The purpose of this measure is to:

- (1) Prohibit the Department of Health from issuing permits for new large capacity underground storage tank systems located mauka of the applicable underground injection control line, except for purposes of repairing or replacing existing tanks; and
- (2) Beginning January 1, 2045, prohibit the operation of and renewal of permits for all large capacity underground storage tank systems located mauka of the applicable underground injection control line.

Your Committee received testimony in support of this measure from the Department of Health; Department of Land and Natural Resources; Hawaii State Teachers Association; Surfrider Foundation, Hawai'i Region; Protect Kaho'olawe 'Ohana; Sierra Club of Hawai'i; Hawai'i Alliance for Community-Based Economic Development; 350Hawaii.org; Aloha 'Āina Legal Group, LLC; 'Ahahui o nā Kauka; Our Revolution Hawaii; Hawai'i Alliance for Progressive Action; Livable Hawaii Kai Hui; Environmental Caucus of the Democratic Party of Hawai'i; Environmental Justice Task Force of Faith Action for Community Equity; and numerous individuals. Your Committee received testimony in opposition to this measure from the Honolulu Board of Water Supply. Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

Your Committee finds that water is a finite and irreplaceable resource that is fundamental to human well-being and is only renewable if well managed. Your Committee further finds that access to clean and safe drinking water is vital for the State's climate resilience and sustainability. One of the most significant threats to the State's drinking water is large capacity underground storage tank systems and their related plumbing components leaking and contaminating potable drinking water aquifers. This measure reduces the risks posed by large capacity underground storage tank systems on the State's drinking water by phasing out permits for and operations of these systems.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2274, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2274, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Tarnas). Noes, none. Excused, none.

**SCRep. 922-22 Consumer Protection & Commerce on H.B. No. 1894**

The purpose of this measure is to accommodate the use of traditional Native Hawaiian burial practices and environmentally-friendly burial practices by including water cremation in the treatment and disposal of human remains.

Your Committee received testimony in support of this measure from the Willard Body Program of the John A. Burns School of Medicine at the University of Hawaii at Manoa; Fisher and Associates, LLC; Aloha Mortuary; Ken Ordenstein Funerals; and thirteen individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Health, and Hawaii Funeral and Cemetery Association, Inc.

Your Committee finds that the interest in traditional Native Hawaiian practices for burials has increased among Native Hawaiians and non-Native Hawaiians. Traditional Native Hawaiian burials include certain practices for treatment of human remains, which involve reducing remains to skeletal components and interring the iwi, or bones, in a kapa or lauhala container. In addition, your Committee finds that a process called water cremation, technically known as alkaline hydrolysis, provides an alternative to the traditional, flame-based cremation through the use of alkaline chemicals, heat, agitation, and pressure to gently accelerate natural decomposition. This measure accommodates the use of traditional Native Hawaiian burial practices and the burial practice of water cremation to provide greater options for persons to memorialize the deceased.

Your Committee has amended this measure by:

- (1) Clarifying that commercial hydrolysis facilities are to be subject to the requirements for funeral establishments and mortuaries, rather than subjecting hydrolysis facilities to licensure by the Department of Health;
- (2) Clarifying the wastewater discharge requirements applicable to hydrolysis facilities; and
- (3) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1894, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1894, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kong, Tarnas).

**SCRep. 923-22 Consumer Protection & Commerce on H.B. No. 2405**

The purpose of this measure is to:

- (1) Permit health insurance companies, mutual benefit societies, and health maintenance organizations to consider services related to gender transition treatments medically necessary if a health insurance policy covers those services for purposes other than gender transition; and
- (2) Require health insurance companies, mutual benefit societies, and health maintenance organizations to provide applicants and health insurance policy holders with clear information on the policy's coverage of gender transition services, including the process for appealing a claim denied on the basis of medical necessity.

Your Committee received testimony in support of this measure from the North Shore Ko'olau Diversity Collective, Northwest Society of Plastic Surgeons, American Society of Plastic Surgeons, Hawai'i Public Health Institute, Hawai'i Health and Harm Reduction Center, Stonewall Caucus of the Democratic Party

of Hawaii, Rainbow Family 808, AF3IRM Hawai'i, and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Medical Service Association and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Health, Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees, Kaiser Permanente Hawai'i, and Hawaii Association of Health Plans.

Your Committee finds that the State, through the enactment of Act 135, Session Laws of Hawaii 2016 (Act 135), prohibited the denial, exclusion, or limitation of health care services or treatment to a person on the basis of a person's actual gender identity or perceived gender identity. Despite Act 135, transgender community members continue to be denied medically necessary and life-saving procedures. This denial is levied even as there is an overwhelming and growing consensus among major medical organizations that transition-related health care services to alleviate gender dysphoria are medically necessary and should be fully covered by patients' insurance. This measure clarifies and ensures that transgender community members receive the care they need and are not categorically excluded.

Your Committee has amended this measure by:

- (1) Naming the measure the Gender Affirming Treatment Act;
- (2) Prohibiting a health carrier from applying categorical cosmetic or blanket exclusions to gender affirming treatments;
- (3) Prohibiting health carriers from categorically excluding gender affirming treatments as cosmetic services when those treatments are prescribed as medically necessary, rather than specifying that all health care services related to gender transition treatments may be considered medically necessary and not cosmetic;
- (4) Specifying that the laws prohibiting health insurance companies, mutual benefit societies, and health maintenance organizations from discriminating on the basis of actual gender identity or perceived gender identity are not to be construed to mandate coverage of a service that is not medically necessary; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2405, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2405, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

#### **SCRep. 924-22 Consumer Protection & Commerce on H.B. No. 2340**

The purpose of this measure is to allow the use of a post office box for purposes of prescription delivery so long as the pharmacy dispensing the prescription has the physical location where an individual resides on file.

Your Committee received testimony in support of this measure from Kaiser Permanente Hawai'i and one individual. Your Committee received comments on this measure from the Board of Pharmacy.

Your Committee finds that the high volume of prescriptions necessitates a closer examination of ways to improve efficiencies while ensuring patient and public safety. Under existing law, if a controlled substance prescription has a post office box address, pharmacists are required to verify a patient's identification, note the identification number on the prescription, and change the address to a physical location, such as a street address, tax map key, or description of the physical location. This measure eliminates these steps only if the physical address is on file, which will reduce the administrative burden on pharmacists while still maintaining safety and effective chain of custody of controlled substances.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2340, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2340, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

#### **SCRep. 925-22 Consumer Protection & Commerce on H.B. No. 1991**

The purpose of this measure is to:

- (1) Prohibit, in counties with a population of five hundred thousand or more, the sale of a bicycle that is reported as stolen and listen on a publicly available online stolen item database; and
- (2) Require the police department in counties with a population of five hundred thousand or more to establish the publicly available online stolen item database.

Your Committee received testimony in support of this measure from the Honolulu Police Department, Hawaii Gold and Silver Company, Hawaii Pawnbrokers Association, Kamaaina Loan, and two individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that bicycles are a popular form of alternative transportation. Bicycles are used as a means of reducing an individual's transportation expenses, saving an individual the costs of public transportation or costs associated with owning a motor vehicle. Bicycles are also used as a means of reducing an individual's carbon footprint.

Your Committee further finds that bicycle thefts significantly detract from these benefits, including imposing great financial burdens on individuals who must find replacement transportation. This measure seeks to directly address the issue of stolen bicycle resales by prohibiting the sale of bicycles reported as stolen and listed on a publicly available online stolen item database, which could be used by law enforcement to help recover stolen items and potentially prevent property theft.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the Honolulu Police Department and Hawaii Pawnbrokers Association reached an agreeable solution, submitted in their written testimony to your Committee, with regard to the recordkeeping and retention requirements that appeared in this measure as introduced. Your Committee

appreciates the collaboration between the stakeholders to find an agreeable solution and believes that this consensus language should be given further consideration as this measure advances through the legislative process.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1991, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1991, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

#### **SCRep. 926-22 Consumer Protection & Commerce on H.B. No. 2007**

The purpose of this measure is to amend the cash or protest bond amount for parties initiating administrative proceedings for review of certain procurement protest decisions.

Your Committee received testimony in support of this measure from the General Contractors Association of Hawaii. Your Committee received testimony in opposition to this measure from the Department of Transportation and Airlines Committee of Hawaii. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that Act 224, Session Laws of Hawaii 2021, increased the necessary cash or protest bond amount for parties initiating an administrative proceeding for review of certain procurement protest decisions to one percent of the estimated value of the contract, with the intent to prevent the filing of frivolous appeals. However, according to testimony received by your Committee from the State Procurement Office, this one percent cash or protest bond amount did not deter vendors from filing protests with the Office of Administrative Hearings; rather, the number of protest filings increased. Your Committee further finds that other states that require cash or protest bonds without a cap have certain safeguard language used for appeals to prevent the chilling effect of deterring legitimate protests on large projects.

Your Committee has heard the concerns raised in testimony and acknowledges that this measure remains a work in progress. Your Committee is interested in finding the right balance between discouraging frivolous protests while also ensuring that legitimate appeal rights are protected.

Your Committee has amended this measure by:

- (1) Reinstating the statutory one percent cash or protest bond amount, rather than changing the required cash or protest bond amount to an unspecified dollar amount based on the estimated value of the contract; and
- (2) Requiring that the cash or protest bond be returned to the initiating party, minus any administrative costs, except in cases where the Office of Administrative Hearings determines the appeal to be frivolous or in bad faith.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2007, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2007, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Har). Noes, none. Excused, 1 (Kong).

#### **SCRep. 927-22 Consumer Protection & Commerce on H.B. No. 1681**

The purpose of this measure is to:

- (1) Regulate the operations of transportation network companies in the State and establish a permitting process for these companies within the Department of Transportation; and
- (2) Make permanent the insurance requirements for transportation network companies and transportation network company drivers.

Your Committee received testimony in support of this measure from the Department of Transportation; Uber Technologies, Inc.; Hawaii Insurers Council; GEICO; and Lyft. Your Committee received comments on this measure from the Hawaii Transportation Association.

Your Committee finds that a passenger uses a transportation network company's digital network or software application service to request transportation to a destination. Once the prearranged ride is set by the passenger, the transportation network company connects the passenger with a transportation network company driver to fulfill the prearranged ride using the driver's personal motor vehicle.

Your Committee further finds that statewide regulation of transportation network companies is needed to ensure the safety, reliability, and cost-effectiveness of rides provided by transportation network company drivers. This measure ensures that residents and visitors have enhanced access to important transportation options, while also ensuring uniform consumer protection throughout the State.

Your Committee also finds that Act 236, Session Laws of Hawaii 2016 (Act 236), established insurance requirements for transportation network companies and transportation network company drivers to ensure the protection of passengers and third parties. These insurance requirements are set to expire on September 1, 2023. Your Committee finds that Act 236 is accomplishing its intended goal and the insurance requirements should be made permanent.

Your Committee has amended this measure by:

- (1) Deleting the requirement that an applicant to become a transportation network company driver submit a copy of the applicant's general excise tax license;
- (2) Clarifying the offenses that would disqualify an individual from acting as a transportation network company driver;
- (3) Adding ancestry and gender expression as protected classes within the transportation network company's required non-discrimination policy;
- (4) Providing the Department of Transportation with the authority to adopt rules to regulate transportation network companies; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1681, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1681, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

**SCRep. 928-22 Consumer Protection & Commerce on H.B. No. 1411**

The purpose of this measure is to:

- (1) Require that the transferee's and transferor's addresses be provided on the certificate of ownership when the title to a motor vehicle is transferred;
- (2) Clarify that the signature of the transferee and signature of the transferor each serve as an attestation by that respective party as to the validity of the information on the certificate of ownership; and
- (3) Subject a party to penalties for providing false or fraudulent information.

Your Committee received testimony in support of this measure from the Department of Environmental Management of the County of Hawai'i; Department of Finance of the County of Kaua'i; Kauai Police Department; Hawaii Council of Mayors; Nanawale Community Association, Inc.; and ten individuals.

Your Committee finds that abandoned vehicles on public streets create widespread environmental issues and unsafe and unhealthy conditions for residents of the State. Your Committee further finds that the prevalent issue of abandoned vehicles is exacerbated by fraud occurring in the vehicle title transfer process, which creates difficulty in locating the proper owners of abandoned vehicles. This measure is intended to reduce the amount of fraud in the vehicle title transfer process, which will remedy a primary contributor to the prevalent issue of abandoned vehicles facing all of the counties.

Your Committee has amended this measure by:

- (1) Clarifying that a person who provides false or fraudulent information is subject to a fine of no less than \$5 and no more than \$1,000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1411, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1411, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

**SCRep. 929-22 Consumer Protection & Commerce on H.B. No. 1642**

The purpose of this measure is to require deposit beverage distributors that sell, offer for sale, or distribute deposit beverage containers in the State to meet minimum postconsumer recycled content requirements.

Your Committee received testimony in support of this measure from the Department of Health, one member of the Hawai'i County Council, County of Hawai'i Department of Environmental Management, and one individual. Your Committee received testimony in opposition to this measure from the International Bottled Water Association, American Beverage Association, and Hawaii Food Industry Association. Your Committee received comments on this measure from the American Chemistry Council.

Your Committee finds that plastic waste is harmful to human health and the environment. Your Committee further finds that mechanisms must be considered to reduce plastic waste. This measure, by mandating minimum postconsumer recycled content, will help to reduce plastic waste and greenhouse gas emissions.

Your Committee notes the concerns regarding potential supply chain issues, as well as other cost issues, that may be inherent with this measure. Your Committee understands these concerns and believes further discussion on these issues may be warranted.

Your Committee has amended this measure by clarifying that the minimum postconsumer recycled content requirements may be calculated by weight or another metric as determined by the Department of Health.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1642, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1642, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Har, Kong, Morikawa, Onishi, Matsumoto). Noes, none. Excused, 1 (Aquino).

**SCRep. 930-22 Consumer Protection & Commerce on H.B. No. 1988**

The purpose of this measure is to prohibit the sale, import, or export of coral products in Hawaii, with certain exceptions.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i and one individual. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources; Rights of Nature Hawai'i; Big Island Reef Keepers Hui; Center for Biological Diversity; Surfrider Foundation, Hawai'i Region; Friends of Hanauma Bay; Hawai'i Reef and Ocean Coalition; For the Fishes; and two individuals.

Your Committee finds that coral reefs form a vital part of the marine ecosystem of Hawaii. This measure will provide coral reefs greater protection by banning the sale, import, or export of coral products in the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1988, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1988, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 931-22 Consumer Protection & Commerce on H.B. No. 1478**

The purpose of this measure is to require:

- (1) A property owner of residential real property to disclose, as part of the mandatory seller disclosures in real estate transactions, whether the installed smoke alarm in the residential real property is in accordance with existing building or residential codes based on information provided by the State Fire Council; and
- (2) The State Fire Council to create and maintain an informational guide on approved smoke alarms that are in accordance with existing state or county building or residential codes and post the informational guide on the State Fire Council's website and each county fire department's website.

Your Committee received testimony in support of this measure from the State Fire Council, Hawaii Fire Department, Honolulu Fire Department, and one individual. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS and one individual. Your Committee received comments on this measure from the Legislative Action Committee of the Community Associations Institute, Hawaii Chapter.

Your Committee finds that smoke alarms, when properly installed and maintained, provide early warning of a potentially deadly fire and can reduce the risk of dying from a fire. Smoke alarms also play a vital role in reducing fire deaths and injuries. This measure will ensure buyers have important safety information regarding their potential home purchases and may increase the likelihood that smoke alarms will be updated prior to a sale of residential property.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1478, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1478, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kong, Tarnas).

#### **SCRep. 932-22 Consumer Protection & Commerce on H.B. No. 2280**

The purpose of this measure is to prohibit planned community associations from prohibiting or unreasonably restricting the use of a member's enclosed yard for personal agriculture.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Community Associations Institute Legislative Action Committee and one individual.

Your Committee finds that providing latitude to members of a planned community association to use their enclosed yards for personal agriculture can promote good health, improve the local environment, and improve neighborhood spaces.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2280, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2280, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kong, Tarnas).

#### **SCRep. 933-22 Consumer Protection & Commerce on H.B. No. 2028**

The purpose of this measure is to:

- (1) Authorize milk producers to sell raw milk and raw milk products directly to consumers for human consumption, subject to certain conditions; and
- (2) Authorize the sale of raw goat milk for pet consumption, subject to certain conditions.

Your Committee received testimony in support of this measure from The Public Pet; Maka'ala Country Farms, LLC; Lystn, LLC; The Pet Depot; The Doggy Kitchen; Next Generation Pet Food Manufacturers Association; and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture, Department of Health, Hawai'i Farm Bureau, Meadow Gold Dairies Hawaii LLC, Hawaii Food Industry Association, and one individual.

Your Committee finds that raw milk is milk that has not undergone the process of pasteurization, which is the process by which milk is mildly heated. Your Committee further finds that there is a consumer demand for raw milk due to its taste and health benefits. However, under existing administrative rules, milk is only available to the public if it has undergone the process of pasteurization. Your Committee notes that goat milk is similarly prohibited unless it has undergone the process of pasteurization. This measure is intended to provide consumers and their pets with choices for beverage consumption.

However, your Committee has heard the concerns raised in testimony regarding the safety risks associated with the consumption of raw milk and raw milk products. Your Committee understands these concerns and believes this issue warrants further deliberation as this measure moves through the legislative process.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2028, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2028, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 4 (Har, Kong, Onishi, Tarnas). Excused, none.

#### **SCRep. 934-22 Judiciary & Hawaiian Affairs on H.B. No. 1787**

The purpose of this measure is to:

- (1) Establish Employment First as a policy of the State and the counties with respect to persons with disabilities;
- (2) Require state and county agencies to implement this policy in hiring and all programs and services administered or funded by the State or counties; and
- (3) Apply Employee First principles to Medicaid home- and community-based services waiver programs.

Your Committee received testimony in support of this measure from the Hawaii State Council on Developmental Disabilities, Disability and Communication Access Board, Hawaii Disability Rights Center, Hawaii Self Advocacy Advisory Council, and two individuals. Your Committee received comments on this measure from the Department of Human Services and Department of Labor and Industrial Relations.

Your Committee finds that persons with intellectual and developmental disabilities comprise an underutilized population of potential employees who are proven to be a positive part of the workplace. Your Committee further finds that Employment First is a framework for systems change that is centered on the premise that all citizens are capable of full participation in integrated employment and community life. Establishing Employment First as a state policy would

support the inclusion of individuals with intellectual and developmental disabilities in the workplace and recognize the contributions they make to the community and in the work environment.

Your Committee has amended this measure by:

- (1) Deleting language that required the Department of Human Services to ensure that contracted agency providers that provide services for Medicaid home- and community-based services waiver programs follow Employment First principles; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1787, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1787, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (LoPresti, McKelvey).

#### **SCRep. 935-22 Judiciary & Hawaiian Affairs on H.B. No. 2440**

The purpose of this measure is to:

- (1) Impose penalties on both the person and firm for violations of state law governing wages and hours of employees on public works; and
- (2) Define "person" and "firm" for these purposes.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i State AFL-CIO; Hawaii Operating Engineers Local Union No. 3; Hawaii Nurses' Association-OPEIU Local 50; United Public Workers, AFSCME Local 646, AFL-CIO; and Pride at Work - Hawai'i. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee finds that when firms violate Chapter 104, Hawaii Revised Statutes, the Wages and Hours of Employees on Public Works Law, these actions not only harm the employees who perform their duties but the actions also detract from the intent of the law, which is to protect the standards of workers on state and county public works construction projects and ensure the payment of prevailing wages and overtime to laborers and mechanics working on projects. This measure would impose progressively increasing penalties on both the person and the firm for repeat violations of the state law, thereby ensuring compliance with the law.

Your Committee has amended this measure by:

- (1) Deleting the definition of "firm";
- (2) Amending the definition of "person" to include a sole proprietor and the responsible managing employee and holder of the construction license as provided under chapter 444, Hawaii Revised Statutes; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2440, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2440, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 936-22 Judiciary & Hawaiian Affairs on H.B. No. 1486**

The purpose of this measure is to add theft of a motor vehicle, motorcycle, or moped to the offense of theft in the first degree.

Your Committee received testimony in support of this measure from the Office of the Prosecuting Attorney of the County of Hawai'i, Honolulu Police Department, and ten individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that motor vehicles are an essential part of daily life. For many, it is a very costly investment and oftentimes the second largest investment a person can make aside from housing costs. Losing a motor vehicle to theft can cause immense financial hardship and inconvenience to a person by negatively impacting the person's ability to get to work or school and curtailing their personal and everyday activities. This measure recognizes the significant financial, social, and personal costs of motor vehicle theft.

Your Committee has amended this measure by deleting the inclusion of mopeds under the offense of theft in the first degree.

Your Committee suggests that further consideration be given to imposing a lesser penalty for theft of a motor vehicle or motorcycle, such as a class C felony regardless of the value of the motor vehicle or motorcycle.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1486, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1486, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 937-22 Judiciary & Hawaiian Affairs on H.B. No. 1860**

The purpose of this measure is to:

- (1) Require licensed used motor vehicle parts dealers to keep records of purchases of catalytic converters, and obtain a written statement from the seller that the seller has the lawful right to sell and dispose of the catalytic converter;
- (2) Establish the felony offense of theft of catalytic converter;
- (3) Increase the penalty for engaging in the business of purchasing or selling used motor vehicle parts and accessories, or wrecking, salvaging, or dismantling motor vehicles for the purpose of reselling the parts or accessories thereof, without a license;
- (4) Require scrap dealers to keep records of purchases of palladium, platinum, and rhodium; and

- (5) Require all scrap dealers or recyclers to pay for palladium, platinum, and rhodium, and all used motor vehicle parts dealers to pay for catalytic converters, by check.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Office of Prosecuting Attorney of the County of Hawai'i, Department of the Prosecuting Attorney of the County of Maui, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawaii Insurers Council, Hawaii Transportation Association, Industrial Battery Solutions LLC, Schnitzer Steel Hawaii, Stolen Stuff Hawaii, and seven individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that catalytic converters have extrinsic value outside of being just a motor vehicle part. The rise in prices associated with precious catalyst metals that are used in the construction of catalytic converters is causing catalytic converter theft to increase. The relative ease and speed in which a person can remove a catalytic converter, coupled with the financial reward for selling the scrap metal, is what drives thefts. Your Committee further finds that installing a replacement catalytic converter is expensive, and, because thieves hastily remove catalytic converters, other areas of the car may be damaged, which increases repair costs. Your Committee believes that this measure will help deter catalytic converter theft in Hawaii.

Your Committee has amended this measure by:

- (1) Requiring licensed used motor vehicle parts dealers to keep certain records when the licensee attempts to ship a catalytic converter out of state;
- (2) Inserting a severability clause; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1860, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1860, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 938-22     Judiciary & Hawaiian Affairs on H.B. No. 2084**

The purpose of this measure is to facilitate development of housing for farmers and farm employees who actively and currently farm on important agricultural lands by:

- (1) Allowing landowners and lessees of important agricultural lands to apply to a county to develop, construct, and maintain farm cluster housing on the lands for rent to farmers and farm employees who actively and currently farm on the land, subject to certain conditions;
- (2) Including farm cluster housing under a county priority permit processing procedure for facilities on lands designated as important agricultural lands; and
- (3) Repealing a restriction on farm dwellings on important agricultural lands that is stricter than what is allowed in agricultural districts.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Office of Planning and Sustainable Development; Department of Planning and Permitting of the City and County of Honolulu; Hawai'i Farm Bureau; Maui Chamber of Commerce; and one individual.

Your Committee finds that Act 233, Session Laws of Hawaii 2008 (Act 233), established incentives related to the long-term viability of agricultural use of lands. Act 233 included a provision whereby landowners with agricultural lands designated as important agricultural lands were allowed to develop, construct, and maintain farm dwellings and employee housing on the land for farmers, employees, and their immediate family members; provided that the dwelling occupants were actively and currently engaged in farming. While intended as an agricultural incentive, your Committee finds that the provision imposed more restrictive standards for farm dwellings and employee housing on important agricultural lands than the existing standards for farm dwellings and employee housing on land in the agricultural land use district. This measure repeals the existing provision for farm dwellings and farm employee housing on important agricultural lands and establishes farm cluster housing as an incentive for the designation of lands as important agricultural lands, thereby facilitating the provision of certain farmer and farm employee housing to meet the State's agriculture industry needs.

Your Committee has amended this measure by:

- (1) Clarifying that agricultural business plans for farm cluster housing on important agricultural lands are also subject to review and comment by the appropriate county agency and may be required to be submitted to the Department of Agriculture for review and comment prior to county action on the application; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2084, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2084, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 939-22     Judiciary & Hawaiian Affairs on H.B. No. 2135**

The purpose of this measure is to allow the Department of Hawaiian Home Lands to directly assume review of proposed state projects relating to lands under its jurisdiction, rather than consulting the Department of Land and Natural Resources for the effect of those projects upon historic properties or burial sites.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from the Society for Hawaiian Archaeology and Historic Hawai'i Foundation.

Your Committee finds that this measure would streamline the process of reviewing certain proposed projects by allowing the Department of Hawaiian Home Lands to assume such responsibility, instead of requiring it to consult with the Department of Land and Natural Resources.

Your Committee has amended this measure by:

- (1) Inserting a sunset date of June 30, 2027; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2135, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2135, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (McKelvey). Noes, none. Excused, none.

#### **SCRep. 940-22 Judiciary & Hawaiian Affairs on H.B. No. 1979**

The purpose of this measure is to:

- (1) Require all persons, before engaging in an activity with a high likelihood of resulting in an incidental take of a threatened or endangered species, to enter into a planning process with the Department of Land and Natural Resources for the purpose of preparing and implementing a habitat conservation plan; and
- (2) Require habitat conservation plans to include additional components.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Wildlife Center, Kauai Albatross Network, Save Our Shearwaters, and sixteen individuals.

Your Committee finds that habitat conservation plans are voluntary under existing law. Requiring a responsible person to engage with the Department of Land and Natural Resources for the purpose of preparing and implementing a habitat conservation plan for certain activities that have a high likelihood of take will appropriately place the burden of compliance and accountability with the person and would likely decrease the unauthorized take of threatened and endangered species.

Your Committee has amended this measure by:

- (1) Deleting repetitive and unnecessary statutory language that required each habitat conservation plan to include effective measures to:
  - (A) Minimize incidental take;
  - (B) Monitor for the presence of any threatened or endangered species that are injured;
  - (C) Mitigate potential incidental take by protecting additional habitat areas and through the proper design and construction of structures, lighting, wires, and other obstructions; and
  - (D) Implement adaptive management;
- (2) Requiring each habitat conservation plan to include effective measures to provide generally reasonable medical services for injured species, rather than emergency medical treatment for and long-term rehabilitation of the injured species so that they can be released into the wild;
- (3) Deleting language that required each habitat conservation plan to include a service agreement with a facility that can provide on-call emergency medical treatment for and long-term rehabilitation of any injured species detected; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1979, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1979, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 941-22 Judiciary & Hawaiian Affairs on H.B. No. 2034**

The purpose of this measure is to amend the membership of the Hawaii Community Development Authority by:

- (1) Adding the Director of Business, Economic Development, and Tourism, or the Director's designee;
- (2) Making the director of planning and permitting of each county in which a community development district is located, or the director's designee, a voting member, rather than a nonvoting, member;
- (3) Removing one at-large member;
- (4) Reducing the number of district resident representatives;
- (5) Removing the Chairperson of the Hawaiian Homes Commission, or the Chairperson's designee, as a nonvoting member; and
- (6) Establishing a nomination and appointment procedure for the district representative positions for each community development district.

Your Committee received testimony in support of this measure from the Hawaii Community Development Authority. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the dynamics of changing priorities and needs can necessitate changes to the leadership composition of any entity. This measure amends the existing governance structure of the Hawaii Community Development Authority to equip the Authority with the leadership, perspectives, and skill sets needed to meet the strategic priorities and goals of its mission.

Your Committee has amended this measure by:

- (1) Deleting the provision that the existing representatives of the Heeiea Community Development District, Kalaeloa Community Development District, and Kakaako Community Development District shall continue to serve until the expiration of their respective terms; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2034, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2034, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (McKelvey, Ward). Noes, 2 (D. Kobayashi, Tokioka). Excused, none.

**SCRep. 942-22 Judiciary & Hawaiian Affairs on H.B. No. 2042**

The purpose of this measure is to authorize the counties to create a process for the recordation and enforcement of solar easements and to require protection of solar access from shade caused by vegetation in order to preserve the economic value of solar radiation falling on structures, investments in solar energy devices, and options for future uses of solar energy.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that the development and expansion of solar energy technology will help the State meet its present and future energy needs and renewable energy mandates. Enabling the counties to regulate and enforce certain rights or access to solar radiation would create a mechanism by which solar easements and rights may be established, asserted, and defended even as shade from neighboring structures or vegetation may infringe upon those rights or access.

Your Committee has amended this measure by:

- (1) Deleting provisions that would have authorized the counties to require, by ordinance, the trimming of vegetation that blocks solar radiation from solar energy devices; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2042, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2042, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (LoPresti, McKelvey, Tokioka, Ward). Noes, 1 (D. Kobayashi). Excused, none.

**SCRep. 943-22 Judiciary & Hawaiian Affairs on H.B. No. 2148**

The purpose of this measure is to:

- (1) Add, amend, and reorganize sections under Hawaii's water pollution chapter to consolidate water quality certification requirements and include wetlands in the definition of "state waters";
- (2) Clarify the Director of Health's responsibility as a water quality certifying agency under federal regulations;
- (3) Increase the maximum statutory civil penalties to match the amounts of federal penalties; and
- (4) Increase the penalty for denying, obstructing, or hampering the entry or inspection by authorized officers or employees of any building, place, or vehicle to match a similar penalty under Hawaii's air pollution chapter.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Reef and Ocean Coalition, and one individual.

Your Committee finds that existing laws relating to state waters are inconsistent, as wetlands are considered state waters only for purposes of nonpoint source pollution management and control and water quality standards and not for purposes of water pollution control. This measure remedies the existing inconsistency and further clarifies the State's water quality certification program by aligning statutory civil penalties with corresponding federal and state amounts.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "Act";
- (2) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2148, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2148, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Nakamura).

**SCRep. 944-22 Judiciary & Hawaiian Affairs on H.B. No. 1475**

The purpose of this measure is to require:

- (1) Legislators and certain state employees whose financial disclosure statements are public record to complete live ethics training within ninety days of taking office and at least once every four years thereafter;
- (2) All other state employees to complete either live or online ethics training within ninety days of the start of employment and at least once every four years thereafter; and
- (3) Existing state legislators and employees who have not received ethics training within the immediately preceding three years of the effective date of this measure to complete live or online ethics training within twelve months of this measure's effective date and every four years thereafter.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission, Common Cause Hawaii, and one individual.

Your Committee finds that requiring ethics training for state legislators and employees every four years is of paramount importance for the State. Your Committee further finds that an online system to provide ethics training will allow training requirements to be extended more broadly to all state employees.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1475, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1475, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Nakamura).

**SCRep. 945-22 Judiciary & Hawaiian Affairs on H.B. No. 2416**

The purpose of this measure is to inform the public of the true sources of dark money contributions by requiring:

- (1) Section 501(c)(4) nonprofit organizations to disclose the name and address of donors who donate an aggregate of more than \$100, with certain exceptions; and
- (2) Persons who make an expenditure for electioneering communications in an aggregate amount of more than \$1,000 to include in the statement of information filed with the Campaign Spending Commission the name and address of the top three contributors or donors that contributed or donated an aggregate of more than \$100 based on the last in, first out accounting method, with certain exceptions.

Your Committee received testimony in opposition to this measure from the Sierra Club of Hawai'i. Your Committee received comments on this measure from the Department of the Attorney General, Campaign Spending Commission, and Common Cause Hawaii.

Your Committee finds that dark money is often used to raise funds for the purpose of influencing elections by nonprofit organizations, including 501(c)(4) organizations, that are not required to disclose the identities of their donors. Your Committee further finds that 501(c)(4) organizations are tax-exempt, nonprofit organizations operated exclusively to promote social welfare. Although the promotion of social welfare does not include direct or indirect participation or intervention in political campaigns on behalf of or in opposition to any candidate for public office, the Internal Revenue Code states that social welfare organizations may engage in some political activities, so long as that is not their primary activity. As a result, 501(c)(4) organizations may be engaging in and spending unregulated amounts of money on political activity without any consequences or oversight.

Your Committee believes that this measure will provide more transparency in elections and build trust between the public and elected officials by requiring more transparency.

Your Committee has amended this measure by:

- (1) Amending the consent procedures for when nonprofit organizations can use donations for electioneering communications, independent expenditures, or contributions and must report donor information pursuant to elections laws;
- (2) Requiring the statement of information filed with the Campaign Spending Commission to include the name and address of the top three contributors or donors that contributed or donated an aggregate of more than \$100 in the preceding twelve-month period, rather than based on the last in, first out accounting method; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2416, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2416, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (LoPresti). Noes, 1 (D. Kobayashi). Excused, 1 (Nakamura).

**SCRep. 946-22 Judiciary & Hawaiian Affairs on H.B. No. 1427**

The purpose of this measure is to:

- (1) Exempt candidates who are either unsuccessful or elected to office in a primary election from the requirement to file preliminary general reports for the following general election; and
- (2) Clarify the aggregate contribution and expenditure amounts that trigger the requirement for a candidate or noncandidate committee to file only the final election period report.

Your Committee received testimony in support of this measure from the Campaign Spending Commission.

Your Committee finds that reporting requirements under campaign finance law are necessary to maintain transparency and fairness in the election process. Your Committee further finds that preliminary reports are due throughout the spring, summer, and fall in an election year. However, the final two preliminary reports are due between the primary election and subsequent general election. Your Committee therefore finds that it is unnecessary to require candidates who are either unsuccessful or who have been elected to office in a primary election to file preliminary reports between the primary and general election.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1427, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1427, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Nakamura).

**SCRep. 947-22 Judiciary & Hawaiian Affairs on H.B. No. 2026**

The purpose of this measure is to strengthen the understanding of, and public participation in, the administrative proceedings and process of government boards by:

- (1) Making clarifying amendments to Hawaii's open meetings law to reflect existing opinions and guidance from the Office of Information Practices;
- (2) Authorizing a permitted interaction for the narrow purpose of preparing a written statement for the Legislature;
- (3) Specifying when board packets must be available to interested persons; and
- (4) Specifying that Hawaii's open meetings law applies to all adjudicatory functions concerning land use, including adjudicatory functions exercised by the Land Use Commission.

Your Committee received testimony in support of this measure from the one member of the Hawai'i County Council, Civil Beat Law Center for the Public Interest, League of Women Voters of Hawaii, Hawaii Chapter of the Society of Professional Journalists, and Common Cause Hawaii. Your Committee received comments on this measure from the Hawai'i Tourism Authority and Office of Information Practices.

Your Committee finds that this measure will allow the public as well as state and county board members to engage more meaningfully in public discourse.

Your Committee has amended this measure by:

- (1) Clarifying when board packets must be available to interested persons;
- (2) Clarifying that board packets are not required to be created; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2026, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2026, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (Nakamura).

#### **SCRep. 948-22 Judiciary & Hawaiian Affairs on H.B. No. 2069**

The purpose of this measure is to establish procedures for the custody, inventory, and care of protocol gifts received by members of either house of the Legislature or state employees.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Hawai'i State Ethics Commission, and Common Cause Hawaii.

Your Committee finds that legislators and state employees accept protocol gifts on behalf of the State from individual donors, government agencies, entities, and organizations, including foreign officials, federal officers, state officials from another state, and other representatives of government agencies, entities, or organizations, as a gesture of goodwill or to strengthen national and international relationships. Your Committee further finds that there is no uniform set of procedures regarding the custody, inventory, and maintenance of these protocol gifts. Your Committee believes that the guidance provided in this measure will preserve objects of historical significance for the State while promoting government transparency and accountability.

Your Committee has amended this measure by:

- (1) Amending the definition of "protocol gift" to clarify that:
  - (A) The gift is tendered to or received by a legislator or state employee on behalf of the State or either house of the Legislature; and
  - (B) The definition includes gifts from a foreign official, federal officer, state official from another state, or other representative of a government agency, an entity, or an organization; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2069, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2069, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (Nakamura).

#### **SCRep. 949-22 Judiciary & Hawaiian Affairs on H.B. No. 2025**

The purpose of this measure is to provide that the mandatory disclosure of the names of persons who are physically with a board member attending a remote board meeting only applies to the disclosure of the names of adults, and not minors, who are physically with the board member at a nonpublic location, unless the minor has a conflict of interest with any issue before the board.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that Act 220, Session Laws of Hawaii 2021 (Act 220), allows boards subject to the State's Sunshine Law the option to use interactive conference technology to conduct remote meetings. Your Committee further finds that Act 220 requires a board member participating from a nonpublic location to identify those who are also present in that same location. Your Committee notes that board members may have their minor children present with them during a virtual board or committee meeting. Your Committee believes that children's privacy rights prevail over the public's right to disclosure of all the individuals who are present with a board member in a virtual meeting.

Your Committee has amended this measure by:

- (1) Clarifying that the names of any individual who is physically with a board member attending a public meeting by an online method and is under the age of eighteen shall be disclosed if the individual has a private interest, rather than a conflict of interest, on any issue before the board; and
- (2) Deleting the definition for "conflict of interest".

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2025, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2025, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (Nakamura).

#### **SCRep. 950-22 Judiciary & Hawaiian Affairs on H.B. No. 2125**

The purpose of this measure is to provide increased protection for educational workers to conduct school business by establishing the misdemeanor offense of harassment of an educational worker for disrupting or interfering with the administration or functions of any school, school administration office, or school board.

Your Committee received testimony in support of this measure from the Department of Education; Principal in Residence for the Department of Education's Leadership Institute; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Autism Foundation, K.E.L.I.I. Foundation, and numerous individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the number of threats of violence and acts of intimidation occurring in schools and to educational employees warrant safeguards to protect the health and safety of the school environment, school administration, and educational leaders. Your Committee also finds that safe schools are fundamental to creating and fostering an optimal learning and working environment. School safety is linked to improved student performance and school

outcomes. This measure recognizes the necessity of safeguarding educational workers to enable optimal delivery of educational services to students and families and maintaining a safe learning and working environment.

Your Committee has amended this measure by:

- (1) Requiring the Department of Education to:
  - (A) Report all substantial incidents of harassment to the proper law enforcement authority;
  - (B) Implement procedures for handling harassment of its employees, including employees excluded from collective bargaining;
  - (C) Assign employees within the department to handle harassment claims; and
  - (D) Assist its employees with any legal actions that may arise from harassment;
- (2) Requiring the Department of Education and Board of Education to implement trainings for its staff on how to use de-escalation techniques and handle harassment from outside actors;
- (3) Amending the offense of harassment of an educational worker to require that the person commits the offense with intent to impede the government operations of an educational worker, rather than with the intent to harass, annoy, or alarm an educational worker; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2125, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2125, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Matayoshi, Tokioka). Noes, 2 (D. Kobayashi, Ward). Excused, 1 (Nakamura).

#### **SCRep. 951-22 Judiciary & Hawaiian Affairs on H.B. No. 1848**

The purpose of this measure is to establish the Hawaii Student Journalism Protection Act to:

- (1) Allow student journalists at public schools and the University of Hawaii to exercise freedom of speech and freedom of the press in school-sponsored media; and
- (2) Protect advisors from retaliation for refusing to infringe upon student press freedom.

Your Committee received testimony in support of this measure from the Big Island Press Club, Hawaii State Teachers Association, Hawaii Publishers Association, Hawaii Professional Chapter of the Society of Professional Journalists, All Hawaii News, Student Press Law Center, and eleven individuals. Your Committee received comments on this measure from the Department of Education and Office of Information Practices.

Your Committee finds that journalism is a critical component of a well-functioning democracy. Your Committee believes that, to support and cultivate future generations of journalists, student journalists need to be able to practice their craft and refine it through their educators. This measure establishes the protections guaranteed by the First Amendment of the United States Constitution for student journalists and their educators while clarifying their responsibilities.

Your Committee has amended this measure by:

- (1) Clarifying that the proposed protections for student journalism do not apply to student expressions that constitute a clearly unwarranted invasion of personal privacy; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1848, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1848, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Nakamura).

#### **SCRep. 952-22 Judiciary & Hawaiian Affairs on H.B. No. 1986**

The purpose of this measure is to require at least one at-large member of the Board of Education to be a Hawaiian immersion expert selected from a list of nominees submitted by the Aha Kauleo Kaiapuni Hawaii.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Kamehameha Schools; Hawaii State Teachers Association; 'Aha Kauleo; Kuakini Hawaiian Civic Club of Kona; Hui Makua o Pū'ōhala; Kanaeokana; The School Community Council of Kula Kaiapuni 'o Ānuenue; Ka 'Aumanu; Nā Leo Kāko'o; Hawaiian Civic Club of Hilo; Aloha 'Āina Legal Group, LLC; Council for Native Hawaiian Advancement; Nā Leo Kāko'o O Maui, Inc.; and numerous individuals. Your Committee received comments on this measure from the Board of Education.

Your Committee finds that Olelo Hawaii, the Hawaiian language, has been the native language of Hawaii's indigenous people for over two thousand years and has provided the foundation for the establishment and development of Hawaiian society. In 1978, the Constitution of the State of Hawaii was amended to include article X, section 4, which requires the State to promote the study of Hawaiian culture, history, and language; and article XV, section 4, which states that English and Hawaiian are the official languages of Hawaii, reaffirming the State's constitutional responsibility.

Your Committee further finds that existing law does not require any member of the Board of Education to be an individual with expertise in Hawaiian studies, the Hawaiian language, or Hawaiian immersion education. This measure will require at least one at-large member of the Board of Education to be a Hawaiian immersion expert.

Your Committee has amended this measure by:

- (1) Requiring the Hawaiian immersion expert to be selected from a list of three nominees submitted by the President of the Senate, Speaker of the House of Representatives, and Office of Hawaiian Affairs, which will each nominate one person, rather than requiring the Hawaiian immersion expert to be selected from a list of nominees submitted by the Aha Kauleo Kaiapuni Hawaii; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1986, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1986, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (LoPresti, Takumi). Noes, none. Excused, 1 (Nakamura).

#### **SCRep. 953-22 Judiciary & Hawaiian Affairs on H.B. No. 2037**

The purpose of this measure is to require the Director of the Office of Information Practices to:

- (1) Rule or provide written guidance on an agency denial of access to, or granting of access to, information or records; and
- (2) Receive and resolve complaints under Hawaii's open meetings law either by determining whether a violation occurred or providing guidance.

Your Committee received testimony in support of this measure from the Office of Information Practices. Your Committee received testimony in opposition to this measure from the League of Women Voters of Hawaii, Civil Beat Law Center for the Public Interest, Society of Professional Journalists Hawaii Chapter, and one individual. Your Committee received comments on this measure from Common Cause Hawaii.

Your Committee finds that in many appeals to the Office of Information Practices, informal written guidance may be more suitable, less time-consuming, and more efficient than providing a full legal ruling or opinion as required under existing law. This measure will provide the Office of Information Practices with the flexibility to handle its overwhelming caseload and improve its efficiency within the constraints of its limited resources.

Your Committee has amended this measure by:

- (1) Clarifying the required actions of the Director of the Office of Information Practices to include:
  - (A) Providing either a ruling or guidance in writing on an agency denial of access to, or granting of access to, information or records; and
  - (B) Receiving and resolving complaints under Hawaii's open meetings law either by providing a ruling or guidance in writing on whether a violation occurred;
- (2) Defining the terms "guidance", "opinion", and "ruling" with regard to the Office of Information Practices;
- (3) Inserting a sunset date of June 30, 2027; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2037, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2037, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 954-22 Judiciary & Hawaiian Affairs on H.B. No. 1823**

The purpose of this measure is to amend the Our Care, Our Choice Act to:

- (1) Authorize advanced practice registered nurses and physician assistants, in addition to physicians, to practice medical aid in dying in accordance with their scope of practice and prescribing authority;
- (2) Authorize advanced practice registered nurses with a psychiatric or clinic nurse specialization and physician assistants, in addition to psychiatrists, psychologists, and clinical social workers, to provide counseling to a qualified patient;
- (3) Reduce the mandatory waiting period between oral requests from twenty days to fifteen days;
- (4) Reduce the mandatory waiting period between a qualified patient's initial oral request and the provision of a prescription from fifteen days to ten days if more than ten business days pass between the initial oral request and an appraisal of the patient by the attending provider or consulting provider;
- (5) Provide an expedited pathway for terminally ill qualified patients who are not expected to survive the mandatory waiting period; and
- (6) Prohibit the disclosure, discovery, or compelled production of information collected or retained pursuant to incidental or routine communication between the Department of Health and qualified patients or providers.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i; Hawai'i Pacific Health; Burden Lifters, LLC; Hawai'i-American Nurses Association; Hawai'i Association of Professional Nurses; Compassion & Choices; Hawai'i Academy of Physician Assistants; Hawaii Society of Clinical Oncology; National Association of Social Workers-Hawai'i; Hawaiian Islands Association for Marriage and Family Therapy; Hawai'i Psychological Association; and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Family Forum, Hawaii Psychiatric Medical Association, and two individuals. Your Committee received comments on this measure from the Department of Health, Board of Nursing, and Hawai'i State Center for Nursing.

Your Committee finds that certain amendments to the Our Care, Our Choice Act are necessary to better ensure that terminally ill individuals across the State have access to the full-range of end-of-life care options. Specifically, this measure addresses the shortage of physicians in the State, particularly on neighbor islands, and the long mandatory waiting period, which many patients do not survive.

Your Committee has amended this measure by:

- (1) Deleting language that would have reduced the mandatory waiting period between a qualified patient's initial oral request and the provision of a prescription from fifteen days to ten days if more than ten business days passed between the initial oral request and an appraisal of the patient by the attending provider or consulting provider;
- (2) Deleting the savings clause; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1823, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1823, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (McKelvey). Noes, 1 (Ward). Excused, 1 (Nakamura).

**SCRep. 955-22 Judiciary & Hawaiian Affairs on H.B. No. 2344**

The purpose of this measure is to reform probation procedures by:

- (1) Requiring probation officers to conduct formal reviews of a defendant's progress halfway through the defendant's period of probation and provide information on how to file a motion for early termination of probation; and
- (2) Giving probation officers or law enforcement officers who have probable cause to believe a defendant has failed to comply with a discretionary condition of probation the discretion to issue the defendant a written notice of a court hearing.

Your Committee received testimony in support of this measure from ten individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Judiciary, Office of the Public Defender, Department of the Prosecuting Attorney of the City and County of Honolulu, Community Alliance on Prisons, and American Civil Liberties Union of Hawai'i.

Your Committee finds that technical violations of probation and parole account for approximately a quarter of all jail and prison admissions in Hawaii on a weekly basis. These admissions are costly for the State and interfere with employment, housing, health care, child custody, and other life opportunities, negatively impacting families and communities. This measure attempts to mitigate these negative impacts by introducing certain probation reform procedures that will assist probationers and provide a less disruptive process for handling alleged violations of discretionary conditions of probation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2344, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2344, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Nakamura).

**SCRep. 956-22 Judiciary & Hawaiian Affairs on H.B. No. 2113**

The purpose of this measure is to minimize the regulatory burden and eliminate redundancy by permitting money transmitter applicants to submit to either a state or federal criminal history record check, rather than both.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the majority of states only require a federal criminal history background review since states are reporters to the national criminal background database. Hawaii has been a reporter to the national criminal history background database for the past seven years. Since learning that the State was a reporter to the national database, the Department of Commerce and Consumer Affairs' Division of Financial Institutions reviewed parallel state and federal criminal history background reviews and found no discrepancies on disqualifying crimes.

Your Committee further finds that NMLS is the sole nationwide platform that provides information-sharing among state regulators to increase efficiencies for supervision and enhance consumer protection. The cloud-based system provides state agencies with access to up-to-date criminal history records from the national database and helps ensure that persons in a position of trust meet established standards to protect consumers and businesses.

This measure streamlines the process for money transmitter applicants by requiring a criminal history record check through either NMLS or the state review.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2113, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2113, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Nakamura).

**SCRep. 957-22 Judiciary & Hawaiian Affairs on H.B. No. 1757**

The purpose of this measure is to:

- (1) Not allow planned community associations to prohibit an owner or a sub-association from utilizing xeriscaping; and
- (2) Void any provision in an association document that prohibits xeriscaping.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Conservation Council For Hawaii. Your Committee received testimony in opposition to this measure from Legislative Action Committee of the Community Associations Institute, Hawaii Chapter; Law Offices of Mark K. McKellar, LLC; and twelve individuals. Your Committee received comments on this measure from the Honolulu Board of Water Supply.

Your Committee finds that outdoor water use makes up approximately one-half of a homeowner's water consumption. Xeriscaping offers an ideal way to minimize water waste while maintaining a beautiful landscape. Your Committee further finds that xeriscaping helps alleviate the pressure on the water supply in the counties and benefits the ecosystem.

Your Committee has amended this measure by:

- (1) Allowing planned community associations to adopt rules regarding the design of any xeriscaping project; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1757, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1757, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 958-22 Finance on H.B. No. 1412**

The purpose of this measure is to require the counties to provide a minimum distance a vehicle must be moved within a specified timeframe after a vehicle is initially inspected for abandonment to avoid an official classification of abandonment.

Your Committee received testimony in support of this measure from one member of the Maui County Council, County of Maui Department of Environmental Management, County of Hawaii Department of Environmental Management, Hawaii Council of Mayors, Hawai'i State Association of Counties, and eleven individuals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1412, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1412, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 959-22 Finance on H.B. No. 1413**

The purpose of this measure is to:

- (1) Authorize a county director of finance to require payment of outstanding charges and fines relating to the disposition of an abandoned vehicle before issuing a certificate of registration or completing a transfer of ownership, except under certain circumstances; and
- (2) Require a county director of finance to notify the appropriate county examiner of drivers of the individuals who have outstanding charges and fines owed to the county relating to the disposition of an abandoned vehicle for the purposes of suspending, revoking, or prohibiting the renewal of their driver's licenses.

Your Committee received testimony in support of this measure from one member of the Maui County Council, Department of Finance of the County of Kaua'i, Department of Environmental Management of the County of Hawai'i, Department of Environmental Management of the County of Maui, Kauai Police Department, Hawaii Council of Mayors, Hawai'i State Association of Counties, and ten individuals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1413, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1413, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 960-22 Finance on H.B. No. 1739**

The purpose of this measure is to clarify that the Comprehensive Offender Reentry System provides programs and services that result in the timely release of inmates on parole when the minimum term, rather than the maximum term, has been served by the inmate.

Your Committee received testimony in support of this measure from the Department of Public Safety, Community Alliance on Prisons, and one individual.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1739, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1739, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 961-22 Finance on H.B. No. 2329**

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to place historical markers in the State to indicate significant sites in the life of President Barack Obama as identified by the Department, in consultation with the Hawaii Tourism Authority and State Foundation on Culture and the Arts; and
- (2) Appropriate funds for this purpose.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance and two individuals.

Your Committee has amended this measure by:

- (1) Clarifying the process for the placement of historical markers if the location identified is a private residence; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2329, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2329, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 962-22 Finance on H.B. No. 1844**

The purpose of this measure is to support a coordinated framework for agriculture education by appropriating funds for one full-time equivalent Agriculture Education Coordinator position at the College of Tropical Agriculture and Human Resources at the University of Hawai'i at Mānoa.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Department of Education; Department of Agriculture; one member of the Hawai'i County Council; Hawai'i Farm Bureau; Hawaii Floriculture and Nursery Association; Hawaii Cattlemen's Council, Inc.; Local Food Coalition; Hawai'i Farm to School Hui; Hawai'i Youth Food Council; Food+ Policy Internship 2022; Hawai'i Alliance for Progressive Action; Center for Getting Things Started; O'ahu Farm to School Network; and seven individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1844, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1844, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 963-22 Finance on H.B. No. 1992**

The purpose of this measure is to:

- (1) Encourage the production of local compost and the diversion of certain materials from the State's waste streams by allowing composting and co-composting operations in agricultural districts; and
- (2) Establish and appropriate funds for an Environmental Health Specialist IV position in the Solid and Hazardous Waste Branch of the Department of Health.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development, Department of Environmental Management of the County of Hawai'i, County of Maui Department of Environmental Management, Environmental Caucus of the Democratic Party of Hawai'i, West Maui Green Cycle, Zero Waste Maui, 350Hawaii, Kauai Climate Action Coalition, Malama Kaua'i, Climate Protectors Hawai'i, Hawai'i Alliance for Progressive Action, Pele Lani Farm LLC, North Shore Economic Vitality Partnership, Life of the Land, and eighteen individuals. Your Committee received comments on this measure from the Department of Health, Department of Budget and Finance, Department of Agriculture, Hawai'i Farm Bureau, and one individual.

Your Committee has amended this measure by:

- (1) Specifying that operations that process their own green waste and do not require permits from the Department of Health shall use the finished composting product only on their own premises to minimize the potential spread of invasive species;
- (2) Changing the appropriation to an unspecified amount; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1992, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1992, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 964-22 Finance on H.B. No. 2418**

The purpose of this measure is to amend the focus, scope, and management of the Agribusiness Development Corporation to reflect the current state of agriculture in Hawaii and focus on statewide needs for export and consumption of local agricultural products.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Malama Kaua'i, Pele Lani Farm LLC, Free Access Coalition, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Agriculture, Agribusiness Development Corporation, Hawai'i Alliance for Progressive Action, and three individuals.

Your Committee has amended this measure by:

- (1) Clarifying that existing members of the Board of Directors of the Agribusiness Development Corporation are to be retained through the expiration of their terms, unless they resign, die, or are removed for misconduct;
- (2) Changing the appropriations to unspecified amounts; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2418, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2418, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 965-22 Finance on H.B. No. 1864**

The purpose of this measure is to improve the ability of school food programs to serve students fresh, locally grown foods by authorizing the issuance of general obligation bonds and appropriating funds for school cafeteria upgrades and cafeteria staff training.

Your Committee received testimony in support of this measure from the Department of Education; one member of the Hawai'i County Council; Hawai'i Farm Bureau; Ulupono Initiative; Hawai'i Food+ Policy Internship 2022; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm to School Hui; Hawai'i Alliance for Progressive Action; and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Agriculture.

Your Committee has amended this measure by changing the general bond obligation issuance amount and appropriation amount to unspecified amounts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1864, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1864, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 966-22 Finance on H.B. No. 2431**

The purpose of this measure is to:

- (1) Establish the Sustainable Food Systems Working Group within the Office of Planning and Sustainable Development;
- (2) Require the working group to develop a plan for a more sustainable, resilient local food economy and report to the Legislature; and
- (3) Appropriate funds to establish the working group and develop the plan and for the hiring of one full-time equivalent Sustainability Specialist position.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Hawai'i Food+ Policy, North Shore Economic Vitality Partnership, and three individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, Office of Planning and Sustainable Development, and Hawaii Farmers Union United.

Your Committee has amended this measure by:

- (1) Changing the appropriations and position count to unspecified amounts; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2431, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2431, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 967-22 Finance on H.B. No. 1747**

The purpose of this measure is to require the State Building Code Council to consult with building industry trade associations to gather cost data on the implementation of certain building codes or standards, calculate the financial impact of those codes and standards on the cost of single-family and multi-family homes, and include those costs in its annual report to the Governor to determine whether the codes or standards benefit state residents.

Your Committee received testimony in support of this measure from the Building Industry Association of Hawaii, D.R. Horton Hawaii LLC, and NAIOP Hawaii. Your Committee received testimony in opposition to this measure from the Structural Engineers Association of Hawaii and Martin Chock & Carden, Inc. Your Committee received comments on this measure from the Hawaii State Energy Office, Plumbers and Pipefitters UA Local 675, American Institute of Architects Hawaii Council, and State Farm Mutual Automobile Insurance Company.

Your Committee has amended this measure by:

- (1) Specifying that the State Building Code Council shall consult with affected and interested industry stakeholders, rather than general building contractor associations and building industry trade associations, to gather information and recommendations on construction practices and certain training; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1747, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1747, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 968-22 Finance on H.B. No. 2218**

The purpose of this measure is to designate the reef runway at the Daniel K. Inouye International Airport as the Frank T. Okimoto Reef Runway.

Your Committee received testimony in support of this measure from three individuals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2218, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2218, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 969-22 Finance on H.B. No. 1752**

The purpose of this measure is to:

- (1) Establish the Housing Choice Voucher Landlord Incentive Program to provide incentives for landlords to participate in the Tenant-Based Assistance Housing Choice Voucher Program under Section 8 of the United States Housing Act of 1937 and appropriate funds for incentives under the Program;
- (2) Require the Hawaii Public Housing Authority to adopt or amend rules that require inspections of leased dwelling units under the Section 8 Housing Choice Voucher Program within fifteen days after receipt of an owner's or landlord's inspection request; and
- (3) Establish and appropriate funds for positions within the Hawaii Public Housing Authority for inspections and other aspects related to dwelling units that are the subject of applications for the Section 8 Housing Choice Voucher Program.

Your Committee received testimony in support of this measure from the Hawai'i Health & Harm Reduction Center, League of Women Voters of Hawaii, St. Michael the Archangel Church, and three individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, Hawaii Public Housing Authority, Hawaii State Council on Developmental Disabilities, Catholic Charities Hawai'i, Partners in Care, Hawai'i Association of REALTORS, and HOPE Services Hawaii.

Your Committee has amended this measure by:

- (1) Changing the appropriations for positions within the Hawaii Public Housing Authority to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1752, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1752, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 970-22 Finance on H.B. No. 1829**

The purpose of this measure is to:

- (1) Specify that the entire allocation of the state bond ceiling shall be allocated to the Hawaii Housing Finance and Development Corporation (Corporation) to be used for housing-related projects;
- (2) Require the Corporation, in consultation with the respective counties, to allocate specified percentages of the state bond ceiling for housing-related projects in each county;
- (3) Authorize the Corporation to accumulate each county's annual allocation before assigning the allocation for housing related projects, at the discretion of the Corporation's Board of Directors;
- (4) Authorize the Corporation, with the approval of the Governor, to assign and reassign the Corporation's allocation to the counties;
- (5) Remove the authorization for the Department of Budget and Finance to request return of all or any part of the allocations of any of the counties and to assign and reassign the allocation to other counties or issuers;
- (6) Remove the authorization for counties or issuers to request additional allocations of the state bond ceiling; and
- (7) Change the deadlines for reporting on unused or unassigned allocations and reversion of certain allocations to the State.

Your Committee received testimony in support of this measure from Highridge Costa Development Company and Catholic Charities Hawai'i. Your Committee received testimony in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Budget and Finance, Department of the Attorney General, and Hawaii Housing Finance and Development Corporation.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1829, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1829, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 971-22 Finance on H.B. No. 1917**

The purpose of this measure is to remove the deadline for the Hawaii Housing Finance and Development Corporation to renegotiate an existing ground lease, or issue a new ground lease, for the Front Street Apartments affordable housing project in Lahaina, Maui, before the initiation of condemnation proceedings.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and one member of the Maui County Council.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1917, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1917, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 972-22 Finance on H.B. No. 2513**

The purpose of this measure is to:

- (1) Deposit funds into the Rental Housing Revolving Fund to be used to provide loans or grants to mixed-income rental projects or units for persons and families with incomes between sixty-one and one hundred percent of the median family income; and
- (2) Enable the Hawaii Housing Finance and Development Corporation to utilize unused monies for other authorized rental housing projects.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and AARP Hawai'i. Your Committee received comments on this measure from the Department of the Attorney General, Department of Budget and Finance, Catholic Charities Hawai'i, and Highridge Costa Development Company.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2513, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2513, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (Perruso). Excused, 1 (McDermott).

#### **SCRep. 973-22 Finance on H.B. No. 2015**

The purpose of this measure is to establish an institute within the William S. Richardson School of Law to be known as Hookaulike: A Criminal Legal System Institute for Restoration and Healing and to appropriate funds to establish the institute.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Office of Hawaiian Affairs, Community Alliance on Prisons, and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the appropriation for permanent full-time equivalent positions and funding for Hookaulike: A Criminal Legal System Institute for Restoration and Healing to unspecified amounts;
- (2) Changing the numbers of permanent full-time equivalent positions to be established to unspecified numbers; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2015, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2015, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

#### **SCRep. 974-22 Finance on H.B. No. 2397**

The purpose of this measure is to:

- (1) Establish a Hawaii Broadband Infrastructure Authority to oversee broadband infrastructure in the State;
- (2) Strengthen and clarify the Hawaii Broadband and Digital Equity Office's role with respect to broadband access and digital equity, including repealing the responsibility of the Office in promoting the trans-Pacific submarine cable; and
- (3) Appropriate federal funds.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities; Ocean Networks, Inc.; and one individual. Your Committee received testimony in opposition to this measure from CTIA. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Commerce and Consumer Affairs; Department of Budget and Finance; Department of Transportation; University of Hawai'i System; League of Women Voters of Hawaii; Charter Communications; Hawaiian Telcom; and one individual.

Your Committee has amended this measure by:

- (1) Ensuring that the Hawaii Broadband Infrastructure Authority captures all the available federal funding and coordinates funding efforts among all state agencies;
- (2) Specifying certain budgetary information regarding federal funds received by the Authority to be included in the annual report to the Legislature;
- (3) Changing the expending agency for the appropriation to the University of Hawaii; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2397, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2397, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

#### **SCRep. 975-22 Finance on H.B. No. 2091**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (1) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and Hawaii Health Systems Corporation Corporate Board of Directors; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee has amended this measure by:

- (1) Inserting the appropriate figures for fiscal biennium 2021-2023 based upon the ratified collective bargaining agreement for collective bargaining unit (1), as indicated in Governor's Message No. 6, 2022;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2091, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2091, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 976-22 Finance on H.B. No. 2097**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (9) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation Corporate Board of Directors; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by:

- (1) Inserting the appropriate figures based upon the ratified collective bargaining agreement for collective bargaining unit (9), as indicated in Governor's Message No. 3, 2022;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2097, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2097, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 977-22 Finance on H.B. No. 1839**

The purpose of this measure is to make camper vans a type of transient accommodation, the rental of which is subject to the transient accommodations tax.

Your Committee received testimony in support of this measure from one member of the Maui County Council. Your Committee received testimony in opposition to this measure from the Hawai'i Lodging & Tourism Association. Your Committee received comments on this measure from the Department of Taxation, Hawai'i Tourism Authority, Tax Foundation of Hawaii, Maui Chamber of Commerce, and Maui Hotel & Lodging Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1839, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (Marten). Excused, none.

#### **SCRep. 978-22 Finance on H.B. No. 1635**

The purpose of this measure is to establish a rural health task force to develop solutions for and make recommendations regarding the recruitment and retention of registered nurses and facility-specific needs for the health care sector in rural areas of east Maui, Molokai, and Lanai.

Your Committee received testimony in support of this measure from one member of the Maui County Council, The Queen's Health Systems, and one individual. Your Committee received comments on this measure from the Department of Health, Department of Human Services, Hawai'i State Center for Nursing, Hana Health, Lāna'i Community Health Center, Molokai Community Health Center, Hawai'i Primary Care Association, and We are Hawai'i-American Nurses Association.

Your Committee has amended this measure by:

- (1) Adding a representative from Malama I Ke Ola Health Center and Molokai Community Health Center to the task force and expanding the scope of the task force's duties to include rural areas of all of Maui; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1635, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1635, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 979-22 Finance on H.B. No. 2512**

The purpose of this measure is to expand regulatory exemptions for Ohana Zones Pilot Program contracts and extend the sunset date and appropriate funds for the pilot program.

Your Committee received testimony in support of this measure from Partners In Care, Catholic Charities Hawai'i, St. Michael the Archangel Church, Na Kahua Hale O Ulu Wini, Hawai'i Appleseed Center for Law & Economic Justice, HOPE Services Hawai'i, and four individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and Department of Human Services. Your Committee received comments on this measure from the Department of the Attorney General, Department of Budget and Finance, Hawai'i Emergency Management Agency, Governor's Coordinator on Homelessness, and Collaborative Quality Consulting.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2512, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2512, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 980-22 Finance on H.B. No. 1744**

The purpose of this measure is to:

- (1) Authorize the issuance of general obligation bonds and appropriate bond proceeds to the Hawaii Public Housing Authority to begin the development and construction of permanent supportive housing units to meet the needs of chronically homeless individuals and families and other vulnerable populations in the State; and
- (2) Authorize the Hawaii Housing Finance and Development Corporation to consider any application for competitive federal low-income housing tax credits from the Hawaii Public Housing Authority or partner, or both, for the construction of these units.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, Partners in Care, Catholic Charities Hawai'i, Hawai'i Health & Harm Reduction Center, and one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Land and Natural Resources, and Hawaii Housing Finance and Development Corporation.

Your Committee has amended this measure by:

- (1) Changing the general bond obligation issuance amount to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1744, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1744, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 981-22 Finance on H.B. No. 1638**

The purpose of this measure is to appropriate funds to the Hawaii Health Systems Corporation to conduct a site assessment to identify and evaluate viable locations for a new hospital site in North Kona on the island of Hawaii.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Kona Community Hospital.

Your Committee has amended this measure by changing the appropriation to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1638, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1638, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

#### **SCRep. 982-22 Finance on H.B. No. 1762**

The purpose of this measure is to:

- (1) Require the Office of Language Access to submit an annual report to the Governor and Legislature regarding state agencies' and covered entities' compliance with language access laws, complaints of noncompliance with language access laws, resolution of such complaints, and recommendations to enhance and promote language access; and
- (2) Appropriate funds to establish Limited English Proficiency Language Coordinator positions to work with all state agencies to ensure compliance with all state and federal language access laws.

Your Committee received testimony in support of this measure from the Department of Health, Department of Labor and Industrial Relations, Department of Commerce and Consumer Affairs, Office of Community Services, The Legal Clinic, Catholic Charities Hawai'i, Hawaii Children's Action Network Speaks!, Common Cause Hawaii, Hawai'i Friends of Civil Rights, Hawai'i Coalition for Immigrant Rights, Hawai'i Public Health Institute, and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Hawai'i Emergency Management Agency, and Office of Language Access.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1762, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 983-22 Finance on H.B. No. 1548**

The purpose of this measure is to appropriate funds to the John A. Burns School of Medicine to expand medical school and residency training through the United States Department of Veterans Affairs graduate medical education programs.

Your Committee received testimony in support of this measure from the John A. Burns School of Medicine at the University of Hawai'i at Manoa, Healthcare Association of Hawaii, Hawaii Primary Care Association, Hawai'i Psychiatric Medical Association, Hawai'i Pacific Health, and The Queen's Health Systems. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1548, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Eli, Holt, Todd).

#### **SCRep. 984-22 Finance on H.B. No. 2339**

The purpose of this measure is to:

- (1) Make an emergency appropriation from the State Highway Fund to the Department of Health's State Drug and Alcohol Toxicology Testing Laboratory Special Fund for fiscal year 2021-2022; and
- (2) Authorize the Department of Health to expend these funds for the establishment of the State Drug and Alcohol Toxicology Testing Laboratory.

Your Committee received testimony in support of this measure from the Department of Health, Department of Transportation, and Mothers Against Drunk Driving Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2339, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, Todd).

**SCRep. 985-22 Finance on H.B. No. 1865**

The purpose of this measure is to:

- (1) Repeal the exemption for charter schools from requirements that the Board of Education use and expend certain federal funds for specified purposes;
- (2) Require authorizers to timely provide state-level federal grant information to charter schools; and
- (3) Require the State Public Charter School Commission to disburse federal funds and per-pupil funding directly to public charter schools.

Your Committee received comments on this measure from the Department of the Attorney General and Hawaii Public Charter Schools Network.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1865, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 986-22 Finance on H.B. No. 2000**

The purpose of this measure is to appropriate funds to the School Facilities Authority for the construction of preschool facilities.

Your Committee received testimony in support of this measure from the Hui for Excellence in Education, Hawaii State Teachers Association, Kamehameha Schools, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Executive Office on Early Learning, School Facilities Authority, Early Learning Board, Early Childhood Action Strategy, Hawaii Children's Action Network Speaks!, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2000, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Perruso). Noes, none. Excused, none.

**SCRep. 987-22 Finance on H.B. No. 1994**

The purpose of this measure is to:

- (1) Establish the Shade Trees and Native Plants Program within the Department of Education to support educational activities and encourage the propagation of native plants and fruit trees for planting in department schools; and
- (2) Appropriate funds for the Shade Trees and Native Plants Program and for an arborist position to support the Program.

Your Committee received testimony in support of this measure from the Hawai'i Farm to School Hui; Mamaki Ola Farm and Education, LLC; Trees for Honolulu's Future; Climate Protectors Hawai'i; Ka Ohana O Na Pua; and ten individuals. Your Committee received comments on this measure from the Department of Education, Department of Budget and Finance, Department of Land and Natural Resources, and one individual.

Your Committee has amended this measure by:

- (1) Renaming the Shade Trees and Native Plants Program as the Shade and Fruit Tree Program and amending the scope of the program to include native shade trees, rather than native plants;
- (2) Removing the Farm to School Coordinator's supervisory authority of the program;
- (3) Changing the appropriation for administration of the program to an unspecified amount; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1994, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1994, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 988-22 Finance on H.B. No. 1490**

The purpose of this measure is to establish a civil penalty for failure to respond to an inquiry or request for information during a state tax examination or investigation.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1490, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1490, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (B. Kobayashi, McDermott). Noes, none. Excused, 1 (Holt).

**SCRep. 989-22 Finance on H.B. No. 1494**

The purpose of this measure is to amend the purpose and duties of the Special Enforcement Section of the Department of Taxation.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1494, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1494, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (McDermott). Noes, none. Excused, 1 (Holt).

#### **SCRep. 990-22 Finance on H.B. No. 1507**

The purpose of this measure is to deliver tax fairness and financial security to working families by:

- (1) Increasing the tax rate on capital gains; and
- (2) Making the Earned Income Tax Credit refundable and permanent.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association; League of Women Voters of Hawaii; Hawai'i Health & Harm Reduction Center; Americans for Democratic Action Hawai'i; Democratic Party of Hawai'i Education Caucus; Imua Alliance; Hawai'i Public Health Institute; Hawai'i Appleseed Center for Law & Economic Justice; Parents And Children Together; Democratic Party of Hawaii Labor Caucus; Hawai'i Alliance for Progressive Action; American Academy of Pediatrics, Hawaii Chapter; Pono Hawai'i Initiative; Early Childhood Action Strategy; Hawai'i Alliance for Community-Based Economic Development; and eighteen individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS and six individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Hawai'i Children's Action Network Speaks!, Tax Foundation of Hawaii, Grassroot Institute of Hawaii, and Chamber of Commerce Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1507, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1507, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (McDermott). Excused, 1 (Holt).

#### **SCRep. 991-22 Finance on H.B. No. 1828**

The purpose of this measure is to make various amendments related to the Taxation Board of Review, including:

- (1) Reducing the membership from ten members to three, with at least two required for quorum;
- (2) Clarifying that the Vice Chair of the Board shall serve as the Chairperson during the Chairperson's temporary inability to act due to recusal;
- (3) Establishing that the members are full-time employees, with compensation based on a percentage of the salary of the Director of Taxation;
- (4) Authorizing members to validate the Board's actions with a concurrence of the majority;
- (5) Clarifying that Board meetings are contested case hearings and specifying notice requirements; and
- (6) Appropriating funds for the Department of Taxation to establish three full-time equivalent Taxation Board of Review members and two full-time equivalent staff positions.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Department of Budget and Finance and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the following to unspecified amounts:
  - (A) The amount of Taxation Board of Review members and staff positions established under this measure; and
  - (B) The appropriation amount;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1828, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1828, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

#### **SCRep. 992-22 Finance on H.B. No. 1982**

The purpose of this measure is to:

- (1) Require every person making payment to a loan-out company and claiming the Motion Picture, Digital Media, and Film Production Tax Credit to withhold payments to loan-out companies;
- (2) Prohibit the defense of erroneous claim for a refund or credit if the claim was generated by a tax credit and set the penalty for such case to ten percent;
- (3) Require the report by the Department of Business, Economic Development, and Tourism to include the dollar amount claimed, name of the company, and name of the qualified production of the taxpayers claiming the film tax credit;
- (4) Require taxpayers for each qualified production to withhold 4.5 percent of qualified production costs and remit that amount to the Department of Taxation;
- (5) Amend the uses of the Tax Administration Special Fund; and
- (6) Authorize the Department of Taxation to establish four full-time equivalent Tax Auditor positions.

Your Committee received comments on this measure from the Department of Taxation; Department of Business, Economic Development, and Tourism; University of Hawai'i System; Tax Foundation of Hawaii; Island Film Group; and one individual.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1982, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1982, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

#### **SCRep. 993-22 Finance on H.B. No. 2082**

The purpose of this measure is to require and appropriate funds for the Department of Business, Economic Development, and Tourism to:

- (1) Promote the acquisition of appropriate patents and copyrights for "Hawaii Made" products; and
- (2) Conduct a study and prepare a plan for the promotion and enforcement of either a "Hawaii Made" or "Made in Hawaii" program and evaluate which name to use.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau. Your Committee received testimony in opposition to this measure from the Hawaii Floriculture and Nursery Association. Your Committee received comments on this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Department of Budget and Finance; Hawaii Cattlemen's Council, Inc.; and Tropical Flowers Express.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2082, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2082, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 994-22 Finance on H.B. No. 2179**

The purpose of this measure is to authorize the Director of Taxation, under certain circumstances, to apply to the circuit court to convert certain tax liens into enforceable civil judgments.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2179, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2179, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (McDermott). Noes, none. Excused, 1 (Holt).

#### **SCRep. 995-22 Finance on H.B. No. 2225**

The purpose of this measure is to appropriate funds to the Hawaii Technology Development Corporation for the Hawaii Small Business Innovation Research Program, Manufacturing Assistance Grant Program, and Excelsior Grant Program.

Your Committee received testimony in support of this measure from the Hawaii Technology Development Corporation; Hawai'i Farm Bureau; Nalu Scientific, LLC; Punahele Provisions, PBC dba Piko Provisions; Hawaii Fish Company Inc.; Hawaii Tech Exchange, LLC; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2225, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2225, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

#### **SCRep. 996-22 Finance on H.B. No. 2414**

The purpose of this measure is to help alleviate the general excise tax burden on local families and individuals by establishing a general excise tax exemption for the gross proceeds or income from the manufacture, production, packaging, and sale of diapers in the State.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawaii Children's Action Network Speaks!, Hawai'i Diaper Bank, and three individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2414, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2414, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 997-22 Finance on H.B. No. 2470**

The purpose of this measure is to:

- (1) Establish the Director of Business, Economic Development, and Tourism, or the Director's designee, as an ex officio, voting member of the Hawaii Tourism Authority, Stadium Authority, and School Facilities Authority;
- (2) Transfer the Stadium Authority and School Facilities Authority from the Department of Accounting and General Services and Department of Education, respectively, to the Department of Business, Economic Development, and Tourism;
- (3) Amend the composition of the Stadium Authority;
- (4) Repeal the Stadium Development Special Fund's exemption from the departmental administrative expenses assessment; and
- (5) Increase the amount of general obligation bonds issued for the Stadium Development District.

Your Committee received comments on this measure from the Department of Accounting and General Services; Department of Business, Economic Development, and Tourism; Department of Education; Department of Budget and Finance; School Facilities Authority; Stadium Authority; and Hawai'i Tourism Authority.

Your Committee has amended this measure by:

- (1) Specifying that the Director of Business, Economic Development, and Tourism or the Director's designee shall be an ex officio voting member of the Stadium Authority;
- (2) Removing the increase of the general obligation bonds issued for the Stadium Development District as this provision will be included in the Supplemental Appropriations Act of 2022;
- (3) Transferring the School Facilities Authority from the Department of Education to the Department of Business, Economic Development, and Tourism on July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2470, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2470, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, Sayama).

**SCRep. 998-22 Finance on H.B. No. 1645**

The purpose of this measure is to prohibit lodging establishments from providing small plastic bottles containing personal care products in sleeping room accommodations, within any space within sleeping room accommodations, or within bathrooms used by the public or guests.

Your Committee received testimony in support of this measure from the Surfrider Foundation Hawai'i Region, League of Women Voters of Hawaii, Hawai'i Reef and Ocean Coalition, and fourteen individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health, Hawai'i Tourism Authority, and Maui Chamber of Commerce.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1645, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1645, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

**SCRep. 999-22 Finance on H.B. No. 1800**

The purpose of this measure is to:

- (1) Establish a goal for the statewide greenhouse gas emissions limit to be at least seventy percent below 2005 levels by 2030;
- (2) Require the Director of Health to report the baseline measurement of the 2005 greenhouse gas emissions in the State and to complete a greenhouse gas emissions inventory report each year to track emissions and determine the State's progress in the reduction of greenhouse gas emissions; and
- (3) Require and appropriate funds for the Hawaii State Energy Office to conduct a study to determine Hawaii's pathway to decarbonization and identify challenges, opportunities, and actions that will be needed to achieve those goals.

Your Committee received testimony in support of this measure from the Department of Health, County of Maui Department of Environmental Management, Recycle Hawaii and Clean the Pacific, Kauai Climate Action Coalition, Climate Protectors Hawai'i, Kauai Women's Caucus, 350Hawaii.org, Imua Alliance, CTL Clean Future, Sierra Club of Hawai'i, Environmental Caucus of The Democratic Party of Hawai'i, and eighteen individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Public Utilities Commission, Hawai'i State Energy Office, Blue Planet Foundation, Hawaiian Electric Company, and three individuals.

Your Committee has amended this measure by:

- (1) Changing the goal for the statewide greenhouse gas emissions limit for 2030 from at least seventy percent below 2005 levels to at least fifty percent below 2005 levels; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1800, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1800, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (McDermott). Excused, 3 (Eli, Holt, Todd).

#### **SCRep. 1000-22 Finance on H.B. No. 1806**

The purpose of this measure is to require cesspools in the State to be upgraded or converted to a wastewater system approved by the Director of Health before January 1, 2050.

Your Committee received testimony in support of this measure from the Department of Health, Kauai Climate Action Coalition, Hawai'i Reef and Ocean Coalition, WAI: Wastewater Alternatives & Innovations, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1806, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1806, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, Todd).

#### **SCRep. 1001-22 Finance on H.B. No. 1809**

The purpose of this measure is to establish a renewable fuels production tax credit.

Your Committee received testimony in support of this measure from 350Hawaii.org and Biotechnology Innovation Organization. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Hawaii State Energy Office, Pet Food Institute, Environmental Caucus of the Democratic Party of Hawai'i, Tax Foundation of Hawaii, Hawaii Clean Power Alliance, Climate Protectors Hawai'i, Hawai'i Gas, and one individual.

Your Committee has amended this measure by:

(1) Changing the following amounts to unspecified amounts:

- (A) The annual dollar amount of the renewable fuels production tax credit during the ten-year credit period;
- (B) The maximum amount a taxpayer may claim per taxable year; and
- (C) The total amount of certified tax credits allowed in any year; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1809, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1809, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

#### **SCRep. 1002-22 Finance on H.B. No. 1810**

The purpose of this measure is to specify the number of members of the Environmental Advisory Council that constitutes a quorum and the number of votes required to make any action of the Council valid.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development, Environmental Advisory Council, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1810, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1810, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 1003-22 Finance on H.B. No. 1842**

The purpose of this measure is to establish a Climate Change and Human Health Adaptation Specialist within the Department of Health and appropriate funds for the position and related operating expenses.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by changing the appropriation to an unspecified amount and for an unspecified number of positions to be established.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1842, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1842, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

#### **SCRep. 1004-22 Finance on H.B. No. 2088**

The purpose of this measure is to:

- (1) Create the Environmental and Economic Development Revolving Loan Fund under the administration of the Hawaii Green Infrastructure Authority;
- (2) Allow property owners to finance qualifying improvements through a non-ad valorem property assessment; and

(3) Appropriate funds to provide loans or other financial assistance to eligible property owners.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Hawaiian Home Lands; Office of Climate Change, Sustainability, and Resiliency of the City and County of Honolulu; Hawai'i Reef and Ocean Coalition; Hawaii Solar Energy Association; PACENation; and WAI: Wastewater Alternatives & Innovations. Your Committee received testimony in opposition to this measure from the Hawaii Bankers Association, Hawaii Credit Union League, Mortgage Bankers Association of Hawaii, and Hawaii Financial Services Association. Your Committee received comments on this measure from the Department of Health, Department of the Attorney General, Department of Commerce and Consumer Affairs, Hawaii Green Infrastructure Authority, Public Utilities Commission, Department of Budget and Fiscal Services of the City and County of Honolulu, Nuveen Green Capital, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2088, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2088, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

#### **SCRep. 1005-22 Finance on H.B. No. 2255**

The purpose of this measure is to require agencies to:

- (1) Use public benefits fee administrator rebates where available for buildings and facilities; and
- (2) Prioritize building and facility appliances that meet the required standards to qualify for public benefits fee administrator rebates.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office, Climate Protectors Hawai'i, and Hawai'i Energy.

Your Committee has amended this measure by changing its effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2255, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2255, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

#### **SCRep. 1006-22 Finance on H.B. No. 892**

The purpose of this measure is to:

- (1) Clarify the membership requirements for the Law Enforcement Standards Board to facilitate participation and representation;
- (2) Require the Law Enforcement Standards Board to consider studies relevant to its objectives and conduct its own study to evaluate how to satisfy its duties;
- (3) Establish new deadlines for the completion of the Law Enforcement Standards Board's significant responsibilities; and
- (4) Appropriate funds to enable the Law Enforcement Standards Board to accomplish its mission.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Land and Natural Resources, Department of Transportation, Hawai'i Police Department, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Public Safety, and Law Enforcement Standards Board.

Your Committee has amended this measure by:

- (1) Making the amount of the appropriations unspecified;
- (2) Making the number of full-time equivalent positions unspecified;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 892, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 892, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1007-22 Finance on H.B. No. 1841**

The purpose of this measure is to:

- (1) Increase the rate of compensation and maximum allowable amounts per case for court-appointed counsel and guardians ad litem; and
- (2) Appropriate funds to the Judiciary for the purchase of service contracts, guardian ad litem contracts, and court-appointed counsel contracts.

Your Committee received testimony in support of this measure from the Judiciary, Legal Aid Society of Hawai'i, Hawai'i Access to Justice Commission, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the hourly rates to unspecified amounts;
- (2) Changing the appropriation to an unspecified amount; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent

and purpose of H.B. No. 1841, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1841, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1008-22 Finance on H.B. No. 2421**

The purpose of this measure is to:

- (1) Establish a three-year Women's Court Pilot Program in the First Circuit of the Judiciary to implement trauma-informed and evidence-based practices, employ gender-responsive programming, collaborate with stakeholders, and provide services to women in the court system;
- (2) Appropriate funds for equipment; mental health, substance abuse treatment, and other services; and the establishment of seven temporary positions for the Pilot Program; and
- (3) Require the Judiciary to submit annual reports on the Pilot Program throughout its duration.

Your Committee received testimony in support of this measure from the Judiciary, Department of Human Services, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawaii State Bar Association, Hawaii Health & Harm Reduction Center, Women's Prison Project, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Making the appropriation amounts, including amounts per position, unspecified; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2421, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2421, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1009-22 Finance on H.B. No. 886**

The purpose of this measure is to amend the law relating to personal liability requirements of professionally licensed or certified employees of the State by:

- (1) Clarifying that the State shall be exclusively liable for civil tort claims resulting from the negligent or wrongful act or omission of a professionally licensed or certified employee of the State acting within the course and scope of the employee's office or employment if the State agrees to be fully liable; and
- (2) Precluding civil actions or proceedings for money damages against the employee, except for claims arising from employment with an employer other than the State.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Human Services, and Hawaii Association for Justice. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 886, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 886, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1010-22 Finance on H.B. No. 1447**

The purpose of this measure is to exempt county lifeguards, the employing counties, and the State from liability for civil damages resulting from any act or omission of the county lifeguard while providing lifeguard services, unless the claim results from a county lifeguard's gross negligence or wanton act or omission.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Mayor of the County of Kaua'i; two members of the Kaua'i County Council; Ocean Safety Bureau of the Kaua'i Fire Department; one member of the Maui County Council; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i State Association of Counties; and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1447, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1447, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1011-22 Finance on H.B. No. 1462**

The purpose of this measure is to clarify the applicable expert witness fees in state criminal cases.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Department of the Prosecuting Attorney of the County of Maui, and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1462, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1462, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 15. Noes, none. Excused, none.

#### SCRep. 1012-22 Finance on H.B. No. 1536

The purpose of this measure is to appropriate supplemental funds for the Judiciary for the fiscal biennium beginning July 1, 2021, and ending on June 30, 2023.

As introduced, this budget appropriates:

	FY 2021-2022	FY 2022-2023
General Funds	164,891,486	164,891,486
All Means of Financing	177,900,433	177,900,433

Your Committee received testimony in support of this measure from the Judiciary, Hawaii County Bar Association, Hawai'i Access to Justice Commission, Appellate Section of the Hawaii State Bar Association, and West Hawai'i Bar Association. Your Committee received comments on this measure from the Department of Budget and Finance, Hawaii State Bar Association, Legal Aid Society of Hawai'i, and Volunteer Legal Services Hawai'i.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

This amended budget appropriates:

	FY 2021-2022	FY 2022-2023
General Funds	164,891,486	165,852,799
All Means of Financing	177,900,433	178,353,683

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1536, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1536, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 15. Noes, none. Excused, none.

#### SCRep. 1013-22 Finance on H.B. No. 1539

The purpose of this measure is to:

- (1) Prohibit a person or an organization from posting the personal information of federal and state judges and other judicial staff on the Internet with the intent to intimidate or threaten injury, harm, or violence to the judge or staff or their immediate family members; and
- (2) Create a Judicial Security Task Force to identify further appropriate measures to enhance the security of judges and judiciary personnel while not diminishing civil liberties or unduly hindering governmental operations.

Your Committee received testimony in support of this measure from the Judiciary, Hawaii State Bar Association, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee has amended this measure by changing its effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1539, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1539, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 15. Noes, none. Excused, none.

#### SCRep. 1014-22 Finance on H.B. No. 1690

The purpose of this measure is to require:

- (1) Motor vehicle operators to ensure that children two years of age or younger are properly restrained in rear-facing child passenger restraint systems; and
- (2) The use of child safety seats or booster seats for certain children four years of age or older but less than ten years of age.

Your Committee received testimony in support of this measure from the Honolulu Police Department. Your Committee received comments on this measure from the Department of Transportation, Keiki Injury Prevention Coalition, Kapi'olani Medical Center for Women and Children, and Safe Kids Hawai'i.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1690, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1690, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 3 (Holt, Todd, McDermott).

#### SCRep. 1015-22 Finance on H.B. No. 1870

The purpose of this measure is to appropriate funds for a Program Coordinator and various services to support the Judiciary's 'Ōlelo Hawai'i initiatives.

Your Committee received testimony in support of this measure from the Judiciary. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

Your Committee has amended this measure by changing the appropriation to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1870, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1870, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 15. Noes, none. Excused, none.

**SCRep. 1016-22 Finance on H.B. No. 2073**

The purpose of this measure is to satisfy several claims against the State, its officers, or its employees.

Your Committee received comments on this measure from the Department of the Attorney General, Department of Budget and Finance, and Earthjustice.

Your Committee has amended this measure by:

- (1) Correcting the amount of an existing claim;
- (2) Adding a new resolved claim, as provided in the testimony from the Department of the Attorney General; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2073, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2073, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1017-22 Finance on H.B. No. 1448**

The purpose of this measure is to:

- (1) Authorize each county to:
  - (A) Establish a County Highway Enforcement Program within each county police department;
  - (B) Designate, by ordinance, specific sections of county highways subject to the County Highway Enforcement Surcharge, a copy of which shall be transmitted to the Judiciary each year; and
  - (C) Establish a County Highway Enforcement Program Fund within the County Highway Enforcement Program for the deposit of the County Highway Enforcement Surcharge and related penalties;
- (2) Require annual reports to the Legislature and respective county or city councils on the status and progress of the County Highway Enforcement Program;
- (3) Impose a County Highway Enforcement Surcharge for illegally stopping, standing, or parking vehicles on county highways, to be distributed to county police departments; and
- (4) Require each county's share of any associated penalties to be annually remitted to the respective county police department.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, Hawai'i State Association of Counties, and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and one individual. Your Committee received comments on this measure from the Judiciary and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the county highway enforcement surcharge to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1448, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1448, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (McDermott). Excused, none.

**SCRep. 1018-22 Finance on H.B. No. 1965**

The purpose of this is to:

- (1) Restrict civil asset forfeiture to cases involving the commission of a covered offense where the person exercising some degree of control over the property is charged with an offense related to the property;
- (2) Adopt a higher standard of proof for the State to forfeit property;
- (3) Allow for the transfer of certain property to any local or state government entity, municipality, or law enforcement agency within the State for use for a period of no longer than twelve months, before transferring back to the Attorney General;
- (4) Direct forfeiture proceeds to certain involved state and local governments and to the general fund;
- (5) Amend the allowable expenses for monies in the Criminal Forfeiture Fund;
- (6) Require the Attorney General to adopt rules necessary to carry out the purpose of the Hawaii Omnibus Criminal Forfeiture Act; and
- (7) Amend the deadline for the Attorney General to report to the Legislature on the use of the Hawaii Omnibus Criminal Forfeiture Act.

Your Committee received testimony in support of this measure from the Americans for Democratic Action Hawaii and Common Cause Hawaii. Your Committee received testimony in opposition to this measure from the Department of Public Safety, Honolulu Police Department, and one individual. Your Committee received comments on this measure from the Department of the Attorney General, Office of Public Defender, Department of the Prosecuting Attorney of the City and County of Honolulu, Office of the Prosecuting Attorney of the County of Kaua'i, Department of the Prosecuting Attorney of the County of Maui, and Grassroot Institute of Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that this measure does not prevent the seizure of property before the filing of a criminal charge;
- (2) Authorizing the seizure of property from a confidential informant who has not been charged with an offense or if all of the property owners are unknown or cannot be clearly identified;
- (3) Clarifying that a claimant, owner, or interest-holder shall have the same burden of proof as the State in proving that the claimant's, owner's, or interest-holder's interest in the forfeited property is not subject to forfeiture;
- (4) Adopting a higher standard of proof for administrative forfeiture petitions; and

(5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1965, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1965, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 1019-22 Finance on H.B. No. 2146**

The purpose of this measure is to:

- (1) Establish a \$25 fee for all licenses to solemnize a marriage, with the fees to be deposited into the general fund;
- (2) Authorize the Department of Health to increase the license fee, subject to certain requirements;
- (3) Require the Department of Health to account for the collection and deposit of the fees into the general fund; and
- (4) Repeal the expiration of and fees specific to civil licenses to solemnize marriages.

Your Committee did not receive any testimony on this measure.

Your Committee has amended this measure by:

- (1) Changing the license fee to an unspecified amount;
- (2) Changing the allowed annual fee increase to an unspecified percentage;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2146, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2146, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1020-22 Finance on H.B. No. 1239**

The purpose of this measure is to enhance the public's trust in law enforcement and standardize best practices between the counties by:

- (1) Amending the Law Enforcement Officer Independent Review Board to:
  - (A) Require members to serve four-year terms; and
  - (B) Make the board permanent; and
- (2) Amending the membership and powers of the Law Enforcement Standards Board and extending certain members' terms to four years.

Your Committee received testimony in opposition to this measure from the State of Hawaii Organization of Police Officers and one individual. Your Committee received comments on this measure from the Department of the Attorney General, Department of Transportation, Law Enforcement Standards Board, and American Civil Liberties Union of Hawai'i.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1239, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1239, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1021-22 Finance on H.B. No. 1827**

The purpose of this measure is to establish the Pulehunui Community Development District on the island of Maui and to establish a board, to be placed in the Hawaii Community Development Authority and attached to the Department of Business, Economic Development, and Tourism for administrative purposes, to manage the district.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Hawaii Community Development Authority. Your Committee received testimony in opposition to this measure from the League of Women Voters of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Land and Natural Resources.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1827, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1827, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (Wildberger). Excused, 1 (Branco).

**SCRep. 1022-22 Finance on H.B. No. 2446**

The purpose of this measure is to:

- (1) Appropriate funds for the Department of Land and Natural Resources for twenty-eight full-time equivalent positions in Parks Administration and Operation to implement a visitor reservation system in Hawaii's state parks; and
- (2) Appropriate funds out of the State Parks Special Fund to be expended by the Department of Land and Natural Resources for the management of Hawaii's state parks.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii State Aha Moku, Hawai'i Tourism Authority, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts;
- (2) Changing the positions to be established to an unspecified number; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2446, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2446, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

#### **SCRep. 1023-22 Finance on H.B. No. 1721**

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources and Department of Agriculture to collaborate on feral animal management; and
- (2) Appropriate funds for a Natural Resources Management Specialist position related to feral animal management.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; one member of the Maui County Council; Ulupono Initiative; Hawai'i Farm Bureau; Maui County Farm Bureau; Hawaii Cattlemen's Council, Inc.; and two individuals. Your Committee received testimony in opposition to this measure from the Hawaii County Game Management Advisory Commission and three individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, Maui Chamber of Commerce, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1721, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 1024-22 Finance on H.B. No. 1840**

The purpose of this measure is to:

- (1) Authorize the appropriate county land use decision-making authority to determine district boundary amendments involving land areas over fifteen acres but equal to or less than fifty acres according to a process to be determined by each county and subject to certain conditions, including the condition that the district boundary amendment is necessary to produce housing, sixty percent of which shall be reserved for occupants whose incomes do not exceed eighty percent of the area median income; and
- (2) Prohibit the subdivision of such lands into two or more parcels to be reclassified within a ten-year period from the date of the subdivision.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development, Mayor of the County of Maui, County of Maui Department of Planning, County of Hawai'i Planning Department, and Building Industry Association of Hawaii. Your Committee received testimony in opposition to this measure from one member of the Hawai'i County Council, Land Use Commission, Sierra Club of Hawai'i, Hawai'i Farm Bureau, Hawai'i Alliance for Progressive Action, and two individuals. Your Committee received comments on this measure from the Department of Agriculture, County of Hawai'i Office of the Corporation Counsel, City and County of Honolulu Department of Planning and Permitting, and Grassroot Institute of Hawaii.

Your Committee has amended this measure by:

- (1) Removing the contested case hearing exemption for final action on an application for a district boundary amendment;
- (2) Requiring that all district boundary amendments involving land areas greater than fifteen acres and equal to or less than fifty acres, processed by a county decision-making authority are subject to review and approval by the Land Use Commission;
- (3) Specifying that the Land Use Commission may impose additional restrictions in its approval of district boundary amendments by a county decision-making authority;
- (4) Specifying the Land Use Commission's parameters in its review of district boundary amendments; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1840, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1840, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (B. Kobayashi, Tam). Noes, 3 (Marten, Perruso, Wildberger). Excused, 1 (McDermott).

#### **SCRep. 1025-22 Finance on H.B. No. 2511**

The purpose of this measure is to establish the Hawaiian Home Lands Special Fund and appropriate \$600,000,000 to enable beneficiaries of the Hawaiian home lands trust to acquire a residence and to enable the Department of Hawaiian Home Lands to fulfill its fiduciary duties to beneficiaries.

Your Committee received testimony in support of this measure from the one member of the Office of Hawaiian Affairs Board of Trustees; State Council on Developmental Disabilities; two members of the Maui County Council; Catholic Charities Hawai'i; Maika'i Kamakani 'O Kohala, Incorporated; Hawaiian Affairs Caucus of the Democratic Party of Hawai'i; Environmental Caucus of the Democratic Party of Hawai'i; Family Promise of Hawaii; Hawai'i Alliance for Community-Based Economic Development; Council for Native Hawaiian Advancement; 'Ōhi'a Technology Group; Spoehr Foundation; Hawaii Habitat for Humanity Association; The Mama Loa Foundation; Waimea Hawaiian Civic Club; Papa Ola Lokahi; 'Aha Pūnana Leo; Napualei O Hina; Native Hawaiian Chamber of Commerce; Kua'āina Ulu 'Auamo; 'Aha Ho'ona'auao 'Ōiwi Hawai'i Native Hawaiian Education Council; Kamehameha Schools; Hawai'i Community Lending; Hawaiian Community Assets; Kanaeokana; Boys & Girls Club of Hawaii; Iolani Palace; The Queen's Health Systems; 'Ahahui o nā Kauka; Aloha 'Āina Legal Group LLC; Wai'anae Economic Development Council; Kawaiaha'o Church; Hawai'i Appleseed Center for Law & Economic Justice; Maui/Lana'i Mokupuni Council; Ohana Program Foundation; and numerous individuals. Your Committee received testimony in opposition to this

measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Hawaiian Home Lands, Department of Budget and Finance, one member of the Hawai'i County Council, League of Women Voters of Hawaii, Ko'olau Foundation, Tax Foundation of Hawaii, and four individuals.

Your Committee has amended this measure by:

- (1) Deleting the establishment of, and appropriation of funds into and out of, the Hawaiian Home Lands Special Fund;
- (2) Appropriating \$600,000,000 into and out of the Native Hawaiian Rehabilitation Fund for the Department of Hawaiian Home Lands to fulfill its fiduciary duties to beneficiaries, specifying the authorized uses of the funds, and requiring the Department of Hawaiian Home Lands to submit an annual report to the Legislature on the use of the funds; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2511, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2511, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1026-22 Finance on H.B. No. 2510**

The purpose of this measure is to:

- (1) Make the state Earned Income Tax Credit refundable and permanent and allow carrying forward of nonrefundable credits previously claimed;
- (2) Increase and amend the refundable Food/Excise Tax Credit;
- (3) Increase the minimum wage rate incrementally beginning on January 1, 2023, up to \$18.00 per hour beginning January 1, 2030, and increase the tip credit over the same period;
- (4) Require the Department of Labor and Industrial Relations to annually adjust the minimum wage rate and tip credit beginning on July 1, 2030;
- (5) Amend the Household and Dependent Care Tax Credit to apply to expenses paid for the care of a qualifying individual, regardless of age; and
- (6) Increase the cap on revenues that may be deposited into the Tax Administration Special Fund, authorize the fund to also be used for outreach to educate low-wage earners about their withholding options and to provide support when completing their withholding forms, and appropriate funds for this outreach.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, Rainbow Family 808, and seven individuals.

Your Committee received testimony in opposition to this measure from the Hawaii Workers Center, American Association of University Women of Hawaii, Hawai'i Health & Harm Reduction Center, Hawaii Clubhouse Advocacy Coalition, Democratic Party of Hawaii Labor Caucus, Pono Hawai'i Initiative, RaiseUp Hawaii Coalition, Kanalani Ohana Farm, Hawai'i Alliance for Progressive Action, HOPE Services Hawai'i, Iron Workers Stabilization Fund, IATSE Local 665, Imua Alliance, Democratic Party of Hawai'i Education Caucus, National Federation of Independent Business, UNITE HERE! Local 5 Hawaii, Our Revolution Hawaii, Raise Up Hawaii Kauai, Society of Human Resource Management Hawaii, Hawaiian Chip Company, and numerous individuals.

Your Committee received comments on this measure from the Department of Taxation; Department of Labor and Industrial Relations; Department of Budget and Finance; Hawai'i Restaurant Association; Faith Action for Community Equity; Americans for Democratic Action of Hawai'i; Tax Foundation of Hawaii; Retail Merchants of Hawaii; Stonewall Caucus of the Democratic Party of Hawai'i; Hawaii Children's Action Network Speaks!; Grassroot Institute of Hawaii; Hawaii Petroleum Marketers Association; United Public Workers, AFSCME Local 646, AFL-CIO; Living Wage Hawaii; Hawaii Food Industry Association; Kauai Women's Caucus; Maui Chamber of Commerce; Hawai'i State AFL-CIO; Chamber of Commerce Hawaii; Hawai'i Lodging & Tourism Association; Hawai'i Public Health Institute; Hawaii Appleseed Center for Law & Economic Justice; League of Women Voters of Hawaii; and numerous individuals.

Your Committee has amended this measure by:

- (1) Increasing the minimum wage rate to \$13.00 beginning on January 1, 2023, and incrementally up to \$18.00 per hour beginning January 1, 2028, and increasing the tip credit over the same period;
- (2) Removing the provisions amending the refundable Food/Excise Tax Credit and Household and Dependent Care Tax Credit;
- (3) Removing the provisions that require the Department of Labor and Industrial Relations to annually adjust the minimum wage rate and tip credit beginning on July 1, 2030;
- (4) Removing the provisions that increase the cap on revenues that may be deposited into the Tax Administration Special Fund, authorize the fund to also be used for outreach to educate low-wage earners about their withholding options and to provide support when completing their withholding forms, and appropriate funds for this outreach;
- (5) Making it effective upon its approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2510, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2510, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Perruso, Tam, Wildberger). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1027-22 Finance on H.B. No. 1600**

The purpose of this measure is to appropriate funds for the operating and capital improvement costs of the Executive Branch for fiscal year (FY) 2021-2022 and FY 2022-2023.

Testimony received for this measure can be found at the Legislature's website at: <http://www.capitol.hawaii.gov/>.

The Administration submitted an operating and capital improvement project (CIP) budget that totaled:

<u>Operating</u>	<u>FY 2021-2022</u>	<u>FY2022-2023</u>
General Funds:	\$7,424,917,404	\$8,443,505,275
All Means of Financing:	\$15,718,266,537	\$16,668,961,012
<u>Capital Improvement</u>	<u>FY 2021-2022</u>	<u>FY2022-2023</u>
General Obligation Bonds:	\$990,124,000	\$1,123,989,000
All Means of Financing:	\$1,644,285,000	\$2,717,505,000

Upon consideration, your Committee has amended this budget to appropriate the following in operating and CIP funds:

<u>Operating</u>	<u>FY 2021-2022</u>	<u>FY2022-2023</u>
General Funds:	\$7,424,917,404	\$8,325,226,021
All Means of Financing:	\$15,718,266,537	\$16,408,372,098
<u>Capital Improvement</u>	<u>FY 2021-2022</u>	<u>FY2022-2023</u>
General Obligation Bonds:	\$990,124,000	\$1,353,420,000
All Means of Financing:	\$1,644,285,000	\$3,168,172,000

Your Committee finds that total funding provided by the federal government for Hawaii between 2020 and 2024 will be \$21,809,421,000. The funding is for various programs to support individuals, families, businesses, and government. This federal action has been a key factor in the swift recovery of state level revenues in the current fiscal year. Between March 2021 and January 2022 the tax revenue projection for the State dramatically changed. Instead of a \$5,000,000,000 revenue shortfall between FY 2019-2020 and FY 2022-2023, the State is expecting a \$4,000,000,000 revenue increase over the same period.

Your Committee has determined that this revenue projection provides an unprecedented opportunity to take a strategic and forward-thinking approach to develop a budget that balances fundamental structural base reform with high priority investments to rebuild programs for a stronger, more resilient future.

Your Committee proposes a budget that takes a holistic approach to stabilize and enhance critical services and programs. Some of these enhancements include:

- Pre-school and early childhood education facilities and programs;
- Post-partum care and services;
- Family planning program assistance;
- Special education support;
- Child welfare services program enhancements;
- Long-Term Care Ombudsman program expansion to all islands;
- Re-entry programs and support services for women at the Women's Community Correctional Center's Intake Center;
- Home and community-based services;
- Mental health services for youth and adults suffering in crises in correction environments;
- Rapid Ohia Death response;
- Expenses for the Kahoolawe Island Reserve;
- Park maintenance and destination management;
- Aquaculture and coral nursery initiatives;
- Invasive pest species, such as the coffee berry borer beetle, spittle bug, and Japanese beetle mitigation efforts;
- The mission of the Bishop Museum;
- Special investigation and prosecution unit;
- Expansion of broadband services;
- Completion of the tax system modernization project;
- Replacement of Wiki Wiki buses and buses at the Daniel K. Inouye International Airport;
- The Promise Program at the community colleges, UH Manoa, Hilo, and West Oahu.

By appropriating a total of \$824,033,260 more in general funds across all departments, and utilizing enormous support from the federal government, this budget restores funding and provides an opportunity to rebuild programs, strengthen core services, restore transparency, and restructure how services are delivered.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1600, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1600, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1028-22 Water & Land/Agriculture on H.C.R. No. 17**

The purpose of this measure is to request the Department of Land and Natural Resources to convene a task force to develop a feral ungulate management plan for West Hawaii island and to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days before the convening of the Regular Session of 2024.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Cattlemen's Council, Inc.; Hawai'i Forest Industry Association; Big Island Invasive Species Committee; Hawai'i Wildlife Fund; Hui Aloha Kīholo; and three individuals. Your Committees received comments on this measure from the Department of Agriculture.

Your Committees find that the populations of feral goats and pigs in West Hawaii island have increased to sizes that cannot be sustained by the environment and that the overpopulation of feral ungulates in West Hawaii causes damage to agriculture, the environment, businesses, cultural sites, and residential areas and creates major hazards on roadways. This measure seeks to address the rapid population growth of feral ungulates in West Hawaii in an inclusive manner, inviting a wide variety of stakeholders to the table in hopes of arriving at a comprehensive solution.

As affirmed by the records of votes of the members of your Committees on Water & Land and Agriculture that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 17 and recommend that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.  
Water & Land: Ayes, 8. Noes, none. Excused, none.

Agriculture: Ayes, 8. Noes, none. Excused, none.

**SCRep. 1029-22 Water & Land on H.C.R. No. 3**

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue an amendment to the term, non-exclusive easement covering an additional portion of state submerged lands fronting the property identified as Tax Map Key: (1) 3-6-003:015, Wailupe, Honolulu, Oahu, for the existing seawall, and for use, repair, and maintenance of the existing improvements constructed thereon pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee notes that the Department of Land and Natural Resources testified that after the discovery of an additional sixteen square foot encroachment in 2007, the Department initially explored canceling the easement and selling the reclaimed land area to the easement holder in fee, along with an easement for only the submerged land area. However, due to changes in law and departmental policy, the sale of the reclaimed land was never completed and eventually abandoned. The original easement continues to remain in effect and unamended since its initial execution.

Your Committee has amended this measure by:

- (1) Clarifying that this measure authorizes the addition of a portion of state submerged lands to a term, non-exclusive easement covering a portion of state reclaimed lands;
- (2) Amending its title accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 3, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 3, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, none.

**SCRep. 1030-22 Water & Land on H.C.R. No. 4**

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting the property identified as Tax Map Key: (1) 4-7-001:006, Kahaluu, Koolaupoko, Oahu, for the existing seawall, steps, and filled land, and for use, repair, and maintenance of the existing improvements constructed thereon pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources (Board) to obtain prior authorization from the Legislature and prior approval of the Governor to dispose of state submerged lands. The Board identified an existing seawall, steps, and filled land fronting the property identified as Tax Map Key: (1) 4-7-001:006, Kahaluu, Koolaupoko, Oahu, as encroaching upon state submerged lands and on February 8, 2019, approved a grant of a twenty-five-year, non-exclusive easement to resolve the existing encroachments. Your Committee further finds that this measure expresses the requisite legislative approval so that an easement may be issued for the continued use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 4 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, none.

**SCRep. 1031-22 Water & Land on H.C.R. No. 5**

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting the property identified as Tax Map Key: (1) 4-4-016:016, Kaneohe, Koolaupoko, Oahu, for the existing pier, house, rock wall, and landscape area, and for use, repair, and maintenance of the existing improvements constructed thereon pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the existing pier, and portions of the existing house, rock wall, and landscape area fronting the property identified as Tax Map Key: (1) 4-4-016:016 were built makai of the private property on state lands, a portion of which is submerged. The entire pier was built on state submerged lands, while portions of the house, rock wall, and landscape are on state "fast" lands. State "fast" lands are land areas that are located between the shoreline and private property and are not subject to legislative authorization or the Governor's approval for disposition, but state submerged lands are subject to legislative authorization and the Governor's approval. However, since a single easement will cover the submerged and fast land encroachments, all encroachments are described in this measure.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain prior authorization from the Legislature and prior approval of the Governor to dispose of state submerged lands. This measure expresses the requisite legislative approval for disposition of these lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 5 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, none.

**SCRep. 1032-22 Water & Land on S.B. No. 204**

The purpose of this measure is to authorize the Department of Land and Natural Resources to use aquatic in-lieu fee mitigation to restore, create, enhance, or preserve aquatic habitats or resources where a person is required to provide compensatory mitigation either:

- (1) Prospectively, and the use of in-lieu fee mitigation is approved by the agency requiring mitigation; or
- (2) For past damages to aquatic habitats or resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Mahikū A'ō Mai, LLC.

Your Committee finds that natural resource management agencies prefer third-party mitigation banks or in-lieu fee mitigation to permittee-responsible

mitigation because these third-party mitigation bank or in-lieu fee sponsors are often public or private entities with more experience, scientific expertise, and vested long-term interest in natural resource conservation. In-lieu fee mitigation is widely used across the United States to achieve ecologically valuable conservation by restoring wetland and stream habitats but has seen increasing national interest for use in improving coral reefs, sea grass, and estuarine habitats. The authority granted to the Department of Land and Natural Resources in this measure would allow Hawaii to become the first state in the nation to establish in-lieu fee mitigation for coral reefs.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 204, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 204, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1033-22 Water & Land on S.B. No. 573**

The purpose of this measure is to require all habitat conservation plans to include an agreement for plan participants to enter into and maintain an annual service contract with a stand-by and response facility available to provide emergency medical and rehabilitation services to native wildlife affected by activities undertaken within the plan area.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, one member of the Hawai'i County Council, Hawai'i Wildlife Center, Center for Biological Diversity, Save Our Shearwaters, and thirteen individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that providing emergency medical and rehabilitative services to native wildlife that have been affected by activities within a habitat conservation plan area is critical to protecting the State's native and endangered wildlife.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 573, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1034-22 Water & Land on S.B. No. 2056**

The purpose of this measure is to require, and appropriate funds for, the Office of Planning and Sustainable Development to conduct a study of the suitability of soil classification systems, including the soil overall (master) productivity rating system and detailed land classification of the Land Study Bureau, for the regulation of agricultural lands by the State and counties and submit a report to the Legislature.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii State Energy Office, Office of Planning and Sustainable Development, University of Hawai'i, and Hawai'i Farm Bureau. Your Committee received comments on this measure from the Department of Budget and Finance and Land Use Commission.

Your Committee finds that the last statewide soil mapping, classification, and characterization study was completed fifty years ago when plantation sugar cane and pineapple production dominated Hawaii agriculture. To help optimize public and private investments in agriculture and meet Hawaii's food and agricultural sustainability goals, accurate soil data is needed. However, as soil classification alone may not be a sufficient indicator of land arability or suitability for agriculture, the study proposed by this measure could examine other factors to consider in the regulation of agricultural lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2056, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Agriculture.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1035-22 Water & Land on S.B. No. 1411**

The purpose of this measure is to:

- (1) Define "pre-contact historic property";
- (2) Clarify that the Historic Preservation Program includes providing consultation to counties and public and private agencies involved in historic preservation and the development, publication, and distribution of materials about protections for burials, historic sites, and archaeological resources;
- (3) Amend the composition and duties of the Hawaii Historic Places Review Board; and
- (4) Increase civil and administrative fines for certain violations of historic and preservation requirements and make landowners or developers responsible for projects where violations are found liable for costs associated with mitigation or preservation measures.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Hawaii State Aha Moku, Kupuna Caucus of the Democratic Party of Hawai'i, and two individuals. Your Committee received comments on this measure from the Historic Hawai'i Foundation.

Your Committee finds that Hawaii's historic preservation laws were enacted to ensure that invaluable historic sites and archaeological resources are given appropriate consideration when they may be impacted by development activities. The existing penalties for violations of the historic preservation laws are far less than the costs of complying with historic preservation review and protecting potential historic property, such as iwi and burial sites. This measure serves to increase compliance with historic property laws and act as a deterrent to violations.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1411, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1036-22 Water & Land on S.B. No. 2799**

The purpose of this measure is to:

- (1) Transfer lands to the Department of Land and Natural Resources and establish that land and adjacent state-owned lands as the Kaiwi Coast State Park;
- (2) Establish positions within the Department of Land and Natural Resources for management of the Kaiwi Coast State Park; and
- (3) Appropriate funds for these purposes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii State Aha Moku, Environmental Caucus of the Democratic Party of Hawai'i, Sierra Club of Hawai'i, Surfrider Foundation, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Livable Hawaii Kai Hui.

Your Committee finds that a growing interest in the Kaiwi Coast has brought a rapid increase in visitors to the area and without proper management, the area may become overrun by invasive species and commercial interests or become subject to future development. This measure aims to protect and preserve the lands of the Kaiwi Coast by establishing the Kaiwi Coast State Park for the benefit of residents and future generations.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2799, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1037-22 Water & Land on S.B. No. 570**

The purpose of this measure is to amend the definition of "historic property" under the Historic Preservation Law.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from the Sierra Club of Hawai'i. Your Committee received comments on this measure from the Office of Hawaiian Affairs, one member of the Honolulu City Council, and Historic Hawai'i Foundation.

Your Committee finds that the existing definition of "historic property" has created a backlog of reviews for properties simply due to the age of the properties. This measure, by specifying that historic properties meet the criteria for entry into the Hawaii Register of Historic Places, will narrow the focus for the administration of the Historic Preservation Law to properties of greater historic significance rather than based simply on their age.

Your Committee has amended this measure by further amending the definition of "historic property" to mean any building, structure, object, district, area, or site, including heiau and underwater site, that is over one hundred years old, or any building, structure, district, area, or site that is over fifty years old and that meets the criteria for being entered into the Hawaii Register of Historic Places.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 570, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 570, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1038-22 Water & Land on S.B. No. 3251**

The purpose of this measure is to require that hunting guides:

- (1) Obtain written permission from private landowners or appropriate persons before taking their clients to hunt on private lands; and
- (2) Submit a copy of the written permission documents to the Department of Land and Natural Resources as part of their annual reports.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau; Maui Chamber of Commerce; and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that guided hunting tours help manage game populations, provide a living wage for hunting guides, and help drive the State's economy. However, instances of hunting tours traversing private land without permission have led to concerning and potentially dangerous scenarios. This measure seeks to prevent the occurrence of these perilous situations.

Your Committee has amended this measure by:

- (1) Requiring all hunters to obtain written permission from private landowners or other appropriate persons before hunting on private lands;
- (2) Requiring hunting guides to file the written permission with the Department of Land and Natural Resources' Division of Forestry and Wildlife, as part of the hunting guide licensing process;
- (3) Requiring hunters, including hunting guides, to carry a copy of the written permission with them when hunting on private lands; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3251, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3251, S.D. 1, H.D. 1, and be referred to your Committee on Agriculture.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1039-22 Water & Land on S.B. No. 2764**

The purpose of this measure is to expand exclusions from the definition of "development" as it applies to special management areas to reduce the need for special management area permits for certain activities.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Transportation, Office of Planning and Sustainable Development, Department of Planning and Permitting of the City and County of Honolulu, and Planning Department of the County of Hawai'i.

Your Committee finds that the existing law governing special management areas does not exempt actions that are typically conducted by government agencies and conservation organizations for public benefit projects, such as constructing sidewalks, adding bicycle lanes, or controlling invasive vegetation. This measure will support government and private-sector activities that benefit the people of Hawaii by reducing regulatory hurdles for completion of these activities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2764, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2764, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1040-22 Labor & Tourism on S.B. No. 2644**

The purpose of this measure is to:

- (1) Extend until June 30, 2033, Act 65, Session Laws of Hawaii 2013, as extended by Act 60, Session Laws of Hawaii 2018, which provides a limited licensing exemption allowing electrical contractors licensed in Hawaii to use qualified individuals who are not licensed in the State to perform high voltage electrical work in certain circumstances; and
- (2) Make permanent the requirement for the Board of Electricians and Plumbers to submit to the Legislature annual reports relating to high voltage electrical work.

Your Committee received testimony in support of this measure from Hawaiian Electric Company, Inc.; and International Brotherhood of Electrical Workers, Local Union 1260. Your Committee received testimony in opposition to this measure from the Department of Labor and Industrial Relations; Board of Electricians and Plumbers; Contractors License Board; and International Brotherhood of Electrical Workers, Local Union No. 1186.

Your Committee finds that this measure will assist the State in making its infrastructure more resilient by ensuring high voltage (six hundred volts or higher) electrical workers are available to construct and maintain lines and perform needed substation work. However, your Committee recognizes concerns that the exemption not be applied too broadly, and finds that a limitation on the type of work to be performed should apply.

Your Committee also finds that the Department of Labor and Industrial Relations should not be required to receive and monitor certifications relating to the unavailability of qualified and licensed in-state high voltage electrical workers because the Department no longer has a Research and Statistics Office and therefore lacks the capacity to certify occupational shortages.

Accordingly, your Committee has amended this measure by:

- (1) Limiting the exemption to use by a public utility for high voltage electrical workers who perform electric transmission and distribution line construction, maintenance, and substation work;
- (2) Deleting the requirement that the public utility certify to the Director of Labor and Industrial Relations that, after a hiring call, no electrician sufficiently qualified and licensed in the State to perform high voltage electrical work applied to timely perform or complete the necessary job or task before the public utility recruited qualified electricians outside the State, so that the public utility is required to make the certification to the Board of Electricians and Plumbers only; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2644, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2644, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

#### **SCRep. 1041-22 Labor & Tourism on S.B. No. 3128**

The purpose of this measure is to amend the definition of "adequate reserve fund" for calendar years 2023 through 2030 to exclude the benefit cost rate from June 2020 through August 2021.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawaii Food Industry Association, and Maui Chamber of Commerce. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the calculation of the Adequate Reserve Fund is designed to ensure that there are sufficient reserves in the Unemployment Compensation Trust Fund to pay unemployment insurance benefits. Your Committee further finds that this measure will allow contributory employers to replenish the Unemployment Compensation Trust Fund and help to reestablish the fund's integrity without facing the highest contribution schedules in future years as Hawaii's economy continues to recover from the coronavirus disease 2019 pandemic.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3128, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

#### **SCRep. 1042-22 Labor & Tourism on S.B. No. 3142**

The purpose of this measure is to add reserve public safety law enforcement officers to the volunteer occupations covered by the workers' compensation law under certain conditions.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and one individual.

Your Committee finds that this measure will assist the Department of Public Safety in augmenting its cadre of reserve volunteer law enforcement officers and increase law enforcement to better protect the community. The Department of Public Safety intends to begin a volunteer enforcement program that will recruit recent retirees from the Department and members of the public to assist with the Department's law enforcement responsibilities. This measure would

provide coverage for injuries under specified conditions when incurred in the line of duty.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3142, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

#### **SCRep. 1043-22 Labor & Tourism on S.B. No. 3126**

The purpose of this measure is to:

- (1) Require the Director of Labor and Industrial Relations to appoint a Chief Boiler and Pressure Vessel Inspector;
- (2) Allow the Director of Labor and Industrial Relations to authorize qualified boiler inspectors in the exclusive employment of owner-user inspection organizations to perform safety inspections on pressure retaining items; and
- (3) Extend the time for the Director of Labor and Industrial Relations to reimburse the general fund from the Boiler and Elevator Revolving Fund from ten to thirteen years.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Hawaiian Electric Company, Inc.; and Par Hawaii.

Your Committee finds that this measure will allow the Department of Labor and Industrial Relations to augment its ability to inspect and assure the safe operation of boiler pressure vessels and pressure systems in the State. This measure will also ensure that owner-user inspectors, who are certified to the same standards as insurance company inspectors and the State's jurisdictional inspectors, are readily available for inspections and consultations.

Your Committee also finds that the three-year extension of time for the Department of Labor and Industrial Relations to reimburse the general fund from the Boiler and Elevator Revolving Fund will help to ensure that safety operations can continue while maintaining a feasible repayment schedule for the Department. Your Committee notes that the Department of Labor and Industrial Relations has deposited \$750,000 toward the reimbursement of the \$1,000,000 loan from the general fund.

Your Committee has amended this measure by:

- (1) Placing the Director of Labor and Industrial Relations' responsibility to appoint a Chief Boiler and Pressure Vessel Inspector under the powers and duties of the Department, rather than creating a standalone section in the Hawaii Revised Statutes establishing the position;
- (2) Deleting as unnecessary the definition of "chief boiler inspector";
- (3) Amending the definitions of "exclusive employment" and "owner-user inspection organization" to comport with national consensus standards and streamline compliance with National Board of Boiler and Pressure Vessel Inspectors regulations; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3126, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3126, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Quinlan).

#### **SCRep. 1044-22 Water & Land on S.B. No. 3298**

The purpose of this measure is to establish a working group to determine potential locations and requirements for a shooting facility on the island of Hawaii and to appropriate monies for the shooting facility if the County of Hawaii provides matching funds.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii County Game Management Advisory Commission, Hawaii Firearms Coalition, and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that this measure will lay the foundation to provide a safe and organized place on the island of Hawaii to learn firearms safety, develop hunting skills, train law enforcement officers, and practice recreational shooting.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3298, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1045-22 Water & Land on S.B. No. 3379**

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources for a ports-of-entry biosecurity program.

Your Committee received testimony in support of this measure from the Department of Health, Department of Land and Natural Resources, Department of Transportation, Hawai'i Forest Industry Association, Hawai'i Farm Bureau, and one individual. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committee finds that invasive species pose the biggest threat to Hawaii on many fronts and strengthening biosecurity is a good investment for the State. This measure will help to prevent the introduction of invasive species into the State and protect the State's economy, natural resources, and public health.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3379, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1046-22 Water & Land on S.B. No. 3134**

The purpose of this measure is to streamline the process for completing the Department of Land and Natural Resources' required annual payment of debt service on the reimbursable general obligation bonds that financed the Turtle Bay conservation easement.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that section 173A-13, Hawaii Revised Statutes, currently requires the Department of Land and Natural Resources to complete a cumbersome annual grant application and award process before the Department can make its required annual debt service payment. This measure streamlines the process by allowing the Department to process the required annual payment without taking costly intervening steps.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3134, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1047-22 Water & Land on S.B. No. 3377**

The purpose of this measure is to prohibit any person from presetting commercial beach equipment on beaches encumbered with easements in favor of the public unless the customer is physically present.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Tourism Authority, and one individual. Your Committee received comments on this measure from two individuals.

Your Committee finds that in some areas of the State, beach access is frequently hindered by unrented preset commercial beach equipment, such as beach chairs and umbrellas. This measure increases access to Hawaii's beaches for all beachgoers by prohibiting the presetting of commercial beach equipment on public beaches unless the customer is physically present.

Your Committee has amended this measure by:

- (1) Prohibiting any person from presetting commercial beach equipment on any public beach under the jurisdiction of the Department of Land and Natural Resources, not only beaches encumbered with easements in favor of the public, unless the customer is physically present;
- (2) Requiring commercial vendors to expeditiously remove the commercial beach equipment after the customer has finished using it;
- (3) Allowing the Department of Land and Natural Resources to authorize exemptions through rules adopted pursuant to chapter 91, Hawaii Revised Statutes;
- (4) Establishing administrative fines for violations of paragraphs (1) and (2); and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3377, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3377, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1048-22 Energy & Environmental Protection on S.B. No. 3192**

The purpose of this measure is to:

- (1) Establish a visitor impact fee program to collect fees to allow visitors to visit state-owned natural areas on state-owned land;
- (2) Establish the Environmental Legacy Commission to allocate the revenues from the visitor impact fee to protect and manage Hawaii's natural resources; and
- (3) Establish and appropriate funds into and out of the Visitor Impact Fee Special Fund.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Tourism Authority; Mahiku A'o Mai; Hawai'i Alliance for Community-Based Economic Development; Hawai'i Alliance for Progressive Action; Kua'āina Ulu 'Auamo; Wild Kids; The Nature Conservancy – Hawai'i and Palmyra; Resources Legacy Fund; Hawai'i Reef and Ocean Coalition; Surfrider Foundation, Hawai'i Region; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Sustainable Coastlines Hawai'i; Hawai'i Lodging & Tourism Association; Maui Hotel & Lodging Association; Ka Leo O Nā 'Ōpio; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Tax Foundation of Hawaii, and one individual.

Your Committee finds that Hawaii's natural resources, including reefs, beaches, oceans, forests, streams, estuaries, and shorelines, provide irreplaceable and invaluable benefits to visitors and the global community at large. However, Hawaii's natural environment faces significant pressure from heavy use due to tourism. Collecting fees paid by visitors who enjoy Hawaii's public parks, beaches, and trails could generate funding each year to offset the adverse impacts of visitors and provide additional resources to restore, enhance, and protect, in perpetuity, Hawaii's state-owned natural resources.

Your Committee notes that an appropriate visitor impact fee should be no less than \$25 and believes this issue merits further discussion by your Committee on Labor and Tourism and your Committee on Finance.

Your Committee has amended this measure by:

- (1) Clarifying that a valid school identification card used to establish residency in the State must be from a school in Hawaii;
- (2) Specifying that the Chairperson of the Board of Land and Natural Resources may increase the visitor impact fee by rule no more frequently than once every five years; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3192, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3192, S.D. 2, H.D. 1, and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

**SCRep. 1049-22 Energy & Environmental Protection on S.B. No. 2070**

The purpose of this measure is to authorize the Department of Budget and Finance to issue special purpose revenue bonds to assist the Hawaiian Legacy Reforestation Initiative in generating a sustainable model of endemic reforestation, ecosystem revitalization, endangered species recovery, and carbon credit sequestering.

Your Committee received testimony in support of this measure from Wilkinson Koa Furniture, Ponsse Plc, Hawaiian Legacy Reforestation Initiative, 'Alohilani Resort Waikiki Beach, Embassy Suites Waikiki Beach Walk, The Kahala Hotel & Resort, Hawai'i Convention Center, and seven individuals. Your Committee received testimony in opposition to this measure from 350Hawaii.org. Your Committee received comments on this measure from the Department of Budget and Finance and Office of Planning and Sustainable Development.

Your Committee finds that the planting of native trees in Hawaii will provide a myriad of benefits, including reducing climate change, purifying the air, preventing excess evaporation, preventing water runoff by helping rainwater enter the soil, providing habitats for wildlife, reinforcing the soil, controlling erosion, and providing cultural benefits. This measure supports efforts to further promote environmental protection, biodiversity, and climate change mitigation and restore the natural ecosystem in the State.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2070, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

**SCRep. 1050-22 Energy & Environmental Protection on S.B. No. 2612**

The purpose of this measure is to:

- (1) Establish and appropriate funds for a reusable utensil pilot project at Department of Education schools on the island of Molokai; and
- (2) Require the Department of Education to submit interim and final reports to the Legislature on the feasibility of statewide implementation of a reusable utensil program.

Your Committee received testimony in support of this measure from the Department of Education, Kualapu'u Public Conversion Charter School, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that single-use plastic utensils used in Department of Education schools are major contributors to plastic waste in the State. Even recyclable plastics require extensive processing and must be shipped out-of-state for recycling at great cost. This measure establishes a pilot project for Molokai's Department of Education schools to explore the use of reusable utensils in school cafeterias and reduce single-use plastic waste in the State.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2612, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

**SCRep. 1051-22 Energy & Environmental Protection on S.B. No. 3195**

The purpose of this measure is to appropriate funds to the Department of Hawaiian Home Lands for the investigation, exploration, and identification of geothermal resources on Hawaiian home lands.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Hawaii State Energy Office, Sustainable Energy Hawai'i, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that geothermal technology facilitates the generation of power from heat and energy found below the Earth's surface. However, since geothermal investigation, exploration, and identification can be costly, the State can play a critical role in supporting the development of geothermal resources as an alternative form of renewable energy to achieve the State's goal of transitioning to one hundred percent renewable energy generation statewide.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3195, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

**SCRep. 1052-22 Energy & Environmental Protection on S.B. No. 3229**

The purpose of this measure is to:

- (1) Cap the amount of royalties from geothermal resources that are to be paid to the State and to the county in which the geothermal resources are located;
- (2) Establish and appropriate funds out of the University of Hawaii Geothermal Exploration Special Fund for the Hawaii Groundwater and Geothermal Resources Center to further the discovery and development of geothermal resources;
- (3) Provide for the deposit of certain royalties into the University of Hawaii Geothermal Exploration Special Fund; and
- (4) Require the entities that receive geothermal royalties to submit an annual report to the Legislature.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawaii Groundwater and Geothermal Resources Center, Sustainable Energy Hawai'i, and two individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii State Energy Office.

Your Committee finds that geothermal technology facilitates the generation of power from heat and energy found below the Earth's surface and the development of geothermal resources will be important for achieving the State's goal of transitioning to one hundred percent renewable energy generation statewide. This measure provides further resources for the advancement of geothermal discovery and development and enables the State to achieve its clean energy goals.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee

is in accord with the intent and purpose of S.B. No. 3229, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

#### **SCRep. 1053-22 Energy & Environmental Protection on S.B. No. 2998**

The purpose of this measure is to require the Department of Health to implement the Auditor's recommendations for the Deposit Beverage Container Program, including developing a risk-based selection process to select reports submitted by certain distributors and redemption centers for audit.

Your Committee received testimony in support of this measure from the Department of Health, County of Hawai'i Department of Environmental Management, and American Beverage Association.

Your Committee finds that the Office of the Auditor conducts a financial and program audit of the Deposit Beverage Container Program every other year. Time after time, these audits demonstrate the program's failure to develop and execute procedures to verify the accuracy and completeness of data used to support claims of the deposit and container fees paid to the program by the distributors, as well as deposits and handling fees paid to the redemption centers. This measure helps improve the transparency and accountability of the Deposit Beverage Container Program.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2998, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

#### **SCRep. 1054-22 Energy & Environmental Protection on S.B. No. 2290**

The purpose of this measure is to:

- (1) Beginning July 1, 2022, ban the manufacture of personal care products in the State, except non-prescription drugs, that contain plastic microbeads;
- (2) Beginning July 1, 2023, ban the sale or offer for sale of personal care products in the State, except non-prescription drugs, that contain plastic microbeads;
- (3) Beginning July 1, 2023, ban the manufacture of non-prescription drug products in the State that contain plastic microbeads;
- (4) Beginning July 1, 2024, ban the sale or offer for sale of non-prescription drugs in the State that contain plastic microbeads; and
- (5) Provide exemptions for rinse-off cosmetics that are also non-prescription drugs regulated under the federal Microbead-Free Waters Act of 2015.

Your Committee received testimony in support of this measure from the Department of Health, Zero Waste Hawaii Island, Hawaii Island "Reef Keepers" Hui, Hawai'i Reef and Ocean Coalition, Friends of Hanauma Bay, Center for Biological Diversity, and five individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii and Hawaii Food Industry Association.

Your Committee finds that plastic microbeads in many beauty products are harmful to coral and marine life. Microbeads can make their way into waterways and oceans, which are then ingested by marine life, and can eventually end up in human food sources. This measure seeks to decrease the amount of microplastic pollution in the State's waters and promote a healthy marine environment.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2290, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 7; Ayes with Reservations (Tokioaka, Matsumoto). Noes, none. Excused, 1 (Matayoshi).

#### **SCRep. 1055-22 Energy & Environmental Protection on S.B. No. 2662**

The purpose of this measure is to:

- (1) Establish a state and county bid preference for construction and demolition services that use the most recycled materials or recycle the most demolition materials;
- (2) Update the state building codes to include the latest edition of the International Green Construction Code; and
- (3) Set specific targets for the recycling, reuse, donation, and resale of non-hazardous construction waste.

Your Committee received testimony in support of this measure from the Kauai Women's Caucus, Environmental Caucus of the Democratic Party of Hawai'i, Climate Protectors Hawai'i, Mokulua High Performance Builder, Hawai'i Gas, Re-use Hawai'i, and one individual. Your Committee received testimony in opposition to this measure from the General Contractors Association of Hawaii and Building Industry Association of Hawaii. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that diversion and recycling of construction and demolition debris are best practices that can offer substantial benefits to the State. However, there are few incentives for public and private sector entities to invest in recycling processes and equipment for construction and demolition debris. This measure increases the amount of recyclable waste materials in the State, reducing landfill use and increasing the environmental sustainability efforts of the construction industry.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2662, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 6; Ayes with Reservations (Perruso, Matsumoto). Noes, 1 (Tokioaka). Excused, 1 (Matayoshi).

#### **SCRep. 1056-22 Energy & Environmental Protection/Economic Development on S.B. No. 2478**

The purpose of this measure is to reinstate the renewable fuels production tax credit.

Your Committees received testimony in support of this measure from the Hawaii State Energy Office; ILWU Local 142, Hawaii Longshore Division;

Hawai'i Farm Bureau; Par Hawaii; Pacific Biodiesel Technologies; Hawai'i Gas; Hawaii Clean Power Alliance; Biotechnology Innovation Organization; and numerous individuals. Your Committees received testimony in opposition to this measure from 350Hawaii.org, Environmental Caucus of the Democratic Party of Hawai'i, and three individuals. Your Committees received comments on this measure from the Department of Budget and Finance, Department of Taxation, Pet Food Institute, Tax Foundation of Hawaii, Hawaii Forest Stewards, Climate Protectors Hawai'i, and two individuals.

Your Committees find that renewable fuels provide lower-cost alternative fuels for residential, commercial, and industrial customers. Your Committees further find that to support the use of renewable fuels, Act 202, Session Laws of Hawaii 2016, was enacted to establish a renewable fuels production tax credit; however, this tax credit has since been repealed. Your Committees believe that the importance of producing renewable fuel merits reinstating the renewable fuels production tax credit.

Your Committees have amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1809, H.D. 3 (Regular Session of 2022), a substantially similar measure that:
  - (A) Establishes a renewable fuels production tax credit;
  - (B) Specifies certain responsibilities for the Hawaii State Energy Office related to the tax credit; and
  - (C) Takes effect on July 1, 2100;
- (2) Inserting an annual dollar amount of the renewable fuels production tax credit during the ten-year credit period of 20 cents per seventy-six thousand British thermal units of renewable fuels using the lower heating value produced for distribution in the State;
- (3) Specifying a timeline for the Hawaii State Energy Office to review the information to certify renewable fuels production tax credits;
- (4) Inserting an annual aggregate cap on the renewable fuels production tax credit of \$3,000,000;
- (5) Specifying requirements and a timeline for a taxpayer to provide information necessary for certification of the renewable fuels production tax credit;
- (6) Specifying that the information collected and compiled by the Hawaii State Energy Office for the purposes of the renewable fuels production tax credit shall be kept confidential, under certain conditions;
- (7) Clarifying the definition of "renewable feedstocks";
- (8) Specifying that the renewable fuels production tax credit shall apply to taxable years after December 31, 2022; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2478, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2478, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 7; Ayes with Reservations (Tokioka). Noes, none. Excused, 1 (Matayoshi).

Economic Development: Ayes, 6; Ayes with Reservations (Belatti, Onishi, Okimoto). Noes, 1 (D. Kobayashi). Excused, 1 (Takayama).

#### **SCRep. 1057-22 Education on S.B. No. 2822**

The purpose of this measure is to require the Department of Education to offer optional asthma education instruction to students and to require teachers and other department employees to obtain asthma training.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, American Lung Association in Hawaii, AlohaCare, Hawaii Medical Association, Hawai'i Primary Care Association, Hawai'i Public Health Association, Hawai'i Public Health Institute, Hawai'i Children's Action Network Speaks!, and two individuals. Your Committee received comments on this measure from the Department of Education and Department of Health.

Your Committee finds that every year, over five thousand people in Hawaii visit emergency rooms due to asthma and another one thousand five hundred are hospitalized. Infants and very young children make up the majority of asthma-related medical emergencies and hospitalizations. Although the asthma mortality rate has declined over the past ten years, there was an average of twenty-two deaths per year from asthma in Hawaii between 2013 and 2015.

Your Committee further finds that published research funded by the Centers for Disease Control and Prevention for the Journal of School Health has shown that students who engage in school-based asthma education experienced significantly fewer days with activity limitations and significantly fewer nights of sleep disturbance after participation in the intervention. This measure seeks to introduce asthma education instruction to Hawaii's students and to provide training to teachers and other Department of Education employees to ensure students with asthma are able to thrive in all environments.

Your Committee has amended this measure by:

- (1) Authorizing, rather than requiring, the Department of Education to offer optional asthma education to students and provide asthma training to teachers and other department employees who interact with students;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2822, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2822, S.D. 1, H.D. 1, and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Clark, Quinlan, Yamane).

#### **SCRep. 1058-22 Education on S.B. No. 2189**

The purpose of this measure is to:

- (1) Remove the Governor's authority to select the Chairperson of the Board of Education;
- (2) Authorize the majority of the members of the Board of Education to elect a Chairperson of the Board from among the members of the Board; and
- (3) Remove the requirement that the Chairperson of the Board of Education be an at-large member.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Board of Education.

Your Committee finds that existing law requires the Governor to select the Chairperson of the Board of Education from one of the at-large members of the Board. Your Committee believes that placing the responsibility for the selection of the Chairperson of the Board of Education with the Board itself, rather than the Governor, will streamline the process for selecting the Chairperson and promote the efficient operation of the Board.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2189, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2189, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Clark, Quinlan, Yamane).

#### **SCRep. 1059-22 Education on S.B. No. 2824**

The purpose of this measure is to amend the minimum qualifications for Board of Education members to:

- (1) Diversify the experiences of the Board to include knowledge, experience, and proven expertise in education, workforce development, critical industries to the State, emerging fields, energy, advanced manufacturing, health care, business, technology, entrepreneurship, real estate finance, or organization management; and
- (2) Clarify that members of the Board must have an understanding of best practices in educational governance through organizations such as the National Association of State Boards of Education.

Your Committee received testimony in support of this measure from HawaiiKidsCAN and two individuals. Your Committee received comments on this measure from the Board of Education.

Your Committee finds that the Board of Education serves the important role of formulating the educational policy for the State's education system. As schools expand their career readiness programs and partnerships with employers to meet the needs of the local and global workforce and community, the Board of Education will need to have a sophisticated understanding of policy related to a wide range of subjects and disciplines. Your Committee believes that requiring Board of Education members to have diversified backgrounds, expertise, and perspectives as well as knowledge about best practices from expert organizations will benefit Hawaii's education system.

Your Committee has amended this measure by changing its effective date to July 1, 2051.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2824, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2824, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Clark, Quinlan, Yamane).

#### **SCRep. 1060-22 Education on S.B. No. 3090**

The purpose of this measure is to provide greater fiscal transparency by broadening the purposes for which indirect costs from federal grants incurred by the Department of Education, State Public Charter School Commission, or a charter school authorizer may be reimbursed.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee finds that indirect cost funds are reimbursements from federal grants received by the Department of Education for costs incurred in support of administrative and general business operations based on a negotiated rate with the federal government that is assessed against allowable federal grant expenditures. Your Committee further finds that broadening the purposes for which indirect costs from federal grants may be used will make the costs available to be deposited into the Federal Grants Revolving Fund, which allows funds to be used for the pursuit of additional discretionary grants, monitoring grant execution, compliance with grant requirements, and the auditing of grant expenditures, which will support better intentional, planned, and transparent use of the funds.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3090, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3090, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Clark, Quinlan, Yamane).

#### **SCRep. 1061-22 Education on S.B. No. 3098**

The purpose of this measure is to make an emergency appropriation to the Department of Education for lead abatement measures at Department of Education elementary schools.

Your Committee received testimony in support of this measure from the Department of Education, Department of Health, and Hawaii State Teachers Association. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Department of Education strives to ensure that its facilities are maintained to protect the health and safety of its students, teachers, and staff. Your Committee further finds that the results of the recently completed first phase of a United States Environmental Protection Agency's Water Infrastructure Improvements for the Nation Act grant programs found that Department of Education elementary schools with old plumbing fixtures resulted in finding trace amounts of lead being found in drinking water sources. According to the United States Environmental Protection Agency, there is no known safe level of lead in a child's blood and lead is harmful to health, especially for children. This measure will provide the funding necessary for the Department of Education to repair or replace the old plumbing fixtures and provide safe drinking water to elementary school students.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3098, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Clark, Quinlan, Yamane).

#### **SCRep. 1062-22 Higher Education & Technology on S.B. No. 832**

The purpose of this measure is to expand the victim-counselor privilege under Rule 505.5 of the Hawaii Rules of Evidence to include confidential advocates employed by the University of Hawaii.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawai'i State Commission on the Status of Women, AAUW of Hawaii, Sex Abuse Treatment Center, The Every Voice Coalition Hawai'i, and six individuals. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that this measure offers greater protection to victims of sexual harassment, sexual assault, domestic violence, dating violence, and stalking at the University of Hawaii by establishing additional legal protections for information that victims share with the University of Hawaii's confidential advocates.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that should your Committee on Judiciary & Hawaiian Affairs choose to hear this measure, it consider the Judiciary's comments regarding the use of the term "semiabsolute" in the measure.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 832, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 832, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Ohno).

#### **SCRep. 1063-22 Higher Education & Technology on S.B. No. 2567**

The purpose of this measure is to require the Department of Hawaiian Home Lands, with the assistance of the Office of Enterprise Technology Services, to create an interactive digital database software program of its applicant, beneficiary, and lessee records, which must contain relevant information on each individual's homestead lease application status, number of applications, address, number of denied leases, designated successors, history of obtaining leases as an applicant or as a successor, and other information as determined by the Hawaiian Homes Commission, by July 1, 2023.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Hawaiian Home Lands.

Your Committee finds that the compilation of applicant and other relevant information into a single interactive database will increase efficiency within the Department of Hawaiian Home Lands and reduce the potential for lease award abuses.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2567, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

#### **SCRep. 1064-22 Higher Education & Technology on S.B. No. 2076**

The purpose of this measure is to:

- (1) Define broadband equity;
- (2) Clarify the Hawaii Broadband and Digital Equity Office's duties to promote and support digital equity and broadband deployment; and
- (3) Appropriate funds to the Hawaii Broadband and Digital Equity Office for full-time equivalent administrative positions for the operation and administration of the Office.

Your Committee received testimony in support of this measure from the Department of Health; Department of Business, Economic Development, and Tourism; State Council on Developmental Disabilities; Disability and Communication Access Board; State Council on Mental Health; Hawai'i Primary Care Association; Common Cause Hawaii; Maui Chamber of Commerce; and Broadband Hui. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii Hui LLC.

Your Committee finds that increasing access to broadband service and expanding digital equity are crucial elements to allow the people of Hawaii to thrive in an increasingly technology-driven economy and world.

Your Committee has amended this measure by:

- (1) Adding a preamble;
- (2) Establishing a Hawaii Broadband Infrastructure Authority to oversee broadband infrastructure in the State;
- (3) Removing from the duties of the Hawaii Broadband and Digital Equity Office the promotion of the landing of trans-Pacific submarine cable, including the development of a shared access cable station and associated terrestrial connectivity to reduce barriers to fiber landing in Hawaii;
- (4) Deleting the granting of authority to the Hawaii Broadband and Digital Equity Office to enter into contracts, in accordance with chapter 103D, Hawaii Revised Statutes, for consulting services to render professional and technical assistance and advice, and any other contracts for consulting services that are necessary and proper to carry out its duties;
- (5) Deleting amendments to section 206S-4, Hawaii Revised Statutes, that clarified the duties of the Hawaii Broadband and Digital Equity Office relating to digital equity;

- (6) Making an appropriation out of the federal funds received by the State to enhance broadband infrastructure programs and expand access to broadband in the State, including the installation of broadband infrastructure, to be expended by the University of Hawaii; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2076, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2076, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

#### **SCRep. 1065-22 Higher Education & Technology on S.B. No. 2292**

The purpose of this measure is to modernize the definition of "personal information" for the purposes of notifying affected persons of data and security breaches.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology Services; Hawaiian Electric Company, Inc.; Hawai'i Pacific Health; and one individual. Your Committee received testimony in opposition to this measure from Verizon, CTIA, RELX Group, and the Consumer Data Industry Association. Your Committee received comments on this measure from the Office of Consumer Protection, Hawaii Insurers Council, Hawaii Bankers Association, State Privacy & Security Coalition, Hawaii Financial Services Association, Hawaii Credit Union League, and Hawaii Association of Health Plans.

Your Committee finds that House Concurrent Resolution No. 225, H.D. 1, S.D. 1, Regular Session of 2019, convened the Twenty-First Century Privacy Law Task Force, whose membership consisted of individuals in government and the private sector having an interest or expertise in privacy law in the digital era. Your Committee further finds that following significant inquiry and discussion, the Twenty-First Century Privacy Law Task Force recommended that the outdated definition of "personal information" in chapter 487N, Hawaii Revised Statutes, which requires the public to be notified of data breaches, be updated and expanded. This measure will help ensure that individuals are protected from data breaches that may place an individual at risk of identity theft or may compromise the individual's personal safety.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "identifier" to include an individual's mobile phone number or an email address specific to the individual;
- (2) Modifying the definition of "specified data element" to include an individual's Social Security Number, either in its entirety or the last four or more digits; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2292, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2292, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

#### **SCRep. 1066-22 Transportation on S.B. No. 2008**

The purpose of this measure is to:

- (1) Remove the three-year limit on the exemption of the State and counties from the requirement to maintain or improve any condemned roads;
- (2) Waive applicability of joint and several liability for acts or omissions of the State and counties relating to a condemned road that occurred prior to condemnation of the road; and
- (3) Allow the State and counties to utilize flexibility in highway design, including limitations of liability, regarding any condemned road.

Your Committee received testimony in support of this measure from the Department of Transportation, one member of the Maui County Council, and Hawaii Association for Justice.

Your Committee finds that although there are numerous roads throughout the State that are privately owned and often used by the public, the public may not realize that the road is not owned by a governmental agency, which creates difficulties when individuals seek to have a private road repaired. This measure will reduce disincentives to State and county condemnation of private lanes so that the difficulties of repairing and maintaining private lanes do not continue.

Your Committee has amended this measure by:

- (1) Reinstating the three-year limit on the exemption of the State and counties from the requirement to maintain or improve any condemned roads; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2008, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2008, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

#### **SCRep. 1067-22 Transportation on S.B. No. 2679**

The purpose of this measure is to extend the renewal period from two years to four years for licensees who are seventy-two years of age or older but younger than eighty years of age.

Your Committee received testimony in support of this measure from the Department of Transportation; City and County of Honolulu Department of Customer Services, Motor Vehicles, Licensing, and Permitting Division; AARP Hawai'i; and nine individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that many individuals over seventy years of age are physically fit and mentally capable of performing a wide range of activities, including driving. Your Committee further finds that the Department of Transportation has not found any local data to indicate drivers aged seventy or older

are at higher risk of causing or being involved in crashes. Therefore, the current two-year renewal period for drivers aged seventy-two to seventy-nine seems reasonable and thus should be extended to four years.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2679, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2679, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

#### **SCRep. 1068-22 Transportation on S.B. No. 3311**

The purpose of this measure is to:

- (1) Establish an Interisland Transportation Working Group to develop plans and recommendations for achieving zero emissions interisland transportation;
- (2) Establish long-term goals for zero emissions transportation in Hawaii and abroad to reduce and eliminate transportation emissions; and
- (3) Require the Department of Transportation and Hawaii State Energy Office to prepare for and incentivize the increased adoption of electric vehicles in the State.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, County of Hawai'i Mass Transit Agency, Big Island Electric Vehicle Association, Climate Protectors Hawai'i, Hawaii Electric Vehicle Association, Kauai Climate Action Coalition, KauaiEV, Kauai Women's Caucus, Maui Nui EV Association, Uluopono Initiative, Hawaii Automobile Dealers' Association, Hawaii Bioeconomy Trade Organization, and fourteen individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Transportation, Alliance for Automotive Innovation, and Pacific Biodiesel Technologies.

Your Committee finds that while transportation accounts for the majority of Hawaii's greenhouse gas emissions, the State is ideally suited to serve as a unique incubator for innovative new technologies to achieve zero emissions transportation. This measure promotes the reduction of greenhouse gas emissions for the various modes of transportation and supports efforts to increase the adoption of electric vehicles in the State.

Your Committee notes that in the development and implementation of plans related to electric vehicles, the Department of Transportation, Hawaii Climate Change Mitigation and Adaptation Commission, and Hawaii State Energy Office are requested to engage a broad range of constituencies.

Your Committee has amended this measure by:

- (1) Deleting certain findings;
- (2) Reorganizing certain sections of the measure for clarity; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3311, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3311, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

#### **SCRep. 1069-22 Transportation on S.B. No. 2295**

The purpose of this measure is to require:

- (1) The Department of Transportation to plan for a certain amount of sea level rise in all future or amended transportation projects; and
- (2) All Department of Transportation projects to conform to certain carbon concrete standards, except in certain circumstances.

Your Committee received testimony in support of this measure from the Surfrider Foundation and one individual. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that the State's public infrastructure is vulnerable to sea level rise, coastal erosion, and other impacts of climate change and extreme weather. This measure will help the State to adapt to the effects of sea level rise, while reducing carbon gas emissions.

Your Committee has amended this measure by clarifying that all Department of Transportation highway, harbor, and airport projects shall conform to certain carbon concrete standards, except in certain conditions.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2295, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2295, S.D. 2, H.D. 1, and be referred to your Committee on Energy & Environmental Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

#### **SCRep. 1070-22 Pandemic & Disaster Preparedness on S.B. No. 2880**

The purpose of this measure is to prohibit any increase in the fees charged for providing home health care services during a state of emergency concerning a public health pandemic on the sole basis that the patient receiving the services requires that the home health care service provider be vaccinated against the underlying disease causing the emergency.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Healthcare Association of Hawaii.

Your Committee finds that the coronavirus disease 2019 pandemic highlighted the importance of health care providers, especially for our kupuna. Due to the nature of their responsibilities, home health care providers are constantly in close contact with elderly patients, who require their health care providers to be vaccinated due to their compromised health or underlying health conditions. This measure will protect our kupuna during times of an emergency and ensure that home health care providers are fairly charging residents of Hawaii for their services.

Your Committee has amended this measure by:

- (1) Clarifying that any increase in fees charged for providing home health care services shall be prohibited during a local state of emergency, in addition to a state of emergency; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2880, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2880, H.D. 1, and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, 2 (McKelvey, Woodson).

#### **SCRep. 1071-22 Pandemic & Disaster Preparedness on S.B. No. 3087**

The purpose of this measure is to adopt the Emergency Management Assistance Compact in a new chapter of the Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Defense and Hawaii Emergency Management Agency.

Your Committee finds that this measure will align the Hawaii Emergency Management Agency with the best emergency management practices across the country by codifying the Emergency Management Assistance Compact in a new chapter of the Hawaii Revised Statutes.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3087, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3087, S.D. 1, H.D. 1, and be referred to your Committee on Corrections, Military, & Veterans.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (McKelvey, Woodson).

#### **SCRep. 1072-22 Pandemic & Disaster Preparedness on S.B. No. 3236**

The purpose of this measure is to appropriate funds to provide a one-time enhanced payment equal to fifteen percent of Medicaid patient payments for fiscal year 2022-2023 to nursing facilities, community care foster family homes, and expanded adult residential care homes that are caring for Medicaid patients.

Your Committee received testimony in support of this measure from the East Hawaii Region of Hawaii Health System Corporation, Ohana Pacific Health, The Villas, Garden Isle Rehab & Nursing, Legacy Hilo Rehab & Nursing, Hale Makua Health Services, Aloha Nursing Rehab Centre, Islands Skilled Nursing and Rehabilitation, Hale Kūpuna Heritage Home, Hawai'i Pacific Health, Pu'uwai 'O Makaha, Kalākaua Gardens, Ann Pearl Nursing Facility, Healthcare Association of Hawaii, Kaiser Permanente Hawaii, The Queen's Health Systems, Adult Foster Homecare Association of Hawaii, and seven individuals. Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, Hawaii Health Systems Corporation, and two individuals.

Your Committee finds that nursing facilities, community care foster family homes, and expanded adult residential care homes experienced significant economic and labor hardships due to the coronavirus disease 2019 pandemic, including a significant decrease in revenue and coupled with the increase in cost. Many of these facilities are still struggling to continue providing their essential and necessary services. Your Committee notes that despite receiving some federal relief, that relief only covered roughly thirty percent of the total pandemic-related losses. Your Committee acknowledges the work and dedication of nursing facilities and believes they require additional financial support to continue providing health care services to the residents of the State.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriation is to provide an enhanced payment of fifteen percent to any eligible facility in the State, as determined by the Department of Human Services, that provides care to Medicaid patients in Medicare-certified skilled nursing facilities, community care foster family homes, and expanded adult residential care homes; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the requested appropriation for fiscal year 2022-2023 is \$17,000,000. Your Committee further notes that if a different amount is ultimately appropriated, the percentage of Medicaid patient payments for fiscal year 2022-2023 would no longer equal fifteen percent and would need to be amended accordingly.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3236, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3236, S.D. 2, H.D. 1, and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (McKelvey, Woodson).

#### **SCRep. 1073-22 Pandemic & Disaster Preparedness on S.B. No. 3335**

The purpose of this measure is to appropriate funds for the operational expenses of the Hawaii Wing of the Civil Air Patrol.

Your Committee received testimony in support of this measure from the Hawaii Emergency Management Agency, Hawaii Wing of the Civil Air Patrol, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Hawaii Wing of the Civil Air Patrol has played an important role in emergency and disaster response efforts in the State. The Hawaii Wing of the Civil Air Patrol has provided invaluable assistance from spreading warnings in remote areas before a disaster hits, to conducting pre-assessment aerial reconnaissance to assess damage caused by a disaster. This has allowed the State to expeditiously apply for federal disaster declarations, allowing the federal government and State to respond to an emergency. This measure would provide for the continuation of the necessary services the Hawaii Wing of the Civil Air Patrol provides to the State during times of an emergency, thereby ensuring the safety of the State's visitors and residents.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that although the appropriation amount is currently unspecified, a previous version of this measure provided an appropriation of \$150,000 that would be necessary to effectuate the purpose of this measure.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee

is in accord with the intent and purpose of S.B. No. 3335, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3335, S.D. 1, H.D. 1, and be referred to your Committee on Corrections, Military, & Veterans.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (McKelvey, Woodson).

#### **SCRep. 1074-22 Health, Human Services, & Homelessness on S.B. No. 2276**

The purpose of this measure is to make comprehensive updates to the statutory provisions regarding acupuncture practitioners to reflect modernized scopes of practice and licensing requirements.

Your Committee received testimony in support of this measure from the Board of Acupuncture, Hawaii Acupuncture Association, Institute of Clinical Acupuncture and Oriental Medicine, American Acupuncture Council, Kailua Acupuncture Clinic, OceanMed Clinic, Longevity Health Center, Makai Natural Medicine, AcuPlan Hawaii, and six individuals. Your Committee received testimony in opposition to this measure from the Hawaii Medical Association, American Academy of Medical Acupuncture, and three individuals. Your Committee received comments on this measure from the CHI Lifestyle Medical Center.

Your Committee finds that, because of expanded benefits under health insurance policies and Medicare, acupuncture is one of the fastest growing fields in American health care. Your Committee further finds that Hawaii's existing laws regulating the practice of acupuncture do not reflect the current state of acupuncture practice, particularly in the areas of national certification standards and expanded accredited educational programs. This measure amends Hawaii's laws regulating the practice of acupuncture to reflect modernized scopes of practice and licensing requirements.

Your Committee has amended this measure by:

- (1) Changing references from "acupuncture medicine physician" to "acupuncture medicine doctor";
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2276, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2276, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1075-22 Health, Human Services, & Homelessness on S.B. No. 2115**

The purpose of this measure is to establish conditions and time limits for placing a minor in room confinement at a detention or shelter facility.

Your Committee received testimony in support of this measure from the Judiciary, Department of Health, Office of the Public Defender, Office of Youth Services, Opportunity Youth Action Hui, Hawai'i Psychological Association, and ACLU of Hawai'i. Your Committee received comments on this measure from the Hawaii Disability Rights Center.

Your Committee finds that research and experience show that room confinement of youth is not an effective deterrent for misbehavior nor does it give youth the skills needed to behave differently in the future. Your Committee further finds that long periods of isolation have negative consequences for youth as youth are particularly vulnerable to the mental and emotional effects of room confinement. Nationally, there has been a recognition of the harmful effects of solitary confinement or prolonged room confinement on juveniles in detention. This measure protects the health and safety of minors by establishing limits and conditions for room confinement of a minor at a detention or shelter facility.

Your Committee has amended this measure by:

- (1) Clarifying that any decision to hold, rather than place or hold, a minor due to a mental health emergency must be made by a mental health professional;
- (2) Requiring the Judiciary, rather than the Department of Human Services, to publish a report on its website detailing its detention center's compliance with room confinement requirements; and
- (3) Changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2115, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2115, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1076-22 Health, Human Services, & Homelessness on S.B. No. 2375**

The purpose of this measure is to:

- (1) Require the Department of Public Safety, in collaboration with the Department of Human Services, to develop and establish a social work training program to assist incarcerated nonviolent individuals to explore a professional pathway in social work and become eligible to work as assistants to licensed social workers; and
- (2) Appropriate funds.

Your Committee received testimony in support of this measure from the Community Alliance on Prisons, Hawaii Substance Abuse Coalition, Hawai'i Health & Harm Reduction Center, The National Association of Social Workers Hawai'i Chapter, and one individual. Your Committee received comments on this measure from the Department of Human Services, Department of Public Safety, and Department of Budget and Finance.

Your Committee finds that Hawaii is facing a shortage of social workers to help people in the State manage their mental health and cope with stressors in their everyday lives. Your Committee further finds that some nonviolent incarcerated individuals may be uniquely qualified to enter the field of social work as assistants. This measure will encourage incarcerated nonviolent individuals, who have valuable life experience interfacing with social service organizations, to train and pursue employment opportunities in the area of social work, which may help with these individuals' successful reentry into the community.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2375, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2375, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1077-22 Health, Human Services, & Homelessness on S.B. No. 2670**

The purpose of this measure is to establish a Hawaii State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission to provide for a statewide program on the status of lesbian, gay, bisexual, transgender, queer, plus individuals in the State.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawai'i Civil Rights Commission, Stonewall Caucus of the Democratic Party of Hawai'i, Rainbow Family 808, Pride at Work-Hawai'i, Hawai'i Health & Harm Reduction Center, Healing Ministry, Common Cause Hawaii, AF3IRM Hawaii, Americans for Democratic Action, North Shore Ko'olau Diversity Collective, ACLU of Hawai'i, and ten individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health and Department of Budget and Finance.

Your Committee finds that many individuals in the State's lesbian, gay, bisexual, transgender, queer, plus (LGBTQ+) community are vulnerable, overlooked, or face discrimination. Your Committee further finds that Hawaii LGBTQ+ youth in particular are disproportionately affected by suicidal ideations, depression, anxiety, and other deleterious outcomes due to discrimination, harassment, and violence as a result of homophobia and transphobia. Your Committee further finds that the creation of a commission, as provided by this measure, will advance equity and is an important step to meet the needs of Hawaii's LGBTQ+ community.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2670, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2670, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, 1 (Ward). Excused, none.

#### **SCRep. 1078-22 Health, Human Services, & Homelessness on S.B. No. 2481**

The purpose of this measure is to establish a Youth Crisis Center Branch, to be headed by the Youth Crisis Center Branch Administrator within the Office of Youth Services.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network and Opportunity Youth Action Hui. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Department of Budget and Finance, and Office of Youth Services.

Your Committee finds that there is a lack of collaboration between various state agencies to provide comprehensive, data-based services to adequately identify the needs and conditions of crises experienced by the State's youth. Your Committee further finds that the establishment of a framework of institutionalized youth crisis centers that can be sustained, even in the absence of grant funding and contracted services, will disrupt the school-to-prison pipeline, encourage the continuation of education, and provide safer environments for the State's youth. The establishment of a Youth Crisis Center Branch as provided by this measure will ensure at-risk youth and youth in need of services have access to the services and temporary shelter that they need.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2481, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2481, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.

#### **SCRep. 1079-22 Health, Human Services, & Homelessness on S.B. No. 3248**

The purpose of this measure is to appropriate funds to purchase one advanced life support ambulance and related equipment, to be based on the island of Molokai, and pay related personnel costs for state-certified emergency medical services personnel.

Your Committee received testimony in support of this measure from American Medical Response, The Queen's Health Systems, Hana Health, Molokai Community Health Center, and fourteen individuals. Your Committee received comments on this measure from the Department of Health and Department of Budget and Finance.

Your Committee finds that Molokai is a rural and medically underserved area. The island's Emergency Medical Service (EMS) responders are required to serve a geographically large and sparsely populated area with a single ambulance. EMS responders on Molokai must often travel farther or navigate difficult terrain when responding to calls or transporting patients. Furthermore, adverse weather conditions, when coupled with these obstacles, can significantly affect response and transport times. This measure will help remediate the disparities in access to trauma care for rural and medically vulnerable communities on Molokai, and ensure residents and visitors there have timely access to trauma treatment.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3248, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3248, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1080-22 Health, Human Services, & Homelessness on S.B. No. 2678**

The purpose of this measure is to appropriate funds to the State Health Insurance Assistance Program to expand the program by contracting with third-party service providers and staffing consultants and recruiting more volunteers.

Your Committee received testimony in support of this measure from the Executive Office on Aging, Hawai'i Family Caregiver Coalition, AARP Hawai'i, Catholic Charities Hawai'i, and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the State Health Insurance Assistance Program (SHIP) is a critical program that provides individuals who qualify for Medicare with reliable, unbiased, and free information on Medicare, Medicaid, other health plans, and related topics. Your Committee further finds that SHIP is staffed by only two full-time employees who train a team of over eighty dedicated volunteers to provide specialized assistance to the public free of charge. Hawaii SHIP has the least number of staff for the largest number of Medicare beneficiaries and needs to expand in order to meet the State's growing Medicare population. This measure ensures the continued stability and continuity of SHIP by appropriating state funds to expand the program, which will ensure more people have access to SHIP's valuable services.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2678, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2678, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1081-22 Health, Human Services, & Homelessness on S.B. No. 2624**

The purpose of this measure is to establish and fund:

- (1) A Telehealth Pilot Program to provide telehealth medical services in two distinct project sites in medically underserved areas; and
- (2) A Rural Health Care Pilot Program to assist residents in three distinct rural areas, one each on the islands of Maui, Molokai, and Lanai.

Your Committee received testimony in support of this measure from the John A. Burns School of Medicine at the University of Hawai'i at Manoa, Disability and Communication Access Board, Hawaii State Council on Developmental Disabilities, Hawaii Substance Abuse Coalition, and The Queen's Health Systems. Your Committee received comments on this measure from the Department of Health, Department of Budget and Finance, State Council on Mental Health, Hawai'i State Center for Nursing, and Hawaii Primary Care Association.

Your Committee finds that many Hawaii residents are unable to obtain timely and appropriate health care and behavioral health care due to shortages of primary, specialty, and behavioral health care providers. Your Committee further finds that although telehealth is a viable solution for maximizing existing local resources and increasing patient convenience and compliance, no more than fifteen percent of practicing providers in Hawaii report a telehealth experience. The pilot programs established by this measure address the lack of utilization of telehealth and will help improve the quality and availability of health care in rural areas and medically underserved in the State.

Your Committee has amended this measure by:

- (1) Including psychiatrists among the specialties eligible to receive the availability fee under the Rural Health Care Pilot Project;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2624, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2624, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1082-22 Health, Human Services, & Homelessness on S.B. No. 2032**

The purpose of this measure is to protect the privacy and confidentiality of genetic data of consumers who use the products or services of direct-to-consumer genetic testing companies by requiring these companies to adhere to certain requirements pertaining to the collection, use, and disclosure of genetic data.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from Quest Diagnostics and Coalition for Genetic Data Protection.

Your Committee finds that the number of companies offering direct-to-consumer genetic tests, along with the range of information on the health conditions and traits covered by these tests, has been growing. Your Committee further finds that there is little oversight or regulation of direct-to-consumer genetic testing companies, particularly pertaining to the privacy and confidentiality of a consumer's genetic information. This measure ensures a consumer's genetic information privacy is protected by establishing certain requirements pertaining to the collection, use, and disclosure of genetic data by direct-to-consumer genetic testing companies.

Your Committee has amended this measure by:

- (1) Clarifying that direct-to-consumer genetic testing companies do not include covered entities subject to the Health Insurance Portability and Accountability Act of 1996;
- (2) Clarifying that violations of the Hawaii Genetic Information Privacy Act are subject to penalties under the State's anti-trust law;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2032, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2032, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1083-22 Health, Human Services, & Homelessness on S.B. No. 2274**

The purpose of this measure is to:

- (1) Require all nurses to respond to the Center for Nursing Workforce Supply Survey in conjunction with each license renewal, but does not penalize for failure to do so; and
- (2) Increase the additional Center for Nursing fee from \$40 per licensing biennium to \$60 per licensing biennium.

Your Committee received testimony in support of this measure from the University of Hawai'i at Manoa Nancy Atmospera-Walch School of Nursing, Hawai'i State Center for Nursing, Hawai'i-American Nurses Association, The Queen's Health Systems, Kaiser Permanente Hawai'i, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Board of Nursing.

Your Committee finds that the Hawaii State Center for Nursing was established in 2003, to be funded through a biennial \$40 fee assessed per individual nurse licensee. The fee has not been adjusted since that time and a modest increase is now needed to help the Center sustain the staffing needed to maintain its programs and meet its mandates.

Your Committee also finds that the Center for Nursing is responsible for collecting and analyzing data and researching, preparing, and disseminating written reports and recommendations on a wide variety of issues related to the State's nursing workforce, including current and future workforce status and trends, best practices and quality outcomes, and recruiting and retention of nurses. Your Committee further finds that challenges to securing adequate responses to the Workforce Supply Survey have severely limited the Center's ability to continue to inform policy makers, health care leaders, and others on the availability and characteristics of the nursing workforce in the State. Requiring responses to this survey will improve the Center's ability to aggregate nursing workforce data and provide more accurate information on these issues.

Your Committee has amended this measure by:

- (1) Deleting most of the preamble;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2274, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2274, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1084-22 Health, Human Services, & Homelessness on S.B. No. 2280**

The purpose of this measure is to permit dental assistants to perform limited, essential duties under the general supervision of a licensed dentist in public health settings.

Your Committee received testimony in support of this measure from the Department of Health, Board of Dentistry, Hawai'i Children's Action Network Speaks!, Hawai'i Oral Health Coalition, AlohaCare, and Hawaii Dental Association.

Your Committee finds that the State lacks adequate and accessible dental public health infrastructure, particularly on the neighbor islands. Your Committee further finds that dental assistants could help improve access to dental health care across the State. However, existing law prohibits dental assistants from providing auxiliary support except under the direct supervision of a dentist, which hinders the sustainability and viability of dental care programs in public health settings. This measure addresses capacity issues in dental public health infrastructure by permitting dental assistants to provide limited, but essential, auxiliary support under general supervision while in public health settings.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2280, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2280, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1085-22 Health, Human Services, & Homelessness on S.B. No. 2482**

The purpose of this measure is to establish the temporary Office of Wellness and Resilience as a semi-autonomous entity within the Office of the Governor to support and implement the statewide framework developed by the Trauma-Informed Care Task Force established pursuant to Act 209, Session Laws of Hawaii 2021.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Health, Executive Office on Early Learning, Early Learning Board, Hawaii Children's Action Network Speaks!, Hawaii Youth Services Network, HawaiiKidsCAN, Hawai'i Community Foundation, Parents And Children Together, Early Childhood Action Strategy, Kamehameha Schools, Keiki O Ka Aina, Hawaii Community Foundation, National Association of Social Workers - Hawai'i, and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that early adverse childhood experiences shape the physical architecture of a child's developing brain and can prevent the development of a sturdy foundation for learning, quality health, and positive behavior. Strong, frequent, or prolonged stress in childhood caused by adverse childhood experiences can become toxic stress, impacting the development of a child's fundamental brain architecture and stress response systems. Your Committee further finds that a critical factor in buffering children from the effects of toxic stress and adverse childhood experiences is the existence of supportive, stable relationships between children, their families, caregivers, and other important adults in their lives. The Office of Wellness and Resilience established by this measure ensures that the individual reform efforts taken by various agencies to address trauma-informed care will be coordinated and integrated into statewide framework for trauma-informed care and responses.

Your Committee has amended this measure by:

- (1) Clarifying that departments may assign additional employees from existing positions to the Office of Wellness and Resilience;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2482, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2482, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1086-22 Economic Development on S.B. No. 2331**

The purpose of this measure is to expand the definition of "beer" to specify that the term includes an alcohol by volume of no less than 0.5 per cent as well as alcohol seltzer beverages.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce and one individual. Your Committee received testimony in opposition to this measure from the Anheuser Busch Companies. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Tax Foundation of Hawaii, and Anheuser-Busch.

Your Committee finds that the existing statutory definition of "beer" is limited and does not adequately represent the unique aspects of craft beer ingredients that brewers use to develop new products and offerings. This measure will help foster the creation of new and unique styles of beer and allow local manufacturers to grow their product line, thereby increasing revenue for the State.

Your Committee notes that this measure may inadvertently include a spirits-based, pre-mixed cocktail as a beer, which would potentially provide a tax cut for these drinks. It is not the intent of your Committee to consider these drinks as beer and your Committee wants to ensure that the tax rates for these drinks are not reduced.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that "beer" does not include, among other things, any products of distillation, by whatever name known, that contain distilled spirits, alcoholic spirits, or spirits, for purposes of the Liquor Tax Law;
- (2) Clarifying that, for regulatory purposes under chapter 281, Hawaii Revised Statutes, "beer" includes ale, porter, brown, stout, lager beer, small beer, strong beer, and alcoholic seltzer beverages, but does not include sake, known as Japanese rice wine, cooler beverage, or any products of distillation, by whatever name known, that contain distilled spirits, alcoholic spirits, or spirits;
- (3) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2331, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2331, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Okimoto).

#### **SCRep. 1087-22 Economic Development on S.B. No. 2378**

The purpose of this measure to make various amendments related to the Taxation Board of Review, including:

- (1) Reducing the membership from ten volunteer members to three full-time, salaried members, with at least two required for quorum;
- (2) Authorizing members to validate the Board's actions with a concurrence of the majority;
- (3) Establishing a compensation schedule for board members with compensation based on a percentage of the Director of Taxation's salary;
- (4) Clarifying that Board meetings are contested case hearings and specifying notice requirements;
- (5) Clarifying the legal and evidentiary framework the Board may use in reaching its decisions; and
- (6) Appropriating funds for Board members and staff.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Department of Budget and Finance and Tax Foundation of Hawaii.

Your Committee finds that this measure would greatly assist the Department of Taxation with its backlog of tax appeals by establishing a full-time, paid professional Taxation Board of Review, thereby ensuring that Hawaii's taxpayers have their tax appeal issues resolved fairly and expeditiously. Your Committee further finds that further clarification regarding the legal and evidentiary framework of the Taxation Board of Review is necessary to improve efficiencies in the appeals system.

Your Committee believes that the Taxation Board of Review and the taxpayers that come before it would benefit even more if the Chairperson had experience as a Certified Public Accountant.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that the Chairperson of the Taxation Board of Review shall be either a state-licensed attorney or a Certified Public Accountant with experience in the State;
- (2) Clarifying that the Vice Chairperson of the Taxation Board of Review shall serve as the Chairperson during the Chairperson's temporary inability to act due to recusal;
- (3) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2378, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2378, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Okimoto).

#### **SCRep. 1088-22 Economic Development on S.B. No. 3201**

The purpose of this measure is to clarify the general excise tax exemption for unrelated trade or business activities of nonprofit organizations.

Your Committee received testimony in support of this measure from the Hawai'i Alliance of Nonprofit Organizations; Hawai'i Pacific Health; Catholic Charities Hawai'i; Hawaii Children's Action Networks Speak!; HT Hayashi Foundation; Kua'āina Ulu 'Auamo; Big Brothers Big Sisters Hawaii; Hawaii Substance Abuse Coalition; Hawaii Youth Services Network; Hawai'i Arts Alliance; Ho'ōla Nā Pua; The Institute for Human Services, Inc.; Hawai'i Forest Industry Association; Molokai Arts Center; Outrigger Duke Kahanamoku Foundation; Association of Fundraising Professionals Aloha Chapter; Hawaiian Humane Society; Kaua'i Habitat for Humanity, Inc.; Hawai'i State Coalition Against Domestic Violence; North Kohala Community Resource Center; Samaritan Counseling Center Hawaii; Habitat for Humanity Maui; Nā Hale O Maui, a Community Land Trust; and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that nonprofit organizations are currently exempt from federal income tax. Similar to the federal government, Hawaii provides a general excise tax exemption for income generated by a nonprofit organization's charitable activities. However, your Committee notes that unlike the federal government, Hawaii taxes activities that are used to produce income, even though the income may be in the furtherance of exempt activities, such as fundraisers. This measure aligns the State's general excise tax exemptions with the federal income tax code by clarifying the type of activity that would be taxable under state law.

Your Committee has amended this measure by:

- (1) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3201, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3201, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Okimoto).

#### **SCRep. 1089-22 Economic Development on S.B. No. 2863**

The purpose of this measure is to exempt amounts received from the sale of feminine hygiene products from the general excise tax.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, Hawaii State Council on Developmental Disabilities, Hawaii Food Industry Association, Ma'i Movement Hawai'i, Retail Merchants of Hawaii, Common Cause Hawaii, Rainbow Family 808, Hawai'i Women Lawyers, Stonewall Caucus of the Democratic Party of Hawai'i, and fifteen individuals. Your Committee received testimony in opposition to this measure from the Department of Taxation. Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that feminine hygiene products are necessary to ensure the health of women and girls around the world. Despite this, the State levies the general excise tax on all feminine hygiene products. The general excise tax is a highly regressive tax system that disproportionately affects women and girls through the taxation of feminine hygiene products. This creates an unequal tax burden on women and girls who need feminine hygiene products, which can create barriers that prevent vulnerable youth and adults from fully engaging in education or employment and inhibit healthy social interactions. Your Committee believes that the State must alleviate this tax burden and improve accessibility to female hygiene products by exempting these products from the general excise tax.

Your Committee has amended this measure by:

- (1) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2863, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2863, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Belatti, Onishi, Sayama). Noes, 1 (D. Kobayashi). Excused, 1 (Okimoto).

#### **SCRep. 1090-22 Government Reform on S.B. No. 2043**

The purpose of this measure is to repeal certain cross-references in the campaign spending law that refer to language that was previously repealed.

Your Committee received testimony in support of this measure from the Campaign Spending Commission.

Your Committee finds that this housekeeping measure is necessary to repeal references to provisions in the Hawaii Revised Statutes that were repealed in 2018.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2043 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Mizuno, Woodson, Ward).

#### **SCRep. 1091-22 Government Reform on S.B. No. 3164**

The purpose of this measure is to require any person who acts as a conduit of at least \$10,000 in certain campaign-related activities within any two-year election period to maintain relevant records and file reports with the Campaign Spending Commission regarding large contributions received and disclose the sources of the contributions.

Your Committee received testimony in support of this measure from Common Cause Hawaii and Campaign Legal Center. Your Committee received testimony in opposition to this measure from the Campaign Spending Commission.

Your Committee finds that transparency is an important factor for a healthy and strong democracy, since it allows voters to have accurate information to evaluate candidates for public office and hold those candidates accountable if they are elected. Your Committee further finds that existing law does not prevent some people and corporations from transferring their money to other entities and hiding their true identities when purchasing campaign advertisements. This measure will require the maintenance of transfer records relating to certain campaign contributions and transfers to inform voters of the identities of those who attempt to influence elections through the purchase of campaign advertisements.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3164, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3164, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Ichiyama, Mizuno, Woodson, Ward).

#### **SCRep. 1092-22 Government Reform on S.B. No. 3226**

The purpose of this measure is to:

- (1) Require the Office of Elections to prepare a digital voter information guide to be posted on its website, in compliance with certain accessibility standards; and
- (2) Require and appropriate funds for the Office of Elections to mail a notice with each ballot notifying voters that a digital voter information guide may be found on its website.

Your Committee received testimony in support of this measure from Common Cause Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance, Office of Elections, and Disability and Communication Access Board.

Your Committee finds that the distribution of a digital voter information guide to registered voters of Hawaii will create a more informed voting public and may help increase voter participation in elections.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purpose of clarity, consistency, and style.

Should your Committee on Finance deliberate on this measure, your Committee on Government Reform respectfully requests that it consider appropriating \$95,000 to the Office of Elections for the preparation, posting, and upon request physical distribution of the voter information guide required by this measure.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3226, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3226, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1093-22 Government Reform on S.B. No. 3329**

The purpose of this measure is to repeal chapter 634F, Hawaii Revised Statutes, the Citizen Participation in Government Act, and enact the Hawaii Public Expression Protection Act in its place.

Your Committee received testimony in support of this measure from the Commission to Promote Uniform Laws; League of Women Voters of Hawaii; Sierra Club of Hawai'i; Climate Protectors Hawai'i; UNITE HERE! Local 5 Hawaii; Common Cause Hawaii; Motion Picture Association, Inc.; Center for Biological Diversity; Mālama Pūpūkea-Waimea; American Civil Liberties Union of Hawai'i; Hawaii's Thousand Friends; Uniform Law Commission; Kua'āina Ulu 'Auamo; and five individuals.

Your Committee finds that the enactment in 2002 of Hawaii's Citizen Participation in Government Act was intended to promote the rights of citizens to participate in government and to protect citizens from the chilling effect of retributive strategic lawsuits against public participation, or SLAPP suits. Your Committee further finds that to minimize the damage of SLAPP claims against citizens, Hawaii's anti-SLAPP law seeks to shift the burden of litigation back to the party bringing the SLAPP claim by providing for expedited judicial review, a stay on discovery, and sanctions. Your Committee notes that despite the intentions of the Legislature to broadly construe the original anti-SLAPP law, narrow court interpretation has rendered it ineffective at protecting citizen participation.

Your Committee also finds that in July 2020, the Uniform Law Commission drafted the Uniform Public Expression Protection Act to address SLAPP suits that are not solely based on public testimony at government proceedings. This measure incorporates the provisions of the uniform law, which will serve as a well-balanced, comprehensive update to Hawaii's anti-SLAPP law and includes broader protections for the public and clearer procedures for expedited dismissal of SLAPP claims.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purpose of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3329, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3329, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1094-22 Government Reform on S.B. No. 2138**

The purpose of this measure is to subject interns who work for the State to the provisions of the State Ethics Code by defining and including the term "intern" in the definition of "employees" under the Code.

Your Committee did not receive any testimony on this measure.

Your Committee finds that existing law is unclear with respect to the applicability of the State Ethics Code to individuals classified as interns. Your Committee further finds that the State Ethics Commission previously determined that interns, whether a student or an individual on loan from a private company, are employees within the definition of the State Ethics Code. Accordingly, this measure codifies the applicability of the State Ethics Code to interns working for the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2138, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2138, S.D. 1, H.D. 1, and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1095-22 Government Reform on S.B. No. 2334**

The purpose of this measure is to:

- (1) Require the Board of Education to include an open forum at the end of its public meeting agenda to afford all interested persons an opportunity to present oral testimony on any matter not on the agenda;
- (2) Require the Board of Education to hold no less than six community forums annually, with at least one community forum to be held in each county;
- (3) Make Board of Education members' attendance at the community forums permitted interactions under certain circumstances; and
- (4) Require the Board of Education to report to the Legislature on the implementation of the open forum requirement.

Your Committee received testimony in support of this measure from the Office of Information Practices. Your Committee received comments on this measure from the Board of Education.

