatives working in the pineapple or sugarcane fields for less than a dollar a day, I know the importance of having an excellent job with a good income. It's a way out of poverty for many. It allows people to provide for their families. And we all know the immense sense of dignity that comes from being able to support oneself.

"While some employees would undoubtedly make more money with an increase in wages, many of their colleagues would pay for it with cuts to their work hours and even the loss of their jobs. That's because good businesses are experts in adaptation. When they are forced to pay employees more with no corresponding increase in revenues to help pay for it, they have to resort to some combination of cutting employees hours, laying off employees, replacing employees with automation, shipping jobs overseas, passing the costs on to customers, or permanently closing their doors. Most of the time, the cost of a higher minimum wage can be entirely passed on to customers. As many customers refuse to pay or are unable to afford higher prices and end up buying less of what the business is selling, that leads to more hours cut, more layoffs, and more employers, especially our small businesses, shutting their doors for good.

"Mr. Speaker, in a study by Georgia Tech professor Qiuping Yu and her colleagues, research was conducted using a dataset from a national fashion retailer. Their research shows that an increase in the minimum wage, while having a negligible impact on total labor hours used by the retailer, leads to a 27.7% increase in the number of workers scheduled per week, but a 21% reduction in weekly hours per worker. These changes translate into extra

workers and less hours per worker per week. Such scheduling adjustments reduce the total wage compensation per worker and may also reduce eligibility for benefits. They also show that the minimum wage increase reduces the consistency of weekly and daily schedules for workers, making it challenging to secure financial stability and coordinate with a second job, child care, or other personal demands.

"The Harvard Business Review stated just last year that a mere increase of \$1 in minimum wage led to an average net loss of nearly \$1,600 per year in reduced hours, eligibility for benefits, and schedule consistency per employee.

"Mr. Speaker, the primary role of minimum wage is training, because any job is the best kind of training for future more specialized jobs. The overwhelming majority of economists agree that raising the minimum wage will mean fewer job opportunities for lower skilled workers. Jobs that were previously available to them as training jobs or entry level positions will now be replaced with more qualified and trained individuals, or simply move to autonomous services if they can afford to do so.

"Mr. Speaker, it is not just the private sector that will take a hit. When the government mandates a hike in the minimum wage, there will be some winners, but there will also be a significant number of losers. Someone must pay for the cost of the increase. Taxpayers will carry this burden as the higher costs of the unfunded mandate is handed down to our state and county governments. Unskilled young Native Hawaiians pay in the form of fewer job opportunities, and consumers pay as businesses pass on the cost of the mandate through higher prices. Mr. Speaker, it is likely that this measure would directly hurt the very people it is intended to help.

"There are better ways to increase people's wages that don't create destruction in the process. We have heard all session about how industries such as our restaurants and retail services will negatively be impacted by this. Many will have to shutter their doors indefinitely. There is, however, one industry that I see that has only been touched on briefly, the childcare sector. Mr. Speaker, the average childcare worker makes about \$12 an hour. Whereas some industries such as restaurants and retailers can respond to minimum wage hikes by reducing their workforce, eliminating certain employee benefits, cutting back on facilities and equipment, or automating jobs, strict childcare regulations leave little room for childcare centers to adjust to cost increases. A childcare provider's only viable option is to pass the wage increases on to families in the form of higher pricing."

Representative McDermott rose to yield his time, and the Chair "so ordered."

Representative Okimoto continued, stating:

"For providers in high cost areas that are already paying near or above \$18 an hour, the impact would be small, but costs could increase tremendously for providers in low cost regions. While we know how beneficial it is for children to have one parent at home until they are school aged, the reality is here in Hawaii that staying home is not an option for many lower-income and working class folks and single parents. And raising the cost of child care only makes an already difficult situation even harder.

"Based on recent surveys from the Chamber of Commerce and their affiliates, coupled with studies on the impacts of minimum wage in localities, and the testimony of so many of our business owners, there is no doubt in my mind that this bill will cost people their businesses and have little to no impact on the real problems facing the cost of living in our state.

"So why am I voting up on this? Because as hard as this is, I believe in compromise. The Chamber of Commerce came out and said that if we are intent to pass this piece of legislation, then at least stagger it to give some of our people a fighting chance. And \$18 by 2028, a permanent refundable tax credit, and a tip credit was the compromise.

"Mr. Speaker, I only hope that when I leave the chamber to go meet with my business owners in my community, as I have been throughout the pandemic, some of whom may lose everything, that they will be as understanding as I have been. However, I don't blame them one bit for being rightfully upset, and I share with them a mutual frustration about the direction of the state.

"Mr. Speaker, to conclude, government cannot artificially create good pay. It results in unintended consequences and the people who should be most helped are often the most harmed. I deeply and sincerely hope that when this distinguished body reconvenes to these chambers next January, that it seriously begins to consider removing many of our regressive taxes, which are a primary cause of the cost of living in Hawaii, and focus their efforts on eliminating government-created barriers that significantly hinder our ability to create work and higher wages. Thank you, Mr. Speaker."

Representative Matsumoto rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition to this measure. Our families are hurting in Hawaii. People are living paycheck to paycheck and they're leaving our state because they cannot afford to live here. People are struggling and they need help. This is a bill that I have wrestled with all session. There are really great parts of this bill. But I have reservations whether it's the best path forward.

"I have made a commitment during my time in the legislature that I don't vote reservations on a final bill, I either vote yes or no. And so, I made the very, very difficult choice today to vote no, even though there are really great components. I wholeheartedly support making the Earned Income Tax Credit refundable and permanent, as this will really benefit low income and working people, it will increase economic activity, and counteract regressivity in the tax code. This is so important and so needed for our communities.

"When we were considering a minimum wage increase to \$13 in 2020, I was willing to support the bill. Then COVID hit and before we shut down the Legislature, I gave a speech on this floor stating that I agree with the increase but now is not the best time. Here we are today considering a 78% increase to the minimum wage when the economic climate is so much worse.

"We are putting so much hope in raising the minimum wage when there are so many other ways to achieve the same goal, to support working families. That's why I've introduced bills to lower the income tax. A third of our paycheck is being taken away by taxes. Collectively we have one of the highest taxes in the nation. Imagine the impact that we could make if we gave people more of their hard-earned money back in their pocket. For years, I've introduced a bill to eliminate tax on necessities like food and medical services. This would immediately help people in their everyday lives, and it's something that most other states do.

"Over the last two years, our island small businesses have weathered storm after storm. Businesses have had to deal with government-imposed restrictions that were put there for the intended health and safety of our population. But there was constant uncertainty of what was allowed and what wasn't allowed. With mounting pressure from stifling mandates to supply chain crises, hundreds of businesses, ranging from startups to family legacies, were given no choice but to close their doors. And for those who remain, the challenges are far from over.

"When this bill passed through the House, I shared the difficulty that small businesses like my 112-year-old family farm in Wahiawa will face. I've talked to several small businesses in my community that have been there for years and they shared how they would really struggle. People like Joann Shigeoka from Shige Saimin and Miriam from Barrio said they'd most likely go out of business if this passes.

"Not only has there been uncertainty from the pandemic, but the general cost of business has gone up. Big box and chain stores will be fine. They can afford to automate their systems and have more checkout lines. Who we're really hurting is our local business owner, all the employees that work for them, and their families. We're inviting big businesses to come in and take over our state because the small guys can't make it.

"I agree that in difficult times everyone needs to pitch in to help, businesses and government together. I would have been in support of a multi-pronged approach with a slight raising the minimum wage, making the EITC permanent and refundable, and many other forms of tax relief, like eliminating the GET and an income tax reduction for the residents who need it most, especially since we have a surplus in our budget this year.

"Our communities do need help. The Legislature needs to continue to work to find a reasonable, well-rounded solution for the people of our state that doesn't rely on such an immense increase in the minimum wage. Going forward, we need to focus on other ways to lower the cost of living in our state and to support our communities. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2510, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO INCOME," passed Final Reading by a vote of 48 ayes to 3 noes, with Representatives Okimoto and Tokioka voting aye with reservations, and with Representatives Kong, Matsumoto, and Quinlan voting no.

Representative Tarnas rose to speak in support of the measure, stating:

"Mr. Speaker, I rise to speak in support of this measure. As we began to engage in serious policy discussions on the management framework for Mauna Kea, it was clear to me that the primary focus should be on what is best for Mauna Kea itself. As an environmental planner for my entire career here in Hawaii, over three and a half decades, I recognize that environmental stewardship is an important public and personal responsibility. A healthy environment supports our quality of life.

"In my work on this bill, I had two main objectives for a new management framework for Mauna Kea. First, respect our indigenous people by providing a substantive voice for Native Hawaiians in the management decisions for Mauna Kea. Secondly, ensure a stable, supportive future for astronomy on Mauna Kea through a community-based mutual stewardship model.

"We have all seen over the past several years that the status quo of Mauna Kea's management needs to change. Native Hawaiians do not feel they have had a voice in the management of the *mauna*, and that needs to change. The astronomy community feels that they do not have the relationship of mutual respect and benefit, which they really want to have with the community, including and especially Native Hawaiians, and that also needs to change.

"Mauna Kea is of paramount importance to our community. Mauna Kea is also the best place on the planet for astronomy. Recognizing this competitive advantage for astronomy, the Hawaii State Government has invested significant resources on Mauna Kea through state agencies and the University of Hawaii. Over the last 50 years, long-term leases have provided the security for U.S. and international organizations to invest billions of dollars in constructing and operating observatories on Mauna Kea. Today, astronomy has a total economic impact to the state of approximately \$220 million annually, generates about 1,300 jobs statewide, and provides significant STEM education and workforce development opportunities for our community.

"My district includes the town of Waimea, where there are two headquarters of major observatories operating on Mauna Kea. My constituents, including Native Hawaiians and those who are not of Hawaiian ancestry, have made their voices known, saying, we support astronomy that is done with respect for the environment and Native Hawaiian cultural values and provides education and employment opportunities to Hawaii's people.

"The directors of the Keck Observatory, Subaru Telescope, and Gemini Observatory recently released a consensus statement on the principles for the future management of astronomical facilities on Mauna Kea. These principles are consistent with the policies of the Astro2020 Decadal Survey, which guides the future of astronomy research in the United States. These

principles have also been endorsed by other national astronomy organizations.

"In their statement of principles, these Mauna Kea observatory directors have stated, 'We strongly believe there is a vibrant and sustainable future for astronomy on Maunakea - a future based on a community model of astronomy in which relationships and partnerships between the community and astronomy thrive, upheld by the values of respect, collaboration, and inclusion. The observatories are permitted by the state to conduct activities on Maunakea lands - public lands that are important to multiple stakeholders and of great cultural importance to the Hawaiian community. We, [the observatories on Maunakea,] are grateful for our privilege of observing the Universe from Maunakea.'

"The Maunakea Observatories also stated, 'It is through the lens of this framework that we remain deeply committed to ensuring the local and native Hawaiian community is included as we work together in forging a positive future for Maunakea.... We seek a community-based mutual stewardship model which will allow astronomy to thrive alongside other interests, sensitive to the needs of the local community.'

"Based on all this, it was clear to the State House that the status quo was no longer acceptable. We felt the Legislature had a responsibility to grapple with this very difficult and contentious issue and develop an alternative management framework for Mauna Kea."

Representative Branco rose to yield his time, and the Chair "so ordered."

Representative Tarnas continued, stating:

"Thank you. Our legislative purpose was not to criticize the University of Hawaii and its management, but rather to learn from the UH experience and recommend a management framework that builds on these lessons. The State House formed the Mauna Kea Working Group, through your leadership, Mr. Speaker, to engage with numerous representatives of the Native Hawaiian community who had demonstrated a sincere commitment to the stewardship *kuleana* of Mauna Kea.

"The dialog and deliberations of the Mauna Kea Working Group were done with respect and humility. We learned a lot from each other and recognized we share common values and a sense of responsibility for careful stewardship of Mauna Kea. I am deeply grateful to the working group members who gave their time, *mana'o*, and commitment to this process.

"The working group recognized that the controversy regarding management of Mauna Kea is connected to larger questions and longstanding issues, not all of which can be addressed in this legislation. But we can and what I believe we have done in this legislation, is create a framework for managing Mauna Kea which provides an alternative path. One which provides a substantive voice for Native Hawaiians in the process of Mauna Kea's management while supporting a sustainable future for astronomy on Mauna Kea.

"Mr. Speaker, when an issue is so controversial, the easy option for us as a legislature is to leave it to another year, another session, another administration, another entity to craft a solution. And for members of our communities, the easy option is to stand aside and criticize the system without engaging in the harder work of moving towards a solution. I am deeply grateful to my fellow legislators, the stakeholders, and the members of the community who were willing to come to the table to find a better path forward. And the Native Hawaiian community leaders who have been part of the working group and this legislative process have brought their *mana'o*, their hard work, and solutions-oriented thinking, which is the heart of this legislation.

"The Maunakea Observatories and the astronomy community have done their part by acknowledging how having a better relationship with the community, especially the Native Hawaiian community, is of vital importance to their work and values. The university has done their part by participating fully in the discussions in the Mauna Kea Working Group and listening to the concerns and criticisms from others. And they also made systemic changes in their own administrative organization through the establishment of the Center for Maunakea Stewardship.

"I am grateful for these strong leaders who are steadfast in their commitment to the process. Their engagement made it possible for us to

envision the possibility of a brighter future for Mauna Kea. This measure takes a carefully balanced approach by stating that it is the policy of the State to support astronomy that is consistent with a mutual stewardship paradigm in which ecology, the environment, natural resources, cultural practices, education, and science are in balance and synergy. This approach is consistent with the approach supported by leaders in the Native Hawaiian community, members of the Mauna Kea Working Group, and leaders in the astronomical community in Hawaii and the nation.

"The process of arriving at this conference draft involved not only a yearlong working group, but also extensive hearings, consultation, and testimony from stakeholders and community members at every step of this legislative process. Now, I ask my colleagues here in the State House to support this legislation, which provides a new path forward for managing Mauna Kea. It creates a *kuleana* for everyone who cares about the future of the *mauna*. I ask all the stakeholders to embrace the opportunity and now do the hard work of engaging collaboratively in the process established by this new management framework and move forward together. And, Mr. Speaker, may I have permission to enter additional remarks into the Journal. *Mahalo*."

Representative Tarnas's written remarks are as follows:

"Mr. Speaker, I rise to speak in support of this measure.

"As we began to engage in serious policy discussions on the management framework for Mauna Kea, it was clear to me that the primary focus should be on what is best for Mauna Kea itself. As an environmental planner for my entire career in Hawaii, I recognize that environmental stewardship is an important public and personal responsibility. "Mauna Kea is of paramount importance to our community, including Native Hawaiians, non-Hawaiians, cultural practitioners, scientists, artists, hikers, photographers, star-gazers, and so many more. Mauna Kea has significant environmental and cultural importance.

"Mauna Kea is also the best place on the planet for astronomy facilities because of a combination of environmental factors, including our mid-Pacific location far from the continent, clear dark skies, and stable temperature, wind and humidity conditions.

"Recognizing this competitive advantage for astronomy, the Hawaii State Government has invested significant resources on Mauna Kea through state agencies and the University of Hawaii to provide road access, communication and data networks, support facilities, administrative services, and resource management. Over the last 50 years, long-term leases have provided the security for U.S. and international organizations to invest billions in constructing and operating observatories on Mauna Kea. Today, astronomy has a total economic impact to the state of approximately \$220 million annually, generates about 1,300 jobs statewide, and provides significant STEM education and workforce development opportunities for our community.

My constituents, including Native Hawaiians and those who are not of Hawaiian ancestry, have made their voices known, saying, 'we support astronomy that is done with respect for the environment and Native Hawaiian cultural values, and provides education and employment opportunities to Hawai'i's people.'

"The Directors of W.M. Keck Observatory, Subaru Telescope and Gemini Observatory released a consensus statement on the principles for the future management of astronomical facilities on Mauna Kea. These principles were subsequently endorsed by the Board of Directors of the Association of Universities for Research in Astronomy (AURA), a consortium of 47 US institutions and 3 international affiliates that operates world-class astronomical observatories for the National Science Foundation (NSF) and the National Aeronautics and Space Administration (NASA).

"In their statement of principles, these Mauna Kea observatory directors stated, 'We strongly believe there is a vibrant and sustainable future for astronomy on Maunakea – a future based on a community model of astronomy in which relationships and partnerships between the community and astronomy thrive, upheld by the values of respect, collaboration, and inclusion. The observatories are permitted by the State to conduct activities on Maunakea lands – public lands that are important to multiple stakeholders and of great cultural importance to the Hawaiian community. We are grateful for our privilege of observing the universe on Maunakea.'

"Their statement of principles also refers to the following policy from the Astro2020 Decadal Survey, which guides the future of astronomy research in the U.S. 'NSF, NASA, DOE, facility managing organizations, project consortia, individual institutions, and other stakeholders can work to build partnerships with indigenous and local communities that are more functional and sustained through a Community Astronomy approach, and by increasing the modes of engagement and funding for: (i) meaningful, mutually beneficial partnerships with Indigenous and local communities, (ii) culturally supported pathways for the inclusion of Indigenous members within the profession, and (iii) true sustainability, preservation, and restoration of sites.'

"Referring to Astro2020, the Maunakea Observatories stated, 'It is through the lens of this framework that we remain deeply committed to ensuring the local and native Hawaiian community is included as we work together in forging a positive future for Maunakea.... We seek a community-based mutual stewardship model which will allow astronomy to thrive alongside other interests, sensitive to the needs of the local community.'

"*Mahalo* to the Native Hawaiian community leaders who have been part of the working group and legislative process brought their *mana'o*, hard work, and solutions-oriented thinking which is the heart of this legislation.

"*Mahalo* to the Maunakea Observatories and astronomy community who have acknowledged how having a better relationship with the community, especially the Native Hawaiian community, is of vital importance to their work and values.

"*Mahalo* to the University of Hawaii leaders who participated fully in the discussions in the Mauna Kea Working Group, listening to the concerns and criticisms from others, and also making systemic changes in their administrative organization through the establishment of the Center for Maunakea Stewardship.

"I am grateful for these strong leaders who were steadfast in their commitment to the process. Their engagement made it possible for us to envision the possibility of a brighter future for Mauna Kea.

"This measure takes a carefully balanced approach by stating that it is the policy of the State to support astronomy that is consistent with a mutual stewardship paradigm in which ecology, the environment, natural resources, cultural practices, education, and science are in balance and synergy. This approach is consistent with the approach supported by leaders in the Native Hawaiian community, members of the Mauna Kea Working Group and leaders in the astronomical community in Hawaii and the nation.

"The authority created by this bill would be attached to DLNR with its headquarters at UH Hilo 'Imiloa Astronomy Center or some other facility on Hawaii Island. The bill articulates that ecological protection, environmental sustainability, natural resources, cultural practice, education, and science would all be fostered in a mutual stewardship paradigm.

"In the conference draft bill, there is a five-year transition period during which UH handles day-to-day operations while the new authority develops plans for stewardship, financial support, leasing process, limitations on the number of observatories, and a moratorium on new leases during the transition. The authority recommends establishing a Mauna Kea Reserve on some of the land and submits regular reports to the Legislature. The current observatories can begin discussions with the authority about their future leases for their facilities.

"After the five-year transition, the authority assumes the powers and responsibilities of DLNR [Department of Land and Natural Resources] and LUC [Land Use Commission] over the lands in the Mauna Kea Reserve. The authority assumes the position of UH relative to the master lease, takes over day-to-day management, and would have the authority to assign leases. All current leases would still be in effect until 2033.

"Decommissioning the Caltech Submillimeter Observatory and Hoku Kea are still in the bill, but the authority is responsible for developing any other limitations on observatories.

"The authority is tasked with the responsibility to develop, negotiate, and execute agreements that support astronomy. This includes education, training, employment, and professional development opportunities for state residents. The practice of the observatories granting UH a certain amount of observing time, which is a very valuable commodity, will continue to be part of future leases. The bill sets a minimum floor of 7% of viewing time going to UH with a priority for research programs that involve Hawaii students (including UH, public schools and Hawaiian language schools) and projects that collaborate with Hawaiian culture and cultural practitioners. The bill also appropriates additional funds for K-12 public education programs in astronomy-related fields of learning at the University of Hawaii at Hilo, 'Imiloa Astronomy Center.

"The Conference Draft of the bill includes the operating principles of *mauna aloha*, *'ōpū kupuna* and *holomua 'oi kelakela*. It does not include articulation of the Kumu Kānāwai, a set of statements which describe the Native Hawaiian cultural worldview and values relevant to the stewardship of Mauna Kea. But the authority would be able to choose to incorporate these Kumu Kānāwai principles into its own rules and operational plans.

"The board members would be appointed by the Governor in the first year and confirmed by the Senate. The composition of the management board includes seats for the chairperson of the Board of Land and Natural Resources, the Hawaii County mayor, chair of the UH Board of Regents, an individual with 'aina resource management expertise and specific experience with Hawaii Island-based management, an individual with expertise in p-12 public education, a representative of Maunakea Observatories, an individual with business and finance expertise and management experience, an individual who is a lineal descendant of a practitioner of Native Hawaiian traditional and customary practice associated with Mauna Kea, an individual who is a recognized practitioner of Native Hawaiian traditional and customary practices, and two members selected by the Governor from a list submitted by the House Speaker and Senate President.

"The process of arriving at this conference draft involved not only a yearlong working group, but also extensive hearings, consultation, and testimony from stakeholders and community members at every step of this legislative process.

"Now, I ask my colleagues in the State House to support this legislation which provides a new path forward for managing Mauna Kea. It creates a *kuleana* for everyone who cares about the future of the *mauna*. I ask all the stakeholders to embrace the opportunity and do the hard work to implement this bill by engaging collaboratively in the process established by this new management framework and move forward together. *Mahalo*."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with reservations. Mr. Speaker, I really appreciate the comments of the speaker from the Big Island, who represents that district well, has stated eloquently and articulately the position. However, because of the volatility of this situation, I'm a bit skeptical. I would like to see it more so as a pilot to see if it works, and then we change it and adjust it. I'm not sure that given the history of this issue, we are going to have a settlement or, as I said in a different speech, the test of the pudding is in the tasting. When we see what he has said come true, then it shall be done. But until then, I remain skeptical. Thank you."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I too rise in support, however, I have reservations, which was reflected by the speaker earlier. In fact, may I have the words of the Representative from Hawaii Kai entered in the Journal as if that were my own," and the Chair "so ordered." (By reference only.)

Representative McKelvey continued, stating:

"Mr. Speaker, I reached out to members of the Native Hawaiian community about the CD 1 draft, and they have concerns with the fact that the membership may not reflect what they feel should have been the end result, Mr. Speaker. However, it's a phased-in approach. It's an approach which will allow time for future legislatures to come back and look at the composition issue. It's been a year in which I think many of the concerns can be addressed down the road. However, Mr. Speaker, I think that the concerns are so valid that I have to have reservations with them going forward.

"Mr. Speaker, at the end of the day though, as we started this, all my reservations were grounded, and not a no vote, in the fact that for the bill to fail means we're left with the status quo of one entity having complete and unilateral control and decision making over the entire area. And that those who have a different voice, those in the Native Hawaiian community in particular, won't have the ability to echo that voice.

"And I was talking to one of my Maui colleagues, Mr. Speaker, and they brought up the fact that the Big Island delegation in the House and the Senate have worked hard on this and have had hours and hours and hours of meetings with many different stakeholders from many different areas. And in the end, it's self-determination for them. They are the elected representatives and senators of their island. And so, therefore, as one from Maui who if was in the same position would appreciate the support to be able to work with my community, I think therefore the measure should go forward. But that doesn't dilute the concerns that I and many others have

with the measure and hope that in the future that these concerns can be addressed so that there is greater inclusivity and specifications for the members of this working group to ensure that all the voices are heard. *Mahalo*."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I was originally opposed to it, but I really do appreciate the changes in the work that's been put into this. My reservations largely stem, Mr. Speaker, from one specific line in the bill and I'd like to talk about that, section -6(d), line 3, that the framework may include a set of principles for returning the lands used for astronomy research to their natural state whenever observatories are decommissioned or 'no longer have research or educational value,' Mr. Speaker. Why include that phrase? That's what really concerns me.

"There seems to be a faulty logic that somehow the fact that we have space-based astronomy and space-based astronomy will continue to grow, that somehow that might lead to ground-based astronomy becoming obsolete, and that's faulty logic. The shovel is not obsolete because we have the backhoe. The magnifying glass is not obsolete because we have the microscope. So, my concern, Mr. Speaker, is this language of 'no longer have research or educational value' will be weaponized. It will be weaponized by those who want to get rid of all astronomy on the *mauna*. And that's where my reservations are. What gives me solace is the intent of this bill, in section 8, is it is very clear that the support of astronomy is now the policy of the State. So those are my comments. Thanks."

Representative D. Kobayashi rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm speaking in opposition. So, I've heard many proponents of this working group describe this as really a win-win situation, that everybody's happy on this, everybody's bought off on it. For this particular predicament, where I think you consider it basically the ultimate zero-sum game, I don't see any win-win possible here. I think what we're hearing is basically window dressing for what the intent is of this, which is really to legitimize the building of the telescopes.

"And make no mistake, I think regardless of all the pretty wording, that's exactly what we're doing right here. And there are certain things that I think you can navigate, certain outcomes, but I think when you hear the proponents of this talking about how this is going to work to make everybody happy, those who consider the telescope to be a desecration as well as those that consider astronomy the most important thing in the world, it really doesn't make any sense for there to be any win-win on this. And I think you've got to really look through the pretty wording and see what we're really doing here. And as a result, I've done that, and I'm a clear no on this. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Mr. Speaker, I have to be very honest. When we engaged in this process, I was not confident. I could remember back and look at the standoff that we saw at Mauna Kea. And I was thinking, how are we going to navigate through all of this? But, Mr. Speaker, thanks to the hard work of your committee members on this, the skillful facilitation of the Judiciary & Hawaiian Affairs Chair and the Water & Land Chair, as well as the Representative from District 43, they took months to navigate a process that brought stakeholders together. And the words and the phrase that I take away from the speaker from Waimea's comments is that what they have built and designed is a community model of mutual stewardship, an alternative management framework going forward. Again, several years ago, I could not see a way forward, and we have that way forward because they have done the difficult work of bringing stakeholders together.

"Now, that work has not been for nothing. At the highest levels of astronomy now, at the National Academies of Sciences and the Decadal Survey on Astronomy and Astrophysics 2020, we are hearing these words of community models, of stewardship and management. So, whatever happens with the outcome of this bill, this work of this House and this committee has already had an impact at national levels and changed the conversation. And that is precisely what this state is great about. What the

culture of Native Hawaiians is great about. It's about mutual stewardship and bringing people together and to see a way forward.

"So, my hope is that this bill is more than just pretty words. It's already made a difference at national and federal levels. And there are conversations not just happening on our islands but in other places. Because the rights and the voices of indigenous people need to be heard. And for me, it is a good day that it was the work of this House committee, it was the work of this House body that said, let us find a way forward. And my hope is that this bill will move forward and that we see that this management model is implemented in this state. Thank you, Mr. Speaker."

Representative Kapela rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Nakashima rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. About seven months ago when I was charged with leading this working group by you, sending me on an odyssey, I was not sure where we would end up. However, given the experience I've had, I'd like to thank you for giving me the opportunity to lead this working group and to come to know all of the members of the working group.

"I'd like to read for the body a letter received by Dr. Noe Noe Wong-Wilson, who is a resident of my district and who was a member of the working group. And she writes, 'I am writing to ask you to support HB 2024, HD1, SD2, CD1, Relating to Mauna Kea. The establishment of a new Mauna Kea Stewardship and Oversight Authority which will be responsible solely for the care and well-being of Mauna Kea will set a precedent for a true community-based & government partnership for stewarding the most important natural, cultural and historic resources we have in Hawai'i which is the 'āina. I do believe that good stewardship can place the interests of the mauna, cultural practitioners, community, education, and science including good astronomy and conservation efforts in alignment. The plan for transition of stewardship from UH to the new authority will be challenging but the plan is well thought out and will require cooperation from all parties. If the well-being of Mauna Kea is the common goal, the transition can be achieved with support from everyone including you, our elected officials.

"Mahalo for your hard work through the last few months. My experience on the Mauna Kea Working Group and supporting this bill through this year's legislative process has been enlightening, exciting and sometimes daunting. I have witnessed the earnest dedication that our elected officials must give to the process in order to make good decisions for the people and our beloved home.'

"So, I'd like to thank Dr. Noe Noe Wong-Wilson for her words of support, and I'd like to also ask permission to include the names of the other working group members into the Journal. Thank you very much."

The members of the Mauna Kea Working Group are as follows:

Representative Mark Nakashima, Chair, House of Representatives;
Representative Ty J.K. Cullen, House of Representatives;
Representative Stacelynn K.M. Eli, House of Representatives;
Representative David A. Tarnas, House of Representatives;
Ms. Jocelyn Leialoha M. Doane, Native Hawaiian Community Representative;
Dr. Lui Hokoana, Native Hawaiian Community Representative;
Dr. Bonnie Irwin, Chancellor, University of Hawai'i at Hilo;
Dr. Pualani Kanaka'ole Kanahele, Native Hawaiian Community Representative;
Mr. Joshua Lanakila Mangauli, Native Hawaiian Community Representative;
Mr. Robert K. Masuda, First Deputy, Board of Land and Natural Resources;
Mr. Rich Matsuda, Interim Chief of Operations, W.M. Keck Observatory;
Ms. Brialyn Onodera, Native Hawaiian Community Representative;
Mr. Shane Palacat-Nelsen, Native Hawaiian Community Representative;
Mr. Sterling Wong, Office of Hawaiian Affairs;
Dr. Noe Noe Wong-Wilson, Native Hawaiian Community Representative;
Mr. Wayne Tanaka, Office of Hawaiian Affairs; and
Dr. Sylvia Hussey, Office of Hawaiian Affairs.

Representative Gates rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Holt rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. My reservations for this measure have always been about the process of how we got here. Thank you to the Chair of the Judiciary & Hawaiian Affairs Committee for leading the working group. But we didn't have any participation from the Senate until the last couple of weeks in session. And thank you very much to the Chair of the Higher Education Committee in the Senate for coming together and working on this with us, as we had previously heard there would be no cooperation. So, at least we're here at this point.

"But just because we have this bill doesn't mean the issue is over. Those who participated in the working group are very thankful and do appreciate the work product. I'm not sure that's the common theme across the Hawaiian community. My stance has always been to continue this conversation and not try to fix it in one time. It's obviously not of super importance, we have a five-year transition period so we could use a year or two to tighten this up a little bit more. But I am very thankful that we could sit in a room with a bunch of Native Hawaiians and get a respectful discussion. And I hope that we can continue this moving forward. Thank you."

Representative McKelvey rose in support of the measure with reservations and asked that the remarks of Representative Holt be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Tokioka rose in support of the measure with reservations and asked that the remarks of Representative Holt be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2024, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MAUNA KEA," passed Final Reading by a vote of 49 ayes to 2 noes, with Representatives Gates, Holt, Kapela, LoPresti, McKelvey, Tokioka, and Ward voting aye with reservations, and with Representatives Hashem and D. Kobayashi voting no.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2260, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CANNABIS," passed Final Reading by a vote of 50 ayes to 1 no, with Representative Okimoto voting no.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3289, SD 2, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Sayama rose to speak in support of the measure, stating:

"Mr. Speaker, in support. As the Legislature moves measures to put money into working families' pockets right now, this bill looks to help their families when they retire. Currently, tens of thousands of Hawaii's private sector employees have little access to or no knowledge of investing in their retirement future. Even small businesses, who want to provide employees with retirement benefits, simply are unable to due to the cost and complexity of managing a retirement program.

"Without a robust retirement plan, workers will continue to step into retirement only to fall into poverty and grow dependent on public assistance programs. Today, however, we shine a light on this bleak future. Thanks to the dedicated advocacy of AARP and the collaboration and leadership of the Chairs of Labor & Tourism, Consumer Protection & Commerce, and Finance, this bill will establish a state retirement savings program.

"This program represents a strong commitment to helping local businesses and their employees open and enroll into a retirement savings program. Combined with \$1 million for education and outreach and a \$500 match for the first 50,000 employee participants, I am extremely hopeful we will see more workers save for their future and live with dignity as they age. This was no small feat, and I'd like to again extend my warmest thanks to

everyone who was involved in making this measure possible today. Thank you."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. This has been an issue that has been on the Legislature's table for several years. And thanks to the advocacy of AARP and many of the members here, we are here passing a really good bill. This bill allows for individuals who would like an opportunity to participate in a retirement savings, only because their employers do not provide any type of 401k or other opportunities, an opportunity for the first time to be able to participate. Thanks to the efforts of the prior Labor Chair, who is the CPC Chair, and the current Labor Chair.

"This is an example of the Legislature grappling with a very tough issue and trying to figure out a way where it's not just providing money but finding a way to implement it correctly. And this is an example of where the working group and the interim work really work. And so, we wanted to just thank all the members, especially the members of the working group and especially AARP, for bringing us this far on something that is workable, something that is good for Hawaii's workers, and something that we can be all proud of.

"And this will be a first in the nation of an example where other states have shied away from an opt-out system. And now they have an example that they can use to look at perhaps a successful opt-in with significant amount of investment by the State. So, thank you very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3289, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAII RETIREMENT SAVINGS," passed Final Reading by a vote of 50 ayes to 1 no, with Representative McDermott voting no.

Conf. Com. Rep. No. 250-22 and S.B. No. 2021, SD 1, HD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2021, SD 1, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Holt rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. For the betterment of Native Hawaiians, for the betterment of the conditions of Native Hawaiians, that's what this bill is about. And that's why the Office of Hawaiian Affairs was created in 1978. This may seem like a smaller bill this year, with \$600 million going to DHHL and \$328 million going to the Kalima case, but let me assure you that this measure is just as important.

"Why is it important? It's important because we are exercising our clear authority as a legislature to set OHA's pro rata share closer to the 20% that they're owed. I've stood up here and read all the constitutional stuff and sections in the HRS, I won't do that today. But to be clear, by anybody's accounting, either OHA or DLNR's, we're still far short of that 20% number. Probably around 10% with this \$21 million. So, we still have a long way to go.

"Mr. Speaker, I introduce this bill every year, and I'm very thankful to stand here. And thank you to the Finance Chair, the Judiciary & Hawaiian Affairs, I'm not going to go down the list, everybody, thank you guys so much. To be here on final reading increasing this amount is amazing.

"So many good things have happened for Hawaiians this year. And I've kind of been numb to it all with how much money is flowing into our community until this morning. And this morning, I was walking back from picking up breakfast for my grandma, and I was standing on the corner waiting for the light. And I turned around and I looked in the graveyard, it's across the street from my house. And I saw these two Hawaiian flags, not flapping in the wind, just straight up. I could see both flags just blowing in the wind. And it just hit me, the progress that we're making and the lives that will be changed by what we're doing here.

"But Mr. Speaker, also in that graveyard is a not so happy reminder of the progress we have made. In the graveyard is buried Joseph Kahahawai, 90 years ago, in 1932, he was murdered. I won't go into the case, the Massie case, but we've obviously come a long way since then. This additional

\$5 million a year and the fact that we are acknowledging that we have been underpaying for so many years is just amazing. And with all the progress made, Mr. Speaker, as evidenced by the comments I referenced in my floor speech a couple of weeks ago, we still have a long way to go. Thank you very much."

Representative Ward rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support with mild opposition. Why do I have strong support with mild opposition? Well, this bill is about what the previous speaker said, getting the 20% to the OHA, which doesn't actually give the 20%. That is the difficulty. But let me go back to Governor Waihee in saying that this was a banner year. Clearly it was a banner year, in fact, not only because of the money, but because this is the most debate I've ever heard in my however many terms I've been here about Hawaiian issues, and in a positive light, Mr. Speaker. So, I think this is really historical that we're not only giving money, but we're talking about it in a positive way and we want to be more constructive.

"Having said that, Mr. Speaker, I would remind my colleagues that the Constitution says clearly that there should be a 20% of the revenues to the benefit of OHA to do its claims. In fact, it even did a study in 2015 that said of the just about \$400 million of the lands that it should get 20%, there should be about \$78,900,00 that would go to them. And referencing the previous speaker, we're about halfway to that 20%, Mr. Speaker.

"And I know there's a working group, you can say, hey, there's a working group, they're going to figure it out. Well, how many times have they tried to inventory the lands, how to figure the lands, when will the working group actually say, not only will there be a 20%, but it will be on gross. Because we reneged on that and said, well, we actually can do net. And Mr. Speaker, I think we shortchanged the Hawaiian community.

"I guess the bottom line is this, and I'm going to quote the Representative from Kailua. When we have in the Constitution, we have by statute what is rightly owed to Hawaiians, why do they have to go to court? Because if this doesn't come to pass to be 20%, this is another Kalima case in the making, Mr. Speaker. That shouldn't have to happen, but it may happen. And I think we'll be regretting all the good things that we've done today, because if they don't go, it's not going to progress what ultimately is this. Mr. Speaker, the Hawaiian community needs self-determination. To get self-determination it needs money and it needs money that is rightly owed. I'm not talking about sovereignty, I'm talking about self-determination, which may a degree of sovereignty contain.

"Mr. Speaker, the Hawaiian community is in a rising renaissance. We'll know more about it in the 2022 election in a few months. But there's a new awakening. Some know that the cultural renaissance began in my district at Kalama Valley. When George Santos, the pig farmer, laid in front of the tractors that were going to knock down his farm. And Kalama Valley was going to be built by Bishop Estate.

"The renaissance now is a political awareness, a political consciousness that says, hey, we are the Hawaiian people, we are the indigenous people, we are the ones that have got all of these statutory rights but we got to go to court to enforce them. For those reasons, Mr. Speaker, I hope today, as a banner year, a banner dialog that we have, is going to be a continuation of a good relationship and a fulfilling of what has been promised for years and years to the Hawaiian community. Thank you."

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in strong support of Senate Bill 2021, Conference Draft 1.

"The persistent question about the payment of public land trust monies to the Office of Hawaiian Affairs has been a decades long question that has yet to be fully resolved even under this bill. But this bill takes a critical and significant step forward towards meeting the State's obligations to Native Hawaiians and sets up a political process to resolve this moral obligation. We must continue this political process moving forward as envisioned by the Conference draft.

"In examining this issue over the past interim, the House Investigative Committee created by House Resolution 164 (SLH 2021) noted the long political history and background to the creation of and political decisions surrounding ceded lands and the public land trust. The House Investigative Committee ultimately recommended that 'there be additional inquiry into the public land trust and ceded land revenues by the appropriate House legislative committees.' I am grateful that when faced with unexpected revenues, the House Judiciary and Hawaiian Affairs Committee and the House Finance Committee, along with the Senate Hawaiian Affairs and Ways and Means Committees, took up this important recommendation, and have crafted this measure to assist the State in meeting its obligations for the betterment of the conditions of Native Hawaiians."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2021, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO INCREASING THE PAYMENT AMOUNT FOR THE OFFICE OF HAWAIIAN AFFAIRS' PRO RATA SHARE OF THE PUBLIC LAND TRUST," passed Final Reading by a vote of 51 ayes.

Representative Nakamura rose to speak in support of the measure, stating:

"In support, Mr. Speaker. I'll keep this very short. I just wanted to say that this bill will give families \$500 a year in rental assistance per month. And it will help our working families, over 4,000 of them who are in the TANF and TAONF program. And what's exciting about this bill is that we will be using \$4 million in general funds to leverage \$19 million in federal TANF funds that have been sitting unused each year.

"I just want to take this time to, Mr. Speaker, thank our Finance Chair for working with me during the interim to structure this bill, our Vice Chair of Housing for sitting through so many meetings to craft this bill, and I want to give a shout out to the Department of Human Services, Benefit, Employment & Support Services Division and the TANF staff for being a real partner in crafting this bill. I finally want to thank the 28 co-introducers. *Mahalo* to all of you for your support in helping the neediest families in Hawaii."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'll be brief, but I too, I just want to stand on this in strong support. Mr. Speaker, when you're asked, when we're asked by people, and I spoke earlier on the floor amendment for this reason, what have we done to address the cost of living, we need to point to this bill as well, Mr. Speaker.

"In my district alone, rents are spiraling thanks to the new wave of investment acquisition of houses and apartments and condominiums. And this measure here will help our people in being able to meet, at least somewhat, these challenges. And Mr. Speaker, to tap these unused federal funds just sitting there that could be utilized by the people of Hawaii, amounts, in my mind, to government waste. And for us to draw these monies down and put them in the pockets of working families to help combat the high cost of rent, not only is it a cost of living measure, but also is a waste corruption measure too. Because money unused is money wasted. So again, thank you to the Chairs of Finance and Housing for this bill. It's very important. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 2233, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO TEMPORARY ASSISTANCE FOR NEEDY FAMILIES," passed Final Reading by a vote of 51 ayes.

H.B. No. 2248, HD 1, SD 2:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 2248, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO SCHOOLS," passed Final Reading by a vote of 51 ayes.

H.B. No. 2515, HD 2, SD 2:

Representative Belatti moved that H.B. No. 2515, HD 2, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, in support, brief comments on HB 2515. This majority package bill, I would like to take this opportunity to thank the select committee and my colleagues that represented the various committee chairs and district area representatives. Mr. Speaker, I truly believe that your committee worked diligently with entities like Board of Water Supply, Department of Health, and the military to actually have a resolution in which we are looking at the closure of the fuel tanks. Mr. Speaker, this measure here before you regarding the laboratory, I think will then, which we are going to try to secure federal funds as part of the settlement moving forward, will then actually help all people of Hawaii and be used in a wide variety of situations to protect our *'aina* as well as the people of Hawaii. So, on behalf of everybody, thank you."

Representative Ganaden rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. May I have the words of the previous speaker entered into the Journal as my own," and the Chair "so ordered." (By reference only.)

Representative Ganaden continued, stating:

"And a brief comment. This bill is absolutely necessary in order to expedite the testing of our groundwater. Prior to this, we were shipping these test vials out to California for a lab. Famously at the beginning of this emergency in January, some of those testing vials got displaced, there were some other issues. How dangerous this is can't be understated. If we don't get this in time, we could easily see our freshwater being inundated by not just jet fuel, but a variety of other things.

"So, my thanks to the other members of the Red Hill Committee on working on this. Of course, there's a lot of work to do. This has been an evolving crisis that our various elected officials, from the governor to our legislature, our city and county elected officials, and our federal delegation have been working on diligently. It's one of the first times, I mean I'm new but I don't know of any other instance in which all elected officials have been in complete agreement as to what the necessity is to defend our constitutional rights to clean water and to advocate for our communities and for the health of our continued environment. So, again, thank you to the other folks that worked on this with the Red Hill Committee, and we're going to keep our eye on this in the interim and hopefully in the years to come."

The motion was put to vote by the Chair and carried, and H.B. No. 2515, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF HEALTH," passed Final Reading by a vote of 50 ayes to 1 no, with Representative McDermott voting no.

HOUSE SPECIAL COMMITTEE

Representative Belatti, for the Special Committee to Consider Miscellaneous Communication Nos. 1001 and 1002, presented a report (Spec. Com. Rep. No. 1).

Representative Belatti moved that the report of the Committee and the recommendations contained therein be adopted, seconded by Representative Okimoto.

Representative Har rose, stating:

"Mr. Speaker, may I rise on a point of personal privilege? Mr. Speaker, I just want to apologize again to you, this body, my family, my constituents, including the petitioners, who I've had the honor and privilege of representing for the past 16 years. I again want to apologize for any shame and embarrassment that I caused, and I humbly ask that you find it in your hearts to forgive me. At this time, Mr. Speaker, may I request additional comments into the Journal, and I respectfully request to be recused from this vote."

The Chair addressed Representative Har, stating:

"Yes, you are excused from this vote, Representative."

Representative Har's written remarks are as follows:

"Mr. Speaker, I would like to address the House Special Committee Report No. 1-22, Regarding Misc. Communications 1001 and 1002 ('Report'), dated on April 29, 2022. From the outset, it should be noted for the record that the Misc. Communications were submitted by the father and mother ('Petitioners'), of one of my political opponents, who ran unsuccessfully against me.

"Secondly, it should be noted that the Report repeats in several places that 'the Committee would be guided by principles of fairness and impartiality consistent with the protection of constitutional due process rights.' Accordingly, the Committee had a duty to act as an impartial, third-party adjudicator. It was, therefore, the Petitioners' burden to prove, under the clear and convincing standard, that there was a violation of House Rule 62. The Petitioners failed to meet their burden presenting only their personal 'statements,' and unsubstantiated media reports.

"Thirdly, I would like to highlight for the members, one portion on page 12 of the Report. Specifically, the portion of the Report at which my attorney, Mr. Luke gave his presentation before the Committee on April 13, 2021. 'Mr. Luke asserted, in relevant part, that the OVUII charge against Representative Har was not dismissed on a technicality and the "judgment of acquittal is a very high standard" whereby the prosecution had failed to meet their burden of proof. 4/13/22 Hearing at p.24. Mr. Luke argued that the District Court thoroughly reviewed all the witness testimony presented at trial, including the testimony of arresting police officers and the AnyPlace Cocktail Lounge staff who served Representative Har, along with all of the body camera video footage of the arrest, and correctly acquitted Representative Har of the OVUII charge. Mr. Luke concluded that this Committee should similarly dismiss the petitions against Representative Har.'

"Finally, I must insert these written remarks because of the many inaccuracies and misleading statements in the Report and to clarify the House Journal.

- On page 1, the Report states, "[t]he Special Committee was charged with investigating whether Representative Sharon E. Har ('Representative Har') conduct involving alleged incidents of driving while intoxicated, driving without an auto insurance policy, and driving the wrong way on a one-way street on February 22, 2021, violated House Rule 62, which sets forth the body's Code of Legislative Conduct."

"On its face, the Report explicitly makes clear that it was formed to re-prosecute me for the alleged OVUII, which clearly violates due process and fairness, under the doctrine of double-jeopardy.

- On page 4, the Report states: "[a]t the outset, the Chair explained that the Committee would be guided by principles of fairness and impartiality consistent with the protection of constitutional due process rights."

"Mr. Speaker, if this was in fact the case, the Committee should have been dismissed immediately after I was acquitted in the district court matter. The principles of double-jeopardy dictate that any issues raised before the Committee which derived from the district court case should have been barred. Unfortunately, numerous questions from the Committee members and statements from the Petitioners related directly to the alleged OVUII incident, and had already been adjudicated by a Court of Law. This was clearly in violation of my due process rights and contradicts misleading statements in the Report that the Committee was guided by principles of fairness and impartiality consistent with the protections of constitutional due process rights.

- On page 5, in the third paragraph, the Report states my trial dates were continued six times for various reasons.

"To be clear, the Courts were closed due to COVID, and that was the reason for the continuances.

- Further on page 5, the Report is misleading and states, "Representative Har's 'jury-waived' trial began on..."

"For the edification of the Chair, you Mr. Speaker and the Committee members, there is no such thing as a 'jury-waived,' trial in matters dealing with OVUII. All cases are bench trials. For the Report to outright state that my trial was 'jury-waived,' insinuates that I waived my right to a jury trial. It is another inaccuracy in the Report and is misleading. Accordingly, I submit this to clarify the Report and record.

- On page 6, in the third paragraph, the Report states; "[t]he Chair advised the parties that the Special Committee would be considering reliable and trustworthy supporting evidence from the parties."

"No information pertaining to the OVUII should have been submitted as the matter had already been adjudicated. At best, however, the Petitioners submitted only: (1) a signed statement by Father Petitioner which reflected his personal opinion; (2) a signed statement by Mother Petitioner which reflected her personal opinion; and (3) unsubstantiated news articles and media reports, which are known as hearsay. This information, under the clear and convincing standard, was not reliable and trustworthy supporting evidence. The Report, again, is inaccurate and misleading.

- Page 9 of the Report notes that there was a request, presumably by the House, for the official transcripts of the pretrial and trial proceedings ("Transcripts").

"To be clear with taxpayers and in the interests of transparency, there should be a disclosure by the Committee as to how much was expended in taxpayer funding to procure the transcripts. Moreover, upon receipt of the Transcripts, the Committee could have easily ruled at that point. The Transcripts substantiated the Declaration I submitted. Instead, the Chair 'determined' that a hearing was necessary, yet gave no reason as to her determination. The Transcripts further substantiated that the allegations made against me by the Petitioners were not true. In fact, the Report explicitly states that 'it was not shown by clear and convincing evidence that Representative Har made the statement, "do you know who I am," or that any statement she made involving her identity was intended to influence the police officers or curry favor.'

- Pp. 14-16, make clear that the House Committee ordered the exhibits that were introduced at my pretrial hearing and trial. These exhibits were given to all of the Committee members.

"I continue to submit that this was in direct violation of my due process rights since the OVUII case had been adjudicated on January 10, 2022. The trial exhibits were directly related to the charge of OVUII. And the matter had been adjudicated by a court of law. Accordingly, there was no reason for the Committee to request access to the exhibits introduced at my trial and to 'review them.'

- Page 17 of the Report again states, "[i]n exercising its duties, the Special Committee was guided by the principles of fairness, due process, and past practice of the House of Representatives in handling matters of alleged drunk drivers by former members of the House of Representatives."

"In the interest of transparency and for the record, there has never been any former House Leadership that has 'handled' a matter of alleged drunk driving by former members of the House of Representatives. It is for the Court system to adjudicate these matters to ensure fairness, and due process.

"I submit that by proceeding with the Committee, the Chair violated the principles of fairness and due process by allowing any issues related to the OVUII to be raised again before the Committee.

- Page 18 of the Report contains one of the most egregious and inaccurate representations. In the first paragraph, the Report states that "... that she endangered others, including a moped that swerved to avoid her and other cars that she potentially could have hit."

"Left out from the Report was the fact that the officer who testified to this, was impeached on this specific statement (as well as other statements) he made in the courtroom, on January 10. His police report, which was written shortly after the incident, did not corroborate much of his verbal testimony. With respect to the alleged moped rider, my attorney explicitly brought to the attention of the officer, that there was no mention of a moped rider in his police report. He admitted it was not. Accordingly, Mr. Speaker, I want to clarify for the record that page 18 of the Report does not accurately reflect

the evidence adduced at trial and submit these remarks to clarify not only the Report, but the House Journal pertaining to acceptance of Special Committee Report 1-22.

- On page 21, the Report states, "[a]ccordingly, the Committee did not find clear and convincing evidence supporting a violation of House Rule 62.2. or 62.4(8)."

"If the Committee found no wrongdoing or breach of any law or rule, it is confusing that the Committee would then proceed to make recommendations against me.

"I want to clarify for the Journal and the Report again, all questions asked by Committee members pertaining to the charge of OVUII violated the principles of fairness and my due process rights. As the Report notes, '[t]he Committee acknowledges that the criminal proceeding related to this matter was dismissed and a judgment for acquittal entered by the District Court. However, the Special Committee notes that the issues before it are not an invitation to relitigate the criminal charges against Representative Har, which have since been resolved in her favor.' Even this statement is misleading because it conflates the fact that I was acquitted and the dismissal was ancillary to the acquittal.