Your Committee finds that community forums held by the Board of Education improve the public's access to the Board and allow the public to provide the Board with more information to help with decision-making and setting priorities. Your Committee further finds that greater access to the Board of Education from communities in each county across the State through community forums will allow the Board to hear from more community stakeholders.

Your Committee has amended this measure by:

- (1) Removing language which requires the Chairperson of the Board of Education to designate less than a quorum of board members to attend a community forum;
- (2) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (3) Technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2334, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2334, S.D. 2, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1096-22 Government Reform on S.B. No. 3040**

The purpose of this measure is to:

- (1) Create a State Procurement Automation System Special Fund;
- (2) Authorize the Administrator of the State Procurement Office to develop and administer procurement automation systems and charge and collect a transaction fee from all vendors using the procurement automation systems;
- (3) Delete language regarding qualified community rehabilitation programs made redundant by Act 55, Session Laws of Hawaii 2021; and
- (4) Establish five full-time equivalent positions in the State Procurement Office.

Your Committee received testimony in support of this measure from the Department of Transportation, State Procurement Office, and State Council on Developmental Disabilities. Your Committee received testimony in opposition to this measure from the Hawai'i Alliance of Nonprofit Organizations. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that government purchasing offices for several states operate using a self-funded model derived from a transaction fee ranging from

one percent to 2.5 percent charged to all contracts in their respective procurement automation systems. Your Committee further finds that establishing self-funded procurement automation systems in Hawaii will maximize the administrative efficiency and resources of the State Procurement Office. Your Committee also finds funding for additional positions will be of great benefit to the State Procurement Office and will aid in the management of procurement automation systems and the Office's statutory obligations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3040, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3040, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1097-22 Government Reform on S.B. No. 3369**

The purpose of this measure is to:

- (1) Establish a working group to develop a plan for the phased in consolidation of procurement services and staff within executive branch agencies within a five-year timespan, excluding the Department of Education, Hawaii Health Systems Corporation, University of Hawaii, and Office of Hawaiian Affairs;
- (2) Require the working group to make recommendations for attracting high-quality procurement professionals to the State; and
- (3) Appropriate funds to the State Procurement Office to support the activities of the working group.

Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, and State Procurement Office.

Your Committee finds that procurement activities throughout the State may not be consistently compliant with applicable procurement laws and administrative rules. Your Committee further finds that many purchasers conduct procurement activities as part of their "other duties as assigned" and have minimal training and experience in public procurement, which can lead to mistakes resulting in increased costs to the government. This measure will establish a working group to study and develop a responsible plan for the phased in consolidation of certain executive branch procurement services and staff, taking into account the unique aspects of procurement for each department, to increase competency and expertise, efficiency, and transparency in the public procurement process.

Your Committee notes that there are concerns regarding insufficient training being provided to teachers and Department of Education employees using the Hawaii Electronic Procurement System. Your Committee believes that including the Department of Education as part of the phased in consolidation plan will address those concerns.

Accordingly, your Committee has amended this measure by:

- (1) Including the Department of Education and its procurement services and staff in the consolidation plan; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Consumer Protection and Commerce, should it choose to deliberate on this measure, to look into the issue of teachers and Department of Education employees having insufficient training to use the Hawaii Electronic Procurement System.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3369, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3369, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1098-22 Government Reform on S.B. No. 3372**

The purpose of this measure is to authorize, where it is determined that a solicitation or award of a contract is in violation of law, the government contract to be rescinded and awarded to the next lowest responsive, responsible bidder to whom the contract would have been awarded were it not for the violation of law.

Your Committee received testimony in support of this measure from Nan, Inc. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that under existing law, when the Office of Administrative Hearings determines that a public works contract was improperly awarded, the Office's only remedy is to terminate the contract. However, this delays the procurement process, as the solicitation for the contract must then be reissued. This measure provides an alternative in cases where a solicitation or award of a contract is in violation of the law, which ensures a fair process in which the proper bidder is awarded the project, and prevents further delays in the procurement process.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3372, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3372, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1099-22 Corrections, Military, & Veterans on S.B. No. 2772**

The purpose of this measure is to appropriate funds for:

- (1) New and existing community-based furlough programs; and

- (2) Residential drug treatment, therapeutic living, and mental health programs that allow Judiciary-involved women to bring their minor children into the program to reduce the risks of trauma and multigenerational incarceration.

Your Committee received testimony in support of this measure from the Women's Prison Project, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, and seven individuals. Your Committee received comments on this measure from the Judiciary, Department of Budget and Finance, and Department of Public Safety.

Your Committee finds that the number of programs that allow minors to remain with their mothers while in treatment is limited. Funding to support and expand these existing programs would be beneficial as their capacity to provide residential treatment to women with minor children is a challenge. Your Committee also finds that there is a limited number of beds, which results in waitlists for mothers seeking treatment. This measure will decrease rates of incarcerated women and reduce recidivism by expanding prison diversion services for female offenders.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriations in this measure are for existing community-based prison diversion programs, rather than for the creation of new programs;
- (2) Clarifying that funds for community-based furlough programs are to be expended by the Department of Public Safety, rather than the Judiciary;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2772, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2772, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 1100-22 Corrections, Military, & Veterans on S.B. No. 2641**

The purpose of this measure is to appropriate funds for residential programs that allow minor children to remain with their mothers while participating in the program, including community-based furlough programs, residential drug treatment programs, therapeutic community programs, and mental health programs, to reduce the risk of trauma and multigenerational incarceration.

Your Committee received testimony in support of this measure from the Judiciary, Department of Human Services, Women's Prison Project, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, American Civil Liberties Union of Hawai'i, and seven individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that as of 2018, seventy-five percent of incarcerated women in Hawaii had children. Studies have shown that when women in the criminal justice system are separated from their children, the experience has devastating impacts on the children's mental health and development and can increase the risk of multigenerational incarceration. The separation also has a traumatic effect on the mothers. Your Committee also finds that the number of programs that allow minors to remain with their mothers while in treatment is limited. Your Committee believes that these programs require more funding to increase operations and bed space.

Your Committee has amended this measure by:

- (1) Amending its purpose section;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that should your Committees on Judiciary & Hawaiian Affairs and Finance hear this measure, they consider including an appropriation to the Department of Public Safety to facilitate the purposes of this measure.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2641, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2641, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 1101-22 Corrections, Military, & Veterans on S.B. No. 3295**

The purpose of this measure is to:

- (1) Establish the Women's Corrections Implementation Commission to provide oversight over state correctional facilities that incarcerate women, receive and investigate complaints from incarcerated women, monitor the criminal justice system's progress in implementing reforms, and monitor programs and data that are important to ensuring successful outcomes for women in the correctional system;
- (2) Require annual reports to the Legislature; and
- (3) Appropriate funds for the Commission's operations, including the hiring of necessary staff.

Your Committee received testimony in support of this measure from the Hawai'i Correctional System Oversight Commission, Women's Prison Project, and one individual. Your Committee received comments on this measure from the Department of Public Safety and Department of Budget and Finance.

Your Committee finds that the duties and responsibilities that would be assigned to the Women's Corrections Implementation Commission are encompassed by the statutory responsibilities of the Hawai'i Correctional System Oversight Commission but are specifically targeted to incarcerated females. In addition, the Women's Corrections Implementation Commission would be attached to the Department of Public Safety rather than the Department of the Attorney General.

Your Committee further finds that the oversight provided by the Women's Corrections Implementation Commission would focus on effective gender-responsive enhancements and reforms.

Your Committee has amended this measure by:

- (1) Clarifying that appointees to the Women's Corrections Implementation Commission may be from any county within the State;
- (2) Adding the State Public Defender or designee to the Women's Corrections Implementation Commission; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3295, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3295, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

**SCRep. 1102-22 Corrections, Military, & Veterans on S.B. No. 2637**

The purpose of this measure is to:

- (1) Mandate that there be a community-based work furlough program for all female offenders in the State; and
- (2) Appropriate funds to the Department of Public Safety to extend the contract for community-based work furlough for women and ensure that it is not only continued but expanded to all incarcerated women.

Your Committee received testimony in support of this measure from the Department of Public Safety, Hawai'i Correctional System Oversight Commission, Hawai'i State Commission on the Status of Women, Women's Prison Project, Hawaii Substance Abuse Coalition, Community Alliance on Prisons, YWCA O'ahu, American Civil Liberties Union of Hawai'i, and seven individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that this measure will help the State transition to a rehabilitative and therapeutic model of corrections. The mandate for community-based work furlough programs for incarcerated women in Hawaii is consistent with the requirements in section 353H-3, Hawaii Revised Statutes, that the Department of Public Safety develop a "comprehensive network of transitional programs to address the needs of individuals exiting the correctional system" and ensure that "all reentry programs are gender-responsive". Such a network promotes community safety by facilitating the adjustment from the highly structured prison setting to independent living and works best when located in the communities to which the inmates will return.

Your Committee has amended this measure by:

- (1) Removing the mandate that a community-based work furlough program be made available to all female offenders;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2637, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2637, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

**SCRep. 1103-22 Corrections, Military, & Veterans on S.B. No. 2373**

The purpose of this measure is to:

- (1) Create a new program called "project reset", which will help offenders secure post-release housing, including transitional housing and permanent housing, to support the offender's reentry, rehabilitation, and employment prospects; and
- (2) Appropriate funds for this purpose.

Your Committee received testimony in support of this measure from the Department of Public Safety; Office of the Public Defender; Chamber of Commerce Hawaii; Women's Prison Project; Hawaii Substance Abuse Coalition; Community Alliance on Prisons; Going Home Hawaii; The Institute for Human Services, Inc.; and five individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Department of Budget and Finance, and American Civil Liberties Union of Hawai'i.

Your Committee finds that offenders exiting correctional facilities are at risk of becoming homeless but are not aware of or eligible for many services afforded to the homeless. Assisting offenders to obtain post-release housing as they transition back into the community will provide a measure of stability and help to minimize recidivism.

Your Committee has amended this measure by:

- (1) Establishing one full-time equivalent position within the Department of Human Services to administer the project reset program;
- (2) Changing the effective date to July 1, 3000; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2373, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2373, S.D. 1, H.D. 1, and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

**SCRep. 1104-22 Corrections, Military, & Veterans on S.B. No. 2770**

The purpose of this measure is to:

- (1) Require the Department of Public Safety, in collaboration with the Office of Hawaiian Affairs, to create a rehabilitation program for prison inmates that puts an emphasis on preserving Native Hawaiian values and cultural practices; and
- (2) Appropriate funds for the program.

Your Committee received testimony in support of this measure from the Department of Public Safety, Department of Human Services, Hawai'i Correctional System Oversight Commission, Community Alliance on Prisons, American Civil Liberties Union of Hawai'i, Opportunity Youth Action Hui, Women's Prison Project, and six individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Budget and Finance and Papa Ola Lōkahi.

Your Committee finds that the Native Hawaiian population is disproportionately represented in the criminal justice system. Your Committee further finds that studies have shown a positive association between having a strong cultural identity and feelings of self-worth, belonging or social connection, and purpose. Creating a rehabilitation program that specifically addresses Native Hawaiian values and cultural practices is one way to help inmates feel less disenfranchised and support their reintegration into society upon release.

Your Committee has amended this measure by:

- (1) Placing the mandate for the creation of a Native Hawaiian rehabilitation program in session law rather than codifying it in the Hawaii Revised Statutes;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2770, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2770, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 1105-22 Corrections, Military, & Veterans on S.B. No. 3294**

The purpose of this measure is to appropriate funds for reentry planning circles for at least fifty incarcerated women.

Your Committee received testimony in support of this measure from the Hawai'i Correctional System Oversight Commission, American Civil Liberties Union of Hawai'i, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, Women's Prison Project, Hawai'i Friends of Restorative Justice, and five individuals. Your Committee received comments on this measure from the Department of Public Safety and Department of Budget and Finance.

Your Committee finds that reentry planning circles provide an opportunity for incarcerated persons to make meaningful amends, set goals, and plan for the future. Your Committee further finds that incarcerated persons who participate in reentry planning circles before leaving prison have significantly lower recidivism rates.

Your Committee has amended this measure by:

- (1) Deleting language that specified that the monies appropriated to fund reentry planning circles be for at least fifty incarcerated women;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3294, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3294, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 1106-22 Corrections, Military, & Veterans on S.B. No. 2640**

The purpose of this measure is to appropriate funds for the second year of the education program for incarcerated women.

Your Committee received testimony in support of this measure from the Department of Public Safety, University of Hawai'i System, American Civil Liberties Union of Hawai'i, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, Hawai'i Friends of Restorative Justice, Women's Prison Project, and nine individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the education program for imprisoned women is a program to train incarcerated women to be general education development, or GED, tutors for their peers; provide college correspondence courses for women in the Women's Community Correctional Center; and provide reentry and transition services for women who wish to continue their education post incarceration.

Your Committee also finds that, during the first year of the program, five GED tutors were successfully trained and certified, and as of January 2022, nine women at the Women's Community Correctional Center had their GED diplomas. Of the nine graduates, six went on to enroll in post-secondary programs earning college credits.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2640, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2640, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 1107-22 Corrections, Military, & Veterans on S.B. No. 2639**

The purpose of this measure is to require:

- (1) The Offender Reentry Office of the Department of Public Safety to develop and implement a risk needs assessment tool that is specifically intended to assess the needs of female offenders; and
- (2) The Department of Public Safety to submit a report to the Legislature on the Offender Reentry Office's compliance with the risk needs assessment tool

requirement.

Your Committee received testimony in support of this measure from the Hawai'i Correctional System Oversight Commission, Women's Prison Project, Hawaii Substance Abuse Coalition, and one individual. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that the development of a risk needs assessment tool that focuses on the discrete needs of female offenders will assist the Offender Reentry Office in identifying programs and services that are more helpful to females as they reintegrate into society.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2639, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2639, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 1108-22 Corrections, Military, & Veterans on S.B. No. 2532**

The purpose of this measure is to establish a working group to create a pilot program designed to reduce recidivism by providing inmates with business and entrepreneurial skills and financial literacy education to help inmates succeed after they are released from incarceration.

Your Committee received testimony in support of this measure from the Department of Public Safety, University of Hawai'i System, Hawaii Substance Abuse Coalition, Community Alliance on Prisons, Resilience Education, Chamber of Commerce Hawaii, and fifteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Hawaii's prison system houses many more inmates than it was designed to accommodate. One reason the prison system is overburdened is that 49.6 percent of convicted felons return to prison within one year of their release. Your Committee further finds that to reduce recidivism, several states have established programs that include training and mentoring to give inmates an opportunity to learn entrepreneurship, financial literacy, and business skills to facilitate their reentry into society.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2532, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2532, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 1109-22 Corrections, Military, & Veterans on S.B. No. 2771**

The purpose of this measure is to:

- (1) Require the Department of Public Safety to develop a pretrial female risk and needs assessment tool and conduct internal pretrial female risk and needs assessments to measure the female offender's risk of flight, criminal conduct, or harm to the community; and
- (2) Require the pretrial female risk and needs assessment tool to consider factors important to female offenders when considering their risk of reoffending and treatment needs.

Your Committee received testimony in support of this measure from the Hawai'i Correctional System Oversight Commission, Women's Prison Project, Hawaii Substance Abuse Coalition, and three individuals. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that women's pathways to incarceration, risk factors for recidivism, and rehabilitation needs differ from those of men and are not adequately identified or addressed by assessment tools that were originally developed for males in the criminal justice system. Parenting stress, lack of childcare, and the need for single mothers to support their family are among the risk factors and needs not identified in non-gender-responsive assessments. This measure ensures the accurate and effective assessment of female offenders by requiring the Department of Public Safety to develop a tool and conduct on female offenders pretrial risk and needs assessments for risks of flight, reoffending, or harming the community.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance deliberate this measure further, your Committee respectfully requests that it consider appropriating \$40,000 to allow the Department on Public Safety to conduct a quantitative study of candidate instruments.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2771, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2771, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 1110-22 Corrections, Military, & Veterans on S.B. No. 2774**

The purpose of this measure is to provide funding for the Women's Community Correctional Center to expand reentry planning circles, also known as huikahi restorative circles, which are a part of a reentry planning process shown to decrease recidivism.

Your Committee received testimony in support of this measure from the Department of Public Safety, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, Women's Prison Project, Hawai'i Friends of Restorative Justice, and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that reentry planning circles have succeeded in allowing incarcerated people to reconnect and reconcile with their families prior to

release and to further develop their support system in the community. This gradual process of reintegration has been shown to reduce recidivism. By appropriating funds for huikahi restorative circles at the Women's Community Correctional Facility this measure further supports efforts to have incarcerated women reconnect and reconcile with their families prior to their release from incarceration.

Your Committee has amended this measure by:

- (1) Inserting a preamble;
- (2) Broadening the scope of the appropriation to reentry planning circles for incarcerated women;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2774, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2774, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 1111-22 Corrections, Military, & Veterans on S.B. No. 3139**

The purpose of this measure is to:

- (1) Establish a Department of Law Enforcement to consolidate and administer criminal law enforcement and investigative functions of the State;
- (2) Reestablish the Department of Public Safety as an independent Department of Corrections and Rehabilitation to administer the corrections, rehabilitation, and reentry of the inmate population;
- (3) Transfer the law enforcement functions of the Department of Public Safety, Department of Transportation, the non-statutorily mandated functions of the Investigations Division of the Department of the Attorney General, and the Office of Homeland Security to the Department of Law Enforcement;
- (4) Establish a state law enforcement training center; and
- (5) Establish positions and appropriate funds to the Department of Law Enforcement and Department of Corrections and Rehabilitation.

Your Committee received testimony in support of this measure from the United States Department of Homeland Security's Homeland Security Investigations unit; Department of Public Safety; Department of the Attorney General; Department of Transportation; Department of Defense; Hawaii Office of Homeland Security; Hawaii Paroling Authority; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and numerous individuals. Your Committee received testimony in opposition to this measure from the American Civil Liberties Union of Hawai'i and three individuals. Your Committee received comments on this measure from the Department of Hawaiian Home Lands; Department of Budget and Finance; State of Hawaii Organization of Police Officers; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that corrections and certain law enforcement functions and activities are currently placed within the Department of Public Safety. Your Committee recognizes that the goals and functions of corrections and law enforcement are distinct and separating the functions of the Department of Public Safety into two departments would advance these distinct goals and objectives, while allowing the corrections arm to more fully integrate strategies for rehabilitation.

Your Committee further finds that state law enforcement personnel and functions are currently spread across various departments and county agencies. Reorganizing certain state law enforcement functions into a single entity with consistent training opportunities would provide for centralized state law enforcement functions to increase public safety, improve decision making, promote accountability, and streamline communication.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 2171, H.D. 2, a substantially similar measure previously passed by the House, except that it:
  - (A) Retains the phasing in approach as set forth in the measure as introduced, including timing for the establishment of the Department of Law Enforcement and Department of Corrections and Rehabilitation, transfer of functions and personnel, and appropriations;
  - (B) Addresses concerns regarding overstepping the functions of county law enforcement;
  - (C) Incorporates conforming and other technical amendments for the purpose of clarity, consistency, and style; and
  - (D) Contains an effective date of July 1, 3000;
- (2) Clarifying that the salary of the Director of Law Enforcement shall be the same as that of the Director of Public Safety until such time as the Salary Commission meets and sets the salary;
- (3) Including in the duties of the Director of Law Enforcement responsibility for the deployment of adequate resources and coordination with county police departments to protect the health and safety of homestead communities on Hawaiian home lands; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3139, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3139, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 1112-22 Culture, Arts, & International Affairs on S.B. No. 3221**

The purpose of this measure is to appropriate funds to support international sister-state relations.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Japan-America Society of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that sister-state relationships are partnerships between governments that serve as a catalyst for trade and investment opportunities in

Hawaii. Your Committee further finds that Hawaii's sister-state relationships serve to raise Hawaii's profile internationally, which attracts dynamic cooperative programs, such as mutual exchanges in business, culture, tourism, and education, that positively impact Hawaii's economic growth. This measure ensures that funding support is provided to leverage existing relationships and activities that will continue to raise Hawaii's international role.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3221, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3221, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1113-22 Water & Land on S.B. No. 2752**

The purpose of this measure is to:

- (1) Establish an income tax credit for taxpayers who are required to seal abandoned wells on their real property;
- (2) Clarify the definition of the term "abandoned well";
- (3) Require sellers of real property to disclose the existence of wells on the property;
- (4) Require an owner or prior owner of an abandoned well to seal the well at the owner's or prior owner's expense; and
- (5) Appropriate funds for three full-time equivalent (3.0 FTE) positions under the Commission on Water Resource Management.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS® and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that wells in a state of disuse or disrepair can become conduits for contaminants to be introduced into ground water. Abandoned wells can also become receptacles for the disposal of waste, potentially resulting in additional contamination and associated risk to public health and the environment. Your Committee further finds that the Commission on Water Resource Management has developed minimum standards relating to water wells, including their sealing and abandonment, in order to protect the quality and quantity of the State's ground water resources.

Your Committee notes that under chapter 508D, Hawaii Revised Statutes, sellers are required to disclose all material facts that are within the knowledge or control of the seller or can be observed from visible, accessible areas. Unless a seller seals a well on the seller's own, the seller could have no knowledge of the presence of a well that was abandoned by a prior owner because it would be hidden from view, such as on large tracts of land in certain parts of Hawaii. Furthermore, your Committee finds that this measure may place an unreasonable duty of disclosure upon a seller who has no knowledge of the existence of an abandoned well and may unreasonably impose liability on the seller for the costs of filling and sealing a well of which the seller had no knowledge. Your Committee further notes that years could pass before the existence of an abandoned well is discovered and the property may have changed ownership multiple times. In that case, determining liability could be extremely difficult.

Accordingly, your Committee has amended this measure by:

- (1) Removing the requirement that sellers of real property disclose the existence of wells on the property;
- (2) Removing the liability of owners of real property who transfer ownership of the property to another person without first reporting and repairing or sealing the abandoned well, under certain circumstances; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2752, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2752, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (B. Kobayashi, Kong). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1114-22 Labor & Tourism on S.B. No. 3289**

The purpose of this measure is to:

- (1) Establish the Hawaii Retirement Savings Program, administered by the Hawaii Retirement Savings Board, in consultation with the Department of Budget and Finance and Department of Labor and Industrial Relations, to provide a state-facilitated payroll-deduction automatic enrollment individual retirement savings plan to private sector employees who do not have access to employer-sponsored retirement savings plans beginning July 1, 2024; and
- (2) Appropriate funds for the implementation and operation of the Hawaii Retirement Savings Program, including funds for the hiring of necessary staff.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Executive Office on Aging; Policy Advisory Board for Elder Affairs; Hawai'i Public Health Institute; Hawai'i Primary Care Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Restaurant Association; AARP Hawai'i; Honolulu Information Service, Inc.; Common Cause Hawaii; Gaylord's I, II, III and IV; Loco-Moco and Wiki Wiki Drive Ins; Burgers on Bishop; Gochi Grill; 3 Financial Group LLC; National Conference on Public Employee Retirement Systems; Adult Foster HomeCare Association of Hawaii; Association of Residential Care Administrators; Goya's Garage; and numerous individuals. Your Committee received testimony in opposition to this measure from the American Council of Life Insurers, and National Association of Insurance and Financial Advisors Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Human Services, Tax Foundation of Hawaii, Maui Chamber of Commerce, and Retail Merchants of Hawaii.

Your Committee finds that this measure will provide private sector workers a vehicle to build their savings for retirement and thereby increase their financial independence. The measure would also relieve pressure on the State and taxpayers in providing social services assistance to private sector workers who are unable to sufficiently build their savings for retirement.

Your Committee further finds, however, that some covered employees may not be in a position to afford automatic payroll deductions for savings. For those employees or others who prefer alternative mechanisms for saving, the decision not to participate in the Hawaii Retirement Savings Program should not require the affirmative step of opting out. Your Committee determined that the merits of the program should not be discounted on that basis. Instead, covered employees should be given the opportunity to participate in the savings program by electing to contribute, or opting in to the program.

Your Committee also finds that the Hawaii Retirement Savings Board (Board) should be mandated to provide covered employees with information and education on the impacts of a decision to opt in to the program and the appropriate level of participation. Further, noting the testimony of the Department of Budget and Finance, your Committee has determined that a phased approach to program implementation is prudent, with the Board to determine the start date for program implementation.

Additionally, your Committee finds it appropriate to place the program within the Department of Labor and Industrial Relations, which has oversight of employer-related requirements.

Accordingly, your Committee has amended this measure by:

- (1) Changing the program from an automatic enrollment program requiring covered employees to affirmatively opt out in order to decline participation, to a program that allows covered employees to opt in to the program;
- (2) Deleting the provision allowing the Board to elect to increase the program's contribution rates for participants on an annual basis, in deference to the covered employee's capacity to determine whether and at what level to contribute to the program;
- (3) Requiring the Board to assume as one of its duties the development and dissemination of information designed to educate covered employees about the impacts of opting in to the program on take-home pay, savings strategies, and the benefits of planning and saving for retirement and help them decide whether to participate and at what level participation may be appropriate;
- (4) Instituting a three-phase approach to program implementation, with the first phase including a detailed implementation and evaluation study and other due diligence tasks to determine feasibility of program parameters, followed by a report to the Legislature; the second phase including a determination of staffing levels, an implementation strategy and timetable, and outreach efforts; and the third phase culminating in program implementation;
- (5) Allowing the Board to determine the timeframe for development and implementation of the program rather than requiring a start date of July 1, 2024;
- (6) Placing the program within the Department of Labor and Industrial Relations for administrative purposes rather than the Department of Budget and Finance; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to hear this measure, your Committee respectfully requests that it consider an appropriation of \$750,000 for the Hawaii Retirement Savings Program and that it determine the operational costs and number of positions required to effectuate the program.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3289, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3289, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

#### **SCRep. 1115-22 Labor & Tourism on S.B. No. 3129**

The purpose of this measure is to appropriate funds to the Unemployment Compensation Trust Fund as a cash infusion for the fund.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and Retail Merchants of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the coronavirus disease 2019 pandemic created an unprecedented period of unemployment in the State and resulted in the rapid depletion of funds from the Unemployment Compensation Trust Fund. According to the Department of Labor and Industrial Relations, it is estimated that for every \$100,000,000 added to the Unemployment Compensation Trust Fund, the statutory schedule of employer taxes will likely drop one level in the following calendar year. This measure will thereby provide some relief to employers still recovering from the effects of the pandemic.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3129, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

#### **SCRep. 1116-22 Consumer Protection & Commerce on S.B. No. 2212**

The purpose of this measure is to make it unlawful to knowingly or negligently:

- (1) Display or cause to be displayed, either directly or through a third party, a fictitious or misleading name or telephone number on a Hawaii resident's caller identification service; and
- (2) Cause a caller identification service to transmit misleading or inaccurate caller identification information.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and one individual. Your Committee received testimony in opposition to this measure from CTIA. Your Committee received comments on this measure from the Department of the Attorney General, Executive Office on Aging, Hawaiian Telcom, and Charter Communications.

Your Committee finds that fraudulent robocalls are a pervasive problem in Hawaii and the rest of the nation. Nearly sixty million Americans say that they have fallen victim to a phone scam in the past year, like the calls purporting to be from the Internal Revenue Service or a company inquiry about an expiring warranty on a nonexistent car. In total, Americans have been swindled out of more than \$30,000,000,000 over the past year, according to a survey conducted by TrueCaller and The Harris Poll.

Your Committee further finds that Hawaii consumers have been victimized by the practice commonly referred to as spoofing. Spoofing is when scammers disguise their identity by deliberately falsifying the information transmitted to the caller identification display, in an attempt to make calls less easily traceable. Also, scammers try to trick people into picking up a call by using so-called neighbor spoofing, which makes it appear as though the number is a local one that they may already know or trust.

Under the federal Truth in Caller ID Act, the Federal Communications Commission's rules prohibit any person or entity from transmitting misleading or inaccurate caller identification information with the intent to defraud, cause harm, or wrongly obtain anything of value. Illegal spoofers can face fines of up to \$10,000 per violation of the law. This measure will prohibit under state law the same practices that are already regulated by the federal Truth in Caller ID Act, which will provide another tool for state law enforcement to hold violators accountable.

Your Committee has amended this measure by:

- (1) Specifying that the exemption for a voice service provider applies when the voice service provider submits a certificate of compliance to the Federal Communications Commission in accordance with the Commission's federal regulations, rather than in accordance with the federal Pallone-Thune TRACED Act; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that your Committee on Judiciary & Hawaiian Affairs, should it deliberate on this measure, evaluate whether the provisions in this measure violate the constitutional limitations of a single subject title or would be subject to a dormant Commerce Clause challenge.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2212, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2212, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1117-22 Consumer Protection & Commerce on S.B. No. 3077**

The purpose of this measure is to align the regulatory structure for the practices of barbering and cosmetology by consolidating the existing statutory framework under a new chapter and to:

- (1) Update definitions and other provisions to accommodate the needs of the industries and the public;
- (2) Increase penalties and fine amounts for unlicensed activity and license violations; and
- (3) Remove the medical clearance requirement for licensees.

Your Committee received testimony in support of this measure from the Board of Barbering and Cosmetology.

Your Committee finds that the regulation of barbering and cosmetology is unnecessarily complicated due to inconsistencies between the separate statutory chapters that regulate these industries. This measure will consolidate and align the regulatory scheme for the two professions to clarify licensure requirements and address the evolving industries' concerns and needs.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3077, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3077, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1118-22 Consumer Protection & Commerce on S.B. No. 2071**

The purpose of this measure is to:

- (1) Beginning January 1, 2023:
  - (A) Require public schools, private schools, and public charter schools to have at least one employee trained to administer or assist with the self-administration of seizure rescue medication or electrical stimulation using a vagus nerve stimulator magnet, except under certain circumstances;
  - (B) Require all principals, guidance counselors, and teachers to perform an annual self-study review of seizure safety materials; and
  - (C) Require the Department of Education and public charter schools to establish a seizure action plan for every student diagnosed with a seizure disorder and distribute the plan to employees and volunteers charged with supervising or caring for the student; and
- (2) Appropriate funds to the Department of Education for:
  - (A) Training of employees to administer or assist with the self-administration of seizure rescue medication at public schools and public charter schools; and
  - (B) Increasing health assistant and nurse services in public charter schools.

Your Committee received testimony in support of this measure from the State Public Charter School Commission, Hawaii Primary Care Association, Epilepsy Foundation of Hawaii, Epilepsy Foundation of America, and eleven individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Education, and Hawaii Association for Justice.

Your Committee finds that one study from the Centers for Disease Control and Prevention showed that students aged six to seventeen years living with epilepsy were more likely to miss eleven or more days of school, compared to students with other health concerns. Proper seizure first aid and continuity of care while students are in school is an important factor to ensure students reach their full potential with as minimal disruption to their learning environment as possible.

Your Committee further finds that the seizure action plan required by this measure would provide school personnel with important considerations, precautions, and contact information to help ensure aid is timely, tailored to the student's needs, and properly administered.

Your Committee has amended this measure by:

- (1) Specifying that a student's parent or guardian must supply the school with the necessary seizure medications or vagus nerve stimulator magnet to ensure that the school has such items readily available when necessary; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2071, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2071, S.D. 1, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1119-22 Health, Human Services, & Homelessness on S.B. No. 2397**

The purpose of this measure is to:

- (1) Require certain individuals attempting to serve as child custody evaluators to complete a training course on domestic violence issues, developed and facilitated by the Hawaii State Coalition Against Domestic Violence, every three years; and
- (2) Require individuals to submit a letter or certificate of completion to the family court.

Your Committee received testimony in support of this measure from the Hawaii State Democratic Women's Caucus, Early Childhood Action Strategy, Hawai'i State Coalition Against Domestic Violence, American Association of University Women of Hawai'i, and two individuals. Your Committee received comments on this measure from the Judiciary and Domestic Violence Action Center.

Your Committee finds that in custody cases, domestic violence is often not identified at the outset of the case and is often not the reason for a child custody evaluation. Your Committee further finds that some child custody evaluators lack in-depth training and education on domestic violence, leading their recommendations to the courts on custody matters to be unduly affected and not in the best interests of children. This measure protects the health and safety of children in a custody situation by ensuring all child custody evaluators have the relevant knowledge about domestic violence issues.

Your Committee has amended this measure by:

- (1) Requiring the mandatory domestic violence training course be developed and facilitated by a nationally accredited domestic violence program based in Hawaii, rather than by the Hawaii State Coalition Against Domestic Violence;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2397, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2397, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1120-22 Health, Human Services, & Homelessness on S.B. No. 2635**

The purpose of this measure is to require health insurers, mutual benefit societies, and health maintenance organizations to cover mandated services for mammography at least as favorably as coverage for other radiological exams.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Rainbow Family 808, Hawaii Medical Association, Hawai'i Women Lawyers, and three individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that at this time, a mammogram is the best way to find breast cancer for most women of screening age; however, several studies have shown that women will delay screenings because of high out-of-pocket expenses. Sustainable solutions for mammographic coverage, such as the base level of breast cancer screening proposed by this measure, will improve access to mammograms and help address screening delays.

Your Committee has amended this measure by:

- (1) Deleting the preamble;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2635, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2635, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1121-22 Corrections, Military, & Veterans on S.B. No. 3293**

The purpose of this measure is to establish a pilot program to provide:

- (1) Housing and child care vouchers for a period of up to two years to persons leaving incarceration, provided that certain eligibility requirements are met; and
- (2) An income tax credit for taxpayers who employ qualified program participants to incentivize employers to hire persons leaving incarceration to assist in the rehabilitation process.

Your Committee received testimony in support of this measure from the Department of Public Safety, Women's Prison Project, Hawaii Substance Abuse Coalition, and League of Women Voters. Your Committee received comments on this measure from the Department of Human Services, Department of Taxation, and Department of Budget and Finance.

Your Committee finds that more resources are needed to support inmates exiting the State's correctional facilities. Your Committee believes that one form of assistance that can provide a foundation for reentry is housing and child care support in the form of vouchers to qualifying applicants based upon financial need and contingent upon the applicant working or participating in programs relating to education, substance abuse, or parenting for a specified minimum number of hours per week. Your Committee further finds that establishing an income tax credit for employers who hire program participants is an appropriate incentive to foster the gainful employment of exiting inmates. Your Committee also finds that collectively, the vouchers and tax incentive can help to achieve

a smoother transition from the confines of the correctional facility and reduce recidivism.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 2310, H.D. 1, a measure that similarly proposed the creation of a pilot program providing child care and housing vouchers for recently incarcerated persons and an employer income tax credit, previously passed by your Committee, except that it:

- (1) Places the pilot program, which is to last for five years, within the Judiciary instead of the Department of Human Services;
- (2) Applies to individuals exiting the Women's Community Correctional Center only;
- (3) Establishes an aggregate monetary amount of vouchers provided to program participants by the State not to exceed \$30,000 for each fiscal year;
- (4) Provides for the establishment of five full-time equivalent permanent transition navigator positions within the Judiciary; and
- (5) Takes effect on July 1, 3000.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3293, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3293, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1122-22 Corrections, Military, & Veterans on S.B. No. 3085**

The purpose of this measure is to:

- (1) Provide a comprehensive law setting forth military judicial procedures, which will apply to all members of the State's military forces while they are not in federal service; and
- (2) Repeal the existing Hawaii Code of Military Justice, which was originally enacted in 1982.

Your Committee received testimony in support of this measure from the Department of Defense and one individual.

Your Committee finds that this measure is based on the Uniform Code of Military Justice as contained in Title 10 United States Code sections 801 et seq., and the Model State Code of Military Justice that was proposed by the American Bar Association in 2005. According to the Department of Defense, this code update is needed to give commanders the tools they need to maintain good order and discipline within the State's military forces while also protecting the due process rights of the accused.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3085, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3085, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 1123-22 Housing on S.B. No. 2898**

The purpose of this measure is to establish transit-oriented development infrastructure improvement districts within county-designated transit-oriented development zones and a Transit-Oriented Development Infrastructure Improvement District Board to foster community development by strategically investing in infrastructure improvements.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Community Development Authority, and Office of Planning and Sustainable Development. Your Committee received testimony in opposition to this measure from the Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Planning and Permitting of the City and County of Honolulu.

Your Committee finds that transit-oriented development is a powerful tool that can ultimately deliver a wide range of social, environmental, and economic benefits. Transit-oriented development also promotes development patterns that support quality of life, preserve the natural environment, provide a range of housing choices for residents, and encourage walking, biking, and use of mass transit. Your Committee further finds that the establishment of transit-oriented development infrastructure improvement districts will help the public and private sectors coordinate the planning, financing, and delivering of infrastructure necessary to increase the capacity of housing in the areas surrounding transit stations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2898, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2898, S.D. 2, H.D. 1, and be referred to your Committee on Transportation.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

#### **SCRep. 1124-22 Housing on S.B. No. 2581**

The purpose of this measure is to prioritize the use of lands previously used by the federal government for the provision of affordable housing.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the scarcity of available land has been a major challenge in addressing the State's critical shortage of affordable housing. This measure will help alleviate this shortage of available land and facilitate the development of more affordable housing by utilizing lands that were formerly leased to or used by the federal government.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2581, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2581, S.D. 1,

H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

#### **SCRep. 1125-22 Housing on S.B. No. 2479**

The purpose of this measure is to require each public housing project, dwelling unit, and state low-income housing project that is built, renovated, or reconstructed after January 1, 2023, to include all broadband infrastructure that is necessary for tenants to have access to broadband service.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Health; Hawaii Public Housing Authority; State Council on Developmental Disabilities; Common Cause Hawaii; Hawaiian Telcom; Tangent Inc.; Succeed Hawaii, LLC; AARP Hawai'i; and one individual.

Your Committee finds that the COVID-19 pandemic has magnified the need for broadband access for all residents in the State. Your Committee further finds that the need for broadband access is especially true in the case of residents in public housing units where there are limited broadband options. This measure provides the ability for multiple broadband providers to offer low-cost options to these residents.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2479 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

#### **SCRep. 1126-22 Housing on S.B. No. 2251**

The purpose of this measure is to:

- (1) Allow the Hawaii Public Housing Authority to develop mixed-income and mixed-financed housing projects; and
- (2) Prohibit the development or construction of such housing projects on ceded land that is vacant on or after January 1, 2022.

Your Committee received testimony in support of this measure from Hawaii Public Housing Authority, Hawai'i Association of REALTORS, and one individual. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs, Hawai'i Alliance for Progressive Action, and Kupuna for the Mo'opuna. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that according to testimony received by your Committee from the Hawaii Public Housing Authority, concentrating public housing for extremely low-income families in dense urban areas has not shown to be an effective use of scarce affordable housing resources. Instead, a shift has been made to create financially viable and socially stable mixed-income housing by the United States Department of Housing and Urban Development. The Hawaii Public Housing Authority also indicated that the mixed-income and mixed-finance redevelopment model is a proven and successful redevelopment model nationwide and is supported and encouraged by the federal government, which provides the Authority with over \$140,000,000, or eighty-seven percent, of its total yearly funding to house its most disadvantaged populations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2251, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2251, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

#### **SCRep. 1127-22 Housing on S.B. No. 2667**

The purpose of this measure is to extend for five years the deadline for the Hawaii Housing Finance and Development Corporation to renegotiate an existing, or issue a new, ground lease for the Front Street Apartments affordable housing project in Lahaina, Maui, before the initiation of condemnation proceedings.

Your Committee received testimony in support of this measure from one member of the Maui County Council. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that there is a severe shortage of affordable rental housing in the County of Maui, particularly in the western part of the island. To address this shortage, the Legislature passed acts in 2018 and 2019 to ensure the continued availability of affordable rental housing in Maui County by preserving the affordability of the Front Street Apartments. The Hawaii Housing Finance and Development Corporation has since acquired the leased fee interest in the Front Street Apartments and was required to initiate condemnation proceedings unless it renegotiated the ground lease for the Front Street Apartments project or issued a new ground lease on terms acceptable to the Corporation by December 31, 2021. However, due to a federal lawsuit, the Corporation was unable to obtain an accurate appraisal of the fair market value of the ground lease for the property for purposes of condemnation or negotiating a ground lease agreement. Therefore, indefinitely extending the December 31, 2021, deadline and applying it retroactively is necessary.

Your Committee has amended this measure by:

- (1) Indefinitely extending the deadline, rather than extending the deadline by five years;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2667, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2667, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

#### **SCRep. 1128-22 Housing on S.B. No. 2922**

The purpose of this measure is to:

- (1) Authorize each county to determine the appropriateness of allowing a dwelling house on each quarter-acre, rather than each half-acre, of land in rural

districts, under certain circumstances;

- (2) Require the Office of Planning and Sustainable Development to conduct a study to assess the rural district framework within the State's land use law, make recommendations regarding refining rural district policies and permissible uses within the rural districts, and submit reports to the Legislature; and
- (3) Appropriate funds for the Office of Planning and Sustainable Development to conduct the study and complete the reports required by this measure.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development, Planning Department of the County of Hawai'i, Hawai'i Association of REALTORS, and Land Use Research Foundation of Hawaii. Your Committee received testimony in opposition to this measure from the Land Use Commission and Kūpuna for the Mo'opuna. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Agriculture, and Grassroot Institute of Hawaii.

Your Committee finds that under existing law, only one dwelling house is generally permitted on one-half acre of land in a rural district. The housing shortage and affordability crisis in the State necessitates expanded approaches to address this problem. Authorizing each county to adopt ordinances to allow a dwelling house on each quarter-acre of rural land would expand housing opportunities in the respective counties.

Your Committee has amended this measure by:

- (1) Changing the effective date for provisions that authorize each county to determine the appropriateness of allowing a dwelling house on each quarter-acre, rather than each half-acre, of land in rural districts, under certain circumstances, to July 1, 2051, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2922, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2922, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

#### **SCRep. 1129-22 Housing on S.B. No. 2504**

The purpose of this measure is to establish and appropriate funds for the Landlord Incentive Program Special Fund to provide rent reimbursement incentives and reimburse landowners who participate in Hawaii Public Housing Authority voucher programs.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness, State Council on Developmental Disabilities, Hawaii Public Housing Authority, Hawai'i State Coalition Against Domestic Violence, Catholic Charities Hawai'i, Partners In Care, Hawai'i Association of REALTORS, AF3IRM Hawai'i, and Hawai'i Health & Harm Reduction Center. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that low-income individuals experience great difficulty in finding affordable rentals due to the lack of affordable rental housing units. Your Committee further finds that reimbursement incentives and protections against excessive property damage will help increase the inventory of affordable housing in the State by encouraging more landlords to participate in rental housing voucher programs. However, your Committee believes that a more extensive approach to incentivizing participation in rental housing voucher programs is necessary to effectively address the lack of affordable housing inventory in the State. H.B. 1752, H.D. 3 (Regular Session of 2022) achieved this by:

- (1) Establishing the Housing Choice Voucher Landlord Incentive Program to provide financial incentives for landlords to participate in the Tenant-Based Assistance Housing Choice Voucher Program under Section 8 of the United States Housing Act of 1937 and appropriating funds for these incentives;
- (2) Requiring the Hawaii Public Housing Authority to adopt or amend rules that require inspections of leased dwelling units under the Section 8 Housing Choice Voucher Program within fifteen days after receipt of an owner's or landlord's inspection request; and
- (3) Establishing and appropriating funds for inspector and specialist positions within the Hawaii Public Housing Authority for inspections and other aspects related to the Section 8 Housing Choice Voucher Program.

Your Committee further believes that the approach in H.B. 1752, H.D. 3 is preferable as it provides the Hawaii Public Housing Authority more authority in creating a more attractive rental housing voucher program for landlords, thereby increasing the affordable rental housing inventory in the State.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. 1752, H.D. 3; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2504, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2504, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

#### **SCRep. 1130-22 Housing on S.B. No. 879**

The purpose of this measure is to require the counties to provide for the maintenance of infrastructure for any housing development for the Department of Hawaiian Home Lands within sixty days and under certain conditions.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Environmental Caucus of the Democratic Party of Hawai'i. Your Committee received comments on this measure from the Honolulu Board of Water Supply.

Your Committee finds that the Department of Hawaiian Home Lands often continues to have the responsibility to maintain infrastructure despite the Department's compliance with county requirements. Your Committee further finds that the counties are uniquely positioned to operate, improve, repair, and maintain infrastructure. Therefore, transferring the responsibility to the counties to maintain the infrastructure, under specified conditions, for any housing development of the Department of Hawaiian Home Lands will enable the Department to use its resources to develop homestead lots to meet the needs of beneficiaries and better focus its efforts on attending to the maintenance and repairs of existing infrastructure under its authority.

Your Committee has amended this measure by:

- (1) Amending its preamble;
- (2) Requiring the infrastructure for any housing development for the Department of Hawaiian Home Lands to be maintained by the county in which the housing development is located in accordance with county standards;
- (3) Requiring that the infrastructure conform to applicable county standards in effect at the time the infrastructure is turned over to the county, rather than at the time of construction;
- (4) Requiring that the infrastructure be connected or adjacent to infrastructure maintained by the county;
- (5) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 879, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 879, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

#### **SCRep. 1131-22 Agriculture/Economic Development on S.B. No. 2284**

The purpose of this measure is to:

- (1) Establish provisions relating to the Department of Agriculture's governing of the business of aquaculture;
- (2) Grant exclusive property rights to persons who lawfully obtain the cultured progeny of wild plants and animals by brood stock acquisition;
- (3) Authorize the Department of Agriculture to regulate the transportation, purchase, possession, and sale of specific aquaculture products as necessary to protect indigenous species;
- (4) Require the Department of Agriculture to prepare programmatic environmental impact reports; and
- (5) Appropriate funds to carry out this measure.

Your Committees received testimony in support of this measure from two individuals. Your Committees received testimony in opposition to this measure from Mahiku A'o Mai. Your Committees received comments on this measure from the Department of Agriculture, Department of Budget and Finance, Department of Land and Natural Resources, and Hawaii Aquaculture & Aquaponics Association.

Your Committees find that diversification of the State's economy is necessary to lessen economic dependence on tourism. The Department of Agriculture indicates that there is tremendous growth potential for the aquaculture industry due to the fact that seafood demand outpaces supply, with world fishery resources quickly being depleted. Local aquacultural production and development have the potential to help the State move toward greater food sustainability and expand job growth in the State.

Your Committees have amended this measure by:

- (1) Inserting an appropriation of an unspecified amount to the Department of Agriculture for operating costs for research, outreach, and marketing and to carry out the purposes of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Agriculture and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2284, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2284, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Agriculture: Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

Economic Development: Ayes, 7; Ayes with Reservations (Belatti). Noes, none. Excused, 1 (Okimoto).

#### **SCRep. 1132-22 Agriculture on S.B. No. 2480**

The purpose of this measure is to:

- (1) Authorize the Department of Agriculture, Department of Land and Natural Resources, and Agribusiness Development Corporation to acquire the Wahiawa irrigation system, on terms negotiated and agreed upon by the Office of the Governor, and to purchase, repair, and maintain the associated spillway; and
- (2) Appropriate funds for:
  - (A) The Department of Agriculture to repair and expand the spillway associated with the Wahiawa irrigation system and bring the spillway into compliance with relevant dam safety requirements;
  - (B) The Department of Agriculture to acquire a fee simple interest in the spillway associated with the Wahiawa irrigation system; and
  - (C) The Agribusiness Development Corporation and Department of Land and Natural Resources to manage and maintain their respective acquired portions of the Wahiawa irrigation system.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation, Ulupono Initiative, Hawai'i Farm Bureau, Hawaii Crop Improvement Association, Dole Food Company Hawaii, and one individual. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, Department of Land and Natural Resources, and Sustainable Hawaii LLC.

Your Committee finds that the Wahiawa irrigation system is critical to providing water to farmers in Waialua and Haleiwa on Oahu. Your Committee further finds that it is in the public interest for the State to acquire the Wahiawa irrigation system and preserve the system for public access and the agriculture industry.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2480, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Marten, Matayoshi, Matsumoto). Noes, 1 (Perruso). Excused, none.

**SCRep. 1133-22 Agriculture on S.B. No. 2615**

The purpose of this measure is to amend the composition of the Board of Agriculture by providing representation from the islands of Lanai and Molokai.

Your Committee received testimony in support of this measure from two members of the Maui County Council, Pūlama Lānaʻi, Red Sea Hawaii Connection LLC, Sensei Ag Farm Lānaʻi, and four individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that representation on the Board of Agriculture from residents of all islands provides desired diversity and statewide representation of knowledge and perspectives in decision making and policymaking. A geographically diverse Board of Agriculture membership will also enable the Board to better address the complex needs of each island's agricultural community and the broader needs of agriculture in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2615, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1134-22 Agriculture on S.B. No. 2622**

The purpose of this measure is to establish and appropriate funds for a two-year pilot project on the island of Molokai to grow crops for the production of biodiesel fuels.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, one member of the Maui County Council, Biotechnology Innovation Organization, Pacific Biodiesel Technologies, Hawaiʻi Farm Bureau, Hawaii Bioeconomy Trade Organization, and one individual. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committee finds that sustainable agriculture and energy security are critical to the diversification of Hawaii's economy. Establishing a pilot project for the growth of crops for biodiesel fuel production would further efforts to promote agricultural and economic development in the State and provide a renewable energy alternative to petroleum-based diesel fuel.

Your Committee has amended this measure by:

- (1) Broadening applicability of the two-year pilot biodiesel crop pilot project to the State, rather than only to Molokai; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2622, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2622, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1135-22 Agriculture on S.B. No. 3096**

The purpose of this measure is to authorize the issuance of general obligation bonds and make an emergency appropriation for the Department of Education to build an agriculture innovation center.

Your Committee received testimony in support of this measure from the Department of Education, one member of the Kauai County Council, Hawaii Climate Change Mitigation and Adaptation Commission, Hawaii Crop Improvement Association, Hawaiʻi Farm Bureau, and three individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committee finds that increasing the consumption of locally grown food and promoting healthy eating habits, especially among children, are vital to healthy families and healthy communities. Two recent laws support nutrition education and nutrition knowledge in Hawaii's public schools by prompting schools to purchase and serve locally produced foods in school meal programs. Act 218, Session Laws of Hawaii 2015, created a farm to school program, and Act 175, Session Laws of Hawaii 2021, established the goal that at least thirty percent of food served in public schools be locally sourced by 2030. Your Committee finds that proper facilities are necessary for purchasing, promoting, and serving local foods as part of the farm to school program in Hawaii's public schools. An agriculture innovation center proposed to be funded by this measure would allow the State to grow food locally and teach students about growing food and all aspects of agriculture.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3096, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3096, S.D. 1, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Marten, Matayoshi, Matsumoto). Noes, 1 (Perruso). Excused, none.

**SCRep. 1136-22 Agriculture on S.B. No. 3181**

The purpose of this measure is to establish and appropriate funds for a local agriculture transportation cost reimbursement incentive program to be administered by the Department of Agriculture to reimburse eligible agricultural producers for a portion of the producer's costs to transport agricultural commodities associated with air cargo, parcel, or water cargo carrier services.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association, Ulupono Initiative, Hawaiʻi Farm Bureau, Molokai Farm Bureau, Hawaii Meats, Pacific Biodiesel Technologies, and three individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, and Department of the Attorney General.

Your Committee finds that the State depends exclusively on sea and air transportation for distributing agricultural products between islands and to the continental United States. Your Committee also finds that transportation costs of agricultural producers are a critical element to their business. This measure will help offset the costs of transporting agricultural commodities for agricultural producers in the State.

Your Committee has amended this measure by:

- (1) Changing the amount of annual gross receipts that an agricultural producer must have to be eligible to receive reimbursement payments under the local agriculture transportation cost reimbursement incentive program, from a minimum of \$50,000 to an unspecified maximum amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes from testimony provided by the Department of the Attorney General that the local agriculture transportation cost reimbursement incentive program established by this measure appears to provide a grant or subsidy that would be subject to Article VII, Section 4 of the Hawaii State Constitution. However, this measure does not include sufficient standards for making grants or other methods of awarding funds that would enable the Department of Agriculture to make the distributions intended by this measure. Your Committee respectfully requests that should your Committee on Consumer Protection and Commerce deliberate on this measure further, that it consider including provisions in this measure that establish sufficient standards for administrative grants.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3181, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3181, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1137-22 Agriculture on S.B. No. 346**

The purpose of this measure is to, beginning on June 30, 2027, prohibit farm owners and operators within the State from knowingly causing the confinement of egg-laying hens in a cruel manner and prohibit business owners and operators from selling shell eggs or egg products from hens that are confined in a cruel manner.

Your Committee received testimony in support of this measure from Animal Rights Hawai'i, Animal Legal Defense Fund, Hawaiian Airlines, and three individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Farm Bureau, Hawaiian Egg Company dba Mikilua Poultry Farm, Petersons' Upland Farm, and three individuals. Your Committee received comments on this measure from the Department of Agriculture, The Humane Society of the United States, Farm Sanctuary, World Animal Protection, Compassion in World Farming, Animal Equality Hawaii, Center for Biological Diversity, Friends of the Earth, Mercy For Animals, Humane Society International, World Animal Protection US, Animal Outlook, Humane Society Veterinary Medical Association, The Humane League, Down to Earth *Organic and Natural*, American Society for the Prevention of Cruelty to Animals, and Villa Rose.

Your Committee finds that there are no existing laws or regulations in the State establishing confinement standards for egg-laying hens. This measure phases out certain types of extreme, outdated, and cruel methods of farm animal confinement and the sale of products produced using those methods of confinement.

Your Committee notes that shell egg grading exists under the United States Department of Agriculture. Your Committee finds that only shell eggs officially graded by the United States Department of Agriculture are eligible to bear the USDA grademark or shield. Furthermore, only products that are both officially graded and certified by the United States Department of Agriculture as sourced from cage-free flocks are eligible to use the "Certified Cage Free" design. Your Committee does not intend to create additional burdens for egg producers in the State as this measure utilizes existing USDA guidelines for commercial egg products.

Your Committee has amended this measure by:

- (1) Deleting all provisions relating to unlawful confinement of egg-laying hens in a cruel manner and selling of eggs or egg products produced by egg-laying hens confined in a cruel manner;
- (2) Inserting language making it unlawful, beginning January 1, 2028, for a farm owner or operator or a business owner or operator to sell or offer for sale for human consumption any shell egg that has not been certified by the United States Department of Agriculture as being cage free, as evidenced by the United States Department of Agriculture certified cage free grademark or shield;
- (3) Establishing the Cage Free Matching Grant Program within the Department of Agriculture to provide farm owners or operators and business owners or operators with matching grants to assist them in converting their operations to meet the certified cage free requirements;
- (4) Appropriating funds for the Cage Free Matching Grant Program;
- (5) Repealing the Cage Free Matching Grant Program on June 30, 2027;
- (6) Repealing this measure on June 30, 2032; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 346, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 346, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Matayoshi, Todd, Matsumoto). Noes, none. Excused, none.

#### **SCRep. 1138-22 Government Reform on S.B. No. 312**

The purpose of this measure is to propose a symbolic amendment to the Hawaii State Constitution to provide that the expenditure of money to influence elections is not a form of free speech protected under the Hawaii State Constitution.

Your Committee received testimony in support of this measure from Common Cause Hawaii.

Your Committee finds that this measure makes clear in the Hawaii State Constitution that freedom of speech does not include the expenditure of money to influence elections.

Your Committee finds that to simply submit a purely symbolic constitutional amendment question to voters will create massive voter disenfranchisement upon learning that this constitutional amendment will have no effect upon the ramifications of *Citizens United*. Your Committee feels that by submitting a straightforward constitutional amendment on the freedom of speech, as applied to entities other than individuals, will trigger another review by the United States Supreme Court on this very issue because of the conflict that now exists between the Hawaii State Constitution and the United States Constitution.

Your Committee has amended this measure by:

- (1) Removing language that provides that the amendment to the Hawaii State Constitution proposed by this measure is symbolic; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 312, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 312, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1139-22 Government Reform on S.B. No. 2210**

The purpose of this measure is to require the Chief Election Officer, with assistance from the county clerks for elections that involve county offices and countywide ballot issues, to publish and distribute a voters' pamphlet for each election, beginning with the 2024 Primary Election.

Your Committee received testimony in support of this measure from Common Cause Hawaii and one individual. Your Committee received comments on this measure from the Department of the Attorney General and Office of Elections.

Your Committee finds that providing a voters' pamphlet to every registered voter in the State will expand the information provided to registered voters, which in turn will lead to a more informed and engaged public.

Your Committee believes that the preparation, publishing, and distribution of a voters' pamphlet would be best handled by the counties and as such believes this measure should be applicable only to the counties.

Your Committee further finds, however, that to mandate the counties to fund this initiative solely through their own resources, even though the initiative only pertains to them, would violate the unfunded mandate ruling. As such, your Committee intends to amend this measure to require matching funds from the respective county in which the publication applies.

Accordingly, your Committee has amended this measure by:

- (1) Appropriating an unspecified sum for the publication and distribution of a voters' pamphlet by the Chief Election Officer for the 2024 Primary Election and each election thereafter, subject to matching funds provided by the counties; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2210, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2210, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Mizuno, Woodson, Ward).

#### **SCRep. 1140-22 Government Reform on S.B. No. 2300**

The purpose of this measure is to allow candidates seeking election to use campaign funds for child care costs or vital household dependent care costs under certain conditions.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, Common Cause Hawaii, Women's Caucus of the Democratic Party of Hawai'i, Vote Mama Foundation, American Association of University Women of Hawaii Hilo, Hawai'i Children's Action Network Speaks!, Great Wāhine Run, and seven individuals. Your Committee received comments on this measure from the Campaign Spending Commission.

Your Committee finds that costs for caretaking in Hawaii are cost-prohibitive for many candidates with dependents. Without structural support, children can be a serious barrier to running for office, a barrier that often falls heaviest on women and working families. Your Committee further finds that parenthood and care for one's dependents should not be barriers to running for political office. This measure will reduce the associated cost burdens for running a campaign for political office by providing candidates with some flexibility in how they use campaign funds for a limited purpose.

Your Committee additionally finds that this measure will mirror the federal elections process, which also allows campaign funds to be spent on needed child and dependent care, that was passed by overwhelming bipartisan support in Congress.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2300 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Mizuno, Woodson, Ward).

#### **SCRep. 1141-22 Government Reform on S.B. No. 2385**

The purpose of this measure is to authorize agencies procuring professional services to request an exemption from the Hawaii Public Procurement Code if fewer than three qualified persons submit statements of qualifications.

Your Committee received testimony in support of this measure from the Department of Transportation, State Procurement Office, Department of Finance of the County of Kaua'i, and Department of Budget and Fiscal Services of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the American Institute of Architects Hawaii State Council. Your Committee received comments on this measure from the American Council of Engineering Companies of Hawaii and one individual.

Your Committee finds that existing law does not allow for an alternative if less than three qualified persons respond to a professional services notice. As a result, professional service procurements may be delayed indefinitely until the minimum number of qualified submissions is obtained. This measure provides state agencies with more timely alternatives to complete procurement of professional services when there are fewer than three qualified submissions.

Your Committee has amended this measure by:

- (1) Deleting language that would authorize agencies procuring professional services to request an exemption from the Hawaii Public Procurement Code if fewer than three qualified persons submit statements of qualifications;
- (2) Inserting language that authorizes an agency to seek approval for the alternative procurement of professional services if fewer than three qualified persons respond to an agency's solicitation; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee accordingly has amended this measure in a manner that will address policy goals without eliminating the competitive bidding process completely should there be less than three qualified professional servicers applying.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2385, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2385, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1142-22 Government Reform on S.B. No. 2387**

The purpose of this measure is to require agencies to publicly post the justification for cancelling an invitation for bids or request for proposals for a minimum of ten days on a purchasing agency or provider internet site or by any other method the procurement officer deems effective for publicizing the cancellation notice.

Your Committee received testimony in support of this measure from the Department of Budget and Fiscal Services of the City and County of Honolulu. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that the preparation and submission of bids and proposals by offerors consume considerable time and resources. Vendors should therefore have the right to know the reason for the cancellation of a contract solicitation by a purchasing agency. Your Committee further finds that posting the reasons for cancellation on an electronic notification system will promote consistency, transparency, and efficiency in government.

Your Committee has amended this measure by:

- (1) Clarifying that the justification for cancellation must be publicly posted on a purchasing agency's or provider's website and by any other method the procurement officer deems effective; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee feels that giving the State Procurement Office the ability to publish the reasoning for cancelling an invitation for bids or requests for proposals by electronic means and by other methods will ensure that any and all interested parties will be given ample opportunities of notice.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2387, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2387, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1143-22 Government Reform on S.B. No. 2726**

The purpose of this measure is to exempt parking lot operations and ground transportation services at airports and small boat harbors from the mandatory public bidding requirements under the State's procurement laws.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the public bidding process can create significant delays when a department attempts to replace a parking vendor. Your Committee further finds that this measure will allow departments the ability to create parking plans that are more advantageous to the State and can be tailored to specific locations and conditions on a case-by-case basis.

Your Committee has amended this measure by changing its effective date to July 1, 2112, to encourage further discussion.

Your Committee is concerned that exempting all parking lot contracts from the State Procurement Code as the means to address the handling of funds for contracts from parking lot vendors is vastly overbroad, especially given that there are allegedly multiple vendors that can and will bid on such contracts if given the chance. Your Committee respectfully requests your Committee on Consumer Protection & Commerce, should it choose to deliberate on this measure, to look at more precise language that would address this issue without creating a blanket exemption that will raise additional issues of transparency and accountability in parking lot contracts.

Should a Committee on Conference be established to deliberate on this measure, your Committee respectfully requests that the Chairperson of your Committee on Water & Land be included as a co-chair on the Committee on Conference.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2726, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2726, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1144-22 Government Reform on S.B. No. 3350**

The purpose of this measure is to require that any procurement change order that increases a contract cost by more than fifty percent or substantially changes the scope of work be considered a new contract for procurement purposes, except if the head of a purchasing agency determines that approval of the change order is in the best interest of the State.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual. Your Committee received comments on this measure from the Board of Directors of the Honolulu Authority for Rapid Transportation.

Your Committee finds that procurement often experiences increased costs due to change orders. Your Committee further finds that where a change order increases the contract cost by more than fifty percent, it effectively results in a new and additional procurement that bypasses the procurement process. This measure increases accountability in the procurement process while also giving purchasing agencies the flexibility to address and mitigate unusual circumstances when it is in the best interest of the State.

Your Committee has amended this measure by:

- (1) Removing language that would have required any procurement change order that substantially changed the scope of work of a contract to be considered a new contract for procurement purposes; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee is still very concerned that mandating a new bidding contract, if the scope increases by fifty percent or more, could create long delays for the projects by having to go through the entire bidding process again, and a large important project, such as the Kihei High School project, could be further delayed if this measure were enacted. Your Committee respectfully requests your Committee on Consumer Protection & Commerce, should it choose to deliberate this measure, to reexamine these concerns.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3350, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3350, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1145-22 Government Reform on S.B. No. 3252**

The purpose of this measure is to:

- (1) Impose a cap on the costs charged for the reproduction of certain government records;
- (2) Waive reproduction costs for the first one hundred pages of a government record if the record's disclosure is in the public interest;
- (3) Waive the cost of duplication of government records provided to requestors in an electronic format;
- (4) Impose a cap on costs charged for searching for, reviewing, and segregating government records; and
- (5) Provide for a waiver of fees when the public interest is served by a government record's disclosure.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, Hawaii Chapter of the Society of Professional Journalists, Civil Beat Law Center for the Public Interest, Common Cause Hawaii, and two individuals. Your Committee received testimony in opposition to this measure from the Department of Design and Construction of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Land and Natural Resources, Department of Budget and Finance, Hawaii State Archives, Office of Information Practices, Employees' Retirement System, Honolulu Police Department, and Grassroot Institute of Hawaii.

Your Committee finds that public records laws are a critical mechanism to maintain government accountability and transparency and support citizen involvement in government decision-making. Your Committee further finds that excessive fees for record requests are an obstacle to any general policy of open government and discourage the public from learning more about government operations.

Your Committee further finds that by limiting the cap on costs for searching for, reviewing, and segregating government records to digital records only will address the concerns that exorbitant resources will be needed to accomplish this requirement.

Your Committee has amended this measure by:

- (1) Removing language that waived the reproduction costs for the first one hundred pages of certain government records if disclosure was in the public's interest;
- (2) Specifying that the cap on costs charged for searching for, reviewing, and segregating government records applies to digital government records; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to deliberate on this measure, to consider appropriating funds for the establishment of ten full-time equivalent staff positions (10.0 FTE) in the Hawaii State Archives to assist with its mission and increase public access to historical documents and artifacts.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3252, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3252, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1146-22 Government Reform on S.B. No. 3282**

The purpose of this measure is to:

- (1) Authorize the Comptroller to mandate the transfer of governmental records to the State Records Center and the time period at which the records should be transferred; and
- (2) Appropriate monies from the general fund, special funds, and American Rescue Plan funds for the statewide digitization of government records through the Office of Enterprise Technology services.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology Services. Your Committee received comments on this measure from the Department of Accounting and General Services and Department of Budget and Finance.

Your Committee finds that governmental records must be stored and accessible for the entire period of their legal retention schedules and destroyed at the expiration of their retention period. Your Committee further finds that governmental records are most efficiently and effectively managed when they are transferred to mass storage facilities once their immediate business needs have been satisfied. Your Committee believes that it is in the best interest of the State and the public to ensure that governmental records are managed in as cost- and space-effective means as possible.

Your Committee has amended this measure by:

- (1) Deleting language that made appropriations from the general fund, special funds, and American Rescue Plan funds for the digitization of certain government records through the Office of Enterprise Technology Services;
- (2) Inserting a blank appropriation for the Office of Technology Services for operating costs and equipment for the State Records Center and for an unspecified number of full-time equivalent positions at the Hawaii State Archives to assist agencies in the identification and transfer of certain government records to the Hawaii State Archives;
- (3) Changing its effective date to July 1, 2112, to encourage further discussion; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to deliberate on this measure, to consider appropriating \$275,000 to the Office of Enterprise Technology Services for the operating costs and equipment necessary to administer the State Records Center, with \$108,000 of this sum to be used to fund the salary of two full-time equivalent (2.0 FTE) positions within the Hawaii State Archives.

Your Committee respectfully further requests your Committee on Finance to examine whether American Rescue Plan monies are a permissible type of funding for this measure and to examine any impacts on the Elementary and Secondary School Emergency Relief funds received by the State, as noted by the Department of Budget and Finance in their testimony.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3282, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3282, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 1147-22 Energy & Environmental Protection on S.B. No. 2720**

The purpose of this measure is to:

- (1) Allow for new electric vehicle charging stations having a single port to qualify for a rebate under the Electric Vehicle Charging Station Rebate Program (Rebate Program);
- (2) Increase flexibility of the Public Utilities Commission to administer the Rebate Program;
- (3) Increase the maximum percentage of Rebate Program appropriations that may be expended for administrative costs; and
- (4) Allow for marketing and outreach expenses to be included within allowable administration costs of the Rebate Program.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office; Public Utilities Commission; City and County of Honolulu Department of Design and Construction; City and County of Honolulu Office of Climate Change, Sustainability and Resiliency; Climate Protectors Hawai'i; Maui Nui EV Association; Kauai Climate Action Coalition; Aloha Animal Advocates; Pele Lani Farm LLC; Hawaiian Electric Company; Ulupono Initiative; 350Hawaii.org.; KauaiEV; Kauai Women's Caucus; Kaua'i Island Utility Cooperative; Tesla; Big Island Electric Vehicle Association; Hawaii Electric Vehicle Association; Alliance for Automotive Innovation; Blue Planet Foundation; Retail Merchants of Hawaii; Environmental Caucus of the Democratic Party of Hawai'i; and numerous individuals. Your Committee received comments on this measure from Hawai'i Energy.

Your Committee finds that the State has committed to eliminating fossil fuels from the electricity and ground transportation sectors and to achieving a zero-emissions clean economy in Hawaii by 2045. Additionally, meeting the State's clean energy goals and commitments necessitates the rapid transition to zero-emission vehicles, including supporting electric vehicle charging infrastructure. This measure provides more flexibility in the Rebate Program to ensure that the program is adequately deploying rebates to priority locations in furtherance of the State's clean energy and carbon reduction goals.

Your Committee has amended this measure by:

- (1) Inserting language that appropriates \$500,000 out of the electric vehicle charging system subaccount for fiscal year 2021-2022 for the Electric Vehicle Charging System Rebate Program;
- (2) Inserting language that appropriates \$1,000,000 out of the electric vehicle charging system subaccount for fiscal year 2022-2023 for the Electric Vehicle Charging System Rebate Program;
- (3) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2720, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2720, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1148-22 Energy & Environmental Protection on S.B. No. 2483**

The purpose of this measure is to:

- (1) Include as an objective in energy-related planning for the State's facility systems that all new utility scale electricity generation projects be renewable;
- (2) Include state policies that ensure short- and long-term provision of adequate, reasonably priced, and dependable energy services and that electrical energy sources are renewable;
- (3) Update the State's policies to prioritize the dispatch of renewable energy generation, include in least-cost determinations the benefits of non-fossil fuel sources to maximize the reduction in consumption of fossil fuels, and include the use of non-fossil fuel sources in the development or expansion of energy systems; and
- (4) Appropriate funds for the Hawaii Natural Energy Institute at the University of Hawaii to study the benefits and costs of dispatching renewable energy resources.

Your Committee received testimony in support of this measure from the Hawai'i Natural Energy Institute, Tawhiri Power LLC, Hawaii Clean Power Alliance, and seventeen individuals. Your Committee received testimony in opposition to this measure from Hawaiian Electric Company. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that the successful deployment of renewable energy projects is integral to the State achieving its goal of one hundred percent renewable energy by 2045. Your Committee further finds that in pursuing the development of multiple renewable energy sources throughout the State, it is important to evaluate and align the dispatch of these sources with ongoing state energy planning efforts.

Your Committee has amended this measure by:

- (1) Deleting the preamble, all amendments to the Hawaii State Planning Act to state objectives and policies for energy facility systems, and the appropriation to the Hawaii Natural Energy Institute;

- (2) Specifying that the Hawaii Natural Energy Institute shall evaluate the benefits and costs of dispatching renewable energy resources considering the context of ongoing state energy planning efforts; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2483, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2483, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1149-22 Energy & Environmental Protection on S.B. No. 3325**

The purpose of this measure is to:

- (1) Establish the Hawaii Farmland and Forest Soil Health Carbon Smart Incentive Program to incentivize carbon sequestration activities through contracts that provide for compensation for eligible practices by program participants; and
- (2) Appropriate funds for positions and administration of the Program.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, one member of the Hawai'i County Council, Hawaii Cattlemen's Council, Zero Waste Hawaii Island, The Nature Conservancy – Hawai'i and Palmyra, Climate Protectors Hawai'i, 350Hawaii.org, Hawai'i Farm Bureau, Environmental Caucus of the Democratic Party of Hawai'i, Hawai'i Alliance for Progressive Action, Kauai Women's Caucus, and fifteen individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, and Office of Planning and Sustainable Development.

Your Committee finds that the State needs to reduce its contribution to climate change, increase local food production, improve soil health, and secure resilient water sources. Incentivizing nature-based actions that are soil health and carbon negative provide rich, diverse co-benefits to the State, such as restoring, maintaining, and improving landscape soil health and water security through payment for service programs. This measure would increase the State's food and water security, while also allowing small farmers, ranchers, foresters, and landowners and lessees to be compensated for taking measures to help Hawaii reach its climate readiness goals.

Your Committee has amended this measure by:

- (1) Renaming the Hawaii Farmland and Forest Soil Health Carbon Smart Incentive Program as the Hawaii Carbon Smart Land Management Assistance Pilot Program (Pilot Program);
- (2) Establishing the Pilot Program as a three-year program under the Department Land and Natural Resources;
- (3) Deleting language that would have required the Greenhouse Gas Sequestration Task Force to establish a review committee to review program applications and submit a report to the Legislature;
- (4) Deleting language that would have appropriated funds to the Office of Planning and Sustainable Development for the administration of the Hawaii Farmland and Forest Soil Health Carbon Smart Incentive Program and five full-time permanent positions;
- (5) Clarifying that the appropriations to the Department of Agriculture and Department of Land and Natural Resources shall be for positions to support the Pilot Program and provide assistance; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3325, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3325, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1150-22 Energy & Environmental Protection on S.B. No. 2510**

The purpose of this measure is to:

- (1) Establish a state energy policy that requires the State to maintain a diversified renewable energy portfolio to include firm and intermittent renewable energy to ensure grid reliability;
- (2) Establish a state energy policy that requires at least fifty-five percent of renewable energy to be generated by firm renewable energy and for renewable energy to replace fossil fuel energy and achieve one hundred percent renewable energy generation;
- (3) Amend other statutory provisions to achieve at least fifty-five percent firm renewable energy generation for each island; and
- (4) Require the Office of Planning and Sustainable Development to update the energy state functional plan.

Your Committee received testimony in support of this measure from the International Longshore and Warehouse Union Local 142, Local 100, and Hawaii Longshore Division; Hawaii Bioeconomy Trade Organization; Pacific Biodiesel Technologies; International Brotherhood of Electrical Workers Local 1260; Par Hawaii; Hawaii Clean Power Alliance; Hawai'i Farm Bureau; and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii State Energy Office, Tawhiri Power LLC, Practical Policy Institute of Hawaii, 350Hawaii.org, Climate Protectors Hawai'i, and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Commerce and Consumer Affairs, Office of Planning and Sustainable Development, Hawai'i Natural Energy Institute, Hawaiian Electric Company, and Kaua'i Island Utility Cooperative.

Your Committee finds that there is an increasing need to promote renewable energy and sustainability to meet the State's goal of one hundred percent renewable energy by 2045 and the State must consider a variety of renewable energy sources to address the needs of the State and provide clean energy to Hawaii's people. Therefore, it is critical to create a framework of how the State will achieve its goals in an expeditious and thoughtful manner to ensure that residents and businesses benefit from reliable, resilient, and affordable energy.

Your Committee has amended this measure by:

- (1) Deleting its purpose section;

- (2) Clarifying the objectives of state energy policy, including consideration of:
  - (A) A reduction of reliance on energy imports;
  - (B) Ensuring that all new utility scale electricity generation projects are renewable;
  - (C) A balance of grid resources to achieve certain goals and targets;
  - (D) Reliable replacement of fossil fuel generation with balanced grid resources; and
  - (E) Achieving an appropriate balance of firm renewable energy generation with other grid resources;
- (3) Deleting language that would have set a minimum percentage for firm renewable energy generation for each island;
- (4) Deleting language that would have required the Office of Planning and Sustainable Development to submit to the Legislature a concurrent resolution for review of the proposed firm renewable energy generation minimum percentage and proposed extension of fossil fuel generation;
- (5) Deleting language that would have limited the percentage of any one type of renewable energy source for each island;
- (6) Deleting language that would have authorized the Legislature to grant no more than three consecutive three-year extensions related to the prohibition on fossil fuel generation after 2045;
- (7) Clarifying the definition of "firm renewable energy";
- (8) Inserting a definition for "grid resources";
- (9) Deleting language that would have required and appropriated funds for the Office of Planning and Sustainable Development to update the energy state functional plan and submit an annual report to the Legislature regarding the status of the plan and related policies;
- (10) Deleting language that would have required and appropriated funds for the Hawaii Natural Energy Institute to conduct a study to update the minimum percentage of firm renewable generation for each island and maximum proportion of any one renewable energy source on each island; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2510, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2510, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1151-22 Energy & Environmental Protection on S.B. No. 2474**

The purpose of this measure is to:

- (1) Require the Public Utilities Commission to establish reliability standards and interconnection requirements for all electric utilities and all users, owners, or operators of the Hawaii electric system;
- (2) Establish a timeline and requirements for interconnection procedures to be established by the Public Utilities Commission for certain utility-scale renewable energy projects;
- (3) Make the Public Utilities Commission's contracting for the Hawaii Electric Reliability Administrator mandatory rather than discretionary; and
- (4) Require the Public Utilities Commission to submit a report and assessment of the Hawaii Electric Reliability Administrator to the Legislature.

Your Committee received testimony in support of this measure from the Hawaii Clean Power Alliance and one individual. Your Committee received testimony in opposition to this measure from Hawaiian Electric Company. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Public Utilities Commission.

Your Committee finds that accelerating the development of renewable energy to reduce greenhouse gases will help the State achieve its goal of a one hundred percent renewable portfolio standard by 2045. However, significant delays in transitioning from fossil fuel plants make it difficult to plan for the design and construction of future utility-scale renewable energy projects. This measure will facilitate the timely interconnection of utility-scale renewable energy projects, helping the State achieve its renewable portfolio standard goals in a timely manner and reducing greenhouse gas emissions.

Your Committee has amended this measure by:

- (1) Deleting certain findings related to electric grid reliability issues;
- (2) Authorizing the Public Utilities Commission to determine timelines and deadlines relating to any interconnection procedures;
- (3) Specifying that the procedures for interconnection also apply to community-based renewable energy projects;
- (4) Deleting language that would have required the Public Utilities Commission to contract for the performance of some of its duties by the Hawaii Electricity Reliability Administrator and submit a report and assessment to the Legislature;
- (5) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2474, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2474, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1152-22 Energy & Environmental Protection on S.B. No. 2196**

The purpose of this measure is to require cooperative housing corporations, homeowners associations, planned community associations, and condominium associations to develop plans to incorporate zero-emissions fueling stations, including electric vehicle charging stations, onto any of its residential properties that are constructed after January 1, 2023.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Kauai Women's Caucus, Climate Protectors Hawai'i,

Maui Nui EV Association, Kauai Climate Action Coalition, Hawaiian Electric Company, KauaiEV, Big Island Electric Vehicle Association, Tesla, Hawaii Electric Vehicle Association, Pearl City Neighborhood Board No. 21, and numerous individuals. Your Committee received testimony in opposition to this measure from the Building Industry Association of Hawaii and NAIOP Hawaii. Your Committee received comments on this measure from Associa, Community Associations Institute, and Alliance for Automotive Innovation.

Your Committee finds that it is critical to encourage behavior that promotes lower emissions, reduces congestion, and enhances mobility. Zero-emission vehicles, such as electric vehicles, play an integral role in Hawaii's clean energy future and are much less expensive to power per mile than their gasoline counterparts. With the continued growth of electric vehicle adoption by consumers, this measure ensures the availability and convenience of necessary infrastructure to support electric vehicle use.

Your Committee has amended this measure by:

- (1) Inserting language to prohibit the issuance of building permits for any new multi-family residential building that has ten or more parking stalls, unless the building's parking stalls are electric vehicle charger ready;
- (2) Changing the term "fueling station" to "infrastructure" and the term "charging station" to "charging system"; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2196, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2196, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1153-22 Energy & Environmental Protection on S.B. No. 2511**

The purpose of this measure is to expand the renewable energy technologies income tax credit to include firm renewable energy systems, with the credit capped at the lesser of a percentage of the actual cost or \$750,000 per system.

Your Committee received testimony in support of this measure from the Hawaii Bioeconomy Trade Organization, Hawaiian Electric Company, Par Hawaii, Hawaii Clean Power Alliance, and seventeen individuals. Your Committee received testimony in opposition to this measure from 350Hawaii.org and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Hawaii State Energy Office, Climate Protectors Hawai'i, and Tax Foundation of Hawaii.

Your Committee finds that the development of utility-scale renewable energy is critical to meeting the State's clean energy and carbon reduction goals. Because the development of firm renewable energy systems requires a significant outlay of investment and resources, this measure provides incentives through tax credits to develop more firm renewable energy generation based on local resources, improving the State's energy diversity, reliability, and stability.

Your Committee has amended this measure by:

- (1) Clarifying that the tax credit shall be based on the total output capacity of a firm renewable energy system, to be consistent with how other existing renewable energy systems are measured;
- (2) Clarifying the definition of "firm renewable energy system" by inserting a definition for "renewable energy";
- (3) Making the renewable energy technologies income tax credit unavailable for renewable energy technology systems installed and placed in service after December 31, 2045; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2511, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2511, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1154-22 Energy & Environmental Protection on S.B. No. 2570**

The purpose of this measure is to:

- (1) Rename the Electric Vehicle Charging System Rebate Program as the Zero-Emission Vehicle Infrastructure Rebate Program (Rebate Program) and expand the Rebate Program to apply to hydrogen refueling stations in addition to electric vehicle charging systems;
- (2) Allow the installation of a new zero-emission vehicle fueling system to a hydrogen refueling station or upgrade of an existing zero-emission vehicle fueling system to a hydrogen refueling station to qualify for the Rebate Program; and
- (3) Increase the maximum total rebate amount that may be issued per year under the Rebate Program.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Servco Pacific Inc., Ulupono Initiative, Hawai'i Gas, Alliance for Automotive Innovation, and one individual. Your Committee received testimony in opposition to this measure from the Kauai Women's Caucus, KauaiEV, Hawaii Electric Vehicle Association, Climate Protectors Hawai'i, Maui Nui EV Association, Environmental Caucus of the Democratic Party of Hawai'i, Kauai Climate Action Coalition, Aloha Animal Advocates, Pele Lani Farm LLC, 350Hawaii.org, and numerous individuals. Your Committee received comments on this measure from the Public Utilities Commission, Hawai'i Energy, and one individual.

Your Committee finds that zero-emission vehicles play an integral role in Hawaii's clean energy future. With the continued growth of electric vehicle adoption by consumers, expanding the types of zero-emission vehicle fueling systems that qualify for the rebate program will provide additional clean energy infrastructure and clean mobility solutions for Hawaii residents and visitors.

Your Committee has amended this measure by:

- (1) Establishing a new Zero-Emission Vehicle Fueling System Rebate Program, rather than adding the installation and upgrade of hydrogen refueling stations to the Electric Vehicle Charging System Rebate Program;
- (2) Establishing a hydrogen fueling system subaccount within the Public Utilities Commission Special Fund;
- (3) Reducing the allocation that the Energy Systems Development Special Fund receives from the Environmental Response, Energy, and Food Security

Tax from 8 cents to 5 cents and allocating the difference to the hydrogen fueling system subaccount; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2570, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2570, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Perruso, Tokioka, Matsumoto). Noes, 1 (Matayoshi). Excused, none.

#### **SCRep. 1155-22 Education on S.B. No. 3209**

The purpose of this measure is to appropriate funds to the Department of Education for fiscal year 2022-2023 for twenty-one additional hours of professional development for teachers.

Your Committee received testimony in support of this measure from the Department of Education, University of Hawaii at Manoa College of Education, State Public Charter School Commission, Hawaii Teacher Standards Board, Hawaii State Teachers Association, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that professional development for teachers is a vital way to ensure teachers can use the best, research-based educational practices within their classrooms. Your Committee further finds that in the collectively-bargained agreement between the Board of Education and the exclusive representative of bargaining unit (5), representing teachers, there was a memorandum of understanding that allowed for twenty-one additional hours to be added to the teachers' workday without students. These twenty-one hours were to be used for job-embedded professional development to provide benefits, including a formalized structure for organizing training and learning time, reducing the need for substitute teachers, and eliminating teacher absences from classes for training. However, this memorandum of understanding expired on June 30, 2021, and because funding was not available, the memorandum of understanding was not renewed. This measure will provide the funding for the twenty-one hours for teachers to use for professional development.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3209, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Ohno, Okimoto).

#### **SCRep. 1156-22 Education on S.B. No. 2820**

The purpose of this measure is to appropriate funds for various teacher differentials to address various labor shortages in the areas of special education, hard-to-staff geographic locations, and Hawaiian language immersion programs.

Your Committee received testimony in support of this measure from the Department of Education, State Public Charter School Commission, University of Hawaii at Mānoa College of Education, Hawaii Teacher Standards Board, Democratic Party of Hawai'i Education Caucus, 'Aha Kauleo, Hawaii State Teachers Association, Democratic Party of Hawaii Labor Caucus, Hui for Excellence in Education, Early Childhood Action Strategy, Special Education Advisory Council, and numerous individuals. Your Committee received testimony in support of this measure from the Executive Office on Early Learning. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining and one individual. Your Committee received comments on this measure from the Department of Budget and Finance; Employees' Retirement System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the recruitment and retention of qualified teachers is essential to the success of Hawaii's public education system. Your Committee further finds that the State continues to face a chronic teacher shortage in special education positions, hard-to-staff geographic locations, and Hawaiian language immersion programs. This measure will appropriate funds for teacher differentials that will help to address the State's teacher shortage in these areas.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2820, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Ohno, Okimoto).

#### **SCRep. 1157-22 Education on S.B. No. 1347**

The purpose of this measure is to require the Department of Education to offer training to teachers and school staff on how to prevent and respond to potential cases of sex trafficking.

Your Committee received testimony in support of this measure from the Democratic Party of Hawai'i Education Caucus, Imua Alliance, Hawaii Children's Action Network Speaks!, Hawaii State Teachers Association, and Hawaii Youth Services Network. Your Committee received testimony in support of the intent of this measure from the Department of Education and Department of Human Services.

Your Committee finds that sexual exploitation of children is a serious problem in the State and can be best addressed by increasing awareness and training within state agencies. Your Committee further finds that this measure will provide the training necessary for teachers, educational officers, and other Department of Education staff to protect Hawaii's public school students from sexual exploitation.

Your Committee has amended this measure by:

- (1) Authorizing, rather than requiring, the Department of Education to offer training to teachers and school staff on how to prevent and respond to potential cases of sex trafficking;
- (2) Changing its effective date to July 1, 2051; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1347, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1347, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Ohno, Okimoto).

**SCRep. 1158-22 Education on S.B. No. 2823**

The purpose of this measure is to establish and appropriate funds for a Nationally Certified School Psychologist Incentive Program within the Department of Education.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association; Hui for Excellence in Education; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Association of School Psychologists; and twenty individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Education.

Your Committee finds that the establishment of a Nationally Certified School Psychologist Incentive Program will help the State address the critical shortage of accredited school psychologists and will support children and youth by providing them access to professionals who engage in high quality, evidence-based practices.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2823, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Ohno, Okimoto).

**SCRep. 1159-22 Education on S.B. No. 2819**

The purpose of this measure is to:

- (1) Provide the Department of Education with the flexibility to allocate teacher compensation by repealing section 302A-627(a), Hawaii Revised Statutes; and
- (2) Appropriate funds for an experimental modernization project pursuant to section 78-3.5, Hawaii Revised Statutes, to address compensation equity issues and to make the necessary discretionary salary adjustments for certain teachers.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Standards Board, Aha Kauleo, Democratic Party of Hawaii Labor Caucus, and numerous individuals.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 1, which retained the contents of this measure and inserted language that statutorily establishes a teacher effectiveness support system, which:

- (1) Provides automatic step increases in salaries for each year of satisfactory service completed by educational assistants, public school teachers, and principals and vice principals; and
- (2) Increases the amount of time available to teachers for planning, preparation, and collaboration.

Your Committee received testimony in support of the proposed H.D. 1 from the University of Hawai'i at Mānoa College of Education, State Public Charter School Commission, Democratic Party of Hawai'i Education Caucus, Hawaii State Teachers Association, and Hui for Excellence in Education. Your Committee received testimony in support of the intent of the proposed H.D. 1 from the Executive Office on Early Learning. Your Committee received testimony in opposition to the proposed H.D. 1 from the Office of Collective Bargaining. Your Committee received comments on the proposed H.D. 1 from the Department of Education; Department of Budget and Finance; Employees' Retirement System; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that the recruitment and retention of qualified teachers is essential to the success of the State's public education system. Your Committee further finds that Hawaii continues to face a chronic teacher shortage, which undermines student learning and achievement. Your Committee notes that teacher salaries are inequitable when experienced senior teachers are aligned with less senior teachers in their placement within the existing salary schedules, often causing experienced teachers to retire or leave the profession. This measure will help address the State's chronic teacher shortage by making necessary discretionary salary adjustments for teachers by more closely basing salaries upon years of teaching experience.

Your Committee also finds that a step increase in salary for Department of Education staff for every additional year of public school service will help to retain experienced staff within the State's public school system. Additionally, providing teachers adequate time to prepare lessons and collaborate with colleagues to meet the needs of their students will greatly benefit Hawaii's children.

Your Committee has amended this measure by adopting the proposed H.D. 1. Your Committee has further amended the measure by:

- (1) Clarifying that teachers assigned to a school-level classroom instructional position shall be provided a minimum of forty-five continuous minutes per week, two times per week, for collaboration with peers;
- (2) Implementing the teacher collaboration provision beginning with the 2023-2024 school year;
- (3) Repealing of section 302A-624(c), Hawaii Revised Statutes;
- (4) Appropriating an unspecified amount of funds for the teacher effectiveness support system; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2819, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2819, S.D. 2, H.D. 1, and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Ohno, Okimoto).

**SCRep. 1160-22 Housing on S.B. No. 206**

The purpose of this measure is to prohibit discrimination in real estate advertisements and transactions based on participation in a housing assistance program or requirements related to participation in housing assistance programs.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Hawaii Public Housing Authority, Hawai'i Civil Rights Commission, State Council on Developmental Disabilities, Hawai'i State Commission on the Status of

Women, HOPE Services Hawaii, Ko'olaupoko Hawaiian Civic Club, Hawai'i State Coalition Against Domestic Violence, Hawaii Children's Action Network Speaks!, Catholic Charities Hawai'i, Partners In Care, St. Michael the Archangel Church, American Civil Liberties Union of Hawai'i, Planning for Community LLC, Family Promise of Hawaii, AF3IRM Hawai'i, Hawai'i Appleseed Center for Law & Economic Justice, Hawai'i Health & Harm Reduction Center, Stonewall Caucus of the Democratic Party of Hawai'i, and nine individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS and one individual.

Your Committee finds that the federal Fair Housing Act does not prohibit source of income discrimination; however, in recent years several states and Washington, D.C., have enacted laws that prohibit discrimination in housing based on lawful sources of income, including housing vouchers as a source of income. Additionally, source of income laws do not alter or restrict standard industry practices to vet prospective renters. Your Committee further finds that studies have shown that when there are laws to prevent discrimination against renters with housing vouchers, such renters are twelve percent more likely to find housing. In December 2021, the Hawaii Interagency Council on Homelessness prioritized addressing upfront barriers to accessing housing, such as source of income discrimination in rental housing, as a key priority for this legislative session.

Your Committee has amended this measure by:

- (1) Removing provisions related to blockbusting and other discrimination in real estate transactions based on participation in a housing assistance program or requirements related to participation in housing assistance programs;
- (2) Deleting the requirement that the Executive Director of the Hawaii Civil Rights Commission produce and publicize materials related to source of income discrimination in housing;
- (3) Narrowing the scope of rental discrimination based on source of income in the measure;
- (4) Establishing exemptions and amending the available remedies related to discriminatory practices in a rental transaction based on source of income;
- (5) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 206, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 206, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

#### **SCRep. 1161-22 Housing on S.B. No. 3324**

The purpose of this measure is to establish a working group to address housing subdivision infrastructure repair and maintenance for planned housing subdivisions that do not have compulsory community associations in counties with populations greater than 170,000 but less than 300,000.

Your Committee received testimony in support of this measure from three individuals.

Your Committees find that there is a lack of guidance on the rights and responsibilities of homeowners regarding housing subdivision infrastructure repair and maintenance in planned housing subdivisions that do not have compulsory homeowners or community associations. Your Committee also finds that these homeowners need a mechanism whereby they can organize an association to collect any fees required to repair and maintain infrastructure that abuts their property. This measure will create a task force to determine how to address this problem.

Your Committee has amended this measure by:

- (1) Specifying that the infrastructure repair and maintenance issues addressed by this measure relate to planned housing subdivisions that do not have compulsory homeowner, rather than community, associations;
- (2) Amending the composition of the working group;
- (3) Expanding the responsibilities of the working group to include addressing the location, condition, and cost of improving and maintaining substandard and deteriorating roads and other infrastructure and the development of one or two homeowner associations;
- (4) Requiring the working group to submit the report to the Legislature prior to the Regular Session of 2024 rather than the Regular Session of 2023;
- (5) Dissolving the working group on June 30, 2024, instead of on June 30, 2023;
- (6) Appropriating an unspecified amount of funds for the working group to be matched and expended by a county with a population greater than 170,000 but less than 300,000; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that should your Committee on Finance deliberate on this matter further, that it consider appropriating \$250,000 for fiscal year 2022-2023, to be matched by funds from a county with a population greater than 170,000 but less than 300,000.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3324, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3324, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

#### **SCRep. 1162-22 Housing on S.B. No. 3247**

The purpose of this measure is to address the housing needs of native Hawaiians who are currently on the Department of Hawaiian Home Lands application waitlist for homestead leases by requiring the Department of Hawaiian Home Lands to build sufficient rental housing, including apartment units and rent-with-option-to-buy housing units.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Hawaiian Home Lands and Department of the Attorney General.

Your Committee finds that in 2019, approximately 28,500 native Hawaiian adults were on the Department of Hawaiian Home Lands application waitlist for residential, farming, or ranching homesteads. The homelessness crisis in Hawaii is already serious, and the waitlist backlog exacerbates this crisis that already disproportionately affects native Hawaiians.

Your Committee further finds that this measure requires the Department of Hawaiian Home Lands to build sufficient rental housing, including apartment units and rent-with-option-to-buy housing units. However, according to testimony received by your Committee from the Department of Hawaiian Home Lands, its 2020 Beneficiaries Study Applicant Report indicated that seventy-six percent of applicants on the Department's waitlist preferred a lot with a single-family home or vacant lot for a house, while sixteen percent preferred a rental apartment, duplex, or townhouse, with the option to buy.

Your Committee has amended this measure by:

- (1) Deleting provisions that would have required the Department of Hawaiian Home Lands to build sufficient rental housing to satisfy the housing needs of native Hawaiians currently on the waitlist for homestead leases;
- (2) Requiring the Department of Hawaiian Home Lands to develop a strategic plan to meet certain housing preferences of waitlist applicants and submit the strategic plan to the Legislature no later than December 10, 2022;
- (3) Specifying that the strategic plan shall be divided by county and include recommended waitlist policies for native Hawaiians who are on the Department of Hawaiian Home Lands waitlist and receive mortgage or down payment assistance from the Department or who opt to live in rental housing developed by the Department; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3247, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3247, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

#### **SCRep. 1163-22 Housing/Water & Land on S.B. No. 2583**

The purpose of this measure is to exempt non-ceded lands set aside by the Governor to the Hawaii Housing Finance and Development Corporation from classification as public lands subject to Department of Land and Natural Resources management.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation. Your Committees received testimony in opposition to this measure from the Ko'olaupoko Hawaiian Civic Club and Ka Leo O Nā 'Ōpio. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that this measure will help streamline the development of affordable housing on state land by reducing the number of approvals required by the Department of Land and Natural Resources once the land is set aside to the Hawaii Housing Finance and Development Corporation.

As affirmed by the records of votes of the members of your Committees on Housing and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2583, S.D. 2, and recommend that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

Water & Land: Ayes, 7; Ayes with Reservations (Kong). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1164-22 Housing/Water & Land on S.B. No. 3261**

The purpose of this measure is to facilitate affordable housing development. Specifically, this measure:

- (1) Establishes the ALOHA Homes Program to facilitate the creation of low-cost, high-density leasehold homes for sale to Hawaii residents on state-owned lands near public transit stations;
- (2) Authorizes the Hawaii Housing Finance and Development Corporation to sell the leasehold interest in residential condominium units located on state lands for lease terms of ninety-nine years;
- (3) Exempts non-ceded lands set aside by the Governor to the Hawaii Housing Finance and Development Corporation from classification as public lands subject to Department of Land and Natural Resources management;
- (4) Requires the Hawaii Housing Finance and Development Corporation to conduct a detailed market study of leasehold housing in the State;
- (5) Requires the Hawaii Housing Finance and Development Corporation to convene a working group to study the implementation of the ALOHA homes program; and
- (6) Appropriates funds for the Hawaii Housing Finance and Development Corporation to implement the ALOHA Homes Program.

Your Committees received testimony in support of this measure from the Policy Advisory Board for Elder Affairs, Church of the Crossroads; Faith Action for Community Equity; Habitat for Humanity Hawaii Island, Inc.; Community Alliance Partners; and four individuals. Your Committees received testimony in opposition to this measure from the Hawaii Housing Finance and Development Corporation, Sierra Club of Hawai'i, Jr. Ko'olaupoko Hawaiian Civic Club, Ka Leo O Nā 'Ōpio, Kupuna for the Mo'opuna, and one individual. Your Committees received comments on this measure from the Department of Budget and Finance, Grassroot Institute of Hawaii, Hawaii Budget and Policy Center, and one individual.

Your Committees find that the cost and availability of housing in the State, particularly for low- to middle-income families, are significant challenges for Hawaii residents. The State and housing developers have not been able to produce enough affordable housing due to several barriers that hinder the production of new housing, such as geographic limitations, lack of major infrastructure, construction costs, and government regulation.

Your Committees recognize that development of affordable housing is a lengthy and complex development process that requires in-depth knowledge of the costs and factors associated with development. One solution to the affordable housing shortage is to have the State and counties work together to implement leasehold housing for local residents. Your Committees find that state-supported leasehold housing can offer more affordable ownership options than the private market and can be reserved entirely for local residents. The formation of a working group can help determine the best framework for how state and county agencies can work together to create leasehold housing options for residents and support housing options that are a component of providing affordable homes in the State.

Your Committees have amended this measure by:

- (1) Deleting provisions that would have established the ALOHA Homes Program;

- (2) Deleting provisions that would have authorized the Hawaii Housing Finance and Development Corporation to sell the leasehold interest in residential condominium units located on state lands;
- (3) Deleting provisions that would have exempted non-ceded lands set aside by the Governor to the Hawaii Housing Finance and Development Corporation from classification as public lands;
- (4) Deleting provisions that would have required the Hawaii Housing Finance and Development Corporation to conduct a market study of leasehold housing;
- (5) Requiring the Hawaii Housing Finance and Development Corporation to convene a working group in cooperation with the counties and other housing experts to study the implementation of leasehold housing on publicly-owned, non-ceded lands near public transit stations in each county;
- (6) Specifying the membership of the working group and the focus of the working group's study;
- (7) Requiring the working group to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than December 10, 2023;
- (8) Changing the appropriation to support the activities of the working group;
- (9) Updating the preamble; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 3261, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 3261, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 8. Noes, none. Excused, 1 (McDermott).

Water & Land: Ayes, 7; Ayes with Reservations (Kong). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1165-22 Water & Land on S.B. No. 2382**

The purpose of this measure is to prohibit the issuance of cabaret licenses to any premises located within an apartment mixed use subprecinct within a special improvement or special district in which the economy is primarily based on tourism.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that certain establishments holding class 11 cabaret licenses issued by county liquor authorities have created public safety and noise issues for residents and visitors, especially in resort areas where cabarets are permitted to conduct business until 4:00 a.m. throughout the entire week. This measure would restrict the issuance of cabaret licenses within the apartment mixed use subprecinct of the Waikiki Special District to assist with reducing noise and crime, strengthening public safety, and improving the quality of life for residents and visitors.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2382, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2382, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1166-22 Water & Land on S.B. No. 2767**

The purpose of this measure is to make a one-time appropriation to the Department of Land and Natural Resources to bring the State's program of fish aggregation devices up to full capacity.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.; and seven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the State's system of fish aggregation devices, maintained by the Hawaii Institute of Marine Biology, provides enhanced fishing opportunities for island fishers. According to the Department of Land and Natural Resources, an average of fifteen fish aggregation devices go missing each year, and the Department has been unable to keep up with the replacement of missing devices. A one-time infusion of funds to replace off-station fish aggregation devices and to replace devices in the coming year would bring the Fish Aggregation Device Program back to full capacity.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2767, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1167-22 Water & Land on S.B. No. 3027**

The purpose of this measure is to include in the State's policies for the physical environment under the Hawaii State Planning Act the development of a statewide beach assessment study and a beach and shoreline restoration and conservation plan to regularly assess beach and shoreline erosion and develop feasible beach and shoreline restoration or conservation options.

Your Committee received comments on this measure from the Department of Land and Natural Resources and Office of Planning and Sustainable Development.

Your Committee finds that by safeguarding the health of Hawaii's beaches and shorelines, this measure will benefit coastal ecosystems, public beach and shoreline access, recreational opportunities, cultural practices, and the State's tourism-driven economy.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3027, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 1168-22 Water & Land on S.B. No. 2757**

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources for the development of a comprehensive inventory of historic properties and burial sites, including for a state-of-the-art archaeological surface survey integrating the use of remote sensing, aerial, and satellite imagery; data collection on the location of burial sites; and an inventory of historic buildings, structures, and other properties.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Historic Hawai'i Foundation. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that comprehensive statewide inventories of historic properties and burial sites are critical to managing and protecting these places in Hawaii. Your Committee further finds that the absence of comprehensive statewide inventories can delay project planning because developers, planners, and state and county agencies lack key information on the location of historic properties and burial sites.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2757, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 1169-22 Water & Land on S.B. No. 2766**

The purpose of this measure is to require the Office of Planning and Sustainable Development to perform a study to assess the rural district framework within the land use law and make recommendations for revisions to rural district policies and permissible uses within the rural district, including a legal analysis of regulatory issues and safeguards that must be addressed to facilitate the reclassification of lands from the agricultural district to the rural district.

Your Committee received testimony in support of this measure from the Department of Agriculture, Office of Planning and Sustainable Development, Hawai'i Farm Bureau, and two individuals. Your Committee received testimony in opposition to this measure from the Land Use Commission and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Office of Planning and Sustainable Development completed a state land use review of districts report pursuant to section 205-18, Hawaii Revised Statutes, in January 2022, which found that the potential for preserving much of Hawaii's open space, rural communities, and working lands may be realized by redefining the policy framework for the rural district and facilitating the reclassification of lands from the agricultural to the rural district to accommodate lower-density rural settlement patterns and subsistence farming lifestyles. This measure would facilitate greater use of the rural district, distinguish rural communities and subsistence farms from working or commercial agricultural lands, and allow better protection of productive agricultural lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2766, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 1170-22 Water & Land on S.B. No. 2768**

The purpose of this measure is to:

- (1) Authorize the Governor to designate the Department of Land and Natural Resources to administer or enter into an agreement for the administration of a green jobs youth corps to provide temporary work and training opportunities in the fields of natural resource management, agriculture, or other sustainability-related professions to young adults ages thirty-eight and younger; and
- (2) Require the Department to partner with an organization that has received accreditation from the Corps Center of Excellence Accreditation Program or has at least ten years of experience providing similar programming statewide in the State, or both.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i State Energy Office, Kupu, The Nature Conservancy - Hawai'i and Palmyra, Hawai'i Forest Industry Association, Hawaii Fish Company Inc., Re-use Hawai'i, Hawai'i Green Fee, Food+ Policy Internship 2022, Climate Protectors Hawaii, and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Act 9, Session Laws of Hawaii 2020, established a workforce and training program that, among other achievements, funded a short-term green jobs program. Your Committee further finds that Act 181, Session Laws of Hawaii 2021, subsequently authorized the Governor to designate the Department of Land and Natural Resources to administer or enter into an agreement or agreements for the administration of a green jobs youth corps program to provide temporary work and training opportunities in natural resource management, agriculture, conservation, renewable energy, or other sustainability professions, prioritizing participation by young adults between twenty and forty years of age. The nonprofit organization Kupu was selected to administer the green jobs youth corps program.

Your Committee further finds that under the green jobs youth corps program, known as the Kupu Aina Corps, over three hundred fifty displaced workers and recent graduates were matched with work and training opportunities across the State. Kupu's partnership with conservation and agricultural host sites enabled individuals to work in their own communities while also supporting Hawaii's economy and environment. This measure promotes economic diversification in the State in partnership with a qualified community organization.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2768, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 1171-22 Water & Land on S.B. No. 2626**

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources' Division of State Parks, Maui Parks Section, for the purchase of additional vehicles.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Maui Hotel & Lodging Association,

and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the aging vehicles currently used by the Maui Parks Section of the Division of State Parks require frequent maintenance and costly repairs. The vehicles funded by this measure are necessary for the Division of State Parks to perform its duties safely and efficiently.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2626, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1172-22 Water & Land on S.B. No. 872**

The purpose of this measure is to add the Chairperson of the Hawaiian Homes Commission, or the Chairperson's designee, as an ex officio, voting member of the Commission on Water Resource Management.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Hawaii State Aha Moku, League of Women Voters of Hawaii, Environmental Caucus of the Democratic Party of Hawai'i, Hui Iwi Kuamo'o, and two individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources.

Your Committee finds that including the Chairperson of the Hawaiian Homes Commission, or the Chairperson's designated representative, as an ex officio, voting member of the Commission on Water Resource Management would directly advance and protect the interests of the beneficiaries of the Hawaiian Homes Commission Act.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 872, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (B. Kobayashi). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1173-22 Water & Land on S.B. No. 2398**

The purpose of this measure is to:

- (1) Create the Pulehunui Community Development District to allow for planning, development, and maintenance of public lands in Pulehunui, Maui; and
- (2) Amend the Hawaii Community Development Authority membership to include the Director of Business, Economic Development, and Tourism, Chairperson of the Board of Land and Natural Resources, and director of the department of planning and permitting of each county, or their respective designees, in which a community development district is located.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Hawaiian Home Lands, and Hawaii Community Development Authority. Your Committee received testimony in opposition to this measure from the League of Women Voters of Hawaii and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the public lands in Pulehunui, Maui, are relatively underdeveloped and have strong potential for increased growth and development that can provide for the community's needs. Your Committee further finds that this measure allows the State to retain greater authority over the Hawaii Community Development Authority, which is a state-level agency.

Your Committee has amended this measure by:

- (1) Removing the provision that any rules that the Hawaii Community Development Authority may adopt on health, safety, building, planning, zoning, and land use for the Pulehunui Community Development District shall preempt all other inconsistent county ordinances and county rules relating to the use, zoning, planning, and development of land and construction within the District; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2398, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2398, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1174-22 Higher Education & Technology on S.B. No. 3038**

The purpose of this measure is to allow each member of the Information Privacy and Security Council to designate a designee to act on the member's behalf in order to ensure quorum at meetings.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology Services.

Your Committee finds that due to competing work priorities, the members of the Information Privacy and Security Council are often unable to attend meetings, resulting in the delay of important discussions and decision-making by the Council due to a lack of quorum. Your Committee further finds that for the sake of efficiency and flexibility, it is in the best interest of the public to allow each member of the Information Privacy and Security Council to appoint a designee to act on the member's behalf to ensure quorum.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3038 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

#### **SCRep. 1175-22 Labor & Tourism on S.B. No. 2782**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (1) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health

Systems Corporation; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that the State and the exclusive representative of collective bargaining unit (1) have reached an agreement, which was later ratified by the unit's members.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2782, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1176-22 Labor & Tourism on S.B. No. 2783**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (2) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that this measure provides a legislative vehicle that can be used if a collective bargaining agreement is reached or an arbitration award is issued prior to the end of the Regular Session of 2022.

Your Committee has amended this measure by changing the lapsing provision to clarify that funds appropriated or authorized for fiscal year 2021-2022 shall not lapse until the end of fiscal biennium 2021-2023.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2783, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2783, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1177-22 Labor & Tourism on S.B. No. 2784**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (3) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that this measure provides a legislative vehicle that can be used if a collective bargaining agreement is reached or an arbitration award is issued prior to the end of the Regular Session of 2022.

Your Committee has amended this measure by changing the lapsing provision to clarify that funds appropriated or authorized for fiscal year 2021-2022 shall not lapse until the end of fiscal biennium 2021-2023.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2784, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2784, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1178-22 Labor & Tourism on S.B. No. 2785**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (4) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that this measure provides a legislative vehicle that can be used if a collective bargaining agreement is reached or an arbitration award is issued prior to the end of the Regular Session of 2022.

Your Committee has amended this measure by changing the lapsing provision to clarify that funds appropriated or authorized for fiscal year 2021-2022 shall not lapse until the end of fiscal biennium 2021-2023.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2785, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2785, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1179-22 Labor & Tourism on S.B. No. 2786**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (5) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii State Teachers Association.

Your Committee finds that this measure provides a legislative vehicle that can be used if a collective bargaining agreement is reached or an arbitration award is issued prior to the end of the Regular Session of 2022.

Your Committee has amended this measure by changing the lapsing provision to clarify that funds appropriated or authorized for fiscal year 2021-2022 shall not lapse until the end of fiscal biennium 2021-2023.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with

the intent and purpose of S.B. No. 2786, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2786, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1180-22 Labor & Tourism on S.B. No. 2787**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (6) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that this measure provides a legislative vehicle that can be used if a collective bargaining agreement is reached or an arbitration award is issued prior to the end of the Regular Session of 2022.

Your Committee has amended this measure by changing the lapsing provision to clarify that funds appropriated or authorized for fiscal year 2021-2022 shall not lapse until the end of fiscal biennium 2021-2023.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2787, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2787, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1181-22 Labor & Tourism on S.B. No. 2788**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (7) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, University of Hawai'i System, and University of Hawaii Professional Assembly.

Your Committee finds that this measure provides a legislative vehicle that can be used if a collective bargaining agreement is reached or an arbitration award is issued prior to the end of the Regular Session of 2022.

Your Committee has amended this measure by changing the lapsing provision to clarify that funds appropriated or authorized for fiscal year 2021-2022 shall not lapse until the end of fiscal biennium 2021-2023.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2788, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2788, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1182-22 Labor & Tourism on S.B. No. 2789**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (8) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that this measure provides a legislative vehicle that can be used if a collective bargaining agreement is reached or an arbitration award is issued prior to the end of the Regular Session of 2022.

Your Committee has amended this measure by changing the lapsing provision to clarify that funds appropriated or authorized for fiscal year 2021-2022 shall not lapse until the end of fiscal biennium 2021-2023.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2789, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2789, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1183-22 Labor & Tourism on S.B. No. 2790**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (9) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the State and the exclusive representative of collective bargaining unit (9) have reached an agreement, which was later ratified by the unit's members.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2790, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1184-22 Labor & Tourism on S.B. No. 2791**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (10) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that this measure provides a legislative vehicle that can be used if a collective bargaining agreement is reached or an arbitration award is issued prior to the end of the Regular Session of 2022.

Your Committee has amended this measure by changing the lapsing provision to clarify that funds appropriated or authorized for fiscal year 2021-2022 shall not lapse until the end of fiscal biennium 2021-2023.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2791, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2791, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1185-22 Labor & Tourism on S.B. No. 2792**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (11) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO.

Your Committee finds that this measure provides a legislative vehicle that can be used if a collective bargaining agreement is reached or an arbitration award is issued prior to the end of the Regular Session of 2022.

Your Committee has amended this measure by changing the lapsing provision to clarify that funds appropriated or authorized for fiscal year 2021-2022 shall not lapse until the end of fiscal biennium 2021-2023.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2792, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2792, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1186-22 Labor & Tourism on S.B. No. 2794**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (13) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that this measure provides a legislative vehicle that can be used if a collective bargaining agreement is reached or an arbitration award is issued prior to the end of the Regular Session of 2022.

Your Committee has amended this measure by changing the lapsing provision to clarify that funds appropriated or authorized for fiscal year 2021-2022 shall not lapse until the end of fiscal biennium 2021-2023.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2794, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2794, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1187-22 Labor & Tourism on S.B. No. 2795**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (14) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that this measure provides a legislative vehicle that can be used if a collective bargaining agreement is reached or an arbitration award is issued prior to the end of the Regular Session of 2022.

Your Committee has amended this measure by changing the lapsing provision to clarify that funds appropriated or authorized for fiscal year 2021-2022 shall not lapse until the end of fiscal biennium 2021-2023.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2795, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2795, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

**SCRep. 1188-22 Labor & Tourism on S.B. No. 2796**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (15) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that this measure provides a legislative vehicle that can be used if a collective bargaining agreement is reached or an arbitration award is issued prior to the end of the Regular Session of 2022.

Your Committee has amended this measure by changing the lapsing provision to clarify that funds appropriated or authorized for fiscal year 2021-2022 shall not lapse until the end of fiscal biennium 2021-2023.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2796, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2796, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Holt, D. Kobayashi, Quinlan).

#### **SCRep. 1189-22 Economic Development on S.B. No. 2303**

The purpose of this measure is to authorize the Director of Taxation to exempt a taxpayer whose annual general excise tax liability does not exceed \$100 from monthly, quarterly, or semiannual general excise tax filing requirements if the taxpayer files an annual return.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that existing law requires all taxpayers to file periodic general excise tax returns on a monthly, quarterly, or semiannual basis depending on the total general excise tax liability each year. Your Committee further finds that any taxpayer who has a general excise tax liability as little as \$100 is still burdened with filing a semiannual return. This measure alleviates that burden by exempting a taxpayer whose tax liability does not exceed \$100 from this requirement, as long as the taxpayer files an annual return.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2303 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Okimoto).

#### **SCRep. 1190-22 Economic Development on S.B. No. 2805**

The purpose of this measure is to:

- (1) Establish the Hawaii Start-Up Business Loan Program and Hawaii Start-Up Business Loan Program Revolving Fund; and
- (2) Appropriate funds for the Hawaii Start-Up Business Loan Program.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Technology Development Corporation; Hawaii Food Industry Association; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the State is in need of an alternative source of financial assistance for new businesses and enterprises to expand and succeed in Hawaii. Many businesses that began during the coronavirus disease 2019 pandemic are having difficulty accessing capital at reasonable rates and terms. This measure would provide immediate working capital and equipment to new businesses and encourage the diversification of economic opportunities for the State's residents.

Your Committee has amended this measure by:

- (1) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2805, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2805, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Okimoto).

#### **SCRep. 1191-22 Economic Development on S.B. No. 2167**

The purpose of this measure is to:

- (1) Establish the motion picture, digital media, and film infrastructure tax credit; and
- (2) Appropriate funds for staff to manage the motion picture, digital media, and film infrastructure tax credit.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; University of Hawai'i System; and Island Film Group. Your Committee received testimony in opposition to this measure from the Department of Taxation. Your Committee received comments on this measure from the Department of Budget and Finance, Tax Foundation of Hawaii, and one individual.

Your Committee finds that the State's successful diversification of the economy through the film production industry is currently constrained by the severe lack of physical infrastructure. Your Committee further finds that the Hawaii Film Studio is the only stage complex in the entire State, which can only accommodate one television production at a time and is not fit for any large films. This measure is intended to incentivize the establishment of necessary film related infrastructure to attract more productions to the State, thereby generating more revenue and creating more jobs for residents.

Your Committee has amended this measure by:

- (1) Changing the amount of the tax credit to an unspecified percentage of the eligible infrastructure costs made by a taxpayer;
- (2) Changing the following to unspecified amounts:
  - (A) The total amount of tax credits allowed in any year; and

(B) The minimum amount of eligible infrastructure costs a film infrastructure project must have to qualify for the tax credit;

- (3) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2167, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2167, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, 1 (D. Kobayashi). Excused, 1 (Okimoto).

#### **SCRep. 1192-22 Economic Development on S.B. No. 2376**

The purpose of this measure is to:

- (1) Repeal the deferred payment purchase option for cigarette tax stamps; and
- (2) Require licensees to pay for cigarette tax stamps at the time of purchase using cash, certified check, or bank transfer.

Your Committee received testimony in support of this measure from the Department of Taxation and one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that existing law authorizes deferred payment purchases for cigarette stamp fees. However, your Committee finds that deferred payment purchase of cigarette stamps is no longer necessary and that having the taxpayer pay upon purchase is the most efficient way to administer the cigarette stamp program.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2376, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (Okimoto).

#### **SCRep. 1193-22 Culture, Arts, & International Affairs on S.B. No. 915**

The purpose of this measure is to authorize the issuance of special number plates to recognize and honor Duke Kahanamoku.

Your Committee received testimony in support of this measure from the Outrigger Duke Kahanamoku Foundation and eight individuals.

Your Committee finds that Duke Kahanamoku was an all-around waterman, a lifeguard and lifesaver, a swim record-setter, a swim and surf instructor, a five-time Olympic medalist in swimming, a sheriff of the City and County of Honolulu, and Hawaii's original ambassador of aloha. In addition to his accomplishments as a sportsman, he strongly advocated for water safety and swim education in the State. Your Committee further finds that it is appropriate to honor and recognize the contributions and accomplishments of Duke Kahanamoku by authorizing the issuance of special number plates with his name and likeness to further promote his legacy of aloha.

Your Committee has amended this measure by:

- (1) Clarifying the distribution of proceeds from additional fundraising fees;
- (2) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 915, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 915, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1194-22 Culture, Arts, & International Affairs on S.B. No. 2731**

The purpose of this measure is to appropriate funds to support the Bernice Pauahi Bishop Museum.

Your Committee received testimony in support of this measure from the Hawai'i State Foundation on Culture and the Arts, Hawai'i Tourism Authority, Bernice Pauahi Bishop Museum, Center for Hawaiian Sovereignty Studies, and Friends of Hoku'le'a and Hawai'iloa. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Bernice Pauahi Bishop Museum is a distinguished scientific, cultural, and educational institution for the State, whose mission is to perpetuate Hawaii's natural and cultural heritage. Your Committee further finds that the COVID-19 pandemic has significantly reduced the Bishop Museum's operating revenue due to the drop in visitors. Your Committee finds that it is necessary to appropriate funds to support the Bishop Museum's core functions and support ongoing operations to preserve irreplaceable cultural treasures.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2731, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2731, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1195-22 Culture, Arts, & International Affairs on S.B. No. 2202**

The purpose of this measure is to designate the month of April of each year as Volunteer Month in Hawaii.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that volunteers provide vital and valuable support to their communities, donating time and resources and providing services such as fundraising; preparing, distributing, or serving food; mentoring youth; supplying transportation; supporting and staffing fire and ambulance departments; and providing medical care. The contributions of volunteers have been particularly essential during the current coronavirus disease 2019 pandemic, with countless individuals volunteering their time, effort, and skill to administer vaccines and staff vaccination centers; conduct testing and contact tracing; and provide food, water, and other necessities to individuals in quarantine. Your Committee further finds that, on a national level, April has long been dedicated to the recognition of the services volunteers provide in their communities. This measure honors the good deeds performed by volunteers and encourages volunteerism by designating April of each year as Volunteer Month in Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2202, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2202, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1196-22 Culture, Arts, & International Affairs on S.B. No. 2059**

The purpose of this measure is to designate 'ōhi'a lehua as the state endemic tree.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Rapid 'Ōhi'a Death Statewide Outreach Coordinator, Wild Kids, Coordinating Group on Alien Pest Species, Hawaii Forest Industry Association, and numerous individuals.

Your Committee finds that 'ōhi'a lehua is a keystone species of Hawaii's native forests and is endemic to the State's six largest islands. 'Ōhi'a lehua grows in a variety of environments, and 'ōhi'a forests are estimated to cover over 800,000 acres statewide and are vital to protecting and conserving Hawaii's watersheds and native species. Your Committee further finds that 'ōhi'a lehua has a significant role in Native Hawaiian history and culture, represented in many chants, songs, and dances. The 'ōhi'a flowers make prized lei and are featured in art and clothing design, while the wood of the 'ōhi'a was historically used to make tools and weapons and is still regarded as a high-quality wood for construction and furniture. Your Committee finds it appropriate to recognize the importance of the 'ōhi'a lehua to the State and to bring awareness to current threats to 'ōhi'a lehua by designating the 'ōhi'a lehua as the state endemic tree.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2059, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2059, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1197-22 Higher Education & Technology on S.B. No. 2806**

The purpose of this measure is to appropriate funds to the Hawaii Technology Development Corporation for the Small Business Innovation Research Program.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Hawai'i Technology Development Corporation; Transform Hawai'i Government; Chamber of Commerce Hawaii; Makai Ocean Engineering, Inc.; HIplan; Nalu Scientific, LLC; 3D Innovations; Hyperspective; Hawaii Fish Company Inc; Startup Capital Ventures; Purple Mai'a Foundation; Mana Up; Hawaiian Chip Company; Maui Chamber of Commerce; Hawaii Food Industry Association; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Oceanit.

Your Committee recognizes that the Hawaii Technology Development Corporation supports initiatives that promote technology and manufacturing jobs. Since 1989, the Corporation has been providing grants to qualifying companies through the Small Business Innovation Research Program, which your Committee believes provides positive economic development value for the State.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2806, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Belatti, Ohno, Woodson, Yamane).

#### **SCRep. 1198-22 Higher Education & Technology on S.B. No. 2807**

The purpose of this measure is to appropriate funds to Hawaii Technology Development Corporation for the Manufacturing Assistance Program.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Hawai'i Technology Development Corporation; Chamber of Commerce Hawaii; Hawaii Food Manufacturers Association; Hawai'i Farm Bureau; Makai Ocean Engineering, Inc.; Nalu Scientific, LLC; 3D Innovations; Hyperspective; Hawaii Fish Company Inc.; Big Island Coffee Roasters, LLC; Kapa Nui Nails; Startup Capital Ventures; Purple Mai'a Foundation; Mana Up; Maui Chamber of Commerce; Hawaii Food Industry Association; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Hawaii Technology Development Corporation is a key state agency in the development and support of the State's manufacturing industry, which forms an essential component of Hawaii's economy. Your Committee further finds that the Hawaii Technology Development Corporation's Manufacturing Assistance Program plays an important role in assisting manufacturing companies compete globally through limited

reimbursements of certain qualified expenses.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2807, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Belatti, Ohno, Woodson, Yamane).

#### **SCRep. 1199-22 Higher Education & Technology on S.B. No. 3284**

The purpose of this measure is to:

- (1) Establish a Technology Services Consolidation Working Group (Working Group) to develop a plan for the phased consolidation of all state Executive Branch information technology services and staff within five years, except those of the Department of Education, Hawaii Health Systems Corporation, University of Hawaii, and Office of Hawaiian Affairs, under the Office of Enterprise Technology Services; and
- (2) Require the Working Group to recommend ways to attract high-quality information technology professionals to Hawaii.

Your Committee received testimony in support of this measure from Transform Hawai'i Government. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Budget and Finance, Department of Transportation, and Office of Enterprise Technology Services.

Your Committee finds that large organizations like the State of Hawaii could benefit from consolidating information technology resources to gain economies of scale and provide for a more efficient and secure use of technology and information management. The consolidation of technology resources will also help the State to remain in compliance with growing regulatory requirements for accessibility, information storage, data sharing, and security, especially in light of recent high-profile attacks on government computer systems by hackers. This measure tasks the Working Group with developing a phased consolidation plan to accomplish this.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3284, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3284, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Ohno, Woodson, Yamane).

#### **SCRep. 1200-22 Higher Education & Technology on S.B. No. 3374**

The purpose of this measure is to appropriate funds for the University of Hawaii community colleges' workforce development programs to fund administration, training, positions, and student support.

Your Committee received testimony in support of this measure from the University of Hawai'i System. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Hawaii's community colleges play a critical role in the economic growth and development of the State. Community colleges provide residents with opportunities to improve their employment prospects and develop a workforce that helps companies and nonprofit organizations survive and thrive as they meet the needs of the community. This measure will provide funding to support the community colleges in providing these services to develop the State's workforce.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3374, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3374, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Ohno, Woodson, Yamane).

#### **SCRep. 1201-22 Economic Development on S.B. No. 2379**

The purpose of this measure is to authorize the Special Enforcement Section of the Department of Taxation to:

- (1) Examine any sector of the State's economy;
- (2) Initiative civil investigations to ensure proper payment of all taxes due;
- (3) Use enforcement and education to deter and prevent non-compliance with state taxation laws; and
- (4) Refer and recommend cases or examinations of segments of the economy to Department of Taxation Auditors.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Special Enforcement Section of the Department of Taxation was originally established to give the Department necessary resources and tools to target high-risk, cash-based transactions to ensure compliance with state tax laws. Your Committee further finds that the duties of the Special Enforcement Section need to be updated to reflect current policies and practices of the Department of Taxation. This measure would update the Special Enforcement Section's legal authority, thereby ensuring compliance with state tax laws and promoting fairness and transparency for Hawaii's taxpayers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2379, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2379, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1202-22 Economic Development on S.B. No. 3143**

The purpose of this measure is to conform the state income and estate and generation-skipping transfer tax laws to the Internal Revenue Code of 1986, as amended, as of December 31, 2021.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this annual conformity measure is submitted by the Department of Taxation to ensure state income tax and state estate and generation-skipping transfer tax laws conform to the federal Internal Revenue Code as it exists on December 31 preceding each Regular Session. The purpose of conformity is to update the state tax laws with those changes made to the federal Internal Revenue Code during the past year and adopt those changes that are appropriate for Hawaii law.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3143 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1203-22 Economic Development on S.B. No. 2377**

The purpose of this measure is to establish a penalty for failure to respond to an inquiry or request during a state tax inspection or examination.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that existing law is silent regarding a taxpayer who fails to respond to the Department of Taxation's inquiry or request for information during an inspection or examination of records. This measure will ensure that the Department of Taxation can effectively carry out its investigations, thereby promoting taxpayer compliance and efficient tax administration.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2377, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2377, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1204-22 Energy & Environmental Protection on S.B. No. 3057**

The purpose of this measure is to:

- (1) Require electric utility companies to track and annually report data and trends on customer retention and attrition to further inform the calculation of renewable portfolio standards;
- (2) Amend the definition of "renewable portfolio standard" to more accurately reflect the percentage of renewable electrical energy generated in the State and amend the future renewable portfolio standards to reflect targets based on net electricity generation, rather than sales;
- (3) Amend the events or circumstances beyond an electric utility company's reasonable control, which determine whether the electric utility company may be subject to penalties for failing to meet the renewable portfolio standard; and
- (4) Require electric utility companies to make every reasonable effort to ensure that independent power producers connected to the grid are converting to renewable resources by July 1, 2027, under certain conditions.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Commerce and Consumer Affairs; Hawaii State Energy Office; Public Utilities Commission; Climate Protectors Hawai'i; Hawaii Interfaith Power and Light; Aloha Animal Advocates; Pele Lani Farm LLC; Ulupono Initiative; 350Hawaii.org; Kauai Women's Caucus; Hawaii Clean Power Alliance; and numerous individuals. Your Committee received testimony in opposition to this measure from Hawaiian Electric Company.

Your Committee finds that for the State to reach its renewable portfolio standard for December 31, 2045, the State must transition away from imported fossil fuels and toward renewable local resources. However, the existing calculation of the renewable portfolio standard, which is based on electrical energy sales rather than on electrical energy generation, overestimates the amount of renewable energy serving Hawaii's electric utility customers. This measure ensures that the State's progress toward its energy and climate goals is accurately measured and addresses increasing concerns over continued reliance on imported fossil fuels.

Your Committee has amended this measure by:

- (1) Deleting language that would have required electric utility companies to make every reasonable effort to ensure that independent power producers connected to the grid are converting to renewable resources by July 1, 2027; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3057, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3057, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1205-22 Pandemic & Disaster Preparedness on S.B. No. 3089**

The purpose of this measure is to:

- (1) Prohibit the Governor or Mayor from suspending requests for public records for vital specifics during a state of emergency;
- (2) Allow for a reasonable delay in a department or state agency's response to a request as a result of extenuated circumstances;
- (3) Clarify that powers granted for emergency purposes shall not be inconsistent with the state constitution;

- (4) Define "severe warning";
- (5) Authorize the Governor to require counties to obtain the approval of the Governor or Director of the Hawaii Emergency Management Agency before issuing any emergency order, rule, or proclamation;
- (6) Provide parameters for the duration of the suspension of laws and require justification for the suspension;
- (7) Authorize the Legislature and a county council to terminate a state of emergency or local state of emergency, respectively, in part or in whole, by an affirmative two-thirds vote; and
- (8) Specify that prohibitions on price increases of essential commodities during a severe warning expires seventy-two hours after the effective date and time of the initial declaration or any supplemental proclamation.

Your Committee received testimony in support of this measure from the Department of Defense; Department of Human Services; Hawaii Emergency Management Agency; Civil Beat Law Center for the Public Interest; Hawaii Hui; League of Women Voters of Hawaii; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; Society of Professional Journalists Hawaii Chapter; and State of Hawaii Organization of Police Officers. Your Committee received comments on this measure from the Department of Health, Office of Information Practices, Common Cause Hawaii, Grassroot Institute of Hawaii, and two individuals.

Your Committee finds that the coronavirus disease 2019 pandemic highlighted the need to reform the legal framework governing emergency management in the State. While emergency powers allow the Governor to expeditiously respond to any type of disaster, your Committee believes that there needs to be more checks and balances in regard to emergency management powers to ensure the welfare and safety of the residents of the State.

Your Committee has amended this measure by:

- (1) Deleting the reference to section 338-18.5, Hawaii Revised Statute, as that section was repealed by Act 199, Session Laws of Hawaii 2021;
- (2) Clarifying that an exemption to disclosure for certain records is allowed if an exemption is allowed pursuant to existing law;
- (3) Deleting language that would have:
  - (A) Required the Governor or Mayor to reclaim the termination of a state of emergency or local state of emergency, respectively, at the earliest possible date that conditions warrant; and
  - (B) Authorized a county council, by an affirmative vote of two-thirds, to terminate a local state of emergency declared by the Mayor;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3089, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3089, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (McKelvey, Woodson).

#### **SCRep. 1206-22 Agriculture/Economic Development on S.B. No. 2960**

The purpose of this measure is to require and appropriate funds for the Department of Agriculture to partner with the agricultural community to establish and implement a food safety certification training program to help small- and medium-sized farms comply with the FDA Food Safety Modernization Act by obtaining Good Agricultural Practices (GAP) or equivalent certification.

Your Committees received testimony in support of this measure from the Department of Agriculture, County of Hawaii Department of Research and Development, Mahiku A'o Mai, Hawaii Food Industry Association, North Shore Economic Vitality Partnership, Hawaii Cattlemen's Council, Ulupono Initiative, Hawai'i Farm Bureau, Lanakila Pacific, and five individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that according to the United States Food and Drug Administration, the FDA Food Safety Modernization Act was the most sweeping reform of United States food safety laws in more than seventy years. The FDA Food Safety Modernization Act aims to ensure the United States food supply is safe by shifting the focus to prevention, rather than responding to, contamination of the food supply. Your Committees find that food industry training is an essential component of successful implementation of and compliance with the FDA Food Safety Modernization Act. The assistance in obtaining GAP or equivalent certification, as proposed to be funded by this measure, will assist the State's small- and medium-sized farms in meeting the federal food safety requirements, further local food production, and provide farmers and agricultural producers with better access to domestic and global markets.

As affirmed by the records of votes of the members of your Committees on Agriculture and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2960, S.D. 1, and recommend that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Agriculture: Ayes, 6. Noes, none. Excused, 2 (Lowen, Matayoshi).

Economic Development: Ayes, 7. Noes, none. Excused, 1 (Okimoto).

#### **SCRep. 1207-22 Agriculture on S.B. No. 339**

The purpose of this measure is to:

- (1) Allow a taxpayer to claim the important agricultural land qualified agricultural cost tax credit in the third taxable year after application for first year certification of the credit, rather than in the taxable year following the taxable year in which qualified agricultural costs were incurred; and
- (2) Extend the period during which the tax credit is available through the taxable year ending December 31, 2030.

Your Committee received testimony in support of this measure from the Department of Agriculture, Office of Planning and Sustainable Development, Hawai'i Farm Bureau, Ulupono Initiative, Hawaii Crop Improvement Association, Kamehameha Schools, Land Use Research Foundation of Hawaii, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Taxation and Department of Budget and Finance.

Your Committee finds that the important agricultural land qualified agricultural cost tax credit is intended to be an incentive and long-term commitment to

promote agricultural viability, sustained growth of the agriculture industry, and long-term agricultural use and protection of important agricultural lands. Your Committee further finds that extending the tax credit will provide more time for landowners to voluntarily identify their lands for potential designation as important agricultural lands.

Your Committee has amended this measure by:

- (1) Removing language that would have allowed the tax credit to be claimed in the third taxable year after application for first year certification of the credit; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 339, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 339, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

#### **SCRep. 1208-22 Agriculture on S.B. No. 2195**

The purpose of this measure is to establish a five-year feral chicken eradication pilot program within the Department of Health.

Your Committee received testimony in support of this measure from the Julie Peine Trust, Mo'Bettah Handyman Services, Pono Advocacy, Makor Acupuncture & Oriental Medicine, Hawaiian Humane Society, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Health; Save Hawaii Chickens, a petition signed by numerous individuals; and thirteen individuals. Your Committee received comments on this measure from the Department of Agriculture; Department of Budget and Finance; and Innolytics, LLC.

Your Committee finds that feral chickens are a persistent nuisance in urban and suburban communities throughout the State, as they trespass into yards and gardens, dig up plants, damage food crops, jeopardize native plants, create a noise nuisance, create road hazards for drivers, and pose health concerns through droppings, parasites, and disease transmission. Your Committee further finds that this measure will task the State with determining humane and cost-effective means of addressing the feral chicken problem in communities throughout the State.

Your Committee has amended this measure by:

- (1) Changing the purpose of the pilot program to population management, rather than eradication, of the feral chicken population;
- (2) Tasking the Department of Agriculture in collaboration with the Department of Land and Natural Resources, rather than the Department of Health in collaboration with the Department of Agriculture, with establishing the pilot program, and making conforming amendments;
- (3) Deleting the requirement that a special local need registration be submitted for the use of OvoControl;
- (4) Amending the scope of the mandatory annual reports to include the pilot program's efficacy in the State, rather than only in certain Oahu neighborhoods; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2195, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2195, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Matsumoto). Noes, none. Excused, 2 (Matayoshi, Todd).

#### **SCRep. 1209-22 Agriculture on S.B. No. 2473**

The purpose of this measure is to:

- (1) Transfer the administrative attachment of the Agribusiness Development Corporation from the Department of Agriculture to the Department of Business, Economic Development, and Tourism;
- (2) Amend the focus, scope, responsibilities, and powers of the Agribusiness Development Corporation;
- (3) Amend the requirements and responsibilities of the Board of Directors of the Agribusiness Development Corporation;
- (4) Specify the required contents of the Hawaii Agribusiness Plan; and
- (5) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Agriculture, Agribusiness Development Corporation, and one member of the Hawai'i County Council. Your Committee received testimony in opposition to this measure from Hawai'i Alliance for Progressive Action, Hawai'i SEED, Kauai Women's Caucus, and twelve individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and Hawai'i Farm Bureau.

Your Committee finds that because the goals and objectives of the Agribusiness Development Corporation support the Department of Business, Economic Development, and Tourism's general mission, transferring the Corporation from the Department of Agriculture to the Department of Business, Economic Development, and Tourism is appropriate.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2473, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2473, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Marten, Matsumoto). Noes, 1 (Perruso). Excused, 2 (Matayoshi, Todd).

#### **SCRep. 1210-22 Agriculture on S.B. No. 2798**

The purpose of this measure is to:

- (1) Authorize the Board of Veterinary Medicine to grant temporary courtesy and relief permits for out-of-state veterinarians;
- (2) Permit licensed veterinarians to practice veterinarian telemedicine; and
- (3) Allow for international veterinary school graduates to qualify for the state licensure examination.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii Board of Veterinary Medicine, Animal Interfaith Alliance in Britain, Neighborhood Cats, Kaua'i Humane Society, Hawaiian Humane Society, Hawaii Veterinary Medical Association, and numerous individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the demand for veterinary services continues to grow. The COVID-19 pandemic has increased consumer demand for telehealth in the field of veterinary medicine, particularly in areas where access to veterinary care is limited. This measure establishes a pathway for out-of-state veterinarians to assist the local veterinary community, while providing quality care for consumers and pet owners.

Your Committee has amended this measure by:

- (1) Clarifying that a veterinarian may provide veterinary telesupervision for tasks that do not require direct supervision;
- (2) Establishing a permit surcharge to defray costs associated with administering courtesy and relief permits;
- (3) Clarifying the definitions of "veterinary teleadvice" and "veterinary teletriage";
- (4) Making it effective on July 1, 2023; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2798, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2798, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

#### **SCRep. 1211-22 Agriculture on S.B. No. 2837**

The purpose of this measure is to:

- (1) Establish a Spay and Neuter Special Fund to be used for cat spaying and neutering surgery and associated veterinary care; and
- (2) Allow funds from an income tax check-off to be deposited into the Spay and Neuter Special Fund.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawaii, Aloha Animal Advocates, Animal Rights Hawai'i, Love A Cat Charity, The Humane Society of the United States, Hui Pono Holoholona, Neighborhood Cats, Rainbow Family 808, Hawaiian Humane Society, Animal Interfaith Alliance in Britain, Alley Cat Allies, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Budget and Finance, Hui Ho'omalua i ka Aina, Animal Bird Conservancy, and one individual. Your Committee received comments on this measure from the Department of Agriculture, Department of Taxation, Tax Foundation of Hawaii, and one individual.

Your Committee finds that the increase in the number of feral cats in communities throughout the State continues to be a public concern from many perspectives, including public health and environmental, ecological, and animal welfare. There is ongoing policy consideration regarding how to best manage feral cats and feral cat colonies in the State. Your Committee finds that identifying the location and distribution of feral cats in the State supports an understanding of the breadth of the concern and the development of effective population management strategies to manage feral cats.

Your Committee has amended this measure by:

- (1) Inserting language to require the Department of Land and Natural Resources, in collaboration with animal welfare groups and organizations, to conduct a point-in-time count of feral cats per main island by June 30, 2023;
- (2) Requiring the Department of Land and Natural Resources to submit a report of its findings and recommendations, including any proposed legislation, regarding the point-in-time count to the Legislature prior to the Regular Session of 2024; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2837, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2837, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

#### **SCRep. 1212-22 Agriculture on S.B. No. 2946**

The purpose of this measure is to appropriate funds to the Department of Agriculture for maintenance of and improvement to the Peekauai Ditch Irrigation System, also known as the Menehune Ditch, located on Kauai.

Your Committee received testimony in support of this measure from the Department of Agriculture; Local Food Coalition; Larry Jeffs Farms, LLC; Kekaha Agriculture Association; Ulupono Initiative; Hawaii Crop Improvement Association; Hawai'i Farm Bureau; Hawaii Cattlemen's Council; Land Use Research Foundation of Hawaii; Kaua'i Chamber; and seven individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that increased and extended water droughts have highlighted the need for the repair and maintenance of irrigation systems in the State. This measure ensures that farmers on Kauai, especially those in the Waimea area and taro farmers, receive a steady and dependable supply of water by providing sufficient funding to maintain and improve the Peekauai Ditch Irrigation System.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2946, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

**SCRep. 1213-22 Agriculture on S.B. No. 2986**

The purpose of this measure is to:

- (1) Eliminate or relax certain regulations of commercial hemp production and prohibit the State from requiring inspections or sampling of, or issuing violations or penalties to, hemp producers licensed by the United States Department of Agriculture that are following the United States Department of Agriculture's rules and protocols;
- (2) Amend the conditions under which licensed hemp producers may transport hemp within the State to be processed or to other grow areas;
- (3) Allow licensed hemp producers to sell hemp biomass directly to consumers via online platforms;
- (4) Require the identity statement used for labeling or advertising any hemp product to identify the percentage of Hawaii grown or processed hemp products in all hemp products and, if those products are not from Hawaii, the origin of any hemp product;
- (5) Exempt certain processors of hemp from the requirement that they register with the Department of Health as hemp processors; and
- (6) Extend the sunset date of Act 14, Session Laws of Hawaii 2020, which establishes the state hemp processors and commercial hemp production laws.

Your Committee received testimony in support of this measure from Hawai'i Sustainable Farms and eight individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Health, Hawai'i Hemp Farmers Association, Hawaii Farmers Union United, Hawai'i Farm Bureau, Hawaii Hemp Farmers Center, South Maui Gardens, Kauai Hemp Company, and six individuals.

Your Committee finds that hemp has a variety of uses, including for fuel, textiles, clothing, food, insulation, and biofuel, and has the potential to be a lucrative crop for Hawaii. Individuals and entities who wish to grow hemp in the State must acquire a hemp production license from the United States Department of Agriculture Domestic Hemp Production Program and comply with various state requirements. This measure eliminates the duplication of certain federal and state regulatory controls that may inhibit the growth potential and development of hemp in the State.

Your Committee has amended this measure by:

- (1) Amending the requirements for transporting hemp within the State to an authorized hemp processing facility or another licensed producer's grow area by replacing the requirement that the transportation of the hemp be authorized by the Department of Agriculture with the requirement that a copy of the Hawaii United States Department of Agriculture hemp license and lab report accompany the hemp shipment;
- (2) Changing the requirement with respect to compliance with hemp production inspection and sampling rules to specify that no inspections or sampling shall be conducted by the State; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2986, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2986, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

**SCRep. 1214-22 Agriculture on S.B. No. 2989**

The purpose of this measure is to:

- (1) Require the Department of Agriculture to establish a Healthy Soils Program; and
- (2) Establish a Healthy Soils Program Special Fund.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, Hawai'i Farmers Union United, Hawai'i Alliance for Progressive Action, Hawaii Cattlemen's Council, Climate Protectors Hawai'i, Hawai'i Farm Bureau, Down to Earth Organic and Natural, Kauai Women's Caucus, and nine individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committee finds that healthy soil is necessary for sustainable agricultural production and increased carbon sequestration in the State. This measure will provide assistance to and create incentives for farmers, ranchers, and landowners to take carbon negative actions and implement farm management practices that contribute to healthy soils.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2989, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

**SCRep. 1215-22 Agriculture on S.B. No. 2990**

The purpose of this measure is to establish and appropriate funds for a cover crop reimbursement pilot program to reimburse qualifying farming operations for acquisition costs for cover crop seeds, green manure, and compost.

Your Committee received testimony in support of this measure from the Department of Agriculture; University of Hawai'i System; one member of the Hawai'i County Council; Larry Jefts Farms, LLC; 350Hawaii.org; Climate Protectors Hawai'i; Hawai'i Farm Bureau; Hawai'i Farmers Union United; Hawai'i Alliance for Progressive Action; Down to Earth Organic and Natural; Kauai Women's Caucus; and eight individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of the Attorney General, and Hawaii Cattlemen's Council.

Your Committee finds that soil health and agricultural sustainability are dependent on protecting, maintaining, and increasing soil organic matter. Cover cropping is one tool that has shown to be effective in building soil organic matter, resulting in soil stability during a fallow period, increased soil water retention capacity, increased soil nutrient retention and release capacity, and enhanced soil microorganism biodiversity. This measure will incentivize the use of management practices to improve the quality and sustainability of the State's agricultural lands.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2990, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2990, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

**SCRep. 1216-22 Consumer Protection & Commerce on S.B. No. 2125**

The purpose of this measure is to increase the maximum allowable fine for violations of the liquor control laws by a licensee from \$2,000 to \$5,000.

Your Committee received testimony in opposition to this measure from the Hawaii Food Industry Association and one individual.

Your Committee finds that under existing law, violations of the State's liquor control laws are subject to a maximum fine of \$2,000 which is an amount that has been in effect since 1987. Your Committee further finds that certain offenses under the liquor control laws that have the probability of repeating within a short period of time quickly reach this maximum fine limit. In these situations, the county liquor commissions or liquor control adjudication boards have no other option but to suspend or revoke a liquor license. This measure increases penalties for violations but also allows for a greater fine range, which will give the boards and commissions more leeway before they are required to impose the far more severe penalties of license suspension or revocation.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2125, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2125, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Kong). Noes, none. Excused, none.

**SCRep. 1217-22 Consumer Protection & Commerce on S.B. No. 3075**

The purpose of this measure is to resolve certain payment issues related to franchise tax collections deposited into the Compliance Resolution Fund by:

- (1) Ensuring that the statutorily-mandated \$2,000,000 franchise tax payment is credited in full to the Compliance Resolution Fund for use by the Division of Financial Institutions; and
- (2) Specifying that if franchise tax collections are insufficient, income tax collections will be used to ensure \$2,000,000 is deposited into the Compliance Resolution Fund.

Your Committee received testimony in support of this measure from the Department of Taxation, Department of Commerce and Consumer Affairs, Hawaii Bankers Association, and Hawaii Financial Services Association. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Division of Financial Institutions of the Department of Commerce and Consumer Affairs (DFI) has relied on a dedicated portion of the franchise tax revenues to help maintain its financial self-sufficiency and support its purpose to effectively license, supervise, and regulate the constantly changing and complex financial institutions within its jurisdiction.

Your Committee further finds that each fiscal year, \$2,000,000 of franchise tax collections is deposited to the credit of the Compliance Resolution Fund for use by DFI. However, there have been situations where the payment of franchise tax revenues was delayed from one fiscal year to the succeeding fiscal year. This has the potential to delay payments or the ability to enter into contracts, which creates an aura of uncertainty in DFI, or interfere with its purpose and functions.

This measure resolves payment timing issues related to franchise tax collections by ensuring that the \$2,000,000 payment provided for under the franchise tax law is credited in full to the Compliance Resolution Fund for use by DFI. This measure also specifies that, if franchise tax collections are insufficient, income tax collections will be used to ensure \$2,000,000 is deposited into the Compliance Resolution Fund.

Your Committee has amended this measure by removing redundant language authorizing the transfer of income tax revenues to supplement franchise tax revenues, if needed, to reach the necessary \$2,000,000 to fund DFI.

Your Committee notes that concerns were raised in testimony that portions of this measure may exceed its single-subject title. Your Committee further notes that this concern must be addressed before this measure may advance out of the Legislature to the Governor.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3075, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3075, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

**SCRep. 1218-22 Consumer Protection & Commerce on S.B. No. 2048**

The purpose of this measure is to establish the misdemeanor offense of unlawful chop shop activity.

Your Committee received testimony in support of this measure from the Maui County Council.

Your Committee finds that chop shops deal in buying and reselling stolen vehicles and parts, usually involving the storing of stolen vehicles for future sales, stripping vehicles for their parts, obscuring or changing identifying features, reassembling vehicles and selling them, and selling off the parts. In many cases, a chop shop may operate under a legitimate business front, such as a mechanic, auto body, or auto parts shop that stocks legitimate parts while also dealing in stolen parts on the side or behind the scenes. In some cases, the business owner may even be unaware that employees or colleagues are using the facility for chop shop activities.

Your Committee further finds that there is no existing statute covering the criminal misconduct of chop shop activity, although numerous auto theft investigations have shown that chop shop activity was a central part of the criminal misconduct. This measure will impose criminal penalties on persons who partake in unlawful chop shop activity.

Your Committee has amended this measure by:

- (1) Specifying that unlawful chop shop activity is a class C felony offense, rather than a misdemeanor offense; and
- (2) Specifying that each separate act committed constitutes a separate offense of unlawful chop shop activity.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2048, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2048, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1219-22 Consumer Protection & Commerce on S.B. No. 2279**

The purpose of this measure is to:

- (1) Require licensed used motor vehicle parts dealers to keep records of purchases and sales of catalytic converters, and require the seller to file a written statement that the seller has the lawful right to sell and dispose of the catalytic converter;
- (2) Establish the class C felony offense of theft of catalytic converter;
- (3) Increase the penalty for engaging in the business of purchasing or selling used motor vehicle parts and accessories, or wrecking, salvaging, or dismantling motor vehicles for the purpose of reselling the parts or accessories without a license;
- (4) Require scrap dealers to keep records of purchases and sales of palladium, platinum, and rhodium;
- (5) Require all scrap dealers to pay for palladium, platinum, and rhodium, and all used motor vehicle parts dealers to pay for catalytic converters, by check; and
- (6) Require each county police department to maintain a database of certain reported information and initiate education programs to encourage its residents to take measures to prevent catalytic converter thefts.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Transportation, Department of the Prosecuting Attorney of the City and County of Honolulu, Department of the Prosecuting Attorney of the County of Maui, one member of the Maui County Council, Hawaii Transportation Association, GEICO, National Insurance Crime Bureau, American Property Casualty Insurance Association of America, Hawaii Insurers Council, and Catholic Charities Hawai'i. Your Committee received comments on this measure from Schnitzer Steel Hawaii.

Your Committee finds that the theft of catalytic converters has been on the rise. According to data from the National Insurance Crime Bureau, catalytic converter thefts were four times higher in 2020 than in 2019. Stolen or recycled catalytic converters can usually be resold on the market for around \$250; however, replacing a stolen catalytic converter can cost a car owner around \$1,000 or more. This measure will act as a deterrent to individuals and businesses involved in the disposal and acquisition of stolen catalytic converters.

Your Committee has amended this measure by:

- (1) Amending the required period for retaining records for catalytic converter purchases to three years, rather than two years;
- (2) Exempting licensed scrap dealers, when purchasing catalytic converters from other licensed commercial vendors, from the written statement requirements for motor vehicle parts dealers that purchase catalytic converters, as scrap dealers are already required to obtain written statements and verify identification prior to purchasing scrap;
- (3) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2279, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2279, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1220-22 Consumer Protection & Commerce on S.B. No. 2159**

The purpose of this measure is to amend the law restricting the use of leaf blowers by:

- (1) Removing the exception for government entities and their agents, but allowing government entities and their agents to use leaf blowers during the prohibited hours in cases of emergency; and
- (2) Defining "residential zone".

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that noise pollution is a prevalent and increasing problem in the State. Exposure to excessively loud noise, such as the kind emitted from combustion engine-powered leaf blowers, can result in physiological, psychological, and economic damage. Residents in many high density communities in the State are bombarded by continuous and excessively loud noise emitted by leaf blowers, which interferes with their ability to live in a healthy and peaceful environment and may have a negative impact on their health and welfare.

Your Committee additionally finds under existing law, government entities are exempt from the restrictions on leaf blowers. This measure appropriately limits the exemption to only in cases of emergency.

Your Committee has amended this measure by clarifying that "emergency" has the same meaning as that term is defined under the State's emergency management laws.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2159, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2159, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kong). Noes, none. Excused, none.

#### **SCRep. 1221-22 Consumer Protection & Commerce on S.B. No. 3078**

The purpose of this measure is to amend the law regarding advance warning of excavations (One Call law) to improve consumer protection, including:

- (1) Narrowing the exemption from the requirements of the One Call law for excavations performed on certain residential property to only those excavations performed less than twelve inches in the ground;
- (2) Clarifying that locators are subject to the requirements of the One Call law; and
- (3) Specifying the situations in which persons have a duty to notify emergency services and operators of hazards and minimize the hazards.

Your Committee received testimony in support of this measure from the Public Utilities Commission, Able Pest Management LLC, Aloha Termite & Pest Control, Hawaii Pest Control Association, Hawaii Gas, Hawaiian Telcom, and Xtermco Inc. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that in 2004, pursuant to Act 141, Session Laws of Hawaii 2004, the Legislature established the One Call Center to coordinate the location of subsurface installations, including underground utilities. The One Call law requires excavators to provide notice to the One Call Center five to twenty-eight days before planned excavations. This notice allows the One Call Center the opportunity to check for pipelines or similar infrastructure where an individual or organization plans to dig, to avoid accidentally colliding with such infrastructure.

However, your Committee further finds that the One Call law exempts excavators operating on one- to two-family residential properties from contacting the One Call Center before excavation. As a result, underground utility infrastructure is frequently impacted in residential properties. In 2020, sixty-eight percent of subsurface utility infrastructure impacts occurred on residential property. This exemption creates significant risk for homeowners, contractors, and the surrounding communities. This measure, among other things, will considerably narrow this exemption to minimize the risk of harm to residences.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3078, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3078, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1222-22 Consumer Protection & Commerce on S.B. No. 2185**

The purpose of this measure is to:

- (1) Require the fireworks and articles pyrotechnic records auditor for each county to submit an annual report to the Legislature detailing inventory, recordkeeping, and sales of fireworks to license and permit holders; and
- (2) Make a grant-in-aid to each county's fire department to cover costs associated with the annual reports.

Your Committee received testimony in support of this measure from the State Fire Council, Maui Fire Department, Honolulu Fire Department, and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that, under existing law, each county funds an auditor to monitor strict inventory and recordkeeping requirements to ensure that sales of fireworks or articles pyrotechnic are made only to license or permit holders under the Fireworks Control Law. The reporting requirements proposed by this measure will increase surveillance of fireworks and articles pyrotechnic, with the ultimate goal of reducing the use of illegal fireworks throughout communities in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the grants-in-aid are intended to be in addition to, and not replace, any funds provided to the counties; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2185, S.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2185, S.D. 3, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Onishi). Excused, 1 (Kong).

#### **SCRep. 1223-22 Consumer Protection & Commerce on S.B. No. 2923**

The purpose of this measure is to increase the generally applicable statutory fine and fine for homeowner liability under the Fireworks Control Law from \$2,000 to \$5,000.

Your Committee received testimony in support of this measure from the State Fire Council, Maui Fire Department, Honolulu Fire Department, Animal Rights Hawai'i, and six individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the illegal use of fireworks continues to cause significant disruption and concern in communities throughout the State. Illegal aerial fireworks and improvised explosive devices have substantially increased in recent years, which have resulted in serious injuries, property damage, and fatalities. Your Committee further finds that a stronger deterrent is therefore needed to curtail the use of illegal fireworks. Increasing the fines associated with illegal fireworks, as proposed by this measure, may act as such a deterrent.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2923, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2923, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

#### SCRep. 1224-22 Consumer Protection & Commerce on S.B. No. 3194

The purpose of this measure is to promote compliance with the Fireworks Control Law by:

- (1) Specifying that each aerial device, display firework, or article pyrotechnic having a total weight of twenty-five pounds or less that is illegally imported, transferred, or sold, constitutes a separate violation;
- (2) Subjecting the removal or extraction of pyrotechnic contents to construct fireworks, articles pyrotechnic, or related device to a higher criminal penalty of a class C felony;
- (3) Increasing the generally applicable statutory fine for violations of the Fireworks Control Law and amending the fine structure for certain other violations;
- (4) Authorizing the Sheriff Division of the Department of Public Safety to enforce the Fireworks Control Law;
- (5) Requiring the Attorney General to convene an Explosion Detection Technology Working Group, which is to submit a report to the Legislature before the Regular Session of 2023;
- (6) Requiring the Department of Public Safety, in collaboration with county law enforcement agencies, to develop and implement a web-based reporting tool for illegal fireworks; and
- (7) Establishing an expeditious adjudication system for processing fireworks infractions, similar to the system for processing traffic infractions and emergency period infractions.

Your Committee received testimony in support of this measure from the State Fire Council, Maui Fire Department, Honolulu Fire Department, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawaiian Humane Society, and four individuals. Your Committee received testimony in opposition to this measure from the Honolulu Police Department and one individual. Your Committee received comments on this measure from the Judiciary and Department of Budget and Finance.

Your Committee finds that the enforcement of the Fireworks Control Law is wanting. Your Committee further finds that enforcement is necessary to protect property from avoidable fire damage; protect persons from fire and explosion-related injuries; minimize respiratory distress caused by the air pollution; and avoid retraumatizing persons who may be adversely impacted by loud explosions. This measure implements multiple strategies to further enforce the Fireworks Control Law and deter the illegal setting off of fireworks in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the fine applicable to homeowners, renters, or other persons under the Fireworks Control Law is \$500 for the first violation and \$2,000 for each subsequent violation;
- (2) Clarifying that a \$20 administrative fee is to be assessed by the court and deposited into the Judiciary Computer System Special Fund, rather than depositing the monetary assessment into the Special Fund; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3194, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3194, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

#### SCRep. 1225-22 Consumer Protection & Commerce on S.B. No. 3082

The purpose of this measure is to amend the Mortgage Rescue Fraud Prevention Act by:

- (1) Deleting certain exemptions to the definition of "distressed property consultant" in the State's Mortgage Rescue Fraud Prevention Act that are not in the federal Mortgage Assistance Relief Services Rule; and
- (2) Correcting a typographical error in the definition of "mortgage assistance relief service."

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS and Hawaii Bankers Association.

Your Committee finds that, in 2008, the State enacted the Mortgage Rescue Fraud Prevention Act (MRFPA) to protect consumers from mortgage rescue scams. There was no federal counterpart to the MRFP until the enactment of the Federal Trade Commission's (FTC) Mortgage Assistance Relief Services Rule (MARS Rule) in December 2010. Both the MRFP and MARS Rule are designed to protect consumers from abusive mortgage relief practices, but take distinctly different approaches to identify the persons from whom consumers should be protected. This measure takes the unique protection provisions of the MARS Rule and combines and reconciles those with the protection provisions already present and unique to the MRFP.

Your Committee further finds that, on July 15, 2011, the FTC announced that it decided not to enforce most provisions of its MARS Rule against real estate professionals who are acting in their licensed capacity while assisting sellers to obtain a short sale for their residence. The FTC stated it would still enforce the MARS Rule against real estate professionals who make fraudulent misrepresentations during the course of obtaining a short sale for their clients. For consistency, your Committee believes that the existing exemption for real estate brokers and salespersons under the MRFP should be retained. Your Committee notes, in its commitment to consumer protection, that the conferral of an exemption for certain classes of persons from enforcement is not equivalent to authorizing those classes of persons to commit prohibited actions.

Accordingly, your Committee has amended this measure by:

- (1) Reinstating the existing statutory exemption for real estate brokers and real estate salespersons when acting in their professional capacities in accordance with customary industry standards;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3082, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3082, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (Kong).

#### **SCRep. 1226-22 Transportation on S.B. No. 152**

The purpose of this measure is to:

- (1) Require rear-facing child safety seats for children under two years of age;
- (2) Amend requirements for the restraint of child passengers;
- (3) Repeal exceptions for child passenger restraint compliance; and
- (4) Increase certain fines for violations.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, and Keiki Injury Prevention Coalition. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that infants and toddlers need to be in a rear-facing child safety seat until they reach the highest weight or height allowed by the seat. However, existing motor vehicle laws lack any requirement that children of any age be restrained in a rear-facing child safety seat. This measure ensures the use of age and size appropriate car seats, booster seats, and seat belts for children in motor vehicles.

Your Committee has amended this measure by:

- (1) Changing references to "child seat" and "child safety seat" to "child passenger restraint system with harness that meets federal motor vehicle safety standards at the time of manufacture";
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 152, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 152, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, none.

#### **SCRep. 1227-22 Transportation on S.B. No. 2118**

The purpose of this measure is to require the driver of a moped to be in immediate possession of a valid driver's license or instruction permit at all times.

Your Committee received testimony in support of this measure from the Department of Transportation and Honolulu Police Department.

Your Committee finds that existing state laws have created confusion regarding license requirements for moped operation on public roadways. This measure clarifies that an operator of a moped shall be required to have in their immediate possession their current driver's license or instruction permit at all times, making it easier for law enforcement to determine who can legally operate a moped on the roadways.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2118, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2118, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Ilagan, LoPresti).

#### **SCRep. 1228-22 Transportation on S.B. No. 3158**

The purpose of this measure is to:

- (1) Establish the Electric Bicycle and Electric Moped Rebate Program (Rebate Program) to encourage the purchase and use of electric bicycles and electric mopeds;
- (2) Authorize the Department of Transportation to contract with a third-party administrator to operate and manage the Rebate Program;
- (3) Establish the Electric Bicycle and Electric Moped Rebate Special Fund;
- (4) Require that a portion of the Environmental Response, Energy, and Food Security Tax be deposited into the Electric Bicycle and Electric Moped Rebate Special Fund; and
- (5) Appropriate a portion of the funds received by the State from the federal Infrastructure Investment and Jobs Act:
  - (A) For the Rebate Program; and
  - (B) To be deposited into the electric vehicle charging system subaccount of the Public Utilities Commission Special Fund.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii State Energy Office, Hawaii Climate Change Mitigation and Adaptation Commission, Maui Metropolitan Planning Organization Policy Board, Ulupono Initiative, Hawaii Bicycling League, and three individuals. Your Committee received testimony in opposition to this measure from 350Hawaii.org, Big Island Electric Vehicle Association, Blue Planet Foundation, Hawaii Electric Vehicle Association, KauaiEV, Kauai Climate Action Coalition, Kauai Women's Caucus, Maui Nui EV Association, and fifteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Public Utilities Commission, Alliance for Automotive Innovation, and Hawai'i Energy.

Your Committee finds that meeting the State's clean energy goals and commitments necessitates the rapid transition to electric vehicles that utilize local, renewable energy sources, including electric bicycles and electric mopeds. Additionally, electric bicycles are significantly more cost effective and better for the environment than gas powered motor vehicles and can effectively get many Hawaii residents to locations as conveniently as gas powered motor vehicles.

This measure encourages the purchase and use of electric bicycles and electric mopeds to reduce the cost of living and cost of transportation by creating subsidies for those looking to purchase electric bicycles and electric mopeds.

Your Committee notes the concerns raised by the Hawaii State Energy Office relating to recent funding guidelines from the United States Department of Transportation Federal Highway Administration regarding the Bipartisan Infrastructure Law, particularly under the National Electric Vehicle Infrastructure Formula Program, which specify certain technical requirements that are greater than the type of charging facilities that are typically serviced under the State's Electric Vehicle Charging Station Rebate Program.

Your Committee has amended this measure by:

- (1) Deleting certain findings;
- (2) Deleting language that would have established an Electric Bicycle and Electric Moped Rebate Special Fund and instead establishing an electric bicycle and electric moped subaccount within the Highway Development Special Fund;
- (3) Restoring the allocation from the Environmental Response, Energy, and Food Security Tax for the Electric Vehicle Charging Station Rebate Program;
- (4) Allocating an unspecified amount of the Environmental Response, Energy, and Food Security Tax for the Rebate Program;
- (5) Deleting language that would have appropriated funds:
  - (A) For the Rebate Program; and
  - (B) To be deposited into the electric vehicle charging system subaccount; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3158, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3158, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Ilgan, LoPresti).

#### **SCRep. 1229-22 Transportation on S.B. No. 3121**

The purpose of this measure is to:

- (1) Establish an accessible parking special account within the Disability and Communication Access Board Special Fund;
- (2) Beginning July 1, 2023, require all costs associated with the Parking for Persons with Disabilities Program to be appropriated from the accessible parking special account; and
- (3) Increase the state annual vehicle registration fee by \$1 and allocate that \$1 to be deposited into the accessible parking special account.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board and one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Parking for Persons with Disabilities Program is currently funded by general funds, except for a small portion of revenue collected and retained by the counties for issuing replacement and temporary placards. Establishing an accessible parking special account within the Disability and Communication Access Board Special Fund ensures that the Parking for Persons with Disabilities Program is self-sufficient and continues to serve people with disabilities who use their placards for transportation activities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3121, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3121, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Ilgan, LoPresti).

#### **SCRep. 1230-22 Transportation on S.B. No. 2834**

The purpose of this measure is to:

- (1) Rename the State Highway Safety Council as the Transportation Safety and Modernization Council;
- (2) Amend the membership of the Council; and
- (3) Expand the Council's duties to help the Department of Transportation achieve state goals and outcomes and provide better transparency on transportation safety and modernization.

Your Committee received testimony in support of this measure from the Ulupono Initiative, Hawai'i Public Health Institute, and one individual. Your Committee received comments on this measure from the Department of Health and Department of Transportation.

Your Committee finds that because the State faces many challenges related to transportation, including having among the worst traffic fatality rates in the country, it is critical to address highway safety. Your Committee also notes the importance of maintaining the original intent of the State Highway Safety Council in advising the Governor on matters relating to the state programs and activities in the field of highway safety.

Therefore, your Committee has amended this measure by:

- (1) Deleting certain findings;
- (2) Deleting language that would have:
  - (A) Renamed the State Highway Safety Council as the Transportation Safety and Modernization Council;
  - (B) Specified certain members on the Council;
  - (C) Expanded the responsibilities and duties of the Council; and
  - (D) Required the Department of Transportation to provide certain information for the Council;

- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2834, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2834, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Ilagan, LoPresti).

#### **SCRep. 1231-22 Transportation on S.B. No. 3272**

The purpose of this measure is to:

- (1) Establish the Air Noise and Safety Task Force within the Department of Transportation; and
- (2) Require the Director of Transportation to adopt rules to require tour aircraft operators to report details of each flight taken by the tour aircraft operation on a monthly basis.

Your Committee received testimony in support of this measure from the Department of Transportation, O'ahu Tour Helicopter Safety and Noise Inter-Action Group, Windward Coalition, and two individuals. Your Committee received comments on this measure from Paradise Helicopters.

Your Committee finds that there is increasing concern with safety risks and community disruption arising from tour helicopter and small aircraft operations in the State. Although there have been collaborative efforts to address increasing safety and community disruption concerns, this measure further ensures transparency and accountability for tour aircraft operators by establishing certain reporting requirements.

Your Committee has amended this measure by:

- (1) Deleting language that would have established the Air Noise and Safety Task Force within the Department of Transportation; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3272, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3272, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Ilagan, LoPresti).

#### **SCRep. 1232-22 Education on S.B. No. 3091**

The purpose of this measure is to:

- (1) Include commercial enterprises in profit-making operations that students may engage in at schools;
- (2) Clarify that profits from agricultural, industrial, and commercial enterprise pursuits can be used to support the agricultural, industrial, and commercial enterprise programs directly; and
- (3) Allow students to receive school credit in addition to, or in lieu of, any net profits when engaging in profit-making operations.

Your Committee received testimony in support of this measure from the Department of Education and one individual.

Your Committee finds that this measure will provide clarity and consistency with regard to commercial enterprise activities in schools and will give students the opportunity to engage in comprehensive, real-world immersive experiences, particularly in the areas of entrepreneurship and strategic commercial enterprise.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3091, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3091, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Clark, Quinlan, Yamane).

#### **SCRep. 1233-22 Education on S.B. No. 3092**

The purpose of this measure is to allow for greater implementation of commercial enterprises in schools by classifying student interns engaged in a commercial enterprise as employees of the State for purposes of the State Tort Liability Act and allowing the Department of Education to use revenue from school commercial enterprises.

Your Committee received testimony in support of this measure from the Department of Education and Mahiku A'o Mai.

Your Committee finds that there is concern that there may be issues with liability that a business could face when employing a student intern through the Department of Education's commercial enterprise program. Your Committee further finds that deeming student interns of the commercial enterprise program to be employees of the State will provide some degree of protection for businesses and encourage business participation in the commercial enterprise program.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3092, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3092, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Belatti). Noes, none. Excused, 3 (Clark, Quinlan, Yamane).

#### **SCRep. 1234-22 Education on S.B. No. 3094**

The purpose of this measure is to:

- (1) Make an emergency appropriation to the Department of Education to build a virtual school to allow for distance learning; and
- (2) Authorize the issuance of general obligation bonds to make an emergency appropriation for renovations and electrical upgrades for the virtual school.

Your Committee received testimony in support of this measure from the Department of Education; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawaii State Teachers Association. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the COVID-19 pandemic caused unprecedented disruption to the education of Hawaii's students, whereby schools were forced to close and education content was delivered through many different avenues, largely virtual and online. Although schools are now resuming in-person education, some virtual learning should continue. This measure provides sufficient funding to create a virtual school to continue to provide virtual learning for students and hire the necessary staff for its operations.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2051; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3094, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3094, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Okimoto). Noes, none. Excused, 3 (Clark, Quinlan, Yamane).

#### **SCRep. 1235-22 Education on S.B. No. 3095**

The purpose of this measure is to authorize the issuance of general obligation bonds to make an emergency appropriation for the Department of Education to build a new maintenance base yard.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee finds that on July 1, 2005, the Department of Education and the Department of Accounting and General Services entered into a memorandum of understanding to supplement the transfer of resources pursuant to Act 51, Session Laws of Hawaii 2004. This memorandum of understanding included a provision for the Department of Education to use facilities at Shafter Flats to house its maintenance base yard.

Your Committee further finds that the economic downturn in 2020 and the limited amount of available resources resulted in a request made by the Department of Accounting and General Services on June 4, 2021, to have the Department of Education relocate from the Shafter Flats facility by October 2021. The Department of Education has since been looking for a new facility to house its maintenance base yard, which is vital to the Department to continue to service all of its facilities. This measure will provide sufficient funding to the Department of Education to build a new maintenance base yard.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2051; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3095, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3095, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Clark, Quinlan, Yamane).

#### **SCRep. 1236-22 Education on S.B. No. 2821**

The purpose of this measure is to:

- (1) Require that menstrual products be provided to all students free of charge on all public school and public charter school campuses; and
- (2) Appropriate funds for the menstrual products.

Your Committee received testimony in support of this measure from the State Public Charter School Commission, Hawaii State Council on Developmental Disabilities, Hawai'i State Commission on the Status of Women, American Association of University Women of Hawaii, Hawai'i Section of the American College of Obstetricians and Gynecologists, Rainbow Family 808, Common Cause Hawaii, Ho'ola Lahui Hawaii, Stonewall Caucus of the Democratic Party of Hawaii, Dreamhouse 'Ewa Beach, Democratic Party of Hawai'i Education Caucus, Papa Ola Lōkahi, Hawaii State Teachers Association, Hawai'i State Democratic Women's Caucus, Ma'i Movement Hawai'i, Hawai'i Women's Coalition, 'Ahahui o na Kauka – Association of Native Hawaiian Physicians, Hawai'i Diaper Bank, Hawaii Youth Services Network, Kamehameha Schools, Hawai'i Public Health Institute, Hawai'i Women Lawyers, Parents and Children Together, Breastfeeding Hawaii, Community Alliance on Prisons, Hawai'i Children's Action Network Speaks!, and numerous individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education and Department of Human Services. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the lack of access to menstrual products in schools limits full participation in school, contributes to higher rates of school absenteeism and missed activities, and perpetuates gender and class inequities. Your Committee further finds that having an adequate supply of quality menstrual products available to students will prevent the extended use of products beyond the recommended time or use of alternatives, which otherwise has a direct and negative impact on student health. This measure will promote menstrual equity by providing menstrual products to all students, free of charge, on all public and charter school campuses.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the

intent and purpose of S.B. No. 2821, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Ohno).

**SCRep. 1237-22 Education on S.B. No. 2184**

The purpose of this measure is to:

- (1) Establish a digital learning center within the Department of Education; and
- (2) Appropriate funds for staffing and programmatic expenses for the digital learning center.

Your Committee received testimony in support of this measure from the Department of Education; Chamber of Commerce Hawaii; National Federation of the Blind of Hawaii; Tangent Inc.; Succeed Hawaii, LLC; Kamehameha Schools; and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that digital learning will continue to be a critical component of education in the twenty-first century. Your Committee further finds that digital learning also has the potential to promote the equitable delivery of high-quality educational offerings to students throughout Hawaii. Your Committee additionally finds that the establishment of a digital learning center within the Department of Education will help to improve the quality and delivery of digital learning services for students statewide.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2184, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Ohno).

**SCRep. 1238-22 Education on S.B. No. 2826**

The purpose of this measure is to establish and appropriate funds for a career development success program to provide financial incentives for participating public high schools and charter schools to encourage students enrolled in grades nine through twelve to enroll in and successfully complete qualified industry-credential programs.

Your Committee received testimony in support of this measure from the Department of Education, State Public Charter School Commission, Chamber of Commerce Hawaii, HawaiiKidsCan, Society of Human Resource Management Hawaii, Hawaii Business Roundtable, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that in the current job market, nearly sixty-five percent of available positions require postsecondary credentials. Industry-recognized credentials are important because they teach the specific knowledge and skills required for an occupation or industry and provide full-time employees with industry credentials with more earnings than their uncredentialed counterparts. Your Committee further finds that Hawaii has critical shortages of qualified local workers in sectors including health, education, air travel, and technology. This measure will establish a career development success program to incentivize high school students to enroll in and successfully complete qualified industry-credential programs and better prepare them for joining Hawaii's workforce.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2826, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Ohno).

**SCRep. 1239-22 Education on S.B. No. 2081**

The purpose of this measure is to:

- (1) Establish the Department of Education Commercial Enterprises Revolving Fund to accept the deposit of revenues from commercial enterprises at public schools; and
- (2) Authorize the Department of Education to expend revenues from the commercial enterprise programs to support the operations of the programs.

Your Committee received testimony in support of this measure from the Department of Education and Chamber of Commerce Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that commercial enterprises provide students with the hands-on and real-world experiences that are critical to post-secondary or workforce success. Your Committee further finds that the revenues generated by these commercial enterprises support various programs within schools and ensure the sustainability of those efforts. Your Committee notes that the restrictions on the intake and distribution of funds in schools are a challenge when implementing a commercial enterprise. This measure will remove the barriers that hinder the effectiveness and progression of the commercial enterprises and provide more schools with the opportunity to create and implement commercial enterprises.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2081, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Ohno).

**SCRep. 1240-22 Education on S.B. No. 2183**

The purpose of this measure is to exempt certain Department of Education employees from the state residency requirement under section 78-1, Hawaii Revised Statutes.

Your Committee received testimony in opposition to this measure from the Hawaii State Teachers Association and two individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that with the expansion of telework options and improvements in infrastructure, the hiring of professionals for certain positions within the Department of Education to work remotely has the potential to satisfy critical hiring needs in a fiscally prudent manner. Your Committee further finds that this measure allows to the Department of Education to satisfy these critical hiring needs by allowing the Department to hire non-resident employees. While this measure will provide the Department of Education with hiring flexibility, your Committee believes that the exemption from the residency requirement should not apply to teachers.

Your Committee has amended this measure by:

- (1) Providing that the exemption from the state residency requirement shall not apply to teachers;
- (2) Changing its effective date to July 1, 2051; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2183, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2183, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Ohno).

#### **SCRep. 1241-22 Education on S.B. No. 2817**

The purpose of this measure is to repeal certain annual reporting requirements of the Department of Education.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee finds that certain reporting requirements for the Department of Education are no longer necessary. Your Committee further finds that this measure will reduce the reporting requirements for the Department of Education, which will allow Department staff and resources to be put toward other priorities.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2817, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Ohno).

#### **SCRep. 1242-22 Economic Development on S.B. No. 3334**

The purpose of this measure is to:

- (1) Establish the Director of Business, Economic Development, and Tourism as an ex officio voting member of the Hawaii Tourism Authority and School Facilities Authority;
- (2) Remove the authority of the Stadium Authority to maintain, operate, and manage the stadium development district and instead require the Stadium Authority to maintain, operate, and manage the Stadium and attached facilities;
- (3) Amend the composition of the Hawaii Community Development Authority and community development districts;
- (4) Rename the Stadium Development District the Stadium Community Development District;
- (5) Transfer the authority of the Stadium Community Development District from the Stadium Authority to the Hawaii Community Development Authority;
- (6) Increase the amount of general obligation bonds issued for the Stadium Community Development District; and
- (7) Transfer the Stadium Authority and School Facilities Authority from the Department of Accounting and General Services and Department of Education, respectively, to the Department of Business, Economic Development, and Tourism.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Hawaii Community Development Authority. Your Committee received testimony in opposition to this measure from four individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Accounting and General Services, Department of Education, Stadium Authority, Hawai'i Tourism Authority, and School Facilities Authority.

Your Committee finds that the effective and efficient development and redevelopment of state lands is an important priority. However, your Committee further finds that expertise with land development is currently spread across various state departments and agencies, which causes discrepancies in the State's plan to efficiently utilize state lands for Hawaii residents. Your Committee notes that the Stadium Authority and School Facilities Authority, both responsible for the development of certain state lands, are currently in the Department of Accounting and General Services and Department of Education, respectively. Your Committee believes that centralizing the State's land development functions within a single department will better ensure that all state lands are being properly utilized.

Your Committee also finds that the companion to this measure, H.B. 2470, H.D. 2 (Regular Session of 2022), was previously passed by the House.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. 2470, H.D. 2, a measure that:
  - (A) Establishes the Director of Business, Economic Development, and Tourism, or the Director's designee, as an ex officio, voting member of the Hawaii Tourism Authority, Stadium Authority, and School Facilities Authority;
  - (B) Repeals the Stadium Development Special Fund's exemption from the departmental administrative expenses assessment;
  - (C) Transfers the Stadium Authority from the Department of Accounting and General Services to the Department of Business, Economic Development, and Tourism;
  - (D) Amends the composition of the Stadium Authority;
  - (E) On July 1, 2023, transfers the School Facilities Authority from the Department of Education to the Department of Business, Economic Development, and Tourism; and
  - (F) Contains an effective date of October 18, 2050;
- (2) Inserting language that reduces the amount of general obligation bonds that may be issued for the Stadium Development District; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3334, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No.

3334, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1243-22 Economic Development on S.B. No. 2808**

The purpose of this measure is to appropriate funds for the State Small Business Credit Initiative Program.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Technology Development Corporation; Hawaii Green Infrastructure Authority; Chamber of Commerce Hawaii; Hawaii Food Industry Association; and Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the State Small Business Credit Initiative Program was established by the federal government in 2021 to assist small businesses. The State is expected to receive over \$56,000,000 in federal funds from the American Rescue Plan Act to provide capital assistance to small businesses in the State. This measure supplements this funding to support small businesses in the State, which is especially critical given the impacts and challenges felt by small businesses as a result of the coronavirus disease 2019 pandemic.

Your Committee has amended this measure by:

- (1) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2808, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2808, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1244-22 Economic Development on S.B. No. 3054**

The purpose of this measure is to:

- (1) Expand funding sources and authorized uses of the Hawaii Film and Creative Industries Special Fund; and
- (2) Appropriate funds for the purposes of the special fund.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; 'Ohina; NMG Network; Hawai'i International Film Festival; and five individuals. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Hawaii Film and Creative Industries Development Special Fund (Special Fund) supports the film, media, and creative industries in the State. This measure would expand the authorized uses of the Special Fund to ensure that there are significant economic benefits for the State from the film and creative industries.

Your Committee has amended this measure by:

- (1) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3054, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3054, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1245-22 Economic Development on S.B. No. 3337**

The purpose of this measure is to:

- (1) Establish a public policy framework that addresses state goals regarding economic disaster mitigation and economic diversification;
- (2) Appropriate funds to implement projects that address these goals;
- (3) Require the Department of Business, Economic Development, and Tourism to submit annual reports to the Legislature summarizing project outcomes; and
- (4) Appropriate funds to staff the Hawaii Center for Advanced Transportation Technologies.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Office of Planning and Sustainable Development; Hawaii State Energy Office; Hawaii Community Development Authority; Hawaii Technology Development Corporation; Hawaii Green Infrastructure Authority; Hawaii Housing Finance and Development Corporation; Hawai'i Tourism Authority; Chamber of Commerce Hawaii; Hunt Development Group, LLC; Kapolei Chamber of Commerce; and seven individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Maui Chamber of Commerce.

Your Committee finds that the early onset of the coronavirus disease 2019 pandemic devastated the State's economy. While the State is beginning to recover from the economic damages, your Committee believes that the State must improve its economic coordination and focus its efforts to meet state goals in the areas of economic disaster mitigation and economic diversification. This measure supports various efforts and projects that will help the State achieve these goals.

Your Committee has amended this measure by:

- (1) Clarifying that funds appropriated for a cyber leaders program may also be used for workforce and economic development of other defense related sectors;
- (2) Changing the effective date to October 18, 2050, to encourage further discussion; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3337, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3337, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1246-22 Economic Development on S.B. No. 2599**

The purpose of this measure is to amend the tax credit for research activities by:

- (1) Adding a cap for an eligible taxpayer and its related entities per taxable year;
- (2) Consolidating the survey and certification requirements for the tax credit;
- (3) Increasing the annual aggregate cap; and
- (4) Requiring certification on a first-come, first-served basis, to be determined on the date a complete application is received.

Your Committee received testimony in support of this measure from the Hawaii Technology Development Corporation; Oceanit; Makai Ocean Engineering, Inc.; and one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; Department of Budget and Finance; and Tax Foundation of Hawaii.

Your Committee finds that the tax credit for research activities is important to the success of local research and high technology companies as it allows these companies to remain competitive with mainland companies. This measure provides further clarity and consistency in the administration of the tax credit to foster job growth and diversify the State's economy.