"Due to the many inaccuracies and misleading statements in the Report, I respectfully insert these remarks. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and Spec. Com. Rep. No. 1 was adopted, with Representative Har being excused.

SUSPENSION OF RULES

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the rules were suspended for the purpose of reconsidering action previously taken in disagreeing to amendments made by the Senate to certain House Bills.

RECONSIDERATION OF ACTION TAKEN

Representative Belatti moved that the House reconsider its action previously taken in disagreeing to the amendments made by the Senate, and to agree to the amendments to the following House Bills, seconded by Representative Morikawa and carried:

H.B. No. 1570, HD 1, (SD 2)

H.B. No. 2088, HD 3, (SD 2)

FINAL READING

H.B. No. 1570, HD 1, SD 2:

Representative Belatti moved that H.B. No. 1570, HD 1, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Wildberger rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With strong reservations and in solidarity with the advocates who have been working so hard and hoping for a bill that didn't have amendments created by the industry offering so many exemptions. We know that one in three high school students is vaping. We know that one in five middle school students is vaping. And the irony isn't lost on me that our feeble colleagues that are addicted are vaping while we're discussing this bill. The advocates are so exasperated, they'd rather wait another year than have a compromise bill passed. But that's what we do here is compromise. And appreciating the efforts of this bill's introducer and his desire to continue to work on this, I offer my reservations in solidarity with the advocates who care so much about our public health. *Mahalo*."

Representative Kapela rose to speak in opposition to the measure, stating:

"In opposition, Mr. Speaker. Forty-two percent of Native Hawaiian high schoolers statewide currently vape. With neighbor island communities at the forefront of this epidemic, 35.4% of Hawaii Island high schoolers currently vape, with 57% of Hawaii Island high schoolers saying that they have tried vaping. That's nearly 10% higher than the state average.

"The tobacco industry has a history of targeting communities of color, women, LGBTQ communities with flavors, and specifically the menthol flavor. This bill contains an exemption that would leave over 1,000 flavored products on the market. This broad exemption language was requested in written testimony by a tobacco lobbyist, the same company that holds over 30% of the vaping market share and its largest shareholder is Altria, the parent company of Philip Morris. The State of Hawaii filed a lawsuit against

this company in 2020 for its predatory marketing towards children, and several other states have settled similar cases for millions of dollars.

"Incremental progress does not work when dealing with the tobacco industry. They aren't afraid of short-term losses if they can protect their profits in the long term. So, I humbly ask you to ask yourselves why a tobacco industry lobbyist would offer an amendment to a flavor ban bill instead of outright opposing the bill? We can't be so short sighted. What seems like small progress today could be a gaping loophole for years or even just months down the road. The compromises that we make now and the compromise that we're making in this bill is using our *keiki* and using their futures as bargaining chips.

"So, I strongly support a comprehensive ban on the sale of flavored tobacco products. But agreeing to a tobacco industry amendment is something that I cannot do. My responsibility is to my constituents, and that compels me to think about the long-term consequences of short-term compromise. So, for this reason, I have to vote no."

Representative Yamane rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, standing in support with strong reservations. Mr. Speaker, as chair, we want to bring to this body bills that bring both sides together. And at times we are successful, at times, Mr. Speaker, we bring bills in front of the members that both sides don't like. But that's a good thing, because that means both have to give.

"However, Mr. Speaker, this measure before you has some significant concerns that I would like to mention. But beforehand, Mr. Speaker, I want it to be clear that myself and members of the committee are in opposition to any sale of tobacco products, flavored or not, to minors. That was a consistent message that we wanted to make sure resounded, that we wanted to do what we could do to ensure that flavored or regular tobacco products would not get into the hands of our youth. Some of that discussion included meeting with principals to get those products off our school campuses and make sure that there were no avenues, both in stores or online, to get into the hands of our youth.

"However, Mr. Speaker, the measure before you, I would like to express some concerns and have it inserted into the record. Mr. Speaker, many of you received testimony from the Hawaii Public Health Institute, who is asking for the bill to be killed. Mr. Speaker, in my discussions with them, they brought up that currently in the federal exemptions discussion nationally regarding the substance abuse, substance regarding vaping, there are two major exemptions that could include up to, as mentioned earlier, thousands of products.

"Mr. Speaker, in this measure, also dated April 25th, at my request since there were multiple positions stated, we asked the Department of Health to take a stand. Mr. Speaker, I would like this also be inserted into the record, that they provided me on April 25th that they are in opposition to HB 1570.

"Also, the language of the current bill was commented on by the written testimony by the Attorney General dated April 1st, which express some concerns that I would like to highlight as this bill moves forward. Specifically, the issue that the title is relating to youth vaping and that in the language it talks about all tobacco products. I did try to get clarification from the attorney general, and as you know, lawyers, they move in between actually saying yes or no sometimes. So rather than deal with that, I'm going to just submit their testimony on the language that is before you into the record.

"Mr. Speaker, also before you, we have a measure in which will directly impact both the community as well as the Department of Health. And so, I just wanted to make sure that all this is in there for the members to consider. And again, I would just like to highlight that I have some strong reservations. Thank you."

Re: H.B. 1570, HD1, SD2, Relating to the Youth Vaping Epidemic

The Coalition for a Tobacco-Free Hawai'i (CTFH) writes to express concerns regarding the current exemption language in HB 1570, HD1, SD2, which excludes from the bill's ban on the sale of flavored tobacco products "any product that has received a marketing order or other authorization the United States Food and Drug Administration pursuant to title 21 United States Code section 387j." (Page 10, lines 11-15). For the reasons outlined below, CTFH asks that the House not reconsider its earlier disagreement to the Senate version of the bill.

The current draft of HB 1570 leaves over one thousand flavored products, including menthol cigarettes, on the market.

House Bill 1570's current exemption language – an amendment requested by a tobacco industry lobbyist – broadly sweeps in many more products than merely those granted FDA's Premarket Tobacco Application (PMTA) marketing orders. Pursuant to 21 United States code section 387j any new tobacco product must undergo premarket review by the FDA, unless that product received a Substantial Equivalence Marketing Order upon a finding that the product is "substantially equivalent to a tobacco product commercially marketed. . . in the United States as of February 15, 2007".¹ Some new tobacco products may be exempt from even Substantial Equivalence requirements if the new tobacco product is a modified version of a predicate product and the FDA finds, in part, that "the proposed modification is minor and to a legally marketed tobacco product." **Therefore, even if HB 1570, HD1, SD2 passes into law, flavored tobacco products may continue to be sold in Hawai'i if they are granted PMTA marketing orders, Substantial Equivalence marketing orders, or are granted an exemption to Substantial Equivalence requirements. This includes over one thousand flavored tobacco products.**

Products that fall under this exemption and are therefore not required to submit to the PMTA process include but are not limited to certain menthol cigarettes (such as Virginia Slims Menthol Box²), flavored pipe tobacco (such as Sutliff #208 Apple Flavored³), flavored pre-filled cigar shells (such as Cyclones

Honey⁴), and flavored shisha (such as Al Fakher Apricot, Banana, Rose, Plum⁵). All of these products were exempt from the PMTA process because they received Substantial Equivalence Marketing Orders from the FDA or were otherwise exempt, and would therefore be exempt from the flavor ban enacted pursuant to HB 1570, HD1, SD2 as they were "authorized" under 21 U.S.C. 387j. Products granted PMTA marketing orders would also be exempt.⁶

The FDA has yet to issue decisions on e-cigarettes that have the largest market shares and/or are popular with youth.

Although the FDA has issued decisions on 99% of new electronic nicotine delivery system products submitted for PMTA review, it has yet to grant or deny marketing orders on e-cigarette products being sold under the brand names JUUL, Vuse, NJOY, Logic, Blu, SMOK, Suorin and Puff Bar.⁷ Many of these products are incredibly popular among youth, and come in flavors such as lemon ice, cool mint, and watermelon. Should the FDA grant marketing orders for these products, they would be allowed to continue being sold in Hawai'i under the exemption provided by HB 1570.

Exempting menthol cigarettes will disproportionately exclude Native Hawaiian communities from the health benefits of a flavor ban.

For decades, the tobacco industry has profited from targeting youth of color and other marginalized and low-income populations. African American, Native Hawaiian, and Filipino communities are disproportionately affected by the harms caused by tobacco. In the bill's current form, HB 1570 carves out many products that have historically been heavily marketed to these communities. In Hawai'i, 78% of Native Hawaiian and Pacific Islander smokers use menthol cigarettes.⁸ **Menthol is also one of the most popular flavors among high school e-cigarette users.**⁹ The Coalition has serious concerns that leaving menthol combustible cigarettes on the market may inadvertently cause youth to switch to smoking combustible menthol cigarettes if their preferred e-cigarette flavor is no longer available.

For these reasons, CTFH urges the House to **not reconsider its prior disagreement to HB 1570, HD1, SD2, and, instead, work with advocates and stakeholders to pass a strong, comprehensive flavors bill in 2023.** Please do not hesitate to let us know if you have any questions or concerns. HB 1570: A FLAVOR BAN IN NAME ONLY

HB1570, HD1, SD1 contains a tobacco industry amendment that leaves over 1,000 flavored tobacco products on the market. This undermines the intent of the original bill and makes the "flavored tobacco ban" meaningless. Here is a sampling of flavored tobacco products that would be exempted:

EXEMPTED PRODUCTS

PENDING PRODUCTS

While the FDA has denied thousands of marketing orders for most flavors of e-cigarettes, they have yet to make a decision on thousands of menthol-flavored e-cigarettes. These flavors are still extremely popular and appealing to youth, and it is unclear if the FDA will authorize menthol e-cigarettes.

Hawaii State Capitol

Dear Chair Yamane:

SUBJECT: H.B.1570, H.D. 1, S.D. 2 - Relating to the Youth Vaping Epidemic

The Department of Health (DOH) opposes H.B. 1570, H.D.1, S.D.1 because of the inclusion of the FDA language that cedes state regulatory authority on flavored tobacco products to the federal government. The DOH strongly recommends the following amendment to Section 2, (7), Page 10, line 10 to line 15:

Flavored tobacco product" means any tobacco product that contains a constituent that imparts a characterizing flavor.⁷ ~~but does not include any product that has received a marketing order or other authorization the United States Food and Drug Administration pursuant to title 21 United States Code section 387j.~~

Sincerely,

Elizabeth A. Char, M.D.
Director of Health

[Note: Representative Yamane also submitted testimony of the Department of the Attorney General dated April 1, 2022, which can be found on the capitol.hawaii.gov website in the 2022 measure status for H.B. No. 1570, pages 7 and 8 of the testimony packet HB1570_SD1_TESTIMONY_CPN-WAM_04-01-22_.PDF]

Representative Perruso rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I wanted to say that I stand with reservations, support with reservations. And I wanted to say that it's really important that we work on this issue. This has been a top priority of the Keiki Caucus for years now. And I really appreciate the work of my colleague in this area. He's very passionate, dogged, and single minded, in fact. Those are compliments.

"I think that this exemption is an almost fatal flaw and I'm deeply worried about it. And if not for the commitment of my colleague to continue to work on this measure, and my understanding of the strength and the passion of our advocates, and I know that they will also continue to work to eliminate this exemption, I would be voting in opposition. But I have faith in the process and that we're going to continue to fight for a flavor ban."

Representative Ganaden rose to speak in opposition to the measure, stating:

"No vote, brief comment. As noted by the Office of the Attorney General, we still have yet to define vaping itself. I think that this bill has so many issues that we need to return next year with a better draft. Thank you."

Representative Matayoshi rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. It seems like we're all in agreement that vaping for minors especially is bad. It seems like we're all in agreement that Hawaii is one of the top in the nation in terms of minors vaping. And it seems like we're all in agreement that flavored vaping targets these minors and is creating an epidemic of massive proportions that my generation, my kid's generations, are going to have to deal with. There is no real debate or room for disagreement that nicotine is a highly addictive substance. And it seems like we're all in agreement that we need some kind of control over it.

"Unfortunately, there really is no regulation on vaping right now. And that's what I want everyone to understand, we are at zero right now. We are at the floor right now. We have nothing protecting our kids right now from flavored vaping products. And although this bill does have an exemption that I did not put in, that I would love to have taken out, it's better than nothing. And even if this exemption is opened up as wide as possible and the FDA starts willy-nilly approving applications, we're going to be at the same place that we're at right now.

"So, the thought that there are thousands of potential products that might be approved by the FDA at some point in the future, that's a red herring. We've got nothing right now, we're allowing all the vaping products on the market right now. And I don't understand why certain organizations are against any kind of forward progress on this issue. We have tried for years in this chamber to pass any kind of flavored vaping ban or restriction or legislation. And we stand here right now, hopefully about to pass something, hopefully about to give our kids some kind of hope that they don't have to be addicted to nicotine for the rest of their lives.

"It baffles me that we are balking at an exemption that is, to me, a phantom exemption. If you look at the PMTA process, it's quite difficult. There are a number of different things and loopholes that companies have to jump through that, does it benefit the health in a greater degree than it hurts it and so on and so forth. There's a reason that only a handful of products have been approved so far.

"And if you actually read the email that was sent to us, the examples that were being given are a certain kind of flavored pipe tobacco, a certain kind of chewing tobacco, a certain kind of peach flavored cigar. These are not the kinds of things we're trying to stop here. I believe there's only one vaping product or maybe two that have actually made it through this process. What this is going to do is it's going to take out nearly all of the flavored vaping products off the market in one fell swoop in Hawaii. That is the kind of progress I need. That's the kind of progress we need, honestly.

"You're right, this bill is not perfect. It's not going to get rid of 100% of all flavored vaping products. It's not going to somehow prevent any kind of flavored vaping products from making it to the black market. This is not going to prevent every single child in Hawaii from flavored vaping ever. That would be a miracle, I've never seen a bill written as such. But what it will do is it will get rid of the flavored vaping products in Foodland. It'll get

rid of the flavored vaping products in Longs. It'll get rid of the vape shops that are selling legal products to people over 21 who are then turning around and selling these products on Instagram, on Facebook, and so on and so forth. It'll make flavored vaping products much more expensive on the black market, or hopefully restrict their access at all, and at least make them more expensive so that kids can't afford these.

"This is forward progress on this issue. I do not want to start from ground zero again next year. I think we need to take what we've got and work on it next year. So, I really appreciate all your support and thank you to the Speaker for bringing this motion back for consideration. But please, please, let's make progress on this issue and not start from the starting line again next year. Thank you."

Representative Tam rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. This bill is definitely slightly flawed. However, I believe that it will help us move the needle when it comes to fighting this epidemic. So, I just want to express these reservations and to express my commitment to removing that exemption as we move into next year. Thank you."

Representative Takumi rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tokioka rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. I'd also like to ask for a point of information, Mr. Speaker. Because one of the things that has not been discussed with this bill is it's not on the current Order of the Day. And I know technically we can do this, but people are watching us. So, my point of information, Mr. Speaker, is could we have waited till *sine die* to vote on this bill and put it on the Order of the Day, and people in the general public could have seen what we're going to be voting on this bill on *sine die*?"

At 1:42 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:44 p.m.

Representative Tokioka continued, stating:

"Thank you, Mr. Speaker. I do know the technical rule, Mr. Speaker. And thank you for the clarification, Majority Leader. But I'm sure some people on this body are going to get calls from both sides. And I wanted to address that too. A lot of times we say, when you pass a bill and not many sides agree, it's a good bill. In this bill, all the sides don't agree and it's a bad bill.

"So, I want to insert the floor speech of the Health Chair. Because none of us, there is absolutely not one of us on this floor that supports kids getting flavored vapes as products to vape. None of us support that. But we got to come up with a better bill. And I just wanted to share my concerns about the process because I know we can do it like this, but it would have been better if we did it on *sine die*, because I know we're going to be passing other bills on *sine die*. So, for that, I just wanted to state my opposition to this bill. Thank you, Mr. Speaker."

Representative Quinlan rose in support of the measure with reservations and asked that the remarks of Representative Yamane be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Gates rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. I believe, as the Chairman on the Committee on Health stated, we here as a body do not support any youth vaping, whether it's flavored or non-flavored. And I think that'd be the same for flavored alcohol as well, we don't support our kids drinking flavored alcohol as well but it's okay for our adults to use it in our current laws as of right now. And I support the intent of the measure and I want to thank the author for all his hard work. As I know, this has been a project he's been working on for quite some time.

"But my opposition rises because I don't think that prohibition will work. As we look at the history of prohibition, whether it's alcohol or fireworks, in Hawaii we still find access to it. And again, that's why I rise today, because I feel like with this flavor ban, what we'll see is an explosion in the

black market. Because as we know, kids are not purchasing these flavored vapes from retail locations that are legal to sell them, they're purchasing it on online, through a friend.

"And I challenge our members to go on Facebook, go on Instagram, type in flavor bars. You'll see there's over a dozen sellers of these flavor bars. And that speaks to the need for enforcement and making sure that we have the capability to enforce these types of behaviors and these illegal sales that are happening on the black market. And I feel like if there was somewhat of a tax on this flavored e-cigarettes or vapes in general, that that money could be used to provide the resources and funding needed to curb this type of behavior that we're seeing in our youth across the state.

"On top of that, Mr. Speaker, the federal government is going through a rulemaking process to establish regulations on flavored e-cigarettes and that we should allow for the federal government to supersede us with that, because that will also put Hawaii on an even playing field with the rest of the nation. Because what I can foresee, too, is that there's going to be other states that will continue to sell flavored vapes, as we ban ours, and will be importing them into our marketplace as well.

"On top of that, we collect almost \$9 to \$10 million in tax revenues from flavored vapes and e-cigarettes combined. That could be, again, used for curbing this type of behavior. And my goal is to find something meaningful that will actually solve the issue of the youth vaping epidemic.

"Mr. Speaker, I think that we should let the problem pay for the solution by taxing these types of products and making sure that also the over 500 retail establishments and 1,000-plus jobs aren't lost in July. Because when this bill is enacted on July 1st, essentially all vape shops across the state will no longer exist. And all those jobs, all those in unemployment, and people are going to be struggling to find jobs, and that would be something I'd hate to see, Mr. Speaker.

"Again, my point is that we are banning these products from, not just the youth which aren't able to purchase it at retail locations, but from the adults. And I feel like the adults that are legally purchasing them will influx into the black market and we'll be spending money on trying to catch people on the black market selling it when we could do better regulation and come up with a better bill. To conclude, Mr. Speaker, I would ask that I can adopt the words of the Health Chair as my own inserted into the Journal. Thank you, Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative Okimoto rose in opposition to the measure and asked that the remarks of Representatives Yamane and Tokioka be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Aquino rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose in opposition to the measure and asked that the remarks of Representatives Kapela and Yamane be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative D. Kobayashi rose to speak in opposition to the measure, stating:

"In opposition. I'd like to take the words of the Representative from Waianae as well. And this is really no different than what we're looking at with the regulation for alcohol, strip clubs, anything else where you have to show an ID and be 21. It is illegal to purchase any vape product without an ID if you're 21. So, we're not banning all alcohol products or any other adult only product. So, we need a little consistency on this. Thank you," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and H.B. No. 1570, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO THE YOUTH VAPING EPIDEMIC," passed Final Reading by a vote of 36 ayes to 15 noes, with Representatives Aquino, Perruso, Quinlan, Tam, Wildberger, and Yamane voting aye with reservations, and with Representatives Costales, Ganaden, Gates, Har, Holt, Kapela, D. Kobayashi, Kong, Matsumoto, McDermott, McKelvey, Okimoto, Takumi, Todd, and Tokioka voting no.

H.B. No. 2088, HD 3, SD 2:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 2088, HD 3, SD 2, entitled: "A BILL FOR AN ACT RELATING TO FINANCING," passed Final Reading by a vote of 51 ayes.

At 1:52 p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 1570, HD 1, SD 2

H.B. No. 2088, HD 3, SD 2

ANNOUNCEMENTS

Representative Morikawa: "Thank you, Mr. Speaker. On this momentous day many, many years ago, our colleague from Hilo was born. I'd like to wish a happy birthday to the Labor & Tourism Chair. Thank you."

Representative Ward: "Thank you, Mr. Speaker. This announcement is a friendly reminder. And as we know, the war in Ukraine rages on. And I know we've been preoccupied with preparing for today and all the speeches that have to be made. I just have a friendly reminder. We are extending the deadline to sign the commendation for President Zelensky and the Ukrainian people for the bravery and the stand that they're taking. And I know eventually they will have refugees on our shores, Mr. Speaker. And when they do, we can meet them and say, we sent you accommodation for the brave stand that you've taken. So, with that, Mr. Speaker, I encourage everybody to have a vote of empathy by signing on and just letting them know that we're with them, even though we are far, far away. Thank you, Mr. Speaker."

Representative Branco: "Mr. Speaker, I rise to request a moment of silence. We received news that Secretary Norman Mineta passed away earlier today. So, Secretary Mineta was a true patriot, a statesman. We look around here and we look how diverse our legislature is. But for him being the first Japanese American from the 48 contiguous continental United States, he trail blazed for many of us to come into elected office, especially for us from the AANHPI community. And also, to recognize in his legacy that he not only served in Republican and Democratic administrations. So, I just would request a moment of silence for this true statesman and patriot. *Mahalo.*"

Speaker Saiki: "Okay, we'll observe a moment of silence at the appropriate time."

Conf. Com. Rep. No. 255-22 and H.B. No. 2511, HD 2, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2511, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Holt rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. I considered just putting in written comments today, but I can't pass up this opportunity. I don't know if we're ever going to have another day like this, colleagues. This bill, as my counterpart in the Senate Hawaiian Caucus said, is the largest commitment to the Department of Hawaiian Home Lands in its existence, \$600 million. I feel like a broken record up here, but it's an amazing day, Mr. Speaker.

"The amount of lives that will be changed by this bill, I never thought we'd be standing here today. Seventy-seven million dollars last year was a record high in infrastructure costs for DHHL, and to be having almost ten times that amount of money being directed to the department is unfathomable. It's been noted that the deputy was a little bit skeptical that we'd get here. We're here, Tyler, we made it to the last day, man. Thank you so much to the deputy, to the Finance Chair, to the CIP Chair. I didn't prepare for this one today because I was just so excited. But thank you, guys, everybody, so much. I can't wait to get this money spent. Thank you, Mr. Speaker."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support. Like the previous speaker, I too wanted to note the historic moment quoting Governor Waihee, this is a banner year for the Hawaiian community. I know if we project how many houses they're building per year, we're probably another 10 years out, having waited 100 years to where we are today. So, Mr. Speaker, the point is, this is a great beginning, but let us continue the momentum. So, we genuinely and sincerely are going to build for the homes that Prince Kuhio in 1921 had promised and now is being fulfilled. Thank you and thank everybody who had their fingerprints or their hand, their voice, their lobbying, whatever they did, this is a good thing. Thank you."

Representative Nakamura rose to speak in support of the measure, stating:

"In strong support. Can I ask that the words of the Representative from Kalihi be entered into the Journal as my own," and the Chair "so ordered." (By reference only.)

Representative Nakamura continued, stating:

"And I'd just like to add that this past weekend our Majority Floor Leader and I had the opportunity to be a part of the DHHL lot award for 51 lots in Anahola in my district on Kauai. And it was amazing to witness so many

families who have been on the waiting list for years and years. One woman, over 40 years on the waiting list, finally got her lot award. And she came to the front, in front of the photo of Prince Kuhio, and just cried in happiness.

"Mr. Speaker, these funds, the \$600 million, gives DHHL the tools to develop infrastructure, develop the lots, and for the first time, flexibility to use the funds for mortgages and for rental assistance. So, we're thinking outside of the box and we're giving DHHL the tools and the time to implement. So *mahalo* to the Finance Chair, to the Judiciary & Hawaiian Affairs Chair for their support, and to the Senate for taking our majority package priority and bringing it to this day where we can vote and support this historic measure. *Mahalo*."

Representative Branco rose to speak in support of the measure, stating:

"Mr. Speaker, may I have the words of the Representatives from Kalihi and Kauai adopted in the Journal as if they're my own, and brief remarks. As the good gentleman from Kalihi said, this is great news and it's fantastic. And as Governor Waihee said, this is a banner year for Hawaiians. But I want to also say, this is a banner year for Hawaii. Many non-Hawaiians also benefit from living on Hawaiian homesteads. And this is a huge investment into our economy as well. And so, I just want to applaud the body for our work, for helping Hawaiians, and also just to reiterate the fact that when Native Hawaiians benefit, all of Hawaii benefits. *Mahalo*."

Representative Morikawa rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'd like to request the words of the Representative from Kapaa to be put in the Journal as if they were my own. And I'd just like to say that it was touching to watch these 51 lots be awarded. I cried so many times. I don't know how much more tears I have for today. But I'd also like to say that this is exciting for me because it speeds up the process in my district. So, we'll be seeing more homes come up quicker than we ever anticipated. So, thank you," and the Chair "so ordered." (By reference only.)

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I too rise in strong support. I would like the words of the Chair of Housing and the Representative from Kalihi and Hawaii Kai entered in the record as if they were my own.

"Villages of Leiali'i, Mr. Speaker, which is in Maui, phase one was started and homes were built in 1986. There was a promise in the plan to build phases two and three and to bring much more affordable, needed housing to beneficiaries. Since 1986, I was a senior in high school, Mr. Speaker, just to let that sink in, I'm an old guy now. And because of this bill, we are now going to finally see the realization of the infrastructure and the homes that have been promised so long ago. And the affordable rentals, Mr. Speaker, I can't speak how important that's going to be to our Native Hawaiian population, many of whom are desperately seeking affordable housing in our area.

"So, this bill to me personally is important, it's important to our community. And a rising tide floats all boats, as the good representative from the windward side summed up in his own words, and I'd like them adopted as well. And thank you, Finance Chair and all the members for what you have done this year. It is truly unprecedented for everybody. *Mahalo*," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2511, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF HAWAIIAN HOME LANDS," passed Final Reading by a vote of 50 ayes, with Representative Quinlan being excused.

H.B. No. 2512, HD 2, SD 2, CD 2:

Representative Belatti moved that H.B. No. 2512, HD 2, SD 2, CD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Yamane rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker, you asked our Committee on Health, Human Services, & Homelessness to address the growing problem of homelessness. Mr. Speaker, with the help of Finance Chair, we have a

bill today that will invest \$15 million into a program that has proven to work. Mr. Speaker, the Ohana Zones Program, with coordination of the counties, especially the City & County of Honolulu, where we talk with the mayor and in their organization as well as HPD to continue a program that directly impacts those in most need. So, Mr. Speaker, today you have a measure here before you that not only invests \$50 million, provides needed exemptions so a variety of programs can implement programs to help our most in need now. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.B. No. 2512, HD 2, SD 2, CD 2, entitled: "A BILL FOR AN ACT RELATING TO OHANA ZONES," passed final Reading by a vote of 50 ayes, and with Representative Quinlan being excused.

H.B. No. 1800, HD 2, SD 2, CD 2:

Representative Belatti moved that H.B. No. 1800, HD 2, SD 2, CD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with support but with reservations. With reservations with support, if I can put it that way. I have a mixed feeling, and this is why I am standing up and speaking on this. Three weeks ago, I introduced my sister-in-law from South Africa. She was in the gallery and she reminded me, related to this bill, Mr. Speaker, there is green colonialism that's going on in the world.

"What is green colonialism? Never heard of it. That is the developed world is saying, you guys in the developing world, you're going to have to use solar, you're going to have to use windmills, and get off of the fossil fuels. And Africa and the rest of the countries are saying, hey, guys, you guys developed on this, you're polluting our planet, don't leave us out of the economic development equation.

"Mr. Speaker, you know I was a Peace Corps volunteer in the middle of Borneo, I was a country director in East Timor, I was a United Nations worker in Africa. One third of the population of the world goes to sleep sick, hungry, or injured, Mr. Speaker. Green colonialism is real. So, if this is a great bill, but let's not forget the rest of the world, just like we don't forget those who are poor and disabled in the State of Hawaii, let's not forget the rest of the world. There are seven-point-something billion people in the planet. We've got to make sure green colonialism doesn't spread the way the other colonial, well, you know what happened in the colonial wars. And we're still fighting some of that stuff in Ukraine with the Russians.

"Having said that, Mr. Speaker, with reservations, but with the idea that those who are in, and I applaud there's many champions here on the floor, Mr. Speaker, who love the green revolution. But let there be a mindful in the back of their head that green colonialism is living. And if anyone wants to be in touch with the third world, just let them see some of the statistics on the health, the hunger, and the injuries that they go to bed with every night. Thank you, Mr. Speaker."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. This bill is about us taking responsibility for our emissions and our actions. The U.S. is the highest per capita emitter of greenhouse gas emissions, and I would agree with the Representative from Hawaii Kai that when we talk about climate change, it's important to remember that developing nations are deserving of the same opportunities that developed nations had when they were developing.

"The reality is that to tackle climate change, it's going to take action from developed nations, primarily not only to take responsibility for our own emissions, but to help developing nations and to help finance climate action in other countries. So, I think everybody is on the same page on that.

"This bill is about us taking responsibility for our own emissions here in Hawaii. And primarily what this does is fund a study to look at what are our pathways forward to decarbonization economy-wide, including looking at considerations of environmental justice, frontline communities and low-income communities, so that nobody gets left behind. So, again, in support. Thanks."

The motion was put to vote by the Chair and carried, and H.B. No. 1800, HD 2, SD 2, CD 2, entitled: "A BILL FOR AN ACT RELATING TO CLIMATE MITIGATION," passed final Reading by a vote of 47 ayes to 3 noes, with Representative Ward voting aye with reservations, with Representatives Kong, McDermott, and Okimoto voting no, and with Representative Quinlan being excused.

H.B. No. 2424, HD 1, SD 2, CD 2:

Representative Belatti moved that H.B. No. 2424, HD 1, SD 2, CD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Yamane rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Standing in strong support. Mr. Speaker, whenever a child, a *keiki* of Hawaii is injured, harmed, or killed, it impacts our community. Last year an incident happened which called upon the community and many of our members to ask why? What do we do? So, your Committee on Health, Human Services, & Homelessness, as well as your Committee on Finance and the Finance Chair, took on this task, Mr. Speaker. We wanted to make sure that no *keiki* again is put at risk.

"So, what you have today is a bill that puts \$8 million into resources. Resources that will include increasing information technology, increasing compensation for services to help fill and retain vacancies, help the permanency support programs. Mr. Speaker, we're going to ask the department to come back to us next year to tell us what specifically needs to be done within the department.

"And, Mr. Speaker, on behalf of all the children, both in foster care and adoptions, we don't want them to be left behind. So, we have language in here, Mr. Speaker, that every child that is in placement that needs to be monitored will be monitored and protected. So, Mr. Speaker, I'm glad to be here today to provide you a bill that not only puts the resources where it needs to be but reinforces the fact that our *keiki* are important and will not be left behind. Thank you."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. We have been grappling with the Child Welfare Services, Child Protective Services, for years. And year after year we have been asking the Department of Human Services, what other actions or alternatives or different type of approaches do we need to protect the children who are under the jurisdiction and protection of the State? I think, even as you saw the process of where this discussion happened this year, you saw the challenges and how the Legislature grappled with this issue.

"So initially, when the House draft of the budget came out, we appropriated significant amount of additional positions to fund more either caseworkers or social workers within the Child Welfare Services. And Department of Human Services came back and said, well, we don't need those positions. And it was baffling to us because we thought, if you have more caseworkers, isn't it just common sense that you will go out and monitor situations and find the best way to protect our *keiki*? So, we were puzzled.

"And through the session, we looked at different alternatives, whether it's pay differentials or a different type of monitoring. And when the Senate bill came out, it wasn't until a few weeks, maybe even a couple weeks ago, that several providers came out and spoke up and had confidential meetings with a few of us and even Senator San Buenaventura. And then we realized what we were doing was not completely accurate.

"Department of Human Services did not need new positions only because some of the services that were being provided were being contracted out to nonprofits like Hale Kipa and Catholic Charities and others that went out and monitor. Over the years because the amount that was given to these nonprofit organization or service providers have not increased, and in fact, they have in one situation canceled because Department of Human Services lacked the funds to fund those organization, that has led to some of the disconnect between us protecting kids under the ward of the State or within the jurisdiction of adoptive families or even foster care. That was a huge revelation.

"And I would like to thank actually Kevin Dayton, which is very unusual, because Kevin Dayton, who's probably not here, he should be here but the one time we're actually thanking the media he's not here because he thinks something more interesting in the Senate is happening, clearly. But Kevin Dayton over the years has continued to stress, what is this state going to do to protect kids, kids under the protection of our state? And what will the department and the Legislature do to make sure that no additional, no other kid is under either some harm or under some kind of injury because of the situation that they're in.

"And I think it's because of the continued advocacy of the media, Civil Beat, and others in the district and the community, the providers had the courage to step forward. Before, they didn't have the courage to step forward. And because of that action, they realized there were legislators and there was this body, including the Health and Human Services Chair, including Representative from Waimanalo, including many in the leeward areas, including members of the Senate who were willing to listen, who were willing to figure out what the problems were, and take those suggestions and the commitment to continue those discussions that gave them the strength to confront come forward, and that's why we have this bill today.

"And I'm so encouraged because in the beginning of session, I think the Representative from Waimanalo and I had a discussion about, okay, let's just keep this going, because something will pop up, some idea will come out. And we struggle because we kept saying this is not the right method, we know, but we have to continue."

Representative Ward rose to yield his time, and the Chair "so ordered."

Representative Luke continued, stating:

"Thank you, Representative from Hawaii Kai. And I think because we continued to keep that discussion going and because we went out and listened to some of the foster parents, listened to grandparents, listened to the community, that we have this bill today. And that's what we are here to do. And I'm just so very proud of this moment. Thank you."

Representative Marten rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support, strong support. I just want to say how appreciative I am. I tried to author a bill that really sought collaboration, before session, from DHS, from DOH, from DOE, from foster parents, from nonprofits that work with them. And at that time, I wasn't able to get any help from DHS in finding something that they wanted that could help improve the situation. And they opposed this bill, and it made it very challenging.

"And I really am so grateful that the Chair of Health and Human Services took this on, and the Chair of Finance was committed to it in one form or another, whether it was a bill or the budget. And because of their efforts, along with their Senate counterparts, despite reluctance from the affected agency, they were able to come up with something that I think will really make a difference, that is so important to my community. Waimanalo has a long history of being foster parents and adoptive parents of foster kids. And in talking to people that have been around a long time, it has changed. Things used to be better than they are now. There used to be more services, resources, there used to be more supervision, is what they tell me.

"So, I'm very hopeful that with this bill we will bring it back at least to where we were before and hopefully make it better. And I appreciate the commitment of this body to make that happen and the generosity of funding it. *Mahalo.*"

The motion was put to vote by the Chair and carried, and H.B. No. 2424, HD 1, SD 2, CD 2, entitled: "A BILL FOR AN ACT RELATING TO CHILD WELFARE SERVICES," passed final Reading by a vote of 50 ayes, and with Representative Quinlan being excused.

S.B. No. 2218, SD 1, HD 1, CD 2:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.B. No. 2218, SD 1, HD 1, CD 2, entitled: "A BILL FOR AN ACT RELATING TO A FOOD HUB PILOT PROGRAM," passed final Reading by a vote of 50 ayes, and with Representative Quinlan being excused.

At 11:06 a.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 1147, SD 1, CD 1
 H.B. No. 2466, HD 2, SD 1, CD 1
 H.B. No. 2511, HD 2, SD 2, CD 1
 H.B. No. 2512, HD 2, SD 2, CD 2
 H.B. No. 1800, HD 2, SD 2, CD 2
 H.B. No. 2424, HD 1, SD 2, CD 2
 S.B. No. 2218, SD 1, HD 1, CD 2

S.B. No. 3048, SD 2, HD 1, CD 2:

Representative Belatti moved that S.B. No. 3048, SD 2, HD 1, CD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Nakamura rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. This bill provides \$300 million to the Rental Housing Revolving Fund that's administered by the Hawaii Housing Finance & Development Corporation. For the first time, \$150 million of the \$300 million can be used for families making between 60% to 100% of the area median income. So, this is for our working families.

"Up until now, this group has not had the resources, we have not provided funding subsidies to nonprofit and for-profit developers to target this income group. And this is the group that leaves Hawaii every year because there's no housing available. So, I'm thrilled to be able to support this bill today. We will, between this bill and the DHHL waitlist bill of \$600 million, will have close to \$1 billion this year to address affordable housing concerns. And this will translate into 5,000 to 6,000 additional housing units for all families in Hawaii. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'd like to stand in strong support. May I have the words of the Chair of Housing entered into the record as if they were my own. And I believe that 60% to 100% figure is quite profound, Mr. Speaker. This is the group upon which the hammer stroke has fallen the hardest. This is the group that is in most dire need of affordable rental housing assistance. This is the group that is desperate for the help of the State of Hawaii and the Legislature. And for that and for the people of my district in Maui, I'm truly grateful for the work that she and the Vice Chair have done, as well as the Finance Chair. Because this group is the one that has been left behind and has had to leave our shores because of it. So, thank you again to both of them and to the members of the body," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and S.B. No. 3048, SD 2, HD 1, CD 2, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," passed final Reading by a vote of 51 ayes.

At 11:09 a.m., the Chair noted that the following bill passed Final Reading:

S.B. No. 3048, SD 2, HD 1, CD 2

S.B. No. 514, SD 1, HD 1, CD 2:

Representative Belatti moved that S.B. No. 514, SD 1, HD 1, CD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Ganaden rose to speak in support of the measure, stating:

"Mr. Speaker, I hope to not speak out of turn or take the thunder away from the awesome work of the Finance Chair. I'm in strong support, Mr. Speaker. I was told that a budget is a reflection of values. Last year, we saw that during the height of the pandemic, this body reined in revolving funds, had the confidence to tax visitors at an appropriate rate, and allowed the counties to do the same. We saw over the last year that the market absolutely absorbed this nominal increase for visitors. There was no racket or uproar regarding a tax debate. People came and they will continue to visit. I hope that this body ensures that these rates stay in place and that we continue to work with the Senate and the Governor so that we can continue to tax at an appropriate rate and fund our communities as they are required. Thank you."

Representative B. Kobayashi rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Some people will say that we are on a spending spree. We have \$1 billion for Hawaiian programs, we have \$1 billion in duplicated funds, to be sure, for housing. But we are also on a saving spree with \$1 billion in savings, when you add the \$500 million in this bill that will go to the rainy day fund. I believe we will have, with the \$500 million, \$997 million combined in rainy day fund and hurricane fund. So, we are doing both spending and savings.

"Kudos to the Finance Chair for also looking at out to \$300 million for the pension fund. Two days ago, we also put \$300 million in the health insurance fund. So, I think that we can say that we have both taken care of immediate needs, but we are also looking toward the future and putting in a very large and healthy cushion for the next Finance Chair. Thank you."

The motion was put to vote by the Chair and carried, and S.B. No. 514, SD 1, HD 1, CD 2, entitled: "A BILL FOR AN ACT RELATING TO THE GENERAL FUND," passed final Reading by a vote of 51 ayes.

At 11:12 a.m., the Chair noted that the following bills passed Final Reading.

ANNOUNCEMENTS

Representative Eli: "Thank you, Mr. Speaker. Today is National Day of Awareness for Missing and Murdered Indigenous Women. And I have had the privilege of working with the women in this body to address issues such as this. But I did want to take the time to share a story about a missing woman from my district.

"Melissa Estoy was 25 years old when she was last seen at Nanakuli Beach Park in an area known to those that reside there as Zablun Beach. It was the afternoon of January 16th, 2018. Surveillance footage from the area showed Melissa walking into the ocean but did not show her return to her car. The vehicle, a 1991 gold Honda Accord, was found two days later at the beach with her belongings inside, keys in the ignition and windows rolled down. A search in the ocean turned up no sign of Melissa and she remains missing. Many investigations were done into tips that were given since she went missing and none has led to her recovery.

"And so, I just wanted to take a moment to remind us of all the indigenous women across this country that go missing every day and remain missing. So, *mahalo*."

Representative Kapela: "Melissa's story is not unique. As the Representative from Nanakuli stated, there are thousands of missing and murdered indigenous women across our state and our nation who have been silenced. So, the missing and murdered indigenous women's movement is a movement that advocates for the end of violence against native women. It also seeks to draw attention to the high rates of disappearances and murders of native peoples and the silence of these women and girls.

"So, while we have so much to celebrate today as a body, it shows that we still have work to do. And because of that, I'd like to ask for a moment of silence at the appropriate time to honor the native women and to remember the native women and our sisters who have been murdered and our sisters who we are still searching for, including Nanakuli resident, Melissa."

At this time, the members of the House of Representatives stood for a moment of silence to honor and remember native women who have been murdered or are missing.

Representative Morikawa: "Thank you, Mr. Speaker. In the Star-Bulletin's newspaper on Sunday, December 31st, 2006, a letter from our current Speaker and Finance Chair was printed. I have framed it and kept it in my office as a reminder of their intent to reform the State House. I want to share some highlights of this letter.

"One key indicator of how the Legislature will conduct business is the way it selects its leaders and committee chairpeople. The Senate has gone in the right direction with its focus on openness. Unfortunately, the same cannot be said of the House of Representatives.

"We must recognize that we were elected to serve the general public, and that it is not too late to bring about reform. By working with the Senate leadership, the House can implement a progressive agenda that will improve the Legislature and residents' quality of life. Here are a few things that we can do.

"Increase ethical standards. The House needs to prevent self-dealing, which results in bad legislation and policy decisions. We must set higher standards and learn to enforce them -- even against our colleagues.

"Approve immediate tax relief for working people. Programs such as the earned income tax credit can provide more than \$20 million annual tax relief for thousands of working families in Hawaii. The federal government and 20 other states already have adopted the EITC. Hawaii should provide this and other tax relief to our residents.

"Pass an aggressive renewable energy agenda. In recent years, the House has watered down bold proposals to reduce our reliance on oil. We can no longer afford to do this. We must set a comprehensive plan to reduce our dependence on foreign oil and its effect on other facets of our economy. We cannot continue to prolong action if we are to become more self-sufficient.

"It is time to put aside the old way of doing things. We believe that our generation and those that follow deserve a sharp and aggressive Legislature that will work for the public interest. We hope the House is up to the task."

"Mr. Speaker, you and the Chair of Finance have finally accomplished your dream of over 15 years ago. Congratulations, and thank you for your love of Hawaii. Thank you."

Representative Ward: "Mr. Speaker, I understand this is the time that we have the last chance to publicly thank those who are leaving and it would be appropriate to say a few things? Thank you. And I was reminded by the

gentleman who wears an ascot and is one of the best dressed people, if I'm not brief, I'm going to have a difficult time this afternoon.

"First to thank all of you 11 who are leaving, may the winds be behind you. And I would be amiss if I didn't say that this side of the aisle is going to lose 50% of its numbers. That's a big percentage. But I want to point out first, my little brother from Ewa Beach, Representative McDermott, by name, it's been a pleasure serving with you. As a Marine, I know you're up for the battle that you have for the U.S. Senate, and may the Lord lead you accordingly.

"And to my colleague from Mililani who we hope to call Councilmember Okimoto, the best to you and to all of the things that you've done with Representative Matsumoto and myself, we greatly appreciate. May the winds be behind you and may those seats that you fill now be filled by the equally qualified, passionate, committed. And for everybody, remember, it's not about you, it's about the people of Hawaii, that's why we're here. So, congratulations to all of you that following winds be behind you."

Representative Mizuno: "Thank you, Mr. Speaker. Could I have the words from my good friend from Hawaii Kai placed into the journal as if they were my own," and the Chair "so ordered." (By reference only.)

"I'm going to ask for your kind indulgence. The majority members, I support them in their reelection or their bid for a new venue. Representative Luke, I got your back. It's a given, I support our majority members.

"Going to say something in the spirit of bipartisanship that I didn't get to say a couple of years back when a good friend from the GOP retired. I miss my old friend Representative Thielen, and I regret not saying anything because right after that they did their announcements, we presented certificate and lei, and then we're done. So, I'm not going to lose this opportunity.

"I want to thank the good representative, Minority Leader Okimoto. A couple of months ago we did a Civil Beat, Civil Cafe. And they're going over the salient points of the bills for this session. Interestingly enough, I think Val and I agreed on everything. In fact, we almost agreed on everything she brought up during that Civil Beat Cafe, that I think gambling is one of the issues we disagree. And I just wanted to thank the members but thank Minority Leader who is so humble, goes door to door, really shows that her constituents are her employer, displays that she's a public servant, places everybody in the state above her. And because of Minority Leader, our communities are better, our state is a better place, and I think I've learned a lot from her. So, God bless you.

"Thank you, Mr. Speaker. And for all the members who are departing, like my good friend from Hawaii Kai said, God bless all of you. We love you. Thank you, Mr. Speaker."

Representative LoPresti: "Thank you, Mr. Speaker. I just want to give my fond *aloha* to all the members who are departing. But I especially wanted to thank my colleague from Ewa Beach. He and I, though radically different in the political world, we share the same faith and we share the same commitment to the values and principles that guide us. And that's why I have such a deep respect for him. Because though I disagree with pretty much everything politically that he stands for, as he does me, I know it comes from a place of genuine intent where he's trying to make the world a better place as he sees it and I'm trying to make the world a better place as I see it. And that's what brings most of us here to this place. And I just want to honor him and his family for their service and sacrifice to my community, to our community of Ewa Beach. And it was an honor serving with you, Bob, for three terms, and I wish you the best. *Aloha*."

Representative Ganaden: "I'd like to thank the Chair of Corrections, Military, & Veterans Affairs for his guidance for me, a freshperson, over the last two years. I think we were both nervous meeting each other at the beginning of last session and he showed me absolute professionalism, a way to act in this building, and a way to react to the public that I'm going to carry forward through the rest of my career with all of you. I think it's unfortunate that we don't get to work together in the coming years, and I was really looking forward to it. So, just a big thank you."

Representative Perruso: "Thank you, Mr. Speaker. I just want to say that I'm a mess because I think we have so much to be proud of this session. The

least of which, in my view, is the funding. I think that this body together has really made a shift. And at the same time, I'm just very sad to see some of these colleagues, all of the colleagues who are leaving. And thank you for your contribution to our work."

Representative Ilagan: "Thank you, Mr. Speaker. I have an event announcement. In honor of each of our staff in each of our offices and the support House staff, the freshman class, there's 10 of us. Please stand up freshmen, please stand up, because you have put time and effort for this. The freshman class prepared shave ice, halo-halo, and cotton candy to say thank you. And this *mahalo* House staff event is from actually all the members and sponsored by you, looking at you, Mr. Speaker. On behalf of all the House members, please come to Room 329 at 2 p.m. to grab shave ice and halo-halo and cotton candy. We want to say thank you very much to all of our House staff of your hard work for making us successful."

Representative B. Kobayashi: "Mr. Speaker, may I say a few words about departing members? I think all of the departing members will be missed. Everyone makes a contribution. And who knows who will replace you? Will it be someone of equal stature and ability? I hope that you all have a productive and long career, even as you leave this body."

"I'd like to say some particular words about what I believe is our biggest loss, and that is our Finance Chair. She has been Finance chair for 10 years through the best and worst times. She is the best Finance chair or best money committee chair that I have served with. She has cognitive complexity to see the various parts, sometimes contradictory. She understands that sometimes the sum of the parts equals the whole, but at other times the whole is greater than the sum of the parts. Especially when we come to her with our picayune little line items for this and that. And she smiles graciously and says, we'll see what we can do. Of course, sometimes nothing is done. But nonetheless, the good humor and graciousness of at least accepting that we have valid concerns is much appreciated."

"During most of our tenures here, the budget was underwater. That is, the annual revenues were less than expenditures, and we survived on the basis of the large carryover balances. And then came COVID, the biggest economic downturn in our history with virtually zero tourists. And we luckily got bailed out in large part by federal government, Congress."

"And then this year, if there is any poetic justice, we have the largest budget surplus in history. And we have, I believe, spent it well for many good purposes as well as, as I said earlier, put into savings the largest amount that we have ever had in history. So, kudos aplenty to our departing Finance Chair. Thank you."

Representative Tokioka: "Thank you, Mr. Speaker. On behalf of our class, and there's only five of us left, Rep. McKelvey, who is one of our class members, is leaving us. And I know all of us working with him throughout the years, our classmates have enjoyed his humor and his wackiness at many times. So, to the Rep. from Lahaina, we're going to miss you. *Aloha*."

At this time, the Chair stated:

"So members, as you know, we have nine members who will be leaving the House and we wanted to give them an opportunity to make some farewell remarks."

At this time, the Chair recognized Representative Luella Costales, who was appointed in 2022 by Governor Ige, and who was presented with a certificate and lei by Representative Mizuno on behalf of the Members of the House.

Representative Costales: "Thank you, Mr. Speaker. Since I've only been here technically for half a session, I'll try to take only half of the allotted time. But I guess to start, just a few days ago when we were doing the final roll call, I just sort of sat in amazement and thought, how did I get here? And it really had me reflecting. I thought of my father, who today would be 117 years old. He was born in 1905 and came from the Philippines in 1923. And I think his wish for me was just to go to college, that was it. As I think a lot in our community, that's our wish for our own children, including my own."

"So, to sit here, it just really amazed me. So, I started reflecting on my journey. And unfortunately when the seat in District 39 opened up and someone had asked me my thoughts about filling the seat, I thought,

absolutely not, this is really for the younger people, this is their time, I've done my work. But at the same time, I did have to honor the request, the fact that they came to me and asked, would I consider it?"

"So, I think all of those who saw in me that it was a possibility, I think, coming from South Central Los Angeles and a small, tiny Catholic school on Martin Luther King Boulevard, where I think most of us were probably felt unseen, to come here and represent an entire district, it just really blows me away."

"For my friends who have supported me all the way, and many of them have been watching religiously through YouTube, and they're in other states, namely Vancouver, Washington, and Los Angeles. And it's really led to discussions on the invocation. Who is giving the invocation, what are they about, what's their story? What are some of the Hawaiian issues we weren't aware of? So, it was good to know that others were really watching the work that all of you are doing and really honoring your thoughts and just helping to expand that knowledge. So, I thank all of you for really providing that."

"We would always joke that it's like they were here with us every day and they really wanted their names inserted into the daily Journal. So, I just want to really recognize Susan Malveau in Vancouver, Washington, and Ingrid Richardson Leon, both of whom I've known since second grade and we've been friends, and they've put the care of their sons as my godsons, and for me vice versa."

"When thinking about this seat, again I had to look at the reasons for doing so and what is my role in this? And I would like to acknowledge up in the gallery, one of my staunchest supporters and brightest mentor is Amy Agbayani. I share her as a mentor with so many people in our community. She has paved the way for us and somehow she has room for all of us to believe in the best of us and to believe in the possibilities of all we can do, and to say, hey, I'll help you through it, you're not going to be there alone. And Amy and her team of women and men and students and seniors have all been there for so many of us. So, I do want to just recognize the value she is in our community. And for me, I'd say after leaving this body today and after the end of session, that's what I want to be when I grow up. It's what I've always been saying. And so, I hope to move into that realm of supporting so many others who want to fill the seats that we have here and that will be vacant."