Your Committee has amended this measure by:

- (1) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2599, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2599, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1247-22 Economic Development on S.B. No. 3243**

The purpose of this measure is to repeal the definition of "industrial park" and replace that term with the newly defined term "economic zone".

Your Committee received testimony in support of this measure from the Hawaii Technology Development Corporation and Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Hawaii Technology Development Corporation is responsible for developing and encouraging industrial parks as technology innovation centers. However, your Committee notes that the term "industrial park" has not been amended since Act 72, Session Laws of Hawaii 2000, and may no longer fit. This measure updates the terminology to "economic zone", as it is a more intuitive description.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3243, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3243, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1248-22 Legislative Management on S.B. No. 2885**

The purpose of this measure is to appropriate funds for one full-time equivalent (1.0 FTE) position in the Legislative Reference Bureau's Public Access Room to provide educational outreach and engagement with all schools in the State.

Your Committee received testimony in support of this measure from the Commission to Promote and Advance Civic Education, Common Cause Hawaii, League of Women Voters of Hawaii, and nine individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Legislative Reference Bureau.

Your Committee finds that the Public Access Room is well positioned to further civic engagement with the Legislature in Hawaii's schools. However, the Public Access Room lacks resources to provide outreach services in addition to the services it currently provides. This measure will afford the Public Access Room the staffing it needs to promote and advance civic education with all schools in the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to hear this measure, your Committee respectfully requests that it consider the appropriation amount necessary to fund the position and consider whether the position should be a civil service position.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2885, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2885, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

**SCRep. 1249-22 Higher Education & Technology on S.B. No. 2359**

The purpose of this measure is to require the University of Hawaii to establish K-12 expanded teaching cohort programs in each county for students who are pursuing undergraduate degrees in education.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Department of Education, and Hawaii State Teachers Association.

Your Committee finds that for a variety of reasons, Hawaii has long suffered from a shortage of qualified public-school teachers -- a shortage that not only continues but is worsening. Your Committee further finds that these teacher shortages are most severe on the Neighbor Islands. This measure will help to address the teacher shortage through the establishment of K-12 expanded cohort programs across the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2359, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2359, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Belatti, Ohno, Woodson, Yamane).

**SCRep. 1250-22 Higher Education & Technology on S.B. No. 3205**

The purpose of this measure is to:

- (1) Temporarily re-establish a two-year Hawaii Office of Naval Research Grant Program within the Department of Business, Economic Development, and Tourism to provide fifty-percent matching grants to qualified businesses conducting research and development in alternative energy; and
- (2) Establish the Alternative Energy Research and Development Revolving Fund.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office; Hawaii Technology Development Corporation; Oceanit; Makai Ocean Engineering, Inc.; and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the re-establishment of the Hawaii Office of Naval Research Grant Program will help further the State's goals of promoting renewable energy, supporting local businesses, and keeping high-paying, high-skilled jobs in Hawaii.

Your Committee has amended this measure by:

- (1) Adding alternative fuels, hydrogen, batteries, and energy storage as fields of research by which a business could qualify for a grant from the Hawaii Technology Development Corporation under this program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3205, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3205, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ganaden, Kapela). Noes, none. Excused, 3 (Ohno, Woodson, Yamane).

**SCRep. 1251-22 Judiciary & Hawaiian Affairs on S.B. No. 2741**

The purpose of this measure is to provide a limited exemption from certain requirements of the State's open meetings law for commissioners of the Commission to Promote Uniform Legislation to attend and fully participate in meetings hosted by the Uniform Law Commission, without any limitation on the number of participating commissioners.

Your Committee received testimony in support of this measure from the Department of the Attorney General and five individuals. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that this measure will enable commissioners of the Commission to Promote Uniform Legislation to perform their duties as the Hawaii delegation to the National Conference of Commissioners on Uniform State Laws, including selecting, drafting, considering, and amending various legislation to be adopted as uniform laws.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2741 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, Lowen, Tokioka).

**SCRep. 1252-22 Judiciary & Hawaiian Affairs on S.B. No. 2114**

The purpose of this measure is to update the Children's Justice Program to include the investigation and management of cases involving suspected or confirmed child sex trafficking, commercial sexual exploitation of children, other child maltreatment, and child witnesses to crime or violence.

Your Committee received testimony in support of this measure from the Judiciary; Department of the Attorney General; Department of Human Services; Department of Education; Honolulu Police Department; Office of the Prosecuting Attorney of the County of Hawai'i; County of Kauai Victim/Witness Program; Hawaii State Bar Association; Child and Family Service, Hilo Office; Catholic Charities Hawai'i; Parents and Children Together; Hawai'i Exploitation and Trafficking Unit; Friends of the Children's Justice Center of Oahu; The Sex Abuse Treatment Center; and one individual.

Your Committee finds that the Children's Justice Program was established to ensure a fair and neutral process for handling reports of alleged child sexual abuse that protects the rights of victims and alleged perpetrators. This measure would update statutory language to reflect the Program's existing priorities for cases involving child sex abuse, serious physical child abuse, child sex trafficking, commercial sexual exploitation of children, other child maltreatment, and children who are witnesses to crime or violence.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2114 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, Lowen, Tokioka).

**SCRep. 1253-22 Judiciary & Hawaiian Affairs on S.B. No. 2390**

The purpose of this measure is to:

- (1) Increase the number of associate judges on the Intermediate Court of Appeals from five to six; and
- (2) Appropriate funds to the Judiciary for the additional intermediate appellate court associate judge.

Your Committee received testimony in support of this measure from the Judiciary, Hawaii State Bar Association, Appellate Section of the Hawaii State Bar Association, and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the addition of an Intermediate Court of Appeals associate judge and support staff will allow the court to resolve more appeals expeditiously and reduce its historical backlog of appeals, including appeals related to high priority matters involving termination of parental rights, child custody, and criminal cases involving defendants in custody.

Your Committee has amended this measure by changing the effective date to January 1, 2022, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2390, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2390, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (McKelvey).

**SCRep. 1254-22 Judiciary & Hawaiian Affairs on S.B. No. 2740**

The purpose of this measure is to:

- (1) Allow the Judiciary to compensate guardians ad litem for involuntary hospitalization and assisted community treatment petitions at a rate higher than existing statutory guidelines; and
- (2) Appropriate funds to the Judiciary for compensation of guardians ad litem appointed to individuals who are the subject of a petition for involuntary hospitalization or assisted community treatment and related costs.

Your Committee received testimony in support of this measure from the Judiciary; Department of the Prosecuting Attorney of the City and County of Honolulu; The Institute for Human Services, Inc.; and three individuals.

Your Committee finds that guardians ad litem serve a vital role in supporting and advocating for persons who are being considered for involuntary hospitalization or assisted community treatment. This measure will allow the Judiciary to increase the number of guardians ad litem assisting these vulnerable persons and ensure that adequate compensation is provided when handling these cases.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance choose to deliberate on this measure, your Committee respectfully requests that the Committee on Finance give consideration to \$100,000 as the appropriate amount for the funds requested in this measure.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2740, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2740, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (McKelvey).

**SCRep. 1255-22 Judiciary & Hawaiian Affairs on S.B. No. 3044**

The purpose of this measure is to provide a mechanism for:

- (1) Tobacco product manufacturers that are not signatories to the Master Settlement Agreement to assign their interest in any qualified escrow fund balances to the State; and
- (2) Financial institutions acting as the escrow agent of the qualified escrow fund to petition the courts to authorize transfer of funds to the State when the qualified escrow fund is abandoned.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

Your Committee finds that the Tobacco Liability Act requires certain tobacco product manufacturers that are not signatories to the Master Settlement Agreement (nonparticipating tobacco manufacturers) to make certain payments into a qualified escrow fund based on their cigarette sales in the State. Under the Tobacco Liability Act, these nonparticipating tobacco manufacturers are required to open and manage their own escrow fund, with rights to the escrow funds belonging only to the manufacturers and the State.

However, your Committee finds that existing law is silent as to how a nonparticipating tobacco manufacturer should close an escrow account or what financial institutions may do when an escrow account is abandoned. In 2018, one nonparticipating tobacco manufacturer indicated a willingness to assign its interest in its qualified escrow fund to the State. This step was part of its efforts to close the escrow fund since the manufacturer no longer sold tobacco products in the United States. This measure would authorize such assignments.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3044, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3044, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (McKelvey).

**SCRep. 1256-22 Judiciary & Hawaiian Affairs on S.B. No. 1346**

The purpose of this measure is to increase compensation for a juror or prospective juror from \$30 to \$50 for each day of attendance at court.

Your Committee received testimony in support of this measure from the Judiciary.

Your Committee finds that juror compensation has not been increased since 1986. Your Committee recognizes the sacrifices made by jurors and prospective jurors in the performance of their civic duty and believes that an increase in compensation is timely.

Your Committee has amended this measure by changing the effective date to January 1, 2022, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1346, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1346, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (McKelvey).

**SCRep. 1257-22 Judiciary & Hawaiian Affairs on S.B. No. 3041**

The purpose of this measure is to satisfy several claims against the State, its officers, or its employees.

Your Committee received testimony in support of this measure from the Department of the Attorney General and Earthjustice. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Budget and Finance, and Department of Education.

Your Committee finds that the Department of the Attorney General testified that it has advised its client agencies on how to avoid claims such as those included in this measure.

Your Committee has amended this measure by:

(1) Appropriating:

- (A) \$40.65 in general funds for a claim by Sang Chol Bang;
- (B) \$1,283.01 in general funds for a claim by Rodney Baculpo;
- (C) \$1,283 in general funds for a claim by Darlene Vicente fka Darlene Baculpo;
- (D) \$383,119.65 in general funds for a claim by Princeville Hotel, LP;
- (E) \$132,611.78 from the Department of Agriculture's operating budget for a settlement in the case of Nā Kia'i Kai v. Nakatani, et al.;
- (F) \$145,736.28 from the Department of Land and Natural Resources' operating budget for a settlement in the case of Kaupiko, et al. v. Dept. of Land and Natural Resources, State of Hawaii;
- (G) \$250,540 from the Department of Public Safety's operating budget for a settlement in the case of Anthony Chatman, et al. v. Max N. Otani;
- (H) \$150,000 from the Department of Public Safety's operating budget for a settlement in the case of Curt K.K. Tokunaga, et al. v. Dept. of Public Safety, State of Hawaii;
- (I) \$40,000 from the Department of Public Safety's operating budget for a settlement in the case of Faatalale Auelua v. State of Hawaii;
- (J) \$550,000 from the Department of Public Safety's operating budget for a settlement in the case of HELG Administrative Services, LLC, as Special Administrator of the Estate of Daisy L. Kasitati, deceased, et al. v. Dept. of Public Safety, State of Hawaii; and
- (K) \$125,275.38 from the Department of Education's operating budget for a judgment in the case of UPW on behalf of James Ah Sing v. Christina Kishimoto, et al.;

(2) Deleting language that authorized the payment of claims to the respective persons, or for the satisfaction or settlement of the respectively identified cases, in several amounts or in lesser amounts deemed appropriate, upon checks issued by the Comptroller, subject to the approval of the Attorney General;

(3) Changing the effective date to January 1, 2022, to encourage further discussion; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the \$125,275.38 judgment in the case of UPW on behalf of James Ah Sing v. Christina Kishimoto, et al., should be paid by the Department of Education rather than the State Public Charter School Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3041, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3041, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (McKelvey).

**SCRep. 1258-22 Judiciary & Hawaiian Affairs on S.B. No. 2458**

The purpose of this measure is to appropriate funds to the Judiciary to contract with nonprofit organizations to provide legal counsel and assistance to low-income immigrants in immigration proceedings and for any other legal issues pertaining to immigration.

Your Committee received testimony in support of this measure from the Judiciary; Department of Human Services; Department of Labor and Industrial Relations, Office of Community Services; Catholic Charities Hawai'i; Hawai'i Friends of Civil Rights; Hawai'i Coalition for Immigrant Rights; Hawai'i Access to Justice Commission; The Legal Clinic; Pacific Gateway Center; and six individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that many noncitizens lack the resources to obtain legal representation to help navigate the highly complex immigration court process, which may result in detainment or deportation. This measure will allow noncitizens to obtain vital legal counsel and assistance to ensure a more fair process.

Your Committee has amended this measure by:

- (1) Updating its purpose section; and
- (2) Changing certain references from "immigrant" to "noncitizen" to better describe the class of persons involved.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2458, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2458, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, Lowen, Tokioka).

#### **SCRep. 1259-22 Judiciary & Hawaiian Affairs on S.B. No. 3189**

The purpose of this measure is to impose a heightened criminal penalty of a class C felony on persons who repeatedly commit the offenses of gambling, possession of gambling records in the second degree, or possession of a gambling device within ten years.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and one individual. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that illegal gambling houses have a profoundly negative impact on communities across the State, particularly residential neighborhoods. Illegal gambling houses have been shown to attract and foster violence, illicit drugs, sex trafficking, and other dangerous activities. By strengthening the criminal penalties for promoting gambling in the first and second degree, your Committee believes that persons who work at illegal gambling houses will be deterred from participating in the illegal enterprise.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 2197, H.D. 1 (Regular Session of 2022), which:
  - (A) Amends the offenses of promoting gambling in the first and second degree to a class B felony and class C felony, respectively; and
  - (B) Excludes the offenses of promoting gambling in the first and second degree from qualifying for deferred acceptance of guilty plea or nolo contendere plea; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3189, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3189, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (McKelvey). Noes, none. Excused, 3 (D. Kobayashi, Lowen, Tokioka).

#### **SCRep. 1260-22 Judiciary & Hawaiian Affairs on S.B. No. 2162**

The purpose of this measure is to implement the use of ranked-choice voting for special elections held for congressional races in the State and vacant county council seats.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Hawai'i Alliance for Progressive Action, Common Cause Hawaii, Americans for Democratic Action Hawaii, FairVote Action, League of Women Voters, and thirteen individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the existing plurality voting method in special elections allows a candidate to win an election without a majority of votes when there are more than two candidates for the office. However, ranked-choice voting is an election method that provides voters the ability to rank candidates in order of preference and has been used effectively in other jurisdictions.

Your Committee has amended this measure by:

- (1) Clarifying the process in the event that there is a three-way tie between candidates for the most votes;
- (2) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2162, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2162, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Ward). Excused, 1 (McKelvey).

#### **SCRep. 1261-22 Judiciary & Hawaiian Affairs on S.B. No. 2087**

The purpose of this measure is to appropriate funds to the Department of the Prosecuting Attorney of the City and County of Honolulu as a grant-in-aid for the Victim Witness Assistance Program, including the hiring of necessary staff.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu; Mahikū A'o Mai, LLC; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the funding provided by this measure will help guide victims, witnesses, and surviving family members through the criminal justice system.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider appropriating funds for victim witness assistance programs in the other counties.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2087, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2087, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (McKelvey).

#### **SCRep. 1262-22 Judiciary & Hawaiian Affairs on S.B. No. 416**

The purpose of this measure is to:

- (1) Clarify the applicable expert witness fees in state criminal cases; and
- (2) Increase per diem payments for other witnesses required to travel and stay overnight to attend a state court or grand jury in any criminal case.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Department of the Prosecuting Attorney of the City and County of Honolulu, and Department of the Prosecuting Attorney of the County of Maui.

Your Committee finds that after more than thirty years, the Department of Budget and Finance decided to discontinue reimbursements of certain expert witness fees and create new rules about when witnesses would be reimbursed. Although the Governor issued an administrative directive that reestablished the previous procedures regarding expert witness reimbursements, your Committee believes that further statutory clarification regarding expert witness reimbursements may be necessary.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 416, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 416, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (McKelvey).

#### **SCRep. 1263-22 Judiciary & Hawaiian Affairs on S.B. No. 2663**

The purpose of this measure is to alter the filing fee schedules for actions to determine father and child relationships to achieve parity with divorce cases by:

- (1) Establishing an initial filing fee of \$100; and
- (2) Eliminating the filing fee to file motions.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and Health Committee of the Democratic Party of Hawai'i.

Your Committee finds that this measure will establish clear filing fees for paternity actions which will reduce the burden, confusion, and uncertainty for litigants under the existing filing fee schedule.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2663, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2663, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (McKelvey).

#### **SCRep. 1264-22 Judiciary & Hawaiian Affairs on S.B. No. 2088**

The purpose of this measure is to appropriate funds to the Department of the Prosecuting Attorney of the City and County of Honolulu as a grant-in-aid for the Career Criminal Prosecution Unit.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and Retail Merchants of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Career Criminal Prosecution Unit was created because a disproportionate amount of serious crimes are committed against the public by a relatively small number of multiple and repeat felony offenders. This measure will help support the prosecution of these career criminals.

Your Committee has amended this measure by changing the effective date to January 1, 2222, to encourage further discussion.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider appropriating funds for career criminal prosecution units in the other counties.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2088, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2088, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (McKelvey).

#### **SCRep. 1265-22 Judiciary & Hawaiian Affairs on S.B. No. 3114**

The purpose of this measure is to:

- (1) Establish a \$25 fee for all licenses to solemnize a marriage to be deposited into the Vital Statistics Improvement Special Fund;
- (2) Require the Department of Health to account for the collection and deposit of the fee into the Vital Statistics Improvement Special Fund; and
- (3) Repeal certain provisions related to obtaining a license to solemnize civil marriage ceremonies for consistency with the purpose of this measure.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that there are no fees for licenses to solemnize marriages for religious and judicial marriage solemnizers. Your Committee further finds that the State should benefit from its sanction to duly authorize marriage officiants.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3114, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (McKelvey).

#### **SCRep. 1266-22 Judiciary & Hawaiian Affairs on S.B. No. 2136**

The purpose of this measure is to prohibit juror exclusion based on gender identity or expression.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Rainbow Family 808, Hawai'i Health & Harm Reduction Center, and three individuals.

Your Committee finds that gender identity and expression are not expressly protected from discrimination in jury service under existing law. This measure will clarify that a citizen may not be excluded from jury service in Hawaii based on their gender identity or expression.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2136, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2136, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (McKelvey).

#### **SCRep. 1267-22 Judiciary & Hawaiian Affairs on S.B. No. 1048**

The purpose of this measure is to authorize the Hawaii Criminal Justice Data Center and state and county criminal justice agencies to set and collect fees for services provided.

Your Committee received testimony in support of this measure from the Department of the Attorney General. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that eliminating the finite list of services for which the Hawaii Criminal Justice Data Center and state and county criminal justice agencies are allowed to charge fees will enable these criminal justice agencies to include fees for all of their services within a fee schedule established by administrative rules. This measure will thereby help to sustain the operations of the Hawaii Criminal Justice Data Center as well as state and county criminal justice agencies.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1048, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, Lowen, Tokioka).

#### **SCRep. 1268-22 Judiciary & Hawaiian Affairs on S.B. No. 2392**

The purpose of this measure is to appropriate funds to the Judiciary to purchase civil legal services for low- and moderate-income persons.

Your Committee received testimony in support of this measure from the Judiciary; Department of Human Services; Department of Labor and Industrial Relations, Office of Community Services; Hawaii Justice Foundation; Hawai'i State Coalition Against Domestic Violence; Hawai'i Access to Justice Commission; Hawai'i Health & Harm Reduction Center; Volunteer Legal Services Hawai'i; The Legal Clinic; Legal Aid Society of Hawai'i; and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that legal services can be prohibitively expensive for low- and moderate-income persons. However, there are several nonprofit and volunteer organizations in the State that provide quality legal services to these persons. This measure helps to ensure that legal services are available to persons who need them but lack the resources to pay for them.

Your Committee also finds that the Department of Labor and Industrial Relations' Office of Community Services testified that it has administered funding from the Legislature to provide legal services similar to this measure in the past.

Accordingly, your Committee has amended this measure by:

- (1) Changing the expending agency for the appropriated funds from the Judiciary to the Department of Labor and Industrial Relations, Office of Community Services;
- (2) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2392, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2392, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, Lowen, Tokioka).

#### **SCRep. 1269-22 Judiciary & Hawaiian Affairs on S.B. No. 2623**

The purpose of this measure is to prohibit lessees who sell or transfer their interest in a Hawaiian home lands tract from being placed on the waiting list

maintained by the Department of Hawaiian Home Lands for an additional lease.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that certain Native Hawaiians who are eligible for a lease pursuant to the Hawaiian Homes Commission Act, 1920, as amended, have acquired a lease, sold or transferred their interest in the lease, and then placed their name on the waiting list for a second lease of Hawaiian home lands. This has contributed to many otherwise eligible Native Hawaiians never receiving a lease offer. Your Committee believes that all Department of Hawaiian Home Lands beneficiaries should be able to enter the Hawaiian Homes Commission Act program with a reasonable expectation of eventually receiving a lease.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2623, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2623, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Nakamura). Noes, 1 (D. Kobayashi). Excused, 1 (McKelvey).

#### **SCRep. 1270-22 Agriculture on S.B. No. 2992**

The purpose of this measure is to establish the Hawaii Agricultural Investment Program within the Department of Agriculture to provide fifty percent matching grants for certain activities that increase local agricultural production or processing capacity.

Your Committee received testimony in support of this measure from the Hawaii Cattlemen's Council, Ulupono Initiative, Hawai'i Farm Bureau, Hawaii Food Industry Association, Food+ Policy Internship 2022, Kauai Women's Caucus, and seven individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, and Department of the Attorney General.

Your Committee finds that revitalization of the local agriculture industry is essential to a sound local economy and the future of agriculture in the State. According to the Department of Agriculture, in a recent commercial agriculture survey of local farming operators conducted by the USDA-NASS, fifty-eight percent of participating farms cited the high cost of production as the leading barrier to their commercial expansion, and all farms surveyed indicated that a \$100,000 grant would improve their total gross sales after one year. Your Committee also finds that most small farmers and ranchers lack the capacity and resources to initiate, participate in, and benefit from ancillary support activities in the areas of production, processing, storage, distribution, product research, and product marketing. This measure will provide funding and support for such assistance to support these farmers and ranchers in attaining desirable levels of efficiency, competitiveness, and expansion capacity, to help increase the production of locally grown food.

Your Committee has amended this measure by:

- (1) Broadening the scope of the Hawaii Agricultural Investment Program to include matching grants for the conversion of farm owner or operator and business owner or operator operations to cage free operations;
- (2) Lowering the grant matching requirement for the Hawaii Agricultural Investment Program, with the State providing seventy-five percent and federal, private, and other sources providing twenty-five percent; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2992, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2992, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

#### **SCRep. 1271-22 Health, Human Services, & Homelessness on S.B. No. 1134**

The purpose of this measure is to broaden the Department of Human Services' right of entry into a vulnerable adult's premises without a warrant for an investigation for any type of abuse, regardless of whether there is a physical injury.

Your Committee received testimony in support of this measure from the Department of Human Services and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that existing law limits the Department of Human Services' ability to enter a vulnerable adult's premises without a warrant. Specifically, warrantless entries are only limited to instances in which there is probable cause to believe that a vulnerable adult will be physically injured. Your Committee further finds that other types of abuse, such as psychological abuse, sexual abuse, financial exploitation, or caregiver neglect can result in damaging losses to the vulnerable adult's mental health, welfare, and financial stability. Authorizing employees of the Department of Human Services to enter a vulnerable adult's premises without a warrant for additional forms of reported abuse will enable the Department to more rapidly assess the vulnerable adult, interrupt the reported abuse, initiate an investigation, and make referrals to address or reduce the severity and risk of harm resulting from the reported abuse.

Your Committee has amended this measure by:

- (1) Limiting the expansion of the Department of Human Services' warrantless right of entry to investigations of caregiver neglect, self-neglect, or physical abuse;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1134, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1134, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1272-22 Health, Human Services, & Homelessness on S.B. No. 1294**

The purpose of this measure is to appropriate funds to restore basic diagnostic, preventive, and restorative dental benefits for adult Medicaid enrollees.

Your Committee received testimony in support of this measure from the Department of Human Services, Executive Office on Aging, Hawaii State Council on Developmental Disabilities, John A. Burns School of Medicine at the University of Hawai'i at Mānoa, Hawaii Disability Rights Center, AARP Hawai'i, Hawaii Medical Service Association, Oral Health Progress and Equity Network, Health Committee of the Democratic Party of Hawai'i, PHOCUSED Project of the Hawai'i Appleseed Center for Law and Economic Justice, Hawai'i Children's Action Network Speaks!, Ho'ōla Lāhui Hawai'i, Hawaii Primary Care Association, UnitedHealthcare, Hawaii Association of Health Plans, Hawai'i Section of the American College of Obstetricians and Gynecologists, Americans for Democratic Action Hawai'i, Kaiser Permanente Hawai'i, Hawaii Dental Service, Hawaii Dental Hygienists' Association, AlohaCare, Waianae Coast Comprehensive Health Center, Catholic Charities Hawai'i, Papa Ola Lōkahi, Hawaii Dental Association, 'Ohana Health Plan, Waimānalo Health Center, The Queen's Health Systems, Parents And Children Together, Hawai'i Oral Health Coalition, Hawaii Medical Association, Kōkua Kalihi Valley Comprehensive Family Services, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that oral health disease is a significant health problem for many Hawaii residents, as multiple policy and system issues in the State have left the oral health of Hawaii's families and children worse than the rest of the nation. Your Committee further finds that since preventive and restorative dental care services for adult Medicaid enrollees were terminated in 2009, a disproportionate number of adult Medicaid enrollees now use the emergency room for emergency dental services. This measure will improve the overall health of the State's Medicaid recipients by restoring basic diagnostic, preventive, and restorative dental benefits to adult Medicaid enrollees.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1294, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1294, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1273-22 Health, Human Services, & Homelessness on S.B. No. 2017**

The purpose of this measure is to repeal existing law that limits licensure as an Emergency Medical Technician 1 to individuals whose practice is performed in a county with a population of five hundred thousand or greater.

Your Committee received testimony in support of this measure from the Hawaii Medical Board, State Fire Council, Maui Fire Department, and Honolulu Fire Department.

Your Committee finds that Act 119, Session Laws of Hawaii 2021, (Act 119) created an additional category for Emergency Medical Technician 1, which is an individual who is certified at a higher practice level than emergency medical responders, but does not provide ambulance services. The intent of Act 119 was to align the State with national trends and mitigate the unintended consequences associated with the deregulation of the State's emergency medical services system. However, Act 119 limited the licensure of Emergency Medical Technician 1 to counties with a population greater than five hundred thousand, which excluded emergency medical responders who do not provide ambulance services, such as firefighters and lifeguards, in the counties of Maui and Kauai. Your Committee finds that it is in the interest of public health to expand the licensure of Emergency Medical Technician 1 to all counties in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2017, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2017, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1274-22 Health, Human Services, & Homelessness on S.B. No. 2137**

The purpose of this measure is to require the Department of Health and pertinent county agencies to work together to resolve problems and complaints regarding clean and sober homes.

Your Committee received testimony in support of this measure from the Department of Health and Hawaii Substance Abuse Coalition. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that clean and sober homes are an important tool in treatment for substance use disorder. Your Committee further finds that requiring the Department of Health to work with pertinent county agencies to resolve complaints about clean and sober homes and provide community education on clean and sober homes will increase understanding and reduce misinformation and complaints.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2137, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2137, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1275-22 Health, Human Services, & Homelessness on S.B. No. 2424**

The purpose of this measure is to require that, when one of the parties to a marriage is a minor and the other party is more than five years older than the minor, the Child Protective Services Unit of the Department of Human Services investigate all parties to the marriage, including the prospective spouse and any person giving written consent to the minor's marriage, and report its findings to the Family Court before the court consents to the marriage and a license may be issued.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, Rainbow Family 808, Hawaii Youth Services Network, AF3IRM Hawai'i, and one individual. Your Committee received testimony in opposition to this measure from Unchained At Last, Tahirih Justice Center, and one individual. Your Committee received comments on this measure from the Department of Human Services and Department of Health.

Your Committee finds that there is growing recognition that child marriage is a human rights violation and a severe impediment to social and economic development. There is additional concern that a child entering into marriage may have been pressured or coerced into marrying or the marriage may be the result of sex trafficking. Existing state law allows children as young as sixteen to marry, with a Family Court authorization required if the child is fifteen years of age. Comparatively, the State's sexual assault laws criminalize sexual conduct with a fifteen-year-old unless the fifteen-year-old is legally married to the sexual partner or the sexual partner is no more than five years older than the minor. This measure balances certain protections for children with existing law by requiring the Child Protective Services Unit to investigate all parties to a marriage and make a report of its findings to the Family Court prior to the issuance of a marriage license when one of the parties is a minor and the other party is more than five years older than the minor.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2424, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2424, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1276-22 Health, Human Services, & Homelessness on S.B. No. 2459**

The purpose of this measure is to:

- (1) Require the Office of Language Access to submit an annual report to the Governor and Legislature regarding compliance with state and federal language access laws; and
- (2) Appropriate funds to establish Limited English Proficiency Language Coordinator positions in the Departments of Commerce and Consumer Affairs, Health, and Agriculture, and in the Hawaii Emergency Management Agency.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Department of Human Services, Office of Community Services, Common Cause Hawaii, Catholic Charities Hawai'i, The Legal Clinic, Hawai'i Friends of Civil Rights, Hawai'i Children's Action Network Speaks!, Hawai'i Coalition for Immigrant Rights, Refugee Advocacy Lab, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Commerce and Consumer Affairs, Hawai'i Emergency Management Agency, and Office of Language Access.

Your Committee finds that one out of every nine persons living in Hawaii is limited English proficient, which limits their ability to access important benefits and services and obtain essential information during public health emergencies, pandemics, or natural disasters. Your Committee further finds that while the Office of Language Access was created in 2006 to address the barriers created by limited proficiency in English, the Office is only authorized to eliminate the language barrier through informal means. This measure strengthens the Office of Language Access' ability to ensure compliance with state and federal language access laws by requiring the Office to submit an annual report, which will provide the Governor and Legislature with timely information that is crucial in improving the State's efforts to enhance and promote language access.

Your Committee has amended this measure by:

- (1) Appropriating an unspecified sum to establish three Limited English Proficiency Language Coordinator positions in the Office of Language Access to work with all state departments and agencies, rather than establishing separate coordinator positions in the Departments of Commerce and Consumer Affairs, Health, and Agriculture, and the Hawaii Emergency Management Agency;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2459, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2459, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1277-22 Health, Human Services, & Homelessness on S.B. No. 2634**

The purpose of this measure is to appropriate state funds required to draw down the federal matching funds to extend Medicaid postpartum coverage to twelve months following the end of pregnancy.

Your Committee received testimony in support of this measure from the Department of Human Services; Executive Office on Early Learning; Hawai'i State Commission on the Status of Women; Disability and Communication Access Board; American Heart Association; Planned Parenthood Alliance Advocates - Hawai'i; Hawaii Family Forum; Hawaii Medical Association; Healthcare Association of Hawaii; Hawaii Association of Health Plans; Hawaii Medical Service Association; UnitedHealthcare; Hawai'i Women Lawyers; AlohaCare; Save Medicaid Hawaii; Breastfeeding Hawaii; Hawaii Women's Coalition; The Queen's Health Systems; Hawai'i Pacific Health; Hawai'i Section of the American College of Obstetricians and Gynecologists; American Academy of Pediatrics; Hawaii Chapter; Hawai'i Pacific Public Health Institute; Hawai'i Children's Action Network Speaks!; Hawaii Primary Care Association; 'Ahahui o nā Kauka; March of Dimes; Hawai'i Maternal & Infant Health Collaborative; Kaiser Permanente Hawai'i; Hawai'i Public Health Association; American Association of University Women of Hawaii; and seven individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the United States has one of the highest maternal mortality rates among high-income countries. As a result, there has been an increased emphasis on the importance of postpartum care, as women are more likely to die of pregnancy-related conditions during the twelve months following childbirth than during pregnancy or childbirth. Your Committee further finds that Medicaid pregnancy coverage, which pays for nearly half of all births in the United States, expires sixty days after childbirth. However, a provision in the American Rescue Plan Act of 2021 gives states a new option to extend Medicaid postpartum coverage to twelve months via a state plan amendment. This measure appropriates the state funds necessary to draw down federal matching funds

to extend Medicaid postpartum coverage to twelve months following the end of pregnancy, which will improve health access for women and children by providing stability and continuity of care with known and trusted providers.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2634, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2634, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1278-22 Health, Human Services, & Homelessness on S.B. No. 2700**

The purpose of this measure is to require the Department of Human Services to annually collect certain information from all early child care workers and educators in the State through its Early Childhood Registry.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning, Hawai'i State Commission on the Status of Women, American Association of University Women of Hawaii, Early Childhood Action Strategy, Hawai'i Children's Action Network Speaks!, AF3IRM Hawai'i, and fourteen individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Human Services.

Your Committee finds that the demand for quality early child care and education far exceeds the currently available and qualified early child care capacity in the State. Your Committee further finds that a lack of early child care and education workforce data prevents policymakers from understanding the needs of this workforce, leading to inefficiencies in early child care legislation and education programs. Although the Department of Human Services collects data on the early child care and education workforce through its Early Childhood Registry, it only requires staff used to meet the staff-to-child ratio in licensed child care facilities to enroll and update their information in the registry. This measure ensures policymakers have adequate and timely data on the State's early child care and education workforce by requiring the Department of Human Services to collect data from all early child care workers and educators in the State.

Your Committee has amended this measure by:

- (1) Statutorily authorizing the Department of Human Services to establish and maintain the Early Childhood Registry;
- (2) Removing language that prohibited the Department of Human Services from collecting the first and last name of registrants for registry data collection purposes;
- (3) Clarifying that data collected by the Early Childhood Registry subject to public disclosure shall be aggregated and shall not directly or indirectly result in the disclosure of personally identifiable information;
- (4) Changing the scope of the Department of Human Services' report to the Legislature to include updates to the Early Childhood Registry, rather than the aggregate data of social determinants collected by the Early Childhood Registry;
- (5) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2700, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2700, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1279-22 Health, Human Services, & Homelessness on S.B. No. 2736**

The purpose of this measure is to appropriate funds to support a statewide crisis outreach program.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Substance Abuse Coalition, Partners In Care, Hawaii Medical Association, Hawaii Psychiatric Medical Association, Hawai'i Psychological Association, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that CAHOOTS (Crisis Assistance Helping Out On The Streets) was developed by the city of Eugene, Oregon in 1989 to address crisis situations where a social service response is more appropriate than a law enforcement response and is a promising model for responding to crises involving mental illness, homelessness, and addiction. The CAHOOTS method uses a team comprised of a crisis intervention worker and a medic who is either a nurse or an emergency medical technician, and who are trained in de-escalation and crisis intervention methods. Your Committee further finds that an expansion of the Crisis Mobile Outreach program administered by the Adult Mental Health Division of the Department of Health to include medical personnel will increase diversions from emergency departments and reduce the necessity that a person in crisis be brought to an emergency department for medical care.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2736, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2736, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1280-22 Health, Human Services, & Homelessness on S.B. No. 2857**

The purpose of this measure is to establish a five-year Child Wellness Incentive Pilot Program to encourage the completion of well-child examinations.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association; Hawaii Association of Health Plans; American Academy of Pediatrics, Hawaii Chapter; and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Family Advocacy Team and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Human Services.

Your Committee finds that well-child examinations play an important role in ensuring the health of children by providing needed screening for health problems, immunizations to protect against diseases, and guidance to promote healthy behaviors. Your Committee further finds that children who receive the recommended well-child care are more likely to have developmental concerns identified early and are less likely to use the emergency room. This measure promotes the health of children by incentivizing the completion of well-child examinations.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2857, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2857, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1281-22 Health, Human Services, & Homelessness on S.B. No. 2883**

The purpose of this measure is to:

- (1) Require the Hawaii Health Systems Corporation to convene a task force to facilitate improved, mission-driving hiring and training of culturally-accepted interpreters and create culturally-accepted education materials on preventative care and early intervention to assist non-English speaking populations seeking care at health care facilities; and
- (2) Appropriate funds to support the work of the task force.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, COFA Alliance National Network, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Office of Language Access, and Hawaii Health Systems Corporation.

Your Committee finds that Pacific Islander communities have been affected by the COVID-19 pandemic at significantly higher numbers than any other community of color in the State, with Compact of Free Association (COFA) benefit recipients being particularly adversely impacted. Your Committee further finds that, because of prejudice and discrimination in the health care system, COFA benefit recipients use medical facilities as an option of last resort to treat illnesses, leading to a much more severe prognosis than if they had received treatment at an earlier stage. This measure reduces barriers to health care experienced by COFA benefit recipients and other communities with similar cultural and language barriers by creating a task force to focus on hiring and training culturally accepted interpreters and create culturally accepted materials and preventative care to assist non-English speaking populations seeking care at health care facilities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2883, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2883, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1282-22 Health, Human Services, & Homelessness on S.B. No. 3106**

The purpose of this measure is to permanently exempt certain positions in the Department of Human Services from the civil service requirements.

Your Committee received testimony in support of this measure from the Department of Human Services, Early Childhood Action Strategy, and Parents And Children Together.

Your Committee finds that the hiring and retention of qualified, experienced, and knowledgeable information technology staff by the Department of Human Services is vital to effectively achieve information technology infrastructure modernization and system integration projects, maintain on-going system security and compliance, and meet additional supports required by a distributed telework workforce. Your Committee further finds that Act 81, Session Laws of Hawaii 2019, extended a temporary exemption for certain existing positions in the Office of the Director of Human Services for three years. This measure ensures a more effective and efficient administration of the Department of Human Services by creating permanent exemptions from civil service requirements for certain positions within the Department.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3106, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3106, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Kapela). Noes, none. Excused, none.

**SCRep. 1283-22 Health, Human Services, & Homelessness on S.B. No. 3235**

The purpose of this measure is to establish an inter-agency Safe Spaces for Youth Pilot Program to provide safe spaces in each county for youth experiencing homelessness.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Office of the Public Defender, Hawaii Youth Services Network, Stonewall Caucus of the Democratic Party of Hawaii, Rainbow Family 808, Opportunity Youth Action Hui, and one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, and Department of Budget and Finance.

Your Committee finds that over the course of a year, one in ten young adults in the State between the ages of eighteen and twenty-five and one in thirty adolescents in the State between the ages of thirteen and seventeen experience some form of homelessness in which the young adult or adolescent is unaccompanied by a parent or guardian. Your Committee further finds that homeless and runaway youth are vulnerable to multiple threats, including having unmet basic food and shelter needs, untreated mental health disorders, substance use, significant disruption to their education, sexual exploitation, physical victimization, and suicide. This measure ensures the safety and well-being of homeless youth by requiring the establishment of a coordinated, inter-agency initiative to provide safe spaces in each county for youth experiencing homelessness.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3235, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3235, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1284-22 Health, Human Services, & Homelessness on S.B. No. 3367**

The purpose of this measure is to establish an Early Lung Cancer Screening Task Force to research what steps and resources are necessary to increase early lung cancer screening in Hawaii.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Health, John A. Burns School of Medicine at the University of Hawai'i, Papa Ola Lōkahi, Hawaii Medical Association, Hawaii Primary Care Association, American Lung Association, Hawai'i Public Health Institute, Hawai'i Public Health Association, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and State Procurement Office.

Your Committee finds that, according to the American Lung Association's 2021 State of Lung Cancer report, lung cancer is the number one killer of men and women in Hawaii. Your Committee further finds that the same report ranks Hawaii last in the nation for the early diagnosis of lung cancer, with just 2.8 percent of high-risk people in Hawaii undergoing annual computerized tomography scans, compared to 5.7 percent nationally. This measure promotes greater cancer screening and prevention efforts in the State by creating an Early Lung Cancer Screening Task Force to identify the steps and resources necessary to increase early lung cancer screening in Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3367, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3367, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1285-22 Health, Human Services, & Homelessness/Energy & Environmental Protection on S.B. No. 2600**

The purpose of this measure is to:

- (1) Beginning July 1, 2022, prohibit the Department of Health from issuing permits for new large capacity underground storage tank systems located mauka of the underground injection control line, except for the purposes of repairing or replacing existing tanks; and
- (2) Beginning January 1, 2023, prohibit the operation of, and renewal of permits for, all large capacity underground storage tank systems located mauka of the underground injection control line.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Department of Health; Honolulu Board of Water Supply; Sierra Club of Hawai'i; Hulu Mamo Hawaiian Civic Club; Our Revolution Hawaii; Surfrider Foundation, O'ahu Chapter; Hawai'i Pacific Health Institute; Environmental Caucus of the Democratic Party of Hawai'i; 350Hawaii.org; Livable Hawaii Kai Hui; League of Women Voters of Hawaii; Hawai'i Alliance for Community-Based Economic Development; 'Ahahui o nā Kauka; Hawai'i Alliance for Progressive Action; Aloha 'Āina Legal Group, LLC; Restore the Commons; and fourteen individuals.

Your Committees find that the State's freshwater is a vital and irreplaceable resource. Your Committees further find that the State's potable drinking water is in jeopardy of contamination from fuel leaking from underground storage tanks. Your Committees believe that prohibiting the operation of large capacity underground storage tank systems and the issuance of permits for new large capacity underground storage tank systems mauka of the underground injection control line on each island in the State will reduce the risks posed to the State's drinking water by these systems.

Your Committees have amended this measure by:

- (1) Deleting language permitting the Department of Health to issue a permit for purposes of repairing or removing an existing underground storage tank;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2600, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2600, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, none.

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

#### **SCRep. 1286-22 Judiciary & Hawaiian Affairs on S.B. No. 2043**

The purpose of this measure is to repeal certain cross-references in the campaign spending law that refer to language that was previously repealed.

Your Committee received testimony in support of this measure from the Campaign Spending Commission.

Your Committee finds that this housekeeping measure updates Hawaii's campaign spending laws to repeal obsolete references to provisions in the Hawaii Revised Statutes that were repealed in 2018.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2043, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2043, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1287-22 Judiciary & Hawaiian Affairs on S.B. No. 573**

The purpose of this measure is to require all habitat conservation plans to include an agreement for plan participants to enter into and maintain an annual service contract with a stand-by and response facility available to provide emergency medical and rehabilitation services to native wildlife affected by activities undertaken within the plan area.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, one member of the Hawai'i County Council, Hawai'i Wildlife Center, Center for Biological Diversity, and numerous individuals.

Your Committee finds that state conservation law requires that each habitat conservation plan identify the steps that will be taken to mitigate the impact of any incidental take to the maximum extent practicable. A service agreement with a facility capable of providing emergency medical and rehabilitation services could help to fulfill this requirement in the event of injured wildlife and provide the wildlife with a better chance of survival.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 573, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1288-22 Judiciary & Hawaiian Affairs on S.B. No. 2378**

The purpose of this measure is to make various amendments related to the Taxation Board of Review, including:

- (1) Reducing the membership from ten volunteer members to three full-time, salaried members, with at least two members required for quorum;
- (2) Authorizing members to validate the Board's actions with a concurrence of the majority;
- (3) Establishing a compensation schedule for board members with compensation based on a percentage of the Director of Taxation's salary;
- (4) Clarifying that Board meetings are contested case hearings and specifying notice requirements;
- (5) Clarifying the legal and evidentiary framework the Board may use in reaching its decisions; and
- (6) Appropriating funds for Board members and staff.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that existing law does not require the Chairperson of the Taxation Board of Review to have experience in litigation or public accounting, skills that are necessary to ensure a fair tax appeals process. Your Committee further finds that establishing a full-time, paid professional Taxation Board of Review and providing the Board with robust institutional support will greatly help the Department of Taxation work through its significant backlog of appeals. This measure would ensure that Hawaii's taxpayers have their tax appeal issues resolved fairly and expeditiously by requiring the Chairperson to be either a state-licensed attorney or Certified Public Accountant and compensating members of the Taxation Board of Review appropriately.

Your Committee has amended this measure by:

- (1) Changing the salary amounts for the Chairperson and members of the Taxation Board of Review to unspecified percentages of the Director of Taxation and Chairperson's salary, respectively; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2378, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2378, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1289-22 Judiciary & Hawaiian Affairs on S.B. No. 204**

The purpose of this measure is to authorize the Department of Land and Natural Resources to use aquatic in-lieu fee mitigation to restore, create, enhance, or preserve aquatic habitats or resources where a person is required to provide compensatory mitigation either:

- (1) Prospectively, and the use of in-lieu fee mitigation is approved by the agency requiring mitigation; or
- (2) For past damages to aquatic habitats or resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that in-lieu fee mitigation is widely used across the United States to achieve ecologically valuable conservation by restoring wetland and stream habitats but has seen increasing national interest for use in improving coral reefs, sea grass, and estuarine habitats. The authority granted to the Department of Land and Natural Resources in this measure will enable Hawaii to become the first state in the nation to establish in-lieu fee mitigation for coral reefs.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 204, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1290-22 Judiciary & Hawaiian Affairs on S.B. No. 2070**

The purpose of this measure is to authorize the Department of Budget and Finance to issue special purpose revenue bonds to assist the Hawaiian Legacy Reforestation Initiative to generate a sustainable model of endemic reforestation, ecosystem revitalization, endangered species recovery, and carbon credit sequestering.

Your Committee received testimony in support of this measure from the Hawaiian Legacy Reforestation Initiative, Aloha Green LLC, HPM Building Supply, and eight individuals. Your Committee received testimony in opposition to this measure from 350Hawaii.org. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that native trees in Hawaii provide many benefits, such as reducing climate change, purifying the air, and providing habitats for wildlife. This measure authorizes the issuance of special purpose revenue bonds to support efforts to further promote environmental protection, biodiversity, and climate change mitigation and restore the natural ecosystem in the State.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2070, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (McKelvey, Nakamura, Ward). Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1291-22 Energy & Environmental Protection on S.B. No. 2865**

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist DIBSHawaii LLC in the construction of a net-zero carbon capture storage utilization platform that will recover vented carbon dioxide emissions and scrub them into food-grade liquid carbon dioxide.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office; DIBSHawaii LLC; Craft 8 Ventures, Inc.; and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that while there are many commercial uses for carbon dioxide, Hawaii, like much of the country, is experiencing a carbon dioxide shortage for commercial activity. This measure supports the construction of a net-zero carbon capture storage utilization platform in the State that would provide a variety of benefits, including capturing carbon dioxide that would otherwise be released into the atmosphere, reducing reliance on out-of-state materials for local application, and promoting import substitution and economic diversification.

Your Committee has amended this measure by changing the effective date to July 1, 2100, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2865, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2865, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

#### **SCRep. 1292-22 Energy & Environmental Protection on S.B. No. 2963**

The purpose of this measure is to:

- (1) Require state facilities, with the exception of smaller facilities and facilities within the Stadium Development District, to implement cost-effective energy efficiency measures;
- (2) Direct the Hawaii State Energy Office, in consultation with the Research and Economic Analysis Division of the Department of Business, Economic Development, and Tourism, to collect all state-owned facilities' electric utility and energy usage data and make this data publicly available;
- (3) Direct and appropriate funds for positions to assist the Hawaii State Energy Office to collect all state-owned facilities' water utility and water usage data and make this data publicly available;
- (4) Establish a goal for the State to achieve at least a twenty-five percent reduction in the electricity consumption of state facilities;
- (5) Provide that certain agencies that perform energy efficiency retrofitting may continue to receive budget appropriations for energy expenditures; and
- (6) Beginning July 1, 2023, where feasible and cost-effective, require the design of all new state building construction to maximize energy generation, water efficiency, energy efficiency, and energy generation potential, and to use building materials that reduce the carbon footprint of the project.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Hawaii State Energy Office, Climate Protectors Hawai'i, Kauai Women's Caucus, Ulupono Initiative, 350Hawaii.org, Environmental Caucus of the Democratic Party of Hawai'i, Blue Planet Foundation, and nineteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Transportation.

Your Committee finds that maximizing efficiency and reducing demand for power generation are necessary components of reaching the State's clean energy and decarbonization goals. Your Committee further finds that it is also important for the State to lead by example when it comes to energy efficiency. This measure establishes a coordinated effort toward energy efficiency throughout the State, resulting in savings of taxpayer dollars that would otherwise be spent

on electricity, water, and other utility bills.

Your Committee has amended this measure by:

- (1) Clarifying certain findings;
- (2) Clarifying provisions that require state facilities to implement cost-effective energy efficiency measures, including amending timelines, clarifying certain restrictions, and removing certain exemptions;
- (3) Clarifying provisions directing the Hawaii State Energy Office to collect all utility bill and energy usage data for state-owned facilities;
- (4) Deleting language that would have required the Hawaii State Energy Office to collect all water utility and water usage data for state-owned facilities and make this data publicly available;
- (5) Deleting language that would have established a goal for the State to achieve at least a twenty-five percent reduction in electricity consumption of state-owned facilities, using 2005 as the baseline year;
- (6) Deleting language that would have appropriated funds for positions for the Hawaii State Energy Office to collect and make available all water utility and water usage data for state-owned facilities; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2963, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2963, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Matayoshi, Todd, Tokioka).

#### **SCRep. 1293-22 Energy & Environmental Protection on S.B. No. 2295**

The purpose of this measure is to require:

- (1) The Department of Transportation to plan for sea level rise in all future or amended transportation projects; and
- (2) All Department of Transportation highway, harbor, and airport projects to conform to certain carbon concrete standards, except in certain circumstances.

Your Committee received testimony in support of this measure from Zero Waste Kauai; Climate Protectors Hawai'i; Craft 8 Ventures, Inc.; Ohana Hui Ventures, Inc.; Friends of Waimanalo; DIBSHawaii LLC; and five individuals.

Your Committee finds that Hawaii's coastlines are vulnerable to the effects of climate change and sea level rise. Therefore, it is critical that the State prepare and plan for potential adaptation alternatives in the construction of future infrastructure projects or amendment of existing projects and conform to certain carbon concrete standards.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2295, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2295, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

#### **SCRep. 1294-22 Energy & Environmental Protection on S.B. No. 3004**

The purpose of this measure is to permanently establish and appropriate funds for a Compost Reimbursement Program and Compost Reimbursement Program Manager position within the Department of Agriculture.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii Farmers Union United, Hawai'i Alliance for Progressive Action, Kauai Women's Caucus, Climate Protectors Hawai'i, Our Revolution Hawaii, 350Hawaii.org, Hawai'i Farm Bureau, Environmental Caucus of the Democratic Party of Hawai'i, Down to Earth Organic and Natural, Food+ Policy Internship 2022, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that composting diverts discarded food and other useful wastes away from landfills and adds valuable nutrients to the soil. This measure encourages and supports local composting efforts that further strengthen the State's soil structure and nutrient-holding capacity and reduce greenhouse gas emissions.

Your Committee has amended this measure by:

- (1) Allowing landscaping operations to qualify under the Compost Reimbursement Program;
- (2) Changing references from "farmers and ranchers" to "farming operations"; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that to further expand the Compost Reimbursement Program to support composting efforts by landscapers, an appropriate definition for "landscaping operations" is necessary and believes this issue merits further discussion by your Committee on Finance.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3004, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3004, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Matayoshi, Todd, Tokioka).

**SCRep. 1295-22 Energy & Environmental Protection on S.B. No. 2283**

The purpose of this measure is to require the Hawaii Natural Energy Institute to:

- (1) Conduct a study to examine the State's ability to advance hydrogen production from local renewable energy resources and to use the results of its study to develop the Hawaii Hydrogen Strategic Plan; and
- (2) Review and update the Hawaii Hydrogen Strategic Plan every four years beginning in 2028 and submit interim, final, and annual reports to the Legislature.

Your Committee received testimony in support of this measure from the Hawai'i Natural Energy Institute, Hawaiian Electric Company, Servco Pacific Inc., Ulupono Initiative, Hawai'i Gas, Alliance for Automotive Innovation, and two individuals. Your Committee received testimony in opposition to this measure from Climate Protectors Hawai'i. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that as the State strives to reach its renewable energy goals, it is critical to fully evaluate the potential for hydrogen to contribute to Hawaii's energy needs. Global research and development show significant progress in understanding and establishing hydrogen as a clean and reliable fuel source. This measure supports further study into the impact that hydrogen could have to reduce the State's dependence on imported fossil fuels.

Your Committee has amended this measure by:

- (1) Clarifying the provisions of the study to be conducted by the Hawaii Natural Energy Institute to examine the potential for the production and use of renewable hydrogen in the State and the potential role of renewable hydrogen in achieving a local, affordable, reliable, and decarbonized energy system and economy;
- (2) Specifying that the results of the study shall be used to inform energy planning, which may include a Hawaii Hydrogen Strategic Plan; decarbonization efforts; and other ongoing work being undertaken by the Hawaii State Energy Office;
- (3) Inserting a definition for "renewable hydrogen";
- (4) Deleting language that would have required the Hawaii Natural Energy Institute to:
  - (A) Review and update a hydrogen strategic plan every four years; and
  - (B) Submit an interim and annual report to the Legislature; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2283, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2283, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Matayoshi). Noes, none. Excused, none.

**SCRep. 1296-22 Energy & Environmental Protection on S.B. No. 777**

The purpose of this measure is to establish the offense of criminal destruction of a tree on state or county property, punishable as a misdemeanor.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Transportation, Trees for Honolulu's Future, Climate Protectors Hawai'i, and one individual.

Your Committee finds that trees offer many benefits to addressing the effects of climate change, such as promoting carbon sequestration, reducing ambient temperatures and storm water runoff, increasing wildlife habitat, and providing other quality of life benefits. Establishing criminal penalties to apply to the destruction of trees on state or county property would deter the unauthorized destruction of trees and allow for greater protection, preservation, and enhancement of the State's natural resources.

Your Committee has amended this measure by clarifying that the offense of criminal destruction of a tree on state or county property does not apply to volunteers or service groups that have permission to remove undesirable trees.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 777, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 777, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

**SCRep. 1297-22 Energy & Environmental Protection on S.B. No. 2297**

The purpose of this measure is to add the forfeiture of a vehicle as a punishment for any vehicle used in the commission of illegal disposal of solid waste.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that illegal dumping is a serious problem in the State that has negative impacts on the health and safety of residents and the environment. While there are existing state anti-dumping laws, this inclusion of forfeiture provides another deterrent against illegal dumping.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2297, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Todd).

**SCRep. 1298-22 Water & Land on S.B. No. 2581**

The purpose of this measure is to codify as a priority guideline using lands that are leased to the federal government or under federal government control and which are to be returned to the State for the provision of affordable housing.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development and Partners In Care. Your

Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the paucity of available land suitable for development has been a major challenge in addressing the State's dire shortage of affordable housing. This measure will facilitate the development of more affordable housing by using lands that were formerly leased to or used by the federal government.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2581, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1299-22 Water & Land on S.B. No. 2922**

The purpose of this measure is to:

- (1) Authorize the counties to adopt ordinances that allow up to one house per quarter-acre in rural districts; and
- (2) Require the Office of Planning and Sustainable Development to conduct a study to refine rural district policies, make recommendations to facilitate the reclassification of lands from the agricultural district to the rural district, and submit reports to the Legislature.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development and Hawai'i Association of REALTORS®. Your Committee received testimony in opposition to this measure from Kūpuna for the Mo'opuna and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Agriculture, Hawai'i Farm Bureau, and Grassroot Institute of Hawaii.

Your Committee finds that this measure will help to alleviate the dire shortage of affordable housing in the State by permitting the counties to increase density in state-designated rural districts.

Your Committee has amended this measure by:

- (1) Changing the effective date of sections 4 to 7, relating to the rural district study and reports, to July 1, 2022;
- (2) Changing the effective date of sections 2 and 3, relating to the quarter-acre residential density provisions, to July 1, 2023; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2922, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2922, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1300-22 Water & Land on S.B. No. 2065**

The purpose of this measure is to prohibit the possession or use on, in, or near state waters of any unmanned aerial vehicles for the purpose of taking aquatic life.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii State Aha Moku; Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.; and three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that in recent years, unmanned aerial vehicles have become a new tool within the fishing community. Drones allow shore fishers to deploy baited hooks farther offshore and more efficiently than traditional shore fishing methods. This practice has resulted in increased interactions with protected species, such as monk seals and turtles, as well as increased user conflicts with boaters, swimmers, divers, surfers, kayakers, and other offshore ocean users. The use of drones has also vastly expanded the footprint of fishing-related tackle becoming debris in the ocean. This measure will help ensure that drones are used in a safe and responsible way.

Your Committee has amended this measure by:

- (1) Changing the term "state waters" to "state marine waters";
- (2) Deleting the provision that any person who violates this measure is guilty of a misdemeanor and subject to a fine of not more than \$10,000 or imprisonment for not more than one year, or both;
- (3) Modifying the definition of "unmanned aerial vehicle" to delete the explicit exclusion of remote controlled airplanes;
- (4) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2065, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2065, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1301-22 Water & Land/Agriculture on S.B. No. 3179**

The purpose of this measure is to require the Department of Land and Natural Resources' Division of Forestry and Wildlife to conduct a pilot program for feral axis deer herd population management on the islands of Maui, Molokai, and Lanai.

Your Committees received testimony in support of this measure from one member of the Maui County Council; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Maui Chamber of Commerce; and two individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources, Department of Budget and Finance, and Animal Rights Hawai'i.

Your Committees find that the overpopulation of axis deer poses a significant threat to the ecological security and the health of local communities on several islands, especially in Maui County.

Your Committees further find, however, that bounties to hunters have been found to be generally ineffective in animal management and have often actually resulted in population increases of the target species. Problems include fraud, such as bringing in evidence of kills from animals outside the target area; deliberate release of breeding animals; or purposely leaving some animals behind to ensure future income. Moreover, trespass violations could increase drastically on private lands on which target species congregate. Your Committees recognize that a great deal of literature on the subject matter indicates that bounties are ineffectual or counterproductive and interfere with other, more-effective methods of animal population management.

Accordingly, your Committees have amended this measure by:

- (1) Deleting the pilot program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water & Land and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 3179, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 3179, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

Agriculture: Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

#### **SCRep. 1302-22 Water & Land/Agriculture on S.B. No. 3320**

The purpose of this measure is to codify an expedited process to acquire permits to destroy or control game mammals, including feral pigs, on private property.

Your Committees received testimony in support of this measure from the Hawai'i Farm Bureau and Ulupono Initiative. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that the process for acquiring the necessary permits to destroy or control game mammals on private property is often difficult and cumbersome and that creating an expedited process could better allow landowners to protect life and property. However, your Committees also recognize that these provisions may be best determined through administrative rules in order to preserve maximum flexibility in addressing population control of feral pigs on private lands.

Accordingly, your Committees have amended this measure by:

- (1) Deleting the provisions that would have codified the process for acquiring permits to destroy or control game mammals, including feral pigs, on private property; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water & Land and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 3320, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 3320, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

Agriculture: Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

#### **SCRep. 1303-22 Water & Land/Labor & Tourism on S.B. No. 3330**

The purpose of this measure is to require the Department of Land and Natural Resources to establish and conduct a three-year Pupukea Marine Life Conservation District Carrying Capacity Pilot Program.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Hi'ipaka, LLC; Hawaii's Thousand Friends; Friends of Hanauma Bay; Surfrider Foundation – Hawai'i Region; Center for Biological Diversity; Hawai'i Reef and Ocean Coalition; He'eia National Estuarine Research Reserve; Kua'aina Ulu 'Auamo; Mālama Pūpūkea-Waimea; Shoreline Conservation Initiative; Kanalani Ohana Farm; and eighteen individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that the Pupukea Marine Life Conservation District, a one hundred acre marine life reserve, is one of only three state-designated marine life conservation districts on the island of Oahu; the other two districts are Hanauma Bay and Waikiki. In contrast to Hanauma Bay, which has many protections ranging from limited foot and vehicle traffic to a reservation system and twice weekly closure requirements, this area of the North Shore of Oahu is accessible from multiple locations along the shoreline and adjacent beach parks every day of the year. The consequences of unlimited human access to sensitive areas of the Pupukea Marine Life Conservation District include damage to marine habitats, damage to and harassment of marine life, damage to coral, disrespect for cultural norms, and increased pollution. This measure seeks to assess the carrying capacity of certain areas in the Pupukea Marine Life Conservation District and assess the effectiveness of closures and other restrictions to reduce the human impact on these environmentally sensitive areas.

Your Committees respectfully request that should your Committee on Finance choose to hear this measure, it consider appropriating \$100,000 per year for three years to the Department of Land and Natural Resources to establish and implement the Pupukea Marine Life Conservation District Carrying Capacity Pilot Program.

As affirmed by the records of votes of the members of your Committees on Water & Land and Labor & Tourism that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 3330, S.D. 1, and recommend that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 7. Noes, none. Excused, 1 (McDermott).

Labor & Tourism: Ayes, 6. Noes, none. Excused, 2 (Belatti, Okimoto).

#### **SCRep. 1304-22 Energy & Environmental Protection/Water & Land on S.B. No. 2659**

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources for equipment, training, and the establishment of twenty full-time equivalent positions for the Division of Conservation and Resources Enforcement.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Kua'āina Ulu 'Auamo, Mālama Pūpūkea-Waimea, and two individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources has a broad mandate that includes wildlife protection, resource conservation, boating and fishing enforcement, and maritime patrols. To ensure that the Division of Conservation and Resources Enforcement is able to fulfill all aspects of its mandate in the State, this measure provides additional resources for the Division to protect, conserve, and manage Hawaii's unique natural, cultural, and historic resources.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2659, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2659, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

Water & Land: Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 1305-22 Energy & Environmental Protection/Water & Land on S.B. No. 3019**

The purpose of this measure is to require and appropriate funds for the Department of Land and Natural Resources to seek and obtain accreditation for the Conservation and Resources Enforcement Program from the Commission on Accreditation for Law Enforcement Agencies by June 30, 2025.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and two individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that in 2009, the Department of Land and Natural Resources' Division of Conservation and Resources Enforcement participated in the Commission on Accreditation for Law Enforcement Agencies' formal accreditation process. However, due to various funding and logistical challenges, it was determined that the accreditation effort was not feasible. This measure provides the appropriate funding necessary for the Department of Land and Natural Resources to participate in the accreditation process and ensure that its law enforcement officers are properly trained and are maintaining best practices.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees note that the appropriation amount in this measure to support the accreditation efforts by the Department of Land and Natural Resources should be \$1,000,000, with a recurring appropriation amount of \$750,000.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 3019, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 3019, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

Water & Land: Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 1306-22 Transportation on S.B. No. 3152**

The purpose of this measure is to make an emergency appropriation to the Department of Transportation for the Highways Division's Special Maintenance Program.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the purpose of the Highways Division's Special Maintenance Program is to address major repairs and replace critical infrastructure at the end of its service life. This measure will provide additional resources for roadway improvements, as well as further stimulate the economy with additional work projects.

Your Committee has amended this measure by:

- (1) Inserting an appropriation amount of \$20,000,000 for fiscal year 2021-2022 for the Department of Transportation to provide funding for the Highways Division's Special Maintenance Program;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3152, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3152, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

#### **SCRep. 1307-22 Transportation on S.B. No. 2898**

The purpose of this measure is to establish transit-oriented development infrastructure improvement districts within county-designated transit-oriented development zones and a Transit-Oriented Development Infrastructure Improvement District Board to foster community development by strategically investing in infrastructure improvements.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Community Development Authority, and Office of Planning and Sustainable Development. Your Committee received testimony in opposition to this measure from the Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that transit-oriented development promotes development patterns that support quality of life; preserve the natural environment; provide a range of housing choices for residents; and encourage walking, biking, and use of mass transit. However, a major barrier for transit-oriented

development is investment in infrastructure improvements such as roads, sewers, water, electrical power lines, communication networks, and storm water management systems. This measure will enable the delivery of infrastructure needed to support transit-oriented development, resulting in the delivery of social, environmental, and economic benefits.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2898, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

#### **SCRep. 1308-22 Education on S.B. No. 3280**

The purpose of this measure is to authorize the Department of Budget and Finance to issue special purpose revenue bonds to assist Saint Joseph School in planning, designing, constructing, reconstructing, renovating, acquiring, equipping, and improving its educational facilities.

Your Committee received testimony in support of this measure from the Cardinal Legacy Foundation and Saint Joseph High School. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Saint Joseph School is the only parochial school on the island of Hawaii. Your Committee further finds that enrollment at the school has increased and a number of improvements to the campus are underway. However, additional funding is necessary to help construct a multi-purpose gymnasium to replace its existing, outdated facility. This new facility will have an increased seating capacity and be designed for multipurpose use for the school and community events. Your Committee believes that the special purpose revenue bonds authorized by this measure is in the public interest and will help saint joseph school build a stronger learning environment for students and the surrounding county.

Your Committee has amended this measure by changing its effective date to July 1, 2055.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3280, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3280, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Kapela). Noes, none. Excused, 2 (Clark, Ohno).

#### **SCRep. 1309-22 Education on S.B. No. 2612**

The purpose of this measure is to:

- (1) Establish and appropriate funds for a one-year reusable utensil pilot project at Department of Education schools on the island of Molokai; and
- (2) Require the Department of Education to submit interim and final reports to the Legislature on the feasibility of statewide implementation of a reusable utensil program.

Your Committee received testimony in support of this measure from Beach Environmental Awareness Campaign Hawaii and five individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that single-use plastics are a serious threat to Hawaii's environmental and economic sustainability. Your Committee further finds that the Department of Education contributes to Hawaii's annual plastic waste through its use of single-use plastic utensils in school cafeterias. This measure establishes a pilot project for Molokai's Department of Education schools to explore the use of reusable utensils in school cafeterias to reduce single-use plastic waste in Hawaii.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2612, S.D. 2, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Clark, Ohno).

#### **SCRep. 1310-22 Education on S.B. No. 2928**

The purpose of this measure is to establish and appropriate funds for an agricultural careers working group to study and develop an implementation plan for career pathways in the agricultural sector.

Your Committee received testimony in support of this measure from the Department of Education, University of Hawai'i System, and Hawai'i Farm Bureau. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Hawaii's future security, economic development, and sustainability depend on further development of the agricultural sector. A qualified workforce that is employed in and supports agriculture, food innovation, and natural resources is necessary to advance Hawaii's goals. Your Committee further finds that career pathways prepare young people for employment and career success through education, training, and hands-on experience. Your Committee believes that career pathways for the agricultural sector are essential to meet present and future agricultural workforce needs.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2051; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2928, S.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2928, S.D. 3, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Clark, Ohno).

#### **SCRep. 1311-22 Education on S.B. No. 2182**

The purpose of this measure is to establish and fund a School Garden Coordinator position within the Department of Education's Office of Curriculum and Instructional Design to provide technical support and startup resources for schools interested in starting a school garden program.

Your Committee received testimony in support of this measure from the Department of Education, Department of Health, Hawaii Climate Change Mitigation and Adaptation Commission, Center for Getting Things Started, Hawai'i Farm Bureau, Hawai'i Farm to School Hui, Local Food Coalition, Food+ Policy Internship, Hawai'i Youth Food Council, Grow Some Good, Hawaii Food Industry Association, O'ahu Farm to School Networks, and seven individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the increased use of learning gardens and farms on school campuses across Hawaii plays a central role in protecting student health, advancing academic achievement, and strengthening social and emotional well-being. Your Committee further finds that establishing a School Garden Coordinator position is vital to successfully implement the purpose of the Hawaii Farm to School Program, as set forth in Act 175, Session Laws of Hawaii 2021, which seeks to improve student health, develop an educated agricultural workforce, and accelerate garden and farm-based education for public school students.

Your Committee has amended this measure by changing its effective date to July 1, 2051.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2182, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2182, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Clark, Ohno).

#### **SCRep. 1312-22 Education on S.B. No. 2818**

The purpose of this measure is to establish and fund a Summer Learning Coordinator position within the Department of Education to coordinate all school-based summer programs for children.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii State Public Library System, Hawai'i Afterschool Alliance, Hawai'i Children's Action Network Speaks!, CARE Arts & Recreation Education Services, and six individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that learning loss caused by the coronavirus disease 2019 pandemic needs to be addressed by providing strong support to Hawaii's students. Your Committee further finds that the summer months need to be utilized to provide coordinated summer programs that will close student achievement gaps, address student mental health, promote physical activity, and ensure child safety. Your Committee notes that the Department of Education needs additional capacity to coordinate and support efforts to accelerate learning during the summer. This measure will establish a Summer Learning Coordinator position to coordinate all school-based summer programs for children, avoid duplication of efforts, and promote the equitable provision of services.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2051; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2818, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2818, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Clark, Ohno).

#### **SCRep. 1313-22 Education on S.B. No. 2893**

The purpose of this measure is to establish and appropriate funds for a one-year pilot program to subsidize the purchase of school supplies at schools composed entirely of students eligible for participation in Title I, Part A, of the Elementary and Secondary Education Act, as amended.

Your Committee received testimony in support of this measure from the Department of Education and Hawaii State Teachers Association. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Title I, Part A, of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act (Title I), provides federal financial assistance to local educational agencies and schools with high percentages of children from low-income families to help ensure educational success. Your Committee further finds that a pilot program to subsidize school supplies for schools composed entirely of students eligible for participation in Title I would be useful to identify methods for relieving the financial burden of education on low-income families and that Naalehu Elementary School is a school that fits the criteria for the pilot program. Establishing the school subsidy pilot program at Naalehu Elementary School will help in identifying methods to relieve the financial burden of education that can be applicable to families in other schools.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2051, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2893, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2893, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Clark, Ohno).

#### **SCRep. 1314-22 Education on S.B. No. 2816**

The purpose of this measure is to:

- (1) Require the Department of Education to establish and administer the Strong Students Grant Pilot Program (Pilot Program) to provide grants for eligible education expenses to eligible students and appropriate funds for the Pilot Program; and
- (2) Require the Department of Education to submit progress reports on the Pilot Program to the Legislature.

Your Committee received testimony in support of this measure from the State Public Charter School Commission, HawaiiKidsCAN, and one individual. Your Committee received testimony in opposition to this measure from the Hawaii State Teachers Association. Your Committee received comments on this

measure from the Department of Education and Department of Budget and Finance.

Your Committee finds that the coronavirus disease 2019 pandemic has been incredibly disruptive to student learning. Your Committee further finds that many residents living with at least one child under the age of eighteen have seen their combined household income decline and require financial assistance to support their child's education. This measure requires the Department of Education to establish a grant pilot program that will provide grants to eligible students for certain eligible education expenses and reduce the financial burden families have in supporting their children.

Your Committee has amended this measure by:

- (1) Specifying that grant funds under the Pilot Program shall not be used for private school expenses;
- (2) Changing its effective date to July 1, 2051; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2816, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2816, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kapela). Noes, none. Excused, 2 (Clark, Ohno).

#### **SCRep. 1315-22 Education on S.B. No. 2862**

The purpose of this measure is to appropriate funds to the Department of Education for the installation of air conditioning in certain public school classrooms.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii State Teachers Association, Democratic Party of Hawai'i Education Caucus, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that hot classroom temperatures in the State's public schools can adversely affect students by making them drowsy, irritable, and unmotivated. Additionally, studies show that while classroom temperatures over eighty degrees can negatively impact student achievement, temperatures in Hawaii's classrooms are regularly recorded at over one hundred degrees during certain periods of the school year.

Your Committee further finds that through Act 47, Session Laws of Hawaii 2016, the Legislature appropriated \$100,000,000 for the Department of Education's heat abatement program. While the appropriation successfully funded heat abatement upgrades for over 1,300 public school classrooms, over 5,000 classrooms still require heat abatement improvements. This measure will appropriate funds for the installation of air conditioning in those classrooms that still require heat abatement improvements.

Your Committee has amended this measure by changing its effective date to July 1, 2051.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2862, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2862, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Clark, Ohno).

#### **SCRep. 1316-22 Education on S.B. No. 3096**

The purpose of this measure is to authorize the issuance of general obligation bonds to make an emergency appropriation for the Department of Education to build an agriculture innovation center.

Your Committee received testimony in support of this measure from the Department of Education; one member of the Kauai County Council; Hawaii Climate Change Mitigation and Adaptation Commission; Waimea High School; Kekaha Elementary School; Elele Elementary School; Kalaheo Elementary School; Koloa Elementary School; King Kaumualii Elementary School; Kilauea School; Kamehameha Schools; Kauai Community College; Education Incubator; Iwikua; Kumano i Ke Ala; Hawaii Crop Improvement Association; Hawaii Cattlemen's Council, Inc.; and Hawai'i Farm Bureau. Your Committee received testimony in support of the intent of this measure from the Department of Agriculture.

Your Committee finds that having agricultural programs available to students will promote the consumption of local food and healthy eating habits. Your Committee further finds that proper facilities are vital to increase the amount of locally grown food served in public schools. This measure will provide the funding necessary for an agriculture innovation center to grow food locally and provide agricultural opportunities statewide and internationally.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2051; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3096, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3096, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Belatti, Takayama). Noes, none. Excused, 2 (Clark, Ohno).

#### **SCRep. 1317-22 Education/Economic Development on S.B. No. 3190**

The purpose of this measure is to require and appropriate funds to the Department of Education to establish a native hatchery fish pilot program at Waianae High School.

Your Committees received testimony in support of this measure from the Department of Education, Department of Land and Natural Resources, Mālama Pūpūkea-Waimea, Environmental Caucus of the Democratic Party of Hawai'i, and two individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that loko ia, or traditional fishponds, offer a critical opportunity for realizing the promise of Hawaii's sustainable future, as they represent a unique nexus of environmental, cultural, social, and economic benefits. Your Committees further find that the marine science learning center at Waianae High School currently has a functioning aquaculture facility with a saltwater well that has been the central focus of the science curriculum delivered to students over the past twenty-five years. Your Committees believe that Waianae High School is capable of hosting a fish hatchery pilot program to further

the development of hatcheries for fishpond production in the State and provide training and certification pathways for aquaculture technicians and operators at fishponds.

Your Committees have amended this measure by:

- (1) Changing its effective date to July 1, 2051; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Education and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 3190, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 3190, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 10. Noes, none. Excused, 3 (Clark, Ganaden, Gates).

Economic Development: Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 1318-22 Education/Higher Education & Technology on S.B. No. 2142**

The purpose of this measure is to:

- (1) Require the Department of Education to allow students to fulfill certain graduation requirement courses with computer science courses;
- (2) Require the University of Hawaii to accept substituted computer science courses as part of their admission requirements;
- (3) Establish and appropriate funds for a Computer Science in Teaching Scholarship Program;
- (4) Require the University of Hawaii to develop pathways in computer science for students studying to obtain a degree in education; and
- (5) Require teacher licensing and certification requirements to include instruction in computer science.

Your Committees received testimony in support of this measure from the State Public Charter School Commission, Code.org, HawaiiKidsCAN, Hawaii State Teachers Association, Broadband Hui, and four individuals. Your Committees received testimony in support of the intent of this measure from the Department of Education and University of Hawai'i at Manoa College of Education. Your Committees received testimony in opposition to this measure from the Hawai'i Arts Alliance. Your Committees received comments on this measure from the Department of Budget and Finance and Board of Education.

Your Committees find that computer science skills are foundational to quality academic and career success and that the State must ensure that students have equitable access to computer science courses and credits. Your Committees further find that this measure will promote education and career success by encouraging high school students to learn computer science, providing incentives for future teachers to study computer science, and requiring that certified and licensed teachers receive instruction in computer science.

Your Committees have amended this measure by:

- (1) Including, beginning with the 2023-2024 school year, computer science in the list of programs of study through which a student can earn two credits to meet the high school diploma requirement;
- (2) Clarifying that in addition to accepting high school courses in world language, fine arts, and career and technical education, the University of Hawaii shall accept computer science courses as part of their admission requirements;
- (3) Clarifying that the Computer Science in Teaching Scholarship Program shall award scholarships to students that are earning a degree in teaching and also want to take computer science classes;
- (4) Requiring the University of Hawaii to submit pathway programs to the Hawaii Teacher Standards Board for computer science licensure approval to provide the opportunity for students completing the pathway to be eligible to add a computer science license to an elementary or secondary teaching license or to acquire an initial teaching license in computer science;
- (5) Changing its effective date to July 1, 2051; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Education and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2142, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2142, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 11. Noes, none. Excused, 2 (Ohno, Quinlan).

Higher Education & Technology: Ayes, 11. Noes, none. Excused, 2 (Ohno, Quinlan).

#### **SCRep. 1319-22 Education/Water & Land on S.B. No. 2186**

The purpose of this measure is to:

- (1) Direct the conveyance of certain lands used for public schools and owned by the counties of Kauai and Maui, the State, and the Department of Land and Natural Resources to the Department of Education;
- (2) Require legislative approval prior to the sale, gift, or alienation of the fee simple title to lands owned by the Department of Education; and
- (3) Appropriate funds to the Department of Education to effectuate the transfer of the lands and to effectively manage the real property.

Your Committees received testimony in support of this measure from the Department of Education. Your Committees received comments on this measure from the Department of Land and Natural Resources and Department of Budget and Finance.

Your Committees find that the Department of Education has invested significant public funds on maintenance and capital improvement projects for new school facilities. The expenditure of these funds was done without regard to the underlying fee ownership of the real property.

Your Committees further find that non-unified ownership of the land under existing Department of Education schools and offices complicates redevelopment, especially when private investment is involved. Your Committees believe that consolidating the ownership of all land under existing public schools to be held by the Department of Education will provide the Department with the requisite flexibility to redevelop, reposition, and improve its assets in a timely and efficient manner.

Your Committees have amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Education and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2186, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2186, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 10. Noes, none. Excused, 3 (Ohno, Yamane, Okimoto).

Water & Land: Ayes, 5. Noes, none. Excused, 3 (Kong, Ohno, McDermott).

#### **SCRep. 1320-22 Education on S.B. No. 2180**

The purpose of this measure is to:

- (1) Require the Governor to nominate members for reappointment to the Board of Education at least one hundred fifty days prior to the expiration of the member's term;
- (2) Require the Senate to consider the reconfirmation of the Board of Education member at least sixty days prior to the member's term expires;
- (3) Clarify that Board of Education members shall not serve as holdover Board members beyond the end of the first Regular Session of the Legislature following the expiration of the member's term unless duly appointed by the Governor and confirmed by the Senate;
- (4) Immediately disqualify from service any holdover Board of Education member whose nomination is withdrawn by the Governor prior to the holdover member's confirmation by the Senate; and
- (5) Require the Governor to annually submit to the Senate a list of names of any vacancies filled by interim appointment, the number of any vacancies filled by interim appointment, and the number of vacancies on the Board of Education.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure will improve the existing nomination, appointment, and confirmation process for Board of Education members and promote the efficient operation of the Board.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2051; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2180, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2180, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Clark, Quinlan, Yamane).

#### **SCRep. 1321-22 Education on S.B. No. 2214**

The purpose of this measure is to:

- (1) Require the Board of Education, through the State Librarian, to establish a Digital Literacy Program for public libraries in the State to promote digital literacy through programmatic activities, including making digital technology accessible to individuals with disabilities; and
- (2) Appropriate funds for the establishment and administration of the Digital Literacy Program, including to fund one full-time equivalent position within the Hawaii State Public Library System to administer the Program.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii State Public Library System; Department of Research and Development Management of the County of Hawaii; Chamber of Commerce Hawaii; Hawai'i Pacific Health; Pa'akai Communications; Transform Hawaii Government; LearningBond; Kauai Economic Development Board; Skog Rasmussen LLC; Banyan Networks; Auamo Collaborative; Kamehameha Schools; O'ahu County Democrats Digital Equity Committee; Tangent Inc.; Maui Chamber of Commerce; W. M. Keck Observatory; Succeed Hawaii, LLC; 'A'ali'i Alliance; Economic Development Alliance of Hawaii; and nine individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that digital literacy skills are crucial for career success in the twenty-first century. Your Committee notes that while digitization offers advantages to digitally literate individuals, it also increases barriers for members of the public who lack digital skills. Your Committee further finds that the establishment of a digital literacy program within the public library system will increase digital literacy among members of the public and raise their competitiveness in an economy defined by the ability to use digital tools.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2214, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Ohno).

#### **SCRep. 1322-22 Judiciary & Hawaiian Affairs on S.B. No. 3324**

The purpose of this measure is to:

- (1) Establish a working group to examine and address the problem of infrastructure repair and maintenance in planned housing subdivisions that do not have compulsory homeowner associations; and
- (2) Appropriate funds for the working group, subject to the availability of matching county funds.

Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that there is a lack of guidance on the rights and responsibilities of homeowners regarding housing subdivision infrastructure repair

and maintenance in planned housing subdivisions that do not have compulsory homeowners or community associations. Your Committee also finds that these homeowners need a mechanism whereby they can organize an association to collect any fees required to repair and maintain infrastructure that abuts their property. This measure will create a working group to determine how to address this problem.

Your Committee has amended this measure by:

- (1) Clarifying that representation from the Hawaii Council of Community Associations and Hawaii Chapter of the Community Associations Institute shall be limited to one member each; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3324, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3324, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1323-22 Judiciary & Hawaiian Affairs on S.B. No. 3294**

The purpose of this measure is to appropriate funding for reentry planning circles for incarcerated women.

Your Committee received testimony in support of this measure from the Hawai'i Correctional System Oversight Commission, Hawaii Substance Abuse Coalition, Community Alliance on Prisons, Women's Prison Project, American Civil Liberties Union of Hawai'i, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Public Safety.

Your Committee finds that reentry planning circles provide an opportunity for incarcerated individuals to make meaningful amends, set goals, and plan for the future. A reentry planning circle is part of the transition planning process to help incarcerated individuals prepare to leave prison. Your Committee finds that incarcerated individuals who participate in reentry planning circles before leaving prison have significantly lower recidivism rates.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3294, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 1324-22 Judiciary & Hawaiian Affairs on S.B. No. 2770**

The purpose of this measure is to:

- (1) Require the Department of Public Safety, in collaboration with the Office of Hawaiian Affairs, to create a rehabilitation program for Native Hawaiian prison inmates that puts an emphasis on preserving Native Hawaiian values and cultural practices; and
- (2) Appropriate funds for the program.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Public Safety, Office of Hawaiian Affairs, Community Alliance on Prisons, Women's Prison Project, Opportunity Youth Action Hui, American Civil Liberties Union of Hawai'i, 'Ekolu Mea Nui, and four individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Budget and Finance and Papa Ola Lōkahi.

Your Committee finds that rehabilitation programs have traditionally been based on western models that may not have any relevance or foundation to prison inmates' identity, cultural beliefs, and worldview. Establishing a rehabilitation program that specifically emphasizes Native Hawaiian values and cultural practices may help the disproportionately represented Native Hawaiian inmate population feel less disenfranchised and support their reintegration into society upon release.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2770, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 1325-22 Judiciary & Hawaiian Affairs on S.B. No. 2771**

The purpose of this measure is to:

- (1) Require the Department of Public Safety Intake Service Centers to conduct internal pretrial female risk and needs assessments on adult female offenders to measure the female offender's risk of flight, criminal conduct, or harm to the community, subject to certain conditions; and
- (2) Require the pretrial female risk and needs assessment tool to consider factors important to evaluate a female offender's risk of reoffending.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii Substance Abuse Coalition, Women's Prison Project, and one individual. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that a female offender's pathways to crime and risk factors for recidivism are often different than those of male offenders and specialized tools are needed to adequately identify these pathways and risks. This measure supports the use of a pretrial gender-responsive risk and needs assessment tool, which is critical in evaluating a female offender's risk of recidivism and other specialized treatment needs.

Your Committee respectfully requests your Committee on Finance, should it choose to deliberate on this measure, to consider appropriating \$40,000 for a quantitative study on candidate female risk and needs assessment tools.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2771, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1326-22 Judiciary & Hawaiian Affairs on S.B. No. 2641**

The purpose of this measure is to appropriate funds for residential programs that allow minor children to remain with their mothers while participating in the program, including community-based furlough programs, residential drug treatment programs, therapeutic community programs, and mental health programs, to reduce the risk of trauma and multigenerational incarceration.

Your Committee received testimony in support of this measure from the Judiciary, Department of Human Services, Hawaii Substance Abuse Coalition, Community Alliance on Prisons, Women's Prison Project, American Civil Liberties Union of Hawai'i, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Public Safety.

Your Committee finds that as of 2018, seventy-five percent of incarcerated women in the State had children. Studies have shown that when women in the criminal justice system are separated from their children, the experience has devastating impacts on the children's mental health and development and can increase the risk of multigenerational incarceration. Furthermore, the separation has a traumatic effect on mothers. Your Committee believes that funding residential programs that allow minor children to remain with their mothers while participating in the program will help to reduce the risk of trauma and multigenerational incarceration.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2641, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1327-22 Judiciary & Hawaiian Affairs on S.B. No. 3195**

The purpose of this measure is to appropriate funds to the Department of Hawaiian Home Lands for the investigation, exploration, and identification of geothermal resources on Hawaiian home lands.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Hawaii State Energy Office, Sustainable Energy Hawai'i, and two individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that one of the five objectives of the Department of Hawaiian Home Lands' Energy Policy is to facilitate the use of diverse renewable energy resources. Specific activities noted in the policy include identifying properties in the Department of Hawaiian Home Lands' land inventory that have potential for renewable energy projects and pursuing the leasing of those lands. Your Committee finds that investigation, exploration, and identification of geothermal resources on Hawaiian home lands are necessary to realize the harnessing of geothermal energy as a clean, renewable energy source in the State.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3195, S.D. 2, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1328-22 Judiciary & Hawaiian Affairs on S.B. No. 2639**

The purpose of this measure is to require:

- (1) The Offender Reentry Office of the Department of Public Safety to develop and implement a risk needs assessment tool that is specifically intended to assess the needs of female offenders; and
- (2) The Department of Public Safety to submit a report to the Legislature on the Offender Reentry Office's compliance with the risk needs assessment tool requirement.

Your Committee received testimony in support of this measure from the Department of Public Safety, Office of Hawaiian Affairs, Hawaii Substance Abuse Coalition, Women's Prison Project, and one individual.

Your Committee finds that women's pathways to crime are often different than those of men and further tools are needed to adequately identify women's pathways to incarceration. This measure supports the development and implementation of a validated gender responsive risk and needs assessment tool, which is critical for an effective transition plan that would reduce recidivism and result in healthier families and safer communities.

Your Committee has amended this measure by:

- (1) Changing the term "female offenders" to "women offenders" as that term is more inclusive; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2639, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2639, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1329-22 Judiciary & Hawaiian Affairs on S.B. No. 3085**

The purpose of this measure is to:

- (1) Provide a comprehensive law setting forth military judicial procedures, which will apply to all members of the State's military forces; and
- (2) Repeal the existing Hawaii Code of Military Justice, which was originally enacted in 1982.

Your Committee received testimony in support of this measure from the Department of Defense.

Your Committee finds that the existing Hawaii Code of Military Justice lacks the necessary disciplinary options to provide for effective and efficient good order and discipline in the state military forces. This measure brings the state military justice process in line with the Uniform Code of Military Justice, updates the procedures and punitive sections of military justice within the state military forces, provides a comprehensive law setting forth military judicial procedures, and provides for the right of appeal through a civilian court process.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2222, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3085, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3085, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1330-22 Judiciary & Hawaiian Affairs on S.B. No. 2567**

The purpose of this measure is to require the Department of Hawaiian Home Lands, with the assistance of the Office of Enterprise Technology Services, to create an interactive digital database software program of its applicant, beneficiary, and lessee records, which must contain relevant information on each individual's homestead lease application status, number of applications, address, number of denied leases, designated successors, and history of obtaining leases as an applicant or as a successor, as well as other relevant information as determined by the Hawaiian Homes Commission, by July 1, 2023.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Hawaiian Home Lands and Department of Budget and Finance.

Your Committee finds that the compilation of applicant and other relevant information into a single interactive database will increase efficiency within the Department of Hawaiian Home Lands and reduce the potential for lease award abuses.

Your Committee has amended this measure by:

- (1) Changing its effective date to January 1, 2222, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2567, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2567, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 1331-22 Judiciary & Hawaiian Affairs on S.B. No. 2480**

The purpose of this measure is to:

- (1) Authorize the Department of Agriculture, Department of Land and Natural Resources, and Agribusiness Development Corporation to acquire the Wahiawa irrigation system, on terms negotiated and agreed upon by the Office of the Governor, and to purchase, repair, and maintain the associated spillway; and
- (2) Appropriate funds for:
  - (A) The Department of Agriculture to repair and expand the spillway associated with the Wahiawa irrigation system and bring the spillway into compliance with relevant dam safety requirements;
  - (B) The Department of Agriculture to acquire a fee simple interest in the spillway associated with the Wahiawa irrigation system; and
  - (C) The Agribusiness Development Corporation and Department of Land and Natural Resources to manage and maintain their respective acquired portions of the Wahiawa irrigation system.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation, Dole Food Company Hawaii, Hawaii Crop Improvement Association, Ulupono Initiative, and Hawai'i Farm Bureau. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Agriculture, and Department of Land and Natural Resources.

Your Committee finds that the Wahiawa irrigation system is a complex system that serves numerous purposes that have evolved over time. Currently, the system continues to provide irrigation to farmers on a significantly reduced scale while serving more as a venue for recreational activities, public safety resource, and public infrastructure asset. The Department of Land and Natural Resources maintains conservation and recreational interests associated with the system, while the Agribusiness Development Corporation is acquiring a portion of the irrigation ditch system that serves nearby agricultural lands under its management. Your Committee finds that it is in the public interest for the State to acquire the Wahiawa irrigation system and preserve it for public access and the agriculture industry.

Your Committee notes that according to testimony received by your Committee on Agriculture on this measure, there are additional properties that may be affected that are not currently included in this measure. Your Committee, therefore, requests that these additional properties be considered as this measure proceeds through the legislative process.

Your Committee further notes Dole Food Company testified that it is prepared to gift the Wahiawa irrigation system to the State in exchange for delivery of a maximum of six million gallons per day of irrigation water at no cost. Your Committee believes this negotiation merits further discussion in order to reach a deal that best benefits the residents of the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2480, S.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2480, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (LoPresti, McKelvey, Nakamura). Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1332-22 Judiciary & Hawaiian Affairs on S.B. No. 1347**

The purpose of this measure is to authorize the Department of Education to offer training to teachers and school staff on sex trafficking prevention and response.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawai'i State Commission on the Status of Women, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawaii Youth Services Network, Hawaii State Teachers Association, Hawai'i Association of School Psychologists, Education Caucus of the Democratic Party of Hawaii, Imua Alliance, AF3IRM Hawaii, and ten individuals. Your Committee received comments on this measure from the Department of Education, Hawaii Children's Action Network Speaks!, and Harm Reduction Hawaii.

Your Committee finds that sexual exploitation of children and youth is a serious problem throughout the United States and worldwide. One of the ways to effectively combat this problem is through prevention education and raising awareness to help lower the incidence of sex trafficking. Your Committee also finds that equipping teachers and school staff with training on sex trafficking prevention and response will provide the support that is necessary to assist students in Hawaii's public school students from sexual exploitation.

Your Committee has amended this measure by:

- (1) Requiring, rather than authorizing, the Department of Education to offer training to teachers and school staff on how to prevent and respond to potential cases of sex trafficking; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1347, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1347, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 1333-22 Judiciary & Hawaiian Affairs on S.B. No. 2637**

The purpose of this measure is to:

- (1) Mandate that there be a community-based work furlough program for female offenders in the State; and
- (2) Appropriate funds to the Department of Public Safety to continue and expand community-based work furlough for women.

Your Committee received testimony in support of this measure from the Department of Public Safety, Hawai'i Correctional System Oversight Commission, Hawai'i State Commission on the Status of Women, Hawai'i Women Lawyers, Hawaii Substance Abuse Coalition, Community Alliance on Prisons, Women's Prison Project, American Civil Liberties Union of Hawai'i, and six individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that since 2015, the Department of Public Safety has contracted with a local nonprofit organization to place women from the Women's Community Correctional Center on Oahu in a residential program that provides wraparound services to assist them as they reenter society and rebuild their lives. The residential program's job readiness and job retention programs enable women to return to the workforce, keeping eighty-four percent of participants out of prison and providing them with the opportunity to participate in and access transitional training. This measure ensures the continuation and expansion of the community-based work furlough program for incarcerated women in the State.

Your Committee has amended this measure by:

- (1) Updating references of "female" offenders to "women" offenders as it is more inclusive; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2637, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2637, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 1334-22 Judiciary & Hawaiian Affairs on S.B. No. 2397**

The purpose of this measure is to:

- (1) Require certain individuals who wish to act or continue acting as a child custody evaluator to complete a training course on domestic violence issues every three years; and
- (2) Establish requirements for the training course and submitting or providing proof of completion.

Your Committee received testimony in support of this measure from the Hawai'i State Coalition Against Domestic Violence, Domestic Violence Action Center, Women's Caucus of the Democratic Party of Hawai'i, Parents and Children Together, and two individuals. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that the family court may appoint a child custody evaluator from a list of qualified individuals to investigate a child custody dispute. Child custody evaluators typically provide written reports to the court, and sometimes testify at hearings or at trials. Your Committee further finds that child custody evaluators, who work before the family court, have an impact on the safety and well-being of children and families and therefore need to understand the dynamics of domestic violence. This measure requires child custody evaluators to complete a training course on domestic violence issues to equip them with relevant knowledge about domestic violence issues to serve in the best interests of the children.

Your Committee has amended this measure by:

- (1) Deleting the requirement that the domestic violence program providing the training course be nationally accredited; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2397, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2397, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1335-22 Judiciary & Hawaiian Affairs on S.B. No. 3046**

The purpose of this measure is to make an emergency appropriation to the Department of the Attorney General for use in major litigation involving the State.

Your Committee received testimony in support of this measure from the Department of the Attorney General. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Department of the Attorney General is statutorily tasked with representing the State in all civil matters in which the State is a party. Your Committee further finds that the Department must retain expert witnesses and specialized legal counsel to vigorously defend several ongoing civil litigations. This measure will ensure that the Department has the necessary funds to carry out its statutory duty to defend the State in all civil matters.

Your Committee has amended this measure by:

- (1) Extending the lapsing date of the appropriation to June 30, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider appropriating \$4,000,000 for fiscal year 2021-2022 to be used by the Department of the Attorney General in major litigation involving the State.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3046, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3046, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, Lowen, Tokioka).

**SCRep. 1336-22 Judiciary & Hawaiian Affairs on S.B. No. 2481**

The purpose of this measure is to establish a Youth Crisis Center Branch, to be headed by the Youth Crisis Center Branch Administrator, within the Office of Youth Services.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Hawaii Youth Services Network, and Opportunity Youth Action Hui. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Human Services, Office of Youth Services, and Governor's Coordinator on Homelessness.

Your Committee finds that the establishment of a framework of institutionalized youth crisis centers is essential to servicing youth at-risk or in crisis. Youth crisis centers are necessary to provide emergency shelter and crisis intervention services to Hawaii's most vulnerable youth. The establishment of a Youth Crisis Center Branch as provided by this measure will ensure that these youth have access to the services and temporary shelter they need.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance hear this measure, your Committee respectfully requests that it consider appropriating funds for additional staff and resources to the Office of Youth Services to accomplish the objectives of this measure.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2481, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2481, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1337-22 Judiciary & Hawaiian Affairs on S.B. No. 3295**

The purpose of this measure is to:

- (1) Establish the Women's Corrections Implementation Commission to:
  - (A) Provide oversight over state correctional facilities and community correctional centers that incarcerate women;
  - (B) Receive and investigate complaints from incarcerated women;
  - (C) Monitor the criminal justice system's progress in implementing reforms; and
  - (D) Provide oversight over other programs and monitor and review data that is important to ensuring successful outcomes for women in the correctional system;
- (2) Require annual reports to the Legislature; and
- (3) Appropriate funds for the Women's Corrections Implementation Commission's operations, including the hiring of necessary staff.

Your Committee received testimony in support of this measure from the Women's Prison Project and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Public Safety, and one individual.

Your Committee finds that many aspects of the State's criminal justice system are not designed to meet the needs of women who have different needs and experience different barriers to success than men. This measure will establish a commission with oversight responsibilities that are focused on women-specific issues to improve successful outcomes for women in the correctional system.

Your Committee has amended this measure by:

- (1) Changing the expending agency for the appropriation to fund the Women's Corrections Implementation Commission's operations, including the hiring of necessary staff, from the Commission to the Judiciary; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3295, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3295, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1338-22 Judiciary & Hawaiian Affairs on S.B. No. 3357**

The purpose of this measure is to require certain departments and agencies to provide grants to tax-exempt nonprofit organizations that have experience and expertise in providing assistance and support to Native Hawaiian communities.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority and Council for Native Hawaiian Advancement. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Budget and Finance; Department of Land and Natural Resources; Department of Agriculture; and Office of Community Services.

Your Committee finds that this measure supports Native Hawaiian communities and culture by tailoring assistance programs to benefit these communities, while capitalizing on organizations with at least several years of experience providing assistance and support to these communities.

Your Committee further finds that the companion to this measure, H.B. No. 2499, H.D. 1 (Regular Session of 2022), was previously passed by your Committee.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 2499, H.D. 1, which provides specific appropriation amounts and takes effect on July 1, 2022.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3357, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3357, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1339-22 Judiciary & Hawaiian Affairs on S.B. No. 2021**

The purpose of this measure is to:

- (1) Establish twenty percent of the net receipts from the public land trust, or \$15,100,000, whichever is greater, as the Office of Hawaiian Affairs' annual share of the income and proceeds of the public land trust beginning in fiscal year 2022-2023;
- (2) Require departments, agencies, or entities that collect receipts from public land trust lands, including the University of Hawaii, to determine and transfer to the Office of Hawaiian Affairs that portion of their receipts from the use, sale, lease, or other disposition of lands within the public land trust to ensure that a total of \$3,775,000 of receipts generated by the public land trust is transferred to the Office of Hawaiian Affairs within thirty days of the close of each fiscal quarter, beginning in fiscal year 2022-2023;
- (3) Require departments to transfer an unspecified amount from their receipts from the use, sale, or exchange of lands within the public land trust collected during fiscal year 2022-2023 to the Office of Hawaiian Affairs;
- (4) Require the Director of Finance or the Director's designee to:
  - (A) Determine the total amount of receipts transferred by any department or agency that collects receipts from the lands within the public land trust to the Office of Hawaiian Affairs during the immediately prior fiscal quarter; and
  - (B) If the total amount of receipts transferred to the Office of Hawaiian Affairs is less than \$3,775,000 in the immediately prior fiscal quarter, to make up the difference between \$3,775,000 and the amount of receipts transferred in the immediately prior fiscal quarter by establishing the additional amount of receipts that each agency must transfer to the Office of Hawaiian Affairs; and
- (5) Transfer to the Office of Hawaiian Affairs the balance of funds contained in the Carry-Forward Trust Holding Account established by the Director of Finance, pursuant to Governor's Executive Order No. 06-06, for income and proceeds due from the use of the public land trust lands between July 1, 2012, and June 30, 2022, that was misallocated, underreported, or underpaid to the Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from the Hawaiian Affairs Caucus of the Democratic Party of Hawai'i and one individual. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources, Center for Hawaiian Sovereignty Studies, and one individual. Your Committee received comments on this measure from the Office of Hawaiian Affairs, Department of the Attorney General, Department of Agriculture, Department of Budget and Finance, University of Hawai'i, and Hawaii Health Systems Corporation.

Your Committee finds that it is incumbent upon the Legislature to uphold its trust responsibilities and duty of care to native Hawaiians pursuant to the Hawaii State Constitution. This measure will ensure that the State fulfills its constitutional obligations by establishing and providing for the Office of Hawaiian Affairs' annual share of the income and proceeds of the public land trust.

Your Committee has amended this measure by:

- (1) Clarifying that the Office of Hawaiian Affairs' annual share of the net receipts from the public land trust does not include monies precluded by federal law;
- (2) Clarifying the type of receipts and amount of monies that departments, agencies, or entities that collect receipts from public land trust lands are required to transfer to the Office of Hawaiian Affairs;
- (3) Changing the appropriation out of the Carry-Forward Trust Holding Account to an unspecified amount to pay the Office of Hawaiian Affairs amounts received from the public land trust between July 1, 2012, through June 30, 2022; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2021, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2021, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1340-22 Judiciary & Hawaiian Affairs on S.B. No. 1411**

The purpose of this measure is to:

- (1) Define "pre-contact historic property";

- (2) Clarify that the Historic Preservation Program includes providing consultation to counties and public and private agencies involved in historic preservation and the development, publication, and distribution of materials about protections for burials, historic sites, and archaeological resources;
- (3) Amend the composition and duties of the Hawaii Historic Places Review Board; and
- (4) Increase civil and administrative fines for certain violations of historic and preservation requirements and make landowners or developers responsible for projects where violations are found liable for costs associated with mitigation or preservation measures.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii State Aha Moku, and one individual. Your Committee received testimony in opposition to this measure from the Society for Hawaiian Archaeology. Your Committee received comments on this measure from the Department of Land and Natural Resources and Historic Hawai'i Foundation.

Your Committee finds that Hawaii's historic preservation laws were enacted to ensure that invaluable historic sites and archaeological resources are given appropriate consideration when they may be impacted by development activities. The existing penalties for violations of the historic preservation laws are far less than the costs of complying with historic preservation review and protecting potential historic property, such as iwi and burial sites. This measure serves to increase compliance with historic property laws and act as a deterrent to violations.

Your Committee has amended this measure by:

- (1) Changing a reference from "pre-contact sites and monuments" to "pre-contact historic property"; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1411, S.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1411, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (LoPresti). Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1341-22 Judiciary & Hawaiian Affairs on S.B. No. 3282**

The purpose of this measure is to:

- (1) Authorize the Comptroller to mandate the transfer of governmental records to the State Records Center and the time period at which the records should be transferred; and
- (2) Appropriate funds to the Office of Enterprise Technology Services for operating costs and equipment to administer the State Records Center and for positions within the State Archives to assist agencies in the identification and transfer of certain government records to the State Archives.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that certain records are required by law to be maintained by state departments and agencies for a certain period of time. However, there is a lack of understanding amongst state employees regarding which records schedules should be implemented with their records to meet the mandated maintenance period. This measure enables the Comptroller to assist state agencies by providing clear, uniform instructions as to when non-permanent records should be sent to the State Records Center for storage and eventual destruction, and when permanent records should be transferred to the State Archives for long-term preservation and public access.

Your Committee has amended this measure by:

- (1) Limiting the Comptroller's authority over governmental records to those established after statehood; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3282, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3282, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1342-22 Judiciary & Hawaiian Affairs on S.B. No. 879**

The purpose of this measure is to require the counties to provide for the maintenance of infrastructure for any housing development for the Department of Hawaiian Home Lands within sixty days and under certain conditions.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands.

Your Committee finds that the Department of Hawaiian Home Lands often continues to have the responsibility to maintain infrastructure despite the Department's compliance with county requirements. Your Committee further finds that the counties are uniquely positioned to operate, improve, repair, and maintain infrastructure. Therefore, transferring the responsibility to the counties to maintain the infrastructure, under specified conditions, for any housing development of the Department of Hawaiian Home Lands will enable the Department to use its resources to develop homestead lots to meet the needs of beneficiaries and better focus its efforts on attending to the maintenance and repairs of existing infrastructure under its authority.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 879, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 879, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1343-22 Judiciary & Hawaiian Affairs on S.B. No. 3329**

The purpose of this measure is to repeal chapter 634F, Hawaii Revised Statutes, the Citizen Participation in Government Act, and enact the Hawaii Public Expression Protection Act in its place.

Your Committee received testimony in support of this measure from the Commission to Promote Uniform State Laws, Common Cause Hawaii, League of Women Voters of Hawaii, Unite Here! Local 5 Hawaii, Kua'āina Ulu 'Auamo, American Civil Liberties Union of Hawai'i, Climate Protectors Hawai'i, Mālama Pūpūkea-Waimea, Uniform Law Commission, Hawaii Association for Justice, Hawaii's Thousand Friends, and two individuals.

Your Committee finds that Hawaii's Citizen Participation in Government Act was intended to protect and encourage citizen participation in government to the maximum extent possible by establishing a process for the speedy adjudication of strategic lawsuits against public participation, also known as SLAPP suits. However, due to narrow and confusing provisions under the Act, courts often decline to apply its procedural protections.

Your Committee further finds that this measure modernizes Hawaii's anti-SLAPP laws by adopting the Uniform Public Expression Protection Act, which establishes procedural protections for all parties and clearer instructions for courts to fairly and expeditiously dispose of SLAPP claims.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3329, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3329, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1344-22 Judiciary & Hawaiian Affairs on S.B. No. 3077**

The purpose of this measure is to align the regulatory structure for the practices of barbering and cosmetology by consolidating the existing statutory framework under a new chapter and to:

- (1) Update definitions and other provisions to accommodate the needs of the industries and the public;
- (2) Increase penalties and fine amounts for unlicensed activity and license violations; and
- (3) Remove the medical clearance requirement for licensees.

Your Committee received testimony in support of this measure from the Board of Barbering and Cosmetology.

Your Committee finds that the inconsistencies in the separate statutory chapters that regulate barbering and cosmetology add undue complexity. This measure will consolidate and align the regulatory scheme for the two professions to clarify licensure requirements and address the evolving concerns and needs of the industries.

Your Committee has amended this measure by:

- (1) Clarifying that a barber school must be licensed by the Department of Education;
- (2) Clarifying that licenses and permits must be conspicuously displayed in the barber, beauty operator, beauty instructor, barber shop, beauty shop, beauty school, barber apprentice, beauty apprentice, or temporary permittee's office, place of business or employment, or school, as applicable, rather than specifically in a barber shop, beauty shop, or beauty school; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3077, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3077, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1345-22 Judiciary & Hawaiian Affairs on S.B. No. 2752**

The purpose of this measure is to:

- (1) Establish an income tax credit for taxpayers who are required to seal abandoned wells on their real property;
- (2) Clarify the definition of the term "abandoned well";
- (3) Require an owner of an abandoned well to:
  - (A) Repair or seal the well at the owner's expense; and
  - (B) Notify the Commission on Water Resource Management of a transfer of ownership of the real property before entering escrow; and
- (4) Appropriate funds for three full-time equivalent (3.0 FTE) positions under the Commission on Water Resource Management.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Hawai'i Association of REALTORS.

Your Committee finds that abandoned wells that are not properly sealed can pose a threat to ground water by providing a direct conduit for pollution or contamination to be introduced into an aquifer. This measure establishes a state tax credit to help reimburse qualified compliance costs for owners who are required to seal abandoned wells on their real property.

Your Committee has amended this measure by:

- (1) Requiring, rather than allowing, the Director of Taxation to adopt rules to effectuate the well abandonment compliance income tax credit;
- (2) Requiring an owner of real property that includes an abandoned well to notify the Commission on Water Resource Management of a transfer of ownership of the real property upon opening of escrow and only when the presence or existence of the abandoned well is:
  - (A) Within the knowledge of the owner; or
  - (B) Visible from an accessible area; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2752, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in

the form attached hereto as S.B. No. 2752, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (LoPresti). Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1346-22 Judiciary & Hawaiian Affairs on S.B. No. 2764**

The purpose of this measure is to expand exclusions from the definition of "development" as it applies to special management areas to reduce the need for special management area permits for certain activities.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Transportation, Office of Planning and Sustainable Development, Department of Planning and Permitting of the City and County of Honolulu, Department of Planning of the County of Maui, and Hawai'i State Association of Counties.

Your Committee finds that this measure will streamline special management area permitting procedures and reduce costs for certain activities that do not have adverse environmental impacts on the special management area.

Your Committee has amended this measure by:

- (1) Reducing, from seven thousand five hundred to five thousand square feet, the floor area of certain single-family residences whose construction or reconstruction is not deemed development; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2764, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2764, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1347-22 Judiciary & Hawaiian Affairs on S.B. No. 2251**

The purpose of this measure is to:

- (1) Authorize the Hawaii Public Housing Authority to develop mixed-income and mixed-financed housing projects; and
- (2) Prohibit the development or construction of such housing projects on ceded land that is vacant on or after January 1, 2022.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS and one individual. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs and Hawai'i Alliance for Progressive Action. Your Committee received comments on this measure from the Department of Budget and Finance, Department of the Attorney General, and Hawaii Public Housing Authority.

Your Committee finds that the Hawaii Public Housing Authority has indicated that concentrating public housing for extremely low-income families in dense urban areas has not shown to be an effective use of scarce affordable housing resources. Instead, a shift has been made to create financially viable and socially stable mixed-income housing by the United States Department of Housing and Urban Development. According to the Hawaii Public Housing Authority, the mixed-income and mixed-finance redevelopment model is a proven and successful redevelopment model nationwide and is supported and encouraged by the federal government, which provides the Authority with over eighty-seven percent of its total yearly funding to house its most disadvantaged populations.

Your Committee has amended this measure by:

- (1) Deleting certain references to "public" within chapter 365D, Hawaii Revised Statutes, relating to the Hawaii Public Housing Authority, that were added by this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2251, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2251, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (McKelvey, Ward). Noes, 1 (D. Kobayashi). Excused, 1 (Tokioka).

#### **SCRep. 1348-22 Judiciary & Hawaiian Affairs on S.B. No. 2583**

The purpose of this measure is to exempt non-ceded lands set aside by the Governor to the Hawaii Housing Finance and Development Corporation from classification as public lands subject to Department of Land and Natural Resources management.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that this measure will help streamline the development of affordable housing on state land by reducing the number of approvals required by the Department of Land and Natural Resources once the land is set aside to the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2583, S.D. 2, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 1349-22 Judiciary & Hawaiian Affairs on S.B. No. 2679**

The purpose of this measure is to extend the renewal period from two years to four years for licensees who are seventy-two years of age or older but younger than eighty years of age.

Your Committee received testimony in support of this measure from the Department of Transportation, AARP Hawai'i, and nine individuals.

Your Committee finds that many individuals over seventy years of age are physically fit and mentally capable of performing a wide range of activities, including driving. Your Committee further finds that the Department of Transportation has not found any local data to indicate drivers aged seventy or older are at higher risk of causing or being involved in crashes. Therefore, your Committee believes that the current two-year renewal period for drivers aged

seventy-two to seventy-nine should be extended to four years.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2679, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioaka).

#### **SCRep. 1350-22 Judiciary & Hawaiian Affairs on S.B. No. 3247**

The purpose of this measure is to require the Department of Hawaiian Home Lands to develop a strategic plan to meet applicant preferences:

- (1) For a single-family home or vacant lot for a house; and
- (2) To rent or rent-to-own a single-family home, duplex, apartment, or townhouse, with the option to buy in the future.

Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that in 2019, approximately 28,500 native Hawaiian adults were on the Department of Hawaiian Home Lands application waiting list for residential, farming, or ranching homesteads. The homelessness crisis in Hawaii is already serious, and the waiting list backlog exacerbates this crisis that disproportionately affects native Hawaiians. Your Committee finds that the Department of Hawaiian Home Lands' 2020 Beneficiaries Study Applicant Report indicates that seventy-six percent of applicants on the Department's waiting list preferred a lot with a single-family home or vacant lot for a house, while sixteen percent preferred a rental apartment, duplex, or townhouse, with the option to buy. This measure recognizes the housing preferences of native Hawaiian applicants on the waiting list for homestead leases by requiring the Department of Hawaiian Home Lands to develop a strategic plan to meet certain housing preferences of its beneficiaries on the waiting list.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3247, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3247, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 1351-22 Judiciary & Hawaiian Affairs on S.B. No. 2115**

The purpose of this measure is to:

- (1) Require certain minors within the jurisdiction of the family court who are not released or deemed suitable for diversion to be taken without unnecessary delay to the family court or to the place of shelter designated by the family court; and
- (2) Establish conditions and time limits for placing a minor in room confinement at a juvenile detention or adult jail facility.

Your Committee received testimony in support of this measure from the Judiciary, Department of Health, Office of the Public Defender, Office of Youth Services, American Civil Liberties Union of Hawai'i, Opportunity Youth Action Hui, and one individual.

Your Committee finds that states are currently reexamining the practice of placing juveniles in solitary confinement, or room confinement, as concerns about the effectiveness of this practice mounts. Your Committee further finds that long periods of isolation have negative consequences on youth as they are especially vulnerable to the mental and emotional effects of room confinement. Such isolation can lead to depression, anxiety, psychosis, and psychological and developmental harm. This measure establishes conditions and limits for placing minors in room confinement at a detention or adult jail facility.

Your Committee notes that as currently drafted, this measure would allow an unlicensed mental health professional to determine if a minor should be subject to room confinement. Your Committee believes that due to the serious nature of room confinement and potential risk to minors, a qualified mental health professional should oversee the decisions regarding room confinement for minors.

Accordingly, your Committee has amended this measure by:

- (1) Defining a "mental health professional" to mean a qualified mental health professional or mental health professional supervised by a qualified mental health professional; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2115, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2115, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 1352-22 Judiciary & Hawaiian Affairs on S.B. No. 3293**

The purpose of this measure is to:

- (1) Establish a five-year Recidivism Prevention Pilot Program within the Judiciary consisting of a housing voucher program, child care voucher program, and income tax credit for employment of program participants to assist the reentry efforts of certain individuals who exited the Women's Community Correctional Center; and
- (2) Appropriate funds for:
  - (A) The implementation and operation of the Recidivism Prevention Pilot Program; and
  - (B) The establishment of five full-time equivalent permanent transition navigator positions within the Judiciary to provide assistance to individuals exiting the Women's Community Correctional Center in successfully rejoining their families and the community.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition, Women's Prison Project, and four individuals. Your Committee received testimony in opposition to this measure from the Judiciary. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Department of Public Safety.

Your Committee finds that providing temporary assistance to women leaving the Women's Community Correctional Center and incentivizing employers to hire these women will improve their outcomes and provide needed stability as they reenter society.

Your Committee has amended this measure by:

- (1) Amending the requirements for the income tax credit under the Recidivism Prevention Pilot Program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee believes that the Recidivism Prevention Pilot Program should be established within the Department of Human Services as it is the more appropriate agency to carry out the Program's objectives.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3293, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3293, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 1353-22 Higher Education & Technology on S.B. No. 3229**

The purpose of this measure is to:

- (1) Cap the amount of geothermal royalties that are to be paid to the University of Hawaii and to the county in which the geothermal resources are located;
- (2) Establish and appropriate funds out of the University of Hawaii Geothermal Exploration Special Fund for the Hawaii Groundwater and Geothermal Resources Center to further the discovery and development of geothermal resources;
- (3) Provide for the deposit of certain royalties into the University of Hawaii Geothermal Exploration Special Fund; and
- (4) Require the entities that receive geothermal royalties to submit an annual report to the Legislature.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Sustainable Energy Hawai'i, and two individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii State Energy Office.

Your Committee finds that geothermal technology facilitates the generation of power from heat and energy found below the Earth's surface and the development of geothermal resources are important for meeting the State's goal of transitioning to one hundred percent renewable energy generation statewide. This measure provides further resources to advance geothermal discovery and development and will help Hawaii to achieve its clean energy goals.

Your Committee has amended this measure by:

- (1) Restoring the distribution of no more than \$1,000,000 annually in geothermal royalties to the State;
- (2) Removing the \$1,000,000 cap on the annual distribution of geothermal royalties to the University of Hawaii;
- (3) Deleting the establishment of the University of Hawaii Geothermal Exploration Special Fund;
- (4) Directing that the geothermal royalties that are distributed to the University of Hawaii be deposited into the already-existing University Innovation and Commercialization Initiative Special Fund;
- (5) Requiring the Hawaii Institute of Geophysics and Planetology, rather than the Hawaii Groundwater and Geothermal Resources Center, to use the royalties in the University Innovation and Commercialization Initiative Special Fund to further the discovery and development of geothermal resources;
- (6) Deleting the appropriation; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3229, S.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3229, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Ohno, Woodson, Yamane).

#### **SCRep. 1354-22 Housing/Health, Human Services, & Homelessness on S.B. No. 2150**

The purpose of this measure is to authorize and appropriate funds for the Department of Human Services to provide additional housing assistance subsidies of up to \$500 per month to recipients of the Temporary Assistance for Needy Families, or Temporary Assistance for Other Needy Families, who participate in the First-To-Work Program.

Your Committees received testimony in support of this measure from the Zonta Club of Hilo; Save Medicaid Hawaii; AAUW of Hawaii; Hawai'i Children's Action Network Speaks!; Catholic Charities Hawai'i; Partners In Care; HOPE Services Hawai'i, Inc.; and two individuals. Your Committees received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Department of Budget and Finance, Office of Hawaiian Affairs, State Procurement Office, and Tax Foundation of Hawaii.

Your Committees find nearly one-third of renter households in the State are severely housing cost-burdened, meaning that over half of their monthly income goes to rent and utilities. This measure provides a shallow rental subsidy of \$500 per month that is targeted to First-To-Work participants. A shallow rental subsidy will reduce the housing cost burden for low-income families working to transition off public assistance, as well as prevent homelessness or reentry into homelessness.

Your Committees have amended this measure by:

- (1) Deleting the exemption for the expenditure of funds for the administration of housing assistance subsidies from the Hawaii Public Procurement Code and purchases of health and human services law; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Health, Human Services, & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2150, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2150, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 6. Noes, none. Excused, 3 (Ilagan, LoPresti, McDermott).

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1355-22 Housing/Health, Human Services, & Homelessness on S.B. No. 2370**

The purpose of this measure is to:

- (1) Establish the Office on Homelessness and Housing Solutions;
- (2) Establish the Homelessness and Housing Solutions Special Fund; and
- (3) Appropriate funds for the administration of the Office on Homelessness and Housing Solutions, subject to certain conditions.

Your Committees received testimony in support of this measure from the Judiciary, Office of the Public Defender, and four individuals. Your Committees received comments on this measure from the Governor's Coordinator on Homelessness, Department of Public Safety, Department of Land and Natural Resources, Department of Human Services, Department of Budget and Finance, and The Institute for Human Services.

Your Committees find that homelessness is one of the most pressing problems in the State, with the State's homelessness per capita rate among the highest in the nation. The Governor's Coordinator on Homelessness currently has the mandate and authority to lead the Hawaii Interagency Council on Homelessness, which is a cross-sector, inter-governmental advisory council tasked with shaping and executing the State's strategy to end homelessness. Your Committees further find that a sustained, long-term, coordinated effort by government and the private sector is necessary to reduce and end homelessness statewide. The creation of a central office, as proposed in this measure, would enable greater collaboration, coordination, and creation of effective initiatives to prevent, reduce, and end homelessness.

Your Committees have amended this measure by:

- (1) Placing the Office on Homelessness and Housing Solutions under Part XVIII of Chapter 346, Hawaii Revised Statutes, relating to the Hawaii Interagency Council on Homelessness;
- (2) Removing the civil service exemption for employees of the Office on Homelessness and Housing Solutions other than the Governor's Coordinator on Homelessness;
- (3) Removing the responsibility of the Office on Homelessness and Housing Solutions to develop and implement homelessness and housing strategies as specified in the measure;
- (4) Deleting the establishment of the Homelessness and Housing Solutions Special Fund;
- (5) Removing the requirement that the Governor's Coordinator on Homelessness seek matching funds from the county in which proposed capital improvements are built or created;
- (6) Authorizing, rather than requiring, each county to provide support for programs within its county;
- (7) Appropriating general funds, instead of funds from the Homelessness and Housing Solutions Special Fund, for the administration of the Office of Homelessness and Housing Solutions, which shall include full-time equivalent positions for administration of the office; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Health, Human Services, & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2370, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2370, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 6. Noes, none. Excused, 3 (Ilagan, LoPresti, McDermott).

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1356-22 Housing/Water & Land on S.B. No. 2372**

The purpose of this measure is to:

- (1) Require the Governor's Coordinator on Homelessness to determine whether any lands identified in the Affordable Rental Housing Report and Ten-Year Plan are suitable for developing temporary housing for the Ohana Zones Pilot Program or other affordable housing and provide recommendations on actions necessary to develop the lands accordingly;
- (2) Require the Hawaii Housing Finance and Development Corporation to establish a five-year Dwelling Unit Revolving Fund Equity Pilot Program and purchase equity in for-sale housing development projects under certain conditions;
- (3) Appropriate general funds into and out of the Rental Housing Revolving Fund for county projects; and
- (4) Appropriate general funds into and out of the Dwelling Unit Revolving Fund for the Dwelling Unit Revolving Fund Equity Pilot Program.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Hawai'i Association of REALTORS, and two individuals. Your Committees received comments on this measure from the Governor's Coordinator on Homelessness and Department of Budget and Finance.

Your Committees find that the rising cost of housing in the State is effectively pricing out local renters and homeowners and disproportionately affects vulnerable populations, such as the elderly and homeless, who may have fixed incomes. This measure will provide insight into the approaches and strategies needed to prevent homelessness and provide affordable housing for individuals and families.

Your Committees further find that developers are unable to sufficiently meet demand for Hawaii residents earning up to one hundred twenty percent of the area median income because per-unit development costs exceed affordable sales prices. This measure therefore infuses the Dwelling Unit Revolving Fund with funds to allow the Hawaii Housing Finance and Development Corporation to purchase equity in new, for-sale developments to lower the price paid by eligible buyers, which will in turn provide more units at lower affordability thresholds.

Your Committees have amended this measure by:

- (1) Requiring the Hawaii Housing Finance and Development Corporation, with the assistance of the Governor's Coordinator on Homelessness, to review the Affordable Rental Housing Report and Ten-Year Plan and related responsibilities required by this measure, instead of assigning the Governor's Coordinator on Homelessness with the responsibilities;
- (2) Deleting the proviso that allocated monies appropriated from the Rental Housing Revolving Fund to each county; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2372, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2372, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 8. Noes, none. Excused, 1 (McDermott).

Water & Land: Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1357-22 Housing on S.B. No. 2165**

The purpose of this measure is to amend the income tax credit for low-income household renters by:

- (1) Increasing the credit amount and the income eligibility cap thresholds for the tax credit; and
- (2) Adjusting the amount of the tax credit every three years based on the Urban Hawaii Consumer Price Index for all urban consumers.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, Americans for Democratic Action Hawai'i, Hawaii Children's Action Network Speaks!, Parents And Children Together, Democratic Party of Hawai'i Education Caucus, Imua Alliance, Hawai'i Alliance for Progressive Action, and three individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that Hawaii is continually ranked among the highest in the nation for cost of living and these costs only continue to rise as affordable housing becomes increasingly scarce and prices for goods and services steadily increase. Although the existing income tax credit for low-income household renters is intended to target households with lower incomes, the \$50 credit amount was last adjusted in 1981 and the eligibility threshold was last adjusted in 1989. Since 1989, the cost of housing has increased by three hundred ninety percent, and therefore it is fitting to adjust the eligibility requirements and increase the amount of the tax credit to help low-income renters pay for the high costs of housing in the State.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2165, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

#### **SCRep. 1358-22 Housing on S.B. No. 2877**

The purpose of this measure is to help remove barriers in securing affordable housing by:

- (1) Regulating how application screening fees are charged when processing applications to rent residential property, including establishing a cap on the amount of each application screening fee assessed; and
- (2) Requiring a landlord or the landlord's agent to provide an applicant a receipt for payment of the application screening fee and refund any unused amount of an application screening fee to the applicant, within specified time frames.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Department of Commerce and Consumer Affairs, State Council on Developmental Disabilities, HOPE Services Hawai'i, Catholic Charities Hawai'i, and Hawai'i Health & Harm Reduction Center. Your Committee received testimony in opposition to this measure from Hawai'i Association of REALTORS and one individual. Your Committee received comments on this measure from EAH Housing.

Your Committee finds that there are numerous barriers to accessing affordable housing for low-income households and people experiencing homelessness. The costs associated with screening prospective tenants, including application screening fees for personal reference checks and credit reports, can result in financial hardship for prospective tenants, especially when the costs of multiple application screening fees mount.

Your Committee further finds that the charging of application screening fees for rental units is currently unregulated. As a result, the cost of these fees varies and can exceed the actual cost of screening. Regulating the assessment of application screening fees is one way to address impediments to securing affordable rental housing in the State.

Your Committee has amended this measure by:

- (1) Inserting a preamble;
- (2) Removing provisions that would have capped the amount that could be charged for an application screening fee and limited the number of fees that could be charged per application and per household;
- (3) Removing the requirement for the landlord or the landlord's agent to provide the applicant with a copy of any report obtained by the landlord or the agent, within ten days of the applicant's request;
- (4) Removing the thirty-day time frame in which the landlord or landlord's agent must return any unused amount of the application screening fee to the applicant;
- (5) Removing the savings clause;
- (6) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2877, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2877, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (LoPresti, McDermott).

#### **SCRep. 1359-22 Housing on S.B. No. 2677**

The purpose of this measure is to:

- (1) Establish the Long-Term Rental Assistance Pilot Program to provide long-term rental assistance to individuals who are sixty-two years of age or older and are homeless or at imminent risk of becoming homeless;
- (2) Require the Hawaii Public Housing Authority to submit reports to the Legislature regarding the Long-Term Rental Assistance Pilot Program; and
- (3) Appropriate funds for the Long-Term Rental Assistance Pilot Program, including two full-time equivalent public housing specialist positions within the Hawaii Public Housing Authority.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, Executive Office on Aging, AARP Hawai'i, Partners In Care, and Catholic Charities Hawai'i. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that homelessness among Hawaii's kupuna is a central part of the affordable housing needs in the State. The high cost of living in the State, the fixed income and complex health needs of older adults, rapidly rising rents, and the declining availability of affordable housing make rental assistance for older adults a necessity. Your Committee also finds that it is critical to help the most vulnerable elders in the State access housing, and providing rent supplements to these individuals is an important part of the overall solution needed to address housing and homeless related issues in Hawaii.

Your Committee further finds that an additional \$3,000,000 under a state rent supplement program for kupuna will provide much-needed state rental supplement assistance to serve five hundred vulnerable elders who are homeless or at risk of being homeless. It is your Committee's understanding that under the existing State Rent Supplement Program, a qualified family can receive up to a maximum of \$500 for rent. Furthermore, it will cost approximately \$3,750,000 for wraparound services for families under this measure.

Accordingly, your Committee has amended this measure by:

- (1) Temporarily expanding the existing State Rent Supplement Program to specifically target individuals who are sixty-two years of age or older and are homeless or at imminent risk of becoming homeless, rather than establishing a new Long-Term Rental Assistance Pilot Program;
- (2) Removing language that would have required the Hawaii Public Housing Authority to ensure that program participants pay no more than fifty percent of their net income for rent;
- (3) Amending the appropriation in this measure to:
  - (A) Apply to the State Rent Supplement Program for Kupuna, rather than the Long-Term Rental Assistance Pilot Program;
  - (B) Change the public housing specialist positions to an unspecified number; and
  - (C) Specify that the funds shall be in addition to the base budget of the Hawaii Public Housing Authority for the existing State Rent Supplement Program; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2677, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2677, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

#### **SCRep. 1360-22 Housing on S.B. No. 2588**

The purpose of this measure is to appropriate funds to the Hawaii Public Housing Authority to remodel, renovate, repair, and rehabilitate two hundred sixty-four housing units.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that some of the Hawaii Public Housing Authority's properties were built over fifty years ago. The appropriation of funds contained in this measure will enable the Hawaii Public Housing Authority to address the capital needs backlog of its properties, including lead abatement, upgrading of electrical infrastructure, replacement of plumbing piping, roof replacement, spall repair, and federally-mandated Americans with Disabilities Act improvements.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that should your Committee on Finance deliberate on this matter further, that it considers appropriating \$25,000,000 for fiscal year 2022-2023 for the Hawaii Public Housing Authority to remodel, renovate, repair, and rehabilitate the two hundred sixty-four housing units specified in this measure.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2588, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2588, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

#### **SCRep. 1361-22 Housing on S.B. No. 3048**

The purpose of this measure is to:

- (1) Authorize the Director of Finance to transfer excess tax-exempt general obligation bond proceeds and accrued interest from the Rental Housing Revolving Fund to the Dwelling Unit Revolving Fund;
- (2) Authorize the Rental Housing Revolving Fund to be used for the Hawaii Housing Finance and Development Corporation's housing finance programs;

- (3) Establish one full-time equivalent housing finance specialist position within the Hawaii Housing Finance and Development Corporation; and
- (4) Appropriate funds to the Hawaii Housing Finance and Development Corporation for hardware, software, and digitization efforts.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Hawaii Housing Finance and Development Corporation. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Rental Housing Revolving Fund contains legacy funds derived from tax-exempt general obligation bond proceeds. These funds cannot be deployed for affordable rental housing development, because under United States Treasury regulations, tax-exempt funds cannot be used to finance projects that also use Low-Income Housing Tax Credits.

Your Committee further finds that to be used on Low-Income Housing Tax Credit projects, funds must be taxable general obligation bond proceeds. Once transferred to the Dwelling Unit Revolving Fund, these funds can be used to fulfill the Hawaii Housing Finance and Development Corporation's existing infrastructure obligations or other government infrastructure projects.

Your Committee has amended this measure by:

- (1) Establishing two full-time equivalent (2.0 FTE) housing financial specialist I positions within the Hawaii Housing Finance and Development Corporation, instead of one full-time equivalent (1.0 FTE) position;
- (2) Combining the appropriations in this measure into a single appropriation specifically for computer software and hardware; information technology improvements; videoconferencing improvements; and scanning and digitization equipment, services, and warranties; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that should your Committee on Finance deliberate on this matter further, that it consider:

- (1) Authorizing the Director of Finance to transfer \$45,000,000 in tax-exempt general obligation bond proceeds and accrued interest for fiscal year 2022-2023 from the Rental Housing Revolving Fund to the Dwelling Unit Revolving Fund; and
- (2) Appropriating \$1,600,000 for fiscal year 2022-2023 for computer software and hardware; information technology improvements; videoconferencing improvements; and scanning and digitization equipment, services, and warranties.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3048, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3048, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

#### **SCRep. 1362-22 Housing on S.B. No. 449**

The purpose of this measure is to require sellers of buildings or structures that are wholly or partially occupied for residential purposes to equip the buildings or structures with approved smoke alarms in accordance with existing state or county building or residential codes.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS.

Your Committee finds that according to the 1994 Uniform Building Code adopted by Hawaii, residents are required to install smoke detectors in all new and renovated dwelling units. Your Committee further finds that smoke alarms that are properly installed and maintained play a vital role in reducing fire deaths and injuries. Your Committee also finds that requiring the State Fire Council to post an online informational guide on approved smoke alarms will ensure that life-saving information about smoke alarms is readily available to potential buyers of residential property and members of the general public.

Accordingly, your Committee has amended this measure by:

- (1) Requiring property owners of residential real property to disclose, as part of the mandatory seller disclosures in real estate transactions, whether an installed smoke alarm is in accordance with existing building or residential codes, rather than requiring sellers to equip a building or structure with an approved smoke alarm upon a sale or transfer;
- (2) Requiring the State Fire Council to create and maintain an informational guide on approved smoke alarms that are in accordance with existing building or residential codes and post the guide on the State Fire Council's and county fire departments' websites;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 449, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 449, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

#### **SCRep. 1363-22 Housing on S.B. No. 2812**

The purpose of this measure is to facilitate the financing of affordable housing projects in the State by temporarily amending provisions that govern the allocation of the State's private activity bond ceiling. Specifically, this measure:

- (1) Facilitates the process for counties or issuers to assign their allocation back to the State by removing the requirement for a resolution or written certificate;
- (2) Repeals the authorization for counties or issuers to request additional allocations of the state bond ceiling;
- (3) Prioritizes projects of counties that assign their allocation back to the State over projects of counties that have their own bond issuance program;
- (4) Requires counties or issuers that retain their allocation to submit quarterly reports to the Department of Budget and Finance on the status or use of any allocation;
- (5) Requires a project to first apply to the county in which the project is located, if the county has a private activity bond issuance program, before applying to the State; and

- (6) Changes the dates for reverted or remaining allocations and requires certain reverted or remaining allocations to be allocated to the Hawaii Housing Finance and Development Corporation.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Department of Planning and Permitting of the City and County of Honolulu, and Catholic Charities Hawai'i. Your Committee received comments on this measure from the Department of the Attorney General and Department of Budget and Finance.

Your Committee finds that the State is committed to the production and maintenance of available affordable housing for its residents, and housing-related projects could benefit from greater access to private activity bond financing. Your Committee further finds that increasing coordination between the State and counties on the timing of private activity bond issuances would allow the State to more efficiently allocate private activity bonds for housing-related projects.

Your Committee has amended this measure by:

- (1) Deleting provisions that removed the requirement for counties or issues to assign their allocation back to the State via a resolution or written certificate;
- (2) Deleting provisions that repealed the authorization for counties or issuers to request additional allocations of the state bond ceiling;
- (3) Deleting provisions that prioritized projects of counties that assigned their allocation back to the State over projects of counties with their own bond issuance program;
- (4) Deleting provisions that specified when a project had to first apply to the county in which the project was located, before applying to the State;
- (5) Deleting provisions that changed dates for reverted or remaining allocations and required certain allocations to go to the Hawaii Housing Finance and Development Corporation;
- (6) Prohibiting the authorization of any special purpose revenue bonds that require an allocation of the annual state ceiling after June 30, 2022, and before December 31, 2028, unless requested by the Governor and approved by the Legislature;
- (7) Requiring any allocation of the annual state ceiling to a county with a population of over five hundred thousand during this same time frame to be used only for rental housing projects that are eligible for the Low-Income Housing Tax Credit;
- (8) Removing its sunset date; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2812, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2812, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

#### **SCRep. 1364-22 Housing on S.B. No. 2002**

The purpose of this measure is to:

- (1) Define "assistance animal" in the context of existing state law that prohibits discrimination in real property transactions;
- (2) Codify the administrative process that allows an owner or other person engaging in a real estate transaction to request that a person claiming a disability provide verification to establish the disability-related need for a specific assistance animal as a reasonable accommodation; and
- (3) Specify that the possession of a vest or other distinguishing animal garment, tag, or registration document that is commonly purchased online and purports to identify an animal as a service animal or assistance animal does not constitute valid verification.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Disability and Communication Access Board, Hawai'i Association of REALTORS, and Community Associations Institute Legislative Action Committee.

Your Committee finds that under federal and state fair housing laws, landlords may allow assistance animals in rental properties that otherwise do not allow pets. For landlords seeking to properly follow the fair housing laws, this can create problems discerning between a legitimate request from a person with a disability and a person who simply wishes to keep a pet in their rental unit. This measure clarifies the information that landlords may reasonably request from a person regarding verification of the assistance animal related to the person's housing request and expressly clarifies that possession of a garment or registration document purchased online does not constitute valid verification of an animal as a service animal or assistance animal.

Your Committee has amended this measure by:

- (1) Changing the effective date to November 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2002, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2002, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

#### **SCRep. 1365-22 Health, Human Services, & Homelessness/Higher Education & Technology on S.B. No. 2657**

The purpose of this measure is to:

- (1) Reestablish the Hawaii Medical Education Council Special Fund to enable the John A. Burns School of Medicine to provide funding for medical education and training in Hawaii;
- (2) Appropriate funds to the John A. Burns School of Medicine to expand medical education and training on the neighbor islands and in medically underserved populations throughout the State; and
- (3) Appropriate funds to the John A. Burns School of Medicine to create further medical residency and training opportunities through a partnership with the United States Department of Veterans Affairs.

Your Committees received testimony in support of this measure from the John A. Burns School of Medicine at the University of Hawai'i at Mānoa, Hawaii

Health Systems Corporation, Hawaii Primary Care Association, Waianae Coast Comprehensive Health Center, Hawai'i Pacific Health, Hawaii Medical Association, Healthcare Association of Hawaii, The Queen's Health Systems, Hawaii Psychiatric Medical Association, and two individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that many Hawaii residents are unable to obtain timely and appropriate health care due to a shortage of health care providers in the State, with residents of the neighbor islands disproportionately affected by shortages of physicians in all areas of practice. Your Committees further find that the John A. Burns School of Medicine has engaged in various strategies to increase the number of physicians in Hawaii, including the development of residency or fellowship rotations on neighbor islands and collaborating with the United States Department of Veterans Affairs to train Hawaii-based residents using a separate federal pool of resources for support. This measure supports ongoing efforts to address the health care professional shortage in Hawaii by providing funding for additional graduate medical education and training programs.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2657, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2657, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, none.

Higher Education & Technology: Ayes, 13. Noes, none. Excused, none.

#### **SCRep. 1366-22 Health, Human Services, & Homelessness/Higher Education & Technology on S.B. No. 2597**

The purpose of this measure is to appropriate funds for the Hawaii State Loan Repayment Program administered through the John A. Burns School of Medicine to provide loan repayment for health care professionals who agree to work in a federally-designated health professional shortage area.

Your Committees received testimony in support of this measure from the Department of Health, Department of Labor and Industrial Relations, John A. Burns School of Medicine at the University of Hawai'i at Mānoa, Hawai'i Primary Care Association, Hawai'i Pacific Health, Hawaii Medical Association, Healthcare Association of Hawaii, The Queen's Health Systems, Hawaii Psychiatric Medical Association, Kaiser Permanente Hawai'i, and one individual. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that the John A. Burns School of Medicine currently administers the Hawaii State Loan Repayment Program, which provides student loan repayments for health care professionals who agree to work in a federally-designated health professional shortage area. This program leverages public funds and private donations to access matching federal funds through the National Health Service Corps State Loan Repayment Program of the United States Department of Health and Human Services.

Your Committees further find that the Hawaii State Loan Repayment program has achieved considerable success in educating, training, and recruiting health care professionals to work in underserved areas. Since September 1, 2012, the loan repayment program has supported sixty-four recipients in exchange for work commitments in underserved geographic practice areas in Hawaii, eighty-three percent of whom have remained in the State to practice after graduation. The state matching funds appropriated by this measure will enable the John A. Burns School of Medicine to draw down as much federal money as possible and allow the program to provide loan repayment to more health care professionals, which will help in the ongoing efforts to alleviate the health care professional shortages in the State.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2597, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2597, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, none.

Higher Education & Technology: Ayes, 13. Noes, none. Excused, none.

#### **SCRep. 1367-22 Health, Human Services, & Homelessness/Higher Education & Technology on S.B. No. 2144**

The purpose of this measure is to require the Office of Enterprise Technology Services, in consultation with the Disability and Communication Access Board and a working group comprised of stakeholders, to develop and publish, and periodically review and update, electronic information technology accessibility standards to be implemented by all state entities.

Your Committees received testimony in support of this measure from the Executive Office on Aging, Hawaii State Council on Developmental Disabilities, Hawai'i Civil Rights Commission, Disability and Communication Access Board, National Federation of the Blind of Hawaii, and eight individuals. Your Committees received comments on this measure from the Office of Enterprise Technology Services and one individual.

Your Committees find that electronic information technology has rapidly replaced conventional printed communications in the areas of employment, education, and receipt of services. Your Committees further find that uniform standards are needed to ensure that state entities are proactively addressing accessibility in their communications, information technology development, and technology procurement processes. This measure helps the State meet its digital equity goals by ensuring that all electronic information, programs, and services offered by the State are accessible to individuals with a disability.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2144, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2144, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, none.

Higher Education & Technology: Ayes, 12. Noes, none. Excused, 1 (Woodson).

#### **SCRep. 1368-22 Health, Human Services, & Homelessness/Energy & Environmental Protection on S.B. No. 3124**

The purpose of this measure is to make an emergency appropriation to provide funds for the Department of Health for costs related to emergency response for threats to public health and enforcement activities resulting from release of petroleum from the Red Hill Bulk Fuel Storage Facility.

Your Committees received testimony in support of this measure from the Department of Health, Honolulu Board of Water Supply, 350Hawaii.org, Hawai'i Alliance for Progressive Action, and two individuals. Your Committees received comments on this measure from the Department of Budget and Finance and one individual.

Your Committees find that the Joint Base Pearl Harbor Hickam water crisis and the fuel contamination of the Navy's Red Hill Shaft water sources has caused the Department of Health to incur tremendous costs in its efforts to address the public health impacts of the fuel releases from the Red Hill Bulk Fuel Storage Facility. The ongoing crisis is fluid and the lack of an appropriation may hamper the scope and speed of the Department's response. The emergency appropriation in this measure is needed to ensure cash flow and operational continuity for the ongoing emergency response, regulatory oversight, and enforcement related to the Red Hill water crisis.

Your Committees have amended this measure by:

- (1) Inserting an appropriation amount of \$1,500,000 to the Department of Health for response and enforcement activities relating to the petroleum leaks at the Red Hill Bulk Fuel Storage Facility; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 3124, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 3124, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, none.

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

#### **SCRep. 1369-22 Health, Human Services, & Homelessness/Education on S.B. No. 2701**

The purpose of this measure is to:

- (1) Establish and appropriate funds for a one-year Child Care Worker Subsidy Pilot Program to retain existing child care workers; and
- (2) Appropriate funds to be deposited in the Early Learning Special Fund for the Hawaii Early Childhood Educator Stipend Program.

Your Committees received testimony in support of this measure from the Executive Office on Early Learning, Early Learning Board, Hawai'i State Commission on the Status of Women, Rainbow Family 808, American Association of University Women of Hawaii, Early Childhood Action Strategy, Hawai'i Association of School Psychologists, Hawai'i Children's Action Network Speaks!, and numerous individuals. Your Committees received comments on this measure from the Department of Budget and Finance and Department of Human Services.

Your Committees find that the ongoing coronavirus disease 2019 pandemic has disrupted the State's child care and early education system, creating additional challenges to expanding access to quality, affordable child care and early education. Your Committees further find that demand for quality child care and early education far exceeds the number of qualified child care and early education professionals currently available in the State. This measure supports Hawaii's children, working families, and communities by helping improve the recruitment and retention of child care workers and early childhood educators in the State.

Your Committees have amended this measure by:

- (1) Limiting participation in the Child Care Worker Subsidy Pilot Program to child care workers working in licensed child care centers, licensed infant and toddler centers, registered family child care homes, and licensed group child care centers;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Education that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2701, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2701, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Nishimoto).

Education: Ayes, 12. Noes, none. Excused, 1 (Quinlan).

#### **SCRep. 1370-22 Health, Human Services, & Homelessness/Housing on S.B. No. 3168**

The purpose of this measure is to:

- (1) Permit persons receiving accommodations or services from an Ohana Zone site to request a ninety-day extension of the accommodations or services received by the recipient;
- (2) Extend the Ohana Zones Pilot Program's sunset date to June 30, 2028;
- (3) Establish an Ohana Zones program within the Hawaii Public Housing Authority as part of its rental assistance programs, upon expiration of the Ohana Zones Pilot Program on June 30, 2028; and
- (4) Appropriate funds for the extension of the Ohana Zones Pilot Program and associated expenses.

Your Committees received testimony in support of this measure from the Governor's Coordinator on Homelessness; Department of Land and Natural Resources; Kaua'i County Housing Agency; St. Michael the Archangel Church; Habitat for Humanity Hawaii Island, Inc.; Catholic Charities Hawai'i; Opportunity Youth Action Hui; Partners In Care; Hope Services Hawai'i; and one individual. Your Committees received comments on this measure from the Department of Budget and Finance, Department of Human Services, and Hawaii Public Housing Authority.

Your Committees find that the Ohana Zones Pilot Program, established by Act 128, Session Laws of Hawaii 2018, provides flexible funding to the State and counties to develop innovative programs reflecting the local needs of specific communities. Your Committees further find that the Ohana Zones Pilot Program has been effective at serving its intended purposes of providing housing and critical services to the State's homeless population. Since its establishment in 2018, the Ohana Zones Pilot Program has supported twenty projects statewide and as of November 2021, has aided 5,510 homeless individuals statewide, including 1,368 individuals who were placed into permanent housing.

Your Committees find that a similar measure, H.B. No. 2512, H.D. 2 (Regular Session of 2022), was previously passed by the House.

Your Committees have amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 2512, H.D. 2, a measure that:
  - (A) Expands regulatory exemptions for Ohana Zones Pilot Program contracts;
  - (B) Extends the sunset date for the Ohana Zones Pilot Program to June 30, 2026; and
  - (C) Appropriates funds for the Ohana Zones Pilot Program;
- (2) Making the State the payor of last resort for all expenses related to the Ohana Zones Pilot Program; and
- (3) Changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Housing that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 3168, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 3168, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Gates).

Housing: Ayes, 6. Noes, none. Excused, 3 (Ilagan, LoPresti, McDermott).

#### **SCRep. 1371-22 Health, Human Services, & Homelessness on S.B. No. 2281**

The purpose of this measure is to:

- (1) Establish interim licensure requirements for school psychologists and require all school psychologists to obtain an interim license from the Board of Psychology by January 1, 2023;
- (2) Amend the composition of the Board of Psychology to include two school psychologists; and
- (3) Require the Board of Psychology and the Department of Education to develop a permanent licensing scheme for school psychologists and submit a report to the Legislature prior to the Regular Session of 2023.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board; Hui for Excellence in Education; Hawai'i Association of School Psychologists; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Psychological Association; Hawaii State Teachers Association; and eleven individuals. Your Committee received testimony in opposition to this measure from the Board of Psychology. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Department of Education.

Your Committee finds that Hawaii is the only state without certification or licensure for school psychologists. Your Committee further finds that because the State has failed to properly license school psychologists, the State is unable to seek reimbursements from the federal Medicaid program for the use of school psychologists in an educational setting. Establishing a licensure program for school psychologists will ensure the employment of qualified school psychologists and allow schools using school psychologists to properly seek available federal Medicaid funds.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2281, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2281, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1372-22 Health, Human Services, & Homelessness on S.B. No. 2124**

The purpose of this measure is to:

- (1) Establish maximum allowable noise levels emitted from establishments regulated by county liquor commissions or liquor control adjudication boards;
- (2) Specify that the emission of noise that exceeds the maximum allowable noise level constitutes a noise violation;
- (3) Allow noise violations to be enforced by summons or citations issued by law enforcement officers; and
- (4) Permit county liquor commissions and liquor control adjudication boards to revoke or suspend; deny the application, renewal, or transfer of; or withhold issuance of a liquor license when a licensee or applicant fails to take corrective action to address noise complaints or violations.

Your Committee received testimony in support of this measure from Citizens Against Noise, Free Access Coalition, and seventeen individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that excessive noise pollution is harmful to public health. Your Committee further finds that establishments that serve alcohol, such as restaurants, bars, and night clubs that are in close proximity to residential areas, contribute to excessive noise pollution. This measure mitigates low-frequency noise pollution from these establishments by establishing a regulatory and enforcement scheme.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2124, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2124, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1373-22 Health, Human Services, & Homelessness on S.B. No. 2371**

The purpose of this measure is to establish a Statewide Homelessness Information System Working Group to assess the feasibility of establishing a statewide information system to collect and track real-time data related to homelessness in the State.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Public Safety, Department of the Prosecuting Attorney of the City and County of Honolulu, and one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness; Department of Budget and Finance; Partners In Care; and Institute for Human Services, Inc.

Your Committee finds that homelessness is an ongoing crisis in the State. Your Committee further finds that collecting and understanding accurate, real-time data related to homelessness is vital to strategically addressing homelessness in Hawaii by identifying gaps where homelessness services, shelter, or housing are required but not available and informing policymakers on where funding may be directed to address those gaps.

Your Committee has amended this measure by:

- (1) Changing the composition of the working group to generally include nonprofit organizations that provide continuum of care services in the State, rather than naming specific organizations;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2371, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2371, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1374-22 Health, Human Services, & Homelessness on S.B. No. 2373**

The purpose of this measure is to:

- (1) Create the Project Reset program to assist offenders with securing post-release housing, including transitional housing and permanent housing, and to support the offender's reentry, rehabilitation, and employment prospects;
- (2) Establish one full-time equivalent position in the Department of Human Services to administer the Project Reset program; and
- (3) Appropriate funds for the program.

Your Committee received testimony in support of this measure from the Department of Public Safety, Office of the Public Defender, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawaii Substance Abuse Coalition, Chamber of Commerce Hawaii, Community Alliance on Prisons, and one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness and Department of Budget and Finance.

Your Committee finds that offenders exiting correctional facilities are at risk of becoming homeless because of a lack of comprehensive programs focusing on transitioning offenders through the process of reentry, rehabilitation, employment, and housing. Your Committee further finds that the establishment of a reentry program to assist offenders in obtaining post-release housing as they transition back into the community will provide stability and reduce recidivism.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2373, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1375-22 Health, Human Services, & Homelessness on S.B. No. 2822**

The purpose of this measure is to authorize the Department of Education to offer optional asthma education instruction to students and provide asthma training to teachers and other Department employees who interact with students.

Your Committee received testimony in support of this measure from the Department of Education, Disability and Communication Access Board, Hawai'i Primary Care Association, AlohaCare, Hawaii Medical Association, Early Childhood Action Strategy, and two individuals. Your Committee received comments on this measure from the Department of Health, University of Hawai'i at Mānoa, Hawai'i Children's Action Network Speaks!, Hawai'i Public Health Institute, American Lung Association, and one individual.

Your Committee finds that more than one hundred ten thousand Hawaii residents are living with asthma and approximately one-third of those are children. Every year, over five thousand people in Hawaii visit emergency rooms due to asthma, with infants and young children making up the majority of asthma-related medical emergencies and hospitalizations. Although the asthma mortality rate has declined over the past ten years, there was an average of twenty-two deaths per year from asthma in Hawaii between 2013 and 2015.

Your Committee further finds that research funded by the Centers for Disease Control and Prevention and published in the Journal of School Health revealed that students who engage in school-based asthma education experienced significantly fewer days with activity limitations and significantly fewer nights of sleep disturbance after participation in the intervention. This measure authorizes the Department of Education to offer optional asthma education instruction to students and provide training to teachers and other Department employees to ensure students with asthma are able to thrive in all environments.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2822, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1376-22 Health, Human Services, & Homelessness on S.B. No. 2869**

The purpose of this measure is to allow obligees under an order solely for spousal support to elect to enforce the order pursuant to the State's garnishment laws, rather than through the clerk of the court.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that establishing a mechanism to allow an obligee to elect to enforce an order for spousal support by garnishment through the obligor's employer, rather than through the clerk of the court, will make it faster and easier for an obligee to receive spousal support.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2869, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2869, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1377-22 Health, Human Services, & Homelessness on S.B. No. 3110**

The purpose of this measure is to:

- (1) Rename the Preschool Grant Program Special Fund as the Child Care Grant Program Special Fund;
- (2) Add federal funds as one of the fund sources for the Child Care Grant Program Special Fund;
- (3) Authorize the Child Care Grant Program Special Fund to be used to give grants to child care facilities;
- (4) Change the date by which reports for the Preschool Open Doors Special Fund and Child Care Grant Program Special Fund must be submitted to the Legislature; and
- (5) Repeal the authority to expend funds without an appropriation from the Preschool Open Doors Special Fund and Child Care Grant Program Special Fund to conform with state constitutional provisions.

Your Committee received testimony in support of this measure from the Department of Human Services, Executive Office on Early Learning, and Early Childhood Action Strategy.

Your Committee finds that this measure renames the Preschool Grant Program Special Fund as the Child Care Grant Program Special Fund, which will allow the focus of the special fund to encompass the scope of children across the early learning continuum, from birth until kindergarten. Your Committee further finds that this measure authorizes the Department of Human Services to provide grants to child care facilities beyond those eligible for the Preschool Open Doors Program, which will support parents and caregivers by ensuring the State's child care facilities can continue to provide access to safe and qualified child care.

Your Committee has amended this measure by:

- (1) Deleting language that would have authorized federal funds received by the Department of Human Services to be deposited into the Child Care Grant Program Special Fund;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3110, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3110, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1378-22 Health, Human Services, & Homelessness on S.B. No. 3111**

The purpose of this measure is to establish and fund a five-year Family Resource Centers Pilot Program within the Department of Human Services and fund one full-time equivalent Family Resource Centers Coordinator position to further develop and implement a statewide network of school- and community-based family resource centers.

Your Committee received testimony in support of this measure from the Department of Health, Department of Human Services, Waimanalo Elementary and Intermediate School, Kailua High School, Hawaii Children's Action Network Speaks!, 'Ohana Support Network, Hawai'i Afterschool Alliance, Community Alliance on Prisons, Blueprint for Change, Early Childhood Action Strategy, and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and State Procurement Office.

Your Committee finds that family resource centers play a critical role in preventing child abuse and neglect, strengthening children and families, connecting family-impacting agencies and programs, creating opportunities for community-level coordination, creating social connections to resources and support systems, and increasing family engagement, all of which lead to greater student success in school.

Your Committee further finds that various studies have found that communities with family resource centers show lower rates of child abuse and neglect investigations, lower numbers of children entering foster care, and an increase in parents or custodians gaining employment within one year after participating in services provided through the centers. This measure establishes a five-year Family Resource Centers Pilot Program, which will allow the Departments of Human Services, Education, and Health to provide coordinated family-impacting services designed to meet the needs, cultures, and interests of communities serviced by family resource centers.

Your Committee has amended this measure by:

- (1) Deleting language exempting the Family Resource Centers Coordinator from civil service requirements;
- (2) Requiring that all contracts entered into by the Departments of Human Services, Education, and Health for family resource centers be subject to the Hawaii Public Procurement Code and procurement requirements for purchases of health and human services;

- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3111, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3111, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1379-22 Health, Human Services, & Homelessness on S.B. No. 3112**

The purpose of this measure is to:

- (1) Authorize the Department of Human Services to conduct comprehensive background checks on current and prospective employees, volunteers, and contractors, and a contractor's employees, agents, or volunteers in positions that require these individuals to be in close proximity to certain minors, young adults, or vulnerable adults; and
- (2) Make housekeeping amendments for conformity with Act 133, Session Laws of Hawaii 2016.

Your Committee received testimony in support of this measure from the Department of Human Resources Development, Department of Human Services, and Hawaii Family Advocacy Team.

Your Committee finds that the current pre-employment background check process for the Department of Human Services includes a State of Hawaii name-based criminal history record check and relies on prospective new hires to self-report any convictions that occurred outside of the State. This measure enables the Department of Human Services to obtain information directly from the Federal Bureau of Investigation and Hawaii Criminal Justice Data Center. Your Committee further finds that moving to a comprehensive national and state fingerprint-based criminal history record check will ensure minors, young adults, and vulnerable adults are being served by individuals with reputable and responsible characters.

Accordingly, your Committee has amended this measure by:

- (1) Deleting provisions relating to the Department of Health and Family Court that changed the term "foster boarding homes" with "resource family homes" as these amendments may be outside the scope of its title;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3112, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3112, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1380-22 Health, Human Services, & Homelessness on S.B. No. 3236**

The purpose of this measure is to appropriate funds to provide a one-time enhanced payment equal to fifteen percent of the Medicaid patient payments of fiscal year 2022-2023 made to any eligible facility in the State that provides care to Medicaid patients in a Medicare-certified nursing facility, community care foster family home, and expanded adult residential care home.

Your Committee received testimony in support of this measure from the Hawaii Health Systems Corporation Board of Directors, Healthcare Association of Hawaii, Hawai'i Pacific Health, Palolo Chinese Home, Ohana Pacific Health, Aloha Nursing Rehab Centre, Ann Pearl Rehab & Nursing, Garden Isle Rehab & Nursing, Legacy Hilo Rehab & Nursing, Hale Mauka Health Services, The Villas, Hawai'i Family Caregiver Coalition, Kaiser Permanente Hawai'i, Islands Skilled Nursing and Rehabilitation, Pu'uwai 'O Makaha, The Queen's Health Systems, AARP Hawai'i, Hale Kūpuna Heritage Home, and four individuals. Your Committee received comments on this measure from the Department of Human Services and Department of Budget and Finance.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic created significant staffing and financial strains for Hawaii's long-term care facilities. Nursing facilities, community care foster family homes, and expanded residential care homes in the State have experienced significant hardships, such as increased costs of labor, and having to pay for personal protective equipment, supplies, testing, and other pandemic-related expenses. Your Committee further finds that many nursing facilities have been forced to rely on temporary staffing agencies to compensate for staff absences due to COVID-19 exposures or infection, employee burnout, or employee attrition.

Your Committee also finds that although these facilities received some federal assistances, these funds only cover approximately thirty percent of the facilities' total pandemic-related losses. This measure is intended to assist licensed facilities that provide skilled nursing or intermediate care to Medicaid patients by providing a one-time enhanced payment to each facility, which will help these facilities stabilize and attract qualified workers and improve health outcomes for vulnerable facility residents.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3236, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1381-22 Culture, Arts, & International Affairs on S.B. No. 3338**

The purpose of this measure is to appropriate funds for the design, planning, and construction of the Kalaupapa Memorial.

Your Committee received testimony in support of this measure from the Department of Health, one member of the Maui County Council, Ka 'Ohana O Kalaupapa, Damien Museum in Tremelo, Damien Archives in Leuven, Living Life Source Foundation, IDEA Center for the Voices of Humanity, Ke Kai O Kuloloi'a, Roman Catholic Church Diocese of Honolulu, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that a memorial to honor the more than eight thousand people who were separated from their families and institutionalized at the Kalaupapa Settlement on the island of Molokai will allow for family members to reconnect with their ancestors and their stories and shine a light on a crucial

segment of Hawaii's history.

Should your Committee on Finance deliberate this measure further, your Committee respectfully requests it consider appropriating \$5,000,000 for the design, planning, and construction of the Kalaupapa Memorial.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3338, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1382-22 Agriculture on S.B. No. 2056**

The purpose of this measure is to require and appropriate funds for the Office of Planning and Sustainable Development to conduct a study of the suitability of soil classification systems, including the soil overall (master) productivity rating system and detailed land classification of the Land Study Bureau, for the regulation of agricultural lands by the State and counties.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii State Energy Office, Office of Planning and Sustainable Development, University of Hawai'i System, Hawai'i Farm Bureau, and one individual. Your Committee received testimony in opposition to this measure from Hawaii's Thousand Friends. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii Farmers Union United.

Your Committee finds that there has not been a comprehensive soil study or agricultural soil mapping for fifty years. The first and only statewide soil mapping, classification, and characterization study, conducted by the Land Study Bureau of the University of Hawaii from 1965 to 1972, remains the master reference for the regulation of lands in the agricultural district by the State and counties and was based on activities such as plantation sugar cane and pineapple production. Your Committee further finds that factors other than soil quality, such as rainfall, wind strength, temperature, humidity, and availability of irrigation, are also important determinants of the suitability of particular types of agriculture on certain lands. The study proposed by this measure could examine factors other than soil that would also be important to consider in the regulation of agricultural lands.

Your Committee has amended this measure by:

- (1) Requiring the Office of Planning and Sustainable Development to conduct the study in cooperation with the Department of Agriculture and Land Use Commission; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2056, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2056, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1383-22 Agriculture on S.B. No. 2218**

The purpose of this measure is to:

- (1) Require the Department of Agriculture to establish a five-year food hub pilot program that provides for the awarding of grant funding to qualified applicants wishing to establish and expand food hubs in each of the counties;
- (2) Require the Department of Agriculture to submit to the Legislature interim progress reports on the food hub pilot program prior to the Regular Sessions of 2023, 2024, 2025, and 2026, and a final report on its findings, recommendations, and any proposed legislation prior to the Regular Session of 2027; and
- (3) Appropriate funds for the food hub pilot program and upgrades to the Honalo Marshalling Yard to be developed as a food hub.

Your Committee received testimony in support of this measure from the Office of Climate Change, Sustainability, and Resiliency of the City and County of Honolulu; Department of Research and Development of the County of Hawaii; North Shore Economic Vitality Partnership; Hawai'i 'Ulu Producers Cooperative; Hawai'i Primary Care Association; Kauai Women's Caucus; The Locavore Store; Hawaii Cattlemen's Council, Inc.; Ulupono Initiative; Land Use Research Foundation of Hawaii; Kānalani Ohana Farm; Hawaii Food Industry Association; The Friends of Makakilo; Hawaii Farmers Union United; Hawai'i SEED; Hawai'i Farm Bureau; Hawai'i Pacific Health; Kamehameha Schools; Hawai'i Alliance for Progressive Action; Hawaii Meats; Aloha Harvest; and numerous individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committee finds that food hubs are centrally located facilities with a business management structure that facilitates aggregation, storage, processing, distribution, and marketing of locally produced food products. Food hubs actively coordinate activities along the value chain, thereby providing small- to mid-sized producers with wider access to institutional and retail markets and increasing consumers' access to fresh healthy food. Your Committee further finds that the establishment of food hubs under a food hub pilot program will support efforts to strengthen the State's food security by facilitating the distribution and consumption of locally grown food.

Your Committee has amended this measure by:

- (1) Specifying that the food hub pilot program shall terminate on June 30, 2027; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2218, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2218, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1384-22 Agriculture on S.B. No. 2621**

The purpose of this measure is to appropriate funds to control the spread of bovine tuberculosis among livestock and feral ungulates on Molokai, including the associated expenses for staff, land acquisition, and equipment.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Agriculture.

According to the Department of Agriculture, bovine tuberculosis has been detected in livestock on Molokai after twenty-five years without detections. Your Committee finds that this measure provides resources necessary for the effective control of the disease, including on-island personnel to conduct surveillance testing and expanded outbreak response activities, as well as to perform monitoring and information gathering, and for land acquisition to construct an on-island facility to increase efficiency and safety in processing animals for testing.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2621, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1385-22 Agriculture on S.B. No. 2907**

The purpose of this measure is to require the Hawaii Invasive Species Council to amend its administrative rules to classify coffee leaf rust as an invasive species and expend any available funds for mitigation efforts, research, and prevention or control actions for coffee leaf rust.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, the Hawai'i Farm Bureau, Hawaii Coffee Association, and one individual. Your Committee received comments on this measure from the Department of Agriculture, Department of Land and Natural Resources, and University of Hawai'i System.

Your Committee finds that efforts to control coffee leaf rust are critical to sustaining the State's coffee industry. The long-term impact of a coffee leaf rust outbreak could cause a thirty percent to eighty percent loss of Hawaii's annual coffee yield if not properly treated. Classifying coffee leaf rust as an invasive species will allow the use of available funds for coffee leaf rust mitigation and prevention efforts.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2907, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1386-22 Agriculture on S.B. No. 2996**

The purpose of this measure is to appropriate funds for research, extension, and control of the little fire ant and other harmful ant species.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Coordinating Group on Alien Pest Species, Hawaii Pest Control Association, Daifukuji Soto Mission, Kualoa Ranch, Hawai'i Association of REALTORS, Hawai'i Farm Bureau, MacFarms of Hawaii LLC, and twelve individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that little fire ants, first discovered on the island of Hawaii in 1999 and now also found on the islands of Kauai, Lanai, Oahu, and Maui, pose a threat to human health, wildlife, agriculture, and tourism. If left unmanaged, populations of little fire ants at hotels, golf courses, and parks will pose threats to the State's residents and visitors and threaten farmers, who may harvest ant-infested crops and facilitate the spread of sapsucking plant pests that can decrease crop yields. Your Committee recognizes the world-renowned invasive species mitigation research of the Hawaii Ant Lab and the Lab's critical role in combatting the spread of little fire ants throughout the State. This measure will provide much-needed funds for the Hawaii Ant Lab to continue its research, extension, and control efforts for little fire ants and other harmful ant species.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2996, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1387-22 Agriculture on S.B. No. 3197**

The purpose of this measure is to establish and appropriate funds for the Farmer Apprentice Mentoring Program under the Department of Agriculture to support farmer mentors in training apprentices on methods for improving soil health by using the whole farm system approach.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii, Kauai Women's Caucus, The Locavore Store, Kanalani Ohana Farm, The Friends of Makakilo, Hawai'i SEED, Hawaii Farmers Union United, Hawai'i Farm Bureau, Hawai'i Alliance for Progressive Action, and numerous individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committee finds that the challenges facing new and aspiring farmers as they enter an ever-changing agriculture industry can be daunting. Through hands-on experience and mentorship, new and aspiring farmers stand to benefit from the skills, knowledge, and technical assistance of existing farmers and others in the agricultural industry. This measure provides one way for beginning farmers to receive training for up to one year on methods for improving soil health using a whole farm system approach.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3197, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3197, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1388-22 Agriculture on S.B. No. 3251**

The purpose of this measure is to require:

- (1) Hunters, including hunting guides, to obtain written permission from private landowners or other appropriate persons before hunting on private lands;
- (2) Hunting guides to file the written permission with the Department of Land and Natural Resources' Division of Forestry and Wildlife, as part of the hunting guide licensing process; and

(3) Hunters, including hunting guides, to carry a copy of the written permission with them when hunting on private lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau; Maui Chamber of Commerce; and one individual.

Your Committee finds that as the popularity of guided hunting tours has increased, some hunting guides have guided clients on hunts on private lands without the written permission of the private landowners. While existing law requires hunters and hunting guides to obtain permission to hunt on private land, requiring written permission from the landowner to be filed with the Department of Land and Natural Resources and carried on a hunting guide's person while guiding clients may make it easier to verify whether permission was obtained.

Your Committee has amended this measure by:

- (1) Deleting the requirement for all hunters other than hunting guides to carry a copy of the written permission with them when hunting on private lands; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3251, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.B. No. 3251, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1389-22 Labor & Tourism on S.B. No. 2075**

The purpose of this measure is to require the Hawaii Tourism Authority to include performance-based incentives in all of its professional services contracts.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce. Your Committee received comments on this measure from the Hawaii Tourism Authority.

Your Committee finds that the inclusion of performance-based incentives in the Hawaii Tourism Authority's professional services contracts is intended to maximize the efficacy and return on marketing efforts.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2075, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2075, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1390-22 Labor & Tourism on S.B. No. 2077**

The purpose of this measure is to:

- (1) Add the Director of Business, Economic Development, and Tourism as an ex officio voting member of the Hawaii Tourism Authority Board of Directors;
- (2) Add the Director of Transportation, Chairperson of the Board of Land and Natural Resources, Chairperson of the Board of Agriculture, and Executive Director of the State Foundation on Culture and the Arts as ex officio nonvoting members of the Hawaii Tourism Authority Board of Directors;
- (3) Clarify the authority and responsibility of the Hawaii Tourism Authority Board of Directors;
- (4) Rename the tourism marketing plan to the tourism branding plan; and
- (5) Repeal the Hawaii Tourism Authority Advisory Group.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Transportation; Hawaii Tourism Authority; and Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Land and Natural Resources and Hawaii State Foundation on Culture and the Arts.

Your Committee finds that designating the identified state representatives as ex officio members of the Hawaii Tourism Authority Board of Directors will assist the Authority in more fully integrating their areas of expertise into the Authority's policies. Your Committee further finds that this measure will better align the Hawaii Tourism Authority with a focus on destination management by acknowledging as part of the Authority's statutory responsibilities its role in facilitating the community-based destination management action plans.

Your Committee has amended this measure by:

- (1) Retaining existing references in the measure to "marketing" and deleting new references to "branding" or "brand";
- (2) Deleting the long-range strategic plan and island destination management action plans from the areas upon which the Hawaii Tourism Authority, through its President and Chief Executive Officer, is authorized to engage the services of qualified persons for implementation;
- (3) Deleting the provision authorizing the Hawaii Tourism Authority to develop programs to perpetuate the cultures of Hawaii and engage local communities to sustain and preserve the Native Hawaiian culture because the provision is redundant of existing statutory authority;
- (4) Clarifying the Hawaii Tourism Authority's role in facilitating the community-based destination management action plans developed in partnership with the counties; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2077, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2077, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1391-22 Labor & Tourism on S.B. No. 2298**

The purpose of this measure is to increase the penalty for employers who fail to pay the wages of their employees in accordance with chapter 387, Hawaii Revised Statutes, the wage and hour law, and chapter 388, Hawaii Revised Statutes, governing payment of wages and other compensation, to a class C felony.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts of the United States, Its Territories and Canada, AFL-CIO, CLC, Local 665; Hawaii State AFL-CIO; and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that state labor laws should vigorously protect workers from employers who fail to pay their employees. The State's most economically vulnerable workers are job insecure and deterring wage theft protects low-wage earners in particular. By increasing penalties, this measure holds employers who violate wage and hour laws or other compensation laws accountable.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2298, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2298, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1392-22 Labor & Tourism on S.B. No. 2457**

The purpose of this measure is to appropriate monies to the Department of Labor and Industrial Relations, Office of Community Services, for immigrant resource centers to assist immigrant and refugee populations throughout the State.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Department of Human Services, Office of Community Services, Hawai'i Coalition for Immigrant Rights, Hawai'i Friends of Civil Rights, Catholic Charities Hawai'i, Americans for Democratic Action, The Legal Clinic, and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Office of Community Services maintained immigrant resource centers in all four counties to provide support services for low-income immigrants for state fiscal years 2014 through 2017. The immigrant resource centers were funded by state funds at a level of \$700,000 per year. Currently, no funds have been appropriated for immigrant resource centers and the Office of Community Services does not operate any.

Your Committee recognizes that, on a per-capita basis, Hawaii has an extremely large immigrant population compared to other states. According to the 2020 Census, about two hundred seventy thousand Hawaii residents, who constitute about 18.5 percent of Hawaii's total population, are foreign-born.

Your Committee further finds that Hawaii's immigrants are more likely to have a lower income than native-born residents and less likely to have health insurance, but according to 2018 statistics, they generate approximately \$17,600,000,000 toward Hawaii's economy, paying \$1,550,000,000 in federal taxes and over \$874,000,000 in Hawaii state and county taxes. Hawaii's immigrants make up forty percent of the State's agricultural workers and thirty-three percent of the State's tourism, entertainment, and hospitality workers.

Your Committee also finds that when the immigrant resource centers were operating, service providers actively reached out to the immigrant communities and made immigrants aware of the services available to them at all levels of government and in the private sector. Your Committee believes these outreach efforts should continue with the revival of immigrant resource centers.

Your Committee has amended this measure by:

- (1) Requiring an outreach component for the immigrant resource centers; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to hear this measure, your Committee respectfully requests that it consider appropriating \$1,000,000 for the immigrant resource centers.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2457, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2457, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1393-22 Labor & Tourism on S.B. No. 2707**

The purpose of this measure is to:

- (1) Require the employer to initiate negotiations on repricing of classes within a bargaining unit within thirty days of the employer's receipt of the exclusive representative's written request to negotiate; and
- (2) Establish that the employer's failure to initiate the negotiation within this time frame, or the parties' failure to reach an agreement within ninety days of the exclusive representative's written request to negotiate or by January 31 of a year in which the collective bargaining agreement is due to expire, whichever is earlier, constitutes an impasse to which the impasse procedures shall apply.

Your Committee received testimony in support of this measure from the United Public Workers, AFSCME Local 646, AFL-CIO; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from the Department of Human Resources Development and City and County of Honolulu's Department of Human Resources. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that repricing is the reassignment of an existing class to another pay range without changes in duties. Repricing occurs when the class is not in proper alignment with other classes in the same bargaining unit. Your Committee further finds that a class of work is priced or assigned to a pay grade based on a careful and systematic analysis of factors such as knowledge, skills, complexity, supervision received, and contacts, with the goal of creating a pay structure and pay relationships that are equitable for all classes of work by evaluating jobs based on a consistent set of criteria. This measure provides mandatory timeframes within which repricing negotiations must be initiated and an agreement reached, the failure of which would cause impasse procedures to apply.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2707, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2707, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1394-22 Labor & Tourism on S.B. No. 3072**

The purpose of this measure is to identify certain types of alternative investment fund information, the disclosure of which would likely put the Hawaii Employer-Union Health Benefits Trust Fund at a competitive disadvantage, and exempt those categories of information from disclosure under chapter 92F, Hawaii Revised Statutes, consistent with market best practices.

Your Committee received testimony in support of this measure from the Board of Trustees of the Hawaii Employer-Union Health Benefits Trust Fund. Your Committee received testimony in opposition to this measure from Unite Here! Local 5 Hawaii and one individual. Your Committee received comments on this measure from the United States Securities and Exchange Commission's Division of Examinations and the Office of Information Practices.

Your Committee finds that this measure will enable the Hawaii Employer-Union Health Benefits Trust Fund to efficiently maintain the confidentiality of information relating to alternative investments such as investments in private equity, private credit, and private real estate funds, consistent with competitive investment market best practices. This measure provides the Hawaii Employer-Union Health Benefits Trust Fund with the same exemptions from disclosure that were provided for the Employees' Retirement System of the State of Hawaii by Act 71, Session Laws of Hawaii 2021, and codified at section 88-103.5(c) through (e), Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Clarifying that references to the "system" in section 88-103.5(c) and (e) shall be replaced with the "fund" for purposes of the fund's alternative investment; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3072, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3072, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 1395-22 Labor & Tourism on S.B. No. 3223**

The purpose of this measure is to impose a penalty on both the person and firm upon finding certain violations governing wages and hours of employees on public work projects.

Your Committee received testimony in support of this measure from the United Public Workers, AFSCME Local 646, AFL-CIO; and Hawaii Operating Engineers Local 3. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee finds that state law requires that laborers and mechanics performing on-site construction work for any public work project be paid no less than prevailing wages and keep certain hours, subject to conditions. This requirement and others apply to every contract in excess of \$2,000 for public work projects to which a governmental contracting agency is a party, with limited exceptions.

Your Committee further finds that violations of Chapter 104, Hawaii Revised Statutes, result in monetary penalties or suspension against the person or firm found to be in violation. A third violation can result in a suspension from any new work for three years. This measure imposes penalties on the person and firm, and in this manner, prohibits a contractor or other person from avoiding the suspension by simply forming another company.

Your Committee has amended this measure by:

- (1) Deleting the definition of "firm";
- (2) Amending the definition of "person" to include a sole proprietor and the responsible managing employee and holder of the construction license as provided under Chapter 444, Hawaii Revised Statutes; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3223, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3223, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1396-22 Labor & Tourism on S.B. No. 2819**

The purpose of this measure is to:

- (1) Provide automatic step increases in salaries for each year of satisfactory service completed by educational assistants, public school teachers, and principals and vice principals and to increase the amount of time available to teachers for collaboration, preparation, and planning;
- (2) Repeal sections 302A-624(c) and 302A-627(a), Hawaii Revised Statutes, relating to minimum times required for teachers to be elevated from one class to the next and salary ratings of entering or reentering teachers, respectively; and
- (3) Fund experimental modernization projects pursuant to section 78-3.5, Hawaii Revised Statutes, to address compensation equity issues and to make the necessary discretionary salary adjustments for experienced senior public school teachers and state public charter school teachers.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Executive Office on Early Learning, Hawaii Teacher

Standards Board, State Public Charter School Commission, Hawaii State Teachers Association, McKinley High School Special Education Department, Hawaii Association of School Psychologists, Rainbow Family 808, Democratic Party of Hawai'i Education Caucus, Hui for Excellence in Education, and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining, Department of Budget and Finance, and one individual. Your Committee received comments on this measure from the Department of Education; Employees' Retirement System of the State of Hawaii; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that the recruitment and retention of qualified teachers are essential to the success of Hawaii's public education system. The State continues to face a chronic teacher shortage, which undermines student learning and achievement. Your Committee further finds that research indicates competitive and equitable compensation correlates with greater success in recruiting and retaining qualified educators. Nonetheless, the salaries of experienced senior teachers in the State are aligned with less senior teachers in their placement within existing salary schedules. This measure seeks to address some of the existing salary inequities.

Your Committee has amended this measure by:

- (1) Deleting the teacher effectiveness support system program and related appropriation;
- (2) Deleting references to an experimental modernization project pursuant to section 78-3.5, Hawaii Revised Statutes;
- (3) Adding the Governor and the Board of Education to the entities involved in negotiating a memorandum of understanding to address compensation equity issues and make the necessary discretionary salary adjustments for public school teachers;
- (4) Amending its purpose section accordingly; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2819, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2819, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Holt). Noes, none. Excused, none.

#### **SCRep. 1397-22 Labor & Tourism on S.B. No. 2820**

The purpose of this measure is to appropriate funds for various teacher differentials to address labor shortages in the areas of special education, hard-to-staff geographic locations, and Hawaiian language immersion programs.

Your Committee received testimony in support of this measure from the Department of Education, University of Hawai'i System, Executive Office on Early Learning, State Public Charter School Commission, Hawaii Teacher Standards Board, Hawaii State Teachers Association, McKinley High School Special Education Department, Democratic Party of Hawai'i Education Caucus, Rainbow Family 808, Hawaii Association of School Psychologists, Hui for Excellence in Education, Early Childhood Action Strategy, and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining. Your Committee received comments on this measure from the Department of Budget and Finance; Employees' Retirement System of the State of Hawaii; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that, although the recruitment and retention of qualified teachers are essential to the success of Hawaii's public education system, the State continues to experience a chronic teacher shortage. This shortage is particularly acute in the areas of special education, hard-to-staff geographic locations, and Hawaiian language immersion. Your Committee believes that applying salary differentials for teachers in these areas will help to incentivize qualified teachers to fill these vacancies, thereby reducing associated labor shortages.

Your Committee has amended this measure by:

- (1) Incorporating the teacher effectiveness support system program from Senate Bill No. 2819, S.D. 2, H.D. 1 (2022), which includes automatic step increases in salaries for each year of satisfactory service completed by educational assistants, public school teachers, and principals and vice principals; increases the amount of time available to teachers for collaboration, preparation, and planning; and provides related funding; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2820, S.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2820, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Holt). Noes, none. Excused, none.

#### **SCRep. 1398-22 Labor & Tourism on S.B. No. 3209**

The purpose of this measure is to appropriate funds to the Department of Education for fiscal year 2022-2023 for twenty-one additional hours of professional development for teachers.

Your Committee received testimony in support of this measure from the Department of Education, University of Hawai'i System, Hawai'i Teacher Standards Board, State Public Charter School Commission, Hawaii State Teachers Association, McKinley High School Special Education Department, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that providing professional development for the State's teachers is a vital way to ensure that research-based educational practices are used in the classroom and students are given the best education possible. The negotiated agreement between the Board of Education and the Hawaii State Teachers Association that expired on June 30, 2021, allowed for twenty-one hours of job-embedded professional development. This measure supports a return of those professional development hours by appropriating funds specifically for that purpose.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3209, S.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3209, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1399-22 Consumer Protection & Commerce on S.B. No. 3221**

The purpose of this measure is to appropriate funds to support international sister-state relations.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that sister-state relationships are partnerships between governments that facilitate trade and investment opportunities in Hawaii. Your Committee recognizes the important role of sister-state relationships in raising Hawaii's profile internationally; attracting dynamic cooperative programs, such as mutual exchanges in business, culture, tourism, and education; and stimulating the economy. This measure provides funding to leverage existing relationships and activities that will continue to raise Hawaii's international role and forge mutually beneficial partnerships with other countries and cities.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3221, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1400-22 Consumer Protection & Commerce on S.B. No. 3201**

The purpose of this measure is to clarify the application of the general excise tax law with regard to gross income derived from unrelated trade or business activities of nonprofit organizations.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network; HT Hayashi Foundation; Hawai'i Alliance of Nonprofit Organizations; Hawaii Substance Abuse Coalition; Kona Dance & Performing Arts; Sanctuary of Mana Ke'a Gardens; Molokai Arts Center; Outrigger Duke Kahanamoku Foundation; Nā Hale O Maui; Big Brothers Big Sisters Hawaii; PHOCUSED; Hawai'i Pacific Health; Catholic Charities Hawai'i; Association of Fundraising Professionals Aloha Chapter; Hawai'i State Coalition Against Domestic Violence; Hawai'i Public Health Institute; Parents And Children Together; Hawaii Children's Action Network Speaks!; Hawaiian Humane Society; Lāna'i Kinā'ole, Inc.; New Start Discipleship; Hawai'i Forest Industry Association; and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, and Tax Foundation of Hawaii.