"Also want to mention Molly Mamaril, who's sitting next to Amy. She is my colleague over at the Oahu Economic Development Board, and very young, very bright, very smart, and one of the biggest reasons that I'm here with all of you today. I see a lot of my young self in Molly in getting involved in a lot of issues in the community, the environment, Black Lives Matter, seeing her put her time and commitment into it. But also seeing that they didn't have a lot of friends, they didn't have that relationship that would connect. And thought that maybe by taking this role, I could help bridge that and encourage them and also support them in saying I did it, I know what it takes, and I know you can do it too, and I'll be there to support you. So, Molly, thank you so much for the inspiration that you provide."

"I want to thank the Governor for appointing me. And for you, Mr. Speaker, for your hard work in ensuring that I came on board. Quickly things were taken care of, everyone gave me so much attention to make sure that I would be well prepared. From the Chief Clerk, Sergeant-at-Arms, the Chief Attorney, the wonderful IT department and people that are in it. All of this was possible only because of all of you, so I thank you."

"And finally, I just want to say thank you to the chairs for the committees that I served on. Chair Woodson, you were amazing, you were great, you were a mentor. You had the time when things didn't make sense to me, you made the offer to help, and I took it with full heart. And you spent a lot of time just getting me up to speed. So, I appreciate that and all the good that you do. Chair Takayama, Chair Ichiyama, and of course, Chair McKelvey, who I've known probably the longest for a while."

"It was a historic session. So, to be part of the menstrual equity bill, the Filipino issues, and seeing a GIA being supportive in my district for child and family services shelter, in which my own family members have had to take advantage of, and to see that we can help support that, I'm very grateful."

"I had the most incredible staff. Shanell Cullen, Mai Cullen, Mason Sadiarin, thank you so much. They're exceptional. They are probably the

brightest, the most caring and committed staff. I know they've been through a lot and they've been an example in resiliency, just being able to pick up and move on. And they were a big comfort when my boss and good friend, Pono Shim, passed away during session and ensured that everything could be carried on. I leaned on them so much and they really helped to lift. And I thank all of you for signing the certificate, I think we had about 48 members who signed the certificate for Pono on both sides. So, that really means so much to our community and all of those who love him.

"And finally, I would like to add one more volunteer, Trevor Nagamine. Trevor, many of you may know he's worked in the House, in offices in the Senate for many years, was a student of Miss Perruso's. It's been really hard to Rep. Perruso, because I've known her for so many years as an educator of my own children as Miss Perruso. But Trevor, knowing him since I think middle school to come in and offer help, I really appreciate that. So many of you have been supportive, I won't go through all the names, I will thank you in person and give you hugs to thank you and to show my gratitude.

"And lastly, my family, my three kids, William Nakao, Lia Nakao, David Nakao, as they continue their work in the nonprofit and education, and social work, and also in the supporting immigrant legal services. I thought I could rest and relax, they've got it, but it looks like not. So, I'm going to be joining Amy to really help our youngsters and students kind of continue the work that we're doing here today.

"And finally, my mother, who is at home watching, she's 91 years old. And many of you know that she's been in hospice care, which is why she isn't with us today. But she's my rock, she's our everything, she's our matriarch. And we're just valuing the time that we do have with her. I don't wear the color red usually ever, but I have been wearing it more this session just to honor her and so that when she watches TV she can see that and know that she's always with me.

"In wrapping everything up, I do want to share the words that I've shared at the invocation earlier, which is the words of Auntie Pilahi Paki and her prophecy that I learned and Pono Shim has shared with so many. And I'll summarize but, in the 21st century, the world will look for peace and they'll look to Hawaii because Hawaii is the key and the key is *aloha*. And I just want to thank all of you here for your *aloha*, for helping me carve another notch in my key that has not only unlocked a lot of good things and *aloha* for me in moving forward, but has also helped to lock things. A lot of negativity and misconception that a lot of people share that we have about the work and the people that are done here. So, I'm so grateful and *mahalo*."

At this time, the Chair recognized Representative Patrick Pihana Branco, Class of 2020, who served as vice chair of the Committee on Water & Land, who is our young statesman of the House, and who was presented with a certificate and lei by Representative Tarnas on behalf of the Members of the House.

Representative Branco: "In my previous life, I moved around quite a lot and I had to say a lot of goodbyes. This will be the hardest. First off, I want to thank my community. Kailua and Kaneohe Bay were such a strong force. People joke about us sometimes that we talk too much, but we're such a powerful force and I'm so grateful for our community.

"To my family and friends, thank you, you've always been there to support me. And I told you folks from when I was going to move away from home to go to war zones, you were always there. I also want to thank my staff, Nikki Oka, Chiemi Bryant, Sheila Ringor, Alan Muneoka, and especially Charlotte Farmer, who's always a constant and a friend.

"I'd also like to thank my buddies. Rep. Sayama, you have the best smile, so always smile. Representative Ilagan, you can make any tense session happy, make people laugh, it's a special gift you have. And also to Representative Troy Hashimoto, you have such a big heart, and thank you for always loving. Speaker, thank you so much. Every time I come to meet with you, I feel like your eyes are piercing my soul and I don't know what you're thinking, but thank you for always listening. Chair Luke, everyone told me to be careful with you. And every time I came to see you, I just wanted to hug you and just say thank you. You're so caring and you're so loving and you do that to everyone. And you care and you love our state. Thank you.

"Kyle, thank you for being such a strong mentor to me and being a good friend. Aaron, it's going to be the hardest to say goodbye to you. Remember the first time we spoke, we spoke for three hours. And you've always been a constant friend. And Chair Tarnas, when Speaker asked me what I wanted out of a chair, I had told him I would like to be under a chair that I can learn and grow, and a chair that's super smart. And Speaker hit it on the head, I couldn't have asked for a better chair, thank you. So, I made it through the thank yous, that was the hardest part.

"Just some reflections of being here, right? What compels us to be here? Stay late, go through these endless calls. Those from the neighbor islands, to take some time away from their family. What compels us to do this? And it's *aloha 'āina*, it's a love of our land, that's why we're here. This is the work that we're doing. And it just shows how special Hawaii is. Whether your family is new here or your family is here for generations, you love this place, we all love this place. And this is what makes Hawaii special. I have been to many places in the world, but no place has the feeling of home like Hawaii. And so even though I'm departing, I know that this state is going to be in good hands because of your commitment to our people and to our beautiful state. *Mahalo*."

At this time, the Chair recognized Representative Val Okimoto, Class of 2018, who served as the minority leader, a tough job that she has handled with grace and dignity, and who was presented with a certificate and lei by Representative Ward on behalf of the Members of the House.

Representative Okimoto: "Thank you, Mr. Speaker. I will do my best, I have to write things down otherwise I get pretty *wala'au*. I just ask for forgiveness if I go over the allotted time limit. First of all, I want to thank you, Mr. Speaker, and your leadership team for being gracious and respectful to me as the minority leader. Thank you to the House Sergeant-at-Arms. Rod, you and Tamah and your staff have been incredible to my staff and myself over the last four years and have truly been a blessing. Thank you for always forgiving me when I made a freshman mistake and doing all that you do to keep this body safe.

"To Brian, Rupert, and the Chief Clerk's Office staff, thank you very much for taking care of all the members and making sure that we properly fulfill our duties as legislators. Especially thank you for making sure that we were in our seats for roll call every day. *Mahalo* to the Printshop that supports all of us. And thank you, Tammy, for dealing with my office and our many printing *faux pas*. I want to thank also all the supporting staff in this Capitol, from the accounting to IT to even our dear office custodian, Ligaya. We would be nothing here without you.

"To the House Minority Research Office, thank you for providing the services you did to the Minority Caucus. And to the majority caucus staff, thank you very much for the service to this body and to the people of Hawaii that you provide. I would like to extend a special thank you to my minority caucus members, Representatives Gene Ward, Bob McDermott, and Lauren Matsumoto. Rep. McDermott often told me that our caucus was like having a dysfunctional family and that leading them was like herding cats. Well, Bob, I will say that you definitely spoke the truth. But despite our differences, I can confidently say that you each have shown me the example of what serving our constituents should be. Thank you for the opportunity to be your minority leader this past year. I wish you all the best in your future endeavors.

"Thank you to my chairs, my beloved Chairs Onishi, Woodson, Quinlan, Takayama, and Kobayashi for allowing me to have a voice in committee, for seeking out my input and accepting it, for answering my questions, and most especially, for allowing me to vote my conscience without consequence. Thank you to my beloved people of District 36. It has truly been an honor to serve and represent you over the last four years. Thank you for allowing me into your homes and hearts.

"I would be remiss to not be thankful especially to my office *'ohana*, some who are here today and those who are here in spirit. Thank you to Jame, my first OM, for teaching me exactly what a legislator should do and be. For walking me around the building my first year just to make sure I was in the right place at the right time. And for teaching me and your protege, Eric, all you know about legislation and policy. I will say that Eric has been a much better student than I was, but this building has truly lost a master of policy when it lost Jame Schaedel.

"Thank you to Eric for being there with me through the thick and thin. Thank you for letting me text you at all times of the day and night because I had a question or forgot something, and for keeping my calendar straight, because everyone in my office knows that if it's not on the calendar, I don't know it exists. You are more than an office manager to me, you are a brother. Thank you to Kao for jumping in as my chief of staff during an unprecedented session last year. Your positive energy has been a great addition to my office.

"Almost last but not least, I want to thank my family and friends, some of who are here today. Thank you to my mom and dad, Dennis and Anita Aquino, who sacrificed so much for me so that I would have every opportunity possible. That any opportunity I strive for in my life, I always credit my local roots and being grounded in my life to my upbringing on Kauai, my beautiful home island. And I know it is because of the hardworking, honest, and faithful example of you both, mom and dad, that I'm here today.

"Thank you to my Mililani *'ohana* who loves and supports me and my girls. I want to thank Jessie for believing in me and supporting me, no matter what goal I may be chasing, and for having faith in me and our savior. And most especially, thank you to my two beautiful daughters, Rebekah and Emma, they were very unhappy that I pulled them out of school today, but I kind of told them I'm going to pull a mommy card and be selfish today, they're here with me. You have been so patient so much over the last four years. While I know neither of you asked for this life in politics, I hope one day you both know you are the true inspiration and motivation behind everything I do, for all I do is to help you and the future of our *keiki*. I love you both so very much. No title is greater to me than that of being your mom.

"And these final, final thanks go to my fellow colleagues, many of you who I love so dearly, of the House. The ones who are here today, the ones who came before us, and the ones who will follow us. *Mahalo* to all of you for your unwavering service to the public on behalf of your constituency that you honorably represent. Public service is a noble, humble, and worthy duty for all of us here who strive to serve the great people of Hawaii. I am grateful for the opportunity I've been blessed with to have served with you the past four years. *Mahalo nui*. Thank you, Mr. Speaker."

At this time, the Chair recognized Representative Tina Wildberger, Class of 2018, who served as vice chair of the Committee on Government Reform and the Committee on Energy and Environmental Protection, who has never been hesitant to say exactly what she thinks about something, and who was presented with a certificate and lei by Representative Hashimoto on behalf of the Members of the House.

Representative Wildberger: "In keeping with my assigned attributes, I would like to extend obsequious adulation to everyone who provided me with any kind of support, benefit, advice, camaraderie, sorority or fraternity, thank you all. I'm going to use my time, and I did time it, to share some thoughts about an existential issue that's happening right now on the federal level that I think is very important to have some words spoken about here on this floor. And since it hasn't happened yet, I'm going to use my time for this subject today.

"With the serious consequences facing 100 million women across our nation and the reality that *Roe v. Wade* is about to be overturned, I'd like to share some pro-life considerations.

"Pro-life means supporting Becky, who found out in her 20-week scan that the baby she was so excited to bring into this world developed without life sustaining organs. Pro-life means supporting Susan, who was sexually assaulted on her way home from work, only to learn a month later that her assailant planted seed.

"Pro-life means supporting Teresa, who hemorrhaged due to placental abruption, leaving her family to make the impossible choice to save her or her in utero baby. Pro-life means supporting Cathy, who had her innocence ripped away by someone she should have been able to trust, and her 11-year-old body isn't mature enough to bear the consequence of that betrayal.

"Pro-life means supporting Melissa, who's working two jobs to make ends meet and has to choose between bringing another child into poverty or feeding the children she already has because their father walked out on them.

Pro-life means supporting Brittany, who realizes that she is in no way financially, emotionally, or physically able to raise a child. Pro-life means supporting Emily, who went through IVF, ended up with six viable implanted eggs, requiring selective reduction to ensure her safety and the safe number of fetuses.

"Pro-life means supporting Jessica, who's finally mustering the strength to get away from her physically abusive spouse, only to find out that she's pregnant by that monster. Pro-life means supporting Vanessa, who went to her confirmation appointment after years of trying to conceive, only to hear silence where there should have been a heartbeat. Pro-life means supporting Lindsay, who lost her virginity in her sophomore year with a broken condom and now has to choose whether to be a teenager mom or just a teenager.

"Pro-life means supporting Courtney, who found out she's already 13 weeks along, but the egg never made it out of her fallopian tube so either she terminates the pregnancy or risks dying from internal bleeding. Pro-life means supporting George who is hate-raped after someone found out he was assigned female at birth and can't come out to his family, can't come out to his community, or his work. Pro-life means supporting Nicky, who presents as a man and has a uterus and is intersex. He can't afford to raise a child, he can't afford time away from work to deliver an infant, recover, return to work to find he's lost his position.

"You can argue and say that these issues are pro-choice, but the truth is they are pro-life. Their lives, women's lives, humans who have uteruses, those who identify as women and those who do not. Everyone loves someone who has had to face this choice. And I hope next year's legislature will take the decisive action to more firmly codify protections for abortion in our statutes and constitution and provide funding for neighbor island women to access that right. Because the right to privacy and body autonomy is only useful if you don't have to buy a plane ticket and fly somewhere else to get it. Maui County might as well be Mississippi.

"Colleagues, it's been my distinct honor and privilege to serve the people and the *'aina* of South Maui for the last four years, and I thank you all very much. *Aloha*."

At this time, the Chair recognized Representative Takashi Ohno, Class of 2012, who served as chair of the Committee on Corrections, Military, & Veterans and the Committee on Intrastate Commerce, who was elected in the year of same sex marriage and never flinched on that issue as a freshman, and who was presented with a certificate and lei by Representatives Belatti and Morikawa on behalf of the Members of the House.

Representative Ohno: "In support, Mr. Speaker, with reservations. Mr. Speaker, serving in the Hawaii State Legislature was a dream job of mine. And just like many people here, we all have so many folks to be grateful for, so I have many people to recognize. First, the good people of District 27 who took a chance on me 10 years ago and sent me here. I'm still baffled that they made that choice, but I hope I've done well by them.

"To the House staff who make us look good, give us a place to do our work, and make sure our work stands up in the court of law. Brian Takeshita, the Chief Clerk, with Rupert Juarez, previously C.J. Leong. Sergeant-at-Arms, Rod Tanonaka, previously Kevin Kuroda. Casey Hines at HMSO, Lisa and Joan were before him. Thank you to all those folks.

"Thank you to all the advocates and community and public that come and testify before us. We found out during the pandemic, this job is not the same without them. We miss them, and the Capitol community is something that's special and something that really touched me.

"Thank you to my colleagues, all of you folks here and all the folks who I've served with over the past 10 years. There is no group that I'll ever meet that's more kind, smart, and cunning. It's because of all these folks that I have a seat at the table, a mic in hand, and a vote to cast. I'm grateful for them.

"I have a special thank you to my office manager, Jenna Takenouchi. She's been with me for 10 years and she's been a wonderful, wonderful partner. What I admire about her is that she makes big things seem small. And in all my years in office, I can confidently say, bringing her onto my team was the best choice I've made.

"Now, Mr. Speaker, I have many shortcomings as an elected leader, but I'm thankful for the many folks in this caucus and in this room who have served as role models for me. Thank you to those members in this body who show so much humility when there's so much reason not to be humble. Many of these folks put their head down, they solve real state problems, and they consistently be the bigger person, even when they have so much reason to feel slighted. Many of them are anonymous outside their districts. And I gather probably the people in their district don't quite know the contributions these members make to the state. My only reasoning for why they keep being the bigger person, biting their tongue, and solving problems is just their simple love of Hawaii. Thank you to those members in our body who take on the weight of the world on their shoulders.

"This work is not only intellectually demanding, it's really emotionally draining. And there are folks in this body who take on enormous tasks and do so almost effortlessly. However, I do know that those members agonize over their decisions. There are tears behind closed doors. And some of these folks who have to make these hard decisions lose friendships because of that work. I admire them and I hope to one day be able to carry the weight of the world on my shoulders like they do, and still give five minutes to your friend and do so with a smile.

"Mr. Speaker, this, serving in the Hawaii State Legislature, has been a dream job of mine. There will never be a better job that I have anywhere in my career. But this dream job, it's still a job. And jobs change. I have a hypothesis that some of the skills that we've all gained here, listening to people, identifying their problem, pursuing a solution, my hypothesis is that it also could benefit us all outside of this building. I don't know if that's the case, but I encourage you all, stay tuned and please stay in touch with me. It's been the honor of a lifetime to serve with you all. *Mahalo*."

At this time, the Chair recognized Representative Aaron Ling Johanson, Class of 2010, who served as the chair of the Committee on Labor & Public Employment and the Committee on Consumer Protection & Commerce, who is the best speech writer in the House and is a mentor for so many, and who was presented with a certificate and lei by Representative Belatti on behalf of the Members of the House.

Representative Johanson: "Thank you, Mr. Speaker. As I rise to speak for the last time on this House floor, I'm struck by so many things. I'm wearing the same, well, you can't see it, but I am wearing the same tie today that I wore on Opening Day of the 2011 Session when I first got elected. I haven't worn it since because I received a lei on opening day of 2011 that permanently stained it. And while I used to view that stain as a blemish and the tie as ruined, I find my time at the Legislature has helped me to reevaluate and to see it in a new light. It's simply a tie with character.

"My tie's journey is very indicative of life, the many unexpected events that arise and how we choose to deal with them. Since Opening Day of 2011, many years have passed and much, much has changed. But as I reflect, one thing has remained the same and stands out to me the most. I recently learned about dispositional gratitude or the practice of noticing and appreciating positive aspects of life from an amazing, soon to be Yale freshman who will undoubtedly change the world. As I close out my 12 years in the House, I'm left with an overwhelming sense of gratitude and a heart of thankfulness.

"Being a state representative for the communities that raised me has been the privilege of a lifetime. I'd like to start by thanking my office family. Each of you has been so incredible and I couldn't do without you. Sean, David, Jen, Marie, Steve, Sharon, and especially my office manager, Dorene, and the many people I've been privileged to work with over my 12 years. You're my family and my safe haven. Thank you so much for everything.

"To HMSO, Chief Clerk's, and the Sergeant-at-Arms, I thank you so much for all your hard work and for putting up with me and all the work that I end up engendering. A special thanks to Ali and Michael in HMSO. Thank you both also for putting up with me, our committee's workload and the volume, and to the two of you for doing such an amazing job in facilitating the Labor and Consumer Protection & Commerce Committees' work.

"I'd also like to thank each and every one of you for allowing me the privilege of serving as a chair for these past six years. You've allowed me to pursue an array of ambitious reforms and sometimes outside the box ideas. To all my past vice chairs, thank you for your support and help.

"As I look at each member, I realize that I've learned a lot, something from each of you and every one of you. And on a lighter note, some notable examples include frugality from Matayoshi, street smarts from Stace, and constancy from my friend of over 28 years, Lisa. My current vice chair has been everything from my high school student government comrade and debate foe, she's very good at debate, to my fastest canvasser in one of my roughest dog-filled precincts.

"To my neighboring area colleagues, it's been a real privilege to serve alongside of you. Moanalua and Aiea is such a special region, and your partnership to strengthen this region and its diverse communities has left an indelible imprint on me and our community. *Mahalo* to the CIP and FIN Chair for helping us to build up our communities and for the many projects that will benefit this region for generations to come.

"To Nishimoto, Della, Nakashima, Dee, Onishi, and so many others, thank you for adopting me into the family. And to Saiki and Sylvia, your friendship has been both professionally and personally life changing, and I'll be forever grateful.

"I've always believed that to whom much is given, much is required. And I've endeavored to give my all to this incredible opportunity. And as this season of service in the House of Representatives comes to a close, I'm looking forward to giving my all to other worthy endeavors.

"For nearly two decades, my family has fully supported my seemingly crazy aspirations, and that support has allowed me to chase my dreams while working at the White House, the U.S. Treasury, and the Hawaii State Legislature. Each time I utter my plans, my faithful parents would respond with the same unwavering support, even if I could tell that they were secretly thinking, where does our only son come up with these absolutely crazy ideas? I wouldn't be here without them, and I'm looking forward to reciprocating that support and being there for them with my all in this next season of their lives.

"To my friends, my volunteers and supporters, people like Wally Naito and Kosei Yamane who maintain their exquisitely detailed Japanese wooden fences who would desecrate them every election cycle by literally nailing my signs to these beautiful fences, to the many volunteers who have canvassed tens of thousands of pieces, and especially to the folks who would stand on the side of the road with me for the activity and the only campaign activity that I really, really, really do not care for, I'm so grateful and wouldn't be here without their support.

"And most of all, thank you so much to the amazing people of Moanalua Gardens, Foster Village, Aiea, Lower Pearlridge, Red Hill, Aliamanu, and Fort Shafter. You've given me the privilege of a lifetime to represent you for the past 12 years. Thank you to the many community leaders who faithfully serve our region and inspire me every day to be a better leader with their tireless work on behalf of our community. To the people of my district and my region, I say thank you for your support, your grace, and your friendship. I am truly, truly blessed to hail from such a special area.

"And to all of you who remain to carry on the good work of the House, I wish you nothing but the best and hope that no matter what unexpected events come your way, the result, like my tie, will simply be an adding to your character and the character of the body. It's been an incredible 12 years and thank you all so much for everything."

At this time, the Chair recognized Representative Henry J.C. Aquino, Class of 2008, who served as chair of the Committee on Transportation and the Committee on Public Safety and Military Affairs, who is one of the most unflappable members of the House who nothing fazes even when his bills are leveraged or killed, and who was presented with a certificate and lei by Representative Yamane on behalf of the Members of the House.

Representative Aquino: "Thank you, Mr. Speaker. I don't know whose idea it was for this guy to give me my leis but thank you very much. First and foremost, a big *mahalo* to the people of Waipahu, who afforded me this amazing honor and privilege to serve in the House since 2008. It's been a struggle to find the right words for today. But what I can say for certain is that it's been a blessing and an honor to serve alongside all of you, Mr. Speaker.

"Being around for nearly 14 years, there's a certainty that you'll pick up things along the way that are teachable and meaningful memories and moments. I've learned so many lessons, too many to count. But the ones that I would like to share are lessons on the institution, about humility, self-control, collaboration, and perseverance.

"From the floor sessions where freshmen members are called upon to answer questions from the Speaker at any time of the session to test your institutional knowledge and to make sure that you're paying attention, to getting your bill held in committee. I would like to thank former Representative Jerry Chang for that teachable moment in humility. As a freshman, he introduced me to the vote to hold. Long story short, he heard one of my bills in his committee, Higher Ed I believe, and voted to hold. I'm a freshman at the time, my very first session. In fact, I didn't know what that was. I really thought it was a good thing. But I found out that it was not. What a way to get introduced to the legislative process, Mr. Speaker. *Mahalo*, Jerry, for that.

"In my early days in the House, the old timers always shared that we needed to learn to pick and choose our battles and to choose wisely, and to distinguish the differences between needs and wants. It is something that I've held on to and shared with our younger members over time. Oh, and here's another lesson that I learned, Mr. Speaker. If you're planning to vote no on a bill, please make sure that the Speaker is not on the text thread.

"I've also learned that we're all public servants and we never get to serve in this chamber without the help and support of many people. I would like to recognize them at this time. *Mahalo* to the Chief Clerk's Office, Printshop, Sergeant's office, and the custodial staff for always taking good care of us. Thank you to the HMSO staff and the LRB office for working with my office over the years. *Mahalo* to all of you.

"Thank you, Mr. Speaker and your predecessors, for the opportunity to serve as a committee chair for several committees. And you, Mr. Speaker, allowing me to serve as co-convenor of the Filipino Legislative Caucus for the last several years. A very special *mahalo* to Speaker Say for trusting me as a sophomore to head a committee for my first time and having confidence in my abilities. I'd also like to express my appreciation for our colleagues of today and the past, as I've mentioned earlier. Whether you know it or not, each of you have played an impactful role in my experience here. I value each and every one of you.

"My hope for all of us sitting here today on the floor is that we continue our own journeys, whether it's in our current capacities or elsewhere, in the spirit of service. Let's continue to do our very best on behalf of our people and our great state. My best wishes to all of you. And *mahalo* for the memories.

"In particular, I'd like to wish my last classmate standing from the class of 2008, the good Representative from the Big Island who also chairs the Judiciary Committee, all the best. Don't let these younger guys push you around and make you go faster.

"A special *mahalo* and shout out to my amigos, the Representative from Waipio Gentry and our former colleague from the 39th House District. Thank you for your friendships and hard work over the years. Who would have thought, Mr. Speaker, that a three-member faction could play a role in this 51-body chamber? Maybe our friends in the minority can take notes. Thank you, Gene.

"Kidding aside, *mahalo* to my friend from the 37th District. Despite the harassment, bad ethnic jokes, and putting up with his emotional side, I'm truly grateful for our brotherhood. As the good Representative from Kauai once said, sometimes you want to hug 'em, sometimes you want to choke 'em. *Mahalo*, Rep. Yamane.