Your Committee finds that the State's taxation laws are inconsistent in their treatment of the income of nonprofit organizations. A tax-exempt organization's fundraising activities are exempt from federal and Hawaii income taxation, except for income from unrelated trade or business activity. However, income derived from activities whose primary purpose is to produce income, such as fundraising, is taxable under the state general excise tax law. Thus, for certain activities, the income derived from the activity is exempt from income tax but not exempt from the general excise tax. This disparate treatment places additional accounting burdens on nonprofit organizations in the State. This measure aligns the exemption for income of nonprofit organizations under the general excise tax law with the exemption under the income tax law, which will allow nonprofit organizations to streamline their accounting systems.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3201, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1401-22 Consumer Protection & Commerce on S.B. No. 3140**

The purpose of this measure is to:

- (1) Require the holder of a controlled substances registration to immediately and verbally report to the Administrator of the Narcotics Enforcement Division of the Department of Public Safety any suspected theft, embezzlement, fraud, or diversion of a controlled substance in the holder's inventory, and to subsequently submit a written report; and
- (2) Establish a misdemeanor penalty for a person who knowingly prevents another from reporting any suspected theft, embezzlement, fraud, or diversion, or who knowingly fails to provide required information to the Administrator.

Your Committee received testimony in support of this measure from the Department of Public Safety.

Your Committee finds that the mandatory reporting requirement in this measure is critical for the timely investigation of the theft, embezzlement, fraud, or diversion of controlled substances in a registrant's inventory. If incidences are not reported in a timely manner and investigated completely, then the suspects involved may illegally use or distribute the controlled substances that were stolen or diverted. This measure will therefore have a positive effect on investigations, monitoring and management of controlled substances, and controlled substance compliance controls.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3140, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3140, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1402-22 Consumer Protection & Commerce on S.B. No. 3141**

The purpose of this measure is to update the Uniform Controlled Substances Act to make it consistent with the federal Controlled Substances Act.

Your Committee received testimony in support of this measure from the Department of Public Safety.

Your Committee finds that Hawaii's Uniform Controlled Substances Act provides that if a substance is added, deleted, or rescheduled by an emergency scheduling action taken by the Department of Public Safety or under federal law, then the Department of Public Safety must recommend to the Legislature to

make the corresponding changes in Hawaii law. In 2021, the Department of Public Safety temporarily designated many new controlled substances pursuant to this law, which are listed in this measure. Your Committee further finds that this measure amends the Uniform Controlled Substances Act to mirror recent changes to the federal Controlled Substances Act, thereby eliminating differences between federal and state law and avoiding nullification of the controlled substances that were temporarily designated in 2021.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3141, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3141, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1403-22 Consumer Protection & Commerce on S.B. No. 206**

The purpose of this measure is to prohibit discrimination in rental transactions, including advertisements for rental property, that are based on participation in a Section 8 Housing Choice Voucher Program or any permanent supportive housing program, or requirements related to participation in these housing assistance programs.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, Stonewall Caucus of the Democratic Party of Hawaii, Ko'olaupoko Hawaiian Civic Club, American Civil Liberties Union of Hawai'i, AF3IRM Hawai'i, Elizabeth Kahanu Hawaiian Civic Club, and six individuals. Your Committee received testimony in opposition to this measure from the Department of Human Services, Hawai'i Association of REALTORS, and one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Hawaii State Council on Developmental Disabilities, Hawai'i Civil Rights Commission, Department of Housing and Human Concerns of the County of Maui, Hawai'i State Coalition Against Domestic Violence, Community Alliance Partners, Catholic Charities Hawai'i, Partners In Care, Community Alliance Partners, Hawaii Children's Action Network Speaks!, and two individuals.

Your Committee finds that housing assistance programs like the federal Section 8 Housing Choice Voucher Program are an essential means of alleviating high rental costs for struggling families. However, the Section 8 program relies on private landlords' willingness to rent to participating individuals. In an expensive and limited housing market such as Hawaii, prohibiting discrimination based on source of income will allow supportive housing vouchers or other housing assistance programs to be implemented as intended.

Your Committee further finds that data from other communities show that utilization of housing assistance vouchers increases when there are laws to prevent discrimination against renters with housing vouchers. Your Committee notes that these source of income laws do not alter or restrict standard industry practices to vet prospective renters. Rather, these laws prohibit landlords from rejecting prospective renters who receive Section 8 vouchers or other housing assistance simply because of the voucher or assistance. Low-income individuals and families need additional consumer protections from discriminatory practices to maintain housing stability, which this measure seeks to address.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 206, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1404-22 Consumer Protection & Commerce on S.B. No. 2479**

The purpose of this measure is to require each public housing project, dwelling unit, or state low-income housing project that is built, renovated, or reconstructed after January 1, 2023, to include all broadband infrastructure that is necessary for tenants to have access to broadband service.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii State Council on Developmental Disabilities; Hawaii Public Housing Authority; Common Cause Hawaii; AARP Hawai'i; and Hawaiian Telcom.

Your Committee finds that the COVID-19 pandemic has magnified the need for broadband access for all residents in the State. Broadband access has become a necessity for efficient access to basic amenities including health care, education, public safety, commerce, and government services. Access to broadband is also necessary for work and in daily interactions with others. Your Committee further finds that the need for broadband access is especially evident for residents in public housing units where there are limited broadband options. This measure therefore enables multiple broadband providers to offer low-cost options to these residents.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2479, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2479, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1405-22 Consumer Protection & Commerce on S.B. No. 2504**

The purpose of this measure is to:

- (1) Establish the Housing Choice Voucher Landlord Incentive Program to provide incentives for landlords to participate in the Tenant-Based Assistance Housing Choice Voucher Program under Section 8 of the United States Housing Act of 1937 and appropriate funds for these incentives;
- (2) Require the Hawaii Public Housing Authority to adopt or amend rules that require inspections of leased dwelling units under the Section 8 Housing Choice Voucher Program within fifteen days after receipt of an owner's or landlord's inspection request; and

- (3) Establish and appropriate funds for positions within the Hawaii Public Housing Authority for inspections and other aspects related to dwelling units that are the subject of applications for the Section 8 Housing Choice Voucher Program.

Your Committee received testimony in support of this measure from the Hawaii State Council on Developmental Disabilities, Catholic Charities Hawai'i, Partners In Care, and Hawai'i Association of REALTORS. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii Public Housing Authority.

Your Committee finds that low-income individuals and families experience great difficulty in finding affordable rentals due to the lack of affordable rental housing units in Hawaii. Your Committee also finds that reimbursement incentives and protections against excessive property damage helps increase the inventory of affordable housing in the State by encouraging more landlords to participate in rental housing voucher programs. Your Committee further finds that a more extensive approach to incentivizing participation in rental housing voucher programs is necessary to effectively address the lack of affordable housing inventory in the State. Incentives that encourage increased landlord participation in and acceptance of the Section 8 Housing Choice Voucher Program will reduce upfront barriers that prohibit low-income individuals and families from accessing rental housing.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2504, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Onishi). Noes, none. Excused, none.

#### **SCRep. 1406-22 Consumer Protection & Commerce on S.B. No. 2284**

The purpose of this measure is to:

- (1) Establish provisions relating to the Department of Agriculture's governing of the business of aquaculture;
- (2) Grant exclusive property rights to persons who lawfully obtain the cultured progeny of wild plants and animals by brood stock acquisition;
- (3) Authorize the Department of Agriculture to regulate the transportation, purchase, possession, and sale of specific aquaculture products as necessary to protect indigenous species;
- (4) Require the Department of Agriculture to prepare programmatic environmental impact reports; and
- (5) Appropriate funds to carry out the purposes of this measure.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau and Hawai'i Aquaculture & Aquaponics Association. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Agriculture, Department of Budget and Finance.

Your Committee finds that diversification of the State's economy is necessary to lessen economic dependence on tourism. The Department of Agriculture indicates that there is tremendous growth potential for the aquaculture industry due to the fact that seafood demand outpaces supply, with world fishery resources quickly being depleted. This measure promotes the State's economic development by enabling the Department to have regulatory authority for aquaculture and provides a pro-development framework that minimizes negative effects on the environment through monitoring and reporting using a science-based approach.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2284, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1407-22 Consumer Protection & Commerce on S.B. No. 2387**

The purpose of this measure is to require agencies to publicly post the justification for cancelling an invitation for bids or request for proposals for a minimum of ten business days on a purchasing agency's website or provider's website or by any other method the procurement officer deems effective for publicizing the cancellation notice.

Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that procurement is a critical function in government. One of the guiding principles of the Hawaii Public Procurement Code is transparency, which ensures openness in the procurement process so all stakeholders have access to information about procurement activities. Your Committee further finds that transparency should not be limited to the awarding of contracts. This measure requires agencies to publicly post the justification for cancelling invitations for bids or requests for proposals, which will promote consistency, transparency, and efficiency in the state procurement process.

Your Committee has amended this measure by:

- (1) Specifying that the justifications for cancellation may be posted on a government electronic notification system, rather than on a provider's website; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2387, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2387, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1408-22 Consumer Protection & Commerce on S.B. No. 2823**

The purpose of this measure is to establish and appropriate funds for a Nationally Certified School Psychologist Incentive Program within the Department of Education.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association; Hui for Excellence in Education; Hawai'i Association of School Psychologists; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Psychological Association; and eleven individuals. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Education.

Your Committee finds that school psychologists are integral to meeting students' mental, emotional, and social needs and helping students succeed in the

school environment. The National Association of School Psychologists recommends a ratio of one school psychologist to every five hundred students; however, many school psychologists in the State have a ratio of more than fifteen hundred students.

Your Committee further finds that the establishment of a Nationally Certified School Psychologist Incentive Program will help the State address the critical shortage of accredited school psychologists in public schools and provide students with access to professionals who engage in high quality, evidence-based practices.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2823, S.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2823, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1409-22 Consumer Protection & Commerce on S.B. No. 3311**

The purpose of this measure is to:

- (1) Establish long-term goals for zero emissions transportation in Hawaii and abroad to reduce and eliminate transportation emissions;
- (2) Establish an Interisland Transportation Working Group to develop plans and recommendations for achieving zero emissions interisland transportation; and
- (3) Require the Department of Transportation and Hawaii State Energy Office to prepare for and incentivize the increased adoption of electric vehicles in the State.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawaii Climate Change Mitigation and Adaptation Commission, Ulupono Initiative, Alliance for Automotive Innovation, Big Island Electric Vehicle Association, Hawaiian Airlines, Hawaii Electric Vehicle Association, Hawaii Automobile Dealers' Association, and seven individuals. Your Committee received comments on this measure from the Department of Transportation, Pacific Biodiesel Technologies, Airlines for America, and Hawaiian Electric Company.

Your Committee finds that the transportation sector is the nation's largest source of greenhouse gas emissions and accounts for the largest share of energy sector emissions in Hawaii. Moving public transportation to zero emission technology will have several positive effects, including a reduction greenhouse gas emissions, expansion of the nation's renewable fuels sector, and reduction of the country's reliance on imported oil. Your Committee further finds that a coordinated effort is needed amongst a wide range of stakeholders to continue meaningful progress on clean transportation in Hawaii. This measure promotes the reduction of greenhouse gas emissions for various modes of transportation in the State and supports efforts to increase the adoption of electric vehicles.

Your Committee notes that the airlines industry accounts for a significant portion of the transportation sector in the State. Your Committee recognizes the importance of the airlines industry in the State and believes that representatives of the airlines industry should be invited to participate in the Interisland Transportation Working Group, as part of the invited relevant stakeholders.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3311, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1410-22 Consumer Protection & Commerce on S.B. No. 2274**

The purpose of this measure is to:

- (1) Require all nurses to respond to the Center for Nursing Workforce Supply Survey in conjunction with each license renewal, but does not penalize for failure to do so; and
- (2) Increase the additional Center for Nursing fee from \$40 per licensing biennium to \$60 per licensing biennium.

Your Committee received testimony in support of this measure from the Nancy Atmospera-Walch School of Nursing at the University of Hawai'i at Mānoa, Hawai'i State Center for Nursing, Hawai'i – American Nurses Association, The Queen's Health Systems, and four individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Board of Nursing and Hawaii Association of Nurse Anesthetists.

Your Committee finds that the Center for Nursing's Workforce Supply Survey is the largest and most comprehensive compilation of nursing voices in the State. However, challenges to securing adequate responses to this survey have severely limited the Center's ability to continue to inform policy makers, health care leaders, and others on the availability and characteristics of the nursing workforce in the State. Requiring responses to this survey will improve the Center's ability to aggregate nursing workforce data and provide more accurate information on these issues.

Your Committee further finds that the Center for Nursing is funded through a biennial \$40 fee assessed per individual nurse licensee. The fee has not been adjusted since the Center was established in 2003, and a modest increase is now needed to help the Center sustain the staffing needed to maintain its programs and meet its mandates.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2274, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1411-22 Consumer Protection & Commerce on S.B. No. 2280**

The purpose of this measure is to permit dental assistants to perform limited, essential duties under the general supervision of a licensed dentist in public health settings.

Your Committee received testimony in support of this measure from the Department of Health, Board of Dentistry, Hawai'i Oral Health Coalition, AlohaCare, Hawaii Dental Hygienists' Association, Hawaii Dental Association, and one individual.

Your Committee finds that the State has been making great strides in addressing disparities in oral health care through community-based care delivered in

public settings, such as school-based dental sealant programs and virtual dental home initiatives or teledentistry. However, many Hawaii residents, especially those on the neighbor islands and rural areas of Oahu, continue to face challenges because of the limits placed on oral health providers in public health settings.

Your Committee further finds that existing law prohibits dental assistants from providing auxiliary support except under the direct supervision of a dentist, which hinders the sustainability and viability of dental care programs in public health settings. This measure increases the overall capacity and number of dentists permitted to provide dental services via the community-based oral health models that require general supervision, which will help meet the oral health needs of the State's communities and improve access to dental care for Hawaii residents.

Your Committee has amended this measure by:

- (1) Clarifying that the supervising dentist must be licensed in the State; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2280, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2280, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1412-22 Consumer Protection & Commerce on S.B. No. 2482**

The purpose of this measure is to establish the temporary Office of Wellness and Resilience as a semi-autonomous entity within the Office of the Governor to support and implement the statewide framework developed by the Trauma-Informed Care Task Force.

Your Committee received testimony in support of this measure from the Department of Health, Department of Human Services, Executive Office on Early Learning, Early Learning Board, HawaiiKidsCAN, Kamehameha Schools, Hawai'i Community Foundation, Parents And Children Together, Hawaii Children's Action Network Speaks!, National Association of Social Workers Hawai'i Chapter, Early Childhood Action Strategy, and eight individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that early adverse childhood experiences are traumatic experiences that occur during childhood and include physical, emotional, or sexual abuse; chronic neglect; caregiver and household substance abuse; incarceration of a household member; domestic violence; and burdens of economic hardship. Adverse childhood experiences shape the physical architecture of a child's developing brain and can prevent the development of a sturdy foundation for learning, quality health, and positive behavior.

Your Committee further finds that a critical factor in buffering children from the effects of toxic stress and adverse childhood experiences is the existence of supportive, stable relationships between children, their families, caregivers, and other important adults in their lives. While there have been siloed efforts on behalf of state agencies and departments to train the family-serving workforce in trauma-informed care, the Office of Wellness and Resilience established by this measure ensures that the individual reform efforts taken by various agencies to address trauma-informed care will be coordinated and integrated into a statewide framework for trauma-informed care.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2482, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1413-22 Consumer Protection & Commerce on S.B. No. 2635**

The purpose of this measure is to require health insurers, mutual benefit societies, and health maintenance organizations to cover mandated services for mammography at least as favorably as coverage for other radiological exams.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawai'i Women Lawyers, and Hawaii Medical Association. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that breast cancer is the most common cancer in American women, except for skin cancers. At this time, a mammogram is the best way to find breast cancer for most women of screening age; however, several studies have shown that women will delay screenings because of high out-of-pocket expenses. Delays in breast cancer diagnosis and treatment can have adverse health outcomes. This measure eliminates a cost impediment to obtain a mammogram by requiring health insurers, mutual benefit societies, and health maintenance organizations to cover a base level of coverage for breast cancer screening, which will help efforts to reduce cancer morbidity and mortality through screening and early detection.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2635, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1414-22 Consumer Protection & Commerce on S.B. No. 2678**

The purpose of this measure is to appropriate funds to the Hawaii State Health Insurance Assistance Program to expand the program by contracting with third-party service providers and staffing consultants and recruiting more volunteers.

Your Committee received testimony in support of this measure from the Executive Office on Aging, AARP Hawai'i, Hawai'i Family Caregiver Coalition, Catholic Charities Hawai'i, and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the federal Medicare program is essential to ensuring health care coverage for older adults and persons having disabilities in the State; however, the rules and procedures of Medicare are complex and difficult to navigate. Your Committee further finds that the Hawaii State Health Insurance Assistance Program, administered by the Department of Health Executive Office on Aging, is staffed by only two full-time federally-funded employees who train a team of over eighty dedicated volunteers to provide specialized assistance to the public free of charge. This assistance includes helping Medicare-eligible individuals and their families and caregivers, and soon-to-be retirees, through objective outreach, counseling, and training make informed health insurance decisions that optimize access to care and benefits. Your Committee also finds that appropriating funds to the Hawaii State Health Insurance Assistance Program will provide stability for and continuity of the program and expand access to important Medicare-related services statewide.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2678, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1415-22 Consumer Protection & Commerce on S.B. No. 2290**

The purpose of this measure is to:

- (1) Beginning July 1, 2022, ban the manufacture of personal care products in the State, except non-prescription drugs, that contain plastic microbeads;
- (2) Beginning July 1, 2023, ban the sale or offer for sale of personal care products in the State, except non-prescription drugs, that contain plastic microbeads;
- (3) Beginning July 1, 2023, ban the manufacture of non-prescription drug products in the State that contain plastic microbeads;
- (4) Beginning July 1, 2024, ban the sale or offer for sale of non-prescription drugs in the State that contain plastic microbeads; and
- (5) Provide exemptions for rinse-off cosmetics.

Your Committee received testimony in support of this measure from the Department of Health, Rotary Club Hanalei Bay, Surfrider Foundation, Hawai'i Reef and Ocean Coalition, Center for Biological Diversity, Beach Environmental Awareness Campaign Hawai'i, and six individuals. Your Committee received testimony in opposition to this measure from Retail Merchants of Hawaii.

Your Committee finds that plastic microbeads are not filtered out or removed by wastewater treatment facilities and therefore contribute to the increasing flow of plastic into the environment, posing threats to the world's oceans and aquatic life. Additionally, your Committee finds that plastic microbeads are contained in many personal care products and enter the oceans by the billions when they are rinsed off. This measure takes steps to arrest the harmful effects of microbeads on health and the environment by phasing in a ban on the manufacture and sale of leave-on personal care products and non-prescription drug products in the State that contain plastic microbeads.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2290, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2290, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Har, Kong, Morikawa, Matsumoto). Noes, none. Excused, none.

#### **SCRep. 1416-22 Consumer Protection & Commerce on S.B. No. 2478**

The purpose of this measure is to reinstate the renewable fuels production tax credit, with certain modifications.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawai'i Farm Bureau, Hawai'i Gas, Par Hawaii, Hawaii Clean Power Alliance, and numerous individuals. Your Committee received testimony in opposition to this measure from the Civil Beat Law Center for the Public Interest, 350Hawaii.org, Pet Food Institute, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, Tax Foundation of Hawaii, and Climate Protectors Hawai'i.

Your Committee finds that renewable fuels provide lower-cost alternative fuels for residential, commercial, and industrial customers. Act 202, Session Laws of Hawaii 2016, established a renewable fuels production tax credit to achieve greater energy security for the State and promote the production of locally grown feedstock; however, the tax credit expired on December 31, 2021. Your Committee recognizes the continuing importance of producing fuel from renewable feedstocks and therefore finds that reinstating the renewable fuels production tax credit will again provide a financial incentive for the production of renewable fuels while also supporting Hawaii's agricultural industry.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2478, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1417-22 Consumer Protection & Commerce on S.B. No. 2511**

The purpose of this measure is to:

- (1) Expand the renewable energy technologies income tax credit to include firm renewable energy systems, with the credit capped at the lesser of a percentage of the actual cost or \$750,000 per system; and
- (2) Make the renewable energy technologies income tax credit unavailable for renewable energy technology systems installed and placed in service after December 31, 2045.

Your Committee received testimony in support of this measure from Hawaiian Electric Company, Par Hawaii, Hawaii Clean Power Alliance, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Taxation, 350Hawaii.org, Our Revolution Hawaii, Recycle Hawaii and Clean the Pacific, and eight individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Hawaii State Energy Office, Hawaii Forest Stewards, Tax Foundation of Hawaii, Sustainable Energy Hawai'i, Climate Protectors Hawai'i, and two individuals.

Your Committee finds that the development of utility-scale renewable energy is critical to meeting the State's clean energy and carbon reduction goals. Since the development of firm renewable energy systems requires ample time and a significant outlay of investment and resources, a financial incentive would support the development of more firm renewable energy generation based on local resources and improve the State's energy diversity, reliability, and stability.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2511, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 1418-22 Consumer Protection & Commerce on S.B. No. 2570**

The purpose of this measure is to:

- (1) Establish the Zero-Emission Vehicle Fueling System Rebate Program;
- (2) Establish the rebate amount for the installation or upgrade of a hydrogen fueling system;
- (3) Establish a hydrogen fueling system subaccount within the Public Utilities Commission Special Fund; and
- (4) Reduce the allocation that the Energy Systems Development Special Fund receives from the Environmental Response, Energy, And Food Security Tax from 8 cents to 5 cents and allocates the difference to the hydrogen fueling system subaccount.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii State Energy Office, Hawai'i Energy, Ulupono Initiative, Alliance for Automotive Innovation, Servco, Hawai'i Gas, and one individual. Your Committee received testimony in opposition to this measure from KauaiEV and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Public Utilities Commission, Hawai'i Natural Energy Institute, Hawaii Electric Vehicle Association, and one individual.

Your Committee finds that zero-emission vehicles play an integral role in Hawaii's clean energy future. With the continued adoption of electric vehicles and the development of additional types of zero-emission vehicles such as hydrogen-fueled vehicles, establishing a rebate program for hydrogen fueling systems that parallels the Electric Vehicle Charging System Rebate Program will provide additional clean energy infrastructure and clean mobility solutions for Hawaii residents and visitors.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2570, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 1419-22 Consumer Protection & Commerce on S.B. No. 2998**

The purpose of this measure is to require the Department of Health to develop a risk-based selection process to select reports submitted by certain distributors and redemption centers for audit.

Your Committee received testimony in support of this measure from the Department of Health and American Beverage Association.

Your Committee finds that the Office of the Auditor conducts a financial and program audit of the Department of Health's Deposit Beverage Container Program every other year. These audits have demonstrated the program's failure to develop and execute procedures to verify the accuracy and completeness of data used to support claims of the deposit and container fees paid to the program by the distributors, as well as deposits and handling fees paid to the redemption centers. This measure will improve the transparency and accountability of the Deposit Beverage Container Program and help correct program deficiencies.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2998, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 1420-22 Consumer Protection & Commerce on S.B. No. 3325**

The purpose of this measure is to:

- (1) Establish the Hawaii Carbon Smart Land Management Assistance Pilot Program to incentivize carbon sequestration activities through incentive contracts that provide compensation for eligible practices;
- (2) Repeal the Carbon Offset Program; and
- (3) Appropriate funds for positions and administration of the Program.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Planning and Sustainable Development, one member of the Hawai'i County Council, Hawai'i Farm Bureau, 350Hawaii.org, Hawai'i Alliance for Progressive Action, The Nature Conservancy - Hawai'i and Palmyra, Hawai'i Gas, Climate Protectors Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, and three individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Agriculture.

Your Committee finds that the State can reduce its contribution to climate change by increasing local food production, improving soil health, securing resilient water sources, and sequestering greenhouse gases through regenerative agriculture and forest preservation. This measure would allow small farmers, ranchers, foresters, landowners, and lessees to be compensated for engaging in practices that increase soil health, reduce carbon emissions, and promote carbon sequestration and storage, thereby contributing to state climate change mitigation efforts.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3325, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 1421-22 Consumer Protection & Commerce on S.B. No. 3025**

The purpose of this measure is to establish a program for the licensure, regulation, and oversight of digital currency companies in the State.

Your Committee received testimony in support of this measure from the Hawai'i Technology Development Corporation; POW! WOW! Hawaii; FOMO MOFO; Purple Mai'a Foundation; Central Pacific Bank; Blockchain Solutions Hawai'i; Cloud Nalu, LLC; Hawaii Theatre Center; and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Grassroot Institute of Hawaii.

Your Committee finds that the Division of Financial Institutions of the Department of Commerce and Consumer Affairs and the Hawaii Technology Development Corporation (HTDC) are conducting a two-year pilot program, the Digital Currency Innovation Lab (Innovation Lab), to study digital currency transactions. According to testimony received by HTDC, the Innovation Lab consists of fifteen digital currency companies that totaled over 61,000 Hawaii

resident participants who have collectively transacted hundreds of millions of dollars each calendar quarter during the pilot program. The Innovation Lab has only received ten complaints from participants thus far and is scheduled to expire on June 30, 2022.

Through research conducted through the Innovation Lab, the Division of Financial Institutions learned that the existing regulatory scheme of the money transmitter laws do not comport with the activities conducted by digital currency companies. This measure applies information gained from the Innovation Lab to establish a new licensing framework for the digital currency companies in the State and would allow any company participating in the Innovation Lab on June 30, 2022, to continue operations if a complete licensure application is submitted to the Division of Financial Institutions by March 1, 2023.

Your Committee has amended this measure by:

- (1) Inserting a definition for "control person";
- (2) Substantially clarifying the requirements and parameters of the anti-money laundering program so that the anti-money laundering program is in compliance with the federal Anti-Money Laundering Act of 2020 and any future regulations that may be promulgated by the United States Department of the Treasury's Financial Crimes Enforcement Network;
- (3) Substantially clarifying the requirements of the mandatory cybersecurity program to incorporate cybersecurity related principles from the Federal Financial Institutions Examination Council, and National Institute of Standards and Technology Cybersecurity Framework, among others; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3025, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3025, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Har, Kong). Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1422-22 Consumer Protection & Commerce on S.B. No. 2695**

The purpose of this measure is to establish a Blockchain and Cryptocurrency Task Force.

Your Committee received testimony in support of this measure from Cloud Nalu, LLC; and five individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Grassroot Institute of Hawaii.

Your Committee finds that, despite the emerging growth and popularity of digital currency, there is little regulation of the industry. As there is vast potential for both the use and regulation of blockchain technology and cryptocurrency, it is in the interests of the State and its consumers to determine whether or how to regulate and provide oversight to the cryptocurrency industry. This measure establishes a Blockchain and Cryptocurrency Task Force, which will assist the State in creating a master plan to explore the use of blockchain and cryptocurrency in Hawaii.

Your Committee has amended this measure by:

- (1) Amending the membership of the Blockchain and Cryptocurrency Task Force by:
  - (A) Reducing the number of members from the Legislature from three state senators and three state representatives to one state senator and one state representative, who shall serve as the co-chairpersons of the Task Force;
  - (B) Deleting the language that restricted the political party of the members from the Legislature;
  - (C) Specifically adding the Commissioner of Financial Institutions, or the Commissioner's designee, as a member of the Task Force;
  - (D) Clarifying that the professor from the University of Hawaii is to be appointed by the President of the University of Hawaii, rather than the Governor; and
  - (E) Adding a representative of the blockchain or cryptocurrency security community and a representative of the blockchain or cryptocurrency legal community, who shall each be appointed by the Governor;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the Department of Commerce and Consumer Affairs raised concerns in its testimony before your Committee that the Department lacks the available funding to reimburse task force members for any travel expenses. Your Committee respectfully requests that your Committee on Finance, should it deliberate on this measure, give consideration to these funding concerns raised by the Department.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2695, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2695, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1423-22 Consumer Protection & Commerce on S.B. No. 2076**

The purpose of this measure is to:

- (1) Establish the Hawaii Broadband Infrastructure Authority;
- (2) Clarify the Hawaii Broadband and Digital Equity Office's role relating to broadband access and digital equity, including repealing the responsibility of the Office to promote the landing of trans-Pacific submarine cable; and
- (3) Appropriate federal and state funds.

Your Committee received testimony in support of this measure from the Department of Health; Hawaii Community College; Hawaii State Council on Developmental Disabilities; Office of the Enterprise Technology Services; Disability and Communication Access Board; State Council on Mental Health; Common Cause Hawaii; Maui Chamber of Commerce; Auamo Collaborative; Quad D Solutions; Crystal Clear Communications; HawaiiKidsCAN; Purple Mai 'a; Skog Rasmussen LLC; Banyan Networks; O 'ahu County Democrats Digital Equity Committee; AlohaCare; Solutions Pacific; 'A 'ali 'i Alliance; Economic Development Alliance of Hawaii, Inc.; 3Red8, Inc.; and four individuals. Your Committee received testimony in opposition to this measure from CTIA. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of

Commerce and Consumer Affairs; Department of Budget and Finance; Department of Transportation; University of Hawai'i System; Charter Communications; Hawaiian Telcom; Crown Castle; and one individual.

Your Committee finds that the coronavirus disease 2019 pandemic brought to light the need for broadband infrastructure and digital equity throughout the State. Your Committee also finds that the federal government has identified having robust broadband infrastructure as a priority and has dedicated funding for digital equity programs across the country. This measure would plan for the ideal use of expected federal funding, thereby allowing the State to better provide broadband services to all its residents.

Your Committee further finds that it is important for Hawaii to address broadband access, affordability, and adoption, and build resilient broadband infrastructure for the State. This measure also clarifies the role of the Hawaii Broadband and Digital Equity office so the Office can continue to provide the focus, coordination, and facilitation of programs for Hawaii residents to connect to the digital tools needed to be successful in today's modern society.

Your Committee has amended this measure by:

- (1) Clarifying that the Hawaii Broadband Infrastructure Authority may coordinate and oversee the development of advanced communications technology infrastructure;
- (2) Clarifying that the Authority shall indemnify members of the Hawaii Broadband Infrastructure Authority Board from any personal liability resulting from their role as a member of the Board;
- (3) Specifying that members of the Authority shall file an annual conflict of interest disclosure form with the Executive Director of the Authority; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2076, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2076, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1424-22 Consumer Protection & Commerce on S.B. No. 2385**

The purpose of this measure is to authorize a purchasing agency to submit a request for alternative procurement approval from the Chief Procurement Officer or Chief Procurement Officer's designee if fewer than three qualified persons respond to a solicitation.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, University of Hawai'i System, Department of Budget and Fiscal Services of the City and County of Honolulu, and Department of Finance of the County of Kaua'i. Your Committee received testimony in opposition to this measure from the American Institute of Architects Hawaii State Council; Community Planning and Engineering, Inc.; Shigemura, Lau, Sakanashi, Higuchi and Associates, Inc.; The Limtiaco Consulting Group; Ronald N.S. Ho and Associates, Inc.; CONSOR Engineers, LCC; Yogi Kwong Engineers, LLC; Gray, Hong, Nojima and Associates, Inc.; American Council of Engineering Companies of Hawaii; Hart Crowser; Mason Architects, Inc.; and three individuals. Your Committee received comments on this measure from the Department of Transportation and State Procurement Office.

Your Committee finds that the administrative rules adopted by the Procurement Policy Board previously provided for an alternative in situations when less than three qualified persons responds to a professional services notice. However, this alternative was repealed in 2016 as a result of a Hawaii Supreme Court decision. As a result, agencies must broaden or reduce the scope of work in the notices and repeatedly resolicit until more responses are received. This measure provides state agencies with more timely alternatives to complete procurement of professional services when there are fewer than three qualified submissions.

Your Committee has amended this measure by:

- (1) Authorizing agencies to seek an exemption from the procurement process, rather than a request for an alternate procurement approval process; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2385, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2385, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Har, Onishi). Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1425-22 Consumer Protection & Commerce on S.B. No. 3040**

The purpose of this measure is to:

- (1) Create a State Procurement Automation System Special Fund;
- (2) Authorize the Administrator of the State Procurement Office to develop and administer procurement automation systems and charge and collect a transaction fee from all vendors using the procurement automation systems;
- (3) Delete language regarding qualified community rehabilitation programs made redundant by Act 55, Session Laws of Hawaii 2021; and
- (4) Establish five full-time equivalent positions in the State Procurement Office.

Your Committee received testimony in support of this measure from the Highways Division of the Department of Transportation, State Procurement Office, and Hawaii State Council on Developmental Disabilities. Your Committee received testimony in opposition to this measure from the Hawai'i Alliance of Nonprofit Organizations. Your Committee received comments on this measure from the Department of Budget and Finance and Tax Foundation of Hawaii.

Your Committee finds that the State Procurement Office has digitized its processes and conducted business online to improve its level of customer service and seeks to transition to an online procurement automation system as a self-funded model to stay on par with industry standards. Procurement automation systems are accounting-oriented, multi-module, data-based systems that integrate all procurement activities from solicitation to contract management. Your Committee further finds that establishing self-funded procurement automation systems in Hawaii will maximize the administrative efficiency and resources of the State Procurement Office by paying for the development, implementation, legacy transition, maintenance, system training, configuration, and management of these systems.

Your Committee also finds that funding for additional positions will greatly benefit the State Procurement Office and will aid in the management of procurement automation systems and allow the Office to address the need for additional oversight of complex procurement issues, as recommended by the Special Committee on State of Hawaii Procurement.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3040, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1426-22 Consumer Protection & Commerce on S.B. No. 3369**

The purpose of this measure is to:

- (1) Establish a working group to develop a plan for the phased in consolidation of procurement services and staff within executive branch agencies within a five-year timespan, excluding the Hawaii Health Systems Corporation, University of Hawaii, and Office of Hawaiian Affairs;
- (2) Require the working group to make recommendations for attracting high-quality procurement professionals to the State; and
- (3) Appropriate funds to the State Procurement Office to support the activities of the working group.

Your Committee received comments on this measure from the Department of Budget and Finance and State Procurement Office.

Your Committee finds that procurement activities throughout the State may not be compliant with applicable procurement laws and administrative rules. Your Committee further finds that few executive branch departments have procurement or purchasing specialists, which can lead to mistakes resulting in increased costs to the government. The working group established by this measure will increase the competency and expertise, efficiency, and transparency in the public procurement process by studying and developing a responsible plan for the phased in consolidation of certain executive branch procurement services and staff, taking into account the unique aspects of procurement for each department.

Your Committee notes that the Department of Education operates as its own procurement jurisdiction and has its own Procurement and Contracts Branch for goods and services, Facilities and Operations Branch for construction, and School Food Services for meal programs. Your Committee further notes that procurement for the Department of Education is highly specialized as each school as its own unique needs for its students and the Department is better suited in handling all aspects of procurement for the Department of Education.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language excluding the Department of Education from the requirements of this measure;
- (2) Clarifying that the single executive or chairperson of the executive board, as the case may be, of each principal executive branch, or their designees, shall be members of the working group;
- (3) Specifying that the reports to the Legislature include plans for the development and implementation of a multi-tiered certified training program and implementation of a procurement automation system; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3369, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3369, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1427-22 Consumer Protection & Commerce on S.B. No. 3372**

The purpose of this measure is to authorize, where it is determined that a solicitation or award of a contract is in violation of law, the government contract to be rescinded and awarded to the next lowest responsive, responsible bidder to whom the contract would have been awarded were it not for the violation of law.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that under existing law, when the Office of Administrative Hearings determines that a public works contract was improperly awarded, the Office's only remedy is to terminate the contract. Terminating the contract delays the procurement process, as a department must then re-issue the solicitation. This measure is intended to ensure a fair process and prevent further delays by expanding the remedial powers of the Office of Administrative Hearings in situations where an award of a contract is in violation of the law.

Your Committee has amended this measure by:

- (1) Clarifying that the ability of the Office of Administrative Hearings to terminate a contract applies only if the award, not the solicitation, is in violation of law;
- (2) Specifying the requirements for such a contract to be awarded, based on whether the solicitation was issued pursuant to the competitive sealed bidding process or competitive sealed proposal process; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3372, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3372, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1428-22 Consumer Protection & Commerce on S.B. No. 2644**

The purpose of this measure is to:

- (1) Extend until June 30, 2033, the limited exemption from licensing requirements for qualified electricians that was originally enacted by Act 65, Session

Laws of Hawaii 2013, and extended pursuant to Act 60, Session Laws of Hawaii 2018; and

- (2) Make permanent the requirement for the Board of Electricians and Plumbers to submit reports to the Legislature relating to high voltage electrical work.

Your Committee received testimony in support of this measure from the Hawaiian Electric Company, International Brotherhood of Electrical Workers Local Union 1260, and Land Use Research Foundation of Hawaii. Your Committee received testimony in opposition to this measure from the Board of Electricians and Plumbers, Contractors License Board, and International Brotherhood of Electrical Workers Local Union 1186.

Your Committee finds that the electrical infrastructure of the State is aging. The construction and maintenance of the State's electrical infrastructure require specialized high voltage workers. Your Committee notes that there continues to be debate about whether there is a shortage of electricians, splicers, and linemen in the State who are experienced and qualified to work with high voltage (six hundred volts or higher) and who can perform certain complex maintenance and repair work affecting an electric utility.

Your Committee also finds that high voltage electric utility workers are in high demand throughout the country and there may be times when it is necessary for an electric utility to contract and retain qualified personnel from other jurisdictions in the United States to perform high voltage work. To address this ongoing situation, this measure extends the limited exemption to the licensing requirements for certain individuals qualified to perform high voltage utility work. However, your Committee notes the concerns raised in testimony that this measure may be overly broad. Amendments to this measure are therefore necessary to limit the scope and applicability of the exemption.

Your Committee has amended this measure by:

- (1) Deleting substation work as a category of work for which high voltage electrical workers are eligible for the exemption;
- (2) Extending the sunset date for the exemption to June 30, 2028, rather than June 30, 2033; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2644, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2644, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Har, Kong). Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1429-22 Consumer Protection & Commerce on S.B. No. 3126**

The purpose of this measure is to:

- (1) Require the Director of Labor and Industrial Relations to appoint a Chief Boiler and Pressure Vessel Inspector;
- (2) Allow the Director of Labor and Industrial Relations to authorize qualified boiler inspectors who are in the exclusive employment of an owner-user inspection organization to perform safety inspections of pressure retaining items; and
- (3) Extend the time by which the Director of Labor and Industrial Relations is required to reimburse the general fund for the initial appropriation made to the Boiler and Elevator Revolving Fund.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawaiian Electric Company, and Par Hawaii.

Your Committee finds that under existing law, the operation and use of pressure retaining items are regulated by the Department of Labor and Industrial Relations and are required to be inspected in various circumstances. Your Committee further finds that the National Board of Boiler and Pressure Vessel Inspectors permits an owner-user inspection organization to establish and maintain an inspection program as long as the organization and inspection program complies with certain requirements. This measure aligns existing law with the practice of the National Board of Boiler and Pressure Vessel Inspectors to allow inspections of pressure retaining items by owner-user inspection organizations, which will augment the Department's ability to inspect and assure the safe operation and use of pressure retaining items in the State.

This measure also provides additional time for the Director of Labor and Industrial Relations to reimburse the general fund from the Boiler and Elevator Revolving Fund, thereby allowing more flexibility to fund boiler and elevator safety operations while maintaining a feasible repayment schedule.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3126, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3126, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1430-22 Consumer Protection & Commerce on S.B. No. 3128**

The purpose of this measure is to amend the definition of "adequate reserve fund" for calendar years 2023 through 2030 to exclude the benefit cost rate from June 2020 through August 2021.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Maui Chamber of Commerce, and Hawaii Food Industry Association. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Adequate Reserve Fund is a benchmark for solvency of the Unemployment Compensation Trust Fund that is calculated based on the highest benefit cost rate multiplied by the total wages for the last completed fiscal year ending June 30. Your Committee further finds that unless the calculation of the Adequate Reserve Fund is statutorily amended, it will include the unprecedented period of unemployment in Hawaii and rapid depletion of Unemployment Compensation Trust Fund funds caused by the coronavirus disease 2019 (COVID-19) pandemic.

This measure will allow contributory employers to replenish the Unemployment Compensation Trust Fund and help to reestablish the fund's integrity without facing the highest contribution schedules in future years as Hawaii's economy continues to recover from the COVID-19 pandemic.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3128, S.D. 2, as amended herein, and recommends that it be referred to your Committee on Finance in the

form attached hereto as S.B. No. 3128, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

**SCRep. 1431-22 Consumer Protection & Commerce on S.B. No. 3129**

The purpose of this measure is to appropriate funds to the Unemployment Compensation Trust Fund as a cash infusion for the fund.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Retail Merchants of Hawaii, and Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Budget and Finance and Parents And Children Together.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic created an unprecedented period of unemployment in Hawaii and rapid depletion of Unemployment Compensation Trust. An infusion of funds into the Unemployment Compensation Trust Fund is therefore needed to provide some relief to employers still recovering from the effects of the COVID-19 pandemic.

Your Committee has amended this measure changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3129, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3129, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

**SCRep. 1432-22 Consumer Protection & Commerce on S.B. No. 3142**

The purpose of this measure is to add reserve public safety law enforcement officers to the volunteer occupations covered by the workers' compensation law under certain conditions.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and Department of Public Safety.

Your Committee finds that the Department of Public Safety is poised to begin a volunteer enforcement program to recruit the Department's recent retirees and members of the public to assist the Department with its law enforcement responsibilities. Under this program, volunteer safety law enforcement officers will be trained to the same standard as its full-time officers. Your Committee notes that law enforcement work can be dangerous and there is the possibility that the volunteer public safety reserve officers recruited by the Department could be injured while volunteering. This measure will provide coverage for these volunteers for injuries under specified conditions when incurred in the line of duty.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3142, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3142, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

**SCRep. 1433-22 Consumer Protection & Commerce on S.B. No. 3289**

The purpose of this measure is to establish a state-facilitated payroll-deduction retirement savings plan for private sector employees in Hawaii who do not have access to employer-sponsored retirement plans.

Your Committee received testimony in support of this measure from Common Cause Hawaii; Hawaii Primary Care Association; Policy Advisory Board for Elder Affairs; Catholic Charities Hawaii 'i; AARP Hawaii 'i; Adult Foster HomeCare Association of Hawaii; Alliance of Residential Care Administrators; Hawaiian Community Assets; Hawaii Community Lending; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii 'i Public Health Institute; Maui Chamber of Commerce; National Conference on Public Employee Retirement Systems; and numerous individuals. Your Committee received testimony in opposition to this measure from the American Council of Life Insurers, National Association of Insurance and Financial Advisors Hawaii, and two individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Department of Budget and Finance, Department of Human Services, Executive Office on Aging, Tax Foundation of Hawaii, and Retail Merchants of Hawaii.

Your Committee finds that Hawaii's population is rapidly aging and, in comparison to the rest of the United States, the population aged eighty-five or older will grow rapidly through 2035. Although many in the State are fortunate to work and earn enough money to invest in long-term care insurance, or have an employer that invests in a retirement program, others do not have access to employer-sponsored retirement plans. This is of particular concern as Hawaii has one of the highest costs for nursing home care in the United States. This measure will ensure that Hawaii's workers who do not have an employer-sponsored retirement plan will be able to save enough to retire with financial security.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3289, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

**SCRep. 1434-22 Consumer Protection & Commerce on S.B. No. 2032**

The purpose of this measure is to protect the privacy and confidentiality of genetic data of consumers who use the products or services of direct-to-consumer genetic testing companies by requiring these companies to adhere to certain requirements pertaining to the collection, use, and disclosure of genetic data.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and Office of Hawaiian Affairs. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Coalition for Genetic Data Protection.

Your Committee finds that as the number of companies offering direct-to-consumer genetic tests grows, serious concerns about the privacy of consumers'

genetic information have arisen. Outside of state and federal health privacy laws, which generally do not apply to direct-to-consumer genetic testing companies, there is little oversight or regulation of what these companies may do with the genetic material collected. This measure ensures a consumer's genetic information privacy is protected by establishing certain express consent requirements pertaining to the collection, use, and disclosure of genetic data by direct-to-consumer genetic testing companies.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2032, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1435-22 Consumer Protection & Commerce on S.B. No. 2276**

The purpose of this measure is to make comprehensive updates to the statutory provisions regarding acupuncture practitioners to reflect modernized scopes of practice and licensing requirements.

Your Committee received testimony in support of this measure from the Board of Acupuncture; Hawaii Acupuncture Association; Rubin Enterprises, LLC; AcuPlan Hawaii; Institute of Clinical Acupuncture and Oriental Medicine; Longevity Health Center; American Acupuncture Council; Pain Free Kauai; OceanMed Integrative Health Center; Kailua Acupuncture Clinic; and numerous individuals. Your Committee received testimony in opposition to this measure from the American Academy of Medical Acupuncture, Hawaii Medical Association, Lifestyle Medical Center, and four individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that acupuncture is one of the fastest growing fields in American health care, leading to a growing demand for acupuncturists. Your Committee further finds that a number of Hawaii's existing laws regulating the practice of acupuncture have not been updated in over twenty years and do not reflect the current state of acupuncture practice, particularly in the areas of national certification standards and expanded accredited educational programs. This measure amends Hawaii's laws regulating the practice of acupuncture to reflect modernized scopes of practice and licensing requirements.

Your Committee has amended this measure by:

- (1) Clarifying language that declares the necessity for regulation and control of acupuncture medicine to state that the practice of acupuncture medicine requires regulation and control as an essential service for public health, safety, and welfare; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2276, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2276, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1436-22 Consumer Protection & Commerce on S.B. No. 2375**

The purpose of this measure is to:

- (1) Require the Department of Public Safety, in collaboration with the Department of Human Services, to develop and establish a social work training program to assist nonviolent incarcerated individuals to explore a professional pathway in social work and become eligible to work as assistants to licensed social workers; and
- (2) Appropriate funds to develop and establish the program.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition, Community Alliance on Prisons, Hawai'i Health and Harm Reduction Center, National Association of Social Workers - Hawai'i, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Budget and Finance, Department of Human Services, and Department of Public Safety.

Your Committee finds that Hawaii is facing a shortage of social workers to help people in the State manage their mental health and cope with stressors in their everyday lives. This shortage is of concern, as demand for services will likely increase as a result of the coronavirus disease 2019 pandemic and its aftermath. Your Committee further finds that some nonviolent incarcerated individuals may be uniquely qualified to enter the field of social work as assistants. This measure will encourage incarcerated nonviolent individuals, who may have valuable life experience interfacing with social service organizations, to train and pursue employment opportunities in the area of social work, which may help with these individuals' successful reentry into the community.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Public Safety and Department of Human Services are to jointly submit a report on their progress in developing and establishing the social work training program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2375, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2375, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1437-22 Consumer Protection & Commerce on S.B. No. 2624**

The purpose of this measure is to establish and fund:

- (1) A Telehealth Pilot Program to provide telehealth medical services in two distinct project sites in medically underserved areas; and
- (2) A Rural Health Care Pilot Program to assist residents in three distinct rural areas, one each on the islands of Maui, Molokai, and Lanai.

Your Committee received testimony in support of this measure from the Department of Health, John A. Burns School of Medicine at the University of Hawai'i at Mānoa, Hawaii State Council on Developmental Disabilities, Disability and Communication Access Board, Hawaii Primary Care Association,

Hawaii Medical Association, Hawaii Substance Abuse Coalition, The Queen's Health Systems, Hawaii Psychiatric Medical Association, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance, State Council on Mental Health, and Hawai'i State Center for Nursing.

Your Committee finds that there is an ongoing shortage of primary, specialty, and behavioral health care providers in the State, which leaves many Hawaii residents, particularly elderly and rural residents, unable to obtain timely and appropriate health care and behavioral health care services. Your Committee further finds that although telehealth is a viable solution for maximizing existing local resources and increasing patient convenience and compliance, no more than fifteen percent of practicing providers in Hawaii report a telehealth experience.

The pilot programs established by this measure will help improve the quality and availability of health care in rural and medically underserved areas in the State by encouraging an increase in the use of telehealth by providers. This measure also offers an incentive, in the form of an availability fee, to health care professionals who practice in certain specialties in rural areas.

Your Committee has amended this measure by:

- (1) Removing the procurement exemptions of the Telehealth Pilot Program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2624, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2624, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1438-22 Consumer Protection & Commerce on S.B. No. 3248**

The purpose of this measure is to appropriate funds to purchase one advanced life support ambulance and related equipment, to be based on the island of Molokai, and pay-related personnel costs for state-certified emergency medical services personnel.

Your Committee received testimony in support of this measure from one member of the Maui County Council, The Queen's Health Systems, Hāna Health, and two individuals. Your Committee received comments on this measure from the Department of Health and Department of Budget and Finance.

Your Committee finds that Molokai currently has only one ambulance to provide emergency medical services to the island's population of over seven thousand residents. Emergency medical services personnel on Molokai must often travel long distances or navigate difficult terrain when responding to calls or transporting patients which, when coupled with adverse weather conditions, can significantly affect response and transport times. This measure will help remediate the disparities in access to trauma care for rural and medically vulnerable communities on Molokai and ensure timely access to trauma treatment.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3248, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 3248, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1439-22 Consumer Protection & Commerce on S.B. No. 2196**

The purpose of this measure is to:

- (1) Prohibit the issuance, after January 1, 2023, of a building permit for any new multi-family residential building that has ten or more parking stalls, unless those stalls are electric vehicle charger ready; and
- (2) Require cooperative housing corporations, homeowners associations, planned community associations, and condominium associations to develop plans to incorporate zero-emissions infrastructure, including electric vehicle charging systems, onto any of its residential properties that are constructed after January 1, 2023.

Your Committee received testimony in support of this measure from the Hawaii Climate Change Mitigation and Adaptation Commission, Hawaii State Energy Office, Pearl City Neighborhood Board No. 21, 350Hawaii.org, Hawai'i Electric Vehicle Association, Big Island Electric Vehicle Association, KauaiEV.org, Alliance for Automotive Innovation, Hawaiian Electric Company, Tesla, and eleven individuals. Your Committee received testimony in opposition to this measure from Gentry Homes, Ltd.; D.R. Horton Hawaii LLC; NAIOP Hawaii; Building Industry Association of Hawaii; and one individual. Your Committee received comments on this measure from the Community Associations Institute and Associa.

Your Committee finds that electric vehicles play an integral role in Hawaii's clean energy future. To support the continued adoption of electric vehicles, this measure ensures the incorporation of planning for necessary electric vehicle charging infrastructure at the earliest stages in order to minimize costs and the need for retrofitting.

Your Committee has amended this measure by:

- (1) Clarifying that cooperative housing corporations, homeowners associations, planned community associations, and condominium associations are to develop plans to incorporate electric vehicle charging systems, rather than any zero-emission vehicle infrastructure, onto any of its residential properties that are newly constructed after January 1, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2196, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 2196, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Matsumoto). Noes, 4 (Har, Kong, Morikawa, Onishi). Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1440-22 Consumer Protection & Commerce on S.B. No. 2474**

The purpose of this measure is to require the Public Utilities Commission to establish reliability standards and interconnection requirements for renewable

energy projects and community-based renewable energy projects.

Your Committee received testimony in opposition to this measure from Hawaiian Electric Company and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, and Hawaii Clean Power Alliance.

Your Committee finds that delays in completing the process of interconnecting renewable energy projects to the electric grid make it difficult to plan for the design and construction of utility-scale renewable energy projects. By requiring the Public Utilities Commission to adopt reliability standards and interconnection requirements, this measure will facilitate more timely interconnection and operation of utility-scale renewable energy projects.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2474, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Har, Kong, Onishi). Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1441-22 Consumer Protection & Commerce on S.B. No. 2483**

The purpose of this measure is to require the Hawai'i Natural Energy Institute to evaluate the benefits and costs of dispatching renewable energy resources considering the context of ongoing state energy planning efforts.

Your Committee received testimony in support of this measure from the Hawaii Clean Power Alliance and thirteen individuals. Your Committee received testimony in opposition to this measure from the Hawaiian Electric Company. Your Committee received comments on this measure from the Hawaii State Energy Office and Hawai'i Natural Energy Institute of the University of Hawai'i at Mānoa.

Your Committee finds that the successful deployment of renewable energy projects is integral to the State achieving the renewable portfolio standard of one hundred percent renewable energy by 2045. Your Committee further finds that the development and dispatch of multiple renewable energy sources should be evaluated and aligned with ongoing state energy planning efforts.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2483, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Kong). Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1442-22 Consumer Protection & Commerce on S.B. No. 2510**

The purpose of this measure is to amend the Hawaii State Planning Act to give consideration to:

- (1) Reducing reliance on energy imports;
- (2) Ensuring that all new utility scale electricity generation projects are renewable;
- (3) Balancing of grid resources, including firm renewable energy resources, to achieve certain goals and targets;
- (4) Ensuring reliable replacement of fossil fuel generation with balanced grid resources;
- (5) Prohibiting fossil fuel generation after December 31, 2045, except in certain circumstances; and
- (6) Expanding vocational training in renewable energy and related industries.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office; Sustainable Energy Hawai'i; International Longshore and Warehouse Union, Local 142, Local 100, and Hawaii Longshore Division; Environmental Caucus of the Democratic Party of Hawai'i; Pacific Biodiesel Technologies; and numerous individuals. Your Committee received testimony in opposition to this measure from Our Revolution Hawaii, Climate Protectors Hawai'i, Recycle Hawaii and Clean the Pacific, 350Hawaii.org, and fourteen individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Office of Planning and Sustainable Development, Hawaii Forest Stewards, Ulupono Initiative, Hawaii Clean Power Alliance, Hawaiian Electric, and two individuals.

Your Committee finds that there is an increasing need to develop an array of renewable energy sources to meet the State's goal of one hundred percent renewable energy by 2045. Your Committee further finds that incorporating certain considerations into state energy planning will provide a framework for the State to achieve its clean energy goals through a well-balanced portfolio of reliable, resilient, and affordable sources of energy.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2510, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Kong). Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1443-22 Consumer Protection & Commerce on S.B. No. 2720**

The purpose of this measure is to:

- (1) Allow for new or upgraded electric vehicle charging stations having a single port to qualify for a rebate under the Electric Vehicle Charging Station Rebate Program;
- (2) Increase flexibility of the Public Utilities Commission to administer the Electric Vehicle Charging Station Rebate Program;
- (3) Increase the maximum percentage of Electric Vehicle Charging Station Rebate Program appropriations that may be expended for administrative costs; and
- (4) Allow for marketing and outreach expenses to be included within allowable administration costs of the Rebate Program.

Your Committee received testimony in support of this measure from the Public Utilities Commission; Department of Transportation; Hawaii State Energy Office; Office of Economic Development of the County of Kaua'i; Department of Design and Construction of the City and County of Honolulu; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Pearl City Neighborhood Board No. 21; Ulupono Initiative; Kauai Women's Caucus; KauaiEV; 350Hawaii.org; Hawaii Electric Vehicle Association; Big Island Electric Vehicle Association; Hawaii Automobile Dealers' Association; Alliance for Automotive Innovation; Blue Planet Foundation; Environmental Caucus of the Democratic Party of Hawai'i; Building Owners and Managers Association of Hawai'i; Hawaiian Electric Company; Retail Merchants of Hawaii; and eight individuals. Your Committee received comments on this measure from Hawai'i Energy.

Your Committee finds that continuation of the Electric Vehicle Charging System Rebate Program is critical to widespread adoption of electric vehicles in the State. To ensure that the program is keeping pace with market and technology changes, periodic adjustments may be needed to help ensure that the program is adequately deploying rebates to priority locations and making the purchase of an electric vehicle affordable for low- and moderate-income working families. Your Committee further finds that by expanding rebate eligibility to a wider variety of electric vehicle charging systems and providing the Public Utilities Commission with greater flexibility in administering the program, this measure will increase program participation and accelerate charging system deployment.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2720, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 1444-22 Consumer Protection & Commerce on S.B. No. 1105**

The purpose of this measure is to amend the Secure and Fair Enforcement for Mortgage Licensing Act by:

- (1) Modifying when a person aggrieved by the fraud, misrepresentation, or deceit of a mortgage loan originator company licensee may be paid by the Mortgage Loan Recovery Fund to be upon final judgment, rather than by order, of a court;
- (2) Repealing Mortgage Loan Recovery Fund fees for mortgage loan originator companies and their branch locations; and
- (3) Authorizing the Commissioner of Financial Institutions to consider applications for recovery from the Mortgage Loan Recovery Fund, as an alternative to judicial proceedings.

Your Committee received testimony in support of this measure from the Commissioner of Financial Institutions.

Your Committee finds that the Secure and Fair Enforcement for Mortgage Licensing Act allows a person aggrieved by the fraud, misrepresentation, or deceit of a mortgage loan originator company licensee to be paid from the Mortgage Loan Recovery Fund upon the order of a court. To obtain such an order, the aggrieved person must, among other things, obtain a judgment stating the amount owed and make all reasonable efforts to recover the amount of the judgment from the judgment debtor. This process has been sluggish, typically taking eight to twelve months before a court orders the Division of Financial Institutions of the Department of Commerce and Consumer Affairs to pay the restitution. This measure modifies this process to allow for more expedient payment to aggrieved persons by allowing applications for payments from the Mortgage Loan Recovery Fund to be submitted to the Commissioner of Financial Institutions, who may grant the applications without an order by a court.

Your Committee further finds that existing funds in the Mortgage Loan Recovery Fund are sufficient to make restitution payments to aggrieved persons. As such, there no longer is a need to continue the assessments on mortgage loan originator companies and their branches to fund the Mortgage Loan Recovery Fund.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1105, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1105, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Kitagawa, Hashem, Mizuno, Matsumoto).

#### **SCRep. 1445-22 Consumer Protection & Commerce on S.B. No. 1211**

The purpose of this measure is to avoid a conflict with federal law by repealing the exemption for certain vehicles used by farmers from the Motor Carrier Safety Law.

Your Committee received testimony in support of this measure from the Department of Transportation and Hawai'i Farm Bureau.

Your Committee finds that the federal Moving Ahead for Progress in the 21st Century Act allows the withholding of federal funds to states that fail to adopt the covered farm vehicle exemption under various classes of laws regarding motor vehicles. In its analysis of the State's laws, the Federal Motor Carrier Safety Administration determined that the State's existing exemption for vehicles used by farmers from the Motor Carrier Safety Law is in conflict with the federal covered farm vehicle exemption. As a result, the State is in jeopardy of losing federal funds that provide assistance to the State in carrying out its commercial motor vehicle safety program. This measure repeals the existing exemption for vehicles used by farmers and allows the State to align its exemption with the covered farm vehicle exemption as required by the federal Moving Ahead for Progress in the 21st Century Act.

Your Committee notes its intent and expectation that the Department of Transportation will work with farmers to ensure the successful transition to the new federal exemption and ensure the farmers have a safe harbor in the interim.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1211, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1211, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kitagawa, Mizuno).

#### **SCRep. 1446-22 Consumer Protection & Commerce on S.B. No. 3373**

The purpose of this measure is to clarify the deadline for submitting written protests that are based on the content of a solicitation.

Your Committee received testimony in support of this measure from the State Procurement Office and Nan, Inc. Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services, Department of Budget and Fiscal Services of the City and County of Honolulu, and General Contractors Association of Hawaii.

Your Committee finds that the existing law is potentially confusing as to the deadline for submitting written protests that are based on the content of a solicitation. Your Committee further finds that this measure will clearly outline the deadline for written protests.

Your Committee has amended this measure by specifying that a protest of an award shall be submitted in writing within five working days after the posting of an award of a contract for professional services, if no request for debriefing has been made.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3373, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3373, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kitagawa, Mizuno).

#### **SCRep. 1447-22 Government Reform on S.B. No. 665**

The purpose of this measure is to:

- (1) Establish that knowingly or intentionally providing false information concerning the name or address of a person paying for a campaign advertisement is a class C felony;
- (2) Increase from four years to ten years the period during which a person convicted of a criminal violation of campaign finance law shall be disqualified from holding elective office;
- (3) Establish that the exercise of enforcement authority by the Attorney General or Prosecuting Attorney may be the basis for prosecution of campaign finance law violations; and
- (4) Repeal certain exemptions from criminal prosecution for campaign finance violations.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and one individual. Your Committee received comments on this measure from Common Cause Hawaii.

Your Committee finds that campaign advertisements that contain false information regarding who is paying for the advertisement impairs public transparency in the electoral process. Your Committee further finds that intentionally making the false reporting of the name and address of the person paying for the campaign advertisement a felony will deter such conduct.

Your Committee has amended this measure by:

- (1) Reverting to statutory language regarding fines for violations that lack required information or provide prohibited information;
- (2) Clarifying that the class C felony offense established by this measure is for intentionally, rather than knowingly or intentionally, providing false information; and
- (3) Changing its effective date to July 1, 2112, to encourage further discussion.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it choose to deliberate on this measure, to consider establishing that knowingly, recklessly, or intentionally providing false information concerning the name or address of a person paying for a campaign advertisement as a class C felony.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 665, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 665, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Mizuno, Woodson).

#### **SCRep. 1448-22 Government Reform on S.B. No. 741**

The purpose of this measure is to:

- (1) Require an elector to vote for the candidates whose names appeared on the presidential general election ballot and who are of the political party or group they represent and invalidate an elector's vote for failure to vote accordingly;
- (2) Require an alternate elector to vote in place of the original elector if the original elector fails to vote for the proper candidate; and
- (3) Require an alternate elector to vote for the candidates whose names appeared on the presidential general election ballot and who are of the political party or group that the alternate elector represents and invalidate an alternate elector's vote for failure to vote accordingly.

Your Committee received testimony in support of this measure from Common Cause Hawaii and nine individuals.

Your Committee finds that this measure will ensure that the political will of the people, as expressed at the ballot box, is not overturned by a faithless elector who does not vote for the candidate for whom they had pledged to vote.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that this measure, in its application, would have invalidated the vote cast by a Hawaii Democratic elector for Democrat Bernie Sanders in the 2016 Electoral College and required an alternate elector to vote for the Democratic Presidential Nominee Hillary Clinton. Your Committee respectfully requests that your Committee on Judiciary & Hawaiian Affairs, should it choose to deliberate on this measure, examine whether this measure's approach to ensure the selection of the party nominee is sound public policy where this measure would invalidate the elector's principled choice.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 741, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 741, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Mizuno, Woodson).

**SCRep. 1449-22 Government Reform on S.B. No. 2143**

The purpose of this measure is to:

- (1) Define "board packet"; and
- (2) Specify that each board subject to the State's Sunshine Law:
  - (A) Shall not limit the presentation of oral testimonies solely to the beginning of the board meeting; and
  - (B) Shall make its board packets publicly available at least forty-eight hours prior to the board meeting if the board uses board packets.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, Civil Beat Law Center for the Public Interest, Common Cause Hawaii, Hawaii Chapter of the Society of Professional Journalists, and eight individuals. Your Committee received comments on this measure from the Office of Information Practices and Hawai'i Tourism Authority.

Your Committee finds that many boards subject to the State's Sunshine Law do not provide the public with adequate time prior to a board meeting to understand what the board plans to discuss. This hampers the public's ability to submit meaningful comment on board matters. Your Committee further finds that this measure will provide the public with ample time and opportunity to review the materials of the board and give meaningful testimony to assist the board with its review and deliberations of agenda items.

Your Committee additionally finds that only allowing the public to testify at the beginning of a board meeting does not allow for meaningful discussion. Your Committee notes the example raised by Common Cause Hawaii in its testimony. Common Cause Hawaii had attended a commission meeting and was only permitted to testify at the beginning of the agenda. As the agenda progressed, Common Cause Hawaii was not allowed to raise any concerns. One of the concerns Common Cause Hawaii had during the commission's meeting was a violation of the Sunshine Law, as that commission was about to vote on a motion that was not on the commission's agenda. Your Committee recognizes this as an example of the importance of not limiting the presentation of oral testimonies solely to the beginning of the board meeting.

Your Committee notes the amendment suggested by the Hawaii Tourism Authority in its testimony about exempting research reports from inclusion in board packets to prevent them from being released prior to a board meeting. However, your Committee believes that providing such an exemption will create issues with public transparency.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee is concerned that this measure may conflict with or duplicate certain provisions found in House Bill No. 2026 H.D. 2 (2022). Your Committee has accordingly amended this measure to allow continued discussion and, should a Committee on Conference be established to deliberate on this measure, allow the Committee on Conference to reconcile any differences between the two measures.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2143, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2143, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Mizuno, Woodson).

**SCRep. 1450-22 Government Reform on S.B. No. 2383**

The purpose of this measure is to:

- (1) Amend the composition and experience requirements for members of the State Procurement Policy Board, including requiring the Governor to appoint four members and the President of the Senate and Speaker of the House of Representatives to each appoint one member; and
- (2) Repeal the Policy Board Nominating Committee.

Your Committee received testimony in support of this measure from the Hawai'i Alliance of Nonprofit Organizations. Your Committee received comments on this measure from the State Procurement Office, Department of Budget and Fiscal Services of the City and County of Honolulu, Board of Directors of the Honolulu Authority for Rapid Transportation, and General Contractors Association of Hawaii.

Your Committee finds that boards and commissions provide an opportunity for the public to have a voice in government and provide a means to influence decisions that shape the quality of life for the residents of Hawaii. However, vacancies on these boards and commissions impede the ability of some agencies to fulfill their duties. Your Committee notes that the State Procurement Policy Board is one example where vacancies have left vital tasks of the Board pending. This measure changes the appointment process for the Board to facilitate and increase efficiency in the procurement process in Hawaii.

Your Committee additionally finds that, as currently drafted, this measure would give a majority of the appointment of members of the State Procurement Policy Board to the executive branch and create an imbalance between the separate and equal legislative and executive branches. Therefore, your Committee believes that amending this measure to require two appointments to be made by the Speaker of the House of Representatives, two appointments to be made by the President of the Senate, and two appointments to be made by the Governor to ensure that both legislative chambers and the executive branch have an equal say in the nominating process. Furthermore, your Committee also believes it to be in the State's interest to require that at least one member have experience in chapter 103D, Hawaii Revised Statutes, specifically concerning contracting. While the current Comptroller does fill this role, there may be times in the future where a comptroller may not be versed in this area.

Accordingly, your Committee has amended this measure by:

- (1) Specifying that the Governor, President of the Senate, and Speaker of the House of Representatives shall each appoint two members to the State Procurement Policy Board;
- (2) Inserting language to require one member of the State Procurement Policy Board to have significant, high-level experience with the Hawaii Public Procurement Code; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it choose to deliberate on this measure, to consider reducing the number of members on the State Procurement Policy Board, as reaching a quorum of four for the current seven-member Board is challenging, as noted by the State Procurement Office's testimony before your Committee.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2383, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2383, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Mizuno, Woodson).

#### **SCRep. 1451-22 Government Reform on S.B. No. 2384**

The purpose of this measure is to:

- (1) Amend the procurement preference for Hawaii products to only apply to agricultural goods, value-added products, and commodities; and
- (2) Require the Department of Accounting and General Services to provide written notice of offerors listed on the Hawaii products list of any amendments to the list, including effective dates and dates of repeal.

Your Committee received testimony in support of this measure from the Department of Agriculture, Department of Accounting and General Services, University of Hawai'i System, Department of Budget and Fiscal Services of the City and County of Honolulu, Ulupono Initiative, and Hawai'i Farm Bureau. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that the purpose of section 103D-1002, Hawaii Revised Statutes, is to incentivize contractors and subcontractors to use Hawaii products to support the local industry. Your Committee notes that contractors and subcontractors have indicated that it is common practice to source products locally due to availability and pricing. Since contractors and subcontractors already use Hawaii products, the preference for Hawaii products for purposes of public procurement is no longer necessary. However, your Committee believes that the Hawaii products preference is still necessary with respect to agricultural goods to further the State's food production and sustainability goals.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Consumer Protection and Commerce hear this measure, your Committee respectfully requests that it consider exempting the solicitation of construction from the procurement preference.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2384, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2384, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Mizuno, Woodson).

#### **SCRep. 1452-22 Government Reform on S.B. No. 3034**

The purpose of this measure is to clarify the listing information of contractors and subcontractors required for construction bids in a competitive sealed bid, including the specialty or specialties of the work to be performed by each.

Your Committee received testimony in support of this measure from the Department of Budget and Fiscal Services of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services. Your Committee received comments on this measure from the General Contractors Association of Hawaii.

Your Committee finds that existing law allows protests to a bid when a bid fails to list subcontractors who are not required to be licensed, which causes delays in the construction procurement process and may result in the award going to the protestor at a higher price. This measure is intended to clarify the information related to contractors and subcontractors that must be included in a competitive sealed bid.

However, your Committee has heard concerns that certain aspects of this measure may cause additional confusion or make it more difficult for contractors to comply with the law.

Accordingly, your Committee has amended this measure by:

- (1) Reverting to the contents of this measure as it was introduced, which specifies that invitations for construction bids under the competitive sealed bidding process must include the name and information of the joint contractors or subcontractors who are engaged in the performance of the contract and required to be licensed under the Contractor License Law;
- (2) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Consumer Protection & Commerce, should it choose to deliberate on this measure, to examine the issue of whether the inclusion of joint contractors in this measure, as amended by your Committee, would be problematic, as joint contractors is not defined under the Contractor License Law.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3034, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3034, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Mizuno, Woodson).

#### **SCRep. 1453-22 Government Reform on S.B. No. 3172**

The purpose of this measure is to:

- (1) Require that any electronic audio or video recording of a board meeting be kept as a public record, but clarify that only one version of any recording must be kept; and
- (2) Remove the requirement that a written summary must accompany any minutes that are posted in a digital or analog recording format.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, Civil Beat Law Center for the Public Interest,

Common Cause Hawaii, Society of Professional Journalists Hawaii Chapter, and seventeen individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Office of Information Practices.

Your Committee finds that public scrutiny and participation in the governmental process is important to protect the public's interests. Your Committee further finds that members of the public who are interested in public meetings but do not have the ability to attend in person or the time or technology to listen to recordings of the meetings are unnecessarily prevented from exercising their right to participate. Requiring electronic audio or video recordings of public meetings to be kept as a public record will encourage transparency and help ensure the public has access to and information regarding these meetings.

Your Committee notes that given the existence of cloud platform technology and other similar technologies that can be used to archive recordings of livestreamed meetings, the capacity and processing of recordings should not be an issue in archiving the recorded meetings.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Judiciary & Hawaiian Affairs deliberate this measure further, your Committee respectfully requests that it consider inserting language requiring that written minutes include a time stamp for discussions of each agenda time and motions and votes when a recording is made, as this could ensure recordings can remain useful to the public without requiring individuals to watch hours of video for a single agenda item.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3172, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3172, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Mizuno, Woodson).

#### **SCRep. 1454-22 Government Reform on S.B. No. 3219**

The purpose of this measure is to amend the State's Sunshine Law to exclude any person under eighteen from the mandatory disclosure of the names of persons who are physically with a board member attending a remote board meeting at a nonpublic location.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority and one member of the Maui County Council. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that Act 220, Session Laws of Hawaii 2021 (Act 220), allows boards subject to the State's Sunshine Law the option to use interactive conference technology to conduct remote meetings. Your Committee further finds that Act 220 requires a board member participating from a nonpublic location to identify those who are also present in that same location. Your Committee notes that there are times when board members may have their minor children present with them during a virtual board or committee meeting. Your Committee believes that children's privacy rights prevail over the public's right to disclosure of all the individuals who are present with a board member in a virtual meeting.

Your Committee additionally finds that in today's economy, there may be young people who are still of an age to be considered a minor yet engage in internship or professional capacities, potentially with organizations or entities that may have business in front of a board. Your Committee also finds that a private interest stipulation should be added to this measure so that if any such situation exists, the young person would still have to declare their presence under the Sunshine Law.

Accordingly, your Committee has amended this measure by:

- (1) Requiring a board member attending a remote public meeting to state the name of any person eighteen years of age or older who is present with the member at the nonpublic location, rather than excluding any person under eighteen from the mandatory disclosure;
- (2) Requiring the disclosure of the name of any individual who is present with a board member at a nonpublic location and is under the age of eighteen if the individual has a private interest on any issue before the board at the remote public meeting;
- (3) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3219, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3219, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Mizuno, Woodson).

#### **SCRep. 1455-22 Corrections, Military, & Veterans on S.B. No. 2777**

The purpose of this measure is to:

- (1) Require pat downs and searches of female inmates to be conducted by a female correctional facility employee unless the inmate presents a risk of immediate harm to self or others or a risk of escape;
- (2) Prohibit male correctional facility employees from entering areas where female inmates may be in a state of undress unless an inmate in the area presents a risk of immediate harm to self or others or if there is a medical emergency in the area;
- (3) Require any prohibited search, pat down, or entry by a male correctional facility employee to be documented within three days of the incident, reviewed by the warden, and retained by the institution for reporting purposes;
- (4) Require that the Department of Public Safety increase its recruitment and training of female adult corrections officers to satisfy the requirements of female gender specific posts;
- (5) Require that the Department of Public Safety make every effort within the law to address the concerns of the advocates, the requirements of the Prison Rape Elimination Act, and staffing shortages of female gender specific posts, as well as the hiring and training of female adult corrections officers; and
- (6) Require a report to the Legislature concerning the Department of Public Safety's efforts in recruiting, hiring, and training female adult corrections officers.

Your Committee received testimony in support of this measure from the Community Alliance on Prisons, Women's Prison Project, Hawai'i Friends of Restorative Justice, and five individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety.

Your Committee finds that this measure will help to ensure the protection of incarcerated women, many of whom have experienced sexual violence and suffer from post-traumatic stress disorder symptoms.

Your Committee has amended this measure by:

- (1) Clarifying that the male correctional facility employee shall not enter into an area of the institution where the male employee can view females in a state of undress for the purpose of conducting a search of a female inmate;
- (2) Deleting the requirement that the Department of Public Safety increase its recruitment and training of female adult corrections officers;
- (3) Deleting the requirement that the Department of Public Safety make every effort within the law to address the concerns of the advocates, the requirements of the Prison Rape Elimination Act, and staffing shortages of female gender specific posts, as well as the hiring and training of female adult corrections officers;
- (4) Deleting the requirement of a report to the Legislature;
- (5) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2777, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2777, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 1456-22 Corrections, Military, & Veterans on S.B. No. 2091**

The purpose of this measure is to establish a comprehensive application process for executive pardons.

Your Committee received testimony in support of this measure from the Crime Victim Compensation Commission, Department of the Prosecuting Attorney of the City and County of Honolulu, Office of the Prosecuting Attorney of the County of Kaua'i, Mothers Against Drunk Driving Hawaii, and one individual. Your Committee received testimony in opposition to this measure from the American Civil Liberties Union of Hawai'i. Your Committee received comments on this measure from the Department of Public Safety and Hawaii Paroling Authority.

Your Committee finds that this measure sets forth the requirements for an application for executive pardon; the respective roles of the applicant, Governor, Department of Public Safety, Hawaii Paroling Authority, prosecuting attorneys, and Department of the Attorney General; timeframes within which certain steps of the process must occur; information and documentation needed for full consideration of the application; a means of ensuring any victim or surviving immediate family members of the victim are notified of the application and provided an opportunity to submit information relating to the application; authorization to investigate an application; and if an application is denied, the earliest date by which a repeat application may be accepted.

Your Committee further finds that the existing pardon process does not provide for the notification or input of prosecutors and crime victims or their surviving immediate family members. This measure corrects that oversight, assures an opportunity for the submission of sufficient records upon which to base a sound decision, and establishes a process that promotes consistency, transparency, and uniformity in the handling of applications for executive pardons.

Your Committee has amended this measure by:

- (1) Deleting the specified number of days for the Hawaii Paroling Authority to transmit applicant information to the prosecuting attorney;
- (2) Deleting the requirement that the prosecuting attorney promptly inform the Hawaii Paroling Authority that additional materials would be provided by the victim;
- (3) Deleting the timeframe within which the application for pardon shall be considered complete and eligible for consideration; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2091, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2091, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 1457-22 Corrections, Military, & Veterans on S.B. No. 3087**

The purpose of this measure is to adopt the Emergency Management Assistance Compact in a new chapter of the Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Defense and Hawaii Emergency Management Agency.

Your Committee finds that this measure codifies the terms under which the Governor may enter into a compact on behalf of the State with any other state, the Commonwealth of Puerto Rico, the District of Columbia, and any United States territorial possession for the rendering or receipt of emergency management assistance. According to the Department of Defense, this measure supports the logical alignment of the Hawaii Emergency Management Agency with best emergency management practices across the country, and moving these terms and provisions into the emergency management series in the Hawaii Revised Statutes will provide for the concise, logical organization of the emergency management laws of the State.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3087, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 1458-22 Corrections, Military, & Veterans on S.B. No. 2305**

The purpose of this measure is to clarify that the comprehensive offender reentry system provides programs and services that result in the timely release of

inmates on parole when the minimum term, rather than the maximum term, has been served by the inmate.

Your Committee received testimony in support of this measure from the Department of Public Safety, American Civil Liberties Union of Hawai'i, Common Cause Hawaii, and Community Alliance on Prisons.

Your Committee finds that this measure will correct language that was incorporated into chapter 353L, Hawaii Revised Statutes, when the Hawaii Correctional System Oversight Commission was first established by Act 179, Session Laws of Hawaii 2019. At the time, the commission was charged with various oversight responsibilities, including ensuring that the comprehensive offender reentry system under chapter 353H, Hawaii Revised Statutes, is working properly to provide programs and services that result in the timely release of inmates on parole.

Your Committee finds that the Hawaii Paroling Authority establishes minimum terms of imprisonment when an inmate becomes eligible for release into the community under parole supervision. The Department of Public Safety is required to develop and implement comprehensive reentry plans to help each inmate make the difficult transition from the prison setting to community life. As written, section 353L-3, Hawaii Revised Statutes, inadvertently provides the commission's oversight of "programs and services that result in the timely release of inmates on parole when the maximum terms have been served". Accordingly, your Committee finds this one-word housekeeping amendment to change "maximum" to "minimum" is necessary.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2305 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 1459-22 Water & Land on H.R. No. 132**

The purpose of this measure is to urge the Federal Government to develop a national biodiversity strategy to preserve and protect biodiversity within the State of Hawaii and throughout the United States.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; and the University of Hawai'i. Your Committee received testimony in opposition from one individual.

Your Committee finds that the United States, and the State of Hawai'i in particular, face severe threats to biodiversity. While the State has approximately twenty-five percent of endangered species nationally, Hawai'i receives only three percent of federal funds available to manage at-risk species. A federal biodiversity strategy could set goals, improve collaboration, and serve as a coordinating policy to maximize the effectiveness of local, state, national, and international conservation efforts.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 132 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1460-22 Water & Land on H.C.R. No. 132**

The purpose of this measure is to urge the Federal Government to develop a national biodiversity strategy to preserve and protect biodiversity within the State of Hawaii and throughout the United States.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; the University of Hawai'i; the Center for Biological Diversity; and five individuals.

Your Committee finds that the United States, and the State of Hawai'i in particular, face severe threats to biodiversity. While the State has approximately twenty-five percent of the endangered species nationally, Hawai'i receives only three percent of federal funds available to manage at-risk species. A federal biodiversity strategy could set goals, improve collaboration, and serve as a coordinating policy to maximize the effectiveness of local, state, national, and international conservation efforts.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 132 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1461-22 Water & Land on H.R. No. 100**

The purpose of this measure is to urge the Board of Land and Natural Resources to rename the Russian Fort Elisabeth State Historical Park in Waimea, Kaua'i with the traditional Hawaiian place name, "Pa'ula'ula."

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; one member of the Kaua'i County Council; Ke One O Kākuhihewa; and one individual. Your Committee received testimony in opposition of this measure from one individual.

Your Committee finds that the area currently known as Russian Fort Elisabeth State Historical Park is traditionally named "Pa'ula'ula." Your Committee also finds that the Russian-American Company played a brief and limited role in the area's history, and that the State Historical Park's current name is misleading. This measure seeks to revise the naming, signage, and interpretive documents of the State Historical Park to reflect its rich multicultural history, and to support the State Constitution's provisions promoting the study of Hawaiian culture, history, and language.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 100 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1462-22 Water & Land on H.C.R. No. 104**

The purpose of this measure is to urge the Board of Land and Natural Resources to rename the Russian Fort Elisabeth State Historical Park in Waimea, Kaua'i with the traditional Hawaiian place name, "Pa'ula'ula."

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; one member of the Kaua'i County

Council; Moku o Manokalanipō, the Kauaʻi Council of the Association of Hawaiian Civic Clubs; Ke One O Kākuhihewa; the Oahu Council for the Association of Hawaiian Civic Clubs; Kuaʻāina Ulu ʻAuamo; and five individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the area currently known as Russian Fort Elisabeth State Historical Park is traditionally named "Paʻulaʻula." Your Committee also finds that the Russian-American Company played a brief and limited role in the area's history, and that the State Historical Park's current name is misleading. This measure seeks to revise the naming, signage, and interpretive documents of the State Historical Park to reflect its rich multicultural history, and to support the State Constitution's provisions promoting the study of Hawaiian culture, history, and language.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 104 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1463-22 Water & Land on H.R. No. 176**

The purpose of this measure is to urge the Board of Land and Natural Resources to appoint harbor agents as enforcement officers, as authorized under section 199-4, Hawaii Revised Statutes, for purposes of enforcing parking violations at small boat harbors in the State.

Your Committee received comments on this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition of this measure from one individual.

Your Committee finds that parking shortages and parking violations are an issue at small boat harbors throughout the State. Currently, only conservation and resource officers can enforce parking violations in small boat harbors. This limitation, combined with the limited number and broad responsibilities of conservation and resource enforcement officers, has led to a lack of enforcement of parking rules at small boat harbors. This measure seeks to address this issue by urging the Department of Land and Natural Resources to designate harbor agents as staff authorized to enforce parking rules at small boat harbors.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 176 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1464-22 Water & Land on H.C.R. No. 176**

The purpose of this measure is to urge the Board of Land and Natural Resources to appoint harbor agents as enforcement officers, as authorized under section 199-4, Hawaii Revised Statutes, for purposes of enforcing parking violations at small boat harbors in the State.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that parking shortages and parking violations are an issue at small boat harbors throughout the State. Currently, only conservation and resource officers can enforce parking violations in small boat harbors. This limitation, combined with the limited number and broad responsibilities of conservation and resource enforcement officers, has led to a lack of enforcement of parking rules at small boat harbors. This measure seeks to address this issue by urging the Department of Land and Natural Resources to designate harbor agents as staff authorized to enforce parking rules at small boat harbors.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 176 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1465-22 Water & Land on H.R. No. 34**

The purpose of this measure is to request the State and City and County of Honolulu to convene a working group to collaborate on multi-jurisdictional stream maintenance on Oʻahu and to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days before the convening of the Regular Session of 2023.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition of this measure from the Department of Land and Natural Resources.

Your Committee finds that the division of jurisdictional responsibilities and property ownership complicates stream maintenance. The maintenance of streams is vital to preparing for extreme weather events and natural disasters. This measure seeks to address jurisdictional challenges to stream maintenance on Oʻahu by convening stakeholders to collaborate in discussion of stream ownership and maintenance responsibilities.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 34 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1466-22 Water & Land on H.C.R. No. 39**

The purpose of this measure is to request the State and City and County of Honolulu to convene a working group to discuss multi-jurisdictional stream maintenance on Oʻahu, and to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

Your Committee received testimony in support of this measure from the Koʻolau Foundation; and two individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources.

Your Committee finds that the division of jurisdictional responsibilities and property ownership complicates stream maintenance. The maintenance of streams is vital to preparing for extreme weather events and natural disasters. This measure seeks to address the jurisdictional challenges to stream maintenance on Oʻahu by convening stakeholders to collaborate in discussion of stream ownership and maintenance responsibilities.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 39 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 1467-22 Water & Land on H.R. No. 69**

The purpose of this measure is to convene a working group to determine any circumstances under which government entities should be reimbursed for search and rescue services on land for trail users and what constitutes proper public notice of a trail user's illegal presence on land for purposes of imposing penalties for violations of law, and to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that when individuals defy the law by venturing onto closed hiking trails and subsequently require search and rescue response services, first response agencies bear the cost and risks involved in their rescue. This measure seeks to include public recreation, first response, land management, and legal stakeholders in the consideration of potential means to address costs incurred by government entities to rescue persons who knowingly venture into illegal or closed areas.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 69 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 1468-22 Water & Land on H.C.R. No. 76**

The purpose of this measure is to convene a working group to determine any circumstances under which government entities should be reimbursed for search and rescue services on land for trail users and what constitutes proper public notice of a trail user's illegal presence on land for purposes of imposing penalties for violations of law, and to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

Your Committee received comments on this measure from the Department of Land and Natural Resources; and one individual. Your Committee received testimony in opposition to this measure from one individual.

This measure seeks to include public recreation, first response, land management, and legal stakeholders in the consideration of potential means to address costs incurred by government entities to rescue persons who knowingly venture into illegal or closed areas.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 76 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 1469-22 Water & Land on H.R. No. 73**

The purpose of this measure is to urge the Department of Land and Natural Resources to explore the possibility of expanding the Mount Ka'ala Natural Area Reserve to include the slopes of Mount Ka'ala, particularly in the Waialua direction, so as to better protect, preserve, and promote the area's unique natural resources and cultural value.

Your Committee received testimony in support of this measure from the Department of Land and Natural resources; and two individuals.

Your Committee finds that Mount Ka'ala hosts diverse natural communities and rare plant and animal species. Conservation programs in the reserve promote environmental awareness and resource management, and expanding the natural area reserve to include the northern slopes of Mount Ka'ala could further these goals.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 73 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 1470-22 Water & Land on H.C.R. No. 82**

The purpose of this measure is to urge the Department of Land and Natural Resources to explore the possibility of expanding the Mount Ka'ala Natural Area Reserve to include the slopes of Mount Ka'ala, particularly in the Waialua direction, so as to better protect, preserve, and promote the area's unique natural resources and cultural value.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that Mount Ka'ala hosts diverse natural communities and rare plant and animal species. Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 1471-22 Health, Human Services, & Homelessness/Energy & Environmental Protection on H.R. No. 2**

The purpose of this measure is to request the United States Navy to prepare a plan to decommission the Red Hill Bulk Fuel Storage Facility, store its fuel in a manner compliant with the law, establish a new water treatment facility, pay for all costs to the State, and comply with all future remediation efforts.

Your Committees received testimony in support of this measure from the Department of Health, Department of Land and Natural Resources, Honolulu Board of Water Supply, Hawaii State Teachers Association, 350Hawaii.org, Our Revolution Hawaii, Environmental Caucus of the Democratic Party of

Hawai'i, Sierra Club of Hawai'i, and five individuals.

Your Committees find that the Red Hill Bulk Fuel Storage Facility is located approximately one hundred feet directly above the Southern Oahu Basal Aquifer, which is the principal source of drinking water for Oahu. In November 2021, approximately fourteen thousand gallons of a mixture of water and fuel from a crack in a fire suppression drain line at the Red Hill Bulk Fuel Storage Facility contaminated the groundwater aquifer where the Honolulu Board of Water Supply wells and the Navy's water supply wells obtain their water.

Your Committees further find that the Honolulu Board of Water Supply has had to shut down its Halawa Shaft, Halawa Wells, and Aiea Wells due to fuel releases from the facility. The contamination of the Navy's water supply well, the Red Hill Shaft, has caused a water contamination crisis at Joint Base Pearl Harbor-Hickam unlike any experienced in the State's history and has upended the lives of thousands of Oahu residents.

According to testimony from the Board of Water Supply before your Committees, the shutdown of the affected Board of Water Supply wells includes a possibility of mandatory water conservation and other measures during the hot summer months in the event the maximum use of available Board of Water Supply wells is unable to compensate for the loss of Halawa Shaft, Halawa Wells, and Aiea Wells.

Your Committees also find that a recent contested case hearing and Navy incidences of fuel releases reveal the Red Hill Bulk Fuel Storage Facility has reached its useful life, the chances of further leaks are real, and the Navy is unable to safely operate the facility without releases. Collaborative action between federal, state, and county agencies is necessary to address the ongoing Red Hill water contamination crisis and ensure that Oahu's water supply remains safe now and in the future.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Energy & Environmental Protection that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 2 and recommend that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 5. Noes, none. Excused, 2 (Kapela, Nishimoto).

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, 1 (Perruso).

#### **SCRep. 1472-22 Health, Human Services, & Homelessness/Energy & Environmental Protection on H.C.R. No. 6**

The purpose of this measure is to request the United States Navy to prepare a plan to decommission the Red Hill Bulk Fuel Storage Facility, store its fuel in a manner compliant with the law, establish a new water treatment facility, pay for all costs to the State, and comply with all future remediation efforts.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Department of Health, Honolulu Board of Water Supply, Hawaii State Teachers Association, Livable Hawaii Kai Hui, 350Hawaii.org, Our Revolution Hawaii, Environmental Caucus of the Democratic Party of Hawai'i, Sierra Club of Hawai'i, Wai Ola Alliance, and eight individuals.

Your Committees find that the Red Hill Bulk Fuel Storage Facility is located approximately one hundred feet directly above the Southern Oahu Basal Aquifer, which is the principal source of drinking water for Oahu. In November 2021, approximately fourteen thousand gallons of a mixture of water and fuel from a crack in a fire suppression drain line at the Red Hill Bulk Fuel Storage Facility contaminated the groundwater aquifer where the Honolulu Board of Water Supply wells and the Navy's water supply wells obtain their water.

Your Committees further find that the Honolulu Board of Water Supply has had to shut down its Halawa Shaft, Halawa Wells, and Aiea Wells due to fuel releases from the facility. The contamination of the Navy's water supply well, the Red Hill Shaft, has caused a water contamination crisis at Joint Base Pearl Harbor-Hickam unlike any experienced in the State's history and has upended the lives of thousands of Oahu residents.

According to testimony from the Board of Water Supply before your Committees, the shutdown of the affected Board of Water Supply wells includes a possibility of mandatory water conservation and other measures during the hot summer months in the event the maximum use of available Board of Water Supply wells is unable to compensate for the loss of Halawa Shaft, Halawa Wells, and Aiea Wells.

Your Committees also find that a recent contested case hearing and Navy incidences of fuel releases reveal the Red Hill Bulk Fuel Storage Facility has reached its useful life, the chances of further leaks are real, and the Navy is unable to safely operate the facility without releases. Collaborative action between federal, state, and county agencies is necessary to address the ongoing Red Hill water contamination crisis and ensure that Oahu's water supply remains safe now and in the future.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Energy & Environmental Protection that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 6 and recommend that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 5. Noes, none. Excused, 2 (Kapela, Nishimoto).

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, 1 (Perruso).

#### **SCRep. 1473-22 Pandemic & Disaster Preparedness on H.C.R. No. 67**

The purpose of this measure is to urge the Department of Health and Department of Human Services to work with the YMCA of Honolulu to support the mental wellness of the State's youth.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawaii, YMCA of Honolulu, and two individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that mental health experts from across the country expressed concern regarding the effects of the coronavirus disease 2019 pandemic on the mental health of youth. Your Committee further finds that depression and anxiety has doubled during the pandemic, while negative emotions and behaviors have moderately increased. Your Committee also finds that community organizations, such as the YMCA, play an important role in promoting healthy development and supporting youth in the State. This measure urges the Department of Health and Department of Human Services to work with the YMCA of Honolulu to create a statewide program that addresses the increase in mental distress of the State's youth caused by the pandemic, thereby ensuring the mental wellness of youth in the State.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 67 and recommends that it be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (McKelvey, Mizuno, Wildberger).

**SCRep. 1474-22 Higher Education & Technology on H.R. No. 32**

The purpose of this measure is to request the University of Hawaii to establish a reliable, independent, and transparent methodology to assess the effects of radio frequency emissions generated by wireless antenna sites.

Your Committee received testimony in support of this measure from Safe Dynamics, Inc. Your Committee received testimony in opposition to this measure from CTIA. Your Committee received comments on this measure from the Hawai'i Association of Broadcasters and New West Broadcasting Corp.

Your Committee finds that wireless communications technology has become an indispensable part of everyday life for virtually all consumers in Hawaii. However, as wireless networks grow to meet increasing consumer demand, the infrastructure required to meet this demand has begun to steadily encroach on neighborhoods, schools, and workplaces. Many more sites will need to be built, and existing sites upgraded, to deliver the capacity and performance promises of new broadband wireless technology such as 5G. This measure seeks to ensure that growth in new wireless technologies, and corresponding growth in wireless transmitting antennas, occurs in a responsible and managed manner, consistent and compliant with Federal Communications Commission regulations.

Your Committee has amended this measure by:

- (1) Deleting the language relating to public perceptions concerning wireless technologies being shaped by speculation and misinformation rather than verifiable scientific evidence; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 32, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 32, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Ohno, Quinlan, Woodson).

**SCRep. 1475-22 Higher Education & Technology on H.C.R. No. 37**

The purpose of this measure is to request the University of Hawaii to establish a reliable, independent, and transparent methodology to assess the effects of radio frequency emissions generated by wireless antenna sites.

Your Committee received testimony in support of this measure from Beneventure Partners, LLC; Safe Dynamics, Inc.; and one individual. Your Committee received testimony in opposition to this measure from CTIA. Your Committee received comments on this measure from the VI Advisory Board of the Mexican Federal Telecommunications Institute, Hawai'i Association of Broadcasters, and New West Broadcasting Corp.

Your Committee finds that wireless communications technology has become an indispensable part of everyday life for virtually all consumers in Hawaii. However, as wireless networks grow to meet increasing consumer demand, the infrastructure required to meet this demand has begun to steadily encroach on neighborhoods, schools, and workplaces. Many more sites will need to be built, and existing sites upgraded, to deliver the capacity and performance promises of new broadband wireless technology such as 5G. This measure seeks to ensure that growth in new wireless technologies, and corresponding growth in wireless transmitting antennas, occurs in a responsible and managed manner, consistent and compliant with Federal Communications Commission regulations.

Your Committee has amended this measure by:

- (1) Deleting the language relating to public perceptions concerning wireless technologies being shaped by speculation and misinformation rather than verifiable scientific evidence; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 37, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 37, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Ohno, Quinlan, Woodson).

**SCRep. 1476-22 Higher Education & Technology on H.R. No. 165**

The purpose of this measure is to request the Office of Enterprise Technology Services to develop a recommended definition for blockchain technology and recommendations for opportunities for individuals, private entities, and state agencies to use blockchain technology.

Your Committee received comments on this measure from the Office of Enterprise Technology Services.

Your Committee finds that blockchain technology, which employs a distributed ledger format, can protect data; streamline processes; and reduce fraud, waste, and abuse while simultaneously increasing trust and accountability. Your Committee further finds that blockchain technology can be leveraged to support an array of government and public-sector applications, including land registration, identity management, supply-chain traceability, health care, corporate registration, taxation, voting, digital currency and payments, and legal-entities management.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 165 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kapela). Noes, none. Excused, 3 (Ohno, Quinlan, Woodson).

**SCRep. 1477-22 Higher Education & Technology on H.C.R. No. 165**

The purpose of this measure is to request the Office of Enterprise Technology Services to develop a recommended definition for blockchain technology and recommendations for opportunities for individuals, private entities, and state agencies to use blockchain technology.

Your Committee received comments on this measure from the Office of Enterprise Technology Services.

Your Committee finds that blockchain technology, which employs a distributed ledger format, can protect data; streamline processes; and reduce fraud, waste, and abuse while simultaneously increasing trust and accountability. Your Committee further finds that blockchain technology can be leveraged to support an array of government and public-sector applications, including land registration, identity management, supply-chain traceability, health care, corporate registration, taxation, voting, digital currency and payments, and legal-entities management.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee

concurs with the intent and purpose of H.C.R. No. 165 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kapela). Noes, none. Excused, 3 (Ohno, Quinlan, Woodson).

**SCRep. 1478-22 Corrections, Military, & Veterans on H.R. No. 5**

The purpose of this measure is to request that the Department of Public Safety, Sheriff Division, fly the National League of Families of American Prisoners and Missing in Southeast Asia's flag year-round at the State Capitol.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that the 101st Congress of the United States passed Public Law 101-355, recognizing the National League of Families of American Prisoners and Missing in Southeast Asia's flag as "the symbol of our Nation's concern and commitment to resolving as fully as possible the rates of Americans still prisoner, missing and unaccounted for in Southeast Asia, thus ending the uncertainty for their families and the Nation". Your Committee further finds that the importance of the flag lies in its continued visibility, making it a constant reminder of the plight of America's prisoners of war and missing in action.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 5 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

**SCRep. 1479-22 Corrections, Military, & Veterans on H.C.R. No. 8**

The purpose of this measure is to request that the Department of Public Safety, Sheriff Division, fly the National League of Families of American Prisoners and Missing in Southeast Asia's flag year-round at the State Capitol.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the 101st Congress of the United States passed Public Law 101-355, recognizing the National League of Families of American Prisoners and Missing in Southeast Asia's flag as "the symbol of our Nation's concern and commitment to resolving as fully as possible the rates of Americans still prisoner, missing and unaccounted for in Southeast Asia, thus ending the uncertainty for their families and the Nation". Your Committee further finds that the importance of the flag lies in its continued visibility, making it a constant reminder of the plight of America's prisoners of war and missing in action.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 8 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

**SCRep. 1480-22 Legislative Management on H.R. No. 171**

The purpose of this measure is to improve public access to the legislative process by adopting rules to allow for virtual testimony, recorded hearings, and internet broadcasts of hearings beyond periods of catastrophic events, such as the coronavirus disease 2019 (COVID-19) pandemic.

Your Committee received testimony in support of this measure from Common Cause Hawaii; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and six individuals.

Your Committee finds that with the onset of the COVID-19 pandemic, physical access to the State Capitol, hearings, and live testimony was restricted. However, remote meetings were held safely and allowed people from farther distances or with limited mobility to effectively participate. Your Committee further finds that taking advantage of virtual attendance and remote testimony procedures developed during the pandemic would support the continuation of increased public access to the legislative process.

Your Committee has amended this measure by:

- (1) Amending its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 171, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 171, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Belatti).

**SCRep. 1481-22 Legislative Management on H.C.R. No. 171**

The purpose of this measure is to improve public access to the legislative process by adopting rules to allow for virtual testimony, recorded hearings, and internet broadcasts of hearings beyond periods of catastrophic events, such as the coronavirus disease 2019 (COVID-19) pandemic.

Your Committee received testimony in support of this measure from Common Cause Hawaii; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and one individual.

Your Committee finds that with the onset of the COVID-19 pandemic, physical access to the State Capitol, hearings, and live testimony was restricted. As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 171, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached

hereto as H.C.R. No. 171, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 1 (Belatti).

**SCRep. 1482-22 Transportation on H.R. No. 25**

The purpose of this measure is to encourage the Department of Transportation to work with stakeholders to develop a holistic management plan that will ensure Hana Highway is properly maintained and is safe for residents and visitors.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received comments on this measure from the Public Utilities Commission.

Your Committee finds that Hana Highway, an internationally renowned roadway, serves residents and visitors on Maui. However, there has been historic difficulty in maintaining Hana Highway due to physical location and multiple parties owning adjacent lands. In order to improve road safety for residents and visitors, it is necessary for the Department of Transportation to work with all stakeholders to ensure that Hana Highway is properly maintained for the safety of residents and visitors.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 25 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

**SCRep. 1483-22 Transportation on H.C.R. No. 29**

The purpose of this measure is to encourage the Department of Transportation to work with stakeholders to develop a holistic management plan that will ensure Hana Highway is properly maintained and is safe for residents and visitors.

Your Committee received testimony in support of this measure from the Department of Transportation, one member of the Maui County Council, and one individual. Your Committee received comments on this measure from the Public Utilities Commission.

Your Committee finds that Hana Highway, an internationally renowned roadway, serves residents and visitors on Maui. However, there has been historic difficulty in maintaining Hana Highway due to physical location and multiple parties owning adjacent lands. In order to improve road safety for residents and visitors, it is necessary for the Department of Transportation to work with all stakeholders to ensure that Hana Highway is properly maintained for the safety of residents and visitors.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 29 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

**SCRep. 1484-22 Transportation on H.R. No. 181**

The purpose of this measure is to request the Department of Transportation, in collaboration with the Departments of Land and Natural Resources and Business, Economic Development, and Tourism, to convene a working group to examine the impact of sustainable transportation solutions in the State, including ground-effect vehicles and other innovative technologies.

Your Committee received testimony in support of this measure from the Department of Transportation, REGENT Craft Inc., Hawaii Think Tank, Council for Native Hawaiian Advancement, and Surfrider Foundation. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that new developments and technological advancements in transportation may help to reduce carbon dioxide emissions and address many issues facing the State, including alleviating road congestion, increasing transportation convenience for residents, and providing underserved communities with greater access to affordable transportation. Additionally, the development and utilization of sustainable transportation solutions, such as ground-effect vehicles, may have significant impacts on the State. Therefore, examining these emerging technologies is worth investigating given the potential these innovative transportation solutions may provide the State.

Your Committee has amended this measure by:

(1) Amending the composition of the working group by:

- (A) Adding the Chief Energy Officer of the Hawaii State Energy Office, or the Chief Energy Officer's designee; and
- (B) Removing the Chairpersons of the Senate and House of Representatives Standing Committees on Transportation; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 181, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 181, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

**SCRep. 1485-22 Transportation on H.R. No. 125**

The purpose of this measure is to request the Auditor to conduct a performance audit of the Driver Education Program administered by the Departments of Transportation and Education.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that driver education is important for every driver. Due to the lack of availability of driver instructors and flexibility of the Department of Transportation to allow for online class instruction, there has been limited availability for driver education classes, especially for neighbor island residents. Therefore, this measure requests the Auditor to examine the backlog of driver education opportunities and programs and whether these activities are being conducted effectively, efficiently, economically, ethically, and equitably.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the

intent and purpose of H.R. No. 125 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

**SCRep. 1486-22 Transportation on H.C.R. No. 125**

The purpose of this measure is to request the Auditor to conduct a performance audit of the Driver Education Program administered by the Departments of Transportation and Education.

Your Committee received testimony in support of this measure from the Department of Transportation and Department of Education.

Your Committee finds that driver education is important for every driver. Due to the lack of availability of driver instructors and flexibility of the Department of Transportation to allow for online class instruction, there has been limited availability for driver education classes, especially for neighbor island residents. Therefore, this measure requests the Auditor to examine the backlog of driver education opportunities and programs and whether these activities are being conducted effectively, efficiently, economically, ethically, and equitably.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 125 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

**SCRep. 1487-22 Transportation on H.R. No. 141**

The purpose of this measure is to urge the Department of Transportation to name the Mokulele Bike Path after former State Representative Joseph "Joey" W. Bertram III in recognition and celebration of his life and role in the development of the Maui Veterans Highway bike route.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that Joseph "Joey" W. Bertram III dedicated four years of his life serving as a State Representative for District 11 in south Maui. Mr. Bertram was a strong advocate for greenways, open space, bikeways, and improved public transportation and played a significant role in the establishment and development of the Maui Veterans Highway bike route. Therefore, naming a portion of the bike route after Mr. Bertram would recognize and celebrate his life and role in the development of the Maui Veterans Highway bike route.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 141 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

**SCRep. 1488-22 Transportation on H.C.R. No. 141**

The purpose of this measure is to urge the Department of Transportation to name the Mokulele Bike Path after former State Representative Joseph "Joey" W. Bertram III in recognition and celebration of his life and role in the development of the Maui Veterans Highway bike route.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Department of Transportation.

Your Committee finds that Joseph "Joey" W. Bertram III dedicated four years of his life serving as a State Representative for District 11 in south Maui. As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 141 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

**SCRep. 1489-22 Transportation on H.R. No. 99**

The purpose of this measure is to urge the Public Utilities Commission to increase fines, fees, and enforcement efforts regarding tour bus operators who violate state law.

Your Committee received comments on this measure from the Public Utilities Commission.

Your Committee finds that some tour bus operators have negatively impacted the daily lives of the State's residents by monopolizing parking spots, blocking residential driveways, and dropping off passengers in locations that make roadways unsafe. Additionally, the Public Utilities Commission continues to issue citations for violations by tour bus operators, with many tour bus operators accruing multiple citations. Therefore, greater deterrents are needed to ensure that tour bus operators do not endanger or inconvenience the State's residents by repeatedly violating state law.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 99 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

**SCRep. 1490-22 Transportation on H.C.R. No. 103**

The purpose of this measure is to urge the Public Utilities Commission to increase fines, fees, and enforcement efforts regarding tour bus operators who violate state law.

Your Committee received comments on this measure from the Public Utilities Commission.

Your Committee finds that some tour bus operators have negatively impacted the daily lives of the State's residents by monopolizing parking spots, blocking residential driveways, and dropping off passengers in locations that make roadways unsafe. Additionally, the Public Utilities Commission continues to issue

citations for violations by tour bus operators, with many tour bus operators accruing multiple citations. Therefore, greater deterrents are needed to ensure that tour bus operators do not endanger or inconvenience the State's residents by repeatedly violating state law.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 103 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

#### **SCRep. 1491-22 Transportation on H.R. No. 37**

The purpose of this measure is to request the Auditor to conduct an audit of current harbor inspection procedures of state departments and federal agencies for out-of-state and interisland arrivals of shipping containers to prevent the importation of illegal fireworks into the State.

Your Committee received testimony in support of this measure from the Kihei Community Association. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Transportation and Office of the Auditor.

Your Committee finds that despite the ban on aerial fireworks and certain other consumer fireworks, there continues to be numerous instances of illegal firework use in the State. Additionally, the lack of sufficient cargo inspections increases the opportunity for illegal fireworks to enter the State. Therefore, an audit of current harbor inspection procedures of state departments for shipping containers would outline current inspection procedures at state harbors, identify any shortcomings in the current procedures, and determine any necessary changes that would reduce the volume of illegal fireworks being imported into the State.

Your Committee has amended this measure by:

- (1) Deleting language that would have requested the Auditor to conduct an audit of current harbor inspection procedures of federal agencies for shipping containers;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 37, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 37, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

#### **SCRep. 1492-22 Transportation on H.C.R. No. 42**

The purpose of this measure is to request the Auditor to conduct an audit of current harbor inspection procedures of state departments and federal agencies for out-of-state and interisland arrivals of shipping containers to prevent the importation of illegal fireworks into the State.

Your Committee received comments on this measure from the Department of Transportation and Office of the Auditor.

Your Committee finds that despite the ban on aerial fireworks and certain other consumer fireworks, there continues to be numerous instances of illegal firework use in the State. Additionally, the lack of sufficient cargo inspections increases the opportunity for illegal fireworks to enter the State. Therefore, an audit of current harbor inspection procedures of state departments for shipping containers would outline current inspection procedures at state harbors, identify any shortcomings in the current procedures, and determine any necessary changes that would reduce the volume of illegal fireworks being imported into the State.

Your Committee has amended this measure by:

- (1) Deleting language that would have requested the Auditor to conduct an audit of current harbor inspection procedures of federal agencies for shipping containers;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 42, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 42, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

#### **SCRep. 1493-22 Judiciary & Hawaiian Affairs on H.R. No. 143**

The purpose of this measure is to urge the Judiciary to partner with supporting agencies and request grant funds under the Victims of Crime Act to establish and support a restorative justice program in each county to allow victims and offenders an opportunity to participate in restorative justice.

Your Committee received testimony in support of this measure from Hawai'i Friends of Restorative Justice, Epic Ohana, and three individuals.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 143 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

#### **SCRep. 1494-22 Judiciary & Hawaiian Affairs on H.C.R. No. 143**

The purpose of this measure is to urge the Judiciary to partner with supporting agencies and request grant funds under the Victims of Crime Act to establish and support a restorative justice program in each county to allow victims and offenders an opportunity to participate in restorative justice.

Your Committee received testimony in support of this measure from Hawai'i Friends of Restorative Justice; Inmate Initiative, INC.; Epic Ohana; and three individuals. Your Committee received comments on this measure from the State of Hawaii Judiciary and ACLU of Hawai'i.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 143 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

**SCRep. 1495-22 Judiciary & Hawaiian Affairs on H.R. No. 57**

The purpose of this measure is to request the Department of Hawaiian Home Lands implement programs to support very low income native Hawaiian beneficiaries.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 57 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

**SCRep. 1496-22 Judiciary & Hawaiian Affairs on H.C.R. No. 63**

The purpose of this measure is to request the Department of Hawaiian Home Lands implement programs to support very low income native Hawaiian beneficiaries.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i and one individual. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 63 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

**SCRep. 1497-22 Judiciary & Hawaiian Affairs on H.C.R. No. 11**

The purpose of this measure is to request the creation and establishment of a task force within the Judiciary to determine the feasibility of and best system to transmit service of notice and process via electronic mail.

Your Committee received comments on this measure from the State of Hawaii Judiciary.

Your Committee has amended this measure by:

- (1) Clarifying that the task force should examine the initial service of process for lawsuits and notice of other proceedings.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 11, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 11, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

**SCRep. 1498-22 Judiciary & Hawaiian Affairs on H.R. No. 184**

The purpose of this measure is to urge the United States Congress to provide adequate funding for immigration services and the requesting data on the effect of case backlogs and the lack of free or low-cost legal representation on immigration cases filed in Hawaii.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations Office of Community Services, Hawai'i Coalition for Immigrant Rights, Hawai'i Friends of Civil Rights, and The Legal Clinic. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 184 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

**SCRep. 1499-22 Culture, Arts, & International Affairs on H.R. No. 161**

The purpose of this measure is to request the Creative Resurgence Task Force to continue to examine and determine measures and establish policies and programs to build and foster creativity and innovation through the arts, culture, and humanities in the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and State Foundation on Culture and the Arts.

Your Committee finds that in response to the devastating impact of the coronavirus disease 2019 pandemic on the State's creative economy and arts and humanities education, the Legislature adopted Senate Concurrent Resolution 242, S.D. 1, H.D. 1 (S.C.R. No. 242) in 2021, which called for the convening of a Creative Resurgence Task Force to build and foster creativity and innovation through the arts, culture, and humanities in the State. Your Committee further finds that while the Creative Resurgence Task Force has met several times since the adoption of S.C.R. No. 242, it needs additional time beyond the June 30, 2022, sunset date established by S.C.R. No. 242 to conduct its work. This measure recognizes the fruitful work done by the Creative Resurgence Task Force and requests that it continues its good work beyond June 30, 2022.

Your Committee has amended this measure by:

- (1) Extending the dissolution date of the Creative Resurgence Task Force to June 30, 2030, rather than June 30, 2024; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 161, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 161, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1500-22 Culture, Arts, & International Affairs on H.C.R. No. 161**

The purpose of this measure is to request the Creative Resurgence Task Force to continue to examine and determine measures and establish policies and programs to build and foster creativity and innovation through the arts, culture, and humanities in the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; State Foundation on Culture and the Arts; and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that in response to the devastating impact of the coronavirus disease 2019 pandemic on the State's creative economy and arts and humanities education, the Legislature adopted Senate Concurrent Resolution 242, S.D. 1, H.D. 1 (S.C.R. No. 242) in 2021, which called for the convening of a Creative Resurgence Task Force to build and foster creativity and innovation through the arts, culture, and humanities in the State. Your Committee further finds that while the Creative Resurgence Task Force has met several times since the adoption of S.C.R. No. 242, it needs additional time beyond the June 30, 2022, sunset date established by S.C.R. No. 242 to conduct its work. This measure recognizes the fruitful work done by the Creative Resurgence Task Force and requests that it continues its good work beyond June 30, 2022.

Your Committee has amended this measure by:

- (1) Extending the dissolution date of the Creative Resurgence Task Force to June 30, 2030, rather than June 30, 2024; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 161, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 161, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1501-22 Culture, Arts, & International Affairs on H.R. No. 162**

The purpose of this measure is to request the Hawaii Council for the Humanities, State Foundation on Culture and the Arts, and Hawaii State Public Library System to collaborate for the establishment of a Hawaii State Poet Laureate Program.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts and one individual.

Your Committee finds that literature and poetry are a way to blend multicultural voices, languages, and traditions in a manner that promotes dialogue, pride, and understanding within the State's diverse communities and with the world. On a national level, the promotion of poetry is done through the periodic appointment of a poet laureate by the Librarian of Congress. Your Committee further finds that the Hawaii Council for the Humanities, State Foundation on Culture and the Arts, and Hawaii State Public Library System have the qualifications to establish a Hawaii State Poet Laureate Program to nurture and connect the various cultures in Hawaii through the promotion of poetry.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 162 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1502-22 Culture, Arts, & International Affairs on H.C.R. No. 162**

The purpose of this measure is to request the Hawaii Council for the Humanities, State Foundation on Culture and the Arts, and Hawaii State Public Library System to collaborate for the establishment of a Hawaii State Poet Laureate Program.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, Hawai'i Council for the Humanities, Pacific Tongues, and fourteen individuals.

Your Committee finds that literature and poetry are a way to blend multicultural voices, languages, and traditions in a manner that promotes dialogue, pride, and understanding within the State's diverse communities and with the world. On a national level, the promotion of poetry is done through the periodic appointment of a poet laureate by the Librarian of Congress. Your Committee further finds that the Hawaii Council for the Humanities, State Foundation on Culture and the Arts, and Hawaii State Public Library System have the qualifications to establish a Hawaii State Poet Laureate Program to nurture and connect the various cultures in Hawaii through the promotion of poetry.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 162 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1503-22 Culture, Arts, & International Affairs on H.R. No. 167**

The purpose of this measure is to urge the United States Congress to enact federal legislation granting statehood to the people of Washington, D.C.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Americans for Democratic Action Hawai'i; United Public Workers, AFSCME Local 646, AFL-CIO; and American Civil Liberties Union of Hawai'i.

Your Committee finds that the people of Washington, D.C., share all the responsibilities of United States citizenship, including paying federal taxes, serving on federal juries, and defending the United States as members of the United States Armed Forces. Your Committee further finds that despite having a population larger than two states and equivalent to a third state, the people of Washington, D.C., are denied full representation in Congress. This measure urges members of the United States Congress to give the people of Washington, D.C., the same rights of self-governance and citizenship as other taxpaying American citizens by enacting federal legislation granting statehood to Washington, D.C.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 167 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.

**SCRep. 1504-22 Culture, Arts, & International Affairs on H.C.R. No. 167**

The purpose of this measure is to urge the United States Congress to enact federal legislation granting statehood to the people of Washington, D.C.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; and American Civil Liberties Union of Hawai'i.

Your Committee finds that the people of Washington, D.C., share all the responsibilities of United States citizenship, including paying federal taxes, serving on federal juries, and defending the United States as members of the United States Armed Forces. Your Committee further finds that despite having a population larger than two states and equivalent to a third state, the people of Washington, D.C., are denied full representation in Congress. This measure urges members of the United States Congress to give the people of Washington, D.C., the same rights of self-governance and citizenship as other taxpaying American citizens by enacting federal legislation granting statehood to Washington, D.C.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 167 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.

**SCRep. 1505-22 Culture, Arts, & International Affairs on H.C.R. No. 14**

The purpose of this measure is to establish a sister-state relationship between the State of Hawaii and the Autonomous Region of Madeira, Portugal.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that Hawaii has a long and strong historical bond with the people of Madeira, beginning with the arrival in Honolulu Harbor of one hundred eight contract laborers from Madeira on September 30, 1878. Immigrants from Madeira brought elements of their culture that have become integral parts of Hawaii, such as the braguinha, which became the 'ukulele; linguça, which became Portuguese sausage; and their skills as cattlemen, whose traditions shaped Hawaii's paniolo. Your Committee further finds that the Hawaii Sister-State Committee has reviewed the Hawaii-Madeira sister-state application and has recommended that a sister-state relationship be established between Hawaii and the Autonomous Region of Madeira.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 14 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1506-22 Culture, Arts, & International Affairs on H.R. No. 14**

The purpose of this measure is to recognize March 17 as St. Patrick's Day in honor of Saint Patrick and in recognition of the longstanding relationship between Ireland and the United States and the noteworthy contributions and achievements of Irish-Americans to the United States.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that although St. Patrick's Day began as a religious holiday, in America it has become a celebration of Irish culture and history by peoples of diverse ethnicities and cultures with parades, festivals, traditional Irish music sessions, and other activities that honor and celebrate the life of Saint Patrick and recognize the contributions and achievements of the Irish to America's melting pot of people and cultures.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 14 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1507-22 Culture, Arts, & International Affairs on H.C.R. No. 15**

The purpose of this measure is to recognize March 17 as St. Patrick's Day in honor of Saint Patrick and in recognition of the longstanding relationship between Ireland and the United States and the noteworthy contributions and achievements of Irish-Americans to the United States.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies and one individual.

Your Committee finds that although St. Patrick's Day began as a religious holiday, in America it has become a celebration of Irish culture and history by peoples of diverse ethnicities and cultures with parades, festivals, traditional Irish music sessions, and other activities that honor and celebrate the life of Saint Patrick and recognize the contributions and achievements of the Irish to America's melting pot of people and cultures.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 15 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1508-22 Culture, Arts, & International Affairs on H.R. No. 103**

The purpose of this measure is to recognize April 17 through April 23, 2022, as Volunteer Week in Hawaii.

Your Committee received testimony in support of this measure from Kanu Hawaii.

Your Committee finds that National Volunteer Week was first designated by President Nixon in 1974 to encourage community engagement through volunteer services. Your Committee further finds that Hawaii recognized and participated in National Volunteer Week in 2020 and 2021. This measure

mirrors national recognition of volunteers by recognizing April 17 through April 23, 2022, as Volunteer Week in the State of Hawaii.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 103 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1509-22 Culture, Arts, & International Affairs on H.C.R. No. 107**

The purpose of this measure is to recognize April 17 through April 23, 2022, as Volunteer Week in Hawaii.

Your Committee received testimony in support of this measure from Kanu Hawaii.

Your Committee finds that National Volunteer Week was first designated by President Nixon in 1974 to encourage community engagement through volunteer services. Your Committee further finds that Hawaii recognized and participated in National Volunteer Week in 2020 and 2021. This measure mirrors national recognition of volunteers by recognizing April 17 through April 23, 2022, as Volunteer Week in the State of Hawaii.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 107 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1510-22 Culture, Arts, & International Affairs on H.R. No. 119**

The purpose of this measure is to request the State Foundation on Culture and the Arts to report information relating to expenditures from the Works of Art Special Fund for the curation and preservation of Native Hawaiian art.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts and one individual.

Your Committee finds that the mission of the State Foundation on Culture and the Arts is to promote, perpetuate, and preserve culture and the arts in Hawaii, many of which are supported through the Works of Art Special Fund. However, Native Hawaiian art and culture are often also displayed through oral and dance performances, which are not supported through the Works of Art Special Fund. Your Committee further finds that the State Foundation on Culture and the Arts does not report on the need to perpetuate, support, and secure Native Hawaiian culture, arts, and intellectual property or on the number, amount, or cost of art produced by artists of Native Hawaiian descent that have been collected through the Works of Art Special Fund. This measure requests the reporting of that information as a first step toward the acquisition of more Native Hawaiian art through the Works of Art Special Fund and the inclusion of performing arts as a permissible use of the Works of Art Special Fund to perpetuate Native Hawaiian cultural practices.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 119 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1511-22 Culture, Arts, & International Affairs on H.C.R. No. 119**

The purpose of this measure is to request the State Foundation on Culture and the Arts to report information relating to expenditures from the Works of Art Special Fund for the curation and preservation of Native Hawaiian art.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts and four individuals.

Your Committee finds that the mission of the State Foundation on Culture and the Arts is to promote, perpetuate, and preserve culture and the arts in Hawaii, many of which are supported through the Works of Art Special Fund. However, Native Hawaiian art and culture are often also displayed through oral and dance performances, which are not supported through the Works of Art Special Fund. Your Committee further finds that the State Foundation on Culture and the Arts does not report on the need to perpetuate, support, and secure Native Hawaiian culture, arts, and intellectual property or on the number, amount, or cost of art produced by artists of Native Hawaiian descent that have been collected through the Works of Art Special Fund. As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 119 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1512-22 Culture, Arts, & International Affairs on H.R. No. 121**

The purpose of this measure is to request the University of Hawaii to report on the Pamantasan Council's statewide efforts to improve the status of Filipinos at the University of Hawaii.

Your Committee received testimony in support of this measure from the University of Hawaii's Pamantasan Council, Hawaii's Friends of Civil Rights, Sariling Gawa Youth Council, and four individuals.

Your Committee finds that while Filipino student representation has increased at the University of Hawaii at Manoa, Filipino students continue to be underrepresented at the undergraduate level and are significantly underrepresented in graduate and professional degree programs. Your Committee further finds that Filipino faculty are underrepresented at all University of Hawaii campuses, with many Filipino faculty members in temporary positions while critical, permanent faculty positions remain unfilled. This measure aids in meeting the State's goals for access, diversity, and workforce development by requesting a report on the Pamantasan Council's efforts to improve the status of Filipinos at the University of Hawaii.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 121 and recommends that it be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1513-22 Culture, Arts, & International Affairs on H.C.R. No. 121**

The purpose of this measure is to request the University of Hawaii to report on the Pamantasan Council's statewide efforts to improve the status of Filipinos at the University of Hawaii.

Your Committee received testimony in support of this measure from the University of Hawai'i Pamantasan Council, Hawai'i Friends of Civil Rights, Sariling Gawa Youth Council, and three individuals.

Your Committee finds that while Filipino student representation has increased at the University of Hawaii at Manoa, Filipino students continue to be underrepresented at the undergraduate level and are significantly underrepresented in graduate and professional degree programs. Your Committee further finds that Filipino faculty are underrepresented at all University of Hawaii campuses, with many Filipino faculty members in temporary positions while critical, permanent faculty positions remain unfilled. This measure aids in meeting the State's goals for access, diversity, and workforce development by requesting a report on the Pamantasan Council's efforts to improve the status of Filipinos at the University of Hawaii.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 121 and recommends that it be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1514-22 Culture, Arts, & International Affairs on H.R. No. 152**

The purpose of this measure is to recognize the period between 2022 and 2032 as the United Nations International Decade of Indigenous Languages.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the United Nations proclaimed 2019 as the International Year of Indigenous Languages and 2022 to 2032 as the International Decade of Indigenous Languages in response to concern that forty percent of the world's estimated six thousand seven hundred languages were in danger of disappearing and to draw attention to the urgent need to take steps at national and international levels to preserve, revitalize, and promote indigenous languages. Your Committee further finds that 'Ōlelo Hawai'i is an indigenous language of Hawai'i and is recognized as one of the official languages of the State by the Hawaii State Constitution. This measure recognizes the achievements over the past thirty-five years in restoring and revitalizing 'Ōlelo Hawai'i and upholds the spirit of the International Year of Indigenous Languages by recognizing the period between 2022 and 2032 as the United Nations International Decade of Indigenous Languages.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 152 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1515-22 Culture, Arts, & International Affairs on H.C.R. No. 152**

The purpose of this measure is to recognize the period between 2022 and 2032 as the United Nations International Decade of Indigenous Languages.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that the United Nations proclaimed 2019 as the International Year of Indigenous Languages and 2022 to 2032 as the International Decade of Indigenous Languages in response to concern that forty percent of the world's estimated six thousand seven hundred languages were in danger of disappearing and to draw attention to the urgent need to take steps at national and international levels to preserve, revitalize, and promote indigenous languages. Your Committee further finds that 'Ōlelo Hawai'i is an indigenous language of Hawai'i and is recognized as one of the official languages of the State by the Hawaii State Constitution. This measure recognizes the achievements over the past thirty-five years in restoring and revitalizing 'Ōlelo Hawai'i and upholds the spirit of the International Year of Indigenous Languages by recognizing the period between 2022 and 2032 as the United Nations International Decade of Indigenous Languages.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 152 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1516-22 Culture, Arts, & International Affairs on H.R. No. 160**

The purpose of this measure is to celebrate the ties between Hawaii and the Freely Associated States and to urge the President of the United States and United States Congress to appoint a lead negotiator to revitalize and finalize the stalled renegotiation of the Compacts of Free Association prior to the compacts' expiration.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that citizens of the Freely Associated States provide important social, cultural, and economic contributions to Hawaii. Your Committee further finds that negotiations to extend financial provisions of the Compacts of Free Association, which are set to expire in 2023 and 2024, have stalled and remain incomplete, creating a looming national security threat and threatening the ability of citizens of the Freely Associated States to access many of the United States' domestic programs. This measure celebrates the many contributions of the Compacts of Free Association population in Hawaii and the broader United States and recognizes the importance of the Compacts of Free Association to the United States and the Freely Associated States by urging the President and Congress of the United States to revitalize and finalize the stalled negotiations of the Compacts of Free Association before any portion of those compacts expire.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 160 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1517-22 Culture, Arts, & International Affairs on H.C.R. No. 160**

The purpose of this measure is to celebrate the ties between Hawaii and the Freely Associated States and to urge the President of the United States and

United States Congress to appoint a lead negotiator to revitalize and finalize the stalled renegotiation of the Compacts of Free Association prior to the compacts' expiration.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that citizens of the Freely Associated States provide important social, cultural, and economic contributions to Hawaii. Your Committee further finds that negotiations to extend financial provisions of the Compacts of Free Association, which are set to expire in 2023 and 2024, have stalled and remain incomplete, creating a looming national security threat and threatening the ability of citizens of the Freely Associated States to access many of the United States' domestic programs. This measure celebrates the many contributions of the Compacts of Free Association population in Hawaii and the broader United States and recognizes the importance of the Compacts of Free Association to the United States and the Freely Associated States by urging the President and Congress of the United States to revitalize and finalize the stalled negotiations of the Compacts of Free Association before any portion of those compacts expire.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 160 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1518-22 Pandemic & Disaster Preparedness on H.R. No. 30**

The purpose of this measure is to request the Hawaii Emergency Management Agency to develop a preliminary draft evacuation plan for areas within lava zones 1, 2, 3, 4, and 6.

Your Committee received testimony in support of this measure from six individuals. Your Committee received comments on this measure from the Hawaii Emergency Management Agency.

Your Committee finds that Mauna Loa is the largest active volcano on the planet and that the Kilauea volcano is currently erupting with lava pouring into the lava lake within Halemaumau Crater. There are numerous volcanic hazards associated with Mauna Loa and Kilauea for the County of Hawaii and these hazards require a collective effort to mitigate any impact to the people of the County of Hawaii. This measure would ensure the safety of residents and visitors of the County of Hawaii by requesting the Hawaii Emergency Management Agency to develop a preliminary draft evacuation plan for certain areas within the lava zone.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 30 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (McKelvey, Mizuno, Wildberger).

#### **SCRep. 1519-22 Pandemic & Disaster Preparedness on H.C.R. No. 35**

The purpose of this measure is to request the Hawaii Emergency Management Agency to develop a preliminary draft evacuation plan for areas within lava zones 1, 2, 3, 4, and 6.

Your Committee received testimony in support of this measure from six individuals. Your Committee received comments on this measure from the Hawaii Emergency Management Agency.

Your Committee finds that Mauna Loa is the largest active volcano on the planet and that the Kilauea volcano is currently erupting with lava pouring into the lava lake within Halemaumau Crater. There are numerous volcanic hazards associated with Mauna Loa and Kilauea for the County of Hawaii and these hazards require a collective effort to mitigate any impact to the people of the County of Hawaii. This measure would ensure the safety of residents and visitors of the County of Hawaii by requesting the Hawaii Emergency Management Agency to develop a preliminary draft evacuation plan for certain areas within the lava zone.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 35 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (McKelvey, Mizuno, Wildberger).

#### **SCRep. 1520-22 Judiciary & Hawaiian Affairs on H.R. No. 128**

The purpose of this measure is to urge the counties to more effectively and meaningfully coordinate their police enforcement and public awareness efforts with the State and with Humane Societies and other animal welfare organizations concerning the dangers posed by unleashed dogs to humans and other animals in public areas.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 128 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

#### **SCRep. 1521-22 Judiciary & Hawaiian Affairs on H.C.R. No. 128**

The purpose of this measure is to urge the counties to more effectively and meaningfully coordinate their police enforcement and public awareness efforts with the State and with Humane Societies and other animal welfare organizations concerning the dangers posed by unleashed dogs to humans and other animals in public areas.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 128 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

**SCRep. 1522-22 Judiciary & Hawaiian Affairs on H.R. No. 130**

The purpose of this measure is to offer an apology to the Native Hawaiian people for the effective prohibition in Hawaii schools of the instructional use of ‘Ōlelo Hawaii from 1896 to 1986.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs. Your Committee received testimony in opposition of this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from one individual.

Your Committee notes this resolution is not meant to create or acknowledge any liability on behalf of the State of Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 130 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

**SCRep. 1523-22 Judiciary & Hawaiian Affairs on H.C.R. No. 130**

The purpose of this measure is to offer an apology to the Native Hawaiian people for the effective prohibition in Hawaii schools of the instructional use of ‘Ōlelo Hawaii from 1896 to 1986.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and three individuals. Your Committee received testimony in opposition of this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee notes this resolution is not meant to create or acknowledge any liability on behalf of the State of Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 130 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

**SCRep. 1524-22 Judiciary & Hawaiian Affairs on H.R. No. 157**

The purpose of this measure is to urge the allocation of additional resources to increase police presence on the Wai‘anae Coast and the creation of a new police district separate from Kapolei and ‘Ewa.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers and two individuals.

Your Committee finds that that separate police districts may be beneficial for other communities in the state as well.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 157 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

**SCRep. 1525-22 Judiciary & Hawaiian Affairs on H.C.R. No. 157**

The purpose of this measure is to urge the allocation of additional resources to increase police presence on the Wai‘anae Coast and the creation of a new police district separate from Kapolei and ‘Ewa.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers and six individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that separate police districts may be beneficial for other communities in the state as well.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 157 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

**SCRep. 1526-22 Judiciary & Hawaiian Affairs on H.C.R. No. 182**

The purpose of this measure is to request the City and County of Honolulu to convene a working group to develop recommendations to improve sidewalk maintenance.

Your Committee received testimony in support of this measure from four individuals.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 182 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (D. Kobayashi). Excused, 1 (Ichiyama).

**SCRep. 1527-22 Judiciary & Hawaiian Affairs on H.C.R. No. 17**

The purpose of this measure is to request the Department of Land and Natural Resources to convene a task force to develop a feral ungulate management plan for West Hawaii.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Cattlemen's Council, Hawaii Wildlife Fund, Hawaii Forest Industry Association, Hui Aloha Kiholo, and three individuals. Your Committee received comments on this measure from the Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 17 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

**SCRep. 1528-22 Corrections, Military, & Veterans on H.R. No. 182**

The purpose of this measure is to request that the Department of Land and Natural Resources conduct public forums in communities adjacent to large parcels of state lands that are currently leased to the military and that have leases that are scheduled for renewal or expiration within the next ten years.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and Hawaii Military Affairs Council.

Your Committee finds that Article XI, section 1, of the Hawaii State Constitution provides that the State and its political subdivisions shall conserve and protect Hawaii's natural beauty and all natural resources, and that all public natural resources are held in trust by the State for the benefit of the people. With sixty-five-year leases to the military due to expire within the next several years, your Committee further finds that it is time to evaluate whether those leases should be renewed or the land returned to the people of Hawaii. This measure promotes increased opportunities for the voices in surrounding communities to be heard and considered.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 182 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Branco, Morikawa, Tarnas). Noes, none. Excused, 2 (Kong, McDermott).

**SCRep. 1529-22 Culture, Arts, & International Affairs on H.R. No. 40**

The purpose of this measure is to encourage all counties of Hawaii to create a special number plate design for motor vehicles to commemorate the accomplishments of Carissa Kainani Moore.

Your Committee did not receive any testimony on this measure.

Your Committee finds that Carissa Kainani Moore is the first female gold medalist in Olympic surfing history. Your Committee further finds that in addition to Ms. Moore's many accomplishments on the water, she is an outstanding member of Hawaii's community and has donated her time and resources to numerous causes including support for charities, local surf clubs, speaking out against sexism and body-shaming, and bringing attention to eating disorders. This measure recognizes and honors Ms. Moore's contributions in and out of the water by encouraging all counties in the State to create a special number plate to commemorate her accomplishments.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 40 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1530-22 Culture, Arts, & International Affairs on H.C.R. No. 45**

The purpose of this measure is to encourage all counties of Hawaii to create a special number plate design for motor vehicles to commemorate the accomplishments of Carissa Kainani Moore.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that Carissa Kainani Moore is the first female gold medalist in Olympic surfing history. Your Committee further finds that in addition to Ms. Moore's many accomplishments on the water, she is an outstanding member of Hawaii's community and has donated her time and resources to numerous causes including support for charities, local surf clubs, speaking out against sexism and body-shaming, and bringing attention to eating disorders. This measure recognizes and honors Ms. Moore's contributions in and out of the water by encouraging all counties in the State to create a special number plate to commemorate her accomplishments.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 45 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1531-22 Culture, Arts, & International Affairs on H.R. No. 106**

The purpose of this measure is to request the Hawaii Sister-State Committee to evaluate and develop recommendations for the initiation of a sister-state relationship with the city of Auckland, New Zealand.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that a sister-state relationship with Auckland, New Zealand, will be highly beneficial to Hawaii economically and culturally and will allow the State to further develop bonds of goodwill, friendship, and economic relations on an international level.

Your Committee has amended this measure by:

- (1) Requesting the Hawaii Sister-State Committee to form a sister-state relationship with the Auckland Region, New Zealand, rather than the city of Auckland, New Zealand; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 106, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 106, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1532-22 Culture, Arts, & International Affairs on H.C.R. No. 110**

The purpose of this measure is to request the Hawaii Sister-State Committee to evaluate and develop recommendations for the initiation of a sister-state relationship with the city of Auckland, New Zealand.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that a sister-state relationship with Auckland, New Zealand, will be highly beneficial to Hawaii economically and culturally and will allow the State to further develop bonds of goodwill, friendship, and economic relations on an international level.

Your Committee has amended this measure by:

- (1) Requesting the Hawaii Sister-State Committee to form a sister-state relationship with the Auckland Region, New Zealand, rather than the city of Auckland, New Zealand; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 110, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 110, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1533-22 Culture, Arts, & International Affairs on H.R. No. 148**

The purpose of this measure is to endorse and adopt the Treaty on the Prohibition of Nuclear Weapons and urge federal leaders to make nuclear disarmament the centerpiece of the United States' national security policy.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that more than fourteen thousand nuclear warheads are still in existence, with the bulk of the world's nuclear arsenal held by the United States and Russia. Your Committee further finds that in July 2017, one hundred twenty-two nations called for the elimination of all nuclear weapons by adopting the Treaty on the Prohibition of Nuclear Weapons. This measure recognizes the intolerable threat to human life posed by the threat of nuclear war and urges federal leaders to embrace the Treaty on the Prohibition of Nuclear Weapons and make nuclear disarmament the centerpiece of the United States' national security policy.

Your Committee has amended this measure by:

- (1) Amending the title to more accurately reflect the measure's purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 148, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 148, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.

#### **SCRep. 1534-22 Culture, Arts, & International Affairs on H.C.R. No. 148**

The purpose of this measure is to endorse and adopt the Treaty on the Prohibition of Nuclear Weapons and urge federal leaders to make nuclear disarmament the centerpiece of the United States' national security policy.

Your Committee received testimony in support of this measure from the Malu 'Aina Center for Non-Violent Education & Action; Veterans for Peace, Hawai'i Chapter 113; and ten individuals.

Your Committee finds that more than fourteen thousand nuclear warheads are still in existence, with the bulk of the world's nuclear arsenal held by the United States and Russia. Your Committee further finds that in July 2017, one hundred twenty-two nations called for the elimination of all nuclear weapons by adopting the Treaty on the Prohibition of Nuclear Weapons. This measure recognizes the intolerable threat to human life posed by the threat of nuclear war and urges federal leaders to embrace the Treaty on the Prohibition of Nuclear Weapons and make nuclear disarmament the centerpiece of the United States' national security policy.

Your Committee has amended this measure by:

- (1) Amending the title to more accurately reflect the measure's purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 148, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 148, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.

#### **SCRep. 1535-22 Culture, Arts, & International Affairs on H.R. No. 159**

The purpose of this measure is to recognize the historic, cultural, and strategic connections among the peoples of Oceania, of which Hawai'i is a part, and to urge greater collaboration with governments of these nations and implementation of programs and training to combat discrimination against Pacific Island communities.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission.

Your Committee finds that Hawaii shares significant and deep historic ties with other nations comprising Oceania. Your Committee further finds that it is in the best interest of the State to deepen and strengthen those ties, celebrate the diverse natures and cultures of Oceania, collaborate and exchange best practices on commonly shared policy issues, and implement programs and trainings to combat discrimination against Pacific Island communities.

Your Committee has amended this measure by:

- (1) Amending its title;
- (2) Including the President of the Association of Pacific Island Legislatures as a recipient of a certified copy of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 159, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 159, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1536-22 Culture, Arts, & International Affairs on H.C.R. No. 159**

The purpose of this measure is to recognize the historic, cultural, and strategic connections among the peoples of Oceania, of which Hawai'i is a part, and to urge greater collaboration with governments of these nations and implementation of programs and training to combat discrimination against Pacific Island communities.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission and four individuals.

Your Committee finds that Hawaii shares significant and deep historic ties with other nations comprising Oceania. Your Committee further finds that it is in the best interest of the State to deepen and strengthen those ties, celebrate the diverse natures and cultures of Oceania, collaborate and exchange best practices on commonly shared policy issues, and implement programs and trainings to combat discrimination against Pacific Island communities.

Your Committee has amended this measure by:

- (1) Amending its title;
- (2) Including the President of the Association of Pacific Island Legislatures as a recipient of a certified copy of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 159, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 159, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1537-22 Culture, Arts, & International Affairs on H.R. No. 105**

The purpose of this measure is to designate the Waianae Moku Kupuna Council as an advisory resource to the elected members of the legislature of the state of Hawaii representing the Waianae Moku community.

Your committee has received testimony in support of the measure from two individuals.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 105 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1538-22 Culture, Arts, & International Affairs on H.C.R. No. 109**

The purpose of this measure is to designate the Waianae Moku Kupuna Council as an advisory resource to the elected members of the legislature of the state of Hawaii representing the Waianae Moku community.

Your committee has received testimony in support of the measure from one individual.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 109 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1539-22 Culture, Arts, & International Affairs on H.C.R. No. 27**

The purpose of this measure is to request:

- (1) The United States Census Bureau to re-designate the census-designated place known as Captain Cook on the island of Hawaii as Ka'awaloa; and
- (2) Hawaii County to remove all references to Captain Cook as a place name on the island of Hawaii.

Your Committee received testimony in support of this measure from The KoLab and one individual. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that Captain Cook is a census-designated place in South Kona named after the area's post office, which was located in the Captain Cook Coffee Company during the early 1900s. Your Committee further finds that prior to being designated as Captain Cook, the area was home to a thriving Hawaiian village and royal residence known as Ka'awaloa. Your Committee finds re-designating the area as Ka'awaloa would recognize and honor the rich and storied history of Hawaii.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 27, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 27, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.

**SCRep. 1540-22 Legislative Management on H.R. No. 112**

The purpose of this measure is to request the State House of Representatives to create a Department of Hawaiian Home Lands Housing Construction Oversight Committee.

Your Committee received testimony in opposition to this measure from the Department of Hawaiian Home Lands.

Your Committee finds that the investment of \$600,000,000 toward the implementation of the Hawaiian Homes Commission Act would represent a historic infusion of resources to address the needs of thousands of beneficiaries on the Department of Hawaiian Home Lands waiting list. This measure intends to provide a mechanism for oversight of those funds.

Your Committee has amended this measure by:

- (1) Establishing the oversight committee, rather than requesting it be established;
- (2) Amending its title accordingly;
- (3) Requesting the Speaker of the House of Representatives to appoint the members of the oversight committee and specifying their qualifications; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 112, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 112, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Belatti).

#### **SCRep. 1541-22 Transportation on H.R. No. 153**

The purpose of this measure is to urge the counties to:

- (1) Develop an option that allows residents to remit their motor vehicle registration taxes and fees on a pro-rated biannual basis; and
- (2) Consider a process that establishes a moratorium on motor vehicle registration taxes and fees.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that while motor vehicles are often necessary for travel to and from work and to carry out other daily activities, some low-income individuals may not be able to pay the taxes and fees associated with motor vehicle registration in lump sum or may experience financial hardship in doing so. Additionally, if an individual is unable to pay for the taxes and fees associated with motor vehicle registration and incurs a penalty for late registration of the motor vehicle, the cycle of financial hardship on the individual continues and the fiscal responsibilities increase as delinquent fees and other costs continue to mount. Allowing low-income and other qualified individuals to pay their motor vehicle registration taxes and fees on a pro-rated semiannual basis may alleviate the financial hardships associated with transportation in the State.

Your Committee has amended this measure by:

- (1) Clarifying the requested option for residents to remit their motor vehicle registration taxes and fees to be on a pro-rated semiannual, rather than biannual, basis;
- (2) Deleting language urging the counties to establish a moratorium on motor vehicle registration taxes and fees;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 153, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 153, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

#### **SCRep. 1542-22 Transportation on H.C.R. No. 153**

The purpose of this measure is to urge the counties to:

- (1) Develop an option that allows residents to remit their motor vehicle registration taxes and fees on a pro-rated biannual basis; and
- (2) Consider a process that establishes a moratorium on motor vehicle registration taxes and fees.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that while motor vehicles are often necessary for travel to and from work and to carry out other daily activities, some low-income individuals may not be able to pay the taxes and fees associated with motor vehicle registration in lump sum or may experience financial hardship in doing so. Additionally, if an individual is unable to pay for the taxes and fees associated with motor vehicle registration and incurs a penalty for late registration of the motor vehicle, the cycle of financial hardship on the individual continues and the fiscal responsibilities increase as delinquent fees and other costs continue to mount. Allowing low-income and other qualified individuals to pay their motor vehicle registration taxes and fees on a pro-rated semiannual basis may alleviate the financial hardships associated with transportation in the State.

Your Committee has amended this measure by:

- (1) Clarifying the requested option for residents to remit their motor vehicle registration taxes and fees to be on a pro-rated semiannual, rather than biannual, basis;
- (2) Deleting language relating to the establishment of a moratorium on motor vehicle registration taxes and fees;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 153, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 153, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

#### **SCRep. 1543-22 Transportation on H.R. No. 180**

The purpose of this measure is to request the Department of Transportation to convene a working group and various federal, state, and county committees to create and recommend federal, state, and county subsidies for the transport of waterborne cargo consistent with the findings and recommendations of the Water Carriers Working Group's final report.

Your Committee received testimony in support of this measure from the Department of Transportation; Young Brothers, LLC; and Hawaii Harbor Users Group.

Your Committee finds that a Water Carriers Working Group was convened in 2020 to recommend mid-term and long-term solutions to balance the need for continuous interisland water carrier service throughout the State with the need for water carriers to maintain financial sustainability. The Water Carriers Working Group's final report recommended, among other things, that the Department of Transportation convene a working group and various federal, state, and county committees to create and recommend various government subsidies for the transport of waterborne cargo. This measure ensures that those recommendations are further pursued to address Hawaii's high dependency on the import of goods.

Your Committee has amended this measure by:

- (1) Amending the composition of the working group by:
  - (A) Adding representation from the Public Utilities Commission, Hawaii Farm Bureau, a labor organization that represents longshoremen, and Hawaii Cattlemen's Council; and
  - (B) Removing the Chairpersons of the Senate and House of Representatives Standing Committees on Transportation; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 180, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 180, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

#### **SCRep. 1544-22 Transportation on H.C.R. No. 180**

The purpose of this measure is to request the Department of Transportation to convene a working group and various federal, state, and county committees to create and recommend federal, state, and county subsidies for the transport of waterborne cargo consistent with the findings and recommendations of the Water Carriers Working Group's final report.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Transportation; Young Brothers, LLC; and Hawaii Harbor Users Group.

Your Committee finds that a Water Carriers Working Group was convened in 2020 to recommend mid-term and long-term solutions to balance the need for continuous interisland water carrier service throughout the State with the need for water carriers to maintain financial sustainability. The Water Carriers Working Group's final report recommended, among other things, that the Department of Transportation convene a working group and various federal, state, and county committees to create and recommend various government subsidies for the transport of waterborne cargo. This measure ensures that those recommendations are further pursued to address Hawaii's high dependency on the import of goods.

Your Committee has amended this measure by:

- (1) Amending the composition of the working group by:
  - (A) Adding representation from the Public Utilities Commission, Hawaii Farm Bureau, a labor organization that represents longshoremen, and Hawaii Cattlemen's Council; and
  - (B) Removing the Chairpersons of the Senate and House of Representatives Standing Committees on Transportation; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 180, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 180, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

#### **SCRep. 1545-22 Higher Education & Technology on H.R. No. 118**

The purpose of this measure is to urge the Public Utilities Commission to develop and adopt an efficient, streamlined process for reviewing electric utilities' requests to provide middle mile broadband services, as authorized under section 269-19, Hawaii Revised Statutes, in furtherance of the State's efforts to expedite broadband access and equity.

Your Committee received testimony in support of this measure from Hawaiian Electric Company, Inc. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Hawaiian Telcom, and Charter Communications.

Your Committee finds that it is vitally important that broadband capacity be developed to reach all communities throughout Hawaii, particularly unserved and underserved areas. This measure is a step in that direction.

Your Committee has amended this measure by:

- (1) Specifically urging the Public Utilities Commission to develop and adopt an efficient, streamlined process for reviewing electric utilities' requests to provide middle mile broadband services, as authorized under section 269-19, Hawaii Revised Statutes, in furtherance of the State's efforts to promote expeditious broadband deployment to areas of the State that are unserved and underserved;
- (2) Amending its title accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 118, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 118, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Ohno, Quinlan, Woodson).

**SCRep. 1546-22 Higher Education & Technology on H.C.R. No. 118**

The purpose of this measure is to urge the Public Utilities Commission to develop and adopt an efficient, streamlined process for reviewing electric utilities' requests to provide middle mile broadband services, as authorized under section 269-19, Hawaii Revised Statutes, in furtherance of the State's efforts to expedite broadband access and equity.

Your Committee received testimony in support of this measure from Hawaiian Electric Company, Inc. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Hawaiian Telcom, and Charter Communications.

Your Committee finds that it is vitally important that broadband capacity be developed to reach all communities throughout Hawaii, particularly unserved and underserved areas. This measure is a step in that direction.

Your Committee has amended this measure by:

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 118, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 118, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Ohno, Quinlan, Woodson).

**SCRep. 1547-22 Health, Human Services, & Homelessness on H.C.R. No. 28**

The purpose of this measure is to request the Auditor to assess the social and financial effects of mandatory health insurance coverage for fertility preservation procedures for certain persons who have been diagnosed with cancer and whose cancer or cancer treatment may adversely affect their fertility.

Your Committee received testimony in support of this measure from Kaiser Permanente, Hawaii Society of Clinical Oncology, Alliance for Fertility Preservation, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from Hawaii Medical Service Association and Hawaii Association of Health Plans.

Your committee notes the testimony provided by Kaiser Permanente and Hawaii Medical Service Association that the study be further refined to include ethical and legal issues surrounding the rights and entitlements with respect to the cryopreserved material, as well as the legal rights of offspring conceived posthumously, including contract remedies, i.e., cryobank agreement, to address the storage and disposition of the cryopreserved material.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 28 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1548-22 Health, Human Services, & Homelessness on H.C.R. No. 33**

The purpose of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health insurance coverage for early access breast cancer screening.

Your Committee received testimony in support of this measure from the University of Hawaii Cancer Center, Hawaii Radiological Society, Hawaii Medical Association, CHI Lifestyle Medical Center, Hawaii Society of Clinical Oncology, the University of Hawaii, and three individuals. Your Committee received comments on this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 33 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1549-22 Health, Human Services, & Homelessness on H.R. No. 33**

The purpose of this measure is to request the Auditor to conduct a performance audit of the Department of Health, Hawaii State Hospital, and Hawaii Information Portal

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association. Your Committee received comments on this measure from the Office of the Auditor.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 33 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1550-22 Health, Human Services, & Homelessness on H.C.R. No. 38**

The purpose of this measure is to request the Auditor to conduct a performance audit of the Department of Health, Hawaii State Hospital, and the Hawaii

Information Portal.

Your Committee received testimony in support of this measure from The Office of Enterprise Technology Services, Hawaii Government Employees Association, and eight individuals. Your Committee received comments on this measure from the Office of the Auditor.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 38 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1551-22 Health, Human Services, & Homelessness on H.R. No. 62**

The purpose of this measure is to designate the month of September 2022 as Child Care Provider Appreciation Month.

Your committee received testimony in support of this measure from Hawaii State Executive Office on Early Learning, Hawaii Children's Action Network Speaks!, Early Childhood Action Strategy and two individuals.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 62 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1552-22 Health, Human Services, & Homelessness on H.C.R. No. 69**

The purpose of this measure is to designate the month of September 2022 as Child Care Provider Appreciation Month.

Your Committee received testimony in support of this measure from Hawaii State Council on Developmental Disabilities, Hawaii State Executive Office on Early Learning, Hawaii State Department of Education, Hawaii Association of Psychologists, Hawaii Children's Action Network Speaks!, Early Childhood Action Strategy and four individuals.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 69 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1553-22 Health, Human Services, & Homelessness on H.R. No. 77**

The purpose of this measure is to request the Office of the Auditor to conduct a performance audit of the Child Welfare Services Branch of the Department of Human Services.

Your Committee received testimony in opposition to this measure from the Department of Human Services and the Hawaii Family Advocacy Team.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 77 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1554-22 Health, Human Services, & Homelessness on H.C.R. No. 86**

The purpose of this measure to request the Office of the Auditor to conduct a performance audit of the Child Welfare Services Branch of the Department of Human Services.

Your Committee received testimony in support of this measure from the Waimanalo Neighborhood Board and eight individuals. Your Committee received testimony in opposition to this measure from the Department of Human Services and the Hawaii Family Advocacy Team.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 86 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1555-22 Judiciary & Hawaiian Affairs on H.R. No. 66**

The purpose of this measure is to urge each county to curb the proliferation of illegal vacation rental units by:

- (1) Conducting expedited foreclosures on illegal vacation 12 rental properties that have an amount in arrears with 13 the applicable county and the State of over \$5,000;
- (2) Imposing increased minimum levels of fines to 16 discourage repeat offenses; and
- (3) Refraining from reducing fine amounts for violators.

Your Committee received testimony in support of this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 66 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

#### **SCRep. 1556-22 Judiciary & Hawaiian Affairs on H.C.R. No. 73**

The purpose of this measure is to urge each county to curb the proliferation of illegal vacation rental units by:

- (1) Conducting expedited foreclosures on illegal vacation 12 rental properties that have an amount in arrears with 13 the applicable county and the State of over \$5,000;

- (2) Imposing increased minimum levels of fines to 16 discourage repeat offenses; and
- (3) Refraining from reducing fine amounts for violators.

Your Committee did not receive testimony on this measure.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 73 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (Ichiyama).

#### **SCRep. 1557-22 Transportation on H.R. No. 156**

The purpose of this measure is to:

- (1) Request the Department of Transportation to take all necessary steps to expedite work on the Maipalaoa Bridge in Maili, Oahu and improve traffic signal support on the Waianae Coast;
- (2) Request the Department of Transportation and City and County of Honolulu's Department of Transportation Services to work together to expedite the connection of all vital traffic signals on the Waianae Coast to the Joint Traffic Management Center;
- (3) Request the Department of Transportation to allocate additional resources to the Waianae Coast to maintain, repair, and secure traffic signals and sensors in a timely manner; and
- (4) Urge the State, City and County of Honolulu, federal entities, and private land owners to work together to immediately open the section of the Waianae Coast Emergency Access Road System extending Paakea Road out to Lualualei Naval Road to be used as a parallel route for the Waianae Coast on a permanent basis.

Your Committee received testimony in support of this measure from several individuals.

Your Committee finds that traffic on the Leeward Coast of Oahu can be frustrating for many residents, since only one public highway leads into and out of the region. Therefore, it is critical to expedite road maintenance work in the area, as well as provide alternative routes.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 156 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

#### **SCRep. 1558-22 Transportation on H.C.R. No. 156**

The purpose of this measure is to:

- (1) Request the Department of Transportation to take all necessary steps to expedite work on the Maipalaoa Bridge in Maili, Oahu and improve traffic signal support on the Waianae Coast;
- (2) Request the Department of Transportation and City and County of Honolulu's Department of Transportation Services to work together to expedite the connection of all vital traffic signals on the Waianae Coast to the Joint Traffic Management Center;
- (3) Request the Department of Transportation to allocate additional resources to the Waianae Coast to maintain, repair, and secure traffic signals and sensors in a timely manner; and
- (4) Urge the State, City and County of Honolulu, federal entities, and private land owners to work together to immediately open the section of the Waianae Coast Emergency Access Road System extending Paakea Road out to Lualualei Naval Road to be used as a parallel route for the Waianae Coast on a permanent basis.

Your Committee received testimony in support of this measure from the Department of Transportation and several individuals.

Your Committee finds that traffic on the Leeward Coast of Oahu can be frustrating for many residents, since only one public highway leads into and out of the region. Therefore, it is critical to expedite road maintenance work in the area, as well as provide alternative routes.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 156 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Kitagawa).

#### **SCRep. 1559-22 Health, Human Services, & Homelessness on H.R. No. 155**

The purpose of this measure is to urge the City and County of Honolulu and Honolulu Police Department to address the ongoing houselessness crisis and develop solutions for providing care and services for these individuals while ensuring community safety.

Your Committee received comments on this measure from Hawaii State Governor's Coordinator on Homelessness.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 155 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1560-22 Health, Human Services, & Homelessness on H.C.R. No. 155**

The purpose of this measure to urge the City and County of Honolulu and Honolulu Police Department to address the ongoing houselessness crisis and develop solutions for providing care and services for these individuals while ensuring community safety.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from Hawaii State Governor's Coordinator on Homelessness.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your

Committee concurs with the intent and purpose of H.C.R. No. 155 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1561-22 Housing on H.R. No. 89**

The purpose of this measure is to convene a working group on the governance of housing subdivisions in the Puna District, Hawaii County.

Your Committee did not receive any testimony on this measure.

Your Committee finds that certain large subdivisions that were approved in the 1960s did not require the creation of a homeowners' association for the governance of shared roads or other services in the subdivision. Your Committee also finds that in the absence of a homeowners' association or other entity to collect maintenance fees from homeowners to cover large community expenses, such as the maintenance and improvement of subdivision roads and other services on the property, subdivision roads and other public spaces in these subdivisions fell into disrepair, which has led to health and safety concerns in the community. This measure addresses the concerns of these subdivisions by convening a working group to review procedures and administrative rules governing condominium associations to establish a framework for the governance of subdivisions without a homeowners' association.

Your Committee has amended this measure by:

- (1) Requesting the Department of Commerce and Consumer Affairs to convene the working group;
- (2) Amending the composition of the working group and updating the recipients of certified copies of this measure accordingly;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 89, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 89, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

**SCRep. 1562-22 Housing on H.C.R. No. 95**

The purpose of this measure is to convene a working group on the governance of housing subdivisions in the Puna District, Hawaii County.

Your Committee received testimony in support of this measure from the Hawaii Council of Community Associations.

Your Committee finds that certain large subdivisions that were approved in the 1960s did not require the creation of a homeowners' association for the governance of shared roads or other services in the subdivision. Your Committee also finds that in the absence of a homeowners' association or other entity to collect maintenance fees from homeowners to cover large community expenses, such as the maintenance and improvement of subdivision roads and other services on the property, subdivision roads and other public spaces in these subdivisions fell into disrepair, which has led to health and safety concerns in the community. This measure addresses the concerns of these subdivisions by convening a working group to review procedures and administrative rules governing condominium associations to establish a framework for the governance of subdivisions without a homeowners' association.

Your Committee has amended this measure by:

- (1) Requesting the Department of Commerce and Consumer Affairs to convene the working group;
- (2) Amending the composition of the working group and updating the recipients of certified copies of this measure accordingly;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 95, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 95, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

**SCRep. 1563-22 Housing on H.R. No. 170**

The purpose of this measure is to urge the counties to utilize an empty homes tax, similar to the Vancouver, British Columbia empty homes tax, as a means of addressing affordable housing in the State.

Your Committee received testimony in support of this measure from the Church of the Crossroads, Faith Action for Community Equity, and one individual. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Your Committee finds that property taxes in the State are among the lowest in the nation. In addition, about one fourth of all housing in the State is owned by people who do not reside in Hawaii. Your Committee also finds that a significant number of residential properties are vacant, which has a negative impact on the State's housing supply by taking housing units out of the housing market and contributing to the scarcity of affordable housing. An empty homes tax, which is a tax imposed on property owners to reduce empty or under-utilized residential property, would help convert existing investment properties into housing for residents, encourage long-term rentals, and generate revenues.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 170 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

**SCRep. 1564-22 Housing on H.C.R. No. 170**

The purpose of this measure is to urge the counties to utilize an empty homes tax, similar to the Vancouver, British Columbia empty homes tax, as a means of addressing affordable housing in the State.

Your Committee received testimony in support of this measure from the Church of the Crossroads, Faith Action for Community Equity, and six individuals. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

#### **SCRep. 1565-22 Water & Land on H.R. No. 136**

The purpose of this measure is to request the City and County of Honolulu to lead community education workshops regarding the recommendations of the North Shore coastal resilience working group and seek public input from individuals and organizations for the development of a comprehensive and community-driven coastal resilience plan for the North Shore of O'ahu.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the North Shore Coastal Resilience Working Group has been meeting since September 2021 to discuss coastal resilience and adaptation, and anticipates issuing recommendations in the summer of 2022. This measure seeks to further the development of a coastal resilience plan for the North Shore of O'ahu to address coastal erosion and coastal hazards through an inclusive public engagement process.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 136 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1566-22 Water & Land on H.C.R. No. 136**

The purpose of this measure is to request the City and County of Honolulu to lead community education workshops regarding the recommendations of the North Shore coastal resilience working group and seek public input from individuals and organizations for the development of a comprehensive and community-driven coastal resilience plan for the North Shore of O'ahu.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the North Shore Coastal Resilience Working Group has been meeting since September 2021 to discuss coastal resilience and adaptation, and anticipates issuing recommendations in the summer of 2022. This measure seeks to further the development of a coastal resilience plan for the North Shore of O'ahu to address coastal erosion and coastal hazards through an inclusive public engagement process.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1567-22 Water & Land on H.R. No. 140**

The purpose of this measure is to recognize Ernest "Ernie" Lau and his role in protecting Hawai'i's water supply, and to establish the "Ernie Lau Water Protect Poster Contest."

Your Committee received testimony in support of this measure from the City and County of Honolulu Board of Water Supply; Hawai'i County Department of Water Supply; Kūpuna for the Mo'opuna; Environmental Caucus of the Democratic Party of Hawai'i; Progressive Democrats of Hawai'i; and two individuals.

Your Committee finds that, throughout his career in public service, Ernest Lau has been a dedicated advocate for the protection of Hawai'i's water resources. Mr. Lau's resolute leadership has been particularly crucial during the Red Hill fuel crisis, earning admiration and respect from the public at large. Your Committee believes a student poster contest would honor Ernest's dedicated service and further public discussion and consideration of water resource protection. The Board of Water Supply already holds an annual "Poster & Poetry Contest," and therefore has the means and expertise to incorporate the "Ernie Lau Water Protector Poster Contest."

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 140 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1568-22 Water & Land on H.C.R. No. 140**

The purpose of this measure is to recognize Ernest "Ernie" Lau and his role in protecting Hawai'i's water supply, and to establish the "Ernie Lau Water Protect Poster Contest."

Your Committee received testimony in support of this measure from the City and County of Honolulu Board of Water Supply; Hawai'i County Department of Water Supply; Kūpuna for the Mo'opuna; Environmental Caucus of the Democratic Party of Hawai'i; Progressive Democrats of Hawai'i; Malu 'Aina; Shimanchu Wai Protectors – Ukwanshin Kabudan; and seventeen individuals.

Your Committee finds that, throughout his career in public service, Ernest Lau has been a dedicated advocate for the protection of Hawai'i's water resources. Mr. Lau's resolute leadership has been particularly crucial during the Red Hill fuel crisis, earning admiration and respect from the public at large. Your Committee believes a student poster contest would honor Ernest's dedicated service and further public discussion and consideration of water resource protection. The Board of Water Supply already holds an annual "Poster & Poetry Contest," and therefore has the means and expertise to incorporate the "Ernie

Lau Water Protector Poster Contest."

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 140 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 1569-22 Water & Land on H.C.R. No. 79**

The purpose of this measure is to request that a working group be convened to make recommendations to prevent the re-occurrence of wildfires on Wa'ahila Ridge and to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days before the convening of the Regular Session of 2023.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; and three individuals.

Your Committee finds that the Wa'ahila Ridge is highly vulnerable to wildfires due to a variety of environmental conditions and land management characteristics. Within the last decade, there have been four wildfires on the ridge, with the most recent one burning over fifty acres. The findings of this working group could also prove applicable to other Counties and jurisdictions that are susceptible to wildfires.

Your Committee has amended this measure by adding, as members of the working group:

- (1) The President of the University of Hawai'i, or the President's designee;
- (2) The Chairperson of the City and County of Honolulu Board of Water Supply Board of Directors, or the Chair's designee;
- (3) The Fire Chief of the Honolulu Fire Department, or the Fire Chief's designee;
- (4) The Director of Human Services, or the Director's designee; and
- (5) A representative of public recreational advocacy interests.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 79, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 79, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 1570-22 Energy & Environmental Protection on H.R. No. 41**

The purpose of this measure is to request the Hawaii State Energy Office to engage the United States Department of Energy to establish a permanent presence within the State of Hawaii.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Business, Economic Development, and Tourism; Hawaii State Energy Office; Hawaiian Electric Company; Hawaii Technology Development Corporation; Hawai'i Gas; Pacific International Center for High Technology Research; and Alexander & Baldwin.

Your Committee finds that the United States Department of Energy has a long-established presence in Hawaii through collaboration among its various offices and national laboratories with state and county agencies, the private sector, and local communities. Establishing a permanent presence for the United States Department of Energy in the State would further strengthen collaborative efforts to promote clean energy in the State and throughout the Indo-Pacific region.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 41 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1571-22 Energy & Environmental Protection on H.C.R. No. 46**

The purpose of this measure is to request the Hawaii State Energy Office to engage the United States Department of Energy to establish a permanent presence within the State of Hawaii.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Business, Economic Development, and Tourism; Hawaii Green Infrastructure Authority; Hawaii State Energy Office; Hawaiian Electric Company; Natural Energy Laboratory of Hawaii Authority; Hawaii Technology Development Corporation; Hawai'i Gas; Pacific International Center for High Technology Research; Alexander & Baldwin; and two individuals.

Your Committee finds that the United States Department of Energy has a long-established presence in Hawaii through collaboration among its various offices and national laboratories with state and county agencies, the private sector, and local communities. Establishing a permanent presence for the United States Department of Energy in the State would further strengthen collaborative efforts to promote clean energy in the State and throughout the Indo-Pacific region.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 46 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1572-22 Energy & Environmental Protection on H.R. No. 42**

The purpose of this measure is to request the Hawaii State Energy Office to convene a working group to examine issues and barriers to the installation of electric vehicle charging systems in multi-unit dwellings and make recommendations regarding changes to statutes and rules or other guidance to help clarify and facilitate the installation of electric vehicle charging systems in multi-unit dwellings.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawaiian Electric Company, Climate Protectors Hawai'i, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Public

Utilities Commission.

Your Committee finds that as residents continue to adopt the use of electric vehicles in the State, the demand for charging infrastructure continues to grow. Additionally, the lack of adequate electric vehicle infrastructure, especially in multi-unit dwellings, is a major barrier to the adoption of electric vehicles. Therefore, it is critical to examine the current state of the technology for electric vehicle charging system installations in multi-unit dwellings to further facilitate the installation of additional charging infrastructure.

Your Committee has amended this measure by:

- (1) Amending the composition of the working group by:
  - (A) Removing one of the individuals who sit on the board of directors of an association of apartment owners and clarifying that the remaining individual be appointed by the Chief Energy Officer of the Hawaii State Energy Office;
  - (B) Replacing the representatives from the Blue Planet Foundation and Hawaii Electric Vehicle Association with one representative from a non-profit organization that works on electrification of transportation policy;
  - (C) Adding representatives from Hawaiian Electric Company and the Kauai Island Utility Cooperative; and
  - (D) Allowing the convenor of the working group to add additional members;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 42, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 42, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1573-22 Energy & Environmental Protection on H.C.R. No. 47**

The purpose of this measure is to request the Hawaii State Energy Office to convene a working group to examine issues and barriers to the installation of electric vehicle charging systems in multi-unit dwellings and make recommendations regarding changes to statutes and rules or other guidance to help clarify and facilitate the installation of electric vehicle charging systems in multi-unit dwellings.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Alliance for Automotive Innovation, Hawaiian Electric Company, Climate Protectors Hawai'i, Uluopono Initiative, and Tesla. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Public Utilities Commission.

Your Committee finds that as residents continue to adopt the use of electric vehicles in the State, the demand for charging infrastructure continues to grow. Additionally, the lack of adequate electric vehicle infrastructure, especially in multi-unit dwellings, is a major barrier to the adoption of electric vehicles. Therefore, it is critical to examine the current state of the technology for electric vehicle charging system installations in multi-unit dwellings to further facilitate the installation of additional charging infrastructure.

Your Committee has amended this measure by:

- (1) Amending the composition of the working group by:
  - (A) Removing one of the individuals who sit on the board of directors of an association of apartment owners and clarifying that the remaining individual be appointed by the Chief Energy Officer of the Hawaii State Energy Office;
  - (B) Replacing the representatives from the Blue Planet Foundation and Hawaii Electric Vehicle Association with one representative from a non-profit organization that works on electrification of transportation policy;
  - (C) Adding representatives from Hawaiian Electric Company and the Kauai Island Utility Cooperative; and
  - (D) Allowing the convenor of the working group to add additional members;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 47, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 47, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1574-22 Energy & Environmental Protection on H.R. No. 47**

The purpose of this measure is to request:

- (1) The Governor to endorse the Ellen MacArthur Foundation and the United Nations Environment Programme's New Plastics Economy Global Commitment; and
- (2) The Office of Planning and Sustainable Development to set targets to fulfill the New Plastics Economy Global Commitment.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the wasteful use of plastics continues to threaten the State's health and environment. Adoption of the New Plastics Economy Global Commitment would reduce reliance on single-plastic products and limit the production of plastic waste, propelling the State toward greater sustainability.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 47 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1575-22 Energy & Environmental Protection on H.C.R. No. 52**

The purpose of this measure is to request:

- (1) The Governor to endorse the Ellen MacArthur Foundation and the United Nations Environment Programme's New Plastics Economy Global Commitment; and
- (2) The Office of Planning and Sustainable Development to set targets to fulfill the New Plastics Economy Global Commitment.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that the wasteful use of plastics continues to threaten the State's health and environment. Adoption of the New Plastics Economy Global Commitment would reduce reliance on single-plastic products and limit the production of plastic waste, propelling the State toward greater sustainability.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 52 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1576-22 Energy & Environmental Protection on H.R. No. 107**

The purpose of this measure is to encourage the City and County of Honolulu to expand and improve services at the Waianae Convenience Center.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the Waianae Convenience Center, operated by the Department of Environmental Services Refuse Division of the City and County of Honolulu, is the only refuse center located on the west side of Oahu for residents to legally dispose of bulky items and other waste. However, due to extreme wait times and other issues, residents are forced to drive with heavy loads of bulky items or other waste on or in their vehicles, which creates unsafe conditions or danger in transporting the bulky items. Therefore, it is critical to ensure that the Waianae Convenience Center is adequately staffed and resourced to improve its services for local residents.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 107 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1577-22 Energy & Environmental Protection on H.C.R. No. 111**

The purpose of this measure is to encourage the City and County of Honolulu to expand and improve services at the Waianae Convenience Center.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that the Waianae Convenience Center, operated by the Department of Environmental Services Refuse Division of the City and County of Honolulu, is the only refuse center located on the west side of Oahu for residents to legally dispose of bulky items and other waste. However, due to extreme wait times and other issues, residents are forced to drive with heavy loads of bulky items or other waste on or in their vehicles, which creates unsafe conditions or danger in transporting the bulky items. Therefore, it is critical to ensure that the Waianae Convenience Center is adequately staffed and resourced to improve its services for local residents.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 111 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1578-22 Energy & Environmental Protection on H.R. No. 55**

The purpose of this measure is to urge the Department of Planning and Permitting of the City and County of Honolulu, Mayor of the City and County of Honolulu, and Honolulu City Council to ensure greater public input prior to the construction of wind machines having a rated capacity of up to one hundred kilowatts.

Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that the noise pollution, shadow flicker, and flashing red lights caused by wind machines may adversely affect neighboring communities and property owners. Your Committee further finds that changing the type of conditional use permits required for wind machines having a rated capacity of up to one hundred kilowatts from minor to major permits will allow for greater public input.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 55 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Matayoshi). Noes, none. Excused, none.

**SCRep. 1579-22 Energy & Environmental Protection on H.C.R. No. 61**

The purpose of this measure is to urge the Department of Planning and Permitting of the City and County of Honolulu, Mayor of the City and County of Honolulu, and Honolulu City Council to ensure greater public input prior to the construction of wind machines having a rated capacity of up to one hundred kilowatts.

Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that the noise pollution, shadow flicker, and flashing red lights caused by wind machines may adversely affect neighboring communities and property owners. Your Committee further finds that changing the type of conditional use permits required for wind machines having a rated capacity of up to one hundred kilowatts from minor to major permits will allow for greater public input.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 61 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Matayoshi). Noes, none. Excused, none.

**SCRep. 1580-22 Energy & Environmental Protection on H.C.R. No. 55**

The purpose of this measure is to request the Legislative Reference Bureau to update its 1999 report on the feasibility of undergrounding the State's utility facilities.

Your Committee received comments on this measure from the Legislative Reference Bureau and Hawaii State Energy Office.

Your Committee finds that there is widespread community interest in undergrounding the State's utility facilities to enhance scenic views, address public health concerns, reduce the risk of wind damage, and increase system reliability, among other benefits. Although the Legislative Reference Bureau studied the feasibility of undergrounding the State's utility facilities in the past, the emergence of any new technologies related to undergrounding and overhead utility lines merits further study and consideration.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 55 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1581-22 Health, Human Services, & Homelessness on H.R. No. 83**

The purpose of this measure is to:

- (1) Urge the Department of Health to employ the Team 6B contact tracing team as permanent staff and hire other members from the Native Hawaiian and Pacific Islander communities in an effort to address the health inequities that exist and create better access to culturally relevant programs for Native Hawaiians and Pacific Islanders; and
- (2) Request the Department of Health to create a diverse hiring plan and submit a report of its progress to the Legislature before the Regular Session of 2023.

Your Committee received testimony in support of this measure from the Native Hawaiian & Pacific Islander COVID-19 Hawai'i Response, Recovery, and Resilience Team; and ten individuals.

Your Committee finds that the Department of Health created the Team 6B contact tracing team in October 2020 to provide critical outreach to Native Hawaiians and Pacific Islander communities that were disproportionately affected by the COVID-19 pandemic. Your Committee further finds that the work of Team 6B and the hiring of underserved and marginalized community members by the Department of Health proved successful in drastically decreasing the number of COVID-19 cases in the Native Hawaiian and Pacific Islander communities. This measure urges the Department of Health to continue and expand its efforts to address the health inequities that exist for Native Hawaiian and Pacific Islander communities and create better access to culturally relevant programs for these communities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 83, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 83, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1582-22 Health, Human Services, & Homelessness on H.C.R. No. 89**

The purpose of this measure is to:

- (1) Urge the Department of Health to employ the Team 6B contact tracing team as permanent staff and hire other members from the Native Hawaiian and Pacific Islander communities in an effort to address the health inequities that exist and create better access to culturally relevant programs for Native Hawaiians and Pacific Islanders; and
- (2) Request the Department of Health to create a diverse hiring plan and submit a report of its progress to the Legislature before the Regular Session of 2023.

Your Committee received testimony in support of this measure from the Native Hawaiian & Pacific Islander COVID-19 Hawai'i Response, Recovery, and Resilience Team; and twelve individuals.

Your Committee finds that the Department of Health created the Team 6B contact tracing team in October 2020 to provide critical outreach to Native Hawaiians and Pacific Islander communities that were disproportionately affected by the COVID-19 pandemic. Your Committee further finds that the work of Team 6B and the hiring of underserved and marginalized community members by the Department of Health proved successful in drastically decreasing the number of COVID-19 cases in the Native Hawaiian and Pacific Islander communities. This measure urges the Department of Health to continue and expand its efforts to address the health inequities that exist for Native Hawaiian and Pacific Islander communities and create better access to culturally relevant programs for these communities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 89, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 89, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1583-22 Health, Human Services, & Homelessness on H.R. No. 122**

The purpose of this measure is to:

- (1) Urge the State Commission on the Status of Women to work with the Domestic Violence Action Center, Filipino Chamber of Commerce of Hawai'i, and other chambers of commerce in Hawaii to develop and implement an outreach program aimed at informing domestic violence victims of available resources for assistance; and
- (2) Request the Commission to submit a report to the Legislature prior to the Regular Session of 2023.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that domestic violence is frequently unreported and often goes undetected. Your Committee further finds that one in three women and one in four men in the State have had some form of physical abuse by a partner. In addition, Asian and Pacific Islander communities experience domestic violence at much higher rates than the general population, with Filipinos and part-Filipinos constituting thirty percent of reported victims of domestic abuse in the State. Your Committee further finds that requesting interested stakeholders to develop and implement an outreach program, as proposed by this measure, will ensure individuals experiencing domestic violence are connected to valuable resources, information, and services.

Your Committee has amended this measure by:

- (1) Amending its title in accordance with its amended purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 122, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 122, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1584-22 Health, Human Services, & Homelessness on H.C.R. No. 122**

The purpose of this measure is to:

- (1) Urge the State Commission on the Status of Women to work with the Domestic Violence Action Center, Filipino Chamber of Commerce of Hawai'i, and other chambers of commerce in Hawaii to develop and implement an outreach program aimed at informing domestic violence victims of available resources for assistance; and
- (2) Request the Commission to submit a report to the Legislature prior to the Regular Session of 2023.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that domestic violence is frequently unreported and often goes undetected. Your Committee further finds that one in three women and one in four men in the State have had some form of physical abuse by a partner. In addition, Asian and Pacific Islander communities experience domestic violence at much higher rates than the general population, with Filipinos and part-Filipinos constituting thirty percent of reported victims of domestic abuse in the State. Your Committee further finds that requesting interested stakeholders to develop and implement an outreach program, as proposed by this measure, will ensure individuals experiencing domestic violence are connected to valuable resources, information, and services.

Your Committee has amended this measure by:

- (1) Amending its title in accordance with its amended purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 122, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 122, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1585-22 Health, Human Services, & Homelessness on H.R. No. 149**

The purpose of this measure is to request the adoption of a state policy assuring that savings realized by the State through the extension of Federal Medical Assistance Percentage payments of one hundred percent for Native Hawaiian health care systems is used to address health disparities experienced by Native Hawaiian communities.

Your Committee received testimony in support of this measure from the Waimanalo Health Center and Waianae Coast Comprehensive Health Center. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that Native Hawaiians suffer from disproportionate higher rates of chronic diseases and thus higher mortality rates than the general population in Hawaii. As a result, systemic changes in Native Hawaiian health care are necessary to address the health disparities of the Native Hawaiian population. Under Section 9815 of the American Rescue Plan Act of 2021, the federal government will pay one hundred percent of the cost of Medicaid services provided at Native Hawaiian Health Centers for sixteen fiscal quarters.

Your Committee recognizes that continued federal support beyond the time frame originally provided in the American Rescue Plan Act is not certain. However, it is important that any savings realized by the State associated with increased federal support for Native Hawaiian health under the Federal Medical Assistance Percentage recalculation be used to further address health disparities experienced by Native Hawaiian communities. This resolution seeks to assure this goal.

Your Committee has amended this measure by:

- (1) Making a technical amendment to its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 149, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 149, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1586-22 Health, Human Services, & Homelessness on H.C.R. No. 149**

The purpose of this measure is to request the adoption of a state policy assuring that savings realized by the State through the extension of Federal Medical Assistance Percentage payments of one hundred percent for Native Hawaiian health care systems is used to address health disparities experienced by Native Hawaiian communities.

Your Committee received testimony in support of this measure from the Waimanalo Health Center and Waianae Coast Comprehensive Health Center. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that Native Hawaiians suffer from disproportionate higher rates of chronic diseases and thus higher mortality rates than the general population in Hawaii. As a result, systemic changes in Native Hawaiian health care are necessary to address the health disparities of the Native Hawaiian population. Under Section 9815 of the American Rescue Plan Act of 2021, the federal government will pay one hundred percent of the cost of Medicaid services provided at Native Hawaiian Health Centers for sixteen fiscal quarters.

Your Committee recognizes that continued federal support beyond the time frame originally provided in the American Rescue Plan Act is not certain. However, it is important that any savings realized by the State associated with increased federal support for Native Hawaiian health under the Federal Medical Assistance Percentage recalculation be used to further address health disparities experienced by Native Hawaiian communities. This resolution seeks to assure this goal.

Your Committee has amended this measure by:

- (1) Making a technical amendment to its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 149, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 149, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1587-22 Health, Human Services, & Homelessness on H.R. No. 21**

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study analyzing the use and effectiveness of mobile applications or other similar means to deliver government assistance.

Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that recipients of state and federal government assistance and social welfare programs often experience challenges in fully accessing the benefits of those programs. Your Committee further finds that while mobile applications developed to streamline and enhance the delivery of government assistance to program recipients may be a viable means of delivering services and reducing administrative burdens, additional information is needed on the use and effectiveness of these mobile applications.

Your Committee has amended this measure by:

- (1) Requesting the Office of Enterprise Technology Services to work with the Legislative Reference Bureau to conduct the study and report to the Legislature;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 21, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 21, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1588-22 Health, Human Services, & Homelessness on H.C.R. No. 23**

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study analyzing the use and effectiveness of mobile applications or other similar means to deliver government assistance.

Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that recipients of state and federal government assistance and social welfare programs often experience challenges in fully accessing the benefits of those programs. Your Committee further finds that while mobile applications developed to streamline and enhance the delivery of government assistance to program recipients may be a viable means of delivering services and reducing administrative burdens, additional information is needed on the use and effectiveness of these mobile applications.

Your Committee has amended this measure by:

- (1) Requesting the Office of Enterprise Technology Services to work with the Legislative Reference Bureau to conduct the study and report to the Legislature;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 23, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 23, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1589-22 Health, Human Services, & Homelessness on H.R. No. 52**

The purpose of this measure is to request the Department of Human Services to establish a one-year pilot program to provide a basic income to qualified adults who are verified victims of sex trafficking or who are female or sexual and gender minority individuals seeking to exit the sex trade.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that providing economic support via a basic income program to individuals seeking to leave the sex trade may be a viable alternative to the current tendency of many social institutions to penalize exploited people and may help these individuals leave the industry.

Your Committee has amended this measure by:

- (1) Requesting the Department of Human Services and Legislative Reference Bureau to conduct a study on the feasibility of establishing a program to provide a basic income to certain qualified adults who are victims of sex trafficking or seeking to exit the sex trade, rather than requesting the Department to establish a one-year pilot program;
- (2) Specifying the contents of the study;
- (3) Requiring the Department of Human Services and Legislative Reference Bureau to submit a report to the Legislature prior to the Regular Session of 2023;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 52, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 52, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1590-22 Health, Human Services, & Homelessness on H.C.R. No. 58**

The purpose of this measure is to request the Department of Human Services to establish a one-year pilot program to provide a basic income to qualified adults who are verified victims of sex trafficking or who are female or sexual and gender minority individuals seeking to exit the sex trade.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, AF3IRM Hawaii, and two individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that providing economic support via a basic income program to individuals seeking to leave the sex trade may be a viable alternative to the current tendency of many social institutions to penalize exploited people and may help these individuals leave the industry.