"A special acknowledgment of thanks to my office staff headed by my office manager, Maureen Andrade, please stand. She's been with me from the very beginning. Thank you so much. *Mahalo* to my session staff, Jayne Nantkes and Raniele Reyes, please stand. I'm truly grateful for your hard work, commitment, and service to the 38th House District.

"A very special acknowledgment for my parents. As some of you may know, in 2019 I lost my father after a short and fierce battle with lung cancer. He was my rock, Mr. Speaker, and I just hope I made him proud. Lastly, a

very special *mahalo* to my family, especially my wife, Cyndi. I think she's still here. Cyndi, please stand. Thank you for always supporting me and the family. Definitely would not be here without your love, patience, and sacrifices. Thank you and I love you very much.

"I'd like to close with scripture as a prayer reminder for all of us. And let us not grow weary of doing good, for in due season we will reap if we do not give up. Galatians 6:9. Let's keep working hard no matter where we are for the people of our great state. Let's always strive for better in the future. Thank you again, Mr. Speaker, my colleagues, it's been a privilege to serve with all of you. *Mahalo*."

At this time, the Chair recognized Representative Bob McDermott, Class of 1996 and Class of 2012, who is the kind of guy who wears his heart on his sleeve, and who was presented with a certificate and lei by Representative Matsumoto on behalf of the Members of the House.

Representative McDermott: "First of all, I want to thank God for showering me with blessings, including the blessing to be here and serve with all of you. I want to thank the staff all the way from the custodians, everyone in this building up to the Governor's Office. I particularly want to note Sergeant-at-Arms and Tamah-Lani. When I had injured my back, I don't know if you remember, but I certainly do. I was in grave, great pain. I couldn't walk. Poor Representative from Hawaii Kai was trying to lumber me around at 300 lbs., and he wasn't having much success. She made sure I was taken care of, that I could get from point A to point B, and I'll never forget her checking on me constantly.

"Mr. Speaker, you and I have shared probably more time in the past two years in the elevator riding up than we did in the previous 25. And this is a compliment, you are the OG progressive, you are the Dr. Dre of progressives, you're the original. And don't let anybody tell you otherwise because I've seen you in action and you were the original one. Finance Chair, I said my private goodbyes to you, but your kindness will not be forgotten. Majority Leader, same thing, I've grown to have a friendship with you.

"Mr. Speaker, well, I have to keep it short. So, I just want to say I want to acknowledge my brother from another mother, the colleague from Ewa Beach. As he pointed out, there's not much politically we agree on. But we start from that reference point, but we enjoy a good friendship. I call him at times when I am troubled about something, not necessarily political, but going on in life. And I don't know if you follow Ewa Beach politics, but it's still kind of the wild wild west out there. And one time during a reelection campaign, he and I were on the side of the road out by Fort Weaver, thousands of cars coming, and we're arguing, yelling at each other with our big signs up. I guess people thought we were talking about politics, we were arguing about Catholic doctrine. It's a true story.

"I want to talk about my minority members. Val, first time I met you, I saw your million-watt smile and I said, she's a winner. And she had all these people supporting her and I knew she would be successful. And she works hard. And as a mom with two young children, I don't know how you do it. Lauren, they should give you a cape as superwoman because you've got a two-year-old and a five-year-old and I don't know how you do it, plus that long drive in. But you are super organized, extraordinarily talented, and you have taught me, along with the fellow from Moiliili, that you attract a little bit more flies with sugar than vinegar.

"Lastly is my big brother. Well, not lastly, my big brother. I can't talk about him, Mr. Speaker. He is the reason I got elected. So, if you don't like me, you got to blame him, and I'm sure you will. But if it wasn't for him, I wouldn't have got elected, and he has been a mentor and a big brother throughout the years. And this is over since 1994, we've known each other. I love him, Mr. Speaker, I have practiced this speech a little bit, and each time I thought about him, I broke down and cried. So, I'm not going to do that.

"Finally, Mr. Speaker, now this is finally. Aside from my staff who I introduced earlier, any success I've had in life or been able to stumble into accidentally is due to my wife, my bride of 36 years. I still hold her hand because I'm afraid someone's going to steal her from me. I've got a mirror, let's face it. A mother of eight, a grandmother to ten. She is the reason that I've been able to do anything. So, honey, thank you. *Aloha* and God bless you all."

At this time, the Chair recognized Representative Angus L.K. McKelvey, Class of 2006, who served as chair of the Committee on Government Reform, the Committee on Economic Development & Business, the Committee on Higher Education, and the Committee on Consumer Protection & Commerce, who is one of the more multi-dimensional thinkers in the House and someone who never takes things personally, and who was presented with a certificate and lei by Representative Clark on behalf of the Members of the House.

Representative McKelvey: "I guess Representative Clark drew the short straw. I'm joking, thank you so much, Representative, I greatly appreciate it. And true to my style, I dropped my certificate. Well, Mr. Speaker, colleagues, to quote the band the Grateful Dead, what a long strange trip it has been. 2006 was a really different place. I got sucked into politics because I was ticked off at the fact that the money, the CIP for West Maui had died in the House yet again. And so, I decided, you know what, I can either complain, I can get mad about it, or I can do something about it. I can go and try to make a difference. I can leave the place I love to come into a place I only spent time as a staffer before and had seen it from that view.

"And you think as a staffer, you're like, wow, I would never do what these guys are doing in a million years. I like being able to go to the grocery store and not get yelled at. But I knew it was for a greater cause. A cause, I think, that binds all of us, because we wanted to take care of our community, our family, our friends, the people who mean the most to us. We want to see them be lifted up by the work that is done in a place, for me on Maui, that is far away.

"And so, with that, I came over here and what an experience it was. I was lucky to be part of a class of unprecedented size of 13 members, including you, Representative Ward, as a returning quasi-freshman. And at that time the State House, when we came in, the average age was well above our years. I mean, Sharon, we were what, the young under 40 crowd, Della, these upstarts coming into the State House of Representatives. I look at my younger colleagues now and I'm like, wow, you want to talk about upstarts? But we all came in and from the word go it was a bang.

"And we were blessed to have many people here to mentor us along the way. For me, it was Bob Nakasone. He took me aside, he looked me up and down, and he threw dried squid on the desk and looked at me, okay, braddah, you going eat this? Are you one local or you one of those loudmouthed Californians from Lahaina I hear about all the time? And from there, a friendship was born between he and I.

"Mr. Speaker, I made a conscious decision to leave this august body and all of you who I love and have enjoyed working with because I wanted to have the honor and privilege of being able to say goodbye. There are so many of our members who've gone before us who were never given that opportunity. I think about my good friend Joe Bertram, who, as one lobbyist said, didn't have a mean bone in his body whatsoever. The kindest, gentlest soul you ever met.

"I think about my dear friend, and I know she would be so proud of us today for what we've done for the Native Hawaiian community, Representative Mele Carroll, who left this earth not seeing what she worked so hard for over the years. Tirelessly just trying to better the lives of her people. I think she looks down upon us today.

"And I learned a lot with my freshman class. We discovered that, wow, there's 13 of us, we might actually be able to effect change right away. And we had the Speaker of the House and the potential speaker come and address us. And we became quite tight knit from the word go. And we had quite the amazing stories and adventures. Jimmy, I remember the *kanalua* vote. We were like, what's *kanalua* mean? Oh, it simply means you pass until the final round. And Jimmy goes, I'll tell you what *kanalua* means, it means you have no guts, except he didn't use the word guts.

"Sharon, you and I have been colleagues in arms on voting no against claims against the State more often I think than any legislators in history. And while it became a badge of honor through thick and thin to do it, I think it also was a statement of the values that we always tried to keep throughout the years. To maintain, to be true to the average folks out there. To make sure that when the decisions are made, they're not made in the best interest of upstairs or down the street, but in our homes and our towns.

"I want to also go ahead and I want to thank my family. And I want to thank my lovely wife, Val, she has been through a lot with me, she's been there for me. And we've had quite spiritual discussions and political ones. And she reminds me to, hey, you do it for us and for the people like us, our friends. You don't do it for the people who have private jets, you do it for regular folk.

"I also want to go ahead and I want to remember somebody who was with me, who was like, you go, Angus, you run and do this, who was my steadfast champion. One who every time I'd come home on the weekend, she would listen with just absolute interest at every little nuance and turn in this building, every decision, every back story. And that I lost her just this last year, it's my mom. And many of you knew her. She was not only a source of inspiration to me and a guiding foundation, a rock, but she was to the town I live in and my community. And it was very hard for me losing her. I think I'm finally grieving for her right now. But I know the decision I'm making to move forward in my life is the decision that she would have said, if she had been here sitting next to me. And of course, you know her, those who knew her, she would insist she be sitting on this floor right now with a lei on. And she would be like, right, it's time to move on, Angus, and serve your community in a bigger way. Because you've done the work for your community here and you meant a lot to us, but you need to try to see, you can do more, what you can do for everybody in this town.

"And I may not be successful. We, none of us may be. We serve at the will of our community and they may not support us in our endeavors. But I can tell you this, that no matter what we do in life moving on, I know it'll be a richer experience. I know that we will have had qualities that we now carry with us that were made because of our friendships. We've broken bread together and we've crossed swords together. We've laughed together, we've cried together. We have faced the onslaught of communities. We talked about the session of marriage equality, which was the most chaotic, inspirational thing I'd ever seen. We talked about Superferry, where we had people in droves in and out of the building like you wouldn't believe.

"We talked about the little things, the big things. Things that at the time we thought was going to change the world and in 10 years you're like, whatever happened to that bill or law? And little things that we did, especially during the pandemic, that made a huge difference in people's lives. And I think that's really what has continuing to try to do something bigger and better, helping people with their UI, such a *manini* thing, you'd think. Helping to give them money to get the resources they need so they wouldn't starve was so important to me, I can't tell you. To get emails from a mother saying thank you for your help, because of that my kids will have food this Christmas, they will have presents.

"And Mr. Speaker, through this journey, when I first came in here, I was very blessed to have an amazing office manager. And she came in and she was like, wow, what did I get stuck with this haole guy here? And Wendee Wilson taught me a lot. And she was my rock and she worked hard. And she became a friend and a family to me. And it was kind of fitting, as we come full circle in many things, that she came to work with me yet again. And I definitely could not have done it without her. And I know going forward I won't be able to do it without her and her family. Her son, Kamana, it was funny when I first came in, was a little kid, smart, intelligent, playing video games on his computer. And now he's a grown, young, articulate man who's playing video games on his computer.

"Oh, and finally again, Mr. Speaker, I want to thank you. And I want to thank Sylvia. And I want to thank Della. Dee, how many text messages did you get? Yes, no, up, down, pull the green slip, no, maybe. I appreciate Nadine. I think Takashi really said it the best. There are people who are doing amazing things to actually move the needle like they've never been moved. And I thank you for everything you've done because I profoundly have seen change that I didn't think would ever happen. To stop the broken record we all hear every election year.

"I want to thank my Republican colleagues. Val, Bob over there made me feel uncomfortable in an elevator several times. And Gene, of course, you, my brother from another mother, the voice of the conscience in my committee and a statesman. Many times I was not the most pleasant chair and was abrupt and quick with you and we had our battles, but you were always there to shake hands and to be the bigger person and to remain friends. And I appreciate all of you. You've added a strong voice to representation of Hawaii, a counterview that needs to be represented.

"And to all the young reps I've gotten to know, and what really sucks about this COVID thing is I lost a year to really get to know you better. But I'm absolutely blown away by all you already. Just last night, to put a skit together in 5 minutes. It took what, Sharon, Jimmy, what, us a week and a half and we still couldn't get it right, Della. You guys have incredible courage, fortitude. You're not afraid to make the tough decisions, you're grounded, and I hope that you will stick with this because you are needed now more than ever. And I know if my mom was here, she'd be like, right, especially to see strong, young, independent women in politics. Both my senior members who've served with me, like Nicole, to Jeanne, to Lisa, all of you, she would be so proud of you because she was one who had to shatter glass ceilings that were impenetrable at her time. And to know that you were here and continuing to make a difference and fight for true representation would make her proud. So that's all I really have to say. I thank you from the bottom of my heart. I thank my community. I thank my island. My watch has ended. *Aloha.*"

At this time, the Chair recognized Representative Sylvia Luke, Class of 1998, who served as chair of the Committee on Finance and the Committee on Judiciary, who will go down as the greatest Finance chair in state history, and who was presented with a certificate and lei by Representatives Nishimoto and Yamashita on behalf of the Members of the House.

Representative Luke: "I was kind of crying until Nishimoto made a snarky remark, and I'm so glad I'm leaving because I don't have to deal with his snarky remarks daily, although he probably will call me at 10:00 a.m. when he wakes up to give me smart, snarky remarks. Mr. Speaker, I would first like to thank my family, especially my husband and my son, Logan. As you know, family members make sacrifices so that we can be here. And so, if there's family members up there, if you could stand. Come on, I see you Val, family members stand. Nobody wants to take me up. The one who is not standing is my husband, see, now you know my pain.

"And I want to thank my staff, all my present and prior staff for making us all better people. And I'm trying to get the Speaker to cry, but he has a heart of stone so he's not going to cry, so I'm going to keep trying until he's going to shed some tear. My heartfelt gratitude to the residents of my district for giving me the honor to represent them the last 24 years. I took my first oath of office when I was just 30 years old, and I thought I was young then. Imagine all the young representatives here today, Representative Tam, Representative Gates, Representative Kapela, all those others and all the semi-young ones like Matayoshi, Lisa, and Stace. You folks inspire me. I thought I was young then. But to be filled in a chamber with young legislators like Greggor and all you folks, Jackson, you folks inspire me.

"And I am thankful for every lesson that I share with all of you folks. During my tenure, we visited so many people, especially on Finance trips. We went to Lanai, we went to Molokai, we went to very remote areas to learn about issues that were important to them and to find solutions for challenges of the future. Every piece of legislation we passed here, every line item in the budget, comes from negotiation and collaboration. The measures that we have sent to the governor emerged after hours of public engagement and discussion. They were created with input from both chambers and informed by real experiences of all of our communities.

"This year, I'm thankful for our revenues because we were able to pass monumental legislation that will impact the lives of so many people for many years to come. And I think that was only possible, I'm going to take a breath, and that was only possible with the help of each and every one of you from true collaboration, not just with the members of the House, members with the cabinet, members with the Senate, and the ability for all of us to work together. To my colleagues, I feel very privileged to have served alongside every one of you. I'm grateful for the relationships I made. Each of you inspire me to do better and be better. I will treasure our friendships I have made over the years.

"Some of you often ask me, especially Representative Nakamura, how do I do what I do, withstanding many criticisms and carrying the burden of others? That's because I have learned from many of you. Although you don't explicitly live by these four rules, I have watched you and you live by these four rules. And they are, be the first to take the blame, be the last to take the credit, forgive each other often, and forget the wrongs against you. It has truly, it has been an honor to serve with all of you. God bless and *aloha.*"

Speaker Saiki: "Thank you, Representative Luke. Could all of our departing members please stand, all of our nine members? So, to our departing members, thank you. These members take with them collectively 103 years of House service. This group represents the best of us. They have a conscience, they keep their word, they are advocates, they are problem solvers. Some of them have a distorted sense of humor, but they all care and want Hawaii to move forward. The House will not be the same without you. We will miss all of you. On behalf of our entire state, thank you for your work and service and best wishes going forward. Thank you."

The Chair then recognized Representative Belatti, the Majority Leader, to deliver closing remarks on behalf of the Majority Caucus:

"Thank you, Mr. Speaker. That is such a hard act to follow. I'm going to start by just saying, first of all, thank you to all of our staff, the Chief Clerk's Office, in our research offices, in our communications offices, in all of our individual offices. We could not do this work without you. This work that over the last two years has been some of the most challenging work that has been done by a state legislature.

"So, again, hard act to follow all of those speeches. Since 2018, for the last five years, I have struggled with opening and closing day speeches. Today, the speech is no different and is no exception. It is even harder because of the tremendous change that this body will undergo, as demonstrated by the speeches that have preceded mine today. So, here's a little insight. There's probably a little bit of a formula to these closing day speeches. We talk about all the tough issues that we worked on. We talk about the promises that were delivered. And we talk about how democracy is a work in progress.

"We know that this session has been unprecedented, historic, consequential, a banner year. These are just some of the words that have been used to describe this session. I'm going to allow the next two speakers to talk about the things that we accomplished. I want to focus my speech on the moments that are the in-betweens and how democracy is, in fact, a work in progress.

"For me, the in-betweens are the most important moments in this place. These are the moments in between everything that we do that the public never sees. These are the moments when we fight fiercely. I'm going to break protocol because everyone has been doing it all day. Representative Nishimoto, these are the moments when we fight fiercely. Representative Mizuno, when we struggle with negotiations. And for all of you, when we either cry with one another or laugh deeply together, because at the end of the day, we are humans and we feel the burdens and the slings of our jobs. And in many ways, we understand those burdens that each one of us carries. And I hope it's those in-between moments when we are friends, despite the words and the tempers that might flare, and the factions that we may be in. But we are friends. And that is the most important thing.

"I want to talk about those in-between moments, when you connect with the people you serve and you realize that the work that you are doing makes all the difference in the world. I'm reminded by this because of something that Representative Holt talked about yesterday, how he read testimony from Hema Watson and noted the historic moment we were investing finally in our Native Hawaiian *keiki* and future.

"For me, those constituents were Willy Shum and John Kimmell II during the marriage equality debates, and I was so privileged to be able to attend their marriage after we passed that historic law. For me it was Jari and MJ Sugano, the reason why we struggled to pass medical cannabis dispensaries, decades after we had already passed and legalized medical cannabis. I hope for every one of you, and I know you do, you have those in-between moments with your constituents when you know that the work that we do makes all the difference.

"The third in-between moment I want to talk about, and I wish this for all of you, it's that in-between moment when you find that mentor who helps guide you through the legislative process. Through the turbulent waters you know that we also went through each and every day of the 60 days of a legislative session. And each and every day of a busy interim, especially when you are given assignments and you take them on gladly.

"I have had one of those mentors. And I didn't stand up earlier and say it, but I want to quote back to you what she said on my very first opening day.

Now, I want to correct the record a little bit. Some people think that on my first opening day, I was pulled along with these two senior members. And let me tell you, I was going out on my own because I was like that Representative Kapela, who's going to just stand up and speak. And go for it, girl. But I was going to do it anyway, and these two mentors of mine, unbeknownst to me, were going to stand with me. I didn't ask them to stand with me, but they did. Because they understood that a young voice needs support.

"And this one mentor of mine in her speech, and this is what I'm going to take away from her, she said, 'we are all reformist by nature and that's why we run for office, to bring changes that will benefit the public and make government responsive to its people.... Many of us became legislators with hopes and dreams to do great things, solve real problems.'

"And that is what we need in our legislative mentors. I know for some of you, those mentors were Representatives Takamine, Herkes, Nakasone, and Say. And I think we all have to find those mentors, whoever they are. So, for my wish for the younger legislators is that you find those mentors. We're here. But then that you, yourself become a mentor someday.

"I'm going to take those words from my mentor and live by that, if I am so lucky to be able to return. Because we have to, we have to keep doing the work of the people to do great things and solve real problems.

"And I'm going to shift to democracy as a work in progress, because we need to move away and I do have to talk about some substance. For all that we have done this year, democracy is, in fact, a work in progress. We have to build on the historic measures we passed this year. House Bill 2511 connected to the \$600 million consequential appropriation to DHHL to address its decades-long waitlist. We are requiring them to submit a strategic plan about how this assistance will be used and expend this money wisely in three years.

"Senate Bill 2021, \$21.5 million annually to the Office of Hawaiian Affairs and a one-time \$64 million appropriation to OHA for just a portion of the income and proceeds from the Public Land Trust. But what did we also do? We put in there a working group that is going to have to determine how we allocate funds for the future. This is a political question that we have to continue to work on. Because why? Democracy is a work in progress.

"Mauna Kea, House Bill 2024, there is a five-year transition period in which the new Mauna Kea Stewardship and Oversight Authority will take over the reins of management and stewardship. Our work is not done there.

"Senate Bill 2473, the reformation of the Agribusiness Development Corporation, where we have reformed ADC, a troubled agency, so that it no longer reflects the plantation days of the past but it has to address the new world so that we can have food security for our people. And I know that some will struggle with the fact that ADC has been transferred to DBEDT, but that is why we must come back. Because it is a work in progress.

"House Bill 1800, Hawaii State Energy Office, where we're asking them to study to determine our pathway to decarbonization and to identify the challenges, opportunities, and actions that need to be taken in the transportation and agriculture sectors. The transitions and actions that need to be built into our state's energy workforce and how we will consider the impacts and mitigation measures to our frontline low-income communities that so often carry a greater burden than other communities as we struggle with climate change.

"House Bill 2000, the \$200 million for the School Facilities Authority to construct new school facilities, and the renovation, and improvement, and expansion of existing school facilities to increase pre-kindergarten student capacity. We have to come back to make sure that they deliver on both of those promises. Democracy is a work in progress.

"House Bill 1579, where we have extended the date of the transfer and transition of the Oahu Regional Health Care System from the Hawaii Health Systems Corporation to the Department of Health to December 2025. Why is that critical? Because we need the continuum of care for our *kūpuna*.

"And finally, Senate Bill 2076, this one is a little bit closer to my heart, it's a sleeper bill. It appropriates \$200 million in federal funds to UH for planning and implementation of broadband statewide. It requires the University of Hawaii and the Hawaii Broadband and Digital Equity Office

to convene a working group to determine the appropriate governance structure to implement, operate, and maintain broadband infrastructure development in the state. If we have learned anything from this pandemic, we have learned how important we need to stay connected to one another. So, broadband is going to be another five to ten-year project.

"Members, we have to do all of this. We have so much ahead of us. And yes, we can celebrate those things that we have accomplished, and we should. But there is so much work ahead of us. And I will leave you with this one thing, this one *'ōlelo*. *'A 'ohe hana nui ke alu 'ia*. No task is too big when done together by all. That was shared with me by the deputy director of Department of Hawaiian Home Lands. It is fitting for this day. It is fitting for this moment. And my *aloha* to all of you, because I know wherever we are in this state that this body of 51 and the bonds that we have created will take us to a future that is brighter, where there is no task that is too big when done together by all of us. Thank you, Mr. Speaker."

The Chair then recognized Representative Okimoto, the Minority Leader, to deliver closing remarks on behalf of the Minority Caucus:

"Thank you, Mr. Speaker. And thank you, Majority Leader Belatti, for your words. Four years ago, I entered the doors of this building bright-eyed and bushy-tailed, having no prior legislative experience, nor even really knowing what to expect. I am sure many of you witnessed me walking in a complete square to locate my office every day. The one thing I did know back then was that I had a heart to serve the people of Mililani and of our beautiful State of Hawaii. I am grateful that that passion to do so is even stronger today.

"Tradition in the minority dictates that the minority leader should, in a way, rebuke what the majority delivers. That's not my style, that's never been my style. I've learned through these four years that a productive and efficient legislator is not just critical of the other side, but more importantly, respectful and understanding. Republicans, Democrats, Hawaiians, non-Hawaiians, locals, transplants. We are not adversaries, we are *'ohana*. And sometimes *'ohana*, well, we disagree on things. We're all in this *pā'ina* together, and we get to live in the greatest state in the country, our state.

"It was our state that saw the first two Asian-American U.S. senators in Republican Hiram Fong and Democrat Daniel Inouye. It was our state that met the tides of World War II at its doorstep and stood firmly to protect the democracy this country holds so dear. And it is our state that is taking the initiative to correct historical wrongs. The passing of the \$1 billion to our Native Hawaiian community is indeed a monumental moment in our history. And I am proud, as those of us who were able to stand together yesterday, to have been a part of it. To all the Native Hawaiians past, present, and future, while there is still much work to do, your perseverance and grace through these many years will see your people thrive and flourish as they once did. And I believe that with all my heart.

"Mr. Speaker, colleagues, I want to impart on you some final thoughts as we end this legislative session. In a world filled with distractions, it is almost impossible to avoid getting caught up in the things you can't control. When we focus on the things we have no control over, we forget about what's most important, our own backyard. Each one of us here can take another to a place in their district that has deteriorated, been neglected, or abandoned. Places in our own backyards. As you walk your districts and reconnect with your constituents, see if any of those places in your backyard are better than before. If not, then there is still plenty of work to do. And if we spend a little more time cleaning up our yards, the world will be a better place.

"When we feel as if we have no fight left within us, may we remember the words of our dear President Teddy Roosevelt, in one of my favorite speeches, his speech entitled 'The Man in the Arena.' 'It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory nor defeat.'

"I pray that as we depart from this chamber floor today, regardless of what paths we may take, that we will never forget what is most important. And that is taking care of the people in our state, our own backyards. For our people here deserve better than what we have been providing them. May we not sit quietly, timid, and afraid to stand up for what is right, but may we be like the man in the arena, strong, resilient, having integrity and purpose, willing to take risks because nothing great was accomplished by those who simply watch idly. Most importantly, may we love and respect each other regardless of what side of the aisle we sit, our ethnic backgrounds, or which neighborhood we come from. For that is what makes this beautiful state, our State of Hawaii, special. And that is how God has intended us to be. *Mahalo nui loa.*"

Speaker Saiki then gave his closing remarks as follows:

"Thank you, Representative Okimoto. The Chair has some brief closing remarks. So, first, thank you to our staff, Sergeant-at-Arms, Office of the Chief Clerk, Printshop, our custodians, the Legislative Reference Bureau, our research offices, and our individual staff offices. Also thank you to the Senate. Thank you to Senate President Kouichi for not being a reactive person and for always staying above the fray so that he can help solve problems. And thank you to all of the members of the Senate for not leveraging all of our bills during conference.

"So, on Wednesday morning at 12:30 a.m., after the adjournment of our Tuesday floor session, I received a text message from a media commentator who has often been critical of the Legislature. And the text read, 'thanks, I understand the Legislature has delivered real results for real people, 100%.' As we know, that text is completely accurate. And the credit goes to each and every member of this body.

"When you take a step back, there was no guarantee that this session would end the way that it did. And that is because in the past two years, every conceivable obstacle has been thrown at all of us. But you were resilient, and you overcame all of the hurdles to deliver real results for real people. A \$1 billion housing package that targets those in need, Hawaiian home land beneficiaries, families earning less than \$100,000, homeless persons. An \$18 minimum wage, plus an increased working family's tax credit that will result in an additional \$30,000 in income for a family of four. The closure of Red Hill. A tax rebate of \$250 million for Hawaii taxpayers. Mutual stewardship on Mauna Kea. And child welfare services, especially for foster kids and for adoptions. You know that our list this year is just too long to repeat.

"When we opened our session on January 19, I quoted from Dr. Martin Luther King Jr.'s speech that he gave here in the House of Representatives 62 years ago. His call for justice, cultural justice, environmental justice, and economic justice, resonates today. And your work has met Dr. King's call in a significant way. The bottom line is this, you have shifted the arc of justice in Hawaii in just one year.

"Yesterday at the Hawaiian Caucus event, I mentioned that I view this legislative session as a breakthrough. It was a breakthrough because the Legislature envisioned the possible and then implemented it. In the process, you were unafraid to take on the most complicated and controversial issues. This is exactly how a legislature should operate. And as a result of your work, hundreds of thousands of people will have opportunity and a better chance in our state. So, thank you for your work and have a great summer."

"EXECUTIVE CHAMBERS

HONOLULU

June 28, 2022

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2076

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2076, entitled "A Bill for an Act Relating to Broadband Service Infrastructure."

The purpose of this bill is to have the University of Hawaii (UH) and the Hawaii Broadband and Digital Equity Office (BDEO) jointly convene a working group to determine an appropriate governance structure to implement, operate, and maintain broadband infrastructure in the State. For fiscal year 2022-2023, BDEO is appropriated \$360,000 to fund three full-time administrative positions, and UH is appropriated \$200,000,000 in federal moneys for planning and implementation of a statewide broadband initiative.

While the bill as a whole has merit, I object to the \$200,000,000 appropriation for fiscal year 2022-2023, funded through moneys from the American Rescue Plan Act of 2021 (ARPA), Pub. L. No. 117-2, to be used for planning and implementation of a statewide broadband initiative, designated in section 4 on page 6, line 19, of the bill. The appropriation of \$200,000,000 in ARPA funds to UH appears to be redundant with the Coronavirus State Fiscal Recovery Funds (CSFRF) and Capital Projects Fund appropriation for the broadband initiative in the Department of Budget and Finance's budget. Further, because many of the requirements for the initiative will be capital improvements in nature, these funds will not count towards meeting UH's "maintenance of effort" (MOE) based on U.S. Department of Education guidelines for ARPA's Elementary and Secondary School Emergency Relief MOE compliance – higher education capital improvement funding is specifically ineligible.

The appropriation will also limit the Administration's ability to balance out fiscal year 2022-2023 appropriations and expenditures to ensure compliance with the MOE requirements.

Section 16 of Article III of the State Constitution provides that, "[e]xcept for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same." Because of the foregoing objections, I have taken the following action pursuant to my line item veto authority:

Stricken out the \$200,000,000 appropriation made from ARPA moneys for fiscal year 2022-2023 in section 4 on page 6, line 19, of the bill, to be used by UH for planning and implementation of a statewide broadband initiative, and changed the amount to \$0.

For the foregoing reasons, I am returning Senate Bill No. 2076 with the appropriation made from ARPA moneys for fiscal year 2022-2023 totaling \$200,000,000 stricken from the bill.

Respectfully,
/s/ David Y. Ige

A BILL FOR AN ACT

RELATING TO BROADBAND SERVICE INFRASTRUCTURE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that the provision of equitable and robust access to broadband continues to be among the State's most pressing challenges. Hawaii needs to invest in open access, carrier-neutral cable landing infrastructure to attract transpacific fiber optic cable companies and expand its fiber connectivity to the world and throughout the islands, particularly in rural, underserved, and unserved communities, to achieve the digital equity necessary to build a resilient digital economy. Attracting partners with the necessary technical expertise and resources can develop Hawaii into a strategic communications and knowledge hub in the Pacific. This hub would incorporate a robust global communications network and provide cloud platforms to establish next generation applications, such as artificial intelligence and smart communities, in Hawaii.

The legislature further finds that to build a robust broadband infrastructure, the State must act quickly to take advantage of various federal and private funds available this

year. For example, the 2021 federal Consolidated Appropriations Act earmarks:

- (1) At least \$30,000,000 for the department of Hawaiian home lands;
- (2) \$3,200,000,000 nationally in an emergency broadband benefit for low-income Americans to become connected or remain connected to broadband;
- (3) \$250,000,000 nationally for a new telehealth pilot program;
- (4) \$300,000,000 for a national grant program to fund broadband in rural areas; and
- (5) \$65,000,000 for the improvement of the nation's broadband maps.

The legislature notes that the first phase of deployment of these federal funds, in part, supports the South American Pacific Link, a transpacific fiber cable project that would connect Hawaii to South America, Central America, and the east coast of the continental United States. Additionally, over \$100,000,000 is available from the United States Department of Transportation Federal Highway Administration to address the

broadband capacity to support telecommuting through pilot projects focused on building broadband infrastructure.

Accordingly, the purpose of this Act is to ensure that the State takes full advantage of available funds to build and maintain the broadband infrastructure necessary to sustain interconnectivity throughout islands by:

- (1) Requiring the University of Hawaii and Hawaii broadband and digital equity office to convene a working group;
- (2) Appropriating funds to the Hawaii broadband and digital equity office for three full-time equivalent (3.0 FTE) administrative positions for the operation and administration of the Hawaii broadband and digital equity office; and
- (3) Appropriating federal funds to the University of Hawaii for the planning and implementation of a statewide broadband initiative.

SECTION 2. (a) The University of Hawaii and Hawaii broadband and digital equity office shall jointly convene a working group to determine the appropriate governance structure

"EXECUTIVE CHAMBERS

HONOLULU

July 6th, 2022

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1600

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1600, entitled "A Bill for an Act Relating to the State Budget."

The purposes of this bill, the Supplemental Appropriations Act of 2022, are to adjust and request appropriations for the fiscal biennium 2021-2023 to fund the operations and capital improvement projects of the Executive Branch agencies and programs.

While the bill as a whole has merit, I object to the following appropriations for the reasons indicated:

Appropriations in this bill that are funded by the Coronavirus State Fiscal Recovery Fund (CSFRF) of the American Rescue Plan Act of 2021 (ARPA), Pub. L. No. 117-2, § 9901, 135 Stat. 4, 223 (2021) (American Rescue Plan funds), need to be reprioritized due to: (1) an over appropriation of the American Rescue Plan funds; (2) additional funding needed by the Department of Education (DOE) and the University of Hawaii (UH) to meet the federal Elementary and Secondary School Emergency Relief Fund (ESSER Fund) Maintenance of Effort (MOE) proportional funding requirements; and (3) replacement funding for the appropriations impacted by my veto of House Bill No. 1147.

The amount of American Rescue Plan funds appropriations made in this bill (twenty-two appropriations) and in Senate Bill No. 2076 during the 2022 regular session plus the American Rescue Plan funds appropriations made in various acts during the 2021 regular session, and American Rescue Plan funds allocations made by me pursuant to chapter 29, Hawaii Revised Statutes, and section 67 of the General Appropriations Act of 2021, Act 88, Session Laws of Hawaii 2021, total \$1,746,037,985, an amount that exceeds the State's American Rescue Plan funds allocation of \$1,641,602,610 from the U.S. Department of the Treasury by \$104,435,375.

Under the federal ESSER Fund's MOE requirements pursuant to the ARPA, the State must maintain a proportional level of funding for the DOE and UH (calculated separately for each) for fiscal years 2021-2022 and 2022-2023 relative to the State's overall spending level for fiscal years 2021-2022 and 2022-2023 that is greater than or equal to the average of the State's proportional level of funding for the DOE and UH relative to the State's overall spending for the three prior fiscal years. Failure to meet the federal ESSER MOE requirements may have adverse consequences on the State's receipt of federal ESSER education moneys. In this instance, while the DOE received additional general funds for specific purposes, I understand that the DOE may not be able to fully expend these moneys in fiscal year 2022-2023 to meet its proportional percentage. Further, I understand that insufficient general funds were provided to the UH to meet its proportional percentage for fiscal year 2022-2023.

Additionally, with my veto of House Bill No. 1147 due to the violation of the prohibition against "gut and replace" actions during the legislative process, the vetoed American Rescue Plan funds will be used in part to provide funding for the Hawaii Tourism Authority and the Convention Center.

Based on the above, I object to the following American Rescue Plan funds appropriations in the bill:

1. The \$660,000 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for BED 100 - Strategic Marketing and Support, for office renovation expenses, designated in section 3, item A-1, on page 2, line 8, of the bill.

2. The \$50,000 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for BED 105 - Creative Industries Division, for Creative Labs on the Neighbor Islands, designated in section 3, item A-2, on page 2, line 18, of the bill.

3. The \$13,874,350 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for BED 150 - Hawaii Community Development Authority, for infrastructure upgrades for Kalaeloa, designated in section 3, item A-23, on page 7, line 22, of the bill.

4. The \$35,000,000 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for LBR 171 - Unemployment Insurance Program, for costs related to the Unemployment Insurance call center, designated in section 3, item B-2, on page 8, line 41, of the bill.

5. The \$2,000,000 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for LBR 903 - Office of Community Services, for the Emergency Food Assistance Program in the counties of Honolulu, Maui, Kauai, and Hawaii, designated in section 3, item B-3, on page 9, line 17, of the bill.

6. The \$3,541,937 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for LBR 183 - Disability Compensation Program, for the Disability Compensation Division Modernization project and information technology software licenses, designated in section 3, item B-8, on page 10, line 27, of the bill.

7. The \$10,000,000 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for TRN 501 - Oahu Highways, for a homeless stored property and debris removal program, designated in section 3, item C-27, on page 16, line 20, of the bill.

8. The \$120,000 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for LNR 402 - Native Resources and Fire Protection Program, for funding for contract positions from the Research Corporation of the University of Hawaii, designated in section 3, item D-4, on page 20, line 32, of the bill.

9. The \$5,000,000 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for HTH 131 - Disease Outbreak Control, for COVID-19 testing, designated in section 3, item E-2, on page 23, line 29, of the bill.

10. The \$41,238,400 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for HTH 212 - Hawaii Health Systems Corporation - Regions, for an operating subsidy, designated in section 3, item E-9, on page 25, line 30, of the bill.

11. The \$832,500 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for HMS 501 - In-Community Youth Programs, for various juvenile justice programs and services, designated in section 3, item F-5, on page 31, line 2, of the bill.

12. The \$520,000 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for HMS 503 - Hawaii Youth Correctional Facility (HYCF), for purchase of services payments and adjustments, designated in section 3, item F-6, on page 31, line 8, of the bill.

For the following two general fund appropriations, I object to the acquisition, upgrade, and operation of the Wahiawa Irrigation System and Lake Wilson reservoir without doing proper due diligence. A project of this nature is a major undertaking that poses significant legal, regulatory, and financial burdens for the State. As I understand neither the Department of Agriculture nor the Department of Land and Natural Resources has done any due diligence work that would be a prerequisite for undertaking a project such as this. Consequently, it is unclear if sufficient funding is provided to acquire the designated parcels; repair and expand the spillway to bring it in compliance with dam safety requirements; operate the dam and irrigation system; and operate and maintain the Lake Wilson reservoir area. Further, there is no clear framework as to the responsibilities of the Department of Agriculture, the Agribusiness Development Corporation, and the Department of Land and Natural Resources with respect to operating and maintaining the Wahiawa Irrigation System and Lake Wilson reservoir. For these reasons, I am reducing the appropriations to provide sufficient funding only for due diligence work such as a feasibility assessment study/preliminary design report, survey and planning, environmental impact statement preparation, and other due diligence costs.

1. Of the total \$29,616,732 appropriation for fiscal year 2022-2023 funded by general funds, for AGR 141 - Agricultural Resource Management, \$22,500,000 for the upgrade of the Wahiawa dam and spillway and purchase of fee simple lands, and \$500,000 for additional operational support and maintenance, totaling \$23,000,000, in section 3, item A-13, on page 4, line 36, of the bill and \$22,500,000 of the \$26,000,000 amount in the proviso in section 6.1 of Act 88, Session Laws of Hawaii 2021, as added by section 4(1) on page 64, line 3, to page 65, line 2, of this bill.

2. The \$800,000 appropriation of the total \$3,811,324 appropriation for fiscal year 2022-2023 funded by general funds, for AGR 161 - Agribusiness Development and Research, for irrigation management, designated in section 3, item A-14, on page 5, line 10, of the bill.

For the following general fund appropriation, I object to the expenditure of moneys to the Hawaii Emergency Management Agency for infrastructure, construction, design, equipment, and site plans for the First Responder Technology Campus. I understand that planning and permitting for the Campus is still in its initial stages. Further, a master plan must be prepared in order to subdivide the Campus to make possible participation and development of the facilities by non-State agencies. It appears highly unlikely that these steps can be completed before funding for the project lapses on June 30, 2024. Additionally, it is unclear why development funding for the Campus is being provided to the Hawaii Emergency Management Agency as it is a potential occupant of the Campus, not the agency responsible for developing the Campus.

1. The \$35,000,000 appropriation of the total \$51,680,292 appropriation for fiscal year 2022-2023 funded by general funds, for DEF 118 - Hawaii Emergency Management Agency, for infrastructure, construction, design, equipment, and site plans for the First Responder Technology Campus, designated in section 3, item I-24, on page 51, line 20, of this bill and described in the proviso in section 18.3 of Act 88, Session Laws of Hawaii 2021, as added by section 4(23) on page 81, line 14, to page 82, line 3, of this bill.

For the following general obligation bond fund appropriation, I object to the expenditure of moneys to the Hawaii Technology Development Corporation (HTDC) for plans, design, and land acquisition for the First Responder Technology Campus and Cybersecurity Data Center, Oahu. For the reasons noted above, I believe that additional land acquisition for the Campus is premature. According to the draft environmental impact statement prepared for the Campus, development is planned to take place in six phases over the next fifteen years. The initial phase, which is programmed for fiscal year 2023-2025, is estimated to cost \$100,000,000-\$150,000,000 and will involve construction of a roadway into the existing Campus property along with drainage and utilities in preparation for the full Campus buildout in subsequent phases. Additionally, it is unclear why the HTDC is acquiring a parcel of land classified as conservation.

1. The \$17,800,000 capital appropriation for fiscal year 2022-2023 funded by general obligation bond funds, for BED 143 - Hawaii Technology Development Corporation, designated in section 3, item A-19, on page 6, line 33, of the bill and in section 26, item A-12.01, of Act 88, Session Laws of Hawaii 2021, as added by section 5 on page 92, line 40, of this bill.

Section 16 of Article III of the State Constitution provides that, "[e]xcept for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same." Because of the foregoing objections, I have taken the following actions pursuant to my line-item veto authority:

July 12, 2022

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1147

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1147, entitled "A Bill for an Act Relating to the State Budget."

The purposes of this bill are to:

1. Appropriate general funds for the fiscal year 2022-2023 to the Department of Business, Economic Development, and Tourism;
2. Appropriate special funds for fiscal year 2022-2023 out of the Convention Center Enterprise Special Fund; and
3. Appropriate general funds for fiscal year 2022-2023 to the University of Hawai'i.

This bill is objectionable because, pursuant to League of Women Voters of Honolulu v. State, 150 Hawai'i 182,499 P.3d 382 (2021), it suffers from a germaneness problem, as the bill has been changed substantially from its original form to its final form in Conference Draft 1.

The original form of this bill was to appropriate moneys for capital improvement projects for the fiscal biennium 2021-2023. In Conference Draft 1, the bill was amended to delete the capital improvement projects and in its place, inserted operating appropriations for various State agencies. We note that this amendment does not fall outside the scope of the subject of the bill as expressed by its title, "Relating to the State Budget." However, this amendment fundamentally changes the original bill's general purpose, which was to appropriate moneys for capital improvement projects.

For the foregoing reasons, I am returning House Bill No. 1147 without my approval.

Respectfully,
/s/ David Y. Ige

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1567, entitled "A Bill for an Act Relating to Criminal Pretrial Reform."

The purpose of this bill is to eliminate the use of monetary bail and require the courts to release defendants on their own recognizance for traffic offenses, violations, nonviolent petty misdemeanor offenses, nonviolent misdemeanor offenses, and nonviolent class C felony offenses, subject to certain exclusions.

This bill is objectionable because there has not been sufficient time since the Legislature made changes by Act 179, Session Laws of Hawai'i 2019, to the State's criminal pretrial system to fully assess the effect of the changes; the bill does not adequately address a number of important interests, including the need to secure the appearance of defendants; and the addition of class C felony offenses to the list of offenses for which release is mandated under the bill poses a potential threat to the safety of the public.

For the foregoing reasons, I am returning House Bill No. 1567 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1570, entitled "A Bill for an Act Relating to the Youth Vaping Epidemic."

The purpose of this bill is to prohibit the sale or distribution of all flavored tobacco products, including menthol, and prohibit the mislabeling of products as nicotine-free.

This bill is objectionable because of an amendment that was inserted late in the session that would benefit the tobacco and vaping industries and that would cede, without principled reason, the State's authority to enact and enforce a flavor ban to protect Hawai'i's youth from the scourge of vaping

and nicotine addiction. Further, the amendment would prevent effective enforcement by the State of the prohibitions against flavored tobacco products that were originally intended by this bill. In addition, the bill contains subjects that go beyond its title in violation of article III, section 14, of the Constitution of the State of Hawai'i.

For the foregoing reasons, I am returning House Bill No. 1570 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1705

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1705, entitled "A Bill for an Act Relating to Agricultural Park Leases."

The purpose of this bill is to authorize the Department of Agriculture to extend the term of an agricultural park lease with a remaining term of fifteen years or less for an additional thirty years, provided that the land covered by the lease is twenty-five acres or less and located in a county with a population of less than 500,000.

This bill is objectionable because it would significantly diminish one of the main purposes of the agricultural park program, which is to make affordable agricultural lands suitable for farming available to new farmers and other small farm operations to assist them in becoming commercially established. The existing maximum lease term incentivizes established farmers to expand their operations to larger properties and supports the growth of new farmers by making affordable lots available for lease. There are currently 243 interested farmers seeking to lease the State's limited agricultural park lands. The lease extension provided by this bill could potentially allow current lessees to remain on the land indefinitely through unlimited extensions in thirty-year increments, precluding others from having a fair opportunity to seek and enjoy this public benefit.

For the foregoing reasons, I am returning House Bill No. 1705 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1789

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1789, entitled "A Bill for an Act Relating to Collective Bargaining."

The purpose of this bill is to amend the procedure by which the Governor selects and appoints the representative of labor on the Hawaii Labor Relations Board (HLRB), which is composed of three members who represent management, labor, and the public. Section 89-5(b)(2), Hawaii Revised Statutes (HRS), currently allows the Governor to appoint the labor

representative from a list of three nominees submitted by mutual agreement from a majority of the exclusive representatives of the collective bargaining units.

This bill amends section 89-5(b)(2), HRS, to require the Governor to appoint the single nominee selected by a simple majority of the exclusive representatives of the collective bargaining units as the representative of labor on the HLRB. The bill also provides that if the Governor fails to appoint the person within twenty days after the exclusive representatives submit the name of the person to the Governor, then the exclusive representatives shall transmit the person's name directly to the Senate for confirmation.

This bill is objectionable because it is silent on whether or not the confirmation by the Senate effectuates an appointment without any further action by the Governor, creating ambiguity in the appointment process.

This bill is also objectionable because of the cost of a potential special session. This bill is silent on what would happen if a vacancy in the position of the representative of labor occurs when the Senate is not in session. For this provision to be implemented when the Legislature is not in session, when the exclusive representatives submit to the Governor their single nominee, the Governor either would have to convene a special session of the Senate or would have to make an interim appointment of the representative of labor pursuant to Section 6 of Article V of the Hawaii Constitution and submit that person's name for confirmation during the next session of the Senate.

Furthermore, this bill is objectionable because it diminishes the Governor's authority to select the labor representative to the HLRB by requiring the Governor to appoint the single nominee selected by the exclusive representative of the collective bargaining units instead of from a list of three nominees.

For the foregoing reasons, I am returning House Bill No. 1789 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1980

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1980, entitled "A Bill for an Act Relating to Telephonic Services."

The purpose of this bill is to permit the State's Medicaid managed care and fee-for-services programs, health insurers, mutual benefit societies, and health maintenance organizations to cover telephonic behavioral health services when: (1) telehealth services are technologically unavailable at the time the patient is scheduled to receive a behavioral health service; (2) the behavioral health service is a medically necessary covered health care service; and (3) the health care provider has provided the patient with an in-person behavioral health service within the twelve months preceding the telephone service. Also, the bill clarifies that telephonic services do not constitute telehealth.

This bill is objectionable because there is a potential for a negative impact on the well-being of individuals who need behavioral health services. Although the bill clarifies when telephonic services may be covered, and provides guidance to health insurance providers, the final bill may be interpreted to strictly limit insurance coverage for telephonic services. Specifically, health insurance providers may use the provision to restrict or exclude coverage of telephonic services unless the service meets the three criteria listed in the bill, whereas the current law does not have a restriction. This bill would then have the unintended consequence of restricting access

to necessary behavioral health services, inconsistent with the goal of promoting continued broad access to behavioral health services for individuals in remote areas, or individuals without access to technology. Vetoing this bill will allow for additional discussion and clarification on a bill in the next session that would align with expanding access to behavioral health services, with a workable framework for health insurance providers.

For the foregoing reasons, I am returning House Bill No. 1980 without my approval.

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 2424, entitled "A Bill for an Act Relating to Child Welfare Services."

The purposes of this bill are to expand the investigative powers and responsibilities of the Department of Human Services (OHS) Child Welfare Services Branch to include inspection of families who have adopted or taken guardianship of former foster children, establish a Malama Ohana working group to recommend transformative changes to the child welfare system, and appropriate funds for contracted services to support and monitor families receiving permanency assistance for former foster children.

This bill is objectionable because it seeks to monitor and investigate families that have adopted or taken guardianship of former foster children and who receive permanency assistance for that child, in ways that would violate the Constitutional rights of those families [*sic*]. The monitoring would include unlimited investigations of these families if at any time there had been a complaint filed with OHS about that family, without regard to the merits of the complaint, and regardless of whether or not the complaint was ever substantiated. These investigations would be allowed for the length of the child's minority, even when the Family Court found the legal relationship to be in the best interests of the child and approved the adoption or other permanent legal relationship between the child and the family. The objection is that this bill will expand the State's duties to monitor and interfere with permanent family relationships in a way that will violate the Constitutional [*sic*] rights of those families, without any evidence of harm or threatened harm to the child that is in the family. It would allow overreach by the State to interfere with safe, stable families, and allow the OHS to monitor and surveil families that have adopted or taken guardianship of former foster children, so that the families can never live free of government intrusion in their lives, a right which all other families take for granted.

Although the trauma experienced by the community over the loss of a former foster child is real and cannot be dismissed, the solution cannot and should not violate the constitutional privacy rights and basic dignity of every family that has taken in and provided love and stability to a former foster child. For example, the expanded authority to OHS could be used by a child's abusive biological parent to initiate unwarranted and repeated investigations of the child's new family, in an effort to disrupt the child's adoptive home, thereby preventing the child from ever feeling safe and stable in their new home.

In addition, the amendment of the bill in conference committee, without the opportunity to obtain public input, by adding a large, well-funded working group to recommend transformative changes to the child welfare system is subject to challenge. The working group would have twenty-one members and be co-chaired by two identified members who are vendors that contract with OHS to provide services to OHS clients. Another twelve members would be members of or be designated by one of these co-chairs. One co-chair would be the executive director of Effective Planning and

Innovative Communications, Inc. (EPIC 'Ohana) or their designee. The other co-chair would be the executive Officer of Hale Kipa, Inc., or their designee. Both EPIC 'Ohana and Hale Kipa, Inc. are vendors that contract with OHS to provide services to OHS clients.

Four members of the working group would be members of "Na Kama a Haloa", which is a program or project of EPIC 'Ohana. Eight members of the working group are meant to represent different constituencies of the Child Welfare Services branch including foster youth, birth parents, and resource caregivers. All eight of those members would be identified by Na Kama a Haloa. In total, thirteen of twenty-one members of the working group would include five members who are part of Epic 'Ohana, including a co-chair, and an additional eight members who are identified by Epic 'Ohana or its associated program, Na Kama a Haloa.

Having two-thirds of the working group comprised of contracted vendors or their designees is especially problematic because the bill specifically exempts the members of the working group from chapter 84, HRS. Chapter 84, HRS, creates standards of conduct that are normally in place to prevent conflicts of interest and promote public transparency and accountability. This means that the majority of the working group, who will be making recommendations about the services OHS provides to its clients will have a current financial interest in the provision of those services, and will be exempted from the ethics standards that prohibit financial conflicts of interest.

For the foregoing reasons, I am returning House Bill No. 2424 without my approval.

Respectfully,
/s/ David Y. Ige

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 2466, entitled "A Bill for an Act Relating to Taro."

The purpose of this bill is to create stronger economic incentives for new taro farmers, improve the livelihoods of existing taro farmers, and reduce the cost of poi for local residents.