Your Committee has amended this measure by:

- (1) Requesting the Department of Human Services and Legislative Reference Bureau to conduct a study on the feasibility of establishing a program to provide a basic income to certain qualified adults who are victims of sex trafficking or seeking to exit the sex trade, rather than requesting the Department to establish a one-year pilot program;
- (2) Specifying the contents of the study;
- (3) Requiring the Department of Human Services and Legislative Reference Bureau to submit a report to the Legislature prior to the Regular Session of 2023;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 58, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 58, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1591-22 Health, Human Services, & Homelessness on H.R. No. 58**

The purpose of this measure is to request the Judiciary conduct a study on the necessity of mandatory referrals to the Department of Human Services for investigation or intervention in all cases of alleged domestic abuse involving a family or household member who is a minor or incapacitated person.

Your Committee received testimony in support of this measure from the Domestic Violence Action Center. Your Committee received comments on this measure from the Judiciary and Department of Human Services.

Your Committee finds that when a parent seeks a restraining order against an abusive family or household member when domestic abuse occurs in a household in which a child resides, existing law requires the court-appointed entity assisting the parent with filing the petition to refer the matter to the Department of Human Services for intervention or investigation by the Child Welfare Services Branch. Your Committee further finds that this mandatory referral may not be necessary because judges have the discretionary authority to refer a case to the Department of Human Services where an investigation is warranted to ensure the family's safety and provide services to support their safety and well-being.

Your Committee notes the concerns raised by the Judiciary in their testimony that there is some confusion regarding the intent and scope of the proposed study, including whether the requested study is to be limited to a particular section or chapter of the Hawaii Revised Statutes and whether the Judiciary is the appropriate entity to conduct the study. Further discussion regarding these concerns may be warranted as this measure moves through the legislative process.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 58, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 58, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 1592-22 Health, Human Services, & Homelessness on H.C.R. No. 64**

The purpose of this measure is to request the Judiciary to conduct a study on the necessity of mandatory referrals to the Department of Human Services for investigation or intervention in all cases of alleged domestic abuse involving a family or household member who is a minor or incapacitated person.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Hawaii Family Advocacy Team. Your Committee received comments on this measure from the Judiciary, Department of Human Services, and one individual.

Your Committee finds that when a parent seeks a restraining order against an abusive family or household member when domestic abuse occurs in a household in which a child resides, existing law requires the court-appointed entity assisting the parent with filing the petition to refer the matter to the Department of Human Services for intervention or investigation by the Child Welfare Services Branch. Your Committee further finds that this mandatory referral may not be necessary because judges have the discretionary authority to refer a case to the Department of Human Services where an investigation is warranted to ensure the family's safety and provide services to support their safety and well-being.

Your Committee notes the concerns raised by the Judiciary in their testimony that there is some confusion regarding the intent and scope of the proposed study, including whether the requested study is to be limited to a particular section or chapter of the Hawaii Revised Statutes and whether the Judiciary is the appropriate entity to conduct the study. Further discussion regarding these concerns may be warranted as this measure moves through the legislative process.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 64, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 64, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 1593-22 Health, Human Services, & Homelessness on H.R. No. 60**

The purpose of this measure is to request the Director of Health to establish a telehealth and telephonic services working group to address the complexities surrounding the appropriate use of telehealth and telephonic services, by specialty care area, and coverage of these services by health insurance.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, Hawaii Medical Service Association, Healthcare Association of Hawaii, and Hawaii Association of Health Plans. Your Committee received comments on this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs and Insurance Division of the Department of Commerce and Consumer Affairs.

Your Committee finds that health care providers in Hawaii increasingly rely on real-time audio and visual telehealth visits and other modalities of care delivery to increase access to health care in the State. Your Committee further finds that there is a need to remedy digital health disparities for individuals who lack access to the audio-visual technology needed for telehealth visits. This measure addresses health care technology disparities by requesting the establishment of a working group to determine whether audio-only telephonic services can ensure quality health outcomes for patients.

Your Committee has amended this measure by:

- (1) Requesting the Insurance Commissioner, rather than the Director of Health, to convene and chair the working group;
- (2) Requesting a representative of the Department of Health be invited to participate in the working group, rather than requesting the initial inclusion of the Director of Health, or designee, in the working group;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 60, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 60, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 1594-22 Health, Human Services, & Homelessness on H.C.R. No. 66**

The purpose of this measure is to request the Director of Health to establish a telehealth and telephonic services working group to address the complexities surrounding the appropriate use of telehealth and telephonic services, by specialty care area, and coverage of these services by health insurance.

Your Committee received testimony in support of this measure from the Hawaii State Council on Developmental Disabilities, Disability and Communication Access Board, Hawaii Medical Service Association, Healthcare Association of Hawaii, The Queen's Health Systems, Hawaii Association of Health Plans, and one individual. Your Committee received comments on this measure from the Department of Health, Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs, and Insurance Division of the Department of Commerce and Consumer Affairs.

Your Committee finds that health care providers in Hawaii increasingly rely on real-time audio and visual telehealth visits and other modalities of care delivery to increase access to health care in the State. Your Committee further finds that there is a need to remedy digital health disparities for individuals who lack access to the audio-visual technology needed for telehealth visits. This measure addresses health care technology disparities by requesting the establishment of a working group to determine whether audio-only telephonic services can ensure quality health outcomes for patients.

Your Committee has amended this measure by:

- (1) Requesting the Insurance Commissioner, rather than the Director of Health, to convene and chair the working group;
- (2) Requesting a representative of the Department of Health be invited to participate in the working group, rather than requesting the initial inclusion of the Director of Health, or designee, in the working group;
- (3) Amending its title in accordance with its amended purpose; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 66, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 66, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1595-22 Health, Human Services, & Homelessness on H.C.R. No. 9**

The purpose of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health insurance coverage for various sexual and reproductive health care services.

Your Committee received testimony in support of this measure from the Hawai'i Section of the American College of Obstetricians and Gynecologists, Planned Parenthood Alliance Advocates - Hawai'i, Save Medicaid Hawaii, Kaiser Permanente Hawaii, Hawai'i State Democratic Women's Caucus, and eleven individuals. Your Committee received comments on this measure from the Office of the Auditor and Hawaii Association of Health Plans.

Your Committee finds that federal protections for abortion, preventive care, contraceptives, and other sexual and reproductive health care services are consistently threatened. Your Committee further finds that facilitating access to preventive sexual and reproductive health care services and limiting out-of-pocket costs for preventive sexual and reproductive health care services is critical for the health and economic security of all people in Hawaii and will help avoid more costly treatments in the future.

Your Committee notes that comprehensive health insurance coverage for a full range of sexual and reproductive health care services, without cost sharing, is not generally covered by health insurance and would be considered a new mandated benefit. This measure therefore requests the Auditor to conduct a statutorily required impact assessment report on the social and financial effects of the mandated health insurance coverage for various sexual and reproductive health care services proposed by House Bill No. 249 (Regular Session of 2021).

Your Committee has amended this measure by:

- (1) Making a technical amendment to its title to clarify the purpose of the impact assessment report; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 9, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 9, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 1596-22 Economic Development on H.R. No. 75**

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to conduct a study on the "Made in Hawaii" and "Hawaii Made" brands and prepare a plan to encourage and enforce the use of those brands.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that as an integral part of the State's economic development strategy, the Legislature passed Act 2, Special Session Laws of Hawaii 2021, which created the "Hawaii Made" program for manufactured products to be administered by the Department of Business, Economic Development, and Tourism. However, there are concerns regarding an overlap of jurisdictional authority between the "Hawaii Made" program under the Department of Business, Economic Development, and Tourism and the "Made in Hawaii with Aloha" brand under the Department of Agriculture. Your Committee believes that clarification is required regarding the purpose, scope, and enforcement of the "Hawaii Made" and "Made in Hawaii" programs to better ensure the integrity of products produced in Hawaii.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 75, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 75, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Belatti, D. Kobayashi, Okimoto).

#### **SCRep. 1597-22 Economic Development on H.C.R. No. 84**

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to conduct a study on the "Made in Hawaii" and "Hawaii Made" brands and prepare a plan to encourage and enforce the use of those brands.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that as an integral part of the State's economic development strategy, the Legislature passed Act 2, Special Session Laws of Hawaii 2021, which created the "Hawaii Made" program for manufactured products to be administered by the Department of Business, Economic Development, and Tourism. Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 84, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 84, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Belatti, D. Kobayashi, Okimoto).

**SCRep. 1598-22 Economic Development on H.R. No. 76**

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to conduct a study on the economic impacts of domestic out-of-state students.

Your Committee received no written testimony on this measure.

Your Committee finds that an October 2020 report by the Department of Business, Economic Development, and Tourism analyzed the impact of international students on the State's economy and estimated that international students contributed roughly \$185,000,000 to the State's economy in living expenses, tuition, and other economic activities. This report illustrated the powerful economic impact of international students in the State and brings to light the potential impact that domestic out-of-state students may have on the State's economy. This measure would expand on the information first identified in the 2020 report by focusing on the potential economic impact of domestic out-of-state students in the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 76, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 76, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Belatti, D. Kobayashi, Okimoto).

**SCRep. 1599-22 Economic Development on H.C.R. No. 85**

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to conduct a study on the economic impacts of domestic out-of-state students.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that an October 2020 report by the Department of Business, Economic Development, and Tourism analyzed the impact of international students on the State's economy and estimated that international students contributed roughly \$185,000,000 to the State's economy in living expenses, tuition, and other economic activities. No. 85, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 85, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Belatti, D. Kobayashi, Okimoto).

**SCRep. 1600-22 Economic Development on H.R. No. 102**

The purpose of this measure is to urge Hawaii's congressional delegation to introduce and support legislation that would repeal the \$10,000 limitation on the deduction for state and local taxes enacted by the federal Tax Cuts and Jobs Act of 2017.

Your Committee received no written testimony on this measure.

Your Committee finds that the federal Tax Cuts and Jobs Act of 2017 included a \$10,000 limitation on deductions for state and local taxes, leading to an increase in state deficits that are statutorily required to be offset by reductions in outlays or increases in other revenue to maintain budget outcomes. This cap further decreases after-tax income for taxpayers, causing more financial hardship and a decrease in the consumption of goods and services that are vital for economic recovery. Your Committee believes that the working people of Hawaii are in desperate need of tax relief to offset the high cost of living.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 102, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 102, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Belatti, D. Kobayashi, Okimoto).

**SCRep. 1601-22 Economic Development on H.C.R. No. 106**

The purpose of this measure is to urge Hawaii's congressional delegation to introduce and support legislation that would repeal the \$10,000 limitation on the deduction for state and local taxes enacted by the federal Tax Cuts and Jobs Act of 2017.

Your Committee received no written testimony on this measure.

Your Committee finds that the federal Tax Cuts and Jobs Act of 2017 included a \$10,000 limitation on deductions for state and local taxes, leading to an increase in state deficits that are statutorily required to be offset by reductions in outlays or increases in other revenue to maintain budget outcomes. No. 106, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 106, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Belatti, D. Kobayashi, Okimoto).

**SCRep. 1602-22 Economic Development on H.R. No. 108**

The purpose of this measure is to urge the Governor to appoint a Creative Resurgence Coordinator to the Governor's cabinet.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the creative arts sector plays an important role in the State's economy, as it represents approximately six percent of the State's total civilian jobs. Despite this, the State is ranked as one of the top five states experiencing job losses in the creative arts sector. Your Committee believes that a Creative Resurgence Coordinator in the Governor's Cabinet would ensure coordination between the public and private sectors on creative resurgence projects to address the loss of jobs in the creative arts sector.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 108 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Belatti, D. Kobayashi, Okimoto).

**SCRep. 1603-22 Economic Development on H.C.R. No. 112**

The purpose of this measure is to urge the Governor to appoint a Creative Resurgence Coordinator to the Governor's cabinet.

Your Committee received testimony in support of this measure from Hautree Consulting.

Your Committee finds that the creative arts sector plays an important role in the State's economy, as it represents approximately six percent of the State's total civilian jobs. Despite this, the State is ranked as one of the top five states experiencing job losses in the creative arts sector. Your Committee believes that a Creative Resurgence Coordinator in the Governor's Cabinet would ensure coordination between the public and private sectors on creative resurgence projects to address the loss of jobs in the creative arts sector.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 112 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Belatti, D. Kobayashi, Okimoto).

**SCRep. 1604-22 Economic Development on H.R. No. 115**

The purpose of this measure is to request the Division of Financial Institutions of the Department of Commerce and Consumer Affairs and Hawaii Technology Development Corporation to extend the Digital Currency Innovation Lab pilot project.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Hawaii Technology Development Corporation, and Grassroot Institute of Hawaii.

Your Committee finds that despite the recent growth in popularity of cryptocurrency, there is little regulation of the industry. In 2016, the Division of Financial Institutions of the Department of Commerce and Consumer Affairs established the Digital Currency Innovation Lab pilot project to allow for limited activity of digital currency companies, virtual currency companies, and cryptocurrency companies to determine the best method for regulating cryptocurrency. Your Committee further finds that this pilot project has been utilized by over 61,000 consumers and transacted over \$611,000,000 since its inception, however, the pilot program is scheduled to expire on June 30, 2022. Your Committee believes that the Digital Currency Innovation Lab pilot project should be extended so that the State can be better prepared to assist the burgeoning cryptocurrency industry through regulation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 115, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 115, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Belatti, D. Kobayashi, Okimoto).

**SCRep. 1605-22 Economic Development on H.C.R. No. 115**

The purpose of this measure is to request the Division of Financial Institutions of the Department of Commerce and Consumer Affairs and Hawaii Technology Development Corporation to extend the Digital Currency Innovation Lab pilot project.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Hawaii Technology Development Corporation, and Grassroot Institute of Hawaii.

No. 115, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 115, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Belatti, D. Kobayashi, Okimoto).

**SCRep. 1606-22 Education on H.R. No. 93**

The purpose of this measure is to request the Early Learning Board to:

- (1) Prepare a report containing a road map for the implementation of Act 46, Session Laws of Hawaii 2020;

- (2) Convene a working group to assist the Board for the purposes of the report; and
- (3) Submit the report to the Legislature prior to the 2023 Regular Session.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning, Early Childhood Action Strategy, Kamehameha Schools, Hawai'i Community Foundation, and one individual. Your Committee received comments on this measure from the Early Learning Board and Hawai'i Children's Action Network Speaks!.

Your Committee finds that providing every child with access to early learning opportunities supports positive outcomes in academics, promotes emotional well-being, and establishes a strong foundation for a lifetime of success. Your Committee further finds that one of the objectives of Act 46, Session Laws of Hawaii 2020, is to build the infrastructure and develop resources necessary to achieve the objective of providing the capacity to serve one hundred percent of all otherwise unserved children who are three to four years of age, or will not be at least five years of age on or before July 31 of the current school year, with access to learning by the year 2032. Your Committee believes that the Early Learning Board is the appropriate agency to promote collaboration across agencies and stakeholders serving young children to achieve the purpose of Act 46, Session Laws of Hawaii 2020.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 93, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 93, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1607-22 Education on H.R. No. 11**

The purpose of this measure is to urge the Department of Education to develop and implement an affirmative action program designed to recruit and employ qualified blind professionals to serve as orientation and mobility instructors and in other positions as teachers of visually impaired students.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the National Orientation and Mobility Certification (NOMC) is a credentialing process administered by the National Blindness Professional Certification Board and includes training in teaching Structured Discovery Cane Travel, which has empowered blind children and adults across the United States. Your Committee further finds that the Department of Education has not employed NOMC credentialed professionals to teach matters of orientation and mobility to blind students. Your Committee believes that an affirmative action program to recruit and employ qualified blind professionals can be effective in educating students with disabilities and serve as a powerful example for these students by letting them know that their disability need not be a barrier for employment.

Your Committee has amended this measure by:

- (1) Amending its title to reflect its purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 11, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 11, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1608-22 Education on H.C.R. No. 13**

The purpose of this measure is to urge the Department of Education to develop and implement an affirmative action program designed to recruit and employ qualified blind professionals to serve as orientation and mobility instructors and in other positions as teachers of visually impaired students.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the National Orientation and Mobility Certification (NOMC) is a credentialing process administered by the National Blindness Professional Certification Board and includes training in teaching Structured Discovery Cane Travel, which has empowered blind children and adults across the United States. - (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 13, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 13, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1609-22 Education on H.R. No. 17**

The purpose of this measure is to urge the Department of Education to report to the Legislature regarding the amount of public school space available to be used for the establishment of public preschool classrooms and the number of current public school teachers who are licensed to teach early childhood education.

Your Committee received comments on this measure from the Early Learning Board and Executive Office on Early Learning.

Your Committee finds that investments in early childhood education pay dividends for the formal preparation of children as learners and future citizens.

Your Committee further finds that during the COVID-19 pandemic, preschool enrollment declined precipitously, with the State's public preschool system operating at approximately fifty-five percent capacity in March 2021, and the State's private preschool enrollment decreasing by nearly a third during the same time period. Your Committee believes that utilizing available public school space for the establishment of public preschool classrooms will expand preschool opportunities for many families and their young children.

Your Committee has amended this measure by:

- (1) Clarifying that the department of Education is urged to include in its report an analysis of the amount of classroom space not used for instructional purposes, rather than vacant classroom space available; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 17, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 17, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1610-22 Education on H.C.R. No. 19**

The purpose of this measure is to urge the Department of Education to report to the Legislature regarding the amount of public school space available to be used for the establishment of public preschool classrooms and the number of current public school teachers who are licensed to teach early childhood education.

Your Committee received testimony in support of the intent of this measure from the Department of Education. Your Committee received comments on this measure from the Early Learning Board and Executive Office on Early Learning.

Your Committee finds that investments in early childhood education pay dividends for the formal preparation of children as learners and future citizens. Your Committee further finds that during the COVID-19 pandemic, preschool enrollment declined precipitously, with the State's public preschool system operating at approximately fifty-five percent capacity in March 2021, and the State's private preschool enrollment decreasing by nearly a third during the same time period. Your Committee believes that utilizing available public school space for the establishment of public preschool classrooms will expand preschool opportunities for many families and their young children.

Your Committee has amended this measure by:

- (1) Clarifying that the department of Education is urged to include in its report an analysis of the amount of classroom space not used for instructional purposes, rather than vacant classroom space available; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 19, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 19, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1611-22 Education on H.R. No. 35**

The purpose of this measure is to urge the Department of Education to incorporate media literacy into the existing state public school curriculum.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that the modern digital landscape has influenced access and exposure to various media reporting on current events, thereby shaping the public's perception of reality. Your Committee further finds that the responsible use of technology is an increasingly vital skill in modern times that children should be taught from a young age. Your Committee believes that preparing students to use technology in a responsible manner through the incorporation of media literacy in the existing state public school curriculum will encourage them to become well-informed and productive digital citizens.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 35, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 35, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1612-22 Education on H.C.R. No. 40**

The purpose of this measure is to urge the Department of Education to incorporate media literacy into the existing state public school curriculum.

Your Committee received testimony in support of this measure from the Department of Education and three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the modern digital landscape has influenced access and exposure to various media reporting on current events, thereby shaping the public's perception of reality. Your Committee further finds that the responsible use of technology is an increasingly vital skill in modern times that children should be taught from a young age. Your Committee believes that preparing students to use technology in a responsible manner through the incorporation of media literacy in the existing state public school curriculum will encourage them to become well-informed and productive digital citizens.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 40, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 40, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

**SCRep. 1613-22 Education on H.R. No. 45**

The purpose of this measure is to urge the Department of Education to remedy transportation inequity by increasing more school bus routes, with priority given to the creation of routes that serve students from low- to moderate-income families.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that access to and from school is a fundamental part of public education's mission to ensure all children have access to equal educational opportunities. Your Committee further finds that a lack of school transportation services leads to tardiness, absenteeism, and poor educational performances and outcomes for schoolchildren. Your Committee notes that the COVID-19 pandemic has reduced the size of Hawaii's school bus driver workforce and resulted in the suspension of at least thirty statewide school bus routes. Your Committee finds that the Department of Education needs to urgently increase school bus routes and services, particularly on neighbor islands and in rural areas, to ensure children have equal opportunities to attend public school.

Your Committee has amended this measure by:

- (1) Urging the Department of Education to convene a working group to remedy school bus transportation inequity for low- to moderate-income families and report to the Legislature prior to the Regular Session of 2023;
- (2) Inserting language urging the working group to consider the possibility of paying shortage differentials to incentivize the hiring of more school bus drivers to help remedy school bus transportation inequity, especially on the neighbor islands and in rural areas;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 45, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 45, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

**SCRep. 1614-22 Education on H.C.R. No. 50**

The purpose of this measure is to urge the Department of Education to remedy transportation inequity by increasing more school bus routes, with priority given to the creation of routes that serve students from low- to moderate-income families.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee finds that access to and from school is a fundamental part of public education's mission to ensure all children have access to equal educational opportunities. Your Committee further finds that a lack of school transportation services leads to tardiness, absenteeism, and poor educational performances and outcomes for schoolchildren. Your Committee notes that the COVID-19 pandemic has reduced the size of Hawaii's school bus driver workforce and resulted in the suspension of at least thirty statewide school bus routes. Your Committee finds that the Department of Education needs to urgently increase school bus routes and services, particularly on neighbor islands and in rural areas, to ensure children have equal opportunities to attend public school.

Your Committee has amended this measure by:

- (1) Urging the Department of Education to convene a working group to remedy school bus transportation inequity for low- to moderate-income families and report to the Legislature prior to the Regular Session of 2023;
- (2) Inserting language urging the working group to consider the possibility of paying shortage differentials to incentivize the hiring of more school bus drivers to help remedy school bus transportation inequity, especially on the neighbor islands and in rural areas;
- (3) Amending its title in accordance with its amended purpose; and

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 50, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 50, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

**SCRep. 1615-22 Education on H.R. No. 164**

The purpose of this measure is to urge the Department of Education to increase access to arts and cultural education in public schools.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that providing a well-rounded education to all public school students advances the economic and social health of Hawaii, and that art, music, and cultural curricula constitute important parts of a well-rounded education that address the developmental needs of the whole child. Your Committee further finds that during the COVID-19 pandemic, Hawaii's public school students experienced "learning loss", with the Department of Education reporting in 2021 that just thirty-two percent of public school students were proficient in math, a twenty-six percent drop from 2019. Your Committee believes that increased access to arts and cultural education in public schools will address learning loss caused by the COVID-19 pandemic.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 164 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

**SCRep. 1616-22 Education on H.C.R. No. 164**

The purpose of this measure is to urge the Department of Education to increase access to arts and cultural education in public schools.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received testimony in opposition to

this measure from one individual.

Your Committee finds that providing a well-rounded education to all public school students advances the economic and social health of Hawaii, and that art, music, and cultural curricula constitute important parts of a well-rounded education that address the developmental needs of the whole child. Your Committee further finds that during the COVID-19 pandemic, Hawaii's public school students experienced "learning loss", with the Department of Education reporting in 2021 that just thirty-two percent of public school students were proficient in math, a twenty-six percent drop from 2019. Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1617-22 Education on H.R. No. 138**

The purpose of this measure is to request the Department of Education to form a student-led working group to address the need for active inclusion of diverse identities within and beyond sexual health education, to teach culturally responsive ideas around mutual respect in relationships, and to find sites of potential active inclusion of these identities in sexual health curricula, all within the framing principles of aloha kekahi i kekahi.

Your Committee received testimony in support of this measure from the Hawai'i Health & Harm Reduction Center, Hawai'i Children's Action Network Speaks!, Hawaii Youth Services Network, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that an important tenant of Hawaiian thought is "aloha kekahi i kekahi", meaning to love, honor, and respect each other; to treat each other with mutual dignity and cordiality; and to engage with one another on the basis of mutual kindness, caring, and love. Your Committee further finds that because of the Hawaii's limited size and resources, it is vital to respect and celebrate the diverse racial, ethnic, gender, sexual, disability, and other identities that exist in the State. Your Committee notes that at the 2021 Hawaii Youth Summit, students specifically requested action to ensure that sexual health education curriculum includes accurate and affirmative representations of diverse gender and other identities. Your Committee believes that students have a clear understanding of the issues and problems in their schooling and that a student-led working group will give students a voice in crafting their own futures and those of generations to come.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 138 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Okimoto). Excused, 2 (Gates, Ohno).

#### **SCRep. 1618-22 Education on H.C.R. No. 138**

The purpose of this measure is to request the Department of Education to form a student-led working group to address the need for active inclusion of diverse identities within and beyond sexual health education, to teach culturally responsive ideas around mutual respect in relationships, and to find sites of potential active inclusion of these identities in sexual health curricula, all within the framing principles of aloha kekahi i kekahi.

Your Committee received testimony in support of this measure from the Hawai'i Health & Harm Reduction Center, Hawai'i Children's Action Network Speaks!, Hawaii Youth Services Network, and one individual. Your Committee received comments on this measure from the Department of Education.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Okimoto). Excused, 2 (Gates, Ohno).

#### **SCRep. 1619-22 Education on H.R. No. 3**

The purpose of this measure is to urge the Hilo High School School Community Council to recommend that Hilo High School Gym be named after Albert and Lawrence Manliguis.

Your Committee received testimony in support of this measure from numerous individuals.

Your Committee finds that for over five decades, Albert and Lawrence Manliguis, have been synonymous with high school athletic and academic excellence, as well as achievement in basketball, particularly at Hilo High School where both brothers served as head coaches. Your Committee further finds that Albert and Lawrence Manliguis, together, coached forty-eight consecutive seasons at Hilo High School, where they led the Hilo High School Vikings to three state championships during that time, with two state championships coached by Lawrence Manliguis and one state championship coached by Albert Manliguis. Your Committee believes that it would be fitting to name Hilo High School Gym after Albert and Lawrence Manliguis to honor their longstanding commitment and success to athletic and academic excellence at Hilo High School.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 3 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1620-22 Education on H.C.R. No. 7**

The purpose of this measure is to urge the Hilo High School School Community Council to recommend that Hilo High School Gym be named after Albert and Lawrence Manliguis.

Your Committee received testimony in support of this measure from numerous individuals.

Your Committee finds that for over five decades, Albert and Lawrence Manliguis, have been synonymous with high school athletic and academic excellence, as well as achievement in basketball, particularly at Hilo High School where both brothers served as head coaches. Your Committee further finds that Albert and Lawrence Manliguis, together, coached forty-eight consecutive seasons at Hilo High School, where they led the Hilo High School Vikings to three state championships during that time, with two state championships coached by Lawrence Manliguis and one state championship coached by Albert Manliguis. Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1621-22 Education on H.R. No. 46**

The purpose of this measure is to request the Department of Education to prioritize funding for air conditioning in schools on Hawaii island that are regularly affected by vog.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that vog, or volcanic smog, is a form of air pollution that occurs when volcanic emissions react with moisture, oxygen, and sunlight. When volcanic eruptions occur on Hawaii island, prevailing wind patterns typically push vog emissions westward, where they accumulate over North and South Kona and Kau and affect the air quality to the point where it poses significant health risks.

Your Committee further finds that public health recommendations to reduce exposure to vog include staying indoors with windows closed and using an air filter. However, in schools without air conditioning, it can be very difficult to follow the recommendations and keep a healthy learning environment at the same time. Your Committee believes that providing schools on Hawaii island that are regularly affected by vog with air conditioning units will create a safer, more comfortable, and more effective learning environment for students.

Your Committee has amended this measure by including information on how hot temperatures negatively impact the ability of students to learn, especially in West Hawaii island and in particular the Kona area, and how using available energy efficient technology reduces the cost of air conditioning installation.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 46, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 46, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1622-22 Education on H.C.R. No. 51**

The purpose of this measure is to request the Department of Education to prioritize funding for air conditioning in schools on Hawaii island that are regularly affected by vog.

Your Committee received testimony in support of the intent of this measure from the Department of Education.

Your Committee finds that vog, or volcanic smog, is a form of air pollution that occurs when volcanic emissions react with moisture, oxygen, and sunlight. When volcanic eruptions occur on Hawaii island, prevailing wind patterns typically push vog emissions westward, where they accumulate over North and South Kona and Kau and affect the air quality to the point where it poses significant health risks.

Your Committee further finds that public health recommendations to reduce exposure to vog include staying indoors with windows closed and using an air filter. Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1623-22 Education on H.R. No. 50**

The purpose of this measure is to request the Department of Education to implement a social studies course for high school students to learn about Filipino history, culture, and identity.

Your Committee received testimony in support of this measure from the Hawai'i Friends of Civil Rights, Tinalak Filipino Education Council, Sariling Gawa Youth Council, Filipino Curriculum Project, and seventeen individuals.

Your Committee finds that in 2020, news reports indicated that anti-Asian hate crimes had increased nearly one hundred fifty percent in the United States. Your Committee further finds that increased education and understanding of Asian American history and culture and the contributions of Asian Americans can reduce incidents of hostility, violence, and discrimination toward Asian Americans. Your Committee also finds that Filipinos are the largest Asian ethnic and non-white group in Hawaii, at more than twenty-five percent of the population, and have a large presence and cultural footprint in the State. Your Committee notes that there is currently no mandated curriculum regarding Asian American history in Hawaii schools. Your Committee believes that implementing a social studies course for high school students to learn about Filipino history, culture, and identity will promote positive racial relations and attitudes amongst all ethnic groups.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent

and purpose of H.R. No. 50, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 50, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

**SCRep. 1624-22 Education on H.C.R. No. 56**

The purpose of this measure is to request the Department of Education to implement a social studies course for high school students to learn about Filipino history, culture, and identity.

Your Committee received testimony in support of this measure from the Hawai'i Friends of Civil Rights, Tinalak Filipino Education Council, Sariling Gawa Youth Council, Filipino Curriculum Project, and numerous individuals. Your Committee received comments on this measure from the Department of Education.

No. 56, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 56, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

**SCRep. 1625-22 Education on H.R. No. 67**

The purpose of this measure is to urge the Board of Education to rename the James B. Castle High School Football Field after former Representative Ken Ito.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that James B. Castle High School, also known as Castle High School, is the largest of four high schools in the Windward District and serves a socio-economically diverse community from suburban Kaneohe to rural Kualoa. Your Committee further finds that Castle High School's football team, the Castle Knights, is an exemplary high school athletic program that gives young athletes the opportunity to learn about the sport and apply themselves in a competitive setting against other high schools in the State.

Your Committee additionally finds that former Representative Ken Ito served in the State House of Representatives for over twenty-three years. Your Committee notes that Representative Ito has been a constant supporter of Castle High School for many decades, including earning the honor of being placed on the Castle Knights Athletic Wall of Honor in 2016, and was instrumental in securing funds for Castle High School's current football field. Your Committee believes that renaming Castle High School's football field after Representative Ito will show the community's appreciation for Representative Ito and honor his work for Castle High School.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 67 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

**SCRep. 1626-22 Education on H.C.R. No. 74**

The purpose of this measure is to urge the Board of Education to rename the James B. Castle High School Football Field after former Representative Ken Ito.

Your Committee received testimony in support of this measure from five individuals.

Your Committee finds that James B. Castle High School, also known as Castle High School, is the largest of four high schools in the Windward District and serves a socio-economically diverse community from suburban Kaneohe to rural Kualoa. Your Committee further finds that Castle High School's football team, the Castle Knights, is an exemplary high school athletic program that gives young athletes the opportunity to learn about the sport and apply themselves in a competitive setting against other high schools in the State.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 74 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

**SCRep. 1627-22 Education on H.R. No. 134**

The purpose of this measure is to request the Department of Education to ensure that career and technical education standards focus on place-based responsiveness to climate change and preparing students to engage in a growing green economy.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that the State faces an uncertain future as the global climate crisis intensifies, putting the health of Hawaii's people, environment, and economy at risk. Your Committee further finds that to survive and adapt to the climate crisis, Hawaii must proactively transition to a green economy that protects the State's natural resources for future generations while providing good jobs for the people of Hawaii. Your Committee additionally finds that providing the next generation of Hawaii's children with a strong grounding in Native Hawaiian knowledge is essential to empowering them to be active participants in a just transition to a regenerative economy that honors Hawaii's unique sense of place.

Your Committee also finds that career and technical education programs have a crucial role to play in preparing students to participate in a green workforce and allowing students to explore potential career pathways in sustainable industries. Your Committee believes that career and technical education programs across all career pathways must be reoriented to prepare the State's students to enter the workforce as responsible stewards of the 'āina.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 134, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 134, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1628-22 Education on H.C.R. No. 134**

The purpose of this measure is to request the Department of Education to ensure that career and technical education standards focus on place-based responsiveness to climate change and preparing students to engage in a growing green economy.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee believes that career and technical education programs across all career pathways must be reoriented to prepare the State's students to enter the workforce as responsible stewards of the 'āina.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 134, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 134, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1629-22 Education on H.R. No. 135**

The purpose of this measure is to request the Department of Education to develop farm to school implementation standards and add the standards to the annual school principal evaluations.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that the Hawaii Farm to School Program was established in 2015 to transition the State's school food systems toward locally grown food for the benefit of students, small businesses, local farmers, and the environment. Your Committee further finds that principals and school administration play a key role in the implementation of farm to school programs. Your Committee believes that adding farm to school implementation standards to the annual school principal evaluations will improve student access to fresh, local foods in public school food programs.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 135 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1630-22 Education on H.C.R. No. 135**

The purpose of this measure is to request the Department of Education to develop farm to school implementation standards and add the standards to the annual school principal evaluations.

Your Committee received testimony in opposition to this measure from the Department of Education.

Your Committee finds that the Hawaii Farm to School Program was established in 2015 to transition the State's school food systems toward locally grown food for the benefit of students, small businesses, local farmers, and the environment. Your Committee further finds that principals and school administration play a key role in the implementation of farm to school programs. As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 135 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Gates, Ohno).

#### **SCRep. 1631-22 Agriculture on H.R. No. 59**

The purpose of this measure is to request the Department of Agriculture, in consultation with the United States Department of Agriculture Food Safety and

Inspection Service, to develop a certification process for hunters to become certified inspectors in order to inspect their own game for sale.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce and one individual.

Your Committee finds that axis deer are thriving on Maui and Molokai and number in the tens of thousands. With no natural predators and an ample food supply, this invasive species is causing havoc to the environment and millions in damage annually. Axis deer threaten native forests, damage agricultural crops and native and ornamental vegetation, cause erosion, and cause traffic accidents. Your Committee also finds that although hunting axis deer is a significant part of the hunting culture on certain islands, selling the meat is time-consuming and challenging as the meat must first be inspected by a United States Department of Agriculture Food Safety Inspection Service inspector. Deer meat is not under the Federal Meat Inspection Act like beef but instead falls under voluntary inspection by the United States Department of Agriculture Food Safety and Inspection Service. Without a state meat inspection program and with few Food Safety Inspection Service employees in the State, providing hunters the opportunity to become certified inspectors will expedite the meat inspection process and help to limit the overpopulation of axis deer in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Agriculture is requested to work with the federal government to develop the certification process;
- (2) Amending its title in accordance with its intended purpose; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 59, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 59, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1632-22 Agriculture on H.C.R. No. 65**

The purpose of this measure is to request the Department of Agriculture, in consultation with the United States Department of Agriculture Food Safety and Inspection Service, to develop a certification process for hunters to become certified inspectors in order to inspect their own game for sale.

Your Committee received testimony in support of this measure from two members of the Maui County Council, Maui Chamber of Commerce, and three individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture. Your Committee received comments on this measure from one individual.

Your Committee finds that axis deer are thriving on Maui and Molokai and number in the tens of thousands. With no natural predators and an ample food supply, this invasive species is causing havoc to the environment and millions in damage annually. Axis deer threaten native forests, damage agricultural crops and native and ornamental vegetation, cause erosion, and cause traffic accidents. Your Committee also finds that although hunting axis deer is a significant part of the hunting culture on certain islands, selling the meat is time-consuming and challenging as the meat must first be inspected by a United States Department of Agriculture Food Safety Inspection Service inspector. Your Committee has amended this measure by:

- (1) Clarifying that the Department of Agriculture is requested to work with the federal government to develop the certification process;
- (2) Amending its title in accordance with its intended purpose; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 65, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 65, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1633-22 Agriculture on H.R. No. 68**

The purpose of this measure is to urge the City and County of Honolulu Department of Environmental Services to partner with the University of Hawaii, Pacific American Foundation, and other organizations to utilize the property located at 45-230 Kulauli Street, Kaneohe, Hawaii, for aquaculture purposes that will not unreasonably interfere with the Department of Environmental Services' regular use of the property.

Your Committee received testimony in support of this measure from the Pacific American Foundation.

Your Committee finds that the City and County of Honolulu owns the parcel of land that was the location of the former Kaneohe Wastewater Pretreatment Facility, which was located on the parcel of land at 45-230 Kulauli Street in Kaneohe, Hawaii. Since its decommissioning, only ancillary structures and a storage structure are maintained on the parcel of land; the rest of the property is underutilized. Your Committee also finds that the parcel of land is located adjacent to Waikalua Loko Fishpond, also known as Waikalua Loko I'a, a four-hundred-year-old ancient Hawaiian fishpond that the Pacific American Foundation and Pacific American Foundation Hawaii, Inc., embarked on restoring in partnership with the Waikalua Loko Fishpond Preservation Society. Your Committee finds that there is an opportunity to put the sixteen-acre property to productive use for aquaculture purposes.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 68 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1634-22 Agriculture on H.C.R. No. 75**

The purpose of this measure is to urge the City and County of Honolulu Department of Environmental Services to partner with the University of Hawaii, Pacific American Foundation, and other organizations to utilize the property located at 45-230 Kulauli Street, Kaneohe, Hawaii, for aquaculture purposes that

will not unreasonably interfere with the Department of Environmental Services' regular use of the property.

Your Committee received testimony in support of this measure from the Pacific American Foundation. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the City and County of Honolulu owns the parcel of land that was the location of the former Kaneohe Wastewater Pretreatment Facility, which was located on the parcel of land at 45-230 Kulauli Street in Kaneohe, Hawaii. Since its decommissioning, only ancillary structures and a storage structure are maintained on the parcel of land; the rest of the property is underutilized. Your Committee also finds that the parcel of land is located adjacent to Waikalua Loko Fishpond, also known as Waikalua Loko I'a, a four-hundred-year-old ancient Hawaiian fishpond that the Pacific American Foundation and Pacific American Foundation Hawaii, Inc., embarked on restoring in partnership with the Waikalua Loko Fishpond Preservation Society. Your Committee finds that there is an opportunity to put the sixteen-acre property to productive use for aquaculture purposes.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 75 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1635-22 Agriculture on H.R. No. 94**

The purpose of this measure is to urge the Honolulu City Council to review its ordinance on chickens, investigate the ordinance's role in contributing to the growing population of feral chickens, and take action to reduce the growing problem of feral chickens in the City and County of Honolulu.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the growing population of feral chickens in the City and County of Honolulu has led to increased nuisance complaints of feral chickens foraging in residential areas, crowing at inconvenient hours, and posing health and safety concerns with their unsanitary droppings and obstruction of traffic. Your Committee notes that section 7-2.5, Revised Ordinances of Honolulu, permits each household within the City and County of Honolulu to possess up to two chickens or peafowl and finds that the allowance of up to two chickens per household under the ordinance may have a role in the proliferation of feral chickens on Oahu. This measure urges the City and County of Honolulu to review its existing ordinance on chickens and take action to reduce this community problem.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 94 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1636-22 Agriculture on H.C.R. No. 99**

The purpose of this measure is to urge the Honolulu City Council to review its ordinance on chickens, investigate the ordinance's role in contributing to the growing population of feral chickens, and take action to reduce the growing problem of feral chickens in the City and County of Honolulu.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the growing population of feral chickens in the City and County of Honolulu has led to increased nuisance complaints of feral chickens foraging in residential areas, crowing at inconvenient hours, and posing health and safety concerns with their unsanitary droppings and obstruction of traffic. Your Committee notes that section 7-2.5, Revised Ordinances of Honolulu, permits each household within the City and County of Honolulu to possess up to two chickens or peafowl and finds that the allowance of up to two chickens per household under the ordinance may have a role in the proliferation of feral chickens on Oahu. This measure urges the City and County of Honolulu to review its existing ordinance on chickens and take action to reduce this community problem.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 99 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1637-22 Agriculture on H.R. No. 22**

The purpose of this measure is to request the Department of Agriculture to submit a report on pesticide inspections conducted within the past five years and strengthen statewide enforcement of restricted use pesticide violations; and submit the report, including any findings, recommendations, and proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

Your Committee received testimony in support of this measure from Hawai'i SEED, Hawai'i Alliance for Progressive Action, and two individuals.

Your Committee finds that the failure to adhere to pesticide use instructions poses significant risks to public health and the environment. Despite these risks, pesticides have been misused and continue to be misused within the State, as evidenced by settlements reached with and fines levied by the United States Environmental Protection Agency, as well as the repeated failure of agribusiness operations on O'ahu and Kaua'i to properly implement worker protection standards. Your Committee further finds that a 2016 study prepared by an independent Joint Fact Finding Study Group recommended additional pesticide inspections, reporting, and legal compliance reviews. Act 45, Session Laws of Hawai'i 2018, was subsequently passed, which established additional state requirements, restrictions, and prohibitions related to restricted use pesticides.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 22 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1638-22 Agriculture on H.C.R. No. 24**

The purpose of this measure is to request the Department of Agriculture to submit a report on pesticide inspections conducted within the past five years and strengthen statewide enforcement of restricted use pesticide violations; and submit the report, including any findings, recommendations, and proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

Your Committee received testimony in support of this measure from Hawai'i SEED, Hawai'i Alliance for Progressive Action, and ten individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the failure to adhere to pesticide use instructions poses significant risks to public health and the environment. Despite these risks, pesticides have been misused and continue to be misused within the State, as evidenced by settlements reached with and fines levied by the United States Environmental Protection Agency, as well as the repeated failure of agribusiness operations on O'ahu and Kaua'i to properly implement worker protection standards. Your Committee further finds that a 2016 study prepared by an independent Joint Fact Finding Study Group recommended additional pesticide inspections, reporting, and legal compliance reviews. Act 45, Session Laws of Hawai'i 2018, was subsequently passed, which established additional state requirements, restrictions, and prohibitions related to restricted use pesticides.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 24 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1639-22 Agriculture on H.R. No. 70**

The purpose of this measure is to request the Office of the Auditor to conduct a performance audit of the ten agricultural parks operated by the Agricultural Resource Management Division of the Department of Agriculture; and submit a report of its performance audit, including any findings, recommendations, and proposed legislation, to the Legislature no later than twenty days prior to the Regular Session of 2023.

Your Committee received testimony in support of this measure from Ho'ōla Farms and two individuals.

Your Committee finds that the Department of Agriculture operates ten agricultural parks on the islands of Hawai'i, Kaua'i, Moloka'i, and O'ahu. These agricultural parks contain a total of two hundred twenty-seven plots that provide access to irrigation and other infrastructure designed to support small family farms. The State's Agricultural Park Program is intended to make land available to small farmers at reasonable cost with long-term leases to help Hawai'i grow more of its own food. Your Committee further finds that issues with the management, or lack thereof, of some plots by the Department of Agriculture warrant this audit, especially in light of the legal action that has been filed against the Department of Agriculture regarding its management practices for a certain agricultural park.

Your Committee has amended this measure by:

- (1) Amending its title in accordance with its amended purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 70, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 70, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1640-22 Agriculture on H.C.R. No. 77**

The purpose of this measure is to request the Office of the Auditor to conduct a performance audit of the ten agricultural parks operated by the Agricultural Resource Management Division of the Department of Agriculture; and submit a report of its performance audit, including any findings, recommendations, and proposed legislation, to the Legislature no later than twenty days prior to the Regular Session of 2023.

Your Committee received testimony in support of this measure from Ho'ōla Farms and three individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the Department of Agriculture operates ten agricultural parks on the islands of Hawai'i, Kaua'i, Moloka'i, and O'ahu. These agricultural parks contain a total of two hundred twenty-seven plots that provide access to irrigation and other infrastructure designed to support small family farms. The State's Agricultural Park Program is intended to make land available to small farmers at reasonable cost with long-term leases to help Hawai'i grow more of its own food. Your Committee further finds that issues with the management, or lack thereof, of some plots by the Department of Agriculture warrant this audit, especially in light of the legal action that has been filed against the Department of Agriculture regarding its management practices for a certain agricultural park.

Your Committee has amended this measure by:

- (1) Amending its title in accordance with its amended purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 77, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 77, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1641-22 Agriculture on H.R. No. 23**

The purpose of this measure is to urge the Department of Education's School Food Services Branch to adopt an addendum to its agreements for 'Āina Pono requiring the procurement of goods, services, or both from food hubs.

Your Committee received testimony in support of this measure from Hawai'i SEED, Hawai'i Alliance for Progressive Action, Hawai'i Farm to School Hui, and three individuals.

Your Committee finds that the State has a vested interest in supporting the proliferation of local food sources in order to increase Hawai'i's self-reliance, as evidenced by the passing of Act 55, Session Laws of Hawai'i 2013, which encourages the purchase and use of Hawai'i-grown food and food products. In alignment with this goal, food hubs are a means of supporting local farmers, especially small- and mid-sized farming operations. Your Committee further finds that the 'Āina Pono program is a farm-to-school initiative that supports local food systems while promoting healthy behaviors and better outcomes for students. Fostering a connection between this program and existing food hubs will support Hawaii's rural communities while expanding students' access to fresh, locally

grown food.

Your Committee has amended this measure by:

- (1) Amending its title in accordance with its amended purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 23, as amended herein, and recommends that it be referred to your Committee on Education in the form attached hereto as H.R. No. 23, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1642-22 Agriculture on H.C.R. No. 25**

The purpose of this measure is to urge the Department of Education's School Food Services Branch to adopt an addendum to its agreements for 'Āina Pono requiring the procurement of goods, services, or both from food hubs.

Your Committee received testimony in support of this measure from Hawai'i SEED, Hawai'i Alliance for Progressive Action, Hawai'i Farm to School Hui, and seven individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Education.

Your Committee finds that the State has a vested interest in supporting the proliferation of local food sources in order to increase Hawai'i's self-reliance, as evidenced by the passing of Act 55, Session Laws of Hawai'i 2013, which encourages the purchase and use of Hawai'i-grown food and food products. In alignment with this goal, food hubs are a means of supporting local farmers, especially small- and mid-sized farming operations. Your Committee further finds that the 'Āina Pono program is a farm-to-school initiative that supports local food systems while promoting healthy behaviors and better outcomes for students. Fostering a connection between this program and existing food hubs will support Hawaii's rural communities while expanding students' access to fresh, locally grown food.

Your Committee has amended this measure by:

- (1) Amending its title in accordance with its amended purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 25, as amended herein, and recommends that it be referred to your Committee on Education in the form attached hereto as H.C.R. No. 25, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1643-22 Government Reform on H.R. No. 146**

The purpose of this measure is to request the Office of Information Practices to convene a working group to develop a recommendation for a new exception to the Uniform Information Practices Act (Modified) for agency records that are deliberative and pre-decisional.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Agriculture, University of Hawai'i System, Office of Information Practices, Common Cause Hawaii, and Hawaii Chapter of the Society of Professional Journalists. Your Committee received comments on this measure from the League of Women Voters of Hawaii, Civil Beat Law Center for the Public Interest, and Grassroot Institute of Hawaii.

Your Committee finds that, in order for agencies to reach sound decisions on the various questions that come before them, agencies in some instances need their employees and officers to fully and frankly discuss proposed policies or tentative decisions at an internal level, outside the glare of publicity, and with the freedom to express views or editorial changes that may not be incorporated into the final decision. Your Committee further finds that interested stakeholders should be given the opportunity to consider whether there is consensus on the appropriate balance between transparency and deliberative process for effective agency decision-making in Hawaii.

This measure provides this opportunity by requesting the Office of Information Practices to convene a working group to make a recommendation that exempts deliberative and pre-decisional agency records from the Uniform Information Practices Act (Modified) that reasonably balances the public's interest in disclosure against the potential harm to an agency's ability to fully consider and make sound and informed decisions.

Your Committee notes that the League of Women Voters of Hawaii, Common Cause Hawaii, and Civil Beat Law Center for the Public Interest stated in their testimony before your Committee that they are interested and would appreciate the opportunity to participate in the working group.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 146 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Eli, Ichiyama, Woodson, Yamashita).

#### **SCRep. 1644-22 Government Reform on H.C.R. No. 146**

The purpose of this measure is to request the Office of Information Practices to convene a working group to develop a recommendation for a new exception to the Uniform Information Practices Act (Modified) for agency records that are deliberative and pre-decisional.

Your Committee received testimony in support of this measure from the Department of Taxation, Department of Land and Natural Resources, Department of Agriculture, University of Hawai'i System, Office of Information Practices, Common Cause Hawaii, and Hawaii Chapter of the Society of Professional Journalists. Your Committee received comments on this measure from the League of Women Voters of Hawaii, Civil Beat Law Center for the Public Interest, and Grassroot Institute of Hawaii.

Your Committee finds that, in order for agencies to reach sound decisions on the various questions that come before them, agencies in some instances need their employees and officers to fully and frankly discuss proposed policies or tentative decisions at an internal level, outside the glare of publicity, and with the freedom to express views or editorial changes that may not be incorporated into the final decision. Your Committee further finds that interested stakeholders should be given the opportunity to consider whether there is consensus on the appropriate balance between transparency and deliberative process for effective

agency decision-making in Hawaii.

This measure provides this opportunity by requesting the Office of Information Practices to convene a working group to make a recommendation that exempts deliberative and pre-decisional agency records from the Uniform Information Practices Act (Modified) that reasonably balances the public's interest in disclosure against the potential harm to an agency's ability to fully consider and make sound and informed decisions.

Your Committee notes that the League of Women Voters of Hawaii, Common Cause Hawaii, and Civil Beat Law Center for the Public Interest stated in their testimony before your Committee that they are interested and would appreciate the opportunity to participate in the working group.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 146 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Eli, Ichiyama, Woodson, Yamashita).

#### **SCRep. 1645-22 Water & Land on H.R. No. 31**

The purpose of this measure is to request that the University of Hawai'i work with the National Oceanic and Atmospheric Administration and Department of Education to create a Coral Reef Advisory Team of Youth.

Your Committee received correspondence in support of this measure from the University of Hawai'i.

Your Committee finds that scientific engagement and environmental education are important opportunities for youth learning and empowerment. Collaboration between the University of Hawai'i, National Oceanic and Atmospheric Administration, and Hawai'i Department of Education could facilitate the creation of curricula and initiatives to further youth education, research, and engagement about coral reef conservation and restoration.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 31 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1646-22 Water & Land on H.C.R. No. 36**

The purpose of this measure is to request that the University of Hawai'i work with the National Oceanic and Atmospheric Administration and Department of Education to create a Coral Reef Advisory Team of Youth.

Your Committee received correspondence in support of this measure from the University of Hawai'i.

Your Committee finds that scientific engagement and environmental education are important opportunities for youth learning and empowerment. Collaboration between the University of Hawai'i, National Oceanic and Atmospheric Administration, and Hawai'i Department of Education could facilitate the creation of curricula and initiatives to further youth education, research, and engagement about coral reef conservation and restoration.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 36 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1647-22 Water & Land on H.R. No. 87**

The purpose of this measure is to request the City and County of Honolulu to purchase certain tax map key parcels to be used for additional parking and other community needs, as deemed necessary by the City and County of Honolulu.

Your Committee received testimony in support of this measure from Waikiki Neighborhood Board No. 9; and two individuals.

Your Committee finds that the identified tax map key parcels in private possession have remained undeveloped despite the needs of the surrounding community. The adjacent area has several community facility needs, including parking, recreational parks, and electric vehicle charging stations. If purchased by the City and County of Honolulu, these underutilized parcels could serve important and currently-unmet community needs.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 87 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1648-22 Water & Land on H.C.R. No. 93**

The purpose of this measure is to request the City and County of Honolulu to purchase certain tax map key parcels to be used for additional parking and other community needs, as deemed necessary by the City and County of Honolulu.

Your Committee received testimony in support of this measure from the Chair of the City and County of Honolulu City Council; Waikiki Neighborhood Board No. 9; Lucky Cat Properties Group, LLC; and twenty-two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the identified tax map key parcels in private possession have remained undeveloped despite the needs of the surrounding community. The adjacent area has several community facility needs, including parking, recreational parks, and electric vehicle charging stations. If purchased by the City and County of Honolulu, these underutilized parcels could serve important and currently-unmet community needs.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 93 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1649-22 Housing on H.R. No. 104**

The purpose of this measure is to:

- (1) Urge the Hawaii Housing Finance and Development Corporation to combat hostile and harmful actions by profit-driven investors and aggregators participating in the State's Low-Income Housing Tax Credit Program; and
- (2) Request Hawaii's congressional delegation to work on federal legislation that strengthens the right of first refusal in Low-Income Housing Tax Credit projects and addresses profiteering off affordable housing.

Your Committee received testimony in support of this measure from Catholic Charities Hawai'i. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the Low-Income Housing Tax Credit Program has financed the construction and rehabilitation of thousands of affordable rental units in the State. This financing tool provides tax credits for private developers and nonprofit entities to construct or rehabilitate affordable rental units. In the case of Low-Income Housing Tax Credit Program projects, nonprofit developers apply for these Low-Income Housing Tax Credits from the State and then sell the tax credits to banks or other institutions with high tax liabilities, with the proceeds from the sale of the tax credits funding the construction or renovation of buildings. Your Committee further finds that investors who purchase the tax credits maintain some ownership in these projects during a fifteen-year compliance period.

Recently, however, there has been an emerging threat to nonprofit affordable housing whereby some entities manipulate the Low-Income Housing Tax Credit for personal profit by blocking the nonprofits' right of first refusal, which is a key provision of the Low-Income Housing Tax Credit. This right of first refusal protects permanent affordability by enabling nonprofits to purchase the buildings they develop for a minimal price at the end of the compliance period. This measure urges that greater efforts be taken to ensure compliance with the right of first refusal in Low-Income Housing Tax Credit projects, as it is critical that these projects remain affordable in light of the ongoing housing and homelessness crisis in the State.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 104 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

#### **SCRep. 1650-22 Housing on H.C.R. No. 108**

The purpose of this measure is to:

- (1) Urge the Hawaii Housing Finance and Development Corporation to combat hostile and harmful actions by profit-driven investors and aggregators participating in the State's Low-Income Housing Tax Credit Program; and
- (2) Request Hawaii's congressional delegation to work on federal legislation that strengthens the right of first refusal in Low-Income Housing Tax Credit projects and addresses profiteering off affordable housing.

Your Committee received testimony in support of this measure from Catholic Charities Hawai'i. Your Committee received testimony in opposition to this measure from Stanford Carr Development, LLC. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the Low-Income Housing Tax Credit Program has financed the construction and rehabilitation of thousands of affordable rental units in the State. This financing tool provides tax credits for private developers and nonprofit entities to construct or rehabilitate affordable rental units. In the case of Low-Income Housing Tax Credit Program projects, nonprofit developers apply for these Low-Income Housing Tax Credits from the State and then sell the tax credits to banks or other institutions with high tax liabilities, with the proceeds from the sale of the tax credits funding the construction or renovation of buildings. Your Committee further finds that investors who purchase the tax credits maintain some ownership in these projects during a fifteen-year compliance period.

Recently, however, there has been an emerging threat to nonprofit affordable housing whereby some entities manipulate the Low-Income Housing Tax Credit for personal profit by blocking the nonprofits' right of first refusal, which is a key provision of the Low-Income Housing Tax Credit. This right of first refusal protects permanent affordability by enabling nonprofits to purchase the buildings they develop for a minimal price at the end of the compliance period. This measure urges that greater efforts be taken to ensure compliance with the right of first refusal in Low-Income Housing Tax Credit projects, as it is critical that these projects remain affordable in light of the ongoing housing and homelessness crisis in the State.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 108 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

#### **SCRep. 1651-22 Housing on H.R. No. 126**

The purpose of this measure is to urge all state and county agencies to follow the true intent of chapter 201H, Hawaii Revised Statutes, and the express provisions of section 201H-38, Hawaii Revised Statutes, rather than impose additional restrictions and processes, to address the shortage of affordable housing in the State.

Your Committee received testimony in support of this measure from Stanford Carr Development, LLC and Imanaka Asato, LLC.

Your Committee finds that the critical need for affordable and available housing continue to be a serious problem in the State, with dire, direct ramifications on families and individuals who are unable to secure a stable place to live and negative impacts on the quality of life for all in the State. Your Committee also finds that the Hawaii Housing Finance and Development Corporation (Corporation) is tasked with developing and financing low- and moderate-income housing projects and administering homeownership programs.

Additionally, the Corporation is granted extensive powers to assist in financing and developing affordable housing in the State. Section 201H-38, Hawaii Revised Statutes, authorizes the Corporation to develop affordable housing projects that are exempt from all laws, rules, and regulations that impact development, subject to certain conditions. Your Committee notes that the counties are granted the same housing powers and authority as those granted to the Corporation. This measure urges all state and county agencies to embrace the true intent of these statutory powers, as this commitment is vital to the creation of affordable housing throughout the State.

Your Committee has amended this measure by:

- (1) Requesting that certified copies of this measure be transmitted to all members of each county council; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 126, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 126, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

#### **SCRep. 1652-22 Housing on H.C.R. No. 126**

The purpose of this measure is to urge all state and county agencies to follow the true intent of chapter 201H, Hawaii Revised Statutes, and the express provisions of section 201H-38, Hawaii Revised Statutes, rather than impose additional restrictions and processes, to address the shortage of affordable housing in the State.

Your Committee received testimony in support of this measure from Stanford Carr Development, LLC.

Your Committee finds that the critical need for affordable and available housing continue to be a serious problem in the State, with dire, direct ramifications on families and individuals who are unable to secure a stable place to live and negative impacts on the quality of life for all in the State. Your Committee also finds that the Hawaii Housing Finance and Development Corporation (Corporation) is tasked with developing and financing low- and moderate-income housing projects and administering homeownership programs.

Additionally, the Corporation is granted extensive powers to assist in financing and developing affordable housing in the State. Section 201H-38, Hawaii Revised Statutes, authorizes the Corporation to develop affordable housing projects that are exempt from all laws, rules, and regulations that impact development, subject to certain conditions. Your Committee has amended this measure by:

- (1) Requesting that certified copies of this measure be transmitted to all members of each county council; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 126, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 126, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Clark, LoPresti, McDermott).

#### **SCRep. 1653-22 Energy & Environmental Protection on H.R. No. 44**

The purpose of this measure is to request the Public Utilities Commission, in collaboration with the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy, to convene a working group to create a Hawaii Low Income Home Energy Assistance Program to assist low-income households with paying for their home energy.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Department of Labor and Industrial Relations' Office of Community Services, Hawaii State Energy Office, and Hawaiian Electric Company. Your Committee received comments on this measure from the Public Utilities Commission.

Your Committee finds that Hawaii's electricity rates are one of the highest in the nation, at close to three times the national average, and vary based on availability of renewable resources, power plants, fuel costs, and pricing regulations. While the federal Low Income Home Energy Assistance Program assists low-income households that pay a high proportion of household income for home energy, benefits cannot be distributed once funds run out for the year. Therefore, establishing a state Low Income Home Energy Assistance Program would create additional assistance for households experiencing energy insecurity in the State.

Your Committee has amended this measure by:

- (1) Adding a representative from the Department of Labor and Industrial Relations' Office of Community Services to the working group; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 44, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 44, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1654-22 Energy & Environmental Protection on H.C.R. No. 49**

The purpose of this measure is to request the Public Utilities Commission, in collaboration with the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy, to convene a working group to create a Hawaii Low Income Home Energy Assistance Program to assist low-income households with paying for their home energy.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Department of Labor and Industrial Relations' Office of Community Services, Hawaii State Energy Office, and Hawaiian Electric Company. Your Committee received comments on this measure from the Public Utilities Commission and one individual.

Your Committee finds that Hawaii's electricity rates are one of the highest in the nation, at close to three times the national average, and vary based on availability of renewable resources, power plants, fuel costs, and pricing regulations. While the federal Low Income Home Energy Assistance Program assists low-income households that pay a high proportion of household income for home energy, benefits cannot be distributed once funds run out for the year. Therefore, establishing a state Low Income Home Energy Assistance Program would create additional assistance for households experiencing energy insecurity in the State.

Your Committee has amended this measure by:

- (1) Adding a representative from the Department of Labor and Industrial Relations' Office of Community Services to the working group; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee

concurs with the intent and purpose of H.C.R. No. 49, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 49, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1655-22 Energy & Environmental Protection on H.R. No. 63**

The purpose of this measure is to urge Marine Corps Base Hawaii to upgrade the capacity of its sewage treatment plant and redundancy of the components to ensure that final effluent quality is in compliance with state permitting requirements.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that Marine Corps Base Hawaii discharges approximately one and a half million gallons of treated wastewater a day into Kailua Bay, which is intensively used by swimmers, paddlers, divers, and surfers. Because the Marine Corps Base Hawaii water reclamation facility infrastructure was originally constructed in 1947 and does not currently include system redundancy to support necessary system maintenance, it is critical that Marine Corps Base Hawaii upgrade its sewage treatment plant to ensure that the treated wastewater it discharges complies with the proper regulations and standards.

Your Committee has amended this measure by:

- (1) Clarifying certain provisions relating to Marine Corps Base Hawaii;
- (2) Requesting that all Department of Defense installation services in Hawaii seek to migrate from R2 to R1 treatment standards, maximizing irrigation, reducing potable water consumption on military bases, and reducing discharge into Hawaii's waters; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 63, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 63, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1656-22 Energy & Environmental Protection on H.C.R. No. 70**

The purpose of this measure is to urge Marine Corps Base Hawaii to upgrade the capacity of its sewage treatment plant and redundancy of the components to ensure that final effluent quality is in compliance with state permitting requirements.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that Marine Corps Base Hawaii discharges approximately one and a half million gallons of treated wastewater a day into Kailua Bay, which is intensively used by swimmers, paddlers, divers, and surfers. Because the Marine Corps Base Hawaii water reclamation facility infrastructure was originally constructed in 1947 and does not currently include system redundancy to support necessary system maintenance, it is critical that Marine Corps Base Hawaii upgrade its sewage treatment plant to ensure that the treated wastewater it discharges complies with the proper regulations and standards.

Your Committee has amended this measure by:

- (1) Clarifying certain provisions relating to Marine Corps Base Hawaii;
- (2) Requesting that all Department of Defense installation services in Hawaii seek to migrate from R2 to R1 treatment standards, maximizing irrigation, reducing potable water consumption on military bases, and reducing discharge into Hawaii's waters; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 70, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 70, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1657-22 Energy & Environmental Protection on H.R. No. 82**

The purpose of this measure is to request the Office of Planning and Sustainable Development's Environmental Review Program to form a task force to recommend user-friendly improvements to the Program's website.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development.

Your Committee finds that although the Office of Planning and Sustainable Development's Environmental Review Program maintains a website that informs the public of pending environmental impact statements and environmental assessments, the website is not user-friendly, making the information difficult to access. A well-organized and searchable database of environmental assessments and environmental impact statements and other user-friendly features will encourage public participation in the environmental review process and increase transparency and accountability.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 82 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 1658-22 Agriculture on H.R. No. 86**

The purpose of this measure is to urge the Department of Agriculture to assist coffee farmers in purchasing organic fertilizer to prevent coffee leaf rust.

Your Committee received testimony in support of this measure from the Hawai'i Alliance for Progressive Action and two individuals.

Your Committee finds that in 2020, coffee leaf rust was discovered for the first time in the State on the islands of Hawaii and Maui. Considered to be one of the most damaging diseases of coffee plants, coffee leaf rust has since spread to the islands of Kauai, Lanai, Molokai, and Oahu. Your Committee further finds that the spread of coffee leaf rust on all Hawaiian Islands threatens the viability of the State's coffee industry, and therefore, the adoption of organic disease management strategies such as improving tree health is vital to containing this damaging disease.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent

and purpose of H.R. No. 86 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Marten, Matayoshi, Tokioka). Noes, none. Excused, none.

**SCRep. 1659-22 Agriculture on H.C.R. No. 92**

The purpose of this measure is to urge the Department of Agriculture to assist coffee farmers in purchasing organic fertilizer to prevent coffee leaf rust.

Your Committee received testimony in support of this measure from the Hawai'i Alliance for Progressive Action, Hawai'i SEED, and seven individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that in 2020, coffee leaf rust was discovered for the first time in the State on the islands of Hawaii and Maui. Considered to be one of the most damaging diseases of coffee plants, coffee leaf rust has since spread to the islands of Kauai, Lanai, Molokai, and Oahu. Your Committee further finds that the spread of coffee leaf rust on all Hawaiian Islands threatens the viability of the State's coffee industry, and therefore, the adoption of organic disease management strategies such as improving tree health is vital to containing this damaging disease.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 92 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Marten, Matayoshi, Tokioka). Noes, none. Excused, none.

**SCRep. 1660-22 Health, Human Services, & Homelessness on H.R. No. 88**

The purpose of this measure is to request the Department of Health to examine issues and barriers to enforcement to reduce noise from two-stroke engines, mopeds, and small off-road engines.

Your Committee received testimony in support of this measure from Climate Protectors Hawai'i. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that noise pollution is a serious, prevalent, and increasing problem affecting quality of life in all areas of the State. Your Committee further finds that existing regulations are not effectively enforced and do not adequately address noise pollution emitted from two-stroke engines, mopeds, and small off-road engines. This measure addresses ongoing enforcement issues by requesting the Department of Health to examine issues and barriers to enforcement of noise control regulations.

Your Committee has amended this measure by:

- (1) Removing the President of the Senate and Speaker of the House of Representatives from the list of individuals who will receive a certified copy of this measure;
- (2) Making technical amendments to its title; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 88, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 88, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1661-22 Health, Human Services, & Homelessness on H.C.R. No. 94**

The purpose of this measure is to request the Department of Health to examine issues and barriers to enforcement to reduce noise from two-stroke engines, mopeds, and small off-road engines.

Your Committee received testimony in support of this measure from Climate Protectors Hawai'i.

Your Committee finds that noise pollution is a serious, prevalent, and increasing problem affecting quality of life in all areas of the State. Your Committee further finds that existing regulations are not effectively enforced and do not adequately address noise pollution emitted from two-stroke engines, mopeds, and small off-road engines. This measure addresses ongoing enforcement issues by requesting the Department of Health to examine issues and barriers to enforcement of noise control regulations.

Your Committee has amended this measure by:

- (2) Making technical amendments to its title; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 94, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 94, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1662-22 Health, Human Services, & Homelessness on H.R. No. 117**

The purpose of this measure is to request the Department of Human Services to immediately cease intercepting social security payments for children in foster care.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that children in foster care are in critical need of support, including emotional and financial support. Your Committee also finds that the State uses the social security benefits of foster care children to help pay for the cost of their foster care, which may leave foster care children without a

safety net or a small safety net as adults. This measure requests the Department of Human Services to stop using social security payments for children in foster care and instead deposit the social security payments into savings accounts that foster care children can access when they return to their families, are adopted, or age-out of foster care.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 117, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 117, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1663-22 Health, Human Services, & Homelessness on H.C.R. No. 117**

The purpose of this measure is to request the Department of Human Services to immediately cease intercepting social security payments for children in foster care.

Your Committee received testimony in support of this measure from the Hawaii Family Advocacy Team. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that children in foster care are in critical need of support, including emotional and financial support. Your Committee also finds that the State uses the social security benefits of foster care children to help pay for the cost of their foster care, which may leave foster care children without a safety net or a small safety net as adults. This measure requests the Department of Human Services to stop using social security payments for children in foster care and instead deposit the social security payments into savings accounts that foster care children can access when they return to their families, are adopted, or age-out of foster care.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 117, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 117, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1664-22 Health, Human Services, & Homelessness on H.R. No. 137**

The purpose of this measure is to urge the Department of Human Services to establish or contract with a victim service provider to operate and maintain an emergency shelter for children who are survivors of sex trafficking.

Your Committee received testimony in support of this measure from the Department of Human Services.

Your Committee finds that although Hawaii provides services for young victims of sex trafficking, neither the assessment center and shelter located at the Kawaiiloa Youth and Family Wellness Center nor the residential treatment program operated by Ho'ōla Nā Pua serve as an emergency shelter for child survivors of sex trafficking. Your Committee further finds that the only emergency shelter for child survivors of sex trafficking in the State temporarily ceased its operations in 2021 because of unexpected budget shortfalls. This measure improves the State's effectiveness in responding to sexual exploitation of children by urging the Department of Human Services to establish or contract with a victim service provider to operate and maintain an emergency shelter for child survivors of sex trafficking.

Your Committee has amended this measure by:

- (1) Making a technical amendment to its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 137, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 137, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1665-22 Health, Human Services, & Homelessness on H.C.R. No. 137**

The purpose of this measure is to urge the Department of Human Services to establish or contract with a victim service provider to operate and maintain an emergency shelter for children who are survivors of sex trafficking.

Your Committee received testimony in support of this measure from the Department of Human Services.

Your Committee finds that although Hawaii provides services for young victims of sex trafficking, neither the assessment center and shelter located at the Kawaiiloa Youth and Family Wellness Center nor the residential treatment program operated by Ho'ōla Nā Pua serve as an emergency shelter for child survivors of sex trafficking. Your Committee further finds that the only emergency shelter for child survivors of sex trafficking in the State temporarily ceased its operations in 2021 because of unexpected budget shortfalls. This measure improves the State's effectiveness in responding to sexual exploitation of children by urging the Department of Human Services to establish or contract with a victim service provider to operate and maintain an emergency shelter for child survivors of sex trafficking.

Your Committee has amended this measure by:

- (1) Making a technical amendment to its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 137, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 137, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1666-22 Health, Human Services, & Homelessness on H.R. No. 139**

The purpose of this measure is to request the Auditor to conduct an analysis regarding the scopes of practice for advanced practice registered nurses and physician assistants.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board. Your Committee received comments on this measure from the Office of the Auditor, Hawaii Medical Board, Board of Nursing, Hawai'i State Center for Nursing, and Healthcare Association of Hawaii.

Your Committee finds that there is a need to clearly distinguish the scopes of practice of advanced practice registered nurses and physician assistants and to determine the appropriate scope of practice for each of these professions in the State to better complement the work of physicians.

Your Committee notes that the intent of this measure is not to limit the scopes of practice of advanced practice registered nurses and physician assistants but rather to review existing laws to identify areas in which the scopes of practice for advanced practice registered nurses and physician assistants might be expanded.

Your Committee has amended this measure by:

- (1) Requesting that the Department of Commerce and Consumer Affairs conduct the analysis, rather than the Auditor;
- (2) Narrowing the scope of the analysis;
- (3) Transmitting a certified copy of this measure to the Director of Commerce and Consumer Affairs, rather than the Auditor;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 139, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 139, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1667-22 Health, Human Services, & Homelessness on H.C.R. No. 139**

The purpose of this measure is to request the Auditor to conduct an analysis regarding the scopes of practice for advanced practice registered nurses and physician assistants.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board and Hawai'i Academy of Physician Assistants. Your Committee received testimony in opposition to this measure from the Hawai'i Association of Professional Nurses and four individuals. Your Committee received comments on this measure from the Office of the Auditor, Hawaii Medical Board, Board of Nursing, Hawai'i State Center for Nursing, Healthcare Association of Hawaii, and one individual.

Your Committee finds that there is a need to clearly distinguish the scopes of practice of advanced practice registered nurses and physician assistants and to determine the appropriate scope of practice for each of these professions in the State to better complement the work of physicians.

Your Committee notes that the intent of this measure is not to limit the scopes of practice of advanced practice registered nurses and physician assistants but rather to review existing laws to identify areas in which the scopes of practice for advanced practice registered nurses and physician assistants might be expanded.

Your Committee has amended this measure by:

- (1) Requesting that the Department of Commerce and Consumer Affairs conduct the analysis, rather than the Auditor;
- (2) Narrowing the scope of the analysis;
- (3) Transmitting a certified copy of this measure to the Director of Commerce and Consumer Affairs, rather than the Auditor;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 139, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 139, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1668-22 Energy & Environmental Protection on H.R. No. 43**

The purpose of this measure is to request the Public Utilities Commission to consider efforts to mitigate high energy burdens for low- and moderate-income customers and investigate how to integrate considerations of energy equity and justice across its work.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Labor and Industrial Relations, Office of Community Services; and Hawaiian Electric Company. Your Committee received comments on this measure from the Hawaii State Energy Office and Public Utilities Commission.

Your Committee finds that many households in Hawaii have difficulty paying energy bills. Despite Hawaii having the highest electricity rates in the nation, the State's electric utilities do not offer utility specific low- to moderate-income discount rates and have limited, if any, bill assistance options. Therefore, it is critical to examine ways to assist low- and limited-income customers by reducing their residential electricity burden and ensuring continued access to electrical power.

Your Committee has amended this measure by:

- (1) Acknowledging the work of the Public Utilities Commission on energy resource issues;

- (2) Requesting the Public Utilities Commission to consider input from the Consumer Advocate;
- (3) Clarifying that the requested proceeding or proceedings established by the Public Utilities Commission should not be duplicative, but rather focus on the need for integration of energy equity and justice;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 43, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 43, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1669-22 Energy & Environmental Protection on H.C.R. No. 48**

The purpose of this measure is to request the Public Utilities Commission to consider efforts to mitigate high energy burdens for low- and moderate-income customers and investigate how to integrate considerations of energy equity and justice across its work.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Labor and Industrial Relations, Office of Community Services; Hawaiian Electric Company; and one individual. Your Committee received comments on this measure from the Hawaii State Energy Office and Public Utilities Commission.

Your Committee finds that many households in Hawaii have difficulty paying energy bills. Despite Hawaii having the highest electricity rates in the nation, the State's electric utilities do not offer utility specific low- to moderate-income discount rates and have limited, if any, bill assistance options. Therefore, it is critical to examine ways to assist low- and limited-income customers by reducing their residential electricity burden and ensuring continued access to electrical power.

Your Committee has amended this measure by:

- (1) Acknowledging the work of the Public Utilities Commission on energy resource issues;
- (2) Requesting the Public Utilities Commission to consider input from the Consumer Advocate;
- (3) Clarifying that the requested proceeding or proceedings established by the Public Utilities Commission should not be duplicative, but rather focus on the need for integration of energy equity and justice;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 48, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 48, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 1670-22 Higher Education & Technology on H.R. No. 121**

The purpose of this measure is to request the University of Hawaii to report on the Pamantasan Council's systemwide efforts to improve the status of Filipinos at the University of Hawaii.

Your Committee received testimony in support of this measure from Hawai'i Friends of Civil Rights, Tinalak Filipino Education Council, Sariling Gawa Youth Council, Samahang Filipino Club at Hawai'i Community College, NAKEM Conferences, and nine individuals.

Your Committee finds that the Pamantasan Council has been working diligently to ensure that programs and courses on Philippine and Filipino language, culture, and history are offered at the University of Hawaii. The Pamantasan Council has also continued its work to support Filipino students' enrollment and transfer to four-year campuses, as well as the hiring of Filipino faculty at the University of Hawaii. In 2019, the Legislature passed Act 266, which appropriated funds to the Pamantasan Council, however due to the COVID-19 pandemic and resulting budget cuts, the monies were not able to be used as intended. This measure seeks a report from the University of Hawaii on the Pamantasan Council's efforts to improve the status of Filipinos at the University of Hawaii, including resource and budgetary needs.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 121 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 6 (Ganaden, Gates, Kapela, Ohno, Quinlan, Okimoto).

#### **SCRep. 1671-22 Higher Education & Technology on H.C.R. No. 121**

The purpose of this measure is to request the University of Hawaii to report on the Pamantasan Council's systemwide efforts to improve the status of Filipinos at the University of Hawaii.

Your Committee received testimony in support of this measure from Hawai'i Friends of Civil Rights, Sariling Gawa Youth Council, Tinalak Filipino Education Council, Samahang Filipino Club at Hawai'i Community College, and twelve individuals.

Your Committee finds that the Pamantasan Council has been working diligently to ensure that programs and courses on Philippine and Filipino language, culture, and history are offered at the University of Hawaii. The Pamantasan Council has also continued its work to support Filipino students' enrollment and transfer to four-year campuses, as well as the hiring of Filipino faculty at the University of Hawaii. In 2019, the Legislature passed Act 266, which appropriated funds to the Pamantasan Council, however due to the COVID-19 pandemic and resulting budget cuts, the monies were not able to be used as intended. This measure seeks a report from the University of Hawaii on the Pamantasan Council's efforts to improve the status of Filipinos at the University of Hawaii, including resource and budgetary needs.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 121 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 6 (Ganaden, Gates, Kapela, Ohno, Quinlan, Okimoto).

**SCRep. 1672-22 Finance on S.B. No. 2644**

The purpose of this measure is to:

- (1) Extend until June 30, 2028, the limited exemption from licensing requirements for qualified electricians that was originally enacted by Act 65, Session Laws of Hawaii 2013, and extended pursuant to Act 60, Session Laws of Hawaii 2018; and
- (2) Make permanent the requirement for the Board of Electricians and Plumbers to submit reports to the Legislature relating to high voltage electrical work.

Your Committee received testimony in support of this measure from HMS Construction, Inc; Hawaiian Electric Company; International Brotherhood of Electrical Workers Local Union 1260; Rokstad Power Corporation; Land Use Research Foundation of Hawaii; and one individual. Your Committee received testimony in opposition to this measure from the Contractors License Board, Board of Electricians and Plumbers, International Brotherhood of Electrical Workers Local Union 1186, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2644, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Perruso). Excused, 2 (Eli, McDermott).

**SCRep. 1673-22 Finance on S.B. No. 2707**

The purpose of this measure is to:

- (1) Require the employer to initiate negotiations on repricing of classes within a bargaining unit within thirty days of the employer's receipt of the exclusive representative's written request to negotiate; and
- (2) Establish that the employer's failure to initiate the negotiation within this time frame, or the parties' failure to reach an agreement within ninety days of the exclusive representative's written request to negotiate or by January 31 of a year in which the collective bargaining agreement is due to expire, whichever is earlier, constitutes an impasse to which the impasse procedures shall apply.

Your Committee received testimony in support of this measure from the United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received testimony in opposition to this measure from the Department of Human Resources Development and Department of Human Resources of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2707, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1674-22 Finance on S.B. No. 2783**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (2) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, University of Hawai'i System, and Hawaii Health Systems Corporation. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2783, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1675-22 Finance on S.B. No. 2784**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (3) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2784, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1676-22 Finance on S.B. No. 2785**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (4) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, University of Hawai'i System, and Hawaii Health Systems Corporation. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2785, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1677-22 Finance on S.B. No. 2786**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (5) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii State Teachers Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2786, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1678-22 Finance on S.B. No. 2787**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (6) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2787, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1679-22 Finance on S.B. No. 2788**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (7) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, University of Hawai'i System, and University of Hawaii Professional Assembly.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2788, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1680-22 Finance on S.B. No. 2789**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (8) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and University of Hawai'i System. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2789, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1681-22 Finance on S.B. No. 2792**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (11) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2792, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1682-22 Finance on S.B. No. 2794**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (13) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Health Systems Corporation. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2794, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1683-22 Finance on S.B. No. 2795**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (14) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance. Your Committee received comments on this

measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2795, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1684-22 Finance on S.B. No. 2796**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (15) and their excluded counterparts.

Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2796, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1685-22 Finance on S.B. No. 3072**

The purpose of this measure is to identify certain types of alternative investment fund information, the disclosure of which would likely put the trust fund at a competitive disadvantage, and categorically exempt those categories of information from disclosure under the Uniform Information Practices Act, consistent with market best practices.

Your Committee received testimony in support of this measure from the Hawaii Employer-Union Health Benefits Trust Board of Trustees. Your Committee received testimony in opposition to this measure from Unite Here! Local 5 Hawaii. Your Committee received comments on this measure from the Office of Information Practices.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3072, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 2 (Perruso, Wildberger). Excused, 2 (Eli, McDermott).

**SCRep. 1686-22 Finance on S.B. No. 3126**

The purpose of this measure is to:

- (1) Require the Director of Labor and Industrial Relations to appoint a Chief Boiler and Pressure Vessel Inspector;
- (2) Allow the Director of Labor and Industrial Relations to authorize qualified boiler inspectors who are in the exclusive employment of an owner-user inspection organization to perform safety inspections of pressure retaining items; and
- (3) Extend the time by which the Director of Labor and Industrial Relations is required to reimburse the general fund for the initial appropriation made to the Boiler and Elevator Revolving Fund.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawaiian Electric Company, and Par Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3126, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1687-22 Finance on S.B. No. 152**

The purpose of this measure is to:

- (1) Require a rear-facing child passenger restraint system with harness that meets federal motor vehicle safety standards at the time of manufacture, for child passengers under two years of age;
- (2) Amend other requirements relating to the restraint of child passengers under ten years of age;
- (3) Repeal exceptions for child passenger restraint compliance; and
- (4) Increase certain fines for violations of the child passenger restraint law.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Kapi'olani Medical Center for Women & Children, Safe Kids Hawai'i, Keiki Injury Prevention Coalition, and AAA Hawai'i. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawaii Association for Justice and Juvenile Products Manufacturers Association, Inc.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 152, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1688-22 Finance on S.B. No. 2295**

The purpose of this measure is to require:

- (1) The Department of Transportation to plan for sea level rise in all future or amended transportation projects; and
- (2) All Department of Transportation highway, harbor, and airport projects to conform to certain carbon concrete standards, except in certain circumstances.

Your Committee received testimony in support of this measure from the Kauai Women's Caucus, Bikeshare Hawaii, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2295, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1689-22 Finance on S.B. No. 3121**

The purpose of this measure is to:

- (1) Establish an accessible parking special account within the Disability and Communication Access Board Special Fund;
- (2) Beginning July 1, 2023, require all costs associated with the Parking for Persons with Disabilities Program to be appropriated from the accessible parking special account; and
- (3) Increase the state annual vehicle registration fee by \$1 and allocate that \$1 to be deposited into the accessible parking special account.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board and one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3121, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1690-22 Finance on S.B. No. 3152**

The purpose of this measure is to make an emergency appropriation of \$20,000,000 for fiscal year 2021-2022 to the Department of Transportation to provide funding for the Highways Division's Special Maintenance Program.

Your Committee received testimony in support of this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3152, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1691-22 Judiciary & Hawaiian Affairs on H.C.R. No. 14**

The purpose of this measure is to establish a sister-state relationship between the State of Hawaii, United States of America, and the Autonomous Region of Madeira, Portugal.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development & Tourism, and the Honorary Consulate of Portugal in Hawaii.

Your Committee has amended this measure by:

- (1) Adding background information on the Archipelago of Madeira;
- (2) Replacing "President of the Autonomous Region of Madeira" with "President of the Regional Government of Madeira;" and,
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 14, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 14, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 1692-22 Judiciary & Hawaiian Affairs on H.R. No. 3**

The purpose of this measure is to urge the Hilo High School School Community Council to recommend that the Hilo High School Gym be named after Albert and Lawrence Manliguis.

Your Committee received testimony in support of this measure from the Manliguis Gym Hilo

Your Committee has amended this measure by:

- (1) Changing the title to read "URGING THE HILO HIGH SCHOOL SCHOOL COMMUNITY COUNCIL TO RECOMMEND THAT THE HILO HIGH SCHOOL GYM BE NAMED AFTER ALBERT AND LAWRENCE MANLIGUIS."

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 3, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 3, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 1693-22 Judiciary & Hawaiian Affairs on H.C.R. No. 7**

The purpose of this measure is to urge the Hilo High School School Community Council to recommend that the Hilo High School Gym be named after Albert and Lawrence Manliguis.

Your Committee received testimony in support of this measure from the Manliguis Gym Hilo.

Your Committee has amended this measure by:

- (1) Changing the title to read "URGING THE HILO HIGH SCHOOL SCHOOL COMMUNITY COUNCIL TO RECOMMEND THAT THE HILO HIGH

SCHOOL GYM BE NAMED AFTER ALBERT AND LAWRENCE MANLIGUIS."

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 7, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 7, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1694-22 Judiciary & Hawaiian Affairs on H.R. No. 69**

The purpose of this measure is to convene a working group to determine any circumstances under which Government entities should be reimbursed for search and rescue services on land for trail users and what constitutes proper public notice of a trail user's illegal presence on land for purposes of imposing penalties for violations of law.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee has amended this measure by:

- (1) Adding language that the State of Hawaii Department of Land and Natural Resources is to convene the working group.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 69, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 69, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1695-22 Judiciary & Hawaiian Affairs on H.C.R. No. 76**

The purpose of this measure is to convene a working group to determine any circumstances under which Government entities should be reimbursed for search and rescue services on land for trail users and what constitutes proper public notice of a trail user's illegal presence on land for purposes of imposing penalties for violations of law.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee has amended this measure by:

- (1) Adding language that the State of Hawaii Department of Land and Natural Resources is to convene the working group.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 76, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 76, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1696-22 Judiciary & Hawaiian Affairs on H.R. No. 5**

The purpose of this measure is to request the display of the Prisoner of War and Missing in Action Flag at the State Capitol.

Your Committee received testimony in support of this measure from one individual.

Your Committee has amended this measure by:

- (1) Specifying the flag is to be flown yearly on Memorial Day, Veteran's Day, and the National POW/MIA Recognition Day.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 5, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 5, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1697-22 Judiciary & Hawaiian Affairs on H.C.R. No. 8**

The purpose of this measure is to request the display of the Prisoner of War and Missing in Action Flag at the State Capitol.

Your Committee received testimony in support of this measure from one individual.

Your Committee has amended this measure by:

- (1) Specifying the flag is to be flown yearly on Memorial Day, Veteran's Day, and the National POW/MIA Recognition Day.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 8, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 8, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1698-22 Judiciary & Hawaiian Affairs on H.R. No. 78**

The purpose of this measure is to urge the City and County of Honolulu to establish a new police district in Leeward Oahu to provide adequate police services and law enforcement response for growing Leeward Oahu communities.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers and two individuals.

Your Committee urges the Counties to invest more resources into police officer recruitment and training, as the testimony from SHOPO highlighted the urgent need for more police officers throughout the state.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 78 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1699-22 Judiciary & Hawaiian Affairs on H.C.R. No. 87**

The purpose of this measure is to urge the City and County of Honolulu to establish a new police district in Leeward Oahu to provide adequate police services and law enforcement response for growing Leeward Oahu communities.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers and three individuals.

Your Committee urges the Counties to invest more resources into police officer recruitment and training, as the testimony from SHOPO highlighted the urgent need for more police officers throughout the state.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 87 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1700-22 Judiciary & Hawaiian Affairs on H.R. No. 166**

The purpose of this measure is to request the Governor establish a Hawaii Commission on the United States Semiquincentennial by executive order.

Your Committee received testimony in support of this measure from Hawaii Society's Sons of the American Revolution, America250, Veterans of Foreign Wars Post 10276, and seven individuals.

Your Committee has amended this measure by:

- (1) Transmitting a certified copy of this Concurrent Resolution to the Chairman and Executive Director of the United States Semiquincentennial Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 166, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 166, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1701-22 Judiciary & Hawaiian Affairs on H.C.R. No. 166**

The purpose of this measure is to request the Governor to establish a Hawaii Commission on the United States Semiquincentennial by executive order.

Your Committee received testimony in support of this measure from America250, Hawaii Society's Sons of the American Revolution, and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee has amended this measure by:

- (1) Transmitting a certified copy of this Concurrent Resolution to the Chairman and Executive Director of the United States Semiquincentennial Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 166, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 166, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1702-22 Judiciary & Hawaiian Affairs on H.R. No. 45**

The purpose of this measure is to urge the Department of Education to convene a working group to remedy statewide school bus transportation inequities for schoolchildren from low- to moderate-income families.

Your Committee did not receive testimony on this measure.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 45, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1703-22 Judiciary & Hawaiian Affairs on H.C.R. No. 50**

The purpose of this measure is to urge the Department of Education to convene a working group to remedy statewide school bus transportation inequities for schoolchildren from low- to moderate-income families.

Your Committee received testimony in support of this measure from the Department of Education's Student Transportation Services Branch.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 50, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1704-22 Judiciary & Hawaiian Affairs on H.R. No. 50**

The purpose of this measure is to request the Department of Education to implement a Filipino history, culture, and identity social studies course for high school students.

Your Committee received testimony in support of this measure from Hawai'i Friends of Civil Rights, KasamahanCo, Tinalak Filipino Education Council, The Filipino Curriculum, Sariling Gawa Youth Council, and numerous individuals.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 50, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1705-22 Judiciary & Hawaiian Affairs on H.C.R. No. 56**

The purpose of this measure is to request the Department of Education to implement a Filipino history, culture, and identity social studies course for high school students.

Your Committee received testimony in support of this measure from Hawai'i Friends of Civil Rights, KasamahanCo, Tinalak Filipino Education Council, The Filipino Curriculum, Sariling Gawa Youth Council, and numerous individuals. Your Committee received comments on this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 56, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1706-22 Judiciary & Hawaiian Affairs on H.R. No. 68**

The purpose of this measure is to urge the City and County of Honolulu Department of Environmental Services and partners to utilize the property located at 45-230 Kulauli Street, Kaneohe, Hawaii, for aquaculture purposes that will not unreasonably interfere with the Department's regular use of the property.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee notes that the utilization of the property for aquaculture purposes should be in the form of a lease or memorandum of agreement or understanding with the University of Hawaii or another entity, as appropriate. The intent of this resolution is not for the City and County of Honolulu to operate or manage an aquaculture facility.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 68 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1707-22 Judiciary & Hawaiian Affairs on H.C.R. No. 75**

The purpose of this measure is to urge the City and County of Honolulu Department of Environmental Services and partners to utilize the property located at 45-230 Kulauli Street, Kaneohe, Hawaii, for aquaculture purposes that will not unreasonably interfere with the Department's regular use of the property.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee notes that the utilization of the property for aquaculture purposes should be in the form of a lease or memorandum of agreement or understanding with the University of Hawaii or another entity, as appropriate. The intent of this resolution is not for the City and County of Honolulu to operate or manage an aquaculture facility.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 75 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1708-22 Judiciary & Hawaiian Affairs on H.R. No. 94**

The purpose of this measure is to urge the Honolulu City Council to review its ordinance on chickens, investigate the ordinance's role in contributing to the growing population of feral chickens, and take action to reduce the growing problem of feral chickens.

Your Committee received testimony in support of this measure from the Aiea Community Association and one individual. Your Committee received testimony in opposition of this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 94 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, 2 (McKelvey, Tokioka). Excused, 1 (D. Kobayashi).

**SCRep. 1709-22 Judiciary & Hawaiian Affairs on H.C.R. No. 99**

The purpose of this measure is to urge the Honolulu City Council to review its ordinance on chickens, investigate the ordinance's role in contributing to the growing population of feral chickens, and take action to reduce the growing problem of feral chickens.

Your Committee received testimony in support of this measure from the Aiea Community Association and one individual. Your Committee received testimony in opposition of this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 99 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, 2 (McKelvey, Tokioka). Excused, 1 (D. Kobayashi).

**SCRep. 1710-22 Judiciary & Hawaiian Affairs on H.R. No. 100**

The purpose of this measure is to urge the Board of Land and Natural Resources to rename the Russian Fort Elisabeth State Historical Park in Waimea, Kaua'i as "Pa'ula'ula."

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, County of Kaua'i Council Services Division, Ke One O Kakuhihewa, and one individual. Your Committee received testimony in opposition to this measure from the Center for Hawaiian

Sovereignty Studies.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 100 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1711-22 Judiciary & Hawaiian Affairs on H.C.R. No. 104**

The purpose of this measure is to urge the Board of Land and Natural Resources to rename the Russian Fort Elisabeth State Historical Park in Waimea, Kaua'i as "Pa'ūla'ūla."

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, County of Kaua'i Council Services Division, Ke One O Kakuhihewa, and one individual. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 104 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1712-22 Judiciary & Hawaiian Affairs on H.R. No. 99**

The purpose of this measure is to urge the Public Utilities Commission to increase fines, fees, and enforcement efforts regarding tour bus operators who violate state law.

Your Committee received comments from the Public Utilities Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 99 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1713-22 Judiciary & Hawaiian Affairs on H.C.R. No. 103**

The purpose of this measure is to urge the Public Utilities Commission to increase fines, fees, and enforcement efforts regarding tour bus operators who violate state law.

Your Committee received comments from the Public Utilities Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 103 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1714-22 Judiciary & Hawaiian Affairs on H.R. No. 122**

The purpose of this measure is to urge the State Commission on the Status of Women to work with the Domestic Violence Action Center, the Filipino Chamber of Commerce of Hawai'i, and other Chambers of Commerce in Hawaii, as appropriate, to develop and implement an outreach program aimed at informing domestic violence victims of available resources for assistance.

Your Committee received testimony in support of this measure from Hawaii Friends of Civil Rights and the HI Coalition for Immigrant Rights.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 122, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 1715-22 Judiciary & Hawaiian Affairs on H.C.R. No. 122**

The purpose of this measure is to urge the State Commission on the Status of Women to work with the Domestic Violence Action Center, the Filipino Chamber of Commerce of Hawai'i, and other Chambers of Commerce in Hawaii, as appropriate, to develop and implement an outreach program aimed at informing domestic violence victims of available resources for assistance.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women, the Domestic Violence Action Center, Hawaii Friends of Civil Rights, HI Coalition for Immigrant Rights, Hawaii State Coalition Against Domestic Violence, and four individuals.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 122, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

**SCRep. 1735-22 Finance on H.R. No. 125**

The purpose of this measure is to request the Auditor to conduct a performance audit of the Driver Education Program administered by the Departments of Transportation and Education; examine the administration of, as well as the policies and procedures of, the Driver Education Program; examine the backlog of driver education opportunities and programs and whether these activities are being conducted effectively, efficiently, economically, ethically, and equitably; and submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 125 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1736-22 Finance on H.C.R. No. 125**

The purpose of this measure is to request the Auditor to conduct a performance audit of the Driver Education Program administered by the Departments of Transportation and Education; examine the administration of, as well as the policies and procedures of, the Driver Education Program; examine the backlog of driver education opportunities and programs and whether these activities are being conducted effectively, efficiently, economically, ethically, and equitably; and submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 125 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1737-22 Finance on H.R. No. 134**

The purpose of this measure is to request the Department of Education to ensure that career and technical education standards focus on place-based responsiveness to climate change and prepare students to engage in a growing green economy.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 134, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1738-22 Finance on H.C.R. No. 134**

The purpose of this measure is to request the Department of Education to ensure that career and technical education standards focus on place-based responsiveness to climate change and prepare students to engage in a growing green economy.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 134, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1739-22 Finance on H.R. No. 153**

The purpose of this measure urges the counties to develop an option that allows state residents to remit their motor vehicle registration taxes and fees on a pro-rated semiannual basis.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 153, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1740-22 Finance on H.C.R. No. 153**

The purpose of this measure urges the counties to develop an option that allows state residents to remit their motor vehicle registration taxes and fees on a pro-rated semiannual basis.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 153, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1741-22 Finance on H.R. No. 170**

The purpose of this measure is to urge the City and County of Honolulu and the counties of Hawaii, Kauai, and Maui to utilize an empty homes tax, similar to the Vancouver, British Columbia empty homes tax, as a means of addressing affordable housing in the State.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 170 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1742-22 Finance on H.C.R. No. 170**

The purpose of this measure is to urge the City and County of Honolulu and the counties of Hawaii, Kauai, and Maui to utilize an empty homes tax, similar to the Vancouver, British Columbia empty homes tax, as a means of addressing affordable housing in the State.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 170 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1743-22 Finance on H.R. No. 180**

The purpose of this measure is to request the Hawaii State Department of Transportation to convene a working group and various committees to create and recommend federal, state, and county subsidies for the transport of waterborne cargo consistent with the findings and recommendations of the Water Carriers Working Group's final report; and consult with the Hawaii Congressional Delegation to sponsor a bill to establish a federal waterborne cargo subsidies program within the United States Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 180, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1744-22 Finance on H.C.R. No. 180**

The purpose of this measure is to request the Hawaii State Department of Transportation to convene a working group and various committees to create and recommend federal, state, and county subsidies for the transport of waterborne cargo consistent with the findings and recommendations of the Water Carriers Working Group's final report; and consult with the Hawaii Congressional Delegation to sponsor a bill to establish a federal waterborne cargo subsidies program within the United States Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 180, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1745-22 Finance on H.R. No. 184**

The purpose of this measure is to urge the United States Congress to provide adequate funding for immigration services, including moneys for additional United States Citizenship and Immigration Services staff to process case backlogs and moneys for free or low-cost court-appointed legal counsel for low-income immigrants, including low-income immigrants in Hawaii. Also requested is the provision of data to the Legislature on the effect of existing case backlogs and the lack of free or low-cost legal representation on immigration cases filed in Hawaii, including the cases' average processing times and outcomes and the applicants' nationalities and access to legal representation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 184 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1746-22 Finance on H.R. No. 93**

The purpose of this measure is to request the Early Learning Board to prepare a report containing a road map, including proposed legislation, for the implementation of Act 46, Session Laws of Hawaii 2020; convene a working group composed of relevant state agency representatives and community stakeholders to assist the Board for the purposes of the report; update the public regarding the progress of the report at each meeting of the Board or working group; and submit its report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 93, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1747-22 Finance on H.C.R. No. 3**

The purpose of this measure is to authorize the Board of Land and Natural Resources to add a portion of state submerged lands to a term, non-exclusive easement covering a portion of state reclaimed lands fronting the property identified as Tax Map Key: (1) 3-6-003:015, Wailupe, Honolulu, Oahu, for the existing seawall, and for use, repair, and maintenance of the existing improvements constructed thereon pursuant to section 171-53, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 3, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Wildberger). Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1748-22 Finance on H.C.R. No. 4**

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue a term, non exclusive easement covering a portion of state submerged lands fronting the property identified as Tax Map Key: (1) 4-7-001:006, Kahaluu, Koolaupoko, Oahu, for the existing seawall, steps, and filled land, and for use, repair, and maintenance of the existing improvements constructed thereon pursuant to section 171-53, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 4 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Wildberger). Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1749-22 Finance on H.C.R. No. 5**

The purpose of this measure is to issue a term, non-exclusive easement covering a portion of state submerged lands fronting the property identified as Tax Map Key: (1) 4-4-016:016, Kaneohe, Koolaupoko, Oahu, for the existing pier, house, rock wall, and landscape area, and for use, repair, and maintenance of the existing improvements constructed thereon pursuant to section 171-53, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 5 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Wildberger). Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1750-22 Consumer Protection & Commerce on H.R. No. 41**

The purpose of this measure is to request the Hawaii State Energy Office to engage with the United States Department of Energy to establish a permanent

presence within the State of Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Commerce and Consumer Affairs; Hawaii State Energy Office; Public Utilities Commission; Hawaii Technology Development Corporation; Hawai'i Natural Energy Institute; Natural Energy Laboratory of Hawaii Authority; Hawaiian Electric Company, Inc.; and Hawai'i Gas.

Your Committee finds that the United States Department of Energy has served as a critical partner to the State in achieving its clean energy goals and economic transformation. This measure looks to strengthen this partnership by requesting that the Hawaii State Energy Office engage with the United States Department of Energy to establish a permanent presence within the State, which will accelerate the leadership and transformation of Hawaii toward a resilient clean energy economy.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 41 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Aquino, Har, Hashem).

#### **SCRep. 1751-22 Consumer Protection & Commerce on H.C.R. No. 46**

The purpose of this measure is to request the Hawaii State Energy Office to engage with the United States Department of Energy to establish a permanent presence within the State of Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Commerce and Consumer Affairs; Hawaii State Energy Office; Public Utilities Commission; Hawaii Technology Development Corporation; Hawai'i Natural Energy Institute; Natural Energy Laboratory of Hawaii Authority; Hawaii Green Infrastructure Authority; Hawaiian Electric Company, Inc.; and Hawai'i Gas.

Your Committee finds that the United States Department of Energy has served as a critical partner to the State in achieving its clean energy goals and economic transformation. This measure looks to strengthen this partnership by requesting that the Hawaii State Energy Office engage with the United States Department of Energy to establish a permanent presence within the State, which will accelerate the leadership and transformation of Hawaii toward a resilient clean energy economy.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 46 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Aquino, Har, Hashem).

#### **SCRep. 1752-22 Consumer Protection & Commerce on H.R. No. 42**

The purpose of this measure is to request that the Hawaii State Energy Office convene a working group to examine issues and barriers to the installation of electric vehicle charging systems in multi-unit dwellings and make recommendations regarding changes to statutes and rules or other guidance to help clarify and facilitate the installation of electric vehicle charging systems in multi-unit dwellings.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawaiian Electric Company, Hawaii Automobile Dealers' Association, Big Island Electric Vehicle Association, Hawaii Electric Vehicle Association, and four individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Public Utilities Commission.

Your Committee finds that the transportation sector represents the largest contributor to carbon emissions in the State. Your Committee further finds that while the adoption of electric vehicles by consumers continues to grow, the limited electric vehicle infrastructure, especially in multi-unit dwellings, is a major barrier to the adoption of electric vehicles. A coordinated effort is needed amongst a wide range of stakeholders to continue meaningful progress on clean transportation. This measure establishes a working group, which will provide the Legislature with the necessary information to make an informed policy decision for furthering the development of electric vehicle infrastructure in multi-unit dwellings.

Your Committee has amended this measure by:

- (1) Requesting the representative of the Hawaii State Energy Office convene the working group and serve as its chairperson or designate another member of the working group to serve as chairperson if mutually agreed upon by the members;
- (2) Requesting the working group to submit a report of its findings and recommendations to the Legislature;
- (3) Removing the President of the Senate and Speaker of the House of Representatives from the list of recipients of certified copies of this measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 42, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 42, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

#### **SCRep. 1753-22 Consumer Protection & Commerce on H.C.R. No. 47**

The purpose of this measure is to request that the Hawaii State Energy Office convene a working group to examine issues and barriers to the installation of electric vehicle charging systems in multi-unit dwellings and make recommendations regarding changes to statutes and rules or other guidance to help clarify and facilitate the installation of electric vehicle charging systems in multi-unit dwellings.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawaiian Electric Company, Ulupono Initiative, Climate Protectors Hawai'i, Hawaii Automobile Dealers' Association, Tesla, Alliance for Automotive Innovation, Big Island Electric Vehicle Association, Hawaii Electric Vehicle Association, and five individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, and NAIOP Hawaii.

Your Committee finds that the transportation sector represents the largest contributor to carbon emissions in the State. Your Committee further finds that while the adoption of electric vehicles by consumers continues to grow, the limited electric vehicle infrastructure, especially in multi-unit dwellings, is a major barrier to the adoption of electric vehicles. A coordinated effort is needed amongst a wide range of stakeholders to continue meaningful progress on clean transportation. This measure establishes a working group, which will provide the Legislature with the necessary information to make an informed policy

decision for furthering the development of electric vehicle infrastructure in multi-unit dwellings.

Your Committee has amended this measure by:

- (1) Requesting the representative of the Hawaii State Energy Office convene the working group and serve as its chairperson or designate another member of the working group to serve as chairperson if mutually agreed upon by the members;
- (2) Requesting the working group to submit a report of its findings and recommendations to the Legislature;
- (3) Removing the President of the Senate and Speaker of the House of Representatives from the list of recipients of certified copies of this measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 47, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 47, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

#### **SCRep. 1754-22 Consumer Protection & Commerce on H.R. No. 60**

The purpose of this measure is to request the Insurance Commissioner to establish a Telehealth and Telephonic Services Working Group to address the complexities surrounding the appropriate use of telehealth and telephonic services, by specialty care area, and coverage of these services by health insurance.

Your Committee received testimony in support of this measure from the Department of Human Services, Disability and Communication Access Board, Hawaii Medical Service Association, Healthcare Association of Hawaii, Hawaii Association of Health Plans, and Hawaii Psychiatric Medical Association. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that health care providers in Hawaii increasingly rely on real-time audio and visual telehealth visits and other modalities of care delivery to increase access to health care in the State. Your Committee further finds that there is a need to remedy digital health disparities for individuals who lack access to the audio-visual technology needed for telehealth visits. However, there are remaining questions about how to best use and provide telehealth and other remote forms of care. This measure therefore establishes a working group to further discuss health care technology disparities and identify the appropriate use of audio-only telephonic services.

Your Committee has amended this measure by:

- (1) Amending the composition of the Telehealth and Telephonic Services Working Group by:
  - (A) Requesting the Chairs of the House of Representatives Committee on Health, Human Services, & Homelessness and Senate Committee on Health, or their designees, to convene the Working Group and serve as its co-chairs, rather than the Insurance Commissioner;
  - (B) Specifying that the representative from the Department of Health is to be the Director of Health, or the Director's designee; and
  - (C) Permitting the co-chairs to invite other individuals to be members of the Working Group;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 60, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 60, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

#### **SCRep. 1755-22 Consumer Protection & Commerce on H.C.R. No. 66**

The purpose of this measure is to request the Insurance Commissioner to establish a Telehealth and Telephonic Services Working Group to address the complexities surrounding the appropriate use of telehealth and telephonic services, by specialty care area, and coverage of these services by health insurance.

Your Committee received testimony in support of this measure from the Department of Human Services, Disability and Communication Access Board, Hawaii Medical Service Association, Healthcare Association of Hawaii, Hawaii Association of Health Plans, Hawaii Psychiatric Medical Association, and The Queen's Health Systems. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that health care providers in Hawaii increasingly rely on real-time audio and visual telehealth visits and other modalities of care delivery to increase access to health care in the State. Your Committee further finds that there is a need to remedy digital health disparities for individuals who lack access to the audio-visual technology needed for telehealth visits. However, there are remaining questions about how to best use and provide telehealth and other remote forms of care. This measure therefore establishes a working group to further discuss health care technology disparities and identify the appropriate use of audio-only telephonic services.

Your Committee has amended this measure by:

  - (A) Requesting the Chairs of the House of Representatives Committee on Health, Human Services, & Homelessness and Senate Committee on Health, or their designees, to convene the Working Group and serve as its co-chairs, rather than the Insurance Commissioner;
  - (B) Specifying that the representative from the Department of Health is to be the Director of Health, or the Director's designee; and
  - (C) Permitting the co-chairs to invite other individuals to be members of the Working Group;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 66, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 66, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

**SCRep. 1756-22 Consumer Protection & Commerce on H.R. No. 62**

The purpose of this measure is to designate the month of September 2022 as Child Care Provider Appreciation Month.

Your Committee received testimony in support of this measure from the Early Learning Board, Hawai'i Children's Action Network Speaks!, Early Childhood Action Strategy, and seven individuals.

Your Committee finds that high quality early care and education have a variety of positive outcomes for children, including ameliorating the effects of poverty, detecting and remediating developmental delays, identifying signs of child neglect and preventing further neglect, and better preparing children for school, which all contribute to increasing their likelihood of success in life. This measure highlights the critical role of child care providers by designating the month of September 2022 as Child Care Provider Appreciation Month.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 62 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

**SCRep. 1757-22 Consumer Protection & Commerce on H.C.R. No. 69**

The purpose of this measure is to designate the month of September 2022 as Child Care Provider Appreciation Month.

Your Committee received testimony in support of this measure from the Early Learning Board, Hawai'i Children's Action Network Speaks!, Early Childhood Action Strategy, Hawaii Association of School Psychologists, and six individuals.

Your Committee finds that high quality early care and education have a variety of positive outcomes for children, including ameliorating the effects of poverty, detecting and remediating developmental delays, identifying signs of child neglect and preventing further neglect, and better preparing children for school, which all contribute to increasing their likelihood of success in life. This measure highlights the critical role of child care providers by designating the month of September 2022 as Child Care Provider Appreciation Month.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 69 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

**SCRep. 1758-22 Consumer Protection & Commerce on H.R. No. 48**

The purpose of this measure is to request that the Department of Education establish programs and educational opportunities to increase media literacy and promote digital citizenship.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that media literacy encompasses the ability to analyze, evaluate, access, and create media. Digital citizenship encompasses media literacy and matters of online safety and responsibility. Your Committee further finds that the coronavirus disease 2019 pandemic's impact on shifting education toward digital learning has increased the importance of media literacy and digital citizenship. This measure promotes the incorporation of instruction on media literacy and digital citizenship within public schools, which will help prepare public school students to live and work in a digital world.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 48 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

**SCRep. 1759-22 Consumer Protection & Commerce on H.C.R. No. 53**

The purpose of this measure is to request that the Department of Education establish programs and educational opportunities to increase media literacy and promote digital citizenship.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee finds that media literacy encompasses the ability to analyze, evaluate, access, and create media. Digital citizenship encompasses media literacy and matters of online safety and responsibility. Your Committee further finds that the coronavirus disease 2019 pandemic's impact on shifting education toward digital learning has increased the importance of media literacy and digital citizenship. As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 53 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

**SCRep. 1760-22 Consumer Protection & Commerce on H.R. No. 115**

The purpose of this measure is to request the Division of Financial Institutions of the Department of Commerce and Consumer Affairs and Hawaii Technology Development Corporation to extend the Digital Currency Innovation Lab pilot project.

Your Committee received testimony in support of this measure from the Hawaii Technology Development Corporation. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Grassroot Institute of Hawaii, and one individual.

Your Committee finds that the Division of Financial Institutions of the Department of Commerce and Consumer Affairs and the Hawaii Technology Development Corporation are conducting a two-year pilot project, the Digital Currency Innovation Lab, to study digital currency transactions. The pilot project consists of fifteen digital currency companies serving over one hundred thirty-four thousand digital currency consumers who have collectively completed more than \$896,000,000 in transactions as of the fourth quarter of 2021. The Digital Currency Innovation Lab, which is scheduled to expire on June 30, 2022, has

been successful in providing the State with more insight into the increasing relevance of digital currency.

Your Committee further finds that the participating companies have expressed unanimous support for a clear regulatory structure. The participating companies have also expressed the need for clear and consistent regulatory guidelines for companies to conduct business in the State following the end of the pilot project. However, no law has been enacted to exempt digital currency companies from the Money Transmitters Modernization Act or regulate digital currency companies. This measure requests that the Digital Currency Innovation Lab continue for another two years or until a law is enacted to regulate digital currency companies.

Your Committee notes that your Committee's preference is to establish a comprehensive regulatory framework for the regulation of digital currency companies. However, in the event that the Legislature does not pass such a framework, your Committee believes that the Digital Currency Innovation Lab pilot project should continue as requested by this measure.

Your Committee has amended this measure by:

- (1) Including the most recent statistics for the Digital Currency Innovation Lab pilot project;
- (2) Clarifying that the extension of the Digital Currency Innovation Lab pilot project is requested only if the Legislature:
  - (A) Takes no action to exempt digital currency companies from the money transmitter licensing requirements; or
  - (B) Does not pass a measure establishing a comprehensive regulatory scheme for digital currency companies;
- (3) Changing the requested extension of the pilot project to a date certain of June 30, 2024, rather than requesting the extension be for another two years;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 115, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 115, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

#### **SCRep. 1761-22 Consumer Protection & Commerce on H.C.R. No. 115**

The purpose of this measure is to request the Division of Financial Institutions of the Department of Commerce and Consumer Affairs and Hawaii Technology Development Corporation to extend the Digital Currency Innovation Lab pilot project.

Your Committee received testimony in support of this measure from the Hawaii Technology Development Corporation. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Grassroot Institute of Hawaii.

Your Committee finds that the Division of Financial Institutions of the Department of Commerce and Consumer Affairs and the Hawaii Technology Development Corporation are conducting a two-year pilot project, the Digital Currency Innovation Lab, to study digital currency transactions. The pilot project consists of fifteen digital currency companies serving over one hundred thirty-four thousand digital currency consumers who have collectively completed more than \$896,000,000 in transactions as of the fourth quarter of 2021. The Digital Currency Innovation Lab, which is scheduled to expire on June 30, 2022, has been successful in providing the State with more insight into the increasing relevance of digital currency.

Your Committee further finds that the participating companies have expressed unanimous support for a clear regulatory structure. The participating companies have also expressed the need for clear and consistent regulatory guidelines for companies to conduct business in the State following the end of the pilot project. However, no law has been enacted to exempt digital currency companies from the Money Transmitters Modernization Act or regulate digital currency companies. This measure requests that the Digital Currency Innovation Lab continue for another two years or until a law is enacted to regulate digital currency companies.

Your Committee notes that your Committee's preference is to establish a comprehensive regulatory framework for the regulation of digital currency companies. However, in the event that the Legislature does not pass such a framework, your Committee believes that the Digital Currency Innovation Lab pilot project should continue as requested by this measure.

Your Committee has amended this measure by:

- (1) Including the most recent statistics for the Digital Currency Innovation Lab pilot project;
- (2) Clarifying that the extension of the Digital Currency Innovation Lab pilot project is requested only if the Legislature:
  - (A) Takes no action to exempt digital currency companies from the money transmitter licensing requirements; or
  - (B) Does not pass a measure establishing a comprehensive regulatory scheme for digital currency companies;
- (3) Changing the requested extension of the pilot project to a date certain of June 30, 2024, rather than requesting the extension be for another two years;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 115, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 115, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

#### **SCRep. 1762-22 Consumer Protection & Commerce on H.R. No. 2**

The purpose of this measure is to request the United States Navy to prepare a plan to decommission the Red Hill Bulk Fuel Storage Facility, store its fuel in a manner compliant with the law, establish a new water treatment facility, pay for all costs to the State, and comply with all future remediation efforts.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Health, Office of Hawaiian Affairs, Honolulu Board of Water Supply, Livable Hawaii Kai Hui, and 350Hawaii.org.

Your Committee finds that the Red Hill Bulk Fuel Storage Facility, which was constructed during World War II and began operation in 1943, consists of twenty steel lined tanks, encased in concrete, and built into cavities that were mined inside of Red Hill. Each tank measures one hundred feet in diameter and two hundred fifty feet in height and has a storage capacity of approximately 12,500,000 gallons. The tanks are connected to three pipelines that run two and a half miles through a tunnel to fueling piers at Pearl Harbor.

Your Committee further finds that the Red Hill Bulk Fuel Storage Facility sits approximately one hundred feet above the Southern Oahu Basal Aquifer, Oahu's federally designated sole-source groundwater aquifer. The Southern Oahu Basal Aquifer is used as the principal source of drinking water by the Honolulu Board of Water Supply and the Navy, with seventy-seven percent of the total island-wide water supply being sourced from the Southern Oahu Basal Aquifer.

Your Committee also finds that there have been numerous reported fuel releases from the Red Hill Bulk Fuel Storage Facility over the past eighty years. Specifically, there have been at least seventy-six incidents of fuel releases involving nearly two hundred thousand gallons of fuel.

On November 20, 2021, one of the most recent releases of fuel occurred as fourteen thousand gallons of a mixture of fuel and water was released from the Red Hill Bulk Fuel Storage Facility's fire-suppression system. On November 28, 2021, military families and civilians living in the Joint Base Pearl Harbor-Hickam military housing installation began reporting contaminated tap water. Impacted families shared personal experiences of the immediate and ongoing health impacts of exposure to the contaminated water in their homes including chemical burns, stomach and head pain, dizziness and nausea, rashes, and more. This has prompted affected persons to be housed in alternative lodging.

After it was definitively confirmed that the Red Hill Well was contaminated with petroleum, the Department of Health issued an emergency order on December 6, 2021, to the United States Navy to suspend operations and defuel the Red Hill Bulk Fuel Storage Facility. That emergency order was contested by the United States Navy in late December, and on January 3, 2022, it was reaffirmed by the Department of Health in its final decision and order. While the United States Navy has contested these orders, the United States Congress passed the federal Further Additional Extending Government Funding Act, P.L. 117-86, which was signed by President Biden on February 18, 2022. This Act appropriated funds to support the response to the fuel release and conduct activities in compliance with the Department of Health orders.

Your Committee additionally finds that on March 7, 2022, the Pentagon announced that the Red Hill Bulk Fuel Storage Facility would be permanently shut down and the military would transition to a more distributed and dispersed fueling capability. The Secretary of the Navy and Director of the Defense Logistics Agency are set to provide an action plan by May 31, 2022, for the safe and expeditious defueling of the Red Hill Bulk Fuel Storage Facility, with a target completion date of twelve months.

As of March 18, 2022, Department of Health officials have determined that the tap water is safe to drink in all residential areas served by the United States Navy's water system.

Finally, your Committee notes that as of April 6, 2022, three key wells (the Halawa Shaft, Halawa Well, and Aiea Well) remain shut down by the Honolulu Board of Water Supply. This, in combination with recent dry conditions, has prompted the Honolulu Board of Water Supply to urge residents in the Aiea-Halawa and urban Honolulu areas to reduce water usage by ten percent in anticipation of a dry summer season.

Your Committee has amended this measure by:

- (1) Updating the findings to include events that transpired subsequent to the introduction of this measure;
- (2) Clarifying that the United States Department of Defense, Navy, is requested to prepare a plan to decommission the Red Hill Bulk Fuel Storage Facility, and amending the title accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 2, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

#### **SCRep. 1763-22 Consumer Protection & Commerce on H.C.R. No. 6**

The purpose of this measure is to request the United States Navy to prepare a plan to decommission the Red Hill Bulk Fuel Storage Facility, store its fuel in a manner compliant with the law, establish a new water treatment facility, pay for all costs to the State, and comply with all future remediation efforts.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Health, Office of Hawaiian Affairs, Honolulu Board of Water Supply, Livable Hawaii Kai Hui, and 350Hawaii.org.

Your Committee finds that the Red Hill Bulk Fuel Storage Facility, which was constructed during World War II and began operation in 1943, consists of twenty steel lined tanks, encased in concrete, and built into cavities that were mined inside of Red Hill. Each tank measures one hundred feet in diameter and two hundred fifty feet in height and has a storage capacity of approximately 12,500,000 gallons. The tanks are connected to three pipelines that run two and a half miles through a tunnel to fueling piers at Pearl Harbor.

Your Committee further finds that the Red Hill Bulk Fuel Storage Facility sits approximately one hundred feet above the Southern Oahu Basal Aquifer, Oahu's federally designated sole-source groundwater aquifer. The Southern Oahu Basal Aquifer is used as the principal source of drinking water by the Honolulu Board of Water Supply and the Navy, with seventy-seven percent of the total island-wide water supply being sourced from the Southern Oahu Basal Aquifer.

Your Committee also finds that there have been numerous reported fuel releases from the Red Hill Bulk Fuel Storage Facility over the past eighty years. Specifically, there have been at least seventy-six incidents of fuel releases involving nearly two hundred thousand gallons of fuel.

On November 20, 2021, one of the most recent releases of fuel occurred as fourteen thousand gallons of a mixture of fuel and water was released from the Red Hill Bulk Fuel Storage Facility's fire-suppression system. On November 28, 2021, military families and civilians living in the Joint Base Pearl Harbor-Hickam military housing installation began reporting contaminated tap water. Impacted families shared personal experiences of the immediate and ongoing health impacts of exposure to the contaminated water in their homes including chemical burns, stomach and head pain, dizziness and nausea, rashes, and more. This has prompted affected persons to be housed in alternative lodging.

After it was definitively confirmed that the Red Hill Well was contaminated with petroleum, the Department of Health issued an emergency order on December 6, 2021, to the United States Navy to suspend operations and defuel the Red Hill Bulk Fuel Storage Facility. That emergency order was contested by the United States Navy in late December, and on January 3, 2022, it was reaffirmed by the Department of Health in its final decision and order. This Act appropriated funds to support the response to the fuel release and conduct

activities in compliance with the Department of Health orders.

Your Committee additionally finds that on March 7, 2022, the Pentagon announced that the Red Hill Bulk Fuel Storage Facility would be permanently shut down and the military would transition to a more distributed and dispersed fueling capability. The Secretary of the Navy and Director of the Defense Logistics Agency are set to provide an action plan by May 31, 2022, for the safe and expeditious defueling of the Red Hill Bulk Fuel Storage Facility, with a target completion date of twelve months.

As of March 18, 2022, Department of Health officials have determined that the tap water is safe to drink in all residential areas served by the United States Navy's water system.

Finally, your Committee notes that as of April 6, 2022, three key wells (the Halawa Shaft, Halawa Well, and Aiea Well) remain shut down by the Honolulu Board of Water Supply. This, in combination with recent dry conditions, has prompted the Honolulu Board of Water Supply to urge residents in the Aiea-Halawa and urban Honolulu areas to reduce water usage by ten percent in anticipation of a dry summer season.

Your Committee has amended this measure by:

- (1) Updating the findings to include events that transpired subsequent to the introduction of this measure;
- (2) Clarifying that the United States Department of Defense, Navy, is requested to prepare a plan to decommission the Red Hill Bulk Fuel Storage Facility, and amending the title accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 6, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 6, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

#### **SCRep. 1764-22 Consumer Protection & Commerce on H.C.R. No. 33**

The purpose of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health insurance coverage for early access breast cancer screening.

Your Committee received testimony in support of this measure from the Hawaii Society of Clinical Oncology, Hawaii Medical Association, Hawai'i Section of the American College of Obstetricians and Gynecologists, and one individual. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that breast cancer is the most common cancer diagnosed in women in the State. Annually in Hawaii, an average of 1,233 women are diagnosed with invasive breast cancer, 308 women are diagnosed with non-invasive tumors, and 155 women die due to breast cancer. The incidence of breast cancer in the State is higher than the United States overall and statewide rates continue to increase each year.

Your Committee further finds that mandated health insurance coverage for early access breast cancer screening is not generally covered by health insurance and would be considered a new mandated benefit. This measure therefore requests the Auditor to conduct an impact assessment report on the social and financial effects of the mandated health insurance coverage for early access breast cancer screening proposed by Senate Bill No. 827, S.D. 2, Regular Session of 2022.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 33 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

#### **SCRep. 1765-22 Consumer Protection & Commerce on H.C.R. No. 28**

The purpose of this measure is to request the Auditor to assess the social and financial effects of mandatory health insurance coverage for fertility preservation procedures for certain persons who have been diagnosed with cancer and whose cancer or cancer treatment may adversely affect their fertility.

Your Committee received testimony in support of this measure from the Hawaii Society of Clinical Oncology, Association for Clinical Oncology, Kaiser Permanente Hawai'i, and Alliance for Fertility Preservation. Your Committee received comments on this measure from the Office of the Auditor, Hawaii Medical Service Association, and Hawaii Association of Health Plans.

Your Committee finds that for individuals with cancer, the struggles of infertility are heavily exacerbated, as they are forced to sacrifice their ability to conceive and start a family in order to survive their condition. However, due to advances in reproductive technology, cancer need not preclude parenthood. Offering techniques to preserve fertility is now recognized by all relevant medical societies as a standard part of cancer care, but access remains a challenge.

Your Committee further finds that mandated health insurance coverage for fertility preservation procedures is not generally covered by health insurance and would be considered a new mandated benefit. This measure therefore requests the Auditor to conduct an impact assessment report on the social and financial effects of the mandated health insurance coverage for fertility preservation procedures for certain persons who have been diagnosed with cancer proposed by House Bill No. 2242 and Senate Bill No. 3308, Regular Session of 2022.

Your Committee has amended this measure by:

- (1) Expanding the contents of the impact assessment report to include:
  - (A) A survey of other states that have implemented mandated health insurance coverage for cryopreservation procedures;
  - (B) Various areas of research, including whether the proposed mandated coverage would trigger the State's defrayal of excess costs, a standard medical definition of reproductive age, and any standards of coverage currently used by public and private health care entities;
  - (C) Various topics for further examination, such as medically necessary standards of care, technology related to infertility procedures, current scientific studies and medical literature, and appropriate scope of coverage; and
  - (D) Consideration of certain questions relating to the ethical and legal issues surrounding the rights and entitlements to cryopreserved material; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 28, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 28, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

**SCRep. 1766-22 Finance on S.B. No. 339**

The purpose of this measure is to extend the period during which the important agricultural land qualified agricultural cost tax credit is available through the taxable year ending December 31, 2030.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Land Use Research Foundation of Hawaii; Ulupono Initiative; Carpenter & Carpenter, Inc.; and Kamehameha Schools. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, Office of Planning and Sustainable Development, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 339, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1767-22 Finance on S.B. No. 2218**

The purpose of this measure is to:

(1) Require the Department of Agriculture to:

- (A) Establish a five-year food hub pilot program that awards grant funding to qualified applicants to establish and expand food hubs in each county; and
- (B) Submit to the Legislature interim progress reports on the food hub pilot program prior to the Regular Sessions of 2023, 2024, 2025, and 2026, and a final report on its findings, recommendations, and any proposed legislation prior to the Regular Session of 2027; and

(2) Appropriate funds for the food hub pilot program and infrastructure upgrades to the Honalo Marshalling Yard to be developed as a food hub.

Your Committee received testimony in support of this measure from the Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Hawai'i Pacific Health; Hawai'i 'Ulu Producers Cooperative; Aloha Harvest; Center for Getting Things Started; Ka Ohana O Na Pua; Kānalani Ohana Farm; 'Ai Pohaku; Hawai'i 'Ulu Producers Cooperative Board of Directors; Kauai Women's Caucus; The Cozy Cottage Home Bakery LLC; Women Organizing for Change in Agriculture and Natural Resource Management; Hawai'i Farm Bureau; Hawaii Primary Care Association; Punahale Provisions, PBC dba Piko Provisions; Hawai'i Alliance for Progressive Action; Hawaii Cattlemen's Council, Inc.; Land Use Research Foundation of Hawaii; Hawaii Food Industry Association; Ulupono Initiative; Tinyville Farm; Hawaii Food Bank; Kamehameha Schools; Climate Protectors Hawai'i; Hawai'i Farmers Union United; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Agriculture, and Hawai'i Food+ Policy Internship.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2218, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1768-22 Finance on S.B. No. 2990**

The purpose of this measure is to establish and appropriate funds for a cover crop reimbursement pilot program to reimburse qualifying farming operations in the State for acquisition costs for cover crop seeds, green manure, or compost.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council; Kauai Women's Caucus; Larry Jefts Farms, LLC; Women Organizing for Change in Agriculture and Natural Resource Management; Hawai'i Farm Bureau; Hawai'i Alliance for Progressive Action; Down to Earth; 350Hawaii.org; Climate Protectors Hawai'i; Hawai'i Food+ Policy Internship; and numerous individuals. Your Committee received comments on this measure from the Department of the Attorney General; Department of Budget and Finance; Department of Agriculture; University of Hawai'i System; Hawaii Cattlemen's Council, Inc.; and Hawai'i Farmers Union United.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2990, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1769-22 Finance on S.B. No. 2992**

The purpose of this measure is to establish and appropriate funds for the Hawaii Agricultural Investment Program within the Department of Agriculture to provide matching grants for certain activities that increase local agricultural production or processing capacity and support local agricultural producers.

Your Committee received testimony in support of this measure from the Kauai Women's Caucus; Women Organizing for Change in Agriculture and Natural Resource Management; Hawai'i Alliance for Progressive Action; Hawaii Cattlemen's Council, Inc.; Hawaii Food Industry Association; Hawaii Aquaculture and Aquaponics Association; Hawai'i Food+ Policy Internship; Climate Protectors Hawai'i; and numerous individuals. Your Committee received comments on this measure from the Department of the Attorney General, Department of Budget and Finance, Department of Agriculture, Hawai'i Farm Bureau, and Ulupono Initiative.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2992, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1770-22 Finance on S.B. No. 915**

The purpose of this measure is to authorize the issuance of special number plates to recognize and honor Duke Kahanamoku.

Your Committee received testimony in support of this measure from the Windclub Hawaii, Outrigger Duke Kahanamoku Foundation, Na Kama Kai, and four individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 915, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

**SCRep. 1771-22 Finance on S.B. No. 2637**

The purpose of this measure is to:

- (1) Require the Department of Public Safety to develop and make available a community-based work furlough program for women offenders in the State; and
- (2) Appropriate funds to the Department of Public Safety to continue and expand community-based work furlough for women.

Your Committee received testimony in support of this measure from the Hawai'i Correctional System Oversight Commission, Hawai'i State Commission on the Status of Women, Common Cause Hawaii, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, Women's Prison Project, YWCA O'ahu, American Civil Liberties Union of Hawai'i, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Public Safety, and Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2637, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

**SCRep. 1772-22 Finance on S.B. No. 2639**

The purpose of this measure is to require:

- (1) The Offender Reentry Office of the Department of Public Safety to develop and implement a risk needs assessment tool that is specifically intended to assess the needs of women offenders; and
- (2) The Department of Public Safety to submit a report to the Legislature on the Offender Reentry Office's compliance with the risk needs assessment tool requirement.

Your Committee received testimony in support of this measure from the Department of Public Safety, Hawai'i Correctional System Oversight Commission, Hawaii Substance Abuse Coalition, Women's Prison Project, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2639, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

**SCRep. 1773-22 Finance on S.B. No. 2641**

The purpose of this measure is to appropriate funds for residential programs that allow minor children to remain with their mothers while participating in the program, including community-based furlough programs, residential drug treatment programs, therapeutic community programs, and mental health programs, to reduce the risk of trauma and multigenerational incarceration.

Your Committee received testimony in support of this measure from the Judiciary, Department of Human Services, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, Women's Prison Project, Hawai'i Psychological Association, American Civil Liberties Union of Hawai'i, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Public Safety.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2641, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

**SCRep. 1774-22 Finance on S.B. No. 2770**

The purpose of this measure is to:

- (1) Require the Department of Public Safety, in collaboration with the Office of Hawaiian Affairs, to create a rehabilitation program for Native Hawaiian prison inmates that puts an emphasis on preserving Native Hawaiian values and cultural practices; and
- (2) Appropriate funds for the program.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawai'i Correctional System Oversight Commission, Community Alliance on Prisons, Women's Prison Project, and four individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Public Safety, Papa Ola Lōkahi, and American Civil Liberties Union of Hawai'i.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2770, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

**SCRep. 1775-22 Finance on S.B. No. 2771**

The purpose of this measure is to:

- (1) Require the Department of Public Safety Intake Service Centers to conduct internal pretrial female risk and needs assessments on adult female offenders to measure a female offender's risk of flight, criminal conduct, or harm to the community, subject to certain conditions; and
- (2) Require the pretrial female risk and needs assessment tool to consider factors important to evaluate a female offender's risk of reoffending.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawai'i Correctional System Oversight Commission, Women's Prison Project, Hawaii Substance Abuse Coalition, and one individual. Your Committee received comments on this measure from the Department of Public Safety.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2771, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

**SCRep. 1776-22 Finance on S.B. No. 3085**

The purpose of this measure is to:

- (1) Provide a comprehensive law setting forth military judicial procedures, which will apply to all members of the State's military forces while not in federal service; and
- (2) Repeal the existing Hawaii Code of Military Justice, which was originally enacted in 1982.

Your Committee received testimony in support of this measure from the Department of Defense and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3085, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

**SCRep. 1777-22 Finance on S.B. No. 3293**

The purpose of this measure is to:

- (1) Establish a five-year Recidivism Prevention Pilot Program within the Judiciary to consist of a housing voucher program and child care voucher program for program participants who exit from the Women's Community Correctional Center and an employer income tax credit program to assist the reentry efforts of certain individuals for up to two years after release from incarceration; and
- (2) Appropriate funds for:
  - (A) The implementation and operation of the Recidivism Prevention Pilot Program; and
  - (B) The establishment of five full-time equivalent permanent transition navigator positions within the Judiciary to provide assistance to individuals exiting the Women's Community Correctional Center in successfully rejoining their families and the community.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition and two individuals. Your Committee received comments on this measure from the Judiciary, Department of Budget and Finance, Department of Public Safety, Department of Taxation, and Women's Prison Project.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3293, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

**SCRep. 1778-22 Finance on S.B. No. 3294**

The purpose of this measure is to appropriate funds for reentry planning circles for incarcerated women.

Your Committee received testimony in support of this measure from the Hawai'i Correctional System Oversight Commission, Community Alliance on Prisons, Hawai'i Friends of Restorative Justice, Women's Prison Project, Hawaii Substance Abuse Coalition, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Public Safety.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3294, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

**SCRep. 1779-22 Finance on S.B. No. 3295**

The purpose of this measure is to:

- (1) Establish the Women's Corrections Implementation Commission to:
  - (A) Provide oversight over state correctional facilities and community correctional centers that incarcerate women;
  - (B) Receive and investigate complaints from incarcerated women;
  - (C) Monitor the criminal justice system's progress in implementing reforms; and
  - (D) Provide oversight over other programs and monitor and review data that is important to ensuring successful outcomes for women in the correctional system;
- (2) Require the Women's Corrections Implementation Commission to submit annual reports to the Legislature; and
- (3) Appropriate funds to the Judiciary for the operations of the Women's Corrections Implementation Commission, including the hiring of necessary staff.

Your Committee received testimony in support of this measure from the Women's Prison Project and one individual. Your Committee received comments

on this measure from the Judiciary, Department of Budget and Finance, Department of Public Safety, and Hawai'i Correctional System Oversight Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3295, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

#### **SCRep. 1780-22 Finance on S.B. No. 1105**

The purpose of this measure is to amend the Secure and Fair Enforcement for Mortgage Licensing Act by:

- (1) Modifying when a person aggrieved by the fraud, misrepresentation, or deceit of a mortgage loan originator company licensee may be paid by the Mortgage Loan Recovery Fund to be upon final judgment, rather than by order, of a court;
- (2) Repealing Mortgage Loan Recovery Fund fees for mortgage loan originator companies and their branch locations; and
- (3) Authorizing the Commissioner of Financial Institutions to consider applications for recovery from the Mortgage Loan Recovery Fund, as an alternative to judicial proceedings.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1105, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

#### **SCRep. 1781-22 Finance on S.B. No. 3329**

The purpose of this measure is to repeal chapter 634F, Hawaii Revised Statutes, the Citizen Participation in Government Act, and enact the Hawaii Public Expression Protection Act in its place.

Your Committee received testimony in support of this measure from Common Cause Hawaii, Sierra Club of Hawai'i, Kua'āina Ulu 'Auamo, League of Women Voters of Hawaii, Uniform Law Commission, Commission to Promote Uniform Laws, Hawai'i Reef and Ocean Coalition, Climate Protector Hawai'i, UNITE HERE! Local 5 Hawaii, Motion Picture Association, Hawaii's Thousand Friends, American Civil Liberties Union of Hawai'i, Mālama Pūpūkea-Waimea, and six individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3329, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

#### **SCRep. 1782-22 Finance on S.B. No. 3372**

The purpose of this measure is to authorize the Office of Administrative Hearings, where it is determined that an award of a contract is in violation of law and the award is rescinded and the contract, if executed, is terminated or declared null and void, to award the government contract to the next lowest bidder or next responsible offeror, if certain conditions are met.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services. Your Committee received comments on this measure from the State Procurement Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3372, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

#### **SCRep. 1783-22 Finance on S.B. No. 3236**

The purpose of this measure is to appropriate funds to provide a one-time enhanced payment equal to fifteen percent of the Medicaid patient payments of fiscal year 2022-2023 made to any eligible facility in the State that provides care to Medicaid patients in a Medicare-certified nursing facility, community care foster family home, and expanded adult residential care home.

Your Committee received testimony in support of this measure from the Hawaii Health Systems Corporation Corporate Board of Directors; Hawai'i Family Caregiver Coalition; Hawai'i Pacific Health; Ohana Pacific Management Company, Inc. dba Ohana Pacific Health; Ann Pearl Rehab & Nursing; Garden Isle Rehab & Nursing; The Villas; Legacy Hilo Rehab & Nursing; Hale Makua Health Services - Kahului; Hale Makua Health Services - Wailuku; The Queen's Health Systems; Hale Kupuna Heritage Home; Pu'uwai 'O Makaha; Aloha Nursing Rehab Centre; Kaiser Permanente Hawai'i; and four individuals. Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, and Healthcare Association of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3236, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

#### **SCRep. 1784-22 Finance on S.B. No. 204**

The purpose of this measure is to authorize the Department of Land and Natural Resources to use aquatic in-lieu fee mitigation to restore, create, enhance, or preserve aquatic habitats or resources where a person is required to provide compensatory mitigation either:

- (1) Prospectively, and the use of in-lieu fee mitigation is approved by the agency requiring mitigation; or
- (2) For past damages to aquatic habitats or resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 204, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Wildberger). Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1785-22 Finance on S.B. No. 1411**

The purpose of this measure is to:

- (1) Define "pre-contact historic property";
- (2) Clarify that the Historic Preservation Program includes providing consultation to counties and public and private agencies involved in historic preservation and the development, publication, and distribution of materials about protections for burials, historic sites, and archaeological resources;
- (3) Amend the composition and duties of the Hawaii Historic Places Review Board; and
- (4) Increase civil and administrative fines for certain violations of historic and preservation requirements and make landowners or developers responsible for projects where violations are found liable for costs associated with mitigation or preservation measures.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Kupuna Caucus of the Democratic Party of Hawai'i, and two individuals. Your Committee received testimony in opposition to this measure from the Society for Hawaiian Archaeology. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1411, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1786-22 Finance on S.B. No. 2056**

The purpose of this measure is to:

- (1) Require the Office of Planning and Sustainable Development, in cooperation with the Department of Agriculture and Land Use Commission, to conduct a study of the suitability of the land study bureau soil overall (master) productivity rating system and other soil classification systems in the regulation of agricultural lands in the State;
- (2) Require the Office of Planning and Sustainable Development to submit a report on the study to the Legislature prior to the Regular Session of 2024; and
- (3) Appropriate funds to conduct the study.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii State Energy Office, Hawai'i Farm Bureau, and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Office of Planning and Sustainable Development, and Hawai'i Farmers Union United.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2056, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1787-22 Finance on S.B. No. 3320**

The purpose of this measure is to:

- (1) Explicitly include feral pigs within the Department of Land and Natural Resources' permit system for the destruction within a district of wild birds, game birds, and game mammals; and
- (2) Clarify that the Department of Land and Natural Resources may provide by rule that no permit or report shall be required to destroy or control game mammals, including feral pigs, during daytime hours on privately owned land when the action is otherwise in compliance with departmental rules.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Farm Bureau, and Ulupono Initiative. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3320, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1788-22 Finance on S.B. No. 1128**

The purpose of this measure is to:

- (1) Allow certain vocational programs within the Office of Youth Services to engage in the commercial provision of goods and services to promote self-sustainability in young adults;
- (2) Require the Office of Youth Services to submit annual reports to the Legislature on the fiscal transactions and expenses of each service or program of the Office of Youth Services; and
- (3) Require an audit of the Office of Youth Services if the annual fiscal transactions and expenses reports are not submitted in a timely manner.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawaii Youth Correctional Facility; Hale Kipa, Inc.; Opportunity Youth Action Hui; Community Alliance on Prisons; Hawaii Cattlemen's Council, Inc.; American Civil Liberties Union of Hawai'i; and one individual. Your Committee received comments on this measure from the Department of Human Services and Office of Youth Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent

and purpose of S.B. No. 1128, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1789-22 Finance on S.B. No. 2115**

The purpose of this measure is to:

- (1) Require certain children under Family Court jurisdiction to be taken without unnecessary delay to the court or place of shelter designated by the court; and
- (2) Establish conditions and time limits for placing a minor into room confinement at a juvenile detention facility or adult jail facility.

Your Committee received testimony in support of this measure from the Judiciary, Department of Health, Office of Youth Services, Hawai'i Psychological Association, American Civil Liberties Union of Hawai'i, Opportunity Youth Action Hui, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2115, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1790-22 Finance on S.B. No. 2274**

The purpose of this measure is to:

- (1) Require all nursing license applicants to respond to the Center for Nursing workforce supply survey in conjunction with license renewal, without penalizing them for failure to do so; and
- (2) Increase the additional Center for Nursing fee from \$40 to \$60 per licensing biennium.

Your Committee received testimony in support of this measure from the Hawai'i-American Nurses Association, The Queen's Health Systems, and three individuals. Your Committee received comments on this measure from the University of Hawai'i at Manoa Nancy Atmospera-Walch School of Nursing, Board of Nursing, Hawai'i State Center for Nursing, and Hawaii Association of Nurse Anesthetists.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2274, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1791-22 Finance on S.B. No. 2482**

The purpose of this measure is to establish and fund a temporary Office of Wellness and Resilience within the Office of the Governor to address issues and implement solutions to improve wellness and resilience, including issues and solutions identified by the Trauma-Informed Care Task Force.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Public Safety, Hawai'i Correctional System Oversight Commission, Executive Office on Early Learning, Promising Minds, Hawaii Youth Services Network, HawaiiKidsCan, Early Childhood Action Strategy, Mana Up, National Association of Social Workers - Hawai'i, Parents And Children Together, and six individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Health, Early Learning Board, Family Hui Hawai'i, Hawaii Children's Action Network Speaks!, Hawai'i Community Foundation, and Kamehameha Schools.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2482, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1792-22 Finance on S.B. No. 2634**

The purpose of this measure is to appropriate funds to extend Medicaid postpartum coverage to twelve months following the end of pregnancy.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women; Disability and Communication Access Board; March of Dimes; Hawaii Family Forum; Hawai'i Children's Action Network Speaks!; American Heart Association; American Academy of Pediatrics, Hawaii Chapter; Planned Parenthood Alliance Advocates - Hawai'i; Healthcare Association of Hawaii; Hawaii Medical Service Association; Hawaii Association of Health Plans; UnitedHealthcare Community Plan Hawaii; Hawaii Women's Coalition; AlohaCare; Hawai'i Pacific Health; Hawaii Medical Association; Hawai'i Section of the American College of Obstetricians and Gynecologists; Hawai'i Maternal & Infant Health Collaborative; Hawaii Chapter of American College of Emergency Physicians; The Queen's Health Systems; Hawai'i Public Health Association; Save Medicaid Hawaii; Healthy Mothers Health Babies Coalition of Hawaii; 'Ahaui o nā Kauka; Obesity Prevention Task Force; Breastfeeding Hawaii; Early Childhood Action Strategy; AF3IRM Hawaii; and eleven individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2634, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1793-22 Finance on S.B. No. 2657**

The purpose of this measure is to:

- (1) Reestablish the Hawaii Medical Education Special Fund to enable the John A. Burns School of Medicine (JABSOM), in consultation with the Hawaii Medical Education Council, to provide funding for medical education and training in Hawaii, with an emphasis on supporting residency training in

medically underserved areas;

- (2) Appropriate funds to create more residencies and training opportunities in medically underserved areas for medical students at JABSOM; and
- (3) Appropriate funds to JABSOM to create further medical residency and training opportunities through a partnership between JABSOM and the United States Department of Veterans Affairs.

Your Committee received testimony in support of this measure from the John A. Burns School of Medicine, Hawaii Health Systems Corporation Corporate Board of Directors, Healthcare Association of Hawaii, Hawai'i Primary Care Association, Hawai'i Pacific Health, Hawaii Medical Association, Hawai'i Chapter of the American College of Emergency Physicians, The Queen's Health Systems, and Hawaii Psychiatric Medical Association. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2657, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

#### **SCRep. 1794-22 Finance on S.B. No. 2857**

The purpose of this measure is to establish a five-year Child Wellness Incentive Pilot Program to provide a monetary incentive to each state Medicaid benefit recipient for each completed well-child examination of that recipient's child and to appropriate funds for the first year of the program.

Your Committee received testimony in support of this measure from the American Academy of Pediatrics, Hawaii Chapter; Hawaii Medical Service Association; and Hawaii Association of Health Plans. Your Committee received testimony in opposition to this measure from the Hawaii Family Advocacy Team. Your Committee received comments on this measure from the Department of Human Services and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2857, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

#### **SCRep. 1795-22 Finance on S.B. No. 2883**

The purpose of this measure is to:

- (1) Require the Hawaii Health Systems Corporation to convene a task force to facilitate improved hiring and training of culturally-accepted interpreters to assist non-English speaking populations seeking care at health care facilities; and
- (2) Appropriate funds to support the work of the task force.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, Pono Hawai'i Initiative, Hawai'i Coalition for Immigrant Rights, Hawai'i Friends of Civil Rights, Hawai'i Public Health Institute, Hawaii State Coalition Against Domestic Violence, COFA Alliance National Network, Waipahu Safe Haven Center, and seven individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Office of Language Access, and Hawaii Health Systems Corporation Corporate Board of Directors.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2883, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

#### **SCRep. 1796-22 Finance on S.B. No. 3106**

The purpose of this measure is to exempt certain positions in the Department of Human Services from civil service.

Your Committee received testimony in support of this measure from Parents and Children Together. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and one individual. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3106, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

#### **SCRep. 1797-22 Finance on S.B. No. 3111**

The purpose of this measure is to establish and fund a family resource centers pilot program and coordinator position within the Department of Human Services.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Health, Office of Hawaiian Affairs, 'Ohana Support Network, Hawai'i Afterschool Alliance, Friends of the Future, Kailua High School, Early Childhood Action Strategy, Community Alliance on Prisons, Hawaii Children's Action Network Speaks!, and two individuals. As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2597, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

#### **SCRep. 1803-22 Finance on S.B. No. 2635**

The purpose of this measure is to require health insurers, mutual benefit societies, and health maintenance organizations to cover mandated services for mammography at least as favorably as coverage for other radiological examinations.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Medical Association, Save Medicaid Hawaii, and

four individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2635, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1804-22 Finance on S.B. No. 2700**

The purpose of this measure is to:

- (1) Authorize the Department of Human Services to establish and maintain an early childhood registry of early childhood provider and staff information;
- (2) Require all staff used to meet the staff-child ratio in all licensed and registered child care programs to annually update their information in the registry;
- (3) Require a report to the Legislature regarding updates to the registry before the convening of the Regular Session of 2024; and
- (4) Appropriate funds to improve the registry.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, American Association of University Women of Hawaii, Imua Family Services, Early Childhood Action Strategy, Save Medicaid Hawaii, Hawai'i Association for the Education of Young Children, and numerous individuals. Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, Executive Office on Early Learning, Early Learning Board, and Hawai'i Children's Action Network Speaks!.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2700, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1805-22 Finance on S.B. No. 2701**

The purpose of this measure is to:

- (1) Require the Department of Human Services to establish and implement a one-year Child Care Worker Subsidy Pilot Program to assist in retaining the existing child care workforce; and
- (2) Appropriate funds for the pilot program and the Hawaii Early Childhood Educator Stipend Program.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning; Hawai'i State Commission on the Status of Women; Early Learning Board; American Association of University Women of Hawaii; American Academy of Pediatrics, Hawaii Chapter; Early Childhood Action Strategy; Save Medicaid Hawaii; Hawai'i Association for the Education of Young Children; Hawai'i Children's Action Network Speaks!; Imua Family Services; and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2701, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1806-22 Finance on S.B. No. 3110**

The purpose of this measure is to:

- (1) Rename the Preschool Grant Program Special Fund as the Child Care Grant Program Special Fund;
- (2) Authorize the Child Care Grant Program Special Fund to be used to award grants for child care facilities;
- (3) Change the due date for submitting the annual report to the Legislature on the Preschool Open Doors Special Fund and Child Care Grant Program Special Fund; and
- (4) Remove the authority to expend funds from the Preschool Open Doors Special Fund and Child Care Grant Program Special Fund without an appropriation.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning and Early Childhood Action Strategy. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3110, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1807-22 Finance on S.B. No. 346**

The purpose of this measure is to:

- (1) Between January 1, 2028, and June 30, 2032, make it unlawful for a farm owner or operator or a business owner or operator to sell or offer for sale for human consumption any shell egg that has not been certified by the United States Department of Agriculture as being cage free, as evidenced by the United States Department of Agriculture certified cage free grademark or shield; and
- (2) Establish and appropriate funds for the temporary Cage Free Matching Grant Program within the Department of Agriculture to provide farm owners or operators and business owners or operators with matching grants to assist them in converting their operations to meet the certified cage free requirements.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society, Animal Outlook, Hawaiian Egg Company, and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Agriculture, Animal Equality, Center for Biological Diversity, The Humane Society of the United States, Hawaiian Airlines, Compassion in World Farming USA, American Society for the

Prevention of Cruelty to Animals, Humane Society International, Friends of the Earth, Down to Earth Organic and Natural, Hawai'i Farm Bureau, Petersons' Upland Farm, World Animal Protection, Farm Sanctuary, The Humane League, Villa Rose, Mercy for Animals, Animal Legal Defense Fund, and Humane Society Veterinary Medical Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 346, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1808-22 Finance on S.B. No. 2195**

The purpose of this measure is to establish and appropriate funds for a five-year feral chicken population management pilot program within the Department of Agriculture to manage the population of feral chickens in the State.

Your Committee received testimony in support of this measure from Mo'Bettah Handyman Services, Makor Acupuncture and Oriental Medicine, Julie Peine Trust (Juliana Towers Apartments and Bayview Apartments), and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Land and Natural Resources, and Hawaiian Humane Society.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2195, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14; Ayes with Reservations (Holt, Perruso, Todd). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1809-22 Finance on S.B. No. 2284**

The purpose of this measure is to:

- (1) Establish provisions relating to the Department of Agriculture's governing of the business of aquaculture;
- (2) Grant exclusive property rights to persons who lawfully obtain the cultured progeny of wild plants and animals by brood stock acquisition;
- (3) Authorize the Department of Agriculture to regulate the transportation, purchase, possession, and sale of specific aquaculture products as necessary to protect indigenous species;
- (4) Require the Department of Agriculture to prepare programmatic environmental impact reports; and
- (5) Appropriate funds to carry out the purposes of this measure.

Your Committee received comments on this measure from the Department of Budget and Finance, Department of Land and Natural Resources, Department of Agriculture, Hawai'i Farm Bureau, and Hawaii Aquaculture & Aquaponics Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2284, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1810-22 Finance on S.B. No. 3096**

The purpose of this measure is to authorize the issuance of general obligation bonds to make an emergency appropriation for the Department of Education to build an agriculture innovation center.

Your Committee received testimony in support of this measure from the Department of Education; Waimea High School; Kekaha Elementary School; Eleele Elementary School; Kalaheo Elementary School; Koloa Elementary School; King Kaumualii Elementary School; Kilauea School; Kamehameha Schools; Kauai Community College; Education Incubator; Iwikua; Kumano i Ke Ala; Hawaii Cattlemen's Council, Inc; Smart Yields; Kauai Women's Caucus; Hawai'i Farm Bureau; and Hawaii Crop Improvement Association. Your Committee received comments on this measure from the Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3096, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, 1 (Perruso). Excused, 1 (McDermott).

#### **SCRep. 1811-22 Finance on S.B. No. 3197**

The purpose of this measure is to establish and appropriate funds for the Farmer Apprentice Mentoring Program under the Department of Agriculture to support farmer mentors in training apprentices on methods for improving soil health by using the whole farm system approach.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii, Climate Protectors Hawai'i, Hawai'i Alliance for Progressive Action, Hawai'i Farm Bureau, Hawai'i Farmers Union United, Local Food Coalition, Kauai Women's Caucus, and fourteen individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3197, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1812-22 Finance on S.B. No. 2567**

The purpose of this measure is to require the Department of Hawaiian Home Lands, with the assistance of the Office of Enterprise Technology Services, to create an interactive digital database software program of its applicant, beneficiary, and lessee records, which must contain relevant information on each individual's homestead lease application status, number of applications, address, number of denied leases, designated successors, and history of obtaining leases as an applicant or as a successor, as well as other relevant information as determined by the Hawaiian Homes Commission, by July 1, 2023.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2567, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1813-22 Finance on S.B. No. 3205**

The purpose of this measure is to:

- (1) Temporarily re-establish a two-year Hawaii Office of Naval Research Grant Program within the Department of Business, Economic Development, and Tourism to provide fifty-percent matching grants to qualified businesses conducting research and development in alternative energy; and
- (2) Establish and appropriate funds into and out of the Alternative Energy Research and Development Revolving Fund for the Hawaii Office of Naval Research Grant Program.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office; Makai Ocean Engineering, Inc.; Oceanit; and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Hawai'i Technology Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3205, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1814-22 Finance on S.B. No. 2303**

The purpose of this measure is to authorize the Director of Taxation to exempt a taxpayer whose annual general excise tax liability does not exceed \$100 from monthly, quarterly, or semiannual general excise tax filing requirements if the taxpayer files an annual return.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2303 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1815-22 Finance on S.B. No. 2805**

The purpose of this measure is to:

- (1) Establish the Hawaii Start-Up Business Loan Program and Hawaii Start-Up Business Loan Program Revolving Fund; and
- (2) Appropriate funds for the Hawaii Start-Up Business Loan Program.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii and Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Business, Economic Development, and Tourism; and Hawai'i Technology Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2805, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1816-22 Finance on S.B. No. 3054**

The purpose of this measure is to:

- (1) Expand funding sources and authorized uses of the Hawaii Film and Creative Industries Special Fund; and
- (2) Appropriate funds for the purposes of the Special Fund.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3054, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1817-22 Finance on S.B. No. 3143**

The purpose of this measure is to conform the state income and estate and generation-skipping transfer tax laws to the Internal Revenue Code of 1986, as amended, as of December 31, 2021.

Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3143 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1818-22 Finance on S.B. No. 3201**

The purpose of this measure is to clarify the application of the general excise tax law with regard to gross income derived from unrelated trade or business activities of nonprofit organizations.

Your Committee received testimony in support of this measure from PHOCUSED; Hawaii Substance Abuse Coalition; Coalition for a Drug-Free Hawaii; Hawaiian Humane Society; HT Hayashi Foundation; Outrigger Duke Kahanamoku Foundation; Pacific & Asian Affairs Council; Kumukahi Health + Wellness; Kua'āina Ulu 'Auamo; Big Brothers Big Sisters Hawaii; Hanalei Watershed Hui; Hawai'i Alliance of Nonprofit Organizations; Habilitat, Inc.; Molokai Arts Center; Hawaii Youth Services Network; Hawai'i Pacific Health; Nā Hale O Maui; Hawaii Children's Cancer Foundation; Aloha Diaper Bank; Hawaii Children's Action Network Speaks!; Hawai'i Health & Harm Reduction Center; and six individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3201, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1819-22 Finance on S.B. No. 3243**

The purpose of this measure is to repeal the definition of "industrial park" and replace that term with the newly defined term "economic zone".

Your Committee received testimony in support of this measure from the Hawai'i Technology Development Corporation and Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3243, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1820-22 Finance on S.B. No. 3334**

The purpose of this measure is to:

- (1) Establish the Director of Business, Economic Development, and Tourism as an ex officio, voting member of the Hawaii Tourism Authority Board of Directors, Stadium Authority, and School Facilities Authority Board;
- (2) Repeal the exemption for the Stadium Development Special Fund from the departmental administrative expenses assessment;
- (3) Transfer the Stadium Authority from the Department of Accounting and General Services to the Department of Business, Economic Development, and Tourism;
- (4) Amend the composition of the Stadium Authority;
- (5) Reduce the amount of general obligation bonds that may be issued to the Stadium Authority for the Stadium Development District; and
- (6) Transfer the School Facilities Authority from the Department of Education to the Department of Business, Economic Development, and Tourism.

Your Committee received testimony in support of this measure from the Hawaii Community Development Authority. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Education; Department of Accounting and General Services; Hawai'i Tourism Authority; Stadium Authority; and School Facilities Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3334, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (B. Kobayashi). Noes, 1 (Perruso). Excused, 1 (McDermott).

**SCRep. 1821-22 Finance on S.B. No. 172**

The purpose of this measure is to broaden the class of organizations that may be awarded a grant to include organizations that spend at least ninety percent of their operating budget in the State and are registered with the Department of Commerce and Consumer Affairs and in possession of valid certificates of vendor compliance issued by the State.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Kaua'i, one member of the Kaua'i County Council, Hanalei Watershed Hui, National Tropical Botanical Garden, Hui Maka'ainana O Makana, Huliauapa'a, The Hanalei Initiative, and three individuals. Your Committee received comments on this measure from the Office of Community Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 172, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1822-22 Finance on S.B. No. 2885**

The purpose of this measure is to appropriate funds for one full-time equivalent position in the Legislative Reference Bureau's Public Access Room to provide educational outreach and engagement with all schools in the State.

Your Committee received testimony in support of this measure from the Commission to Promote and Advance Civic Education, Common Cause Hawaii, Hawaii Youth Services Network, League of Women Voters of Hawaii, and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Legislative Reference Bureau and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2885, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Branco, McDermott).

**SCRep. 1823-22 Finance on S.B. No. 3158**

The purpose of this measure is to:

- (1) Establish the Electric Bicycle and Electric Moped Rebate Program (Rebate Program) to encourage the purchase and use of electric bicycles and electric mopeds;
- (2) Authorize the Department of Transportation to contract with a third-party administrator to operate and manage the Rebate Program;
- (3) Establish an electric bicycle and electric moped subaccount within the Highway Development Special Fund to fund the Rebate Program; and
- (4) Require that a portion of the Environmental Response, Energy, and Food Security Tax be deposited into the electric bicycle and electric moped subaccount.

Your Committee received testimony in support of this measure from the Department of Transportation, Climate Protectors Hawai'i, Maui Metropolitan Planning Organization Policy Board, Elemental Excelsior, and twelve individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of the Attorney General, Hawaii State Energy Office, Public Utilities Commission, Tax Foundation of Hawaii, Hawaii Electric Vehicle Association, Big Island Electric Vehicle Association, KauaiEV, Ulupono Initiative, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3158, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1824-22 Finance on S.B. No. 2819**

The purpose of this measure is to:

- (1) Repeal certain statutory provisions regarding teachers' salary schedules and ratings; and
- (2) Fund a memorandum of understanding to address compensation equity issues and make the necessary discretionary salary adjustments for experienced senior public school teachers and state public charter school teachers.

Your Committee received testimony in support of this measure from the Department of Education, University of Hawai'i at Mānoa College of Education, Executive Office on Early Learning, State Public Charter School Commission, Hawaii Teacher Standards Board, Rainbow Family 808, Democratic Party of Hawaii Labor Caucus, Hui for Excellence in Education, Democratic Party of Hawai'i Education Caucus, McKinley High School Special Education Department, Hawaii State Teachers Association, and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Board of Education; Employees' Retirement System; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Unit 6 Board of Directors of the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2819, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1825-22 Finance on S.B. No. 2820**

The purpose of this measure is to:

- (1) Provide and fund automatic step increases in salaries for each year of satisfactory service completed by educational assistants, public school teachers, and principals and vice principals;
- (2) Increase the amount of time available to teachers for collaboration, preparation, and planning, and appropriate funds for this increase; and
- (3) Appropriate funds for various teacher differentials to help address labor shortages in the areas of special education, hard-to-staff geographic locations, and Hawaiian language immersion programs.

Your Committee received testimony in support of this measure from the University of Hawai'i at Mānoa College of Education, State Public Charter School Commission, Special Education Advisory Council, Hawaii Teacher Standards Board, Rainbow Family 808, Democratic Party of Hawaii Labor Caucus, Democratic Party of Hawai'i Education Caucus, Hui for Excellence in Education, Early Childhood Action Strategy, McKinley High School Special Education Department, Hawaii State Teachers Association, Hawai'i Children's Action Network Speaks!, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Budget and Finance and Office of Collective Bargaining. Your Committee received comments on this measure from the Department of Education; Department of the Attorney General; Board of Education; Employees' Retirement System; Executive Office on Early Learning; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2820, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1826-22 Finance on S.B. No. 3209**

The purpose of this measure is to appropriate funds for the Department of Education to provide twenty-one additional hours of professional development for each teacher per calendar year.

Your Committee received testimony in support of this measure from the University of Hawai'i at Mānoa College of Education, Hawai'i Teacher Standards Board, McKinley High School Special Education Department, Hawaii State Teachers Association, and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Education; State Public Charter School Commission; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3209, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

#### **SCRep. 1827-22 Finance on S.B. No. 2162**

The purpose of this measure is to implement the use of ranked-choice voting for special elections held for congressional races in the State and vacant county council seats.

Your Committee received testimony in support of this measure from Americans for Democratic Action Hawaii, Common Cause Hawaii, League of Women Voters of Hawaii, Stonewall Caucus of the Democratic Party of Hawai'i, Kihei Community Association, Hawai'i Alliance for Progressive Action, Ke One O Kākuhihewa-O'ahu Council of the Association of Hawaiian Civic Clubs, and fourteen individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Green Party of Hawai'i.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2162, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Branco, McDermott).

#### **SCRep. 1828-22 Finance on S.B. No. 3041**

The purpose of this measure is to satisfy several claims against the State, its officers, or its employees.

Your Committee received comments on this measure from the Department of Public Safety, Department of Education, Department of the Attorney General, Department of Budget and Finance, and Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3041, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Branco, McDermott).

#### **SCRep. 1829-22 Finance on S.B. No. 2373**

The purpose of this measure is to:

- (1) Create the Project Reset Program (Program) to assist offenders with securing post-release housing, including transitional housing and permanent housing, and to support the offender's reentry, rehabilitation, and employment prospects;
- (2) Establish one full-time equivalent position in the Department of Human Services to administer the Program; and
- (3) Appropriate funds for the Program.

Your Committee received testimony in support of this measure from the Department of Public Safety, Office of the Public Defender, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawai'i Health & Harm Reduction Center, Chamber of Commerce Hawaii, Hawaii Substance Abuse Coalition, Community Alliance on Prisons, Blueprint For Change, and two individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, and Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2373, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Branco, McDermott).

#### **SCRep. 1830-22 Finance on S.B. No. 2185**

The purpose of this measure is to:

- (1) Require the fireworks and articles pyrotechnic records auditor for each county to submit an annual report to the Legislature detailing inventory, recordkeeping, and sales of fireworks to license and permit holders; and
- (2) Make a grant-in-aid to each county's fire department to cover costs associated with the annual reports.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Honolulu Fire Department, Maui Fire Department, and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii Explosives & Pyrotechnics, Inc.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2185, S.D. 3, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Branco, McDermott).

#### **SCRep. 1831-22 Finance on S.B. No. 2695**

The purpose of this measure is to establish a Blockchain and Cryptocurrency Task Force.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of the Prosecuting Attorney of the City and County of Honolulu, Grassroot Institute of Hawaii, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2695, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Branco, McDermott).

**SCRep. 1832-22 Consumer Protection & Commerce on S.B. No. 2685**

The purpose of this measure is to:

- (1) Establish requirements for cumulative voting for and removal of directors of planned community associations;
- (2) Exempt planned community associations from certain requirements regarding cumulative voting and removal of directors under the Hawaii Nonprofit Corporations Act; and
- (3) Require boards of directors of planned community associations, when planning to distribute proxies without the use of association funds, to post notices of their intent to distribute written notices for association meetings at least twenty-one days before distributing the written notices.

Your Committee received testimony in support of this measure from the Hawai'i State Association of Parliamentarians; Associa; Legislative Action Committee of the Community Associations Institute, Hawaii Chapter; Hawaii Council of Community Associations; and five individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the cumulative voting provisions under the Hawaii Nonprofit Corporations Act may be manipulated by planned community association boards of directors to prevent minority groups from attaining representation by simply omitting cumulative voting from the notice. This measure clarifies that the cumulative voting provisions under the Hawaii Nonprofit Corporations Act do not apply to planned community associations governed under the State's planned community association laws and specifies provisions specific to planned community associations.

Your Committee notes that written testimony submitted by interested stakeholders to your Committee have requested a delayed effective date of January 1, 2023, to ensure that planned community associations have sufficient notice of the change in the law to allow them to comply with the terms of this measure.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2685, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2685, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Har).

**SCRep. 1833-22 Consumer Protection & Commerce on S.B. No. 3084**

The purpose of this measure is to amend the composition of the Elevator Mechanics Licensing Board by replacing the ex-officio member from the Department of Labor and Industrial Relations with a member who is a licensed elevator mechanic.

Your Committee received testimony in support of this measure from the Elevator Mechanics Licensing Board.

Your Committee finds that the Elevator Mechanics Licensing Board has experienced difficulty in achieving a quorum to conduct meetings. Part of this difficulty stems from the Department of Labor and Industrial Relations' struggle to make available an employee with expertise in elevator and escalator installation and maintenance to attend Board meetings during the coronavirus disease 2019 pandemic. By replacing the Department's ex-officio member, as proposed by this measure, the Board is more likely to achieve quorum and conduct its important business in a timely manner.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3084, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3084, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Mizuno).

**SCRep. 1834-22 Judiciary & Hawaiian Affairs on S.B. No. 2163**

The purpose of this measure is to make negligent homicide in the first degree a class A felony if the person causes the death of another by operating a vehicle in a negligent manner while under the influence of drugs or alcohol and the person:

- (1) Has one or more convictions for operating a vehicle under the influence within twenty years of the instant offense;
- (2) Is operating a vehicle after license and privilege have been suspended or revoked for operating a vehicle under the influence of an intoxicant; or
- (3) Is a highly intoxicated driver.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Department of the Prosecuting Attorney of the County of Maui, Honolulu Police Department, Mothers Against Drunk Driving Hawaii Advisory Board, and three individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of Transportation and one individual.

Your Committee finds that heightened penalties are necessary to deter persons from repeatedly driving while under the influence of an intoxicant or driving at increased blood or breath alcohol levels. This measure is intended to prevent traffic fatalities in the State and hold offenders accountable for their negligent actions.

Your Committee has amended this measure by:

- (1) Lowering the lookback period for convictions for operating a vehicle under the influence from twenty years within the instant offense to ten years within the instant offense;
- (2) Clarifying that the class A felony offense of negligent homicide in the first degree applies to persons who, at the time of the instant offense, engaged in conduct that would constitute a violation of the offense of operating a vehicle after license and privilege have been suspended or revoked for operating a vehicle under the influence of an intoxicant;

- (3) Allowing the sentencing court to impose a lesser sentence for a person convicted of a class A felony offense of negligent homicide in the first degree if the court finds that strong mitigating circumstances warrant the action;
- (4) Defining the term "has been convicted one or more times for the offense of operating a vehicle under the influence" to include certain convictions and adjudications related to the use of intoxicants while operating a vehicle that, at the time of the instant offense, have not been expunged by pardon, reversed, or set aside; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

It is your Committee's intent that, if an underlying conviction for operating a vehicle under the influence has been expunged by pardon, reversed, or set aside, at the time of the incident charged as a class A felony offense of negligent homicide in the first degree, that conviction will not be counted as a prior conviction for the heightened sentencing provisions established by this measure.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2163, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2163, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Tokioa). Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 1835-22 Judiciary & Hawaiian Affairs on S.B. No. 2347**

The purpose of this measure is to:

- (1) Require the language and meaning of any proposed constitutional amendment and ratification question to be simple, concise, and direct to the extent practicable; and
- (2) Allow the presiding officers of the Legislature to request a written opinion of the Supreme Court regarding the legality of a proposed constitutional amendment and ratification question.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Judiciary and League of Women Voters of Hawaii.

Your Committee finds that constitutional ratification questions should be posed in simple, concise, and direct language. Your Committee further finds that it is an appropriate exercise of the powers of the Hawaii Supreme Court to issue written opinions on the legality of a proposed constitutional ratification question when requested by the presiding officers of the Legislature. This measure provides a mechanism to ensure that the legality of constitutional ratification questions are addressed by the highest court in the State.

Your Committee has amended this measure by:

- (1) Requiring the Supreme Court to provide a written opinion on the legality of a proposed constitutional amendment and ratification question within ten days of receipt of the request, rather than within one week; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2347, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2347, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (D. Kobayashi, Lowen).

#### **SCRep. 1836-22 Judiciary & Hawaiian Affairs on S.B. No. 3165**

The purpose of this measure is to:

- (1) Amend the driver's license revocation period for first time offenders convicted of operating a vehicle under the influence of an intoxicant to not less than one year and not more than eighteen months;
- (2) Allow for the early termination of a driver's license revocation period for first time offenders convicted of operating a vehicle under the influence of an intoxicant; and
- (3) Require the maximum driver's license revocation period for people who are convicted of operating a vehicle under the influence of an intoxicant and do not own or have a vehicle or are unable to drive.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Prior to decision making on this measure, your Committee posted and made available for public review a proposed H.D. 1, which amends this measure by:

- (1) Requiring any person operating a vehicle with an ignition interlock device to have government-issued identification in their immediate possession;
- (2) Amending the lookback period and sentencing requirements for violations of operating a vehicle after license and privilege have been suspended or revoked for operating a vehicle under the influence of an intoxicant;
- (3) Amending the offense of circumventing or tampering with an ignition interlock device to:
  - (A) List possible violations, including obscuring the camera lens or failing to provide a picture of the driver; and
  - (B) Extend the lookback period; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee received testimony in support of the proposed H.D. 1 from the Department of the Prosecuting Attorney of the City and County of Honolulu, Mothers Against Drunk Driving Hawaii Advisory Board, and Smart Start LLC. Your Committee received testimony in opposition to the proposed H.D. 1 from the Office of the Public Defender. Your Committee received comments on the proposed H.D. 1 from the Judiciary.

Your Committee finds that an ignition interlock device is often the first line of defense in preventing a person who is under the influence of an intoxicant from operating a vehicle. Your Committee believes that incentivizing the use of ignition interlock devices and strengthening related offenses will help reduce the number of intoxicated drivers on the road, making Hawaii's roads safer for everyone.

Accordingly, your Committee has amended this measure by adopting the proposed H.D. 1 and further amending the measure by:

- (1) Clarifying that an offense must be based on the same incident, rather than the same conduct, when a person is sentenced to consecutive terms of imprisonment for:
  - (A) Operating a vehicle after license and privilege have been suspended or revoked for operating a vehicle under the influence of an intoxicant; and
  - (B) Operating a vehicle under the influence of an intoxicant or habitually operating a vehicle under the influence of an intoxicant; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3165, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3165, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (LoPresti). Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 1837-22 Government Reform/Judiciary & Hawaiian Affairs on S.B. No. 555**

The purpose of this measure is to prohibit legislators and persons employed by or acting on behalf of legislators from holding fundraisers during any regular session or special session.

Your Committees received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, Pono Hawai'i Initiative, Iron Workers Stabilization Fund, Community Alliance on Prisons, League of Women Voters of Hawaii, Hawaii Family Advocacy Team, Hawai'i Alliance for Progressive Action, International Brotherhood of Electrical Workers Local 1260, and seventeen individuals.

Your Committees find that holding fundraisers during legislative sessions, including extended sessions or special sessions, could create the perception that donations received from fundraisers that are held during those time periods may potentially influence actions being taken on pending legislation. Furthermore, your Committees find that fundraisers held by all elected officials during these legislative sessions could also potentially have an effect on the outcome of legislation because these elected officials may have an influential role in the legislative process by virtue of their position or, through their position, could affect issues that are before the Legislature. Your Committees believe that prohibiting fundraiser events during legislative sessions by all elected officials will promote public transparency and restore confidence in Hawaii's legislative process.

Your Committees find, however, that while prohibiting fundraiser events for all elected officials creates equal application of the law, the practicality of prohibiting these events during special sessions that are called by the Senate to consider nominations for appointments made by the Governor may cause issues for other elected officials who may have planned fundraiser events to be outside the window of a regular, extended, or joint special session, which now inadvertently coincides with the confirmation special sessions and, as such, would be forced to postpone or cancel the event, thereby incurring unanticipated costs and fees to their campaign spending accounts and possibly resulting in an unwarranted violation.

Accordingly, your Committees have amended this measure by:

- (1) Specifying that the prohibition against fundraising applies to any fundraiser event held to raise contributions for which any price is charged or any contribution is suggested for attendance during regular or special sessions of the state legislature;
- (2) Expanding the prohibition against fundraiser events to all state and county elected officials;
- (3) Deleting language that would have applied the prohibition in this measure to employees and persons acting on behalf of a legislator;
- (4) Defining "elected official" and "fundraiser event";
- (5) Changing its effective date to January 1, 2023; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees note that the use of the word "county" in this amended measure includes the City and County of Honolulu, as provided in section 1-22, Hawaii Revised Statutes.

While your Committees would like to have adopted the proposed amendment to restrict elected state and county officials from soliciting or accepting any campaign contributions during a legislative session, as proposed by the Iron Workers Stabilization Fund and others in their testimony before your Committees, your Committees believe that this proposed amendment would go beyond the scope of the single subject expressed in this measure's title, Relating to Campaign Fundraising, and adoption of this proposed amendment may make the measure legally and constitutionally defective. Your Committees hope that this issue of prohibiting all solicitations and contributions during a legislative session will be resolved by future legislatures through appropriately titled measures.

As affirmed by the records of votes of the members of your Committees on Government Reform and Judiciary & Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 555, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 555, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Government Reform: Ayes, 6. Noes, none. Excused, 3 (Costales, Yamashita, Ward).

Judiciary & Hawaiian Affairs: Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, Takumi, Ward).

#### **SCRep. 1838-22 Judiciary & Hawaiian Affairs on S.B. No. 2082**

The purpose of this measure is to add the class C felony offenses of abuse of family or household members to the list of felonies that qualify for repeat offender sentencing.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Honolulu Police Department, Department of the Prosecuting Attorney of the City and County of Honolulu, Office of the Prosecuting Attorney of the County of Hawai'i, Hawai'i State Coalition Against Domestic Violence, and two individuals.

Your Committee finds that felony abuse of family or household members should be subject to the same specialized sentencing provisions for repeat felony offenders as all other serious and violent class C felonies. The heightened penalties for repeat felony offenders more accurately reflect the seriousness of felony abuse of family or household members, promote greater protection and safety for victims and families of domestic violence, and ensure accountability for offenders.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in

accord with the intent and purpose of S.B. No. 2082 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, Lowen, Tokioka).

#### **SCRep. 1839-22 Judiciary & Hawaiian Affairs on S.B. No. 2780**

The purpose of this measure is to update:

- (1) The list of federal agencies whose law enforcement officers may make arrests for certain offenses under state law by adding the United States Immigration and Customs Enforcement-Homeland Security Investigations and deleting the United States Citizenship and Immigration Services from the list; and
- (2) References to the titles of the heads of the district offices for the listed federal agencies and the names of these agencies, including United States Customs and Border Protection.

Your Committee received testimony in support of this measure from the United States Immigration and Customs Enforcement-Homeland Security Investigations, Department of the Attorney General, Department of Public Safety, Department of Transportation, Hawai'i Police Department, and Honolulu Police Department. Your Committee received testimony in opposition to this measure from Unite Here! Local 5 Hawaii, American Civil Liberties Union of Hawai'i, and one individual. Your Committee received comments on this measure from the Hawai'i Coalition for Immigrant Rights.

Your Committee finds that this measure will promote enhanced collaboration between agents of the United States Immigration and Customs Enforcement-Homeland Security Investigations and state law enforcement counterparts to better protect national security, prevent crimes of exploitation, combat financial crimes, investigate cybercrime and other threats, and ensure public safety.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2780 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Takumi). Noes, 2 (D. Kobayashi, Tokioka). Excused, none.

#### **SCRep. 1840-22 Labor & Tourism/Finance on S.B. No. 775**

The purpose of this measure is to:

- (1) Provide a mechanism to adjust the transient accommodations tax rate based on visitor arrivals for a calendar year; and
- (2) Require the Hawaii Tourism Authority to determine, and the Department of Business, Economic Development, and Tourism to publish, visitor arrivals annually.

Your Committees received testimony in support of this measure from Climate Protectors Hawai'i and Hawai'i Reef and Ocean Coalition, Hawai'i Alliance for Progressive Action, Kauhako Ohana Association, Ka Leo O Nā 'Ōpio, Protea Zero Waste Store, Hawaii Impact Consulting, and numerous individuals. Your Committees received testimony in opposition to this measure from one individual.

Prior to the hearing on this measure, your Committees posted and made available for public review a proposed H.D. 1, which also amends the transient accommodations tax and does the following:

- (1) Establishes a Natural Resource Management Special Fund to address impacts to natural resources and management of natural and open space resources that are important to residents and the visitor industry;
- (2) Establishes a Natural Resource Management Commission to guide and approve the disbursement of monies deposited into the Natural Resource Management Special Fund;
- (3) Allocates annually, \$30,000,000 in transient accommodations tax revenues to the Natural Resource Management Special Fund;
- (4) Allocates \$60,000,000 in transient accommodations tax revenues to the Hawaii Tourism Authority;
- (5) Repeals the transient accommodations tax allocation of \$3,000,000 to the Special Land and Development Fund; and
- (6) Appropriates funds.

Your Committees received testimony in support of the proposed H.D. 1 from the Hawai'i Tourism Authority, Resources Legacy Fund, Surfrider Foundation Hawaii Region, Kohala Coast Resort Association, The Nature Conservancy, Wastewater Alternatives & Innovations, Sustainable Coastlines Hawai'i, Kupu, Zero Waste Oahu, 'Āina Aloha Economic Futures, Hawaiian Airlines, Hawai'i Wildlife Fund, Kua'āina Ulu 'Auamo, Mālama Pūpūkea-Waimea, Wild Kids, Friends of Hanauma Bay, Maui Chamber of Commerce, Maui Hotel & Lodging Association, Hawai'i Lodging & Tourism Association, The Trust for Public Land, and numerous individuals. Your Committees received testimony in opposition to the proposed H.D. 1 from the Department of Budget and Finance and one individual. Your Committees received comments on the proposed H.D. 1 from the Department of Land and Natural Resources; Department of Business, Economic Development, and Tourism; and Tax Foundation of Hawaii.

Your Committees find that, similar to the S.D. 2 version of the measure, the proposed H.D. 1 uses transient accommodations tax revenues to reduce the cost burden and negative impacts from tourism and record numbers of visitors to Hawaii. Your Committees further find that establishing a Natural Resource Management Special Fund to address impacts to natural resources, including offsetting adverse environmental impacts caused by resident and visitor use; protecting, restoring, or enhancing terrestrial or marine natural resources; increasing the resilience and adaptation of Hawaii's natural and open space resources with environmentally beneficial strategies to reduce the adverse impacts of climate change; removing and controlling invasive species and propagating and planting native species; and addressing deterioration and removal of dilapidated buildings on state land, is an appropriate and much-needed use of transient accommodations tax revenues.

Your Committees have amended this measure by adopting the proposed H.D. 1 and further amending the measure by:

- (1) Adding state agencies to the entities that may receive grants from the Natural Resource Management Special Fund;
- (2) Inserting an amount of \$60,000,000 for the appropriation of transient accommodations tax revenues to the Hawaii Tourism Authority;
- (3) Changing the effective date of the measure to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Labor & Tourism and Finance that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 775, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto

as S.B. No. 775, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Labor & Tourism: Ayes, 7. Noes, none. Excused, 1 (Okimoto).

Finance: Ayes, 13; Ayes with Reservations (Branco, B. Kobayashi). Noes, none. Excused, 2 (Perruso, McDermott).

#### **SCRep. 1841-22 Finance on S.B. No. 3113**

The purpose of this measure is to incorporate the Kupuna Caregivers Program into the Kupuna Care Program and add services for care recipients, caregivers, and employed caregivers.

Your Committee received testimony in support of this measure from the Policy Advisory Board of Elder Affairs, Agency on Elderly Affairs of the County of Kauai, Office of Aging of the County of Hawai'i, AARP Hawai'i, AAUW of Hawaii, Rainbow Family 808, and two individuals. Your Committee received comments on this measure from the Executive Office on Aging, Alzheimer's Association, and three individuals.