This bill is objectionable because it is not an effective way to achieve the bill's purpose of helping taro farmers by lowering cultivation and production costs through the proposed exemption as a way to reduce the cost of poi for local consumers. The bill's exemption would not apply to "bulk buyers or shippers of raw or value-added taro products, supermarkets, or big box stores" (see bill at page 5, lines 10-12). This was apparently to limit the exemption to taro farmers in the cultivation and production of unprocessed taro, and not to allow retailers and wholesalers to claim the exemption on retail sales of poi and taro products. However, the wording of the bill will still allow certain retail sellers such as drug stores, convenience stores, and restaurants to also claim the exemption from a general excise tax (GET). The exemption will give these retailers a commercial advantage over supermarkets and big box stores that are not entitled to claim the exemption. A more effective way to help taro farmers and avoid the unintended tax benefit to just certain retailers, would be through the provision of direct grants to taro farmers as opposed to the GET exemption in this bill.

For the foregoing reasons, I am returning House Bill No. 2466 without my approval.

The purpose of this bill is to extend to June 30, 2025, the authorization to issue special purpose revenue bonds to assist MauiGrown Coffee, Inc.

This bill is objectionable because it is ineffective in authorizing the extension of the lapse date. Act 116, Session Laws of Hawaii 2017, originally authorized, pursuant to part X of chapter 39A, Hawaii Revised Statutes, the issuance of these special purpose revenue bonds effective on July 1, 2017. Section 5 of Act 116 specified that the authorization to issue the subject special purpose revenue bonds would expire on June 30, 2022, five years later. Section 39A-317, which is in part X of chapter 39A, provides that "no authorization shall be made for a period exceeding five years of its enactment." This bill attempts to extend the bond authorization lapse date beyond five years in violation of section 39A-317, Hawaii Revised Statutes.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2032, entitled "A Bill for an Act Relating to Genetic Information Privacy."

The purpose of this bill is to regulate direct-to-consumer genetic testing products to protect the privacy and confidentiality of consumers' genetic data. This bill requires direct-to-consumer genetic testing companies to adhere to certain requirements pertaining to the collection, use, and disclosure of genetic data.

This bill is objectionable because while the bill's purpose to protect the consumers' privacy and confidentiality is admirable, the enforcement mechanism provided in the bill appears to be problematic. Specifically, the bill requires the Office of Consumer Protection (OCP) to bring actions to enforce violations through the Attorney General, thereby depriving OCP of its independent authority under section 487-5, Hawaii Revised Statutes (HRS), to initiate actions for the violation of laws enacted for the purpose of consumer protection. In addition, it is not clear whether a consumer would retain the right to file a claim for an unfair and deceptive trade practice under chapter 480, HRS, for a violation of the prohibitions or requirements set forth in the bill. The lack of clarity may inadvertently and undesirably deter consumers from filing their own claims against direct-to-consumer genetic testing companies under chapter 480, HRS.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2091, entitled "A Bill for an Act Relating to Executive Pardons."

The purpose of this bill is to establish a comprehensive application process for executive pardons by adding a new section to chapter 801, Hawaii Revised Statutes, titled "Rights of Accused." In addition to the information previously required when submitting a pardon application, this bill requires that the prosecutors in the counties where the criminal convictions sought to be pardoned occurred be informed of the pardon application and be given time to submit their recommendations. This bill also requires the county prosecutors to notify victims or victims' families of the pardon application and give the victims or the victims' families time to submit their recommendations.

This bill is objectionable because it adds layers of bureaucracy that would cause delays in what is a straightforward process. The increased amount of information submitted regarding each pardon application would also require additional staff time and resources to review, causing delays and impacting government budgets.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2142, entitled "A Bill for an Act Relating to Computer Science."

The purposes of this bill are to (1) allow Department of Education students to fulfill graduation requirements by taking world language, fine arts, career and technical education, or computer science courses; (2) establish a scholarship at the University of Hawaii to encourage students majoring in education to take a computer science course; (3) require the University of Hawaii to establish computer science pathways for students majoring in education; (4) require teacher licensing and certification to include computer science; and (5) appropriate funds for the computer science in teaching scholarship program at the University of Hawaii.

This bill is objectionable because it imposes a new admissions requirement on the University of Hawaii (UH), which will be applicable to all campuses. As written, this bill would require that applicants for admission have successfully completed a world language, fine arts, career and technical education, or computer science class. This requirement would effectively preclude many adults from entering the UH Community College

system. Approximately one-third of all community college applicants are over the age of 25 and would not have met the proposed admissions requirement. In addition, UH's Community Colleges work hard to provide opportunities to those who did not complete high school. The new admissions requirement set forth in this bill would create a barrier to public higher education that could impact thousands of potential adult learners.

Furthermore, this bill diminishes the power of the Board of Education (BOE) to formulate statewide educational policy, as established by Section 3 of Article X of the Hawai'i Constitution. The BOE already has a policy regarding high school graduation requirements; under the constitution, any revisions to those requirements should be made by the BOE, and not by the Legislature.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2347, entitled "A Bill for an Act Relating to Constitutional Amendments."

The purpose of this bill is to amend section 11-118.5, Hawaii Revised Statutes, to provide that a constitutional ratification question printed on a ballot must be "simple, concise, and direct to the extent practicable." This bill also amends section 602-5(a), Hawaii Revised Statutes, to authorize the Hawai'i Supreme Court to issue, upon a written request by the Senate President and/or the Speaker of the House of Representatives, a written opinion (1) stating whether a proposed constitutional amendment and the corresponding constitutional ratification question are "simple, concise, and direct to the extent practicable" and (2) if they are not, providing a detailed and specific explanation of the reasons for the court's conclusion. The Supreme Court is to respond within fifteen days of the date of the written request and its opinion shall not be appealable.

This bill is objectionable because it raises a separation of powers issue with respect to the Legislature and the Judiciary. *See Schwab v. Ariyoshi*, 58 Haw. 25, 564 P.2d 135 (1977) (the doctrine of separation of powers prohibits any branch of government from unduly interfering with the constitutional functions of the other branches). Also, this bill is objectionable because it authorizes the presiding officers of the Legislature to request that the Hawaii Supreme Court issue an improper advisory opinion (1) stating whether a proposed constitutional amendment and the corresponding constitutional ratification question are "simple, concise, and direct to the extent practicable" and (2) if they are not, providing a detailed explanation of the reasons for the court's conclusion. Advisory opinions generally do not have a detailed factual record or the benefit of prior legal analysis or advocacy from adverse interests regarding the issues that a proposed constitutional amendment often presents. Further, insofar as this bill requires that the Supreme Court respond to the Legislature within fifteen days of the Legislature's written request, it does not afford the Supreme Court with reasonable time to fully consider and research a proposed amendment and issue its opinion, which will not be appealable.

For the foregoing reasons, I am returning Senate Bill No. 2347 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2510

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2510, entitled "A Bill for an Act Relating to Renewable Energy."

The purposes of this bill are to diversify the State's renewable energy profile and reduce the State's reliance on fossil fuels by requiring (1) the Office of Planning and Sustainable Development (OPSD) to update the state energy plan; and (2) to amend the economy and energy plans in the Hawaii State Planning Act to, among other things, require a minimum of 33.33 percent of renewable energy to be generated by firm renewable generation on each island, and to limit the percentage of any one type of renewable energy source to 45 percent of all generation for each island, except for geothermal energy. The bill provides that the percentages may be updated by concurrent resolution.

This bill is objectionable because without robust factual support or comprehensive cost analysis it prematurely establishes arbitrary percentages that will render at least the County of Kauai out of compliance due to that county's advancements in promoting solar energy. Fixing numerical limits that do not consider the different circumstances on each island is problematic. The bill also pits different renewable technologies against each other based upon a dichotomy between firm and intermittent energy sources that is becoming obsolete. As a result, it imposes additional regulatory obstacles that may impede opportunities to find a more cost-effective mix of renewable technologies or to develop new innovative technologies that do not fall within the definition of firm power. The attached "Summary: Estimated current compliance with the requirements of SB2510, by island" summarizes some of my concerns.

Additionally, the bill appears to supersede a Public Utility Commission's stakeholder-based process to update energy-efficiency portfolio standard framework, which has been in effect since 2012, in favor of a new process with OPSD as the single decision-maker and an appeal to the Governor's Office. In addition, the bill misuses chapter 226, Hawaii Revised Statutes (HRS), which function is to establish state goals and objectives, in an effort to create a regulatory scheme that would be more appropriately created through chapter 269, HRS, which currently provides a statutory framework for renewable portfolio standards.

Further, Section 14 of Article III of the Constitution of the State of Hawai'i states in relevant part: "[n]o law shall be passed except by bill." An amendment to statutory provisions is a law that requires the passage of a bill. Accordingly, an attempt to amend provisions in the bill by adoption of a concurrent resolution would likely be found legally invalid for not meeting the requirement under Section 14 of Article III of the Constitution of the State of Hawai'i.

For the foregoing reasons, I am returning Senate Bill No. 2510 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2511

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2511, entitled "A Bill for an Act Relating to Taxation."

The purposes of this bill are to expand the Renewable Energy Technologies Income Tax Credit (RETITC) to include new categories of renewable energy technology systems that are eligible for the RETITC and to impose caps on the amount of credit that may be claimed by a taxpayer and the total amount of tax credits for certain renewable energy technology systems that may be claimed in a taxable year. The bill would apply to taxable years after December 31, 2021.

This bill is objectionable for several reasons. First, this bill has a significant administrative flaw in that it creates an aggregate \$20 million cap without designating a certifying agency to ensure that the aggregate cap is not exceeded. Further, the bill requires tax credits to be prorated if the cap is exceeded, but because the tax credits are processed when received, taxpayer's claims for credit after the cap is exceeded will have to be denied, prorated, or adjusted due to the aggregate cap having been exceeded, and those taxpayers may incur a tax liability with penalties and interest. The uncertainty about whether a credit will actually be available when claimed could have a chilling effect on the willingness of the public to install new renewable energy systems. Second, while the measure attempts to define what a "system" is for purposes of calculating the credit, the Department of Taxation has indicated a problem with calculating the allowable credit for "storage systems" because it is to be calculated based on output as opposed to storage capacity. Finally, even though the bill's intention appears to incentivize installation of firm renewable energy systems and long-duration renewable energy storage systems, it retroactively applies to the entire tax year of 2022. As a result, the bill would allow a taxpayer who already installed a renewable energy technology system before the enactment of this bill to also receive the tax credit, thus failing to incentivize installation of additional systems.

For the foregoing reasons, I am returning Senate Bill No. 2511 without my approval.

Respectfully,

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2623, entitled "A Bill for an Act Relating to the Hawaiian Homes Commission Act."

The purpose of this bill is to amend sections 208 and 209 of the Hawaiian Homes Commission Act, 1920 (HHCA), to prohibit a lessee of, or successor to, a Department of Hawaiian Home Lands (DHHL) homestead lease who has sold or transferred the interest in the lease for personal gain, from being placed on any waiting list maintained by DHHL for an award of a homestead lease under section 207, HHCA.

This bill is objectionable because data collected by DHHL indicate that less than one-half of one percent of pastoral and agricultural homestead applications, and less than four percent of residential homestead applications, were submitted by beneficiaries who previously held a lease, and the majority of those were made to a family member without remuneration. Only a small number of applicants had transferred their lease for a fee or other personal gain and then applied for a subsequent lease. The bill therefore would not have an appreciable impact on other waiting list applicants' ability to receive homestead lease awards. The additional restrictions imposed by this bill could have unintended consequences for other beneficiaries. Further, DHHL's administrative rules already prioritize for new lease awards, those applicants who have not previously held homestead leases.

For the foregoing reasons, I am returning Senate Bill No. 2623 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2707, entitled "A Bill for an Act Relating to Collective Bargaining."

The purposes of this bill are to require the employer to initiate negotiations on repricing of classes within a bargaining unit within thirty days of the employer's receipt of the exclusive representative's written request to negotiate and to establish that an employer's failure to initiate the requested negotiations within such time frame or the parties' failure to reach an agreement within ninety days of the exclusive representative's written request to negotiate or by January 31 of a year in which the collective bargaining agreement is due to expire, whichever is earlier, constitutes an impasse to which the impasse procedures in section 89-11, Hawai'i [sic] Revised Statutes (HRS), shall apply.

This bill is objectionable because it creates a very short timeline within which to negotiate and agree on repricing. Because repricing is a highly technical and often contentious matter, this bill may result in inability to reach agreement within the new timelines, thus necessitating a resolution of an impasse by an arbitration panel. Mandating unresolved repricing requests to the impasse procedures would jeopardize an employer's ability to create and maintain a pay structure and pay relationships that are equitable for all classes of work by evaluating jobs based on a consistent set of criteria. If multiple arbitration panels make repricing determinations, there will no longer be a consistent application of repricing criteria.

This bill undermines the current classification and pricing system, eliminates the employer's discretion in repricing matters, and will lead to costly arbitration. An arbitration panel, which might lack the necessary repricing expertise, could render a decision that could impact not only the classes of work for which negotiations had been demanded, but could also impact other related classes of work, thereby significantly altering and potentially weakening the current system of job evaluation and pricing relationships.

The existing negotiated repricing process already provides the unions with the opportunity to submit negotiated repricing requests, and they can also choose to submit these requests to arbitration in accordance with section 89-11, HRS, in its current form without this bill.

Additionally, while current impasse procedures under chapter 89, HRS, are lengthy, expensive, and unpredictable, they only occur every few years. Such would not be the case with this bill.

Finally, the bill is not clear on when the repricing requests may be submitted, or who would pay any additional arbitrator's fees.

For the foregoing reasons, I am returning Senate Bill No. 2707 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2824

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2824, entitled "A Bill for an Act Relating to the Board of Education."

The purpose of this bill is to amend the minimum qualifications for Board of Education nominees. The bill amends section 302A-126, Hawaii Revised Statutes, to (1) add a new qualification relating to relevant experience - i.e., that "the board collectively shall have knowledge, experience, and proven expertise in as many of the following fields as possible, including education, workforce development, critical industries to the State, emerging fields, energy, advanced manufacturing, health care, business, technology, entrepreneurship, real estate, finance, or organizational management[;]" and (2) clarify that the understanding of best practices, one of the existing minimum qualifications, should come through "organizations such as the National Association of State Boards of Education or similar organizations[.]"

This bill is objectionable because it poses a threat of corporatizing public education, undermining deeper public educational goals, and devaluing professional expertise in education and childhood development. Industry-track academies and Career and Technical Education programs are already present and thriving in our public schools, due to collaboration between educators and the private sector. These programs demonstrate that workforce development does not require changing the professional composition of the Board of Education (BOE). Section 3 of article X of the Hawaii Constitution provides, in pertinent part, that the BOE "shall have the power, as provided by law, to formulate statewide educational policy[.]" Decisions about Hawaii's education system should be made by professionals with experience and expertise in developing life-long learners. I believe that diversifying the BOE is important in creating a statewide school governance structure, but the diversity of backgrounds in this bill is unbalanced and does not include other important backgrounds such as culture, arts, international education, parents, and even student representation. Additionally, experts in the private sector fields referenced in this bill may not have the experience and expertise needed to make nuanced policy decisions around standards, curriculum-development, and teacher training.

Furthermore, this bill undermines the autonomy and decision-making power of this office. The bill requires the BOE to collectively have knowledge, experience, and proven expertise for thirteen areas, where only eleven positions are available. Education is only one of the thirteen areas listed in the bill; the other twelve areas of expertise are corporate-focused and unrelated to the oversight of a statewide public education system. Compliance with this bill would virtually guarantee that educational experts will be far outnumbered in the BOE's composition and could be excluded from consideration for appointment altogether.

For the foregoing reasons, I am returning Senate Bill No. 2824 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2989

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article II of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2989, entitled "A Bill for an Act Relating to Agriculture."

The purpose of this bill is to create a Healthy Soils Program (Program) to improve soil health and increase carbon sequestration. It requires the Department of Agriculture (Department) to: (1) create a statewide soil health assessment; (2) provide farmers with education and technical assistance; (3) establish standards that apply to the Program; and (4) subject to available funding, issue financial incentives to implement farm management practices.

This bill is objectionable because the Department does not possess the elements of a science-based soil management and education program. The bill does not provide the resources or guidance to create what would amount to a new division within the Department. Senate Bill No. 2056, which this Legislature passed in the 2022 Legislative Session, and which I enacted as Act 189, requires the Office of Planning and Sustainable Development, along with the Department, to undertake a soil classification study for the future regulation of agricultural lands. That study should be completed before a bill such as this is enacted. In addition, improving the capacity of existing programs such as the Greenhouse Gas Sequestration Task Force, which was established by Act 15, Session Laws of Hawaii 2018, and the initiation of the Hawaii Carbon Smart Land Management Assistance Pilot program in Senate Bill No. 3325, which this Legislature also passed this session, and which I enacted as Act 185, will lead to better outcomes.

For the foregoing reasons, I am returning Senate Bill No. 2989 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3089, entitled "A Bill for an Act Relating to Emergency Management."

The purpose of this bill is to amend chapter 127A, Hawaii Revised Statutes (HRS), to: (1) clarify that powers granted for emergency purposes shall not be construed as permitting actions inconsistent with the State Constitution; (2) provide for greater clarity and specificity regarding the scope of suspensions of law; (3) require that Hawaii's emergency management system include coordination between state and county emergency management functions, where appropriate; (4) add the definition of the term "severe warning" in section 127A-30, HRS; (5) authorize the Legislature, by an affirmative vote of two-thirds of the members to which each house is entitled, to terminate a state of emergency, in part or in whole, declared by the Governor, but to also authorize the Governor to re-declare the existence of a state of emergency that has been terminated; and (6) clarify the legal framework governing the extension and termination of emergency periods.

This bill is objectionable because a premature termination of a state of emergency will create an impossible situation where county mayors will have to rely on their limited emergency powers to respond to an emergency without State assistance. This latter situation, if allowed, could jeopardize federal assistance, which generally requires the State to provide assistance before counties receive federal assistance. Additionally, because the county mayors lack the authority to suspend state laws, their emergency responses during a local state of emergency are still confined by state laws, including the laws that regulate driver's license expiration dates and gun registration deadlines. A gubernatorial state of emergency needs to be in place to suspend state laws that may affect counties' ability to effectively respond to emergencies. A premature termination of a state of emergency may significantly impede counties' emergency management capabilities.

The authority given to the Legislature in the bill to terminate a state of emergency would severely interfere with the Governor's duties and legal obligations to provide for the public health, safety, and welfare by limiting the Governor's ability to determine the duration of a state of emergency or disaster within the State if the circumstances giving rise to the state of emergency continue.

For the foregoing reasons, I am returning Senate Bill No. 3089 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 3172

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3172, entitled "A Bill for an Act Relating to Public Agency Meetings."

The purposes of this bill are to (1) require any electronic audio or visual recording of a board meeting to be maintained indefinitely as a public record on the board's website or an appropriate State or county website, even if written minutes of the meeting are posted; (2) require that the written minutes contain time stamps linked to the recording, if the meeting was recorded; and (3) repeal the option for boards to provide recordings with accompanying written summaries with time stamps in lieu of written minutes.

This bill is objectionable because it ultimately reduces public access to timely information regarding board actions by eliminating the incentive, under current law, for boards to record their meetings. Under current law, if a board records its meeting, it has the option to post the recording together with a document summarizing the meeting discussions and containing time-stamps for each discussion item, or the board can prepare and post written minutes. If the board records the meeting to aid in the preparation of written minutes, the board is not required to retain the recording once the written minutes are posted.

Recordings consume considerable data storage space and most boards share a limited amount of data storage space on their department's website. This bill would require a board to maintain the recordings indefinitely, make the recordings publicly available on the board's website, and would also require the board to prepare and post written minutes containing time stamps linked to the recordings. The new requirements under this bill would discourage rather than incentivize boards to record their meetings. The unintended result of this bill would be delays in posting of written minutes, particularly for boards with a small staff or for boards with no staff and only volunteers.

Finally, this bill is an unfunded mandate as it will result in increased personnel costs to comply with the new requirements, increased data storage and website configuration expenses to store all the recordings indefinitely,

and the potential for increased litigation expenses relating to the indefinite period of the recording retention requirement as well as accessibility claims under the Americans with Disabilities Act about the format of the recordings posted on State websites. These anticipated increased agency costs were not funded in this bill.

For the foregoing reasons, I am returning Senate Bill No. 3172 without my approval.

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3201, entitled "A Bill for an Act Relating to Nonprofit Organizations."

The purpose of this bill is "to align the state general excise tax with the federal income tax law by exempting from the State's general excise tax, the fundraising income generated by a tax-exempt nonprofit organization, while retaining the general excise tax for gross income derived from any 'unrelated trade or business', as defined by the Internal Revenue Code." This bill has an effective date of January 1, 2023; provided that, if this bill becomes an act, on December 31, 2027, the act shall be repealed and section 237-23, Hawaii Revised Statutes, shall be reenacted in its previous form.

This bill is objectionable because it may lead to undesirable consequences that go beyond the intended purpose of the bill, which is solely to exempt certain nonprofit organization fundraising income from the general excise tax (GET). The Department of Taxation notes that the bill will have the unintended consequence of making certain types of income currently exempt from the GET, such as passive income, subject to tax. Thus, enacting this bill would negatively impact the general public, public entities, and nonprofit organizations.

Moreover, the Department of Taxation estimates that this measure will result in a general fund decrease of \$1,400,000 in fiscal year 2022-2023; \$3,500,000 in fiscal year 2023-2024; \$3,600,000 in fiscal year 2024-2025; \$3,600,000 in fiscal year 2025-2026; \$3,700,000 in fiscal year 2026-2027; and \$3,800,000 in fiscal year 2027-2028.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3229, entitled "A Bill for an Act Relating to Geothermal Royalties."

The purposes of this bill are to cap the amount of geothermal royalties that are to be distributed to the State and to the county in which the geothermal royalties are to be located and to provide that the remaining geothermal royalties shall be deposited into the University Innovation and Commercialization Initiative Special Fund.

This bill is objectionable because of the concern that the proposed cap would divert funds from critical Department of Land and Natural Resources programs that regulate certain aspects of geothermal development and energy. There is a concern that the proposed cap would result in the Department of Land and Natural Resources receiving geothermal royalties in an amount significantly less than the operating costs for the Department's programs that regulate geothermal development and energy. In the State's work to combat climate change and the effects of global warming, we want to ensure that the departments critical to the effort have sufficient funding.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3252, entitled "A Bill for an Act Relating to Public Records."

The purpose of this bill is to impose a cap on the costs charged for copying certain government records; waive duplication costs for requesters seeking government records in electronic format; and set a cap on search, review, and segregation fees, which are to be set forth through administrative rules adopted by the Office of Information Practices (OIP), with a waiver of search, review, and segregation fees for requests for government records when the public interest is served by the disclosure of the record(s).

This bill is objectionable because it will have a significant adverse impact upon government agency operations. The full waiver of search, review and segregation fees for virtually all records requests acts as a disincentive for records requesters to narrow the scope of their requests, thus resulting in the consequential increase in overbroad requests. Agencies, the majority of whom do not have dedicated personnel responding to records requests, will be vulnerable to UIPA lawsuits, which will increase costs to government agencies through awards of attorneys' fees and costs to plaintiffs filing those lawsuits. As a result, agencies may be forced to prioritize responding to records requests over the agencies' primary functions. Eleven government agencies testified with concerns or in opposition to this bill due to the adverse effects of the waiver of search/review and segregation fees upon agencies.

For the foregoing reasons, I am returning Senate Bill No. 3252 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3311, entitled "A Bill for an Act Relating to Transportation."

The purposes of this bill are to (1) establish long-term goals to reduce greenhouse emissions and achieve zero emissions transportation in Hawai'i and abroad to reduce and eliminate transportation emissions; (2) establish an Interisland Transportation Working Group comprised of government agencies, expert stakeholders, and other relevant stakeholders recommended by the working group, to develop plans and recommendations for achieving zero emissions interisland transportation; and (3) establish an Electric Vehicle Sales Growth Working Group comprised of government agencies, expert stakeholders, and other relevant stakeholders recommended by the working group, to develop plans to ensure sufficient support for the growing use of electric vehicles in the State.

While I support efforts to reduce greenhouse gas emissions and improve the sustainability of Hawai'i's future, this bill is objectionable because its intent is already being fulfilled through current collaboration between state agencies and industry and public stakeholders. The bill establishes two working groups, both of whose work would be duplicative of current initiatives to support clean transportation and to achieve Hawai'i's clean energy goals.

Furthermore, there is no funding allocated to lead these working groups, support their work, and produce annual reports to the Hawaii Climate Change Mitigation and Adaptation Commission. Neither the Department of Transportation nor the Hawaii State Energy Office has the additional resources to support these working groups. Implementation of this bill will have a negative fiscal impact on these agencies.

For the foregoing reasons, I am returning Senate Bill No. 3311 without my approval.

The purpose of this bill is to make an appropriation of \$150,000 to "fund the operational expenses of the Hawaii Wing - Civil Air Patrol."

This bill is objectionable because the appropriation is "to fund operational expenses" but there is no indication how the appropriation is constitutionally valid. Section 4 of Article VII of the Constitution of the State of Hawai'i, requires that "[n]o grant of public money or property shall be made except pursuant to standards provided by law." The bill does not contain any standards and the Hawaii Wing - Civil Air Patrol is ineligible for a grant under the standards for grants made to private organizations by the Legislature in chapter 42F, Hawaii Revised Statutes (HRS), as there is no record of the Hawaii Wing - Civil Air Patrol having applied to the Legislature for a grant, and it is not incorporated under the laws of the State. Even if the Legislature intended for the Department of Defense to procure the services by contract, it does not appear that any exception to the requirements of chapter 1030, HRS, exist under these circumstances.