Your Committee finds that the Kupuna Care Program began in 2001 to provide long-term services and supports to kupuna, and the Kupuna Caregivers Program began in 2017 to provide support for working caregivers. Your Committee concurs with the Executive Office on Aging that operating both programs, which offer the same services for kupuna and their caregivers, causes silos in the system and does not lend itself to a seamless system of supports for kupuna and their caregivers. This measure therefore streamlines the administrative and programmatic burdens imposed by the programs while allowing for an array of seamless services and supports to meet the comprehensive needs of kupuna and their caregivers.

Your Committee has amended this measure by:

- (1) Amending the definition of "kupuna care services" to include respite care for employed caregivers;
- (2) Requiring the Executive Office on Aging to develop an outreach plan to inform individuals of the Kupuna Care Program and services of the Program;
- (3) Requiring the Executive Office on Aging to submit an annual report to the Legislature regarding the number of individuals who participate in the Kupuna Care Program and the number of individuals on a program waitlist; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3113, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 3113, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1842-22 Finance on S.B. No. 2475**

The purpose of this measure is to clarify that:

- (1) Receipts for transportation or storage of cargo are not exempt under the general excise tax law; and
- (2) Amounts received or accrued for wharfage and demurrage services are exempt under the general excise tax law.

Your Committee received comments on this measure from the Department of Transportation, Department of Budget and Finance, Department of Taxation, Hawaii Harbor Users Group, Tax Foundation of Hawaii, The Pasha Group, and Young Brothers, LLC.

Your Committee finds that Hawaii's general excise tax is intended to be a comprehensive tax that covers nearly all levels of transactions, not just at the point of sale. However, it has been the policy of the legislature that certain transactions should not be taxed. As a result, certain exemptions are recognized under the general excise tax law.

Your Committee has amended this measure by:

- (1) Specifically exempting stevedoring services and related services from the general excise tax;
- (2) Deleting provisions that stated receipts for transportation or storage of cargo are not exempt under the general excise tax law;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2475, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 2475, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

#### **SCRep. 1843-22 Finance on S.B. No. 514**

The purpose of this measure is to dispose of excess general fund revenues, as required by article VII, section 6, of the Hawaii State Constitution by:

- (1) Providing for an income tax credit to every resident individual taxpayer of the State;
- (2) Depositing an unspecified sum into the Emergency and Budget Reserve Fund; and
- (3) Depositing an unspecified sum into the Other Post-Employment Benefits Trust Fund.

Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Tax Foundation of Hawaii, and Grassroot Institute of Hawaii.

Your Committee finds that when the balance of the general fund at the close of each of two successive fiscal years has exceeded five percent of the general fund revenues for both fiscal years, article VII, section 6, of the Hawaii State Constitution requires the Legislature to dispose of excess general fund revenues through a tax credit or refund to state taxpayers; a deposit into one or more funds as supplemental sources of funding in times of an emergency, economic downturn, or unforeseen reduction in revenue; or an appropriation of general funds for the pre-payment of debt service for general obligation bonds or pension or other post-employment benefit liabilities accrued for state employees.

Your Committee has amended this measure by:

- (1) Inserting language to also provide a tax refund to certain taxpayers of the State; and
- (2) Changing its effective date to July 1, 2022; provided that the tax credit applies to taxable years beginning after December 31, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 514, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 514, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1844-22 Finance on S.B. No. 2359**

The purpose of this measure is to require the University of Hawaii to establish K-12 expanded teaching cohort programs in each county for students who are pursuing undergraduate degrees in education.

Your Committee received testimony in support of this measure from the Department of Education, University of Hawai'i System, and Hawaii State Teachers Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2359, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1845-22 Finance on S.B. No. 3374**

The purpose of this measure is to appropriate funds for the University of Hawaii community colleges' workforce development programs to fund administration, training, positions, and student support.

Your Committee received testimony in support of this measure from the University of Hawai'i System. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3374, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1846-22 Finance on S.B. No. 1107**

The purpose of this measure is to establish the Hazard Mitigation Special Fund to give the Hawaii Emergency Management Agency the ability to monitor its own hazard mitigation projects.

Your Committee received testimony in support of this measure from the Department of Defense and Hawai'i Emergency Management Agency.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1107, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1847-22 Finance on S.B. No. 3335**

The purpose of this measure is to appropriate funds for the operational expenses of the Hawaii Wing of the Civil Air Patrol.

Your Committee received testimony in support of this measure from the Civil Air Patrol.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3335, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1848-22 Finance on S.B. No. 2378**

The purpose of this measure is to make various amendments related to the Taxation Board of Review, including:

- (1) Reducing the membership from ten volunteer members to three full-time, salaried members, with at least two members required for quorum;
- (2) Authorizing members to validate the Board's actions with a concurrence of the majority;
- (3) Establishing a compensation schedule for board members with compensation based on a percentage of the Director of Taxation's salary;
- (4) Clarifying that Board meetings are contested case hearings and specifying notice requirements;
- (5) Clarifying the legal and evidentiary framework the Board must use in reaching its decisions; and
- (6) Appropriating funds for Board members and staff.

Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2378, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1849-22 Finance on S.B. No. 2808**

The purpose of this measure is to appropriate funds for the State Small Business Credit Initiative Program.

Your Committee received testimony in support of this measure from the Hawaii Green Infrastructure Authority, Chamber of Commerce Hawaii, Hawaii Food Industry Association, Maui Chamber of Commerce, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Business, Economic Development, and Tourism; and Hawai'i Technology Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2808, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1850-22 Finance on S.B. No. 3337**

The purpose of this measure is to:

- (1) Establish a public policy framework that addresses state goals regarding economic disaster mitigation and economic diversification;
- (2) Require the Department of Business, Economic Development, and Tourism to submit annual reports prior to the Regular Sessions of 2023, 2024, and 2025 to the Legislature summarizing project outcomes; and
- (3) Appropriate funds to implement projects that address the state goals regarding economic disaster mitigation and economic diversification, and staff the Hawaii Center for Advanced Transportation Technologies.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Department of Research and Development of the County of Hawaii; Auamo Collaborative; HawaiiKidsCAN; Banyan Networks; O'ahu County Democrats Digital Equity Committee; Tangent Systems; AlohaCare; Economic Development Alliance of Hawaii; 3Red8, Inc.; and one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Budget and Finance; Office of Planning and Sustainable Development; Hawaii Technology Development Corporation; Hawaii State Energy Office; Hawaii Community Development Authority; Hawaii Green Infrastructure Authority; Natural Energy Laboratory of Hawaii Authority; Maui Chamber of Commerce; and Hunt Development Group, LLC.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3337, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1851-22 Finance on S.B. No. 3040**

The purpose of this measure is to:

- (1) Create a State Procurement Automation System Special Fund;
- (2) Authorize the Administrator of the State Procurement Office to develop and administer procurement automation systems and charge and collect a transaction fee from all vendors using the procurement automation systems;
- (3) Delete language regarding qualified community rehabilitation programs made redundant by Act 55, Session Laws of Hawaii 2021; and
- (4) Establish five full-time equivalent positions in the State Procurement Office.

Your Committee received testimony in support of this measure from the Department of Transportation, State Procurement Office, and Hawaii State Council on Developmental Disabilities. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3040, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1852-22 Finance on S.B. No. 2298**

The purpose of this measure is to increase the penalty for employers who fail to pay the wages of their employees in accordance with chapter 387, Hawaii Revised Statutes, the wage and hour law, and chapter 388, Hawaii Revised Statutes, governing payment of wages and other compensation, to a class C felony.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Marten). Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1880-22 Finance on S.B. No. 2504**

The purpose of this measure is to:

- (1) Establish the Housing Choice Voucher Landlord Incentive Program to provide incentives for landlords to participate in the Tenant-Based Assistance Housing Choice Voucher Program under Section 8 of the United States Housing Act of 1937 and appropriate funds for these incentives;

- (2) Require the Hawaii Public Housing Authority to adopt or amend rules that require inspections of leased dwelling units under the Section 8 Housing Choice Voucher Program within fifteen days after receipt of an owner's or landlord's inspection request; and
- (3) Establish and appropriate funds for positions within the Hawaii Public Housing Authority for inspections and other aspects related to dwelling units that are the subject of applications for the Section 8 Housing Choice Voucher Program.

Your Committee received testimony in support of this measure from Catholic Charities Hawai'i; Partners in Care; Hawai'i Association of REALTORS; and one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, and Hawaii Public Housing Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2504, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 1881-22 Finance on S.B. No. 2581**

The purpose of this measure is to codify as a priority guideline for the provision of affordable housing in the Hawaii State Planning Act, the use of lands within the State that are leased to the federal government or under the federal government's control and that are to be returned to the State to meet the housing needs of certain households.

Your Committee received testimony in support of this measure from Partners In Care and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Office of Planning and Sustainable Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2581, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 1882-22 Finance on S.B. No. 2667**

The purpose of this measure is to indefinitely extend the deadline for the Hawaii Housing Finance and Development Corporation to renegotiate an existing, or issue a new, ground lease for the Front Street Apartments affordable housing project in Lahaina, Maui, before the initiation of condemnation proceedings.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and one member of the Maui County Council. Your Committee received testimony in opposition to this measure from one member of the Maui County Council, Hawaii Appleseed, and Lawyers for Equal Justice. Your Committee received comments on this measure from the Ahe Group and Affordable Housing and Economic Development Foundation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2667, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 1883-22 Finance on S.B. No. 2812**

The purpose of this measure is to:

- (1) Require counties or issuers that retain their allocation of the annual state ceiling to submit quarterly reports to the Department of Budget and Finance on the status or use of their portion of the allocation;
- (2) Prohibit the authorization of any special purpose revenue bonds that require an allocation of the annual state ceiling after June 30, 2022, and before December 31, 2028, unless requested by the Governor and approved by the Legislature; and
- (3) Require any allocation of the annual state ceiling to a county with a population of over five hundred thousand during that same time frame to be used only for rental housing projects that are eligible for the Low-Income Housing Tax Credit.

Your Committee received testimony in support of this measure from Catholic Charities Hawai'i. Your Committee received testimony in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2812, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Marten). Noes, none. Excused, none.

#### **SCRep. 1884-22 Finance on S.B. No. 2196**

The purpose of this measure is to:

- (1) After January 1, 2023, prohibit the issuance of a building permit for any new multi-family residential building that has ten or more parking stalls, unless the building's parking stalls are electric vehicle charger ready; and
- (2) Require cooperative housing corporations, homeowners associations, planned community associations, and condominium associations to develop plans to incorporate electric vehicle charging systems onto any of its residential properties that are newly constructed after January 1, 2023.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office, Palehua Townhouse Association, Ulupono Initiative, Climate Protectors Hawai'i, Pearl City Neighborhood Board No. 21, Recycle Hawaii and Clean the Pacific, Big Island EV Association, American Lung Association in Hawaii, Alliance for Automotive Innovation, Environmental Caucus of the Democratic Party of Hawai'i, and eighteen individuals. Your Committee received testimony in opposition to this measure from the Community Associations Institute and Building Industry Association of Hawaii. Your Committee received comments on this measure from the Hawaii Electric Vehicle Association, 350Hawaii.org, Tesla, Hawaiian Electric Company, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2196, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Branco, Holt, B. Kobayashi, Sayama, Tam, Todd). Noes, 1 (McDermott). Excused, none.

**SCRep. 1885-22 Finance on S.B. No. 2474**

The purpose of this measure is to require the Public Utilities Commission to establish reliability standards and interconnection requirements for renewable energy projects and community-based renewable energy projects.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i. Your Committee received testimony in opposition to this measure from the Hawaiian Electric Company, Inc. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Hawaii Clean Power Alliance, and Kalama'ula Mauka Homestead Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2474, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1886-22 Finance on S.B. No. 2483**

The purpose of this measure is to require the Hawaii Natural Energy Institute to evaluate the benefits and costs of dispatching renewable energy resources considering the context of ongoing state energy planning efforts.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Hawaiian Electric Company. Your Committee received comments on this measure from the Hawaii State Energy Office, Hawai'i Natural Energy Institute of the University of Hawai'i at Mānoa, Hawaii Clean Power Alliance, and six individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2483, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1887-22 Finance on S.B. No. 2570**

The purpose of this measure is to:

- (1) Establish the Zero-Emission Vehicle Fueling System Rebate Program;
- (2) Establish the rebate amount for the installation or upgrade of a hydrogen fueling system;
- (3) Establish a hydrogen fueling system subaccount within the Public Utilities Commission Special Fund; and
- (4) Reduce the allocation that the Energy Systems Development Special Fund receives from the Environmental Response, Energy, and Food Security Tax from 8 cents to 5 cents and allocate the difference to the hydrogen fueling system subaccount.

Your Committee received testimony in support of this measure from the Hawaii Hydrogen Alliance, Hawai'i Gas, Hawai'i Energy, and one individual. Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Transportation, Public Utilities Commission, Hawaii State Energy Office, Hawai'i Natural Energy Institute, Ulupono Initiative, Servco, Hawaii Electric Vehicle Association, Alliance for Automotive Innovation, and Aloha Charge.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2570, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1888-22 Finance on S.B. No. 2998**

The purpose of this measure is to require the Department of Health to develop a risk-based selection process to select reports submitted by certain beverage distributors and redemption centers for audit.

Your Committee received testimony in support of this measure from the Department of Health and American Beverage Association. Your Committee received testimony in opposition to this measure from the Hawaii Liquor Wholesalers Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2998, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1889-22 Finance on S.B. No. 3325**

The purpose of this measure is to:

- (1) Establish the Hawaii Carbon Smart Land Management Assistance Pilot Program to incentivize carbon sequestration activities through incentive contracts that provide compensation for eligible practices;
- (2) Repeal the Carbon Offset Program; and
- (3) Appropriate funds for staff positions and assistance with the Pilot Program.

Your Committee received testimony in support of this measure from the Kauai Women's Caucus, Climate Protectors Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, The Nature Conservancy – Hawai'i and Palmyra, Hawai'i Farm Bureau, Hawai'i Alliance for Progressive Action, 350Hawaii.org, and numerous individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on

this measure from the Department of Land and Natural Resources; Department of Budget and Finance; Department of Agriculture; Office of Planning and Sustainable Development; Hawaii Cattlemen's Council, Inc.; and Hawai'i Gas.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3325, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 1890-22 Consumer Protection & Commerce on S.B. No. 2877**

The purpose of this measure is to regulate the process for application screening fees for dwellings made available for rent under the Residential Landlord-Tenant Code.

Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Commerce and Consumer Affairs, Department of Human Services, St. Michael the Archangel Church, Catholic Charities Hawai'i, and Hawai'i Health & Harm Reduction Center.

Your Committee finds that rental units serve a vital role in ensuring residents of the State have housing. However, under existing law, prospective tenants are not protected from and are susceptible to being assessed excessively large application fees. These application fees can range from \$50 to \$100, although the actual cost of performing any of the necessary background or credit checks on a prospective tenant ranges from \$10 to \$25. This measure will curb this unscrupulous practice by requiring unused application fees to be returned to applicants.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2877, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Onishi). Noes, none. Excused, 3 (Har, Hashem, Kong).

#### **SCRep. 1891-22 Consumer Protection & Commerce on S.B. No. 2382**

The purpose of this measure is to prohibit the issuance of cabaret licenses to any premises located within an apartment mixed use subprecinct within a special improvement or special district in which the economy is primarily based on tourism.

Your Committee received testimony in support of this measure from ten individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that certain freestanding liquor establishments holding a class 11 cabaret license have created public safety issues for residents and visitors. Cabarets located in resort areas are allowed to operate until 4:00 a.m. everyday. These long hours of operation often result in increased criminal activity in the area, including assaults, attacks, and robberies. This measure minimizes the risk posed by cabarets by prohibiting their establishment within an apartment mixed use subprecinct within a special improvement or special district in which the economy is primarily based on tourism.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2382, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Har, Hashem, Kong).

#### **SCRep. 1892-22 Judiciary & Hawaiian Affairs on S.B. No. 2202**

The purpose of this measure is to designate the month of April of each year as Volunteer Month in Hawaii.

Your Committee received testimony in support of this measure from Kanu Hawaii and three individuals.

Your Committee finds that volunteerism is a vital and valuable service for a functioning society. Volunteers have been especially essential during the coronavirus disease 2019 pandemic, having volunteered their time and skills to administer vaccines and provide food, water, and other necessities. This measure is intended to honor volunteers in the community and encourage participation in service projects throughout the month of April.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2202, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1893-22 Judiciary & Hawaiian Affairs on S.B. No. 3038**

The purpose of this measure is to allow each member of the Information Privacy and Security Council to designate a person from that member's agency to attend meetings and act on the member's behalf in order to ensure quorum at meetings.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology Services.

Your Committee finds that it is often difficult for the Information Privacy and Security Council to establish quorum due to the competing work priorities and obligations of its members. Your Committee believes that it is in the best interest of the public to allow each member of the Council to appoint a designee to attend meetings and act on the member's behalf, including for voting purposes, when the member is unable to attend a meeting.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3038 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1894-22 Judiciary & Hawaiian Affairs on S.B. No. 3219**

The purpose of this measure is to provide that the mandatory disclosure of the names of persons who are physically present with a board member attending a remote board meeting at a nonpublic location applies only to the disclosure of the names of adults, and not minors, unless the minor has a private interest with any issue before the board.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority, one member of the Maui County Council, and one

individual. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that Act 220, Session Laws of Hawaii 2021 (Act 220), allows boards subject to the State's Sunshine Law the option to use interactive conference technology to conduct remote meetings. Your Committee further finds that Act 220 requires a board member participating from a nonpublic location to identify those who are also present in that same location. Your Committee notes that board members may have their minor children present with them during a virtual board or committee meeting. Your Committee believes that, barring specific circumstances as provided by law, children's privacy rights supersede the public's right to disclosure of all the individuals who are present with a board member in a virtual meeting.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3219, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1895-22 Judiciary & Hawaiian Affairs on S.B. No. 3078**

The purpose of this measure is to amend the law regarding advance warning of excavations (One Call law) to improve consumer protection, including:

- (1) Narrowing the exemption from the requirements of the One Call law for excavations performed on certain residential property to only those excavations performed less than twelve inches in the ground;
- (2) Clarifying that locators are subject to the requirements of the One Call law; and
- (3) Specifying the situations in which persons have a duty to notify emergency services and operators of hazards and minimize the hazards.

Your Committee received testimony in support of this measure from the Public Utilities Commission.

Your Committee finds that the amendments proposed by this measure will help reduce risks to homeowners, residential communities, and those involved in performing excavation work.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3078, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 1896-22 Judiciary & Hawaiian Affairs on S.B. No. 1211**

The purpose of this measure is to avoid a conflict with federal law by repealing the exemption for certain vehicles used by farmers from the Motor Carrier Safety Law.

Your Committee received testimony in support of this measure from the Department of Transportation and Hawai'i Farm Bureau.

Your Committee finds that the federal Moving Ahead for Progress in the 21st Century Act, P.L. 112-141, allows the withholding of federal funds to states that fail to adopt the covered farm vehicle exemption under various classes of laws regarding motor vehicles. Your Committee further finds that the Department of Transportation adopted the federal exemption through administrative rules. However, the existing statutory exemption for vehicles used by farmers conflicts with the federal exemption. As a result of this conflict, the State risks losing federal funds that provide assistance to the State in carrying out its commercial motor vehicle safety program. This measure repeals the existing statutory exemption for vehicles used by farmers, which removes the conflict with federal law.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1211, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (D. Kobayashi, Tokioka).

#### **SCRep. 1897-22 Judiciary & Hawaiian Affairs on S.B. No. 3140**

The purpose of this measure is to:

- (1) Require the holder of a controlled substances registration to immediately and verbally report to the Administrator of the Narcotics Enforcement Division of the Department of Public Safety any suspected theft, embezzlement, fraud, or diversion of a controlled substance in the holder's inventory, and to subsequently submit a written report; and
- (2) Establish a misdemeanor penalty for a person who knowingly prevents another from reporting any suspected theft, embezzlement, fraud, or diversion, or who knowingly fails to provide required information to the Administrator.

Your Committee received testimony in support of this measure from the Department of Public Safety.

Your Committee finds that the theft, embezzlement, fraud, and diversion of controlled substances are serious incidents that pose substantial risks to public health and safety. Your Committee further finds that for various reasons, suspected incidents are not being reported in a timely manner to the Department of Public Safety, which makes it substantially more difficult for the Department to enforce the Uniform Controlled Substances Act. This measure assists the Department in its enforcement efforts by imposing a duty to report on registrants in the event there is a suspected theft, embezzlement, fraud, or diversion of controlled substances.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3140, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (D. Kobayashi, Tokioka).

#### **SCRep. 1898-22 Judiciary & Hawaiian Affairs on S.B. No. 2305**

The purpose of this measure is to clarify that the Hawaii Correctional System Oversight Commission must ensure that the comprehensive offender reentry system is working properly to provide programs and services that result in the timely release of inmates on parole when the minimum term, rather than the maximum term, has been served by the inmate.

Your Committee received testimony in support of this measure from the Department of Public Safety, Community Alliance on Prisons, Hawaii Substance

Abuse Coalition, Common Cause Hawaii, American Civil Liberties Union of Hawai'i, Clean the Pacific and Recycle Hawaii, and seven individuals.

Your Committee finds that the development and implementation of comprehensive reentry plans for inmates are critical to their success when transitioning to life after incarceration. This measure corrects an error that inadvertently provided that individuals must serve their maximum terms versus their minimum terms before being released on parole.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2305 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (D. Kobayashi, Tokioka).

#### **SCRep. 1899-22 Judiciary & Hawaiian Affairs on S.B. No. 2137**

The purpose of this measure is to require the Department of Health and pertinent county agencies to work together to resolve problems and complaints regarding clean and sober homes.

Your Committee received testimony in support of this measure from the Department of Health and Hawaii Substance Abuse Coalition. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that clean and sober homes are a critical strategy in assisting a person's recovery from substance use disorder. The transition from active addiction into lasting recovery is often difficult and emotionally trying for many with substance use disorder. Clean and sober homes provide a stable independent environment and living conditions that are free of alcohol and drugs to support and sustain the recovery process.

Your Committee further finds that surrounding communities have been frustrated with the poor performance of some clean and sober homes. This measure balances the need for continuing the operations of clean and sober homes to provide the necessary assistance and services to persons with substance use disorder, while ensuring that community concerns are addressed.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2137, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (D. Kobayashi, Tokioka).

#### **SCRep. 1900-22 Consumer Protection & Commerce on S.B. No. 3272**

The purpose of this measure is to require the Director of Transportation to adopt rules to require tour aircraft operators to report details of each flight taken by the tour aircraft operation on a monthly basis.

Your Committee received testimony in support of this measure from the Department of Transportation, O'ahu Tour Helicopter Safety and Noise Inter-Action Group, and eleven individuals. Your Committee received testimony in opposition to this measure from Jack Harter Helicopters and Paradise Helicopters.

Your Committee finds that, while there have been several efforts to address the excessive noise and safety hazards posed by tour helicopters and small aircrafts operating in the State, community concerns over excessive noise and safety hazards continue to grow. This measure will assist the Department of Transportation in its monitoring of tour aircraft operators to determine their compliance with federal and state laws.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3272, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3272, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Har, Hashem, Kong).

#### **SCRep. 1901-22 Consumer Protection & Commerce on S.B. No. 2679**

The purpose of this measure is to extend the driver's license renewal period from two years to four years for licensees who are seventy-two years of age or older but younger than eighty years of age.

Your Committee received testimony in support of this measure from the Department of Transportation, Executive Office on Aging, AARP Hawai'i, and eleven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that existing law establishes different driver's license renewal periods based on the age of the license holder. Specifically, drivers seventy-two years of age and older are required to renew their licenses every two years. However, the Department of Transportation has found no local data to indicate that drivers seventy years of age or older are at higher risk of causing or being involved in motor vehicle collisions.

Your Committee also finds that only twenty-one United States jurisdictions have shorter driver's license renewal periods based on the age of the driver. Furthermore, those jurisdictions that have different renewal periods based on age are generally longer than four years. This measure will extend the driver's license renewal period from two years to four years for licensees who are seventy-two years of age or older but younger than eighty years of age.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2679, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2679, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Har, Hashem, Kong).

**SCRep. 1902-22 Consumer Protection & Commerce on S.B. No. 449**

The purpose of this measure is to require:

- (1) Property owners of residential real property to disclose, as part of the mandatory seller disclosures in real estate transactions, whether the installed smoke alarm in the residential real property is in accordance with existing building or residential codes based on information provided by the State Fire Council; and
- (2) The State Fire Council to create and maintain an informational guide on approved smoke alarms that are in accordance with existing state or county building or residential codes and post the informational guide on the State Fire Council's website and each county fire department's website.

Your Committee received testimony in support of this measure from the State Fire Council, Maui Fire Department, and Honolulu Fire Department. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS.

Your Committee finds that smoke alarms, when properly installed and maintained, provide early warning of a potentially deadly fire and can reduce the risk of dying from a fire and extensive property damage. This measure will ensure buyers have important safety information regarding their potential home purchases and may increase the likelihood that smoke alarms will be updated prior to a sale of residential property.

Your Committee has amended this measure by:

- (1) Inserting a definition for "smoke alarm"; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 449, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 449, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Har, Hashem, Kong).

**SCRep. 1903-22 Consumer Protection & Commerce on S.B. No. 3284**

The purpose of this measure is to establish a Technology Services Consolidation Working Group to:

- (1) Develop a plan for the phased consolidation of all state Executive Branch information technology services and staff within five years, except those of the Department of Education, Hawaii Health Systems Corporation, University of Hawaii, and Office of Hawaiian Affairs, under the Office of Enterprise Technology Services; and
- (2) Recommend ways to attract high-quality information technology professionals to Hawaii.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology Services and Transform Hawai'i Government. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Budget and Finance, and Department of Transportation.

Your Committee finds that information technology services are used in each department to fulfill their duties and responsibilities. Your Committee further finds that the State may benefit from the consolidation of information technology services to gain economies of scale and provide for a more efficient and secure use of technology and information management. The Office of Enterprise Technology Services has already successfully consolidated many information technology services, such as Microsoft 365 for email, file sharing, and online meetings and Adobe eSign for document management, workflow, and electronic signatures. This measure will promote further consolidation of information technology services to benefit the State through the establishment of a Technology Services Consolidation Working Group.

Your Committee notes that it is your Committee's expectation that information technology personnel will still be necessary in each department for purposes of providing technical assistance or other functions after the completion of any proposed phased consolidation.

Your Committee has amended this measure by:

- (1) Clarifying that the consolidation of information technology services only applies to those services in which the consolidation is determined to be practicable and feasible by the Technology Services Consolidation Working Group; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3284, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3284, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Har, Hashem, Kong).

**SCRep. 1904-22 Consumer Protection & Commerce on S.B. No. 2798**

The purpose of this measure is to:

- (1) Authorize the Hawaii Board of Veterinary Medicine to grant temporary courtesy permits and relief permits for out-of-state veterinarians;
- (2) Specify the conditions under which licensed veterinarians may practice veterinary telemedicine;
- (3) Clarify when persons licensed to practice veterinary medicine in other jurisdictions may practice in the State; and
- (4) Authorize international veterinary school graduates to qualify for the licensure examination.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii Board of Veterinary Medicine, Hawaiian Humane Society, Neighborhood Cats, Kaua'i Humane Society, Humane Society Veterinary Medical Association, Hawaii Veterinary Medical Association, Cat People of Oahu, Hui Pono Holoholona, and numerous individuals.

Your Committee finds that there is a shortage of veterinarian specialists and practitioners in the State, which has made it exceedingly difficult for animal welfare organizations and veterinary practices to fill vacant positions. This has prevented veterinary emergency hospitals from operating on an around-the-clock basis and has limited the availability of general and specialty veterinary care throughout Hawaii. As a result, owners and their pets may experience delays in care as long as several months.

Your Committee further finds that, in 2020, the practice of an out-of-state veterinarian working under the sponsorship of an in-state veterinarian was invalidated by the Board of Veterinary Medicine. While this practice was commonly employed for many years by nonprofit organizations to meet their acute needs, this practice was determined to have rested on an incorrect interpretation of the law. This measure is the result of a collaborative effort to authorize various avenues for out-of-state veterinarians to fill the gaps in the State's veterinary needs.

Your Committee has amended this measure by:

- (1) Clarifying that the sponsor responsibilities are applicable to the veterinary medicine laws and rules adopted thereunder, rather than solely applicable to the courtesy and relief permits;
- (2) Specifying that applications fees are nonrefundable;
- (3) Requiring the Director of Commerce and Consumer Affairs to establish all necessary fees by rule;
- (4) Specifying that the courtesy permits and relief permits shall take effect on July 1, 2023;
- (5) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2798, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2798, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Har, Hashem, Kong).

#### **SCRep. 1905-22 Consumer Protection & Commerce on S.B. No. 2986**

The purpose of this measure is to:

- (1) Eliminate or relax certain regulations of commercial hemp production and prohibit the State from requiring inspections or sampling of, or issuing violations or penalties to, hemp producers licensed by the United States Department of Agriculture that are following the United States Department of Agriculture's rules and protocols;
- (2) Amend the conditions under which licensed hemp producers may transport hemp within the State to be processed or to other grow areas;
- (3) Allow licensed hemp producers to sell hemp biomass directly to consumers via online platforms;
- (4) Require the identity statement used for labeling or advertising any hemp product to identify the percentage of Hawaii grown or processed hemp products in all hemp products and, if those products are not from Hawaii, the origin of any hemp product;
- (5) Exempt certain producers of hemp from the requirement that they register with the Department of Health as hemp processors; and
- (6) Extend the sunset date of Act 14, Session Laws of Hawaii 2020, which establishes the state hemp processors and commercial hemp production laws.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Aina Ho'okupu o Kilauea, 'Ai Pohaku, Hawai'i Farmers Union United, South Maui Gardens, Hawai'i Hemp Farmers Association, Hawaii Hemp Farmers Center, Hawai'i Sustainable Farms, Hawaii Royal Hemp, Maui Venture Consulting LLC, and twelve individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, Plumeria Plantation Ag Enterprise LLC, Omaopio Piliwale Ohana, and four individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Health, and one individual.

Your Committee finds that Act 14, Session Laws of Hawaii 2020 (Act 14), established a regulatory framework for the Department of Agriculture to monitor and regulate the cultivation and processing of hemp. However, the hemp industry in the State remains in a nascent stage largely due to overly burdensome regulations established under Act 14. This measure is an attempt to strike a balance between ensuring consumer protection and public safety, while also allowing the hemp industry in the State to operate without unnecessary burdens.

Your Committee has amended this measure by:

- (1) Reinstating the statutory requirement that any transportation of hemp within the State be authorized by the Department of Agriculture;
- (2) Reinstating the statutory language subjecting violations of the commercial hemp production statute or any rules adopted thereunder to a fine of no more than \$10,000, rather than limiting the fine to only persons who grow hemp without a United States Department of Agriculture license;
- (3) Deleting language that:
  - (A) Prohibited the State from conducting inspections or sampling;
  - (B) Prohibited the State from issuing violations or penalties to hemp producers licensed by the United States Department of Agriculture that are following United States Department of Agriculture rules and protocols; and
  - (C) Exempted certain hemp processors from the Department of Health registration requirement;
- (4) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2986, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2986, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Har, Hashem, Kong).

#### **SCRep. 1906-22 Consumer Protection & Commerce on S.B. No. 2600**

The purpose of this measure is to:

- (1) Beginning July 1, 2022, prohibit the Department of Health from issuing permits for new large capacity underground storage tank systems located mauka of the underground injection control line; and

- (2) Beginning January 1, 2023, prohibit the operation of, and renewal of permits for, all large capacity underground storage tank systems located mauka of the underground injection control line.

Your Committee received testimony in support of this measure from the Department of Health, Department of Land and Natural Resources, Honolulu Board of Water Supply, Hawai'i Alliance for Community-Based Economic Development, 350Hawaii.org, Hawai'i Alliance for Progressive Action, Hawaii's Thousand Friends, Sierra Club of Hawai'i, Livable Hawaii Kai Hui, and five individuals.

Your Committee finds that water is a finite and irreplaceable resource that is fundamental to human well-being and is only renewable if well managed. Your Committee further finds that access to clean and safe drinking water is vital for the State's climate resilience and sustainability. One of the most significant threats to the State's drinking water is large capacity underground storage tank systems and their related plumbing components leaking and contaminating potable drinking water aquifers. This measure reduces the risks posed by large capacity underground storage tank systems to the State's drinking water by phasing out permits for and operations of these systems.

Your Committee has amended this measure by:

- (1) Clarifying that the applicable underground injection control program maps are those established by the Department of Health pursuant to the State Drinking Water Regulations; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2600, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2600, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Mizuno).

#### **SCRep. 1907-22 Consumer Protection & Commerce on S.B. No. 2017**

The purpose of this measure is to repeal existing law that limits licensure as an Emergency Medical Technician 1 to individuals whose practice is performed in a county with a population of five hundred thousand or greater.

Your Committee received testimony in support of this measure from the State Fire Council, Hawaii Medical Board, Maui Fire Department, and Honolulu Fire Department.

Your Committee finds that the purpose of Act 119, Session Laws of Hawaii 2021 (Act 119), was to establish a licensure category for emergency medical technicians who only have a National Registry Emergency Medical Technician certification. These emergency medical technicians provide life-saving care with minimal equipment to critical care patients. However, Act 119 limited the new licensure category only to counties with a population of 500,000 or greater, which excluded persons who meet the criteria for licensure in counties with a smaller population. This measure will allow persons who meet the criteria for licensure in such counties to be properly licensed by the Hawaii Medical Board by eliminating the geographic restriction.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2017, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2017, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Mizuno).

#### **SCRep. 1908-22 Consumer Protection & Commerce on S.B. No. 2281**

The purpose of this measure is to:

- (1) Establish interim licensure requirements for school psychologists and require all school psychologists to obtain an interim license from the Board of Psychology by January 1, 2023;
- (2) Amend the composition of the Board of Psychology to include two school psychologists; and
- (3) Require the Board of Psychology and Department of Education to develop a permanent licensing scheme for school psychologists and submit a report to the Legislature prior to the Regular Session of 2023.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board; Hawaii State Teachers Association; Hui for Excellence in Education; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Association of School Psychologists; Hawai'i Psychological Association; and fifteen individuals. Your Committee received testimony in opposition to this measure from the Board of Psychology and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Department of Education.

Your Committee finds that school psychologists provide effective services to help children and youth with their social-emotional learning needs and can work with parents, educators, and other professionals to create supportive learning and social environments for all children.

Your Committee notes that, in general, the licensure of psychologists in the State has had a complex and complicated history. Your Committee also notes that the licensure of a particular specialty is not typical. Your Committee further notes that, of the forty-nine states that regulate school psychologists, forty-one states conduct the regulation through an educational body or agency, rather than an agency comparable to the Department of Commerce and Consumer Affairs. As such, further consideration must be given to determine whether school psychologists should be regulated and, if so, the appropriate form of any such regulation.

Your Committee has amended this measure by:

- (1) Deleting the provisions that:
  - (A) Established a licensure framework for school psychologists;
  - (B) Amended the composition of the Board of Psychology; and
  - (C) Required the Board of Psychology and Department of Education to develop a permanent licensing scheme for school psychologists;
- (2) Requiring the Auditor to conduct an analysis on:

- (A) The probable effects of the H.D. 1 version of this measure and assess whether the enactment of the H.D. 1 version would be consistent with the policies stated in the Hawaii Regulatory Licensing Reform Act;
- (B) The issues entailed in the definition of school psychologist, description of services delivered by a school psychologist, and mandatory advisement to the Board of Psychology from a private organization; and
- (C) Any alternative forms of regulation, as appropriate;
- (3) Requiring the Auditor to submit a report of the analysis and any recommendations to the Legislature prior to the 2024 Regular Session; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2281, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2281, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Mizuno).

#### **SCRep. 1909-22 Consumer Protection & Commerce on S.B. No. 2384**

The purpose of this measure is to:

- (1) Amend the procurement preference for Hawaii products to only apply to agricultural goods, value-added products, and commodities; and
- (2) Require the Department of Accounting and General Services to provide written notice to offerors listed on the Hawaii products list regarding any amendments to the list, including effective dates and dates of repeal.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, University of Hawai'i System, Department of Budget and Fiscal Services of the City and County of Honolulu, Ulupono Initiative, Hawai'i Farm Bureau, and Hawaii Food+ Policy. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that the Hawaii products preference in the Hawaii Public Procurement Code was established to encourage the use of Hawaii products by bidders to support local industries. Your Committee further finds that bid preferences require additional time and resources to review and analyze, complicate and further delay the procurement process, increase chances for protest and complaints, and increase the costs. Eliminating the Hawaii product preference as it applies to public works construction will improve government efficiency in this area of procurement. This measure therefore narrows the scope of the Hawaii products preference to apply only to agricultural goods, value-added products, and commodities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2384, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2384, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Aquino, Mizuno).

#### **SCRep. 1910-22 Judiciary & Hawaiian Affairs on S.B. No. 665**

The purpose of this measure is to:

- (1) Make intentionally providing false information concerning the name or address of a person paying for a campaign advertisement a class C felony;
- (2) Authorize criminal prosecution for campaign finance law violations in addition to administrative fines;
- (3) Increase from four years to ten years the period during which a person convicted for a criminal violation of campaign finance law is disqualified from holding elective office; and
- (4) Authorize the Attorney General or prosecuting attorney to commence prosecution for campaign finance law violations.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, League of Women Voters of Hawaii, and one individual. Your Committee received comments on this measure from Common Cause Hawaii.

Your Committee finds that this measure will promote greater accountability within the election system by increasing the penalties for, and removing barriers to criminal prosecution of, campaign finance law violations.

Your Committee has amended this measure by:

- (1) Clarifying the interaction between certain provisions regarding criminal prosecutions under the campaign finance laws and the new class C felony offense for intentionally providing false information concerning the name or address of a person paying for a campaign advertisement; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 665, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 665, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1911-22 Judiciary & Hawaiian Affairs on S.B. No. 2383**

The purpose of this measure is to:

- (1) Require the Governor, President of the Senate, and Speaker of the House of Representatives to each appoint two members to the State Procurement Policy Board;
- (2) Clarify the experience requirements for members of the State Procurement Policy Board; and
- (3) Repeal the State Procurement Policy Board nominating committee.

Your Committee received testimony in support of this measure from the General Contractors Association of Hawaii. Your Committee received comments on this measure from the State Procurement Office, Honolulu Authority for Rapid Transportation, and Department of Budget and Fiscal Services of the City and County of Honolulu.

Your Committee finds that the State Procurement Policy Board has not held a meeting in nearly three years due to attrition, a lack of applicants for vacancies, and the inability to meet quorum. By the end of the 2022 Regular Session, the only member of the seven-member State Procurement Policy Board will be the Comptroller. This measure restructures the State Procurement Policy Board to address the issue of vacancies on the Board and enable it to fulfill its duties.

Your Committee has amended this measure by:

- (1) Decreasing the number of members on the State Procurement Policy Board from seven to five;
- (2) Amending the appointment and experience requirements for members of the State Procurement Policy Board;
- (3) Subjecting the members of the State Procurement Policy Board to requirements applicable to boards and commissions generally; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2383, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2383, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1912-22 Judiciary & Hawaiian Affairs on S.B. No. 3172**

The purpose of this measure is to:

- (1) Require that, in addition to written minutes, any electronic audio or video recording of a board meeting be kept as a public record, but only one version of any recording must be kept; and
- (2) Remove the requirement that a written summary accompany any minutes that are posted in a digital or analog recording format.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Civil Beat Law Center for the Public Interest, Common Cause Hawaii, League of Women Voters of Hawaii, The Outdoor Circle, and seven individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Office of Information Practices.

Your Committee finds that Act 64, Session Laws of Hawaii 2017, authorized recordings accompanied by written summaries as an alternative to written minutes of board meetings. However, there have been instances where the recording provides little information to the public in understanding the context of discussions, such as disorganized, garbled conversations or poor audio. This measure promotes public transparency by removing the authorization to use recordings as substitutes for written minutes.

Your Committee has amended this measure by:

- (1) Deleting language that would have required any electronic audio or video recording of a board meeting to be kept as a public record; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that record retention can be expensive for the State and counties. Your Committee believes that the Legislature should determine which board records should be kept in perpetuity or destroyed.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3172, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3172, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (LoPresti, Nakamura, Tokioka). Noes, none. Excused, none.

#### **SCRep. 1913-22 Judiciary & Hawaiian Affairs on S.B. No. 3223**

The purpose of this measure is to impose a penalty on both the person and firm upon finding certain violations governing wages and hours of employees on public work projects.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Hawai'i State AFL-CIO; Pride at Work – Hawai'i; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Nurses' Association-OPEIU Local 50; United Public Workers, AFSCME Local 646, AFL-CIO; and Operating Engineers Local Union No. 3. Your Committee received testimony in opposition to this measure from the General Contractors Association of Hawaii.

Your Committee finds that when firms violate the Wages and Hours of Employees on Public Works Law, these actions not only harm the employees who perform their duties, but also detract from the intent of the law, which is to protect the standards of workers on state and county public works construction projects and ensure the payment of prevailing wages and overtime to laborers and mechanics working on projects. This measure would impose progressively increasing penalties on both the person and the firm for repeat violations of the state law, thereby ensuring compliance with the law.

Your Committee has amended this measure by:

- (1) Clarifying that no contract shall be awarded to a person and firm, or to any firm, corporation, partnership, or association in which the person or firm has an interest, whose suspension is extended beyond three years; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes the concerns raised by the General Contractors Association of Hawaii and is aware of ongoing negotiations between the stakeholders to address those concerns. In the spirit of compromise, your Committee is moving this measure forward to allow these negotiations to continue. However, your Committee notes that should your Committee on Conference further deliberate on this measure, that your Committee on Conference examine those concerns.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3223, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3223, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1914-22 Judiciary & Hawaiian Affairs on S.B. No. 2002**

The purpose of this measure is to:

- (1) Define "assistance animal" in the context of existing state law that prohibits discrimination in real property transactions;
- (2) Codify the administrative process that allows an owner or other person engaging in a real estate transaction to request that a person claiming a disability provide verification to establish the disability-related need for a specific assistance animal as a reasonable accommodation; and
- (3) Specify that the possession of a vest or other distinguishing animal garment, tag, or registration document that is commonly purchased online and purports to identify an animal as a service animal or assistance animal does not constitute valid verification.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Disability and Communication Access Board, Community Associations Institute Legislative Action Committee, Associa, and Hawai'i Association of REALTORS.

Your Committee finds that persons with disabilities who request reasonable accommodations, including the use of an assistance animal, should be provided equal opportunity to use and enjoy housing accommodations. Your Committee finds that the requirements imposed by this measure strike an appropriate balance between the needs of both parties to a real estate transaction.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2002, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2002, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1915-22 Judiciary & Hawaiian Affairs on S.B. No. 2059**

The purpose of this measure is to designate 'ōhi'a lehua as the state endemic tree.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii State Aha Moku, Aloha Arborist Association, Landscape Industry Council of Hawaii, Coordinating Group on Alien Pest Species, Carol Kwan Consulting LLC, Wild Kids, and numerous individuals.

Your Committee finds that the 'ōhi'a lehua is an endemic plant species in Hawaii with unique cultural, ecological, and economic importance. Your Committee further finds that 'ōhi'a lehua are under increasing threat from environmental pressures such as climate change, invasive species, and a fungal pathogen called rapid 'ōhi'a death, which has killed over one million 'ōhi'a lehua trees on the island of Hawaii alone. Designating 'ōhi'a lehua as the official state endemic tree recognizes the importance of the plant species to the State, which will hopefully lead to effective conservation and growth of healthy 'ōhi'a lehua forests across the Hawaiian islands.

Your Committee has amended this measure by:

- (1) Deleting language that made the 'ōhi'a lehua the state endemic tree effective so long as the Legislature does not otherwise provide; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2059, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2059, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1916-22 Judiciary & Hawaiian Affairs on S.B. No. 2118**

The purpose of this measure is to require the driver of a moped to be in immediate possession of a valid driver's license or instruction permit at all times.

Your Committee received testimony in support of this measure from the Department of Transportation and Honolulu Police Department.

Your Committee finds that this measure addresses any confusion or conflict regarding the license possession requirements for moped operators under existing laws and ensures that a person operating a moped is duly licensed by the examiner of drivers.

Your Committee has amended this measure by changing the effective date to January 1, 2022, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2118, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2118, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1917-22 Judiciary & Hawaiian Affairs on S.B. No. 2008**

The purpose of this measure is to:

- (1) Clarify that the State and counties shall not be held jointly and severally liable for acts or omissions of the State or county that occurred before the condemnation of a highway or trail; and
- (2) Allow the State and counties to utilize flexibility in highway design for any condemned highway or trail.

Your Committee received testimony in support of this measure from the Department of Transportation, two members of the Honolulu City Council, one member of Maui County Council, Hawaii Association for Justice, and three individuals.

Your Committee finds that relieving the State and counties of liability for condemned highways and trails significantly reduces the risk when condemning private highways and trails that may not have been well maintained. Your Committee also finds that providing the State and counties with flexibility in the design of condemned private highways and trails will further facilitate the condemnation, maintenance, and improvement of private highways and trails that are in disrepair.

Your Committee has amended this measure by:

- (1) Amending the liability provision to provide that the State and counties may only be held jointly and severally liable for acts or omissions that occurred after the condemnation of a highway or trail;
- (2) Deleting language that allowed the State and counties to utilize flexibility in highway design for any condemned trail; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2008, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2008, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1918-22 Judiciary & Hawaiian Affairs on S.B. No. 2869**

The purpose of this measure is to allow a spouse or former spouse to enforce an order for spousal support or maintenance under the State's attachment and execution, garnishment, or garnishment of government benefits laws, rather than through an assignment made to the clerk of the family court on income due or future income.

Your Committee received testimony in support of this measure from the Health Committee of the Democratic Party of Hawai'i and one individual.

Your Committee finds that this measure will make it easier and faster for spouses and former spouses to receive court-ordered spousal support or maintenance.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2869, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2869, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1919-22 Judiciary & Hawaiian Affairs on S.B. No. 2065**

The purpose of this measure is to prohibit the possession or use on, in, or near state marine waters of unmanned aerial vehicles for the purpose of taking aquatic life, except under the terms and conditions of a permit first obtained by the user from the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii State Aha Moku, Malama Pūpūkea-Waimea, and one individual. Your Committee received testimony in opposition to this measure from three individuals.

Your Committee finds that unmanned aerial vehicles, commonly known as drones, enable shore fishers to deploy baited hooks farther offshore and more efficiently than traditional shore fishing methods. This has resulted in increased interactions with protected species, such as monk seals and turtles, and offshore ocean users. By regulating the possession and use of unmanned aerial vehicles on, in, or near state marine waters for fishing, this measure ensures that unmanned aerial vehicles are used in a safe and responsible manner.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that there are concerns that this measure does not establish the permitting process, including the fee, for persons to possess or use unmanned aerial vehicles for the purpose of taking aquatic life. Further reflection on that concern may be warranted as this measure proceeds through the legislative process.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2065, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2065, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (LoPresti, McKelvey, Ward). Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 1920-22 Judiciary & Hawaiian Affairs on S.B. No. 3377**

The purpose of this measure is to:

- (1) Prohibit persons from presetting commercial beach equipment on any public beach under the jurisdiction of the Department of Land and Natural Resources unless the customer is physically present for the immediate use of the commercial beach equipment; and
- (2) Require commercial vendors to expeditiously remove the commercial beach equipment after the customer has finished using it.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Tourism Authority, and two individuals. Your Committee received testimony in opposition to this measure from Aloha Beach Services. Your Committee received comments on this measure from Waikiki Beach Services, LLC.

Your Committee finds that the lack of a clear definition of "presetting" has allowed issues related to the presetting of commercial beach equipment on public beaches to persist. The Department of Land and Natural Resources has received numerous complaints about the presetting of equipment on Waikiki Beach and dedicated a substantial amount of time to advising commercial operators that presetting is not allowed. The Department's Division of Conservation and Resources Enforcement officers also issued citations to commercial operators who preset equipment; however, those violations were dismissed in court based

on the concessionaire's argument that customers had prior reservations and the equipment was merely being set up in advance of their arrival. This measure will help the Department better address complaints regarding presetting.

Your Committee has amended this measure by changing all references to the term "person" to the term "commercial vendor".

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3377, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3377, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1921-22 Judiciary & Hawaiian Affairs on S.B. No. 872**

The purpose of this measure is to add the Chairperson of the Hawaiian Homes Commission, or the Chairperson's designee, as an ex officio, voting member of the Commission on Water Resource Management.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Environmental Caucus of the Democratic Party of Hawai'i, Kekaha Hawaiian Homestead Association, Kahikinui Hawaiian Homestead Association, Pele Lani Farm LLC, Hawai'i Alliance for Progressive Action, and nine individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and Hawaii State Aha Moku.

Your Committee finds that the Commission on Water Resource Management already includes representation on Native Hawaiian water rights generally. At least one member of the Commission on Water Resource Management must have substantial experience or expertise in traditional Hawaiian water resource management techniques and traditional Hawaiian riparian usage such as those preserved by section 174C-101, Hawaii Revised Statutes, which provides for Native Hawaiian water rights. Furthermore, all members are required to attend the Office of Hawaiian Affairs mandatory training on Native Hawaiian and Hawaiian traditional and customary rights, natural resources and access rights, and the public trust doctrine pursuant to sections 10-41 and 10-42, Hawaii Revised Statutes.

However, your Committee recognizes that the Department of Hawaiian Home Lands has a specific interest in advocating for the protection of adequate reserves of water for current and foreseeable development and use of Hawaiian home lands. Rather than including the Chairperson of the Hawaiian Homes Commission, or the Chairperson's designee, on the Commission on Water Resource Management as a voting member, which will give the Commission an even number of members for decision making purposes and may lead to issues regarding conflicts of interest, your Committee believes that the Chairperson of the Hawaiian Homes Commission, or the Chairperson's designee, should be a nonvoting member.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that all ex officio members of the Commission on Water Resource Management are excluded from the requirement that each member have substantial experience in the area of water resource management;
- (2) Designating the Chairperson of the Hawaiian Homes Commission, or the Chairperson's designee, as a nonvoting member of the Commission on Water Resource Management, rather than a voting member; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 872, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 872, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (McKelvey). Noes, 1 (Ward). Excused, none.

#### **SCRep. 1922-22 Judiciary & Hawaiian Affairs on S.B. No. 2777**

The purpose of this measure is to:

- (1) Prohibit male correctional facility employees from:
  - (A) Conducting pat down searches of female inmates unless the inmate presents a risk of immediate harm to self or others or risk of escape and a female correctional facility employee is not available to conduct the search; and
  - (B) Entering areas where female inmates may be in a state of undress for the purpose of conducting a search unless an inmate in the area presents a risk of immediate harm to self or others or if there is a medical emergency in the area; and
- (2) Require pat down searches and entry into prohibited areas by male correctional facility employees under an exception to be documented within three days of the incident, reviewed by the warden, and retained by the institution for reporting purposes.

Your Committee received testimony in support of this measure from the Community Alliance on Prisons, Women's Prison Project, American Civil Liberties Union of Hawai'i, and nine individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety.

Your Committee finds that allowing male correctional facility employees to conduct pat down searches or view female inmates in a state of undress can be traumatic for female inmates who may have experienced sexual violence or suffer from post-traumatic stress disorder. This measure will help reinforce the importance of protecting female inmates who are especially vulnerable to male sexual exploitation.

Your Committee has amended this measure by:

- (1) Requiring the Department of Public Safety to:
  - (A) Increase its recruitment and training of female adult corrections officers to satisfy the requirements of female gender-specific posts;
  - (B) Make every effort within the law to address the concerns of the advocates, requirements of the federal Prison Rape Elimination Act of 2003, and staffing shortages of female gender-specific posts, as well as the hiring and training of female adult corrections officers; and
  - (C) Submit a report of its efforts in recruiting, hiring, and training female adult corrections officers to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2777, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2777, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (D. Kobayashi, Tokioka).

#### **SCRep. 1923-22 Judiciary & Hawaiian Affairs on S.B. No. 2091**

The purpose of this measure is to establish a comprehensive application process for executive pardons.

Your Committee received testimony in support of this measure from the Crime Victim Compensation Commission, Department of the Prosecuting Attorney of the County of Maui, Department of the Prosecuting Attorney of the City and County of Honolulu, Office of the Prosecuting Attorney of the County of Hawai'i, Mothers Against Drunk Driving Hawaii Advisory Board, Hawai'i State Coalition Against Domestic Violence, Statewide Automated Victim Notification System Governance Committee, The Sex Abuse Treatment Center, and five individuals. Your Committee received testimony in opposition to this measure from the Hawaii Paroling Authority, American Civil Liberties Union of Hawai'i, and one individual. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that county prosecutors and crime victims in Hawaii do not receive advance notice of applications for executive pardons. Your Committee further finds that this measure will allow prosecutors and victims to provide input for the Governor's consideration.

Your Committee has amended this measure by:

- (1) Specifying that the Hawaii Paroling Authority shall determine the relevant documents that applicants must submit for investigation to commence; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2091, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2091, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (D. Kobayashi, Tokioka).

#### **SCRep. 1924-22 Judiciary & Hawaiian Affairs on S.B. No. 3087**

The purpose of this measure is to adopt the Emergency Management Assistance Compact in a new chapter of the Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Defense and Hawai'i Emergency Management Agency.

Your Committee finds that the Emergency Management Assistance Compact, currently codified under chapter 128F, Hawaii Revised Statutes, should be moved into the emergency management series of the Hawaii Revised Statutes to provide concise, logical organization to the emergency management laws of the State.

Your Committee has amended this measure by:

- (1) Inserting a preamble;
- (2) Clarifying that for the purposes of the Emergency Management Assistance Compact, the Adjutant General is the State's legally designated state official who is assigned responsibility for emergency management and authorized representative who may request assistance of another party state; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3087, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3087, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (D. Kobayashi, Tokioka).

#### **SCRep. 1925-22 Judiciary & Hawaiian Affairs on S.B. No. 3089**

The purpose of this measure is to:

- (1) Prohibit the Governor or mayor from suspending requests for public records or vital statistics records during an emergency;
- (2) Allow for a reasonable delay in a department's or agency's response to a request for records as a result of extenuating circumstances;
- (3) Clarify that powers granted for emergency purposes shall not be inconsistent with the state constitution;
- (4) Provide parameters for the duration of the suspension of laws and require justification for the suspension;
- (5) Authorize the Governor to require counties to obtain the approval of the Governor or Director of the Hawaii Emergency Management Agency before issuing any emergency order, rule, or proclamation;
- (6) Clarify the legal framework governing the extension and termination of emergency periods;
- (7) Authorize the Legislature to terminate a state of emergency, in part or in whole, by an affirmative two-thirds vote; and
- (8) Specify when certain prohibitions during an emergency or a severe warning expire.

Your Committee received testimony in support of this measure from the Department of Human Services; Department of Defense; Hawai'i Emergency Management Agency; State of Hawaii Organization of Police Officers; Society of Professional Journalists Hawaii Chapter; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; and three individuals. Your Committee received comments on this measure from the Office of Information Practices, League of Women Voters, Civil Beat Law Center for the Public Interest, Common Cause Hawaii, Chamber of Commerce Hawaii, Grassroot Institute of Hawaii, and two individuals.

Your Committee finds that it has been two years since the Governor issued the first emergency proclamation declaring a state of emergency to support ongoing State and county responses to coronavirus disease 2019 (COVID-19). Your Committee further finds that the dire impacts of the COVID-19 pandemic on all aspects of everyday life, as well as the economic, social, and health disruptions caused by the pandemic, were unprecedented and necessitated certain

emergency actions to deal with the pandemic. However, your Committee believes that the broad emergency powers of the Governor during a state of emergency and extended emergency period warrant scrutiny. This measure will ensure that there are checks and balances in place during a state of emergency to protect the health, safety, and welfare of residents.

Your Committee has amended this measure by:

- (1) Deleting language that:
  - (A) Prohibited the Governor or mayor from suspending requests for public records or vital statistics records during an emergency; and
  - (B) Allowed for a reasonable delay in a department's or agency's response to a request as a result of extenuating circumstances;
- (2) Authorizing the county councils to terminate a local state of emergency, in part or in whole, by an affirmative two-thirds vote;
- (3) Clarifying that the Governor and mayors may re-declare a state of emergency or local state of emergency, as applicable, that has been terminated; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3089, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3089, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (D. Kobayashi, Tokioka).

#### **SCRep. 1926-22 Judiciary & Hawaiian Affairs on S.B. No. 2032**

The purpose of this measure is to protect the privacy and confidentiality of genetic data of consumers who use the products or services of direct-to-consumer genetic testing companies by requiring these companies to adhere to certain requirements pertaining to the collection, use, and disclosure of genetic data.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and Department of Commerce and Consumer Affairs' Office of Consumer Protection. Your Committee received testimony in opposition to this measure from the Coalition for Genetic Data Protection and Advanced Medical Technology Association.

Your Committee finds that the popularity and use of direct-to-consumer genetic tests is growing exponentially. Your Committee further finds that existing state law fails to provide adequate guidelines for use of genetic data collected. This measure safeguards the privacy, confidentiality, security, and integrity of a consumer's genetic data by requiring direct-to-consumer genetic testing companies to provide clear disclosures and obtain express consent for certain actions.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2032, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2032, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (D. Kobayashi, Tokioka).

#### **SCRep. 1927-22 Judiciary & Hawaiian Affairs on S.B. No. 3141**

The purpose of this measure is to update the Uniform Controlled Substances Act to make it consistent with the federal Controlled Substances Act.

Your Committee received testimony in support of this measure from the Department of Public Safety.

Your Committee finds that this measure is necessary to make permanent the temporary designation of new controlled substances by the Department of Public Safety. Your Committee further finds that the Department of Public Safety's temporary designation of the new controlled substances will be nullified if this Legislature does not make the designations permanent.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3141, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3141, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (D. Kobayashi, Tokioka).

#### **SCRep. 1928-22 Judiciary & Hawaiian Affairs on S.B. No. 2279**

The purpose of this measure is to:

- (1) Establish provisions to regulate the purchase of catalytic converters by used motor vehicle parts dealers and palladium, platinum, and rhodium by scrap dealers and recyclers;
- (2) Subject persons who violate certain provisions of the used motor vehicle parts and accessories law and scrap dealer law to a class C felony;
- (3) Establish the class C felony offense of theft of catalytic converter; and
- (4) Require each county police department to maintain a database of certain reported information and initiate education programs to encourage its residents to take measures to prevent catalytic converter thefts.

Your Committee received testimony in support of this measure from the Department of Transportation, one member of the Maui County Council, Honolulu Police Department, Department of the Prosecuting Attorney of the County of Maui, Hawaii Insurers Council, American Property Casualty Insurance Association of America, National Insurance Crime Bureau, AAA Hawaii, Stolen Stuff Hawaii, and two individuals. Your Committee received comments on this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, and Schnitzer Steel Hawaii.

Your Committee finds that catalytic converters have extrinsic value outside of being just a motor vehicle part. The rise in prices associated with precious catalyst metals that are used in the construction of catalytic converters is causing catalytic converter theft to increase. The relative ease and speed in which a person can remove a catalytic converter, coupled with the financial reward for selling the scrap metal, is what drives thefts. Your Committee further finds that

installing a replacement catalytic converter is expensive, and, because thieves hastily remove catalytic converters, other areas of the car may be damaged, which increases repair costs. Your Committee believes that this measure will help deter catalytic converter theft in Hawaii.

Your Committee has amended this measure by:

- (1) Amending the exemption from the requirements for catalytic converter purchases by motor vehicle repair dealers; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2279, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2279, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 1929-22 Finance on S.B. No. 2621**

The purpose of this measure is to appropriate funds to control the spread of bovine tuberculosis among livestock and feral ungulates on Molokai, including the associated expenses for staff, land acquisition, and equipment.

Your Committee received testimony in support of this measure from one member of the Maui County Council; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau; Ulupalakua Ranch; Kaupo Ranch Ltd.; and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Agriculture.

Your Committee has amended this measure by changing its effective date to July 1, 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2621, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2621, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1930-22 Finance on S.B. No. 2946**

The purpose of this measure is to appropriate funds to the Department of Agriculture to maintain and improve the Peekauai Ditch Irrigation System, also known as Menehune Ditch, on the island of Kauai.

Your Committee received testimony in support of this measure from the Office of Economic Development of the County of Kauai; Larry Jeffs Farms, LLC; Hawai'i Farm Bureau; Kekaha Agriculture Association; Hawaii Cattlemen's Council, Inc.; Land Use Research Foundation of Hawaii; Ulupono Initiative; Local Food Coalition; and eight individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committee has amended this measure by changing its effective date to July 1, 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2946, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2946, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1931-22 Finance on S.B. No. 1297**

The purpose of this measure is to extend the authorization to issue special purpose revenue bonds to assist MauiGrown Coffee, Inc., with the expanded operation of its coffee farm and mill in Puukolii, Maui.

Your Committee received testimony in support of this measure from the Department of Agriculture; Maui Chamber of Commerce; Hawai'i Farm Bureau; Hawaii Coffee Association; MauiGrown Coffee, Inc.; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Extending the authorization to issue special purpose revenue bonds to assist MauiGrown Coffee, Inc., to an unspecified date; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1297, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1297, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1932-22 Finance on S.B. No. 2480**

The purpose of this measure is to:

- (1) Authorize the Department of Agriculture, Agribusiness Development Corporation, and Department of Land and Natural Resources to acquire the Wahiawa irrigation system, on terms negotiated and agreed upon by the Office of the Governor, and the associated spillway; and
- (2) Appropriate:
  - (A) \$21,000,000 for the Department of Agriculture to repair and expand the spillway associated with the Wahiawa irrigation system and bring the spillway into compliance with relevant dam safety requirements;
  - (B) \$5,000,000 for the Department of Agriculture to acquire a fee simple interest in the spillway associated with the Wahiawa irrigation system;

(C) \$800,000 for the Agribusiness Development Corporation to manage and maintain its acquired portion of the Wahiawa irrigation system; and

(D) \$1,500,000 for the Department of Land and Natural Resources to manage and maintain its acquired portion of the Wahiawa irrigation system, including the creation of four full-time equivalent (4.0 FTE) positions for this purpose.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau and Ulupono Initiative. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, Department of Land and Natural Resources, Agribusiness Development Corporation, and Dole Food Company Hawaii.

Your Committee has amended this measure by changing the appropriation amounts to blank amounts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2480, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2480, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1933-22 Finance on S.B. No. 2907**

The purpose of this measure is to require the Hawaii Invasive Species Council to amend its administrative rules to classify coffee leaf rust as an invasive species and expend any available funds for mitigation efforts, research, and prevention or control actions for coffee leaf rust.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, Hawai'i Farm Bureau, and Hawaii Coffee Growers Association. Your Committee received comments on this measure from the University of Hawai'i System, Department of Land and Natural Resources, and Department of Agriculture.

Your Committee has amended this measure by changing its effective date to July 1, 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2907, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2907, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1934-22 Finance on S.B. No. 2960**

The purpose of this measure is to require and appropriate funds for the Department of Agriculture to partner with the agricultural community to establish and implement a food safety certification training program to help small- and medium-sized farms comply with the FDA Food Safety Modernization Act by obtaining Good Agricultural Practices or equivalent certification.

Your Committee received testimony in support of this measure from the Department of Research and Development of the County of Hawaii; North Shore Economic Vitality Partnership; Kauai Women's Caucus; Hawai'i Farm Bureau; Kekaha Agriculture Association; New Island Feed, Inc. dba New Island Farm Solutions; Hawaii Cattlemen's Council, Inc.; Hawaii Food Industry Association; Ulupono Initiative; Hawaii Fish Company Inc.; and ten individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Agriculture.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2022, and deleting the proviso relating to the effective date for section 3; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2960, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2960, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1935-22 Finance on S.B. No. 2989**

The purpose of this measure is to:

- (1) Require the Department of Agriculture to establish a Healthy Soils Program;
- (2) Establish a Healthy Soils Program Special Fund; and
- (3) Appropriate general funds into and out of the Healthy Soils Program Special Fund for the establishment of the Healthy Soils Program and to issue awards and other financial incentives under the program.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council; Hawaii Cattlemen's Council, Inc.; Kauai Women's Caucus; Climate Protectors Hawai'i; Hawai'i Farmers Union United; Hawaii Association for Marine Education and Research; Hawai'i Alliance for Progressive Action; Hawai'i Farm Bureau; 350Hawaii.org; and eighteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Agriculture.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2989, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2989, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1936-22 Finance on S.B. No. 2996**

The purpose of this measure is to appropriate funds for research, extension, and control of the little fire ant and other harmful ant species.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Pest Control Association, Hawai'i Farm Bureau, Coordinating Group on Alien Pest Species, Hawai'i Association of REALTORS, MacFarms of Hawaii LLC, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2996, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2996, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1937-22 Finance on S.B. No. 2214**

The purpose of this measure is to require and fund the Board of Education, through the State Librarian, to establish a digital literacy program to promote digital literacy through programmatic activities, including making digital technology accessible to individuals with disabilities.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii State Public Library System; Chamber of Commerce Hawaii; HawaiiKidsCAN; Hawai'i Pacific Health; Broadband Hui; Maui Chamber of Commerce; and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2214, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2214, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1938-22 Finance on S.B. No. 2821**

The purpose of this measure is to:

- (1) Require the Department of Education and State Public Charter School Commission to provide menstrual products to all students, free of charge, on all public school and public charter school campuses; and
- (2) Appropriate funds to provide the menstrual products.

Your Committee received testimony in support of this measure from the Department of Taxation, Hawai'i State Commission on the Status of Women, State Public Charter School Commission, Stonewall Caucus of the Democratic Party of Hawai'i, Common Cause Hawaii, Rainbow Family 808, Hawai'i Children's Action Network Speaks!, American Association of University Women of Hawaii, Planned Parenthood Alliance Advocates - Hawai'i, Hawaii Youth Services Network, Ho'ola Lahui Hawaii, HawaiiKidsCAN, Papa Ola Lōkahi, Hawaii State Teachers Association, Community Alliance on Prisons, Democratic Party of Hawai'i Education Caucus, Hawaii Women Lawyers, Ma'i Movement Hawai'i, Hawai'i Section of the American College of Obstetricians and Gynecologists, The 'Ilima Intermediate School Activist Club, Rainbow Royales Gender Sexuality Alliance Club, Kamehameha Schools, Hawai'i Health & Harm Reduction Center, Hawai'i Self-Advocacy Advisory Council, Save Medicaid Hawaii, Healthy Mothers Healthy Babies Coalition of Hawaii, 'Ahahui o na Kauka - Association of Native Hawaiian Physicians, Hawai'i Public Health Institute, Breastfeeding Hawaii, Hawai'i Diaper Bank, Hawai'i Women's Coalition, Parents And Children Together, American Civil Liberties Union of Hawai'i, Alliance for Period Supplies, and numerous individuals. Your Committee received comments on this measure from the Department of Education, Department of Budget and Finance, Department of Human Services, and Pono Hawai'i Initiative.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2821, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2821, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Nishimoto, McDermott).

**SCRep. 1939-22 Finance on S.B. No. 2826**

The purpose of this measure is to establish and fund career development success programs to provide financial incentives for participating Department of Education and public charter schools to encourage ninth to twelfth grade students to complete qualified industry-credential programs.

Your Committee received testimony in support of this measure from the Hawai'i Technology Development Corporation, State Public Charter School Commission, Chamber of Commerce Hawaii, Society of Human Resource Management Hawaii, HawaiiKidsCAN, Special Education Advisory Council, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Education.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2022; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2826, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2826, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1940-22 Finance on S.B. No. 2186**

The purpose of this measure is to:

- (1) Direct the conveyance of certain lands used for public schools and owned by the counties of Kauai and Maui, the State, and the Department of Land and Natural Resources to the Department of Education;
- (2) Require legislative approval prior to the sale, gift, or alienation of the fee simple title to lands owned by the Department of Education; and
- (3) Appropriate funds to the Department of Education to effectuate the transfer of the lands and to manage the real property.

Your Committee received comments on this measure from the Department of Education, Department of Budget and Finance, and Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2186, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1941-22 Finance on S.B. No. 2816**

The purpose of this measure is to:

- (1) Require the Department of Education to establish and administer the Strong Students Grant Pilot Program (Pilot Program) to provide grants for eligible education expenses to eligible public school students; and
- (2) Require the Department of Education to submit progress reports on the Pilot Program to the Legislature; and
- (3) Appropriate funds for the Pilot Program.

Your Committee received testimony in support of this measure from the State Public Charter School Commission; HawaiiKidsCAN; YMCA of Honolulu; Computational Thinkers, Inc.; and three individuals. Your Committee received testimony in opposition to this measure from the Hawaii State Teachers Association. Your Committee received comments on this measure from the Department of Education, Department of Budget and Finance, and Purple Mai'a Foundation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2816, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Marten, Tam). Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1942-22 Finance on S.B. No. 2823**

The purpose of this measure is to establish and appropriate funds for a Nationally Certified School Psychologist Incentive Program within the Department of Education.

Your Committee received testimony in support of this measure from the Hui for Excellence in Education; Hawaii State Teachers Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Association of School Psychologists; and eighteen individuals. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2823, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1943-22 Finance on S.B. No. 2893**

The purpose of this measure is to establish and appropriate funds for a one-year pilot program to subsidize the purchase of school supplies at schools composed entirely of students eligible for participation in Title I, Part A, of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2893, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1944-22 Finance on S.B. No. 3090**

The purpose of this measure is to provide greater fiscal transparency by broadening the purposes for which indirect costs from federal grants incurred by the Department of Education, State Public Charter School Commission, or a charter school authorizer may be reimbursed.

Your Committee received testimony in support of this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3090, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1945-22 Finance on S.B. No. 3091**

The purpose of this measure is to:

- (1) Include commercial enterprises in profit-making operations that students may engage in at schools;
- (2) Clarify that profits from agricultural, industrial, and commercial enterprise pursuits can be used to support the agricultural, industrial, and commercial enterprise pursuit programs directly; and
- (3) Allow students to receive school credit in addition to, or in lieu of, any net profits when engaging in profit-making operations.

Your Committee received testimony in support of this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3091, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1946-22 Finance on S.B. No. 2766**

The purpose of this measure is to require the Office of Planning and Sustainable Development to perform a study to assess the rural district framework within the land use law and make recommendations for revisions to rural district policies and permissible uses within the rural district, including a legal analysis of regulatory issues and safeguards that must be addressed to facilitate the reclassification of lands from the agricultural district to the rural district.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, and one individual. Your Committee received testimony in opposition to this measure from the Land Use Commission and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Office of Planning and Sustainable Development, and Land Use Research Foundation of Hawaii.

Your Committee has amended this measure by changing the effective date to July 1, 2022, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2766, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2766, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Tam, Wildberger). Noes, 1 (Perruso). Excused, 2 (Eli, McDermott).

**SCRep. 1947-22 Finance on S.B. No. 3027**

The purpose of this measure is to include in the State's policies for the physical environment under the Hawaii State Planning Act the development of a statewide beach assessment study and a beach and shoreline restoration and conservation plan to regularly assess beach and shoreline erosion and develop feasible beach and shoreline restoration or conservation options.

Your Committee received comments on this measure from the Department of Land and Natural Resources, Office of Planning and Sustainable Development, University of Hawai'i Sea Grant College Program and Climate Resiliency Initiative, and Hawai'i Tourism Authority.

Your Committee has amended this measure by:

- (1) Inserting an appropriation of an unspecified amount for the Office of Planning and Sustainable Development to develop the statewide beach assessment study and beach and shoreline restoration and conservation plan; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3027, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3027, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1948-22 Finance on S.B. No. 3298**

The purpose of this measure is to establish a working group to determine potential locations and requirements for a shooting facility on the island of Hawaii and to appropriate funds for the shooting facility if the County of Hawaii provides matching funds.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii County Game Management Advisory Commission, Hawaii Firearms Coalition, and eleven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by changing its effective date to July 1, 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3298, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3298, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 2 (Eli, McDermott).

**SCRep. 1949-22 Finance on S.B. No. 2764**

The purpose of this measure is to expand exclusions from the definition of "development" as it applies to special management areas to reduce the need for special management area permits for certain activities.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Transportation, Department of Planning and Permitting of the City and County of Honolulu, Department of Planning of the County of Maui, Hawai'i State Association of Counties, and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Planning and Sustainable Development, Hawai'i Alliance for Progressive Action, and eight individuals.

Your Committee has amended this measure by:

- (1) Specifically excluding traditional and customary practices, including the use of land for all traditional fishpond and agricultural practices and work conducted by traditional means near, in, or related to loko i'a, from the definition of "development";
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2764, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2764, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Wildberger, McDermott).

**SCRep. 1950-22 Finance on S.B. No. 2752**

The purpose of this measure is to:

- (1) Establish an income tax credit for taxpayers who are required to seal abandoned wells on their real property;
- (2) Require an owner of an abandoned well to repair or seal the well at the owner's expense;
- (3) Require an owner of real property with an abandoned well to provide notice of the well to the Commission on Water Resource Management under certain circumstances; and
- (4) Appropriate funds for three full-time equivalent (3.0 FTE) positions under the Commission on Water Resource Management.

Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Budget and Finance, Department of Taxation, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2752, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (B. Kobayashi). Noes, none. Excused, none.

**SCRep. 1951-22 Finance on S.B. No. 2076**

The purpose of this measure is to:

- (1) Establish the Hawaii Broadband Infrastructure Authority;
- (2) Clarify the Hawaii Broadband and Digital Equity Office's role relating to broadband access and digital equity, including repealing the responsibility of the Office to promote the landing of trans-Pacific submarine cable; and
- (3) Appropriate federal and state funds.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology Services; Disability and Communication Access Board; State Council on Mental Health; State Council on Developmental Disabilities; Common Cause Hawaii; Ocean Networks, Inc.; League of Women Voters of Hawaii; and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Business, Economic Development, and Tourism; Department of Commerce and Consumer Affairs; Department of Transportation; University of Hawai'i System; Hawaiian Telcom; Maui Chamber of Commerce; and one individual.

Your Committee has amended this measure by:

- (1) Removing its substantive provisions;
- (2) Requiring the University of Hawaii and Hawaii Broadband and Digital Equity Office to convene a working group to determine the appropriate governance structure to implement, operate, and maintain broadband infrastructure development in the State;
- (3) Removing the appropriation of federal funds;
- (4) Changing the expending agency and purpose of the general fund appropriation to the University of Hawaii and the administration of the working group, respectively; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2076, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2076, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1952-22 Finance on S.B. No. 2806**

The purpose of this measure is to appropriate funds to the Hawaii Technology Development Corporation for the Hawaii Small Business Innovation Research Program.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Hawai'i Technology Development Corporation; Makai Ocean Engineering, Inc.; Hyperspective; HIplan; IL Gelato Hawaii; Chamber of Commerce Hawaii; KAI Hawaii, Inc.; Ocean Era, Inc.; Nalu Scientific, LLC; Premier Solutions HI, LLC; Hawaii Fish Company; VisSidus Technologies, Inc.; Hawaii Food Industry Association; Maui Chamber of Commerce; and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Oceanit.

Your Committee has amended this measure by changing its effective date to July 1, 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2806, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2806, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1953-22 Finance on S.B. No. 3046**

The purpose of this measure is to make an emergency appropriation to the Department of the Attorney General for use in major litigation involving the State.

Your Committee received testimony in support of this measure from the Department of the Attorney General. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Inserting an appropriation amount of \$4,000,000 for fiscal year 2021-2022; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3046, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3046, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Branco, McDermott).

**SCRep. 1954-22 Finance on S.B. No. 3357**

The purpose of this measure is to require certain departments and agencies to provide grants to tax-exempt nonprofit organizations that have experience and expertise in supporting and advancing Native Hawaiian communities.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority, The Friends of Iolani Palace, Council for Native Hawaiian Advancement, Ko'olau Foundation, and Kua'aina Ulu 'Auamo. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Business, Economic Development, and Tourism; Department of Land and Natural Resources; and Department of Agriculture.

Your Committee has amended this measure by:

- (1) Changing the amounts appropriated to certain departments and agencies to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3357, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3357, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Branco, McDermott).

**SCRep. 1955-22 Finance on S.B. No. 3311**

The purpose of this measure is to:

- (1) Establish long-term goals for zero emissions transportation in the State and abroad to reduce and eliminate transportation emissions;
- (2) Establish an Interisland Transportation Working Group to develop plans and recommendations for achieving zero emissions interisland transportation and submit annual reports to the Legislature on its actions and progress; and
- (3) Require the Department of Transportation and Hawaii State Energy Office to prepare for and incentivize the increased adoption of electric vehicles in the State.

Your Committee received testimony in support of this measure from the Kauai Women's Caucus, Council for Native Hawaiian Advancement, Hawaii Think Tank, Regent Craft Inc., Mokulele Airlines, Blue Planet Foundation, Energy and Climate Change Committee of the Environmental Caucus of the Democratic Party of Hawai'i, Alliance for Automotive Innovation, and eleven individuals. Your Committee received comments on this measure from the Department of Transportation, Hawaii State Energy Office, Hawaii Electric Vehicle Association, Big Island Electric Vehicle Association, KauaiEV, Ulupono Initiative, Hawaiian Airlines, Airlines for America, Hawaii Automobile Dealers' Association, and three individuals.

Your Committee has amended this measure by:

- (1) Expanding the Interisland Transportation Working Group membership to include:
  - (A) The mayors of each county;
  - (B) Representatives from the airline and cruise line industries;
  - (C) A representative from an entity involved in developing sustainable transportation solutions; and

- (D) A representative from the Honolulu Harbor Users Group;
- (2) Establishing an Electric Vehicle Sales Growth Working Group to develop plans and submit a report to the Legislature to ensure that the State's electric charging capacity is sufficient to support the growing use of electric vehicles;
  - (3) Removing the provisions that would have required the Department of Transportation and Hawaii State Energy Office to prepare for and incentivize the increased adoption of electric vehicles in the State;
  - (4) Making it effective upon its approval; and
  - (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3311, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3311, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1956-22 Finance on S.B. No. 2457**

The purpose of this measure is to appropriate funds to the Department of Labor and Industrial Relations, Office of Community Services, to restore funding for immigrant resource centers with an outreach component.

Your Committee received testimony in support of this measure from the Office of Community Services, Hawaii Friends of Civil Rights, Hawai'i Coalition for Immigrant Rights, Catholic Charities Hawai'i, The Legal Clinic, Americans for Democratic Action Hawai'i, Common Cause Hawaii, Health Committee of the Democratic Party of Hawai'i, and one individual. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Department of Human Services, and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2457, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1957-22 Finance on S.B. No. 2478**

The purpose of this measure is to reinstate the renewable fuels production tax credit, with certain modifications.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Biotechnology Innovation Organization, Hawai'i Farm Bureau, Hawai'i Gas, Par Hawaii, and three individuals. Your Committee received testimony in opposition to this measure from the Civil Beat Law Center for the Public Interest. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, Pet Food Institute, Tax Foundation of Hawaii, Climate Protectors Hawai'i, Hawaii Clean Power Alliance, and numerous individuals.

Your Committee has amended this measure by:

- (1) Inserting a blank amount for the total amount of tax credits that may claimed for all eligible taxpayers in any given calendar year; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2478, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2478, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 15; Ayes with Reservations (B. Kobayashi, Perruso, Tam). Noes, none. Excused, none.

#### **SCRep. 1958-22 Finance on S.B. No. 2511**

The purpose of this measure is to:

- (1) Expand the renewable energy technologies income tax credit to include firm renewable energy systems, with the credit capped at the lesser of a percentage of the actual cost or \$750,000 per system; and
- (2) Make the renewable energy technologies income tax credit unavailable for renewable energy technology systems installed and placed in service after December 31, 2045.

Your Committee received testimony in support of this measure from Sustainable Energy Hawaii, Hawai'i Farm Bureau, Par Hawaii, and four individuals. Your Committee received testimony in opposition to this measure from the Department of Taxation, Recycle Hawaii and Clean the Pacific, Hawaii Forest Stewards, 350Hawaii.org, and thirteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Hawaii State Energy Office, Hawaiian Electric Company, Tax Foundation of Hawaii, Climate Protectors Hawai'i, Hawaii Clean Power Alliance, and numerous individuals.

Your Committee has amended this measure by:

- (1) Changing the cap on the total amount of tax credits that may be claimed for each firm renewable energy system to an unspecified amount; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2511, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2511, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 15; Ayes with Reservations (B. Kobayashi, Perruso, Tam). Noes, none. Excused, none.

#### **SCRep. 1959-22 Finance on S.B. No. 2283**

The purpose of this measure is to require the Hawaii Natural Energy Institute to:

- (1) Conduct a study to examine the potential for renewable hydrogen production and use in the State and the potential role renewable hydrogen could play in the State energy system and economy; and
- (2) Submit a report of its findings and recommendations, including any proposed legislation, from the study to the Legislature prior to the Regular Session of 2024.

Your Committee received testimony in support of this measure from the Ulupono Initiative, Servco, Hawaii Hydrogen Alliance, Hawai'i Gas, Hawaii Automobile Dealers' Association, Alliance for Automotive Innovation, and three individuals. Your Committee received comments on this measure from the Hawai'i State Energy Office, Hawai'i Natural Energy Institute, and Hawaiian Electric Company, Inc.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2283, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 1960-22 Finance on S.B. No. 2290**

The purpose of this measure is to:

- (1) Beginning July 1, 2022, ban the manufacture of personal care products in the State, except non-prescription drugs, that contain plastic microbeads;
- (2) Beginning July 1, 2023, ban the sale or offer for sale of personal care products in the State, except non-prescription drugs, that contain plastic microbeads;
- (3) Beginning July 1, 2023, ban the manufacture of non-prescription drug products in the State that contain plastic microbeads;
- (4) Beginning July 1, 2024, ban the sale or offer for sale of non-prescription drugs in the State that contain plastic microbeads; and
- (5) Provide exemptions for rinse-off cosmetics.

Your Committee received testimony in support of this measure from Animal Rights Hawai'i, Beach Environmental Awareness Campaign Hawai'i, Hawai'i Reef and Ocean Coalition, Recycle Hawaii and Clean the Pacific, Pacific Whale Foundation, Center for Biological Diversity, 350Hawaii.org, Environmental Caucus of the Democratic Party of Hawai'i, and twelve individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii, Hawaii Food Industry Association, Personal Care Products Council, and Consumer Healthcare Products Association. Your Committee received comments on this measure from the Department of Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2290, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 1961-22 Finance on S.B. No. 2510**

The purpose of this measure is to amend the Hawaii State Planning Act to give consideration to:

- (1) Reducing reliance on energy imports;
- (2) Ensuring that all new utility scale electricity generation projects are renewable;
- (3) Balancing of grid resources, including firm renewable energy resources, to achieve certain goals and targets;
- (4) Ensuring reliable replacement of fossil fuel generation with balanced grid resources;
- (5) Prohibiting fossil fuel generation after December 31, 2045, except in certain circumstances; and
- (6) Expanding vocational training in renewable energy and related industries.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Sustainable Energy Hawaii, and three individuals. Your Committee received testimony in opposition to this measure from the Environmental Caucus of the Democratic Party of Hawai'i, Progressive Democrats of Hawaii, Hawaii Forest Stewards, Climate Protectors Hawai'i, 350Hawaii.org, and nineteen individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Hawai'i Natural Energy Institute of the University of Hawai'i at Mānoa, Office of Planning and Sustainable Development, Ulupono Initiative, Hawaiian Electric Company, Hawaii Clean Power Alliance, and numerous individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2510, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Perruso). Noes, 1 (McDermott). Excused, none.

#### **SCRep. 1962-22 Finance on S.B. No. 2865**

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist DIBSHawaii LLC in the construction of a net-zero carbon capture storage utilization platform that will recover vented carbon dioxide emissions and scrub and liquify the emissions into food-grade liquid carbon dioxide.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office; HLM Hawai'i, Inc.; Environmental Caucus of the Democratic Party of Hawai'i; Eco4Life LLC; DIBSHawaii LLC; Ohana Hui Ventures, Inc; Friends of Waimanalo; and seven individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2865, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 1963-22 Finance on S.B. No. 3004**

The purpose of this measure is to permanently establish and appropriate funds for a Compost Reimbursement Program and Compost Reimbursement Program Manager position within the Department of Agriculture.

Your Committee received testimony in support of this measure from the Hawaii Cattlemen's Council, Inc.; Hawai'i Farmers Union United; Climate Protectors Hawai'i; Environmental Caucus of the Democratic Party of Hawai'i; 350Hawaii.org; Hawai'i Farm Bureau; Hawai'i Alliance for Progressive Action; Kauai Women's Caucus; and numerous individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3004, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 1964-22 Finance on S.B. No. 3019**

The purpose of this measure is to require and appropriate funds for the Department of Land and Natural Resources to seek and obtain accreditation for the Conservation and Resources Enforcement Program from the Commission on Accreditation for Law Enforcement Agencies, Inc., by June 30, 2025.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3019, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 1965-22 Finance on S.B. No. 2070**

The purpose of this measure is to authorize the Department of Budget and Finance to issue special purpose revenue bonds to assist the Hawaiian Legacy Reforestation Initiative, LLC, to generate a sustainable model of endemic reforestation, ecosystem revitalization, endangered species recovery, and carbon credit sequestering.

Your Committee received testimony in support of this measure from Wilkinson Koa Furniture, Ponsse Plc, Damien Memorial School, The Kahala Hotel & Resort, Hawai'i Convention Center, and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Office of Planning and Sustainable Development.

Your Committee has amended this measure by changing the effective date to July 1, 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2070, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2070, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (McDermott). Excused, none.

#### **SCRep. 1966-22 Finance on S.B. No. 2612**

The purpose of this measure is to:

- (1) Establish and appropriate funds for a one-year reusable utensil pilot project at Department of Education schools on Molokai; and
- (2) Require the Department of Education to submit interim and final reports to the Legislature on the feasibility of statewide implementation of a reusable utensil program.

Your Committee received testimony in support of this measure from the Kualapuu Public Conversion Charter School, Beach Environmental Awareness Campaign Hawai'i, and one individual. Your Committee received comments on this measure from the Department of Education and Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2612, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2612, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 1967-22 Finance on S.B. No. 2720**

The purpose of this measure is to:

- (1) Allow for new or upgraded electric vehicle charging stations having a single port to qualify for a rebate under the Electric Vehicle Charging Station Rebate Program;
- (2) Eliminate the annual cap on the rebate but subject rebates to the availability of funds;
- (3) Increase flexibility of the Public Utilities Commission to administer the Rebate Program;
- (4) Increase the maximum percentage of Rebate Program appropriations that may be expended for administrative costs;
- (5) Allow for marketing and outreach expenses to be included within allowable administration costs of the Rebate Program; and
- (6) Appropriate funds out of the Electric Vehicle Charging System subaccount for the Rebate Program.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii State Energy Office, Department of Design and Construction of the City and County of Honolulu, Hawaiian Electric Company, Blue Planet Foundation, Uluopono Initiative, Climate Protectors Hawai'i, 350Hawaii.org, Building Owners and Managers Association of Hawai'i, Hawaii Automobile Dealers' Association, Tesla, Hawaii Electric Vehicle Association, Big Island Electric Vehicle Association, Alliance for Automotive Innovation, Aloha Charge, Kauai Women's Caucus, and fifteen individuals. Your Committee received comments on this measure from the Public Utilities Commission; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; and Hawai'i Energy.

Your Committee has amended this measure by:

- (1) Changing the rebate amounts for new or upgraded electric vehicle charging stations having a single port to unspecified amounts;
- (2) Changing the maximum percentage of Electric Vehicle Charging Station Rebate Program appropriations that may be expended for administrative costs to an unspecified amount;
- (3) Changing the amounts appropriated out of the Electric Vehicle Charging System subaccount to unspecified amounts; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2720, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2720, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 1968-22 Finance on S.B. No. 3229**

The purpose of this measure is to:

- (1) Cap the amount of royalties from geothermal resources that are to be paid to the State and to the county in which the geothermal resources are located;
- (2) Deposit geothermal royalties that are distributed to the University of Hawaii into the University Innovation and Commercialization Initiative Special Fund, to be expended by the Hawaii Institute of Geophysics and Planetology, to further the discovery and development of geothermal resources; and
- (3) Require the entities that received geothermal royalties to submit an annual report to the Legislature.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Sustainable Energy Hawaii, and three individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee has amended this measure by inserting blank amounts for the caps on royalties from geothermal resources that are paid to the State and to the county in which the geothermal resources are located.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3229, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3229, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 1969-22 Finance on S.B. No. 206**

The purpose of this measure is to prohibit discrimination in rental transactions, including advertisements for rental property, that are based on participation in a Section 8 Housing Choice Voucher Program or any permanent supportive housing program, or requirements related to participation in these housing assistance programs.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawaii, Rainbow Family 808, AF3IRM Hawaii, and eight individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Hawai'i Civil Rights Commission, Hawaii Public Housing Authority, Hawai'i State Commission on the Status of Women, Catholic Charities Hawai'i, Partners in Care, Hawai'i Applesseed Center for Law and Economic Justice, Elizabeth Kahanu Hawaiian Civic Club, Hawai'i Children's Action Network Speaks!, Ko'olaupoko Hawaiian Civic Club, American Civil Liberties Union of Hawai'i, Legal Aid Society of Hawai'i, Hawaii Habitat for Humanity Association, Association of Hawaiian Civic Clubs, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 206, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 1970-22 Finance on S.B. No. 879**

The purpose of this measure is to require the counties to provide for the maintenance of infrastructure for any housing development for the Department of Hawaiian Home Lands within sixty days and under certain conditions.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i and one individual. Your Committee received testimony in opposition to this measure from the Kalama'ula Mauka Homestead Association. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 879, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1971-22 Finance on S.B. No. 2370**

The purpose of this measure is to:

- (1) Establish the Office on Homelessness and Housing Solutions; and
- (2) Appropriate funds for the administration of the Office on Homelessness and Housing Solutions, including full-time equivalent positions.

Your Committee received testimony in support of this measure from the Judiciary, Office of the Public Defender, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawaii Chapter of the American College of Emergency Physicians, and two individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Land and Natural Resources, Department of Human Services, Department of Budget and Finance, and Partners in Care.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2370, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1972-22 Finance on S.B. No. 2479**

The purpose of this measure is to require each public housing project, dwelling unit, or state low-income housing project that is built, renovated, or reconstructed after January 1, 2023, to include all broadband infrastructure that is necessary for tenants to have access to broadband service.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Public Housing Authority; Hawaii State Council on Developmental Disabilities; Common Cause Hawaii; AARP Hawai'i; Hawaiian Telcom; Tangent Inc.; Succeed Hawaii, LLC; HawaiiKidsCAN; and three individuals. Your Committee received comments on this measure from the League of Women Voters of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2479, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1973-22 Finance on S.B. No. 2588**

The purpose of this measure is to appropriate funds to the Hawaii Public Housing Authority to remodel, renovate, repair, and rehabilitate two hundred sixty-four housing units.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2588, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1974-22 Finance on S.B. No. 2677**

The purpose of this measure is to:

- (1) Temporarily expand the State Rent Supplement Program to specifically target qualified kupuna who are sixty-two years of age or older and are homeless or at imminent risk of becoming homeless;
- (2) Require the Hawaii Public Housing Authority to submit annual reports on the State Rent Supplement Program for kupuna to the Legislature; and
- (3) Appropriate funds.

Your Committee received testimony in support of this measure from the Executive Office on Aging, AARP Hawai'i, Catholic Charities Hawai'i, Partners in Care, and three individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, and Hawaii Public Housing Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2677, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1975-22 Finance on S.B. No. 2922**

The purpose of this measure is to:

- (1) Beginning July 1, 2023, authorize the counties to adopt ordinances that allow up to one house per quarter-acre in rural districts;
- (2) Beginning July 1, 2022, require the Office of Planning and Sustainable Development to conduct a study to refine rural district policies, make recommendations to facilitate the reclassification of lands from the agricultural district to the rural district, and submit reports to the Legislature; and
- (3) Appropriate funds to the Office of Planning and Sustainable Development to conduct the study and complete the reports.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, Office of Planning and Sustainable Development, Hawai'i Farm Bureau, and Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2922, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Branco, B. Kobayashi, Perruso, Wildberger). Noes, none. Excused, none.

**SCRep. 1976-22 Finance on S.B. No. 3048**

The purpose of this measure is to:

- (1) Authorize the Director of Finance to transfer excess tax-exempt general obligation bond proceeds and accrued interest from the Rental Housing Revolving Fund to the Dwelling Unit Revolving Fund;
- (2) Authorize the Rental Housing Revolving Fund to be used for the Hawaii Housing Finance and Development Corporation's housing finance programs;
- (3) Establish two full-time equivalent housing financial specialist I positions within the Hawaii Housing Finance and Development Corporation; and
- (4) Appropriate funds to the Hawaii Housing Finance and Development Corporation for computer software and hardware; information technology improvements; videoconferencing improvements; and scanning and digitization equipment, services, and warranties.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Hawaii Housing Finance and Development Corporation. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3048, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1977-22 Finance on S.B. No. 3247**

The purpose of this measure is to require the Department of Hawaiian Home Lands to develop a strategic plan to meet applicant preferences:

- (1) For a single-family home or vacant lot for a house; and
- (2) To rent or rent-to-own a single-family home, duplex, apartment, or townhouse, with the option to buy in the future.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3247, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1978-22 Finance on S.B. No. 3324**

The purpose of this measure is to:

- (1) Establish a working group to examine and address the problem of infrastructure repair and maintenance in planned housing subdivisions that do not have compulsory homeowner associations in counties with populations greater than one hundred seventy thousand but less than three hundred thousand; and
- (2) Appropriate funds for the working group, subject to the availability of matching county funds.

Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3324, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1979-22 Finance on S.B. No. 2150**

The purpose of this measure is to authorize and appropriate funds for the Department of Human Services to provide additional housing assistance subsidies of up to \$500 per month to recipients of the Temporary Assistance for Needy Families or Temporary Assistance for Other Needy Families programs who participate in the First-To-Work Program.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Zonta Club of Hilo, Hawai'i Children's Action Network Speaks!, Catholic Charities Hawai'i, Partners In Care, and six individuals. Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, Tax Foundation of Hawaii, and one individual.

Your Committee has amended this measure by changing the housing assistance subsidies to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2150, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2150, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1980-22 Finance on S.B. No. 2898**

The purpose of this measure is to establish transit-oriented development infrastructure improvement districts within county-designated transit-oriented development zones and a Transit-Oriented Development Infrastructure Improvement District Board to foster community development by strategically investing in infrastructure improvements.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Community Development Authority, and Office of Planning and Sustainable Development. Your Committee received testimony in opposition to this measure from the Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Planning and Permitting of the City and County of Honolulu, and Hawaiian Electric Company.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2898, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2898, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1981-22 Finance on S.B. No. 2583**

The purpose of this measure is to exempt non-ceded lands set aside by the Governor to the Hawaii Housing Finance and Development Corporation from classification as public lands subject to Department of Land and Natural Resources' management.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and one individual.

Your Committee has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2583, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2583, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1982-22 Finance on S.B. No. 2372**

The purpose of this measure is to:

- (1) Require the Hawaii Housing Finance and Development Corporation, with the assistance of the Governor's Coordinator on Homelessness, to:
  - (A) Determine whether any of the lands identified in the Affordable Rental Housing Report and Ten-Year Plan are suitable for the development of temporary housing for the Ohana Zones Pilot Program or other forms of affordable housing; and
  - (B) Provide recommendations on the actions required to develop the lands into temporary housing for the Ohana Zones Pilot Program or other forms of affordable housing;
- (2) Require the Hawaii Housing Finance and Development Corporation to submit a report to the Legislature before the Regular Session of 2023;
- (3) Require the Hawaii Housing Finance and Development Corporation to establish a five-year Dwelling Unit Revolving Fund Equity Pilot Program; and
- (4) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Catholic Charities Hawai'i, Partners In Care, Hawaii Chapter of the American College of Emergency Physicians, and one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, and Hawaii Housing Finance and Development Corporation.

Your Committee has amended this measure by changing the appropriations to unspecified amounts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2372, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2372, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 1983-22 Finance on S.B. No. 3338**

The purpose of this measure is to appropriate funds to the Department of Health for the design, planning, and construction of the Kalaupapa Memorial.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Mayor of Maui County, two members of the Maui County Council, Damien Museum in Tremelo, 'Ahahui o nā Kauka, Ka'Ohana O Kalaupapa, Ke Kai O Kuloloi'a, IDEA Center for the Voices of Humanity, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Health.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount to \$5,000,000; and
- (2) Changing the effective date to July 1, 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3338, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3338, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1984-22 Finance on S.B. No. 2043**

The purpose of this measure is to repeal certain cross-references in the campaign spending law that refer to language that was previously repealed.

Your Committee received testimony in support of this measure from the Campaign Spending Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2043, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 1985-22 Finance on S.B. No. 2387**

The purpose of this measure is to require agencies to publicly post the justification for cancelling an invitation for bids or request for proposals, for a minimum of ten business days, on a purchasing agency's website, government electronic notification system, or by any other means the procurement officer deems effective for publicizing the cancellation notice.

Your Committee received testimony in support of this measure from the Department of Budget and Fiscal Services of the City and County of Honolulu. Your Committee received comments on this measure from the State Procurement Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2387, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1986-22 Finance on S.B. No. 3282**

The purpose of this measure is to:

- (1) Authorize the Comptroller to mandate the transfer of post-statehood governmental records to the State Records Center and the time period at which the records should be transferred; and
- (2) Appropriate funds to the Office of Enterprise Technology Services for operating costs and equipment to administer the State Records Center and for positions within the State Archives to assist agencies in the identification and transfer of certain government records to the State Archives.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology Services. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Accounting and General Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3282, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1987-22 Finance on S.B. No. 3369**

The purpose of this measure is to:

- (1) Establish a working group to develop a plan for the phased in consolidation of procurement services and staff within executive branch agencies within a five-year timespan, excluding the Department of Education, Hawaii Health Systems Corporation, University of Hawaii, and Office of Hawaiian Affairs;
- (2) Require the working group to make recommendations for attracting high-quality procurement professionals to the State; and
- (3) Appropriate funds to the State Procurement Office to support the activities of the working group.

Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, and State Procurement Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3369, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1988-22 Finance on S.B. No. 3252**

The purpose of this measure is to:

- (1) Impose a cap on the costs charged for the reproduction of certain government records;
- (2) Waive the cost of duplication of government records provided to requestors in an electronic format;
- (3) Impose a cap on costs charged for searching for, reviewing, and segregating digital records; and
- (4) Provide for a waiver of fees when the public interest is served by a digital record's disclosure.

Your Committee received testimony in support of this measure from the Civil Beat Law Center for the Public Interest, League of Women Voters of Hawaii, American Civil Liberties Union of Hawai'i, and Hawaii Chapter of the Society of Professional Journalists. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, Department of Land and Natural Resources, Department of Defense, Department of Health, Department of Agriculture, and Department of Design and Construction of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Human Services, Department of Commerce and Consumer Affairs, Department of Budget and Finance, Employees' Retirement System, Office of Planning and Sustainable Development, Office of Information Practices, Honolulu Police Department, Grassroot Institute of Hawaii, and two individuals.

Your Committee has amended this measure by:

- (1) Including an appropriation in an unspecified amount for two full-time equivalent permanent positions within the Office of Information Practices; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3252, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3252, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1989-22 Finance on S.B. No. 1112**

The purpose of this measure is to amend the minimum appointment eligibility requirements for the position of Adjutant General to a person who:

- (1) Holds or has held a commission of the rank of Colonel in the military grade of O6 or above, or its equivalent;
- (2) Has served as a commissioned officer in one or more components in the Army or Air Force for at least ten years; and
- (3) Has no administrative actions preventing promotion to the rank of a General Officer in the military grade of O7 or O8.

Your Committee received testimony in support of this measure from the Department of Defense.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1112, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 1990-22 Finance on S.B. No. 2817**

The purpose of this measure is to repeal certain Department of Education annual reporting requirements.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2817, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2817, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1991-22 Finance on S.B. No. 3098**

The purpose of this measure is to make an emergency appropriation to the Department of Education for lead abatement measures at Department of Education elementary schools.

Your Committee received testimony in support of this measure from the Department of Education, Department of Health, and Hawaii State Teachers Association. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Inserting an appropriation amount of \$1,850,000 for lead abatement measures at Department of Education elementary schools;
- (2) Changing its effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3098, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3098, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1992-22 Finance on S.B. No. 2081**

The purpose of this measure is to:

- (1) Establish the Department of Education Commercial Enterprises Revolving Fund to accept the deposit of revenues from commercial enterprise operation programs undertaken by the Department of Education; and
- (2) Authorize the Department of Education to expend revenues from the Revolving Fund to support the operations of the commercial enterprises.

Your Committee received testimony in support of this measure from the Department of Education and Chamber of Commerce Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by changing its effective date to July 1, 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2081, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2081, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

**SCRep. 1993-22 Finance on S.B. No. 2184**

The purpose of this measure is to:

- (1) Establish a digital learning center within the Department of Education; and
- (2) Appropriate funds for staffing and programmatic expenses for the digital learning center.

Your Committee received testimony in support of this measure from the Department of Education; Kamehameha Schools; Chamber of Commerce Hawaii; Tangent Inc.; Succeed Hawaii, LLC; HawaiiKidsCAN; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2184, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2184, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Perruso, McDermott).

#### **SCRep. 1994-22 Finance on S.B. No. 2928**

The purpose of this measure is to establish and appropriate funds for an Agricultural Careers Working Group to study and develop an implementation plan for career pathways in the agricultural sector.

Your Committee received testimony in support of this measure from the Department of Education, University of Hawai'i System, and Hawai'i Farm Bureau. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2928, S.D. 3, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1995-22 Finance on S.B. No. 3092**

The purpose of this measure is to allow for greater implementation of commercial enterprises in schools by classifying student interns engaged in a commercial enterprise as employees of the State for purposes of the State Tort Liability Act and allowing the Department of Education to use revenue generated from school commercial enterprises.

Your Committee received testimony in support of this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3092, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1996-22 Finance on S.B. No. 2280**

The purpose of this measure is to permit dental assistants to perform limited, essential duties under the general supervision of a licensed dentist in public health settings.

Your Committee received testimony in support of this measure from the Department of Health, Board of Dentistry, Hawai'i Children's Action Network Speaks!, Hawai'i Oral Health Coalition, AlohaCare, and Hawaii Dental Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2280, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1997-22 Finance on S.B. No. 3367**

The purpose of this measure is to establish and appropriate funds for an Early Lung Cancer Screening Task Force to research what steps and resources are necessary to increase early lung cancer screening in Hawaii.

Your Committee received testimony in support of this measure from the University of Hawai'i Cancer Center, John A. Burns School of Medicine, Hawaii Medical Association, and Hawai'i Primary Care Association. Your Committee received comments on this measure from the Department of Human Services, Department of Health, Department of Budget and Finance, State Procurement Office, Hawai'i Public Health Association, American Lung Association in Hawai'i, Papa Ola Lōkahi, and Hawai'i Public Health Institute.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3367, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1998-22 Finance on S.B. No. 2624**

The purpose of this measure is to establish and fund:

- (1) A Telehealth Pilot Project to provide telehealth medical services at two distinct project sites in medically underserved areas; and
- (2) A Rural Health Care Pilot Project to assist residents in three distinct rural areas, one each on the islands of Maui, Molokai, and Lanai.

Your Committee received testimony in support of this measure from the John A. Burns School of Medicine at the University of Hawai'i at Mānoa, Hawaii Substance Abuse Coalition, The Queen's Health Systems, Hawaii Medical Association, and one individual. Your Committee received comments on this

measure from the Department of Budget and Finance; Disability and Communication Access Board; Hawaii State Council on Mental Health; Hawai'i State Center for Nursing; Hawaii Primary Care Association; Hawaii Psychiatric Medical Association; and Molokai Ohana Health Care, Inc., dba Molokai Community Health Center.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2624, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 1999-22 Finance on S.B. No. 2144**

The purpose of this measure is to require the Office of Enterprise Technology Services, in consultation with the Disability and Communication Access Board and a working group comprised of stakeholders, to develop and publish, and periodically review and update, electronic information technology accessibility standards to be implemented by all state entities.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Executive Office on Aging, Hawaii State Committee of Blind Vendors, National Federation of the Blind of Hawaii, and ten individuals. Your Committee received comments on this measure from the Disability and Communication Access Board, Office of Enterprise Technology Services, and Assistive Technology Resource Centers of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2144, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 2000-22 Finance on S.B. No. 1138**

The purpose of this measure is to:

- (1) Establish the annual expenditure ceiling of the Office of Healthcare Assurance Special Fund through the state budget process, to offset increasing operational expenses that include contracts to implement a new management information system and background checks system, as well as diminish dependence on the general fund; and
- (2) Authorize the Director of Health to approve emergency spending beyond the established budget ceiling.

Your Committee received testimony in support of this measure from the Department of Health and one individual.

Your Committee has amended this measure by:

- (1) Removing the authorization for emergency spending beyond the established budget ceiling for the Office of Healthcare Assurance Special Fund (Special Fund);
- (2) Clarifying the establishment of the annual expenditure ceiling of the Special Fund through the state budget process by:
  - (A) Repealing the statutory expenditure ceiling and cap for the Special Fund; and
  - (B) Inserting an appropriation out of the Special Fund to complete the Health Care Facility Management System project; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1138, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1138, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 2001-22 Finance on S.B. No. 2670**

The purpose of this measure is to:

- (1) Establish and fund a Hawaii State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission to provide for a statewide program on the status of lesbian, gay, bisexual, transgender, queer, plus individuals in the State; and
- (2) Require and fund each county mayor to appoint a county committee on the status of lesbian, gay, bisexual, transgender, queer, plus individuals.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Stonewall Caucus of the Democratic Party of Hawai'i, Pride at Work Hawai'i, Rainbow Family 808, North Shore Ko'olau Diversity Collective, Hawai'i State AFL-CIO, Common Cause Hawaii, Hawaii Rainbow Chamber of Commerce, Hawai'i Health & Harm Reduction Center, The Lavender Clinic, Americans For Democratic Action Hawai'i, IATSE Local 665, and twelve individuals. Your Committee received comments on this measure from the Department of Human Services and Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Removing the Executive Director position of the Commission;
- (2) Removing the requirement that each county mayor appoint a county committee on the status of lesbian, gay, bisexual, transgender, queer, plus affairs; and
- (3) Removing the appropriations; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2670, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2670, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 2002-22 Finance on S.B. No. 3168**

The purpose of this measure is to expand regulatory exemptions for Ohana Zones Pilot Program contracts, extend the sunset date of the pilot program, and appropriate funds for the pilot program.

Your Committee received testimony in support of this measure from AARP Hawai'i, Partners in Care, Opportunity Youth Action Hui, Hawai'i Appleseed Center for Law and Economic Justice, Hawaiian Community Assets, Hawaii Community Lending, Young Democrats of Hawai'i, and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of the Attorney General, Department of Land and Natural Resources, Department of Budget and Finance, Department of Human Services, Hawai'i Emergency Management Agency, Office of Planning and Sustainable Development, Catholic Charities Hawai'i, and Hawaii Habitat for Humanity Association.

Your Committee has amended this measure by:

- (1) Inserting a preamble to demonstrate the need for the expansion of regulatory exemptions for Ohana Zones Pilot Program contracts;
- (2) Removing certain regulatory exemptions, thereby subjecting Ohana Zones Pilot Program contracts to:
  - (A) The counties' authority to remove debris, or enforce any private responsibility to remove debris, from channels, shores, and beaches;
  - (B) Certain conditions for county building permit and building code exemptions for agricultural buildings and structures;
  - (C) Laws related to the disposition of public lands;
  - (D) Laws related to the Department of Human Services;
  - (E) Laws related to coastal zone management; and
  - (F) Public works wage and hour laws;
- (3) Providing that no contract or structures constructed pursuant to the Pilot Program shall be exempt from county, state, or federal floodplain management development standards, statutes, codes, ordinances, rules, or regulations with which compliance is required under the National Flood Insurance Program;
- (4) Removing the provision that required the State to be the payor of last resort for all expenses related to the Ohana Zones Pilot Program; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3168, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3168, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (McDermott).

**SCRep. 2003-22 Finance on S.B. No. 3075**

The purpose of this measure is to resolve certain payment issues related to franchise tax collections deposited into the Compliance Resolution Fund by:

- (1) Ensuring that the statutorily-mandated \$2,000,000 franchise tax payment is credited in full to the Compliance Resolution Fund for use by the Division of Financial Institutions of the Department of Commerce and Consumer Affairs; and
- (2) Specifying that if franchise tax collections are insufficient, income tax collections will be used to ensure \$2,000,000 is deposited into the Compliance Resolution Fund.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of the Attorney General, Department of Taxation, Tax Foundation of Hawaii, and Hawaii Financial Services Association.

Your Committee has amended this measure by:

- (1) Removing provisions that would have amended the income tax laws under chapter 235, Hawaii Revised Statutes;
- (2) Clarifying that if revenues from the franchise tax are insufficient, revenues from the income tax shall be used to ensure \$2,000,000 is deposited into the Compliance Resolution Fund; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3075, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3075, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, McDermott).

**SCRep. 2004-22 Finance on S.B. No. 2379**

The purpose of this measure is to authorize the Special Enforcement Section of the Department of Taxation to:

- (1) Examine any sector of the State's economy;
- (2) Initiate civil investigations to ensure proper payment of all taxes due;
- (3) Use enforcement and education to deter and prevent non-compliance with state taxation laws; and
- (4) Refer and recommend cases or examinations of segments of the economy to Department of Taxation auditors.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2379, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2379, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 2005-22 Finance on S.B. No. 2599**

The purpose of this measure is to amend the tax credit for research activities by:

- (1) Adding a cap for an eligible taxpayer and its related entities per taxable year;
- (2) Consolidating the survey and certification requirements for the tax credit;
- (3) Increasing the annual aggregate cap; and
- (4) Requiring certification on a first-come, first-served basis, to be determined on the date a complete application is received.

Your Committee received testimony in support of this measure from Oceanit; Nalu Scientific, LLC; and two individuals. Your Committee received comments on this measure from the Department of Taxation; Department of Business, Economic Development, and Tourism; Department of Budget and Finance; Hawai'i Technology Development Corporation; Makai Ocean Engineering; and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that the tax credit shall not be eligible for research that has been funded through tax exempt receipts, such as a grant or forgivable loan;
- (2) Changing the cap for an eligible taxpayer and its related entities per taxable year and the annual aggregate cap for all taxpayers to unspecified amounts; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2599, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2599, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 2006-22 Finance on S.B. No. 2767**

The purpose of this measure is to make a one-time appropriation to the Department of Land and Natural Resources to bring the State's program of fish aggregation devices up to full capacity.

Your Committee received testimony in support of this measure from four individuals. Your Committee received testimony in opposition to this measure from the Beach Environmental Awareness Campaign Hawaii. Your Committee received comments on this measure from the Department of Land and Natural Resources; Department of Budget and Finance; and Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2767, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2767, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 15. Noes, none. Excused, none.

**SCRep. 2007-22 Finance on S.B. No. 2768**

The purpose of this measure is to:

- (1) Authorize the Governor to designate the Department of Land and Natural Resources to administer or enter into an agreement for the administration of a green jobs youth corps to provide temporary work and training opportunities in the fields of natural resource management, agriculture, or other sustainability-related professions to young adults ages thirty-eight and younger; and
- (2) Require the Department to partner with an organization that has received accreditation from the Corps Center of Excellence Accreditation Program or has at least ten years of experience providing similar programming statewide in the State, or both.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii State Energy Office, Kua'āina Ulu 'Auamo, Hawaii Fish Company Inc., Climate Protectors Hawaii, The Nature Conservancy - Hawai'i and Palmyra, Kupu, Re-use Hawai'i, 350Hawaii.org, HT Hayashi Foundation, Beach Environmental Awareness Campaign Hawai'i, Kauai Women's Caucus, and sixteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2768, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2768, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

**SCRep. 2008-22 Finance on S.B. No. 3134**

The purpose of this measure is to streamline the process for completing the Department of Land and Natural Resources' required annual payment of debt service on the reimbursable general obligation bonds that financed the Turtle Bay conservation easement.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee has amended this measure by changing its effective date to upon its approval.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3134, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3134, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 2009-22 Finance on S.B. No. 3330**

The purpose of this measure is to require and appropriate funds for the Department of Land and Natural Resources to establish and conduct a three-year Pupukea Marine Life Conservation District Carrying Capacity Pilot Program.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition, Kua'āina Ulu 'Auamo, Friends of Hanauma Bay, Mālama Pūpūkea-Waimea, Surfrider Foundation - Hawai'i Region, Center for Biological Diversity, and eighteen individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3330, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3330, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 2010-22 Finance on S.B. No. 3379**

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources for a ports-of-entry biosecurity program.

Your Committee received testimony in support of this measure from the Department of Health, Department of Transportation, Department of Land and Natural Resources, Coordinating Group on Alien Pest Species, Hawai'i Farm Bureau, Hawaii Cattlemen's Council, and one individual. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committee has amended this measure by changing its effective date to July 1, 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3379, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3379, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 2011-22 Finance on S.B. No. 573**

The purpose of this measure is to require all habitat conservation plans to include an agreement for plan participants to enter into and maintain an annual service contract with a stand-by and response facility available to provide emergency medical and rehabilitation services to native wildlife affected by activities undertaken within the plan area.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, one member of the Hawai'i County Council, Hawai'i Wildlife Center, Save Our Shearwaters, and numerous individuals.

Your Committee has amended this measure by:

- (1) Changing its effective date to upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purpose of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 573, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 573, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 2012-22 Finance on S.B. No. 2398**

The purpose of this measure is to:

- (1) Create the Pulehunui Community Development District to allow for planning, development, and maintenance of public lands in Pulehunui, Maui; and
- (2) Amend the Hawaii Community Development Authority membership to include the Director of Business, Economic Development, and Tourism; Chairperson of the Board of Land and Natural Resources; and director of the department of planning and permitting of each county, or their respective designees, in which a community development district is located.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Hawaiian Home Lands, Hawaii Community Development Authority, and League of Women Voters of Hawaii.

Your Committee has amended this measure by:

- (1) Changing its effective date to upon approval; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2398, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2398, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 2013-22 Finance on S.B. No. 3179**

The purpose of this measure is to appropriate funds for:

- (1) The Department of Land and Natural Resources' Division of Forestry and Wildlife to assist with feral axis deer herd population management on the islands of Maui, Molokai, and Lanai;
- (2) Three full-time equivalent (3.0 FTE) technician positions to assist in managing new and existing hunting areas, assist with injured deer, distribute traps to control nuisance deer, and work with ranchers to establish hunting programs or control work on ranchlands; and
- (3) The purchase of certain equipment to assist the technicians in carrying out their duties.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, The Nature Conservancy, Maui Chamber of Commerce, and five individuals. Your Committee received testimony in opposition to this measure from the Molokai Hunting Club and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Budget and Finance, The Molokai Bowhunters Club, Kualapu'u Ranch, Farm Bureau - Molokai Chapter, and five individuals.

Your Committee has amended this measure by:

- (1) Requiring the Department of Land and Natural Resources' Division of Forestry and Wildlife to adopt rules and issue funds to licensed hunters at a per unit rate for feral axis deer herd management; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3179, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3179, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 2014-22 Finance on S.B. No. 2021**

The purpose of this measure is to:

- (1) Establish twenty percent of the net receipts from the public land trust, or \$15,100,000, whichever is greater, as the Office of Hawaiian Affairs' annual pro rata share of the income and proceeds of the public land trust beginning in fiscal year 2022-2023;
- (2) Require departments, agencies, or entities that collect receipts from public land trust lands, including the University of Hawaii, to determine and transfer to the Office of Hawaiian Affairs that portion of their net receipts from the public land trust collected during each fiscal quarter necessary to ensure that twenty percent of the net receipts from the public land trust, or \$3,775,000, whichever is greater, is transferred to the Office of Hawaiian Affairs within thirty days of the close of each fiscal quarter, beginning in fiscal year 2022-2023;
- (3) Require departments, agencies, or entities to transfer an unspecified amount from their net receipts from the public land trust collected during fiscal year 2022-2023 to the Office of Hawaiian Affairs;
- (4) Require the Director of Finance or the Director's designee to:
  - (A) Determine the total amount of receipts transferred by any department, agency, or entity that collects receipts from the lands within the public land trust to the Office of Hawaiian Affairs during the immediately prior fiscal quarter; and
  - (B) If the total amount of receipts transferred to the Office of Hawaiian Affairs is less than \$3,775,000 in the immediately prior fiscal quarter, to make up the difference between \$3,775,000 and the amount of receipts transferred in the immediately prior fiscal quarter by establishing the additional amount of receipts that each agency must transfer to the Office of Hawaiian Affairs; and
- (5) Transfer to the Office of Hawaiian Affairs the balance of funds contained in the Carry-Forward Trust Holding Account to pay the Office of Hawaiian Affairs amounts received from the public land trust between July 1, 2021, through June 30, 2022.

Your Committee received testimony in support of this measure from the Makaha Hawaiian Civic Club and four individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources, Center for Hawaiian Sovereignty Studies, Ko'olauloa Hawaiian Civic Club, The Mama Loa Foundation, and one individual. Your Committee received comments on this measure from the Department of Transportation; Department of Budget and Finance; Department of Agriculture; Department of the Attorney General; Office of Hawaiian Affairs; University of Hawai'i System; one member of the Honolulu City Council; Hui Ho'omalu I Ka 'Aina; Ke One O Kakuhihewa; Kūpuna for the Mo'opuna; Hawai'i Alliance for Progressive Action; Hawaiian Affairs Caucus of the Democratic Party of Hawai'i; Native Hawaiian & Pacific Islander COVID-19 Hawai'i Response, Recovery, and Resilience Team; Kamehameha Schools; Ko'olau Foundation; Ali'i Pauahi Hawaiian Civic Club; Kanu o ka Aina; Kahikinui Hawaiian Homestead Association; and numerous individuals.

Your Committee has amended this measure by:

- (1) Establishing twenty percent of all funds derived, rather than net receipts, from the public land trust, or \$21,500,000 whichever is greater, as the Office of Hawaiian Affairs' annual pro rata share of the income and proceeds of the public land trust beginning in fiscal year 2022-2023;
- (2) Removing the substantive provisions regarding the determination and transfer of net receipts from public land trust lands;
- (3) Establishing a working group to determine the subsequent annual pro rata share on income and proceeds from the public land and past due amounts to the Office of Hawaiian Affairs for the period from July 1, 2012, to June 30, 2022;
- (4) Inserting an amount of \$31,000,000 to be appropriated out of the Carry-Forward Trust Holding Account;
- (5) Making it effective upon its approval; and

(6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee intends for the amount of \$21,500,000 to serve as the Office of Hawaiian Affairs' interim annual pro rata share of the income and proceeds of the public land trust beginning in fiscal year 2022-2023 while the working group determines a more appropriate amount to recommend to the Legislature. Your Committee notes that this measure appropriates funds out of the Carry-Forward Trust Holding Account established by the Director of Finance pursuant to Governor's Executive Order No. 06-06, but also tasks the working group with determining any further past due sum owed to the Office of Hawaiian Affairs for the period from July 1, 2012, to June 30, 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2021, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2021, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Branco, McDermott).

#### **SCRep. 2015-22 Finance on S.B. No. 3114**

The purpose of this measure is to:

- (1) Establish a \$25 fee for all licenses to solemnize a marriage, to be deposited into the Vital Statistics Improvement Special Fund;
- (2) Require the Department of Health to account for the collection and deposit of the fee into the Vital Statistics Improvement Special Fund; and
- (3) Repeal certain provisions, including those regarding fees, related to obtaining a license to solemnize civil marriage ceremonies.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee has amended this measure by changing its effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3114, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3114, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Branco, McDermott).

#### **SCRep. 2016-22 Finance on S.B. No. 416**

The purpose of this measure is to:

- (1) Clarify the applicable expert witness fees in state criminal cases; and
- (2) Increase per diem payments for other witnesses required to travel and stay overnight to attend a state court or grand jury in any criminal case.

Your Committee received testimony in support of this measure from the Office of the Public Defender and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 416, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 416, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Branco, McDermott).

#### **SCRep. 2017-22 Finance on S.B. No. 1121**

The purpose of this measure is to exempt all gross proceeds arising from the planning, design, financing, or construction of any housing development by the Department of Hawaiian Home Lands from general excise taxes.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Department of Hawaiian Home Lands, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that the general excise tax exemption applies only to housing development on homestead lands;
- (2) Requiring the Department of Hawaiian Home Lands to adopt rules necessary to carry out the purposes of this measure;
- (3) Additionally exempting the gross proceeds and imposition of tax on imported property and services arising from the planning, design, financing, or construction of any housing development by the Department of Hawaiian Home Lands from the use tax; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1121, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1121, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 2018-22 Finance on S.B. No. 2623**

The purpose of this measure is to prohibit lessees who sell or transfer their interest in a Hawaiian home lands tract from being placed on the waiting list maintained by the Department of Hawaiian Home Lands for an additional lease.

Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2623, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2623, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Marten). Noes, 3 (Eli, Perruso, Tam). Excused, 2 (Branco, McDermott).

**SCRep. 2019-22 Finance on S.B. No. 2663**

The purpose of this measure is to alter the filing fee schedules for actions to determine father and child relationships to achieve parity with divorce cases by:

- (1) Establishing an initial filing fee of \$100; and
- (2) Eliminating the filing fee to file motions.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and Health Committee of the Democratic Party of Hawai'i.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2663, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2663, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Branco, McDermott).

**SCRep. 2020-22 Finance on S.B. No. 3189**

The purpose of this measure is to:

- (1) Amend the offenses of promoting gambling in the first and second degree to a class B felony and class C felony, respectively; and
- (2) Exclude the offenses of promoting gambling in the first and second degree from qualifying for deferred acceptance of guilty plea or nolo contendere plea.

Your Committee received testimony in support of this measure from eight individuals. Your Committee received testimony in opposition to this measure from the American Civil Liberties Union of Hawai'i and one individual. Your Committee received comments on this measure from the Office of the Public Defender and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3189, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3189, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (B. Kobayashi, Todd). Noes, 1 (Perruso). Excused, 2 (Branco, McDermott).

**SCRep. 2021-22 Finance on S.B. No. 2963**

The purpose of this measure is to:

- (1) Require state facilities, with the exception of smaller facilities, to implement cost-effective energy efficiency measures;
- (2) Direct the Hawaii State Energy Office to collect all state-owned facilities' utility bill and energy usage data and make this data publicly available;
- (3) Provide that certain agencies that perform energy efficiency retrofitting may continue to receive a certain amount of budget appropriations for energy expenditures; and
- (4) Beginning July 1, 2023, require, where feasible and cost-effective, the design of all new state building construction to maximize energy and water efficiency and energy generation potential and use building materials that reduce the carbon footprint of the project.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Hawaii State Energy Office, Uluopono Initiative, Hawai'i Energy, and one individual. Your Committee received comments on this measure from the Department of Transportation, Climate Protectors Hawai'i, and 350Hawaii.org.

Your Committee has amended this measure by:

- (1) Removing the provision that certain agencies that perform energy efficiency retrofitting may continue to receive appropriations for energy expenditures;
- (2) Changing the effective date to July 1, 2022; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2963, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2963, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 2022-22 Finance on S.B. No. 3195**

The purpose of this measure is to appropriate funds to the Department of Hawaiian Home Lands for the investigation, exploration, and identification of geothermal resources on Hawaiian home lands.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Hawaii State Energy Office, Sustainable Energy Hawaii, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2022; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3195, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3195, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 2023-22 Finance on S.B. No. 2473**

The purpose of this measure is to:

- (1) Transfer the administrative attachment of the Agribusiness Development Corporation from the Department of Agriculture to the Department of Business, Economic Development, and Tourism;
- (2) Amend the focus, scope, responsibilities, and powers of the Agribusiness Development Corporation;
- (3) Amend the requirements and responsibilities of the Board of Directors of the Agribusiness Development Corporation;
- (4) Specify the required contents of the Hawaii Agribusiness Plan; and
- (5) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Agribusiness Development Corporation; and one member of the Hawai'i County Council. Your Committee received testimony in opposition to this measure from Pono Hawai'i Initiative, Ka Ohana O Na Pua, Kauai Women's Caucus, Hawai'i Alliance for Progressive Action, Rooted Kekahi Me Ka Aina, Hawai'i SEED, Hawai'i Food+ Policy, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Agriculture, and Hawai'i Farm Bureau.

Your Committee has amended this measure by:

- (1) Specifying that the Hawaii Agribusiness Plan include strategies for federal, state, county, and community stakeholder actions that will promote the development and enhancement of Hawaii's agricultural industries;
- (2) Clarifying that the goals of the Hawaii Agribusiness Plan shall have objectives and measurable outcomes that prioritize local food production from the Agribusiness Development Corporation's leases and licenses;
- (3) Changing the appropriations to unspecified amounts;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2473, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2473, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Perruso, McDermott).

#### **SCRep. 2024-22 Finance on S.B. No. 2837**

The purpose of this measure is to:

- (1) Establish and appropriate funds into and out of the Spay and Neuter Special Fund for cat spaying and neutering surgery and associated veterinary care;
- (2) Allow funds from an income tax check-off to be deposited into the Spay and Neuter Special Fund;
- (3) Require the Department of Land and Natural Resources, in collaboration with animal welfare groups and organizations, to conduct a point-in-time count of feral cats per main island by June 30, 2023; and
- (4) Require the Department of Land and Natural Resources to submit a report regarding the point-in-time count to the Legislature prior to the Regular Session of 2024.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawaii, Hawai'i Reef and Ocean Coalition, Hawaiian Monk Seal Preservation Ohana, Animal Rights Hawai'i, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Budget and Finance, American Bird Conservancy, Hui Ho'omalua i ka 'Aina, Maui Nui Seabird Recovery Project, Big Island Invasive Species Committee, Center for Biological Diversity, Kauai Albatross Network, and numerous individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Land and Natural Resources, Department of Taxation, Animal Interfaith Alliance in Britain, Tax Foundation of Hawaii, Hawaiian Humane Society, and seven individuals.

Your Committee has amended this measure by:

- (1) Specifying that the Department of Land and Natural Resources, in collaboration with animal welfare groups and organizations, shall plan a count of free-roaming cats per main island and submit a report to the Legislature prior to the convening of the Regular Session of 2023;
- (2) Appropriating an unspecified amount for the Department of Land and Natural Resources to plan for the count of free-roaming cats per main island; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2837, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2837, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Branco, Perruso). Noes, 6 (Holt, B. Kobayashi, Sayama, Tam, Todd, Wildberger). Excused, none.

**SCRep. 2025-22 Finance on S.B. No. 2782**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (1) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee has amended this measure by:

- (1) Inserting the appropriate figures for fiscal biennium 2021-2023 based upon the ratified collective bargaining agreement for collective bargaining unit (1), as indicated in Governor's Message No. 6, 2022;
- (2) Making it effective upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2782, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2782, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 2026-22 Finance on S.B. No. 2790**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (9) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, University of Hawai'i System, and Hawaii Health Systems Corporation. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2790, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2790, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 2027-22 Finance on S.B. No. 3289**

The purpose of this measure is to establish the Hawaii Retirement Savings Program, a state-facilitated payroll-deduction retirement savings plan for private sector employees in Hawaii who do not have access to employer-sponsored retirement plans.

Your Committee received testimony in support of this measure from Common Cause Hawaii; Catholic Charities Hawai'i; Hawai'i Restaurant Association; Maui Chamber of Commerce; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; AARP Hawai'i; Policy Advisory Board for Elder Affairs; Hawai'i Primary Care Association; Hawai'i Public Health Institute; National Conference on Public Employee Retirement Systems; Adult Foster HomeCare Association of Hawaii; Alliance of Residential Care Administrators; and sixteen individuals. Your Committee received testimony in opposition to this measure from the American Council of Life Insurers, National Association of Insurance and Financial Advisors Hawaii, and two individuals. Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, Department of Labor and Industrial Relations, Executive Office on Aging, Tax Foundation of Hawaii, Hawaiian Community Assets, Hawai'i Community Lending, and Retail Merchants of Hawaii.

Your Committee has amended this measure by:

- (1) Specifying that a covered employer is any person who is in business in the State, rather than any person who has been in business in the State for more than two years;
- (2) Removing the authorization for the Hawaii Retirement Savings Board to enter into service contracts with the Employees' Retirement System;
- (3) Authorizing, rather than requiring, the Hawaii Retirement Savings Board to:
  - (A) Develop and disseminate information to educate covered employees;
  - (B) Determine the time frame for development and implementation of the Hawaii Retirement Savings program (Program);
  - (C) Conduct a detailed implementation and evaluation study;
  - (D) Determine the level of staffing necessary for the Program; and
  - (E) Adopt rules and making the inclusion of rules governing certain subjects discretionary, rather than mandatory;
- (4) Authorizing, rather than requiring, the Department of Labor and Industrial Relations to adopt rules to govern the actions of the Hawaii Retirement Savings Board;
- (5) Clarifying when the annual audits shall begin;
- (6) Inserting an appropriation amount of \$1,255,000 for the implementation and operation of the Program, including the hiring of an Executive Director exempt from civil service and collective bargaining laws, a Program Specialist, and an Office Assistant;
- (7) Inserting an appropriation of \$1,000,000 for outreach and education on the Program;
- (8) Providing seed money of \$25,000,000 to be deposited into and appropriated out of the Hawaii Retirement Savings Special Fund to authorize a state match of \$500 for the first 50,000 participants who opt in to the Program;

- (9) Making it effective upon its approval; provided that the appropriations take effect on July 1, 2022; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3289, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3289, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 2028-22 Higher Education & Technology on S.C.R. No. 12**

The purpose of this measure is to urge the Hawaii Broadband and Digital Equity Office to prioritize access to broadband services in rural areas throughout the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Common Cause Hawaii; and Hawaiian Telcom.

Your Committee finds that the ongoing COVID-19 pandemic highlights the significant need for access to broadband services in rural areas throughout Hawaii. Your Committee further finds that the importance of access to broadband service has only increased during the pandemic, including the ability to work and learn remotely; access to medical care through telehealth services; access to government services, such as filing unemployment claims, obtaining supplemental nutrition benefits, and securing vital records; and the ability to register for COVID-19 testing and vaccinations.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 12, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 5 (Gates, Quinlan, Woodson, Yamane, Okimoto).

#### **SCRep. 2029-22 Higher Education & Technology on S.C.R. No. 120**

The purpose of this measure is to urge the Public Utilities Commission to consider and adopt an efficient, streamlined process to review requests made by electric utilities under section 269-19, Hawaii Revised Statutes, to provide middle mile broadband services in furtherance of the State's efforts to expedite broadband access and equity, facilitate digital equity, and promote expeditious broadband deployment to areas of the State that are unserved and underserved.

Your Committee received testimony in support of this measure from Hawaiian Electric Company and Ocean Networks, Inc. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, and Hawaiian Telcom.

Your Committee finds that existing regulated public utilities are able to provide foundational, diverse middle mile broadband services to internet service providers and other third parties without duplicating efforts or congesting rights-of-way or view planes, allowing electric utilities and internet service providers to partner together for the common good.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 120, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Quinlan, Woodson, Okimoto).

#### **SCRep. 2030-22 Higher Education & Technology on S.C.R. No. 25**

The purpose of this measure is to recognize October 3 through October 7, 2022, as Digital Inclusion Week in Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Hawaii State Public Library System. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that digital equity ensures that all individuals and communities have the information technology capacity needed to take part fully in society, the economy, and democratic government, which is necessary for civic and cultural participation, distance learning and remote working, and access to essential services like telemedicine. This measure will help to raise awareness of the need for digital equity and to promote digital inclusion in the State.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 25, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Quinlan, Woodson, Okimoto).

#### **SCRep. 2031-22 Higher Education & Technology on S.C.R. No. 35**

The purpose of this measure is to request the University of Hawaii - West Oahu to re-establish its partnership with the University of Hawaii at Hilo to provide a nursing program similar to the Ike Maui Ola program and a pathway for students attending the University of Hawaii - West Oahu who are interested in pursuing a nursing career.

Your Committee received comments on this measure from the University of Hawaii'i System and Hawaii'i State Center for Nursing.

Your Committee finds that in Fall 2015, the University of Hawaii - West Oahu partnered with the University of Hawaii at Hilo to launch the Ike Maui Ola program, an innovative new pathway for students interested in pursuing a nursing career; however, the program was canceled in 2017. Your Committee further finds that the COVID-19 pandemic highlighted the State's significant nursing shortage and had the University of Hawaii - West Oahu maintained its partnership with the University of Hawaii at Hilo, more nurses would likely have been available to care for patients during the onset of the pandemic. This measure seeks to provide additional avenues for interested students at the University of Hawaii - West Oahu to pursue a career in nursing.

Your Committee has amended this measure by:

- (1) Requesting the University of Hawaii - West Oahu to partner with the University of Hawaii at Hilo or University of Hawaii at Manoa to provide a nursing program similar to the Ike Maui Ola program;
- (2) Changing its title to reflect its amended purpose;

- (3) Adding the Provost of the University of Hawaii at Manoa, Chancellor of the University of Hawaii - West Oahu, and Chancellor of the University of Hawaii at Hilo as recipients of certified copies of the measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 35, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 35, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Quinlan, Woodson, Okimoto).

#### **SCRep. 2032-22 Higher Education & Technology on S.C.R. No. 41**

The purpose of this measure is to request the Hawaii Broadband and Digital Equity Office of the Department of Business, Economic Development, and Tourism to conduct a data mapping study to identify geographically underserved and unserved areas in the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the State has the responsibility to provide equitable access to broadband internet and service for residents as opportunities continue to arise in the areas of teleworking, distance learning, and telehealth. However, the experiences of Hawaii residents in rural areas, such as Hawaii island, Molokai, and Hana, Maui, demonstrate that the Federal Communications Commission's data maps lack information, data, and geographical knowledge regarding underserved and unserved communities in Hawaii. This measure seeks more accurate data maps to identify and assist areas in the State that are underserved and unserved with quality broadband connectivity.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 41, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Quinlan, Woodson, Okimoto).

#### **SCRep. 2033-22 Labor & Tourism on S.C.R. No. 27**

The purpose of this measure is to request the Office of Enterprise Technology Services to conduct a feasibility study on the development of a statewide interagency system for filing and maintaining documents required of individuals and organizations accessing government services online.

Your Committee received testimony in support of this measure from the Department of Human Services, Office of Enterprise Technology Services, Hawai'i Alliance of Nonprofit Organizations, Hawai'i Children's Action Network Speaks!, Parents and Children Together, Transform Hawai'i Government, and one individual. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee finds that many government services and programs require personal information for online access privileges and require documentation to be uploaded in certain instances. The same information often must be uploaded numerous times to access online services at different times or to access different services.

Your Committee further finds that a statewide interagency system for filing and maintenance of documents required to access government services online would improve efficiency and user experience. The Office of Enterprise Technology Services is uniquely positioned to study and implement such a system.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 27, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Belatti, Okimoto).

#### **SCRep. 2034-22 Corrections, Military, & Veterans on S.C.R. No. 37**

The purpose of this measure is to express support for the naming of a United States Navy surface combatant ship after Fireman Second Class and Congressional Medal of Honor Recipient Telesforo Trinidad.

Your Committee did not receive any testimony on this measure.

Your Committee finds that Telesforo Trinidad earned the Medal of Honor for showing extraordinary heroism in the line of duty in response to boiler explosions aboard the USS San Diego while the ship was in the Gulf of California on January 21, 1915. Your Committee further finds that the naming of a Navy ship in honor of Mr. Trinidad, an American national of Filipino descent, would demonstrate the Navy's leadership and commitment to diversity, equality, and inclusion amid current racial tensions and would also mark the seventy-fifth anniversary of the establishment of diplomatic relations between the United States and the Republic of the Philippines and the seventieth anniversary of the Mutual Defense Treaty between the two countries.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 37, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 2035-22 Water & Land on S.C.R. No. 201**

The purpose of this measure is to strongly urge the United States Army Corps of Engineers to work with the Department of Land and Natural Resources to mitigate negative impacts to corals and other important coral reef resources while dredging in state waters.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Friends of Hanauma Bay, and two individuals.

Your Committee finds that coral reefs are vital to the health of Hawaii's fragile coastal ecosystem. In order to protect precious marine resources such as coral reefs, the Department of Land and Natural Resources has established a framework for prevention and mitigation, including administrative, criminal, and civil penalties for the destruction of corals and live rock. This measure seeks the cooperation of the United States Army Corps of Engineers in mitigating any adverse effects on corals and other important coral reef resources while dredging in state waters.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 201 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

**SCRep. 2036-22 Water & Land on S.C.R. No. 204**

The purpose of this measure is to request the Department of Planning and Permitting of the City and County of Honolulu to publish on its website all decisions regarding waivers and variances.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that the Director of Planning and Permitting of the City and County of Honolulu has the authority to grant or deny waivers of and variances to building and land-use requirements. These decisions affect communities and the quality of life of residents. However, the existing process for granting or denying waivers and variances lacks transparency because documents pertaining to those decisions are not readily accessible to members of the public.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 204, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

**SCRep. 2037-22 Water & Land on S.C.R. No. 176**

The purpose of this measure is to support the ongoing efforts by the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources to execute its priorities for Honokohau Small Boat Harbor as outlined in its improvement masterplan.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, two members of the Hawai'i County Council, Wee Guys Fishing Tournament, and one individual.

Your Committee finds that under the stewardship of the Division of Boating and Ocean Recreation, the Honokohau Small Boat Harbor has become a significant gathering place for the West Hawaii community. The Honokohau Small Boat Harbor sustains two hundred local businesses, making it the largest single contributor to West Hawaii's gross domestic product and generating \$2,000,000 directly to the State and over \$100,000,000 to Hawaii's gross domestic product annually.

Your Committee further finds that the Honokohau Small Boat Harbor improvement masterplan, which was developed with the assistance of the Honokohau Small Boat Harbor Working Group, should be implemented to address both current, immediate needs and future, long-term expansion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 176 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

**SCRep. 2038-22 Agriculture on S.C.R. No. 67**

The purpose of this measure is to request the Department of Agriculture to submit a report to the Legislature prior to the Regular Session of 2023 on pesticide inspections conducted within the past five years and strengthen statewide enforcement of restricted use pesticide requirements.

Your Committee received testimony in support of this measure from the Hawai'i Alliance for Progressive Action and three individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that failure to adhere to restricted use pesticide requirements poses a significant risk to public health and the environment. Your Committee also finds that despite federal and state regulations regarding restricted use pesticides, these pesticides continue to be misused within the State. By requesting the Department of Agriculture to submit a report on pesticide inspections and strengthen enforcement of restricted use pesticide requirements in the State, your Committee believes that this measure is crucial to protecting public health and ensuring public confidence in the State's oversight of pesticide use.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 67 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (Tokioka).

**SCRep. 2039-22 Agriculture on S.C.R. No. 76**

The purpose of this measure is to request the Board of Agriculture to establish a prohibition on unapproved residential uses of farm dwellings in agricultural parks and submit a report of its findings and recommendations to the Legislature prior to the Regular Session of 2023.

Your Committee received testimony in opposition to this measure from the Department of Agriculture.

Your Committee finds that agricultural parks are an essential component of the State's agricultural industry and the primary purpose of agricultural parks is for agricultural production. Your Committee further finds that this measure requests the Board of Agriculture to establish a prohibition on the unapproved residential use of farm dwellings on agricultural parks, which will help address numerous complaints that have been received from communities in or near agricultural parks regarding dust, noise, and other nuisances from the residential use of agricultural parks.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 76 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (Tokioka).

**SCRep. 2040-22 Agriculture on S.C.R. No. 169**

The purpose of this measure is to request the Department of Agriculture to develop and implement a process to certify privately owned and operated plant quarantine facilities to allow for increased capacity of plant quarantine facilities in the State.

Your Committee received testimony in support of this measure from the Hawaii Coffee Growers Association. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that one of the responsibilities of the Department of Agriculture's Plant Quarantine Branch is certifying plant quarantine facilities in the State, which are used to help prevent the introduction and spread of harmful pests and diseases, such as coffee leaf rust, into the State. Your Committee further finds that one solution to the spread of certain harmful pests and diseases is to replace existing plant stock with imported, resistant varieties; however, imported plant materials must be quarantined in state quarantine facilities or private, approved quarantine facilities, which are facilities that have received a certificate of approval from the Chief of the Plant Quarantine Branch. By requesting the Department of Agriculture to establish a process to certify privately owned and operated plant quarantine facilities, this measure seeks to increase the State's capacity to quarantine imported plant materials to address various plant pests and diseases that threaten the agricultural industry.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 169 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 2041-22 Agriculture on S.C.R. No. 172**

The purpose of this measure is to request the Department of Agriculture to expand quarantine facilities administered by the Plant Quarantine Branch and submit a report of its findings and recommendations to the Legislature prior to the Regular Session of 2023.

Your Committee received testimony in support of this measure from the Hawaii Coffee Growers Association and one individual. Your Committee received comments on this measure from the Department of Agriculture and one individual.

Your Committee finds that one of the responsibilities of the Department of Agriculture's Plant Quarantine Branch is certifying plant quarantine facilities in the State, which are used to help prevent the introduction and spread of harmful pests and diseases, such as coffee leaf rust, into the State. Your Committee further finds that one solution to the spread of certain harmful pests and diseases is to replace existing plant stock with imported, resistant varieties; however, imported plant materials must be quarantined in state quarantine facilities or private, approved quarantine facilities, which are facilities that have received a certificate of approval from the Chief of the Plant Quarantine Branch. By requesting the Department of Agriculture to expand the plant quarantine facilities managed by its Plant Quarantine Branch, this measure seeks to increase the State's capacity to quarantine imported plant materials to address various plant pests and diseases that threaten the agricultural industry.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 172 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 2042-22 Agriculture on S.C.R. No. 196**

The purpose of this measure is to urge the counties to strengthen their efforts to meaningfully enforce all laws, ordinances, and administrative rules regarding off-leash animals in public spaces to better protect the public and pet animals, including coordinating with county police departments, Department of Land and Natural Resources' Division of State Parks enforcement officers, and authorized humane societies or animal welfare organizations to enforce animal control in state parks and other public spaces.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and two individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that all counties require dogs to be on a leash in public areas, except in certain enclosed public off-leash dog parks. Your Committee further finds that a majority of state and county parks and recreation areas prohibit all pet animals generally; however, despite clearly posted signs prohibiting animals, many persons bring dogs to such areas, creating a potentially dangerous situation for park users who have a reasonable expectation that lawful prohibitions on animals will be enforced. Your Committee also finds that humane societies or other animal welfare organizations in each county are authorized to provide animal control, impoundment, and destruction services under certain circumstances, in coordination with county police departments for incidents involving dog attacks. However, the delineation of roles and enforcement authority among county police departments, state park enforcement authorities, and animal welfare organizations can be unclear and confusing.

Your Committee finds that increased education of the public concerning leash laws, sanctions for violations of prohibitions on animals in certain parks and recreation areas, possible civil and criminal penalties in the event of dog attacks, and the roles of county or state law enforcement authorities and humane society or other animal welfare organization control officers would increase public confidence in enforcement and make public areas safer. This measure urges the counties to strengthen their efforts to enforce laws, ordinances, and rules regarding off-leash animals in public spaces and coordinate animal control services, thereby safeguarding the public's health and safety.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 196 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 2043-22 Transportation on S.C.R. No. 138**

The purpose of this measure is to urge the City and County of Honolulu to celebrate the fiftieth anniversary of the Lanikai Bikeway and recognize the efforts of Ted Rodgers and Cynthia Thielen who led the efforts to establish it.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that the Lanikai Bikeway was created in response to the unsafe road conditions for bikers along Lanikai's narrow roadways. Because this community effort was organized and led by Ted Rodgers and Cynthia Thielen, an official recognition of their leadership and advocacy will serve as a permanent reminder of their tangible contributions to protecting the community.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 138, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 138, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Takumi).

**SCRep. 2044-22 Transportation on S.C.R. No. 167**

The purpose of this measure is to urge the Department of Transportation to convene an intergovernmental task force to recommend policy and provide guidance to assist the County of Hawaii in the establishment and formation of a metropolitan planning organization or a regional transportation planning organization.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that metropolitan planning organizations serve as a forum for collaboration among local communities and government agencies and allow for federal funds to support projects that increase access to opportunity and prosperity through improved multimodal pedestrian, bicycle, and transit options. Establishing a metropolitan planning organization for the County of Hawaii, should the County meet the population threshold, will improve the quality of transportation services for residents and visitors and help the County of Hawaii achieve its transportation goals.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 167, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 167, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Takumi).

**SCRep. 2045-22 Transportation on S.C.R. No. 136**

The purpose of this measure is to request the Department of Transportation to create pedestrian-safe routes and pathways that lead to and from places of residence in such a manner that adheres to the unique needs of the senior citizen population.

Your Committee received testimony in support of this measure from the Department of Transportation and Health Committee of the Democratic Party of Hawai'i.

Your Committee finds that access to pedestrian-safe walkways, pathways, roadways, and other means of travel are essential for the growing senior population in Hawaii. Therefore, to ensure the independent living capabilities of the State's senior population, the creation of pedestrian-safe routes and pathways that adhere to the unique needs of this population will further promote a healthy and safe quality of life for Hawaii's kupuna.

Your Committee has amended this measure by:

- (1) Amending its title in accordance with its amended purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 136, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 136, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Takumi).

**SCRep. 2046-22 Transportation on S.C.R. No. 193**

The purpose of this measure is to request the Department of Transportation Airports Division to develop a preliminary draft thermal screening and tracing camera repurpose plan for its five major airports.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that during the coronavirus disease 2019 pandemic, the State took several measures to ensure the safety of the State and its residents, including the purchase and use of thermal screening and tracing camera equipment at the State's five major airports. Because the thermal screening and tracing camera equipment maintenance contract will terminate at the end of June 2022, it would be fiscally responsible for the Department of Transportation Airports Division to find uses for the equipment for the betterment of the airports and traveling public.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 193 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Takumi).

**SCRep. 2047-22 Economic Development on S.C.R. No. 21**

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to conduct a study on the economic impacts of domestic out-of-state students.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that an October 2020 report by the Department of Business, Economic Development, and Tourism analyzed the impact of international students on the State's economy and estimated that international students contributed roughly \$185,000,000 to the State's economy in living expenses, tuition, and other economic activities. This report illustrated the powerful economic impact of international students in the State and brings to light the potential impact that domestic out-of-state students may have on the State's economy. This measure would expand on the information first identified in the 2020 report by focusing on the potential economic impact of domestic out-of-state students in the State.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 21, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

#### **SCRep. 2048-22 Economic Development on S.C.R. No. 22**

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to conduct a study on the "Made in Hawaii" and "Hawaii Made" brands and prepare a plan to encourage and enforce the use of those brands.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that as an integral part of the State's economic development strategy, the Legislature passed Act 2, Special Session Laws of Hawaii 2021, which created the "Hawaii Made" program for manufactured products to be administered by the Department of Business, Economic Development, and Tourism. However, there are concerns regarding an overlap of jurisdictional authority between the "Hawaii Made" program under the Department of Business, Economic Development, and Tourism and the "Made in Hawaii with Aloha" brand under the Department of Agriculture. Your Committee believes that clarification is required regarding the purpose, scope, and enforcement of the "Hawaii Made" and "Made in Hawaii" programs to better ensure the integrity of products produced in Hawaii.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 22, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 22, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

#### **SCRep. 2049-22 Energy & Environmental Protection on S.C.R. No. 233**

The purpose of this measure is to encourage the City and County of Honolulu to expand and improve services at the Waianae Convenience Center.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the Waianae Convenience Center, operated by the Department of Environmental Services Refuse Division of the City and County of Honolulu, serves the residents on the west side of Oahu in the disposal of bulky items and other waste. However, due to extreme wait times and other issues, residents are forced to drive with heavy loads of bulky items or other waste on or in their vehicles, creating unsafe conditions in transporting the bulky items. Therefore, it is essential to ensure that the Waianae Convenience Center is properly maintained and staffed as it continues to serve local residents.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 233 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2050-22 Energy & Environmental Protection on S.C.R. No. 106**

The purpose of this measure is to:

- (1) Request the Governor to establish an infrastructure task force, made up of relevant agencies and departments, to coordinate the use of federal funds for climate resilience and equity and to implement guidelines for state projects to ensure that they promote climate resilience and equity; and
- (2) Request the Governor and infrastructure task force to facilitate the application process for federal funding to advance the state's climate resilience and equity goals.

Your Committee received testimony in support of this measure from Climate Protectors Hawai'i, Sierra Club of Hawai'i, and one individual.

Your Committee finds that climate change is already affecting the State with the increased frequency of extreme weather events. Additionally, the damage and costs of climate change will continue to grow without appropriate public action. Therefore, it is essential that the State take additional steps to reduce its contributions to climate change, particularly for Hawaii's most vulnerable populations.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 106 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2051-22 Energy & Environmental Protection on S.C.R. No. 107**

The purpose of this measure is to urge the State and each county to adopt the Global Pact to achieve the United Nations Paris Agreement and the 2030 Development Agenda, including to specifically adopt the United Nations sustainable development goals numbers 13 through 17.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Climate Protectors Hawai'i, 350Hawaii.org, Hawai'i Institute for Human Rights, and Hawai'i Forest Industry Association.

Your Committee finds that the United Nations General Assembly adopted the 2030 Development Agenda, which includes seventeen sustainable development goals. Because certain sustainable development goals are vital and relevant to protecting the State's land and people, this measure urges the State and local government entities to adopt these goals as local policy and governing principles to further prioritize the balance and integrity of the State's fragile ecosystem.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 107 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2052-22 Energy & Environmental Protection on S.C.R. No. 57**

The purpose of this measure is to request the Governor to endorse the Ellen MacArthur Foundation and United Nations Environment Programme's New Plastics Economy Global Commitment.

Your Committee received testimony in support of this measure from Climate Protectors Hawai'i, Hawai'i Reef and Ocean Coalition, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

Your Committee finds that single-use plastics continue to threaten the State's health and environment. Adopting the New Plastics Economy Global Commitment would lessen the State's reliance on single-plastic products and limit plastic waste in the State.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 57, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2053-22 Energy & Environmental Protection on S.C.R. No. 94**

The purpose of this measure is to request the Hawaii State Energy Office to engage the United States Department of Energy to establish a permanent presence within the State of Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Commerce and Consumer Affairs; Hawaii Green Infrastructure Authority; Natural Energy Laboratory of Hawaii Authority; Hawaii Technology Development Corporation; Hawaii State Energy Office; Hawai'i Natural Energy Institute; Public Utilities Commission; Hawaiian Electric Company; and Hawai'i Gas.

Your Committee finds that the United States Department of Energy has had a long-established presence in Hawaii through partnerships with state and county agencies, the private sector, and local communities. Establishing a permanent presence for the United States Department of Energy in the State would further strengthen these partnerships and the promotion of clean energy in the State and throughout the Indo-Pacific region.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 94, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2054-22 Energy & Environmental Protection on S.C.R. No. 244**

The purpose of this measure is to engage, endorse, accept, and adopt the Aarhus Convention to achieve the United Nations Paris Agreement, 2030 Agenda for Sustainable Development, and Universal Declaration of Human Rights.

Your Committee received testimony in support of this measure from Climate Protectors Hawai'i and Hawai'i Institute for Human Rights.

Your Committee finds that the State is recognized as a global partner and local leader in promoting human rights. Guided by traditional Hawaiian values, the State exemplifies good governance and ensures participation in policymaking and the protection of the State's natural resources. The adoption of the Aarhus Convention will help the State further move toward achieving the goals of the United Nations Paris Agreement and 2030 Agenda for Sustainable Development.

Your Committee has amended this measure by:

- (1) Amending its title to make a technical, nonsubstantive amendment; and
- (2) Making other technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 244, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 244, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Todd).

#### **SCRep. 2055-22 Energy & Environmental Protection on S.C.R. No. 108**

The purpose of this measure is to affirm Hawaii's ongoing commitment to the goals of the Paris Climate Agreement and United Nations Sustainable Development Goals and endorsement of the Fossil Fuel Non-Proliferation Treaty.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, one member of the Maui County Council, Climate Protectors Hawai'i, 350Hawaii.org, Hawai'i Institute for Human Rights, Hawai'i Forest Industry Association, and three individuals.

Your Committee finds that human activities have accelerated global climate change, which represents one of the preeminent threats to the world. Additionally, the construction of new fossil fuel infrastructure and expanded reliance on fossil fuels expose communities to untenable risks to public health and safety at the local and global levels. Therefore, it is essential to commit to ambitious investments in green infrastructure to rapidly decarbonize the economy.

Your Committee has amended this measure by:

- (1) Amending its title to make technical, nonsubstantive amendments; and
- (2) Making other technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 108, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 108, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2056-22 Energy & Environmental Protection on S.C.R. No. 243**

The purpose of this measure is to engage, endorse, accept, and adopt the New York Declaration on Forests to achieve the United Nations Paris Agreement and 2030 Agenda for Sustainable Development, specifically Sustainable Development Goal 15, Life on Land.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Climate Protectors Hawai'i, and Hawai'i Institute for Human Rights.

Your Committee finds that the State's forests play a pivotal role in Hawaii's natural environment by providing watershed, soil, and habitat protection. While the State is already participating in global efforts to protect the planet and end poverty, the adoption of the New York Declaration on Forests can accelerate progress with new partnerships to achieve the United Nations Paris Agreement and 2030 Agenda for Sustainable Development.

Your Committee has amended this measure by:

- (1) Amending its title to make a technical, nonsubstantive amendment; and
- (2) Making other technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 243, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 243, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2057-22 Energy & Environmental Protection on S.C.R. No. 146**

The purpose of this measure is to request the Director of Transportation to convene a task force on best practices and successful efforts to green transportation infrastructure and public infrastructure in jurisdictions outside of Hawaii.

Your Committee received testimony in support of this measure from Climate Protectors Hawai'i and Trees for Honolulu's Future. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that climate change poses a serious threat to the State's economy, sustainability, and natural resources. Understanding the landscape of other jurisdictions' efforts to green transportation infrastructure and public infrastructure can assist the Department of Transportation and other state agencies with green infrastructure plans to combat climate change.

Your Committee has amended this measure by:

- (1) Amending its title to make technical, nonsubstantive amendments; and
- (2) Making other technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 146, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 146, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 6; Ayes with Reservations (Matayoshi). Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2058-22 Culture, Arts, & International Affairs on S.C.R. No. 203**

The purpose of this measure is to urge the Department of Land and Natural Resources to develop programs to recapture, retain, and share cultural and environmental knowledge of limu kala.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Kua'āina Ulu 'Auamo, Limu Hui, Marine Science Learning Center at Wai'anae High School, Mālama Pūpūkea-Waimea, Friends of Hanauma Bay, Hawai'i Reef and Ocean Coalition, and five individuals.

Your Committee finds that limu plays an important and vital role in the health of reef ecosystems and is a critical part of many marine life habitats. Your Committee further finds that limu kala plays a similarly important role in Native Hawaiian culture. Limu is a vitamin-, mineral-, and fiber-rich food source; was used in traditional medicine to treat minor cuts and scratches; and is used in cultural ceremonies. This measure addresses the steep decline in limu by urging the Department of Land and Natural Resources to develop programs to recapture, retain, and share cultural and environmental knowledge of limu kala.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 203 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

#### **SCRep. 2059-22 Culture, Arts, & International Affairs on S.C.R. No. 50**

The purpose of this measure is to designate the Waianae Moku Kupuna Council as an advisory resource to the elected members of the Legislature representing the Waianae Moku community.

Your Committee received testimony in support of this measure from Malama Makua and three individuals.

Your Committee finds that kupuna have long held respected and revered places in Hawaii's households, families, and communities. Your Committee further finds that the Waianae Moku Kupuna Council, which consists of long-time residents of west Oahu who are Hawaiian cultural practitioners sixty years of age or older, is a valuable resource of historical and cultural knowledge about the Waianae Moku community. This measure encourages elected members of the Legislature who represent the Waianae Moku community to consult with the Waianae Moku Kupuna Council on issues that are of importance to the Waianae Moku community.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 50, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

#### **SCRep. 2060-22 Culture, Arts, & International Affairs on S.C.R. No. 179**

The purpose of this measure is to designate March 10 as Enewetak Atoll (Marshall Islands) Liberation Day.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Hawai'i and two individuals.

Your Committee finds that Enewetak Atoll, along with the rest of the Marshall Islands, was captured by the Imperial Japanese Navy in 1914 during World War I and mandated to the Empire of Japan by the League of Nations in 1920. Although an initially beneficial arrangement, during World War II the inhabitants of Enewetak Atoll suffered significant hardships, including physical harm, hard labor, starvation, and executions, until the atoll was liberated from Japanese occupation in February of 1944 during the Battle of Eniwetok. Subsequently, the Enewetak residents commemorated March 10, 1944, as the day they "came out of the holes" after the Battle of Eniwetok.

Your Committee finds that March 10 was later selected as a day of celebration in the 1970s to commemorate the defeat of the Japanese by the United States and has come to be known as "Liberation Day" and is one of the most important and enjoyable events on Enewetak Atoll. Your Committee further finds that many people from Enewetak Atoll are displaced immigrants who reside on the island of Hawaii. This measure recognizes, honors, and remembers the people of Enewetak Atoll and their descendants in Hawaii by designating March 10 as Enewetak Atoll (Marshall Islands) Liberation Day.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 179, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

#### **SCRep. 2061-22 Culture, Arts, & International Affairs on S.C.R. No. 118**

The purpose of this measure is to request the Creative Resurgence Task Force to continue to examine and determine measures and establish policies and programs to build and foster creativity and innovation through the arts, culture, and humanities in the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and State Foundation on Culture and the Arts.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic has significantly and disproportionately impacted the State's creative economy, with many industries suffering immense economic loss. Additionally, with the disruption to in-person education caused by the COVID-19 pandemic, creativity in schools and universities has diminished, resulting in significant losses to arts education and the humanities. In response, the Legislature adopted Senate Concurrent Resolution 242, S.D. 1, H.D. 1 (S.C.R. No. 242) in 2021, which called for the convening of a Creative Resurgence Task Force to build and foster creativity and innovation through the arts, culture, and humanities in the State. Your Committee further finds that while the Creative Resurgence Task Force has met several times since the adoption of S.C.R. No. 242 with fruitful discussions and work product, it needs additional time beyond the June 30, 2022, sunset date established by S.C.R. No. 242 to conduct its work. This measure recognizes the fruitful work done by the Creative Resurgence Task Force and requests that it continue its good work beyond June 30, 2022.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 118, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

#### **SCRep. 2062-22 Culture, Arts, & International Affairs on S.C.R. No. 83**

The purpose of this measure is to request the Hawaii Council for the Humanities, State Foundation on Culture and the Arts, and Hawaii State Public Library System to collaborate for the establishment of a Hawaii State Poet Laureate Program.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, Hawai'i Council for the Humanities, Bamboo Ridge Press, and six individuals.

Your Committee finds that Hawaii has a rich and diverse culture that melds the customs, art, history, and music of the many people and cultures of Hawaii. Your Committee further finds that the State's commitment to the preservation and advancement of culture, the arts, history, and the humanities is best served through the establishment of a state poet laureate who will encourage the blending of multicultural voices, languages, and traditions through poetry and literature. Your Committee believes that the Hawaii Council for the Humanities, State Foundation on Culture and the Arts, and Hawaii State Public Library System have the qualifications to establish a Hawaii State Poet Laureate Program to nurture and connect the various cultures in Hawaii through the promotion of poetry.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 83 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

#### **SCRep. 2063-22 Culture, Arts, & International Affairs on S.C.R. No. 72**

The purpose of this measure is to establish a sister-state relationship between the State of Hawaii and the Autonomous Region of Madeira, Portugal.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Honorary Consul of Portugal in Hawaii.

Your Committee finds that Hawaii has a long and strong historical bond with the people of Madeira, beginning with the arrival in Honolulu Harbor of one hundred eighty contract laborers from Madeira on September 30, 1878. The culture of the immigrants from Madeira have become integral parts of Hawaii's culture, from food to music.

Your Committee further finds that Hawaii has a deep and abiding interest in expanding its international ties and developing goodwill, friendship, and economic relations between the people of Hawaii and the people of many nations. Your Committee believes that establishing a sister-state relationship with the Autonomous Region of Madeira will further these goals and be highly beneficial in expanding tourism, strengthening cultural and historical bonds, and advancing common goals of international peace and fellowship.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 72, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

**SCRep. 2064-22 Culture, Arts, & International Affairs on S.C.R. No. 121**

The purpose of this measure is to urge the counties and the State to work with Huamakahikina and Kumu Hula to establish policies protecting hula.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that Huamakahikina was first convened in 2020 to promote the voices of Kumu Hula, or those recognized to represent hula lineages and advocate for the proper preservation of hula. Your Committee further finds that growing interest in Hawaiian culture has unfortunately also led to misrepresentation and dissemination of incorrect choreography, designs, proper names, and lexicons of hula by persons who teach hula without being acknowledged as Kumu Hula. This measure protects hula by urging the State and counties to develop policies and increase resources to perpetuate hula for future generations.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 121 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

**SCRep. 2065-22 Culture, Arts, & International Affairs on S.C.R. No. 185**

The purpose of this measure is to denounce Russia's actions causing a humanitarian crisis in Ukraine and urge the United States Congress to take concrete action to support Ukrainian refugees and to increase the refugee limits for the United States and increase funding related to those efforts.

Your Committee received testimony in support of this measure from the Office of Community Services.

Your Committee finds that the Russian invasion of Ukraine has created a devastating humanitarian crisis, with millions of Ukrainians, many of them women, children, and the elderly, fleeing the country. Your Committee further finds that countries like Poland, Romania, and Moldova are taking a disproportionate number of Ukrainian refugees compared to the rest of the world. According to the UN Refugee Agency, as of March 31, 2022, Poland had received 2,384,814 refugees, Romania had received 623,627 refugees, and Moldova had received 390,1987 refugees. Although the United States has taken some steps toward helping Ukrainian refugees, your Committee finds that additional, concrete steps should be taken to provide further support to address this ongoing crisis.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 185, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

**SCRep. 2066-22 Culture, Arts, & International Affairs on S.C.R. No. 212**

The purpose of this measure is to request the Governor to establish a Hawaii Commission on the United States Semiquincentennial by executive order.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that July 4, 2026, marks the 250<sup>th</sup> anniversary of the signing of the Declaration of Independence and founding of the United States. Your Committee further finds that the United States Semiquincentennial Commission (Commission) was created to provide for the observance and commemoration of the 250<sup>th</sup> anniversary, and that the Commission and its nonprofit partner America250 Foundation are working to organize and facilitate the observance of this historic milestone. This measure seeks to commemorate and coordinate the State's celebration of this historic event by urging the Governor to create a Hawaii Commission on the United States Semiquincentennial.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 212, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

**SCRep. 2067-22 Culture, Arts, & International Affairs on S.C.R. No. 132**

The purpose of this measure is to request the University of Hawaii to report on the Pamantasan Council's systemwide efforts to improve the status of Filipinos at the University of Hawaii.

Your Committee received testimony in support of this measure from the Samahang Filipino Club at Hawai'i Community College in Hilo, Hawai'i Friends of Civil Rights, Tinalak Filipino Education Council, and thirteen individuals.

Your Committee finds that although Filipino student representation and academic performance have increased at all University of Hawaii campuses, Filipino students continue to be underrepresented at both the undergraduate and graduate level, and Filipino faculty are underrepresented at all University of Hawaii campuses. Your Committee further finds that the University of Hawaii Pamantasan Council, established in 1987, has been working diligently to increase representation of Filipino students, faculty, staff, and curriculum at the University of Hawaii. Although funds were appropriated to the Pamantasan Council by Act 266, Session Laws of Hawaii 2019, because of the COVID-19 pandemic and resulting budget cuts, the monies were not used as intended. This measure seeks a report from the University of Hawaii on the Pamantasan Council's efforts to improve the status of Filipinos at the University of Hawaii, including resource and budgetary needs.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 132 and recommends that it be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

**SCRep. 2068-22 Culture, Arts, & International Affairs on S.C.R. No. 24**

The purpose of this measure is to recognize April 17 through April 23, 2022, as Volunteer Week in Hawaii.

Your Committee received testimony in support of this measure from Aloha United Way, Kanu Hawaii, and one individual.

Your Committee finds that National Volunteer Week, first designated by President Nixon in 1974, empowers volunteers and serves as a reminder that individuals and communities are at the center of social change. Your Committee further finds that ongoing recognition of Volunteer Week in Hawaii will serve as a call to action for volunteerism and community engagement. This measure mirrors national recognition of volunteers by recognizing April 17 through April 23, 2022, as Volunteer Week in the State of Hawaii.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 24, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

#### **SCRep. 2069-22 Culture, Arts, & International Affairs on S.C.R. No. 195**

The purpose of this measure is to urge the United States Congress to enact federal legislation granting statehood to the people of Washington, D.C.

Your Committee received testimony in support of this measure from the Americans for Democratic Action Hawaii; Common Cause Hawaii; United Public Workers, AFSCME Local 646, AFL-CIO; and American Civil Liberties Union of Hawai'i.

Your Committee finds that although the residents of the District of Columbia share all of the responsibilities of other taxpaying citizens of the United States, including paying federal taxes, serving on federal juries, and serving as members of the United States Armed Forces, they are denied full representation in Congress. Your Committee further finds that no other democratic nation denies the right of self-government to the residents of its capital. This measure urges members of the United States Congress to give the people of Washington, D.C., the same rights of self-governance and citizenship as other taxpaying American citizens by enacting federal legislation granting statehood to Washington, D.C.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 195 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

#### **SCRep. 2070-22 Energy & Environmental Protection on S.C.R. No. 48**

The purpose of this measure is to request the Public Utilities Commission, in consultation with the Division of Consumer Advocacy, to consider efforts to mitigate high energy burdens for low- and moderate-income customers and investigate how to integrate considerations of energy equity and justice across its work.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii State Energy Office, Public Utilities Commission, and Climate Protectors Hawai'i.

Your Committee finds that despite Hawaii having the highest electricity rates in the nation, the electric utilities in the State do not offer utility specific low- to moderate-income discount rates and have limited, if any, bill assistance options. Therefore, it is critical to assist low- and limited-income customers by reducing their residential electricity burden and ensuring continued access to electrical power.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 48, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2071-22 Culture, Arts, & International Affairs on S.C.R. No. 20**

The purpose of this measure is to encourage all counties of Hawaii to create a special number plate design for motor vehicles to commemorate the accomplishments of Carissa Kainani Moore.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that Carissa Kainani Moore is an accomplished and experience surfer, becoming the youngest person to win a surfing world title at age eighteen and the first female gold medalist in Olympic surfing history. Your Committee further finds that in addition to Ms. Moore's many accomplishments on the water, she is an outstanding member of Hawaii's community and has donated her time and resources to numerous causes. This measure recognizes and honors Ms. Moore's contributions in and out of the water by encouraging all counties in the State to create a special number plate to commemorate her accomplishments.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 20 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

#### **SCRep. 2072-22 Agriculture/Health, Human Services, & Homelessness on S.C.R. No. 215**

The purpose of this measure is to request various state government entities to take certain actions to effectively leverage educational resources in the State to ensure career readiness workforce development, including requesting:

- (1) The University of Hawaii to examine the feasibility of offering a nursing program, allied health program, or both, at Honolulu Community College, and identify and improve alignment of University of Hawaii workforce development training programs with certain plans; and
- (2) The Legislative Reference Bureau to perform a comparative analysis of the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources (CTAHR) and similar cooperative extension agencies nationwide, evaluate CTAHR and its leadership, and make recommendations to better align CTAHR's mission with statewide food security goals.

Your Committees received testimony in support of this measure from Hawaii P-20 Partnerships for Education and one individual. Your Committees received comments on this measure from the University of Hawai'i System, Legislative Reference Bureau, and one individual.

Your Committees find that the State is experiencing a significant shortage of workers in all sectors, including agriculture and health care. However, based on testimony on this measure, your Committees note that the nursing shortage in the State is an immediate threat to the health and welfare of Hawaii residents. Your Committees further note that nursing and other health care shortages in the State, as well as the nation, are likely to worsen due to factors such as rising health care demands due to an aging population, an aging work force, shortages of health care educators and faculty, and nursing turnover.

Your Committees note that this measure, as introduced, requests the University of Hawaii to examine the feasibility and accessibility of developing and implementing a nursing program at Honolulu Community College. Your Committees find that the University of Hawaii has been participating in meetings of the Western Interstate Commission for Higher Education to share strategies and best practices on the nursing shortage crisis. In addition, the University of

Hawaii Community Colleges have been working collaboratively to meet Hawaii's health care and nursing workforce needs. Your Committees further note that developing a nursing program at Honolulu Community College would provide students from the surrounding areas with greater educational and professional opportunities in health care, as well as opportunities to participate in rotations with health care providers.

Upon consideration, your Committees have amended this measure by:

- (1) Reverting to the language contained in this measure as introduced, which requests the University of Hawaii to:
  - (A) Examine the feasibility and accessibility of developing and implementing a nursing program at Honolulu Community College; and
  - (B) Submit a report of its findings and recommendations to the Legislature prior to the convening of the Regular Session of 2023;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Agriculture and Health, Human Services, & Homelessness that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 215, S.D. 1, as amended herein, and recommend that it be referred to your Committee on Higher Education & Technology, in the form attached hereto as S.C.R. No. 215, S.D. 1, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Agriculture: Ayes, 5. Noes, none. Excused, 3 (Marten, Tokioka, Matsumoto).

Health, Human Services, & Homelessness: Ayes, 4. Noes, none. Excused, 3 (Har, Nishimoto, Ward).

#### **SCRep. 2073-22 Consumer Protection & Commerce on S.C.R. No. 61**

The purpose of this measure is to request the Auditor to assess the social and financial effects of mandatory health insurance coverage for hearing aids.

Your Committee received testimony in support of this measure from Kaiser Permanente Hawai'i and three individuals. Your Committee received comments on this measure from the Hawaii Association of Health Plans and Hawaii Medical Service Association.

Your Committee finds that one-third of Americans between the ages of sixty-five years and seventy-five years and one-half of Americans older than seventy-five years of age have some degree of hearing loss. Your Committee further finds that, while most health insurance plans in the State cover the purchase of hearing aids, typically the coverage is low and leaves the patient with a large copayment. This measure therefore requests the Auditor to conduct an impact assessment report on the social and financial effects of mandated health insurance coverage for hearing aids, as proposed by Senate Bill No. 2439, S.D. 2, Regular Session of 2022.

Your Committee has amended this measure by expanding the contents of the Auditor's assessment to include:

- (1) The number of residents in the State in the target population who suffer hearing loss based on national prevalence rates;
- (2) A determination of the current standard for frequency of replacement and the cost limitations, if any, placed on the hearing aid coverage benefit, by researching public and private entities that provide coverage for hearing aids and individuals who need, use, or otherwise experience the need for hearing aids;
- (3) Whether different standards for frequency of replacement are applied to adults in comparison to minors in need of hearing aids;
- (4) An examination of the existing medically necessary standards of care used to determine what type of hearing aid best suits an individual with hearing loss; and
- (5) An examination of the existing technology in hearing aids and possible future technology.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 61, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 61, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Mizuno, Tarnas).

#### **SCRep. 2074-22 Consumer Protection & Commerce on S.C.R. No. 122**

The purpose of this measure is to request the Auditor to conduct a sunrise analysis of the regulation and licensure of school psychologists.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Department of Education, and Board of Psychology. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that school psychologists provide effective services to help children and youth with their social-emotional learning needs and can work with parents, educators, and other professionals to create supportive learning and social environments for all children. Your Committee further finds that school psychologists are not presently subject to regulation or required to undergo any formal credentialing process by the State. This measure therefore requests the Auditor to conduct a sunrise analysis of the regulation and licensure of school psychologists, as proposed by Senate Bill No. 1274, Regular Session of 2021.

Your Committee notes that the Department of Education and Board of Psychology raised various questions and issues in their written testimonies submitted to your Committee that each believes the sunrise analysis may be able to resolve or clarify. Your Committee requests that the Auditor address the concerns listed in the written testimonies of the Department of Education and Board of Psychology as part of the sunrise analysis.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 122, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Mizuno, Tarnas).

#### **SCRep. 2075-22 Health, Human Services, & Homelessness on S.C.R. No. 241**

The purpose of this measure is to request the Auditor to assess the social and financial effects of mandatory health insurance coverage for fertility preservation procedures for certain persons who have been diagnosed with cancer and whose cancer or cancer treatment may adversely affect their fertility.

Your Committee received testimony in support of this measure from Hawaii Society of Clinical Oncology and Alliance for Fertility Preservation.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 241, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2076-22 Health, Human Services, & Homelessness on S.C.R. No. 2**

The purpose of this measure to request the Auditor to conduct a sunrise review of the certification and regulation of community health workers.

Your Committee received testimony in support of this measure from Hawaii State Department of Commerce and Consumer Affairs, Hawaii State Department of Health, Hawaii Primary Care Association, Hawaii Public Health Institute and two individuals. Your Committee received comments on this measure from Hawaii State Office of the Auditor, Hawaii CHW Association and Papa ola Lokahi.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 2, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2077-22 Health, Human Services, & Homelessness on S.C.R. No. 10**

The purpose of this measure is to request that the Department of Human Services review the existing Medicaid reimbursement rates and study the feasibility and determine the overall impact of increasing these rates for community care foster family homes, expanded adult residential care homes, and other types of home and community based service care providers and services.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that community care foster family homes and expanded adult residential care homes provide additional options for patients requiring nursing home-level care throughout Hawaii. Your Committee further finds that the initial federal Medicaid waiver for the State's community care foster family homes program was approved based on the program's initial success as a high-quality alternative to nursing home placement for Medicaid patients that cost two-thirds or less than placement in a nursing home. However, the level of reimbursement for community care foster homes has not kept pace with that two-thirds requirement. As a result, many community care foster homes refuse to accept Medicaid patients and save empty beds for patients with private insurance, which reduces the number of beds available for Medicaid patients.

This measure addresses the ongoing lack of lower cost long-term care services in Hawaii by requesting that the Department of Human Services review existing Medicaid reimbursement rates and study the feasibility and determine the overall impact of increasing these rates for community care foster family homes, expanded adult residential care homes, and other types of home and community based service care providers and services.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 10, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2078-22 Health, Human Services, & Homelessness on S.C.R. No. 33**

The purpose of this measure is to request The Blood Bank of Hawaii to immediately adopt The Food and Drug Administration's guidance, which shortens or eliminates the deferral period for certain blood donors.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 33, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 5; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2079-22 Health, Human Services, & Homelessness on S.C.R. No. 42**

The purpose of this measure urges the Hawaii Health Systems Corporation to expand the Ka'u Rural Health Clinic to improve access to urgent care and outpatient behavioral health services.

Your Committee received testimony in support of this measure from Hawaii County Council, OCVA and one individual.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 42 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2080-22 Health, Human Services, & Homelessness on S.C.R. No. 53**

The purpose of this measure is to designate the month of September 2022 as Child Care Provider Appreciation Month.

Your Committee received testimony in support of this measure from the Hawaii State Executive Office on Early Learning, Hawaii Children's Action Network Speaks!, Catholic Charities Hawaii, Early Childhood Action Strategy and six individuals.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 53, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2081-22 Health, Human Services, & Homelessness on S.C.R. No. 62**

The purpose of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health coverage for various sexual and reproductive health care services.

Your Committee received testimony in support of this measure from Planned Parenthood Alliance Advocates - Hawai'i and six individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of the Auditor.

Your Committee finds that federal protections for abortion, preventive care, contraceptives, and other sexual and reproductive health care services are consistently threatened. Your Committee further finds that facilitating access to preventive sexual and reproductive health care services and limiting out-of-pocket costs for preventive sexual and reproductive health care services is critical for the health and economic security of all people in Hawaii and will help avoid more costly treatments in the future.

Your Committee notes that comprehensive health insurance coverage for a full range of sexual and reproductive health care services, without cost sharing, is not generally covered by health insurance and would be considered a new mandated benefit. This measure therefore requests the Auditor to conduct a statutorily required impact assessment report on the social and financial effects of the mandated health insurance coverage for various sexual and reproductive health care services proposed by House Bill No. 249 (Regular Session of 2021).

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 62, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 5; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2082-22 Health, Human Services, & Homelessness on S.C.R. No. 82**

The purpose of this measure is to request the Auditor to conduct a performance audit of the Department of Health, Hawaii State Hospital and Hawaii Information Portal.

Your Committee received testimony in support of this measure from HGEA, and two individuals. Your Committee received comments on this measure from the Hawaii State office of the Auditor and one individual.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 82 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2083-22 Health, Human Services, & Homelessness on S.C.R. No. 100**

The purpose of this measure is to the Department of Health to convene a Therapeutic Psilocybin Working Group to examine the medicinal and therapeutic effects of psilocybin and develop a long-term strategic plan, should Food and Drug Administration approval for medical use be obtained, to enable the availability of therapeutic psilocybin or psilocybin-based products that are safe, accessible, and affordable for adults twenty-one years of age or older.

Your Committee received testimony in support of this measure from Hawaii Health and Harm Reduction Center, Drug Policy Forum of Hawaii, Akamai Cannabis Consulting, Clarity Project, US Army Female Veterans and Healthcare Workers Hawaii and eighteen individuals. Your Committee received testimony in opposition to this measure from Hawaii State Department of Health and Hawaii Psychiatric Medical Association.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 100, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2084-22 Health, Human Services, & Homelessness on S.C.R. No. 102**

The purpose of this measure is to request that the Office of the Auditor update its Child Welfare Services Branch assessment standard pursuant to House Concurrent Resolution No. 165, Regular Session of 2010.

Your Committee received testimony in support of this measure from six individuals. Your Committee received comments on this measure from the Department of Human Services and Office of the Auditor.

Your Committee finds that the Child Welfare Services Branch of the Department of Human Services is responsible for protecting the well-being of children in Hawaii, including children who are wards of the State and children who have allegedly been neglected or abused. However, concerns have been raised regarding the State's performance in meeting certain safety, permanency, and well-being outcomes for children involved in the child welfare system.

Your Committee further finds that this measure, as introduced, requests the Office of the Auditor to conduct a performance audit of the Child Welfare Service Branch of the Department of Human Services. Your Committee further finds that a performance audit by the Office of the Auditor may be able to assist the Child Welfare Services Branch evaluate improvements since the last periodic federal review of the Branch and improve the recruitment and retention of its staff.

Accordingly, your Committee has amended this measure by:

- (1) Reverting to the contents of this measure as introduced; and
- (2) Amending its title to reflect its amended purpose.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 102, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 102, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2085-22 Health, Human Services, & Homelessness on S.C.R. No. 130**

The purpose of this measure is to request that the Department of Health and Department of Human Services:

- (1) Jointly review any research regarding applied behavioral analysis for adults; and
- (2) Develop and adopt all rules, policies, and Medicaid state plan amendments necessary to ensure that the State Medicaid program covers medically-needed services, including applied behavioral analysis services, for individuals aged twenty-one and older with neurodevelopmental disorders, including autism spectrum disorder.

Your Committee received testimony in support of this measure from the Hawaii State Council on Developmental Disabilities, Kuhn Behavioral Consulting Services, Hawaii Disability Rights Center, Council of Autism Service Providers, and three individuals. Your Committee received testimony in opposition to this measure from the Department of Health. Your Committee received comments on this measure from the Department of Human Services, Autism Speaks, Hawai'i Association for Behavior Analysis, and two individuals.

Your Committee finds that treatments such as applied behavioral analysis for individuals with neurodevelopmental disorders can improve physical and mental development. Your Committee further finds that although Medicaid covers these treatments for individuals under the age of twenty-one, there have been reports that individuals with autism spectrum disorder or other neurodevelopmental disorders who are twenty-one or older were denied Med-QUEST coverage for medically-needed autism services, including applied behavioral analysis services.

This measure therefore requests the Department of Health and Department of Human Services to review research regarding applied behavioral analysis for adults and make amendments to rules, policies, and the Medicaid state plan as necessary to ensure that the State's Medicaid beneficiaries aged twenty-one and older with autism spectrum disorder or other neurodevelopmental disorders receive equitable access to all medically-needed services.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 130, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2086-22 Health, Human Services, & Homelessness on S.C.R. No. 133**

The purpose of this measure to urge the State Commission on the Status of Women to establish a task force to develop and implement an outreach program aimed at informing domestic violence victims of available sources of assistance.

Your Committee received testimony in support of this measure from Hawaii State Commission of the Status of Women, Hawaii State Coalition Against Domestic Violence, Hawaii Friends of Civil Rights, Domestic Violence Action Center, HI Coalition for Immigrant Rights and two individuals.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 133, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2087-22 Health, Human Services, & Homelessness on S.C.R. No. 153**

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism, in coordination with the Executive Office on Aging and County of Hawaii Office of Aging, to conduct a study on the necessity and feasibility of establishing a senior living center in the Ka'u district on the island of Hawaii.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council and the County of Hawai'i Office of Aging. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism and Executive Office on Aging.

Your Committee finds that according to the American Community Survey 2019 five-year estimates, the Ka'u district on the island of Hawaii supports a population of 9,885 individuals, of which 2,519, or 25.5 percent, were sixty years of age or older. Your Committee further finds that County of Hawaii Office of Aging currently serves approximately two hundred forty-eight individuals, or twenty-five percent of the elderly population in Ka'u, through its home and community-based service programs. The report requested by this measure will allow policy makers to better determine the needs of elderly residents in the Ka'u district.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 153, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2088-22 Health, Human Services, & Homelessness on S.C.R. No. 181**

The purpose of this measure is to request the County of Hawaii to conduct a feasibility study on the creation of a Marshallese Community Center in Hawaiian Ocean View Estates on the island of Hawaii.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, the COFA Alliance National Network, and one individual.

Your Committee finds that the Marshallese diaspora includes over seven thousand migrants residing in Hawaii, with fourteen thousand residing in Hawaiian Ocean View Estates on the island of Hawaii. Your Committee further finds that the coronavirus disease 2019 pandemic disproportionately impacted Pacific Islanders across the State, including populations in rural areas where there is limited and inequitable access to water, electricity, and health care. The report requested by this measure will enable policy makers to better determine the feasibility of establishing a Marshallese Community Center in Hawaiian Ocean View Estates to assist the Marshallese community by providing various services, including group activities, public information and assistance, and social support.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 181, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2089-22 Health, Human Services, & Homelessness on S.C.R. No. 183**

The purpose of this measure is to request the Department of Health to conduct a study to assess the health care needs of the residents of Ocean View on the island of Hawaii.

Your Committee received testimony in support of this measure from the COFA Alliance National Network. Your Committee received testimony in opposition to this measure from the Department of Health.

Your Committee finds that Ocean View on the island of Hawaii is one of the fastest-growing areas of the United States. Your Committee further finds that despite the growth of the community, the lack of health care infrastructure in the area has not been addressed. This measure requests the Department of Health to gather important information regarding the health care needs of the Ocean View community, which will enable policy makers to better understand and respond to the unique health care needs of Ocean View residents.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 183 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2090-22 Health, Human Services, & Homelessness on S.C.R. No. 194**

The purpose of this measure is to request the Department of Health to examine issues and barriers to enforcement to reduce noise from two-stroke engines, mopeds, and small off-road engines.

Your Committee received testimony in support of this measure from Climate Protectors Hawai'i. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that noise pollution is a serious, prevalent, and increasing problem affecting quality of life in all areas of the State. Your Committee further finds that existing regulations are not effectively enforced and do not adequately address noise pollution emitted from two-stroke engines, mopeds, and small off-road engines. This measure addresses ongoing enforcement issues by requesting the Department of Health to examine issues and barriers to enforcement of noise control regulations.

Your Committee notes that one barrier to enforcement may be a lack of knowledge by local law enforcement regarding allowable noise levels in urban areas and the appropriate use of noise measuring devices. Your Committee respectfully requests that the Department of Health consider training local law enforcement on noise measurement rules and the use of systems for community noise control as a means of mitigating excessive noise pollution in the community.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 194, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

**SCRep. 2091-22 Health, Human Services, & Homelessness on S.C.R. No. 206**

The purpose of this measure is to urge Hawaii's Congressional Delegation to strong support passage of The Women's Health Protection Act of 2021 to protect the right to access and provide abortion services.

Your Committee received testimony in support of this measure from Planned Parenthood Alliance Advocates. Your Committee received testimony in opposition to this measure from Hawaii Family Forum and four individuals.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 206 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Ward). Excused, 2 (Gates, Har).

**SCRep. 2092-22 Health, Human Services, & Homelessness on S.C.R. No. 208**

The purpose of this measure is to urge the United States Congress and Hawaii's Congressional Delegation to support legislation establishing Medicare for all.

Your Committee received testimony in support of this measure from Health Committee of the Democratic Part of Hawaii and Progressive Democrats of Hawaii. Your Committee received testimony in opposition to this measure from two individuals.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 208, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Ward). Excused, 2 (Gates, Har).

**SCRep. 2093-22 Health, Human Services, & Homelessness on S.C.R. No. 221**

The purpose of this measure is to request the Auditor to conduct a study on the relationship between the current prices of and access to medical cannabis and the volume of illicit cannabis sales in the State.

Your Committee received testimony in opposition to this measure from the Marijuana Policy Project. Your Committee received comments on this measure from the Office of the Auditor.

Your Committee finds that medical cannabis dispensaries licensed under the State's dispensary law have averaged only a thirty-one percent market share of the State's registered medical cannabis patients, with the remaining sixty-nine percent of patients either purchasing medical cannabis from the illicit market or using cannabis grown by themselves or their caregivers. Your Committee further finds that a lack of access to licensed dispensaries, as well as the price of medical cannabis purchased from a licensed dispensary, may be contributing to the high rate of illicit medical cannabis purchases. The study requested by this measure will enable policymakers to better understand the relationship between current prices of and access to medical cannabis and the volume of illicit cannabis sales in the State.

Your Committee has amended this measure by:

- (1) Requesting the Legislative Reference Bureau, rather than the Auditor, to conduct the study;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 221, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 221, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

#### **SCRep. 2094-22 Health, Human Services, & Homelessness on S.C.R. No. 225**

The purpose of this measure is to request the Department of Human Services to develop lesbian, gay, bisexual, transgender, queer plus specific training guidelines for state agencies that serve and assist survivors of intimate partner violence.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from Hawaii State Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 225, S.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

#### **SCRep. 2095-22 Education on S.C.R. No. 1**

The purpose of this measure is to urge the Department of Education to develop and implement an affirmative action program, to the extent permitted by law, designed to recruit and employ qualified blind professionals to serve as orientation and mobility instructors and in other positions as teachers of visually impaired students.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, Hawaii State Committee of Blind Vendors, National Federation of the Blind of Hawaii, and twelve individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the National Orientation and Mobility Certification (NOMC) is a credentialing process administered by the National Blindness Professional Certification Board and includes training for teaching Structured Discovery Cane Travel, which has empowered blind children and adults across the United States for decades. Your Committee further finds that, historically, the Department of Education has not employed NOMC credentialed professionals to teach matters of orientation and mobility to blind students. Your Committee believes that an affirmative action program to recruit and employ qualified blind professionals can be effective in educating students with disabilities and serve as a powerful example for these students by letting them know that their disability need not be a barrier to employment.

Your Committee has amended this measure by:

- (1) Making technical, nonsubstantive amendments to its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 1, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 1, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 6 (Belatti, Gates, Hashimoto, Quinlan, Yamane, Okimoto).

#### **SCRep. 2096-22 Education on S.C.R. No. 13**

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study on the feasibility of the State establishing a universal, no-cost pre-kindergarten program.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Executive Office on Early Learning, Early Learning Board, Legislative Reference Bureau, and Early Childhood Action Strategy.

Your Committee finds that there are pre-kindergarten education programs offered throughout the State that provide young children with high-quality early education. However, not all children have access to these programs, and the programs are cost-prohibitive for many families. Your Committee further finds that a study on the feasibility of establishing a statewide, universal, no-cost pre-kindergarten program is warranted to ensure that every child in Hawaii has equal access to early learning education.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 13, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 13, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Belatti, Gates, Quinlan, Yamane, Okimoto).

#### **SCRep. 2097-22 Education on S.C.R. No. 34**

The purpose of this measure is to request the Early Learning Board to conduct an evaluation of its current composition and charter, develop a five-year strategic plan to guide the Early Learning Board going forward, and report to the Legislature prior to the 2023 Regular Session.

Your Committee received testimony in support of this measure from Kamehameha Schools and Early Childhood Action Strategy. Your Committee received testimony in support of the intent of this measure from the Early Learning Board. Your Committee received comments on this measure from Hawai'i Children's Action Network Speaks!.

Your Committee finds that the Early Learning Board originally adopted its charter in 2014, when the Board acted solely in an advisory capacity. Your Committee further finds that Act 202, Session Laws of Hawaii 2017, expanded the purview of the Early Learning Board, elevated it from an advisory to governing capacity, and altered its composition. Since 2017, multiple measures have been introduced to amend or add to the composition of the Early Learning Board, without comprehensive consideration of the Board's charter or strategic plan. Your Committee believes that an evaluation of the current Early Learning Board's composition and charter, in relation to the development of a strategic plan, is necessary to help develop any future legislation related to its composition or powers and functions.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 34, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 34, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Belatti, Gates, Quinlan, Yamane, Okimoto).

#### **SCRep. 2098-22 Education on S.C.R. No. 63**

The purpose of this measure is to request the Department of Education to name the new Kihei High School in honor of Congresswoman Patsy T. Mink.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i and three individuals.

Your Committee finds that United States Congresswoman Patsy T. Mink gained national prominence as a barrier-breaker and dedicated champion of equality. During her tenure in the United States House of Representatives, Congresswoman Patsy T. Mink worked tirelessly for the fundamental rights of and equity for women, children, immigrants, and other disenfranchised people, especially in educational settings. Her work includes introducing the first comprehensive initiatives under the Early Childhood Education Act, which included the first federal childcare bill, and working on the Elementary and Secondary Education Act of 1965, and in 1972, she co-authored the Educational Amendments of 1972, which was later renamed the Patsy T. Mink Equal Opportunity in Education Act.

Your Committee further finds that the Department of Education is in the process of building a new high school in Kihei to serve South Maui families, located a short distance from where Congresswoman Patsy T. Mink herself attended high school. Your Committee believes that naming the new Kihei High School after Congresswoman Patsy T. Mink will honor her legacy in advocating for educational equity and the overall well-being of children.

Your Committee has amended this measure by:

- (1) Including the Chairperson of the Board of Education in the list of entities receiving certified copies of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 63, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 63, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Belatti, Gates, Quinlan, Yamane, Okimoto).

#### **SCRep. 2099-22 Education on S.C.R. No. 131**

The purpose of this measure is to request the Department of Education to develop a Filipino history, culture, and identity social studies course for high school students.

Your Committee received testimony in support of this measure from the Filipino Curriculum Project, Tinalak Filipino Education Council, Hawai'i Friends of Civil Rights, and sixteen individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that in 2020, news reports indicated that anti-Asian hate crimes had increased by nearly one hundred fifty percent in the United States. Your Committee further finds that increased education and understanding of Asian American history and culture and the contributions of Asian Americans can reduce incidents of hostility, violence, and discrimination toward Asian Americans. Your Committee also finds that Filipinos are the largest Asian ethnic and non-white group in Hawaii, at more than twenty-five percent of the population, and have a large presence and cultural footprint in the State. Your Committee notes that there is currently no mandated curriculum regarding Asian American history in Hawaii schools and a lack of Filipino representation in the State's education system. Your Committee believes that developing a social studies course for high school students to learn about Filipino history, culture, and identity will promote positive racial relations and attitudes amongst all ethnic groups.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 131, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 131, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Belatti, Gates, Quinlan, Yamane, Okimoto).

#### **SCRep. 2100-22 Education on S.C.R. No. 168**

The purpose of this measure is to:

- (1) Request the School Facilities Authority to adopt and publish administrative rules in accordance with chapter 91, Hawaii Revised Statutes, as necessary to implement Act 72, Session Laws of Hawaii 2020, as amended, by no later than July 1, 2023; and
- (2) Request the Governor to submit a report to the Legislature prior to the 2023 Regular Session documenting the process by which the School Facilities Authority purchases real property and executes capital improvement project contracts.

Your Committee received comments on this measure from the School Facilities Authority.

Your Committee finds that Act 72, Session Laws of Hawaii 2020 (Act 72), established the School Facilities Agency to be a body corporate and a public instrumentality of the State for the purposes of being responsible for public school capital improvement projects assigned to the Legislature, Governor, or Board of Education. Act 217, Session Laws of Hawaii 2021, subsequently renamed the School Facilities Agency as the School Facilities Authority. Your Committee notes that there are currently no administrative rules to implement Act 72, as amended, and that there is a lack of clarity regarding the process by which the School Facilities Authority purchases real property and executes capital improvement project contracts. Your Committee believes that encouraging the adoption of administrative rules to implement Act 72, as amended, will improve the School Facilities Authority's overall efficiency and effectiveness. In addition, the reporting requirement in this measure will provide greater transparency on issues surrounding real property purchases and capital improvement contracts.

Your Committee has amended this measure by:

- (1) Requesting the School Facilities Authority, rather than the Governor, to submit a report to the Legislature documenting the process by which the Authority purchases real property and executes capital improvement project contracts;
- (2) Removing the Governor from the list of entities receiving certified copies of this measure;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 168, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 168, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Belatti, Gates, Quinlan, Yamane, Okimoto).

#### **SCRep. 2101-22 Education on S.C.R. No. 171**

The purpose of this measure is to:

- (1) Urge the Department of Education and State Public Charter School Commission to prioritize the hiring of dedicated staff for each school campus to manage federal school meal programs; and
- (2) Request the Department of Education to seek federal funding to hire dedicated staff for each public school campus to manage federal meal programs.

Your Committee received comments on this measure from the Department of Education and State Public Charter School Commission.

Your Committee finds that access to school meals is an important part of a student's health and well-being. Your Committee further finds that certain federal programs, including the United States Department of Agriculture's National School Lunch Program, provide aid for the provision of free and reduced meals for students. Your Committee notes that federal meal assistance programs are not being fully utilized, particularly in rural areas, due in part to a lack of dedicated staff to manage the programs. Your Committee believes that prioritizing staffing to administer and operate the federal meal assistance programs is of great importance to ensure the continued well-being of Hawaii's children.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 171, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 171, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Belatti, Gates, Quinlan, Yamane, Okimoto).

#### **SCRep. 2102-22 Education on S.C.R. No. 216**

The purpose of this measure is to request the Department of Education to assess whether and to what extent the Department's existing child sexual abuse curriculum and training programs align with Erin's Law.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii Youth Services Network, The Sex Abuse Treatment Center of Hawaii, and Parents And Children Together.

Your Committee finds that Erin's Law is an Illinois state law that has been adopted in many other states. Your Committee further finds that states that have adopted Erin's Law require public schools to implement a prevention-oriented child sexual abuse program that teaches age appropriate techniques for children to recognize sexual abuse and tell a trusted adult. Your Committee additionally finds that the Department of Education currently provides curricula and training programs related to preventing, recognizing, and responding to instances of child sexual abuse. Your Committee believes that an assessment of whether and to what extent the Department of Education's existing curricula and training programs align with the provisions of Erin's Law will illuminate whether further action is necessary to ensure the safety of children in Hawaii's public schools.

Your Committee has amended this measure by:

- (1) Clarifying that the requested assessment is in comparison to the provisions of Erin's Law, rather than the requirements of Erin's Law; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 216, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 216, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Belatti, Gates, Quinlan, Yamane, Okimoto).

**SCRep. 2103-22 Education on S.C.R. No. 217**

The purpose of this measure is to request the Early Learning Board to prepare a report containing a road map, including proposed legislation, for the implementation of Act 46, Session Laws of Hawaii 2020, and submit the report to the Legislature prior to the 2023 Regular Session.

Your Committee received testimony in support of this measure from the Hawai'i Community Foundation, Kamehameha Schools, and Early Childhood Action Strategy. Your Committee received testimony in support of the intent of this measure from the Executive Office on Early Learning. Your Committee received comments on this measure from the Early Learning Board and Hawai'i Children Action Network Speaks!.

Your Committee finds that providing every child with access to early learning opportunities supports positive outcomes in academics, promotes emotional well-being, and establishes a strong foundation for a lifetime of success. Your Committee further finds that approximately 34,500 children aged three to four years reside in the State. However, only fifty percent of those children have access to early learning options in Hawaii.

Your Committee additionally finds that one of the purposes of Act 46, Session Laws of Hawaii 2020 (Act 46), is to build the infrastructure and develop resources necessary to serve one hundred percent of all otherwise unserved children who are three to four years of age, or will not be at least five years of age on or before July 31 of the current school year, with access to early learning by the year 2032. Your Committee believes that assessment on the progress of implementing Act 46 and development of a road map for its continued implementation will promote greater access to early learning.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 217, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 217, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Belatti, Gates, Quinlan, Yamane, Okimoto).

**SCRep. 2104-22 Education on S.C.R. No. 226**

The purpose of this measure is to request the Department of Education to develop and implement a civil rights curriculum through which students in all public elementary, middle, intermediate, and high schools will be able to take courses offering fact-based information on civil rights and the Civil Rights Movement.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the Civil Rights Movement was pivotal in addressing pervasive social and institutional inequities in the United States. Your Committee further finds that learning about and understanding the importance of the Civil Rights Movement are essential for students in the State. Your Committee believes that a statewide educational curriculum that includes instruction on the Civil Rights Movement will promote productive civic engagement.

Your Committee has amended this measure by:

- (1) Amending its title to more accurately reflect its purpose; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 226, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 226, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Belatti, Gates, Quinlan, Yamane, Okimoto).

**SCRep. 2105-22 Water & Land/Corrections, Military, & Veterans on S.C.R. No. 19**

The purpose of this measure is to request that Joint Base Pearl Harbor-Hickam and the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources collaborate to establish a recreational area in the East Loch of Pearl Harbor.

Your Committees received testimony in support of this measure from Pearl City Neighborhood Board No. 21 and two individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that Pearl Harbor encompasses a vast shoreline and water surface. With the federal government having jurisdiction over the Harbor, persons associated with the United States Department of Defense and their families are permitted to engage in boating and other recreational watercraft activities. Other State residents, however, are not permitted to enter the water and thus are barred from using the Harbor for recreational purposes. Your Committees further find that in states such as California, members of the public are permitted to access the waters surrounding military bases. Therefore, public access to the East Loch of Pearl Harbor could be facilitated through collaboration between Joint Base Pearl Harbor-Hickam and the Department of Land and Natural Resources.

As affirmed by the records of votes of the members of your Committees on Water & Land and Corrections, Military, & Veterans that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 19, S.D. 1, and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

Corrections, Military, & Veterans: Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

**SCRep. 2106-22 Water & Land on S.C.R. No. 64**

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of State submerged lands at Napili, Kā'anapali, Maui, for a portion of stairs for public beach access, and for use, repair, and maintenance of the stairs constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and the Napili Bay and Beach Foundation Inc.

Your Committee finds that the Napili Bay and Beach Foundation has collaborated with the Department of Land and Natural Resources to replace an aged and damaged public beach access staircase on Napili Beach. The Foundation received a State Grant in Aid in 2019 to facilitate the project and has obtained all

necessary State and County permits. However, due to a portion of the replacement stairs being located on State submerged lands, the Foundation also requires an easement authorized through prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 64, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 2107-22 Water & Land on S.C.R. No. 119**

The purpose of this measure is to urge the Board of Land and Natural Resources to rename the Russian Fort Elisabeth State Historical Park in Waimea, Kaua'i, as "Pa'ula'ula".

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, the State Aha Moku, the Association of Hawaiian Civic Clubs, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the area currently known as Russian Fort Elisabeth State Historical Park is traditionally named "Pa'ula'ula." Your Committee also finds that the Russian-American Company played a brief and limited role in the area's history, and that the State Historical Park's current name is misleading. This measure seeks to revise the naming, signage, and interpretive documents of the State Historical Park to reflect its rich multicultural history, and to support the State Constitution's provisions promoting the study of Hawaiian culture, history, and language.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 119 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 2108-22 Water & Land on S.C.R. No. 159**

The purpose of this measure of this measure is to request that the Office of Planning and Sustainable Development develop a plan to include a specific role for the native Hawaiian community in the coastal zone management plan.

Your Committee received testimony in support of this measure from the Hawai'i State Aha Moku and Kalama'ula Mauka Homestead Association. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

Your Committee finds that past failures to integrate native Hawaiian cultural practices into marine and coastal zone planning have resulted in the loss of important cultural resources and interfered with the exercise of native Hawaiian cultural practices. Some regulations governing land and natural resources are created without specific consultation or compensation to native Hawaiian beneficiaries. Therefore, the purpose of this measure is to request the Office of Planning and Sustainable Development to develop a consultation implementation plan to ensure that native Hawaiians' voices are integrated into coastal zone management planning.

Your Committee notes the testimony of the Office of Planning and Sustainable Development that 'ike kupuna is already included in the Coastal Zone Management Program's planning practices. Therefore, the office feels that the goals of this resolution will be met without the development of a separate planning process which the Coastal Zone Management Program does not currently have the capacity to complete.

Your Committee has amended this measure by:

- (1) Requiring the Office of Planning and Sustainable Development to submit a consultation implementation plan to the legislature, rather than a report of its finding and recommendations; and
- (2) Clarifying that the Office of Planning and Sustainable Development is urged to integrate the seven policy statements in the consultation and implementation plan.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 159, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 159, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 2109-22 Water & Land on S.C.R. No. 174**

The purpose of this measure is to support the County of Hawai'i's efforts to pursue United States Army Corps of Engineers Continuing Authorities Program funding for the restoration of Kahalu'u Bay on Hawai'i Island.

Your Committee received testimony in support of this measure from the County of Hawai'i Department of Parks and Recreation, Friends of Hanauma Bay, Kahalu'u Bay Education Center, Hawai'i Reef and Ocean Coalition, Malama Pupukeya Waimea, and two members of the Hawai'i County Council.

Your Committee finds that Kahalu'u Beach Park is a popular visitor destination, hosts diverse marine life, and is a culturally important site to native Hawaiians. Thus, it would benefit the State to protect the beach and bay from deterioration and damage caused by rising sea levels. Your Committee further finds that the United States Army Corps of Engineer's Continuing Authorities Program can provide resources to facilitate the planning, design, and implementation of such projects.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 174 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 2110-22 Water & Land on S.C.R. No. 205**

The purpose of this measure is to request the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources, in consultation with the Kaneohe Bay Regional Council, to conduct a study of commercial activity on Kaneohe Bay to quantify the amount of non-permitted commercial activity that is operating in violation of the Kaneohe Bay Master Plan.

Your Committee received testimony in support of this measure from the Hawaii State Aha Moku and four individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Legislative Reference Bureau.

Your Committee finds that the Kaneohe Bay Master Plan was developed pursuant to Act 208, Session Laws of Hawaii 1990, to establish a framework for the sustainable management of Kaneohe Bay's natural resources while accommodating a variety of uses. The vision set forth by the Master Plan continues to center on the preservation and protection of Kaneohe Bay's natural resources for the continued enjoyment of Hawaii's people. However, limits on commercial activity have been exceeded by other activities not previously envisioned and by new technologies that support their proliferation. Your Committee firmly believes that additional research and work are necessary to uphold the original purpose of the Master Plan.

Your Committee has amended this measure by:

- (1) Requesting the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources to develop a plan to reduce the amount of non-permitted commercial activity that is operating in violation of the Kaneohe Bay Master Plan;
- (2) Requesting the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources, rather than the Legislative Reference Bureau, to submit the plan and a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days before the convening of the Regular Session of 2023;
- (3) Changing its title to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 205, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 205, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 2111-22 Housing on S.C.R. No. 161**

The purpose of this measure is to request the Hawaii Housing Finance and Development Corporation to:

- (1) Convene a task force to review the permitting process for affordable housing for each applicable state agency and department having jurisdiction over affordable housing development; and
- (2) Conduct a study of the effect of each county's ordinances on housing finance and development on its existing and future inventory of rental and for-sale housing units and submit a report to the Legislature.

Your Committee received comments on this measure from the Hawaii Public Housing Authority, Hawaii Housing Finance and Development Corporation, and Office of Housing and Community Development of the County of Hawai'i.

Your Committee finds that the State is experiencing an unprecedented housing shortage. Your Committee also finds that while government regulations are necessary to regulate housing construction and development and protect the safety, health, and welfare of the community, county ordinances and rules can also impose significant barriers to affordable housing development. This measure requests the Hawaii Housing Finance and Development Corporation to convene a task force to obtain greater information on county-level ordinances and rules that may be hindering the development of affordable housing, which is an important step in the process of streamlining the development of affordable housing throughout the State.

Your Committee has amended this measure by:

- (1) Requesting the task force, rather than the Hawaii Housing Finance and Development Corporation to conduct the study of the effect of each county's ordinances on housing finance and development related to its inventory of rental and for-sale housing units and submit the report to the Legislature;
- (2) Dissolving the task force on June 30, 2024;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 161, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 161, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Aquino, McDermott).

#### **SCRep. 2112-22 Housing on S.C.R. No. 162**

The purpose of this measure is to request the Governor to order all executive agencies to review their policies and rules and make any revisions necessary to prohibit discrimination in rental transactions and advertisements for rental transactions based on source of income or participation in housing assistance programs.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Hawaii Public Housing Authority, Hawai'i Civil Rights Commission, Office of Housing and Community Development of the County of Hawai'i, Hawai'i Health & Harm Reduction Center, and one individual.

Your Committee finds that studies have shown that when there are policies that prevent discrimination against renters with housing assistance vouchers, renters are more likely to find housing. Your Committee also finds that the federal Fair Housing Act does not prohibit source of income discrimination; however, states and localities have passed laws that prohibit housing discrimination on the basis of source of income. Your Committee further finds that strong source of income discrimination protections can address a key barrier to housing for many low-income and homeless individuals and families throughout the State, such as former foster youth, single mothers with minor children, veterans, individuals fleeing domestic violence, and the elderly.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 162, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 162, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Aquino, McDermott).

#### **SCRep. 2113-22 Housing on S.C.R. No. 178**

The purpose of this measure is to request the Department of Land and Natural Resources, in consultation with the State Historic Preservation Division and the Island Burial Councils, to contract its review of proposed affordable housing projects to third-party consultants and submit its findings and recommendations to the Legislature.

Your Committee received comments on this measure from the Department of Land and Natural Resources; Hawaii Housing Finance and Development Corporation; and County of Hawaii Office of Housing and Community Development.

Your Committee finds that the State's housing crisis requires immediate action to expedite the development and delivery of additional housing units, particularly low-income and affordable housing units. Your Committee further finds that the Department of Land and Natural Resources is actively working on a number of improvements that will expedite its reviews of proposed affordable housing projects and the various review processes under the State's historic preservation program.

Your Committee notes that this measure requests the Department of Land and Natural Resources to enter into contracts with third-party consultants; however, in the absence of funds it will be impossible for the Department to execute any contracts with a third-party consultant. According to testimony received by the Department, neither it nor the State Historic Preservation Division has funds to enter into such contracts and related funding is not included in the Governor's budget request for the coming fiscal year.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Department of Land and Natural Resources, in consultation with the State Historic Preservation Division and the Island Burial Councils, to create an expedited process to contract its review of proposed affordable housing projects to third-party consultants, rather than requesting the Department to immediately contract with third-party consultants;
- (2) Requesting the Department of Land and Natural Resources to consider certain suggestions when creating the expedited process, rather than requesting the Department to take specific steps when executing contracts;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 178, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 178, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Aquino, McDermott).

#### **SCRep. 2114-22 Housing on S.C.R. No. 232**

The purpose of this measure is to request the Office of Planning and Sustainable Development to convene a multi-agency working group to:

- (1) Make recommendations for planning, coordinating, and implementing the objectives and policies for housing in the Hawaii State Planning Act; and
- (2) Submit a report to the Legislature.

Your Committee received comments on this measure from the Hawaii Public Housing Authority, Hawaii Housing Finance and Development Corporation, and Office of Planning and Sustainable Development.

Your Committee finds that multiple state agencies are responsible for housing development in the State. Your Committee further finds that a multi-agency approach is essential to coordinate efforts and implement strategies to address the State's housing shortage.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 232, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Aquino, McDermott).

#### **SCRep. 2115-22 Energy & Environmental Protection on S.C.R. No. 103**

The purpose of this measure is to request the Hawaii State Energy Office to convene a working group to examine issues and barriers to the installation of electric vehicle charging systems in multi-unit dwellings and make recommendations regarding changes to statutes and rules or other guidance to help clarify and facilitate the installation of electric vehicle charging systems in multi-unit dwellings.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii State Energy Office, Climate Protectors Hawai'i, Alliance for Automotive Innovation, Ulu pono Initiative, Hawaiian Electric Company, Tesla, Hawaii Automobile Dealers' Association, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Public Utilities Commission.

Your Committee finds that while the adoption of electric vehicles by consumers continues to grow, the limited electric vehicle infrastructure, especially in multi-unit dwellings, is a major barrier to the adoption of electric vehicles. Therefore, it is critical to examine the issues regarding the installation of electric vehicle charging infrastructure in multi-unit dwellings, which will further provide the Legislature with the necessary information to make informed policy decisions for furthering the development and adoption of electric vehicles in the State.

Your Committee has amended this measure by:

- (1) Amending the composition of the working group by:
  - (A) Clarifying that the representative of the Hawaii State Energy Office is requested to convene the working group and serve as its chairperson or designate another member of the working group to serve as chairperson if mutually agreed upon by the members;
  - (B) Removing one of the individuals who sit on the board of directors of an association of apartment owners and clarifying that the remaining individual be appointed by the Chief Energy Officer of the Hawaii State Energy Office;
  - (C) Adding a representative from the Kauai Island Utility Cooperative;

- (D) Removing one of the representatives from the electric vehicle charging system industry and clarifying that the remaining representative be appointed by the Speaker of the House of Representatives; and
- (E) Replacing the representatives from the Blue Planet Foundation and Hawaii Electric Vehicle Association with one representative from a non-profit organization that works on electrification of transportation policy appointed by the President of the Senate;
- (2) Requesting the working group to submit a report of its findings and recommendations to the Legislature;
- (3) Amending its title to make technical, nonsubstantive amendments; and
- (4) Making other technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 103, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as S.C.R. No. 103, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2116-22 Consumer Protection & Commerce on S.C.R. No. 26**

The purpose of this measure is to urge the United States Congress to enact legislation to address the rise in illegal text messages.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that there are concerns that text messages could be the new method for criminals to scam consumers. In August 2021, there were approximately 7,650,000 spam text messages delivered to consumers. Automated text messages are now more prevalent, and potentially more dangerous, than robocalls since malicious links can be clicked directly in a text message. This measure therefore urges that federal action be taken to address the growing problem of scam text messages.

Your Committee has amended this measure by:

- (1) Including the Federal Trade Commission as an agency the United States Congress is urged to consult in crafting legislation;
- (2) Clarifying that the recipients of certified copies of this measure from the Federal Trade Commission and Federal Communications Commission are the chairpersons of each respective commission; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 26, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 26, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 4 (Aquino, Hashem, Mizuno, Tarnas).

#### **SCRep. 2117-22 Consumer Protection & Commerce on S.C.R. No. 28**

The purpose of this measure is to request that the Department of Education establish programs and educational opportunities to increase media literacy and promote digital citizenship.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that media literacy encompasses the ability to analyze, evaluate, access, and create media. Digital citizenship encompasses media literacy and matters of online safety and responsibility. Your Committee further finds that the coronavirus disease 2019 pandemic's impact on shifting education toward digital learning has increased the importance of media literacy and digital citizenship. This measure promotes the incorporation of instruction on media literacy and digital citizenship within public schools, which will help prepare public school students to live and work in a digital world.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 28 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 2 (Mizuno, Tarnas).

#### **SCRep. 2118-22 Health, Human Services, & Homelessness on S.C.R. No. 124**

The purpose of this measure is to urge the Department of Health and the Department of Human Services to work with community partners, including the YMCA of Honolulu, to support the mental wellness of the State's youth.

Your Committee received testimony in support of this measure from Stonewall Caucus of the Democratic Party of Hawaii, YMCA of Honolulu, and one individual. Your Committee received comments on this measure from Hawaii State Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 124, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

#### **SCRep. 2119-22 Health, Human Services, & Homelessness on S.C.R. No. 197**

The purpose of this measure is to request the Department of Health to develop protocols for hospitals in the State to improve the treatment of patients contemplating suicide.

Your Committee received comments on this measure from Sutter Health Kāhi Mōhala.

Your Committee finds that suicide is a significant public health problem in Hawaii. However, there are gaps in the health care system for individuals with a risk of suicide. Your Committee further finds that this measure will improve public health by requesting the Department of Health to develop treatment protocols for hospitals in the State for patients contemplating suicide.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 197, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Har).

#### **SCRep. 2120-22 Energy & Environmental Protection on S.C.R. No. 90**

The purpose of this measure is to urge Marine Corps Base Hawaii to upgrade the capacity of its sewage treatment plant and redundancy of the components to ensure that final effluent quality is in compliance with state permitting requirements.

Your Committee received testimony in support of this measure from the Hawaii Reef and Ocean Coalition, Friends of Hanauma Bay, and one individual.

Your Committee finds that Marine Corps Base Hawaii discharges a significant amount of treated wastewater into Kailua Bay, which is used by swimmers, paddlers, divers, and surfers. Therefore, it is critical that Marine Corps Base Hawaii take the necessary steps to upgrade its sewage treatment plant to ensure that the treated wastewater it discharges complies with the proper regulations and standards.

Your Committee has amended this measure by:

- (1) Clarifying certain provisions relating to Marine Corps Base Hawaii;
- (2) Requesting that all Department of Defense installation services in Hawaii seek to migrate from R2 to R1 treatment standards, maximizing irrigation, reducing potable water consumption on military bases, and reducing discharge into Hawaii's waters; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 90, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 90, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2121-22 Energy & Environmental Protection on S.C.R. No. 140**

The purpose of this measure is to urge the State Sustainability Coordinator to work with state and county film offices to develop protocols to ensure that film and television productions in Hawaii are utilizing sustainable practices.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Office of Planning and Sustainable Development; Pride at Work – Hawaii; Screen Actors Guild – American Federation of Television and Radio Artists Hawaii Local; Hawai'i State AFL-CIO; Hawaii Nurses' Association – OPEIU Local 50; Musicians' Association of Hawaii, Local 677, American Federation of Musicians; KIA Enterprises, LLC; and eight individuals.

Your Committee finds that the production of films and television programs continues to have a significant economic impact on the State. However, single-use plastics are often used for food, beverages, and other essentials in accommodating large groups of performers and crew members working on film and television productions. Therefore, encouraging the film and television industry in Hawaii to shift to using alternatives rather than single-use plastics promotes sustainability and a reduction in pollution.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 140, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2122-22 Energy & Environmental Protection on S.C.R. No. 242**

The purpose of this measure is to request the Public Utilities Commission, in collaboration with the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy, to convene a working group to create a Hawaii Low Income Home Energy Assistance Program to assist low-income households with paying for their home energy.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii State Energy Office, Hawaiian Electric Company, and Climate Protectors Hawai'i. Your Committee received comments on this measure from the Public Utilities Commission.

Your Committee finds that many households in the State are struggling to pay for energy costs, as Hawaii's electricity rates are one of the highest in the nation. Therefore, establishing a state Low Income Home Energy Assistance Program would assist struggling households with their energy costs and ensure continued access to electrical power for all residents.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 242, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Todd, Tokioka).

#### **SCRep. 2123-22 Finance on S.C.R. No. 1**

The purpose of this measure is to urge the Department of Education to develop and implement an affirmative action program, to the extent permitted by law, designed to recruit and employ qualified blind professionals to serve as orientation and mobility instructors and in other positions as teachers of visually impaired students.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 1, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2124-22 Finance on S.C.R. No. 19**

The purpose of this measure is to request that Joint Base Pearl Harbor-Hickam and the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources collaborate to establish a recreational area in the East Loch of Pearl Harbor.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 19, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2125-22 Finance on S.C.R. No. 21**

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to conduct a study on the economic impacts of domestic out-of-state students.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 21, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2126-22 Finance on S.C.R. No. 27**

The purpose of this measure is to request the Office of Enterprise Technology Services to conduct a feasibility study on the development of a statewide interagency system for filing and maintaining documents required of individuals and organizations accessing government services online.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 27, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2127-22 Finance on S.C.R. No. 61**

The purpose of this measure is to request the Auditor to assess the social and financial effects of mandatory health insurance coverage for hearing aids.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 61, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2128-22 Finance on S.C.R. No. 64**

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of State submerged lands at Napili, Kā'anapali, Maui, for a portion of stairs for public beach access, and for use, repair, and maintenance of the stairs constructed thereon.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 64, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2129-22 Finance on S.C.R. No. 82**

The purpose of this measure is to request the Auditor to conduct a performance audit of the Department of Health, Hawaii State Hospital and Hawaii Information Portal.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 82 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2130-22 Finance on S.C.R. No. 83**

The purpose of this measure is to request the Hawaii Council for the Humanities, State Foundation on Culture and the Arts, and Hawaii State Public Library System to collaborate for the establishment of a Hawaii State Poet Laureate Program.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 83 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2131-22 Finance on S.C.R. No. 102**

The purpose of this measure is to request the Office of the Auditor to conduct a performance audit of the policies, procedures and processes of the Child Welfare Services Branch to protect the safety and well-being of children.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 102, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2132-22 Finance on S.C.R. No. 118**

The purpose of this measure is to request the Creative Resurgence Task Force to continue to examine and determine measures and establish policies and programs to build and foster creativity and innovation through the arts, culture, and humanities in the State.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 118, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2133-22 Finance on S.C.R. No. 122**

The purpose of this measure is to request the Auditor to conduct a sunrise analysis of the regulation and licensure of school psychologists.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 122, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2134-22 Finance on S.C.R. No. 146**

The purpose of this measure is to request the Director of Transportation to convene a task force on best practices and successful efforts to green transportation infrastructure and public infrastructure in jurisdictions outside of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 146, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2135-22 Finance on S.C.R. No. 176**

The purpose of this measure is to support the ongoing efforts by the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources to execute its priorities for Honokohau Small Boat Harbor as outlined in its improvement masterplan.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 176 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2136-22 Finance on S.C.R. No. 178**

The purpose of this measure is to request the Department of Land and Natural Resources, in consultation with the State Historic Preservation Division and the Island Burial Councils, to create an expedited process to contract its review of proposed affordable housing projects to third-party consultants, rather than requesting the Department to immediately contract with third-party consultants.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 178, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2137-22 Finance on S.C.R. No. 193**

The purpose of this measure is to request the Department of Transportation Airports Division to develop a preliminary draft thermal screening and tracing camera repurpose plan for its five major airports.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 193 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2138-22 Finance on S.C.R. No. 205**

The purpose of this measure is to request the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources, in consultation with the Kaneohe Bay Regional Council, to conduct a study of commercial activity on Kaneohe Bay and develop a plan to reduce the amount of non-permitted commercial activity that is operating in violation of the Kaneohe Bay Master Plan, investigate challenges to enforcement against illegal commercial activity at Kaneohe Bay and offer recommendations to improve compliance with the Kaneohe Bay Master Plan.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 205, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2139-22 Finance on S.C.R. No. 217**

The purpose of this measure is to request the Early Learning Board to prepare a report containing a road map, including proposed legislation, for the implementation of Act 46, Session Laws of Hawaii 2020, and submit the report to the Legislature prior to the 2023 Regular Session.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 217, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2140-22 Finance on S.C.R. No. 34**

The purpose of this measure is to request the Early Learning Board to conduct an evaluation of its current composition and charter, develop a five-year strategic plan to guide the Early Learning Board going forward, and report to the Legislature prior to the 2023 Regular Session.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 34, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2141-22 Finance on S.C.R. No. 35**

The purpose of this measure is to request the University of Hawaii - West Oahu to re-establish its partnership with the University of Hawaii at Hilo to provide a nursing program similar to the Ike Maui Ola program and a pathway for students attending the University of Hawaii – West Oahu who are interested in pursuing a nursing career.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 35, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Nishimoto, Wildberger, McDermott).

**SCRep. 2142-22 Judiciary & Hawaiian Affairs on S.C.R. No. 201**

The purpose of this measure is to urge the United States Army Corps of Engineers to work with the Department of Land and Natural Resources to mitigate negative impacts to corals and other important coral reef resources while dredging in State waters.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 201 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2143-22 Judiciary & Hawaiian Affairs on S.C.R. No. 161**

The purpose of this measure is to request the Hawaii Housing Finance and Development Corporation to convene a task force to review the permitting process related to affordable housing and conduct a study of the effect of county ordinances on housing finance and development.

Your Committee received testimony in support from the County of Hawaii Office of Housing and Community Development. Your Committee received testimony with comments from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the State is experiencing an unprecedented housing shortage. Your Committee also finds that while government regulations are necessary to regulate housing construction and development and protect the safety, health, and welfare of the community, county ordinances and rules can also impose significant barriers to affordable housing development. This measure is an important step in the process of streamlining the development of affordable housing throughout the State.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 161, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2144-22 Judiciary & Hawaiian Affairs on S.C.R. No. 133**

The purpose of this measure is to urge the State Commission on the Status of Women to establish a task force to develop and implement an outreach program aimed at informing domestic violence victims of available sources of assistance.

Your Committee received testimony in support of this measure from the State Commission on the Status of Women, Domestic Violence Action Center, Hawai'i Friends of Civil Rights, Hawai'i State Coalition Against Domestic Violence, and four individuals.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.C.R. 122, H.D. 1, a substantially similar measure that urges the State Commission on the Status of Women to work with the Domestic Violence Action Center, the Filipino Chamber of Commerce of Hawaii, and other Chambers of Commerce in Hawai'i to develop and implement a domestic violence victim outreach program.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 133, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 133, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2145-22 Judiciary & Hawaiian Affairs on S.C.R. No. 63**

The purpose of this measure is to request the Department of Education to name the new Kihei High School in honor of United States Congresswoman Patsy T. Mink.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Democratic Party of Hawai'i Women's Caucus, Americans for Democratic Action, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the Department of Education is in the process of building a new high school in Kihei to serve South Maui families, located a short distance from where Congresswoman Patsy T. Mink herself attended high school. Your Committee believes that given her extraordinary dedication to advocating for educational equity and the overall well-being of children, there would be no better way to honor the legacy of Congresswoman Patsy T. Mink.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 63, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2146-22 Judiciary & Hawaiian Affairs on S.C.R. No. 216**

The purpose of this measure is to request the Department of Education to assess and report to the Legislature whether and to what extent existing curriculum and training align with Erin's Law.

Your Committee received testimony in support of this measure from the Democratic Party of Hawaii Women's Caucus, Hawaii Youth Services Network, Parents and Children Together, and Hawaii Pacific Health Sex Abuse Treatment Center.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 216, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2147-22 Judiciary & Hawaiian Affairs on S.C.R. No. 76**

The purpose of this measure is to request the Board of Agriculture to prohibit unapproved residential use of farm dwellings in agricultural parks.

Your Committee received testimony with comments from the Department of Agriculture.

Your Committee notes that 84 of the 217 agricultural park parcels currently have farm dwellings.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 76 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2148-22 Judiciary & Hawaiian Affairs on S.C.R. No. 108**

The purpose of this measure is to affirm Hawaii's ongoing commitment to the goals of the Paris Climate Agreement and United Nations Sustainable Development Goals and Endorsement of the Fossil Fuel Non-Proliferation Treaty.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, County Council of Maui, Hawaii Institute for Human Rights, Stand.earth – Fossil Fuel Non-Proliferation Treaty and SAFE Cities, and three individuals. Your Committee received testimony in opposition of this measure from one individual.

Your Committee finds that the reliance on fossil fuels has resulted in the global climate crisis we find ourselves in today. Additionally, the construction of new fossil fuel infrastructure and expanded reliance do not reflect the coal, oil, and gas omissions in respect to the supply and production. The overall reliance on fossil fuels expose communities to untenable risks to public health and safety at the local and global levels. Therefore, it is essential to commit to ambitious investments of lessening our reliance for the longevity of our world.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 108, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2149-22 Judiciary & Hawaiian Affairs on S.C.R. No. 25**

The purpose of this measure is to recognize October 3 through October 7, 2022, as Digital Inclusion Week in the State of Hawai'i.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development & Tourism, and Hawaii Broadband Hui. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that digital equity ensures that all individuals and communities have the information technology capacity needed to take part fully in society, the economy, and democratic government, which is necessary for civic and cultural participation, distance learning and remote working, and access to essential services like telemedicine. This measure will help to raise awareness of the need for digital equity and to promote digital inclusion in the State.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 25, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2150-22 Judiciary & Hawaiian Affairs on S.C.R. No. 138**

The purpose of this measure is to urge the City and County of Honolulu to celebrate the fiftieth anniversary of the Lanikai bikeway and recognize the efforts of Ted Rodgers and Cynthia Thielen who led the efforts to establish it.

Your Committee received testimony in support from one individual.

Your Committee finds that the Lanikai Bikeway was created in response to the unsafe road conditions for bikers in the area. Because this community effort was organized and led by Ted Rodgers and Cynthia Thielen, an official recognition of their leadership and advocacy will serve as a permanent reminder of their tangible contributions to protecting the community.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 138, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2151-22 Judiciary & Hawaiian Affairs on S.C.R. No. 24**

The purpose of this measure to recognize April 17 through April 23, 2022, as volunteer week Hawaii throughout the state.

Your committee received testimony in support of this measure from Kanu Hawaii and three individuals.

Your Committee finds that National Volunteer Week, first designated by President Nixon in 1974, empowers volunteers and serves as a reminder that individuals and communities are at the center of social change. Your Committee further finds that ongoing recognition of Volunteer Week in Hawaii will serve as a call to action for volunteerism and community engagement. This measure mirrors national recognition of volunteers by recognizing April 17 through April 23, 2022, as Volunteer Week in the State of Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 24, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2152-22 Judiciary & Hawaiian Affairs on S.C.R. No. 185**

The purpose of this measure is to denounce Russia's actions causing a humanitarian crisis in Ukraine and urging the United States Congress to take concrete action to support Ukrainian refugees and to increase the refugee limits for the United States and increase funding related to those efforts.

Your Committee received testimony in support of this measure from the State of Hawaii Office of Community Services. Your Committee received testimony in opposition of this measure from one individual.

Your Committee finds that the Russian invasion of Ukraine has created a devastating humanitarian crisis, with millions of Ukrainians, many of them women, children, and the elderly, fleeing the country. Your Committee further finds that countries like Poland, Romania, and Moldova are taking a disproportionate number of Ukrainian refugees compared to the rest of the world. According to the UN Refugee Agency, as of March 31, 2022, Poland had received 2,384,814 refugees, Romania had received 623,627 refugees, and Moldova had received 390,1987 refugees. Although the United States has taken some steps toward helping Ukrainian refugees, your Committee finds that additional, concrete steps should be taken to provide further support to address this ongoing crisis.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 185, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2153-22 Judiciary & Hawaiian Affairs on S.C.R. No. 203**

The purpose of this measure is to urge the Department of Land and Natural Resources to develop programs to recapture, retain, and share the cultural and environmental knowledge of limu kala.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Kua'aina Ulu 'Auamo, Limu Hui, Hawaii Reef and Ocean Coalition, and Malama Pūpūkea-Waimea.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 203 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2154-22 Judiciary & Hawaiian Affairs on S.C.R. No. 121**

The purpose of this measure is to urge the counties and the State of Hawai'i to work with Huamakahikina and Kumu Hula to establish policies protecting hula.

Your Committee received testimony in support from the Halau Hula 'O Kawaiho'omalu; Kaulana Na Pua, Inc.; God's Country Waimanalo; Na Nupuna a me Na Kako'o O Halawa Inc.; Kumu Hula Association of Northern California; Moku O Manokalanipo Kauai Council of the Association of Hawaiian Civic Clubs; Association of Hawaiian Civic Clubs; Council for Native Hawaiian Advancement; and numerous individuals. Your Committee received testimony in opposition from the Department of Land and Natural Resources Hawaii State Aha Moku.

Your Committee finds that Huamakahikina was first convened in 2020 to promote the voices of Kumu Hula, or those recognized to represent hula lineages and advocate for the proper preservation of hula. Your Committee further finds that growing interest in Hawaiian culture has unfortunately also led to misrepresentation and dissemination of incorrect choreography, designs, proper names, and lexicons of hula by persons who teach hula without being acknowledged as Kumu Hula. This measure protects hula by urging the State and counties to develop policies and increase resources to perpetuate hula for future generations.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 121 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2155-22 Judiciary & Hawaiian Affairs on S.C.R. No. 46**

The purpose of this measure is to request the Department of Hawaiian Home Lands to conduct a feasibility study on the creation of an enforcement division for the Department of Hawaiian Home Lands.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 46, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2156-22 Judiciary & Hawaiian Affairs on S.C.R. No. 192**

The purpose of this measure is to request the Office of Information Practices to convene a working group to develop recommendations for the treatment of deliberative and pre-decisional agency records.

Your Committee received testimony in support from the State of Hawaii Office of Information Practices, Department of Land and Natural Resources, Department of Transportation, Department of Commerce and Consumer Affairs, and Common Cause Hawaii. Your Committee received testimony in opposition of this measure from the Aina Hina Community Association. Your Committee received comments from the League of Women Voters (LWV), Civil Beat Law Center for the Public Interest, Hawaii Chapter Society of Professional Journalists, and the Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 192, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (D. Kobayashi, McKelvey, Ward).

**SCRep. 2157-22 Consumer Protection & Commerce on S.C.R. No. 2**

The purpose of this measure is to request that the Auditor conduct a sunrise review of the certification and regulation of community health workers.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Health; Hawai'i Public Health Institute; Kula no na Po'e Hawaii o Papakōlea, Kewalo, Kalāwahine; Hawai'i Community Health Worker Association; and two individuals.

Your Committee finds that community health workers serve in unique and important roles, such as community health advisors, health advocates, outreach educators, community health representatives, and peer health educators. Your Committee further finds that community health workers are not presently required to be regulated by the State. This measure therefore requests the Auditor to conduct a sunrise review of the certification and regulation of community health workers, as proposed by Senate Bill No. 2882, Regular Session of 2022.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 2, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Har, Mizuno, Morikawa, Onishi).

**SCRep. 2158-22 Consumer Protection & Commerce on S.C.R. No. 241**

The purpose of this measure is to request that the Auditor assess the social and financial effects of mandatory health insurance coverage for fertility preservation procedures for certain persons who have been diagnosed with cancer and whose cancer or cancer treatment may adversely affect their fertility.

Your Committee received testimony in support of this measure from the Hawaii Society of Clinical Oncology, Association for Clinical Oncology, and Alliance for Fertility Preservation.

Your Committee finds that for individuals with cancer, the struggles of infertility are heavily exacerbated, as they are forced to sacrifice their ability to conceive and start a family in order to survive their condition. However, due to advances in reproductive technology, cancer need not preclude parenthood. Offering techniques to preserve fertility is now recognized by all relevant medical societies as a standard part of cancer care, but access remains a challenge.

Your Committee further finds that mandated health insurance coverage for fertility preservation procedures is not generally covered by health insurance and would be considered a new mandated benefit. This measure therefore requests the Auditor to conduct an impact assessment report on the social and financial effects of the mandated health insurance coverage for fertility preservation procedures for certain persons who have been diagnosed with cancer proposed by House Bill No. 2242 and Senate Bill No. 3308, Regular Session of 2022.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 241, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Har, Mizuno, Morikawa, Onishi).

**SCRep. 2159-22 Consumer Protection & Commerce on S.C.R. No. 33**

The purpose of this measure is to request that the Blood Bank of Hawaii immediately adopt the United States Food and Drug Administration's updated guidance that shortens or eliminates the deferral period for certain blood donors.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that due to fears associated with the coronavirus disease 2019 pandemic, blood bank donations decreased substantially in 2021, resulting in an historic blood inventory shortage in the State and nationally. To address the shortage of blood donations, the United States Food and Drug Administration (FDA) revised its blood donor eligibility guidance for several categories of blood donors by shortening or eliminating the deferral periods. Your Committee further finds that the Blood Bank of Hawaii has yet to adopt any of the FDA's revised guidance. This measure addresses the urgent need for an increased supply of blood by requesting that the Blood Bank of Hawaii immediately adopt the FDA's revised guidance that shortens or eliminates the deferral period for certain blood donors.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 33, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Har, Mizuno, Morikawa, Onishi).

**SCRep. 2160-22 Consumer Protection & Commerce on S.C.R. No. 41**

The purpose of this measure is to request that the Hawaii Broadband and Digital Equity Office conduct a data mapping study to identify geographically underserved and unserved areas in the State that lack quality broadband connectivity.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the coronavirus disease 2019 pandemic has magnified the need for broadband access for all residents in the State. Your Committee further finds that in recognition of this, the federal government has funded broadband equity and digital equity programs across the country. However, to achieve the goals set forth in these federal programs, high resolution location data is needed to determine unserved and underserved areas throughout Hawaii. This measure will assist the State in identifying geographically underserved and unserved areas that lack quality broadband connectivity.

Your Committee has amended this measure by:

- (1) Deleting language requesting that the Department of Business, Economic Development, and Tourism allocate \$150,000 to contract for data mapping services; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 41, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 41, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Har, Mizuno, Morikawa, Onishi).

#### **SCRep. 2161-22 Consumer Protection & Commerce on S.C.R. No. 120**

The purpose of this measure is to urge the Public Utilities Commission to consider and adopt an efficient, streamlined process to review requests made by electric utilities to provide middle mile broadband services in furtherance of the State's efforts to expedite broadband access and equity, facilitate digital equity, and promote expeditious broadband deployment to unserved and underserved areas.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Hawaiian Electric Company; Ocean Networks, Inc.; and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, and Hawaiian Telcom.

Your Committee finds that the coronavirus disease 2019 pandemic has magnified the need for broadband access for all residents in the State. Broadband access has become a necessity for efficient access to basic amenities including health care, education, public safety, commerce, and government services. Access to broadband is also necessary for work and in daily interactions with others. Your Committee further finds that existing regulated public utilities are able to provide foundational, diverse middle mile broadband services to internet service providers and other third parties without duplicating efforts or congesting rights-of-way or view planes, which will increase the deployment of broadband in unserved and underserved communities.

Your Committee notes and agrees with the comment submitted by the Department of Commerce and Consumer Affairs in its written testimony to your Committee that it may be necessary for the Public Utilities Commission to revisit its rules, known as the Affiliate Transaction Requirements, to ensure that cross-subsidization does not occur for broadband activities.

Your Committee has amended this measure by:

- (1) Making a technical, nonsubstantive amendment to the title to more accurately reflect the measure's purpose; and
- (2) Making other technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 120, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 120, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Har, Mizuno, Morikawa, Onishi).

#### **SCRep. 2162-22 Consumer Protection & Commerce on S.C.R. No. 103**

The purpose of this measure is to request that the Hawaii State Energy Office convene a working group to examine issues and barriers to the installation of electric vehicle charging systems in multi-unit dwellings and make recommendations regarding changes to statutes and rules or other guidance to help clarify and facilitate the installation of electric vehicle charging systems in multi-unit dwellings.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office, Hawaii Council of Community Associations, Ulupono Initiative, Hawaii Electric Vehicle Association, 350Hawaii.org, Tesla, Hawaiian Electric Company, Alliance for Automotive Innovation, Climate Protectors Hawaii, Envoy Hawaii, Hawaii Automobile Dealers' Association, and eight individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, and NAIOP Hawaii.

Your Committee finds that the transportation sector represents the largest contributor to carbon emissions in the State. Your Committee further finds that while the adoption of electric vehicles by consumers continues to grow, the limited electric vehicle infrastructure, especially in multi-unit dwellings, is a major barrier to the adoption of electric vehicles. A coordinated effort is needed amongst a wide range of stakeholders to continue meaningful progress on clean transportation. This measure establishes a working group, which will provide the Legislature with the necessary information to make an informed policy decision for furthering the development of electric vehicle infrastructure in multi-unit dwellings.

Your Committee has amended this measure by:

- (1) Adding a representative from NAIOP Hawaii Chapter as a member of the working group;
- (2) Adding the President of NAIOP Hawaii Chapter as a recipient of a certified copy of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 103, S.D. 1, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 103, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Har, Mizuno, Morikawa, Onishi).

**Conf. Com. Rep. 1-22 on S.B. No. 2752**

The purpose of this measure is to:

- (1) Establish an income tax credit for taxpayers who are required to seal abandoned wells;
- (2) Clarify the definition of the term "abandoned well";
- (3) Require abandoned well owners to seal the well at their expense; and
- (4) Appropriate funds for positions under the Commission on Water Resource Management.

Your Committee on Conference finds that wells in a state of disuse or disrepair can become conduits for contaminants to be introduced into ground water. Your Committee on Conference further finds that abandoned wells can also become receptacles for the disposal of waste, potentially resulting in additional contamination and associated risk to public health and the environment.

Your Committee on Conference has amended this measure by:

- (1) Deleting the creation of a new section in statute that establishes the abandoned well income tax credit;
- (2) Deleting the appropriation for positions within the Commission on Water Resource Management;
- (3) Changing the effective date to upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2752, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2752, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nakashima, Branco, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Inouye, Kanuha, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 2-22 on S.B. No. 2163**

The purpose of this measure is to elevate the penalty of negligent homicide in the first degree from a class B felony to a class A felony when certain conditions are met.

Your Committee on Conference finds that existing penalties need to be addressed to deter drivers from repeatedly operating their vehicles under the influence of drugs and alcohol or at increased blood or breath alcohol levels. This measure will prevent traffic fatalities and save lives by elevating the penalty of negligent homicide in the first degree from a class B felony to a class A felony when certain conditions are met.

Your Committee on Conference has amended this measure by increasing the lookback period for convictions for operating a vehicle under the influence from ten years within the instant offense to fifteen years within the instant offense.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2163, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2163, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Matayoshi, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 3-22 on S.B. No. 204**

The purpose and intent of this measure is to authorize the Department of Land and Natural Resources to use in-lieu fee mitigation to restore, create, enhance, preserve, or any combination thereof, aquatic habitats or resources as compensatory mitigation.

Your Committee on Conference finds that natural resource agencies prefer compensatory mitigation mechanisms such as in-lieu fee mitigation as in-lieu fee sponsors are often entities with more experience, scientific expertise, and a long-term interest in natural resource conservation. Providing the Department of Land and Natural Resources with an additional mechanism to improve stewardship of aquatic public trust habitats and resources, increased accountability for aquatic resource damage, and a higher quality of restitution for the damaged resource will improve aquatic resource management.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 204, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 204, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nakashima, Branco, LoPresti, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (Nakashima, McDermott).

Senators Inouye, Rhoads, Keith-Agaran, and Fevella.

Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 4-22 on S.B. No. 3077**

The purpose of this measure is to:

- (1) Add and update definitions to satisfy current industry practice needs;
- (2) Align and remedy inconsistencies between statutory chapters on barbering and beauty culture;
- (3) Remove the five-year license requirement for barber and beauty operator board of barbering and cosmetology member seats; and
- (4) Raise fees for penalties and disciplinary actions and remove medical clearance requirements.

Your Committee on Conference finds that existing law contains various inconsistencies between the two separate statutory chapters that regulate barbering and cosmetology, which have created a number of undue complexities. This measure repeals chapters 438 and 439, Hawaii Revised Statutes, and creates a new chapter to align the regulatory structure for barbering and cosmetology, correct inconsistencies, and update certain provisions to address evolving industry concerns and needs.

Your Committee on Conference has amended this measure by:

- (1) Amending the definition of "beauty instructor";
- (2) Inserting an effective date of July 1, 2022; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3077, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3077, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kitagawa, Matayoshi, Todd, LoPresti, and Matsumoto.  
Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, none.

Senators Baker, Chang, DeCoite, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 5-22 on S.B. No. 2685**

The purpose of this measure is to:

- (1) Establish requirements for cumulative voting and the removal of directors of planned community associations;
- (2) Exempt planned community associations from certain requirements regarding cumulative voting for and the removal of directors under the Hawaii Nonprofit Corporations Act; and
- (3) Require boards of directors of planned community associations, when planning to distribute proxies without the use of association funds, to post notices of their intent to distribute written notices for association meetings at least twenty-one days before distributing the written notices.

Your Committee on Conference finds that the cumulative voting provisions under the Hawaii Nonprofit Corporations Act can be easily manipulated by planned community association boards of directors to prevent minority groups from attaining representation by simply omitting cumulative voting from the notice. This measure clarifies that the cumulative voting provisions under the Hawaii Nonprofit Corporations Act do not apply to planned community associations governed by the State's planned community association laws and establishes provisions specific to planned community associations.

Your Committee on Conference has amended this measure by making it effective January 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2685, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2685, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Kitagawa, and Matsumoto.  
Managers on the part of the House.  
Ayes, 3. Noes, none. Excused, none.

Senators Baker, Gabbard, Chang, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 6-22 on S.B. No. 2808**

The purpose of this measure is to appropriate funds to the Hawaii Technology Development Corporation for the State Small Business Credit Initiative Program.

Your Committee on Conference finds that the State Small Business Credit Initiative Program is a program that will provide federal funds in three tranches over the next seven years for states to expand and develop certain programs to provide access to capital for small businesses. Your Committee on Conference further finds that this measure is essential for small businesses to not only recover from the economic effects of the coronavirus disease 2019 pandemic, but to grow and expand within the State.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation of \$500,000; and

(2) Making it effective on July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2808, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2808, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Holt, B. Kobayashi, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (B. Kobayashi).

Senators Wakai, Kanuha, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 7-22 on H.B. No. 2111**

The purpose of this measure is to update and improve existing provisions in the Insurance Code and promote consumer protection by:

- (1) Adopting the revised National Association of Insurance Commissioners Suitability in Annuity Transactions Model Regulation to:
  - (A) Require producers to act in the best interest of the consumer when making a recommendation of an annuity; and
  - (B) Require insurers to establish and maintain a system to supervise recommendations;
- (2) Amending the Insurance Commissioner's authority to issue limited licenses to persons selling travel insurance to be inclusive of other general travel insurance products;
- (3) Removing references to outdated and obsolete limited lines product offerings; and
- (4) Amending the regulation of third party administrators by:
  - (A) Excluding dental insurers and dental service corporations; and
  - (B) Requiring third party administrators to include renewal certificates for surety bonds and audited financial statements in their annual reports.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date for the provisions adopting the revised National Association of Insurance Commissioners Suitability in Annuity Transactions Model Regulation to January 1, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2111, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2111, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Kitagawa, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Baker, Chang, Riviere, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

#### **Conf. Com. Rep. 8-22 on H.B. No. 2272**

The purpose of this measure is to:

- (1) Specify that a condominium declaration may be amended at any time by the vote or written consent of unit owners representing at least sixty-seven percent of the common interest;
- (2) Require the developer's public report to include annual reserve contributions based on a reserve study as part of the breakdown of the annual maintenance fees;
- (3) Clarify time and date requirements for petitions to amend bylaws and calls for special meetings; time frame for approval of minutes; and board meeting participation;
- (4) Clarify the conditions for use of electronic voting devices;
- (5) Specify that the use of electronic meetings and electronic, machine, or mail voting are to be at the sole discretion of the board of directors and expand the circumstances under which such use is authorized;
- (6) Specify that a board of directors may make rules for owner participation at board meetings available on the association's website;
- (7) Require that the reserve study be performed by an independent, certified reserve study preparer who shall not be affiliated with the managing agent of the association and require that the reserve study be prepared or updated at least every three years; and
- (8) Specify that an association's cash flow plan be based on thirty-year projections.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the declaration may be amended by at least sixty-seven percent of unit owners, unless the declaration is amended by the unit owners to require a higher percentage;
- (2) Specifying that the reserve study must be reviewed by an independent reserve study preparer and reviewed or updated at least every three years; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2272, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2272, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Kitagawa, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Baker, Riviere, San Buenaventura, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 9-22 on H.B. No. 137**

The purpose of this measure is to:

- (1) Remove the authority of county liquor commissions to investigate violations of the liquor tax law and require that such violations be referred to the Director of Taxation for investigation;
- (2) Require applications for liquor licenses to be notarized, rather than verified by oath; and
- (3) Repeal the requirement that investigative reports to the county liquor commissions include whether an applicant is a fit and proper person for licensure and any and all matters that are relevant to the application or license in the judgment of the investigator.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to January 1, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 137, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 137, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kitagawa, Todd, B. Kobayashi, Morikawa, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Baker, Rhoads, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 10-22 on H.B. No. 2307**

The purpose of this measure is to ensure the continued viability of the State's sea salt manufacturing industry by appropriating funds to provide education and support to businesses in the State regarding the United States Food and Drug Administration's industry guidance on colored sea salt.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$300,000 to provide education and support to businesses in the State regarding federal industry guidance on colored sea salt; and
- (2) Changing its effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2307, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2307, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Perruso, Matayoshi, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Kanuha, Wakai, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 11-22 on H.B. No. 1768**

The purpose of this measure is to:

- (1) Exempt the instream use of water for traditional and customary kalo cultivation practices from the existing process for disposition of water rights;
- (2) Clarify that the powers and duties of the Commission on Water Resource Management to determine appurtenant water rights include the specification of the water course or the means of access and delivery entitled to by that right;
- (3) Clarify that nothing in chapter 174C, part IV, Hawaii Revised Statutes, relating to the regulation of water use, shall be construed to deny the exercise of an appurtenant right, including access by the holder to conduct activities necessary to assure the use, delivery, and quality of water, that shall not be unreasonably withheld; and
- (4) Clarify that the appurtenant water rights of kuleana and taro lands include access by the holder to conduct activities necessary to assure the use, delivery, and quality of water, that shall not be unreasonably withheld.

Your Committee on Conference has amended this measure by changing its effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1768, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1768, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Tamas, Nakashima, Branco, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Inouye, Gabbard, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 3; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, 1 (Gabbard).

**Conf. Com. Rep. 12-22 on H.B. No. 2280**

The purpose of this measure is to prohibit planned community associations from prohibiting or unreasonably restricting the use of a unit owner's enclosed yard area for personal agriculture; provided the use is not in violation of the planned community association's existing master landscape plan or other restrictive covenants applicable to the unit.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2280, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2280, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Johanson, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Baker, Nishihara, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Nishihara).

**Conf. Com. Rep. 13-22 on H.B. No. 2169**

The purpose of this measure is to:

- (1) Clarify that the Department of Public Safety's role is to work with the Department of Transportation and county examiners of drivers to assist inmates in obtaining civil identification cards necessary to transition into the workforce, access social services, and secure housing, rather than issue civil identification cards; and
- (2) Require that any form the Department of Public Safety provides in connection with this assistance be in the inmate's primary language.

Your Committee on Conference has amended this measure by changing the effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2169, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2169, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ohno, Matayoshi, Ganaden, B. Kobayashi, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Nishihara, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 14-22 on H.B. No. 2312**

The purpose of this measure is to:

- (1) Establish the Women's Corrections Implementation Commission within the Judiciary to ensure implementation of the recommendations from the Final Report of the House Concurrent Resolution No. 85 (2016) Task Force on Prison Reform, to develop and implement an evidence-based, gender-responsive plan to divert non-violent women offenders, especially those with minor children, from the criminal justice system;
- (2) Require the Women's Corrections Implementation Commission to review existing local resources and programs focused on women in the justice system for their effectiveness and capacity for expansion; and
- (3) Require the Women's Corrections Implementation Commission to consider model programs including residential, in-person and community-based rehabilitation programs, supportive and subsidized housing, restorative justice, and educational programs.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$10,000; and
- (2) Changing the effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2312, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2312, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ohno, Ichiyama, B. Kobayashi, Ganaden, Morikawa, and McDermott.  
Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, 1 (McDermott).

Senators Nishihara, Rhoads, Shimabukuro, Riviere, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 2 (Rhoads, Fevella).

**Conf. Com. Rep. 15-22 on H.B. No. 1787**

The purpose of this measure is to:

- (1) Establish "employment first" as a policy of the State and counties;
- (2) Define "employment first" as the competitive employment and full inclusion of persons with a disability in an integrated setting as a first and preferred option for employment services;
- (3) Require state and county agencies to implement this policy in hiring practices and all programs and services administered or funded by the State or counties; and
- (4) Require the Department of Human Services to apply employment first principles to Medicaid home and community-based services programs.

Your Committee on Conference has amended this measure by changing the effective date to July 1, 2022; provided that the requirement that the Department of Human Services apply employment first principles to Medicaid home and community-based services programs shall not take effect until June 30, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1787, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1787, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Nakashima, Sayama, Belatti, LoPresti, and Okimoto.  
Managers on the part of the House.  
Ayes, 6. Noes, none. Excused, none.

Senators Ihara, Taniguchi, Acasio, Keith-Agaran, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 16-22 on H.B. No. 1436**

The purpose of this measure is to allow the counties to transfer development rights within a comprehensive planning program to protect from development lands at risk from sea level rise, coastal erosion, storm surge, or flooding associated with climate change.

Your Committee on Conference has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1436, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1436, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa, Branco, B. Kobayashi, Kong, and McDermott.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, 2 (Kitagawa, McDermott).

Senators Inouye, Moriwaki, Misalucha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 17-22 on H.B. No. 1872**

The purpose of this measure is to require:

- (1) The Department of Land and Natural Resources to recognize that:
  - (A) Game mammals and game birds provide a sustainable food source that merits appropriate resource management to support viable populations sufficient for hunting;
  - (B) Proper management of game populations in appropriate areas minimizes their impacts and provides important benefits; and
  - (C) The State's unique relationship with the ocean requires careful consideration and management of land and ocean activities that prioritize the public trust responsibilities of the State; and
- (2) Each department, office, or agency of the State to update its rules and policies to integrate the local hunting and fishing industries into any food security or sustainability strategies that the department, office, or agency employs.

Your Committee on Conference has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1872, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1872, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Branco, B. Kobayashi, Kong, and McDermott.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Inouye, Gabbard, Shimabukuro, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 18-22 on H.B. No. 956**

The purpose of this measure is to:

- (1) Establish a Statewide Interoperable Communications Executive Committee and Subcommittee for public safety communications; and
- (2) Establish the Statewide Interoperable Communications Coordinator.

Your Committee has amended this measure by:

- (1) Clarifying that the Statewide Interoperable Communications Coordinator shall coordinate governing body activities to maximize integration and collaboration across the emergency communications landscape;
- (2) Changing the effective date to January 1, 2023; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 956, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 956, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Eli, Takayama, Perruso, Clark, Costales, Ichiyama, and Ward.  
Managers on the part of the House.  
Ayes, 7. Noes, none. Excused, none.

Senators DeCoite, Moriwaki, Kanuha, Riviere, and Fevella.  
Managers on the part of the Senate.  
Ayes, 5. Noes, none. Excused, none.

**Conf. Com. Rep. 19-22 on H.B. No. 1588**

The purpose of this measure is to:

- (1) Establish the Resilient Hawaii Revolving Loan Fund to make low- or no-interest loans to local governments and nonprofit organizations to conduct hazard mitigation and resiliency projects, using funds anticipated to be available under the federal Safeguarding Tomorrow through Ongoing Risk Mitigation Act; and
- (2) Appropriate funds to administer the Resilient Hawaii Revolving Loan Fund and for positions to administer the Resilient Hawaii Revolving Loan Fund.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$500,000 into and out of the Resilient Hawaii Revolving Loan Fund;
- (2) Changing the effective date to July 1, 2022; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1588, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1588, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Eli, Perruso, Costales, Ichiyama, Mizuno, and Ward.  
Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, 1 (Mizuno).

Senators DeCoite, Misalucha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 20-22 on H.B. No. 1412**

The purpose of this measure is to require:

- (1) The counties to provide a minimum distance a vehicle must be moved within a specified timeframe after a vehicle is initially inspected for abandonment to avoid an official classification of abandonment; and
- (2) That, before a vehicle can be classified as being abandoned, notice be provided that the vehicle must be moved the specified distance within the specified timeframe or be subject to removal.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1412, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1412, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Kitagawa, Ilagan, Nishimoto, and Matsumoto.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, 1 (Nishimoto).

Senators Lee, Moriwaki, Acasio, and Fevella.

Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Moriwaki).

**Conf. Com. Rep. 21-22 on H.B. No. 1413**

The purpose of this measure is to:

- (1) Allow the Director of Finance of a county to require payment of outstanding charges and fines owed to the county relating to the disposition of an abandoned vehicle within the county by the registered owner of the abandoned vehicle before issuing a certificate of registration or completing a transfer of ownership, except under certain circumstances; and
- (2) Require the Director of Finance of a county to notify the appropriate county examiner of drivers of individuals who have outstanding charges and fines owed to the county relating to the disposition of an abandoned vehicle for the purposes of suspending, revoking, or prohibiting the renewal of their driver's licenses.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1413, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1413, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Kitagawa, Ilagan, Clark, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Lee, Moriwaki, Acasio, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

**Conf. Com. Rep. 22-22 on H.B. No. 1414**

The purpose of this measure is to hold a person who is the registered owner of a vehicle that was deemed abandoned or derelict liable and subject to a tiered fine system.

Your Committee on Conference has amended this measure by changing the effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1414, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1414, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Nakashima, Ilagan, Clark, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Lee, Acasio, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 23-22 on H.B. No. 1688**

The purpose of this measure is to:

- (1) Subject U-drive motor vehicles to the same motor vehicle registration fees as other motor vehicles;
- (2) Amend the maximum amount that a county may charge for an additional motor vehicle registration fee; and
- (3) Authorize the counties to use certain motor vehicle registration fees to mitigate and address the impacts of tourism-related traffic congestion.

Your Committee on Conference has amended this measure by:

- (1) Restoring language that authorized each county, by ordinance, to increase the additional motor vehicle registration fee to a maximum of \$10; and
- (2) Changing the effective date to January 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1688, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1688, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Kitagawa, Ilagan, Clark, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Lee, Moriwaki, Wakai, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 24-22 on H.B. No. 2416**

The purpose of this measure is to inform the public of the sources of campaign spending contributions by:

- (1) Permitting 501(c)(4) nonprofit organizations to use donations for electioneering communications, independent expenditures, or contributions only upon receipt of written consent from the donor to use such donations for these purposes and requiring nonprofit organizations to provide certain written notice to donors;
- (2) Requiring 501(c)(4) nonprofit organizations to disclose the name and address of each donor who donates an aggregate of more than \$10,000, with certain exceptions; and
- (3) Specifying that the disclosure date of an electioneering communication and only subsequent electioneering communications is the first date the original or subsequent electioneering communication is made.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the consent, notice, disclosure, and reporting requirement under this measure are applicable to 501(c)(4) nonprofit organizations that are subject to Chapter 11, Hawaii Revised Statutes, relating to elections, and are operating as noncandidate committees;
- (2) Exempting election advertisements published by electronic means and candidate debates or forums made by or on behalf of an organization sponsoring the debate or forum from being considered electioneering communications;
- (3) Requiring the disclosure by 501(c)(4) nonprofit organizations of the name and address of each donor making a donation individually or aggregating more than \$10,000;
- (4) Requiring disclosure of an electioneering communication and subsequent electioneering communication on the first date the electioneering communication or subsequent electioneering communication is publicly distributed, rather than on the first date these electioneering communications are made;
- (5) Clarifying that the disclosure date for mailers means the date the mailers are first mailed;
- (6) Changing the effective date to January 1, 2023; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2416, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2416, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Matayoshi, Kitagawa, Nakashima, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Nakashima).

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 25-22 on H.B. No. 1475**

The purpose of this measure is to require:

- (1) Legislators and certain state employees whose financial disclosure statements are public record to complete a live ethics training course administered by the State Ethics Commission within ninety days of taking office and at least once every four years thereafter;
- (2) All other state employees to complete either a live or an online ethics training course administered by the State Ethics Commission within ninety days of the start of employment and at least once every four years thereafter; and
- (3) Existing state legislators and employees who have not received ethics training within the immediately preceding three years of the effective date of this measure to complete a live or an online ethics training course within twelve months of this measure's effective date and at least once every four years thereafter.

Your Committee on Conference finds that, in light of the COVID-19 pandemic, there should be flexibility given to the State Ethics Commission to do virtual ethics training with a virtual video platform of the Commission's choice. Furthermore, ethics training done in this manner should be considered to fulfill the live ethics training course requirements provided in this measure. Your Committee on Conference notes the concerns of the public that a penalty for state employees who choose not to complete the required ethics training should be included in this measure. However, your Committee on Conference also notes that the State Ethics Commission already has powers to address instances of blatant noncompliance and as such feel there is no need to include any remediation of actions within this measure.

Your Committee on Conference has amended this measure by:

- (1) Allowing the implementation of the online ethics training course to include previously recorded ethics training courses originally conducted either in person or via videoconference and any other prerecorded material authorized by the State Ethics Commission;
- (2) Requiring state agencies to assist the State Ethics Commission by providing technical support as needed for the ethics training courses;
- (3) Changing the effective date to January 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1475, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1475, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Nakashima, Costales, Mizuno, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Taniguchi, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 26-22 on S.B. No. 2457**

The purpose of this measure is to appropriate funds to the Department of Labor and Industrial Relations' Office of Community Services to restore funding for Immigrant Resource Centers for the purpose of providing staff and resources to assist immigrant and refugee populations throughout the State; provided that the Office includes an outreach component in the services it provides.

Your Committee on Conference finds that despite being vital members of the community and workforce in Hawaii, many immigrants face barriers to success, including discrimination, cultural misunderstanding, and language access to government information and services. Your Committee on Conference also finds that from fiscal years 2014 through 2017, the Office of Community Services maintained Immigrant Resource Centers in all four counties to provide low-income immigrants with the needed support services; however, the centers are no longer operating due to the lack of funding. This measure will restore funds for the Immigrant Resource Centers to provide the immigrant and refugee populations the necessary support to transition into life in Hawaii and increase opportunities to make civic and economic contributions to the community.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$1,000,000;
- (2) Inserting an effective date of July 1, 2022; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2457, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2457, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Sayama, Aquino, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, Taniguchi, Shimabukuro, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 27-22 on S.B. No. 152**

The purpose of this measure is to:

- (1) Amend requirements for the restraint of child passengers;
- (2) Require a rear-facing child passenger restraint system with a harness for children under two years of age;
- (3) Repeal exceptions for compliance; and
- (4) Raise certain fines for violations.

Your Committee on Conference finds that child safety requirements in motor vehicles need to be improved. Your Committee on Conference further finds that some exceptions for safety compliance should be repealed, and that fines for violations should be increased to encourage compliance with legal requirements.

Your Committee on Conference has amended this measure by changing its effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 152, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 152, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Ilagan, Clark, Takumi, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Takumi).

Senators Lee, Gabbard, Shimabukuro, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 28-22 on S.B. No. 2118**

The purpose of this measure is to require the driver of a moped to be in immediate possession of a valid driver's license or instruction permit at all times.

Your Committee on Conference finds that existing law governing moped licenses can create confusion and difficulty in law enforcement. The statutes require a moped operator to have a license but do not specify that this license must be on the operator's person when operating a moped. This measure clarifies that when operating a moped, the driver must have their moped license on their person.

Your Committee on Conference has amended this measure by changing its effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2118, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2118, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Matayoshi, Clark, Ilagan, D. Kobayashi, and Matsumoto.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Lee, Rhoads, Inouye, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 29-22 on S.B. No. 2059**

The purpose of this measure is to designate the 'ōhi'a lehua as the state endemic tree.

Your Committee on Conference finds that the 'ōhi'a lehua is an endemic plant species found only in the Hawaiian Islands that has unique cultural, ecological, and economic value to the people of Hawaii. Your Committee on Conference also finds that the existence of the 'ōhi'a lehua is currently under threat, including from diseases such as a fungal pathogen known as rapid 'ōhi'a death. Your Committee on Conference believes that this measure will not only allow the people of Hawaii to recognize the 'ōhi'a lehua's cultural and ecological importance to the State, but also raise awareness of the critical threats the endemic plant species is currently facing and prompt effective conservation and expansion of its habitat in the State.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2059, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2059, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Managers on the part of the House.  
Ayes, 3. Noes, none. Excused, 1 (Ward).  
Senators Taniguchi, Keohokalole, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 30-22 on S.B. No. 2202**

The purpose of this measure is to designate the month of April of each year as Volunteer Month in Hawaii.

Your Committee on Conference finds that volunteers play a critical and irreplaceable role in providing essential support to the community. Your Committee on Conference also finds that, on a national level, April has long been dedicated to the recognition of the services volunteers provide in their communities. By designating the month of April of each year as the State's Volunteer Month, this measure honors the good deeds performed by volunteers in the community and encourages participation in service projects throughout the month.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2202, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2202, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Nakashima, Har, and Ward.  
Managers on the part of the House.  
Ayes, 3. Noes, none. Excused, 1 (Har).  
Senators Taniguchi, Ihara, and Fevella.  
Managers on the part of the Senate.  
Ayes, 2. Noes, none. Excused, 1 (Ihara).

**Conf. Com. Rep. 31-22 on S.B. No. 2960**

The purpose of this measure is to:

- (1) Require the Department of Agriculture to partner with Hawaii's agricultural community to establish and implement a food safety certification training program to help small- to medium-sized farms comply with federal food safety certification mandates; and
- (2) Appropriate funds.

Your Committee on Conference finds that compliance with federal food safety requirements can be challenging for Hawaii's small farms due to a lack of resources and knowledge of food safety requirements. Additional education and support for Hawaii's small farmers are necessary to ensure the continued productivity and viability of the State's agricultural industry. Accordingly, this measure requires the Department of Agriculture to partner with Hawaii's agricultural community to implement a food safety certification training program for small- and medium-sized farms.

Your Committee on Conference has amended this measure by inserting an appropriation amount of \$265,000.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2960, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2960, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Quinlan, Perruso, Matayoshi, and Matsumoto.  
Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, none.  
Senators Gabbard, Shimabukuro, Acasio, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 32-22 on S.B. No. 2990**

The purpose of this measure is to:

- (1) Establish a cover crop reimbursement pilot program to provide up to seventy-five percent cost reimbursement to farming operations in the State for the acquisition of cover crop seeds, green manure, or compost;
- (2) Require the convening of a review panel to screen and rate applicants on the quality of their cover crop, green manure, and composting practices;
- (3) Establish a cover crop reimbursement pilot program manager position within the department of agriculture to administer the program;
- (4) Require reports to the legislature; and
- (5) Appropriate funds.

Your Committee on Conference finds that the use of cover crops significantly increases agricultural productivity, which is essential to the State's food security and self-sufficiency goals. A cover crop program would incentivize beneficial and sustainable use of cover crops by agricultural producers in the State. Accordingly, this measure establishes and funds a cover crop pilot program to be administered by the Department of Agriculture.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$300,000;
- (2) Deleting the proviso limiting expenses allowed for administrative costs; and
- (3) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2990, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2990, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Gabbard, Shimabukuro, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 33-22 on S.B. No. 339**

The purpose of this measure is to extend the period during which the important agricultural land qualified agricultural cost tax credit is available.

Your Committee on Conference finds that the important agricultural land qualified tax credit is crucial to the State's food security and self-sufficiency objectives. However, the Department of Agriculture is not able to certify tax credits for taxable years beginning after December 31, 2021. This measure extends the period during which the important agricultural land qualified tax credit is available until December 31, 2030.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 339, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 339, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Perruso, Morikawa, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Shimabukuro, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 34-22 on S.B. No. 1411**

The purpose of this measure is to:

- (1) Define "pre-contact historic property";
- (2) Clarify that the Historic Preservation Program includes providing consultation to counties and public and private agencies involved in historic presentation and the development, publication, and distribution of materials about protections for burials, historic sites, and archaeological resources;
- (3) Amend the composition and duties of the Hawaii Historic Places Review Board;
- (4) Increase civil and administrative fines for certain violations of historic and preservation requirements; and
- (5) Hold violators liable for costs associated with mitigation or preservation measures.

Your Committee on Conference finds that the State continues to strike a balance between the preservation and existence of Native Hawaiian traditional and cultural practices amidst construction, development, and modernization. Clarifying the responsibilities of several key programs and organizations, including the Hawaii Preservation Program, Hawaii Historic Places Review Board, and the community at-large, will continue to ensure the preservation and protection of Native Hawaiian culture and traditions.

Your Committee on Conference has amended this measure by:

- (1) Deleting the proposed definition of "pre-contact historic property";
- (2) Deleting the requirement that the comprehensive historic preservation program develop, publish, and distribute certain informational materials;
- (3) Deleting changes to the review board membership and duties;

- (4) Deleting language that would have imposed a fine of no more than \$30,000 on a violator who directly or indirectly causes damage to any pre-contact historic property as determined by the Department of Land and Natural Resources in consultation with the Office of Hawaiian Affairs;
- (5) Requiring any landowner or developer responsible for projects where a violation is found to execute any mitigation and preservation measures as ordered by the Department of Land and Natural Resources and be jointly and severally liable for associated costs;
- (6) Making it effective upon its approval; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1411, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1411, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Lowen, Branco, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Inouye, Acasio, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 35-22 on S.B. No. 2767**

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources for the deployment, replacement, and maintenance of fish aggregation devices.

Your Committee on Conference finds that the State's system of fish aggregation devices, or FADs, maintained by the Hawaii Institute of Marine Biology provides enhanced fishing opportunities for island fishers. Maintenance of the FAD program is labor-intensive as the devices are prone to breaking off and frequently need to be replaced or recovered and re-deployed, resulting in less fish for personal or community consumption and increased operational costs. Sufficient and timely upkeep and replacement of FADs may minimize the length of time off-station and the resulting lost fishing opportunities.

Your Committee on Conference has amended this measure by inserting an appropriation of \$350,000 to support the Fish Aggregation Device Program.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2767, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2767, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Branco, and McDermott.

Ayes, 2. Noes, none. Excused, 1 (McDermott).

Senators Inouye, Taniguchi, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

#### **Conf. Com. Rep. 36-22 on S.B. No. 3329**

The purpose of this measure is to repeal chapter 634F, Hawaii Revised Statutes, the Citizen Participation in Government Act, and enact the Hawaii Public Expression Protection Act in its place.

Your Committee on Conference finds that the enactment in 2002 of Hawaii's Citizen Participation in Government Act was intended to promote the rights of citizens to participate in government and to protect citizens from the chilling effect of retributive strategic lawsuits against public participation, or SLAPP suits. Your Committee on Conference further finds that, due to narrow and confusing provisions under the Act, courts often decline to apply its procedural protections. Your Committee on Conference additionally finds that this measure modernizes the State's anti-SLAPP laws by adopting the Uniform Public Expression Protection Act, which establishes procedural protections for all parties and clearer instructions for courts to fairly and expeditiously dispose of SLAPP claims.

Your Committee on Conference has amended this measure by changing its effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3329, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3329, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Nakashima, Wildberger, Matayoshi, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 37-22 on S.B. No. 1211**

The purpose of this measure is to repeal the exemption for certain vehicles used by farmers from the motor carrier safety law.

Your Committee on Conference finds that section 286-208, Hawaii Revised Statutes, is superseded by new federal regulations and is thus outdated. This measure repeals the outdated statute as its existence could disqualify the State from receiving certain federal funding.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1211, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1211, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kitagawa, Nakashima, LoPresti, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Lee, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 38-22 on S.B. No. 3335**

The purpose of this measure is to appropriate funds to support the operational expenses of the Hawaii Wing of the Civil Air Patrol.

Your Committee on Conference finds that the Hawaii Wing of the Civil Air Patrol provides invaluable assistance in emergency and disaster response efforts in the State. This measure will ensure the safety of the State's visitors and residents by appropriating funds for operational expenses of the Hawaii Wing of the Civil Air Patrol.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$150,000 to fund the operational expenses of the Hawaii Wing of the Civil Air Patrol; and
- (2) Changing the effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3335, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3335, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Eli, and Ward.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Ward).

Senators DeCoite, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 39-22 on S.B. No. 3140**

The purpose of this measure is to:

- (1) Require the holder of a controlled substances registration to immediately and verbally report to the Administrator of the Narcotics Enforcement Division of the Department of Public Safety any suspected theft, embezzlement, fraud, or diversion of a controlled substance in the holder's inventory, and to subsequently submit a written report; and
- (2) Establish a misdemeanor penalty for a person who knowingly prevents another from reporting any suspected theft, embezzlement, fraud, or diversion, or who knowingly fails to provide required information to the Administrator.

Your Committee on Conference finds that the theft, embezzlement, fraud, and diversion of controlled substances threaten public health and safety and suspected incidents of such are often not being reported in a timely matter to the Department of Public Safety for various reasons, making it substantially more difficult for the Department of Public Safety to enforce the Uniform Controlled Substances Act. This measure will assist the Department of Public Safety in enforcing the Uniform Controlled Substances Act.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3140, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3140, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kitagawa, Matayoshi, Mizuno, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Mizuno).

Senators DeCoite, Kim, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 40-22 on S.B. No. 3141**

The purpose of this measure is to update the Uniform Controlled Substances Act to make it consistent with the federal Controlled Substances Act.

Your Committee on Conference finds that existing law requires that if a substance is added, deleted, or rescheduled by an emergency scheduling action taken by the Department of Public Safety, or under federal law, then the Department is required to recommend that the Legislature make corresponding changes to state law. Your Committee on Conference further finds that if the Legislature does not make the Department of Public Safety's temporary designation of new controlled substances permanent, the Department's temporary designations will be nullified. This measure eliminates the differences between federal and state law and avoids nullification of controlled substances that were temporarily designated in 2021.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3141, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3141, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kitagawa, Matayoshi, Har, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Har).

Senators DeCoite, Kim, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 41-22 on S.B. No. 3085**

The purpose of this measure is to:

- (1) Provide a comprehensive law setting forth military judicial procedures, which will apply to all members of the State's military forces while not in federal service; and
- (2) Repeal the existing Hawaii Code of Military Justice.

Your Committee on Conference finds that the existing Hawaii Code of Military Justice fails to provide for effective and efficient good order and discipline in the state military forces because it lacks the necessary disciplinary options. This measure will address those issues, further develop confidence in an independent military justice system, and bring the military justice process in line with the Uniform Code of Military Justice by repealing the existing Hawaii Code of Military Justice and replacing it with a new chapter that sets forth military judicial procedures, which apply to all members of the State's military forces while not in federal service.

Your Committee on Conference has amended this measure by changing the effective date to January 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3085, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3085, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ohno, Matayoshi, B. Kobayashi, Ganaden, Morikawa, and McDermott.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (McDermott).

Senators DeCoite, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 42-22 on S.B. No. 3165**

The purpose of this measure is to:

- (1) Amend the driver's license revocation period for first-time offenders convicted of operating a vehicle under the influence of an intoxicant and persons who do not install an ignition interlock device;
- (2) Allow for the early termination of a driver's license revocation;
- (3) Require any person operating a vehicle with an ignition interlock device to have government-issued identification in their immediate possession;
- (4) Amend the lookback period and sentencing requirements for violations of operating a vehicle after license and privilege have been suspended or revoked; and
- (5) Amend the offense of circumventing or tampering with an ignition interlock device to include obscuring the camera lens or failing to provide a picture of the driver, and extend the lookback period.

Your Committee on Conference finds that operating a vehicle while under the influence of alcohol and drugs continues to be a serious problem on Hawaii's roads. An ignition interlock device is an effective tool to prevent a person under the influence of alcohol from driving. This measure helps strengthen the State's ignition interlock device laws.

Your Committee on Conference has amended this measure by changing its effective date to January 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3165, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3165, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Matayoshi, and Ward.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Ward).

Senators Lee, Riviere, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 43-22 on S.B. No. 2091**

The purpose of this measure is to establish a comprehensive application process for executive pardons.

Your Committee on Conference finds that county prosecutors and crime victims in the State do not receive advance notice of applications for executive pardons, creating a situation where neither prosecutors nor the victims are able to provide any input for the Governor's consideration, as they do for furlough

and parole prior to an offender's conviction or sentencing. This measure will allow the Governor to make more informed decisions by establishing a consistent and reliable means for prosecutors and victims to be able to provide input on all applications for pardon.

Your Committee on Conference has amended this measure by:

- (1) Inserting language requiring the Hawaii Paroling Authority to transmit application information to the prosecuting attorney within forty-five days from receiving the application for pardon; and
- (2) Changing the effective date to January 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2091, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2091, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ohno, Matayoshi, Ganaden, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Rhoads, Keohokalole, and Fevella.

Managers on the part of the Senate.

Ayes, 3; Ayes with Reservations (Fevella). Noes, none. Excused, none.

#### **Conf. Com. Rep. 44-22 on S.B. No. 3041**

The purpose of this measure is to appropriate funds for the payment of claims against the State, its officers, or its employees.

Your Committee on Conference finds that the timely passage of this measure will minimize the State's obligation to pay interest on those claim amounts.

Your Committee on Conference takes note of the six claims settled against the Department of Public Safety for a total of \$6,365,540.00. These claims resulted from egregious incidents that the State should ensure are not repeated. Your Committee expects the Department of the Attorney General to provide thorough corrective guidance and oversight to the Department of Public Safety to eliminate or mitigate the factors that contributed to the State's negligence.

Your Committee on Conference has amended this measure by:

- (1) Including various general fund appropriations to the Department of the Attorney General for the purpose of satisfying claims for legislative relief;
- (2) Increasing the total general fund appropriation from \$1,779,889.75 to \$335,577,607.93 to settle eleven additional claims totaling \$333,797,718.18, as follows:
  - (A) \$47,718.18 for six miscellaneous claims;
  - (B) \$225,000.00 to fund the settlement of Gallagher v. Lanihuli Community Development Corporation;
  - (C) \$4,000,000.00 to fund the settlement of Mueller v. Department of Public Safety;
  - (D) \$1,375,000.00 to satisfy the judgment in O'Malley v. State of Hawaii;
  - (E) \$150,000.00 to satisfy the judgment in Roe v. State of Hawaii; and
  - (F) \$328,000,000.00 to fund the settlement of Kalima v. State of Hawaii;
- (3) Appropriating \$138,000.00 from the state highway fund to settle one additional claim by Markel American Insurance Company (Maui Oil Company);
- (4) Clarifying that the claims against the Agribusiness Development Corporation, Department of Land and Natural Resources, Department of Public Safety, and Hawaii State Public Charter School Commission shall be paid from general funds;
- (5) Making the measure effective upon its approval; and
- (6) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3041, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3041, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Luke, Matayoshi, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Keith-Agaran, Kim, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

#### **Conf. Com. Rep. 45-22 on S.B. No. 3298**

The purpose of this measure is to:

- (1) Establish a working group to determine potential locations and requirements for a shooting facility on the island of Hawaii; and
- (2) Appropriate funds to establish a shooting facility in the County of Hawaii; provided that the County of Hawaii provides matching funds on a dollar-to-dollar basis.

Your Committee on Conference finds that the establishment of a multi-use public shooting range on the island of Hawaii is necessary to provide a safe and organized facility to allow law enforcement agencies and the public to train and maintain their firearms skills. This measure will lay the foundation to provide a safe training area for the residents of the County of Hawaii by establishing a working group to determine potential locations and requirements for a shooting facility on the island of Hawaii.

Your Committee on Conference has amended this measure by:

- (1) Removing language that would have appropriated funds to establish the shooting facility in the County of Hawaii;
- (2) Changing the effective date to upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3298, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3298, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Branco, and McDermott.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (McDermott).

Senators DeCoite, Inouye, Kanuha, Riviere, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 46-22 on S.B. No. 665**

The purpose of this measure is to:

- (1) Make intentionally providing false information concerning the name or address of a person paying for a campaign advertisement a class C felony;
- (2) Authorize criminal prosecution for campaign finance law violations in addition to administrative fines;
- (3) Increase the period during which a person convicted for a criminal violation of campaign finance law is disqualified from holding elective office; and
- (4) Authorize the Attorney General or Prosecuting Attorney to commence prosecution of campaign finance law violations.

Your Committee on Conference finds that campaign advertisements that contain false information regarding who is paying for the advertisement impairs public transparency in the electoral process. This measure promotes greater accountability within the election system by increasing the penalties for, and removing barriers to criminal prosecution of campaign finance law violations.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 665, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 665, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Matayoshi, Wildberger, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Ward).

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 47-22 on S.B. No. 2017**

The purpose of this measure is to repeal existing law that limits licensure as an Emergency Medical Technician 1 to individuals whose practice is performed in a county with a population of five hundred thousand or greater.

Your Committee on Conference finds that Act 119, Session Laws of Hawaii 2021, limited the new licensure category for emergency medical technicians who only have a National Registry Emergency Medical Technician certification to individuals practicing in counties with a population of five hundred thousand or greater, which excluded persons who meet the criteria for licensure in non-qualifying counties. This measure will eliminate the geographic restriction and expand licensure to all National Registry of Emergency Medical Technicians throughout the State.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2017, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2017, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Kitagawa, Tam, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Nishihara, Keohokalole, Baker, Riviere, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

**Conf. Com. Rep. 48-22 on S.B. No. 3089**

The purpose of this measure is to:

- (1) Clarify that powers granted for emergency purposes shall not be inconsistent with the Hawaii State Constitution;
- (2) Provide parameters for the duration of the suspension of laws and require justification for the suspension;
- (3) Authorize the Governor to require counties to obtain the approval of the Governor or Director of the Hawaii Emergency Management Agency before issuing any emergency order, rule, or proclamation;

- (4) Clarify the legal framework governing the extension and termination of emergency periods;
- (5) Authorize the Legislature and county councils to terminate, in part or in whole, a state of emergency or local state of emergency, as applicable, by an affirmative two-thirds vote;
- (6) Clarify that the Governor and mayors may re-declare a state of emergency or local state of emergency, as applicable, that has been terminated; and
- (7) Specify when certain prohibitions during an emergency or severe warning expire.

Your Committee on Conference finds that the coronavirus disease 2019 pandemic has highlighted the importance of clear legal frameworks for state emergency management to ensure that the State is ready for any type of emergency. This measure will protect the health, safety, and welfare of residents by clarifying state emergency management authority, ensuring effective and adaptable emergency responses, and furthering the goals of transparency and democratic accountability inherent within the Hawaii State Constitution.

Your Committee on Conference has amended this measure by:

- (1) Inserting language making public records generated during or containing information from the time of the suspension subject to disclosure requests made after the suspension has terminated;
- (2) Removing language that would have allowed the county councils to terminate a local state of emergency;
- (3) Removing language that would have allowed a mayor to redeclare a local state of emergency that has been terminated;
- (4) Clarifying that if certain prohibitions during a severe warning are continued then the types of commodities affected must be identified in the proclamation or any supplementary proclamation;
- (5) Changing the effective date to upon its approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3089, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3089, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Matayoshi, Eli, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Nishihara, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 49-22 on S.B. No. 2869**

The purpose of this measure is to allow a spouse or former spouse to enforce an order for spousal support or maintenance under the State's attachment and execution, garnishment, or garnishment of government benefits laws, rather than through an assignment made to the clerk of the family court on income due or future income.

Your Committee on Conference finds that currently spousal support orders are enforced by the clerk of the court and the Child Support Enforcement Agency in cases where there is an order for both spousal and child support, resulting in a process that is often complicated and slow. This measure will make it faster and easier for an obligee to receive spousal support by allowing an obligee to elect to enforce an order for spousal support by garnishment through the obligor's employer, rather than through the clerk of the court.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2869, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2869, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Ichiyama, Tam, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Kim, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Kim).

#### **Conf. Com. Rep. 50-22 on H.B. No. 1991**

The purpose of this measure is to:

- (1) Prohibit, in counties with a population of five hundred thousand or more, the sale of a bicycle that is reported as stolen and listed on a publicly available online stolen bicycle database;
- (2) Require the police department or other designated agency in counties with a population of five hundred thousand or more to establish the publicly available online stolen bicycle database; and
- (3) Update the recordkeeping and retention requirements for businesses that buy previously owned articles.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1991, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1991, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Kitagawa, Marten, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Ward).

Senators Lee, Baker, Gabbard, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Gabbard).

**Conf. Com. Rep. 51-22 on H.B. No. 2197**

The purpose of this measure is to amend:

- (1) The requisite state of mind for promoting gambling in the first and second degree to recklessness and negligence, respectively;
- (2) The offenses of promoting gambling in the first and second degree to a class B felony and class C felony, respectively; and
- (3) The definition of "advance gambling activity" to repeal playing or participating in any form of gambling activity.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have made the offense of promoting gambling in the second degree subject to repeat offender sentencing provisions;
- (2) Amending the offense of gambling to repeal advancing any gambling activity;
- (3) Excluding the offenses of promoting gambling in the first and second degree from qualifying for deferred acceptance of guilty plea or nolo contendere plea; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2197, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2197, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Kitagawa, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Kim, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 52-22 on H.B. No. 1567**

The purpose of this measure is to:

- (1) Eliminate the use of monetary bail and require defendants to be released on their own recognizance for traffic offenses, violations, nonviolent petty misdemeanor offenses, nonviolent misdemeanor offenses, or nonviolent class C felony offenses; and
- (2) Allow defendants the option to participate in a bail report interview via videoconference.

Your Committee on Conference has amended this measure by:

- (1) Excluding the class C felony offenses of promoting a dangerous drug in the third degree and habitual property crime from eligibility for mandatory release without bail;
- (2) Deleting language that required the Director of Public Safety to release certain defendants who are unable to post bail in the amount of \$99 or less;
- (3) Changing the effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1567, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1567, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Holt, and Sayama.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Nishihara, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 53-22 on H.B. No. 2075**

The purpose of this measure is to:

- (1) Increase the time frame that a permit to acquire a pistol or revolver can be used from ten days to thirty days; and

- (2) Eliminate physical inspection of firearms generally, except for firearms brought into the State, firearms involved in private sales or transfers, and firearms and firearm receivers with engraved or embedded registration numbers.

Your Committee on Conference has amended this measure by:

- (1) Amending the preamble;
- (2) Deleting language that would have increased the time frame that a permit to acquire a pistol or revolver can be used from ten days to thirty days;
- (3) Inserting a severability clause;
- (4) Changing the effective date to upon approval;
- (5) Inserting a sunset date of June 30, 2025; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2075, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2075, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Matayoshi, and Matsumoto.

Managers on the part of the House.

Ayes, 3; Ayes with Reservations (Matsumoto). Noes, none. Excused, none.

Senators Rhoads, Keohokalole, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, 1 (Fevella). Excused, 1 (Keohokalole).

#### **Conf. Com. Rep. 54-22 on S.B. No. 3172**

The purpose of this measure is to repeal the option for boards to provide recorded minutes accompanied by written summaries as an alternative to written minutes of board meetings.

Your Committee on Conference finds that public scrutiny and participation in the governmental process is important to protect the public's interests. Your Committee on Conference further finds that requiring electronic audio or video recordings of public meetings to be kept as a public record will encourage transparency and help ensure the public has access to and information regarding these meetings.

Your Committee on Conference has amended this measure by:

- (1) Requiring boards to maintain any electronic audio or video recording of a board meeting as a public record, regardless of whether the written minutes of the board meeting have been posted;
- (2) Amending the information that must be included as part of the written minutes of board meetings;
- (3) Amending section 1 to reflect its amended purpose;
- (4) Inserting an effective date of October 1, 2022; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3172, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3172, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Nakashima, Wildberger, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 55-22 on S.B. No. 2065**

The purpose of this measure is to prohibit the possession or use of unmanned aerial vehicles on, in, or near state marine waters for purposes of fishing, unless permitted by the Department of Land and Natural Resources.

Your Committee on Conference finds that unmanned aerial vehicles are increasingly used in the fishing industry for a variety of purposes, including the deployment of fishing hooks further offshore than traditional fishing methods. While such methods increase fishing efficiency, they also present new risks to marine ecosystems. This measure prohibits unpermitted use of unmanned aerial vehicles for fishing purposes to better preserve marine wildlife and prevent environmental damage.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2065, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2065, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nakashima, Branco, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Gabbard, Inouye, Rhoads, and Fevella.

Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 56-22 on S.B. No. 3219**

The purpose of this measure is to provide that the mandatory disclosure of the names of persons who are physically with a board member attending a remote board meeting applies only to the disclosure of the names of adults, and not minors, who are physically with the board member at a nonpublic location, unless the minor has a private interest with any issue before the board.

Your Committee on Conference finds that the Sunshine Law's newly effective remote meetings provision requires a board member participating from a nonpublic location to state who, if anyone, is present at the same location. Your Committee on Conference further finds that there are times when a board member may have their minor children with them during a remote board meeting. This measure will protect the privacy and identity of minors that are with a board member during a meeting.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the mandatory disclosure of the names of minors present with a board member in a nonpublic location during a meeting of the board who have a private interest with any issue before the board applies to minors with a personal business, property, or financial interest; and
- (2) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3219, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3219, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Nakashima, Wildberger, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 57-22 on S.B. No. 2398**

The purpose of this measure is to:

- (1) Create the Pulehunui Community Development District to allow for planning, development, and maintenance of public lands in Pulehunui, Maui; and
- (2) Amend the Hawaii Community Development Authority membership to include the Director of Business, Economic Development, and Tourism; Chairperson of the Board of Land and Natural Resources; and director of the department of planning and permitting of each county, or their respective designees, in which a community development district is located.

Your Committee on Conference finds that establishing a dedicated development district will allow the governing board to access various forms of federal funding to develop lands within the district. Your Committee on Conference further finds that the public lands in Pulehunui, Maui, are relatively underdeveloped and afford strong potential for growth and development to meet community needs. Accordingly, this measure will facilitate community-oriented development by establishing the Pulehunui Community Development District and by amending the composition of the Hawaii Community Development Authority.

Your Committee on Conference has amended this measure by:

- (1) Deleting the rulemaking authorization from the new part added by this measure to chapter 206E, Hawaii Revised Statutes; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2398, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2398, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Yamashita, Branco, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Moriwaki, Wakai, Inouye, Kanuha, Kim, and Fevella.

Managers on the part of the Senate.

Ayes, 6. Noes, none. Excused, none.

**Conf. Com. Rep. 58-22 on S.B. No. 2383**

The purpose of this measure is to:

- (1) Decrease the membership of the State Procurement Policy Board from seven members to five;
- (2) Clarify the appointment and experience requirements for members of the State Procurement Policy Board; and
- (3) Repeal the State Procurement Policy Board nominating committee.

Your Committee on Conference finds that the State Procurement Policy Board has not held a meeting for several years due to attrition, a lack of applicants for vacancies, and the inability to meet quorum. By the end of the 2022 Regular Session, the seven-member State Procurement Policy Board will have just one member, the Comptroller. Accordingly, this measure restructures the State Procurement Policy Board to address the issue of vacancies on the Board and enables the Board to fulfill its duties.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the experience requirements for members of the State Procurement Policy Board;
- (2) Amending section 1 for clarity and to reflect its amended purpose; and
- (3) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2383, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2383, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Matayoshi, Wildberger, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Ward).

Senators Moriwaki, Kim, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 59-22 on S.B. No. 2137**

The purpose of this measure is to require the Department of Health and pertinent county agencies to work together to resolve problems and complaints regarding clean and sober homes.

Your Committee on Conference finds that clean and sober homes are a critical component of treatment for, and recovery from, substance use disorders. Your Committee on Conference further finds, however, that surrounding communities have voiced concerns regarding the operation of clean and sober homes within their community. Accordingly, this measure seeks to harmonize the needs of individuals who access clean and sober home services and the concerns of surrounding communities by establishing a framework to provide information and address community concerns.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2137, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2137, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Nakamura, Tam, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Moriwaki, Keohokalole, Kim, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Kim).

#### **Conf. Com. Rep. 60-22 on S.B. No. 3372**

The purpose of this measure is to authorize the Office of Administrative Hearings, where it is determined that an award of a contract is in violation of law and the award is rescinded and the contract, if executed, is terminated or declared null and void, to award the government contract to the next lowest bidder or next responsible offeror, if certain conditions are met.

Your Committee on Conference finds that existing law lacks a statutory procedure to address to whom a contract may be awarded when it is determined that a solicitation or award of a contract violates the law. As a result, under these circumstances, the only remedy available to the Office of Administrative Hearings is to terminate the contract and begin the procurement process anew. Your Committee on Conference further finds that contract termination and re-solicitation delays the procurement process. Accordingly, this measure ensures fairness while minimizing delays in the procurement process by expanding the remedial powers of the Office of Administrative Hearings in situations where an award of a contract is determined to violate the law.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the alternate award recipient is the next lowest responsible and responsive bidder or offeror; and
- (2) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3372, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3372, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Johanson, Wildberger, Matayoshi, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Ward).

Senators Moriwaki, Kim, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 61-22 on S.B. No. 2986**

The purpose of this measure is to:

- (1) Relax certain regulations of commercial hemp cultivation and exportation;
- (2) Allow licensed hemp producers to sell hemp biomass directly to consumers via online platforms;
- (3) Require the identity statement used for labeling or advertising any hemp product to identify the percentage of Hawaii grown or processed hemp products in all hemp products and, if those products are not from Hawaii, the origin of any hemp product; and

(4) Extend the sunset date of Act 14, Session Laws of Hawaii 2020, which establishes the state hemp processors and commercial hemp production laws.

Your Committee on Conference finds that hemp remains a valuable crop that could bring significant revenues to the State. However, the hemp industry in Hawaii suffers from overregulation. Notably, in 2020, the Legislature passed Act 14, Session Laws of Hawaii 2020, (Act 14) to address key issues in the regulation of hemp. While there remains considerable disagreement on the required reforms, your Committee on Conference further finds that Act 14 will lapse on June 30, 2022. Accordingly, it is necessary to extend the date on which Act 14 will be repealed to July 1, 2025.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the legislative findings in the preamble;
- (2) Removing proposed amendments to existing hemp regulations; and
- (3) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2986, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2986, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Johanson, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Baker, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 62-22 on S.B. No. 2798**

The purpose of this measure is to:

- (1) Authorize the Hawaii Board of Veterinary Medicine to grant temporary courtesy and relief permits for out-of-state veterinarians;
- (2) Permit licensed veterinarians to practice veterinarian telemedicine;
- (3) Create a permit surcharge; and
- (4) Allow for international veterinary school graduates to qualify for the licensure examination.

Your Committee on Conference finds that Hawaii faces a shortage of experienced and licensed veterinarians. Allowing more veterinarians licensed in other jurisdictions to practice in the State on a temporary basis as needed would help alleviate the shortage. This measure authorizes the Hawaii Board of Veterinary Medicine to grant temporary and relief permits, permit licensed veterinarians to practice veterinarian telemedicine, and allow international veterinary school graduate to qualify for the licensure examination in Hawaii.

Your Committee on Conference has amended this measure by:

- (1) Repealing the requirement that examinations be given by the Board twice each year;
- (2) Establishing a temporary permit to be issued under certain conditions; and
- (3) Making it effective upon its approval; provided that the provisions creating courtesy and relief permits in section 1 of this measure shall be effective on July 1, 2024.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2798, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2798, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Johanson, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Baker, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 63-22 on S.B. No. 3084**

The purpose of this measure is to amend the composition of the Elevator Mechanics Licensing Board to replace the ex-officio Department of Labor and Industrial Relations member with a licensed elevator mechanic member.

Your Committee on Conference finds that the Elevator Mechanic Licensing Board has experienced difficulty in achieving quorum to conduct its meetings. It has further been a challenge for the Department of Labor and Industrial Relations to make available an employee with expertise in elevator and escalator installation and maintenance, as required under existing law. This measure will relieve the Director of the Department of Labor and Industrial Relations of the need to dedicate personnel resources to Elevator Mechanic Licensing Board meetings and will grant more flexibility to the Board to address vacancies, make it easier to achieve quorum, and conduct its important business in a timely manner.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3084, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3084, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kitagawa, Mizuno, and Matsumoto.

Managers on the part of the House.  
Ayes, 2. Noes, none. Excused, 1 (Mizuno).

Senators Baker, Chang, DeCoite, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 64-22 on S.B. No. 2382**

The purpose of this measure is to prohibit the issuance of cabaret liquor licenses to premises located within an apartment mixed use subprecinct within a special improvement or special district in which the economy is primarily based on tourism.

Your Committee on Conference finds that cabarets located in resort areas are permitted to transact business until 4:00 a.m. throughout the entire week, which has created public safety and noise issues for visitors and residents living in resort areas. These long hours of operation can often result in increased criminal activity in the area, including assaults, attacks, and robberies, and can greatly disrupt sleep and residents' peaceful enjoyment of their homes. This measure will restrict the issuance of cabaret licenses within apartment mixed use subprecincts in qualifying special districts to assist with reducing noise and crime and to promote increased public safety and wellness.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2382, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2382, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Johanson, Branco, and McDermott.  
Managers on the part of the House.  
Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Baker, Chang, Riviere, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 65-22 on S.B. No. 2279**

The purpose of this measure is to:

- (1) Regulate the purchase of catalytic converters by used motor vehicle parts dealers and the purchase of palladium, platinum, and rhodium by scrap dealers and recyclers;
- (2) Subject persons who violate related provisions to a class C felony;
- (3) Establish the felony offense of theft of catalytic converter; and
- (4) Require each county police department to maintain certain reported information and initiate education programs to prevent catalytic converter thefts.

Your Committee on Conference finds that catalytic converter thefts are on the rise across the State. Catalytic converters contain precious metals such as platinum, palladium, and rhodium, the prices of which have also recently increased, making catalytic converters highly sought after by thieves due to their high resale value. The relative ease and speed in which a person can remove a catalytic converter from a vehicle, coupled with the value of the scrap and precious metal, has contributed to the increase in catalytic converter thefts. While catalytic converters can typically be resold on the market for less than a few hundred dollars, replacing a stolen catalytic converter can cost a car owner more than \$1,000, or perhaps more depending on the extent of damages. This measure increases regulations regarding the sale of catalytic converters, and the precious metals within catalytic converters, to reduce the incentive for catalytic converter theft in the State and subjects persons who violate these provisions to a class C felony.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have exempted certain sellers from the requirement to provide a written statement certifying certain information concerning the catalytic converters being offered for sale;
- (2) Inserting an effective date of January 1, 2023; provided that sections 3 and 4 of this measure shall take effect upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2279, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2279, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Nakashima, Kitagawa, and Matsumoto.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, none.

Senators Baker, Rhoads, Riviere, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 66-22 on S.B. No. 2679**

The purpose of this measure is to extend the renewal period from two years to four years for licensees who are seventy-two years of age or older but younger than eighty years of age.

Your Committee on Conference finds that drivers seventy-two years of age or older but younger than eighty years of age without conditions that could impair their driving ability are safe enough to have a license renewal period of four years rather than two.

Your Committee on Conference has amended this measure by changing the effective date to January 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2679, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2679, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Nakashima, Johanson, Clark, Ilagan, and Matsumoto.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Lee, Moriwaki, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Moriwaki).

#### **Conf. Com. Rep. 67-22 on S.B. No. 2032**

The purpose of this measure is to establish the Hawaii Genetic Information Privacy Act, which:

- (1) Requires direct-to-consumer genetic testing companies to adhere to certain requirements pertaining to the collection, use, and disclosure of genetic data; and
- (2) Deems any violation as an unfair or deceptive trade practice subject to associated penalties.

Your Committee on Conference finds that direct-to-consumer genetic tests, which provide consumers with direct access to their genetic information without the involvement of health care providers and health plans, are marketed directly to consumers and purchased by consumers online or in stores. Consumers provide DNA samples to the direct-to-consumer genetic testing company, which then analyzes the DNA samples for genetic variations that fit the purpose of the test. Your Committee on Conference finds that while direct-to-consumer genetic testing promotes awareness of genetic diseases and can assist consumers in taking a proactive role in maintaining or improving their health and wellness, there is currently little oversight or regulation with respect to how the privacy and confidentiality of a consumer's genetic information are protected. This measure establishes the Hawaii Genetic Information Privacy Act to protect consumers' privacy and confidentiality of genetic data.

Your Committee on Conference has amended this measure by:

- (1) Specifying that a violation of the Hawaii Genetic Information Privacy Act shall result in a civil penalty of not less than \$2,500;
- (2) Authorizing the Office of Consumer Protection, by and through the Attorney General, to bring civil actions for violations of the Hawaii Genetic Information Privacy Act; and
- (3) Changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2032, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2032, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Johanson, Nakashima, Tam, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, Baker, Acasio, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 2 (Acasio, Fevella).

#### **Conf. Com. Rep. 68-22 on H.B. No. 2098**

The purpose of this measure is to appropriate funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (10) and their excluded counterparts.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2098, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2098, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Sayama, Belatti, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Taniguchi, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 69-22 on H.B. No. 1837**

The purpose of this measure is to establish a working group on affordable housing that meets annually to discuss opportunities to reduce zoning, regulatory, and statutory barriers to affordable housing development.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the working group established by this measure is a statewide working group on affordable housing;

- (2) Expanding the composition of the working group;
- (3) Adding an appropriation of \$100,000 to support the statewide working group, including one full-time equivalent position;
- (4) Changing its effective date to July 1, 2022; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1837, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1837, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Tarnas, Johanson, Ilagan, Hashimoto, and McDermott.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (McDermott).

Senators Chang, Moriwaki, Misalucha, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

#### **Conf. Com. Rep. 70-22 on H.B. No. 2020**

The purpose of this measure is to establish a lapse date for any unencumbered monies appropriated pursuant to Act 227, Session Laws of Hawaii 2021, which appropriated funds received by the State from the American Rescue Plan Act of 2021 to provide loans to nonprofit community development financial institutions and nonprofit housing development organizations for the development of affordable homeownership housing projects.

Your Committee on Conference has amended this measure by:

- (1) Updating the preamble to reflect its amended purpose;
- (2) Changing the lapse date for unencumbered monies appropriated pursuant to Act 227, Session Laws of Hawaii 2021, from June 30, 2024, to June 30, 2022; and
- (3) Changing its effective date to June 29, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2020, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2020, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Ilagan, Hashimoto, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Chang, Keith-Agaran, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

#### **Conf. Com. Rep. 71-22 on H.B. No. 1752**

The purpose of this measure is to:

- (1) Establish the Housing Choice Voucher Landlord Incentive Program to provide incentives for landlords participating in the Tenant-Based Assistance Housing Choice Voucher Program under Section 8 of the United States Housing Act of 1937 and appropriate funds for the cost of the incentives;
- (2) Require the Hawaii Public Housing Authority to adopt or amend rules that require inspections of leased dwelling units under the Section 8 Housing Choice Voucher Program within fifteen days after receipt of an owner's or landlord's inspection request; and
- (3) Establish and appropriate funds for positions within the Hawaii Public Housing Authority for inspections and other aspects of the Section 8 Housing Choice Voucher Program.

Your Committee on Conference has amended this measure by:

- (1) Appropriating \$1,450,000 for the cost of incentives for landlords who participate in the Tenant-Based Assistance Housing Choice Voucher Program;
- (2) Requiring the Hawaii Public Housing Authority to adopt or amend rules no later than July 1, 2023;
- (3) Appropriating \$50,000 for two full-time equivalent permanent housing quality standards inspector II positions within the Hawaii Public Housing Authority to facilitate, coordinate, and monitor inspections of dwelling units that are the subject of Section 8 Housing Choice Voucher Program applications;
- (4) Deleting the unspecified appropriation for three full-time equivalent permanent public housing specialist II positions;
- (5) Changing its effective date to July 1, 2022; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1752, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1752, H.D. 3, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Kitagawa, Ilagan, Hashimoto, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Chang, Rhoads, Keith-Agaran, Moriwaki, and Fevella.  
Managers on the part of the Senate.  
Ayes, 5. Noes, none. Excused, none.

**Conf. Com. Rep. 72-22 on S.B. No. 2295**

The purpose of this measure is to:

- (1) Require the Department of Transportation to plan for sea level rise in all future or amended transportation projects; and
- (2) Require all Department of Transportation highway, harbor, and airport projects to conform to certain carbon concrete standards except in certain circumstances.

Your Committee on Conference finds that sea level rise is a problem that must be factored into future transportation projects. Your Committee on Conference further finds that these transportation projects must also conform with carbon concrete standards except in special circumstances.

Your Committee on Conference has amended this measure by changing its effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2295, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2295, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, 1 (Lowen).

Senators Lee, Gabbard, Wakai, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 73-22 on S.B. No. 879**

The purpose of this measure is to require the counties to assume responsibility to maintain infrastructure as part of any housing development for the Department of Hawaiian Home Lands within sixty days of the receipt of a maintenance request and under specified conditions.

Your Committee on Conference finds that the Department of Hawaiian Home Lands often has the responsibility to maintain infrastructure despite county requirements. Therefore, this measure requires counties to provide for the maintenance of Department of Hawaiian Home Lands infrastructure within sixty days of receipt of an application for maintenance request by the county.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 879, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 879, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Nakashima, Ilagan, Hashimoto, and McDermott.  
Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, none.

Senators Shimabukuro, Keohokalole, Acasio, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 74-22 on S.B. No. 2768**

The purpose of this measure is to:

- (1) Authorize the Governor to designate the Department of Land and Natural Resources to administer or enter into an agreement for the administration of a green jobs youth corps to provide temporary work and training opportunities in the fields of natural resource management, agriculture, or other sustainability-related professions to young adults ages thirty-eight or younger;
- (2) Require the Department of Land and Natural Resources to partner with an organization that has received accreditation from the Corps Center of Excellence Accreditation Program or has at least ten years of experience providing similar programming statewide in the State, or both; and
- (3) Appropriate funds.

Your Committee on Conference finds that the Hawaii Youth Conservation Corps, a legacy of the Civilian Conservation Corps, has provided Hawaii's youth with opportunities in conservation. With the onset of the coronavirus disease 2019 pandemic, which devastated Hawaii's economy, partnerships with nonprofit organizations such as Kupu enabled individuals to work in their own communities while also giving back to Hawaii's economy and environment.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriation shall be used for the Green Jobs Youth Corps to provide salaries for not more than one thousand participants;
- (2) Inserting an appropriation of \$5,000,000 for the administration of the Green Jobs Youth Corps as provided in this measure; and
- (3) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2768, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2768, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Branco, and McDermott.  
Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (McDermott).

Senators Inouye, Taniguchi, Gabbard, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 75-22 on S.B. No. 3330**

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to establish and conduct the Pupukea Marine Life Conservation District carrying capacity pilot program; and
- (2) Appropriate funds.

Your Committee on Conference finds that high traffic volumes to popular areas within the Pupukea Marine Life Conservation District, such as Shark's Cove and Kapoo Tidepools, may threaten the health and abundance of marine life and limit the use and enjoyment of the area by residents. To protect the Pupukea Marine Life Conservation District, which currently does not have restrictions on use, a carrying capacity pilot program may provide critical information to reduce the impacts of humans on the health and abundance of marine life in sensitive areas within the Pupukea Marine Life Conservation District.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation of \$300,000 for the Department of Land and Natural Resources to establish and conduct the Pupukea Marine Life Conservation District carrying capacity pilot program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3330, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3330, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Onishi, Branco, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Inouye, Shimabukuro, Riviere, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 76-22 on S.B. No. 2056**

The purpose of this measure is to:

- (1) Require the Office of Planning and Sustainable Development, in cooperation with the Department of Agriculture and Land Use Commission, to conduct a study of the suitability of soil classification systems for the regulation of agricultural lands;
- (2) Require a report to the Legislature; and
- (3) Appropriate funds.

Your Committee on Conference finds that the State has not completed a comprehensive soil study or completed sufficient agricultural soil mapping in over fifty years. To meet the State's critical food sustainability goals and enhance local agricultural productivity, there is a need to utilize effective standards for identifying productive agricultural lands and protect long-term agricultural use under state and county land use regulatory systems.

Your Committee on Conference has amended this measure by reverting its contents to the S.D. 1 version and further amending it by:

- (1) Inserting an appropriation of \$325,000 for the Office of Planning and Sustainable Development to conduct the study as required by this Act;
- (2) Changing the effective date to July 1, 2022; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2056, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2056, S.D. 1, H.D. 1, C.D. 1.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Inouye, Gabbard, Shimabukuro, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Gabbard).

**Conf. Com. Rep. 77-22 on S.B. No. 2670**

The purpose of this measure is to establish the Hawaii State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission to provide for a statewide program, on a permanent and continuing basis, on the status of lesbian, gay, bisexual, transgender, queer, plus individuals in Hawaii.

Your Committee on Conference finds that individuals of the lesbian, gay, bisexual, transgender, queer, plus (LGBTQ+) community are at elevated risks of bullying, suicide, and ostracism. Your Committee on Conference further finds that the creation of a commission, as provided by this measure, will advance equity and is an important step to meet the needs of Hawaii's LGBTQ+ community.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2670, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2670, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Tam, Marten, Sayama, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Okimoto).

Senators Rhoads, Moriwaki, Shimabukuro, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

**Conf. Com. Rep. 78-22 on S.B. No. 206**

The purpose of this measure is to prohibit discrimination in rental transactions, including in advertisements for rental property, based on participation in a Section 8 Housing Choice Program or any permanent supportive housing program or requirements related to participation in these housing assistance programs.

Your Committee on Conference finds that housing assistance programs, like the federal Section 8 Housing Choice Voucher Program, are essential in helping to alleviate high rental costs for qualifying families. However, the Section 8 program relies on private landlords' willingness to rent to participating individuals. In an expensive and limited housing market such as Hawaii, low-income individuals, who are the most likely participants in housing assistance programs, experience extreme difficulty in finding affordable rentals and are often faced with discrimination based on their source of income.

Your Committee on Conference further finds that discrimination against recipients of housing assistance programs is prohibited in a number of states and the District of Columbia, as well as numerous cities and counties throughout the United States. Studies have shown that when there are laws to prevent discrimination against renters with housing vouchers, such renters are twelve percent more likely to find housing. Additionally, source of income laws do not alter or restrict standard industry practices to vet prospective renters. Your Committee on Conference further finds that the Hawaii Interagency Council on Homelessness prioritized addressing upfront barriers to accessing housing, such as source of income discrimination in rental housing, as a key priority for this legislative session. This measure is therefore necessary to prohibit discrimination based on source of income to allow supportive housing vouchers or other housing assistance programs to be implemented as intended and to further address the State's pressing housing crisis.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the provisions of this measure do not apply to landlords with ownership of less than four dwelling units in the State at the time of the alleged discriminatory rental transaction, unless the owner, whether individually or through a business entity, owns more than ten percent interest in more than four dwelling units in the State at the time of the alleged discriminatory rental transaction;
- (2) Inserting language to require the Hawaii Public Housing Authority and the Hawaii Civil Rights Commission to produce and make available informational materials for the purpose of providing notice of specific rights and obligations pursuant to the provisions of this measure and to widely publicize the prohibition against discrimination based on source of income;
- (3) Making it effective upon its approval, provided that the new statutory chapter established by this measure shall take effect on May 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 206, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 206, S.D. 2, H.D. 1, C.D. 1.

**Conf. Com. Rep. 79-22 on S.B. No. 2125**

The purpose of this measure is to increase the maximum allowable fine for violation of liquor control laws by a licensee from \$2,000 to \$5,000.

Your Committee on Conference finds that the liquor commission or liquor control adjudication boards of each county are responsible for regulating the sale of liquor through the issuance of liquor licenses and the enforcement of applicable laws and rules. Existing law provides that the maximum allowable fine for violations of liquor control laws is \$2,000. Heftier fines can create a greater deterrent for licensees to violate liquor control laws. Accordingly, this measure increases the maximum fine to \$5,000, which will provide a broader range and grant greater flexibility to liquor commissions and liquor control adjudication boards in assessing fines and enforcing liquor laws and rules.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2125, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2125, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Todd, Kitagawa, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Baker, Rhoads, Chang, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 80-22 on S.B. No. 1105**

The purpose of this measure is to:

- (1) Allow a person aggrieved by the fraud, misrepresentation, or deceit of a mortgage loan originator company licensee to receive restitution payment upon a final judgment of the court;
- (2) Repeal fees paid by mortgage loan originator companies and their branch office locations to the mortgage loan recovery fund and instead establish a flat \$200 mortgage loan recovery fund fee; and
- (3) Provide the Commissioner of Financial Institutions with the authority to consider and approve applications to recover from the fund.

Your Committee on Conference finds that a person who holds a court order against a mortgage loan originator or a mortgage loan originator company licensee for fraud, deceit, or misrepresentation is eligible to receive restitution from the Mortgage Loan Recovery Fund. However, existing law requires that person to also obtain a separate order from the court to receive the restitution payment from the Mortgage Loan Recovery Fund, which can be an onerous administrative process. Typically, it can take eight to twelve months before a court orders the Division of Financial Institutions of the Department of Commerce and Consumer Affairs to issue the restitution payment. This measure will allow aggrieved persons to receive restitution payments more efficiently, as the Division of Financial Institutions will be able to issue those payments pursuant to final, rather than separate, court orders. Additionally, this measure repeals fees paid by mortgage loan originator companies and their branches to adjust the funding level of the Mortgage Loan Recovery Fund, as there are currently sufficient funds to make restitution payments to aggrieved persons by assessing individual mortgage loan originators, as required by federal law.

Your Committee on Conference has amended this measure by making it effective on July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1105, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1105, S.D. 2, H.D. 1, C.D. 1.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 81-22 on S.B. No. 3179**

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources' Division of Forestry and Wildlife to adopt rules and issue funds to licensed hunters at a per unit rate for feral axis deer herd management; and
- (2) Appropriate funds to and establish three full-time equivalent technician positions for the Department of Land and Natural Resources to manage axis deer populations in Maui County.

Your Committee on Conference finds that the overpopulation of axis deer poses a significant threat to the ecological security and the health of local communities on several islands, including Maui County. Axis deer overpopulation and drought conditions on Maui, Molokai, and Lanai have led to large numbers of widespread axis deer, which in turn has created a nuisance and threat to the local community.

Your Committee on Conference has amended this measure by:

- (1) Deleting the appropriation to the Department of Land and Natural Resources for axis deer management;
- (2) Amending section 1 to reflect its amended purpose; and
- (3) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3179, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3179, S.D. 2, H.D. 2, C.D. 1.

**Conf. Com. Rep. 82-22 on H.B. No. 1983**

The purpose of this measure is to establish, and appropriate funds for, the State Film Liaison to plan, develop, and execute a statewide film industry development strategy for purposes of establishing a collaborative film industry development program.

Your Committee on Conference has amended this measure by:

- (1) Changing the name of the State Film Liaison to the State Media Industry Development Liaison and making associated conforming amendments;
- (2) Inserting the provision relating to retaining the civil service status of existing positions within the Film Industry Branch of the Creative Industries Division of the Department of Business, Economic Development, and Tourism in Session Law, rather than codifying it in the Hawaii Revised Statutes;
- (3) Changing the appropriation for the State Media Industry Development Liaison from \$65,000 to \$60,000;
- (4) Inserting an appropriation of \$33,600 to establish and fill one full-time equivalent Administrative Assistant position within the Creative Industries Division of the Department of Business, Economic Development, and Tourism;

- (5) Changing the effective date to July 1, 2022; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1983, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1983, H.D. 1, S.D. 2, C.D. 1.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 83-22 on H.B. No. 1586**

The purpose of this measure is to:

- (1) Require federal disaster relief reimbursement monies, except federal disaster relief reimbursement monies for the Department of Education, to be deposited into a trust account of the Hawaii Emergency Management Agency and reimbursed to the originating fund of the expending agency, and require monies to be returned to the general fund upon lapse of the original appropriation;
- (2) Require the Administrator of the Hawaii Emergency Management Agency to submit an annual report to the Legislature on the status of federal reimbursement monies for disaster response and each agency's disaster response spending; and
- (3) Appropriate monies to the Department of Defense for disaster response efforts.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that state departments, in addition to state agencies, shall submit a report of all funds expended for disaster response efforts;
- (2) Deleting language that would have required the Administrator to include information about the counties in their annual report to the Legislature regarding reimbursement monies;
- (3) Deleting language that would have appropriated funds for the Department of Defense for disaster response efforts;
- (4) Changing the effective date to July 1, 2022; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1586, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1586, H.D. 2, S.D. 1, C.D. 1.

#### **Conf. Com. Rep. 88-22 on H.B. No. 2491**

The purpose of this measure is to require, beginning on January 1, 2023, all letterhead of the State and counties that include Hawaiian names and words to use and spell the names and words consistently with certain references.

Your Committee on Conference has amended this measure by:

- (1) Requiring all letterhead of the State and counties containing Hawaiian words or names to use and spell those Hawaiian words or names consistently with certain references by July 1, 2023, rather than January 1, 2023;
- (2) Deleting exemptions for letterhead specifically designed for use by native speakers of Hawaiian and for documents submitted to state or county agencies or officials by members of the general public;
- (3) Requiring the Governor, Lieutenant Governor, state legislators, and heads of principal departments to prominently display a Hawaiian translation of the name of their respective office or department at least once on the main page of their official website and in the letterhead of their stationary;
- (4) Changing its effective date to July 1, 2022; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee on Conference is providing the following list of Hawaiian translations of names of offices and departments to assist the appropriate state offices and departments in complying with this measure.

#### **Olelo Hawaii Names**

#### **Conf. Com. Rep. 89-22 on H.B. No. 871**

The purpose of this measure is to establish an agricultural enterprise program within the Department of Agriculture to promote and support diversified agriculture and increase the State's agricultural self-sufficiency.

Specifically, this measure:

- (1) Authorizes the Department of Agriculture or its lessees to plan, design, construct, operate, manage, maintain, repair, demolish, and remove infrastructure or improvements on any lands under the Department of Agriculture's jurisdiction where the activity is necessary to support and promote agriculture;
- (2) Requires the Department of Agriculture to administer an agricultural enterprise program to manage, under rules adopted by the Board of Agriculture, qualifying agricultural enterprise lands and agricultural enterprises transferred from the Department of Land and Natural Resources; and
- (3) Establishes the Agricultural Enterprise Special Fund for planning, designing, constructing, operating, maintaining, managing, repairing, demolishing, and removing infrastructure or improvements on agricultural enterprise lands and for agricultural enterprises.

Your Committee on Conference has amended this measure by:

- (1) Deleting provisions establishing the Agricultural Enterprise Special Fund;
- (2) Changing its effective date to July 1, 2022; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 871, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 871, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Johanson, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 90-22 on H.B. No. 2062**

The purpose of this measure is to:

- (1) Establish the Agricultural Emergency Loan Revolving Fund, to be administered by the Department of Agriculture, to fund class D emergency loans made pursuant to section 155-9(e), Hawaii Revised Statutes;
- (2) Allow for payments received on account of principal from loans made by the Agricultural Emergency Loan Revolving Fund to be credited to the Agricultural Emergency Loan Revolving Fund; and
- (3) Appropriate funds into and out of the Agricultural Emergency Loan Revolving Fund.

Your Committee on Conference has amended this measure by:

- (1) Deleting provisions establishing the Agricultural Emergency Loan Revolving Fund;
- (2) Appropriating \$1,500,000 to be deposited into and out of the existing Agricultural Loan Revolving Fund to fund class D emergency loans made pursuant to section 155-9(e), Hawaii Revised Statutes;
- (3) Authorizing the Department of Agriculture to approve emergency loans of up to \$1,500,000 in excess of the \$5,000,000 annual ceiling for the Agricultural Loan Revolving Fund during a state of emergency declared by the Governor pursuant to chapter 127A, Hawaii Revised Statutes, the Emergency Management Law;
- (4) Changing its effective date to July 1, 2022; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2062, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2062, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Perruso, Marten, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Taniguchi, Nishihara, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 91-22 on H.B. No. 1692**

The purpose of this measure is to:

- (1) Increase the fines imposed for mobile electronic device violations; and
- (2) Require the fines to be deposited into the Safe Routes to School Program Special Fund.

Your Committee on Conference has amended this measure by requiring the fines collected for mobile electronic device violations to be paid to the Director of Finance instead of deposited into the Safe Routes to School Program Special Fund.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1692, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1692, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Holt, Morikawa, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Lee, Rhoads, Inouye, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 92-22 on H.B. No. 2421**

The purpose of this measure is to:

- (1) Establish a three-year Women's Court Pilot Program in the First Circuit of the Judiciary to implement trauma-informed and evidence-based practices, employ gender-responsive programming, collaborate with stakeholders, and provide services to women in the court system;
- (2) Appropriate funds for equipment; mental health, substance abuse treatment, and other services; and the establishment of seven temporary positions for the Women's Court Pilot Program; and
- (3) Require the Judiciary to submit annual reports on the Women's Court Pilot Program throughout its duration.

Your Committee on Conference has amended this measure by:

- (1) Changing the appropriation amounts from unspecified amounts to \$695,236 for equipment; mental health, substance abuse treatment, and other services; and the establishment of seven temporary positions as follows:
  - (A) One full-time equivalent (1.0 FTE) social worker V position (\$62,136);
  - (B) Four full-time equivalent (4.0 FTE) social worker IV positions (\$52,200 each);
  - (C) One full-time equivalent (1.0 FTE) circuit court clerk II position (\$46,200); and
  - (D) One full-time equivalent (1.0 FTE) judicial clerk position (\$41,100); and
- (2) Changing the effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2421, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2421, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Holt, Ichiyama, Matayoshi, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 93-22 on S.B. No. 2623**

The purpose of this measure is to exclude from any waiting list maintained by the Department of Hawaiian Home Lands any lessee or successor who sells or transfers their lease on a tract of Hawaiian home lands for personal gain.

Your Committee on Conference finds that certain native Hawaiians have acquired a lease pursuant to the Hawaiian Homes Commission Act and sold or transferred their interest in the lease before placing their name back on the waiting list. This practice contributes to other eligible native Hawaiians not receiving land in a timely fashion. The purpose of this measure is to prohibit those who sell or transfer their interest in a Hawaiian home lands tract for personal gain from rejoining the wait list.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2623, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2623, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Nishimoto, Matayoshi, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Shimabukuro, Keohokalole, DeCoite, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 94-22 on S.B. No. 3054**

The purpose of this measure is to:

- (1) Expand funding sources and authorized uses of the Hawaii Film and Creative Industries Development Special Fund (Special Fund); and
- (2) Appropriate funds for the purposes of the Special Fund.

Your Committee on Conference finds that expanding funding sources and authorized uses of the Hawaii Film and Creative Industries Development Special Fund will further support the State's growing local intellectual property export industry.

Your Committee on Conference has amended this measure by:

- (1) Delaying the deposit of all revenues, fees, and charges from the processing of the motion picture, digital media, and film production income tax credit pursuant to section 235-17, Hawaii Revised Statutes, into the Special Fund until January 2, 2023;
- (2) Including existing revenues, fees, and income received by the Department of Business, Economic Development, and Tourism from its management of public facilities that support media and entertainment workforce and business development, with the exception of the Hawaii Film Studio, to be deposited into the Special Fund;
- (3) Requiring the program funded by the Special Fund to also provide seed capital for electronic sports;
- (4) Making it effective on July 1, 2022; and
- (5) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3054, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3054, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Holt, B. Kobayashi, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (B. Kobayashi).

Senators Wakai, Shimabukuro, Riviere, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 95-22 on S.B. No. 3087**

The purpose of this measure is to adopt the Emergency Management Assistance Compact in a new chapter of the Hawaii Revised Statutes.

Your Committee on Conference finds that moving the Emergency Management Assistance Compact, currently codified under chapter 128F, Hawaii Revised Statutes, into the emergency management series of the Hawaii Revised Statutes will provide concise, logical organization to the emergency management laws of the State. This measure will align the Hawaii Emergency Management Agency with the best emergency management practices across the country by

repealing chapter 128F, Hawaii Revised Statutes, and reincorporating the Emergency Management Assistance Compact in a new, appropriately designated chapter in the 127A series of the Hawaii Revised Statutes chapters.

Your Committee on Conference has amended this measure by:

- (1) Deleting the preamble;
- (2) Changing the effective date to upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3087, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3087, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Eli, Ohno, Nakashima, Perruso, Ichiyama, and Ward.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Nishihara, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 96-22 on S.B. No. 2008**

The purpose of this measure is to:

- (1) Clarify that the State and counties may only be held jointly and severally liable for acts or omissions relating to a condemned highway or trail that occurred after condemnation; and
- (2) Allow the State and counties to utilize flexibility in highway design regarding any condemned highway.

Your Committee on Conference finds that although the Legislature sought to address the problems caused by private roads by passing Act 194, Session Laws of Hawaii 2016, further legislation is now needed to reduce impediments to state and county condemnation of private lanes. This measure will facilitate the condemnation, maintenance, and improvement of private highways and trails that are in disrepair by providing the State and counties with flexibility in the design of condemned private highways and trails and relieving the State and counties of liability for condemned highways and trails.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2008, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2008, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Matayoshi, Ilagan, Clark, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Nishihara, Lee, Rhoads, Riviere, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

#### **Conf. Com. Rep. 97-22 on S.B. No. 1107**

The purpose of this measure is to establish the Hazard Mitigation Special Fund to give the Hawaii Emergency Management Agency the ability to monitor its own hazard mitigation projects.

Your Committee on Conference finds that hazard mitigation projects necessary to mitigate situations that are deemed hazardous and require immediate action will not be possible without proper funding. This measure will provide a funding source to ensure the continuation of hazardous mitigation projects and expand the program by establishing the Hazard Mitigation Special Fund.

Your Committee on Conference has amended this measure by:

- (1) Requiring all contributions from public or private partners and all interest earned on or accrued to moneys deposited in the special fund be deposited in the Hazard Mitigation Special Fund;
- (2) Inserting an appropriation amount of \$500,000 for the Hazard Mitigation Special Fund;
- (3) Changing the effective date to July 1, 2022; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1107, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1107, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Matayoshi, Eli, LoPresti, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Nishihara, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 98-22 on S.B. No. 2588**

The purpose of this measure is to appropriate funds to the Hawaii Public Housing Authority for the rehabilitation, remodeling, renovation, and repair of housing units.

Your Committee on Conference finds that many units administered by the Hawaii Public Housing Authority need significant repairs and maintenance. This measure supports the Hawaii Public Housing Authority's efforts to renovate its existing affordable housing inventory by appropriating funds to the Hawaii Public Housing Authority for this purpose.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$5,000,000; and
- (2) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2588, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2588, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Ilagan, Hashimoto, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Chang, Misalucha, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 99-22 on S.B. No. 2479**

The purpose of this measure is to require each public housing project, dwelling unit, and state low-income housing project that is built, renovated, or reconstructed after January 1, 2023, to include all broadband infrastructure necessary for tenants to have access to broadband service.

Your Committee on Conference finds that Internet access is necessary for residents of Hawaii public housing units to utilize certain essential services, such as health care and education. This measure requires that public housing built, renovated, or reconstructed after the beginning of 2023 to include broadband infrastructure.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the extent of broadband infrastructure requirement; and
- (2) Changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2479, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2479, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Kitagawa, Ilagan, Hashimoto, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Chang, Moriwaki, Misalucha, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

**Conf. Com. Rep. 100-22 on S.B. No. 2251**

The purpose of this measure is to:

- (1) Allow the Hawaii Public Housing Authority to develop mixed-income and mixed-financed housing projects; and
- (2) Prohibit the development or construction of housing projects on ceded land that is vacant on or after January 1, 2022.

Your Committee on Conference finds that mixed-income and mixed-financed housing can significantly improve the State's ability to provide affordable housing by allowing flexibility in the development of new housing projects. This measure allows the Hawaii Public Housing Authority to develop mixed-income and mixed-financed housing, provided it does not develop or construct housing projects on ceded land that is vacant on or after January 1, 2022.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2251, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2251, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Nakashima, Ilagan, Hashimoto, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Chang, Misalucha, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 101-22 on S.B. No. 2898**

The purpose of this measure is to:

- (1) Establish the Transit-Oriented Development Infrastructure Improvement District and Transit-Oriented Development Infrastructure District Board under the Hawaii Community Development Authority;
- (2) Require the Transit-Oriented Development Infrastructure Improvement District Board to develop a program to identify necessary infrastructure improvements within the district; and
- (3) Establish the Transit-Oriented Development Infrastructure Improvement District Special Fund.

Your Committee on Conference finds that transit-oriented development plays an important role in addressing the State's housing shortage and meeting its sustainability goals. However, transit-oriented development requires adequate infrastructure planning and development. Accordingly, this measure establishes the Transit-Oriented Development Infrastructure Improvement District and Transit-Oriented Development Infrastructure Improvement District Board to oversee the long-range planning and implementation of improved community development.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2898, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2898, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Aquino, Ilagan, Hashimoto, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Aquino).

Senators Chang, Inouye, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

#### **Conf. Com. Rep. 102-22 on S.B. No. 3048**

The purpose of this measure is to:

- (1) Authorize the Director of Finance to transfer excess funds from the Rental Housing Revolving Fund to the Dwelling Unit Revolving Fund;
- (2) Provide that the Rental Housing Revolving Fund may be used for the Hawaii Housing Finance and Development Corporation's housing finance programs;
- (3) Establish two full-time equivalent (2.0 FTE) housing finance specialist positions; and
- (4) Appropriate funds to the Hawaii Housing Finance and Development Corporation for computer software and hardware; information technology improvements; videoconferencing improvements; and scanning and digitization equipment, services, and warranties.

Your Committee on Conference finds that the Hawaii Housing Finance and Development Corporation has funds composed of tax-exempt general obligation bond proceeds and accrued interest within the Rental Housing Revolving Fund that are restricted and cannot be used for the purposes of that fund. However, those funds can be used for public infrastructure development, which is one of the purposes for which funds within the Dwelling Unit Revolving Fund can be used. Accordingly, this measure transfers tax-exempt general obligation bond funds and accrued interest from the Rental Housing Revolving Fund to the Dwelling Unit Revolving Fund.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the Director of Finance is authorized to transfer tax-exempt general obligation bond proceeds from the Rental Housing Revolving Fund to the Dwelling Unit Revolving Fund in an amount of \$45,000,000;
- (2) Inserting appropriations of \$300,000,000 into and out of the Rental Housing Revolving Fund; provided that \$150,000,000 is used for mixed-income housing projects;
- (3) Inserting an appropriation amount of \$554,000 for the Hawaii Housing Finance and Development Corporation to procure computer software and hardware; information technology improvements; videoconferencing improvements; and scanning and digitization equipment, services, and warranties;
- (4) Adding a severability clause; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3048, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3048, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Yamashita, Hashimoto, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Chang, Kanuha, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 4; Ayes with Reservations (Fevella). Noes, none. Excused, none.

#### **Conf. Com. Rep. 103-22 on S.B. No. 2390**

The purpose of this measure is to:

- (1) Increase the number of associate judges on the Intermediate Court of Appeals from five to six; and
- (2) Appropriate funds.

Your Committee on Conference finds that the Intermediate Court of Appeals expects a significant increase in its caseloads as the trial courts dispose of their backlogs of civil, criminal, and family cases. Your Committee on Conference further finds that adding another Intermediate Court of Appeals associate judge would enable the Judiciary to expeditiously resolve a greater number of appeals and address the foreseeable backlog of cases from the trial courts.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$478,326, to be allocated as follows:
  - (A) \$214,788 for the establishment of one permanent full-time equivalent (1.0 FTE) intermediate appellate court associate judge position;
  - (B) \$86,688 for the establishment of one permanent full-time equivalent (1.0 FTE) judicial assistant position;
  - (C) \$134,400 for the establishment of two permanent full-time equivalent (2.0 FTE) law clerk positions; and
  - (D) \$42,450 for equipment, books, and furniture for the new associate judge's chambers;
- (2) Inserting an effective date of July 1, 2022; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2390, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2390, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Nishimoto, Matayoshi, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Ward).

Senators Rhoads, Shimabukuro, Keohokalole, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 104-22 on S.B. No. 2641**

The purpose of this measure is to appropriate funds for residential programs that allow minor children to remain with their mothers while participating in a residential program, including community-based furlough programs, residential drug treatment programs, therapeutic community programs, and mental health programs, to reduce the risk of trauma and multigenerational incarceration.

Your Committee on Conference finds that the incarceration of mothers that results in separation from their children has devastating negative developmental and emotional impacts on children that increase the risk of multigenerational incarceration. This measure will reduce the risk of multigenerational incarceration by funding programs that allow minors to remain with their mothers during the mothers' program participation.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$200,000 for residential programs that allow minor children to remain with their mothers while participating in a residential program; and
- (2) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2641, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2641, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ohno, Ichiyama, B. Kobayashi, Ganaden, Morikawa, and Matsumoto.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Rhoads, Shimabukuro, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

#### **Conf. Com. Rep. 105-22 on S.B. No. 2663**

The purpose of this measure is to change the filing fee schedule for paternity actions by establishing an initial filing fee of \$100 and eliminating fees to file motions.

Your Committee on Conference finds that the different filing fee schedules for divorce and paternity actions creates a burdensome and confusing situation for low-income litigants. This measure will establish clear filing fees for paternity actions which will reduce the burden, confusion, and uncertainty for litigants under the existing filing fee schedule.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2663, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2663, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Nishimoto, Matayoshi, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Shimabukuro, Kim, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 106-22 on S.B. No. 2475**

The purpose of this measure is to clarify that amounts received or accrued for stevedoring and related services, wharfage, and demurrage fees are exempt under the general excise tax law.

Your Committee on Conference finds that the shipping industry is critical to the well-being of the people of Hawaii because nearly all goods are imported. This measure exempts certain shipping-related fees and services under the general excise tax law in order to help reduce the inflated cost of imported goods.

Your Committee on Conference has amended this measure by removing related services in reference to stevedoring services.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2475, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2475, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Luke, Yamashita, and McDermott.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (McDermott).

Senators Lee, Kanuha, Shimabukuro, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 107-22 on S.B. No. 2347**

The purpose of this measure is to:

- (1) Require the language and meaning of any proposed constitutional amendment and ratification question to be simple, concise, and direct to the extent practicable; and
- (2) Allow the presiding officers of the Legislature to request a written opinion of the Supreme Court regarding the legality of a proposed constitutional amendment and ratification question.

Your Committee on Conference finds that constitutional ratification questions should be posed in simple, concise, and direct language. Your Committee on Conference further finds that it is an appropriate exercise of the powers of the Hawaii Supreme Court to issue written opinions on the legality of a proposed constitutional ratification question when requested by the presiding officers of the Legislature. This measure provides a mechanism to ensure that the legality of constitutional ratification questions are addressed by the highest court in the State.

Your Committee on Conference has amended this measure by:

- (1) Requiring the Hawaii Supreme Court to provide a written opinion in response to written request from the President of the Senate or Speaker of the House of Representatives within fifteen days instead of ten days;
- (2) Clarifying provisions requiring the Hawaii Supreme Court to include detailed and specific explanations in a written opinion provided in response to a written request to be consistent with statutory language providing for the content of the written opinion; and
- (3) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2347, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2347, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Nishimoto, Matayoshi, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Keith-Agaran, Gabbard, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 108-22 on S.B. No. 2162**

The purpose of this measure is to establish ranked-choice voting for special federal elections and special elections of vacant county council seats.

Your Committee on Conference finds that the existing plurality voting method in special elections allows a candidate to win an election without a majority of votes when there are more than two candidates for the office. Your Committee on Conference further finds that ranked choice voting provides voters with the ability to rank candidates in order of preference and has been used effectively in other jurisdictions in the nation and the world.

Your Committee on Conference has amended this measure by inserting an effective date of January 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2162, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2162, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Nishimoto, and Matayoshi.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Keith-Agaran, Keohokalole, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, 1 (Fevella). Excused, none.

**Conf. Com. Rep. 109-22 on S.B. No. 2136**

The purpose of this measure is to prohibit juror exclusion based on gender identity or expression.

Your Committee on Conference finds that gender identity and expression are not expressly protected from discrimination in jury service under existing law. This measure disallows arbitrary discrimination for service on a jury so that all individuals may participate in performing their civic duties.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2136, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2136, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Nishimoto, Matayoshi, Tam, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 110-22 on S.B. No. 2298**

The purpose of this measure is to increase the penalty for employers who fail to pay their employees wages in accordance with state wage and hour laws and other compensation laws, by making violators guilty of a class C felony and subject to a fine of not less than \$500 per offense.

Your Committee on Conference finds that state labor laws should vigorously protect workers from employers who fail to provide employees with wages, benefits, or other forms of compensation that are rightfully owed to them. This measure will provide a greater deterrence to employers who violate wage and hour laws and other compensation laws.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2298, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2298, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Sayama, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Taniguchi, Rhoads, Shimabukuro, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 111-22 on S.B. No. 2707**

The purpose of this measure is to:

- (1) Require the employer to initiate negotiations on repricing of classes within a bargaining unit within thirty days of the employer's receipt of the exclusive representative's written request to negotiate; and
- (2) Establish that the employer's failure to initiate the negotiation within this time frame, or the parties' failure to reach an agreement within ninety days of the exclusive representative's written request to negotiate or by January 31 of a year in which the collective bargaining agreement is due to expire, whichever is earlier, constitutes an impasse to which the impasse procedures in section 89-11, Hawaii Revised Statutes, shall apply.

Your Committee on Conference finds that repricing means the reassignment of classes within a bargaining unit from one pay range to another in the same salary schedule based on appropriate factors that occurs when the pay range of a class is not in proper alignment with other classes in the same bargaining unit. Your Committee on Conference further finds that under the existing process, it is extremely difficult for employees to seek the repricing of their classes. By providing mandatory timeframes within which repricing negotiations must be initiated and an agreement reached, the failure of which would cause impasse procedures to apply, this measure will ensure that public employees are being paid competitive and fair wages, which will allow the employers to better recruit and retain qualified workers.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2707, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2707, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Sayama, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Taniguchi, Rhoads, Chang, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 112-22 on S.B. No. 3126**

The purpose of this measure is to:

- (1) Require the Director of Labor and Industrial Relations to appoint a Chief Boiler and Pressure Vessel Inspector;

- (2) Allow the Director of Labor and Industrial Relations to authorize qualified boiler inspectors who are in the exclusive employment of an owner-user inspection organization to perform safety inspections of pressure retaining items; and
- (3) Extend the time by which the Director of Labor and Industrial Relations is required to reimburse the general fund for the initial appropriation made to the Boiler and Elevator Revolving Fund.

Your Committee on Conference finds that existing rules adopted by the Department of Labor and Industrial Relations allow owner-user inspection organizations to perform safety inspections, provided that the inspections are performed by qualified boiler inspectors. The current practice allows inspections of pressure retaining items in the State to be performed in a timely manner while ensuring the safe operation and use thereof. This measure codifies the current practice engaged in by the Department of Labor and Industrial Relations and owner-user inspection organizations in Hawaii.

Your Committee on Conference also finds that this measure provides the Director of Labor and Industrial Relations additional time to reimburse the general fund from the Boiler and Elevator Revolving Fund by three years, thereby allowing more flexibility to fund boiler and elevator safety operations while maintaining a feasible repayment schedule.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3126, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3126, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Johanson, Sayama, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Taniguchi, Shimabukuro, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 113-22 on S.B. No. 3142**

The purpose of this measure is to add reserve public safety law enforcement officers to the list of volunteer occupations covered by the workers' compensation law under certain conditions.

Your Committee on Conference finds that the Department of Public Safety is prepared to begin a volunteer enforcement program that will recruit the Department's recent retirees and members of the public as volunteer reserve public safety law enforcement officers to assist with its law enforcement responsibilities. Your Committee on Conference further finds that the volunteer reserve public safety law enforcement officers will be trained to the same standard as, and will be exposed to the same extent of risk, danger, and injuries as the Department's full-time law enforcement officers. This measure will allow injuries incurred by volunteer reserve public safety law enforcement officers under specified conditions to be compensated under the State's workers' compensation law.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3142, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3142, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Johanson, Sayama, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Taniguchi, DeCoite, Shimabukuro, Keohokalole, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

#### **Conf. Com. Rep. 114-22 on S.B. No. 3121**

The purpose of this measure is to:

- (1) Establish an Accessible Parking Special Account within the Disability and Communication Access Board Special Fund;
- (2) Increase the state annual vehicle registration fee by \$1 and require that \$1 from each annual vehicle registration fee be deposited into the Accessible Parking Special Account; and
- (3) Beginning July 1, 2023, require all costs associated with the Statewide Parking for Persons with Disabilities program to be paid using funds appropriated from the Accessible Parking Special Account.

Your Committee on Conference finds that the Parking for Persons with Disability Program, which is currently funded entirely by general funds, was severely impacted by the significant decline in the State's general revenues due to the disruptions caused by the coronavirus disease 2019 pandemic. This measure will allow the Parking for Persons with Disability Program to become self-sufficient and ensure that it is unaffected by future economic conditions.

Your Committee on Conference has amended this measure by inserting an effective date of January 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3121, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3121, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Ilagan, Clark, Takumi, and Matsumoto.

Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, none.

Senators San Buenaventura, Lee, Inouye, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 115-22 on S.B. No. 3252**

The purpose of this measure is to:

- (1) Impose a cap on the costs charged for the duplication of government records provided to requestors in electronic format;
- (2) Impose a cap on costs charged for searching for, reviewing, and segregating digital records;
- (3) Provide for a waiver of fees when the public interest is served by a digital records disclosure; and
- (4) Appropriate funds for positions.

Your Committee on Conference finds that public records laws provide a critical mechanism to maintain government accountability and transparency and support citizen involvement in government decision-making. Your Committee on Conference further finds that excessive fees for record requests are an obstacle to any general policy of open government and discourage the public from learning more about government operations.

Your Committee on Conference has amended this measure by:

- (1) Changing references of "digital records" to "records";
- (2) Inserting an appropriation amount of \$185,000;
- (3) Inserting an effective date of July 1, 2023, for sections 2 and 3 of this measure, and July 1, 2022, for this measure generally; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3252, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3252, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Wildberger, Costales, and Ward.  
Managers on the part of the House.  
Ayes, 4; Ayes with Reservations (Ward). Noes, none. Excused, none.

Senators Rhoads, Moriwaki, Lee, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 116-22 on H.B. No. 2512**

The purpose of this measure is to:

- (1) Allow persons receiving accommodations or services from an Ohana Zone to request a ninety-day extension of the accommodations or services;
- (2) Extend the Ohana Zones Pilot Program sunset date to June 30, 2028; and
- (3) Establish an Ohana Zones Program within the Hawaii Public Housing Authority as part of its rental assistance programs upon expiration of the Ohana Zones Pilot Program.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the H.D. 1 version, which:
  - (A) Expands regulatory exemptions for the Ohana Zones Pilot Program contracts;
  - (B) Amends the sunset date to June 30, 2026; and
  - (C) Appropriates \$15,000,000 for the pilot program; and
- (2) Further amending this measure by:
  - (A) Inserting a preamble;
  - (B) Allowing persons receiving accommodations or services from an Ohana Zone site to request a ninety-day extension of the accommodations or services;
  - (C) Reducing the scope of the regulatory exemptions;
  - (D) Requiring all contracts entered into or structures constructed pursuant to the Ohana Zones Pilot Program to comply with county, state, and federal floodplain management development standards, or statutes, codes, ordinances, rules, or regulations with which compliance is required under the National Flood Insurance Program;
  - (E) Changing the effective date to July 1, 2022; and
  - (F) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2512, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2512, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Nakamura, Tam, Hashimoto, and Ward.  
Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators San Buenaventura, Chang, Moriwaki, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 117-22 on H.B. No. 2338**

The purpose of this measure is to:

- (1) Appropriate funds from the State Highway Fund to the Department of Health's State Drug and Alcohol Toxicology Testing Laboratory Special Fund for fiscal year 2022-2023; and
- (2) Authorize the Department of Health to expend those funds for the establishment of the State Drug and Alcohol Toxicology Testing Laboratory.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$400,000 out of the State Highway Fund and into the Department of Health's State Drug and Alcohol Toxicology Testing Laboratory Special Fund for fiscal year 2022-2023;
- (2) Changing the effective date to July 1, 2022; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2338, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2338, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Aquino, Tam, Takumi, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, Lee, Wakai, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Fevella).

**Conf. Com. Rep. 118-22 on H.B. No. 2339**

The purpose of this measure is to:

- (1) Make an emergency appropriation from the State Highway Fund to the Department of Health's State Drug and Alcohol Toxicology Testing Laboratory Special Fund for fiscal year 2021-2022; and
- (2) Authorize the Department of Health to expend those funds for the establishment of the State Drug and Alcohol Toxicology Testing Laboratory.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$2,000,000 out of the State Highway Fund and into the Department of Health's State Drug and Alcohol Toxicology Testing Laboratory Special Fund for fiscal year 2021-2022;
- (2) Changing the effective date to upon approval; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2339, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2339, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Aquino, Tam, Takumi, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, Lee, Wakai, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Fevella).

**Conf. Com. Rep. 119-22 on H.B. No. 1798**

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist The Queen's Health Systems with the construction of, improvement to, and equipping of its health care facilities.

Your Committee on Conference has amended this measure by:

- (1) Changing the authorized amount of the special purpose revenue bonds from an unspecified amount to \$750,000,000; and
- (2) Changing the effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1798, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1798, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Tam, Har, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Keohokalole, Misalucha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 120-22 on H.B. No. 1932**

The purpose of this measure is to:

- (1) Require the Child Welfare Services Branch of the Department of Human Services to develop a modern case management software solution that is compatible with existing child welfare technology;
- (2) Submit progress reports to the Legislature; and
- (3) Appropriate funds for the development of the modern case management software solution.

Your Committee on Conference has amended this measure by:

- (1) Making the online resource portal created by this measure available to minors over the age of twelve;
- (2) Inserting an appropriation amount of \$80,000 for the development of a case management software solution by the Child Welfare Services Branch of the Department of Human Services;
- (3) Changing the effective date to July 1, 2022; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1932, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1932, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Tam, Gates, and Ward.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, Keith-Agaran, and Fevella.  
Managers on the part of the Senate.  
Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 121-22 on H.B. No. 1982**

The purpose of this measure is to:

- (1) Establish a general excise tax withholding requirement for persons making payment to a loan-out company and claiming the motion picture, digital media, and film production tax credit (film production tax credit) to withhold and remit a portion of all payments made to the loan-out company;
- (2) Reduce the minimum amount of qualified production costs necessary to claim the film production tax credit;
- (3) Require a production to submit an application processing fee to the Department of Taxation in order to qualify for the film production tax credit;
- (4) Repeal the requirement for qualified productions to submit a verification review by a qualified Certified Public Accountant when applying for the film production tax credit;
- (5) Require the Department of Business, Economic Development, and Tourism (DBEDT) to issue a letter to a taxpayer claiming the film production tax credit specifying the qualified production costs and tax credit amount qualified for no later than ten months after the receipt of the taxpayer's statement;
- (6) Extend the period during which excess film production tax credits may be claimed from December 31, 2025, to December 31, 2032;
- (7) Require qualified productions that make payments to a loan-out company and claim the film production tax credit to withhold an amount equal to one-half of one percent of qualified production costs to the credit of the general excise tax account of the loan-out company;
- (8) Amend the allowable uses of the Tax Administration Special Fund; and
- (9) Authorize the Department of Taxation to establish four full-time equivalent Tax Auditor positions.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the amount to be withheld and remitted is equal to the highest rate of general excise tax, plus any applicable county surcharge for all payments made to a loan-out company for services performed in the State;
- (2) Clarifying when every person subject to a general excise tax withholding requirement established by this measure is required to make and file a return;
- (3) Increasing the claimable amounts of the film production tax credit;
- (4) Expanding the requirements to qualify for the film production tax credit;
- (5) Changing when DBEDT is required to issue a letter specifying the qualified production costs and tax credit amount qualified for from no later than ten months to no later than seven months after receipt of the taxpayer's statement;
- (6) Changing the application processing fee that would have been submitted to the Department of Taxation and deposited into the Tax Administration Special Fund to a fee equal to 0.2 percent of the film production tax credit claimed, to be submitted to DBEDT and deposited into the Hawaii Film and Creative Industries Development Special Fund;
- (7) Increasing the cap of the total film production tax credits claimable per qualified production;
- (8) Deleting redundant and conflicting language that would have required every person making payment to a loan-out company to withhold an amount equal to one-half of one percent of qualified production costs for services performed in the State, the amount of which would have been remitted to the credit of the general excise tax account of the loan-out company;
- (9) Amending the definition of "qualified production costs";

- (10)Deleting language that would have authorized the Tax Administration Special Fund to be used to process qualified production applications for the film production tax credit;
- (11)Changing the number of Tax Auditor positions the Department of Taxation is authorized to establish from four to two, and inserting an appropriation for these positions;
- (12)Requiring DBEDT to establish one full-time equivalent permanent Program Specialist position, and inserting an appropriation for the position;
- (13)Changing the effective date to July 1, 2022; provided that the provisions of this measure applicable to the film production tax credit shall take effect on January 1, 2023; and
- (14)Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1982, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1982, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Holt, D. Kobayashi, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Keith-Agaran, Riviere, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 122-22 on H.B. No. 2309**

The purpose of this measure is to reduce recidivism rates in the State and increase productivity in affected communities by establishing and appropriating funds for an array of diversion, reentry, and rehabilitation services and programs within the State, including the following:

- (1) A pilot program to allow minor children to remain with their mothers while the mothers are participating in therapeutic, drug treatment, or other residential programs, to be administered by the Judiciary;
- (2) A comprehensive recidivism prevention pilot program within the Judiciary, including a housing voucher program, child care voucher program, and employer income tax credit program;
- (3) An offender reset program within the Department of Public Safety to provide offenders pre- and post-release assistance to support their reentry, rehabilitation, and employment;
- (4) Diversion, reentry, and rehabilitation services and programs within the State, as they relate to offenders who are in the Department of Public Safety's custody and control, or under the jurisdiction of the Judiciary or Hawaii Paroling Authority; and
- (5) Services and programs within the State for formerly incarcerated persons exiting jails and prisons, with a special focus on housing, human services, and health.

Your Committee on Conference has amended this measure by:

- (1) Removing the pilot programs, offender reset program, and appropriations for services and programs under the Judiciary and Department of Human Services;
- (2) Appropriating funds to support diversion, reentry, and rehabilitation services and programs within the State, as follows:
  - (A) For the purchase of identification card machines to assist offenders while they are in the Department of Public Safety's custody and control in obtaining identifying documentation that is essential to their reentry upon release, to be expended by the Department of Public Safety;
  - (B) For the development and maintenance of community housing for parolees to support their reentry into the community and their rehabilitation, to be expended by the Hawaii Paroling Authority; and
  - (C) For a forensic peer specialist program to assess and treat incarcerated individuals with behavioral, mental, and substance abuse issues, to be expended by the Department of Health;
- (3) Changing its effective date to July 1, 2022; and
- (4) Making technical, nonsubstantive amendments for the purpose of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2309, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2309, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ohno, Matayoshi, B. Kobayashi, Ganaden, Morikawa, and McDermott.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (McDermott).

Senators Nishihara, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 123-22 on H.B. No. 1741**

The purpose of this measure is to:

- (1) Require the Department of Human Services to work with the Department of Public Safety, Family Reunification Working Group, and other entities serving children and families affected by parental incarceration to establish a pilot visitation and family resource center at Waiawa Correctional Facility on Oahu whose staff includes trauma-informed professionals who serve as liaisons and hookele for families affected by incarceration;

- (2) Require the Department of Human Services to continue to lead a working group to address visitation and support needs of children and families of incarcerated individuals;
- (3) Require the working group to submit a report to the Legislature before the Regular Session of 2023; and
- (4) Appropriate funds to the Department of Human Services and Department of Public Safety for the establishment of the pilot visitation and family resource center at Waiawa Correctional Facility.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$305,000 for the Department of Human Services and \$115,000 for the Department of Public Safety to establish the pilot visitation and family resource center at Waiawa Correctional Facility; and
- (2) Changing its effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1741, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1741, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ohno, B. Kobayashi, Ganaden, Morikawa, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators San Buenaventura, DeCoite, Taniguchi, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 124-22 on H.B. No. 2171**

The purpose of this measure is to:

- (1) Establish a Department of Law Enforcement to consolidate and administer criminal law enforcement and investigations functions of the State;
- (2) On January 1, 2023, transfer the law enforcement functions of the Department of Public Safety to the Department of Law Enforcement;
- (3) On January 1, 2023, reestablish the Department of Public Safety as an independent Department of Corrections and Rehabilitation to administer the corrections, rehabilitation, and reentry of the inmate population;
- (4) On July 1, 2023, transfer the law enforcement functions of the Department of Transportation, the non-statutorily mandated functions of the investigations division of the Department of the Attorney General, and the Office of Homeland Security to the Department of Law Enforcement;
- (5) Establish a Department of Law Enforcement training center and appropriate funds for a multi-purpose training and staff development and administrative support facility for the Department of Corrections and Rehabilitation and a new law enforcement complex at Mililani Technology Park for the Department of Law Enforcement; and
- (6) Appropriate funds for various positions in the Department of Law Enforcement and Department of Corrections and Rehabilitation and for pay increases for deputy sheriffs.

Your Committee on Conference has amended this measure by:

- (1) Changing the phasing of various parts of the measure, making the following parts effective on January 1, 2024:
  - (A) Part III, transferring law enforcement functions and personnel from the Department of Public Safety to the Department of Law Enforcement;
  - (B) Part IV, reestablishing the Department of Public Safety as the Department of Corrections and Rehabilitation, the Director of Public Safety as the Director of Corrections and Rehabilitation, establishing its deputy directors, and placing the authority and responsibilities of the Department of Corrections and Rehabilitation in Chapter 353, Hawaii Revised Statutes;
  - (C) Part V, transferring certain other law enforcement functions and personnel to the Department of Law Enforcement; and
  - (D) A new part VIII, relating to Department of Corrections and Rehabilitation positions;
- (2) Amending the contents of the report required upon the death of an inmate or correctional facility employee to include the name of the decedent; provided that this information is not protected from disclosure by state or federal law;
- (3) Removing the disclosure of the name of the decedent as a discretionary act of the Director of Corrections and Rehabilitation;
- (4) Establishing in statute the new law enforcement complex at Mililani Technology Park and removing the appropriation for the law enforcement complex;
- (5) Removing the appropriation for the support facility for the Department of Corrections and Rehabilitation;
- (6) Reducing appropriations to the Department of Law Enforcement for positions and eliminating the appropriation for other operation costs and salary increases for deputy sheriffs;
- (7) Eliminating appropriations to the Department of Corrections and Rehabilitation;
- (8) Changing the effective date for parts II and VI to upon approval; and
- (9) Making technical, nonsubstantive amendments for the purpose of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2171, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2171, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ohno, Nakashima, B. Kobayashi, Ganaden, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Nishihara, Keith-Agaran, Rhoads, Baker, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 125-22 on H.B. No. 1974**

The purpose of this measure is to:

- (1) Establish a five-year Small Business Assistance Initiative within the State Procurement Office, to consist of a Small Business Procurement Coordinator and Small Business Office; and
- (2) Appropriate funds to the State Procurement Office for the Small Business Assistance Initiative.

Your Committee on Conference has amended this measure by:

- (1) Establishing the Small Business Assistance Initiative in the Session Laws of Hawaii, rather than statutorily in the Hawaii Revised Statutes;
- (2) Inserting an appropriation amount of \$366,000 for the Small Business Assistance Initiative, to be allocated as follows:
  - (A) \$115,000 to complete the State Small Business Database as provided by Act 42, Session Laws of Hawaii 2017, prior to its repeal;
  - (B) \$126,000 for the establishment of one permanent full-time equivalent (1.00 FTE) Small Business Procurement Coordinator position exempt from chapter 76, Hawaii Revised Statutes, in the State Procurement Office; and
  - (C) \$125,000 for the hiring of a local small business to operate and maintain the Small Business Office and for marketing of and outreach for the full five-year term of the Small Business Assistance Initiative;
- (3) Clarifying that the effective date of this measure is upon its approval; provided that the appropriation section shall take effect on July 1, 2022; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1974, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1974, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Johanson, Wildberger, Costales, and Ward.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, 1 (Ward).

Senators Moriwaki, Kanuha, Misalucha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 126-22 on H.B. No. 1568**

The purpose of this measure is to:

- (1) Require the Department of Education, Department of Health, Department of Public Safety, Department of Defense, and University of Hawaii System to ensure that a certain percentage of food purchased for public schools, youth campuses, public hospitals, public prisons, and academic programs of the University of Hawaii consists of fresh local agricultural products or local value-added, processed, agricultural, or food products; and
- (2) Require each of these entities to annually report to the Legislature on its progress made toward meeting certain established benchmarks.

Your Committee on Conference finds that, while it concurs with the intent of the provision in the S.D. 2 version of this measure that requires the Department of Education, Department of Health, Department of Public Safety, Department of Defense, and University of Hawaii system to prioritize contracts with vendors that use locally sourced food products, the inclusion of this provision may be challenged as an unconstitutional violation of the Dormant Commerce Clause of the United States Constitution, which prohibits states from passing legislation that discriminates against or excessively burdens interstate commerce, should litigation be brought on this issue and as such believes that this provision should be removed from this measure.

Your Committee on Conference has amended this measure by:

- (1) Removing language that would have required the Department of Education, Department of Health, Department of Public Safety, Department of Defense, and University of Hawaii System to prioritize contracts with vendors that use locally sourced food products;
- (2) Changing the effective date to July 1, 2022; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1568, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1568, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Kitagawa, Wildberger, Costales, and Ward.  
Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, none.

Senators Gabbard, Moriwaki, Kidani, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 127-22 on H.B. No. 1432**

The purpose of this measure is to facilitate the provision of concession services to the public by:

- (1) Amending the maximum length of certain concession contracts from fifteen years to an unspecified time period;

- (2) Exempting concessions for the operation of ground transportation services and parking lot operations at small boat harbors;
- (3) Exempting concessions for beach or ocean-related recreational services from the sealed bid requirements, with certain conditions;
- (4) Authorizing the county directors of parks and recreation to designate which county parks under their respective jurisdictions are environmentally, culturally, historically, or operationally unique for purposes of determining whether a concession at the park is exempt from the sealed bid requirements; and
- (5) Expanding the exemption for concessions at county zoos, botanic gardens, or county parks designated by the respective county director of parks and recreation, in the director's sole discretion, as environmentally, culturally, historically, or operationally unique; provided that the concessions are awarded to responsible offerors whose proposals are the most advantageous, rather than solely to certain nonprofit corporations.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the maximum length of certain concession contracts is twenty-five years;
- (2) Changing the effective date to upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1432, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1432, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Todd, Kitagawa, B. Kobayashi, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Kitagawa).

Senators Inouye, Moriwaki, Rhoads, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 5; Ayes with Reservations (Fevella). Noes, none. Excused, none.

#### **Conf. Com. Rep. 128-22 on S.B. No. 2819**

The purpose of this measure is to:

- (1) Repeal certain statutory provisions regarding teachers' salary schedules and ratings; and
- (2) Fund a memorandum of understanding to address compensation equity issues and make the necessary discretionary salary adjustments for experienced senior public school teachers and state public charter school teachers.

Your Committee on Conference finds that the State faces a chronic shortage of qualified educators. The recruitment and retention of qualified teachers is critical to the success of the State's public education system. Your Committee on Conference further finds that better pay is correlated with greater success in recruiting and retaining qualified educators. Your Committee on Conference additionally finds that the salaries of experienced senior teachers in the State are inequitably aligned with less senior teachers. Accordingly, this measure promotes both the recruitment and retention of qualified teachers by addressing certain existing salary inequities.

Your Committee on Conference has amended this measure by:

- (1) Deleting the appropriation provisions;
- (2) Amending section 1 to reflect its amended purpose;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2819, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2819, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Onishi, Eli, Perruso, and Okimoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Misalucha, Kim, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Kim).

#### **Conf. Com. Rep. 129-22 on S.B. No. 2821**

The purpose of this measure is to:

- (1) Require the Department of Education and State Public Charter School Commission to provide menstrual products to all students, free of charge, on all public school and public charter school campuses; and
- (2) Appropriate funds to provide the menstrual products.

Your Committee on Conference finds that the lack of adequate access to menstrual products in schools is harmful in many ways. It limits full participation in school, contributes to higher rates of school absenteeism and missed activities, and perpetuates gender and class inequities. Your Committee on Conference further finds that having a sufficient supply of menstrual products available to students will prevent the extended use of products beyond the recommended time or use of alternatives, which can cause serious health problems. Accordingly, this measure will promote menstrual equity by providing menstrual products to all students, free of charge, on all public and charter school campuses.

Your Committee on Conference has amended this measure by:

- (1) Defining "public school campuses" to include all Department of Education schools and public charter schools;
- (2) Removing the addition of a new section to chapter 302D, Hawaii Revised Statutes, which is no longer necessary as the definition of "public school campuses" includes public charter schools;
- (3) Removing the appropriation sections, as the initiative is to be funded through the state budget measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2821, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2821, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Costales, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 130-22 on S.B. No. 2184**

The purpose of this measure is to:

- (1) Establish a Digital Learning Center within the Department of Education; and
- (2) Appropriate funds for staffing and programmatic expenses for the Digital Learning Center.

Your Committee on Conference finds that digital learning is a critical component of education today. Your Committee on Conference further finds that digital learning can promote the equitable delivery of high-quality educational offerings to students. Accordingly, this measure will help improve the quality and delivery of digital learning services for students statewide by establishing and funding a digital learning center within the Department of Education.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$7,099,062.57;
- (2) Clarifying the allowable uses of the appropriated funds; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2184, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2184, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Costales, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 131-22 on S.B. No. 3090**

The purpose of this measure is to provide greater fiscal transparency by broadening the purposes for which indirect costs from federal grants incurred by the Department of Education, State Public Charter School Commission, or a charter school authorizer may be reimbursed.

Your Committee on Conference finds that indirect cost funds are reimbursements from federal grants received by the Department of Education for costs incurred in support of administrative and general business operations. Accordingly, this measure promotes better, intentional, planned, and transparent use of the funds by broadening the purposes for which indirect costs from federal grants may be used.

Your Committee on Conference has amended this measure by:

- (1) Inserting an effective date of July 1, 2022; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3090, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3090, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Costales, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Taniguchi, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 132-22 on S.B. No. 3092**

The purpose of this measure is to allow for greater implementation of commercial enterprises in schools by classifying student interns engaged in a commercial enterprise as employees of the State for purposes of the State Tort Liability Act and allowing the Department of Education to use revenue generated from school commercial enterprises.

Your Committee on Conference finds that there are liability concerns for businesses that employ student interns through the Department of Education's commercial enterprise program. Accordingly, this measure encourages participation of businesses in the commercial enterprise program and promotes workforce readiness by designating student interns of the commercial enterprise program as State employees.

Your Committee on Conference has amended this measure by:

- (1) Inserting an effective date of July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3092, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3092, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Kapela, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Taniguchi, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 133-22 on S.B. No. 2893**

The purpose of this measure is to establish and appropriate funds for a one-year pilot program to subsidize the purchase of school supplies at schools composed entirely of students eligible for participation in Title I, Part A, of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act.

Your Committee on Conference finds that the annual expense of purchasing student school supplies can reach thousands of dollars, which is beyond the financial means of many low-income families. Your Committee on Conference further finds that Title I, Part A, of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act (Title I), provides federal financial assistance to local educational agencies and schools with high percentages of children from low-income families. Accordingly, this measure will help to ensure that the students who attend those schools receive the school supplies necessary for their academic year by establishing a subsidy program for their school supplies.

Your Committee on Conference has amended this measure by:

- (1) Exempting certain Department of Education expenditures, including those made pursuant to this measure, from certain procurement requirements and instead subject them to small purchase procurement requirements;
- (2) Inserting an appropriation amount of \$806,800;
- (3) Inserting an effective date of July 1, 2022; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2893, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2893, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Clark, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Shimabukuro, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 134-22 on S.B. No. 2081**

The purpose of this measure is to:

- (1) Establish the Department of Education Commercial Enterprises Revolving Fund to accept the deposit of revenues from commercial enterprise operation programs undertaken by the Department of Education;
- (2) Authorize the Department of Education to expend revenues from the Revolving Fund to support the operations of the commercial enterprises; and
- (3) Make an appropriation into the Revolving Fund.

Your Committee on Conference finds that commercial enterprises provide students with critical hands-on and real-world experiences that contribute to post-secondary and workforce success. Your Committee on Conference further finds that revenues generated by these commercial enterprises, if any, support various school programs. Your Committee on Conference notes, however, that this revenue generation currently presents certain fiscal challenges for schools. Accordingly, this measure promotes career readiness and encourages the growth of commercial enterprises in schools by removing certain barriers that hinder the effectiveness and progression of the commercial enterprises.

Your Committee on Conference has amended this measure by:

- (1) Removing the appropriation; and
- (2) Changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2081, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2081, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Kapela, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Shimabukuro, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 135-22 on S.B. No. 2818**

The purpose of this measure is to establish and appropriate funds for a Summer Learning Coordinator position within the Department of Education to coordinate all school-based summer programs for children.

Your Committee on Conference finds that the coronavirus disease 2019 pandemic has caused learning loss among students across the State and adversely impacted their well-being. Your Committee on Conference further finds that summer programs have the potential to close student achievement gaps, improve student mental health, promote physical activity, and ensure child safety. Accordingly, this measure promotes efforts to accelerate learning and the provision of additional student services during the summer months by establishing a Summer Learning Coordinator position to coordinate all school-based summer programs for children.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$125,000; and
- (2) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2818, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2818, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Kidani, Shimabukuro, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

#### **Conf. Com. Rep. 136-22 on S.B. No. 1112**

The purpose of this measure is to amend the minimum appointment eligibility requirements for the position of Adjutant General to a person who:

- (1) Holds or has held a commission of the rank of Colonel in the military grade of O6 or above, or its equivalent;
- (2) Has served as a commissioned officer in one or more components in the Army or Air Force for at least ten years; and
- (3) Has no administrative actions preventing promotion to the rank of a General Officer in the military grade of O7 or O8.

Your Committee on Conference finds that the Adjutant General plays a critical role in the safety and security of the people of Hawaii and this role warrants the Adjutant General to have certain experience. This measure ensures the safety of residents of the State by providing qualifying criteria to assist with the selection of the Adjutant General.

Your Committee on Conference has amended this measure by changing the effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1112, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1112, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ohno, B. Kobayashi, Ganaden, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Nishihara, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 137-22 on S.B. No. 2637**

The purpose of this measure is to:

- (1) Require the Department of Public Safety to develop and make available a community-based work furlough program for women offenders in the State; and
- (2) Appropriate funds to the Department of Public Safety to continue and expand community-based work furlough for women.

Your Committee on Conference finds that existing community-based work furlough programs enable women to return to the workforce, keeping eighty-four percent of participants out of prison and providing them with the opportunity to participate in and access transitional training. This measure will reduce recidivism and benefit both women inmates and the community by ensuring the continuation and expansion of the community-based work furlough program for incarcerated women in the State.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$1,000,000 for the continuation and expansion of community-based work furlough for women; and
- (2) Changing the effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2637, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2637, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ohno, Ichiyama, B. Kobayashi, Ganaden, Morikawa, and Matsumoto.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Nishihara, Shimabukuro, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 138-22 on S.B. No. 2510**

The purpose of this measure is to:

- (1) Amend the Hawaii State Planning Act to give consideration to reducing reliance on energy imports, ensuring that all new utility scale electricity generation projects are renewable, balancing of grid resources including firm renewable energy resources, and reliable replacement of fossil fuel generation with balanced grid resources;
- (2) Prohibit fossil fuel generation after December 31, 2045, except in certain circumstances; and
- (3) Expand vocational training in renewable energy and related industries.

Your Committee on Conference finds that to meet the State's goal of one hundred percent renewable energy by 2045, the State must consider a variety of options to utilize renewable energy sources to address the needs of the State while also providing reliable, clean energy to Hawaii's people. Therefore, the creation of a clean energy framework to address Hawaii's energy needs is critical to ensure the availability of clean, renewable energy for Hawaii's residents, communities, and businesses that is consistent with the State's goals.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that electricity generation facilities, rather than projects shall be renewable capable;
- (2) Requiring greater diversification of renewable energy generation to include intermittent and firm renewable generation to improve reliability and achieve one hundred percent renewable energy objectives;
- (3) Requiring reliable replacement of fossil fuel generation with firm renewable generation;
- (4) Clarifying that firm renewable generation shall be a minimum of 33.33 percent of renewable energy generation for each island and may only be updated by the Legislature through the following:
  - (A) Adoption of a concurrent resolution based on data from a study by the Hawaii Natural Energy Institute, as described in this measure; and
  - (B) Submission of a concurrent resolution by the Office of Planning and Sustainable Development to the Legislature for review of the proposed firm renewable energy generation minimum percentage;
- (5) Limiting the percentage of any one type of renewable energy source to forty-five percent of all generation for each island, except for geothermal generated energy;
- (6) Prohibiting fossil fuel generation after December 31, 2045, except in cases of emergencies, natural disasters, and other extenuating circumstances beyond an electric utility company's reasonable control;
- (7) Clarifying the State's policy to include cost-saving decisions into pursuing energy objectives;
- (8) Clarifying the definition of "firm renewable energy" to include capability of continuous production of energy twenty-four hours per day, three hundred sixty-five days per year, on the demand of the energy system operator at its rated capacity, subject only to routine maintenance and repairs;
- (9) Inserting language to incentivize the development of firm renewable energy to replace fossil fuel generation;
- (10) Inserting language that requires the Office of Planning and Sustainable Development to update the energy state functional plan and submit an annual report to the Legislature regarding the status of the plan and related policies;
- (11) Inserting language that requires the Hawaii Natural Energy Institute to conduct a study to update the minimum percentage of firm renewable generation for each island and maximum proportion of any one renewable energy source on each island;
- (12) Inserting an appropriation of \$200,000 for the Hawaii Natural Energy Institute to conduct the study;
- (13) Inserting an appropriation of \$200,000 for the Office of Planning and Sustainable Development to update the energy state functional plan;
- (14) Inserting a purpose section reflecting its amended purpose;
- (15) Inserting an effective date of July 1, 2022; and
- (16) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2510, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2510, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Johanson, Marten, Todd, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Johanson).

Senators Inouye, Wakai, Kidani, Keith-Agaran, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 2 (Wakai, Fevella).

**Conf. Com. Rep. 139-22 on S.B. No. 416**

The purpose of this measure is to:

- (1) Clarify the applicable expert witness fees in state criminal cases; and
- (2) Increase per diem payments for other witnesses required to travel and stay overnight to attend a state court or grand jury in any criminal case.

Your Committee on Conference finds that statutory changes are needed to ensure the reimbursement of certain expert witness fees for county prosecutors, indigent defendants represented by the Office of the Public Defender, and private conflict counsel, and that these changes are necessary to support both a defendant's constitutional right to a defense and the State's ability to prosecute violations of the law. This measure codifies the procedures and guidelines allowing for reimbursement of expert witness fees while also assisting witnesses and crime victims in covering the rising costs of travel.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 416, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 416, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Nishimoto, Matayoshi, Tokioka, and Ward.  
Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, Lee, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 140-22 on S.B. No. 2182**

The purpose of this measure is to establish and fund a School Garden Coordinator position within the Department of Education's Office of Curriculum and Instructional Design to provide technical support and startup resources for schools interested in starting a school garden program.

Your Committee on Conference finds that learning gardens and farms on school campuses across Hawaii promote student health, advance academic achievement, and strengthen social and emotional well-being. Your Committee on Conference further finds that establishing a School Garden Coordinator position is necessary to successfully implement the Hawaii Farm to School Program. Accordingly, this measure benefits students statewide, helps develop a robust agricultural workforce, and accelerates garden and farm-based education opportunities by establishing a School Garden Coordinator position within the Department of Education.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$200,000; and
- (2) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2182, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2182, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Kapela, and Okimoto.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Shimabukuro, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 141-22 on S.B. No. 2862**

The purpose of this measure is to appropriate funds to the Department of Education to install air conditioning units in public school classrooms that have not received air conditioning units or other heat abatement measures.

Your Committee on Conference finds that hot classroom temperatures in the State's public schools can adversely affect students and student achievement. Your Committee on Conference further finds that temperatures in Hawaii's classrooms are regularly recorded at over one hundred degrees during certain periods of the school year. Your Committee on Conference also finds that, while a prior appropriation successfully funded heat abatement upgrades for many public school classrooms, many more still require heat abatement improvements. Accordingly, this measure appropriates funds for classrooms that are still in need of heat abatement improvements.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$10,000,000; and
- (2) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2862, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2862, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Gates, and Okimoto.

Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Shimabukuro, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 142-22 on S.B. No. 2824**

The purpose of this measure is to amend the minimum qualifications for members of the Board of Education to:

- (1) Diversify the experiences of the Board to include knowledge, experience, and proven expertise in education, workforce development, critical industries to the State, emerging fields, energy, advanced manufacturing, health care, business, technology, entrepreneurship, real estate finance, or organization management; and
- (2) Clarify that members of the Board must have an understanding of best practices in educational governance through organizations such as the National Association of State Boards of Education.

Your Committee on Conference finds that the Board of Education establishes critical educational policy for the State's education system. Your Committee on Conference further finds that schools are expanding their career readiness programs and partnerships with employers to meet the needs of the local and global workforce and community. As a result, the Board of Education must have a sophisticated understanding of policy related to a wide range of subjects. Accordingly, this measure benefits the State's education system by requiring Board of Education members to have diversified backgrounds, expertise, and perspectives, in addition to knowledge about best practices from expert organizations.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2824, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2824, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Kapela, and Okimoto.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, none.  
  
Senators Kidani, Kim, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 143-22 on S.B. No. 3280**

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Saint Joseph School in planning, designing, constructing, reconstructing, renovating, acquiring, equipping, and improving educational facilities.

Your Committee on Conference finds that Saint Joseph School is the only parochial school on the island of Hawaii and that enrollment at the school has increased. Your Committee on Conference further finds that several improvements to the campus are underway. However, additional funding is necessary to help construct a multi-purpose gymnasium to replace the school's existing, outdated facility. Accordingly, this measure promotes the public interest and will help Saint Joseph School build a stronger learning environment for students and the surrounding county by authorizing the issuance of special purpose revenue bonds.

Your Committee on Conference has amended this measure by:

- (1) Inserting a \$4,000,000 bond ceiling amount; and
- (2) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3280, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3280, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, and Okimoto.  
Managers on the part of the House.  
Ayes, 3. Noes, none. Excused, none.  
  
Senators Kidani, Inouye, Kanuha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 144-22 on S.B. No. 2826**

The purpose of this measure is to establish and fund career development success programs to provide financial incentives for participating Department of Education and public charter schools to encourage ninth to twelfth grade students to complete qualified industry-credential programs.

Your Committee on Conference finds that nearly sixty-five percent of available positions today require post-secondary credentials. Your Committee on Conference further finds that industry-recognized credentials teach the specific knowledge and skills required for an occupation or industry and contribute to higher earnings for credentialed individuals. Accordingly, this measure will help high school students prepare to join Hawaii's workforce by establishing a career development success program that incentivizes high school students to enroll in and successfully complete qualified industry-credential programs.

Your Committee on Conference has amended this measure by:

- (1) Inserting per pupil incentive payment amounts of \$1,000; and

- (2) Inserting appropriation amounts of \$2,470,000 and \$130,000 for the Department of Education and State Public Charter School Commission, respectively.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2826, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2826, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Clark, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 145-22 on S.B. No. 3091**

The purpose of this measure is to:

- (1) Include commercial enterprises in profit-making operations that students may engage in at schools;
- (2) Clarify that profits from agricultural, industrial, and commercial enterprise pursuits can be used to support the agricultural, industrial, and commercial enterprise pursuit programs directly; and
- (3) Allow students to receive school credit in addition to, or in lieu of, any net profits when engaging in profit-making operations.

Your Committee on Conference finds that there is an absence of clarity and consistency regarding the allowable parameters of commercial enterprise activities in public schools. This, in turn, limits students' opportunities to engage in real-world, hands-on experiences. Accordingly, this measure promotes workforce readiness by clarifying the law pertaining to commercial enterprise activities in public schools.

Your Committee on Conference has amended this measure by:

- (1) Inserting an effective date of July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3091, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3091, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Costales, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Taniguchi, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 146-22 on S.B. No. 2142**

The purpose of this measure is to:

- (1) Allow Department of Education students to fulfill high school diploma requirements by taking world language, fine arts, career and technical education, or computer science credits;
- (2) Establish a Computer Science in Teaching Scholarship Program at the University of Hawaii to encourage students earning an education degree to take a computer science course;
- (3) Require the University of Hawaii to establish computer science pathways for students earning an education degree;
- (4) By June 30, 2023, require programs leading to teacher licensing and certification to include certain computer science instruction; and
- (5) Appropriate funds for the University of Hawaii Computer Science in Teaching Scholarship Program.

Your Committee on Conference finds that computer science skills are critical to academic and career success. Accordingly, this measure promotes education and career success by encouraging high school students to learn computer science, providing incentives for future teachers to study computer science, and requiring that certified and licensed teachers receive instruction in computer science.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$1,000,000; and
- (2) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2142, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2142, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Takayama, Eli, Gates, and Okimoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Kim, Shimabukuro, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Kim).

**Conf. Com. Rep. 147-22 on S.B. No. 2115**

The purpose of this measure is to:

- (1) Require certain children under Family Court jurisdiction to be taken without unnecessary delay to the court or place of shelter designated by the court; and
- (2) Establish conditions and time limits for placing a minor into room confinement at a juvenile detention facility or adult jail facility.

Your Committee on Conference finds that solitary confinement is harmful to youth health and development and increases the likelihood of self-harm and suicide. This measure will protect the health and safety of minors by codifying room confinement conditions and limitations.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2115, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2115, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Ichiyama, Tam, Har, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Nishihara, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 148-22 on S.B. No. 2482**

The purpose of this measure is to establish an Office of Wellness and Resilience within the Office of the Governor to support and implement the statewide framework developed by the Trauma-Informed Care Task Force established pursuant to Act 209, Session Laws of Hawaii 2021.

Your Committee on Conference finds that traumatic experiences, especially in childhood, can have a lifelong impact on health, learning, and even brain development. Positively influencing a child's developing brain is more effective and less costly than attempting to correct poor learning, health, and behaviors later in life. Your Committee on Conference further finds that currently, state agencies and departments have worked independently to train their family-serving workforce in trauma-informed care. The office established by this measure will lead the creation and adoption of a statewide framework for trauma-informed and responsive practices, which among other things, will help to coordinate the various agencies that have individually taken steps toward improving trauma-informed care.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$894,528 for the establishment and operations of the Office of Wellness and Resilience, which includes six full-time equivalent (6.0 FTE) positions and two contracted consultants; and
- (2) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2482, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2482, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Kitagawa, Tam, Har, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 149-22 on S.B. No. 3367**

The purpose of this measure is to create an Early Lung Cancer Screening Task Force to research the steps and resources necessary to increase early lung cancer screening in the State.

Your Committee on Conference finds that lung cancer is the leading cause of cancer deaths for men and women in Hawaii, yet Hawaii ranks last in the nation for the early diagnosis of lung cancer. Your Committee on Conference also finds that the United States Preventive Services Task Force has recommended that smokers and former smokers who are at high risk of developing lung cancer undergo computerized tomography scans. An annual lung cancer screening with low-dose computed tomography is now recommended for adults ages fifty to eighty years who have a twenty pack-year smoking history and currently smoke or have quit within the past fifteen years. Thus, there is a need to research, plan, and implement early lung cancer screening in the State. This measure establishes the Early Lung Cancer Screening Task Force to accomplish these goals.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$250,000 for the Early Lung Cancer Screening Task Force;
- (2) Inserting an effective date of July 1, 2022; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3367, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3367, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Tam, Har, and Ward.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, none.

Senators Keohokalole, Kanuha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 150-22 on S.B. No. 2822**

The purpose of this measure is to authorize the Department of Education to offer optional asthma education instruction to students and provide asthma training to teachers and other department employees who interact with students.

Your Committee on Conference finds that a substantial number of Hawaii residents are living with asthma and many are children. Your Committee on Conference further finds that research suggests that students who engage in school-based asthma education experienced significantly fewer days with activity limitations and significantly fewer nights of sleep disturbance after participation in the intervention. Accordingly, this measure authorizes the Department of Education to offer optional asthma education instruction to students and provide training to teachers and other department employees to ensure students with asthma are able to thrive in all environments.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2822, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2822, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Yamane, Eli, Kapela, and Okimoto.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, 1 (Yamane).

Senators Kidani, Keohokalole, Misalucha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Keohokalole).

**Conf. Com. Rep. 151-22 on S.B. No. 2214**

The purpose of this measure is to require and fund the Board of Education, through the State Librarian, to establish a digital literacy program to promote digital literacy through programmatic activities, including making digital technology accessible to individuals with disabilities.

Your Committee on Conference finds that digital literacy skills are crucial for career success today. However, while digitization offers advantages to digitally literate individuals, it also increases barriers for members of the public who lack digital skills. Accordingly, this measure promotes digital literacy and the improvement of workforce skills by establishing a digital literacy program within the public library system.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$75,000; and
- (2) Removing the establishment of one full-time equivalent (1.0 FTE) position within the Hawaii state public library system.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2214, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2214, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Costales, and Okimoto.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Misalucha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 152-22 on S.B. No. 2857**

The purpose of this measure is to:

- (1) Establish a five-year Child Wellness Incentive Pilot Program within the Department of Human Services to pay \$50 to a state Medicaid benefit recipient, each time the recipient parent's child completes a well-child examination; and
- (2) Appropriate funds to establish, implement, and operate the program.

Your Committee on Conference finds that well-child examinations allow for the comprehensive assessment of a child and opportunity for further evaluation if abnormalities are detected. Your Committee on Conference also finds that when children receive the recommended number of high-quality visits, they are more likely to be up-to-date on immunizations, have developmental concerns recognized early, and are less likely to visit the emergency department. This measure will incentivize Medicaid benefit recipients to complete their children's well-child examinations and thereby promote the health of children in State.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$4,516,000;
- (2) Inserting an effective date of July 1, 2022; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2857, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2857, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Tam, Har, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, Shimabukuro, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 153-22 on S.B. No. 3236**

The purpose of this measure is to appropriate funds to provide a one-time enhanced payment equal to fifteen percent of the Medicaid patient payments of fiscal year 2022-2023 made to any eligible facility in the State that provides care to Medicaid patients in a Medicare-certified nursing facility, community care foster family home, and expanded adult residential care home.

Your Committee on Conference finds that the coronavirus disease 2019 (COVID-19) pandemic has created significant staffing and financial strains for Hawaii's long-term care facilities. The one-time enhanced payment provided by this measure will help these facilities stabilize and attract qualified workers and improve health outcomes for vulnerable facility residents.

Your Committee on Conference has amended this measure by:

- (1) Eliminating the fifteen percent cap for the one-time enhanced payments;
- (2) Clarifying that the one-time enhanced payment will be made to state-licensed skilled nursing facilities, community care foster family homes, and expanded adult residential care homes that are caring for Medicaid patients;
- (3) Amending section 1 to reflect its amended purpose;
- (4) Inserting an appropriation amount of \$18,000,000;
- (5) Inserting an effective date of July 1, 2022; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3236, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3236, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Yamane, Eli, Costales, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Costales).

Senators San Buenaventura, Kanuha, Ihara, and Fevella.

Managers on the part of the Senate.

**Conf. Com. Rep. 154-22 on S.B. No. 2283**

The purpose of this measure is to:

- (1) Require the Hawaii Natural Energy Institute to conduct a study to examine the potential for the production and use of renewable hydrogen in the State and the potential role of renewable hydrogen in achieving a local, affordable, reliable, and decarbonized energy system and economy; and
- (2) Require a report to the Legislature to be submitted prior to the Regular Session of 2024.

Your Committee on Conference finds that renewable hydrogen can contribute to Hawaii's energy needs and energy planning goals. Your Committee on Conference further finds that although hydrogen is known as a clean and reliable fuel source, it is still critical to fully evaluate its potential before integrating hydrogen into Hawaii's energy system.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2283, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2283, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Marten, Todd, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Misalucha, Riviere, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 155-22 on S.B. No. 3229**

The purpose of this measure is to:

- (1) Cap the amount of royalties from geothermal resources that are to be paid to the State and to the county in which the geothermal resources are located;

- (2) Deposit geothermal royalties that are distributed to the University of Hawaii into the University Innovation and Commercialization Initiative Special Fund, to be expended by the Hawaii Institute of Geophysics and Planetology, to further the discovery and development of geothermal resources; and
- (3) Require each county in which mining operations covered under a state geothermal resource mining lease are situated, and the Hawaii Institute of Geophysics and Planetology to submit an annual report to the Legislature on how the royalties distributed to them were used.

Your Committee on Conference finds that although geothermal energy is a firm source of cost-effective renewable energy, none of the royalties from geothermal resources have been used to advance the discovery and development of geothermal resources within the State. Your Committee on Conference finds that funding the assessment and exploration of local geothermal resources may decrease the State's reliance on fossil fuels, contribute to Hawaii's energy diversification, and help the State to achieve one hundred percent renewable energy generation statewide.

Your Committee on Conference has amended this measure by:

- (1) Replacing the Hawaii Institute of Geophysics and Planetology with the Hawaii Groundwater and Geothermal Resources Center as the entity to use the geothermal royalties in the University Innovation and Commercialization Initiative Special Fund and submit an annual report to the Legislature on how the royalties distributed to them were used;
- (2) Capping the geothermal royalties that the State pays to the county in which mining operations covered under a state geothermal resource mining lease are situated at \$600,000;
- (3) Capping the geothermal royalties distributed annually to the State at \$1,000,000; and
- (4) Making it effective on July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3229, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3229, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Takayama, Marten, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Wakai, Moriwaki, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Moriwaki).

#### **Conf. Com. Rep. 156-22 on S.B. No. 2570**

The purpose of this measure is to:

- (1) Establish the Zero-Emission Vehicle Fueling System Rebate Program;
- (2) Establish the rebate amount for the installation or upgrade of a hydrogen fueling system;
- (3) Establish a hydrogen fueling system subaccount within the Public Utilities Commission Special Fund; and
- (4) Reduce the allocation that the Energy Systems Development Special Fund receives from the Environmental Response, Energy, and Food Security Tax from 8 cents to 5 cents and allocate the difference to the hydrogen fueling system subaccount.

Your Committee on Conference finds that incentivizing the installation and upgrade of hydrogen refueling stations is essential to meeting the demand for hydrogen fuel cell vehicles and promoting the use of zero-emission vehicles in the State. Your Committee on Conference further recognizes that an increased use in zero-emission vehicles will not only further the State's energy policy objectives but may also decrease the State's reliance on fossil fuels.

Your Committee on Conference has amended this measure by:

- (1) Making it effective on July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2570, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2570, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Kitagawa, Marten, Kong, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Wakai, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 157-22 on S.B. No. 2865**

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist DIBSHawaii LLC in constructing a net-zero carbon capture storage utilization platform to recover vented carbon dioxide emissions and scrub and liquify the emissions into food grade liquid carbon dioxide.

Your Committee on Conference finds that the food grade liquid carbon dioxide produced by DIBSHawaii LLC's proposed net-zero carbon capture storage utilization platform will be used for agriculture, energy, and carbon storage to support the State's food security and resilience goals. Your Committee on Conference notes that the construction of a net-zero carbon capture storage utilization platform in the State would have additional benefits, including but not limited to import substitution, economic diversification, and long-term carbon sequestration.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation of \$40,000,000; and

(2) Making it effective on July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2865, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2865, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Marten, Tokioka, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Shimabukuro, Riviere, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 158-22 on S.B. No. 3235**

The purpose of this measure is to establish and appropriate funds for an inter-agency Safe Spaces for Youth Pilot Program within the Department of Human Services to provide safe spaces in each county for youth experiencing homelessness.

Your Committee on Conference finds that runaway and homeless youth are vulnerable to multiple risks, including lack of basic food and shelter, untreated mental health disorders, substance use, disruptions in their education, sexually transmitted diseases and human immunodeficiency virus infection, sexual exploitation, physical victimization, and suicide. Your Committee on Conference believes that the Safe Spaces for Youth Pilot Program established under this measure will provide an additional means of addressing the unmet needs of homeless youth through a coordinated inter-agency effort involving the state and county agencies responsible for the State's child welfare, education, health, human services, and juvenile justice systems.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$600,000 for the Safe Spaces for Youth Pilot Program;
- (2) Clarifying that the appropriation includes funding for one full-time equivalent (1.0 FTE) position and administrative costs for the pilot program; and
- (3) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3235, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3235, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Tam, Gates, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, Kanuha, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 159-22 on H.B. No. 2336**

The purpose of this measure is to:

- (1) Clarify certain provisions in chapter 291J, Hawaii Revised Statutes, to better reflect the legislative intent of the Photo Red Light Imaging Detector Systems Program;
- (2) Establish minimum display times for yellow lights on traffic-control signals; and
- (3) Amend Act 30, Session Laws of Hawaii 2020, as amended, to account for the current timetable of the Photo Red Light Imaging Detector Systems Program.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have established minimum display times for yellow lights on traffic-control signals;
- (2) Clarifying the definition of "photo red light imaging detector" or "photo red light imaging detector system";
- (3) Clarifying procedures regarding answering, court hearings, and court actions;
- (4) Changing the effective date to upon approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2336, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2336, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Matayoshi, Ilagan, Nishimoto, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Nishimoto).

Senators Lee, Rhoads, Inouye, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 160-22 on H.B. No. 1971**

The purpose of this measure is to:

- (1) Authorize and regulate peer-to-peer car-sharing programs;
- (2) Impose the general excise tax and rental motor vehicle surcharge tax on peer-to-peer car-sharing programs; and
- (3) Require those persons engaging or continuing in a peer-to-peer car-sharing program to register with the Department of Taxation.

Your Committee on Conference notes that each of the counties may enact ordinances to regulate parking to address parking issues related to peer-to-peer car-sharing programs.

Your Committee on Conference has amended this measure by:

- (1) Clarifying certain definitions and recordkeeping provisions;
- (2) Clarifying the timeframe that a peer-to-peer car-sharing program must perform certain requirements related to motor vehicle safety recalls;
- (3) Changing the effective date to July 1, 2022; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1971, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1971, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Johanson, Ilagan, Nishimoto, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (Johanson, Nishimoto).

Senators Lee, Baker, Rhoads, Wakai, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 161-22 on H.B. No. 1619**

The purpose of this measure is to establish peer-to-peer car-sharing insurance requirements.

Your Committee on Conference has amended this measure by:

- (1) Removing references to admitted carriers;
- (2) Reducing the required primary insurance coverage amount for shared cars used through a peer-to-peer car-sharing program from \$1,000,000 to \$750,000;
- (3) Clarifying optional coverage provisions, including requirements in the event the only named insured under the motor vehicle insurance policy issued is the peer-to-peer car-sharing program;
- (4) Requiring the Insurance Commissioner to submit a progress report to the Legislature prior to the Regular Session of 2025;
- (5) Changing its effective date to January 1, 2023, and inserting a sunset date of June 30, 2025; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1619, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1619, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Johanson, Ilagan, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Lee, Baker, Taniguchi, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 162-22 on H.B. No. 1992**

The purpose of this measure is to:

- (1) Allow composting and co-composting operations in agricultural districts, under certain conditions; and
- (2) Establish and appropriate funds for one full-time equivalent (1.0 FTE) permanent Environmental Health Specialist IV position in the Department of Health Solid and Hazardous Waste Branch.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$55,200 for the Environmental Health Specialist IV position; and
- (2) Changing its effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1992, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1992, H.D. 3, S.D. 1, C.D. 1.

Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 163-22 on H.B. No. 1179**

The purpose of this measure is to establish and appropriate funds for a pilot program within the Aina Mauna Legacy Program of the Department of Hawaiian Home Lands to remove and harvest gorse from Mauna Kea and develop gorse as a marketable product to expand economic opportunities for native Hawaiians.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$500,000 to establish the pilot program;
- (2) Extending the annual reporting requirement to the Legislature to twenty days prior to the convening of the Regular Session of 2026;
- (3) Changing its effective date to July 1, 2022; and
- (4) Changing its repeal date to June 30, 2026.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1179, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1179, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Nakashima, Todd, Perruso, and Matsumoto.  
Managers on the part of the House.

Senators Shimabukuro, Gabbard, Inouye, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 164-22 on H.B. No. 2195**

The purpose of this measure is to establish and appropriate funds for a Cesspool Compliance Pilot Grant Project to assist low- and moderate-income property owners, including lessees on Hawaiian home lands, with the costs of upgrading, converting, or connecting a failing cesspool.

Your Committee on Conference has amended this measure by:

- (1) Updating the preamble;
- (2) Clarifying the grant award criteria, including a household income limit of no greater than one hundred forty percent of the area median income;
- (3) Requiring an owner or lessee to provide the Department of Health with certain documents;
- (4) Limiting the maximum amount of a grant award to \$20,000;
- (5) Making rulemaking by the Department of Health discretionary, rather than mandatory, and authorizing third parties to claim a grant award on behalf of an owner or lessee, subject to Department of Health rules;
- (6) Specifying that the Department of Health shall submit a report on the grant pilot project to the Legislature prior to the Regular Session of 2024;
- (7) Inserting an appropriation amount of \$5,000,000 for the implementation of the Cesspool Compliance Pilot Grant Project;
- (8) Removing language that would have allowed appropriated funds to be used for one temporary, part-time position in the Department of Health;
- (9) Specifying that any appropriated funds unencumbered as of June 30, 2024, shall lapse as of that date;
- (10) Changing the effective date to July 1, 2022, and inserting a sunset date of June 30, 2028; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2195, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2195, H.D. 2, S.D. 1, C.D. 1.

Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Fevella).

**Conf. Com. Rep. 165-22 on H.B. No. 1644**

The purpose of this measure is to ban the manufacture, sale, or distribution for sale or use of wraps and liners, plates, food boats, pizza boxes, and class B firefighting foams that contain intentionally introduced perfluoroalkyl and polyfluoroalkyl substances, in certain circumstances.

Your Committee on Conference has amended this measure by:

- (1) Providing an exception to the ban to allow the use of class B firefighting foam for the suppression of petroleum fires; and
- (2) Changing its effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1644, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1644, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Kitagawa, Marten, B. Kobayashi, Todd, and Matsumoto.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Gabbard, Baker, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 166-22 on H.B. No. 1640**

The purpose of this measure is to:

- (1) Establish electronic device reporting requirements for manufacturers and collectors; and
- (2) Establish the Electronic Device Recycling Working Group.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the H.D. 2 version, which:
  - (A) Establishes electronic device manufacturer recycling goals and record keeping and reporting requirements for manufacturers and collectors;
  - (B) Requires collectors to register with the Department of Health;
  - (C) Changes the Electronic Waste and Television Recycling and Recovery Act to the Electronic Device Recycling and Recovery Act and expands the recycling and collection requirements of televisions to all electronic devices; and
  - (D) Requires the electronic device recycling and recovery program to include, among other things, a description of the methods for the convenient collection of electronic devices; and
- (2) Further amending this measure by:
  - (A) Deleting duplicative language that would have required manufacturers to report certain data;
  - (B) Deleting language that would have required the Department of Health to use certain market share data to determine each manufacturer's recycling responsibilities;
  - (C) Changing its effective date to July 1, 2022; and
  - (D) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1640, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1640, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Johanson, Marten, Tokioka, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Johanson).

Senators Gabbard, Moriwaki, Wakai, Rhoads, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, 1 (Wakai). Excused, 1 (Fevella).

**Conf. Com. Rep. 167-22 on S.B. No. 3201**

The purpose of this measure is to clarify the application of the general excise tax law with regard to gross income derived from unrelated trade or business activities of nonprofit organizations.

Your Committee on Conference finds that, while the federal law is clear with an extensive body of statutory interpretation, nonconforming language used in the state general excise tax provision produces incongruities in how nonprofit activities are taxed. This measure will simplify and improve a nonprofit organization's accounting of income and exempt fundraising income from the general excise tax.

Your Committee on Conference has amended this measure by:

- (1) Inserting an effective date of January 1, 2023; and
- (2) Inserting a sunset date of December 31, 2027.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3201, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3201, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Kitagawa, Holt, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Ihara, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 168-22 on S.B. No. 2144**

The purpose of this measure is to require the Office of Enterprise Technology Services, in consultation with the Disability and Communication Access Board and a working group comprised of stakeholders, to develop and publish, and periodically review and update, electronic information technology accessibility standards to be implemented by all state entities.

Your Committee on Conference finds that electronic information technology has rapidly replaced conventional printed communications in various areas, including employment, education, and public services. This measure will help the State meet its digital equity goals by ensuring that all electronic information, programs, and services offered by the State are accessible to individuals with a disability at consistent levels across all state entities.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2144, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2144, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Takayama, Tam, Har, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Har).

Senators San Buenaventura, Moriwaki, Shimabukuro, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 169-22 on S.B. No. 2076**

The purpose of this measure is to:

- (1) Require the University of Hawaii and the Hawaii Broadband and Digital Equity Office to convene a working group to determine the appropriate governance structure to operate, maintain, and oversee broadband assets; and
- (2) Appropriate an unspecified amount of funds to the University of Hawaii for the administration of the working group.

Your Committee on Conference finds that the effective and efficient construction and maintenance of broadband infrastructure necessary to sustain interconnectivity within the State is vital to the well-being of Hawaii's residents and communities. Your Committee on Conference further finds that the broadened scope of duties of the Hawaii Broadband and Digital Equity Office necessitates an increase of resources for the Office to perform its duties.

Your Committee on Conference has amended this measure by:

- (1) Adding the Director of Health and the Superintendent of Education to the members of the working group;
- (2) Removing language that appropriates an unspecified amount of funds to the University of Hawaii for the administration of the working group;
- (3) Appropriating:
  - (A) \$360,000 for three full-time equivalent (3.0 FTE) administrative positions for the operation and administration of the Hawaii Broadband and Digital Equity Office; and
  - (B) \$200,000,000 in federal funds to the University of Hawaii for the planning and implementation of a statewide broadband initiative;
- (4) Making it effective on July 1, 2022; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2076, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2076, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Johanson, Todd, Clark, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Johanson).

Senators Wakai, Baker, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 170-22 on H.B. No. 2255**

The purpose of this measure is to require agencies to:

- (1) Use public benefits fee administrator rebates where available for buildings and facilities; and
- (2) Prioritize building and facility appliances that meet the standards required to qualify for public benefits fee administrator rebates.

Your Committee on Conference has amended this measure by changing its effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2255, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2255, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Marten, D. Kobayashi, Tokioka, and Matsumoto.

Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, none.

Senators Wakai, Moriwaki, Misalucha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Moriwaki).

**Conf. Com. Rep. 171-22 on H.B. No. 1801**

The purpose of this measure is to:

- (1) Require state facilities, with the exception of smaller facilities, to implement cost-effective energy efficiency measures;
- (2) Direct the Hawaii State Energy Office to collect all state-owned facilities' utility bill and energy usage data and make this data publicly available;
- (3) Provide that certain agencies that perform energy efficiency retrofitting may continue to receive a certain amount of budget appropriations for energy expenditures; and
- (4) Beginning July 1, 2023, require, where feasible and cost-effective, the design of all new state building construction to maximize energy and water efficiency and energy generation potential, and the use building materials that reduce the carbon footprint of the project.

Your Committee on Conference has amended this measure by:

- (1) Updating the preamble and purpose section;
- (2) Deleting language that would have provided that certain agencies that perform energy efficiency retrofitting may continue to receive a certain amount of budget appropriations for energy expenditures;
- (3) Changing its effective date to July 1, 2022; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1801, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1801, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Marten, Todd, and Matsumoto.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Moriwaki, Misalucha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3; Ayes with Reservations (Fevella). Noes, none. Excused, 1 (Moriwaki).

**Conf. Com. Rep. 172-22 on H.B. No. 1761**

The purpose of this measure is to authorize the issuance of limited purpose identification cards for individuals who otherwise satisfy the requirements for a government-issued identification card except for the individual's inability or refusal to provide satisfactory proof of authorized presence in the United States under federal law.

Your Committee on Conference has amended this measure by:

- (1) Requiring every application for limited purpose identification cards to be made upon the form, and in the manner, required for non-limited purpose identification cards; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1761, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1761, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Holt, Matayoshi, and Ward.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, none.

Senators Lee, Rhoads, DeCoite, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 173-22 on H.B. No. 1539**

The purpose of this measure is to:

- (1) Prohibit a person or an organization from posting the personal information of federal and state judges and other judicial staff on the Internet with the intent to intimidate or threaten injury, harm, or violence to the judge or staff or their immediate family members; and
- (2) Create a task force to identify further appropriate measures to enhance the security of judges and judiciary personnel while not diminishing civil liberties or unduly hindering governmental operations.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have prohibited a person or an organization from posting the personal information of federal and state judges and other judicial staff on the Internet with the intent to intimidate or threaten injury, harm, or violence to the judge or staff or their immediate family members;
- (2) Changing the effective date to upon approval; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1539, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1539, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Holt, Takumi, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Keith-Agaran, Lee, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 174-22 on H.B. No. 1536**

The purpose of this measure is to appropriate supplemental funds for the Judiciary for the fiscal biennium beginning July 1, 2021, and ending on June 30, 2023.

Your Committee on Conference has amended this measure by inserting appropriate operating and capital amounts for fiscal biennium 2021-2023, as well as making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As amended this budget appropriates:

	FY 2021-2022	FY 2022-2023
General Funds	\$164,891,486	\$169,702,798
All Means of Financing	\$177,900,433	\$182,203,682

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1536, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1536, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Luke, Yamashita, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Rhoads, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 175-22 on H.B. No. 1800**

The purpose of this measure is to require and appropriate funds for the Hawaii Natural Energy Institute to conduct a study to determine Hawaii's pathway to decarbonization and identify challenges, opportunities, and actions that will be needed to achieve those goals.

Your Committee on Conference has amended this measure by:

(1) Reverting to the H.D. 2 version, which:

- (A) Establishes a goal for the statewide greenhouse gas emissions limit to be at least fifty percent below 2005 levels by 2030;
- (B) Requires the Hawaii State Energy Office to conduct a study to determine Hawaii's pathway to decarbonization and identify challenges, opportunities, and actions that will be needed to achieve those goals; and
- (C) Appropriates funds out of the Energy Security Special Fund for the study; and

(2) Further amending this measure by:

- (A) Inserting an appropriation amount of \$350,000 out of the Energy Security Special Fund for the Hawaii State Energy Office to analyze pathways and develop recommendations for achieving the State's economy-wide decarbonization goals; and
- (B) Changing its effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1800, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1800, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Kitagawa, Marten, Todd, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Gabbard, Wakai, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 176-22 on S.B. No. 2923**

The purpose of this measure is to increase the generally applicable fine and the fine for homeowner liability under the Fireworks Control Act from \$2,000 to \$5,000.

Your Committee on Conference finds that the illegal use of aerial fireworks continues to annoy residents, traumatize pets, and create dangerous conditions for the entire community. This measure will reduce the use of aerial fireworks, including during celebrations, by increasing the maximum fine that may be

assessed per fireworks-related violation from \$2,000 to \$5,000; provided that the fireworks violation does not otherwise have a specific penalty enumerated in statute.

Your Committee on Conference has amended this measure by:

- (1) Inserting an effective date of July 1, 2022; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2923, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2923, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Todd, Kitagawa, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Kidani, Keohokalole, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 177-22 on S.B. No. 3075**

The purpose of this measure is to:

- (1) Ensure that the Compliance Resolution Fund receives \$2,000,000 of the revenues collected under the franchise tax for use by the Division of Financial Institutions of the Department of Commerce and Consumer Affairs;
- (2) Specify that if the revenues collected are under \$2,000,000, the difference is to be received from revenues collected under income tax, in an amount not to exceed \$2,000,000; and
- (3) Require excess revenues collected under the franchise tax to be deposited into the general fund.

Your Committee on Conference finds that existing law requires that \$2,000,000 of franchise tax revenue collections be deposited with the Director of Finance to the credit of the Compliance Resolution Fund every fiscal year to be used by the Division of Financial Institutions to support its mission to effectively license, supervise, and regulate the constantly changing and complex financial institutions within its jurisdiction. However, there have been situations where the deposit of the franchise tax revenues was delayed from one fiscal year to the succeeding fiscal year, which risks interference with the Division of Financial Institution's mission and functions and can delay payments or the ability to enter into necessary contracts. This measure will resolve payment timing issues and specify the source of revenues to reach the necessary \$2,000,000 to fund the Division of Financial Institutions.

Your Committee on Conference has amended this measure by:

- (1) Specifying that, from the franchise tax revenues collected each fiscal year, the sum representing the first \$2,000,000 of such revenues shall be deposited with the Director of Finance to the credit of the Compliance Resolution Fund before tax credits are realized;
- (2) Deleting language that would have required that, in the event the revenues collected are less than \$2,000,000, the difference is to be received from revenues collected under income tax, in an amount not to exceed \$2,000,000; and
- (3) Making it effective upon its approval, provided that it apply to taxable years beginning after December 31, 2021.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3075, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3075, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Todd, Kitagawa, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Baker, Shimabukuro, Chang, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 178-22 on S.B. No. 2185**

The purpose of this measure is to:

- (1) Require the auditor of fireworks and articles pyrotechnic records for each county fire department to submit to the Legislature an annual report detailing inventory, recordkeeping, and sales of fireworks to license or permit holders; and
- (2) Make grants-in-aid to the counties to cover costs associated with reporting the information to the Legislature.

Your Committee on Conference finds that the use of illegal fireworks in recent years has substantially increased in the State, resulting in excessive noise, property damage, serious injuries, and in some cases, fatalities. Existing law requires that each county fund an auditor to monitor strict inventory and recordkeeping requirements to ensure that sales of fireworks or articles pyrotechnic are made only to license or permit holders under the Fireworks Control Law. This measure requires additional reporting requirements to increase surveillance of fireworks and articles pyrotechnic, with the ultimate goal of reducing the use of illegal fireworks throughout communities in the State.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have appropriated funds as a grant-in-aid to the counties for the purpose of reporting the information required in this measure;
- (2) Inserting an effective date of January 1, 2023; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2185, S.D. 3, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2185, S.D. 3, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Todd, Kitagawa, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Baker, Moriwaki, Kidani, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

#### **Conf. Com. Rep. 179-22 on S.B. No. 2644**

The purpose of this measure is to:

- (1) Extend until June 30, 2028, Act 65, Session Laws of Hawaii 2013, as amended by Act 60, Session Laws of Hawaii 2018, which provides a limited exemption to the licensing requirements for certain individuals in situations when an electric utility must retain qualified individuals to work with high voltage (six hundred volts or higher) who are not licensed in the State but are otherwise deemed qualified by the electric utility; provided that the public utility certifies to the Board of Electricians and Plumbers that, after a hiring call, no electrician sufficiently qualified and licensed in the State to perform high voltage electrical work applied to timely perform or complete the necessary job or task before the public utility recruited outside the State; and
- (2) Make permanent the requirement for the Board of Electricians and Plumbers to submit to the Legislature annual reports relating to high voltage electrical work.

Your Committee on Conference finds that the electrical infrastructure in the State is aging and the construction and maintenance of electrical infrastructure requires specialized high voltage workers. There is a limited number of qualified individuals in the State who are trained and licensed as electricians to perform high voltage electrical work, and even fewer who are qualified to perform overhead line work. As a result, qualified workers are recruited from outside the State when work is available, and requiring them to obtain a separate license to work in Hawaii can be burdensome and could result in significant delays to the progression of important and complex construction projects, including repairs and maintenance in emergency situations. This measure extends the exemption established by Act 65, Session Laws of Hawaii 2013, as amended by Act 60, Session Laws of Hawaii 2018, to allow electrical contractors licensed in Hawaii to utilize qualified out-of-state high voltage electrical workers to perform work for a utility without requiring these qualified electrical workers to obtain a Hawaii journey worker electrician license.

Your Committee on Conference notes that the public utility serving the majority of the State remains committed to working with the Hawaii-licensed contractors and electricians, unions, and industry stakeholders to address whether there is a shortage of electricians who perform high voltage electrical work. The public utility will further work to find ways to grow their in-house workforce.

Your Committee on Conference has amended this measure by:

- (1) Specifying that, before a duly licensed contractor hired by the public utility may recruit qualified electricians who are not licensed in Hawaii, the public utility shall:
  - (A) Solicit a request for proposals to licensed contractors specifying the high voltage work requested, which shall also be made available through its website in an electronic format to C-62 pole and line and C-63 high voltage electrical contractors; and
  - (B) Certify to the Board of Electricians and Plumbers that no electricians (including electricians employed by C-62 pole and line or C-63 high voltage electrical contractors) responded to the request for proposal who were sufficiently qualified and licensed in the State and available and able to perform or timely complete the high voltage electrical work or task;
- (2) Requiring the public utility to submit an annual report to the Board of Electricians and Plumbers covering the preceding calendar year that identifies, at a minimum:
  - (A) The number of qualified contractors the public utility employed to perform high voltage electrical work; and
  - (B) The number of requests for proposals solicited for high voltage work;
- (3) Clarifying the licensure exemption is limited to the use by a public utility for high voltage electrical workers who perform electric transmission and distribution line construction, maintenance, and connection to substation work;
- (4) Deleting language that would have permanently required the Board of the Electricians and Plumbers to submit annual reports to the Legislature containing certain information;
- (5) Extending the repeal date of Act 65, Session Laws of Hawaii 2013, as amended by Act 60, Session Laws of Hawaii 2018, to 2027 and further amending Act 60 to require the Board of Electricians and Plumbers to submit annual reports to the Legislature prior to the convening of the regular sessions of 2023 through 2027;
- (6) Amending section 1 to reflect its amended purpose;
- (7) Inserting an effective date of July 1, 2022; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2644, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2644, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Johanson, Sayama, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Baker, Taniguchi, Riviere, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 180-22 on S.B. No. 2186**

The purpose of this measure is to:

- (1) Direct the conveyance of certain lands used for public schools and owned by the counties of Kauai and Maui, the State, and the Department of Land and Natural Resources to the Department of Education;
- (2) Require legislative approval prior to the sale, gift, or alienation of the fee simple title to lands owned by the Department of Education; and
- (3) Appropriate funds to the Department of Education to effectuate the transfer of the lands and to manage the real property.

Your Committee on Conference finds that the Department of Education has invested significant funds on maintenance and capital improvement projects for new school facilities. Your Committee on Conference further finds that non-unified ownership of the land under existing Department of Education schools and offices complicates redevelopment and improvements. Accordingly, this measure provides the Department with the requisite flexibility to redevelop and improve its assets in a timely and efficient manner by consolidating all land underlying existing public schools under the ownership of the Department of Education.

Your Committee on Conference notes that the intent of this measure is to transfer ownership of lands underlying Department of Education schools to the Department, and, where applicable and in the discretion of the Department, this intent may be accomplished through the conveyance of a portion or portions of the parcels identified by this measure, following subdivision of the same.

Your Committee on Conference has amended this measure by:

- (1) Adding an alternate conveyance method of transfer by operation of law and clarifying the Department of Education's discretion in electing to obtain ownership of all or a portion of the identified parcels;
- (2) Clarifying the list of parcels to be transferred;
- (3) Inserting an appropriation amount of \$500,000; and
- (4) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2186, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2186, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Tarnas, Eli, Clark, and Okimoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Inouye, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 181-22 on S.B. No. 2478**

The purpose of this measure is to establish a renewable fuels production tax credit.

Your Committee on Conference finds that the renewable fuels production tax credit established by Act 202, Session Laws of Hawaii 2016, was repealed on December 31, 2021. Your Committee on Conference further finds that reinstating a renewable fuels production tax credit will help the State achieve greater energy security.

Your Committee on Conference has amended this measure by reverting its contents to the S.D. 2 version and further amending it by:

- (1) Setting the annual dollar amount of the renewable fuels production tax credit during the ten-year credit period equal to 20 cents per seventy-six thousand British thermal units of renewable fuels using the lower heating value sold for distribution in Hawaii;
- (2) Capping the tax credit claimed by a taxpayer under this section at \$3,500,000 per taxable year;
- (3) Capping the total amount of renewable fuels production tax credits claimed by all eligible taxpayers at \$20,000,000 in any calendar year;
- (4) Requiring the tax credit only be claimed for fuels with lifecycle emissions below that of fossil fuels;
- (5) Requiring taxpayers claiming the tax credit to provide a statement of information including the lifecycle greenhouse gas emissions per British thermal units for each type of qualified fuel produced no later than thirty days following the close of the calendar year;
- (6) Requiring the Hawaii State Energy Office to provide taxpayers with a determination of whether the lifecycle greenhouse gas emissions for each type of qualified fuel produced is lower than that of fossil fuels within thirty calendar days after the due date of the taxpayer's statement;
- (7) Streamlining the purpose section;
- (8) Making it effective upon its approval; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2478, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2478, S.D. 2, H.D. 2, C.D. 1.

Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 182-22 on H.B. No. 1885**

The purpose of this measure is to establish within the Office of Enterprise Technology Services a Chief Data Officer and a Data Task Force to develop, implement, and manage statewide data policies, procedures, and standards.

Your Committee on Conference has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1885, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1885, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Kitagawa, Yamashita, Clark, and Okimoto.

Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, none.

Senators Moriwaki, Misalucha, and Fevella.

Managers on the part of the Senate.  
Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 183-22 on H.B. No. 1517**

The purpose of this measure is to:

- (1) Direct the Department of Agriculture to conduct a study to assess the economic impact on the local coffee industry from potential changes to coffee labeling requirements, complete the study no later than January 1, 2024, and submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024;
- (2) Require disclosure on the label of coffee blends of the respective geographic and regional origins and percent by weight of the blended coffees;
- (3) Make it a violation to use a geographic origin in labeling or advertising for roasted or instant coffee blends that contain less than fifty-one percent of coffee by weight from that geographic origin;
- (4) Prohibit use of the term "All Hawaiian" in labeling or advertising for roasted or instant coffee not produced entirely from green coffee beans grown in Hawaii; and
- (5) Appropriate funds for the Pesticide Subsidy Program.

Your Committee on Conference has amended this measure by:

- (1) Updating the preamble to reflect its intended purpose;
- (2) Specifying that the economic impact study shall be an independent study to assess the economic impact of Hawaii's coffee labeling laws on local coffee farmers and the local coffee industry, including the impacts of a change to a minimum coffee blend ratio of fifty-one percent and one hundred percent;
- (3) Deleting provisions that would have required disclosure on the label of coffee blends of the respective geographic and regional origins and percent by weight of the blended coffees;
- (4) Deleting provisions that would have made it a violation to use a geographic origin in labeling or advertising for roasted or instant coffee blends that contain less than fifty-one percent of coffee by weight from that particular geographic region;
- (5) Deleting provisions that would have prohibited use of the term "All Hawaiian" in labeling or advertising for roasted or instant coffee not produced entirely from green coffee beans grown in Hawaii;
- (6) Deleting the appropriation for the Pesticide Subsidy Program;
- (7) Inserting an appropriation of \$100,000 for the independent economic impact study;
- (8) Changing its effective date to July 1, 2022; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1517, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1517, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Lowen, Johanson, Perruso, and Matsumoto.

Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, none.

Senators Gabbard, Wakai, Baker, Misalucha, and Fevella.

Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 184-22 on H.B. No. 1775**

The purpose of this measure is to:

- (1) Require annual reporting to the Legislature by each state educational program or activity on the number and types of discrimination cases received by the University of Hawaii, Department of Education, and State Public Charter School Commission and other relevant information;
- (2) Establish two full-time equivalent (2.0 FTE) senior advisor positions and one full-time equivalent (1.0 FTE) junior advisor position for the University of Hawaii System to carry out the purposes of this measure; and

(3) Appropriate funds to the Department of Education and State Public Charter School Commission to carry out the purposes of this measure.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the University of Hawaii, Department of Education, and State Public Charter School Commission, rather than each state educational program or activity, are required to submit annual reports to the Legislature;
- (2) Requiring public charter schools to submit the number and types of discrimination cases and other relevant information to the State Public Charter School Commission, in a form prescribed by the Commission, by August 1 of each year;
- (3) Requiring covered educational programs and activities to be in compliance with chapter 368D, Hawaii Revised Statutes, during the school year when state funds are received or expended;
- (4) Deleting the definition of "state educational program or activity";
- (5) Deleting language that would have established two full-time equivalent (2.0 FTE) senior advisor positions and one full-time equivalent (1.0 FTE) junior advisor position for the University of Hawaii System to carry out the purposes of this measure;
- (6) Deleting the appropriations to the Department of Education and State Public Charter School Commission to carry out the purposes of this measure;
- (7) Inserting an appropriation of \$350,000 to the Department of Education for equity training;
- (8) Changing the effective date to July 1, 2022; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1775, H.D. 2, S.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1775, H.D. 2, S.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Ichiyama, Eli, Kapela, and Okimoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Kim, Kanuha, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Rhoads).

**Conf. Com. Rep. 185-22 on H.B. No. 1561**

The purpose of this measure is to:

- (1) Establish an Adult Workforce Readiness Program (Program) to provide opportunities for students to earn associate degrees, workforce development diplomas, pre-apprenticeship certificates, and other industry-recognized certificates; and
- (2) Require the Department of Education to designate schools to participate in the Program.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1561, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1561, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Kapela, B. Kobayashi, and Okimoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 186-22 on H.B. No. 2000**

The purpose of this measure is to appropriate funds to the School Facilities Authority for the construction of preschool facilities.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation of \$200,000,000 to the School Facilities Authority;
- (2) Clarifying that the appropriation is to expand access to pre-kindergarten to eligible children of the State;
- (3) Clarifying the purposes for which the School Facilities Authority may expend the funds;
- (4) Providing that the appropriation shall not lapse at the end of the fiscal biennium for which the appropriation is made and that all monies from the appropriation unencumbered as of June 30, 2024, shall lapse as of that date; and
- (5) Changing the effective date to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2000, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2000, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Eli, Kapela, and Okimoto.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Keith-Agaran, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 187-22 on S.B. No. 2370**

The purpose of this measure is to:

- (1) Establish the Office on Homelessness and Housing Solutions to be administratively attached to the Department of Human Services, and headed by the Governor's Coordinator on Homelessness; and
- (2) Appropriate funds for the administration of the Office on Homelessness and Housing Solutions, including funding for full-time equivalent positions.

Your Committee on Conference finds that homelessness is a long-term problem that requires a long-term commitment to resolve. Your Committee on Conference finds, however, that the positions of the Governor's Coordinator on Homelessness and his staff are currently funded as part of a special project under the Department of Human Services that lapse every two years unless renewed. This measure commits the State to resolving its growing homelessness problem by establishing a permanent Office on Homelessness and Housing Solutions to be headed by the Governor's Coordinator on Homelessness; and by converting the temporary status of the Coordinator and his staff's positions into permanent ones before they lapse.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Deleting the provision requiring each state agency that administers public lands to provide the Governor's Coordinator on Homelessness with an inventory identifying any available vacant public lands under the jurisdiction of that agency;
- (2) Deleting from the content of the Governor's Coordinator on Homelessness's annual report, the inventory of available vacant public lands provided by each state agency that administers public lands;
- (3) Inserting an appropriation amount of \$50,000;
- (4) Establishing five full-time equivalent (5.0 FTE) positions to carry out the objectives of the Office on Homelessness and Housing Solutions;
- (5) Amending section 1 to reflect its amended purpose;
- (6) Making it effective upon approval; provided that section 5 shall take effect on July 1, 2022; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2370, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2370, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Yamane, Ilagan, Hashimoto, and McDermott.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators San Buenaventura, Moriwaki, Kanuha, Ihara, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 188-22 on S.B. No. 1137**

The purpose of this measure is to increase the amount of unencumbered and unexpended moneys that the Spouse and Child Abuse Special Fund can retain.

Your Committee on Conference finds that the Spouse and Child Abuse Special Fund is a fund administered and expended by the Department of Human Services to support or provide spouse or child abuse intervention and prevention. Your Committee on Conference also finds that the Family First Prevention Services Act of 2018, P.L. 15-123, added a mechanism for states to claim reimbursement through Title IV-E of the Social Security Act for a percentage of state funds spent on certain child abuse and neglect prevention services, and the Department of Human Services anticipates that it will soon be able to begin drawing down certain federal reimbursement moneys. Your Committee on Conference finds however, that existing law requires all unencumbered and unexpended moneys in the Spouse and Child Abuse Special Fund in excess of \$3,000,000 to lapse to the general fund. This measure will increase this cap amount to ensure that the federal reimbursements received will remain in the Spouse and Child Special Fund until they may be used to administer programs and services that prevent, reduce, and respond to the impacts or incidents of spouse abuse and child abuse and neglect.

Your Committee on Conference has amended this measure by:

- (1) Inserting an amount of \$5,000,000 as the amount of unencumbered and unexpended moneys the Spouse and Child Abuse Special Fund can retain;
- (2) Making it effective upon its approval and inserting a sunset date of June 30, 2027; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1137, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1137, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Tam, Kapela, and Ward.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, Inouye, Misalucha, and Fevella.  
Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 189-22 on S.B. No. 2378**

The purpose of this measure is to make various amendments related to the Taxation Board of Review, including:

- (1) Reducing the membership from ten volunteer members to three full-time, salaried members, with at least two members required for quorum;
- (2) Authorizing members to validate the Board's actions with a concurrence of the majority;
- (3) Establishing a compensation schedule for board members with compensation based on a percentage of the Director of Taxation's salary;
- (4) Clarifying that Board meetings are contested case hearings and specifying notice requirements;
- (5) Clarifying the legal and evidentiary framework the Board must use in reaching its decisions; and
- (6) Appropriating funds for Board members and staff.

Your Committee on Conference finds that existing law does not require the Chairperson of the Taxation Board of Review to have litigation or public accounting experience. Your Committee on Conference further finds that these skills are necessary to ensure competent and fair tax appeals prosecution and resolution. Your Committee on Conference additionally finds that the Department of Taxation has a significant backlog of appeals. Accordingly, this measure promotes the fair and expeditious resolution of tax issues and appeals by requiring the Chairperson to be either a state-licensed attorney or Certified Public Accountant and compensating members of the Taxation Board of Review appropriately.

Your Committee on Conference has amended this measure by:

- (1) Setting the salaries of the Chairperson and members of the Board;
- (2) Inserting an appropriation amount of \$518,542;
- (3) Making it effective upon its approval; provided that section 1 shall take effect on July 1, 2023, and section 5 shall take effect on July 1, 2022; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2378, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2378, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Nakashima, Holt, D. Kobayashi, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Nakashima).

Senators Moriwaki, Kanuha, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 190-22 on S.B. No. 2379**

The purpose of this measure is to authorize the Special Enforcement Section of the Department of Taxation to:

- (1) Examine any sector of the State's economy;
- (2) Initiate civil investigations to ensure proper payment of all taxes due;
- (3) Use enforcement and education to deter and prevent non-compliance with state taxation laws; and
- (4) Refer and recommend cases or examinations of segments of the economy to Department of Taxation auditors.

Your Committee on Conference finds that the duties of the Special Enforcement Section need to be updated to reflect current policies and practices of the Department of Taxation. Accordingly, this measure promotes the Department of Taxation's efforts to ensure compliance with tax law by expanding the Special Enforcement Section's purview to authorize examination of all sectors of the economy and by codifying additional responsibilities of the division.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2379, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2379, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Holt, D. Kobayashi, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Moriwaki, Kanuha, Rhoads, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 191-22 on S.B. No. 2384**

The purpose of this measure is to:

- (1) Amend the procurement preference for Hawaii products to only apply to agricultural goods, value-added products, and commodities; and
- (2) Require the Department of Accounting and General Services to provide written notice to offerors listed on the Hawaii products list regarding any amendments to the list, including effective dates and dates of repeal.

Your Committee on Conference finds that the preference for Hawaii products was established to encourage the use of Hawaii products by bidders to support local industries. Your Committee on Conference further finds that this incentive no longer retains its utility and instead, increases costs and delays in the

procurement process. Your Committee on Conference further finds, however, that the preference should remain in effect for agricultural goods, value-added products, and commodities. Accordingly, this measure streamlines the procurement process and furthers the State's food production and sustainability goals by narrowing the scope of the Hawaii products preference.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2384, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2384, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Kitagawa, Wildberger, Costales, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Ward).

Senators Moriwaki, Kim, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 192-22 on S.B. No. 2387**

The purpose of this measure is to require agencies to publicly post the justification for cancelling an invitation for bids or request for proposals, for a minimum of ten business days, on a purchasing agency's website, government electronic notification system, or by any other means the procurement officer deems effective for publicizing the cancellation notice.

Your Committee on Conference finds that offerors devote considerable time and resources to prepare bids and proposals for public contracts. Your Committee on Conference therefore finds that potential vendors have the right to know the reason or reasons that a purchasing agency has cancelled a contract solicitation. Accordingly, this measure ensures offerors are duly notified of the reason or reasons for cancellation by requiring agencies to publicly post the same.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2387, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2387, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Kitagawa, Wildberger, Costales, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Ward).

Senators Moriwaki, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 193-22 on S.B. No. 3040**

The purpose of this measure is to:

- (1) Create a State Procurement Automation System Special Fund;
- (2) Authorize the Administrator of the State Procurement Office to develop and administer procurement automation systems and charge and collect a transaction fee from all vendors using the procurement automation systems;
- (3) Delete language regarding qualified community rehabilitation programs made redundant by Act 55, Session Laws of Hawaii 2021; and
- (4) Establish five full-time equivalent positions in the State Procurement Office.

Your Committee on Conference finds that the State Procurement Office seeks to transition to an online procurement automation system to align with industry standards. Your Committee on Conference further finds that establishing procurement automation systems in Hawaii will maximize the administrative efficiency and resources of the State Procurement Office. Your Committee on Conference also finds that funding for additional positions will aid in the management of procurement automation systems. Accordingly, this measure will improve procurement in Hawaii by authorizing the establishment of procurement automation systems.

Your Committee on Conference has amended this measure by:

- (1) Removing the establishment of the State Procurement Automation System Special Fund;
- (2) Inserting language to allow the State Procurement Office to plan and develop methods to assess, charge, and collect a transaction fee;
- (3) Deleting language authorizing the assessment of transaction fees;
- (4) Inserting an appropriation amount of \$150,000;
- (5) Reducing the number of positions established from four to two and clarifying the responsibilities of those positions;
- (6) Amending section 1 to reflect its amended purpose;
- (7) Inserting an effective date of July 1, 2022; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3040, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3040, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Johanson, Wildberger, Costales, and Ward.  
Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, none.

Senators Moriwaki, Misalucha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 194-22 on S.B. No. 3282**

The purpose of this measure is to:

- (1) Authorize the Comptroller to mandate the transfer of post-statehood governmental records to the State Records Center and the time period at which the records should be transferred; and
- (2) Appropriate funds to the Office of Enterprise Technology Services for operating costs and equipment to administer the State Records Center and for positions within the State Archives to assist agencies in the identification and transfer of certain government records to the State Archives.

Your Committee on Conference finds that certain records are required by law to be maintained by state departments and agencies. Your Committee on Conference finds, however, that there is a lack of understanding amongst state employees regarding records retention requirements. Accordingly, this measure promotes sound and legally compliant records retention practices by providing clear and uniform instructions regarding when non-permanent records should be sent to the State Records Center for storage and eventual destruction, and when permanent records should be transferred to the State Archives for long-term preservation and public access.

Your Committee on Conference has amended this measure by:

- (1) Inserting in section 3 an appropriation amount of \$303,000 and clarifying the department to receive the funds and the allowable uses of the appropriated funds, which includes \$118,000 for the establishment of two full-time (2.0 FTE) positions to assist in the digitization of government records;
- (2) Amending section 1 to reflect its amended purpose; and
- (3) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3282, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3282, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Nakashima, Wildberger, Costales, and Ward.  
Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, none.  
Senators Moriwaki, Kidani, Kanuha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 195-22 on S.B. No. 3284**

The purpose of this measure is to establish a Technology Services Consolidation Working Group to:

- (1) Develop a plan for the phased consolidation of all state Executive Branch information technology services and staff within five years, except those of the Department of Education, Hawaii Health Systems Corporation, University of Hawaii, and Office of Hawaiian Affairs, under the Office of Enterprise Technology Services; and
- (2) Recommend ways to attract high-quality information technology professionals to Hawaii.

Your Committee on Conference finds that all state departments use information technology services to fulfill their duties and responsibilities. Your Committee on Conference further finds that the consolidation of information technology services can promote economies of scale and provide for a more efficient and secure use of technology and information management. Accordingly, this measure promotes efficient and effective government operations by establishing a Technology Services Consolidation Working Group to develop a sound consolidation plan and recommend ways to attract high quality professionals in this field.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the required content of the phased consolidation plan;
- (2) Requiring a preliminary status report to the Legislature;
- (3) Amending the date for the submission of the working group's final report;
- (4) Amending the dissolution date of the working group;
- (5) Making it effective upon its approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3284, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3284, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Johanson, Todd, Kapela, and Okimoto.  
Managers on the part of the House.  
Ayes, 5. Noes, none. Excused, none.  
Senators Moriwaki, Kidani, Kanuha, and Fevella.  
Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 196-22 on S.B. No. 3324**

The purpose of this measure is to:

- (1) Establish a working group to examine and address the problem of infrastructure repair and maintenance in planned housing subdivisions that do not have compulsory homeowner associations in counties with populations greater than one hundred seventy thousand but less than three hundred thousand; and
- (2) Appropriate funds for the working group, subject to the availability of matching county funds.

Your Committee on Conference finds that there is a lack of guidance for planned housing subdivisions without compulsory homeowners or community associations regarding obligations for subdivision infrastructure repair and maintenance. Your Committee on Conference further finds that homeowners in these subdivisions need a way to organize and collect fees required for repairs and maintenance. Accordingly, this measure establishes a working group to investigate and recommend solutions for this problem.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the member composition and selection procedure for the working group;
- (2) Clarifying the duties of the working group;
- (3) Authorizing the working group to convene remotely;
- (4) Inserting an appropriation amount of \$100,000;
- (5) Removing the matching funds limitation from the appropriation;
- (6) Making section 3 effective on July 1, 2022, and the remainder of the Act effective upon its approval; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3324, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3324, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakamura, Matayoshi, Ilagan, Hashimoto, and McDermott.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Moriwaki, Lee, Keohokalole, Kidani, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 197-22 on S.B. No. 3369**

The purpose of this measure is to:

- (1) Establish a working group to develop a plan for the phased in consolidation of procurement services and staff within executive branch agencies over a five-year timespan, excluding the Department of Education, Hawaii Health Systems Corporation, University of Hawaii, and Office of Hawaiian Affairs;
- (2) Require the working group to make recommendations for attracting high-quality procurement professionals to the State; and
- (3) Appropriate funds to the State Procurement Office to support the activities of the working group.

Your Committee on Conference finds that procurement activities in the State may not be in strict compliance with applicable law. Your Committee on Conference further finds that few executive branch departments have dedicated procurement personnel. This can lead to mistakes that result in increased costs to the government. Accordingly, this measure promotes competency and expertise, efficiency, and transparency in the public procurement process by establishing a working group to study and develop a responsible plan for the phased consolidation of certain executive branch procurement services and staff.

Your Committee on Conference has amended this measure by:

- (1) Removing the exemption of the Department of Education from the consolidation plan;
- (2) Clarifying the composition and duties of the working group;
- (3) Inserting an appropriation amount of \$250,000 and clarifying the allowable uses of the appropriated funds;
- (4) Amending section 1 to reflect its amended purpose; and
- (5) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3369, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3369, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives McKelvey, Johanson, Wildberger, Costales, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Moriwaki, Wakai, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 198-22 on S.B. No. 2511**

The purpose of this measure is to:

- (1) Expand the renewable energy technologies income tax credit to include firm renewable energy systems, with the credit capped at the lesser of an unspecified percentage of the actual cost or \$750,000 per system; and
- (2) Make the renewable energy technologies income tax credit unavailable for renewable energy technology systems installed and placed in service after December 31, 2045.

Your Committee on Conference finds that expanding the renewable energy technologies income tax credit to include firm renewable energy systems and long-duration renewable energy storage systems would help the State not only achieve its clean energy and carbon reduction goals, but also improve the State's energy diversity, reliability, and stability. Your Committee on Conference further finds that the development of more firm renewable energy generation based on local resources would also promote economic development and increase employment within the State.

Your Committee on Conference has amended this measure by reverting its contents to the S.D. 2 version and further amending it by:

- (1) Clarifying the definition of "firm renewable energy systems" to include capability of continuous production twenty-four hours per day, three hundred sixty-five days per year, on the demand of the energy system operator at its rated capacity, subject only to routine maintenance and repairs;
- (2) Capping the renewable energy technologies income tax credit at the lesser of twenty percent of the actual cost or \$750,000 per firm renewable energy system;
- (3) Defining "long-duration renewable energy storage systems";
- (4) Expanding the renewable energy technologies income tax credit to include long-duration renewable energy storage systems, with the credit capped at the lesser of twenty percent of the actual cost or \$750,000 per system;
- (5) Capping the total amount of renewable energy technologies income tax credits claimed by an eligible taxpayer for a firm renewable energy system or a long-duration renewable energy system at \$3,500,000 in any calendar year;
- (6) Capping the total amount of renewable energy technologies income tax credits claimed by all eligible taxpayers for firm renewable energy systems and long-duration renewable energy systems at \$20,000,000 in any calendar year;
- (7) Requiring that if the cap on the total amount of renewable energy technologies income tax credits allowed for firm renewable energy systems and long-duration renewable energy systems is exceeded in any given calendar year, the \$20,000,000 cap shall be divided between all eligible taxpayers for that year in proportion to their rated capacities;
- (8) Making it effective upon its approval, and apply to taxable years beginning after December 31, 2021; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2511, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2511, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Johanson, Marten, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Wakai, Kidani, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 199-22 on S.B. No. 3195**

The purpose of this measure is to appropriate funds to the Department of Hawaiian Home Lands for the investigation, exploration, and identification of geothermal resources on Hawaiian home lands.

Your Committee on Conference finds that geothermal resources on Hawaiian home lands can be used for the generation, transmission, and production of electricity. This measure provides initial funding for the investigation, exploration, and identification of these resources.

Your Committee on Conference has amended this measure by inserting an appropriation amount of \$500,000.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3195, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3195, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Nakashima, Marten, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Perruso).

Senators Shimabukuro, Wakai, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 200-22 on S.B. No. 3357**

The purpose of this measure is to require certain departments and agencies to provide grants to tax-exempt nonprofit organizations that have experience and expertise in supporting and advancing Native Hawaiian communities.

Your Committee on Conference finds that food sustainability, economic development, mitigation of tourism impacts, cultural training, repatriation and reburial of Native Hawaiians, historic preservation, as well as other important cultural tasks need further funding. This measure provides grants to relevant organizations.

Your Committee on Conference has amended this measure by:

- (1) Broadening the requirements for qualifying for the grant;
- (2) Removing the Department of Agriculture and the Department of Labor and Industrial Relations from the appropriation; and
- (3) Inserting an appropriation of \$2,000,000, with \$1,500,000 allocated to the Department of Business, Economic Development, and Tourism, and a \$500,000 allocated to the Department of Land and Natural Resources.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3357, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3357, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Nishimoto, Eli, Holt, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Eli).

Senators Shimabukuro, Keohokalole, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 201-22 on S.B. No. 2720**

The purpose of this measure is to:

- (1) Allow new electric vehicle charging stations and certain upgrades having a single port to qualify for a rebate;
- (2) Remove the \$500,000 cap on the electric vehicle charging station rebate program;
- (3) Specify that no rebates shall be approved after available funds are exhausted for the fiscal year;
- (4) Increase the percentage of funds that the Public Utilities Commission may use for administration of the rebate program;
- (5) Allow for marketing and outreach expenses to be included within allowable administration costs of the electric vehicle charging station rebate program; and
- (6) Appropriate funds out of the electric vehicle charging system subaccount for the electric vehicle charging system rebate program.

Your Committee on Conference finds that climate change caused by carbon emissions is a problem with serious environmental, economic, and health ramifications. Electric vehicles are an efficient method of transportation which both helps to mitigate the climate change problem and reduce the cost of transportation for the driver, especially through a decreased reliance on expensive fossil fuels. This measure's purpose is to encourage the installation of more electric vehicle charging stations.

Your Committee on Conference has amended this measure by:

- (1) Inserting \$2,000 and \$1,300 as the maximum rebate amounts for the installation and upgrade of an electric vehicle charging system, respectively;
- (2) Limiting the amount of rebate program moneys authorized to be used for administrative purposes to fifteen percent and clarifying that expenditures not related to marketing or outreach expenses shall not exceed ten percent;
- (3) Removing section 5 and its appropriations;
- (4) Amending Act 75, Session Laws of Hawaii 2021, to appropriate \$500,000 and to clarify that moneys appropriated in Act 75, section 5, Session Laws of Hawaii 2021, will not lapse at the end of the fiscal year and instead, all unexpended funds will lapse as of June 30, 2024;
- (5) Appropriating \$1,000,000 out of the electric vehicle charging system subaccount for the electric vehicle charging system rebate program;
- (6) Inserting an effective date of June 30, 2022; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2720, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2720, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Kitagawa, Marten, Tam, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Lee, Baker, Wakai, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

#### **Conf. Com. Rep. 202-22 on H.B. No. 2424**

The purpose of this measure is to:

- (1) Expand the investigative powers of the Department of Human Services to include review and investigation of families receiving benefits from the State's adoption assistance program and against whom a post-adoption complaint has been made;
- (2) Require the Department of Human Services to report to the Legislature before the convening of the Regular Session of 2024 on the impact of expanding post-permanency services to families receiving benefits from the adoption assistance program; and
- (3) Appropriate funds for the procurement of contracted services to provide additional support, resources, and monitoring of families receiving benefits from the State's adoption assistance program.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the H.D. 1 version, which:
  - (A) Expands the investigative power of the Department of Human Services to include inspections of families who have adopted or received legal guardianship of a child for whom maintenance is provided pursuant to the Social Security Act or through the State's Adoption Assistance Program, including adoptive families where an adoption decree is pending or where an adoption decree has been issued but adoption has not yet taken place, or who are receiving financial assistance through the State's Permanency Assistance Program, and against whom a complaint has been lodged with the Department of Human Services at any time;
  - (B) Requires the Department of Human Services to analyze and report to the Legislature on the impact of expanding home visits to families receiving adoption assistance or legal guardianship assistance payments no later than twenty days prior to the Regular Session of 2027; and
  - (C) Appropriates funds for additional case worker and support staff positions and increased compensation for existing child welfare services case worker positions; and
- (2) Further amending this measure by:
  - (A) Clarifying that the Department of Human Services' review or investigation of families receiving benefits pursuant to the Social Security Act or through the State's Adoption Assistance Program, or are receiving financial assistance through the State's Permanency Assistance Program and against whom a complaint has been lodged shall be in accordance with chapters 350 and 587A, Hawaii Revised Statutes;
  - (B) Requiring the Department of Human Services to submit its report to the Legislature prior to the Regular Session of 2024, rather than 2027;
  - (C) Establishing the Malama Ohana Working Group to seek, design, and recommend transformative changes to the State's existing child welfare system and requiring the Working Group to report to the Legislature prior to the Regular Session of 2024;
  - (D) Authorizing the Department of Human Services to contract with an administrative facilitator to provide support to the Working Group, including preparation of the report; and
  - (E) Inserting an appropriation amount of \$8,000,000 to increase the procurement of contracted services to provide additional support, resources, and monitoring of families receiving benefits from the State's Adoption Assistance Program and Permanency Assistance Program and earmarking \$3,350,000 of the appropriation for:
    - (i) Developing and maintaining necessary information technology systems, including two full-time positions;
    - (ii) Increasing compensation for existing Child Welfare Services Branch positions to fill vacancies and retain employees;
    - (iii) Contracting with a third party for enhanced permanency support services;
    - (iv) Establishing one full-time equivalent planner or project specialist position to administer and monitor additional service contracts and assist with service coordination, data collection, and analysis of the new program; and
    - (v) Supporting the Malama Ohana Working Group in its activities;
  - (F) Changing its effective date to upon approval; provided that the appropriation section shall take effect on July 1, 2022; and
  - (G) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee on Conference notes that although \$3,350,000 of the appropriation made by this measure has been earmarked for specific purposes, the intent of the Legislature is to use the remainder of the monies from this appropriation to support all those involved in the child welfare services system, not just those involved in adoption or guardianship settings. Your Committee on Conference believes that these additional funds could be used for recruitment and scholarships for child welfare Services social workers, programs for parents, and training for investigators and reporters to ensure that any reported case of child abuse or neglect is properly investigated and pursued.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2424, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2424, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Marten, Gates, Tam, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Ward).

Senators San Buenaventura, Kanuha, Rhoads, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 2 (Misalucha, Fevella).

#### **Conf. Com. Rep. 203-22 on H.B. No. 2405**

The purpose of this measure is to:

- (1) Prohibit the denial of a treatment or service on the basis that it is cosmetic or not medically necessary unless a health care provider with experience in prescribing or delivering gender affirming treatment reviews and confirms the adverse benefit determination;
- (2) Prohibit health insurers, mutual benefit societies, and health maintenance organizations from applying categorical cosmetic or blanket exclusions to gender affirming treatments or procedures when prescribed as medically necessary; and
- (3) Require health insurers, mutual benefit societies, and health maintenance organizations to provide applicants and insured persons with clear information about the coverage of gender transition services, including the process for appealing a claim denied on the basis of medical necessity.

Your Committee on Conference has amended this measure by:

- (1) Requiring that the medical necessity of any gender affirming treatment to be defined in accordance with applicable law;
- (2) Amending the process for determining an appeal for a claim denied on the basis of medical necessity;
- (3) Clarifying that the prohibition against health insurers, mutual benefit societies, and health maintenance organizations applying categorical or blanket exclusions applies to gender affirming treatments that are determined to be medically necessary pursuant to applicable law;
- (4) Removing smoking cessation therapies as a gender affirming treatment;

- (5) Changing its effective date to upon approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2405, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2405, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Johanson, Tam, Kitagawa, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Kitagawa).

Senators Baker, Rhoads, Taniguchi, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 204-22 on H.B. No. 1980**

The purpose of this measure is to:

- (1) Require Medicaid, health insurers, mutual benefit societies, and health maintenance organizations to cover services provided through telehealth, including by way of an interactive telecommunications system; and
- (2) Define "interactive telecommunication system" to match the 2022 Medicare Physician Fee Schedule final rule.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the H.D. 1 version, which:
  - (A) Permits, but does not require or prohibit, Medicaid, health insurers, mutual benefit societies, and health maintenance organizations to cover telephonic health services under certain conditions; and
  - (B) Clarifies that telephonic services do not constitute telehealth; and
- (2) Further amending this measure by:
  - (A) Changing its effective date to July 1, 2022; and
  - (B) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1980, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1980, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Kitagawa, Tam, Kapela, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, Baker, Shimabukuro, Moriwaki, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

#### **Conf. Com. Rep. 205-22 on H.B. No. 1893**

The purpose of this measure is to transfer the Daniel K. Akaka State Veterans Home to the Oahu Regional Health Care System no later than June 30, 2023.

Your Committee on Conference has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1893, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1893, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Johanson, Tam, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Keohokalole, Nishihara, Moriwaki, San Buenaventura, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Nishihara).

#### **Conf. Com. Rep. 206-22 on S.B. No. 3158**

The purpose of this measure is to:

- (1) Establish the electric bicycle and electric moped rebate program and subaccount to encourage the purchase and use of electric bicycles and electric mopeds; and
- (2) Allocate a portion of the barrel tax to fund the rebate program.

Your Committee on Conference finds that electric bicycles and electric mopeds support the Department of Transportation's zero emissions goals while also lowering the cost of transportation for drivers, and reduces the State's reliance on fossil fuels. However, the initial cost of purchasing an electric vehicle can be prohibitive. This measure creates a subsidy to help encourage the purchase and use of electric bicycles and electric mopeds.

Your Committee on Conference has amended this measure by:

- (1) Setting the rebate at the lower of twenty percent of the retail cost or \$500, and clarifying that no individual shall receive more than \$500 rebate per fiscal year;
- (2) Setting the total amount of rebates authorized to be issued each year at \$700,000;
- (3) Authorizing the Department of Transportation to allow for applicants to apply for the rebate and receive future rebates if there are not sufficient funds to pay that rebate during the fiscal year in which the rebate was applied;
- (4) Adding additional requirements of what information the Department of Transportation must collect for rebate eligibility;
- (5) Clarifying that the rebates are only available for qualified new electric bicycles and new electric mopeds purchased at a retail store after July 1, 2022;
- (6) Clarifying eligibility requirements for the rebate program;
- (7) Removing the barrel tax allocation;
- (8) Inserting an appropriation of \$2,100,000 for the rebate program;
- (9) Amending section 1 to reflect its amended purpose;
- (10) Changing the effective date to July 1, 2022; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3158, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3158, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Ilagan, Clark, D. Kobayashi, Takumi, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (Matsumoto).

Senators Lee, Inouye, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 207-22 on S.B. No. 3111**

The purpose of this measure is to:

- (1) Establish a five-year Family Resource Centers Pilot Program within the Department of Human Services;
- (2) Establish one full-time equivalent (1.0 FTE) Family Resource Centers Coordinator position within the Department of Human Services; and
- (3) Appropriate an unspecified amount of funds for the establishment of the Family Resource Centers Pilot Program, one full-time equivalent (1.0 FTE) Family Resource Centers Coordinator position, and expenses related to the development and implementation of a statewide network of family resource centers.

Your Committee on Conference finds that family resource centers play a critical role in preventing child abuse and neglect, strengthening children and families, connecting family-impacting agencies and programs, creating opportunities for community-level coordination, creating connections to resources and support systems, and increasing family engagement, which all lead to greater student success in school. Communities with family resource centers show lower rates of child abuse and neglect investigations, lower numbers of children entering foster care, and an increase in parents or custodians gaining employment within one year after participating in services provided through the centers. This measure establishes a five-year Family Resource Centers Pilot Program, that will allow the Departments of Human Services, Education, and Health to provide coordinated family-impacting services designed to meet the needs, cultures, and interests of communities served by family resource centers.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$300,000;
- (2) Amending section 1 to clarify its purpose;
- (3) Inserting an effective date of July 1, 2022, and a repeal date of June 30, 2027; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3111, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3111, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Tam, and Ward.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Ward).

Senators San Buenaventura, Shimabukuro, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 208-22 on S.B. No. 3272**

The purpose of this measure is to require the Director of Transportation to adopt rules to require tour aircraft operations to report details of each flight taken by the tour aircraft operation monthly.

Your Committee on Conference finds that the noise from low-flying aircrafts over residential areas can cause health issues and negatively impact quality of life. Due to increasing concerns, this measure requires tour aircraft operations to file reports so that the State can monitor their compliance with federal regulations.

Your Committee on Conference has amended this measure by:

- (1) Inserting language to establish the Air Noise and Safety Task Force;
- (2) Amending section 1 to reflect its amended purpose;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3272, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3272, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Aquino, Johanson, Ilagan, Clark, Takumi, and Matsumoto.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Lee, Baker, Inouye, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 209-22 on H.B. No. 1600**

The purpose of this measure is to appropriate supplemental funds for the operating costs of the executive branch for the fiscal biennium beginning July 1, 2021, and ending June 30, 2023.

Your Committee on Conference has approved a Conference Draft of the executive budget that appropriates \$15,719,399,902 in all funds, inclusive of \$7,427,150,769 in general funds, for fiscal year 2021-2022 and \$16,979,432,863 in all funds, inclusive of \$8,729,630,979 in general funds, for fiscal year 2022-2023.

	Fiscal Year 2021-2022		Fiscal Year 2022-2023	
	All Funds	General Funds	All Funds	General Funds
Executive Budget Act 88, SLH 2021	15,740,768,928	7,424,917,404	15,106,494,229	7,501,192,761
Net Change	-21,369,026	2,233,365	1,872,938,634	1,228,438,218
Total Appropriation	15,719,399,902	7,427,150,769	16,979,432,863	8,729,630,979

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1600, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1600, H.D. 1, S.D. 2, C.D. 1.

**Conf. Com. Rep. 210-22 on H.B. No. 1540**

The purpose of this measure is to authorize the issuance of general obligation bonds and to make the constitutionally-required findings that the bond issuance will not cause the state debt limit to be exceeded.

Your Committee on Conference finds that article VII, section 13, of the Constitution of the State of Hawaii requires the Legislature to include a declaration of findings in every general law authorizing the issuance of general obligation bonds, which shall declare that the issuance of state bonds authorized will not cause the debt limit to be exceeded at the time of issuance. Your Committee on Conference further finds that the proceeds generated from the general obligation bonds authorized to be issued under this measure will be used to finance the fulfillment of important state objectives.

Your Committee on Conference has amended this measure by:

- (1) Inserting the appropriate dollar amounts throughout the measure as provided by the Department of Budget and Finance;
- (2) Updating the dates and measure numbers cited in the measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1540, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1540, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Luke, Yamashita, and McDermott.

Managers on the part of the House.  
Ayes, 3. Noes, none. Excused, none.

Senators Dela Cruz, Kanuha, Keith-Agaran, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 211-22 on S.B. No. 2695**

The purpose of this measure is to establish a Blockchain and Cryptocurrency Task Force.

Your Committee on Conference finds that despite the emerging growth and popularity of blockchain technology and cryptocurrency, Hawaii has yet to determine whether or how to regulate the digital currency industry in the State. Your Committee on Conference further finds that the adoption of this rapidly evolving technology requires an educated and thorough approach so that its implementation does not impede further innovation and growth, whether in public sector or private industry operations. Your Committee on Conference notes that this measure is intended to support continued e-commerce activity in the State through appropriate consumer protection and oversight mechanisms.

Your Committee on Conference has amended this measure by:

- (1) Amending the list of required members of the task force by:
  - (A) Adding the Director of Commerce and Consumer Affairs or their designee;
  - (B) Removing the member representing a Hawaii-based company with a focus on non-traditional blockchains;
  - (C) Changing the appointing authority of the member that represents:
    - (i) A Hawaii-based bank or financial institution from the Governor to the Speaker of the House of Representatives;
    - (ii) A Hawaii-based cryptocurrency exchange from the Governor to the President of the Senate;
    - (iii) A representative of a company with a business model that uses blockchain for non-cryptocurrency transaction purposes from the Governor to the Speaker of the House of Representatives; and
    - (iv) A representative of a blockchain or cryptocurrency association from the Governor to the President of the Senate;
  - (D) Removing the requirement that representation from a blockchain payments solution company be from a Hawaii-based company; and
  - (E) Amending the specialization of the member who is a professor from the University of Hawaii from blockchain to digital currency;
- (2) Requiring the task force to:
  - (A) Recommend appropriate licensure requirements and a regulatory framework for this new evolving industry;
  - (B) Observe and monitor the past and current activities of the Hawaii Digital Currency Innovation Lab (DCIL), a "sandbox" program conducted by Department of Commerce and Consumer Affairs' Division of Financial Institutions and Hawaii Technology Development Corporation;
  - (C) Analyze how the current framework of the Hawaii DCIL fits into the State's financial environment; and
  - (D) Consider aspects of the Hawaii DCIL that may be effective and practical in the implementation of the recommended regulatory framework;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2695, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2695, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Johanson, Todd, Kitagawa, and Matsumoto.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, none.

Senators Misalucha, Baker, Keith-Agaran, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 212-22 on S.B. No. 2700**

The purpose of this measure is to:

- (1) Require the staff of licensed and registered early childhood programs to annually provide specific information to the Department of Human Services' Early Childhood Workforce Registry;
- (2) Require a report to the legislature; and
- (3) Appropriate funds.

Your Committee on Conference finds that the demand for quality early child care and education greatly exceeds the supply of qualified child care workers and educators in the State. However, to enact effective legislation or programs to increase the number of child care workers and educators available, more data is required to understand the needs of the workforce. This measure ensures policymakers have adequate and timely data on the State's early child care and education workforce by requiring the Department of Human Services to collect data from all early child care workers and educators in the State.

Your Committee on Conference has amended this measure by:

- (1) Authorizing, rather than requiring, the Department of Human Services to require that all staff used to meet the staff-child ratio in licensed and registered child care programs annually update their information in the Early Childhood Registry;
- (2) Authorizing, rather than requiring, data collected from the Early Childhood Registry to include certain social determinants;

- (3) Exempting procurements made pursuant to the measure from the requirements of chapters 103D and 103F, Hawaii Revised Statutes;
- (4) Removing the appropriation section;
- (5) Inserting an effective date of July 1, 2022; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2700, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2700, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Tam, Gates, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Misalucha, Shimabukuro, San Buenaventura, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 213-22 on S.B. No. 3110**

The purpose of this measure is to:

- (1) Rename the Preschool Grant Program Special Fund as the Child Care Grant Program Special Fund;
- (2) Authorize the Child Care Grant Program Special Fund to be used to give grants to child care facilities;
- (3) Change the legislative report due date for the Preschool Open Doors Special Fund and Child Care Grant Program Special Fund; and
- (4) Remove the authority to expend moneys without an appropriation for the Preschool Open Doors Special Fund and Child Care Grant Program Special Fund statutes to conform to state constitutional provisions.

Your Committee on Conference finds that well-supported, regulated child care facilities keep children safe and provide parents the ability to pursue or maintain employment and educational activities. This measure authorizes the Department of Human Services to provide grants to child care facilities beyond those eligible for the Preschool Open Doors Program, which will support parents and caregivers by ensuring the State's child care facilities can continue to provide access to safe and qualified child care.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3110, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3110, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Tam, and Ward.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Ward).

Senators Misalucha, Kidani, San Buenaventura, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 214-22 on S.B. No. 3294**

The purpose of this measure is to appropriate funding for reentry planning circles to provide transitional support for female offenders leaving prison.

Your Committee on Conference finds that incarcerated individuals who participate in reentry planning circles before leaving prison have significantly lower recidivism rates. This measure will allow a greater number of inmates to participate in reentry planning circles allowing the inmates, their families, and prison staff to discuss and develop written transition plans to obtain housing, employment, and other necessities after their release from incarceration.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$200,000 for the purpose of funding reentry planning circles for incarcerated individuals, regardless of sex or gender;
- (2) Inserting an effective date of July 1, 2022; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3294, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3294, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ganaden, Ichiyama, B. Kobayashi, Kong, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators San Buenaventura, Nishihara, Kidani, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 215-22 on S.B. No. 1297**

The purpose of this measure is to extend the authorization to issue special purpose revenue bonds to assist MauiGrown Coffee, Inc., with the operation and expansion of its farm and mill.

Your Committee on Conference finds that Act 116, Session Laws of Hawaii 2017, (Act 116) authorized the issuance of special purpose revenue bonds to assist MauiGrown Coffee, Inc. with the expansion of its coffee farm and mill in Puukolii, Maui. Pursuant to Act 116, the authorization for the issuance of special purpose revenue bonds to assist MauiGrown Coffee, Inc. will lapse on June 30, 2022. This measure extends the authorization to issue special purpose revenue bonds to assist MauiGrown Coffee, Inc.

Your Committee on Conference has amended this measure by:

- (1) Inserting a special purpose revenue bonds authorization lapse date of June 30, 2025; and
- (2) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1297, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1297, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Gabbard, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 216-22 on S.B. No. 2070**

The purpose of this measure is to authorize the Department of Budget and Finance to issue special purpose revenue bonds to assist Hawaiian Legacy Reforestation Initiative, LLC, in its mission to proliferate a sustainable model of endemic reforestation, ecosystem revitalization, endangered species recovery, and carbon credit sequestering.

Your Committee on Conference finds that the issuance of special purpose revenue bonds to assist Hawaiian Legacy Reforestation Initiative, LLC, is in the public interest. With assistance, the Hawaii Legacy Reforestation Initiative, LLC, can contribute substantially to the State's sustainability goals. This measure authorizes the Department of Budget and Finance to issue special purpose revenue bonds to assist the Hawaiian Legacy Reforestation Initiative, LLC, to restore Hawaii's forests and natural resources.

Your Committee on Conference has amended this measure by authorizing the issuance of \$50,000,000 in special purpose revenue bonds.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2070, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2070, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Nakashima, Marten, Todd, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Gabbard, Keith-Agaran, Inouye, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 217-22 on S.B. No. 2218**

The purpose of this measure is to:

- (1) Require the Department of Agriculture to establish a five-year food hub pilot program to increase access to local food;
- (2) Provide for the award of grant funding to qualified applicants wishing to establish or expand a food hub or provide certain technical assistance;
- (3) Authorize the issuance of general obligation bonds for the Honalo Marshalling Yard;
- (4) Require reports to the Legislature; and
- (5) Appropriate funds.

Your Committee on Conference finds that food hubs can play an important role in the State's efforts to improve food security and self-sufficiency. Notably, food hubs facilitate the distribution of locally-sourced foods within the State. This measure requires the Department of Agriculture to establish a five-year food hub pilot program, authorizes the issuance of general obligation bonds for the Honalo Marshalling yard, and appropriates funds for the food hub pilot program.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$750,000;
- (2) Authorizing the issuance of \$750,000 in general obligation bonds; and
- (3) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2218, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2218, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Perruso, and Matsumoto.  
Managers on the part of the House.  
Ayes, 3. Noes, none. Excused, none.

Senators Gabbard, Keith-Agaran, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 218-22 on S.B. No. 2284**

The purpose of this measure is to:

- (1) Establish provisions relating to the Department of Agriculture's governing of the business of aquaculture;
- (2) Grant exclusive property rights to persons who lawfully obtain the cultured progeny of wild plants and animals by brood stock acquisition;
- (3) Authorize the Department of Agriculture to regulate the transportation, purchase, possession, and sale of specific aquaculture products as may be necessary to protect indigenous species;
- (4) Require the Department of Agriculture to prepare programmatic environmental impact reports and acquire land for aquacultural purposes; and
- (5) Make appropriations.

Your Committee on Conference finds that aquaculture constitutes an important economic opportunity for the State. However, the current provisions regarding the Department of Agriculture's role in supporting aquaculture are insufficient. This measure establishes new provisions to promote effective governance regarding aquaculture in the State.

Your Committee on Conference has amended this measure by:

- (1) Removing the appropriation; and
- (2) Inserting an effective date of upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2284, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2284, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Quinlan, Kitagawa, Perruso, Matayoshi, and Matsumoto.  
Managers on the part of the House.  
Ayes, 6. Noes, none. Excused, none.

Senators Gabbard, Wakai, Kim, Misalucha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, 1 (Misalucha).

**Conf. Com. Rep. 219-22 on S.B. No. 2621**

The purpose of this measure is to appropriate funds to the Department of Agriculture to establish bovine tuberculosis control operations on Molokai, including staff, land, and equipment.

Your Committee on Conference finds that bovine tuberculosis poses a significant threat to the State's cattle industry, particularly on the island of Molokai. To better combat the spread of bovine tuberculosis, the Department of Agriculture requires additional resources. This measure appropriates funds to the Department of Agriculture to establish bovine tuberculosis control operations on Molokai.

Your Committee on Conference has amended this measure by inserting an appropriation amount of \$500,000.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2621, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2621, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Perruso, and Matsumoto.  
Managers on the part of the House.  
Ayes, 3. Noes, none. Excused, none.

Senators Gabbard, Misalucha, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, none.

**Conf. Com. Rep. 220-22 on S.B. No. 2989**

The purpose of this measure is to:

- (1) Require the Department of Agriculture to establish a Healthy Soils Program;
- (2) Establish a Healthy Soils Program Special Fund; and
- (3) Appropriate funds.

Your Committee on Conference finds that soil health is critical to Hawaii's agricultural industry. Additionally, soil carbon stocks can serve as an important source for carbon sequestration. This measure requires the Department of Agriculture to establish a Healthy Soils Program to help the State meet its sustainability goals.

Your Committee on Conference has amended this measure by:

- (1) Removing the establishment of a Healthy Soils Program Special Fund;

- (2) Inserting an appropriation amount of \$500,000; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2989, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2989, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Gabbard, Kanuha, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Kanuha).

#### **Conf. Com. Rep. 221-22 on S.B. No. 3004**

The purpose of this measure is to:

- (1) Establish and appropriate funds for a compost reimbursement program within the Department of Agriculture and for one full-time permanent compost reimbursement program manager position; and
- (2) Require an annual progress report to the Legislature prior to each regular session.

Your Committee on Conference finds that composting has significant environmental and social benefits, including for agricultural operations. Act 89, Session Laws of Hawaii 2018, established a three-year compost reimbursement pilot program that was then repealed on December 31, 2021. This measure establishes and appropriates funds for a compost reimbursement program to be administered by the Department of Agriculture.

Your Committee on Conference has amended this measure by:

- (1) Inserting a definition for "landscaping operation";
- (2) Inserting appropriation amounts of \$945,000 for the Compost Reimbursement Program and \$55,000 for one full-time equivalent (1.0 FTE) program manager position; and
- (3) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3004, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3004, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Marten, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Keith-Agaran, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 222-22 on S.B. No. 3197**

The purpose of this measure is to:

- (1) Establish a farmer apprentice mentoring program; and
- (2) Make an appropriation to the Department of Agriculture to establish and implement the program.

Your Committee on Conference finds that farming is essential to the State's agriculture goals, including greater food security and self-sufficiency. However, the State lacks the necessary programs to support beginning farmers. This measure establishes and appropriates funds for a farmer apprentice mentoring program to be administered by the Department of Agriculture.

Your Committee on Conference has amended this measure by:

- (1) Removing certain requirements for the Department of Agriculture regarding the farmer apprentice mentoring program;
- (2) Inserting an appropriation amount of \$300,000; and
- (3) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3197, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3197, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Gabbard, Shimabukuro, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 223-22 on S.B. No. 3325**

The purpose of this measure is to:

- (1) Establish the Hawaii Carbon Smart Land Management Assistance Pilot Program to incentivize carbon sequestration activities through incentive contracts that provide compensation for eligible practices by program participants;
- (2) Repeal the Carbon Offset Program; and
- (3) Appropriate funds for positions and assistance.

Your Committee on Conference finds that carbon sequestration is an important tool for reducing the State's contribution to global greenhouse gas emissions. Incentivizing carbon sequestration can have numerous benefits for the State's sustainability goals. This measure establishes the Hawaii Carbon Smart Land Management Assistance Pilot Program to incentivize carbon sequestration activities.

Your Committee on Conference has amended this measure by:

- (1) Removing the appropriation;
- (2) Inserting an effective date of upon its approval; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3325, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3325, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Kitagawa, Marten, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Gabbard, Wakai, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 224-22 on S.B. No. 3379**

The purpose of this measure is to appropriate funds for a ports-of-entry biosecurity program.

Your Committee on Conference finds that strengthening biosecurity at the State's ports-of-entry will offer many ecological and economic benefits to Hawaii. In its original form, this measure appropriated funds from funds appropriated to the Department of Land and Natural Resources native resources and fire protection programs to a ports-of-entry biosecurity program. Your Committee on Conference further finds that the Department of Agriculture is better suited to implement a ports-of-entry biosecurity program.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Inserting a general fund appropriation amount of \$525,000; and
- (2) Replacing the Department of Land and Natural Resources with the Department of Agriculture as the expending agency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3379, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3379, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Yamashita, Hashem, and McDermott.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (McDermott).

Senators Gabbard, Lee, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 225-22 on S.B. No. 2280**

The purpose of this measure is to allow dental assistants to perform limited, essential duties under the general supervision of a dentist in public health settings.

Your Committee on Conference finds that the State lacks adequate and accessible dental public health infrastructure, especially on the neighbor islands. Your Committee on Conference further finds that dental assistants could play an important role in improving access to dental health care across the State. Although the Hawaii Dental Practice Act allows dental hygienists to practice under the general supervision of a dentist in public health settings, dental assistants are prohibited from providing auxiliary support, except under direct supervision. This measure allows dental assistants to provide limited, but essential, auxiliary support under general supervision while in public health settings, which would contribute to the development and sustainable implementation of community-based dental disease prevention programs.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2280, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2280, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Kitagawa, Tam, Har, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Har).

Senators Keohokalole, Baker, and Fevella.  
Managers on the part of the Senate.  
Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 226-22 on S.B. No. 2274**

The purpose of this measure is to:

- (1) Require all nurses to respond to the Center for Nursing Workforce Supply Survey in conjunction with license renewal, but does not penalize a nurse for failure to do so; and
- (2) Increase the additional Center for Nursing fee from \$40 to \$60 per licensing biennium.

Your Committee on Conference finds that the Hawaii State Center for Nursing was created to collect and analyze data related to current and future trends in nursing, and recruit and retain nurses. Since 2003, the Center has made significant progress in creating statewide initiatives and programs to address the nursing shortage and increase access to health care throughout the State. Your Committee on Conference further finds that the Center for Nursing fees, which help to fund the Center's activities, has not increased since 2003, and the State again faces a nursing shortage. This measure requires nurses to respond to the Center for Nursing Workforce Supply Survey in conjunction with license renewal, but does not penalize a nurse for failure to do so, and increases the Center for Nursing fee from \$40 to \$60 per licensing biennium.

Your Committee on Conference has amended this measure by:

- (1) Deleting the requirement that nurses respond to the Center for Nursing Workforce Supply Survey;
- (2) Inserting an effective date of July 1, 2022; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2274, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2274, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Kitagawa, Tam, Har, and Ward.  
Managers on the part of the House.  
Ayes, 3. Noes, none. Excused, 2 (Har, Ward).

Senators Keohokalole, Baker, Shimabukuro, San Buenaventura, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**Conf. Com. Rep. 227-22 on S.B. No. 2624**

The purpose of this measure is to appropriate funds to establish a telehealth pilot project and a rural health care pilot project.

Your Committee on Conference finds that many Hawaii residents are unable to obtain timely and appropriate health care and behavioral health care due to shortages of primary, specialty, and behavioral care providers. This is particularly true for elderly or rural residents who experience even greater barriers to provider access, such as fixed or limited financial resources, lack of physical mobility or other disabilities, cognitive impairment, or transportation challenges. Your Committee on Conference finds that multiple strategies are needed to address these problems. One method is greater telehealth adoption. Another avenue is to provide a financial incentive to health care providers to service rural areas. This measure establishes and appropriates funds for a telehealth pilot project and a rural health care pilot project, and requires the Department of Health to submit an evaluation of both pilot projects to the Legislature.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$100,000 for the telehealth pilot project;
- (2) Inserting an appropriation amount of \$100,000 for the rural health care pilot project; and
- (3) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2624, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2624, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Kitagawa, Tam, Har, and Ward.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, 1 (Har).

Senators Keohokalole, Baker, Kanuha, San Buenaventura, and Fevella.

Ayes, 5. Noes, none. Excused, none.

**Conf. Com. Rep. 228-22 on S.B. No. 1138**

The purpose of this measure is to establish the annual expenditure ceiling of the Office of Health Care Assurance Special Fund through the state budget process and to fund increasing operational expenses, including contracts to implement a new management information system and background checks system.

Your Committee on Conference finds that the Office of Health Care Assurance performs all state licensing activities on health care facilities, agencies, and organizations in Hawaii. Although the Office of Health Care Assurance is partially funded through the Office of Health Care Assurance Special Fund, the special fund has a spending ceiling, and any expenses the Office of Health Care Assurance accrues above the spending ceiling must come from general funds. This was problematic during the coronavirus disease 2019 (COVID-19) pandemic, due to the detrimental financial impacts of pandemic response. Your Committee on Conference finds that the Office of Health Care Assurance requires more fiscal flexibility, particularly in a post-COVID-19 world, in order to

cover the costs of contracted health care facility inspectors, fund investigations, and modernize operations. Accordingly, this measure establishes the ceiling of the Office of Health Care Assurance Special Fund through the state budget process.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon its approval; provided that section 3 of this measure shall take effect on July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1138, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1138, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Tam, Har, and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Har).

Senators Keohokalole, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 229-22 on S.B. No. 2473**

The purpose of this measure is to:

- (1) Transfer the administrative attachment of the Agribusiness Development Corporation from the Department of Agriculture to the Department of Business, Economic Development, and Tourism;
- (2) Allow the Director of Business, Economic Development, and Tourism to amend the duties, qualifications, and salaries of Agribusiness Development Corporation employees who are exempt from civil service and transferred pursuant to this measure;
- (3) Amend the focus, scope, responsibilities, and powers of the Agribusiness Development Corporation;
- (4) Amend the requirements and responsibilities of the Board of Directors of the Agribusiness Development Corporation;
- (5) Specify the required contents of the Hawaii Agribusiness Plan; and
- (6) Appropriate funds.

Your Committee on Conference finds that the goals and objectives of the Agribusiness Development Corporation (ADC) better align with the general mission of the Department of Business, Economic Development, and Tourism (DBEDT). Your Committee on Conference notes that this measure will not only promote economic diversification, but also acknowledges agriculture's key role in the economic recovery of the State in the post-coronavirus disease 2019 pandemic future.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the newly established position to provide accounting and other fiscal support services to the ADC shall be for one full-time equivalent permanent accountant V position;
- (2) Inserting appropriation amounts of:
  - (A) \$100,000 for a consultant to assist ADC in preparing and finalizing the Hawaii Agribusiness Plan;
  - (B) \$90,000 for one full-time equivalent permanent accountant V position; and
  - (C) \$500,000 for security guard services to address trespassing, abandonment of vehicles on ADC land, and other security issues on vacant ADC land;
- (3) Removing language that would have allowed the Director of Business, Economic Development, and Tourism to amend the duties, qualifications, and salaries of Agribusiness Development Corporation employees who are exempt from civil service and transferred pursuant to this measure; and
- (4) Making it effective on July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2473, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2473, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Yamashita, Belatti, Todd, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Wakai, Gabbard, Kidani, and Fevella.

Managers on the part of the Senate.

Ayes, 4; Ayes with Reservations (Fevella). Noes, none. Excused, none.

#### **Conf. Com. Rep. 230-22 on S.B. No. 3334**

The purpose of this measure is to:

- (1) Establish the Director of Business, Economic Development, and Tourism as an ex officio voting member of the Hawaii Tourism Authority Board of Directors, Stadium Authority, and School Facilities Authority Board;
- (2) Repeal the exemption for the Stadium Development Special Fund from the departmental administrative expenses assessment;
- (3) Transfer the Stadium Authority from the Department of Accounting and General Services to the Department of Business, Economic Development, and Tourism;
- (4) Amend the composition of the Stadium Authority;

- (5) Amend the development guidance policies of the Stadium Authority;
- (6) Reduce the amount of general obligation bonds that may be issued to the Stadium Authority for the Stadium Development District; and
- (7) Transfer the School Facilities Authority from the Department of Education to the Department of Business, Economic Development, and Tourism.

Your Committee on Conference finds that consolidating the State's land use expertise and resources will lead to more effective and efficient development and redevelopment of state lands for Hawaii's residents.

Your Committee on Conference has amended this measure by:

- (1) Reducing the amount of members of the Stadium Authority from thirteen to eleven;
- (2) Clarifying that eight of the members of the Stadium Authority are public members;
- (3) Removing language that repeals the exemption for the Stadium Development Special Fund from the departmental administrative expenses assessment;
- (4) Removing all provisions regarding the School Facilities Authority;
- (5) Amending section 1 to reflect its amended purpose;
- (6) Making it effective on July 1, 2022; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3334, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3334, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Yamashita, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Wakai, Moriwaki, Kidani, Kanuha, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, 1 (Misalucha).

#### **Conf. Com. Rep. 231-22 on H.B. No. 2240**

The purpose of this measure is to:

- (1) Authorize the issuance of general obligation bonds to pay or prepay the State's other post-employment benefits liability under certain conditions; and
- (2) Require the outstanding balance of general obligation bonds issued to pay or prepay the other post-employment benefits liability to be considered in the calculation of a public employer's annual required contribution to the other post-employment benefits trust fund.

Your Committee on Conference has amended this measure by:

- (1) Inserting a \$300,000,000 ceiling on the amount of general obligation bonds the Director of Finance is authorized to issue for fiscal year 2022-2023 for the Other Post-employment Benefits Trust Fund;
- (2) Clarifying the method for calculating the annual required contribution as it relates to the general obligation bonds authorized by this Act, to pay or prepay the State's other post-employment benefits liability; and
- (3) Changing the effective date of section 1 to July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2240, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2240, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Yamashita, Belatti, Sayama, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Sayama).

Senators Taniguchi, Keith-Agaran, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 232-22 on H.B. No. 2510**

The purpose of this measure is to incrementally:

- (1) Increase the State's minimum wage to \$12.00 per hour beginning October 1, 2022; \$15.00 per hour beginning January 1, 2024; and \$18.00 per hour beginning January 1, 2026; and
- (2) Phase out the tip credit.

Your Committee on Conference finds that while the cost of living in the State continues to rise, the minimum wage has not been adjusted to a level that is necessary to offset the higher cost of living. Your Committee on Conference further finds that increasing the minimum wage will help to foster economic stability.

Your Committee on Conference has amended this measure by:

- (1) Inserting a preamble;
- (2) Inserting provisions that make the State earned income tax credit refundable and permanent, and providing for the carryforward of nonrefundable tax credits previously claimed;

- (3) Changing the timespan and staggering of the minimum wage increases from \$12.00 on October 1, 2022; \$15.00 on January 1, 2024; and \$18.00 on January 1, 2026; to \$12.00 on October 1, 2022; \$14.00 on January 1, 2024; \$16.00 on January 1, 2026; and \$18.00 on January 1, 2028; and
- (4) Instead of phasing out the tip credit, increasing the tip credit incrementally to \$1.50 per hour over a six-year period.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2510, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2510, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Nishimoto, Ilagan, and Okimoto.

Managers on the part of the House.

Ayes, 4; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

Senators Taniguchi, Kidani, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

#### **Conf. Com. Rep. 233-22 on H.B. No. 2288**

The purpose of this measure is to facilitate the transfer of a parcel of land from a state agency to the Department of Hawaiian Home Lands.

Specifically, the measure:

- (1) Requires the state agency holding a fee simple interest in the parcel of land designated as TMK (1) 3-2-030-002-0000-000 to transfer the fee simple interest in the parcel to the Department of Hawaiian Home Lands; and
- (2) Appropriates moneys for condemnation proceedings to transfer relevant land from the University of Hawaii to the Department of Hawaiian Home Lands.

Your Committee on Conference notes that the Department of Hawaiian Home Lands maintains a waitlist of more than twenty-eight thousand beneficiaries who qualify for homestead leases. Your Committee on Conference finds that the land transfer authorized by this measure will help the Department of Hawaiian Home Lands to create additional housing inventory to reduce this waitlist and provide housing to more native Hawaiians.

Your Committee on Conference has amended this measure by:

- (1) Establishing that the Department of Hawaiian Home Lands is authorized, rather than mandated, to negotiate with the state agency holding title to the parcel of land designated as TMK (1) 3-2-030-002-0000-000 to transfer the fee simple interest in the parcel to the Department;
- (2) Deleting the appropriation; and
- (3) Making the measure effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2288, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2288, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Takayama, Nakashima, Branco, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Kim, Shimabukuro, Wakai, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

#### **Conf. Com. Rep. 234-22 on H.B. No. 2024**

The purpose of this measure is to establish a system to jointly oversee and manage state lands on Mauna Kea by the University of Hawaii and a new Mauna Kea Stewardship and Oversight Authority.

Specifically, this measure:

- (1) Establishes the Mauna Kea Stewardship and Oversight Authority (Authority);
- (2) Establishes the composition and powers of the Authority;
- (3) Provides for the joint management and stewardship of Mauna Kea lands by the University of Hawaii and the Authority by:
  - (A) Providing for the University of Hawaii to retain jurisdiction over approximately five hundred fifty acres of Mauna Kea astronomy research lands, comprising the astronomy precinct, Halepohaku complex, and the Mauna Kea access road; and
  - (B) Transferring jurisdiction over approximately 9,450 acres of Mauna Kea conservation lands to the Authority;
- (4) Provides for a transition period of three years for the Authority to assume management of the Mauna Kea conservation lands;
- (5) Declares the support of astronomy to be a policy of the State and authorizes the University of Hawaii to develop a framework to allow astronomy development on Mauna Kea;
- (6) Requires the Authority to establish advisory groups to advise the Authority in its management of Mauna Kea conservation lands;
- (7) Requires the Authority and University of Hawaii to submit annual reports to the Legislature;
- (8) Authorizes the Authority and University of Hawaii to limit commercial use and activities in their respective jurisdictions;
- (9) Establishes the Mauna Kea management special fund;
- (10) Transfers certain rights, duties, and positions from the University of Hawaii to the Authority;
- (11) Exempts positions in the Authority from civil service requirements;

- (12) Appropriates moneys to the Authority for startup costs and to establish one full-time equivalent (1.0 FTE) executive assistant position;
- (13) Requires the Auditor to conduct a performance and financial audit of the Authority; and
- (14) Requires that the management of Mauna Kea shall revert to the University of Hawaii if the Auditor finds that joint oversight between the Authority and the University of Hawaii is unfit to continue.

Your Committee on Conference finds that the critical significance of Mauna Kea for both culture and science offers an urgent and unique opportunity to surmount the existing dichotomy and develop new ways to mutually steward Mauna Kea. Therefore, a reformation of the stewardship of Mauna Kea is an issue of the highest priority of the State.

Your Committee on Conference also finds that it is the policy of the State to support astronomy that is consistent with a mutual stewardship paradigm in which ecology, the environment, natural resources, cultural practices, education, and science are in balance and synergy. This policy is consistent with the approach supported by leaders in the astronomical community in Hawaii and the nation, as evidenced by public statements from the astronomy community pertaining to the management of Mauna Kea, which were released subsequent to the hearings on this measure.

Your Committee on Conference acknowledges that the Directors of W.M. Keck Observatory, Subaru Telescope, and Gemini Observatory released a consensus statement on the principles for the future management of astronomical facilities on Mauna Kea. These principles were subsequently endorsed by the Board of Directors of the Association of Universities for Research in Astronomy, a consortium of forty-seven United States institutions and three international affiliates that operate world-class astronomical observatories for the National Science Foundation (NSF) and the National Aeronautics and Space Administration (NASA). In their statement of principles, the Directors stated:

We strongly believe there is a vibrant and sustainable future for astronomy on Maunakea – a future based on a community model of astronomy in which relationships and partnerships between the community and astronomy thrive, upheld by the values of respect, collaboration, and inclusion.

The observatories are permitted by the state to conduct activities on Maunakea lands – public lands that are important to multiple stakeholders and of great cultural importance to the Hawaiian community. We are grateful for our privilege of observing the universe on Maunakea.

Your Committee on Conference further finds that this statement of principles also refers to the following policy from the Astro2020 Decadal Survey, which guides the future of astronomy research in the United States:

NSF, NASA, [the Department of Education], facility managing organizations, project consortia, individual institutions, and other stakeholders can work to build partnerships with Indigenous and local communities that are more functional and sustained through a Community Astronomy approach, and by increasing the modes of engagement and funding for: (i) meaningful, mutually beneficial partnerships with Indigenous and local communities, (ii) culturally supported pathways for the inclusion of Indigenous members within the profession, and (iii) true sustainability, preservation, and restoration of sites.

Referring to Astro2020, Maunakea Observatories stated, "[i]t is through the lens of this framework that we remain deeply committed to ensuring the local and native Hawaiian community is included as we work together in forging a positive future for Maunakea" and "[w]e seek a community-based mutual stewardship model which will allow astronomy to thrive alongside other interests, sensitive to the needs of the local community."

Your Committee on Conference notes that while the Conference Draft of the measure includes the operating principles of mauna aloha, opu kupuna, and holomua oi kelakela, it does not include the House Draft No. 1 language describing the Kumu Kanawai, which are a set of statements describing the Native Hawaiian cultural worldview and values relevant to the stewardship of Mauna Kea. Despite the omission of the Kumu Kanawai from the Conference Draft, your Committee on Conference asserts that the Authority should not feel constrained from incorporating the Kumu Kanawai principles into its rules and operational plans.

Upon further consideration and much deliberation, your Committee on Conference envisions a five-year transition period to occur as follows:

	2022-2023	2023-2028	2028-2033	2034+
<b>Administrative attachment</b>	Department of Land and Natural Resources	Department of Land and Natural Resources	Department of Land and Natural Resources	Department of Land and Natural Resources
<b>Land Authority ("Lessor")</b>	Department of Land and Natural Resources, subject to a moratorium on leases	Department of Land and Natural Resources, subject to a moratorium on leases	Authority	Authority
<b>Which lands</b>	Currently under master lease	Currently under master lease	Proposed Reserve may redefine boundaries	Lands within Reserve (if established)
<b>General Lease</b>	University of Hawaii	University of Hawaii	Authority	To be determined
<b>Day to Day management</b>	University of Hawaii	University of Hawaii	Authority	Authority
<b>Future planning</b>	University of Hawaii	Authority	Authority	Authority
<b>Viewing and Observing time</b>	Fixed under lease	Fixed under lease	Fixed under lease	To be negotiated by the Authority, subject to a mandatory minimum
<b>Potential leasing scenario</b>	Moratorium	Moratorium, but the Authority determines process, criteria, and rules under informal talks	Rules go into effect and formal lease negotiations may occur	New lease or leases permitted

To effectuate the envisioned transition period illustrated in the preceding table, your Committee on Conference has amended this measure by:

- (1) Requiring the Authority to jointly oversee Mauna Kea lands with the University of Hawaii for a transition period of five years and to have exclusive oversight of Mauna Kea lands after the transition period;
- (2) Clarifying the members of the Authority that shall be subject to confirmation by the Senate;
- (3) Deleting the Chairperson of the Board of Trustees of the Office of Hawaiian Affairs from the membership of the Authority;
- (4) Adding the Mayor of the County of Hawaii, or the Mayor's designee, to the membership of the Authority;
- (5) Requiring that any designee appointed by the Chairperson of the Board of Land and Natural Resources, Mayor of the County of Hawaii, or Chairperson of the Board of Regents of the University of Hawaii serve the entire term of appointment;

- (6) Requiring that the Governor appoint, rather than the members elect, a chairperson of the Authority, and specifying the group of members from which the Governor may appoint the Chairperson;
- (7) Requiring the Authority to adopt a financial plan that strives for financial self-sustainability after the sixth year following the transition period;
- (8) Requiring the Authority to adopt a framework for astronomy-related development on Mauna Kea and allowing the framework to include:
  - (A) Limiting the number of observatories and astronomy-related facilities;
  - (B) Prioritizing, over the use of undeveloped lands, the reuse of footprints of observatories that are scheduled for decommissioning, or have been decommissioned, as sites for new facilities or improvements; and
  - (C) A set of principles for returning lands used for astronomy research to their natural state whenever observatories on those lands are decommissioned or no longer have research or educational value;
- (9) Prohibiting new leases and the renewal of leases during the transition period;
- (10) Clarifying the State's support of astronomy;
- (11) Requiring that after the transition period, leases for astronomical observatories specify at least seven percent of reserved viewing or observing time for the University of Hawaii, and further requiring the University of Hawaii to give priority for reserved viewing or observing time to certain Hawaii students and projects of the University of Hawaii at Hilo Imiloa Astronomy Center;
- (12) Providing the Authority with greater flexibility regarding the establishment of advisory groups;
- (13) Requiring that each annual report by the Authority include, in addition to a review of human uses and the impacts of these uses on the natural and cultural resources of Mauna Kea, a review of the commercial uses of the natural and cultural resources of Mauna Kea and the impacts of the commercial uses on these resources, along with a review of the University of Hawaii's use of its reserved viewing or observing time;
- (14) Authorizing the Authority, rather than the University of Hawaii, to limit commercial use and activities on Mauna Kea;
- (15) Authorizing the Authority to adopt rules before the end of the transition period, provided that the rules shall not take effect until the transition period is completed;
- (16) Requiring that contested cases arising under the newly established chapter shall be subject to Chapter 91, Hawaii Revised Statutes, unless otherwise dictated by the new chapter, and further requiring that appeals from a final decision and order or a preliminary ruling that is of the nature defined by section 91-14(a), Hawaii Revised Statutes, shall be made directly to the Hawaii Supreme Court;
- (17) Authorizing the Authority to retain its own attorneys;
- (18) Requiring the Authority to submit an interim and final report that assesses:
  - (A) Whether a reserve should be established on Mauna Kea lands and, if so, the location of those lands; and
  - (B) Whether the University of Hawaii School of Astronomy should be relocated in whole or in part to the University of Hawaii at Hilo;
- (19) Providing two additional years for the Auditor to complete a performance and financial audit of the Authority;
- (20) Providing that the transfer of the University of Hawaii's powers over Mauna Kea to the Authority shall be completed by July 1, 2028;
- (21) Clarifying that the General Leases between the Board of Land and Natural Resources and the University of Hawaii regarding Mauna Kea lands shall remain in effect until those General Leases expire;
- (22) Repealing Chapter 304A, part IV, subpart O, and section 304A-2170, Hawaii Revised Statutes, relating to the Mauna Kea lands management special fund, effective July 1, 2028;
- (23) Requiring the University of Hawaii to decommission the California Institute of Technology Submillimeter Telescope and the University of Hawaii at Hilo Hoku Kea Teaching Telescope;
- (24) Specifying that the \$14,000,000 appropriated for the startup costs of the Authority shall also be expended for transition planning and hiring the executive assistant of the Authority;
- (25) Appropriating \$350,000 for K-12 public education programs in astronomy-related fields of learning at the University of Hawaii at Hilo, Imiloa astronomy center;
- (26) Specifying that the transfer of the moneys from the Mauna Kea lands management special fund to the Mauna Kea management special fund shall occur on June 30, 2028;
- (27) Deleting the provisions requiring that the management of Mauna Kea shall revert to the University of Hawaii if the Auditor finds that joint oversight between the Authority and the University of Hawaii is unfit to continue;
- (28) Changing the effective date to July 1, 2022; and
- (29) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2024, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2024, H.D. 1, S.D. 2, C.D. 1

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nakashima, Branco, Eli, and McDermott.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (McDermott).

Senators Kim, Keith-Agaran, Kanuha, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 235-22 on H.B. No. 2260**

The purpose of this measure is to:

- (1) Amend the circumstances under which medical cannabis may be transported by and between dispensaries;
- (2) Increase the allowable number of plants for production centers;
- (3) Increase the number of production centers that may be allowed under a dispensary license;
- (4) Increase the number of retail dispensing locations that may be allowed under a dispensary license; and
- (5) Redefine the term "medical cannabis production center" to include any series of structures located within the same secured perimeter fence-line.

Your Committee on Conference finds that the State's Medical Cannabis Dispensary Program was established to ensure that qualifying patients have safe and legal access to medical cannabis. Your Committee on Conference also finds that the Medical Cannabis Dispensary Program needs to be updated to increase access to medical cannabis in rural areas, provide the Department of Health with improved administrative control, and increase the supply of medical cannabis in the State.

Your Committee on Conference further finds that to ensure that the existing medical dispensary licensing framework sufficiently meets the needs of qualifying patients in a cost-effective manner, an assessment of the dispensary licensing framework is necessary. In order to maintain the status quo while the assessment is being conducted, an extension of the deadline by which primary caregivers can no longer cultivate cannabis for a qualifying patient is therefore necessary.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Extending the date after which a primary caregiver is no longer authorized to cultivate cannabis for a qualifying patient to December 31, 2024;
- (2) Deleting provisions that would have increased the number of retail dispensing locations allowed under a dispensary license;
- (3) Limiting licensees to no more than fifteen thousand cannabis plants in total across all of the licensee's production centers;
- (4) Requiring the Department of Health to establish the fee structure for the submission of applications for additional production centers and for dispensary-to-dispensary sales;
- (5) Permitting a selling dispensary to transport no more than eight hundred ounces of cannabis or manufactured cannabis products to a purchasing dispensary within a thirty-day period;
- (6) Inserting an appropriation amount of \$50,000 for an assessment of the medical cannabis dispensary licensing framework by the Department of Health;
- (7) Changing its effective date to July 1, 2022; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2260, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2260, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Johanson, Tam, Har, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Har).

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

#### **Conf. Com. Rep. 236-22 on S.B. No. 514**

The purpose and intent of this measure is to dispose of excess tax revenues pursuant to article VII, section 6, of the Hawaii State Constitution.

Specifically, the measure:

- (1) Provides an income tax credit of an unspecified amount to every resident individual taxpayer;
- (2) Provides an income tax refund of an unspecified amount to every qualifying resident taxpayer;
- (3) Appropriates an unspecified sum of moneys for deposit into the other post-employment benefits trust fund; and
- (4) Appropriates an unspecified sum of moneys for deposit into the emergency and budget reserve fund.

Your Committee on Conference finds that article VII, section 6, of the Hawaii State Constitution requires the Legislature to dispose of excess general fund revenues whenever the state general fund balance at the close of each of two successive fiscal years exceeds five percent of general fund revenues for each of the two fiscal years. Your Committee on Conference finds that the general fund balance has met this threshold for two successive fiscal years, and further finds that this measure is an appropriate vehicle for fulfilling the applicable constitutional requirement.

Your Committee on Conference has amended this measure by:

- (1) Removing language referring to an income tax credit;
- (2) Clarifying that the income tax refund shall be provided as follows:
  - (A) \$300 for individuals earning less than \$100,000 and couples earning less than \$200,000; or
  - (B) \$100 for individuals earning \$100,000 or more and couples earning \$200,000 or more,
 multiplied by the number of the taxpayer's qualified exemptions;
- (3) Setting forth the dollar amount and the rate by which the general fund expenditure ceiling will be exceeded and the reasons for exceeding the expenditure ceiling;
- (4) Appropriating \$300,000,000 for deposit into the pension accumulation fund, rather than the other post-employment benefits trust fund; and
- (5) Appropriating \$500,000,000 for deposit into the emergency and budget reserve fund.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 514, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 514, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Luke, Yamashita, and McDermott.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (McDermott).

Senators Dela Cruz, Keith-Agaran, Kidani, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 237-22 on S.B. No. 2657**

The purpose of this measure is to:

- (1) Reestablish the Hawaii Medical Education Council Special Fund to enable the John A. Burns School of Medicine, in consultation with the Hawaii Education Council Special, to provide funding for medical education and training in Hawaii;
- (2) Appropriate funds to the John A. Burns School of Medicine to expand medical education and training in Hawaii, with an emphasis on supporting residency training on the neighbor islands and in medically underserved areas throughout the State; and
- (3) Appropriate funds to the John A. Burns School of Medicine to create further medical residency and training opportunities through a partnership between the John A. Burns School of Medicine and the United States Department of Veterans Affairs.

Your Committee on Conference finds that the State faces a severe shortage of health care providers. The ongoing shortage threatens individual health and may pose adverse effects to the State's health care costs. The neighbor islands have been disproportionately affected by shortages of physicians in all areas of practice. Your Committee on Conference finds that medical school graduates who complete their residency training in Hawaii are more likely to remain in Hawaii to practice. Similarly, medical residents who train on the neighbor islands are more likely to subsequently practice on the neighbor islands. Thus, providing funds for medical education is vital to address the physician shortage in Hawaii. Furthermore, there is strong collaboration between the John A. Burns School of Medicine and the United States Department of Veterans Affairs. The United States Department of Veterans Affairs health system currently invests in Hawaii-based residency positions using a separate federal pool of resources for support. This measure appropriates funds to the John A. Burns School of Medicine to expand medical education and training in Hawaii and to create further residency and training opportunities in partnership with the United States Department of Veterans Affairs.

Your Committee on Conference has amended this measure by:

- (1) Removing the provision that reestablishes the Hawaii Medical Education Council Special Fund;
- (2) Inserting an appropriation amount of \$2,700,000 for the creation of additional medical residencies and training opportunities for medical students in counties with populations of five hundred thousand or less;
- (3) Inserting an appropriation amount of \$4,000,000 for the expansion of medical residency and training opportunities in partnership with the United States Department of Veterans Affairs; and
- (4) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2657, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2657, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Takayama, Tam, Har, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Har).

Senators Keohokalole, Kim, Kidani, San Buenaventura, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

**Conf. Com. Rep. 238-22 on S.B. No. 2597**

The purpose of this measure is to appropriate funds for the Hawaii State Loan Repayment Program administered through the University of Hawaii John A. Burns School of Medicine, subject to a matching funds requirement.

Your Committee on Conference finds that there is a shortage of health care professionals in the State, particularly in rural communities. This shortage threatens not only individual health, but the entire State's health care system. Your Committee on Conference also finds that individuals who receive loan repayments from the Hawaii State Loan Repayment Program in exchange for work commitments in underserved practice areas in Hawaii are highly likely to remain at the site they performed their service. Health care professionals who have benefited from the Hawaii State Loan Repayment Program serve on all islands and in rural and underserved communities. This measure appropriates funds for the Hawaii State Loan Repayment Program to continue to provide a financial incentive to health care professionals working in health care shortage areas.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$500,000 for the Hawaii State Loan Repayment Program; and
- (2) Inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2597, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2597, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Takayama, Tam, Har, and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Har).

Senators Keohokalole, Kim, Misalucha, San Buenaventura, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

#### **Conf. Com. Rep. 239-22 on S.B. No. 2600**

The purpose of this measure is to:

- (1) Beginning July 1, 2022, prohibit the issuance of permits for future large capacity underground storage tank systems mauka of the underground injection control line; and
- (2) Beginning January 1, 2023, prohibit the operation of, and renewal of permits for, large capacity underground storage tank systems located mauka of the underground injection control line.

Your Committee on Conference finds that article XI, section 7, of the Hawaii State Constitution requires the State to "protect, control and regulate the use of Hawaii's water resources for the benefit of its people." Aging underground storage tanks threaten to leak hazardous substances into the ground and contaminate the State's precious supply of drinking water. In November 2021, the State experienced such an occurrence when the United States Navy confirmed that petroleum leaked from its Red Hill Underground Bulk Fuel Storage Facility, contaminating a portion of Honolulu's water supply. This measure reduces the risks of hazardous substances leaking from large capacity underground storage tank systems into the State's drinking water by prohibiting permits for and operations of these systems.

Your Committee on Conference has amended this measure by:

- (1) Changing the prohibition date for the operation of, and renewal of permits for, large capacity underground storage tank systems located mauka of the underground injection control line to July 1, 2022;
- (2) Allowing the operation of large capacity underground storage tanks systems after July 1, 2022, provided the operation is necessary to address maintenance required to safely support defueling, environmental requirements, any operations directly related to defueling, or requirements under section 342L-9, Hawaii Revised Statutes;
- (3) Adding a definition for "mauka" consistent with the Hawaii Administrative Rules;
- (4) Changing the effective date to upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2600, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2600, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamane, Lowen, Johanson, Tam, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, Gabbard, Acasio, Wakai, and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

#### **Conf. Com. Rep. 240-22 on S.B. No. 2784**

The purpose of this measure is to appropriate funds for fiscal biennium 2021-2023 for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (3) and for their excluded counterparts.

Your Committee on Conference finds that on April 22, 2022, the State received notification that an agreement was issued concerning the Hawaii Government Employees Association, collective bargaining unit (3). An agreement with the Hawaii Government Employees Association regarding Employer-Union Trust Fund contributions was previously reached and funded by Act 106, Session Laws of Hawaii 2021.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Inserting specific amounts for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (3) and for their excluded counterparts for fiscal biennium 2021-2023, pursuant to the arbitration award;
- (2) Changing the effective date to upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2784, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2784, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Sayama, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Taniguchi, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 241-22 on S.B. No. 2785**

The purpose of this measure is to appropriate funds for fiscal biennium 2021-2023 for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (4) and for their excluded counterparts.

Your Committee on Conference finds that the State received notification that an agreement was issued on April 22, 2022, concerning the Hawaii Government Employees Association, collective bargaining unit (4). An agreement with the Hawaii Government Employees Association regarding Employer-Union Trust Fund contributions was previously reached and funded by Act 106, Session Laws of Hawaii 2021.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Inserting specific amounts for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (4) and for their excluded counterparts for fiscal biennium 2021-2023, pursuant to the arbitration award;
- (2) Changing the effective date to upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2785, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2785, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Sayama, and Okimoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Taniguchi, Misalucha, and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 242-22 on S.B. No. 2787**

The purpose of this measure is to appropriate funds for fiscal biennium 2021-2023 for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (6) and for their excluded counterparts.

Your Committee on Conference finds that the State received notification that an agreement was issued on April 12, 2022, concerning the Hawaii Government Employees Association, collective bargaining unit (6). An agreement with the Hawaii Government Employees Association regarding Employer-Union Trust Fund contributions was previously reached and funded by Act 106, Session Laws of Hawaii 2021.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Inserting specific amounts for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (6) and for their excluded counterparts for fiscal biennium 2021-2023, pursuant to the arbitration award;
- (2) Changing the effective date to upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2787, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2787, S.D. 1, H.D. 1, C.D. 1.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 243-22 on S.B. No. 2788**

The purpose of this measure is to appropriate funds for fiscal biennium 2021-2023 for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (7) and for their excluded counterparts.

Your Committee on Conference finds that the State received notification that an agreement was issued on April 8, 2022, concerning the University of Hawaii Professional Assembly, collective bargaining unit (7). An agreement with the University of Hawaii Professional Assembly regarding Employer-Union Trust Fund contributions was previously reached and funded by Act 106, Session Laws of Hawaii 2021.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Inserting specific amounts for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (7) and for their excluded counterparts for fiscal biennium 2021-2023, pursuant to the arbitration award;
- (2) Changing the effective date to upon its approval; and

**Conf. Com. Rep. 248-22 on S.B. No. 2794**

The purpose of this measure is to appropriate funds for fiscal biennium 2021-2023 for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (13) and for their excluded counterparts.

Your Committee on Conference finds that the State received notification that an agreement was issued on April 22, 2022, concerning the Hawaii Government Employees Association, collective bargaining unit (13). An agreement with the Hawaii Government Employees Association regarding Employer-Union Trust Fund contributions was previously reached and funded by Act 106, Session Laws of Hawaii 2021.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Inserting specific amounts for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (13) and for their excluded counterparts for fiscal biennium 2021-2023, pursuant to the arbitration award;
- (2) Inserting specific amounts for legislative salary cost items;
- (3) Changing the effective date to upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2794, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2794, S.D. 1, H.D. 1, C.D. 1.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

**Conf. Com. Rep. 249-22 on S.B. No. 3289**

The purpose of this measure is to establish a Hawaii Retirement Savings Program to be administered by the Hawaii Retirement Savings Board in consultation with the Department of Labor and Industrial Relations and Department of Budget and Finance, that provides a state-facilitated payroll-deduction individual retirement savings plan to private sector employees who do not have access to employer-sponsored retirement savings plans.

Your Committee on Conference finds that there is an imminent retirement security crisis in Hawaii, with many individuals not having access to an employer-sponsored retirement savings plan, and therefore, at significant risk of lacking sufficient retirement income to cover their basic expenses during retirement.

Your Committee on Conference also finds that, due to Hawaii's high cost of living, many workers continue to work beyond normal retirement age, and many of those workers work more than one job. This measure will allow private sector employees in Hawaii to participate in a state-facilitated payroll-deduction retirement savings plan that will promote retirement savings needed for a secure retirement, improve the employee's financial security, and reduce wealth disparity in Hawaii.

Your Committee on Conference has amended this measure by:

- (1) Amending the powers and duties of the Hawaii Retirement Savings Board;
- (2) Allowing the Hawaii Retirement Savings Board to authorize matching contributions of up to \$500 per participant account from the Hawaii Retirement Savings Special Fund for the first 50,000 covered employees who participate for twelve consecutive months after initial enrollment; and
- (3) Amending the expenditure allowances for moneys in the Hawaii Retirement Savings Special Fund; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 3289, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 3289, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Johanson, Sayama, and Okimoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Taniguchi, Kanuha, Ihara, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

#### **Conf. Com. Rep. 250-22 on S.B. No. 2021**

The purpose of this measure is to:

- (1) Establish the Office of Hawaiian Affairs' pro rata share of the moneys derived from the public land trust;
- (2) Establish a working group to determine pro rata share of income and proceeds from the public land trust and back amounts due; and
- (3) Appropriate funds from the carry-forward trust holding account to the Office of Hawaiian Affairs.

Your Committee on Conference finds that it is incumbent upon the Legislature to uphold its trust responsibilities and duty of care to native Hawaiians pursuant to the Hawaii State Constitution, which requires that twenty percent of the income and proceeds from the Public Land Trust go to the Office of Hawaiian Affairs to benefit the Native Hawaiian community. This measure will ensure that the State fulfills its constitutional obligations by establishing and providing for the Office of Hawaiian Affairs' annual share of the income and proceeds of the public land trust.

Your Committee on Conference further finds that the past-due sum owed to the Office of Hawaiian Affairs for any and all underpayments of the pro-rata portion of the income and proceeds of the Public Land Trust for the period from July 1, 2012, to June 30, 2022, is \$64,000,000, and that this sum is intended to represent the cumulative impact of an inflation adjustment for that period.

Your Committee on Conference has amended this measure by:

- (1) Deleting language amending section 10-13.5, Hawaii Revised Statutes, to require a minimum amount of \$21,500,000 to be transferred annually from the Public Land Trust to the Office of Hawaiian Affairs and replacing it with language amending Act 178, Session Laws of Hawaii 2006, to the same substantive effect;
- (2) Removing the requirement that the working group determine the past-due sum owed to the Office of Hawaiian Affairs;
- (3) Requiring any department or agency that uses, manages, or receives income, proceeds, or any other fund derived from the Public Land Trust to cooperate with the working group in submitting a report to the Legislature;
- (4) Requiring the Office of Hawaiian Affairs, instead of the Department of Budget and Finance, to provide administrative support to the working group;
- (5) Making a general fund appropriation of \$64,000,000 to be deposited into the Native Hawaiian Trust Fund and expended by the Office of Hawaiian Affairs instead of appropriating \$31,000,000 from the Carry-Forward Trust Holding Account to the Office of Hawaiian Affairs;
- (6) Amending section 1 to reflect its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2021, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2021, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Luke, Eli, Holt, and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Shimabukuro, Keohokalole, Dela Cruz, Fevella, and Kidani.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 251-22 on S.B. No. 2474**

The purpose of this measure is to require the Public Utilities Commission to establish reliability standards and interconnection requirements for renewable energy projects and community-based renewable energy projects.

Your Committee on Conference finds that facilitating the timely interconnection of utility-scale renewable energy projects will help set standards for grid-reliability, support the State's renewable energy goals, and reduce the risks of project delays and variables; thereby benefiting ratepayers and the State.

Your Committee on Conference has amended this measure by deleting its contents and replacing it with language that:

- (1) Requires the Public Utilities Commission to contract with a qualified consultant to conduct a study on the accessibility of Hawaii's electrical system and procedures for interconnection to Hawaii's electrical system;
- (2) Requires a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023;
- (3) Appropriates funds for the Public Utilities Commission to contract with a qualified consultant to conduct a study on the accessibility of and procedures for interconnection to Hawaii's electrical system;
- (4) Makes it effective on July 1, 2022; and
- (5) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2474, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2474, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Johanson, Marten, Perruso, and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Wakai, Baker, Kidani, and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

#### **Conf. Com. Rep. 252-22 on S.B. No. 2290**

The purpose of this measure is to:

- (1) Beginning July 1, 2022, ban the manufacture of a personal care product, except a non-prescription drug, that contains plastic microbeads;
- (2) Beginning July 1, 2023, ban the sale or offer for sale of a personal care product, except a non-prescription drug, that contains plastic microbeads;
- (3) Beginning July 1, 2024, ban the sale or offer for sale of a non-prescription drug that contains plastic microbeads; and
- (4) Exempt rinse-off cosmetics or rinse-off cosmetics that are also non-prescription drugs regulated by the federal Microbead-Free Waters Act of 2015.

Your Committee on Conference finds that plastic microbeads, which are common in many personal care products, can accumulate in Hawaii's waters and damage marine ecosystems. Additionally, microbeads that are ingested by marine wildlife can eventually progress through the food chain to fish for human consumption. Consequently, plastic microbeads also present a risk to human health. This measure establishes prohibitions on products that contain plastic microbeads in three phases.

Your Committee on Conference has amended this measure by:

- (1) Amending the definitions of "personal care product" and "plastic microbead"; and
- (2) Inserting an effective date of upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 2290, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 2290, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Kitagawa, Marten, Tam, and Matsumoto.

Managers on the part of the House.

Ayes, 5; Ayes with Reservations (Matsumoto). Noes, none. Excused, none.

Senators Gabbard, Baker, Acasio, and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

#### **Conf. Com. Rep. 253-22 on H.B. No. 1147**

The purpose of this measure is to appropriate monies for capital improvement project costs of the State for the fiscal biennium 2021-2023.

Your Committee on Conference has amended this measure by:

- (1) Removing the capital improvement projects for fiscal biennium 2021-2023;
- (2) Appropriating funds to the Department of Business, Economic Development, and Tourism;
- (3) Appropriating funds out of the Convention Center Enterprise Special Fund;
- (4) Appropriating funds to the University of Hawaii;
- (5) Making it effective upon approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1147, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1147, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Luke, Yamashita, and McDermott.  
Managers on the part of the House.  
Ayes, 2. Noes, none. Excused, 1 (McDermott).

Senators Dela Cruz, Keith-Agaran, Kidani, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 254-22 on H.B. No. 2466**

The purpose of this measure is to provide a general excise tax exemption for the gross proceeds or income received from the sale of any product resulting from the cultivation and production of unprocessed taro in the State.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Repealing the measure on June 30, 2027.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2466, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2466, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Perruso, Quinlan, Luke, Eli, and Matsumoto.  
Managers on the part of the House.  
Ayes, 4. Noes, none. Excused, 1 (Matsumoto).

Senators Gabbard, Shimabukuro, Rhoads, and Fevella.  
Managers on the part of the Senate.  
Ayes, 4. Noes, none. Excused, none.

**Conf. Com. Rep. 255-22 on H.B. No. 2511**

The purpose of this measure is to provide funds to the Department of Hawaiian Home Lands to pursue a multi-pronged approach to eliminating its waitlist. Specifically, this measure:

- (1) Requires the Department of Hawaiian Home Lands to submit annual reports to the Legislature regarding expenditures from the Native Hawaiian Rehabilitation Fund and the number of beneficiaries removed from the waitlist for Hawaiian home lands through the use of funds from the Native Hawaiian Rehabilitation Fund; and
- (2) Appropriates \$600,000,000 into and out of the Native Hawaiian Rehabilitation Fund for:
  - (A) Hawaiian home lands lots and related projects; and
  - (B) Down payment assistance and mortgage payment assistance to Department of Hawaiian Home Lands beneficiaries.

Your Committee on Conference has amended this measure by:

- (1) Appropriating \$600,000,000 to the Department of Hawaiian Home Lands for certain purposes, instead of into and out of the Native Hawaiian Rehabilitation Fund;
- (2) Authorizing the Department of Hawaiian Home Lands to prioritize and determine the amount of assistance according to the income or receipt of other funds by the applicant or qualified relative, including wages, litigation settlement proceeds, and other monies received by the applicant or qualified relative;
- (3) Requiring the Department of Hawaiian Home Lands to develop a strategic plan to address applicant preferences reflected in the 2020 Beneficiaries Study Applicant Report;
- (4) Amending the requirements for the annual report from the Department of Hawaiian Home Lands;
- (5) Inserting a severability clause;
- (6) Changing the effective date to upon approval; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 2511, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 2511, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Luke, Eli, Holt, Tam, and Ward.  
Managers on the part of the House.  
Ayes, 6. Noes, none. Excused, none.

Senators Shimabukuro, Keohokalole, Keith-Agaran, and Fevella.  
Managers on the part of the Senate.  
Ayes, 3. Noes, none. Excused, 1 (Fevella).

**Spec. Com. Rep. 1-22 House Investigative Committee to Investigate Compliance with Audit Nos. 19-12 and 21-01 established under H.R. No. 164**

The purpose and duties of the Committee and the subject matter and scope of its investigative authority was:

- (1) To follow up on the audits of the Department of Land and Natural Resources' Special Land and Development Fund, Report No. 19-12, and Agribusiness Development Corporation, Report No. 21-01;
- (2) To examine the recommendations made in those audits; and
- (3) For purposes of improving the operations and management of these state agencies, their funds, and any other matters.

Over the course of more than six months, your Committee, conducted eighteen public hearings with twenty-two subpoenaed witnesses and received thousands of pages of documents. Your Committee presents its findings and recommendations, including proposed legislation, in the attached report.

Signed by the Chair on behalf of the Committee.

Note: the full report is available online at: <https://www.capitol.hawaii.gov/CommitteeFiles/Special/HIC21/Document/HIC21%20Final%20Report.pdf>

**Spec. Com. Rep. 1-22 Special Committee to Consider Miscellaneous Communication Nos. 1001 and 1002**

The Special Committee to Consider Miscellaneous Communication Nos. 1001 and 1002 ("Special Committee" or "Committee") was formed pursuant to Rule 14 of the Rules of the House of Representatives of the Thirty-First Legislature ("House Rules") and memorandum dated March 18, 2021, by Speaker of the House of Representatives Scott K. Saiki ("Speaker's Memorandum"). The Special Committee was charged with investigating whether Representative Sharon E. Har's ("Representative Har") conduct involving alleged incidents of driving while intoxicated, driving without an auto insurance policy, and driving the wrong way on a one-way street on February 22, 2021, violated House Rule 62, which sets forth the body's Code of Legislative Conduct.

The following six members of the House were appointed to the Special Committee: Della Au Belatti, Chair (Majority Leader); Mark M. Nakashima, Vice-Chair (Committee on Judiciary Chair); Linda Ichiyama (Committee on Pandemic & Disaster Preparedness Chair); Scot Z. Matayoshi; Lauren Matsumoto (Minority Floor Leader); and Amy A. Perruso.

The Special Committee was tasked with convening as soon as practicable and, after notifying Representative Har, investigating the matter. See Rule 4, Speaker's Memorandum. The Special Committee was required to "review relevant written documentation and other evidence submitted by the petitioner[s] and affected member." Id. The Special Committee was also required to "consider evidence that is clear and convincing" in making its findings, recommendations, and report. See Rule 5, Speaker's Memorandum.

The Chair of the Special Committee was given the discretion to "conduct hearings where the petitioner[s] and the affected member, or their respective attorneys, shall each be provided an opportunity to make statements and answer questions from the Special Committee." See Rule 4, Speaker's Memorandum.

At the conclusion of its investigation, the Special Committee was obligated to write and submit this report of its findings and recommendations to the House of Representatives. See Rule 6, Speaker's Memorandum. The House shall affirm or reject the report, or take such other action as it determines. Id.

**I. Issues for Consideration by the Special Committee**

The House of Representatives and any committees established under it are obligated to operate under and apply constitutional and statutory provisions, as well as abide by the House's own internal rules. See Spec. Com. Rep. No. 2-15, Re: Special Committee to Consider Misc. Communication No. 1003, dated Feb. 27, 2015 (2015 Spec. Com. Rep. No. 2-15), p.2.

As noted above, the Special Committee was charged with investigating whether Representative Har's conduct involving alleged incidents of driving while intoxicated, driving without an auto insurance policy, and driving the wrong way on a one-way street on February 22, 2021, violated House Rule 62.

The relevant provisions of House Rule 62 applicable to the investigation of the Special Committee are the following:

Rule 62.1: Members should conduct themselves in a respectful manner befitting the office with which they as elected officials have been entrusted, respecting and complying with the law and acting at all times in a manner that promotes public confidence in the integrity of the House.

Rule 62.2: Members should not lend the prestige of public office to advance the private interests of themselves or others[.]

Rule 62.4 (8): To the extent reasonably possible, members should. . . (8) Refrain from using, or permitting the use of, the privileges and prestige of their public office to derive undue personal, professional, or financial benefits for themselves[.]

After conducting its investigation and determining whether Representative Har's conduct violated House Rule 62, the Special Committee is authorized by Article III, Section 12, of the Hawaii State Constitution to determine the punishment, if any, to be imposed on Representative Har. Article III, Section 12, of the Hawaii State Constitution provides in relevant part:

Each house . . . shall have, for misconduct, disorderly behavior or neglect of duty of any member, power to punish such member by censure or, upon a two-thirds vote of all the members to which such house is entitled, by suspension or expulsion of such member. (Emphases added.)

Accordingly, the issues presented to the Special Committee in its investigation are as follows:

- A. Whether Representative Har's conduct related to the events of February 22, 2021, violated House Rule 62; and
- B. What action, if any, is appropriate as a result of the investigation?

**II. Procedural History****A. Committee Meeting of March 30, 2021**

On March 30, 2021, the Special Committee convened a publicly noticed meeting at which Petitioners Michael Golojuch, Sr., ("Petitioner M. Golojuch, Sr.") and Carolyn M. Golojuch, MSW ("Petitioner C. Golojuch"), Representative Har, and Howard Luke, Esq., ("Mr. Luke") counsel for Representative Har, participated virtually. See 3/30/2021 Meeting Transcript ("3/30/21 Meeting"), p.3. At the outset, the Chair explained that the Committee would be guided by principles of fairness and impartiality consistent with the protection of constitutional due process rights. Id., p.4. This initial meeting was limited to reviewing rules, process, and procedures of the Committee and did not involve a discussion of the merits of the matter. Id., pp.4 & 7.

The parties and the public were advised that the range of possible outcomes of the Special Committee's investigation could include recommendations that no action be taken to recommendations of censure, suspension, or expulsion pursuant to Article III, Section 12, of the Hawaii State Constitution. Id., p.8.

Mr. Luke informed the Special Committee that an arraignment and plea date of April 20, 2021, was scheduled by the District Court for the criminal charges against Representative Har. Id., p.14. This date was subsequently continued a number of times. See section II, B, infra.

In order to conduct a fair and impartial investigation that did not interfere with the criminal and administrative proceedings or jeopardize Representative Har's due process rights, the Special Committee stayed its investigation until after these proceedings were concluded; provided that if these proceedings or related appeals were delayed beyond the legislative biennial calendar, the Chair would notice a Committee meeting to address the delay. See 3/30/21 Meeting, pp.15-16, & 18-24. The parties did not object to the stay of the Committee's investigation. Id.

#### B. Resolution of Criminal and Administrative Proceedings

On March 2, 2021, the District Court dismissed without prejudice the alleged violation of Hawaii Revised Statutes ("HRS") Section 431:10C-104, relating to no motor vehicle insurance. The alleged violation was later dismissed with prejudice by the District Court on December 6, 2021.

On March 2, 2021, the Administrative Driver's License Revocation Office issued its Notice of Administrative Review Decision. This Decision sustained the automatic two-year revocation of Representative Har's license and privilege to operate a vehicle based on her February 22, 2021, refusal to submit to a breath test after being informed of the sanctions of the administrative revocation process.

On March 3, 2021, Representative Har filed a Request for Administrative Hearing appealing the administrative revocation of her license. A hearing on this matter was set for March 18, 2021, and was subsequently continued until February 3, 2022.

On March 29, 2021, the District Court dismissed with prejudice the alleged violation of Section 15-10.01 of the Revised Ordinances of Honolulu, relating to driving the wrong way on a one-way street.

Between April 16, 2021, and October 6, 2021, Representative Har's arraignment, plea, and criminal trial dates were continued six times for various reasons. On December 6, 2021, Representative Har's jury-waived trial began on the charge of operating a vehicle under the influence of an intoxicant (OVUI) in violation of HRS Section 291E-61(a)(1). The trial was continued to January 10, 2022.

On January 10, 2022, immediately after the Deputy Prosecuting Attorney rested his case, Representative Har's defense counsel made the following two oral motions: (1) a motion to dismiss with prejudice based on a December 10, 2021, decision by the Hawaii Supreme Court in State v. Thompson, 150 Hawaii 262, 500 P.3d 447 (2021); and (2) a motion for a judgment of acquittal based on the failure of the State to present beyond a reasonable doubt a prima facie case that Representative Har had violated HRS Section 291E-61(a)(1). The District Court granted both motions, entered a judgment in favor of Representative Har, and acquitted Representative Har of the OVUI charge.

On January 24, 2022, Representative Har withdrew her Request for Administrative Hearing and ended her appeal challenging the administrative revocation process. The two-year revocation of Ms. Har's driver's license was affirmed by the Administrative Driver's License Revocation Office. According to Representative Har, she is required to have an ignition interlock in her vehicle for two years. See Representative Har's Written Response to Special Committee Questions ("4/18/22 Rep. Har Written Responses"), no.1, dated April 18, 2022.

#### C. Committee Meeting of February 11, 2022

On February 11, 2022, the Special Committee conducted a publicly noticed and broadcasted videoconference meeting advising the parties that the Committee would resume its work inasmuch as the criminal and administrative proceedings had been resolved.

Both Petitioners and Mr. Luke were virtually present at this meeting.

A briefing schedule was discussed and confirmed with the parties. Petitioners were directed to provide their submittals by February 25, 2022. Representative Har was directed to provide her responsive submittals by March 11, 2022.

The Chair advised the parties that the Special Committee would be considering reliable and trustworthy supporting evidence from the parties. The Chair further announced that the Committee reserved the right to question the parties once all submittals had been received or to issue a recommendation based solely on the parties' submittals.

#### D. Documents Submitted and Reviewed by the Special Committee

The Committee reviewed various submittals by the parties. Miscellaneous Communication Nos. 1001 and 1002 were received by the House on March 10, 2021, and March 12, 2021, from Petitioners M. Golojuch, Sr., and C. Golojuch, respectively. Both Communications petitioned the House to investigate the conduct of Representative Har related to the events of February 22, 2021, and take appropriate actions.

In Miscellaneous Communication No. 1001, Petitioner M. Golojuch, Sr., in relevant part, cited to conduct related to the "alleged DUI incident" that "is not the behavior we expect of our elected officials." He also cited to Representative Har's statements on and after February 22, 2021, and "numerous conflicts between her and the police reports. . . , including the footage of the body cameras." Petitioner M. Golojuch, Sr., describes Representative Har's statements as "unprofessional, and in direct opposition of her initial statements."

In Miscellaneous Communication No. 1002, Petitioner C. Golojuch cited to House Rules 46.1 and 46.2 and petitioned the House to investigate the conduct of Representative Har. Petitioner C. Golojuch ostensibly based her complaint on Representative Har's alleged conduct of driving while intoxicated and driving without a motor vehicle insurance policy.

Following the conclusion of the criminal and administrative proceedings, Petitioners submitted the following documents in support of their Petitions by the February 25, 2022, deadline:

1. A signed statement dated February 10, 2021, [sic] from Petitioner M. Golojuch, Sr., alleging that "Representative Har conducted herself in a way that didn't benefit her office or provide public confidence in the House" and pointing out the differences in Representative Har's statements after the incident to the House of Representatives and to her District, newspaper and television reports, and Honolulu Police Department ("HPD") body camera footage. Petitioner M. Golojuch, Sr. attached a compilation of video links, including links to portions of body camera footage, and a compilation of statements from various news stories and letters to the editor to his signed statement;
2. A signed statement dated February 10, 2022, from Petitioner C. Golojuch, and the same attachments of video links, statements from news stories, and letters to the editor previously provided by Petitioner M. Golojuch, Sr.; and
3. A statement dated February 25, 2022, from Petitioner C. Golojuch presenting questions to the Committee purportedly challenging Representative Har's judgment and conduct in going out during the pandemic and having "a beer on top of her prescription medication" while dealing with "an upper respiratory disease."

Representative Har submitted the following documents on March 11, 2022:

1. A signed Response to Petitioners' Submittals, dated March 11, 2022, requesting that the Committee:
  - a. Adopt the facts set forth in Representative Har's attached Declaration and Exhibits;

- b. Dismiss the Petitions inasmuch as the evidence at trial thoroughly discredited the factual allegations in the Petitions and reopening the evidence would be futile and tantamount to a violation of Representative Har's right to be free from double jeopardy;
  - c. Recommend that no further action be taken against Representative Har; and
  - d. Discharge the Special Committee;
2. A signed Declaration by Representative Har, dated March 11, 2022, "illustrat[ing] where and in what context the true facts of the events regarding the incident that occurred on February 22, 2021." See 3/11/22 Representative Har Declaration at p.2. This Declaration was based upon attached trial exhibits and numerous excerpts of the pretrial and trial transcripts; and
  3. The attached Exhibits supporting Representative Har's above Declaration:
    - a. Exhibit A: Speaker's Memorandum dated March 18, 2021;
    - b. Exhibit B: A copy of the March 29, 2021 State of Hawaii Judiciary's eCourt Kokua minutes dismissing with prejudice Case No. 1DTI-21-043783, relating to the one-way street violation;
    - c. Exhibit C: A redacted copy of Representative Har's vehicle insurance card showing an active vehicle insurance policy for February 22, 2021;
    - d. Exhibit D: A redacted copy of the District Court's Notice of Entry of Judgment and/or Order, filed on December 6, 2021, in Case No. 1DTA-21-00387, dismissing with prejudice the charge related to motor vehicle insurance, HRS Section 431:10C-104(a); and
    - e. Exhibit E: A copy of a January 19, 2022, Honolulu Star Advertiser editorial commentary authored by Mr. Luke, Representative Har's trial defense attorney, provided to refute the Prosecuting Attorney's "highly unusual [post-trial] press conference that completely misrepresented the evidence adduced at trial." See 3/11/22 Representative Har Declaration at p.2.

On April 7, 2022, pursuant to a request made to the District Court, the Committee received official transcripts of the December 6, 2021, pretrial and trial proceedings, and January 10, 2022, trial proceedings in 1DTA-21-00387, State of Hawaii v. Sharon Ellie Har.

#### E. Committee Meeting of April 4, 2022

Following the submittals of the parties, the Chair determined that a hearing was necessary to hear from and ask questions of the parties. See Rule 4, Speaker's Memorandum. At the Committee's third publicly noticed meeting on April 4, 2022, an in-person hearing before the Committee was scheduled with the parties' consent for April 13, 2022. The Chair announced that according to past practice, each side would have 20 minutes to make a presentation to the Special Committee, followed by questions from Committee members. See, e.g., 2015 Spec. Com. Rep. No. 2-15, p.8.

The Chair also noted that the Special Committee was working to obtain the official transcripts of Representative Har's pretrial and trial proceedings and that it was the intent of the Committee to resolve the issues raised by Petitioners before adjournment of the Regular Session of 2022. *Id.*, at 21:43-22:30. As noted *supra*, the Committee received official transcripts of the December 6, 2021, and January 10, 2022, pretrial and trial proceedings, that were reviewed in advance of the April 13, 2022 hearing.

#### F. Committee Hearing of April 13, 2022

Pursuant to standard practices of the Legislature developed and adopted beginning in 2020 and through 2022, the April 13, 2022, hearing was conducted in-person and broadcasted publicly via the House YouTube channel. Committee members, Petitioners, Mr. Howard Luke, Esq. ("Mr. Luke"), and Mr. Daniel Luke, Esq., on behalf of Representative Har, were present in person at the hearing. Also in attendance virtually was a legal reporter who transcribed the April 13, 2022 hearing. See 4/13/2022 Hearing Transcript ("4/13/22 Hearing"), at pp.1-4.

#### 1. Petitioners' Presentation and Responses

Petitioners presented their position to the Committee, utilizing approximately 11 of the 20 available minutes. Petitioner M. Golojuch, Sr. explained that the decision to file Miscellaneous Communication No. 1001 was made after a meeting of the District 42 Council where "a majority of the District Council members voted to file a complaint with the Speaker of the House" pursuant to the House of Representatives procedures for filing a complaint. *Id.*, at pp.6-7.

Petitioner M. Golojuch, Sr. also acknowledged Representative Har's request that both petitions be dismissed because the District Court judge acquitted her of the criminal OVUII charge. *Id.*, p.7. However, Petitioner M. Golojuch, Sr. asserted that the proceeding before the Committee was "an administrative procedure and not a court of law" and that similar to his experience as a former hearings officer where his "job was to review cases against individuals independently of any judicial action or acquittal," the House "has its own rules about how representatives should present themselves or act in public." *Id.*

He also asserted Petitioners' belief that "the written and recorded documentation of Representative Har's behavior on the evening of February 22nd, 2021 does not reflect the professional standards that all representatives should follow." *Id.*, pp.7-8. Petitioner M. Golojuch, Sr. then pointed out several discrepancies in the statements made by Representative Har "telling the police that she did not take any medication" in contrast to the statement "that the reason for the incident was taking cold medication and one beer." *Id.*, p.8; compare nine HPD body camera videos of Representative Har's traffic stop and arrest on Feb. 22, 2021 with Statement of Representative Sharon Har, Haw. H. Journal, 31<sup>st</sup> Leg., Reg. Sess., Day 23, Feb. 24, 2021, at p.206 ("2/24/21 Rep. Har Floor Statement") to Feb. 2021 District 42 Newsletter. Lastly, Petitioner M. Golojuch, Sr. acknowledged, "[t]hat is not my district's call" and "[i]t's up to her peers to decide what, if any, action should be taken after its Special Committee completes its investigation of facts, findings, and conclusions." See 4/13/22 Hearing, p.8.

Petitioner C. Golojuch echoed the statements of Petitioner M. Golojuch, Sr. and stated that she was "not asking for any undue reprimands" but that she was "asking that the rules pertain to Representative Har." *Id.*, p.10.

Following Petitioners' presentation, the Special Committee asked several questions of Petitioners for another 10 minutes. The Committee requested that Petitioners provide a copy of Representative Har's District Newsletter that was cited in Petitioners' submittals as having been received by Representative Har's constituents. *Id.*, pp.12-13.

The Committee also asked clarifying questions about who submitted the petitions, and Petitioners responded that Petitioner M. Golojuch, Sr. brought the petition on behalf of members of the Democratic Party in House District 42 or the "District 42 Council," while Petitioner C. Golojuch brought her petition on her own behalf. *Id.*, pp.13-14.

Petitioners were then asked if they were alleging that the same conduct violated the House Rules. Petitioner M. Golojuch, Sr. asserted that both petitions alleged similar type complaints, and Petitioner C. Golojuch referred back to her submittals for the conduct she alleged violated the House Rules. *Id.*, pp.14-15.

In further follow up questions, Petitioners were asked if Petitioners reviewed House Rule 62 and whether they were familiar with that Rule. Both Petitioners could not cite specifically to House Rule 62, but Petitioner M. Golojuch, Sr. answered that while he did not "remember it word-for-word," he did "know that there is a standards of conduct" and that at the District 42 meeting, "something was brought up, because that's why we even had the idea of filing the complaint." *Id.*, pp.15-20.

## 2. Representative Har's Presentation and Responses

At the conclusion of the Special Committee's questioning of Petitioners, Mr. Luke, on behalf of Representative Har, presented for approximately 15 of the available 20 minutes, followed by Committee members' questions for another 30 minutes.

Mr. Luke asserted, in relevant part, that the OVUII charge against Representative Har was not dismissed on a technicality and the "judgment of acquittal is a very high standard" whereby the prosecution had failed to meet their burden of proof. 4/13/22 Hearing at p.24. Mr. Luke argued that the District Court thoroughly reviewed all the witness testimony presented at trial, including the testimony of arresting police officers and the AnyPlace Cocktail Lounge staff who served Representative Har, along with all of the body camera video footage of the arrest,

and correctly acquitted Representative Har of the OVUII charge. Mr. Luke concluded that this Committee should similarly dismiss the petitions against Representative Har. Id. at pp.25-29.

Following Mr. Luke's presentation, Committee members posed numerous questions for Representative Har. These questions included the following:

- a. What are the requirements Representative Har must comply with as a result of the administrative license revocation process and the two-year administrative revocation of her driver's license? See 4/13/22 Hearing, p.36;
- b. Whether Representative Har made the statement, "Do you know who I am?" at the scene of the incident, as reported; and if the statement was made, an explanation from Representative Har on what she meant by the statement. Id., pp.40-43;
- c. Whether Representative Har was on prescription medication at the time of the incident, and, if so, whether that prescription medication had a warning on it to not consume alcohol while on that medication? Id., pp.47-50;
- d. What were the circumstances surrounding Representative Har's illness at the time she decided to go out the evening of February 22, 2021? Did Representative Har have a transmissible respiratory illness? Id., pp.52-54.

## 3. Further Follow-Up Requested by the Special Committee

In light of the questions raised during the hearing, the parties were instructed to submit written responses to the questions asked by the Committee by the close of business on April 18, 2022. Petitioners were also instructed to provide a copy of Representative Har's District 42 Newsletter that was mailed to her constituents.

As specified in the hearing notice and relayed in advance to the parties, the Special Committee did not engage in discussion or decision-making at the April 13, 2022 hearing.

### G. Documents and Responses Submitted Post-Hearing

On April 18, 2022, Petitioners submitted the following supplemental documents:

1. A two-page written response dated April 17, 2022, to the Special Committee's question about House Rule 62 explaining that "[i]t was the consensus of the [District 42] Council members that Representative Har may have violated 62.1 and/or 62.2" and these Rules were "the primary reason the complaint was filed";
2. A single-page written response dated April 18, 2022, explaining Petitioners' attempts to acquire a copy of Representative Har's District 42 Newsletter and reporting on a February 24, 2021, Makakilo Neighborhood Board No. 34 meeting where a legislative aide read a letter from Representative Har regarding the February 22, 2021 incident;
3. A copy of the Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34 meeting minutes, dated February 24, 2021, documenting that a letter was read by Representative Har's legislative aide regarding the "issuance of a DUI on Monday, February 22, 2021";
4. A copy of Representative Har's February 2021 District 42 Newsletter ("Feb. 2021 District 42 Newsletter"); and
5. A one-page statement providing a link to a news story reporting on Representative Har's verbal apology to the House of Representatives on February 24, 2021, after her arrest for driving while intoxicated.

On April 18, 2022, Representative Har, through her counsel, submitted the following supplemental documents:

1. All nine HPD body camera videos recording the stop and subsequent arrest of Representative Har on February 22, 2021, totaling 42 minutes and 48 seconds of video footage; and
2. Written responses to the five questions asked by the Special Committee during the April 13, 2022 hearing. ("4/18/22 Rep. Har's Written Responses")

On April 21, 2022, documents received from the Prosecutor's Office that were admitted into evidence and reviewed by the District Court in the trial proceedings were provided to all members of the Special Committee for their review. These documents included the following exhibits:

1. State's Exhibit No. 10: An image of the South Beretania Street and Piikoi Street intersection with sketches of Representative Har's vehicle's movements before the arrest;
2. State's Exhibit No. 12: A second image of a different angle of the South Beretania Street and Piikoi Street intersection where Representative Har was stopped;
3. State's Exhibit No. 14: An image from the body camera video footage of a HPD officer of Representative Har's vehicle and license plate on February, 22, 2021;
4. State's Exhibit No. 15: An image from the body camera video footage of a HPD officer of Representative Har's vehicle and a HPD vehicle the night of February 22, 2021;
5. State's Exhibit No. 17: A copy of HPD's "Use of Intoxicants while Operating a Vehicle Implied Consent for Testing" form signed and issued by Officer C. Morgado, and signed by Representative Har documenting her refusal to take either an alcohol concentration breath test or blood test on February 22, 2021;
6. State's Exhibit No. 18: A copy of HPD's "Sanctions for Use of Intoxicants while Operating a Vehicle & Implied Consent for Testing" form signed by Officer C. Morgado and Representative Har documenting that Officer Morgado informed Representative Har about sanctions, the choice of taking a blood test, a breath test, or both, or refusing, and Representative Har's refusal to take either an alcohol concentration breath test or blood test
7. State's Exhibit No. 19: A copy of HPD's "Notice of Administrative Revocation" documenting that the Notice was provided to Representative Har by Officer C. Morgado, and Representative Har refused to acknowledge receipt of this Notice on February 22, 2021;

8. State's Exhibit No. 28: A copy of an AnyPlace Cocktail Lounge Ticket, dated February 22, 2021, itemizing the drinks purchased for the table Representative Har was seated at on the night of February 22, 2021;
9. State's Exhibit No. 29: A copy of the Debit Card receipt for the drinks purchased for Representative Har's table on the night of February 22, 2021;
10. State's Exhibit No. 30: A copy of the timesheets of the two servers who waited on Representative Har's table on the night of February 22, 2021;
11. State's Exhibit No. 32: An image of the AnyPlace Cocktail Lounge sign that was posted outside the restaurant the night of February 22, 2021, instructing people not to enter if they have a cough, fever, or do not feel well;
12. State's Exhibit No. 33: An image from the body camera video footage from an HPD officer at the arrest scene;
13. State's Exhibit No. 34: An aerial diagram of the South Beretania Street and Piikoi Street intersection indicating the pathway and movement of Representative Har's vehicle, the site where an HPD officer made his initial observations, and the direction of traffic flow at the time of the initial stop and arrest on February 22, 2021;
14. Defendant's Exhibit A: A copy of a HPD Incident Report with an attachment of a Standardized Field Sobriety Test form documenting Officer S. Tory's observations of Representative Har during the arrest and Representative Har's refusal to take part in the field sobriety test; and
15. Defendant's Exhibit B: A copy of AnyPlace Cocktail Lounge's Menu.

### III. Discussion

The investigatory proceedings initiated by the House pursuant to Miscellaneous Communication Nos. 1001 and 1002 are matters of great significance and first impression for this body. This is the first time that a House committee has been convened to investigate one of its own members for violations of legislative standards of conduct arising from allegations of driving while intoxicated.

In the United States House of Representatives, the authority to investigate and discipline a member "is *in addition* to any criminal or civil liability that a Member of the House may incur for particular misconduct[.]" See "Expulsion, Censure, Reprimand, and Fine: Legislative Discipline in the House of Representatives," Congressional Research Service, June 27, 2016, Summary (emphasis added). Discipline "is not merely to punish an individual Member[.] *Id.*" "The underlying justification for legislative discipline has traditionally been to protect the integrity and dignity of the legislature and its proceedings[.]" as well the "institutional integrity of the House of Representatives. . . and its reputation." *Id.* at Summary & p.1, citing *Powell v. McCormack*, 395 F.2d 577, J.McGowan concurring, at 607 (D.C.Cir. 1968), *rev'd on other grounds*, 395 U.S. 486 (1969) (Legislative disciplinary action "was rooted in the judgment of the House as to what was necessary or appropriate for it to do to assure the integrity of its legislative performance and its institutional acceptability to the people at large as a serious and responsible instrument of government.")

The Hawaii House of Representatives and any committee established under it are obligated to operate under and apply constitutional and statutory provisions, and abide by the House's own internal rules. The Special Committee was established to fulfill these constitutional obligations and did not shirk its duties to investigate and determine whether Representative Har's conduct of February 22, 2021, violated House Rule 62.

In exercising its duties, the Special Committee was guided by the principles of fairness, due process, and past practice of the House of Representatives in handling matters of alleged drunk driving by former members of the House of Representatives.

On April 21, 2022, the Special Committee met to discuss and deliberate on the first question raised by Miscellaneous Communication Nos. 1001 and 1002: Whether Representative Har's conduct related to the events of February 22, 2021, violate House Rule 62.

In its deliberations, the Committee raised concerns about media reports that Representative Har had asked or told arresting police officers, "Do you know who I am?" and that this conduct may have violated House Rules 62.2 and 62.4(8) insofar as she may have "lent the prestige of public office" to "advance [her] private interests" or "derive undue personal benefits" for herself. See 4/21/22 Meeting Transcript, pp.5 & 15; House Rules 62.2 and 62.4(8).

The Committee also raised concerns about whether Representative Har's conduct violated House Rule 62.1 based on: (1) the truthfulness and veracity of Representative Har's numerous statements made about whether she was on prescription medication with codeine due to an upper respiratory illness; (2) her admission that she was eating and drinking indoors with others at a time during the COVID-19 pandemic when there were state and county orders and restaurant signs instructing individuals not to go into indoor establishments if they were experiencing illness; (3) her admission that she drank some amount of alcohol while taking prescription medication; and (4) evidence admitted at trial that she was clearly driving the wrong way down the center of South Beretania Street and that she endangered others, including a moped that swerved to avoid her and other cars that she potentially could have hit. *Id.* at pp.5-15.

The Special Committee is not a criminal court and engages in a legislative process subject to the House Rules and different standards that are more akin to an administrative hearing. See 4/21/22 Meeting Transcript, pp.15-16. The Committee is bound to consider only "clear and convincing evidence" to support its factual findings. See Rule 5, Speaker's Memo. In applying this evidentiary standard, the Committee's findings must be based on evidence that leaves "a firm belief or conviction that it is highly probable that the factual contentions are true." See 4/21/2022 Meeting Transcript (4/21/22 Meeting), p.15; *In the Matter of JK*, 149 Hawaii 400, 409 (App. 2021). This evidentiary standard "is a higher standard of proof than proof by a preponderance of the evidence, but it does not require proof beyond a reasonable doubt" that is required in a criminal proceeding. See 4/21/22 Meeting Transcript, pp.15-16; *In the Matter of JK*, 149 Hawaii at 409.

The Committee acknowledges that the criminal proceeding related to this matter was dismissed and a judgment for acquittal entered by the District Court. However, the Special Committee notes that the issues before it are not an invitation to relitigate the criminal charges against Representative Har, which have since been resolved in her favor. Rather, the task of this Special Committee is to consider whether clear and convincing evidence before the Committee supports findings of fact that Representative Har's conduct violated House Rule 62.

The Committee further notes that the Notice of Administrative Revocation admitted as State's Exhibit No. 19 in the trial proceedings and consistent with HRS Section 291E-41(d) explains the administrative revocation process as follows:

If [the Administrative Driver's License Revocation Office] revokes your license pursuant to the Administrative Revocation Process, *you shall be referred to the driver's education program for an assessment, by a certified substance abuse counselor, of your substance abuse or dependence and the need for treatment.* You are responsible for all costs for the assessment and treatment. Your license will not be restored upon the expiration of the revocation period. *You must apply for a new license or renew your privilege to operate a vehicle after proving that you have complied with the conditions of the administrative revocation imposed by [the Office]. You must successfully complete each requirement for obtaining a new license or renewing your privilege to operate a vessel in the State of Hawaii including payment of all applicable fees.* (Emphases added.)

Despite these clear requirements outlined as part of the administrative license revocation process, the Committee notes that Representative Har's written response to the Committee's inquiry about the requirements she must comply with as a result of the revocation process do not address or disclose whether these requirements include a referral to the driver's education program, an assessment by a certified substance abuse counselor, and the need for treatment.

### IV. FINDINGS AND RECOMMENDATIONS

After diligent and independent review of the entirety of the nine body camera videos documenting Representative Har's February 22, 2021 arrest, the documents admitted into evidence at the criminal trial, the pretrial and trial transcripts documenting the testimony and arguments presented at the trial including admissions made by Representative Har, Representative Har's official February 2021 District 42 Newsletter mailed to her constituents, Representative Har's February 24, 2021 Floor Remarks to the House of Representatives, Representative Har's March 11, 2022 Submittals to the Committee, and Representative Har's Written Responses to the Committee's Questions, the Special Committee finds that there is clear and convincing evidence supporting the following findings of fact:

1. On February 22, 2021, Representative Har took prescription medicine which contained codeine to control the symptoms associated with an upper respiratory illness. See Feb. 2021 District 42 Newsletter; & 2/24/21 Rep. Har Floor Statement.
2. On that same day, Representative Har was at AnyPlace Cocktail Lounge, a public bar and restaurant, where she ate and drank some amount of alcohol despite the widely known dangers of mixing any opioid drugs with alcohol. See Feb. 2021 District 42 Newsletter; 2/24/21 Rep. Har Floor Statement; and 12/6/2021 Trial Transcript, pp.218-226.
3. Representative Har was at AnyPlace Cocktail Lounge when she knew she had an upper respiratory illness during a time when the City and County of Honolulu and the State of Hawaii had certain emergency orders in place that advised individuals experiencing illness not to be in public places. See Feb. 2021 District 42 Newsletter; 2/24/21 Rep. Har Floor Statement; 12/6/21 Trial Transcript, p.201; and State's Trial Exhibit No. 32.
4. At some point after leaving AnyPlace Cocktail Lounge, Representative Har was found driving the wrong way on South Beretania Street, a one-way street, which endangered others on the road. See 1/10/22 Trial Transcript, p.15; and Representative Har's Trial Exhibit C.
5. Representative Har was stopped after being found driving the wrong way on South Beretania Street. See 12/6/21 Trial Transcript, pp.72; 1/10/22 Trial Transcript, pp.90-91, 95; and State's Trial Exhibit 34.
6. During this stop, and in accordance with her legal rights, Representative Har refused to take a breath test or a field sobriety test. See 12/6/21 Trial Transcript, p.108; 1/10/22 Trial Transcript, p.66; State's Trial Exhibits Nos. 17 and 18; and Rep. Har's Exhibit A.
7. Representative Har was subsequently arrested for suspicion of driving under the influence of an intoxicant in violation of HRS Section 291E-61. See 12/6/21 Trial Transcript, p.103; and Rep. Har's Trial Exhibit A.
8. Based on her refusal to consent to a breath test or a field sobriety test, Representative Har's driver's license was automatically revoked pursuant to the Administrative Driver's License Revocation process. See State's Trial Exhibit No. 19; and 4/18/22 Rep. Har's Written Responses, no.1.
9. Representative Har is required to have an ignition interlock in her vehicle for two years. See 4/18/22 Rep. Har's Written Responses, no.1.
10. In order to have her license restored after two years, Representative Har will be required to either "apply for a new license or renew her privilege to operate a vehicle after proving that she has complied with the conditions of the administrative revocation imposed" and she must "successfully complete each requirement for either obtaining a new license or renewing her privilege to operate a vehicle in the State of Hawaii." See State's Exhibit No. 19; see also HRS Section §291E-41(d).

The Special Committee notes that it was not shown by clear and convincing evidence that Representative Har made the statement, "Do you know who I am?" or that any statement she made involving her identity was intended to influence the police officers or curry favor. This statement or statements similar to this were not recorded in any of the nine body camera videos or any police reports admitted into evidence at trial. Accordingly, the Committee did not find clear and convincing evidence supporting a violation of House Rule 62.2 or 62.4 (8).

Based upon the clear and convincing evidence before the Committee that supports the foregoing findings of fact, the Special Committee recommends affirmation of this report and adoption of the following recommendations by the House of Representatives:

1. Representative Sharon Har shall inform the House in writing, in a letter to the Speaker of the House, of all the current conditions she is or has been required to comply with as part of the Administrative Driver's License Revocation Process to date; and
2. Should Representative Har still be a member of the House of Representatives at the time she seeks to renew her license at the end of the two-year revocation period, Representative Har shall inform the House of Representatives, in writing, in a letter to the Speaker of the House, of the specific conditions of the renewal of her license and affirm that she has successfully complied with all the requirements.

Signed by the Chair, Vice Chair, and members of the Committee.
